PARCELS POST BILL IS READY

Minister Ready to Proceed if Not Contentious

HOUSE VOTES MANY MILLIONS

Nineteen Millions for National Transcontinental--Post Office Estimates

(By Daily News Leased Wire.)

OTTAWA, May 29.—Millions of money which will be spent during the current year were voted in committee of supply of the house of commons today. The items passed included $19,000,000 for the National Transcontinental; $2,000,000 for the commencement of the enlargement of the Welland canal; $1,000,000 for the extension of the Trent Valley canal to Georgian bay and large sums required for National Transcontinental railway terminals at Quebec City and Quebec bridge. A considerable portion of the estimates of the postmaster-general were also put through. There was some discussion of dismissals as well as of the desirability of increasing the pay of postmasters in small places. An increase in the near future was promised by Hon. L. P. Pelletier, likewise a probable increase for the letter carriers of the Dominion.

At 10 p.m. Dr. Neely (Humboldt) had commenced a discussion of dismissals in his constituency, but had not proceeded very far when he discontinued because the postmaster-general was indisposed. Mr. Pelletier explained that he had been ill for a few days and was still feeling under the weather. Before leaving the chamber, however, he decided to reply to a question which had been put a couple of times in his absence by Mr. Lemieux. It related to parcels post.

Parcels Post.

Hon. L. P. Pelletier said that he was willing to proceed with the matter if it was not regarded as contentious by the opposition. If the discussion would keep the house in session longer than was desired by the members it would not be taken up. Mr Lemieux remarked that it would be necessary for the members of the opposition to read the bill. The matter was then dropped for the time.

Consideration of the estimates for the railway and canals department was resumed. When the $2,000,000 for the Welland canal was taken up Hon. Frank Cochrane replied to a series of questions by Hon. G. P. Graham, saying that the locks in the canal would be 800 feet long by 80 feet wide. To start with there would be a depth of 30 feet on the sill, but provision would be made for increasing the draft to 35 feet when necessary. The estimated cost is $50,000,000, and it was hoped that the work would be completed in five years The advertisements for contracts would be ready on Monday.

The house adjourned at 12:15 after passing the other items of the railway estimates.

Discussion over the vote of $19,000,000 for the National Transcontinental railway was continued at the afternoon sitting, being chiefly centred on the Quebec terminals. Hon. Frank Cochrane explained the plans which have been prepared for the railway at Quebec. The Champlain market site had been retained, he said, and it was proposed to put two tracks down there. It was thought that there was not room for the business that would be done, so only a small station would be put up. There was no arrangement yet as to the real terminals, but eventually a tunnel would be run through from Wolfe's Cove under the city, and until there is sufficient business in Quebec the line will run in over the Canadian Northern railway with a union station. Under the agreement any railway could come in over this line to the union station. It had been intended to locate the shops at St. Foy, but this had been changed to St. Malo, where land was to be bought over a year ago at $1,000 an acre. The reason for changing was that it was hard to get water at St. Foy, while St. Malo had agreed to furnish water free and was nearer the city. The agreement had not been signed, but this was the understanding with President Chamberlin of the Grand Trunk Pacific.

Hon. Rodolphe Lemieux thought it would be hard to get all the railways to unite on a union station, though he hoped the minister would succeed. He also thought the price paid for the land at St. Malo was too high. Mr. Cochrane said that this was the first time he had heard that criticism. Everybody thought it was a bargain, and the changes had been with the approval of the Grand Trunk Pacific. He said it would be only a few weeks before work would commence on the shops and union station, and track would then be laid down to the Champlain market.

On the vote of $3,000,000 for the Quebec bridge, Mr. Cochrane said the masonry would be completed this year and the work opened in 1916.

Trent Valley Canal.

When the vote of $1,000,000 for the extension of the Trent canal from Lake Simcoe to Georgian bay was under discussion W. H. Bennett of North Simcoe said that the canal would tap the bay near Port McNichol. With barges capable of carrying large cargoes a large wheat carrying trade would be developed via the canal between Port McNichol and Montreal. The completion of the canal would have the effect of keeping down the railway rates. Mr. Cochrane informed the house that since 1880, when the work was begun, over $11,000,000 has been spent on the Trent Valley canal system.

Post Office Estimates.

When the house resumed at 8 o'clock the post office estimates were taken up and the salaries paid country postmasters discussed. J. H Sinclair (Guysboro) asked the postmaster-general if the salaries paid such officials would be increased, and urged that action to this end should be taken. A. Broder (Dundas) agreed with Mr. Sinclair, and pointed out that in many villages postmasters receiving very small salaries are compelled to do heavy work in handling the mails sent out by department stores.

Dr. Neely (Humboldt) said that gross injustice was done the rural postmasters in paying them such small salaries as $35 a year.

Replying to a remark by Hon. Charles Marcil (Bonaventure) to the effect that before the Liberals took office in 1896 the postmasters were paid an even smaller sum than they now received, Dr. B. Neely contended that the increase made by the late government had not been large enough, and that now when Canada has so large a surplus there is more reason for raising the salaries paid the postmasters in rural districts.

Hon. L. P. Pelletier stated that some increase would probably be made in the early future, and that certain readjustments in regard to the remuneration of postmasters would also lead to their advantage. As yet, however, it had not been decided just what would be done.

Levi Thomson (Qu'Appelle) brought up the case of the postmaster at Sintaluta, who, it was charged, had allowed mail to stand for a year without distributing it. A petition had been sent to Ottawa asking for his removal. Mr. Thomson also dealt with several dismissal issues in the west.

Hon. Frank Oliver said that the postmaster-general had dismissed men because he charged them with partizanship, and in their places had appointed others because they were partisans. Instead of efficiency he had secured inefficiency.

W. F. Carroll of Cape Breton called attention to the conditions of letter-carriers and read extracts from the memorial to the postmaster-general, in which they asked for an eight-hour day, sick pay, a weekly half holiday during June, July and August, an increase of salary and a limit on the weight of mail carried.

Eight Hour Day.

Mr. Pelletier said that he had re-

(Continued on page four.)

STRIKING NURSES ARE DISMISSED

Moose Jaw Mayor Fails to Effect Reconciliation—Probe of Hospital Management Threatened.

(By Daily News Leased Wire.)

MOOSE JAW, Sask. May 29.—Ten nurses who walked out of the city hospital here two days ago in protest against the dismissal of a probationer, were dismissed today. The dismissal of the first probationer was upheld and in addition the night matron, whose resignation was due in a few days, also got her discharge for alleged influencing of the girls, although she herself did not walk out. She was also taxed with giving out information to the press regarding the strike. The mayor endeavored to effect reconciliation but the superintendent and the majority of the board would not be placated. The origin of the trouble was the mistake made by a probationer who took a bottle of carbolic acid unlabelled and used it on a patient's arm. The patient is suing for $5,000 but said he would withdraw if the nurse was reinstated. The trades and labor council threaten to call a mass meeting of the ratepayers to probe the management of the hospital.

SETS WIFE'S CLOTHING ON FIRE; WOMAN IS DEAD

WINNIPEG, May 29.—Annie Zahrynuk, a Galician woman, died here this morning as the result of the unique test of her faithfulness conducted by her husband, Steve Zahrynuk, last night. Acting, it is said, with her consent, he saturated his wife's clothing with coal oil and then touched a lighted match to it in the belief that if she were innocent the oil would refuse to burn. The woman was terribly burned and succumbed in the hospital some hours later.

DECAYED GIRDER CAUSES CALAMITY

Jury Makes No Mention of Responsibility for Empire Day Disaster Which Cost Many Lives.

LONG BEACH, Cal., May 29.—The collapse of one girder, originally too slender to bear the burdens intended for it and which had almost rotted away, caused the wrecking of the municipal pier last Saturday with the loss of 27 lives. This was the explanation given by the board of survey appointed to investigate the disaster in its report to the coroner's jury today. Accordingly the jury concluded the inquest with a verdict that the victims had come to their death by suffocation or other injury caused by the collapse of a portion of the floor forming the approach to the municipal auditorium. "Said collapse," said the verdict, "was due to a decayed condition of the girders supporting said floor."

This completed the verdict. There was no mention of responsibility.

PEACE OF LONDON SIGNED TODAY

Balkan Nations Order Delegates to Sign

SIGNAL FOR WAR AMONG ALLIES

Russia's Efforts to Reconcile Bulgaria and Servia Fail. Relations Strained

(By Daily News Leased Wire.)

LONDON, May 29.—The treaty of peace between the Balkan allies and Turkey, which will be known as the Peace of London, will be signed at noon tomorrow at St. James unless some unexpected hitch occurs. Servia has followed Greece in reluctant orders to her delegates to sign. Turkey and Bulgaria indicated their willingness some time ago, and it is asserted that Montenegro will impose no obstables.

Greece held out for the addition of a protocol until the last moment, when she was assured by Turkey that all conventions provided before the war would resume their effectiveness until an opportunity was given to discuss the points at issue. The protocol which Greece wanted appended to the treaty embodied reservations by the allies on points yet to be discussed with the powers, such as the financial post bellum settlement, the fate of the Aegean islands and the frontiers of Albania.

Bulgaria and Turkey refused absolutely to have anything to do with a protocol, the former regarding it as too likely to open up fresh and undesirable discussions, the latter looking upon it as displaying a lack of deference to the powers.

While the Peace of London may end the war with Turkey, it may be the signal for strife among the allies. The speech of the Servian premier in the parliament at Belgrade on Wednesday, when he explained that Servia desired a modification of the treaty with Bulgarian regarding the division of territory instead of allaying agitation has increased it to such an extent that it is not likely now that the meeting with Premier Guechoff of Bulgaria on the frontier will take place.

All efforts of Russia to bring about peace between Bulgaria and Servia apparently have failed and the worst is feared. Meanwhile, the quarrels of the allies are throwing enormous bodies of troops into Macedonia for the purpose of occupying the disputed territory. The relations between Bulgaria and Greece are still greatly strained. The Bulgars thus far have refused to create a neutral zone at Saloniki, where the Greek premier, M. Venezelos, is waiting to meet the Bulgarian military commander, Ivanoff. This conference is expected to check the Bulgarian militarists, who apparently are acting in defiance of the home government.

TWO CHAMBERS HAD BEEN FIRED

Cloth From Which Mask Made Found in Suspects' Shack—Stories Conflicting.

(By Daily News Leased Wire.)

VANCOUVER, B.C., May 29.—A crude, hurriedly made mask, a torn piece of cloth and an old revolver are held by the police in connection with the arrest of Joseph (Blackie) Seymour. Seymour was arrested by the police with three other men, following the death of Constable Archibald on a vacant Powell street lot. The mask was found in the brush not 20 ft. away from the spot where Archibald drew his last breath yesterday morning, when he was slain by thugs as yet unknown. The cloth from which the piece to make the mask had been torn was found in Seymour's shack. It is said that Seymour had admitted to the police that he heard shots but the man's story is so confused that the police do not know what part of it to believe. He claims that he went to bed at 10 o'clock, but the other men who were subsequently arrested gave different accounts of their own and Seymour's movements on the night of the tragedy. Seymour told the officers that he had bought the revolver recently but he could not tell them where he purchased it. At first it was thought that no bullets had been fired from the gun but a close examination of the weapon showed that bullets had been fired from two chambers and that the gun had been reloaded. The bullets found in Seymour's revolver are said to be similar to those taken from the body of the constable.

CHURCH CONFERENCE WILL COST QUARTER OF MILLION

(By Daily News Leased Wire.)

Toronto, May 29.—The conference of the Presbyterian church, which opens in Massey hall on Saturday, is going to cost $250,000, said a Toronto layman this morning. "From the Pacific to Newfoundland 4,200 delegates are coming. Railroads will receive $100,000 for fares, and already tickets have been sent from Toronto to 4,000 who have expressed their intention of being present."

FIVE PERSONS KILLED BY DYNAMITE EXPLOSION

PORT VENDRES, France, May 29.—An explosion of dynamite in a factory just outside this port today killed five and injured 20 men. The report was heard at a distance of 20 miles.

HORATIO WALKER

In his studio at Petronille, Isle of Orleans, painting a portrait of his wife. Mr. Walker is the new president of the Canadian Art Club.

Nelson Contractor To Build Kaslo School

The contract for the new $40,000 school at Kaslo has been let to J. Dancy & Co. of Nelson, according to the architect, Will Haldane, and work will be commenced as soon as possible in order that the building may be ready for occupancy immediately after the next Christmas vacation.

The heating and plumbing contract has been let to the British Columbia Heating and Plumbing company, also of this city.

According to local architects, Nelson building will also be more active from now on, and it is expected that construction work will be brisk during the summer.

Tenders closed yesterday for the repair work which will be done to the exhibition building under the supervision of Alexander Carrie, architect.

Mr. Haldane is at present calling for tenders for the new $6,000 residence which will be built in Rosemont subdivision for H. W. Robertson, and he is working on plans for a residence at the corner of Hall and Mill streets for R. H. Ewert.

SEVEN BRIDGES WASHED AWAY

Many Logs Carried Down Moyie River—Efforts to Save Bridges of No Avail.

(Special to the Daily News.)

CRANBROOK, B. C., May 29.—The rivers around Yahk, west of here have risen to an alarming height. Much damage has already been done. No less than seven bridges, the trackage and a large number of logs belonging to the King Lumber company have been washed away, the latter disappearing down the Moyie river. Quantities of logs were piled on the largest bridges in an effort to hold them from being washed out, but to no avail. The mills have been compelled to close down and telephone linemen report that people are moving about on rafts. Not being able to get logs, the King mill here have laid off a number of men.

KING WILL REVIEW MERCHANT SHIPPING

(By Daily News Leased Wire.)

LONDON, May 29.—As foreshadowed by the Canadian Associated Press some weeks back, King George has now definitely decided to hold a review of merchant shipping in the Mersey, when visiting Lancashire in July.

BOY DROWNED; FATHER ESCAPED LIKE FATE

PORT ARTHUR, Ont., May 29.—Arno Kakeke, a boy aged eight, was drowned while bathing in an abandoned quarry in the city limits. His father was saved by others with difficulty when he jumped in to recover the body, being unable to swim.

HEARTY RECEPTION TO MEMBERS

Member for Kootenay and Member For Victoria Greeted By Enthusiastic Throng.

(Special to The Daily News.)

