ISDOWNE NEW UNIONIST LEADER

on Gives Indication to Primrose League

RDS TO REJECT HOME RULE BILL

tical Atmosphere Is Less timistic-- Want Exclusion Indefinitely.

stern Associated Press Special Cable.)

NDON, May 1.—Probably the politically *significant event of* day was the indication by Lord n in a speech before a demonon of the Primrose league that Marquis of Lansdowne would be premier of the next Unionist adtration.

demonstration was a big one showed little indication of surupon the Irish question though was nothing actually said which be taken as disturbing the peacetmosphere of the day.

d Lansdowne himself was very ous about the proposed scheme deralism, asserting that the govent had no mandate for such , and he added, perhaps signitly, that "there is danger in acng terms which may not prove a ment in the end."

Lock Them Up to Talk

anwhile there is a growing deamong the people and especially g the Redicals that at any cost a erence should be brought about een Sir Edward Carson and John nond. The Radical Star voices a sentiment when it says:

ister is a question for Irishmen. a question which will not be setuntil the Irish leaders are locked in a room together by public on. The only safe course for the rnment is to go straight on while nond and Carson go into retreat where to settle this purely Irish ion in a purely Irish way."

Atmosphere Less Hopeful.

he political atmosphere is less ful when the Irish situation is erned. The spirit of things is not ile toward the government but the that definite proposals have been e by the cabinet causes a faltering h is being taken advantage of by Unionists. Lord Lansdowne be- the Primrose league spoke emically of the Unionists' *unalterable* sition to the principle of home for Ireland.

his speech confirms the general ression that the house of lords will t the second reading of the home bill. Lord Lansdowne expressed ility to the idea of forcing such a sure on Ulster, declaring that *ince is entitled to seclusion so* as the people desire it.

beral editorials, discussing this t, assert Lord Lansdowne does possess the ability to realize the situation that has arisen followthe Waterdown speech which was gned to satisfy fire eating parti-

DES NOT AFFECT PROVINCIAL DEAL

urity Held by British Columbia on Canadian Northern Unimpaired by Dominion Proposals.

(Special to *The Daily News*)

(TORIA, B. C., May 1.—The Canan Northern railway proposals now re the house of commons at Ot- *will not affect the security held* British Columbia for the credit n by this province to insure the struction of the Canadian Northern *ific from the Yellowhead pass to* coast. In discussing the matter y Sir Richard McBride said:

The provincial government has as *had no official information of the* nt of the matters covered by the sure which Mr. Borden is introing to parliament. British Colum- *of course, is in a very strong po-* n with regard to the completion hat portion of the Canadian Northsystem which runs through this vince. *The first mortgage which* hold against the road is unquesably a charge which could not be aired by any bargain made elsere."

peaking of the Canadian Northern fic the premier said it was comknowledge that the line from the *lowhead pass to the coast would* one of the best on the continent. t will capably serve the purpose giving to our shippers excellent sportation *facilities," he said.* e lower grades and the special racter of the construction insure nomic and expeditious handling of freight and passengers. We have fear here that the Dominion govment would propose anything ch would impair the position of province in respect to the comple- and operation of the Canadian thern Pacific."

Three Years for Manslaughter.

OOSOMIN, Sask., May 1.—Katey, Finlander who killed a companion a drunken row and who was found ty of manslaughter, was sentenced Chief Justice Haultain to serve e years in prison.

NEW LIPTON BOAT OF NOVEL DESIGN

Many New Features Are Combined in Latest Challenger for America's Cup—Launching Soon.

(By Daily News Leased Wire)

LONDON, May 1.—Shamrock IV., Sir Thomas Lipton's new challenger for the America cup, described by those who have seen her as the most wonderful boat of her kind ever built, is to be launched on May 25. Her trial races will begin the first week in June and continue until the middle of July, principally on the Solent.

The new challenger is said to be entirely original in design and to combine many new and novel features.

TIPPING OFFENSE UNDER THIS BILL

Senator Would Make It Crime to Give or Accept Tip—Maintains Stand on Railway Bill

(By Daily News Leased Wire)

OTTAWA, May 1.—In the senate today Senator Davis introduced a bill to forbid tipping in Canada. The person who received a tip, the person employing the person who received the tip and the person giving the tip are each liable to two months or $20 fine for the act of tipping, according to the terms of this bill.

Insists on Amending Bill.

On motion of Senator Davis the senate decided unanimously to insist upon its amendments of bill 49 relating to the Saskatchewan Central Railway company.

Senator Davis said that this bill had been introduced into the commons and there the time to begin construction had been reduced from two years to one year. In the senate the two-year period had been restored. The house amendment had gone back to the commons which had again changed the *two years to one.*

He now proposed that the senate should insist on two years being given this company to begin construction. He did so for several reasons. In the first place, the company was a comparatively new one and this was its first application for the renewal of its rights. It had spent $60,000 or $70,000 in preliminary work and was faced with the difficulty of getting money at a hard time. One year would be an unreasonably short time in which *to require it to begin operation.*

He could not understand why this company had been singled out for such treatment and a dozen other companies of much older standing and less financial outlay allowed renewals for two to five years without objection.

He said he believed there was a new and peculiar reform movement in the other chamber; that when this reformer wanted to reform a bill by reducing the term to one year, he attended the railway committee and when there were bills he did not want to have interfered with he stayed away from the committee.

The motion by Senator Davis that the senate insist on its amendment was carried without further discussion.

SUFFRAGETTE WOULD AMEND MARRIAGE VOWS

Wants Noel Buxton, M.P., to Promise to Get Vote for His Bride—Disturb Service.

(By Daily News Leased Wire)

LONDON, May 1.—Suffragettes caused a disturbance at the fashionable wedding in St. James' church, Piccadilly, of Noel Buxton, M.P., and Lucy Petham Burns. Many society people and friends of the couple were present.

While the clergyman was reading the service a well-dressed woman shouted, "Mr. Noel Buxton, you will promise to treat this woman you are about to marry properly, but will you insist that she has a vote?" Almost simultaneously a man interrupted the service and both were promptly removed by other members of the congregation.

CANDIDATES NAMED FOR GREAT GRIMSBY BY-ELECTION

(Canadian Associated Press Cable.)

LONDON, May 1.—Alfred Bannister, smack owner, Liberal, and George Tickler, jam manufacturer, Unionist, will contest the Great Grimsby by-election, rendered necessary through the death last Monday of Sir George Doughty, Unionist member for that constituency. Both are local men.

Candidates to contest the northeast Derbyshire election have not been decided, but Dr. J. Court, a local Unionist, who has several times contested this seat, probably will be a candidate. This by-election was caused through the death on Tuesday of W. E. Harvey, the Labor-Liberal member.

DUKE OF CONNAUGHT SIXTY-FOUR YEARS OLD

LONDON, May 1.—Flags are flying on the government buildings today in *honor of the Duke of Connaught's* birthday. His Royal Highness is 64 years old today.

Clarence house, the duke's town residence, is in the hands of decorators so it is assumed that his home coming will not be unduly delayed.

QUIT DRINKING IN FORT WILLIAM

(By Daily News Leased Wire)

FORT WILLIAM, Ont., May 1.—Sympathy with the striking bartenders has been expressed by other unions and the bridge and structural iron workers have pledged moral and financial support.

The bars in the city today were in charge of the hotel keepers themselves and business was very light.

Union men promise to refuse to support any nonunion bar.

NEW SETTLERS TAKE UP LAND

File on Six to Seven Thousand Acres Near Cranbrook

MOTHER FAILS TO LOCATE SON

Arrangements for Handling Crowd Were Excellently Carried Out.

(Special to *The Daily News*)

CRANBROOK, B. C., May 1.—Between 6,000 and 7,000 acres of logged off lands in the vicinity of Cranbrook, Wycliffe and Kimberly, thrown open to settlement today by the department of lands, was taken up by pre-emptors this morning and other intending settlers are gradually coming in to take up the balance of the 10,000 acres opened for entry.

When daylight broke this morning a long line extended from the door of the government office stretching along the sidewalk, the majority of whom had waited for 36 hours or more, some for over two days. Fine spring weather prevailed and the vigil of the homeseekers was not arduous, as under unpleasant weather conditions.

Chief of Police Adams of Cranbrook handled the crowd excellently, each man being given a number indicating his place in the line by the police officers and there was no bustling or inconvenience other than that of the delay.

Deputy Minister Present

When 9 o'clock struck the doors of the government office were thrown open and the homeseekers entered in pairs. R. A. Renwick, deputy minister of lands, and Gordon Smith of the lands department assisted Government Agent Wallinger in handling the rush and everything was handled with precision.

The majority, practically all, of the long line had made note of the lots for which they had intended to apply, a great many of them having visited the lands and selected the homesteads they sought. As each man made his application he passed out by another door and the next in line followed to the counter to record his claim. By noon 65 parcels had been filed upon, the number of individual entries being 58. Others came until the office closed at 5 p.m., when a number of lots still remained to be taken and are available for those who seek them.

Settlement Increased

A pamphlet had been provided by the department of lands giving description of the lands opened to settlement and also an abstract of the field notes of the surveyors who subdivided the lands and the pre-emptors had been provided with these, each being thus informed regarding the character of the land.

Many residents of Cranbrook came to watch the scene and local photographers took up vantage points to picture the occasion, the first of the kind seen in Cranbrook. Much interest has been taken in the opening of the lands and it is anticipated that quite an addition to the settlement in the neighborhood will result. Some of those who recorded, who came from the northwest, state that they intend to bring out a car of implements and stock.

Mother Fails to Find Son

Throughout the rush an anxious mother sat watching intently each face as they appeared hoping that she would find a missing son. Mrs. Paxman of Purple Springs, Alta., came hoping that a son, last heard from in East Kootenay, would be attracted here, but she failed to learn anything of him and, disappointed, she made her way homeward on the train which left this afternoon.

Every one of the pre-emptors spoke enthusiastically regarding the manner in which the business of recording the various claims was carried out and people of Cranbrook also speak with much satisfaction concerning the arrangements made, every man being given his choice in the order of his precedence at the office. Chief of Police Adams and Government Agent Wallinger deserve special credit.

AVIATORS JAILED FOR LANDING IN RUSSIA

(By Daily News Leased Wire)

BERLIN, May 1.—Hans Berliner, the German aeronaut who was made a prisoner at Kirgishansk, Russia, last February, when he came to earth at the end of a balloon trip from Bitterfield, Germany, and the two passengers who accompanied him, have been sentenced by the Russian authorities to six months' solitary confinement.

HOME OFFICE STOPS LANGFORD-SMITH MILL

(By Daily News Leased Wire)

LONDON, May 1.—Because the home office indicated to the *promoters its strong dislike of* matches between negroes and white pugilists, the projected fight between Gunboat Smith and Sam Langford set for June 30, has been declared off.

FINDS MUCH OF ICE CREAM ADULTERATED

(By Daily News Leased Wire)

OTTAWA, May 1.—An analysis of 157 samples of ice cream secured last autumn, made by the Dominion government chief analysist shows that 49 were adulterated, while eight were but slightly below standard.

ARBITRATION FOR CANAL QUESTION

Wants Tribunal of Judges Presided Over by President of Switzerland to Settle Matter.

(By Daily News Leased Wire.)

WASHINGTON, May 1.—Without waiting for the Panama tolls exemption repeal bill to be called formally *before the senate, Senator Norris to*day began debate on the subject with an appeal for a resort to arbitration. He favored the passage of the house repeal measure, with an amendment expressly stating the United States waived no rights thereby, but called upon President Wilson to invite Great Britain to arbitrate the dispute as to the right of the United States to discriminate in favor of its own vessels.

Senator O'Gorman, chairman of the canals committee, announced that he expected to call up the bill tomorrow. Senator Simmons, leader of the repeal forces, will seek to have it made the unfinished business and keep it before the senate until a vote is reached.

