STAGGERING SUM IN BRITISH BUDGET

Army and Navy Cause of Much Greater Expenditure

BRITISH PUBLIC ON WATER WAGON

Enormous Decrease in Quantity of Spirits Consumed. Trade Boom

(By Daily News Leased Wire.)

LONDON, April 22.—It will cost the staggering sum of $978,200,000 to run the English government during the ensuing fiscal year, according to the chancellor, Right Hon. David Lloyd George, who introduced his budget in the house of commons this afternoon. This is a big increase, the augmentation being caused by expenditures for army and navy armaments. According to the chancellor, the British public is going on the "water wagon." His speech showed that 23,000,000 gallons less spirits were drunk in the past four years than in the preceding period.

Export Trade Increasing.

The export trade of the country has now reached its highest water mark. The chancellor said he would be prepared to raise $25,000,000 outside of known revenues. No new taxes will be imposed to meet expenditures. European money stringency, said the chancellor, is due to France, Austria and Germany hoarding $300,000,000 for any emergency which might involve war. British trade is increasing at the rate of about $5,000,000 anuually.

Most Growing Year.

"There are no indications that the trade boom has reached its maximum, and there are no signs of over production," said the chancellor, "and taking all facts into consideration, I feel justified in coming to the conclusion that we have entered upon the most growing year that British trade has ever seen."

Increased Taxes.

Mr. Lloyd George estimated that the increased customs and excise taxes would be $12,825,000, the increase in the death duties $7,500,000 and the increase in the income tax and supertax $5,700,000. The balance of the shortage would be made up from the income tax and other revenue due last year, but only paid at the beginning of the current year, and $5,000,000 taken from the exchequer balances and representing money voted for the navy in 1911-12, but not expended.

The chancellor estimated that the total revenue on the existing basis of taxation would be $979,125,000, leaving a margin of $925,000 over the estimated expenditure.

Cost of Armament.

"The cost of armaments," "Chancellor Lloyd George said, "is the largest and most sterile increase in the expenditures, and I cannot see any prospect of this menacing development coming to an end unless some change takes place in the attitude and policy of the nations concerned."

The expenditure on education and social reform was lauded, on the other hand, by the chancellor as "reproductive work, promising strength, happiness and efficiency to the nation."

The chancellor drew an encouraging cheer from the house by the statement that English spirits consumption had actually decreased by many million gallons in the last four years.

DOCTORS INSIST ON REST FOR POPE

Sat Up for Two Hours—Papal Secretary Receives Pilgrims From France.

(By Daily News Leased Wire.)

ROME, April 22.—The pope sat up for two hours today, after which Dr. Amici, by the instructions of Prof. Marchiafava, forced him to return to bed, which the pontiff did reluctantly. Dr. Amici remained in the sick room for a considerable time to make certain that his orders were carried out. The pope continues to express impatience for the resumption of his ordinary life, but the physicians insist upon absolute rest at least for another fortnight. They declare that a further relapse in such a case would be inexcusable both for the patient and the doctors. Cardinal Merry del Val today received a pilgrimage from the diocese of Cambria, France, conducted by Bishop Delaimaire, who brought with him a bronze group representing the Virgin curing a patient who had been carried before her. The bishop said that the pilgrims desired to present the group to the pope, and asked that it be taken to his bedroom as a good augury that the Virgin would smile upon the sick pontiff and relieve him of his infirmities. The papal secretary, in expressing his thanks, said:

"The pilgrims are the children of France, which notwithstanding its many sins, is to be considered always the eldest daughter of the church. The pilgrims who have come to Rome commemorate the liberty granted by Constantine to the church, and they must pray that the same liberty be granted again to the church in France."

MEMBER FOR CALGARY MAY SUCCEED ROCHE

(By Daily News Leased Wire.)

CALGARY, Alta., April 22.—It is reported here that R. B. Bennett, Conservative leader of the province and member for Calgary, is slated to succeed Dr. Roche as minister of the interior in the Borden cabinet in the event that Dr. Roche's continued ill health compels him to retire.

WILL SPEND LARGE SUM ON CAVE AT BANFF

(By Daily News Leased Wire.)

CALGARY, Alta., April 22.—The Dominion government will spend $100,000 on the upper cave at Banff, according to S. J. Clark, superintendent of the national park. The work will start as soon as the funds are available. The season opened early this year and already the resort is crowded with visitors.

QUARTER MILLION OF CALGARY BONDS ARE SOLD

(By Daily News Leased Wire.)

CALGARY, Alta., April 22.—The city council today sold an additional $250,000 in 20-year bonds to Brent, Noxon & Co. of Toronto at 90 plus 4½ per cent accrued interest. In addition the city gave the same firm a two weeks option on $1,-846,000, the remainder of the 20-year issue, at the same price. Mayor Sinnot returned home from the east today and advised that the city finance short time notes at 6 per cent until the money market was easier.

COMPANY OPENS WAREHOUSE HERE

Canadian Ingersoll-Rand People Lease Crease Property on Water Street for Five Years.

Favoring Nelson on account of its advantages as a distributing point the Canadian Ingersoll-Rand company, machinery manufacturers, has decided to locate district headquarters here and has rented, through St. Denis & Lawrence, the warehouse on Water street owned by E. A. Crease. The lease is for five years. George A. Ohren of Vancouver, formerly of Rossland, is representative of the company in British Columbia.

GREAT STRIKE TO END TOMORROW

Government Adopts Compromise of Liberal Leader

ADVICE OF KING GIVEN EFFECT

Unique Demonstration Has Cost Belgium Many Millions

(By Daily News Leased Wire.)

BRUSSELS, April 22.—Owing in great part to the advice of the king, the government today accepted the compromise proposed by the Liberal leader, F. Masson, and the great strike for manhood suffrage, which on account of the remarkable discipline maintained, the solidity of those who joined in the movement, and skilful organization, is unique in history, will be call off on Thursday.

Only a week ago the Belgian premier, Charles de Broqueteville, declared: "No government could yield to a strike of this nature. To yield would be to abdicate." Nevertheless, the strike seems to have made enough impression on the government to ensure the termination of a situation which has already cost the country many millions, and is daily driving away from the manufacturers customers they never will regain. The decision to accept the compromise was reached yesterday by the cabinet, and the premier announced in the chamber today that the government had made Masson's motion its own.

BOTH SIDES CLAIM VICTORY

Examining Contested Votes in Edmonton—Socialist and Conservative Claim Majority.

(By Daily News Leased Wire.)

EDMONTON, Alta., April 22.—Nothing new has been received in the city today regarding election returns, and until the declaration day in different constituencies it is impossible to tell definitely who will be elected where the count is close. It is practically certain, however, that the Conservatives will not have less than 13, nor more than 19 members in the next house, which will consist of 56 members. Examination of voters whose ballots were protested in the cases of A. F. Ewing and Hon. A. G. Mackay in Edmonton proceeded today, and Liberals claim a victory for their candidate. This the Conservatives deny, and both are awaiting the final count on declaration day next Monday, when the protested ballots which have been pronounced good, will be removed from their envelopes and added up. In Rocky Mountain O'Brien, Socialist, insists he has a majority, though friends of Campbell, the Conservative candidate, claim he has a big lead. Some of the polls in this riding are very slow in coming in.

TOOK GOPHER POISON IN MISTAKE FOR SUGAR

(By Daily News Leased Wire.)

CALGARY, Alta., April 22.—Thomas George, a 15-year-old lad living near this city with James Smith, took gopher poison this morning in mistake for sugar and died before an antidote could be administered. The lad was an orphan, one of the Barnado boys, and was living with Smith, who is a bachelor and a councillor of Shepard.

FORMER CITY CLERK OF CALGARY ACQUITTED

(By Daily News Leased Wire.)

CALGARY, Alta., April 22.—H. E Gillis, former city clerk, arrested two weeks ago at the instance of R. E. Gray on a charge of embezzlement, was acquitted yesterday, the magistrate expressing his regrets that the charge had been brought.

Brilliant Speeches In Closure Debate

(By Daily News Leased Wire.)

OTTAWA, April 22.—The closure debate occupied the house until midnight tonight with a greater number of really brilliant speeches than have been heard in any day this session. The men who spoke on both sides were full of fight and aroused their followers. The two party leaders came first, and were succeeded in turn by Hugh Guthrie, Hon. W. T. White, Hon. George P. Graham, Hon. T. W. Crothers, F. B. Carvell and Arthur Meighen. Mr. Meighen made a notable contribution to the debate, and was cheered by the government benches.

It is said the division will come tomorrow, though the vote may not come until late at night.

At the opening of the house E. M. Macdonald of Pictou drew attention to a newspaper despatch from Halifax stating that Commander Macdonald of the Niobe had informed the Canadians on board that though their time of enlistment had not yet expired they were free to leave at any time without being penalized. Mr. Macdonald asked the minister of marine if he would give an explanation of what this meant.

Hon. J. D. Hazen replied that he would make a statement in the house tomorrow.

Life Assurance Company.

W. M. Martin of Regina asked if the finance department had taken any steps to investigate the condition of the Union Life Assurance company regarding which there were certain rumors.

Hon. W. T. White said the matter had been drawn to the attention of the department and had been given consideration, but he did not think it was in the public interest that he should make a statement.

Closure Debate.

The debate on the closure resolution was resumed by W. F. Kay of Mississiquoi. He said he did not think the rules were perfect. There was a right way and a wrong way of improving them and the government had chosen the wrong way. The prime minister had assumed that all the wisdom was on his side of the house and had brought in his resolution in such a way that no amendment whatever was possible nor could the speaker even give his advice. He contended that the changes in the rules were designed to get the government out of the difficult situation in which it found itself. The ostensible reason for the closure was to enable the government to pass the naval bill, but its effect would be to take away from the representatives of the people the right to withhold supply until they had ventilated their grievances. In the earlier days such a procedure would have led to a revolution.

Moves Adjournment.

In conclusion, he formally moved the adjournment of the house, thereby enabling Sir Wilfrid Laurier, who had already spoken once on the measure, to speak again.

Sir Wilfrid said that he would take advantage of the motion to endeavor to obtain from an unwilling government some information with respect to the new rules. It was quite evident, he said, that much midnight oil had been burned in preparing them. But the effort had been to make them mysterious rather than clear and the government, in addition, had been very sparing of information, only two ministers having spoken on the resolution.

Sir Wilfrid pointed out that under the proposed rules adjournment motions are apparently not to be debatable. While he recognized that the restriction of free speech was the purpose sought by the resolution, he had supposed that it was intended to preserve some semblance of parliamentary government and with this intention adjournment motions, above all others, should certainly continue to be debatable. Yet, he said, even this is evidently not to be the case. No matter what circumstances leading to adjournment may be—a time of celebration, of mourning or calamity, of ministerial crisis—not one word of explanation or debate is to be permitted under the rules.

Sir Wilfrid then referred to different noteworthy occasions on which the adjournment of the house had been moved. In 1884 Sir John Macdonald moved the adjournment at the time of the sudden death of Mr. Holden, a distinguished member of the house. Had it been in force then, the rule now proposed by Premier Borden would have absolutely shut off debate. Could anything, Sir Wilfrid asked, be more absurd than such a provision? Again in 1891, when Sir John Macdonald died, the adjournment of the house was moved by Sir John Thompson. A question came up as to whether or not the adjournment should be for one day only, or for a longer period. Under Mr. Borden's proposal debate on this question would not have been permissible.

At the first of the session of 1896 there had come a ministerial crisis, when five members of the government resigned. Sir Adolph Caron moved the adjournment of the house, and quite properly was asked for some explanation as to the reasons for adjournment. Was it not right that there should have been debate on such an occasion when so grave a matter as the resignation of ministers had come? But under Premier Borden's proposed rule a debate at such a time would be an impossibility.

This rule, the opposition leader continued, must work great injustice and nullify the advantages of parliamentary government. In the case of the naval bill, an amendment would still be possible on third reading, but under the new rules there could be no debate. After emphasizing the fact that

(Continued on Page Five.)

YOUNG IMMIGRANT'S SUICIDE

(By Daily News Leased Wire.)

LETHBRIDGE, Alta., April 22.—A young Englishman named Walter Price, discouraged with his lack of prospects in Canada, threw himself under a Canadian Pacific railway engine here today and was instantly killed. He is from Southsea, England.

STOLE FOUNTAIN PENS

(By Daily News Leased Wire.)

CALGARY, Alta., April 22.—William C. Coburn was found guilty by Col. Sanders this morning of stealing a tray full of fountain pens, valued at about $50, from Wilson's book store, and was sentenced to six months imprisonment with hard labor.

ALLIES DRIFTING TOWARD WAR

Bulgarian and Greek Armies Facing Each Other

DESPERATE EFFORTS TO CAPTURE SCUTARI

Austro-Hungarian Attache Stoned and Insulted by Montenegrins

(By Daily News Leased Wire.)

LONDON, April 23.—Bulgaria and Greece are rapidly drifting toward war over the possession of Saloniki, according to the Chronicle correspondent at that place. The Greeks have mobilized every available soldier and concentrated one army in the neighborhood of Saloniki, while another is being landed at Orfani, in the Gulf of Orfani, in order to watch the movements of the Bulgarians at Drama and Kavala. The victorious Epirus army from Janina is being distributed along the new strategic front from Saloniki to Orfani. In the meantime, adds the correspondent, the Bulgarians have suspended traffic between Dedeagatch and Saloniki and are utilizing the railway for the transportation of troops to the Greek position. They have already brought one division each from Adrianople, Tchatalja and Bulair, and it is estimated that the Bulgarians now have 90,000 soldiers facing the Greeks, and a Servian force, supporting the Greeks, is assembling along the railway north of Saloniki and on the right bank of the Vardar river.

