

VOL. 8

NELSON B. C., SATURDAY MORNING, JULY 10, 1909

NO. 69

NELSON LOST

Junior Fours Had Race Won
But for Fluke

MISTAKE ON FINISH LINE

JUNIOR DOUBLES TOOK SECOND
PLACE—JAMES BAY, VICTORIA
CAPTURED FIRST PLACE IN
THE FOURS IN RECORD TIME
FOR THE EVENT

SEATTLE, July 9.—Establishing a record as enviable as the race they pulled, the James Bay Athletic association of Victoria won the four oared junior event in today's regatta, held under the auspices of the North Pacific Association of Amateur Canoeists at Lake Washington, making the mile and a half course in 1:19 flat. The Portland four only two lengths behind, finished second, with Vancouver third. The James Bay Athletic association's four No. 2 struggled in fourth place. The Nelson crew which rowed well, to the outside made a mistake in the angle of the two finishing flags and when the gun was fired for Victoria they ceased rowing under the impression of being the victors of the race. They would have won had it not been for this regrettable error. The Nelson stroke, who falls from a little city where true sportsmanship is displayed every year in sending their crews by popular subscription, fought hard for victory and all praise is due him.

In the singles Arthur Allen of Portland won easily from Fred Godfrey of Vancouver, with W. W. Kennedy of Victoria finishing third, making the course in 11:45 flat.

In the double event which was run over the course in 8:57 3/4, Vancouver finished first with Nelson a close second and Portland a good two lengths behind for third place.

It was nearly 3:30 when the strokes were started. The conditions for the day were ideal. The wind had died down long before the first starting gun and scarcely a ripple disturbed the calm waters of Lake Washington. On the shores along the lake and on the exposition wharf large crowds were congregated to witness the junior events of the association. In pleasing contrast to the Washington-Stanford events the course today was clear of all boats and only once when a lake steamer passed through the course were the races disturbed by washes. There was no jockeying for a suitable seat. The men fairly itched to be out on the water before the starters were ready for them.

When starter Dan O'Sullivan finally pulled up alongside of the shore the strokes were on the line ready for the start. Allen of Portland caught the water first and with long even strokes swept swiftly out of the course. Godfrey of Vancouver and Kennedy of Victoria were not slow and soon it looked like anybody's race. Suddenly Kennedy, using his leg work to good advantage, shot along past Godfrey and came up for a pull with Allen who had headed well out in the lake. Kennedy failed to come up close and Allen swept along on the outside course and soon out yards between himself and his rivals. Kennedy caught a crab which held him back for a second only, when he increased his stroke and renewed the distance between himself and Allen. Godfrey fought slowly along the course when he took a short increasing his stroke from 34 to 35, and made a flying finish for second place. In the finish Allen led by three lengths having run away from Kennedy and Godfrey. Arthur Allen was towed well up in the class A's by the fans at the club house before the start and his win was not unexpected.

The fours were not slow to start. Nelson getting away first with a good long even stroke averaging about 26 on the start. Portland, Vancouver and James Bay Nos. 1 and 2 came along quickly in the centre of the course with the Algonquin club of Seattle well to the outside. Here the prettiest rowing of the day was witnessed. The men, with varied strokes, played across the course, striding every muscle and responding promptly and accurately to the increase of the stroke rate. The brawls which the men set into this event showed up well at the finish who the official timekeeper announced the record time. The Nelson juniors proved winners. Increasing their stroke with every two minutes' work the youngsters from Kootenay shot along making it a matter of foot races at every stroke. Victoria No. 2, using the short choppy stroke and hard foot work, showed along in the second half, with Vancouver following close behind. James Bay No. 2 and the Algonquin four of Seattle fought it out and took on the outside course. While there was little chance of either winning yet, the way the eight men fought for supremacy on the course was a good thing to see and the launches on the outside of the course cheered the eight struggling young men as they sped along. When nearly two-thirds of the course had been covered Nelson looked like a sure winner and the inland town contingent began to purchase new homes and sets of mahogany furniture with the forthcoming winnings. Portland's crew was in second place, they having crept up length by length with the long strokes by coach Murphy until it was no longer a matter of yards but inches. Victoria was back in third berth by now, with Vancouver and James Bay No. 2 still tugging away with the Algonquin four on the outside course. By a marvellous

while ten boat lengths of the final stand, shot their frail craft forward and increasing their strokes came up to what looked to be the bow of the Nelson shell. Then the fluke occurred which in the minds of many lost the race for the Nelson four and which undoubtedly lost them the honors of second place. The stroke booya are at a peculiar angle, one seemingly farther up to the end of the course than the other. The Nelson four on the outside of the course alongside the James Bay four crossed the outside signal post when the shot from the judges' gun proclaimed the finish. Thinking they had won they ceased rowing and allowed their craft to drift back into the course. The other boats with the exception of the Algonquin rowed along up to the finishing stake, coming in Portland second, Vancouver third and James Bay No. 2 fourth, as was later ascertained by the surprised crowd who shouted out in derision when they heard Nelson's all the way and had the crew been better acquainted with the course they would have won.

The doubles furnished a pretty race, faster and more exciting than the fours. Nelson put up a grand race in this event also and fought Vancouver, the winner every inch of the day. Portland rowed in fine condition and Vancouver seemed to lack the force behind the stroke. Nelson in the doubles displayed wonderful leg driving work, resting easily on their oars and sending their craft skimming along while the muscles on their legs bulged out in bunches. Portland dropped back considerably when a little more than half way along the course and the race rested with Vancouver and Nelson. Vancouver's boat so far outside the course it looked as though Nelson would get in on the race but Vancouver No. 2 increasing their stroke from 25 to 26 crossed the line at the exposition wharf by two lengths, making the record time of 8:57 3/4. It is expected that a large crowd will be on hand to witness the senior events tomorrow.

The following clubs entered in the junior events today: Junior singles, James Bay Athletic association, Victoria, W. W. Kennedy; Vancouver Rowing club, T. H. Godfrey; Portland Rowing club, Arthur Allen.

Junior Fours—James Bay, P. Lawson, stroke; B. Strachan, 2; W. F. Furnell, 3; J. R. Donaldson, bow, and J. Y. McCarthy, stroke; H. C. Hoogood, 2; R. G. Montich, 3; T. Monk, bow, Nelson Boat club, F. Nott, stroke; J. Miller, 2; R. Bell, 3; A. Pool, bow, Vancouver Rowing club, R. Sinclair, stroke; J. H. Wiley, 3; J. T. Lee, 2; J. K. Simpson, bow, Portland Rowing club, J. Walte, stroke; E. S. Tuck, 3; A. Phaeder, 2; H. G. Chalkley, bow.

Junior doubles—James Bay Athletic club, J. C. Newman, W. Lawson; Portland Rowing club, Arthur Allen, R. A. Moore; Nelson Boat club, George Gore, Ray Bell; Vancouver Rowing club, G. N. Chaffey, G. H. Simpson.

