HOPE TO COLLECT SOME MORE CASH

Fruitgrowers Union to Reorganize in Spring

NEED FOR MIXED FARMING URGED

Speaker Brands Methods of Chinese Produce Peddlers As Unclean.

After considering the financial statement of the Kootenay Fruit Growers' union as prepared by the treasurer, Raymond T. Hickes, and presented at the general meeting held in the board of trade rooms yesterday, and after discussing the financial condition of the union at some length, it was resolved that a collector be appointed by the secretary for each district covered by the union to collect all money promised and as much as possible of the amounts payable on stock in order to keep the union running until such time as the advisability of reorganizing under the new Provincial Agricultural Associations act can be carefully discussed by the fruit growers.

It was also decided that meetings should be called in each of the fruit growing communities of the district and the fruit growers made thoroughly conversant with the state of the union's affairs and the workings of the new act, so that a delegate could be appointed from each community to meet the directors of the union before the arrival of W. E. Scott, deputy minister of agriculture, with whom the proposition of a new association under the new act will be taken up.

Financial Statement.

The financial statement handed down at yesterday's meeting was as follows:

Statement to July 31, 1913.

	Receivable.	Payable.
Ranchers	$ 60.25	$ 197.64
Installments	605.00	.....
Salaries	....	694.93
Rent	....	286.39
Bank	....	10.62
Note (discounted)	....	500.00
Other creditors	....	296.68
Accounts receivable.	97.00	.....
	$762.25	$1,986.26

The statement shows that the union at present carries a net indebtedness of $1,224. This is offset, it was stated yesterday, by $1,500 in donations, of which but $371 has been paid to date. It is the object of the fruit growers to collect the balance of the $1,500 and such other sums from its subscribers to stock as possible, and in this way keep the union in operation until such time as a new association can be formed.

Do Better in Okanagan.

Gordon Hallett, president of the union, in opening the meeting said that he had conferred with Hon. Price Ellison, minister of agriculture, and with the deputy minister, W. E. Scott, and they had told him that the government could not practically assist them except under the new act.

Mr. Scott, said Mr. Hallett, advised that the present union be kept going until the spring, when he would advise reorganization under the new act. The Okanagan fruit growers had found their new organization under the act to prove most satisfactory, better prices and better service being obtained than with any previous organization.

He explained the financial difficulties and stated that so far this season the money secured on sales for produce had not been used by the union as in previous years, but had been turned over to the producer as soon as it had been received by the union.

Mr. Hickes then went through the financial statement in detail and reviewed the outlook for the marketing of the remainder of the fruit crop for this season.

The prairie dealers were looking forward to the time when carload shipments would be received daily from the Kootenay and he felt sure that the local dealers were beginning to realize that they should support the local growers.

When asked as to the dealings carried on by smaller associations in the district he said that the Willow Point association was working hand in hand with the union, as were several others.

Favors Farmers' Exchange.

At the afternoon session the advisability of reorganizing under the new Provincial Agricultural act was discussed. The first speaker, William Neilson of Fruitvale, president of the South Kootenay Farmers' institute, said that everybody was positive in the assertion that mixed farming should be carried on by the fruit growers and he advocated the formation of an institution along the lines of a farmers' exchange, where everything the farmer produced and some of the things he required could be handled on a commission basis. Produce could be kept on display in a warehouse or store and a market day could be observed, in this way the farmer getting the benefit of the profits now made by the merchants, he said.

If worked up and talked up he felt sure such an exchange could compete

DEMOCRATS BALK AT CURRENCY BILL

Unexpected Opposition Develops From Among Original Framers of Measure—Material Changes.

(By Daily News Leased Wire.)

WASHINGTON, Aug. 19.—Unexpected developments in regard to currency reform legislation in the senate today promised serious complications for President Wilson's plans for the passage of a currency bill at this session. At a conference of the Democratic members of the senate currency committee Chairman Owen, who has been considered an original framer of the bill now before the house, made it clear to his associates that he was opposed to several features of the bill, including the 12 regional reserve banks, and he would recommend important changes in the measure. The attitude of other Democrats on the senate committee is such as to indicate that there will be material changes in the measure, if not a complete remodelling of it before it comes before the senate for action.

KILLS WIFE WHILE KISSING FAREWELL

Edmonton Woman Victim of Accidental Discharge of Gun in Hand of Husband

(By Daily News Leased Wire.)

EDMONTON, Alta., Aug. 19.—F. W. Cox, assistant manager of the John Walters mills, accidentally shot and killed his wife this afternoon as he leaned forward to kiss her, prior to her departure for a drive through the city with her sister. Mr. Cox had been on a vacation from the office and was cleaning an automatic revolver when his wife announced that she was going for a drive with her sister. The rig was drawn up at the door and Mrs. Cox stepped into the room in which her husband was at work to kiss him good-by. The husband, the revolver in his hand, put his arm around his wife's neck and at the time of the embrace the pistol in some manner was discharged. The ball entered the base of the skull back of the right ear and Mrs. Cox fell dead in his arms.

TO WITHDRAW FROM TREATY

Hon. J. D. Hazen Intimates That United States Has Not Kept Faith With Canada.

(By Daily News Leased Wire.)

VANCOUVER, B. C., Aug. 19.—That Canada would withdraw from the fisheries treaty with the United States unless congress passed the international commission recommendations next session, was the intimation made at the Canadian club luncheon today by Hon. J. D. Hazen, minister of marine and fisheries. Mr. Hazen pointed out that the fisheries of Canada on both coasts were suffering from the reckless fishing of Americans and cited the case which led to the international commission being formed. This commission made certain recommendations which the Canadian government passed in 1910 but the United States has not yet made the recommendations law, and Mr. Hazen intimated that unless the next session of congress followed the lead of Canada, which passed the regulations in good faith, the Dominion would have to withdraw from the treaty.

CASUALTIES HEAVY IN ORIENTAL LIMITED WRECK

CRARY, N. D., Aug. 19.—Two unidentified men were killed, another man was fatally injured and 20 passengers were slightly hurt when the Oriental Limited on the Great Northern was wrecked here last night. The engine, mail car, baggage car, smoker and two day coaches left the rails. The smoker rammed its way through a grain elevator. The wreckage caught fire and several persons were believed to have lost their lives, but only two bodies were found under the ruins. The exact cause of the derailment has not been ascertained. Relief trains carrying doctors and nurses were sent from Devils Lake, Lakota and Grand Forks.

Only one member of the train crew was injured. The train which left St. Paul in the morning was travelling rapidly when it left the rails.

HUNDRED ARRESTS MADE IN NANAIMO

Militia Guard Prisoners Who Appear in Court

MURDER CHARGE IS TO BE LAID

Jailing of Owner of Leading Barber Shop Creates Sensation

(By Daily News Leased Wire.)

VANCOUVER, B.C., Aug. 19.—One hundred and twenty-eight men now lie in the provincial jail at Nanaimo. This afternoon 48 were brought before Magistrate Simpson on a multitude of charges and in every case a remand of eight days was ordered. In the same jail is the "Flying Dutchman," who is to be hanged next week for murder. The prisoners were brought to the court house under guard of the military with fixed bayonets before and behind. There was only one interruption from the spectators when there was a meek and mild "hear, hear" which greeted the remark that any amount of bail would be given for the release of Chris Pattenson, who is the local organizer. A. Leighton of Victoria appeared for the accused.

Two of the defendants were boys hardly more than 14 years old. The most brutal assaut was laid at the doors of a man who stood little more than 4 ft. high.

Murder Charges to Be Laid

(By Daily News Leased Wire.)

VANCOUVER, B.C., Aug. 19.—One hundred arrests had been made up to 6 o'clock this evening in the coal mine strike zone on Vancouver island. The presidents of the union at Ladysmith, Nanaimo and Cumberland are in jail charged with rioting and charges of attempted murder and arson are yet to be laid against some of the hundred who were taken into prison last night and today. Forty-seven were arrested in Nanaimo during last night and 13 more were added this forenoon.

In the early hours of this morning, under cover of darkness, the special police who have been greatly augmented within the past two days, accompanied by soldiers, passed from house to house in Ladysmith and arrested 29 men alleged to have been implicated in the riots and disturbances of the past week.

Those for whom warrants had been issued were awakened and told that they were under arrest. Two or three minutes were given to the men to dress before they were marshalled between a file of soldiers and marched to the Abbotsford hotel where, under a strong guard, they were held until the arrival of a special train to take them to Nanaimo at 9 o'clock. Samuel Guthrie, president of the local branch of the United Mineworkers of America, was one of the first to be apprehended. He made no resistance as did none of the others, all being surprised at the suddenness of and the unusual hour of their arrest.

One sensation which is causing much comment today was the apprehension of William Stacouse, proprietor of the largest barber shop and pool room in the city. He has been very outspoken in his support of the strikers, and it is alleged took an active part in the disturbances.

Flood Method Costly

Preparations are going on to flood the Western Fuel company's workings to extinguish the fire which has been burning in the south wall for some time. The chief government inspector of mines, Thomas Grahan, said to a reporter today that in the event of the mine being flooded it would be several years before it could be worked to capacity again.

Mr. Graham, who was formerly in charge of the property, knows the conditions there and was positive that the steps which the union is forcing to put out the fire will prove disastrous to the mine and the whole community.

PAROLE SYSTEM WORKS OUT WELL

Over Five Thousand Convicts Have Been Released on Honor Plan in Fourteen Years.

(By Daily News Leased Wire.)

OTTAWA, Aug. 19.—W. P. Archibald, Dominion parole officer, has returned from a six weeks' trip of inspection through western Canada, in the course of which he visited four penitentiaries, at Stony Mountain, Prince Albert, Edmonton and New Westminster. He will make a report to the department of justice.

"Everything is working out nicely in the parole system in the west as in the rest of Canada," said Mr Archibald. "In the last year throughout the whole Dominion we released about 900 prisoners on parole, making altogether 5,496 released in the 14 years the system has been in operation. Each year more satisfactory results are obtained."

HUNDRED SLAIN BY EXPLOSION

Dynamite on Street Railway Car Causes Havoc in Suburb of City of Mexico

(By Daily News Leased Wire.)

MEXICO CITY, Aug. 19.—An explosion on a gondola loaded with dynamite on the tracks of a street car company in a thickly populated portion of Tacabaya, a suburb of the capital, killed or injured more than 100 persons, chiefly women and children, early this morning. Thirty bodies already have been taken from the ruins of the houses. Scores of wounded are dying in the streets.

DEATH ROLL IN WRECK IS FORTY

Thirty-three Passengers and Seven Sailors Died When State of California Sank Near Alaska

(By Daily News Leased Wire.)

SEATTLE, Aug. 19.—Officials of the Pacific Coast Navigation company today definitely fixed the loss of life among the passengers and crew of the wrecked steamer State of California at 33 passengers and seven sailors.

Seven in Hospital

(By Daily News Leased Wire.)

JUNEAU, Alaska, Aug. 19.—Thirty-seven surviving passengers of the steamer State of California sailed for Seattle on the steamer Northwestern today, leaving seven passengers in a hospital, unable to travel. The Northwestern had 10 coffined bodies of passengers. Three of the dead were unidentified. The coffins will be opened at Seattle and it was hoped that identification will be made there. All the surviving officers and other members of the crew appeared before Marine Inspectors Whitney and Kell and gave testimony which was taken in shorthand. They were ordered to report to the marine inspectors upon arrival at Seattle.

Captain Cann of the wrecked steamer left for the scene of the wreck today to make soundings to ascertain if the mail and purser's safe can be recovered. The mail was in the hold. If it had been above it could have been carried afloat with the wreckage of the upper works.

PLAN WESTERN TRIP AFTER MANN CUP

(By Daily News Leased Wire.)

WINNIPEG, Aug. 19.—Following on their victory over the Norwoods yesterday and the winning of the local senior lacrosse championship, the Young Conservatives are considering taking a trip west after the Mann cup. Exhibition games may be arranged at Regina, Calgary and other western cities.

GOVERNMENT VICTORIOUS.

WILLEMSTAD, Curacao, Aug. 19.—Coro, the town in the state of Falcon, where revolutionary followers of Cipriano Castro struck their first blow in an attempt to overthrow Gomez, was captured by government troops after a fierce battle, according to advices brought here today. The revolutionary leaders, Gen. Lazaro Gonzales and Gen. Urbina, were killed. A small force of government troops is reported to have been defeated at Cinamaica by rebels.

COMMANDER ROPER ATTACKS LEMIEUX

Brands Charges as Untrue and Unjustifiable

KNEW STATEMENTS WERE UNFOUNDED

Naval Officer Supports Hazen In Challenge to Ex-Minister.

(By Daily News Leased Wire.)

OTTAWA, Aug. 19.—The Evening Journal today features a couple of letters written by Commander Roper, formerly of the Canadian naval service, to Hon. Rudolphe Lemieux, ex-postmaster general. In the first letter Commander Roper replies to statements made by the ex-minister touching on a report written by Commander Roper criticizing the naval plans of the late government. Apparently Mr. Lemieux did not reply to Commander Roper, who wrote him again to say that it was his intention to give his first letter to the press. Commander Roper's letters are as follows:

"H. M. S. Cameleon, Second Destroyer Flotilla, June 10, 1913.

"Sir: My attention has been drawn by friends in Ottawa to the house of commons of Canada debates on May 6 and 7, 1913, in which the Naval Aid bill was discussed in committee and of which I now have the copies of Hansard.

"During the debates I came under discussion as being the author of a document which was written during August and the early part of September, 1911, and handed in to Admiral Kingsmill on September 20, 1911, and of which Mr. Hazen, minister of marine, has used extracts.

Uncalled For Language, He Says.

"With regard to the document and the author of it you thought fit, both on May 6 and 7, to use language which can only be characterized as unwarranted and uncalled for.

"Prior to the statement made by Mr. Hazen on May 7 in which he gave the facts of the case, and of which I affirm every word is true, there was perhaps some reason for misconception and room for criticism on the part of those who were not conversant with the true facts under which the document was written.

"Mr. Hazen's statement, however, was clear and decisive and should have been sufficient foundation for anyone who had an unprejudiced and unbiased view of the case and did not seek to hide the true circumstances so as to serve his own ends.

"This, however, was apparently your endeavor, for after Mr. Hazen's statement the language you used, calculatedly and deliberately, was more extravagant and unwarranted than that previous to it.

