VOL. 8 NELSON B. C., WEDNESDAY MORNING, OCTOBER 3, 1909 NO. 169

HARRYWRIGHT

Unanimous Choice of Conservative Convention

NOMINATION LAST NIGHT

MEETING WHICH RESULTED IN HIS SELECTION WAS LARGEST AND MOST ENTHUSIASTIC EVER HELD IN NELSON—CANDIDATE DELIVERS ADDRESS

Harry Wright, formerly member for Ymir and for the past three years the popular and indefatigable government agent here, will carry the conservative standard to victory for Nelson in the forthcoming provincial election.

Mr. Wright was the unanimous choice of the conservative convention held last night in the Eagles' hall. The delegates, 25 in number were chosen at a meeting held at the same place earlier in the evening. This meeting, the largest of its kind ever held, gave unmistakeable evidence that the next member for Nelson in the provincial legislature will be Harry Wright. The enthusiasm that animates the conservatives of Nelson, their determination to achieve a signal victory and to redeem the city for the conservative cause, was everywhere apparent and the strength and popularity of the candidate and the unanimity and cohesion that prevails in the conservative ranks could have had no better demonstration than the events of last night.

Although Mr. Wright's name was the only one to go before the convention there were in reality two candidates for the nomination, R. S. Lennie being the other. The election of delegates, however, resulted in the selection of a full 25 delegates supporting Mr. Wright's candidature, so his name was the only one that actually came before the convention.

In point of numbers and of all that goes to make a party convention successful, the gathering last night was without doubt the most striking event ever held in the city. The meeting took place in the spacious Eagle hall but even that building was insufficient to accommodate the enormous crowd of jubilant and enthusiastic stalwarts of the conservative party who assembled eager to do their share in selecting a candidate and to show the keen interest they feel in all that concerns the party's welfare and that contributes to its success. Every seat in the large hall was taken long before William Irvine called the meeting to order. The space at the back of the seats and the doorways was crowded so that standing room was at a premium and the vast throng overflowed into the balcony at the rear of the hall.

The meeting had been called for a particular purpose and from beginning to end it was eminently businesslike. No time was lost in unnecessary preliminaries. At the request of R. S. Lennie, president of the conservative association, the chair was taken by William Irvine, vice-president of the association. He made a brief speech straight to the point. He regretted that the seating capacity was insufficient to accommodate the gathering and tersely explained the business before the meeting and the procedure that would be followed. Th object of the convention was to elect 25 delegates to select a candidate for the conservative party of Nelson for the next election. He anticipated that it would be an all night session and he appealed to the gathering to preserve order so that there might be no fault finding afterwards. He ended by nominating as delegates R. S. Lennie and Harry. Forty-two others were also nominated.

The tedious and lengthy operation of electing delegates then commenced. Each member of the convention applied at the table where sat A. T. Horswill, W. S. Drewry and Capt. McMorris, the scrutineers. As each name was checked with the lists in possession of the scrutineers a blank ballot was handed to the applicant and he retired to the room at the back of the chair to vote. As the operation took some time the room was soon filled and the gathering waiting for admission at the doors resembled an ardent football scrimmage.

The voting took upwards of two hours, there being upwards of 300 ballots cast, while the counting of the ballots took another two hours, so that it was 1 o'clock before the result was announced, the following being the choice of the meeting:

Harry Wright, W. E. McCandlish, G. F. Motion, J. J. Malone, Al. Jeffs, M. R. McQuarrie, G. W. Bartlett, H. H. Pitts, Phil. Wade, Ed. Kerr, George Stead, G. B. Matthew, A. H. Green, T. G. Procter, Dr. W. O. Rose, Charles Walmsley, Fred Bell,, Alfred Larson, George Ferguson, G. W. Steele, A. S. Horswill, D. Guthrie, Howard Bush, W. A. Jones, Roy Sharp.

The delegates immediately afterwards repaired to an adjoining room where they elected Dr. W. O. Rose as chairman. The name of Harry Wright was the only one placed before the delegates and he was the unanimous choice.

Returning to the main hall, Mr. Irvine called the meeting to order again and Dr. Rose announced the convention's choice, which was greeted with prolonged cheers from the large crowd who had waited to hear the result.

Mr. Irvine then said he had much pleasure in introducing Mr. Wright to the meeting as the conservative candidate for Nelson in the approaching elections. He called upon Mr. Wright for an address. In reply Mr. Wright said: "I have never felt so proud in all my life as at this moment. I want to thank all who attended this convention, whether they supported or opposed me, I feel, as a result of the meeting, that I must without doubt be the choice of the conservatives of Nelson on this occasion and I will do my best to prove myself worthy of the honor conferred upon me. I trust there will be the best of feeling over the result. I won't say I haven't worked for this nomination. I have, and I never worked harder. I never go into anything half heartedly. Now, that you have nominated me as your candidate I will display the same energy and I know that on Nov. 25 I will be at the head of the poll. I must thank you again for the honor you have done me."

Dr. Rose then moved that the nomination be made unanimous. From the feeling of the meeting, he said, there was no question but that the choice of the convention would represent Nelson in the legislature for the next four years. Having selected their man, however, it was necessary for the conservatives of Nelson to give him their undivided support and if this were done an overwhelming majority on Nov. 25 was assured.

The resolution that the nomination be made unanimous was then carried by a standing vote.

The meeting broke up with cheers for the king, premier McBride, Harry Wright, R. S. Lennie and for the chairman, William Irvine.

Harry Wright, the conservative candidate for Nelson, was born in Adjala township, Simcoe county, Ont., 33 years ago, being a son of Joseph Wright of that place, ex-warden of Simcoe, at one time deputy reeve of Adjlaa township, and for years reeve of Beeton. He has been a resident of Nelson since June, 1896. For over a year after his arrival he was employed in J. A. Gilker's store. On Oct. 1, 1898 he entered the government service as a junior clerk and by 1903, when he was nominated for Ymir, had worked up to the position of mining recorder and assessor for this district. Following his retirement from politics in 1907 he was on March 25 of the same year appointed government agent here, a position which he has filled up to the present. Mr. Wright was married on Dec. 25, 1900 to Miss Jennie McLeod of this city.

FORGETS CONFESSION

BEDFORT SAYS HE DOES NOT REMEMBER STATEMENT

ONLY READ OF KINRADE MURDER IN NEWSPAPERS

LONDON, Nov. 2.—William E. Bedfort, who some weeks ago confessed to murdering Ethel Kinrade at Hamilton, Ont., was again remanded today at Bow street court.

Interviewed, Bedfort says he did not remember having made any confession of having murdered Miss Kinrade. He had only read the account of the murder in the newspapers. Bedfort today told his sister that he did not remember being at her house on Oct. 11 before he gave himself up to Scotland Yard. Bedfort's sister said that she thought her brother had a strange look in his eyes and that he is insane. Today Bedfort recognized his sister whereas last week he denied knowing her.

Sergt. Cruckett, who has charge of the case, informed the magistrate that he had called today at Lord Strathcona's office and was informed that no papers had yet arrived from Canada.

Trial Long Drawn Out

HALIFAX, Nov. 2—It looks as if the coal operators' conspiracy trial will be as long drawn out as the strike at Glace Bay and Springville.

Many objections have been threshed out but each session seems to bring with it its own problems and the taking of evidence is very slow. Only the correspondence between Messrs. Dick and Morrow so far has been admitted in evidence. Today general manager Duggan produced correspondence between Mr. Morrow and Mr. Dick. Mr. Morrow's evidence was the only feature in the trial. W. B. A. Ritchie quoted from letters to prove that the Dominion Coal company had entered into an agreement to charge a certain price on coal wanted at Bay of Fundy points. This, Mr. F. Ritchie claimed was to leave the trade with some other company. Early in the morning session general manager Duggan of the Dominion Coal company was called upon to produce letters in his possession. These were produced and Mr. Duggan was allowed to retire.

For Direct Contributions

OTTAWA, Nov. 2.—George M. Bradbury, M. P. for Selkirk, the first of the sessional arrivals, states that western sentiment is for direct naval contributions.

Drowned at Cobalt

COBALT, Nov. 2.—James Gray of Haileybury went through the ice on Wilson's lake today and was drowned. He was 21 years old.

HAS ACCEPTED

Premier McBride Will be Candidate in Yale

HIS INSPIRING ADDRESS

EXPLAINS ADVANTAGES OF RAILWAY POLICY—HON. CARTER-COTTON NOMINATED IN RICHMOND—LIBERAL NOMINATION IN GRAND FORKS

(Special to The Daily News.)

SPENCE'S BRIDGE, Nov. 2—At a large and representative gathering of Yale conservatives here tonight Hon. Richard McBride was unanimously nominated to contest the riding against Stuart Henderson, M.L.A. There were three other candidates in the field, J. H. Anthony, H. H. Matthews and S. N. Dancey, but they all retired in favor of the premier.

Hon. Mr. McBride accepted the nomination and in a brilliant and inspiring address before a large public meeting subsequently held he elaborated on the various features of his railway policy, telling in lucid and convincing language of the wonderful advantages that will accrue from the construction and operation of the Canadian Northern and Kettle Valley railways in this province. His address was punctuated by frequent outbursts of applause and it was fully evident that the sympathy of the vast majority of the people of the district is with the government in its progressive policy.

Active organization work has been undertaken and reports brought in from all parts of the riding are convincing that Yale will be redeemed and will give the premier a large and substantial plurality.

VICTORIA, Nov. 2—A. J. Morley, an ex-mayor of this city, announces the intention of running as an independent candidate in the approaching provincial election.

(Special to The Daily News.)

VANCOUVER, Nov. 2—Hon. F. Carter-Cotton was nominated by Richmond conservatives tonight as candidate for that constituency at the approaching provincial elections.

(Special to The Daily News.)

GRAND FORKS, Nov. 2—Dan Patterson of Phoenix has been selected as the standard bearer to contest Grand Forks in the forthcoming provincial election in the interests of the liberal party. The nomination was unanimous, delegates being present from Phoenix, Cascade and Grand Forks, the convention being held in Miners' union hall in this city. The nomination of Mr. Patterson was moved by Scott Galloway of Grand Forks and seconded by P. H. Cosgrove of Phoenix. Mr. Patterson has been a resident of Phoenix for a number of years, is an employee of the Granby company and has always taken a keen interest in the political situation in the Boundary.

