WAR CLOUD IS PASSING AWAY

Paris Now Shares Optimism of Berlin

FRANCE'S POSITION IS STRENGTHENED

Firmness and Tenacity of Government Creates Good Impression

PARIS, Sept. 19—The long period of national anxiety attendance on the Moroccan negotiations is drawing toward a satisfactory conclusion. The French people have been slow in accepting the optimism which has prevailed in Berlin for some days and it was only today after a semi-official communication to the press, based on Ambassador Cambon's telegraphic report to the foreign minister that sufficient reason appeared for the conviction that the six months of uncertainty is nearing an end.

A second semi-official communication tonight says that although the question of the economic interests of Germany in Morocco appears to be on the eve of settlement there remain other disputed points still to be settled. Among these are the questions relating to consular courts and a system whereby the legations and consulates take certain natives under their protection. France desires in this regard that Germany shall accept in principle the eventual abrogation of the convention of Madrid concerning the question of jurisdiction in Morocco and that Germany shall not undertake to increase the number of her proteges while awaiting such abrogation.

The French people, particularly the business world, have become weary of the delay and agitation. It is the most serious controversy France has had with Germany since 1870 and the unity of the people, the firmness and tenacity of the government towards a formidable neighbor, with Great Britain always as a friend in the background, is regarded by foreign observers as worth the strain and worry that have been undergone. France's position in Europe it is generally considered, has been greatly strengthened.

Cannot Abandon Demands

BERLIN, Sept. 19—A semi-official news agency, referring to the latest negotiations between the German foreign minister and the French ambassador says that there are German demands of a fundamental character which it cannot abandon. Regarding these a formal settlement was embodied in a letter which was handed to M. Cambon by Herr von Kiderlin-Waechter, but these officials concluded that it was more practicable to discuss orally the existing points of differences and try to prepare an outline which would do justice to the views of both parties. There arose, however, several counter proposals which the negotiators agreed to submit to their governments.

MARTIAL LAW IN AUSTRIAN CAPITAL

Mob Kills Judge and Wounds Court Officers—Thousands of Troops Surround Palace

VIENNA, Sept. 19—Vienna last night was in the hands of the military authorities. The garrison has been reinforced by other regiments and all the palaces and buildings are guarded.

Two thousand troops surround the Schonbrunn palace. Martial law has been declared in the Ottakring district district where serious disorders occ where serious disorders occurred. This district is now occupied by about 6,000 troops. Disturbances of a minor nature occurred there last evening but the soldiers are in control.

An official dispatch from Vienna says the mob stormed the town hall in the adjacent township of Culroa killing the judge and wounding the court officers who were engaged in the trial of rioters. Customs house guards finally dispersed the mob.

ATEMPT TO MURDER FAMILY.

GIMLI, Man., Sept. 19.—Louis Ulrich, who lives about five miles south of here, has reported to the provincial police the attempt of an unknown desperado to kill his wife and family in his absence from home. Fred Ulrich, of Winnipeg, has arranged with the provincial police at headquarters, to have a party sent up here to scour the woods in search of the criminal, who, it is said, attacked Mrs. Ulrich and children.

PREMIER RAISES ENTHUSIASM

Vancouver Meeting Most Successful of Campaign

THOUSANDS UNABLE TO GET ADMISSION

Reciprocity Insidious, Anti-Imperial Proposal– Attorney-General Speaks

(Special to The Daily News.)

VANCOUVER, B.C., Sept. 19—The greatest meeting of the Vancouver campaign tonight heard Premier McBride and Attorney General Bowser upon the issues, chiefly the reciprocity pact, which was denounced by both as the most insidious anti-imperial proposal, spurned and rejected by every patriotic Canadian in the country.

The opera house was crowded to the doors within 15 minutes by a vast crowd which had waited there an hour for the first door to open. Thousands were turned away. Some of these went to Joe Martin's meeting which was also packed. Over 150 prominent Conservatives of Vancouver supported the premier on the platform. Mr. McBride stood under a great gold framed oil portrait of himself. He received a remarkable ovation, as did the attorney general.

The premier devoted considerable time to the Asiatic question. The scandals of the public works department was another phase touched on by Mr. McBride and in dealing with reciprocity the premier said that the Conservatives had been accused of merely waving the flag. "We cannot wave the flag too high or too long in this hour of national emergency," he declared and a remarkable outburst of patriotism followed. The audience rose and sang "Rule Britannia" with remarkable vigor and then settled down to listen to Hon. W. J. Bowser, who in his address touched on the question of provincial rights and then summarized Sir Wilfrid's rapid changes of policy He characterized Sir Wilfrid as a man whose political convictions had no stability and who was willing to trim his sails to the prevailing breezes. Towards the conclusion of his speech Mr. Bowser referred to the impost on paper exported from the provinces which placed an export duty on logs, as contained in the reciprocity pact and in connection with this declared: "I have the authority of the provincial government to say to Sir Wilfrid Laurier that despite any impost they may put on paper manufactured in British Columbia we are not going to take off the export duty on logs."

Tremendous cheers greeted this declaration and as Mr. Bowser took his seat the house rose and sang "The Maple Leaf Forever."

The meeting was the most successful gathering sponsored by the Conservatives in this campaign and the audience was apparently with the speakers without a dissenting voice. Mr. McBride came in for a great ovation. Cheer upon cheer arose as the prelier arose to address the vast audience.

"In days past you have rallied to my side and to my support," said the premier, "and tonight I would appeal to you to rally to the support of every candidate. Show eastern Canada with what emphasis we propose to condemn the reciprocity pact and with what strength and energy we propose to support the next prime minister,, R. L. Borden.

"In the past nine days I have travelled over 1,500 miles in the principal centres of the interior of the province and I can tell you that the enthusiasm and attendance here tonight is not in advance of what I have experienced and witnessed elsewhere through the upper country. I found in the interior the same determination to fight and the same assurance of victory.

"The Liberals tell us, particularly in Kootenay that reciprocity is the whole issue of the campaign and they do not want to discuss the government's record," said the premier. "Sir Wilfrid by his own acts tells the whole electorate what his record is worth. Do you ever hear of the Asiatic problem from the Liberals?" asked the premier.

The premier retold the history of the oriental problem in British Columbia, how Sir Wilfrid carried the west in 1896 by wiring that on this important question the "views of the west would prevail," "He has failed to give us the prohibition of Asiatic immigration to which he pledged himself," declared the premier. When the G. T. P. bill was before the house of commons the clause to exclude Asiatics from work on construction was killed by Sir Wilfrid's government and it was only the action of the provincial government of British Columbia which prevented a horde of orientals being employed on the mountain section.

Uncle Sam—You're so darned Prosperous Johnny, and I've more industrial Depression than I want, let's change a little.

Tomorrow Is Election Day--- Kootenay Polls On Coast Time

Tomorrow, Thursday, is election day in Kootenay, Yale-Cariboo and all over Canada.

Polling in that portion of Kootenay east of Kootenay Landing will take place between the hours of 10 o'clock in the morning and 6 o'clock in the evening, local time and west of Kootenay Landing between 9 o'clock and 5 o'clock, local time. This means that Coast time will prevail all over the riding and ensures uniform hours for the opening and closing of the polls.

The five polling booths in Nelson will all be located in the drill hall on Victoria street, opposite the Strathcona hotel. This will be the only place in the city at which votes can be cast.