Scutari Must Fall.

LONDON, April 22.—Pending the conclusion of a formal armistice covering the operations of all the allies, the Montenegrins are renewing their desperate efforts to capture Scutari, the fall of which, according to an official report issued at Cettinje, is imminent. There is no confirmation of the story from Trieste that owing to the exhaustion of food, the commander of Scutari is trying to negotiate for its surrender, but a Belgrade despatch says that the Montenegrins still have all the Servian heavy artillery and are employing it in their attack, although the Servian troops have either left or are leaving that district. It is stated that Montenegro is endeavoring to arrange with Servia for the purchase of this artillery. It is supposed that the Montenegrin government has closed the frontier and suspended the posts and telegraphs in order to prevent any interference on the part of the powers until Scutari falls.

A report published at Bucharest says that under the settlement arranged at St. Petersburg, Roumania will receive Silistria, with about two miles of territory around the town and the right to erect fortifications.

Military Attache Stoned.

VIENNA, April 22.—A Trieste despatch to the Newe Freie Presse says that the Austro-Hungarian military attache at Cetinje, wishing to proceed to Cattaro, found the gates closed against him. He was stoned and insulted by Montenegrins at Cettinje. The Austrian minister has sent a protest to the government.

Fierce Attack.

CETTINJE, April 22.—The Montenegrin forces made a fierce attack on Scutari last night, according to the official report. The engagement lasted the whole night. The Montenegrins captured two lines of posts on the west and east fronts. Early this morning the Turks attempted a counter attack, but were repulsed. The Montenegrin losses were heavy. The fall of Scutari is considered imminent.

COMPANY CANNOT GRANT INCREASE

Railway Official Declares Companies Will Not Comply With All Demands of Conductors.

(By Daily News Leased Wire.)

WINNIPEG, April 22.—When the members of the board of conciliation and adjustment, in session here since March 25, signed their report today it was said that H. E. Barker, of the Order of Railway Conductors, stated that all the requirements of the law had been met and that the men may now proceed to enforce their rights by other means.

Majority and minority reports, it is said, have been forwarded to Ottawa. One of the higher officials of the company today stated that whatever action the conductors may decide upon the company cannot make any great financial increase in pay and therefore all the demands of the men cannot possibly be granted.

The whole matter will, it is said, be brought before the federated board of railway conductors, engineers, firemen and trainmen, and the committee believes that their stand will be approved by that body.

"Then will follow formal intimation to the company," said Mr. Barker today, "that the members represented by the federated board will cease work unless the demands are granted."

TO MAKE PLANS FOR ARBOR DAY

Ward Committee to Report at Meeting Tonight—Many Subjects for Discussion.

Plans for the big "spring cleaning," which is to be carried out in Nelson on Arbor day, April 30, will be discussed at the public meeting of the Nelson Improvement association, which will be held in the board of trade rooms at 8 o'clock this evening. Representatives of each of the sections into which the city has been divided by the association are expected to report upon the places which are in especial need of cleaning-up operations, and it is the intention that a general plan of work for the day shall be outlined. The garbage collection operations will be under the direction of G. C. Mackay, city engineer.

It is expected that there will be a report from the parks committee and that the question of improvements to the Granite road entrance to the city, which is said to be sadly in need of a "spring cleaning," will be discussed.

Other matters which it is proposed to take up include the need for coats of paint on some of the boat houses on the waterfront, a suggestion that the school board should be asked to make arrangements for replacing shade trees around the school grounds, which have been destroyed, and plans for tree planting and boulevarding.

BOAT AND OCCUPANTS SWEPT OVER FALLS

(By Daily News Leased Wire.)

SOURIS, Man., April 22.—Four people were swept over the dam in the Souris river today and narrowly escaped drowning. James McFadden, D. Binkley, Miss McFadden and J. Thompson were crossing, rowing too near the falls. The current caught the small boat and swept it over the falls. Only the energetic work of nearby fishermen saved the four from death.

TO PROHIBIT DRINKING ON GOOD FRIDAY

(By Daily News Leased Wire.)

TORONTO, April 22.—In the legislature today three Conservatives and the Labor member voted with the Liberals for Mr. McDonald's (Centre Bruce) motion to prohibit the sale of intoxicating liquors on Good Friday. Four other Conservatives did not vote at all. The motion was an amendment to the Liquor License act, which was given further consideration in the house.

OUTPUT OF POLES AND TIES GROWS

Number From This District Will Be Three Times as Great as Last Year, Says Local Lumberman.

Three times as many poles and ties will be shipped out of this district this year to the United States, prairies and to various parts of British Columbia as were sent out in 1912, according to an estimate made by P. J. Gallagher, the local lumberman, who does a large business in ties and poles.

One factor in the increased demand will be the need for repairs in the Ohio district, which suffered so severely recently from floods, Mr. Gallagher having received orders from that state.

Apart from the new construction work, every mile of railroad each year absorbs 330 ties, the average life of a tie being eight years, and the companies make a practice of renewing the 3,000 odd ties used per mile in this period.

THOUSANDS OF MILES OF WIRE

Canadian Pacific Plans Improvement to Telegraphs

TRAIN OPERATION BY TELEPHONE

Telegraph Will Be Superceded on Western Railway Lines

(By Daily News Leased Wire.)

WINNIPEG, April 22.—Four thousand seven hundred and seventy-five miles of new wire will be strung by the Canadian Pacific railway telegraph department western lines during the present summer, according to announcement by B. McMillan, superintendent of western lines, today. Details of new wires, with the mileage to cover and the stations between which they stretch, are as follows:

Wires on new tracks (two wires), 1,600 miles; Winnipeg to Calgary, 840 miles; Winnipeg to Port Arthur, 430 miles; Winnipeg to Kenora, 135 miles; Calgary to Edmonton (two wires), 390 miles; Calgary to Macleod (two wires), 390 miles; Calgary to Macleod (two wires), 220 miles; Lethbridge to Crows Nest, 200 miles; Medicine Hat to Moose Jaw, 260 miles; total, 4,775.

Operate by Telephone.

By the close of the present summer the Canadian Pacific railway will have no less than 2,280 miles of its principal track in western Canada operated by telephone, and it is said all trains on western lines, with the exception of those on remote branches, will be operated by telephone within three years. Commercial use of the telephone by railway companies to supplant the telegraph is now being considered. Track which will be operated by the Canadian Pacific railway by telephone by the end of the summer is as follows: Winnipeg to Vancouver, 1,450 miles; Portal branch, 800 line, 165 miles; Lethbridge branch, 110 miles; Winnipeg to Souris, 150 miles; Calgary to Edmonton, 195 miles; Calgary to Macleod, 110 miles; Macleod to Crows Nest, 100 miles; total, 2,280 miles.

Of this mileage which will be operated by the Canadian Pacific railway telephones by this fall the first three stretches of track were equipped with the improvement last year except the stretch between Winnipeg and Broadview, which was done previously, and the other work is to be undertaken this year.

PRIVY COUNCIL GRANTS LEAVE TO APPEAL

(By Daily News Leased Wire.)

LONDON, April 22.—Leave to appeal was granted today by the privy council in the case of British Columbia attorney general vs the Dominion attorney general, regarding the provincial power to grant fishing rights, the Canadian supreme court having ruled that the provinces were incapable of granting such rights.

Stick To Needle, Judge's Advice To Suffragette

(By Daily News Leased Wire.)

LONDON, April 22.—"You had better stick to the needle and drop the revolver," was the court's advice today to Annie Bell, the suffragette sentinel arrested outside Holloway jail on the night of April 9, during the imprisonment of Mrs. Pankhurst.

Another "arson squad" made an unsuccessful attempt to set fire to the historic parish church at Minister-in-Thanel, which is one of the oldest in the United Kingdom and contains many pre-reformation relics.

Two Petitions Presented.

(By Daily News Leased Wire.)

LONDON, April 22.—Two petitions in favor of woman suffrage will be presented today in the house of commons. Lord Robert Cecil will present the first, which is representative of no fewer than 27 societies in England, Ireland and Wales, having woman suffrage as one of their objects. The second will be presented by James Keir Hardie on behalf of the National Women's Labor league and allied societies, representing, it is said, 34,500 working women. Altogether the petitioners will speak on behalf of 100,000 women.

Having been informed by the speaker that it is in the power of the house to pass a resolution whereby women may obtain permission to appear at the bar of the house, the signatories pray that this may be done in order to enable them to lay before the members the special claims of women to enfranchisement.

GERMAN AVIATORS LAND IN FRANCE

Gasoline Exhausted, Come to Earth on French Side of International Boundary.

NANCY, France, April 22.—Another international military aviation incident occurred on the Franco-German frontier this morning when a German military aeroplane alighted on French territory at Nord Arracourt. Two German army aeroplane officers in uniform were on board. These were Captain Devall, chief inspector of aviation, and Lieutenant von Mirbach.

The local military police and French customs officers hastened to the spot and Captain Devall explained to them that his gasoline had become exhausted. He had thought at the time of landing that he was on the German side of the frontier.

Aviators Home Again.

METZ, Germany, April 22.—The two military aviators who were forced to make a landing in France this morning reached the frontier and arrived here this evening.

Prairie Fires In Dakota Do Heavy Damage

(By Daily News Leased Wire.)

GRAND FORKS, N. D., April 22.—Losses by prairie fires in North Dakota during the past week have been very heavy, running over $100,000. The greatest losses are on the Standing Rock reservation where a $50,000 fire raged, and on the Fort Totten reservation where about $20,000 damage was done. Alfred Larson of Suires was nearly killed when he became surrounded by flames while attempting to save his residence. He had to run through the wall of flames, being badly scorched, and afterward he had to walk three miles to secure medical service. His home was destroyed. The fire started near Mondak, Montana, and entered North Dakota. In Sibley, Butte township, F. G. Whiteberg's farm buildings were burned. A. Madland lost heavily, his stock and barns being burned. Ellensdale citizens joined farmers living near there in fighting a big fire which nearly entered the city. Much hay was destroyed, several farmers also losing barns, granaries, etc. The total losses here are about $15,000.

MANY FINE HOMES SAVED BY MIRACLE

Vancouver Homes Ignited by Sparks—Whole District Threatened in Heavy Gale.

(By Daily News Leased Wire.)

VANCOUVER, B. C., April 22.—No mariner ever prayed for a breeze more fervently than did the residents of Shaughnessy heights today pray for the dropping of a western gale. A million dollars worth of residences in Vancouver's most fashionable home site were saved by a miracle. One house only was burned and the total loss to this residence and small damages to several others will be within $20,000.

The trouble started just before noon when sparks carried from land clearing fires in Point Grey dropped on several fine Shaughnessy heights residences. Five caught almost at the same time, and that owned by A. E. Millington, manager of the Ocean Falls company, was destroyed. Fire companies from all the city were called and scores of people moved their belongings into the streets expecting that their homes would be burned and wiped out. Fire caught in great piles of logs and by 2 o'clock there was a great spectacle, watched by thousands of people, many in automobiles which lined the nearby streets. At 3 o'clock every house within a radius of a mile had two or three volunteer fire fighters out on the roof, keeping the sparks brushed off, while the gale still blew merrily. Water from many lines of hose were being thrown against the sides of exposed houses, where the heat was so great as to blister the paint. It looked for a time as if the entire district would go.

CANNOT ABROGATE TREATIES WITHOUT BRITAIN'S CONSENT

(By Daily News Leased Wire.)

WASHINGTON, April 22.—Senator Chamberlain's resolution for the abrogation of the Hay-Pauncefote treaty, in the opinion of the state department, will be confronted with the contention that neither the Hay-Pauncefote treaty or the Clayton-Bulwer treaty can be abrogated by the action of the United States without the consent of Great Britain.

SOUTH SLOCAN NOTES.

(Special to The Daily News.)

SOUTH SLOCAN, B.C., April 22.—Mrs. A. Willey of Upper Bonnington Falls gave a charming children's party on Friday afternoon in honor of the birthday of her little daughter, Laura. The little guests had a very enjoyable time playing games on the lawn, after which a delightful tea was served.

Rev. J. R. Kennedy is spending the day in Nelson.

Mr. and Mrs. A. M. Johnstone and family have been spending the week-end at their summer residence, Skookum creek.

Mrs. and Miss Power, who have lately been residing at Upper Bonnington, left on Saturday for their ranch at Thrums, where they are going to reside.

The church guild meeting, which was postponed last week on account of the Farmers' institute meeting, will be held on Wednesday next at 8 p.m. at the vicarage.

Kootenay and Boundary

INSPECTION OF KASLO CADETS

Commended by Reviewing Officer—Movements Executed With Precision.

(Special to the Daily News.)

KASLO, B. C., April 22.—Capt. Moore of Victoria inspected the cadet corps on Friday night in the presence of a number of interested citizens. The boys made a splendid showing and reflected credit on their instructors, George Hindle and Charles Archer. They executed every movement with a confidence which won the admiration of the onlookers, as well as the inspecting officer.