(Special to The Daily News.)

CRANBROOK, Nov. 2—Tonight M. A. Macdonald, member of the legal firm of Halsey, McCarter & Macdonald, was nominated by acclamation as nominee in the liberal interests for this riding. Dr. J. H. King bade good-bye to his supporters in eloquent language, commending Macdonald to their support.

ITALIANS ROBBED

Bandits Have Good Scheme to Secure Their Victims

PATERSON, N. J., Nov. 2.—Fifty Italian laborers, employed by a construction company on a trolley line and housed in shanties were held up early today by four armed men and robbed of nearly $1,500. The four bandits represented themselves to be officers of the government who had been sent out to investigate the report that liquor was being sold. One by one the laborers were called out of the barracks which they occupied in common, and securely bound and gagged. The bandits made their escape.

WILL BUILD FLEET

Grand Trunk Pacific Has no Intention of Buying Old Ships

VICTORIA, Nov. 2—That the Grand Trunk Pacific Steamship company has no intention of buying the steamers of the Allan line or other vessels of any line, but will build a thoroughly up to date fleet of modern passenger and freight steamers for its own use to start a service between Prince Rupert and the usual ports of call in the orient as soon as the G.T.P. was completed and nearly ready for service, was the statement made today by W. Wainwright, second vice-president of the company, who is in the city.

RALLY TOMORROW NIGHT

PREMIER McBRIDE WILL ADDRESS ELECTORS OF NELSON

ATTORNEY GENERAL BOWSER AND HARRY WRIGHT ALSO

The big conservative rally of the campaign in Nelson will take place in the Gem theatre tomorrow evening, when Premier McBride, Hon. W. J. Bowser, Harry Wright, the conservative candidate for Nelson, and possibly also Hon. Price Ellison and Hon Thomas Taylor will speak.

Special arrangements are being made for extra seating in the theatre and the accommodation will be equal to that of any other public auditorium in the city. In order to enliven the proceedings an orchestra will be provided, and in addition there will be one or more songs between speeches. The first few rows of seats will be reserved for women, so that those who desire to do so may bring along their wives or their lady friends. The meeting will open at 8:15 o'clock.

Premier McBride will arrive in the city on the Slocan train tomorrow evening, so that he will be on hand promptly at the hour set for opening the meeting.

In order to come in on the Slocan train the premier will leave the boat southbound from Attowhead and Nakusp and will travel by special train and boat to Slocan city, where they will take the train for Nelson. Arrangements have been made by R. S. Lennie, president of the Conservative association, for the special train and boat.

CO-OPERATION PROFITS

FRUIT GROWERS SYNDICATE GETS FINE RETURNS

EXPENSES AMOUNTED TO ONLY FIVE PER CENT

A meeting of the fruit growers' syndicate, composed of those growers who combined this season to sell their fruit together, as a consequence of the failure early in the year to reorganize the Kootenay Fruit Growers' association, was held yesterday morning in the offices of the board of trade, E. K. Beeston, who had charge of the business for the syndicate, submitted a statement of the financial results of the enterprise, and the expenses, and the line showing was regarded as a compliment to the secretary's business management.

Wet weather in the early part of July militated against a considerable quantity of small fruits being shipped out of the country, But as was, the 36 growers in the syndicate exported fruit to the extent of $5,000 worth. The expenses would have been little, if any, increased if the amount shipped had been much larger, but as it was, they worked out at about 5 per cent of the actual returns. On a larger quantity they would probably have dropped to 4 per cent.

The net average returns on strawberries were $2.15 per crate of 24 boxes Raspberries realized $2.25 per crate net, and the returns on cherries were 10 to 12 cents per pound, according to the way the fruit was packed.

As a result of the satisfactory prices received, and of the prompt way in which the business of the season was closed up, the gratified growers decided to continue their organization for the year 1910. All agree that co-operation on a larger scale is desirable, and when those now in the syndicate have completed the scheme they have in contemplation, it is understood they will invite other growers in this neighborhood to join them.

During the past season one of the greatest difficulties met with was the competition created by individual growers offering their fruit at different prices, and often in the same towns. With proper co-operation and good shipping facilities, such as obtained this year, there appears to be little doubt that the growing of small fruits, especially strawberries, in the district of Kootenay can be made highly profitable. Certainly the operations of the syndicate have established the fact that under business management, the results of co-operation in marketing the products of the ranchers ought to be profitable. And this is a matter for congratulation.

Accidental Suffocation

TORONTO, Ont., Nov. 2.—Henry Ker, 87 years old and unmarried, and John Harcourt, 73 years old, of Walkerton, nephew of Ker, were found suffocated to death in Ker's home, on Dafoe street, this morning from a tube which it is supposed Ker had disconnected in failing to sleep on the table.

TORONTO, Nov. 2—Albert Bean was committed for trial today on a charge of robbing the mails.

GAYNOR IT IS

Elected Democratic Mayor of Greater New York

HEARST IS POOR THIRD

NOT CERTAIN THAT TAMMANY WILL CONTROL BOARD OF ESTIMATES AND APPORTIONMENT—RACE FOR DISTRICT ATTORNEY IS VERY CLOSE

NEW YORK, Nov. 2.—William J. Gaynor of Brooklyn, formerly state supreme court justice, was elected as democratic mayor of Greater New York today over Otto T. Bannard, the republican fusion nominee, and William R. Hearst, running independently but heading the fusion ticket.

With two-thirds of the election districts heard from, Gaynor's plurality was 7,000.

The fusion forces have elected William A. Prendergast as comptroller and John P. Mitchell president of the board of aldermen, but uncertainty as to the election of borough presidents indicates that Tammany may not control the board of estimates and apportionment, which will disburse more than $1,000,000,000 during the next four years.

Hearst ran a poor third. Estimates from 900 election districts placed him 32,000 behind Bannard, who was in turn 39,360 behind Gaynor.

The race for district attorney for New York county is very close with two-thirds of the districts heard from, favoring George Gordon Battle, democratic candidate, over Charles S. Whitman, republican-fusion. Bannard conceded Geynor's election early in the evening, but to the last was hopeful that the fusion forces would control the board of estimate.

William J. Gaynor, who now becomes mayor of Greater New York, was elected on the strength of his personal record as a jurist and his stand for personal liberty and a liberal Sunday. Although the Tammany candidate, he maintained throughout the campaign that no boss shall dictate to him, and one of his favorite remarks was that if there was to be any swallowing between him and the tiger he would ultimately be found on the outside. Gaynor was prominently mentioned as a democratic vice presidential possibility, and in 1894 he declined the democratic nomination for governor of New York state. He has been near-candidate for mayor of New York for years, but as he expressed himself to friends he wanted to be sure of being elected mayor and then governor, with a view of becoming some day president of the United States.

Backed by Tammany in the campaign just ended, Gaynor was bitterly assailed by pulpit and bar, not to mention the bitter attacks of Hearst, who repudiated him after having agreed to support him, and the less personal attacks of Bannard. His enemies sought to show in his capacity, as justice of the supreme court, he had tried to defeat the purpose of the anti-betting legislation in this state, but the candidate, while denying the charges, briefly declined to answer at length what he branded as lies. During the campaign, William H. Ivins, the republican candidate for mayor in 1905, publicly charged Justice Gaynor, then still on the bench, with misuse of his office for political purposes and challenged him to bring proceedings for disbarment.

District Attorney Jerome called him a "political charlatan and shown in the past to be totally destitute of political courage, and whose erratic ability is lined with a morbidness which is almost akin to insanity, a combination of a demagogue and a fanatic."

To these charges Justice Gaynor's friends replied that if it be premised that he is an old-line democrat believer in the axiom that "that government is best which governs least," his decisions and his political life will be found alike consistent.

Justice Gaynor, who is now 58 years old, married, and the father of eight children, first attained prominence in connection with a taxpayers' suit which he caused to be brought against Hugh McLaughlin, one-time democratic boss in Brooklyn, in the course of which he saved the city $1,000,000. In a similar suit against the Brooklyn elevated railways he collected another $1,000,000 for the city in back taxes. In 1893 he was elected to the state supreme court, and while a member of that court he broke the power of John Y. McKane, the boss of Coney Island, and sent him to Sing Sing for election frauds. He supported Bryan in his first campaign and Hearst for governor in 1906. His pressing of the charges against Police Commissioner Bingham, growing out of the Duffy case, involving the right of the police to hold the picture of an unconvicted person in the rogue's gallery, led directly to the removal of Gen. Bingham and brought Gaynor into renewed public attention just before the fall campaign opened. In his speech of acceptance Justice Gaynor said: "I shall not accept a nomination to which is annexed any pledge, promise of condition whatsoever, other than to be mayor in fact."

CLEVELAND, Ohio, Nov. 2.—Chairman A. M. Rodway of the republican central committee has issued a statement claiming the mayoralty election of Herman Baehr, republican, by 4,000 plurality.

BOSTON, Nov. 2.—Returns for governor in the state election today and from 16 election districts out of 1,040 election districts gave Draper, republican, 2,526; Vahey, democrat, 1,660. The same districts in 1908 gave Draper, republican, 3,156; Vahey, democrat, 1,501.

ROCHESTER, N. Y., Nov. 2.—Mayor Edgerton is re-elected by about 5,000 plurality. This indicates that the entire republican ticket in the city of Rochester and Monroe county has been elected.

JACKSON, Ky., Nov. 2.—A report has reached here that Tilden Blanton and Ashford Joseph, democrats, had killed Demosthenes Noble, a republican, at the Springfork voting precinct in Breathitt county today. Springfork is highly excited.

BERESFORD ON CANADA

CANADIANS HAVE MADE A HIT WITH LORD CHARLES

ARE BEST SPECIMENS OF BRITISH RACE EVER SEEN

(Canadian Associated Press.)

LONDON, Nov. 2—Speaking at the Royal Colonial institute, admiral lord Charles Beresford said the future was blank. We could only hold our own by keeping supremacy at sea. Navies of the empire should be interchangeable, should have discipline the same and uniforms and signals the same. He found Canadians, strong, healthy, cheery and energetic, the best specimens of the British race he had ever seen. Canadian loyalty was unbounded, their energy splendid. They could very well have sat still on the question of defence for they could shelter themselves behind the Munro doctrine, but they are too proud an offshoot of the old stock to do that. They are determined to defend their trade routes.