Senator Norris suggested the court of arbitration consist of three members of the supreme court of the United States and three judges of the highest court of England, with possibly the president of Switzerland as the seventh member.

"I expect the decision of such a tribunal to be unanimous," he added.

BELIEVE IT IS ASIATIC CHOLERA

New Brunswick Town Is Terrorized by Mysterious Disease—Relatives of Alberta Man Stricken

(By Daily News Leased Wire.)

MEDICINE HAT, Alta., May 1.—Robert McKelvie of this city today received a telegram saying that his nephew and two nieces at Dorchester, *N. B., were dead as a result of a mys*terious malady; that his brother and sister-in-law are in a precarious condition and that the whole town is in *a state of terror as a result of the* mysterious outbreak. Local physicians are completely mystified and 10 outside doctors have not been able to *thrown much light on the situation.* Some of them, however, are disposed to diagnose the epidemic as Asiatic cholera. It is certain that the disease *was brought to the neighborhood by* an immigrant family whom Mr. McKelvie recently engaged to work on his farm. Strict quarantine is being *enforced.*

WESTERN TRADE CONDITIONS BETTER

Gradual Growth of Confidence and Feeling That Improvement Will Continue Is Reported.

NEW YORK, May 1.—Despatches to Dun's Review from branch offices of R. G. Dun & Co., in leading trade centres of the Dominion of Canada, indicate slowly improving conditions at a number of points, but as a whole the increased activity is not pronounced.

Montreal reports but little change in the general trade situation. Weather conditions have been favorable for dry goods, clothing and kindred lines, while wholesalers say that sorting up orders from the country are no better than fair. Some good sales of fine ladies' shoes have been made, but aside from these the footwear situation is dull.

Both wholesale and retail trade at Quebec are rather slow, but improvement is generally expected with the advent of settled weather.

Some further slight progress has been experienced at Toronto. There has been a fair sorting up business in dry goods and millinery and the retail demand for seasonable merchandise has been well maintained considering the backward weather. The hardware trade is slightly more active and groceries are in moderate request, while there is some improvement in the movement of building material.

The cities in the far west and northwest note a gradual growth of confidence and a prevailing feeling that business will continue to improve.

Winnipeg reports a fair trade in *dry goods and clothing, footwear and* other staple merchandise, and most merchants consider the outlook encouraging. Spring business is open*ing up in fair volume at Calgary and* building operations are showing considerable activity.

Most staple commodities are in brisk request at *Regina and there is* much confidence in the near future.

While trade in some lines at Saskatoon is rather quiet, the volume as a whole makes a good *comparison with* a year ago.

Moose Jaw reports a liberal demand for most kinds of merchandise and an optimistic feeling regarding the future.

Gross earnings of all Canadian railroads reporting to date for three weeks in April show a loss of 12.7 per cent as compared with the earnings of the same roads for the corresponding period a year ago.

Commercial failures in the Dominion this week numbered 53, against 40 last week and 34 last year.

RUSH TROOPS TO STRIKE ZONE

Force of Federal Cavalry Men Is Quadrupled

OPERATORS OFFER TO DISARM GUARDS

United Mineworkers Confer on Question--Efforts Toward Settlement.

(By Daily News Leased Wire)

WASHINGTON, May 1.—Orders to quadruple the force of federal cavalrymen in the Colorado coal strike regions went from the war department late tonight. The entire 11th regiment from Fort Oglethorpe, Ga., and two troops of the 12th, from Fort Robin, Neb., were ordered to proceed to the scene at once. Col. James Lockett of the 11th to take supreme command of the situation.

Situation Unchanged.

(By Daily News Leased Wire.)

DENVER, Colo., May 1.—State and federal authorities co-operated today in an effort to settle the Colorado strike of coal miners, but tonight the situation was still unchanged, except that there had been no violence reported. Regular troops occupy the Trinidad, Fremont county and Walsenburg districts and state troops are still in service at Ludlow and in the northern coal fields. Additional state troops late today were sent from Ludlow to Aguilar.

The action of Secretary Garrison in granting the joint request of Mayor Holbrook and Governor Ammons for more federal troops, announced late today, has served to allay uneasiness in quarters where it was feared the quota of regular soldiers would not be sufficient to maintain order.

Discuss Disarmament.

While Major Holbrook and Governor Ammons today were devoting efforts to secure additional troops, the question of disarming strikers and mine employes remained in a secondary position.

Weather conditions prevented action by the strikers, who had planned to vote on the question. On behalf of the operators J. F. Welborn, president of the Colorado Fuel & Iron company, announced that the mine guards would be disarmed whenever such action was deemed expedient by Major Holbrook.

Horace F. Hockins, chief counsel, and John Lawson, international executive board member of the United Mine Workers of America, were en route to Trinidad to discuss with Major Holbrook the question of disarmament.

In a second telegram addressed to Martin D. Foster, chairman of the house committee on mines and mining, the presidents of 21 Colorado coal companies today reiterated their willingness to agree to a settlement of the strike on the terms suggested by Governor Ammons on November 27, 1913, urging that the point of recog*nition of the union* be waived, but that the miners be permitted to maintain their organization.

TORONTO FACES SERIOUS STRIKE

Electric Light, Street Railway and Hydro Electric Employes Are Dissatisfied—May Arbitrate.

(By Daily News Leased Wire.)

TORONTO, May 1.—Rumors of a strike involving Toronto electric light, street railway and hydro-electric employes, were spread broadcast today but these rumors were set at rest by *the statement of a prominent labor* leader that, being public utilities, it was most probable that boards of arbitration, under the industrial disputes act, would first be called. There is little doubt, however, that the situation is serious and negotiations are now in progress to avoid a conflict.

MAN WHO SHOT AT NEW YORK MAYOR FOUND INSANE

Michael Mahoney is Sent to Hospital for Criminal Insane at Matteawan.

(By Daily News Leased Wire)

NEW YORK, May 1.—Michael P. Mahoney, the aged man who shot Corporation Counsel Frank L. Polk on April 17, in an attempt to kill Mayor Mitchell, was sent to the state hospital for the criminal insane at Matteawan today by order of Judge Mulqueen of the court of general sessions.

ICE FLOES BLOCK ST. JOHN'S HARBOR

(By Daily News Leased Wire.)

ST. JOHNS, Nfld., May 1.—St. Johns harbor and the coast are so blocked with ice that the Pomeranian, 12 days out from Liverpool, is outside the floes, 22 miles off Cape Race, unable to enter the port until the wind changes. The Tritonia from Glasgow is enmeshed in floes off the mouth of Notre Dame bay and in danger of being forced ashore by the pressure of the ice.

RURAL MAIL PLAN PROVES POPULAR

Ninety-Five Thousand Boxes Have Been Erected Along Twenty-Three Hundred Routes

(By Daily News Leased Wire.)

OTTAWA, May 1.—According to a statement issued by the post office department, the number of rural mail routes actually in operation at the present time is about 2,300 and the number of boxes erected on these routes is 95,000.

The number of post offices closed in Ontario owing to the establishment of rural mail delivery since the formation of the rural mail delivery branch on April 1, 1912, is 587, and the number closed during the last month alone is 46.

SOME CANADIANS EAT HORSEFLESH

Minister of Agriculture Asked to Appoint Inspector—Canadian Northern Bill Stands.

(By Daily News Leased Wire)

OTTAWA, May 1.—This was a comparatively quiet day in the commons. During the early part of the sitting good headway was made with government bills and then the less contentious estimates of the departments of agriculture and railways were taken up and a number of items passed.

It is expected that consideration of the Canadian Northern railway proposals will commence early next week. There were some references to the matter when the house met today. When the resolutions were called Premier Borden said they would stand.

Sir Wilfrid Laurier said that he desired to call attention to the resolutions as they now stood on the order paper. There had been several alterations in their text since they first appeared in the votes and proceedings on Tuesday last. *Some of these* charges were grammatical, others more or less inconsequential in character. But others had significance. Sir Wilfrid said that all rolling stock and equipment of the Brockville & Westport and Manitoba systems had been dropped from the list of so-called securities included in the projected *merger since the first publication of* the terms of the deal. Such changes were evidently inspired and came from authoritative direction.

Copies to Be Furnished.

Upon whose authority and why were these changes now made, asked the Liberal leader.

Premier Borden said they were apparently the result of a misunderstanding between himself and the solicitor general, Hon. Arthur Meighen. He had called Mr. Meighen's attention *to the fact that there were several* blanks in the original notice and the solicitor general evidently had had the text revised as a result. It was his idea, however, that amendments would be made in the formal notice.

Sir Wilfrid thought the house should be supplied with detailed and complete information.

Premier Borden said he would be pleased to furnish copies of documents.

Worried About Horse Meat.

During the *consideration of the es*timates for the department of agriculture, Hon. Charles Marcil asked if the minister's attention had been called to the horse meat industry in Chambly county.

Hon. Martin Burrell replied that the department had been asked to appoint an inspector to see that the meat was *not diseased but it was not consid*ered that horse meat came within the jurisdiction of the department. The department dealt only with the inter*provincial trade and this industry* was confined to the province of Quebec, Montreal being the only city where horse flesh was consumed at present.

Mr. Marcil said that it had been reported that the meat was being shipped to Sweden. Would not that bring it under the department?

Mr. Burrell said he had not the act before him, but thought it did not cover the shipment of horse meat.

Supports Railway Bill.

Claude Macdonnell, South Toronto, complained of reference to himself in the Toronto Globe as having been outspoken in his opposition to the government's proposals with regard to the Canadian Northern railway. He said there was no reason or foundation for this statement. He believed the transaction had been dealt with by the *government in a businesslike way.*

Hon. Martin Burrell's dairy bill was taken up in committee. There was some discussion over the clause which prohibits the manufacture or sale of oleomargerine. But the section was unchanged. The bill was reported and given a third reading.

COL. ROOSEVELT IS COMING DOWN AMAZON

(By Daily News Leased Wire.)

MANAOS, Brazil, May 1.—Theodore Roosevelt, who arrived here yesterday from his expedition trip through the interior of Brazil, left here today on board the steamer Dunstan on his way down the Amazon river. He is returning to the United States.

Two Years for Arson.

ST. THOMAS, Ont., May 1.—Harry Palmer of Bayham, charged with burning the building of his neighbor, A. D. Stoner, in March, pleaded guilty today and was given two years.

DAILY NEWS WANT ADS PAID HIM WELL

In the following letter to The Daily News R. W. Chalmers of Thrums, B. C., pays tribute to the value of "Want Ads" which he has inserted in this newspaper.

"We are having a great many inquiries about our trap-nests and more orders than we can fill, chiefly through an advertisement in your valuable paper.

"We have orders from New Michel, Greenwood, Fruitvale, Waneta, etc., all quoting The Daily News."

DEATH TO GRINGOS MEXICANS CRY

Provincial Library

Th[illegible]en Massacre, Dishonor Flag, Refugees Say

LAST MINUTE ORDER SAVES RYAN

Minister Stops Execution--Attack on Tampico Renewed--Talk Peace.

(By Daily News Leased Wire.)

SAN DIEGO, Cal., May 1.—Driven from their homes by an anti-American outbreak, the result of the landing of *American marines at Vera Cruz, 259* refugees from Mexico reached here today on board the German steamer Marie, which left Manzanillo on *April 25.*

The majority of the refugees are from Guadelajara and surrounding territory, others coming from Colima *and Manzanillo.* The feeling against Americans was so intense that the majority of the refugees from Guadelajara and Colima were forced to seek *the protection of the British consuls* in those cities.

Anti-American demonstrations were held at frequent intervals, the Mexi*can press was given over to the most* alarming reports, insults were hurled at Americans in the streets and threats of wholesale assassinations *were made.*

Kill the Gringos, Says Governor

Antonio Delgadillo, governor of the state of Coahuila, concluded a speech *inciting Mexicans to take up arms* with the exclamation:

"Death to the Americans!"

