CONDITION OF DUCHESS ALARMING

Latest Bulletins Report Condition Worse

DUKE MAY RESIGN POST IN CANADA

Duchess' Health May Cause Resignation of Governor-Generalship

(By Daily News Leased Wire.)

London, May 4.—The condition of the Duchess of Connaught, wife of the governor-general of Canada, is far from satisfactory. Since the second operation, which she underwent recently for abdominal trouble, there has been little improvement. She has shown restlessness throughout Sunday and tonight was reported slightly worse.

Duke May Resign.

(Canadian Associated Press.)

LONDON, May 4.—In consequence of the continued illness of her royal highness the Duchess of Connaught it is expected, says the Irish Times, that the duke will ask permission to resign the governor-generalship of Canada. It is pointed out that even at the present rate of progress in the duchess' illness it will be several months before her royal highness would completely recover and the duke desires to be with the duchess during her convalescence.

HINDU MARRIAGE WILL NOT TAKE PLACE

Engagement of Daughter of Gaekwar of Baroda to Prince of Cooch Behar Cancelled.

(By Daily News Leased Wire.)

BOMBAY, India, May 3.—The profound sentiment caused by the sudden dropping of the projected marriage of Princess Indira, only daughter of the reigning Gaekwar of Baroda, to Prince Jiterandra, son of the Maharajah of Cooch Behar, which was to have been celebrated in Calcutta on Monday next, being most unique among the ruling families, is said to be traceable to the princess' unusual intimacy with English customs and life.

The state over which the Gaekwar of Baroda rules is over 8,000 square miles in extent and has a population of 2,000,000. He is one of the wealthiest men in India. His son, Jaisingrao, studied at Harvard university and the gaekwar himself crossed Canada a few years ago. It was reported that during the durbar at Delhi, at which King George was crowned, the gaekwar insulted the King by turning his back upon him.

The hitch in all probability occurred on account of the family of the Gaekwar of Baroda belonging to the nation which at one time was one of the chief branches of the Maharatta confederacy, ruling a great part of India, while the royal family of Cooch Behar is said to have come from a tribe of aboriginals and to have laid claim to divine origin to conceal its lowly caste. This difference in caste would constitute a barrier to Hindu marriage. The Maharajah of Cooch Behar is well known in London. He was educated in England, and so was his son Jiterandra, who was made bankrupt in London in 1911 for a small debt, which was afterwards paid and his bankruptcy rescinded. In India the Maharajah is entitled to a salute of 13 guns. The Princess Indira is also a familiar figure in the British isles.

SOCIALISTS WILL SECOND CONSCRIPTION RESOLUTION

(By Daily News Leased Wire.)

LONDON, May 3.—At Lord Roberts' national service meeting, to be held in Glasgow on Tuesday, Charles Chapman, Socialist, ex-president of the Motherwell trades council, will second the resolution in favor of universal service. Lord Glenconnor, a Liberal peer, will also speak.

Lord Roberts will be received by two guards of honor, consisting of 50 Afghan war veterans and 70 picked boy scouts. The boy scouts with their bands will line the streets.

TRIBUTE PAID TO MEMBER FOR YMIR

Successful Concert at Slocan Junction

VOTE FOR SCHOFIELD SAYS A. M. JOHNSON

Could Not Do Better--Legislation Explained--Bright Speeches and Songs

(Special to The Daily News.)

SLOCAN JUNCTION, May 4.—The smoker and concert given on Saturday evening in the public hall at Slocan Junction under the auspices of the Kootenay River Conservative association was a great success, the hall being crowded with a very representative Conservative gathering from the whole of the district. On the platform were the president, Jack Murray, who took the chair. J. H. Schofield, M.P.P., J. E. Annable, C. H. McHardy, Collingwood Gray, T. A. Whieldon and W. O. Rylett. Letters were received from W. Hunter, M.P.P., J. A. Ternring and W. E. C. Koch regretting their inability to be present. The speeches were brief but witty and to the point, the company having a thoroughly enjoyable time, which will be long remembered.

The chairman, Jack Murray, opened the concert with a few well chosen remarks. He then called upon C. H. Wike of Thrums, who is well known throughout the district for his inimitable rendering of comic songs. He sang "I Wonder What He's Going to Do Next?" which was greatly appreciated by the audience.

Member Speaks.

J. H. Schofield, M.P.P., was next called upon for an address, and was received with hearty cheers. He apologized for not being in the best form for speaking owing to a severe cold and having had such a strenuous week rushing from one point to another to attend meetings.

Mr. Schofield ably addressed the meeting on the measures introduced during the last session of the legislature. He explained that 109 bills were introduced into the house, of which about 100 were passed, the majority of which would not interest the ordinary individual, but chiefly referred to the legal profession. He touched on a few of the principal acts, such as the revision of the voters list. It was a very good thing for all concerned, as many of the names on the list were dead and others had left the country. He went on to say that dead men sometimes vote, but they could not register. He said the bill had not been introduced with the idea of there being an election shortly. He had bet a friend a new hat that there would not be an election inside 18 months, and he did not anticipate having to buy a new hat. He explained the bill introduced by H. H. Watson of Vancouver to prevent the sale of impure milk. Thirty per cent of the mortality of children was caused by impure milk. Special precautions are now taken to ensure the sanitary conditions of dairies, barns, cows and water, and special inspectors are appointed to see that the laws are fully carried out. He had no doubt that this bill would considerably reduce the death rate. He then discussed the Liquor License act, an act to amend the Land act, dealing with pre-emptions and the bill to amend the Forest act. The bill to amend the Game act, he thought, was the best bill that had been passed for some time, as under the new law those that enjoy the sport pay for it. He thought the Game act would also be of great benefit to the trapper, as it would cut out the small men who did not make a business of trapping. Under the new act it will not pay them to take out a $10 license, thus making it better for the men who risk their lives in the tall timbers and endure the hardships which a trapper has to undergo. He also spoke of the act doing away with direct taxation.

Mr. Schofield was pleased to meet so many of his old friends. He apologized again for his condition, as he felt he could not do justice to himself or the party he represented. He would be pleased to answer any questions from the audience. His speech was received with great applause.

The president then thanked Mr. Schofield on behalf of the meeting for his very able address.

Mayor Lee was then called upon for a song, which he gave in splendid style, entitled "Fifty Thousand Roaming Demons," translated from the German.

C. H. McHardy was then asked for a speech. He spoke very eloquently, and gave some interesting items on the assistance given by the government to different industries of the province. In the course of his address he said that no province in the Dominion offered such inducements to settlers as British Columbia was doing under the present government. When a settler purchases a piece of land the government sends an inspector, who tells him the kind of crops and trees to which the land is most adapted. They send inspectors to inspect the fruit trees through the medium of Farmers institutes, they provide the settlers with facilities for marketing their produce and sent a commission to the prairies to investigate as to the best places for distributing centres for fruit and other produce. He felt it a great honor to be present, and to speak in support of the member. He was sure that no member of the cabinet worked harder for his constituency than did Mr. Schofield. His speech was received with cheers.

G. S. Ashby then sang the old favorite "Killaloe," which delighted the audience, all joining in the chorus, and Turner Lee rendered a rollicking barrack room song.

J. E. Annable of Nelson was the next speaker. He said this was the first time he had had the pleasure of being in the Slocan Junction public hall, and the first time he had been in a hall with front doors at both ends. It reminded him of a very funny story which he told to the delight of the audience. He then spoke very clearly on the naval question. He said were it not for the supremacy of the British navy Canada would not be enjoying the privileges which she is today. If England needs help to keep up her navy it is Canada's duty to give it to her. He spoke of London being the money market of the world. When any financial enterprise of any kind needed assistance it was natural to send to London for it. He spoke of the wonderful developments that had taken place in the valley in the past 15 years. When he first purchased land in the district there were but six settlers, but now there is a population around Slocan Junction of which any community might be proud. He congratulated the people on the fine hall

(Continued on page four.)

Prince George of Bavaria and Archduchess Isabella Marie of Austria, whose marriage has been annulled by papal decree because their incompatible temperaments caused quarrels regarding the archduchess' precedence over the Bavarian royalties. The archduchess is the daughter of Archduke Frederick of Austria and a distant relative of Emperor Francis Joseph of the dual monarchy. The couple quarrelled on their honeymoon, but were reconciled for a short time. The archduchess, who is one of the richest members of the Austrian imperial house, will regain her status to that order.

VACANCIES IN CIVIL SERVICE

Assistant Engineer in Mineral Branch of Department of Mines Is Required.

(By Daily News Leased Wire.)

OTTAWA, May 4.—The civil service commission announces that applications will be received up to May 15 from Candidates qualified to fill the following positions in the divisions of the civil service of Canada: A correspondence clerk in the forestry branch of the department of the interior, sub-division B of the second division, initial salary $1,300 per annum. This clerk is to take charge of correspondence in connection with the work of the forest reserve.

An assistant engineer in the ore-dressing and metallurgical department of the mineral branch of the department of mines, sub-division A of the second division, initial salary $1,600 per annum. Candidates must be graduates of some recognized school of engineering and must have had at least three years' experience in the practice of their profession since graduation.

Twelve technical clerks for temporary employment in the topographical survey branch of the department of the interior at a salary of $100 per month. Applications will be considered from the following classes of candidates:

(A) Graduates in applied science and mathematics of some recognized university or equivalent.

(B) Draughtsmen who are able to prepare geographical and topographical maps for photographic reproduction and publication.

A draughtsman in the forestry branch of the department of the interior, division B of the second division, initial salary $1,300 per annum. Candidates must be experienced in general drafting and should have some knowledge of survey work.

TUNNEL CONTRACT NOT YET LET

Vice-President of Canadian Pacific Inspects Work at Vancouver—Expects Increased Trade.

(By Daily News Leased Wire.)

VANCOUVER, B. C., May 4.—Vice-President Bury of the Canadian Pacific railway is here on an inspection tour. He looked over the new jetty being erected for coast steamers today and asserted that probably when that is finished work would have to be started on another to handle the increasing trade. Mr. Bury is looking forward to the opening of the Panama canal to greatly increase the Canadian Pacific traffic through Vancouver.

No award of the contract for the Rogers pass tunnel has yet been made.

HUERTA GOVERNMENT IS RECOGNIZED

British Minister Presents King's Autograph Letter to President of Mexico.

(By Daily News Leased Wire.)

CITY OF MEXICO, May 3.—President Huerta was formally notified today of the recognition of his government by Great Britain. The British minister, Francis W. Stone, with due ceremony presented the King's autograph letter, replying to that of President Huerta. The minister expressed in the name of his government good wishes for the welfare of the Mexican government. In reply the president expressed his pleasure.

Attack on Train.

(By Daily News Leased Wire.)

MEXICO CITY, Mex., May 4.—One hundred and twenty persons were killed by an attack on a train by Zapatistas near Lacasada in the state of Morelos, on Thursday, according to information received here today. Contrary to earlier reports, there was a military escort aboard the train.

The government is encouraged by reports from the Durango garrison which for three days has been able to withstand attack. Between Torreon and Aguas Calientes rebels are reported to be robbing trains and marauding the country. A whole block of buildings including 33 structures, were destroyed with dynamite by the rebels who nthey gained possession of Matchuela on Monday. The news is brought here by mail from San Luis Potosi, the censorship there preventing telegraphing. The Matchuela garrison of 90 soldiers was wiped out in an unequal fight, the rebels being aided by hundreds of miners, who continued in the ranks when the rebels evacuated the place. Just how many were killed is unknown but there was house to house fighting, looting, executions and debauchery of the bloodiest sort. Mariano Seunga, chief of the Jeffe police, was executed because he refused to cry "Vica Carranza". The government had shipped 200 rifles into the town for its defence, but the guns were still unpacked when the attack occurred. The rebels seized them. The robbery committed netted the rebels 60,000 pesos, mostly in silver, which they carried away on burros.

THREE TRAGEDIES AT CALGARY

Financial Difficulties Cause Suicide—Hospital Patient Wanders Over Balcony to Death.

(By Daily News Leased Wire.)

CALGARY, Alta., May 4.—Three sudden deaths made up the tragedy record of Calgary for the week-end. They were as follows: John E. Metcalf, who committed suicide by putting a bullet through his brain; John Gallivan, who, while delirious from illness, wandered off the second storey balcony of the Holy Cross hospital and received injuries from which he died this evening; and Ernest Green, who died suddenly in a rooming house this morning.

Financial difficulties led to the suicide of Metcalf. He was 36 years of age and leaves a wife and three children. He was an employe of the Alberta Grain company and is said to be well connected in England.

Gallivan was suffering from typhoid fever and was taken to the hospital several days ago. While the nurse was absent from his room he walked out of the balcony and sustained internal injuries from which he died a few hours later. He was 26 years of age.

Ernest Green was about 22 years of age and had recently arrived in Calgary from Huntingdonshire, England. Apparently in the best of health, he went out this morning, ate a hearty breakfast, returned to his lodgings, collapsed, and died before medical aid could be summoned.

PRESIDENT OF HAYTI DIES UNUSUAL DEATH

(By Daily News Leased Wire.)

PORT AU PRINCE, Hayti, May 4.—Gen. Tancrede Auguste died at 9 o'clock last night after a brief illness.

The national assembly was convened today to elect a successor as chief executive. Four candidates were prepared to present their claims for office: Judge Luxembourg Canvin, former minister of the interior; Michael Oroste, a prominent senator; M. Beaufosse Laroche, minister of war, and Gen. Belard. In official circles and among the general public the opinion prevailed that Gen. Belard would obtain the nomination.

Quiet has reigned everywhere since the president's death, but precautions against any possible outbreak were taken by Gen. Portevin, the commander-in-chief.

MINERS OPPOSED TO GOING ON STRIKE

Only Fifth of Men Vote and Ninety Per Cent Are Against Strike.