WILL COME TO NELSON

CALGARY BOARD OF TRADE TO
BRING EXCURSIONKOOTENAY FRUIT EXHIBIT HAS
ACHIEVED ITS OBJECT

(Special to The Daily News.)
CALGARY, July 9.—The managers of the principal banks of the city enjoyed a treat of Kootenay fruit at the Nelson board of trade booth this afternoon and many of them expressed their intention of patronizing the "get acquainted" excursion shortly to be organized by the board of trade here for the purpose of visiting the Kootenay.

The fair people were favored with remarkably fine weather for their closing day and the crowds attending the exhibition were fully up to the average.

One of the pleasantest features of the publicity campaign here is the unvarying loyalty of the old time residents of Nelson to their former home. On every hand kindly expressions and remembrances for old friends are heard and the beauty of the Kootenay is held unsparingly by the many wanderers who daily visit the booth.

Seeing the great number of American flags displayed by many residents here, one is forcibly reminded that the "great American invasion" is already in full swing.

Calgary's census completed today, shows the population to be nearly 35,000.

Subscriptions are well under way for the extension of the existing street railway line to many of the suburbs and Calgary will probably have 25 miles of car lines in the near future.

The Kootenay exhibit will leave here tomorrow morning for the Winnipeg exhibition, where Mr. McHardy will take charge.

Celebration Calmer

BURLINGTON, Vt., July 9.—After the events of yesterday, when the president of the United States, British and French ambassadors and Canadian representatives were here to assist in the Burlington celebration in connection with the tercentenary anniversary of the discovery of Lake Champlain, today was practically a day of rest. A band concert was given in city hall park in the forenoon and in the afternoon there were trotting races at the track of the Burlington Driving club. Today was called merchants' day and special bargain attractions were expected to bring a large crowd of spectators into the city.

Record Prices

VANCOUVER, July 9.—The record price of \$1000 per front foot for inside lots on Westminster avenue, between Bernard and Prior streets was reached today in a \$250,000 sale put through by William Holden. The property is the 50 feet fronting on Westminster avenue. It was owned by R. Motshaw.

WILL INSPECT

Lord Kitchener to Review
Colonial Forces

CANADA AND AUSTRALIA

SUGGESTION THAT HE BE MADE
INSPECTOR GENERAL OF THE
FORCES OF OVERSEAS DOMINIONS—PRINCE OF WALES AT
RIFLE CLUBS BANQUET

LONDON, July 9.—The prince of Wales, presiding at the National Rifle association's banquet and that the competition and standard of excellence set up by the association had appealed to the best instincts of our country and the king's overseas dominions and men have assembled from near and far to compete in a friendly sporting rivalry. "In this way we may claim that the association has become a strong link of the chain which I fervently trust will ever unite us with our brothers across the seas."

Minister of war Haldane and Lord Strathcona responded to the toast of the visitors.

Shooting opened at Bisley on Monday. The Express says the Canadian and Australian invitations to Lord Kitchener to report on their defensive forces will be accepted. It is suggested that Lord Kitchener be appointed inspector general.

One hundred and twenty king's medals will be annually awarded to the policemen and firemen of the empire for conspicuous bravery and devotion to duty. Of these 30 will go to overseas dominions and colonies.

NELSON BEATS VISITORS

UNIVERSITY OF NORTH DAKOTA
BASEBALLISTS BEATENGOOD GAME ENDS IN SCORE OF
FIVE TO THREE

In one of the best games of baseball seen in Nelson for many a day the Nelson baseball club yesterday afternoon defeated the touring University of North Dakota nine by a score of 5-3. One of the features of the play was the work of Sturgeon as pitcher for the Nelson team. He struck out seven men and allowed only five hits, while in six out of the nine innings he did not allow any. He also did good work at bat, securing a single bagger and also scoring a run. The honors of the day easily rested with him. Campbell, who pitched for the visitors, succeeded in striking out only two men, but he held the Nelson men down to five hits. The loss of the game could not be charged against him by any means. Neither pitcher allowed a man a base on balls. One thing that in a large measure was responsible for the result was the errors of the visitors, which totaled seven as against two for the home aggregation. All the scoring for both teams was done in the first five innings, in which were also made practically all the errors. The last four innings were all-out baseball.

The same two teams will meet today, although with somewhat different lineups and another good game may be looked forward to.

The visitors went in first to bat, the first man up being Farham, who hit out an easy one, which was landed by Sturgeon, who got to it first in time. Sandler, the next man up, got first on an error by Patrick, but Kylo, who followed, struck a beauty into right field, where it was nailed by Davidson. Jacobson went out the same way as did Farham and the side retired.

Houston opened the proceedings for Nelson, but Campbell fielded his punt safely to first. Archie Bishop came next with a two-bagger, the only one of the game. Loring followed with a long drive to left field, where it was looked after by Conmee. Patrick got a single and Bishop scored. Starr next connected with the ball, but Nelson got to it first base ahead of him and the side went to the field.

McClintock was first up for the Dakotas in the second. His punt was fielded and landed safely at first by Starr. Campbell got first on an error by Patrick, but Sturgeon struck out Nelson, the next man at bat, gave Wenzel a base as a result of striking him with the ball and made up for it by tallying three strikes on Conmee.

Harry Bishop started off the second inning for the home team by locating the ball, but Nelson made a nice pickup and delivered the ball safely and in time at first. Davidson got first on Campbell's error and McKee and Sturgeon were both caught out, the former by Wenzel and the latter by Conmee.

In the third Farham, the first man up, struck out, but the next two, Sandler and Kylo, each landed a single and both scored before the close of the inning. Jacobson tried to make first and McClintock was caught at first on a throw from Archie Bishop. In Nelson's turn Houston got first on an error by Conmee. Archie Bishop got a single, but Loring struck out.

error and Starr landed there as a result of being hit by a pitched ball. Things looked bright for the home team just about then, especially when Harry Bishop struck out a nice one. Hope of big things, however, were short-lived, for Nelson landed under Bishop's fly and Davidson was caught trying to make first. The only man of the four who reached first base who scored was Archie Bishop. The one tally, however, evened the score.

Campbell opened for the visitors by striking a nice one into McKee's mitt, while Nelson was caught at first on an assist from Archie Bishop, and Wenzel struck out.

McKee and Sturgeon both made first in succession, but drives by Houston and Archie Bishop were looked after respectively, by Conmee and McClintock. Loring made first on an error by Farham, but was caught base-running, while Patrick was on his way to first. McKee and Sturgeon, had in the meantime, however, scored.

Conmee was first up for the university men in the fifth, but struck out. He was followed in succession by Farham and Sandler, each of whom put a single. Kylo and Jacobson, however, failed to make the first bag and the side retired, but not before Farham had scored.

Starr's opening turn at the bat did not net the team anything, for the ball got to first ahead of him, following a nice little hit. Jacobson doing the necessary. Harry Bishop in his turn made a single, and Davidson, who followed, made first on McClintock's error, but was later caught while running a base. McKee made first, but Sturgeon failed to do so. Harry Bishop, however, had in the meantime scored, giving the home team five to three for their opponents, at which the score remained.

In the sixth the visitors went out in one-two-three order, each being caught at first, McClintock on a throw from Starr, Campbell on a throw from Sturgeon and Nelson on a throw from Archie Bishop.

Houston made first on Jacobson's error, but Archie Bishop's drive was captured by Conmee. Loring and Patrick failed to connect with first, the latter being caught on a throw from Jacobson.

