WILL FORM ARMY OF SCHOOL CADETS

Government Will Instruct Forty Thousand

LARGER MILITIA VOTE PROBABLE

Expenditure on Agriculture to Be Augmented—Legislation Framed

OTTAWA, Jan. 2—It is stated that as a result of prolonged cabinet sittings held towards the close of last week the main estimates are ready for presentation to parliament when the house meets next week.

No announcement has been made as to what they are likely to tell but it is understood that liberal provision is being made for the carrying out of necessary public works. Provision will be made in the main estimates for the instruction of from 25,000 to 40,000 school cadets and they will in all probability increase the militia vote.

There will be a sum in the estimates to cover the cost of the working out of the government's policy in regard to agriculture with the result that the minister of agriculture's vote will be somewhat increased.

In other departments there are likely to be some reductions in the total amount asked for. Between now and Jan. 10 when the house resumes its sittings the ministers will devote their attention to the framing of legislation and they expect to have the sessional program in an advanced stage of preparation when the house meets.

Today informal receptions were held in many departments, the ministers being called upon and wished the compliments of the season by the members of their staffs.

While Jurors Investigate Fatality in Mine Shaft Another Man Dies in Same Place

COBALT, Ont., Jan. 2—While Dr. Lowery of Englehardt was holding an inquest over the remains of E. Tedki, a Finlander, killed by falling down the shaft 160 feet at the Calcite mine at Elk lake, Tom Whitton, mine foreman fell from a scaffold in the same shaft, 35 feet, struck his head on a bucket at the bottom causing death. The second death occurred while the inquest was proceeding over the first. Witnesses were immediately summoned and a second inquest followed. Verdicts of accidental death were found.

The fire was discovered at 1:30 and the London brigade responded. Six hundred and fifty patients are housed in this building and all were brought to the lower floor, but they were in no serious danger at any time. The flames were quickly brought under control.

SIR WILFRID MAY DEFINE LIBERAL POLICY

OTTAWA, Jan. 2—Sir Wilfrid Laurier will go down to Montreal on Monday next and will address a great demonstration in the Monument Nationale under the auspices of the Young Liberal club of Montreal district. This will be his first political appearance outside of parliament since his resignation of the premiership and there is reason to believe he will set forth his idea of the policy which the Liberal party should follow in future, especially as regards trade and the defense issues. Sir Wilfrid may be expected to make a definite reply to the attacks of Mr. Bourassa and his allies.

BELGIUM NOW HAS SEVEN MILLION POPULATION

BRUSSELS, Jan. 2.—The figures of the census of Belgium taken in 1910 show that the population of the country now numbers 7,245,734, or an increase of 730,236 since the previous census, which was taken in 1900.

FIVE YEAR BOY SHOOTS FATHER

Vibank, Sask., Man Receives Charge of Shot in Leg—Is in Critical Condition

REGINA, Sask., Jan. 2—Peter Voriedore of Vibank is lying in the general hospital in a very critical condition with a charge of shot in his left leg, as a result of a new year's day celebration at his home yesterday.

For some reason a shotgun was left lying on the dining room table. The five year old boy of the wounded man was examining the butt of the gun and as his father passed in front of the barrell of the gun it exploded. He received the full charge of the shot in his leg, as he was only a few feet away from the gun at the time of the explosion.

Mornard, the Belgian ex-dictator of Persian customs, was appointed president, for the purpose of settling up the affairs.

F. E. Cairns who was Mr. Shuster's chief American assistant, the correspondent says has been named as Mr Shuster's successor.

Another despatch from Teheran says that two Russian regiments have left Kasbe for Resht.

INTERNATIONAL DANGERS ARISE

New Complications Enter Chinese Chaos

RUSSIAN ACTION AROUSES DISTRUST

Yuan Hopes to Prevent Formation of Republic--Tang Impeached

LONDON, Jan. 2.—The Daily Telegraph's correspondent at Pekin says that the situation was never so chaotic or internationally dangerous. The bankruptcy in Pekin is so acute that the railways administration is borrowing a few thousand pounds from various British coal mining companies against freights.

Rebel bands have penetrated the provinces of Shan-tung and Shan-si. Mutineering again is fierce, and bad reports are coming from every direction. Tang Shao Yi has been impeached by the imperialist generals, who are determined to fight and have filed an ultimatum over their signatures.

Russia Distrusted.

Premier Sazenoff's statement that Russia does not contemplate an advance on Mongolia or Turkestan, continues the correspondent, is regarded as mere equivocation. Russia demands the exclusive right to construct the Kiakhtaurga railway and presses an old claim for frontier rectification north of the Tian-shan watershed, which forms the boundary between Russian and Chinese Turkestan. These demands, however, are considered a mere blind for the real problem.

Throne Has Lease of Life.

PEKIN, Jan. 2.—The feeling in Pekin tonight is that the throne has taken on a new lease of life. Indeed there are some competent observers who believe that Premier Yuan Shi Kai is still determined that he can succeed in preventing the consummation of a republic. The imperial cabinet has accepted the resignation of Tang Shao Yi, who was sent to Shanghai as the representative of Premier Yuan Shi Kai and the imperialists at the peace conference between the representations of both parties there.

Premier Yuan Shi Kai adhered to two points of his original suggestion regarding the national convention that is to be called to decide on the future of the order of government in China, namely, that he insists on the proper selection of delegates to the national assembly and also that its gathering place shall be Pekin.

Yuan Offers Resignation.

Premier Yuan Shi Kai again offered his resignation this morning, but it was not accepted. The court also received a "round robin" from the generals commanding the imperialist troops in the vicinity of Pekin, in which they demanded that the princes of the imperial clan should withdraw their wealth from the safety of the foreign banks, where much of it has been placed quite recently, and deliver it into the hands of the war office.

Favors Shanghai.

NANKING, Jan. 2.—President Sun Yat Sen said today that he desired that the convention which is to decide upon the form of government should be held at Shanghai. The president will hold an official reception tomorrow, at which he will receive the people of Nanking without discrimination.

Imperialist Soldiers Mutiny.

PEKIN, Jan. 2.—Seven hundred soldiers guarding the Lanchau arsenal mutineed today. They are part of the imperial government troops, among whom there has been a movement for some time past in favor of a republic.

