New Census Will Be Taken by Citizens

Thanksgiving Day Set Apart for Good Work

REAL POPULATION WILL BE OBTAINED

Public Organizations in City Will Co-operate in Counting of Heads

Believing that the census returns do not credit the city with anything like her real population the citizens of Nelson on Thanksgiving day, October 30, will make a recount.

This was decided following a suggestion by J. E. Annable, president, at a meeting of the Nelson Improvement association last night.

The board of trade, the city council, the publicity bureau, and the Y. M. C. A., will be asked to co-operate with them in the work. It is proposed that both the city and the suburbs shall be covered and an exact count made of the residents.

Mr. Annable spoke of the harm which would be done to the city by the publication broadcast of the census returns which indicated that Nelson had receded rather than progressed in population during the past 10 years. People in the prairies, in the east and in Europe would be given the impression that the city was dead, and, as a consequence, that there could be little development in the surrounding country. No one living in the Kootenays would imagine for an instant, he said, that the figures really represented the population or that Nelson had less citizens today than 10 years ago, but those living in other places could hardly fail to obtain a wrong impression.

Points to Big Increases.

He commented upon the tremendous increases which had taken place in the number of children at the public schools during the past 10 years and touched upon the new buildings which had been built in all parts of the city, the fact that it was almost impossible to find a house for rent, upon the fact that frequently travellers found difficulty in obtaining rooms at hotels, which were nearly always crowded, and upon the growth of the various industries in the city and the number of new ones which had been started during the last decade.

M. R. McQuarrie agreed with the suggestion that the citizens should make a census and pointed out the necessity for the count being taken with the utmost care, so that the figures obtained could be quoted authoritatively.

Plan of Operation.

The plan proposed by Mr. Annable is that the various organizations mentioned shall hold a meeting within the next few days and make the necessary arrangements. The idea is to divide the city into sections of one block or more each and assign one of these sections to each of the workers.

At the meeting of the various organizations each will probably be asked to supply a certain number of men and at a second meeting held a few days before the counting of heads, each of the workers will be given one block or more to cover. An effort will be made to so arrange matters that as many enumerators as possible will work in a block near their own homes.

Each worker will be given a number of cards or forms, marked with the number of the block where he is making the count. All that he will have to do will be to obtain the names of all the persons living in the section to which he has been assigned. He will ask for nothing but the names; there will be no questions as to age or race or insurance or anything of that kind; the census will be purely for the purpose of obtaining the correct population of the city and her suburbs.

Everyone Will Help.

It is felt that there will not be a single person in the city who will refuse to assist in every way in his power, either by actual work or by supplying lists of people living in his house, this endeavor to neutralize as far as possible the bad effect upon the city's prosperity, which it is believed can hardly fail to follow the announcement of the government returns.

The work will commence at 9 o'clock in the morning and each of the enumerators, directly he has completed the count of the people in the section which he is covering, will hand in the returns to H. H. Currie, secretary of the publicity bureau, who will make the compilations, check up the names and see that none is duplicated. These returns will all be at the bureau by 2:30 o'clock in the afternoon.

Although it is intended that both the city and the suburbs shall be counted in the compilation of the figures, the city will be kept entirely separate from the environs.

The special meeting of the board of trade, the city council, the publicity bureau, the Nelson Improvement association and the Y. M. C. A. will be held within the next few days, as it is proposed that the organization of the force of enumerators shall be made as perfect as possible in order that there may be no mistakes made on Thanksgiving day.

Mr. McQuarrie suggested last night that captains should be assigned to superintend the work of the different enumerators. If this is done the chairmen of the different districts into which the city and suburbs were divided for the purposes of the Improvement association will probably be asked to act. They are:

District 1—Between the western city limits, the waterfront and Ward and Silica streets—W. R. Jarvis.

District 2—Between Ward street, the waterfront and Silica and Cedar streets.—J. W. Holmes.

District 3—Between the western city limits, Silica, Ward and Hoover streets.—A. T. Walley.

District 4—Between Ward, Silica, Cedar and Hoover streets.—W. J. Devitt.

District 5—The western city limits and Hoover, Ward and the southern city limits.—E. K. Beeston.

District 6—Between Ward, Hoover and the eastern and southern city limits.—George Horstead.

District 7—Fairview and the Hume addition.—Harry Houston.

District 8—The waterfront.

Mail-Empire Wants Inquiry.

TORONTO, Oct. 19.—The Mail and Empire, commenting on the census under the caption "Where Is the Missing Million?" points out that, combining the population at the last census with the government reports of immigration and a natural increase of 1,000,000 people, the present population should be over 8,000,000. After allowing for the departure of many immigrants whose stay in Canada was but temporary, the Mail continues.

"Evidently there is inaccuracy somewhere. If the census is approximately correct, then the immigration figures cannot be right. In 10 years the government expended $7,768,199. Did the country get all these immigrants for whom the government made a large outlay? Either Canada is paying for more immigrants than are ever landed on its soil or it has been paying for their passage on to other countries. The new government might well investigate the matter.

REINDEER GAVE LOTS OF TROUBLE

Animals Did Not Take Kindly to Modern Transportation Methods—Taken to Fort Smith

OTTAWA, Ont., Oct. 19—Five weeks have passed since E. F. Drake of the department of the interior left the extreme east to take to Alberta a herd of reindeer from Dr. Grenfell's hedr. He is again in the city, and although he says the trip was a fine one, and one which he will not soon forget, he also states that he will have to remember the troubles which his assistants had in transportating the herd. Mr. Drake did not go to Labrador, but met those in charge of the herd at North Sidney. From this point he took charge. They proceeded by boat as far as Quebec, and here their troubles commenced.

The reindeers had to be transferred from the boats to the train, and a large cage was hoisted to and from the deck where they were first landed. It took all kinds of coaxing to get the animals into the cage, but even more trouble ensued in getting them from the custom house to the cars. Similiar difficulties were encountered during the trip.

Mr. Drake took the animals as far as Fort Smith on the Athabasca river, where the herd was handed over to the government agents. Mr. Drake then started for Ottawa. In five weeks he travelled 7,000 miles, much of which was upon western rivers and lakes.

DEPUTIES IMPEACH TURKISH CABINET

Ottoman Ministry Scored by Tripolitans—Responsible for Loss of Province Is Suggestion.

CONSTANTINOPLE, Oct. 19.—The Tripolitan deputies in the Ottoman chamber of deputies have impeached the pasha and his cabinet. The charge includes the reduction of the garrison of Tripoli, insufficient organization of conscription and the removal of arms from the province. The impeachment has been referred to the Committee of Union and Progress.

FISHER TO RETURN.

MONTREAL, Oct. 19.—It is understood here that Hon. Sydney Fisher, minister of agriculture under the Laurier regime, will re-enter the political arena and that G. H. Boivin, member-elect in Shefford, will resign his seat to make way for his return.

MARTIN BURRELL ON WAY HOME

OTTAWA, Oct. 19.—Hon. Martin Burrell, minister of agriculture, left for Grand Forks, B. C., tonight. He will remain in the west until after his re-election in Yale-Cariboo.

SHOT BELGIAN IN ELECTION DAY QUARREL

EDMONTON, Oct. 19.—Frank Cammeyet, deputy returning officer at the polls at McKay Siding on the G. T. P., west of Edmonton, who shot a man dead on election evening, was today accused of manslaughter in the supreme court.

A number of Belgians were quarreling over a bottle of whiskey after the poll closed and Van Cammeyet pulled a revolver to quiet them. It went off and Raymond Brahvelt was shot dead. The defense was that the shooting was accidental.

James McKinnon, accused of murdering Mile Bankseth of Vermillion, was found guilty of manslaughter and sentenced to 10 years.

SWITCHMAN FALLS FROM TRAIN—CUT TO PIECES

HOOSE JAW, Sask., Oct. 19.—G. F. Gorman, switchman, was killed in the C. P. R. yards today. He was riding in the yards, when for some unexplained reason, he fell off the train and was run down by another train from the opposite direction. He was shockingly injured, one leg being severed. He was rushed to the hospital, but died on the operating table. Gorman had only been in the city a few days, hailing from the states. That is all that is known at present about him.

CONDEMNED MAN PLEADS FOR SMOKE

Mr. Justice Murphy Sentences Japanese Murderer to Gallows—Prisoner Wants no Ministers.

(Special to The Daily News.)

VANCOUVER, Oct. 19.—"Let me smoke while in prison, and I want no Christian minister nor Buddhist priest," said Ishi, a Japanese fisherman, to Justice Murphy today, just before the court sentenced him to be hanged at New Westminster on Dec. 5, for the murder of a fellow countryman at Balmoral cannery, Skeena river, June 11. The jury was out an hour. Justice Murphy was visibly affected, is being the first prisoner he has sentenced to death. Ishi was unaffected. It was a brutal deed, Ishi also attempted the life of Constable Forsythe, who arrested him.

AUSTRALIAN RUGBY TEAM BEAT ALL ENGLAND

(Canadian Associated Press.)

LONDON, Oct. 19.—The Touring Australian Rugby team yesterday beat All England 11 points to 6. The match was played at Graven Cottage, Fulham. East Midlands beat Middlesex by 31 points to 14 in a county championship game at Richmond.

UNWRITTEN LAW HUSBAND'S DEFENSE

Jury Finds Woodstock, N. B., Man Guilty of Manslaughter—Wife Makes Admissions on Stand.

WOODSTOCK, N. B. Oct. 19—William Bragdon, who has been on trial during the past three days for the murder of A. Woodman McCluskey, was found guilty of manslaughter tonight, with a recommendation of mercy.

Bragdon shot McCluskey during a quarrel in front of the formers house. Bragdon surprised McCluskey visiting his wife. Mrs. Bragdon went on the stand in the husband's defence, and admitted being intimate with McCluskey for years whenever her husband was away from home. The defence was "the unwritten law." Sentence will be pronounced next Tuesday.

SIX STOREY ADDITION TO VICTORIA EMPRESS HOTEL

VANCOUVER, Oct. 19.—Tht C. P. R. has awarded a contract to Skene & Christie for a six storey addition to the Empress hotel, Victoria, to cost $225,000, and also a contract to Sol Cameron, of Prince Rupert, for clearing the right of way on 40 miles of the extension of the E. and N. from McBride Junction to Courtenay.

RESUMES WORK.

WINNIPEG. Oct. 19.—J. D. Macarthur, contractor for 185 miles of the Hudson Bay railway, has been notified by Hon. Frank Cochrane, minister of railways, to proceed with the work. He was ordered the other day to suspend operations. He has sent his men back and will rush the work as quickly as possible before winter sets in.

ELSON NOT RETIRING.

LONDON, Ont., Oct. 19.—At a meeting of the West Middlesex Conservatives today Peter Elson, M. P., stated that he had no intention of retiring in favor of Hon. W. T. White, nor had he been approached with the offer of a senate seat.

TUNNEL THROUGH MOUNT ROYAL

Canadian Northern Will Spend Twenty-Five Million

SOLVE PROBLEM OF ENGINEERING

Port Mann Townsite Will Be Placed on Market Very Shortly

TORONTO, Oct. 19.—The Toronto morning papers will publish a statuory advertisement tomorrow, giving notice that the Canadian Northern Montreal Tunnel & Terminal Company, Limited, will make application at the coming session of parliament for authority to construct and operate a railway tunnel from Montreal, westerly under Mount Royal, with the necessary approaches and works. The advertisement bears the signature of Gerald Ruel, solicitor for the Canadian Northern railway.

A reliable estimate places the cost of this work at about $25,000,000. The tunnel itself will be approximately three miles long. The engineering problem involved, while seriously considered for years by the executives of the roads, has always been looked at askance.

Simultaneously with this announcement comes a statement that the city site of Port Mann on the Pacific coast, which is to be the other terminal of the company's trans-continental system, will be placed on the market very shortly. Plans for the handling of both railway and steamship traffic at this port have been very thoroughly gone over, and it is expected the new city will have a population of fully 20,000 within six years.

C. P. R. SPEND FIVE MILLIONS

System From Atlantic to Pacific to Be Extended and Rebuilt—Bulling Ill.

MONTREAL, Oct. 19.—The Canadian Pacific railway announce that they will spend over $5,000,000 in extensions and rebuilding practically the whole system from the Atlantic to the Pacific ocean. They are having extensive alterations made, and the improvements include the spending of money on the new hotel at Calgary.

At a meeting held today of the Canadians Freight association this resolution was passed; "This association learns with regret that B. Bulling, owing to ill-health, has been obliged to retire temporarily from active duty. It desires to show its appreciation of his services, his long years of experience, strength and memory, and the thoroughness of his work, which inspired respect and confidence, while his indefagitable patience have caused him to be held in high esteem and friendly affection by all. It is the hope of this association that Mr. Bulling may soon be restored to his health, and become an active member again."

GIRL SLAVES FOR TURKISH HAREMS

Italian Tells Fearful Tale of Traffic At Tripoli—Bedouins Have Slave Markets.

ROME, Oct. 19.—Commanatod Simoneti, general secretary of the Italian Anti-slavery society, who has been working in Tripoli since 1899, gives an appalling description of the slavery as conducted there, despite the efforts of the society to liberate those in bondage. He says that the society provides the slaves with freedom papers, which the Turkish officials heve disregarded absolutely.

He tells of Turkish steamers engaged in the slave traffic, and says that when the slave markets were closed in 1900, the slaves were brought within a days march of Bonghazie, from where they were secretly embarked or returned to the interior. The greatest slave trade has been among the Bedouins, who still have public markets in Central Africa in the French zone of influence, and at Elfasher, the capital of Darfur, Egyptain Soudan. The younger of the women slaves, he says, were sent to Burke, on the gulf of Saloam, Tripoli, and were destined for Turkish harems. These slaves were chained at night and acts of disobedenience were punished with death.

Italians Bombard Derna.

TRIPOLI, Oct. 19.—Derna was bombarded by the Italians on Oct. 14. A heavy sea, which was running, prevented the landing of forces.

No Surrender, Says Turkey.

CONSTANTINOPLE, Oct. 19.—The chamber of deputies today adopted a motion that it had confidence in the government effectively to safeguard foreign rites of the Sultan in Tripoli, and the integrity of the empire. Theh chamber also expressed confidence in the cabinet.

The grand vizier outlined the policy of the cabinet regarding Tripoli, and said it was the governments intention to continue resistance to Italy while persisting in its diplomatic efforts to secure an equitable settlement.

Turks Cross Into Tunis.

ROME, Oct. 19.— Deputy Di Flioi Giuserida, the Socialist supporter of the Turko-Italian war, telegraphs from Tripoli today that the Turkish soldiers have been able to cross the Tunis frontier, where they communicated with Constantinople, giving a report of the situation in the interior.

In Tunis they asked assistance and even need money. The French authorities desired the presence of the Turks to prevent a breach of neutrality. The Italians defeated attempts to convey provisions to the Turks.

IMMIGRATION ASSOCIATION ADVERTISES MANITOBA

WINNIPEG, Oct. 19.—The colonization agent of the C. N. R., W. A. Nichol, returned from Dauphin today and reports great activity, in that district, where 45 municipalities are organzed in an immigration association to boom northwestern Manitoba.

VIOLET SMITH FOUND DROWNED

Mystery of Missing School Teacher Solved—Brother-in-law Discovers Body in River.

PARK SOUND, Oct. 19.—The body of Violet Smith, the missing Toronto teacher, has been found floating in the river Shebashekong.

The body was found not more than a mile from Peter Ramsay's house, where she was living when she disappeared. The remains are badly decomposed, and may have been in the water for the full 10 days of her disappearance.

The discovery of the body was made by Captain Brock Batten, of Port Arthur, a brother-in-law of the dead girl, and William Beaty, after they dragged the river for several hours. The body was left in the water attached to a small boat, awaiting the arrival of the coroner of Parry Sound.

LOW WATER PREVENTS OPERATION OF MILL

OTTAWA, Ont., Oct. 19.—Low water in the Ottawa river is again effecting industries at Chaudiere. The Booth and Eddy mills are now effected. Only a third of the mills are working.

DR. SPROUL IS NEW SPEAKER

New Presiding Officer is One of Best Parliamentary Men in House—Long Service.

OTTAWA, Oct. 19.—At the first meeting of cabinet ministers it was decided that Dr. D. Sproul, who has represented East Grey in parliament since 1878, should be the next speaker of the house of commons. Dr. Sproul is one of the best parliamentary men in the house. He is familiar with the rules and should make a very satisfactory presiding officer.

