HEAR R. F. GREEN AND SCHOFIELD

Federal and Provincial Members Speak at Proctor

CANADA TO FRONT ON NAVY QUESTION

Lumber Industry Must Be Protected--American People Not Behind Canal Bill

"You'll make a pretty good team, Bob."

This remark from one of the audience during a speech by R. F. Green, member for Kootenay, in which James H. Schofield, M. P. P. was referred to in complimentary terms at the Labor day picnic under the auspices of the Proctor and District Conservative association at Proctor yesterday struck the keynote of the sentiment at the gathering.

Both Mr. Green and Mr. Schofield were received with round after round of applause and their speeches were frequently interrupted by cheers.

Confidence that Canada would not take a back seat when it came to aiding the old country in the matter of the navy, a declaration that if the courts decided against the lumbermen in the customs case now under consideration it would be for the government to protect the prairie markets for the industry in Canada and the expression of the belief that British Columbia had not hitherto received from the Dominion consideration in proportion to the amount of revenue paid by the people of the province, were some of the chief points in Mr. Green's speech. With regard to the Panama canal bill Mr. Green deprecated harsh criticisms of the people of the United States whom he said would not authorize the breaking of the Hay-Pauncefote treaty.

On the platform with the speakers were H. E. R. Bedford, president of the association; W. J. Robb, representing the Kaslo Conservative association; J. H. Hoyle of the Queen's Bay Conservative association and A. B. Shannon of the Willow Point Conservative association.

Although the weather conditions were unfavorable a number of residents of Nelson and the west arm, went to Proctor on the steamer Moyie, which made trips in the morning and afternoon, while many others from Kaslo and points on the main lake contributed to the success of the celebration.

Mr. Schofield's Hard Work.

"My good old friend, Mr. Schofield, to use a western expression, is a little bit smooth," remarked Mr. Green in opening his address. "This riding has on more than one occasion given him such an ample majority and yet he tells you that you have not come here to hear him but to hear me. He is a very modest young man."

Mr. Green continued that Mr. Schofield had not told them what he had done for them, he had not told them that no member of the local house had worked harder nor more consistently to meet the needs of his riding than Mr. Schofield. "You'll make a pretty good team, Bob," ejaculated one of the audience.

When the applause which followed the interruption had subsided, Mr. Green continued that Mr. Schofield also had not told them that the attention that British Columbia was receiving in the old country was due to a very large extent to Sir Richard McBride. The premier, he said, was largely responsible for bringing to the attention of the old country not only British Columbia but Canada as a whole. British Columbia during the 27 years that the speaker had been in the province had never been better governed than it was at present and he believed that it never would be. And it would continue to be well governed as long as the electorate sent such men as Mr. Schofield to the legislature.

Thanks for Election.

Mr. Green expressed his thanks for having been paid the great compliment of being sent to Ottawa by acclamation. He was not living in the riding when he had been nominated; the convention, in fact, had met the morning after he had arrived in Nelson from the coast and he had not asked a single man for a vote, yet he had been nominated and then elected by acclamation. He therefore had to thank the people of Kootenay for the greatest compliment that had ever been paid him in his life and he did so sincerely.

Congratulates Settlers,

When he looked over the west arm and saw the remarkable development that had taken place in the past few years he felt that the people of the district had to be congratulated, not only upon having such a glorious country, but also upon the men who had made a smiling garden of what was a few years ago a wilderness.

Referring to public works, Mr. Green remarked that with the exception of wharves and aids to navigation, there was little for the Dominion government to do. His recollection was that until about five years ago there were practically no wharves on the west arm and that much of what had since been done had been by the provincial government. The local government did not have to carry out such work but had done so simply to aid the settlers and he thought deserved much credit for so doing.

To Meet People Personally.

After observing that he was in this district for the purpose of meeting the people and discovering their needs, the speaker declared that he believed that the people of British Columbia were paying more toward the revenue of the Dominion than they should in proportion to what they had been receiving, but expressed his belief that if proper representations were made to Ottawa they would get what they were entitled to.

Toward the end of October and during the early part of November, Mr. Green said that he would make an extended tour over the whole of Kootenay. He believed that by meeting the people personally he could secure a much better idea of the needs of the constituency than by correspondence. It was for this reason that he proposed to make this tour before going to Ottawa for the session.

In this connection he would like to make one or two remarks. Rome was not built in a day and since the present government had come into power under the leadership of Rt. Hon. R. L. Borden much had been accomplished and the government had been endeavoring to get into touch with the needs and requirements of the different parts of the Dominion; the point that he would like to make was that when this district made any representations to the government through the speaker everything could not always be accomplished in the immediate future. But if his constituents would only bear with him and the demands were just they could have confidence that he, Mr. Green, would accomplish what was desired before he quit.

Congratulates Association.

He congratulated the Proctor and District Conservative association upon the efforts which had been put forth to make the picnic a success and expressed his regret that the gods had not been more propitious as regards the weather. But this was a matter for which they were not responsible and he heartily congratulated the association upon the success which had been achieved.

When the Conservative party was not as prosperous in British Columbia as it was today they did not hold picnics nor conventions. This year would be held the seventh annual convention of the Conservatives of the province. To these gatherings all Conservatives were invited and opportunity was given for the members of the party to express their opinions and for those from various parts of the province to exchange ideas and to feel that the party was united. Picnics could accomplish much in the same way locally as conventions accomplished provincially. For this reason he was very much in favor of such gatherings as that which he was addressing.

Protection Means Prosperity.

Coming to the broader questions affecting the whole Dominion, Mr Green remarked that the revenue of Canada was growing by leaps and bounds and he could assure his audience that the Conservatives were not doing anything to prevent this expansion. The present finance minister Hon. W. T. White, had shown an aptitude for the position and a large amount of Canada's bonded indebtedness had been paid off. During past years the country had prospered, he said, in spite of the Liberal party, as it was the policy of protection which had made Canada as prosperous as it was today.

If there were one province in the Dominion which might cavil at the

(Continued on page four.)

GETS RIGHTS OVER GREAT NORTHERN

Canadian Pacific Secures New Freight Route

EXTENSION TO BE BUILT TO WANETA

Line to Trail Will Cost Three Million Dollars, Say Engineers

In order to avoid three mountains and to get a water grade from Kingsgate to Grand Forks, the Canadian Pacific will build additional mileage through the northwestern part of the state of Washington and will utilize the Spokane International, Idaho & Washington Northern and Spokane Falls & Northern, thus insuring a new freight line which will be one of the important railroad factors in the northwest, according to a report which has reached the city from Spokane.

The Shaughnessy road, it is said, has secured from the Hill line a right to use that part of the Spokane Falls & Northern known as the Red Mountain line from Northport to Rossland and the further extension of the Hill line to Nelson known as the Nelson & Fort Shepard.

Another important link in the new freight line is the new Canadian Pacific extension which is being located and surveyed from the terminus of the Blackwell road at Metaline Falls to Waneta at the fork of the Columbia and Pend d' Oreille rivers. When this branch is completed the Canadian Pacific will have only a short piece to build in Washington, says the report.

Use Three Lines.

The Canadian Pacific is planning to operate its freight to Kingsgate over its own line, over the Spokane International to Clagstone Junction, over the Idaho & Washington Northern to Metaline Falls, over the new Canadian Pacific line to Waneta, over the Spokane Falls & Northern to Marcus, thence to Grand Forks, over the Hope mountains to the Fraser river and the coast. The Canadian Pacific and Great Northern recently entered into an agreement to build a joint line over the Hope mountains.

H. A. Dibblee, locating engineer of the Canadian Pacific, in charge of the line between Metaline Falls and Trail, B. C., arrived in Metaline Falls on Friday for a conference with representatives of his road and the Idaho & Washington Northern.

Engineer Dibblee is reported to declare that a remarkably easy grade between Metaline Falls and the boundary for a distance of 10 1-2 miles has been secured and that the surveying crews will be kept in the field and work will be rushed on the rest of the projected line, a distance of 30 miles from the Boundary to Trail.

Between Metaline Falls and the boundary line the Canadian Pacific will build 11 tunnels, according to Engineer Dibblee. With this enormous amount of heavy engineering a remarkably fine grade has been secured.

The 40-mile line from Metaline Falls to Trail will cost $3,000,000, according to estimates of engineers for the Canadian Pacific in charge of the work. The line from the boundary will follow the Pend d' Oreille river to Waneta on the Columbia river, where it will cross the Columbia and follow along the west shore to Trail.

CHINESE MERCHANTS THREATEN BOYCOTT

(By Daily News Leased Wire.)

London, Sept. 2.—Deep resentment is felt in China over the British demand for Tibetan autonomy. Many of the Chinese merchants in Tien Tsin and other cities threaten retaliation for what they regard as an insult and propose to boycott all British goods entering Chinese ports, according to a news agency dispatch received here today.

COMMISSIONER TO INVESTIGATE LEMIEUX ACT

(By Daily News Leased Wire.)

MONTREAL, Sept. 2.—Sir George Askwith, president of the industrial council, the British committee appointed to make a governmental inquiry into how labor agreements may best be enforced and into labor legislation in various countries, has arrived here and will visit the chief centres in Canada and the United States investigating in Canada the working of the Lemieux act. Today he met a number of employers of labor and also representatives of the working people.

"I intend to meet further employers of labor," said Sir George tonight "and persons who take an interest in the labor question. I shall go to Ottawa, Toronto and probably to the trades union congress at Guelph and then on to Calgary and Vancouver, in order to see representatives of both the employers and employed, and later will visit the United States."

SHOOTING ACCIDENT.

(By Daily News Leased Wire.)

GRENFELL, Sask., Sept. 2.—Garnet C. Neff, barrister, was accidentally shot in the left eye this morning while out duck shooting with some friends. He was taken to Winnipeg to have the eye treated by a specialist. It is doubtful if the eye can be saved.

Make Donations To Murray Fund

Four additional subscriptions to The Daily News fund in aid of the widow and family of the late David Murray of Columbia Gardens yesterday sent the total to $160.50.

The new subscribers are R. W. C., $2; four friends, Stratheona hotel, $4; W. J. Ball, $2; Miss J. Dawson, $1.

Over $200 is still needed to make up the $500 which Rev. Father Macintyre of Rossland considers is necessary to place the family on its feet financially and save it from the destitution in which it was left at the time of the death of its breadwinner.

HOPES FRICTION WILL BE AVOIDED

Grand Trunk Railway Fails to Take Over Winnipeg and Superior Junction Section.

(By Daily News Leased Wire.)

OTTAWA, Sept. 2.—The fact that the Grand Trunk Pacific railway has failed to take over the Winnipeg and Superior Junction section of the transcontinental line within the time fixed by the government it is said does not necessarily mean that there will be any friction between the government and the railway. While Aug. 31 was mentioned by the government as the limit of the operation of the completed section of the line on the basis of a contractor's line, it is said, that there is no desire on the part of the government to act in an arbitrary manner. At any rate, Hon. J. R. Reid, who has been acting minister of railways during the absence of Hon. Frank Cochrane does not feel disposed to press the government's demand on the eve of the return of the regular head of the department of railways. Should the company continue to refrain from disclosing its intentions the matter in all probability will be allowed to stand in abeyance for a few days at least.

CUSTOMS RETURNS SHOW HUGE INCREASE

(By Daily News Leased Wire.)

Ottawa, Sept. 2.—An increase of $12,000,000 and more is shown by the customs returns for the Dominion for the five months of the fiscal year. The receipts of the month just closed totalled $10,147,908 as against $7,678,395 for the corresponding period of last year, an increase of $2,469,512. For the five months the receipts totalled $46,397,937, an increase of $12,801,791.

STAMPEDE OPENING LARGELY ATTENDED

Over Twenty Thousand Present—Roping Contest Interesting Feature—Girls' Broncho Busting Contest.

(By Daily News Leased Wire.)

CALGARY, Alta., Sept. 2.—The attendance at the opening day of the Stampede, Calgary's frontier day celebration, was, by turnstile count, in excess of 28,000, which is said to be the record attendance for anything of this character in western Canada. Aside from a few hundred who came from the border states and a small attendance from Manitoba and Saskatchewan the visitors were largely provincials.

Interest centred in the roping contest, which was won by John Glenn, mounted on former champion cow pony "Ribbon," who roped and tied his steer in 45 seconds. A feature was the exhibition of roping by Miss Lucile Mulhall of Oklahoma, who roped and tied her steer in 52 seconds. But for a little bad luck she would have made the best roping of the day.

Charlie Acord ran down and bulldogged a steer in 18 seconds.

The girls' relay race was won by Miss Bertha Blanchett, and the cowboys' relay race was won by James Mitchell.

The girls' bronco busting contest was won by Miss Goldie Sinclaire of Montana, riding a slick saddle. Of the six entrants not one was thrown.

The parade in the morning was most picturesque, comprising Indians, Northwest Mounted police, several hundred cowboys and about 15 men of the first detachment of mounted police to come into this section of Canada.

KAISER REVIEWS POWERFUL ARMY

Aeroplanes and Dirigibles at Head of Column Inspected by German War Lord.

(By Daily News Leased Wire.)

BERLIN, Sept. 2.—Emperor William passed in review today the most powerful army ever gathered in Berlin in time of peace. It comprised over 60,000 men and was composed of the artillery, cavalry, infantry, engineers and a cavalry troop of the guards and the third army corps. The army flying corps took part in the parade for the first time since its formation. Eight aeroplanes and two dirigibles under the guidance of officer airmen, flew at the head of the marching columns as they passed the emperor. His majesty stood beneath the solitary poplar in the center of the great Templehof parade ground and returned the salutes of the troops as they went by.

J. A. THOMSON, STEAMBOAT INSPECTOR, DEAD

J. A. Thomson of Victoria, Dominion inspector of steamboats, died yesterday afternoon, according to a telegram which was received in Nelson last night.

Mr. Thomson was here last week and is believed to have died from complications arising out of cold caught in the Okanagan district on his way to the coast.

He was a pioneer steamboat captain in Kootenay waters and was well-known among steamboat men all over the province.

CELEBRATE DAY SPITE OF RAIN

Dominion Holds Carnival in Honor of Labor

PROCESSION ON NELSON STREETS

Successful Sports at Slocan City--Rossland Celebrates Undeterred by Weather

In celebration of Labor day about 300 members of the Trades and Labor council met at the hall on Stanley street at 9 o'clock yesterday morning and after being provided with banners, paraded several of the main streets of the city, headed by William McCleary in kilts and playing the bag-pipes.

In the afternoon instead of the picnic planned for Luna park, an enjoyable social was held in the Alice roller rink. Dancing, card playing and children's sports filled the program. There was much amusement over the boys' wheel-barrow race, which was won by Irvine Davis and Walter Heppel, Manning Larson and Tony De Terro coming second. The race was rendered more difficult owing to the slippery floor.

A race for little girls was the next item, and all contestants were given prizes.

In the three-legged race Tony De Ferro and Irvine Davis were again winners. Joe De Ferro came first in the boys' shoeless race, M. Larson second and W. Heppel third. Other results:

Boys' blind-fold race—Irvine Davis and Walter Heppel, first; Joe De Ferro and A. Harran, second.

Boys' sack race—J. Marquis, first; E. Hannah, second; Tony De Ferro, third.

Boys' relay race—Won by Pete Hannah, Toney De Ferro, Manning Larson and Joe De Ferro.

Refreshments were served. The day's proceedings were wound up by a well attended dance in the evening, Meyer's Starland orchestra providing the music.

Nelson Team Wins Shield.

(By Daily News Leased Wire.)