In the seventh Wenzel faced the pitcher first and struck out. Conmee, who followed, reached first, but was afterwards caught trying to steal a base, and Farham was put out at first on a throw from Archie Bishop.

Starr, in Nelson's turn, struck a long out to Conmee, who successfully negotiated it. Harry Bishop was caught at first on a throw from Jacobson, while Davidson's drive was caught by Sandler.

Sandler came up first in the eighth but Sturgeon struck him out. Kylo's long one to right field was nabbed by Davidson and Jacobson was caught at first on a throw from Sturgeon.

McKee failed to reach first, a throw from McClintock doing the trick. Sturgeon made a single, but was caught at second. Houston made first, but Archie Bishop failed in his attempt to do so.

In the ninth the first three men up for the visitors failed to reach first. McClintock was caught on a throw from Archie Bishop, Campbell on one from Sturgeon, and Nelson from Archie Bishop. Being in the lead, Nelson, of course, did not play the second half of the ninth.

The detail score is as follows:

Nelson	A. B. R. H. E.
Houston	5 1 0 0 0
A. Bishop	5 1 2 0 0
Loring	4 0 0 0 0
Patrick	4 0 1 2 0
Starr	3 0 0 0 0
H. Bishop	3 0 0 0 0
Davidson	4 0 0 0 0
McKee	4 0 0 0 0
Sturgeon	4 1 0 0 0
Totals	37 5 5 2
U. of N. D.	A. B. R. H. E.
Farham	4 1 1 1 1
Sandler	4 1 2 1 1
Kylo	4 1 0 0 1
Jacobson	4 0 0 1 1
McClintock	4 0 0 2 0
Campbell	4 0 0 1 0
Nelson	4 0 0 1 0
Wenzel	3 0 0 0 0
Conmee	3 0 1 0 0
Totals	34 3 5 7

U. of N. D. 10 1 2 1 0 0 0 0 0 3
Batteries—Nelson, Sturgeon and H. Bishop; U. of N. D., Campbell and Kylo. Umpire—C. D. Blackwood.
The Nelson team will line up for today's game, which commences at 3:30 o'clock, as follows:

Catcher, Bishop; pitcher, Loring; first base, McKee; second base, Patrick; shortstop, A. Bishop; third base, C. Starr; center field, Houston; right field, Sharp; left field, Davidson.

Soap Works Burned

BUFFALO, N. Y., July 9.—The plant of the Buffalo Soap company, about a mile beyond the Buffalo city limits, was destroyed by fire early today. The loss is estimated at \$100,000. Volunteer firemen endeavored to cope with the blaze, but without avail. The company manufactures soap and fertilizers, their plant covering about 12 acres of land.

Invaded by Lions

NAIRABHIA, British East Africa, July 9.—The government officials this forenoon closed the public road which runs from Nairobi to Fort Hall, the capital of Kenya, owing to the invasion of that district by man-eating lions. Several natives within the last few days have

NOT GAINING

Nova Scotia Miners Quiet
But Resolute

MAY BE GENERAL STRIKE

TWO OTHER COLLIERIES IN CAPE
BRETON CLOSED, BUT NUM-
BER OF MEN AT WORK IS
STILL GREATER THAN BEFORE
—TROOPS ON GUARD

GLACE BAY, N. S., July 9.—The presence of the troops at the collieries of the Dominion Coal company and a quieting effect on the strike situation today and nearly two thousand men were at work. Indications now point to a possible general strike of the United Mine Workers all over the province.

Reports from different collieries of the Dominion Coal company show on the whole two hundred men miners working today than yesterday. The mines in operation are No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12. About 300 men are at work at No. 1 and the same number at No. 2. The presence of troops had a quieting effect this morning. The soldiers were in arms early and squads were sent out at the gates and entrances of collieries but there was no attempt to molest men going to work. It is felt that the strike is now a waiting one. Today the absence of new men among the strikers was noticeable.

HALIFAX, July 9.—A strike at the Inverness colliery today adds 100 to the miners out of work. The mine is owned by the Inverness-Richmond Coal company, in which McKinnon & Mann are largely interested, and persons control it. The strike is caused by the failure of the company to officially recognize the United Mine Workers of America. There is also a strike on at the Port Hood mine, sixteen miles from Inverness.

Title and Lucie

LONDON, July 9.—The Austrian embassy here today announced the engagement of Prince Hildgar, of Braganza, eldest son of Duke Michael, the pretender to the Portuguese throne, to Miss Agita Stewart, daughter of Mrs. James Henry Smith of New York. Prince Henry Miguel of Braganza was born at Riocheira, lower Austria, September 22, 1878. He is the son of Duke Michael. Miss Agita Stewart is the daughter of Mrs. James Henry Smith, who was formerly the wife of William R. Stewart. Mr. Smith died while the family was traveling in Japan two years ago, leaving an estate estimated at about \$30,000,000.

Will Take Bath

VIENNA, July 9.—B. H. Harriman, accompanied by Prof. Adolf Strumppel, arrived here today to see Dr. G. A. Dixon, who is in the city with his wife. Dr. Dixon examined Mr. Harriman and also had a consultation with Prof. Strumppel. Both physicians agreed that the treatment Mr. Harriman was undergoing was effective and that his condition was satisfactory. Mr. Harriman will remain in Vienna for two days and will then go to Gastein to take the baths.

Next Pan-American

WASHINGTON, July 9.—International regulation of aerial navigation and wireless telegraphy will receive prominent consideration at the fourth Pan-American conference to be held at Buenos Ayres, in July next. If the tentative program prepared for that occasion is approved finally, the committee on the program which has just made public its report to the international bureau of American republics, considers the rapid development along these lines in the last few years justifies these subjects being placed on the program for discussion.

EXHIBIT FOR WINNIPEG

IT WILL BE SENT FORWARD THIS
MORNINGC. F. McHARDY WILL BE IN CHARGE
OF IT

The Kootenay exhibit for the Winnipeg fair was packed last night and will be dispatched this morning in charge of C. F. McHardy. Excellent as was the exhibit sent to Calgary this later one far exceeds it as an advertising medium for the Kootenay. A special feature will be the cabinet of ore which is being prepared by N. J. Cavanaugh. Altogether 37 mines are represented, nearly all of which are in the Kootenay district. There is all-around one from Sloan, gold from Sheep creek and copper from the Boundary, while the Nelson district is equally to the front. Some of the specimens are magnificent.

From Capt. George Robertson's ranch across the lake a special exhibit of cherries is being sent. An enormous amount of trouble has been taken in arranging this fruit which is in a large box with the different colored cherries in rows. This will be one of the best advertisements at the show as in addition to the cherries being placed in rows they are so arranged that the word "Nelson" appears in large letters right across the exhibit. A good collection of grasses and some really fine clover is also being forwarded together with some exceptionally fine specimens of "Glynn's Lake" a new variety of strawberry from Lieut. Gordon Hallett's ranch at 11-Mile point.

A collection of advertising literature is being sent to the fair.

this connection the big Shaughnessy cup made of silver, mined, smelted and refined in Kootenay is being sent with the exhibit in order that some idea of the value of the prizes given at the fair may be gained by visitors to the Winnipeg fair. The medals gained by the Kootenay fruit at exhibitions in London, England, have been placed in a velvet case and will be on show at the prairie capital.