The commanding officer fled to Pekin, from which place he sent a message to the railway authorities at Tientsin, warning them that the mutineers intended to stop all railway traffic.

Fighting Not Serious.

HANKOW, Jan. 2.—The fighting around Hankow has not been serious and the imperialists have evacuated Han-yang and entrained for the north with their batteries. General Li Huen Hong, the republican commander, has given the imperialist commander assurance that he will not occupy the vacated positions.

DEMOCRATS WILL PRUNE STEEL TARIFF

WASHINGTON, D. C., Jan. 2. Substantial reductions in duties are looked for in the Democratic steel tariff schedule which the house ways and means committee probably will have ready for submission about the middle of the month. It is stated that in many instances the Payne law rate will be cut in half and that the highest rate of duty allowed on any product of steel or iron will not be more than 35 per cent.

TORPEDO BOAT ENCIRCLES TWICE ATLANTIC GREYHOUND

NEWPORT, R.I., Jan. 2—Naval officers here regard as of much interest a feat accomplished recently by the torpedo boat destroyer Mayrant in twice encircling the Cunard liner Mauretaina while both vessels were at full sped. The Mayrant was cruising in the waters of Nantucket when she sighted the swift trans-Atlantic lines. She was sent across the big steamer's bow at a distance to assure safety and was headed around the speeding liner until she has accomplished two complete circles.

ROOSEVELT KEEPS DISCREET SILENCE

Declines to Confirm or Deny Reports as to Presidential Nomination Chances

NEW YORK, Jan. 2—With a general refusal to confirm or deny any rumors Col. Theodore Roosevelt declined today to discuss a report that a movement was on foot in New Jersey to place his name on the presidential primary ballots.

"Have you taken any steps, colonel, to have your name removed from the primary ballots in Nebraska" he was asked.

"I have taken no steps one way or the other," was the reply.

LAST ELECTION BY OPEN VOTING

Secret Ballot Will be Introduced in Prince Edward Island—Conservative Victory Sure

HALIFAX, N.S., Jan. 2.—The Prince Edward Island election campaign ends tomorrow with the voting. It has been a great contest throughout despite the opinion that the Conservatives will win by a large majority.

It is likely to be the last election to be conducted by open voting. Premier Matieson is pledged to introduce a ballot law before another general election comes around. The last open vote will serve to make tomorrow's election notable.

The question of communication with the mainland has been one of the most interesting topics of the campaign. The announcement that the federal government has been pledged to a car ferry between the island and the mainland was received by both parties with satisfaction, but an effort was made to cast doubt upon the sincerity of Premier Borden in making the announcement, and also upon the meaning of the words in which it was made.

COAL EXPORTED IN PAST YEAR

Total Value of Fuel through Fernie Port Was Over Six Hundred Thousand Dollars

(Special to The Daily News.)

FERNIE, B.C., Jan. 2—Col. Denison reports that the total value of coal exported during the year just closed to be $602,584.76.

Since the resumption of work at the mines since the strike reports have amounted to $133,120.78.

During 1910 the exports amounted to $2,332,865, the decrease for the last year being $1,730,280.24.

These figures cover all shipments from the Pass mines which clear through the Fernie office.

HIGH LIVING COST GERMAN ISSUE

Coming Election Will Bring Many Changes

MODERNISM PLAYS IMPORTANT ROLE

Heavy Gains for Socialists Conceded--Government to Seek New Allies

BERLIN, Jan. 2—The reichstag election campaign has been resumed with vigor after an almost complete interruption during the holidays.

The elections will be held on Jan. 12. An observer accustomed to the heated 10 days closing of an American campaign can see few evidences of interest and is apt to conclude that only the south Germans, whose elections coincide with these of the Bavarian diet, are excited over the outcome. The Germans as a people, however, take politics differently. As a matter of fact interest in the elections was never greater although it is not so noticeable as in the sensational patriotic campaign of 1907 and, according to statements at several of the party headquarters it is expected that the vote will be fully up to the record poll of that year when more than 84 per cent of the qualified voters cast their ballots. The issues are not so clear cut this year but they concern national interests of vital importance to a greater degree involving as they do financial legislation to a large extent, the possibility of further taxation at the coming session and the high cost of living.

Modernism Strong Issue

At Radical headquarters enthusiasm is displayed over the chances of success on these issues. The Radicals say that the latest reports show the position recently assumed by the vatican with regard to modernism and the relation of the clergy to the civil courts is playing a considerable role in the strongholds of the clerical centre. Both parties have succeeded in associating themselves completely with the popular feeling aroused by patriotism.

Socialist Gains Conceded

The forecast admits gains for the Socialists who are expected to overcome the losses which they sustained in the anti-Socialist landslide of 1907 and corresponding losses by the Conservatives and part of the centre. But only the rashest prophets venture even now to make definite predictions as to the number of seats which will undergo a change. Those best informed believe that the Socialists will return with at least the 81 seats which they held at the time of the dissolution in 1906, but the prediction that the Socialists will carry 100 seats is frequently heard.

It is quite generally expected that the turnover will be sufficient to dethrone the present Conservative centrist majority and force the government to bid for additional allies in the next reichstag.

REPORT ON SMALLPOX CASE SATISFACTORY

(Special to The Daily News.)

VICTORIA, Jan. 2.—Advices have been received by the provincial health officer, Dr. C. J. Fagan, from Nelson to the effect that the isolated case of small-pox which recently made its appearance in the provincial jail has been carefully isolated and all percautions taken to prevent contagion spreading to other prisoners. The patient is reported as doing well and it is not regarded as likely that other cases will develop.

BRITISH COLUMBIA WANTS TWELVE MEMBERS

(Special to The Daily News.)

VANCOUVER, Jan. 2.—Speaking of redistribution, H. H. Stevens, M.P., says it could not come before the end of Premier Borden's first term without necessitating another election.

NEW RAILROAD TO CROSS PERSIA

British, French and Russian Bankers Will Organize Syndicate to Make Survey

LONDON, Jan. 2.—British, French and Russian bankers are to hold a meeting in Paris during the coming week to organize a syndicate with a capital of $500,000 to carry out a survey of a proposed trans-Persian railroad. Great Britain and Russia have both already approved of the scheme, although the precise route to be taken by the railroad remains to be decided.