"According to your speech:

"(1) The report was concocted and antedated.

"(2) Was 'sneaked' in spite of Admiral Kingsmill into the department of marine and fisheries.

"(3) Was written to assist in obtaining a raise of salary.

"(4) That if the admiralty were aware of my conduct I should not be kept in office.

"These charges, any of which, if true, is sufficiently grave to seriously injure my character and reputation, were made under the shelter of the house of commons, which is, I believe, a privileged place.

Brands Charges as Untrue.

"Whilst I care little for the opinion of those who, for political purposes, see fit to abuse and stultify one in whose judgment his duty rendered it necessary to state plainly and emphatically his opinion with regard to certain matters, I do value most highly the good opinion of the Canadian people in general and of those in particular with whom I came in contact

(Continued on page five.)

SUGGESTS CENTRAL CONTROL OF ISSUES

London Financial Expert Thinks Authority Should Be Constituted to Take Charge of Borrowing.

(By Daily News Leased Wire.)

CALGARY, Alta., Aug. 19.—John Coles, London financial expert, a director of the Hudson's Bay company, here as the representative of Lord Strathcona in connection with the opening of the Hudson's Bay company's new Calgary store, speaking as an investor in Canadian debentures, advocates for western Canada the establishment of some central authority which could control municipal borrowing and to which the English investor could refer for information concerning the securities offered. In Great Britain this function is performed by the local government board. He is of the opinion that the first province that formulates some such scheme will find itself possessed of a distinct advantage in its financial undertakings.

SITUATION IN MEXICO PUZZLE

Washington Officials Have Difficulty in Understanding Complex Messages—Ultimatum Denied.

(By Daily News Leased Wire.)

WASHINGTON, Aug. 19.—Hopeful though puzzled by the day's developments, administration officials anxiously awaited tonight the receipt of the Huerta government's complete reply to the American communication presented by John Lind, personal representative of President Wilson in Mexico.

President Wilson and Secretary Bryan had received during the past 24 hours:

A summary from Mr. Lind giving briefly the Huerta government's rejection of the American proposals.

About 1,000 words of the text of the Huerta reply.

A message from Mr. Lind stating that he had been in conference at an early hour today with Provisional President Huerta, that the interview had been cordial and was brought about at the suggestion of Huerta himself.

A denial from Charge O'Shaughnessy, authorized by President Huerta, declaring there was no truth in the report of an ultimatum demanding recognition from the United States. This, coming in disconnected cipher messages which administration officials themselves confessed difficulty in understanding, was given to the members of the senate committee on foreign affairs. Republicans as well as Democrats were interested and it had the effect of staving off debate on the Mexican question, following sensational reports of a severance of relations by the Huerta government.

One thing that confused the situation was the fact that only the first part of the Huerta note rejecting the American proposals had been received. This was couched in cordial terms setting forth the reasons why mediation or outside interference is impossible of acceptance to the Huerta administration. In the meantime news that subsequently Mr. Lind had resumed negotiations with Huerta inspired the hope that something might transpire to cause a change of views.

Fear Friction Yet.

There was an undercurrent of skepticism among some officials, however, who were inclined to credit Senor Urrutia, Mexican minister of the interior, with responsibility for the reports published today that recognition has been demanded with the threat of severing relations between the two countries. At the white house and state department the denial authorized by President Huerta was accepted. Reports of friction in the Huerta cabinet, however, are current, and Urrutia's alleged declarations were cited as possible evidence of friction. It was pointed out that Urrutia had issued the first statement declaring that Mr. Lind would not be received unless he brought credentials recognizing the Huerta government. The position later was repudiated not only by Frederico Gamboa, minister of foreign relations, but by Provisional President Huerta as well, both of whom received Mr. Lind.

Constitutionalist representatives here do not think anything definite

(Continued on page five.)

THAW LANDS IN QUEBEC JAIL

Dominion Threatens Deportation as Undesirable

ADMITS IDENTITY TO POLICE OFFICER

Engages Lawyer and Plans Another Big Legal Battle.

(By Daily News Leased Wire.)

SHERBROOKE, Que., Aug. 19.—Harry K. Thaw, cut short in his flight from the state asylum for the criminal insane by arrest today at St. Hermenigilde de Garford, just over the international line from New Hampshire, prepared in his cell in the county jail here tonight to fight against being sent back to the United States. Thaw faces deportation on the ground that he is an undesirable alien and extradition on a warrant charging him with bribery. The warrant already issued in New York state for his arrest on a charge of conspiracy will not suffice to extradite him in the opinion of the local authorities.

These authorities received word tonight that the district attorney of Duchess county, New York, was on his way here prepared to swear to a warrant charging Thaw with bribery —an extraditable offence, if necessary.

Uses Jack Johnson's Defence.

In his own defence Thaw claims that he was merely passing through Canada on his way to Detroit when his passage was interrupted by arrest. He exhibited what he claimed to be transportation to Detroit in support of this claim and cited the case of Jack Johnson to bear out his contention that he cannot be sent back to the United States by the Canadian authorities so long as he is simply passing through the country and intends to go beyond its borders.

The Canadian immigration department at Ottawa wired the chief of police here to hold Thaw under the immigration act, indicating that steps will be taken to deport him. This theory was made almost a certainty by the information that the department had sent two inspectors to Sherbrooke with instructions to watch the case and institute proceedings to deport Thaw back under the clause of the act dealing with "prohibited persons."

Threatens Lengthy Fight.

At Coaticook, where Thaw was lodged in the lockup immediately after his arrest he engaged a local lawyer. He was arraigned before Justice Dupuis. The justice read an indictment charging him with unlawfully escaping from Matteawan and, without permitting a plea, remanded him to the jail at Sherbrooke for a hearing tomorrow morning. Two men were arrested with Thaw but liberated later at Coaticook. They are believed to be of the party of five confederates who manned the two automobiles used by Thaw in his escape from Matteawan. The two men refused to give their names or say anything about themselves. They followed Thaw here from Coaticook and remained in town over night.

W. L. Shurtleff, the Coaticook lawyer retained by Thaw, denounced the hearing before Justice Dupuis as unfair and said he would apply tomorrow for a writ of habeas corpus for Thaw, prior to the hearing before the extradition commissioner. Should the writ be refused, Mr. Shurtleff said he would ask for an appeal from the justice's decision. There is every indication tonight that Thaw intends to write into the jurisprudence of the Dominion of Canada a record of a bitterly contested fight against extradition, deportation or both. From his cell in the county jail tonight Thaw sent out to the newspapers a statement, under this caption, typewritten in capitals:

Thaw Issues Statement.

"No one has contended that for two years nearly that Thaw has been in the tombs he has been insane. There is no evidence of delusion in the slightest degree on his part. Is it anything crazy to take a pistol to defend yourself against a man who calls you a —— and threatens to kill you before morning?"

The statement itself was a printed synopsis of District Attorney Jerome's speech—or purported to be such—to the jury at Thaw's second trial, Jan. 30, 1908, for the murder of Stanford White. At the end of the printed synopsis was a statement by Mr. Shurtleff. It read as follows:

"Mr. Thaw has requested me to thank the people for their kindness and strong feeling of fair play. The remarks of Attorney Jerome, the prosecuting attorney, who contended that Thaw was not insane but shot in defence of his family honor, will naturally be appreciated by Canadians."

Will Not Talk of Escape.

After Thaw had spent some hours in his cell and grumbled a bit at his poor quarters, he was removed to the hospital, where the accommodations are better. At his lawyer's suggestion he consented to see reporters.

"Where did you intend to go after you left Mattewan?" he was asked.

"I may have been going home," he replied quickly and finally.

No amount of questioning could induce him to modify this statement, nor could the interviewers persuade him to tell where he had been or what he had done since leaving Matteawan. Courteously but firmly he declined to answer all questions even remotely bearing on the topic.

The authorities believe, however, that Thaw had an all-day ride at break-neck speed after he flashed past the gateman at Matteawan. An auto-

(Continued on Page Five.)

Nelson Welcomes Geologists and Minister This Evening

This evening excursion C 2 of the geological congress, with whom is Hon. Louis Coderre, minister of mines and secretary of state in the Dominion cabinet, will arrive in Nelson on the steamer Nasookin.

W. F. Roberts, president of the board of trade, accompanied by J. S. Munro, A. B. Netherby, W. G. Foster, T. A. Robley and W. F. Cochrane, will leave on the Crow boat this morning for Kootenay Landing where they will meet the party and accompany them to Nelson. The special train of the party will arrive in the city later in the evening.

Yesterday morning the reception committee of the board of trade, F. A. Starkey, T. A. Robley, W. G. Foster and J. S. Munro, met and completed arrangements for the reception and entertainment of the party and the minister of mines.

On their arrival in the city the members of the party will be escorted to the board of trade rooms where the mineral exhibit of the publicity bureau will be inspected and some idea of the great mineral resources of the district given.

Upon leaving the board of trade rooms the party will adjourn to the Strathcona hotel where an informal gathering will be held when it is expected that the party will meet the members of the board of trade and the mining men of the district who are in the city. The city band has consented to hold its weekly open air band concert on the porch of the Strathcona hotel for the occasion. The ladies of the party will be entertained by a committee of Nelson ladies.

After the entertainment the party will leave for the special train which will depart for Phoenix early in the morning.

Mr. Coderre will remain in the city with his private car tomorrow and while here will meet a deputation from the council of the board of trade and district mining men who will submit to him various questions of importance to the mining industry. Tomorrow afternoon the minister and his party will be invited to visit by special train the Bonnington Falls power plant and Creel Lodge, where a luncheon will be served. Members of the board of trade who desire to accompany the party to Bonnington and Creel Lodge tomorrow afternoon are asked to notify the secretary at the board of trade rooms today in order that arrangements may be completed for the journey.

First Annual Rossland Flower Show Offers Feast of Beauty

(Special to The Daily News.)

ROSSLAND, B. C., Aug. 19.—The first annual flower show held in Rossland opened today under the most favorable conditions, the weather being perfect. At 4:30 o'clock the school children lined up in front of the Oddfellows' hall. The city band headed the parade with about 200 children, all dressed in white and carrying flags, following. After parading through the city they arrived at the big rink, where the flower show is being held, and sang the national anthem. Mayor Deschamps then gave a short address and introduced J. H. Schofield, M.P.P., of Trail, who also gave an address, after which he declared the show open to the public.

Words cannot describe the beauty of the scene which was opened to the eyes of those who had arrived, and never has Rossland seen such a display of flowers, fruits, vegetables, fancy work and home cooking. The decorating committee had excelled themselves in the decorating, the building being beautifully decorated with flags of all nations and bunting, and at one end of the building an archway had been made of greenery, dividing the entrance to the dancing platform. A number of prettily decorated booths had been arranged throughout the building.

The Pythian Altruistic society had charge of the tea booth and a canopy of the society's colors, white, red, yellow and blue, formed the decorations, with Mrs. R. Gosse, Mrs. W. Hooper and Mrs. Lawson in charge. The ice cream booth was in charge of Mrs. Hooper, Mrs. Trembath and Mrs. Inches, and is in Japanese effect with Chinese lanterns, Japanese birds and Chinese umbrellas forming the decoration. Betts & Oddy and Hunter Brothers have very fine displays, as has also the West Kootenay Power & Light company, which is making a display of flowers and fruit, among them being an orange tree with the fruit growing on it, and a large banana plant. Exhibits from Trail, Nelson and Arrowhead arrived today. The decision of the judges will be known tomorrow.

Pocket Pencils and Stylo Pens

Commonly Called the Ink Pencil

FERRIER STYLO—Black and Tan colored, nicely boxed, with filler..50c

DERWENT STYLO—Black, Tan and Olive colors, fitted with platinum point, guaranteed $1.00

BUILD ELEVATORS ON STATE LOANS

Forty-six Are Under Construction at Calgary—Government Lends Eighty Per Cent of Cost

(By Daily News Leased Wire.)

CALGARY, Alta., Aug. 19.—Forty-six fine elevators will be constructed in Alberta this year in time to handle this season's crop by the Alberta Farmers Elevator company, authorized under the Farmers Elevator bill passed at the last session of the Alberta legislature. The new company is closely allied with the United Farmers of Alberta and the Grain Growers company of Manitoba. The work of building half of these elevators is well under way and material for the other half on the ground at the various locations. For the erection of these elevators, 46 local companies have been formed in various grain communities of Alberta. The announcement of the status of the work, which comes as a surprise, was made at the meeting of the provincial directors of the Farmers Elevator company, held here today.

Active in the deliberations of today's session was President W. J. Tregillus of the United Farmers of Alberta, E. Y. Woodbridge and Vice-President E. J. Fream of the Grain Growers and many other prominent members of farmers' organizations from all parts of the province. More than 100 were in attendance at the meeting.

The act providing for the organization of a farmers elevator company and the building of farmers elevators prescribed that when the farmers of any locality desired an elevator they might form themselves into a local company; that when at least 20 of such companies had been formed they might apply to the provincial government for assistance and if they had paid in 20 per cent of the capital stock of their separate locals the government would advance the balance of the money necessary to build elevators, the loan to be made at five per cent and the money to be repaid in 20 years.

In order to take advantage of this legislation, the parent company was formed, and the provisional directors, working quietly, perfected the organization of these local companies, the necessary money was subscribed, the aggregate capitalization of the local companies being $360,000 and on the assurance of the government two months ago that the necessary loan would be forthcoming the work of building was begun and is well under way.

At the meeting of the directors today Hon. Duncan Marshall, provincial minister of agriculture, said that the money necessary for the completion of the big scheme is available and would be at the disposal of the parent elevator company any time it is required. The cost of constructing the elevators varies from $8000 to $13,000 each and the total storage capacity will be about 1,500,000 bushels. During the course of the next two years it is expected to expand the scheme considerably.

TO GIVE DECISION TODAY IN HORSE THEFT CASE

WINNIPEG, Aug. 19.—A decision in the case of Fred W. Ings of Nanton, who is charged by R. Dillworth and Edward Hill with the theft of two horses from the exhibition grounds in Winnipeg, will be given by Magistrate Macdonald tomorrow. The evidence was all submitted today and J. A. M. Aikens, K.C., summed up the case for the defence, going over the details from the time the horses were first sold in Calgary until they were taken from the grounds. Mr. Aikens asked that the case be dismissed, but the magistrate decided that a little time should be taken to go over the evidence in detail and remanded the case until tomorrow afternoon.