SLOCAN CITY, B. C., Sept. 2.—The celebration at Slocan City was a splendid success in spite of rough weather. There were good crowds from New Denver, Silverton and other local points. All events were pulled off according to program with the exception of the baseball game.

The Caledonian games were keenly contested, Slocan and Silverton vieing with each other for first place. The drilling contest was won by McKenzie and Mathewson of Silverton beating McMillan and Kuhuke of Slocan by a quarter of an inch. The football game was won by Slocan over Silverton by four to two. The Nelson rifle team won the team shoot over Slocan by five points thus winning one of the shields put up by the Slocan Rifle association for yearly competition. The high score of the day was made by J. Teague of Nelson with 95, H. Parker of Slocan was second with 94. Tomorrow morning the two teams meet again in a competition for a second shield. The celebration winds up tonight with a ball.

(Special to The Daily News.)

Celebration at Rossland.

ROSSLAND, B. C., Sept. 2.—The Conservative Labor day picnic opened under very bad weather conditions, and the first part of the program had to be omitted. The proceedings opened with the children's races the results being as follows: Boys under 10 years—Querio, Lougheed, Ipperson. Girls under 10 years—Renata, Coello, Fox. Boys under 14 years—Hender, Stevens, Roberts. Girls under 14 years—Fraser, Lougheed, Cosgriffe. Boys under 17 years—Hender, Doell, Bowers. Girls under 17 years—Murphy, Keefe, Fraser. Three-legged race—Doell and Inches, Hender and Goodeve.

In spite of the bad weather many people turned out and Miles' band played bravely and put spirit into the spectators who were feeling cold and wet.

The tennis people commenced their tournament at 7 o'clock this morning to take advantage of any good weather that might be around and by midday had played off 22 events.

The Union band played during the afternoon and during the dance in the evening at the Armory.

It is expected that a few of the tournament games will have to be played tomorrow so that the cups won during the tourney will be presented tomorrow afternoon.

The baseball, lacrosse and football matches were a great success in spite of the weather. Reports of the games will be found in another column.

The celebration closed with a public dance in the Armory which was a great success about 200 being present. The Union band put up some fine music and every one had a good time. Messrs. Hunt and Patterson purveyed the supper which left nothing to be desired. The Armory was decorated with flags for the occasion and looked beautiful.

Procession in Rain.

(By Daily News Leased Wire.)

MONTREAL, Sept. 2.—Rain and cold weather interfered somewhat with the plans of the Labor day leaders today and only some 10,000 turned out for the big parade in which it was anticipated 30,000 would take part. Several of the unions in fact, were represented by less than half a dozen marchers. The parade did not get away until 15:15, owing to the tardiness of the iron moulders, who were to head the parade and who postponed their arrival to attend the funeral of a comrade. The procession wended its dismal way through several miles of muddy streets, after which the marchers dispersed to attend Labor day celebrations of various natures.

Sports at Moose Jaw.

(By Daily News Leased Wire.)

MOOSE JAW, Sask., Sept. 2.—In fine weather the railway city, as became the centre of the allied trades, celebrated Labor day by a great parade, and between its own sports were sandwiched those of the Saskatchewan branch of the C.A.W. championship. An enormous crowd was present to witness the crack athletes of the province contest for honors. The feature of the day was the remarkable work of Alvin R. Hammond, the Regina athlete, who besides winning the all round honors, taking every event in which he entered, set a provincial record for the running broad jump, making 20 feet 10 inches.

Another feature was the work of W. A. Forsyth, who appeared in his Canadian Olympic team uniform and was given a great reception. He had no trouble annexing the one-mile run, besides winning the special five-mile race in the splendid time of 28:33.

Ottawa's Brilliant Celebration.

(By Daily News Leased Wire.)

OTTAWA, Sept. 2.—The Labor day celebration here passed all previous records, the monster parade attracting no fewer than 4,000 trade unionists who, with their different floats, streamers and uniforms made a picturesque and brilliant procession.

London Has Sports.

(By Daily News Leased Wire.)

LONDON, Ont., Sept. 2.—The London trades and labor men paraded to Queens park this afternoon where a long program of sports was held.

Toronto's Big Program.

(By Daily News Leased Wire.)

TORONTO, Sept. 2.—The celebration of Labor day in Toronto was marked by the usual features of a big parade of the trades unions, a record breaking attendance at the exhibition, a huge invasion of visitors and a varied program of sports. The day was dull but after a brisk shower at noon, the rain held off. Over 5000 men walked in the labor parade from Queens park to Exhibition park, where the annual games were held. The railway and steam boat officials report that the crush of traffic exceeded all expectations. The soccer game between Cleveland and Toronto, the Tecumseh-Toronto lacrosse match, the Winnipeg-Toronto cricket match and the International polo match were all well patronized.

Parade at Calgary.

(By Daily News Leased Wire.)

CALGARY, Sept. 2.—Labor unionists to the number of 1200, paraded in Calgary today. On account of the Stampede, the observance of the day was limited to the parade.

STRIKING MINERS TEAR UP TRACK

Endeavor to Stop Shipment of Coal—Martial Law Likely to Be Proclaimed—Troops on Scene.

(By Daily News Leased Wire.)

CHARLESTON, W. Va., Sept. 2.—Striking miners today tore up the railroad track above Elkdale on Cabin creek in an effort to stop the shipment of coal from the mines at the upper end of the creek that are operating. A company of militia was sent to the scene and after driving the strikers off, the soldiers set about repairing the track. While this work was going on the strikers attacked the roadbed several miles away and another company was sent after them. Late today four companies of the state militia were ordered to the strike district. These are in addition to five companies ordered on Saturday. A number of rifles and revolvers were captured today and several arrests for carrying concealed weapons were made. It is feared that proclamation of martial law will be announced before another 24 hours.

NAPOLEON'S VILLA SOLD.

(By Daily News Leased Wire.)

PARIS, Sept. 2.—It is reported that the Villa de San Martino on the Island of Elba, which Napoleon is said to have occupied during his exile has been purchased by the Marquis Ruspoli for $60,000.

DEATH IN WAKE OF FIERCE STORM

Destruction by Floods in Pennsylvania and Virginia

HOUSES SWEPT FROM FOUNDATIONS

Railway Tracks Washed Away. Whole Valley Devastated by Cloudburst

(By Daily News Leased Wire.)

PITTSBURG, Pa., Sept. 2.—At least 22 are known to be dead and 11 others believed to have perished are the results tonight of a terrific storm which swept western and northern Pennsylvania and the northern district of West Virginia and a section of eastern Ohio last night and early today. The monetary loss cannot even be estimated at this time.

Followed Heat Wave.

After a 24 hour period of excessively hot weather the storm broke last evening. In adition to an extraordinary rainfall, the electrical features were most spectacular. The steady rain caused every stream to leave its banks. Within a short time the water had washed away the railroad tracks in many places and sent tons of earth from surrounding hills, making all thoroughfares in the flood zone impassable. Latest reports from the various districts give the following table of fatalities:

Colliers, West Virginia, 9 dead. It is estimated that 20 persons met death here.

Cherry Valley, Pa., 6 drowned.

Burgettstown, Pa., one drowned.

Avella, Pa., three drowned.

Cannonsburg, Pa., three drowned.

During the night this city experienced the storm. The suburbs suffered severely, cellars being flooded, street cars crippled and wire service prostrated.

Congregations Dismissed.

In a number of western points people became panic stricken. At Newcastle, Pa., congregations were dismissed by ministers when announcements were made that a flood was headed for the town. At Fordney, Pa., a dozen houses were washed from their foundations. Lightning struck a score of houses, while McGraham, Pa., a suburb, is under from three to five feet of water tonight. The Pittsburg team of the National league enroute from Cincinnati to this city to play here was unable to reach here until late tonight.

Cloudburst Devastates Valley.

At Collier West Virginia, a cloudburst devastated the valley in which the town is located, Harmons Creek overflowing its banks. The entire valley was deluged by the water, houses swept from foundations, railroad tracks torn up for long stretches and roads were eradicated by landslides. Colliers seemed to suffer the brunt of the storm in West Virginia. Debris floated down the creek, piling high at Hollidays Cove, and a score of horses were washed away by the gorge. Most of the fatalities at Colliers occurred when these houses were swept away. The tracks of the Panhandle railroad for 14 miles between Burgettstown and New Cumberland Junction were carried away. The railroad crosses the creek here five times and all the bridges were wrecked while the roadway was undermined.

DUKE OF SUTHERLAND INSPECTS FRUIT LANDS

(Special to The Daily News.)

Wilmer, B. C., Sept. 2.—His Grace the Duke of Sutherland, came in from Golden by special motor car and is the guest of R. Randolph Bruce. His grace made the trip for a special purpose of examining the fruit lands in this neighborhood. He will return to Golden tomorrow.

Bridge Washed Away; Train Falls Into River

(By Daily News Leased Wire.)

CAMP DOUGLAS, Wis., Sept. 2.—Four persons were killed in the wreck of a passenger train, No. 10, on the Chicago, St. Paul, Minneapolis & Omaha railway which plunged into the Lemonweir river near Camp Douglas today owing to the washing away of a bridge. Twenty-six persons were injured, six of them seriously. Every car, including the sleepers with passengers still in their berths, was hurled into the stream, whose waters augmented by the cloudburst of last night, had made it a torrent. Panic-stricken occupants of the sleeping cars, clad only in night clothes, struggled through broken windows to escape. The smoking car was carried down stream but all its occupants escaped.

The dead are: Engineer Ralph Thompson, Fireman Abraham, mail clerk, name unknown, Baggageman Lee.

The train had passed safely over the bridge a short time but was flagged at the tunnel because of a washout further on ahead made the track impassable and was ordered back to Camp Douglas so that the passengers might breakfast. Meanwhile the Lemonweir flooded by a cloudburst several miles up the valley, had torn away the bridge and unwarned, the engineer could not stop his train in time to save it from plunging into the river. Relief trains bearing doctors and nurses were sent out from several nearby towns.

Many of the injured are women and children and railroad men regard it as wonderful that so few lives were lost, considering the crowd on the train.

Has Objections To Hague Tribunal

(By Daily News Leased Wire.)

BEVERLEY, Mass., Sept. 2.—The announcement that Great Britain will appeal ot the Hague tribunal to settle its claim of violation of the Hay-Pauncefote treaty by the Panama canal act, came as a surprise to President Taft. He had heard reports that such an appeal was contemplated but was of the opinion that the matter would be taken up in the usual diplomatic way.

The president was not ready tonight to make an expression on the appeal to the Hague. He had no official word from the state department and did not expect to consider the case until he reached Washington on Wednesday. It was said that a decision might not be reached until the return of Secretary of State Knox, who is now on his way to Japan. Mr. Knox is due back in this country early in October. The president is known to place great reliance upon Mr. Knox's judgement and is hardly likely to take such a decisive step without consulting him.

It was pointed out here tonight that Great Britain's notice of appeal does not mean that the matter must go to the Hague. The United States has as much right to refuse to submit to arbitration as Great Britain has to ask it. Friends of the president realized that Great Britain's action has placed him in a delicate position. As the foremost advocate of universal arbitration and arbitration of every subject he is called upon to submit to the Hague a case that involves something in which every American feels himself vitally interested. It was pointed out, however, that the president will have firm ground on which to base a refusal to arbitrate. His proposed arbitration court was to have been composed of citizens of the two countries in dispute, and might therefore, expect to give a "square deal" to the parties at issue. The Hague court, however, would not contain a number of Americans equal to the number of other members from other countries. All Europe feels much as Great Britain does about the Panama act and a tribunal composed largely of Europeans could hardly be just to America.

The president was aware when he approved the Panama act that further

(Continued on Page Five.)

The flies that are now in your kitchen and dining-room were probably feasting on some indescribable nastiness less than an hour ago, and as a single fly often carries many thousands of disease germs attached to its hairy body, it is the duty of every housekeeper to assist in exterminating this worst enemy of the human race.

WILSON'S FLY PADS

kill flies in such immense quantities as cannot be approached by any other fly killer.

GERMAN RANCHER INJURED BY BLAST

(Special to The Daily News.)

REVELSTOKE, B. C., Sept. 2.—Charles Strager, a German rancher about 40 years of age, residing a short distance east of Craigellachie, 28 miles west of Revelstoke, received severe injuries from a dynamite blast. He was blasting stumps, when he was struck by the blast, which tore away one of his hands and part of the other hand, also terribly mangling his features. A neighbor named John Mackano also received injuries to one of his arms by the same blast. Strager was brought to the Revelstoke hospital, but his recovery is doubtful.

On September 5 and 6 there will be played at Revelstoke a tennis tournament. Golden, Rossland, Nelson and Kamloops have signified their intention of being represented.

E. B. Parkinam, collector of inland revenue for British Columbia, visited Revelstoke on an official trip of inspection Thursday and Friday of last week.

The provincial police of Revelstoke are investigating the reports of blasting for fish in the river at Malakwa, contrary to the game regulations.

PESTS FOLLOW BIRD MIGRATION

Dominion Expert Investigates With View to Preparing to Fight Codlin Moth and San Jose Scale.

Just what course is likely to be taken by fruit pests such as the codlin moth and the San Jose scale should they enter British Columbia from the south is the object of some investigations which are being carried out by C. L. Keegan, Dominion entomologist stationed at Agassiz, B. C., who was at the Hume last night on his return from a visit to Washington, Idaho and Montana.

The codlin moth, he said, will follow the course taken by the birds in their migrations, while the San Jose scale is actually carried from place to place by birds.

By ascertaining the course taken by the birds from the south, Mr. Keegan will secure knowledge as to the points in the province which are most likely to be first attacked by the pests. This knowledge, he stated, would prove of immense value in exterminating the pests.

That British Columbia has up to the present time been practically immune from the codlin moth is in Mr. Keegan's opinion due to the inspection of fruit and trees made at ports of entrance by Thomas Cunningham, fruit pest inspector, and his assistants. One carload of fruit was resealed and sent back to its shipping point south of the line a few weeks ago which was literally buzzing with codlin moths, he stated.

But in spite of this inspection work he believes it inevitable that the moths and the San Jose scale should some time follow the migrations of the birds and reach this province. It is in order that the government experts may be best prepared to fight the pests that present investigations are being made.

NEWS OF PROSPEROUS PEND D'OREILLE VALLEY

(Special to The Daily News.)

WANETA, B. C., Sept. 2.—A. G. Lang, district fire warden, left on Tuesday for Rochester, Minn., taking Mrs. Lang to the Mayo Brothers' hospital there, where she will shortly undergo another operation. Mr. Lang may be away for two or three weeks.

W. H. Stewart, manager of the Trail smelter, was in the valley on Sunday, making the journey from Trail in his automobile.

H. Vrooman is leaving for California, the state of his wife's health making a change necessary for her.

The new piece of road at Seven Mile is completed, much to the satisfaction of all travellers over it. The road gang under W. Duncan's foremanship is now on bridge work at Sixteen Mile.

A new ranch has been taken up by Bert Hayward, in conjunction with Harry Turner, both Englishmen, at the head of Nine Mile valley. They are now busy erecting their cabin and hope before the commencement of winter to have made good progress with a barn.

Mrs. Willie Reith is having visits from many of her friends and relatives. This week she is entertaining Mr. and Mrs. S. Clemens from the Palouse country, Mrs. Summers and her two children from Spokane, and Jack Reith from Portland, Ore. This is the first visit George Reith, who came in last week from Norfolk, Va., has paid the valley since he left it 16 years ago, and the developments and improvements that have taken place in that time are very striking to one who remembers the valley in its raw state.

Mrs. Adie has returned from Nelson, where she has been seeking medical advice.

FREAK RELIGION MERRY AND STRANGE

Kent Scene of Peculiar Sect Known by the Name of the Jezreelites.