Sir Wilfrid Laurier and John Haggart are the only members of the house whose length of service exceeds that of Mr. Sproule. The new speaker has been a lifelong member of the Orange order and last year retired from the position of grand master of that order.

No authoritive announcement was made as to the deputy speakership, but it is said to be settled that the choice will be W. E. Blondin, member for Champlain. Senator Landry is likely to speaker of the senate.

MURPHY SUSPENDS PLAYERS.

MONTREAL, Oct. 19.—It was announced today that President Murphy of the N. L. U. had suspended Secours and Decarie of the National lacrosse club until July 12, 1912, for their rough play in the last match with the Montreal lacrosse club team. This means that these players lose a month of next seasons' playing time.

URGE GOVERNMENT TO WITHHOLD GRANT FROM G. T. P.

WINNIPEG, Oct. 19.—The trades and labor council tonight passed a resolution urging the Dominion government to withhold from the G. T. P. any further assistance in the building of N. T. R. till the company accords its employees the same treatment in hours, wages and rules and regulations as competing railways in the same territory accord their employees.

OCTOBER 20, 1911.

Coupon No. 5.

This coupon, with one from each of the other issues of The Daily News of the week ending Oct. 14, and 10 cents entitles the holder to a photogravure reproduction of the great historical picture "Founders of the Dominion." If pictures are to be mailed 5 cents must be added to cover postage.

QUEUES MUST GO, SAY REPUBLICANS

Pigtails Considered Mark of Allegience to Manchus

EIGHT HUNDRED ROYALISTS KILLED

Hankow Cut Off from World, Revolutionists Met Temporary Reverse

LONDON, Oct. 19.—Hankow again is cut off from direct telegraph communication with the outside world. It is not known therefore whether the fighting, which began early Wednesday morning between the revolutionists and the imperialist troops still continues. Last advices out of Hankow indicate that the rebels had retired into Wu Chang, having met a temporary reverse, but the fact that nothing has been received by the legations at Peking during the last 24 hours seems to indicate that the imperialists have not succeeded in forcing a decisive engagement. Chuan Chi Kai, in assuming the office of viceroy of Hu Peh and Hunan, supercedes in authority the war minister, Yin Tchang.

The German legation at Pekin denies the report that German troops engaged in street fighting at Hankow.

Royalists Massacred.

Refugees from Shanghai confirm the reports of the massacre of 800 Manchus at Wu Chang. The American legation at Pekin has asked for the Chinese government to insure the safe transportation of Americans from the territory between Peking and Hankow, should the necessity for leaving arise.

Must Lose Queues Or Head.

SAN FRANCISCO, Cal., Oct. 19.—Short hair has been made the distinguishing mark of the Chinese revolutionists, according to a message from Hankow received today by the Chung Sao Yat Po, which says the revolutionary government has given the male inhabitants of Hankow and Wu Chang until October 22 to cut off the queues.

"This means that those refusing to lose their queues will lose their heads," says Nig Poon Chew, one of the local leaders of the young China movement.

Amnesty to all Manchus surrendering to the republic also has been proclaimed by the revolutionists.

Rebels Start Papers.

Another special dispatch from Shanghai reports a rumor that three imperial warships have surrendered. It also is said that the rebels have captured Wang Chow, province of Hu Peh. Another message is that the American consulate at Nankin has asked the American legation at Pekin for warship protection, expecting serious trouble there. Daily papers have been established by the rebels in Wu Chang.

The imperial government is claiming a victory in yesterday's fighting at Hankow. The foreign consuls at Shanghai have decided to remain neutral.

Sacks of Gold Donated.

SAN FRANCISCO, Oct. 19.—Contributions to the fund of the Chinese revolutionists continue to pour into the coffers of the local agent of the rebels. The headquarters report that $500,000 had been forwarded to Penang, where the executive of the Fu Chang party is now located. A Chinese laborer, Lee Hing Hon, yesterday laid a sack, containing $1,000 in gold, his life's savings, on the counter of the revolutionary office.

He was given $2,000 in paper currency of the Chung Hu republic. The paper will be redeemed in gold later if the republicans win. An editor of the Chinese paper reports the receipt of $6,000 from Toronto, and $4,500 from Nevada. All the Chinese merchants have contributed to the fund.

PLEDGE SUPPORT TO INSURANCE BILL

Lloyd George Makes Deal With Friendly Societies Who Withdraw Opposition to Measure.

LONDON, Eng., Oct. 19.—It is officially announced that as a result of a final conference today between Chancellor Lloyd George and the representatives of the friendly societies, at which concessions were made by the societies, their opposition to the chancellor's national insurance bill, which has been a most serious obstacle, has been withdrawn and the support of the societies pledged.

SCAFFOLD COLLAPSES AND THOMAS CHISHOLM IS KILLED

VANCOUVER, B. C., Oct. 19.—Thomas Chisholm was killed and J. Ramsay was badly hurt today by a fall of 40 feet following the collapse of a painters' scaffold.

MAKES DESPERATE LEAP TO DEATH

Aviator Killed When Machine Plunges to Earth

LOST CONTROL OF AEROPLANE

Dead Man Was First to Alight on Deck of Battleship

MACON, Ga., Oct. 19.—Eugene Ely, an aviator, whose parents live at Davenport, Ia., was killed at the state fair grounds this afternoon, shortly after 3 o'clock, when his machine failed to rise from a sensational dip and plunged him 250 feet to the ground. He fell in the presence of nearly 8,000 persons to the middle of the enclosure of the race track after almost clearing the machine by a desperate leap when he realized his peril.

His body was broken in a score of places and he died a few minutes later, regaining consciousness just before the end long enough to utter "I lost control. I know I'm going to die."

Tries to Jump.

Ely had made a flight this morning, ascending to an altitude of 3,100 feet, and at 2:45 o'clock began his second flight. As he was completing the circuit he made a dip, seemingly to startle the thousands beneath him. The machine shot down with tremendous velocity and the crowd applauded, thinking the aviator would rise as he had done many times before. But Ely seemed to lose his rip on the lever, for the machine continued its downward plunge to the earth and he attempted to rise from his seat.

In fact, he released the lever altogether and half jumped from the aeroplane as it crashed against the ground. The machine was demolished and Ely struck with terrific force.

Ely left his wife in New York two weeks ago to come to Macon to give a series of flights for the Georgia state fair in his Curtis bi-plane. He had been giving spectacular flights here for eight days, going up on one occasion in a rainstorm. Today he even offered to make a flight by night, painting his craft with phosphorous. "So as to startle the natives," he told the fair directors. The offer was declined for the reason that he wanted $1,000.

Alighted on Warship.

Ely was the first man to alight on the deck of a warship with an aeroplane. During an aviation meet in San Mateo county Ely flew from the aviation camp to San Francisco, about 20 miles, and alighted on the deck of the cruiser Pennsylvania, anchored at San Francisco bay.

After holding a reception on board the warship, Ely flew from the ship back to the aviation camp.

Previous to this time, Ely had made a flight from the deck of a warship anchored in Chesapeake bay. Although he struck the water as he left the ship, he managed to reach shore.

Ely was the only son of a prominent Iowa attorney. He first attracted attention as an aviator about two years ago in Portland, Ore.

Feared Fatality.

Before making his ascent this afternoon Ely told his attendant that he feared something would happen and asked them to notify his wife immediately if it did. Ely's body will be taken to New York by his assistants early tomorrow.

WHITE MAY TAKE SEAT IN DUFFERIN

ORANGEVILLE, Oct. 19—There is a rumor here that John Best, M. P., for Dufferin, is to retire so that a seat may be found for Hon. W. T. White, the new minister of finance.

DETECTIVE EXONERATED FOR KILLING RUNAWAY THIEF

VANCOUVER, B. C., Oct. 18.—Police Detective A. M. Campbell, formerly a police officer in Winnipeg, was exonerated by a coroner's jury today for the shooting of C. H. Webb, on Monday night. Webb had been arrested and broke away. The officer warned him and fired two shots into the ground, but Webb still ran. The officer then aimed at his legs but the bullet killed him.

ALDERMEN RESENT CRITICISM

ST. CATHERINES, Ont., Oct. 19.—St. Catherines is to have another daily newspaper, making three in all. It is to be founded by a couple of wealthy members of the city council, who resent the criticism which has been heaped upon them by the existing newspapers in connection with political matters. The name of the paper is to be the The Lincoln Conservative.

FOR EDMONTON FORCE.

TORONTO, Oct. 19.—Detective Sam Wright, of the C. P. R. local terminals, has been offered the position of assistant chief of police at Edmonton. Mr. Wright, it is said, will accept the offer.

RAPID ADVANCE IN BURNABY PRICES

Past Week Beats Record For World

Vancouver's Financial and Industrial Situation Exceeds Record for Commercial Activity and Soundness.

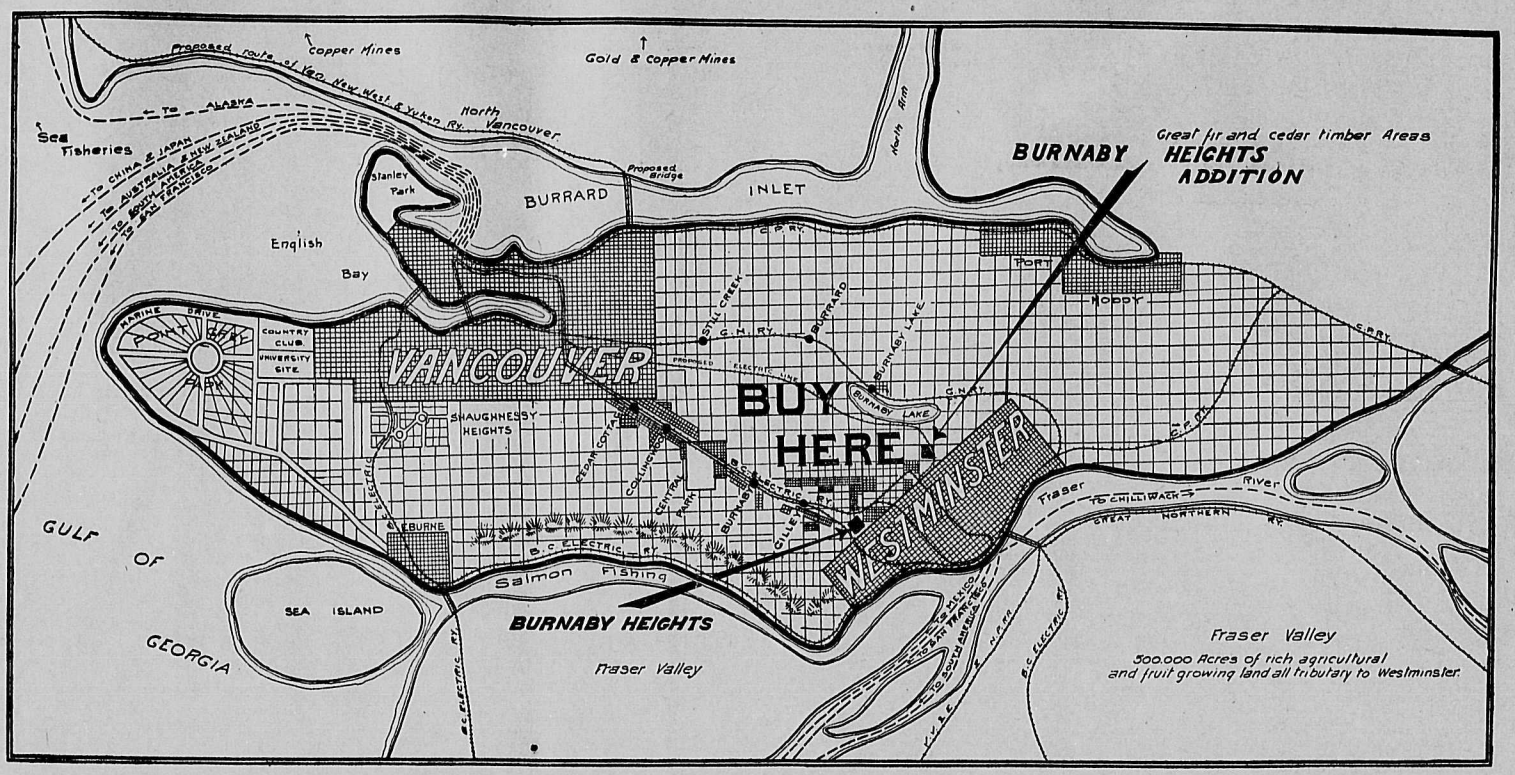
Vancouver's past week beats all records of this or any other city twice the size of it, for unusual activity in banking and building circles. First of all the total bank clearings for the week ending October 12 amounted to $12,164,737 against $9,517,164 for the same week in 1910, and $7,437,835 for the same week of 1909, or an increase of over 75 per cent within two years' time. But figuring from the first of this month until yesterday, bank clearings stand as follows:

Vancouver	$22,055,607
Seattle	17,775,165
Tacoma	7,282,129
Spokane	7,026,788

This really means that within thirteen days of this month Vancouver has already exceeded the totals of Tacoma and Spokane for the entire month of September, which were $19,151,071 and $18,383,747 respectively, and yet each of these cities exceed Vancouver's population by far.

Vancouver's building permits are also highly satisfactory and while the week ending October 12 showed the highly satisfactory total of $480,180, the total for the period from October 1 to 3, gives the splendid total of $661,370. Verily a record to be proud of.

Business conditions in general were extremely satisfactory during the past week and Vancouver was the only city in the Northwest able to report "collections very satisfactory."—News-Advertiser, Oct. 14, 1911.



CANADIAN NORTHERN AND HAMILTON STEEL WORKS REPORTED TO HAVE BOUGHT PRACTICALLY ALL WATER FRONT IN NEW WESTMINSTER. BIG BOOM REPORTED IN REAL ESTATE CIRCLES.

The Canadian Northern, it is believed, propose to build up just as substantial a city on the river as the C.P.R. have succeeded in doing on Burrard Inlet. They have the great advantage of miles of cheap water frontage for manufacturing, and will no doubt interest many large European firms to establish industries in order to create business for company.

Do not forget that on November 1st all lots in our Burnaby subdivision will advance in price $50, and that the day for subdivision and monthly payments between the cities is practically over for ever. This is the last opportunity to secure a foothold in what is bound to be near the centre of one of the world's greatest seaport cities. Buy today.

NEW GRAIN ROUTE NEAR COMPLETION

Time of Shipment From Head of Lakes to Coast Will be Greatly Reduced.

MONTREAL, Oct. 19.—The last rail on the Canadian Pacific railway's new grain route from Victoria harbor to Bethany was laid yesterday morning. Word to that effect was received at the local headquarters of the C. P. R. this afternoon, and as soon as the ballasting has been completed the line will be ready for regular traffic. This should not take more than a couple of months at the most, as the greater part of the ballasting is already finished.

The ballasting that will have to be done before the line is ready for traffic is in the vicinity of Lindsay and Bethany. At Lindsay, where the biggest bridge of the line is being finished the builders have a big staff of men at work, asd it is expected to be completed in a very short time. There are several other bridges on the line but the only one of importance is where the line crosses from Lake Simco to Lake Couchiching. Here there is a 160 foot span swing bridge. The completion of this line by the Canadian Pacific is of singular importance, as it will have to play an important part in the transportation of the grain crops of the west to Montreal and the east. The grain at present is brought from Fort William and Port Arthur, either all the way by the great lakes or via Owen Sound and Toronto.

When this new line is operated a new alternate route will be offered. The grain can be forwarded from the head of the lakes by steamer to Victoria harbor on the Georgian bay, the western terminus of the line, and from there by rail to Montreal. The advantages of the new route are manifold. First of all, it will cut down the time consumed in shipping the grain from the head of the lakes by many hours. Compared with the Owen Sound-Toronto route it means a saving in haul of nearly 100 miles and it is obviously much shorter than the all-water route. Another advantage is that it is a line with practically no grade, a feature that will tend to make the running of trains much easier.

Outside of its usefullness as a grain line the new branch will have considerable value as a passenger line.

