FOR SAFETY OF MINE WORKERS

Establishing Rescue Stations and Apparatus

HOSMER TO HAVE FIRST IN CANADA

Determination of Government to Make Regulations Best in the World

FERNIE, Oct. 18—The Socialist party is making a desperate effort to capture this riding on Saturday. They are concentrating their forces on this constituency. Charles O'Brien, M. P. P. for Rocky Mountain constituency in Alberta, and R. P. Pettipiece are in the city to lend their assistance to Mr. Bennett. Mr. Pettipiece is holding down the editorial desk in the District Ledger while the Socialist candidate conducts his campaign. Provincial Leader Hawthornthwaite arrived last night from the coast and Parker Williams, M. P. P. for Newcastle, is expected tomorrow. Organizer Gribble has been holding open air meetings throughout the district in an effort to make proselytes.

Nor is the Conservative party underestimating the strength and vigor of the opposing forces. Their organization is perfect and every voter will be fully conversant with the merits of Mr. Ross' candidature before the 22nd. The record of the honorable commissioner of lands will bear the most searching scrutiny by his constituents and neither his ability nor his championship of the interests of Fernie riding can be questioned. It is expected that every available voter will exercise his suffrage on Saturday.

The Presbyterian church is conducting a rousing evangelistic campaign under the leadership of Rev. William Patterson, late of Cook's church, Toronto. Prof. Weaver, who is well known in Fernie, is taking charge of the choral part of the services.

Mine Rescue Apparatus.

Messrs. Tolmie and Shepherd, who are awaiting the arrival of the Draeger representative from Pittsburg, gave your correspondent some interesting information with regard to the mine rescue stations which the government are establishing throughout the coal mining districts of the province. The station for the Crows Nest field will be established at Hosmer, which is the most centrally located point in this coal field. For the present the apparatus will be located in a cottage but it is the intention to have the station on a car so that it can be transported quickly to any point in the district where an emergency occurs.

To Instruct Inspectors.

The Draeger breathing apparatus, named after its German inventor, was selected after careful comparison with other devices intended for the same purpose. This apparatus is used almost exclusively in the United States and will be familiar to miners and mining men from across the border. The mine operators of the state of Washington have equipped a mine rescue school in Seattle and have generously offered to give a ten days course of instruction to any Canadians who care to avail themselves of the school. The station at Hosmer is the first government equipment to be set up and the Draeger representative will instruct the mine inspectors and others in the use of the apparatus but it is the intention of the department of mines to send each of the inspectors to the Seattle school for a complete instruction.

To Aid Rescue Work.

The Draeger breathing apparatus, as the name implies, is a device for enabling the wearer to respire with safety and to perform rescue work in a poisonous atmosphere. Equipped to enable a man to live in choke damp for two hours it weighs about 30 pounds. It can be adjusted in less than two minutes. The reservoir contains pure oxygen under a pressure of 2000 pounds to the square inch. The mask fits over the face without undue pressure and leaves the ears exposed.

Before the hemlet is closed wearer takes a deep breath. The nitrogen in that breath he breathes over and over again for two hours. As the air is exhaled from the lungs it passes through a potash filter which absorbs the carbonic acid gas and leaves the pure nitrogen as a vehicle for a sufficient supply of oxygen, escaping from the reservoir, to fill the lungs again. Equipped with the oxygen helmet, a miner can penetrate an atmosphere that would be almost instant death to the unprotected man, can open passage ways, direct air currents, carry out stricken comrades and generally do any work that could ordinarily be done

FIFTY CENTS AN HOUR IS DEMAND

Strike of Laborers on Portland Canal Line—May Check Shipments to Trail Smelter

(Special to The Daily News.)

VANCOUVER, Oct. 18—Work on the Portland Canal Short Line railway, running from Stewart to Bitter creek has come to a standstill owing to a strike of workmen. Unskilled labor demanded 50 cents an hour in place of 40 cents, the rate prevailing, and on Manager Grant's refusal laid down their tools. The leader of the strike is Larry Clayburgh, son of a Butte attorney, who is F. Aug. Heinze's lawyer. The young man is a brilliant attorney but was reduced to a laborer's sphere by reverses in the Portland Canal district. The strike threatens promised development as work at the concentrator of the Portland Canal mine has been going on steadily for several weeks in anticipation of making a shipment to the Trail smelter as soon as the government wharf was finished.

FUGITIVE WILL BE EXTRADITED

Representatives of Czar Get Warrant —Case May be Taken to the Privy Council

WINNIPEG, Oct. 18—Chief Justice Mathers this afternoon granted an warrant to representatives of the czar, that Swava Federenko might be taken back to Russia to stand trial for murder. The defence claimed that Federenko was merely a political refugee and that the Russian government was anxious to get hold of him to answer for conspiracies against the czar. The chief justice held that the mere fact that Federenko had shot down one soldier did not constitute him a revolutionist, and on these grounds ordered the extradition. N. F. Hagel, K.C. says that he will at once apply for habeas corpus and failing this will take the case to the privy council in England if necessary. The case has attracted considerable interest amongst political refugees in this country who attended the trial.

FIRST TRAIN TO METALLINE

T. & W. Railway in Operation Within Eleven Miles of Border—Through Salmon River District.

The first train on the new Idaho and Washington railway to reach the town of Metalline, Wash., steamed into the station at that point on Monday afternoon last amid the shouts of the populace and the triumphant music of local bands. The event was one of some significance to the people of southeastern British Columbia as Metalline lies only 11 miles south of the border and the new railroad will cross the line and either follow the Pend Oreille river on a westerly course or join up the Salmon river and tap the Slocan creek camp. In either case the proposed terminal point is Trail and the development of a great ranching and mining country will be considerably hastened by the improved transportation facilities. If the route taken in British Columbia be the former of the two mentioned it is likely that a branch line will be built along the Salmon river to Sheep creek.

The new line will pass directly along the main street of the new townsite of Salmon Rapids at the junction of the South Fork with the Salmon river. It is reported that the Chicago, Milwaukee and Puget Sound line have taken the new road over during the past few days.

CITY OFFICES OPEN LATE TONIGHT

City Clerk Will Receive Registrations From 7:30 to 9 p. m. Today and Tomorrow.

For the convenience of citizens who are unable to reach the city offices and register during the regular hours City Clerk W. R. Wasson has arranged to be in his office tonight and tomorrow from 7:30 to 9 o'clock. This arrangement will give a large number of persons an opportunity to become qualified to vote next January who might otherwise be unable to do so.

Citizens wishing to be placed on the voters' list should note that their declarations may be made before any magistrate, justice of the peace or commissioner for the taking of affidavits for election purposes. A householder, who is defined by the act as the occupier of a house, boarding house, hotel, lodging house or part of such, must declare that he is a British subject of the full age of 21 years, a resident of Nelson since the beginning of the year and that he has paid all taxes due the city.

Six licensees living outside the city limits qualified yesterday by making the declaration that they had paid the amounting to not less than $5 to the city for the year. They were: E. H. Sheppard, Thomas McLaughlin, James Baillie, James Davey, C. H. Bean, C. A. Benedict.

The householders who registered were: Beelaman Crowther, Jas. Frake, S. L. Marsh, George Chamberlain, Frederick McDonald, B. R. Dawson, J. A. Kinney, E. R. Boyd, W. A. Jewett, William Parker, Edward Ferguson and W. C. Ruddick.

ORE RUNS THOUSANDS OF DOLLARS TO TON

(Special to The Daily News.)

VANCOUVER, Oct. 18—Seventy-five sacks of the richest gold quartz ever arriving here from the north came in today from the Gleaner mine in the Atlin district. The ore will run thousands of dollars to the ton. The mine is on Taku inlet near the Engineer claim and was opened ten years ago, work being resumed only recently.

TO RECONCILE OLD DIFFERENCES

T. P. O'Connor Addresses Meetings in Vancouver

WILL BE GUEST OF PREMIER M'BRIDE

Declines to Answer O'Brien's Charges—Canada's System of Government

(Special to The Daily News.)

VANCOUVER, Oct. 18—T. P. O'Connor arrived in Vancouver today and was greeted by enthusiastic crowds at the station. He said that the reception accorded him on his trip across the continent surpassed his expectations and that he was satisfied Canada was practically a unit for home rule for Ireland.

A summary of his doctrine he stated in a word as being the application of Canadian principles to the British Isles and the reconciliation of the English and Irish peoples. He believed there was a general desire throughout England to see the long standing disputes between England and Ireland settled and was hopeful that the coming coronation of King George would see the fact accomplished. His own opinion of the possible deal now under discussion in old country political circles was that the men representing the Liberal party at the conference would only put up such proposals as the Nationalists would be ready to accept.

Concerning cables from the old country stating the opinions on O'Connor's policy made by William O'Brien of the Independent Nationalists O'Connor said: "I decline to take any serious notice of O'Brien. He has deluged America and England with false statements and misrepresentations since my mission was undertaken. His palpable object is simply to attempt to destroy the success of my mission. He knows that it means the extinguishment of himself and his faction in Ireland."

Before Canadian Club

Addressing the Canadian club this afternoon Mr. O'Connor said that Canada had now mounted to a position in the world which compelled the attention of all. She had a right to be heard for her people had solved the very problems his followers were today facing in the old country, governing by local self government. The problem was probably more difficult in the British Isles on account of the four distinct nationalities in the country but the principles and experience which had won the day in Canada would win the day for Ireland. The governmental scheme of the Dominion of Canada had been proven a success and might well be taken as a pattern by the people of the old country. On the religious situation in Ireland the speaker deplored any effort which did not point toward a broad spirit of toleration of all religions.

Guest of Premier

Mr. O'Connor tonight addressed a packed meeting in Dominion hall. He leaves for Victoria tomorrow where he will be the guest of Premier McBride. He will be accompanied to Seattle, Portland and Spokane by a number of British Columbians and then leaves for Chicago, sailing for home from Rimouski.

MONTREAL PAPER IS ENTERPRISING

Offers Large Reward for Arrest of Get Rich Quick Sheldon—Chance for Sleuths

MONTREAL, Oct. 18—One of the local papers has deposited $10,000 with the Royal Trust company as rewards for the arrest and conviction of C. D. Sheldon. It is to be divided as follows: $2000 to the detective or police officer who makes Sheldon's arrest; $2000 for the names of Sheldon's abettors and coconspirators, together with the names of the depositors of funds, "Sheldon's caches" and minutes of the modus operandi in Montreal and other Canadian cities; $2000 for the particulars of the conspiracy whereby Sheldon was arranging for a sham investigation of his books to further delude the public; $2000 for the location of Sheldon's assets with a view to taking legal measures for their distribution amongst those who suffered loss by the fraud; $2000 for the expenses of detectives who trace and locate the criminals. The rewards will remain open for three months subject to renewal if the public interests seem to make it desirable.

MEMBER FOR AVONDALE IN PRECARIOUS CONDITION

ELGIN, Oct. 18—The condition of James Argue, M.P.P. for Avondale, is reported to be very serious and doctors are in close attendance. A broken collar bone has pierced his lung, and the outcome is doubtful.

IS JUDGE OF REVISION COURT

Charles R. Hamilton Succeeds R. S. Lennie

CASTLEGAR JUSTICE HAS RESIGNED

Juvenile Court Act Brought Into Force in Victoria—Police Commissioner

(Special to The Daily News.)

