TWO PARTIES AMONG REBELS

Moderates Indifferent to Fall of Manchu Dynasty

SPREAD OF REVOLT STILL CONTINUES

Imperial Army Starving—Has Little Faith in Promises of Throne

PEKIN, China, Oct. 31.—Fighting between the rebels and imperialists continues and it is believed the rebels are making a determined stand. Late advices received here say that Hankow city was not retaken by the imperialists, although General Yin Tchang captured the railway station immediately to the north. Contrary to expectations however, the railway service has been resumed north and telegraphic communication has been re-established. The fact that no correspondent with Yin Tchang has sent any word from the field for two days may indicate that the censon will not permit them to report unfavorable news. In the meantime there are serious doings along the railway line between the war minister's position and Pekin. Dissatisfaction among the troops and the people has prevented satisfactory communication between the various sections of the loyal army.

Yuan Shi Kai started for the front yesterday and now is at Sin Yuan Chau. Negotiations looking to a settlement have been under way between Yuan Shi Kai and the revolutionary leaders, but the latter have expressed themselves as having little faith in the promises of the throne. The Americans will hold a meeting at the legation tomorrow to decide upon definite measures for their own safety. Foreign troops are guarding the mission houses in Pekin. Detachments of British, French and other governments' guards already have been distributed to their respective missions which lie outside the legation quarter

Two Parties Among Rebels.

The native press has received the reform edicts favorably. The Chinese remembering how frequently the promises contained in former edicts were forgotten, may not be satisfied with these, however. The reformers in Pekin are divided into two parties, the extremists, mainly southerners, who insist upon the expulsion of the Manchus, and the moderates, who are numbered throughout the empire and who are indifferent whether the dynasty is Manchu or Chinese, but want great administrative changes.

Whether the two wings will be able to unite is uncertain. At Canton the viceroy and lending gentry are classed as moderates, while the masses are extremists. The same condition prevails in the provinces of Hu-nan, Hu-peh, Honan, Shan-shi, Kiang-si, and Sze-Chuen. Naturally Manchuria and Chinese Li-Man are loyalists. Kiang-su, Shang-tu, Anhe, Fu-kien, Kwei-chow and Yun-nan are apparently half-hearted.

Rebellion Is Spreading.

Elsewhere incipient rebellion is spreading. An important question is whether General Sheng, leader of the Manchu soldiers, is acting independently or in collusion with other rebels. It is reported that the garrisons at Tsi Nan Fu, Chan Chung, Pao Ting Fu and Tehow have declared in favor of the rebels and that Kai Feng is expected to revolt shortly. A revolt at Pao Ting Fu would be of great importance, as it would result in cutting Yin Tchang's communications completely.

General Yin Tchang has sent back home all the troops suspected of disloyalty. His army at Sim Yang Chanu is deplorably provisioned, one division being without food for two days. It is said in some quarters that Yuan Sha Shai Kai has been appointed premier. It is added that the government intends to accede to every demand made by the Lan Chau soldiers and other dissatisfied troops and that it is expected that the ministry will resign tomorrow.

Another Victory for Rebels

SAN FRANCISCO, Cal., Oct. 31—The reported victory of the rebels at Hankow is confirmed in part by the Chung Nai Yat Po. in a cable from Shanghai today. Authoritative news is given out that Fachimon, the first railway station outside of the city and a point of great strategic importance has been captured by the rebels, in a battle and is being fortified.

Canton is reported in a critical state of impeding conflict between the rebels and the Manchus. The people are now leaving the city on all trains. The imperial forces at Chin-san, near Canton have rebelled. The viceroy there has fortified his city against a rebel attack.

Canton Arms for Battle

CANTON, China, Oct. 31—Guns were set for action at the admiralty building and Chinese boats are cleared for action today. Armed guards patrol the waterfront landing places. All shops are closed. The Dragon flag no longer floats over the imperial customs building, and the customs officials have removed their imperial badges. A French gunboat today landed an armed party of sailors to protect the French coscessions.

The British staff of the Canton and Kowloon railway have been taken to Shamro for safety. There are nine foreign warships in the harbor. In the proposals of the viceroy, the Manchu and Cantonese officials have acquiesed. The proposals include the declaration of the military and financial independence of Kwang-tung province and the appointment of a board of supervisors.

QUARTER MILLION DOLLAR THEATRE FOR WINNIPEG

WINNIPEG, Oct. 31.—Sullivan & Concidine announced today that a new theatre, to cost over $250,000 would be built here in the immediate future, and that the present Empress would, in all probability, be devoted to burlesque. The same announcement stated that the Canadian circuit will comprise houses at Calgary, Edmonton, Moose Jaw, Saskatoon, Regina, and probably Fort William.

ROBLIN AND MACKENZIE CONFER ON AIR LINE

WINNIPEG, Oct. 31.—Premier Roblin and Sir William Mackenzie had a conference this morning, at its conclusion Premier Roblin announced the proposed air line from Winnipeg to the Hudson's Bay had been fully discussed. There was no statement except that the company was ready to begin operations just as soon as the Manitoba boundary question is settled Sir William had no information to give relative to the reported sale of the Street Railway company.

ARRANGING NEW SCALE OF WAGES

Men Already at Work Preparing For Operation of Mines—Fernie Fall Assizes.

(Special to The Daily News.)

FERNIE, B. C. Oct. 31.—Chief Justice Gordon Hunter is here today to preside at the fall assizes of the assize court. But one case is upon the docket for trial, that of A. J. Carter against W. G. Barclay, in which the latter is charged with making damaging statements regarding Mr. Carter's action in the matter of securing relief supplies for the miners. S. S Taylor is appearing for Mr. Barclay, and L. P. Evkstein for Mr. Carter.

The scales committee of the operators and miners are meeting at Frank today, to take up the arrangement of a new scale of wages in accordance with the outline laid down at Lethbridge last week, when Hon. Robert Rogers succeeded in bringing the two sides to the controversy together again after a long wait following the Macleod conference with the boards of trade convention.

The task of arranging a new scale should not be a lengthy one since all details have been gone over so many times, and the basis arrived at being clear and well defined. If this work is accomplished within a few days, the vote upon the proposition can be taken in one day all over the district and the mines can be opened within the next week.

A few men have already gone to work at Coal Creek, cleaning up, preparatory to active operations.

HON. ADAM BECK INJURED

LONDON, Ont., Oct. 31—While attending a run of the London Hunt club on Thanksgiving day afternoon, Hon. Adam Beck was thrown from his mount, through his horse placing a foot in a hole. Fortunately the minister was uninjured beyond a very severe shaking up.

NELSON SCHOOLS WILL NOT CLOSE

Council Acts--Aid from Government Expected

HOSPITAL BYLAW TO BE SUBMITTED

Grant for Secretary's Trip to Coast, Illegal, Says Mayor

Stating that the school board has practically absorbed all the funds at its disposal and confidently expressing the expectation that the provincial government would assist with a grant to cover possibly half the amount required to carry on the schools until the end of the year the mayor at last night's meeting of the city council said that he felt sure no one on the council would willingly permit the institutions to be closed and Ald. Stark, seconded by Ald. Gilker, moved that the matter of raising funds to meet the immediate expenses be left in the hands of his worship and the city treasurer. This action was taken.

The months salaries amounting to $1,792 and a number of vouchers would be due for payment today, explained his worship. Of the sum placed at its disposal by the council at the beginning of the year only about $200 remained.

Provincial Aid Asked

In an endeavor to meet the situation early last month he had taken the matter up with Harry Wright, M.P.P., who had assured him that he could persuade the government to bear a portion of the cost of operating the schools after the grant made by the council was exhausted. Mr. Wright had telegraphed to Victoria but owing to the fact that Premier McBride was absent during the time that the local member was in the city no reply had been received and his worship said that he had been unable to locate Mr. Wright since he left for the coast. He hoped, however, to receive a favorable reply very shortly.

The mayor reported to the council that he had attended the meeting of the tax commission while the board was in Nelson and had found that the commissioners were thoroughly conversant with the difficulties which had arisen in the operation of the School act, the matter having been brought to their attention at Fernie where differences of opinion as to its meaning, similar to those between the Nelson council and school board, had cropped up. From conversations he had had with Hon. Price Ellison, finance minister and chairman of the commission, and with Premier McBride he had good reason to hope that the act would be brought before the next session of the legislature for amendment along the lines desired.

Ald. Stark—His worship has enumerated the steps which he had taken to overcome this difficulty. Ha, the school board done anything?

The mayor—I have been favored with no communication whatever from the school board.

Ald. Stark—That is very much to be regretted. They have understood the situation since last February when the estimates were prepared. It looks to me as if they wanted the schools to close. I think it best, if possible, that some arrangement should be made.

Ald. Gallagher—It is not right that the schools should be closed.

The mayor—It would be a disaster to the city to have the schools closed. I am sure no member of the council feels inclined to allow that to occur.

Ald. Stark, seconded by Ald. Gilker, then moved that the matter of arranging for the payment of the salaries be left in the hands of the mayor and the city treasurer.

Meeting Illegal, Says Mayor

The mayor said that in addition to the salaries there were vouchers totalling $139. Of this sum $75 was for expenses for a trip which Dr. Arthur, the secretary, proposed to take to Vancouver to attend the Provincial School Trustees' convention. "I have read in the paper," said his worship, "that this appropriation was made at a very small meeting of the trustees. The next morning I learned also from the paper that one of the trustees had not been notified that the meeting was to be held. It therefore seems to me that this meeting was illegal and that any action taken there was null and void."

Ald. Stark with the consent of his seconder, amended his motion to read that the mayor and treasurer should endeavor to arrange for the payment of the salaries and such accounts as were owed merchants, but excepting the voucher for $75 for the expenses of Dr. Arthur's projected trip.

