# WITHDRAW FROM VERA CRUZ, SAYS CARRANZA

## Declares Seizure Act of Hostility to Mexican Nation

## STATES MAY RENEW EMBARGO ON ARMS

## Washington Fears Rebels Will Join in Fight Against Invaders.

(By Daily News Leased Wire.)

WASHINGTON, April 22. — Gen. Carranza's note to President Wilson declaring the seizure of Vera Cruz by American forces a violation of the national sovereignty of Mexico, inviting the United States to suspend hostile operations and withdraw its forces and suggesting that the constitutionalist government should receive demands for reparation for offences committed by Huerta, stirred the Mexican situation to a new and acute crisis late tonight.

The opposition to the American government's action, coming from an unexpected quarter after the Washington administration had hoped for an attitude of neutrality and passive observation from the constitutionalists brought the government face to face with possible hostility from the body of Mexican forces lying in proximity to the southern tier of the United States.

Secretary Bryan received the Carranza note at his home before midnight. He did not comment on it. Secretary Garrison and Assistant Secretary Breckenridge, who were waiting at the war department, were given copies of the message. Secretary Tumulty, who was asleep, hurried to the war department and Major General Wetherspoon, chief of staff of the army, was summoned to join the conference.

### Fear Attack on Border.

Precautions against uprising on the border as a possible result of Carranza's opposition to the American government's course were also believed to be under consideration. The joint army and navy board which met early in the day, it is understood, recommended the restoration of the embargo on arms into Mexico.

While Mexicans close to Carranza here professed to see a tone of friendliness to the United States in the note of their chief, its blunt request for the withdrawal of the American forces from Vera Cruz and its virtual demand for recognition of the rebels as representing a constitutional government in Mexico, injected phases which made the administration manifestly uneasy. Plans thus far made by the army and navy board to secure reprisals from Huerta had contemplated no move along the border and it is not desired to make any demonstration that might be regarded by the constitutionalists as toward them. Should hostilities develop among the constitutionalists who are in control along the border plans of the army will be changed immediately.

### Leave Vera Cruz, He Says.

(By Daily News Leased Wire)

WASHINGTON, April 22.—News that Gen. Venustiano Carranza, constitutionalist chief, had regarded the seizure of Vera Cruz by the American naval forces as an act of hostility to the Mexican nation, fell like a bombshell in official circles tonight. President Wilson had especially disclaimed any act of hostility to the Mexican people, particularizing Gen. Huerta as the object of the American operations to secure reprisals for offences at Tampico and elsewhere against the American flag. Consequently the Washington government had hoped the constitutionalists would remain silent and not interject themselves into the embroglio.

Secretary Bryan had not received the text of the Carranza letter up to a late hour tonight, but indirectly was acquainted by one of the constitutionalist representatives here of the substance. Carranza pointed out that the seizure of Vera Cruz would be regarded as a hostile act by the Mexican people and that it was advisable for the United States to withdraw its troops from Vera Cruz just as soon as was practicable.

Carranza agreed with President Wilson that Huerta did not represent the Mexican nation, but, on the other han, feared the Mexican people might be inflamed and drawn into a conflict which would make them sacrifices to the usurpations of Huerta.

### Note Causes Apprehension.

Gen. Carranza described the constitutionalist successes, saying that Huerta was slowly being crushed and that the constitutionalists soon would be in posession of Mexico City's government. When they triumphed, they pointed out, ample reparation would be made for all offences. In the meantime he wished the United States to take no steps which would excite the Mexican populace. The note, it was admitted by many officials, was capable of a friendly construction, but there was some doubt expressed that the subordinate officers under Gen. Carranza might not be so conservative.

Apprehension over this situation was manifest in many quarters.

## RAILWAY MEN CARRY WHYTE TO GRAVE

### Honorary Pallbearers Include Sir Daniel McMillan and Canadian Pacific Vice-President.

(By Daily News Leased Wire)

WINNIPEG, April 22.—The funeral of Sir William Whyte was held this afternoon and though of a public nature was carried out with a quiet simplicity that was far more in keeping with the deep and genuine sorrow felt in the city than any attempt at elaboration could have been.

All business along the main streets ceased while the funeral cortege, which was of great length, passed through lines of people, all of whom seemed to feel that the funeral they were witnessing was that of a friend.

Flags were at half mast all over the city. Street cars shut off their power for a three-minute period from 3:15 to 3:18, and during the same time and for the same period all trains on the vast system of the Canadian Pacific railway also ceased operation.

Practically every prominent business or professional man in Winnipeg attended the funeral in person and the representation from the ranks of leading men of the city was so great that Knox church was filled to overflowing and outside there were large numbers wishing to attend who were unable to obtain entrance to the edifice. Sir Thomas Shaughnessy, head of the Canadian Pacific railway system, was present and a large number of western cities from Fort William to the coast were officially represented by their mayors.

### Many Railway Men Mourn.

Railway officials from the Canadian Pacific railway lines and also from the other roads were present in scores, while among the mourners were hundreds of the railway rank and file, who through long years of close association with the deceased had learned to respect him as an official and to love him as a friend.

Rev. Dr. Duval, pastor of Knox church, in which the late Sir William Whyte was a worshiper for more than a quarter of a century, conducted a private service at the home on River avenue and also took charge of the public service in the church.

Long before 3 o'clock, at which hour the cortege was expected to move along Main street, all the way from St. John's cemtery to the corner of Portage avenue and Main street, was lined on both sides with people standing two or three deep.

The services at the graveside in historic old St. John's cemetery and where already lie many whose lives were intimately connected with the growth of Winnipeg and the west, were no less impressive than in Knox church and as the solemn words were said when the casket was lowered out of sight into the ground, many eyes were wet, for while all realized that he was gone, the sight of the newly dug grave brought it home with an added force.

The Canadian Pacific railway in some departments was at a standstill. The Canadian Northern also shut down for the afternoon, that its employes might join in the universal respect shown to the deceased.

The body of Sir William Whyte arrived at the Canadian Pacific railway depot this morning at 7:45 and was carried through the station, the pillars of which were draped in black, from the railway car to the funeral car on the shoulders of eight stalwart Canadian Pacific policemen. Owing to the early hour there were not many of the public at the depot. The majority of those present were officials of the company.

Accompanying the body were Lady Whyte, Miss Gladys Whyte, William Whyte, Jr., and Charles Meek of Vancouver.

### Western Officials Attend.

Among the officials to attend the funeral, the following were from the west:

J. G. Taylor, Moose Jaw, general superintendent of the Saskatchewan division; J. B. McTaggart, Moose Jaw; H. H. Boyd, Saskatoon; E. W. Duval, Saskatoon; J. K. Savage, Regina, all district superintendents.

In addition to these, Grant Hall, general manager of the Canadian Pacific railway, returned from Chicago, as did also W. R. Calloway, general passenger agent of the Soo Line; J. S. Dennis, assistant to the president, and J. J. Scully of North Bay, superintendent of the Lake Superior division.

The following Canadian Pacific railway employes also attended the funeral:

From Calgary: A. A. McLeod, W. Puller, G. Bralley, H. Pratt, W. Edmonds, J. Ormiston, A. Habkirk, trainmaster; W. D. White, baggagemaster at Banff.

From Medicine Hat: James Fisher, T. Penhal, W. Lowe, R. Rice, J. G. Miller and J. C. Cameron, former superintendent.

### Body Lies in State.

WINNIPEG, April 22.—The funeral of Sir William Whyte was held here this afternoon and the service at Knox church was attended by many hundreds of friends from Winnipeg and all parts of the west. The casket was carried from the family residence to the hearse into the church and to the grave by representatives of the various branches of the Canadian Pacific railway and the Winnipeg Electric railway officials.

The honorary pallbearers were Sir

## TOLD COULD USE GUNS IN ULSTER

### Castle Was to Be Defended by Every Means.

## FEARED CRISIS IF MOVED TROOPS

### Officers Who Did Not Wish to Serve Could Disappear and Return Later.

(Canadian Associated Press, Special Cable.)

LONDON, April 22.—The official "white paper" dealing with the alleged "Ulster plot," was tonight issued, as promised by Premier Asquith. It details all correspondence with regard to the army and navy plans regarding Ulster.

With regard to the orders to the fleet the correspondence shows that instructions were issued to the vice-admiral of the battle squadron as far back as March 19. On the same day orders were issued to the senior officer at Batry bay to despatch the Attentive and the Pathfinder to Kingston to embark the Bedfordshire regiment for conveyance to Carrickfergus where the guns were to be used if necessary. The captain of the Pathfinder was personally to arrest the senior military officer at Carrickfergus castle if he did not guard the ammunition and other government stores there. The telegram in which the order was given says, "The place is to be defended against attack by every means and if the co-operation of the navy is necessary by guns and searchlights from the ship."

Mr Asquith stated in the commons today that the orders for the despatch of the third battle squadron to Lamlash were given without his knowledge and that he did not become aware of them until March 23, when he suggested they should be countermanded, a suggestion which was carried out.

### Feared to Cause Crisis.

On March 24 the war office informed Sir Arthur Paget that no steps should be omitted to insure the safety of government arms and stores in the south as well as in the north of Ireland.

Sir Arthur recognized all along that he was only taking protective measures, buh he had his doubts as to the effect of these measures for on March 17, he wrote "in the present state of the country I am of the opinion that any such movement of troops would create intense excitement in Ulster and possibly precipitate a crisis. For these reasons I do not consider myself justified in moving the troops at the present time, although I am keeping a sufficient number in readiness to move at short notice in case the situation should develop into a more serious state.

"I told the officers at Dublin that I had been in consultation with the war office and had endeavored to obtain concessions for the officers who might feel deeply on the subject. The most that I have been able to obtain from Col. Seely, and that only at a late hour, and by the help of Sir John French, was the following:

### Officers Might Disappear.

"'Officers actually domiciled in Ulster would be exempt from taking part in any operation that might take place; they would be permitted to disappear, that being the exact phrase used by the war office, and that when all was over, they would be allowed to resume their place without their career or position being affected. In answer to a question put to me, I said that other officers who were not prepared for conscientious or other reasons to carry out their duty, would be dismissed from the service at once."

### Verbal Musketry in House

(Canadian Associated Press Cable.)

LONDON, April 22.—The usual exchange of verbal musketry took place in the commons today over Ulster. The premier before assembling the house had a long interview with Sir John French, who resigned as chief of the general staff. In the commons, L. C. M. S. Amery, Unionist member for South Birmingham, asked the premier if he would say when he intended officially to notify Gen. Gough that the assurance conveyed to him in the war office memorandum of March 23 had been repudiated.

Mr. Asquith—As I have already stated, I do not consider any further notification necessary.

Mr. Amery—Are we to understand that the repudiation was purely a piece of parliamentary stage management? (Opposition cheers.)

To this no answer was returned.

Mr. Amery asked whether the officials of the army were in future to interpret any official instructions or memoranda which they might receive from the army council in the light of such speeches as subsequently might be made in parliament by cabinet ministers; and if so by the speeches of which ministers; and if they were to regard such speeches as superseding instructions received by them by the proper official channels?

### Case Exceptional, Says Asquith

Mr. Asquith—No, sir; the circumstances of this case are obviously ex-

(Continued on page five.)

## WANTS LOVEMAKING IN ENGLISH STYLE

### American Fiction Teaches a Different Method.

## CHEAP RATES ON MAGAZINES ASKED

### British Publishers Urge Continuance of Low Postal Charges.

(Canadian Associated Press Cable.)

LONDON, April 22.—Right Hon. Charles E. Hobhouse, postmaster-general, received a deputation representing every newspaper interest here who appealed to him to meet the Canadian government in order to maintain the present rates for British magazines.

The Canadian government has admitted its inability to renew the mail subsidy, it is stated.

Harry Lawson, for the Empire Press union, who organized the deputation, said the matter was more than one of mere pounds and shillings and pence. To raise the rate, he said, would be a retrograde step and unprecedented. The reduction in 1906 meant that British magazines for the first time were able to compete with American publications. The amount of magazine matter now carried totaled in value $30,000,000 yearly, more than half of which was sent to Canada by private people.

Publishing firms here, he declared, had instituted a big canvassing campaign in Canada with successful results and any change in the cost of carriage would have a serious effect on an important industry. The cost to the British postoffice of maintaining the present rate is estimated at not more than $65,000 yearly, said Mr. Lawson.

### No American Lovemaking for Him

Sir George Riddell spoke specially on behalf of fictional matter provided for Canadian reading, telling the postmaster-general that the American system of lovemaking differed from the English system in fiction; especially, and "we at home are anxious that the young people of Canada should be instructed in the good English ways in such matters."

The points adopted by subsequent speakers were that before the present rates came in force American magazines sold in Canada for 15 cents against 25 cents charged for English magazines circulated in Canada. Nowadays 40 per cent. of the magazines circulated in Canada were of English origin, against about 5 per cent. under former conditions.

Postmaster-General Hobhouse, replying, said that any change which was proposed now was proposed by the Canadian government. The British postoffice had instituted nothing, but had simply received a communication from Canada that the Dominion intended to abandon the arrangements into which it had entered in 1907. That original proposal came from Canada and was only to last a certain time.

### Considers Commercial Side

He thought the commercial side should be fully understood. The charge which the British postoffice made of 2 cents a pound barely covered, if it did cover, the cost of carriage to the place of shipment. While it was maintained that the British postoffice was only asked to find an additional $65,000, it had to be borne in mind that as this correspondence showed an increased tendency the cost of carriage would grow correspondingly. He would offer for consideration that instead of the present rate there should be a rate of .1 cent per half pound and with a minimum charge of 7 cents he thought the increased cost would be slight. He did not think it fair to ask the postoffice to carry this matter at considerable loss. The trade ought to be willing to meet the post office in the matter. The deputation promised to consider his proposal.