In Fairview the polling booth will be located opposite Fleming's store, near the corner of Behnsen and First streets.

Election returns tomorrow night will be displayed at the Hume hotel, the Madden house and at the Conservative and Liberal committee rooms.

SHOULD CONTROL CANADIAN MARKET

American Consul Tells United States of Opportunities to Follow Reciprocity Pact

HALIFAX, N.S., Sept. 19—The Halifax Herald tomorrow will publish a secret and confidential circular from the department of commerce and labor at Washington, dated Sept. 1, 1911, enclosing the report of the United States consul general, J. E. Jones of Winnipeg, under date of Aug. 23, 1911. The department in a preparatory note says the report commands the earnest consideration of the trade organizations and businessmen of the United States and that the information should be discreetly and effectively made known to the organizations to which it is sent.

The circular begins by stating that persons receiving the circular are cautioned that the information contained therein should not under any circumstances be published and that the same is furnished with the understanding that it is to be used only for the benefit of American firms and individuals. The report is based on the prospects of a reciprocal understanding between the United States and Canada and proceeds to say that American manufacturers should investigate the western Canadian market which for many reasons should be absolutely controlled by American manufacturers. Western Canada is growing at an enormous rate, the circular says, and it is said that the population of the west at the conclusion of the present census will show an increase of several millions. Being closely in touch with these markets, the consul states that he realizes its importance to American trade and believes the seriousness of the situation today demands the earnest attention of every manufacturer in the United tates. The document closes with a reiteration of the importance of western Canada as an American market.

BOXCAR MYSTERY AT REVELSTOKE

Dead Man Discovered—Indications Lead to Belief that Murder Has Been Committed

(Special to The Daily News.)

REVELSTOKE, B. C., Sept. 19.—The badly decomposed body of a man was found this morning lying face downward in the center of an empty boxcar which arrived in this city last night from Field, and the appearance of the body, with its distorted face has the suggestion of a tragedy of some kind somewhere along the line, while around in the car were several patches of blood. On the person of the dead man was found a contract with the firm of O. Hanson & Co., Winnipeg, employing him on an extra gang on the C. P. R. under the name of T. Bailey. This contract bore the date of August 28. The body was viewed by the coroner after notification, and it was his opinion that the man had been dead several days. The car in which the body was found was Union Pacific car No. 73000. An autopsy will be held tomorrow morning.

SPAIN FACED BY GRAVE CRISIS

In Throes of Revolutinary Conflict—Two Towns Proclaim Commune—Meetings Forbidden.

MADRID, Sept. 19—Spain is face to face with a crisis equal in gravity to that following the Barcelona crisis in 1907. The agitation and the power of the agitators on the masses have increased in proportion to the rigor of the repressive measures undertaken by the government. What at its origin was purely a labor movement has now developed into a revolutionary conflict, a commune having actually been proclaimed at two towns near Valencia, where the authorities were driven out. The affiliated trades unions have decided to call a general strike, tomorrow throughout the length and breadth of Spain.

Proclaim Commune

VALENCIA, Spain, Sept. 19—The inhabitants of the towns of Alecoer and Garagente revolted today, drove out the authorities and proclaimed a commune. As soon as word of this two ceeding reached Valencia a strong body of troops set off.

The city of Valencia is comparatively quiet but there was much agitation near the railroad in the suburbs. A band of 3,000 men many of whom are armed are roaming over the country raising disturbances. Several unions have protested against the action of the anarchists, declaring that they went on strike only in sympathy with their colleagues in Balbao and had no revolutionary intentions.

FIGHT BETWEEN WELLS AND McFARLAND ABSURD

NEW YORK, Sept. 19.—The announcement credited to George McDonald that he, as manager for Matt Wells, would accept the offer of a purse of $30,000 made by the National Sporting club of London for a bout between Packey McFarland and Wells, was pronounced absurd tonight by Charles F. Mathison ,the American representative of the National Sporting club.

Mathison said no offer of any kind had been made. A meeting between Wells and either McFarland or Ad Wilgast is expected however if the Eglishman wins the bout with Abe Attell Dednesday night. Representatives of both Wolgast and McFarland are here to attend the fight, and it is possible both fighters will also be present to issue challenges.

MOVEMENT REVOLUTIONARY

PEKIN, Sept. 19—The antirailway loan movement seems to be taking on an increasingly revolutionary character throughout the country and the government is concerned over recent rioting of anti-loan agitators at Hong-kong. At this meeting it was resolved to organize the troops of the province of Huap-hunan, Kwang-kang and Sze-Chuan. In Pekin the palaces and the residences of the officials are protected by extra guards.

ELECTION TAKES PLACE TOMORROW

Coast Time Prevails All Over Kootenay

DEPUTY RETURNING OFFICERS CHOSEN

All Votes in Nelson Will Be Cast at Drill Hall

With the swearing in of the 140 deputy returning officers for the various polling stations in the Kootenay riding and the completion of the distribution of the ballot boxes everything is in readiness for the opening of the polls tomorrow morning.

Voting in the portion of the Kootenay electoral district east of Kootenay Landing will be between the hours of 10 o'clock in the morning and 6 o'clock at night local time and in the portion of the constituency west of Kootenay Landing between the hours of 9 o'clock and 5 o'clock local time. Thus all voting will be on coast time in order that a uniform time may prevail throughout the constituency.

Polling in Nelson and Fairview

In Nelson the polling place for both the East and West wards will be at the drill hall on Victoria street, facing the Strathcona hotel. At this point all five booths allotted to the city will be located and there will be no other place in Nelson where votes can be cast.

The polling place in Fairview will be opposite Fleming's grocery store, near the corner of Behnsen and First streets.

FREE TRADE WITH MOTHER COUNTRY

Hundreds Unable to Obtain Admission to Joe Martin's Meeting—Opposed to Government.

(Special to The Daily News.)

VANCOUVER, B. C., Sept. 19.—Joseph Martin tonight, in a hall rented by himself, addressed the electors of Vancouver, urging them to vote for the Conservative candidate in this constituency, declaring that a vote so placed was a voice upraised for the purity of politics in Canada. He declared himself in favor of reciprocity, but stated that that issue paled into insignificance in the light of the necessity of lifting Canada out of the position where her politics "created a stench in the nostrils of the nations."

Martin declared that the reason Liberalism was dead in British Columbia was because Liberalism was saddled with "bossism," beside which that of Tammany was a cipher. He denounced Sir Wilfrid Laurier for not having offered the people of Canada free trade and with it freedom from the yoke of those he termed millionaire manufacturers. He advocated free trade in manufactured goods as well as natural products and urged that the trade preference to Great Britain be extended from 33 1-3 to 100 per cent.

Hundreds were unable to obtain admission to the hall in which Martin spoke.

DETECTIVES FIND CLUE TO ROBBERY

Woman Concerned in Big Bank Burglary—Gang Had Office in New Westminster

NEW WESTMINSTER, B.C., Sept. 19—In the opinion of the police and detectives engaged in the Bank of Montreal robbery investigation there is a woman mixed in the case and officials believe that they may have at last unearthed the mystery which may lead to their capture. It is believed that a gang started an office here where they located for several weeks and laid their plans for the robbery. The woman is said to have figured in the work of receiving information regarding the affairs at the bank. She opened an account at the bank which was very active for a short time. In the meantime she informed herself by observation of the location of the vault and safe, the character and volume of the business carried on, the precautions taken to safeguard the funds. How well she succeeded is evidenced by the result.