Having alluded to the excellent feeling between Canada and the United States, lord Charles declared we should not talk of having a fleet that could win battles, we should rather aim at having such an empire that nobody could attack us.

FRITH, ARTIST DEAD

Municipal Elections in England Show Little Political Change

LONDON, Nov. 2—William Howell Frith, the artist, died today. He was born in 1819.

LONDON, Nov. 2—In the commons today Reginald McKenna, first lord of the admiralty, stated that the Australian Dreadnoughts were included in the eight sanctioned by parliament this session.

Kingsley and Fairbridge, Oxford Rhodes' scholars, who with others formed a society to further the emigration of poor children, say they have been offered 5000 acres of land in Newfoundland and a grant of money in aid, but that the education they propose giving will need a considerable foundation fund.

LONDON, Nov. 2—The Tareni coal pit at Yatalifera, Glamorganshire, Wales, was flooded yesterday afternoon. Four men were drowned while about 450 others made their escape or were rescued.

LONDON, Nov. 2—Municipal elections were held throughout the United Kingdom yesterday where they were fought on local issues but the results are considered as indicative of the political feeling in the country. The returns are incomplete but up to a late hour they showed that party strength has been little changed.

CHAIN OF STATIONS

Jesuit Fathers Establish Seismic Observatories

CLEVELAND, Nov. 2—A chain of stations across the country operated under the direction of the Jesuit Fathers in America for the purpose of making seismic observations and records has been established. The headquarters are in Cleveland with Father Frederick Odenbach of St. Ignatius college in charge. Records of earth shocks will be kept and information exchanged, Scientific data will be prepared. The Washington station at Georgetown university will be used by students as a practical laboratory.

Against Betting

HAMILTON, Nov. 2—At a meeting of the Hamilton Presbyterian church this morning a long resolution against race track gambling and calling on parliament to put a stop to it was carried. It was pointed out that the stopping of betting in the United States was having an evil effect on Canada.

Hundred Horses Burned

KIEV, Russia, Nov. 2—One hundred and eighty horses belonging to the stud of count Tyshkevitch, one of the finest in Russia, perished last night by fire. The fire is said to have been of incendiary origin.

IS AFFLUENT

Nelson Has Lots of Money for Investment

HOUSE PROPERTY ACTIVE

CANADIAN PACIFIC ACREAGE IS PLACED ON MARKET—MANY SALES OF RANCH LANDS BY WESTERN CANADA INVESTMENT COMPANY

Nelson real estate is moving actively, and a similar condition exists with regard to farm property in the district. There is an active market for both house property and lots in the city, and outside purchasers continue to invest in ranch property.

"There is more money in Nelson today belonging to the people of Nelson than there has been for the last ten years," said W. W. Beer, the well known realty man. "I admit that 11 years ago there may have been as much money in Nelson as there is today, but it did not belong to the people of Nelson and it was not working, but was waiting to see whether the city would be a good place for investment. The people of Nelson now are affluent in comparison with any period of the past decade, and the city is on the eve of greater prosperity yet..

"It is ten years since I have played the role of prophet," said Mr. Beer, "and the fact that I break my rule and make a prediction now should indicate how confident I am of what I say. The eastern world of investment has directed its searchlights to various points of the west, and they are now focused on Vancouver. They have so far overlooked Nelson. When once they pour their flood of light on Nelson, the east will realize what an opportunity for investment it has overlooked, and the ensuing three years will see a greater advance than the past three, during which realty values have advanced fully 25 per cent.

"As an illustration of the difference between prevailing conditions of today and four years ago," continued Mr. Beer, "here is a pretty instance right at hand. Four years ago I advertised six cottages for sale in the columns of The Daily News and I failed to receive a single caller as a result of the advertisement. Two weeks ago I advertised the same six cottages in The Daily News and I have had 20 calls and have sold all the six cottages. Moreover, the prices paid were satisfactory to both myself and the purchasers and over 80 per cent of the total purchase price was paid in cash, a very remarkable showing. While I have other cottages, I am not anxious to dispose of them, believing, for reasons stated above, that their values will enhance with the lapse of time."

An event of interest to investors will be the placing of a large amount of acreage property on the market today. This is the C.P.R. land situated in government lot 304. All the tier of lots immediately east of the right of way of the Nelson & Fort Sheppard railway from the water tank south, from lot 303 to lot 318, will be offered on the market and practically all the acreage west of the Hall Mines road. Also south of a line drawn between the southern boundary of the Hall Mines acreage and the cemetery, will be available for purchase. The sale will commence at 10 o'clock this morning at the offices of H. & M. Bird, selling agents for the C.P.R.

The Western Canada Investment company has closed a lot of sales in improved ranch land lately. One of these was the sale of 107 acres in Deer Park on the Lower Arrow lake, to F. W. Wildman, one of the leading business men of Toronto, and president of the Office Specialty company. The purchaser intends to proceed with the clearing of the land at once and he will build a dock and a summer residence, it being his intention to spend two or three months each summer in the mountains.

C. T. Gilbert of Calgary has purchased a partly improved 10 acre ranch in Bruce Gardens, in the Columbia valley.

The following sales of property at Edgewood, in the Fire valley, were also made by this firm. Lot 81 to James J. Kelly, who will build a summer residence; lot 54 to W. A. Jones; lot 76 to Grant Davis; lot 53 to John Smallwood, and lot 94 to Austin Driscoll.

POLICEWOMEN

W. C. T. U. Convention Passes Resolution on Care of Prisoners

ST. JOHN, Nov. 2—At the dominion W.C.T.U. convention today Miss Elinor Smith of Nova Scotia was elected R. secretary; Mrs. Ada H. McLachlan of Hamilton, L.Y.L. secretary and Mrs. Asa Gordon of Ottawa, editor of the Bulletin and the order's papers. Mrs. S. A. Jones was appointed delegate to a world's convention on prison work to be held in Washington. A motion to hold dominion W.C.T.U. meetings triennially instead of biennially was lost. Recommendations for police matrons, women as police and other matters tending to better care of women prisoners were made.

Robin Hood Flour Is Different

If, Madam, we could take you right into our Model Bakery at the Mill, where all our tests are made, you would see exactly what we mean when we say, "Robin Hood Flour is Different."

You would see how favorably it compares with other flours in respect to color.

Its superior quality would be plainly visible to you.

You would quicker realize why you are to add more water than usual when using it.

The bigger loaf made by it would lie before you. Seeing it, you would note its closer texture—no waste. Tasting it, you would admire its finer flavor.

In short, you would surely decide that you ought to start using Robin Hood Flour right away.

But, Madam, if you cannot come to our Bakery, we can help you to have better Baking Results of your own.

Use Robin Hood Flour yourself, and prove that what we claim for it is true.

We supply the flour-quality. We give the guarantee. It is up to you to get the benefit.

Have you asked your grocer about our Money-back-guarantee yet?

NEWS OF THE DOMINION

LONDON, Nov. 2—It is understood that the attention of the attorney general's department at Toronto is to be drawn to a series of outrages which have been perpetrated about the county of Middlesex during the past few weeks, the finding by Mr. Blaskett of a valuable horse poisoned is but the latest of a series of crimes that have not only caused deaths of several animals but have also imperilled human life, as in the Casadoc case, where the barns and drive sheds of Mrs. W. Cautern were burned and cattle on the farm poisoned.

WINDSOR, Nov. 2—Oliver J. Wilcox has been selected by North Essex conservatives to contest the riding in the bye-election caused by the elevation of Hon. R. Sutherland to the court bench.

ST. JOHN, Nov. 2—By a close vote Mrs. S. R. Wright of Toronto was re-elected president of the dominion W.C.T.U. yesterday, the vote being 34 for her and 30 for Mrs. Asa Gordon of Ottawa.

MONTREAL, Nov. 2—The Herald this afternoon publishes an interview with Andrew Allan in which the latter indignantly denies the many rumors regarding the reported sale of the line to the C.P.R. and declares the rumor ridiculous.

TORONTO, Nov. 2—Toronto university won the second annual inter-university rifle match conducted on Saturday by the dominion of Canada rifle association, with a score of 695 out of a possible 840. McGill was second with a score of 670 and Queen's third with a score of 650.

OTTAWA, Nov. 2—Chairman Mabee of the railway commission has administered a snub to the Ottawa city council and board of control, refusing the application of the Canadian Northern for the entrance of the Montreal line into the city over a level crossing. Both civic bodies had approved the level crossing proposed and chairman Mabee expressed surprise at such action in face of the recent federal legislation to do away with [illegible] crossings in thickly [illegible]

TORONTO, Nov. 2—The total ore shipments from Cobalt from Jan. 10 to Oct. 31 were 14,408 tons. The total for all shipments for the whole year 1908 were only 25,435 tons. Shipments for the week ending Oct. 30 are 85 tons from eight mines, 74 tons less than last week.

NORTH BAY, Nov. 2—Archibald Herbert Brandon, G.T.R. agent at North Bay, died suddenly on Sunday. Mr. Brandon had been ill for some days with la grippe, but was recovering nicely when hemorrhage of the stomach occurred causing death in a very short time. He leaves a widow and three children.

VICTORIA, Nov. 2—Alexander Smith, for whose apprehension on a charge of arson in connection with the Okanagan hotel, the fire in which seven lives were lost, a reward of $500 was offered, has been located by a police posse now on his trail, according to a telegram recieved by the attorney general.

TORONTO, Nov. 2—Hon. Thomas Crawford, speaker of the Ontario legislature, has received the resignation of Duncan Ross as member of the legislature for North Middlesex, who has been nominated as liberal candidate for the commons in West Middlesex in place of W. S. Calvert, appointed a member of the National Transcontinental Railway [illegible]

TORONTO, Nov. 2—Victor Schmosky, a Galician, reached the city on Saturday in charge of police Inspector Greer and was brought before magistrate Kingsford on a charge of stealing $5052 from the bank of Nova Scotia at Rainy River. Schmosky was arrested at Edwardsburg, Pa., a few weeks ago and made a full confession of the robbery in which he and two others were implicated.