Kootenay and Boundary

Rossland News

(Special to The Daily News.)

ROSSLAND, B.C., Aug. 19.—Young Bou and Arthur Makings were charged in the police court yesterday for tampering with the city hydrant to obtain water for irrigation purposes. The case was adjourned until Wednesday morning.

A picnic party, composed of the members of the R. M. E. S. C., chaperoned by Mrs. Patriquin, motored to Silica on Monday. Rev. J. J. Nixon and Mrs. Nixon also accompanied them.

The Epworth league of the Methodist church has arranged a picnic for Wednesday, Aug. 27.

The teachers' training class of the Methodist church is having a New Testament examination on Thursday evening at the parsonage.

Young Wo and Loung Chee were charged at the police court on Monday with allowing filth to accumulate on their premises. The sewer adjoining Loung Chee's premises had been tapped and the contents allowed to run over gardens. They were fined $10 each or ten days in jail.

The geological congress will arrive here on Friday morning by special train at 11 o'clock. The party will lunch at the skating rink at noon. After lunch the party will be guided through the mines by R. H. Stewart, Ernest Levy, M. E. Purcell, F. Peters, L. Hill and others. The ladies of the party will be entertained by the wives and daughters of members of the Rossland club. In the evening the party will be dined at the different hotels. The special will leave Rossland at 10 o'clock.

Mrs. E. C. Stewart of Baker, Ore., is visiting Rossland and is the guest of Mr. and Mrs. Tosh. Mrs. Stewart is the sister of Mr. Tosh.

Mrs. Schorlemmer, who has been in Marble for the past two weeks, returned yesterday.

The St. George's Sunday school will hold its annual picnic at Patterson on Thursday. The party will leave on the 10 o'clock train.

A large number came up from Trail by train and by motor this afternoon to witness the flower show.

A number of people pleasantly surprised Miss Priscilla and Miss Lily Baxendale at their home last evening. Miss Priscilla will leave shortly for Hosmer, where she will teach school, and Miss Lily Baxendale will leave for the coast, where she will attend normal.

H. Applequist, who was hurt in a ball game here a couple of weeks ago, is able to be out of the hospital, but is still quite lame.

Leo Auchampaugh, who has been the guest of his aunt, Mrs. H. Deagon, for the past month, left yesterday for his home in Seattle.

Mrs. Lane, of Trafford & Lane, will leave tomorrow on a business trip to the coast cities.

Mrs. Martin and her little daughter of Trail are visitors in town today.

WANETA NEWS

(Special to The Daily News.)

WANETA, B.C., Aug. 19.—Mrs. A. G. Lang is benefitting much from her stay on the lake near Nelson, and is a good deal stronger than when she left Waneta in the spring.

Mr. Galbraith, the local storekeeper, is entertaining his sister and brother. They came in from the prairie last week.

On Friday Mrs. Stone of Cranbrook arrived after spending a week with Mrs. Lang in Nelson. She will be staying some weeks with Mrs. Churches at the Durdans.

Mrs. A. J. Slater returned on Friday from Nelson. She had been visiting Mrs. Lang.

ROBSON NOTES

(Special to the Daily News.)

ROBSON, B. C., Aug. 19.—A. Mitchell and George Horne attended the union fruit growers association in Nelson today.

Nelson visitors this week are Mrs. A. Mitchell and daughter Doris, G. R. Brown and daughter Margaret, Mrs. Marvin McDaniels and Miss Glayds Clyde.

Miss Lottie Burfield of Nelson is visiting this week with the Misses Clyde.

SASKATOON MAYOR DENIES

(By Daily News Leased Wire.)

SASKATOON, Aug. 19.—A prompt denial was given today by Mayor Harrison to the statement A. E. Mackenzie made to the Brandon council last night respecting the sale of that city's bonds. Mr. Mackenzie was reported as having stated that the Harris Trust & Savings company of New York had turned down representatives of Calgary, Saskatoon and Edmonton, seeking to place bonds with that firm. Mayor Harrison states this company was not approached by Saskatoon.

CRANBROOK NOT COMING

Having four players crippled as a result of a game last week with Sandpoint, the Cranbrook baseball team is unable to come to Nelson for the game scheduled for today.

EIGHT THOUSAND HARVESTERS ARRIVE

Greatest Rush of Year Will Commence Today, Say Railway Officials—No Overcrowding

(By Daily News Leased Wire.)

WINNIPEG, Aug. 19.—A grand total of 8,000 harvesters are now either in the districts to which they are destined and at work or are on the way there from the cities of western Canada and the eastern provinces. According to advices of the Canadian Pacific railway about 4,000 men have left points in Ontario and the east and will arrive in the city sometime tomorrow. All the men from the maritime provinces who were in the city yesterday have gone to the west and the officials at the immigration station have little to do today.

Tomorrow, however, the greatest rush of the year will commence when five special trains from Ontario come in. The exact times at which these trains will arrive is not yet certain but it will probably be late at night. Preparations to handle the traffic are complete and the railway officials state that there will be no overcrowding in any districts at the expense of others.

Crops Splendid, Says Minister

(By Daily News Leased Wire.)

WINNIPEG, Aug. 19.—Hon. George Lawrence, minister of agriculture for the province, has just returned from a trip through the south country. The crop throughout the country is in splendid condition, declares Mr. Lawrence and harvesting is in full swing at almost every point. The crop is in splendid shape and promises to grade higher than last year. The recent storm that swept over the country was reported to have done great damage, but the damage appears to be more imaginary than real. There is a good demand for harvest help, but a steady stream of workers is pouring into the province from the east and from Britain, he said.

GEOLOGISTS VISIT COAL CREEK MINES

Fernie Board of Trade Entertains Scientists—Mrs. Corsan and Mrs. Rogers Hostesses to Ladies

(Special to The Daily News.)

FERNIE, Aug. 19.—The International Geological congress party arrived here by special train over the Canadian Pacific railway this afternoon, and was met by Mayor Gates, W. R. Wilson, general manager of the Crow's Nest Pass Coal company; A. B. Trites, R. M. Young and others. The party was taken to Coal Creek mines and the afternoon spent in inspecting the works.

They were entertained to a smoker in Victoria hall in the evening, where an address of welcome was given by Mayor Gates, who afterward called upon Dr. R. M. Brock, president of the Canadian Geological society, to occupy the chair. Many speeches of interest were rendered during the evening.

The ladies of the party were entertained in the afternoon at the home of Mrs. Corsan and in the evening at the home of Mrs. John Rogers. All arrangements were under the direction of the Fernie board of trade.

A train consisting of 101 cars of coal and hauled by one engine (mallet compound) left the Great Northern yards on Sunday morning.

NEWLY WED COUPLE SUFFOCATE ON VESSEL

(By Daily News Leased Wire.)

CURLING, Nfld., Aug. 19.—A newly married couple and an elderly lady were suffocated by gasoline fumes while sleeping in the cabin of an auxiliary packet employed by the Canadian government on the Labrador coast, according to news brought back from Labrador today. No details and no names were known by those on the Newfoundland mail steamer which brought to the outside world the first news of the tragedy.

TURKEY WANTS TO HOLD ADRIANOPLE

Greece Is Suspected of Aiding Ottoman Move by Early Evacuation of Cities

(By Daily News Leased Wire.)

SOFIA, Aug. 19.—The Turks have occupied Kuchuk Kukvak, in the Gumuljina district, after an engagement with the small Bulgarian garrison. It is believed to be Turkey's intention to occupy and hold the territory west of the Mesa river, not with a view to its permanent occupation but in order to compel Bulgaria to treat directly with Turkey on the question of Adrianople and thus prevent interference in this situation by the powers, there are some indications that Greece is acting in collusion with Turkey.

Greece has announced her readiness to evacuate Xanthi, Gumuljina and Dedeagath next Thursday with the suggestion that Bulgaria occupy them in one day. Occupation on Friday is impossible owing to the difficulties of communication, and Bulgaria has requested a postponement of the evacuation and occupation until August 28. The opinion is expressed, however, that Greece will adhere to her plan to evacuate on Thursday and thus enable the Turks to occupy those towns in advance of the Bulgarians.

Wants Adrianople

CONSTANTINOPLE, Aug. 19.—The council of ministers decided today to send a note to the powers announcing Turkey's willingness to evacuate all territory west of the Maritza river on condition that the Ottoman government be permitted to retain Adrianople.

DRILL HALL CONTRACT LET

(By Daily News Leased Wire.)

INDIAN HEAD, Sask., Aug. 19.—The Dominion government has let the contract for the drill hall to James McDiarmid & Co. of Winnipeg for $13,700. The government has purchased 100 feet on Water street near the Canadian Pacific railway station as a site for the new forestry building.

CUTTING GENERAL CROPS ARE MEDIUM

Those on Summerfallow Show Best Results—Rain Did No Damage, Says Report

(By Daily News Leased Wire.)

REGINA, Sask., Aug. 19.—The following official crop report has been issued by the Saskatchewan department of agriculture:

In a district bounded on the south by township 10, on the east by the Dirt Hills, Last Mountain lake and range 23, w2, and on the north by township 40, cutting is now general and a medium crop is expected. This area embraces roughly the provincial electoral districts of Gull Lake, Swift Current, Morse, Thunder Creek, Arm River, Rosetown, Kerrobert, Tramping Lake, Biggar, Eagle Creek, Hanley, Saskatoon county, Vonda, Kindersely and the northern portions of Maple Creek and Moose Jaw counties. To these should be added the electoral districts of Souris and Estevan.

Throughout most of this territory crops on stubble and spring plowing are quite light and those on summerfallow fair to good. Here and there in this area conditions are better than those described. Some damage has been done in this district by the extreme heat that occurred on several days during the past few weeks. In a number of the fields the straw is fully ripened but the heads are not filled to a corresponding extent. The recent heavy rains have done as much good as harm to the crops in this area which comprises about one-third of the crop area of the province.

Throughout the remainder of the province the crop promises to give rather more than an average yield, summerfallow fields being the best and second crop after fallow ranged from good to light. Some of this crop is affected by the heavy rains recently, and much of it is rather late. In this territory cutting of wheat and heavy oats will not begin until about Aug. 25, though barley, light oats and some early fields of wheat are being cut at the present time.

Warm weather is imperatively needed throughout this district which comprises two-thirds of the crop area of the province.

No damage has been reported from frost or rust, although in some places high winds have caused some grain to shell out. Damage from this cause is slight. Damage from hail has been reported from Maclean, Manor, Ogema, Rosetown, Carlevale, Alamaeda, Kerrobert and Sintulita.

From all parts of the province are coming calls for men for the harvest fields which are being supplied as quickly as possible by the bureau of labor. The excursions from the east are now arriving.

DOMINION TO PAY OFF LARGE LOAN

Last of Four Per Cent Issues Will Mature This Fall—Five Million Dollars.

(By Daily News Leased Wire.)

OTTAWA, Aug. 19.—Hon. W. T. White, minister of finance, who has been in England for some time, is sailing for home next week and will be here about Sept. 1. While his trip has been primarily for rest, the minister has kept in touch with his department and has devoted some attention to the loan for about $5,000,000 which matures this fall. This is the last of the loans bearing interest at 4 per cent. All others are at more favorable rates. Until the finance minister returns it will not be decided whether the loan will be paid off out of consolidated revenue.

WENT AWAY WITH BENEFACTOR'S FURNITURE

(By Daily News Leased Wire.)

WINNIPEG, Aug. 19.—Edwin Brewer, charged with the theft of household furniture from the home of Rev. W. B. Carswell, was arrested today at Minneapolis at the request of the Winnipeg police. A short time ago Brewer appeared at the minister's home and poured into his ears a tale of woe, which, coupled with his forlorn appearance, caused the kindly person to take him into his household as a friend. Brewer's gratitude to his benefactor was so sincerely expressed that when Mr. Carswell went on his vacation he left his house in the young man's charge, but on his return he found it denuded of its more valuable furnishings and his protege missing. The police were notified and the furniture was traced to a local second-hand dealer's named Harris. Harris was unable to give a satisfactory explanation of his dealings with Brewer and his license was revoked. The description of the missing young man was spread broadcast and resulted in his arrest by the Minneapolis police.

MAJOR BLACK DEAD

(By Daily News Leased Wire.)

HALIFAX, N.S., Aug. 19.—Major J. Albert Black, aged 78, died at Amherst today. He was a prominent figure in militia affairs and in 1866 established the Amherst Gazette, the first newspaper published there.

MARSHALL WINS WITH KNOCKOUT

Fernie Man Beats Jim McLean in Bout at Cranbrook Under Police Supervision.

(Special to The Daily News.)

CRANBROOK, B. C., Aug. 19.—In a 15-round middleweight boxing contest promoted by Bob Nafe of Cranbrook, held here tonight under police supervision, Dick Marshall of Fernie won by a knockout in the eighth round over Jim McLean of Bull River. The several hundred who were in attendance witnessed one of the most even and keenest contests ever held in this city.

Two preliminaries preceded the main bout, the first between Young Kay and Spy Steele was three rounds and resulted in a draw. These bantamweights proved to be great mixers and kept the audience on edge. While separating a clinch Referee Lindsay received a punch in the abdomen.

The second preliminary was four rounds, between Walter Kay of Cranbrook and Malcolm Carter of Bull River, the contestants weighing in at 133 pounds. This event was extremely fast throughout and amidst great applause Kay got the decision in the fourth.

The main bout was staked under Marquis of Queensbury rules and was a clean bout. Marshall, the Italian, weighed in at 162 pounds, which was just eight pounds heavier than the Irishman.

Round 1 saw good fighting, with McLean leading and succeeding in knocking a few good rights and lefts to the head.

Round 2—McLean draws blood on Marshall with a right to the nose. The round was slightly McLean's. Early in the third round Marshall fouled on a right to the groin delivered in a clinch and McLean went down for the count of four.

In the fourth round Marshall again fouls and gets away with it on a warning from the referee. It was Marshall's round. McLean suffering from the four, which took his wind.

In the fifth round McLean took the count of six.

Rounds 6 and 7 were very even, both men having a strong punch, and the crowd is afraid of Marshall fouling.