It is now pretty generally admitted that the robbers effected an entrance to the bank premises through the front door. It would not be a difficult matter to secure a duplicate key. It is believed that the absence of the clerks from the bank on the night of the robbery probably resulted in saving them from injury and possibly death. There was no burglar alarm on the door and the robbers could have entered the bank and surprised the clerk in his room.

GRAND RALLY TONIGHT

The last night of the campaign will be signalized tonight by a grand final rally in the Conservative committee rooms. Speeches will be delivered, and matters of importance regarding the election tomorrow will be discussed. All supporters of A. S. Goodeve are invited to attend.

SUIT WILL OCCUPY ABOUT FORTY DAYS

Defence to Last Month in Fire Case

ACTION AGAINST GREAT NORTHERN

Mass of Statistics and Exhibits Being Collected by Experts

According to an affidavit by A. H. McNeill, of Vancouver, solicitor for the Great Northern railway, produced in chambers here yesterday, the presentation of the case for the defence in the famous action, Clarkson vs the Nelson & Fort Sheppard railway, in which between $500,000 and $600,000 is claimed by the plaintiffs for damages to timber by fire, for which the courts have declared the railway company to be responsible, will occupy at least 30 days.

During this time Mr. McNeill states that he will call at least 51 witnesses, and that the exhibits will number, at the lowest estimate, 1,050. The presentation of the case for the plaintiffs who are represented by Hamilton, Lennie & Wragge, will occupy about 10 days. The action which is to decide upon the amount of damage due to the plaintiffs will therefore provide what will probably be the longest hearing on the records of the British Columbia courts.

Last Feburary, after a four day's session here, Mr. Justice Morrison, of the supreme court, decided that the liability for the fire which destroyed the timber on the land in question, which consists of 208 40 acre tracts, lay with the Nelson & Fort Sheppard railway company, a branch of the Great Northern railway.

Defense Averse to Jury.

The presentation of Mr. McNeill's affidavit yesterday by James O'Shea, arose during an application by C. R. Hamilton, K. C. for the plaintiffs to have a date for the trial, which will be a special one, fixed and for leave to amend statement of claim. His honor referred the settlement of the date of trial to the chief justice or to a supreme court judge, and granted permission for the amendment of the statement of claim. Mr. Hamilton also asked that the case be heard at the special trial by a supreme court judge and a jury, and Mr. O'Shea for Mr. McNeill opposed on the grounds that the case could be more satisfactorially determined by a judge without the assistance of a jury. Mr. McNeill suggested March next as a suitable date for the hearing, contending that it would be practically impossible for him to have the case for the defence prepared before that time.

Of the 1,050 exhibits, at least 150 contain an average of 45 pages of printed matter and figures, and about 800 contain more than one page of similar matter, acording to the affidavit.

A second affidavit by A. H. Pincott, claims agent for the railway, was produced, in which it was stated that a large staff of surveyors, cruisers and loggers had been engaged practically all the summer on the burnt over land, and that the compilation of the statistics as to the loss caused by the fire would occupy several months.

Many expert witnesses will be called for both the plaintiffs and the defense. The defendents, who have consolidated a number of actions against the railway company are: E. B. Clarkson and the Clarkson brothers of Toronto, and John Ryan and Felix Donnelly.

SOLID SEVEN, SAYS HARRY WRIGHT

Local Member Predicts Clean Sweep For Conservatives—Kaslo Riding Enthustastic For Mr. Goodeve.

"The counting of votes all over British Columbia tomorrow night will give the Conservatives a clean sweep of the province," declared Harry Wright, M. P. P. for Nelson City on his arrival last night from a tour of the coast and northern districts.

"I have never known Conservatives in the province to be more enthusiastic, nor to have better grounds for their optism," the local member declared at the Strathcona. "Everywhere in British Columbia the sentiment against reciprocity and all that it means, is in the majority, and I think that we shall send a solid seven to Ottawa next session."

A. S. Goodeve, Conservative candidate came in yesterday from Kaslo, with Neil F. Mackay, M. P. P. for that constituency, after a series of most successful and largely attended meetings on the main lake. "The Kaslo riding will give Mr. Goodeve a large majority," said Mr. Mackay.

FRED C. MOFFATT ADDRESSES ROUSING POLITICAL MEETING

Residents of Slocan Junction District Will Give Mr. Goodeve Big Majority.

Practically every male adult resident of the Slocan Junction district was present at a splendid meeting in support of A. S. Goodeve, Conservative candidate, which was addressed by Fred C. Moffatt at the Slocan Junction hotel Monday night. R. I. M. Power, president of the Kootenay River Conservative association, was in the chair. J. A. Irving, president of the Nelson Conservative association, was among those present from the outside.

Mr. Moffatt confined his speech chiefly to a telling denunciation of the reciprocity pact from the standpoint of the fruitgrower, and emphasized the evil which the industry would suffer if the agreement became law.

"The Slocan Junction district will give Mr. Goodeve a much larger majority than in 1908," declared Mr. Irving yesterday. "The residents of that district seem to be unanimous in their opposition to reciprocity."

INTERESTING STORY OF SUNDAY SCHOOL CONVENTION

To Provide Sunday School Institute—Huge Attendance at San Francisco Convention.

There was a good attendance on Monday night at the Sunday School Women's union meeting in the Presbyterian church, when an address was given by Field Superintendent I. W. Williamson, which was thoroughly enjoyed. Mr. Williamson gave his hearers a description of the recent International Sunday School convention held in San Francisco, at which 10,000 people attended. There was a mammoth procession of Men's Bible classes, old and young, more than half of whom are on this continent. Sixty delegates from British Columbia represented 40,000 in the Sunday schools of this province.

Vocal selections were rendered at the meeting by the Misses Ellis, Mrs. Ireland and Miss Annable. Malcolm Blue presided at the piano. The Sunday school workers at the close of the meeting, unanimously decided to invite the association to provide a Sunday School institute early in November. H. E. Dill was appointed chairman of the local committee.

IMPROVEMENTS TO COURT HIUSE.

(Special to The Daily News.)

ROSSLAND, B. C., Sept. 19.—The improvements to the Rossland court house, which will cost in the neighborhood of $12,000, have been commenced, and when completed will add materially to the beauty of the building. The sidewalk in front of the courthouse, on Columbia avenue, will be newly graded and will be granolithic. The stone steps with side walls will be cemented to the footpath, doing away with the present unsightly wooden steps of the first flight. A retaining wall will be erected on the east side and a boundery wall on the west. On the north side, between the Burt house and the Armory there will be a park, in which will be a band stand. Rossland stone will be used.

JUMPS IN FRONT OF STREET CAR

Chinaman Attempts Suicide But Is Saved by Motorman From Being Cut to Pieces.

Apparently determined to commit suicide, an unknown Chinaman Monday night jumped in front of a street car which was bowling along at a rapid speed in Fairview and only escaped being cut to pieces by the prompt action of E. Manhart, motorman, who applied the air brakes and brought the car to a standstill within four feet of the Oriental.