MONTREAL, Nov. 3—Seven thousand workers in Montreal and district will suffer the immediate effect of the unprecedented advance in the price of raw cotton. The condition of the cotton market is such that the Dominion Textile company will run on short time next week and the wages of employees will be cut down one-fifth. There will be a curtailment of from 20 to 25 per cent in the present working hours of factories which will mean a reduction of more than 11 hours in 60. No cotton whatever is being purchased by local companies and if the present conditions continue, retail merchants and the Montreal public will soon begin to feel the effects by having to pay several cents more a yard for their cloth.

STUNNING DEFEAT

Donald McMaster Discusses Recent Election in Bermondsey

MONTREAL, Nov. 2—Donald McMaster, who has recently arrived in Montreal from England, discussed the result in Bermondsey, where a unionist was elected. Mr. McMaster is himself a Unionist candidate in the Chertsey division of Surrey, where he is making his fight on the tariff reform platform. He said: "There is only one thing to do a stunning blow to the government and it sounds the death knell of the budget and its socialist opiates.

"It indicates that tariff reform holds the field and cannot be displaced by tricks of gambling finance framed to deceive the electorate. To understand the significance of the great unionist victory in Bermondsey one must take a little review of the situation. The budget had been about seven months before the public. It was roughly handled in the country and in parliament. It was evident by the end of July last that the fortunes of the government were failing rapidly. But on July 30, Mr. Lloyd-George made his Limehouse speech which was nothing more nor less than a violent socialistic appeal to the masses to arraign them against the classes, especially the land owners and licensed interests.

"The rich were to be pauperized and the poor were to be enriched—a political millenium was promised to the proletariat, framed upon an injustice to the holders of property and especially the property holders in land and licenses. It was the gambler's throw and it has met with the gambler's fate, notwithstanding the second edition of the same sort of thing at Newmarket."

One Million Dollars a Month!

TEN HUNDRED THOUSAND DOLLARS EVERY THIRTY DAYS! Can You Realize How Much Money That Is? That Is What the People Who Own This Little Piece of Land Are Dividing Between Them Every Month

It will go on steadily long r than you live, are you getting any of it? The man who has not the nerve to grasp an opportunity like this, with absolutely no chance to lose will never make his money work much for him.

There is no other spot in all the world today which is attracti g as much attention as those few acres. We have extracts from statements by nearly one hundred notable men from almost every nation to the effect that Vancouver and New Westminster occupy such a favora le position that they must soon become one great city. Earl Grey states that they will probably form the n ost important seaport in all the world. New York has almost 400 mil s in docks and is spending nine mil ion dollars in more foreshore. Sir Thomas Shaughnessy is quoted as stating that there would be docks, elevators and manufacturing plants from Port Haney, nine miles above Westminster to the mouth of the river, 12 miles below. Every day the truth of this statement is being verified. The James A. Moore company has just bought 2 1-2 miles.

Imagine what British Columbia will be in ten years from today. The expenditure in railways alone is estimated at several hundred million dollars.

The amount produced from minerals, timber, fisheries, fruit growing, tourist travel, etc., will have grown to such proportions that many who are poor today will be millionaires. For every man on salary or wages the foundation for a fortune can be laid today by investing in lots between the cities of Vancouver and New Westminster.

Trust us with a few dollars monthly to invest for you. Let us sell your property for you when you think best to do so and invest again in the right place. We will give you the benefit of experience gained by watching the growth of both cities closely for twenty years, and we are watching it more closely now than ever, because it is growing *faster and money* is being made quicker now than ever before. We believe we are doing more business with investors throughout the interior than all other firms combined, we have not a dissatisfied client, everyone of them is making money. Give us a trial.

THIRTY-THREE CLAIMS

HAT NUMBER PASS UNDER THE HAMMER

LINE REMAINS UNSOLD AT THE

TAX SALE

Thirty-three crown grant mineral claims were sold for taxes at the annual tax sale of Nelson assessment and collection district, held at the court house yesterday morning. In only two cases was more bid than the amount of taxes charged against the properties. Nine claims remained unsold. Both the sold and unsold claims are subject to redemption for one year. If not redeemed at the end of that period the sold claims will become the property of the persons who bid them in and the unsold ones will revert to the crown. The sale was conducted under the authority of Percy J. Cleaver, tax collector for the district.

The following list shows the claims sold, the amount of their liability, and the parties who bid them in:

CONSERVATIVES ENTHUSIASTIC

Party in Revelstoke Unanimous for Hon. Thomas Taylor

REVELSTOKE, Nov. 2.—The meeting of electors held here last week to appoint delegates to the convention to nominate a candidate for the provincial parliament afforded convincing evidence of the foolishness which inspired the dispatch sent abroad suggesting that some conservatives were inclined to contemplate an indepen dent candidate in the coming election.

As a matter of fact, this strange dispatch has occasioned, locally, consider able astonishment and mirth, as the curious humor which dictated it known as the exclusive property of one individual who created the hypothesis of dissension to fit in with a scheme of personal ambition. Among other amiable qualities, his worship the mayor does not lack a strong sense of the ludicrous, and it would indeed be funny if he did not march himself in order to perpetrate a political joke on the world.

It is needless to say that there is no dissension in the conservative party, and the personality of Mr. Taylor, assisted by his public record and the sense of security which is felt in the administration of the McBride government, has made a strong appeal to the support of liberals and conservatives alike. Indeed the consensus of opinion in the city is that the common cause would have been fittingly served at the present juncture by withholding any opposition to the return of Mr. Taylor to the government.

But even with this spirit familiar in the community the meeting on Monday night was a revelation of enthusiasm in Mr. Taylor's cause. Although no particular pains were taken to advertise the gathering and to advise the friends of the minister of public works that he would be present on the occasion, the attendance outnumbered any similar convention in the history of the city and a large number of electors *subscribed to his support in the election* by signing the association roll.

The business of the meeting did not encourage any essays of oratory, but *a call having been made upon him*, Mr. Taylor responded with a brief outline of the policy of the government and a review of so me of the salient *facts concerning* the administration of public affairs. He expressed the conviction that the nominee of the convention would receive a loyal support in the coming election refraining from any reference to himself pending the action of that body. Mr. Taylor was greeted with enthusiasm, and in the cheers which followed his appearance there was sufficient argument for assumption as to who the people's candidate would be.

In the discussion of the business of the meeting not a discordant note was heard. A committee was appointed to submit the names of gentlemen as delegates to the convention, and their recommendation, which embodied the following names, was unanimously endorsed, the elected delegates being as follows: W. W. Foster, Theodore Wadman, R. D. McDonald, Noah Abrahamson, D. E. Jackson, Angus McLean, B. R. Blacklock, William Clay, T. Long, J. H. Jackson, H. McKinnon, H. J. McSorley, Frank Young, Ernest Sturdy and Frank McCarthy.

STOMACHS FEEL FINE

INDIGESTION, HEARTBURN, GAS AND DYSPEPSIA VANISH

DIAPEPSIN ENDS MISERY FROM STOMACH IN FIVE MINUTES

As there is often some one in your family who suffers an attack of indigestion or some form of stomach trouble, why don't you keep some Diapepsin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Pape's Diapepsin, then you will readily see why it makes indigestion, sour stomach, heartburn and other distress go in five minutes and relieves at once such miseries as belching of gas, eructations of sour undigested food, nausea, headaches, dizziness, constipation and other stomach disorders.

Some folks have tried so long to find relief from indigestion and dyspepsia or an out-of-order stomach with the common every-day cures advertised that they have about made up their minds that they have something else wrong, or believe their is a case of nervousness, gastritis, catarrh of the stomach or cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest. Instead, it ferments and sours, *turns to acid, gas and stomach poison* which putrify, in the digestive track and intestines, and, besides, poison the breath with nauseous odors.

A hearty appetite with thorough digestion, and without the slightest discomfort or misery of the stomach, is waiting for you as soon as you decide to try Pape's Diapepsin.

ENLARGING BANFF HOTEL

C. P. R. Will Double Capacity of Well Known Hostelry

MONTREAL, Nov. 2.—It was announced from C.P.R. headquarters this morning that the company will entirely remodel its hotel at Banff and double its accommodation, making it some 230 rooms instead of 115.

The remodelling is to be of such a character that what is at present the back of the hotel will become the front, so that the hotel instead of facing the road, as now, will face the extremely beautiful valley which has always been so greatly admired by visitors to the hotel. New private swimming baths are also to be constructed with handsome stone flights of stone steps leading down to them from the centre of the hotel facade.

The enlargement has also been decided upon of the company's hotel at Vancouver. The extension will double he capacity of this hotel. All work will be proceeded *with at once.*

AFTER SUFFERING YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

Fox Creek, N.B.—"I have always had pains in the loins and a weakness there, and often after my meals my food would distress me and cause soreness. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better, and I can walk with ambition. I have encouraged *many mothers of* families to take it, as it is the best remedy in the world. You can publish this in the papers." — Mrs. WILLIAM BOURQUE, Fox Creek, N.B., Canada.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

Sale of Government Land at Point Grey, Vancouver, B. C.

On Monday, November 15th, we will place on sale for the Provincial Government by public auction at the Horse Show Building in this city a certain parcel of land situated at Point Grey, containing seven hundred acres, more or less. Point Grey is to be Vancouver's *most fashionable* and beautiful residential district. This property is uniquely situated, with a splendid elevation facing the Gulf of Georgia and Howe Sound and in a few years will be the most beautiful residential district in any city in North America. The land will be put up in parcels of from one half acre up to four acres, on terms of one-quarter cash, balance in one, two and three years at 6 per cent interest. This will undoubtedly be one of the most important sales of land that has ever taken place in this city, and any person interested in Vancouver real estate should not overlook an opportunity to be present.

Contract for G. T. P.

OTTAWA, Nov. 2—The first contract ever entered into by the government with the G.T.P. for a steamship subsidy, has been signed by sir Richard Cartwright on behalf of the department of trade and commerce and C. M. Hays on behalf of the G.T.P. It calls for a subsidy of $200 per trip for a service between Prince Rupert and Queen Charlotte islands, the service to be fortnightly in winter and weekly in summer. The contract expires March 31, 1915.

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by all druggists and dealers.

