SENTENCES ON STRIKE RIOTERS

Wives Hysterical When Husbands Sent to Jail

TWO YEARS FOR UNION OFFICIALS

Prison Sentences and Fines Inflicted by Judge Howey.

VANCOUVER, B. C., Oct. 23.—Judge Howey today passed sentence on more than two score Nanaimo rioters. The maximum sentence was two years. Many union officers will spend the next year in jail.

In connection with the coal miners' strike on Vancouver island, it was reported today that the international headquarters of the United Mine Workers of America have order Frank K. Farringdon, an American lawyer unionist, who came to British Columbia and handled the official end of the strike, to stop the strike and have the men return to work. It is said that Farringdon has tried to stop it, but failed. Some of the mines have reopened with non-union laborers and the situation among the men is very bitter.

Wives Hysterical.

At Nanaimo the little courtroom was crowded with the wives and children of the prisoners who were coming up for sentence, long before the hour of opening. The miners marched into court under guard of special police and took their place in the jury box and on chairs provided for them in the court. When his honor commenced to pass upon the men who stood up in answer to their names, women and children in the gallery commenced to cry softly and several wives became hysterical when their husbands were committed to jail. Women had been hoping that in spite of the fact that the majority of the prisoners pleaded guilty, they would be allowed off on suspended sentence.

Imprisonment and Fines.

Three men and two boys were sentenced to serve two years in the penitentiary, 23 were given imprisonment for one year and were fined $100 each, and 11 were sent to jail for three months and will have to pay a fine of $50 each, all sentences dating from the time of arrest. This means that those sentenced to serve three months will be liberated in about 30 days.

Union Officials.

Those sentenced to serve two years were: J. J. Taylor, vice-president of the British Columbia Federation of Labor and vice-president of the Ladysmith local of the United Mine Workers of America; Samuel Guthrie, president of the Ladysmith union; Paul Deconink, a leader, and two boys, John Morgan, son of a prominent mine foreman, who was also given a jail term, and William Simpson jr., son of a mine contractor. Taylor and Guthrie pleaded guilty to having taken part in the disturbances and gave as their excuse that they headed the procession of the union miners which led to disturbing the peace.

Taylor is the father of a large family of small children, while Guthrie was married only a few days before the time of his arrest and was a political leader among the Finlanders John Allsopp, J. H. Armstrong, Carl Axelson, E. F. Saugman, W. M. Bawl, George Bauld, George Baumgartner, Sam Brightman, James Colley, Robert Cossar, Peter Galvska, H. C. Langdon, Duncan McKenzie, secretary of the Ladysmith union; Joseph Mairs jr., James Marshall, Charles Mortimer, Steve Merus, Steve Puvanich, George Porterv William Stackhouse, formerly a lieutenant in the United States army and a prominent business man of Ladysmith; Martin Steger, James Wallace, Robert Walkinshaw and Charles Yagle were sentenced to one year in jail and $100 fine.

Bauld served last year on the Ladysmith city council, and had for years been closely identified with public movements. He declared in his defence that he had not been out of the house at the time he was accused of having taken part in the disturbances.

Robert Cossar has been a prominent figure in athletic circles in British Columbia for years and prior to his coming to Vancouver had taken part in two international football matches between Scotland and England.

Stackhouse, who was engaged in business at Ladysmith, lost his bank in the United States army some years ago and later rejoined under a different name deserting from Fort Baynes about six years ago. He is a naturalized Canadian.

Henry Dyer, John Fisher, Ernest Jones, Alvar Kotilla, Richard Morgan, a candidate for the mayoralty at Ladysmith this year; William Patterson, William Sterling, John Scott, Henry Taylor, Richmond W. Hiskes and Andrew Williams are those sentenced to serve three months and to pay $100. Of those sentenced for participating in the riots, George Pettigrew, international board member and organizer of the United Mine Workers of America, and Walter Nelson, a miner, were found guilty of intimidating John Weeks, a mine boss, and were sentenced to serve two months in jail.

MYSTERY OF LONG LOST SHIP SOLVED

Disappeared Six Years Ago—Found Fast in Ice Off Coast of Siberia.

(By Daily News Leased Wire.)

SEATTLE, Wash., Oct. 23.—The steamer Centennial, which left Muroran, Japan, six years ago for San Francisco, with a cargo of sulphur, and was never heard from, is reported fast in the ice off Saghalen island, near Siberia. A Russia expedition, bound through the Okhosk sea, discovered the missing vessel with lifeboats gone, the name partly obliterated and her iron work corroded. There was no sign of a human being on the ship. Capt. Ehebert, who piloted the Russian expedition that found the Centennial, told A. Griffin, an engineer of the Philippine coast guard, of his discovery and Griffin repeated the story here at the headquarters of the Marine Engineers' Beneficial association. Ehebert has been asked for further details. The Centennial was first named the Delta, then the Takashaga Maru. Under her last title, the Centennial, she became an Alaskan gold ship, afterward a government transport and at last passed into the hands of the Charles Nelson company of San Francisco, her owners at the time she disappeared.

WANT SHARE IN CHINESE HEAD TAX

Eastern Delegates to Provincial Conference May Ask Change in Distribution of Receipts

OTTAWA, Ont., Oct. 23.—It is stated here that one of the questions which will be discussed next week at the interprovincial conference of premiers will be the matter of disposal of the monies collected by the Dominion in Chinese head tax, the bulk of which is now reaped by British Columbia. Regarding the matter the Ottawa Citizen tonight says:

"In connection with the insistent claim of British Columbia in respect of federal subsidies, it is pointed out that that province now has an exceptional source of revenue by reason of its geological situation. Last year it got $1,000,000 from head taxes imposed by the Dominion government on Chinese immigrants. The tax is $500 and half of this goes to the Dominion and half to the province of entry. It so happens that all, or practically all, the Chinamen land at Victoria or Vancouver. The Dominion collects the tax and remits half of it to the province. British Columbia secures this revenue regardless of whether the Celestials remain there or go to other provinces to reside. The matter may possibly be a subject for discussion at the forthcoming interprovincial conference as there is the appearance of irregularity about the situation. It is suggested that the province of destination rather than that of entry should be the governing factor.

SUFFRAGETTES SOON TRIUMPHANT

Chancellor of Exchequer Believes That Woman Suffrage Bill Will Soon Become Law.

(By Daily News Leased Wire.)

SWINDON, Eng., Oct. 23.—Chancellor of the Exchequer Lloyd George believes that a measure giving the parliamentary suffrage to women in the British isles will become a law within a short time, but not in the life of the present parliament. He said this today in reply to questions put to him by a deputation from a number of suffrage societies.

"But I want to say," he added, "that the militant tactics adopted by a section of the women have converted many people to something like bitter hostility."

Sports Pavilion Burned.

LONDON, Oct. 23.—An "arson" squad of militant suffragettes today set fire to and destroyed the sports pavilion of Bristol university. The left the usual tell-tale suffragette literature scattered about the grounds.

The public prosecutor decided today that he would not proceed against "Gen." Mrs. Flora Drummond, who was taken ill in jail while proceedings were in progress against her for infringement of the malicious damage to property act. She underwent an operation and since has been ill continuously.

"They are winning state after state in the United States," the chancellor of the exchequer said, "and it is very significant that Mrs. Pankhurst had to give a pledge that there would be no militancy there—not even preached. That shows that in a country where women have won the vote it has been achieved by peaceful methods."

VICTORIAN ORDER GIVES DINNER AT KASLO

(Special to The Daily News.)

KASLO, B. C., Oct. 23.—The ladies of the Victorian Order will give a dinner at Miss McKenzie's parlor on Front street on Friday, the proceeds going to the hospital.

The pupils of the high school have been offered the chance to cut the wood they expect to burn this winter in the school room, and have accepted the offer. Boys and girls may be seen any morning working with a hearty zest, and they have two cords cut and piled. The city will allow them $1.75 per cord for cutting and piling, and this money will be invested in magazines for the high school reading room.

The following became British subjects this week, certificates being issued out of the county court of West Kootenay at Kaslo: Henry Denoreaz and Charles Beguin of Switzerland, J. R. Brandon of the United States, Carl L. Lind of Sweden, George Pappas of Greece, George Pacwa of Norway.

FIGHT FOR LIFE IN WHIRLPOOL

Moving Picture Actor's Hair-raising Experience

DRIFTING WOOD CLOGS PROPELLOR

Swims to Boat With Lifeline--Snatched from Jaws of Death.

(By Daily News Leased Wire.)

NIAGARA FALLS, Oct. 23.—Over four hours in the grasp of the whirlpool in a small motor boat, Peter W. Langaard of Detroit was rescued at 8 o'clock tonight more dead than alive. He was taken to a hotel on the Canadian side, where it was said he would be alright in 24 hours, although his nerves were badly shattered by the ordeal which he passed.

Langaard made the trip through the whirlpool rapids from the Maid of the Mists landing on the Canadian side of the whirlpool to furnish a subject for a moving picture film.

The trip had been made several times before without mishap. Langaard navigated the rapids safely, but when he swung into the whirlpool, driftwood clogged the propeller of his boat and he was powerless to bring his craft out of the centre of the vortex. For nearly three hours he endeavored to clear the propellers by leaning over the stern of the boat, but the driftwood was so rigidly jammed between the flanges and the hull that he could not remove it and the careening of the boat when it was sucked into the very centre of the whirlpool made it necessary for him to devote nearly all his efforts to keep it from overturning.

Time after time the prow of the little craft was sucked down into the whirling waters and the stern was lifted high in the air. To the hundreds that lined both sides at dusk it seemed that Langaard must lose in the end. When the boat upturned he would lean out over the stern and by balancing would swing it out into a narrow circle outside the heaviest points of suction only to be swung back to the danger point a few minutes later. When darkness closed in over the gorge headlights were taken from trolley cars along the river and by their lights the crowds watched Langaard's fight for life. In the meantime the fire department from Niagara Falls, Ontario, had been summoned, and several unsuccessful efforts mere made by the firemen to send out a rope attached to a float.

Shortly before eight o'clock Fred Preston of Niagara Falls, Ontario, volunteered to swim out with a life line attached to his waist. Langaard by this time was exhausted and lay still in the bottom of the boat, which bobbed around in the vortex like a cork. The crowd, then numbering nearly 1,000 cheered when Preston struck out for the rescue. Half way out his lifeline became entangled in driftwood and he was compelled to return to shore. On the second attempt he reached the side of the boat. He was afraid to climb into the craft, which then was half filled with water. Clinging to the side of the boat around the whirlpool made this task of putting pressure on the line at the right moment most difficult. A pull at the wrong time would have turned Preston away or overturned the boat. The length of the water-soaked line also added to the difficulty of the rescue.

Aided by instructions called out by Preston the boat was finally manoeuvred out of the danger zone and was slowly drawn ashore. Preston was given a great ovation by the crowd.

CANADIAN JEWELRY SMUGGLED INTO UNITED STATES

(By Daily News Leased Wire.)

CLEVELAND, Ohio, Oct. 22.—The arrest of William Levy late today on a charge of smuggling watches, watch cases and works into the United States from Canada is believed by the custom officials here to unearth operations of a large band of jewelry smugglers. Federal officials say $40,000 worth of jewelry on which no duty was paid has been brought from a Toronto, Ont., Wholesale firm into the United States through Windsor, Fort Erie and Sault Ste. Marie in the past year. The jewelry was disposed of in stores which make a practice of holding "auction sales."

BATTERY OF ARTILLERY FORMING AT COAST

(By Daily News Leased Wire.)

VANCOUVER, B. C., Oct. 23.—A battery of horse artillery will be formed in Vancouver, according to an announcement today. Patrick Donnelly, a well-known citizen, is financing the undertaking and will doubtless be the new colonel.

SAYS JAPANESE WORK BETTER THAN WHITE MEN

(By Daily News Leased Wire.)

