REDDEST DRAMA IN MILITARY HISTORY

Italian Atrocities in Tripoli Receive Confirmation

BOUND HAND AND FOOT, WOMEN SHOT

Madness of Revenge for Losses Overtook Soldiers--None Spared

PARIS, Nov. 3.—M. Bossiera, special correspondent of the Excelsior, writing from Tripoli, prefaces his letter by saying that he appreciates the fact that Tripoli has just been the theatre of one of the reddest dramas of military history. He says:

"I cannot rid my eyes of it. I am still sick and trembling with fever day and night. With sinister but grand eloquence the cannon proclaimed the ubiquity of untiring death. It spared none, but it was not this that upset me, for we were at work for hours and were prepared for the groans of the wounded and the sight of the dead, but who could ever have imagined what we have had to look upon there; the assassination of old men, women and children, who are now piled in heaps."

An Eye For An Eye.

He goes on to describe the recent scenes of which he was an eye witness.

"An Arab with his eyes full of vengeance, muttered: 'We were four brothers, now I am alone, but I must have four Italians for each of my brothers.'

"While going away from the cavalry post I came upon 100 corpses, thrown against a wall, where they had been shot down, in horrible attitudes, all mixed up together.

'Bullets came whistling past and I started away to find myself near a prison hospital. The prisoners had revolted and killed the colonel and some officers. Every one of them had been shot and the walls were besprinkled.

Whatever way I took to avoid bodies I still found them, even around fires in the middle of the market place, within a couple of hundred yards of the governor's palace. His explanation of the miserable business is that the Italians lost their heads entirely, that a sort of madness had taken hold of them."

Horrible Atrocities Described.

LONDON, Eng., Nov. 3.—The agitation against the alleged atrocities by Italians in Tripoli conducted by the British press and supported by a few members of the house of commons, from uncensored reports received here from English newspaper correspondents concerning recent occurrences in Tripoli, received fresh impetus tonight through a telegram received by a news agency from Herbert Montague, a second lieutenant of the Fifth Fusiliers. Lieutenant Montague, telegraphed from Zoaklohama by way of Dehibat, on the frontier of Tunis, as follows:

"I feel it my duty to send to you the following telegram, and I beg you in the name of Christianity to publish it throughout England: I am an English officer now volunteering in the Turkish army. As you know already about the ferocious resistance of the Turks and Arabs against the Italians I will only express my admiration for their bravery and fortitude, which would warm the heart of any Englishman or any true soldier in the world.

Women and Children Mutilated.

"Imagine my feeling when I entered Tripoli and other cities which the Italians had fortified and discovered the bodies of some 120 women and children, with their hands and feet bound, mutilated, pierced and torn. Later on at another place we found a mosque filled with bodies of women and children, mutilated almost beyond recognition. You could not count them, but there must have been three or four hundred. If this awful crime is to be committed, cannot England do something to stop such horrors in our civilization and times. You can hardly believe it, but it is true, nevertheless. I have seen it.

"The Italians, when they slaughtered the innocents, obviously did so out of revenge for their heavy losses in battle. We are at this moment under a heavy shrapnel fire, so you must excuse me if the sentences are somewhat disjointed."

Lieutenant Montague's message is dated November 2.

Cholera Spreading.

BERLIN, Nov. 3.—The Lokal Anzeiger's Tripoli correspondent says Italy's losses in Tripoli since October 23 amount to 1,500 men, of which 280 were killed. Eighty-seven soldiers are suffering from cholera.

"The Italians," continues the correspondent, "have executed 4,000 Arabs, including 400 women and children. Cholera is rapidly spreading among the Arabs and Jews. No room exists in the city for the reinforcements and new troops must make room for themselves."

RALPH CONNOR WANTS BANK CLERKS RELEASED

WINNIPEG, Nov. 3—Dr. Gordon, "Ralph Connor" is interesting himself in a petition to the governor general which it is expected will be signed by many influential Winnipeggers asking for the release of J. K. McLeod and Gordon Nagle, condemned to Stoney Mountain for the thefts from the Union bank. The petition urges that, considering their age and responsible positions, the two young bank clerks did not have sufficient supervision and contends that contact with habitual criminals will start them on a life of crime. Mrs. McLeod is prostrated by the shock.

M'NAMARA TRIAL DRAGS ON IN WEARISOME WAY

LOS ANGEES, Cal., Nov. 3—Through a variety of insignificant and unimportant details the McNamara trial wearily yawned on its way today and adjourned until Monday with the status quo unchanged, 11 veniremen passing for cause and one being still needed before peremptory challenges can be exercised. John B. McNamara was an indifferent auditor. Practically the entire days session was occupied with determining the eligibility of S. V Blenkiron and the state wove a tangle about him as to whether at the present time he owned property listed on the last assessment roll and whether the disposal of it disqualified him.

LAST WEEK'S C.P.R. EARNINGS LARGEST ON RECORD

MONTREAL, Nov. 3—C. P. R. earnings for the last ten days of October were $3,675,000, an increase of $404,000. This week's takings were the biggest in the history of the road.

TUESDAY SEES START OF CAMPAIGN

Hospital Board Working Hard Getting Detail Work Perfected—Another Meeting Monday

Twelve of the Kootenay Lake hospital directors were in session last night for upwards of two hours, going carefully into the detail work of the building fund campaign. The work along this line is practically completed and it has been put into such shape that when the collectors start out on Tuesday morning to raise the $20,000 required they will know exactly what they are to do and how to do it.

On Wednesday and Thursday the Ladies' Hospital aid will serve lunch in the Y.M.C.A. to the directors and collectors working on the campaign. During the hours real good speakers will address the workers in an enthusiastic manner, after which all will again start out on the work with renewed vigor.

Today it will be the duty of every director to select his collecting team, and to explain to its members the plan of action to be taken. The board will meet again on Monday night, the final committee meeting before the campaign is launched. It is especially requested that every director be on hand at this meeting which will open promptly at 8 o'clock, prepared to put in several hours hard work and also to bring with him a list showing the personnel of his collecting team. Anyone wishing to act in this capacity is requested to telephone H. C. Boyd, phone 40.

FOR OTTAWA EAST

OTTAWA, Nov. 3—Napoleon Champagne, city controller, has been nominated by Ottawa East Conservatives to contest the seat for the legislature. He is a brother of Mr. Champagne, the Liberal member for Battleford.

C. E. HOBHOUSE RE-ELECTED

LONDON, Nov. 3—The East Bristol by election, necessitated by the elevation of C. E. Hobhouse to the chancellorship of the Duchy of Lancaster, resulted in a majority of 2,000 for the Liberal candidate, the figures being Hobhouse 4,913, W. Moore, 2,435.

GRAIN GROWERS ENDORSE BORDEN

Express Satisfaction at Attitude Taken by Premier in Addresses in West Last Summer

WINNIPEG, Nov. 3—The directors of the Manitoba Grain Growers 'association have presented a number of resolutions expressing satisfaction at the attitude taken by Premier Borden in his addresses to western farmers last summer. They ask for government operation of terminal elevators by commission, government consruction and operation of the Hudson Bay railway, an act to facilitate the establishment of co-operative societies, facilities for transporting meat and compensation for stock killed by railways.

The expectation is expressed that Premier Borden's promises will be supplemented at the first session of parliament. The general platform of the grain growers is reaffirmed.

SPECTACULAR FIRE MENACES LONDON

Ontario City Scene of Million Dollar Blaze

SIX BUSINESS HOUSES GUTTED

Worst Outbreak City Has Seen for Quarter of Century

LONDON, Ont., Nov. 3.—The most destructive fire in London in a quarter of a century completely destroyed six of the largest business houses this morning. The loss is estimated at nearly $1,000,000. Several hundred people are thrown out of employment At 6 o'clock all the six places were burned out. They are: The Purdon Hardware company, J. H. Chapman & Co., Kingsmills, Brewsters & Roome, Corbett & Co. it seemed only an instant after the alarm before the whole interior of the Chapman store was a seething furnace, and flames were shooting clear across the street when the firemen arrived. Fifteen streams were turned into the blaze in a very short time.

Powder Proves Danger.