Seeing the car stop the Chinaman fled into the bush, hurling back at Motorman Manhart a torrent of the foulest Chinese imprecations.

The incident took place on the track in Fairview, near the Chinaman's ranch where the buildings were burnt to the ground by the incendiary last month.

BRERETON-PITTS

A very pretty wedding took place on Monday at the home of Mr. and Mrs. W. Pitts, 618 Latimer street when their daughter Adelaide Evelyn was united in holy matrimony to Randel Shovel Brereton of Claresholm, Alta. The ceremony was performed by Rev. A. E. Smith.

The bride who was given away by her father, was becomingly attired in a navy serge travelling costume, the only ornament worn being a beautiful pearl and amethyst pendant, the gift of her father.

The many and costly gifts show the high esteem in which the young couple are held. After a dainty wedding breakfast the happy couple left on the Crow boat, amid showers of rice and good wishes, for their home in Claresholm, where Mr. Brereton is in the furniture business.

MONUMENT TO FROEBEL.

TORONTO, Sept. 19.—Inspector Hughes has received a suggestion from the commission of education of the United States that the kindergarteners of this continent should erect a monument to the memory of Froebel, the founder of the kindergarten. "It is probable that the kindergartens of the country will co-operate." Mr. Hughes said.

MAGISTRATE CURED OF PILES & ECZEMA

One of the latest prominent gentlemen to speak highly in Zam Buk's favour is Mr. C. E. Sanford of Weston, King's Co., N.S. Mr. Sanford is a justice of the Peace for the County, and a member of the Board of School Commissioners. He is also Deacon of the Baptist Church in Berwick. Indeed it would be difficult to find a man more widely known and more highly respected. Here is his opinion of Zam-Buk. He says:—

"I never used anything that gave me such satisfaction as Zam-Buk. I had a patch of Eczema on my ankle which had been there for over 20 years. Sometimes also the disease would break out on my shoulders. I had applied various ointments and tried all sorts of things to obtain a cure, but in vain. Zam-Buk, unlike everything else I had tried, proved highly satisfactory and cured the ailment.

"I have also used Zam-Buk for itching piles, and it has cured them completely also. I take comfort in helping my brother men, and if the publication of my opinion of the healing value of Zam-Buk will lead other sufferers to try it, I should be glad. For the relief of suffering caused by Piles or Skin Diseases I know of nothing to equal Zam-Buk."

Zam-Buk cures ulcers, abscesses, blood-poison, ring-worm, festering or running sores, bad leg, varicose ulcers, salt rheum, prairie itch, cuts, burns, bruises, baby's sores, etc. Purely herbal, 50c box, druggists and stores. Refuse imitations.

JOHN ALDOUS IS SENT UP FOR TRIAL

Charged With Foisting Four Checks Alleged to be Worthless on Creston Hotelman.

Charged with obtaining money by false pretenses from J. B. Moran, proprietor of the Creston hotel at Creston, by means of four valueless checks, John Aldous was yesterday committed for trial by W. H. Bullock-Webster, stipendiary mayistrate. The accused was represented by James O'Shea and John T. Black, chief provincial constable, conducted the case for the crown.

Mr. Moran was the only witness called. He stated that Aldous registered at his hotel early this month and that he, witness, cashed for him four checks of an aggregate face value of $29.75. Two of these checks were drawn on the Canadian Bank of Commerce at Vancouver, and two more on W. B. Hawkins & Co., of Bonner's Ferry, Idaho. The checks on the Canadian bank were each for $5.00, and when asking Mr. Moran to cash them, Aldous is said to have claimed that he had a balance of $12.00 in the Vancouver branch of the bank.

Accused left Creston for Nelson, and was arrested here on Saturday night by J. D. Wightman, provincial constable, on receipt of a telegram from George M. Gunn, provincial constable at Creston.

OPTION LAND AT TOBACCO PLAINS

Block To Be Sold For Seventy-Five Thousand—Tract of Slocan Land Disposed of.

For a price of $75,000 McQuarrie & Robertson have given an option on 4,500 acres of land at Tobacco Plains, south of Elko to a representative of a syndicate of Scotch and English capitalists, who is now on his way to the old country.

The land concerned was purchased by McQuarrie & Robertson some months ago and taken up by a local syndicate, who, if the deal is consummated, will make a very handsome profit on their investment.

Hugh W. Robertson has just returned from Tobacco Plains and describes the district as one of the coming fruit-growing centres of British Columbia.

D. St. Denis has sold a tract of 213 acres on Slocan lake, a mile and a half south of Slocan City, to Orville Wagner, of Winnipeg, who proposes to develop the land before disposing of it. The property was owned by Valentine Ingram.

Very large, flat hats are worn to fashionable house parties and for lawn and shore events.

WEDNESDAY, SEPTEMBER 20

DESERTING GOVERNMENT ON RECIPROCITY

One of the features of the present campaign is the number of prominent supporters of the government, men who have been lifelong members of the party now led by Sir Wilfrid Laurier, who are out opposing reciprocity. This applies not in any one section, but from the Atlantic to the Pacific. They include leaders in all walks of life and in the vast majority of cases not only are they going to cast their votes against reciprocity, but they are also out working tooth and nail to secure its defeat.

Perhaps, however, nowhere is this more noticeable than in Victoria where even men who were until a few weeks ago officers of the Liberal association are now *out* working to defeat Hon. William Templeman, the reciprocity candidate in that constituency. One of the latest recruits to the anti-reciprocity ranks in Victoria is Mr. Andrew Gray, proprietor of the Marine Iron works of that city, who has always been looked upon as one of his party's leaders in the provincial capital. In explaining his stand Mr. Gray says:

I have been a Liberal and I voted for Mr. Templeman at the last election but this time I shall support the Conservative candidate, as I consider the reciprocity pact a blow at Canadian nationality. I stand by the flag—that is how I feel about it.

Iam an old countryman, and for that reason I feel that my duty is clear upon this occasion—to stand by British institutions.

This is the view of one man. It is also the view of thousands upon thousands of others who will vote against reciprocity on Thursday next and in doing so cast their first ballot against the present government at Ottawa.

EDITORIAL NOTES

Goodeve and victory.

Goodeve for Ottawa.

Burrell, again a winner.

Vote for Goodeve and a white B.C.

Kootenay for Goodeve and the empire.

Why should any fruit grower vote for reciprocity?

The Union Jack or the Stars and Stripes? Which is it to be?

Are the people of Canada prepared to become hewers of wood and drawers of water for the trusts of the United States.

Which do you prefer the annexation of Canada to the United States or the continued development of the Dominion as an integral part of the great British empire? Your vote tomorrow will answer this question.

A saving of four cents per head per annum is what the apologists for reciprocity promise the people of Kootenay should the pact be carried into effect. Is it enough to warrant the risk which they ask the people to take in order to secure it?

Many a Canadian when marking his ballot tomorrow will in doing so repeat to himself the words of Sir John A. Macdonald in his last political fight, when he won such a crowning victory over Sir Wilfrid Laurier and his unrestricted reciprocity policy, "A British subject I was born—a British subject I will die."

Dr. King in Kootenay and Dr. Mcdonald in Yale-Cariboo ask the people of these constituencies to endorse, by voting for them, the action of the government in illegally suspending the operation of the Alien Labor act in order to allow of the flooding of the province with cheap labor for the benefit of the railway companies.