LONDON, Sept. 2.—The "Jezreelites"—the singular Kentish sect, whose unfinished temple stands near Chatham, which every traveller to Thannet asks the origin of—seems to have taken a fresh lease of life. Of all freak religions, this is certainly the merryist as well as one of the strangest. At present the head of the sect, a certain Prince Michael, is seeking to support himself and his rather singular household by engaging in trade and has sent around a circular, which is a jumble of texts of scripture, concerning his wares. It is not generally known that the Jezreelites are quite an established sect, and that there was a time when they closely resembled in religious views the Agapemonites. One Gold, a Kentish merchant long deceased, was the founder of the Jezreelites, so named because of the old gentleman imagined himself to be the Prince Jezreel who reigned over Israel in Judah.

Meetings were held at first in a hop warehouse belonging to Gold, and many wild excesses took place that created no little hubbub in Kent. Then it was gravely announced that the promised "Shiloh" (the Savior of the World) was shortly to be born to one of the young women with whom the elderly "prophet" consorted. It was in honor of this great event that the temple was commenced. But "Shiloh" proved to be a girl, and the sect almost came to an end, while the gaunt remains of the temple stood as a monument of folly. It is worthy of note that both this sect and the Agapemonites came into being at the same time, and with much the same principles.

MORE SCHOOLBOY "HOWLERS"

"The Salic law is that you must take everything with a grain of salt."

"Julius Caesar was renowned for his great strength. He threw a bridge across the Rhine."

"The Zodiac is the zoo of the sky, where lions, goats, and other animals go after they are dead."

"The Pharisees were people who like to show off their goodness by praying in synonyms."

"An abstract noun is something you can't see when you are looking at it."

"Algebraical symbols are used when you do not know what you are talking about."—Westminster Gazette.

RAILWAY WRECKER TRACKED BY DOG

Serious Disaster Narrowly Averted on Russian Road—Logs on Track —Miscreant Captured.

ODESSA, Sept. 2.—What might have proved to be a serious railway disaster was narrowly averted the other day by the vigilance of an engine driver on the Southwestern system. A passenger train from Odessa to Kieff was approaching in the early dawn the small station of Sapaigorod when he very fortunately observed an obstruction about 100 yards ahead. He immediately applied the Westinghouse brake and reversed the engine, coming to a halt only a few paces from two heavy oak logs laid squarely across the metals.

The local police failing to trace the author of the outrage, telegraphed to Odessa for the assistance of the widely famed dog detective Spitz, and the animal was immediately despatched in charge of a gendarme officer. On the scene of the attempted outrage, Spitz made a careful sniffing examination of the oak logs, and then unhesitatingly struck a trail, led the officers through an adjacent wood, beyond which was a small hamlet. Spitz was here unleashed, and at once bounded off, nose to ground, to a two-roomed hut, occupied by a woodman named Yukoff, at the door of which he barked impatiently.

When admitted the dog rushed into the bedroom and seized the sleeping woodman by the leg, dragging him from his couch. Yukoff at first strongly protested his innocence, then, suddenly paling and pointing to Spitz, asked whose dog it was. Yukoff no sooner heard the dog's name than—such is the animal's celebrity through the province—he at once confessed. The culprit had a couple of months ago been dismissed from the railway service, and, with the revengeful desire of procuring the "distance chief's" dismissal, he had attempted to derail the train.

Spitz has never yet failed in tracking down any criminal quarry upon whose trail he has been put; he is incomparably the cleverest member of the Odessa detective corps.

RELIGION IN JAPAN

Significant Conference Recently Held in Tokio.

Upon the invitation of the minister of home affairs, and with the evident approval of the members of the Japanese cabinet, a conference of representatives of Shinto, Buddhism and Christianity was recently held in Tokio. All the 13 Shinto sects were represented, as well as 20 or more Buddhist sects. The seven Christians, among whom was the Rev. Dr. Motoda, head master of St. Paul's College, Tokio, represented the Baptists, the Congregationalists, Episcopalians, the Greek church, the Methodists, the Presbyterian and the Reformed churches, and the Roman Catholics. The minister of home affairs, in welcoming the conference, expressed appreciation of what had been done in the past by the representatives of the different religions "to guide the minds of the people and better moral conditions." He hoped for a continuance of such efforts in the future, and had asked for the conference in order that there might be a better understanding between the governmental and religious forces as to the end to be aimed at.

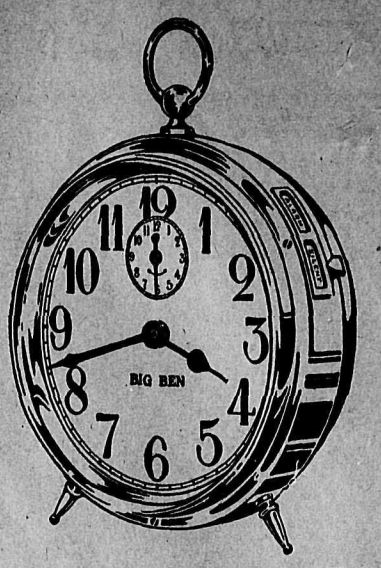
CANADA IMPORTS GREAT MANY OAK STAVES

That Canada is fast losing her possibilities as a producer of tight cooperage is brought out by statistics compiled by the forestry branch of the department of the interior. These show that, whereas 2,768,000 oak staves were cut in the Dominion in 1911, 7,293,000 were imported.

In the manufacture of slack cooperage, used for the dry rough commodities, such as lime, potatoes, apples, dry fish, flour, cereals, etc., which predominate in Canada's products, elm is the principal wood employed, forming over 50 per cent of the total consumption. Spruce is rapidly coming into more general use as a source of stave supply, 11,000,000 more spruce staves and 9,000,000 fewer elm staves having been used in 1911 than in 1910. When elm is exhausted birch will probably take its place, being comparatively flexible and available in great quantity.

The total value of the materials used in the slack cooperage industry in Canada for the past year was $1,465,702. In 1910 it was $1,595,119, or some $130,000 more. Imports and exports of materials and finished product were, respectively, $329,992 and $135,463, an excess over exports of $194,529.

The total amount of material used, according to an estimate of the forestry branch, was over 62,000,000 feet, board measure. Through checking, loose methods of manufacture, etc., there is also a great deal of waste not accounted for.



Leave your call with Big Ben

and sleep soundly, trustingly, every minute of the night—he'll call you on the dot at any time you say.

And if you roll over and try just one more nap, he'll remind you gently that it's breakfast time and keep on calling until you're wide awake.

There's a feeling of bigness and strength about him, a peculiar glow of brightness and cheer that is strangely novel about an alarm clock.

His face is frank, open, easy to read—his keys large, strong, easy to wind—his voice clear, sunny, pleasing to hear.

His price is $3.00 anywhere and he's sold in Nelson by the following jewelers. See him in their windows when you pass by:

BABY BONUS LATEST AUSTRALIAN PLAN

Principle of State Aid Develops Under Labor Administration—Taxpayers' Bill Heavy.

MELBOURNE, Sept. 2.—The announcement by the federal labor government of the details of its maternity grant scheme—or "baby bonus," as it is termed—has set Australia discussing the limits of social subsidies from a new standpoint.

The popularity of the plan under which every needy mother is to receive $25 on the registration of a newly born child is undoubted.

It is fiercely denounced by Fusion politicians as a low-down bribe to the women and as a kind of set-off to the Labor party's abolition of postal voting. But thoughtful Liberal leaders like Mr. Deakin do not take this line; they recognize the justice of some aid at the maternity period of the life of a woman whose husband is so poor as to be unable to give her essential comforts. It is an open secret that long before the Labor ministry's announcement several leading Liberals were quietly feeling their way toward a workable scheme.

Liberal Alternative.

As it is, at least one Liberal organization has made public its ideas concerning an alternative. Only this week at the second annual conference of the Tasmanian Liberal league, at which 120 delegates were present, it was unanimously agreed that a state fund be established for the relief of poor widows left with young children. Gradually the principle of state aid is being conceded, and the discussion is converging on safeguards from fraud and questions of thrift contributions, and, above all, of cost.

The Australian taxpayer is alarmed at the prospective cost of the fulfillment of Labor's dreams. The Labor party has turned its back on the German and Lloyd George social insurance systems because they involve personal contributions. All its own schemes are free doles from the treasury—extensions of the invalid and old age pension systems. Public men outside the Labor ranks are, therefore, vigorously sounding a warning note. A few days ago, stepping straight from the state into the federal arena, the new premier of Victoria, Mr. Watt, delivered a speech in which this note rang from end to end of a vigorous deliverance.

Heavy Bill for Taxpayers.

Mr. Watt's theme centred in a remarkable calculation of the financial effects of the "grantz system," as supplied to the pockets of the 1,940,000 bread-winners of Australia. His calculation was based on very low charges for the keeping and feeding of children, and was not extravagant in other details. Yet, when he had finished, the "grants system" produced a bill of nearly $85,000,000 a year for the taxpayer to pay—and this without the "baby bonus."

The widespread circulation of these figures is having a marked influence on electors, and unless they can be broken down by detailed analysis, they will have a material effect on the next federal elections, when the Labor party will ask for a further lease of power.

Liberals will meet the situation with an adaptation of Australian conditions of the imperial parliament's great insurance act.

BURIED TREASURE UNEARTHED

Valuable Discoveries Made by Party of Farm Laborers.

ST. PETERSBURG, Sept. 2.—A valuable discovery of buried treasure has been made in the village of Malaia Pereshchepina, in the government of Poltava. Some farm laborers, while digging in a field came across an old chest containing gold and silver coins and vessels.

The coins date back to the fourth century, but the most valuable article is a large silver dish damascened in gold. It bears a Latin inscription showing that it is of very ancient origin and was in the possession of a bishop living in the seventh century.

Other articles include gold and silver Persian cups, silver vessels of Byzantine workmanship, and about 450 gold and 50 silver coins. There is also a quantity of bracelets and other ornaments. The collection is valued by experts as about $500,000.

TRIBUTE TO VETERAN ACTOR

Girls Mount Stage to Present Him With Flowers.

PARIS, Sept. 2.—A very pretty little ceremony of an impromptu nature took place at the last matinee of the season at the Comedie Francaise recently.

A member of the audience jumped up in his seat and suggested that a collection be made to give some flowers to the veteran actor Mounet-Sully, who first played Oedipus on that stage 40 years ago.

The idea caught on, a number of young girls in the audience made a collection, ran out between the acts, and when the curtain fell on the last act the unusual spectacle was seen of four members of the audience—young girls in charming confusion—clambering on the sage and loading M. Mounet-Sully with flowers.

"MY STOMACH IS FINE

Since Taking Na-Dru-Co Dyspepsia Tablets"

Mrs. J. Merkhuger, Waterloo, Ont., enthusiastically recommends Na-Dru-Co Dyspepsia Tablets. Her experience with them, as she outlines it, explains why.

"I was greatly troubled with my stomach", she writes. "I had taken so much medicine that I might say to take any more would only be making it worse. My stomach just felt raw. I read of Na-Dru-Co Dyspepsia Tablets, and a lady friend told me they were very easy to take, so I thought I would give them a trial and really they worked wonders. Anyone having anything wrong with his stomach should give Na-Dru-Co Dyspepsia Tablets a trial, they will do the rest. My stomach is fine now and I can eat any food."

One of the many good features of Na-Dru-Co Dyspepsia Tablets is that they are so pleasant and easy to take. The relief they give from heartburn, flatulence, biliousness and dyspepsia is prompt and permanent. Try one after each meal—they'll make you feel like a new person.

THREE PITCHERS NEEDED.

(By Daily News Leased Wire.)

WASHINGTON, Sept. 2.—Philadelphia started in today to win second place in the American league by defeating Washington 3-2 in the morning game. They bunched hits well and compelled Washington to use three pitchers. Plank was driven out of the box by Washington after seven innings but Bender held the game safe.

Philadelphia followed with a second victory in the afternoon in a desperately fought 10 inning game, the score being 9-7. Walter Johnson was hit hard and timely. Crabb was driven *from the box in the fourth but* Brown finished the game in good form.

TWO WINS FOR BOSTON.

(By Daily News Leased Wire.)

NEW YORK, Sept. 2.—Boston took a double header from New York here today on the Polo grounds, the home of the Giants, by a score of 2-1 and 1-0. Boston won the first game in the eights inning when Yerkes scored Hooper with a triple and Ford let him home with a balk. Bedient held the New Yorks to two hits in this game, one of them being a gift when Hooper slipped in the mud going after Hartzell's fly.

The second game was a pitcher's battle in which Joe Wood won the decision over George McConnell. It was Wood's fourteenth straight victory. New York had three on the bases in the ninth inning but Wood struck out McConnell for the third out. Both games were played in a drizzling rain.

First game—	R.	H.	E.
Boston	2	8	1
New York	1	2	0

Batteries—Bedient and Carrigan; Cady, Ford and Sweeney.

New York	0	6	0

Batteries—Wood and Cady; McConnell and Sweeney.

EVEN BREAK.

(By Daily News Leased Wire.)

CLEVELAND, Sept. 2.—By bunching hits off Kaler with Cleveland's errors, St. Louis scored enough runs in the first two innings of the morning game to win, 5-4. Mitchell, who succeeded Kaler, pitched shutout ball. Chapman, Cleveland's new shortstop, drove in two runs with a double.

Cleveland defeated St. Louis this afternoon in a pitcher's battle between Gregg and Powell, 2-1. St. Louis got men on third and second with none out in the ninth but Gregg then found Stovall and Austin, and Wallace grounded out.

	R.	H.	E.
St. Louis	5	12	1

WINS ON FOUL.

(By Daily News Leased Wire.)

TRINIDAD, Col., Sept. 2.—B. Chavis of Trinidad was awarded the decision over Monte Attell of San Francisco on a foul in the 13th round of a gruelling fight here today. The delivery of the foul caused great excitement. Spectators crowded into the ring and the platform collapsed but no one was injured.

DIVIDE DOUBLEHEADER.

(By Daily News Leased Wire.)

PHILADELPHIA, Sept. 2—Brooklyn defeated the home team in the morning game which required 11 innings, 4-2. The visitors tied the score after two were out in the ninth inning on a home run by Erwin, a pinch batter, and they won the game in the 11th on Miller's double with two men on bases and two out. The batting of Magee, who got four hits in five times up was a feature.

Philadelphia defeated Brooklyn this afternoon in one of the best pitching duels seen here this season by the score of 2-1 in 13 innings. The opposing pitchers were Rixey and Rucker. The latter weakened in the 13th inning when the home team scored the deciding run on four singles. Rucker did not give a base on balls and only three passes were given by Rixey.

GIANTS TAKE BOTH.

(By Daily News Leased Wire.)

BOSTON, Sept. 2.—The biggest crowd at a National league game in this city in several years saw the Giants take both games of the doubleheader from Boston today, thereby increasing their lead in the pennant race while Chicago loafed.

Doyle's home run with two men on bases won the first game in the 12th inning after a pitcher's battle in which Perdue opposed first Marquard and then Mathewson. It was a runaway for New York in the second, the score being 6-1, the Giants combining hits with Donnelly's wildness for five runs in the third inning. Tyler, who succeeded Donnelly, held New York safe until the game was called in the seventh inning on account of darkness.

First game—	R.	H.	E.
New York	5	11	1
Boston	2	7	0

12 innings.

Batteries—Mathewson, Marquard and Wilson and Hartley; Perdue and Kling.

Second game—	R.	H.	E.
New York	6	9	2
Boston	1	6	0

Called end seventh, darkness.

Batteries—Mathewson and Wilson; Tyler, Donnelly and Rariden.

