LOSS THREE AND HALF MILLIONS

Vessels and Cargoes Destroyed by Storm

FATE OF LEAFIELD STILL UNKNOWN

Mystery of Identity of Capsized Freighter Remains Unsolved.

(By Daily News Leased Wire.)

TORONTO, Nov. 12.—The insurance underwriters tonight gave out the following estimates of losses in the big storm:

Value of cargoes, $1,000,000; value of ships, $2,500,000.

Name.	Cost.	Insurance.
The Wexford	$107,000	$100,000
The Turret Chief	130,000	125,000
The L. C. Waldo	250,000	200,000
The Charles S. Price	350,000	350,000
The Northern Queen	175,000	150,000
James Caruthers	400,000	275,000
Edwin F. Holmes	350,000	300,000
The J. C. Grammer	300,000	300,000
A. E. McKinstry	150,000	150,000
The Acadian	170,000	170,000
The A. B. Hawgood	325,000	300,000
The Regina	160,000	160,000
Howard M. Hanna	350,000	100,000
Schooner Sophie	8,000	6,000
The Mathew Anders	350,000	325,000
U. S. Lightship 82	100,000	80,000
Tug Martin	15,000	8,000
The Nottingham	250,000	200,000
The John A. McGran	225,000	225,000
The Leafield	250,000	175,000
The Armus	350,000	325,000
Str. Barger Butter	100,000	.....

Eighty per cent of the insurance is divided between English and American insurance companies.

Identity Not Solved.

(By Daily News Leased Wire.)

PORT HURON, Mich., Nov. 12.—After working desperately since this morning in an unsuccessful attempt to positively identify the derelict freighter which lies bottom side up in stormy Lake Huron, eight miles northeast of here, marine men returned to Port Huron tonight. Most of them said they were convinced that the boat is the packet freighter Regina.

The wreckage from the Regina washed ashore yesterday, including a lifeboat, which contained two bodies of sailors positively identified as members of the crew of the Regina, indicated that the freighter was wrecked in the vicinity where the overturned vessel was found.

When the relief fleet steamer went out to the floating wreck this morning a diver was taken along. A gale was blowing across Lake Huron and waves were dashing 10 feet over the derelict, but the diver urged the captain to allow him to attempt to climb down the side of the vessel's bow to ascertain her name. The men in command considered the plan foolhardy and refused to allow the diver to leave the tug. They promised to give him a chance tomorrow, provided the lake is not so rough.

Eight More Bodies.

A report this afternoon from Port Frank, Ont., stated that eight more frozen bodies were washed ashore in a lifeboat there today. Wires are down and the identity of the lifeboat could not be learned.

Fear for Leafield.

(By Daily News Leased Wire.)

SAULT STE. MARIE, Mich., Nov. 12.—The revenue cutter Tuscarora, in command of Lieut. Shea, passed up the Soo this evening to search for any other steamers in distress. She will go to the head of the lakes, covering both shores. The Algoma Central Steamship company of Sault Ste. Marie, Ont., has posted a bulletin at the canal office asking masters to keep on the lookout for wreckage from the steamer Leafield, which has been given up for lost, with all on board. Over half the crew are from the Canadian Soo.

The steamer Yale, which was feared lost, pulled into port tonight, 90 hours overdue, with a cargo of cement for the Great Lakes Dredge & Dock company, to be used on the new lock walls. The steamer Pontiac arrived at Detour tonight with several plates cracked. Water was leaking into No. 3 compartment. She had struck the end of Simmons reef while coming down the straits of Makinac. Her pumps, however, were able to keep her clear.

Port Arthur Fortunate.

(By Daily News Leased Wire.)

PORT ARTHUR, Ont., Nov. 12.—Should the Algoma Central steamer Leafield turn up safely or prove not to have been lost at Angus island, as many shipping men here believe will be the case, then this end of Lake Superior will have escaped any serious disaster in connection with the storms which did so much damage elsewhere along the great waterway.

Continued search has failed to reveal any trace of the Leafield. It was quite possible for the boat to hit the rocks and bounce off to sink in hundreds of feet of water, but it is hard to believe that no lifeboats, buoys or other floating material could be left. The Leafield is one of four similar ships brought out from England by

REPLY REFUSED TO ULTIMATUM

Hurried Departures Made from Mexico City

HUERTA ELUSIVE CANNOT BE FOUND

Ordered to Prevent Convening of Congress--Capital Buzzing With Rumors.

(By Daily News Leased Wire.)

MEXICO CITY, Nov. 12.—Gen. Victoriano Huerta tactfully refused tonight to accede to the demands of the United States expressed in an ultimatum sent to him by President Wilson's personal representative, John Lind. Gen. Huerta was notified early in the day that unless he returned an answer by 6 o'clock to the effect that he would prevent the newly elected congress from convening and furthermore, make this action known to the members of the diplomatic corps by midnight, the United States would have no further parleying with the Mexican government.

Mr. Lind waited until 6 o'clock and received no answer. He then made arrangements for his departure on the train leaving for Vera Cruz at 8 o'clock. It was announced, however, that Gen. Huerta had one chance—that if he took the action demanded by midnight, the fact that he failed to reply to Mr. Lind within the time specified would be overlooked. Mr. Lind could see no good reason to suppose that Huerta intended to accede.

Nelson O'Shaughnessy, the charge d'affaires, was the messenger who delivered the ultimatum. He was unable to get into personal touch with Gen. Huerta, but left the message at the president's office.

It was intimated tonight at the palace that Gen. Huerta had not received the note in time to give it full consideration. This, however, did not appear to Mr. Lind a valid excuse for procrastination.

The prevention of the convening of congress has been one of the essential points in the negotiations conducted by Mr. Lind. This for two reasons: First, it was believed that the new congress would lose no time in passing measures having to do with oil concessions; and, second, because the convening of congress would give an air of legality to Huerta's government.

Not since the recent revolution began has the feeling at the Mexican capital been as tense as it was tonight. The most categorical denials by the American charge d'affaires, Nelson O'Shaughnessy, and President Wilson's representative, John Lind, of any knowledge of any developments on which this feeling could be based, failed to disabuse the minds of the people generally of the belief that the next 24 hours would see some decisive move on the part of Washington.

The reports spread until there was scarcely a foreigner in the capital who had not heard that the American charge d'affaires had been given, or was about to be given, his passport. A large part of the population confidently expected to see the whole embassy staff depart on the evening train for Vera Cruz. All sorts of rumors were current.

Many persons who were contemplating leaving the country in the near future, made hurried preparations and caught the night train to Vera Cruz, preferring to wait for steamer accommodations there to remaining in the capital. Mr. Lind was said to have received messages from Vera Cruz urging him to return at once for fear the railroad would be cut. The uneasiness was accentuated by the receipt by a number of persons of messages from relatives and friends in the United States, urging their immediate departure from Mexico.

Statement Promised

(By Daily News Leased Wire.)

WASHINGTON, Nov. 12.—Secretary Bryan announced tonight that a statement would be issued within a few days setting forth the policy of the United States toward Mexico.

Whether or not the statement will be in the form of a communication to congress by President Wilson has not been disclosed, but some of the diplomats believe here it will be. The statement has been under consideration for several days, and in Secretary Bryan's conference with members of the diplomatic corps he has made it plain that the forthcoming pronouncement would define clearly the attitude of the United States.

Such a statement, it is thought, not only would reiterate the view that the United States can never recognize a government established by arbitrary force, but will give its reasons for refusing to recognize any acts of the new congress and point out the steps necessary to a solution of the problem.

It was apparent developments in foreign capitals brought encouragement to the administration today and there was a feeling among them that the desire of the United States to prevent interference by the powers virtually has been accomplished.

The fear reflected in some of the

A NEW PICTURE OF CULEBRA CUT

showing suction dredge working on Cucuracha slide. There have been a great number of these slides during the building of the Panama canal, but this is one of the worst and will likely postpone the completion of the canal for a short while.

JAPANESE EXPORT DOGSALMON TO EAST

Rejected by White Fishermen Now Being Largely Exported by Japanese Salteries

(By Daily News Leased Wire.)

VANCOUVER, B.C., Nov. 12.—The dog salmon, the big canine faced fish which until recently was rejected by the fishermen, is now the subject of considerable trade on the Fraser river. No less than 19 plants from Fraser river to Butte inlet, in the north, are busily engaged in salting and packing fish for exportation to Japan. The trade is entirely in the hands of the Japanese, the sole market for the salted dog salmon being in Japan. Some thousands of tons have been packed for export this season, some of the Fraser river salteries having packed as many as 60,000 fish, which average, when salted, eight pounds each.

PREMIER ENJOYING HOLIDAY IN STATES

In Best of Health—Canada Will Pay for Three Dreadnoughts Now Building.

(By Daily News Leased Wire.)

OTTAWA, Nov. 12.—The Evening Citizen says: "The story sent broadcast to the effect that Right Hon. R. L. Borden is seriously ill is dissipated in letters received by cabinet ministers this week from the premier. He is in Virginia, enjoying himself on the golf links and having a real holiday. Mr. Borden is in the best of health, but will not return to Ottawa until the middle of December.

"Not until the return to Ottawa of the prime minister will it be definitely determined what action will be taken at the next session of parliament on the question of Canadian participation in naval defense," declares the Evening Citizen, which goes on to say :

"The question has been before the cabinet and it is understood that the final decision on the matter rests with the premier.

"There is but one opinion among the government and its supporters of the urgent need of Canada making a start toward helping the mother country, the line favored being the policy of last season. The obstacle, however, is the Liberal senate. There appears to be no change in the sentiment of that body on the question and Liberal senators who have been to Ottawa of late have openly stated that a naval bill of the character proposed last session will meet the same fate. In any event it is the firm intention of the government to fulfill its imperial obligations and the three dreadnoughts which have been accelerated by the admiralty to replace those proposed by the Canadian government will subsequently on completion be paid for by Canada, assuming by that time the hostile majority of the senate is overlooked."

The Laurier Naval act is not likely to be repealed until there is a measure to replace it.

STEEL WILL REACH FORT GEORGE NEXT MONTH

VANCOUVER, B.C., Nov. 12.—Steel is expected to be laid on the Grand Trunk Pacific line as far as Fort George early next month, according to advices received today by local officials. A regular train service is being operated at present from Prince Rupert to Smithers, 227 miles from the Pacific terminal, and additional traffic connections are made from Smithers to Rose Lake, another 75 miles east, thus making 100 miles altogether on the coast section.

LADY STRATHCONA DEAD

LONDON, Nov. 12.—The death took place today of Lady Strathcona at 28 Grosvenor place after a brief illness. Her Ladyship, who is Lord Strathcona's second wife and a daughter of the late Richard Hardisty of Montreal, contracted a severe influenza cold last Thursday which developed a few days late into pneumonia, to which her ladyship succumbed today. Lady Strathcona was in her 89th year.

GOVERNMENT HAS SIX MAJORITY

Fishermen's Union Voted Solidly With Opposition in Newfoundland—Opposition Captures St. Barbe

(By Daily News Leased Wire.)

ST. JOHN'S, Nfld., Nov. 12.—Returns from St. Barbe show that Clapp (opposition) has 1,253, against Moti (government) 871. This leaves the government with a majority of six in a house of 36. The fishermens union voted solidly with the opposition, obtaining a large majority in the northern districts. The south and west coast supported Morris. Of the 28 districts Morris carried 10 and the opposition six, whilst two were split. Talk of recounts, petitions and counter-petitions is heard.