The proposal contemplates the construction of a line from the seaport to Baku in Russian Trans-Caucasia into Artra on the Caspian sea, and to Teheran, the capital of Persia. From this point it will pass through the province of Kerman, on the southeast of Persia, to Cwettar, on the Arabian sea. It will pass through Baluchistan and then connect with the Indian railroads going to Kurrache.

No dificulty is anticipated in connection with the raising of the capital or in obtaining the necessary concessions in Persia.

STEAMERS READY FOR PANAMA CANAL

Great Trade Will be Opened up Between North and South America

WASHINGTON, Jan. 2—Six large fast steamers will be in readiness to inaugurate a new passenger line between Valparaiso, Chili and New York when the Panama canal is completed. SPY MUST NOT ACCEPT DONATION FROM FRENCH

PARIS, Jan. 2—Gen. Messimy, minister of war, has forbidden Capt. Lux, who recently escaped from the fortress of Graetz in Prussia, where he was serving a term of six years imprisonment for giving out German military secrets to accept a projected newspaper subscription, designed to make him a present as a gift from the people of France. The French minister of war wishes the matter to be forgotten as a continuation of reference to it might unnecessarily inflame German opinion.

PLAN WOULD HURT BRITISH COLUMBIA

Favor to American Ships in Panama Canal

TREATY VIOLATION DECLARES POST

London Paper Attacks Suggested Discrimination by States

LONDON, Jan. 2—The Morning Post has started a strong agitation against the reported proposal of the United States government to grant preference to American snipping in the Panama canal. It devotes three columns and a long editorial this morning to that subject. It declares such discrimination would be a violation of the Hay-Paunceforts treaty and says:

"By no sophistry can the American *government pretend that it is not* bound by the terms of the treaty. An evasion of the obligation into which it entered should prove to the world that its pledges are meaningless."

The Post gives interviews with various shipping authorities in different British ports, most of whom refuse to believe that the Washington government has any such intention.

Sir Walter Runciman, senior partner of Walter Runciman & Co., of Newcastle-on-Tyne and London, thought if the report were true the British government had been caught napping but he doubted if such discrimination, if adopted, would have the expected result of encouraging traffic in a manner to make the canal pay.

J. H. Turner, agent general for British Columbia, agreed that it would be a violation of the treaty and would seriously injure British Columbia. It would also injure the canal itself for many years until the United States had built up the mercantile trade.

HON. ROBERT ROGERS GIVES BOON TO SETTLERS

REGINA, Sask., Jan. 2—What will prove a great boon to the holders of pre-emptions is the order issued by Hon. Robert Rogers to the various Dominion land offices throughout the west not to cancel pre-emptions for non-payment of interest. The reason for the suspension of the provision allowing cancellation of the pre-emptions when interest is not paid, is that the settlers have had great difficulty in marketing their grain and are not in a position to pay interest.

Military Training Would Thin Criminal Ranks

OTTAWA, Jan. 2—At the annual dinner of the eighth brigade field artillery tonight Hon. Sam Hughes said:

"There is more money spent today on police, constables, magistrates, courts and prisons than there is on the militia. The city of Ottawa spends more money in forcing the people to live morally than is spent on the local militia. The ranks of crime are not recruited from the boys who wear the uniform of the soldier.

"From a moral standpoint I am very strongly in favor of doing away with the police and training the boys of the country to obedience and discipline. The cadet corps of the country is doing a splendid work and the day is fast going by when people will oppose their sons entering the service. They are fast learning that the militia uplifts the morality of the country."

The minister of militia also said that a great many of those who served in the Crimea war mere boys.

Munsey of Salt Lake, was arraigned in the federal court today on a charge of being a party to a dynamite conspiracy, departed for his home tonight. Joannsen went with him but Munsey elected to stay here until the time set for their pleas, Jan. 12.

Speaking of the coming battle Tvietmoe declared that it would be a fight to the finish.

When told that Detective Burns in Indianapolis today had said he soon expected to collect from Tvietmoe the $7,500 which Tvietmoe offered in the trades council for the arrest of the persons guilty of causing the Los Angeles Times explosion, Tvietmoe said he would lay the matter before the council when the time came for action.

Tvietmoe showed a telegram from Andrew Furuseth, president of the seamen's union at Washington, expressing astonishment at his arrest.

SMALLPOX IN MANY CAMPS

Sixty-four Cases Located in Quebec—Doctors Needed in Construction and Lumber Camps

MONTREAL, Jan. 2—That smallpox has broken out in several lumber and construction camps throughout the province is the latest report to reach the provincial board of health.

No definite figures are yet to hand. Dr. Beaudry has returned from Quebec after investigating the smallpox epidemic there. As far as can be gathered there are 64 cases in the city. New cases of smallpox are still being reported every day to the board of health.

The report of smallpox outbreaks in construction camps points to a very grave deficiency in the law here. In Ontario the health laws provide that there must be a medical man in each camp whereas there is no such law here.

DOES NOT STICK TO HIS ORIGINAL STORY

PORTAGE LA PRAIRIE, Man., Jan. 2—In the police court this afternoon Paul Kolowsky, who is accused of unlawfully killing an unknown man at Macgregor, on or about Sept. 4, appeared before Magistrate Marshall and elected to give evidence on his own behalf. The defendant gave a statement of his movements with the murdered man at the time of his arrest. At the cross examination he contradicted several of the statements he had voluntarily given earlier in the afternoon.

PLAN TO ELEVATE THE DRAMA

BOSTON, Mass., Jan. 2—Plays never given professionally in Boston and plays never before offered on any stage are to be presented at the Toy theatre, which has its formal opening in this city tonight. The Toy theatre is designed for the elevation of the drama and is to be conducted along the same lines as the New theatre attempted in New York, only on a less pretentious scale. Many prominent society people, writers and musicians of Boston are interested in the enterprise. The services of all persons taking part in the performances are to be given free. The season will run for eight alternate weeks and every fortnight a new play will be produced.

HENRY M. FLAGLER IS 82

NEW YORK, Jan. 2—Henry M. Flagler, for many years one of the controlling factors in the Standard Oil Corporation, reached his 82nd birthday anniversary today. Mr. Flagler, in accordance with the custom he has followed for many years, is spending the winter in the south. Later in the month he is to be the central figure at the big celebration in honor of the opening of the oversea division of the Florida East Coast railway. Mr. Flagler has spent millions of dollars in the construction of this line which will afford direct communication between Key West and the mainland.