In Guadelajara H. L. Percy, a Los *Angeles mining man, entering a store* to make purchases, was chased out by the owner. In the street the proprietor yelled:

"*Mexicans,* here is a Yankee, kill him."

A mob took after Percy and he was forced to run for his life. He finally *gained the hotel* where 100 other Americans were waiting to take the train for Manzanillo.

Spit on Old Glory

While refugees from Guadelajara were at the wharf waiting to get their baggage off, a vessel, thought to be an American warship, was sighted. Great *excitement* resulted and a Mexican wearing a red cross badge rushed into the American consulate, tore from the walls two large American flags and *carried them outside,* where Mexicans tore them into strips, spat on them, stamped on them and then set fire to them.

The wharf was cleared preparatory to blowing it up with dynamite and the Americans there were marched to the consulate. Cries of "Viva Mexico!" *and "Mueran los Gringoes!"* were constant.

Had Planned Massacre

The refugees who arrived today as*sert a massacre of the Americans was* regarded as a certainty if the vessel had been a warship. They declare the consulate had previously been mined. *When it was determined that the ship* was not a warship the Americans were released.

Stole Their Money

Military escorts were provided on the trains carrying refugees, but the soldiers made no effort to stop anti-American demonstrations on the way. *The Americans were searched by offi*cers and all firearms and silver in their possession were confiscated. While one of the trains bearing ref*ugees from Guadelajara was at the* station of Zaccoalco, an American flag was torn in two and burned and insults and threats of death were shout*ed at the Americans.*

Ryan Saved From Death.

(By Daily News Leased Wire.)

MEXICO CITY, May 1.—Dr. Edward Ryan of the American Red Cross, who was captured at Zacatas by the command of Gen. Joaquin Mass and sentenced to death as a spy, was saved by an order signed by Minister of War Blanquet at 11 o'clock last night.

Dr. Ryan will be brought to this city and turned over to the Brazilian legation.

To Renew Attack on Tampico.

(By Daily News Leased Wire)

CHIHUAHUA, May 1.—A large force is now being organized by the rebels to capture Tampico and the danger to the oil wells and to the great tanks was called to Gen. Carranza's attention by Sir Cecil Spring Rice through H. C. Miles, British consul at El Paso.

Gen. Carranza in his reply stated that foreigners who left Tampico did so of their own accord and were welcome to return under every assurance of protection lying within his power. He added that immediate attention would be given to *driving out roving* bands of marauders.

The federals at Tampico control the river along which the oil tanks are built, but the *rebels occupy a large* oil field lying in the outskirts of the city.

Will Not Hold Oil Zone Neutral.

(By Daily News Leased Wire.)

WASHINGTON, May 1.—Gen. Carranza telegraphed Secretary Bryan *from Chihuahua tonight that the con*stitutionalists would not enter into

Kootenay and Boundary

LOOK FOR RECORD CROPS OF FRUIT

Peach Production in Penticton District Estimated at Twelve Hundred Tons —Rush Work on Railroad.

(Special to The Daily News)

PENTICTON, B. C., May 1.—Prospects are excellent for a record fruit crop in this section of the Okanagan this year. The manager of the cannery went over the bench a few days ago and estimates the peach production exclusive of other fruits at 1,200 tons. There was some slight fear that frost might have done a little damage, but the danger period appears to be past. A number of the orchardists had smudges in their orchards ready for instant use in case the thermometer went below a certain point.

From present indications there appears to be no doubt that trains from Kootenay to the coast by way of Spence's bridge will be running shortly after Christmas. Heavy crews are at work between Osprey lake and Penticton and this portion will be ready for the steel by the first of October. The Hope mountain section will be ready some time later, but as an indication of the progress that is being made it may be mentioned that one-seventh of the total yardage of the Hope mountain section was moved during the month of March. The last portion of the telegraph line between Penticton and Midway will be strung shortly and the wire will be ready for commercial use some time in August.

The program committee of the Western Canada Irrigation association will convene in Sicamous on May 4 to arrange for the convention which will be held here in August. It is hoped to make it one of the most successful conventions ever held by the association.

NAKUSP WOMEN ATTEND COURSE IN DRESSMAKING

(Special to The Daily News)

NAKUSP, B. C., May 1.—Madame Grohe of Victoria arrived April 26 and on the following day commenced giving dressmaking lectures to two classes of members of the Nakusp Women's institute. These classes, which are held twice daily, at 2:30 and 7:30 p.m., will continue for two weeks and are much appreciated by the ladies taking the course. Madame Grohe's system of instruction is that used in the most up-to-date technical schools and is pronounced by all who have taken the course as most helpful.

Directly following the afternoon class of Monday, May 4, from 3:30 to 6 p.m., Madame Grohe will give an exhibition of real Irish hand-made lace from the Royal Connaught School of Lace, Ireland. This lace represents Carrickmacross, Guipure, Limerick, Irish crochet and needle point. Hand-embroidered articles will also be shown. Tea will be served by members of the institute. All ladies are invited to attend.

SOUTH SLOCAN WOMEN MEET

(Special to The Daily News.)

SOUTH SLOCAN, B. C., May 1.—There was a large attendance of members at the fortnightly meeting of the Woman's auxiliary in the hall on Wednesday. Mrs. Patey presided. Afternoon tea was served by Mesdames Lee and Long. The next meeting will be at Slocan Junction on May 13.

ROSSLAND NEWS

(Special to The Daily News)

ROSSLAND, B. C., May 1.—Mrs. H. S. Langford and Miss Cecil Moffatt left last evening for a two weeks' vacation at Balfour.

Sidney Hunt is confined to his home with a severe attack of rheumatism.

On Sunday evening at St. Andrew's church W. A. Judd will give two violin solos, "The Sweetest Song of All," by Klickmann, and "Apple Blossom," by Kathleen A. Roberts. The subject for the evening will be "Afraid."

A. Gilbert leaves on Sunday for a short visit to his mother in Spokane.

William Morgan has returned from Queens college, Kingston, and will spend his vacation here.

Mrs. Fred Muler and daughter of Victoria are in the city visiting Mrs. R. Gosse.

On Sunday morning at the Methodist church the subject will be "Amusements."

After the regular business meeting of the Women's auxiliary on Tuesday evening a social took place in honor of Mrs. R. Park and Mrs. W. Smith, who leave shortly for their homes in England. Both Mrs. Park and Mrs. Smith were presented with silver fruit dishes by the auxiliary.

Miss M. Michaely entertained her Sunday school class to a theatre party on Tuesday evening, afterward going to her home, where refreshments were served. Those present were: Angus McDonald, Peter Iffe, Percy Coulter, Howard Wilson, Harold Holmes, Alex George, Clyde Michaely, James Yorke.

BABY'S OWN TABLETS GUARANTEED SAFE

Baby's Own Tablets are the only medicine for little ones that are absolutely guaranteed to be strictly free from opiates, narcotics and other harmful drugs. They carry the guarantee of a government analyst to this effect, so the mothers whose little ones are ailing need have no fear in using the Tablets. They cannot possibly do harm and never fail to do good. The Tablets cure all childhood ailments such as constipation and indigestion, worms, colds, colic, simple fevers, etc. Thousands of mothers throughout Canada say they would use nothing else for their babies. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

TRAIL TO OBSERVE VICTORIA DAY

Celebration Will Be Held This Year—Committees Named for Arrangements

(Special to The Daily News)

TRAIL, B. C., May 1.—At a representative meeting in the city hall last evening it was decided to hold a celebration on Monday, May 25, Victoria Day. Committees were appointed to carry out arrangements for the event. Mayor F. E. Dockerill, J. Sibbald and A. McLean were elected chairman, secretary and treasurer respectively.

Sports Committee—J. A. McKinnon, M. Mercer, F. W. Brown, A. McLean, A. R. Babington.

Music—F. Chapman, C. Tyson.

Dance—L. Tyson, J. A. McKinnon, H. Jackson.

Transportation—G. R. Thompson, N. Binns, W. Walmsley.

Advertising and Printing—A. R. Babington, W. Carr, H. M. Bailey.

Decoration—F. G. Morin, E. W. Hazelwood, H. Stone.

It was decided to advertise the event widely in Nelson and Rossland as both cities have no public sports on that day. A number of games will be played, which will include Lacrosse, baseball and football. Further committee meetings will be held in the near future, when a definite program will be outlined and arrangements made for special trains, etc. A dance will end the day's festivities and a very successful day is looked forward to.

HAVE NEARLY ENOUGH CATTLE FOR CREAMERY

Arrow Lakes Project is Advanced—Fifteen Million Feet of Logs—Dramatic Club Pleases.

(Special to The Daily News)

ARROWHEAD, B. C., May 1.—The proposed government creamery is still in the initiatory stages. H. Trussler spent all last week, as a committee from the farmers' meeting, interviewing the farmers individually and reported that up to date he had promises of nearly enough cattle to comply with the requirements of the department, without going any further.

The Beaver has been taking full boatloads of feed and effects every trip to Halls Landing this spring. Mr. Hall reports that there is a decided increase in acreage this year and the crop should be decidedly heavier, as this settlement is rapidly populating.

James McGaghran and his two Airedales got a good specimen of brown bear quite close to the town a few days ago.

The drive is in full swing on the Columbia; 15,000,000 ft. of logs will soon be on their way to the Comaplix mill.

George Hawieson and wife returned from their honeymoon on Sunday last.

The big wind storm on Monday broke the boom at the mouth of the river, scattering the logs over the lake.

The government placed a light beacon in the narrows last year to mark the sandbars close to Simpson's shingle mill, but up to the present no light has been placed on it and the owners of small boats find difficulty in coming to Arrowhead after dark.

The performance of the Arrowhead Dramatic club on Tuesday evening was one of the best things ever seen in the town. It was received with great appreciation by the crowded hall and was well attended from Comaplix, Beaton, Nakusp and Halls Landing.

Mr Cooper exceeded all expectation in his role of an old bachelor. Mrs. Cooper took the part of spinster with great success. Miss Roberts as Janet is deserving of great credit for the way she carried through her very difficult part, and Mrs. Gullivan as a servant was excellent.

In "Mrs. Flynn's Lodgers" Mrs. McDonald brought down the house. Mr. McDonald was very amusing and Robert Gullivan was worthy of special mention. Gunda Kirk was highly commended for his part. J. Kirk was well received.

The club was well supported by Mr. and Mrs. Bridge, Miss Bridge and Miss Sutherland, who contributed largely to the success of the evening with their music.

A. C. Yoder of Nakusp was in town on Tuesday in connection with his pole and tie business, which is very extensive at this end of the lake.

J. Olson of Galena bay, H. Johnstone of Arrowhead were in Revelstoke attending the Liberal meeting.

A. Craig, the Trout lake pioneer, was in town on Tuesday and is confident that this summer will see activity in the Lardeau country.

S. *Leary of Nakusp was the guest* of the Arrowhead Dramatic club last Monday and Tuesday.

The sale of work under the management of the Ladies' auxiliary was successful both from a financial and social point of view. The total receipts were over $130. Delightful tasty lunches were served during the day and the refreshment booth came in for its share of the business.

TORONTO, May 1.—Eighty liquor licenses were cut off in Ontario today. Twenty-six were given the death sentence by local option, 51 were cancelled by the Canada Temperance act and three others were cancelled by petitions or by the license inspectors for nonconformity with the liquor laws.

CHILD DROWNS IN MICHEL CREEK

(Special to The Daily News)

CRANBROOK, B. C., May 1.—The five year old daughter of Robert Taylor, a miner of Natal, B. C., while playing on the bank of Michel creek today, fell in and was drowned. The body was recovered this evening.

DON'T GROW BALD

It's Quite Needless. Nourish the Hair Roots—Remove Dandruff—Use Parisian Sage.