(By Daily News Leased Wire.)

NANAIMO, B. C., May 4.—Out of 2,500 men employed in Nanaimo mines, who were to have voted on Saturday on the question of whether they would join the United Mine Workers of America in striking to tie up all the Vancouver island collieries, only 500 voted at all and 90 per cent of these voted in favor of continuing work. All hotels, saloons and clubs were ordered closed on Saturday by the mayor, and the best of order prevailed throughout the day. The mines have been closed since May 1. While no attempt will probably be made to start work tomorrow, it is likely that all will resume before the end of the week. Only a very few of the Nanaimo men are members of the United Mine Workers of America.

NEW LIGHTS MAKE STREET BRILLIANT

Work Completed on Baker Street—Ward and Front to Be Rushed to Completion.

Baker street was a blaze of light last night when the lamps in the balance of the blocks on which the new standard tunsgsten illumination system has been installed were turned on.

During the present week it is expected that the work on Ward and Front streets will be finished. When this has been completed passengers arriving in Nelson either at the union depot or on the Crow boat will drive or walk to their hotels through brilliantly lighted streets.

PRODUCE SOLD CHEAPER AT BRANDON PUBLIC MARKET

(By Daily News Leased Wire.)

BRANDON, Man., May 4.—The public market fully justified itself as the best factor against the high cost of living when on Saturday it was the means of transferring many tons of garden and dairy products from producer to consumer without the intervention of the middlemen. Dairy butter, store-sold around 40 cents, changed hands at 25 cents; eggs sold for 19 cents a dozen, potatoes 30 cents a bushel, and other produce at like substantial reductions. This was the biggest day since the market started nearly a week ago.

NEW OUTPORT OF CUSTOMS

(By Daily News Leased Wire.)

OTTAWA, May 4.—An order-in-council has been passed establishing Pinhorn, Alta., as an outport of customs under the survey of the port of Lethbridge.

SCUTARI WILL BE EVACUATED

Montenegrin Generals Decide to Obey Powers

PROSPECTS OF PEACE BRIGHTER

Austria and Italy to Occupy Albania--Russia as Arbitrator

(By Daily News Leased Wire.)

LONDON, May 5.—The formalities in connection with the peace conference at London over the Balkan difficulty are being rapidly completed. Most of the delegates have already been appointed. It is difficult to ascertain with exactitude what is happending in Montenegro and in Albania. There appears to be a censorship imposed at Cettinje. Delayed despatches, however, give the information that a counsel of Montenegrin generals decided by a small majority upon the evacuation. It is stated that the Montenegrin minister resigned on this account, although this has not been officially confirmed.

The occupation of Albania by Austria and Italy is becoming more probable each day. It is reported that the Italian minister of war has given orders for an expedition to be prepared. The prospect is regarded with the greatest uneasiness in Austria and Russia owing to the possible effect on the Slav populations. Russia will, according to a reliable statement published in Sofia, undertake the role of arbitrator between Servia and Bulgaria.

Will Evacuate Scutari.

(By Daily News Leased Wire.)

CETTINJE, May 3.—Delayed in transmission.—A royal decree summoned a meeting of the parliament for May 8 to deal with the difficult foreign situation has been issued. King Nicholas summoned all his generals to a council of war yesterday. The majority decided on the evacuation of Scutari. Therefore the prospect of a peaceful settlement is brighter.

BUSINESS MEN HOLDING CONVENTION AT REGINA

(By Daily News Leased Wire.)

REGINA, Sask., May 4.—Business men from all parts of the province are gathering in Regina for the first annual biennial convention, which will be called to order at 4 o'clock this afternoon. Addresses of welcome will be given by H. G. Smith, president of the board of trade, and P. McPherson, president of the local merchants' association. From 5 to 8 o'clock automobiles will be at the disposal of the visitors and in the evening addresses will be given by Mr. Snell, Moose Jaw, and Mr. Burton, Saskatoon.

PLAN TO ESTABLISH Y. W. C. A. IN NELSON

Meeting to Discuss Proposals Will Be Held at Y.W.C.A. Tomorrow Afternoon.

At a meeting of the board of the Nelson Young Women's club it was unanimously decided to call a public meeting of all women interested in a movement to establish a branch of the Y.W.C.A. in Nelson. The club, it is claimed, has demonstrated the fact that such an institution on a small and economical basis would prove successful in the city. All women are invited to a meeting to be held in the Y.M.C.A. tomorrow afternoon at 4 o'clock when an open discussion will be invited.

BIG LUMBER CONTRACT AWARDED TO THREE FIRMS

(By Daily News Leased Wire.)

OTTAWA, May 4.—The cabinet on Saturday awarded a contract for $130,000 worth of lumber for use in the construction of the Hudson Bay railway. This contract is divided among three firms, who will supply the various materials required—the Atlantic Lumber company of Toronto, the Long-Bell company of Philadelphia and the Musgrave Lumber company of Halifax.

BANK ACT MAY BE ABANDONED

Hope for Prorogation Early in June.

NAVAL BILL TO BE RESUMED TOMORROW

Closure Is Expected to Secure Bill's Passage This Week.

(By Daily News Leased Wire.)

OTTAWA, Que., May 4.—It was rumored tonight that a determined effort will be made by the government to secure prorogation of the house early in June. If this is accomplished it is said to be possible that the Bank act, which has been considered in committee for the past two months, will go over until another session. The commons could in all probability pass it before June, but no time would be left for its consideration before the senate.

The belief is that consideration of the Naval bill will be resumed by the commons on Tuesday, and that the government will endeavor to ensure its passage this week. This can be done by the application of the new closure rules without much delay, and it would not be surprising if the final division takes place at two o'clock on Friday morning. The division will be made the first application of the closure, and it is said there will be some scenes.

PRIVATE VIEW OF ROYAL ACADEMY

Interesting Show, But Few Great Paintings—Many Story Pictures Sargeant's Fine Work

(By Daily News Leased Wire.)

LONDON, May 4.—Society turned out in full strength for a private view of the 145th exhibition of the royal academy. One always hears that like Punch, "it is not so good as it used to be". Today one heard that it is not exhiliarating and going through the rooms it is difficult to realize that you are in the presence of work produced by the artists of today. It is true that there is no picture of Epic grandeur or deep lyric emotion. There is little indication of enterprise or a desire for achievement. Nothing about the general unrest of the present century and no representations of scenic triumphs or the magnificence of modern industry such as Joseph Pennell gave in his wonderful lithographs of the Panama canal.

There also seems to be a fair justification that younger men appear to be somewhat lacking in ambition, and that they care too much for facile display and conventional technique. A few of the pictures indeed are attractive, and it is an interesting show. They picture England both in its pleasing portraits and charming landscapes as well as in the occasional attempts to break away from the English academy traditions. Indeed, some of the attempts are perhaps more English than ever. There are, of course, a great many "story" pictures for the dear great public that from Monday on, will stream through the galleries. The sick children, the young mother and father and the foreclosed mortgage are well represented and well done.

Sargeant has no portrait this year, but he has four Spanish subjects, "In the Hospital at Granada," which are even more commanding than usual. He has also a wonderful interior in the "We Others". It shows the workers at a loom in sombre darkness which is penetrated here and there by wonderful spashes of brilliant sunshine.

Canadian Picture Hung.

(By Daily News Leased Wire.)

LONDON, May 4.—A Canadian painter, George Andrew Reed, has succeeded in securing a place in this year's Royal Academy, his picture, "The Foreclosure of the Mortgage," having been accepted.

Has Full Confidence in British Navy

(By Daily News Leased Wire.)

LONDON, May 4.—"The more I know about the British navy the more I have confidence in it," said Winston Spencer Churchill, first lord of the admiralty, at the annual banquet of the Royal academy tonight.

The first lord said that the navy was great, especially with regard to the quality of ships and men. He declared that the maintenance of an adequate military establishment was essential to an effective naval defence.

Viscount Morley of Blackburn declared the international situation as the most tangled coil that ever confronted Europe and diplomacy in this generation. The spirit of vigilance and the firm active policy of the British government, however, was the most perfect instrument that they could have for the attainment of the common end. He understood that there was every reason to believe that they would soon be in sight of a solution which might be ultimately agreed to.

Suffragettes Blamed for Disastrous Fires

(By Daily News Leased Wire.)

BRADFORD, Eng., May 4.—Extensive sheds belonging to the Midland railroad, containing much freight, were burned down here last night, with a loss of $500,000. Nineteen loaded freight cars and quantities of dry goods and carpets were consumed. Mysterious fires have broken out on three successive Friday nights.

The militant suffragettes are suspected, but there was no proof of this. The latest fire was evidently incendiary, for the firemen discovered it had been set simultaneously in the southern part of the building. The firemen were able to save the adjoining buildings only by utmost efforts. Early in the night a fire started in some cars loaded with straw in another yard, apparently to divert attention from the principal scene of operations of the incendiaries.

Public School Burned.

(By Daily News Leased Wire.)

ABERDEEN, Scotland, May 3.—One of the public schools of this city was partly burned this morning by militant suffragettes. The damage amounted to $210,000.

GOOD TIMES IN LACROSSE CIRCLES AT THE COAST

These are good times for the lacrosse moguls, both in the east and in the west. The British Columbia Lacrosse association has gone on record as being in favor of a national lacrosse commission, so much so that Harry Cowan of Vancouver, was appointed as a representative of the British Columbia Lacrosse association, to meet the representative of the Dominion Lacrosse association in Winnipeg and there draw up an agreement.

Percy Quinn, president of the Dominion Lacrosse association will in all probability be the choice of the association to meet Mr. Cowan in Winnipeg.

Victoria will not have a professional lacrosse club this year, but next season they will exercise their franchise in the British Columbia Lacrosse association. Owing to Victoria being unable to secure the calibre of players to compete against Vancouver this season Westminster will play three of her games in the Capital city against the Vancouver club, for a consideration of $5000. Mr. Jones offered to pay the Royal city club this sum when the question of "split gates" was being discussed, and the champions agreed to the proposition.

SASKATCHEWAN SETTLERS ARRIVE

Trapping Season Profitable—Thousands of Trees Being Planted—New Foot Bridge Completed.

(Special to The Daily News.)

CASTLEGAR, B. C., May 4.—A number of settlers from Saskatchewan and Alberta have decided to settle on land in this vicinity, the mild winters being an added attraction to the first-class fruit growing land obtainable around here. Among the later settlers to arrive was J. J. Kellough of Belle Plaine, Sask., who has settled upon some of the Annable land at Stewartsville, two miles south of here. Mr. Kellough is very favorably impressed and predicts a large influx of settlers within the next year or so.

W. Washburn has returned to town after spending the winter trapping in the mountain district around here. He reports a most successful season; in fact, the best he has had for years, the majority of his skins being exceptionally good. He also reports a much greater fall of snow in the mountains than usual and predicts higher water this summer. After a few days in town Mr. Washburn will spend the summer at his Pass creek ranch, on which he contemplates making some extensive improvements.

The government has put a large gang of men, under the foremanship of M. McDaniels, to work improving and repairing the main road between Castlegar and Trail.

A sign of prosperity and faith in the fruit growing industry is the large number of fruit trees daily arriving here for the numerous ranchers. The Annable ranch alone now has over 9,000 trees in and has a big gang cleaning up ground, to be in readiness for another large bunch of trees to be put in this spring. At least 40 to 50 acres of land more than last year will be planted to fruit trees, etc., this year.

W. H. Gage and family returned to town a few days ago, after spending a very enjoyable visit with Mrs. Gage's parents in Winnipeg.

The foot bridge adjoining the Canadian Pacific railway bridge across the Columbia river here has, thanks to the untiring efforts of J. H. Schofield, M.P.P., at last been completed. Foreman George McLean of the Canadian Pacific railway bridge building department, was here for a couple of weeks erecting this foot bridge.

Miss Mary Thompson and her father have returned from a visit to friends in eastern Canada.

Mayor Thom and Mr. Binns of Trail paid a flying visit to Castlegar.

J. H. Schofield, M.P.P., passed through Castlegar on his way to South Slocan to attend the smoker there.

The Edgewood Lumber company is still keeping up its daily lumber shipments. Prospects for a good summer are very favorable. The management has ordered some of the most up-to-date mill machinery from Hamilton, and when it is received and installed, which should be in a few weeks from now, a big increase in shipments is looked for. From 55 to 70 men now find steady employment at this mill, and its logging camp on Pass creek, which has been running practically all winter. The river drivers are now busy driving the Pass creek logs, but are slightly hampered on account of low water.

K. King, wife and daughter have arrived from England and are visiting the former's parents at their home, Southwold ranch, here.

William Crowston and his son Richard, one of the largest ranchers, has left for a visit to Soda creek, where Mr. Crowston has some extensive land holdings.

A. Horswell, for some time bookkeeper for the Edgewood Lumber company, has severed his connection with that company and has left for Washington.

Seth D. Owens, late of the Northern Pacific railway at Tacoma, has entered the service of the Canadian Pacific railway here as night operator.

The tennis courts here have been in use now for the past three weeks and are daily the scene of some splendid games. The strength of the club has been considerably added to by some of the new-comers here, who are first-class players. A tournament for May 24 has been arranged between Castlegar and a number of Slocan and Bonnington players. The visitors are prepared to win this tournament, as Castlegar has been the victor on two former occasions.

The Castlegar Brick works, under the supervision of Oscar Fors, is preparing for a big output of brick this year. Mr. Fors reports prospects exceedingly bright for a big demand for brick this summer.

Now that the steamers between West Robson and Arrowhead have resumed their summer schedule the Castlegar hotel is finding it difficult to accommodate the large number of Boundary passengers, who prefer to stay over the night here. Judging from present appearances this is going to be a record-breaking summer for the number of travellers passing through Castlegar.