VICTORIA, B. C., May 29.—G. H. Barnard, M.P., and R. F. Green, M.P., were accorded a hearty reception this evening on their arrival from Ottawa. They were met by Sir Richard McBride and other prominent men in the Conservative party. Accompanied by a band, a procession of automobiles and carriages were formed which passed through the city to the front of the Colonist building, where a number of speeches were delivered. Mr. Green spoke on the ample recognition accorded the west by the Dominion government which, he said, was fully alive to the great and growing importance of this section of the country. He deplored the senate's attitude toward the naval contribution bill, but said that Canadians were ready at any time to support the policy enunciated by Mr. Borden. Several thousands attended the reception.

ATTENDANCE WILL TOTAL NEARLY TWO THOUSAND

(By Daily News Leased Wire.)

WINNIPEG, May 29.—The movement of delegates to the Presbyterian general assembly, Women's Foreign Missionary society and the Women's Home Missionary society, in connection with the Presbyterian church, being held at Toronto from June 4 to June 13, is the largest movement of representative Presbyterians to a convention that has ever occurred in Canada. It is expected the total attendance will be near 2,000.

Arctic Explorer Leaves To Join Ship At Coast

(By Daily News Leased Wire.)

OTTAWA, May 29.—Vaalhjmar Stefansson, who will head one of the largest expeditions into the Arctic regions to try to discover new territory measuring nearly a million square miles in area, believed to be a suburb or subdivision of the North Pole, for the Dominion government, left Ottawa tonight en route to join his ship, the Karluk, at Esquimalt, B. C., which will sail for the frigid zone between the fifth and tenth of June. He said good-bye to his friends in the city, and will not see them again for three years and a half, as he intends to be away on his voyage until November, 1916. He will spend tomorrow in Toronto consulting with scientific friends there. In the evening he leaves for Winnipeg, where he will address the Canadian club before he goes to see his mother at Saskatoon.

About two days will be spent there, and then he goes through to the coast. "Good-bye," he said to the newspapermen, "I hope to see you and give you a good story in November, 1916. It is not likely that much will be heard from us for a long time after we leave Esquimalt."

A conference took place today between Dr. Thompson, member for Yukon, Mr. Macgrath, one of the Canadian members of the International Waterways commission, and Mr. Stefansson, at which they agreed on terms of a memorandum which will be submitted to the government advocating a system of wireless telegraphy connecting Dawson and the Yukon and Mackenzie river districts with the rest of the Dominion. The memorandum will outline a plan for keeping the far northern districts in constant touch with other parts of Canada.

TWO HUNDRED AT CONVENTIONS

Liberals Welcomed by Mayor of Revelstoke

SENATE'S ACTION IS APPROVED

Delegate Objects to Domination of Old Warhorses at Coast

(Special to The Daily News.)

REVELSTOKE, B. C., May 29.—The first day of the provincial Liberal convention found some 200 delegates assembled in the tastefully decorated opera house auditorium. When the chairman called the meeting to order at 2:20 p.m. the convention commenced with H. C. Brewster, the president, on the platform, supported by some 20 members of the British Columbia executive. After the strains of the national anthem had died away Mayor T. Kilpatrick of Revelstoke delivered an address of welcome to the assembled delegates on behalf of the citizens of Revelstoke, referring to the position of Revelstoke as among the most central and convenient for provincial conventions, an advantage that has been used to considerable extent during the past few years. He thanked them for choosing the city for their place of meeting and extended to them the freedom of the city.

H. C. Brewster briefly thanked the mayor and citizens for their hospitable welcome.

The convention then began business. Prominent members of the executive, including Duncan Ross, John Oliver, Ralph Smith and M. A. McDonald, spoke. Mr. Ross devoted most of his speech to an eulogy of the action of the senate for referring the naval bill to the people. John Oliver expressed his strong sympathy to the proposal to send a resolution by telegram to Sir George Ross, endorsing the stand of the senate majority. Ralph Smith spoke as an Englishman. He was strongly in favor of the Laurier Canadian naval policy. M. A. Macdonald was fully in accord with the action of the senate. Other speakers were S. S. Taylor and F. T. Congdon, as well as Capt. Worsnop, Kamloops. Provincial Organizer W. W. Baer also spoke, as well as several others. The convention unanimously decided to send a telegram tonight complimenting the senate.

A resolution was passed of condolence with the relatives of the late F. J. Dean, late member of the provincial Liberal executive.

After the speeches the credentials committee reported the delegates of various district seated as follows: Alberni, 5; Cowichan, 2; Chilliwack, 2; Cranbrook, 5; Comox, 3; Dewdney, 3; Delta, 4; Vancouver, 40; Victoria, 22; Saanich, 4; Islands, 2; Nanaimo, 4; Kaslo, 1; Nelson, 9; Greenwood, 2; Ymir, 4; Rossland, 1; New Westminster, 6; Esquimalt, 1; Newcastle, 1; Kamloops, 5; Yale, 4; Revelstoke, 10; Richmond, 1; Okanagan, 6; Skeena, 3. Total delegates present, 157. Total proxies, 124.

The meeting was declared open to the press. The platform committee and resolutions committee were then struck. An amendment that F. C. Wade, K.C., of Vancouver, be omitted from the second committee was strongly supported by Delegate Worsnop of Kamloops on the ground that the Liberal party had in the past been run too much by old war horses at the coast to the ignoring of new blood coming into the province. John Oliver discouraged the motion, describing it as a "storm in a teacup," and did not like the imputation that they acted from sectionalism or prejudice against the newcomer. The difficulty was finally met by adding the names of Messrs. Hamilton of the Islands and Mr. Worsnop of Kamloops to the resolution committee. E. S. Woodward of Victoria, speaking to a resolution moved by John Oliver, was of the opinion that the platform should be boiled down, and this led to a long discussion on points of order.

The convention then adjourned till 8 o'clock this evening.

TO RECEIVE INCREASED GOVERNMENT GRANT

(By Daily News Leased Wire.)

OTTAWA, May 29.—Election of officers of the Royal Society of Canada took place this afternoon and resulted as follows: President, Dr. F. D. Adams, dean of the faculty of applied science of McGill university; vice-president, Sir Adolph Bouthier, Quebec; honorary secretary, Duncan C. Scott, Ottawa; treasurer, Lawrence M. Lambe, Ottawa; librarian, D. B. Dowling, Ottawa.

It was announced that the government grant toward the expenses of the society had been increased from $5,000 to $8,000 yearly.

JURY ASKS THAT EXTREME PENALTY BE IMPOSED

(By Daily News Leased Wire.)

REGINA, May 29.—Guilty of manslaughter, with a recommendation that the extreme penalty be imposed, was the verdict returned this afternoon in the case of Fred Gordell, charged with the murder of Frank Schatowski in the east end last November.

AMERICAN LINER RUNS ON ROCKS

Giant Tugs Rush to Rescue--Passengers Saved

DENSE FOG WHEN STEAMER STRIKES

Ship Pulled Off Rocks--Utility of Wireless Is Demonstrated

(By Daily News Leased Wire.)

QUEENSTOWN, May 29.—The American line steamer Haverford, which sailed yesterday from Liverpool for Philadelphia with 134 cabin and 850 steerage passengers aboard, went on the rocks west of Corks head this afternoon while feeling her way cautiously in a dense fog. The wireless again demonstrated its efficiency and by its aid what might have been a great disaster was averted. Her position and needs were explained. First aid, in the form of great tugs which ply between the port and passing liners with passengers and mails, went to the rescue as fire engines respond to an alarm. Before dusk all the passengers with light baggage had been safely landed at this harbor. The company has arranged to forward them to their destination. When the last passenger was taken off there was 15 feet of water in the forehold of the vessel. Most of them thought that the position of the Haverford was hopeless because of the big hole in the forward compartment, but shipping men are more optimistic and an attempt will be made by the aid of powerful tugs to tow her off at high tide.

The admiralty station received the first message of distress, which it transmitted to the American line offices and at the same time despatched the big government tugs Hellespont and Stormcock to the liner's aid. There was considerable anxiety aboard the American liner, as she was in a dense fog, but nothing resembling a panic. The officers wasted no time and soon had 400 of the passengers aboard the tugs. Quarters were found for the shipwrecked people, the cabin passengers being housed at the large hotels and the steerage passengers in the smaller hostelries. The captain and crew remained on board.

Saved Bulldog.

The heavy baggage of the passengers is likely to be lost if the ship founders. When the passengers were ordered to leave the boat one woman passenger refused to leave until her bulldog was brought up from below. The cabin passengers were mainly English. Arrangements have been made whereby the passengers may resume their voyage on Sunday.

The dense fog has resulted in the delay of several liners. The Oceanic, due here at 10 o'clock this morning, did not arrive until 3 p.m. She sailed again at 9:50. The Adriatic, due at midnight, may not attempt to land her passengers, but probably will proceed direct to Liverpool.

Pulled Off Rocks.

The steamship Haverford was pulled off the rocks by the government tug Hellespont and three Clyde tugs at midnight and towed here. She is anchored outside the harbor.

CATTLE DRIVEN ACROSS LINE

Feud Between Homesteaders and Stock-Raisers—Large Gang Rounds Up Cattle—Heavy Loss.

LETHBRIDGE, Alta., May 29.—Long standing trouble between homesteaders and large stock raisers south of Magrath came to a climax on Wednesday night, when about 3,000 head of cattle and horses were rounded up and driven across the border into Montana. Homesteaders declare the affair was pulled off by Blood Indians who are said to bear a grudge owing to two of their number having been sentenced for horse stealing. The homesteaders, however, have been so enraged about the stock ranging over their crops that they are considered fully capable of the deed. Evidently a large number of men took part in the roundup, and the owners are getting the mounted police to investigate. The heavy losers are said to be the McIntyre and Page companies.

RAILWAYS ORDERED TO END DISCRIMINATION

(By Daily News Leased Wire.)

Regina, May 29.—The stand taken by the Regina board of trade in its fight against discrimination in freight rates received the endorsement of the railway commission at its sitting today and Chairman Drayton in a masterly summing up ordered the railways against whom the board of trade had recently obtained a decision, to cease the alleged discrimination, or at the earliest possible moment provide him with good reasons for continuing it by answering the arguments of H. G. Smith, president of the board of trade. City Solicitor Grove made application for a third city subway, this one to be under Winnipeg street.

There Is Nothing in the Advertising That Isn't in the Oil

V-V-
VITTUCCIS VIRGIN
O-O-
OLIVE OIL

Stands for the best Olive Oil that modern methods can produce from the famous Olive Groves of Northern Italy.

Try a can or bottle. If you find anything in our advertising that isn't in the oil; if for any reason whatever you do not like V.V.O.O.—the dealer from whom you bought the oil will refund your money.

Look for the trade-mark on the can or bottle, and remember that V.V.O.O. is never sold in bulk; that it has hosts of imitators, and that it is the best Italian Olive Oil that can be produced.

NEW MEMBERS OF ASSOCIATION

Conservative Association of Gray Creek Passes Resolutions—Wants Better Transportation Service.

(Special to The Daily News.)

GRAY CREEK, B. C., May 29.—A general meeting of the Conservative association was held on Monday evening. Vice-President Sir John Eardley-Wilmot was in the chair and a considerable amount of business was transacted. H. E. Croasdaile, E. Richardson and D. Birkbeck were elected members.

The following resolutions were unanimously agreed to and will be forwarded to the proper quarters:

To the forestry department: There being many hundred million feet of *timber within a 10 mile radius of this* district, the members of this association request you to favorably consider putting in a telephone system for efficient protection against fires."

New game law: "This association approving the introduction of an efficient system of game protection yet wishes to place on record requests that settlers in their own district shall have the right to trap and shoot vermin at all times without license.

"In districts seven miles from a butcher store permits be granted to settlers with or without license to kill for meat for their own use in season; wearing a badge shall not be compulsory in a settlers home district."

Boat and mail service: "This association strongly protests against the present irregular boat and mail service and requests that there be a regular mail service arranged and observed and a boat service to enable settlers to go into Nelson and return on the same day at least once a week. Further, that there be a reasonable fare to Crawford Bay and through fares to Kootenay Landing and Riondel."

H. E. Coasdaile and his daughters are expected here shortly.

Some hundred grayling were taken on Sunday by H. C. Haddon and W. Oliver. They appear to be travelling south.

SYRINGA CREEK NOTES

(Special to The Daily News.)

SYRINGA CREEK, B. C., May 29.—The Empire day picnic was held at the school house, 28 people being present. There were races and many other sports. After tea songs were sung by young and old.

Mrs. George Payne and Miss E. E. Payne have returned from Revelstoke where they were visiting friends.

BRITISH COLUMBIA HORSES FOR WINNIPEG SHOW

(By Daily News Leased Wire.)

WINNIPEG, May 29.—Thirteen British Columbia horses, all of which will be sent in the ring at the amphitheatre in various classes next week, high jumpers, hunters, saddlers and jumpers, arrived in the city yesterday after a tedious journey. Eleven of the horses are from the stables of Col. McRae of Vancouver, but formerly of Winnipeg, while the list is completed by single horses belonging to A. A. Doyle and J. A. Caldwell.

IMPERIAL COURT WANTED SAYS JOSEPH MARTIN

(By Daily News Leased Wire.)

LONDON, May 29.—The appellate jurisdiction bill is having a somewhat smooth passage through the imperial parliament. Last night the house agreed to the second reading of the bill by the overwhelming majority of 276. Among the 20 who formed the minority was the Canadian lawyer, Joseph Martin, who raised the objection that the *dominions had not asked* for the two extra lords the bill was to provide. What the dominions really desired he said, was an imperial court. There was enough judges in the house of lords. P. C. Macmaster also thought that on the limited lines proposed by the bill the strengthening of the present judicial committee was unnecessary. If an imperial court were established in the future, then he agreed that the committee would require strengthening from the best legal talent of the empire.

COUNT AND PRINCESS MUST GO TO JAIL

(By Daily News Leased Wire.)

PARIS, May 29.—Princess de Puzyna of Polish extraction, was yesterday sentenced to imprisonment for one year and Count de Zbanski for two years by the correctional court, for forging pawn tickets. The evidence showed that they had pawned an article for four francs and had then skilfully altered the amount on the ticket to 14,000 francs and sold it to a broker. Count de Zbanski said that swindling was sport for him, as it enabled him to befriend the poor. He declared that he was not only a great chemist, but a philosopher whose works would revolutionize humanity. His statement was so extravagant that the court first doubted the counts sanity and called in a specialist who, however, certified that Zbanski was responsible for his act.