Will Submit Bylaw

With regard to the petition from a number of property owners asking that the council submit a bylaw to the people for the raising of $15,000 to pay a proportion of the expenses of the new building, Ald. Stark said that in May when a delegation from the hospital board had approached the council a promise had been given that the bylaw should be placed before the people directly the directors obtained signatures for an equal amount. He moved, seconded by Ald. Madden, that this undertaking should be carried out, it being pointed out that this was the plan proposed by one of the members of the hospital board when the grant was asked for.

Public Works Decided on

A petition for water connections from some residents on the cemetery road was filed.

On the recommendation of the finance committee a contract for a portion of the cement sidewalk on Vernon street near the Hume hotel at a cost of $800, was let to John Burns & Son.

The council decided to rebuild the sidewalk and bridge on Hoover street west of Hall Mines road at a cost of about $600. The work will result in the building of a permanent street to replace the present unstable trestles. C. F. McHardy promised to pay one-third of the cost up to $200.

On motion of Ald. Stark and Ald. Madden it was decided to build a new sidewalk for 75 feet west of Kootenay on Gore street. Some proposed improvements to the sidewalk on the east side of Falls street between Silica and Carbonate streets were left to the mayor and the chairman of the board of works.

Fire Bell Being Recast

The fire chief reported that there were no alarms during October and that the cracked bell had been sent to Troy, N.Y. to be recast. A request from Chief Guthrie that a small bell connected with the fire hall and a telephone be installed in his residence at 516 Silica street, was granted. The chief stated that J. Holland had been appointed call man.

It was also decided that a new walk should be built on Ward street from Gore and Houston street.

An application from J. Balding for water for two houses on Benson street was received and granted provided Mr. Balding defrayed the cost of installation.

The council adjourned to Nov. 13. Those present were the mayor and Aldermen Stark, Gilker, Madden and Gallagher.

WILL NOT RAISE RATES FOR POWER

VANCOUVER, B. C., Oct. 31,—Lorne A. Campbell, manager of the West Kootenay Power & Light company, stated tonight that the rates to be charged for power would not be raised and gave credit to Premier McBride for effecting a settlement. He stated that while the justification for higher rates had been recognized, it was not the intention of the company to do so at present, owing to the unfavorable conditions due to the low price of copper.

FOUL MURDER, DECLARES JURY

Duck Creek Tragedy Apparently Eight Months Old

DECEASED THOUGHT TO BE ITALIAN

Attorney-General Asked to Send Detective--Knife May Give Clue

(Special to The Daily News.)

CRESTON, B.C., Oct. 31—That a foul murder had been committed was the unanimous decision of the jury empanelled to enquire into the death of an unknown man whose body was discovered near Duck creek on Monday morning. The verdict arrived at was that the unknown man came to his death at the hands of some party or parties unknown and the jury recommends to the attorney general that a detective be sent to enquire into the case.

Coroner Rose arrived this morning from Nelson and immediately proceeded to view the body that had been left untouched by the local police. The body was in an advanced state of decomposition. It was conclusively proven to the satisfaction of the jury that the deceased had met his death by violence. A tamarack club four feet long and 2 1-2 inches thick was the weapon that was admitted by the jury to have caused the tragedy. The skull was stove in and the jaw bone broken. The tamarack limb that did the deed was broken off near the end and there were stains of congealed blood upon it. There was proof of robbery as nothing was found upon the remains that would lead to identification with the exception of a cheap metal watch, a clasp knife of Italian manufacture and a few matches. To the jurymen it appeared that the murderer or murderers had gone carefully through the effects of the deceased.

The youth who found the body testified that he was a water boy for the extra gang and he was gathering fire wood when he noticed a portion of a blanket protruding from two logs which had been piled upon the body. He saw a man's foot and a stump of a leg. After the jury had viewed the scene of the tragedy, the above verdict was rendered.

Before Dr. Rose left for Nelson the corpse was interred under his direction within a few feet of the spot where the tragedy occurred. Dr. Rose read a brief funeral sermon over the body. It is evident that the murdered man is an Italian.

Knife May Give Clue.

On his return last night Dr. W. O Rose, coroner, said "It is clearly a case of foul murder." He mentioned that the body had been lying under the two logs for about eight months. There was no writing or papers on the body. The knife, Dr. Rose believed, was of Italian make and he thought it might lead to some clue to the identity of the deceased. Fishing tackle was also found near the body.

The underclothing was of the "Stanfield" make and f thick, unshrinkable quality. Nearby was a bag which had contained other clothing of the same quality which had apparently belonged to the dead man and had been ransacked by someone, who had taken the best of it.

The club with which the deed had been committed was found under the body. The dead man was about 50 years of age and about 5 feet, 6 inches in height. He had dark brown hair, almost black, and appeared to be of Italian nationality.

"The deceased, an unknown man, whose body was found about a quarter of a mile west of Duck Creek siding and 150 feet north of the C. P. R. railway track, came to his death at the hands of some person or persons unknown and we recommend to the attorney general that a detective be sent to find out more particulars concerning the death of the deceased," was the verdict of the jury, which consisted of J. W. Dow of Creston, foreman; J. J. Atherton of Creston; C. J. Carlson of Nelson, and A. J. Street, August Cozen and Thomas Rutherford of Duck Creek.

YOUNG JEWEL THIEF SHOOTS AT WATCHMAN

WINNIPEG, Oct. 31—Joseph Ostrey, 17 years old was arrested at 9:40 last night after making an attempt to shoot the night watchman of a jewelry store, R. J. Reid. He fired two shots but was overpowered, another watchman coming to Reid's assistance. On being searched a quantity of jewelry was found on him. He must have been hidden in the store since Saturday evening.

TWO THOUSAND LUMBERJACKS WANTED AT PRINCE ALBERT

PRINCE ALBERT, Sask., Oct. 31.—The Prince Albert Lumber Co. has closed its mill for the season and in the six months operation has put out over 50,000,000 feet of lumber. They will require 2,000 men for this winter in the woods.

GAMEY NOMINATED

GORE BAY, Ont., Oct. 31—R. R. Gamey was again chosen as the Conservative standard bearer for Manitoulin.

WILL ADVERTISE CITY'S POPULATION

Publicity Commissioner Taking Steps to Bring Figures Before Important Boards of Trade

In order to gain publicity for Nelson and for the fact that the city and suburbs according to the declaration of A. B. Docksteader, census commissioned, have a population of 7,003 instead of under 5,000 as shown by the returns, H. H. Currie, publicity commissioner, is issuing a circular letter to the boards of trade in all the important cities in Canada and is also taking steps to bring the matter to the attention of the C.P.R. and other large advertising corporations. He is also notifying the agent general in London. Mr. Docksteader's statement regarding the population has already been given wide publicity through the Western Associated Press and special dispatches sent out by Mr. Currie and others.

The publicity commissioner believes that the circular letter to the boards of trade will have the effect of bringing Nelson to the attention of many hundreds of the most substantial citizens throughout Canada in a direct manner which would be impossible by any ordinary means.

TO FIND SEAT FOR EX-MINISTER OF FINANCE

OTTAWA, Oct. 31—Hon. W. J. Yale, member for Yarmouth, has offered to resign in favor of Hon. W. S. Fielding. It is now said that it is improbable that the ex-minister will re-enter politics for some time at least. His family is understood to be against it and insist on his taking a rest. He may go to Europe for a year.

SPEEDY JUSTICE.

WINNIPEG, Oct. 31.—Three years in the penitentiary was the speedy justice meted out to Joseph Foster this morning. Foster was caught last night stealing articles in the T. Eaton company's store.

ALL SEATS GO CONSERVATIVE

Opposition Makes Three Gains in Alberta

CALGARY ELECTS CONSERVATIVE

All Four Seats in Provincial By Elections Won by Opposition

CALGARY, Oct. 31.—Three Conservative gains and the return of a Conservative member to replace R. B. Bennett, the former Conservative member for Calgary, who was elected to the Dominion house, was the net result of the provincial by-elections, which took place in Alberta today, three of the elections were necessitated by the election just passed of the sitting member of the provincial house into the Dominion house, while the Gleichen election was occasioned by the death of A. J. McArathur, the former member.

The main issue of the campaign was the policy of the Sifton cabinet with regard to the Alberta and Great Waterways situation. Though full returns are not yet available from Gleichen, nine polls being yet unheard from, the election of the Conservative candidate there is conceded.

Large Majority in Lethbridge.

LETHBRIDGE, Alta., Oct. 31.—Polling day opened here accompanied by a slight snow fall, although the weather was not at all cold. The rivalry between the Liberals and Conservatives was brought to a fever heat during the day, and it was conceded that the fight would be a close one. Both candidates Shepherd and Steward, Liberal and Tory, respectively, are very popular here. Public houses closed till 7 o'clock. The vote was very small. Lethbridge did not seem to exhibit much enthusiasm. The result of the by-election gives Steward, Conservative, a large majority.

Conservative Majorities.

CALGARY, Alta., Oct. 31.—Full returns in Calgary by-election: Tweedie, Conservative, 2,708; Skinner, Liberal, 1,599.

In Gleichen, Riley, Conservative, is elected by about 300. Gleichen is a Conservative gain.

LOS ANGELES VOTES SOCIALIST

Republican Moral Reform Candidate Second in Civic Primaries—Result Creates Sensation.

LOS ANGELES, Cal., Oct. 31.—Incomplete returns from 25 precincts out of 243 give the following vote for mayor in today's municipal primaries Job Harriman, Socialist, 9,730; George Alexander, Republican and good government, 9,206. The same precincts show that the Socialist councilmanic ticket was running 300 to 500 votes ahead of the Republican-good government slate and the unattached candidates.

The results of the primaries have created a state-wide sensation in California, as it is the first time in the history of Los Angeles that the Socialists have shown any marked strength. The figures are said to be the result of a coalition between the Socialists and the labor and saloon interests.

