PLANS COMMISSION ON AGRICULTURE

Hon. Martin Burrell Has Comprehensive Scheme

ANDREW BRODER NAMED CHAIRMAN

Government Losing No Time in Carrying Into Effect Its Promises

OTTAWA, Dec. 4—The Evening Journal says:

The appointment of a commission to investigate the agricultural status of the various provinces and to ascertain their most pressing needs so that the agricultural grants which the government intends giving will be expended on definite lines, is the comprehensive scheme which Hon. Martin Burrell, minister of agriculture, is understood to be at present engaged in working out. This means that the new minister of agriculture is losing no time in carrying into effect the policy outlined in the speech from the throne with regard to the encouragement to be extended by the federal government to scientific agriculture.

Andrew Broder Probable Chairman

In order to prepare the way for the granting of subsidies and to ascertain just where the money can be most effectively expended, a commission composed of appointees of the federal government, will be created to whom representations of the provincial governments and farming interests will be made.

Although no official statement as to the personnel of the commission has been given out, it is intimated that Andrew Broder, M.P. for Dundas, may get the place at its head. The appointment will be an exceptionally good one as Mr. Broder is among the farmers deeply interested in scientific agriculture.

SMALLPOX IN MONTREAL SPREADS

Danger of Epidemic Considered Serious as Infected Persons Are Concealing Disease.

MONTREAL, Dec. 4.—It looks as if Montreal were really in danger of a smallpox epidemic. This morning four suspected cases were reported to the health department. The reports came in a rather unusual way. The plumbing inspectors of the city noticed people with eruptions on their faces in four houses in which they were working on Saturday. They at once reported the matter to Dr. Lambert. What the latter fears is that there may be more cases in different parts of the city which are being concealed as these evidently were. There are at present in the smallpox hospital two cases. One of these is a notary and it was found the patient was suffering from the disease only after he had transacted a lot of business.

ELECT OFFICERS FOR LOCAL LODGE

Knights of Columbus Already Have Membership of Seventy-Five—Are Furnishing Hall.

At the annual meeting of the Nelson lodge of the Knights of Columbus the following officers were unanimously re-elected for the ensuing term:

Grand Knight, T. J. Scanlan; deputy grand knight, D. R. McDougal; secretary, L. H. Choquette; recording secretary, J. McPherson; treasurer, J. O. Patenaude; warden, P. Devine.

Although the lodge has been in existence only six months it has a membership of about 75 and is rapidly becoming one of the strongest organizations in the city. The hall adjoining the Catholic church is being furnished under the direction of a committee which consists of T. J. Scanlan, L. H. Choquette and F. W. Conway.

JAPANESE FINANCING PUTS CHINA IN QUEER POSITION

PEKIN, Dec. 4.—A sensation has been caused by the discovery that the national assembly, the Chinese foreign board, and the board of finance held three different texts of the $3,000,000 loan agreement, negotiated by Baron Cottu in behalf of the France-Belgian syndicate. This was discovered when a report of the Chinese foreign board appeared before the national assembly in secret session. It is on this loan that China's future form of government practically depends.

J. E. ANNABLE OUT FOR MAYOR

Announces Himself as Candidate in Opposition to Mayor Selous at Civic Elections.

J. E. Annable last night announced himself as a candidate for the mayoralty at the civic elections in January next in opposition to Mayor Selous, who entered the field last week. Mr. Annable in his announcement states that he is not in favor of the ticket principle, as he does not think it is in the interests of good civic government and that he would like to see in the council men who would work together for the best interests of the city. The announcement in full is as follows:

"To the electors of the city of Nelson:

"Ladies and Gentlemen: At the request of a large number of the ratepayers I have decided to offer myself as a candidate for mayor for 1912. I am not in favor of the ticket principle, as I do not think it is in the interests of good civic government. Very often a good man is defeated through being on the wrong ticket, while a weak man is elected because he joins the strong party. I would like to see men elected on the council who will work together for the best interests of the city. I am the representative of no party or section and stand for all that goes to build up Nelson.

(Signed) "J. E. ANNABLE."

M'NAMARA WRITES HIS CONFESSION

Statement Implicates Writer Only—Sentence Will be Inflicted Today by Judge Bordwell

LOS ANGELES, Cal., Dec. 4—James B. McNamara, who on Friday pleaded guilty of having committeed murder by the dynamiting of the Los Angeles Times building on Oct. 1, 1910, wrote his confession tonight and gave it to District Attorney Fredericks.

His brother, John J. McNamara, secretary of the International Association of Bridge and Structural Iron Workers who pleaded guilty to having dynamited the Llewellyn Iron Works in Los Angeles on Dec. 12, 1910, made no confession. It was said he was not asked nor expected to do so.

Before James B. McNamara's confession was made District Attorney Fredericks declared that he would not give it out until after the men were sentenced. Tuesday is set for the proceedings by Judge Bordwell. It is learned, however, that the statement implicates no one besides the writer. It deals with nothing but the actual happenings in Los Angeles. It does not describe the trip from Indianapolis west nor tell who McNamara saw after he got here, nor is the name of another person except himself brought into it.