Most Inviting at all times is a cup of Delicious "SALADA" TEA. That is on account of its inherent goodness of Quality.

In Sealed Lead Packets Only.

Black, Green and Mixed.

BRITAIN WILL RETAIN CHERISHED MONUMENTS

(By Daily News Leased Wire.)

LONDON, May 29.—The ancient monuments bill which empowers local authorities to acquire ancient monuments within their jurisdiction, passed the committee stage in the house of lords last night. Though nothing was said about American dollars, the object of the bill is to prevent cherished relics being sent out of the country.

KING AND QUEEN HOME AGAIN

Welcomed by Duke and Prince Arthur of Connaught—Greeting From Waterplanes

(By Daily News Leased Wire.)

LONDON, May 29.—The King and Queen returned to London last night from Berlin and were received with an enthusiastic welcome by large crowds. They were met at Victoria station by the Duke of Connaught and Prince Arthur of Connaught, both of whom kissed the Queen. Sir Edward Grey was also present. A picturesque feature of the return was the welcome to the monarchs by a naval waterplane and a biplane which flew from Eastchurch to meet the royal yacht at the Nore and there at a height of several hundred feet made graceful curves around the vessel.

MORE STRIKES IN ENGLAND

Unskilled Workers Demand Minimum Wage—Carters Strike Leads to Conflicts With Police

(By Daily News Leased Wire.)

LONDON, May 29.—After a period of calm the English industrial world is disturbed by a series of extensive labor disputes which have broken out in the midlands. The unrest takes the form generally of a demand for a minimum wage by the unskilled workers. Nearly every case of strike was begun without giving notice to the employers. It is estimated that 40,000 are on strike or locked out. The carters strike at Bradford led to several exciting conflicts with the police. The movement in the Black county has assumed large proportions spreading to other industries. The labor leaders say it is the intention to make the strike a national one.

GROWTH SO RAPID IS ALMOST VISIBLE

(By Daily News Leased Wire.)

WINNIPEG, May 29.—According to reports from 218 towns in the prairie west the average height of the wheat is three to four inches and progress is fair since farm weather came, 75 per cent of oats and barley being seeded and 50 per cent of these grains are up. Not more than 25 per cent of flax acreage is seeded. Fully 178 points report an abundance of moisture, nearly all of them having had heavy rains on the 23rd, 24th and 25th of this month. Thirty points report that rain would be desirable and 18 points report that rain is badly needed. The weather is now reported warm over the entire wheat belt and the progress since the rain and warmth set in on Ma y 23 is very marked.

A number of points report that growth is now so rapid that it is almost possible to see it.

ITALIANS STIRRED BY BLOODY DEFEAT

News of Disasters Reaches Italy — Indignation Aroused by False Official Reports

(By Daily News Leased Wire.)

LONDON, May 29.—The story of a bloody defeat of the Italian army by Arabs before Derna on May 16, has been finding its way to Italy and has led to stirring protests in parliament while creating a sense of deep humiliation throughout the country. The first official announcement which reached Rome on May 18 recounted the affair as an Italian victory. Gen. Gambretti's troops had occupied the enemy's strongly held trenches after a sharp fight at Sidi Garba, and Ras El Ain. While the troops were resting the Bedouins delivered another vigorous attack which ended in their retreat on the entry of Italian reserves and at eventide the Italian troops had re-entered Derna in an orderly manner.

Later came tidings of 82 killed and 247 wounded. Two more days passed before the correspondents were allowed to cable anything. Through their narrative and from letters sent home by survivors as well as from the lips of 17 officers and 531 men whom King Victor Emmanuel went *down to cheer and interview on their* arrival in the military hospital ship at Naples, the real truth is becoming known.

Yesterday, the Rome Journal Lavanti, protesting against the lying official reports relative to the number of dead and wounded and those made prisoners, presented documentary testimony on which it challenged denial, that 400 were killed, more than 700 wounded and more than 100 others including many officers, were taken prisoners by Arabs. Many men wounded were abandoned on the field. The government concealed the fact. Besides these losses, more than 300 Ascari colonials perished or fell wounded. The 10th infantry regiment alone had 350 casualties. Only 12 officers of the artillerymen survived and their guns fell into the enemy's hands. Practically all of the officers and men of the corps were piled in heaps, dead and dying around their guns.

ARTIST'S CHILDREN BADLY BURNED

(By Daily News Leased Wire.)

LONDON, May 29.—The two babies of Julian Story, the American portrait painter, had a narrow escape from death by burning, here yesterday. Their nurse went off for a holiday, leaving the little boy and girl, 18 and nine months old, respectively, in the care of a substitute. The acting nurse was adding oil to a light in the stove when the can exploded. Both children were severely burned on their faces and arms. Only the presence of the artist prevented the nurse from being burned to death. Mr. Story's hands were badly burned.

FAILS TO WIN SUIT FOR INFORMER'S DAMAGES

(By Daily News Leased Wire.)

LONDON, May 29.—Oswald Vernon Forbes failed to win his suit against Stuart Samuels of the banking firm of Samuels, Montague & Co., who lost his seat in parliament for having been directly concerned in his firm's silver deals with the Indian government. Mr. Forbes claimed $22,500, representing $2,500 for every day that Mr. Samuels sat in parliament illegally. He reduced this claim to $15,500, but the judge said that the action was based on the wrong statute and moreover, there were two other earlier actions of the kind against Mr. Samuels and therefore he ruled against that brought by Forbes.

TRIAL OF JOURNALIST FOR DEFAMATORY LIBEL

(By Daily News Leased Wire.)

LONDON, May 29.—The trial was held at the Old Bailey yesterday of Cecil Chesterton on charges of publishing defamatory libels in the Eye Witness and the New Witness regarding Godfrey Isaacs, managing director of the Marconi company. H. Samuels, the postmaster-general, was cross-examined by Rigby Swift, K.C., who asked whether Mr. Isaacs wanted to be kept secret the clause by which the government could end its agreement with the Marconi company at the end of 18 years. "No, I don't think it was that clause," replied Mr. Samuels. "The clause he wanted kept secret was the one by which we could terminate the agreement at any time and cease to pay royalties by ceasing to use the Marconi patents. I never assented to this being kept secret, and he withdrew his requests."

PRINCE PAYS VISIT

(By Daily News Leased Wire.)

LONDON, May 29.—The Prince of Wales made a surprise call on Early Spencer at Althorp Park yesterday in his automobile. Before returning the prince dispensed with his driver and took Lady Adelaide Spencer, Lady Lavina Spencer and the Hon. Cecil Spencer for a ride.

ARRANGE TRACK AND FIELD MEET

Y.M.C.A. Physical Director Looks for Successful Morning's Sport on Dominion Day.

Already the physical department of the Y.M.C.A., in whose hands the program of senior and children's field sports for the morning of Dominion day, July 1, has been left, has commenced to arrange for the events. This evening there will be a meeting of the Y.M.C.A. track and field club at 8 o'clock in the association building, when the advisability of a track and field meet will be discussed. All interested in this branch of athletics in the city are asked to turn out and be ready with suggestions as to the program for the day.

Two successful field days have already been held by the Y.M.C.A., which have proved highly satisfactory both in regard to the time made by the competitors in each of the events and as to prizes.

From all appearances, says James Thompson, physical director of the institution, there is plenty of material in the city at present to provide for a most successful field meet, and it only remains for that material to get out and boost the sport in the city.

Mr. Thompson has interviewed Principal Martin of the public school, Miss A. R. Ross, principal of the Hume school, and Mrs. Armbrister of the Westward Ho school as to arranging for the children's festival of fun, May pole dance and other events, and expects that hearty co-operation will be given these sources in the arranging of a splendid program.

GIANTS WIN EXCITING FOURTEEN-INNING GAME

(By Daily News Leased Wire.)

NEW YORK, May 29.—The Giants broke the Philadelphias' winning streak today, the locals winning an exciting 14-inning game, 7-6. Fletcher's long hit over Magee's head in the 14th drove in Shafer with the winning run. Shafer had singled with one out. These were the only hits made off Seaton, who pitched the last six innings for Philadelphia. The defeat was Seaton's first this season, the score being a tie when he went in. The Philadelphias threw away many chances earlier.

HOME RUN HIT IN NINTH GAVE VICTORY TO PIRATES

(By Daily News Leased Wire.)

PITTSBURG, May 29.—Hyatt's home run hit over the right field boards, the longest in the history of Forbes field, resulted in two runs in the ninth inning today and tied the score with Chicago. A single, a double, bases on balls and a long fly gave the Pirates the winning run.

RAIN STOPPED GAME WILL BE PLAYED SATURDAY

(By Daily News Leased Wire.)

BOSTON, May 29.—Rain stopped the Brooklyn-Boston game at the beginning of the third inning today with the score Boston 2, Brooklyn 0. With Mann on first base, Devlin batted over the right field fence for a home run in the second. Two games will be played Saturday.

REDS WIN OPENING GAME WITH CARDINALS

(By Daily News Leased Wire.)

ST. LOUIS, May 29.—Cincinnati won the opening game today. The home team used four pitchers, the visitors three, and all were hit freely and were inclined to be wild. Johnson relieved Packard for Cincinnati in the fourth with none out and the bases full. He walked one, struck out one, allowing one hit, and then forced the side out on a double play. He was relieved by Brown in the seventh.

TIMELY HITS BY BAKER WON FOR ATHLETICS

(By Daily News Leased Wire.)

PHILADELPHIA, May 29.—Frank Baker hit the ball over the right field fence in the seventh inning of today's game with New York and tied the score at five runs. In the ninth, with two out, he doubled and scored on McInnis' single, which gave the Athletics a victory of 6-5.

SENATORS CINCH GAME IN THIRD INNING

(By Daily News Leased Wire.)

WASHINGTON, May 29.—Washington scored enough runs in the third inning off O'Brien today to defeat Boston, the final score being 5-2. Mullin, making his first appearance in a home game, was hit hard and was unsteady at times, but sensational catches by the outfield prevented scores. Captain McBride was sent from the field for protesting Speaker's steal of second in the eighth.

	R.	H.	E.
Boston	2	4	2
Washington	5	9	0

Batteries—O'Brien, Leonard and Carrigan; Mullen and Henry.

WILLIAMS STRUCK OUT TWICE WITH BASES FULL

(By Daily News Leased Wire.)

CLEVELAND, May 29.—Cleveland defeated St. Louis, 6-3, in the first game of the series today, it being Falkenberg's ninth straight victory. Falkenberg was rather wild. Twice he filled the bases with two out and each time Williams struck out.

	R.	H.	E.
St. Louis	3	5	3
Cleveland	6	12	2

SENIOR BALL TEAM TO PRACTICE TONIGHT

Tonight there will be a full practice of the senior baseball team, when all the players are urgently asked to be on hand. With the warm weather here the management wishes the boys to get out and be in perfect condition, as it is expected that there will be some games in line very soon.

Some local games will likely be arranged during the next few days, when the seniors will be pitted against some of the other crack local aggregations. Tonight's practice is called for 6 o'clock sharp.

STRONG CREWS FOR COUER D' ALENE

Nelson Likely to Be Well Represented at Idaho Regatta—Boats Are Overhauled.

With the spring regatta over and a pretty good line on the boys, it is expected that T. D. Deshisay, coach of the rowing club, will have several crews in line during the coming week for each of the events in which the Nelson boys will compete at Coeur d'Alene.

It will be a ticklish proposition, say members of the club executive, to make the final choice, as the boys are showing up in splendid fashion and it is already assured that Nelson will be well represented when its crews enter into the boats at Coeur d'Alene lake.

During the past few weeks mechanics have been busy making alterations and improvements to the facilities at the clubhouse and everything there is now in splendid shape.

Both the four-oar and double shells have been overhauled and are now in ship shape, and it is expected that the aspirants for places on the representative crews will now practice in those shells. Each day will probably see two crews out on the water under Mr. Deshisay's watchful eye, and interest will be very keen in the club circles as to the showing being made by the boys.

SWIMMING CLASS AT Y.M.C.A. PROVES SUCCESS

The swimming class which has been conducted during the past month at the Y.M.C.A. for junior members has been a huge success and at the request of the parents of the youngsters taking part in the class James Thompson, physical director of the institution, has decided to continue the classes for another month. There are 20 children at present enjoying the benefits of the class, and this number is expected to be augmented with the prolonging of the work.

Of the 20 taking part already over 50 per cent have reached the swimming stage and are fast becoming adepts at the art.

SASKATCHEWAN CRICKETERS TO MEET AUSTRALIANS

(By Daily News Leased Wire.)

PRINCE ALBERT, Sask., May 29.—Following is the team selected today to meet the Australian cricketers here June 6 and 7, the team to be called the Saskatchewan eleven:

Kenneth Weaver, Prince Albert (captain); R. W. Kirby, Prince Albert; F. W. Cheney, Prince Albert; J. Gardiner, Prince Albert; R. Edwards, Regina; E. Hartley, Regina; R. E. Raton, Qu'Appelle; M. C. Hegg, Saskatoon; W. B. Wakely, Saskatoon; L. Howell, Moosomin; J. Heathcote, Indian Head.

Reserves: R. L. Challoner, Indian Head; F. A. Smith and E. Bagshome, both of Prince Albert.

The team will journey to Saskatoon and meet the Australians Thursday morning, returning here, nearly 100 miles, by motor.

HIGH AND PUBLIC SCHOOLS CLASH THIS AFTERNOON

This afternoon at 4:30 o'clock the High School and Public School junior baseball teams will clash in the third junior league game of the season. The batteries will be:

High School—Bradshaw and Brasch.

Public School—Robinson and Lucia.

ZBYSZKO COLLAPSES IN BOUT WITH RUSSIAN

(By Daily News Leased Wire.)

NEW YORK, May 29.—Stanislaus Zbyszko, the Polish wrestler, collapsed from weakness in his bout with George Lurich of Russia, after 16 minutes and 20 seconds wrestling at Madison Square Garden last night. The Pole entered the ring with his head swathed in bandages as the result of an injury received in his match with Constant Le Marin at Montreal last Saturday night. After a minute's wrestling the bandages came off showing a wound over the left temple. Zbyszko remained on the defensive throughout until his collapse. The referee, Charley White, refused to let the men continue. After several minutes rest the Pole was able to walk to his dressing room. Vlack Zbyszko his brother, threw Paul Sampson of Germany with a body hold in 34 minutes.