SOCIALIST MEMBER IS ALLOWED BAIL

Found in Possession of Policeman's Revolver—Will Lose Seat if Convicted

(By Daily News Leased Wire.)

VANCOUVER, B.C., Nov. 12.—After having spent nearly two months in jail, Jack Place, one of the two Socialist members in the British Columbia legislature is today walking the streets of Vancouver, allowed temporary freedom on $2,000 bail. Mr. Place was arrested at the time of the Nanaimo miners riots. A policeman had been beaten up and his revolver confiscated by a crowd of rioters among whom Mr. Place did not appear ,but later the revolver was found in his room and Place was arrested. If he is convicted his seat in the legislature will become forfeited. Place has declared over and over again that his possession of the revolver was without the slightest criminal intent, that he merely had it pending a trip to Victoria, where he intended to hand it over to the attorney-general.

Out of the 70 men under arrest, all have now been admitted to bail except 10, and the latter must stay in jail until the date of their trials, Nov. 24, because they are looked upon as the ringleaders in the fight.

All the cases will be heard by a special assizes. Forty rioters who were speedily tried have already been sentenced to terms varying from three months to two years.

FARMER SHOOTS HIMSELF WHILE OUT HUNTING

(By Daily News Leased Wire.)

VANCOUVER, B.C., Nov. 12.—John Dragon, a Langly farmer, aged 36, accidentally shot himself yesterday while hunting.

LIQUOR HANDLED BY GOVERNMENT

Quebec Commission's Report Will Advocate Introduction of Norwegian System of Liquor Depots.

(By Daily News Leased Wire.)

QUEBEC, Nov. 12.—The provincial liquor commission's report, which will be in the hands of the members of the legislature in two weeks, it is announced, will advocate the introduction of the Norwegian system of government depots for the supply of liquor to dealers.

The depots, the report urges, should realize 5 per cent on the sales, and the dealer should pay in a percentage of his profits to the government.

In addition to the suggestion that the bar should be gradually abolished the report, it is believed, will recommend the appointment of two commissions, one at Quebec and the other at Montreal.

Each commission will have a physician connected with it, whose duty it will be to inspect liquors sold to prevent adulteration by mixing.

Rural hotels will be constantly under supervision and should the act be violated the license is liable to be cancelled. The grocers' liquor license will obligate the holder to divide his sale of groceries and liquors into two separate departments.

ALL READY FOR PARCELS POST

Rates Not Yet Fixed, but Will Probably Be Similar to Those in States.

(By Daily News Leased Wire.)

OTTAWA, Nov. 12.—Everything is practically in readiness for the bringing into force of the parcels post. The postoffice department has been engaged during the greater part of the summer and fall gathering data and information upon which they could work out a scheme that would be just and equitable to all concerned and can be operated without too great a deficit to the government.

The matter to be decided upon now is the rates. It is not necessary to introduce a bill in parliament to bring the parcels post into effect. Last year's bill gave the postmaster general the necessary power and all that is required is a departmental order from him. This order, it is learned today, will be issued on January 1. The rates are expected to be slightly higher than those which prevail in the United States.

BARRISTER CLAIMS DAMAGES FROM VANCOUVER POLICE

(By Daily News Leased Wire.)

VANCOUVER, B. C., Nov. 12.—Horace V. Lyon, a barrister of the Province of Ontario, who practiced in Winnipeg until recently, today instituted an action for damages against the mayor, the chief of police and board of police commissioners, for denying him a search warant to look for alleged stolen goods in Sylvia court.

BUREAU OF LABOR INFORMATION

Will Tell Where Employment May Be Obtained

SECRETARY OF LABOR DISCLOSES PLANS

Titles to Property Created by Law and May Be Cancelled.

(By Daily News Leased Wire.)

SEATTLE, Nov. 12.—Secretary of Labor William B. Wilson, addressing the American Federation of Labor today, bitterly condemned the attitude of the Michigan copper mining companies and warned them that a new conception of titles to property was in process of formation. He declared he would make public not only the wages paid to miners, the hours they worked and the labor conditions, but the enormous profits of the mine owners.

"And the little bit of confidence that I am going to give to you," he added, "is an advance statement of one of the items in that situation—that the largest corporation engaged in the production of copper in the Michigan district was organized in 1870 under the laws of the state of Michigan; that the face value of its capital stock is $2,500,000. The shares are $25 each. They were purchased at $12 each, so that the actual investment is $1,250,000.

"From that time until one year ago, the last fiscal report that we had, a period of 42 years, that corporation declared in dividends $121,000,000 and made reinvestments out of its earnings of $25,000,000. Nearly $500,000,000 of actual net profits in a period of 42 years on an investment of $1,250,000, and then not only protests against meeting committees of their workmen, but they refuse to meet officers of the government in arbitration.

"They say that the property is their own, that they have the right to do with it as they please. Maybe it is, but those who take that position have a false conception of titles to property."

The secretary said that every title was law created and law protected and that deprived of laws, the property involved would be at the mercy of the first strong and cunning man who desired it.

"Law had created those titles," he continued, "not primarily for the welfare of the man to whom it conveys it, but for the welfare of the community. Society has conceived, whether rightfully or wrongfully, that the best method of promoting the welfare of society is to convey titles to individuals in real estate and personal effects. It does that, however, not for the welfare of the individual, but for the welfare of the great mass of the people. If any individual or corporation takes the ground that the property is his own, that he has a right to do with it as he pleases and fails to take into consideration that the title has only been conveyed to him as a trustee for the welfare of society then he is creating a condition that will cause society to modify or change these titles to property as it has a perfect right to do whenever in its judgment it deems it for the welfare of society to do it."

Mr. Wilson condemned the sending of strike breakers by private employment agencies, and said: "I wish to see created within the department of labor a bureau of information that will be handled much on the same lines as our weather bureau of information, which with the aid of the immense number of government employes which we scatter around the country will gather information as to where men can find employment, the wages they will receive, the hours of employment, the conditions under which they will toil, whether or not a trade union is recognized, and last, but not least, whether any trade dispute exists where the employment may be had, and then condense that information into a sheet that can be posted in every postoffice in the United States and other places where men congregate, so they may have information relative to where employment can be had and the kind of employment, and in doing so, giving them the information in such a way that when a man comes into a community where a strike is in progress for the purpose of taking the place of those strikers he does so with his eyes open and cannot plead ignorance."

The secretary also spoke of the Indianapolis car strike and of the trouble in the Colorado coal fields.

"In the recent street car trouble at Indianapolis we offered our good offices before the strike commenced," he said, "and had a storm of abuse heaped on us by members of the manufacturers' association on the ground that we were giving encouragement to trades unionism by sending our representative in there. Notwithstanding that storm of abuse the representative went in there and when the strike occurred it was ultimately adjusted.

"We sent a representative to the Colorado coal mine strike. We got

(Continued on page four.)

PARLIAMENT'S POWERS CLIPPED

China's President Discloses New Program

ADMINISTRATIVE COUNCIL PROPOSED

Reduction in Number of Members of House of Representatives.

(By Daily News Leased Wire.)

PEKING, Nov. 12.—President Yuan Shi Kai intends to summon an "administrative council," which in addition to transacting state affairs, will draft regulations governing the new parliament. The council will number 71 members, consisting of the cabinet officers and others appointed by the president and the provincial governors, who have already been appointed by him. Yuan Shi Kai considers that the present house of representatives is unwieldy, and desires its reduction to 300 members. The original number of representatives was 596. The powers of the parliament will also be materially curtailed and the senate will disappear, giving place to the administrative council, which will be a permanent body. This program was announced today and it will probably be carried into effect if the opponents of the president are not able to bring about its modifications.

In the meantime the remnant of parliament is permitted to continue holding informal meetings, but can do no business, because of a lack of a quorum.

SIXTY-THREE CASES OF TYPHOID IN REGINA

(By Daily News Leased Wire.)

REGINA, Sask., Nov. 12.—The provincial government reports: Sixty-three cases of typhoid fever were recorded in Regina from Sept. 28 to Oct. 30, and of these 30 cases originated outside the city limits. Other infectious and contagious cases in Regina were small in number, there being only two cases of diphtheria, two of scarlet fever, one of chicken pox, two of tuberculosis and 16 cases of whooping cough.

There was only one case of mumps reported from the entire province during this time, that being from Saskatoon. Prince Albert and North Battleford are reported free from all contagious and infectious cases, while Moose Jaw comes second with only one case of typhoid, two of scarlet fever, and three cases of chicken pox. Weyburn has five cases of typhoid and seven of scarlet fever. Kerrobert reports the only case of smallpox in the province.

The report for the entire province shows a total of 118 cases of typhoid fever, four cases of diphtheria, 30 of scarlet fever, five of measles, one of smallpox, 18 of chicken pox, three of tuberculosis, 35 of whooping cough, one of mumps and one case of cerebro spinal meningitis.

YORKSHIRE POST IS CHAMPION OF SAMUEL

LONDON, Nov. 12.—The Yorkshire Post today prints Postmaster-General Samuel's comments on Premier Roblin's attack and in an editorial footnote says:

"We believe Mr. Samuel's criticism was quite justified. The elementary education of Manitoba is said by our own correspondent in Canada to be the worst in the Dominion."

LOCKED IN HOUSE—INDIAN CHILDREN BURNED TO DEATH

PRINCE RUPERT, B.C., Nov. 12.—Two Indian children of Haguelget, near Hazelton, were burned to death on Sunday. The parents attended church, leaving the children locked in the house. The fire was quickly discovered, but it had made such progress that it was impossible to enter the house.

Newspaper Advertising Brings the Dollars

All advertising is good, but some is better than others. Newspaper advertising is best of all, because it brings the best immediate results for the least expenditure of money.

People regard the newspaper as timely.

An advertisement in a newspaper suggests quick action and generally brings it.

Manufacturers are finding the newspaper the best gateway to immediate results.

It is a two-edged weapon for sales victory. It stimulates both the consumer and the local dealer.

People believe in newspapers, believe in dealers who advertise in newspapers, and believe in manufactured products brought to their attention through the advertising columns of local newspapers.

APPLEDALE LADIES' PROGRESSIVE SOCIETY

(Special to The Daily News.)

APPLEDALE, B.C., Nov. 12.—A special meeting of the Appledale Ladies' Progressive society was held on Saturday at the home of Mrs. Godfrey. A resolution was passed expressing the regret of the society for the recent death of Mrs. M. D. Chute. Her loss has been a serious blow to the society, of which she was a valuable member, and has also caused the deepest sorrow among her many friends in Appledale. Hers is the first death in the community.

The meeting next proceeded to discuss the Christmas celebrations to be held for the children. It was resolved that a Christmas tree should be arranged for them at the hall, but that there should be no program contributed by the children on that evening, as they expected to give an entertainment at the conclusion of the school term.

SLOCAN CITY NEWS

(Special to The Daily News.)

SLOCAN CITY, B.C., Nov. 12.—Walter Clough, Canadian Pacific railway lineman, who has been stationed here for 10 years, has been moved to Rosebery. There being no vacant houses there he has not moved his family.

G. B. Garrett removed to Greenwood this week. He has been Canadian Pacific railway agent for the past nine years.

The agricultural association has decided to build a hall, 55 ft. by 150 ft., to be used for the annual fall fair, and during the winter months it will be used for a skating rink. It is being built on the old ball grounds. Preparations are already under way, there being a gang of men now on the spot grading and leveling the ground.