SIR DONALD MANN UNDER OPERATION

Taken Suddenly Ill Between Montreal and Toronto—Rushed to Home From Depot.

TORONTO, Oct. 31.—Sir Donald Mann, who was taken ill in his private car while on his way home from Montreal on Thursday night, had a turn for the worse yesterday, and shortly before noon today underwent an operation at his residence, "Fallingbrook," Scarborough. It was thought at first the Canadian Northern magnate was suffering from acute attacks of indigestion, but on closer examination by specialists gallstones were found. These were removed in the operation.

Sir Donald had been in Montreal on business Thursday and was in fairly good health. On the arrival of the train at the union station, Toronto, he was rushed to his home.

CLOSED SEASON FOR FISH

OTTAWA, Oct. 31—Hon. J. D. Hazen has decided to defer from Nov. 1 to Nov. 10 the commencement of the closed season for fish on government lakes.

Church Crowded With Children Bursts Into Flames

MONTREAL, Oct. 31—At 4:15 this afternoon an alarm of fire was turned in from the corner of Atwater avenue and Workmen street and by the time the first division of the brigade reached the scene of the fire, it was seen that the Roman Catholic church was in flames, and the fire had gained such headway that a general alarm was turned in. A large body of police were rushed to the scene and they had great difficulty in keeping the crowds at a safe distance.

About a quarter of an hour after the outbreak was discovered the tower and a portion of the roof fell in and the walls cracked and sagged in an alarming manner. The fire was intensely fierce and the hangings and decorations were destroyed.

At the time the outbreak was discovered there were 500 children from the parochial school in the church, attending special services of prayer, but they were under the guidance of the Sisters and priests and were brought safely out of the building.

The walls showed a tendency to fall outward and so menacing did this become that it was thought they would have to be razed by dynamite, to give the fire fighters a better chance to cope with the blaze. It was feared at one time the fire would spread to the Presbyterian church near by as it was ablaze in several places.

The fire broke out without warning of any kind and it is presumed started in the basement. The first intimation of anything being wrong was when the flames shot up through the floor. The loss is estimated at $90,000 fully covered by insurance. The church is totally destroyed and will have to be rebuilt. The cause of the fire has not been definitely discovered but the theory of the firemen is that it started in the downstairs sacristy, where a number of choir boys bearing lighted candles gathered prior to the service and very shortly before the outbreak was noticed. The boys were in the sacristy for some time waiting their turn to enter the church to take their places in the services. The walls of the sacristy were covered with surplices and it was in this part of the church that the fire evidently began. The walls were lined with several layers of papier mache, and proved an easy prey to the flames.

MILITIA CAPTAIN STRICKEN WITH TOTAL BLINDNESS

WINNIPEG, Oct. 31.—Capt. W. S. Conger, of the militia, who yesterday morning found himself stricken with total blindness, is being treated at the general hospital, and hopes are entertained for the recovery of his sight.

Recapture of Tripoli by Turks Imminent

WASHINGTON, Oct. 31—The recapture of Tripoli by the Turks seems imminent to officials of the Turkish embassy here in the light of official advices from Constantinople received last night. The dispatch states that an attack was made on Fort Seyid Enser Penni and that the Italians evacuated the place leaving behind a great quantity of ammunition and other supplies. The losses of the Italians are reported to be enormous, while the Turks are said to have lost 40 killed and about 100 wounded. The Turkish forces, reinforced by volunteers, first advanced upon Tripoli on the night of Oct. 25, breaking the lines of the Italians at different points. This attack lasted until 4 o'clock the next morning when the Italians retreated to a remote part of the town.

Turks Recover Positions

CONSTANTINOPLE, Oct. 31—The minister of war Schefket Pasha, interviewed today regarding the reported success of the Turks at Tripoli said that according to a telegram to the war office, the Turkish troops had recovered several positions at Tripoli, the Italian losses being heavy.

TRIESTE, Oct. 31—Italy has seized and occupied the Turkish islands of Rhodes and Lesber, according to dispatches filed here from Milan. It is thought to be part of a naval demonstration threatened against Turkey in retaliation.

WANT RAILWAY LANDS SETTLED

Golden Board of Trade Passes Resolution—Will Probe Fire Brigade Situation.

(Special to The Daily News.)

GOLDEN, B. C., Oct. 31.—Many important matters were dealt with at the last meeting of the board of trade, the most vital of which was the passing of a resolution petitioning the Dominion government to open for settlement the lands contained in the railway belt. The federal government was also urged to erect a suitable building here for the accomodation of the post, costums, telephone and other offices, take the necessary steps for the immediate construction of a new wharf at this point, establish a semi-weekly mail service between Golden and Windermere and provide a more efficient telephone service between these points. The provincial government was petitioned to make an appropriation for the construction of a bridge across the Columbia at Golden and the construction of the road from Suillimachene along the west side of the Columbia river to Golden.

The board decided to call a meeting of citizens to be held on Thursday evening next, for the purpose of discussing the fire brigade situation.

J. H. D. Benson moved and W. Wenman seconded a motion appointing H. G. Parson, M. P. P., the board's representative to lay before the proper authorities at Ottawa in person, the resolutions as passed by the board for presentation to the different departments at Ottawa.

The following is the text of the resolution regarding the lands contained in the railway belt.

Whereas, there are large tracts of agricultural land in the railway belt in the Golden district, and whereas, it has been impossible to obtain homestead entries in said railway belt since these lands were withdrawn from settlement on June 1, 1909, and whereas, a large number of settlers have applied for homestead entries in said railway belt since that date, therefore, be it resolved, that the minister of the interior be urged to take immediate steps for the opening up of said lands for settlement, and for the establishment of a sub-land office at Golden forthwith for the convenience of intending settlers, and that copies of the resolution be forwarded to the minister of the interior, A. S. Goodeve, M. P. For Kootenay; and H. G. Parson, M. P. P., the board's representative.

WILL SHIP CARLOAD FROM IDAHO-ALAMO

(Special to The Daily News.)

THREE FORKS, B.C., Oct. 31—Nine men are at work building bunkhouses and out buildings at the Eureka mine. The management intends putting on a considerable force of miners and pushing development work all winter.

L. C. Rodgers, alias L. C. Jones was arrested here last week by Constable Forrester on a charge of obtaining goods under false pretenses in Sandon. He came before Magistrates Gomm, Parkham and Sanderson and was sentenced to three months in the provincial jail at Nelson.

Many complaints are heard regarding the poor train service to this part of the Slocan. Three tiimes a week a mixed train comes up from Rosebery to Sandon, arriving here any time between 6 o'clock and midnight. A special train has to come up at times to keep up with the large amount of freight coming in.

Mrs. Crumps received a nasty fall at the C.P.R. depot on Friday night. The platform is about six feet above the road level and in the darkness she stepped over the edge and fell to the roadway below getting a bad shaking up.

Towgood's pack train went up the North Fork on Sunday with supplies for the Evening Star mine.

T. Avison and associates who have a lease on the Idaho-Alamo mine, are getting ready to ship another car of ore.

Miss Alexander Obtains Hundred and Twenty Boxes From Three-fifths of an Acre at Kaslo

(Special to The Daily News.)

KASLO, B.C., Oct. 31—One hundred and twenty boxes of apples were gathered off three-fifths of an acre belonging to Miss Alice Alexander. They were mostly Gravensteins, with a few trees of Ben Davis, Winter Banana and other varieties. There are 85 trees planted on the land and no water except that which fell from the heavens has ever been used in growing them. This is the piece which was bought from T. L. Kennedy of Spokane last June and it furnishes an outstanding example, if any were needed, of what can be grown without irrigation in this valley. Many of the apples graded as "fancy" and found a ready market at $3 to those who saw them and wished to send a box to friends in less favored districts.

TO BUILD CHURCH AT EDGEWOOD

Ford Brothers Donate Lots—Reception to Rev. A. P. Durrant—Want Roads Developed

(Special to The Daily News.)

EDGEWOOD, B.C., Otc. 31—The usual monthly meeting of the Edgewood and Fire Valley Conservative association was held Saturday night, L. C. Morrison presiding. After the adoption of the minutes of the last meeting the secretary, R. Calder, read a letter from the secretary of the Arrow Park Conservative association asking co-operation in a movement to connect their town with Edgewood by a trunk road on the west side of the lake via Mosquito creek and the Needles. The Needles Conservative association has also been asked to give their support. It was decided to write Arrow Park promising them assistance in the matter.

The secretary read a letter from J. W. Ford, who was absent on business in Nelson, urging that strong representations should be made to the government to complete the valley road the main approach to the town between the wharf and the falls road, and gravel it. He advocated the use of a government grader, pointing out that five miles of road could be made for the same cost as one by hand. During his recent trip through the Okanagan valley he noticed everywhere good automobile roads, an absolute necessity to the development of any community.

The general feeling of the meeting was that the present state of the Fire Valley road was inadequate for the present large amount of transportation, and the needs of a fast growing district. It was decided to ask the member for Ymir for a large appropriation, to be used next spring in making a good trunk road up the valley The question of side roads was then discussed. The meeting decided to ask for separate appropriations to meet the needs of the most urgent cases. The meeting adjourned to Saturday, November 30.

J. Serson, provincial bridge superintendent, was in this week in connection with the new bridge across the Inonoaklin creek. Fifteen men are at work in charge of B. Campbell and most of the timber required is now cut, two teams being employed in hauling it out, and next week the erection of the structure will commence.