NANAIMO DEFEATS VANCOUVER IN FOOTBALL MATCH

(By Daily News Leased Wire.)

VANCOUVER, May 29.—Nanaimo drew first blood in the people's shield championship soccer tournament at Athletic park this evening, when they defeated the Vancouver Thistles by a score of 1-0, in what proved to be the most stubbornly contested and best played football game on the local grounds this year.

FORMER NELSON MAN IS NOW STAR

Wilson Member of Crew Which Carried Off Four Event at Winnipeg Regatta.

According to Winnipeg papers, S. H. Wilson, formerly of Nelson and now of Winnipeg, was a member of the crew which captured the four event at the spring regatta of the Winnipeg Rowing club. Mr. Wilson was formerly clerk in the Strathcona hotel of this city and later accountant in The Daily News office. Here is what a Winnipeg paper says about the spring regatta of that club:

The spring regatta of the Winnipeg Rowing club was won on Saturday by G. D. Lynch, who stroked a crew composed of W. H. Dore, S. H. Wilson and R. H. Mulock. The same stroke won the spring regatta of 1908.

The contest was of the elimination kind, similar to the curling competitions at bonspiel time, and owing to the extraordinary number of crews entered it was necessary for the winners to take five straight heats. At other times it has only been necessary for the victorious crew to win four races, so that the regatta resolved itself into a test of endurance. The course was a half mile with turn, and the fact that the final heat was negotiated in 3.27, one of the fastest of the day, shows that the crew stroked by Lynch was right on edge.

Even at that they had to go some to win, and only nosed out at the finish by a scant half length over the crew stroked by Fred Fraser. It was an exhausting, heart-breaking race from *start to finish, and within a few yards* of the finish it was hard to tell who would win. The regatta developed a "find" in young Fraser, who stroked a crew for the first time in any competition. His crew, composed of J. G. Morrison, A. F. Harvey and O. Turnbull, made the most consistently fast time of the day. They, too, were obliged to row five heats, the last three of which were timed at 3.27 flat, the first in 3.25 and the second in 3.28 minutes. Before racing the final the Fraser crew had just won a hard race from Marsh Baker, winning by a length, while the Lynch crew won its semi-final so easily from Charlie Belcher that it took its own gait for the last part of the journey.

The winners of the regatta made the fastest time of the day, doing the half-mile in 3.22 in its first heat with a crew stroked by Harold Riley. This was one of those exciting neck-and-neck contests to the finish. In the final heat, the Lynch crew caught the wash from a large launch just before reaching the turning buoy and were thus handicapped slightly. Two of the Lynch crew, namely, S. H. Wilson and R. H. Mulock, who rowed bow, steering an excellent course, are rowing for the first time this year, but W. H. Dore, also a new member of the club, and who rowed third, had previous experience at Fort William. The winners carried off the C. F. Bunnell challenge cup, which with four individual silver tankards finely engraved was presented to them by J. H. Turnbull. The crew received the silverware from the hands of Mrs. Frank Carruthers.

FAVORITE'S PRICE EASIER

(By Daily News Leased Wire.)

LONDON, May 29.—On reports that he is a little amiss the Derby favorite Craganour has gone out in the betting to 5 to 1, at which price Shogun is also quoted. The French candidate, Nimbus, is at 7 to 1; Lord Rosebery's filly Prue, 20 to 1; Bachelor's Wedding, Sun Yat and Radiant, 25 to 1, and Rock Flint, 50 to 1.

CITY LEAGUE SOCCER MATCH IS POSTPONED

Owing to the fact that there is a district league football game scheduled for Tuesday next at Trail, the city league game between the City and R. M. R. elevens has been postponed from Monday until Thursday evening. Already the selection committee is busily at work picking the team which will represent Nelson at Trail on Tuesday, the King's birthday, and it is expected that the strongest team that has yet represented the city in the "big" league will be gathered together to meet Trail.

PITTSBURG MAN KNOCKED OUT IN SECOND ROUND

(By Daily News Leased Wire.)

PITTSBURG, Pa., May 29.—Mike Gibbons knocked out Jimmy Perry of Pittsburg in the second round of a six-round bout at Exposition park here tonight. In the second round Gibbons dropped Perry for the count of nine with a hard right to the jaw. Gibbons put Perry down again for a count of six. Immediately afterwards Gibbons put a left hook to the jaw and Perry went down and out.

You millions whose corns have been ended by Blue-jay—won't you please tell others?

Tell how the pain stopped instantly. Tell how the whole corn, in 48 hours, came out.

You suffered no pain, no discomfort whatever. Tell these facts to others.

For millions of others are still paring corns. Or they still use old-time treatments. And the same corns continue, sometimes for years.

The facts, when we tell them, seem too good to be true. Yet every corn in existence could be ended this week if all folks knew Blue-jay as you do.

Help us let them know.

A in the picture is the soft B & B wax. It loosens the corn.
B stops the pain and keeps the wax from spreading.
C wraps around the toe. It is narrowed to be comfortable.
D is rubber adhesive to fasten the plaster on.

Blue-jay Corn Plasters

Sold by Druggists—15c and 25c per package
Sample Mailed Free. Also Blue-jay Bunion Plasters.

LEGAL AND OFFICIAL ADVERTISING

Effective on and After Jan. 1, 1913.

Legal Advertising (includes municipal and government notices)—12 cents per line for the first insertion, and eight cents per line for all subsequent insertions.
In certain cases, however, for the convenience of the public, flat rates have been set, as follows:—

Applications for Liquor Licenses:—Once per week for four weeks, $5; daily for month, $30.

Applications for Transfer of Liquor Licenses:—Once per week for four weeks, $7.50; daily for month, $45.

Land Purchase Notices:—Once per week for 60 days, $7.

Land Lease Notices:—Once per week for 60 days, $7.

Certificate of Improvement Notices:—Once per week for 60 days, $12.50

Delinquent Co-ownership Notices:—Once per week for 90 days, $25.

Duplicate Certificate of Title Notices: Four insertions, $8; eight insertions, $14.

Water Application Notices:—Four insertions up to 100 words, $6; over 100 words in proportion.

Where any of the above applications contain more than one application or notice, each application or notice will be charged for as a separate advertisement.

FRIDAY, MAY 30.

CANADA'S ARCTIC EXPEDITION.

The good wishes of Canadians will follow the expedition to be led by Vaalhjmar Stefansson into the far north. In many respects the expedition will be unique. It will be the best equipped expedition ever despatched to the Arctic regions, and it is likely to exceed all records in the length of time during which it will remain away from civilization. Mr. Stefansson has already left Ottawa, and the Karluk, the ship which carries the party to the north, is expected to leave Esquimalt early next month, while the return to civilization is not expected to be accomplished, under most favorable circumstances, until November, 1916.

The results of the long journey into northern regions will be watched with peculiar interest by Canadians, owing to the fact that Canadian territory is to be explored, and because the expedition will be financed by the Canadian government, under whose auspices the work will be undertaken.

The results of the expedition may be expected to be of a substantial and permanent nature. Knowledge will be obtained of the character and economic possibilities of Canada's northernmost regions, and scientific data of the utmost importance is likely to be obtained. It is probable it will also lead to the establishment of permanent wireless communication between the outside world and the frontiers of civilization, and will be the preliminary step toward the development of whatever natural wealth the districts explored may be shown to possess.

A NEW FRUIT DISEASE.

Science, or rather its synonym, knowledge, is rapidly transforming all branches of industry. The agriculturist, long the most conservative of workers, has learned that the patient worker in the laboratory with his test tubes and his microscopes and his apparently futile experiments is really contributing far more in aid of profitable cultivation than has resulted from generations of rule-of-thumb methods. In earlier days blight and mildew and rot were usually attributed to adverse natural conditions—cold or wet or drouth. Today it is known and demonstrated that many of these plant and fruit destroyers are due to preventable agencies.

In the weekly report of the Dominion Department of Trade and Commerce, the commissioner at Bristol reports that a new fruit disease has been discovered. It accounts for the discoloration and blackening of pear blossom and foliage often observed in the spring. This, hitherto regarded as the work of frost or cold wind, has now been traced to a bacillus for which an antidote is now being sought. The organism responsible for the disease has been isolated and its attacks are not limited to pear trees. The commissioner remarks that the particulars will likely be of considerable interest, not only to Canadian fruit growers, but also to those who are carrying on experimental work at various points throughout Canada.

What the Press Is Saying

A Prolific Pair.

Without adding another word to the one supreme topic now before the American people—the excessive cost of living—consider for a moment the case of Jean Pierre Bossu and his brother, Claude. These Frenchmen live in a small village on the Loire. Between them they have 53 children. Jean has 30 children, Claude 23 children. Claude has been married twice, and his first wife had triplets on three occasions. These men have worked all their days on a patch of ground, and their average earnings have not exceeded 15 cents a day, American measure of money.—Detroit Free Press.

A Chance for Adoption.

Oxford undergraduate scholar, who is tired of being poor, wishes to be adopted by wealthy people.—London Times.

Women and Wages.

If women insisted on the same rate of payment as men, their competition in the labor market would not be so unfair as it now is to the latter. If women were not ready to sell their talents and energies for starvation wages, men might succeed in obtaining higher wages. And then perhaps women would not need to enter the labor market at all.—Clarion.

Cold Storage

"I want you to know that I am happily married."

"And your husband, is he?"—Boston Transcript.

"Let me go on the junkets of a country," says Senator Wombat, "and I care not who makes the laws."—Louisville Courier-Journal.

First Coal Mine Owner—"Isn't it about time to advance the price of coal 25 cents a ton?"

Second C. M. O.—"Just about."

"Then make arrangements to bring on another strike."—Life.

Boss—"Where's Jones? His vacation is up this morning."

Fellow Clerk—"It was, sir; but he telephoned that he would have to ask for a few days to rest up before he could possibly go back to work."—Judge.

"Eight hours' work is enough for any man," said Farmer Corntossel.

"Yes," replied his wife, as she dropped an armful of stovewood on the floor; "the question is, how are you going to get any man to do that work."—Washington Star.

"I have a message for the world," said the gloomy individual on the platform.

"Before you go any further," spoke up a man in the rear of the hall, "please tell us whether or not your message is prepaid."—Washington Age-Herald.

Mother—"Well, dears, did you meet any one you knew?"

The Three Children (who have just returned from the morning walk)—"Yes; Ruby and Derek."

"Where did you meet them?"

Barbara (the youngest)—"At the same place as we was."—Punch.

This Day in Canadian History

It is said that Anthony Hendry, a bold and adventurous young officer of the Hudson's Bay company, and formerly a smuggler in the Isle of Wight, made "the first authenticated journey" from the Bay to Lake Winnipeg, and was the first Englishman to see "the Saskatchewan river, and the great plains of the far west." He left York Factory with a company of Indians in June, 1754, and on his return journey was entertained, on May 30, 1755, by the French officer, De la Corne, at his fort—St. Louis—below the Grand Forks of the Saskatchewan. De la Corne who was dressed "very genteel," treated the Englishman with great courtesy, even taking him into the storeroom of the fort and showing him "a brave parcel of cased cats, martens and parchment beaver. Hendry remarked that the Frenchman spoke several of the Indian languages "to perfection," and added "they have the advantage of us in every shape; and if they had Brazile tobacco, which they have not, would entirely cut off our trade." The fort was 26 ft. long by 12 ft. wide, and was divided into three rooms; one for trading, one for a store place, and the third for a living room.

The Weather

TORONTO, May 29.—Pressure is low over the whole continent and the disturbance which has moved up the Atlantic coast is centred tonight over the maritime provinces and has developed into an important storm. Rain is falling heavily in the maritime provinces and in eastern Quebec. Fair, warm weather prevails in the west.

ONE FLEET, ONE EMPIRE, IS AUSTRALIA'S IDEAL

(By Daily News Leased Wire.)

LONDON, May 29.—The Sydney correspondent of the Daily Mail wires that in future officers of the Australian navy will receive their commissions signed by the King instead of as hitherto by the Australian minister of defence. The commanding officer of the Australian naval station admits that this will give "one fleet, one empire," increased prestige, and is likely to lead to more applications for appointments of officers.

PARCELS POST BILL IS READY

(Continued from page one.)

ceived the memorial from the letter carriers last fall. He would say that the eight hour day was being enforced. True, when trains were late, it was not always possible to maintain it, but in that case there was provision for an extra allowance or for shorter hours the next day.

This was undoubtedly one of the most important points of the carriers representations to him. The matter of the weight of mail to be carried was left to the judgment of the postmasters, but the department was desirous that the men should not be overburdened. As to sick pay, they had this in all cases where the department was informed that the sickness was of a bona-fide character.

The request for a weekly half holiday had been referred to the officials department for a report, and would be considered at the close of this session. In closing his remarks, Mr. Pelletier paid a warm tribute to the faithfulness and hard work of the carriers, and said that, while not making any promises for the moment, he hoped to do much more for them in the future.

NO VOTE YET

(By Daily News Leased Wire.)

OTTAWA, May 29.—The senate continued today discussion of the naval bill, but no vote was reached.

APPLEDALE RANCHERS TO HAVE CANNING FACTORY

(Special to the Daily News.)

APPLEDALE, B. C., May 29.—The settlers here are opening a canning factory to take care of their small fruits.

The Progressive association are putting through a deal for five acres of land for recreation purposes.

Rossland News

(Special to the Daily News.)

ROSSLAND, B. C., May 29.—At the meeting of the city council last night Mayor Deschamps was in the chair and Aldermen Embleton, Armstrong, Prest, Robertson and Pitt present. The question of trading lots owned by Mr. Smith for two owned by the city was referred to a committee. It was decided to have the light which is now on the corner of Kootenay avenue and St. Paul street moved to the corner of Le Roi and St. Paul street. The tax bylaw was introduced. A letter was read from J. A. McLeod, secretary of the school board, requesting the city council to have all the titles to the school grounds registered in the name of the city, and that tenders be invited for the purchase of lots 1, 2, 3, 4, 5, 6, 19, 20, 21, 22, 23 and 24 of block 24, and the building known as the Kootenay avenue school. Mr. McLeod was requested to register the titles. A communication was read from W. K. Esling, T. H. Brown, Paulson Bros and H. T. Bilkey, property owners on Columbia avenue, east of the Knights of Columbus hall, requesting that steps be taken to provide a dry wall to retain the street and to prevent the pressure which is at present shoving the buildings down the hill. Mr. Esling, Mr. Brown and Mr. Paulson are all anxious to straighten and improve their property and it was suggested that the only way is a stone dry wall. This was referred to a committee.