Mrs. J. A. Anderson and daughter Georgina have returned home after spending three months at their old home in Carndoff.

Mrs. Williams Pinchbeck's father and mother from England are visiting her.

Mr. and Mrs. Walter Clough and family have returned home from Nevis, Alta., where they spent their two weeks' holiday visiting Mrs. Clough's brother and family. On their way home they visited Mr. and Mrs. Stevenson at Passburg, Alta., formerly of Knox Church, Slocan.

One of the oldest timers of Slocan John Reid, surprised his many friends by going away a short time ago and returning last week with a bride.

Mr. and Mrs. A. Madden and family have returned, having been traveling in the east since June. Mr. Madden is much improved in health.

Mrs. T. Wilson had a pleasant surprise on Friday evening of last week, when her eldest son Thomas, who has been in New Zealand for a number of years, returned for a visit. Her son George came down from the Westmount mine to visit with his brother.

The Orangemen of this place celebrated their anniversary on the evening of Nov. 5 by entertaining their friends at a progressive whist party. Miss Kattie Benish was successful in carrying off first prize awarded to the ladies and Robert Graham won the gentleman's first prize, while Mrs. Fife and J. A. Anderson were pleased to carry home the booby prize. Lunch was then served by the ladies, after which the hall was cleared for dancing.

BOWELS SLUGGISH, LIVER TORPID, HEADACHY, BILIOUS?---"CASCARETS"

No odds how bad your liver, stomach or bowels; how much your head aches; how miserable and uncomfortable you are from constipation, indigestion, biliousnesa and sluggish intestines—you always get the desired results with Cascarets.

Clean your stomach, liver and bowels tonight; end the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; relieve your torpid liver and constipated bowels of all the sour bile, gasses and clogged-up waste which is producing the misery.

A ten cent box of Cascarets keeps your head clear, stomach sweet, liver and bowels regular and you feel cheerful and bully for months. Don't forget the children—their little insides need a good, gentle, cleansing, too.

ROBBERS TOOK TEN THOUSAND DOLLARS

Citizens Open Fire on Fleeing Men—Six Foreigners Arrested on Suspicion

(By Daily News Leased Wire.)

HAZELTON, B.C., Nov. 12.—The Union Bank at New Hazelton, four miles east of here, was robbed last evening by five masked men, presumably foreigners. The men shot and seriously wounded the cashier and made off with $10,000. The robbers were at work in the bank about six o'clock, when Cashier McQueen returned unexpectedly from dinner and surprised them. One of the men opened fire and the bullet, striking McQueen between the eyes, glanced downward and lodged in his face below, making an ugly wound. The men escaped while the cashier was unconscious.

Citizens, attracted by the shots, armed themselves and hurried to the bank just as the robbers were leaving. The citizens opened fire on the fleeing men, who engaged in a running battle with their pursuers until they found shelter in the timber on the edge of town. A special Grand Trunk train was sent west with officers, as it was thought the bandits might canoe down the Skeena river.

Late in the evening six foreigners were arrested on suspicion on the road between here and New Hazelton.

Part of Gang Arrested

VANCOUVER, B. C., Nov. 12.—Vancouver police officers believe that three men captured here last night with an assortment of burglars' tools in their possession are members of a party originally numbering 10 and that of the whole seven went north a week ago and are quite likely to be the same who held up the Union Bank at Hazelton on Tuesday night. The men arrested in Vancouver last night carried hatchets strapped about their waists and each had several knives and saws.

TWO BLACK TAILED DEER IN HUNTER'S BAG

(Special to The Daily News.)

SOUTH SLOCAN, B.C., Nov. 12.—B. Watts and party from Nelson had a successful hunting trip this weekend. They were up the mountains behind Falls creek and brought down two fine black tailed deer, one weighing 175 lbs. and the other 150 lbs. They also had a good bag of small game.

J. Henwood and G. Herman completed their contract of clearing land for J. D. Yeatman and returned on Friday evening to New Westminster.

The tennis dance, which was to have been held on Friday next, is postponed until some time in December.

Messrs. Bostock & Cleevin, who have been painting and decorating the new residences of the West Kootenay Power & Light company at Bonnington Falls, returned to Rossland this morning.

T. Dodd and Dan Morrison of Thrums, were visitors to the Junction on Saturday.

LOGGING ON KETTLE RIVER BEGINS THIS WEEK

(Special to The Daily News.)

ROCK CREEK, B. C., Nov. 12.—Logging will commence on the Kettle river above Rock Creek this week. Contracts have been let to the following parties: Messrs. Gillies & McConnell, B. Ingram, A. Steeves, A. Wardell, Ferroux Bros., Chartrand & Richards and Desaults company. Camps are being prepared at the various points on the west fork and main Kettle river.

Lieut.-Col. Glossop of Kettle valley and Mrs. Stirling of Wyncaster will be married on December 1 at Rock Creek. Col. Glossop is expected back from the coast this week.

R. Roberts of Midway and Miss Lilian Harrison of Kettle valley were married at Vancouver on Monday. They will reside at Kettle Valley.

There will be a free dance on December 1 at Larson's hall, Riverside.

H. K. King of Kettle Valley is expecting his brother from England shortly to spend the winter with him.

J. Cave, who has been staying with H. Martin of Myncaster for several months, is back again on his ranch on the fruit lands.

There will be a turkey shoot at S. Larson's, Riverside, on Saturday, November 15.

T. Hanson is shipping two carloads of groceries to Desault's camp, at Carmi.

S. Johnson, B.C.S., has bought Rory McLeod's ranch on the main river.

NEW DENVER NOTES

(Special to The Daily News.)

NEW DENVER, B.C., Nov. 12.—Julius Wolff spent a few days with friends at Brouse last week.

John Cory, foreman at the Alamo mine, spent Thursday in town.

Frank Pyman of Enderby, a New Denver old-timer, is spending a week with friends here.

A. B. Godfrey, district manager of the British Columbia Telephone company, was up from Nelson on Thursday inspecting the work on the new system.

Miss Winifred L. McDougald returned Monday from a month's visit to Vancouver and Victoria.

A. G. Larson, consulting engineer of the Slocan Star mine at Sandon, was in town on Friday.

Mr. Putzell of Nelson was a visitor in town on Wednesday.

Mr. and Mrs. A. J. Becker made a short visit to Nelson last week.

Mrs. Walter Tattrie of Sandon spent Friday in town, the guest of her mother, Mrs. S. Burgess.

O. P. and Mrs. White of Sandon came down Friday and were the guests of Mrs. Clyde White until Monday.

D. A. McKenzie of Sandon was in town Monday.

Miss Mary Gordon of Silverton spent the week-end in town, the guest of the Misses Vallance.

WILL OIL SURFACE OF MACADAM STREETS

Penticton Has One of Best Laid Roadways in Province—Many Improvements.

(Special to The Daily News.)

PENTICTON, B. C., Nov. 12.—As a result of work just completed Penticton has one of the best paved main streets in the interior of British Columbia. From Lake Shore drive to the corner of Nanaimo avenue has been macadamized from curb to curb with a fine crushed rock covered with a fine clay, and looks almost like an asphalt pavement with splendid uniform grade. Next year the municipal council proposes to oil the surface and possibly extend the work further.

The old bridge which has stood on Front street for the past 18 years, on the roadway of the old Mackenzie & Mann railway grade, is being torn down and will be replaced by a new structure immediately. The bridge across the Okanagan river at the Indian reserve is also being replaced.

Tenders are being called for a new sidewalk on Winnipeg street, and together with sidewalks already put in this will make about a mile of new sidewalk this year. An issue of $20,000 of street improvement debentures were sold a few weeks ago to a Toronto firm, and considerable street work is going on. Calgary and Penticton avenues have been graded the full length and an extensive drainage system is being put in on Martin and Winnipeg streets north of Fairview avenue.

In spite of the financial stringency the municipal council is receiving quite a number of enquiries with regard to the unsold debentures. An option for upward of $100,000 worth expires on November 16 and in case this is not taken up the representative of an American brokerage firm has written that he is on his way to the Okanagan valley and that he will probably buy all unsold issues for his firm.

Rossland News

ROSSLAND, B. C., Nov. 12.—Mr. Maclaren of Calgary, who arrived in town from Seattle on Sunday, left on Tuesday evening for his home in Calgary.

Mr. and Mrs. J. White of Trail drove to town today and spent the afternoon as the guests of Mr. and Mrs. H. H. Gill.

Mr. Cram was in town on business on Tuesday.

A special meeting of the Girls' Athletic club was held last evening and an election of officers took place. The following are those to hold office: President, Mrs. H. C. A. Cornish; vice-president, Miss Laura Jewel; treasurer, Miss Mary Toolson; secretary, Miss Bernice Post.

Mrs. Thom, Mrs. R. H. Stewart and Mrs. Kenneth Racy of Trail spent the afternoon in town.

Mr. Cooper spent the day in town on business.

A meeting will be held in T. S. Gilmore's office on Thursday evening of the executive committee of the curling club.

L. J. Hackney and family of Trail have moved to Rossland and are residing in the Steam block, next to the Hoffman.

C. P. Merry of Trail spent the afternoon in town.

The incorporation committee of the flower show, which was appointed at a public meeting held some time ago in the Knights of Columbus hall, met Friday night and went into the matter of making application for incorporation. It was decided to call it the Rossland Agricultural association and that the officers should consist of honorary president, honorary vice-president, secretary, treasurer and a board of 12 directors. The organization when completed will be submitted to the minister of agriculture for his approval and the issuance of a charter.

Mr. and Mrs. J. L. Warner left on Tuesday for New York. Mrs. Warner will spend the winter there and Mr. Warner will remain away about a month.

SERGEANT OF FERNIE POLICE FORCE RESIGNS

(Special to The Daily News.)

FERNIE, B.C., Nov. 12.—Sergt. Harry T. Amberman has resigned his position in the police force, to take place on Nov. 30. He arrived in Fernie in May, 1910, and was employed in the fire department, under Chief Coppy Smart. He remained with the department for a year and resigned on account of the reduction in salary. He was then employed as constable in the provincial police department, under Chief Constable Minty, and stationed at New Michel. He resigned that position and accepted a position as constable on the Fernie force, serving under Chief Richard Bowen and Chief Hall and was made sergeant. Chief Hall recommended that he be appointed chief on his resignation, but Chief Brown was accepted. He intends returning to visit his parents at his former home at Granville Ferry, Nova Scotia, where he will remain two or three months, and will probably return to accept a good position, which has been offered him.

Fred W. Stark, manager of the Crows Nest Trading company, is seriously ill.

The ladies of the Holy Family church gave a card party and dance in the parish hall on Tuesday evening. It was well patronized and a most enjoyable time was spent.

Invitations have been issued for a masquerade ball to be held at the home of Mr. and Mrs. Sherwood-Herchmer on the evening of Nov. 27.

The lowest point reached by the thermometer in Nelson yesterday was 27 degrees, while for a portion of the day the thermometer read as high as 42 degrees.

POST OFFICE NEARLY FINISHED

Grand Forks Will Have One of Handsomest Buildings in Interior—Four-Faced Clock.

(Special to The Daily News.)

GRAND FORKS, B. C., Nov. 12.—With the exception of the installation of the clock in the tower the new postoffice is now completed. The inland revenue offices will be moved into the building on Saturday, while the postoffice department will be opened up in their new quarters about Wednesday morning. The building is a handsome brick structure of two storeys, with a handsome copper dome, in which will be installed a four-faced clock. It occupies a small block by itself, with cement sidewalks all around. The vacant grounds in the block are being cleared and levelled up and when beautified next spring the Grand Forks postoffice will rank with the best in the interior.