In the eighth round both men have taken a lot of punishment, as it has been a fight all the time. The Irishman draws blood and in return was swiftly sent to the floor with a right hook to the jaw. At four he rises to his knees and seems to be resting till about nine is called. He rests one second too long and is out. Five-ounce gloves were used. Referee Cam Lindsay. Timekeeper, Tom Hedigan.

Uvannia, Italian and Canadian middleweight champion, will box Marshall within a month. Peoli of Fernie challenges any one on the pass at 138 pounds.

CRAWFORD PUTS OVER HAT TRICK AT MONTREAL

(By Daily News Leased Wire.)

MONTREAL, Aug. 29.—Hitting up 279 runs for nine wickets, the Australians again demonstrated their cricket ability, defeating 18 McGill players by one wicket and 167 runs today.

Horsfall won the toss and decided to bat first, sending in Hawkins and Hutson, the former getting 19 runs before being stumped by Campbell, and the latter hitting up a nice 33 before being caught by Macartney.

P. Knight went in fifth wicket down and carried out his bat for 14 runs, defying the best bowling that the Cornstalks could muster to effect his dismissal and playing strictly correct cricket for his score at a time when the other batsmen were taking part in a procession to the wicket and back. Grimmond batted well for 11 runs and was the only other member of his side to get double figures off Crawford. Australia's fast bowler accomplished the hat trick and also nabbed four wickets in successive balls, a performance which will stand as a record for some time to come. The game was a slight improvement on that of yesterday, the Australians playing more serious cricket.

RACE FIVE HEATS IN TWO-TEN PACE

(By Daily News Leased Wire.)

SALEM, N.H., Aug. 19.—At Rockingham park today, where the first day's grand circuit meeting opened with three events, two of them with $2000 stakes, the races were for the campaigners of the half-mile circuits and they furnished good racing, especially in the 2:10 pace which required five heats. Summary:

2:24 trot, three in five, purse $2000—Peter Sims won, Audrey Grey second, Bon Ton third. Best time 2:13 1-2.

2:17 pacing, three in five, purse $2000—Lew Perkins won, Anti-Friction second, Larestina third. Best time 2:10 1-4.

2:10 pacing, three in five, purse $1000—Add F won, Fred W second, Edna B third. Time 2:08 3-4.

CHALLENGE UNANSWERED

(By Daily News Leased Wire.)

VANCOUVER, B.C., Aug. 19.—Vancouver's Minto Cup challengers are still awaiting a reply to their challenge which was forwarded last week. Sir Richard McBride, one of the trustees, has replied that he will be unable to take the matter up, and suggests that the challenge be sent to the other trustee. Now the challengers are trying to locate the other member of the board. They are anxious to learn the identity and the whereabouts of the trustee, and have despatched messages through the east in an effort to have the challenge placed in proper hands. They suggest Aug. 30 and Sept. 6 as dates for the series, one game to be played in Vancouver, and Fred Lynch of Westminster to referee.

WINDSOR RESULTS.

(By Daily News Leased Wire.)

WINDSOR, Aug. 19.—Results:

Six furlongs—Lazareta won, Grosvenor second, Crisco third. Time, 1:12 2-5.

Five and one-half furlongs—Black Chief won, Tom Sawyers second, Raquette third. Time, 1:07.

Five and one-half furlongs—Miss Gayte won, Czar Michael second, First Degree third. Time, 1:05 3-5.

Six furlongs—Buckhorn won, Marjorie A. second, Sherwood third. Time, 1:12.

Five furlongs—Inland won, Right Easy second, Bettie Sue third. Time, 1:07 4-5.

Mile—Isabel won, Wonder second, Yorkville third. Time, 1:39 2-5.

Mile and furlong—Falcada won, Madsill second, Trovato third. Time, 1:53.

OPEN QUEBEC SHOOT

(By Daily News Leased Wire.)

POINT AUX TREMBLES RANGE, Montreal, Aug. 19. — This morning broke beautifully clear and bright for the first day's shooting in the forty-third annual meeting of the Province of Quebec Rifle association. The mirage was very strong from the right, but the wind was only moderate ..... the conditions on the whole were splendid for scoring. The morning was devoted almost entirely to extra series at 200, 500 and 600 yards, only the green shots match and the tyro match at 200 and 500 yards being completed. These events are restricted to residents of Quebec province, and the three first men in the former were A. Coulumbe, L.R.A., 47; Lieut. J. S. E. Todd, D.Y.R.C.H., 47; Corpl. W. D. Dilks, third V. R. C., 46. In the tyro, W. A. Griggs, D.S.R.A., made 50; Sergt. G. M. Stephenson, fourth D.S. R.A., 48; L. R. Binmore, M.A.A., 48.

MONTREAL GETS MILLER

(By Daily News Leased Wire.)

AUBURN, N. Y., Aug. 19.—The services of Player Miller were awarded to Montreal today by the national board of arbitration governing minor baseball leagues. Secretary John Farrell of the National association announced today that National association clubs may have title to a limited number of players at any time exclusive of managers and ineligible players, as follows: Class A, 28; class B, 26; class C, 24; class D, 22. No club shall carry more than five suspened players on its reserve list.

Delinquent Co-ownership Notices:—Once per week for 90 days, $25.

Duplicate Certificate of Title Notices:—Four insertions, $8; eight insertions, $14.

Water Application Notices:—Four insertions up to 100 words, $6; over 100 words in proportion.

Where any of the above applications contain more than one application or notice, each application or notice will be charged for as a separate advertisement.

WEDNESDAY, AUGUST 20

THAT BOYCOTT OF BRITISH COLUMBIA FRUIT.

Interesting light on the reported boycott of British Columbia fruit by Winnipeg wholesalers is furnished by a report of Mr. J. Forsyth Smith, British Columbia market commissioner, dated from Calgary, August 16, a copy of which has been forwarded to Mr. Raymond T. Hickes, manager of the Kootenay Fruit Growers union. According to Mr. Smith the talk of a boycott arose out of the refusal of the retailers to buy British Columbia fruit which had been sent to the Central Farmers market, recently established in Winnipeg, in excess of what could be sold through that institution.

Mr. Smith in his report says:

Some shipments of Okanagan fruit have been disposed of by the Central Farmers market on a commission basis, 10 per cent being charged. The officials have put up a large banner, British Columbia Fruit Department, and have been very enthusiastic in pushing sales, in spite of opposition from the wholesalers. Here, also, as at Calgary, the market prices to consumer usually being lower than those of the retailer, there is some ill-feeling between the two, evidenced, recently, by the refusal of the latter to handle surplus British Columbia fruit offered them by the market. The city press, in its usual hysterically sensational manner, has magnified this very natural outcome of trade jealousy into a boycott of British Columbia fruit, and printed long articles and scare headings to this effect.

While Mr. Smith's statements in regard to the alleged boycott must be accepted as correct and must, therefore, be reassuring to British Columbia fruit growers, he is undoubtedly unduly severe in his criticism of the Winnipeg papers. While The Daily News holds no brief for those publications, it feels called upon to say that the Winnipeg papers are not inclined to be either hysterical or sensational, and that the men engaged in their production are on the whole as reliable and have as high a regard for the truth as are to be found anywhere in the newspaper business. It may be that in this case they have been misled by false information, but it can be taken for granted that they would not wilfully misrepresent the situation as it came before their view.

In his report, as showing that there is no boycott against British Columbia fruit as such, Mr. Smith tells of having seen "Mirror Lake sour cherries, 24's, disposed of for $4.40," a fact which not only speaks well for Mirror lake cherries but also disproves the existence of any boycott.

Mr. Smith also intimates that British Columbia growers do not pay the same attention to the marketing of their fruit as do their competitors from across the line. He says:

Wholesalers make the same complaint as last year, that British Columbia shippers do not keep them advised of offerings and quotations, nor hustle after business as do American shippers.

The lesson to be learned from this statement of Mr. Smith is the necessity for a greater measure of co-operation among British Columbia fruit growers. Only by effective co-operation, embodying intelligent business methods, can British Columbia fruit growers hold their own against competitors so organized. This is a lesson which cannot be too strongly impressed upon the growers of this province, not only so far as the Manitoba market is concerned but also in so far as the whole western Canada market is concerned. With co-operation of the kind suggested, and with proper attention to packing and grading which would go with it, British Columbia fruit growers would have nothing to fear from any competitors.

WELCOME TO THE GEOLOGISTS.

In so far as it may be permitted to speak in their behalf, The Daily News, for the people of Kootenay and the Boundary, extends to members of the International Geological Congress, who arrive in Nelson this evening, a hearty welcome to this district. The party embraces within its membership some of the leading geologists of the world. Having concluded an interesting session at Toronto, they are now on a tour of Canada with the object of seeing for themselves some of nature's accomplishments during the ages this old earth of ours has been in process of development into its present formation.

Undoubtedly the visitors have seen much to claim their attention already in the course of their tour, and they will see more of a similar character before they leave Kootenay and the Boundary. The proposed visits to the Boundary mines and to those at Rossland cannot but be of interest to the visitors as scientists.

It is to be hoped that these visits will repay the visitors in additional knowledge gained and that their stay in this part of Canada as well as the remainder of their trip may also be enjoyable as well as profitable.

What the Press Is Saying

He Had a Good Start.

Lord Strathcona says he owes his long lift to the hardships he underwent when he was a young man. If Lord Strathcona had not been a husky citizen he would not have undertaker those hardships.—New York Telegram

A Cruel Test.

Chicago's female police force stood the acid test well. A wag let a mouse loose in the office of the new guardians of the peace the first day they reported on duty. There was only one scream, but it was a very lusty imitation. The others merely gasped —Winnipeg Telegram.

Effect of Child Labor.

Child labor is the bulwark of the illiterate vote. More than one in 10 of all the native white American voters in seven states cannot read their ballots, according to the latest census figures. The national child labor committee points out that 10 years ago nearly one-third of all the native white Americans working boys under 16 were found in these seven states that lead the country today in illiteracy of native whites.—Living Church.

Take Tremendous Task.

Those who have followed recent sessions of parliament know very well how closely interwoven are politics and government, railway matters in the maritime provinces. To those who realize this fact, it is not surprising that the first attempts of a practical general manager, Mr. Gutelius, backed up by a courteous minister of railways, Mr. Cochrane, to put the Intercolonial line on better business basis should be met by a storm of protest while many opposition newspapers and politicians rush to make party capital out of the situation.—Ottawa Journal

This Day in Canadian History

The cornerstone of Old Trinity church at St. John, New Brunswick, was laid on Aug. 20, 1788, by Bishop Inglis of Nova Scotia. The ceremony of laying the stone was followed by a charge to the clergy and by the administration of the rite of confirmation to a large number of candidates. The site of the church was "lot 121" on the east side of Germain street, between Duke and Queen streets. It was over three years before the edifice was opened on Christmas day, 1791. Dr. Byles, formerly of Christ church, was the first rector. At a vestry meeting held a few days before the opening, it was resolved that the church then in use should be sold at a price of £200, and that the bell the organ and the King's coat-of-arms —the latter said to have been brought from the council chamber of the old town hall at Boston—should be removed to the new church. When this church, which had been enlarged in 1856, was destroyed by the great fire of 1877, the royal arms and the communion plate were saved, to be placed in the present church where they are still to be seen.

ADMISSION SHOWS NAVAL SITUATION

Decisive Action in England and Dominions Overseas Is Called For—South Africa Willing

(By Daily News Leased Wire.)

LONDON, Aug. 19.—Cables from Canada declare there is a revival of the naval controversy. The Daily Telegraph editorially says that the admiralty has placed orders for three battleships in the present month instead of next March, because the rejection of Premier Borden's bill by the senate left Great Britain short of three ships on which the admiralty had counted.

"If ever an administration admitted that its normal provision did not suffice for the needs of the empire, Premier Asquith's has done so," continues the Telegraph. "It is a confession which we welcome. It redounds to the credit of the cabinet and the admiralty, and we trust it will not be without its effect in awakening public opinion to the fact that not only in this country but in the dominions overseas the naval situation is one that calls for decisive action."

South Africa Willing to Aid

(By Daily News Leased Wire.)

LONDON, Aug. 19.—A Capetown cable to the Daily Telegraph says:

"H.M.S. Australia and H.M.S. Sydney arrived here unexpectedly yesterday afternoon, which completely spoiled the reception which had been arranged for them. The Australian residents had arranged a rousing welcome, but the early arrival of the ships caused the plans to miscarry. General opinion here regards the present time as propitious for a declaration of South Africa's willingness to share in the empire naval defence. General Botha has asked $500,000 for land defences and the desire is to have mobile striking forces, the necessity for which became apparent during the recent Rand trouble, when the police, scattered all over the country, proved totally ineffective."

FREE SUGAR CLAUSE PASSES SENATE

Duty Abolished in Three Years—Attack on Dutch Color Test Carried to Success.

(By Daily News Leased Wire.)

WASHINGTON, Aug. 19.—President Wilson's program for free sugar in 1916 carried the day in the senate today when Democrats rallied to the support of the tariff bill and defeated all amendments to the sugar schedule. With all but Senator Ransdell and Senator Thornton of Louisiana standing firmly for the administration measure the Democrats defeated the Bristow amendment for a compromise duty, the Norris amendment against free sugar and the Gallinger amendment against free maple sugar.

An amendment to abolish immediately the Dutch standard color test for sugar was adopted. It was proposed by Senator Bristow and accepted by Senators Simmons and Williams, the Democratic managers of the bill. Under its provisions the Dutch standard against which a fight has been waged since 1909 will be abolished as soon as the tariff becomes law instead of next March, as the bill would otherwise have provided.

Before adjournment tonight the senate had disposed of the schedule devoted to spirits, wines and liquors with the exception of that provision relating to the tax on fortified wines, and the cotton schedule was taken up and briefly debated, Senator Lippitt attacking the proposed system of fixing ad valorem duties on thread and yarn based on the trade number of the product.

The Weather

TORONTO, Aug. 19.—The area of high pressure mentioned last evening now borders on Ontario and Quebec, showers and thunder storms having been general today in Manitoba and locally in northern Alberta. Elsewhere the weather has been generally fine, with temperatures considerably lower in Ontario and western Quebec.

BRINGS LARGE CARGO OF MUTTON FROM ANTIPODES

(By Daily News Leased Wire.)