In a few minutes the fire got into Kingsmills' dry goods store and in a short time that place of business was in flames. Fire Chief Aiken remembered that in the basement of the Purdon Hardware company at the rear of Cartage street was a lot of gunpowder and oils stored, and sent some of his men down to bring the stuff out. This was done and that source of danger over, they set themselves to the task of conquering the blaze, which had now reached the proportions of an inferno.

Shortly after that the wind, which had been strong, died down and the flames began to show signs of lessening in intensity. The walls crashed down and then the firemen had a momentary advantage. Quick to seize the opportunity, they poured the big streams into the midst of the blaze and their work began to tell. At 8 o'clock nothing remained but a mass of smouldering ruins.

Chapman's, Kingsmills', Marus' and Brewster's were completely razed. Roome's store was gutted, scarcely a vestige of their large stock remaining, but the front part of the building remained intact. The same is true of the Purdon Hardware company. The loss was complete in both places, but the standing walls perhaps had much to do with the prevention of a still further destruction of business places. The fire was very spectacular The flames reached an enormous height, the flimsy dry goods and other light material furnishing excellent material for the fire god. There were many narrow escapes, but, fortunately, no person was seriously injured The falling walls were a continuous menace to the firemen.

Losses Approach Million.

The total losses are $870,000, with a total insurance of $835,000. The total value of the buildings was $240,000, with insurance $186,000. The stocks were valued at $685,000, with insurance of $655,000.

PROGRESS ON GRAND TRUNK PACIFIC RAPID

Day When Railway Through Northern British Columbia Will be Complete Quickly Approaches

VANCOUVER, B.C., Nov. 3—J. W. Stewart of Foley. Welch & Stewart, is here from a trip of inspection on the Grand Trunk Pacific. Mr. Stewart was accompanied on his trip by Chief Engineer Kelly. He stated that rails have been laid across the summit of the Rocky mountains at Yellowhead Pass and the track laying gang is working down the western slope and are expected to reach a point 20 miles east of Tete Jaune Cache before the middle of the month.

Equally rapid progress is expected to be made with the completion of 400 miles of the gap across central British Columbia, between Aldermere in Bulkley valley and Tete Jaune Cache. The right of way along the south fork of the Fraser, to a point 50 miles west of Tete Jaune Cache and in the direction of Fort George is already cleared at the western end of the work, and has been fired for 60 miles east of Aldermere in the direction of Fraser lake.

When working gangs moving in opposite directions meet and link up Messrs. Foley, Welch & Stewart will enjoy the distinction of having built the entire line from Saskatoon, Sask to Prince Rupert, a distance of 1,400 miles.

OLD BILL MINER BACK IN CANADA

COBALT, Ont., Nov. 3.—According to Charles L. Ellis, old Bill Miner, the notorious jail breaker, who escaped from Georgia state prison not long ago, passed through Cobalt yesterday morning. L. Ellis sat opposite him in a day coach all day from Toronto, where Miner got on the train. L. Ellis did not speak to him, but says Miner was well-known to him 10 years ago and had scarcely changed.

STRIKE AGREEMENT SIGNED THIS WEEK

Outlook for Immediate Reopening of Mines Rosy—Horses Returned to Galt Collieries

LETHBRIDGE, Alta., Nov. 3—Although definite word has not yet been received that the final agreement between the miners and operators has been arrirved at, there is a well founded rumor on the streets that the mines will resume work here on Monday morning. It was learned today from reliable sources that the horses of the Galt collieries have been taken down into the mine once more after a rest of several months and that everything is in shape to reopen No. 3 and No. 6 on a moment's notice.

P. L. Ainsmith, general manager of the company, has not returned from Frank, where he was called to attend the meeting of the miners and operators this week but it is understood that the conference is running along smoothly and that the agreement will be signed this week without a doubt. Most of the miners of this city are back again just waiting for the order from their officers that work will be resumed immediately.

EIGHTY PER CENT COAL SHORTAGE

Saskatchewan Has Only Twenty Per Cent of Winter Fuel Supply On Hand.

REGINA, Sask., Nov. 3.—Crombie, chief of the information and statistics bureau of the provincial government has made an investigation into the coal situation, and finds that practically all the outlying points already have more than 20 per cent of the winter supply of coal. During his investigation, Mr. Cronbie visited practically all of the points along the Goose Lake line, and portions of the Canadian line and the Grand Trunk Pacific line, from Saskatchewan to the border.

The shortage of fuel seems to be general throughout the province, but the warnings of the government have been heeded and steps are being taken to secure an adequate supply for the winter. In some places it was impossible to lay in a stock of coal, as the bins were needed for the storage of grain.

OLD TIMER DIES IN FEARFUL FASHION

Paul Jones Has Body Smashed and Mutilated in Mysterious Way at Saskatoon

SASKATOON, Sask., Nov. 3—Peculiar circumstances surround the painful accident to and death of Paul Jones, an old timer of this city who was found in a great pool of blood at the foot of the steps of the C.N.R. bridge last night. The whole of the right side of his face was smashed in as though he had fallen with great force and his right leg was also broken just above the knee. The apple of the man's throat was also broken but the back was intact. The man was an habitual drunkard and it is thought that whilst intoxicated he leaned against the guard rail for a rest and overbalanced.

M'GILL DEGREE FOR DUKE

MONTREAL, Nov. 3—At a special convocation of McGill university this evening, attended by many prominent citizens and leading educationalists, the degree of doctor of laws was conferred upon Sir Lormer Gouin, premier of Quebec. Principal Peterson, in the course of his address, announced that one of the first visits paid by the new governor general, the Duke of Connaught, on his arrival in Montreal on Dec. 1, would be to McGill university and that the same degree would be conferred upon the royal visitor.

SHANGHAI TAKEN BY REVOLUTIONISTS

Armed British Stand Guard Over Railway Concessions

YUAN SKI RAI JOINS UPRISING

Will Not Accept Premiership, Rebels Named Military Government of China

SHANGHAI, Chian, Nov. 3—Except for the foreign concessions Shanghai tonight is in the power of the revolutionists, who captured the city late this afternoon. There was practically no resistance, only a few shots being fired. All the natives have joined the rebels and the police are apparently in sympathy with them and are wearing white badges. After taking ove, the arsenal the rebels burned the taotai's yamen in the native city.

Every courtesy is being shown to foreigners. The soldiers, police and firemen are not on duty. Shops are closed tonight. While the action of the rebels was expected the movement was made quickly after a slight disturbance in the northern section of the city. Notices were posted throughout the native city announcing that "the military government of China" had taken over Shanghai.

At the arsenal where there had been the greatest activity preparatory to resisting the uprising when the admiral in charge was called on to surrender, no trouble was encountered. The chief officials disappeared but a few other officers continued to hold it without, however, any show of force. A few shots were fired but the revolutionists told the officials remaining that they intended to take the arsenal even though they had to fight for it and the officials exacuated.

It is understood that one reason for the revolutionists taking Shanghai to daly was that two Norwegian vessels had been loaded at the arsenal during the last two days with ammunition for Admiral Sah. These vessels succeeded in getting away.

Englishman Disarms Rebel

Quickly following demands for the surrender of the arsenal came an attempt to cut the wires of the Nanking Shanghai railway, which was frustrated personally by A. W. Pope, general manager of the company. Mr. Pope found an armed revolutionist inside the station and disarmed him. Then he telephoned the British consul that the railway property was threatened and the British volunteers of Shanghai mounted guard over the station and outlying properties.

This action has caused much comment, because this section of the railway is outside the concession. The apparent breach of neutrality is defended because the British bondholders claim a perfect right to the railway property. The revolutionaries say they were prepared to maintain order and that while they intended to seize the railway, they would not destroy it. Therefore they regard the British consul's action in calling out British volunteers as the first breach of neutrality and its effect may be far reaching. Throughout the night 70 armed Britishers stood guard over the railway property while on the other side of the road an equal number of uniformed Chinese police were drawn up on behalf of the Chinese revolutionary government to maintain order.