The work on the Grand Forks Canning company is being rushed ahead at a rapid rate. The concrete foundations and walls are all in and the upper storey is being raised with a big force of men. With the exception of a slight frost at night the weather is all that could be desired for the work.

The ladies of Christ church, under the rectorship of Rev. P. C. Hayman, will hold a bazaar and cafe chantant in the opera house on November 19 and 20. The following ladies will be in charge of the different booths: Fancy work, Mrs. Cochrane, Miss Davis and Mrs. Manly; general utility, Mrs. Spink and Mrs. Cook; dolls, Miss Miller and Miss Barlee; orange tree, Mrs. Hull and Mrs. Gilpin; home cooking, Mrs. Lane and Mrs. Kirk; baby booth, Mrs. McIntyre and Mrs. Kirby; arts and crafts, Mrs. Attwood and Mrs. E. Attwood; hoop-la table, Mrs. Niles, Miss Barron and Miss Traunweiser; gipsy booth, Mrs. Williams; candy, Miss Paintor, Miss M. Barlee and Miss Heaven; old curiosity shop, Miss Traunweiser and Miss Davis.

Miss Eva Trahan, from Providence, R. I., arrived here last Saturday and will remain the guest of Mrs. C. A. Wallace during the winter.

This Will Remove Hairs from Face

(Toilet Talks)

Many beauty experts have discarded the electric needle and are now using a plain delatone paste to remove hairy growths because this method is almost instantaneous and is entirely devoid of pain. The paste is made by mixing some powdered delatone with water and this is applied to the hairy surface for about 2 or 3 minutes, then rubbed off and the skin washed. This banishes every trace of hair and leaves the skin soft and spotless. Be sure to get the delatone in an original package.

CANNOT COLLECT DUTY ON PROPERTY IN STATES

LONDON, Nov. 12.—An important judgment was delivered yesterday by the privy council as to whether the Quebec succession duty act, imposing a tax in respect of property situated outside the province of persons domiciled in the province at the time of their death was ultra vires.

The estates in question were those of Charlotte L. Cotton and Henry H. Cotton, part of whose estates were situated in the United States. The Quebec government claimed duty on the whole estate, which the executors resisted.

The privy council allowed the appeal of the executors and the cross appeal failed, their lordships finding that such taxation was not direct taxation and was therefore ultra vires.

The Straight Line in Creating Demand

"A Straight Line is the Shortest Distance between Two Points"

Whatever troubles old Euclid gave us in our schooldays his axioms were simple enough. In our business life to-day we show a lively appreciation of the truth of this axiom in cutting out superfluous efforts—in the saving of time and labor.

In *making* goods the straight line is "efficiency." It is the shortest distance between raw material and finished product.

In Selling Goods, the straight line is Newspaper Advertising.

It is the shortest distance between the seller and the buyer. Some manufacturers are applying the straight line in the *making* of their goods, but neglecting it in the *selling* of them. Some have no line of communication with the consumer at all—many let their message meander along by-paths of "chance acquaintanceship" instead of telegraphing it along the straight line of Newspaper Advertising.

Newspaper Advertising is the Shortest Distance between the two points of "Supply" and "Demand."

If you are doing a local business talk over your advertising problems with the Advertising Department of this Newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of the Canadian Press Association, Room 503, Lumsden Building, Toronto.

CANADA REPRESENTED AT SAFETY AT SEA CONFERENCE

(Canadian Associated Press.)

LONDON, Nov. 12.—Alexander Johnston, deputy minister of marine and fisheries, represents Canada at the international conference of safety at sea, which began at the foreign office today.

Lord Mersey, who conducted the British inquiry into the Titanic disaster, is presiding over the conference, which includes over 100 delegates.

Right Hon. Sidney Buxton, president of the board of trade, welcomed the delegates on behalf of the British government.

VICTOR VICTROLAS

You people who have been holding off from buying a **Victrola** until Christmas should not wait till then, for we have been warned by the factories that they are working night and day and yet they are unable to keep up with the demand.

So one can plainly see that there will be a number of people disappointed this fall.

We have in stock **now** the complete line and in all the different finish of wood. So if I were you I would not let another day go by without having a **Victrola** set aside.

We sell these instruments on such easy terms that anyone can handle the **Victrola** they prefer without feeling the strain on their pocket book.

A **Victrola** is one most acceptable Christmas gift to be had. It lasts a life time and gives pleasure all the time.

No Home Is Complete Without a Victrola

We are always pleased to put records on for you.

WILL DISCUSS CITY LEAGUE

Rovers May This Year Fly Colors of Y. M. C. A.—Possibility of Three Teams

On Friday evening there will be a meeting of the Rover intermediate hockey team, when the members of the club will discuss the advisability of this year flying the colors of the Y. M. C. A. The meeting will take place at 7:30 o'clock and all those interested in intermediate hockey are invited to attend as a discussion will also take place on the formation of a city league. Two strong intermediate teams are already assured for this winter and there is every possibility that a third team will be in the field.

With these teams in the field a strong city league is a possibility and an intermediate team is almost sure to represent Nelson at the Rossland carnival that will carry off hockey honors for this city.

BUSINESS MEN WIN HARD FOUGHT GAME

Defeat High School Boys by Six Points Before Large Crowd at Y.M.C.A.

Any who previous to last evening had not witnessed one of the basketball games played at the Y.M.C.A. and carried around with them visions of a pink tea affair when thinking of basketball as an indoor pastime had their vision sadly shattered last evening when the teams from the High School and Business Men's classes met in the second game of the class trophy series. The Business Men won by six points, it is true, the score being 26 points to 19, but it was not until after one of the hardest fought and most keenly contested games that have been played on the "Y" floor.

As had been predicted, the superior strength and weight of the Business Men was of great value to them in the winning of their victory, but a vast amount of credit is due to them as a team. Until last evening, their first appearance on the floor as a team, they had not had the opportunity of a practice together and it was only at the last moment that there was any certainty of a team being procurable to fly their colors, but surmounting these difficulties they took the floor and made a truly wonderful showing, snatching victory from the hands of the team that many had believed to be the fastest little aggregation of the association.

On the other hand, the High School boys played under a handicap. It was their first appearance in senior company and they acquitted themselves with the greatest of credit. They were aggressive from the start and at no stage of the game did they hang out the "quit" sign. They fought and fought hard all the way.

For the winners undoubtedly the most valuable man on the team was A. B. Godfrey, who scored 18 of his team's points from field goals. He was ably assisted, however, by the entire team, particularly by T. K. McLeod and E. Hacking at guard, who worked like Trojans.

For the High School H. Nagle and R. Maurer, as was expected, proved the stars, but credit is due to the entire team also.

The game started off with a rush, but it was not long before the Business Men asserted their superiority and the first half gave them a lead of nine points, the score standing at 19 points to 10.

The second half opened with Nagle watching the elusive Godfrey and the change kept the scoring down. The High School crept up a little in this half and scored nine points while the Business Men secured seven. The game ended with the score at: Business Men 26, High School 19.

The gallery and standing room below were filled almost to capacity with supporters of both teams and each brilliant play certainly received its just share of appreciation from the spectators. Evidently much enthusiasm is being worked up in the games and with the standard of basketball set by the two games which have been played up to date in the series the members and officials of the association have little fear, it is said, but what the games this season will create a new record for attendance.

The game was ably handled by W. H. Webber of the public school staff while the timers were C. E. McHardy and Mr. Scott. George Elliott held down the ticklish job of scorer. The teams lined up as follows:

Business Men—T. K. McLeod (capt.) and E. Hacking, guards; T. D. Stark, centre; A. B. Godfrey and Claude Wales, forwards.

High School—Bradshaw and A. Simmons, guards; G. Roe, centre; H. Nagle and R. Maurer, forwards.

The next game of the series will be between the Business Men and the Professional Men.

RUN SWIMMING GALA

The first swimming gala of the season will be held at the Y. M. C. A. on Nov. 28 and already the "Y" swimmers are preparing for the event. A committee is working on the program for the evening, which will include exhibitions by several well known cracks.

SENSATIONAL STORIES OF SOMALILAND HORRORS

(By Daily News Leased Wire.)

LONDON, Eng., Nov. 12.—The Daily Express prints sensational despatches from a correspondent who has been trying to enter Somaliland to investigate the conditions.

The correspondent declares that horrors rivalling the Congo have been committed on tribes friendly to the British government in Somaliland by the Mad Mullah, and that the British government is seeking to prevent the facts from becoming known by excluding all newspaper men.

CARS RUNNING LIGHTS RESTORED

Cleveland Resuming Normal Conditions After Great Storm—Schools to Open Today.

(By Daily News Leased Wire.)

CLEVELAND, Ohio, Nov. 12.—With the restoring of normal order rapidly proceeding and delivery of coal and food supplies beginning, Clevelanders tonight experienced only the inconvenience resulting from the heavy snowfall. Electric light service to parts of the city which have been dark for three nights was partially restored today. Almost all the street cars are running, and deliveries of the small amount of mail which has reached the city were made today. The menace of icicles and mounds of snow which festoon all the downtown buildings caused police to be stationed along the streets to warn the people to keep out near the curb. Boys assisted in this work.

An attempt will be made to open the schoolhouses tomorrow, as janitors have been on duty since Monday, keeping the buildings warm. The highest point reached by the thermometer today was 43 degrees, at 3 o'clock this afternoon, a rise of 23 degrees from the lowest this morning at 6 o'clock. The crew of 32 men and one woman of the biz freighter M. A. Hanna, which was driven ashore in Lake Huron on Sunday night, reached here today with thrilling tales of their rescue.

Kootenay and Boundary

PARTICIPANTS IN FRACAS FINED AT TRAIL

(Special to The Daily News.)

TRAIL, B.C., Nov. 12.—Before Magistrate Binns in the police court yesterday two Austrians named Parpos and Colman were fined $50 and costs for pointing firearms. J. B. Stinerson was also fined a like amount for unlawful wounding, his partner, J. C. Mays, escaping with a lighter fine of $10 and costs for assault. It appears the last two named men, who each together, had missed some of their dishes and cooking utensils, and started to search a shack belonging to two Austrians, who were in at the time of the visit. They denied having the stolen property but this did not satisfy Stinerson and Mays. One of the Austrians gave the alarm to two others at the Victoria hotel near by. These last two armed themselves one with a rifle, the other with a revolver. When they came on the scene they pointed the weapons at Stinerson and Mays. The latter managed to disarm them and broke the stock of the rifle in the melee.

Another case against Andy Miko for assault was dismissed.

Mrs. E. Walker, accompanied by her two daughters and little son, left on Wednesday evening for Digby, N. S., where they intend making their home. Mr. Walker remains in Trail over the winter, when he will join his family. Mr. and Mrs. Walker have been residents of this city for a number of years.

Mr. and Mrs. S. G. Blaylock returned on Tuesday from High River, Alberta, where they have been visiting for the past 10 days.

Y. Kinnes returned from a two weeks' trip to the coast on Tuesday morning.

L. F. Tyson, who has been up the Arrow Lakes purchasing cattle, returned home on Monday.

C. Lauriente left on Tuesday evening for London and Paris on a combined business and pleasure trip, and will be away about two months.