Although the new uniforms have not arrived the boys presented a tidy and smart appearance on parade and have given Kaslo people additional proof that the money donated by them to start the movement was well bestowed. Capt. Moore, addressing the officers and cadets, said: "I am well pleased with the showing you have made and take your organization and presence here as evidence that the young people of the country—the boys who are soon to be the men—are imbued with that spirit of patriotism which causes men to band themselves into organized schemes of defence. No country has a long history if its men cannot defend it against the oppression of outside nations, and the best guaranty of continued peace is to have the defence of the country so secure that the outside will see that an attack on our land and our homes would fail. We can only have this happy condition continue while we are prepared to do our part, and that part is to learn the use of the rifle and the value of discipline."

ROBSON NEWS

(Special to The Daily News.)

ROBSON, B. C., April 22.—Mr. and Mrs. Charles Lindsay and little son of Nelson, are visiting at the home of Mrs. Lindsay's parents, Mr. and Mrs. A. D. Clyde. Mr. Lindsay is recuperating after the serious injuries sustained by the rolling over the embankment of the engine, of which he was fireman, attached to the express from Rossland. It will be some time before he will be fit for duty.

Mr. and Mrs. James Fowler and Mr. Wickham were Nelson visitors on Thursday last.

Rev. Mr. Hobson was a visitor to Slocan Park last week. In his absence A. D. Clyde conducted the midweek prayer service on Wednesday evening.

Gordon Stovel of Winnipeg is paying an extended visit to Mr. and Mrs. Charles Squires.

Mr. Wickham has ordered a new storehouse to his general store.

Considerable freight has been moving through the valley during the past week, both by boat and train Many carloads of settlers' effects have been brought in. On Sunday morning the Rossland left with a carload of dynamite for points up the river.

Linton Lundy, who arrived two weeks ago, is already engaged in constructing a new home for one of the settlers.

SOUTH SLOCAN FARMERS INSTITUTE

In Favor of Government Loans to Farmers—Ranchers Want Exemption From Gun Tax

(Special to The Daily News.)

SLOCAN PARK, B. C., April 22.—The first regular meeting of the South Slocan Valley Farmers institute was held on Wednesday last. Several matters of importance came up for discussion, among them being the facilities offered by the government for obtaining stumping powder, n 100 case lots, thereby enabling members to secure their supplies from the secretary as required. It was considered too late to take the matter up this year, a large consignment having already been received. But the concession will probably be taken advantage of next year. The supply of pure bred sires by the department on easy terms was considered to be a valuable privilege to the farmer and another indication of the government's desire to help the industry in every way. A circular memorandum, drawn up by delegates from the Slocan Valley, Arrow Park, Nakusp and New Denver institutes, relating to "loans to farmers" at a low rate of interest, was read. This being the burning question with the farmers just now it was resolved unanimously to give the proposals contained therein very strong support, and to cooperate in placing recommendations before the commission on agriculture with a view to expediting the passage of such a bill.

With regard to the new gun tax imposed under the "amendment to the game laws," recently enforced, it was thought that bona fide ranchers should be exempt.

Three delegates were appointed to confer with the Kootenay River Farmers institute on a comprehensive scheme of co-operation vital to the interests of members.

It was decided to invite Raymond T. Hickes of the Fruit Growers union, to address the members at their next regular meeting on the marketing of fruit.

The Slocan Park hall will be formally opened on Saturday, April 26. Dr. N. Wolverton of Nelson has consented to perform that function. J. H. Schofield, M.P.P., has promised to attend, together with several other representative speakers. To those resident in the valley who may not have received formal notice of the opening as well as those at other points not too far distant, the committee of management extend a very cordial invitation to be present. A concert and dance will follow the opening, for which attractive programs are being arranged. No doubt the late train service on that night will make it convenient for many who otherwise would not be able to come, and there are indications of a good muster.

Religious services are being arranged to take place in the hall commencing on Sunday next. Probably a Sunday school will also be organized in connection with it in due course.

Messrs. E. Groom, C. P. Jones and H. S. Andrews have returned from Trail, where they have been engaged for some months. All are very busy, ranch work being the attraction.

W. E. Kochs mill is running and will be at full speed very shortly. A very successful season is likely to be experienced.

FERNIE ODDFELLOWS ATTEND CHURCH SERVICE

(Special to The Daily News.)

FERNIE, B. C., April 22.—The Mount Fernie lodge of the Independent Order of Oddfellows attended divine service in a body on Sunday at the Methodist church. About 100 members of the society, accompanied by some 35 of their sisters of the Rebekah lodge, marched from the Oddfellows lodge room on Victoria avenue to the church, where ample room had been reserved for them by the officials.

In the absence of the regular organist, Mrs. J. A. Broley, the organ was ably handled by Mr. Cartledge, who formerly occupied that position in the church. Among the special numbers were a chorus, "Wake the Song," by the choir, and "The Heavenly Song," a solo, by J. W. Quinney.

A sermon appropriate to the occasion was delivered by the pastor, Rev. J. F. Dimmick, who is a member of the local lodge. This is probably the largest attendance at any church parade held by the society in Fernie.

BABY KILLED BY DYE ON TOY SHOE

(By Daily News Leased Wire.)

ST. PAUL, Minn., April 22.—A tiny red shoe on a baby's first doll caused the death of Robert, the six months old child of Mr. and Mrs. S. W. Wicks Poisonous dye from the little shoe had been swallowed by the infant. Mr. Wicks took the doll home to the baby on Saturday morning. The child gurgled with delight and, baby-like, put his tongue to the bright shoe. Mr. and Mrs. Wicks noticed that the dye came off, but the child showed no ill effects at the time. Yesterday while the mother was singing to the child his head suddenly dropped forward and a moment later the baby was dead. A physician said the dye had affected the heart.

KAISER FORBIDS DISPLAY OF FAMOUS PICTURE

(By Daily News Leased Wire.)

LONDON, April 22.—A special from Berlin says: "In order not to offend French political susceptibilities the foreign office, acting on the inspiration of the kaiser, has forbidden the display of famous paintings dealing with the Franco-Prussian war at the forthcoming kaiser's jubilee at the art exhibition of Berlin. The prohibited works are by Professor Anton von Werner, president of the German Royal Academy, who is well known as an art instructor of the late Emperor Frederick. Among the episodes depicted is the surrender of Napoleon III and his generals to Emperor William I, Bismarck, Moltke and Marshall.

ROYAL VISIT TO POTTERIES

Knighthood for Superintendent of Line—Signalman Mayor Receives Royal Party at Crewe

(By Daily News Leased Wire.)

LONDON, April 22.—The King and Queen yesterday began another tour among the industrial classes of their people. A year ago their majesties visited South Wales and Yorkshire, yesterday they were at Crewe and today and tomorrow they will be among the people of the potteries. Their majesties left London yesterday for Crewe Hall, where they are the guests of the Marquis and Marchioness of Crewe. When the King reached Crewe Hall he sent for Robert Turnbull, superintendent of the line on the London & Northwestern railway and conferred upon him the honor of knighthood, but the customary procedure on such occasions of knighting the mayor of the borough receiving their majesties was omitted presumably because in private life the mayor is only a railway signalman. More than once as a signalman Mayor Manning has borne a share of the responsibility in the signal box while the King passed in the railway train. Today he will be back at his post of duty and onerous responsibility, but yesterday he was standing to receive his majesty in the midst of a distinguished gathering and was spoken to in turn by many notable persons within the enclosure and snapshotted continuously by photographers. The signalman bore himself with quiet dignity throughout.

Madman Swallows Spectacles

An extraordinary incident took place at Crewe during the visit of the King and Queen yesterday and caused momentary alarm. After the King and Queen had left the station a young man was seen moving suspiciously about the platform. Accosted by railway police he appeared unable to give any account of himself and was taken to the station office. He broke away and rushed to one of the trains and became so violent that it was deemed necessary for his own safety to remove him to the police station where he swallowed half a sovereign, tried to swallow his spectacles, and then tried to leap through the police office window, cutting his throat in a shocking manner. Two doctors were summoned to dress his wounds

WOMAN ROBS FIRST LORD OF ADMIRALTY

Takes Money and Pocket Book Containing Naval Secrets—Believed to Be Political Spy

(By Daily News Leased Wire.)

LONDON, April 22. — Winston Churchill, first lord of the admiralty it is learned today, has been the victim of a most daring and sensational robbery, in which a young woman is suspected as the possible agent of some foreign power.

By the theft the first lord of the admiralty not only loses $2500 in money, but highly important confidential naval data such as might easily be sought as of the greatest value to any nation not too friendly with Great Britain. The robbery has greatly aroused the entire admiralty and Mr. Churchill has put Scotland Yard on the trail of an aristocratic band which has just appeared in London.

The first lord of the admiralty met with his misfortune immediately after having won the money at cards on the Riviera recently. Shortly after visiting Toulon, Mr. Churchill's cruiser anchored off Cannes where the first lord received an invitation to go ashore. He went at once to a fashionable house, noted for high play, where he found many well known society persons gathered around the tables and Mr. Churchill was soon engrossed in a game, and after an hour's play found himself the richer by $2500. The first lord of the admiralty was warmly congratulated on his sudden streak of luck, and especially by a young woman who, with two aristocratic looking men, had paid close attention to Mr. Churchill and his play. When chatting with this young woman the first lord of the admiralty stowed his wad of money away in his right hip pocket. A few minutes later he took his leave. It was not until he was aboard the cruiser and started to tell about his luck that he found the wad was missing.

This was bad enough, but with the money had disappeared the pocket book containing notes on British naval matters, which would be extremely valuable to foreign powers. It is rumored that the woman in the case is a member of an international band actively engaged in espionage. The political section of Scotland Yard is making special inquiries.

It should be a tale of interest to you. See Kensington in Thursday's News. 5-2

FACTORIES TO UTILIZE WASTE FARM PRODUCTS

Would Increase Profits of Farmers and Reduce Cost of Living—Middleman Indispensible

(By Daily News Leased Wire.)

CAMBRIDGE, Mass., April 22.—The establishment of factories to utilize the waste products of the farm would increase the profits of the farmers and reduce the high cost of living in the opinion of Professor T. N. Carver of Harvard. Professor Carver, who has been appointed director of the newly created agriculture service of the United States department of agriculture, said he believed the middlemen could not be eliminated by any system. He stated, however, that efforts would be made to make the middlemen come to terms where his profits were excessive.

PITCHERS BATTLE ENDS IN THIRTEEN-INNING TIE

(By Daily News Leased Wire.)

NEW YORK, April 22.—The Giants and Philadelphia played a 13-inning tie game here today, the score being 2-2. It was a wonderful pitchers' battle between Seaton and Wiltse, who went into the box for New York in the third after Luderus hit Tesreau for a home run in the second. Wiltse pitched better, though Seaton did great work in the pinches. In the 11th the Giants filled the bases with one out, but could not score. They opened both the 12th and 13th with doubles, but Seaton again tightened. Burns' work was the feature. He made four hits and saved the game in the ninth when Wiltse was thrown out at the plate.

Philadelphia	2	7	3
New York	2	12	3

(Thirteen innings).

Batteries—Seaton and Dooin; Tesreau, Wiltse and Wilson.

BROOKLYN OUTBATTED IN FIRST GAME WITH BOSTON

(By Daily News Leased Wire.)

BOSTON, April 22.—Brooklyn outbatted the locals today and took the first game of the series, 8-3. Curtis held Boston well in check except during two innings, when four two-base hits and a base on balls counted three runs. Perdue was hit hard during the seven innings he pitched. Seymour, Kirk and Daubert each made a splendid play.

	R.	H.	E.
Brooklyn	8	14	0
Boston	3	8	1

Batteries—Curtis and Irwin; Perdue and Rariden.

PITTSBURG SECURES ONLY TWO HITS AND WINS

ST. LOUIS, April 22.—Although Perritt gave only two hits Pittsburg today won the third successive game from St. Louis, 1-0. Slow fielding and the pitchers' errors, followed by a single, gave the visitors their lone tally. Pittsburg got its first hit in the seventh, when Wilson scratched a single through the pitcher's box. Wilson moved to second on a sacrifice and went to third on Perritt's poor throw. McCarthy's single scored Wilson.

	R.	H.	E.
Pittsburg	1	2	1
St. Louis	0	5	1

Batteries—Camnitz and Simon; Perritt and Wingo.

CHICAGO COMBINATION TOO MUCH FOR CINCINNATI

CINCINNATI, April 22.—Although outhit by bunching hits Chicago won its third consecutive game from Cincinnati this afternoon by a score of 8-5. The names of 29 players, 14 for Chicago and 15 for Cincinnati, appeared in the lineup. The game was a pitchers' battle between Leifield and Fromme up to the sixth inning. In the sixth Cincinnati scored four runs on five hits off Leifield, making the score 4-1 in favor of the locals. Then came rapid changes in the lineup, first by Chicago and then by Cincinnati. The Chicago combination proved to be more successful and won out in the last three innings.

	R.	H.	E.
Chicago	8	11	0
Cincinnati	5	13	1

Batteries—Leifield, Cheney and Archer, Grennan; Fromme, Humphreys, Packard, McIntyre, Harter and Clarke, Severoid.