Kai Refuses Premiership

PEKIN, Nov. 3—Another development today was the receipt by the throne of a memorial from Yuan Shi Kai in which he refuses to accept the premiership. An edict was issued this afternoon confirming the throne's acceptance of the principles for a constitution as drawn up by the national assembly and promises that "we shall arrange a day to swear before our ancestors in the temple and to issue the constitution to the whole empire on yellow papers." A committee of the assembly will be appointed to draw up the constitution.

The government of Anking, assisted by troops from Nanking and two gunboats quelled an outbreak at Anking today.

Yuan Shi Kai Joins Rebels

SAN FRANCISCO, Cal., Nov. 3—A special cablegram received from Pekin late tonight by the Chinese Free Press confirms the resignation of Yuan Shi Kai, the newly appointed Chinese premier, and says further that he has declared for the revolutionists and has already informed the rebels of his intention to induce the imperial troops under his command to follow the revolutionary flag.

The cable states that Yuan's reason for his act as given to the government was the belief that the rule of the Manchus was ended. Another reason for Yuan's resignation is given in Pekin cablegrams to the Conservative Chinese papers. The cable literally translated is as follows:

"The princes and nobles petition the prince regent protesting that Yuan Shi Kai is getting too much power and is a detriment to the benefit of the royal house. He said the regent can not reply but drew a very sad story."

The Conservatives here argue that the agitation against Yuan at Pekin caused him to sever his relations with the government.

Perpetuate Manchu Dynasty

PEKIN, Nov. 3—The national assembly today completed a draft for the basis upon which it proposes to construct the new constitution of China. It was submitted to the throne and accepted immediately.

The tentative plan provides for the perpetuity of the Manchu dynasty but the power of the emperor is closely restricted by the consitution which is to be written by the National assembly and subject to amendment by parliament. The parliament shall elect the emperor, and shall appoint a premier who will recommend the other members of the cabinet. The imperial princes shall be eligible for the offices of premier or members of the cabinet or the administrative heads of provinces. If the emperor is impeached by the peoples' decree he must resign. Internal treaties shall not be concluded without the consent of parliament but the treaty for the conclusion of peace or a declaration of war may be made by the emperor if parliament is not sitting. Parliament shall fix the expenses of the imperial household and every increase or decrease therein.

Hand-to-hand Conflict

PEKIN, Nov. 3—An official dispatch from Hankow says that fierce hand-to-hand conflict is taking place in the streets. The imperialists are wholly out of the hands of their officers and are attacking everybody they meet. It is entirely directed at the Manchus' sceptre.

POLICE PROTECT SLAV MINERS

Crowd Hoots at Fernie But There is Little Disturbance—Settlement Prospects Bright

FERNIE, B.C., Nov. 3—Today has been much more quiet in the labor world than yesterday or the day before when the turbulence of the miners was almost at the breaking point and two or three instances of violence such as throwing stones and using fists were resorted to.

The reading of the Riot act yesterday by Mayor Bleasdell seems to have had a good effect and when the train came down tonight the crowd was as large as ever but not so overwrought and uncontrollable. The police were on hand to protect the three or four men who were spotted as deserters and hooted by the crowd. This time the Barr men were not in the crowd, having remained in town to be present if necessary to appear at the trial of the two boys, Sweeny and Linn who are charged with intimidation on Wednesday, when the first disturbance occurred.

The men today were Slavs and were followed to their homes by the crowd while under the protection of the police. Everything is quiet tonight and no disturbance is anticipated. Sweeny and Linn were brought before Magistrate Whimster this afternoon but on motion of Prosecutor ane, the hearing was adjourned to Monday at 2:30.

Elias Rogers, president of the Crow's Nest company, left this morning for the coast to be present at the meeting of the provincial tax commission on Nov. 6.

The scales committee is still at Frank and President Powell who came down from Coleman this morning reports that there are only two points of any material difference and he believes that the difference upon these points can be overcome. These two differences are th discrimination clause and the question of how far the 10 per cent advance in day wages shall apply. The miners ask that the advance shall apply to the makeup men and the operators object. This being an item of not very great magnitude it is thought that it will not be allowed to stand in the way of a final settlement.

PROMOTE WORLD'S LONGEST HIGHWAY

Canadian Highway Association Formed at New Westminster—From Dawson City to Mexico

NEW WESTMINSTER, B.C., Nov. 3.—The new Canadian Highway association was formed here today with 100 delegates from all parts of the Pacific coast and the Canadian west.

The convention was very enthusiastic and will further the scheme to promote a trans-continental highway from Halifax to Alberta and British Columbia, and also to extend the Pacific highway north through British Columbia to Dawson City, making the longest highway in the world. W. J. Keerr, a real estate man of this city, was elected first vice-president of the organization. It is expected that within six months the association will be formed in practically all the cities in the Dominion of Canada. Resolutions asking for support of the movement were sent to Premiers Borden and McBride and a large number of city councils and boards of trade.

WANT EXTENSION

OTTAWA, Nov. 3—Notice is given that the Calgary & Fernie Railway company will apply to parliament for an act extending the time for the construction and completion of its railway.

TO INQUIRE INTO MILK SUPPLY

Provincial Royal Commission Will Be Appointed

FOR IMPROVEMENT OF CONDITIONS

Dr. Fagan and Dr. Knight Are Probable Members of Board

(Special to The Daily News.)

VICTORIA, B.C., Nov. 3—Upon the recommendation of the minister of agriculture, Hon. Price Ellison, the appointment has been decided upon of a royal commission under the Public Enquiries act to investigate thoroughly the conditions in the various dairies catering to the necessities of the people of British Columbia with a view to the devising of measures to secure improved sanitation generally and the consequent assurance of a purer milk supply to the consumers of the province.

It is understood that the commission, which will be appointed immediately and forthwith enter upon its important duties, will include Dr. C. J. Fagan, secretary of the provincial board of health, Dr. Knight, provincial veterinary inspector and probably F. J. Coulthardt of New Westminster.

ATTMEPTS MURDER THEN TAKES HIS OWN LIFE

(Special to The Daily News.)

VANCOUVER, B.C., Nov. 3—James Cox, evidently insane, committed suicide today near Port Moody, a suburb of Vancouver. Cox entered the waiting room of the C.P.R. station at Port Moody, and drawing a razor from his pocket attempted to cut the throat of A. G. Hagroid of Keefer street, Vancouver, who was waiting for a train to this city. Hagroid fought off the man but was severely cut in doing so. Immediately after the assault Cox left the station and ended his own life.

AMERICANS EVADE TARIFF; THEY CLAIM

Canadian Lumbermen Allege Sharp Practices on Part of United States Competitors

OTTAWA, Nov. 3—A delegation representing the Canadian Lumbermen's association appeared before the customs board today and complained of a violation of the Canadian customs tariff by the United States lumber interests. The tariff provides for the free admission of rough lumber while there is a duty on jointed and edged lumber. The complaint is made that the American manufacturers joint and edge lumber and afterwards put it through a roughening process with the result that it is classified as the rough article. The delegation which waited on the customs board said that it was a clear evasion of the tariff laws. The board promised to look into the complaint and take action at a later date.

BURGLARS MAKE BIG HAUL OF FUR COATS

Saskatoon Merchant Victim of Cleverly Perpetuated Burglary—Some of Stolen Property

SASKATOON, Sask., Nov. 3—Fur coats to the value of about $3,000 were the haul successfully garnered in last night by burglars from Tuling's store The burglary is one of the biggest Saskatoon has known and so cleverly was the work carried out that not a single clue remains that might lead to the identification of the perpetrators.

The goods stolen include a plucked beaver overcoat valued at $350, a natural beaver valued at $350, a fur lined overcoat valued at $150, nine coon skin coats to the value of about $1,400, seven fur lined coats values ranging from $50 to $75 each, and two fur lined overcoats valued at $100 each.

NEW LACROSSE LEAGUE TAKES DEFINITE SHAPE

TORONTO, Nov. 3.—Charles Querry, of the Tecumseh Lacrosse club, returned from Montreal this morning. A conference of the proposed new lacrosse league was held there yesterday and each of the clubs, the Tecumsehs, the Torontos and the Nationals, deposited a $5,000 bond to stick a year, and the league is now a certainty. The question of a fourth Montreal team remains a point. The difficulty, he says, is not in getting a fourth team but in selecting one of the right ones from the applications. Nothing will be done in this matter until after the Montreal A. A. meeting on Nov. 15. It looks to him as though the Shamrocks will be the fourth team, getting the best of the Montreal A. A. players.