VANCOUVER, B. C., Aug. 19.—One of the largest shipments of frozen mutton to be brought to Canada from the Antipodes for some time is stored in the holds of the new Canadian-Australian liner Niagara, which will berth here tomorrow. At Sydney the vessel loaded carcasses for P. Burns & Co. and the Swift Packing company. She has about 300 tons of mutton for Victoria and about 1,000 tons of the same meat for Vancouver.

PRAIRIE CITIES RATIFY STREET RAILWAY DEAL

(By Daily News Leased Wire.)

SASKATOON, Sask., Aug. 19.—The necessary bylaws ratifying the agreement between the city of Saskatoon and town of Sutherland have been passed by these municipalities. They grant a 20-year franchise to the Saskatoon municipal street railway to operate cars between the two places and upon stated streets in Sutherland. Fares are fixed and provisions for the purchase of the portion of the system within Sutherland by that town is made.

Mining News

HOG DISCOVERED CALUMET MINE

Story of Finding of Big Lode at Property Where Strike Is Now on Is Told.

The Houghton Mining Gazette, Houghton, Mich., gives the following version of the discovery of the famous Calumet & Hecla conglomerate lode, on the mine of which the employes are now on strike:

Historians who have attempted to relate the history of the discovery of the Calumet & Hecla mine and have described how the conglomerate croppings were discovered through the accidental rooting of a hog, invariably experienced difficulty in convincing the incredulous as to the veracity of this legend, but this, according to Paul P. Roehm, is due largely to the fact that they have failed to record the full details of the incident. Mr. Roehm, who has probably lived in Calumet as long as any other man, having come here, with his parents a boy of 11, one month after the discovery credited to the late Edwin J. Hulbert was made known to the outside world, vouches for the hog story and gives interesting facts concerning the days when Calumet boasted of no great shafts, mine machinery, baths, and other conveniences—in fact, was little more than a stopping place between Eagle harbor and Houghton.

No Building There.

Prior to 1856 according to Mr. Roehm there was not a single building in Calumet and the centre of this thriving community of 45000 people was little dreamed of.

Edwin J. Hulbert was agent of the Huron mine and by nature a geologist and explorer. He devoted a considerable time to the study of new formations with a view of ascertaining their possible commercial value. He numbered among his friends three men whose great delight was to seek the woods "Bill' Royal Amos Scott and a Cornish miner named Pascoe and their friendship for Hulbert led them to report any unusual rock formation they happened to detect. At that time it was a fundamental certainty that no copper vein or rock of commercial grade would be found west of the formation in which the Huron workings were situated which would be west of the present St. Louis-Old Colony-Mayflower formation in the Calumet district and Mr. Hulbert deserted his exploration far east of the Calumet conglomerate.

Valuable Site.

Near the site of the present No. 4 Calumet shaft was an immense pine tree conspicuous for miles around, and what the pioneers designated as "The Forks" in the road. The site seemed an ideal one for a roadhouse and Mr. Hulbert assisted his friend, "Bill" Royal, to secure control of a tract of land 200 ft. square, including the site of the present No. 4 shaft, upon which to build such a roadhouse. Work was started in midsummer, 48 years ago Mr. Royal first clearing the underbrush and small trees, which he piled upon the outskirts of his little plot, fearing that it would be dangerous to burn them. He first constructed a temporary domicile for shelter for himself and family and then began the construction of his house, which was ready by fall.

Hog Ran Wild.

Mr. Royal had a large family and to help provide food for them he brought a number of pigs to his new home. There being no shelter they were allowed to run wild until, one by one, they were converted into pork. In December one pig remained, and this one sought protection from the wintry winds in the pile of brush on the outskirts of the plot. It was so wild that Mr. Royal was unable to catch it. One day "Doc" Ashweyler, then at the Delaware mine, stopped at Royal's roadhouse and while dinner was being prepared he volunteered to shoot the hog, he having a gun with him. The offer was accepted, and either Ashweyler's aim was poor or the hog unusually tough for it survived the first shot and immediately sought shelter in the brush heap. The hunter and Royal followed it and after pulling away the brush discovered the pig in its rootings had uncovered a solid rock formation of a peculiar greenish color. This was reported to Hulbert and after investigation it proved to be the outcropping of the famous Calumet conglomerate.

BISHOP THINKS STRIKE ON SHUSHANNA BIG ONE

(By Daily News Leased Wire.)

VANCOUVER, B.C., Aug. 19. — On their way to attend the provincial synod at Winnipeg, Bishop I. O. Stringer and Mrs. Stringer of Dawson, Yukon, arrived in town yesterday. Tomorrow morning they will leave for Winnipeg. Speaking of the big strike on the Shushanna, the bishop said that the strike was being taken seriously by the citizens of Dawson, and that everybody believed it to be the last big strike, as prophesied by the old sourdoughs. Much gold had already been taken out and much is expected, was the statement of the bishop.

INCREASE ASSESSMENT: REDUCE TAXATION

(By Daily News Leased Wire.)

PRINCE ALBERT, Sask., Aug. 19.—Following an increase in the valuation assessment the tax rate, which last year was 13 mills, was reduced at the meeting of the city council tonight to 11 mills.

MAGISTRATE GLENN DEAD

(By Daily News Leased Wire.)

ST. THOMAS, Ont., Aug. 19.—After an illness of some months James M. Glenn, police magistrate, died today. Mr. Glenn was the second magistrate appointed since the incorporation of St. Thomas. He was a prominent barrister and a bencher of the law society.

COLLECT ORE SAMPLES

E. Peters of the British Columbia Mining Exchange Agencies has just returned from Ymir, where he has been making a further collection of samples for the firm's offices. Mr. Peters has collected not only samples of ore, but formations and dyke rock as well.

The properties from which samples have been collected are the Wilcox, Ymir, Jennie Bell, Old Timer, Ida, Canadian Pacific, Golden Calf, Mount Hecla, Golden Eagle and Ymir Belle, on the Wilcox-Ymir mountain, Wild Horse creek; the Yankee Girl and Dundee mines, on Dundee mountain, Bear creek; Rover, Blue Quartz and Dewey, Jubilee mountain; Navada and Hunter V., on Porcupine mountain, Porcupine creek; May Blossom and Free Silver group, on Quartz creek, and the Arlington at Erie. In addition to the above mentioned properties, samples have also been recently collected from the Bayonne, Echo-Sunrise, Goldfields, Sunshine, Big Jack Pot and Spokane mines, in Bayonne camp; Mother Lode, Nugget, Golden Fawn, Queen, Ore Hill, Summit, Pipe Dream, Emerald, Hope and Hudson Bay mines, on Sheep creek; Royal Flush, Eureka, Drummer, California and Queen Victoria mines, near Nelson; Noble Five, Utica and others in the Slocan district.

Mr. Peters reports a growing confidence among the mine owners and that properties are now being developed on more scientific lines.

New strikes of great promise have recently been made on the Old Timer, Commodore, Nevada, Sterling and Lost Cabin properties, near Ymir, he declares.

NEVADA INCREASES COPPER PRODUCTION

Copper production increased in Nevada from 67,377,518 lbs., valued at $8,422,190, in 1911 to 86,477,494 lbs., valued at $14,263,787 in 1912. This increase was due to the operation of the Mason Valley plant, which smelts ores from the Yerington district and other mining districts in Nevada. This smelter and the Steptoe plant in White Pine county produced, from the treatment of ores and concentrates, 83,389,088 lbs., or 96.4 per cent of the entire state production. Concentrates yielded 64,979,228 lbs. of copper, and crude ore sent to smelters produced 21,423,801 lbs.

Your Hair Needs Parisian Sage

Use It as a Dressing—Banish Dandruff—Stop Falling Hair and Scalp Itch.

PARISIAN Sage, the delightful and invigorating hair tonic, is a true hair nourisher. It penetrates into the scalp, gets to the roots of the hair, kills the dandruff germs, and supplies the hair with just the kind of nourishment it needs to make it grow abundantly.

Since its introduction into Canada PARISIAN Sage has had an immense sale, and here are the reasons:

It does not contain poisonous sugar of lead, nitrate of silver or sulphur or any injurious ingredient.

It cures dandruff in two weeks, by killing the dandruff germ.

It stops falling hair.

It promptly stops itching of the scalp.

It makes the hair soft, glossy and luxuriant.

It gives life and beauty to the hair.

It is not sticky or greasy.

It is the daintiest perfumed hair tonic made.

It is the best, the most pleasant and invigorating hair dressing made.

Made only in Canada by the R. T. Booth Co., Ltd., Fort Erie, Ont. The price is only 50 cents at drug stores and counters where toilet goods are sold.

The Poole Drug Company, Ltd., guarantees it.

USE WAR HORRORS IN PEACE PLANS

Carnegie Endowment Fund Division Appoints Committee to Report on Balkan Massacres

(By Daily News Leased Wire.)

PARIS, Aug. 19.—On the initiative of the division of intercourse and education of the Carnegie endowment fund for international peace a committee representing the United States, Great Britain, France, Russia, Germany and Austria has been appointed to make an impartial inquiry into the alleged massacres in the Balkans during the recent war and also economic complications resulting from the war.

The work of the committee will have as its basis evidence published by the various governments and by official news agencies, and the testimony of travellers who have visited the scene of events. It will endeavor to purify this mass of testimony and compare with evidence which the committee adduces and after a careful sifting the result of the findings will be published in a general report which will be translated into many languages and generally disseminated. The committee believes the work will meet a widely expressed desire by the people in drawing the moral of the drama which was played for nearly a year before the whole world, and that it also will point out consequences that are feared. The work will not be exclusively retrospective but will call attention to fresh dangers that are liable to arise and claim further victims in both the Balkans and Asiatic Turkey. Finally, the committee hopes to draw from an excess of evil a great lesson in favor of settled order and the friendly or judicial solution of international conflicts.

At a meeting held here today at the Carnegie bureau, presided over by Baron d'Estournelles de Constant, the following persons were delegated to proceed on Wednesday to the Balkans to prosecute the inquiry:

H. N. Brailsford, who has written extensive reviews on Balkan and Macedonian questions, representing Britain; Prof. Samuel Traindutton of Columbia university, representing the United States; Justin Godart, member of the chamber of deputies, representing France; Prof. Paul T. Milokoff, leader of the Constitutional Democrats in the Russian duma, representing Russia; Prof. Pazskwski, of Berlin university, representing Germany, and Prof. Redlich, a member of parliament, representing Austria.

SITUATION IN MEXICO PUZZLE

(Continued from Page One.)

will result from the present negotiations and are pleading for a removal of the American ammunition embargo on arms. Discretionary power is vested in President Wilson to issue permits for the export of arms, and with constitutionalists in control at various ports of entry on the northern frontier of Mexico it was held by some government officials that the president could permit shipments without a repeal of the joint congressional resolution of March 14, 1912. Should a repeal be necessary sentiment exists in the senate and house in favor of it, though action will be deferred until the outcome of the present negotiations.

May Yet Be Mediator.

MEXICO CITY, Aug. 19.—Face to face in conference during the night ex-Governor John Lind and President Huerta are believed to have had an understanding which may yet prevent the severance of relations between the United States and Mexico and serve to continue negotiations in which Washington may play the role of mediator.

Denies Ultimatum Story.

WASHINGTON, Aug. 19.—Charge O'Shaughnessy cabled Secretary Bryan from Mexico City early today that President Huerta, through Foreign Minister Gamboa, emphatically denied there was "any foundation whatever" for the statement that Huerta has issued an ultimatum to the United States demanding recognition, with the alternative of handing Mr. O'Shaughnessy his passports.

LOSS QUARTER MILLION IN LUMBER YARD BLAZE

(By Daily News Leased Wire.)

MIDLAND, Ont., Aug. 19.—The lumber in the yard of Schew Brothers was burned to ashes last night. The loss will amount to $250,000. Barrie and Orilla fire fighting forces responded to a call and rendered aid in fighting the flames.

THAW LANDS IN QUEBEC JAIL

(Continued from Page One.)

mobile answering the description of the big touring car in which he escaped passed through White River Junction, Vt., on Sunday night. The same car was seen yesterday at Woodsville, N. H. On each occasion it was occupied by four men. It is believed that Thaw and his two companions left one man with the car near Lacaster, N. H., before boarding the train.

Of this, however, Thaw refused to talk. He was then asked:

"Do you care to say anything about threats you are said to have made that you would go after certain people once you were out of Matteawan?"

"I shall make no answer to the nonsense of that sort that has been printed," and that ended the interview so far as the reporters were concerned.

Is Photographed.

The photographers came next. They wanted a picture. Again Thaw balked. He could not consent to it—he could not even consider it—till he put on a clean shirt and collar. He explained that he had no opportunity to change his clothes before leaving Matteawan.

Thaw's two companions surpassed his reticence with their own. All the newspapermen could learn of them was a description of each. One of them is 5 ft. 8 or 9 in. tall, smooth-faced, with dark hair and eyes and heavy set. The other is about the same height lighter in build and of fair complexion.

Mrs. Thaw Heart-Broken.

(By Daily News Leased Wire.)

CRESSON, Pa., Aug. 19.—Mrs. Mary Copley Thaw, at her country home, Elmhurst, tonight is broken in spirit over the tidings that the son she believed to be free when she left New York this morning had been captured in Canada. Her many-gabled mansion, which is high up among the Allegheny foothills, two miles south of here, had been prepared as if for the home-coming of a prodigal son, for word had been sent there today that Harry Thaw was expected to return within 48 hours. The news that he was in a Quebec jail was conveyed to her while she was on a train en route here. At first Mrs. Thaw refused to believe the truth of the report. Early despatches describing Thaw's arrest were shown to her as her train pulled out of North Philadelphia, but she returned them to the bearer with the remark that they were "not important."

She declined to make any statement until she was later informed that despatches definitely confirming her son's arrest had been received and that he might be deported.

Will Not Discuss Plans.

"I cannot believe it," she exclaimed. "I won't have it."

She was silent for a moment and tears came to her eyes.

"Even if I do believe it," she added, brokenly, "I am going home. It will not change my plans. I am going home and will stay there."

She declined to read the details of her son's arrest and refused to make any further statement. For the remainder of the trip she sat for much of the time steadily gazing out of the window. Her demeanor was the antithesis of the happy mood she appeared to be enjoying when she boarded the train at New York.

Mrs. Thaw left the train at Cresson with bowed head. Her chauffeur boarded the train and handed her a telegram, which she gripped in her hand as she entered the automobile for Elmhurst. She later denied that the message was from her son. Mrs Thaw was joined at Philadelphia by a friend, said to be Mrs. C. Fraser of that city, who is staying with her tonight.