VICTORIA, Oct. 18—At a short meeting of the provincial executive an order in council bringing into force for the city of Victoria the Juvenile Court act, was duly passed and several minor appointments confirmed upon the recommendation of the respective ministers.

Court of Revision Judge

Charles R. Hamilton, K.C., Nelson, was appointed judge of the court of revision and appeal at that Kootenay centre, vice R. S. Lennie, resigned upon his removal to Vancouver.

Police Commissioner

Ald. C. A. Gannt was named as a member of the board of police commissioners for the city of Vernon.

J. P. Resigns

The resignation of W. B. Gage of Castlegar as one of his majesty's justices of the peace was accepted and Hon. W. J. Bowser, attorney general, was appointed to act as minister of finance and of agriculture during the absence from the province on a holiday of Hon. Price Ellison.

SCARLET FEVER HOSPITAL ON FIRE

Building on Winnipeg Exhibition Grounds in Flames—Children Rescued Amid Confusion.

WINNIPEG, Man., Oct. 18—Late this afternoon the main building on the exhibition grounds, which has been used as a scarlet fever hospital, caught fire from some unknown cause. A general alarm was sent in to the fire department and with great difficulty the patients were rescued, there being no less than 46 small children. Every one was literally dragged to a place of safety despite the wildest confusion, for the patients were virtually all foreigners and it seemed as though each one was speaking in a different language. The patients were first made comfortable under the grand stand and were later removed to more commodious quarters. The main building was totally destroyed and it is considered remarkable that there were no casualties, for it was without doubt one of the most distressing scenes ever witnessed in Winnipeg.

FALL ASSIZES OPEN THIS MORNING

List is One of Shortest on Record—Interpleader Action for $25,000 Commission

With all the pomp and ceremony of the courts of justice the annual fall sittings of the supreme court "for the transaction of the business of the courts of assize and nisi prius and of oyer and terminer and general jail delivery" will open at the court house at 11 o'clock this morning. Mr. Justice Clement will preside.

The list of cases, civil and criminal, is one of the shortest on record and it is expected that the sittings will not continue over the present week.

Only One Criminal Case

The only criminal case on the docket is that of Rex vs. Barovich. Mike Barovich, the accused, is charged with having attempted to murder Eli Viskevich at the Union hotel at Trail in August, by shooting at him twice with a revolver. Fred C. Moffatt will appear for the crown and A. M. Johnson for the defence.

Interpleader Suit

The first civil case on the list will be that of Ruthrauff et al vs. J. L. Warner and P. M. Black. The case is an interpleader one and involves an action by C. C. Ruthrauff, O. Loening and Lewis A. Hall of New York for $25,000 commission on the bonding of the Mother Lode and Kootenay Belle mines at Sheep creek to John McMartin last year. Prominent counsel will appear on each side. E. P. Davis, K.C. of Vancouver, has been briefed by one of the plaintiffs and W. A. Macdonald, K.C., will appear for P. M. Black. H. C. Hall and E. A. Crease are the local counsel interested.

Another civil case will be a suit for personal injuries by James Gillis against the Van-Roi Mining company. Negligence on the part of the defendants is alleged. Bohstein & McTaggert will appear for the plaintiff and C. R. Hamilton, K.C. for the defence.

John vs. Doucette is the only other case on the list. This is an action for slander in which the plaintiff will be represented by J. S. Mackay.

FORM BRANCH OF TRAVELLERS HERE

Nelson Recognized as a Strategic Centre

EX-ALD. COX ON BIG EXPOSITION

Waiting Now on Dominion Government—Winnipeg's Enormous Bonus

The strategic position of Nelson as a distributing centre for the Kootenay has been recognized by wholesale houses in many lines in the last ten months, and month by month more commercial travellers have adopted this city as their headquarters, opening permanent sample rooms and bringing their families here. The cumulative result of this movement has been to build up a considerable community of "knights of the grip" here. On the errand of organizing among this community, a branch of the Northwest Commercial Travellers association Fred J. C. Cox, secretary of the association, and one of the prominent men of Winnipeg, arrived last night in Nelson.

Migration of Travellers.

"I am given to understand that there has been a regular migration of travellers to Nelson," said Mr. Cox last night. "I have been issuing certificates from Vancouver, but that is too great a distance. Nelson is apparently entitled to have its own branch, so I am here to organize one. I have just come from the coast, where Victoria is also entitled to an agency or branch. My next stopping place will be Lethbridge. In addition to arranging for these new branches, I am also checking up the agencies already in existence."

Mr. Cox for a great many years has been secretary of both the Northwest Commercial Travellers association, and also the American organization operating in the same field. He has several times held public office and represented Ward VI in the Winnipeg city council continuously for several years, voluntarily retiring with the expiry of his term last year. He has also been an active member of the Winnipeg board of trade and was one of the 41 business men who made the Centennial trip over the west two winters ago, which aroused such great and general enthusiasm for the Canadian national exposition at Winnipeg, which has now grown to a still larger conception. Mr. Cox is a member of the present central committee which has the exposition for 1914 in hand, and on this matter he said last night:

Premier McBride's Support.

"One of the striking events of that altogether remarkable joint tour of the four western provinces was the wholehearted support given to the project by Premier McBride, who pledged the support of British Columbia at the earliest opportunity. It showed that there was no division of interest in the west, and that the west was giving its unanimous voice for the great project, one part not more than another.

"Our missionaries to the east met with a quieter but no less gratifying reception and the eastern provinces engaged to each erect its own building and meet the expenses of its own exhibit.

"The people of Winnipeg are assum-

(Continued on Page Five.)

SUN AND THIRST DANCES NOXIOUS

Methodist Mission Board Objects to Indian Parades—Clergyman Said to Encourage the Dances.

TORONTO, Oct. 18.—The report of the Alberta Indian commissioner was a strong feature at the Methodist mission board. This report said, in speaking of the moral side of life among the Indians of Alberta, "One of the most serious problems with which we have had to cope in this province is the revival of the old sun and thirst dances on the reserves and the public exhibition of Indians at agricultural fairs." These are referred to by Inspector Marsh in the following words: "The old-time heathen worship and customs seem to have revived to an alarming extent. I presume such backslidings here and elsewhere should be anticipated so long as premiums are offered for Indians to leave their homes and their work by exhibitions to parade on the public streets in war paint and nude attire and to dance the dances of their forefathers. Such exhibitions may be symbolic history of prehistoric days. It is only right that the mission board should know the fact that, outside of the exhibition promoters, there is only one man who takes any leading part in encouraging the dances on reserves or the shows at exhibitions in this province, and that person is Rev. John McDougall, D.D., who for years has been annually engaged in this kind of work." After a heated discussion the clause in the report was withdrawn.

FIVE KILLED BY TRAIN

SANDUSKY, Oct. 18—Five men of a bridge repair gang were run down by a train this afternoon, their remains being found shortly after.

WILL APPLY FOR CONCILIATION BOARD

Danger of Street Railway Strike in Winnipeg Temporarily Averted—International's Advice.

WINNIPEG, Man., Oct. 18.—Danger of a strike on the street railway has been averted for the time being at least. The trouble was more tense as the day wore on, and it looked as if the threat of the men to cease work at 4 o'clock would be carried out. A few minutes before the time given in the ultimatum of the men expired a telegram was received from H. L. Reeves, secretary of the International union, advising the men to proceed under the Dominion Industrial Disputes act, commonly known as the Lemieux act. The committee posted this for the benefit of the men, and recommended that the advice be adopted, and that the men stay on the cars. The men did so, partly because they were bound to accept the advice of their own leaders. It is expected that the men will now apply for a board of conciliation under the terms of the Dominion legislation. The question hinges on the dismissal of four men, prominent in the affairs of the union, and consequent charges of discrimination.

NEW RAILROAD FORGES AHEAD

Dave McBeth Says 400 Men Will be at Work on Kettle Valley Line This Winter.

That the Kettle Valley will be the scene of great railroad construction activity this coming winter is indicated by the statement made by David McBeth last night at the Madden house who said that J. G. McLean, the contractor in charge of the construction work on the Kettle Valley railroad, will have 400 men in the field shortly. At present about one quarter of this number are at work.

Mr. McBeth has recently received a subcontract for the clearing of the right of way between Rock creek and Beaverdale, a distance of about 25 miles. He expects to have the work completed by March 1 next.

"Dave" McBeth, as he is known throughout southeastern British Columbia, is one of the pioneer railroad construction men in the province. He was one of the men in charge of the building of the C. P. R. main line and first crossed the Rockies in 1877. Since that time he has been almost continuously engaged in similar work for the C. P. R. and other companies.

PAYMENTS DUE ON STREET RAILWAY

Shareholders Should Pay Balances to Acting Secretary Smith—Company Tracing Cars to Rush Them.

Confirming the wire received on Sunday by J. R. Taylor, president of the Nelson Street Railway company, that the Ottawa Car company had begun loading the two Nelson street cars on Saturday, the C.P.R. yesterday received notification from Ottawa that the first of the cars commenced its journey on Monday, the other to follow in a couple of days. The railway company is rushing each car, and will endeavor to bring them through in record time.

In the absence of H. R. Douglas, secretary of the Nelson Street Railway company, E. H. Smith is acting secretary. Now the cars are on the way, it is considered essential that the balance due by the stockholders should be promptly paid in. Payments should be made to Mr. Smith, at his office at the Standard Furniture company.

A meeting of the directors of the company will be held this evening at 8 o'clock at the office of President Taylor.

TRINITY CHURCH COMMUNITY WORK

Young People's Organization Replaced by "People's Meeting"—Begins With a Social Evening

At an enthusiastic and earnest meeting attended by about 40 persons last night, plans were elaborated and adopted for what will be known as the "people's meeting" of Trinity Methodist church.

Under this scheme the young people's organization known as the Epworth league goes out of existence to be replaced by a controlling body representative of all ages, and constituted on the broadest basis. The religious life of the church will still be especially fostered by the weekly prayer meeting on Thursday night, but the other meeting of the week, the social hour which has not yet been determined, will seek to extend the appeal the church makes to the community at large.

The new scheme contemplates one social evening each month, one evening devoted to a discussion of current topics, one devoted to a debate, and one to a concert or lecture.

Plan is an Evolution.

This method of work is an evolution along a line on which Rev. J. P. Westman has been proceeding for a considerable portion of his ministry, but he has never tried it out in its entirety before. In his last pastorate he found the people's class on Sunday afternoon a great help in reaching his community, and this was the intermediate step to the present plan.

At last night's gathering two forceful addresses contributed to the enthusiasm that was manifested, one by Rev. P. J. Conn, on "An Ideal," and the other by Mark Price, on "Enthusiasm."

The first "people's meeting" under the new order will be held next Tuesday evening and will take the form of a social. At an early date the work of organization will be completed. The "people's meetings" will be open to everyone.

CANADIAN NORTHERN OFFICIALS GOING TO EDMONTON

WINNIPEG, Man., Oct. 18.—William Mackenzie, president of the Canadian Northern railway, accompanied by D. B. Hanna, third vice-president, and a party of friends, spent the day in the city. He is on his way to Edmonton and may go to the coast.