CINCINNATI WINS BOTH.

(By Daily News Leased Wire.)

CINCINNATI, Sept. 2.—Cincinnati won both games of a double header here this afternoon from St. Louis at the close of which one of the most remarkable sights ever seen on the local ball park grounds was witnessed. It was almost dark and the crowd had *been calling for the called game.* When Umpire Eason refused to listen to the cries, bonfires made of programes sprang up all over the park and in a few moments thousands of them were in evidence. Eason insisted on the game being played out, however. McLean was hit in the head with a bat in the first game and retired. The opening contest was featured by great fielding.

First game—	R.	H.	E.
St. Louis	2	7	2
Cincinnati	5	9	2

Batteries—Woodburn, Geyer and Wingo; Fromme, McLean and Clark.

	R.	H.	E.

Batteries—Mains and Rondeau; Shawkey and Payne.

NO EXTENSION OF SERVICE TO CANADA

BERLIN, Sept. 2.—Representatives of the Hamburg-American line here deny that any further extension of the company's steamship service to Canada is in contemplation. The company has been running steamships twice a month to Montreal and Quebec for a number of *years but its agreements with the Cana*dian Pacific and other companies, it is said, would prevent it from increasing its present service. Ships now running to Canada carry only freight and steerage passengers.

KRAMER WINNER OF FOUR BICYCLE CHAMPIONSHIPS

(By Daily News Leased Wire.)

NEWARK, Sept. 2.—Frank Kramer, *the national sprint champion,* won the one-mile professional bicycle championship of the world at the Newark Velodrome this afternoon, defeating Alfred Brenda of Australia, and E. Perchicot of France in the final event. Less than half a wheel separated the riders at the finish of the race, the time of which was two minutes flat. Marcel Dupuy and Amiel Friel of France were eliminated in the semi-finals.

FIRST ROUND OF GOLF CHAMPIONSHIP

(By Daily News Leased Wire.)

WHEATON, Ill., Sept. 2.—Harold Hilton's 74 matched by a 74 turned in by "Chick" Evans, headed the list in the first round of play in the qualifying rounds for the national championship on the links of the Chicago Golf club today. Jerome Travers got a bad start but got a 75 for his morning round. Fred Herreshoff, greatly handicapped by the heat, was 83. Unless the weather becomes less sultry, last year's runner-up may fail to qualify. C. W. Inslee, last year's semi-finalists, was in excellent form, scoring 75. K. P. Edwards and Paul Hunter Hunter, both of Midlothian, made 76 each. For the rest the scores showed a tendancy to get above 80.

WHITE HOPE DEFEATED.

(By Daily News Leased Wire.)

SAN FRANCISCO, Sept. 2.—Jim Flynn won from Charlie Miller, the latest white hope, here today, when Miller refused to come up for the sixteenth round. For the first 11 rounds the fighting was about even but Flynn kept handing out heavier and heavier punishment. Miller weighed 218 pounds and Flynn 182.

WINS FIERCE FIGHT.

(By Daily News Leased Wire.)

LOS ANGELES, Cal., Sept. 2.—Joe Mandot, the New Orleans lightweight, defeated Joe Rivers of Los Angeles in 20 rounds of fierce fighting at Vernon today. *Mandot had the better of every* round but three and won the decision by a wide margin.

MANAGER RESIGNS.

(By Daily News Leased Wire.)

CLEVELAND, Ohio, Sept. 2.—Harry Davis, manager of the Cleveland American league team, *resigned this* morning. Outfielder Joe Birmingham was temporarily appointed to fill his place.

OPEN AIR BOUTS.

(By Daily News Leased Wire.)

PITTSBURG, Sept. 2.—Pittsburg was today initiated to open air fighting, the first real event of its kind that has been staged here.

Jeff Clark of Joplin, Mo., the "Fighting Ghost," and Joe Jeanette of Hoboken, aspirant for championship laurels composed the principals. Three other good bouts were held before the principals appeared. Popular opinion gave the best of the mill to Clark. In several rounds he fought rings around Jeanette. Clark weighed 163 1-2 and Jeanette 197.

MONTREAL CLUB WINS MANY VICTORIES

(By Daily News Leased Wire.)

OTTAWA, Sept. 2.—Four thousand spectators saw the Athletic meet at Lansdown park this afternoon. The Montreal Amateur Athletic association team made a sweep, winning first in every track event except the quarter which was won by Gordon Simpson and the half which went to Reid Tubman. Bill Happenny, M. A. A. A., the pole vaulter, who represented Canada in the Olympic games, competed in the high and broad jumps event, there being no pole vault on the program. He won the broad with 20 fee 5 1-2 inches, but in the high only cleared 5 feet 7 1-2 inches, an inch lower than the winner.

TORONTO WINNER OF POLO CHALLENGE CUP

(By Daily News Leased Wire.)

TORONTO, Sept. 2.—At the Woodbine grounds this afternoon the Toronto Hunt club defeated the Buffalo Polo club by 8-4. Toronto will therefore hold the *Grenfell challenge cup for one year.* About 300 spectators witnessed the game which was one of the fastest ever played in Canada, two of the eight periods being scoreless. Torontos were by far the best team, both in knocking and riding. For the locals Major McMillan starred and was easily the best man on the field. His driving while galloping at breakneck speed and his brilliant rushes drew rounds of applause. J. R. Marshall, *playing back,* played a splendid defence game, clearing man a sure score and had it not been for his reliable playing Buffalo would have shot many a goal. For the visitors Coleman Curtis and C. W. Bleistein played their usual steady game. Half way through the first period Major McMillan's pony stumbled, throwing the rider on his head. He was not much hurt and after five minutes' rest was in the game again. In the third *period F. S. Hammond* after shooting a goal, was also thrown. He sustained a nasty bruise on the thigh but finished the game.

SCORES GOAL AGAINST HIS OWN TEAM

(By Daily News Leased Wire.)

MONTREAL, Sept. 2.—The Cornwall team, *undisputed champions of the* National Lacrosse union, added one more victory when they defeated the Shamrocks on the north end grounds today by a score of 8-4 in an easy manner. For the first part of the game the Shamrocks held their own, but once settled down the champions fairly romped away from their old time rivals. At the end of the second quarter the teams had each scored two goals and while from then on it was all Cornwall who assumed the lead and were never again headed. A unique feature turned up in the third quarter when Doran, one of the Shamrocks, forgetting that the team had changed ends, scored a goal against his own team. Shortly after pulling off this trick he was replaced by Allman.

Our Great Sale of Men's and Boys' Wear Continues

Many are daily taking advantage of our splendid offerings at exceptionally low prices. Here is a golden opportunity for you to fill your wardrobe at a great saving. Come to this sale with full confidence that you will get by far the greatest values possible to secure anywhere, and you'll not be disappointed. It's the one big bargain event of the season. We don't like to sacrifice, but we must have the cash.

Nothing Sold On Time

The Daily News.

Published at Nelson Every Morning Except Sunday, by The News Publishing Company, Limited.

W. G. FOSTER, Editor and Manager.

TUESDAY, SEPTEMBER 3

C. P. R'S. PLANS.

It is now reported that, instead of purchasing the Nelson and Fort Shepherd and the Red Mountain railways between Marcus and Nelson and Rossland respectively, a step which it was recently stated the Canadian Pacific railway had under advisement, that company has secured running rights over the lines mentioned. To this is added a statement to the effect that by building a line along the Pend d'Oreille river, a distance of some 30 miles, from Metalline Falls, Wash., to Trail, the Canadian Pacific railway intends to provide a freight route between Crow's Nest points, east of Yahk, and Rossland, Trail, the Boundary and the coast.

Such a policy it is quite conceivable might be adopted as an abandonment of the construction of the line from Kootenay Landing to Proctor, and it is accepted by some already that this is the policy of the Canadian Pacific Railway company. Whether it is or not is for the officials of that corporation to know, and to say if they choose.

The Daily News is not in the confidence of the Canadian Pacific railway, but it can say that it is hardly likely that the company would adopt any such course. It is under obligation to the people of Canada and to the people of this district to build the line between Kootenay Landing and Proctor when called upon to do so by the proper authorities. But apart from this is the fact that when through connection is established between the Kootenays and the coast, the demand will be for the shortest and the best route and there is no question but what this can be obtained through the construction of the line from Kootenay Landing to Proctor, which would give a continuous line of railway from Hope to Winnipeg, independent of the main line and wholly through Canadian territory.

A FIRM ATTITUDE WILL SAVE TROUBLE.

Premier Borden is now on his way home, probably in no way dismayed by the threat of the English suffragettes that they may introduce their militant methods into Canada in order to force him to bestow upon the women of Canada the right to vote in parliamentary elections.

It was in vain that Mr. Borden pointed out to these women that the Dominion government does not of itself control the franchise, but that for its purposes it accepts that of the various provinces. They demanded, more or less calmly, that the Dominion government should reverse its policy in this respect and should assume control of the franchise for the purpose of supplying votes to the women of Canada, whether or not the women of Canada were anxious to be placed upon an equality with men in this respect. Failing this the threat was made that Canada would be invaded by amazons of the type which have for the past few years made the lives of British cabinet ministers miserable for the purposes of waging a similar war against the members of the Canadian government.

The attitude taken by the suffragettes in addressing Mr. Borden was one of extreme impertinence. What right had they, in the first place, to make any such demands as they did? Surely the women of Canada know their own minds and can speak for themselves in such a matter. But even if the women who addressed Mr. Borden on the subject could in any way justify their action in attempting to interfere in a matter that is of purely Canadian interest, what can be said in support of the attitude which they assumed in presenting their views?

That he had no intention of complying with the wishes of the English suffragettes in regard to so altering the franchise system of Canada as to thrust upon the women of this country the duty of voting, whether or not they were willing to accept that duty, was made abundantly clear by the Canadian premier.

What will be the next move of the English suffragettes in the matter will be interesting to see. This much, however, can be said, that if these women attempt to introduce into Canada any of the methods which have brought disgrace upon their cause in the Old Country, they should be punished without regard to sex or standing. A firm attitude at the start will save trouble later.

EDITORIAL NOTES.

Judging by telegraphic dispatches, Labor day was properly celebrated from one end of Canada to the other.

The prairie is having good weather, which will compensate to a certain degree at least for the kind which British Columbia is undergoing at present.

Apparently President Taft was on the horns of a dilemma when he signed the Panama canal bill in the face of the terms of the Hay-Pauncefote treaty. Now he finds himself still there—only more so.

Cold Storage

"How much are these puppies, little boy?"

"All a quarter cept that one, and he's 35 cents—he swallowed a dime yesterday."—Puck.

"Why did you strike the deceased on the head with an axe after he had rocked the boat and fallen out?"

"Because he knew how to swim."—Houston Post.

"Mrs. Nagg is thinking of visiting the Thousand Islands."

"I understand Mr. Nagg would be glad to have her spend six months on each one."—Birmingham Age-Herald.

"Wisdom in a nutshell won't do," said Brother Williams. "Ef de Lawd don't send some folks a barrel of it dey'll never be able ter pull through!"—Atlanta Constitution.

Bacon—"He told me he'd never get tired of hearing her voice."

Egbert—"And did he?"

"He certainly did."

"Married her?"

"No; a neighbor had some phonograph records she made."—Yonkers Statesman.

"Clothes don't make the man," said the careless customer.

"No," replied the tailor ruefully. "But some men have a queer look about them that makes 'em the ruination of a suit of clothes."—Washington Star.

"Oh, yes, he's a very fair alderman."

"Why, I'm told he can be bribed."

"Of course. But he has some conscience about it."

"How is that?"

"Why, you can buy him to support a measure, but he won't stay bought."—Cleveland Plain Dealer.

This Date in History.

The first number of the New York Sun, the first penny paper in America, was issued 79 years ago today, on Tuesday, Sept. 3, 1833. The Sun has been published continuously since that time, and is usually considered one of the most influential of American newspapers.

The first Sunday school was held in Gloucester, England, 132 years ago today, the idea having originated with Robert Raikes, an editor of that city. A number of newsboys were the first pupils, and a Mrs. Meredith, employed by Raikes, the first Sunday school teacher. The first Sunday school in London was started in 1784, and the first in America was started in Philadelphia in 1791.

Rachel, the eminent French actress, made her first appearance in America at the Metropolitan theatre, New York, 67 years ago today.

The Weather

(By Daily News Leased Wire.)

TORONTO, Sept. 2.—Unsettled weather with showers in many localities has prevailed today in Ontario and western Quebec, while elsewhere in Canada it has been generally fair except that some light local showers have occurred in Saskatchewan.

HEARTY WELCOME ON ARRIVAL OF PREMIER

(By Daily News Leased Wire.)

QUEBEC, Sept. 2.—Many public men from different parts of the Dominion are expected to come to Quebec to take part in the civic reception which is to be tendered to Premier Borden on his arrival here. According to present arrangements the premier will be transferred from the steamer Victorian to a government steamer and will land at the King's wharf whence he will be escorted to the city hall, where the civic address will be presented by Mayor Drouin.

HEAR R. H. GREEN AND SCHOFIELD

(Continued from page one.)

policy of protection it was British Columbia, he continued, as this province had no manufactures to protect except the lumber industry. With regard to this industry he believed that the Conservatives had taken the right stand for its protection.

"The lumber industry must and shall receive the protection to which it is entitled and if the courts do not decide that the duty of $2 now under consideration is collectable upon the lumber imported from the United States, then I say that it is up to the government to protect our prairie markets for Canadian grown lumber," declared the member for Kootenay.

People Not Behind Panama Bill.

He had no quarrel with the people to the south, continued Mr. Green. They were wise people and knew a good thing when they saw it and for *that reason had wanted reciprocity* with Canada. While Liberals pointed to Saskatchewan and said that reciprocity was not dead, he had no hesitation in saying that as far as British *Columbia was concerned, as far as* any province in Canada was concerned, reciprocity was a dead issue.

Many things were heard of the people to the south. Some apparently unkind things were said of them with some justification. With regard to the Panama canal it was generally stated in the press of Canada, Great Britain and in some of the papers in the United States that the bill did not live up to the Hay-Pauncefote treaty inasmuch that it would discriminate against British Columbia. It was true that this law had been passed by congress and the senate, that it had received the president's signature and that it was on the statute books of the United States, but he knew the American people well enough to say that they had never authorized such an act, that they would see that it was never carried out and that the treaty would be observed. He did not believe that the United States should be criticised too harshly. It should be remembered that an election was coming on and that some of the politicians south of the line were anxious to get into the limelight. If the hearts of the people were reached, Mr. Green was sure that it would be found that they wished to act honorably and that the people of the British empire would get what was coming to them.

Will Aid Motherland.

The keynote which had been struck by Sir Richard McBride, imperialism, continued the speaker, was an idea which had been carried further by Premier Borden and Hon. J. D. Hazen by their visit to the old country to confer as to what Canada should do for the empire in the matter of the navy. "I believe that the people of Canada are a unit on this matter and that the Dominion will do what is necessary to help the old motherland to fight her battles," said Mr. Green, who paid a tribute to Mr. Borden for the manner in which he had carried out the conference with the British ministers. "Canada will not take a back seat when it is necessary for funds to be provided," declared the speaker. After pointing out the manner in which Sir Richard McBride had aided in furthering this sentiment, the member for Kootenay concluded: "Every statesman, every politician—I say politician because there is a difference—every man born in Canada, every man who has been naturalized in Canada, believes in one flag, one King, one land and one navy."

A vote of thanks to Mr. Green was moved by Mr. Shannon of the Willow Point association and seconded by Mr. Robb, representing the Kaslo Conservative association.

Pierrots Delight Many.