On Tuesday evening the Office Staff basketball team took revenge on their rivals, the Intermediates, and won a decisive victory over them by a score of 28 to 10. The teams lined up as follows: Office Staff—guards, Attwood, Batchelder; centre, Willis; forwards, Murray and Swartz. Intermediates—guards, Howard and R. Weir; centre, Donaldson; forwards, Sibbald and Hennesey. Friday evening a senior and intermediate team will play in Rossland.

SENTIMENT ON BRITISH EMPIRE TRADEMARK CHANGES

(By Daily News Leased Wire.)

LONDON, Eng., Nov. 12.—The attitude of the British chamber of commerce regarding the wisdom of adopting a British Empire trademark is undergoing a complete change.

When the proposal was first mooted it received almost unanimous support on this side, as well as in Canada, Australia and New Zealand; but the view now taken by such prominent bodies as the chambers of commerce of Manchester and Glasgow is that its establishment would tend to injure the trade reputation of British goods as well as the good name of the British Empire as a manufacturing country. They contend, too, that such a distinctive mark would undoubtedly be used on inferior goods. The Glasgow chamber has rescinded a former resolution supporting the British Empire idea in its movement on the grounds that the proposal, if realized, "would lead to confusion and encouragement of fraud."

INDIGESTION OVERCOME

Overcome by Simple Remedy.

Hurried and careless habits of eating, irregular meals and foods that do not harmonize, tend to weaken the digestive organs and result in different forms of stomach trouble.

If you are one of the unfortunates who have drifted into this condition, eat simple foods only, slowly, regularly, and take Vinol, our delicious cod liver and iron tonic.

Mrs. H. J. Smith, Thomasville, Ga., says: "I suffered from a stomach trouble, was tired, worn out and nervous. A friend advised me to take Vinol. My stomach trouble soon disappeared and now I eat heartily and have a perfect digestion and I wish every tired, weak woman could have Vinol, for I never spent any money in my life that did me so much good."

The recovery of Mrs. Smith was due to the combined action of the medicinal elements of the cods' livers—aided by the blood making and strength creating properties of tonic iron, which are contained in Vinol. We will return the purchase money every time Vinol fails to benefit. Wm. Rutherford, Druggist, Nelson, B. C.

THROAT Troubles ARE Dangerous

because the swollen glands and inflamed membranes often affect other tissues and impair their healthy action.

Scott's Emulsion stands alone as nature's corrector of throat troubles; its cod liver oil is speedily converted into germ-resisting tissue—the glycerine is curative and healing, while the combined emulsion upbuilds the forces to avert the weakening influence which always follow throat troubles.

SCOTT'S EMULSION is best for three important reasons—it relieves the trouble; it prevents a relapse; it is not charged with alcohol or stupefying drugs.

Shun substitutes and insist on Scott's.

13-107

PROFESSOR OF PATHOLOGY TO LECTURE TO DOCTORS

(By Daily News Leased Wire.)

OTTAWA, Ont., Nov. 12.—The minister of militia has invited Sir William Leishman, professor of pathology at the Royal Army Medical College, London, and honorary physician to the King, to come to Canada and deliver an address before the association of medical officers meeting in February next. Sir William is the greatest authority on anti-typhoid innoculation. It is understood he will give addresses also at Toronto and Montreal.

CAMPAIGN AGAINST SALE OF CIGARETTES TO BOYS

(By Daily News Leased Wire.)

REGINA, Sask., Nov. 12.—A campaign against the sale of cigarettes and tobaccos to boys under 15 years of age was inaugurated this morning by the police when Maurice Aaron was fined $1.00 and costs for selling cigarettes to three boys under 16 years. Two other men, proprietors of another store, were also fined.

HOCKEY COMMITTEES MEET

There will be a meeting of the committees appointed to look after the arrangements for the hockey smoker in the office of C. F. McHardy this evening at 7:30 o'clock. All of the members of the various committees are asked to be present, as further steps will be taken with regard to the program, hall, etc.

Famous "Pint of Cough Syrup" Recipe

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing two cups of granulated sugar and one cup of warm water and stir for two minutes. Put 2½ ounces of pure Pinex (fifty cents' worth) in a 16-ounce bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of $2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequaled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this recipe.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

THURSDAY, NOVEMBER 13

DEVELOPMENTS IN CHINA.

President Yuan Shi Kai's plans, as reported in today's despatches, for the creation of an administrative council and for further curtailing the powers of parliament, tend to corroborate the charge frequently made by Dr. Sun Yat Sen that a dictatorship had become the aim of the man to whom he turned over the provisional presidency, but Dr. Sun, through the advocacy of visionary theories for China, so lessened the confidence the world placed in his beliefs that his warnings were not given much attention. Yuan's troubles with parliament were quite generally regarded as due to the incompetence of that body, and it was not until a very drastic step on his part astounded the world, that particular attention was called to the great power being exercised by the Chinese president.

More than 300 members of the Chinese parliament were arbitrarily expelled by the president—an act as tyrannical, it would seem, as the wholesale arrests of members of the Mexican chamber of deputies ordered by Huerta. The avowed intention of Yuan was to break up the Kwo Ming Tang party. All of the members expelled were of that party, which formerly had the leadership of Dr. Sun. That party has fought from the first for a limitation of the president's powers, and, while members of it were involved in the recent revolution, the edict of the president was not so much a punishment for this offense, according to cable reports ,as to put an end to hindrances in parliament.

This, says the Tacoma Ledger, suggests Yuan Shi Kai, the Oriental, the right-hand man of the Manchus, the Yuan of queue and satin robes, rather than the Yuan of European garb and American ideas, who not long ago made an address of noted liberality to the world on the aims and ends of the Chinese government. Perhaps there is much of which the Occident has not heard to bear out the wisdom of adictum seeking to utterly destroy the Kwo Ming Tang party. It may be that sedition is rife and that Yuan was impelled only by the desire to prevent further rebellions. But the act, and the acceptance of it by the Chinese people, show that the newest republic is still far from being a republic in fact, and the indications are that the rule of the strong man, rather than the dreamed-of popular government, is to start China along the highway to progress, just as a strong man made Mexico prosperous and kept it so until old age weakened his grip.

THE VALUE OF BIRDS.

Some investigations at the University of Wisconsin, the results of which have just been published, give astonishing facts regarding the ability of birds to destroy insects. One small exhibit, a Virginia wren, proved to be able to dispose of twice its weight of insects in two days. This is a tremendous illustration of the value of birds around orchards and grain fields, says the Ottawa Journal. It emphasizes the importance of what everybody knows, namely, of encouraging and protecting small birds. The only exception is the English sparrow, which is known to have no particular ambition to live on insects, and which is positively objectionable from the tendency it has to drive away other birds.

Birds are very beautiful and very desirable if merely from their color, their songs and their cheerfulness. When to this is added their tremendous value to the food producer it certainly ought to be the aim of every intelligent person to encourage and protect them in every possible way.

What the Press Is Saying

Puts All on a Level

The telephone is a great boon. It enables many a small man to talk mighty big.—Detroit Journal.

What We Have Missed

A Montreal professor in a paper on the Olympic games, states that the Greek race included in their athletics drinking and kissing competitions. No doubt there are many who will feel that in the revival of the ancient sports there have been some grievous oversights.—Ottawa Journal.

The Cigarette and Gasolene

The man who lights a cigarette in a garage deserves rank along with his kinsman who rocks the boat and his brother kinsman who pulls the trigger of the unloaded gun.—Greenville News.

What Is a Mustache Worth?

What is the cash value of a mustache? The question is raised by a forthcoming legal action in Paris in which a young man is suing his late employer in peculiar circumstances. He recently obtained the position of valet to an attache of the Chinese embassy, and one of the conditions of his employment was that he should shave his mustache. The young man complied with this instruction and sacrificed his hirsute adornment, not without regret. But a week dater he was discharged, and he is now suing the attache for $20 as damages for the "esthetic prejudice" that he has suffered through the loss of his mustache. This would seem to be a modest valuation, especially when one takes the esthetic prejudice into account.—London Globe.

This Day in Canadian History

Success at first attended the American revolutionary troops, who, under Gen. Richard Montgomery, invaded Canada in 1775. They penetrated the country by the old Iroquois route along Lake Champlain and down the Richelieu river. When they had captured Chambly and St. Johns, their way lay open to Montreal, which was in no condition to defend itself. Carleton, indeed, thinking it useless to try to hold the town, had hurried down the St. Lawrence toward Quebec, taking the few regulars with him; but there, though their leader, escaped, were captured at Sorel by the Americans. The militia had been dismissed to their homes and many of the inhabitants of Montreal were disaffected. The Loyalists were enraged and ashamed at the thought of yielding without even a show of resistance; but could not help themselves, and, on November 13, 1775, the invading army took possession of Montreal, and there the rebel general made his headquarters till the end of the month. Three Rivers promptly sent a message of submission to the aggressors, and, with the exception of Quebec, all French Canada lay at Montgomery's feet. But in this case the exception was of paramount importance. Quebec was well defended, while some of the American soldiers were only eager to get home.

AT THE THEATRES

A very pretty model of the stage setting of "The Hysterical Widow" is on view in the window of the City Drug & Stationery company on Baker street. This excellent musical comedy, which is to be presented at the opera house on Tuesday and Wednesday next, by entirely local talent, is a play with an entirely novel plot, full of funny situations, good songs and music. The production is being looked forward to not only on account of it being staged by local talent, but on account of the comedy having been written by a local author.

UNIONIST PAPERS TURN BLIND EYE TO KEIGHLEY

(Canadian Associated Press.)

LONDON, Nov. 12.—Practically every prominent Unionist paper ignores the result of the Keighley by-election in the editorial columns today.

The Times has only a passing reference, speaking of the local popularity of the successful candidate and Keighley's notoriety for being unaffected by electoral changes in other parts of the country.

CANADA'S WELCOME TO THE SALVATION ARMY LEADER.

Mayor Hocken of Toronto reading the address of welcome.

BUREAU OF LABOR INFORMATION

(Continued from Page One.)

into that strike situation or trade dispute situation before the strike had occurred, but we have thus far failed to secure an adjustment of the difficulty. We are not through with it yet by any means."

Speaking of the power of organized labor he said:

"As I look back over my 40 years of experience as a trades unionist I can see many men that never acquired prominence in the trades union movement, men that might have swayed the rod of empire, who were crushed by the wayside by the power of organized capital, because they dared to protest against unjust and unfair conditions. I can see that crushing process going on here and there in our country today, and if the department of labor can do anything to wipe out that crushing process, that process of crushing the toilers because they dared to protest, the department of labor will utilize everything in its power to prevent it."

REPLY REFUSED TO ULTIMATUM

(continued from page one)

despatches from abroad that the overthrow of Huerta might produce a state of anarchy in Mexico City, unless a strong substitute were immediately provided, agrees with the point of view of many senators who have been discussing the situation with President Wilson. The Washington administration has taken note of this eventuality and if Huerta retires it is said there need be little fear of any physical disturbance in Mexico City.

In the plan of the United States to afford Huerta every opportunity to retire peaceably there is a desire for a definite understanding as to who the succeeding provisional president will be. The United States recognizes that the provisional president must be acceptable to the constitutionalists if the latter are to stop fighting.

Close observers of the situation pointed out that the United States was in a better position to bring about an understanding between the constitutionalists and the authorities at Mexico City than has been possible since the United States first interposed its good offices to solve the situation.