## NOVA SCOTIA LOAN ISSUE NOT VERY SUCCESSFUL

(Canadian Associated Press Cable)

LONDON, April 22.—It is understood that only 18 per cent of the province of Nova Scotia loan has been taken up by the public, 82 per cent having been left with the underwriters. Canadian scrip is now quoted at a discount.

## LIKENS ROCK PILE TO GALLEY SLAVERY

### Report Scores Conditions in Penitentiaries

## RANKS HOSING WITH DARK AGE TORTURES

### Advocates State Use of Labor and Outside Prison Work for Convicts.

(By Daily News Leased Wire.)

OTTAWA, April 22.—Hon. C. J. Doherty, minister of justice, tonight tabled in parliament the report of the commission named to inquire into the penitentiary system of the Dominion and particularly into the administration of affairs at Kingston penitentiary. The commissioners were: George A. Macdonald, K. C., J. P. Downey, superintendent of the Orillia insane asylum, and Dr. Fred Etherington.

The most important recommendation is that the control of the penitentiaries be placed under a commission of three members, which would eliminate political influence from the management. The report goes into the question of segregating various classes of criminals, pointing out that the placing of youths in association with old criminals only hastens their downfall. It is urged that first offenders be kept strictly apart from old criminals.

The report then deals at length with the question of industries in prisons and declares that "the usual conditions in the penitentiaries are a disgrace to the Dominion. An honest attempt is made by the officials to keep all the prisoners employed at something but it is only an attempt."

The commission finds that the agitation against competition from prison labor is possibly justified, but "to leave unfortunate prisoners to hammer out their terms on a stone pile or become mental and physical wrecks in the solitary idleness of their cells is a crime against humanity."

### Favors Trusty System

The report says that the necessity of keeping a loaded rifle within easy range of every prisoner is emphasized too much and strongly urges the idea of the "trusty" system as essential to the success of outside operations.

The report deals particularly with the question of the conditions of management of the Kingston penitentiary which are declared to be unsatisfactory, being an outgrowth of the present system of administration.

"The place," says the report, "is pervaded by a spirit of distrust and suspicion among the subordinate officers. Political jealousies and religious animosities prevail to such an extent that they have seriously affected the welfare of the inmates."

It is added that many of the guards are not qualified by education or character for the positions they fill.

The conditions result from the methods of employment of guards through political influence and through the warden's hands being tied so that he is practically impotent to control or dismiss an official who has political influence. The report closes its review by strongly urging the adoption of the commission system with full power to reorganize the prisons, make regulations for their management and select men for the administrative offices.

The department of justice, while exercising supreme authority, would be relieved of the details of management and the pressure for political appointments.

### Twentieth Century Galley Slavery

Conditions in the workshop were found fairly satisfactory, except in the stone breaking department, which is described as very bad. Over 70 prisoners, several of them mere boys, were at work and the atmosphere was charged with stone dust. The report adds in comment:

"But the montonous raps of the hammers, the sullen, whitened faces of the forms half crouching over their unhealthy, unprofitable, degrading task, was a mute but powerful denunciation of the system that permitted or rendered necessary such an outrage. Nothing has been said, nothing can be said, in defence of this twentieth century reproduction of the unceasing moil of the galley slave."

There is considerable pointed criticism with regard to the conduct of the asylum and the report remarks:

"The course followed in dealing with the inmates was the one which gave the least amount of trouble."

There was evidence to show that insane prisoners had been punished by forcibly placing them in baths of cold water and holding them there at the discretion of the operator. The board finds no excuse for this procedure.

### Ranks Hosing With Rack

Hosing was also resorted to. Stubborn criminals were soused with water thrown from a hose at high pressure. The report says the punishment is certainly effective but inhuman and ranks with the thumb-screw and the rack. The responsibility for this is laid on Dr. Phelan, the surgeon of the insane hospital, and on the inspector, Douglas Stewart.

In regard to the charge of Dr. Edwards, M. P., that Deputy Warden O'Leary favored Roman Catholics over Protestants in making appointments,

(Continued on page two.)

# DECLARATION OF WAR BY HUERTA IMMINENT

## MACOUN DEATH LIST REDUCED

### What Was Thought to Be Tenth Body Was Limbs Blown From Body of Mrs. Hochhaus.

(Western Associated Press, Staff Correspondent.)

MACOUN, Sask., April 22.—The day broke wet and gloomy over Macoun this morning, nature seeming to mourn with the people in the little town in the disaster that had befallen them. Work was again suspended out of sympathy with the bereaved and flags were flown half-mast from the staff over the central buildings.

People walked about sorrowfully and depressed, the tragic death of so many in such a small community having affected all with the feeling of a family bereavement.

The task of burying the dead commenced at 10 o'clock. The body of Joseph Grant was interred at Estevan, 18 miles distant, all the leading business men from Macoun attending. The ashes which represented the body of Thomas Drake, telephone contractor, were shipped to Pipestone, Man., early in the day, and in the afternoon the bodies of Mrs. Hochhaus and Emma Hochhaus were taken to Lethbridge, all the senior members of the Hochhaus family accompanying them.

Ferdinand Schmidt's body will be taken back to Grassy Lake, while the Order of Foresters at Estevan has received instructions from the branch at Vancouver to attend to the burial of Clifford Vander. Dungar's body was shipped east tonight. If no reply is had from the relatives of the other victims interment will take place here tomorrow.

### Death List Only Nine.

The mystery of the unidentified body was solved by Corp. H. F. Morren of the R. N. W. M. P., Estevan, and Constable R. F. Wheeler of Weyburn this afternoon. After exhaustive inquiries, they are satisfied that what was supposed to be the tenth body was part of the remains of Mrs. Hochhaus, whose limbs were blown off. The circumstances attending the finding of those remains leave no room for doubt that this was the case. Accordingly, the death list is only nine in place of 10, as supposed.

The Western Associated Press staff correspondent saw several of the injured in the hospitals in Estevan today and while all are rapidly recovering with the exception of Stella Peterson, who is still in a critical condition, they could not recall the experiences they went through without a shudder.

Miss Peterson is in a semi-conscious condition and while everything is being done for her that is medicinally possible, her burns are of such an extensive nature that her recovery is little short of a miracle.

Miss Wilson, school teacher, is still suffering from shock, but her injuries are not likely to keep her in the hospital but for a few days.

M. Dermid, the principal of the school, has a bady crushed ankle and injuries to his eyes and face and it may be a few weeks before he can resume his duties.

Letters and telegrams of condolence have been received by H. Westergaard, banker, who is taking charge of affairs, from many other towns in Saskatchewan, several offering help in case of relief being needed. It is not expected, however, that any big relief fund will be necessary as most of those who have lost property or have suffered accident are in some way insured.

The mounted police have been busy throughout the afternoon ascertaining the actual cause of the explosion, and Corp. Morren in the course of an interview in the evening said there appeared no doubt that something had gone wrong with the automatic feed in the acetylene gas plant, which besulted in a large volume of gas escaping into the cellar. This gas, in his opinion, was ignited by a light burning on the wall some distance from the plant and between it and the furnace. This jet of light was some 14 or 15 feet from the plant and was necessary for the lighting of the coal bin.

Alfonse de Lepelier, a Belgian, who had charge of the plant, has had charge of it for years and in his statement to the police said he had cleaned the gas plant shortly before noon as usual and renewed the supply of water and carbide. He made the usual tests to see that everything was right and finding that the lights in the billiard room burned brightly he went to join his wife with the intention of going to dinner. He could not in any way account for the cause of the explosion.

Carl Hochhaus stated to the police that, smelling actylene gas, he went to the basement to see if anything was wrong. When he went down there was a white vapor in the basement and he went back at once in search of Lepelier. Before he got to the top of the stair the explosion took place and blew him several feet through the doorway into the street.

## BLIGH GETS THIRD TERM IN HALIFAX

HALIFAX, N. S., April 22—F. P. Bligh has for a third term been elected mayor of Halifax. Yesterday was nomination day and Mr. Bligh was the only candidate nominated. His nomination was signed by nearly all the aldermen.

## Hands Passport to American Charge at Capital

## BATTLE AT VERA CRUZ CONTINUES

### Shells From Warships Demolish Buildings--Death Roll Grows.

(By Daily News Leased Wire)

WASHINGTON, April 23.—Nelson O'Shaughnessy, American charge d'affairs at Mexico City, has been handed his passports by Gen. Huerta and is preparing to leave Mexico City.

Charge O'Shaughnessy telegraphed the state department under date of Wednesday night as follows:

"Having been given my passports, I am leaving tomorrow night or Friday morning."

The message was given out at 3:20 a.m.

Huerta's handing of the passports to Charge O'Shaughnessy was regarded as a most sensational development in the situation as it was believed to forecast a declaration of war on the part of Huerta. The giving of passports to a minister or charge d'affaires in most cases has preceded a declaration of war.

### More Americans Killed

(By Daily News Leased Wire)

VERA CRUZ, April 22.—Twelve Americans killed and about 50 wounded recorded the complete investment of of Vera Cruz at noon today by the American forces.

Rear-Admiral Frank F. Fletcher has taken up his headquarters at the Terminal hotel. The entire city is strongly patrolled and quiet prevailed tonight. Rear-Admiral Fletcher is now in command of the land operations, while Rear-Admiral Badger, commander-in-chief of the Atlantic fleet, has brought his flag into the harbor on the Minnesota.

After the general advance began this morning, the Mexican snipers on the roofs put up a stubborn resistance. There was one brisk action, the guns of the Prairie and Chester assisting in silencing a heavy fire from the naval college, shells from the Prairie finally shattering the walls.

### Mexican Loss Heavy

The number of Mexicans killed yesterday is estimated at 150, with many wounded. The Mexican loss today is heavy.

The paymaster of the British cruiser Essex, Albert W. Kimmer, was wounded on board his ship by a sniper ashore.

The British bluejackets crowded the bows and vociferously cheered the American marines as they proceeded in shore for the landing.

Rear-Admiral Badger has not yet decided to proceed to Tampico and it is said his departure will be delayed.

Admiral Smedley W. Butler, with marines from the Prairie, made a sortie up the railway for a considerable distance this afternoon.

### Refugees Continue Flight

(By Daily News Leased Wire)

VERA CRUZ, April 22.—The number of foreign refugees on board the Esperanza was increased today when several people, mostly Americans, took advantage of the lull in the fighting during the early hours to go on board the vessel.

Rear-Admiral Fletcher's note sent to the local officials, calling on them to co-operate with the American officers in the restoration of order by calling off sympathizers and by resuming the local government, could not be delivered.

Julio Franco, the Mexican chosen by American Consul Canada to be the bearer of the warning, was unable to undertake the task. When Franco tried to communicate with Mayor Diez he was refused admission by guards at the door. Franco then crawled over the roof of an adjoining building into the court of the Diaz residence, but he did not succeed in seeing the mayor.

### Mayor Stays in Bedroom

Senor Diaz refused to leave his bedroom, so Consul Canada's messenger shouted the contents of Rear-Admiral Fletcher's note to the mayor and personally appealed to him to yield in order to save the city from bombardment by the American ships, reminding him of the grave risk to which the families of Mexicans and all other women in the city would be put.

The unwillingness of storekeepers to keep their places open and the almost total depletion of supplies at the restaurants where the proprietors had the temerity to continue business made it difficult for any one except the American fighting forces to obtain anything to eat. Tobacco is another commodity of which the supply has practically become exhausted.

### Heavy Fire Scatters Bluejackets

Rear-Admiral Fletcher at 8:30 o'clock in the morning ordered a general movement for the occupation of the town. A column of bluejackets advanced and passed the uncompleted market place and naval college. When

### JAMES H. TRAFFORD BURIED AT ROSSLAND

**Lived Twelve Years in Rossland—Whist Drive in Knights of Columbus Hall Success**

(Special to The Daily News)

ROSSLAND, B. C., April 22.—The funeral of the late James Herbert Trafford took place this afternoon from the family residence on First avenue and Butte street. A brief funeral service was conducted by Rev. S. H. Sarkissian. The deceased was 41 years of age and came to Rossland 12 years ago from St. Josephs, Mo. His mother and sister are now living in Le Mars, Iowa.

Deceased since coming to Rossland was employed by the Consolidated Mining company as engineer until two years ago; since then he had been employed with the same company as machinist until two months ago, when he became bedridden though his illness has extended over a period of three years. A severe form of rheumatism was the original complaint, but lately a complication of diseases rendered him quite helpless. Deceased leaves a widow and two small children. The pallbearers were N. Michaley, John Murphy, L. Williams, Robert Wilson, W. Jamison and S. Patterson. Mr. and Mrs. Troy Anderson and daughter of Colfax, Wash., came to Rossland on Sunday to attend the funeral. Mr. Anderson is a brother of Mrs. Trafford.

Mrs. D. Perry, of Vancouver, worthy matron for British Columbia, arrived in the city today and will pay an official visit to Alpha Chapter No. 1, Order of the Eastern Star, this evening.

Invitations have been extended to the Trail and Nelson curlers and families for the dance to be given in the armory on Friday night by the Rossland curlers.

About 100 attended the whist drive and dance given in Knights of Columbus hall last evening and the evening was well enjoyed by all present. Cards were played until 10:30 o'clock, when refreshments were served after which dancing was indulged in. Those winning the honors for cards were Miss Donahue, Mrs. Bonner, Mr. Seney and Mr. Moore.

Mrs. Binns and Miss Binns, of Trail, are in the city today.

The Pythian Sisters and their friends spent a pleasant social evening in Oddfellows hall last evening. Cards and dancing were indulged in and refreshments were served.

A. Ryde, of Trail, is in the city this afternoon.

Miss Mills and Miss Crabb, of Trail, are visitors in the city this afternoon. The Misses Doris and Margaret Hannah, A. Fraser and D. Neilson, of Trail, motored into town today.

The Oddfellows and Rebekahs will celebrate the anniversary of the Order by attending the Methodist church next Sunday evening, meeting in their hall at 7 p.m. On Monday they will have a dance and card party at 9 p.m., winding up with a supper provided by the Rebekahs.