If your hair is getting thin, losing color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied frequently for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; cleanses, cools and invigorates the scalp and makes dull, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—everyone needs it.

This refreshing hair tonic can be had at any drug or toilet counter in 50 cent bottles only. The Poole Drug Co., Ltd., always sell it with agreement to refund the money if you are not satisfied.

Get a bottle at once. Delighted users say Parisian Sage is the best and most invigorating hair tonic made.

The First Law

THEORY

The first law of nature is mathematics—demonstrated in chemistry and mechanics. Causes and effects chemical and mechanical, mental and physiological.

Ignorance and poverty are great causes and foster all other causes of human ills. Of the latter, two are chief: Improper food (chemical) and nerve strain (mechanical).

Of nerve strain, the commonest, subtlest, most persistent, and therefore most dangerous form, is "eyestrain." It causes eye troubles and many nervous and other chronic ills without suspicion.

PRACTICE

McCormick graduates fit glasses to remove eye strain, to improve vision where needed, and to improve appearance thrice.

We employ a broad, fadless dietic system to save and create energy, to cleanse and rebuild the system, to increase or reduce fat, and occasionally to improve vision.

We don't starve our dietic patients, not even the fat ones. We feed them. They all eat the very best and grow stronger, wiser and better looking.

RESULTS

Results prove theory and practice and are generally a great surprise to worthy patients.

RIVERS RECEIVES DECISION ON FOUL

Lucca Has Big Lead on Mexican When He Loses Bout on Foul—Excited, Made Mistake, He says.

Near the end of the thirteenth round of their 15-round bout, with a big lead in points on Mexican Jack Rivers and the bout fairly stored away on ice, Charlie Lucca, the aggressive little Italian lightweight champion of Canada, fouled the Mexican in the excitement that was running rife in the opera house last night and lost what would undoubtedly have been another victory to his long string. All the way up to the twelfth round the fight had been a hammer and tongs affair and it was about this time that Lucca showed his superior strength and staying power and the twelfth and thirteenth frames were decidedly in his favor until his unlucky move near the end of the thirteenth when he fouled Rivers, who was down on the carpet apparently in great distress.

As had been predicted by nearly everybody that had seen the boys work, the bout was of the fastest and it was fight from the first sound of the gong. Well up to the tenth, points were about even and both men were assimilating punishment to a remarkable degree. All through the bout Rivers used his uppercut to good advantage and time after time he would stop some of Lucca's dangerous rushes with a lightning-like uppercut which he kept stored in the vicinity of his hip and delivered with the speed of telegraph and without an advance bulletin. In the infighting Rivers if anything had a little the better of the Italian, but the rushing tactics of Lucca were too much for him and the Italian also wielded a haymaker last night that took a lot of pepper out of the Mexican at times.

Lucca showed that he had a superior knowledge of the ring, due to a much longer career, and his superior strength toward the latter end of the bout worked greatly in his favor.

The bout marked a vivid contrast with the recent Lucca-Maxwell bout, for both boys were of the give and take type and there was no sidestepping punishment in either of them.

Referee Frank Boyd had his hands full during the entire 13 rounds, for the little fellows were continuously in a clinch or fighting over the ropes. The decision met with practically no adverse comment and after the heat of battle had cleared away Lucca in his quarters at the opera house admitted that he had made a grave mistake in the excitement of the moment.

Bert and Cyril Thomas, two husky local youngsters provided the preliminary which proved to be four rounds of fast and furious milling. There wasn't a dull moment during the entire bout. The referee preferred not to render a decision but it was apparent that Bert Thomas, who is popular with the crowd was the clever of the two.

Frank Street, welterweight champion of the northwest was introduced He challenged anyone at 145 pounds.

The main contestants of the evening entered the ring at 9:30 and were greeted with a big hand by the crowd.

Just previous to the big bout about 10 heavyweights proved too heavy for one of the ringside stands and it came down with a resounding crash. No injuries resulted.

Round 1.—They spar. The Mexican scored a couple of uppercuts in quick succession. Rivers forced Lucca to the ropes. They were fighting close in and clinched incessantly. Lucca got in a couple of short arm jolts. They were mixing it hard at the gong. Even round.

Round 2.—Rivers was warned for hitting in the clinches. The Mexican got in a left to Lucca's stomach. Lucca retaliated. Rivers worked his uppercut effectively. Lucca commenced to use his right with success. Even round.

Round 3.—Rivers forced Lucca and he fell over the ropes. Lucca got in a left to Rivers' face and followed it up closely with another. Lucca's shoulder and the Mexican's nose were bleeding. Rivers scored a nice uppercut. Lucca's round by a shade.

Round 4.—Lucca scored a left to the Mexican's face. Lucca swung a nice right on Rivers' jaw. They both went to the floor. Lucca scored right and left to the jaw. Lucca's round.

Round 5.—Rivers landed a left uppercut to Lucca's face. Lucca surprised the Mexican from a feint with left and right to face. Rivers got in a couple of teasers at the Italian. Lucca got a right to Rivers' neck. Lucca's round.

Round 6.—Lucca landed a long swinging blow on the Mexican's nose. Rivers played left and right uppercut to the Italian's countenance. A left upper cut to Lucca's eye stopped the Italian for a minute and things were not so fast. Rivers' round.

Round 7.—Rivers landed three lefts to Lucca's head and Charlie started a foot race. Rivers uppercut to Lucca's jaw and followed it up with another with added speed. They were over the ropes. Lucca scored swing to ear. Lucca missed a haymaker. Rivers uppercut to Italian's stomach. They both landed to jaw. Rivers' round.

Round 8.—Lucca swung on the Mexican's chin following it up shortly afterwards with another. Rivers uppercut to jaw following it with two more in quick succession. They were spattered with blood. Lucca scored a close in uppercut. Rivers was using his uppercut effectively. Even round.

Round 9.—Lucca scored two uppercuts and followed with haymaker to jaw. Rivers rushed and scored two uppercuts. Two more uppercuts came from the Mexican and they clinched. Lucca missed a swing and Rivers also missed a rush. Rivers played uppercut again. Lucca scored an overhead swing that was a counter. Even round.

Round 10.—They mix it close in both scoring nice uppercuts. Lucca swung a right on Rivers' ear. Lucca jabbed Rivers on the head and Rivers came right back with about the most powerful blow of the bout to the Italian's nose. Rivers' round.

Round 11.—They exchange blows near the ropes. Lucca got in a right to the side of the head and stopped Rivers' rush with a swift jab. Lucca scored left and right to the point of Rivers' jaw and the Mexican came right back with a poke at the Italian's mouth. Lucca's round.

Round 12.—Lucca scored two beauties in quick succession and both followed with stiff left jabs to the jaw. They both score left and right to jaw Lucca's round.

Round 13.—They exchange lefts to the face. Lucca landed on Rivers' as he struck the floor. Lucca now appeared much the stronger and rushed his man around the ring. A stiff left to the Mexican's stomach followed and he appeared distressed. Lucca rushed and Rivers fell to his knee covering his face. Lucca swung a stiff left at the Mexican and there were cries of foul. Referee stopped the bout and declared the Mexican winner.

CONGO NATIVES RISE KILL WHITE PEOPLE

BOMA, Congo Free State, May 1.—Natives have gone upon the war path, killing scores of whites in the Portuguese colony of Angola and driving out the missionaries, some of whom are believed to have been murdered.

News of the uprising was received here today, the despatches stating that the Portuguese garrison was put to flight.

Victims include men, women and children.

PRINCESS DORIS WINS GUINEAS

Second of Great Classic Races Goes to J. B. Joel's Horse—Betting Hundred to Nine.

(Canadian Associated Press Cable.)

NEWMARKET, England, May 1.—The one hundred and fourth renewal of the Thousand Guinea stakes for three-year-old fillies, run over the Rowley mile, and the second of the five classic races, was won today by J. B. Joel's brown filly Princess Doris, by Your Majesty-Doris, who started at 100 to 9. Lord Derby's bay filly Glorvina, by Desmond-Veneration II., 100 to 7, was second, and Sir John Thursby's bay filly Torchlight, by John o' Gaunt-Lesbia, even, was third. Thirteen ran.

Following the stirring victory of Sir John Thursby's Kennymore on Wednesday the same owner's filly was made a warm even money favorite today.

Sifton Returning.

LONDON, May 1.—Hon. Arthur Sifton, premier of Alberta, and Mrs. Sifton will sail for home on the Coronia tomorrow.

"Safety First"

Some men, sometimes, can board the flying street car or "monkey with the buzz-saw" in a mill or factory, and get away with it. But that's how accidents happen. Some men, sometimes, can shave with an open blade razor and avoid cutting themselves. But thousands agree that the chances are against it.

THE **Gillette Safety Razor**

was the practical forerunner of to-day's "Safety First" movement. What engineers are doing now to safeguard tools and transportation, King C. Gillette did ten years ago for that much used tool, the razor. And while he made the razor safe, he also made it keener, harder and handier than the old open blade.

That thin, electrically tempered blade, gripped rigid in the adjustable holder, gives the cleanest, smoothest and quickest, as well as the safest shave man has ever enjoyed.

Standard Sets cost $5.00—Pocket Editions $5.00 to $6.00—Combination Sets $6.50 up. :: At Hardware Dealers', Druggists' and Jewelers'.

Duplicate Certificate of Title Notices:—Four insertions, $8; eight insertions, $14.

Water Application Notices:—Four insertions up to 100 words, $6; over 100 words, in proportion.

Where any of the above applications contain more than one application or notice, each application or notice will be charged for as a separate advertisement.

SATURDAY, MAY 2

THE CRANBROOK PRE-EMPTIONS.

While the result of the opening for pre-emption of logged-off lands in Cranbrook district yesterday was in every way satisfactory, there was not the rush to enter that one might have expected from the cries of the opposition that people were being kept off the land through the government's policy. Judging by Mr. Brewster's speeches on this subject one could reasonably have expected that there would have been from one to ten applications for each of the 165 parcels opened for pre-emption yesterday. As it was, quite a number were not taken up.

The pre-emption of these parcels will mean that they will be immediately settled upon and will be brought under cultivation with the least possible delay. The result will be a big advance in agriculture in Cranbrook district, and will mean much to that city. Especially is this so in view of the fact that as time goes on the other parcels of land offered yesterday but not taken up will also be applied for and settled upon. As other land becomes available for settlement and is similarly opened up for that purpose Cranbrook district will continue to increase in importance as an agricultural section and the city of Cranbrook will flourish.

The government has shown that it has land available for settlement in Cranbrook district as in other parts of the province and that it is anxious to have people upon it. Its policy in this matter should meet with public approval and should have the support even of Mr. Brewster, the opposition leader, and his friends.

THE CASE OF THE DOUKHOBORS.

In the issue of The News of yesterday there appeared what they termed the "Appeal of the Doukhobor Women: Mothers—under persecution for the belief of Christ in Canada." The appeal set forth their case fully and clearly and distinctly.

Reviewing the appeal it must be pointed out that the word "persecution" cannot fairly characterize the treatment meted out to the Doukhobors since their arrival in Canada. If this word "persecution" was not more applicable to their condition in Russia than it has been in Canada—for it is the word made use of by them as descriptive of their treatment in both places—it is entirely inapplicable. Nothing bearing the semblance of persecution has been meted out to them since they came to Canada, either in Saskatchewan or in British Columbia.

With the religious views of the Doukhobors there has been no interference. Neither the government of Canada nor that of any of its provinces interference with the religious views of any people resident there in except in so far as they result in actions which contravene the laws of the country or of good citizenship. When and in as far as they do, the state must interfere. The laws of Canada and of its several provinces are an expression of the will of its people, enacted for their governance; and they should, as a matter of course, and must be enforced while they remain on the statute book. All must comply with their provisions—the Doukhobors not excepted. This statement is surely incontrovertible.