H. Gibson, fire warden from Deer Park, paid an official visit to Castlegar and vicinity.

The Edgewood Lumber company's tug Elco, in charge of Capt. McGorley, is busily engaged handling logs between Deer Park and the mill.

The Doukhobor society has resumed work on the bridge across the Kootenay river at Brilliant. When completed this will be a great convenience *not alone to the Doukhobors*, but to all settlers in the vicinity.

Local anglers are not meeting with much success at present, but look for good catches as soon as the weather turns warmer.

COLUMBIA GARDENS NOTES

(Special to The Daily News.)

COLUMBIA GARDENS, B. C., May 4.—J. Hunter, president of the Columbia Gardens syndicate, left here on Thursday afternoon for Rossland, after several days' stay here.

Mr. and Mrs. A. Smith and four children of Calgary arrived here on Friday morning. They have purchased the Frank Hunter property and expect to make this their future home.

Mr. Ternet, manager of the Hunter Brothers' store in Rossland, was in Columbia Gardens on Thursday.

Mrs. Jesse Davidson and three children of Nelson are visiting her mother, Mrs. J. Sanders, of this valley.

Mrs. A. Nelson of Quincy, Wash., who has been visiting her parents, Mr. and Mrs. Dunton, for the past two months, left for home on Friday morning.

A large percentage of the school children were absent from school last week, owing to the epidemic of whooping cough.

Mrs. W. Craig received a shipment of 100 day old chicks last Wednesday.

Although the attendance at the dance given here last Wednesday evening was not large, those who came enjoyed a most sociable and delightful evening.

J. Dunton, R. Wagner and Mrs. J. Sanders were Trail visitors last Wednesday.

Mrs. Swartz and her daughter, Mrs. Cunningham, of Trail, with a friend, Miss Whang, of Marcus, Wash., were horseback riding on Saturday afternoon.

EDGEWOOD ENTERTAINMENT IS DECIDED SUCCESS

(Special to The Daily News.)

EDGEWOOD, B. C., May 4.—The entertainment given by the Edgewood Dramatic and Musical club, under the auspices of the Woman's Auxiliary, was an undoubted success. The hall was filled to its utmost capacity, although few from Fire valley were present, which shows that before another year has passed Edgewood will require a much larger hall for such displays. The program opened with a duet, excellently rendered, by Miss Mary Murton and Miss Glyta Davis. The first play, entitled "Parted by Patience," followed. The five members were: Miss J. Hansen, Aunt Patience; Miss McLennan, Mrs. Robert Allen; W. Johnstone, Robert Allen; Miss M. Murton, Miss Elenor Covy, and G. Woodward, Norman Bell. They acquitted themselves most creditably. Miss J. Hansen acted the part of a tiresome old maid to perfection; the hearty laughs from the audience showed their appreciation, the whole play going without a hitch. Miss Florence Jordan, a young but accomplished musician, then followed with a pianoforte solo *beautifully executed*. Rev. Mr. Montgomery rendered a favorite song, which was well received. Mrs. Blakeman, accompanied by Miss M. Murton, gave a mandolin solo, after which the farce, entitled "The Economical Boomerang," took place. The caste was comprised of the following: F. Blakeman, Mr. Dabbleton; Mrs. G. Woodward, Mrs. Dabbleton; Mrs. F. Blakeman, Mrs. Plover; L. Murton, Mr. Plover; Mrs. Ennest, Maggie, and W. Sayer, Doctor. The parts were all excellently taken, especially that of Mr. Blakeman, Mrs. Ennest and Mrs. Woodward. The program drew to a close with a duet by C. Nash and Miss M. Murton, a humorous song by W. Sayer, accompanied by Mrs. Sincock, which brought down the house, and a duet by Miss B. S. Timaeus and T. Clay, followed by "God Save the King." Refreshments were then served, after which the floor was cleared and dancing took place. Over $40 was in the above manner donated toward the church building fund by the Woman's Auxiliary. A vote of thanks is due to all on the managing committee, especially to Mrs. Jordan, chairman, and to Miss Hansen and Miss Murton, for their untiring efforts.

Mrs. Lane, with her two children, from Burton City, has arrived on a short visit to Mrs. E. Masters of this town.

Col. Harrington arrived on the Kootenay on Thursday. He is just out from England and is much impressed by all he has so far seen of the Canadian country. He owns a large fruit ranch adjoining that of Dr. Church, on the Edgewood estate, part of which he has already had cleared and put in readiness for tree planting.

Mrs. Doyle has been on the sick list this week.

Mr. Doyle is having a couple of acres adjoining his house cleared and planted with trees, small fruits and vegetables.

The Clay brothers are busy fencing their ranch.

A small number from Edgewood left on Friday evening in Mr. Ford's launch for the Needles to attend the dance there.

Rev. David Donaldson is making favorable progress in the Kootenay Lake hospital.

Mr. Du Bois, with donkey engine and a crew of men, is now busy stumping on Dr. Church's ranch.

W. B. Johnstone has the contract for the excavation of the church site and the removal of the present vicarage.

All the residents in town have been busy lately in their gardens.

On Friday Mrs. Lane and children left on the afternoon boat for Wesley, where she will visit her mother, Mrs. Masters.

Mr. Williams, who has been absent all winter on a visit to the old country, returned this week to his home and ranch in Fire valley.

Mrs. Wright arrived on a visit to her parents, Mr. and Mrs. Williams, last Thursday.

CHERRY TREES BLOOMING IN PEND D'OREILLE

(Special to The Daily News.)

WANETA, B. C., May 4.—Cherry trees are in bloom in the valley and other fruit trees are showing well for bloom. Wild flowers are to be found in all directions on the hillsides.

On Monday Stephen Brewster of Fruitvale, the newly appointed justice of the peace for that district, was at Waneta to take his oath of office before A. G. Lang, J.P.

D. E. Wick of Nelson, owner of land at Nine Mile, was a visitor here last week.

G. Urkuhart of Rossland came in on Monday to look over the clearing which has recently been done on his land.

Jack Buckley went through to Trail on Monday, returning next day to his ranch at Bunker Hill.

G. L. Merry of Trail has had the misfortune to find one of his calves destroyed by cougar at his ranch at the Salmon river.

Neville Cooper left for Nelson to meet his mother, who is arriving from England.

Mrs. A. G. Lang went with her two daughters to Nelson where she purposes staying for some weeks.

D. H. Galbraith has come in to take his brother's place at the store. The latter is leaving for the prairies.

The mean maximum day temperature for the past month was 58 degrees; the minimum night temperature was 31 degrees; the mean range of temperature, 27 degrees. One inch of snow fell on April 4. The total precipitation of snow, sleet and rain was .47 inch. The hottest day was April 12, when 74 degrees were registered and the coldest night was April 2, the thermometer falling to 20 degrees. Farm operations commenced on April 9. There were 11 cloudless, sunny days. On April 29 at 3 p.m. a whirlwind was observed 3½ miles from Waneta, close to the wagon road, travelling in a southwesterly direction, 15 ft. in diameter, at the rate of three miles per hour in the open land and one mile per hour in the timber.

CLEARING AND PLANTING PROCEEDING AT GLENBANK.

(Special to The Daily News.)

GLENBANK, B. C., May 4.—The rush of spring work on the ranches is at its height. Clearing on many are extended, and the trees which were recently shipped in by the various nurseries are being planted as quickly as possible. Large consignments of commercial fertilizers are being delivered, and will be supplied immediately. The spraying outfit owned by the Farmers institute has completed its annual round.

Bert Herridge is camping on the ranch owned by his father. A fine piece of land is showing up.

Among the newly started ranches is that of J. Bailey, who is making *an orchard on the front of the lot* which he purchased last fall of R. M. Beaton.

The improved ranch property recently owned by L. J. Edwards has been purchased by Miss M. Philpotts, who intends putting it into such shape as will emphasize its many natural beauties. Contracts for the building of a charming bungalow on it have been let to A. H. Poole, and work is well under way.

Mr. and Mrs. John Peters, Jr., accompanied by Mr. and Mrs. Ernest Weib, also two new settlers, the Misses Ruth Peters and Esther Weib, returned on April 18 from Aberdeen, Sask., where they have resided during the past year. Both Mr. Peters and Mr. Weib have since entered the employ of the Symonds Lumber company.

A. H. Poole returned on Friday *from a business trip throughout the* Slocan.

The annual teachers meeting of the Glenbank Methodist Sunday school was held on Monday, April 28. Reports of work done during the past year were heard, and officers for the coming year elected as follows: Superintendent, J. H. Stevenson; assistant superintendent, R. A. Quance; secretary, Charles Gregory; Jr.; treasurer, Thomas Bowes; organist, Mrs. B. Parkinson; librarian, Miss A. Bowes; cradle roll superintendent, Mrs. R. A. Quance. The teaching staff was also rearranged, and at present consists of R. A. Quance, Mrs. J. H. Stevenson, A. H. Poole, E. W. Bill and Mrs. C. Gregory.

A meeting of the quarterly official board was held on Wednesday night. It being the official wind-up of the church year ending May 6, much important business was attended to, and a very satisfactory year was reported.

The Methodist Ladies aid met at Mrs. Gardner's home on Thursday afternoon with a large attendance. After the usual business meeting a pleasant hour was spent socially.

The ratepayers of the Glenbank school section met on Thursday evening for the purpose of discussing financial and other matters pertaining to the welfare of the school. Miss Marvey Smith, teacher, had tendered her resignation, which will take effect on June 30. She intends taking up ranching.

DOUKHOBORS BUILDING SPUR LINE AT SALMO

(Special to the Daily News.)

SALMO, B. C., May 4.—An advance guard of about 30 Doukhobors have arrived in Salmo and are busily engaged in laying a spur from the main track to the gravel bed, at a point between Salmo and Erie. The Great Northern is going to grade the roadbed and it is expected that the steam shovel and an additional number of 150 Doukhobors will arrive here to begin operations in a week's time. This work will occupy the entire summer.

A very enjoyable May day party was held last week at the Salmo hotel, with Mr. and Mrs. Gray as host and hostess. About 20 couples sat down to supper. Among those present were: Mr. and Mrs. McIntosh, Mr. and Mrs. Keington, Mrs. Burgess, Oliver Smith, Mr. and Mrs. McLish, Miss Helen McLish, Mr. and Mrs. Fair, Mr. and Mrs. George Mathews, Miss Workman, Miss Mabel McCaslin, Miss L. McCaslin, H. McLaren, Mr. and Mrs. Bustin, R. B. Bell, J. E. King, G. Schwinke, Mr. and Mrs. McCaslin, Lloyd Jackson, Mrs. P. Campbell and Miss Hinshes.

Lorne Etter, who had his hand severely cut in the shingle mill, has returned from Nelson, where he was having the injury attended.

There has been an epidemic of measles among the children of the district during the last month, almost every child having contracted them.

J. Masson spent Saturday and Sunday in town.

J. Smith and Fred Larsen shot a large black bear on Thursday. This is the second bear which has been killed by Salmo boys this week.

Many new sidewalks are being laid this spring. The work is under the supervision of Mr. Cawley.

Chief Black was down last week selecting a site for the new courthouse.

Mr. and Mrs. Billings and Perry Horton have returned from the coast to spend the summer in Salmo.

George Bell and Percy Cawley are superintending work on the government roads in the vicinity of Salmo.

J. Crowther and G. Kennington drove to Ymir on Friday night to attend lodge.

Joseph Derose and Joseph Dunn are clearing land for W. Greutchfield.

For creating a disturbance among his countrymen, a Japanese was fined $5 and bound over to keep the peace for six months by Justice Kennington on Thursday last. The arrest was made by Constable McLaren at Ymir, as the Japanese was endeavoring to escape.

Mrs. W. R. Salisbury and daughters Edna and Nona spent Thursday in Nelson, returning home on Friday morning.

E. R. Finnessey of Marcus, general roadmaster of the Great Northern railway, and J. L. Rodgers of Marcus are registered at the Salmo hotel.

ERIE NOTES

(Special to the Daily News.)

ERIE, B.C., May 4.—A. H. Litchfield, of the Second Relief mine, was in town on Wednesday.

Mr. and Mrs. Swift returned to Fruitvale on Wednesday.

Mrs. Cobb of Salmo has been visiting friends here.

Mr. Buckley, of the Queen mine, was in town on Friday.

Mrs. Hansen of Meadows was in town on Friday.

Mr. and Mrs. Cowling, E. Watkins, F. Hancock, Y. T. Freeman, H. Wakefield, W. Lyne from the Arlington mine left town on Friday for Nelson.

The Arlington mine closed down on Wednesday after having been in operation for four years.

F. Weyergang is visiting friends in Waneta.

Mr. Hickey is still absent in Ontario.

Mr. McEachren returned home on Monday.

Several bears have been seen in the neighborhood lately.

The government road work is going ahead under the superintendence of J. P. Bell.

T. W. Fox of Rossland paid a visit here this week.

Several pounds of trout have been caught lately by the local sportsmen.

Your Hair Needs Parisian Sage

Use It as a Dressing—Banish Dandruff—Stop Falling Hair and Scalp Itch.

PARISIAN Sage, the delightful and invigorating hair tonic, is a true hair nourisher. It penetrates into the scalp, gets to the roots of the hair, kills the dandruff germs, and supplies the hair with just the kind of nourishment it needs to make it grow abundantly.

Since its introduction into Canada PARISIAN Sage has had an immense sale, and here are the reasons:

It does not contain poisonous sugar of lead, nitrate of silver or sulphur or any injurious ingredient.

It cures dandruff in two weeks, by killing the dandruff germ.

It stops falling hair.

It promptly stops itching of the scalp.

It makes the hair soft, glossy and luxuriant.

It gives life and beauty to the hair.

It is not sticky or greasy.

It is the daintiest perfumed hair tonic made.

It is the best, the most pleasant and invigorating hair dressing made.