A large number motored up from Trail today to attend the football match between Rossland and Trail.

# Analyze Your Methods

If your advertising expenditure is not producing the right results don't condemn advertising. All arguments are against you. Monumental successes stand in every city to contradict you.

Analyze your methods!

Do you do your advertising in the way of an investment? If you have looked into the matter and given proper attention to returns you know that the very best publicity a business can have is that built by newspaper advertising.

Some business houses are still sending out the cheap dodger which, like a beggar, is nearly always stopped at the front door. The newspaper is welcomed in every home. It gets into the best room in the house and is sought by every member of the family.

Mr. Business Man, newspaper advertising never fails. A single advertisement may not sell your entire stock, but every dollar you so invest will bring you ample returns.

You may have tried the rest, but you have not tried the best unless you are using advertising space in

## POND D'OREILLE RANCHERS MEET

**Want Judging in Crop Contest Early Because of Rapid Ripening in Valley—Director Named.**

(Special to The Daily News)

WANETA, B. C., April 22.—A general meeting of the Pend d'Oreille Farmers' institute was held at Maurice Charbonneau's on Monday when there was a good attendance of members. The day was so fine and warm that the meeting was held out of doors amid the picturesque scenery to be viewed from the plateau on which the Charbonneau ranch is located.

Among other business transacted was the election of J. W. Buckley as a director to replace M. Selby.

A communication was read from the superintendent of Farmers' institutes as to a fixed date for the annual meeting suggesting that either the president or the secretary should be, ex officio, the delegate to the annual convention at Victoria. After some discussion it was decided that the second Wednesday in December was the most suitable date for the annual meeting for this institute and in the matter of the delegate it was decided that inasmuch as arrangements have already been made for the delegate for the next conference "we abide by these arrangements for this year and that the meeting approves of the suggestion of the deputy minister of agriculture that the president or secretary be the delegate but we reserve the right to appoint a delegate in the event of either being able to attend."

There were eight names given in for the potato competition, viz: F. Adie, A. E. Churches, J. W. Buckley, Capt. W. A. Duncan, M. Selby, Slater Bros., A. Sodja and J. Sterling. The entrance fee is $1. Several members urged the necessity of early judging owing to the crops in this valley ripening early.

It was decided to ask the department of agriculture for lectures on "Animal First Aid" for the autumn course. It was also decided to ask Mr. Hunnex of Erie to give a paper on "Medical Treatment of Sick Animals" and D. Alexander is to give a lecture on "Cattle." It was announced by F. Adie that he had received, as president of the Waneta Conservative association, definite assurance that the appropriation would be voted for the cost of a government telephone line from Waneta to Nelson. At the suggestion of D. Alexander it was decided to hold a flower garden competition for the ladies of the valley and arrangements to carry this into effect are being made.

George M. Benney, road superintendent, has this week been through to the Salmon river in an automobile.

### LIQUOR CASE IS HEARD AT ROSSLAND

(Special to The Daily News)

ROSSLAND B. C., April 22.—Mrs. Sophie Doel as proprietress and Medis Gauthier as bartender at the Cliff hotel, were charged in the police court with selling two bottles of beer which were not drunk on the licensed premises to Myrtle Scribner and Flora Brown on April 13. A similar charge was heard against I. E. Almstrom, as one of the licensees of the Central, it being alleged that Mrs. Almstrom sold the beer in this case. Miss Scribner stated that she was asked to get the beer by a man named Robinson; that she did not know what his business was; that she got two bottles in each place, drinking one with Mrs. Brown and taking the other with her. She marked one bottle with a C and the other with an X. Robinson had not asked her to do so. In Nelson she had registered as Vivian Gray, in Trail as Vivian Cole, and in Spokane was known for a long time as Miss May. Robinson had registered in Trail as Cole, but she did not know this till afterward. The beer was still in her room when she was taken to the hospital. Mrs. Brown corroborated Miss Scribner's statements.

Neither of the witnesses was very positive as to the persons selling the beer; all they would say was that the man in the Cliff was like Gauthier and the woman in the Central was like Mrs. Almstrom. The magistrate reserved his decision until tomorrow morning. The violation complained of is the section of the city by-law which says the hotels may sell in quantities less than one quart, the liquor to be consumed on the premises. R. J. Clegg appeared for the prosecution and E. S. H. Winn for the Cliff hotel.

### ROCK CREEK NEWS

(Special to The Daily News)

ROCK CREEK, B. C., April 22.—There will be a concert on April 25 at Larsen's hotel in aid of the Rock Creek Skating club and a concert at Hanson's hall on May 7 in aid of the English church.

Last Tuesday a fire occurred at Rev. A. M. Lloyd's residence at Kettle valley. A tool shed, with all the tools, was burnt to the ground, and it was with great difficulty the flames were kept from the house and other buildings.

J. Miller, of Kettle valley, has gone to reside with W. Jenks at Greenwood.

W. McKenzie, of London, Eng., is staying with Messrs. Fox and Wilson at Kettle valley.

Mr. and Mrs. H. Snell have rented the Bart Ingram ranch at Rock creek.

E. Sparks has rented the McMynn ranch at Myncaster.

Miss Gladys Bell is on a visit to Springdale, Wash.

### DANGER OF POLUTION REDUCED BY SWIFT WATER

(By Daily News Leased Wire)

OTTAWA, April 22.—Dr. R. St. John McDonald, of McGill university, gave evidence today before the committee investigating the pollution of navigable waterways. He expressed the opinion that where waters flow swiftly there is little danger of contamination at any point 20 miles below where the deposit is made.

Senator Balcourt explained his bill on the subject and considered its provisions to embody a necessary precaution.

## JURY PROBES COAL CREEK STABBING

**One Witness Is Detained in Custody Until Adjourned Session Today—Room Is Ghastly Sight.**

Special to The Daily News)

FERNIE, B. C., April 22.—The inquest on the body of Arthur Green who was stabbed to death at Coal Creek on Sunday, April 19 at 10 p m., was opened on Monday morning. The jury journeyed to Fernie to view the body and also visited the scene of the tragedy. The room where the crime was committed presented a ghastly spectacle and proved that the deceased must have done considerable struggling and have traveled over the rooms several times before he collapsed. Constable Bordman, E. English and three foreigners were the witnesses. The three latter gave unsatisfactory evidence, it was said, and in one case the coroner ordered the detention of a witness in custody until the adjourned inquest on Thursday afternoon.

The post mortem held on Monday evening revealed the fact that death was due to severance of the brachial artery in the left arm and shock occasioned by loss of blood.

The Allen Players commenced their week's entertainment in the opera house, putting on a play called "The Woman," every part being well acted. The large house was crowded to the doors, not even standing room being available.

At the installation of officers of the Loyal Order of Moose held in its hall last night the following officers were elected: Thomas Uphill, P. D.; F. Newnham, D.; W. Volume, Prelate; J. Sweeney, V. D.; J. F. Moses, secretary; William Mills, treasurer; Chief McDougall and E. Rutledge trustees; J. Brown, I. G.

After the instalation a musical program was presented and refreshments served.

Two boys 15 and 16 years of age came before Judge Thompson this morning charged with theft. His honor allowed them to go on suspended sentence but with certain restrictions to be obeyed to the letter, also stated that their downfall was largely due to the evil influences of moving picture shows, 'giving instruction' to their parents that the boys must be kept away from these places in future and must either go to school or work, otherwise sentence would be imposed on June 11.

### LITTLE JOHN STAPLES DROWNED AT WYCLIFFE

**Five-Year-Old Boy Tumbles Into Breakwater—Body Is Caught As It Floats Down Stream.**

(Special to The Daily News)

WYCLIFFE, B. C., April 22.—Last Tuesday afternoon little John Fred Staples, 5-year-old son of Mr. and Mrs. Ambrose Staples, lost his life by drowning in the St. Mary's river. Little John, accompanied by his playmate, Douglas Honeyford, of about the same age, went down to the river, close to the residence of Horace Davis and while in a venturesome mood, climber out on the boom. He lost his balance, falling into the breakwater and became so benumbed by the ice-cold water that he was swept out into the current of the river, which at this season of the year is exceedingly swift at this point.

The alarm was given by his playmate, and in the course of a few minutes the frantic parents and a large number of people were searching the river, Charles McDonald being fortunate in securing the body of the boy as it came down stream. First-aid methods were used, but after working for over an hour there were no signs of life.

Dr. Green of Cranbrook was telephoned and arrived by auto as soon as possible. He made a final but ineffective effort to resuscitate the child, but without success, being of the opinion that he was already dead when taken from the water.

Dr. Bell, coroner of Cranbrook, also arrived later and rendered a verdict of accidental death.

The funeral services were held at the home on Thursday forenoon by Rev. Mr. Herdman and the body taken to Cranbrook, where interment was made in the Cranbrook cemetery. The many beautiful floral offerings showed the love everyone bore for little John and the esteem in which the parents are held. There remain two brothers and two sisters, besides the parents and a large number of relatives and friends to mourn for the bright little life so abruptly ended.

### LONGBEACH PEOPLE HOLD ENJOYABLE WHIST DRIVE

(Special to The Daily News)

LONGBEACH, April 22.—A most successful whist drive and dance was held last night at Harrop for the purpose of raising enough money to pay for the new organ which was purchased a short time ago for use at the church of England services in the Harrop school. Nearly 50 people were present and the first part of the evening was devoted to progressive whist. There were eleven tables. The first ladies' prize was won by Mrs. Baxendale of Proctor, the men's prize going to S. Wightwick. The booby prizes were won by Mrs. Bourke and L. Wightwick. After the whist was over an excellent supper was served and the room was then cleared for dancing. The gramaphone to supply the music was lent by W. G. Kennedy of Harrop. Among those present were Mrs. Baxendale, Mrs. Major, Mrs. Barrett, Miss Ross, Mr. and Mrs. MacPereth, Miss Giegerich, Mrs. Thompson, who were driven down from Proctor by Mr. Appleton; Mr. and Mrs. Bourke, Mrs. Eskrigg, Mr. and Mrs. J. D. Kerr, Mr. and Mrs. T. P. Webb, Mr. and Mrs. G. Hallett, Mr. and Mrs. Crozier Smith, L. and S. Wightwick, B. Stratton, H. A. Lowe, T. W. Young from Longbeach, and Mr. and Mrs. Cadzow, Mr. and Mrs. Wilson, Mr. and Mrs. Brown, Mr. and Mrs. Risden and Miss L. Ogilivie from Harrop.

MAGIC BAKING POWDER

CONTAINS NO ALUM

The only well-known medium-priced baking powder made in Canada that does not contain alum (or sodic aluminic sulphate, or sulphate of alumina) and which has all its ingredients plainly stated on the label.

E.W. GILLETT CO. LTD. TORONTO, ONT.

## LIKENS ROCK PILE TO GALLEY SLAVERY

(Continued from Page One.)

the report says that the charges were, in a great part, the outcome of the unhappy spirit of distrust and suspicion that pervaded the institution, resulting from the system of administration, especially in regard to appointments, political influence and political jealousies.

**Recommendations Made**

The committee recommends:

That control of the penitentiaries be placed in the hands of a permanent commission of three members, with power to appoint a staff of officers, heads of departments, make recommendations, etc.

Under such a system the warden of each prison would be given full power to employ and dismiss keepers, guards, etc., in addition to the powers he now enjoys.

That a parole board of not less than three members be appointed for each penitentiary to sit once a month and to hear and consider applications for parole and make recommendations on the same to the minister of justice.

That an arrangement be entered into with the provinces of the Dominion to take over the custody of first offenders and prisoners under 25 years of age.

If this is found to be impracticable, two reformitories for first and young offenders should be established, one in the east and the other in the west.

That within the present penitentiary system, classification be inaugurated, based on conduct of the prisoners and operated with a view to encouraging habits of order, industry and a better appreciation of the duties of citizenship.

**To Develop Outside Labor**

That what is known as the state use or public use system of prison labor be adopted throughout the penitentiaries, that industries be established to supply the requirements of the government, its institutions and services, with all goods that can be made in prison.

That outside labor be developed to the fullest possible extent at each prison, including farming operations and where raw material can be conveniently obtained in quarrying stone, making bricks, etc.

That a few copies of a carefully censored weekly newspaper be provided in each prison for the use of good conduct prisoners.

That hosing of convicts and confining them in dark cells or dungeons and shackling with ball and chain be abolished.

That a hospital modern in plan and equipment be provided.

**School of Letters Suggested**

That a school of letters be established at each prison and for three hours at least each day instruction be given by a head teacher and inmate monitors.

That drill exercises be held every Saturday afternoon when the weather is suitable and on the afternoon of every holiday and that an occasional entertainment be given.

That in the employment of guards more regard be had to the education and character of the applicants.

That the criminal code be so amended as to empower judges to impose a maximum term of sentence on all persons committed to a penitentiary, the period of detention to be fixed by the parole board.

### NORTH DAKOTA TOWN SUFFERS DISASTROUS FIRE

MANDAN, N. D., April 22.—Taylor, N. D., tonight suffered the most destructive fire of unknown origin that has occurred in western North Dakota. The entire business section of the city is reported to be burned to the ground, destroying hundreds of thousands of dollars' worth of property.

The fire mysteriously started in the Farmers' elevator, the flames being absolutely uncontrollable with the high wind. It spread to the implement houses of the Farmers' elevator, across the street to the Farmers' hotel, destroying a big mercantile establishment, the drug store, pool hall, hardware store, Farmers and Merchants State bank, blacksmith shop and a residence.

The Northern Pacific railway put in an emergency call to their Dickinson terminal for a fire car, which was rushed up. By this time the three large lumber yards were doomed to destruction, also the depot, but the wind changed and the fire got beyond control.

## LIBRARY CONCERT TUESDAY NEXT

**Splendid Program Being Arranged by Members of Male Voice Choir—Tickets on Sale.**

Under the auspices of the Nelson Public library the Nelson Select Male Voice choir on Tuesday evening next will give a concert in the opera house.