SOUTH AMERICAN CLASH

TROUBLE MAY INVOLVE FOUR
STATES IN WARBOUNDARY DISPUTE IS BETWEEN
BOLIVIA AND PERU

LA PAZ, Bolivia, July 9.—At 5 o'clock tonight a serious mob attacked the Argentine legation. Troops have been called out and fears are felt for the safety of the Argentine minister. The trouble is the outcome of the decision rendered by president Alcora of Argentina in the boundary dispute between Peru and Bolivia.

Senator Ponce de Leon, the Argentine minister to Bolivia, Great crowds had been parading the streets of the city, they turned in the direction of the Argentine legation which they surrounded. There were shouts of rage and stones and other missiles were hurled at the building. The local authorities endeavored to check the manifestations and at length the government found it necessary to order out the troops. Both the Argentine legation and the Peruvian legation are now under a strong guard.

The Bolivian people unanimously protest against the decision rendered by president Alcora, which they consider most unjust. The territory involved in the famous Acre dispute recently purchased by Brazil from Bolivia for \$10,000,000, notwithstanding the fact that Peru issued a warning that the territory was at that time the subject of arbitration, Peru's complications are certain to involve Brazil.

CLUB LUNCHEON TODAY

PROF. DENNEY OF GLASGOW AS
GUEST OF HONORSPECIAL GENERAL MEETING TO BE
HELD TONIGHT

Rev. James Denney, professor of New Testament language, literature and theology in the United Free church college, Glasgow, arrived in the city last night and will be the guest of the Canadian club at a luncheon at the Hume hotel at 1 o'clock at which he will deliver an address on "Some Impressions and Reflections of a Visitor to Canada."

Prof. Denney is on his way to Vancouver to give a course of lectures to the students of Westminster Hall, the new Presbyterian theological college. He is one of the leading theologians of Scotland and is as famous for oratory as for scholarship.

The usual rules as to admission will be observed. Members are asked to show their membership tickets at the door of the dining room.

Immediately after the luncheon there will be a meeting of the executive committee of the club to receive the report of the sub-committee on the constitution and at 8 o'clock in the evening, in the board of trade rooms there will be a meeting of the club to adopt the constitution and receive reports to date.

War by Advice

BOGOTA, July 9.—The friends of peace have requested the president to designate, general George Holman, to allow them to send missionaries to Barranquilla, a town on the Atlantic seaboard, where a revolution broke out last Sunday; to advise the revolutionists to disarm. The request was granted and the commissioners will leave Bogota shortly. The government's advice is to the effect that the revolution was entirely localized at Barranquilla, that there was no fighting. General Holman has offered to provide all traveling facilities to the congressmen so that they can reach Bogota in time to attend the opening of congress on July 10.

Labor Trouble Incident

DETROIT, July 9.—As an outcome, the police, of labor trouble, a suit case containing gun cotton was placed under a pile of street girders early today in the yard of the Whitehead and Kales plant on Berneer, and exploded. The terrible explosion wrecked windows for half a mile around, causing considerable damage to nearby factories. The girders were for use in an extension to the post office which is being constructed by Whitehead and Kales. The firm has conducted an "open shop" and has had more or less labor trouble as a result.

New Coal Railway

VANCOUVER, July 9.—The Vancouver & Northern railway company which is seeking a pass from the head of Seymour creek to the valley of the Mampum river which flows into the Squamish, a few miles from the head of Howe Sound, has sent a second survey party to the head of the Seymour. The purpose of the railway will be mainly the provision of transportation facilities for some billions of feet of fine timber on the Mampum and at the head of the Seymour.

Miraculous Escape

ROCHESTER, July 9.—Fred McVetty, an electrician, came in contact with a live wire carrying 60,000 volts yesterday and was painfully burned. Physicians are unable to account for the man's miraculous escape.

ANOTHER GAIN

Women's Petition Accepted
by Mr. Asquith

LADIES AGREE TO BEHAVE

FINED FOR DISORDERLY CONDUCT
THEY GIVE NOTICE OF AP-
PEAL ON CONSTITUTIONAL
GROUND—OTHER CASES HELD
PENDING DECISION

LONDON, July 9.—Sir Albert de Rutler, chief magistrate of the Metropolitan police court, today decided against the suffragettes on the point raised by Miss Pankhurst, regarding the request to present a petition to premier Asquith and the court sentenced Miss Pankhurst to pay a fine of £25 or go to prison for a month on the charge of resisting the police.

The constitutional question raised by Miss Pankhurst was argued at great length and the magistrate, before announcing the judgment, said that he anticipated that an appeal would be made to a higher court.

Miss Pankhurst, who defended herself and declared that her assault on police inspector Parvia on the night of June 30, when 14 suffragettes were arrested for trying to force their way into the house of commons, was her "badge of battle to the government and defiance for its unconstitutional ways. I was aware," continued Miss Pankhurst, "that when I started that deposition of eight helpless women about whom men armed with open glasses had congregated to watch as a great show, it was bound to result in handbills, but until women have the power to elect representatives to parliament it is their duty to maintain the right of subjects to petition the king through parliament. If the magistrate repeats his former sentences we will go to prison, but we will not conform with the prison regulation. As political offenders we will insist on being treated as such and not as ordinary prisoners, and in the last resort we will act as did Miss Dunlop."

Miss Dunlop earned her release yesterday by starving herself for 31 hours.

Mrs. Harcourt, daughter of Lord Alington, was given the same sentence as Miss Pankhurst. Both the women notified the court of their intention to appeal from the judgment and they were released by the magistrate on promising to abstain from sending further deputations to the house of commons during the present session.

The cases of all the other suffragettes arrested with Miss Pankhurst were adjourned pending the outcome of the appeal.

Followers of Mrs. Despard, who have been acting as sentinels around the house of commons the past week, picketed the premier's residence in Downing street this afternoon, but four of the women were promptly arrested by the police.

Four suffragettes, who under the leadership of Mrs. Despard have waited patiently for the last few days in the vicinity of parliament, yesterday premier Asquith in Downing street today and tried to push through the police cordon that was drawn around the premier's residence. The women shouted "Petition, will you grant us a hearing?" The premier turned on the steps of his home saying "I will take the petition." He descended and having accepted the petition entered the house without listening to any explanations. The demonstration later was arrested charged with disorderly conduct.

Practically all the members of the royal family now in London were the guests of Dorchester house this evening on their occasion of the dinner and dance given by the American ambassador and Mrs. Whitehall Reid in honor of the king and queen and princess Victoria. This was the second time that the king dined with ambassador Reid but this evening for the first time queen Alexandra and princess Victoria accompanied his majesty.