RAILWAY HOTEL FOR PRINCE RUPERT

Grand Trunk Pacific Will Build Palatial Structure at Cost of Nearly a Million Dollars.

OTTAWA, Dec. 4.—The Grand Trunk Pacific Railroad company will at once commence the erection of a $975,000 hotel in Prince Rupert, B. C. C. W. Bergman, manager of the Chateau Laurier, chief advisor of the hotel department of the Grand Trunk, and the Grand Trunk Pacific railways, has just returned from Prince Rupert, where he went to choose a site for the proposed hotel, which, when completed, will be the finest on the Pacific coast. In design the hotel will be somewhat similar to the Chateau Laurier, and will be opened as soon as the transcontinental line is built from coast to coast, which will be, it is expected, early in 1914.

WINDERMERE LAKE CLAIMS OLD TIMER

Peter McIver Thought to Have Fallen Through Thin Ice—Early Settlers at Wilmer.

(Special to The Daily News.)

GOLDEN, Dec. 4.—The body of Peter McIver, an old timer in the Columbia valley, was taken from the icy waters of Windermere lake on Saturday by Alex Ritchie and Percy Lake. McIver was a prospector and has a large number of friends throughout the district. He and Harry E. Neave built the first two cabins in the original townsite of Peterborough, now Wilmer, many years ago. Deceased had been missing for a couple of days and it is supposed that he went through the ice near the mouth of a creek, although authentic information from the upper country is meager. He has a relative in Nova Scotia who has been notified. The interment will likely be at Windermere cemetery.

SHORT SESSION.

EDMONTON, Alta., Dec. 4.—Today's session of the legislature was a brief one and was confined to the opening of the debate on the address by the seconder, J. T. Cote, Athabasca, and Dr. Campbell, Ponoka.

SEVENTEEN WIN BY ACCLAMATION

Whitney Enters Contest With Big Advantage

MANY OPPOSITION CANDIDATES WEAK

Ontario Nominations Are Disheartening for Liberals---Last Minute Aspirants

TORONTO, Dec. 3—Sir James Whitney enters the provincial race with the marked advantage of 17 followers elected by acclamation in the provincial nominations, which took place today. In a number of other ridings the Conservative candidates are not opposed by Liberals, but will have negligible opposition from aspirants running under Independent Labor or Socialist auspices. Most of these latter are practically self-nominated and none are expected to be a considerable factor in the polling. Last minute candidates were put forward by Liberals in West Toronto and South Toronto to prevent acclamations

THE DAILY NEWS SPECIAL EDITION

Printed in part upon fine coated paper so that the illustrations will display to the best advantage the subjects portrayed and with all the natural resources and industries of the Kootenays dealt with by competent writers, the annual special edition of The Daily News promises to prove the most attractive yet published.

As in former years, special attention will be paid to the mining industry, while articles on fruit ranching and lumbering, and upon the scenic and sporting attractions of the district of which Nelson is the centre will be features of the edition.

The special number will be published about the first week in January.

WILL SUCCEED J. M. LAY.

(Special to The Daily News).

GOLDEN, B. C., Dec. 4.—J. H. D. Benson, for the past two years manager of the Golden branch of the Imperial bank, has been appointed manager of that bank at Nelson, vice J. M. Lay, and will leave here in about a week to assume his duties. Mr. Benson has won much esteem by his efficient management of the bank here and he and Mrs. Benson will be greatly missed in social circles in Golden. He will be succeeded here by Mr. Grubbe of Wilmer.

LINE SURVEYED THROUGH SWAMP

Minister Explains Suspension of Hudson's Bay Work

HE DOES NOT WANT HISTORY REPEATED

Recalls that National Transcontinental Cost Double Sum Estimated

OTTAWA, Dec. 4—A number of questions were answered by the government. As to when the government would repeal the Navy law, if at all, Premier Borden said the policy of the government would be announced in due course.

Hon. William Pugsley's two page question on the subject of the ne temere decree was again on the order paper. Mr. Pugsley repeated the questions asked by Messrs. Hughes and Taylor last session, and the answers given by Sir Allan Aylesworth. He wanted to know if the present government concurred in the opinions of the former minister of justice.

Mr. Borden said that the government regarded with the utmost consideration and respect the opinions of the late minister of justice on questions of law. As to what action the present government proposed to take, the matter had not been under consideration.

Ernest Lapointe was told that the engineers of the Transcontinental railway expected to have the New Brunswick portion of the line completed by September, 1912, and the Quebec portion from the New Brunswick boundary to the St. Lawrence river, by September 30, 1913. The question as to the operation of the line by the government before the completion of the Quebec bridge had not been considered.

Hudson Bay Railway

Dr. Neely, Humboldt, moved for all papers in connection with the letting of bonds on railway contracts and for an order issued by Hon. Frank Cochrane, minister of railways, in suspending work on the road. He said that the action of the minister, which was practically his first official act, had caused intense surprise in the west where the early completion of the Hudson Bay railway was looked upon as a matter of supreme importance. Dr. Neely reviewed the progress that had been made on the Hudson Bay project since 1908 when Sir Wilfrid Laurier made the definite announcement that the government proposed to go ahead with the work.