Plan Deportation

(By Daily News Leased Wire.)

OTTAWA, Aug. 19.—Two officials of the immigration department, G. E. Reynolds and T. D. Williams, have been sent to Sherbrooke, Que., in order to be present at the extradition proceedings against Harry Thaw. It is the intention of the department to have Thaw deported as an undesirable citizen on the ground that he is insane.

It is understood that the American authorities will ask for extradition. However, it is a question whether he can be extradited, as the only charge is that of conspiracy to escape from the asylum and that is not an extraditable offense.

If the extradition proceedings are refused then the inspectors expect to have him deported without more ado. The Ottawa officials believe that Thaw will be back in the States under the deportation clause by tomorrow night.

It is said that it is open to the Canadian officials to deport Thaw at any point on the international boundary. He may be taken to the New Hampshire boundary or else deported direct into New York, which would simplify matters for the American officials as he could be locked up in the asylum then.

Two New York state officials are on the way to Ottawa to consult with the Canadian government in order to secure the extradition of Thaw. They prefer extradition for then there is no doubt he could be returned direct to New York state. They are expected tomorrow morning.

Sheriff Recognized Him

(By Daily News Leased Wire.)

COLEBROOK, N.H., Aug. 19.—Harry Thaw is reported under arrest at Coaticook, province of Quebec. The man under arrest passed through here in a train last night and later crossed the line into Canada. Deputy Sheriff B. H. Kelsey of this town, who was on the train, says the man admitted that he was Thaw. Kelsey followed the man to Coaticook, where he was arrested. According to Kelsey, the man he believes was Thaw was inquiring of others on the train the location of the county seat and some one directed him to Sheriff Kelsey, saying the latter could tell him. Kelsey looked at the man rather closely, which caused the other to remark: "You don't know who I am!"

"I could make a pretty good guess; you are Thaw," the sheriff replied.

The stranger thereupon admitted his identity and added, "But you don't want me, you could not harm me if you wanted to."

The two men then discussed the situation briefly. At the station Kelsey left the train as did one or two men who were accompanying the supposed Thaw. Kelsey procured the assistance of two friends and with an automobile they followed the train. They learned that the stranger and his companion left the train at Riverside. Kelsey and his party followed and caused the man's arrest at Coaticook.

COMMANDER ROPER ATTACKS LEMIEUX

(Continued from Page One.)

during my two years' service in Canada. It is with great regret, therefore, I find myself in the position of being unable to take the necessary steps to refute in public these charges which you have thought fit to make against me in so unjustifiable and unwarranted a manner, and which you must know you are unable to substantiate, containing, as they do, no particle of truth.

"In conclusion, I would say that I adhere absolutely to every word I said in my speech in Ottawa at the exhibition and to every word contained in the above-mentioned document, both of which, if read in conjunction, will be found to contain the same principles and recommendations, the latter, however, drawing attention to other matters which, in my judgment, it was my duty to point out.

"I am, sir, yours faithfully,
(Signed) "C. D. ROPER."

The second letter:

"H. M. S. Cameleon, Second Destroyer Flotilla, July 29, 1913.

"Sir: On June 10, 1913, I addressed a letter to you relative to a speech which you made in the house of commons during the naval debate, in which you made various accusations against me.

"Not having received any acknowledgment to that letter my only recourse is to forward a copy of this correspondence to the people of Canada through the Ottawa press, so that they may know that I am not content to allow charges of the character which you thought fit to bring against me to go unchallenged.

"I am, sir, yours faithfully,
(Signed) "C. D. ROPER."

CONSERVATIVES TO NOMINATE IN EAST MIDDLESEX

(By Daily News Leased Wire.)

LONDON, Ont., Aug. 19.—Notices were issued today calling a convention of Conservatives of East Middlesex on Saturday, August 30, to nominate a candidate for the house of commons. The vacancy is caused by the death of Peter Elson. There will be 50 subdivisions represented. So far the names most prominently mentioned are S. Frank Glass, Capt. Thomas Robson and James Priddis.

August Clean-Up Sale

Boys' Clothing

Reduced 25 Per Cent

When you buy a Suit for your boy don't buy him just a suit, buy him clothes that have distinction, clothes that he will take pride in and that will set a standard he will want to live up to.

A world-famous psychologist has said that "habits formed before the age of 21 years are never forgotten," and that "a man who was not accustomed to wearing good clothes with ease and comfort in his youth could never acquire the habit after maturity."

Nothing exercises more influence towards habits of neatness and cleanliness on a boy's mind than to know that he is wearing a good suit, one that sets an ideal he ought to live up to. There's no easier way to form the habit of personal care.

All the new materials in stylish, sturdy suits in Norfolks, double-breasted and sacque styles for ages 3 to 15.

Regular Prices $3.50 to $15.00
Now $2.65 to $11.25

Separate Pants in Plain or Bloomer Style

NEWS OF THE MARKETS

STOCKS

SENTIMENT BEARISH.

(By Daily News Leased Wire.)

NEW YORK, Aug. 19.—The Mexican situation was the compelling influence in today's stock market. Reports overnight that the relations between this country and Mexico were serious were responsible for depressing the list and, although more reassuring statements were received later in the day, the tone continued uneasy throughout the session. American stocks declined in London before the opening here, selling orders being cabled from that side. When trading began in this market prices gave way generally with especial heaviness in the shares of corporations which have extensive interests in Mexico.

Some large blocks were unloaded in the early trading but pressure thereafter was not severe despite the bearish cast of sentiment and the readiness with which the list responded to operations on the short side.

Bonds were irregular. Union Pacific convertibles and Rock Island collaterals were especially heavy. Total sales, par value, $900,000. United States 4s and Panama 3s coupons declined ½ on call.

The following New York stock market quotations are supplied by Osler, Hammond & Nanton, Winnipeg:

MEXICAN NEWS CAUSE OF BREAK IN MONTREAL

(By Daily News Leased Wire.)

MONTREAL, Aug. 19.—All security markets were disturbed by the morning's news from Mexico and in line with the general movement prices here displayed a downward trend. After the sharp advance of the last week the market was in a position to be susceptible to unfavorable developments and this, in connection with the fact that a reaction of some sort would be a natural sequel to so rapid a rise as the market has experienced, made the movement one that seemingly caused no uneasiness. Power, which was the day's leader in the trading, fell from 211¼ on Monday to 208½ but recovered, closing at 210. Brazilian weakened to 91 in the morning but closed at its highest of the day, 92¼, in the afternoon with a net loss of only 1⅛ as the change. Iron fell 1½ to 49 but closed up at its best price, 49¾, in the afternoon.

SEVERAL FACTORS AID IN LONDON WEAKNESS

(By Daily News Leased Wire.)

LONDON, Aug. 19.— The Mexican situation, the Balkan trouble and labor unrest contributed to the general weakness in the stock market today. A sagging tendency prevailed in all the markets and the continent and local operators offered stocks without finding buyers. The closing was about the lowest point of the day. Consols lost ¼ and Marconi and oil shares were the only steady exceptions. Money was plentiful but discount rates were harder.

GRAIN

BREAK IN CORN PRICES CAUSE WEAKNESS IN WHEAT

(By Daily News Leased Wire.)

WINNIPEG, Aug. 19.—A break in the corn prices today was the cause of the weakening wheat prices on the local and American markets. At the outset Winnipeg was firmer on the unfavorable weather conditions but sagged later in sympathy with the markets across the line and the weakness in corn. Winnipeg opened unchanged to ⅛c higher and closed ⅝@¾c lower. Minneapolis opened unchanged to ⅛c lower and closed ⅝@¾c lower. Liverpool closed ¼d higher for wheat, Paris ¼@¾c higher, Berlin ⅝ lower, Budapest ¼ lower and Antwerp ⅝ higher. There was little or nothing doing in the cash market, as one member said "no offerings, no business." Cash prices closed unchanged to 1c lower.

Oats were weak and flax options declined to the extent of 2¼c for the day. Cash oats closed unchanged and cash flax closed 3c down.

Inspections on Monday totalled 272 cars.

Winnipeg, wheat, close—October, 89¾c; December, 87¾c; May, 93c.
Minneapolis, wheat, close—September, 86⅞c; December, 89⅞c; May, 95c.
Chicago, wheat, close—September, 86¾c; December, 90¼c; May, 95c.
Winnipeg, oats, close—October, 37⅛c; December, 35½c; May, 39⅛c.
Winnipeg, flax, close—October, $1.36½; November, $1.36½; December, $1.35.

GALICIANS WOULD CONTROL SCHOOLS

Foreign Trustee in Alberta Name Untrained Teachers of Own Race—Ousted by Department.

(By Daily News Leased Wire.)

EDMONTON, Alta., Aug. 19.—The department of education for Alberta has a real live problem on its hands in connection with the education of foreigners. The Galicians have been putting up a big fight to get control of the schools of their own districts and install Galician teachers. A number of Galicians who had been employed in Manitoba schools came here last spring and were at once installed by the Galician school boards. It is said that many of these socalled teachers were scarcely able to speak and write English.

When this condition of affairs was discovered by the department Mr. Fletcher, the supervisor of schools, was instructed to have properly qualified normal school trained teachers placed in these schools at once. In a number of cases the foreign teachers refused to quit and as the Galician school board refused to dismiss them, Hon. John R. Boyle, minister of education, appointed Mr. Fletcher as official trustee and he at once proceeded to dismiss the Galician untrained teachers and install regular teachers.

NUMBER OF LABOR DISPUTES DECREASES

(By Daily News Leased Wire.)

OTTAWA, Aug. 19.—The record maintained by the department of labor shows an improvement in regard to labor disputes during July. There were 24 in existence as compared with 27 during the previous month. A still greater improvement is seen when the comparison is made between the present month and the corresponding period last year when there were 46 strikes and lockouts existing in the Dominion. During July, 1913, about 152 firms and 8,000 employes were affected by trade disputes during the previous month. There was a slight increase in the loss of time to employes, about 188,000 working days being lost compared with approximately 181,000 during June.

WATER NOTICE.

Notice is hereby given that Frederick Hendrickson of Nelson, B.C., will apply for a license to take and use two miners inches of water out of Anderson creek, which flows in a northerly direction through lot 97 and empties into west arm of Kootenay lake, near C.P.R. shipyards, Nelson, B.C.

The water will be diverted at block 31, lot 97, and will be used for agricultural and domestic purposes on the land described as blocks 30 and 19, Lot 97, Kootenay district.

This notice was posted on the ground on the 8th day of July, 1913. The application will be filed in the office of the Water Recorder at Nelson, B.C.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, parliament buildings, Victoria, B.C.

FREDERICK HENDRICKSON,
Applicant.

WHEAT FARMERS WANT CHEAP MONEY

Cheaper Transportation and Access to the Markets Needed, Witnesses Tell Commission.

(By Daily News Leased Wire.)

YORKTON, Sask., Aug. 19.—The royal commission on agricultural credit and grain markets held a most interesting session at Yorkton this afternoon when evidence on the various matters under investigation were submitted by upward of 50 farmers. Hon. George Langley presided and was assisted by Charles Dunning and Prof. Oliver of the University of Saskatchewan. The weight of evidence went to show that some method for farmers to secure money at lower rate of interest is a vital necessity and that means of providing cheaper transportation and access to the markets should be attempted, and that diversified farming must be engaged in in order to reduce the cost of producing grain.

Prof. Oliver outlined the methods by which farmers secure cheap money in Germany and Australia, and the opinion was expressed that similar co-operative societies could be organized and conducted successfully in this country.

HOPE TO COLLECT SOME MORE CASH

(Continued from page one.)

with the Chinese truck gardeners, and it would encourage mixed farming among the growers. He explained that fruit could be handled as well as garden truck.

G. F. Attree thought that Mr. Neilson's suggestion was one of sliding back and not a go-ahead plan, as he thought Nelson could not consume but a very small percentage of the produce of the farms of the district, and he claimed that such a scheme would not be the salvation of the farmer.

Dr. N. Wolverton was in favor of reorganizing under the provincial act, as there was nothing in the act to prevent the growers from handling all that the farmer produced, as had been suggested by Mr. Neilson.

The indiscriminate peddling by Chinese during the morning hours could be limited and though he was in favor of a market in Nelson he was positive it could not be made a success until steps were taken against this Chinese peddling.

Chinese Methods Unclean.

He referred to the uncleanly methods of Chinamen, which he claimed were a detriment to the public health, and if the matter was laid before the people they would gladly turn to white farmers for their garden truck and fruit.

W. O. Rylett agreed with Dr. Wolverton and said he had known Chinamen to fill and refill berry boxes.

R. Hill of Harrop claimed that the fruit growers did not co-operate with the union and as the union was not getting its proper commission it was useless to go further. "The fruit growers have their income, but they throw it away by lack of cooperation," he said. He would favor the government scheme in so far as it encouraged co-operation.

Explains Loan Plan.

It was suggested that a committee be formed to enquire into the new act and report, but the majority thought it wise to wait and hear the deputy minister and become familiar with all features of the act.

Mr. Hallett explained the new act as he understood it. The government, he said, advanced 80 per cent of the subscribed capital after the first 20 per cent had been paid up, keeping a first mortgage on all the buildings and assets of the association. The government audited the books yearly and looked after the marketing, charging interest at the rate of 4 per cent per annum. A certain amount had to be laid aside within four years as a sinking fund.

Shareholders were not liable beyond 80 per cent of their stock. There would be one selling agency for the whole province under government auspices and local dealings would be in the hands of the local officials.

If it were decided to liquidate the present union the sentiment of the meeting was in favor of the immediate reorganization under the new act, so that the growers would not become discouraged.

Those present were: Major A. J. Budd, John H. Hoyle, G. F. Attree, Lord Aylmer, Queens Bay; Turner Lee, Major Goode, Collingwood Gray, Bonnington; J. Jerram, J. A. Scroggie, E. S. Brown, R. Hill, G. Hallett, J. D. Kerr, T. P. Webb, Harrop; R. Smillie, C. F. McHardy, Dr. N. Wolverton, W. O. Rylett, Nelson; W. Neilson, Fruitvale; O. B. Appleton, R. H. a Court, F. J. Sammons, Proctor; G. R. Brown, G. S. Horne, Robson; J. D. Macdonell, John Gilroy, M. Heddle, W. G. Kennedy, Willow Point; R. H. Manley, J. R. Edmondson, Balfour; F. Tarry, Tarrys; A. Coutts, Thrums; H. A. Lowe, L. H. Barnard, W. E. Prouse, Kokanee; W. W. Mooney, Crawford Bay; D. W. Lymbery, Gray Creek; A. R. Muirhead, South Slocan; T. M. Cairns, Four Mile.