BIBLE CLASS WINS

On Monday evening the basketball team of the Methodist boys' Bible class defeated the boys' brigade quintette by the score of 23 points to 20, after a hard fought game. The score throughout was very close and there was very little to choose between the teams. The teams lined up as follows:

M. B. B. C.—R. Maurer and G. Wick, forwards; H. Nugle, centre; A. Maurer and W. Fehr, guards.

Boys' brigade—H. Neelands and A. Simmons, forwards; E. Peters, centre; S. McDonald and J. Morris, guards.

SOCCER MEN WILL DRAW UP SCHEDULE TONIGHT

There will be a meeting of the representatives of the city league football teams this evening at 8 o'clock in the football headquarters. All the league delegates are asked to be present, as the schedule for the city football league will be drawn up.

CHANCE MAKES DEBUT IN AMERICAN LEAGUE

(By Daily News Leased Wire.)

PHILADELPHIA, April 22.—Hard hitting in the fourth, mixed with a pass and a wild pitch, gave the home team four runs and practically won the game from New York, the final score being 7-4. The fourth inning rally drove McConnell off the rubber. His place was taken by Schultz, off whom only one run was made, this being a homer by Barry. Brown, who was very effective after the fifth, is the only Philadelphia pitcher to pitch a full game this season. Manager Chance played his first championship game in the American league and helped his team considerably, Chase going to centre and Hartzel to short.

Batteries—McConnell, Schultz and Williams; Brown and Lapp.

WHITE SOX BREAK DETROIT'S WINNING STREAK

(By Daily News Leased Wire.)

CHICAGO, April 22.—With the stars and stripes and the Detroit pennant inverted flags on the poles, Manager Callahan managed to check the winning streak of Detroit. The score was 3-2. Manager Callahan decided to remove Bodie from centre and placed Mattick in that position, while Ted Easterly, the hard-hitting pinch hitter, relieved Schalk in catching. The visitors started a rally in the last inning which almost proved disastrous to Chicago, but Scott tightened up and the side was retired without further damage.

Detroit	2	7	0
Chicago	3	6	3

Batteries—House, Clauss and Mackay; Scott and Easterly.

MANAGER HEADS NINTH INNING BATTING RALLY

(By Daily News Leased Wire.)

CLEVELAND, April 22.—Manager Stovall of St. Louis headed a ninth inning batting rally which enabled St. Louis to win from Cleveland, 4-2, today. Wild throws by Land and Craney enabled St. Louis to score two runs in the first two innings. In the sixth Cleveland tied the score on an error and three-base hits by Jackson and Lajoie. A double and two bases on balls filled the bases in Cleveland's half of the ninth, but good fielding prevented a score. Hamilton is the first left-handed pitcher that Cleveland has yet faced this season.

	R.	H.	E.
St. Louis	4	8	2
Cleveland	2	8	4

Batteries—Hamilton and Alexander; Agnew, Steen and Land.

PRESIDENT WATCHES WASHINGTON DEFEATED BY BOSTON

(By Daily News Leased Wire.)

WASHINGTON, April 22.—Washington suffered its first defeat of the season today, going down before Boston, President Wilson attended the game. In the seventh inning the home team apparently was hopelessly behind and the crowd began to leave, but the president remained until the last man was out. Inability of Washington to hit Leonard at critical times was mainly responsible for the defeat, the locals having 14 men left on bases.

	R.	H.	E.
Boston	8	10	4
Washington	3	11	2

Batteries—Leonard and Carrigan; Groome, Bohling and Ainsmith.

SCHEDULE RELEASED TOMORROW

(By Daily News Leased Wire.)

EDMONTON, Alta., April 22—Frank M. Gray, president of the Western Canada Baseball league, who is now in Moose Jaw, wires this afternoon that the schedule will be released for Thursday afternoon.

McCARTY AGREES TO TERMS FOR FIGHT

(By Daily News Leased Wire.)

CALGARY, Alta., April 22.—Luther McCarty today agreed to terms with Promoter Tommy Burns to meet the winner of the Pelky-Morris contest on May 24. Pelky and Morris are matched to meet here in Calgary on May 1. McCarty is to receive a guarantee of $5,000 or an option of 40 per cent of the gross gate receipts. This will be the first time McCarty has appeared in Calgary for two years. On April 15, 1911, he started his pugilistic career here when he got a draw with Joe Grim. At that time he received $50 for his performance.

Opportunity does not open your doors every day. Study Kensington and decide for yourself. 5-2

UNIONIST WINS SHREWSBURY

LONDON, April 22.—The Shrewsbury by-election, which was caused by the death of Sir Clement Hill, resulted in a vote for G. E. Lloyd, Unionist, of 2,412 and for J. R. Morris, the independent candidate, of 1,727.

LETHBRIDGE, Alta., April 22.—Word was received in the city today that Mr. Kirkling, who has spent the winter trapping in the far north, counted among his winter's catch a black fox skin which sold for $1,800. It was counted one of the finest captured during the season.

TO GIVE NATIONS SECOND THOUGHT

Bryan Has Plan to Secure World Peace—Armaments Unchanged in Time of Tension

(By Daily News Leased Wire.)

WASHINGTON, April 22.—Secretary of State Bryan is about to launch his first distinctive policy of international importance. It is a plan for promotion of world peace which contemplates the negotiation of treaties between the United States and all the civilized nations of the earth. It will have as its most original feature, a temporary limitation upon the armament and war preparations of disputing nations.

Mr. Bryan discussed his plan informally with members of the senate committee on foreign relations and has asked for a hearing before the committee on next Wednesday to present the project in detail. Democratic members of the senate who have heard of this important move on the part of the commoner, first regarded the scheme as more or less visionary and impracticable, but as they talked it over with him, they have come to look with greater favor on his views and are prepared now to give serious consideration to them.

The Bryan plan aims at the same end that the Taft scheme of general arbitration treaties had. In fact, Mr. Wilson's secretary of state seems to be imbued with the desire to pick the Taft movement up where it was left off and discarding the features to which the senate objected, and by adding a few new ones of his own to carry it through to a success. Members of the senate have learned as yet only a general outline of the plan, but that is sufficient to indicate that Mr. Bryan, like Secretary Knox, hopes to promote world peace through setting up international machinery which will open the way for nations to cool off in times when passions are running high and will afford an opportunity for a second thought. In fact, the Bryan policy already is being referred to as that of "the sober second thought".

Mr. Bryan's plan, it is said, contemplates the negotiation of arbitration treaties which will provide for the reference of all questions of dispute, including those of vital interest to the national honor to an international court of inquiry. The findings of this court are to merely find the facts and not to be binding on either nation. Pending arbitration these disputing nations, under the terms of the proposed treaty, will be bound to make no change in their military strength or status—not to increase their armament, mobilize troops or in any way to alter the military policy as it existed at the beginning of the controversy.

The entire groundwork of the Bryan plans seems to consist in the idea that if contesting nations only have the opportunity for a calm second thought and are relieved from the incidental irritation that comes from war preparations, the chances are that armed conflict will be avoided. In some of its details the Bryan plan clearly resembles that outlined by Secretary Knox and embodied in the fragmentary remains of the general treaties ratified by the senate. The Knox plan provided for the appointment of the joint high commission to be composed of representatives from each of the disputing governments who should investigate controversies and report on them with recommendations. The findings of this commission are not to be regarded, however, as an arbitral award. The Knox plan provided that in cases where disputing nations were unable to agree as to whether or not a controversy was arbitrable the question should be referred to a joint high commission whose decision should be binding. It was this feature of the Taft-Knox program that the senate resented. They contended that the proposed treaties took from the senate the power if deciding whether or not questions were arbitrable and lodged that power in a commission to be made up partly of Americans and partly of foreigners.

Mr. Bryan apparently intends from the outset to avoid the pitfalls that wrecked the efforts of the Taft administration along this line. This is indicated not only by his determination to avoid the objectionable features of the Taft plan, but also to take the senate into his confidence.

SCHOOL CHILDREN ON STRIKE BOY IS KILLED

(By Daily News Leased Wire.)

PITTSBURG, Pa., April 22.—The first fatality attending the strike of school children organized as a protest against Superintendent Keeter occurred today when a boy, marching with 100 or more of his companions in Penn avenue, was run down by a street car and killed. The strike, which began yesterday soon after Mr. Keeter, who had been acquitted of serious charges preferred against him by a domestic in his family, had returned to work, spread to a number of schools. Reports from four schools showed that scarcely 25 per cent of the pupils were in their places and at other schools the strikers are said to have been encouraged by their parents to endeavor to prevent pupils not in sympathy with the strike from entering the schools. A feature of the morning was the marching through the streets of a party of several hundred children, none of whom appeared to be more than 12 years old. They carried banners demanding the removal of the superintendent.

If you want to make money do not let the Kensington opportunity slip. 5-2

TWO HUNDRED ENTRIES AT LETHBRIDGE DOG SHOW

LETHBRIDGE, Alta., April 22.—With over 200 entries the Lethbridge Kennel club's spring show opened here today. Dogs are on exhibition from all over western Canada, including Winnipeg, Dauphin, Moose Jaw, Edmonton, Medicine Hat and Calgary. The judging is in charge of F. T. Miller of Winnipeg.

Any Woman Can Have Beautiful Hair

Dandruff Disappears, Falling Hair Ceases, When You Use Parisian Sage.

No preparation has done so much the dandruff microbe, the cause of most hair troubles.

PARISIAN Sage is most daintily perfumed. It is an ideal preparation not sticky or greasy. It does not contain poisonous sugar of lead or sulphur or any dye.

It is a magnificent dressing for women who desire luxuriant, lustrous hair that compels admiration and for men and children nothing can compare with it.

It does away with terrible scalp itch to stop falling hair; eradicate dandruff and make women's hair beautiful as PARISIAN Sage.

It is the only certain destroyer of over night and causes the hair to grow in abundance.

And a large bottle of PARISIAN Sage costs only 50 cents at all drug and toilet goods counters stores. Red Cross Drug Store guarantees it.

WEDNESDAY, APRIL 23.

STRIKES RIGHT CORD.

Hon. H. E. Young, provincial secretary and minister of education, spoke wisely at Coquitlam recently when he deprecated subdivision speculation and urged upon his auditors the necessity for developing the land. Dr. Young is quoted as saying:

> But let me sound a note of warning and sound it advisedly as a minister of the crown. As British Columbians we are optimistic; we have gone ahead; we have done things; we are at the opening gates of endeavor, but what does accomplishment mean? It does not mean a payroll from the Canadian Pacific railway; it does not mean that you are going to live on real estate booms. There will come a slump unless you go to the country and develop it. You must go further afield than the 33-feet lot.
>
> The government is spending millions of dollars in development. For what? For the development of the country. And where is the country developing? Right in the centres where men are making a little money for the time being. The government's policy has been to develop the country and you must turn your attention to developing the country outside of Coquitlam and the other centres, so that the trans-continentals will send branch lines between the mountains and down the valleys for the produce which will provide their freight.

There is truth in every statement of Dr. Young quoted above. There is no real wealth created by real estate speculation, town lot or otherwise. The only real wealth arising from land comes from its development and cultivation. Dr. Young did a public service in dealing with this subject as he did, and it is to be hoped that others will follow his example, until the people of British Columbia, as well as possible settlers from all parts of the civilized world, will come to realize the wealth that is today being lost to the world through the fact that millions of the most fertile acres in the world are today awaiting cultivation.

FOOD FOR THOUGHT.

There is food for thought for the people of Kootenay and Boundary in the following from a recent issue from The Daily British Columbian of New Westminster:

> The Victoria Colonist, in discussing how there may be widely extended co-operative effort on the part of citizens of that city to assist in making a "Greater" Victoria and raising the population, which is now estimated at 60,000, to 100,000 by the end of 1914, urges that every family in the city, and as far as possible every individual, endeavor to secure some friend or family of friends to settle in Victoria. In other words, that every citizen constitute himself, or herself, an individual bureau of immigration. This is indeed the most effective form of co-operative effort to bring the advantages and opportunities of a community before those who would seek a new field for their activities. For many years New Westminster had to rely upon this form of community publicity almost solely, and there was little assistance from the civic authorities. Now the publicity department of the city council, the news bureau of the Progressive association and the enterprise of the business men in supporting special development numbers of the newspapers have assisted in spreading abroad the news of the growth and prosperity of the city and the accompanying opportunities from this rapid development which offer a field for the newcomer to share in the benefits.
>
> But the thought and enthusiasm of the individual citizen can supplement this publicity effort and at the office of both the Publicity Commissioner and the Progressive association there can be found information bulletins and descriptive publications which, if made use of by our citizens to enclose in their correspondence to friends abroad, would do much to assist in the making of a Greater New Westminster.
>
> This serves to show what is being done in the way of publicity in other parts of the province, while the suggestions as to united public support might well be taken to heart by the people of Kootenay and the Boundary generally. With this end in view steps should be taken at once to procure suitable literature of different kinds, if not dealing with the two districts generally, at least dealing with the respective sections particularly. Even if it is thought that the time has not yet arrived for one comprehensive scheme of publicity for the whole Kootenay and Boundary country, different sections can do much in the general interest by undertaking a vigorous local campaign, for what helps one part of the two districts helps, to a greater or lesser extent, the whole.

EDITORIAL NOTES.