The choir has been preparing for the concert for the past number of weeks and a splendid program has ben arranged. In addition to the selections of the choir a number of the pick of Nelson's vocal and instrumental talent have consented to take part in the concert and one of the rarest musical treats offered in Nelson for some time is promised by those in charge of the concert. Tickets are now on sale for the event and may be obtained from members of the library board, members of the male voice choir and at several of the stores throughout the city.

### TO ERECT STATUE IN MONTREAL TO LATE KING

(By Daily News Leased Wire.)

MONTREAL, April 22.—Three memorial statues, the combined cost of which will exceed $200,000, will be erected in Montreal this year. They are those of King Edward VII., on Phillips avenue, to Sir George Cartier, on Fletcher's Field, and Adam Dollard, Sieur des Ormeux, on Viger square.

The Cartier memorial, costing over $100,000, will be the most elaborate of the three. The statue of King Edward, for which $60,000 has been collected, in amounts ranging from five cents to $1,000, is now being cast in Paris. It is the work of the French sculptor, Philip E. Herbert.

### HON. THOMAS TAYLOR LEAVES FOR INTERIOR

(Special to The Daily News)

VICTORIA, B. C., April 22.—Hon. Thomas Taylor left today on an official tour of public works in progress in Kootenay. He will be absent for three weeks.

## Surprises Many in Nelson

The QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the remedy which became famous by curing appendicitis, is surprising Nelson people. Many have found that this simple remedy drains so much foul matter from the system that A SINGLE DOSE relieves constipation, sour stomach and gas on the stomach almost IMMEDIATELY. Adler-i-ka is the most thorough bowel cleanser ever sold. The Canada Drug & Book company.

### COUNT DI RADIONI OF EDMONTON WEDS IN LONDON

(Canadian Associated Press, Special Cable.)

LONDON, April 22.—The marriage of Count Dino Spotia di Radioni, formerly of Rome but now of Edmonton, Alta., and Mary, eldest daughter of Edwin J. Lisle March Phillips de Lisle and great-niece of the late Duke of Fife, took place today at Brompton Oratory.

Premier and Mrs. Sifton of Alberta were among the invited guests.

## BASEBALL CLUB MEETS TOMORROW

**Several Well Known Players May Again Figure on Team—Meet in City Council Chamber**

The annual meeting of the Nelson Baseball club will be held in the council chamber of the city hall tomorrow evening at 8 o'clock.

It is expected that the local ball team will be called upon to meet some first class opponents during the Chahko Mika celebration and some of the exponents of the game in the city have received word from several of the stars of the diamond who figured on the local team in former years who are desirous of returning to the city and fielding the club's colors. It is expected that two at least and probably three of these players will figure on the team this year.

### AMERICAN LEAGUE.

BOSTON, Mass., April 22.—Boston and Philadelphia played another tie game today, 9 to 9, when time was called in the eighth by agreement, to allow the teams to catch a train. A batting rally in the last inning, when Speaker's two-base hit drove in three of the four runs, saved the game for Boston.

**Get Five Hits in Third**

ST. LOUIS, April 22.—Detroit defeated the locals today 4 to 2. After St. Louis had scored two runs in the opening inning on a single by Austin, Pratt's two-base hit and a sacrifice fly by Williams, the Tigers made five hits off Hamilton in the third, which netted them three runs and clinched the game.

### Y. M. C. A. FOOTBALL TEAM RECEIVES NEW UNIFORMS

**Will Make First Appearance in New Regalia Tonight—Play Picked Team**

The Y. M. C. A. football team, which is entered in the City football league, will make its first appearance in new uniforms at the recreation grounds tonight at 6 o'clock, when it will meet a picked team in an exhibition game. Members of the Y. M. C. A. team who have not yet obtained their new uniforms can secure them at the association building today.

### THREE TEAMS WILL COMPETE FOR ROBLEY SHIELD

Three teams will compete in the City football league this season for possession of the Robley shield. The league series will open on Thursday next, April 30, when the Y. M. C. A. team will meet the City aggregation. All players who are to compete in the league series must pay their dues to the league secretary before April 30. The schedule for the season is:

April 30—Y. M. C. A. vs. City.
May 14—R. M. R. vs. Y. M. C. A.
May 21—City vs. R. M. R.
May 28—City vs. Y. M. C. A.
June 4—Y. M. C. A. vs. R. M. R.
June 18—City vs. R. M. R.

### LITTLE BETTING YET ON TWO THOUSAND GUINEAS

(Canadian Associated Press Cable.)

LONDON, April 23.—There is no betting of any account yet on the Two Thousand Guineas, the first classic race of the season, run a week today, and the starters are still in doubt. Not till Monday will a decision be reached as to whether the Derby favorite, The Tetrarch, will be among the starters, and on this announcement hinges the wagering.

### BRITISH FOOTBALL.

(Canadian Associated Press, Special Cable.)

LONDON, April 22.—Old country football:

**First Division.**

Manchester United 2, Sheffield United 1.

**Southern League.**

Plymouth 2, Portsmouth 1.

### BEATS AMERICUS

(By Daily News Leased Wire)

VANCOUVER, B. C., April 22.—Pat Connely was awarded the decision tonight over Gus Schoenlin (Americus), after nearly an hour's wrestling.

Schoenlin swung over the ropes and slipped from the platform, injuring his ribs by hitting the edge of the platform as he fell.

Early in the second round both men wrestled themselves out of the ring and on to the floor. Schoenlin took the first fall in 37:06.

## TORONTOS SIGN UP COAST PLAYERS

**Bob Fleming's Club Again Expected to be Strong Contender for Eastern Championship.**

(By Daily News Leased Wire.)

VANCOUVER, B. C., April 22.—The Toronto Lacrosse club, plaything of Bob Fleming, street railway magnate will again be a serious contender for the championship of the Dominion Lacrosse association this season, judging from the manner the "big four" boss is buying up the stars of the Pacific coast, with Len Turnbull and Cliff Spring of New Westminster already in line for the "home."

The Torontos have succeeded in landing Dave Gibbons, the Vancouver goal tender, who was with them when they won the championship of the east the season before last, and who was sadly missed off the Toronto defence last year when he played for the V. A. C. professionals. Dave announced yesterday that he had accepted terms with the Torontos and as soon as he has made arrangements for leave of absence from his position he will go east. He expects to start a week from tomorrow. The Toronto players are to report on May 9. They figure that there will be no money to any of the players on the coast this year.

## DECLARATION OF WAR BY HUERTA IMMINENT

(Continued from Page One.)

they had reached the walls of the college a terrific rifle fire was poured in ill directions from the roof and the windows. The bluejackets were helpless to return the fire against the stone walls and scattered.

The Prairie, Chester and San Francisco opened with their eight and six inch guns and shattered the walls. The bluejackets re-formed and advanced against the fire, which had diminished greatly.

By 10 o'clock there was only desultory firing from the inshore side of the tower. Battalions of bluejackets had made their way along the waterfront to the southern end of the town and cleared several streets, but the sniping from house tops continued at intervals.

The scout cruiser Chester pounded buildings on the outskirts with six-inch shells, firing over the heads of the men ashore and showing almost perfect marksmanship.

The general movement from all the positions taken yesterday began in the direction of the main plaza. The remainder, under Col. Neville, moved to the southward along parallel streets toward the centre, while the marines commanded by Lieut.-Commander Arthur B. Keating, of the Arkansas, were ordered from their positions east of the centre toward the plaza.

The two forces swung forward with a rush for a distance of three blocks. The machine gun and rifle fire was supplemented by the small guns of the Chester.

Buchanan's men, under direct command of Lieut. Castle, moved forward to a position one block directly east of the plaza. Other detachments occupied positions to the north and west. Both marines and bluejackets dragged light field pieces, but there was little work for them.

**American Sharpshooters Busy**

There was absolutely no organized resistance, but from the beginning of the advance a smart fire came from the defenders on the housetops, which invariably drew a merciless fire from the advancing parties. The machine guns sounded their "tap, tap" in all quarters, and American sharpshooters, posted at street corners and other points of vantage, picked off at will any who appeared to them to be acting suspiciously.

**Actress Wants to Be Nurse.**

(By Daily News Leased Wire)

WINNIPEG, April 22.—Valeska Suratt, the American variety star playing at the Orpheum here, has wired the Red Cross at Washington offering her services as nurse.

**Mexicans' Fire Troublesome.**

(By Daily News Leased Wire.)

VERA CRUZ, April 22.—Hostilities were brought about after notes had been sent by Consul Canada to the mayor, the politico, or chief of local civilian officials, the chief of police and other officials, calling upon them for their co-operation.

The principal point from which the Mexicans fired was in the central part of the city. From the Diligencia hotel the sharpshooters directed a troublesome fire. House-top fighting, which has been more or less continuous since the fighting started began this morning as soon as it became light enough to aim.

Capt. William R. Rush, captain of the battleship Florida, had received orders not to effect any advance, but to hold the positions he had taken yesterday. He had under his orders nearly 3,000 men here while offshore were waiting his call as many more as he needed up to 9,000.

Rear-Admiral Fletcher was determined not to lose more men than absolutely necessary and for this reason in all probability did not utilize the forces under his command ashore in charges or in advancing on the positions held by the snipers.

**Drunken Convicts Shoot.**

The Mexican sharpshooters appeared not to have diminished in numbers today. The Mexican troops had all left the city and the fight was carried out by armed citizens and straggling soldiers and policemen. Among the citizen element offering opposition to the American forces there were many prisoners who had been released by Gen. Maas, the commander of the federal garrison, before he evacuated the city. Many of these criminals inaugurated their liberty by becoming intoxicated and then found a convenient outlet for their enthusiasm by joining the fighting on the house tops.

As a hint as to what might be expected later the American force sent across the southeastern part of the city a few shells from three-inch guns and shortly after 7 o'clock this morning these were followed by another series of shells. The principal reason for Rear-Admiral Fletcher's hesitation to bombard was that hundreds of non-combatants, including many women and children, who had been unable to get out of the central part of the city, were crowded in the hotel buildings, from which most firing was done by the Mexicans.

**Seize Huerta's Ammunition.**

(By Daily News Leased Wire)

WASHINGTON, April 22.—A German vessel docked at Vera Cruz, according to the state department reports, and the marines seized 15,000,000 rounds of ammunition and 250 machine guns consigned to Huerta.

Disposition of the guns and ammunition in the cargo of the German vessel Ypiranga was arranged for at a conference between Secretary Bryan and Ambassador von Bernstorff of Germany.

The captain of the vessel, being unable to obtain clearance papers at Vera Cruz, will return the cargo to its former owners in Germany, although the Huerta government had paid in advance for the munitions. The cost of transporting the cargo to Vera Cruz and return must be borne by the consignors of the munitions. This arrangement is in accord with the international precedents covering such incidents.

**Will Take Bodies Home.**

(By Daily News Leased Wire)

WASHINGTON, April 22.—The navy department is arranging to bring to the United States the bodies of sailors or marines killed at Vera Cruz and either forward them to relatives or make final interment in a national cemetery, as the families desire. All expenses of transportation will be borne by the United States.

**Looks for Long Struggle**

(By Daily News Leased Wire.)

NEW YORK, April 22.—Charles Chamberlain and family were on board the steamer Havana, which arrived here today from Havana. Mr. Chamberlin is superintendent of the Aguila Oil company, a Lord Cowdray corporation.

Mr. Chamberlain was of the opinion that intervention was absolutely necessary although he was inclined to think the United States faced a long struggle.

**Not Ordered to Seize Tampico**

(By Daily News Leased Wire)

WASHINGTON, April 22.—Secretary Daniels said late today that no orders had been given to seize Tampico and that Rear-Admiral Badger's instruc-

### LEGAL AND OFFICIAL ADVERTISING.

Effective on and after Jan. 1, 1913.

**Legal Advertising** (includes municipal and government notices) — 12c per line for the first insertion and eight cents per line for all subsequent insertions.
In certain cases, however, for the convenience of the public, flat rates have been set, as follows:

**Applications for Liquor Licenses:**—Once per week for four weeks, $5; daily for month, $30.

**Applications for Transfer of Liquor Licenses:**—Once per week for four weeks, $7.50; daily for month, $45.

**Land Purchase Notices:**—Once per week for 60 days, $7.

**Land Lease Notices:**—Once per week for 60 days, $7.

**Certificate of Improvement Notices:**—Once per week for 60 days, $12.50.

**Delinquent Co-ownership Notices:**—Once per week for 90 days, $25.

**Duplicate Certificate of Title Notices:**—Four insertions, $8; eight insertions, $14.

**Water Application Notices:**—Four insertions up to 100 words, $6; over 100 words, in proportion.

Where any of the above applications contain more than one application or notice, each application or notice will be charged for as a separate advertisement.

THURSDAY, APRIL 23

### SEES PROSPERITY IN INTERIOR.

Last week's issue of the Vancouver edition of Bradstreet's, the well known mercantile publication, contains an interesting reference to conditions in the interior of British Columbia. This reference shows that Bradstreet's is thoroughly in touch with conditions in this part of the province and the publicity given should help direct the attention of outside business men to the southern interior and its possibilities.

Bradstreet's says, after referring to conditions elsewhere in British Columbia and in the east:

"The outlook in the interior, however, is satisfactory. In the Okanagan and Kootenay districts the fruit trees have come through the winter in good condition, and with considerably increased bearing acreage, there should be a heavy yield, if conditions continue favorable. The mining industry in the Kootenay, Boundary and Slocan districts is increasingly active and is looked upon as being on a more solid basis than at any time in the past."

What is particularly worth noting is the reference to mining. It shows that Bradstreet's, like those on the ground who are closely in touch with conditions, realizes that mining in Kootenay and the Boundary is now being conducted along business lines, instead of being run as a stock-jobbing proposition, as unfortunately it was some years ago, with the result that confidence in the industry in this section was almost annihilated.