SENSATIONAL DIVORCE SUIT.

WILMINGTON, Del., Jan. 2.—The suit of John Bancroft, second son of John Bancroft, wealthy secretary of the Joseph Bancroft and Sons company, textile manufacturers, of Wilmington, for a divorce from his wife, Madeleine du Pont Bancroft, and the counter suit of the wife for divorce will come up for trial in the superior court here this month.

When the young husband filed suit against his wife last summer it created the greatest stir that has occurred in Delaware in years. Mrs. Bancroft, who is only 23 years old, is a member of the du Pont family, the millionaire powder manufacturers.

In his suit the husband named Max Hibler, a friend of the couple, as co-respondent. He called the infant son of his wife, which was born last April, Max Heibler, Jr. He also made the child, which was born here, a codefendant with the mother. He denied the paternity of the infant.

Subsequently the wife began counter suit for divorce on the same general grounds. She also alleges extreme cruelty. The city of Munich figures in the action, for the reason that the couple lived abroad three years, following their elopement from Wilmington in 1907. They were married at Washington, D.C., the bridegroom not being quite of age. He was a student at Princeton. The youthful couple were sent abroad in order that the husband might complete his studies at Heidelberg university.

The double action will be heard in open court, as is the requirement in Delaware.

To the Electors of the City of Nelson:

I beg to offer myself as Alderman for the West ward.

I beg to offer myself for re-election as Alderman for the West Ward.

With Queen Mary His Majesty Witnesses Feats of Equestrianism and Sees Orient's Horses

CALCUTTA, Jan. 2—King George and Queen Mary today made a state visit to the Tollygunge horse show, India's greatest society event. The wealthy princes had entered the pick of their stables and competition for the King-emperor's and viceroy's cups was particularly keen. British and Indian cavalrymen also engaged in daring riding contests.

CHOQUETTE JUDGE OF MONTREAL'S JUVENILE COURT

SOURIS OLD TIMER DEAD

SOURIS, Man., Jan. 2—James Madill, an old time resident of this place and long prominent in public life died Sunday. He was the Liberal candidate at the last provincial election, being defeated by James Argue. He had also taken a prominent part in municipal affairs and was a member of the council for many years, retiring last year. He was 46 years of age and has been in Souris for about 18 years, coming from Ontario. The funeral was held this afternoon under the auspices of the local I.O.O.F. lodge. He is survived by his wife.

MISSISSIPPI LEGISLATURE MEETS

JACKSON, Miss., Jan. 2.—The biennial session of the Mississippi legislature convened today for organization. No United States senator is to be elected at this session, but considerable other business of importance awaits the attention of the lawmakers. The question of ordering a convention to revise the state constitution is one of the important matters to be considered

CAMPAIGN IN ARKANSAS.

LITTLE ROCK, Ark., Jan. 2.—Following a truce extending over the holidays, the senatorial and governatorial campaigns in Arkansas reopened today with renewed activity on all sides. Tons of literature bearing on the liquor issue are being distributed from the headquarters of Governor Donaghey's opponent for the nomination. Equaling the governatorial contest in public interest and surpassing it in bitterness in the senatorial fight between Senator Jeff Davis and former Congressman Brundidge.

IMPORTER'S AUTOMOBILE SALON

NEW YORK, Jan. 2.—Seventeen different makes of foreign-built automobiles were displayed in the grand ball room of the Hotel Astor today at the opening of the annual Importers Automobile salon. Practically every well-known foreign car which has achieved distinction either here or abroad is included among the exhibits. As the name implies, the exhibition is strictly a drawing-room affair, and not an industrial show. Commercial vehicles are excluded, and a leading feature is the magnificent bodies, mounted on various cars, which exemplify the latest productions of the famous coach builders of Europe and America.

NO DESIRE TO ANNEX THE YUKON TERRITORY.

Premier McBride has shown sound judgment in setting at rest the rumor that the government of British Columbia looked with covetous eyes toward the Yukon and was anxious to assume its adinistration.

The suggestion in the beginning may have been thrown out by some resident of the Yukon, who having observed the progress and prosperity of British Columbia, and the sound and progressive lines upon which its affairs are administered, came to the conclusion that it would be to the advantage of the Yukon to throw in its lot with the neighboring province. It is, at any rate, perfectly clear from Mr. McBride's statement that the proposal did not originate in official circles at Victoria, and that it is not looked upon with favor by the provincial government.

The advantages of the proposed amalgamation would be one-sided and it would require an insistent and practically unanimous petition on the part of the residents of the Yukon to induce the British Columbia administration to give the proposal favorable consideration. It is quite certain that there is not now, nor is there likely ever to be, on the part of the people of British Columbia, any desire to annex the Yukon contrary to the desire of the residents of that territory.

Of all the provinces of the Dominion, British Columbia should be the last to become ambitious for an extension of its boundaries, or for an increase of its responsibilities. Of all the provinces it is the greatest in extent and the richest in natural resources. Of all the provinces its problem of development presents the greatest difficulties. The task of providing railway transportation and of creating roads and bridges in a mountainous country, presenting extraordinary engineering difficulties, is one of enormous magnitude. The problem of promoting satisfactory settlement, of stimulating and protecting the great industries of the province, and of conserving its natural resources, and of providing sound administration for a widely scattered and increasing population is one of magnitude sufficient to satisfy the ambition and to occupy the energies of the most industrious and progressive government.

Premier McBride has the soundest of reasons for his refusal to countenance any agitation for an extension, at the present time, of the boundaries of the province. The annexation of the Yukon would add enormously to the task which faces the government. It would necessitate a multiplication of the departmental machinery, and heavy additional expense, which would be borne largely by the people of the existing province, and it would occupy the attention of the government to the detriment of the excellent administration that the province now enjoys.

WHY THERE WILL BE TWO PUBLIC MEETINGS

To the Editor of The Daily News.

Sir: I will be glad if you will publish the enclosed correspondence.

HAROLD SELOUS.

Nelson, Jan. 2, 1912.

"J. E. Annable, Esq., City.

"Dear Sir: Mr. Horstead informs me that you have engaged the opera house for the 10th of January, presumably for a public meeting.