It will allow the C. P. R. to tap a country which they have not heretofore had and it will give good transportation facilities to a large farming populace. The new line starts from the docks of Victoria harbor and crosses the Toronto-Sudbury line of the C. P. R. 13 miles out at Bethany, 14 miles west of Peterboro. It forms a junction with the main Toronto-Montreal line of the Canadian Pacific. The Toronto Construction company have had the work of building the road. It is 28 miles from Victoria harbor to Bethany and 85 pound rails have been laid.

In connection with the new line the C. P. R. have spent huge sums of money in equipping Victoria harbor as the western terminus of the line. Two wharves 3,600 feet long and 60 feet wide have been built on either side of the harbor, and these are separated by a waterway 600 feet wide, giving ample room for the berthing of a dozen large lake boats at the same time.

There have also been built a large storage elevator, a boiler house, two 1,000 foot freight and flour sheds, boarding houses, cottages, etc. The elevator is one of the largest in Canada. It has a storage capacity at present of 2,000,000 bushels of grain but it is so constructed that it can in future be enlarged to a capacity of 1,000,000 bushels.

WINNIPEG NOT SURPRISED AT ITS CENSUS FIGURES

WINNIPEG, Man., Oct. 19.—People here take the census returns complacently, though it was all along known that the population was very much under estimated, and to the average citizen, and to those familiar with conditions the final figures are no surprise. The growth of this place during the last few years has been remarkable, and it is believed that the count this time was very thorough. When the census was taken in 1905 little interest was aroused, and it is believed that as a result there were hundred upon hundreds not counted this year. Steps this year were taken to see that every available resident was in the list. The talk of the "stuffing" of the census figures which emanates from rival towns is not taken seriously here.

NOVA SCOTIA BY-ELECTIONS ON NOVEMBER FIFTEENTH

HALIFAX, N. S., Oct. 19.—Dates for the by-elections caused by vacancies in the local legislature heve been fixed for Wednesday, Nov. 15, with nominations on Nov. 8. The vacancies are in Annapolis to confirm Dr. O. D. Daniel as attorney-general; Lunenburg, where Hon. Mr. McLean resigned to contest Halifax, and Digby, where A. C. Hall resigned and ran for the Dominion.

BRONZE MONUMENTS MARK BOUNDARY

Line Between North of Canada and the United States Will Be Completed Next Year.

VANCOUVER, B. C., Oct. 19.—J. D. Craig, chief of the Canadian boundary survey, is here from Alaska today. He says the past few months have been devoted to running a line along the 41st meridian from Mount St. Helias to the Arctic circle. This line is the boundary line between the United States and Canada.

The party started at the Arctic circle this year and completed the line to within 30 miles of the Arctic zone. The work consists of cutting a vista of 20 feet and putting up bronze monuments at an average distance of three miles. The expedition consisted of 90 men and 200 horses. Canadian surveyors composed about half the joint party.

The survey of the boundary between the northern possessions of the United States and Canada is costing the governments jointly about $2,000,0000. The work has been going on for the past 14 years but will be completed probably next year. The work on the 41st meridian has been going on for the past five years.

With the extension of the line from Davidson's mountain, where it was left this year, to the Arctic ocean, the entire survey will have been completed. The Davidson mountains are about 8,000 feet high and are very rugged and practically inaccessible.

C. P. R. FLEET NUMBERS NEARLY EIGHTY VESSELS

MONTREAL, Oct. 19.—The Canadian Pacific Railway shipping department has been taking a little census of its own. As a result it finds that when the two new ships, now being built in England for the company's coasting service in British Columbia, are completed there will be a total of 76 C. P. R. vessels flying the Canadian flag. These vessels, if put end to end, would cover a distance of three and a half miles. The land and sea forces for the shipping department number 12,000 men and 3,000 tons of coal are burned daily by the fleet.

REPLIES TO ELECTION PROTEST.

TORONTO, Oct. 19.—Hon. W. Charlton has replied to the election protest of Alexander McCall, in Norfolk. Robert McKay today filled Mr. Charlton's cross-petition. A petition to unseat David Marshall, the Conservative member elect in East Elgin, was also filed by Mr. McKay. In the cross-petition of Mr. Charlton, there are the usual allegations and in number there are 26. He alleges that Mr. McCall and his agents promised money and other valuable considerations, promised to procure offices, made loans and caused money to be paid for corrupt practices. Meat, drink and other refreshments are said to have been offered those who could influence the result of the elections.

J. FINDLAY WILL OPPOSE MAYOR TAYLOR OF VANCOUVER

VANCOUVER, B. C., Oct. 19.—Mayor Taylor and J. Findlay, the latter president of the Vancouver Conservative association, will fight out the mayoralty contest in January.

JOHN ALLEN, C. P. R. ENGINEER, DIES SUDDENLY

VANCOUVER, B. C., Oct. 19.—John Allen, for 25 years engine driver on the Canadian Pacific railway to Vancouver, died suddenly today. He took his regular run yesterday.

SPLENDID PEOPLE, SAYS BERESFORD

Canada Best Country in World, Declares Fighting Charlie—Will Invest All He Has.

MONTREAL, Oct. 19.—Lord Charles Beresford, who has been on a visit to Canada since the beginning of August, arrived in Montreal today and will sail for England on the Empress of Ireland Friday. His lordship was too busy seeing Montreal to spare much time for an interview, but in the traditional bluff and breezy way of what he calls "The Old Seadog," he said a few words to express enthusiasm for Canada. His main topic was "the best country in the world."

He declared, "splendid people, best in the world. Can't stop to tell you why."

He added, "this is the country for investments. I came to get a closer acquaintance with the country and the people and also to see into some financial projects and do you know what I am going to do as a result of my visit? I'm going to scrape up every penny I own and send it over here for investment.

"I've been all over the country this time from Montreal to Vancouver, and I say again it's the best country in the world."

MANAGER McGRAW CENSURED BY NATIONAL COMMISSION

NEW YORK, Oct. 19.—The National commission today censured John McGraw, manager of the New York National league club, for his conduct during the Athletic-Giant game here last Tuesday, and notified him that a repetition would result in removal from the field, disbarment from all future World series games, and a heavy fine. Firstbaseman Merkle, of New York, also was fined $100 for improper language.

Madame Nordica at her summer bungalow, Deal Beach, N. J. This bungalow is considered the largest in the world, having a frontage of 165 feet.

USUALLY ONE DOSE ENDS INDIGESTION

Heartburn, Gas, Dyspepsia and Sourness Vanish and your Stomach Will Feel Fine

If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food that fills you; if what you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure Indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your Stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Biliousness, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

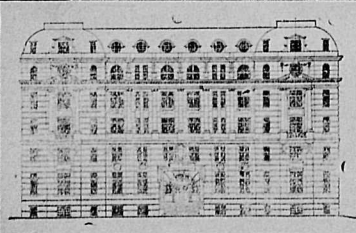
A case of Pape's Diapepsin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pape's Diapepsin will regulate any out-of-order Stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.



The Bachelors' Chambers, Ltd.

has been organized to erect and operate a thoroughly modern bachelors' apartment house in the West End of Vancouver.

There will be a bath with each room, showers on each floor, and numerous comforts and conveniences ordinarily enjoyed only by members of first class clubs. There is a great and constant demand in Vancouver for accommodations of this distinctive character.

A Very Careful and Conservative Estimate Shows that the Annual Net Earnings of The Bachelors' Chambers Will Be at Least 18 per Cent.

The directors of the company are Vancouver business and professional men of the highest standing.

The Bachelors' Chambers, Ltd., capitalized at $200,000, offers a limited amount of stock at the par value of $100 a share, 25 per cent cash, balance over 6 months.

This is one of Vancouver's best investment opportunities. It is safe and will yield you an unusually large income on your money. Write for prospectus and detailed information.

THE PEOPLE'S TRUST CO., LTD. 425 Pender Street West, Vancouver, B. C.

1029

Wise Men and Women Know

that most of the sicknesses of life come from inactive bowels and from unhealthy condition of the organs of digestion. If your digestive system is not working right, your food does not nourish you—poor blood and weakness follow; if your bowels are inactive—waste matter poisons the whole system and serious sickness is sure to follow. To take promptly

BEECHAM'S PILLS

is to save yourself trouble and expense. Gentle, but quick; safe, but thorough, they enable the bowels to carry away waste matter naturally and tone up the whole digestive system. They will not injure the most delicate. They help you to get your bowels and your digestive organs in that condition when they can take good care of themselves and of you. Beecham's Pills

Do Good Naturally

For females, Beecham's Pills are specially suitable. See instructions with each box.
Prepared only by Thomas Beecham, St. Helens, Lancashire, England.
Sold everywhere in Canada and U. S. America. In boxes 25 cents.

FIRE DESTROYS MINE BUILDINGS

Big Blaze at Ymir Mine—Loss Estimated at Twenty Thousand Dollars—Tramway Saved.

(Special to The Daily News.)

YMIR, Oct. 19.—About noon yesterday, fire was seen by the caretaker of the Ymir mine issueing from one of the buildings of the mine. He at the time was at the mill, about a half a mile away. On arriving at the scene, all of the buildings were discovered to be on fire, and being alone, and with the hose in one of the buildings, he could do little towards checking its progress.

The following buildings were totally destroyed: Blacksmith shop, cook house, dining house, two store rooms, boiler house, two cottages and stables. The aerial tramway terminal building was saved by carrying water from the pipe line; but the rest of the buildings together with various mining tools, stores and other etcetra were a total loss. The cause of the fire is at present unknown.

Loss is estimated at about $20,000, which was partly covered by insurance.

WESTERN FLOAT.

(By R. T. Lowery)

Musk melons can be grown at Rock creek.

This year the salmon pack in British Columbia is 750,000 cases.

Hazleton is the greatest pack train camp in America.

It will take about 4,000 years to dig up all the coal in British Columbia.

Wild goats are numerous in the mountains near Blairmore.

Al Johnson will open his new Northern hotel in Fort George this month.

W. J. Mackay, the old time printer is lifting type in South Fort George.

Mrs. Dr. Mackenzie, of Rossland, has taken up her residence in California.

Hay is $50 a ton in the Bulkley valley, and one rancher recently sold 200 tons at that price.

A. K. Boorchier is opening a store at Tete Jaune Cache. It will take 30 days to take his goods from Fort George to the Cache.

The railway camps in the Yellowhead pass are reported to be full of disease, from unsanitary conditions caused by regulations that are extremely lax. The Fort George Herald remarks that the railway commission does not appear to be active in the regulation of construction camp conditions.

During the month of September 65,000,000 feet of logs were scaled in Cancouver district. In September of last year there were 54,000,000 feet of logs scaled. The value of the logs scaled last month is approximately $650,000, of which $3,250 was paid in scaling fees and $32,500 to the provincial government in royalties.

The building of the railway bridge across the Skeena river some 14 miles below Hazleton, is a big undertaking and one that will take several months to finish. Already 140 men are working, and that number will probably be doubled by the end of the year. Already a little town has sprung up on this side of the river, and times will be pretty lively there while the construction is going on. Among the buildings erected is a Y. M. C. A. As near as can be learned there will be no liquor licences granted for the place—Inland Colonist.

WILD HORSE CREEK PROPERTY PRODUCING ORE

(Special to The Daily News.)

YMIR, B.C., Oct. 19.—Invitations are out for a grand ball on the evening of Oct. 30, which is to be given by the Knights of Pythias of Ymir. Wilkinson's orchestra of Nelson has been secured to furnish the music, and the spread will be supplied by the Palace hotel, who are preparing to seat about 200.

Jimmy Bremner and his partners are very busy these days getting out ore from their property on Wild Horse creek, preparatory to having it rawhided to the wagon road, where it will be hauled by teams to the cars. The claim was only located during the past four months, and the fact that it will stand the necessary expense of rawhiding and hauling by wagon speaks for itself.

DOCUMENTS GO UP IN SMOKE

C. P. R. Assistant Engineer Loses Papers in Fire Which Guts Office at Golden.

(Special to The Daily News.)

GOLDEN, B. C., Oct. 19.—Originating from an overheated stove, a fire destroyed the building in which were located the offices of H. N. Merrian, C. P. R. assistant engineer, and C. D. A. Lang, this morning. The outbreak occurred at 9:30 and was not extinguished until the building had been completely gutted. The damage is not excessive, but many valuable documents were consumed by the flames.

BRAKEMAN CUT IN TWO

MEDICINE HAT, Oct. 19.—John Robitaille, a young C. P. R. brakeman, was cut in two by an engine while switching at Coleridge last night. An inquest will be held.

PERMANENT REST ROOM PLANNED

Nelson Woman's Institute Will go Into Question at Special Meeting This Afternoon.

A special meeting of the Nelson and district Women's Institute will be held Monday at 519 Stanley street at 3:30 o'clock, when a very important question will be dealt with. The question will be the advisability of the Institute securing and operating a permanent rest room or club room. This room would not interfere with the regular Institute work, but is merely to accommodate outside district members as well as any who wish to take advantage of it in the city. The funds to operate this room must be secured by a special membership fee; therefor it is of vital importance that all ladies interested in this work should be present at this meeting.

ROYAL CITY TO BE C. N. R. TERMINAL

by Company at New Westminster —Big Prices Paid.

That the Canadian Northern terminus or at least its passenger terminus will be located in the heart of New Westminster is practically decided according to reports current today, says the British Columbian of Oct. 12. The most important of these rumors, and one to which several prominent business men pin their faith, is that the Canadian Northern Railway company acting through agents have purchased the property of the Royal City Planing Mills, situated at the city end of the Lulu island bridge, for depot purposes.

It is learned on excellent authority that a site has been bought for sawmill purposes on the south bank of the river at a cost of $49,000, and it is reported that the Royal City Planing Mills will move to this property, or that the Small and Bucklin mills will cross the river, and the Royal City Planing Mills take the site at present occupied by Small and Bucklin.

Coupled with this report, there are the facts that a number of sales and options have recently been put through in Front street property. While the local agents are naturally reticent as to the origin of their instructions and also as to the stage which the negotiations have reached, the fact remains that a considerable number of properties have been acquired or controlled within the last few days.

Prominent among these is the Schaake property which, while the People's Trust company deny the completion of the deal persistent rumor insists has been bought by the Hamilton Steel company. The price of this is placed at $210,000. Messrs. Motherwell & Darling have put through a large number of deals on Front street.

It is known also that a number of other lots in this vicinity are actually sold, and rumor has it that the entire length from the government property on this side of the bridge to Sixth street, is tied up.

It is authoritatively stated that in all cases the amount paid for options is such that it practically ensures the closure of the deal except in the event of some very serious hitch to the plans, which are very evidently the outcome of a directing influence.

NEWLY MARRIED COUPLE ENTERTAINED AT FRUITVALE

(Special to The Daily News.)

FRUITVALE, Oct. 19.—Mr. and Mrs. M. Varseveld were the host and hostess at a very enjoyable dance last Saturday evening given in honor of their brother, Jack Varseveld, whose marriage to Miss A. de Bruyn took place at St. Saviour's church, Nelson, on October 10. Mrs. M. Varseveld, who looked well in a pretty gown of soft grey silk, received her guests at the entrance of the hall. Standing with her was the bride, who looked very charming in her wedding gown of ivory cashmere with corsage of chiffon and sequins. After the bridal couple had received the congratulations of their new friends dancing was indulged in for a few hours, interspersed with songs and social intercourse. The bride sang in a very pleasing manner that well-known ballad, "My Ain Countrie." Messrs. Hogarth and Turner also contributed songs during the evening. The happy couple have taken up their residence at the Model ranch. The bride, who arrived recently from England, is from Burnley in Lancashire.

Among those present at this social function were Mr. and Mrs. M. Varseveld, Mr. and Mrs. Gillespie, Mr. and Mrs. Page, Mr. and Mrs. J. A. Muir, Mr. and Mrs. Millard, Mr. and Mrs. Palmer, Miss Lily Denman, Mr. and Mrs. Hogarth, Mr. and Mrs. R. J. Bush, Miss May Bush, Mrs. H. Colebrook, Mr. and Mrs. Burrows, Mr. and Mrs. Swift, Mr. and Mrs. Andrews, Mr. and Mrs. Stainthorpe, Misses May and Edith Stainthorpe, Mr. and Mrs. Rozander, Miss Adeline McFadden, Mrs. T. Davis, Mrs. Gerrard, Mrs. Allison, Mrs. Healy, Mrs. Phillips, Mrs. Lodal, Mr. and Mrs. John Engelland, Mr. and Mrs. Greeves, Miss Lasher, Messrs. F. Varseveld, J. Turner, N. Wynne A. Hull, T. Allison, A. Allison, H. Scott, T. Smith, A. Larson, W. H. Way, G. Rozander H. Rozander, F. Colebrook, A. Mears, H. Andrews, H. Sutcliffe, J. Colcleugh, D. C. Naason, F. Neiman, J. Greenwood.