When the Doukhobors made entry to the lands in the province of Saskatchewan on which they had located, they paid an entry fee of $10 for each quarter section, and the receipt given therefor in the office of Dominion lands in which they made the entry informed them of the terms and conditions on which a patent for such land could be obtained by them—these covering the length of residence thereon, the extent of the cultivation thereof—i.e., the minimum cultivation; the necessity of their being British subject before receiving patents, and of their making proof, with two witnesses, of compliance with these requirements. If these terms and conditions were too onerous or if exception were taken to any of them, why did they make entry to such lands? The proper time for consideration would, one would think, be before the entry would be made. No one is authorized to vary the conditions, which are prescribed by statute. Is then the enforcement of these requirements on the Doukhobors previous to their acquiring patents for their lands burdensome? Can it by any stretch of the imagination be characterized as persecution? Only in one way, and that is by such a definition of the word persecution as will make it inclusive of the enforcement of such requirements; not otherwise. Yet this appeal alleges that they had been persecuted in Saskatchewan; that they had been robbed of large sums paid by them.

They then treked to British Columbia—large numbers of them; and the allegation is made that they still continued to be subjected to persecution. And what is the evidence of this adduced by them? That the provincial authorities insist that they shall comply, in common with all other residents of the province, with the laws which are on the statute book in reference to the education of their children, in reference to vital statistics and such like matters; and such insistence they characterize as persecution. The people of this province are persuaded that illiteracy should not be permitted to exist; that every child should be required to have at least an elementary English education. The law also requires that vital statistics should be kept. The enforcement of such requirements is characterized as persecution. Assuredly it is a strong and harsh term to apply to the carrying into effect of such beneficial legislation. Are the Doukhobors to be exempted therefrom because they choose to allege that it is not in harmony with their religious views to comply with such legislation.

The sooner the leaders of the Doukhobors learn that the laws must be obeyed the less persecution will there be. The people generally are insistent that this will have to be learned and practically realized by them if they continue to reside in this province. They may cry "persecution"; but names don't change realities.

The appeal under review suggests to any person perusing it the thought that those over whose names it appears are consciously "glorying in tribulation"; are, by their resistance to such measures as those to which allusion has been made, deluding themselves with the thought that they are thereby earning for themselves the benediction expressed in these words: "Blessed are they that are persecuted for righteousness' sake: for theirs is the kingdom of heaven."

The leaders of the Doukhobor community should remember that when they came to British Columbia it was under no promise from its government that they would have any special treatment favorable to them, and that while they reside in this province they will have to comply with the laws on the statute book.

RHEUMATISM AND BRIGHT'S DISEASE

Prof. Budlong Was Quickly Relieved of Both Afflictions by Using Rheuma.

If you suffer from any form of Rheumatism, remember that RHEUMA goes to work quickly to remove the cause, not simply to remove the distress. Many years' use has demonstrated that it goes to the seat of the disease and expels the poisonous matter through the natural channels—the kidneys, bowels, liver and skin.

"For many years I was troubled with Rheumatism, also with Bright's Disease of the Kidneys. I suffered awfully. Tried many advertised remedies. After using your truly remarkable preparation, RHEUMA, I was fully cured."—Prof. C. J. Budlong, Sound View, Conn.

RHEUMA is guaranteed by the Poole Drug Co. who sells it for 50 cents a bottle.

EDITORIAL NOTES.

Disturbing weddings is the latest in the way of militant suffragette madness. What next?

Shamrock IV. is said to be a nautical wonder. The question is: Is she enough of a wonder to lift the America's cup.

A bill has been introduced in the senate to prohibit tipping in Canada. If it passes, how will the train porters and waiters live?

WHAT THE PRESS IS SAYING

Stratford Worthies

Stratford was the home of several important inventions. It was whilst living here as a telegraph operator on the Grand Trunk railway that Thomas C. Edison perfected the squad system of telegraphy, the first of the great series of inventions which won him the name of "The Electric Wizard"; the first duplicate counter check book, the foundation of the present great Carter-Crume company enterprise at Niagara Falls, N. Y., was made here by Gordon and McKay; and the firht fountain pen was invented here by Duncan Mackinnon, a local druggist. And the end of the city's record for inventions is not yet.—Stratford Beacon.

Courageous Cromer

Lord Cromer, the great Egyptian pro-consul, has come out as the most determined opponent of woman suffrage in England. Peace hath her heroes.—Montreal Mail.

How to Increase Business

Without leaving London, there is one thing which the British manufacturer might learn by reading the advertising columns of any Canadian paper; which is that the United States manufacturer who wants the business invades the country with his product to get it.—Edmonton Capital.

Rather Confused

The Monroe doctrine has been responsible for many curious happenings, but for none more curious than this war, which is not a war, against a president who is not a president.—Montreal Star.

AT THE THEATRES

At the Starland tonight and matinee at 2:30 the sequel to the "Man in Black," called "The Mysterious Finger Print," in five parts, will be shown. This remarkable Fantomas story will be presented at the regular scale of prices, despite the fact that it is in five parts and occupies considerable length of time in its unfolding.

Most picture fans have seen the two series of "Fantomas" that have preceded; but it is not necessary to have seen the others to get the story and meaning of these four reels. The opening scene shows a young painter, Jack Dillon, alone in his study reading. The portieres tremble and in walks, unheard, the terrible man in black and now he has chloroformed his victim.

At a sign, two others like him bring in a basket and open it. The scene is ended. Next morning the caretaker finds him there and what is more, the camera swings and we find another corpse seated in a chair. The man is revived and there is enough evidence to make the police arrest the artist, and as soon as the young man has given his finger print and is taken to his cell he is strangled and before his sister can get to the prison the cell is found empty and perhaps the victim has been taken out and resuscitated. The attention is kept in a state of stunned wonder.

From the first sensation created by the publishing of Kipling's "The Vampire" this powerful poem has lost none of its popularity. It is small wonder therefore that the dramatization of this poem, under the title of "A Fool There Was," has created no small furore wherever presented.

"A Fool There Was" is being presented for the first time in this city during the forthcoming engagement of the Allen Players. In the role of the "vampire" Miss Felton will be seen in a characterization entirely different from any other in her repertoire. The part is an amazing presentation of the temptress, to which Miss Felton lends her art in a manner that is almost Mephistophelienne. While the woman is utterly heartless and devoid of any tenderness, by the exotic beauty of her appearance and the audacity of her wickedness she gains and maintains her hold upon the audience in a manner difficult to define.

The engagement of the Allen Players begins at the opera house next Monday evening with the greatest success this season, "The Woman."

THIS DAY IN CANADIAN HISTORY

This is the second anniversary in the week notable for the founding of a great trading corporation. On May 2, 1670, that "merry monarch," King Charles II., granted a charter to the 18 enterprising noblemen and citizens, who had banded together to carry on business as "Governor and Company of Adventurers of England, trading into the Hudson's bay."

The first governor was the King's cousin, Prince Rupert, and the domain which the monarch airily bestowed upon him and his associates, "in free and common socage," was indeed a royal grant, consisting, says Mr. Bryce, historian of the "Hudson's bay company," of "possibly more than one-quarter or one-third of the whole of North America."

And the company received other astounding privileges, including a monopoly of "the whole trade" of the country, and authority to make laws and administer justice, to make war or peace "with any prince or people whatsoever that are not Christians," and (by way of giving effect to this proviso) to send ships of war and armed men into their plantations and to issue commissions to commanders and officers.

Mr. and Mrs. H. Johns are at the Strathcona.

This Woman Knows

How D. D. D. Cures Skin Trouble!

(This letter is just received:)

"Toronto.

"I am the mother of twelve children I took a bad leg at the birth of my last child. I was laid up five weeks with a doctor attending me who does nothing but treat this kind of skin disease. Six weeks ago I heard of D.D.D. As I used to tear my leg at night until it was a bleeding mass, I applied a bottle of D. D. D. I can't tell you the ease it gave me. I never used to sleep with the pain. Many a time I nearly fell with dizziness from want of sleep. Now my leg is completely healed up, thanks to the blessed D. D. D. I never expected a cure. I only got D. D. D. to take the terrible itch away. But by degrees I saw the big sore getting smaller. I have a thankful heart today.

MRS. STITT, 53 Gillespie Ave., West Toronto

The cures of D. D. D. are past belief. All druggists have this soothing, cooling wash and also the efficient D. D. D. Skin Soap.

Come to us and we will sell you the first full size bottle on the guarantee that it will stop the itch at once or your money refunded.

The Poole Drug Co., Limited, Druggists, Nelson, B. C.

D. D. D. Soap Keeps Your Skin Healthy

PACIFIC STEAMER SIBERIA REACHES MANILA SAFELY

(By Daily News Leased Wire)

MANILA, May 1.—The Pacific Mail steamship Ciberia arrived here at 111 o'clock today. The captain reports that the vessel had an uneventful voyage from Nagasaki to Manila.

Arrival at Manila came after a day of various rumors of accidents to the steamer, commencing with a report from Tokio that she had sent out calls for help.

Before Building

MAKE SURE YOU HAVE THE BEST BUILDING LOTS YOUR MONEY WILL BUY

The best Building Sites, with the very best view, are in Rosemont, the newest and swellest residential district. Here are some of the advantages:

View both up and down the lake; city water, electric light and telephone; building restrictions on some of these lots, assuring a good residential district.

Very low taxation and 10 per cent. discount if paid promptly when due.

Long terms of payment if required.

Natural trees growing on lots.

Good roads being built connecting with city streets.

All from one-half to one mile from post office.

Some of the best residences in Nelson already built.

CALL AND SEE US, WE CAN SHOW YOU SOMETHING YOU WILL BE PLEASED WITH

McQuarrie & Robertson

OPEN SATURDAY EVENINGS FROM 7:30 to 9 p.m.

COLD STORAGE

"I suppose you are going to take summer boarders next year?" said the man who looks ahead.

"No," replied Farmer Corntossel, "we don't take boarders any more. But if city people want to come an' eat their food on the place without givin' me the trouble of shippin' it, maybe I kin make the price a little cheaper."

"I tell you, Pat, my boy," the big man of the town confided, laying a patronizing hand on the young Irishman's shoulder, "I wish I had your tongue."

"Sure, sor," grinned Pat, "but would do you no good without brains."

Father—And has that young motor cornered your heart yet?

Tessie—No; but he is beginning hand out that "one of our represe tives will call upon you" line of ta

"Roadbuilding requires a great of study."

"Yes," replied Farmer Corntos "out our way everybody got to stu in' how he could get a salary ou the funds before anybody was paid get out an' work. The trouble w the study of roadbuilding is that much of it is mental arithmetic. Washington Star.

BANISH PIMPLES AND ERUPTIONS

In the Spring Most People Need a Tonic Medicine.

One of the surest signs that the blood is out of order is the pimples, unsightly eruptions and eczema that come frequently with the change from winter to spring. These prove that the long indoor life of winter has had its effect upon the blood, and that a tonic medicine is needed to put it right. Indeed there are few people who do not need a tonic at this season. Bad blood does not merely show itself in disfiguring eruptions. To this same condition is due attacks of rheumatism and lumbago; the sharp stabbing pains of sciatica and neuralgia; poor appetite and desire to avoid exertion. You can cure these troubles by the use of p gative medicines—you need a to and a tonic only, and among medicines there is none can equal Williams' Pink Pills for their to life-giving, nerve-restoring pow Every dose of this medicine ma new, rich blood which drives out i purities, stimulates every organ brings a feeling of new health energy to weak, tired, ailing m women and children. If you are of sorts give this medicine a t and see how quickly it will rest the appetite, revive drooping spi and fill your veins with new, her giving blood.

You can get these Pills from medicine dealer or by mail at cents a box or six boxes for $ from The Dr. Williams' Medicine Brockville, Ont.