The dance that followed the dinner was a brilliant affair. Their majesties who were attended by Lord Hamilton of Dalzell, lord in waiting to the king, Col. Strathfield and lady Harding, wife of Sir Charles Harding, were received at the grand stairway by the ambassador and Mrs. Reid and members of the American embassy and their wives, and were escorted to the library where the guests were formally presented. Those included Mrs. Curzon, Mrs. Villiers, Mrs. Jacob Astor, D. O. Mills and Mrs. Ogden Mills. The music was on an even grander scale than usual at Dorchester house. Madame Noddin and Mrs. McCormick, the Irish tenor, contributed solos. The king and queen mingled and conversed freely with the guests. Among those at the dance were the prince and princess of Wales, the crown prince and crown princess of Sweden, prince Christopher of Greece, count and countess Lado, Sercheni, Mr. and Mrs. Waldorf Astor, Mr. and Mrs. Bradley Martin, Mrs. Pitt-Rivers and Mrs. Frederick Vanderbilt. Before leaving the king made a tour of the grounds and spent some time on the terrace overlooking the gardens. One of the prettiest spots in England, dancing continued long after the king and queen had left. The king will go

20-gauge steel may do for common furnaces, but nothing less than 14-gauge heavy sheet steel is considered good enough for the "Magnet" radiators.

This not only gives the "Magnet" radiators greater strength, more years of service, but far and away more heating power as well—which means they will radiate a greater degree of comfort-giving warmth than the usual lighter, 20-gauge radiators.

McClary's Magnet Furnace

Remember, too, that all bolts are on the outside, where they cannot be burned off by the heat. Neither is it possible for them to catch the soot and dirt, allowing it to lodge around them, interfering with the draft, besides rotting them off—an expensive fault of many furnaces.

"MAGNET" is built with the idea of outlasting other furnaces—and it lives up to the idea, too.

Built for wood, but will also burn coal.

Sold by enterprising dealers everywhere.

ST. CHARLES EVAPORATED CREAM

Nature's food for the weak as well as for the strong is pure milk. The same of purity and excellence in milk products is St. Charles Unsweetened Evaporated Cream. It is not merely the best infant food.

It is also the best food for mothers. It is better than ordinary milk or cream for all purposes. For many purposes it is vastly superior. It is made on scientific principles, will keep forever, and is always pure. It never curdles. You take no chances when you use St. Charles Cream.

ST. CHARLES CONDENSING COMPANY, Ingersoll, Ont.

MR. ALDRIDGE ON MINING

GENERAL MANAGER OF CONSOLIDATED IS INTERVIEWED

TELLS COAST PEOPLE OF CONDITIONS IN INTERIOR

There is little likelihood of Canadian lead ores ever again being shipped to Antwerp or the United States for treatment. The industry is fast becoming an important one. The adjustment of the lead duties by the Dominion parliament has resulted in the establishment of co-ordinating works in the east. The Dominion is now in a position to supply the home market with white paint and every other variety of lead pipe," said Mr. W. H. Aldridge, general manager of the Canadian Consolidated Mining and Smelting company, owning the War Eagle and Center Star mines at Rossland, the reduction works at Trail on the Columbia river, as well as the world-famous St. Eugene silver-lead mine at Moyle, in East Kootenay, in an interview given the Vancouver Province recently.

Mr. Aldridge directs this vast mining and smelting enterprise. His big plant at Trail not only treats gold, silver, copper and lead ores, but comprises a refinery. Mr. Aldridge is said to be paid a higher salary than any other metallurgist in the Dominion. The company, while not a subsidiary corporation of the C.P.R., is controlled by capitalists who are closely identified with that corporation. Mr. Aldridge also fills the position of consulting engineer to the C.P.R. in connection with its various coal mining enterprises near Banff and in the Crow's Nest district. Mr. Aldridge has worked indefatigably to get the silver-lead industry established on a firm basis.

"At Trail the plant is turning out 100 tons of lead bullion daily. In order to handle this increased production the refinery is now being enlarged. The mining industry in the interior is in a very satisfactory condition. The value of the gross output of the Trail smelter in May reached a total of \$800,000, the increase being largely due to the improved values encountered in the lower levels of the War Eagle and Center Star mines at Rossland."

"Thus far we have sold about 250,000 ounces of gold to the Dominion mint at Ottawa, and this will be enough for its requirements for some time. Our output at present is being shipped to the United States assay office at Seattle. China is proving one of our best customers. Every month we ship to them an average of 250,000 ounces of silver."

Mr. Aldridge has heard of but had not read the recent address of Mr. Mordecai Freuden, the English political economist before the Vancouver Canadian club, in regard to the advisability of the Occidental nations banding in

small note circulation backed by a silver reserve. This was the remedy Mr. Freuden offered in order to raise the price of silver, and solve the problem of closer trade relations with the Orient, especially China.

"I doubt whether the objects sought can be accomplished by adopting metallism owing to the present immense annual production of silver. If this monetary policy were adopted by western nations the present output of silver would be largely increased. The problem is an intricate one with many side issues," commented Mr. Aldridge. The entire output of copper-gold matte of the Trail smelter is handled by the Tacoma plant of the American Smelting & Refining company. During his recent stay at the coast Mr. Aldridge arranged for certain modifications of the existing contract.

Mr. Aldridge expressed his satisfaction at the settlement of the coal miners' strike in the Crow's Nest district. He felt confident that with the signing of the new agreement labor troubles will be unheard of for many years.

THE DAILY NEWS PATTERN

MISSIE'S SEMI-PRINCESS DRESS, WITH GUMPE

Paris Pattern, No. 2963

All Seams Allowed

Made up in soft café-au-lait cotton voile, this is a simple frock for the young girl. The panel-like effect of the front is becoming to the figure and the slight fullness is held in place by the belt, piped with light blue cotton voile. The square neck and round arm holes having the bands piped with similar voile. The skirt is simply gored and the fullness of the back is supplied by the inverted box plait. The guimpe is made of light blue dotted Swiss, but is equally adaptable to lawn or tulle. The pattern is in four sizes—14 to 17 years. For a miss of 15 years the dress requires 5 1/2 yards of material 34 inches wide, 4 5/8 yards 37 inches wide, 3 3/4 yards 38 inches wide, 3 yards 45 inches wide or 2 1/2 yards 54 inches wide, 16 1/2 yards soutache braid; the guimpe needs 2 1/4 yard 18 inches wide, 2 yards 27 inches wide, 1 1/2 yards 36 inches wide or 1 1/4 yards 42 inches wide.

Pattern may be secured through The Daily News. Price 10 cents.

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indecent. The thought of examination is abhorrent to them, and so they end up in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. E. Y. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

You can't afford to accept a short anodyne as a substitute for this non-alcoholic medicine of known composition.

LANCASTER, ONT. CARRIED BY "FRUIT-A-TIVES"

These Wonderful Fruit Juice Tablets
Are Winning Friends on Every Side.

Lancaster, Ont., Sept. 13, 1928

I was a martyr for many years to that distressing complaint, chronic Constipation. I tried many kinds of pills and medicines without benefit and consulted physicians, but nothing did me any real good. Then I began to take "Fruit-a-tives," and these wonderful little fruit tablets entirely cured me.

At first, I took five tablets a day, but now I take only one tablet every two days. I am now entirely well, and thanks to "Fruit-a-tives," I give you permission to publish this testimonial.