Loggers are being killed and maimed at the rate of one or two a week in the Pacific coast logging camps. Lack of organization among themselves, and government inspection of the equipment they have to work with, is largely responsible for the needless slaughter.

The Provincial Workmen's association in Nova Scotia has again been revived by the employers in an endeavor to stamp out the establishment of locals of the United Mine Workers of America. The P. W. A. "lodges," voted out of existence by their own membership three years ago, have a few self-styled officers who stand so well with the mining companies that an effort is being made to get ready for any future strike-breaking emergencies by the signing of "agreements." The U. M. W. of A. refuse to be bound by the "arrangement."

All the present contracts between the mine owners and mine workers terminate in the United States on March 13, 1912, at which time all the coal diggers will present demands for increased wages and better working conditions.

Calgary unionists are still wrestling with the problem of building a labor temple.

The sympathetic tone of the continental press towards the revolutionists in China just now arises from the fact that the rebels are going to win, and where destined to win from the start, having made their peace with the industrial kings of New York and London.

Gordon Nye, of New Orleans, is to be the editor of the Socialist daily, the Milwaukee Leader. Judging from the personel of the staff being engaged, and the amount of money being subscribed by the workers of Milwaukee, the necessity for a press is to be fortcoming. The Leader will be heard from about Dec. 1.

Speaking of the "closed" shop: A woman lawyer from eastern Canada was denied the legal right to practice law in British Columbia, as the result of a judgment handed out in Vancouver last week. Well, didn't the male lawyers write the law?

Last week a death and a serious injury to another workman as the result of faulty scaffolding, was reported in these columns. This week another two "suffered internal injuries and were badly battered about the head," having been tumbled from a breaking scaffold down a distance of 25 feet. The Trades and Labor council, a coroner's jury and others who should know, have recommended, aye, demanded, that contractors and men alike are compelled to protect life and limb. Such percautions cost money. Therefore there is no law providing for such emergencies. It will require special amendments to the civic charter. Not so, however, when a luncheon is provided for an Admiral Togo or a bunch of well trained reportorial immigation boosters from the old country. That's different.

One of the measures suggested to the executive of the British Columbia Federation of Labor for consideration at the Victoria convention in January is the establishment by the provincial government of a department of labor. As the chief value of such a department would be the compilation of the right kind of statistics, it might for the present added to the duties of Provincial Librarian Schofield.

Organizer J. S. Biscay, of the I. W. W., recently arrested and sent up for trial at Kamloops, has been acquitted. That he was ever sent up for trial at all on the trivial charges made is not to the credit of British or any other old kind of justice. Let it be hoped that the courts of British Columbia will not be used by unscrupulous employers to bulldoze workers who are to help themselves through organization.

The federal investigation board on the G. T. P. railway dispute, between Edmonton and Winnipeg, has found that the demands of the strikers were "reasonable" and that the company was "unjustified in its objections." The federated trades on strike asked for the recognition of a representative on grievances; a nine hour work day; definition of trades; schedule agreement and the fixing of a minimum wage. Not till the Machinists and Boilermakers quit work would the railway company pay any attention to the federal board at all. In other words, not until the employees demonstrated that they had the power to take what they wanted was there anything to "arbitrate." In the past when ever a federal investigation board has found against the strikers the sympathy of the "public" was supposed to be influenced. The outcome of the present finding, consequently, will be of more than passing interest to the labor world.

At a recent convention of the W. C. T. U. held at Sherbrooke Que., Superintendent Mrs. Ash Gordon declared that in Canada during the last year no less than 1,500 girls disappeared from sight, having fallen victims to the "white slave traffic." Not a word, however, as to the cause of the evil, or the social system that begets such a damnable traffic. A careful persual of the proceedings of the convention in question, discloses that the delegates have scarcely scratched the veneer of the question under discussion. A first-hand study of the present day labor market would probably make a good start for the well intentioned superficial uplifters.

In the federal general election of last month 569,670 votes were polled for the Conservative party, and 531,896 for the Liberal party. No mention is made of the Socialist vote.

Clean Within!

Dr. Morse's Indian Root Pills Purify the Blood and Prolong Life

Vigorous health at 70 due to Dr. Morse's Indian Root Pills.

If as much intelligent care were given to keeping the body clean and pure within as well as without we would see more healthy, vigorous old men and women. The daily bath does its part by keeping the pores of the skin open so that they throw off much of the body's impurities, but it is even more important that the bowels and kidneys should be kept regular and active.

If the bowels fail, as they often do late in life, to move regularly at least once a day, the waste matter from the food accumulates, decays, poisons the system and upsets the stomach.

If the kidneys are sluggish the impurities which they should filter from the blood remain and cause rheumatism.

Dr. Morse's Indian Root Pills regulate the bowels, stimulate the kidneys and open up the pores of the skin. The result is a body clean within—pure, red blood—good digestion—and a hale and hearty old age.

Three generations have proved the value of Dr. Morse's Indian Root Pills, and their sale is steadily increasing all over the world.

"The Right Investment"

The Right Place Is Burnaby

We do not believe there is another place in North America where values will increase as rapidly.

Last year the building permits alone on the peninsula amounted to almost twenty million dollars. Add to this the amount expended by the cities and other municipalities, government, railway, electric lines, power companies and great manufacturing enterprises and it would exceed thirty millions.

One hundred and fifty millions in five years, only figuring present rate of expenditure.

This immense amount will be invested in improvements immediately surrounding the lots we are now offering you at only $400, $20 *down and $10 per month.*

Population and development make values. Those who are especially qualified to judge, estimate the increase in population on the peninsula at 200,000 in five years. Now study the position of these lots.

ROSSLAND PASTOR FOR POWELL RIVER

Rev. J. A. Dow to Leave Golden City—Congregation Express Regret at Loss

(Special to The Daily News.)

ROSSLAND, B.C., Nov. 3—Rev. J. A. Dow, pastor of the Presbyterian church here, has received a call to Powell River, 70 miles north of Vancouver and a meeting of the Presbytery has been held to deal with the matter.

The invitation is an attractive one as there is a wide field for work. The situation is unique as all the Protestant congregations have united to form one church. The people are setting to work at once to build a fine new house for a manse and they pay all expenses of transportation, personal and household.

Dr. Gunning and C. E. Fraser who had been regularly appointed by the congregation here Sunday evening represented the congregation at the Presbytery meeting and expressed their own and the people's regret at Mr. Dow's going. They spoke of the happy relations existing between pastor and people during the three years and conveyed earnest wishes for success in the years to come.

H. H. Johnstone, clerk of session, who is a member of the Presbytery, also spoke and expressed the hope that Mr. and Mrs. Dow would make as many good friends in Powell River as they had done here.

Members of the Presbytery spoke in an appreciative way of the large share of work done by the pastor of Rossland congregation throughout the bounds of the Presbytery. At present he held the position of moderator of the Presbytery, was convener of home missions in West Kootenay and was interim-moderator of Nelson congregation. The clerk was instructed to draw up a suitable minute to place on the Presbytery records.

Rev. G. A. Hackney of Trail was appointed to officially declare the pulpit vacant on Nov. 12.

Rev. Alex Wilson of Hosmer will give supply in the Presbyterian church on Nov. 19, and the three following Sundays. Mr. Dow preaches his farewell sermon on Sunday, Nov. 5, and leaves on the Monday afternoon train. He will spend some time in Vancouver on his way through.

MANY ROSSLAND MEN MINE AT HAZLETON

P. J. Higgins Tells of Development And Good Prospects of New Northern Camp.

(Special to The Daily News.)