W. A. Powne left on Tuesday's train for the Arrow Lakes, where he has secured a large contract of road work.

The members of the Conservative association held a meeting last evening, J. A. Muir, president, took the chair.

Mason & Grieves, who have the contract for clearing the tract of land recently purchased by Mrs. Whelter of Saskatchewan, commenced operations today.

Ideal weather conditions prevail, which enables the farmers to garner in the crops. Some very fine vegetables have been grown here this year, parsnips from H. Colebrook's ranch measuring three feet in length.

Born, on October 8, at Ymir hospital, a son, to Mr. and Mrs. D. C. Mason of Fruitvale.

MINNESOTA'S NEW PRESIDENT.

MINNEAPOLIS, Minn., Oct. 18.—In the presence of one of the most notable gatherings of American educators ever assembled at one time, Dr George T. Vincent was installed as president of the University of Minnesota today, succeeding Dr. Cyrus Northrop, who retired some time ago after having served for 25 years as head of the university.

Dr. George E. Vincent, who becomes third president of the University of Minnesota, comes to the institution from the University of Chicago, where he served for 10 years as professor of sociology. He was born in Rockford, Ill., 47 years ago, and is the son of Bishop John H. Vincent of the Methodist Episcopal church. After graduating from Yale in 1885 he engaged in editorial work for one year, and then made an extensive tour of Europe and the orient. Upon his return to America he became literary editor of the Chautauqua Press. He went to the University of Chicago in 1892 as a fellow in sociology and continued as an instructor and professor at that institution until his election last year as president of the University of Minnesota.

HALIFAX WILL BANQUET CANADA'S FIRST MINISTER

HALIFAX, Oct. 18.—The Conservatives of Nova Scotia some time ago determined to tender a complimentary banquet to Hon. R. L. Borden, to be held in this city.

A telegram was received from him tonight accepting the invitation for the night of Nov. 2. It is expected that more than 600 guests will be present, making the banquet the biggest thing of the kind ever attempted in this province. Invitations have been extended also to the members of Mr. Bordens government. It is expected that many ministers will be able to signify their intention of attending. The banquet will be in the evening.

WINNIPEG ARCHITECT DEAD.

WINNIPEG, Man., Oct. 19.—A cable received here announced the death of Samuel Hooper, provincial architect, in England today.

B. C. United Agencies

Real Estate and Financial Brokers

311 Baker Street, Nelson, B. C., October 20, 1911

To the Investors of British Columbia:

The B. C. United Agencies, desires to thank the public for the confidence shown in our statements appearing in The Daily News for the past six months. We predicted that the C.P.R. big car shops would be located at a certain point in South East Calgary, this has transpired and our predictions have been fulfilled to the letter.

We also advised our clients, and the public generally to purchase lots in the subdivisions we were then offering for sale and predicted big and quick profits to the purchasers of these lots, this has also turned out exactly as we stated, as those who followed our advice can verify.

Personally we wish to congratulate the parties who followed our advice and bought lots from us, as they can today realize on their investment an actual cash profit, even exceeding our most sanguine expectations and this, mark you, even before the actual investment of one of the many millions of dollars soon to be expended in the erection of the car shops.. Add to this the other millions required for the building into this section of car lines, new railroads, public utilities, manufacturing plants, etc., and you will realize in some small degree the wisdom of our advice.

We would, however, draw your attention to one very important point, namely, that in any city or locality where large shops, or big manufacturing plants are situated, it is not the immediate adjoining property that command the big prices, but that which lies within a reasonable distance from the industries that in the end command the big money.

In conclusion we respectfully offer our clients and customers, especially those who have neglected to take our advice before, an opportunity of purchasing lots in our C.N.R. division which ought to prove as good an investment as any yet offered.. Yours very truly,

B. C. UNITED AGENCIES, Nelson, B.C.

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents

IF you can stand indifferent health in order to "enjoy" your coffee, no one should interfere.

But if you want to get well and stay well, a ten days' trial of

POSTUM

in place of coffee is a step in the right direction.

"There's a Reason" for POSTUM

Canadian Postum Cereal Company, Limited, Windsor, Ontario, Canada

KNOWS NOW

Doctor Was Fooled By His Own Case For a Time.

It's easy to understand how ordinary people get fooled by tea and coffee when doctors themselves sometimes forget the facts.

A physician speaks of his own experience:

"I had used tea and coffee for years and really did not exactly believe it was injuring me, although I had palpitation of the heart every day.

"Finally, one day, a severe and almost fatal attack of heart trouble frightened me and I gave up both tea and coffee, using Postum instead, and since that time I have had absolutely no heart palpitation except on one or two occasions when I tried coffee, which caused severe irritation and proved to me that I must let it alone.

"When we began using Postum it seemed weak—that was because we did not make it according to directions—but now we put a little bit of butter in the pot when boiling, and allow the Postum to boil full 15 minutes which gives it the proper rich flavor and the deep brown color.

"I have advised a great many of my friends and patients to leave off tea and coffee and drink Postum, in fact I daily give this advice." Name given by Canadian Postum company, Windsor, Ont.

Many thousands of physicians use Postum in place of tea and coffee in their own homes and prescribe it to patients. "There's a reason."

A remarkable little book, "The Road to Wellville," can be found in pkgs.

W. G. FOSTER, Editor and Manager.

FRIDAY, OCTOBER 20.

IS FULL OF PORTENT.

The present revolution in China, whatever may be the outcome, affords fresh evidence of the awakening of that country after centuries of lethargic unprogressiveness. Western ideas are at last beginning to take root and what the result may be no man can say. With the adoption of modern civilization China, with her hundreds of millions of population, would become a force to be reckoned with, commercially, industrially and from a military standpoint.

The present outbreak is not the result of any direct or immediate act of oppression on the part of the country's autocratic government, but is the fruit of a campaign of agitation and education by progressives which has been going on for years and is therefore, all the more significant. Even the government itself has shown in the last few years that it realizes the force which is behind the movement and has introduced certain reforms with promises of others. Evidence of this is furnished by the fact that in 1905 a commission was appointed by the emperor to investigate the forms of government in other countries with a view to the introduction of representative institutions into China. An autocratic government would not do this of its own accord. Those who constituted the government at that time saw the storm gathering and hoped by their action to prevent its breaking.

The appointment of this commission aroused the reactionaries to such an extent that an attempt was made on the lives of its members by throwing a bomb amongst them. Prince Tsai-tse, who was the president of the commission, and one of his colleagues were injured by the explosion; and possibly this may have had the effect of intensifying their predelections in favor of representative institutions. At any rate their report led to an early reorganization of China's administrative departments, and to an imperial announcement of the creation of an imperial assembly to be followed as soon as practicable by a system of parliamentary government. The assembly consisting of 20 members was composed one half of princes, nobles, officials, and so on, and the other half of representatives of the provincial assemblies. The imperial edict calling the assembly said:

"The members should understand that this assemblage of the senate is an unprecedented undertaking in China, and will be the forerunner of the creation of a parliament."

In 1908 another edict announced the creation of a parliament in nine years' time.

The government's policy, however, does not appear expeditious enough for the progressives; hence the present rebellion. Whether or not the struggle now in progress is successful it marks another step toward the creation of new conditions full of portent to modern western civilization.

Baltimore, Md., Nov. 11, 1903.
Minard's Liniment Co., Limited.

Sirs—I came across a bottle of your MINARD'S LINIMENT in the hands of one of the students at the University of Maryland, and he being so kind as to let me use it for a very bad sprain, which I obtained in training for foot races, and to say that it helped me would be putting it very mildly, and I therefore ask if you would let me know of one of your agents that is closest to Baltimore so that I may obtain some of it. Thanking you in advance I remain,

Yours truly,
W. C. McCUEAN.

This Date in History.

George E. Drummond, who has had a prominent part in the development of the manufactures and other industries of Canada, was born in Ireland on this date in 1858. As a child he accompanied his parents to Canada. His education was received in the public schools of Montreal, of which city he is still a resident. In 1881 Mr. Drummond established a firm which was a pioneer in the development of the iron and steel interests of Nova Scotia, New Brunswick, Quebec and Ontario, and which later was merged into the Canada Iron corporation. Mr. Drummond has taken an active interest in the promotion of closer trade relations between Canada and other parts of the empire. He has served as president of the Canadian Manufacturers' association, the Canadian Mining institute, and the Montreal board of trade.

SAY IMMIGRATION NOT AT FAULT

Department Issues Statement in Answer to Suggestion That New Arrivals Are Loosely Counted.

OTTAWA, Oct. 19.—An answer to the charge that the loose system of the immigration statistics is responsible for the big discrepancy between the actual census figures and the 8,000,000 estimate is made today by the immigration branch of the department of the interior.

The immigration count is made at ocean ports and at points on the international boundary, in the latter case by officials going through the trains. At ocean ports manifests of the number of passengers are furnished by the steamship companies. These manifests are checked by the immigration officials and only those entering Canada for the first time and declaring that they intend to stay in Canada are counted as immigrants, either at the ports or at the boundary. No record is kept of the number of those, who after entering their intention of remaining in Canada, cross the border into the United States.

The United States immigration returns for the last decade place the total emmigration from Canada at 250,000. From 1897 till this year 1,567,858 passengers entered Canada at ocean ports, of whom 1,236,099 were counted as immigrants. In the census of 1871 the immigrant population of Canada was placed at 387,523, and in 1881 at 606,818, although the immigration figures for the 10 years showed 339,648 arrivals. In the next 10 years the arrivals totalled 886,177, but in 1891 the immigrant population was returned at 647,302; in the 10 years to 1901 there arrived 340,239 immigrants, but the immigrant population in the 1901 census totalled only 634,671.

According to the immigrant department the number of Italians who come into Canada do not stay, but go back to Italy after earning a small competency; 5,000 Hindus who entered in 1905 went home. In the case of Chinamen, Canada imposes a $500 head tax, while in the United States there is total prohibition. Canada gets the head tax, while in a number of cases the United States gets the Chinaman. It is believed by officials that the final returns will bring up the increase in population from 32 per cent to 35 per cent.

BOUNDARY PIONEER LIKES BRIDGE RIVER

W. T. Smith, Old Miner From Proenix, Developes Properties in Lillooet District.

(Special to The Daily News.)

VANCOUVER, Oct. 19.—Over 20 claims, some of them promising, were located this season in the Bridge river district near Lillooet, according to W. T. Smith, a veteran mining man who was one of the pioneers of the Boundary district. The ores include gold, copper and silver. Smith did assessment work on his Free-Milling group, which he hopes will develop into a world beater.

Most of the ores in the Bridge river country will have to be treated in smelters. The best locations made during the summer were secured by practial miners from Pheonix.

Smith has made and lost more fortunes than any other promotor in British Columbia. His friends expect to see him make another fortune before working his last shift.

There is no trouble in getting just what you want in

Knit-to-Fit Underwear

Knit-to-Fit is made in all sizes and weights, in cotton, lisle, wool, silk and wool, silk and lisle, cashmere and all silk.

Knit-to-Fit garments are made on hand operated machines by expert workmen, assuring perfect fit, comfort and wear.

If your dealer does not stock Knit-to-Fit, write us for catalogue and self-measurement forms.

The Knit-to-Fit Mfg. Co.,
Makers of all kinds of High-Class Knit Goods
322 PAPINEAU AVENUE, - MONTREAL.

Offered at a Sacrifice

92 acres with quarter-mile main lake frontage, one mile south of Crawford Bay. Includes 20 acres of bearing orchard, all good varieties of apples, all level land; plowed and stoned; 1 acre black currants (large crop this year) 1 acre strawberries; large quantities of vegetables of all kinds. In addition to the above the property includes 40 acres of A1 level fruit land, very easy to clear. Two water records consisting of 32 inches flumed right on the land. New two-roomed house, built for subsequent enlargement. The price has been cut away down and for a short time only we can give you a bargain which will surprise. Wild land along the lake front sells for $100 per acre and we can offer this fine improved place at less.

ALLEGE GRAFT AT ST. BONIFACE

Petition Charges City Council With Many Irregularities—Auditing of Accounts Requested.

ST. BONIFACE, Man., Oct. 19.—The greatest sensation in political circles in the history of the city, is launched with the circulation of a petition, charging the council with letting a new contract for a bridge in the city without obtaining satisfactory explanations for the failure of the work on a previous contract.

Again the petition states the civic officials and councilors sold material and supplies and labor to the city. The auditing of the civic accounts, it is said, is not satisfactory, the claim being based on the copies of accounts furnished to the citizens.

ORDER IS GIVEN FOR ROSE TREES

Improvement Association Will Have Two Thousand for Distribution to Members Next Spring.

An order for 2,000 rose trees for distribution at cost to citizens desiring to improve their property and to assist in the work of beautifying Nelson was given by the Improvement association at last night's meeting.

Already the association has been asked for nearly 1,000 trees, and by springtime, when the trees will be delivered, it is expected that the 2,000 will not meet the demand.

Mrs. W. Rutherford, Mrs. W. Douche and Mrs. J. M. Bulger were chosen a committee to select varieties suitable to the Nelson climate. The association guarantees that the trees will not cost more than 20 cents each, which is considerably lower than an individual purchaser could obtain them.

When beating white of egg for sponge cake, when it becomes dry and light, test its stiffness by turning the dish containing it upside down. If it is beaten to the proper point not a particle will become detached.

SASKATOON WILL TAKE NEW CENSUS

City Authorities Decide to Make Count —Population of Greater Edmonton Also to Be Retaken.

SASKATOON, Sask., Oct. 19.—A city council meeting resulted in a civic census being arranged for, and a committee was appointed to take the matter up with the authorities at Ottawa. The civic census is proceeding today.

EDMONTON, Oct. 19.—The Edmonton city commissioners will at once take steps to have a civic police census taken of greater Edmonton, with Strathcona, North Edmonton and Calder, which have decided to unite. The official figures give 32,882 for this area, but it is generally believed to be of much larger population.

Before the returns were issued the mayors of Edmonton and Strathcona asked the census department to have the figures given out for the one municipality, but to this the department would not agree.

ONTARIO'S HYDRO-ELECTRIC SYSTEM COMPLETED CHEAPLY

TORONTO, Ont., Oct. 19.—Hon. Adam Beck announces that the province's hydro-electric system, estimated to cost $4,456,022, has been completed for $3,921,167 with all interest charges paid up and a balance on hand of $85,760 to meet contingencies next year. New municipalities are contracting for power every week.

CONCERT AND DANCE AT WILLOW POINT

The ranchers at Willow Point were entertained last evening at the Crystal hall with a concert and dance. Mrs. Hornage, Mrs. C. Roberts, Mr. Aitken and C. Roberts were in charge of the arrangements. During the evening songs were rendered by the following: Mrs. C. Roberts, Mrs. Bayley, Mr. Burgess and Mr. Aitken. Mrs. Roberts and Mr. Aitken rendered the duet "Excelsior." Mr. Kennedy assisted in the entertained with selections on the phonograph.

A drop of kerosene on the hinges of a door will stop its squeaking.

ESTATE NEARLY THREE MILLION

Late Robert ...eighan Willed That Widow's Annual Income Should Not Fall Below $40,000.

TORONTO, Oct. 19.—The late Robert Meighan, who died in Montreal on July 13 last, left a large estate in the province of Ontario and his will has been filed for probate in the surrogate court here. The total value of the estate is estimated at $2,483,783, of which $1,795,612 is represented by stock in corporations. The value of shares in companies having their headquarters in Ontario is given as $811,845.

The will bequests a brother, Charles Meighan, of Perth, Ont., an annuity of $10,000. Upon his death his unmarried daughter is to receive an annuity of $6,000. To his widow Mr. Meaghan bequests the income of his entire estate during her lifetime, but specifies that the proceeds from his investment in the Canada Northwest company shall be treated as capital of the estate. Should Mrs. Meighen's income be at any time less than $40,000 a year the deficit shall be made up from the capital.

FOR SOUTH BRUCE.