VANCOUVER, B. C., Oct. 23.—R. H. Alexander, part owner of the Hastings mill, the largest plant in Vancouver, told the labor commission today that unskilled Japanese labor was paid $1.35 for a 10-hour day. He said white men would not work like the Orientals.

THREE VESSELS ESCAPE FROM ICE

Explorer's Fourth Vessel Frozen in Ice—No Fear Felt for Safety of Crew.

(By Daily News Leased Wire.)

SEATTLE, Oct. 23.—Capt. Brackland, a whaler, who left Point Barrow, Alaska, September 1 and arrived here today, reported that in August three of Vilhjalmar Stefansson's exploring ships, the whalers Karluk and Belvedere and the steam schooner Mary Sachs, struck a lead in the ice east of Point Barrow and steamed away northeastward.

Stefansson's fourth vessel, the Alaska, found shelter in a lagoon east of Point Barrow, but on September 1 it was frozen in the ice and had drifted five miles from the lagoon. However, the ice pack was solid and if the vessel were crushed its men could easily have reached shore.

NATIONALIZATION OF RAILWAYS

Royal Commission Appointed to Enquire Into Relations Between Railways and State

(By Daily News Leased Wire.)

LONDON, Oct. 23.—The government has appointed a royal commission, of which Earl Loreburn is the chairman, to inquire into the relations between the railways and the state and report what changes are desirable in that relationship.

The official announcement expressly excludes questions of safety and employment from the scope of inquiry. Hence, it is assumed that the commission is intended to discuss the advisability of nationalization and reduction in freight rates on British produce, as a part of Chancellor Lloyd George's land reform scheme.

GOVERNMENT BANK TO CONTROL FINANCE

Senate Banking and Currency Committee Approves Plan of New York Financier

(By Daily News Leased Wire.)

WASHINGTON, Oct. 23.—A government controlled and operated central bank to dominate the financial system of the country entered the legislative arena today as a rival of the reserve currency plan. Frank A. Vanderlip, president of the National City Bank of New York, presented the new plan to the senate banking and currency committee. He had evolved the scheme as the result of conferences with members of the committee who, he said, had expressed approval of such a plan.

Under his proposal the government, under a guard of seven members, appointed for terms of 14 years and receiving salaries of $15,000 or $17,500 a year, would establish a huge bank with $100,000,000 capital, which would control financial conditions by powers conferred on it to issue money, to rediscount commercial paper for banks and to concentrate the reserve of gold of the country.

Mr. Vanderlip suggested that if possible the stock of this institution should be held by the public as an investment security. The stock would have no voice or vote in the control of the bank, which would under all circumstances rest entirely with the government.

Senators Bristow, Reed, O'Gorman and Hitchcock of the committee tonight expressed themselves as in favor of the principle embraced in the Vanderlip plan.

KILLED UNDER AUTOMOBILE

(By Daily News Leased Wire.)

VANCOUVER, B. C., Oct. 23.—Miss Mabel Smith, aged 22, daughter of Charles Smith, a rancher of Coutlie, B. C., was killed by being crushed under an overturned automobile near Merritt.

Dig Where the Gold Is Mr. Manufacturer?

The miner carefully investigates surface conditions before he wastes money sinking a shaft.

Then he concentrates his whole effort on the spot where the rock seems the richest.

If gold is there, he gets it.

Mr. Manufacturer, there is no better way of finding surface indications for marketing your wares than through newspaper channels.

Newspapers are only too glad to tell you what conditions are in their communities.

And if they are right there is no quicker way to reach the actual buying public than through advertising in the newspapers.

Your words go right to the spot. You are "digging where gold is."

The Bureau of Advertising, American Newspaper Publishers Association, World Building, New York, will be glad to cooperate with any manufacturer seeking to learn special business conditions in any particular part of the country.

TWO HUNDRED AND FIFTY DEAD

Only Twenty Three Rescued from Mine Disaster

STOCKHOLDERS SON AMONG DEAD

Was Learning Mining from Practical Experience--Hope Grows Dim.

(By Daily News Leased Wire.)

DAWSON, N.M., Oct. 23.—Two hundred and forty-seven miners are believed to be dead tonight beneath thousands of tons of coal and rock in the Stag Canyon Mine No. 2, of the Stag Canyon Fuel company here Hundreds of miners, working in shifts of 15 each, are slowly forcing their way through the rooms and entries, fighting against the danger of gas and fires, which started in adjoining mines and which threatened to reach the place where the men were trapped.

Only 23 have been taken from the mine alive. At 6:15 tonight the first miner to be rescued alive within 12 hours was taken from the main entry. He was found unconscious near a mule which early in the evening had been found alive.

Fourteen dead, 23 rescued, making up the total of the day's work of recovery. The finding of the live mule in the mine late today encouraged officials in charge of the rescue work to hope that some live miners perhaps are still entombed in a room located more than 4,000 feet from an entrance.

Henry P. McShaw, son of Mrs. E. P. McShaw, of New York City, widow of a former heavy stockholder in the mine, is among the known dead.

McShaw, who was but 19 years of age, had come to the mine in which his father's estate still held an interest, in order to learn mining from practical experience.

J. C. Roberts, chief of the United States mine rescue bureau in this district, is in charge of the rescue work. Mr. Roberts said it was impossible to tell what occasioned the explosion, but that it was of such violence as to cause him to lose hope of the rescue of more victims. That the death list will reach so great a figure is attributed to the fact that the great fans which kept the air circulating within the mine were rendered useless before the force of the explosion. Director General Bicknell of the Red Cross society in Washington wired Governor McDonald to draw on the government for $100,000 with which to alleviate the sufferings of the miners' families here, but Governor McDonald wired that the mine officials had given him assurance that the destitute would be provided for.

Orders on the company's store for an indefinite length of time have been issued to the families of the entombed miners.

LONESOME; PUTS LETTER IN APPLE BOX; GETS BRIDE

British Columbia Fruit Grower Is to Wed Pretty Dutch Girl From Rotterdam.

MONTREAL, Oct. 23.—Three years ago William Brooks, an Englishman, came to this country from Hove, a small watering place in the south of England, and secured a position packing apples in a British Columbia orchard. Today he is the owner of one of the largest orchards and about to marry the prettiest young woman in Canada.

The circumstances surrounding the love affairs of the couple are romantic in the extreme. Miss Gretchen Van Dufer, a pretty flaxen-haired Dutch girl of 22, is the daughter of a rich fruit merchant in Rotterdam. Just a little over two years ago she was standing near a box of apples when it was being opened by one of her father's workmen to get one of the apples out to show to a prospective customer. A letter fell to the ground from the blade of the axe. The man in opening the box had pierced the letter.

Miss Van Dufer picked it up and found it was from far-off Canada, asking whoever opened the letter to answer it, for the writer was lonesome. Miss Van Dufer could write very little English, but she managed to put a little together and send it to her future husband, Mr. Brooks. In return, he sent her his photograph. It was another case of "love at first sight." Since then they have been corresponding regularly, and Miss Van Dufer arrived in this country today, en route for British Columbia, to become Mrs. William Brooks.

FRANCE INTELLECTUAL MOTHER OF CANADIANS

(Canadian Associated Press.)

LONDON, Oct. 23.—Maitre Labori, the famous French advocate, offers an interesting criticism on returning from Montreal:

"Canada remains French at heart, much more than we are accustomed to believe," said Mr. Labori. "Canadians, though loyal subjects of Great Britain, regard France as their intellectual mother. They have the cult for France which has nothing to do with politics."

CRIMINAL TENDENCY CURED BY KNIFE

Judge Will Not Sentence Those G... of Moral Crimes Until Operation is Tried

(By Daily News Leased Wire.)

CHICAGO, Oct. 23.—Four patients were operated upon today by Dr. E. H. Prat of Evanston in an effort to eliminate criminal tendencies and moral deficiency. The operations were performed at the instance of Judge George W. Bridgeman of the circuit court of St. Joseph, Mich., who has announced that hereafter he will not sentence any one convicted in his court until the knife has had an opportunity to regenerate the mind affected.

For obvious reasons the names of the persons upon whom the operations are performed will be withheld. Dr. Pratt, discussing the subject recently with Judge Bridgeman, said that operations would not destroy an organ or function of the mind or body, but merely would remove abnormal conditions affecting nerve centres. Two of those who went under Dr. Pratt's knife recently at St. Francis' hospital, Evanston, are brother and sister, both under 20 years of age. If Dr. Pratt succeeds in overcoming their moral weakness the charges pending against them in Judge Bridgeman's court will be dismissed. Both are said to be recovering from the effects of the operation.

Today's patients were two men and two children, against whom charges are pending in the Michigan court.

WORLD RECORD IN NATION BUILDING

British Columbia Much in Eye of Great Britain and Eastern Canada, Say Premier

(Special to The Daily News.)

NEW YORK, Oct. 23.—Premier McBride, who arrived yesterday on the White Star liner Olympic, en route to Ottawa, said that although he had made many trips to the old country he could not recall the time when interest in Canadian affairs was as keen and general as at present.

"Undoubtedly the subject most discussed is our attitude towards the naval question," he said. "I was greatly impressed with the interest taken in England in the recent by-election in Chateauguay."

Speaking of the financial outlook the premier said. "As soon as the money market resumes its normal stand there will be no difficulty in securing all the financial assistance which Canada requires for the legitimate development of the country."

Referring to British Columbia, he said: "I was greatly pleased to see the increasing attention which British Columbia received in Eastern Canada and England. Easterners are beginning to have a proper appreciation of the tremendous wealth and almost illimitable resources of the far western provinces. It is without any reflection on the other provinces that I declare that British Columbia ought to be able in a few years to establish some world's records in nation building."

SEAMENS BILL PASSES SENATE

Requires Improved Quarters and Better Conditions on Ships—Abrogation of Treaties Involved.

(By Daily News Leased Wire.)

WASHINGTON, Oct. 23.—The La Follette substitute for the Seamen's Servitude bill, amended so that it will not affect the treaty relations of the United States until the president has been given an opportunity to readjust them, passed the senate today at the end of a debate that was characterized by unusual proceedings.

In the end the debate became an eulogy of Andrew Feruseth, president of the seamen's union, who was lauded as the man chiefly responsible for the passage of the bill. Mr. Feruseth, who had sat in a senate gallery throughout the debate, was declared by Senator La Follette and Senator Williams to have worked in Washington for many years "at a seaman's pay" to get legislation through congress improving the working conditions of his fellow sailors. Senator Fletcher, chairman of the sub-committee that had charge of the preparation of the seamen's bill, declared the measure as passed by the senate today would accomplish three important shipping reforms:

The giving of a greater freedom to seamen, the promotion of greater safety at sea for passengers and crew and the equalizing of the wage costs in operating vessels in foreign and domestic trade.

The La Follette substitute differed in many respects from the original which passed both houses of congress last winter, but which did not meet with the approval of President Taft. Its provisions would require improved quarters and give better conditions on the ships, increase in the requirements for safety appliances and efficiency of the sailors; release sailors from some of the present stringent regulations that compel them to remain with ships when in foreign ports, and direct the abrogation of any treaties which prohibit the enforcement of the provisions against ships coming to American ports.

Attempts by Senator Burton and Senator Bacon to amend the bill failed today.

PREMIERS WILL BE GUESTS AT OTTAWA DINNER

(By Daily News Leased Wire.)

OTTAWA, Ont., Oct. 23.—At a dinner to be given by the Canadian club on Monday next, Premier Scott of Saskatchewan and Premier McBride of British Columbia will address the members. The dinner will be held for the provincial premiers, who meet here in conference Monday.

SOMBRE SILENCE ENVELOPS MEXICO

United States Dissatisfied With Britains's Attitude

STERN MEASURES ARE EXPECTED

Detectives and Police Watch House in Which Diaz Takes Refuge.

(By Daily News Leased Wire.)

WASHINGTON, Oct. 23.—An atmosphere of gravity and sombre silence enveloped the Mexican situation here, not only with regard to the dissatisfaction of the United States at Great Britain's attitude but also as to the state of affairs in Mexico City as the election of October 26 draws near.