ROSSLAND, Nov. 3.—P. J. Higgins has just returned home to Rossland after spending six months working on his mining claims in the Balbime mountain in the Hazleton district. He says that all the prospects in that neighborhood are looking well, as most of the prospectors have been working on their claims during the summer. The Silver Cup and Sunrise properties have reached what is known here as the first stage of a mine, having attained a depth of 450 feet, and in the tunnels there is clear ore one or two feet in width. The Silver Standard was bonded a year ago by D. McLeod, Angus Stewart and A. L. McHugh. The property has rich ore at 80 feet depth, running remarkably high in value. It has hundreds of tons ready for shipment in the spring if the road is at New Hazleton.

The Harris brothers, formerly of Rossland, did some $6,000 worth of work on their property before placing the stock before the public. They sank two shafts, one 45 feet and the other 40 feet, and there is ore all the way down. Tunnels are driven on two veins and there are three fissure veins all showing ore in different shoots. This property will make one of the best paying mines in Hazleton.

On another property owned by Rossland men, and managed by James X. Smith, a 40 foot shaft has been sunk, and there is good ore at the bottom. There is every prospect of their making good with a little more work as it has shown much improvement with the work already done in it. It looks as if the best ore in that part of the country lies at depth.

Thomas Stephenson and James Dyer both of Rossland, have good showings on the Iron Mask group of claims. They are going to put in a drill this winter.

James Cromin, at one time owner of the Centre Star mine, Rossland, has done excellent work on some property he has in the district.

ROSSLAND DELEGATES TO CONSERVATIVE CONVENTION

ROSSLAND, B. C., Nov. 3.—H. L. Nicholson, R. W. Timms, G. W. Dunn, H. H. Johnson and P. R. McDonald have been elected delegates from the Rossland Conservative association to the annual meeting of the British Columbia Conservative association, to be held at New Westminster, Nov. 23 and 24. The alternates are F. E. Loder, J. D. McDonald, G. Owen, R. E. Plewman, R. T. Evans, E. Corbett and George Agnew.

The Value of an Industry

So much has been written and said of the tremendous increase in values as the direct result of the coming of the **Big Car Shops to South-East Calgary** that the following interesting calculation has been made of what an industry employing 1,000 hands means to a community.

It increases the population by 5,000 consumers.

It adds $90,000 to the value of public utilities.

The assessment is increased by $600,000.

It pays out annually in salaries and wages $559,800.

It represents through its buildings, and its houses and its employees an investment of $2,000,000.

The annual expenditure in food would be: $63,000 in meat, $9,600 in potatoes, $5,000 in sugar, $13,250 in milk, $55,700 in butter and $27,600 in eggs.

Summed up this means that an industry employing 1,000 hands is worth $21,600 a year to the farmers of the district.

The expenditure in clothing would be $168,750.

With the annual payment of taxes added to the total expenditure on buildings, food and clothing, you *have in all $2,428,350 turned into the town in one year through the coming of one great industry.*

The above is culled from the phamplet issued by the "Publicity Branch of the Canadian Pacific Irrigation Colonization Company," under date of September 30th.

Now add to this the **One Big Industry**, namely, the C.P.R. shops. This plant alone will employ approximately 6,000 hands, so just multiply the above figures by six and we have something to talk about, and remember we are only at the beginning of things in the building up of the **Industrial Section in South-East Calgary.**

Mr. Price of the C.P.R. has told the city to expect 10,000 people in East Calgary. **Just think of it!** If 10,000 people are to be in **South-East Calgary** as a direct result of the coming of the **Big Car Shops** of the C.P.R., what will it mean when the yards and roundhouses, and possibly in time the shops of the G.T.P. and C.N.R. are located there?

Ask the Man Who Owns One

or more of the lots we sold him a few months ago in our first subdivision in South-East Calgary, what profit he will take on his buy. We have repeatedly offered **80 per cent. profit**, but no one will take it, and we do not blame them, as we think it will not be long before they will be able to get **200 per cent. profit.**

THIS IS THE DISTRICT WHERE BIG CAR SHOPS WILL BE BUILT

TAKEN FROM ACTUAL PHOTOGRAPH.

Of course there was some excuse for you in not buying these lots when we advised you, because then there was a doubt as to the location of the Big Shops, but now there is absolutely no doubt about this. We cannot understand why every person who has a few spare dollars does not buy at once and participate in the tremendous profits to be made by those who buy early.

Twenty-five Thousand Acres of Land Will be Served by Highway From Rossland

(Special to The Daily News.)

ROSSLAND, B.C., Nov. 3—W. R. Braden, M.P.P., is in receipt of the following letter from Hon. Thomas Taylor, provincial minister of public works:

"In regard to the location of the trans-provincial wagon road between Rossland and Paulson, via Sheep creek, I have instructed Mr. Cleveland, C.E., to proceed with its location. I presume Mr. McDonald, who is in Mr. Cleveland's employ has had his instructions before this.

"Mr. Cleveland has the entire road *location from Hope through to Kootenay* under his charge, but has devoted the most of his time during this season to the portion of the route between Hope and Penticton. It is my desire to have the location of the entire route made this year and to have an estimate of cost made thereon, in order that provision may be made for at least part of the construction during *the coming year.*"

Mr. Braden says that at no part of the route is the grade more than five per cent on the suggested route and in one or two places there are level stretches. He has been working hard to secure this route which will open up some 25,000 acres of land in a district tributary to Rossland. This will be an immense boon to the city and his efforts are now nearing fruition.

A PROJECT THAT DESERVES SUPPORT

The cordial reception that has met the proposal to organize the Nelson Imperial Home-Reunion association is strong indication that little difficulty will be met with in raising the funds necessary to launch the project. It would be surprising were it otherwise, for the objects of the association must appeal deeply to all who have philanthropic instincts, or who have the welfare of the city at heart. The proposal combines charity with sound investment. Its subscribers will be doing a good turn to their fellow citizens, and at the same time will be advancing their own interests and those of the city at large. The requisite 50 subscribers of $50 apiece is so insignificant compared with the substantial objects of the movement that the funds necessary will undoubtedly be speedily subscribed and the publicity department of the board of trade is doing excellent service in bringing the matter to the attention of the public.

The object of the association is to lend to established British residents of Nelson who are heads of families still remaining in England the funds necessary to pay the cost of bringing their wives and children to join them in Canada. It is unnecessary to dwell upon the merits of the proposal: they have already been explained at length and are, indeed, sufficiently obvious. Benefit is bestowed not only upon the recipients of the assistance that enables families to be reunited, but also upon the city which thus secures permanent residents of the most desirable class.

One feature of the scheme that is worth noting is that the objects are attained at practically no cost. The sums paid for transportation are lent, not given, and as they are repaid can be used again and again, the benefits being cumulative; and experience has shown that, with reasonable care in selecting the recipients of assistance, losses that might be occasioned by failure to repay loans are negligible.

A SPEECH THAT RINGS TRUE.

The speech of Hon. R. L. Borden at the banquet in his honor at Halifax on Friday has a sterling ring which can not have failed to favorably impress the audience to which it was addressed, and which will be received by the country with cordial satisfaction. It is the speech of an honest man, sincerely determined to do his duty and to carry out to the utmost of his ability the pledges that he has made to the people. Mr. Borden makes no exaggerated promises, nor does he attempt to tickle the public ear with partisan platitudes: his speech is throughout the statesman-like utterance of one who has an earnest realization of the responsibilities of the position imposed upon him by the voice of the country.

Mr. Borden pledges himself to sacrifice ease and comfort, and to give the best that is in him to the public service, and no one who has watched his career as leader of the opposition will doubt the sincerity of his pledge. That he will give, as he promises, intelligent, progressive and clean government his record leaves no room to doubt. Even his opponents admit Mr. Borden's integrity and the rectitude of his intentions.

The program outlined by the leader of the administration is an attractive one and gives promise of useful legislation. Attention is to be given to the industry that is at the foundation of Canada's prosperity, and an effort will be made to improve the condition of those who make their living from the soil. The great problem of transportation is one which the Conservative party has already done much to solve, and Mr. Borden pledges himself to follow in the footsteps of those whose faith in the future of the Dominion was unconquerable, and under whose auspices the great work of opening up the country by the construction of the first transcontinental railway was accomplished. The appointment of a permanent tariff commission is a matter of first importance, and will put the whole question of customs taxation upon a sounder basis. Mr. Borden also declares himself in favor of a system of reciprocity within the empire. It is a policy that has attractive possibilities, and it is one for which the empire is now ripe.