The following accounts were ordered to be paid: Board of works payroll, $108.45; board of works payroll, $121.45; J. Paul, $35; civic salary list for May, $1,025; school salary list for May, $1,237.50; school salary list for May, $1,237.50; W. P. Ife, $10.50; city treasurer, $11.55; O. Savard, $45.

Mr. and Mrs. W. Wood of Patterson spent Wednesday in this city.

On Wednesday night the St. Andrew's Young People's society held their business meeting. Miss Margaret McLean was elected vice-president of the visiting committee and several new members were taken in. The meeting on Wednesday next is literary and a study of some of the authors and their works will be taken up.

Miss Stella Serphine leaves on Saturday for Cranbrook, where she will go into the hospital to train for a nurse.

Mrs. Churchill, who has been in town for several days motored back to Spokane yesterday.

Born, to Dr. and Mrs. McNaughton, at the Sisters hospital, on Thursday, a son.

Miss Tessie McDonald left today for a three months' visit to her old home in Nova Scotia.

Mrs. Skill of Trail is a visitor in the city today.

Mrs. Tyson of Trail spent the day in the city.

TIES OF BLOOD AND INTEREST

London Newspaper Advises Japan to Avoid Inciting Racial Quarrel—Admission Dangerous

(By Daily News Leased Wire.)

LONDON, May 29.—In an editorial on the California situation the Standard advises Japan to deal with the question as a purely business matter rather than to imperil sentiments of offended racial and national pride. As the allies of Japan, and the firm friends of the United States the British people would deem it a misfortune of the first magnitude if the negotiations left behind feelings of exasperation on either side.

The Standard proceeds to show that the occidental world is interested in the larger aspects of the question raised by the land law. In British Columbia no less than in California the feeling against the settlement of Asiatics is strong. The Australian democracy has its own very decided views on the subject, even if the danger of a Japanese invasion is not great. But the paper adds the precedent of unrestricted admission would be dangerous should awakening China demand the same privilege, because a Chinese is a most efficient machine and has learned through a grim struggle for existence in his own over-populated country the secret of subsisting on a minimum. "These considerations," says the paper, "should be borne in mind when the Japanese talk indignantly of the California attitude as an insult to their nation. The Japanese, if they have undergone a self-examination, must be conscious that race feeling plays no small part in their own attitude toward a foreigner. The desire to take it out of the foreigner in matters of business is confined to no one class in Japan. In no country are court judges and magistrates less inclined to show partiality and sometimes even bare justice to foreign claims. The Japanese, therefore, are advised to go slowly in making an issue of the race question which if allowed to develop, would force Japan to face eventually the united western world. It is unthinkable that Great Britain could view with indifference any disposition on the part of her present allies to attack the United States. Between the people of the great republic and ourselves there are ties of blood and common interest which could under no circumstances be disregarded."

Confides in Opposition Leaders.

(By Daily News Leased Wire.)

TOKIO, May 29.—As the result of the growing attacks by the opposition, the Japanese government today took the elder statesmen and other leaders, including Prince Taro Katsura, the former premier, into its confidence on the California question and submitted to them the text of America's reply to Japan's protest against the California Land act.

VICTORIA DRUGGIST DEAD

(By Daily News Leased Wire.)

VICTORIA, B. C., May 29.—Walter C. Goode, proprietor of the B. D. drug store at 541 Johnson street, died suddenly yesterday at the hospital after an illness lasting only since Saturday, when he was seized with parlysis. Mr. Goode, who has been in Victoria for six years, was about 50 years of age and came from Goderich, Ont.

TRIUMPH FOR WIRELESS

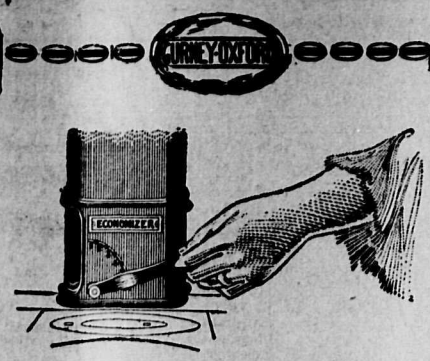
(By Daily News Leased Wire.)

BERLIN, May 29.—A new record in wireless telephony has been established in the Nauheim station. An operator there read the newspapers aloud for half an hour, his voice being heard distinctly at a series of stations ranging in distance from 375 to 425 miles, including Vienna.

PLUMBERS LOCKED OUT BRICKLAYERS ON STRIKE

(By Daily News Leased Wire.)

MOOSE JAW, Sask., May 29.—The annual readjustment in the wage scale has brought about the usual strikes in the city building trades. Plumbers in the city have been locked out, while bricklayers have gone on strike. The master plumbers and builders are standing firm as also are the men.



Control Your Coal Expenditure

In the Gurney-Oxford range you will find more exclusive features, more essential improvements that appeal to the thrifty housewife than have ever before been found in any one kitchen range.

But most important of all is the Economizer.

This clever device for regulating the drafts saves 1 ton of coal in every 6 that you would burn in the ordinary range. It takes the smell of cooking out of the kitchen and sends it up the chimney. You know what that means.

The Economizer enables you to absolutely control the amount of coal you wish to consume and still have a perfect heat for cooking. It will enable you to keep your fire going while you go out shopping or visit your neighbor, and all that is necessary for you to do on your return is to press the small lever and you are assured of a hot fire in a very few moments.

A Gurney-Oxford stove is sanitary—no dirt can accumulate on its beautifully smooth surface.

Its top is polished steel which abolishes forever that dreadful operation—blacking the stove.

Of paramount interest also are the other remarkable and exclusive attachments—the Special Grate, the Divided Flue and the Broiler.

Every woman who knows owns a Gurney-Oxford.

UNION PRINTERS OF TWIN CITIES ON STRIKE

(By Daily News Leased Wire.)
PORT ARTHUR, Ont., May 29.—The union printers of the twin cities are on strike tonight, having gone out after putting the papers on the press. The strike is the result of the failure to agree with the employers regarding the signing of a new agreement in place of that which has just expired after being effective for two years. The new agreement called for an increase in wages and changes in working conditions. It is regarded as possible that the employers may decide during the night to sign up so that the men will be at work again in the morning.

Settlement Effected.
FORT WILLIAM, Ont., May 29.—At a late hour this morning the employers and printers who had gone out on strike at 6 o'clock held a conference and a settlement was effected. The Morning Herald employes returned to work at once. It is understood that the strike at Port Arthur will continue.

YOUNG SCHMIDT RANKS AS GREAT GOLF PLAYER

ST. ANDREWS, Scotland, May 29.—Though defeated in the sixth round of the amateur golf championships today, by Harold Hilton, the famous English crack of the Royal Liverpool Golf club, W. Heinric Schmidt, the young player of Worcester, Mass., in the estimation of the British golfers, because of the plucky fight he put up, established his right to rank with "Chick" Evans and Fred Herreschoff as among the greatest young golfers America has produced. A gallery of 2,000 followed the match. In the semi-final round Hilton beat Aylmer, West Surrey, by one up, and tomorrow will play Harris of Acton for the championship over 36 holes.

WON FOUL OVER BRITON

BUFFALO, N. Y., May 29.—Jimmy Cuffy of Lockport won a foul over Jack Briton in the sixth round of a scheduled 10-round bout tonight. Briton had been repeatedly warned for hitting too low.

Leland Hotel
NAKUSP, B.C.
Why not spend your vacation at Nakusp? An ideal place to spend a week. Rowboats and motor boats for hire. Best of fishing in one of the nicest lakes in the province. For good weather and fine fishing Nakusp leads.

AUSTRALIANS DEFEAT VICTORIA

Visiting Cricketers Win Opening Game of Canadian Series—Play at Vancouver Today.

(By Daily News Leased Wire.)
VICTORIA, B. C., May 29.—The Australian cricket team opened their tour of Canada with a match against Victoria district today, winning by an innings and 89 runs. Victoria batted first, and were disposed of for 57 runs, Ackeroyd being the only batsman to make any stand aainst the deadly bowling of Macartney and Malley. The latter is a "googlie" bowler, after the style of Dr. Hardean, and is likely to be the most successful of the visitors in the attack. He has a puzzling action and breaks both ways. The Australians knocked up 222, of which Macartney made 46, J. N. Crawford, the old Surrey captain, 34 and A. Diamond 36. Victoria was dismissed in their second attempt for 76, leaving an innings and 89 runs. Tomorrow the combined clubs of Vancouver and Cowichan play the visitors and a great game will be seen.

The visitors have a strong attack, severally really first class batsmen and they field magnificently.

ENGLISH CRICKET

(By Daily News Leased Wire.)
LONDON, May 29.—Following are the lunch scores of county cricket matches started today:

Warwickshire have made a good start in their match with Surrey at the Oval, having compiled 176 runs for the loss of four wickets. Quaife, not out at the luncheon interval, has 87 to his credit.

In their match with Kent, on Northamptonshire's home grounds, they made a promising start, having put together 160 runs for four wickets.

At Gloucester, Sussex are making a poor showing against Gloucestershire, seven wickets having fallen for 191. Rolf was the principal scorer, having knocked up 68 before being dismissed.

Rhodes is playing a fine innings for Yorkshire in their game with Cambridge university at Cambridge, having scored 102 runs, not out at the interval, Yorkshire, irrespective of Rhodes' contribution, have fared none too well, five wickets having fallen for 211 runs.

Warwick continued the morning's good play in the match against Surrey, and by the close of play today had scored 325 for nine wickets. Northampton's first innings against Kent resulted in a score of 298, S. G. Smith batting in fine style to a total of 133; East contributed 43.

Though seven Sussex wickets had fallen for 191 before lunch Chaplin made a good effort to stem the losing strain, holding his wicket up for 48, the total score at the close of play being 230 for seven, a somewhat better showing. Gloucester made a pretty fair start with 42 runs for one wicket. Cambridge dismissed Yorkshire for 266, all out, Denton scoring 35 and then went into bat.

Notts made a fine start with 44, not out, the close of play being 65 for no wickets.

NELSON CRICKET TEAM TO PLAY AT REVELSTOKE

Tonight immediately after practice there will be an important meeting of the executive of the Cricket club. The club has several games in sight, including one with Revelstoke, where it expects to play on Dominion day, July 1. About the middle of July it is expected that the local club will hold its annual tournament, when the teams of the district will compete, including the Revelstoke eleven.

Sporting Comment

A full practice of the senior baseball team is called for this evening at 6 o'clock.

The N.P.A.A.O. regatta will be held at Vancouver on July 12 and 13. For this reason the Victoria Rowing club is sending one of its junior fours to compete at Coeur d'Alene instead of its senior four. The only other event in which the capital club will be represented at Coeur d'Alene will be the single sculls.

The fact that only three penalties were handed out in the first match of the season at New Westminster is worth communicating to friends in the old country.

Lester Patrick, the Victoria hockey magnate, will take a whirl at lacrosse on Saturday next. He is scheduled to referee the argument between Vancouver and New Westminster at the home grounds.

Cobb is carrying the entire Detroit team. Cobb is hitting at a .500 clip and his base running has made the American league catchers look like amateurs.

Fid Cummins, who was with Vancouver last year, is trying to land a berth in the east. Fid recently drew his release from the Vancouver club.

There is a junior baseball game scheduled for this evening at 4:30 o'clock.

APPLEDALE CELEBRATION ON EMPIRE DAY SUCCESSFUL

Slocan City Assists in Royal Celebration of Day—Appledale Takes Football Game From Slocan.

(Special to The Daily News.)
APPLEDALE, B. C., May 29.—Empire day was celebrated in great style at Appledale with sports in the afternoon and a grand concert and dance in the evening. The concert was a great success. The following program was rendered: G. S. Godfrey, song; G. Crawford, comic song; Miss Madge Godfrey, song; J. Lewis, song; D. F. Peters, comic. The dance following the concert was greatly enjoyed. The music was supplied by P. T. Wilkinson, piano; and D. F. Peters, violin. Refreshments were provided during the evening.

The sports in the afternoon were a decided success, Appledale proving that it has some good athletes. The weather being ideal drew out a large crowd, and great excitement prevailed when Slocan City met Appledale in a tug-of-war, as well as in the football match following between the teams of the same two places.

In the football game Appledale won the toss, and played uphill. St. Denis kicked off for Slocan, who pressed at the start, but were forced back by good play of the Appledale backs. Appledale forced a corner, and Wilkinson placed a delightful corner, which Peters headed through for the first goal for Appledale, amidst great enthusiasm from the crowd. Appledale still pressed, but did not score again before half time. At half time the score stood: Appledale, 1; Slocan City, 0.

The second half proved fast and exciting, Appledale pressing most of the time. Peters broke away from midfield, and scored again for Appledale. Godfrey had a good goal, but was declared off-side. Wilkinson and Godfrey were doing some good passing. St. Denis of Slocan was playing a brilliant game, assisted by Hickes. Appledale continued to press, and Peters scored the third goal for Appledale. The game ended: Appledale, 3; Slocan City, 0.

The best men for Appledale were Blain, Wilkinson and Godfrey. The best for Slocan were St. Denis, Hickes, and Graham...W. H. Hethrington refereed the game, and the teams lined up as follows:

Slocan City—Goal, T. Beck; backs, Armstrong and Hickes; half backs, Smyth, J. Greenwood and Bruin; forwards, Tipping, Graham; St. Denis; Bruin and Holt.

Appledale—Goal, Terriss; backs, J. A. Moir and Blain; half backs, Crawford and Marshall; forwards, Bendiger, Godfrey, Bentley, Peters, Patterson and Wilkinson.

The results of the field events were as follows: Boys' race—1, E. Blain; 2, J. Blain. Girls' race—1, F. Donny; 2, M. Avis. Three-legged race, girls—M. Godfrey and F. Donny. 100 yards handicap, men's—1, J. Holt; 2, P. T. Wilkinson. Long jump—1, Hickes, 15 ft. 10 in.; 2, Stover, 15 ft. 3 in. Ladies—1, Mrs. Godfrey; 2, Mrs. Peters. In the tug-of-war, Slocan City vs Appledale, Slocan was the heavier team and pulled Appledale twice in succession, and won.

ROOSEVELT TAKES LITTLE LIQUOR

Extremely Temperate Is Evidence of Witnesses in Libel Suit—Keeps Gentleman's Cellar.