There were no tangible developments, but an incident of the day which official Washington interpreted aminously was President Wilson's flat refusal to discuss Mexico or any phase of the problem when he met the Washington correspondents in their usual semi-weekly conference. The president always had discussed informally and unofficially matters of international consequence giving the general status of affairs. Today he asked to be excused.

Secretary Bryan showed equal reticence.

The conclusion drawn from this was that a crisis was slowly approaching; that the arrival of Gen. Felix Diaz appeared to complicate internal affairs in Mexico and that stern measures by the Washington government would not be surprising. For the first time during the talk of recess the Mexican crisis was injected as a reason for keeping the national legislature in session and in administration circles it was admitted that it was not the currency problem alone which made it advisable for members to stay in Washington.

It became apparent in well informed quarters, that Great Britain's failure to repudiate the action of Sir Lionel Garden, British minister to Mexico, who presented his credentials immediately after President Huerta proclaimed his dictatorship, had caused Washington officials to feel that they no longer could depend on the help of England in solving the Mexican problem and that henceforth the United States would go forward single handed, if necessary in a firm and aggressive policy. Whether this will be revealed in a declaration by the United States of her intention as "the nearest neighbor" of Mexico to take such steps as will compose the situation has not yet materialized, but many believe the Washington government will soon assert itself in a manner that will be tantamount to a notice to Europe generally that interference in Mexico by foreign powers is not desired by this country. The attitude of some of the administration officials, hitherto strong advocates of a policy of moral suasion, was decidedly pessimistic today and they reluctantly admitted that the United States government might take drastic steps.

Though officials do not discuss the British attitude in any way, persons close to adminstration circles say that the British policy has created an embarrassing situation here with an ever increasing tension. It is not likely that Ambassador Page and the foreign officers will discuss Mexico until after the election of October 26 as Sir Edward Grey was reported as intimating that he would not bind the British government to any policy until after these elections.

There is a confident feeling that whatever pronouncement President Wilson may make after the election, it will be an emphatic reiteration that the United States will stand by its policy of dealing with governments founded only on law and order. There is likelihood he will go a step further and assert an intention of seeing that constitutional government is maintained on this hemisphere, despite any foreign influence. The Washington administration considers that the Huerta government was toppling, that natural resentment was being manifested throughout Mexico after the arrest of the members of the Mexican congress, when at the critical moment the presentation by Sir Lionel Garden, of his credentials, unrepudiated by Great Britain, had the effect of morally supporting the Huerta regime.

Diaz in Danger

(By Daily News Leased Wire.)

VERA CRUZ, Oct. 23.—Gen. Felix Diaz, who arrived here yesterday on the steamer Corcovado and who went soon after landing to the home of his mother-in-law, has remained there ever since. He has so far escaped arrest, but his friends believe that if he appears in the streets of Vera Cruz he will be taken into custody by President Huerta's forces. Detectives and police are watching the house and all plans formulated by Gen. Diaz regarding a visit to the capital appear to have been abandoned. It is considered probable that Gen. Diaz will take refuge tonight in one of the consulates.

Diaz asserts that he will not flee

PEACE ADVOCATE SPEAKS TO WOMEN'S CANADIAN CLUB

(Special to The Daily News.)

REVELSTOKE, B. C., Oct. 23.—The Women's Canadian club entertained Dr. W. E. Darby, secretary of the British Peace society, last week in the drawing rooms of Mrs. W. M. Lawrence. The chair was occupied by the president, Mrs. J. D. Sibbald, who, after a very pleasingly rendered solo by Miss Parker, introduced the speaker. Dr. Darby has been secretary of the British peace movement since 1888. He proceeded at once to his subject, which he named "The Women of Canada and Peace."

Inspector McLaurin of Vancouver, a former principal of Central school, was in town on Wednesday inspecting the high school.

Miss Evelyn Clay left on Thursday for Vancouver, where she will take a six months' course in a Vancouver business institute. She was accompanied by her brother, C. R. Clay.

Clifford Urquhart has successfully passed a pharmacy examination, on which he wrote two weeks ago at Vancouver.

DANCE AT SALMO

(Special to the Daily News.)

SALMO, B. C., Oct. 23.—Under the auspices of the Presbyterian Ladies' aid a very successful social evening and dance was held in the large dining room lent by Mr. Gray, proprietor of the Salmo hotel. A large crowd assembled at 8 o'clock and an hour later dancing was in full swing. The hall was crowded to its utmost capacity, the music supplied by C. Patterson, M. C. Donaldson and S. P. Cawley was excellent. A sumptuous dinner was served by the ladies of the aid, about 100 participating. The table was beautifully decorated with flowers and laden with rich cargo of good things, and as a result another sum of $45 has been added to the treasury.

Rossland News

(Special to The Daily News.)

ROSSLAND, B.C., Oct. 23.—The regular meeting of the city council was held last evening. Those present were: Aldermen Embleton, Pitt, Robertson and Armstrong. The mayor being absent, Alderman Embleton took the chair. A communication was received from Frank Raymer, chief of the fire department, handing the city a list of rules and regulations which he wanted to have approved. The matter was laid over until the next meeting. The following bills were ordered to be paid: Civic salary list for October, $925.00; school salary list for October, $1,292.50; Sisters' hospital, $34.30; Bank of British North America, $25.00; Robert Barrie, $9.15; Henderson Bros., $81.75; Rossland Miner, $35.40; Goodeve Bros., $15.65; Hunter Bros., Ltd., $12.35; Mrs. G. M. Bisson, $7.50; E. S. H. Winn, $75.00; A. M. Betts, $75.00; W. J. Prest, $75.00; board of works pay roll, October 11, 1913, $112.00; board of works pay

PRIZE WINNEHS AT CRESTON FAIR

Creston Presents Busy Sight—Aftermath of Most Successful Fall Fair

(Special Staff Correspondent)

CRESTON, B.C., Oct. 23.—Creston was a busy place today, ranchers from the country adjacent to the town who had exhibited at yesterday's successful show came into town to get their exhibits and their wagons were lined up outside the Mercantile and Auditorium halls nearly all day.

The gold medal for the best box of apples at the fair was won by J. Cook with a box of Spitzenbergs. Mr. Cook also won the five box exhibit. The prize for the best colored box was won by Mrs. Cotterill, who showed a box of rosy-cheeked Kings. R. J. Long exhibited the best plate of pears, B. H. Lyne the best plate of apples, while in the vegetable section T. Goodwin showed the best plate of potatoes. Mrs. Stocks won the special prize for carrying off the most first prizes in the ladies' exhibits.

The prize winners at the fair were:

Best Two Loaves of Bread, white: 1, Mrs. Penson; 2, Mrs. J. E. Hayden; 3, Miss Truscott. Best Two Loaves of Bread, brown: 1, Mrs. T. W. Gilpin; 2, Miss Truscott; 3, Mrs. George Cartwright. Six Cookies, plain: 1, Mrs. J. Hobden; 2, Mrs. T. W. Gilpin; 3, Mrs. Penson. Dozen Plain Buns: 1, Mrs. Fairhead; 2, Mrs. Trotter; 3, Mrs. Stocks. Best Lemon Pie: 1, Mrs. Stocks; 2, Mrs. Holmes; 3, Mrs. George Cartwright. Best Apple Pie: 1, Mrs. J. Cherrington; 2, Mrs. S. E. Bradley; 3, Mrs. Fairhead. Best Pie of any other Variety: 1, Mrs. Stocks; 2, Mrs. J. Cherrington; 3, Mrs. Fairhead. Best Two Loaves of Bread from Royal Household Flour: 1, Mrs. Trotter; 2, Mrs. Penson; 3, Mrs. Stocks. Best Two Loaves from Centennial Flour: 1, Mrs. J. Stocks; 2, Mrs. E. A. Penson. Best Two Loaves from B. & K. Flour: 1, Mrs. F. H. Jackson; 2, Mrs. R. I. Boates; 3, Mrs. Fairhead.

Poultry

Best Leghorn, cock or cockerel: 1, Mrs. Brownell. Wyandotte, hen or pullet: 1, J. E. Hamilton; 2, R. M. Reid. Minorca, cock or cockerel: 1, J. Heath. Minorca, hen or pullet: 1, J. Heath. Langshan, cock or cockerel: 1, Mrs. R. M. Reid. Langshan, hen or pullet: 1, Mrs. R. M. Reid. Rhode Island Red, cock or cockerel: 1, Stocks & Jackson; 2, Stocks & Jackson. Rhode Island Red, hen or pullet: 1, Mrs. M. Young; 2, Stocks & Jackson; 3, Stocks & Jackson. Orpington, hen or pullet: 1, W. Gobbett. Plymouth Rock, cock or cockerel: 1, H. Hamilton; 2, Mrs. J. Heath. Plymouth Rock, hen or pullet: 1, H. Hamilton; 2, Mrs. J. Heath. Any other variety, cock or cockerel: 1, Mrs. Wills; 2, H. Simm. Any other variety, hen or pullet: 1, Mrs. Wills; 2, Mrs. Wells; 3, C. H. Simm. Best Pair of Pidgeons: 1, J. Craigie; 2, C. H. Lynne. Six Hen's Eggs: 1, Mrs. F. H. Jackson; 2, Mrs. J. Hobden; 3, Mrs. J. George Cartwright. Rabbit, buck: 1, H. Gobbett; 2, R. J. Long; 3, Mr. Payne. Rabbit, doe: 1, H. Gobbett; 2, R. J. Long; 3, Mrs. Wells.

Packing School

The packing school contest for 1912 pupils was won by H. Gobbett, M. Murdock second and A. G. Downs third; 1913 packing school was won by H. Lyne, P. R. Truscott second, and Mr. Holmes third.

PRETTY WEDDING AT BURTON

(Special to The Daily News.)

BURTON, B. C., Oct. 23.—On Tuesday of last week a pretty wedding was solemnized in the Presbyterian church here, the contracting parties being S. Reed, fourth son of Rev. William Reed of Newcastle, England, and Miss D. Moseley, elder daughter of W. I. Moseley of Burton. Rev. Hall, Revelstoke, officiated, while A. Moseley acted as best man. Two bridesmaids attended the bride, Miss B. Moseley and Miss Anderson, Merritt. The bride was attired in pale blue chiffon over white silk. After the ceremony the wedding party and guests assembled at the home of the bride, where a splendid repast was served. In the evening a dance was given and supper served. Mr. and Mrs. S. Reed were the recipients of many presents.

Thanksgiving day was celebrated in Burton by the giving of a fowl supper, at which over 100 people partook of. The members of the Ladies' Aid society were responsible for the repast, which was thoroughly enjoyed. After supper a very good program was gone through. Among those contributing were Mr. and the Misses Barnett, Mr. and Mrs. Leu, Mrs. Harrison of Arrow Park, Mr. Betz and Mr. Agabob. The harp solo rendered by Miss Barnett was particularly appreciated, and so was the piano and violin solo given by Mr. and Mrs. Leu. Mrs. Harrison deservedly won an encore for her splendid singing of "The Folk Song." Mr Agabob's stories delighted his audience and his reading from Robert Service was listened to intently. At the close of the entertainment the chairman proposed a vote of thanks to all who had contributed to the evening's enjoyment.

R. Islip afterward auctioned off all the remaining cakes. A dance concluded the evening's proceedings. Altogether the funds of the Ladies' Aid benefited to the extent of $53, which goes to pay off the debt on the church.

J. H. McCormick held a shooting match on Thanksgiving day, when 17 ducks were shot for, some good shooting being done.

Mr. Agabob of New Westminster arrived here last week to take up his duties as Presbyterian missionary in place of Mr. Hamill.

TELEPHONE LINE TO BE COMPLETED THIS WEEK

(Special to The Daily News.)