There were, however, those who never lost their faith in the mining resources of the district and continued the work of development in spite of difficulties and discouragements. Many of these are now reaping their rewards and others are destined to do so in the immediate future. All that is necessary is that mining operations be confined to legitimate lines and the result will be such as to direct the attention of the investing world to Kootenay and the Boundary.

### RUSSIA'S LIQUOR MONOPOLY.

The reorganization of the Russian system of finance, consequent upon the Czar's determination to lessen the Government revenue from its monopoly in the liquor traffic, is causing trouble among the members of the administration, but the campaign is gaining widespread support throughout Russia, says the Toronto Mail and Empire. The new minister of finance, M. Bark, has been enjoined to free the government from dependence on national intemperance as a source of revenue. As the annual revenue from liquor selling has been $500,000,000, the finding of new sources of equal yield is no easy task. The average annual income per head of the Russian people is not more than $30. Yet they manage to contribute to the state exchequer yearly about $1,500,000,000. Thus the liquor revenue of the government has formed a third of the total. When Count Witte, who is the originator of the state liquor monopoly, retired from the control of the finances, the government received from the sale of vodka $250,000,000. The tremendous increase in the few intervening years has converted him into a strong advocate of retrenchment. Some of the newspapers have been helping tremendously in the campaign. The Novoe Vremya of St. Petersburg, says that in the schools of the Veronjsky government 96 per cent of the boys and 85 per cent of the girls habitually drink vodka, wine and beer in their homes, and children of six to eight have been found drunk. The physique and morals of the people are steadily deteriorating under the tremendous drinking encouraged by the government. In the Japanese war the government actually raised extra money by selling large quantities of vodka to soldiers going to the front, so much more was it concerned about ways and means than about military efficiency. The change for the better in Russia means that the last and greatest bulwark of unrestricted alcoholism is going, in sympathy with the progress of the times.

### EDITORIAL NOTES.

When a conservative mercantile publication like Bradstreet's pays tribute to the condition of mining in Kootenay and the Boundary it means something.

Talk of morning sittings of the house of commons as well as afternoon and evening indicates an early ending of the session.

Carranza, leader of the Mexican constitutionalists, says the United States is not attacking Huerta, but the country as a whole. Does this mean that the warring factions will sink their differences for the time being to defend their country against invasion?

A copy of the Revelstoke Review, a paper just established at Revelstoke, "The Capital of the Canadian Alps," has come to hand and is an interesting and well printed publication. The Review describes itself as an independent paper, whose object is to advance the interests of Revelstoke and district. Mr. W. H. Bohannan, late of the Chase Tribune, is the editor and manager. If succeeding issues are as good as those already published The Review should be a fixture in Revelstoke.

### WHAT THE PRESS IS SAYING

**She Has the Combination**

A new way to collect old debts is that of a feminine secretary of an eastern coroporation who declines to unlock the safe until she and her fellow-employes are paid two months' wages in arrears. A company that lets its employes go two months unpaid deserves what difficulties arise.—Pittsburg Dispatch.

**Absurdity That Thrives**

President Saenz Pena, of the Argentine Republic, says that the Monroe doctrine is "absurd." The Monroe doctrine has thriven on its absurdity and will continue to do so.—New York Evening Mail.

**False Sentiment**

As soon as a murderer is condemned to death in the United States it seems easy to rouse a wave of sentiment in his favor. The American people appear to be undecided as to the merits of capital punishment or the system of justice would work more smoothly.—Montreal Mail.

**Gold Hunt in Labrador**

Here in Canada we might get more out of Labrador than we do. A Scotch expedition is said to be starting for Baffin's Land after gold—real placer gold. Are the Scotch growing reckless or is it a sure thing, not sport for sport's sake.—London Advertiser.

**In Spite of His Liberalism**

There is a country editor in Ontario who is evidently under the impression that being a Liberal in politics is a capital offence. At least I so take it after reading an obituary notice of a man named Edward Robinson of Goshen lane, Stanley township. After describing how the late lamented Mr. Robinson came to die, the editor goes on as follows: "His Christian life might be taken as a pattern, and though a strong Liberal politically he was highly thought of by his friends."—Saturday Night.

### THIS DAY IN CANADIAN HISTORY

Before the end of 1748 the Treaty of Aix-la-Chapelle concluded the war of the Austrian succession. Of this war, so far as this country was concerned, the capture of Louisbourg by the citizen-soldiery of New England was the most striking event.

Many Nova Scotian civilians were as ready as Pepperell's mechanics and farmers to take part in the struggle. All along the coasts captains of little trading ships took out letters of marque, transformed their vessels into privateers and went valiantly forth to prey on the merchants of the enemy.

For instance, on April 23, 1748, two men, William Miller and Captain Nathaniel Donnell, presented a memorial to Governor Mascasene at Annapolis, asking for assistance on the ground that they had fitted out the "Sea Flower" as "a letter of marque for the advantage of the Province and to distress the enemy." Mascasene readily promised aid to the adventurers, and amongst other things allowed them to borrow a government "three-pounder," with its "rammer," and fifteen or twenty rounds of ammunition.

### THE WEATHER

WINNIPEG, April 22.—The weather was fair yesterday in the western provinces with the temperature everywhere a little higher than that of Tuesday.

### COLD STORAGE

"Your speeches have stirred up a good deal of antagonism."

"Yes," replied Senator Sorghum.

"What are you going to talk about when you meet your constituents?"

"I'm not talking much now. I've become a topic."—Washington Star.

"I am glad to find you better," said a physician to a famous comedian upon paying him a professional visit one morning. "You followed my prescription, of course?"

"Indeed, I did not, doctor," retorted the sick man, "or I should have broken my neck."

"Broken your neck!" exclaimed the doctor in amazement.

"Yes," replied the other, "for I threw your prescription out of the window."—Exchange.

The late Warner Van Norden, the millionaire descendant of Manhattan patroons, had a horror of dissipation, and at St. Nicholas society dinner he once said:

"The dissipated man has a reputation that he can no more get rid of than he can get rid of his lungs or liver.

"The wife of a bibulous weaver waited, one pay night, for her husband till 10 o'clock, and then went to the police station to see if he was there.

"'No, ma'am, he ain't here,' the house sergeant said, kindly; 'but sit down and wait—we're expectin' him every minute.'"

### AT THE THEATRES

This is what the Moose Jaw Times thought of the Allen Players' production of "The Woman," coming to Nelson soon:

"Just we two women against that bunch of men." That was the motif of "The Woman," which was produced at the Majestic theatre last night by the Allen Players, and it may be said at once that it was by far the most ambitious work that has yet been produced by this fine company. It was closely followed by a large audience, and it was the first time that it has been seen in Moose Jaw the drama was witnessed with the greatest interest.

"The Woman" is quite a new play and Allen Players are the first stock company to place it on the boards. It is one of the Belasco productions and was seen for the first time in New York about 12 months ago. The whole of the action hovers around the efforts of a number of American politicians to force a railway bill through "the house" and the supporters of the measure depend on the defeat of the opposition by means of a scandal in which the opposition leader is involved. This is where "The Woman" comes in, but it would spoil the interest of those who are sure to go to see the remaining performances to say who "The Woman" was.

The work is full of the most dramatic situations. It is brilliantly written and from the beginning to the end grips the audience in a way that few modern plays have done.

Oliver Eckhardt and his talented company played to a crowded house at the opera house on Tuesday night George Broadhurst's famous play, "Bought and Paid For" was the offer and the four acts were thoroughly appreciated by the audience. While this bill has plenty of comedy there are some good dramatic situations and the company worked together in a most satisfactory manner. Oliver Eckhardt as "Jimmie Gillie" supplied plenty of humor and was well supported by Miss Nichols as his wife.

# CANADIAN NORTHERN BILL IS EXPECTED

**Morning Sessions at Ittawa Postponed Premier Borden Returns—Debate on Budget Continued**

(By Daily News Leased Wire.)

OTTAWA, April 22.—When the commons met today, Premier Borden, who has been enjoying a fortnight's holiday in Virginia, was back in his place looking ruddy and healthy. He was warmly applauded by his friends when he entered the chamber. A few minutes after business was taken up the premier moved that morning sittings be commenced on Monday next.

Sir Wilfrid Laurier objected that it was not customary to commence morning sessions until all important legislation had been introduced and made reference to the proposed Canadian Northern railway aid proposals.

Premier Borden admitted that there was likely to be some legislation along these lines and did not press his motion.

After a number of questions had been answered the debate on the budget was resumed by E. W. Nesbitt, North Oxford, Ont.

The feature of his speech was the declaration that money was being wasted on the Hudson Bay railway project.

**For Moderate Protection**

Dr. Alfred Thompson, of the Yukon, who followed, outlined what he believed was the future of Canada under a system of moderate protection. He said the Hudson Bay railway was a legacy from the late government, as was the Grand Trunk Pacific.

Succeeding speakers were Levi Thompson, Qu'Appelle; Donald Sutherland, South Oxford; Robert Cruise, Dauphin; R. Lalor, Haldimand; and James M. Douglas, of Strathcona.

Fred Pardee, chief Liberal whip, moved the adjournment of the debate for Sir Wilfrid Laurier, who will speak first tomorrow and move the Liberal amendment. Hon. George Foster will reply.

Dr. Michael Clark, H. H. Stevens, Vancouver, will speak, and G. H. Bolvin of Shefford will close the debate. A late division is expected.

**Relies on Great Britain.**

At the opening of the house W. F. Cockshutt asked if in the event of war between the United States and Mexico, the government would take any precautions to protect Canadians in Mexico.

"During the past 18 months," replied the premier, "representations have been made to the imperial government on several different occasions. If any further representations should be necessary they will be made without delay.

Mr. Borden told Edmund Proulx, Prescott, that the government had received a copy of the resolution of the Vancouver County Orange lodge in reference to home rule. No reply had been sent. The government did not feel called upon to express any opinion in regard to the contents of that resolution.

**Sample Market Was Not Needed.**

Hon. George E. Foster in reply to Dr. Neely that the board of grain commissioners had recommended the establishment of sample markets in western Canada. The date first set by the grain commission was Sept., 1913, but this was later postponed to Dec. 15 last. The government had selected Winnipeg and Fort William as the points for these markets and had passed an order-in-council for this purpose but the operation of the order-in-council was lately indefinitely postponed.

"The crop of 1913," said Mr. Foster in explanation of this postponement, "was of unusually high quality and remarkably uniform. It was harvested early and placed rapidly upon the market. By the date set most of the wheat had been passed out of the hands and the farmer therefore would have got little if any advantage from putting the sample market into operation."

When Premier Borden moved a resolution providing for morning sittings of the house to begin next Monday, Sir Wilfrid rose and asked what business was to come before the house. He said there was a persistent rumor of important legislation with regard to the Canadian Northern railway and certainly if it was the intention to introduce anything so important as that it would be well to postpone the morning sittings for some time because with the house sitting all day members had no opportunity to properly consider new legislation.

Mr. Borden said that, without committing himself one way or the other with regard to the rumors, there would undoubtedly be further legislation not yet on the order paper. Having regard to that he would not press the motion for the present time.

**Preparing Bond Issue Returns.**

Hon. Charles Murphy asked in view of this when the house could expect a return asked for with regard to the bond issue to the Canadian Northern railway.

Hon. Dr. Reid said it was being prepared now and would be brought down at the earliest possible moment.

Hon. W. T. White told A. K. Maclean that the supplementary estimates would be down in the near future.

E. . Nesbitt, North Oxford, resumed the budget debate. He said if the steel industry were suited to this country the millions that had been paid in bounties should have been sufficiently firmly to establish it.

Taking up the question of agricultural implements he thought the farmers would be satisfied with at duty on agricultural implements provided they got a wider market. He did not believe there would ever have been an agitation for taking the duty off agricultural implements if reciprocity had been carried. The farmers would have been satisfied without any further agitation.

**Against Hudson Bay Line.**

Mr. Nesbitt said that he was proud of the fact that the Liberals had not been stupid enough to build the Hudson Bay railway. The line would never pay and would never reduce freight rates. It was not even a colonization road. The government would have been better advised to have aided in the construction of the Temiskaming & Northern Ontario railway to Hudson Bay. Mr. Nesbitt then increased his estimates of the cost by declaring that the Hudson Bay railway would involve a public waste of $115,000,000. The minister of public works, he said, had named a commission to inquire into the commercial feasibility of the Georgian bay canal. If the commission were a genuine one, it would report against the Georgian bay canal as it would report against the Hudson Bay railway. The Georgian bay canal would involve a clear waste of $250,000,000.

**National Debt Reduced.**

Dr. Alfred Thompson of the Yukon expressed himself as satisfied with conditions as set forth by the minister of finance. There has been a net reduction of $6,000,000 in the debt of the country since the Conservatives came into power. During the last four years of the Liberal administration the debt had increased by $70,000,000.

Dr. Thompson remarked that there was no question where the Conservatives stood in regard to the tariff. They were for moderate protection. As for the Liberals, their policy was vague and shadowy at present. They were driving without a compass and without a course.

### CHARGES MOUNTED POLICE WITH PREYING ON LABORERS

**Senator Davis Calls Attention to Alleged Condition at The Pas—Outrage He Says.**

(By Daily News Leased Wire)

OTTAWA, April 22.—In the upper house Senator Davis called attention to a report in The Pas Social complaining that one Oscar Schueller, "lying locked in a steel cage with no idea of what the charge against him was," had "asked for counsel and witnesses and this was refused," by Inspector French of the R. N. W. M. P., and that "Schueller unfortunately had been made the mark of police attention since he had had the audacity to appeal against the decision of a $200 fine for giving a drink to a companion."

"That the liquor fines should go to the police is against all ideas of British justice," said the paper. The privates scoop up the information the sergeants lay the charges and prosecute. The inspector either sits on the case or gives advice to his boon companion just out of office. It would be interesting to ascertain the amounts received by various members of the force out of local fines."

The paper states that "the stunts pulled off at the barracks during the past year are a disgrace to their rule."