The Dominion government killed the measure introduced into the last parliament to provide for an eight hour day on all Dominion public works. Dr. King in Kootenay and Dr. McDonald in Yale-Cariboo ask the people of these constituencies to endorse this action on the part of the government by voting for them. Will the workingmen of these ridings do so?

The Daily News is in receipt of a letter from a resident of Spokane taking it to task for opposing reciprocity. The letter concludes: "Laurier and Liberalism would win anyway, but with *reciprocity added the victory is an absolute cinch.*" This is the view of a man living on the other side of the line. The Daily News is not making any predictions but this gentleman nevertheless may get a surprise tomorrow evening.

American railways within the past few months have laid off 82,000 men as a result of lack of business owing to the hard times at present prevailing in the United States. Contrast this with conditions in Canada. Were Canada's commercial and industrial life at present tied up with that of the United States, as it would be under reciprocity, the conditions which now prevail south of the line would also prevail here. *This is an aspect of the reciprocity* question which is worthy of consideration by every railway employee.

FAIR NOTES

The upside-down Zenaldas, in their act that's different.

The Steiner Trio—they're great.

The Great Burnstad's Wild West Show in their thrilling exhibitions.

The trick mule Dynamite, the funniest act in existence.

And still others for your entertainment.

CRESTON NEWS.

(Special to The Daily News.)

CRESTON, B. C., Sept. 19.—Dr. Primrose Wells, M. A., of Cambridge, who has recently purchased fruit lands at Creston, has decided to practice his profession here.

Charles Moore, P. L. S. C. E., left a couple of days ago to survey some of his fruit lands across the Kootenay river.

The Bank of Commerce will soon move into the new bank building when the post office and customs office will be moved from its present location to the store room in the Merchantile block, facing on Victoria avenue and which has formerly been occupied as a hardware store room.

Considerable excitement is being manifested here now as the election day draws near. Several bets of cash sums are being made on the result. It is a safe prediction to say, however, that 75 per cent of the voters of this valley will vote for Goodeve, as the reciprocity agreement among the fruit-growers is most unpopular.

James H. Hyde, formerly of the Creston Lumber and Manufacturing company, is now operating a large saw mill at Peachland, in the Okanagan district.

The Bible class of the Presbyterian church will give a social in the manse on Wednesday evening next, There will be games and a program of local talent.

Black and white is still the most fashionable of all the combinations.

POKER PARTIES IN COUNTY JAIL

Roy Forget Again Free—Takes Money of Alleged Wife Murderer—Arrested in Nelson

(Special to The Daily News.)

SPOKANE, Wash., Sept. 19—Breaking out of the county jail Sunday night in some manner which the sheriff's deputies refuse to divulge Roy Forget the diamond thief who was caught in Nelson has made his escape and in his flight is said to have carried with him $300 belonging to Herman Roestel, a prisoner held in the county jail on a charge of killing his wife.

Forget, who claimed to be a scion of a wealthy Canadian family was convicted of obtaining a $500 diamond stick pin from Mrs. F. F. Fox by fraudulent pretences, and he was defended in the superior court by Attorney Donald Downie, who also is missing from the city, and against whom charges have been made by the grievance committee of the Bar association.

Young Forget dismissed Downie after his conviction in the superior court and employed other counsel to appeal his case to the supreme court.

Forget was for a long time confined in the same cell with Roestel and the two became fast friends. Forget, Bill Byrd, a triple murderer, Roestel and Charles Kline formed a poker playing quartette and whiled away many long hours in the country jail together.

HER SKIN SEEMED ON FIRE

Every Other Treatment Failed But "Fruit-a-tives" Cures

GRANDE LIGNE, QUE., Jan. 2nd, 1910.

"My wife was greatly distressed for three years with chronic Eczema on the hands, and the disease was so severe that it almost prevented her from using her hands. The doctor gave her several ointments to use, but none of them did any good. He also advised her to wear rubber gloves and she wore out three pairs without getting any benefit. As a last resort, I persuaded her to try "Fruit-a-tives", and the effect was marvellous. Not only did "Fruit-a-tives" entirely cure the Eczema, but the Asthma, which she suffered from, was also completely cured.

We both attribute our present good health to "Fruit-a-tives". N. JOUBERT.

"Fruit-a-tives" will always cure Eczema or Salt Rheum because "Fruit-a-tives" purifies the blood, corrects the Indigestion and Constipation, and tones up the Nervous System.

"Fruit-a-tives" is the only medicine in the world made of fruit juices and valuable tonics, and is the greatest of all blood-purifying remedies.

POULTRY WILL BE LARGE EXHIBIT

Fair Building Being Hurriedly Renovated—Lighting Will be Well Done

Carpenters are busily engaged in the poultry building at the fair grounds building coops for the competing fowl which will be exhibited this year. Many entries in this class have already been received and indications show that there will be a record number of poultry exhibitors. The electricians are in evidence about the grounds putting in the illumination, and this feature of the fair will be well looked after, to such an extent that a brilliancy equal to daylight will prevail. In front of the grand stand the lights will be particularly numerous in order to give a good view of the free attractions. In this regard it might be stated that the Nelson fair will take no second place to the majority of the Canadian fairs in towns of many times this city's population. The very best attractions that have been shown all over the continent have been booked and a couple of hours of excellent entertainment is assured.

SURE SIGNS

Of Kidney Trouble

If your back is constantly aching and if you experience dull shooting pains, your kidneys are out of order. If your urine is thick and cloudy or your passages frequent, scanty and painful, your kidneys and bladder are out of order. Neglect quickly brings on rheumatism, diabetis, lumbago, sciatica and etc.

Mrs. John Wagner of 110 Hollis St., Halifax, N. S., says: "Dull shooting pains would catch me across the small part of my back and extend into my shoulders and neck, often causing me to suffer with severe headaches and spells of dizziness. Spots would dazzle before my eyes and everything would turn black. I would fall to the floor and be unable to get up again without assistance. A friend told me of Booth's Kidney Pills and I began their use. The first box gave me relief and I am now well and strong."

Booth's Kidney Pills

All druggists sell Booth's Kidney Pills 50c a box with a guarantee to relieve or your money back. They are the world's greatest specific for Kidney and bladder trouble. Postpaid from the proprietors, The R. T. Booth Co., Ltd., Fort Erie.

Autumn Millinery Fashions

Come and See Them

Big hats—great picturesque affairs. And small hats—the jauntiest, becoming little hats you've ever seen. And dozens of alluring sizes in between.

Most of them have high crowns. The trimmings are widely varied. Hats for dress have huge flowers and glorious sweeping plumes. And the hats for walking have the cleverest bows—several new ideas are introduced—and the smartest wings and feather fabrics. The becoming Helmet and Pierrot shapes continue in high favor, either small or with fascinating exaggerated lines.

These are but a few hints of the beauty and diversity of our fall millinery exhibit. But you must see the hats to realize their distinctive styles. You must try them on to appreciate their becomingness. Then is the time you will note with pleasure their moderate price. Our millinery display is now complete. Come in and make your choice. The hat you would like is here. Be sure you see it in time to make it yours.

Fall Dress Goods

A complete line is now ready for your inspection. Serges, broadcloth, venetians, poplins, Scotch tweeds, velvets, velveteens, in all the fashionable shades.