"Back to the soil" is a cry that in British Columbia is synonomous to the call to wealth.

Under guise of pleading for freedom of speech members of the Opposition are pleading for the right of the minority to control the government's policy. Apparently members of the Opposition have not yet come to a realization of the fact that Sir Wilfrid Laurier is no longer in control of Canada's government—a position from which he was ousted by the votes of the people almost two years ago.

Although members of the Opposition are objecting strongly to the form of closure introduced by the government, it is significant that Sir Wilfrid Laurier yesterday rejected Premier Borden's offer to withdraw the proposals before the House and adopt in their place the rules in force in the British House of Commons. The reason of Sir Wilfrid's refusal is not difficult of discovery. The British rules are far more drastic than those proposed for the Canadian House of Commons. And yet one never hears the Opposition in the mother of parliaments described as being gagged.

In view of the remarkable campaigns of publicity which have been undertaken by other parts of the province and the lack of united effort, or even almost of effort of any kind on the part of Kootenay and the Boundary, it is almost remarkable that this part of British Columbia has remained on the map at all so far as the outside world is concerned. That it has is due solely and entirely to the varied and rich character of its natural resources, coupled with its picturesqueness from a scenic standpoint and its unrivalled climate. A little judicious publicity at the present time would do much to assist and stimulate the development of the two districts.

What the Press Is Saying

The Pity Of It.

The failure of the parties to agree on this matter (the naval matter) is almost tragic. It was not so much a question of what we did in the matter of defence as to how we did it that really mattered. What was the spirit behind the act?—that was the question. And now, to the ordinary citizen of the empire, who does not look closely into the origin of party disputes, the only thing evident is that Canada is split into hostile camps over the question of its relationship to the empire. It is a pity of pities.—Montreal Herald.

Give the Children a Chance.

Environment counts for more than heredity. Nature is ever striving to eradicate in the children the weaknesses of the parents—if she is only given a chance. If the sins of the father are visited upon the child it is largely because the one grows to maturity in the same surroundings as the other. Ninety-nine per cent of children taken from the slums sufficiently early and given a chance for a decent healthy development under proper physical, mental and moral conditions, grow into valuable citizens. This is history.—Toronto News.

A New Phase.

The troubles created by the Turkish war may not be ended yet, even if Montenegro and Servia have ceased to besiege Scutari. Greek troops are being moved to defend Salonik against a possible Bulgarian attack, and the great powers are dividing as to whether Greece or Bulgaria should possess the ancient city. The war may only have given the Balkan question a new phase.—Montreal Gazette.

This Day in Canadian History

This is the eighty-sixth birthday of the now populous city of Guelph, for on a dismal, wet "St. Georges day" in 1827, John Galt, the Scottish novelist, who was then commissioner of the Canada company, and another noted Scotchman, Dr. Dunlop, walked through the forest to the site of the future "Royal City". The distance is about 13 miles, but the two Scotchmen lengthened their journey by losing their way in the woods; however, in due time they arrived at the appointed spot, where men with axes were awaiting them, and Galt with befitting solemnity struck the first blow on a great maple which was to be the centre or "radiant point" of the new settlement. Afterwards the doctor produced a flask of whiskey (nothing it seemed could be done in those days without it!) and they drank prosperity to the "City of Guelph"— a name chosen by Galt in compliment to the royal family, because he thought it "auspicious in itself" and "could not recollect that it had ever been used in all the King's domains". Later the stump of the maple was nicely dressed, and upon it was placed a sundial which long served as the town clock.

What Salt Do You Use?

Few of us realize how much salt we eat. Food without Salt would not keep us alive—in fact we would quickly starve to death on food that contained no salt. The fact that we put salt on all meats and vegetables—in bread, cake and pastry—soups and sauces—butter and cheese—goes to show the importance of using an absolutely pure Salt.

Salt in its natural state is impure. By our method of treating brine, and by evaporation, we are able to remove this impurity, the most dangerous ingredients being gypsum, sulphite of lime or plaster of paris.

WINDSOR SALT

is made in the most modern Plant in America, equipped with the latest special machinery for refining to the highest degree of Purity. There's nothing in it but salt—just PURE CLEAN SALT.

Ask any grocer for his best salt, and he will give you WINDSOR SALT every time, not because it costs more—it does not—but because the grocer knows that Windsor Salt pleases his customers. It is the standby in all Canadian Homes.

REGAL FREE RUNNING SALT

Always Dry—Always Free Running

Canada's leading table salt put up in an air-tight, germ-proof paraffin-coated pure wood fibre carton. This carton is the most sanitary on the market, protects the salt from dust, dirt, moisture, and odors which contaminate bag salt and which any exposed salt will absorb. The salt is the finest grain of the famous WINDSOR SALT with a small percentage of carbonate magnesium to make it free running and dry at all seasons of the year.

THE CANADIAN SALT CO., LIMITED

WINDSOR, Ontario.

The Weather

(By Daily News Leased Wire.)

TORONTO, April 22.—Pressure is high over the Atlantic and Pacific coasts, while a trough of low pressure extends from Manitoba southward. A few light showers have occurred today in Ontario and also in Alberta, but elsewhere in Canada the weather has been fair. It has been milder from the lake region eastward, but cooler in the west

ANNUAL MEETING OF HOSPITAL ASSOCIATION

(Special to The Daily News.)

INVERMERE, B. C., April 22.—The annual meeting of the Windermere District Hospital association was held this week at Athalmer, when the business affairs of the past year were gone into and the officers for the year 1913 were elected. A net set of officers and directors was elected, and promises extracted that the good work would be pushed. The treasurer's report showed a sum of some eleven hundred and odd dollars standing to the credit of the building fund. The funds received for maintenance of the hospital netted some $2,000, while the sums received for annual fees to the association had all been spent in the operation of the society. There are no liabilities. It is the intention to actively push for the collection of more funds for the erection of the new building, and the directors were instructed to get out a new set of plans, call for tenders and go ahead with the work. The officers and directors for the ensuing year as elected are: Harold E. Forster, M.P.P., hon. president; R. Randolph Bruce, C.E., F.R.G.S., president; Frank Richardson, vice-president; George Allan Bennett, C.E., secretary-treasurer. The following were elected as directors: Messrs. J. E. Cornwall, G. F. Stalker, Capt. I. H. G. White, J. C. Pitts, D. P. Hanington, M.D.; Basil G. Hamilton, Alfred Mitchell, Irving C. Weld, George A. Starke and Capt. F. B. Young.

ELKO NOTES

By Fred Roo.

ELKO, B. C., April 22.—Charles Leys made his first appearance in Elko on Saturday sitting on the ridge pole of a wild cayuse, Tod Sloan fashion, that is, he had his knees stuck up so high he could rest his face on them and allow his hands to hang down. Charlie hails form Galloway, a west subdivision of Elko, where he teaches the young to grow up grammarians if nothing else.

J. B. Gottstein drifted in from Vancouver where he said they were having considerable rain. There were signs of moss growing on his hard-boiled hat. He was peddling clabber, milk and other kinds of axle grease.

Harry Abrains of Nelson, the leather lunged Prince of Aromurs, who tells how to take a piece of his bacon and cook it so that it would top the banquet line ever held in the Hume hotel, was in Elko this week.

There was no truth in the statement that a party of suffragettes had arrived in Elko.

Quite a little commotion was caused when word was passed round that the Duke of York had arrived travelling incog., but in looking into the matter it was a fellow called "York" who sells carpet tacks, grindstones, barb wire and matchless automatic fire kindlers, from Calgary, and who busted into tears when he heard of the result of the elections.

Finley Robson, one of the most popular travellers on the road, is looking for a site to build.

Sil Bradley will soon be quitting the road to wiggle round the strawberry patches around Creston.

M. Gorman, Elko's human ferret, left for Spokane to bring back Messrs. Fleecer, Soakem and Grabalk.

Mr. and Mrs. Webster of Winnipeg arrived in Elko and left by the pack train special for their land on the South Fork.

Mr. Woodacre of England passed through Elko on his way to beautiful Baynes with sufficient lumber to build himself a cabin.

A party of Fernie sightseers came down to Elko last Saturday to watch the coal company's surveyors blazing their assessment work.

Cranbrook men buy inside property at Elko.

Big Frank Hawthorne of Nelson was an Elko visitor this week. He also visited Waldo.

Joe Stephens of Morrissey was visiting Elko friends this week.

Mr. McIntyre arrived in Elko and will dispense the gospel from the pulpit of the Presbyterian church. This is not the fellow Ralph Connor wrote about. The Ladies Aid are making a ground floor proposition for McIntyre in the shape of a three-roomed bungalow on Gospel hill.

A college professor from one of the Eastern colleges arrived in Elko and left for Tobacco Plains, where he will spend three months chasing humming birds, butterflies and chicken hawks. A merchant of Elko sold him a pair of snowshoes so he could speed across the alfalfa meadows without getting his feet wet.

The Elko board of trade will meet on Tuesday night to arrange a date for the big celebration.

Mr. and Mrs. Stone Calf drove in from Tobacco Plains in the covered buggy accompanied by Miss Amelia Son-of-a-Gun. Both ladies are as popular as a pink fashion sheet. While Stone Calf has blue blood, he is a little short of the long green at this season of the year.

Several collar button drummers visited Elko for the first time and their actions would qualify them for a position in a pain killer almanac.

Dr. Rutledge, famous around Cranbrook, was in Elko this week. Doc's knowledge of horses would make him a fortune on the track.

Mr. Whitney of Calgary, with specialties such as stem winding mouse traps, patent clothes wringers, mop sticks and self-acting clothesiines, was in Elko last week.

Alexander Birine's automobile party left for Cranbrook on Tuesday.

The government are building a large addition to the court house and putting in new steel cells for the accommodation of the prisoners who escape from Fernie.

If you see a man with a couple of gold bricks and a roll of blank stock certificates notify M. Gorman, Elko.

The people of Fernie are laying in a supply of coal in anticipation of the long hard winter between now and the Fourth of July.

McIntoch of Cranbrook was in Elko on Sunday looking as if he had a load on his mind as big as a hay stack. Dave Spiers, another Cranbrook capitalist with a smile the width of a saddle blanket sees golden opportunities for Elko.

Murdock McKay, the champion road builder of British Columbia, and party of civil engineers are putting the finishing touches to the boulevards and river drives around the old historic burg.

C. E. Ayre, the South Kootenay manager for the North Star Lumber company, left Elko for Spokane and other portions in the land of the cast iron dollar and wooden nutmegs. The mill expects to start operations some time this week.

We are pleased to say that business is ripping and that it pays to advertise.

USE ABSORBINE, JR. LIN.

Goitre, Swollen Glands, Cysts, Varicose Veins, Varicosities anywhere. Allays pain and takes out inflammation promptly. A safe, healing, soothing, antiseptic. BRILLIANT SPEECHES IN CLOSURE DEBATE

(continued from page one.)

under the new rules a motion for adjournment would not be debatable and that debate would only be permissible on the limited list of motions specified in the motion, Sir Wilfrid drew attention to the case in 1906 when Hon. George E. Foster had taken action in the house against a newspaper man for comments made of him. The motion was made that the house proceed to the order of the day. That motion, if carried, would have prevented the *continuation of Mr. Foster's case and* under the closure now proposed by the premier not a word of debate would have been permissible on the motion. The rules proposed, he said, would make of parliamentary government an illusion and a snare. For the purpose of gagging the minority the government would set aside all the rules which have come down from the mother country.

Taking up the section of the resolution which would give a minister the right to prevent the postponement of consideration of any question and the ending of debate at a specified hour, Sir Wilfrid said that this provision contemplated closure on a question before the house or when the house is in committee of the whole or of supply or of ways and means. He complained that the wording of the section was not candid.

In conclusion, Sir Wilfrid strongly criticized the provision of the resolution by which the opportunity for amendments to go into supply may be taken away. This provision, he said, would take away from their subjects one of the most valuable privileges they have enjoyed ever since parliamentary government was established. There was nothing more sane or salutary than the long-established rule that when a government asks for money the representatives of the people should have the right to present grievances. The proposed rule would take away this right.

Premier Explains Rules.

Premier Borden, following Sir Wilfrid Laurier, declared that the leader of the opposition had allowed suspicion to run away with his judgment. He then proceeded to take up the new rules clause by clause. In connection with the objection of Sir Wilfrid that motions to adjourn the house would, under the new rules, be non-debatable, he declared that this was not so. There was one rule at the present time which provided for all sorts of dilatory motions in this regard. There was another which provided for the discussion of questions of extreme urgency. The first allowed an absolutely unlimited right to adjourn. The purpose of the new rules was to leave the second rule as it is today.

Offers English Rules.

Mr. Borden referred to the contention of Sir Wilfrid Laurier that the closure rules proposed killed the right of free speech altogether. He declared that if the opposition desired to have the English rule substituted he would be glad to do it. He approved of the force of the argument that the question of enforcing the rules be placed in the hands of the speaker and not of the government. Conditions, however, were different here from in the old land. The speakership in England was further removed from the political arena than it was in Canada. He considered it better, therefore, that the duty of enforcing the rules should be imposed upon the government.

W. M. German asked whether the rules could not be enforced unreasonably by any minister if he desired to move that the debate should be closed.

"It is possible," said Mr. Borden, "but it is quite as possible in Great Britain. I desire to say that so long as we are in power those rules will be used reasonably."