"Feeling that the public at large would much prefer a joint meeting to two separate ones, I wish to inquire if you are willing to hold a joint meeting on that day.

"If you are I am prepared to give you your choice of speaking, either first or last, also that you should appoint the chairman. A prompt reply will oblige. Yours truly,

"HAROLD SELOUS.

"Nelson, Dec. 29, 1911."

"Nelson, B. C., Dec. 29, 1911.

"Harold Selous, Esq., City.

"Dear Sir: I am in receipt of your letter of the 29th inst. with reference to a joint meeting. It would appear to me that the public have a right to expect the present mayor and council (especially when a majority of the council are seeking re-election) to give the ratepayers a financial statement of receipts and expenditures during the year, and to give an account of their stewardship.

"These are public matters and open to criticism, and I am of the opinion that at a subsequent meeting I will be in a better position to criticize. I am satisfied that this will be more satisfactory to the public, and for that reason, and as the subjects to be discussed at my meeting will require all the available time, I do not propose to hold a joint meeting. Yours truly,

"J. E. ANNABLE."

"J. E. Annable, Esq., City.

"Dear Sir: Replying to yours of the 29th ult., I regret your decision, as I feel sure that the majority of the public will be disappointed, and also for the reason that I shall deem it my duty to criticize your conduct as regards your connection with the criminal conspiracy to falsify the voters' list in the 1910 election, and as regards your having been at one time the registered owner of a certain Lake street resort.

"I have engaged the opera house for Tuesday, the 9th inst., for a public meeting and I now invite you to be present on the platform and will guarantee all the time you may wish to speak in reply to me.

"If you should alter your decision not to hold a joint meeting within the next few days my offer of the 29th ult., still holds good, as I am very desirous of the joint meeting. Yours truly,

"HAROLD SELOUS."

A NATIONAL INSTITUTE A NATIONAL NEED

To the Editor of The Daily News.

Sir: The problem of disseminating knowledge regarding the natural history, both past and present, of the North American continent was most opportunely inaugurated by the establishment of the Smithsonian Institute at Washington, D. C., and the work of the specialists under this foundation is now extended to all parts of the continent. It has often been most forcibly presented to my mind that the formation of a similar institute in Canada would be of great and lasting benefit to the present and future generations.

It is time that the Dominion and provincial governments have established museums in which much of interest can be accumulated, but we in Canada have no central house to which we can look whose sole aim is the accumulation and dissemination of knowledge, a depository for everything pertaining to the natural history of the Dominion—with a fully equipped staff, competent to gather and arrange such a collection, with an endowment sufficient to allow them to prosecute their research for everything pertaining to natural history, even to the farthest corner of our land.

The geographical centre of Canada is Winnipeg, and if I were asked to name the point at which such institute should be erected I would give preference to that city solely on account of its geographical position. For the ways and means whereby such an institute can be formed and the money necessary to build and equip it may be secured, allow me to suggest:

1st. The solicitation of funds for the foundation of such institute from the members and friends of existing natural history societies throughout the Dominion.

2nd. Securing a yearly grant from the Dominion government in aid of maintainance.

3rd. A public appeal to those who are financially able to contribute an endowment fund. The question then arises, who is there who will initiate this work? Gather a committee of influential enthusiasts around him and by the force of their united efforts render to the Canada of today and the nation of posterity a service which will make their names forever honored. Pending the offer of volunteers who are willing to assume the responsibilities of the inaugurating committee and in order to give the project a start I shall be pleased to act as interim secretary, placing all volunteers in communication with each other, and when a sufficient number have signified their intention and a provisional organization is completed my duties will cease. But I shall have the satisfaction of seeing the inauguration of a project which I believe will be of ever increasing and lasting benefit to our grand Dominion.

It may not be generally known that yearly hundreds of priceless and unique specimens of natural history leave Canada to enrich the museums of foreign countries, thus removing them forever from our land. My inherent love of natural history and the wish to see the study of nature brought more closely home to the present and future generations and with the idea of conserving all specimens and rendering them available for study by our own people is my only excuse for taking the initiative in bringing forward the plea for the establishment of a national institute.

J. WILLIAM COCKLE.

Kaslo, B. C., December 1911.

This Date in History.

The public degradation of Major Dreyfus at Paris took place in 1895, on this date. In 1894, while Dreyfus was studying at the staff college in Paris, he was arrested on a charge of offering to sell military secrets to a foreign enemy, understood to be Germany. He was tried by court martial, and though there was little evidence against him, his personal unpopularity and his Jewish birth turned the scale against him and he was condemned to military degradation and imprisonment for life. An agitation for revision of sentence, headed by the Dreyfus family and some powerful friends, among whom was Zola, resulted in the accused being given trial after trial, and though each was notorious for its contemptible evasions and most damaging admissions of the military witnesses it was not until 1906 that Dreyfus was finally declared to be absolutely free of all suspicion of guilt and reinstated in the army with the rank of Major.

TURKEYS PROVIDE YULETIDE SPORT

Big Shoot and Raffle Held at Edgewood—Enjoyable Bachelor Dinner—Cooking Good.

(Special to The Daily News.)

EDGEWOOD, B. C., Jan. 2.—A turkey shoot took place at Edgewood on Wednesday. A large number were present and some good shooting took place. Thirteen turkeys were shot for.

The same night a dance took place in Mr. Banting's hall. A very lanrge number were present, quite a few from Burton City having come for the occasion.

An excellent program of music was rendered in various ways, the instruments including a gramophone loaned by Mrs. Williams; violins, mouth organs and a piano. On Saturday three more turkeys were haffled.

As a sequel to last Wednesday's turkey shoot a bachelor dinner was held on Sunday at Roert Fullmore's ranch. The cullinary arrangements were well looked after by R. Fullmore and H. Ferret, while Mr. Bonck proved himself an expert with the carving knife. Those present were: Messrs. R. Fullmore, D. Fullmore, W. Calder, A. Johnson, G. Thompson, W. Shaw, H. Brown, G. Prodhomme, W. Bonck, H. Ferret, S. Barron, W. Boothby.

E. Masters of Edgewood trapped three beaver and one splendid fisher this week, the fur of the latter being worth at least $25.