The conference today at Nogales, Sonora, between William Bayard Hale and Gen. Carranza and members of the constitutionalist cabinet opens tomorrow a distinct line of communication between the constitutionalists and the Mexico City authorities. One of the difficulties hitherto encountered in attempting to get the two sides to the point of discussing an armistice, has been the difficulties of telegraphic communication with the United States as a medium of communication. It is thought possible that Carranza might indicate who would be acceptable to him as a successor to Huerta if the latter finally yielded to the persuasion of some of his friends and retired. That some of those close to Huerta were urging him to retire was the word that has reached Washington today, but no official information on the subject was divulged.

Viscount Chinoa, the Japanese ambassador, discussed the situation at some length with Mr. Bryan. His call was chiefly to inform the state department officially of the dispatch of the armoured cruiser Izumo to Mexico. Talk of lifting the embargo on arms was heard again today in diplomatic circles. That members of congress were not entirely agreed on the question was indicated by Representative Mann, Republican leader, who said that so far as the representatives were concerned there was no sentiment in favor of letting down the bars. He said it would be just as safe to allow the issuance of arms "to highway men and bandits."

LOSS THREE AND HALF MILLIONS

(Continued from page one.)

F. H. Clergue of the Soo in 1902, the others being the Paliki, Theano and Monkshaven. The Theano and Monkshaven have both been lost just outside Thunder cape, while trying to make this port with rails. If the Leafield has gone down in the same vicinity then only one of the original quartet remains. The Leafield's captain is C. F. Baker and the engineer A. Kerr.

HIGHGRADERS ROB EACH OTHER OF STOLEN WEALTH

Amusing Story of Double Theft of Ore Comes from Nevada Mining Town

One of the Nevada papers tells of the rather unique experience of a bunch of high-graders from National, the gold camp of the north end of the state, says the Butte Miner. Within the past few weeks a rich strike was made in a new property not far from a noted producer. The news was kept dark from the "boss," and so the men in collusion "high-graded to beat time." When they had cached about all they thought they could handle with comfort and safety, they dug up their swag and started for civilization by shank route to enjoy their wealth. A rival crowd, which had a finger in the pie and knew of the movements of the others, is reported to have waylaid the first bunch and separated the members from their illgotten gains.

Another story of the affair is as follows, from the Winnemucca Silver State:

"It is said that the National highgraders are in clover again. Within the last two or three weeks highgrade has been struck on the Buckskin mountain mine of Senator Bell, as well as on the property of the Charleston Hill Development company.

"It is openly stated about camp that a high-grader several days ago secured a quantity of rich ore from one of the mines, which he had run at a local assay office, securing about $1,100 worth of bullion. The next morning as he was sitting in his cabin surveying his wealth another high-grader entered, and, at the point of a rifle, took the bullion away. The original thief is afraid to make a 'roar' for fear that he may be arrested, and contents himself by saying that thief No. 2 will never leave the camp alive with the bullion."

JURY DISAGREES IN TRIAL OF INDIAN

(By Daily News Leased Wire.)

VANCOUVER, B.C., Nov. 12.—After five hours deliberation, the jury in the trial of George Wilson, charged with triple murder of three Indians in September, could not agree to a verdict tonight. They did not return to court until after 10 o'clock tonight, when the foreman announced that they could not agree. They were then discharged. The trial of Stikine Joe, his companion, for the murder of Watchy Gus will be commenced tomorrow morning.

BOAT UPSETS SEVEN DROWN

Swell of Passing Tug Cause of Disaster in Lachine Canal—Some Are Rescued.

(By Daily News Leased Wire.)

MONTREAL, Nov. 12.—Seven and perhaps nine men lost their lives in the Lachine canal at Cote St. Paul early this evening. A flat-bottomed boat capsized, throwing 13 workmen into the water, all employed in the construction of the Montreal Heat & Power company's new power plant at Cote St. Paul. It is believed that all are foreigners, whose names will not be known until the company's timekeeper checks up tomorrow morning. It is understood the indirect cause of the accident was due to the passing of a tug and the injudicious movement of the men from one side of the boat to the other as the craft passed through the tug's swells.

The tug put back as soon as the boat turned turtle and rescued two of its former occupants. A boat put out from shore and rescued four others and two reached the shore on planks sent floating in the canal by watchers on the beach. Others were seen swimming for the north bank, but in the darkness it is not known whether they reached it.

About 200 men cross the canal night and morning in the single flat-bottomed boat as a short cut to a suburban car line, and this has been the subject of comment frequently, owing to the danger of passing craft.

It is stated that more might have been saved but for the scramble for positions of vantage on the upturned boat, which swamped from the pressure put upon it by the fighting men.

BAD COLD? YOUR HEAD STUFFED?

One Dose Pape's Cold Compound Gives Relief From Colds and Grippe No Quinine Used.

You will distinctly feel your cold breaking and all the Grippe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Get a 25-cent package of "Pape's Cold Compound" from your druggist and take it with the knowledge that it will positively and promptly cure your cold and end all the grippe misery without any assistance or bad after-effects and that it contains no quinine—don't accept something else said to be just as good. Tastes nice—acts gently.

25 CENT "DANDERINE" FOR FALLING HAIR AND DANDRUFF---GROWS HAIR

Don't Pay 50 Cents for Worthless Hair Tonics--Use Old, Reliable, Harmless "Danderine"--Get Results

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Danderine tonight—now—anytime—will surely save your hair. Get a 25 cent bottle of Knowlton's Danderin from any drug store or toilet counter, and after the first application you will say it was the best investment you ever made. Your hair will immediately take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few week's use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

TEN TOWNS WRECKED BY EARTHQUAKE

(By Daily News Leased Wire.)

LIMA, Peru, Nov. 12.—Ten towns were destroyed and several hundred persons were killed in an earthquake which occurred last Friday in the mountainous Peruvian province of Aymerines. News of the disaster came by courier.

The number of known dead was 120 when the courier left the devastated district, but it was believed that several hundred more bodies would be recovered from the wrecked towns.

The survivors are living in the open spaces and are suffering great privations. The government today forwarded a large quantity of provisions and has appropriated a relief fund.

POSTMASTER GENERAL VISITS AMERICAN POSTOFFICES

NEW YORK, Nov. 12.—Hon. G. E. Foster and Hon. L. P. Pelletier, with W. J. Gerald, president of the Canadian club of Ottawa, left tonight on their return.

During the forenoon today the Canadian guests, with Lord Campden of the British embassy at Washington, and Lady Campden, were the guests of A. P. Gardner, second vice-president of the Canadian club, on a trip to the Sleepy club, 40 miles up the Hudson, where the party took luncheon.

During the afternoon the postmaster general visited the general postoffice and various postal stations throughout the city, where the postal authorities gave the Canadian officials every opportunity to witness the working of the parcel post system, which has proved such an enormous addition to the work of the department. Mr. Pelletier expressed his conviction that the system which will be inaugurated in Canada at the beginning of 1914 will prove as great a boon to Canada as the system now in vogue in this country has proved itself.

Mining News

PROSPECTORS STILL STAKING CLAIMS

Assessment Appears to Be Nearly at End, but New Locations Continue to Be Made.

Although assessment work for the year appears to be pretty well at an end a number of new claims are being staked in the Nelson district. New locations are:

Dundee mountain—The Bumper fractional by A. J. Campbell and J. B. Bremner.

Five miles northeast of Nelson—The Nevada by B. Crilly; the Mabel W., by P. H. Willson.

Near Green City—The Panama fraction by Ben Bamford.

Iron mountain—The Ohio by May Waldbeser.

Rest creek—The Pacific Queen by Edwin States.

Canyon and Boulder creeks—The Medeau by J. L. Quaife.

Wyndell—The Dover by Matt Hagen; the Angora by M. I. Walsh.

Wild Horse creek—The Mountain Bell by H. L. Jackson.

Certificates of work issued during the past week are:

John Smallwood for the Thanksgiving, Bird creek.

Neil McColeman for the Snowstorm, Fawn creek.

R. W. Mifflin for the Atlas and Big Four, Sheep creek.

Ben Bamford for the Big Bluff, Green City.

G. H. Green for the Louise, Green City.

TO WORK UTICA MINE ALL WINTER

Results of Summer's Development Are Excellent—New Compressor Plant Installed

Between 25 and 35 men have been working steadily throughout the summer at the Utica mine at Paddy's peak, near Kaslo, and the property is now in shape for the continuance of development during the winter and the shipment out of ore over the Kaslo & Slocan Standard line, via the Slocan, until the road is completed to Kaslo, stated Charles F. Caldwell, manager of the mine, who was at the Strathcona last night.

Mr. Caldwell is engaged in shipping in winter supplies via the new railroad to Utica siding, 12 miles from Kaslo.

He has been informed that the new line between Kaslo and Utica siding may not be ready for operation before next spring, although the construction department expects to have the track into Kaslo by Dec. 25.

The mine is showing up well under the extensive development work which has been carried on during the summer, said Mr. Caldwell, when two new levels were opened up on the ore shoot, showing the same continuous ore shoot in the Nos. 2 and 3 levels, above the one worked in 1912.

A large new English compressor of the latest type and of 100 horsepower, operated by water power, has been added to the equipment of the mine. It provides power for three or four machine drills and stoping drills as well as for a sawmill, crushers, and other machinery used in connection with the property.

The water dam has been enlarged and two new bunkhouses at the mine, and new ore bins at Utica siding have been constructed. The stables at both the mine and the siding have been enlarged, said Mr. Caldwell.

"The outside improvements make the mine look like a small village," he remarked.

"The installation of a compressor enables us to complete the crosscut connecting the middle and west lead at a vertical depth of 1,000 ft., 1,200 ft. underground, giving a year's stoping ground for 100 or 200 men. Both tunnels are opened by raises to the surface, thus securing perfect air circulation for 1,200 ft. on both leads and opening up from 100 to 800 ft. of vertical depth of virgin stoping ground for 1,000 ft. on of the ore shoots on each lead," said Mr. Caldwell. "All development indicates that the mine is as yet in its infancy," he concluded.

INTEREST IN MINING CLAIMS ARE TRANSFERRED

William L. Houser of Ainsworth has sold his interest in the Bengen and Summit No. 2 claims on Goat creek to Ivy Holland of Ainsworth.

A. L. Stewart and Alfred Baglow of Nelson have transferred to Dan Matheson of Nelson a one-third interest in the Sunshine, Triune, Touser, Morning, Silver Cup, Blend No. 2, Surprise and Sunset claims, on the west fork of Rover creek.

A one-tenth interest in the Mogul, on Bird creek, has been transferred by John Smallwood of Nelson to R. E. Cooper of Vancouver.

HOPE TO INHERIT BIG AUSTRALIAN FORTUNE

(By Daily News Leased Wire.)

CHARLOTTETOWN, P.E.I., Nov. 12.—About 40 years ago Hector Campbell of Summerside P.E.I., went to Australia. His relatives heard nothing of him from that time and had practically forgotten him until a year ago, when a newspaper report stated that Hector Campbell said to be a native of Prince Edward Island, had died in Australia leaving nearly $1,000,000. Inquiries were instituted, but nothing definite could be learned until Saturday night last, when Ronald Campbell of Summerside received a letter from a bank in Australia stating that Hector Campbell died four years ago, that he was unmarried and very wealthy, being one of the largest sheep ranch owners in that country. Should Mr. Campbell's claim be established, which seems probable, the estate will be divided between Ronald and his family, the family of Elaine Campbell of Wellington, P.E.I., and three sisters who are at present in the United States.