CRIPPEN TRIAL NOW IN PROGRESS

Prosecuting Counsel Gives Review of Case

BRUCE MILLER GIVES TESTIMONY

Old Bailey Crowded with Spectators—Prisoner Pleads Not Guilty

LONDON, Oct. 18—Every seat in the chief court at Old Bailey was filled this morning when the chief justice took his seat on the bench. The court was filled with officials and barristers, while numerous pressmen crowded the limited space in the press gallery and overflowed behind the dock. But few of the general public had seats. The only man in court who had elbow room was Crippen himself in the spacious dock. The crown counsel are R. H. Muir, Francis Humphrey and Ingleby Oddie, while the defendant was represented by Tobin, Huntley Jenkins and R. D. Roome.

Jury Sworn

When the chief justice was seated Crippen was summoned and stepped briskly in front of the dock when the charge was read. Crippen answered quietly but firmly, "Not guilty, my lord." The jury was then sworn in, an operation Crippen watched closely as he stood with clasped hands leaning in front of the dock.

Counsel's Address

Mr. Muir's opening address to the jury was a calm and unimpassioned recital of facts, devoid of all oratorical and rhetorical effects, but none the less clear and easily followed. Without any preface Mr. Muir referred to Crippen's age and business of a quasi-medical kind. Crippen's wife was a musical hall artist, fond of dress and jewelry, but for three years before last January Crippen had not co-habited with her. During that time he was carrying on an intrigue with a girl in his employ, January 31 became a critical date, as he was pressed for money and his affections were fixed on Le-Neve, with whom he desired to establish a closer union. The presence of his wife was one physical obstacle, his lack of means another obstacle and the death of Belle Elmore would remove both obstacles, for her property would be available.

Mr. Muir, referring to the dinner party at Hilldrop Crescent and the visit of the Martinettis, said the evidence of the latter was available to prove Crippen and his wife were then on the best of terms. The moment these guests departed, Mrs. Crippen passed out of the ken of the world and of her friends from that day to this. Crippen acted as if she would never return and pawned her jewelry.

Campaign of Lies

To account for the disappearance of his wife Crippen started a campaign of lies. Belle Elmore's friends were dissatisfied and consulted the police. Counsel then touched upon the story Crippen told Inspector Dew and on the flight of Crippen and LeNeve. Continuing, he said that the remains brought to light at Hilldrop Crescent had been shown to be those of the missing woman. Who, but Crippen, had had an opportunity to put them there. Crippen's skill had been exercised in mutilating the body. Counsel passed briefly over Dew's chase and the arrest of Crippen and the latter's explanation that the anxiety had been too much and the statement that LeNeve knew nothing. Mr. Muir then dealt with the prosecution's theory of the poisoning of Belle Elmore by hyoins and emphasized the purchase some months before of five grains by Crippen.

Crippen Interested

Concluding, Mr. Muir asked the jury to keep in mind these questions. It would enable them to come to a true verdict of what became of Belle Elmore and whose remains were those in that cellar. If they were Elmore's then what explanation was there of their being found in that place, mutilated as they were?, Mr. Muir spoke for two hours and none seemed more interested in the recital than Crippen himself.

Landlord Testifies

The first witness called was Crippen's landlord who stated that Crippen had been a tenant for five years. The reason of leaving was owing to the death of his wife.

Dr. Burroughs said Crippen showed great grief. Cross-examined witness said Crippen was exceedingly kind to his wife and solicitous for her comfort.

Bruce Miller of Chicago gave evidence to the effect that he made the acquaintance of Belle Elmore in England in 1899 and last saw her in 1904. Greetings had passed between them occasionally since. Answering Tobin, Miller said he was a real estate agent and had visited Mrs. Crippen during her

(Continued on Page Four.)

Wallace's Big Closing Out Sale

There has never been a sale like our closing out sale, even better than our expectations, which gives startling values in every article right through the store. No reserve prices on our goods and people that have purchased here since we commenced closing out can vouch for the straightforward way we have conducted our sale right along. This week we are offering underclothing specials, both in men's and boy's.

Men's Wool Underwear
Penman's, Ellis', Hewson's, Viking, Stanfield's St. George, Etc.
Regular $1.50 per suit, sale price..$1.00
Regular $2.50 per suit, sale price.. 2.00
Regular $3.00 per suit, sale price.. 2.25
Regular $3.50 per suit, sale price.. 2.50
Regular $4.00 per suit, sale price.. 3.10
Regular $4.50 per suit, sale price.. 3.60
A few odd shirts, 40c. each.

Boys' Wool Underwear
Regular 50c., sale price .....35c.
Regular 65c., sale price .....45c.
Regular 75c., sale price .....50c.
Regular $1, sale price .....75c.

Boys' Worsted Hose
Regular 25c., sale price 2 for.....25c.
Regular 35c. and 40c., sale price ..25c.
Regular 50c., sale price .....35c.
Regular 65c. and 75c., sale price ..50c.

Wallace's Retiring From Business Clearance Sale
506 Baker Street

HOUSEHOLD NOTES

To mend rubber use soft kid from an old glove and paste the patch to the gum with automobile paste. The leather adheres better to the gum than a gum patch.

A delicate sandwich filling is made of one part chopped almonds and two parts of shredded or grated celery, with a dash of salt. Moisten the mixture with mayonnaise.

To save gas, remove the tip and insert a small piece of cotton in the pipe and replace the tip. This lessens the pressure and a more even and softer light is obtained.

When nuts have become too dry to be good, remove the shells, let stand over night in equal parts of milk and water; then dry them in the oven and they will be fresh and good.

If shelves and floors of closets are wiped with water which is hot with cheyenne pepper insects will be kept away. Borax and alum are good to put into the cracks.

Nothing is more helpful in dusting polished floors than the absorbent broom bag, which can be purchased for a few cents or may be made at home of a piece of cotton flannel.

When making apple pie the flavor is much improved and the apples will keep in good color if a few drops of lemon juice are squeezed over the apples just before the crust is put on.

The most satisfactory method of marking clothes that go out to the laundry is with a rubber stamp, bearing your name. The stamp is inexpensive and one may buy a pad of indelible ink for a few cents.

FASHIONS AND FADS

Black satin evening wraps and cloaks for daytime wear are quite the latest thing, covering the wearer from neck to heels and even training slightly at the back.

Mushroom umbrella handles may be had in wood, ivory, horn, metal and in new beaded styles. Wooden mushroom handles are sometimes carved with animal heads.

Short neck ribbons o black moir in half inch widths are now worn for carrying the lorgnon, which is considered more convenient for use when it hangs only to the bust.

Applique satin is a new treatment of satin that reproduces almost exactly the high priced brocade satins. Its design is known as applique and it comes in all the light shades.

No gown is complete without a scarf of some kind since during the last four months they have been adapted to street wear with tailored gowns as well as more elaborate toilettes.

Much embroidery in a new kind of beads is being hand done on all kinds of fabrics used for the more elaborate frocks and these beads appear to be enameled and given a metallic lustre besides.

A Greek bandeau that is fascinating for a youthful coiffure is made of French gilt in diadem form with a row of graduated baroque pearls around it, with two very large ones placed at either end like balls.

Shiloh's Cure
quickly stops coughs, cures colds, heals the throat and lungs. 25 cents.

THIS DATE IN HISTORY

October 19.

1658—A law was passed in Massachusetts inflicting death upon all Quakers who should return after banishment.

1781—The British army under Lord Cornwallis surrendered to the Americans and French under General Washington at Yorktown, Va.

1858—Francis Joseph Talma, celebrated actor, died in Paris. Born there January 15, 1763.

1853—The Baptists in Chicago organized their first church.

1865—Thomas Wildey, founder of the I. O. O. F., died. Born January 15, 1783.

1864—Federals defeated at battle of Cedar Creek, Va.

1900—Sir Roderick W. Cameron died in New York city. Born in Canada July 2, 1835.

1901—Duke and Duchess of Cornwall and York visited Halifax.

1905—Peter Turney, former governor of Tennessee, died at Winchester, Tenn. Born at Jasper, Tenn., September 22, 1827.

IMPROVEMENTS TO GAOL AND COURT HOUSE AT CRESTON

(Special to The Daily News.)

CRESTON, Oct. 18—Acting under instructions received from the provincial police department at Nelson Provincial Constable Gunn now has a good force of men at work making some important improvements at the provincial gaol and court house. These improvements consist of raising the entire building some four feet and putting in several cells as well as a roomy ram pasture in the basement part of the building, the floor of which will be made of cement. These improvements will it is expected be fully completed in a week or ten days.

J. Scruton, brother of the editor of the Creston Review, arrived in Creston a few days ago from London, England. Mr. Scruton is a journalist on the staff of the Diamond Fields Advertiser, Kimberley, South Africa and has been representing the journalists of the sub continent at the annual conference of the Institute of Journalists in London.

Mr. Scruton expressed himself as astounded at the wonderful scenery and climate of Creston especially after the chilly winds he struck in the prairie provinces whilst travelling across the continent. British Columbia with its timber clad mountains and great river and lake systems is a most pleasant contrast to the vast waterless veldts and deserts of Africa and the comparative freedom of Canada from all those complications of color and racial problems which haunt the sleep of the white residents of South Africa is a factor which adds to his favorable opinion of the Dominion.

Mr. Scruton is of the opinion that British Columbia, with its wonderful climate is admirably suited to become the home of the vast virile white population and that our mineral deposits and famous water powers in this Kootenay district assures to the province a great industrial future.

After spending ten days in Creston, Mr. Scruton left on Saturday last for England from which place he will leave for South Africa arriving there on December 10 next.

DRESSED FOR BUSINESS

Ask For Sovereign Brand CLOTHING It Fits

Our style No. 4 appeals strongly to the alert business man who wishes to be comfortably and nobbily dressed. The long lapel and narrow collar of the coat, and the graceful taper of the pant leg, from the fullness of the seat to a medium width at the ankle, give this model a very stylish effect.

ACCUSED OF KILLING TWO.

HILLSBORO, Texas, Oct. 18.—The case of Philip M. Firmin, charged with the killing of A. H. Puckett and Warren Williams, was called for trial here today. The defendant is to be tried first on the charge of killing Puckett. The killing of Puckett and Williams occurred on August 13 last while they were returning home on a special train from the militia encampment at Leon Springs. Both were members of the Texas national guard.

CASES HEARD IN CHAMBERS

In chambers on Monday morning his honor Judge Forin heard the following applications: Rowley vs. the Western Canada Investment company.

Motion of James O'Shea for postponement of trial. A. M. Johnson contra. Order granted.

Hetherington vs. Feeley et al. Motion of James O'Shea for one of the defendants, Rogers, to dismiss action for want of prosecution and to vacate lis pendens. Order granted.

WANTS MINISTER DISMISSED

OTTAWA, Oct. 18—The Free Press, Liberal, tonight calls upon Sir James Whitney to insist upon the resignation of Hon. Dr. Reaume, minister of public works for Ontario, as the result of the publication of Hon. W. J. Hanna's letter re Bishop Fallon.

HEARING ON DEMURRAGE CHARGE

BOSTON, Oct. 18—Commissioner Prouty of the interstate commerce commission began his hearing in Boston today on the subject of demurrage charges. The investigation follows the recent action of the commission in suspending tariffs on all roads in New England which reduced demurrage on cars from four to two days.