The prime minister when in the west last summer, had told the people that if returned to power his government would build and operate the line. Yet the first act of the new government had been to stop work on the contracts let by the late administration. Mr. Borden had also promised that the Hudson Bay railway would be completed in four years, and the action of the minister of railways would not assist him in making his reputation as a man who kept his word.

Mr. McKay, Conservative member for Prince Albert, said that he was prepared to endorse some of Dr. Neely's statements as to the necessity for the construction of the Hudson Bay railway. He was not prepared to agree, however that the present government had done wrong in stopping the contract. Had Mr. Neely been as zealous in the last few years as he was now more progress might have been made with the railway.

Hon. Frank Cochrane, minister of railways, who spoke briefly, said that the government proposed to carry out any promises made in regard to the construction of the line to the bay. Representations had been made to him, however, that the first section of the line ran in part through a deep swamp and that it might be possible to select a better route. The contract had been held up in order that an inquiry might be held. There would be no more delay than was necessary to check up the surveys.

"What," he said, "have I to show that the existing surveys are any better than those on the N.T.R."

In nearly every case on that line, the estimates as to the cost had been doubled. In conclusion Mr. Cochrane stated that this was undoubtedly an important work and it was his duty to see that it was started right and with no more delay than necessary.

FIRES HOT SHOT AT ANTI-TRUST LEAGUE

Representative Littleton of New York Cheered at Opening Session of Congress—to Investigate

WASHINGTON, Dec. 4—Congress reassembled today. It inducted into office two new senators and five new representatives and then the lower branch presented the sensational spectacle of an opening day phillipic, a speech by Representative C. W. Littleton of New York, a Democrat, who for 70 minutes inveighed against the so-called American Anti-trust league. The organization had attacked him in connection with his attitude towards [illegible] called steel trust, to which Democrats and Republicans alike accorded round after round of applause. Republican Leader Mann in a resolution affirming the respect in which the New York member was held, called for a formal investigation of the efforts to blacken the character of Mr. Littleton.

It was the regular session of the 62nd congress, a session expected to be replete with remarkable developments and which may stretch over a period longer than the usual meetings of congress. The session is to deal with the tariff, trusts, currency, arbitration and a host of other big problems but all the activity will be with a view to the effect on the coming presidential campaign.

HOCKEY MAGNATES CHANGE RULES

National Association Provides That Full Teams Will Always be on Ice

MONTREAL, Dec. 4—At the meeting of the National Hockey association two important steps were taken. George Kennedy's candidates were limited to French Canadian players, while the other clubs in the league will not be allowed to have players of that nationality and drastic changes were made in the penalty rules. In the future the public will always see two full teams playing. There is to be no ruling off as at present. Fouls are divided into two classes, major, those which might incapacitate an opposing player, and minor, infractions of such rules as that against loafing offside.

For a major foul, a man is to be expelled from the game and fined $5, his place being taken by a substitute. The $5 fine is to be automatic and its infliction does not take away from the president the power to inflict a heavier fine if the case warrants it. After a player's fines total $25 his case may be taken up by the executive and he may be expelled from the league.

For minor fouls the referee may give three warnings, after that the offender is to be expelled from the game, fined $5 and replaced by a substitute. The referees are to be appointed by President Quinn from lists to be drawn up. The O'Brien cup is the official trophy of the league and to compete for any other trophy the club must secure the permission of the league.

THREE MEN KILLED AT NICOLA MINE

Foul Air Suffocates Miners at Middlesboro Collieries—Victims Were Making Airway

(Special to The Daily News.)

VANCOUVER, B.C., Dec. 4—A special *from Merritt, B.C., says three men* were killed in a chute of No. 7 level of No. 2 mine of the Nicola Valley Coal & Coke Co.'s, Middlesboro properties on Sunday. They are Dusan Wurmirovitch, a Servian, aged 25; Robert Dishart, a Scotchman, aged 28, and Alex. Thompson, aged 17.

The accident occurred one hour after the second shift had started work. The bodies were found huddled around the fan. Thompson's work was turning the fan to force out the foul air. The men were driving a tunnel to make an air way. It is the first accident since Charles Graham was superintendent.

BANQUET MINISTER OF LANDS AT FERNIE

FERNIE, Dec. 4.—A smoker was given in honor of Hon. W. R. Ross, minister of lands, who has been visiting Fernie friends for a few days, on Saturday night in Bruce's hall. There was a large turnout and a program of songs, speeches and recitations was rendered. Mayor Bleasdell occupied the chair.

Hon. Mr. Ross made a rousing speech, dealing with subjects of general as well as local importance. The meeting broke up in time for Mr. Ross to catch the east bound train, upon which he left for Chicago to attend the International Irrigation convention which meets in that city this week.

The annual meeting o fhte local Conservative association will be held tonight when officers for the ensuing year will be elected.

LONDON, Dec. 4—The disposal sale of J. R. Keene's race horses began at Newmarket today. Runnymede, Cataract, Outram, Simulum, Junina and Matushka sold for an aggregate of $45,250. Of the total Runnymede accounted for $18,175 and Cataract for $14,455.

OIL FOR MAIN LINE ENGINES NEXT YEAR

Necessary Tanks Are to Be Erected at Once

RECORD AMOUNT OF WORK PLANNED

George Bury Announces Plans of C. P. R. for British Columbia

(Special to The Daily News.)