"If anyone were in the house but yourself," asked Mr. Macdonald, "what could his honor, the speaker, do if a minister desired to restrict debate unreasonably?"

"I do not propose to claim any monopoly of sweet reasonableness," replied the premier. "I can count upon my colleagues being as reasonable as I."

Utmost Freedom Allowed.

The prime minister stated that the new rules did not propose to restrict motions of censure on members of the government. It would be futile, stupid and useless for the government to refuse if any member desired to make such a motion. In closing, the premier declared that the new rules, while allowing the utmost freedom of debate, would expedite the business of the house. The government had been taunted with incapacity to put through any measure without the consent of the minority. Honorable members of the opposition talked of gagging. If there had been any gagging it had been the gagging of the majority, who had been prevented by the long speaking of the opposition from voting upon legislation which was for the good of the country. "We have been openly defied and taunted with our inability," declared the premier. "The time has at last arrived when such amendments must be made to the rules as will enable the business of the country to be carried on."

Hugh Guthrie replied to the premier. He said that the only desire of Sir Wilfrid was to get some interpretation of the scope of the new rules. The premier had not only not made it clear, but he had muddled the situation. "I see the premier smile," added Mr. Guthrie. "I realize I have touched a tender spot and that he is in a position he is not proud of, but rather ashamed of. He was put in that position through being dominated by a man known as the Manitoba Wonder."

Mr. Guthrie said there was also much apprehension as to the real meaning of the amendment and that it was for this reason they were urging the appointment of a committee to take up with the speaker the revision of the rules.

In closing, he urged that the rules be submitted to a committee and said that the premier had taken a position that was wrong in principle and worse in practice.

Minister of Finance.

At the outset of his speech in continuing the debate, Hon. W. T. White quoted a statement made in 1908 by Hon. W. S. Fielding to the effect that the rights exercised in the house must be prescribed by the majority.

"Does the minister agree with that?" asked Mr. Guthrie.

"I will come to that in due time," replied Mr. White, "but in the meantime does the honorable gentleman himself agree with it? Did he disagree with Mr. Fielding when that gentleman spoke as he did in 1908?"

Continuing, Mr. White declared that in view of what had been said in the present debate by members of the opposition Mr. Fielding was a veritable Daniel come to judgment. Mr. Guthrie, he went on, had declared that in the speech which he had just concluded he dealt with extreme cases. He certainly had dealt with extreme cases or rather with impossible cases. He had conjured up bogeys and was evidently in need of a sedative to quiet his mind. He had held that under the proposed rules a government could destroy the credit of Canadian banks in a couple of days and could cripple the railways of the country. Did anyone suppose that any Canadian government would go to an extreme such as that?

"There have been some men in this house, like the member for Pictou," said Mr. White, "who have been telling us that they are getting communications from the country about this thing. The member for Pictou says he has received communications from the business interests, though I doubt very much if the business interests have made him their confidant, for the business interests of the country are quite aware of *what is going on* in this house. Nor are the people blind. Hansard shows who obstructed, while there will be a majority of 40 in this house ready to put the measure into effect at once."

Hon. J. Bureau, Three Rivers—A majority in the house, but a minority in the country.

Mr. White—If my friend has been taking a trip into the higher mathematics I can't accompany him there, but I will tell him that this government has a majority of the people of this Dominion solidly behind it and will have that majority behind it for years to come. The business of this house has been delayed since last December. Make no mistake about it; we won't let you get away from it and the country won't let you get away from it.

Mr. White, resuming after the dinner recess, spent considerable time reviewing the happenings of the day on which the closure resolution was introduced. He declared there has been no *intention of insulting the leader of the* opposition. Honorable members on the other side knew in their hearts that the constitutional rights of the leader of the opposition had not been taken away from him.

Mr. Bureau—We know they were. If they were not, why are you making apologies for it?

Mr. White declared that Hon. William Pugsley moved the adjournment and was responsible for the fact that Sir Wilfrid was not immediately accorded the right to speak. He declared that the necessity of modern conditions made closure necessary. The rules of the house were not made to be worshipped. They were subordinate, not principal, and when it was found that they were inadequate they must be revised. He believed that the measure would be one of the most popular measures ever gone through parliament.

Mr. Graham—Like the budget speech.

Mr. White concluded by stating that no one could have been fairer than the premier and stated that the fears of the opposition that they would be deprived of the rights of free speech were unfounded.

Hon. G. P. Graham stated that the navy bill and the closure had been given paramount importance by the government. Their parliamentary program, like their navy program, was "stern first," while every man on that side was at white heat for a Canadian navy. They wanted to build the big ships first and the small ships afterwards. *In their parliamentary program* they informed the house that until the navy bill has been passed they would not allow any of the business of the country to go through.

Mr. Meighen of Portage La Prairie noted that the grounds of attack originally assumed by the opposition were being abandoned. He pointed out that the assertion made in the debate and by Mr. Carvell that the invariable practice in Britain and in Canada had been to revise the rules by reference to a committee was incorrect, as on several occasions revision had been made by the British house without any reference to a committee. He cited such cases in 1833, 1856, 1878 and other times in the early 80s, and said what had been done in the British house could be done here. Moreover, there were similar instances in Canadian parliamentary annals, one of which was in 1868, when, under Sir George Etienne Carter, rule 22 was amended without reference to a committee. Mr. Meighen showed that in England there was no right to move adjournment except on a matter of public importance and parliament could not revert to the *main motion*, which was being done at present.

No Hardship.

Mr. Meighen reviewed the amendments to the rules to show that there was no hardship on the minority, and pointed out that there could be debate on four stages of every bill. By the English rules, on the other hand, every word of debate could be eliminated. He pointed out, in reply to a denial from Hon. George P. Graham, that he had ever favored closure, that speaking in Port Hope in September, 1911, the ex-minister had stated that he was in favor of amending the rules if it were done in the proper way.

Mr. Meighen pointed out that by extreme exercise of the rules all debate could now be shut out by moving the previous question. This was possible by a weapon forged by the leader of the opposition.

Mr. Meighen quoted the various statements of the cabinet ministers of the old government on closure and drew a picture of an imaginary cabinet discussing the subject. In the last session of the British house, he said, there had been 108 applications of closure. He had not heard that there was "revolution" or "mob rule" there, or that "free speech was smothered". There was nothing made possible under these rules that was not possible under the British rules, and the latter went much further.

The debate was continued by several French members and the house adjourned at 1 o'clock. The closure debate will again be the business tomorrow on Hon. Robert Rogers' announcement.

"I ATTRIBUTE MY CURE SOLELY

And Entirely To Taking "Fruit-a-tives"

HULL, QUE., DEC. 24th, 1909

"For the past twelve years, I had painful attacks of Dyspepsia. I could not digest my food and everything caused the most agonizing pain in my stomach. I also had a fearful attack of Constipation and at times, I had no movement of the bowels for two weeks.

Three doctors attended me for two years and gave me all kinds of medicine but did me no good. My weight came to only 80 pounds and everyone thought I was going to die. Finally, I had the good fortune to try "Fruit-a-tives" and as soon as I began to take them, I felt better. I persisted in the treatment and to my great joy, I steadily improved.

Now I feel very well, weigh 115 pounds, and this is more than I ever weighed even before my illness.

I attribute my cure solely and entirely to "Fruit-a-tives" and can never praise them too much for saving my life. To all who suffer from Dyspepsia and Constipation, I recommend "Fruit-a-tives" as a miraculous remedy"

MRS. ANDREW STAFFORD.

50c a box, 6 for $2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

COPPER SHARES HIGHER MONEY IN GOOD SUPPLY

(By Daily News Leased Wire.)

LONDON, April 22.—Money was in good supply and discount rates were firmer today. Despite the settlement in the mining section of the market speculation for the new account was good. Mexican rails, Kaffirs and copper shares were generally higher, the latter on favorable reports. Home rails were supported by investors and Consols hardened a fraction but foreign bonds were dull owing to new issues. Indian stocks closed lower under the influence of an Indian railway loan of $12,500,000. American securities opened steady and a fraction higher. An upward movement followed, with C.P.R. leading the advance, but New York selling caused the list to recede in the afternoon. Covering hardened prices again later and the market closed steady.

MONTREAL MARKET LISTLESS

(By Daily News Leased Wire.)

MONTREAL, April 22.—The local stock market showed a further tendency toward listlessness today with what trend there was to prices in a slightly downward fashion. Even C.P.R. with a range only of ½ a point in the late trading and little more than in New York, failed to furnish a feature of interest. Power was similarly lifeless holding at 229 throughout the day. Both leaders closed virtually unchanged. On actual transactions C.P.R. showed a gain of ¼, but the closing bid at 244¼ was shaded ¼ point below Monday. Power was offered at 229½ as compared with 229¾ the previous day, but the closing bid was the same at 229. The rest of the list exhibited much the same dullness. Toronto Railway opened strong at 146½, an overnight gain of 2 points, and advanced a small fraction. On light trading it fell back to 145¾ in the afternoon and closed offered at 145½ with 145 bid, or virtually unchanged. Cottons, preferred, was fairly firm on its 2-point rise to 79 on Monday and held between that price and 75¾. The close, however, was offered at 78¾ with 78½ bid. Textile eased off ¼ to 88½. Cement was firm between 30 and 30½, closing unchanged at 30, while the preferred was up 1 point at 90. Detroit and Iron were on the heavy side, Iron declining ½ to 51 and closing at that price asked, while Detroit fell back 1¼ to 75½. On the surface the market appears to have settled back into a waiting mood with more attention again directed to New York. The inspiration to be derived from New York today was not encouraging; the London tone was rather neutral, and locally the money situation remained a depressing influence.

Business today was 5,002 shares, 300 mining and $13,800 bonds.

NEW YORK CHEERFUL STOCKS STILL ADVANCING

(By Daily News Leased Wire.)

NEW YORK, April 22.—The advance in stocks was begun yesterday and continued today but there seemed to be a disposition to take a more cheerful view of market conditions. The upward movement was of small dimensions, Union Pacific being the only one of the leaders *to gain as much as a point, but advances* were general and the market gave evidence of strength. The supply of stocks was normal, hardly meeting the demand for short covering. Around the noon hour, however, the list began to ease off and gradually the early gains melted away. In the last hour the tone became heavy, Southern Pacific leading in the decline. Net changes in most cases were insignificant. The change in the market apparently was due to the fact that the short interest had been reduced on the advance from yesterday with a consequent weakening of the technical position. Other considerations, however, played a part. The attack on the New Haven management during the interstate commerce commission hearings in Boston was responsible for selling that forced that stock below the low records established a few weeks ago. The stock sold down nearly 4 points to 110¾, the lowest figure for a quarter of a century. Bear traders attempted to make capital out of President Wilson's message to California, but Wall street refused to consider the Japanese question seriously as a stock market influence. The March report of B. & O., the first of the great trunk lines to present a statement since the floods interrupted traffic, showed severe losses from that cause. Trading in bonds decreased and the movement was unstable.

Total sales, par value, $1,840,000. United States bonds were unchanged on call.

GRAIN

CASH DEMAND GOOD FOR WHEAT IN WINNIPEG

(By Daily News Leased Wire.)

WINNIPEG, April 22.—Wheat prices were strong during the early hours and trading fairly active in options. Opening figures were ⅜c higher in Winnipeg for all months on the higher cables. Nearing the close there was a sharp reaction on predictions of rains over the United States winter wheat belt and easier American markets. Winnipeg opened ⅜c higher and closed ⅛@¼c lower for all months. Liverpool closed ½@¾d higher. Continental markets were higher. Paris closed ¾c lower to ⅛c higher; Berlin ½c higher; Budapest ¼c higher and Antwerp unchanged. Minneapolis opened ⅛@¼c higher and closed ⅜@⅝c lower. Chicago opened unchanged to higher and closed ⅛@⅜. The cash *demand for all grades of wheat was fair* with holders firm and exporters buying moderately. Cash prices for contract grades, ⅛@¼c lower.

Oats were stronger and advanced. Flax advanced sharply. July and October options were sold 2¼@2⅞c higher. Cash flax closed 1⅜@2⅛c higher.

Inspections on Monday were 308 cars and in sight on Tuesday were 250 cars.

Winnipeg wheat, close—May, 92¼c; July, 83½c; October, 89¼c.

Minneapolis, close—May, 87¼c; July, 90¼c; September, 90⅝c.

Chicago, close—May, 91⅜c; July, 91⅝c; September, 90½c.

Winnipeg oats, close—May, 35¼c; July, 36⅝c.

Pig Lead	8,183	10,561
Cutlery	8,356	7,856
Hardware	6,664	8,915

MINISTRY SOUGHT ADVERTISEMENTS

Socialist Organ Discloses War Ministers Connection With Illustrated German Weekly

(By Daily News Leased Wire.)

BERLIN, April 22.—"The minister of war has repeatedly emphasized in recent statements in the reichstag the strict correctness of all the transactions of the war ministry. We desire humbly to inquire whether he considers the edition of special advertising numbers of illustrated weeklies and the cadging for advertisements of his department as strictly correct?" Thus Vorwaerts, the Socialist organ, yesterday followed up its disclosures. The journal announces that the war ministry edited, assisted in the compilation of and invited advertisements of armaments firms for the military number of the Leipziger Illustrirte Zeitung, produced on April 10, at 60 cents a copy, with the express object of stirring up public feeling on behalf of the army bill.