PERRY SIDING, B. C., Oct. 23.—It is expected that the private telephone line connected Perry Siding and Winlaw with Slocan City will be completed this week. This line will be owned and operated by parties residing in the district and it is expected will be extended later to connect with Nelson.

WILL ORGANIZE RUGBY LEAGUE

Okanagan Endeavors to Arrange Games With Kootenay and Alberta Teams

(Special to The Daily News.)

VERNON, B.C., Oct. 24.—The sentiment in favor of an Okanagan Valley rugby football league was crystallized at the annual football dinner held in Vernon the evening of Thanksgiving day. The Kelowna fifteen were guests. A league will be formed, and games scheduled next year, if possible, with Kootenay, Alberta and coast teams. It is proposed to send a picked team from the different Okanagan Valley towns to Vancouver. G. A. Henderson of Vernon promised to offer a cup for the league. Vernon will play Kelowna at Kelowna within the next few weeks, and in time a definite organization may be perfected.

PROSPECTS BRIGHT FOR HOCKEY AT TRAIL

TRAIL, B.C., Oct. 23.—A meeting of the hockey club executive was held last evening, when several matters that will come up at the annual league meeting at Nelson on Saturday next were discussed, and the delegates were instructed on the various resolutions. The prospects for the coming season were talked over and everything points to Trail having a fast aggregation in the Kootenay division. It was decided to change the design of the club sweaters, retaining the old colors, black and gold. The president, J. Buchanan, and Manager William Reese will represent Trail club at Nelson.

WIN FOR GIANTS

SIOUX CITY, Iowa, Oct. 23.—The New York Giants and the White Sox, on their tour of the world, played here today, the Giants winning 6 to 3. Score:

	R.	H.	E.
White Sox	3	3	0
Giants	6	7	1

Batteries—Scott and Daley; Frome and Wingo.

PACIFIC COAST LEAGUE

Venice 3, San Francisco 6.
Portland 3, Sacramento 14.
Oakland 8, Los Angeles 3.

McFARLANE

WESTERN CASES BEFORE BOARD

Application to Compel Railways to Unload at Flag Stations Without Extra Charge.

(By Daily News Leased Wire.)

OTTAWA, Ont., Oct. 23.—The monthly traffic sitting of the railway commission, which was held today with only four cases down for hearing, lasted only two hours. Assistant Chairman Scott and Commissioners McLean and Goodeve sat. One of the four cases stood over a month and two of the remaining three pertained to the west.

Messrs. Muyhead and Black, who own a mixing elevator at Fort William, appeared for an order to compel the railways to bear a portion of the switching charges on grain purchased by them. At the conclusion of the hearing the board ruled that there was no reason why the order asked for should be issued.

W. G. Mahon of Winnipeg asked for an order of the board to compel railways to unload freight at flag stations at the regular rate to that station. The present practice of the railways is to send shipments to the station short of the flag station at the through rate and to charge the local rate from there to the flag station.

James Welsh, a tariff expert for the Canadian Manufacturers' association, and Mr. Marshall of the Toronto board of trade, made application for an order to compel railways to pay interest on the amount of claims not settled within 30 days. Mr. Marshall ventured the opinion that if the freight agents on the railways would use a little more common sense and not stick so closely to the red tape rules, claims and disputes between shippers and the railways would be settled much more quickly than is the case at present and without so much friction. He told the commission that there were claims still unsettled that had been hanging fire since 1905 and 1906 and they appear further from settlement than when they were first made.

W. B. Lanigan, assistant freight traffic manager of the Canadian Pacific railway, insisted that the claims made by shippers have to be thoroughly investigated before settlements are made.

"Something wrong with the system," interjected Commissioner McLean.

"We usually settle our claims within 60 days," said Mr. Lanigan.

The argument continued for some time, when Mr. Scott remarked that the board had no jurisdiction in the matter, as the question was one that could only be dealt with in the courts.

RAINSTORM POSTPONES OPENING OF CONGRESS

(By Daily News Leased Wire.)

TULSA, Okla., Oct. 22.—Because of a rainstorm the opening here of the International Dry Farming congress and exposition set for today was postponed until tomorrow and the remainder of the week will be devoted to the inspection of the exhibits sent by 20 states and 15 foreign countries. The session of the congress proper will open Monday, Oct. 27, and continue until Friday, Oct. 31. Exhibition buildings, covering 120 acres, have been erected to house exhibits. Of exhibitors the United States and Canadian governments occupy the most space. Canadian delegates already have started a campaign to secure the 1914 congress.

Can be Ended in Two Days

Apply a little Blue-jay plaster.

Right from that moment the corn becomes comfortable.

Then the B & B wax begins to loosen the corn, and in 48 hours the whole corn comes out.

The chemist who invented Blue-jay studied corns for years. And his method is now employed on a million corns a month.

No pain, no soreness, no discomfort. The way is gentle and results are sure.

Don't pare corns. Don't apply liquids. Don't use ancient methods in these scientific days.

You can end the corn forever in this simple, modern way. Try it on one corn.

A in the picture is the soft B & B wax. It loosens the corn.
B stops the pain and keeps the wax from spreading.
C wraps around the toe. It is narrowed to be comfortable.
D is rubber adhesive to fasten the plaster on.

Blue-jay Corn Plasters

Sold by Druggists—15c and 25c per package
Sample Mailed Free. Also Blue-jay Bunion Plasters.

Griffin Block, Ward and Baker Streets, Nelson, B.C.
The Registered Office of the Company will be in Nelson.

History of the Paper

At the present time the City of Nelson is supplied with only one daily newspaper, and there is a decided feeling for another paper. "The Independent" has now been published for the past ten weeks. Its objects and views are well known and are distinctly set forth in its columns. The development of the wonderful resources of the Kootenays, the creation of Nelson into a city beautiful, and lastly the expulsion of all that tends to obstruct progress and development, has been "The Independent's" slogan, and such has been received by all parties in a manner far beyond the expectations of the originator of the paper.

"The Independent's" circulation has increased weekly, advertisers have been magnanimous, but in spite of all, the demand is still to be heard for a larger paper, and if possible, an evening daily.

The public will admit that in ten weeks "The Independent," as a weekly, has made its impressions, and further they may rest assured it will continue to do so.

Capitalization

With the objects in view, and stated above, "Independent Printing & Publishing Company, Limited" has been incorporated under the laws of the Province of British Columbia with a capitalization of $30,000.00, divided into 30,000 shares at $1.00 each par value.

Objects

The object of the aforesaid Company is to take over the present business of "The Independent," now carried on by J. Lewis Thomas at Nelson, B.C., and to improve the same with the ultimate object of converting the present weekly issue into that of a larger and if possible an evening daily. Further, the Company proposes carrying on a jobbing business capable of turning out first class work at the most reasonable prices.

It is a well known fact to the many business firms and individuals in Nelson and district that thousands of dollars worth of jobbing printing is at present sent out of Nelson. The Company hope to establish such a high class jobbing plant, coupled with best workmanship, that will enable them to turn out work at such prices that will keep this class of business in the City of Nelson. It must be borne in mind when considering this investment that it is an acknowledged fact amongst the business community, that there is an excellent opening for such a class of business.

Costs: Cost of Plant

The estimated cost of plant complete for the production of a daily paper, and for an up-to-date jobbing plant is $12,000, to this must be added the cost of erection, freight, etc., $2,000, making a total of $14,000.

For the development of business on the proposed enlarged basis, the leasing of suitable premises, printing material, preliminary office charge and working expenses contingent thereto, the sum of $5,000 is required.

Company's Purchase

Under an agreement dated September, 1913, J. Lewis Thomas, the present owner of "The Independent," has agreed to hand over to the Company the goodwill and business of "The Independent" when requested by the Company to do so, free of all encumbrance, and in consideration of his so doing the Company is to pay for same, including promotion expenses, all deemed as goodwill, $600 in cash and 1,000 fully paid up shares to the said J. Lewis Thomas, and 2,000 fully paid up shares to Reginald P. Brooke, and 2,000 fully paid up shares to Archibald Grogan, the said purchase price being for the goodwill of the business. The said J. Lewis Thomas will be retained as editor of "The Independent" under the new organization. The agreement referred to above can be seen at the office of the Company's Solicitors, or at the office of the Registrar of Joint Stock Companies at Victoria, B.C.

A brokerage of 10 per cent. will be paid by the Company on allotment for shares applied for through duly appointed agents or brokers.

The Management

The success of any Company is dependent on its management. The Company are fortunate in having secured the services of capable men, and with careful economic management, coupled with the fact that "The Independent's" staff are enthusiastic in their determined effort to make the business of the Company a success, should succeed in producing a paper that will be as essential in every home as the water that supplies the family wants.

Profits

The Directors therefore feel that this is an exceptional opportunity for investors, that should bring in excellent dividend returns, and they appeal to all those interested in furthering the development of this wonderful section of British Columbia, to show their support in a practical manner.

Articles of Association Provide as Follows:

The qualifications of a Director shall be the holding in his own right of shares in the Company to the nominal value of $100.

The minimum subscription on which Directors may proceed to allotment shall be $250. The preliminary expenses are estimated not to exceed $500, and only that portion thereof after issue of certificate of incorporation are to be paid by the Company.

The Memorandum of Association can be seen at the office of the Company's Solicitors.

Dated at the City of Nelson this Twenty-First day of October, A.D. 1913.

(Signed) JNO. LEWIS THOMAS.
REGINALD P. BROOKE.
ARCHIBALD GROGAN.

Independent Printing & Publishing Company, Limited

NELSON, B.C.

Where any of the above applications contain more than one application or notice, each application or notice will be charged for as a separate advertisement.

FRIDAY, OCTOBER 24

STOPPING THE DRAIN ON THE LAND.

Will the Lloyd George land policy have the intended effect of stopping the drain from the agricultural areas of the United Kingdom to the overseas dominions? Until two or three years ago, the statesmen of the Motherland regarded complacently the migration of British farm laborers to Canada, Australia and New Zealand. They were mollified by the reflection that four-fifths of the outflow of emigrants was to other parts of the Empire. But the Radicals have been urging that if the present exodus of 265,000 a year continues, and the birth rate falls a trifle, the United Kingdom population will be at a standstill. They would regard that as the first indication of creeping paralysis. Lloyd George gets what strength he possesses in his land campaign, not from his enmity to the landlords not from class war upon the aristocrats, but because the peril of a deserted and uncultivated land is imminent. The efflux is too heavy not to invite disaster. The Unionists have recognized this quite as much as the chancellor, and they have their proposals for a remedy. If the experience of countries with an emigration-restraining problem can furnish light on the subject, the Unionist program of giving tenants and laborers a chance to become owners would check the migration more effectively than Lloyd George's social improvement program. It has been found that emigration increases in a period of prosperity, after a period of depression. The workers gain means under improved conditions to enable them to get out. In many districts of England and Scotland this tendency has been prominent. It is doubtful, so far as emigration of agricultural workers is concerned, whether any legislation on the land question could bring opportunities in the Motherland for the individual worker anywhere near the opportunities Canada affords. Here we have free land, and cheap land, and any farm-hand may become his own employer.

FEEDING JOHN BULL.

British people have always taken a peculiar, sentimental interest in the trade between the United Kingdom and the self-governing dominions. Canadians are proud to have their rich country spoken of as the "granary of the Empire." It comes as something of a shock, therefore, to learn that of the £102,759,134 spent by the people of the United Kingdom in 1912 for food, drink and tobacco imported, but fourteen per cent went into the pockets of producers within the British Empire.

India still leads Canada in the contest for the "granary of the Empire" title, supplying in 1912 a consignment valued at £10,944,667. The value of Canadian wheat imported was £8,844,953.

The roast beef of Old England, in 1912, came mostly from outside the Empire. For beef and mutton the United Kingdom depends chiefly upon Argentina and the United States.