WATERTOWN, Oct. 19.—South Bruce Conservatives today nominated Dr. R. E. Clapp of Mildmay as candidate for the legislature. Dr. Clapp won the riding in 1905, but was defeated in 1908 by R. E. Truax, who resigned to contest the federal riding unsuccessfully. Mr. Truax has refused the Liberal nomination.

FOUR THOUSAND FOR WEEK'S WORK

Players in Winning Team in World's Series Will Make Big Sums—Records Broken.

NEW YORK, Oct. 19.—Each player's share in the receipts of the world's baseball series this year will be bigger than ever before. A bank roll of $105,793.33 has already been piled up for the benefit of the diamond heroes, and about $25,000 will be added to their account from the fourth contest in Philadelphia. This will make a total somewhere around $130,000, as compared with $79,709.31 divided up last year, and which was a new record. The players share in the receipts of only four games.

Sixty per cent of this year's total, $78,000, will go to the winners and 40 per cent to the losers. This will give $3,700 in round numbers to each member of the victorious team and $2,500 each to the losers for a week's work. Last year the Athletics received about $2,000 each and the Chicago Cubs $1,300. Some players will get more by sharing in the world's series than they earned in salaries for the whole year's work.

RAIN MAY AGAIN PREVENT MATCH

Chances of World's Series Game Today Somewhat Slim—Delay Helps Athletics.

PHILADELPHIA, Oct. 19.—The outlook for the playing of the fourth game of the world's championship series here tomorrow is somewhat dubious; weather reports indicating that atmospheric conditions here will be unsettled and the grounds at Shipe park still are wet and soggy from the downpour of the last two days. The players on both teams are anxious to play the remaining games as soon as possible and if conditions are at all favorable the game, which has been twice postponed, will be played.

Manager Mack of the Philadelphia American league team, today smiled at the report that the delay had favored the New York team more than it had the Phillies. He pointed to the fact that the rest had enabled Baker, the best hitter in the present series, to recover from the injuries received by the two spikings from Snodgrass. Jack Barry, he said, had received a bump in New York and this would benefit him by the layoff.

Neither Mack nor McGraw would announce the pitchers for tomorrow's game. It is believed, however, Bender, the Indian, will go in for the local team and it is not improbable that Mathewson will pitch for New York. Mathewson made the statement last night that Ames probably would go in today, but since the big fellow has had an additional day's rest it is thought that McGraw will send him back against the American league champs and hold Marquard in reserve for the fifth game in New York.

It is argued that Marquard has shown form equal to that of Mathewson and with a home crowd to cheer him, he will do even better than he did in this city last Monday.

BROOK'S COMET SHOWS UP HERE

Brilliant Celestial Visitor Seen About Four O'clock Each Morning—Noticed in Prairies.

Brook's comet, one of the largest and most important occasional visitors among the stars visible from this planet, has been seen from Nelson on the past three monrings.

The comet, with its brilliant tail, extending upwards, has been observed at about 4 o'clock every morning, showing up clearly over the mountains almost directly to the east from the city.

Seen at Winnipeg.

WINNIPEG, Man., Oct. 19.—What is supposed to be Brooks comet was clearly seen by a number of local people shortly before sunrise towards the northwest horizon this morning. It has also been seen at Brandon and elsewhere in the province.

BROWN AND BAYLEY GET INJUNCTION

Mr. Justice Clement Makes Order Restraining Mother Lode Company From Taking Timber.

Thomas Brown and W. C. Bayley were yesterday morning granted an injunction by Justice Clements to restrain the Mother Lode Sheep Creek Mining company from taking timber from some claims at Sheep creek. Fred C. Moffatt appeared for the plaintiffs and C. R. Hamilton, K. C., for the defendants.

An application for such an injunction was made recently before Judge Forin and refused, his honer giving Mr. Moffatt permission to renew the motion before a supreme court judge.

His lordship yesterday morning ordered that costs in both cases should await the result of the action for damages, which is being brought by the plaintiffs against the company.

Devlin vs Wells, in which J. G. Devlin is asking for an injunction to restrain W. C. Wells from advertising him out as a co-holder in a mineral claim at Sheep creek, and for damages for such advertising, was ordered to stand over until Wednesday morning next, when it will be heard at Vancouver. C. R. Hamilton, K. C., is for the plaintiff and Fred C. Moffatt for the defendant.

A stated case was argued in Shaw vs the C. P. R., an arbitration case under the Workman's compensation act, his lordship reserving judgement. Fred C. Moffatt is for the plaintiff and E. C. Wragge for the defence.

Man's Misery Promptly Banished

(From "Man's Maladies.")

A certain sort of misery which causes a man to become abject in manner, timid, suspicious and jealous without real warrant, can be readily banished by a systematic nerve treatment which can be followed out in the privacy of home and restoration of a normal or natural condition speedily ensues.

A man feels and knows when he is not getting out of life all that it holds, and this knowledge makes the misery which occurs with such symptoms as unsteady gait, weak voice, downcast eyes, cold extremities, loss of flesh, loss of self control, lack of self esteem, pains in the back part of the head, shooting pains, heart palpatation, nervousness, sleeplessness, hollow eyes, sunken cheeks, colorless lips, dizziness and trembling.

The requirement to overcome these dreadful symptoms is a restoration of power and strength to the nervous system which has been poorly nourished or abused by thoughtless eating, drinking or social duties, perhaps superinduced by overwork. Keen, strong, sensitive nerves which carry every sensation or emotion to the brain centres of consciousness can and should be the possession of every living individual. Let this prescription be used and the results will surely reward the efforts. Obtain of any good druggist three ounces of syrup sarsaparilla compound in a six ounce bottle. Add one ounce of compound fluid balmwort, shake and let stand for two hours, then add one ounce of tincture cadomene compound (not cardamom) and one ounce of compound essence cardiol. Mix. Shake well and take a teaspoonful after each meal and one when retiring. The three last named ingredients are specially prepared and powerful concentrations, much used in various prescriptions, but contain no opiates to harm the system.

WILL INSPECT LEGAL OFFICES

Provincial Government Makes Appointment—Changes in Land Registry Offices Are Planned.

(Special to The Daily News.)

VICTORIA, Oct. 19.—H. C. Hanington, of this city, has been appointed inspector of legal offices for British Columbia, the duties to be assumed on November 1. He will devote his time and attention exclusively to his public position, and it is hoped that through his activities such reforms will speedily be brought about, more particularly in the land registry offices, as will fully satisfy all public criticism in respect thereto. One of Mr. Hanington's first objects in his new position will be the re-organization of the land registry offices and the introduction of such reforms and system in that branch of the public service as will remove all cause of reproach.

MISSIONARY WORK IN SUNDAY SCHOOLS

This Is Where Work Should Commence Says Joseph Patrick—Poorly Paid Ministers.

(Special to The Daily News.)

VANCOUVER, B. C., Oct. 19.—In an able paper on the financial program for the local church, Joseph Patrick of Victoria, formerly of Nelson, told the delegates to the Men's Missionary convention tonight that the young people of a Sunday school formed the most valuable asset of any church. There were 16,000,000 children enrolled in the Sabbath schools of Canada and the United States. Of the country's criminals 50 per cent went wrong before reaching the age of 25. It was therefore important to start the missionary movement in the Sabbath schools. He scored the protestant denominations for having too many poorly paid ministers, Methodists and Presbyterians being the chief offenders in this. In many cases ministers were not receiving sufficient remuneration to answer the needs of their families.

DR. CARNEY ANGRY.

WINDSOR, Ont., Oct. 19.—In an open letter tonight Dr. Richard Carney, one of the oldest and most prominent party workers in North Essex, says that he will consider his allegiance to the Conservative party at an end should the party elect Dr. Reaume, provincial minister of public works, as its candidate. He also declares he was publicly insulted on the street by Dr. Reaume and will do everything to oppose his nomination. Dr. Reaume says he has done nothing to deserve censure from Mr. Carney and is confident that he will be renominated.

CRESTON JUSTICE OF THE PEACE HAS RESIGNED

(Special to The Daily News.)

VICTORIA, B.C., Oct. 19.—James Campbell of Revelstoke has been appointed a member of the board of licensing commissioner of that city, and the resignation of S. A. Spears of Creston as a justice of the peace has been accepted.

HOUSEHOLD NOTES.

A few tiny pieces of lemon rind added to a cream sauce for oysters, fish or lobster gives a decidedly piquant and tasty flavor.

A tasty salid is made of chopped celery, seasoned with chopped mint and mayonnaise. Put between slices of bread it makes a dainty supper sandwich.

To revive root vegetables that have withered slice off the end of each and lay in cold water. In a few hours they will be as hardy and healthy as ever.

Always lower the temperature of the oven somewhat 15 or 20 minutes after a roast has been placed in it, this will insure that the juice will be retained.

Water may be used with the beaten white or beaten whole egg used for dipping croquettes. The proportion is a tablespoonful of white and twice as much for the whole egg.

A dry champoo of corn meal is very cleansing if properly done. The meal should not be allowed to get too close to the scalp, and should be brushed out with a gentle, lifting stroke.

Brown bread, cut into thin slices and spread with strawberry jam or peach marmalade, and covered with a layer of cream cheese makes novel and delicious luncheon sandwiches.

Though steam heat is cleaner generally than a furnace, it will soil the curtains and walls much more, especially if the radiators are placed close to the paper or under the windows.

Absolutely Certain. Building Now

Calgary and Chestermere Street Railway Will Be Completed to and Through Highgate by July 1st, 1912. This Road Runs Through Highgate.

(Calgary Herald, Oct. 10, 1911)

CONDUCTORS ON INTER-URBAN CARS

Legislative Committee Will Make Recommendations as to Chestermere Line

RUNNING RIGHTS NOT TO BE GIVEN

Passengers to Pay Nickel for City Part of the Trip

The general manager and several of the directors of the Chestermere Lake Suburban railway company conferred with the city legislative committee at the city hall yesterday afternoon, respecting the suggestion of the company that they be given running rights in the city limits.. It is the intention of the company to run 10 cars in May, June, July, August and September of each year till the traffic demands more. The company estimated that it would earn $150 a day within the city limits, all of which amount would go to the city if it were given running rights within the city.

F. F. Ryan, solicitor and J. A. McCollough, general manager of the company, addressed the committee.

A line connecting with the company's line from Chestermere lake to the eastern boundary of the city will have to be built from the loop on 17th avenue east. The distance is about three-quarters of a mile and the Chestermere company agrees to bear the expense.

The committee will recommend to the council that an agreement be entered into with the Chestermere company which will give the company *the right to connect* with the Calgary cars or else will give the city the right to place conductors on the Chestermere cars from the point at which the Chestermere line will enter the city on 17th avenue east, to the junction with the city street railway loop. Under no consideration will the Chestermere company or any other company be allowed running rights within the city limits.

A new fare will be demanded from the passengers when they enter the city and they will be charged a fare by the city also, for passengers from the city to the boundary. These fares will go to the city treasury without the Chestermere company getting any benefit from them.

Mr. McCollough on behalf of the company expressed his consent to the legislative committee's decision.

Remember, $25

Remember $25 starts you, the balance in monthly payments of $10. You have absolutely nothing to lose by writing at once for full particulars or better still by sending.

$25

the first payment on a lot with the distinct understanding that if you are not entirely satisfied with our selection we will at once return your money; but write anyway. You will not be fair to yourself if you do not look into this offer It will cost you but two cents and a minutes time. Isn't it worth while?

Street Railway Built Not Yet

If it were you would pay $400 per lot instead of $165. We give you an absolute guarantee that the street railway line will be built to and through Highgate by June 1, 1912. Or will pay any and all damages sustained if street railway is not completed on or before June 1st, 1912.

Money Back If Not Satisfied

Visit Highgate any time within 90 days after you purchase, keep what you have if you think it the best bargain in our entire holdings, change it to any other lot if you feel the property has been misrepresented in any way, or go to our cashier's desk and get back every dollar you have paid us. It's all the same to us; we want satisfied customers.

By foreseeing the future of Calgary we are now able to offer you this opportunity. By selling part of the lots will enable us to get from $400 a lot up for the balance when car line is completed.

366 per Cent. Profit

Our West Mount Pleasant Subdivision made 366 per cent for our clients in one year and a half.

Highgate will make the same profit for you if you buy now—Price, $165 each, $25 cash, balance $1 Oper month. Absolute guarantee included in contract of car line before uly 1, 1912.

Home in Every Sense of the Word

Our bungalows embody everything that is desirable and essential.. Artistic pleasing design, cement foundations, large clothes closets, every room light, sanitary plumbing, fireplaces, Dutch kitchen, the housekeepers' delight. The purchasers of Nos. 2 and 3 have selected the colors for painting and interior finish. By deciding now you can have No. 1 finished to suit your own tastes.. Then our plan is so easy you can buy this home if you pay rent.

A Little Beauty:

Contains 5 acres, and is without a doubt the snuggest, most compact, best located little fruit farm along the West Arm of Kootenay lake. It is situated on the south side of Kootenay lake, one mile west of Proctor, and is within five minutes' walk of the lake. Slightly elevated on a fine bench, it commands a fine view of the main Kootenay lake, the west arm of Kootenay lake and the new C. P. R. tourist hotel, directly opposite on the lake shore. This farm fronts on the main government wagon road and also has good graded road leading to the lake and steamboat landing. It is situated in the centre of a large, prosperous settlement and has many advantages in the way of schools, stores church, together with first-class daily transportation and mail.

This is a rich piece of level fruit land, well watered by Narrows creek, which flows along the south boundary line. From this stream water can be piped at a very nominal cost for any farming purposes.

The land is unimproved but easy to clear, and when put into shape would certainly make a swell farm. Less than $250 ought to put it into shape for planting to orchard. Anyone contemplating a fruit farming life on a moderate scale among pleasant surroundings will find this proposition almost all that could be desired.

Summing up its good rich soil suitable for growing all kinds of fruits and vegetables, splendid location in the centre of one of our most prosperous settlements, the beautiful view, fine surrounding scenery, government roads, daily mail service, first-class transportation, the very best of salmon and Rainbow trout fishing practically at your door, placing you on a farm where surrounding orchards have thoroughly demonstrated will produce the highest class of fruit grown in the British colonies, on a farm in a portion of the Kootenay district where values will increase with more rapid strides than elsewhere, we submit it to you as the best property ever offered in our district.

It can be bought for $800. Terms, $250 cash, balance one and two years. 7 per cent interest. Within two years and without any improvements this farm by virtue of its quality will be good value at $350 per acre.

Wire at our expense and we will hold for inspection. Clear title.

FOR SALE.
FOR SALE—Fruit lands, 320 acres in famous Pend d'Oreille valley, about 6 miles from Waneta and 3 miles north of international boundary on interprovincial highway; admirably adapted for fruit raising; excellent land; plenty of water; admirable climate; rapidly developing district; large proportion of land can be plowed without preliminary clearing; $35 an acre for block or would sell in parcels of 20 acres each; terms. This is a snap and great chance to make money. Write Box 965, Nelson, B.C.

FOR SALE—To a man who is tired of day labor and wants to settle down in a home of his own, where he can raise fruit and chickens can in our opinion find no better opportunity in the entire west than these ten-acre tracts in the Grey Creek subdivision. This is splendid fruit land and easily cleared, well watered, and within a half mile of steam boat landing, postoffice and store. The above land is direct from the locater to purchaser. Now, if you are interested, and every man should be, write us or call and we will give you full particuars. Address Lindsay Launch & Boat Co., Room 8, Griffin Block.

FOR SALE—Port Mann. The Pacific terminal port of the Canadian Northern railway. Official announcement is made that the townsite lots will be on sale within sixty days. As was the case in Prince Rupert, record prices will reign, some say $15,000 to $20,000 per lot. The lots nearest to what will be the highest priced railway lots are those across the road belonging to us. They are big, 50 feet by 164 feet lots, to a 20-foot lane, and are about 300 yards off the waterfront. Prices now asked are only from $1,500 up, with three year terms. These show opportunities for greatest quick profits ever offered in the country. No private subdivision in this terminal can ever be so close as ours. Remember the highest prices at the sale will set the value to our lots. We recommend speedy action, as only about fifty lots remain unsold. Ask for our maps and prices. Sole agents, The Selwyn Investment Company, Limited, 311 Dominion Trust Building, Vancouver, B.C. 152

FOR SALE—Eight-roomed house in good condition, all conveniences. 518 Victoria street. 157-6

The highest or any tender not necessarily accepted.
J. R. MARTIN,
145-tf. Asst. Timber Inspector.