FINED FOR GIVING PERSON WOOD ALCOHOL

OTTAWA, Sept. 19 — Magistrate O'Keefe today imposed a fine of $100 of four months in jail, on William Cruick, convicted of administering a poison in the shape of wood alcohol to Texas Bill, a cowboy, at the fair grounds last Friday. Cruick was liable to 14 years imprisonment but Magistrate O'Keefe considered that there was no intent, and that Texas Bill was not too seriously damaged by taking his four ounce drink of wood alcohol.

SPLENDID ROADS IN PEND D' OREILLE

Excellent Display of Grapes and Other Fruits For Trail Fair—Few Bears.

(Special to The Daily News.)

Waneta, B. C. Sept. 19.—Mrs. Hugh Buckley has returned from visiting friends in Denver, Colo.

George A. Paull, the energetic and able secretary of the Farmer's Institute, made a trip through the valley lately.

R. Rickarby, of Balfour, who has been visiting in the valley, expressed himself as delighted with the local garden orchard of early crabs.

Grouse were very numerous at the beginning of the shooting season, but have now apparently sought other feeding grounds.

Owing to the failure of the huckleberry crop last year, bears were driven to seek food round the settlements, in several cases damaging orchards. This year, however, but few have been seen, food being probably plentiful high up in the mountains.

The ranchers are preparing to exhibit largely at the Trail fair. As there is some choice fruit in the valley this year, and as grasses, grain and vegetables made splendid growth, it is expected that a very creditable district exhibit will be forwarded.

Fred Adie took a party of landseekers up the valley last Thursday.

William Grutchfield, of Salmo, who has the contract to build M. Hill's new barn, came down on Saturday.

W. A. Duncan has still some bridge building to do, otherwise government work on the main valley road is over for the season. Under foreman A. E. Churches and W. A. Duncan, the road from Twelve Mile creek down to Waneta has been put in excellent shape, several bad hills being now a thing of the past. Foreman W. J. White's gang repaired the road east of Twelve Mile creek, but has now been moved up to the South Fork of the Salmon river, where considerable work is still to be done on the Salmo-Boundary lakes road. The improvements made in the local roads during this and other seasons, have greatly encouraged and helped the ranchers who are not unmindful of the debt they owe in this connection to their very good friend, James H. Schofield M. P. P. to whom nothing gives greater pleasure than the obtaining of a new stretch of road for some part of his constituency.

During the last two weeks many of the settlers took advantage of the fact that permits to burn are again being issued.

The vote here next Thursday will plainly show that the ranhers bitterly resent the proposal by which the price of everything they have to sell would be lowered and nothing that they require to buy cheapened.

CONSERVATIVE MEETING AT WARDNER GREAT SUCCESS

CRANBROOK, B.C., Sept. 19—Quite a number went down from here to attend the Conservative meeting at Wardner last night. Among those who left were T. Caven, M.P.P., G. H. Thomson, W. Phillips, J. B. Henderson and A. J. Bennett. The meeting was a success in every way and besides being very largely attended was one of the most enthusiastic held in the riding. Mr. Caven spoke for some time and G. H. Thomson also explained the reciprocity issue. The meeting closed with cheers for Mr. Goodeve and the singing of God Save the King.

SEAL OF ALBERTA — CALGARY MILLING CO. LTD. HARD WHEAT FLOUR CALGARY ALTA. — **THE FAULTLESS FLOUR**

SEAL OF ALBERTA—the Faultless Flour—makes bread that is perfectly even in quality. Sometimes you have noticed bread where one loaf was markedly different from another even in the same pan. Conditions were exactly the same. It was made from the same flour. It seemed to you that there could not possibly be any difference, and yet it was plain to be seen. Now all this comes from a difference in the milling, but SEAL OF ALBERTA is milled in such a way that there is absolute uniformity throughout the whole product of our mammoth mills from one year's end to the other.

That is, it is a dependable flour. It can be trusted to do its part—Therefore, be sure you ask for SEAL OF ALBERTA. There is no other quite so good.

PRELIMINARY TRIAL POSTPONED

Prisoner in Snowflake Case Appears Before Magistrate—Quite Cool And Without Lawyer.

MORDEN, Man., Sept. 19.—George Brown, the prisoner who was arrested in connection with the Snowflake tragedy, and brought here on Sunday night by Chief of Police Elliott, appeared before Magistrate Lake of Morden, at 3 o'clock this afternoon. Two charges were placed against the prisoner, one being that of attempted rape on the person of Miss Gladys Price, the teacher of the Riverdale school, in the Snowflake district, and the other charge being that of attempted murder upon the person of William Adams, the proprietor of the Western hotel at Snowflake. Before proceeding with the case Crown Prosecutor A. W. Bowen asked that the same be remanded for one week in order that the necessary evidence and witnesses be secured. Magistrate Lake complied with the prosecutor's request, and remanded the preliminary hearing of the prisoner to take place on Monday.

The prisoner seemed to be unconcerned and quite cool throughout the proceedings, evidently not fully realizing the position in which he has placed himself. Up to the present Brown has not secure a lawyer to defend him, and it is thought that he will have some trouble in securing one to represent him. It is altogether likely that it will be necessary for the crown to assign one to act in his defense.

Miss Price Marries.

MANITOU, Man., Sept. 19.—Miss Eleanor Gladys Price, the youthful preceptress of the little Riverdale schoolhouse, has again disappeared, this time for good and all. But in her place she has left Mrs. Frank Patterson. Miss Price signed away her identity today at the home of her sister, Mrs. J. Goldie, and underneath her signature on the register was that of her old sweetheart, Frank Patterson. The ceremony was performed by Rev. W. A. Crooks, only intimate friends of the bride and groom being present.

AGAINST RECIPROCITY

To the Editor of The Daily News:

Sir—Like almost every man from the Atlantic to the Pacific, I have been following the reciprocity question put forth by the leading speakers of both the government and opposition, also by several leading newspapers throughout the Dominion and in my experience in politics I have never seen such a contrast of opinions, which will no doubt confuse the ordinary voter. But for general information I would advise anyone to take the government blue book on the reciprocity negotiations between Canada and the United States. This book also gives the imports and exports between the two countries. Take wheat; you will find that Canada only exported about 1,750,000 bushels to the United States in 1910. This wheat was mixed with theirs and used for grading purposes to raise the standard of their flour. Now, if the duty was removed they probably would buy more but would use it for the same purpose and export their surplus flour and compete with us in our home and English markets. Milling should be protected in Canada so as to protect the grade of our flour made from the No. 1 and No. 2 Northern which is the best in the world, therefore getting a higher price for wheat than if the duty was taken off. It would also create manufactures, thus employing more labor and home consumption.

I find by the report that there will be a short market for practically all produce in the United States. Canada sells more produce to the British West Indies than she does to the States. The only market worth mention is the fresh fish and under this agreement this has been given away practically to the United States. Allowing the United States fishing vessels the right to fish in our waters for $1 a year per vessel, absolutely handing over this vast industry to the United States; for what? Laurier's larger market. They will supply themselves with the fish from our own waters. This is an outrage on the people of the Dominion.

The fruit industry will be ruined beyond a doubt under reciprocity. At the rate they are planting fruit trees in Idaho, Washington and Oregon they will flood this country in less than ten years and I venture to say that fruit will be selling at 50 cents a box before that time.