Vorwaerts published an official memorandum issued by the war ministry to these firms urging them to advertise in the Illustrirte Zeitung. The circular admits that the number was being produced with the direct assistance of the war ministry and adds:

"With the object of making the issue as complete as possible it is desired that all firms connected with army supplies and national defence should take the opportunity of describing in the fullest form the development of their works and their present importance and capacity. The ministerial section of the war office is prepared to give any information required." The firms thus contributing to the number are required to pay *for the space they used at the advertising* rates. The publishers circular accompanying the war office memorandum points out that the number would be sure to "make a deep impression in Germany and create an enormous sensation abroad".

Dr. Liebknecht, the Socialist leader, returned to the attack yesterday in an article in Vorwaerts in which he says: "The machinations of the English war ministry are well known and it has just come to light that Italian merchants were not above selling arms to the Turkish enemy in the Tripoli war. Now Germany is to the front, but the scandals of the armor plate syndicate of the Dillingen works of the Deutsche Munitions-Und-Waffenfabrik, and the thrice blessed Krupp firm are only symptoms of a general cancer with which modern society in all countries is afflicted. "Patriots are clenching their fists, first of all, over the exposure of the Krupp's reptile fund. The Krupp's honor is Germany's honor. The Krupp's shame is Germany's shame, they say."

Dr. Liebknecht's article concluded with the statement that the hour was never more timely for coming to armaments agreements with both France and Great Britain.

SPLENDID ART COLLECTION GOES TO HAMMER

(By Daily News Leased Wire.)

LONDON, April 22.—The splendid art collection of Sir Lionel Phillips, who has decided to take up a permanent residence in South Africa, has been sent to Christie's auction rooms for sale. Sir Lionel who was created a baronet in 1912, has been interested in South African mines for many years. He is a member of the United Parliament of South Africa and of the firm of Messrs. Weinher, Bert & Co He was one of the four Uitlanders condemned to death for his connection with the Jamieson raid in 1896, but was released.

The pictures by old masters, the furniture, porcelains and tapestries, will be sold later on. Yesterday his collection of engravings was sold and realized about $80,000. The prices for old prints were very high.

Nelson, B. C.

SUBMIT TARIFF TO REFERENDUM

Proposal of Progressive Western Senators Will State Arguments Against Free Wool.

(By Daily News Leased Wire.)

WASHINGTON, April 22.—Democratic forces in charge of the tariff revision in the senate slightly yielded yesterday to the demand for hearings upon tariff schedules. In addition to the permission of all interested parties to file further statements with the finance committee, Senator Simmons today conceded to a group of western senators the right to appear and state their arguments against the free wool and free sugar provisions that have been agreed to by the Democrats of the house. A full meeting of the senate finance committee is to be held tomorrow, Republican senators then renewing their demand that a general open hearing be given. The attitude of the majority of the Democrats is against this, however, they claiming that such a course would delay the *tariff revision, and that no arguments* would be brought forth that have not already appeared in the hearings before the house committee or in the briefs filed with the committee. The tariff bill, as finally revised and approved by the caucus of Democrats, was introduced in the house today by Mr. Underwood, and referred to the committee. Representative Morris will appear with a favorable report from the Democrats on the committee and with a dissenting report from the Republicans, criticizing its rates and the method of revision followed by the Democrats. Mr. Hinebaugh of Illinois, a Progressive, introduced a bill declaring that inasmuch as the two minority bodies outnumbered the Democratic body in popular vote the tariff bill should be left to a referendum vote of the people of the United States.

ROYAL COLONIAL INSTITUTE PROSPERS

Progress and Expansion Marked — Visit of Secretary to Canada Productive of Excellent Results

(By Daily News Leased Wire.)

LONDON, April 22.—The report of the council of the royal colonial institute states that the year which has just closed has been a memorable one in the history of the institute and the council is able to congratulate the fellows on the fact that progress and expansion have been more marked than during any previous year. Membership has substantially increased and its work has been actively pursued in the continued endeavor to further the knowledge of empire affairs and to promote closer imperial unity. The council has great satisfaction in announcing that Field Marshal His Royal Highness the Duke of Connaught has been graciously pleased to become vice-patron of the institute and that the Right Hon. Earl Grey, one of the vice-presidents, has accepted the office of president. The council states that the recent mission of the secretary to Canada, which extended from the Atlantic to the Pacific, and included all the leading cities, was productive of a considerable addition to the Canadian fellowship, while interest in the institute and its work has been stimulated throughout the Dominion. The council records with much pleasure its appreciation of the manner in whicl Mr. Booze performed this important duty.

Twelve months ago a communication was sent to the fellows inviting opinion and suggestions upon different subjects. These are now under consideration and the council will in due course take such action as may after careful consideration be approved and authorized.

The accounts show a balance in hand of £1961.

RIG STRUCK BY TRAIN DRIVER IS DEAD

(By Daily News Leased Wire.)

SMITHS FALLS, Ont., April 22.—William O'Brien, 18 years old, died yesterday as a result of injuries sustained when a rig he was driving was struck by the Canadian Pacific railway express at the crossing two miles from town.

EGG DEALERS PLAN CHANGE

Would Abolish Case Count and Buy on Basis of Quality—Suggest Legislation.

That the system known as the "case count," which has prevailed in the egg trade for a number of years, provides no discrimination whatever, and that under it the producer, with no reflection on the hen, is not encouraged to market an article of high quality, was the decision come to in Montreal at a largely attended meeting of the egg trade of the provinces of Ontario and Quebec. The remedy for this state of affairs was suggested as taking the form of an Egg Marks act, similar to the act governing fruit. The formation of a new produce association was also proposed.

Determining means whereby consumers and merchants could be protected against the marketing of stale and rotten eggs was the primary object of the meeting. Under the present system when bad eggs are found in the cases there is no recourse for the dealer to take, and the opinion of the meeting was that the "case count"—where a flat rate is quoted, stale and bad eggs commanding just as high a price as those of the highest grade—is equivalent to placing a premium on careless and dilatory methods in the production and care of this product. Moreover, it was pointed out that the country storekeepers received no encouragement to market an article of high quality.

The opinion was unanimous that legislation should be secured to prevent the sale of such products and full approval was given to the proposal to adopt a new system whereby due discrimination should be made between good and bad eggs. The following resolutions were unanimously adopted:

Resolved: That it is the concensus of opinion of those assembled in this meeting that the greatest need of the Canadian egg trade at the present time is the passage by the federal parliament of an Egg Marks act, similar to the Fruit Marks act; such act to make unlawful the buying, selling or trading in rotten eggs and to include such other regulations as may be thought advisable to promote the best interests of all concerned.

Resolved: That the dealers assembled here unanimously approve of the proposal to change on June 1, 1913, from the present system of buying eggs to a system of buying only on the basis of quality, and further, we disapprove of paying for any rotten eggs in our receipts after that date.

Resolved: That the chairman appoint a committee to draft a constitution and to take steps in conjunction with the trade in other provinces to form an association to be known as the Canadian Produce association, with a view to bringing together the city and country wholesale produce dealers, and further, that a meeting be called in Toronto at an early date to give effect to this resolution.

DUCHESS MUCH IMPROVED WILL GO TO MILDER CLIMATE

(By Daily News Leased Wire.)

LONDON, April 22.—Her royal highness the Duchess of Connaught has made such excellent progress that bulletins have been discontinued. At an early date it is hoped to remove her to a milder climate.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by the Poole Drug company under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee. 3.

The ladies in charge of the afternoon tea and whist party this evening in the Catholic parish hall will have home cooking on sale, including home-made bread, cakes, cookies, jelly, pickles, preserves and home-made candy. A musical program is being arranged for the evening and the ladies look forward to seeing a large crowd present. 6-1

PAYS TRIBUTE TO LATE LADY THOMPSON

Of the late Lady Thompson, mother of Mrs. E. C. Wragge of Nelson, an eastern paper has the following to say:

The death of Lady Thompson at Toronto recalls one of the most pathetic incidents of Canadian history. From the death of Wolfe until the present day nothing more melancholy has occurred. Sir John Thompson, himself a distinguished figure as well as premier of his country, had but just paid his respects to his revered Queen at Windsor Castle when he was stricken with an almost instantaneous fatal illness. All the honors that could be paid to a great man were paid to him. The remains were brought to Canada in a majestic casket, covered by the Union Jack, in a warship then commanded by the subsequently Admiral Kingsmill, himself Canadian-born. Sir John was at once one of the ablest and largest-minded of the many eminent and brilliant men that his native province of Nova Scotia had produced. He was approachable to a degree, and was possessed of a beautiful benignness; but he could be stern enough at times, as those who had the misfortune to appear guilty before him as judge or to sit with him in parliament can tell. Withal, he was a man lofty in mien, in mind, in character. Lady Thompson, like her immensely lamented husband, was fashioned in gracious mould. After his death she removed from Ottawa to Toronto and there resided until the end, spending her days with her lovely daughters, in ministering to the ailing, in helping forward every good work brought to her notice, and as president of the council of women. Canada will never have to mourn any two more noble, even magnificent natures than she has had to do in the passing of Sir John and Lady Thompson.

New Kind of Toilet Cream

Rexall Camphorated Cold Cream has all the soothing, healing properties of camphor in combination with an elegant, dainty cold cream. Does not the very name suggest its healing, cooling, soothing properties?

We recommend it for skin irritation and tenderness and for softening, beautifying and purifying the skin. We know it will delight you. Deliciously fragrant, it is a toilet dainty that is sure to appeal to your most refined taste. Especially timely at this season of the year, to relieve the effects of cold and wind upon the skin. Users find it a most grateful application after the shave. Price, 25 cents. Sold in this community only at our store—The Rexall Store—The Poole Drug Company.

CANTATA PROVES GREAT SUCCESS

Large Crowd Enjoys Splendid Work of Strong Choir of Fifty Voices at Opera House.

The Nelson Male Voice choir is to be congratulated on the splendid concert which was given under its auspices last evening by a selected choir of mixed voices, numbering over 50 strong, ably assisted by the Nelson Symphony orchestra.

It is now a number of years since a concerted work has been submitted to a Nelson audience, and the choir is happy in having chosen such a universal favorite as J. Van Bree's "St. Cecilia's Day," which abounds in expression, shading and contrast.

Under the capable conductorship of F. Warner Smith the choir sang as one voice. The parts were well balanced. Special mention may be made of the altos who, although not so numerous as might have been desired, nevertheless did their part with a fullness and preciseness which reflected great credit on them. There was evidence of very high average musicianship among the members of the soprano section, while the quality and quantity of the timbre of the male portion left little to be desired.

The ensemble was extremely satisfying, the pianissimo movements being charming, while the fortissimo passages were thrilling.

Miss Madelon F. Thomson was the soloist for the cantata and acquitted herself admirably in the rather exacting role. Special mention may be made of her rendition of No. 4, "Recit and aria." This piece of music was entirely within the capabilities of this refined artiste, her precision and tone being of a very high and accomplished order.

No. 12, "Give Way to Pleasure," is equally divided between soloist and chorus. The way in which the sentences were taken up, echoed and re-echoed with perfect promptness and confidence, reflected much careful training at the hands of the conductor. The last chorus was the piece de resistance of the whole work and is of considerable difficulty. In this chorus the choir outshone all its earlier efforts. Attack, intonation and force were the passwords. The two closing numbers were sung in such magnificent style as to receive the vociferous applause of the audience and had to be repeated.

The whole performance was a finished example of careful training and proves the capabilities of the choir under the able conductorship of the leader, Mr. Warner Smith, who last night endorsed his position as a master of music.

In the second part of the program Miss Ruth Manhart sang two numbers, "The Light of Ages," by Bevan, and "Lullaby," by Vanual, in both of which her deep, rich contralto tones were heard to great advantage, showing careful registration and breath control.

R. Richards is a stranger to the audiences of Nelson and his magnificent, robust bass filled the hall in his singing of "Honor and Aenia" (Handel), and "The Inchcape Bell" (Hughes), to the great appreciation of his listeners. Both of these artistes were compelled to respond to encores.

Mrs. W. J. Astley acted as pianist and her playing exhibited great skill and technique, and with the Nelson Symphony orchestra played the accompaniments with sympathy. All of the orchestra displayed especial good taste in the handling of their various instruments.

It is expected that this enthusiastic body of musicians will continue their efforts along these most educational and pleasurable lines. Much of the success of the concert is due to the indefatigable efforts of the secretary of the choir, R. C. Teviotdale.

SUNDAY SCHOOL MONEY STOLEN

James Wilkie Charged With Theft—Thirty-one Dollars in Small Change Taken.

Charged with having stolen $31, proceeds of a Sunday school collection, from the residence of James Allen, Front street, James Wilkie was yesterday afternoon arrested by Chief of Police Devitt and Sergt. J. D. Wightman, and lodged in the lock-up. The money was in a shaving mug, which was also stolen.

Wilkie is alleged to have exchanged a large amount of small change for bills at the Grove hotel. He had about $15 when arrested.

FIREMEN WATCH BLAZE NO WATER AVAILABLE

(By Daily News Leased Wire.)