(Madame) Zephie Bonville.
This is only one more link in the chain of proof that "Fruit-a-tives" never fail to cure Constipation or non-action of the bowels. 50c a box, or \$1 for \$2.50, or trial box 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

CELEBRATING POLTAVA

RUSSIANS GLORY IN MEMORY OF
FIRST VICTORY

WON BY PETER THE GREAT OVER
CHARLES OF SWEDEN

ST. PETERSBURG, July 9.—Emperor Nicholas left St. Petersburg this morning to attend the celebration at Poltava of the bicentennial of the battle in which the Russian forces under Peter the Great, overwhelmingly defeated Charles II. The emperor shook hands with all the members of the delegation and conversed with each personally at the station. There were also numerous denunciations of village elders, rabbis prominent in the Jewish community, and groups of school children at the station to welcome the emperor.

POLTAVA, July 9.—The celebration of the second centennial of the battle of Poltava, when the power of Sweden in Russia was crushed, was opened here this morning, in the presence of emperor Nicholas and an imposing suite of grand dukes and foreign attaches. The imperial train stopped at the very site and on disembarking the emperor found historic regiments drawn up in the positions they had occupied in the combat with the Swedes. His majesty drove directly to the church that was erected near the burial place of the battlefield and inspected the monument on a huge mound, covering the bones of 1945 of Peter the Great's soldiers. His majesty then reviewed the parade of all the military of Poltava. After luncheon, the imperial train emperor Nicholas was kept busy all the afternoon inspecting the historic churches and the monument to Peter the Great.

W. G. Thomson
Sole Agent, Nelson, B. C.

In visiting the exhibition of peasant hand work and in dedicating the monument to count Kelen, the commander of the garrison at Poltava before the battle. On returning to the battlefield his majesty visited the monument erected to the fallen Swedes.

The day was bright and sunny and the whole expanse of the battlefield with its miles of troop formation was visible from the grave mound like a vast panorama. The field has changed but little since the battle. The wood which hid the approach of the Russians is still standing as is also the oak trees under which the Swedish soldiers were carried after the battle.

There can be nothing but satisfaction in using Robin Hood Flour. It is a perfect flour, as perfect as the art of flour making at its present stage can make it.

The difference between Robin Hood and other flours you can find out for yourself. That there is a great difference every woman who now uses Robin Hood admits.

A guarantee goes with every bag. Your money back if two trials prove unsatisfactory. There is no chance about it. Either it satisfies you or your money is returned.

A \$125 Typewriter for 17 Cents a Day!

Please read the headline over again. Then its tremendous significance will dawn upon you.

An Oliver Typewriter—the standard visible writer—the \$125 machine—the most highly perfected typewriter on the market—yours for 17 cents a day. The typewriter whose conquest of the commercial world is a matter of business history—yours for 17 cents a day.

The typewriter that is equipped with scores of such conveniences as "The Balance Shift"—"The Ruling Device"—"The Double Release"—"The Locomotive Base"—"The Automatic Spacer"—"The Automatic Tabulator"—"The Disappearing Indicator"—"The Adjustable Paper Fingers"—"The Scientific Condensed Keyboard"—all

Yours for 17 Cents a Day

We announced this new sales plan recently, just to feel the pulse of the people. Simply a small cash payment—then 17 cents a day. That is the plan in a nutshell.

The result has been such a deluge of applications for machines that we are simply astounded.

The demand comes from people of all classes, all ages, all occupations. The majority of inquiries has come from people of known financial standing who were attracted by the novelty of the proposition. An impressive demonstration of the immense popularity of the Oliver Typewriter.

A startling confirmation of our belief that the Era of Universal Typewriting is at hand.

The OLIVER

Typewriter
A Quarter of a Million People Are Making Money with

The Standard Visible Writer

The Oliver Typewriter is a money-maker, right from the word "go." So easy to run that beginners soon get in the "expert" class. Earn as you learn. Let the machine pay the 17 cents a day—and all above that is yours.

Wherever you are, there's work to be done and money to be made by using the Oliver. The business world is calling for Oliver operators. There are not enough to supply the demand. Their salaries are considerably above those of many classes of workers.

"An Oliver Typewriter in Every Home"

That is our battle cry. We have made the Oliver supreme in usefulness and absolutely indispensable in business. Now comes the conquest of the home.

The simplicity and strength of the Oliver fit it for family use. It is becoming an important factor in the hometraining of young people. An educator as well as a money maker.

Our new selling plan puts the Oliver on the threshold of every home in America. Will you close the door of your home or office on this remarkable Oliver opportunity?

Write for further details of our easy offer and a free copy of the new Oliver catalog. Address

POLTAVA CELEBRATION

Yesterday's dispatches tell of the celebration by the Russians of the vic-torious battle of Poltava, an event of which Canadians as a whole know little or nothing. By it, however, the victorious march of Charles XII of Sweden, who had for a time visions of becoming master of Europe, was stayed and the influence of power of Europe preserved for the time being.

Placed on the throne in his fifteenth year on the death of his father, Charles was shortly afterwards called upon to defend his heritage from the aggression of Frederick IV of Denmark, who, in support of his designs, made an agreement with Peter the Great of Russia and Augustus II of Poland, whereby they allowed him Sweden, they in turn receiving permission to seize Charles' continental provinces. Added by the English, who came to his assistance in his hour of need, Charles found little difficulty in disposing of the Danes, who eventually sued for peace which was granted them. Charles then turned his attention to Russia and Poland and defeated each in 1709. At this time Charles, who was still only 18 years of age, was practically in a position to dictate terms of peace to both these countries and to establish himself beyond question as the great power of northern Europe.

His victories, however, had stirred in him a spirit of conquest and he began to push the war against his enemies with vigor. He seized Poland and placed on its throne a man friendly to himself. After ten years in which success seldom or never failed to attend his efforts he swept south through Russia, and on July 9, 1709 was met at Poltava by Peter the Great and decisively defeated, his previously invincible army being scattered to the four winds. He escaped to Turkey where he lived for some time as a royal guest and later as a prisoner. After living five years in Turkey he escaped and made his way home where he was warmly welcomed by his people, but was never able to regain the great power which he once wielded, although his ambitions were no less great than they had been previous to Poltava.

The four years following his return saw him engaged in a series of struggles, which lasted until his death in 1740 at 36 years of age. He was killed

by a shot from the walls of a Norwegian town which he was besieging in the course of an attempt to conquer Norway, a design upon which he had set his heart. Following this, according to an agreement he had made with France and Spain he was to have invaded Great Britain with a view to replacing the Stuarts on the throne. His death, however, put an end to this scheme, as the battle of Poltava, nine years before had crushed his hopes of conquering Russia and establishing himself as the dictator of Europe.

EDITORIAL NOTES

The junior doubles took second place at the Seattle regatta yesterday. That is pretty good for Nelson as against the big coast cities.

DeBrisay will uphold Nelson's honor at the Seattle regatta today. If he does not win it will not be because of lack of honest effort. If any one beats him it will be because he is a better man.

The junior fours were certainly in hard luck yesterday. To win a race and then lose it through mistaking the winning line is something that does not often occur, but in this case it has robbed the Nelson boys of the victory which was rightfully theirs. Of course the crew, as well as the people of Nelson will accept the result as sportsmen should. At the same time it cannot be disputed that Nelson has the fastest junior four crew in the North Pacific Association of Amateur Oarsmen.