A social was held at the Edgewood hotel Friday night as a welcome to the Rev. A. P. Durrant, the new Episcopalian minister, the proceeds forming the nucleus of a church building fund. Dr. A. R. Wilson proved an able chairman. The following varied program was carried out without a dull moment: Exhibition of club swinging, Mrs. R. D. Lanyon; recitation, "Troubles of a Village Church," Carlton Nash; song, "Darby and Joan," Miss H. Jowett; song, "My Ain Folk," Mrs. McFarlane; mandolin solo, Mrs. Blakeman; recitation, Miss Emma Masters; flute solo, Leslie Hughes; comic song, "Under the Circumstances," Rev. A. P. Durrant. Miss Jowett sang with good expression and Mrs. McFarlane's Scotch songs were much enjoyed. She gave "On the Bonnie, Bonnie Banks of Loch Lomond" as an encore. Mrs. R. D. Lanyon gave an interesting exhibition of club swinging, proving herself an adept in the art. Rev. A. P. Durrant replied to an enthusiastic reception, with a skit entitled "Napoleon's Farewell to His Troops," in which the interest of his audience was raised to fever heat by an eloquent description of a battlefield, and the serried array of the flower of the French army, only to be amusedly disappointed by the emperor's long expected stirring harangue consisting of the simple word "farewell." Dancing was indulged in at intervals, music being provided by Miss Williams, Mrs. Blakeman and George Old, E. and A. Groome, W. Sayer, Wilfred Jowett, Gilbert A. Williams and J. Burns. During the evening the chairman read a letter from A. D. and J. W. Ford, the owners of the townsite, offering two town lots as a church site, provided that a suitable edifice was elected within two years from date, the plans to be subject to their approval. This generous offer was received with applause. He also pointed out the crying need for a church here, and urged all to work hard to make the movement a success. Wilfred Jowett, vicar's warden, endorsed the previous speaker's remarks and on behalf of the residents tendered a hearty welcome to the new incumbent. The latter replied suitably.

The site for the church is already cleared. Revs. S. H. Phillimore, A. P. Durrant and Alf Williams putting in some good work on it Thursday. All regretted the absence of the vicar of the parish at the festivities Friday, he being unavoidably detained in Nakusp.

W. Williams, Sr., has taken a contract to clear eight acres for F. W. Jordan in Fire valley. Angus McIntosh has taken another to slash and burn 20 acres for J. W. Ford between the Inonoaklin and Eagle creeks.

Sunday Rev. S. H. Phillimore held early celebration of Holy Communion here, matins at the Needles, afternoon service in Fire valley and evensong at Edgewood. Rev. A. P. Durrant officiated in the morning at Burton City, in the afternoon at Arrow Park and in the evening at Nakusp.

J. Glover, an old-timer, left this week for a short visit to Grand Forks

Born, on Sunday, October 29, to Mr and Mrs. R. Hughes of this town, a son.

PERFECT PANACEA FOR RHEUMATISM

"FRUIT-A-TIVES" WILL ALWAYS CURE THIS TROUBLE

McMILLAN'S CORNER, Ont. "Your remedy Fruit-a-tives is a perfect panacea for Rheumatism. For years, I suffered distressing pains from Sciatic Rheumatism, being laid up several times a year, and not being able to work at anything. I went to different doctors who told me there was no use doing anything; it would pass away.

Fortunately, about two years ago, I got "Fruit-a-tives" and they cured me.

Since then, I take them occasionally and keep free of pain. I am satisfied that "Fruit-a-tives" cured me of Rheumatism and they will cure anyone who takes them". JOHN B. McDONALD.

Rheumatism, Sciatica and Lumbago are caused by Uric Acid—a poisonous substance formed as a result of acid indigestion and impurities in the blood. "Fruit-a-tives", or intensified fruit juices, is the greatest blood purifying medicine in the world.

"Fruit-a-tives" keeps the whole system free of uric acid and will always cure Rheumatism in every form.

50c. a box, 6 for $2.50, or trial size, 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

BEAR COMMITS DEPREDATIONS IN ROSSLAND ORCHARDS

(Special to The Daily News.)

ROSSLAND, Oct. 31—During the last few mornings a huge bear has been committing depredations at Denison's ranch and in the Chinese gardens east and south of the city. Several local nimrods have been in quest of bruin, but only one got a shot at it and he cannot say whether he hit it or not as the animal got away. The bear has eaten an enormous quantity of fruit and has broken several trees.

HALIFAX, N. S., Oct. 31.—The Cornwall, which has completed her repairs after grounding off Cape Sabe straits, starts for England in the morning.

"The Only Thing That Will Relieve Neuralgia."

The piercing pains of Neuralgia, which often follows a bad cold or La Grippe, are frequently almost unbearable and few medicines afford any relief to the sufferer.

"I am a rural mail carrier and have been a user of the Dr. Miles medicines for years.

Dr. Miles' Anti-Pain Pills can't be beaten. They are the only thing I have found that will relieve my neuralgia and I have tried most everything, besides medicine from the doctor. I am willing to tell anyone what the Anti-Pain Pills did for me."

CHARLES HILDERBRANDT,
Box 205 Woodvill. Ohio

If you, like Mr. Hilderbrandt, "have tried most everything" in vain, why not do as he did, fight your aches and pains with Dr. Miles' Anti-Pain Pills. Let the pills bear the brunt of the battle. No matter how stubborn the contest, they will come out victorious.

More Factories for South-East Calgary

7,000 to 8,000 Men to Be Employed

According to reports others are sure to follow as natural gas is now being piped from Bow island at a cost of $4,000,000. We are not going to elaborate on what this means to our C.N.R. Division property. We do not have to do this. An ounce of investigation is worth a pound of cheap argument.

The people who are shrewd enough to analyze and get at the bottom of things know that when B. C. United Agencies endorse anything they are sure they are right before they do it, and we know what we are doing when we give our unqualified endorsement to our C. N. R. lots.

We beg to submit that the independence and intelligence of the thousands of highly paid employees who will soon be working in the vicinity of our property will themselves be the great deciding factor as to where they will live and have their homes, as nothing will appeal so strongly to intelligent families as a pleasant location for their homes and remember that in addition to the Big Carshops there will be numbers of large manufacturing plants located in this district and any sane thinking person will want to live far enough away to be out of the dust and smoke of these plants. Don't wait to see if the property you are thinking of buying is going to increase. Buy and watch it increase. You will feel better.

Still Counting ?

This is not all—We still have twenty-four more dollar marks to place somewhere in this advertisement, but

we will not take up all of your time counting dollar marks, we will tell you the number. Just three hundred and fifty dollars. This amount was not only made by one but numbers of our clients could realize this amount if they sold their lots in Southeast Calgary today, lots they bought of us less than six months ago for one hundred and fifty dollars per lot.

Is this making money out of your standing capital?. Does your bank pay you this amount of interest. .

Honestly now, you cannot afford to miss this chance, can you? Don't delay another minute we advertised this property freely and by so doing we have added dozens of satisfied clients to our list and we want *you to give us a trial. The lessons of the past should be turned to your benefit.* Why not call at our office and let us show you investments that have no superiors and few equals.

FLINT MINE SHIPS TO TRAIL SMELTER

United Copper Property is Again on List—Hewitt Has Milled Four Thousand Tons

To the total ore shipments and tonnage of ore milled in the Slocan-Kootenay district for the year to date is added 4,000 tons of ore milled at the Hewitt mine at Silverton. A portion of this ore consisted of middlings treated by the Elmore process. The United Copper group at Chewelah, Wash., which made its first shipment to Trail smelter during the week ending October 21, last week sent a shipment of 40 tons. The Flint, a property located on the south fork of Kaslo creek, sent its first shipment of the year. The Utica, another Kaslo property, sent a shipment of 55 tons of silver-lead ore, also to Trail.

The total shipments were 18,907 tons for the week and for the year to date 1,309,242 tons. The smelter receipts for the week and year to date respectively were 16,566 tons and 1,207,921 tons.

BALFOUR AMATEURS SCORE SUCCESS

Produce Plays at Kaslo—Fine Performances Greatly Appreciated By Large Audiences.

(Special to The Daily News.)

KASLO, B. C., Oct. 31.—The Balfour Amateur Dramatic society played "My Lord in Livery" to a good house on Thursday with W. C. Draper in the title role. Other characters in the play were cast as follows: Spiggot, the butler, R. C. McLeod; 'Opkins, the footman, Gordon Duncan; Robert, the page, F. C. Cochrane; Sybil Amberly, Miss A. K. Devlin; Laura and Rose, friends of Miss Amberley, the Misses Richardson.

The sketch is a clever one-act comedy of the present time by S. Theyre Smith. On Friday the society played "A Kiss in the Dark" and "Sunset," a one-act play by Jerome K. Jerome. The play was well received by the audience, which showed unmistakable appreciation of the talent displayed by the actors.

Between the acts W. R. Draper rendered a vocal selection entitled "Fleurette," adding greatly to the evening's enjoyment. Perhaps the best hit during the two evenings' entertainment was the recitation to a suitable musical accompaniment by Gordon Duncan of "My Beastly Eyeglass," which being encored another verse was sung, and to the double encore Mr. Duncan sang a comic song entitled "The Village Pump," with splendid effect.

The society will start shortly on a tour, playing Cranbrook, Creston, Trail, Rossland and Nelson.

HUNT IS FUTILE.

CALGARY, Oct. 31.—In spite of the fact that the police net has been spread all over the city and the outlaying points in the vicinity of Calgary, they are unable to unearth even a tangible clue which will give them anything to work upon in the man hunt for John Portulsezo, the Italian laborer who slew his fellow countryman on Sunday.

HAMILTON ROAD RACE.

HAMILTON, Ont., Oct. 31.—The eighteenth annual road race around the bay, conducted by the Hamilton Herald, was held today and there were 13 starters.

The weather conditions were ideal and the record for the course would be broken, it was thought, as there was a very classy field of starters.