MANX POLICE CHIEF TRIED FOR GRAFT

Colonel William Freeth of the Royal Artillery Gets into Serious Trouble —Systematic Boodling

LONDON, Oct. 18—Great interest surrounds the coming assize trial of Col. William Freeth, formerly of the Royal Artillery, for embezzling about $3,500 while police chief in the Isle of Man, where Hall Caine, the novelist, is the most famous resident.

The case is notable because Freeth has been held in high honor in northern society. He is 72 years old. The evidence shows how graft exists in English local administration as surely as in trans-Atlantic communities, but less noise is made about it's discovery. It is alleged he pocketed the money instead of paying clothing contractors who supply police uniforms and with forging receipts to a number of accounts.

The colonel, if these charges are proved to be true went about his boodling in a most systematic way, for several signatures of members of various firms are repudiated, and a government hand writing expert declares they are the work of the prisoner. Rubber stamps were also duplicated to facilitate the misappropriation. So far he has made no statement. Looking ill and depressed, he takes very little interest in the proceedings against him. It fell to his successor at Douglas, Isle of Man, to arrest him.

ENGLISH CONSERVATIVE ON RADICALS AND RECIPROCITY

(Canadian Associated Press.)

LONDON, Oct. 18—Moving a resolution before the constituents of Ramsbury last night H. Ashdon Richardson, Unionist, remarked that the Canadians had lost all confidence in England since the advent of the Radicals to power.

"What object," he asked "had America in seeking the reciprocity treaty with Canada except because they had a tariff reform campaign in England. Last spring," continued Mr. Richardson, "I was in America and had the pleasure of walking around the golf links with President Taft. I said to him, 'Mr. Taft, you never will carry reciprocity'."

"'Yes we will now,' he said, 'because England itself would like to see reciprocity,' to which I replied: 'Mr. Taft, instead of saying England would like it, I prefer that you said the Radicals would like it'."

Mr. Richardson continuing said Sir Wilfrid Laurier led up to reciprocity because he was tired of offering things to England. Sir Wilfrid had turned to the States but he had reckoned with the wrong people, because when the National question came before the people they rose and showed their patriotism. It opened up a new trend of thought to Great Britain.

EIGHT SCHOONERS ASHORE

MEXICO CITY, Oct. 18.—Another terrific storm has swept the west of Mexico. Eight schooners are ashore at Mazatlan, and the wharf has been severely damaged. The southeastern part of Mexico has lost all wires tonight. Up to that time the gale had been blowing for 12 hours. There is no report of any loss of life.

BRITISH LIBERALS HAVE TROUBLES

Observers See Breakers Ahead of the Government—Home Rule Bill May Defeat Party

LONDON, Oct. 18—Owing to the activity of the home rule forces, Conservatives have developed an uneasy feeling that a home rule bill is to be pushed through the commons in the session just opening. It will, of course, be thrown out by the lords, in spite of the recent drubbing that body received. If the situation were normally settled that would not be fatal to the bill. It could be carried in three sessions over the heads of the peers; but that would bring parliament to the beginning of 1914 before Dublin would have any need to restore the parliament house for legislative gatherings, and nobody expects the present government to last that long.

Already there are labor clouds gathering, portending storms that will strain the shaky ship of Liberalism. It is not a situation where the added tumult of a home rule campaign can safely be added, for it is highly improbable that the king will intervene this time in the dispute between the lords and commons. Moreover Wales is crying for disestablishment of the church and has no intention of being put off still further, while the insurance bill has yet to be carried through its final stages.

So it is likely that there will be a new election next year in hope of strengthening the Liberal position. That would also give the country a fresh chance of saying whether they agree to Irish home rule or not. Not a few Liberal members would be glad to shift the responsibility for the measure on to the electors, for they are not sanguine of its results.

Nobody looks for Gladstonian home rule in any sense, but even in a more moderate form it would so complicate the electoral issues as to make it more improbable that the Liberals would have a landslide in their favor, notwithstanding the social reforms of Chancellor Lloyd George. But if such a majority actually resulted there would be a renewed attempt to curb the lords more drastically. Therefore the next 18 months of British politics will be as lively as the past year or two have been.

BRITAIN'S GREAT WORK IN INDIA

Well Known Traveller Lauds Work of Lord Curzon and Others

LONDON, Oct. 18—That much travelled man, Oliver Bainbridge, is in London again after his long and intimate study of India which has supplied the facts for a new book that is expected to throw a sensational searchlight on Indian conditions. Especially the sedition that is working among the people there.

The fact that King Edward's good wishes along with an autographed photograph to serve as the frontispiece of the book, and also that he knew many of the magnates of the great eastern land, gave him facilities and these he has used to the utmost. Just now he is waiting in England to lecture on India to the East Indian association, an important body to which all the leading Anglo-Indians belong. Lord Ampthill, who acted as viceroy of India after the resignation of Lord Curzon, will preside. After that Mr. Bainbridge returns to the United States.

A Great Administration

For Lord Curzon as an administrator Mr. Bainbridge has conceived a great admiration. Such imperial zeal as that of Lord Curzon in the opinion of the expert American observer, goes far to explain "the miracle of government, whereby a handful of Britishers rule India's millions."

He is dead against concessions to the Nationalists of India declaring that they are but a noisy section without any claim to represent the people of India. He would deal with them firmly, even sternly, for he is convinced that India is quite a century short of fitness for any self government.

It is understood that Mr. Bainbridge's Indian conclusions will not be on all fours with those of William Jennings Bryan or Theodore Roosevelt.

THE UNRIVALLED Famous Victrola LIFELIKE

Three new styles

Victor-Victrola XIV, $200

PRESS COMMENT ON THE CENSUS

REGINA, Sask., Oct. 18.—Putting it mildly, Regina is "tickled to death" with the census figures, which show that the city has actually a larger population than has ever been claimed for it, while at the same time it puts a quietus on boasts that cities which regarded themselves rivals of Regina have been making. The figures came as a surprise in many ways, and were the sole topic of discussion this morning. Those in the know have been reiterating lately that Regina had a population of over 30,000, but it was not generally believed.

Need Not be Ashamed

OTTAWA, Oct. 18.—The Evening Journal, commenting on the census figures, says: "Canadians need not be disappointed or ashamed of the population. The increase is a third of her former population shown by the census of 1901. Canada could hardly justly expect more and misleading immigration statistics are the only justification for such momentary disappointment. In fact, it is doubtful if Canada would wish to increase any faster than the census shows. A nation which in 10 years receives one new citizen for every three former citizens has a problem in assimilation that will take her utmost time and attention to solve.

Where do Immigrants Go?

OTTAWA, Oct. 18.—After commenting on the disappointment which will be caused by discovering that the Canadian population is only slightly over 7,000,000 the Evening Free Press says: "Of course there will be people who will say that the census is not an accurate accounting of the people. There are always such people every decade, but we are assured that this census will compare favorably with any of its predecessors and that it is as complete an account as is possible under our present system. Taking this for granted, it seems necessary to have an investigation as to where the immigrants go. Are we maintaining an immigration corps merely to bring people to Canada, as a wayhouse to the United States, or are we still contributing our thousands of young people each year to the millions of the American republic? The census figures give us cause for thought and probably for investigation."

Witness Wants Five-Year Census

MONTREAL, Oct. 18.—The Witness says editorially: "We have continuously urged a change from the 10-year period of taking the census to a five-year period. The growth of Canada during the past decade, though according to this census less than guessed, has been revolutionary and for five years past we have been floundering in ignorance. It would not by any means double the cost of taking the census to have a staff of men continually at work on it, while it would not only double the usefulness of the service by the additional frequency but would greatly add to the accuracy by having the work done by experienced men instead of by novices scratched together on political grounds. We have also continuously urged the departure from the deceptive de jure system and the adoption of that of Great Britain."

Delay, Neglect and Inefficiency

MONTREAL, Oct. 18.—The Montreal Star, discussing the census figures, says: "The announcement of the results of the census consistently round out the record of delay, neglect and inefficiency which is the history of its taking, for the total falls far short of what had been expected. The population of the Dominion is given as 7,081,869, with the returns from four electoral districts not yet reported. Estimating this as accurately as possible, we have a total of 7,560,889, an increase in the last 10 years of 1,779,554, which is to say a fraction more than 33 per cent. Viewed in the light of the record of our prosperous neighbors the percentage in our own increase is less unsatisfactory.

Better Than United States

"It is, for instance, greater than that of the United States during any decade of the last 50 years, not excluding the period of phenomenal immigration between 1880 and 1890. Only twice has our present rate been exceeded, between 1820 and 1830, when the population of the United States increased from 12,866,000 to 17,069,000, and between 1830 and 1840, when the total rose to 23,191,000."

Growth Will be in West

MONTREAL, Oct. 18.—The Herald, discussing the census, says: "We have all been overestimating. Mr. Kipling told us the other day we were 9,000,000. Most of us liked to believe we were eight. Those who looked real hard at the deal board were inclined to say seven and a half. It turns out we are just the right side of seven. But considering that for two decades before we had been gaining only half a million, the fact that this time we have gained three times as much is something to be proud of. It indicates that the tendency is right.

"Once more the growth in Quebec has been faster than anywhere else in the Dominion. As the bulk of the growth of the next 10 yars must be in the west and as that growth, unless something disastrous happens, will be even greater than it was last decade, we are within sight of the time when all we have been talking if as possible will have become actual, when the country west of Lake Superior will be sending more men to Ottawa than either Ontario or Quebec. For the maritime provinces the story the census tells is almost tragic."

PLATINUM STAKING VERY EXTENSIVE

Large Number of Locations, Chiefly Near Five-Mile Point, Recorded During Past Three Days.

Although there is nothing in the nature of a "rush" in progress, the number of claims which are being staked for platinum and for other metals of the same group in the immediate Nelson district is very large. The staking is being carried on chiefly by those who became interested in the locations which were made near the Granite-Poorman and on Rover creek, when the excitement over the discovery made by A. Gordon French was at its height.

The owners of these claims have had many samples assayed, and it is noteworthy that it is those who became most heavily interested along the Granite road who are chiefly responsible for the extensive staking which is in progress now. On the south side of the west arm near Five-Mile point is the scene of the greatest activity. The following platinum claims have been recorded since Monday morning:

The Killbride, near Taghum, by Ida Willson; the Sunrise, at Five-Mile point, by Henry Cody; the Columbus, at Five-Mile point, by A. Gordon French; the French, near the Columbus, by Barkley Crilley; the Wonder and the Sudex, the King George and the Charleston, near the French, by J. O. Patenaude; the Sunset, near the King George, by Gustave Langwen; the Thirsley, near Six-Mile point, by H. W. Robertson; the Bessie, near Six-Mile point, by M. R. McQuarrie; the Brittania, at Six-Mile point, by H. L. VanWyck; the Five-Mile, at Five-Mile by W. E. Holland; the Early Bird, near Six-Mile, by E. K. Mahon; the Tyke, near Five-Mile, by A. R. Poole the Storm King, near Seven-Mile, by J. O. Patenaude; the Dominion, near Five-Mile, by Mary French; the Mint, near Five-Mile, by A. Gordon French, the Central and the Canyon, near Six-Mile, by J. O. Patenaude; the Surprise, near Seven-Mile, by Mary French; the Old-Timer, near Slocan Junction, by J. G. Devlin; the Dublin and the Belfast, near Shannon creek, by J. G. Devlin, and Dr. W. H. Willson; the Palladium, on Shannon creek, by E. H. Stanley; the Iridium, on Shannon creek, by R. H. Ewert; the Hard Luck, on Rover creek, by Andrew Sostad.

Claims in Other Districts.

The Independant faction, on Ymir mountain, by C. A. Swanson; the New Day, on Morning mountain, by J. E. Sorbin; the Wooster, on the west fork of Summit creek, by John W. Williams; the Falls No. 2, on Fawn creek, by G. G. Thurman; the Gold Bag No. 2, on Fawn creek, by G. E. Revell; the Sidney, on Hidden creek, by W. B. Pool; the Hidden, on Hidden creek, by S. N. Ross; the Fairview No. 2., between Bear and Sproule creeks, by G. H. Fisher and Thomas Corkill; the Merry Widow, on Beaver creek, by Joseph Dunn; the Hail Storm, on Hall creek, by Margaret Peters.

Hack! Hack! Hack!

C.H.I.C. DAILY MEMORANDUM

OPEN EVENINGS UNTIL 9 O'CLOCK

This House Was Built With Our Money

Which We Loaned at 5 Per Cent.

Let us loan you the money to buy or build a house or pay off a mortgage. Write, phone or call for our plan.

Canadian Home Investment Co., Ltd.

Head Office: 219-225 Pacific Building, Vancouver, B.C.; Local Offices: Fremont Block, Kamloops; Wood-Vallance Block, Nelson.

A delicious little appetizer for the supper table consists of large queen olives, cut in half, and with the stones replaced with caviare paste. One is served to each person on a lettuce leaf, garnished with narrow sections of lemon.

PROVINCIAL ELECTIONS ACT

Nelson City Electoral District

TAKE NOTICE that I have received objections in writing to the retention of the following names on the Register of Voters for the Nelson Electoral District on the grounds stated below.

And take notice that at a Court of Revision to be held on the 6th day of November, at 12 o'clock, (noon), I shall hear and determine the said objections, and unless such named persons or some other Provincial voter on their behalf satisfies me that such objections are not well founded, I shall strike such names off the said Register.

STEPHEN H. HOSKINS.
Register of Voters.

Dated this 12th day of October, 1911

TRIPOLI WAS WON BY TREACHERY

Turks Lured Bey on Board Ottoman Ship and Murdered Him—Italian Writer's View

"The new song and the great Omen." The date of the occupation of Tripoli by the good Caliph of Constantinople, an act of violence and treachery performed in the most graceful Ottoman style, was tattooed in black on the tough skin of a Maltese boatman, a sort of gigantic galley slave who might well have survived from the wreck of one of those galleys of the 16th century, a galley of all purple and red such as we find portrayed by Tintoretto in his battle piece in the ducal palace.

This Maltese, in view of the honor, kept up the curious custom of having the more memorable dates of the Tripolitan annals tottooed on his arms and chest. And there are settlers still alive who with their own eyes have read upon that hide the date of the Turkish usurpation, which goes back to hardly 80 years ago.

Turks Descend as Plague

As everybody knows, the Carameli dynasty was reigning in Tripoli over a mixture of the most diverse races—Arab for the most part—when discord burst forth among the chiefs and set the whole country aflame.

By fire and sack and by famine and pestilence the land between the Syrtis and the desert was reduced to so pitiful a condition that the inhabitants invoked the final destruction as though it were a liberation.

Thereupon, as one plague follows another, the cloud of insatiable locusts swooped down from the Bosphorous upon the stricken region and devoured what remained.

Between dawn and eve Tripoli was transformed by a traitor stroke into a Turkish vilayet. A flotilla appeared before the town and the admiral under the wildest of pretexts, invited Sidi Yussuf to board the flagship.

The Bey yielding to that sudden blindness which sometimes overtakes the craftiest and most vigilant of minds, unsuspectingly complied with the friendly invitation.

The Pasha had him bound without a word and carried him to Constantinople, where, as a prisoner he suffered the noiseless and traceless fate, which has for its symbol the old sack of romance tied at the top with a cord or a tress of hair and sliding silently into the nosturnal sea.

Rights Due to Might

And this constitutes the Sacrosanct rights which the Turks are pleading today against what they call an act of "piracy and iniquitous aggression."

Since her wars of independence and her efforts to reform her civilization began Italy has never met a juster and brighter cause nor one displaying a loftier national interest; never has an enterprise presented itself before the civil people with more profound character of vital necessity.

We have here not an exclusively economic problem connected with a country to be exploited, nor yet an exclusively political problem connected with that country, Turkey and the other Mediterranean powers. What we have is a terrible and superb moral problem which concerns the very essence of our race and the accomplishment of our most immediate destiny.

There is not a doubt that very powerful reasons, from the point of view of general civilization, of the Latin tradition and of naval supremacy have compelled us at last to throw off the last threads of hesitation and uncertainty.