You Are No Doubt Proud of Your Ability as a Fisherman

Many people believe you when you tell them the size of the Speckled Beauty you landed.

Many others have their doubts.

Did It Ever Occur To You

That you can verify your fish story with one of our unique Cameras. It is also a nice companion to take along with you. It always brings back pleasant memories of that good time. It keeps before you familiar faces that perhaps might be forgotten.

You May Have a Camera

Is it a good working order?

Are your negatives clear?

Do your prints come out as you would like them?

Do you find any trouble in developing?

Let Us Help You

We know the Camera Business. Wide experience in this line enables us to tell you all about your camera. We have just received a fresh supply of Film and Plate Cameras. Drop in and have a look over our stock. It will surprise you. Our cameras are universal; they are made to take any make of film. The sizes are as follows: 1-4x4 1-4, 2-4x5 1-2, 4x5, 2-4x5 1-4, 5x7.

Our cameras are a combination of mechanical genius, perfect in every detail. Our supplies are without doubt the best on the market.

AN ECONOMICAL TEA

Blue Ribbon

Tea selling at 25¢ or 30¢ a pound is not really cheap, but is extravagantly dear.

Because so much of it is usually required that the cost per cup is actually more than if a good tea like Blue Ribbons were used.

A pound of Blue Ribbon Tea will make 250 cups of good rich tea, so, even at 50¢ a pound you would get four or five cups for one cent.

Not a very dear drink, is it?

And as for flavor, there is simply no comparison between Blue Ribbon and the "cheap" teas.

Just try a pound, and see.

If It Is Nice, Fresh Juicy Meat, We Have It

NELSON NEWS OF THE DAY

The W. F. M. meet in Miers' Union hall tonight.

A special meeting of Nelson Ladies' L. O. L. will be held this evening at 8:30 in Eagles' hall.

The L. O. L. excursion to Roseland on Monday next will leave Nelson at 7 a. m., returning from the Golden City at 1:30 and arriving here at 11:30.

The officers and members of Queen City Rebekah Lodge No. 16, L. O. O. F., are requested to assemble in the hall room to receive members at 9 o'clock for the purpose of attending to a local business meeting with the subordinate lodge at the ceremony. Members are urged to be present.

Continuous through train service from the Pacific Northwest to eastern cities is what the travellers demand and is what the Burlington provides.

The Great Northern-Burlington "Oriental Limited" is a through train to Chicago.

The Northern Pacific-Burlington "North Coast Limited" is a through train to Chicago.

The Great Northern-Burlington "Southwest Express" is a through train to Denver, Omaha, Kansas City and St. Louis.

The Northern Pacific-Burlington "Missouri River Express" is a through train to Denver, Omaha, Kansas City, and St. Louis.

Attractive Round Trip Rates are in effect to the east on special dates. Also very low 30-day excursion tickets daily from Chicago and St. Louis to eastern cities.

The diverse routes available to holders of Burlington tickets permit a journey east with no extra cost via Denver, and includes the most interesting cities and railway geography of the middle west along the way.

Write or call; take a Burlington folder, note the map and see what the through train service means to you.

Let me help you:

Burlington Route

Tonight the Arcade is showing a special program comprising three reels of pictures and three specialties. The films include the great English horse race, "The Derby," with scenes in London on the race day and on the return of Queen Victoria to the throne after her exile in the Cape of Good Hope.

A Hippopotamus Hunt on the Zambesi River in Africa, where expedition Roosevelt will shoot big game, is a splendid scenic film, and "The New Typist," "Amateur Rider" and "The First Class."

and bring all the flowers they possibly can for the decoration of the graves of departed loved ones. Conveyances will be in waiting to take the members to and from the cemetery. A full attendance is requested.

The annual picnic of St. Jerome's Sunday school will take place on Wednesday next at Portage. The picnic menu has been prepared for the occasion.

C. R. Sherrin and Alex. Thompson came in from Blonod yesterday morning and will leave in company with R. H. Ley and Harry Whitfield for the Alice mine at Creston today.

The L. O. L. will attend in a body the service which is to be held tomorrow evening in the Methodist church. The Ladies' band will be present. Members will meet in the hall room at 7:30 o'clock.

There is a steadily increased demand for the Nelson tea, such as is sold to the public under the brand "Reliance." It has been found necessary to advance the price of these teas to the grocery stores, consequently the consumer will have to pay a correspondingly increased price, but undoubtedly they will be willing to do this in order to get the finest tea the world produces.

NELSON NEWS OF THE DAY

A. McMillan of Sanden is at the Home.

Harry Anderson of Trail is a guest at the Strathcona.

A. T. Larson of Roseland came in yesterday and is registered at the Home.

J. W. Turnbull of Trail came in last night and is staying at the Strathcona.

The Union of Commercial Travellers will meet this evening at 8:30 in Fraternity hall.

Born, to the wife of W. Matthews, Elliot street, on July 5, (twins), a son and daughter.

The maximum temperature yesterday was 75 and the lowest recorded was 47 degrees.

Louis Pratt expects to leave next week on a business trip to the coast and California.

P. Burns, of P. Burns & Co., is expected to arrive in the city from Calgary tomorrow night.

Born yesterday, July 9th, to the wife of T. L. Marquis, a son. Mr. Marquis says he has added one more to the Socialist vote.

The second match between Nelson and the University of North Dakota football teams will commence at the recreation grounds at 2 o'clock this afternoon.

All members of B. and C. companies, 102nd regiment, are respectfully requested to attend at the drill hall Monday night at 8 o'clock sharp to assist in tuition.

The funeral of William Mills, who died at his ranch on the Granite range on Thursday will take place from Trinity Methodist church this afternoon at 2 o'clock.

Tomorrow is memorial day for the Old-fellows, Knights of Pythias and Slaves. They will assemble in their respective lodge rooms at 9 a. m. join forces at the corner of Stanley and Liner streets and parade to the cemetery.

C. P. McHardy leaves with the Kootenay exhibit for the Winnipeg fair this morning and will be absent for several weeks. Mr. McHardy will probably also take charge of the exhibit at Brandon.

It should be mentioned that the packing of the case of cherries in the Kootenay exhibit at the Winnipeg fair, mentioned in another column as being sent by Capt. George Robertson, was done by Mrs. Robertson to whom full credit for the clever arrangement of the fruit must be given.

So many miners, prospectors, capitalists, experts, engineers and others are daily travelling to and fro between Nelson and Salmon for the Sheep Creek camp, that the Kootenay train is being known among mining men as "The Sheep Creek Limited."

Among the flowers which are being sent to Winnipeg this morning for the Kootenay exhibit some from J. T. Bralby and W. Johnson are remarkable for the number of varieties chosen, for the fine bloom and for the care with which they have been packed.

The House Judge Poirie arrived on the coast train last night and will be in Nelson until Monday night, when he will leave for Roseland where he will proceed to Revelstoke and from there to Vancouver. Mrs. Poirie and family are spending the summer at the terminal city.

A large number of anglers are at present in the district from many parts of the world in order to take advantage of the magnificent fishing to be obtained in the Kootenay. There are men here at present from China, India, England and all parts of Canada and the United States.