VANCOUVER, Dec. 4.—Vice President George Bury of the C. P. R. is here to decide what plans for next year's improvements on lines throughout British Columbia will be laid before the board at Montreal next month. He says that the company will do more work in the province next year than in any previous year. He declares there will be no shortage of coal in the prairies.

"There was 80 per cent more coal brought in via Lake Superior ports than ever before and there is no danger of the people of the prairies running short of fuel this winter. The railroad spent over $1,500,000 by sending Pittsburg coal as far west as the mountains for its own use, so that when the Crow's Nest mines open up again the total output may go to the people. This was done so that there might be no possibility of a coal famine.

Regarding the report that the C. P. R. is planning to put oil-burning locomotives on part of its lines, Mr. Bury said: "Plans have been made looking to the use of oil as fuel on all locomotives running between Kamloops and Laggan. Oil will be a more expensive fuel, but we are actuated in making the change, first, to lessen the labor of firemen, and next to aid in the conservation of the timber along the line of the railway. We hope to have the necessary tanks erected at once, and the engines converted by next spring."

UNITED ACTION ON MINING QUESTION

British Columbia Members at Ottawa Are Considering Resolutions Passed at Convention Here.

United action by the British Columbia members in the Dominion parliament is promised by one of their number on the resolutions passed at the recent mining convention held here, in a letter to E. K. Beeston, secretary of the board of trade.

Mr. Beeston has received replies to practically all the communications he sent out regarding the resolutions passed by the meeting and careful consideration of the welfare of the silver-lead-zinc mining industry of the Kootenays is promised.

BANK OF MONTREAL DIVIDENDS TO RISE

Rest Account Above Paid up Capital Will go to Stock-holders—R. V. Meredith General Manager.

MONTREAL, Dec. 4.—At the annual general meeting of the Bank of Montreal today, President R. B. Angus announced the resignation of Sir Edward Clouston as general manager and appointed in his place R. Vincent Meredith. Sir Edward has been general manager for 2 years and has been 43 years in the service of the bank.

The important announcement was made that henceforth the rest account would not be permitted to exceed the paid up capital but that the surplus would be divided among the shareholders.

GIVES PRACTICAL LECTURE ON DOMESTIC SCIENCE

Mrs. James Johnstone, president of the Farmers institute, opened the demonstration meeting at the Women's institute room yesterday afternoon with a short speech, in which she congratulated the ladies on the large attendance and their untiring enthusiasm shown at all tiffes in their work. Miss Livingstone then began her demonstrations on milk and vegetables, taking up all the known varieties, their chemical constituents and the effect of each on nutrition. The milk was cooked and analyzed. With the aid of a chart Miss Livingstone explained how meat should be cut, and also gave recipes for curing and cooking it. The lecture ended with sauces and their foundations, and then every one was served with a cup of hot soup. About 75 ladies were present. The second lecture of the series will be held this afternoon at 3 o'clock.

Piping Hot Water Always Ready

for every occasion, with the Kootenay Steel Range, without "driving" the fire or wasting fuel. The generous firebox is built so that the water heats very rapidly as it passes through the water front, and gives a plentiful supply. STRIKE RICH ORE ON DEWEY MINE

Bimetallic Looking Well—Placer Claims Being Developed on Hall Creek —Strike on Dundee

(Special to The Daily News.)

YMIR, B.C., Dec. 4—The trail to the Lost Cabin mine has been completed and the necessary cabins erected. Supplies are now being packed in for the winter. It is understood that a crew has already been selected to carry on development work through the winter months.

The Bimetallic is now working full blast under the foremanship of G. H. Bull.

The flume at the Yankee Girl is nearing completion and a new compressor is about to be installed and everything should be in shape by the first of the year to go ahead with development.

The Dundee operators have found it necessary to put on an extra mucker so fast are the machines carrying the long tunnel ahead. This tunnel when completed will encounter the enormous ore body at upwards of 900 feet depth.

Very little information if any is given out as to what is going on at the Wilcox mine, but locally it is said that a very rich strike was made during the summer at considerable depth and that it has never been worked out is a certainty as purely development work has been going on ever since.

A rich strike was made during the middle of last week upon the Dewey, on Jubilee mountain, two miles from town by the owners John and Arthur Campbell. The whole face of the tunnel is now in ore, which shows considerable galena, the assays of which ran high.

The ground was once owned by Ed. Peters and partner, but not meeting with encouragement in the way of values was allowed to revert to the government some four years ago. Later it was relocated by the present owners and the work continued where it had been left off, and a tunnel started lower down the hill with results as reported above.

The Nevada on Porcupine mountain, just south of the Dewey and owned by D. E. Grobe, is showing up good ore as are also the adjoining claims owned by Anderson Bros.

Peter Peterson who owns placer claims between Hall siding and Ymir received a lot of supplies last week intending to carry on extensive development work all winter. Mr. Peterson has very rich placer diggings and when everything was well under headway was burned out by the big railway.

It is very gratifying to us to know that our efforts to place this splendid property within the small investors' reach has met with such approval. This *also proves, if such were necessary, that the small investors of the Kootenay* fully realize the merits of the gilt edged proposition as represented by North Maryland.