The Place To Do Your Shopping and What You Can Get While Shopping Here

Silk Dresses Worth up to $35 for $15.95

Fancy Silk Dresses in navy, brown and copenhagen and purple, some have high, others have low neck, and have the new draped skirt. Sizes 16 to 40. Only twenty in the lot, with regular prices up to $35. **Your choice for** $15.95

Gossip From a Mountain Garden

Unless you are one of those unfortunate persons who always put off till tomorrow what should be done today, you cannot appreciate with what a sigh of relief I opened my eyes this morning to see the sun shining brightly and a perfect day given me to do some of those "put off" things.

I try to argue myself into believing that these delays are unavoidable, and sometimes they are, but really I suppose I belong to the unlucky class referred to above, for I seem to be always behind. When I meet those wonderfully capable people who are always on time, always have their Christmas cakes and puddings made months ahead, not to mention whole bureau drawers full of Christmas gifts, I know I turn green with envy, but as for trying to emulate them, that is quite out of the question, for I realize my weakness and know such perfection is not for me.

For weeks the brown and withered leaves of my peonies have rustled reproaches at me, and even haunted my dreams, sometimes appearing in visions of the night all dried up and dead, or again in orderly beds nicely tucked up for the winter, only to make my waking more miserable when I saw the snow marching down toward the lower levels and those poor peonies still untouched.

Yesterday I got desperate and in spite of the rain turned out with spade in hand and started to dig up those old peonies. They had been planted about 10 years ago, and as they were not thriving I determined to move and divide them, but by the time I had unearthed a half dozen by clumps I was ready to admit that I am not such a dab with a spade as I used to be. My worst trouble began, however, when I tried to divide these roots, which plainly showed the need of division, being great masses of fleshy roots crowded and grown together, many having a sort of dry rot in them. At first I couldn't bear to chop at them with the spade and went to work with a big knife, but before I had finished I had quite lost my temper and was ready to use an axe! I don't know what will arrive as a result of this severe treatment, but I have given each piece a nice new place all enriched with manure, and am hoping for the best.

Alice Brown in a charming little sketch called "Next Year's Garden" has a quaint conceit about peonies. Speaking of gardens as wilful things, she says: "Behold the peonies; they are particular folk to deal with. You must move them, if ever you have to break their long-seated ease, in the early autumn, and never hint at bloom. If they have a schedule of conduct before them, they get nervous and fail to fulfil any of it. You must simply give them a goodly heritage of earth, bid them settle down in it and be merry.

"I place you here," you might say, "that you may enjoy the prospect. Later in the autumn I shall give you a good dressing of manure, but only to warm you from the winter; not by any means to spur you out of your normal activities." So, by dint of coaxing and looking away while you do it, you will some day arrive at the consummation of fat round balls, splitting under the pressure of crimson silk."

Then a little later she tells how one's garden remembers its absent mistress, greeting her home-coming with bloom of things that had passed their blooming weeks before, but winds up as follows: "The peonies, I own, do refuse this grace of special performance; but you know very well they mean to make up for it next June. They are like your relatives who kiss you on your birthday and perhaps at Christmas, too. But they do it all the same. Or they are niggardly in presents and save their money to leave it to you at the end."

I had all this in mind as I planted peonies today and hope they will not "get nervous" and disappoint me. The whole of the little sketch referred to, which appeared in the August "Good Housekeeping," is equally pretty, and I wish every garden lover could read it. At any rate, one other bit I must give you:

"The garden holds your thoughts to this present earth, the while it lifts them to undefined hereafters. In the face of its gay certainties, you undertake wider adventure, you give hostages to farther fortune. You even set out trees and feel mortality sit the lighter on you, for the man who is deterred by the creeping sense that he may not eat the fruit thereof plants no trees. He is a niggard and a dunce.

"'Live,' says the sage, 'as if you were to die tomorrow.' 'Live,' says the happy gardener, 'as if you were never to die at all.'"

When I find such gems as this in my reading I am always tempted to pass them on to you, and am beginning to reap a harvest from such bread cast on the waters, for, curiously enough, one mail last week brought me two copies of the same poem, one from a friend who knew it would appeal to me, the other from some unknown reader of the Gossip, who must please accept my warmest thanks through this medium, as there was no address enclosed.

The poem in question is called "Homesick," by Julia C. R. Dorr, and though it is too long to quote entirely it is so pretty I must give you a verse or two:

"Oh, my garden lying whitely in the moonlight and the dew,
Far across the leagues of distance flies my heart tonight to you,
And I see your stately lilies in the tender radiance gleam
With a dim mysterious splendor, like the angels of a dream.

I can see the stealthy shadows creep along the weed wall,
And the basky depths of verdure where the drooping vine-leaves fall,
And the tall trees standing darkly with their crowns against the sky,
While overhead the harvest moon goes slowly sailing by.

She goes on dwelling with longing on each remembered beauty of the beloved garden and ends with this:

"And I turn from storied castle, hoary fane and ruined shrine,
To the dear familiar pleasance where my own white lilies shine—
With a vague, half-startled wonder if some night in Paradise,
From the battlements of heaven I shall turn my longing eyes,
All the dim resplendent spaces and the mazy star-drifts through,
To my garden lying whitely in the moonlight and the dew."

I particularly commend the last verse to a friend of mine who no later than a week ago Sunday said to me laughingly, that she believed that even in heaven she would catch herself looking down and wishing she might spend an hour or two in her garden!

My Garden Magazine came last night, and though I have been too busy to more than glance at it, I noticed one thing which is worth trying. This is an article on "Raising Japanese Iris From Seed," and sounds almost too good to be true, but anyway it is easy to prove it. The writer says that these Iris are easily grown from seed saved in November, which lies dormant all winter, but germinates in spring and will give blooming plants the second year. Seed can be bought, but home-saved seed germinates much better, so as I see a few seed pods on my Japanese Iris I am going to sow some seed and see what happens.

Another thing which I read was about late cottage and Darwin tulips, but if the writer is correct in one of his statements I am feeling very sorry for myself. He says that tulips should be taken up every year as soon as the leaves have quite died down, and that "a tulip begins to deteriorate at once if left in the soil; it must be lifted each year, and if it can be given a fresh position so much the better." and alas for me, tonight in a weak moment I offered a price for the tag-ends of the season's stock of tulips and find myself with enough tulips to stock a farm. My back aches at the very thought of planting them all, and if I have to dig them up next spring and replant them in the fall, why that settles it, and no more tulips for me ever! Hereafter I have simply planted tulips and let them stay in the ground year after year until the clumps seemed to get too thick, and I never noticed much difference except that they did better some years than others, but always seemed to increase in beauty. This I found especially true of the late varieties, last year my Darwin tulips being quite wonderful as to length of stem and fineness of color, though they had been undisturbed for a number of years. I do hope before next summer some one will be good enough to confirm me in the belief that it is not necessary to take up these bulbs, as I shudder to think of the undertaking it would mean for me, as there are tulips scattered over the length and breadth of this place.

I have planted a big bed full of peonies today, setting them three feet apart—not far enough, but the best I could do—and think I shall fill up most of the space with late tulips and then plant gladioli for late bloom, thus when the peonies begin to bloom I should have three distinct seasons of beauty.

By the way, does anyone know if peony roots have dormant eyes like iris? This spring I divided a lot of old German iris roots and after separating all the crowns the old roots were thrown into a box and happened to get watered, and would you believe it, they sent out new shoot from those old bits of root and I planted out a row about 15 feet long from those discarded plants. There are so many roots that become detached from the peonies that I believe I shall bury them and see if they won't make an effort to grow, even if they have for the time going to "go it blind."

STEAMER'S ANCHOR BREAKS CITY INTAKE PIPE

(By Daily News Leased Wire.)

PORT ARTHUR, Ont., Nov. 12.—In entering drydock today the steamer G. R. Crowe dragged anchor, which caught the city intake pipe 1,400 feet from shore and pulled a whole section of it out. As it means the city gets water from near shore instead of far out, a warning has been issued to boil all water while repairs are being made.

NEWS OF THE MARKETS

STOCKS

SPECULATIVE SENTIMENT IMPROVES IN NEW YORK

(By Daily News Leased Wire.)

NEW YORK, Nov. 12.—Improvement in speculative sentiment, both at home and abroad, was reflected in a general rise in stocks. Mexican moved up sharply in London and there was a substantial rise here in National railways of Mexico second preferred.

The market closed firm in spite of a few weak spots. Mexican Petroleum broke nearly five points on the report that the quarterly dividend had been passed. New Haven touched a new low record at 77, but rallied later.

The following New York stock market quotations are supplied by courtesy of Osler, Hammond & Nanton, Winnipeg:

LEADERS SCORE ADVANCES ON MONTREAL MARKET

(By Daily News Leased Wire.)

MONTREAL, Nov. 12.—More cheerful markets in London and New York helped towards some improvement in the local stocks today and substantial advances were scored by a number of the leaders. C. P. R. rose 2¼ points, Montreal Power 2, and Brazilian 1¾, and the rest closed at or near the best price of the day. Liquidation took place largely in the morning trade, the market growing dull but holding fairly steady in the afternoon. Power, which improved from 206⅝ to 207 in the afternoon, was the principal stock to show a gain over the morning high.

LONDON MARKET STEADIER

(By Daily News Leased Wire.)

LONDON, Nov. 12.—Money was in moderate supply, and discount rates were steady today. Quite a cheerful tone developed on the stock exchange. The dealings were largely professional but advances were recorded everywhere and especially in Mexican and Diamond shares.

American securities opened a little higher. The market was supported during the early trading and prices advanced from ⅛ to 1⅝c over parity. New York buying of Union Pacific, Southern Pacific and Canadian Pacific added to the firmness in the afternoon, but the list reacted a fraction in the late trading. The closing was steady.

GRAIN

WINNIPEG MARKET STEADY

(By Daily News Leased Wire.)

WINNIPEG, Nov. 12.—American meat markets opened lower on easier cables, declining on the weak closing at Liverpool, while the local market held comparatively steady. Winnipeg opened ¼c lower to ⅛c higher, and closed ⅛c higher. Minneapolis opened ¼ to ⅜c lower and closed ¼ to ½c lower.

Liverpool market at 1.30 p.m. was ⅛ to ¼c lower and closed weak ⅜ to ½c lower.

Continental markets were irregular. Paris unchanged to ½c lower; Berlin ¾c advance; Budapest ¾c lower, and Antwerp unchanged.

Cash wheat closed unchanged ⅛ to ¼c higher for contract grades.

Cash flax closed ½c lower. Cash barley closed unchanged.

Winnipeg close: Wheat—Nov. 82⅝, Dec. 82⅝, May 88⅛.
Oats—Nov. 33⅞, Dec. 33⅛, May 37⅛.
Flax—Dec. 1.12⅝, May 1.19⅝.
Minneapolis close: Wheat—Dec. 82, May 87¼, July 88¾.
Chicago close: Wheat—Dec. 87¾, May 90⅝, July 87⅞.

METALS

NEW YORK METAL MARKET

(By Daily News Leased Wire.)

NEW YORK, Nov. 12.—Copper weak—standard, spot to January 14.25 to 15.26; electrolytic 15.60 to 15.75; lake 16.50 nominal; casting 15.25. London firm—spot £68; futures £67 10s.

Tin firm—spot 39.37½ to 39.62½; November and December 39.50 to 39.87. London steady, £179 10s futures £20 12s 6d.

Spelter quiet—5.35 to 5.45. London, £20 12s 6d.