Canada's share of John Bull's apple bill in 1912 was £847,583, the largest sum paid to any of the British dominions, and Canada also took the lion's share of the bill for canned salmon and canned lobsters, with the United States a close second. No longer does this country send butter to England, as Canada now imports this necessary article. Australia, New Zealand and India sold butter to the United Kingdom in 1912. Canada's meagre contribution being 27 cwt., a drop from 1908 of 43,054 cwt.

Canadian cheese makers lead all others in keeping John Bull's table supplied with this delicacy. In 1912 they sold to him cheese to the value of £4,347,832, while the value of cheese imported from all foreign countries was £1,178,507. Canada, Australia and New Zealand keep the United Kingdom supplied with cheese, only two hundred weight being imported from other foreign possessions in 1912.

The value of Empire-grown wheat imported into the United Kingdom is increasing annually. In 1908 it was £14,480,340; in 1912, it was £36,765,042. Of flour, Canada and the United States supply almost equal quantities.

Canada stopped exporting eggs to the United Kingdom in 1912 although formerly a heavy contributor. Most of the eggs imported are from foreign countries.

From the above figures, it will be seen that the rich market of Great Britain is not being entered as it should be by the self-governing dominions. Canada is holding her own in wheat, cheese and apples only. In Canada's case, however, the development of the country will undoubtedly lead to her taking a greater part in keeping the United Kingdom supplied with foodstuffs, even if Mr. Lloyd George wins success in his latest attempt to widen the function of agriculture at home.

What the Press Is Saying

A good neighbor is a man who minds his own business and doesn't object when you interfere with his.—Detroit Free Press.

The Big Sunday Dinner To Go

The man who exacts a big Sunday dinner is asking more from his wife than he should be given. Simpler meals for Sunday are being advocated, and are so much in accord with common sense that they ought to become popular. Two reasons are advanced, either being sufficient foundation for a reform. The first reason is that with simpler Sunday dinners mother will share Sunday as a day of rest. The second reason is that plainer Sunday dinners remove a temptation to overeating and save the diner from the consequences of overindulgence.—Guelph Herald.

President Poincare's Moral Courage

President Poincare is perhaps as courtly a man as was ever at the head of a pure democracy, but he balked on the hands of his royal host when he was asked to attend a bull fight got up in his honor at Madrid. His moral courage in this case may be compared with that shown by the late King Edward when the latter walked out of a German theatre to show his disapproval of the immodesty of the play.—Toronto Mail and Empire.

This Day in Canadian History

During the Revolutionary war, perhaps no district suffered more from raids and counter-raids than the lovely valley of the Mohawk, in New York state. For instance, early in October, 1781, Capt. Walter Butler, son of the man after whom the famous corps of rangers was named, was ordered with 160 men to join a British force at Oswego for a descent on the country about Duanesboro, "the only part of the entire valley that had hitherto escaped the ravages of war." Lying between Schenectady, Fort Hunter and Schoharie, its inhabitants imagined themselves secure, and the attempt to disturb them was full of peril for the aggressors. Despite extraordinarily bad weather, however, they pressed doggedly on by a round-about route for eight days, to reach Corrystown on October 24, 132 years ago, when it seemed "to the panic-stricken inhabitants that they had sprung out of the earth itself." They captured a number of prisoners, from whom they learned that the neighboring forts were garrisoned by four times their own numbers, so, to accomplish their grim task of devastation, they had to make a forced night march. Afterward they were obliged to fight again and again, and the return journey became a flight of terrible hardship. Amongst the slain was Capt. Butler.

FOR A BAD STOMACH PAPE'S DIAPEPSIN

Time It! In Five Minutes You Will Wonder What Became of the Gas, Sourness and Indigestion.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes such misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get regulated, please, for your sake, try Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant preparation which truly belongs in every home.

APPROPRIATIONS FAIRLY EXPENDED

Proctor Conservative Association Passes Vote of Confidence in Member for Ymir

(Special to The Daily News.)

PROCTOR, B. C., Oct. 23.—A general meeting of the Proctor and District Conservative Association was held in Gallop's hall on Monday, when the president, J. D. Kerr, was in the chair. The secretary read the correspondence, which included a petition from the Kokanee Conservative association to R. F. Green, M. P., for a wharf to be built at Farrington's landing, and the petition was endorsed by this association.

The three vacancies on the executiv committee caused by the resignations of R. S. Francis, S. S. Fraser and W. D. H. Haig-Smellie, were filled as follows: R. S. Francis was elected by acclamation, and Capt. R. H. Mauley was elected in place of S. S. Fraser, and T. R. Pelton in place of Mr. Haig-Smellie.

The chairman then gave a lengthy report on the meeting of the Central Conservative association for the Ymir riding which was held in Nelson recently, and went fully into details of the manner in which the appropriations had been spent on roads, bridges, etc., in the district, and the following resolution was carried by acclamation:

"That we, the Proctor and District Conservative association, hereby wish to express our continued confidence in J. H. Schofield, M.P.P., and to place on record that in our opinion the appropriations for roads, bridges, etc., have been spent in the fairest manner possible, and to the best interests of the riding as a whole."

The secretary was instructed to send a copy of the resolution to the member, Mr. Schofield, and to the Nelson Daily News.

A letter was read from H. E. R. Bedford, game warden for the district, tendering his resignation as a member of the association owing to a recent order regarding civil servants and politics, and his resignation was accepted with regret.

The secretary was instructed to write R. F. Green, M.P., with reference to the establishment of a daily mail for Balfour, a matter which was taken up when Mr. Green was here in August. The annual general meeting was fixed for Monday, December 1.

A meeting of the residents of Balfour was held on Thursday to discuss the question of rural delivery for Balfour, and it was the feeling of the meeting that if a rural delivery on the north side of the west arm is established the Balfour post office should be continued and delivery start from there as far as Kokanee. A. G. R. Strickland, acting as secretary, was instructed to write the postmaster general for full particulars of the proposed scheme.

R. A. Weir and Miss O'Neil, who have been spending the summer at the late T. G. Proctor's houseboat, left on Thursday for Nelson.

The boys of Balfour and Proctor spent their Thanksgiving holiday in a game of football, the Proctor boys being easy winners by 7 goals to 1.

W. Beckerath, who recently bought H. B. Nelson's ranch at Sunshine Bay, has purchased another 50 acres at the back of his ranch and has already started clearing.

James Kennedy, who has been staying some two months at Bonnington and Slocan fishing and hunting, returned to his ranch at the Narrows last week.

Rev. F. P. Hughes, the new vicar of the parish of Kokanee, arrived with his wife and family on Friday. Services will commence again on the West Arm next Sunday.

Mr. and Mrs. R. Alford are the guests of Mrs. Olivey at Balfour since the closing of the Kootenay Lake hotel.

Mr. and Mrs. J. F. Barrett will be returning to Balfour for the winter to look after the Canadian Pacific hotel from November 1.

J. E. Wilson, who has been employed as engineer at the Kootenay Lake hotel during the summer, was married on Tuesday to Miss Mary Bate in Nelson. Mr. and Mrs. J. H. Walker of Proctor accompanied them to Nelson for the ceremony, and the bride and bridegroom left on Wednesday to spend their honeymoon at the coast.

C. Holt has purchased the store at Balfour from Neil A. McFadyen.

Two cars of feed have arrived during the last few days for the Proctor farmers' institute, one being unloaded at Harrop, the other at Sunshine Bay, by E. Watson, the secretary.

Mr. and Mrs. J. Henderson from Sicamoose and A. A. Ballard are the guests of Mr. and Mrs. E. Watson at Balfour.

Peter Jenson is staying in Proctor for about a fortnight visiting his old friends.

The first dance of the season under the auspices of A. G. Gallup and A. E. Walton, was held on Tuesday night in Gallup's hall and was much enjoyed by the 40 or 50 dancers present.

OKANAGAN SHIPS MILLION DOLLARS WORTH OF PRODUCE

(Special to The Daily News.)

VERNON, B. C., Oct. 23.—Up to the week ending Tuesday, October 21, near $1,000,000 worth of fruit and farm produce has been shipped out of the Okanagan valley this year. That figure includes carload shipments only. The total shipment for the week was 141 carloads, or a total for the year of 1,320 carloads up to date, for which $750 a car would be a conservative estimate of value, represent an export of $990,000. Okanagan Landing's shipments for the week was 57 cars, for the year 389; Vernon's for the week 37, for the year 375; Armstrong's for the week 43, for the year 239; Enderby's for the week four, for the year 317.

WANETA NEWS NOTES

(Special to The Daily News.)

WANETA, B. C., Oct. 23.—On Thursday last members of the Pend D'Oreille farmers' institute met at the school house and listened to a lecture on "Veterinary Science and First Aid to Animals," by Prof. R. M. Purdue of Trail, which proved very interesting.

T. Mackl of Trail came in on Tuesday.

M. Selby made the journey to Trail on Monday with a load of young pigs.

C. W. Slater left on Saturday for Nelson, returning today via Trail with a carload of Shropshire Down ewes for breeding purposes. Slater Bros. are shortly expecting two pure-bred registered Shropshire Down rams to head their flock.

Mr. and Mrs. Symonds and family left on Saturday for Trail, where they purpose spending the winter.

REVELSTOKE ITEMS

REVELSTOKE, B. C., Oct. 23.—The marriage of Michael Koyak to Miss Rosa Hrenczuk took place in St. Francis church on Sunday morning.

The members of Fire Brigade No. 1, with their wives and families, celebrated Thanksgiving with a turkey supper in the fire hall on Monday night.

Mayor T. Kilpatrick left the first of this week on a business trip to the coast cities.

UGH! HOW CHILDREN HATE CASTOR OIL

To Clean the Little One's Stomach, Liver and Waste-Clogged Bowels Give Gentle "Syrup of Figs."

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 30 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold; has diarrhoea, sore throat, stomach-ache; doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. Accept nothing else.

V.V.O.O.

FOR FRYING MEAT, FISH, GAME, FRUIT AND VEGETABLES—

V.V.O.O. IS BETTER for frying than butter, lard, suet or any other medium, and it is cheaper.

V.V.O. will bear a heat of 600 degrees before burning; butter burns at 232 degrees, suet at 300, and lard at 340 degrees. Any cook will see the advantages of V.V.O.O. over other fats for cooking. The food is bettered—not greasy—and is more wholesome.

V.V.O.O. may be used over and over again for cooking, but care should be taken to filter the oil left in the pan.

SEND FOR OUR COOK BOOK AND LEARN THE MANY USES OF V.V.O.O.

WESTERN SUITS BEFORE COURT

Tax Sale Suit Ended and Judgment Reserved—British Columbia Partnership Case on Trial.

(By Daily News Leased Wire.)

OTTAWA, Ont., Oct. 23.—In the supreme court today the arguments in Temple vs North Vancouver were concluded and judgment was reserved.

Donkin vs Disser was then taken up. The appellant employed the respondent in his business as a commercial broker dealing in oriental wares at Vancouver, Calgary and other places under the style of H. Donkin & Co. Up to 1910 Disser's remuneration had been on a basis of salary and percentage on profits and afterwards 50 per cent of profits without salary. As the result of some conversation and correspondence between them Disser claimed to have become a partner in the business. Donkin denied any such arrangements and in September, 1912, Disser brought an action for dissolution of the alleged partnership and an account of the half interest he claimed in the assets, etc.

In the trial court Judge Morrison dismissed the action so far as the claim as a partner was concerned, but ordered an account respecting the half profits in remuneration of service on the profit-sharing basis. By the judgment now appealed from the court of appeal for British Columbia declared Disser a partner, ordered a dissolution and directed the usual accounts and inquiries. Lafleur, K.C., and R. M. Macdonald for appellant; S. S. Taylor, K.C., for respondent.

A SIMPLE FROCK FOR GIRL.

Girs' One-Piece Dress, With Long or Short Sleeves.

One-piece dresses are always popular and becoming, and because easy to develop they appeal to the home dressmaker. The style here shown has a shaped front, and is finished with a rolling shawl collar. The sleeve may be in wrist or elbow length. The pattern is cut in four sizes: 6, 8, 10 and 12 years. It requires four yards of 40-inch material for an eight-year size.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

KING OF LOAN SHARKS GIVEN JAIL SENTENCE

(By Daily News Leased Wire.)