"To my own knowledge this thing has been going on for a year," said Senator Davis. "There is a general rumor that men working on the Hudson Bay construction, going to The Pas, after accumulating $500 or so, are set upon by an organized bunch of people, arrested and fined. They are not allowed counsel or witnesses and the men doing this are waxing fat. It is time the government took action. The idea of mounted police being prosecutors, the officers of the force being the judges and at the same time the whole lot being beneficiaries, is an outrage which should not be tolerated in any part of the Empire."

He asked if the government had received the report and what action it would take.

Hon. Mr. Lougheed replied that the matter had not been called to the government's attention previously but it would be looked into. He stated that the R. N. W. M. P. had a record which perhaps was not equaled by any police in the world. He would be surprised to learn that the allegations were true and would deeply regret it.

Senator Davis said he did not want to have the good name of the police marred by the action of an individual and therefore brought the condition at The Pas to the government's attention.

## Try This Home-made Cough Remedy

**Costs Little, But Does the Work Quickly, or Money Refunded.**

Mix two cups of granulated sugar with 1 cup of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a 16-ounce bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else ever used. Usually ends a deep-seated cough inside of 24 hours. Splendid, too, for whooping cough, croup, chest pains, bronchitis, and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough.

This recipe makes more and better cough syrup than you could buy ready made for $2.50. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and all the natural pine elements, which are so healing to the membranes. Other preparations will not work in this formula.

This plan of making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equaled.

A guaranty of absolute satisfaction or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not send to The Pinex Co., Toronto, Ont.

Miss Bettie Burrows as "Virginia," gave a really good interpretation of her part as Stanfield's wife and Lorin Kelly as "Robert Stanford" made a favorable impression. Altogether "Bought and Paid For" was a pleasing bill and worthy of the large audience that attended.

**Shows How Easy It Is To Get Rid Of Kidney Trouble And Lame Back**

Bell Rock, Frontenac Co., Ont.

"For 15 years, I could get nothing to help my Kidneys, they were so bad. The pain went all through my back and shoulders and down my legs. When I would sit for a while, I could not straighten up until I had walked a rod or more. A neighbor advised me to take GIN PILLS. I did so and six boxes cured me. It is about two years since I quit GIN PILLS. My back is now all right. No pain in back or legs and I can walk all right. GIN PILLS are worth their weight in gold to anyone suffering with Kidney Trouble".

D. A. YORKE.

Never mind what other people say about "never being able to get anything to help them." They have probably never tried GIN PILLS, you may be sure, or they would be well. GIN PILLS will always cure the Kidneys and Bladder, Uric Acid Poisoning and Stone in Bladder and Kidneys. Remember, every box of GIN PILLS is sold on a spot cash guarantee of satisfaction or money back. 50c. a box, 6 for $2.50, at all druggists. ## WITHDRAW FROM VERA CRUZ SAYS CARRANZA

(Continued from page one.)

Should hostility on the part of the constitutionalists crystalize, plans of the army will be changed. There were reports during the day that the joint army and navy board already had recommended the restoration of the embargo on arms. Action by congress approving the president's course in using the army and navy in view of the situation he presented in his message and the receipt of details of the fighting at Vera Cruz were the chief developments of the day.

Officials expressed themselves as greatly pleased with the great promptness of Rear-Admiral Fletcher's forces in taking possession of Vera Cruz and restoring order there.

**Prepare to Move on Capital.**

Future steps were uncertain. The president has determined that his course shall be gradual. No orders have been issued to seize the customs house at Tampico. It is the purpose of the administration to keep order in Vera Cruz and await the full effect upon Huerta of the first act of reprisal by the American government. There is every reason to believe that the railroad running inland from Vera Cruz for 20 miles, together with a valuable trestle, will be policed by American marines and bluejackets. This section of the railroad is of supreme importance should developments require a movement on Mexico City.

The Washington government does not want to act at present, but it is said that the actions of Huerta or Carranza may at any time completely alter the plans.

Fears for Americans in Mexico City and other parts of the troubled republic are expressed in many quarters.

The house today promptly passed a bill appropriating $500,000 to care for refugees. The fact that nothing had been heard from Charge O'Shaughnessy for nearly 48 hours, made the president and Secretary Bryan very uneasy. Late tonight official communications with Mr. O'Shaughnessy were established, but apprehension has not been allayed, as there is little information about the temper of the Huerta government or the people of Mexico City since the capture of Vera Cruz.

**Huerta Wanted Intervention.**

In this connection a high government official made public a letter from a friend whom he regarded as trustworthy, which read as follows:

"I hear on reliable authority from a man arriving from Mexico City, that Huerta personally, with the Mexican foreign minister, planned the Tampico incident with a view of bringing on armed intervention and uniting the Mexican factions with him. The same official expressed the view that Huerta had delayed his answer to the United States for a salute to the flag pending the arrival of the big shipment of ammunition of the German vessel."

Secretary Bryan said today that the status of Charge O'Shaughnessy and Charge Algara was unchanged so far as he knew. Charge Algara has had, however, notification from his government that he may leave when he deems it advisable. This is regarded as possibly forecasting Huerta's giving passports to Mr. O'Shaughnessy.

**Not Sure If War Exists.**

Though international lawyers and many in congress are not exactly sure what the diplomatic relations of the United States toward Mexico are, whether "a state of war" exists without declaration to that effect, or whether, as many precedents have shown, the position is merely an act of reprisal "short of war," there is no doubt that relations between the Huerta de facto government and the United States have broken.

The United States will not withdraw Charge O'Shaughnessy unless he himself reports it advisable to do so, for the Washington government desires to maintain as long as possible a representative in Mexico City to care for American interests there. If necessary, however, arrangements may be made with some of the other foreign legations to look out for the interests of the United States and transmit such communications as may be necessary to the Huerta government.

Volunteers for service in Mexico City will not be called for unless there is a formal declaration of war by congress. This was announced in the house today by Chairman Hay of the house military affairs committee.

Movements of the navy were continued today.

The navy department feels that a sufficient force of marines is on the way, not only to take care of the situation at Vera Cruz, but at Tampico, too, if the order is given for the seizure of the customs house there.

"Until we receive a complete report from Rear-Admiral Badger about the situation at Vera Cruz," said Secretary Daniels, "we will have nothing to say about Tampico or other steps."

**Problem Most Grave.**

Senator Shively, acting chairman of the foreign relations committee, who conferred with Secretary Tumulty, spoke also of the Washington government's intention to proceed slowly, hoping that its successive acts of reprisal might force Huerta to yield from his stubborn position and avert war.

The knowledge that Carranza, while refusing to make common cause with Huerta, might be disposed of his own initiative to resent the acts of the American government, made a problem admittedly more grave than it has ever been.

President Wilson was awakened about 1:30 o'clock and talked over the telephone with Secretary Tumulty at the secretary of war's office.

**To Restore Embargo on Arms.**

(By Daily News Leased Wire.)

WASHINGTON, April 22.—It was reported here late today that the army and navy board had recommended the restoration of the embargo on arms at the Mexican border and that the matter had been taken up with Secretary Bryan, who now has it under consideration.

**Villa Changes Plans**

JUAREZ, Mexico, April 22.—Gen. Villa did not arrive here today as had been expected, and it was stated that his visit might be indefinitely postponed. Villa is at Chihuahua and has announced that he was coming here to visit his wife. No explanation of the change in his plans was available.

**Anti-American Feeling Spreads**

NACO, Ariz., April 22.—Anti-American sentiment is said to be developing rapidly along the border in spite of efforts made by constitutionalist officials to check it. Numerous meetings of Mexicans were held today at which incendiary speeches were made.

**Write Stories for Moving Picture Plays**

New, Spare-time Profession for Men and Women—One Man Makes $3500 in Six Months.

Owing to the large number of new motion picture theatres which are being opened throughout the country, there is offered to the men and women of today a new profession, namely, that of writing moving picture plays. Producers are paying from $25 to $150 for each scenario accepted, upon which they can build a photo play.

$3500 in Six Months.

As it only requires a few hours' time to construct a complete play, you can readily see the immense possibilities in this work. One man, who gave the idea a tryout, writes that he earned $3500 in six months. It is possible for an intelligent person to meet with equal success.

One feature of the business which should appeal to everyone, is that the work may be done at home in spare time. No literary ability is required and women have as great an opportunity as men. Ideas for plots are constantly turning up, and may be put in scenearlo form and sold for a good price.

Particulars Sent FREE.

Complete particulars of this most interesting and profitable profession may be had FREE OF CHARGE by sending a post card to

## SIX ENTOMBED IN BURNING MINE

**Men, Women and Baby Face Death in Colorado—Governor Rushes Trainloads of Militia to Strike Zone**

(By Daily News Leased Wire)

TRINIDAD, Colo., April 22.—Six mine employes dead and two missing, three men, two women and a baby reported to be entombed in a burning mine; several mining camps destroyed and others riddled, with less than 200 militiamen and guards confronting an army of striking coal miners, estimated by officers at more than 400—this was the situation on the third red day in the southern Colorado labor war.

Strike leaders said tonight that three men had been killed during the day's battle and that only two had been reported wounded.

A party of militiamen hastily sent from Ludlow in steel cars aided those whom the strikers had driven back.

There was a scene of tense excitement tonight. The saloons had been closed but scores of men congregated in the streets. Labor headquarters were jammed with strikers, mostly aliens and the crowd overflowed the sidewalks.

A report said to have been received from Major Hamrock today said that Manager Smith of the Empire & Southwestern mines had taken refuge with several of his men in the Empire mine which had then been sealed and fired by strikers.

**Entire Enlistment Entrains.**

DENVER, Colo., April 22. — Every branch of service in the Colorado national guard tonight at 10:50 was ordered to entrain for Trinidad at once. Lieutenant Governor Fitzgerald issued a call for a special session of the state legislature to finance the maintenance of the militia in the strike zone to meet in Denver on or before May 4.

**ROUGH ON DISCOVERERS**

History shows that many discoverers of great truths have been the subjects of derision and persecution. They have often been treated as visionaries and dangerous innovators. Harvey, the discoverer of the circulation of the blood, lost his practice and was lampooned all over the then civilized world. Bartholin, who discovered the lacteals, was treated with contempt and ridicule. Even Harvey, when he became old never believed in the thoracic duct, but believed the lacteals all terminated in the liver.

Horace saw his odes despised. Elizabeth regarded Bacon as an unsound speculative genius and as incapable of serving her with judgment. Socrates for teaching the unity of God was compelled to drink hemlock and die. Pythagoras was banished for his opinions; Democritus was cast into prison for dissecting a human body. Every historian known that Galileo, at seventy years of age, was imprisoned for announcing the motion of the earth. Aristotles books were burnt.

Descartes was persecuted because he taught the inmates of ideas; his books were burnt by order of the University of Paris. It is said of the Newtonian philosophy that "authority scowled upon it; taste was disgusted by it, and fashion was ashamed of it."

## DECLARATION OF WAR BY HUERTA IMMINENT

(Continued from Page Three)

take the customs house there unless an emergency arose.

**Mexican Wounded Placed in Hospital.**

(By Daily News Leased Wire)

WASHINGTON, April 22.—The following statement was given out at the White House today:

"A despatch received at 2:40 o'clock from Consul Canada at Vera Cruz states that at 2 p. m. the city was entirely quiet and thoroughly policed by American forces. His request that San Sebastian hospital be placed at the disposal of our men with native doctors and nurses for the care of Mexican wounded was immediately granted."

**Business Demoralized.**

(By Daily News Leased Wire)

GALVESTON, April 22.—Communication was established this afternoon with Mexico City. Nelson O'Shaughnessy is safe and the city is quiet but business is demoralized. The city completely is in the hands of the federal government. A train leaves this afternoon for Vera Cruz with foreigners on board and will be escorted by federals.

**Huerta Will Fight.**

(By Daily News Leased Wire)

LONDON, April 22.—Luigi Barzini, in a despatch to The Daily Telegraph, dated Mexico City, says:

"The capital is now preparing to fight the new enemy with a serene decision which speaks of the habit of sacrifice and indifference to life or ruin and despairing pride.

"Mexico will fight to the extreme limit of her power against the colossus,' said Gen. Huerta this morning. 'Better die fighting than purchase peace at the price of national dignity.'

"At 3 o'clock this afternoon the minister of foreign affairs sent to the foreign legations the last circular note of the Mexican government which concludes with the words 'As the despatch of some American warships to Mexican ports is announced, this government declares that it is disposed to resist any attack by force of arms.'

**Sanguinary Resistence Planned.**

"Without forts and artillery Vera Cruz had to surrender. The base of landing was foreseen but sanguinary resistence will be offered to any advance along the road which passes across the mountains. Gen. Blanquet, minister of war, announces a levy en masse, and all ablebodied citizens will bear arms. Within a few days all labor will cease and Mexico City, depopulated and silent, will await her destiny. All the officers of the reserve are hastening to join the colors. Wealthy citizens are organizing assistance for the Red Cross. The federation of railway employes, comprising 150,000 men has offered to incorporate themselves in the army."

## TOLD COULD USE GUNS IN ULSTER

(Continued from Page One.)

ceptional and cannot be taken as a precedent.

Capt. Alison asked the premier if he would state under which paragraph of the King's regulations authority was given officers commanding units to allow officers or men to go on leave, when a unit to which they belonged was ordered to a district to assist the civil authority in which such officers and men were domiciled.

Mr. Asquith—Such cases are exceptional. Each has to be considered on its own merits. It is impossible to cover them by regulation.

George Terrill, Unionist member for Chippenham, asked the prime minister whether the Irish commander had orders to seize concealed depots of arms belonging to the Ulster volunteers and take forcible possession of the town hall of Belfast and whether any orders were given to the police in regard to the matter.

Mr. Asquith—Gen. Sir Arthur Paget denied that he made any such statement. No orders of the kind were ever made or given to the police.