Fruit Land in 6 to 15-Acre Blocks Adjoining Nelson

This land is situated within a mile of the city and with the expansion of Nelson should become valuable for subdivision purposes.

Some choice pieces front on the Nelson & Fort Sheppard railway and a considerable portion of that lying south of the city on Smelter Flat is in a most advanced state of cultivation, comprising as it does some of the best truck gardens in the district and being set out in strawberries and other small fruits and vegetables, enables the purchaser to obtain a return on the investment from the start.

You are taking no chances when you purchase one of these lots as all the surrounding lots are cleared and set out in fruit trees and in a very short time this section will be one of Nelson's most attractive and substantial suburbs.

Sale Opens Today, Nov. 3rd

At 10 a.m. at our office, Baker Street

TERMS OF SALE—One-fifth cash, balance in four annual payments, 6 per cent. interest.

Price $35 an Acre and Up

To own a Kootenay orchard tract and have the trees bearing means that you are practically independent for life.

Taking 50 apple trees to the acre and five boxes of apples to the tree at $2 per box your land will net you $500 per acre, besides the large amount of small fruit that may be grown in the orchard.

When you add to this the fact that you are within 28 minutes walk from the center of the city, with good wagon roads already built, leading thereto you will see that this is an exceptional opportunity to purchase land on easy terms, that will return you enough, if properly handled, to meet your future payments.

You should in justice to yourself and family investigate these blocks. Call at our office and we will give you maps and prices.

TYPOGRAPHICAL UNION LABEL NELSON, B.C.

LAST NIGHT'S CHOICE

In Mr. Harry Wright, the choice of last night's convention, the conservatives have a candidate whose election can be taken for granted. Mr. Wright has been for the past 13 years a resident of Nelson and practically all that time has been in the public service, either as a government official or as member for Ymir. In his official capacity he has throughout shown marked ability and has gained a wide experience, which will specially fit him to represent the interests not only of this city, but also of the Kootenays generally in the legislature.

Now that they have nominated him as their candidate the conservatives of Nelson owe Mr. Wright a duty. It is to get out and work from now until the polls close on the evening of Nov. 25 to secure his election. Mr. Wright can be depended upon to do his part, and if the conservatives of Nelson do theirs, as they undoubtedly will, he will be elected by a sweeping majority.

ROLL UP THE MAJORITY

If there ever were any doubts as to the fine spirit which prevails in the ranks of the conservative party in Nelson last evening's nominating convention should effectually dispel them. Never in the history of Nelson has there been such a magnificent attendance at a party convention as there was at last evening's gathering, and never has there been shown more enthusiasm nor greater confidence in the result of the polling. It was generally felt by those present last evening that while nominally selecting a conservative candidate they were in reality selecting the next member for Nelson.

This undoubtedly will be the result, but to achieve it work is necessary. Because they feel, and rightly so, that they have a sure thing, the conservatives must not take any chances. They must see to it that their organization is perfected without delay and arrangements made for polling their full strength on election day. There must be no uncertainty about the result, but a majority must be rolled up that will attract the attention of the province and at the same time demonstrate beyond the shadow of doubt where Nelson stands in respect of the government's railway policy and its record generally.

SOCIALIST PLATFORM

Local Option, the organ of the supporters of local option in British Columbia, published at Vancouver, in its last issue contains the following as the views expressed by Mr. James H. Hawthornthwaite, member for Nanaimo, at a meeting held in Vancouver on July 21 last: "I want to tell you that I am against democratic government, and plutocratic government, and aristocratic government, and against socialistic government. In other words, I have no use for government in any way, shape or form."

Mr. Hawthornthwaite, it may be said, is the leader of the socialistic party in British Columbia, and it is in support of him and his platform that the socialists of the Kootenays and the Boundary are putting candidates in the field.

TONIGHT'S CONVENTION

Tonight the liberals of Nelson will meet in convention with the avowed object of selecting a candidate to contest this constituency in the approaching provincial elections. This, of course, is their privilege and The News has no desire to interfere with it. At the same time it is not out of place to say that the man who will be selected tonight will not be put forward with any hope of his winning, but merely for appearance sake. It is felt that it would look bad from a party standpoint to people in other parts of the province were the liberals of the capital of the interior to openly acknowledge that they had no chance of success here by failing to nominate a candidate.

It may, therefore, be expected that tonight's convention will name someone to lead what can well be called a worse than forlorn hope. Who he will be it is at present impossible to say, but he will certainly have the sympatny of the people of Nelson as a whole, but the votes of mighty few.

MR. WADE BREAKS IN

The nomination of Mr. F. C. Wade, K. C., late of the Yukon, as one of the liberal candidates for Vancouver, announced in yesterday's paper, confirms recent rumors concerning the liberal leadership. These have been current for some days and were to the effect that Mr. Wade would try to secure a nomination in Vancouver with the idea of disputing the leadership of the party with Mr. John Oliver. Mr. Wade has now secured the nomination and it remains to be seen what course he will pursue in regard to the eladership.

Mr. Wade signalized his entry into the fight by a vicious attack on the government's railway policy. He declared the agreements were an attempt to destroy representative government and would ruin the credit of the province. In talking this way Mr. Wade is giving voice to utter folly, some might say to absolute rot. Instead of the agreements being an attempt to destroy representative government they are the exact opposite. Premier McBride has made two agreements providing for the construction of as many highly necessary railway lines. These agreements require the sanction of the legislature before becoming effective. Mr. McBride is submitting the agreement to the people and asking their verdict on them before this sanction is granted. If the people do not want these agreements ratified all they have to do is to vote the government out of office. In other words, the people have it in their hands to say whether or not the agreement shall be ratified. Where is there in this any attempt to destroy representative government?

His talk about ruining the credit of the province is sillier still. In the first place, even should the railway default in the payment of the interest on its bonds the province is secured by a first mortgage on the road in this province, so that the province, in any case, cannot possibly lose a cent. To suppose otherwise is to suppose that the country through which the road will pass is absolutely unproductive, that the new road will not be able to secure carrying trade between eastern Canada and British Columbia and vice versa, and that the railway when built will be absolutely valueless. Isn't this a nice position for any sane man to take?

Mr. Wade probably thought he had to distinguish his entry into politics in some way, and he has certainly done so, but not in a way that will win him votes in Vancouver or add to his reputation throughout the province.

HANDLING THE FRUIT CROP

The result to the growers who combined last season to handle their small fruits shows what can be accomplished in this direction. The crops of those who went into the new association last spring were handled with a minimum of cost and without complaint of any kind.

The lesson to be drawn from this is that the fruit crop can be handled successfully through co-operative methods so long as business methods are followed. What was accomplished in a small way during the past season can be accomplished in a larger one during the coming year if the same methods are followed.

In looking over the year's results it is only fair to say that much of the success achieved can be ascribed to the work of Mr. E. K. Beeston, who acted as agent for the association. Mr. Beeston gave the affairs of the association his close attention and with the co-operation of the members comprising it made a showing that is highly creditable to all.

It is to be hoped that, in the interests of fruit growing in this district, the scope of the association may be widened and more of the ranchers get the benefit of the methods which worked out so satisfactorily during the season just past.

EDITORIAL NOTES

Last night's convention spells success on Nov. 25.

McBride and immediate railway construction.

Who will be the victim whom the liberals will offer up tonight?

One week from tomorrow is nomination day and three weeks from tomorrow is election day. The time for work is short.

Last night's convention was a bumper one, but wait for the rally which Premier McBride will address here tomorrow night.

Will Nelson benefit by the construction of a direct railway line to the coast? Those who think it would should support Mr. Harry Wright's candidature.

Premier McBride has made it certain that no Asiatics will be employed on the construction of the railway lines, which the government is aiding in order to supply the province with the transportation facilities which it requires.

Mr. W. R. Ross is again the conservative candidate in Fernie. During the past six years Mr. Ross has been one of the most useful members of the legislature and Fernie will be advancing its own interests by re-electing him.

It will be Mr. Harry Wright, M. P. P., on the evening of Nov. 25.

Openings for Naval Cadets

OTTAWA, Ont., Nov. 2.—In connection with the scheme of naval defense it is understood that facilities will be afforded for the enlistment of naval cadets, and it is probable that educational institutions in different parts of the country will be given the fullest opportunity to enlist a certain number of their students in the service. The cruiser which is to be used as a training ship will arrive early in the summer. Admiral Kingsmill and three naval experts working with him are busily engaged in preparing details of the naval proposition.

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons. GIRDLES WHOLE WORLD

SUNDAY SCHOOL INTERNATIONAL INSTITUTION

CONVENTION OPENS FOR EASTERN BRITISH COLUMBIA

The large assemblage of delegates in Trinity church yesterday evening showed that the Sunday school convention for eastern British Columbia was already a grand success. Joseph Patrick presided and in his opening address promised that no one would go away disappointed. Prof. E. O. Excell took the direction of the choir and using a specially prepared hymn book, speedily had choir and audience singing in sympathy with him. Prof. Excell possesses a rich and pleasing voice which people feel it good to hear and he has the gift of quietly insisting on his singers doing what he bids them. The music of the convention gives promise of being a remarkable feature of the gathering.

Judge Forin welcomed the delegates in the name of the city. The city was one of which its citizens were justly proud, although there were things in it which they hoped to see altered for the better. During his twenty years of residence in British Columbia he had seen many changes. He was convinced that there were untold millions of wealth hidden in the mountains, the production of which had been delayed because the people were not yet fit stewards of that wealth. There was also a newly revealed agricultural value in the soil. The country could sustain a very large population which was sure to come. The welfare of that population was to be promoted by the work of the churches and Sunday schools, which held the highest standards before the people. His remarks were animated and inspiring as those of a worker to his fellow workers in the cause.

The judge was followed by Rev. R. N. Powell on behalf of the churches, speaking in a happy anecdotal vein. The day had gone past when the churches looked askance at the Sunday school, although progress had still to be made in giving the Sunday school its proper place. In his view the Sunday school was even more important than the church. Modern mental science showed that the period of adolescence was a period of supreme importance for the spiritual life. Over this critical period the Sunday school was appointed to watch. It had not so much to bring the children to Jesus as to keep them from wandering away from Him. Such a convention as this was full of encouragement for all as they realized the greatness of the number everywhere engaged in the work.