NOTICE TO CONTRACTORS.

Robson School.

Sealed tenders, superscribed "Tender for Robson School," will be received by the Honorable the Minister of Public Works up to noon of Tuesday, the 9th day of September, 1913, for the erection and completion of a large one-room school house at Robson, in the Ymir electoral district.

Plans, specifications, contract, and forms of tender may be seen on and after the 14th day of August, 1913, at the office of Mr. W. F. Teetzel, government agent, Nelson; Mr. H. R. Townsend, government agent, Rossland; Mr. N. Y. Wickham, secretary school board, Robson; and the department of public works, Victoria.

Intending tenderers can, by applying to the undersigned, obtain one copy of plans and specifications for the sum of ten dollars ($10), to be refunded on return of same in good order.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for a sum equal to 10 per cent of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Public Works Engineer.
Department of Public Works,
Victoria, B.C., August 14th, 1913.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district of which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

RUSTY NAIL IS CAUSE OF LOCKJAW

Ontario Woman Faces Death After Three Days Fast as Result of Mishap.

(By Daily News Leased Wire.)

TORONTO, Aug. 19.—With nothing to eat during the past three days Mrs. Daisy Caldwell, 29 years old, of Meadowville is in a serious condition, the result of lockjaw, and unless the doctors at the Western hospital can help her there is but little hope for her recovery. Mrs. Caldwell was walking in her back yard about two weeks ago when she stepped on a rusty nail.

LIFE INSURANCE SALESMEN TRICKY

Companies Have to Be Continually on Guard Against Unscrupulous Agents From United States

(By Daily News Leased Wire.)

OTTAWA, Aug. 19.—Life insurance companies have to be continually on guard to protect themselves and the public from taking on their field forces unscrupulous and tricky salesmen who have been forced out of the United States by the more stringent laws there. This assertion was made by J. F. Weston of Vancouver, general manager of the Imperial Life Insurance company, in an address before the Life Underwriters' association here today. There were 200 delegates in attendance. Premier Borden and the civic authorities welcomed the association this morning and Sir Wilfrid Laurier spoke this afternoon. There were many interesting addresses on life insurance work.

Mr. Weston told of the experiences in the west in regard to dishonest salesmen of insurance who came across the border and offered to sell insurance at a low commission providing the companies would add certain words to the policies which would impress the applicant with a false value.

Sir Wilfrid Laurier said he was a firm believer in insurance, but did not think there was need for compulsory insurance in Canada as in England and Germany.

EDMONTON POLICE THREATEN STRIKE

Ask Investigation of Dismissal of Popular Officers—Say Gave Information to Press.

(By Daily News Leased Wire.)

EDMONTON, Aug. 19.—Edmonton is threatened with a police sensation as a result of charges of maladministration in the force during the past three months. Today the deputy chief, S. J. Wright, and the senior sergeant, J. S. Edwards, were summarily dismissed by Chief Carpenter on charges of having given out information to the press relative to the working of the department. The dismissed officers have excellent reputations and are popular with their comrades. Today a general strike of the force is threatened and petitions are in circulation asking that a police investigation be ordered by the city commissioners.

SHOTS TERRORIZE BANDITS' VICTIMS

Masked Robbers Hold Up Soo-Spokane Train—Tramp Riding on Car Roof Wounded.

(By Daily News Leased Wire.)

PORTLAND, Ore., Aug. 19.—Four or five masked robbers held up the Soo-Spokane fast passenger train on the Oregon-Washington Railroad & Navigation Co. as it was passing under a viaduct here tonight, going through the coaches, forcing the passengers to give up their valuables and firing more than a score of shots. A tramp riding on top of one of the cars was shot and seriously wounded. It is unknown whether the amount the robbers procured was large.

STEEL MAGNATES PLEASED

(By Daily News Leased Wire.)

SYDNEY, N.S., Aug. 19.—The directors of the Dominion Steel corporation held a meeting at the steel company's offices today following an inspection of the plant. General satisfaction was expressed with the outlook. This afternoon they visited Glace Bay and tomorrow the party will leave by the steamer City of Sydney for an inspection of the mines at Wabana.

WEIR AND BROOKS AGAIN WIN MONEY

Nelson Riflemen Continue to Make Good Showing at Ontario Meet —Weir Fourth.

(By Daily News Leased Wire.)

TORONTO, Aug. 19.—W. Symonds of Calgary carried off the Duke of Cornwall and York competition at the Ontario Rifle association matches today, with a score of 69 in a possible of 70.

The west maintained its growing reputation for developing good shots. Remarkable shooting was done by Gunner K. C. McCallum of Victoria. He never shot over a range until three years ago and this is his first appearance at a meeting, yet he scored 67 in the first stage of the Toronto match in a possible 70. He was also well up in other matches.

In the 600-yard stage of the Duke of Cornwall and York match Sergt. D. McWilliams of the Calgary collegiate, a boy of 14 years, made a possible in a stiff wind. He is regarded at the range as a wonder.

Westerners' scores are as follows:

Duke of Cornwall and York match (possible 70)—Pte. F. E. Weir, Nelson, B. C., fourth, 68, $10; Pte. R. Downey, Calgary, 68, $7; Pte. H. Saunders, Regina, 67, $5; Sergt. McWilliams, Calgary, 67, $5; Lieut. Brooks, Nelson, 66, $5; Sergt.-Major Ferguson, Calgary, 65, $4; Sergt. Martino, Calgary 65, $4; H. Ridge, Winnipeg, 65, $4; Pte. A. English, Regina, 65, $4; F. W. Herring, Calgary, 64, $4; Lieut. Gilker Calgary, 64, $4; Pte. Freeman, Winnipeg, 63, $3; Sergt. Pearce, Calgary, 63, $3; Pte. Macklem, Regina, 62, $3; Pte. H. Richardson, Calgary, 61, $3; Sergt. Jacobs, Calgary, 60, $3; Sergt. Mackenzie, Winnipeg, 60, $3; Cadet Comre, Calgary, 60, $3.

In the second stage of the City of Toronto match (possible 125) Sergt. Martin, Calgary, came second, scoring 117, $25; Sergt. Walton, Winnipeg, 114, $17; A. H. Ferguson, Calgary, 113, $6; Cadet McWilliams, Calgary, 112, $6; Sergt. Richardson, Calgary, 112, $6; Pte. Downey, Calgary, 111, $5; E. A. Pittard, Alberta R. A., 111, $5; Pte. Coles, Regina, 108, $4; Sergt. Kaye, Winnipeg, 104, $4.

Cadets' match (possible 50)—Cadet McWilliams, 47, first, $12; McKenzie, Calgary, 45, $5; Scanlon, Calgary, 45, $5.

Other western scores were: Summer, Calgary, 43, $5; Fraser, Calgary, 43, $4; Gratz, Calgary, 42, $3; Ashley, Calgary, 39, $3; Baker, Calgary, 37, $3; Louden, Calgary, 36, $3.

In the cadet team match, Calgary Collegiate came second, scoring 213.

Four Possibles Hung Up

(By Daily News Leased Wire.)

TORONTO, Aug. 19.—Except for a heavy wind from the east, weather conditions were favorable this morning at the Ontario Rifle Association range, and better shooting has been the result. The first stage of the Duke of Cornwall and York match at 600 yards and the cadet match at 600 yards were the chief events this morning. The former was for a silver medal and $613 in prizes, while the other event is for $188 in prizes. In this match four possibles of 35 were made, the crack shots being Captain Complin of the 23rd Northern Pioneers, Pte. Saunders of the 95th Alberta Rifles, Cadet Sergt. D. Macwillams of the Calgary Collegiate Institute, and Pte. J. Bates of the 130th Hamilton. Several others made scores of 34, including Pte. W. A. Hawkins, King's prize man.

TO WORK CLAIM ON TOAD MOUNTAIN

Spokane Men Plan Development of Union Jack Near Silver King Mine

Development work will be commenced during the fall of this year or early in the spring of 1914 on the Union Jack claim near the Silver King mine on Toad mountain, to the south of the city, stated Edmund L. Durkin of Spokane, at the Hume last evening. Mr. Durkin is the son of James Durkin of Spokane who is the owner of the property and who was formerly interested in the Silver King mine.

Mr. Durkin, jr., accompanied by Thomas Murray of Rossland, made an inspection of the property yesterday, and it was definitely decided to put a force of men to work on the claim during the coming fall or spring months.

Samples of the ore, which is copper and silver, similar to that of the Silver King, show that it yields $16 to the ton, a ledge running across the claim being 14 ft. wide. The property is separated from the Silver King by the Kohinoor fraction.

"We are not floating a company," said Mr. Durkin, jr., last evening, "but my father is convinced that the claim is valuable, and he is going to develop it."

Mr. Durkin, jr., is a graduate in law of Columbia and Harvard universities, having attained his LL.B. degree at Columbia and his LL.M. degree at Harvard, and will leave Spokane this fall for New York, where he will pursue his studies of law in the office of Spooner & Singer, of whom the senior partner is former United States Senator Spooner. Mr. Durkin will leave this morning for his home in Spokane.

TAKING CRIMINALS' FINGER PRINTS ON THE SPOT

Dr. Heinti recommends a very good method for taking the finger prints of criminals, this not relating to finger-print records in an anthropimetric bureau, but where the record is to be taken on the spot where a crime occurred such as on a wall or any object which cannot be moved and where the print is impossible to photograph on account of lighting or other reason, says the Scientific American. He makes use of a very fine color powder so as to dust it over the prints which are of a more or less greasy nature, and in this way the powder adhere to the finger print and takes all its graduations. Then a specially prepared powder is pressed upon the print and the powder alheres to it so as to give a good copy of the original. Such paper is prepared with a mixture of beeswax and paraffine adding a few drops of glycerine, coating the paper with a thin layer of the same.

TO DIVERT GRAIN TO CANADIAN ROUTE

Chairman of Montreal Harbor Commission Urges Three Broad Lines of Development.

(By Daily News Leased Wire.)

MONTREAL, Aug. 19.—In his report to the harbor commission W. C. Ross, chairman, states that three broad lines of development are necessary on the Canadian route for grain and unless all three are looked after at once Montreal and the St. Lawrence can never hope to cope with American cities. These were:

(1) Ocean tonnage from Montreal.

(2) Storage capacity at the lake, bay and seaports.

(3) Canadian lake vessels.

Of the 44,510,182 bushels of wheat shipped from Port Arthur via American ports in 1912 only 333,829 bushels were transported in Canadian owned vessels. The Canadian marine lost this transportation to the American lower ports by its scarcity of vessels, a scarcity which a deep water channel to the sea would soon not only make adequate, but would divert to Montreal and other Canadian ports the greater portion of the grain trade which now seeks American ports.

Until Canada has a westbound trade capable of supplying the freight warranting the building of vessels on a par with American boats she cannot control the carrying trade from the upper lake ports. Until Canada furnishes a deep water channel from Montreal to some of the western coal fields, Americans will control the bulk of the grain shipments.

OBJECT TO CONSUL'S IMMIGRATION PLAN

Glowing Descriptions of Argentina's Charms Cause Near Riot at Vienna Consulate.

(By Daily News Leased Wire.)

VIENNA, Aug. 19.—The authorities at Budapest have ordered the consulate of Argentina closed pending an official investigation of Argentina's method in attempting to secure immigrants for the South American republic. The increasing flow of Austrian-Hungarian emigrants attracted the attention of Argentina and she put into operation a plan to divert a portion from North America. The Argentine consulate in Budapest has published a circular giving glowing descriptions of the republic. These were widely read and the consulate was beseiged by inquirers, who in their endeavors to obtain information wrecked the doors of the building. The police had to be called out to restore order.

LIGHTNING FATAL TO FARM LABORER

Struck Near Indian Head—Government Telephone Cable Is Hit—School Board Shocked.

(By Daily News Leased Wire.)

INDIAN HEAD, Sask., Aug. 19.—Charles Painter, a farm laborer from Minneapolis, employed on the farm of Wesley Ford, near here was struck by lightning and instantly killed during a storm yesterday afternoon.

Over 1,500 ft. of government telephone cable is down and, although the government repair gang started to repair the damage this morning, it will be days before it is finished. The lightning followed the wires into a number of places, including A. Dickson's office, where the public school board was in session. No damage was done beyond the shock.

NEW HAZELTON PROPERTY IS SHOWING UP WELL

Good news—news of a most assuring nature—continues to be wafted down from far away British Columbia, where, near New Hazelton, a force of contractors are driving tunnels in on the great vein of the Highland Boy group, owned by the Butte & Rocher de Boule company, in which numbers of Butte people are heavily interested, says the Butte Miner. P. J. Jennings and Jumbo Brown, both of whom are well known here, have written enthusiastic letters of the fine ore to Butte friends. Not a man on the works is accepting money for the 1,000 feet of tunnel being driven, all preferring to take stock in remuneration. Mr. Jennings recently visited New Hazelton and the Omineca Herald of that place contains the following account of his report on Butte & Rocher de Boule:

No. 2 Tunnel.

P. J. Jennings arrived in New Hazelton Wednesday evening to spend a few days after several strenuous wekes on the Highland Boy on Rocher de Boule mountain. He reports that the No. 2 tunnel, which is on the vein 150 feet below the first tunnel, is in 40 feet and there is a full face of ore. The showing is even stronger than No. 1 tunnel, where they have four feet of chalcopyrite. Good progress is being made and the property is in fine shape for more men, and they are being sent up to work on the No. 2 tunnel. Great depth will be had here, gaining nearly foot for foot of tunnel.

Fine Ore Specimens.

"Mr. Jennings brought in several fine specimens of ore from the face of the tunnel, same being identical with the Rocher de Boule adjoining. He has sent in a pack train to bring out some immense pieces of ore for shipment to Butte and Spokane.

Great Ohio Group.