We hope that the people who have made application to purchase will exercise a little patience in waiting for their agreements. The success of the first two days of the campaign has placed us under the necessity of increasing our office staff, but in spite of this it will take a few days to allot the reservations already received and to deliver agreements of sale for same. Mr. Wage Earner We Are Giving You a Chance

You cannot afford to miss, this is not a one man, or one company proposition we are placing within your reach for the paltry sum of $5.00. Our proposition is one of the greatest that ever happened, in fact it is very seldom such an event occurs in the lifetime of the average man. Sit down and size it up yourself.

Don't Believe It Because We Say So

Millions upon millions of dollars are being poured into South East Calgary. Don't be fooled though on this point, we **Said South-East Calgary,** and who are the people back of these millions. A city council, three of the biggest railroad corporations in the world. Scores of manufacturers. Wholesale houses and some of the biggest, richest men in the Canadian west; and last but not least **we are back of the proposition we are offering you. $5.00 down and $5.00 per month** means just this: **all these millions are working to make profit for you.** Again we say such a chance seldom happens. **Grab this one.**

W. D. Busk Says

That "launch A, which has just been fitted up at our factory, is the fastest and most up-to-date livery launch on British Columbia inland waters." This is a pretty strong assertion, but it is only necessary to see this beautiful and thoroughly equipped launch to prove the assertion correct.

Here's a description of it, cut very short:

Capacity 20 persons—speed 16 miles—Electric lighted—Heated thoroughly from engine exhaust by special installation—upholstered in Velours and carpeted—Fire extinguishers and Kenyon life cushions—Conboy carriage storm top, rain and wind proof. Pretty swell, isn't it?

Equipped and fitted up for winter use. Comfortable and absolutely safe in all kinds of weather.

$50,000 Stock

Of Magnificent High Grade Merchandise at Your Mercy

THIS is the announcement that was promised you in Saturday's issue, and in making it we believe and we know that we are making an announcement that will mean a saving to the people of this city and vicinity of thousands of dollars, coming as it does at this particular season.

Mr. J. J. WALKER, Your Old and Reliable Jeweler

noted for his wonderful jewelry values in the past, which have been made possible, first by his great buying power, which reaches to the farthermost parts of the world; second, by his principle of low profits and fair dealings. He has decided to make a change in his business, and in order to do so he will dispose of his entire stock at cost and in many instances far below cost. Mr. Walker has secured the services of an expert stockman, who has gone through the entire stock and slaughtered it, marking goods at whatever prices he thinks they will bring, and bring quickly, regardless of cost. You have seen many opportunites in real estate, mining and other things slip through your fingers, but don't let this chance to fill some long-felt want at your own price go by unheeded.

A Bona Fide Unloading Sale

Nothing will be held back. Everything must go. The store will open on Tuesday morning at 10 a.m. Following are a few of the bargains you will find here. We only wish we could mention more here.

Diamonds

First we want to call your attention to our stock of Diamonds $15,000 worth of steel blue white First Rivers Diamonds, perfect gems, and the most beautiful productions known to the diamond cutters' art. From the blue clay of African Kimberley to the diamond markets of Europe and thence here, that is the history of every diamond in our stock. Rings, brooches and other jewelry of the most exquisite designs and every piece a masterpiece in itself, set with the beautiful gems. A diamond is the secret of a man's perfect gift to a woman; its brightness gladdens her heart and it is a worthy token of affection, a lifelong remembrance, and a constant satisfaction. Imagine the delight of your wife, your daughter, your sister, your mother and last but not least your sweetheart, to receive one of our perfect diamonds.

A CONTEST FOR THE MAYORALTY

The announcement of Mr. J. E. Annable that he has entered the field as a candidate for the mayoralty of Nelson for the year 1912 ensures an election in January, and will, no doubt, cause a thorough discussion of civic affairs. An interesting feature of the address in which Mr. Annable announces his candidature is the statement that he is not in favor of the promulgation of a "ticket," and that his candidature will not be in conjunction with any aldermanic "slate." He believes that the slate system is not conducive to an able administration of civic affairs, as he is of the opinion that a capable candidate may be defeated through being associated with *less desirable colleagues, while a weak* man may be carried to victory through the popularity of those with whom he is associated. For himself, Mr. Annable declares that he is the representative of no party or section, and that he is prepared to support all that is calculated to promote the prosperity of the city.

Early announcement of their candidature by aspirants for municipal office is desirable in the public interest, on account of the opportunity that it offers to the electors to acquaint themselves with the civic situation and to weigh the claims of the contestants.

COLUMBIA RIVER SCHEME DESERVES EARLY ATTENTION.

No country is endowed with more magnificent waterways than Canada. They are the original arteries of transportation which permitted the earliest exploration and settlement of the country, and although the building of railways has made their use of secondary importance, they have played a most important party in the development of the country, and their usefulness is by no means at an end. Many schemes are under consideration for improving and making yet more useful the natural channels of communication which stretch half across the Dominion, and with the fruition of these projects the availability of water transportation will be increased.