Rev. T. D. Williamson, general secretary, replied on behalf of the delegates, enlarging in genial terms on the hospitality of Nelson people.

After the singing of Cassel's bright hymn "I'm but a Stranger Here," the chairman introduced Marion Lawrence as " a walking encyclopedia of Sunday school work." Mr. Lawrence in speaking of his topic, "The World Wide Opportunity of the Sunday School," disclaimed the compliment, and explained that he was merely a laymen who 20 years ago had given up business to prosecute Sunday school work, and had been for some years general secretary of the Sunday School Union of North America. His hope was that the convention would provide stimulation, information and a wider vision for all. In North America, Sunday school work had reached high-water mark. He briefly reviewed the great convention held in London, England, in 1889. Two hundred and forty delegates had gone to it from this side, T. L. Phillips was there appointed to organize the work in India and stated after doing so that the Sunday school was the underminer of paganism. Now the lessons were studied in 52 dialects of India every week. Child marriage was the deep stain on the life of India, with its accompaniment of premature and degraded widowhood.

The second world convention was held in St. Louis, U. S. A., in 1893, and it was, as regards members, rather a poor one. It had shown that there were no national boundary lines in Christian work.

In 1898 the third world convention was held again in London. The fourth was held in 1904 in Jerusalem. Mr. Lawrence's description of this assemblage led him toward a stirring description of the large demand for the bible in the languages of Turkey and the Levant. This convention was very expensive, but called the world's attention as never before to the Sunday school. It was shown that the Sunday school work was leading to the elevation of women in Mohammedan countries.

The fifth convention was held in Rome in 1907. Thirteen hundred and twenty-six delegates from all parts of the world attended it. The king of Italy welcomed the convention in glowing terms. Every mention of the Liberator Garibaldi on that occasion evoked enthusiastic applause. Italy contained a nation of 40 millions of high promise, and the young generation was rising up in splendid hope. The next convention would be held in Washington, D.C.

A rapid glance was taken at the progress of the work in Japan, Korea, China Mexico, the West Indies, South America and other parts of the world. Mr. Lawrence's survey was presented with a stirring eloquence which kept his audience enchained and sent them home rejoicing in the magnificent dimensions of the work in which all were engaged.

The following is a list of the delegates from other places than Nelson:

Creston—Rev. F. J. Sutherland, Rev. Mr. McLeod.

Elko—Mrs. I. Todhunter.

Fernie—Donald McKenzie, Rev. Mr. White.

REMITTANCE ARRIVED

Good House Greets "Remittance Man" in Nelson

A fair house greeted "The Remittance Man" at the opera house last night, and apparently thoroughly enjoyed the production. The play had the customary elements of melodrama—hero, heroine, villain, jealous husband, injured wife, and a good variety of minor parts, and, the remittance man. In general it can be said that the acting was creditable, and the girls were pretty, and the various male encumbrances were not to be blamed for falling in love with them and getting into furors of jealousy. A pistol shot ended the career of the ill-starred villain a moment before the last curtain fell, and all the lovers' tangles were at the same moment happily solved. To cap the jealous climax, the remittance man burst to the front flourishing a letter and exclaiming "And my remittance has come." From the title one would have expected an essentially Canadian atmosphere, but save for he presence of the remittance man, the plot might have been the product of any English-speaking country under the canopy.

Judgment Dismissed

TORONTO, Nov. 2—Mr. justice Riddell today gave judgment dismissing with costs the action brought against the National Trust company by Louis E. Whicher of New York. The plaintiff claimed payment of $8200 and interest on $10,000 par value of bonds of the Dominion Copper company of British Columbia, secured by mortgage to the defendant as trustee. He also claimed the specific performance of a certain contract of damages for its breach. The mortgage was given to secure bonds issued by the dominion Copper company on June 1, 1905 and the plaintiff became the holder of $10,000 of these.

Lord Northcliffe Homeward Bound

ST. JOHNS, Nfld., Nov. 2.—Lord Northcliffe, who has been spending a month in Newfoundland inspecting the industrial prospects in this province, left today for Canada, accompanied by Lady Northcliffe. He will visit Montreal and Ottawa, delivering an address before the Canadian club in the latter city, then he will proceed to New York and will sail from that city on Nov. 18 for London.

False Touch

HAMILTON, Ont., Nov. 2.—Sergt. Cowan of the Royal Northwest Mounted Police arrived here today to take Fred J. Veal back to Regina, where he is wanted on a charge of obtaining loans from a number of Saskatchewan people by representing to them that he had to go to Hamilton to attend the funeral of a relative who had left him some money.

PATRIARCHS MILITANT

CANTON IS ORGANIZED IN THE LOCAL ENCAMPMENT

PAST GRAND SIRE CROWHURST ON ODDFELLOWSHIP

A canton of Patriarchs Militant was organized last night among the members of the local encampment of the I. O. O. F., after the Rebekahs had entertained William Crowhurst, representative of the Sovereign Grand Lodge of the order. Past Grand Sire Crowhurst, who is a colonel of the staff of the Grand Lodge conferred the degree on a number of candidates.

The veteran official is an Englishman of venerable appearance. For the past two and a half years he has been on this side of the water, and for that whole period has been organizing for the degree in the Pacific Northwest. He has organized 67 communities in Idaho, Oregon, Washington, Montana and British Columbia. Last week he organizes communities at Trail and Rossland.

"The degree of the Patriarchs Militant is 25 years old," said Col. Crowhurst in discussing his work. "There are now some 70,000 to 80,000 members of this degree in the whole world. I have had the honor of initiating personally 1,120 members. The last annual world gathering of Oddfellowship was in Seattle in September, and the monster parade, representing a total membership of the order of 1,888,376—the figures of Dec. 31, 1908—was headed by 1,200 members of the degree. I have just received a summons to go east and take up the work of organizing in the states of Minnesota, Deleware, Maryland and Georgia.

"A higher degree than that of the Patriarchs Militant os that of Knights of Ladies of the Decoration of Chivalry. The highest degree of the order, corresponding to that of the thirty-third degree in Masonry, is that of Knights of the Grand Decoration."

Col. Crowhurst wears the emblem of the last mentioned decoration.

MAN MILLION YEARS OLD

RECENT DISCOVERIES IN PREGLACIAL FORMATION

COMPLETE REVISION OF OLD THEORIES NECESSARY

The recent discoveries of human remains in France and Germany ave necessitated a considerable revision of the old theories as to the origin and development of the human race. The discovery by Dr. Schoetensack at Maur, near Heidelberg, of the lower jaw of a man in a pre-glacial deposit has caused a great revival in the interest attaching to the antiquity of man, and attracted the attention of the leading antaropologists of Europe.

This increased interest in the subject has been met by the authorities of the Natural History museum at South Kensington by the arrangement of a collection of casts and original specimens of the oldest human remains. All the discoveries tend greatly to increase the presumptive antiquity of man's presence on earth, and even to throw some light on the degree of culture and civilization he possessed.

The Heidelberg remains are certainly pre-glacial, and are older than any yet discovered. The marked affinity which the mandible or lower jaw presented to those of the anthropoid apes had led many to think that we had here the missing link. The most striking of these resemblances are the size and thickness of the jaw and the absence of any trace of chin formation. But against these must be set the presence of a complete set of teeth agreeing in dentition with those of the human race of today, and presenting most marked variations from those of any of the anthropoids. The difference is so marked as to lead anthropologists to regard the human dentition as more primitive than that of the ape family and it is now generally admitted that no anthropoid stage immediately preceded the age of the Heidelberg man.

Comparing the Heidelberg remains with the Neanderthal skull, which has long formed a standard, the changes which must have taken place are so numerous and marked that the suggested million of years as the age of the Heidelberg skull seems reasonably justifiable.

Intermediate between the two comes the skeleton found at Chapelle-aux-Saints in France, which has now been partially reconstructed. It is the remains of a very old man about 4 feet high. The large size of the lower jaw and the absence of any chin formation, together with the wide nasal aperture and brow arches, serve as connecting links.

It is important to notice that ancient as these remains are they afford some evidence that man was even then far removed from the brute creation, and possessed some beginnings of civilization. The skeleton found at Le Monstiere shows that Diluvial man buried his dead and did not leave them to chance. The bodies were found in the position of sleep, the head turned to the right and the right arm under the head, while near the body were placed worked palaeolithic flints, tools, or weapons. So man had reached the tool-making stage, and had a belief in the wants of the dead.

The skeleton at Chapelle-aux-Saints was carefully laid out on its back, with portions of a bovine animal near as a food offering, resembling in this respect the early stages of a prehistoric ritual of burial in Egypt.

Not Barton Murderer

HAMILTON, Nov. 2—Although some people who saw the Barton murderer profess to see a resemblance in the pictures of Otto Mueller, charged with murder at New York and the provincial authorities on the strength of this have begun an investigation, the theory was pretty well exploded today when an official description of Mueller was received. The Islip murdered weighs only 140 pounds and is 5 feet 7 1-2 inches in height. The Barton murderer according to the police was 5 feet 10 inches and weighed about 180.

CHILDREN'S WINTER COATS

Only $3.00

Only $3.00

We have some nice winter coats for children, 4 to 10 years of age. Coats that will keep them nice and warm in the cold weather and look nice too.

There's barely a dozen of them left, so instead of the usual prices of $4 and $5 for these, to clear them out they all go in at one price, $3. They're made of diagonal cloth and the colors are navy and green.

This is a snap to get winter coats at a price like this, so early in the season and as there are so few, it will be first come first served.

VANCOUVER REAL ESTATE

TERMINAL CITY IS SCENE OF GREAT ACTIVITY

BURNABY AND OTHER DISTRICTS ALSO GETTING ATTENTION

Without doubt the scene of the greatest real estate activity in Canada at the present time is Vancouver and its environs. The possibilities of the Terminal city are at last beginning to be realized, and as this is done not only Canadian but also British and foreign capital is pouring in. The city's future as a seaport is assured beyond question; it is fast developing into an important industrial centre and generally is building up a permanent position as the Metropolis of British Columbia and one of the most important cities in Canada, of which it is destined to remain for all time the great western gateway. This is evidenced by the rush of railways there. The C. P. R., Canada's great pioneer road, discovered, or made, Vancouver as you will. Largely through its position as the Pacific coast terminus of that railway the city had reached its present stirring position. Now, however, the city's commanding trade position is recognized, not only by all Canadian roads, but also by the big American systems operating in the west. The Canadian Northern will, within a comparatively short time, be running into Vancouver, and will be followed shortly after by the Grand Trunk Pacific, despite the fact that it will have a seaport of its own farther north. The Hill roads, the Northern Pacific and the Great Northern have already secured large terminal facilities there, and the Chicago, Milwaukee & St. Paul and the Harriman system are also heading that way.