A children's Christmas party was held at Mrs. Lanyon's home Saturday. The young guests sat down to a regular old-fashioned Christmas tea, after which all enjoyed merry Christmas games.

Mrs. Kerr is down from the camp to spend New Year's at Edgewood.

Mrs. Jowett of Sherwood is entertaining a large number of guests

Miss Timaens of Fire valley spent a few days visiting friends in Edgewood this week.

On Thursday Mrs. Davies went to Nelson on business.

PLAYS SANTA WHILE HIS HOUSE BURNS

Crawford Bay Christmas Entertainment Broken up by Blaze—School Improved.

(Special to The Daily News.)

CRAWFORD BAY, B. C., Jan. 2.—A very enjoyable Christmas entertainment was held in the public hall on December 28 for the youngsters, and was followed by a dance for the older folks. The hall was prettily decorated with festoons and flags, native evergreens and English holly. Great credit is due to the ladies who so successfully carried out the whole of the arrangements, special mention being made of Mrs. J. E. Houghton, who was indefatigable in her efforts.

An unfortunate incident somewhat marred the pleasure of the later proceedings. As the children began to leave a glare was noticed in the direction of H. S. Goodwin's place. The room was quickly emptied of the male portion of the audience and a rush was made to the scene of the fire, which was found to be a shack temporarily occupied by E. J. Uhthoff. It was, however, well alight and it was found impossible to save anything, but attention was turned to preventing the fire spreading to W. Goodwin's stable, which was only a few yards away. This, fortunately, was entirely successful.

Mr. Uhthoff, who had just been impersonating Santa Claus, lost practically everything, and much sympathy is felt both for him and for Mr. Goodwin, as neither the shack nor the contents were insured.

A number of volunteer workers under the direction of W. Mooney, have, during the holidays, been putting the finishing touches to the school, both lining and ceiling it. The work has made a great improvement to the appearance of the room and will also add to the comfort and warmth of the scholars.

Subdivided Lands on the Pend d'Oreille Are Selling Like Hot Cakes

to people who realise that this district is the one where the money is going to be made next summer.

This sub-division, 800 acres, has only been on the market a few days, and already 130 acres of it has been sold.

Why send your money out of the country, when the chances for profit are so much better right near home?

Remember the present prices asked for these lands, the very choicest in the Pend d'Oreille valley, are only

$25 to $60 per Acre

in small tracts, with one-fourth down, and balance in three equal annual payments with six per cent interest

These lands are far better than most sub-divided lands selling at $100 per acre and up.

FERNIE ENJOYS MERRY NEW YEAR

Dog Races and Curling Contests Features of Days Fun—President's Rinks Winners

(Special to The Daily News.)

FERNIE, Jan. 2.—The new year was ushered in with more than usual zest by the people of Fernie yesterday. Most of the churches held watch services on Sunday night, and at midnight the steam whistles and bells welcomed the year 1912 with a full measure of noise.

One of the chief sources of jolity yesterday was the dog races, an exercise made popular with the boys by Tom Whelan, who for several winters has been the leading spirit in keeping this sport alive. There were scores of dogs and sleds in the races brought out by the long list of prizes offered by the merchants and others to stimulate the fun. There were 10 prizes and from three to five heats had to be run in each event, so that it was dark before the last heat was finished. There were from two to half a dozen dog fights in each race, but the drivers came out of each mix-up smiling and ready to run again.

While the boys were racing with their dogs the curlers were whooping it up at a fast pace in the big rink. The local curlers divided into 14 rinks, seven with the president and seven with the vice-president. A series of seven games was played and the presidents links won out by a total score of 70 to 67, although the vice-presidents team won five games out of the seven played. It was a roaring game all through and the victors ate oysters at the expense of the vanquished at the Northern hotel last night.

The score:—President Lawe 7, G. F. Johnson 11; James Miller 6, Rev. H. Grant 10; C. E. Lyons 16. E. C. Olson 5; James Johnson 12, M. A. Kastner 13; H. J. Johnson 13, Rev. W. M. Walton 6; S. Herchmer 8, H. Brown 11; A. C. Piphardt 8, G. G. Henderson 11.

The evening was also made merry by a grand ball given by the Mazzinobile orchestra in Victoria hall, which lasted into the day after new year's. The hall was crowded and the crowd was gay.

DYSON AND HOUCK DRAW

PROVIDENCE, Jan. 2.—Young Dyson of Providence, and Tommy Houck, of Philadelphia, fought a 20 round draw tonight at the Rhode Island Athletic club. The fight for the first 15 rounds was slow and uninteresting with Houck having a slight advantage, but the next five were more active.

BRUCE RIDPATH MUST NOT CHASE PUCK THIS WINTER

TORONTO, Jan. 2.—Bruce Ridpath will not play hockey this season, and it is doubtful if he will be well enough to do so for a couple of years. HOCKEY RULING STRICT

TORONTO, Jan. 2.—At a meeting of the O.H.A. sub-committee today it was ruled that under section six of the constitution any player not in good standing with any other recognized association must have his status cleared by the association before an O.H.A. certificate will be granted.

FEAR OF DISMISSAL IS CAUSE OF SUICIDE

WALKERTON, Ont., Jan. 2.—A. Mural, postmaster of Mildmay, took an ounce of carbolic acid while temporarily deranged and is dead. He was appointed postmaster two years ago and since the September election was in constant fear of losing his position. The inspector visited his office last week and he apparently thought this was the preliminary step to his discharge.

He was about 60 years of age. Before his appointment he owned a furniture store in Mildmay. He leaves a widow and seven children.

NEW YORK, Jan. 2—Joe Coster of Brooklyn outpointed Young Shugrue of Jersey City in a slashing 10 round bout at the Royal Athletic club tonight. Coster had the better of eight of the rounds. OLD SANTA CLAUS VISITS FRUITVALE

Children Enjoy Delightful Festivities —H. B. Way Returns From Operation in Nelson Hospital.

(Special to The Daily News.)

FRUITVALE, Jan. 2.—Despite the heavy snow storms which prevailed in the early part of the week, making the trails in some instances almost impassable, sleigh loads of happy youngsters were seen plowing through the deep snow on their way to the school house on Thursday afternoon where a Christmas tree and supper had been provided for them. It would have been hard to find a happier lot of children than those assembled there that afternoon. Soon after their arrival about 70 in number sat down to a splendid supper, the tables being laden with good things.