(By Daily News Leased Wire.)
MARQUETTE, Mich., May 29.—Men who have been associated with Col. Roosevelt in public and private life, who met him on the night when he returned from his African hunting trip, and newspaper men who accompanied him on his various political campaigns, testified today in the colonel's libel suit against G. A. Newett, a newspaper owner of Ishpeming, Mich., that the ex-president not only was not a drunkard, but that he was notably and extremely temperate in the use of intoxicants. It would have been impossible, the witnesses said, for Col. Roosevelt ever to have been under the influence of liquor without the fact becoming known to his associates. It would have been equally impossible, they testified, for him to have drunk liquor with any regularity without the smell of it on his breath being apparent to the friends who testified.

Five witnesses for Col. Roosevelt, a relative, a former member of the Rough Riders regiment, a former locomotive fireman, a newspaper man and a former judge, testified. The substance of the testimony as given by Philip Roosevelt, a young son of the colonel's cousin, Charles Willis Thompson, Andrew Able, a former fireman; Edwin Emerson, a Cuban Rough Rider campaigner, and A. Z. Blair, a former common pleas judge of Ohio, was:

That during his campaign in Cuba with the Rough Riders Col. Roosevelt drank only black coffee or water and never liquor of any kind.

That during his political campaigns the colonel drank champagne only occasionally and never to excess.

That while Col. Roosevelt kept a large and varied supply of wines at his home, he never indulged in them immoderately.

"He kept a regular gentleman's cellar," Philip Roosevelt said.

Col. Roosevelt, as usual since the beginning of the hearing, listened with the keenest interest to the witnesses' denial from the stand that he frequently "got drunk," as charged in the editorial published by the defendant.

SEVEN SHAREHOLDERS FROM COLUMBIA GARDENS

(Special to The Daily News.)
COLUMBIA GARDENS, B.C., May 29.—Raymond T. Hickes, manager of the Kootenay Fruit Growers' union, addressed a gathering of settlers here on Wednesday evening. The meeting was well attended. E. Paull, president of the South Kootenay Farmers' institute, was in the chair. Mr. Hickes discussed the arrangements which the union are completing for the marketing of fruit, and remarked that it was quite time the growers of Columbia Gardens thought of shipping fruit back to the plains, for the trees were coming into heavy bearing—a great difference being noticeable since his visit of a year ago, and while Trail and Rossland were excellent local markets, they would soon be unable to take all the fruit produced. He noticed that the apple trees had already dropped their bloom and that the work of thinning the fruit would soon have to be commenced. The ranch of William Morrison was alluded to and the owner complimented on its excellent condition, the trees being very well attended to and the cultivation of the crops being very clear. Mr. Morrison is a great believer in the hog industry and grows as much of the feed for them as possible on his own property. He has already sold 20 pigs this season. E. Groulage's and E. Paull's ranches were also alluded to—the former has all kinds of small fruits and hundreds of young chickens from Mr. Ran of Tacoma. Mr. Paull's orchard well demonstrated what can be done with little capital but with persistent hard labor. After a number of years of steady work Mr. Paull is coming into his own. The trees in his nursery are exceedingly well grown and the orchard and small fruits are in excellent condition. Mr. Hickes' address was attentively listened to, and at its conclusion many questions were asked regarding the details of the scheme. The meeting agreed that the day of individual effort was passed, and that co-operation was very essential.

Seven new members were added to the union's list of stockholders, the first instalment on the new shares being paid on the spot. Those who became shareholders were: Mrs. A. McDowell, E. Groutage, H. Drake, E. Paull, McCraig, Morrison and Pippbin.

The Columbia Gardens school board called a meeting for Wednesday night. The meeting was general and a tax of $850 was levied for the coming year. The tax is somewhat higher than previously in order to avoid financial difficulties which have been encountered heretofore.

Miss B. Douglas of the Salvation Army barracks of Vancouver, left this morning after a visit of six weeks to her former fellow worker, Mrs R. Binnie, of this valley.

W. W. Bradley, provincial tax assessor from Nelson, is in Columbia Gardens at present. H. W. Dunton is assisting him in his work in this vicinity.

CATTLE SURROUNDED BY WATER—RESCUED IN BOATS

(Special to The Daily News.)
CRESTON, B. C., May 29.—A number of cattle remained on the high parts on the Kootenay flats until surrounded by water. They had to be roped and taken off by the owners in boats, some of the animals having to swim over a mile.

R. S. Bevant of the Kootenay Garage and Supply company is on a business trip to Cranbrook.

E. Mallandine, J.P., of Windermere, president of the Goat Mountain Water Works company, paid a business trip to Creston this week.

Several families have moved from their homes on Goat river bottom in anticipation of high water in the Kootenay river.

Capt. J. Hayden of the Creston Erickson Civilian Rifle association, is having repairs made to the targets at the range.

This week Dr. G. B. Henderson is making a medical inspection of the various schools in the district.

Sydney Poole, late of the Creston Wine and Spirit company, has moved with his family to Nakusp.

Mrs. John Huscroft has returned from the Cranbrook hospital after recovering from a severe attack of appendicitis.

Born, on Thursday, to the wife of Hugh S. McCreath, a daughter.

J. J. Grady brought in two teams of heavy horses from Calgary to work on his ranch at Duck creek.

THAMES IRON WORKS SOLD

LONDON, May 29.—Vickers Sons & Maxim, the British shipbuilders, has purchased the Thames iron works, closed some time ago. The works, it is expected, will be re-opened shortly.

Dainty Summer Dresses for Smartly Attired Women

The Broadest Showing Ever Brought Into Nelson Is Now On Display at Meagher's

We might exhaust our vocabulary of flattering adjectives and still not do these charming Dresses full justice!

DOWNWARD MOVEMENT STILL CONTINUES

(By Daily News Leased Wire.)

MONTREAL, May 29.—The downward movement in the local stock market continued without ceasing today, the decline bringing out a slightly larger volume of liquidation in some issues, notably Richelieu, Laurentide, Iron and Textile. The decline maintained the same characteristics as on previous days of the week, except in Laurentide which broke 5 points. There was no violent movement and net losses among the more active stocks ran little more than a point. The downward trend, however, was general and despite a substantial rally in C.P.R. before the close, prices at the end of the day were practically at the low for the movement. A new low record or two for the year were established and a number of stocks came within close range of their low record quotations. Canners at 71 sold at new low record for the year; Iron equalled its low record at 47; Richelieu at 109½; Textile at 81¾; Canadian Cottons, preferred, at 76¾; Winnipeg Railway at 200 and Laurentide at 208 were nearing low record marks. Some increases in bear activity has been noted in the market this week and that somewhat intangible quantity with the low short interest is believed to be considerably interested in the last day or two. With C.P.R. under pressure from outside markets, hopes of any rallying tendency in the general list disappeared early. In the morning C.P.R. sold locally down to 228 and while there was a rally around noon to 229 and the afternoon continued in the direction of recovery, final prices being 228¾, other stocks made little response to improvement in the leader.

There was a slightly better feeling in the market at the close, under C.P.R. influence, but it was not expressed to the extent of any active bidding for stocks. Closing quotations in most cases were above the final quotations but on the whole the market closed with a heavy tone.

HARRIMAN ISSUES FEVERISH

(By Daily News Leased Wire.)

NEW YORK, May 29.—The important developments of the day in the local stock market, which continued to show a degree of depression resulting from the St. Louis & San Francisco receivership, was the publication by the Union Pacific directors of alternative plans for the disposal of the company's $126,000,000 Southern Pacific stock. One of these plans, novel in the sense that it suggests public bids, after the manner of a city bond offering, fails to make any reference to the price. The other plan provides for the appointment of a bank or trust company to act as trustee of the stock without voting power. Failing acceptance of either plan the court will be asked to appoint a receiver for the stock. Judging from the course of the Harriman issues, which were irregular in the early session but became feverish on publication of the plans, traders and the speculative public generally seemed unable to grasp the import or significance of this latest move. Union Pacific rallied toward the close, however, while Southern Pacific made a net loss of one point. Elsewhere in the active list C.P.R. was prominent for its activity at receding prices. As usual, the selling was attributed to Berlin, but some of the liquidation was traceable to Canada. Various stocks in the so-called Gould and Hawley groups were very weak, recording the lowest prices in some years. The industrial list was notably firm by comparison.

Foreign news included a better Bank of England statement, and further signs of an international money strain. London's operations here were negligible.

Railway returns for April ranged from good to unfavorable. Lackawanna and Reading coming under the former category, with New Haven in the latter.

Substantial recovery in 'Frisco 4s and 5s were the features in the bond market. In government issues Panama 3s declined ½ per cent for the week on call.

Total sales, par value, $1,740,000.

CONFIDENCE IN FUTURE PROSPECTS

Wholesale Trade Shows Some Diminution—Hardware and Building Materials Moving Brisker.

(By Daily News Leased Wire.)

NEW YORK, May 29.—Despatches to Dun's Review from branch offices of R. G. Dun & Co. in the Dominion of Canada say that wholesale business shows some quieting down at a number of points, much of which is attributed to unfavorable weather. At Montreal only a few lines show much activity. Business in dry goods, especially lightweight merchandise, is in moderate volume, while seasonable clothing and footwear are rather quiet. There is, however, a fair demand for groceries and a brisk movement of hardware and building materials. Agricultural conditions appear to be favorable and this stimulates a feeling of confidence in future prospects.

Decreased activity in wholesale lines is reported by Toronto, mainly because of the holiday last Saturday and cool weather, which interfered with the movement of seasonable merchandise. Orders for fall and winter deliveries of dry goods are only moderate but there is a fairly active trade in hardware and metals and some demand for groceries. Leather is in quiet demand but firm.

Retail trade at Hamilton is only fair because of the cold, backward weather, but wholesale business is up to expectations and improvement is anticipated with the advent of higher temperatures.

In the far west and northwest fair progress is being made with the advent of better weather. Winnipeg reports that local retail trade is well above that of last year at this time, summer weather inducing a good call for seasonable clothing, furnishings and millinery. Merchants are buying freely for autumn needs and wholesale business awaits easier money and crop development.

Gross earnings of Canadian railroads for three weeks in May show a gain of 8.3 per cent as compared with the corresponding period last year. Commercial failures in the Dominion of Canada this week number 34 against 33 last week and 160 the same week last year.

CANADIAN BANK CLEARINGS

(By Daily News Leased Wire.)

TORONTO, May 29.—The Canadian bank clearings for the week ending May 29 (five days), as compared with the like period of 1912 are as follows:

	1913	1912
Montreal	$ 45,151,658	$ 48,578,156
Toronto	35,358,090	37,533,692
Winnipeg	26,232,170	28,171,659
Vancouver	11,167,462	11,196,373
Calgary	5,807,259	4,857,707
Ottawa	3,134,808	4,083,565
Edmonton	3,576,189	3,332,592
Victoria	4,152,458	2,774,292
Hamilton	3,016,884	2,962,642
Quebec	1,728,154	1,781,375
Saskatoon	1,191,826	1,908,024
Regina	1,901,603	1,569,627
Halifax	1,522,598	1,671,459
St. John	1,252,381	1,265,245
London	1,557,422	1,354,079
Moose Jaw	999,140	991,484

Lethbridge	447,776	600,514
Brandon	455,598	581,589
Brantford	588,692	461,178
Totals	$151,502,382	$158,864,960

TONE OF LONDON MARKET SHOWS IMPROVEMENT

(By Daily News Leased Wire.)

LONDON, May 29.—Supplies of money are shrinking and discount rates were firmer today. The stock market developed a slightly better tone on the belief that the Balkan peace treaty will be signed by the end of the month. Paris support and local repurchases hardened speculative issues while consols recovered a fraction, but the improvement mostly disappeared under further selling and the close was irregular. Brazilian Rails and Marconi shares were weak. American securities were quiet early. Later Wall street was a seller and the list sagged and closed easy.

BRITISH MANUFACTURERS HIT BY ANTI-DUMPING CLAUSE

(By Daily News Leased Wire.)

LONDON, May 29.—Charles Bathurst, in the house of commons yesterday called attention to the depressing condition of the anti-dumping law upon the British tin plate, with consequent benefit to American tin plate producers. In 1909 Mr. Bathurst said 29,000 tons were imported into Canada from Great Britain while as a result of the new law only 8000 tons were imported last year. While in 1909, however, the United States had exported only 7600 tons of tin plate to Canada, last year they had exported 45,000 tons. The speaker appealed to the government to make strong representations to the Canadian authorities with a view to the re-enactment of the anti-dumping clause.

Replying on behalf of the prime minister, Hon. Sidney Buxton, president of the board of trade, said the home government was powerless to act. The Dominion Tariff act provided for the imposition of a special duty in the case of imported articles of a class made in Canada. In view of the cessation of the manufacture of tin plate in Canada Mr. Buxton pointed out the special duty was withdrawn in 1909, and until the manufacture is resumed in Canada no question of the application of the anti-dumping clause can arise.

ONTARIO BANK SHAREHOLDERS GET SOME MONEY BACK

(By Daily News Leased Wire.)

TORONTO, May 29.—Ontario bank contributors who paid up reluctantly under their double liability will receive a dividend of 20 per cent on the amount paid up by them. Those who paid their double liability in full will receive 20 cents on the dollar of their holdings. The dividend will probably be paid in July and it is stated that there will be considerably more to follow. The amount of the dividend to be paid in July will be about $200,000. One item of assets which has been disposed of at a figure that particularly pleases the liquidators is the water lot at Fort William, which netted $250,000.

METALS

(Special to the Daily News.)

NEW YORK, May 29.—Silver, 60.

LONDON, May 29.—Silver, 27 11-16, lead, £19 7s 6d.

NEW YORK METAL MARKETS.

(By Daily News Leased Wire.)

NEW YORK, May 29.—Copper—Firm. Spot and May, offered at 15.30; June and July, 14.90@15.30; electrolytic, 15.75@15.87; lake, 16; casting, 15.62. London, dull. Spot, £68 5s; futures, £68 1s 3d.

Tin—Weak. Spot and May, $47.10@47.50. London, weak. Spot, £215 10s; futures, £212 10s.

Spelter—Steady, $5.25@5.35. London, £23. Iron—Dull. Cleveland warrants in London, 67s.

GRAIN

WHEAT MARKET OPENS STRONG, BUT WEAKENS

(By Daily News Leased Wire.)