But the attention which Vancouver has attracted to the Pacific coast is not confined to that city alone. New Westminster, owing to its proximity, is also attracting the eyes of many, as is also property in the neighborhood of both.

New Westminster is rapidly developing as an industrial centre and also has tributary to it an immensely rich agricultural district. It is growing rapidly and is destined to enjoy still greater progress in the future. Of the places in the neighborhood of Vancouver and New Westminster one of the most favorably regarded by investors at the present time, and rightly so, is Burnaby, which is located on the car line about half way between the two cities. As Vancouver and New Westminster grow Burnaby property is bound to increase in value by leaps and bounds. This fact is being more fully realized every day and people are investing in rapidly increasing numbers. Among the investors recently have been many Kootenaians, including several Nelsonites, buying through the Wright investment company of this city. Those who know anything of Burnaby's location and realize the manner in which Vancouver and New Westminster are forging ahead cannot fail to recognize that excellent value Burnaby property is at the present prices.

LECTURE IN AN ORCHARD

COLUMBIA GARDENS VISITED BY HORTICULTURIST

MR. [illegible] DESCRIBES THE [illegible] SETTLEMENT

The Columbia Gardens [illegible] S. Middleton, assistant horticulturist under the provincial government. An orchard meeting, with about 25 ranchers present, was held in the orchard of Mrs. Saunders [illegible] Mr. Middleton discussed with the ranchers the subjects of pruning, cultivating and the general care of a young orchard, personally demonstrating whenever practicable. After the meeting the expert took a tramp through all the orchards of the settlement, gaining local information.

Speaking of his visit, while at the Hume Monday night, Mr. Middleton said:

"Columbia Gardens is a very progressive settlement, which was started about three years ago on the Columbia river, about six miles from the boundary line.

"The soil, although varied, is, generally speaking, a sandy loam soil with an open subsoil. There is an excellent irrigation system laid throughout the whole area and plenty of water is available. The trees, which are, of course, young yet, are making a wonderful showing. Vegetables of all kinds are grown to perfection. Clover and corn deserve particular mention and the former's luxuriancy is being taken advantage of by the farmers in supplying the nitrogen and humus to their soils.

"The settlement consists of a series of beautiful level benches, well protected by the wooded hills which partly surround it. Sayward, the shipping point on the Great Northern, is centrally located, with excellent roads stretching from it in all directions throughout the valley. These advantages, along with the efforts of the intelligent and energetic farmers in this part are bound to make Columbia Gardens a place of prominence in the near future.

PRISONER BREAKS JAIL

"REDDY" McLEOD GETS OUT OF KASLO LOCKUP

SOMEONE PASSED HIM IN STICK OF WOOD ON HALLOWE'EN

Kaslo has been enjoying more or less of a sensation during the past few days, the result of a bold escape from jail there on Sunday night, the principal in the affair being Norman McLeod, more generally known as "Reddy" McLeod.

McLeod, who is well known in the Kootenays, having at one time conducted a hotel at Argenta, was arrested the latter part of last week on a charge of housebreaking, the accusation being that he had entered a saloon unbeknown through the back door at a time when the place was supposed by its owner to be closed. McLeod was given a preliminary hearing and committed for trial.

He was remanded to the city jail for safe-keeping pending his removal to the provincial jail here. Sunday night being hallowe'en, some person, probably with the idea of playing a joke passed McLeod in a stick of cord wood. This he made good use of, prying the iron bars sufficient apart to allow him to escape. All efforts to locate him have so far been unavailing, but, except for the fact that people are not disposed to lightly regard the escape of a prisoner, there is little regret in Kaslo over McLeod's departure, as he is not likely to return to that city of his own accord for a long time to come.

WILL DEVELOP MINES

HIGHLAND-UNITED AT AINSWORTH PASSES INSPECTION

MESSRS. WELLS AND PROCTER REPORT FAVORABLY

The Highland-United mining properties at Ainsworth have just been the subject of a very favorable report and as a result it is known that the present plans of development will be carried to completion with the prospect of operations being placed on a much larger scale next spring.

E. A. Wells and T. G. Procter, the local directors of the Highland-United Mining company, have just made a thorough inspection of both the properties and the work done for the benefit of the eastern directors and their report has just been mailed to New York. The report presented to the mines is very favorable light and it is expected that it will prove satisfactory to the eastern interests. The recommendations of the local directors are acted upon, as it is expected they will be, the development of the company's enterprises will undoubtedly mean a great deal to the district looking to Ainsworth once again [illegible] was in the early days.

Speaking of the position of affairs with the Highland-United, Mr. Wells said: "Mr. Procter and myself have just completed a thorough and detailed inspection of the Highland-United properties, together with J. S. Airhead, manager of the mines. Between 65 and 75 men are employed and work is proceeding energetically on both properties. A compressor plant is being installed on the Highland and will be working in two weeks. For the United the company purchased the well known Taylor compressor plant at Coffey creek, and for the last few weeks the air from this plant has been used for power purposes in the mine.

"The main shaft in the United has already been sunk about 40 feet below the old workings, and with everything going at the present rate of progress, the 200 feet depth below the old workings which is aimed at should be accomplished by the first of the year. Every indication points toward the ore body continuing to this depth. As soon as this is proved a tramway will be built connection with the Highland mill at Ainsworth.

"This mill is a 200 ton plant, up to date in every respect. It is running continuously on ore supplied by the Highland mine. The gangs will be maintained at least at their present size until they are increased in the spring."

OLD PEOPLE SUFFER TORTURES with their BACKS

Here Is Good News for Them at Point.

Old age exacts its penalty. The kidneys become weak or strained during the busy years of a lifetime. Plasters, ointments and liniments only ease the pain—they can't reach the Kidneys. As soon as the effects of such remedies wear off the pain returns worse than ever because the kidneys are worse.

West Fort William, Nov. 7th, 1908.

"I have been troubled with a Lame Back for the past twenty years and have used plasters and ointment without effect. At last I tried Gin Pills, which proved just the thing and I would highly recommend them to anyone who has Strained or Lame Back."

H. HARKNESS.

Gin Pills, you see, act directly on the Kidneys—relieving the pain—giving them new strength—and neutralizing Uric Acid, which is generally formed when there is Kidney Trouble.

Try Gin Pills, yourself, before buying the regular 50c box. Write the National Drug & Chemical Co. Dept. BC Toronto, Ont., and they will send you a free sample of Gin Pills by return mail. 5

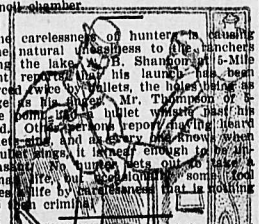
NELSON NEWS OF THE DAY

The ball of the Nelson Boat club will take place at the armory on the evening of Nov. 12.

The directors of the Nelson Agricultural and Industrial association met on Monday afternoon and prepared reports for the annual shareholders' meeting, which will be held tomorrow afternoon in the city council chamber.



The carelessness of hunters is causing some natural uneasiness to the ranchers along the lake. W. B. Shanson of 5-Mile point reported that his launch has been pierced twice by bullets, the holes being as large as his finger. Mr. Thompson of 5-Mile point had a bullet whistle past his head. Other persons report having heard bullets sing, and as every one knows when a bullet sings, it is near enough to be unpleasant. No hunter lets out to take a human life, but occasionally some fool takes a life by carelessness that is nothing less than criminal.

"Let me suggest," it is timely to remind you that the Queen Bee is in the [illegible] block.

The evening classes of Jost and Shaw will meet in their permanent rooms, at the corner of Baker and Falls, opposite the Alice roller rink, at sharp 7 o'clock, on Monday, Wednesday and Friday.

Queen is synonymous with Quality, hence the name "Queen Stylish."

W. G. Thofson, Nelson's bookseller and stationer has received from the puublishers, copies of eight songs by Mrs. Elsie Fellows White, more familiarly known, perhaps, to many in Nelson, as Mrs. Bruce White. Mrs. White's songs are attracting considerable attention and the [illegible] being sung at concerts and [illegible] cals. They are for sale at Thompson's [illegible]

CO-OPERATIVE STORE

GOOD PROGRESS BEING MADE IN ORGANIZATION

RESOLUTION WHICH STARTED MOVEMENT GOING

The evolution of the Nelson co-operative store from paper to reality is proceeding rapidly. Within one week of the organizing meeting, which was on Oct. 11, one fifth of the amount required was subscribed. Another week has elapsed and subscriptions are constantly coming in. Shares of $25 each may be purchased any Saturday evening between 7 and 8 o'clock at Miners' union hall, where a member of the committee will be in attendance. Four shares is the largest holding permitted to any one individual.

Shares will bear interest at 5 per cent. Shareholders may obtain credit at the store to the extent of $20 per share of stock held by them. Non-shareholders are entitled to a discount of 5 per cent on their purchases. This dividends become payable on May 15 and Nov. 15 of each year. A qualified manager with committee of five will be elected from the shareholders to transact all business.

The resolution which brought the organization into being defines the other points of importance and reads as follows:

"1. That we appoint a committee consisting of three shareholders to collect and deposit money in their names with the end in view of starting a co-operative store.

"2. When such money shall reach $1,000 the committee shall call the stockholders and draw up rules, etc.

At the end of six months, if the $5,000 is not raised, it is understood that the money will all be returned to the stockholders. If for any reason the committee should find it advisable to do so, they shall call a meeting, or, at the request of at least ten members in writing, they shall be compelled to call a general meeting.

"3. Any person may put up the amount of $5 per month, shares to be $25 each, until such time as the $5,000 are raised, then the members can decide what the shares shall be worth.

"4. No persons can subscribe more than [illegible]. Any person having three-fifths of a share paid up shall have one vote at the general meeting. No person can have more than one vote."