Among the notables was John Shine, the Minnesota Indian, who has achieved considerable fame in long distance running. Richard, who had shown such promise in the labor day 10-mile race, took the lead at the canal and kept it all through. He was closely followed by Eddie Cotter. The winner's time was 1:50, as compared with Sammy Mellor's record time of 1:48:43, made in 1894. The men finished in the following order: George Richards, 1st, time 1:50; Eddie Cotter, Postoffice A. C. Toronto, 2nd, 1:50:45; James Duffy, Eaton A. C. Toronto 3rd, 1:51:16; John D. Shine, W. A. Forsyth (Caron), John Meredith, A. Petit, S. Hindle, James A. Dellow, Alex Thompson.

INDIAN WINS ROAD RACE

HALIFAX, N. S., Oct. 31.—The Halifax Herald's 10-mile road race was won by Michael Thomas, the Indian from Prince Edward island, who was also the winner last year. His time was 58, 41, 00, which is 12 seconds faster than the work of a year ago.

H. M. S. Cornwall won the Rugby championship of Halifax, playing the concluding game of the series today. In this game the Wanderers scored eight points against the Navy's 12. The Tars after the game unharnessed the horses fro mthe carriage, placing Captain Tillard on the top and drew it through the principal streets to the warship.

WHIP HAS BAD FALL

WINNIPEG, Oct. 31.—Willie James, whip of the St. Charles Hunt club, had a fall during the morning hunt today, sustaining concussion of the brain. He was turning a couple of dogs and his horse slipped on the frozen ground, throwing him heavily.

LEG BROKEN IN CHAMPIONSHIP GAME

TORONTO, Oct. 31.—After one of the most stubborn battles seen at Rosedale this season the Argonauts won the city championship from the T. A. A. C. team today, 12 to 8. The exhibition was marred by many injuries to the different players early in the first period. Fleming, the clever runner of the T. A. A. C., had his leg broken in a scramble after the ball.

DROWNED AT VANCOUVER.

VANCOUVER, B. C., Oct. 31.—While cruising in Vancouver harbor with a party of five men in a gasoline launch yesterday John Shaw fell out of the boat and was drowned. He was leaning over the guard rail when the boat struck a cross current and gave a lurch; he lost his balance and fell overboard. He was never seen again. The young man was married and employed with the Otis Fenson Elevator company.

WILL BUILD FINEST RIVER STEAMER IN CANADA

(Special to The Daily News.)

VANCOUVER, B.C., Oct. 31—It is stated that the British Columbia Express company of Ashcroft will shortly commence the construction of the finest river steamer in Canada to ply on the upper Fraser between Fort George and Tete Jeune Cache. It will cost about $100,000 and will be the first vessel to connect the Edmonton end of the G.T.P. with the Prince Rupert end. It is expected to aid in holding the trade of this part of the province for the Pacific coast as against the prairies.

SHOT HIMSELF

WINNIPEG, Oct. 31.—Thomas Gordon, an employee of the J. H. Ashdown Hardware company, was arrested at the C.P.R. depot tonight, charged with carrying fire arms. He appears to have hurt only himself, getting a shot in the foot.

SONGSTERS FOR BRITISH COLUMBIA

The proposal to import British song birds to populate the woodlands and meads of British Columbia will earn the warm approval of all who retain recollections of the anthems of the feather choristers of rural England, whose melodies charm the ear and have inspired verses that are among the jewels of English literature. The solemn silence that pervades the forests of British Columbia is in awesome contrast to the merry songs of birds that fill the air in the woods of England and Europe, for varied as is the fauna of the province, indigenous songbirds are of remarkable rarity. One may listen in vain for the "bird in the solitude singing." The joyous lays of the throstle, of the linnets, finches and blackbirds, that make of the English woods a choir of heaven born minstrels, are silent. That "blithe spirit," the lark, the "bird of the wilderness," that from Heaven or near it pours its full heart in profuse strains of premeditated art, vouchsafes no music for the Canadian air. No "nightingale's high note is heard," the exquisite strains of that "most musical, most melancholy bird" breaks not upon the evening calm. The lover of nature misses sorely the wild music that is his supreme delight.

To bestow upon British Columbia the woodland songsters that are so pleasing a feature of rural England would appear to offer no great difficulties. The climate of many parts of the province is not very dissimilar to that of Great Britain, and birds that are indigenous to England would probably flourish in British Columbia. That this is so is indicated by the success that has attended experiments on a small scale in the vicinity of Victoria.

Apart from the melody that the introduction of British song birds would confer, a useful purpose would be served. The singing birds of England are avowed foes of insect life, and the friends of the farmer and horticulturist. They would aid materially in minimizing the insect pests that prey upon gardens, orchards and field crops.

PICTURES THAT DO NOT PLEASE

The action of the Toronto city council in prohibiting the display of moving pictures which make a blatant parade of the United States flag will no doubt be of general advantage by impelling the United States manufacturers of picture films to exercise some discrimination in the selection of the reels sent to their Canadian patrons. The offensive glorification of the United States flag at the expense of the Union Jack in pictures shown in the British dominions has for some time occupied the attention of the Overseas club, and the action of the Toronto city council will in all probability go far to eradicate the grievance against which the club has been protesting.

Canadians show a cosmopolitan tolerance of the display of foreign emblems, and the flag of the United States is treated in Canada with a respect not always accorded to the Union Jack in the republic to the south. This is as it should be, but when it is expected that tolerance should be extended to displays in Canada of unpatriotic pictures, glorifying a foreign country at the expense of British reputation, the line has been passed.

Moving picture theatres are largely attended by boys and girls and the pictures have an educational tendency which can be either sound or detrimental. No loyal Canadian would suggest that the children of the Dominion should imbibe their knowledge of history from books colored to suit United States prejudices, which deprecate British aims and achievements and magnify United States accomplishments beyond historical perspective. It is equally objectionable that the pictures placed before them should be similarly perverted, and should inculcate an exaggerated idea of the achievements of the United States and a contempt for British ideals.

TO UNITE WORKERS WITH FAMILIES

Publicity Commissioner Explains Aims and Advantage of Imperial Home Re-union Association.

In the following letter H. H. Currie, secretary of the publicity bureau, sets forth the objects and advantages to the community of the establishment in Nelson of an Imperial Home Re-union association. He refers to the business and philanthropic advantages of the association, and the manner in which it would result in the up-building of the city, and of the general benefit to a city which follows the establishment of homes within its boundaries. Mr. Currie also explains away the idea that one of the objects of the association is to bring out laboring men to Canada. It is, he points out, purely for the purpose of assisting the emigration of familes whose breadwinners are already located in the city, or district. A meeting to consider the establishment of an association here will be held tomorrow evening. The following is the letter:

To the Editor of The Daily News:
Sir—It seems to be desirable, in view of various misapprehensions found to exist, to state exactly what the Imperial Home Re-Union association is, and what it is not. The organization, I find, is confused, or associated, in some minds, with the Over-Seas club in some cases, and in other cases with the Colonial Intelligence league. It has not the slightest connection with either of those worthy organizations, and its roots are not on the other side of the water, but on this side.

Neither is the Imperial Home Re-Union association an organization that proposes to promote the immigration of old countrymen to a Canadian city or district to take up employment. This inaccurate description of its object has gotten abroad here.

Meeting Thursday Evening.

In the case of the branch of the Imperial Home Re-Union association, which I trust the substantial public-spirited citizens will organize for Nelson and district on Thursday evening, the object will be to promote the building up of this city and territory by assisting the immigration of families whose breadwinners are already located here and have a stake, whether that stake be employment out of which the husband or father hopes to save enough to enable him to bring out his family, or whether it be an embryo fruit ranch, gradually developed while the owner engages in employment for a period of his time. In the Kootenay, the qualities of the pioneer are assessed high, and if there be a distinction among pioneers, the father who comes with high hopes to this twentieth century land to found a new home is entitled to an especially warm place in our respect. This type of man forms the backbone of a country, a safe stock upon which to engraft permanent citizenship. The plan that permits a community to have a part in re-uniting these home circles is so extremely simple, yet so adequate, that one wonders that it was not thought of and put into practice before.

Explains Plan.

The essence of the plan is that a number of the solid men of the community, by going jointly on a bond, create a fund at the bank out of which advances may be made for the purchase of family tickets. An applicant for assistance is required to show a clean sheet. If his application is approved by the executive, he makes a deposit of a substantial part of the total sum required. The association draws on the bank for the further amount required, and purchases the family ticket, which is forwarded by the transportation company to its old country office, which thereupon takes charge of the family. In due course the family arrives. Meantime and thereafter until the amount of the loan is repaid, with bank interest, the beneficiary of the loan pays instalments to the association, weekly or monthly as the case may be.

How Community Benefits.

From a philanthropic point of view the object sought has then been accomplished. But there are other and incidental consequences that are almost as important.

(1) This breadwinner is permanently established in the community, and all his interests are here. There being no economic waste, his savings accumulate more rapidly, he is probably a more efficient worker, and almost certainly a better citizen.

(2) The community enjoys the full benefits of his earnings. It also gains from the loyalty of its new friends, which will be manifested in valuable, if unofficial publicity. It also gains by the increase in population, there being certain goals that are only achieved through the medium of civic growth.

(3) The country gains by one more family growing up in an aggressive Canadianism.

The plan has been operated in Winnipeg for one year, and has resulted in 180 families being assisted over, numbering 677 souls. The family tickets averaged $131 each, and the beneficiaries deposited over one-fourth of the amount before the tickets were issued. During that period the fund has not deteriorated through a single lapse, but on the other hand the difference between the net and gross cost of the tickets is accumulating as a reserve. Of the 180 beneficiaries 83 have extinguished their indebtedness or reduced it below $50 and the remaining 97 are still above that figure.

Purely a Business Proposition.