WINNIPEG, May 29.—The wheat markets over the border opened higher on all months on the continuance of dry weather over the southwestern states, weakening considerably later on reports of rains in Kansas. The home market at the opening was ⅛c higher to ⅛c lower on early Liverpool cables being lower, sagging further on Canadian conditions being better than expected and in sympathy with American markets, but at the last stiffened on report of rains being only a sprinkle and the heat intense in the winter wheat belt. Winnipeg opened ⅛c lower to ⅛c higher and closed ⅝c lower but ⅜c up from the low point of the morning. Minneapolis opened ⅛@⅜c higher and closed unchanged for May and ¼c higher for July and September. Chicago opened ⅛@⅛c higher and closed unchanged to ⅛c higher. Prices were far out of line for any export business being done.

Cash demand was poor for all grades of wheat while offerings were fairly heavy. Cash prices closed unchanged for contract and ½c lower on Nos. 5 and 6.

Oats were dull, while flax was improved. July and October months were sold at ⅛c higher. Cash oats closed unchanged to ⅛@⅜c down. Cash flax closed ⅛c lower to ½c higher.

On Wednesday inspections numbered 431 cars and in sight were 200 cars.

All American markets will be closed tomorrow, May 30, Decoration day.

Winnipeg, wheat, close—May, 85⅝c; July, 86⅞c; October, 91⅛c.

Minneapolis, close—May, 90½c; July, 91⅛c; September, 92⅜c.

Chicago, close—May, 91¾c; July, 91¼c; September, 86¼c.

Winnipeg, oats, close—May, 34⅞c; July, 36¼c; October, 36⅝c.

HEAVY RAINFALL CAUSES MUCH DAMAGE

SUPERIOR, Wis., May 29.—Damage which may run as high as $200,000 was done in Superior early this morning by a torrential rainfall which caused streams to overflow their banks and destroy property in their path.

NOTICE TO CREDITORS

In the matter of the estate of Eric Fors, late of Thrums, in the province of British Columbia, deceased, intestate.

Notice is hereby given that all creditors and others having claims against the estate of the said Eric Fors, who died on or about the 10th day of May, A.D. 1912, are required on or before the 16th day of June, 1913, to send by post, prepaid, or delivered to E. A. Crease, of Griffin block, Baker street, Nelson, British Columbia, solicitor, administrator of all and singular the personal estate and effects of the said Eric Fors, their Christian and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts, and the nature of the securities, if any, held by them.

And further take notice that after such last mentioned date the said administrator will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which he shall then have notice, and the said administrator will not be liable for the said assets, or any part thereof to any person or persons of whose claims notice shall not have been received by him at the time of such distribution.

Dated the 15th day of May, 1913.

E. A. CREASE,
Administrator of the Estate of Eric Fors, Deceased, Intestate.

MINING NEWS

GRANBY MAY BUY WOLF CAMP GROUP

Company Is Inspecting Twenty-four Claims Near Republic—Is Diamond Drilling.

Investigation of the Wolf camp group of mining claims, 12 miles northeast of Republic, owned by Jacob Goetz of the Coeur d'Alene hotel, George Wolf and T. M. Donnelly of Republic, is being made by the Granby Consolidated Mining, Smelting & Power company with a view of purchase, according to a report from Republic.

Comprised of 24 claims, the property shows a large quantity of iron with which it is believed that other metals are associated.

Equipment that includes a diamond drilling outfit has been hauled to the property from Karamin siding and employment given to 20 men.

If the response of the property equals expectation an offer for it will be made to the owners by the Granby company.

MANY FREE MINERS GET CERTIFICATES

All Licenses Should Be Renewed Before One o'Clock on Saturday Afternoon by Claim Owners.

To date about 400 free miners' certificates have been taken out in the Nelson mining division for the year from June 1 next to May 31, 1914. As all certificates must be renewed before 1 o'clock on Saturday afternoon it is expected that several hundred more will be taken out before the date set by the Mineral act expires.

Those who fail to renew their certificates by May 31 can secure a special free miner's certificate at any time within six months from May 31, but will have to pay $15 instead of $5 for the license. The special license revives title to mineral property unless it has become the property of some other person in the time elapsed.

DRILL FOR WELL GET SILVER QUARTZ

Make Strike on Ranch of Robert Long Near Erickson During Boring Operations.

(Special to The Daily News.)

CRESTON, May 29.—At a depth of 60 feet, quartz containing native silver was discovered in the core from the drill during boring operations for an artesian well on the ranch owned by Robert Long near Erickson.

TEN PER CENT INCREASE OFFERED TO MINERS

(By Daily News Leased Wire.)

VANCOUVER, B.C., May 29.—The expectation in well informed circles here is that the coal miners' strike at Nanaimo will be declared off next week and that all the Vancouver Island collieries will resume work. Yesterday at Nanaimo a meeting of miners was addressed by Thomas R. Stockett, manager of the Western Fuel company, who offered a 10 per cent increase in wages but declined to negotiate with the United Mine Workers of America, who ordered the strike. Such an uproar greeted Mr. Stockett's announcement that the meeting broke up in disorder. Many miners are today signing up the new schedule to return to work.

NURSE GIVEN TWELVE THOUSAND DOLLARS DAMAGES

(By Daily News Leased Wire.)

NEW YORK, May 29.—A jury in Judge Mack's bench of the federal court yesterday awarded $12,500 to Miss Ida Newlands, a nurse of Kingston, Ont., in her suit for $50,000 against John W. Butler, a millionaire clubman, living at the Ansonia. Mr Butler is the owner of the Katahdin, an apartment house on Riverside drive. On Jan. 19, 1912, Miss Newlands was attending a patient at the apartment house when she walked into the elevator shaft, the door having been left open. She fell to the basement and so injured her right arm that she will never be able to bend it.

ANOTHER ARMY INCREASED

(By Daily News Leased Wire.)

BRUSSELS, May 29.—Parliament has passed yesterday the army bill raising the peace strength of the army from 40,000 to 55,000 and the war strength from 180,000 to 340,000. Of the latter 180,000 are intended for the field and 160,000 for the defence of Antwerp and Namur. Every Belgian over 19 years old is liable to bear arms.

DECLARES CONFEDERATION OF LABOR ILLEGAL

(By Daily News Leased Wire.)

PARIS, May 29.—Premier Barthou, speaking in the senate yesterday said the general confederation of labor was illegal in its action and if the government's investigations into the recent army troubles did not supply sufficient evidence in that regard the ministry would demand fuller powers to deal with the confederation.

CITY ARCHITECT SUES MAYOR FOR SLANDER

LONDON, Ont., May 29.—A writ was issued yesterday by J. M. McEvoy, acting on behalf of A. E. Nutter, former city architect, against Mayor C. M. Graham, for unstated damages for slander. The case will be heard at the autumn assizes. The writ is the outcome of criticisms alleged to have been made by Mayor Graham of the work of Mr. Nutter in connection with the courthouse and jail repairs.

Here Is a Hint For House-keepers

BY way of a household hint, here's a suggestion more valuable than a recipe for a new delicacy—and much more practical. Why not turn obsolete articles of furniture into cash or exchange them for things that are more needed? All goods of home equipment—furniture, floorcoverings, draperies, baby carriages, refrigerators and scores of other things are bought, sold and exchanged through

Tenders must be in the hands of the manager of the Bank of Montreal, Victoria, B.C., by 12 noon of Wednesday, the 4th day of June, 1913. No tender necessarily accepted. 23-1

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorised publication of this advertisement will not be paid for.

Gossip From a Mountain Garden

Summer is here at last! The trees are blazoning it everywhere in letters of living green, the birds were shouting it to the whole world at 4 o'clock this morning, but though nothing at all proclaimed the fact I should know it by the overpowering inclination I have to let the work slide, and spend the afternoons in the hammock, in the green shade of the birch trees, listening to the roar of mountain streams, the soft conversations of the leaves, and the joyous songs of the birds; lazily following the flight of a yellow butterfly, the wheel and swoop of a swallow, or the poising of a humming bird over the pink geraniums in the veranda boxes. There is no question about it, I do love to be lazy on days like these, and it seems to be infectious, for a little while ago I found a certain member of the family sitting on the front steps playing with a big fat toad, stroking his back with a straw any trying to persuade him to accept some small flies she had captured for him.

I do pity people who have to live in a city, who never know the peaceful quiet that seems to settle down like a visible veil on the garden that is far from the rush and confusion of towns. I should have to be a poet to put into words the restfulness and serenity of this place, when the day's work is over, and we sit outside listening to the sounds of peace. For the quiet is only a sort of atmosphere, in reality there is a whole volume of sound, but all so harmonious, so unobtrusive, that it only adds a deeper quietness to one's thoughts. Have you noticed how late the birds sing here? From the time the sun goes over the mountains—about 5 o'clock with us—until quite dark, the orchard and woods seem to be fairly alive with birds, all singing at their liveliest, as if after the labors of the day they, like us, were resting from their work, and exchanging views and congratulations over a day well spent. There seem to be a lot of new birds here this year, indeed every year seems to add some new comers, and to my intense delight I have several times lately heard the mellow bell-like notes of the meadow lark, such as they have in abundance around Victoria. I have not yet this year heard the bird that sings so deliciously at night, but another one can be heard almost any hour one happens to be awake, whose song seems to be simply a long continued twitter. It sounds very odd, and always makes me smile, it is so like a sleepy person, who feels in duty bound to ask solicitously if you have not been able to get to sleep yet. What a variety of worlds there is all about us, and how little we ever learn about any of them; the world of the birds, of the trees and butterflies, the flowers and trees are all separate and distinct, though wonderfully dependent on each other, and yet we live surrounded by them and hardly realize their existence. One cannot help noticing how little the average person cares about gardens and other outdoor delights. Most people love flowers, or at least say they do, but I have concluded that no one really cares for flowers, or has any idea at all of the intense interest and pleasure to be derived from gardening, who has not at some time really tried to have a garden of their own. But just get the least little start at growing things and I venture to say you will find yourself provided with a hobby that if you ride it well, will carry you far from ennui, undue interest in dress, or your neighbors affairs, and furnish an absorbing occupation for most of the year. But I really must not get carried away on this subject lest the editor have to enlarge the paper.

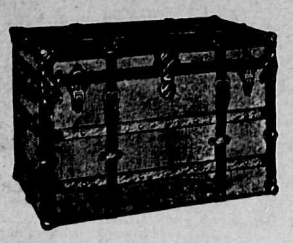
These cloudy days are the time par excellence for getting the last plantings made, and the more one can get done now the better. Unfortunately for me, I spent several days lately in pure frivolity, so find myself with lots of things undone. However, I had a chance to see what nature unassisted can do in the gardening line, and am compelled to admit that she can give us all pointers. Down at Slocan Junction on Saturday the way to the river lay through all sorts of pretty shrubbery, carpeted by wild flowers of many varieties. There the wild honeysuckle was just coming into bloom, the Indian torch set the slopes ablaze and larkspurs and wild hyacinth dotted the earth with their exquisite blue. I went around with a basket and trowel and brought back some roots to be planted in my wild garden, and an acquaintance was kind enough to bring me some lovely things from Kootenay Landing, saxifrapes of various sorts, ferns, and shooting stars. When I first came to British Columbia I thought the wild flowers far inferior to those we had in Ontario, but realize that the only trouble was that I did not know where to look for them, and that the alpine flowers follow each other in such quick succession that if one neglects for even a week a trip to the wild, one will be sure to miss entirely some beauty. As an example of what treasure is in store for the seeker, I must tell you of a few minutes stroll along a bit of the new wagon road above Mr. Wragge's place. We were having our supper up at the little beach, as we call it; a spot where for years we have gone, when that irresponsible feeling attacks us about 5 o'clock, and we simply can't sit down to a decorous table to eat, but must pack a basket and go boil a billy over an open fire, and eat off a rock. The fact of forgetting cups and having to drink our tea out of a quart measure, the tin tea pot and the jar the butter was packed in, is a mere detail, and adds a zest to the mild adventure. While the kettle boiled, I went to look for flowers and this is a partial list of what I found. A big slope simply ablaze with the yellow blossoms of the Oregon grape, several trees of the amelanchier or shad bush, which Meibe Blanchan describes as "silvery white chandeliers hanging from the edges of the woods to light Flora's path in earliest spring" in full bloom, while above the road were regular phalanxes of False Solomon's seal or wild spibrenard. I have never seen such magnificent specimens of this truly noble plant. They were nearly 4 ft. high, while the feathery plume of white flowers at the end of the stems was quite 6 inches in length. I picked an armful of them and though that is a week ago, they are still as fresh and beautiful as ever. They make a splendid background for the tall Darwin tulips whose stems this year in my garden are nearly 3 ft. long. Besides these flowers I found a lot of the purple Virgins bower, that charming wild clematis which clambers over rocks and trees, binding its tendrils around the low undergrowth and opening its purple stars to greet the May. I brought home some roots and do hope they will live.

The garden is ablaze with tulips this week and with the passing of these late sorts will end the display this year. The very finest, or at least my favorites, are the Parisian yellow, which is the last to open, and has most graceful tall blossoms of pure yellow. However, the Isabella or old shandon bells is better liked by most people. It opens quite a rich yellow streaked with pink, but in a day or two the yellow turns white and the pink deepens into a glowing rose color. The blossoms are very large and last a long time. The late geranium tulips with their black antlers and blue zone against the rich scarlet of the petals are very striking and have the added virtue of an exquisite fragrance.

Speaking of fragrance though, we need no longer consider the tulips, for the double blue lilac and lilies of the valley are in bloom and surely no two flowers in the world have a sweeter breath. There is something about the scent of lilac that appeals to everyone who has any country traditions whatever, for what country home in Canada, no matter how poor or neglected, was ever without its lilac bush. I doubt if even the rose has been more of a theme for the poet, and I am sure no flower could evoke more tender memories of days spent on the old farm, of cool evenings when you gathered the eggs while the older people milked. The cows are slowly going back to pasture, followed by old Tige, who escorts them down the lane, and then sits in the gateway till they are out of sight. The lovely slopes of the fields are wearing their soft, new green, the gnarled old apple trees are covered with bloom, and you sit on the doorstep and listen while you look dreamily at the plumes of lilac bloom which fairly pour their sweetness on the evening air. You hear the dull thud of the horses feet moving about the stable, a dog barks in the distance, a wagon passes jointingly up the lane of the next farm, and a cow bell's tinkle comes from far away. Perhaps you are thinking that tomorrow you may go fishing in the "crick," or canvassing the chances of being allowed to go barefooted. Soon the dusk falls. Some one says "Isn't it about time you were in bed?" and with one last big breath of lilac scent you go indoors.