Kidneys Wrong?—

If they are you are in danger. When through weakness or disease the kidneys fail to filter the impurities from the blood, trouble comes at once. Backache, Rheumatism, Sciatica, Gravel, Diabetes, Gall Stones and the deadly Bright's Disease are some of the results of neglected kidneys. Dr. Morse's Indian Root Pills contain a most effective diuretic which strengthens and stimulates the kidneys so that they do their work thoroughly and well. Try

SAILOR JONES-UVANNI FIGHT DECLARED DRAW

FERNIE, B.C., May 1.—The 15-round boxing contest between Sailor Jones and Joe Uvanni of Fernie for the middleweight championship of Canada tonight resulted in a draw, Uvanni doing the fighting throughout the entire 15 rounds.

A very good six-round preliminary was pulled off between Ross Davis of Coal Creek and Ronald McDonald of Fernie, the latter winning on points.

FRONTIERSMEN TO HOLD SHOOT TOMORROW MORNING

The regular weekly shoot of the Nelson Legion of Frontiersmen Civilian Rifle association will be held tomorrow morning. The members will shoot in two squads, one commencing at 6:30 o'clock and the other at 9:30 o'clock.

Members intending to shoot are asked to notify D. O. Thomas, club captain, as early as possible today in order that markers may be secured and other necessary arrangements made.

THERE'S *an air of quiet elegance* and good taste about *Penmans Hosiery* which men and women of refinement are quick to note.

Penmans Hosiery is knit-to-form—without-a-seam the Penman way, which *insures* velvety comfort, longer wear and lasting shapeliness while it *makes* ripping and darning *mere memories* associated with ordinary hose. You can buy this vastly better hosiery at the price you'd have to pay for common hose.

Penmans Hosiery

The Dangers of Indigestion

You simply can't be well—that is, really well—if your digestion is bad, for your very food may poison you unless it is digested. That is why indigestion (imperfect digestion) is the root cause of nearly all our minor ailments and of many serious ones too. Food should nourish your body, and make good the daily waste which never stops, but it can't do that unless your stomach digests it. No wonder dyspeptic men and women are always weak and ailing—they're starved and often poisoned too. Starved, mind you, not for lack of food, but because they don't digest the food they eat. Poisoned, not by eating bad food, but because their stomachs are weak and their bowels inactive, and so the food they eat ferments and gives off poisonous gases which are carried by the blood stream to every part of the body. It is because Mother Seigel's Curative Syrup possesses in a remarkable degree the power to tone, strengthen and regulate the action of the digestive organs—the stomach, liver and bowels—that it is still, after forty years' testing, the best known and most successful remedy for indigestion, constipation, biliousness and the many distressing ailments which are traceable to a weak or disordered condition of these important organs. Success breeds imitators, and there are many so-called substitutes for Mother Seigel's Curative Syrup, but none of them contain the combination of more than ten herbal extracts upon which the restorative and curative value of Mother Seigel's Curative Syrup depends. If you suffer from indigestion, and wish to give Mother Seigel's Curative Syrup a trial, be sure you get the genuine article.

SAYS QUATSINO CLAIMS ARE PROMISING PROSPECT

The Quatsino Copper company on Vancouver island is one of the most promising undeveloped copper properties in the northwest, according to M. W. Bacon, manager of the Stewart Mining company and one of the principal stockholders.

The company recently completed two diamond drill holes which substantiate the estimates which were made by the mining engineers who inspected the property. A third hole has been drilled, according to Mr. Bacon, the hole having been drilled 1,000 feet, with the result that the vein of nine feet of copper ore has been encountered, the ore showing unusually good values.

The estimate of William Clancy, engineer, is that there are 400,000 tons of copper ore available on the property. The third diamond drill hole has developed the existence of the copper ore body, as was expected. The ore encountered in this hole was not estimated, however, in the engineer's first figures.

The cliff vein is located on the Old Sport group of claims and the ore is said to lie almost ideally from the operator's point of view. The only question to be determined since the claims were located were whether the ore would hold out with depth, and this has been demonstrated by the *diamond drill operations*.

The ore so far encountered is of commercial character and the ledge has been shown to contain nine feet of solid ore depth. The indications are that the vein is widening with depth.

KASLO TAKES OVER ELECTRICAL PLANT

Expects Reopening of Several Mines in Vicinity—Outlook Never Better, Says Member.

"The city took over the electrical plant today, several of the old mine workings in the vicinity of the city are changing hands and will be put in operation shortly by reliable people and, in my opinion, the outlook was never better for Kaslo than it is at the present time," stated Neil F. Mackay, M.P.P. for that city, who is in Nelson on his return to the coast after a stay of a week at the main lake city. He is at the Strathcona.

The outlook for the mining industry, *which means so much to Kaslo*, was what struck him most during his stay in the city and he states that he feels confident that the next few years will see some big changes in and in the vicinity of the metropolis of the main lake.

FERNIE MINERS ENJOY CELEBRATION

May Day Sports Are Great Success—Winnipeg Socialists Refuse to Carry Union Jack.

(Special to The Daily News)

FERNIE, B. C., May 1.—Ideal weather and immense crowds combined to make the May day sports of the United *Mine Workers of America* a great success. Following are the winners:

Boys' race under 16—J. McDougal, 1st; R. *Corton*, 2nd.

Under 12—John Gibson, 1st; Archie Dunlop, 2nd.

Girls' race under 14—Rachel Suple, 1st; M. Griff, 2nd.

Members of district 18, United Mine Workers of American, over 45 years—W. Karn, 1st; J. Walwick, 2nd.

One hundred yards race—John Skailling, 1st; A. Mouste, 2nd.

Married ladies' race—Mrs. Houston, 1st; Mrs. Bella, 2nd.

Mile foot race—George Young, 1st; George Shaw, 2nd; J. Stephens, 3rd.

Single ladies' race—Margie Mitchell, 1st; M. Kennedy, 2nd.

High jump—Nat Evans, 1st; R. McDonald, 2nd.

Long jump—J. Skailling, 20 ft. 4 in., 1st; *Nat Evans*, 2nd.

Horse race—B. D. Sherry's Tommy, 1st; W. J. Mouston's Max, 2nd.

Pony race—J. Minton's *Jennie*, 1st; McGovern's Joey, 2nd.

Tug-of-war—Coal Creek.

Lacrosse—Fernie versus Cranbrook, 6 to 8 in favor of Cranbrook.

Refuse to Carry Flag.

(By Daily News Leased Wire.)

WINNIPEG, May 1.—Socialists 2,000 strong, marched through the streets of the city tonight in the annual May day protest against capitalism. The feature of the evening was the number of nationalities represented and the fact that the parade leaders refused to comply with the city regulations which enforce the carrying of the Union Jack in all parades. The reason given was that the parade was an international affair and tht it would be inconsistent to carry the British flag. It is likely that prosecutions may follow.

Woman in Red Leads

(By Daily News Leased Wire)

MONTREAL, May 1.—Headed by a young woman in red, carrying a red banner of Socialism, Montreal's annual procession of Socialists, some 2,500 strong, wended its way from headquarters to the Champ de Mars.

DOWN WITH THE BUSHEL

Is there any excuse for the bushel? No doubt there are good reasons for its presence in its various sizes, but there are no very sensible arguments in favor of its continued use. The system of measuring farm products by the bushel is really no system at all, but a lack of system. The bushel is a relic of the days when weighing was not conveniently done. Naturally, because of variations in the quality of crops, a bushel does not have the same weight in all places.

Present weights given in different states are not based upon any scientific investigation. In Indiana, for instance, onions weight 48 lbs. to the bushel. The lawmakers of Illinois have said that a bushel of onions in that state should weigh 57 lbs. But *there are no records to show that the* specific gravity of Illinois onions is any greater than the specific gravity *of onions that are grown in the* Hoosier state.

Farmers and everybody else concerned have enough to keep them busy without the useless figuring involved in changing Illinois bushels to Indiana bushels or those of any other state. Why can't our products be sold by the 100 lbs.—the cental? Too much light has already been hidden by the unstable bushel.—Country Gentleman.

OVER THOUSAND IS COLLECTED

Canvass on Behalf of Y.M.C.A. Not Yet Complete—Expect to Reach Goal Shortly.

The total amount collected for the Y.M.C.A. in its three days' financial campaign as reported at a meeting *of the canvassers in the association* building last night was $1,050.50, which by the finance committee and *officials of the association* and by H. Ballantyne, western field secretary, is considered to be gratifying.

Yesterday's effort officially closed the campaign, but there are still a number of men whom the canvassers have still to interview and it is anticipated that when the canvass is completed the goal set by the committee of $1,500 will have been reached.

At the meeting last night A. T. Walley, chairman of the finance committee, extended the thanks of the association to Mr. Ballantyne for his assistance and to the public of Nelson for their co-operation with the directors in their appeal.

The amount of the collection yesterday was $417 *and the amounts collected* by the respective teams were: A. T. Walley and R. J. Winters, $199; F. Irvine, Dr. W. B. Steed and H. E. Dill, $187; T. D. Stark and C. F. McHardy, $134; W. O. Miller and E. A. Crease, $102; J. H. Lawrence and G. S. Rees, $95; Dr. E. G. Smythe and D. St. Denis, $65; C. D. Blackwood and W. H. Houston, $62; A. A. Perrier and A. Carrie, $45; J. R. Hunter and Dr. N. Wolverton, $40; R. B. Allan and H. Brett, $37; C. W. Appleyard and F. L. Paddon, $32.50; J. H. Allen and W. Kettlewell, $14; R. S. Turner and James Johnstone, $7.

Mr. Ballantyne will leave on the Crow boat this morning for Calgary.

FIRST DIVISION HEADS HUME ATTENDANCE LIST

Following is the Hume school report for April:

Division I.—Miss A. H. Ross, principal. Enrolled 36; percentage 90.5. PROTECTING PIGS

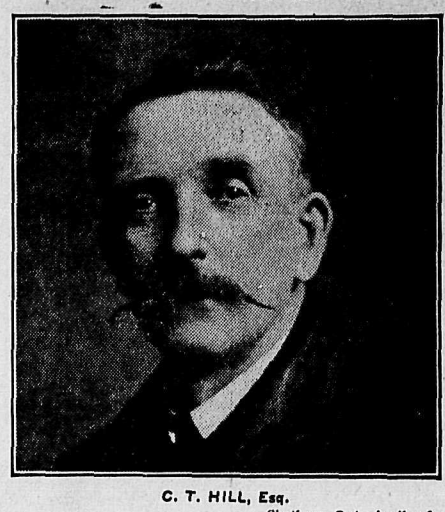
During the first days of his life the pig is not very resistant to unfavorable surroundings. Cold and damp quarters and clumsy sows have been the cause of a large part of the mortality in litters. During cold weather the tendency is to supply large quantities of straw for bedding. This makes it difficult for the young pigs to get "out from under" and many of them are crushed by the sow. Small amounts of cut straw are better. A guard rail about eight inches wide and nailed to the wall about eight inches from the floor all the way round will keep the pigs from being squeezed against the wall. When pigs are very small a lantern hung in the portable hog house will make them comfortable and save a good many that otherwise would not pull through.

THOUGHT IT WOULD KILL HIM

Terrible Torture From Chronic Indigestion, Short Treatment With "Fruit-a-tives" Completely Cured The Whole Trouble.



C. T. HILL, Esq.

Chatham, Ont., April 3rd, 1913

"Some two years ago, I was a great sufferer from Indigestion. I treated with a prominent physician here for some time, but I did not get any better so I went in to see him one day and said "Doctor, what do I owe you? I am not getting any better and am going to quit you." I paid him his bill and he remarked to me, "Charlie, you have a case of chronic Indigestion that will be hard to cure."