Apart from philanthropic tendencies this plan ought to appeal, we believe, to every business man in Nelson, purely as a business proposition. Certainly a sufficient number of eligible men ought to be found in Nelson, willing for both patriotic and philanthropic reasons to pledge their credit in such a cause. Resting in this belief the publicity bureau has called the meeting referred to for Thursday night, at 8:30 o'clock at the board of trade rooms.

H. H. CURRIE,
Secretary Publicity Bureau.

LIBERAL LEADERSHIP IN ONTARIO LEGISLATURE

TORONTO, Oct. 31—Mr. Rowell is the choice of the parliamentary committee of the Ontario Reform association for the leadership of the Liberal party in the Ontario legislature. The committee sent in their recommendation to the association this afternoon and Mr. Rowell was then sent for to appear before the convention and talk it over. A member of the committee said this afternoon that the question of placing Mr. Rowell had not been discussed but it is not unlikely that if he desires to enter politics he will get the nomination in Middlesex.

HUNTERS RETURN FROM SUCCESSFUL TRIP

Jack Hartley returned last night from his long shooting trip on the Kootenay flats. Since leaving here on Oct. 6 he has bagged no less than 175 ducks, most of which he sent home as he shot them. He announces that the geese are now coming in thick and that Dud Blackwood got five yesterday morning. Mrs. Hartley accompanied her husband and they both had a thoroughly enjoyable as well as exciting hunt.

Ten Years Ago.

Extracts from The Nelson Daily Miner of Nov. 1, 1901.

A pretty wedding took place Wednesday evening, when John Thomas Armstrong, of Rossland, and Miss Bella Cunningham, of Winnipeg, were united in marriage by Rev. Dr. Wright.

J. A. McDonald, of Rossland, obtained the skin of the bear which was shot near the bunkhouse of the Silver Hill mine last week. The bear had been stealing everything left out and was shot by a stratagem. A piece of meat was placed in the bottom of a barrel, and so arranged that on the meat being touched a heavy rifle was fired at the disturber. The bullet nearly tore the heart out of the bear.

This Date in History.

The Lewis and Clark expedition reached the Pacific waters in 1805 on this date. Meriwether Lewis, American explorer, an officer in the regular army, and President Jefferson's private secretary from 1801-03, was appointed by congress to conduct with Capt. William Clarke an expedition to the headwaters of the Missouri river, and thence across the mountains to the Pacific. Setting out late in 1803, they wintered at the mouth of the Missouri and consumed the following summer in making the ascent to the Jefferson, whose course they kept up to its source in what is now southwest Montana. Then procuring a guide and Indian horses they crossed the mountains, and on Oct. 7 embarked in canoes on a tributary of the Columbia, reaching its mouth on Nov. 15, 1805. They had travelled upwards of 4,000 miles, encountering tribes never before seen by whites, and were the first explorers to gain the Pacific by crossing the continent north of Mexico.

Oh How I Itched

What long nerve racking days of constant torture—what sleepless nights of terrible agony—itch—itch—itch. Constant itch, until it seemed that I must tear off my very skin—then—

Instant relief—my skin cooled, soothed and healed. The very first drops of D. D. D. stopped that awful itch instantly, yes, the very moment D. D. D. touched my skin the torture ceased.

D. D. D. has been known for years as the only absolutely reliable Eczema cure. Just a mild, soothing pleasant wash made of Oil of Wintergreen, Thymol and other ingredients but the instant relief D. D. D. gives to all kinds of skin troubles seems like a miracle, and when used with D. D. D. Soap, keeps the skin in perfect condition.

If you have any kind of skin trouble—Eczema, Psoriasis, Salt Rheum, no matter what it is—yes, even pimples, investigate the wonderful D. D. D. Prescription. We know what D. D. D. has done—we vouch for it. D. D. D. never fails to do exactly as is claimed.

The D. D. D. Laboratories, Dept. No. 49 Colborne St. Toronto, will gladly send you a trial bottle if you write them, or call at our store, and get a bottle. It will relieve all skin trouble at once.—Poole Drug Store, Nelson, B. C.

CLAIM LONG LOST MINE DISCOVERED

Dick Roberts and Alex Robb Show Relics and Rich Ore From Famous Mine.

The veteran prospectors, Dick Roberts and Alec Robb, who are working with A. S. Johnstone, storekeeper and postmaster at Poplar, claim to have discovered the famous lost mine of the Bayonne country and show some old hand-made, tar-covered fuse and a box of caps they assert had been left from the previous workings over 25 years ago. There is rich ore in the 200-foot tunnel as well as in the surrounding rock, and the samples brought in are of high values.

The prospectors are much elated over their find, feeling confident in its proving a regular bonanza. They say that the vein is no less than 30 feet wide and can be traced for a mile at least, but, naturally, they are shy about giving particulars as to its location.

Envelope tunics are shown again for cloth and chiffon, and are especially effective in bordered materials. These lapped effects appear anywhere from the hip line to the knees.

Diapepsin Stops Fermentation and Ends Worst Case of Dyspepsia in Five Minutes

Why not get some now—this moment, and forever rid yourself of Stomach trouble and Indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as sound, healthy stomach would do it.

When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to take a little Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to become thoroughly cured this time.

Remember, if your stomach feels out of order and uncomfortable now, you can surely get relief in five minutes.

SLOW PROGRESS IN SELECTING JURY

Thirty Challenges Are Still Possible—Three More Talesmen Required to Fill Box

LOS ANGELES, Cal., Oct. 31—Three more talesmen were needed tonight to fill the jury box in the James B. McNamara murder trial before opposing counsel began exercising their peremptory challenges. Five of the nine accepted, so far as challenge for cause is concerned, have been chosen in a day and a half.

Those now qualified as to cause are: Frank Frankes, farmer; George W. Johnson, retired foundry superintendent; Walter N. Frampton, farmer; A. C. Winter, builder and contractor; G. W. McKee, farmer; F. D. Green, orange grower; Robert Bain, carpenter; Seaborn Manning, farmer; Sam Mendhall, orange grower.

With 20 peremptory challenges at the disposal of the defense and 10 in the hands of the statistical clerk it is n ot likely that more than three will be on the final jury.

If all the 30 challenges allowed by law are used, which seems likely they will imply a full jury box with 18 left over, and after these are exhausted, a final 12 men will have to be selected impervious to challenge for cause.

To prevent the lace yoke of an evening dress from being soiled by contact with the skin, line the yoke by hand with a piece of chiffon. When soiled by perspiration this is easily ripped out and a clean piece substituted. Net serves the same purpose and is cheaper than chiffon.

Very quickly the baby's dresses become too snug for comfort. Did you ever try trimming out the neck and armholes and putting in new sleeves? This will enlarge the little dress enough to ensure comfort until the material shows signs of wear and the dress must be discarded.

BURDEN KILLS BEAR WITH SHOT GUN

Crawford Bay Nimrod and W. A. Ward of Nelson Attacked by Bruin Near Goat River

Oscar Burden, H. J. Inglis, R. C. Inglis and W. A. Ward have just returned from a hunting trip up the Kootenay river. They met with good success, bagging 160 mallards, 20 geese and one bear, besides a number of snipe and grouse. The party left Crawford Bay in Burden & Watson's house boat on Thursday, Oct. 19 and made its way up the Kootenay river above the old reclamation farm and there hunted on both sides of the river, drifting down stream at night.

Just above the mouth of Goat river Messrs. Burden and Ward had a strange experience which resulted in Mr. Burden killing a fine specimen of bear with a Winchester pump shot gun loaded with No. 6 shot.

They were paddling in a canoe up a small slough when they saw bruin climbing over a bank. They gave chase and overtook the animal which turned on his pursuers and attempted to get into the canoe. Mr. Burden made a lucky shot with a pump gun and the skin was brought into the city last night and is now on view at T. G. Proctor's office. The weather during the trip was fine and the party enjoyed a delightful outing.

HALLOWE'EN DANCE JOYOUS AFFAIR

Decorations of Cats, Bats and Witches Very Effective—Lights Go Out.

The Rebekahs' Hallowe'en dance, given at the I. O. O. F. hall last night was even more of a success than usual. Between 75 and 100 guests were present and entered heartily into the spirit of the occasion. The committee who had charge of the decorating of the hall deserve great credit for the tasteful and original effects produced by covering the walls with black figures of bats, cats and witches, hanging a frieze of elder berries over the canopy, stringing cranberries around the shades and bedecking with hemlock sprays the pictures. There were a number of pumpkin lanterns which grinned wickedly whenever the electric lights went out—which occurred pretty often—to the evident satisfaction of the majority of couples. Mr. Burtchard was floor manager and there were 24 dances on the program, broken by an excellent supper about midnight. The Gem orchestra supplied the kind of music that makes the heart and toe jump at a lively pace, and altogether it was an occasion that will be long remembered by all those who were present.

COMMITTED ON THEFT CHARGE

Sobal Declares He Bought Stolen Property From Man in Box Car—Feared for Life

Five witnesses testified against Mike Sobal when he appeared before W. H. Bullock-Webster, stipendiary magistrate, in the provincial police court yesterday morning for his preliminary hearing on a charge of having stolen about $75 worth of clothing, food and other articles from three residences at Troup Junction, near Five-Mile point yesterday morning. He was committed for trial.

Peter Humanack was the informant and identified articles found in the prisoner's possession as part of the stolen property. He said he saw Sobal at Troup Junction on Oct. 22. F. C. Oram and Cecil Main gave evidence to a similar effect. J. D. Wightman, provincial constable, told of arresting the accused on Sunday evening after he had attempted to escape by jumping from a window three stories up in a foreign boarding house on Vernon street. Peter Shrober and Fred Groski said they purchased some of the stolen property from the accused.

Sobal stated that he had purchased the articles from a man in a box car on his way into Nelson from Slocan Junction and declared that the reason that he jumped from the window on Sunday night was that he feared "the whole bunch of men at the boarding house were about to kill him." After he jumped from the window he described what happened. "The whole bunch jumped on me and someone hit me with a rock. Then the constable came up and told me I was under arrest." Harry Korolak acted as interpreter.