As for lily of the valley it was only very special gardens which boasted of a good lily bed in our neighborhood, but some few there were, and I think I can recall every single visit to them, and the bliss of being presented with a good bunch of valley lilies. Such a thing as having lots of my own seemed too good to be true, and even now it is an event in my life to pick a lot of these exquisite things. I have two beds and one is in full beauty now, and is truly a delight. When I realize how wonderfully these lilies have grown for me and how little real care they have received I wonder where I got the idea that they were very hard to grow. I believe the trouble with most people is that they plant them in too shady a place. They certainly require some shade, but should have plenty of light at least, and full exposure to the morning sun is better. Mine were planted in the fall and where I had only four or five clumps I have now a solid bed about 10 ft. square and spreading rapidly in all directions. They need a rich soil and liberal applications of liquid manure as soon as they are through blooming, but no amount of care would be too great to secure the graceful beauty and delicacy of these sweetest of all flowers.

Trunks, Suit Cases and Club Bags for Vacation Time



A REAL SOLID TRUNK with several special features. Has strong non-stretchable Webb straps with automatic buckles which hold fast at any point. No holes to break out, fibre binding, iron bottom, brass drop lock. Priced at $6.50

POLICE MAKE RAID ON CHINATOWN

Gather in Five Orientals Charged With Participating in Gambling Game —Bailed Out.

Five Chinamen were gathered in by the city police in a raid which was made yesterday morning on an alleged gambling joint in Chinatown. They were Jim Sing, Mah Foo, Wo, Lee Hung and Joe. They were released on bonds.

The police claim to have found the usual gambling paraphernalia on a table and $15 in cash.

The case will be called for hearing this morning.

NELSON NEWS OF THE DAY

H. P. Thomas has purchased Harry Bird's launch.

T. S. Palmer returned from a visit to Slocan City last evening.

The city public works department has commenced the construction of a wooden sidewalk in front of the new fire hall.

Directors of the Nelson Street Railway Company, Limited, will meet this evening for the purpose of electing officers for the year.

W. E. Zwickey came down from Kaslo in his launch in 3¼ hours yesterday, making one stop on the way. He usually makes the trip in about 6 or 7 minutes less.

There was a rise of 8 in. in the water of the west arm yesterday, according to the guage of the Nelson Boat & Launch company, bringing the water to 11 ft. 5 in. above low water mark.

George W. Hale has about half finished the barge which is to be operated across the west arm at Nelson, and expects to have the work completed by the time that the engine and machinery are ready for installation.

The engagement is announced of Walter John Magrath Lefroy, editor of the London Illustrated weekly paper "Canada," eldest son of the late Capt. B. L. Lefroy, R.N., and Ella Christina, eldest daughter of Col. J. W. A. Mitchell, Indian army, and Mrs. Mitchell, of 51 Marlborough Hill, London, N.W.

W. J. E. Biker, provincial water engineer, yesterday held a conference with G. C. Mackay, city engineer, with regard to the proposals for dealing with the surface water outside the southern limits of the city. The city council has agreed to take care of the water by piping it from the city limits to Cottonwood creek if the givernment will flume it to the limits.

Agents for F. O. Berg's awnings. Vacuum Cleaning Co., Box 166, Phone 19. 301-tf.

Dressmaking and millinery. Moderate charges, 69 Annable block. *37-22

Now is the time to get your piano tuned and cleaned, so before it slips your memory, telephone 122 or else Standard Furniture, and have A. R. Kilby, tuner for the Gerhard Heintzman company do the work, when it certainly will be done satisfactorily. 37-3

AT THE THEATRES

The remarkable motion pictures taken by the Paul J. Rainey expedition to the centre of British East Africa, which will be the attraction at the opera house beginning June 9, for two nights, are said to demonstrate the value of this invention, not only as an entertainment, but as an aid to science and education. It is human nature to believe what one sees, and in these pictures it is claimed there is visual evidence of the manner in which the wild beasts conduct themselves in the jungles and on the veldt. A well-informed lecturer will call attention to the general and technical matters of interest. A matinee will be given on June 10.

At the Starland this evening an interesting and varied program will be shown. The amateur vaudeville will be an extra attraction. "The Wage Earners," a story of labor vs capital, in three parts, is offered. The story deals with a problem that has been of interest since the world began, and it is handled in a new and novel manner. The great question between labor and capital, showing all the interior departments of a big steel corporation. The strike of union men. It shows the happiness that can be found in the laboring man's home and the misery and emptiness of the capitalist home; shows the meeting of the laboring man's son and the capitalist's daughter, and how, after exciting and thrilling episodes, it culminates in the strongest union in the world—their marriage.

Mr. Harris, the popular baritone, will make his farewell appearance to Nelson audiences. M. Mercer, champion buck and wing dancer of British Columbia, has also been engaged and challenges any dancer to compete against him for a prize.

KING'S MEDALS PRESENTED TO WINNIPEG POLICE

(By Daily News Leased Wire.)

WINNIPEG, May 29.—Surrounded by an admiring throng and faced by the entire Winnipeg police force of 225 men, on the annual inspection and parade, Sir Rodmond Roblin, premier of Manitoba, yesterday afternoon presented the King's medals awarded by his majesty to ex-Chief of Police John C. McRae and ex-Constable Hugh J. Brown. The medal won by the late constable Traynor was handed to Chief of Police McPherson, who will convey it to the widow of the deceased constable.

MINES IN PLACE STEAMER SERVICE RESUMED

(By Daily News Leased Wire.)

SMYRNA, May 29.—The regular steamer service in the Gulf of Smyrna has been resumed after the explosion of submarine mines which caused the destruction of two vessels. The experts reported that all the mines now in the harbor are in their proper places outside of the channel reserved for shipping.

APPEAL DISMISSED BY APPELLATE COURT

(By Daily News Leased Wire.)

TORONTO, May 29.—The appellate division today dismissed the appeal of the Sir Richard Cartwright estate from the decision of Justice Middleton, who dismissed an action to set aside a tax sale by the city of Toronto of lands on Shaw street, Givens street and Ossington avenue. Their value now is about $150,000. The action was to set aside a sale to the city.

BROTHERHOOD OF TRAINMEN CHANGE INSURANCE METHODS

(By Daily News Leased Wire.)

SAN FRANCISCO, May 29.—The Brotherhood of Railway Trainmen has approved a change in the organization's insurance methods. All policies will be paid in full when the holders reach the age of 70. Proposals to adopt a form of paid up insurance and to make the loss of an eye total disability was defeated. A new policy for $2000 available after Aug. 1, was agreed to and the two lower grades of policies now in effect, were raised $500 and $1000 respectively.

LABOR NEWSPAPER CRITICIZES DUCHESS OF MARLBOROUGH

LONDON, May 29.—A labor newspaper, the Daily Citizen, editorially criticizes the Duchess of Marlborough's remarks concerning the training of mothers, saying: "Schools for mothers are all very well, but when 'slumming' duchesses talk about the failure of elementary education to turn out better workmen and more competent mothers they simply disclose the failure of the upper class education to turn out persons who can think. What, after all, does any duchess, for that matter, know of the lives of the working women? From a common sense standpoint the wonder is not that working class mothers fail to come up to the standard of personal and domestic hygiene which commends itself to the taste of duchesses, with all the luxuries at their command, but that so many of them, every day and every week, get through feats of energy which would floor their critics."

DANGER FROM GRIPPE

Lies in That Cough and Weak, Worn Out Condition.

Grippe, pleurisy, pneumonia, these are greatly to be feared at this time of the year.

To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system quickly.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.

Mrs. A. A. Crabill of Strasburg, Va., says: "Grippe left me weak, rundown and with a severe cough from which I suffered four years. I tried different remedies, but nothing seemed to do me any good until I took Vinol, from which I received great benefit. My cough is almost entirely gone, and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."

Try Vinol with the certainty that if it does not benefit you we will give back your money. Rutherford Drug Co., Ltd.

LUMBER COMPANY LOGS ARE SAFE

Slocan River Rises to Unusual Height, But British Canadian Booms Not Endangered.

Although the Slocan river is about one foot higher than it has reached at any time since the construction of the British Canadian Lumber Corporation's mill at Crescent valley, the arrangements made for holding the logs in the river have proved so successful that not one has been lost, and there is a margin of safety of some 6 or 7 ft., according to T. S. Richardson, manager of the company. The water is now 10 ft. 5 in. above low water mark, but has fallen 8 in. during the past 24 hours, said Mr. Richardson.

Not since Mr. Richardson took charge of the mill as manager some two years ago has the company lost a log, it is said, and he stated yesterday that he considered there was no danger of loss this year.

UNLICENSED DOGS TO BE DESTROYED

Round-up of Canines Without Tags Is Planned for Next Month—Constable Berry Collects Fees.

Dogs for which the tax has not been paid will be rounded up by Special Constable John Berry toward the end of next month and after having been kept in the pound the time required by the law will be destroyed unless the license fees are paid.

Constable Berry, who commenced his duties as dog tax collector on Tuesday under instructions from the city council to employ him for one month for that purpose, has been working in the uptown sections of the city and has already disposed of a substantial number of receipts and tags in exchange for cash.

Do You Require a Good Tonic?

Perhaps you have had the Grippe or a Bad Cold and still feel the effects. If you do, come in and get a good Tonic, and you'll be surprised to find how much better you will feel. We can recommend the well-known

Iron and Quinine Tonic

FOR A RUN-DOWN SYSTEM AND LOSS OF APPETITE.
If you are suffering from Nervousness or Brain Fatigue there is nothing better than

Celery and Iron

We have so much confidence in it that we guarantee it to do as we say, or it won't cost you anything. Celery is recognized by the Medical Profession as one of the Best Nerve Tonics Known, and in combination with Iron, the results are excellent.

FOR PURE DRUGS WE LEAD.

MAKE PRESENTATION TO MRS. A. E. SMITH

Woman's Missionary Society of Trinity Methodist Church Shows Appreciation—Affair at Mrs. Annable's.

As a token of appreciation of her good work for the organization, the Women's Missionary society of Trinity Methodist church yesterday afternoon at the residence of Mrs. J. E. Annable presented Mrs. A. E. Smith, wife of Rev. A. E. Smith of the church, with a cut glass rose bowl and table mirror accompanied by an address which was read by Mrs. David G. Smith. The presentation was made by Mrs. A. T. Walley.

An address was also made by Mrs. Howe, and a suitable reply was made by Mrs. Smith, who expressed regret at being about to leave Nelson for Brandon, where Mr. Smith is about to become pastor of the First Methodist church.

Refreshments, including strawberries and cream, were served by Mrs. Annable. Those contributing to the musical program were Miss Steed, Miss Nellie Annable and Miss Gertrude Annable. Mrs. A. D. Emory gave an interesting reading. There were about 40 present.

WILLIAM DOWNEY ARRIVES TODAY

Former Superintendent of Canadian Pacific Railway at Nelson Pays Visit to City.

William Downey, general superintendent for the Canadian Pacific railway at St. Johns, N. B., who some eight years ago was superintendent of the Nelson division, will arrive in Nelson from Vancouver early this morning on his special car.

It is expected that Mr. Downey, who has many friends in Nelson and other parts of Kootenay and Boundary, will spend several days here.

MARQUIS WHEAT FOURTEEN INCHES IN HEIGHT

(By Daily News Leased Wire.)
LETHBRIDGE, Alta., May 29.—Periodic cool showers have done much to help the growing crops. Marquis wheat on a Chin farm measures over 14 in. in height.

CHARACTERIZES POLICE METHODS AS TYRANNICAL

(By Daily News Leased Wire.)
CALGARY, Alta., May 29.—Yesterday Judge Beck, from the bench of the supreme court, commented adversely on the searching of prisoners by the police. He characterized the police methods as tyrannical. Superintendent Dean of the Royal Northwest Mounted Police, in an interview tonight, takes issue with Judge Beck, and says the police in searching prisoners are acting under instructions of the authorities of the Dominion government.

SENTENCED TO DEATH FOR MURDERING INFANT

(By Daily News Leased Wire.)
SASKATOON, Sask., May 29.—Jesse Hammond of Wynyard, charged with the murder of his newborn child, on August 22, 1911, was found guilty of murder here today and sentenced to be hanged on Aug. 14. Both the prisoner's wife and sister-in-law testified against the prisoner, stating that he had taken the child out and that they had never seen it afterwards.

BANDIT SENTENCED

(By Daily News Leased Wire.)
CALGARY, Alta., May 29—Frank Constantino, bandit, who held up and robbed three men in a box car on Wednesday night, was sentenced to one year in prison today.

ITALIAN GUNMEN GUILTY OF ATTEMPTED MURDER

(By Daily News Leased Wire.)
CALGARY, Alta., May 29.—Jim Marketto, Etore Carona, Guy Martrullo and Sam Sereno, Italian gunmen, accused of attempting to murder Bernardo Sposito, were adjudged guilty at the assizes today and will be sentenced later. Sposito was shot through the head, in the lung, in the hip and through the right hand but recovered and got out of the country.

MOOSE JAW SUFFERING FROM CEMENT FAMINE

(By Daily News Leased Wire.)
MOOSE JAW, Sask., May 29.—The city has run completely out of cement, practically no orders being filled by the supply companies today, who claim that the big houses are too slow in shipment, for causes unknown to them. The result is that the district tributary to Moose Jaw is also affected, 15 men being laid off meantime at Parkberg, the main line west. More than one order has been relayed through here to Regina which would indicate that the supply houses there are also short.

HAS REFUSED FOOD SINCE REINCARCERAT

(By Daily News Leased Wire.)
LONDON, May 29.—Mrs. Emmeline Pankhurst, the militant suffrage leader, has taken no food since she was rearrested and take to Holloway jail.

We Are Showing the New Fit-Reform "NORFOLK" SUITS

There's something mightily winning about the "Norfolk" style.

As a general thing, it was confined to shooting, golf and other sports

But lately men have taken to wearing the "Norfolk" down town.

Fit-Reform "Norfolk" Suits are attractive enough to be worn anywhere.

We show the correct models in "Norfolk" Suits, made up mostly in imported Tweeds.

May we have the pleasure of showing you the whole line—from $20.00 up.