Made only in Canada by the R. T. Booth Co., Ltd., Fort Erie, Ont. The price is only 50 cents at drug stores and counters where toilet goods are sold.

Red Cross Drug Store guarantees it.

BOYS ORGANIZE JUNIOR LEAGUE

High School, Public School and Y.M.C.A. Arrange Twelve-Game Schedule for Season.

The Nelson Junior Baseball league has been organized and on Friday next three teams will commence a battle for championship honors, which will consist of a set of handsome pennants.

A 12-game series has been arranged. It will extend over a period of six weeks, the games being played on Wednesday and Friday afternoons of each week.

The games are scheduled to commence at 4:30 or 6 o'clock, as arranged by the captains, and will be seven innings in length, and on the absence of three or more players any game may be postponed. The league management committee was appointed as follows:

High school—Bradshaw, Nagle and Brusch.

Public school—Roe and Robinson.

Y.M.C.A.—Whitehead, Maurer and Feitz.

The official umpires appointed to date are: Messrs. List and Buswell, and official scorers, J. Whitebread, H. Gibbs and A. Graham.

H. Pitts will coach the Y.M.C.A. junior nine.

The schedule is as follows:

May 9—High school vs Public school.
May 14—Y.M.C.A. vs High school.
May 16—Public school vs high school.
May 21—Y.M.C.A. vs Public school.
May 23—High school vs. Y.M.C.A.
May 28—Y.M.C.A. vs Public school.
May 30—High school vs Public school.
June 4—Y.M.C.A. vs High school.
June 6—Public school vs High school.
June 11—Y.M.C.A. vs Public school.
June 13—High school vs Y.M.C.A.
June 18—Y.M.C.A. vs Public school.

STRONG WIND MADE HIGH SCORING HARD AT SHOOT

The weekly practice of the Nelson Gun club took place at the club grounds on Saturday afternoon. A strong and tricky wind made it hard to register high scores. The scores:

At 75 targets—C. A. Larsen, 64.

At 50 targets, the weekly shoot—B. Kelly, 48; C. A. Larsen, 42; C. Brassfield, 42; W. A. Ward, 41; H. Bush, 39; Al Jeffs, 35; W. H. Houston, 28.

At 25 targets—George W. Steel, 20.

GREAT PITCHER'S BATTLE ONLY THREE HITS ALLOWED

(By Daily News Leased Wire.)

CINCINNATI, May 4.—Adams and Fromme took part in a great pitchers battle today, the former gaining the decision and Pittsburg defeating Cincinnati by a score of 1 to 0. Only three hits were made during the game, Adams allowing two of these and Fromme one. It happened that Adams obtained the only hit that was made off Fromme, a triple that followed closely on a base on balls and thus enabled the visitors to get the only run.

Score:	R.	H.	E
Pittsburg	1	1	0
Cincinnati	0	2	1

Batteries—Adams and Kelly; Fromme and Clarke.

CUBS LOSE IN FAREWELL GAME WITH CARDINALS

(By Daily News Leased Wire.)

CHICAGO, Ill., May 4.—Chicago lost the farewell game prior to their departure for a long eastern trip today, when the St. Louis team batted the ball for a total of 20 hits and won 10 to 8 after 13 innings. Score:

FAMOUS LIGHTWEIGHT FIGHTER OUTPOINTED

(By Daily News Leased Wire.)

VANCOUVER, B. C., May 4.—Ray Campbell, a former San Francisco amateur lightweight, on Saturday clearly outpointed the famous Fighting Dick Hyland over the 15-round route at the Steveston arena. Campbell surprised with his clever work, and although lacking a punch, he was all over Hyland with his clever footwork and made good use of a straight left and right cross. Campbell had a lead in eight rounds, Hyland in three, and four were even. Hyland finished strong, but was unable to overcome Campbell's lead. It was the best battle witnessed at the new arena.

HUDDERSFIELD WINS FINAL

(By Daily News Leased Wire.)

LONDON, May 4.—The Northern league final resulted in a win for Huddersfield over Wigan by a 29-2 score.

In the Belfast Charity cup semi-final, Linfield defeated Cliftonville, 3-1, while Glentoran lost to Belfast Celtic by a 1-2 score.

EASTERLY'S ERROR CHECKS CHICAGO'S WINNING STREAK

(By Daily News Leased Wire.)

CHICAGO, May 4.—Easterly's error enabled Detroit to check Chicago's winning streak today, and the visitors won 2 to 1. A single, a sacrifice and a triple gave the visitors their first run and a single following a fielders choice in which Easterly threw wild to Lord in an attempt to catch Crawford between home and third, brought another run.

MATTY AFTER NEW RECORD.

Christy Mathewson, the veteran wizard of the New York Giants' pitching staff. Mathewson is now in the midst of his 13th campaign as a wirler of the first magnitude in the big league, and he has intimated that he is out to make it the greatest year of his wonderful career, meaning, of course, that he hopes to surpass the best record he has yet hung up. Matty's two best years appear on the records as being 1904 and 1909. In 1904 he won 35 games and lost 8, for a pitching percentage of .814. In 1909 he won 25 and lost 7, for a percentage of .806. If Matty surpasses these marks this season it will be the third time he has pitched for an average above the .800 mark.

ORIGIN OF DEBATED BALL TERM SETTLED BY ORIGINATOR

The word "fan" has created much dispute in the past. Many have wondered what the word meant. To some there is the hazy idea that it refers to a fan such as ladies carry to the theatre. So a writer sought out the originator of the expression—Ted Sullivan, scout of the Chicago White Sox, and incidentally a lecturer of note.

"I coined that word 20 years ago in St. Louis," said Sullivan. "I was managing the St. Louis Browns at the time and had under me such celebrated players as Charlie Comiskey, Artie Latham and others.

"We were continuously pestered with a man who kept hanging around and trying to butt into the private life of the players. We simply couldn't rid ourselves of him. He would try to get into the club house to chat with the players, and got so he wanted to come into my office to chat about baseball, its history and the like.

"One day an attendant came into my room and stated. 'That fellow is here again. What shall I do with him?'

"'That fanatic again?' I exclaimed. So after that we began calling him the fanatic. This was too long, so we finally shortened it to fan. The newspapers got onto it and started using the word. It spread to other cities and before long came to include all those interested in baseball. Today a 'fan' would consider himself insulted if you called him a fanatic. But that's where the word was derived."

President Murphy of the Chicago Cubs also has original ideas about the average fan. He believes that the greater a man hollers against anything connected with the game the more certain he is the man is a fan.

PLAYER'S SKULL FRACTURED

(By Daily News Leased Wire.)

LAWRENCE, Mass., May 4.—Louis Courtney, shortstop of the Lawrence club of the New England league, was on the dangerous list at the Lawrence General hospital as a result of being hit on the forehead by a swift inshot from the hand of Pitcher Lee of Portland in today's game. Courtney was knocked unconscious. He was revived after he had been taken to the dressing room and seemed to be recovering from the blow, but later he grew gradually worse and was removed to the hospital. The physicians fear his skull is fractured.

SOCCER PLAYERS WILL PRACTICE THIS EVENING

There will be a practice game of football at the recreation grounds this evening at 6:15 o'clock, when the Colors will meet the Whites. From the showing made in tonight's game the team which will represent Nelson at Rossland on Wednesday next will be chosen, and it is hoped by the management that a good and punctual turnout will be made by every playing member of the association this evening.

The teams will line up tonight as follows:

Colors—Goal, Denham; backs, Brett and Zelazney; half-backs, G. Wilkinson, Holland and Bealby; forwards, Francis Dunn, Phillips, Armbruster and Smeaton.

Whites—Goal, Curran; backs, R. Bennett, Griffiths; half-backs, Horan, Guille and Ross; forwards, Middleton, Marsden, Mory, G. Brown, J. Ramsden.

CATCH RAINBOW TROUT

According to most of the anglers who enjoyed the sport yesterday the catches were light, the weather being reported a little too cold. At the Slocan pool several small catches were made and A. M. Johnson landed about a dozen of the elusive rainbow. T. S. Palmer reported a catch of four rainbow at Granite.

W. G. FOSTER, Editor and Manager.

MONDAY, MAY 5.

PUT THEM ALL THROUGH.

According to despatches from Ottawa, the government is desirous of ending the session early in June, and to this end will allow the Bank act to stand over and will resume consideration of the bill providing for a direct contribution of $35,000,000 to the Imperial navy. This means that work is to be rushed, and that very few, if any, new measures, outside the budget, will be introduced.

It is to be hoped that a desire for an early prorogation may not cause the government to abandon the new Bank act at this stage. A lot of time has been spent upon this measure. If the bill was worth introducing in the first place it should be worth pushing through now even if to do so would extend the session a week or so. Of course, it would be in the power of the senate to hold consideration up indefinitely, but until a disposition in this direction is shown it surely would be as well to proceed with the measure.

At the same time the government would be taking the right course in giving the naval bill precedence over everything else. Canada's honor and her self-respect are bound up in the adoption of that measure this session. The abandonment of the government's proposals in this respect, or their defeat, would be a blow to the empire and to the cause of Imperial defence, the effect of which cannot be calculated.

But while the government is acting wisely in putting the naval bill first among the measures to be passed this year, there is nothing in such a course, so far as can be seen from this distance, to prevent it also carrying through all other necessary measures.

A PROPHET WITHOUT HONOR.

A few years ago Toronto was the scene of a spirited, if not acrimonious, discussion in Methodist church circles precipitated by Rev. George Jackson's action in giving voice to views regarding the Bible which were regarded by the leading men of the denomination as unorthodox. In fact, the matter went so far that Mr. Jackson was placed on trial before the church authorities on a charge of heresy. The hearing was more or less protracted, and was closely followed not only by members of the Methodist denomination, but also by church members and Bible students generally through Canada.

Interest in Mr. Jackson is revived because of the fact that he is leaving Canada and returning to his old home in England. Concerning his departure from Toronto, The Daily Star of that city says:

> Rev. George Jackson, professor at Victoria College, preached a baccalaureate sermon at the University of Toronto on Sunday, and it was probably his farewell sermon in this country.
>
> He is returning to Great Britain there to pursue his course as a thinking modern exponent of Christianity.
>
> Dr. Jackson was already fairly well known before he came to Canada, and it is probable that he fell into the error of supposing that as he bore something in the way of a new message his proper field would be in the broad ranges of a new world, where all things were in the constructive stage and where people would be likely to question all things and require satisfying answers. He came and now he is going.
>
> He has found that the people of this country believe that the world and all that was in it at the start was created on a certain Monday, Tuesday, Wednesday, Thursday, Friday and Saturday long ago. He finds that in this country a man might better be grieved over as an infidel than abhorred as a higher critic.
>
> Dr. Jackson was wrong in coming to the new world with new thoughts on an old religion. He should have preached in the metropolis of the world, or better still, should have gone to Palestine and circulated his letters bearing the postmark of Jerusalem.
>
> Then Canadians might have been deeply interested in him as a wise man afar off. But that he should come among us in his real, everyday person, and presume to question the exact historicity of the first eleven chapters of Genesis in our old family Bibles, even those who had never read those chapters, perhaps those more especially, were shocked.

The Star's remarks recall the old adage about a prophet being without honor in his own country, but at the same time it is hard to see how Dr. Jackson's experience in Toronto can be taken as applying to Canada as a whole.

EDITORIAL NOTES.

A most remarkable thing has just occurred in Hayti. A president of that island has died a natural death in office.

The putting into commission of the new standard system of lighting on two more blocks on Baker street is a great improvement.

What Great Britain appears to need more than anything else just now is a new asylum for the criminal insane in which to confine those demented females known as militant suffragettes.

If the government's naval proposals are so far from meeting with Canadian public approval, as Sir Wilfrid Laurier says they are, why does he and his supporters not allow the bill to pass and reap the benefit of the government's mistake when the next election comes around?

What the Press Is Saying

Modest for a Toronto Paper.

The Toronto exhibition is a big thing, no doubt, but it would make it ridiculous to pretend that King George will leave England for the purpose of opening it. If the King visits Canada, as everyone hopes, and if his visit coincides with the opening of the fair, he will in all probability open it, but the Dominion of Canada is still somewhat larger than the grounds at the foot of Dufferin street.—Toronto Mail and Empire.

The Route for Speed.

That the Slocan route is the better and quicker route between Nelson and the coast was proven Thursday last, when passengers were given the privilege of taking either route. Those taking the Slocan route at Nakusp were in Nelson three hours before those going down the Columbia river from the same place.—New Denver Record.

Better as It Is.

The Sun is still distressed because private buyers lost the opportunity to make a million or two out of the Kitsilano Indian reserve. In some way the Sun has reached the conclusion that if the attorney-general had not bought the land from the Indians the city might have become the owner. The city never tried to buy the land from the Indians, so far as we know. It is said that a railway company desired to purchase, and is still after the property. But most people would rather see this land in possession of the province, on whose behalf the attorney-general made the purchase.—Vancouver News-Advertiser.

A New Boundary Editor.

G. A. Evans, publisher of the Grand Forks Sun, announces that A. M. Mowat, late publisher of the Nanaimo Daily Herald, will in future be associated with him in the publication of the Sun. Mr. Mowat will, in a great measure, have considerable to do with the writing of our contemporary's editorials, which invariably in the past have been of an unusually high standard. The Pioneer extends its hearty greetings to the Sun on the advent of Mr. Mowat into the placid realms of Boundary journalism, and hopes that his association with that paper will conduce to an increase of both its popularity and circulation.—Phoenix Pioneer.