COURT HELD IN PROVINCIAL JAIL

A. Semboul Committed for Medical Examination—Worked Twenty-two Months in Mine

So mentally disturbed was A. Semboul, the man who jumped into the lake Monday morning and was fished out by some deck hands of the steamer Kokanee, that he was not in a condition to be brought into the provincial police court yesterday morning to appear before W. H. Bullock-Webster, stipendiary magistrate, and court was held in the jail. Semboul was committed for medical examination.

It developed yesterday that for the past 2 months he worked at a mine near Sandon without losing a shift, and had always appeared perfectly rational. The draft for $1,400 and the $128 in cash, which were on his person when he jumped into the water, were the proceeds of this work.

CHINESE GAMBLE IN REBEL SCRIP

Hundred Per Cent Profit if Revolutionaries Win—Expect Constitutional Government to Result

Delighted with the successes which have attended the campaign of the revolutionists in China the Chinese of Nelson, who are eagerly watching the progress of the movement in their home country, are giving all the financial support in their power to Dr. Sun Yat Sen's efforts to raise funds on this continent. The method of raising funds most generally employed is the sale of revolutionary script at one half its face value. Scrip most in demand sells at $20 a share and will be redeemed, if the rebels are successful, for $40. The gamble is appealing strongly to the Chinese residents of this country.

It has also been noted during the past few days that a number of Chinese have dispensed with their queues in accordance with the edict of the revolutionary party issued some weeks ago.

Although scrip is selling in considerable quantities and many of the queues are falling Chinese in the city are loath to express any opinion as to the likelihood of the success or the rebels. They are more ready to ask the opinions of Caucasians than to venture any of their own.

"What do I think? Well, the Manchus have become frightened or they would not have made the emperor promise constitutional government and free pardon to all the revolutionaries," said Quong Wing Chong, who is probably the most highly educated, in western customs and the English language of any of the Chinese in the city, yesterday.

"And he will, maybe, be more scared before long," continued Quong, who was loath to say, however, whether he thought the revolutionary scrip a good investment or not.

Asked wether he thought Dr. Sen was likely to return to China during the revolution, Quong said: "He's been in China before when there was a price on his head. Once, in fact, he was caught in Canton but they let him go. I don't know why. They followed him to England once and had him put in jail there. But the English had him released.

The general opinion of local Chinese seems to be that although the revolutionaries may not succeed in the establishment of a republic with Dr. Sen as president, the movement is likely to result in the establishment of a constitutional form of government with a parliament to which the members are elected by the people. They look forward with eagerness to such a development.

COMMERCIAL CRAFT FOR CRUISERS

Proposal to Subsidize Fleet of Cruisers For Use in Case of War.

OTTAWA, Oct. 31.—The Evening Free Press claims to know that commercial craft which can serve as cruisers in time of trouble is likely to be the eventual policy of the Dominion government. It says that this plan is now under consideration and that if a plebescite is taken on the navy one of the questions which will be asked the electors, will be if they want the government to promote by subsidy a fleet of cruisers, which will serve commerce in time of peace and the British Navy in time of war. In ministerial circles it is said that the navy question has not engaged the serious attention of the government.

Sure Signs

Of Kidney Trouble

If your back is constantly aching and if you experience dull, shooting pains, your kidneys are out of order. If your urine is thick and cloudy or your passages frequent, scanty and painful, your kidneys and bladder are out of order. Neglect quickly brings on rheumatism, diabetis, lumbago sciatica, etc.

Mrs. John Wagner, of 110 Hollis street, Halifax, N. S., says: "Dull shooting pains would catch me across the small of my back and extend into my shoulders and neck, often causing me to suffer with severe headaches and spells of dizziness. Spots would dazzle before my eyes and everything would turn black. I would fall to the floor and be unable to get up again without assistance. A friend told me of Booth's Kidney Pills and I began their use. The first box gave me relief, and I am now well and strong."

Booth's Kidney Pills

All druggists sell Booth's Kidney Pills 50c. a box with a guarantee to relieve or your money back. They are the world's greatest specific for kidney and bladder trouble. Postpaid from the proprietors The R. T. Booth Co., Ltd., Fort Erie. Sold and guaranteed by Poole Drug Co., Limited.

The Rayo Lamp

It Never Flickers

The long winter evenings give a woman a splendid chance for sewing or embroidery; but her eyes suffer from the strain unless she has a good light.

The Rayo is the best lamp made.

It gives a strong, diffused light that is remarkably easy to the eyes. There is no glare to it; no flicker. It lights up a whole room. The Rayo is an economical lamp, too.

You get the most possible light-value for the oil burned; and the Rayo itself is a low-priced lamp. Yet it is a handsome lamp—an ornament to any room in the house.

The Rayo Lamp is easily lighted without removing shade or chimney; easy to clean and rewick. Made of solid brass, nickel-plated; also in numerous other styles and finishes.

Ask your dealer to show you his line of Rayo lamps; or write for descriptive circular to any agency of

ENGLAND NOW AWARE OF CANADA'S IMPORTANCE

LONDON, Oct. 31.—J. H. Vinnicombe of the London Daily Telegraph who, after many previous visits to Canada is now proceeding to live in Toronto, was dined by the gallery chapter tonight The gathering included many prominent English press men associated with Free Masonry and many interesting speeches concerning the Dominion of Canada were made.

Mr. Vinnicombe said that whatever was said of the Canadian elections they were a blessing to the English parliament which was suddenly made aware of Canada's place in the empire. No political speech in Britain was now complete without reference to Canada. This shows that the English people were becoming wiser. Mr. Vinnicombe will be associated with Robues, Ltd.

C. P. R. BUILDING TWO MILES OF ROAD EVERY DAY

WINNIPEG, Oct. 31—It is stated that the Canadian Pacific railway is in the market for 50,000 tons of steel rails. This would seem to strengthen the statement that the Canadian Pacific is pushing its new western lines to completion. Building, as it is now, nearly two miles of new track every working day in the year, the C.P.R. is probably the largest consumer of steel rails on the continent.

A Little Beauty:

Contains 5 acres, and is without a doubt the snuggest, most compact, best located little fruit farm along the West Arm of Kootenay lake. It is situated on the south side of Kootenay lake, one mile west of Proctor, and is within five minutes' walk of the lake. Slightly elevated on a fine bench, it commands a fine view of the main Kootenay lake, the west arm of Kootenay lake and the new C. P. R. tourist hotel, directly opposite on the lake shore. This farm fronts on the main government wagon road and also has good graded road leading to the lake and steamboat landing. It is situated in the centre of a large, prosperous settlement and has many advantages in the way of schools, stores church, together with first-class daily transportation and mail.

This is a rich piece of level fruit land, well watered by Narrows creek, which flows along the south boundary line. From this stream water can be piped at a very nominal cost for any farming purposes.

The land is unimproved but easy to clear, and when put into shape would certainly make a swell farm. Less than $250 ought to put it into shape for planting to orchard. Anyone contemplating a fruit farming life on a moderate scale among pleasant surroundings will find this proposition almost all that could be desired.

Summing up its good rich soil suitable for growing all kinds of fruits and vegetables, splendid location in the centre of one of our most prosperous settlements, the beautiful view, fine surrounding scenery, government roads, daily mail service, first-class transportation, the very best of salmon and Rainbow trout fishing practically at your door, placing you on a farm where surrounding orchards have thoroughly demonstrated will produce the highest class of fruit grown in the British colonies, on a farm in a portion of the Kootenay district where values will increase with more rapid strides than elsewhere, we submit it to you as the best property ever offered in our district.

It can be bought for $800. Terms, $250 cash, balance one and two years. 7 per cent interest. Within two years and without any improvements this farm by virtue of its quality will be good value at $350 per acre.

Wire at our expense and we will hold for inspection. Clear title.

BULLS LOSE HORNS IN WINNIPEG MARKET

WINNIPEG, Oct. 31.—The market for a while today was extremely dull, there being very little business, and the prices dropped considerably on account of lower markets on the other side, and a total absence of short covering for the end of the October month. At the close of the market the bulls got busy and forced it to 99c for December, a drop of 1¼c for the day. October closed at 98c bid, being a drop of the day of ¾c.

The bulls lost their horns before the day closed. Chicago fell 2⅞c for December wheat in sympathy, and corn 1c on December. Oats also dropped 1c for December, futures correspondingly.

Minneapolis also felt the effects of the poor trade, dropping on December 2¼c, the other months following about the same. The oat market was also on the down trend, October dropping ¾c, December ¼c, with light business doing. There was some export but very little.

The weather was reported clear from Port Arthur as far west as Brandon, westward from there cloudy and snow and rain at some points. Cars for inspection tomorrow number 757.

SLUMP IN CHICAGO

CHICAGO, Oct. 31.—Suspicion was rampart today that the leading longs in the wheat had been letting go of a big part of their holdings. In consequence, the market was broken sharply in the last hour of trading and fell rapidly from last night's close. One probable theory to explain the spasmodic action of the bull leaders, was in the unloading of the December options. Aside from any such maneuvers the developments during the day were discouraging enough. Northwestern receipts were on a huge scale, and cash demand was wretched, besides European markets were disappointing, as they ignored yesterday's advance here.

Australia reported the crop situation relieved by timely rains, and there were despatches from the Argentine tending to confirm estimates that the yield in that country would exceed the bumper crop of 1907. With liquidation constantly growing in volume, and no relief in sight, the bottom seemed to have dropped out of the market. The last gong rang when prices were almost the lowest point of the session. The extreme upper and lower levels touched by December, proved to be 98⅞ and 96⅝ with the close 96½, a net loss of 2⅝ cents.