No doubt some local exchanges would be a benefit to a few along the boundary line but a country must legislate a general policy for the benefit of the majority.

Canadians should remember that our dealings with the United States in the past have been a losing game. Take the boundary question. The Maine boundary, the Lake of the Woods and the Alaskan boundaries have all been settled unfairly to Canada and if this agreement goes through it will be worse than all.

Oh, voter, stop and think. Remember there is something behind this. Why would they be so anxious in the States to pass this agreement except it will lead to free trade or annexation—the one will lead to the other. Remember our forefathers who left the New England States in the years 1783-4 because they would not submit to the harsh treatment they were subjected to under the Stars and Stripes. They carved their way through the forests and mountains from the Atlantic to the Pacific and after long years of hardships have built up a united Canada of which we are all so fond and whose prosperity has never been equalled before, and has been attained under the old National Policy which was handed down by the late Sir John A. Macdonald and carried out by the Liberal government since they came into power in 1896, and I now ask why should we hand over to any foreign country the results of years of toil and the expenditure of hundreds of millions of dollars for them to reap the reward.

Mr. Voter, after you have figured out the exports and you should find any benefit to the producer this will be offset 100 per cent by the fact that under reciprocity the favored nation clauses come in. After letting the products of a 90,000,000 nation in 12 most favored nations' produce will come in also, who will use the Canadian markets as a dumping ground for their surplus produce, then where will the Canadian farmer find himself; his home market will be ruined and he will be robbed of the profits he now enjoys.

Mr. Labor Voter, if the farmer is not prosperous, who is in the majority and is the mainstay of our Dominion, if he receives less for his produce he will have to reduce his expenditure by reducing his labor on his farm, also buying less manufactured goods which are made by labor, hauled by labor and delivered by labor, he will buy less stock or bonds which go into opening up mines and other industries which create labor. Also if the farmer gets less for his produce the cost of living is reduced and that means lower wages as wages are generally based on the cost of living; this has been proven from the Alaska gold fields to the cotton industries in Manchester or the coal fields of Wales.

Ponder it well, Mr. Voter, and see that old party lines do not influence you when our fair and prosperous country is at stake. Let us unite once more as we did in 1812 and tell the United States hands of. We want to and will work our own destiny and remain a nation within the British empire, the greatest the world has ever seen.

GOVERNMENT WILL BE DEFEATED

Hon. W. J. Bowser Finds Sentiment is Running Strong Against Reciprocity Pact.

VANCOUVER, Sept. 19.—The political situation is thus summed up today by Hon. W. J. Bowser, who has returned from a campaign tour of the Vancouver Island portion of the constituency of Comox-Atlin. "All signs point to the overthrow of the administration of Sir Wilfrid Laurier next Thursday. From information which we have received from the eastern provinces and from personal observations of the situation in various constituencies I have every reason to believe that when the people next Thursday record their opinions of the reciprocity, the Liberal government will be badly defeated. Reciprocity is sinking in—sinking far deeper than Laurier ever thought it would. Electors of Canada have quietly, yet insistently demanded information concerning this trade pact proposed by the Liberals. It shows people are thinking deeply, and when this is the case, there is but one answer to such a question as that of reciprocity.

"I am satisfied that Canada will give that answer in terms far different from those Laurier believed would be the case when he determined to ask the opinion of the country.

"Here in British Columbia, seven constituncies will return Conservatives, and in each riding majorities will be handsome. Mr. Clement, the Conservative candidate in Comox-Atlin, will administer a wholesome beating to Duncan Ross."

Mr. Bowser addressed an enthusiastic meeting of electors in Cumberland Thursday night, and dealt with the letter written to a Victoria newspaper recently by Duncan Ross. In the communication Mr. Ross defended as quite justifiable the action of the Dominion government in setting at naught the provisions of the Alien labor act in order that railway contractors might bring labor into British Columbia. Mr. Bowser declared that the stand taken by Mr. Ross in his letter to the press did not surprise him in the least because Ross was himself a sub-contractor on the Grand Trunk Pacific railway.

Action of Returning Officer Will be Tested in Courts—Gave Election to Liberal

OTTAWA, Sept. 19.—The action of the returning officer for Two Mountains in declaring J. A. C. Ethier, Liberal, elected on account of alleged irregularities in his opponent's nomination papers is being contested. It appears that after Mr. Ethier, the Liberal candidate had raised objections Returning Officer Langlois accepted Mr. Fautieux' deposit and issued a statutory receipt. This, it is contended is sufficient evidence of nomination under the act and makes irregular the declaration that Mr. Ethier is elected by acclamation.

The clerk of the court of chancery has made no move in the matter and doubts his authority to act as the law makes the returning officer a judicial as well as a ministerial officer. At all events the case will go to the courts.

NOVA SCOTIA TO ABSORB METROPOLITAN BANK

TORONTO, Sept. 18.—Negotiations are reported to be in progress looking to the absorption of the Metropolitan bank of Canada by the Bank of Nova Scotia, and it is said that the Metropolitan bank shareholders, if a deal is made, will be offered $250 for their stock. The Metropolitan, which is a comparatively young bank, has a reserve of $1,250,000, with paid up capital of $1,000,000, and has been a very profitable business. It pays a dividend of 10 per cent annually.

The Corporation of the City of Nelson

Notice of Rules and Regulations Governing the use of Water by the Inhabitants of the City of Nelson and Localities Adjacent Thereto.

1. These regulations shall come into force on the 20th day of July, 1911, and remain in force until further notice.

2. The hours between which water may be used for any of the purposes following shall be as follows:

(a) For the sprinkling of lawns and gardens, between the hours of 6 o'clock p. m. and 9 o'clock p. m.

(b) For the sprinkling of streets, alleys and sidewalks, between the hours of 7 o'clock a. m. and 9 o'clock a. m. And no person shall use water for any or all such purposes beyond the time and outside the said hours.

3. No person shall, with a lawn sprinkler or otherwise, water any adjoining or other premises to or than that for which he has paid the regular garden or lawn rate.

(4) All water used for any of the above purposes shall be used by garden hose or lawn sprinklers only.

(5) When any alarm of fire has been sounded and during the continuance of any fire within the corporate limits of the city of Nelson, or during the progress of any fire in any of the localities adjacent thereto, any person using water for any of the purposes mentioned in paragraph 2 hereof shall at once cease using same until such time as the fire has been extinguished.

6. Any person guilty of an infraction or violation of any of the foregoing regulations shall, in addition to all other penalties imposed by by-law or statutes, be liable to have his water supply cut off without notice.

By Order,

W. E. WASSON,
City Clerk.

SUICIDE AT ROSSLAND.

(Special to The Daily News.)

ROSSLAND, Sept. 19.—Henry Peterson, a Finlander, committed suicide on Sunday night or Monday morning by cutting his throat with a razor. The deceased was formerly in Rossland, but had left to reside in Nelson. He returned to this city about two weeks ago and has been drinking heavily all the time. Deceased worked at Alex Limma's ranch, and when Mrs. Limma went to call him on Monday morning noticed blood under the door. On opening it, she saw Peterson lying face downward in a pool of blood. The police and coroner were immediately informed.