TO HONOR "FATHER OF TEXAS"

HOUSTON, Texas, Oct. 18.—The joint committee of the Texas legislature appointed to supervise the removal of the body of Stephen F. Austin, "the father of Texas," from Brazoria county to the state cemetery at Austin met here today and selected a casket and otherwise completed all arrangements. The body will be exhumed tomorrow and the following day it will be removed to Austin. The remains will lie in state in the hall of the house of representatives and will then be reinterred in the state cemetery.

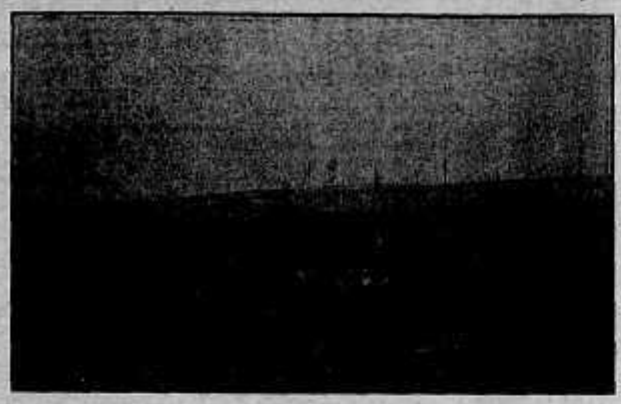
FORT GEORGE LAND



The opening up of central British Columbia by the Grand Trunk Pacific and the Vancouver, New Westminster and Yukon railway will make fortunes for many.

It is the man who buys now who will reap the big profits.

A few years ago land was bought around Kootenay lake for $1.00 per acre, it is now held at $100 to $200 per acre, partly on account of the limited amount of good land but particularly on account of its proximity to Nelson and the waters of Kootenay lake. It will be just the same with land close to Fort George and the Fraser river; the amount of good land, easily cleared is very limited, most of it has been turned over already at from $10 to $20 per acre. Much of it will cost more to clear than we are asking for a few specially selected sections we are now offering. Situation counts every time. The Grand Trunk Pacific is just across the river, boats will be running daily, the railways to the Peace river must pass through these lands or you can drive to Fort George every morning.

As an investment we know of nothing better, as a place for farming it is probably unexcelled anywhere.

Do not wait to go and see the country next year, because prices will certainly be much higher than now. We can show you field notes by Provincial Land Surveyors, photographs showing just what the land looks like and we guarantee the land to be as described or return full amount paid. We feel safe in doing this because we have personally examined the land several times and we know that if you go there next year when railroad construction is under full swing and you see the splendid market and prices for everything grown and the fertility of the soil you would not sell at double the prices we are asking.

SPORTING NEWS.

SECOND GAME WAS RIPSNORTER

Athletics Again Defeat Cubs—Score is 9-3—Game Was Sensational —Brilliant Plays.

PHILADELPHIA, Oct. 18—In a game that was filled with thrills from start to finish the Philadelphia champions this afternoon administered a crushing defeat to the Chicago leaguers before more than 24,000 persons. The score was 9 to 3. It was one of the most exciting games ever played on the American league grounds here. It abounded in sensational fielding and terrific batting and the big and perspiring crowd was frequently brought to its feet with wild enthusiasm as player after player made some brilliant stop or threw or lined out a smashing hit into the crowd.

The spectators were shocked when Pitcher Coombes showed unsteadiness, but this was quickly forgotten a little later when the fighting Athletics forged to the front. But in the seventh inning when Captain Chance's splendid machine was crushed under a cannonade of hits the big crowd's enthusiasm knew no bounds. Almost everything that goes into a baseball game was in evidence.

Details of Play.

Star batted for Brown in the eighth innings.

Chicago ....100 000 101—3
Philadelphia ....002 010 04x—9

There were two base hits, Collins 2, Tinker, Scheckardt, Davis, Murphy, Strunk, Steinfeldt, Zimmerman.

Stolen bases, Collins 2.

Sacrifice hits, Zimmerman, Schultz 2, Barry.

Double plays, Collins to Baker, Tinker to Chance, Murphy to Thomas, Collins to Davis.

Hits off Brown, 13 in 7 innings.

First base on balls, off Brown 4, off Coombes 8.

Struck out by Brown 6, by Coombes 5.

Umpires, Rigler and Sheridan.

OHIO CHAMP.

CINCINNATI, Oct. 18—The Cincinnati Nationals by defeating the Cleveland Americans here today won the championship of Ohio.

Cleveland	5 12 1
Cincinnati	8 8 1

Falkenberg, Kaler, Mitchell and Adams; Suggs, Gaspar and McLean.

POST SEASON GAMES

NEW YORK, Oct. 18—Christy Mathewson was an unsolvable problem to the American leaguers today and had no trouble in winning the fifth game of the post season series. The series now stands: New York Nationals 3; Americans 1, tie 1; Americans 1, 6, 0; Nationals, 5, 6, 2. Fisher and Mitchell with Mathewson and Myers.

HOCKEY RING IS PROPOSED FOR MOYIE

(Special to The Daily News.)

MOYIE, Oct. 18—A skating rink will probably be erected here this fall and a strong hockey club organized if sufficient financial encouragement be given. The erection of the building will go ahead at once when 50 membership tickets of $10 each have been disposed of. P. McLanders is in charge of the undertaking.

TEN MONSTER BALLOONS START IN BIG RACE

ST. LOUIS, Oct. 18—The fifth international balloon race was launched here yesterday afternoon when ten monster aerostats, representing four countries, ascended amid the plaudits of thousands. They sailed toward the north and northwest and were out of sight within a few minutes. Under ideal atmospheric conditions, amply provisioned for fifty hours or more, and ballasted with the utmost care the balloons rose gracefully and speeded away. There was not a hitch in the arrangements, though the Harbig III of Germany, Lieut. Vogt, pilot, got a false start and the Million Population Club, St. Louis, S. L. Von Phul pilot, narrowly missed colliding with the grand stand.

The balloons were released at intervals varying from five to twenty minutes. The first to weigh off was the Condor, and the last was the Germania. The balloons, the nations and the pilots are as follows:

Condor, France, Jacques Faure, pilot; Million Club, United States, S. L. Von Phul, pilot; Azura, Switzerland, Captain Emil Messener pilot; Harborg III, Germany, Lieut. Vogt pilot; Isle de France, France, Alfred Leblanc, pilot; St. Louis No. 4, United States, H. E. Honeywell pilot; Helvetia, Switzerland, Col. Theodore Schaeck pilot; Dusseldorf II, Germany, L. T. Gericke pilot; American II, United States, Allan Hawley pilot; Germania, Germany, Capt. Von Abercorn pilot.

WHITE—CONLEY

NEW ORLEANS, Oct. 18—Jack White of Chicago will meet Frankie Conley here in a ten round bout on October 29.

TOMMY BURNS TO MEET SAM LANGFORD

McIntosh Will Bring Pair Together Within Next Five Months— Tommy's Leg Improved.

PORTLAND, Oct. 18—Tommy Burns, former champion heavyweight, has received a cablegram from Promoter Hugh McIntosh in London, to prepare to fight Sam Langford within five months. It is to be a twenty round go. Burns said that he will be ready to take on the Ethiopian in that time. He said that McIntosh holds both his contract and that of Langford also. He declined to state the sum which he will receive for the meeting with Langford.

"I'll be ready all right by March or April," said Burns, who is here playing a theatrical engagement. "My leg which was hurt while playing lacrosse in British Columbia recently, is rapidly mending. Otherwise I am in pretty fit condition today, and with a bit of exercise will be ready when the gong sounds."

STILL SCRAPPING

VANCOUVER, Oct. 18—James Findley, manager of the Vancouver amateur lacrosse team that went east to try and lift the Mann cup, has entered a protest against the Young Toronto team, in which it is alleged that the winners played three professionals.

A special meeting of the V. A. C. and the B. C. A. A. U. has been called in Vancouver for tonight.

The protest was made against the three professionals before the game was played, but was ignored by the officials in the east. If the V. A. C. makes a good case before the B. C. A. A. U. the latter will take the matter up with the C. A. A. U.

SPORTING SPOTLIGHTS

Two members of the Rossland Lacrosse team have presented their genial manager Billy Prest with a gold locket pendant as a mark of appreciation of his services during the past season when he aided materially in making the Rosslanders the champions of southern British Columbia. Billy is a good, clean sportsman and has done much for lacrosse in Rossland and is one of the strongest boosters of the national game in the province.

Rossland is already settling busy in preparation for the coming hockey season. On Monday night a number of the Golden City fans held a meeting and made preliminary arrangements for getting together a strong team for the winter.

The death of Stanley Ketchell and the passing away of this famous exponent of the fistic art, now gives Billy Papke, the Illinois Thunderbolt, the undisputed right to the middleweight championship. The passing of the "Bengal" will also seriously affect the plans of Hugh McIntosh, who had matched the deceased against Tom Thomas, and a number of the pick of England's fighters.

Of all American fighters who stepped through the ropes and performed in the squared circle, Ketchel, through his gameness, ability and clever work won the hearts of the fight fans of the entire western hemisphere. A fighter by nature, a cool headed, daring two-handed mixer, Ketchel took a chance that few men of his size cared to take, when one year ago today he met the terrible Jack Johnson and was defeated by the Galveston black in twelve rounds at the Colma arena, San Francisco. Ketchell did something that few other fighters did with the black man, he put the big ebony champion on the floor in the twelfth round of this affair.

Another champion who has gone down to defeat and who wishes for an opportunity to regain the title, is Hackenschmidt who is coming back to America with the hope of arranging a wrestling bout with Frank Gotch. According to a letter received in Buffalo Dr. Roller and Curley will split up after the conclusion of their European tour and Curley will this winter make engagements on the western side of the herring pond for Hack.

By winning the second game in the world's series yesterday the Athletics' chances of becoming world's champions are improved by about 100 per cent. The two teams will meet today and tomorrow at Chicago and the games should result in at least one win for the Cubs, playing on their home grounds. If the Philadelphia nine are successful in winning one of these two games they will have the honors in their mitts, barring accidents to players or one of those sudden demoralizations of the team which have many times occurred in baseball history.

NORTH CAROLINA "AT HOME"

RALEIGH, N.C., Oct. 18—For the coming week, beginning today, the cities and towns of North Carolina will welcome back their native sons and daughters, this being the first "home coming jubilee and reunion" ever held in this state. Raleigh and other cities have made elaborate preparations for the observance. Scores of visitors have already registered and the indications are that hundreds of former residents of North Carolina will be here for the festivities. Among those already arrived are some from California and other distant parts of the country.

MINING NEWS

MORE LOCATIONS ON SHEEP CREEK

Prospectors Active in Gold Belt—List of New Claims Recently Recorded at Nelson.

The new claims recorded in the past week have practically all been in the Sheep creek gold camp. The following is a list of these latest locations, as recorded at the office of Stephen H. Hoskins, the Nelson mining recorder:

Black Pine, re-location of Lone Jack claim on north side of Vernon mountain, by A. Garvin.

Dream, adjoining Black Diamond claim on Sheep creek, by George Schmidt.

Gold Coin, adjoining King George claim a mile north of Erie, by William Connelly.

Gibb, re-location of Columbian claim on Sheep creek; Tommy Lipton Fraction, adjoining Sno Sho claim on Sheep creek; by G. R. Devlin.

Salmo, adjoining Hiland Chief claim on Sheep creek by J. G. Devlin.

Lee, adjoining Salmo claim, by W. H. Wilson.