F. G. Kellaway, Liberal member for Bedford—Does not the prime minister consider, in justice to the great body of loyalist soldiers, that steps should be taken to ascertain who are the informers who supply these fantastic stories to the opposition? (Ministerial cheers.)

Bonar Law, Unionist leader, rising to speak to the question of the member for Bedford, was received with opposition cheers when he asked: "Would not the simplest way of obtaining this information be to have a judicial inquiry?"

There was no reply and opposition cries of "They dare not."

**Asks As to Battery Movement**

Arising out of answers given by the prime minister to Mr. Amery, Rowland Hunt, Unionist, said he had advice regarding the movements of howitzer batterieh from one of the officers. (Cries of "Name.") Would the prime minister inquire further into the matter?

Premier Asquith—Sir, I have inquired and I have given the answer I have received from the commanding officer.

Hamar Greenwood, Liberal member for Sunderland—If any officer communicated any such information he is liable to court martial.

No answer was given by the premier.

Sir Charles Hunter—Has the prime minister seen Sir Arthur Paget during the past few days and could he now say what that general has said to the troops?

Premier Asquith—I have seen Gen. Paget and I advise the member for Bath to wait until the white paper is issued tonight.

### PRUDENTIAL COMPANY OF CANADA REFUSED CHARTER

(By Daily News Leased Wire.)

OTTAWA, April 22.—The banking and commerce committee today defeated the bill of the Prudential Life of Canada, by a standing vote of 23 to 17, the ground taken by the opponents of the measure being that the incorporation by the Dominion of a company bearing a name similar to that of the American Prudential company now operating in the Dominion under a license, would lead to confusion.

The applicant company is the Prudential Life Insurance company which has been doing business in most of the provinces of the Dominion, with headquarters in Manitoba, since 1907. It desired to extend its operations to all the provinces and therefore sought Dominion incorporation.

Representatives of the American company this morning said the name had been taken from the English Prudential but there was an agreement between the two companies not to invade each other's territory.

Members of the committee who supported the application of the Manitoba company declared that it was fair to assume that that company had not taken the name of the American company but of the parent English company and that it was as little liable to lead to confusion to have a Prudential Life of Canada as to have a Prudential Life of America and a Prudential Life of England. The minister of finance held this view and gave strong expression to the opinion that equity lay with the applicant company.

W. F. Nickle has given notice that he will move in the house to have the bill referred back to the committee for further consideration.

### MUSCLES AND ARTERIES MADE OUT OF RUBBER

That rubber may be substituted for flesh in the human system is the startling discovery just made by Professor David Fleschi, of the City hospital, at Bergamo, Italy. He has proved after careful experiment that India rubber may be successfully introduced into the system and perform the function of flesh or other tissue. He used an especially prepared aseptic rubber, of course. The marvel is that after it has been associated with the tissue for some time it seems to lose its character of a foreign body and behaves almost as if it had been born in the body.

Dr. Fleschi is well known for his work upon the arteries and veins, and during the past ten years he has demonstrated how one may take the place of the other, and how they may be substituted when diseased. He has been successful, too, in the transplanting of various organs from animals to human beings, but he considers the finding of the rubber substitute for natural tissue his greatest triumph.

Rubber becomes an integral part of the system and takes on an almost cellular formation.

In fact, Professor Fleschi calls this rubber "New Flesh," and utilizes it freely in connection with operations, where a large amount of tissue has had to be cut away. It is being successfully used in cases of tuberculosis of muscles or joints, where the tissue has become so diseased that it must be removed.

That the "new flesh" really "takes" and holds is best proved by the actual use which has been made of it. A picture is extant of this rubber-tissue all mixed up with the tissue of a dog's muscles, showing how perfectly it takes its place with the rest of the tissue after being in place six months.

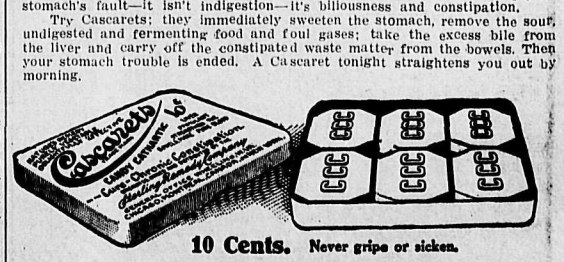
*There is also a radiograph of a rubber-graft in an artery of one of the joints, showing how the rubber has adhered and filled out the missing tissue of the artery, destroyed by disease. This is after eight months of use, proving that there is no inflammation, as a foreign body would be expected to create, but a real assimilation by the tissues.*

It is not real tissue, in the sense that it is supplied with blood vessels and nerves, but it can be utilized for patching veins and arteries and for filling out spaces in the body from which the flesh has been removed either by disease or operations.

**BOWELS SLUGGISH, STOMACH SOUR, GASSY, UPSET? CASCARETS GREAT!**

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating feeling of fullness, dizziness and sick headache, means your stomach is full of sour bile—your liver is torpid—your bowels constipated. It isn't your stomach's fault—it isn't indigestion—it's biliousness and constipation.

Try Cascarets; they immediately sweeten the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter from the bowels. Then your stomach trouble is ended. A Cascaret tonight straightens you out by morning.



**10 Cents.** Never gripe or sicken.

**SYNOPSIS OF COAL MINING REGULATIONS**

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal sub divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

N.B.—Unauthorized publication of this advertisement will not be paid for.

**DEPARTMENT OF WORKS.**

**NOTICE TO CONTRACTORS.**

**Salmo Lock-Up.**

Sealed tenders superscribed "Tenders for Salmo Lockup," will be received by the Honourable the Minister of Public Works up to noon of Friday, the 1st day of May, 1914, for the erection and completion of a single constables' quarters and lock-up at Salmo in the Ymir Electoral District.

Plans, specifications, contract and forms of tender may be seen on and after the 9th day of April, 1914, at the office of Mr. J. Cartmel, Government Agent, Nelson; Mr. H. R. Townsend, Government Agent, Rossland; the Provincial Constable, Salmo, and the Public Works Department Victoria.

By application to the undersigned contractors can obtain one copy of the plans and specifications for the sum of ten dollars ($10), which sum will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a Chartered Bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH
Deputy Minister and Public Works Engineer, Public Works Department.
Victoria, B. C., 6th April, 1914.

# NEWS OF THE MARKETS

## WHEAT PRICES RISE ON WAR NEWS

**Sharp Advance Occurs in Winnipeg—Liverpool Cables Up—Other Factors Influence**

(By Daily News Leased Wire)

WINNIPEG, April 22.—Wheat prices advanced sharply on war news, Winnipeg opening ⅝ to ⅝ higher. Further fractional advances occurred. The market acted nervously. Liverpool cables at 1:30 p.m. were ⅛c to ¼c higher, while at the close prices were advanced ⅝c. Other influences were the low quality of Argentine wheat offered at Liverpool, grading mostly around 61lb. to the bushel, and sales prices were cut. American markets were stronger at opening on all months and continued on the up trend.

In addition to the war news there is some apprehension of damage by dry weather and bugs in the southwest. At 12:45 p.m. Winnipeg prices were at 92c for May, 94c for July and 88⅝c for October, being an advance of 1c to 1⅛c over Tuesday's close and the undertone was firm. A fairly good export business was transacted for May and June delivery. Winnipeg opened ⅜c to ⅝c higher and closed with a gain for the day of 1⅛c to 1¼c⅝. Minneapolis opened ⅜c higher and closed 1⅞c to 2c higher. Chicago opened ½c higher and closed 1⅝c to 2c higher.

The cash demand for spot was quiet. Cash wheat closed 1c to 1⅛c higher for contract. Cash oats closed ⅝c to 1c higher. Cash barley closed ¼c to ½c higher. Cash flax closed ¼c higher for three grades.

Closing prices: May, 91⅞c; July, 93⅞c; October, 88⅝c.

Oats: May, 35cc; July, 36¼c.

Flax: May, $1.36⅝; July, $1.39⅛; October, $1.39¼.

Minneapolis: May, 91c; July, 92½c; September, 89c.

Chicago: May, 93½c; July, 88; September, 87½c.

**STOCKS**

**IN VIEW OF WAR NEWS MARKET HOLDS UP WELL**

(By Daily News Leased Wire.)

NEW YORK, April 22.—In view of the opening of hostilities with Mexico the market today made a good showing. At no time was there any evidence of nervousness. Trading was quieter than yesterday. At opening prices were barely changed in spite of a lower scale of quotations for American stocks in London. After one hour of desultory trading the market weakened. With no increase in activity prices fell away until a number of important issues were 1 to 3 points lower. There the movement stopped. In the afternoon business was dull and toward the close a recovery set in. At the end of the day losses were cancelled in some cases.

Mexican news overshadowed everything else but brokers were reluctant to pass judgment on the influence of this new factor. It was felt that the effect would depend on future developments. A few stocks were weak. C. P. R. at one time was more than five points lower. Selling of this stock, which made a low record since 1910, came largely from Europe.

Bond prices sagged with particular heaviness in a few isolated cases. Total sales, par value, $3,400,000. U. S. 2s coupon and registered declined ¼ on call.

**CANADIAN PACIFIC STOCK TOUCHES NEW LOW LEVEL**

(By Daily News Leased Wire)

MONTREAL, April 22.—Following the late rally on Tuesday weakness broke out afresh in the local market today and new low levels for the year were touched by a number of stocks including representative issues like Canadian Pacific railway and Iron. Acute weakness at special points added to the uneasiness created by declines among the leaders.

On selling of less than 500 shares of stock, Nova Scotia steel broke rapidly losing 11 points below its last sale in this market, and closed weak offered at 57½ with 56 bid. Canners went five below its previous low at 46 and finished slightly better at 46 bid. The slump in Crown Reserve and the allied stock in the unlisted department was resumed. The former broke to 110, 32 cents below last sale the previous day, and finished only slightly better at 114, the latter, which sold as low as 80 on the mining exchange on Tuesday, fell to 60 and rallied only one point.

The controlling influence in the general market was another bad slump in Canadian Pacific railway which fell with Wall street to a new low for several years of 194⅞, more than four points below the local low level for the movement.

**MONTREAL PROVISION MARKET**

(By Daily News Leased Wire)

MONTREAL, April 22. — Butter strong; cheese quieter; eggs fairly active and steady.

Cheese—Finest westerns 12½ to 14; easterns 11½ to 12.

Butter—Choicest creamery 25½ to 26; seconds 24½ to 25.

Eggs—Fresh 22 to 23; selected 25; No. 1 stock 21.

Pork — Heavy Canada short mess barrels, 35 to 45 pieces, 29; short cut back barrels, 45 to 55 pieces, 28½.

**LOCAL NEW LAID EGGS ARE AGAIN GOING UP**

**Rise of Five Cents a Dozen—Rhubarb Cheaper—Californian Strawberries Arrive.**

Local new laid eggs seem to have suffered somewhat as the result of the heavy Easter consumption and the past week has seen them jump in price from 30 cents to 35 cents per dozen. California celery is about off the market for the season and rhubarb is getting cheaper and is now quoted at 3 lbs. for 25 cents.

Californian strawberries have reached the market and are retailing at 25 cents per box. Today's quotations are:

**WANT AD HOROSCOPE**

**APRIL 23**

This is the birthday of such famous men as William Shakespeare, James Anthony Froude, the historian; Chauncey M. Depew and the writer, Thomas Nelson Page.

The birthstone of this date is an emerald or a moss agate. Taurus, the governing sign, gives occult power and many mediums will be found with this birthdate. Reasoning powers, memory, any many talents are bestowed on this birthdate.

Taurus is a hard sign to be born under, for it is capricious in nature, quick to anger and reckless. Taurus rules the neck and gives great physical strength and endurance.

A man of this birthdate will find his best mate having a birthdate not later than December 21, nor earlier than January 20.

There is a demand for good domestic help at this time in the Want Ads Houses are for sale and, if contemplating a summer boarding place, the Want Ads are ready to help you now.

**BRIGHT, SUNNY ROOMS ARE TO**

be found quickly and with no trouble.

**THRU ADS IN THE WANT COLUMNS.**

**Chief Engineer of National Transcontinental Commission Tells Why Further Reduction Was Made.**

(By Daily News Leased Wire.)

OTTAWA, April 22.—Gordon Grant, chief engineer of the national transcontinental commission, explained to the public accounts committee of the commons today the reason why the reduction of $512,000 made by the arbitrators in contract 21 between Winnipeg and Lake Superior Junction for over-break and over-classification had been further reduced.

He said he was willing to accept a deduction to $50,000 and talked the matter over with Major Leonard, chairman of the national transcontinental railway commission, as well as with Hon. Frank Cochrane, minister of railways.

All the district engineers on the ground were opposed to the findings of the arbitrators. The first arbitration was the result of a dispute between the Grand Trunk Pacific and the contractors, but the arbitrators were not cognizant when they held their inquiry of the fact that the district engineers had ordered J. D. McArthur to hustle the work and blow out the rock, if necessary, which of necessity increased the amount of over-break. The haste required increased expenses.

Mr. Grant stated that G. Lynch-Staunton, one of the government commissioners, who had inquired into the cost of the National Transcontinental railway, knew of this. He himself had talked it over with Mr. Lynch-Staunton. He remarked that the contractors had not got a dollar more than they were entitled to.

Mr. Grant said that Collingwood Schrieber, who also gave evidence before the committee, was a bit mixed in his figures.

The amount of the contract reductions were given last night by Mr. Schrieber as $938,000. but Mr. Grant said this should have been $512,000.

## WIFE OF SENATOR MACDONALD DEAD

**Was Daughter of Pioneer Sailing Captain Who Ran Hudson's Bay Boat to Victoria.**

(By Daily News Leased Wire)

VICTORIA, B. C., April 22. — Mrs. Catherine Balfour Macdonald, wife of Senator W. J. Macdonald, died this morning after an illness extending over several months. She had been suffering with acute neuritis.