The enormous expenditure annually incurred on account of the waterways of the Dominion indicates the importance still attributed to them by the Ottawa parliament. Last year the sum expended upon public works of the Dominion amounted to some $12,000,000, of which harbors and rivers, dredging plants, slides and booms, accounted for some $7,750,000. The expenditure in the main is probably justifiable. The St. Lawrence and Great Lakes routes are of much importance to the Dominion as a whole, and most of the smaller canals and waterways are at least of local benefit. In many cases the construction of railways has robbed the water systems of much of their traffic, but as an alternative route and as a regulator of freight rates the waterways serve a useful purpose that probably justifies the cost of their upkeep. Whether the projected deepening of the Saskatchewan and the construction of the Georgian bay canal can be defended on the score of utility will no doubt be carefully considered by the government before it decides to embark upon works of such great magnitude.

British Columbia is well provided with waterways that have been, and still are, of immense importance as a means of transportation. Owing to the contour of the country and the extraordinary difficulty encountered in building roads and railways, British Columbia has been more dependent upon waterways than any other province, although Ottawa has been slow to recognize this fact and has not given the water system of the province the attention that its utility deserves.

There is every reason to expect that under the Borden government this discrimination will be removed, and that projects in which the welfare of the province is bound up will be given due attention. One of these projects is the scheme for the deepening of the Columbia river. The idea appears to be feasible, and if the United States government attends to the question of navigability from Portland to the international boundary, as it is expected to do, the deepening of the river from West Robson to Revelstoke might be a matter of extreme importance. In any case, British Columbia has good ground for asking that the project be given attention, and that preliminary surveys, that will *demonstrate* the extent to which it may be feasible, be made before the government commits itself to costly undertakings of a similar nature in other parts of Canada.

Not Salts, Oil or Pills But Cascarets

No Odds How Sick Your Stomach; How Hard Your Head Aches or How Bilious—Cascarets Make You Feel Great.

You men and women who somehow can't get feeling right—who have an almost daily headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping clean inside with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gasses; take the excess bile from the liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your entire family feeling good for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

BUILDING ACTIVE AT CRANBROOK

New Houscn Blocks Will be Completed in January—Improved St. Eugene Hospital.

(Special to The Daily News.)

CRONBROOK, Dec. 4.—Work on the new Hanson block is progressing. The plaster is about dry and the large plate windows will be put in next week. The building will be ready for use about he first week in January. The Royal Bank and Beal & Elweel will occupy rooms on the main floor. The third room on this floor is at present not rented. The second story will contain rooms for the Cranbrook club, R. B. Benedict and other business offices. The third story will be used for sleeping accommodation by the Queen's hotel.

R. P. Moffatt has secured a three year lease of the premises on Baker street occupied by Beale & Elwell. On the latter firm moving into their new quarters, Mr. Moffatt, who has been engaged as a machinist with the C. P. R. here for the past 10 years, will open up a variety store

Campbell and Manning's new brick clad block on Hanson avenue is being pushed ahead rapidly. There is, however, a few months work on it yet.

The brick addition to the St. Eugene hospital is almost completed.

Archie Waller's new brick residence is about completed.

Give Handkerchiefs for Christmas Presents

We import them from Ireland for this purpose. A dainty piece of linen artistically embroidered or severely plain combines the two essentials of the ideal gift—beauty and utility.

We are showing a most extensive exhibit of handkerchiefs for gift purposes—singly, in cartons of three, and in boxes of half a dozen.

Here are plain hemstitched squares of linen, pretty cambric affairs with an appropriate initial in the corner, airy-fairy lace effects, artistic creations in real hand embroidery—all kinds—all prices—all sizes—for men women and children.

And even though Christmas is still three weeks off—remember they will fly like wind and that assortments will never be more complete or satisfying than now—so our advice to you is—shop early today if possible.

A Kootenay Lake Beauty and a Sound, Sensible Proposition

An improved fruit farm of 93 acres situated on the Main Kootenay Lake, about half way between Nelson and Kootenay Landing, with quarter of a mile lake frontage.

With the exception of about 15 acres of grazing land the balance of this land is of the very best style and quality. It is level, free from stone, and has just enough slope towards the lake for a fine irrigation system.

This land positively does not require irrigation for orchard purposes, but as an insurance water is already laid on this property with a registered right of 32 inches.

The rainbow trout and salmon fishing at this part of the lake is unsurpassed, and the hunting grounds for big game are immediately adjacent to this property.

As a money-making fruit farm proposition it cannot be beaten; besides the price is so low that the natural increase in the value of the land will pay a handsome premium on the investment.

There are 15 acres cleared, 12 of which are planted with apple trees of standard varieties, and the majority of them bearing.

There is one acre of strawberries, and one acre of black currants and other small fruits. Barn and small frame, comfortable dwelling. This is considered one of the best located properties in Kootenay district, and at the price quoted is an investment well worthy of investigation by people who desire to locate here on a property already improved and one which is producing an income. Local values would justify the owner asking $12,000, but his price for a prompt sale is $8,800. Reasonable terms.

Plans and other information furnished on request.

MAROONED ON ISLAND IN COLUMBIA RIVER

Three Strangers Suffer Intensely When Accident Makes Boat Helpless in Icy Waters

(Special to The Daily News.)