Mr. Borden's speech is a splendid indication of the spirit in which the new government assumes its duties, and is a happy augury as to the benefits that its administration promises to confer upon the country.

TAMMANY ISSUE IN NEW YORK

Fight Has More Than State Wide Interest—Murphy Opposes William Randolph Hearst.

NEW YORK, Nov. 3.—A sheriff, four judges and the state supreme court, and members of the general assembly are to be elected in New York county next Tuesday. The lively character of the campaign that closes tomorrow, combined with an unusually heavy registration, indicates an extraordinary amount of interest for an off-year election.

The principal reasons why the public and the politicians regard the campaign as of more than usual off-year importance are to be found in the intensified bitterness of the old fight against Tammany under the rule of "Boss" Murphy and the professed return to the Democratic fold of William R. Hearst, who has declared war against Murphy.

The charge that Murphy is striving at this time to nationalize his control of politics has given the fight more than a state wide interest. Murphy now dominates the Empire state situation, from the governorship down. It is generally understood that Leader Murphy intends to be a power in the Democratic national convention. He realizes that a substantial victory this fall will go far towards enabling him to control the New York delegation to the National convention, and incidentally the nomination of a president, for it is generally believed that New York will be in a position where its 90 delegates, thrown to one side or the other, will decide who shall be the nominee.

William R. Hearst evidently sizes up the situation in about the same way as does Mr. Murphy. He has therefore taken time by the forelock with the intention of first defeating Murphy and then becoming a candidate for the Democratic presidential nomination. Fusion against Tammany is the plan adopted to bring about Murphy's defeat. The fusion movement is supported by representatives of the Republican party, the Independence League the Citizen's Union, and other so-called independent organizations. The Fusionists have nominated a complete anti-Tammany ticket, which has the indorsement of many of the so-called good government organizations.

Tammany is making its strongest fight for the office of sheriff, with Julius Harburger, a well-known politician, as the organization candidate. Opposing Mr. Harburger on the Fusion slate is John J. Hooper, who ran for governor on the Independence League ticket a year ago.

Tammany is fortunate this year in having no internal strife. There were a few disagreements at the primaries, but none of the old leaders was retired, and the organization is in as fine a fighting trim as it has been in years.

Cascarets Cure a Bilious Headache

Gently but Thoroughly Cleanse Your Liver, Stomach and Bowels and You Feel Great by Morning

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel *ugly, mean and ill tempered.* Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that every *disorder of the stomach,* liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep you and the entire family feeling good for months. Children love to take Cascarets, *because they taste good and never* gripe or sicken.

PREPARE FOR BAZAAR

The bazaar, arranged to be held under the auspices of the Catholic Ladies' aid, commencing on Monday, Nov. 20, promises to be highly complimentary to the zealous efforts of the ladies. A pleasing program is being outlined for the different days of its continuance.

In the very tiny gowns from Paris, combinations of black and white are much in evidence, as are also trimmings of gold, silver, heavy lace and fur.

$3.50 Recipe Free for Weak Men

Send Name and Address Today—You Can Have it Free and be Strong and Vigorous

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quickly and quietly. Just drop me a line like this: Dr. A. E. Robinson, 4659 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipie in a plain ordinary envelope free of charge. A great many doctors would charge $3.00 to $5.00 for merely writing out a prescription like this—but I send it entirely free.

SPEECHES, SONGS, GLOVES AND SMOKE

Program Given by Orange Lodge and *Sons of England* Full of Pleasant Surprises.

The smoker given last evening at the K. of P. hall by the Orange lodge and the Sons of England proved a pleasant surprise to the large number of members and their friends who attended. W. Arthur, president of the latter order, took the chair, with J. W. Whitelay, organizer for the British *Columbia district of the Orange lodge,* on his right. Mr. Whitelay was introduced by the chairman and gave a stirring speech, in which he stated that the two orders stood for many of the same ideals, were greatly responsible for the strong imperialistic feeling that now pervaded the country and in the future, as in the past, should unite their strength against every foe to brotherhood and Christianity. He interspersed his remarks with relevant and witty stories.

Then followed a piano recital by Malcolm Blue, songs grave and gay by Ed. Mason, A. Cullen, D. W. Patterson, E. Lupton and Leslie Craufurd, and short speeches by Fred A. Starkey, J. A. Irving, A. S. Horswill and Charles Evans.

The first part of the program closed with an exciting boxing bout between J. Holland and Fred Robinson, in which many shrewd blows were given and taken and the men proved themselves no mean adepts with the gloves. Coffee, cake and cigars were distributed in generous quantity and then came a hilarious bout between Skinny Lizzie and Sailor Bill, who were suspected of being P. L. Joy and Fred Robinson in disguise. In the tornado that ensued the blows descended promiscuously on the audience and combatants alike, clothes and padding escaped from the contestants and the acrobatic contortions were a marvel to behold. When the onlookers had *laughed themselves to a standstill* the referee took pity on them and called it a draw.

The Gem orchestra increased the joy and altogether the smoker was one of the most successful affairs that has occurred for a long time.

CASHED BAD CHECK IS CHARGE

Sam Irwin in Toils—Edward Litchfield Is Convicted of Assaulting T. A. Wright.

Sam Irwin was arrested yesterday afternoon by the city police and is in jail on a charge of attempting to obtain money by false pretenses. Irwin, it is alleged, cashed a check for $10 made out to himself and signed "Charles Clauseon" at the Sherbrooke hotel. The paper was taken to the Imperial bank, where it was found that Clauson had no account. The bank marked the check "No account" and the hotel succeeded in obtaining the $10 paid to Irwin.

Irwin then went to the Klondyke hotel, it is said, and after rubbing off the words "No account" again attempted to cash the valueless check. It was taken to the Imperial bank and Irwin was arrested.

In the police court yesterday morning William Irvine, police magistrate, sentenced Edward Litchfield to pay a fine of $10 and costs with 30 days in jail as an alternative, for assaulting T. A. Wright during a dispute over *some corrwood. Litchfield was taken* to the provincial jail but the fine was paid later in the day and he was released.

BOARD OF TRADE SECRETARY BACK

E. K. Beeston Says Prominent Men in Winnipeg Evincing Great Interest In British Columbia

"The banquet to Hon. Robert Rogers, *minister of the interior,* at Winnipeg, was the most enthusiastic political gathering I ever saw," declared E. K. Beeston, secretary of the board of trade, on his return last night from a fortnight's visit to tre prairie capital. "There were over 1,000 in attendance," he said.

Mr. Beeston said that the most prominent men in political and business circles in Winnipeg were evincing a great interest in Nelson and the Kootenays and that the development of British Columbia generally was being watched closely.

He noticed while on the train that there was a great deal of wheat standing along the line, the weather having delayed harvesting. "The weather, however, when I left the prairies, was beautiful," he said.

OVERSEAS CLUB ELECTS OFFICERS

Provisional Board Re-elected—Meeting Twice Monthly—Big Social November Sixteen

At the annual meeting of the Nelson branch of the Overseas club in the K. of P. hall all the officers chosen at the inauguration meeting on Oct. 2 were unanimously re-elected and several additions were made to the executive committee. It was decided that two meetings a month should be held in future in the K. of P. hall, which has been secured for the purpose. These will be on the first and third Thursday of each month. On Nov. 16 there will be a social gathering, the committee in charge of which are Mr. and Mrs. C. G. Broadwood, Mrs. William Webster, W. R. McLean and P. L. Joy.

The officers elected were:
President—F. A. Starkey.
First vice-president—*Mayor Selous.*
Second vice-president—Sheriff Tuck.
Third vice-president—E. K. Beeston.
Secretary-treasurer—Stephen H. Hoskins
An executive committee of 12 was appointed, with power to add to its numbers up to 20. The members are: James Johnstone, *D. C. Thomas,* R. J. *Steele,* John Cooper, Mrs. Broadwood, C. Sutcliffe, I. H. Leigh, S. M. Brydges, George Horstead, T. Brown and Lieutenant Hallett. The new members of the committee are Mrs. James O'Shea, Mrs. Hugh W. Robertson, J. E. Annable and Otis Staples.