This Day in Canadian History

On May 5th, 1908, it was unanimously decided at a meeting of the city council "that Earl Dudley, governor-general of the Commonwealth of Australia, and Lord Strathcona and Mount Royal, high commissioner for the Dominion of Canada, should be admitted to be Honorary Freemen of the city of Bristol." It was appropriate that such a compliment should be paid by the city father of this borough to representatives of the "overseas dominions," for Bristol owed its early importance to its port; and from it went out not only John and Sebastin Cabot, but many another explorer to seek, and claim for England, new lands beyond the seas. Recently a new port has been made lower down the Avon for the docking of the leviathans which *carry the ocean trade of our modern* day, and the port whence the Cabots sailed looks, to say truth, like the broadening out of some canal, so strangely does the shipping lie in the narrow waterway in the very heart of the old city. But in times past many a fortune was made in trade with America by the tiny vessels which tied up at Bristol quay.

Cold Storage

A colored philosopher is reported to have said, "Life, my brethren, am mos'ly made up of prayin' for rain, and then wishin' it would clar off."—Presbyterian.

"Look here, Mose, I thought you were going to be baptised into the Baptist Church?

"Yaas, sah, I was. But I's bein' sprinkled into the 'piscopal till the summer comes."—Life.

"Every man ought to save up enough to buy himself a good big farm," said the thrifty citizen.

"Yes," replied Farmer Corntossel, "and then do something else with the money."—Washington Star.

"Did the doctor diagnose your case?"

"Yes."

"How long did it take?"

"Not long. I wore my shabbiest suit."—Birmingham Age-Herald.

"Privates in the army eat more than the officers."

"Is that right?"

"Yes. There are more of them."—Melbourne Weekly Times.

A teacher in a Sydney Sunday school desired to reprove a small boy.

"Johnnie," she said quite solemnly, 'I am afraid I shall never meet you in the better land."

Johnnie put on a look of astonishment.

"Why, teacher," he asked, "whatever have you been a-doing of now?"—Sydney Town and Country Journal.

"Yes, lady, I had fifty thousand dollars left to me once."

"And I suppose it all went for liquor."

"I spose so, mem. Them judges and lawyers is awful drinkers."—Melbourne Weekly Times.

"Tommy, hold your tongue."

Tommy (after a faithful trial)—"I can't, mother, it's too slippery."—Melbourne Weekly Times.

The Weather

(By Daily News Leased Wire.)

TORONTO, May 4.—Pressure is higher from the lower lake region and lower from the southwest. Showers have been fairly general from Alberta to Lake Superior, while the unusually warm weather conditions from the peninsula of Ontario eastward to the St. Lawrence valley.

TRIBUTE PAID TO MEMBER FOR YMIR

(Continued from Page One.)

they had erected, and thanked the Conservative party for the honor of being present. He then told another amusing story, and sat down amid loud applause.

Collingwood Gray, the vice-president, gave the popular hunting song, "Drink, Puppy, Drink," which was received with great applause.

A. M. Johnson, who was received with hearty cheers, made a splendid speech. He did not intend to touch on politics; if he did get started on that subject morning would not see him through. British Columbia, with its vast territory and its undeveloped natural resources, was the greatest province in the Dominion. Vancouver island alone has an area which almost equals that of Great Britain. It has coal mines, iron mines, some of the finest timber in the world and he prophesied that before very long Vancouver Island would do what England has done. The Canadian Pacific railway has done a great deal to forward the development of this province, but unfortunately it goes through a great deal of barren and unfertile country. The Grand Trunk Pacific and the other railways which are constructing their roads to the north of the province will open up an area possibly 16 times greater and a much more fertile country. He said that Mr. Schofield was one of the best members in the house today. He could safely say that Mr. Schofield received more private correspondence and interviewed more committees than any other member. Any fool can talk, but it's the man that gets down to business that counts in the house, he said. They could not blame their member if they did not get all they wanted. They got $170,000 appropriated to the riding this year. They should have had $400,000, but he was perfectly sure that if Mr. Schofield could have got that amount he would have done so. He had only one grudge against Mr. Schofield, and that was that he promised that he should walk across the Taghum bridge on May 1. It was 18 hours past now, and he did not notice the bridge as he came down on the train that evening, but, of course, that was coming. He did not think they could do better than return Mr. Schofield for their member again. As nobody had drunk Mr. Schofield's health, he would drink it.

Hearty cheers and "He's a Jolly Good Fellow" followed with great gusto.

Mr. Johnson then followed with the song "Ow Do You Fancy Awkins for Your Other Name?"

Mr. Rylett next gave a short address on the co-operative movement that was being considered at the present time at South Slocan. He called attention to the great benefits to be derived from such an undertaking, and hoped that everybody present would look into the pros and cons of *the scheme and come to the* general meeting of the Farmers institute to be called in the near future. Mr. Rylett also sang two songs.

Rev. J. R. Kennedy was next called upon to speak. He said it was the first time he had had the honor of being present at a smoker, and he was very much struck with two things—first, the free and easy manner in which it was conducted, and secondly, the amount of coffee that was drunk. He felt that as a representative of the church he ought not to mix in politics, but he thought that religion and politics should not be kept so much apart as they are, because politics cannot do without the church and the church cannot do without politics. He said he had not had the pleasure of knowing Mr. Schofield long, but from what he had seen of him he was a very busy man indeed. He had met him in all parts of the parish, and had come to look upon him as a fellow minister. Mr. Kennedy told some very humorous anecdotes to illustrate his points, which greatly delighted the audience.

Mr. Wike then sang "Have You Any More Funny Tales?" Being encored, he gave "Let Me Sing." He said in order to sing properly, he should have a boy in the audience to sing the chorus through. He then got Mr. Schofield to take that part, which he did in a very effective manner, and was loudly applauded.

J. Killey sang in his usual style "The Miner," which was well received.

The meeting then closed with a vote of thanks to the speakers and the singing of "God Save the King."

Great credit is due to the committee for the excellent arrangements made. Collingwood Gray, T. A. Whieldon and C. Patey distributed refreshments during the evening.

Among the many present were: Mr. J. H. Schofield, M.P.P., Mayor Goode, C. Greenwood, H. C. Broadwood, Turner Lee, C. G. Fenwick, A. Muirhead, W. Whitby, J. Barrett, J Killy, R. Greyson, J. W. Moore, O. W. Humphry, Willard Moore, G. Mines, J. Purdy, E. H. Wyke, C. Patey, H. C. Allan, N. Coleman, J. E. Dill (Nelson), Frank Elliott, Curtis W. Lester, G. S. Ashby, J. McAndrew, R. S. Ashby, B. G. B. Rennie, Thomas Davidson, J. E Annabel, H. A. Hill, A. M. Johnson, J. Gansner, Rev. J. R. Kennedy, C. H. McHardy, A. Ballard, W. B. Melezur, T. S. Ratabo, Ole S. Ratabo, T. A. Davidson, P. Meluzur, W. B. Melezur, James Benson, C. P. Jones, L. Lester C. Gray, T. H. Whieldon, A. E. Dill (Shoreacres).

DOCTORS TESTIFY TO IMPROVEMENT OF PATIENTS

OTTAWA, Ont., May 4.—Dr. Frederich Franz Friedmann, the German physician who claims to have a cure for tuberculosis, re-examined eight of his former patients here on Saturday and noted improvement in some, none in others and in one case apparent accentuation of the disease. Four received a second injection of culture while two, as was the case in Montreal, refused the second treatment. *Three local medical men issued state*ments commenting favorably on the results under their observation since the first treatment. Dr. Gordon, who is a well known authority on the disease, states there had been remarkable improvement in the cases he had been observing.

Because they act so gently (no purging or griping) yet so thoroughly

THE RETREAT FROM MOSCOW

A STUPENDOUS production based on one of the world's greatest tragedies, Napoleon's disastrous retreat from the burning city he had conquered. Along the way his faithful soldiers died of cold and disease, starving themselves, they made food for hungry wolves. The sufferings of the grand army remain unparalleled in this great film, made with the assistance of the Imperial Russian army, we see not only the ill-fed, sick, discouraged followers of the emperor in retreat but also the capture of Moscow in several magnificent battle scenes in which fully 10,000 people participate.

TORTURED WITH TERRIBLE ECZEMA

Had To Wear Rubber Gloves Until "Fruit-a-tives" Cured Her.

GRANDE LIGNE, QUE., JAN. 2nd. 1910

"My wife was troubled for three years with Eczema on the hands, which made her hands almost useless. The doctor gave her several ointments to use, none of which had any effect. He also advised her to wear rubber gloves (she wore out three pairs).

I persuaded her, as a last resort, to try "Fruit-a-tives". The effect was marvellous. Her hands are now cured. We both attribute our present good health to "Fruit-a-tives"

N. JOUBERT

"Fruit-a-tives" positively cures all Skin Troubles because it is the greatest blood purifying medicine in the world.

50c a box, 6 for $2.50—trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

Mining News

ROSSLAND MINES HEAVY PRODUCERS

Trail Smelter Receives Hundred and Fifty Thousand Tons for Year to Date—Boundary Output Large.

With last week's receipts of 6,547 tons the amount of ore treated this year at the Consolidated Mining & Smelting company's plant at Trail, B.C., reached a total of 150,894 tons. Of this amount 50,880 tons, or more than one-third, came from the Centre Star mine at Rossland while 21,559 tons were from the Le Roi at Rossland. Both mines are owned by the Consolidated company.

Boundary ore shipments continued to be heavy, amounting to 40,839 tons for the week and 717,406 tons for the year to date. Of this total the Granby company's mines at Phoenix have contributed 419,918 tons. The Mother Lode of the British Columbia Copper company at Greenwood comes second on the list with 117,330 tons. Mines in the state of Washington which shipped to Trail smelter last week were the Knob Hill, 54 tons; the Ben Hur, 275 tons; the United Copper, 32 tons; the Hope, 51 tons.

SHIPS FIRST CARLOAD OF LEACHED COPPER FROM BUTTE

BUTTE, Mont., May 4.—Capt. A. B. Wolvin has "spotted" a car for the shipment of his first commercial refined copper from the Butte & Duluth leaching plant. This carload will be sent east at once. It weighs about 50,000 lbs. and, with copper selling at 15¾ cents a lb., will bring approximately $8,000.

This shipment is significant in that it practically marks the beginning of a new epoch in red metal mining. It is the start of extracting copper on a commercial basis from low-grade ore by the leaching process.

This copper is said to have been produced at a cost around six cents a pound.

Following is the operating cost of the Butte & Duluth from April 10 to date, the mill treating about 80 tons daily.

Mining and transportation	$0.25 per ton
Acid (3600 lbs. per day @ .014 per lb.)	.52 per ton
Power	.30 per ton
Milling labor	.85 per ton
Overhead charges	.23 per ton
Miscellaneous	.20 per ton

NEW COPPER MINE IN SOUTH AFRICA

The Otavi mine is no longer the only producing mine in German Southwest Africa. According to the Mining Journal the Khan copper mine, on the Khan river, has entered the producing stage after having been opened to a depth of 160m. The result of the development work is stated to have been encouraging. The visible ore reserve guarantees considerable working profits and a long life. An up-to-date reduction plant is being erected, to treat 50 tons of ore per day, which is expected to start work early in 1914. The water required for the works is pumped up from the Khan river through a pipe line of a length of 18km. Electric power will be generated at a central station. The works are connected by private line with the railway at Arundis.

GOLD RECEIPTS AT SEATTLE WERE HEAV.

Gold deposits at the United States assay office in Seattle from the opening of the institution on July 15, 1898, to the close of business on Dec. 31, 1912, amounted to $210,407,069, according to a report recently issued by the government assayer in charge.

During the 14 years the assay office has been in operation, 419.2 avoirdupois tons of gold have been handled. Of this total $105,699,750 was contributed by Alaska.

RICHMOND-EUREKA TO RESUME WORK

Snowslide Damaged Tramway—W. A. Cameron to Move to New Denver Payne Mine Unwatered.

(Special to The Daily News.)

SANDON, B. C., May 4.—W. A. Cameron, the superintendent of the Richmond-Eureka, which is owned and operated by the Consolidated Mining & Smelting company, has returned from a visit to Vancouver, and is busy replacing the tower and buckets on the tramway damaged by a snowslide. The mine will probably reopen Monday. Much regret is felt in town that Mr. Cameron will be probably *leaving Sandon soon. He expects,* although nothing definite is known at present, to take up his headquarters at New Denver, which is more central for the different properties he will have charge of.

W. E. Zwicky and Mr. Williams were in town. Mr. Zwicky spent a considerable time at the Payne mine, and reports that the water has nearly ceased and that it is now dry in the face.

George Kennedy is now foreman at the Payne, the previous foreman, Angus McGillivary of rock drilling fame, having been transferred to the Rambler-Cariboo mine.

J. N. Harris has returned from a months' vacation at the coast cities and Spokane.

Sam Tyler, who has been head cook of the Slocan Star returned from a months' vacation. During his absence his place was taken by Mr. King who has been the "chef" of the Richmond-Eureka for years.

The wagon road between Sandon and Three Forks is being repaired. Foreman Graham is in charge at the Three Forks end and E. A. Cameron at the Sandon side. They expect to meet about Monday.

Howard Anderson, who has been appointed fire warden for this district left for New Denver where he will make his headquarters, on Friday.

A carload of powder arrived for the Canadian Explosives company last week and was hauled up by wagon. A slide over 40 ft. deep was across the road.

C. W. Young, the receiver for Sandon, between getting out tax notices and looking after the flume, is a very busy man. W. F. Lawson, the former city municipal clerk, is assisting him as clerk.

Sandon had another snowstorm on Thursday.

GOOD RESULTS AT SECOND RELIEF MINE

Arlington Working Steadily — Plans Operations at Green City—Capital for Lucky Boy

(Special to The Daily News.)

ROSSLAND, B. C., May 4.—George H. Green, manager of the Green City company, has just returned from Green City and states that a number of men will be employed by the company inside of 10 days. The first work to be done will be at the sawmill and in looking after the flumes to see that they are in shape to carry the water for the running of the mill.