A great African territory, the face of which has not yet lost all the features imparted to it by Greek intelligence, Roman strength and Christian sanctity, has fallen into a loathsome state of barbarism, poverty and barrenness, without schools, hospitals or banks, without roads or railways, with not a possibility of work, progress, prosperity, wealth or culture at the mercy of an ever unjust and ever hostile law, recognizing the Ottoman government by no other evidence than that of the stupidity of its government, the rapacity of its tax gatherers, the ferocity of its enlisting officers and the never ending obligation to money and soldier and a brute obedience without receiving anything in exchange.

Tripoli Stands Alone

At the time when all Africa is being swept by a great wind of renovation and a metamorphosis which is preparing admirable forms of humanity and culture for the future, this land alone is given up to a decadence that is becoming more and more shameful every day.

It lives in the hatred of the oppressor and has long been calling for a liberating force.

Italians visiting the mines of Diarbekir have seen their horses surrounded by a host of miners, wretched as slaves, who implored them in the name of the Prophet and of Christ: "Deliver us, stranger, deliver us by your God, by our God."

Every Italian seer, every true Italian statesman from Guiseppe Mazzini to Francesco Crispi, has beheld a question of life and death in this problem and we know with what ardor the venerable Cardinal Lavergieri, in his crusade against the slave trade which to this day flourishes at Tripoli under the more or less covert protection of the government, urged Italy in 1888 to cross the sea and put an end to this disgrace.

Mazzini, in his day, observed that this African country represents an extension of the Sicilian system but it may be that it was not thinking of the historical reason that make it the ancestral vassal of wheat crowned Sicily.

The Arabian chronicles of Albufeda Novairi and Ibu Halden relate the successive conquests of the Norman princess and the exploits of Ruggero di Loria, of William the Second, of Frederick of Aragon and of admirals such as Georgio d'Annaiocha and Margaritone du Bari.

Sicily Held to Title

For more than seven centuries the African sea was reddened with Sicilian blood and the right was always proclaimed and defended along the whole of the coast from Tunis to Alexandria. Even during the period of Spanish viceroys, Tripoli was always looked upon as rightfully belonging to the crown of Sicily and the proof of this is that Charles V gave the land to the Knights of Jerusalem in fee together with Rhodes and Malta.

But as I have said, the real importance of the present enterprise is of a moral, patriotic and Christian character.

Our nation has too long wasted its best strength in a policy of embarrassment, of false relations, of paltry fears, of neutral interests, of procrastination, delays and sufferance.

It was beginning to look as though we were occupied in the constant practice of humility from Custoza down to Agua. Suddenly by one of those quick lightning flashes which restore to a great race the consciousness of its worth; by one of those swift bursts of vigor; which Walt Whitman has sung in powerful and virginal stanzas, we are ridding ourselves of that accursed sterility, that stealthy poison, that depressing distrust or timidity and we find ourselves on our feet, equipped with our free will and our courage, with all our ideal substance ready for the fiercest struggle and the sternest sacrifices in view of an historic aim that points far beyond our daily life and beyond the conquests of today.—Gabrielle d'Annunzio.

WHITE'S SEAT UNSETTLED

OTTAWA, Ont., Oct. 18.—It is understood that no decision has yet been reached as to the constituency for which Hon. W. T. White, minister of finance will run David Henderson, member for Halton, was among Premier Borden's callers today, and this revived the report that Halton would be the choice. It is still possible, however, that Mr. Peterson, who represents East Middlesex, may retire in Mr. White's favor and be given a seat in the senate.

It is as good as settled that Hon. Frank Cochrane will contest Nipissing, George Gordon, member elect, retiring in his favor. Mr. Gordon has been in the capital for several days conferring with the ministers.

Paris continues to approve of Empire green.

"PUBLIC INQUIRIES ACT"

His Honor the Lieutenant-Governor in council has been pleased to appoint the Honourable Albert Edward McPhillips, K. C., president of the executive council; the Honourable Price Ellison, minister of finance; Charles Henry Lugrin of the city of Victoria, esquire; and William Harold Malkin of the city of Vancouver, esquire, to be commissioners under the "Public Enquiries Act" for the purpose of enquiring into and reporting upon the operation of the "Assessment Act, 1903," with respect to its practical bearings on the financial requirements of the province.

The said commissioners will hold their meetings on the dates and at the places mentioned hereunder, namely:

Victoria, at the executive council chamber, Parliament buildings, Monday and Tuesday, 25th and 26th September at 10 a. m. At the courthouse or the government office at the following places:

Nanaimo, Wednesday and Thursday, 27th and 28th September.
Vancouver, Friday and Saturday, 29th and 30th September.
Nelson, Wednesday, 11th October.
Rossland, Thursday, 12th October.
Grand Forks, Friday 13th October.
Princeton, Saturday, 14th October.
Merritt, Monday, 16th October.
Kamloops, Tuesday, 17th October.
Summerland, Thursday, 19th October.
Penticton, Friday, 20th October.
Kelowna, Saturday, 21st October.
Vernon, Monday, 23rd October.

It is requested that all persons who are interested in the matter aforesaid and who desire to be heard, will not fail to be present at the meetings of the commissioners.

PRICE ELLISON,
Chairman.

Treasury Department,
13th September, 1911.

BURTONDALE SCHOOL

Sealed tenders, superscribed "Tender for Burtondale School House," will be received by the Hon. the Minister of Public Works up to 12 o'clock noon of Tuesday, the 31st day of October, 1911, for the erection and completion of a small one-room frame school-house at Burtondale, in the Slocan Electoral District, B. C.

Plans, specifications, contract, and forms of tender may be seen on and after the 11th day of October, 1911, at the offices of J. H. McCormack, Esq., Secretary of the School Board, Burton, B.C., the Government Agents, Nelson and Kaslo, B.C., and the Department of Public Works, Parliament Buildings, Victoria.

Each proposal must be accompanied by an accepted bank check or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for the sum of $250, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The checks or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Public Works Engineer.

Department of Public Works,
Victoria, B.C., October 9th, 1911. 155

"WATER ACT, 1909" AND AMENDMENTS

Notice is hereby given that the board of investigation, created by Part III of the "Water Act, 1909," for the determination of water rights existing on the 12th day of March, 1909, intends, on or about the 24th day of October, 1911, to proceed to adjudicate upon the claims to water from the following streams in the Slocan water district:

Carpenter creek.
South fork Carpenter creek.
First stream flowing into Carpenter creek.
Second stream flowing into Carpenter creek.
Simpson creek.
Rasdall spring.
Turris creek.
Aylward creek.
Florence creek.
Eccles creek.
Mountain Chief creek.
Springs on Goat mountain.
Stream out of Sweet Grass tunnel, Goat mountain.
Streams on Goat mountain.
Angel creek.
Cadden creek.
Bonanza creek.
Cropp's creek.
Sawmill creek.
Wright creek.
Wilson creek.
Harris creek.
Mollie Hughes creek.
Cody creek.
Dardanelles or Rambler creek.
No. 8 Tunnel, Payne mine.
Gipsy Boy creek.
Howson creek.
McGuigan creek.
Miller creek.
Noble Five Slide creek.
Payne creek or slide.
"Return" Mining Co. tunnel.
Sandon creek.
Seaton creek.
Tributary or Second creek.
Waterfall or Falls creek.
Shea creek.
Blue Bird creek.
White creek.
Gold creek.
Emily creek.
Bartlett or Hume creek.
Tributaries of Bartlett creek.
Grady creek.
Standard creek.
Cory creek.
Granite creek.
Vancouver creek.
Allen creek
Creek from "L. H." mine.
Wakefield creek.
Four-mile creek, east side of Slocan lake.
Eight-mile creek.
Ten-mile creek.
Twelve-mile creek.
Lemon or Salmon creek.
North fork Lena creek.
South fork Lena creek.
Second north fork Lena creek.
Brogans creek.
Orange creek.
Monument creek.
Latendresse or Goose creek.
Crescent Valley creek.
McHardy creek.
Isabel creek.
Mabel creek.
Kinney or Wah-wah creek.
Tillicum creek.
Snake creek.
Nixon creek.
Schiavon creek.
Durham creek.
Trout creek.
Mill creek.
Glacier creek.
Nemo or Six-mile creek.
Cove creek.
Indian creek.
Evans creek.
North fork Evans creek.
Gwillim or Goat creek.
Mulvey or Robertson creek.
Bannock creek.
North fork Bannock creek.
Holder creek.
Slocan river.
Little Slocan lakes.
Little Slocan river.
East fork Little Slocan river.
West fork Little Slocan river.
Northwest fork Little Slocan river.
Beaver creek.
Four-mile creek.
Cougar creek.
Grizzly creek.
Russell creek.
Springer creek.
Five-mile creek.
Coldwell creek.
Drayton creek.
Cedar creek.
Pedro creek.
Vincent creek.
Speculator creek.
Goat creek.
Two-mile creek.
Camp creek.
Unnamed small stream two miles south of Lemon creek.
Unnamed stream flowing into Slocan river three miles north of Slocan Junction.
Stream flowing about three miles and a half south of Slocan City.

And all unnamed streams on which water records may be claimed.

Each and every person, partnership, company or municipality having such a claim is required to forward to the Chief Water Commissioner at the Parliament Buildings at Victoria, on or before the 10th day of October, 1911, a memorandum in writing as required by section 27 of the said Act as amended. Printed forms for such memorandum can be obtained from any of the Water Commissioners in the province.

Evidence will be taken and arguments will be heard at New Denver, and notice will be given of the day on which each creek will be dealt with.

Dated at Victoria the 12th day of September, 1911.

By the board,

J. F. ARMSTRONG,
Acting Chief Water Commissioner.

LIQUOR ACT, 1910.
(Section 42.)

Notice is hereby given that, on the first day of December next, application will be made to the Superintendent of Provincial police for renewal of the hotel license to sell liquor by retail in the hotel known as the Ymir hotel, situate at Ymir in the province of British Columbia.

Dated this 12th day of October, 1911.

J. B. BREMNER,
156-30d Applicant.

LIQUOR ACT, 1910.
(Section 42.)

Notice is hereby given that, on the first day of December next, application will be made to the Superintendent of Provincial police for renewal of the hotel license to sell liquor by retail in the hotel known as the Miller hotel, situate at Ymir in the province of British Columbia.

Dated this 14th day of October, 1911.

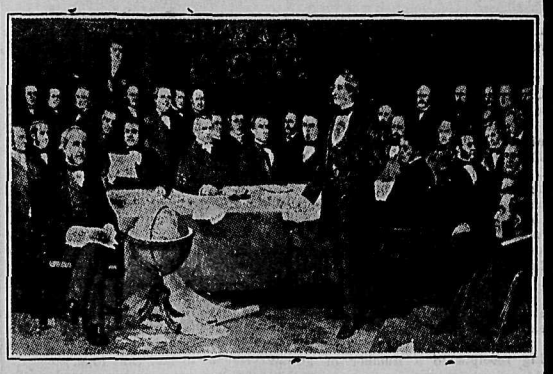
Notice is hereby given that, on the 4th day of November, 1911, next, application will be made to the Superintendent of Provincial Police for the transfer of the license for the sale of liquor by retail in and upon the premises known as the Kootenay Falls hotel, situate at Slocan Junction, British Columbia, from John Winfield Moore to John Winfield Moore and Peter Johnson of British Columbia.

Dated this 2nd day of October, 1911.

JOHN WINFIELD MOORE,
Holder of License.
JOHN WINFIELD MOORE,
and PETER JOHNSON,
147-30d Applicants for Transfer.

This Great Historical Picture Should Be in Every Canadian Home



Founders of the Dominion

Size 19 by 25 inches, suitable for framing.

The illustration above unfortunately gives very little idea of the clearness and beauty of the fine reproduction we offer.

Sir John A. Macdonald, Canada's great statesman, stands in a characteristic attitude in the foreground. Grouped around him are Hon. George Brown, Sir Oliver Mowatt, Sir Charles Tupper and the other famous Fathers of Confederation. Evidently they are discussing the terms on which the weak and scattered provinces shall unite to form one great Dominion, the 44th birthday of which we celebrated on July 1st.

The different faces are clearly shown and the attitudes are natural and lifelike. On the panel below are printed the names and a few facts about each, the whole forming a very valuable and complete record.

All the members of this great group have passed away with the single exception of Sir Charles Tupper, but their work lives after them.

The Art Store Price Is About $2.50

For a picture of this class.

The Daily News has been able to secure a limited number for its readers and while they last will supply them

For Only Ten Cents

and six coupons from The Daily News. When ordered by mail 15 cents must be sent, the extra five cents being to cover postage.

To Get the Full Value

Of Your Daily News Subscription

There are two principal ways in which a good paper such as The Daily News may be of benefit to you.

Its news columns keep you in touch *with what is happening from day to* day. They bring the latest news, not only of your local district and province but of all Canada and the United States and the more important events all over the world.

But the advertising columns of The Daily News bring to you each day information still more valuable, because of more real assistance in your everyday life. They help you to spend your income so as to get the greatest possible *benefit from every dollar.* They make shopping easy. They keep you posted on prices, and bring you timely notice of any especially low prices which enterprising merchants are able to offer from time to time.. They inform you *promptly of the arrival of new goods* and of the latest styles.

If you need plumbing done, or electrical fixtures put in, or your watch repaired, or your lawn mower sharpened, or most anything else fixed up about the house, a glance through the ads in The Daily News will quickly find someone who makes a specialty of doing what you want done.

If you wish to rent or buy a house, *or purchase a piece of land for cultiva*tion or investment, the real estate announcements in The Daily News will save you lots of time and trouble.

In fact, no matter what you want, the advertising columns will help you find *it. It pays to read them regularly and* carefully.

Nelson

Pre-eminently Is

A Residential Centre

Eight months of summer villas, 220 square miles of boating and fishing water. Climate an elixir, scenery rivalling the Alps, all fruits of temperate clime grown. Electric cars, electric light, gas, pure water, sewerage, advanced schools.

A Tourist Centre

Crow's Nest Pass scenic route has its full flower in Glorious Kootenay. Canadian Switzerland contains *three charming lake systems*, with unmatched landscapes for the artist, giant torrents for the tourist, glaciers for the daring, big game for the huntsman, and the joy of life for the jaded. Nelson commands every section at first hand.

A Distributing Centre

With the immense mining and timber development and land settlement of the central upper country to serve, Nelson, with eight rail and steamer routes, is the unchallenged capital of the Kootenay and Boundary, the heart from which the arteries of commerce diverge. It is the mining centre of the Kootenay as well as the focal point of the rapidly expanding fruit industry.

An Industrial Centre

Falls of Bonnington drive wheels of Nelson. Municipal power, sites, trackage facilities. Consuming territory for varied industries ready for exploitation. Field for manufacturing now being utilized.

For particulars write Publicity Bureau, Nelson, British Columbia.

"I had been given up to die by three of our best doctors,

I could not stand it to be on my feet and I was so swelled in the abdomen I could hardly breathe.

But thanks to Dr. Miles' Heart Remedy and Nervine I am able to be about the streets, a walking advertisement of the curative qualities of your remedies, although I am 70 years old."

JOHN R. COCHRAN,
Lewistown, Ill.

Better than any statement we could make regarding the value of

Dr. Miles' Heart Remedy

are these words of Mr. Cochran. He speaks from experience, the highest possible source of knowledge. If you have any of the signs of a weak heart, such as pain in the left shoulder or arm, fainting and hungry spells, shortness of breath, smothering spells, fluttering or palpitation of the heart, you need

Dr. Miles' Heart Remedy

which for over twenty years has been recognized as the best preparation of its kind to be had.

Sold under a guarantee assuring the return of the price of the first bottle if it fails to benefit. AT ALL DRUGGISTS.

FLATHEAD VALLEY LINE PROGRESSING

Grading Commenced on Another Gap of C. N. R. Section Which Will Tap East Kootenay.

MACLEOD, Alta., Oct. 19.—C. N. R. contractors have started grading on the Pincher Creek gap of the Macleod section of the new line from Calgary to Montana. They will put on 300 teams, and expect to finish 36 miles this month. The line runs via Pincher creek through the South Kootenay pass and connects with the Great Northern at Flathead, Mont.

MARKETS

CASH WHEAT IN DEMAND

WINNIPEG, Oct. 19.—The market was active and strong, the interests growing more nervous now that the middle of the month is past. An extremely bad weather map, with snow at a number of points, was a contributing factor also. Every grade of cash wheat was wanted, but the higher grades were more especially in demand. Receipts were liberal, 854 cars were inspected and 700 are in sight for tomorrow, and offerings are very liberal. Farmers are not showing the disposition to hold that was noticeable two weeks ago. The volume of trade for the morning was very large and toward the close some of the strength was lost. The close showed an advance of ¾c for October, ¼c for November, and December and May unchanged. The fluctuation of the morning was ⅝c to ¾c, and October sold up to $1.02.