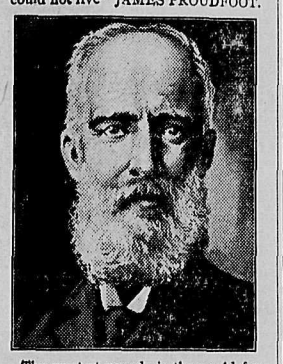
TORTURED FOR THIRTY FIVE YEARS

I really could not live without "Fruit-a-tives"

FENAGHVALE, ONT. Jan. 29th. 1910.

"For thirty-five years (and I am now a man over seventy) I have been a terrible sufferer from Constipation. No matter what remedy or physicians I employed, the result was always the same—impossible to get a cure. About two years ago, I *read about 'Fruit-a-tives'* and I decided to try them.

I have used 'Fruit-a-tives' ever since. They are the first and only medicine that suited my case. If it were not for 'Fruit-a-tives' I am satisfied that I *could not live"* JAMES PROUDFOOT.



The greatest remedy in the world for all forms of Indigestion and Dyspepsia, is "Fruit-a-tives". Doctors as well as hundreds of people proclaim it.

"*Fruit-a-tives*" cures all stomach troubles because it makes the liver active, strengthens the kidneys, purifies the blood and keeps the stomach sweet and clean. "Fruit-a-tives" is the only remedy made of fruit juices.

WINNIPEG SENDS GOOD WISHES

"It is a great and good work, and Winnipeg extends to Nelson its best wishes for success," wrote Charles F. Roland, commissioner for the Winnipeg Development & Industrial bureau, a branch of the Imperial Home Re-Union association, to H. H. Currie, secretary of the newly formed Nelson branch of the organization, which has as its objects the uniting of workmen, already *established* in the city, with their families and the consequent building up of the city, in a letter received yesterday.

During the day the business men of the *city showed the deepest interest in the* scheme and a number offered to add their names to the list of those who will give the necessary guarantee to the bank. C. R. Hamilton, K.C., chairman of the committee obtaining the signatures, is dealing with the legal features of the association.

STEADY PROGRESS IN ALL BRANCHES

Dun's Review Reports Show That Fall Business is Exceptionally Satisfactory—Northwest Optimistic

NEW YORK, Nov. 3—According to dispatches this week to Dun's Review from branch offices of R. G. Dun & Co. in the leading centres, steady progress is being made in all lines.

Montreal reports that colder weather has helped retail trade in dry goods and clothing and wholesale houses are receiving a good volume of sorting orders and inquiries from outside points are good.. Wholesale grocers are busy with shipments by boat to river and gulf points. Cheese shipments have moderated and shipments of butter show some revival. At Toronto business in wholesale is well maintained. A large spring trade in dry goods is anticipated and large orders are being booked. Groceries are quiet with little change in prices while hardware and metals are moving freely with iron rather easier. Leather is quiet and firm. The wheat market is lower for Manitoba, but firm for Ontario. Fall business at London is reported to be very satisfactory. Clothing manufacturers are especially busy, orders being considerably in excess of last year and the outlook is good. Farm produce is moving freely at unchanged prices. Hamilton reports that cooler weather has improved retail trade, especially in wearing apparel and in other lines the movement is generally ahead of a year ago.

In the far west and northwest the situation is generally satisfactory as the threshing returns in many districts where damage was reported are better than expected. Winnipeg reports that retail trade showed further revival this week, while wholesale dealings are reasonably active. At Regina the weather has improved and threshing operations are in full swing with better results than expected. Saskatoon reports improved conditions and threshing well under way. Collections are good. At Edmonton, autumn business is snowing up well and the movement of merchandist at wholesale is large.

Gross earnings of all Canadian railroads reporting to date for October show an increase of 1.4 per cent as compared with the earnings of the same roads for the corresponding period last year. Commercial failures in the Dominion last week were 27, as against 24 last week and 16 the same week a year ago.

SUNDAY SCHOOL WORKERS MEET.

SPARTANBURG, S. C., Nov. 3.—Opening today with a large attendance and everything in good working order the state convention of Baptist Sunday school workers bids fair to be the medium of much accomplishment in the Sunday school field in South Carolina. The program extends over tomorrow and provides for addresses by a number of well known Sunday school experts.

SEND EMIGRANTS TO CANADA

QUEBEC, Nov. 3.—The Duke of Sutherland, who has spent the past few months in Alberta looking after the details of his great scheme of tenant farms in that province, sailed for home today. The duke expects to induce a large number of desirable English and Scottish emigrants to take up homes in western Canada next spring.

The low side fastening is promnient in new wraps, particularly those for evening, some of which are slightly draped and caught up at the lower left side.

An Excellent Improved Farm

WEAKNESS AT WINNIPEG

WINNIPEG, Nov. 3.—The wheat market today was of a most uninteresting nature, all the opening transactions being at lower figures than the closing prices of Thursday. The weakness practically continued all day, with the exception of November, which touched 99¼, the demand being only fair, with liberal offerings. The close was ⅛c advance on Thursday's price. Futures were generally off, all transactions being under Thursday's closing prices.

Cables from the other side were also slightly lower and no new export business was mentioned, though there was an increase in tentative bids. Oats were slightly off, all transactions being under Thursday's price. The close was ½c lower for November. Chicago wheat was also weaker. The close for December was 1⅛c lower.

Corn advanced slightly for the three months, December, May and July. Chicago oats was also on the advance, closing at higher prices for December, May and July. Minneapolis wheat dropped 1¼ for December, May and July, being very weak, closing 1⅜c down.

Heavy receipts are still coming forwafd, a total of 750 cars being in sight for inspection, the same number as Thursday, with an excellent weather report from nearly all points of the prairie provinces.

GENERAL OPTIMISM BUT LESS SPECULATION

NEW YORK, Nov. 3.—The aggressive buying which raised stocks rapidly earlier in the week was largely suspended today, quotations moved uncertainly, ranging at the time higher but closing again below. During most of the day, however, prices were higher. The continuation of realising sales was a material factor in the course of the market. Profit-taking has been carried on so extensively that *it is now generally assumed that the* short interest, particularly in United States steel, has been reduced materially.

The moderation of the demand for speculative leaders today doubtless was due to this condition. The demand for the *high priced dividend issues* was heavier. Reading was the strongest among the principle stocks. Canadian Pacific and Erie report a fusion of interests and were exceptionally strong. The majority of the more prominent issues closed with only small changes. London again took profits here. Its transactions ran to about 155,000 shares, chiefly on the selling side with the bulk of trading in United States Steel and Amalgamated copper.

The announcement of the formation of a corporation with $65,000,000 capital stock, the largest enterprise of the kind to be floated for some time, was accepted as a further indication of the better conditions.

The stocks of general merchandise and dry goods in the hands of distributors throughout the country, wholesale and retail, are estimated by a trade authority at 30 per cent under the average for this period of the year. The demand for the replenishment of these stocks is expected to stimulate the demand during the next *few months. The hardening in call money* during the last day or two was followed today by a relaxation of rates, in spite of the loss of cash by the banks. Preliminary estimates based on the loan movements of money indicated a loss during the week of about $3,000,000. Total sales of bonds, par value, $2,946,000. United States bonds were unchanged on call.

BEAR PRESSURE FELT IN LOMBARD STREET

LONDON, Nov. 3.—Money was in increased demand for the payment of $15,000,000 in treasury bills and discount rates hardened thereon. Most of the section *of the stock exchange reacted under profit-taking* and bear pressure, with Kaffirs very weak. Foreign bonds and railway shares were steady excepting consols, which eased off an eighth. American securities were quiet and featureless during the forenoon. Later, the market improved sharply on Wall street and Berlin's buying and the close was stronger.

INTERESTS GET UNDER PANICY MARKET IN CHICAGO

CHICAGO, Nov. 3.—In the price tumble following the news of the federal investigation one dealer in wheat was forced to suspend and another had to transfer all trades to houses with more capital. Fear of the effects of the federal probe caused the break in the market. The close was nervous, ¾ to 1⅛@1¼c under last night. It was a demoralized wheat pit for a short time after the opening and there was a feeling of uneasiness all day. Most of the holdings that were thrown overboard went to the shorts, but a substantial portion was snapped up by the leading longs, who were evidently making an effort to stay the decline, despite the fact that the low point reached today was 9c below the current figures two weeks ago.