One of the features of the entertainment provided was the performances of Blackmore's Proctor Pierrots which delighted everyone who visited the booth in which they played. The members of the troupe are Miss Jessie Duncan, Miss Margaret Duncan, Miss Amy Jackson, Harry Severn, Fred J. Sammons, W. T. Collins and W. Blackmore. Some of the most delightful numbers were the song "Dresden China," by Miss Jessie Duncan; the duet, "Call Me Up Some Rainy Afternoon," by Miss Jackson and Mr. Sammons, and the song, "Salt of the Sea," by Mr. Severn.

Another excellent feature of the entertainment was the sword dances and reels given by D. V. Thomson, while Andrew Carnegie pleased many with selections on the pipes.

Win Boat Races.

In the mixed double boat races Miss Daisy Walton and Archie Walton took first place and Miss Devlin and N. C. Merry came in second. Jack Daniels and T. P. Webb won the men's doubles and Archie Walton and P. Haines were second. W. H. Cooke-Hurle acted as judge and C. W. Bourke officiated in J. D. Kerr's launch as starter.

A dance at which the Gem orchestra supplied the music brought the celebration to a close.

Pays Tribute to Mr. Green.

Mr. Schofield thanked the Proctor and District Conservative association for the opportunity given him to express his gratitude for the very handsome majority they had given him at the last provincial election and of accompanying his old friend, Mr. Green, to Proctor. The people of Kootenay for the past few years had had an extremely good representative at Ottawa who had worked *unceasingly in their interests,* but they had a man now whom he had known for many years and who he was sure would accomplish twice as much.

The government at Ottawa, he continued, was British to the core and its attitude had been evinced by the visit of Premier Borden and his colleagues to the old country to confer regarding the naval policy of this Dominion. The people of Great Britain could rest assured of one thing and that was if Canada were ever called upon for help she would never be found wanting, the wave which had swept over the Dominion on Sept. 21 last would be accentuated. The people of Canada could feel assured that the government would do what was best for Canada and for the empire as a whole.

After referring to the fact that Mr. Green had made a trip from Victoria specially to attend the picnic at Proctor Mr. Schofield concluded with the assurance that if at any time the people of the district required anything from the government and referred the matter to him if they did not secure it it would not be for want of trying on the speaker's part.

AWAKES TO FIND HUSBAND DEAD IN BED

(By Daily News Leased Wire.)

BROCKVILLE, Ont., Sept. 2.—When Mrs. Robert Taber of Athens awoke yesterday morning she was horrified to find her husband dead in bed beside her. He was in his usual good health on retiring and awoke once to complain of feeling cold.

SEDITION SPREADING.

CAIRO, Egypt, Sept. 2.—The spread of sedition in Egypt brought about the suppression today of the nationalist journal El Lewa. Four natives also were arrested on a charge of issuing seditious literature.

EYES

Tearful Eyes

There is a great variety of causes along the way from the cradle to the grave. Generally the further from the cradle the fewer the tears. Sometimes this is not the case and we see some people much distressed by a continuous or intermittent flow of tears entirely independent of any sentimental causes. This is due to two causes principally. One is nervous irritation or spasm, the other follows the first and is nervous exhaustion. The one hinders the flow of tears from the eye by proper channels, and the other allowing too much blood to pass through the lachrymal gland, thus causing too great secretion of tears. Drugs and operations are worthless and dangerous. Only the removal of the nerve strain causing the irritation or the building up of the supply in case of weakness is permanently effective.

HAS OBJECTIONS TO HAGUE TRIBUNAL

(Continued from page one.)

trouble with Great Britain would follow. He signed the bill reluctantly but in the belief that even if arbitration became necessary the work of setting up the machinery to operate and administer the canal could go on. This part of the law was urgently needed and he told friends that if arbitration was resorted to and the United States was defeated, congress would have plenty of time to remedy the situation that would then exst.

In Spirit of Cordiality.

(By Daily News Leased Wire.)

LONDON, Sept. 3.—The Daily News in an editorial this morning argues that the British demand for arbitration concerning the Panama canal toll act was made in the spirit of cordiality which has existed between the United States and Great Britain for many years and which last year brought about an atetmpt to establish permanent machinery for arbitration, which attempt proved unsuccessful owing to the adverse action of the American senate. The Daily News continues: "The demand will furnish an excellent test of the working of the system President Taft then hoped to create. It is not wholly to be regretted that the approaching celebration of a century of peace between the two nations should be preceded by an opportunity of showing how that peace has been maintained and will be secured as an enduring monument to the good sense and enlightenment of the English-speaking race."

War Ineffective.

(By Daily News Leased Wire.)

LONDON, Sept. 3.—"Norman Angell" (Ralph Norman Angell Lane), the author and newspaper correspondent who has been the general manager of the Daily Mail in Paris since 1905 contributes to that paper a striking article on the Panama canal law entitled "Why Not Fight?"

He starts out by suggesting hypothetically a series of offences committed by Germany against England which he says would give an Anglo-German war infinitely greater justification than most of the wars of history and would indeed, make war inevitable. These offences are intended as exact parallels of what the English regard as American offences against England in the past 10 years and whose logical method of settlement would be by war.

"But," says Mr. Lane, "we have not gone to war. We shall not go to war We are not even thinking of war."

This, he argues, is not because blood is thicker than water for when the Americans were really of English blood which they are not now, we went to war with them twice, so it is not for that reason that we submit to the affronts of the Americans. The reason is because war would be ineffective.

"We could not impose our will by war. America is not only impregnable but is quite obviously impregnable. We could, it is true, destroy her navy; bombard her ports, blockade her coasts but we should thereby create a position far more serious for ourselves than for her. She would be embarrassed; we would starve."

SECURES CONTRACT.

(By Daily News Leased Wire.)

MOOSE JAW, Sept. 2.—The National Construction company of Winnipeg, has secured the contract for the Herbert Snell department store here, the building permit for which has been taken out at $150,000.

NELSON BEATS RANCHERS TWICE

Put Up Sixty-two in Thirty Minutes in Second Cricket Game Against Fruitvale Eleven.

The weather was anything but cricket-like on Saturday, but a small band of Nelsonites journeyed down to Fruitvale to meet the local eleven. Both teams were short-handed, Nelson only playing eight men. A start was made about 2 o'clock, and Wilkinson and Main went out to the wicket, but the former retired early, falling a victim to Aldersmith. The first three wickets fell fairly fast, but Greig and Williamson made a stand and warmed up the chilly fields a little. Palmer and Parks continued the good work and raised the score to a very respectable total. Later on Graham, by adhering strictly to baseball methods, made a few meteoric hits to the boundary. The score was 71, and Fruitvale found this far beyond their powers.

Greig and Wilkinson were in rare bowling fettle and a long series of ducks were soon marked up against the Fruitvale batters. Kidd broke the sequence at last with a nice couple to leg and soon afterwards Sutcliffe did a little bit on his own. Four fours in one over from Greig brightened matters up a little, but soon afterward the innings closed for 34, Nelson thus winning by 37 runs. Afternoon tea was provided by the ladies of Fruitvale. A most enjoyable smoker took place in the evening at the Fruitvale hotel.

On Saturday, owing to the inclement weather, it was impossible to start play until well into the afternoon. Fruitvale won the toss and decided to bat, sending in Gerrard and Greenwood to face the bowling of Wilkinson and Greig.

In Wilkinson's second over Greenwood was clean bowled, and in the following over Gillespie, who had taken his place, was also bowled. Gerrard and Sutcliffe made a stand, but runs came very slowly. With the score at 26, Greig, who had been bowling an exceptionally good length, beat Gerrard.

Runs began to come a little more quickly and with the score at 59 for six wickets Fruitvale decided to declare, leaving Nelson just under 30 minutes in which to make the runs. This looked almost a hopeless task on a slow ground.

Nelson sent in Wilkinson and Greig to face the bowling of Gillespie and Aldersmith, and with some fine hitting and clean drives carried the score to 62 before the call of time, Wilkinson being not out 30 and Greig not out 28, and Nelson thus winning by 10 wickets.

OLDFIELD BREAKS RECORD ON WINNIPEG TRACK

WINNIPEG, Sept. 2.—Barney Oldfield, delighted over 10,000 by his feats on the one mile Kirkfield track when he lowered the former record held by W. C. Power of Winnipeg from 59 1-5 seconds to 54 seconds. The track was in good shape and Oldfield showed wonderful speed with his powerful 300 horsepower machine, a Christie. The five mile matched race between Lew Heinemann in the Benz and Oldfield in the Cino was won by Oldfield, the Benz dropping out in the third mile with a flat tire. Oldfield was badly beaten in the handicap five miles open race. Fritsch in the Cino won in five minutes and four seconds.

ROSSLAND WINS ONE; OTHER IS TIE

Pitching and Fielding Good Under Bad Weather Conditions—Ball is Slippery.

(Special to The Daily News.)

ROSSLAND, B. C., Sept. 2.—Rossland played two games of baseball with Nelson today. One of three innings in the morning resulted in a draw, 3 each. The ground was heavy and handicapped the players considerably. Rain fell incessantly and made the ball slippery which was bad for the pitchers and fielders. In the second game Rossland won by 4 to 2, the rain falling nearly all the time. There were pools of water all over the field and although sawdust was sprinkled in the wettest places, it was still very bad.

In the morning game Chapman pitched for Nelson and did well. Griffith pitched for Rossland in this game and did well also. In the afternoon game Keene pitched for Nelson and Moss for Rossland. Features of the games were the good pitching and fielding under the most difficult circumstances. Mr. Jones umpired both games and his decisions were received without a murmur. W. R. MacLean M. P. P., W. Garland Foster and Mayor Annable were over from Nelson specially to see the games.

FORD CAR CARRIES OFF HANDICAP TROPHY

Also Wins Ten-Mile Event for Stripped Cars—Driver Rogers Showed Courage and Skill.

(By Daily News Leased Wire.)

WINNIPEG, Sept. 2.—Billy Rogers, driving the Ford car, covered himself with honor this afternoon, winning the 25-mile race for the Dunlop trophy, the feature event at the automobile races at Kirkfield track, and also the 10-mile open event for stripped cars.

The first-named race was a dandy, Rogers showing great courage in making the turns and setting a splendid speed from the outset. He had the pole and commenced to gain at the start and before the 25 miles had been completed he had lapped the Overland car driven by Youngash three times and the E. M. F. car, driven by V. Masters, twice. The American Underslung car, driven by Ben Davies, finished second. The Cadillac, driven by George Connor, dropped out. The time was 25.02.

The 10-mile open race was between Billy Rogers in the Ford car and Ben Davies in the American Underslung. Again Rogers led all the way and finished in 10.40, which was 19 seconds ahead of Davies.

In the 19th mile of the 25-mile event Rogers covered the distance in 60 seconds.

FOR WORLD'S CHAMPIONSHIP.

LONDON, Sept. 2.—Ernest Barry of England, the world's champion sculler, and Edward Durnan of Toronto have arranged a match for the championship of the world, to take place on the Thames in October.

NEW WESTMINSTER LEADS FROM START

Vancouver Defeated Six to Four—Premier McBride Faces Ball—Players Absent.

(By Daily News Leased Wire.)

VANCOUVER, B. C., Sept. 2.—New Westminster won again over Vancouver at lacrosse today by a score of 6-4. The game was an agreeable contrast to that of Saturday. The players applied themselves more to the science of lacrosse than to that of the ring and the result was that the spectators saw the national game played at high level. Both teams missed several of their stars, Lalonde, Ion and Matheson being off the Vancouver line up, while the Turnbulls and Jimmy Gifford were off the New Westminster team.

Sir Richard McBride faced the ball, New Westminster jumped into the lead at the start and was never headed. A crowd of only 1,000 witnessed the match.

IRISH CANADIANS PLAY FINE WINNING GAME

(By Daily News Leased Wire.)

MONTREAL, Sept. 2.—The players of the Irish-Canadian lacrosse team surely earned their salaries at the Maisonneuve grounds on the holiday when they took the Nationals into camp in an easy manner by a score of 6-4 and at times fairly played them off their feet. There was a vast difference between the game played on Labor day and that of Saturday. The officials had the men under better control and only one or two mixups occured during the 80 minutes of play. In one of these Gauthier was given the butt end of a stick in the side and had to retire for the remainder of the afternoon. The other took place when Pitre fouled Monday and they clinched and went at it in earnest. Just as time was called Charlie George, who replaced Lyden in the second was tripped and after he had fallen was struck with a stick but only slightly hurt.

After Gauthier was dropped Dussault went on in his place while another change came about in the last quarter when Secours replaced Clements.

TORONTO HAS LEAD OVER WINNIPEG WANDERERS

(By Daily News Leased Wire.)

TORONTO, Sept. 2.—The first day's play at Varsity campus today for the John Ross Robertson cup gave Toronto a substantial lead over the challengers, the Winnipeg Wanderers. Toronto made 124 runs in the first innings and 33 for the loss of one wicket in the second innings, while Winnipeg earned all of its 69 runs compiled in the first innings.

ROSSLAND AND TRAIL PLAY TIE

Football Match Excellent Exhibition—One of Most Evenly Fought Games Seen in Rossland.

(Special to The Daily News.)

ROSSLAND, B. C., Sept. 2.—The football game between Trail and Rossland was one of the hardest and most evenly fought games ever seen in the Golden City, and although the ground was heavy with the recent rains many good bits of play were seen by the spectators. Rossland won the toss and chose to play to the south goal and immediately at the kickoff transferred the play to the Trail goal. Nichol, one of the Trail backs kicked well out and cleared the goal. The ball was then carried down to the Rossland goal and from a scrimmage outside the penalty line Young scored the first goal of the match for Trail which left them in the lead which they held until long after half time.

Time after time did Rossland make hard tries for the Trail goal but found Jones all there and very hard to beat. The play was transferred to the Rossland end where Sandy Aitken was keeping a good goal for Rossland and who was punting out shot after shot that looked to the spectators as though they were unsavable. Half time was called with Trail still in the lead.

At the start after half time Trail tried their hardest to increase their lead and Rossland tried to equalize. The two teams were playing all they knew and it was anybody's game when after a pretty bit of passing between Lawrie and Lee the latter took a neat pass and planted the ball between the uprights and made the game even, much to the delight of the spectators. Trail was playing a better combination game than Rossland but found it impossible to get through the Rossland defence, which was very strong.

A visit to the Trail goal resulted in a penalty being awarded Rossland for a Trail man hitting the Lall with his hand. Lawrie took the penalty and kicked a low swift ball which was splendidly saved by Jones. The 22 men on the field were playing like Trojans and there were no passengers, every one doing all he could, but the heavy ground was telling on the players, who were playing so hard that when the referee blew his whistle for time up they were more than glad, for an hour and a half on that heavy ground was no joke.

The teams were:

Trail—Goal, Ray Jones; backs, Nichol and Croom; halfbacks, McHardy, Potter and McIlroy; forwards, Dunn, Davies, Maclean, Young and towns.

Rossland—Goal, Aitken; backs, Matthews and Swann; halfbacks, Finney, Gwilt and Willard; forwards, Lawrie Lee, Turner, Parton and Churchill.

ROSSLAND WINNER OF CLEAN GAME

Lacrosse Match Played on Wet Grounds—Large Crowd Watches Match in Rain.

(Special to The Daily News.)