Oats were pretty active and the advance was ⅛c for October, November was unchanged, December ¼c lower and May ⅛c lower. Flax was up 1c for both October and November.

Chicago was unchanged to ⅛c to ½c lower. Minneapolis was ⅛c to ¼c lower. Corn was ⅛c to ¼c lower, and Chicago oats ¼c lower to ¼c higher. Duluth flax showed an advance of ⅛c to 1c. Snow and rain prevailed from Winnipeg to the Rocky mountains.

LONDON, Oct. 19.—Silver, 24⅞; lead, £15 5s.

C. P. R. MAKES GAIN

NEW YORK, Oct. 19.—Fluctuations of stocks were much wider and more active today than during the recent dull sessions. The market developed a fairly strong tone and buying was continued on a heavy scale. The one effect of this influence was at times to cause extensive selling. The market seemed to be in the hands of the bears. United States Steel, Lehigh Valley, and Canadian Pacific made net gains of two points or more and most of the other active shares rose by substantial amounts.

United States Steel, which was sold yesterday for the ostensible reason that the steel corporation was to cancel its lease *on the Hill ore properties*, was bought today for the same reason, on the theory that cancellation of the lease would improve the corporation's status under the Sherman law. United States Steel rose rapidly at the opening in common with the remainder of the list. The bears apparently extended their efforts too far, for they were put to route in the last hour, when prices were sent upward with a rush.

LONDON MARKET IRREGULAR

LONDON, Oct. 19.—Money and discount rates were easy today. The stock market was quietly irregular. Gilt edged securities improved on the bank statement, which was better than expected, and Chinese bonds and home rails hardened, but foreign shares, Mexican rails and Kaffirs yielded under pressure of profit taking. American securities were quiet and featureless during the first hour. The opening prices improved on light covering and New York buying, but the market sagged again in the late trading and closed dull.

MARKED INCREASE IN DEPOSITS OUTSIDE CANADA

OTTAWA, Oct. 19.—The bank statement for September, issued today, does not indicate a great change in business conditions, the figures in almost every case being slightly better than in August. The most marked increase is in circulation, which has gone up by almost $7,000,000. There has been marked increase in deposits outside Canada.

	September	August
Reserve	$ 90,189,849	$ 89,324,728
Circulation	97,197,176	90,630,559
Demand deposits	313,584,890	311,112,668
Notice deposits	577,691,045	576,740,956
Deposits elsewhere	78,887,510	71,840,723
Liabilities	1,182,237,607	1,118,599,921
Call loans	67,717,991	95,106,110
Call loans elsewhere	93,517,076	101,113,820
Current loans	749,007,607	734,683,962
Current loans elsewhere	35,587,127	33,689,196
Assets	1,342,917,913	1,323,162,029

To make a tough steak tender rub it on both sides with vinegar and olive oil, thoroughly mix and allow it to stand for two hours before cooking.

HAPPY HARMONY OF ORDER BROKEN

Women Insurgents and Standpatters Say Nasty Things to Each Other —Daughters of Empire

TORONTO, Oct. 19.—After 11 years of existance, during which no hard word has ever been spoken to disturb its happy harmony, the Imperial order of Daughters of the Empire was turned into a battlefield today at the annual general meeting. A question of revising the sacred constitution was fought to a finish, the conclusion being a partial victory for the insurgents, led by Miss Constance Boulton, regent of the chamberlain chapter.

There have been rumors of disquietude since last spring, when a circular letter sent out by Miss Boulton setting forth her proposal, was strongly condemned in another circular, emanating from the general executive. Mrs. Samuel Nordheimer resigned the presidency, which she has held since the inception of the order, and three new chief officers will guide the destinies of the organization. Mrs. Albert Gooderham, who in her inauguration address, arranged herself definitely on the reform side, becomes president by acclamation, Mrs. Featherstonhaugh and Miss Arnold, also elected *by acclamation, becoming honorary secretary* and honorary organizing secretary respectively, in place of Mrs. George P. Reid and Mrs. Merriam, who withdrew from the office in sympathy with Mrs. Nordheimer. Other officers remain the same. The proposal of Miss Boulton was that the constitution should be so revised as to give the regents of the different chapters a voice in the meetings of the general council of the order.

The circular sent out by the executive, commenting on the scheme was coupled in rather warm language, describing Miss Boulton as an "Agitator" and as a "Malcontent seeking to provoke dissention."

AT THE THEATRE

The Pringle-Van-Auker Company in "The Lottery Man," Well-Known Play, for Tonight.

There was an excellent audience at the opera house last night to witness the production by the Pringle-Van-Auker company of "The Lottery Man."

The story of the play introduces a newspaper reporter who allows his paper to conduct a lottery scheme with himself as the prize, and it can be fairly said that the performance proved most amusing. Miss Della Pringle and her clever company certainly filled the bill last evening to the satisfaction of everyone present and some new songs were introduced between the acts that took well.

This evening will be presented by the same company a play very well known here, "Pierre of the Plains." Nelson theatre goers will have an opportunity this evening of comparing the "Pierre" of tonight with those seen on the opera house stage here in the same character in past season. There should be a crowded attendance this evening.

Mme. Nordica, the famous American prima donna, enjoys the distinction, apart from her artistic achievements, of being the greatest woman wage earner in the world. On one occasion she received $3,500 for a concert of an hour's duration at Washington, D.C., but it is not the single amounts on special occasion as continuous and systematic earnings of unusual dimensions that enabled her to amass an immense fortune at a comparatively early age. Mme Nordica works for 28 weeks in each year and during that period, from October till April, she gives an average of three concerts a week. Eighty concerts in 28 weeks is a tremendous strain on the voice, and the general physical endurance of the singer, and Mme. Nordica travels with every conceivable luxury to fortify herself against the hardships of life on tour. From beginning to end of her seven months' trip she travels and lives in her own private car, which has been specially arranged for her and is a veritable little palace on wheels. The car contains a fairly large music room where Mme. Nordica can practice daily; a charming little salon, three bedrooms, besides bathroom, kitchen and servants' quarters. Mme. Nordica's suite on tour consists of a lady companion, a secretary, an accompanist, her own veteran cook, who is a past master of his art, two men servants and two maids. When she arrives at the city where a concert is to be *given, her car is shunted to a siding and* there she lives until the time comes for the continuation of her journey to the next city.

Fortune's vagaries theatrically offer a fresh manifest in the recent somewhat startling return to the big spotlights of New York's Broadway of George W. Lederer. Lederer, about seven years ago, after giving Broadway about a score of successful musical productions, all of which he staged as well as produced—and in some measure wrote—the list including, "The Passing Show," "The Belle of New York," "Yankee Doodle Dandy," and other hits—suddenly packed up over night and hied to Chicago, where he settled down unambitiously as a non-producing house manager at the Colonial theatre. Last August the man who had "discovered" Edna May, Dan Daly, Ethel Bell and a hundred other odd players, who won fame under his standards, popped back into the big town without warning with a new musical piece, and is again the most talked about of all the musical comedy producers of the big town. "Madame Sherry," the medium signalizing the exile's return, scoring the biggest native musical comedy success of the past 20 years.

"Madame Sherry" will be played here by the New York, New Amsterdam Theatre company on Friday and Saturday, Oct. 27 and 28, for two performances.

American and Swiss Watches

Watches which give entire satisfaction. We handle the American and Swiss watches at prices which compete with eastern houses. No necessity to send your money east for your goods. If you contemplate buying a watch inspect our stock and prices first and be convinced.

We make a specialty of fine watch repairing.

More Novelties Arriving Every Day. Our Buyers in Philadelphia, New York and Montreal Have Again Sent Large Parcels by Express

Ladies' Silk Dresses

From among a very large assortment we specify these two lines: Messaline dress, cut with high waist line, peasant sleeves, elbow length, square-cut neck, trimmed with lace, silk ball trimming, panel cut skirt, half length panel with gurdle at waist line, made of cord silk, in pink, light blue and white. Special Price $27.50.

Dress of gold and brown Messaline, fancy cut waist with pointed yoke. Yoke and under sleeves of all over lace, panel skirt, trimmed with buttons to match. Special price $30.

Ladies' Suits

You can save from $5 to $10 right now by purchasing one of our very latest fall suits. We'll let the suits tell their own story, asking you to shop around before buying, and see for yourself if such suits can be had for the same money elsewhere. They are made of the new fancy Scotch weave, and various fine all wool mixtures, diagonals, serges, mannish worsteds, cheviots and imported novelty fabrics. We have priced them at from $12 to $35.

Misses' Coats

Made of novelty cloth, semi-fitting, large collar, comes in green, brown and grey. Exceptional value at $9.75.

Children's Fall and Winter Coats — In fancy and mixed tweeds. A splendid lot at remarkably good values. They range from $2.50 to $10 each.

New Arrivals in Ladies' Coats

20 of these were received on Monday. They represent the latest and smartest up to date creations in coats. Here are a few of them:

Coat of Brown and Green Novelty Cloth—Raglan sleeves, large patch pockets, deep cuffs, and full sized fancy buttons. Price $22.50.

Coat of Light Grey Tweed—Semi-fitting, Presto collar, half lined with satin, large fancy buttons. Price $22.50.

Coat of Dark Grey Tweed—Large shawl collar, cut with high waist line at back, sleeves and collar trimmed with velvet and fancy braid, $25.00.

Coat of Brown and Grey Mixture Tweed—Semi-fitting, close cut collar, extra value at $12.50.

Komforters for Kold Knights

It is getting a little chilly at nights now, and it would be well to prepare for cold weather. We have a splendid line of eider down comforters from $4.25 up to $18. They are filled with pure down, are well ventilated and covered with a good quality of satin.

English and Scotch Blankets

A full stock of these has just arrived and we can offer extraordinary value in these lines:

White Whitney Union, 64x84, $4.50 per pair.

White Whitney all wool, 64x84, $6.50 per pair.

White Whitney all wool, 68x88, $7.50 per pair.

These blankets come singly, and are whipped at both ends. They are entirely free from grease and are as pure as can be produced.

Hudson's Bay Point Blankets

These are justly celebrated for the warmth and comfort they give, and for their durability, as a pair of them, with fair usage, will last a life time.

4 point H.B. blankets, weighing 12 lbs., 72x90, $9 per pair.

3½ point H.B. blankets, weighing 10 lbs., 63x80, $8 per pair.

Chiffon Scarves

Pure silk, in all shades, prices $1.50 to $3.00.

Parisian Novelties

We have just received direct from Paris something new in ladies' Tinsel Collars. These are entirely different from anything shown heretofore, and are well worth examining. Prices, $1.50 to $3.00.

Ladies' Plain Black Cashmere Hose

All wool. Our special price for these is four pairs for $1.

Royal Worcester Corsets

These we offer in three qualities at $1.50, $2.50 and $3.25.

D. & A. Corsets

Maternity Corsets, No. 101, per pair, $2.00.

Nursing Corsets, No. 10, per pair, $2.00.

MISSIONARY WORK IS DISCUSSED

Three Sessions of Convention at Vancouver—Many Papers Read by Prominent Men.

VANCOUVER, B.C., Oct. 19.—Three sessions were held on this, the second day of the men's missionary convention, which is to be followed by similar conferences in different provinces throughout the Dominion.

The morning theme was "The Equipment for the Task," and five able addresses were delivered by leaders of missionary work throughout Canada, including Rev. R. P. McKay, *moderator of the* assembly of the Presbyterian church; Rev. E. A. Armstrong, Toronto; James Ryrie of Toronto, and Prof. Odlum of Vancouver.

"How to Create an Intelligent Home Base," "The Leadership of the Pastor," "The Efficiency of Ministers in Solving the Missionary Problem," and "The Effective Methods to Employ in Enlisting Men in Missions" were discussed.

At the afternoon session the problem of the "local church" in all phases of the missionary movement were presented and discussed. Organization of a men's committee, and educational program for the local church created much interest in discussion. Tonight able papers dealing with the clerical service and significance of the world missionary conference held *last year in Edinburgh were read by John* R. Mott and Sir Andrew Fraser, and an address on the opportunity and responsibility of British Columbia in connection with the present missionary movement was delivered by Rev. R. J. Wilson of Vancouver.

In presenting the business man's view of the subject of missions James Ryrie, Toronto, for many years a member of the Baptist board of missions for Ontario, described a wide review of the missionary movement that he had observed by a visit to the mission fields of India. The speaker was optimistic of advancement of the Christian teaching in out of the way quarters of the world.

MORAL REFORMER WILL INVESTIGATE IN CALGARY

TORONTO, Oct. 19.—Rev. Albert Moore, Methodist moral reformer secretary, leaves tomorrow for Columbus, Ohio, to take part in the international purity congress. *He will preach on Sunday,* and on Monday he will respond for Canada to the address of welcome, and later in the week will deliver an address on moral reform.

From Columbus Dr. Moore will go to Calgary, to investigate social conditions and address some meetings in the city. Then he will spend three weeks in Alberta, assisting in the local option campaign. Thence he goes to Edmonton, Regina, Winnipeg, Port Arthur and Fort William, investigating social conditions and addressing meetings.

RED DEER WOMAN APPEALS AGAINST CONVICTION

Supreme Court of Canada Reserves Judgment in Arson Case—Claim *Insufficient Evidence.*

OTTAWA, Oct. 19.—In the supreme court today the criminal appeal of Girvin vs. the King was heard. The appellant was convicted of arson. The charge was that she set fire to a general store at Lacombe, Alberta, and on trial before Judge Stewart, at Red Deer, Alta., she wac convicted and sentenced to imprisonment in the Edmonton penitentiary.

On the conclusion of the case for the crown the counsel for the accused moved the discharge of the prisoner on the ground that there was not sufficient evidence to go to the jry. The trial judge refused the application and evidence for the defense was adduced. The case was given to the jury and a verdict of guilty was returned. On a *stated case this reserved ruling of the* trial judge was confirmed on an equal division of opinion among the judges of Alberta.

The questions on appeal are: (1) Was the trial judge right in refusing to withdraw the case from the jury. (2) Was the evidence sufficient to justify a verdict against the prisoner? Judgment was reserved. A. A. McGillivray was for the appellant and Wallace Nesbit, K. C., and Chris C. Robinson for the crown.

SINKS IN MID-OCEAN.

HALIFAX, Oct. 19.—A. B. Crosby, ex-M. P., owner of the schooner Renown, received the following message from Bremen, Germany, this evening: "Renown sunk in mid-ocean. Crew saved."

The schooner was bound to New*foundland from Spain with a cargo of* onions. She had been engaged in this trade by R. Moulton & Co., Burgeo, Newfoundland, for four months. The Renown was a 98-ton register boat, 12 years old. She carried a crew of six men and was partly covered by insurance. The cargo was insured.

SALE OF HOME COOKING.

Tea will be served at the sale of home cooking which will be held by the Ladies' Aid of the Presbyterian church, in the church parlors, tomorrow afternoon.

GERMAN DIRIGIBLES START OUT ON LONG TRIPS

BERLIN, Oct. 19.—Two Zeppelin airships, recently constructed, are making long trips. The Schwaben I ascended at Durseldorf at 4.45 o'clock this morning en route for Berlin, by way of Bremen and Hamburg, and the military dirigible, Zeppelin IX, left Baden last evening for a 24 hour trial trip trough the Rhine *valley to Cologne and thence* southward. A military commission was aboard.

SMALLPOX IN OTTAWA.

OTTAWA, Oct. 19.—The Separate school of East View, a suburb of Ottawa, was closed today owing to an outbreak of smallpox. There are seven cases in the town.

Underwear

We call your attention to our lines of underwear for men. We've all the good styles and kinds—the sort that has proved satisfactory. The underwear question is not so much a matter of taste as a matter of "skin." *Some underwear looks good but is unpleasant to wear.* Come here with your special requirements in underwear and see how well we can meet them.

Heavy weight in pure wool, $2, $2.50, $3 and $4 the suit.

Finer qualities, not so heavy, $2.50, *$3.50, $4, $5 to $7.50 per suit.*

Combinations in pure wool from $2.75 to $6.