I left his office and as I stepped out on the street my eye caught a bill board advertisement of "Fruit-a-tives"—that big "Fat Man and Thin Man" and I said to myself, "If Fruit-a-tives will build me up like that, it's good enough for me." I walked directly over to Park's Drug Store and I bought a box of "Fruit-a-tives." After taking these wonderful tablets for only three weeks, I found myself greatly improved. I continued taking them for a short time longer and cured myself entirely. My case was no light one either, for many times when I was on the street, I was compelled to go into some store or business *place until the acute spasms wore away*. Gas would often form in my stomach and I was in daily fear it would get around my heart and kill me. To-day, I have no such fears. "Fruit-a-tives" is the only remedy for Indigestion, Dyspepsia and Stomach Troubles."

C. T. HILL.

Perhaps your case is exactly like Mr. Hill's. If so, do exactly as he did—take "Fruit-a-tives" and cure yourself. "Fruit-a-tives" will prevent the formation of gas in the stomach by making digestion complete. It will insure the food being promptly digested by providing an abundance of gastric juice in the stomach. It keeps the stomach sweet and clean, not only by helping the digestion but also by regulating Kidneys and Bowels and toning up the system.

If you suffer with Indigestion, Dyspepsia, Sour Stomach, Belching, Gas on the Stomach, Heart Pains after Eating, take "Fruit-a-tives." 50c. a box. 6 for $2.50, trial size, 25c. at all dealers or from Fruit-a-tives Limited, Ottawa.

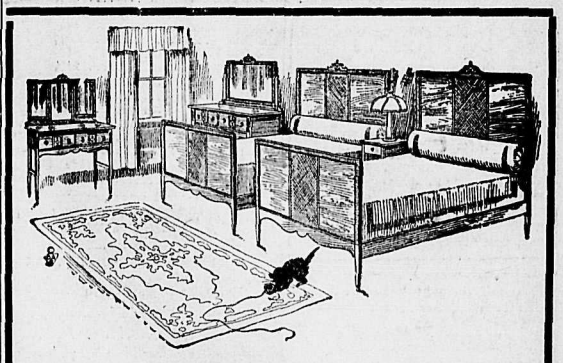
ONTARIO PRIVATE BANK SHORT OVER HUNDRED THOUSAND

MADOC, Ont., May 1.—Copies of the audit by the firm of accountants which delved into the financial condition of the Dale private bank show that a net shortage of $132,000 exists.

SAYS HEBERT CORRUPT

(By Daily News Leased Wire)

MONTREAL, May 1.—A petition to unseat Controller Hebert for alleged corrupt practices during the recent municipal election was presented today before the practice court.



The Classic Antique Detail of the Adam Style

The buried cities of Pompeii and Herculaneum furnished inspiration to the designers for the classic style of furniture of the Adam period. Thus does history repeat itself in mute testimonials from voices of the past. That the classic antique details were worthy is *shown by the high favor that Adam furniture still enjoys. You must* not judge wholly of its grace and beauty by the pieces shown in the picture but come and see these authoritative examples in person. They are

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district of which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

NEWS OF THE MARKETS

BULL SENTIMENT SWAYS MARKET

Mexican Situation, Ulster Peace Proposals, Crop Prospects and Better Railroad Returns Influence.

(By Daily News Leased Wire)

NEW YORK, May 1.—The upward swing in stocks was continued today with a more general expression of strength than at any other time since the market began to recover from its recent decline. Stocks of all classes participated in the movement and in many instances the rise amounted to around two points. There was no decisive change in the speculative situation to explain the upturn which apparently was a further reflection of the improvement which came early in the week. Each added day in which the peaceful status of the country's relations with Mexico is preserved causes a lessening of concern over this factor.

With England's home rule problem in a fair way to solution, crop prospects at home still brilliant and confidence in railroad stocks strengthened by the improvement in March returns and hopes of higher freight rates, bullish speculators felt that they were in a better position than for some time previously.

The continued depression in trade tempered the optimism but it was argued that the business reaction had proceeded to such a point that the next change might reasonably be expected to be better.

Pennsylvania reported an increase of $651,000 in operating income. New York Central, whose net earnings shrank over $7,000,000 in the first two months of the year, showed a decrease of only $3,100,000 for last month.

CANADIAN PACIFIC LEADS UP MOVEMENT IN MONTREAL

(By Daily News Leased Wire.)

MONTREAL, May 1.—After some early dullness and hesitation, the local market moved definitely forward today and to an accompaniment of some inactivity finished at the highest with substantial gains in leading issues. The movement was governed entirely by the course of the New York list, which was consistently strong in all departments throughout the day and also finished at the highest. Canadian Pacific railway rose to 194⅞ in New York and to 194½ here. In New York the close was at a recession of only ⅛ from the best and locally Canadian Pacific railway closed at the high with a net gain of two points. The strong and active features in the local list apart from Canadian Pacific railway were Laurentide, Power and Brazilian. Laurentide rose five points to 180½; Power two points to 220¾ and Brazilian 1½ to 79¾. Brazilian eased off ⅛ from the best but Power and Laurentide finished at the high of the day.

The trend through the balance of the list was distinctly to higher prices. Strength in leading issues was reflected in some stocks of minor importance recently subjected to selling pressure. Ames common rose 1 to 10 and the preferred 1 to 59. Macdonald jumped four points to 14, but fell back 1. Spanish River improved two to 120.

Total business 6,550 shares; 4,479 mines, 2,900 bonds; unlisted securities 335 shares and $1,000 bonds.

ULSTER INSURANCE RATES DOUBLED

Lloyds Apparently Has Little Faith in Peaceful Settlement Talk—Riot Risk Premiums High.

(Western Associated Press Special Cable)

LONDON, May 1.—The stock exchange was closed today because of the usual celebration of May Day. Tomorrow's brief forenoon session is expected to be stagnant as most of the brokers are taking a holiday until Monday. The outlook for next week depends altogether upon the developments as to Ulster. While the general press is more hopeful as to a settlement of the Ulster difficulty the financial district is vaguely pessimistic. An unpleasant feature is that the Ulster insurance rates of Lloyds have doubled this week. The riot risk premiums upon nonhazardous commercial property in Belfast is 30 shillings per cent for six months.

Active business is being done in insurance in possible contingencies of the forthcoming budget. Fifteen to 30 per cent is charged to insure against alterations in duties on sugar, beer, wine, spirits, tea, coffee and tobacco.

The budget statement is due on Monday.

The coal strike in South Wales is causing numerous stoppages in Welsh industries but the general labor position is calm.

Bankers are certain that whatever the new taxes in the budget may be, they will fall upon few and not upon many and believe that the present outlook is for a democratic if not a sensational budget. Paris is weak today, the bourse fearing Socialist gains in the second ballots in the general election of Sunday. Call money was easy at 1¾. Bill rates dropped but rallied and closed quiet, the three months' rate being 2½ per cent.

TORONTO STOCK SALES

(By Daily News Leased Wire.)

TORONTO, May 1.—Brazilian 1,505 at 78, to 79⅝; Rails 1,665 at 135 to 136½; Macdonald 450 at 11 to 13; Porto Rico 225 at 61½ to 60; Barcelona 196 at 27¼ to 28¾; McKay 213 at 79½ to 80¼; Steel Corporation 225 at 25¾ to 26; Steel of Canada 100 at 16⅜ to 15¾; Canners 250 at 44⅜ to 44¼.

GRAIN

WHEAT CLEARED MAKES NEW WINNIPEG RECORD

(By Daily News Leased Wire.)

WINNIPEG, May 1.—The Winnipeg grain and produce clearing association made a record on Thursday, the amount cleared of all grains being 47,000,000 bushels, the previous record standing at 25,000,000 bushels, this being almost double. Deliveries through the clearing house today totalled no less than 8,304,500 bushels, of which about 4,000,000 were wheat.

Liverpool cables were stronger, closing ⅜ to ½c higher and this sustained prices considerably.

The perfect conditions in the United States winter wheat belt and more genial weather over the spring wheat areas and the Canadian west, caused prices to ease off.

Oats and flax were steady.

In B. W. Snow's report, he says, in part, that a crop of 613,000,000 bushels of winter wheat is indicated, the conditions being 2.7 per cent better than April 1, and that the abandoned acreage is only 2 per cent.

Winnipeg futures opened ⅛ lower to ¼c higher and closed ⅛ to ½c decline. Minneapolis opened ⅛ to ¼c higher and closed ½ to ⅝c lower. Liverpool cables ⅜ to ½c higher, while continental markets were unchanged to higher. Cash flax closed ½ to ¾c advance.

Closing prices: Wheat—May 90⅝; July 92⅝; Oct. 86⅞.

Oats—May 35⅜; July 36½.

Flax—May 1.34½; July 1.37⅞; Oct. 1.38¾; Nov. 1.38.

Minneapolis—May 88¼; July 89½; Sept. 86.

Chicago—May 92¼; July 85⅜; Sept. 84⅝.

Write Stories for Moving Picture Plays

New, Spare-time Profession for Men and Women—One Man Makes $3500 in Six Months.

Owing to the large number of new motion picture theatres which are being opened throughout the country, there is offered to the men and women of today a new profession, namely, that of writing moving picture plays. Producers are paying from $25 to $150 for each scenario accepted, upon which they can build a photo play.

$3500 in Six Months.

As it only requires a few hours' time to construct a complete play, you can readily see the immense possibilities in this work. One man, who gave the idea a tryout, writes that he earned $3500 in six months. It is possible for an intelligent person to meet with equal success.

One feature of the business which should appeal to everyone, is that the work may be done at home in spare time. No literary ability is required and women have as great an opportunity as men. Ideas for plots are constantly turning up, and may be put in scenearlo form and sold for a good price.

Particulars Sent FREE.

Complete particulars of this most interesting and profitable profession may be had FREE OF CHARGE by sending a post card to

M'BRIDE TOWN LOTS SELL WELL

Forty Thousand Dollars for Sixty Lots at Government Auction at Northern Point Thursday

The first day's sale of lots at McBride, B. C., on the line of the Grand Trunk Pacific railway, where the government is throwing open the townsite, realized the sum of $40,000. Sixty of the 150 lots offered for sale were sold on Thursday and it was expected that yesterday the balance of 90 lots would be disposed of. This was the effect of a wire received last night by R. A. Renwick, deputy minister of lands, who reached the city en route to Victoria from Cranbrook, where he attended the pre-emption opening. Mr. Renwick will spend today in the city and will leave tonight for the coast. He is a guest at the Strathcona.

A WANT AD WILL GET YOU THAT LAUNCH YOU'RE LOOKING FOR

CLAN JOHNSTONE WILL ATTEND DIVINE SERVICE

Service in St. Paul's Presbyterian church on Sunday evening will be attended by the members of Clan Johnstone No. 212. The officers of the Clan state that they are expecting the largest turnout in the history of the annual church parades of the order in this city.

The members of the clan will meet at 6:45 o'clock in the Oddfellows hall and will parade to the church in full regalia.

"Don't you tell---Sis!"

"This'll be a good joke on mother!

She didn't think we could reach so high when she put Kellogg's on the top shelf, did she?

But we fooled her this time!

Course mother won't care, 'cause she lets us have Kellogg's every time we want it, don't she? Says it's good for us and makes us grow like everything."

COMMITTEE TO MEET ZINC EXPERTS

Will Discuss With W. McA. Johnson Corporation Proposal to Establish Experimental Plant Here.

Mayor Malone, J. E. Annable, W. R. Maclean, M.P.P., W. G. Foster and M. R. McQuarrie were at a meeting of the council of the board of trade yesterday appointed as a committee to meet the members of the W. McA. Johnson Smelting corporation, who are expected to arrive in the city tomorrow night, and to discuss any proposals toward the establishment of an experimental zinc smelting plant in this city. The committee was empowered to call a special meeting of the board of trade on Monday if any proposal could be arranged for presentation to the board.

During the meeting it was stated that the Dominion government had extended to any company that would locate here on suitable terms the use of its equipment at the present experimental smelter, that it was expected that the provincial government would extend the use of the building and it was intimated that the city council would lend any assistance possible to further the project.