White Tail, quarter mile east of Slocan branch three miles from Slocan Junction, by Frank Fletcher.

Alamo No. 4 Fraction, adjoining Alamo No. 3 on Wolf creek by M. C. Donaldson, George D. Bell and Robert B. Bell.

Silver Dollar Fraction, re-location of Silver Crest Fraction west side of Salmo townsite by R. W. Mifflin.

Leinster, on Salmon river a mile below Rose Bud creek; Connaught, at mouth of Rose Bud creek; by William A. Talbot.

Bell Fraction, adjoining Alamo No. 3 on Wolf creek, by M. C. Donnidson.

Bonanza Fraction, adjoining Bonanza on Wolf creek, by G. D. Bell.

ABOLITION OF SURTAX INCREASES TRADE WITH GERMANY

BERLIN, Oct. 18—Statistics published show the remarkable effect of the cessation of the tariff war on the conclusion of the provisional agreement with Canada. German exports to Canada in the six months from March 1 increased 48 per cent and Canadian exports to Germany 45 per cent. Exports of some kinds of German hardware increased 400 per cent. The figures give great satisfaction here. Germany's effort will be directed towards extending the provisional agreement into a definite commercial treaty.

INVESTIGATING ELECTION FRAUDS

NORFOLK, Va., Oct. 18.—Some new and startling developments are predicted in the investigation began by the grand jury today into the alleged frauds in connection with the recent primary election in the Second congressional district. As a result of the disclosures already made the democratic state committee has declared the primary election to be null and void. It is estimated that six or eight weeks will be consumed in the grand jury investigation as every one of the 20,000 who were returned as having voted has been summoned to testify.

Shiloh's Cure

NEWBRO'S HERPICIDE

Fools the Calendar.

Don't look older than you are. It is just as easy to look younger. Wells lack of hair or poor hair is not always an indication of age, it is frequently accepted as such.

A person well advanced in years possessing a good head of hair is always spoken of as "well preserved."

Everyone can retain beautiful, luxuriant hair if they make the effort. In almost every instance poor hair or the loss of hair may be traced to the activity of the dandruff germ. Newbro's Herpicide kills this germ and puts the scalp in a perfectly healthy condition. With the destruction of the dandruff germ the hair no longer drops out. The itching of the scalp stops almost at once.

Newbro's Herpicide is the original remedy for which there are many substitutes, preparations claimed to be "just as good." You don't have to accept a substitute. Insist upon having genuine Herpicide.

For sale by all druggists. Applications obtained at good barber shops. One dollar size bottles are always guaranteed. Send 10c in postage to The Herpicide Co., Dept. R., Detroit, Mich., for sample and book. The Foote Drug Co., Special Agents.

The Famous Rayo

Does Not Strain the Eyes

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does.

It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.

Once a Rayo User, Always One.

WEDNESDAY, OCTOBER 19

WOULD LIKE SOME HERE

The Victoria Colonist is hardly correct when in advocating the construction of a north and south railway, it says:

For the present at least there is no demand for new transcontinental connection in the southern part of the province except what has already been arranged for.

Between the Crow's Nest Pass and the coast there is a belt of territory rich in natural resources but at present somewhat sidetracked because it is reached only by branch lines and is not on a through route. To quote a familiar simile it is doing business in a side street. It would like to do business on a main street.

Such a main street the C. P. R. is in process of opening. The C. N. R also and in time the G. T. P. will find it to their advantage to use this short and direct route between the southern half of the Canadian prairie and Vancouver. We should like to see that time hastened as much as possible.

LEADING THE WAY.

British Columbia has today the best legislation for the benefit of coal miners of any province in Canada or of any state in the United States.

That is not to say that it cannot be improved. It can be, and the government has shown that it recognizes the fact. The government proposes to continue doing everything in its power to improve the conditions of employment in the mines.

As an incident in its programme it is now establishing rescue stations in the mining districts. This is a most important step and may any day be the means of saving many lives.

In addition it is framing a comprehensive act for the regulation of coal mines which will become law at the ensuing session of the legislature.

And when that is done the government will go on doing still more and improving conditions still further. As new possibilities of improvement are discovered they will be recognized and action taken accordingly.

All this is no more than its duty, but it is a good thing to have a government that sees its duty in these matters and performs it.

A FAIR COUNT AT THE CENSUS.

Why should not the taking of the census be in the hands of a non-partisan commission? At present the head of the bureau may be an excellent appointee but the men who serve under him receive their positions largely as a sort of party patronage. They are consequently in some cases so chosen as to be open to receive suggestions from the politicians to whom they owe thanks for favors received and to whom they look for future favors. After the last general election there was a good deal of suspicion that in Quebec such suggestions had been made and acted upon.

The Toronto Globe says:

With a man of the proved integrity of Mr. Archibald Blue at the head of the Census bureau there is not the remotest reason for the fear that Quebec will be allowed to stuff the lists, even were she desirous of doing so, which nobody believes, and so give herself a better representation than she ought to have relatively to the other provinces.

There is no reason for dragging Mr. Blue's name into the question. Those who want security for a fair census will decline to be drawn into a personal attack and will not allow those who dislike to give security for a fair census to shelter themselves behind a discussion of Mr. Blue's personality.

When the Globe says that "there is not the remotest fear that Quebec will be allowed to stuff the lists, even if she were desirous of so doing, which nobody believes," is is saying something which it must know is quite incorrect. Quebec is a geographical area and a geographical area cannot stuff lists; neither does a province act as a unit in such a matter. But there are politicians who would find it in their interest to increase the number of members from Quebec and to decrease the number from other provinces; both these results can be attained by stuffing the census of Quebec; and there are a good many people who have openly expressed their opinion that this was done at the last census and that it may be done again.

Apart from that the question remains—If no one desires to stuff the census for Quebec, what is the objection to having the census taken in such a manner that no one will have the opportunity to do so?

EDITORIAL NOTE.

The Calgary Albertan says:

To the winners belong the spoils, is the key note of the patronage system. That principle has been forced to give way to another and a much better, which is to the efficient belong the positions in the government.

The patronage system was bad for the service, bad for the office seeker, bad for the individual member of parliament, bad for the party in power and bad for the country at large.

If there is one place where the patronage system is more objectionable than another surely it is in appointments to the bench. Does the Albertan think that the recent elevation of W. C. Simmons was made solely because of his high professional reputation or because of party patronage?

TEN YEARS AGO

Extracts from The Nelson Daily Tribune of Oct. 18, 1900

C. D. Jarvis of the provincial jail has imported the first thoroughbred bloodhounds ever brought into Nelson. The animals are four months old and splendidly matched.

The football season in Nelson this year was rather expensive from the standpoint of the insurance companies. The Dominion Accident company has paid over $125 to members of the Nelson team.

The fire brigade had a two hours fight on the Nelson Saw and Planing Mills wharf last night to save the mill building. Little damage was done.

CRIPPEN TRIAL NOW IN PROGRESS

(Continued from Page One.)

husband's absence in America many times.

"Were you fond of her?" "I was."

"Did you write to her as a lover?" "It was friendship, but once in a while I gave her presents."

"Were you more than a friend?" "I couldn't be; she was married."

By the chief justice—"Were there any improper relations between you?" "No, sir."

By Tobin—"Did you sign letters to her 'love and kisses to roundeyes'?" Miller admitted under pressure that he had kissed Mrs. Crippen, but denied illicit relationship.

"Why did you stop at kissing?" "I wanted to behave as a gentleman."

He wrote Mrs. Crippen up to January last and sometimes sent love. Her replies never contained endearing terms. She did not resent his attentions.

Mrs. Johnson, LeNeve's landlady, gave evidence regarding the secretion of large stocks of clothing which had belonged to Belle Elmore. Other evidence was given regarding Crippen's business and preparations for flight, including the purchase of a boy's suit.

The court adjourned till tomorrow.

ATLANTA HORSE SHOW OPENS

ATLANTA, Ga., Oct. 18—Many leading show horse stables are represented at Atlanta's annual horse show, which opened in the Auditorium today and will continue until the end of the week. The prominent contenders for ribbons include Alfred Vanderbilt of New York and Lawrence Jones of Louisville.

VETERANS AT NORFOLK

NORFOLK, Va., Oct. 18—Hundreds of Confederate veterans from all over the Old Dominion are here in attendance upon a three day session beginning tomorrow of the annual reunion of the grand camp of Confederate veterans of Virginia. Tomorrow will be held the grand parade and also the principal social events of the gathering.

SEEK PARDON FOR MURDERER

MADISON, Wis., Oct. 18—The state board of control today took under consideration an application for a pardon for Gustav Scharff, who is serving a life sentence for the murder of Ollie King and her six year old daughter in Milwaukee in 1891. Scharff murdered the woman, who was his mistress, and her little daughter by choking them to death on board a small boat. After killing the pair he threw their bodies into the Milwaukee river.

NEW CHARGE AWAITS EX-MAYOR

RICHMOND, Va., Oct. 18—Abraham Eby, former mayor of Burkeville, Va., who was convicted in Philadelphia one year ago and sentenced to a year's imprisonment for having blackmailed the late President Cassatt of the Pennsylvania railroad, will be released tomorrow in Philadelphia, only to be at once rearrested by order of the post-office authorities. Eby will be brought to Richmond for trial on the charge of having used the United States mails for unlawful purposes in writing threatening letters to Mr. Cassatt. Friends and relatives of the prisoner have raised a fund to defend him on the ground that owing to the use of certain drugs he is of unsound mind.

NA-DRU-CO LAXATIVES

are new and entirely different from ordinary preparations. They accomplish their purpose without disturbing the rest of the system, and are therefore the ideal laxative for the nursing mother, as they do not affect the child.

Compounded, like all NA-DRU-CO preparations, by expert chemists. If unsatisfactory we'll gladly return your money.

25c. a box. If your druggist has not yet stocked them, send 25c. and we will mail them. 24

IS SOLDIER OF LONG EXPERIENCE

New Caretaker and Drill Instructor for R. M. R. Has Long Military Record

Color-Sergt. G. M. Thompson has been appointed by the department of militia and defence at Ottawa to the position of caretaker and drill instructor at the local armory. The new instructor has had a long military career and has seen considerable active service in India and South Africa while he has been stationed at various times in Gibraltar, Egypt and in different parts of South Africa and India.

He received a course of instruction at the Chunga Gully military school and was awarded a sergt.-instructor's certificate in 1894. In 1903 he received a certificate as instructor of mounted infantry.

He saw active service on the Punjab frontier in 1897 and 1898 and in South Africa, where he was mentioned in dispatches in 1899 and 1900. The color-sergt. took part in the engagements at Colenso, Potgieter's Drift, Val Krantz, Monte Cristo, Pieter's Hill, Langnek and Vlakfontein.

Among the medals which he most values are the Indian, 1895, the Queen's South African medal, the King's Coronation medal, and another for good conduct.

For the past two or three months Color-Sergt. Thomson has been residing with H. A. Coomber at the latter's ranch at Boswell. He has now reached the city and will take up his new duties immediately.

FINDS DRY EARTH FARMING A SUCCESS

Two Thousand Bearing Trees in Creston Orchard—Another Seventy-five Acre Ranch.

(Special to The Daily News.)