REVELSTOKE, B.C., Dec. 4—Mr. and Mrs. Girling and their eldest boy have the warmest congratulations of the comunity on their fortunate escape from a most horrible fate. Mr. Girling is the school teacher at Hall's Landing and is a stranger in this district, having taken up his present duties at the opening of this term.

When endeavoring with his family to cross the ice choked waters of the Columbia river from a point near the C.P.R. water tank, the loss of a rowlock left his boat at the mercy of the stream. The night was bitter cold and the lonesomeness and terror of their position extreme. Fortunately they were cast upon Cottonwood island and were lucky enough to make a landing on its ice fringed shore.

Their cries were heard by Dave Anderson and it must ever be a source of gratification to him as well as to Messrs. Jamieson, Fisher and Armstrong, whom he called to his assistance that he was thus instrumental in saving these three lives.

The actual rescue was made by Mr. Armstrong and Mr. Fisher, after all four gentlemen had had a most strenuous time in obtaining and launching a leaky boat the only one to be had at this unfrequented spot.

Mr. Girling and family had been exposed on the island for three hours when they were rescued and it was almost 1 o'clock in the morning when they succeeded in reaching Arrowhead in a half perished condition.

MARKETS

WHEAT MARKET VARIES

WINNIPEG, Dec. 4.—Cables at the close of the Liverpool market showed that the market was ⅝c to ½c lower on bearish foreign news. Reports from the Argentine were most conflicting. At the opening the cash demand was decidedly weak, but an improvement took place toward the close and the demand became strong for lower grades. There was a fair export trade by both rail and water. Locally conditions were decidedly in favor of the bears. The inspections for the month of November issued today showed that there had been an increase of 5,591 cars inspected over that of last year. The report of the stocks at Fort William had not arrived when the market closed. The demand for commercial grades was strong, the market closing ½c higher on all grades. In the futures for contract grades, however, the market was very weak all the morning and the close arrived without making much change in the figures. December closed ⅞c split lower, May (old) ½c lower, and May (new) ½c split lower after a narrow market.

Chicago wheat was ¼ to ½c lower. Minneapolis was ¼c to ⅝c lower at the close. December oats closed ⅞c lower, while May was ½c down at the close at Winnipeg, while the Chicago market was ⅛c to ¼c lower at the close.

REFORM MAYOR TAKES OFFICE IN PHILADELPHIA

PHILADELPHIA, Pa., Dec. 4—Rudolph Blankenburg, "the war horse of reform," was installed as mayor of Philadelphia today. The ceremony took place in the common council chamber and was witnessed by throng as large as the chamber would hold. Coincidently the other city officials elected last month assumed their duties. Curtailment of the city's expenses by saving in salaries and abolition of certain bureaus is expected to be one of the first moves by Mayor Blankenburg. It is declared by experts that nearly $1,000,000 can be saved.

WOMAN SHERIFF DISCARDS BADGE TO MARRY

UNIONTOWN, Pa., Dec. 4—Miss Lucy Beech Johns of this city, who is said to be the only woman deputy sheriff in the United States, resigned her position today in anticipation of her early marriage to John C. Grier, a Pittsburg travelling man. Miss Johns has been deputy sheriff of Fayette county since the beginning of the year. At the time she took the oath of office she received a handsome gold mounted revolver and a badge studded with jewels. Since that time she has assisted in the capture of several men, including a murderer who had escaped from the county jail.

Hudson's Bay Company Gift Certificate

THIS IS HOW THEY SOLVE THE GIFT PROBLEM.

Suppose you have someone to whom you are going to give a present at Christmas. You pay incsah to us the amount you desire your present would cost. We make out the certificate, stating amount deposited, the name it is in favor of, and your name. On a slip attached to the certificate you may express your Christmas regards. So you see it is a Christmas letter as well and a gift combined. You slip the certificate into an envelope provided, address, and away it goes.

The recipient presents it at any of our stores where it will be honored for the full amount. In this way it allows the person individual selection. These certificates are on sale in this store.

The Company Has Stores in the Following Places, Where They Will Be Honored: Calgary, Edmonton, Fort William, Kamloops, Kenora, Lethbridge, Macleod, Nelson, Pincher Creek, Portage la Prairie, Qu'Appelle, Vancouver, Vernon, Yorkton, Winnipeg.

An Innovation in Oil Heaters

The Perfection Smokeless Oil Heater, with its drums enameled in turquoise, is an ornament to any room, whether in the country or city home.

No home is quite complete without a Perfection Oil Heater. It is a necessity in the fall and spring, when it is too warm to start the regular heating apparatus, and too cool to be without heat. In the midst of winter it is often convenient as an auxiliary heater, as there are always some cold corners in a house.

The enameled heater always presents a nice appearance, as the enamel will not tarnish or burn off. It is not an "enamel paint," but it is the same as the enamel of your cooking utensils.

The Perfection is the most reliable and convenient portable heating device you can find. An automatically-locking flame spreader prevents turning the wick high enough to smoke.

NELSON NEWS OF THE DAY

Mrs. F. Norris left on Sunday for a visit to Edmonton.

Mrs. C. J. Vickers, 620 Mill street, will not receive today.