George Robinson, R. A., principal of Vancouver College, and J. W. Church, M. A., principal of Oyster College, Victoria, members of the principal board of examiners of high schools, who have been in charge of the examinations in Nelson, Roseland, Grand Forks and Revelstoke, will leave for Victoria tonight. The last examinations will be held this afternoon.

Objections has been taken to the statement that "Mr. Dr. Day's" work was approved by the Nelson board of health.

did not meet in that capacity in, how ever, no doubt correct.

On page 2 of today's issue will be found a cut of a paper pattern of a misses semi-princess dress which may be secured by the readers of The Daily News. Arrangements have been made whereby a different pattern will be given every day in these columns.

Today the Empire will run its usual matinee starting at 2:30. A splendid program of four reels will be shown. "Tommy's Trip to Moscow" is very good and interesting, whilst "In Out With the Girls" is hilariously humorous. At night the usual Saturday evening extra program will be given when the Empire's orchestra will render selections and P. Winston will render a violin solo. R. Legton will sing "Asleep in the Deep."

MANY GREET POLLARDS

Adult Lilliputians Delight a Large Audience in the Opera House

The Pollards on their return visit to the opera house last night were greeted by a very large audience. Hardly a seat in the floor of the house was vacant. The program consisted of three small plays; a musical farce, a very short musical and a musical burlesque. The act-over of these clever "intermediates" was again excellent and the stage management and musical numbers left nothing to be desired. The plays were all of the typical Pollard variety; the program was a money-making item might be described by the name term. They were, however, all bright and not altogether lacking in humor.

Some of the songs were really delightful. Miss Eva Moore, in three parts, was given much well merited applause by the audience, and in two duets with Fred Pollard, "When You Poured the Only One" and "Is the Valley of Switzerland" Miss Moore was quite at her best. It is unnecessary to say that her acting in the plays was as delightful as ever and she looked no less charming than when she appeared in "Eden O'Brien" earlier in the week. Miss Eva Pollard also met with considerable success with a song arranged for some clever cover singer. He had brought down the house with an old favorite "Has Anybody Seen a German Band?" Alfred Goulding in an imitation band. Alfred Goulding scored a big success with "The Battle of the Pandy" and "Bion

Land for Sale

400 acres, Pass Creek.
840 acres, Cottonwood creek, two miles from city limits.
306 acres, Columbia River, one mile west of Westley.
118 acres, sub-divided, eight miles west of city.
126 acres, Stoen River, at Koch's siding.
Enquire at the

Cabinet Cigar Store
S. A. MATTHEW.

FRUIT LANDS

West Arm of the Kootenay Lake

Portion of our old homestead is for sale and although we are not desirous of parting with same, yet circumstances compel us to do so; 20 to 30 acre blocks partly improved, lake frontage, good soil no irrigation needed, plentiful water supply.

Come and see this excellent and before purchasing elsewhere. This property must be sold and terms can be arranged to suit the convenience of the purchaser.

Apply to H. & M. Bird, Nelson, or to the owners, Appleton Bros., Verna Fruit Farm, Procter.

Your "Killing Jack," the latter song rendered in a particularly novel manner and recalled in years of laughter from the audience. Teddy McNamara was loudly applauded for some clever cover songs and for "Killing Jack" and "Captain of the Pinetree." Jack Pollard rendered "Katie, Katie" cleverly.

EPWORTH LEAGUE MEETING.

Canadian Secretary Urges That It Be Kept for the Young.

SEATTLE, July 9.—The delegates to the international convention of the Epworth League spent much time today preparing for the steamboat excursion and other entertainments tomorrow when there will be no meeting but only recreation. The Kansas delegates will help celebrate their states day at the world's fair where Bishop William A. Quayle, the Epworth president, will be the principal speaker. All the intricate today discussed methods of league work. At the brief afternoon session Rev. H. I. Baumann of Spokane led the devotions. Rev. Dr. Franklin Hamilton, chancellor of the American University, Washington, D. C., and Rev. Dr. Charles Edward Locke of Los Angeles discussed the "CALL."

Good Place.

SEATTLE, July 9.—The board of control of the Epworth League of the United States and Canada today decided to hold the next international

GEO. JOHNSTONE, Master.
W. W. BRADLEY, Secretary.

NEWS OF THE DOMINION

VICTORIA, July 9.—Charles James, a mulatto, wanted for the murder of John Jack of Buxton, Iowa, was taken back for trial by sheriff Griffin of Munroe county, Iowa this afternoon, extradition being waived.

VICTORIA, July 9.—Breaking all previous records made by other than the Empress liners for the run from Yokohama, the steamer Teucer of the Elms Line reached port this afternoon from Liverpool and the far east, after a run of 12 days, 22 hours and 31 minutes, from Yokohama to Victoria. The best time previously was that of her sister liner the Bellerophon which made the run in 13 days 1 hour and 44 minutes last August. The Teucer brought the news that a new Holt liner, and the same length as the Teucer and with two feet more beam is being completed by Hawthorne, Leslie and company for this service. She will leave Liverpool for Tacoma in December in charge of Capt. Bartlett. The Teucer brought 444 Chinese emigrants of whom 68 paid head tax.

NEWCASTLE, N.B., July 9.—James Murphy while suffering from delirium tremens, drowned himself this morning.

HALIFAX, July 9.—Washouts on the Intercolonial railway at Murphy's bridge two miles from Antigonish carried away sections of the track for over a mile and made the railway impassable for trains. Traffic between Nova Scotia and Cape Breton coal districts is suspended today.

WINGHAM, July 9.—Pringle's large tannery and glove factory here was destroyed by fire yesterday. The loss is partially covered by insurance. Incendiarism is supposed to be the origin.

NIAGARA FALLS, July 9.—The body of a woman, who it is alleged, was killed by George England, a New York Central railway brakeman Wednesday night, was claimed today by W. D. M. Ratill of Youngstown, her husband, who says she deserted him two years ago. England and the woman had been living together and were known by the neighbors as man and wife. England committed suicide after killing the woman.

Marquis of Ripon Dead.

LONDON, July 9.—George Frederick Samuel Robinson, the first marquis of Ripon, died this evening.

Pugley for Queen

VANCOUVER, July 9.—Hon. Wm. Pugley has accepted the invitation of

Since the copper producer, inasmuch as the condition of his business is correctly reflected by the demand in general electric lines. From all over the country, east north and south come the same stories of optimism and business improvement and there may, therefore, be more than guess work in the prediction of an advance of from two to three cents in refined copper within the next three months. At least it is practically certain that the quotations will show no appreciable decrease with that time and Arizona will therefore produce over \$41,000,000 worth of copper this year, even at present low prices. Every advance of one cent in the quotations would mean an additional \$4,100,000 to the Arizona producers.

Didn't Know It.
PENSACOLA, Fla., July 9.—With the bones stripped of flesh by alligators the body of Hermann Wilcox of Chilcago was found in Good Time lake, two miles from Campbellton, a summer resort where Wilcox has been residing with his mother for the past two months.
Still Angry.
PARIS, July 9.—M. Caillaux, the minister of finance, who was struck in the face as he was leaving the senate chamber yesterday by Charles Boas, a former deputy, fought a duel with his assailant this afternoon.