ROSSLAND, B. C., Sept. 2.—Nelson and Rossland came together this afternoon in another of those memorable games of lacrosse, Rossland being at full strength but Nelson was without three of their regular team. From the commencement of the game the two teams were at it hammer and tongs and for the remainder of the game there was not a dull moment. From a pass near the Nelson goal Saunders put the ball into the net, but was disallowed on account of his being ruled off-side by the referee, M. Cosgriffe. Shortly after, however, from a fast pass from his brother, Fred Griffith scored the first goal of the game for Rossland. Nelson was now pressing hard on the Rossland goal and only the hardest work of the Rossland defence kept the citadel intact. A good bit of combination play on the part of Rossland and Berg from far out, beat the Nelson custodian and put his side 2 up. A good many humorous incidents occurred in the pools of water which were all over the field. Nelson came away strong at the commencement of the third quarter and looked like scoring, but were too slow at shooting and were consequently prevented from scoring. A great rush down the whole length of the field and Bradden scored the third goal for Rossland with a long low shot which beat the Nelson goal. Still playing a hard game although three goals down, Nelson came away flying and Waldo Ferguson scored the first for his side. Both teams were playing nice clean lacrosse and it was good to see. There were a great many people watching the game in rain which they would not have gone to work in, and they remained till the end of the game, which finished with the boys from the mountain town in the lead by 3 goals to 1.

SIXTH ANNIVERSARY OF GANS-NELSON BATTLE

(By "Gravy.")

It was only six years ago today that Joe Gans and Battling Nelson mingled at Goldfield, Nev., in their first memorable battle for the lightweight championship of the world. Both men were then in their prime, but today "the old master" is dead and the Danish battler is descended to the ranks of the second-raters among boxers. Sure, it is a short life and a merry one for the professional biff artists. When Gans and Nelson met on Sept. 3, 1906, the Nevada mining city was filled with sports from all over the United States and Canada. The gate receipts for the event were $69,715, and broke all records, surpassing the high figures set by the Jeffries-Sharkey and Corbett-McCoy affairs in New York, and the Jeffries-Corbett battle in San Francisco. Both Gans and Nelson had whipped Jimmy Britt, the only other contender for the title, and the winner would have a clear claim on the lightweight championship. Nelson fought fiercely and at times was guilty of violations of the rules. Gans, "the old master," demonstrated in this battle that he was the greatest ring general the world had ever seen. He fairly tore the durable Dane into strips, but could not stop him, and Nelson might have won in the end if he had been more careful. In the forty-second round he sent over a blow below the belt, and the negro dropped groaning to the floor. Referee Siler gave the decision to Joe on a foul. Although the victor, Gans received only a third, or $11,000 of the $33,000 purse. In reality he did not even get the $11,000, for before the battle he had lost at least $5,000 in Tex Rickard's Goldfield "gambling hell," and this was taken from his share. Gans used the remainder of his winnings in opening a hotel in Baltimore, which he conducted until he went to the Southwest to die, a victim of the "white plague." The year following his first fight with Gans, the Battler again attacked Jimmy Britt, and lost in twenty rounds. On the Fourth of July, 1908, Gans and Nelson again fought for the lightweight title, this time in San Francisco. Joe fought his usual heady battle, but could not withstand the rushes of the terrible Dane, and he went down for the count in the seventeenth round. Nelson gave Joe another chance on Sept 9 of the same year, but Joe, worn out by his long career in the ring, could not "come back," although he managed to last twenty-one rounds.

WEATHER STOPS RACES.

(By Daily News Leased Wire.)

HUNTINGDON, N. Y., Sept. 2.—The second day's program of the international motor boat races for the Harmsworth cup was called off this afternoon by the international committee and the race committee. Howling wind with rain had lashed the waters of Huntingdon bay into seas in which no motor boat could live.

BLUE SHIRTS VICTORIOUS.

(By Daily News Leased Wire.)

TORONTO, Sept. 2.—The Toronto and Tecumseh teams met in their final game at Hanlan's point today and again the blue shirts were victorious, the score being 5-3. About 2,500 people attended and despite the slippery grounds saw a good game. The Torontos were without the services of Norman Harshaw, their clever point player, who dislocated his shoulder in Saturday's game with the Nationals. Tommy Fitzgerald of St. Catherines took Harshaw's place admirably. For the Tecumsehs, Whitehead played the first half with a sore hand but retired at half time in favor of Don Smith.

The Tecumsehs have been beaten every time they have played against Torontos this year. Querrie took many chances but the heavy checking of Buck Marshall slowed him up somewhat. The rest of the home were too bent on scoring in the first half and lost many chances by failure to pass the ball. In the third and fourth quarters, however, they played a better combination game. Torontos did not play up to their usual good form, especially the home, who did not get their quick passing game to work except in the second quarter when the Tecumseh defence took a little balloon ascension and Torontos scored four goals. The defence, however, played good lacrosse throughout and gave Gibbons plenty of protection.

MARKETS

CATTLE PRICES FIRMER.

(By Daily News Leased Wire.)

LIVERPOOL, Sept. 2.—John Rogers & Co., Liverpool, cable today that there was an improved tone in the Birkenhead market and a corresponding increase in the price of cattle, States and Canadian steers making from 13½@14c per pound.

COPPER SHARES STRONG.

(By Daily News Leased Wire.)

LONDON, Sept. 2.—Money and discount rates were easy today. The Bank of England secured most of the $3,900,000 new gold offered in the open market. The stock market was moderately active with decided strength in underground rails, gold mines and copper shares on a broad speculative demand, but there was irregularity in other directions. Shipping shares closed weak. The settlement in consols was concluded satisfactorily. American securities were dull and prices about unchanged at the opening, later moving irregularly. Canadian Pacific was in good demand and advanced over a point. The close was steady.

MARKET COSED.

(Special to The Daily News.)

NEW YORK, Sept. 2.—No metal markets today, Labor day.

DUKE SEES WESTERN CITY

Prays That Prosperity May Remain With Canada—Governor General Leaves for Prince Albert.

(By Daily News Leased Wire.)

SASKATOON, Sept. 2.—In festal array, gay with flags and bunting, and other decorations, with thousands of citizens and people from the surrounding country crowding the streets and with a day of perfect weather, Saskatoon looked its best today when the special train bearing the vicere*gal party arrived at 10 o'clock. There* was a great demonstration of welcome as their royal highnesses alighted. With a mounted escort and a guard of honor, their royal highnesses proceeded to the city park where the address of welcome was read by Mayor Clinkskill. In reply his royal highness said: "Your worship and gentlemen, I beg you to accept my very best thanks as well as those of the duchess and of my daughter for your address of welcome and for your expressions of loyal devotion to the throne. Saskatoon is the first city of the true west that I have visited in my official capacity as governor general and here I know that I see a real type of the western city, where the energy and the self-confidence of the early citizens has been justified and rewarded by success and where they have had the satisfaction of seeing a busy, thriving town standing on the ground where they pitched their tents but a few short years ago. It is a most intense pleasure to me to be called on by his majesty the King to preside over the destinies of this great Dominion at a time when such progress and prosperity are evident from coast *to coast. And I pray that this pros*perity which now greets the eye at every point along the long road which I travel, may always be in store for Canada in the future."

The viceregal train left at noon for Prince Albert.

MINISTER OF MARINE AND FISHERIES COMING WEST

(By Daily News Leased Wire.)

OTTAWA, Sept. 2.—Hon. J. D. Hazen, minister of marine and fisheries, will leave for the Pacific coast in the course of several weeks in connection with fishery matters. The date of his departure will, to a certain extent, depend on the headway made by the cabinet council with the consideration of the naval question, the minister's presence being necessary in Ottawa while the matter is under discussion.

CORONER'S INQUEST ON MATTAWA TRAIN WRECK

(By Daily News Leased Wire.)

NORTH BAY, Ont., The coroner's inquest on the victims of the Canadian Pacific wreck at Mattawa opened at that town this morning and was adjourned until Wednesday without any evidence being taken. The body sent to North Bay, that of Conductor Duncan, was found to be that of another man with relations in Mattawa, and was sent back to that place. The body was burned beyoung recognition and the identification *was made by the jewelry mark on his* watch. Conductor Duncan's remains were found in the charred ruins of the caboose and consisted only of a few bones and a part of his watch. The identification was made by the latter.

RAILWAY STATION BURNED.

NORTH BAY, Ont., Sept. 2.—The Canadian Pacific railway station at Cartier was totally destroyed by fire which started at 2 o'clock this morning and spread so quickly that the occupants barely escaped with their lives. The family of the agent and restaurant keeper resided in the upper portion of the building.

THE ST. NICHOLAS OF JAPAN

Among the Buddhists in Japan it is believed that the souls of children go after death to Sui-no-ka-wara (the stony river bed) and there they remain until they reach maturity under the care of Jizo-bosatsu, who is represented as a priest with a long cane in one hand and a ball in the other. He is said to stand in the centre of the kawara, where he preaches to the children as they pile up stones, one for the salvation of their father, one for the mother, the third for brothers, the fourth for sisters, and the fifth for their own salvation. When night comes on and the wind blows hard, a gigantic evil spirit appears, and with a huge iron rod knocks down the heaps of stones which the children have *made, and they are so frightened that* they run to Jizo and hide themselves in the big sleeves of his kimono, which have a miraculous way of increasing in size according to the number of children who seek refuge. Then the evil spirit disappears, and the children begin again the work of heaping up stones. Passing through cemeteries in Japan, one sees tombs that have the image of Jizo carved upon them, as the parents take that way of gaining the special favor of Jizo for their children, and one will see little piles of stones built up by the parents and brothers and sisters of the children with the hope of helping in the tedious work of the little ones in the kawara.—The Christian Herald.

KEEPING UP WITH TIME

The city chap who had hired out as *extra farm hand during the harvest* was not quite able to respond to the 4 o'clock pounding on his bedroom door the first morning as promptly as he had anticipated. He lingered with the pillows for a quarter of an hour past the appointed time and then dragged himself out, and by 4:30 he was stumbling across the field where the old farmer was hard at work.

"Fine morning," said the new comer briskly.

The old fellow looked up sourly.

"Yes," he grunted, "it was."—Lippincott's Magazine.

MAYOR HUNT'S ECONOMY

As showing what can be done when earnest city officials really set about it, Cincinnati has made a cut of $1,136,642 in its city budget of $4,200,042.75.—Philadelphia Record.

Baker Street, Nelson B. C.

Twenty Acres at Proctor

This farm comprises a block of land of the very choicest quality and we submit it as being first class in every respect.

The location is the very best, being situated on the south side of Kootenay lake, close to the lake shore, facing on government wagon road and being in the centre of a very prosperous settlement.

Partly improved and with a quantity of fruit trees planted, there is a water right with water laid on the farm.

We consider it good value at $300 per acre, but for quick sale it may be purchased for a total price of $5,000.00. Terms arranged.

We would be glad to submit full particulars and plans to any parties interested in securing a strictly first class farm with good location.

WATCH PROGRESS OF DALAI TO LHASA

He Demands Guard Before Braving Red Hat Monks—Road Haunted by Brigands.

Every step towards Lhasa made by the Dalai Lama is being watched with great interest, not only by the government of India, which, of course, is deeply concerned with our future political relations with Tibet, but by many *millions of Buddhists all over the* world, and by a great multitude of Hindus. To the Buddhists the Dalai Lama is an incarnation of Buddha; to the Hindus he is the personification of a religion which once dominated India, and which still exercises a profound influence over the morality and *philosophy of Hinduism.*

At Tuna the Dalai Lama has expressed his intention of halting till he receives an armed escort from Lhasa. Tuna is within a few miles of the hot springs at Guru, the name of which place must have burned itself deep into Tibetan memory, for it was here that, as a result of Tibetan treachery and rashness, the flower of the Tibetan army was destroyed in a few minutes by our magazine rifles and Maxims during the expedition of 1904.

The fact that the Dalai Lama refuses to go any further till he receives an armed escort from Lhasa throws a light on the domestic politics of Tibet There are no Chinese on this side of Lhasa, and the demand for an escort which has come all the way down from the capital, indicates that, in addition to the pro-Chinese party in Lhasa, *consisting of the truculent monks of* Depong and Sera, the Dalai's ministers are afraid of the attitude of the inhabitants between Gyantse and the Sanpo. It happens that the Dalai is now entering a country where the party known as the Red Hats hold full sway.

The differences between the Red Hats, as the monks of Shigatse are styled, and the Yellow Hats, who are the Dalai Lama's party, are of a theological, and, therefore, very bitter kind. The Red Hats have grouped themselves around the Tashi Lama, who, poor soul, is a very harmless and innocent person. His followers, however, jealous of the dominance of the Dalai Lama, and possibly believing that the latter is responsible for all the troubles of the country, may make use of the opportunity to seize the persons of the Dalai and his Yellow Hat ministers, while the party is making its leisurely progress through the Gyantse valley. The great monastery of Tashi-lumpo, with its thousands of Red Hat monks, is within a day's march of Gyantse.

It might be suggested that, if the Red Hats are so furiously jealous of the Dalai Lama, they would have intercepted him on his journey to India but the reply is that that journey was so unexpected, and made in such furious haste that the cavalcade had passed through Gyantse before the local people were even aware that it was coming. Of course, we do not *suggest that the Red Hats would be* prepared to outrage all Buddhistic feeling by offering violence to the person of the Dalai Lama, but there are certainly among his ministers certain Shapes who are not particular favorites of the Gyantse and Shigatse folk.

There are other dangers of the road, also. The Red Idol Gorge and the Kuro-la are haunted by brigands and outlaws, with no trace of religion, to whom the Dalai Lama's cavalcade would be too rich a prize to be resisted. Again, when the Sanpo is safely crossed, the Dalai Lama will be entering a region which, whether Yellow Hat or not, may have been prepared to oppose his entry into Lhasa by the pro-Chinese abbot of Sera and the friends of the Te Rimpoche, the greatly respected president of the council whom the Dalai Lama threw into prison, where he died. Altogether then, the Dalai Lama, if he proceeds on his journey, will be again meeting with dangers similar to those which have already crowded his adventurous and extraordinary life.—The Calcutta Englishman.

A LESSON IN FLY-CASTING

How Jack Taught the Gentle Art With Patience.

He cast, varying his line, varying his direction, with easy skill, over the dark, wild water, all the time telling how and why.

"With the forearm, you know, sir. Don't put your shoulder into it. And stop a second on your recover, when the line's back of you. Don't monkey with it too fast—give it time to straighten out; and don't slap the water with the flies. That scares 'em. Let the tail fly touch first, and just as it's touching lift the tip of the rod *a scrap—see!" He illustrated with* finished delicacy. "Then it goes down softly. Hi!"

A liquid swish, a break of white foam, an upward snap of the wrist—a trout was on.

"That's too blamed bad—I didn't mean to take anything," he murmured regretfully; but he played it all the same, and in three or four minutes Josef had landed it and held it up wordlessly—a Salmo Fontinalis of a pound and a half, with scarlet fins and gold and silver-spotted stomach. The stranger was tinkling with excitement

"That's something like!" he brought out, and then meekly, anxiously: "May I fish now?"

And Jack, smiling, his old young smile, put the rod into the man's hand and held the hand carefully for a few trial casts. Then "Let her go," he commanded, and the large m'sieur, trembling with eagerness, was fishing. Jack, standing by with his hands in his trouser pockets, his whole soul on the performance, criticised with frankness. "Now that's rotten, sir. Don't recover that nervous way; that's what tangles 'em. Just—sort of—rhythmic; back slow—pause—cast; lift the tip a *scrap as you touch; just a shiver of* the wrist does it. Now—tip up—don't sag the line; draw the flies along, and wiggle 'em alluringly as they come; don't let 'em go under—bad, bad! You can't fool fish if you drown your flies. Oh, well—the tail fly may sink a bit if you're after big ones"—and so the illustrated lecture went on, Jack thoroughly enjoying himself in the role of instructor. "Ginger!" he brought out suddenly in an interval, "my brother would throw a fit if he saw me teaching fishing."—Mary R. S. Andrews in Scribner's Magazine.