NEW YORK, Oct. 23.—Daniel H. Tolman, known to many cities in the United States and Canada as "king of loan sharks," must serve six months in jail for usury. The supreme court so decided today in denying his appeal from conviction on October 9 of having violated the law in charging a bonus of $5 for a $10 loan for three months. Although he may appeal to the court of appeals the court decided that pending the outcome of such an appeal he must be sent to jail.

SHERBROOKE—W. J. Campbell, Silver King; George Jesse, J. H. Kramer, Marcus; John F. Leland, Slocan; W. Pomeroy, city.

PREMIER GUEST OF QUEBEC BAR

Turns First Sod for Dock at Levis—Workmen Present Address—Receives Ovation.

(By Daily News Leased Wire.)

QUEBEC, Oct. 23.—The members of the bar of Quebec assembled in the superior court at noon today and tendered a reception to the Right Hon R. L. Borden. The prime minister was accompanied by Hon. L. P. Pelletier.

The bench of the court was occupied by Chief Justice Lemieux, who had on his right Premier Borden, Judges Cannon, Roy and Belleau, and on his left Judges Malouin, McCorkill and Darion. Eusebe Belleau, battonier of the bar, addressed the premier on behalf of the latter body and expressed the pride felt by the profession that one of their profession occupied the position of first commoner of the Dominion. Dr. Lemieux next addressed the premier, during the course of his remarks referring to the contributions which the legal profession had made to the government, not alone of this country, but of others.

Mr. Borden acknowledged the tribute which the bench and bar had paid him and in his brief address stated that the province of Quebec stands in the forefront in the administration of justice. In a humorous way the premier stated that the ambition of most lawyers was to be elevated to the bench. He had this ambition himself, he said, but never attained it. However, he was now gratified by the fact that he had at last been elevated to the bench in Quebec.

Later Mr. Borden and party crossed over to Levis to turn the first sod of the proposed dock. As they reached the King's wharf the premier was presented with an address from 250 workmen employed in the marine department. Mr. Borden replied. He was followed by Mr. Hazen, minister of marine, who said that the department had decided to increase the wages of the workmen on the Quebec branch and would also give them a holiday tomorrow in order to enable them to see the laying of the corner stone of the railway shops at St. Malo. The party then embarked on board the steamer Druid, to proceed to Levis. At Levis the party was enthusiastically received and an address of welcome was read to the premier by the pro mayor in the absence of the mayor, who is in England. Mr. Borden replying. The party continued to the town of Lausen.

At Lausen 5,000 people had assembled, and the premier and party received an ovation. The mayor, Mr. Charland, read an address of welcome to Mr. Borden, the latter replying.

He then turned the first sod of the proposed new dock. After a number of speeches had been made the party returned to the steamer. The party next made a tour of inspection of the harbor. This evening Col. Watson and M. Esperance entertained the premier at dinner.

A Special Sale of Ready-to-Wear
Some Splendid Bargains

MEAGHER & CO.
The Store for Style and Value — Baker Street

W. M. Draggins, who has been here for the last six weeks relieving S. Dewberry Owens while the latter was away on a visit to his parents in the east, left for Granby a few days ago and is now taking the place of the regular agent at that point.

Messrs. Washburn and McDavid left for Deer Park last night with their winters' supply of groceries. They intend trapping this year in the country between Deer Park and the Slocan river.

Capt. Basil Rennie of South Slocan passed through here a few days ago on his way to Rossland, and while here arranged for an early return of the deciding game between Castlegar and South Slocan tennis clubs.

CASTLEGAR NEWS BUDGET

(By Daily News Leased Wire.)

CASTLEGAR, B. C., Oct. 23.—Mrs. T. Beisley and Miss Beisley of Trail, who have been visiting Mrs. J. T. Laurie the past few days, left for home this morning.

Messrs. McIntyre and Greig of the Canadian Pacific railway water service department, have been in town for the past few days, giving a thorough overhauling to the company's water works here.

Messrs. Ford and Helme of the Dominion Express company were in town for a short time yesterday on their way to Nelson, after a trip of inspection of the company's various interests in the Boundary and Rossland districts.

G. M. Benney, government road superintendent, was here today on business connected with his department and left for Trail on the morning train.

P. G. Farmer of Castlegar entertained his many friends last evening at a dance and bridge party. During the evening music and singing were enjoyed.

Mr. Waldie of the Edgewood Lumber company left for Calgary a few days ago and is not expected back before the end of next week.

Mrs. T. Cowley, who has been in Nelson with her son Cecil for the last two weeks, returned home last night, accompanied by Miss Mary Thompson.

The committee which has been working in connection with the organization of a farmers' institute here reports they are meeting with great success, having over 50 names on the lists at present.

J. A. Muirhead, manager of the Robinson stock ranch here, was in Nelson a few days ago.

Superintendent Miller, with his private car, left here early this morning on an inspection trip through the Boundary country.

ADMIRAL MAN OF DUAL PERSONALITY

(By Daily News Leased Wire.)

PLYMOUTH, Mass., Oct. 23.—Rear Admiral Joseph G. Eaton, whose widow, Mrs. Jennie May Eaton, is on trial here, charged with his murder, was painted in the opening address of the defence today as a "drug fiend" and a man of dual personality. A veritable Dr. Jekyl and Mr. Hyde.

Attorney Francis J. Geogan, who made the opening argument, declared it would be shown that Admiral Eaton was addicted to the use of liquor and drugs to such an extent that he endangered his vessel and the lives of those under him when in the navy. The death of Admiral Eaton was due, Attorney Geogan insisted, to arsenic, self-administered.

NEWS OF THE MARKETS

FIGHT HARD ONE SAYS CHAIRMAN

Increase in Wages, Fuel and Material Prevents Grand Trunk From Increasing Profits.

(Canadian Associated Press.)

LONDON, Oct. 23.—Presiding at the Grand Trunk railway meeting today Chairman Smithers said that from one point of view it was unsatisfactory that with larger gross receipts they had been unable to secure a larger net profit. The cause was the large increase in wages and in cost of fuel and material. Yet on the other hand they could congratulate themselves that they had been able to maintain their position and meet all charges on capital account.

"It is," he said, "a continual fight to maintain our position already won, and as the railway commission, municipalities, employes and the general public are forever placing extra burdens on the railways or asking more connections the fight is a very hard one. Knowing these difficulties I think our staff deserves credit for what it has accomplished."

STOCKS

NEW YORK DECLINES BUT CLOSES STRONGER

(By Daily News Leased Wire.)

NEW YORK, Oct. 23.—In spite of the severe break in stocks at the outset today the market made a fairly good showing. After declines of one to two points had occurred among all leading speculative shares, with an outpouring of offerings which for a time threatened to upset the market badly, a better demand developed. Trading became quiet and there ensued a slow recovery, which ultimately restored prices close to yesterday's final range.

The intimation of Chairman Elliott of the New Haven at the annual meeting that the dividend rate probably would be cut to 4 per cent, caused a slump of three points in that stock to 82, a new record. Subsequently it made a partial recovery.

The following New York stock market quotations are supplied Osler, Hammond & Nanton, Winnipeg.

October 23.—	Open	Close

MONTREAL DULL AND HEAVY

(By Daily News Leased Wire.)

MONTREAL, Oct. 23.—Continued weakness in Dominion Steel corporation again proved the feature in a market which inclined to dullness and heaviness today. Liquidations of about 700 shares in the early morning broke Iron to 37⅝, the market price rallying later to 38¾ and 38½ in the afternoon. The close was 39¼. Dealings in C. P. R. and Power formed the greater part of the balance for the day's business. Both leaders were reactionary. C. P. R. declined to 226⅞ and finished 227⅛ with a net loss of 1⅛. Power fell 1¾ to 228, but rallied back to 229½ and closed ¼ lower on the day.

BOMBAY SHARE MARKET CLOSED

Slump in Bombay Mill Shares—Pearl Merchant Fails for Million and Quarter Dollars

(By Daily News Leased Wire.)

BOMBAY, India, Oct. 23.—The financial excitement as a result of the closing of the Bombay share market yesterday still continues, and other branches of trade besides those concerned in the share market are badly affected. The shutting down of the market was due to a tremendous fall in Bombay mill shares and a number of failures. Today a pearl merchant failed for approximately $1,350,000, while another gem merchant failed for $100,000.

DECLINE IS GENERAL ON LONDON STOCK EXCHANGE

(By Daily News Leased Wire.)

LONDON, Oct. 23.—Money was dearer and discount rates lower today. The Mexican situation and bearish New York advices on the steel trade started a general decline on the stock exchange in which American rails and C.P.R. were prominent.

American securities opened a fraction lower and easy. The list fell sharply under the lead of Canadian Pacific and United States steel. The depression continued until late in the session, when prices rallied over the low point and closed steadier.

METALS

NEW YORK METAL MARKET

(By Daily News Leased Wire.)

NEW YORK, Oct. 23.—Copper nominal, standard spot and futures not quoted. Electrolytic 16.87½; Lake 17.00 to 17.25; casting 16.50 to 16.75; London steady, spot £74, futures £73 7s 6d.

Spelter quiet, 5.35 to 5.45; London £20 10s.

Iron quiet and unchanged.

Cleveland warrants in London 51s 7½d.

NEW YORK, Oct. 23—Silver 60¼c. LONDON, Oct. 23.—Silver 27 13-16. Lead, £20 5s.

GRAIN

WHERE ARE WE AT? GRAIN DEALERS CRY

(By Daily News Leased Wire.)

WINNIPEG, Man., Oct. 23.—"Where are we at?" is the query of the grain men with 870,000 bushels of No. 1 Northern delivered on the option this morning, and October and November both selling under December—conditions without precedent on the Winnipeg exchange.

The cash market is all to the bad and it is only surprising that our prices do not go lower. Buffalo is full to the neck, while boats are going light out of our ports at the head of the lakes because exporters cannot sell cargoes if they had them.

Minneapolis reported a good milling demand and closed ⅛ to ¼c higher.

Winnipeg cash wheat prices were unchanged on the contract grades Cash oats were ½c higher to ¼c lower with options ⅛ to ¼c higher Flax was up 1c and options up ½c on both old and new.

Winnipeg close: Wheat—October 79¾, November 79½, December 79⅝ May 85¼.

Oats—October 33½, November 33⅜ December 33⅞, May 38.

Flax—October 1.14⅝, November 1.15¼, December 1.15, May 1.21⅛.

Minneapolis close: Wheat—December 88⅝, May 87⅝.

Chicago close: Wheat—December 84¾, May 89.

MONTREAL PROVISION MARKET

(By Daily News Leased Wire.)

MONTREAL, Oct. 23.—Butter continues quiet and easy.

Cheese—Finest Western 13 to 13¼; finest Easterns 12⅝ to 12¾.

Butter—Choicest creamery, 27¼ to 27½; seconds, 25 to 26.

Eggs—selected, No. 1 stock 28.

Pork—Heavy short mess barrels, 37 to 45 pieces, 31; short cut back barrels, 30.

Kootenay and Boundary

ROSSLAND.

(Continued from page two)

roll, October 18, 1913, $101.50; Arthur Makings, $84.00; I. J. Evans, $3.50; E. Levasseur, $35.00.

At the next meeting of the Loyal Orange Lodge No. 1,708, which will be held in the Orange hall on Tuesday, Oct. 28, business of importance will come before the meeting. After the business a social hour will be spent. Refreshments will be served.

John Blackhall, superintendent of the money order department of the Dominion Express company, and O. E. Ford, inspector and route agent of the Dominion express, at one time resident of Rossland and well known in the district, came in from Spokane on Wednesday evening and left for Trail on Thursday.