Then an exhibit of gold copper and silver lead ores will be got out for Nelson, Spokane and Vancouver.

The Green City company will work steadily and will increase the force as conditions require.

The Second Relief mine is working now. A. H. Litchfield, the manager, has just completed the telephone line to the mine, which is of great service and results in the saving of money. The mine is in splendid condition. It has about 1000 tons of ore broken that run $40 to $50 to the ton, and there is considerable ore blocked out. From the ore run through the the mill they got a gold brick of $3000 from a 12 days' run.

Messrs. Gobb & Cook, owners of the Fisher mine, are going to do considerable development this summer. This mine adjoins the Belle and Rose group, at Green City.

John Pritchard and associates are going to do extensive development on the Pritchard mine, which is on Burnt creek, about one mile from Green City. They have the money and are now waiting for the roads to get in good condition to get supplies and provisions in.

The Arlington mine is working steadily and has shipped, during the last four months 12 carloads of high-grade ore.

The Keystone lessee, W. Wilson, has struck a ledge of high-grade ore similar to that of the Arlington.

Lucky Boy to Operate

S. L. Meyers, manager of the Lucky Boy Mining company, has just returned from Los Angeles, Cal., with the necessary money to operate the Lucky Boy mine and to put it on a shipping basis, and expects to ship considerable ore this summer. One ledge is uncovered carrying ore similar to that of the Second Relief ore which is very high grade, and another ledge, which is 4 ft. wide on the surface, of copper-gold ore, which is of a shipping grade. This ledge has just been struck by a tunnel, run 350 ft. which gives a depth of 120 ft. of stoping ground. Mr. Meyers is now preparing to get in provisions and supplies to work all summer.

Mr. Meyers is also manager of the Security group at Green Bay, which has considerable work done on it. One tunnel has been driven 500 ft. which gives a depth of 300 ft. of stoping ground on the vein, which is 6 ft. between walls, and has 18 in. of clean ore of a shipping grade. Both the Security group and the Lucky Boy mine are well equipped with ore cars, rails and all the necessary mining tools and have fine buildings, such as ore bins, bunk houses and boarding houses.

E. Bellinger, who has a lease and bond on the Black Rock mine from Mrs. John McAvoy of Erie, has struck the ledge by tunnel, which gives a depth of 40 ft. He is drifting on the ledge which is from 20 to 30 in. wide and of a good grade of ore. This mine is situated half way between Green City and Erie.

Gus Hagland, hotelkeeper, of Erie, who is in communication with the Peterson Brothers, who own the large tract of fine timber at Green City, says he expects them in in the next two or three weeks to commence the clearing of their big sawmill site.

SHIPS SEVEN MILLION POUNDS BLISTER COPPER

(Special to The Daily News.)

GRAND FORKS, May 4.—Blister copper shipments from Granby smelter for the last nine days of April were 609,452 lbs. The output for the month was 1,906,452 lbs.

During the first four months of 1913 the Granby has smelted 414,316 tons of ore and shipped 7,294,697 lbs. of blister copper, the detail figures being as follows:

Granby ore—January, 100,881 tons; February, 96,971 tons; March, 107,921 tons; April, 104,848 tons; total 410,631 tons.

Custom ores—January, 1263 tons; February, 886 tons; March, 940 tons; April, 585 tons; total, 3,679 tons.

Total treatment—January, 102,149 tons; February, 97,857 tons; March, 108,871 tons; April, 105,433 tons; total, 414,310 tons.

Blister copper shipments—January, 1,828,245 lbs.; February, 1,740,000 lbs.; March, 2,020,000 lbs.; April, 1,806,452 lbs.; total, 7,294,697 lbs.

DIVIDENDS ARE NEAR MILLION MARK

Kootenay-Boundary Companies Have Declared Nearly Nine Hundred Thousand Dollars This Year.

Dividends declared by mines and smelting companies of the Kootenay and Boundary districts for the year to date total $847,675, having been raised to this figure by the declaration of the monthly dividend of $50,000 of the Standard mine for May. Since April, 1912, this company, which is capitalized at $2,000,000, has paid $675,000 to its shareholders.

Other dividends declared this year to date are: British Columbia Copper company, $88,675; Granby, $449,000; Hedley, $60,000. Standard dividends this year to date total $250,000.

DUTY ON ZINC ORE WILL BE REDUCED

Mine Manager States New Tariff Calls for Ten Per Cent ad Valorem at Point of Entry.

Tucked away in a corner where it was observed by few there is stated to be a clause in the Democratic tariff which is now before congress which is expected to prove of considerable benefit to owners of zinc mines in Canada, as it is regarded as a foregone conclusion that the measure will become law.

This clause provides, it is said, that the duty on zinc ores running from 25 to 50 per cent zinc instead of being 1 cent per lb. shall be 10 per cent ad valorem at point of entry into the United States.

T. G. Procter, general manager of the Lucky Jim mine, called attention to the proposed change last night.

W. G. Norrie, superintendent of the Lucky Jim mine, who has been in Nelson consulting with Mr. Procter, will return to the property this morning.

LUCKY JIM SHIPS SIX CARLOADS

This Is Amount Sent Out for First Five Days of May—Runs High in Zinc.

By tonight the amount of ore shipped from the Lucky Jim mine at Bear lake this month will be six cars, stated T. G. Procter, general manager of the property, who was at the Hume last night. All the ore runs over 45 per cent in zinc, he stated.

With plenty of ore available for shipment the output from the mine, which has been hampered by weather conditions since Jan. 1, from now onwards is expected to be heavy, said Mr. Procter.

COMES DOWN FROM KUHN GROUP OF CLAIMS

Dr. E. B. Milward, mining engineer in charge of the Kuhn group of claims near Sanca, reached the city last night and registered at the Hume. He is accompanied by Mrs. Milward.

WEIR MAKES BIG SCORE AT SHOOT

Carries Off Spoon With Ninety-Seven —Craufurd and Morey Victors in Other Classes.

The first spoon shoot of the Nelson Legion of Frontiersmen Civilian Rifle association series was held yesterday morning, 21 members availing themselves of the opportunity of landing one of the prizes.

In class "A", F. Weir carried off the spoon with a score of 97, while class "B" went to Leslie Craufurd, who won in a tie from W. J. Devitt, each scoring 79. P. J. Morey carried off the spoon in class "C" with 68.

The fact that it was the first time out this season for most of the shots and that the rifles were now kept the scoring in most cases below the usual form shown, but the average of 70 per man is considerably higher than that of the first shoot last year, when the average was 64 for 21 men.

From yesterdays showing the executive of the club believe that this seasons shooting will be of considerably higher standard than last year.

Practice shoots are being held each week and large attendances at these shoots are asked by the association executive so that the shooters may prepare themselves for the next spoon shoot on June 1.

Yesterdays scores were:

Class "A."				
F. Weir	31	32	34	97
R. W. Hinton	32	31	32	95

MONTREAL PROVISION MARKET

(By Daily News Leased Wire.)

MONTREAL, May 3.—Demand for butter is fair in a jobbing way, but as supplies are in excess of the requirements an easy feeling prevails in the market and lower prices are looked for. Receipts for the week were 8,559 packages against 8,485 a year ago, and the stock in store on May 1 was 6,830 packages as compared with 2,169 a year ago. A firmer feeling prevails in the cheese market but the volume of business doing is small. Receipts for the week were 4,915 boxes against 6,992 a year ago and the stock in store on May 1 was 13,482 boxes against 7,768 a year ago. The demand for eggs is good. Receipts for the week were 18,399 cases against 17,385 a year ago. The stock of eggs on May 1 was 37,000 cases.

Cheese—Finest westerns, 11@11¼c.
Butter, choicest creamery, 26@26½; seconds, 25@25½c.
Eggs, fresh, 21@22c.
Pork, heavy Canada, short mess, barrels, 35@46c; pieces, 25½c; Canada short cut back, barrels, 45@55c; pieces, 28c.

MIDSUMMER CONDITIONS ON NEW YORK EXCHANGE

(By Daily News Leased Wire.)

NEW YORK, May 3.—Midsummer weather seemed to have brought about midsummer stock market conditions today. The volume of business was small and price movements were insignificant. Speculation was narrow, being near the vanishing point and many traders took advantage of the occasion to remain away from the street. The drift of the leading stocks was downward, all fractional losses being sustained by most of those issues. Foreign markets moved in a hesitating way, apparently awaiting more definite news regarding the outcome of the problem raised by Montenegro's attitude. Traders in this market were not inclined to take a decided position, in view of the expectation of decisive action early next week toward clearing up the Balkan situation. Some selling of the C.P.R. in Berlin was reported and that stock was exceptionally dull. Predictions of a large cash gain this week by the banks were not borne out, the actual statement showing a cash loss of $1,129,000. The average table, however, gave a gain of $8,249,000, indicating that a large loss had been sustained later in the week, probably in connection with over the counter payments.

Conditions in general, however, are said to be still unsettled. Trading in bonds was slow and the market continued to show lack of a definite tendency.

Total sales, par value, $670,000. United States bonds were unchanged on call on the week.

LONDON MARKET NERVOUS

(By Daily News Leased Wire.)

LONDON, May 3.—The Balkan situation keeps the stock market in a dull and nervous state and although hoping for a favorable result from the ambassador's conference local dealers realized today. The pressure was followed by continental selling, which caused weakness in all directions. Home rails were affected by the Welsh labor troubles. American stocks opened quiet with prices around parity. Reports of labor troubles and continental selling caused a weak tone to the dealings and the list declined under the lead of Canadian Pacific. The closing was easy with values ranging from 1/16@⅛ below Friday's New York closing. Money and discount rates were a shade easier.

MONTREAL STOCK MARKETS

(By Daily News Leased Wire.)

MONTREAL, May 3.—Dealings in stocks here in the short Saturday session were little more than nominal but a firm tone prevailed. The weaker feeling brought out very little liquidation and the tendency of the market was to fall back in a waiting attitude pending developments over the week-end. The light business recorded showed no definite trend to prices, a few issues, despite the decline in C.P.R., showed strength. Ottawa Power gained ½ point. C.P.R. opened here at 238 as compared with 239 at the previous close, and later rose ¼, closing 238¼, or about 1 point lower for the day. The firmness of the stock in New York was encouraging, the close in that market, 238⅝, showing an advance of 1⅜ over London prices. Delayed profit taking on the recent rally probably accounted for the days decline in the stock as much as any unfavorable developments in the political situation abroad. On the weaker feeling in C.P.R., Power fell back ¾ to 226, Brazilian closed 95¼ bid as compared with 95½ on Friday, and Textile relapsed ¼. The idle mood of the market, however, is indicated by the fact that in only a few stocks was the individual turnover more than 100 shares and Power, with dealings in less than 300 shares, was the most active stock of the list. A new level for the year of 212¾ in Commerce shares and a rise of ½ point in Royal shares were the only features in bank stocks.

GRAIN

WHEAT PRICES FIRM WITH LIGHT TRADING

(By Daily News Leased Wire.)

WINNIPEG, May 3.—On the wheat market today trading in options was extremely light and prices were firm. American were easier, the influencing factor being good rains in Kansas and in the northwestern wheat belt. Winnipeg opened unchanged ⅛@¼c lower and closed unchanged to ⅛c higher. Minneapolis opened unchanged to ¼c lower and closed unchanged to ½c lower. Chicago opened ⅛@¼c lower and closed ⅛@½c lower. Liverpool closing cables were ⅛@⅜d higher. Paris closed ⅛@½c lower, Berlin ⅜c lower, Budapest ⅜c up and Antwerp unchanged.

The cash demand at Winnipeg was fairly good and offerings heavy while exporters were buying from time to time to fill space.

Oats were steady and flax weaker. Cash oats closed ⅛c up for all grades but cash flax closed ½@⅝c down for all grades.

Deliveries through the clearing houses today were: Wheat, 98,000 bushels; oats, 164,000 bushels; flax, 47,000 bushels.

Winnipeg wheat, close—May, 93¼c; July, 94¼c; October, 89⅝c.

Minneapolis, close—May, 87⅜c; July, 90c; September, 90¾c.

Chicago, close—May, 90⅞; July, 91c; September, 90¾c.

Winnipeg oats, close—May, 34¼c; July, 36c.

The Winnipeg exchange will be closed on May 5, Arbor day.

LONDON WILL BE ASKED FOR NATURAL GAS FRANCHISE

(By Daily News Leased Wire.)

LONDON, Ont., May 4.—Until the City Gas company makes some arrangements with the natural gas companies, who are running pipe lines through this section, in all probability the city council will be asked to grant a franchise for a natural gas company. At the present time the pipe line is being run to St. Thomas, Ont., to the south, and Ingersoll on the east, both of which are headed for London.

Objections may be filed with the said water recorder or with the comptroller of water rights, parliament buildings, Victoria, B. C.

B. W. BULL,
Applicant.

PROVINCE OFFERS AID TO FARMERS

Deputy Minister Scott Tells What is Being Done in Letter to A. E. Watts

To the Editor of The Daily News.

Sir,—I enclose a very interesting letter from W. E. Scott, deputy minister of agriculture. The subject matter is of vast importance to many sections of British Columbia which are adapted for mixed or dairy farming.

The government assistance in stock raising and to dairymen's associations and the demonstration work is worthy of careful study. The authorities show their willingness to assist financially and to provide advice free of charge, thereby making it possible for men with brains, even if short of capital, to develop the resources of the country and become independent or well-to-do with a moderate expenditure of energy.

Farmers should show their appreciation by taking advantage of the liberal terms offered by a paternal government, and if it proves successful it will encourage the authorities to assist those who wish to engage in agricultural pursuits in many other ways.

If a number of persons wish to organize a company under the conditions offered, I shall be glad to assist in the organization.

A. E. WATTS.

Wattsburg, B. C., May 4.