CAN A NATION BE A GENTLEMAN?

That was only one question that should have been involved in the discussion about the levying of tolls on the commerce of the Panama canal, and that was: Shall the United States *government keep its plighted faith* with the nations of the world, as embodied in the Hay-Pauncefote treaty? It is too clear to be disputed that our national honor is the supreme issue in this controversy. No matter how cunningly the language of the treaty may be twisted and distorted, it cannot be made to say anything else than what it declares on its face. This is so obvious that the ablest lawyers in the senate have warned that body and the house of representatives that if a violation of the treaty is attempted the question will be taken to The Hague tribunal, with the certainty that it will be decided against us at a cost of many millions of dollars, since in the case of an adverse decision the United States government would have to refund all the tolls it had collected from foreign ships, and would have to open the canal to all nations on the *same terms that we had opened it to* our own ships—that is, without any tolls whatever. The greatest service our rulers at Washington can do to the country is to see that its honor is kept as untarnished as that of the most scrupulous gentleman. The way to make a people love their country is to make sure that its reputation is maintained as a source of love and pride.—September Century.

TROPICAL ENTERPRISE

A hundred and fifty miles from Calcutta, *in Kalimati*, stands the first steel and iron power plant ever constructed in India. This enterprise was projected by a wealthy Parsee, planned by an American engineer from Pittsburg, and executed by another Pittsburg man, with the assistance of native labor only. Among workmen were *Bengalis, Punjabis and Sikhs, for* whom a town accommodating 25,000 was built in the midst of a jungle. The equipment of the plant includes three horizontal turbogenerators, capable of developing some 4,000 horsepower, which is used to drive the machinery. —Edison Monthly.

LAND REGISTRY ACT.

Take notice that an application has been made to register George H. Green as the owner in Fee Simple, under a Tax Sale Deed from Percy J. Gleazer, assessor and collection of the Nelson assessment district, to George H. Green, *bearing date the 23rd day of October,* A.D. 1908, of all and singular that certain parcel or tract of land and premises situate, lying and being in the district of Kootenay, in the province of British Columbia, more particularly known and described as Lot 5466, Group 1, Kootenay district, known as the "Goodenough" mineral claim.

You and those claiming through or *under you and all persons claiming any* interest in the said land by virtue of any unregistered instrument; and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you, will be forever estopped and debarred from settling up any claim to or in respect of the said land, and I shall register George H. Green as owner thereof in fee.

Dated at the Land Registry Office, Nelson, Province of British Columbia, this 10th day of July, A.D. 1912.

SAMUEL R. ROE, District Registrar.

To J. Bernard, D. Boyer, Paul Bonnett.

Date of first publication, 23rd day of August, 1912. 111-2a.w-8

RESOLUTION

Whereas, there are now employed at the Cinderella and Silverite mines, near Three Forks, Chinese cooks, and

Whereas, through the loyalty of its friends and the fidelity of its membership, this union has hitherto been successful in maintaining a "White B.C." in so far as its local jurisdiction extends, and

Whereas, every friendly overture to secure a continuance of this state of affairs has been unsuccessful in persuading the management of the properties in question to dismiss the Chinamen, therefore be it

Resolved, that this, Sandon Union No. 81, of the Western Federation of Miners, vigorously condemns the employment of Asiatic help, in any capacity, and calls *upon its friends and members to use* every lawful and honorable effort to secure the banishment of the present Orientals, and prevent the future introduction of a class of labor that can only result in lowering our present standard of living, and injury to the moral, social and civic tone of the community, and be it further

Resolved, that the sense of this reso*lution, and a history of the reasons re*sponsible for its adoption, be circulated as widely as possible amongst the membership and friends of organized labor, in this portion of the province of British Columbia.

Sandon, B.C., May 28, 1912. 39-tf.

Monte Christo Consolidated Mining & Development Company, Limited. Non-Personal Liability.

Notice is hereby given that a meeting of the creditors of the above company will be held at the registered office of the company, at the southwest corner of Columbia avenue and Queen street, Rossland, B.C., on Friday, the 6th day of September, 1912, at the hour of 5 o'clock in the afternoon, pursuant to section 232 of the Companies act.

And take notice that the said company is being wound up voluntarily.

Dated at Rossland, B. C., this 20th day of August, 1912.

JESSE KEMP, Liquidator.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall *furnish the Agent with sworn returns* counting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY, Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

TELLS OF ROADS IN BRITISH COLUMBIA

Trans-Canada Highway Idea Advanced by Hon. Thomas Taylor Described in English Newspaper.

The following account of the good roads movement in Canada generally and British Columbia particularly is from a leading English newspaper:

The Good Roads Movement.

Reference has been made from time *to time in this column to the good* roads movement as one of the most interesting phases of Canadian development. Until recently the energies of the Canadian people were devoted chiefly to the building of railroads, and the contrast between the comfort and efficiency of the railways and the roughness of the ordinary Canadian highway was very noticeable to the visitor from the old country. All that is now to be remedied, and large sums of money are being voted by the Do*minion and provincial governments to*wards the cost of improving the roads for the farmer's cart and the tourist's motor car; strange to say, the railways themselves are infected with this new enthusiasm, and the cost of one of these new roads over the Rockies, the highway of the great divide, is being shared by the C. P. R.

A Minister in a Magazine.

W. W. Foster, the deputy minister of public works in the province of British Columbia, recently wrote a very interesting article in the British Columbia Magazine on this new phase of national development. In past years, according to Mr. Foster, before British Columbia entered upon its present era of prosperity, old trails many of them relics of Indian and game tracks, were improved each year with more regard to immediate necessity and economy than future utility. These trails followed the line of least resistance to an objective point for the time being, and had hardly any other feature to commend them. The comprehensive plan now being worked upon, which will result in a complete system of trunk roads throughout the province, with the necessary local treatment for the differing needs of mining, timber or agricultural districts, requires a careful reconnaissance of existing as well as projected roads to ensure that most essential item of location being given the closest consideration. The Canadian road building methods of even a few years *ago are obsolete. This applies par*ticularly to suburban and main trunk roads, where the constant and differing action of motor cars and other improved means of road transportation rapidly disintegrate the ordinary "water bound" road. This necessi*tates* the use of special surfacing or paving that was never used formerly

From Atlantic to Pacific.

Attracting first attention amongst such roads is the Inter-Provincial highway, a road which will ultimately *stretch from Atlantic to Pacific*, and which may very probably be named after King George. This undertaking was made practicable by the minister of public works, Hon. Thomas Taylor, who after a plan of action had been formulated and preparatory work commenced in British Columbia, secured the co-operation of the sister provinces of Alberta, Saskatchewan and Manitoba, and it would now appear that the Dominion government, also realizing the immense benefit to be secured *by a great highway traversing the Do*minion, will support it financially, which will result in the completion of the road at a much earlier date than would otherwise have been possible. In British Columbia considerable progress was made last year, and throughout the season surveyors were engaged mapping out the route, which, commencing at Vancouver and New Westminster, runs to Hope, over the mountains via Princeton to Trail and thence by a route yet to be decided to *the Alberta boundary.*

An International Road.

Complementary to the Inter-Provincial highway is the International Pacific road, running from Mexico to Vancouver, a distance of 2,000 miles, the British Columbia portion of which is rapidly being brought up to standard. This trunk road will ultimately be continued in a northerly direction through British Columbia to the Alaskan boundary.

Good Home-Made Bread.

Your baking will be successful if you use White Swan Yeast Cakes. Makes light, sweet and wholesome bread. If your grocer hasn't got it (6 cakes at 5c) send us his name and ask for free sample. White Swan Spices & Cereals, Limited, Toronto, Ont.

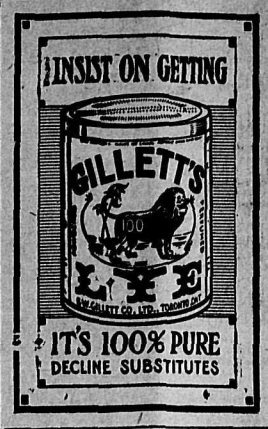
ATTRACTIONS FOR NELSON FAIR

Free Shows More Interesting Than Ever—Aeroplane Flight, Horse-racing and Drilling.

It will not be the fault of the manage*ment* if the fair this year at Nelson is not the most successful one which has ever been held under the auspices of the Nelson fair fair. The country has been scoured from end to end for features attractions and the wonderful free shows which will be the delight, wonder and amazement of all who see them, in connection with the exhibits, races and social features of the fair, go towa*rd* making it successful.

This year besides the many new exhibits and new features which have been *installed, the committee have engaged* as free attractions Ishikawa Jans, Le Roy and Paul, Idanias troupe, who are rated among the best of the vaudeville world. These acts have been secured at great expense and who, during the win*ter season, are featured in the biggest* theatres in the country. They are acts of unusual merit and their selection by the committee will no doubt prove a treat to all who see them.

Other interesting events will be those of horse racing, rock drilling, log sawing and chopping, but probably the biggest attraction of all will be the aeroplane which will be seen for the first time in the Kootenay. Aviator Edwards, who will make the flights, is noted for his having successfully started an aeroplane mail route from Portland, Ore., to Vancouver, Wash., and his performances at Nelson will be sure to create great interest and should not be missed.



NELSON NEWS OF THE DAY

Mrs. W. Smith and family of Kaslo are guests of Mrs. A. J. Miller.

There will be a band concert at the stand on Vernon street at 8 o'clock this evening if the weather is favorable.

William Blakemore, commissioner appointed to inquire into the Doukhobor, will hold a sitting at Trail today.

The Women's Institute will hold its regular monthly meeting this afternoon in the parlors on corner of Ward and Victoria streets.

Mrs. Starmer Smith with her daughter, Miss Grace Smith, who are spending their holidays visiting Montreal, Toronto and other eastern cities, are expected to return on Sept. 15.

Mr. and Mrs. Peter Macpherson, children and maid, left yesterday for their home in Winnipeg. Mrs. Macpherson and children have spent the past two months here, the guests of Mrs. Macpherson's father, John Toye.

Members of the Nelson Hockey club, the directors of the skating rink and all others interested in the game are asked to attend a meeting in the offices of McQuarrie & Robertson at 8 o'clock this evening for the purpose of making preliminary arrangements for the coming winter's sport.

Ask or write for the Hudson's Bay company's grocery price list. 161-tf.

Miss Maud Fletcher will resume her *lessons in pianoforte on Sept. 8. 114-tf.*

Starland tonight, Majestic Players and special feature, Votes for Women.

Spokane college, Spokane, Wash., offers young men and women thorough and practical training for life.

Housecleaning. Under new management. Window cleaning, carpet cleaning, chimney cleaning. *Estimates on house*cleaning. Agents for F. O. Berg's awnings. Nelson Vacuum Cleaning Co., Stanley street, Phone 19, Box 166. M. Campbell, prop. *93-26

NOTICE.

$50 reward will be paid to anyone giving information leading to the conviction of *any party or parties cutting up or taking* away logs with the following brands: P. W. C. Wattsburg Lumber Co.

AT THE THEATRES.

The Ethel Tucker company commenced the second week of their present engagement at the opera house last evening producing "Divorcons" under the direction of Mack Swain and with Cora Swain in the role of leading woman. Compared with "Queena," as given by Miss Tucker on the two closing nights of last week, "Divorcons" is bright and very amusing throughout, the audience last evening laughing very heartily at the humorous situations disclosed in the play. Miss Tucker was not called upon to play such an exacting part as "Queena," but in the lighter role she acquitted herself most charmingly and the support a*ccorded her was uniformly excellent.*

To Cora Swain, however, the honors of the evening belong. The lady is well known here and she is a most welcome addition to the company. She was most warmly applauded last evening and was deservedly recalled before the curtain twice.

As reorganized, the company compares very favorably with the best stock companies that have ever appeared on the Nelson stage in the past four years, and crowded houses should be the order of the evening for the balance of the week. "Divorcons" will be given again this evening.

"Under a Flag of Truce," which is being shown at the Gem theatre this evening, is a remarkable military production by the celebrated Kalem company. This spectacular drama portrays an historical incident and shows the extraordinary sight of Federals and Confederates uniting under a flag of truce to repulse a common enemy. Other subjects are, "Derby Day at Churchill Downs," Essanay. The pictures are interesting, showing the raising of a race horse on a Krutuckys stock farm, and also many happenings on Derby day. "How She Triumphed" is one of the Biograph company's amusing comedies.

MONNOIR QUESTION STILL LIVE TOPIC

(By Daily News Leased Wire.)

ST. JOHNS, Sept. 2.—Judge Monet has returned from *California and intends to* raise the Monnoir question once more. He proposes to hold a mass meeting at St. Johns next Saturday, Sept. 7, and give the conditions of the Monnoir priests' resignations.

BRITISH GOVERNMENT WILL DEMAND ARBITRATION

(By Daily News Leased Wire.)

LONDON, Sept. 2.—It is officially announced that the British government will make a formal demand upon the United States for arbitration of its claim that the Panama Canal Toll act as passed *recently by the United States congress* violates the Hay-Pauncefote treaty.

KASLO FRUIT FAIR ON OCTOBER FIFTEENTH

(Special to The Daily News.)

KASLO, B.C., Sept. 2.—The date of the fruit fair is fixed for Oct. 15. Frank S. Chandler will be manager and will receive a salary of $150 for this work. A program of sports will be arranged and an evening entertainment will be held.

E. A. Brae of Vancouver is here visiting friends.

Miss Helen Giegerich is teaching the *school* at Mirror Lake.

W. E. Zwicky has ordered an automobile to be delivered here early in 1913.

Four inches of snow fell at the Utica mine on Thursday.

Opening of Autumn Millinery

Wednesday and the Following Days of the Week the Hudson's Bay Company Cordially Invite All Women of Nelson to Attend the Exhibition of New Modes

WEDNESDAY starts our New Fall Millinery opening and continues until the end of the week. Here you will see a tremendous variety of different shapes and styles, from the simplest of stiff tailored hats to the fluffiest and daintiest of dress hats; all are in a wide profusion of loveliness. The styles are appropriate for all occasions, receptions, theatres, street wear, etc. The finest French collections will be seen in the models from Madam Germaine, Esther Meyer, Georgette, Marie Louise, Camille Rodgers, Madam Blum, also from Hyland Bros., Fisk Bros., Gage Bros. of Chicago and Phipps of New York.

A brief survey of the styles that will reign this year does not give the preference to either large or small hats, but small hats are being worn mostly for street wear while the large hats are worn for teas and afternoon wear. Almost every color is being shown, copper, gold, black and white is being used very extensively, while fuchsia is undoubtedly the favorite.