CRESTON, B. C., Oct. 18.—Visitors to the Creston valley consider that they have really missed half the pleasure of their trip if they have failed to visit some of the local ranches which are the coming show places of Creston. Among these is the 80-acre fruit ranch of James Compton, situated a trifle over a mile west of Creston. Mr. Compton is deputy fruit inspector for this district. He came to the Creston district some 11 years ago and 10 years ago located his present ranch, which is one of the places that has made Creston famous as a producer of the "big red apple." On this fruit ranch Mr. Compton has 2800 fruit trees, 2000 of which are bearing fruit now.

Being a great believer in the king of fruits, "the apple," Mr. Compton has planned his favorite fruit trees to no small extent, having in one plot 700 Wagener apple trees, while the balance of the 2000 bearing trees is made up as follows: 200 Grimes Golden, 250 Wealthy, 150 Northern Spy, 100 Rhode Island Greening, 200 Jonathan, 100 Rome Beauty, 100 Melone, 100 Stark; while the balance are mixed varieties of other fruits for the home use. Mr. Compton's trees are nearly all seven years old and they produce an average of five boxes of apples per tree per year. Mr. Compton is a great believer of the dry-earth farming system and points with pride to his flourishing apple ranch as proof that irrigation is not necessary to grow apples successfully at Creston.

Ashley Cooper, a prominent business man of Calgary, accompanied by his wife and little child, left here for the east on Monday last. Mr. Cooper owns some valuable orchard land near Creston and has been here for the past 30 days looking after his interests here. Both Mr. and Mrs. Cooper have fallen in love with the Creston climate and they stated that they would make arrangements and return to Creston in the spring at farthest to reside permanently. They think that Creston will suit them finely for their future home.

Another Fine Ranch.

F. J. Rose, one of the very old-timers in Creston and formerly station agent here, is also one of the most fortunate of our citizens, for he is the owner of one of the beauty spots of this famous valley in that he owns a 35-acre fruit ranch only a short distance west of the Creston townsite. Locating this ranch many years ago Mr. Rose went to work and cleared it, planting it out in fruit trees, among which are Ontario apples, Greenings, Baldwins and other varieties of apples; while plum, peach and pear trees as well as cherry trees by the hundred help to make up this famous orchard. This fruit ranch can possibly boast of producing more plums to the tree than any other fruit farm in the valley. It is stated on authority that Mr. Rose had one plum tree this year that actually produced no less than 33 boxes of plums and this tree was nine years old; while he had another nine-year-old tree that produced 20 boxes of plums. These phenomenal productions of fruit are only two instances of many others on this ranch. On this ranch the grafting of trees has been carried to an art; a visitor can there see on a Wallbridge trunk a Spy apple tree grafted, making the whole top of the tree Spy.

Fruit is, however, not the only thing that can be produced on the Rose ranch, as Mr. Rose has over 50 fine turkeys and numberless fowl of all kinds, all of which are carefully herded by the old farm trick dog, "Tim," which is an exceptionally fine specimen of the collie.

TO DISCUSS WOMEN'S SUFFRAGE

NIAGARA FALLS, N.Y., Oct. 18—Nearly every prominent advocate of women's suffrage in this state is in attendance at the state women's suffrage convention which opened here today for a three days session. This morning was devoted to the registration of the delegates and to a meeting of the executive committee at the Auditorium and after luncheon the opening session of the convention was called to order by President Mrs. Ella Hawley Crossett. Welcoming addresses and responses and reports of various committees filled the session. This evening there will be a reception on which occasion Miss Fola LaFollette will read a play written by her "How the Vote Was Won."

HOW MANY REALIZE THE MARVELLOUS VALUE OF FRUIT IN CURING MANY DISEASES?

Wonderful Success of "Fruit-a-tives" —The Famous Fruit Medicine

Fruit juice consists of about 90% water, 8% of sweet matter, and only 1% of an intensely bitter substance. Careful experiments show that it is this bitter principle, which is the active or medicinal material of fruit juice.

Under certain conditions, the bitter principle can be made to replace or transform some of the sweet atoms in the juice, thus making a new compound which is much more active medicinally than the ordinary juice.

Many fruits were analyzed and it was found that the juices of apples, oranges, figs and prunes gave the best results. These fruit juices, having been made more active by the secret process of changing the sweet principle into the bitter, are combined with tonics and antiseptics and made into tablets. These tablets are the famous fruit medicine—"Fruit-a-tives"—known in every part of Canada for their wonderful curative qualities in diseases of the Stomach, Liver, Bowels, Kidneys and Skin.

"Fruit-a-tives" is the only medicine in the world made of fruit juices. 50c. a box, 6 for $2.50 or trial size, 25c.

FEDERATION OF LABOR

ROCK ISLAND, Ill., Oct. 18—Between 300 and 400 delegates are in attendance at the 28th annual convention of the State Federation of Labor of Illinois, which began its session here today. In accordance with the provisions of the constitution of the organization all delegates appeared at the opening session with union labels conspicuously displayed upon every garment and other visible part of their attire.

CHARITIES CONFERENCE

GALESBURG, Ill., Oct. 18—With Judge Ben Lindsey of the Denver juvenile court and other persons of prominence participating in the wide range of discussions which make up the four days program, considerable public interest attaches to the annual meeting of the Illinois state conference of charities and corrections, which assembled in this city today. Nearly all the leading cities of the state are represented by delegates.

Baltimore, Md., Nov. 11, 1902.

Minard's Liniment Co., Limited.

Sirs,—I came across a bottle of your MINARD'S LINIMENT in the hands of one of the students at the University of Maryland, and he being so kind as to let me use it for a very bad sprain, which I obtained in training for foot races, and to say that it helped me would be putting it very mildly, and I therefore ask if you would let me know of one of your agents that is closest to Baltimore so that I may obtain some of it. Thanking you in advance I remain, Yours truly,

W. C. McQUEAN.

14 St. Paul street,
Care Oliver Typewriter Co.
P.S.—Kindly answer at once.

We have had placed in our hands for sale one of Nelson's fine homes. The house is situated on four lots, all in bearing fruit trees. There is a stone foundation with cement floor basement. House has double parlor, dining room, kitchen, three bedrooms, etc. A good stable on property.

Price $4200, easy terms.

(Continued from Page One.)

ing an obligation of $2,500,000, made up of civic grant, subscriptions of the railway and other corporations, and $500,000 which is being raised by entirely private subscription.

"Everything is now waiting on the Dominion government, from which a grant of $2,500,000 is asked. The government's decision is expected shortly, and we have strong hopes that it will be favorable."

Winnipeg's Growth.

Mr. Cox intimated that Winnipeg regarded itself as equal to the great financial obligation it had assumed. The city's population is now estimated at 150,000, and the building permits for the current year to date aggregate in value $12,000,000 and are expected to reach $15,000,000 before the year is out. In this colossal building movement is included a group of 35 large apartment houses, already filled with tenants, and more apartment houses being demanded.

Mr. Cox will be in Nelson for three or four days.

DIRECTORY MEN MEET

LOUISVILLE, Ky., Oct. 18—Nearly every one of the 39 companies which supply the various cities and towns of the United States, Cuba and the Philippines with directories, was represented, when the annual meeting of the association of American Directory Publishers was called to order by President A. V. Williams of Cincinnati at the Seelbach hotel today. The convention will last three days and an elaborate program for the entertainment of the delegates has been prepared, which includes a trip to the Mammoth cave.

REGULATES KIDNEYS AND ENDS BACKACHE

Kidneys Will Act Fine and Bladder or Urinary Misery Vanishes After a Few Doses.

Don't wait until it settles into Dropsy, Gravel, Diabetes or Bright's Disease—the time to cure kidney trouble is while it is only a trouble.

The moment you suspect any kidney, bladder or urinary disorder, or feel a constant or dull aching in the back, sides or loins or the urine is thick, cloudy, offensive or full of sediment, irregular of passage or attended by a sensation of scalding you should begin taking Pape's Diuretic as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure.

Pape's Diuretic acts directly upon the kidneys, bladder and urinary system; cleanses, vitalizes and regulates these duets, organs and glands, ending at once such miserable symptoms as lame back, headache, dizziness, weakness, Prostatic trouble, nervousness, rheumatism and darting pains, inflamed or puffy eyelids, irritability, bilious stomach, worn-out feeling, sleeplessness or suppressed, painful or frequent urination (especially at night) and other distress.

Don't be miserable another moment with a lame back or clogged, inactive kidneys or bladder misery, for after taking Pape's Diuretic a few days you will be relieved and know all danger is passed.

Your pharmacist, physician, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, Ohio, who prepare Pape's Diuretic—50 cent treatment—sold by every druggist in the world.

Duffy's Pure Malt Whiskey

Made entirely of malted grain—a tonic stimulant that should be in every home—widely and favorably known for 50 years.
The Duffy Malt Whiskey Co., Rochester, N.Y.

ALL APPLES MUST BE IN BY FRIDAY

Car Will Leave for Vancouver National Apple Show on Saturday—Great Exhibit

J. W. Cockle, manager of the West Kootenay exhibit for the Canadian National Apple show at Vancouver, arrived in the city last night from Proctor. Together with R. B. Denney, he has been for the past two days packing a number of boxes of fruit for the great exhibition. The apples which will be sent from Proctor will be from the ranches of O. B. Appleton and others.

Entries Are Heavy

"The entries for the West Kootenay exhibit are coming in very fast," said Mr. Cockle, "and beyond doubt this district will make a fine showing at the national exhibition. The boxes and other exhibits from points east of Nelson and from those as far west as Castlegar must arrive here not later than Friday night and will be sent west the following day. The Rossland and Trail exhibit has already reached Nelson. The display from the Arrow lakes is being collected at Nakusp and will be shipped on Sunday."

Change in Rules

Mr. Cockle has received a communication from L. G. Munroe, secretary of the National Apple show stating that a mistake was made in the rule regarding the number of exhibits of each variety which a single competitor might make for competition. It should be amended so that an individual exhibitor may make as many exhibits of each variety as there are prizes offered. This refers to both box and plate displays.

Mr. Cockle will spend today at Willow Point and will return this evening. From then until Friday night he will be at the Hume hotel.

ARRESTED IN WINNIPEG ON WHITE SLAVERY CHARGES

WINNIPEG Man., Oct. 18.—John Bratton of Fargo and his wife Ethel Pierce, also of Fargo, are held here on charges of white slavery. It is alleged that Bratton eloped with a girl from Fargo some weeks ago and took her to Calgary, where after living with her for some time, he placed her in a house of ill fame. At the same time, a cousin of the Pierce girl left with Bratton and she too was placed in a house of bad repute in Calgary. After placing the girls Bratton went west and is wanted by the police at Lethbridge. Medicine Hat, Frank and Banhatton. The photograph of the girls supplied to the Royal Northwest mounted police resulted in the arrest of Bratton and the girls were located. He was brought to Winnipeg with a view to having him deported, but the local police claim that he will first have to answer several charges of white slavery here; in fact, it is alleged that Bratton has induced a dozen or more girls to come from Dakota towns to Winnipeg's red light district.

CANADIAN PACIFIC WANTS CENTRAL OFFICES IN WINNIPEG

WINNIPEG, Man., Oct. 18.—A good deal of commotion was created in real estate circles here today when it was announced with apparent authority that the Canadian Pacific railway had purchased the Canada Life block at the corner of Portage and Main, the most prominent site in the city, at $2,500 per foot. The frontage on Main street is 94 feet, and the deal would have been important if it had gone through. It turns out that the statement was premature. Negotiations for a lease have been concluded and a sale may follow. The Canadian Pacific railway is anxious to secure permanent premises in the heart of the city.