Mrs. W. Hooper, Mrs. Armstrong, Mrs. Inches, Miss Maude Michaely, Miss Agnes Inches, Mrs. D. Thomas, Mrs. Doell, Mrs. Gosse, and Mrs. Hooper left this morning to visit the Pythian Sisters' temple at Nelson.

G. Waistell, who has been spending a few days in town, left on Wednesday evening.

Mrs. Edwards leaves on Friday morning for a few days' visit to Spokane. While in Spokane she will hear Madame Schumann Heink sing.

Mr. Vale, who fell down the Richmond mine a few days ago and was taken to the hospital with a broken leg, is able to be about again.

Mrs. T. O'Reilly leaves on Saturday morning for Spokane.

C. R. Hamilton and Mr. and Mrs. Deschamps and little daughter, Marie, motored to Trail this afternoon to attend the wedding of Mrs. Deschamps' sister, Miss Marie de Gagne.

The Young People's society of St. Andrew's church held its meeting on Wednesday evening instead of Monday. The stereopticon lecture on India which was given was much enjoyed.

The Ladies' Loyal Moose circle held a social in the store next to Betts & Oddy last evening. The evening was spent in cards and music and refreshments were served.

CRANBROOK NOTES

(Special to The Daily News.)

CRANBROOK, B. C., Oct. 23.—Edward Holmes of Bull River spent Thanksgiving day in Cranbrook.

Dr. J. H. M. Bell leaves on Saturday night for an extended holiday in the old country and during his absence Dr. G. L. Bayfield will take his practice.

E. H. McPhee is spending a few days at the coast on business.

Rev. Dr. Chown of Vancouver, general superintendent of the Methodist church in the west, will occupy the pulpit of the Methodist church on Sunday.

A provincial government inspector is inspecting the electric light meters.

Amos Rodgers of Bull River and James Mills of the Peavine Lumber company spent part of the week in the city.

J. H. McDonald has received the position of inspector over the addition to be made to the government building at the St. Eugene mission, six miles from here.

About 50 members of the Loval Order of Moose attended the "Beggar Prince" show in the opera house on Wednesday evening.

A very enjoyable time was spent on Thanksgiving day by a large number of members of the Cranbrook Rifle association. The prizes were for turkeys. The shooting commenced at 10 o'clock in the morning at the 200-yard range, standing. Percy Graham carrying off the first prize with a score of 25; W. J. Atchison and A. McLaren each scoring 22 points, taking second and third respectively. The first bull was made by H. G. McCredy. The next event was at the same range, lying down, as time did not permit of shooting at the kneeling position. The first prize was taken by G. P. Tisdale with a score of 29 out of a possible 35. E. Ismay, G. W. Saddler and G. Curwin each scored 28 points, the tie being settled by a fire of three shots each at same range, resulting in G. W. Saddler taking second and G. Curwin third. Shooting was then moved to the 500-yard range, where H. B. Hicks and A. Plowfoot tied for first prize with a score of 26 each out of a possible 35. The first prize was given to H. B. Hicks, as he made three bulls, Arthur Plowfoot taking second, A. Hawkins and W. F. Attridge each scored 24 for third prize, which was given to A. Hawkins, as he made better points. There was also a booby prize of a fine large turkey presented to the member who made the lowest score for the day. A general meeting of the association will be held in the city hall on Monday evening next at 8 p.m.

WORLD-WIDE PROTEST EXPRESSED IN ESPERANTO

(By Daily News Leased Wire.)

NEW YORK, Oct. 23.—Through the medium of Esperanto, a world-wide protest against the so-called ritual murder trial at Kiev has been launched. The protest originated in Bohemia, with the adoption there of a resolution by 136 lawyers and public officials. A copy of this resolution, translated into Esperanto, has been mailed to every council of Esperantists in the world. Local Esperantists today embodied it in a petition to Senator Root, requesting him to place the protest before the senate.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district of ... the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

TWO BYLAWS ON STREET RAILWAY

One to Pay Stockholders and Creditors and Second to Provide for Improvements

Two by-laws will in all probability have to be submitted to cover the purchase of the street railway system by the city.

One, it is believed, will be to cover the cost of buying out the stockholders at 50 cents on the dollar and to pay off the debts of the company, amounting to about $18,000. The stockholders have agreed to take bonds in payment for their interest, but the creditors must be paid, it is thought, in cash and for that reason an issue of somewhat more than $18,000 will be made. This by-law, therefore, will total in the neighborhood of $35,000.

A second by-law will be, it is expected, submitted to raise money for repairs and improvements, which have been declared necessary by William Rae, provincial tramways inspector, and to provide a reasonable amount of working capital. Probably the second by-law will be for an amount between $10,000 and $15,000.

KOOTENAY DELIGHTS EDINBURGH MAN

University Graduate Goes to Ainsworth to Secure Practical Experience in Mining.

"I am delighted with what I have seen of Kootenay; its scenery is without equal even in Scotland, my home land, and I was surprised to see so many flourishing ranches along the shores of the lakes and rivers. Its mining development and possibilities are not new to me, as I have been particularly interested in that feature of British Columbia's resources for some time," declared W. J. Sommerville, a mining engineer of Edinburgh, Scotland, who arrived last night at the Hume after 14 days of travel across the Atlantic and Canada.

He will leave this morning for Ainsworth, where he will assume a position with the No. 1 mine. A recent graduate of Edinburgh university, Mr. Sommerville is anxious to secure practical experience in mining.

MANY COMPANIES ARE INVOLVED

Practices of Other Shipping Companies Similar to Those of Canadian Pacific—Officials Implicated

(Canadian Associated Press.)

LONDON, Oct. 23.—The Vienna correspondent of the Telegraph says today that the affair of the Canadian Pacific Railway company is gradually developing into a scandal in which numerous personages of note find themselves involved. It appears that the matter does not exclusively concern the Canadian Pacific, as the disclosures with regard to that company have unveiled the secrets of other emigration companies of Hungary.

During the inquiry of the commission appointed by parliament circumstances have come to light showing that the business practices of other shipping companies are little better than those alleged with regard to the Canadian Pacific. The commission has discovered the grave fact that a high official of the ministry of commerce, who was head of the department of navigation, has undertaken the management of the Austro-American Navigation company. The above-mentioned official was pensioned by the government two years ago and is now the representative of the Hamburg American Steamship company at Vienna. The parliamentary commission will institute proceedings against this former official.

EMPRESS ATTENDS OPENING OF TUBERCULOSIS CONFERENCE

(By Daily News Leased Wire.)

BERLIN, Oct. 23.—The deep interest taken by the German empress in the endeavors to combat the scourge of tuberculosis was displayed today when she attended the formal opening of the international tuberculosis conference here, at which delegates from 22 nations are in attendance. Her majesty had given her name as patroness of the conference, whose meetings are being held in the halls of the Prussian diet, where Imperial Vice-Chancellor Clemens Delbrueck welcomed the delegates and paid a tribute to the extraordinary energy and success with which the fight against consumption had been conducted in America.

The conference is to last three days, during which a great number of interesting papers on the various phases of tuberculosis are to be read.

FIVE LIVES LOST IN WRECK NEAR NOME

(By Daily News Leased Wire.)

SEATTLE, Wash., Oct. 23.—The steamship Victoria, the first passenger boat from Nome since the great storm, arrived today with 415 passengers. All paid their fare and it was said all would have come out even if there had been no storm. Capt. John O'Brien of the Victoria says there is little destitution in Nome. Only one life was lost there in the storm. Five lives were lost on the schooner Nora, wrecked fifteen miles from Nome.

LAD CHARGED WITH ATTEMPTED MURDER

(By Daily News Leased Wire.)

EDMONTON, Alta., Oct. 23.—Otto Dudolph, the 16-year-old boy who was yesterday dismissed on the charge of murdering Carl Nolting, is now before the courts on a charge of attempting to murder Fritz Murer. The three boys were out shooting on July 28; Rudolph stumbled over a stump and the revolver exploded, killing Nolting. Fifteen minutes later Murer was shot in the head and it is alleged that Rudolph fired with intent to kill.

ROSSLANR PYTHIAN SISTERS HERE

Are Entertained by Nelson Lodge—Program at Castle Hall in Afternoon and Evening

Nelson Pythian Sisters yesterday afternoon and evening entertained at Castle hall a number of visiting sisters from the Rossland lodge. Lodge work and an entertainment of a social nature formed the program of the day.

Rossland Pythian Sisters, who attended the functions were guests at the Strathcona. They were: Mrs. J. G. Armstrong, Mrs. D. Thomas, Mrs. W. Hooper, Mrs. W. J. Lawson, Mrs. C. P. Doell, Mrs. R. Gosse, Mrs. R. Hooper, Mrs. A. Inches, Miss Agnes Inches and Miss Maude E. Michaely.

ANNUAL LIBRARY BALL TONIGHT

Function Promises to Be Great Success—Large attendance and Enjoyable Evening Assured

Those who attend the annual library ball at the public school assembly hall this evening, and it is expected that the number will be a record, not only are promised an enjoyable evening, with excellently played modern music and in a nicely decorated hall with a first class floor, but will also aid in the upkeep of the Nelson public library, which is badly in need of funds.

For some years the library ball has been regarded as among the premier social events of the year in Nelson and it is expected that the function tonight will prove to be no exception to the rule.

Already the sale of tickets has been large, but those who have not secured them from one of the members of the committee or at the stores at which they have been offerd may obtain them at the doors tonight.

SOMBRE SILENCE ENVELOPS MEXICO

(Continued from Page One.)

the country and is still reluctant to believe that the Huerta-Blanquet ticket has official sanction, although he admits that the wide distribution of the announcement of what is commonly regarded as the official candidacy renders other tickets impossible.

No Friction, Says Times

LONDON, Oct. 23.—The Times publishes the following statement today: "Nothing is known in competent quarters of any unsatisfactory developments in Anglo-American relations with regard to Mexico. An exchange of views repeatedly occurred between Sir Edward Grey and Ambassador Page, but no friction has arisen in any direction, nor have the communications received from Washington possessed the comminatory character attributed to them in some of the reports from American sources."

The Times editorially says the above should put a stop to the sensational reports that have been heard on both sides of the Atlantic as to the supposed misunderstanding.

LIQUID POISON SERVED TO PASSENGERS

(By Daily News Leased Wire.)

WASHINGTON, Oct. 23.—One great railroad system has been furnishing drinking water to its passengers which the experts of the public health service have pronounced, after examination, to be nothing less than "diluted sewage."

Surgeon-Gen. Blue today reported to Assistant Secretary Newton of the treasury department that an investigation disclosed that the railroad company has been filling the water tanks of its passenger coaches at a supply 300 yards down stream from the sewage outlet of a large eastern city. An examination disclosed more than 60,000 bacteria in each teaspoonful of water.

Pending the outcome of a notice to the railroad company to change its source of supply, officials have withheld the name of the line.

UNITED STATES DRAINING CANADA OF CATTLE

(By Daily News Leased Wire.)

OTTAWA, Ont., Oct. 23.—In the vicinity of 100,000 head of cattle have been shipped from Canada to the United States during this year, mostly during the past three months, states Bradstreets Bulletin.

Large consignments have gone from Toronto and Montreal and direct from country points each week since the passing of the Underwood tariff bill at Washington, which admitted live stock free into the United States.

Prices of beef cattle advanced about $1 per hundredweight here since the bill passed and $2 since October, 1912.

BLACK BEAR SHOT ON RANCH JUST OUTSIDE CITY

While taking dinner near the track a party of section men noticed a young black bear engorging a meal of apples from J. T. Beatty's orchard, and when pursued he scrambled away up toward the trestle on the Great Northern track, followed by N. H. Carne, who is at present staying at with Mr. Beatty. The first shot from Mr. Carne's rifle found its billet in bruin's head, killing him instantly.

FOUR MILLION DOLLARS FOR MEDICAL COLLEGE

(By Daily News Leased Wire.)