DREDGE LEAVES FOR MAIN LAKE

Work of Deepening Channel at Kootenay Landing Will be Commenced Immediately

Bound for Kootenay Landing the Dominion government dredge which was constructed here last spring will leave this morning to commence work at Kootenay Landing. It is intended that a large area at the landing shall be deepened. Later the dredge will be used on the West Arm at various points where the channel has become too shallow.

WALL STREET PLEASED AT TOBACCO DEVELOPMENTS

NEW YORK, Oct. 31.—Prices rose in spirited fashion on the exchange today toward the close, which, up to this time has been a dull session. This apparently was based upon Wall street's construction of the days' development in the American Tobacco controversy. Prices held steady, and toward the close, fell a little lower.

Attorney-General Wickersham's willingness to accept the Tobacco re-organization provided it be modified in accordance with his proposals, was regarded in the street as of the greatest importance. Opinion is gaining ground that the scheme of re-organization as ultimately accepted will not be as onerous to holders as was at first thought. A feeling of relief was largely responsible for the course of the market, which betrayed evidence of bullishness throughout the day.

Declaration of the usual dividend on United States steel was expected in spite of the conditions in the iron and steel trade. The quarterly earnings of $29,500,000 were unexpectedly good, some estimates having run as low as $22,000,000. The standard railway stocks led the market, Union Pacific was especially active and strong, and advanced 2½ points, while most of the high priced issues, including North Western, Canadian Pacific, Northern Pacific, and Lehigh Valley gained a point or more. Among the industrials attention was centered on American Tobacco issues, and United States steel. The tobacco securities rose sharply in the afternoon, following the attorney-general's statement of his position. The preferred gained three points, the six per cent bonds nearly as much, and the fours a point. On the curb the common stock went up three-quarter points. The common stocks were active and strong. Trading in bonds were quiet, aside from the American Tobacco issues, and prices were well maintained. Total sales, par value, $3,533,000. United States bonds were unchanged on call.

PRESENTATION TO BROTHER OF GEORGE MOTION

James R. Motion, inspector and clerk of the Glasgow parish council, a brother of George Motion and an uncle of George F. Motion of Nelson was presented on Oct. 5 with his portrait in oils by the parish councillors and officials. Mr. J. R. Motion succeeded Mr. George Motion of Nelson in the position. The following account of the presentation is from the Glasgow Herald of Oct. 6:

"Mr. James R. Motion, inspector and clerk of Glasgow parish council, was presented last night with his portrait in oils painted by Mr. J. B. Anderson and subscribed for by parish councillors and officials past and present, in recognition of the valuable services he has rendered in the administration of the Poor law in the city for the period of 45 years. The presentation which took place in the Parish council chambers, was attended by nearly all the members of the council, a number of former members and others. Mr. James Cunningham, chairman of the council, presided. Mrs. Motion was also presented with a beautiful gold necklace.

"Mr. Cunningham, in making the presentation said they were met to do honor to Mr. Motion not merely because of his long service. It was not given to many men to follow the same line of work for a period of 45 years. Mr. Motion had started at the bottom of the ladder, beginning as a boy in work similar to what he was doing today.

NELSON NEWS OF THE DAY

Cheerfulness

is the result of body and mind working smoothly.

The fretfulness and irritability of many coffee drinkers are due to caffeine—the drug in tea and coffee.

To be cheerful and energetic, try leaving off tea and coffee and in their place use well boiled.

POSTUM

It is made of different parts of wheat (and a small portion of New Orleans molasses) skilfully roasted and blended.

When made according to directions on the package and served piping hot with cream and a little sugar, Postum is a palatable beverage—really a food drink.

The change from tea or coffee to Postum is easy, and the better health and increased comfort is something worth while.

For Quick Sale

We are offering for sale 20 acres first class land, situated on the West Arm of Kootenay lake. This property has 2 1-2 acres cleared and planted and is divided into two excellent pieces of bench land. It has a good lake frontage, and is close to steamer landing. The owner is desirous of disposing of this property immediately and will take a reasonable cash offer and leave the balance on mortgage. This is a particularly attractive offer and well worth while considering.

NELSON NEWS OF THE DAY

G. W. Mouatt has returned to city from a visit to Sandwich, B. C.

The season for beavers, that has been closed for the past five years, opens today .

The Ladies aid of the Methodist church will meet in the church parlors this afternoon at 3:30 o'clock.

The Y. M. C. A. gymnasium classes for today are: Professional men, 5:15-6; high school, 4-5; employed boys, 7:30-8:30; basket ball, 9-10; employed boys' swim, 8:30-9.

Watson Snowden, the man under arrest in Vancouver, charged with the murder of the aged wine merchant Eckhardt spent six months in the provincial jail here, the sentence commencing in July 1908. He was sent down from Moyie, and previous to that time worked at the Bluebell mine at Riondel.

AT THE THEATRES

Miss Felton in a Military Drama—Tonight "The Spoilers

Another crowded house greeted Miss Verna Felton and the Allen Players at the opera house last evening, when "The Second in Command," an English military drama, was most acceptably presented. The Royal Hungarian Quartette, who made such a good impression on the opening night of the present engagement, again supplied excellent music between acts and throughout the play, giving grand opera and popular airs, and adding greatly to the enjoyment of the evening.

The play was a pleasing one, very well put on and correctly staged. Miss Felton made a captivating "Muriel Mannering," but the characters only permitted occasional opportunities for exhibiting the leading lady's undoubted dramatic abilities. Miss Conley made a stately "Lady Harburg" and both ladies were elaborately and most becomingly gowned in the several acts. A word of praise is also due to Miss Sterling.

Mr. Harry Cornell, the leading man of the players, last night defended the good impression he created as "John Burkett Ryder" on Monday evening, and Mr. North fairly shared the honors with Mr. Cornell. The other characters were well taken.

This evening the play will be a dramatization of Rex Beech's well-known novel "The Spoilers," the scene of which is laid in Alaska, and the plot of which is well known here. Tomorrow night "The Christian" will be given and on Friday Miss Felton will appear in "Sapho" and on Saturday evening a new play here will be presented "A Stranger in a Strange Land." The Royal Hungarian Quartette will supply the music at all performances. For the matinee on Saturday the bill will be announced later on in the week.

The Allen Players, under the able management of P. R. Allen, are giving a week of well selected and most entertaining plays, uncommonly well put on with nice attention to all details. The company is easily the best of the kind ever seen in the Nelson theatre, and at popular prices, there should be crowded houses for the balance of the week.

AUSTRIAN CABINET RESIGNS.

VIENNA, Oct. 31.—The Austrian cabinet formed in June last with Baron Gautelvon Frankebethurn resigned today owing to a failure to unite factions in parliament in support of its program.

BIG DEMAND AT WOMEN'S INSTITUTE EXCHANGE

The Nelson and District Women's institute had their weekly sale of tea, cakes, biscuits and sewing yesterday afternoon at their assembly room. They intend to keep the room open daily from 10 to 10 for the free use of the members who have paid the annual fee of $2.50. Here they can check their parcels, leave their children while they shop or attend lectures, etc., and rest and meet their friends. The janitor and a lady clerk will be in constant attendance. Full members are permitted to sell in the exchange on Tuesdays, while the 50c members are entitled to attend 10 meetings a year and the two occasions on which the government sends its demonstrators. W. E. Scott, superintendent of education, says that if as many as 10 women send their names to the central institute in Nelson from any outlying district he will send the demonstrators there also.

C. P. R. WILL SHOW AT MADISON SQUARE

Complete Model Homestead Will Be Feature of Exhibit—Shaughnessy Prize of Thousand Dollars.

The prize of $1,000 in gold offered by Sir Thomas Shaughnessy, president of the Canadian Pacific railway, for the best 100 pounds of hard red wheat grown in America and shown at the forthcoming land show at New York in November, is arousing great interest among the western Canadian farmers. The show will be the biggest of its kind yet attempted and is being supported by all the leading land and irrigation interests in America. Sir Thomas Shaughnessy's prize of $1,000 is not the only one of that magnitude that has been offered, but it is relatively the most important, whereas the American prize givers have been careful to limit the competitors to United States farmers, Sir Thomas has shown his firm confidence in the Canadian products by throwing the contest for his prize open to all farmers of the continent of America. From the stand taken by United States leading donators of prizes, it is very evident that they are afraid that the Canadian farmer might capture all the prizes, which would be a severe blow to the United States agriculturists.

Besides the $1,000 prize offered by Sir Thomas Shaughnessy, Canada will gain further prominence through the C. P. R.'s exhibit. This exhibit will be of an unusually novel and interesting nature and it will undoubtedly make New Yorkers "sit up and take notice." First of all there will be a picture of a complete homestead done entirely in seeds and grasses. J. P. Nash, who has been at the C. P. R.'s demonstration farm at Strathmore, Alta., preparing the exhibit, does with seeds and grasses what other artists do with brush and canvas.

The homestead is an exquisite piece of work, and it could hardly be believed that a picture, which at a distance of 10 feet cannot be distinguished from an oil painting, could be constructed from the materials used. A large mat into which many native grasses have been woven is another feature which is sure to attract considerable attention. At present Mr. Nash and his assistants are designing a large elk. The covering of seed and grasses is being woven for the stucco figure of this elk, which will have real antlers. The eyes of the elk will be illuminated from the inside and the whole figure when finished will be a triumph of ingenuity. The other features of the exhibit will be equally interesting and novel.

GENERAL BOOTH IS NOW PRACTICALLY BLIND

LONDON, Oct. 31—Gen. Booth during the course of an address to a large gathering here tonight made the pathetic statement that his eyesight was so bad that he could not discern a single person in the audience. After visiting Germany and Denmark he said he hoped to be able to undergo an operation which would restore his vision. He is almost 83 years of age.