A story that the plans for the federal investigation had *leaked prematurely had* a good deal to do with helping wheat prices to recover in part. It was stated that the government had really no evidence at present and that the disclosure of their intentions would prove a serious *handicap. On this basis buyers* worked on the supposition that the investigation would lag and that in the meantime they could go ahead with the present deal without immediate reference to the plans of the government. In any event a more *composed* state of affairs was apparent in the pit as the session progressed.

SPOKANE MAN FORESEES AWAKENING OF ROSSLAND

(Special to The Daily News.)

ROSSLAND, Nov. 3.—C. F. Jackson, formerly of Rossland and now of Spokane, has paid a visit to the camp and has expressed much surprise at the prosperity which he noticed, as he, with many others, had received a different impression from reports which were circulated. Real estate in Washington, Oregon and the coast was at *such a high figure that it could not be* handled with any expectation of a profit for some time to come, so there as much more money available for mining. He confidentally expected prospects around Rossland being taken up and worked ere long, and there are many signs of coming increased prosperity for the city.

LOWERED TEMPERATURE, NEW YORKER WANTS DAMAGES

*NEW YORK, Nov. 3.—Papers were fil*ed the other day in a rather unusual damage suit, which will undoubtedly attract considerable attention in legal circles. The owner of a tenement house, which adjoins a building containing the refrigerating plant of a large brewery, filed a suit for damages against the owners of the brewery for damage to his property by the refrigerating plant. He claims that the refrigerators of the brewery lowered the temperature around the plant to such an extent that the tenants of his house were unable to keep their apartments warm. To keep his tenants he was compelled to reduce the rent several times, and finally the low rent charged by him was not sufficient to induce tenants to rent apartments in his chilly building. He holds the brewery concern responsible for the damage to his property, and demands what he *considers an adequate compensa*tion for his losses.

AT THE THEATRE

Miss Verna Felton in Role of "Sapho"—Matinee and New Play Tonight

The opera house last evening was crowded to the doors to witness Miss Verna Felton's production of "Sapho." The play is not unlike "Zaza," in which the leading lady played here last season and in which it is only fair to say she excelled all her former efforts as an emotional actress. Whatever criticisms may be aimed against "Sapho" as a play, there can be no diversion of opinion as to the really splendid way in which Miss Felton took the difficult part in last evening's production. The end of the play is sad and tragic and afforded the leading lady many opportunities of exhibiting her excellent qualities as an emotional actress of the first rank, as well as her great versatility.

The play was remarkably well staged and the ladies' costumes were elaborate and artistic. Miss Ethel Corey in "Alice Dore," and Harry Cornell's "Jean Gaussin" were entirely satisfactory, but the main interest all through the four acts of the piece invariably centered on Fanny Le Grande (Sapho) as portrayed by Miss Felton, who always rose to the various situations as they occurred, and certainly earned the lavish applause accorded her finished acting.

As on previous evenings during the week, the Royal Hungarian quartette furnished most excellent music during the evening. These musicians who seem to enjoy the sprightly music they give, have become great favorites with Nelson theatre-goers, and seem to enjoy the applause given them every evening.

This afternoon a matinee will be given in which the bill offered last Monday night will be repeated, "The Lion and the Mouse," and this evening a new play will be offered, "A Stranger in a Strange Land," said to be one of the best productions given by this excellent company.

Nelson theatre-goers have shown their appreciation of the popular prices charged by the Allen Players by filling the house to the doors all through the week, and they should be full houses this afternoon and evening.

Colored velvets, velours and plushes are being employed for evening wraps but mostly in high priced garments, as only the finest qualities look well in colors.

LITTLE CHANGE IN WINTER SCHEDULE

Local Train Service Unaffected—Passengers from Kootenay Arrive in Vancouver Half Hour Earlier

Advice has just been received by R. K. Scarlett, city passenger agent for the C.P.R. that certain changes will be made in the winter train service, commencing on Sunday next. There will be an addition of a new express between Moose Jaw and Winnipeg, to be known as Nos. 61 and 62. The Imperial Limited trains, Nos. 1 and 2 between Vancouver and Montreal will run on about the same schedule as during the summer, as will also trains Nos. 3 and 4 between Vancouver and Toronto. Trains 13 and 14 between Vancouver and St. Paul will leave the former city a little earlier.

In the local train service, passengers from Nelson, Kootenay and the Boundary will connect at Revelstoke with train 1, instead of 13, and will arrive in Vancouver at 8:45 instead of 9:25. Passengers leaving the coast for Nelson will depart from Vancouver on train 14 as usual, but at 13:45 instead of 14:30, arriving in Nelson at 21:35. The Soo-Spokane service, via the Crow line remains practically the same. Passengers will leave here for the coast at the same time as at present.

PANAMA MINE IS SHIPPING TO TRAIL

Ore Arriving Daily at Three Forks—Six Hundred Foot Bridge Over Seaton Creek

(Special to The Daily News.)

THREE FORKS, B.C., Nov. 3—The Panama is working steadily and has commenced to ship to Trail. English Bros. of Kaslo have the contract for hauling from Bear lake to here and are delivering four tons daily.

A special train came up yesterday with timber for the bridge over Seaton creek gulch. This bridge will be in the neighborhood of 600 feet long and 80 feet high.

T. G. Procter of Nelson and a party of Vancouver, capitalists went out to the Lucky Jim mine yesterday on an inspection trip.

Rev. C. W. Webber and his son Fred of New Denver, visited friends here this week.

Mrs. McKinnon and daughters of Ainsworth have taken charge of the Rambler-Cariboo boarding house.

WIDOW POISONED POLICEMAN CHARGE

Arsenic in Liver of Chicago Corpse—Police Suggest Long Series of Similar Crimes

CHICAGO, Ill., Nov. 3.—Mrs. Louise Vermilyea today was formally charged with the murder of Policeman Arthur Bissonette by poisoning him with arsenic, after the report of toxiologists who had examined the viscera of the dead roomer at the widow's house, was received.

Coroner Hauffman announced that he will have exhumed the bodies of at least two of the other eight persons who have died in the deceased's home during the last 18 years. Professor Walter L. Haines, Dr. Ralph W. Webster and Dr. E. R. Lecount reported to the coroner that they found more than enough arsenic in the liver and other organs of Bissonette to have caused his death.

Dozens worked today and will continue to seek further light on the eight deaths which preceded the demise of Bissonette while they were living at the widow's home. Just what bodies will be exhumed Coroner Kauffman declined to say. It was intimated, however, one of them would be that of Conductor Richard L. Smith, who was taken ill and died under circumstances that since have aroused official curosity. It developed that he had taken out life insurance a short time before, in which she was to be the beneficiary.

Mrs. Vermilyea collapsed when informed that experts had found poison in the viscera of Bissonnette but declined to make any statement.

The craze for one-sided effects shows little abatement.

Good for Complexion

Of all the skin beautifiers we have had in our store there is none that we can recommend more highly than the D.D.D. prescription.

D.D.D. is such a logical remedy for all kinds of skin trouble and so scientifically compounded that it clears up the complexion over night.

D. D. D. is most widely known as the most reliable treatment for Eczema, but it has also been found invaluable for all kinds of minor skin troubles. We do not hesitate to give D.D.D. our special recommendation. In fact, we are convinced that D.D.D. will give relief that no other remedy can.

Surely, if you have any skin trouble you should give D.D.D. Prescription a trial.

Don't delay, for if not promptly checked, minor skin troubles often develop into serious disease, difficult even for D.D.D. to cure.

Better drop into our store anyway and get posted on this wonderful remedy. Ask also about D.D.D. Soap, which is so invaluable in keeping the skin in healthy condition.

Or write the D.D.D. Laboratories, Dept. No. 49 Colborne St., Toronto, for a free trial bottle. In either case, don't put it off, but act at once. Poole Drug Co., Nelson, B. C.