"Asked regarding the Great Ohio group, where Sargent & Munro are now working, Mr. Jennings states that they have uncovered a great body of ore carrying gray copper and lead and which he thinks will run very high in silver and lead. They have also discovered a big ledge running parallel, which shows some very fine copper gossan.

Big New District.

"The work on the Highland Boy and Great Ohio is of great interest here, as the opening up of these two properties means much to New Hazelton and the whole district."

A MESSAGE FROM A WOMAN TO WOMEN

"Every Woman Should Take "Fruit-a-tives"

LAKELET, ONT., MAY 12th, 1911

"Kindly publish this letter of mine if you think it will benefit other women who might be afflicted with the diseases I have had in the past, but am now, thanks to "Fruit-a-tives", completely cured of. It is my firm belief that every woman should take "Fruit-a-tives" if she wants to keep herself in good health.

Before taking "Fruit-a-tives", I was constantly troubled with what is commonly known as "Nerves" or severe Nervousness. This Nervousness brought on the most violent attacks of Sick Headache, for which I was constantly taking doctors' medicine without any permanent relief. Constipation was also a source of great trouble to me and for which the Doctors said "I would have to take medicine all my life", but "Fruit-a-tives" banished all these troubles and now I am a well woman"

MRS. FRED. GADKE.

50c a box, 6 for $2.50—trial size, 25c. At dealers or sent prepaid on receipt of price by Fruit-a-tives Limited, Ottawa.

COST OF LIVING DROPS SLIGHTLY

Was One Point Lower in July Than in June — Hogs Continue to Rise

(By Daily News Leased Wire.)

OTTAWA, Aug. 19.—A slight decrease in the cost of living as compared with the June figures is indicated in the report of the labor department of wholesale prices for July. During the month the department's index stood at 135.9 as compared with 136.9 in June and 134.1 in July, 1912. Chief advances occurred in grains, fodder, hogs, hog products, flour, wool, cotton and raw silk; and the chief declines were in sheep, mutton, lambs, bananas, tin metals, liquors, tobacco and sundries.

Horsehides and tallow were higher, but cattle and beef were somewhat lower. Retail prices were comparatively steady during July. Eggs and hog products advanced, while butter showed a general decline.

COPPER IS NOW IN BIG DEMAND

Upward Move Is Said to Have Only Only Started—Consumption Likely to Surpass Records.

Eastern copper market authorities have wired that there was no electrolytic copper in sight for delivery in August and September for less than 15¾ cents a pound, and the upward movement has only started, says a mining writer. The outlook for the metal market improves daily. The following Boston comment upon the situation will prove interesting, for it indicates that the American consumer has been guilty again of the habit of refusing to purchase copper except upon an advanced market, kindly stepping aside while the metal is cheap for Europe to get the low-priced metal.

Seldom in the history of the copper selling industry have manufacturers shown such an extreme anxiety to secure immediate delivery copper, both foreign consumers and American manufacturers. They have been caught short of working stocks, and big copper sellers are almost hourly in receipt of telegrams or cables imploring "rush shipments." Copper agencies in this country have been compelled to cable foreign representatives to send no more "immediate shipment" instructions, as spot copper supplies have been practically exhausted.

Were it not for restrictive influence of high money rates, demand for copper for all sort- of electrical power transmission would be enormous. In spite of the money handicap, trade and tariff uncertainties, wars insurrections, etc., the copper consuming world has been able to lick up production faster than it has come out of refineries. Given a return of normal financial and trade conditions consumption of copper promises to surpass all previous records.

There are 1,645 miles of electrified steam railroads in the United States in actual operation or under construction, and in addition 1,465 miles are planned. Here is a big potential demand for copper awaiting release of investment funds into constructive enterprises.

ZIGZAG LIGHTNING.

Photography long ago proved the what was once taken for zigzag lightning is really sinuous; i. e., without sharp angles. Otto Meissner in Das Wetter, offers an explanation of the angular appearance of lightning. He believes that the sudden glare of the flash causes an involuntary movement of the head or eye; the original image of the flash persists for a moment on the retina, along with the image produced on the eye in its new position. Thus we get the impression of a broken line.—Scientific American.

SEEKING A ROOM

"Where did you ever find so comfortable and cozy a room, dear? I have been in this city for two years and mine is not half so airy and pleasantly situated, or nearly so large as this one of yours is," queried Ethel the first time she called on Ruth, just five days after the latter had come to the city.

"It was the simplest thing in the world," replied Ruth, "you see Uncle Joe told me, just as I was leaving, to be sure and watch the Want Ads every day and then I would be certain to find a good room in a very short time. Well, as soon as I got here, I bought a paper and the Rooms-to-Rent Ad telling of this one was the third Ad that met my eye. It's just what I wanted and is so comfy it is just like home."

What the Want Ads did for Ruth they can do for every man and woman if they will only give them a trial.

Dress Skirts for Misses and Small Women

NELSON NEWS OF THE DAY

James Grant, C. E. Nye and John Rienan of Walla Walla, Wash., are at the Strathcona. This morning they will leave for the Inland Empire mine at Paulson in which they are interested.

George Lecce and family wish to thank their many friends and particularly the Knights of Pythias and the Pythian Sisters for the sincere sympathy shown in their recent bereavement.

The water in the west arm fell 1½ in. in the past 24 hours and is standing at 6 ft. 2 in. above the low water mark of last year, according to the guage of the Nelson Boat & Launch company.

Private lessons French, music. Miss B. G. Choquette, 808 Carbonate.

Uncle is coming to Nelson this month. *98-13

New potatoes, delivered $1.60 a sack. Call up Macdonald Cartage. Phone 504. *108-4

Rev. Dr. H. Francis Perry of Vancouver will deliver a lecture in the Baptist church at 8 o'clock Thursday evening. Subject, "Religion Is Business, and Business Is Religion." Admission free. 108-1

CHINESE REBELS DROWN IN HASTE TO ESCAPE

(By Daily News Leased Wire.)

HANKOW, China, Aug. 19.—The rebels have abandoned Nanching, capital of the province of Kiang-si, and arrangements are now under way for the entry of the northern force.

After a feeble fight on Sunday the rebels evacuated Kwang Chiatu in boats. In their haste to escape from the city a large number of them were drowned.

SWEET PEA SOCIETY IS NEW PROPOSAL

Would Have Magnificent Exhibit for Next Flower Show—Series of Lectures Arranged

Citizens of Nelson and surrounding district interested in sweet pea culture are asked to send their names in to B. R. Dawson, as it is the intention of several of the sweet pea lovers of the city to organize a sweet pea society, whose prime object will be the culture of this beautiful flower with the object of not only beautifying the city but preparing a large exhibit of peas for the second annual flower show next year.

A meeting will be called shortly when the society will be organized. Arrangements have already been made with R. P. Brooke, a National Sweet Pea society cup winner, who will deliver a series of lectures on sweet pea culture.

A large membership is anticipated for the society, and a magnificent collection of sweet peas is looked for at next year's show.

Two Grand Forks sweet pea enthusiasts have already signified their intention of entering the next Nelson flower show and hope to carry off many of the awards.

AT THE THEATRES.

With a splendidly balanced company Billy "Single" Clifford, supported by that clever prima donna Ida May, will be seen in the merriest musical satire, "Believe Me," at the Opera House on Saturday next.

The success of this clever play the past season from coast to coast was little short of phenomenal. This season it will be seen to much better advantage, the company being improved by the addition of Miss Ida May, and a very clever little singing and dancing soubrette, Miss Mae Collins, who was a feature the past season in "The Pink Lady" and at the Follies Bergere in New York. The three Weston sisters will be up to the Clifford standing, which means much, and Billy will have the biggest and brightest selection of songs he has ever had in his long career.

"Believe Me" is a success with a capital "S" as Billy Clifford's brand of comedy and dancing is delightfully pleasing.

OLD BOYS REUNION IN CARNIVAL WEEK

Nelson's Pioneers Will Gather From Near and Far—Preparations Are Being Made.

During the proposed Nelson carnival week in 1914 it is intended by the committee in charge of the preliminary arrangements to hold a Nelson old boys' reunion which it is expected, will prove one of the big features of the week.

The committee is also busy preparing a list of the pioneer residents of the city with a view to communicating with them and securing their consent to be present in the city during the carnival week.

The committee requests that anyone who has a friend or is in communication with any of the old-timers will leave the address with the secretary of the board of trade, E. K. Beeston, and also requests that souvenir postcards be dropped to the pioneers inviting their presence in the city for Nelson's first carnival week.

From near and far a large attendance of the early settlers in the city and vicinity is anticipated.

J. V. Murphy, district passenger agent for the Canadian Pacific railway, will accompany the geological party on their journey to the coast on Wednesday next.

DIES IN ATTEMPT TO SAVE DROWNING LAD

(By Daily News Leased Wire.)

TORONTO, Aug. 19.—Michael Maroney, an employe of the water works at the Island, was drowned this afternoon while giving assistance to a boy who had drifted on a log into the lake near the filtration plant. Maroney and Lou Marsh, the well-known sporting writer, swam out to the boy's aid, but Maroney attempted to swim back instead of sticking to the log, and sank. Marsh got the boy to shore safely. Maroney was 35 years of age.

BIG SHIPBUILDING FIRMS TO AMALGAMATE

(By Daily News Leased Wire.)

LONDON, Aug. 19.—It is authoritatively announced that negotiations are on foot to effect a working partnership between Harland & Wolfe and Workman & Clark, the great shipbuilding firms.

MANY PRESENT AT LEECE FUNERAL

Is Held Under Auspices of Knights of Pythias and Pythian Sisters

The funeral of the late Isabella Leece, wife of George Leece of this city, took place yesterday afternoon from St. Savior's church, Rev. F. H. Graham officiating. A large number of friends of the deceased attended the obsequies, which were conducted under the auspices of the Knights of Pythias and the Pythian Sisters.

The pallbearers were William Cutler, William Lacey, H. J. Anderson, W. Berry, William Lynch and W. A. Jones.

Many beautiful floral tributes covered the casket, among those sending tributes being the Pythian Sisters, Knights of Pythias, Mrs. Harry Bird, Mr. and Mrs. E. W. Widdowson, Mr. and Mrs. Skinner, Mr. and Mrs. Harkness, Mr. and Mrs. W. Cutler, Mrs. Hodge and family, Mr. and Mrs. C. E. Crossley.

FORESTERS HAVE GOOD PROGRAM

To Hold First Annual Picnic at Ferndale Park Today—Dance This Evening.

The Ancient Order of Foresters, Nelson lodge, will hold its first annual picnic today at Ferndale park and it is expected that the weather conditions will be good.

A splendid program of sports has been prepared, among which is a relay race between the Clan Johnstone relay team and the Foresters. The teams:

Clan—T. D. Stark, F. Stark, K. McLeod, D. Small.

Foresters—James Johnstone, T. S. Bastable, J. R. Ramsden, J. Smith.

The following is the list of sports which will take place: Men's 100-yard race, for Foresters; Men's 100-yard race, free-for-all; broad and high jumps; egg and spoon race; sack race; fat man's race, and potato race.

Ladies' relay race, egg and spoon race, thread and needle race, hammer and nail race, 100 yards for both married and single ladies.

The children's events will be: Boys' swimming race and diving contest, 100 yards for boys under 14, 100 yards for boys 14 to 18, running jump and broad jump, potato, three-legged and sack races, relay race for boys over 14 to 18.

The ladies' committee has complete charge of the refreshments and will arrange for light lunches at the park.

Launches will leave at 10:30 o'clock and each hour until 4 o'clock. Arrangements have been made to hold a dance at the launch company's pavilion at 9 o'clock.

NELSON ONLY CITY TO SHOW INCREASE

Compared Favorably With Other Places in Province Which Report Building Returns.

Of five cities in British Columbia which reported their building permit figures for July to the Financial Post, Nelson was the only one which did not show a decrease compared with the total for the same month in 1912.

While Nelson was able to show a gain of over 200 per cent for the month Vancouver recorded a decrease of 78 per cent; Victoria a loss of 76 per cent; Kamloops a decrease of 84 per cent, and South Vancouver a falling off of 76 per cent.

TO THE VISITING GEOLOGISTS:

Our collections of ore samples and formations of this district will be at the disposal of the visiting party during their stay here.

168-1 Opera House Block.

NELSON NEWS OF THE DAY

Capt., Mrs. and Miss Parker of Medicine Hat are at the Strathcona.

W. A. Buchanan of Ymir is in the city. He is registered at the Hume.

Mr. and Mrs. Charles A. Banks of Greenwood are guests at the Hume.

H. Giegerich of Kaslo was a Nelson visitor yesterday. He was at the Hume.

A band concert will be given on the balcony of the Strathcona hotel this evening.

Among the guests at the Strathcona are Mr. and Mrs. John Queen and family of St. John, N.B.

Lord Aylmer was a visitor in the city yesterday to attend the meeting of the Kootenay Fruit Growers' union.

Miss Inez De Lachmutt of Spokane is in the city on her way to New Denver. She is a guest at the Strathcona.

K. B. Carruthers, superintendent of the Molly Gibson mine, was in the city yesterday. He was a guest at the Hume.

The regular meeting of Court Kootenay Belle, Ancient Order of Foresters, will be held tonight in the Knights of Pythias hall at 8 o'clock.

The Kootenay Launch club will hold a flannel dance at its pavilion on Friday evening. Tickets may be secured from the secretary, C. W. Appleyard.

Charles Neff, who was on Monday committed for trial at Creston by Guy Lowenberg, J.P., on the charge of murdering Ernest Twigg, was brought in to the provincial jail by Provincial Constable W. C. Forrester of Creston. He will be arraigned at the fall assizes here.

Starland Theatre
DYER'S STARLAND ORCHESTRA
Vitagraph Feature
The Drop of Blood
An absorbingly interesting drama. The theme is the application of the silent "third degree" to a murderer against whom the police have secured no evidence. By the systematic placing of drops of red ink where the suspected man will see them the detective's wife breaks him down.
Edison Comedy Feature
"THE POWER OF SLEEP"
A queer character farce, in which there is a great deal of laughter. Frank A. Lion plays "Lazy Bill," who dreams that he is too strong to work.
Essanay Western Drama
"BRONCHO BILLY AND THE SHERIFF'S KID"
Another fine production of this very popular series.
Patheplay
"LOVE THAT TURNED"
A war drama centred of incidents of the Mexican war. Beautiful photography of thrilling scenes.
