Conservatives to Entertain Premier and Minister

DATE IS WEEK FROM TODAY

EXCURSION WILL BE RUN UP THE ARM-SPECIAL . STEAMER BE-ING SECURED FOR OCCASION— ING OF LOCAL EXECUTIVE.

A fully attended attended meeting of the executives of the Nelson Conservative association was held yesterday afternoon to decide upon the form the entertainment of Hon. Richard McBride and Hon. Thomas Taylor, who will be in Nelson on Wednesday and Thursday next, should take. It was decided that they should be welcomed with a conservative backet picule on the second day, Thursday. The place for the event has not been fixed spon but will probably be either Procter or litie point. The picule will be a public one and a loat will be chartered in order to carry the guests from Neson, stopping at the various landings on the way.

It was decided that invitations should

It was decised that invitations should be given to A. S. Goodeve, M.P. and Martin Burreil, M.P., to attend. A hand will play selections during the trip on the steamer and at the piole. Steps will also be taken with a view to arranging for the usual weekly half holiday to be postposed from Wedneeday to Thursday in order that as many as possible may be free to assist in the entertaining and welcouning of the premier and minister of public works and Messars, Goodeve and Burreil.

R. S. Lennie, as president of the period of the premier and minister of public works and Messars, Goodeve and Burreil.

R. S. Lennie, as president of the period association. In calling the needing to order, stated that he had received a letter from Hon. Richard McSride in which the writer stated that he would be shortly accompanying Hos. Thomas Taylor en a tour through the Okanagan and that after visiting Grand Ferks, Trail and Rossland he will arrive in Nelson from the last place on the morning of Wedneeday next, June 22. They would leave here for Kasle on the afternoon best and return the following morning and would leave on the Society with at \$8. a.m. on Friday, With

at Trail and protactly a smoker at Kasio.

On Wednesday the Nelson Canadian in the was entertaining the visitors to lunchoon and the question was therefore what was the best thing to be done on Thursday. He had received a communication from Dr. Spankle of Greenwood stating hat there were a large number of Greenwood people who would like to join in welcoming Mesers. McBride and Taylor.

An informal discussion then took place upon the question of the form the welcome should take. A suggestion that it should consist of a conservative basket plends was unanimously no copied by the meeting and it was decouped by the meeting and it was de-

copied by the meeting and it was de-cided that a committee consisting of W. T. Choste, Fred A. Starkey and A. Horawill ishould be appointed to make all arrangements for the event, to de-cide upon the place for the nicula and the chartering of a boat from the U.F.R.

It is not often that the regiment has an opportunity of parading in a body, even for inspection, so that the event may be termed an un-usual one. It is also an important cost General Otter will report on the regi-ment as he finds it tomorrow and his re-port will furnish the standard by which the regiment will be judged by the anthorities at Ottawa. It is therefore nocessary that the very best possible showing should be made, Advices my t.at Rossloud and Kaslo

enn each he depended upon to do lin part and that the companies from these places will parade practically full strength, it remains for the Nelson companies to do their part. The strength of the local company is about against about half that number for the two notside companies combixed. If there is anything like a good turnout of the Nelson members of the regiment the inspection will be a sec se from the standpoint, at least, of number of men on parade.

It can be taken for granted that the local members of the regiment have as much interest in their corps and are as destrous of attending the parado as are those from Rossland and Kasio; otherwise they would not have enlisted. Whether or not many of the men turn out, however, depends upon their enplayers. If the men are given leave of absence for part of the afternoon for this purpose they will be with their fellow soldiers. If on the other hand this is refused by their employers

The suggestion of Mr. Alexander Macdonald of Winnipeg that the local hoard of trade shoud take some action in regard to the passenger service on the Crow's Nest Pass branch is to be ter to Nelson from a husiness standpoint. Along the Crow's Nest branch from where it leaves the main line of the C.P.R. to CVurson Junction there are three trains daily each way. Be-tween Carson Junction and Kootenay landing there is only one train daily each way and, of course, only one boat daily between Kootenay Landing and Nelson. This gives Nelson only one connection each way daily with points along the Crow.

How this works against Nelson's in-terests lies in the fact that there are two trains each way daily between all Crow's Nest points east of Curson June tion and Spokane. This makes it easier for people in the towns along the Crow in British Columbia to transact business in Spokane than in Nelson. The result of this is obvious to any busi-ness man in the city.

Anything that may be done by the

board of trude toward securing her Pass points and Nelson should have the whole-souled support of the people of this city and also of the district gen erally for this is a matter that not only affects local merchants and business men generally, but also the fruit grow ers for an saddlessal best and train would afford them still better facilities for getting their product to the market in the east. The matter is a especially important one and one that deserves the very best offerts of the board of trade to bring about a change.

QUESTION OF ADVERTISING

The board of trade is moving in the right direction in taking up the ques tion of advertising the resources of Netson and the surrounding district these lines should meet with general ed out the absolute necessity for some-ed out the absolute necessity for something of this nature being done, it part of the Kootenay is to be to the front and is to get ats this share of the immigration which is now directed toward British Columbia, Other parts of the province are making known their resources and possibili-ties in places where the dissemination of such knowledge s likely to do the most good and Nelson and the district adjacent must do the same.

the publicity work done in other years has brought good results and the benefit of it is still being felt. What has seen accompilated by past adver-tising shows as nothing else could the necessity for further work of a similar character. Advertising to be success-ful must not only be directed along the proper ones but most also be per-

sistent.
It will be something accomplished for Nelson and district if at this evenime's meeting of the board of trade the iniwhich will result in placing of Nelson's advantages as an industrial and distributing centre and of the district's nonsibilities in fruit growing, mining, etc., properly before the outside world. Any action that the board of trade takes, has the complete support of the people ple of the city and district. This should be forthcoming if the people are alive to their own interests.

Vessels which arrived here today from Queero tell of a sensational es-counter between the crews of the Amfrom Queero tell of a sensational en-counter between the crews of the Am-ceican fasting actioner Senator Gard-ner and one of the French steam traviers. The fishing resuel had set imag when a large French trawler ap-proached and carried away part of the Gardner's fishing genr. The captain of the Gardner loaded a rifle using lead stags made out of mackeret figs-cut in pieces and firred point blank at the travier which herriedly moved co. The same day a French Eshing res-sel loss nearly all of her trawler. The captain of the schooner hoarded the rawler which had done the damage and demanded finat damages be paid for the loss sustained. No heed was paid and he was forcibly ejected from the steamer's deel.

On the following day a Newtonad-land schooner had all of her fishing least carried away by a steam trawler and was forced to leave the banks and lose several days tin order to obtain a new outfit.

It is the oscinion of many that who

lose several and a new outfit,

It is the opinion of many that violent, encouniers will take place during
summer months, as the sizem travelers
threaten to seriously interfere with the
sandling of tishing on the bunks.

Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of mescapare chronic resumation, and more than nine out of every ten cases of the disease are of the or the other of these varioties. When there is no favor and little (if any) swelling, you may know that it is only necessary to apply Chamberlaha Ladinest fronty to get quick relief. Try 8. For sale by all Druggetts and Dealers.