Great fun was caused when each child received a cracker and after drawing the various things contained in each the next couple of hours was spent in Christmas games. With the lighting up of the Christmas tree great excitement prevailed. Their expectations were soon realized by the sound of sleigh bells coming nearer and nearer; when a loud rap at the door denoted some one of importance had arrived. On opening the door it was found that Santa Claus, the dear old friend of all children, had not forgotten to pay Fruitvale a visit, and after being assured that they were all very good children, he proceeded to the tree, where he dispersed toys and gifts to every child. After giving three lusty cheers for Santa Claus, he bade them good bye and promised to come again next Christmas; more games were indulged in for a short time, and when the time for going home came, each child was given oranges, apples, and a bag of candy. Three rousing cheers were then given for the ladies for getting up such an enjoyable entertainment. The room was then cleared and the grown ups enjoyed the next few hours right merrily, thus ending one of the jolliest Christmas festivities in Fruitvale.

A smoker was given by W. R. Mellard, *of the Fruitvale hotel, on Friday* evening last. Quite a crowd turned out to listen to song and story.

Mrs. H. Maltby, of Nelson, came in on the train this morning to spend the new year at the house of her mother, Mrs. M. Kidd.

C. I. Archibald, of Sayward, and W. Cooper, of Waneta, came up for the dance on Thursday evening.

Mr. and Mrs. T. Moscropp, of Waneta, spent the Christmas holidays at the house of Mrs. Moscropp's sister, Mrs. W. Palmer.

H. B. Way returned home this morning from the General hospital, Nelson, where he recently had undergone an operation for appendicitis, his friends are glad to see him back again for the new year.

Mr. Lowdell left again last week for Calgary, after spending the holidays with his wife and family on the ranch.

The Christmas mail was very heavy especially from the old country; huge parcels, puddings, cakes, etc., being received from the dear ones at home.

KASLO CHURCH CONCERT PROVES GREAT SUCCESS

Delightful Program of Songs, Duets and Dramatic Sketches Please Big Audience.

(Special to The Daily News.)

KASLO, Jan. 2.—The Eagles opera house was crowded on Friday night to hear a musical and dramatic concert in aid of St. Mark's church. The concert opened with an overture by the Young Men's Symphony orchestra which was a credit to that organization; then followed "Take a Pair of Sparkling Eyes," by H. Treby-Heale, and "Daffodil Time in Brittany" by Mrs. Treby-Heale, both receiving merited applause. E. F. C. Allen then sung "Go to Sea" in good style.

At this point Mr. Treby-Heale introduced an extra song "When the King Goes By," a splendid song, and well sung, telling of an old soldier who had fought under the late queen and who asked his attendant to wheel his chair to the window so that he could salute the king. The singer seemed to imbue the audience with the patriotic spirit of the fine old veteran, and had to come back again and repeat the last verse.

The next number was a duet, "Ah I have sighed to rest me" from Il Trovatore, sung by Mr. and Mrs. Treby-Heale. This was the best piece of the evening, Miss Cora P. Murchinson *playing the accompaniment* in excellent taste.

"Kaslo" was a trio, by Messrs. Brooks, Curle and Allen, dressed in quaint puritan costumes. It was made up of several verses of local hits, written by an unknown poet.

"Freezing a Mother-in-law," a dramatic sketch concluded the entertainment. This was a very humorous piece.

The principal parts were taken by Mr. and Mrs. Treby-Heale, in which they were well supported by Miss Carney, W. E. Harrison and H. W. Power.

GAS, DYSPEPSIA AND INDIGESTION VANISH

Diapepsin Settles Your Upset Stomach and Ends All Indigestion in Five Minutes.

You can eat anything your stomach craves without fear of Indigestion or Dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapepsin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Biliousness, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the *food you eat and leave nothing to ferment* or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapepsin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong Stomach, for you then can eat anything and everything and everything you want without the slightest discomfort or misery, and every particle of impurity or Gas that is in your stomach and intestines is going to be carried off without the use of laxatives or any other assistance.

Should you at this moment be suffering *from* Indigestion or any stomach disorder, you can surely get relief within five minutes.

ICE ON LAKES IS GIVING TROUBLE

Kokanee Will Leave Early—Change to Slocan-Nakusp Route to Coast Draws Near

During prevailing conditions on the west arm of the lake, and in order to enable the C.P.R. steamer Kokanee to get through the ice without injury, the Kokanee will lave Nelson at 6 o'clock each morning, beginning today, till the ice is *sufficiently broken up and out of the* way of the channel to permit her to get through without risk of injury to the hull.

The ice is bothering the steamers on both Arrow and Kootenay lakes quite a little, and the low water conditions on the former lake is also a source of anxiety. Unless the weather moderates shortly, the coast connections will have to be made by way of the Slocan-Nakusp route, although through navigation will be kept open as long as possible.

Even now it is not possible to make all landings scheduled on the timetables, the ice preventing the boats from a close approach to the shore. In such cases non perishable freight will be landed as close to the regular landing as possible, or *retained on board for later disposition.*

MARKETS

MARKET OPENS STRONG ON WINNIPEG EXCHANGE

WINNIPEG, Jan. 2.—The first market of the year opened strong and a fair volume of business was done at increased values, although later and near the close there was little doing. Cables from Liverpool and the continent were higher and American markets were firmer, the continued unfavorable reports from Argentine and the reduced exportable surplus from there being factors in the situation. There was a brisk cash demand for almost all grades and exporters can easily ship all that they can find space for. Winnipeg closed strong, ¾c to 1c higher.

The crops are moving rapidly, 375 cars being in sight for export and the weather forecast is fine over all the west.

TWO HUNDRED MILLION PAID

New Year Interest and Dividend Payments Tend to Assist Upward Stock Movement

NEW YORK, Jan. 2—The beginning *of the new year in the stock market* brought confidence and strength. Bullish operations were conducted with more vim than has been witnessed for *some time. Prices* were advanced in every quarter of the list. A significant feature of the day was the increase in the volume of outside business. Buying through commission houses was more active and the day's transactions rose considerably above the recent average.