The letter referred to by Mr. Watts is:

Department of Agriculture,
Victoria, B. C., April 2, 1913.

A. E. Watts, Esq.,
Boundary Mining & Exploration Co.,
Wattsburg.

Dear Sir,—In reply to your request contained in your letter of the 26th ulto., that I give you information regarding the conditions imposed upon agricultural associations or co-operative companies wishing to engage in stock and dairying industries, and as to what this department is endeavoring to do to aid and assist by legitimate means the industries referred to I beg to submit the following:

Agricultural Associations Act

The Agricultural Associations act 1911, is an amendment of various acts affecting agriculture, which were consolidated into this one act a few years ago. The object of the act is mainly to encourage co-operation by authorizing the formation of co-operative associations dealing with the different phases of agriculture.

Part two of the act deals with incorporation with share capital. By this part of the act 25 or more persons who desire to associate themselves together for a number of purposes enumerated, may, after conforming with certain regulations, become incorporated. By an amendment passed by the recent session of the legislature, financial assistance may be given to associations incorporated under this part of the act, by means of a loan, repayable in 20 years, and amounting to 80 per cent of the subscribed share capital.

The first thing the provincial government has to consider, of course, is the security that would be offered, as they are custodians of the public moneys, and therefore any loan made must be fully safeguarded. The security which the government have is the ground and buildings owned by the association and the unsubscribed amount of the share capital. No loan, of course, would be granted to any association without the sanction of the minister after the fullest investigation had been made as to the prospects of success. Under this part of the act, the formation of co-operative creameries is sanctioned. The success which attends properly managed creameries is well known. In our own province we have several which have caused a radical change for the better in the districts in which they are established. A better quality of butter is made and the dairymen are drawn together along co-operative lines in the securing of supplies at wholesale rates and the marketing of their produce as a whole.

The greatest bar to progress among the agricultural communities of the present day is lack of co-operative methods. Co-operation among those who sell farmers produce must be met by similar organization among the farmers themselves. This is the keynote of success. The difficulties in the way, and, of course, there are some, may be overcome by united action, by the sinking of local rivalries and by give and take among the farmers themselves. If the principle that the wish of the majority must rule is adopted, difficulties will be smoothed over. The solution of this question must, however, emanate from the farmers themselves. The government is ready, and has shown its willingness by this act to support and back up co-operative principles along well thought out and considered lines.

Department Assistance in Stock Raising

A plan has been lately outlined by the department, and is now being carried into effect, whereby Farmers' institutes which are incorporated under this act may secure through the department carefully selected pure-bred sires of the different dairy breeds, at cost price, and under easy terms of repayment. The circulars which I am attaching herewith will give you full information as to the lines on which we propose to carry out this work.

Stock Breeders' and Dairymen's Associations

These two associations are accomplishing very good work in aiding and developing the dairy industry. One of the chief advantages of being a member of either of these associations is that provided you import or buy in the province any pure bred stock, the member will secure a rebate of half the transportation charges. This in itself is of material assistance to all stock raiser. There are many other ways in which members benefit. Dairy farm competitions are held by the association, and prizes awarded. Stock judging contests are held in connection with our fall fairs, and prizes awarded for these contests, meetings are held at different times, and lectures and demonstrations given by capable experts.

Demonstration Work

The department has lately undertaken, and is now carrying out demonstration work in the growing of fodder and soiling crops. These demonstration plots are worked by the owner of the land under direction from the department. The owner of the plot gets certain concessions at the start, such as the preparing of the ground, supplying of seeds, fertilizers, etc., and also gets the benefit of the expert advice of the officials of the department in conducting his work. He is expected to furnish full reports to the department, and to have his place available for any demonstrations or meetings which we may wish to hold thereon. We expect by this work to show how, by intensive methods of farming, and growing of fodder and silling crops, the farmer can increase the number of cows kept on the same acreage, and also conserve and increase the fertility of his soil. On the island of Jersey, two cows are kept per acre by these methods. British Columbia has a favorable climate and virgin soils, which should therefore, be more fertile. Why cannot our dairymen accomplish similar results?

Cow-Testing Work

By an arrangement lately effected with the federal government, the provincial department of agriculture now undertakes cow-testing work. Cow-testing associations are being formed in districts where there is sufficient interest taken, and enough cows kept. The department supplies expert men to do the testing work, and we hope by this means we may show dairymen the importance of keeping an authentic record of performance of their cows, and thus be able to eliminate the boarder from their herds. It costs just the same to keep a cow which gives 100 lbs. of butter as one which gives 300 lbs. We cannot get rid of the one that is giving the small amount of milk unless we adopt these methods to enable us to tell exactly what each cow is producing.

In conclusion, I would say that dairying in this province is destined to become one of the most important and best paying phases of farming. Our conditions are just right for successful dairying, and the department is endeavoring to foster and encourage this industry by all legitimate means.

I enclose for your information copy of the Agricultural Associations act 1911, and amendments thereto, and a careful perusal of this act will, I think put you in full possession of the information which you want.

(Signed) W. E. SCOTT,
Deputy Minister.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district of which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

NASOOKIN MAKES SPLENDID RUN

Queen of Interior Waters Is Taken to Main Lake—Canadian Pacific Officials on Board.

The steamer Nasookin went up the lake yesterday afternoon on a preliminary trial trip and is said to have made a splendid impression on her first run of any length. She was taken up to Proctor and out into the main lake and although no records were broken her time was said to have been good. The return run was made in 14 minutes less time than the trip up the lake.

The boat was in charge of Capt. McKinnon and D. Stephens, chief engineer. Capt. Gore, superintendent of the lake and river service, and James M. Bulger, master shipbuilder, were on board the steamer.

METHODIST CHURCH TO HOLD MEETING

District Convention at Kaslo Tomorrow Afternoon—To Name Delegates to Vancouver.

Reports of finances and the general work of the Methodist church in the district during the past year will be presented at the annual meeting of the West Kootenay district of the Methodist church, which will open at 2 o'clock tomorrow afternoon at the Methodist church, Kaslo. A schedule for the year will be presented.

Another important matter to come before the meeting will be the selection of lay and clerical delegates from churches in West Kootenay to the annual conference, which will be held at Vancouver on May 15.

Trail News

(Special to The Daily News.)

TRAIL, B. C., May 4.—W. Oddy of Betts & Oddy visited Rossland on Friday afternoon.

The sudden death of Mrs. E. Harkness occurred on Friday evening from heart failure. Deceased was 41 years of age and leaves a husband and four children. The funeral was held on Sunday afternoon at 3 o'clock from the Catholic church.

On Friday afternoon Sebastiano Contini, aged 13 years, was brought up in court before Judge Binns for cutting P. Burns & Co.'s harness and for also taking the horse out on Wednesday night and riding it to Sayward. The boy was driving for the P. Burns company and he said he cut the harness so he could get a new set. His sentence has not been definitely settled as it is expected that his parents will send him back to Italy.

A. D. Robertson and wife visited Rossland on Saturday and Sunday.

Roy Smythe, Canadian Pacific railway conductor, was badly hurt while loading ore cars at Rossland on Friday. He was rushed to Trail on the ore engine and taken to the local hospital. After receiving doctor's attention he was permitted to go to his home, where he is resting easily.

J. Harper of Rossland spent Saturday in town.

Mrs. L. A. Campbell of Rossland visited Mrs. Turnbull and Mrs. Skill of Trail on Friday afternoon.

Miss P. Ross and Miss J. Stewart of Rossland are spending the week-end in Trail.

Harry Twills, who has been clerking in the Trail Rockdale co-operative grocery store for the last four years, leaves on Tuesday for Nelson, where he has accepted a position in the Swift Canadian company.

Ray French of Nelson was in town on Saturday.

Max Rahmann of Grand Forks spent Saturday in Trail.

NELSON NEWS OF THE DAY

John P. Vroom of Waneta left on the Crow boat yesterday morning for St. John, N.B.

The monthly meeting of the board of trade will be held on Thursday evening at 8 o'clock.

Miss Heddle will leave Nelson shortly for Ontario where she will reside with her cousin, Mrs. James Dick.

Miss E. M. Shepard left on the Crow boat on Saturday morning for New York whence she will sail on May 10 by the steamship Baltic for Liverpool.

Mrs. E. Roland and daughter of Winlaw will leave on the Crow boat this morning for Montreal whence she will sail on the Saturnia on May 10 for Glasgow.

"Botany," by M. C. Stopes; "Principles of Electricity," by N. R. Campbell, and "Foundations of Science," W. C. D. Whetham, are among the new books which have been presented to the Nelson public library.

The proceeds from the benefit concert recently given for Mrs. Spencer in the Hume school by Edgar Mason have amounted to $130.85 and are expected to amount to $150. The money will be placed in the bank at Mrs. Spencer's disposal today.

F. A. Williams of Winnipeg, western *secretary of the Brotherhood of St.* Andrews, addressed the congregation of St. Saviours church last evening on the work of the brotherhood. Delegates will be sent from Nelson to the international conference which is to be held in Spokane from Sept. 11 to Sept. 14 next.

The official board of Trinity Methodist church will meet tonight at 8 o'clock. This will be the last meeting of the closing year. The annual schedules will be filled out and delegates appointed to the district meeting, which will convene tomorrow in Kaslo. The stewards for the ensuing year will also be appointed at this meeting.

Mrs. James Smeaton will leave on the Crow boat this morning for Santos, Brazil, stopping over on her way at Winnipeg and Toronto to visit friends. Mrs. Smeaton is leaving to join her husband, who is superintending the construction of a large power plant in Brazil for the Sao Paulo Power company. Mrs. Smeaton will sail from New York on June 14 by the steamer Vestrus and will be accompanied as far as Kootenay Landing by Mrs. Hanson.

Mrs. E. Norman of Mirror Lake will demonstrate the canning of chicken at a meeting of the Nelson and District Women's institute in Knights of Pythias hall at 2 o'clock this afternoon. She will also speak on methods of canning other articles and will explain the best methods of putting up vegetables and fruit. After the demonstration she will open a jar of chicken so that the quality may be tested by those present. Mrs. Atkinson of Nelson will speak on "Hygiene in the Home." The lecture and demonstration are two of those provided semi-annually by the provincial government for the benefit of the members of the institutes in British Columbia. It is expected that there will be a large attendance.

Dressmaking and millinery. Moderate charges. P. O. Box 763. *16-22

Agents for F. O. Berg's awnings. Vacuum Cleaning Co., Box 166, Phone 19. 301-tf.

The Starland is giving a big public dance in Eagle hall, Wednesday night, May 7th. Admission $1. Music by Dyer's Starland orchestra. Come and have a good time. 16-1

INCENDIARY FIRES AT ROSSLAND

Four Fires in Two Days—Mayor Orders Special Constables to Patrol City.

(Special to The Daily News.)

ROSSLAND, B. C., May 4.—Four fires have occurred here since early on Saturday morning, and the work of an incendiary is suspected. Mayor Deschamps has ordered twelve special officers to patrol the town. On Saturday evening the fire brigade was called to a fire in the building occupied by the Rossland Miner. The fire started on the first floor in some papers which were in the corner, but it is unknown what started it. The firemen made a very quick run, arriving on the scene just as the alarm stopped ringing, and had the fire under control before it got a good start. The most damage was done by the water, as dense smoke made it hard to locate the fire.

The fire brigade was called to a fire on Columbia avenue, near the Masonic temple, at 3 a.m. on Saturday, a cigar stub having set the sidewalk on fire.

A fire occurred at the old Ottawa hotel at 9.45 on Saturday night. This building has been empty for some years now, and it is not known how the fire started. It was quickly extinguished with not much damage.

The brigade was called out last night for the fourth time that day to a conflagration between Washington and Queen streets. The Lincoln terrace, built in the early days, and two cottages were burned.

There have been peculiar circumstances in connection with the recent fires, and it is admitted that they were of incendiary origin.

Born, to Mr. and Mrs. Edward Glover, a son.

Born, to Mr. and Mrs. James Plester, a son.

Born, to Mr. and Mrs. J. R. Grue, a daughter.

Walter W. Baer, Liberal organizer for British Columbia, is in town and addressed a meeting of local Liberals in the Martin block last evening.

Mrs. Tyson of Trail spent the day in town.

The S.A.Y.P. society will meet on Thursday of this week instead of Wednesday, as Wednesday is the night of the basketball games.

Those taking part in the entertainment given by the choir of the Sacred Heart church in the K. C. hall on Tuesday evening are: Mrs. W. Bonner, Mrs. J. R. Hardy, Mrs. A. Apperson, Miss F. Nicholson, Miss S. Serphine, Miss L. Supple, W. H. Reid, C. A. Bostock, G. Waltho, E. Lee, P. Fossey, H. Landry, A. Newitt, W. F. Edwards, W. J. Lawson and the Loux brothers. Miss M. Gregory will be the accompanist.

On Wednesday evening there will be two basketball games played in the armory, between the girls teams of Nelson and Rossland, and the Senior men and Intermediates. The city band will be in attendance and there will be an indoor one-mile race.

Mrs. J. Williamson of Trail spent Saturday in town.

Mrs. Kelman of Nelson spent Saturday in the city.

James Hanna was given a delightful surprise party on Friday evening by about 25 of his young friends. A jolly evening was spent with games and music, after which all did justice to the dainty refreshments served.

C. E. Adams left last Friday for Victoria where he will spend a few weeks visiting his sister.

W. R. Smyth, brakeman on the Canadian Pacific railway train, had his back *badly hurt and one rib fractured this* morning when the train was shunting at the mine. Mr. Smyth was standing on the step of the car when the train backed up and he was caught between the ore bin and the car. He was taken to his home in Trail.