She was the daughter of the late Capt. James Murray Reid, who piloted to this port one of the first Hudson's Bay company sailing ships, the Vancouver. She married Senator Macdonald in March, 1857, and has since resided in Victoria.

Besides her husband she is survived by six children, Major Reginald J. Macdonald, England; Commander W. B. Macdonald, R. N., formerly of the Niobe; Capt. Douglas Macdonald, Victoria; Mrs. Gavin Burns, Victoria; Mrs. Fleet, wife of Rear-Admiral Fleet who makes her home in England, and who is now in Victoria, and Miss Macdonald of Victoria.

## OUTLOOK GOOD FOR COPPER MINES

**Copper Producers' Report for March Is Extremely Favorable—Indicates Higher Prices.**

(Special to The Daily News)

BUTTE, Mont., April 22.—Lake copper is around 15 cents and electrolytic 14 3-4 cents a pound. The Copper Producers' report for the month of March was extremely favorable and would indicate a further advance in prices immediately. March production and imports exceeded all previous records, as did also the month's exports. Production increased 23,000,000 pounds and exports 6,000,000 pounds, as compared with February. Domestic deliveries were 22,000,000 pounds greater in March than in February, being nearly 6,000,000 pounds larger than the average per month for the year 1913. The world's surplus decreased 15,608,293 pounds in March and now stands at 123,113,293 pounds, or sufficient to supply the world's requirements for about three weeks.

It is quite probable that the recent heavy exports represent in part stocking up by foreign consumers. Domestic deliveries, however, undoubtedly reflect actual consumptive requirements as the general business outlook in this country is not such as would warrant customers here buying heavily in expectation of increased future needs. If anything happens to start a considerable revival of domestic industrial activity, the price of copper undoubtedly will advance several cents a pound before the end of this year.

If the advance in freight rates is conceded by the interstate commerce commission it undoubtedly will be followed by a greatly increased demand for the red metal. The future outlook for the copper mining industry and for nearly all of the producing companies is highly encouraging.

## EATING RELIEVES STOMACH TROUBLE

**A Prominent Physician's Advice.**

"Eat good foods and plenty of them. Dieting, in many cases, is almost criminal. Get back to normal. To do so you must have the proper quantity of nourishment. You need it for brain or physical work. Probably there is nothing the matter with your stomach except acidity. That is merely an abnormal secretion of acid in the stomach. Neutralize that acid and your stomach trouble will end at once. Neglect may mean ulcers if not cancer of the stomach. Do not take patented medicines or pepsin tablets for dyspepsia. Simply take a neutralizer of acid. Decidedly the best neutralizer is ordinary bisurated magnesia. It is inexpensive and you can get it at any drug store. Take a teaspoonful in a quarter glass of water after each meal. The relief will be immediate."

## NO GROUND FOR DECLINE OF STOCK

**Sir Thomas Shaughnessy Says Position of Shareholders Just as Good as Before.**

(By Daily News Leased Wire)

WINNIPEG, April 22.—Sir Thomas Shaughnessy was interviewed today regarding the break in Canadian Pacific railway shares which were sold today at 195. The president spoke briefly on the subject but with much clearness and hopefulness.

In effect he said that the market quotations on Canadian Pacific railway in the past few years had had no close relation to the physical condition of the property, its value or its earning power. The prospects of the real owners of the road were as bright now as they ever were. There had been, he indicated, no apparent reason for the rapid rise in the price of the stock and there was no apparent reason for the present decline. The most trying time for a stock, he said, was not so much in a period of financial stringency as in the following years when money had become cheaper. Canadian Pacific railway was now passing through such a year; other stocks were suffering similarly, some of them much more acutely. In reply to a question regarding the matter the president said:

"So far as the shareholders of the Canadian Pacific railway are concerned they are in just as good a position today when the stock is sold at 195 as they were when the stock sold at 289. The prospects for the shareholder are just as promising now as they were then. There is no more prospect of a reduction in dividends now than there was then. There is no more reason why the stock should sell at 195 than why it should have sold at 283.

"Canadian Pacific railway is a sensitive international stock and the outbreak of actual hostilities in Mexico no doubt accounts to some extent for the break today. The earnings of the company have been less but there has been no decrease in earnings to warrant the depreciation in the market quotations.

"The only danger to which the Canadian Pacific railway is exposed is a general collapse in the trade and commerce of Canada. The success of the company is bound up with the success of the country and of the financial and commercial soundness of Canada there is no doubt in the minds of good judges."

### MURDERED MAN WAS DRIVEN ACROSS BORDER

(By Daily News Leased Wire.)

REGINA, Sask., April 22.—James Knowlen, arrested at Livermore, Iowa, charged with the murder of James Keary, a homesteader of the Wood Moutain district, has arrived in Regina under escort. He is lodged in the mounted police guardroom. The preliminary hearing will be held in the course of a few days.

As the body of Keary was found at Glasgow, N. D., after he had been driven across the border by the accused, the case may assume an international aspect. The police here are not yet prepared with a full case.

## NELSON BUILDER VISITS SCOTLAND

**John Burns Will See Old Home for First Time in Thirty-five Years.**

John Burns, Sr., head of the firm of John Burns & Son, contractors, left yesterday on a visit to his old home, Glasgow, Scotland, after a continued absence therefrom of 35 years. He is accompanied by Mrs. Burns.

After leaving Scotland Mr. Burns located in Ontario, where he lived for 20 years, coming to Nelson 15 years ago. Since then he has built up his present contracting and wood-working business, which is recognized as the largest in the interior of British Columbia. Following his many years of strenuous work, Mr. Burns is taking his first real holiday and expects to remain in the old country about six months.

During his absence from the city his son, Harry Burns of Vancouver, will assist in the management of the business.

### POSTPONE TRIAL OF FISKE POSTMASTER

(By Daily News Leased Wire)

## WILL INCREASE MEMBERSHIP OF Y.

**Financial and Membership Campaign Commences Monday—Will Wipe Out Deficit.**

The directors of the Y. M. C. A. have decided to launch a four-day membership and financial campaign on Monday next, April 27, when it is expected that by whirlwind campaigning the deficit accumulated on current expenses during the four years that the association has been in operation will be wiped out. Interest is also due on the mortgage of the building, it is stated, and it is hoped by the directorate that this, too, will be met with by the funds obtained during the campaign.

In nearly every association on the continent, states N. H. Johnson, secretary of the local institution, an annual financial appeal is made to the public in order that current expenses may be met and the amount generally obtained in this way amounts to about one-eighth of the estimated budget for the year.

After four years of operation, states Mr. Johnson, it has been found that the average cost of maintenance of the local institution for a year amounts to $6,500, which amount must largely come from membership fees and rentals and in the campaign that is to be launched forth an earnest endeavor will be made to greatly increase the membership of the association.

The Y. M. C. A. today states Mr. Johnson is universally considered as an asset to any city and there is no institution or organization in Nelson that commands such a widespread interest among both the younger and older men of the city. Realizing the great value of the institution to the city the directors are going to make an earnest effort to double the present membership of the association during the four days of the campaign that will commence on Monday, stated Mr. Johnson.

## DOKAYS VISIT TRAIL ON FIRST PILGRIMAGE

**Over Fifty Leave on Special Train—Smelter and Golden City Candidates Invitation,**

Over 50 members of Shem El Nessim temple of the Dramatic Order of Knights of Khorassan of this city left by special train at 5 o'clock yesterday evening for Trail where last night they led 40 tyros from Rossland and over 30 from Trail across the burning sands to the oasis. Along with them the Dokays took the camel and tiger and on leaving Nelson they were reported to be in the best of condition for a hard evening's work.

The visit to Trail last night was the first pilgrimage of the Nelson Dokays since the inception of the lodge here during the Pythian jubilee.

The water in the West Arm is standing 4 ft. 11 in. above this year's low water mark according to the guage at the Nelson Boat & Launch company. The water rose 3 in. in the past 24 hours.

G. A. Ohren of Vancouver came in on the coast train last night and registered at the Hume.

## ANALYST'S REPORT NOT EVIDENCE

**Morin Inquest Again Adjourned—Coroner Will Communicate With Attorney General—Mercury Found.**

In order that the coroner, Dr. E. C. Arthur, may communicate with the attorney-general's department at Victoria to ascertain in what way the government analyst's report on the analysis of the stomach of the late Alphonse Morin may be laid before the coroner's jury as evidence in the inquest into the death of the deceased a further adjournment of the inquest was made yesterday for nine days.

Dr. Arthur stated that he had received a report from the analyst at Victoria which was not a sworn statement, but a mere letter stating that there were no traces of alkaloids in the stomach, but a considerable amount of mercury. He had consulted the city solicitor concerning the report and the solicitor had stated that the only sure way to get the report before the jury as evidence would be to bring the analyst to the city. It was possible that the evidence might be taken by commission in Victoria. He suggested that the attorney-general's department might be communicated with in the matter.

The members of the jury were unanimously of the opinion that some such procedure should be taken and the inquest was adjourned until Friday, May 1.

During the sitting a bottle of mercury bichloride tablets that had been found at the home of the deceased on the night of his death was examined. On the bottle it was stated that the package contained 100 tablets, while a count showed that the bottle contained 103 tablets. The bottle had been previously opened and when found had a considerable amount of dust on it.

The coroner stated that he had consulted with Dr. L. E. Borden, who attended the deceased on the evening of his demise and from the circumstances surrounding the death neither he nor Dr. Borden was of the opinion that the death was from mercuric poisoning.

## BODY OF DROWNING VICTIM NOT YET RECOVERED

The body of Charles Robson, the deckhand on the steamer Valhalla who was drowned at the car barge slip at Proctor on Tuesday night, has not yet been recovered, according to Capt. Ferguson of the tug. Almost immediately after slipping from the barge to the water the deceased sank and was never seen again. Grappling operations were conducted around the spot where the drowning occurred almost immediately, but no trace of the body could be found. The search for the body is being continued.

## ROWING CLUB EXECUTIVE MEETS TOMORROW NIGHT

To pick crews and discuss arrangements for regattas which are to be held by the club in the near future there will be a meeting of the executive of the Nelson Rowing club in the Y. M. C. A. building tomorrow night at 8 o'clock.

## MEDICAL BOARD MEETS NEXT WEEK

**Local Members Expected to Leave Sunday Night—Nelson Employes May Discuss Plans Sunday.**

The first meeting of the board of management of the newly organized Canadian Pacific Medical association of British Columbia will be held in Vancouver at the beginning of next week is the announcement made at the local offices of the Canadian Pacific railway. The four members of the board from the district south of Arrowhead are expected to leave on Sunday night for the coast to attend the meeting. The members of the board are: E. R. Thompson of Trail; F. McCharles, S. S. Bloomer and J. H. Taylor of Nelson.

Arrangements are now under way for the meeting of employes of the Canadian Pacific railway in this city to discuss the new association. It is expected that the meeting will be held on Sunday next.

## NELSON NEWS OF THE DAY

W. C. Sandercock is ill at his residence.

A. W. Gigot will leave this morning for Silverton on a business trip.

Mrs. R. A. Jones of Saskatoon is visiting Nelson, the guest of her parents, Mr. and Mrs. William Pitts.

The Ladies' aid of the Catholic church will hold an afternoon tea and whist party on Thursday next, April 30.

Mrs. Vernon Chapman of Golden is spending a few days in the city. She is the guest of Mr. and Mrs. Fred Chapman.

Nelson Encampment No. 7 I. O. O. F. will meet tonight at 8 o'clock. Patriarchs are requested to attend the meeting.

There will be a turnout of the boy scouts at the armory tonight at 7:30 o'clock. The scout master will be in attendance.

Nelson lodge No. 815 Loyal Order of Moose will meet tonight at 8 o'clock in Eagle hall. Important business will be discussed at the meeting.

Classes today at the Y. M. C. A. are: Junior school 4:15 to 5:15 o'clock; senior school 5:15 to 6 o'clock; senior leaders' corps 6 to 7 o'clock; business men 8:30 to 9:30 o'clock.

R. J. Smith, passenger and freight agent for the Great Northern railway in this city returned last night from a visit to Spokane. Mrs. Smith is spending a short time visiting friends in that city.

Mr. and Mrs. John Burns left on the Great Northern yesterday for Montreal whence they will sail on May 2 by the steamer Teutonic for Glasgow, Scotland. En route east they will visit friends in Toronto.

George Paterson, manager of the Chahko Mika celebration, will leave on the Great Northern this morning for Spokane on business in connection with the week of fete. While away he will visit Coeur d'Alene.

Complaints are being made at the city hall that merchants on the main streets of the city are making a practice of sweeping dust and refuse on to the road. The civic authorities desire that all stores observe the bylaw to the effect that sweepings be not placed on the streets.

## CHURCHMEN'S CLUB ENJOYS SOCIAL EVENING

Ladies' first prize at the whist drive of the Churchmen's club last night was won by Miss M. Hall and the second prize for ladies fell to Miss E. Thomas. F. Coomber was the winner of the men's first prize, second prize being won by A. Graves. Miss Thomas and H. Eperson were the soloists of the evening. Refreshments were served.

The Churchmen's club will hold another whist drive and social evening on Wednesday evening next.

## MRS. THOMAS GAIRNS DEAD.

The death occurred yesterday morning about 8 o'clock of Jessie, wife of Thomas T. Gairns, representative in this city for the British and Foreign Bible society. The deceased had been ailing for some time from pneumonia. She is survived by her husband, three daughters and a son and had been a resident of Nelson for the past two years.

The funeral will take place on Saturday afternoon from the family residence, 912 Victoria street.

The total sales of the "SALADA" Tea Co. last year amounted to as much as the total business during the first twelve years they were introducing Ceylon tea into Canada and the United States. Their increase alone in 1913 over 1912 amounted to more than the total business done during the first five years of their existence and during the first three months of 1914 their ratio of increase is the largest they have ever had.

W. D. Alderson, manager of the Mother Lode mine at Sheep Creek, is in the city. He is a guest at the Strathcona.