Several factors operated in favor of higher prices. One of the most important was the abnormal ease of money rates. The money market showed no important change from last week's easy rates and there was no trace of the strained conditions such as *are frequent at the beginning o* the year. With no indications of a tight market for some time to come traders were encouraged to increase speculation commitments. Reinvestment of January interest and dividend payments also contributed to the increased demand. It is estimated that the amount of money thus disbursed at the first of the year is considerably in excess of $200,000,000.

Canadian Pacific today sold "exrights" to subscribers to the new issue of stock. It opened at 234 1-4 as compared with its close of 242 on Saturday with the rights, which were quoted at above $8 a share. With a good demand from London and Montreal the stock moved up more than a point. *American Tobacco was strong* jumping from 500 to 525. Active speculation in the local traction stocks was keen and Interboro-Metropolitan preferred gained 2 5-8. New York Central made an indifferent response to its November statement, showing an increase of $732,000 in net earnings

ARGENTINE SHRINKAGE SENDS WHEAT UP SHARPLY

CHICAGO, Jan. 2.—A startling shrinkage of the estimated yield in the great producing southern provinces of the Argentine sent wheat today sharply higher. Closing prices were steady at a net advance of ⅝c to ¾c. Corn finished a shade up, oats with ¼c to ⅜c gain. According to authorities the exportable surplus wheat from Argentine had suffered a reduction of more than 20,000,000 bushels, as compared with a year ago. Another prominent expert was quoted as saying that Europe had been waiting to buy at low figures the excess crop of the South African republic, but that now competition *promised to be keen.*

Despatches from the Atlantic seaboard quoted Baltimore, Philadelphia and New York contract wheat 5c to 7c under Buenos Ayres and suggested that the United States supply was fast becoming the cheapest in the world. The all-important factor was the alleged damage from black rust in four provinces of South Argentine, meaning ruin in part or total to 1,250,000 acres.

In the oats crowd there was a rush of shorts to cover. Firmness in wheat had a bullish effect and so did a decrease in the visible.

During the performance Professor Tomlinson will play selections from Harry Lauder's songs.

"FRUIT-A-TIVES" CURED HIM

They were so distressing that I almost had to give up my *business.* I went to Toronto, consulted specialists and wore glasses, but nothing did me any good and the headaches became intolerable.

I was then induced to try "Fruit-a-tives" and from the beginning, I was better, and in a short time I was quite well again—no more headaches—and I threw my glasses away.

"Fruit-a-tives" not only cured my headaches, but completely cured me of all indigestion, and restored me to perfect health again." W. J. McCOMB.

TORONTO, Jan. 2.—William K. Moore, the street railway motorman in custody in connection with the death of Mrs. Jessie Deacon, in the accident on King street east on Dec. 24, appeared on remand at the police court this morning. T. C. Robinett, K.C., his counsel, asked for a futher remand until Thursday but the crown attorney thought it would be better to postpone the hearing till Monday next, and this was ultimately agreed upon.

AT THE THEATRE

"The Merchant of Venice" Well Presented—"Faust" Tonight

Sandford Dodge and his capable company presented "The Merchant of Venice" at the opera house last evening most acceptably to an appreciative audience. The opera house management have installed two stoves in the body of the house, and besides this the doors were kept tightly closed last night, while the furnace was kept full on all day, and in consequence there was a notable improvement in the atmosphere of the house last evening over the previous night. Every effort will be made to have the house warmed up for this evening when "Faust" will be presented.

Mr. Dodge's portrayal of "Shylock" last evening was a notably excellent one throughout, and worthy of the highest praise. Miss Nickerson's "Portia" was a charming and artistic presentation. Mr. Fox was an admirable "Bassanio" and the support was uniformly excellent, the whole play being really well given from start to finish. There should be a crowded house tonight to witness "Faust" if the play is as well performed as was "The Merchant of Venice" last evening.

POLICE DECLARE LUNDY KILLED HIS WIFE

HAMILTON, Jan. 2.—The local police have just discovered something about James Brown Lundy, an old man who was found dead in Dundurn park several weeks ago, having taken carbolic acid.

It is said now that Lundy, who was raised in Brampton, a score of years ago shot his wife, she on her deathbed having made an antemortem statement in which she accused her husband. The Brampton police were never able to locate him. It was through the aid of a local newspaper man that the discovery is made now.

WOULD OUST GOULD FROM WABASH CONTROL

NEW YORK, Jan. 2.—George Gould and his financial associates will be ousted from the control of the Wabash railroad company, now in the hands of a receiver, if the plans of the protective committee for the four per cent refund bonds, headed by James N. Wallace, of the Central Trust company, are successfully carried out. This is the committee organized in opposition to the Pierce committee, representing the Equitable Trust company, trustees of the bonds whose plans to reorganize the road have received the endorsement of Mr. Gould and is supported by the banking firm of Kuhn, Loeb & Co., holder of a large amount of Wabash obligations.

Until the Equitable Trust company and *Kuhn, Loeb & Co., interests took a hand* in the affairs of the Wabash, Mr. Gould had been credited in Wall street with the sole financial management of the property, and his interest for years has enabled him to exercise a working control.

DECIDES GRAIN FUTURE DEAL NOT GAMBLING

TORONTO, Jan. 2—Whether deals in grain futures by a hay and feed merchant can be regarded as gambling transactions, is the question dealt with by the master in ordinary in an interesting judgment today. The allows the claims of the Continental Grain company of Toronto and Winnipeg against the estate of Charles Caldwell, hay and feed merchant of Toronto, for $3,244.35.

The sum represents the difference between the profits and losses on 13 transactions on the grain exchange in which the Continental Grain company acted as Caldwell's brokers. The executors of Mr. Caldwell disputed the claims on the grounds that the transaction was of a gambling character prohibited by the criminal code.

NEGROES FREED

WASHINGTON, Jan. 2—President Taft today commuted to expire at once the life sentences of Arthur Adams and Robert Sawyer, two negroes, British subjects, convicted at Wilmington, N.C. in 1906 of murder on the high seas. In a confession before his execution. Henry Scott another negro, convicted of and hanged for the same crime, completely exonerated Adams and Sawyer.

The two men had been condemned to die but President Roosevelt commuted their sentences on application from the British ambassador. The men came from the West Indies.

The murders were committed on an American schooner when four officers the master, the engineer, mate and cook and one negro seaman were killed while the vessel disabled by bad weather, was off the coast of North Carolina.