Mr. and Mrs. E. Campbell Macintyre, of the Dominion Express company, who have just returned from a four months visit to Europe, received word on the day of their arrival that they had been transferred to Kelowna. They leave for the coast on Monday to spend a few days before going to their new offices. Mr. Macintyre is an old-timer in this camp where he ran in as express messenger 10 years ago. Mr. and Mrs. Macintyre came to Canada 11 years ago and Mr. Macintyre has been with the Dominion Express company ever since. He is an ex-army man and has seen service in several countries. Before coming to Canada they spent several years in India and Africa.

There will be a meeting of the Boy Scouts in the armory on Tuesday evening at 7:30 o'clock.

The Ladies guild of St. Andrews church will meet in the church parlors on Tuesday evening at 7:30 o'clock.

The first game in the junior public school league was played on Wednesday afternoon at the Athletic park, between the Red Sox, captained by A. Stone, and the Chipmunks, captained by G. Belfield. The Red Sox won out by a score of 18 to 4.

A second junior league game was played on Thursday afternoon between the Beavers, captained by H. Mills, and the Cubs, Jr., captained by A. George. The Cubs won this game with a score of 15 to 13.

CANADIAN PEACE DELEGATES VISITING UNITED STATES

(By Daily News Leased Wire.)

OTTAWA, Ont., May 4.—Canadian delegates to the International Peace *conference left on Sunday, and dur*ing the next two weeks they will be guests at many functions in the leading American cities. After the session in New York a trip is planned which will include Boston, Washington, Philadelphia, Chicago, Detroit, Niagara Falls, Buffalo and back to New York. The Canadian delegates are Sir Edmund Walker, Hon. Raoul Dandurand, Travers Lewis, A. Magrath and C. F. Hamilton.

DR. WATSON ARRESTED.

(By Daily News Leased Wire.)

MOOSE JAW, Sask., May 4.—A man giving the name of Dr. Watson, who claims to be from Winnipeg, was arrested by the local police and charged with vagrancy. He states that he holds high degrees in Scotland and London. He had been in the city for the past two weeks, and apparently has done nothing in the way of work.

FIRE AT BRANDON.

(By Daily News Leased Wire.)

Important Announcement to All Ranchers Living Along the Lakes

For the purpose of attending to the arrangements for opening our Nelson Branch and Receiving Station, and investigating trade possibilities and market conditions in this locality, I have temporary headquarters at the Hume Hotel.

The home office and myself, as well as our local Director, Ald. James Johnstone, have had inquiries and assurances of support from fruit and produce growers who live from ten to thirty miles from Nelson. Owing to my duties in Nelson and inadequate transportation facilities, it will be impossible for me to visit all the lake ranches.

I want to personally meet as many of the growers as possible in order to submit, at an early date, a final report to the home office as to the quantity and variety of fruit and produce our local Receiving Station can depend upon this season.

This is of vital importance to all men interested in this line, as DOMINION STORES, LIMITED, by having their own outlet through their prairie branches, will provide a local cash market.

I ask all men who are interested to look me up if they come to Nelson before May 12.

M. PHILIP HANSEN
Special Representative, Dominion Stores, Limited
Room 22 Hume Hotel "The short cut from producer to consumer"

NELSON NEWS OF THE DAY

Miss S. Grant of Chase is at the Strathcona.

William Whipler of Rock Creek is a guest at the Hume.

S. A. R. Macdonald returned on Saturday from a visit to Spokane.

Born, on May 1, to Mr. and Mrs. Henry Gagnon, Ward street, a daughter.

A peach tree in a garden on the upper part of Ward street was in bloom yesterday.

A. Angelo of Silverton will leave on the Great Northern this morning for Milan, Italy.

Mr. and Mrs. J. Turner will leave on the Crow boat this morning for St. Paul and Chicago.

Sydney M. Johnson of Greenwood reached Nelson last night and registered at the Hume.

Mr. and Mrs. McClure John of Harrop were visitors to Nelson on Saturday, registering at the Strathcona.

S. Neelands of Edmonton, an old-timer in Kootenay, is visiting Nelson. He is a guest at the Hume.

William Walker, sexton of St. Saviours church, will leave shortly for an extended visit to his old home in England.

The regular monthly meeting of the Woman's Hospital Aid society will be held this afternoon at 3 o'clock at the Y.M.C.A.

Only one car will be in operation today, No. 2 being off for an overhauling. It will be out of service for three or four days.

Mrs. W. F. Teetzel and children returned on Saturday evening from an extended visit to Ontario. They are guests at the Strathcona.

The entertainment which was to be given by the Children of Mary this evening has been postponed. The date will be announced later.

The second degree will be conferred tonight at the regular meeting of Kootenay lodge No. 16, I.O.O.F. The delegates to the grand lodge and district deputy grand master will be elected at tonights meeting.

Vernon Chapman, editor of the Golden Star, arrived on the coast train with his bride last night. They are guests of Fred Chapman, Fairview.

There was a fall of 1 in. in the water of the west arm during the past 48 hours, according to the guage of the Nelson Boat & Launch company.

Delayed by an accident to a freight train on the Crows Nest line, passengers on the Crow boat on Saturday night did not arrive until midnight.

T. G. Proctor of Victoria, who has been confined to his room at the Hume hotel for the past two days with a severe attack of la grippe, is now convalescent. He will spend today and tomorrow in Nelson on business.

A. G. Carpenter, district manager for P. Burns & Co., returned on Saturday evening from a visit to Rossland and the Boundary. During the absence from the city of Mrs. Carpenter, who is visiting Edmonton, he is staying at the Strathcona.

Mrs. M. Peake, Mrs. J. Smith, Mrs. S. Brown and Mrs. J. Marsden left on the Great Northern on Saturday morning for New York whence they will sail by the Caronia on May 10 for the old country. There was a large gathering of friends of the party at the depot to scem them off on their long journey.

TAGHUM NEWS

(Special to The Daily News.)

TAGHUM, B.C., May 4.—Mrs. Joshua Marsden left on Friday evening for a visit to her old home near Manchester, England. She will be absent three or four months. She travels via Spokane and New York, sailing from the latter place on the steamship Caronia on May 10. Mrs. John Brown and son of Nelson accompany her. A few evenings before her departure Mrs. Marsden and family were treated to a surprise party by neighbors and friends. Refreshments were served and a musical entertainment enjoyed. A large crowd assembled at the depot to wish Mrs. Marsden bon voyage and a speedy return.

Mr. and Mrs. Bowness, their daughter and two grandchildren from Vancouver, have been visiting their parents here for several weeks.

Norman MacLeod of Nelson has completed his handsome residence after an expenditure of $2,000. Several men are busy planting 400 trees, consisting of cherries, plums, crabapples, Jonathans, Wagners, McIntosh Reds and a quantity of small fruits.

Thomas Power has planted 250 trees, mostly Wagners and Rowe Beauties.

All the ranchers are busy spraying their apple, cherry and plum trees.

The Doukhobors have planted their entire 50-acre tract with apple and other varieties of fruit grown by the association at Brilliant.

Frank Seaman has planted 250 apple trees, mostly of the Wagner kind.

Robert Main is now clearing land and building a home on his newly acquired ranch at Beasley.

John P. Swedberg is having his Beasley property subdivided. A. L. McCullough, provincial land surveyor, and staff have the work well in hand.

A Canadian Pacific railway bridge crew are now retimbering the Kootenay falls railway bridge between Taghum and Granite.

The reclamation engineers have been collecting data and taking soundings between this place and Granite in connection with the reclamation of Kootenay flats. Their work is completed for the present.

The Lambert company are now running their lower sawmill to its full capacity and are fluming the sawn lumber down to their planing mill and loading station at Taghum.

Joshua Marsden, merchant and fruit rancher, is now clearing his river-front ranch. He reports fairly good success with his rog raising enterprise. He raises the Yorkshire breed and is securing orders from all over for young pigs.

M. C. Monaghan, pioneer mining man and the father of Taghum, is energetically prosecuting development work on several of the mining properties of this vicinity in which he is interested. He is also adding new improvements and beautifying his fine ranch here which has been his home for over 20 years.

Many of the energetic citizens are displeased with the delay regarding the proposed highway bridge across the river at this point.

FRANK YOUNG GOES TO NIAGARA FALLS

Popular Canadian Pacific Railway Official Leaves Nelson to Engage in Hotel Business.

Frank Young, for the past 16½ years yardmaster for the Canadian Pacific railway here, has resigned his position and left yesterday morning for Niagara Falls, Ont., where he will in future reside.

With his departure from Nelson Mr. Young retires from railway service after being 25 years engaged therein. Previous to his coming to Nelson to accept the position of yardmaster Mr. Young was for 14 years with the Michigan Central railway. At Niagara Falls Mr. Young will engage in the hotel business, having taken over the Alexandra hotel at that place at the beginning of the year. The Alexandra is right at the falls and enjoys a first class trade. Mr. Young will be only too glad to welcome all his old Nelson and Kootenay friends.

His retirement from the service of the C.P.R. here is a matter of deep regret to the company's officials here as well as to all his associates and the public with whom he came into contact.

SCOTTISH CLAN ATTENDS SERVICE

March in Imposing Array to St. Pauls —Rev. E. S. Logie Preaches Appropriate Sermon.

Headed by Piper McCleary, who played appropriate Scotch music on the bagpipes, Clan Johnstone 212 last evening marched from the clan headquarters to St. Pauls Presbyterian church where they attended divine service. There was a large turnout of the clansmen who made an imposing array clad in their many-colored tartans.

At St. Pauls church Rev. E. S. Logie, honorary chaplain of the clan, delivered a sermon of special interest to the Scotchman and during the evening special music was rendered by the choir of the church under F. Warner Smith with the assistance of the Nelson Symphony orchestra.

Miss Ruth Manhart rendered an appropriate solo and the united choir and orchestra admirably rendered "The Heavens Are Telling," from Hayden's "Creation."

Mr. Logie took for his subject "The Old Paths and the New," from Jeremiah vi:17.

In his sermon he dwelt on the things which characterized the land whence Scotchmen came and urged that with the larger opportunities and privileges of this new and prosperous land they should emulate those virtues and excellencies which made Scotland so conspicuous and so honored in the eyes of the world.

He enlarged on the fervent belief that, he said, Scotch people had in a living God, an overruling Providence, a divine revelation and a coming day of judgment.

He spoke of the place the bible had in the Scotch home and school and pointed out that not only private life but the nation in its corporate capacity was made to conform to its demands. The strict observance of the Lords day as a prominent feature in Scottish life was dwelt upon. He closed with an appeal to Scotchmen to play well their part in laying the foundations of truth and righteouness in this new land, laying emphasis on the fact that by their early training and knowledge of the Bible they were well qualified for the work of purifying political life, establishing the church and laying the foundations of righteousness broad and deep.

KEEN COMPETITION FOR BROWNING MANUSCRIPTS

(By Daily News Leased Wire.)

LONDON, May 4.—At the second session of the Browning sale, held yesterday at Sothebys, the originals of the love letters which passed between Robert Browning and Elizabeth Barrett previous to their meeting in 1846, numberng 284 from the former and 287 from the latter, passed into the hands of Frank T. Sabin, brother of Joseph F. Sabin, the New York dealer, for $32,750, while the poet's old friends looked on in dismay. The first bid was $3,000, the contest developing rapidly into a duel between Bernard Quaritch and Frank T. Sabin. After $16,000 had been reached the two men capped each others offers by $2500, Sabin finally winning.

Messrs. Quaritch and Sabin met in another duel, for the autograph manuscript of Mrs. Brownings "Sonnets from the Portuguese," Mr. Quaritch getting the manuscript for $5500 and also the original manuscript of Mrs. Browning's "Aurora Leigh" for $4550. One hundred and forty letters of Browning to Miss Isa Blagden went to Mr. Quaritch for $1800. Mr. Sabin bought the original manuscript of "Herve Riel" for $250, a neat book of Mrs. Browning's with 48 poems (some of them unpublished), for $360, a manuscript criticism of her husband's poems for $480 and some early drafts of sonnets for $3100. Mr. Hornstein, another dealer, purchased the manuscript of Mrs. Browning's Prometheus bound, for $310, the autograph manuscript of her "Essay on Mind" for $960, and the original autograph manuscript of Browning's last volume of poetry published on the day of his death, for $4950, after a fight with Mr. Quaritch.

TURRET CROWN SUNK.

(By Daily News Leased Wire.)

FORT WILLIAM, Ont., May 4.—The great lakes steamship Turret Crown is reported sunk near the Soo. Efforts are being made to secure wireless communication with ships in the vicinity.

Schooner Sunk.

(By Daily News Leased Wire.)

SARNIA, Ont., May 4.—The wooden schooner Iron City sank to the bottom of the St. Claire river today after collision with the steam freighter Thomas Cole, near Algonic. The schooner is 178 feet long. The crew escaped in lifeboats. The Iron City is owned in Tonawanda, and was upbound with coal at the time of the accident.

TOT FALLS IN FIRE DIES IN AGONY

(By Daily News Leased Wire.)

MOOSE JAW, May 4.—From Morse comes word of another tragedy. The victim is Mollie, the little four-year-old daughter of Eric Pheel, living four miles south of that town. Mrs. Pheel was burning rubbish around the house when the little tot fell into the fire. Her screams attracted the mother, who relieved her sufferings as much as possible and then hitching up a horse galloped into Morse for medical aid, but nothing could be done and the child died that night in great agony.

FRAIL, SICKLY CHILD

Restored to Health by Vinol—A Letter to Mothers.

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter.

J. Edmund Miller. New Haven, Conn., says: "My little daughter ever since her birth had been frail and sickly, and was a constant source of worriment. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance, and from the good it has done her I can truly say it will do all you claim."

This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers—combined with the blood-making and strength-creating properties of tonic iron, which are contained in Vinol.

Vinol will build up and strengthen delicate children, old people, and the weak, run-down and debilitated. We return the money in every case where it fails. Rutherford Drug Company.