IN PROGRESSIVE NAKUSP

Many Improvements in Busy Burg—Need for High School

NAKUSP, B. C., Nov. 2.—L. F. McDougall, until a year or so ago proprietor of the Leland hotel here, has taken over the business of Sherlock Bros., tobacconist, opposite the station. It is Mr. McDougall's intention to carry on other lines of business and the a billiard and pool room. Mr. McDougall is very popular with the public and with his good business ability is bound to make a success of his new undertaking.

The increase in the number of children of school age almost demands an additional school, which would make the third in the district. The school at Brouse opened up this fall. The residents of the northeast portion of the town are now agitating for one near the Methodist church. It is claimed that the school population in that immediate vicinity numbers between and 40 children, and that the town school is too far for the children to walk. Representations are being made to the government for this addition and a school site has been promised free. The next need will be for a graded or high school for the town. Nakusp lends itself as a natural central point for this purpose, for, with the establishment of the innumerable schools along the river and lakes to the south, a high school at Nakusp will be an absolute necessity.

Up-to-dateness is the order of things in this progressive burg and almost every day sees something new in one way or another. It is not the arrival of some new settlers it is something equally as interesting. Today saw an innovation at the Leland hotel, when an excellent orchestra furnished pleasing music at lunch and dinner. For this occasion the popular proprietors, Ogilvie & Mendrick, had a number of their friends as well as their regular guests. Suitable songs were rendered with accompaniments, which, with the delicious menu served, offered a time not to be forgotten by those fortunate enough to be present.

H. J. and Mrs. La Brash of the Grand Hotel have left for Edmonton and other points in Alberta. The departure of Mr. La Brash from this town is much to be regretted. While in business as proprietor of the hotel, he proved himself a most valuable citizen, taking prominent part in all matters tending to the good of the place. As a hotel man his house was thoroughly well kept and within the limits of the law. As a member of the board of trade and the local liberal executive he will be greatly missed, and the citizens wish him the fortune his ability deserves in his new field of operation.

Mr. H. L. Rothwell, the popular manager of the Canadian Bank of Commerce, is spending his vacation locally so far. He, in company of W. Scott, took a launching trip as far as Edgewood last week and stopped off at the numerous fruit ranches along the river. Mr. Rothwell says that the trip proved a revelation to him and that the possibilities of the Columbia valley as a fruit-growing country were great and unlimited. A passenger on the steamers could have no conception of the beautiful places to be found on the benches and by-valleys beyond the scope of the eye. Mr. Rothwell combined pleasure with business in the interests of his institution and stated that the outlook for Nakusp as a business centre was unquestionably rosy. Everything in the way of development was in its infancy, but when the timber was logged, the thousands of acres cleared, and the land producing its fruits, all the business in connection therewith would undoubtedly be transacted at the most central point, and that place, with all its advantages and transportation facilities, was Nakusp. Mr. Rothwell leaves for the coast to spend the balance of his vacation on Tuesday.

The postal authorities have made a slight concession in favor of Nakusp by allowing mail to be made up daily from Burton City to Nakusp. This, however, is only partially satisfactory. The residents of Nakusp and down river points will continue to register their strong displeasure at the nonsensical method of sending mail past local points to Nelson and back, when, without extra service or other inconvenience, it could be put off direct and a day saved. The board of trade is again taking this matter up vigorously and intend to follow it until the rights of the case is recognized and the trouble remedied.

Mr. Quance of Dehil, Ont., is expected to arrive in town in a few days to select his mill site, and operations are

ANNUAL MEETING

The annual meeting of the members of the Nelson Agricultural and Industrial association will be held in the city hall on Thursday, Nov. 4 next, at 2 o'clock in the afternoon, for receiving reports of officers, and the election of officers for the ensuing year. All persons holding membership tickets are entitled to take part in the proceedings and vote on the election of officers.

D. C. McMORRIS,
Secretary.

Nelson, B. C., Oct. 30, 1909.

association at its annual meeting held last week.

Mrs. F. P. Burden and Mrs. Robinson will be at home today and on the first Wednesday of every month during the winter.

The rebate period in connection with the payment of city taxes for the current year has passed. During November and December the taxes are payable at par.

J. Carter, who did not heed the magistrate's warning to change his ways, was yesterday sent to gaol for sixty days by Magistrate Crease, for drunkenness.

James Grant, an old time prospector in the Kootenay district, leaves this morning on a well earned vacation, extending over several weeks. Mr. Grant will visit relatives and friends in Ontario, and incidentally enlighten his eastern friends regarding the province in which he has spent so long a time.

Joe, a Celestial accused of attempting to steal stockings from off a clothesline, appeared before Magistrate Crease yesterday morning, and was remanded to this morning for trial.

Little Jack Thompson, who was injured by a falling boulder Monday afternoon, and who is in a serious condition at the Home hospital, has been holding his own up to the present. The crisis has not been reached.

Martin Burrell, M.P. for Yale-Cariboo, is in Nelson, en route to Ottawa to take up his parliamentary duties for the session. Mr. Burrell states that the chances of Conservative victory in both Greenwood and Grand Forks are exceedingly bright.

George Nunn, formerly manager of the Nelson branch of A. Macdonald & Co., but for the last two years and a half in the real estate business in Vancouver, is spending a day or two in Nelson. He is removing to Creston, where he will open a real estate office.

The regular meeting of Nelson nest No. 156, American Order of Owls, will be held tonight in their lodge room, Fraternity hall, commencing at 8 o'clock sharp. All members are requested to be in attendance as there will be bus ness of importance brought up at this meeting.

The funeral of the late Leo A. F. P. McAstocker, who died at Greenwood Monday night as a result of injuries received in Sunday's wreck near Eholt, will be held tomorrow at 10 o'clock, from the family residence, 312 Robson street, to the Church of Mary Immaculate.

The number of householders who fulfilled the conditions necessary to being registered on the civic voters' list was 442, a very respectable number. During November persons who are entitled to be assessed for property, but have not been so assessed, may have their names placed upon the assessment roll, thereby securing a place on the civic voters' list.

The apples for the Spokane apple show will leave Nelson on Friday morning, the committee having decided to ship the Nelson and Arrow lakes exhibit with that from Vernon, which will arrive in this city tonight. Here the apples will be put in a fast freight car, instead of being sent by express as originally intended. In order to have the exhibits on hand in time, J. E. Annable will go up the west arm in a launch this morning, calling at the various ranches to secure their offerings. The committee has wired to F. G. Fauquier, who is collecting the Arrow lakes exhibit, to forward that by express today so that it will arrive here this evening in time to be placed in the Vernon car. The committee in charge has accepted the plans of J. T. Bealby for the decorations and the display will be made following the lines of Mr. Bealbys drawings. Mr. Annable desires to say that any one having plate fruit suitable for the fair should send it in before this evening and it will be placed in the car with the other portions of the exhibit.

A conference took place on Monday between Capt, J. C. Gore, superintendent of lake and river service, and R. G. McNeille, district passenger agent, representing the C. P. R., and F. A. Starkey and E. K. Beeston, respectively president and secretary of the board of trade, in regard to passenger rates on the portions of the Crow line affected by the water transportation. On this subject the Nelson board of trade is expected to appear before the railway commission tomorrow as the representative of F. W. Godsal of Cowley, Alta.

BOSTONIANS TOMORROW

Juveniles Will Open Engagement in the Opera House

After an absence of two years the Juvenile Bostonians are to appear here for three nights commencing Thursday evening, for the approval of the music loving public. They are too well known to require extended comment. They have long been the established standard by which all juvenile companies have unsuccessfully aspired. Babe Mason, that petite child comedienne, who has endeared herself into the hearts of her auditors, will positively appear and her capricious actions and funny self will more than bring back memories of loving ties which bound the little folks to the heart strings of the public long ago. Needless to say the company is a little larger a little older and a little better, and their appearance at this time deserves the liberal patronge of all music loving people of Nelson. Mr. E. A. Wolf, L.C.M., the able musical director who has long been identified with juvenile attractions, and has estblished a reputation for introducing the greatest number of musical gems through this country, will be in evidence, and among the catchy numbers to be offered at this time are "Gee, There's Class to a girl like you," "The Boo-gie O-o-gie Man," "I Wonder Who Is Kissing Her Now," "Everybody Knows Its There," "Hello People," "How Did the Bird Know that," "Then That Cigar Went Out." Judging from their reputation and past performances, standing room will be at a premium, therefore reservation for seats should be made early.

Tonight the Arcade will uphold their well chosen motto "Hearty laughter." Seldom has their been shown such a collection of really humorous comedies. The program is all comedy with the exception of one short comedy entitled "The Bandits," a story of the Italian Camorra, by the Vitagraph company. The following are all bound to raise a hearty laugh: "Humors of Amateur Golf," a fine English film by C. Uuban; "A Dozen Fresh Eggs," "Misadventures of a Sheriff," "An Occasional Porter," "Exciting Ride," and troubles of a cook," all by Pathe Freres of France. Miss Mackenzie will sing. There will be a matinee today at 2.30.

The feature film on the program at the Empire theatre tonight is a splendid one and tells the story of a surveyor, who, whilst out surveying, runs across White Fawn, who runs with him but is pursued by the Indian who catches up to them. After the white man has grown tired of the girl and discarded her, then the Indian has his revenge. Other subjects are "A Criminal Hypnotist," "Those Boys," and "An intruding Husband. Miss Wedell will sing the illustrated song "When Our Firemen Meet Their Foe."

The program for tonight at the Gem theatre is up to the usual high standard. The feature subject, "In the Days of witchcraft," is a fine dramatic subject containing a good love story, and is beautifully colored and appropriately costumed and staged. "Cigarette Making" is an extra good scenic subject by the Vitograph Film company. It shows the entire process from the time the tobacco is picked until it is turned out in the form of a perfect cigarette. This picture was taken in a bona fide tobacco factory and is remarkably well photographed. "The Hold-up Held Up" is a side-splitting comic subject. "Where Theres a Will Theres a Way" is an excellent comedy drama that will keep you laughing at the rate of twelve laughs to a foot. Mabelle Boccasini will sing "Some Day When Dreams Come True." This program will also be repeated this afternoon at 2.30.