The engineer says: The location of your coal property is ideal, giving you shipping facilities over three railways and being within a short distance of three large smelters in addition to many prosperous and growing towns and mining camps. Your coal is a high grade bituminous. It is an excellent steam coal and nothing better could be found for domestic purposes as it is clean and free from noxious odors. In my oinpion you have a body of coal of several million tons proven by the work already completed. Respectfully submitted,

Mining Engineer
(Signed) THOMAS L. BROPHY,

General Remarks

Development work so far consists of about 1,500 feet of tunnels and two shifts are now at work. Samples of this coal may be seen at the offices of M. J. Morgan & Co., 511½ Baker St., and the Nelson Transfer Co., Vernon street.

AT THE THEATRES

If you want to witness the evolution of the Swedish emigrant into a full-fledged American and incidentally enjoy more hearty laughs than you ever have before while witnessing a theatrical performance, go to see "Yon Yonson," at the opera house tonight, then you will be speculating whether David Brattstrom, who plays the part of "Yon," is a Swede or an American gentleman. But whether you win or lose you will more than enjoy the play.

A very interesting program is on at the Empire theatre for Wednesday and Thursday. The Thanhouser feature entitled "Flames and Fortune" is the film that it was necessary to burn down a house in order to get the fire scenes, and shows the rescue of a little child from the burning building. The Reliance feature entitled "A Sonata of Souls," is an extra good drama. The American comedies entitled "A Sage Brush Phrenologist" and "Elopements on Double L Ranch" are original western laugh makers and are the best western comedies yet produced.

GRAIN MARKET BULLISH

WINNIPEG, Sept. 19.—Cables came stronger at the close of the Liverpool market. By far the most bullish influence which caused the advance was the prediction that rain might do much damage. Over night, however, the weather had improved and of the whole of the west only five places reported showers. Some of the temperatures were very low, in some cases down to 30 degrees. Primary receipts showed a decrease as compared with the corresponding day last year. There was a good demand for all grades of cash wheat, but the supply is limited, farmers not being disposed to sell. Exporters said the market was two cents out of line and would be more toward the close. Winnipeg advanced ⅛ to ¼c on the situation after a good range of one cent.

Chicago closed ⅝c weaker to ⅜ to ½c stronger and Minneapolis ⅜ to ½c stronger.

Oats were also active, Winnipeg closing ⅛ to ⅜c stronger, while Chicago oats closed unchanged to ½c higher. Corn was weaker, closing ⅛ to ⅜c lower. Flax was also easier, Winnipeg closing 5c lower, while Duluth was ⅜ to 8c lower.

A Remarkable Offer

I am instructed to offer for quick sale 107 acres of choice water front land on the Arrow lakes, with two good streams running through the property, at the remarkably low figure of $2,400, on the following terms. One-half cash, the balance on arrangement at time of sale.

By far the larger portion of this land is choice fruit land, and water frontage on the Arrow lakes commands from $100 per acre up, this land at this price and on such easy terms is indeed a chance that investors should not let slip by. Act quickly, as time is money in this instance.

There will be a grand final rally in the Conservative committee rooms this evening.

All hockey fans are requested to attend the meeting to be held a week from Wednesday.

Aberdeen Hive No. 12 Ladies of the Maccabees will meet this evening at 8 o'clock in the K. P. Hall.

The afternoon tea given by the Ladies' Aid of the Baptist church yesterday was well attended and proved a most enjoyable affair.

The Nelson and District Women's institute will meet at 3:30 this afternoon in the city hall for the election of officers, directors and committees.

The Industrial Workers of the World will hold a dance in the Eagle hall on Tuesday, September 26. Wilkinson's orchestra will be in attendance.

The Gem theatre orchestra will play for the reception which takes place after the enrollment of new members and other business at the Rebekah celebration this evening.

Captain George Robertson, who has been relieving Captain Fraser on the C. P. R. flagship Bonnington, is now relieving Captain Seaman of the Kuskanook while the latter takes a short holiday.

P. T. McCallum of Grand Forks, chief immigration officer for the boundary district, has returned from Montreal, to which place he took an undesirable for deportation to the United States.

Polling in Nelson tomorrow for both east and west wards will be at the drill hall on Victoria street, opposite the Strathcona hotel. The polling place in Fairview will be opposite Fleming's store. The hours of polling will be from 9 o'clock in the morning to 5 o'clock at night.

All Odd Fellows and their wives, Rebekahs and their families and visiting members of both orders are invited to the reception of Queen City Rebekah lodge, which will be held after the initiatory degree has been conferred on a class of candidates. The doors of the hall will be thrown open to the guests at 9:30.

At the Fruit fair the Ladies' Hospital aid will have a booth where the "Hoopla" game will be the attraction. A number of geese will be put in the circle and any person who can ring one wins the bird. The ladies are enthusiastic and hope to raise a considerable amount through this medium.

REBEKAHS HONOR ANNIVERSARY HERE

Big Reception in Oddfellows' Hall This Evening—Friends and Visitors Invited

Millions of Rebekahs, Odd Fellows and their friends will today in all parts of the world celebrate the 60th anniversary of the inauguration of the Rebekah order, a flourishing branch of the Odd Fellows.

In Nelson the celebration will take the form of a big social and dance in the Odd Fellows' hall, which will be preceded at 7:30 o'clock by the conferring of the initiatory degree on a class of candidates.

The hall will be thrown open by the Queen City Rebekah lodge to their friends and to visiting members of both the Rebekah and Odd Fellows orders at 9:30.

DATA FOR BRITISH BOARD OF TRADE

Richard Grigg, British Trade Commissioner at Montreal Obtains Information Regarding Kootenay

On a tour made for the purpose of gathering information for the English board of trade, one of the departments of the British government, Richard Grigg, British trade commissioner in Montreal, was in the city yesterday, a guest at the Hume.

Mr. Grigg has been all over British Columbia and the Canadian west and is delighted with the development which has taken place since his last visit. He has been successful in collecting a large amount of data which will result in giving Canada a great deal of publicity.

He leaves for the east on this morning's Crow boat.

LAND PRICES LOW IN KOOTENAY

J. J. Campbell Compares Values Here With those in Okanagan—Ranchers Solid Against Reciprocity.

"The striking thing about the Okanagan country is the systematic way in which the fruit ranchers are carrying on the development of their properties They are making a real business of ranching and the results attained are remarkable," said J. J. Campbell, who has just returned from a tour through the chief agricultural sections of the Okanagan.

"It is this systematic development, this skillful striving to make the best of their country that is responsible for the high values of land in that district," he continued. "Sometimes I hear new comers to this country say that our Kootenay lands are too high priced. But these people cannot have seen the Okanagan, where $750 per acre for uncleared land seems to be an average price. This is for land, too, which requires irrigation.

"From the observations I made during my trip, Okanagan has suffered very little from winter-killing, and the majority of the young orchards are in splendid condition. The crop, I think, will not be more than 50 per cent of the average production."

Regarding the political situation, Mr. Campbell said, "The Okanagan ranchers are opposing reciprocity almost as one man. Occasionally one meets a Liberal over there who says that he believes in reciprocity, but as a whole the people are supporting Mr. Martin Burrell, who should be returned with an overwhelming majority."

DUKE VISITS VANCOUVER

(Special to The Daily News.)

VANCOUVER, B.C., Sept. 19—The Duke of Sutherland, Lord Charles Beresford and Lord Desborough will arrive here on Thursday morning from the east.