R. F. Gerralls leaves this morning on an important business visit to Winnipeg.

There will be a meeting of the Library board at 8 o'clock tomorrow evening.

H. Lapointe of the Lakeview left Sunday on a two months' visit to Quebec.

G. H. Alyard, manager of the Standard mine at Silverton, is registered at the *Strathcona.*

R. J. Steel will this morning move from the Griffin block to new offices over E. K. Strachan's plumbing store.

The Ladies' Aid of St. Paul's Presbyterian church will hold their regular monthly meeting tomorrow afternoon at 3 o'clock.

J. M. Doyle, assistant superintendent of the Marcus division of the Great Northern, arrived last evening and is a guest at the Hume.

Today's Y. M. C. A. gymnasium classes are: business men, 8:30-9:30; intermediate school, 3:30-4:15; junior school, 4:15-5; leaders' corps, 7:30-8:30.

The change of program at the Empire this evening will include: "The Modern Messenger Boy," Essanay; "Love and Duty," Kalem; "A Victim of Hate," Essanay. Good music will be provided.

The regular meeting of Aberdeen Hive No. 12, L. O. T. M., will be held tomorrow evening at 8 o'clock. All members are asked to be present as the election of officers for the ensuing year will take place.

All members of Nelson Temple No. 10, Pythian Sisters, are requested to be at the K. of P. hall at 9:30 tomorrow morning to attend the funeral of their late sister, Mrs. Elizabeth Heddle.

The winter sittings of the supreme court will open at 11 o'clock this morning, Chief Justice Hunter presiding. The first case on the list is Devlin vs. Wells. C. R. Hamilton, K. C., is for the plaintiff and Fred C. Moffatt is for the defence.

Queen City Rebekah lodge No. 16 I. O. O. F. will meet tonight at 7:30 o'clock. All officers and members are requested to be present as the officers for the ensuing term will be elected, after which there will be an initiation and a social.

During the week ending Nov. 31 the Nelson street railway carried 6,460 passengers, amounting with mail and sundries to $238.39, or an average of $70.69 per m'l. The aggregate traffic from July 1 makes a grand total of 427,551 passengers and $5,650.20, or $86.26 per mile per week.

The Kootenay Fruitgrowers' union is distributing a large number of samples of local grown apples to callers at the warehouse on Front street, who are on their way to the old country for the Christmas holidays. It is thought that much valuable advertising may be accomplished in this manner.

A very successful practice of "The Pirates of Penzance" was held last evening and another full rehearsal has been called for this evening at 8 o'clock in the Catholic parish hall. Every member of the cast is requested to be present promptly so that the opera may be put on from *start to finish without a hitch.*

The regular meeting of the Overseas club will be held on Thursday evening, and after the business is attended to an informal dance will be held in Eagle hall. This is open to all who care to attend and tickets are on sale at the Star Grocery, the Canada Drug & Book Co., and from the members of the entertainment committee, comprising C. G. Broadwood, Mrs. James O'Shea Mrs. Hugh Robertson, Mrs. W. Webster and Percy Joy.

In a letter to the Kootenay Fruitgrowers' union in which he thanks the union for the presentation of fruit made at the opera house during his concert here recently, Mark Hambourg, the famous pianist, says: "I was delighted to see what remarkably fine specimens of apples, both as regards color and flavor, you grow in your wonderful country. I have not seen more beautiful apples anywhere."

The death of Mrs. Eliza Heddle occurred at her residence at Fairview on Sunday morning at the age of 59 years. She leaves one son and one daughter, David T. Heddle and Mrs. R. Ward, both of Nelson. The funeral will take place at 10 o'clock tomorrow morning in the K. of P. hall and will be conducted by the Pythian Sisters and Rev. B. S. Logie of St. Paul's *Presbyterian church.* All Pythian Sisters and Knights of Pythias are asked to be in attendance.

One of the features of the great sale of merchandise and jewelry at J. J. Walker's store this morning will be the wonderful bargains in diamonds at prices to suit all purses. All the stones offered are of the finest quality.

Among some interesting subects being shown at the Gem theatre this evening are: "The King-Emperor off to Durbar," a very appropriate picture at the present time. "The Aggressor," a fine Imp feature; "Woman," a good Yankee drama; and "Bertie Has a Free Ride." "The Courier of Lyons," one of Pathe's great features will be shown later in the week.

The Doctor's Question

Much Sickness Due to Bowel Disorder

A doctor's first question when consulted by a patient is "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Rexall Orderlies are a positive pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we *promise to return the purchaser's* money in every case when they fail to produce entire satisfaction.

Rexall Orderlies are eaten like candy, they act quickly and aid in producing a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea, or other annoying effect. They are especially good for children, weak persons, or old folks. Three sizes, 10c., 25c., and 50c. Sold only at our store—The Rexall Store. The Poole Drug Company, Ltd.

Diamonds

There must be quite a satisfaction in buying diamonds of a firm that never misrepresents; that makes no foolish statements; that writes no misleading advertisements; that always keeps its promises and gives to its customers what *they pay for.* We are selling diamonds all the time. It must be our reputation, gained by honorable dealing in Nelson for 10 years that does it, helped by the uniformly fair prices at which everything is marked. We have a great variety to select from.