A discussion also took place at the meeting of the coming visit to the city and district of a deputation of Winnipeg business men.

DEATH TO GRINGOS MEXICANS CRY

(continued from page one.)

any formal agreement for the establishment of a neutral zone around the oil wells at Tampico. He said, however, that as far as his forces were concerned the oil companies could resume operations without fear of molestation.

Burn and Desert City.

(By Daily News Leased Wire)

EL PASO, Tex., May 1.—Saltillo, principal city of the state of Coahuila, where the remnants of various federal forces rallied after their defeats at Torreon, Monterey and other lesser strongholds, was reported today to have been evacuated April 27, the troops retiring to San Luis Potosi, about 100 miles south.

The information was received here in a letter signed by Miguel Avila. Avila said he left the city on April 27 when the federals, numbering 10,000 or 12,000, acting on direct orders from Huerta, set fire to the place and abandoned it, entraining for San Luis Potosi.

The progress of the rebel campaign may make it advisable to move the headquarters of the local junta to San Antonio.

The change of base along the border is thought to be convenient for the reason that the Tampico and San Luis Potosi campaigns will be directed by Gen. Carranza from Monterey. At this point he will be in direct telegraphic and railroad communication with both armies.

Thus the whole scene of activity will be moved far to the east of Torreon and Chihuahua, of which El Paso is the gateway into the United States.

Federals Still at Saltillo?

(By Daily News Leased Wire.)

LONDON, May 1.—Telegraphing from Mexico City the Telegraph's correspondent says that as the result of an armistice the federal force under Gen. Maas concentrated at Saltillo have received orders to make no advance and it was hoped in the capital today that the rebel forces also would lay down their arms.

Triple Armistice Reported.

(By Daily News Leased Wire)

MEXICO CITY, May 1.—It is reported here that a tri-party agreement to an armistice was signed here this morning by representatives of the United States, the federals and the rebels. Joseph Manuel de Oliviera, the Brazilian minister, confirmed the report, except as to the actual signing of the agreement.

Peace Prospects Though Better.

(By Daily News Leased Wire.)

WASHINGTON, May 1.—Assurance of peace with a steady abatement of "war talk" was the dominant feature in the Mexican developments today. Attention was still centred on the work of the South American mediators, who reported steady progress and the avoidance of any deadlock between the parties.

In other quarters, however, the apparent failure of Carranza to accept the mediators' proposal for a suspension of hostilities against Huerta caused continued doubt over the outlook for broadening the scope of mediation.

The mediators are putting aside all diplomatic circumlocution and sending cables direct to Huerta and Carranza and receiving direct answers.

The regular meeting of the cabinet today was devoted largely to affairs other than Mexican, showing that much of the tension over the situation has disappeared in administration quarters.

Secretary Bryan said the point in the negotiations where it was necessary to submit a basis for the American government's position had not been reached.

Americans Marooned.

(By Daily News Leased Wire.)

VERA CRUZ, May 1.—Eight Americans are reported marooned at a point eight miles east of Alvadaro and south of Vera Cruz. A British cruiser, which has been off Puerto Mexico, is reported to have sent a relief expedition up the river to help these men and other foreigners in that locality.

It is reported this afternoon that the federals are continuing the mining of bridges and roadbed between here and Mexico City, but the report lacks confirmation.

Madero's Brother Turns Up.

(By Daily News Leased Wire)

BROWNSVILLE, Tex., May 1.—After hiding from the federals in Montemay for several months, Benjamin Madero, brother of the late Francisco I. Madero, came out of seclusion when the rebels captured the city and arrived with a party of 50 refugees in Brownsville today with his family.

HAIR CAME OUT BY HANDFULS

With Dandruff and Itching Scalp. Scalp Covered with Small Pimples. Used Cuticura Soap and Ointment. Now No Trouble At All.

593 Jane St., Toronto, Ont.—"I was first troubled with my hair getting brittle and later dandruff and itching scalp. I was afraid to comb my hair as it came out by handfuls and the itching was so severe I was miserable. The trouble kept me from sleeping. My scalp was covered with small pimples which seemed to run into one another and form a scab. The dandruff was so bad I was afraid to comb my hair as it made it show so plainly. It looked very badly. I was thinking of having my head shaved.

"For a long time I tried ——, ——; —— and several other remedies but they did not cure it. After some months I picked up a paper with the Cuticura Soap and Ointment advertisement and sent right away for a sample of Cuticura Soap and Ointment. On using just the sample my trouble was better. I used six or eight boxes of the Cuticura Ointment also the Cuticura Soap and my scalp healed, the itching stopped and my hair came in quite thick and now I have no trouble at all." (Signed) Mrs. H. Binger, May 27, 1913.

It costs nothing to learn how pure, sweet, effective and satisfying Cuticura Soap and Ointment are in the treatment of poor complexions, red, rough hands, itching scalps, dandruff, dry, thin and falling hair, because you need not buy them until you try them. Liberal sample of each mailed free, with 32-p. book. Send post-card to Potter Drug & Chem. Corp., Dept. D, Boston, U. S. A.

Mexican Ministers Quit.

(By Daily News Leased Wire.)

MEXICO CITY, May 1.—Jose E. Lopez Portillo y Rojas, Mexican foreign minister, resigned today. Esteva Ruiz, under secretary to the foreign office, also resigned.

UNITED STATES HEARS OF ANOTHER REVOLUTION

(By Daily News Leased Wire)

WASHINGTON, May 2.—Reports that the revolutionists in the Dominican republic were vigorously attacking Puerto Plata and claimed that they were on the verge of overthrowing the Bordas government, came to the navy department early this morning in a wireless despatch from Commander Gray Graham of the United States gunboat Petrol.

SPARKS FROM THE WIRES

Senator Gibson Dangerously Ill.

GRIMSBY, Ont., May 1.—The condition of Senator William Gibson of Beamsville, who has been very ill, was slightly improved today, although he is yet in a dangerous condition.

Wheat Above Ground.

Begin Goes to Rome.

QUEBEC, May 1.—His grace Mgr. Begin will leave on Monday afternoon for New York, where he will embark on Wednesday on the steamer La France, en route for Rome to be created a cardinal on May 25.

NELSON NEWS OF THE DAY

A congregational rally of the members, adherents and friends of Trinity Methodist church will be held next Thursday evening in the church parlors, when reports will be given by all departments of the church.

The quarterly official board of Trinity Methodist church held its final meeting for the year last night, when reports were received from the various departments of the church. The following stewards were elected for the ensuing year: A. D. Emory, J. A. Irving, A. W. Nagle, A. T. Walley, Dr. W. B. Steed, J. H. Wilkinson. It was decided that the society representatives would be elected by ballot on the last Sunday in May.

The regular meeting of the Nelson Equal Suffrage league was held in Miners Union hall last night. There were about forty present and after the papers were presented a discussion followed. Papers given were: "Sex Inequalities," by Mrs. G. H. Fraser,

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine — double strength — is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

SHERBROOKE HOTEL CHANGES HANDS

W. H. O'Brien of Los Angeles New Proprietor—Leased to R. H. Clark, Also of California City.

The Sherbrooke hotel on Baker street, near the Canadian Pacific railway depot, has changed hands. W. H. O'Brien of Los Angeles, Cal., is the new owner of the hostelry, having taken over the property from Lavigne & Dunk. The amount involved in the deal is not divulged.

Mr. O'Brien has leased the property to R. H. Clark, also of Los Angeles, who will take charge today. H. Dunk, who has managed the Sherbrooke, expects to spend the next month in the city, after which he will leave for California, where he will reside in the future and will in all probability go into the fruit ranching business.

HUNDREDS JOIN IN RUSH TO ALASKA

HELENA, May 1.—"Hundreds of men are lying around Seattle awaiting transportation to Alaska and unable to find accommodations on the outgoing Alaska steamers. For the first time in years the steamship companies plying between the north coast and Alaskan ports find themselves swamped with business," said A. N. Wheeler, a traveling man for the West Coast Lumber company of Seattle.

Legislature Prorogued.

TORONTO, May 1.—With the usual ceremonies the provincial legislature was prorogued this afternoon.

PRISONER AT JAIL DIES SUDDENLY

Coroner's Jury Returns Verdict of Death From Apoplexy—Brought Here From Grand Forks.

Daniel McKay, who on Wednesday evening last was brought to the provincial jail from Grand Forks to serve a sentence of three months for vagrancy, succumbed suddenly at the jail yesterday about noon.

An inquest was held into the death by Dr. Gilbert Hartin, coroner, and a verdict of death from an apoplectic fit was returned by the jury after hearing the evidence of the jail officials and Dr. W. O. Rose, jail surgeon. The verdict of the jury added that the officials of the jail were exonerated from any blame in connection with the demise, having done all in their power to assist the deceased. The jury was composed of J. R. Hunter, foreman; J. A. Gilker, A. D. Emory, J. O. Patenaude, H. Bush and George Steele.

W. R. Jarvis, warden of the jail, said that just after dinner had been served to the prisoners at noon he heard the noise of falling dishes and the shuffling of a bucket over a cell floor that caused him to investigate, and he found on arriving at the cell of the deceased that he was lying on his back with his head against the bunk of the cell. J. T. Hardy, senior jailer, and one of the prisoners were called to minister to the ailing man while the warden called Dr. Rose. The prisoners were all locked up at the time and McKay was in a cell alone. Mr. Jarvis had learned from McKay that he had suffered from two paralytic strokes in the past two years, the first having occurred some 18 months ago. He had very little use of his left arm and left leg. They appeared to have suffered from the strokes. Mr. Jarvis believed that the marks on McKay's head had been caused from the fall in his cell. He had not had any marks on him previous to the incident that had been noticed by the jail authorities. Deceased had been in the country about two years and as far as known had no friends.

Dr. Rose gave it as his opinion that death was due to celebral apoplexy. The deceased had been eating at the time, but after an examination of the body he was convinced that death had not been caused from choking. The abrasions on the face of the deceased, he said, were fresh when he arrived at the jail and he was of the opinion that they had been caused by the fall in the cell.

Mr. Hardy and M. J. Mullaley, a prisoner, corroborated the testimony of Warden Jarvis.

NELSON NEWS OF THE DAY

F. S. Hall of Crescent Valley is at the Hume.

Mrs. W. B. Steed has returned from a visit to the coast.

J. T. Johnston of Gleichen, Alta., is stopping at the Strathcona.

W. E. Robinson of Castlegar is visiting the city. He is a guest at the Hume.

Percival Coles of Sunshine Bay was a visitor to Nelson yesterday. He registered at the Hume.

Mr. and Mrs. J. Miller of Rossland were visitors to the city yesterday. They registered at the Strathcona.

George Stott of Kaslo was a visitor to the city yesterday. He will leave on the Kokanee this morning for the main lake city.

There will be a meeting of the Women's Hospital Aid society on Monday afternoon at 3 o'clock in the Y. M. C. A. building.

New flags have been received from the government for the provincial jail and courthouse. The dimensions are 15 ft. x 7 ft.

The inquest into the death of the late Alphonse Morin was again adjourned yesterday until 2 o'clock on Monday afternoon.

Charles F. McHardy left on the coast train last night on a business trip to Vernon. He expects to return to the city about the middle of next week.

L. B. Reynolds, the well known mining engineer of this city who has spent the past three months and a half in the east returned to the city last evening.

The ladies selected as hostesses for the shower tea which is to be given by the Charity organization are asked to send their lists of names in at once to Mrs. J. J. Walker, secretary.

Classes today at the Y. M. C. A. are: Junior school 9:30 to 11:30 o'clock; junior leaders' corps 11:30 to 12 o'clock; boxing and wrestling 8 to 9 o'clock; basketball practice 9 to 10 o'clock.

The water in the West Arm rose 1 in. according to the guage of the Nelson Boat & Launch company and is standing at 6 ft. 1 in. above the low water mark.