LOCAL OPTION FIGHTS IN SASKATCHEWAN

REGINA, Sask., Oct. 18.—Petitions for local option have been filed and will be referred to the Saskatchewan Liquor Board next December in four cities, 27 towns, 33 villages, 21 rural municipalities and 6 local-improvement districts.

Hoarseness in a child subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given at once or even after the croupy cough has appeared, it will prevent the attack. Contains no poison. Sold by all druggists and dealers.

WILL SHIP SECOND CAR TO ENGLAND

Provincial Government to Send More Apples for Exhibition—Ask for Kootenay Fruit

J. W. Cockle has received a letter from William E. Scott, deputy minister of agriculture stating that the provincial government has decided to send a second carload of British Columbia apples to the old country for exhibition purposes at the big fairs in various parts of Great Britain and asking if part of the Kootenay exhibit could be obtained. The first carload of fruit for this purpose was shipped east some weeks ago by the government and is now crossing the Atlantic, en route for England.

Mr. Scott has been notified by Mr. Cockle that the choicest fruit from the West Kootenay display will be placed at his disposal for exhibition in England.

The letter from the deputy minister was in part as follows:

"The provincial government has arranged for the furnishing of a second carload of fruit for the old country exhibitions and I intend to procure consignments from exhibits at the forthcoming national apple show in Vancouver.

"The second carload will be made up immediately upon the conclusion of the national apple show and sent forward without delay, so as to arrive in good time for the concluding number of exhibitions at which it is intended that fruit from British Columbia should be exhibited by the department of agriculture."

FOR SAFETY OF MINE WORKERS

(Continued from Page One.)

in pure air. Electric lamps are provided for rescuers.

The Pulmotor.

Another life saving device which is part of each rescue station is the pulmotor, an apparatus that seems more than human in its action and is certainly superhuman in the results it achieves. It is an automatic breathing machine for those who have ceased to breathe. If a man is asphyxiated but believed to be capable of resuscitation this apparatus is employed. A device is adjusted over his mouth and nose and the pulmotor working automatically, regularly fills and exhausts the lungs. If life can be brought back the man will make feeble attempts to breathe voluntarily within eight minutes.

Ambulance Supplies.

Each rescue station will be equipped with complete ambulance supplies and first aid requisites. Four Draeger helmets with other rescue apparatus constitute a complete station. One will be equipped at Hosmer, Nanaimo and Cumberland. A substation will be located at Middleboro, in the Nicola.

The act authorizing the government to equip these stations requires that every large colliery be equipped with a similar station and that every small colliery have a substation of two "Draegers." A percentage of the men employed at each mine must be trained in first aid work. It is the intention of the government to require familiarity with the Draeger outfits before a certificate of competency can be granted.

The oxygen used in the "Draegers" is brought from the United States in metal containers from which the apparatus is charged. As oxygen is used in medical practice at times, the supply will be available for this purpose.

The establishment of rescue stations is part of the policy of the present government to bring the coal mining regulations of this province abreast of the best and most modern legislation that has been devised for the protection of the men who toil beneath the ground.

W. S. V. Atkinson of Ottawa, has been in this district for the past few days securing data for the Dominion Conservation commission.

The police report a plague of rough characters in the district. The Fernie police are kept busy moving the flotsam along.

Minard's Liniment Cures Burns, Etc.

After La Grippe

"I had suffered several weeks with LaGrippe. Had pains in my head and eyes. It felt as though there was a heavy weight on the top of my head, until it seemed that my brain would burst. I was so nervous that I could not rest or sleep. When I dozed off I would awake with a sudden jerking of my whole body. Dr. Miles' Nervine, Heart Remedy and Nerve and Liver Pills cured me. A number of friends have since realized the same benefits."

MRS. ALVIN H. LOCKS, Seabrook, N. H.

The after effects of LaGrippe are often more serious than the disease, as it leaves the system in a weakened condition that invites more serious troubles, such as pneumonia, etc.

Dr. Miles' Restorative Nervine

should be taken for some time to thoroughly restore nerve strength.

Price $1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid.
DR. MILES MEDICAL CO., Toronto.

A new company incorporated is the Canadian Box and Barrel Co., Ltd., of Pembroke, capitalized at $100,000.

Almonte's tax rate this year will be 27.3 mills on the dollar; separate school supporters to pay 20 mills.

Dr. P. A. Castonguay was drowned at St. Catherines, P. Q., through the capsizing of a boat. He belonged to Quebec.

Moose Jaw, Sask., building permits increased 115 per cent over last year. For nine months of 1909 they were $236,700.

The Orangemen of Paris have purchased a building in that town which they will convert into a first-class lodge room.

Arthur, the little son of J. N. Magill, Cobourg, ran the point of a pair of scissors into one of his eyes and may lose the sight of it.

Charles Chenail, a davde, was killed while running the engine of a steam plow at J. S. Fraser's farm, near Williamsburg, Ont.

A test is about to be made on the Illinois Central railway of a new device for picking up and delivering mail by fast trains.

Lieutenant-Colonel W. O. Tidswell dropped dead at Hamilton from heart disease. He was for many years connected with the Thirteenth regiment.

Mentally unbalanced and half starved, Robert Totton, missing for several weeks, was discovered in a shack south of Whitewater, Sask.

Joe Podgorny was brutally assaulted at Terrace Hill, near Brantford, and three foreigners were fined $25 or three months in jail for the offence.

While crazed with drink, Joseph Brown, a Bayfield fisherman, is alleged to have fired several shots through windows and doors at Kippen, Ont.

While working near Chiselhurst, Joseph Weisenburg fell 22 feet from a scaffold, breaking three ribs. He had a narrow escape from death.

George H. Perley, M.P., for Argenteuil, P. Q., has become chief conservative whip in succession to George Taylor, who resigned on account of age.

At Lepreaux, N. B., Dr. H. P. Reynolds, coroner, was burned to death. He was 71, and it is thought he set fire to his clothes while lighting a match.

The C. P. R. has offered the town of Armprior $500 for a water service for their engines. If an arrangement can be made the tanks at Pakenham and Sand Point will be abolished.

Joseph Silvester, wanted at South Bend, Ind., for kidnaping an 8-months-old child, was arrested at North Bay, Ont. The kidnapped baby was located by the North Bay police.

John Malone was found dead on the mountain at Montreal with a carbolic acid bottle beside him. In a pocketbook on his body was written: "Cannot rule the world; men are their willing slaves."

After being 40 hours without food or shelter, Samuel Barteaux, a 15-year-old citizen of Torbook Mines, N. S., was found by a searching party safe and sound, but exhausted. He had been lost in the woods.

A well-dressed youth, who said he was the son of a wealthy Chicago banker, was released from a freight car at Windsor. He claimed to have been dragged and robbed in Chicago, then locked in the car.

Three young boys of St. Sauveur, P. Q., are under arrest, charged with shooting and killing 10-year-old Clement Langlois, son of M. P. P. for St. Sauveur. It is said the prisoners were coming home from hunting and fired at the dead lad without provocation.

D. A. R. AT CEDAR FALLS

CEDAR FALLS, Ia., Oct. 18.—The most distinguished gathering of women ever entertained in this city is here today for the annual state conference of the Daughters of the American Revolution. A reception tonight in honor of the visitors marks the formal opening of the conference. The business sessions will begin tomorrow and continue over Thursday.

FEAST OF TABERNACLES

NEW YORK, Oct. 18—The Jews of this city and all over the world today began the celebration of Succoth, or the Feast of the Tabernacles, with the eight days of which ends the great holiday season, including also Rosh Hoshanna, and Yom Kippur, which preceede the Feast of Tabernacles. Succoth corresponds to the harvest festivals which in nearly all old races have assumed a religious character and is designed to commemorate the dwelling in huts of foliage of the children of Israel during their wanderings in the wilderness after their exodus from Egypt. Only the first two and the last two days of the festival week are observed as holy days.

K. OF P. OF ILLINOIS.

DANVILLE, Ill., Oct. 18.—The business section of the city is gayly decorated with flags and Pythian emblems in honor of the Illinois grand lodge Knights of Pythias which convened for its annual session here today. The proceedings will continue over three days.

Agents Wanted

We want some good live agents to work on commission.

We have the most liberal contract every offered.

Supply you with the names of buyers and sellers and it is then up to you.

Call before the positions are filled.

M'QUARRIE & ROBERTSON
419 WARD ST. NELSON, B.C.

Russell Sage's advice to young men: "Put your money in real estate near a growing city."

Money Making Investments

"The cheapest way to acquire experience is to take advantage of the experience of others."

VANCOUVER and NEW WESTMINSTER are destined to be one great city and the wonderful development now going on ensures the junction in a very short time.

With the tremendous city building developments in the vicinity of the two cities, property lying between them offers an investment that cannot be equalled in British Columbia.

Vancouver building permits for the first nine months of 1910 were $9,000,000 as against $7,000,000 for all of 1909. That surely spells progress to the knowing ones.

Read what the Vancouver Province has to say of New Westminster on Oct. 15th:

This has been a good week in New Westminster for city property. A large number of sales of residential properties have been made, in many cases the transfers being those of fine homes. The buyers in not a few instances have been Vancouver people, who have purchased with the intention of living here. City property in comparison with Vancouver is ridiculously low in price and this is gradually beginning to be realized with the result that city property is finding a readier sale. No one section of the city appears to be favored for this class of buying. For business property there are many enquiries and it is expected that some large deals will be closed next week. Among other announcements of the week was that of the proposed building of a $150,000 theatre building on Columbia street, with stores underneath the theatre. The project has advanced to that stage where plans have been drawn and are now under consideration.

The cry for houses to rent is heard on all sides and every real estate office is daily besieged by people who have found it almost impossible to secure suitable dwellings. And this despite the fact that there has been an unprecedented amount of building in the city this year, houses being erected in all sections. On Eighth avenue alone there are thirty houses being constructed in one row. The scarcity of houses has brought the inevitable and arrangements are now under way for the early erection of at least two large apartment houses. Both will be situated close to the business center. On Pine street fifteen houses in one block are being built.

Improved Car Service

Strong pressure is now being made to have the B. C. Electric Railway Company improve its city street car service, giving more lines and a quicker service. It is argued that much building in the upper portion of the city has been delayed waiting for better car service. If the company accedes to the request of the citizens there will be a tremendous amount of building on the hill. Certain differences existing between the company and the city are considered to have held back the inauguration of this improved service. These are now in a fair way to be adjusted and it can only be a matter of a short time until an announcement is made of the commencement of work on the city car lines. The improved city service with the extensions to Millside and Lulu Island, which the company have promised to undertake soon, mean progress such as the Royal City never saw before.—Vancouver Province, October 15.

We have a choice subdivision situated on 3rd avenue, Burnaby adjoining the city limits of New Westminster just four blocks from 8th avenue, referred to above and overlooking the Fraser Mills Lumber company's plant, the B.C. Distillery and the new C.N. terminals on the Fraser river. The property is directly between the Vancouver-New Westminster interurban and the Vancouver-Sapperton interurban lines, and is just four blocks from the New Westminster car line. The property is all cleared, lots are 50x100 feet and each lot has from nine to twelve bearing fruit trees thereon. They are situated on a graded street which is the most populous one in East Burnaby. We can conscientiously recommend the lots as a good sound investment, sure to make you money, and in the very near future.