Come and See Them Wednesday--You Will Be More Than Delighted

Special Showing of New Fall Suits and Coats

Models of unusual style, fashionable materials and of unquestionable quality. You are urged to see them while they are fresh and new. Many shown now will not be duplicated as the season advances. Following are a few descriptions:

Splendid Suit
in black and navy imperial serge, well tailored and perfectly cut in 32-inch length coat, long narrow revers, finished with white satin vest piping, fastened through four buttons. High waisted skirt, panels back and front ending in pleats. Extraordinary value at $15.00

Striped Hopsack Suit
Semi-fitting coat with square fronts, tailored collar and sleeve, breast pocket fastened with four fancy buttons, girdle skirt cut in six gored style with overlaid seams; lined satin. In shades of brown, Copenhagen, mole, navy and black and white. Price only $17.50

Useful Suit
In semi-tailored style, sleeves and rever trimmed, plain cloth and small fancy buttons, skirt carried out in similar style, with small pleats at side. This suit is fashioned from heather mixed tweeds in rich shades of reseda, moss, brown and grey. *Lined satin. Price* only $25.00

Blanket Cloth Coat
With reversible revers, cuffs and patch pockets. Self buttons and piped button-holes are used for trimming, with three large fancy buttons for fastening. *In useful colorings of browns,* greys, greens, blues, etc. Our Special Leader at $10.50

Splendid Wrap
in light weight blanket cloth, sacque shape, with shawl collar and large revers of contrasting shades finished with wide band of self color, buttoned through with fancy buttons; similar effect carried out on cuffs and patch pockets. Price only $15.00

Elegant Coat
in brown Chinchella cloth, with fawn for the reverse side, showing on large collar and cuffs brown fringe outlines the collar and revers and is seen on the hem of coat. Other shades are *navy, green and grey. Price* only $25.00

SENATOR SHOULD BE EXPELLED

Roosevelt Replies to Charge That He Accepted Campaign Funds from Standard Oil Company.

(By Daily News Leased Wire.)

NEW YORK, Sept. 2.—Theodore Roosevelt last night gave out the letter which he has sent to M. A. Clapp, chairman of the senate committee investigating the campaign contributions. Senator Penrose and John D. Archbold charged that Mr. Roosevelt had been a party to the soliciting and accepting of Standard Oil campaign contributions in 1904.

Mr. Roosevelt's letter is written because it was not convenient for the committee to hear him alone. Mr. Roosevelt almost gives the lie in these words: "As regards the statement of Mr. Penrose and Mr. Archbold that with my consent or knowledge Mr. Bliss asked the Standard Oil company for $100,000, or any other sum or received such sum from them, it is an unqualified falsehood." Further on, Col. Roosevelt compares Senator Penrose to a graft policeman and adds: "This language is precisely the language that might be used by a blackmailing police officer in a big city in advising the keeper of a law-breaking liquor saloon or a gambling house to contribute liberally because he might incur hostility in certain quarters.

"If this language were proved *against the policeman he would be re*moved from the police force and as it is admitted by the senator he should be removed from the senate."

Mr. Roosevelt promises that there shall be full publicity of contributions in his primary campaign last spring

COMPLIMENTARY BANQUET TO JAMES J. HILL

(By Daily News Leased Wire.)

ST. PAUL, Minn., Sept. 2.—The complimentary banquet by St. Paul citizens to James J. Hill on his 74th birthday anniversary on Sept. 16 promises to result in the largest gathering of prominent railroad men ever held in the northwest. President Frederick D. Underwood of the Erie railroad, wired the committee that he would be there. Mr. Hill received an *acceptance from William D. Herlburn* Washington, of New York. He says in part: "I do not believe that anyone in St. Paul or elsewhere has cause to hold the name of James J. Hill in higher esteem than the writer, and I shall embrace the opportunity to make the trip from New York to emphasize my regard by my presence at this banquet."

JOURNALIST PROMOTED FILIBUSTERING EXPEDITION

(By Daily News Leased Wire.)

ATHENS, Greece, Sept. 2.—The Greeks and Cretans disclaim all responsibility for the proposed filibustering expeditions to the island of Samos in the Aegean sea, where French and British warships are stationed to prevent the *landing of an armed ex*pedition. The adventure was projected by a French journalist in Turkish pay, according to the Cretan journal today. His object was to create a reason for Turkish representations to the powers by causing trouble among the Greek inhabitants of Samos who desire to throw off the Turkish vassalage.

The French journalist is said to have been previously expelled from Greece and from the island of Rhodes *as he was suspected* by the Greeks and Italians of being a Turkish spy.

GREEK OFFICERS ORDERED TO REJOIN COLORS

(By Daily News Leased Wire.)

LONDON, Sept. 2.—Greek army officers residing in Egypt have been or*dered to return at once* to Athens in consequence of the recent grave conflicts between Turkish and Greek troops on the frontier, according to a news agency despatch from Alexandria.

STEAMER SLOCAN AGAIN ON WAVES

Has Been Undergoing Repairs at Rosebery—Will Again Take Up Usual Run.

(Special to The Daily News.)

NEW DENVER, B. C., Sept. 2.—The steamer Slocan, which has been undergoing repairs on the ways at Rosebery for the past four or five weeks, was launched on Thursday afternoon and had a trial trip down the lake to Slocan City. Her first work will be the Labor day excursion to Slocan City from points on the lake. After this she will take up her usual run and the tug Sandon will discontinue the night run with freight *that has been in vogue during the re*pairing of the Slocan.

H. H. Falding, of the Bank of Montreal staff, left this morning for Rossland where he will spend his vacation.

The Starland moving picture show gave a performance at the Bosun hall. After the show a dance was given by the management which was much appreciated by those present.

Miss E. Harris of the Bosun ranch is spending a few weeks in Rossland, the guest of Mr. and Mrs. W. H. Faldin*g*.

Mrs. E. Shannon has gone to the coast for a short visit.

J. M. Duncan of Chilliwack has taken the position of principal of the public school, vacated by W. Donnan, who has gone to the coast. The junior school is being looked after by Miss Cocking who *takes Miss L. M. Geddes' position.*

G. B. Smith, of the Port Haney branch of the Bank of Montreal, who has been relieving at the local branch during the absence of J. Forbes, leaves for Vancouver today.

HAVARD GRADUATE TAKES CHAIR AT QUEENS

(By Daily News Leased Wire.)

LOS ANGELES, Cal., Sept. 2.—Dr. John Mead Adams, who for three years held the chair of physics at the Occidental college here, has accepted a chair in Queens university at Kingston, Ont. Dr. and Mrs. Adams are en route to America from Europe. Dr. Adams on reaching Montreal will go at once to Kingston. Dr. Adams is a Harvard graduate and has been an importa*nt* member of the Occidental faculty.

QUEBEC'S HANDSOME SURPLUS.

(By Daily News Leased Wire.)

QUEBEC, Sept. 2.—The official figures of the revenue and expenditure of the province of Quebec for the fiscal year ending June 30 last has just been made public. These show that the total ordinary receipts reached the sum of $8,-070,109 and that the total expense, ordinary and extraordinary combined, amounted to $7,856,680, thus leaving a handsome surplus of $683,428.

NELSON NEWS OF THE DAY

F. G. Fauquier of The Needles is at the Hume.

There will be a sitting of the county court today.

Kootenay lodge No. 16, I.O.O.F., will not meet tonight.

K. K. Bjerkness of Mirror Lake is at the Grand Central.

R. F. Green, M.P., is expected to spend today in Nelson.

Among the guests at the Hume is Mrs. Townshend of Willow Point.

Mr. and Mrs. J. W. Moore of Slocan Junction are at the Queens.

A. R. Heyland, the Kaslo surveyor, is registered at the Hume.

A. S. Macaulay, the Silverton hotelman, is a guest at the Madden.

J. P. Vroom, chief customs officer at Waneta, is among the guests at the Hume.

Mr. and Mrs. William Reith of Waneta came in last night and are guests at the Strathcona.

James H. Schofield, M.P.P., who attended the Labor day picnic at Proctor yesterday, returned to Trail last night.

Mr. and Mrs. E. W. Bateman of Vancouver are at the Strathcona. Mr. Bateman some years ago owned a ranch on the west arm.

Mr. and Mrs. R. S. Lennie of Vancouver, and Mr. and Mrs. A. C. Burdick and Miss Eunice Bowser of Victoria came in from Sandon last night and are guests at the Strathcona.

Born, on Aug. 29, to Mr. and Mrs. George Davis, Dean's Haven, Kootenay Bay, a son. Mrs. Davis was brought in to Nelson on the steamer Kokanee to the residence of Nurse Quinlan, Hall Mines road.

Owing to the wet weather yesterday the Baptist Sunday school picnic was cancelled. Instead, there will be a church social in the church parlors this evening, beginning at 6:30 o'clock. The games and refreshment committees have made preparations for an enjoyable evening.

At Proctor yesterday R. F. Green, M.P., held a conference with H. E. R. Bedford, D. A. Boyd, A. E. Ballard and Percy Coles, of the Proctor and District Conservative association, with regard to wharves on the west arm and the main lake. J. H. Schofield, M.P.P., and Fred A. Starkey was also present at the conference.

EAGER TO SEE VICE REGAL PARTY

Duke Discusses Crops and Weather With Farmers on Station Platforms—Problems of West.

(By Daily News Leased Wire.)

PRINCE ALBERT, Sept. 2.—The viceregal train included stops at Saskatoon and here where enthusiastic demonstrations of welcome greeted the royal visitors. After leaving Winnipeg yesterday afternoon every station along the line had its assemblage of people eager to see the viceregal party, and cheer the governor general. All the stations were decorated. At Portage La Prairie, which is to be visited on the way home from the coast only a stop of a few minutes was made. Several hundred people were present and repeated cheers were given for the Duke of Connaught, the Duchess and Princess Patricia, who appeared on the platform of the last car of the train. Rivers, where a change of engines was made, was reached at half past ten, and apparently the whole population of the place was assembled at the station. The duke and duchess spoke with individuals in the crowd which gave expression to its pleasure in their royal highness' visit by hearty cheering.

Early this morning the train stopped for its usual morning pause near Allan and a few farmers of the neighborhood soon hastened to the station. The duke, who was taking his constitutional along the track, got into conversation with them. As is his practice, he discussed the crops, weather and other topics. Princess Patricia joined her father in a walk before the train moved on, and no heartier cheer could be given than those of the small group of men of Allan with whom his royal highness had been talking. Another brief stop was made a few miles outside of Saskatoon and a farmer and his wife asked if they might be allowed to see the duke. His royal highness at once went out and spoke to them. He asked them how they were prospering and was delighted at the good account they were able to give of how they had succeeded since coming to this country from England several years ago.

At Saskatoon there was an immense concourse of people when the train arrived. As a demonstration of enthusiastic welcome it would be hard to imagine anything more striking. The stations between Saskatoon and Prince Albert each had its assemblage of people to see the train go by and raise a cheer. Excellently as Saskatoon acquitted itself, Prince Albert, too, gave the viceregal party a great reception, the people from the region around had come in and a cheering multitude of surprising size greeted the arrival of the train. The distinguished visitors were driven to the city hall square where in response to the civic address of welcome, the duke said: "Your worship and gentlemen, I beg you to accept my very best thanks as well as those of the duchess and of my daughter, for your hearty address of welcome. I am glad to pay a short visit to the outpost of the empire and to witness the success which has crowned your efforts to establish agriculture on a sound basis in this northern latitude. You have alluded to my endeavor to familiarize myself with the Dominion, and I can assure you that this endeavor is my constant thought and pleasure. But the task is not an easy one. The Dominion is growing at so rapid a rate that towns become unrecognizable from year to year. The village of yesterday is the city of tomorrow and this adds greatly to the difficulty of your municipalities and provincial governments, requiring that they should maintain the balance between the financial conditions of the present and confidence in the possibilities of the future. I trust that Prince Albert may always be favored by a wise solution of this problem and the progress the city has enjoyed in the past may always be yours in the future."

Afterwards his royal highness inspected the cadets and the veterans and at half past six the train proceeded on its way. The arrival at Edmonton will be at ten o'clock tomorrow morning.

LABOR DAY BUSY FOR FARMERS

Whir of Binders Again Heard on Prairies—Labor Delays Harvesting Operations.

(By Daily News Leased Wire.)

WINNIPEG, Sept. 2.—The weather map of the Canadian prairie west for last week end was ideal, almost every district reporting bright clear skies and drying winds, while on neither Saturday nor Sunday nights did temperatures drop below 34. As a consequence farmers are putting in a busy Labor day and the whir of the binder after practically a week's suspension is again heard everywhere. Every indication points to the weather being fair and if this is maintained during the current week a tremendous hole will be cut in standing grain. The difficulty is to find labor sufficient to throw it up into stacks and with sheaves lying on the fields the farmers will be little better off than if the grain was left standing. Practically every available unemployed man in this city has now been drafted out and the Labor day parade this morning was remarkable by the absence of the usual crowd of hangers on to the skirts of organized labor. More harvest trains are expected from the east tomorrow and Wednesday *and these will rapidly be distributed.* Owing to high wages and great demand for labor south of the international boundary, the quota of harvesters furnished from there has been disappointingly small.

Farmers Have Scare.

(By Daily News Leased Wire.)

SASKATOON, Sept. 2.—Heavy rains this afternoon have put a still further handicap in the way of an early harvest in Saskatoon district. Cold sharp winds last night as well as a fall in temperature to just three points above freezing gave wheat growers an uncomfortable time. Only 50 per cent of the crop remains to be cut and a few days of sunshine would suffice to insure a safe harvest.

Making Good Progress.

(By Daily News Leased Wire.)

MOOSE JAW, Sept. 2.—The best reports from all over this district continue to come to hand regarding the harvest. Today was warm and at night there was high temperature. A bumper crop with no damage is highly *probable. Saturday should see almost* the whole of the heavy yield down before the binders.

Rossland News

(Special to The Daily News.)

ROSSLAND, B.C., Sept. 2.—The hunting season opened today and the woods are full of nimrods. Some fine bags were brought back to town this evening.

The Ladies' club, which has been closed for the summer, will open on Sept. 9. A general business meeting will be held on that day at 4 o'clock.

Mr. and Mrs. C. Dempster expect to leave for Victoria tomorrow. From there Mr. Dempster will go to New York and Mrs. Dempster will visit friends in Vancouver. R. C. Dempster accompanies them as far as Revelstoke where he expects to take part in the tennis tournament and from there will go to Montreal where he is attending McGill university.

Judge Caton, father of Mrs. Collis, left for Davenport, Wash., this morning and expects to be absent for a few weeks.

SHOOTS HIMSELF WHILE MOTHER IS AT CHURCH

(By Daily News Leased Wire.)

BRIDGETOWN, N.S., Sept. 2.—Wilber Young shot himself dead at Bridgetown last night while his mother was at church. After service Mrs. Young returned home and when she went up stairs where a light was burning Wilber was found kneeling by his bed with hands and head down. A foot away was a revolver. Taking him by the shoulder she turned him aside when he fell to the floor. A slight examination showed her son had been shot through the heart. Young was 35 years of age. The coroner's verdict was accidental death.

SCOTCH EMPLOYER RESCUED AT ADVENT BAY

(By Daily News Leased Wire.)

CHRISTIANIA, Norway, Sept. 2.—Dr. Wm. S. Bruce, the noted Scotch explorer and a companion who had been exploring Spitzbergen were rescued by a steamer at Advent bay which they had reached after a long and perilous trip. The news of their rescue was received here today.

MAKE STRIKE ON IDAHO-ALAMO

Lead is Reached on Slocan Star—Getting Near Ore Body—Surprise Taking Out Ore.

(Special to The Daily News.)

SANDON, B.C., Sept. 2.—A big strike has been made on the Idaho-Alamo mine. Three feet of ore has been struck. This property is situated between Three Forks and New Denver and is operated by W. E. Finch and William Springer of Spokane.

The Surprise mine is taking out ore and more men will be put to work. Heavy shipments will be made from this mine as soon as trawhiling is possible.

The Panama at Bear lake is shipping 40 tons of high grade ore.

The Lucky Jim mine is shipping steadily, but a shortage of cars appears to be causing trouble.

The Richmond-Eureka is sending out two cars of ore today.

R. S. Lennie, accompanied by his wife and family, Mr. and Mrs. Burdeck and Miss Bowser of Vancouver have been in the city. They are interested in the Slocan Star mine. The lead has been struck and word is expected every day that the ore will be found. Local people are investing in Slocan Star stock every day.