ITHACA, N. Y., Oct. 23.—A gift of approximately $4,000,000 to the Cornell University Medical college was announced today on behalf of the board of trustees. While no official statement has been made, it is understood that the gift, the largest in the history of the university, was presented by Col. Oliver Payne of New York who prior to that gave $500,000 for the establishment of the branch of the Cornell Medical school in New York city. The interest on the new gift will give the school an annual income of $100,000. Although interested in Cornell, Col. Payne was a Yale man having graduated from the New Haven institution with the class of 1863. He is a director in a number of railroads, mining and other corporations. He is an honorary member of the Cornell University association.

Warmth Without Wealth

Attend to your house heating now. Don't wait until winter winds blow. It's safer and cheaper now. Our facilities for repairing or renewing steam or hot water heating, radiators, pipes valves, etc., are exceptionally good. We are experts at new installations, changing from stoves to furnaces rapidly, cheaply and effectively. Steam or hot-water heating saves coal, health labor. It's safer, quicker to heat, gives a steadier heat and removes the dangers of fire. If we do it, it's right and guaranteed.

A Special Showing of Paris Gowns
In All Their Exclusive Charm and Loveliness

The most elaborate showing of exquisite apparel this store has yet made, and one certain to emphasize once again the undisputed style ascendency it enjoys and maintains. Descriptions follow:

HANDSOME GOWN — In sweet shade of peach colored glace silk. The skirt is open at side to show flounce of lace and has an accordeon tulle tunic edged with ruching silk. Waist of tucked tulle finished with empire belt and bouquet of flowers.
Price only $35.00

CHARMING GOWN—Of white satin with the draped skirt, open in front, with under flounce of chiffon. It has a tunic and fischu of chiffon edged with pearls. Down front of gown is a garniture of pearls. Finished at waist with sash of chene ribbon.
Price only $45.00

EXCLUSIVE STYLE—In soft pink satin with effect of accordeon white tulle. It has a white net chemisette draped with lace. Under the tulle flounce is an effect of paste trimming.
Price only $40.00

DAINTY DRESS—Of mauve voille over white with frilled skirt and bodice finished with soft satin sash. Very simple and girlish.
Price only $32.50

LOVELY DRESS—Of pale blue Ninon over white silk, softly draped and with frills edged with cream lace. It has a very quaint effect, being caught into shape with chene ribbon. Price only ...$32.50

ANOTHER GIRL'S DRESS—Of soft pink satin with overdress of chiffon and ecru lace, finished with sash at waist. Price only $32.50

Fall and Winter Shoes

This cut illustrates one of the many styles we carry in the "BURT SHOE" for women. In black suede leather with cravenette tops.

PROSPERITY AND PROGRESS KEYNOTE

Former Kootenay Man Returns After Six Years' Absence—German Settlers Do Well.

Prosperity and steady growth in Nelson and the surrounding district are the strong impressions of A. W. McVittie of Victoria, land surveyor, who left Nelson some six years ago for the coast and who has returned for the first time. At the Strathcona yesterday Mr. McVittie remarked upon the improvements which had been made in Nelson since he was last in the city and paid a tribute to the manner in which German settlers from the prairies are developing the Renata district on the Arrow lakes, where he owns valuable timber limits.

These settlers, he declared, were doing excellent work in clearing the land and planting it in fruit trees. Aided by experience of farming in the prairies and all hard-working men who stayed strictly with their business—they had not even time for fishing, they told him—the German colony was making splendid progress, said Mr. McVittie.

He noted considerable land development along the shores of the Arrow lakes, "but there is plenty of room for more settlers," he remarked.

JOE CHING HAS STAKE; GOES HOME TO CHINA

Janitor for J. O. Patenaude Fourteen Years—To Live in Oriental Luxury Now.

With a nice little stake, sufficient to make him a wealthy man in China, Joe Ching, who for the past 14 years has been janitor for J. O. Patenaude, left on the coast train last night for his native land, where he proposes to spend the rest of his days.

Joe has been in British Columbia 15 years and has been sending money home to China, where he has a wife and family, regularly each month. The family has been frugal and Joe has also laid aside some of his monthly earnings with one of the Chinese banking firms to which the Orientals in Canada send their money through local agents.

"You'll be a mogul, rich man, in old country now, Joe?" he was asked. "Oh, well, pretty well fixed. I guess I go home and take a rest," he admitted. He is 63 years of age and declares that he will not return to British Columbia.

UNION SECURES EXPERT PACKER

Fruit Growers to Ship Out More Apples—To Organize Pruning and Spraying Force.

R. T. Hickes, manager of the Kootenay Fruit Growers' union, has obtained the services as packer of Guy Greenwood, who recently obtained first place in the open apple packing contest at Nelson fair.

Mr. Greenwood, having completed the packing of a car for J. J. Campbell, will leave tomorrow for Kaslo to pack James Spier's crop of "Famous Kaslo Gravensteins," and he will pack for other growers, as it is the intention to complete a second car from Kaslo and Mirror Lake for shipment out as soon as the packing is completed.

The need for a packing crew has been very strongly felt throughout the district this season and this commencement or organized packing will be greatly appreciated by growers, said Mr. Hickes.

The manager of the union also has the intention of organizing at an early date a system of pruning and spraying by qualified men, which he feels will undoubtedly meet with general approval.

The
Style Show Week
In
Men's and Boys' Apparel
At J. A. Gilker's

Passing the equinox, the turning leaves, the chilly nights, the shortening days are eloquent on the changing season. Talk of fall and winter requirements is timely. Our big store, with its immense stock, spells "Comfort" for the coming days.

This is your invitation to call and verify our claim to be Nelson's leading Haberdashery and Headquarters for Outfitting and Furnishings for Men and Boys.

Try "Olus" Shirts—the tails are turned into drawers.

"GREEN STOCKINGS"

Prices: 75c, 50c and 25c.
Plan at City Drug Store.

AT THE THEATRES

Nelson once again will have an opportunity to hear the famous Juvenile Bostonians, the splendid musical comedy organization that has registered such popular successes here in former seasons, announcement having been made that they will play a special engagement of two nights at the Nelson opera house November 3 and 4. For the engagement here has been chosen "Princess Chic" and "A Daughter of the Regiment," claimed by the management to be the best offerings of the company's excellent repertoire.

Wherever presented the comedy-drama success, "The Spendthrift" invariably raises a lively discussion as to what type of woman is most attractive to men. The heroine of this ultra-modern play is an extreme example of the type generally known as dangerous. Under her appearance of soft femininity and child-like love of pretty things lies a perverted selfishness and a capacity for deceit which only a great moral upheaval can change. The portrayal of such a character realistically, without losing the sympathy of the audience, calls for a great amount of magnetic personality. Those who have seen Miss Felton as Nell Gwynne, Zaza and as Cyprienne in "Divorcons" will have full confidence in her ability to handle this highly colored role. "The Spendthrift" will be presented by Miss Felton and the Allen players at the Nelson opera house next week.

R. B. Bennett, editor of "Telephone Talk," the official journal of the British Columbia Telephone company, who is touring Kootenay and Boundary, was in the city last evening. He will leave this morning for the Slocan and will return to the city tomorrow afternoon. Mr. Bennett is a journalist of long standing and for a number of years was city editor of the Vancouver News-Advertiser.

SMOKING IN BED CAUSED OUTBREAK

Believed to Have Dropped Asleep and Let Pipe Fall—Brigade Checks Dangerous Blaze.

Smoking in bed was probably the cause of a fire which broke out last night in a shack occupied by A. Jacobson, between Waters & Pascoe's factory and Shackleton & Simpson's marble works on Front street.

Jacobson rushed from the burning building clad in his underclothing and is thought to have fallen asleep and dropped his pipe on the bedclothes. He was not in a condition last night to tell how the fire was started.

Driving down Ward street at express speed the brigade arrived on the scene in time to prevent the blaze from doing any damage except to the shack, which is owned by Shackleton & Simpson.

The value of brick for building purposes, from a fire viewpoint, was shown by the fact that although the blaze was only a few inches away from Waters & Pascoe's building that structure was uninjured.

PAYS MINERS TO HUNT SILVER TIPS

Mine Manager Allows Men Time to Kill Animals Which Raid Piggery and Hennery

Bears are causing so much trouble at the Inland Empire mine near Paulson that Frank E. Pearce, manager of the property, is allowing the employees their time to go out and hunt. Raids on pigs and poultry at the mine caused Mr. Pearce to take this step.

Two silver tip bears, each weighing about 400lbs., were killed a couple of days ago by James Crendel and Mr. Billingsley, two of the mine employees, stated Mr. Pearce, who was in Nelson yesterday.

NELSON NEWS OF THE DAY

C. R. Hamilton, K. C., was in Rossland yesterday.

William Neilson has returned from a visit to Ottawa.

Mrs. E. J. Johnston, 617 Carbonate street, will receive today.

Mrs. T. A. McLachlan has been very ill for the last week at her home.

W. Barclay of Trail will leave via the Great Northern this morning for Montreal.

The Pioneer dairy has moved its herd from its ranch on the Silver King road to Harrop.

Mrs. Fred Hackman and family have arrived from London, Eng., and are guests of Mrs. John Coomber.

Mrs. E. K. Beeston left on the coast train last evening for Victoria, where she was called by the serious illness of her brother.

C. H. Wise of Penticton, who was judge of the poultry exhibit at the Creston fall fair, passed through the city last night on his way home.

Alfred Holt of Balfour will leave on the Crow boat this morning for Quebec, whence he will sail for Liverpool on the Empress of Britain.

J. P. Hayward will leave on the Crow boat this forning for Quebec and will sail on the Empress of Britain on October 30 for Liverpool.

John Strobbe, Josepho Strobbe and Louis Strobbe, three brothers of Sandon, will leave this morning for Milan, Italy, via the Great Northern, and are booked to sail on the steamer France, sailing from New York on October 29.

The Nelson and District Veterans' Association has engaged the small hall in Eagle block for its regular monthly meetings. It is proposed to furnish the place with decorations of a military and naval character and it will be known in future as the Veterans' hall.

NASOOKIN TO LEAVE EARLIER

Official Copy of Time Table Received —Changes in Coast, Slocan and Rossland Trains.

Commencing on Sunday next the coast train will reach Nelson at 9:10 o'clock in the evening instead of 10 o'clock, as at present, according to the official new time table, a copy of which was received at the local Canadian Pacific railway offices yesterday.

This is the only change in the time of arrival, but the departure of several trains and the steamer Nasookin has been altered.

The Nasookin will leave at 5:30 o'clock in the morning instead of at 6 o'clock.

The Slocan train will leave Nelson at 8:50 in the morning instead of 8:30.

The time of departure of the Rossland train has been changed from 9:30 o'clock in the morning to 8:30 o'clock.

There is no change in the Boundary train.

F. B. WHITING TO RETIRE FROM HOTEL BUSINESS

Frank B. Whiting, who has sold the Strathcona hotel to James Marshall of Phoenix, has decided to retire from the hotel business. He has not definitely decided where he will take up his residence, but will be in Nelson for two months and may locate here permanently.

"I like the city and the people and would be most sorry to leave Nelson," said Mr. Whiting yesterday.

THE GREEN BLOCK, NELSON, B. C.

Say, Folks!

I have for years been experimenting on a magnet, one so strong that it will pull you to our corner store. People have got to eat. Yes! quite true; and grocers have got to sell groceries in exchange for small profits; but we are not whining. No, no. We are boosting our business. We do not wish to sell out for 50c on the dollar. We are adding to the pulling force of our store by using the magnet of good quality, fair profits and good service. Did you ever pull out the plug in the bathtub and notice the pulling force of the water If not, do so now. Fill the bath with water ,then cut out this advertisement, read it, then place it on the surface of the water in the bath tub, then notice how quickly the ad will disappear. Then dress and go outside and you will find that some irresistible force will pull you to Joy's store.

Then you will buy some Lilac Glycerine Soap for the bath. Only 10c per cake. As transparent as the waters of Kootenay lake.

Joy's Cash Grocery