Prices: $500 to $600. Terms: $25 cash; balance 3, 6, 9, 12, 18 months.

Call at our office and let us show you.

EIGHT ARE KILLED IN ELECTION RIOTS

BASSETERRE, Gaudalupe, Oct. 18—Five men and three women were killed and at least 25 other persons were wounded, six of whom will die, during rioting at yesterday's elections. Of the the dead one was a woman of 70 who was shot in her home which stands opposite the town hall. It is supposed many others who were injured fled to the woods after the fighting. The roof of the town hall in which the balloting took place, was riddled with bullets.

Own Your Own Home

A GRAND PROPOSITION FOR THE WORKING MAN

Use other people's money to buy your home; then pay it back in monthly payments; less than ordinary rent.

Your money is not being thrown away as 6 per cent interest is allowed during the time the contract is maturing. Do not ask others who know nothing about this plan, but come and see me. I will be pleased to give you the very fullest information as well as a copy of the contract.

If you have no lots now, I can show you how you can buy lots and build on them and so own your own home.

If you cannot call, write me. I will explain everything. Numbers have already taken advantage of this system. Why not you.

Minard's Liniment Cures Dandruff.

MINISTER ACCUSED OF HERESY

DETROIT, Oct. 18— Among ministerial and lay delegates who have arrived to attend the annual convention of the Michigan Baptists here this week, almost the sole topic of conversation is the "heresy" trial which promises to enliven the proceedings. A trial for heresy is something unusual in the Baptist denomination. Never before has such a trial taken place in the history of the Michigan Baptist convention but the present dispute over doctrinal differences has reached such an acute stage that it is felt that the convention cannot very well avoid taking official action in the matter.

The storm centre of the present difficulty is the Rev. Frederick Merrifield director of the Ann Arbor Baptist guild which directs the theological training of students destined for the Baptist ministry. For some years Mr. Merrifield's teachings have been criticised by certain old-line Baptists, who have openly charged him with denying the divinity of Christ and his bodily resurrection. As a result of these criticisms Mr. Merrifield has been requested to submit a full statement of his doctrinal beliefs and teachings. The convention itself will then discuss the whole matter and by a vote decide whether Mr. Merrifield shall be asked to resign his position. The introduction of the controversy on the convention floor is expected to precipitate a lively discussion as the accused clergyman has the support of many prominent divines and laymen throughout Michigan.

Shiloh's Cure

TENDERS WANTED.

Tenders are invited by the Odd Fellows Building and Investment Co., Ltd., for painting the Odd Fellows' building, corner of Kootenay and Baker streets, all bids to be in the hands of the secretary on or before 6 p. m. Wednesday, October 19th, 1910.

R. L. DOUGLAS,
153-4. Treasurer.

NOTICE TO CONTRACTORS

Grand Forks Court House.

Sealed tenders, superscribed "Tender for Court-house, Grand Forks," will be received by the Honourable the Minister of Public Works up to noon of Tuesday, the 25th day of October, 1910, for the erection and completion of a brick and stone building at Grand Forks, B. C.

Plans, Specifications, Contract, and Forms of Tender may be seen on and after the 24th day of September, 1910, at the office of the Government Agent, Grand Forks, and the Department of Public Works, Victoria.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for the sum of $3,000, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

F. C. GAMBLE,
Public Works Engineer.
Department of Public Works,
Victoria, B. C., September 20th, 1910.

NOTICE.

In the matter of Chapter 36 of the British Columbia Statutes, 1909, and of the appraisement and apportionment thereunder.

All persons, or their assignees, who did work or supplied material, including goods or merchandise in connection with the actual construction of the grade of the Midway & Vernon Railway, between Midway and Rock Creek, are requested to send in a detailed statement of their claims verified by affidavit or statutory declaration to the undersigned.

R. F. GREEN,
Secretary for Valuators.
P. O. Box 813, Victoria, B. C.

$287 GIVEN AWAY

Here is the proposition. Seven and one half acres of first class fruit land with lake frontage on Kootenay lake, and not far from Proctor, wants a new owner. It is worth on a conservative estimate $125 per acre or $937. For a few days it can be bought for $650—the buyer really gets a present of the difference. And not all cash is asked either. See us for particulars.

Make harsh hair soft, silky and luxuriant.

Brightens up the and eyebrows.

As a hair dressing it is without a peer—it contains nothing that can possibly harm the hair, it is not sticky, oily or greasy—it is used by thousands to keep the hair healthy—it prevents as well as cures disease.

For women and children it is the most delightful dressing and should be in every home. Druggists everywhere and The Poole Drug company, Nelson, sell it for 50 cents a large bottle. The girl with the Auburn hair is on every bottle. Mail orders filled by the Canadian makers, Giroux Mfg Co., Fort Erie, Ont.

NELSON NEWS OF THE DAY

(Additional local news notes on page 1.)

John B. Winlaw, the well-known lumberman of Winlaw, is a visitor in the city.

A. E. Watts, head of the Wattsburg Lumber company, is a guest at the Home.

Among the guests at the Strathcona is R. J. Lane of Creston.

Gus Schwinke, the well-known Salmo miner, is a visitor in town.

Born, on Saturday, October 15, to the wife of George Binnington, Water street, a son.

John L. Retallack, of Kaslo, arrived in the city yesterday to attend the assizes, being on the grand jury panel.

J. H. Ringrose has been awarded the contract for the electric lighting and fixtures in the new A. Macdonald block.

E. M. Doyle, assistant superintendent of the Great Northern railway, is a guest at the Fairmont.

Mr. Justice Clement arrived from Revelstoke last night, to preside at the Nelson assizes. He is registered at the Home.

The maximum temperature yesterday was 62 degrees and the minimum figure recorded was 38 degrees.

F. M. Black of P. Burns & Co. at Calgary reached the city last night and is a guest at the Strathcona.

John L. Retallack, manager of the Whitewater mines, came in from Kaslo yesterday and registered at the Strathcona.

By the number of rifles being packed about the streets of the city, it is evident that the haunts of the deer are being invaded in force these days.

The L.O.T.M. will meet this evening at 7:30 o'clock sharp in the K. of P. hall. All officers and members are requested to be in attendance.

T. G. Proctor, who returned to the city on Saturday night from a trip to the prairies, will leave this morning for Spokane and expects to be absent a few days.

H. Newendorf leaves this morning for Sandon with his uncle, Thomas Carley, on a pleasure trip. He is the son of Mr. Newendorf of the Silver King hotel.

The Woman's Missionary society of Trinity Methodist church will meet this afternoon at 3:45 o'clock in the church parlors.

Tenders for the painting of the Odd Fellows' building, called for by the Odd Fellows Building & Investment company, will close today.

The executive of the Sunday School Association of Eastern British Columbia will meet this evening at 8 o'clock at the Y.M.C.A.

There is a move on foot among the members of the Nelson Chess club to secure a permanent club headquarters. It has been the experience in all cities that a "home," however modest, is requisite to a flourishing club. There is talk of securing a room at the Y.M.C.A.

All members of "B" company, 102nd regiment, are requested to turn in their rifles, side-arms and clothing at the Armory this, tomorrow or Friday evening, at 8 o'clock. Colonel Wadmore, the new D. O. C., will be paying Nelson a visit of inspection on Saturday.

This evening and tomorrow evening, between the hours of 7:30 and 9 o'clock, W. H. Wasson, civic registrar of voters, will be in attendance at his office at the city hall, for the convenience of those who desire to register and are unable to make their applications during the regular office hours.

Captain J. C. Gore, superintendent of the C. P. R. lake and river service, left for the Okanagan last night to meet Sir Thomas Shaughnessy and other high officials of the railroad who are to make a trip down the lake on Friday as far as Summerland. The steamer Okanagan will be placed at the disposal of the president while he is in the Okanagan.

Captain George Robertson of the steamer Moyie stated last night that the fishing up around Kaslo at the present time is better than it has ever been before this season. The captain was only out fishing for a few minutes yesterday morning, and landed a salmon which weighed 11 pounds. He says there are lots more where this one came from.

It is reported that Archie Johnson, the well-known Nelson angler, yesterday received by express from admiring friends at Slocan Junction, a handsome double gaff, weighing about four pounds. The gaff is intended to be used in conjunction with the famous Cuddy Hunk tuna line and heavy pole that have thus far landed two salmon for Archie and four for Bob Elliott at the Pool, six. In fact, of the seven that have been actually brought in boat from that water this season. The gaff is double pronged and two fish can be gaffed at once with it.

The contract for the levelling and terracing in the cemetery lot of Mary Immaculate has been awarded to F. H. Richardson at $500. Mr. Richardson has been assistant caretaker of the cemetery for the last two seasons. He was for 10 years caretaker of the church and cemetery of All Saints in the picturesque village of Great Harrowden, Northamptonshire, Eng. That position had been held by his family for upwards of 100 years, handed down from father to son in three generations.

The interest still increases in connection with the people's meeting in the Methodist church Sunday afternoon. There was a large attendance last Sunday, and a lively discussion followed the regular address on the handling of the liquor problem. The discussion was on a broad basis and of a very high order. A great deal of emphasis was placed on the need of a reform along economic lines, and also for a sympathetic influence with the individual. These meetings are held every Sunday afternoon at 3 o'clock.

Meagher & Co. will have a special showing of furs at their store today, by one of the largest wholesale fur houses in the trade. This should be of great interest, as there will be a selection of neck pieces, muffs and coats, such as only can be seen at the largest stores in the big cities. The display will be very comprehensive, covering samples of all the fashionable furs. Everybody at all interested is cordially invited to attend, whether they want to buy or not. Husbands should find here an elegant opportunity to choose a Christmas present for their wives, which they know is bound to be appreciated.

AT THE THEATRES

A program that should not be missed is being shown at the Gem theatre this evening. The imp feature is entitled "For a Sunday Edition." Some of the finest acting it is possible to witness is portrayed in these films. "The Girl Next Door" is an excellent drama produced by Powers Co., who also give us "The Inconstant," a comedy of the At type—"The Devil on Two Sticks," a lively play which develops a number of interesting situations as it proceeds.

The change of bill at the Empire theatre this evening includes several interesting subjects. "In the Reign of Terror," a story of French Revolutionary times; "The Chemist" and "Betty and the Fireworks."

MICHIGAN CLUB WOMEN MEET

BATTLE CREEK, Mich., Oct. 18—Club women from all parts of Michigan and visitors from several other states are in attendance at the annual meeting of the Michigan state federation of women's clubs, which opened here today for a session of three days. The local women's clubs have made great efforts to make the convention interesting and entertaining for the delegates and visitors and elaborate programs have been arranged for every one of the three days of the convention. During the morning session today the usual routine business connected with the opening of a convention of this kind was disposed of and in the afternoon the biennial symposium was held. Conservation, home economics, industrial institutions, the white slave traffic and other important subjects were discussed by competent speakers.

BUCKEYE STATE CLUB WOMEN

OBERLIN, O., Oct. 18—With a large and representative attendance the annual convention of the Ohio federation of women's clubs assembled in Oberlin today for a three days session. An attractive program which interspersed business with pleasure has been prepared for the gathering.