CALGARY, Alta., April 22.—Two frame dwellings in southwest Glengarry subdivision, at the corner of Eighteenth avenue and Twenty-eighth street west, were demolished by fire this morning while the firemen stood by powerless to do anything to check the flames, owing to lack of water.

EXTENSION OF TIME GRANTED

OTTAWA, April 22.—The British Columbia & White River Railway company was granted an extension of time for the building of its lines today by the railroad committee.

DR. LABAU, FORMERLY OF NELSON, NOW IN VICTORIA

Dr. LaBau, for many years a resident of Nelson, is now residing in Victoria. The following article regarding the popular doctor is from the Victoria Week:

Many are the ways of advertising, and many are the men who love to be advertised. Some of them render it easy for the press, because they advertise themselves. Such are they who carry wherever they go a liberal supply of photographs and autobiographical notices. As soon as they reach a new town they telephone from their hotel to all the newspapers suggesting that they have something of momentous import to convey. Then follows the inevitable interview, unless the reporter, realizing that he is stung, cuts it down to a paragraph and makes it a comment. As a rule the men best worth interviewing have to be sought out, and some of them, if not knowr to fame, at any rate in their new environment, enjoy the luxury of a rest and a holiday before the luckless reporter discovers by some side wind that the city has been entertaining an angel unawares. Once or twice within the last few years big men have passed through Victoria unrecognized whilst columns have been wasted on nobodies. There is today in Victoria one man whose name I have not once seen mentioned in either of the dailies; yet he has been in the city for at least a couple of months, and, as I believe, has finally decided to settle here. He has not been overlooked because he is too small to be seen, for he is as fine and portly a figure of a man as there is in Victoria, but he is simply unknown except to the small band of Kootenains, who are proud to grasp his hand and to hail him as a fellow well met. By and by Victoria will know more of him. I predict that in two years from now he will be in the very front rank of our medical practitioners and will be as personally popular and professionally famous as he was during his 15 years of residence in the Kootenay. In Dr. LaBau Victoria has secured one of the ablest and most competent surgeons in Western Canada.

Kensington is something you have been looking for. 5-2

PROTEST AGAINST ACCEPTANCE OF CABINET PORTFOLIO

(By Daily News Leased Wire.)

WINNIPEG, April 22.—The Free Press says this morning: "At a meeting of the executive officers of the Manitoba Federation of Catholic laymen from the parishes of Winnipeg and St. Boniface as well as eight Catholic priests from the parishes of Winnipeg, in St. Marys school last evening, a resolution was passed protesting against the acceptance of a portfolio in the Manitoba cabinet by Joseph Bernier, M.P.P., on account of the non-settlement of the school question, and declaring that Mr. Bernier's acceptance of the provincial secretaryship will be regarded as a direct violation of the principle for which the Catholic minority has been fighting for the past 20 years. Rev. Father Anzalone of the Sacred Heart church yesterday stated in church that it was the first time since 1890 that a Catholic had deemed it advisable to accept a portfolio in the provincial cabinet under the coercion that obtains in Manitoba regarding separate schools.

TWO STORES BURNED IN FIRE AT BEAVER

(By Daily News Leased Wire.)

BEAVER, Man., April 22.—A disastrous fire occurred here yesterday in which the general stores of R. H. McLeod and George West were completely razed to the ground. The fire was discovered by Mr. West before 6 o'clock. He was wakened by the smoke. The whole family barely escaped with their lives. The account books and cash went in the flames. The loss totals $35,000, part of which is covered by insurance.

NELSON NEWS OF THE DAY

George D. O'Neil of Ainsworth is at the Madden.

T. P. Murphy of Sheep Creek is at the Grand Central.

Mrs. H. E. Dill will receive today and not again this season.

William Gray of Salmo is among the guests at the Queens.

Percy Coles of Proctor was a visitor to Nelson yesterday.

C. E. Williams of Fort Wayne, Texas, is at the Strathcona.

Mrs. A. D. Wheeler of Ainsworth is a guest at the Strathcona.

Mrs. J. M. Barrett will not receive today nor again this season.

Lorne McCandlish arrived in the city on Monday evening from Calgary.

John T. Black, chief provincial constable, spent yesterday at Creston.

A. T. Garland of Kaslo is a visitor to the city and is staying at the Hume.

Mrs. S. McConnon will leave on the Great Northern this morning for Spokane.

J. R. Martin, district forester, is visiting Proctor and is expected to return today.

Judge Forin will leave this morning for Rossland where he will hold county court.

The choir of the Baptist church will hold a special practice this evening at 8 o'clock.

F. B. Simmons of Rossland was a visitor to Nelson yesterday, registering at the Strathcona.

George T. Mathews of Salmo reached the city last night and is among the guests at the Tremont.

James Cronin, manager of the Standard mine at Silverton, came in last night and registered at the Hume.

George Ferguson returned last night from the Slocan district where he purchased a carload of horses.

The Churchmans club will hold a whist drive at the parish hall of St. Saviours church at 8 o'clock this evening.

Fred Irvine has been appointed by the Standard Furniture company to take charge of its carpet, rug and house furnishings department.

Peter Haydon, of the steamer Kokanee, is in the Kootenay Lake General hospital suffering from enteric fever. He is progressing satisfactorily.

The regular weekly meeting of Trinity Builders will be held this evening in the Methodist church. An address will be given by the president.

Mrs. A. M. Carnegie, Silica street, wishes to thank the many friends who have tendered their sympathy during her recent bereavement.

Miss Ratte, who is engaged in social service work for the Presbyterian church, will address a public meeting at St. Pauls church tonight at 8 o'clock.

J. V. Murphy, district passenger agent for the Canadian Pacific railway, will leave this morning for Vancouver. Mr. Murphy is expected back on Sunday evening next.

Invitations for the Sons of England St. Georges day dance, which will be held in Eagle hall this evening, may be obtained from J. Holland, R. J. Steel or A. C. Bennett.

The heavy wind on Monday blew down a portion of the fence at the rear of the provincial jail and a force of prisoners was yesterday engaged in making the necessary repairs.

Dr. M. A. McIntyre, who has until recently been associated with Dr. W. B. Steed, will leave on the Crow boat this morning for Edmonton where he will practice dentistry.

In the account of the funeral of the late A. Carnegie reported in Monday's paper, the names of Messrs. Clark and Fowler, of the Hudson's Bay company, were omitted from the list of pallbearers.

The marriage will take place this morning of Alphonse George Gelinas of this city to Miss Adela Sturgeon. The wedding ceremony will be performed at 5 o'clock and the bride and groom will then embark on the Crow boat for Spokane.

Committed for trial by Police Magistrate Hallett at Greenwood on a charge of having attempted to murder Helena Palmer, a foreigner named Steve Butorac *was brought in to the provincial jail last* night by John Simpson, chief of the Boundary provincial police district. Butorac slashed the woman with a knife. Chief Simpson, who was at the Hume last night, will leave for Greenwood this morning.

The funeral of the late Mrs. W. W. Harris, wife of W. W. Harris of this city, took place yesterday morning from the Church of Mary Immaculate, Rev. Father Althoff officiating. The funeral was largely attended by the friends of the deceased lady and the floral tributes *were numerous.* The pallbearers were: James Kayton, Edward Fee, Melville Mullally, James McDonnell, J. Bloom and E. J. Tranter.

ANAEMIC PEOPLE
Need More Iron in the Blood.
If you are anaemic, you need more iron in your blood, and the tell-tale symptoms are a pale face—colorless lips, ashen finger nails, poor circulation, and short breath, and more serious diseases are easily contracted when in this condition.
What Vinol did for Mrs. G. S. Manuel of San Antonio, Texas, it will do for every anaemic run-down person. She says: "I was weak and nervous and had general debility for about three years. My health was badly run down and my complexion became sallow and badly affected with pimples. While in this weakened condition I contracted pleurisy, which made it very hard for me. I am happy to say that Vinol has restored me to health again, and I *have no cough or soreness of the lungs* at all."
We ask every anaemic or run-down, weak person in this vicinity to try a bottle of Vinol with the understanding that their money will be returned if it does not do all we claim. Rutherford Drug Co.

Rossland News

(Special to The Daily News.)

ROSSLAND, B.C., April 22.—A dance will be given in the armory under the auspices of the Rossland Athletic association on Thursday, May 15.

E. Dingman of Nelson is a visitor in town.

Born, to Mr. and Mrs. T. Gilmore, on April 22, a son.

Born, to Mr. and Mrs. C. A. Rounds, at the Sisters' hospital, on April 21, a daughter.

Deboran Rebekah lodge No. 13 will hold an initiation on Thursday, May 1.

Rossland aerie No. 10, F.O.E., are giving a benefit smoker, to be held in Trail on Wednesday, April 28. A special train will leave here at 6:30 p.m. and tickets for the round trip will be $1. This is one of the most deserving cases that the aerie has been called upon to assist and it is hoped that all who can possibly go will turn out.

St. Andrews anniversary concert, held last night in the church hall was a decided success, although many were disappointed because several who were to have taken part were unable to do so on account of sickness. There was a large attendance and the evening proved an enjoyable one in every way. Rev. Mr. Sarkissian made an excellent chairman and the following program was given: Piano solo, Miss Grace Stewart, which won much applause; solo, Mr. Cox, with Sherman's quartett joining in the chorus was loudly applauded; solo, Miss C. Larson, was sweetly sung; Mrs. C. A. Bostock gave a reading which was well received; solo, by Mrs. E. S. Logie of Nelson was much enjoyed, and she was forced to respond to an encore; a selection by Sherman's quartette, consisting of Messrs. Sherman, Armstrong, Cox and Jones, was loudly applauded and they responded to an encore; solo, Mrs. C. A. Bostock, in costume, was well rendered; violin solo, Miss Gladys Stewart, *accompanied by Miss Grace* Stewart on the piano, was artistically given; solo by L. M. Roberts received hearty applause; solo, Mrs. Logie, who again responded to an encore; C. A. Bostock gave one of his comic selections in his excellent manner; selection by Sherman's orchestra, which was encored several times. Mrs. Logie then sang a Scotch song by request and gave much pleasure to her audience. After the singing of the National anthem refreshments *were served and a pleasant social time* spent. A vote of thanks was given those who had so kindly helped with the entertainment.

Mr. and Mrs. Gordon of Vancouver are in the city visiting their daughter, Mrs. T. Gilmore.

Miss Ratte will address a public meeting on Friday evening in St. Andrews church on "Preventive Work". After the meeting she will give a short address to women only.

You can't make a mistake in Kensington. 5-2

NO PERMITS NEEDED ON CLEAN-UP DAY

Regulations Will Be Suspended to Encourage Citizens to Destroy Rubbish. Announces Mayor.

No permits will be needed by those who wish to burn rubbish in the city limits on Arbor day, announced Mayor Keefe last night. He has formally declared April 30 as the day for the big annual cleaning up of the city.

It is in order to encourage citizens to destroy the rubbish which happens to be around their houses and on adjoining lanes and vacant lots that the regulation which calls for the securing of a permit from the fire chief to light a fire in the city limits for such a purpose is being suspended.

OUTGOING BOATS HELD IN CHECK BY ICE BARRIER

(By Daily News Leased Wire.)

SAULT STE. MARIE, Mich., April 22.—Assisted by the slight moving of the ice outside Whitefish Point, the downbound fleet of 50 boats were able to move to a position about opposite the point where the ice barrier defied the efforts of the ice crusher, and they were unable to move further. At 5 o'clock this evening the upbound steamers had not yet been sighted from the lighthouse which commands a view of Lake Superior and Whitefish bay for a distance of 20 to 30 miles.

COMPLAINT AGAINST RAILWAYS DISMISSED.

(By Daily News Leased Wire.)

OTTAWA, April 22.—The board of railway commissioners has dismissed the complaint made against the Grand Trunk and Canadian Pacific railways, together with their connecting water *carriers, the Northern Navigation* company and the Dominion Transportation company, of discriminating against Blind River and other towns on the north shore of Lake Superior in favor of Sault Ste. Marie in the matter of freight rates on bar iron shipped by the carload from London, Ont.

WILL START WORK ON TERMINALS AT LE PAS

(By Daily News Leased Wire.)

LE PAS, Man., April 22.—Chief Engineer Armstrong of the Hudson Bay railway has received definite instructions to start work as early as possible on the terminals on the south site recently purchased by the department of railways from the department of Indian affairs. When all the ground bought and otherwise secured has been utilized by the repair shops, roundhouse, depot and 40 tracks over 650 acres will be employed.

PUBLIC MARKET TO BECOME PUBLIC SWIMMING BATH

CALGARY, Alta., April 22.—The public market, which has been a white elephant since its erection, will probably be converted into a public swimming bath.

Thursday's News will tell you the tale of Kensington. 5-2

In Our Windows You See the World of Fashion
They Present for Your Approval the Creative Genius of Canada's Greatest Tailors
Our windows are Fashion's mirrors. They reflect, from day to day, the newest and most approved styles—the most effective patterns—the most wanted fabrics.
In our windows—as in the Wardrobe itself—you see Fit-Reform Spring Suits and Overcoats as they really are—the handsomest and best made, hand-tailored garments in Canada today.
But don't let your investigation of the merits of Fit-Reform end with your inspection of our windows.
Come in—look around—examine garments—compare Fit-Reform with what you have on. We cordially welcome your visits. It is a pleasure to show Fit-Reform styles.