Iron quiet and unchanged. Cleveland warrants in London 49s 6d.

NEW YORK, Nov. 12.—Silver 59¾.
LONDON, Nov. 12.—Silver 27⅝.

WILL ACCEPT FINDING OF INVESTIGATION BOARD

(By Daily News Leased Wire.)

OTTAWA, Nov. 12.—Following the report of the board established under the Industrial Disputes Investigation act to deal with a dispute regarding the seniority of engineers employed on the Alberta division of the Canadian Pacific railway the minister of labor has today been advised that the board's recommendation would be accepted by the Brotherhood of Locomotive Firemen and Enginemen and Brotherhood of Locomotive Engineers and the officers of the Canadian Pacific Railway company, the threatened strike in the engine service of the Canadian Pacific railway in Alberta thereby being averted. During the interval between the presentation of the application to the minister of labor and the board's award, a joint working agreement was reached between the executive officers of the two labor organizations above mentioned providing for the handling of all disputes in which members of these two brotherhoods are interested.

IN NAVY SERGE

A chic little gown with "imprevu" double volants of satin over which a short tunic of serge falls and is caught up at the side by a braided strap stitched with round turquoise buttons.

MAKE IMPROVEMENTS TO HUME HOTEL ROOMS

Hot and Cold Water and Stationary Washstands Are Put in for Comfort of Guests

At an expenditure of several thousand dollars, George Benwell, proprietor of the Hume hotel, has equipped another 36 rooms of that hostelry with hot and cold water connections and stationary washstands, so that now very few rooms are without this modern convenience.

The work was completed yesterday by the British Columbia Plumbing company, which had the contract for the work.

Woman's Sphere

Is the Whole Vast Range of the Business World and the Realm of the Household

ALMOST every line of human activity is open to the trained, intelligent woman or miss who has had sufficient experience to fit her for a skilled task or the responsibilities in business life, or the duties of home employment. The apprentice as well will find chances a-plenty for acquiring knowledge of some particular line of work that is especially to her liking and may speedily rise to a better position and increased earning power.

There's a quick and inexpensive way in carrying a message to women in every walk of life—a way to summon workers to office, factory, mill or home. Send for them through the Want Columns.

Hundreds of women read the Help Wanted Female Classified Advertisements every day. Bright, skilled women who are capable of performing every task in business or home work—all may be summoned through the Want Columns.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district of which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sug-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

NORMOUS GAIN N ACTUAL WEALTH

tenant Governor Cameron of Manitoba Pays Visit to Nelson—Farmers Need Granaries.

heat prices are likely to go high- n the opinion of Hon. D. C. Came- lieutenant governor of Manitoba, passed through Nelson yesterday mpany with George J. Bury, vice- ident of the Canadian Pacific rail- His honor is president of the of the Woods Milling company, is not actively associated in the agement of the business.

the fact that the prairie farmers hurried their grain to the mar- early in the season Mr. Cameron ibutes largely the low price. If farmers had granaries of their and could save their wheat until market was ready for it better es would prevail, he believes. he lieutenant governor is heavily interested in the lumber business. He does not look for any immediate revival in that industry. "We have all been travelling too fast and must move along a little more quietly now," he said.

General business in the prairie provinces is good, he declared, although money continues to be tight.

He touched on real estate speculation and remarked that although there had been some wild-catting there had been an enormous actual increase in property values and the actual wealth of the country during the past 10 years.

With British Columbia Lieutenant Governor Cameron is delighted and he was particularly impressed by the scenery of the Slocan lake.

CITY FATHERS VISIT PLANT

Council Pleased With New Work at Bonnington and With Condition of Equipment

Having found everything at the city power house in splendid shape, the machinery running smoothly and every portion of the buildings and equipment bearing testimony to the painstaking care of those in charge, the mayor and aldermen returned yesterday afternoon from the annual trip of inspection to Bonnington falls.

While at the plant the party inspected the new cement wall, which was constructed this year, the addition to the boarding house and other new work and on the return expressed pleasure with the manner in which the improvements had been carried out.

Those who made the trip were: Mayor Keefe, Ald. W. M. Cunliffe, Ald. James Johnstone, Ald. I. A. Austin, Ald. A. A. Perrier, Ald. Edward Kerr, W. E. Wasson, city clerk, and H. P. Thomas, city electrical engineer.

PRICE OF LIVING STILL SOARING

Unusual Increase in Index Number—May Be Effect of United States Tariff.

(By Daily News Leased Wire.)

OTTAWA, Nov. 12.—Statistics gathered by the labor department show that Canada is maintaining its reputation for high prices. The index number, which shows as accurately as can be done the relative change in the cost of living, is nearly one point higher for the month of October than for September. The index number for October, 1912, was 135; for September, 1913, it was 136, while for last month the figures just completed show that it was 136.8. This is a very unusual increase for one month except for January, which is largely a price setting month. The reports from different parts of the country show that the retail prices of meats, eggs, milk and butter are all higher. Evaporated apples and coal are also among the commodities that are still soaring.

Wholesale prices are also higher for corn, peas, Ontario barley, hay and bran. Cattle and beef were also up, as well as dairy products, except cheese. Fresh Canadian fruits and potatoes commanded higher prices.

Some of the wholesale prices, however, were lower, including wheat, flax seed, western oats and barley, hogs and hog products, imported fruits, beans, onions and canned vegetables.

While the substantial rise in the general average of prices for the month is apt to be attributed largely to the heavy exports to the United States of live stock, dairy products, etc., it is difficult to read in detail as yet the effect of the American tariff. In some articles which were reported as being exported largely across the line there have been drops in prices. This, however, may simply be due to the flooding of the market, owing to export movement and high prices expected.

If this is correct, it only proves more clearly the extent of the general movement and may presage higher prices than ever when the temporary glut is relieved.

October showed the highest price ever paid for jute—the highest for cotton since 1911. Textiles have gone up as a result; steel, quicksilver, silver and tin were lower, as well as rope and raw rubber, but brooms were much higher.

HAM AND WEDDING CAKE DIET FOR RATS

(By Daily News Leased Wire.)

VICTORIA, B. C., Nov. 12.—Rats in the vicinity of the postoffice are making away with parcels of wedding cake going through the mails and so far the setting of traps has not made any great difference in the amount of destruction manifested. Recently rats made away with a whole ham, which was being forwarded to a Victoria man from England.

HIS ADVENT IN CANADA AS GENERAL

Gen. Bramwell Booth in Massey hall. A wave of emotion swept the crowded hall when Gen. Booth concluded his address. The air seemed electrified and fervent responses, such as "Praise the Lord" and "God save us," could be heard on every hand. Converts moved up to the front and enthusiasm grew to exaltation. The scene has probably never been duplicated in Toronto and Massey hall has been the scene of some great religious revivals.

CHURCHMAN'S CLUB CONCERT GREAT SUCESS

The Churchman's club concert last night was a great success and a large audience enjoyed the excellent program which was rendered. R. G. Joy was in the chair.

Mrs. H. M. Cobbett acted as accompanist. A. Graves sang "Good-bye, Sweetheart, Good-bye," and with Mrs. J. A. McCarthy rendered a duet, "Tell Me, Pretty Maiden"; W. R. Williamson sang "She Is Far From the Land"; Mrs. McCarthy rendered "Roses Bring Dreams of You"; John Buck gave a violin solo; E. Lupton sang "The Demon King" and "The Bedouin Love Song," and H. M. Cobbett rendered "Four Jolly Sailormen" and "Young Tom of Devon."

V. Graves rendered "The Bandolero," H. Craven recited "Anthony's Oration," E. Wilson rendered "The Coster's Song," S. H. Hobson gave "Tired Hands" and H. G. Parkes sang "My Novelette."

COURT REVERSES DECISION

(By Daily News Leased Wire.)

ANCOUVER, B. C., Nov. 12.—An usual precedent was set in the court of appeals here today when the court reversed its decision given yesterday in an arbitration case and again heard the matter. On the previous day a man named J. P. Hogg had been nonsuited. Today he again came to the court and convinced the judges that they were wrong, with the exception of Mr. Justice Martin.

EXCLUSION OF ULSTER FROM HOME RULE

LONDON, Nov. 12.—It is understood in Liberal circles that yesterday's cabinet meeting concerned itself with Ulster and Mr. Larkin's imprisonment. A decision, it is said, was arrived at to begin negotiations with the Unionist leaders, presumably on the basis of the exclusion of Ulster, or a portion thereof, from the provisions of the home rule bill.

HIS BLADDER WAS TERRIBLY INFLAMED

GIN PILLS Brought Relief

Larder Lake, Ont., March 26th.

"I had been suffering for some time with my Kidneys and Urine. I was constantly passing water, which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful, and no rest at night.

I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum 60 miles to get them and I am pleased to inform you that in less than six hours, I felt relief.

In two days, the pain had left me entirely. I took about half a box and today I feel as well as ever and my kidneys are acting quite natural again."

SID CASTLEMAN.

GIN PILLS soothe the irritated bladder—heal the sick, weak, painful kidneys—and strengthen both these vital organs. Money back if they fail.

50c. a box, 6 for $2.50. Sample free if you write National Drug and Chemical Co., of Canada, Limited, Toronto. 179

NELSON NEWS OF THE DAY

R. B. Bell of Salmo was a visitor to Nelson last evening, registering at the Hume.

T. M. Sutherland of Victoria, superintendent of telephone construction for the forestry service, is at the Strathcona.

James Marshall, the new proprietor of the Strathcona hotel, arrived last night from Phoenix to make final arrangemnts for taking over the hotel on Saturday.

W. G. Norris, superintendent of the Lucky Jim, who has recently been on a visit to the coast, came in last night from the Slocan and registered at the Hume. He will leave this morning for Kaslo.

At the Methodist parsonage yesterday afternoon William Henry Rixen of Nelson was united in marriage to Miss Frances Anne Dixon of Devizes, Ont. Rev. R. J. McIntyre performed the wedding ceremony. Mr. and Mrs Rixen will take up their residence in Fairview.

Father Jeanotte, very well known throughout Kootenay and particularly in the Slocan, pased away in Montreal recently. Father Jeanotte was well known to the old timers, especially among the prospectors, among whom he at one time had worked. He was at one time a miner and had worked among the Black Hills at that occupation.

Rev. G. C. Pidgeon of Westminster Hall, Vancouver, is a guest at the Presbyterian manse. He will speak at St. Paul's prayer meeting this evening and will conduct the anniversary services at the church on Sunday morning and evening. At 3.30 o'clock in the afternoon he will address a meeting in the church for men only. On Monday evening after the anniversary dinner, which will be served by the ladies of the church, he will speak on "Impressions of the Old Country." He will confer with the Ministerial association at 10 o'clock on Monday. Dr. Pidgeon is western convener of the general assembly social service department.

SENTENCED TO DEATH FOR MURDER OF BOY

(By Daily News Leased Wire.)

BRANTFORD, Ont., Nov. 12.—J. Taylor was found guilty by a jury of having murdered Charles Dawson, 13 years old, on the Blossom road a mile from Brantford and will be hanged on Friday, January 3.

More New Arrivals of Silks

We have just greeted a most complete assortment of Silks, Oriental Satins, Moire, Velours, Eoliennes, etc. Fabrics that are sought largely this season for smart afternoon and evening gowns, etc. They come to us with all their freshness and fairly bubbling over with beauty. TRINITY CHOIR CONCERT TONIGHT

Splendid Program of Music and Elocution by Some of Nelson's Best Talent.

An elaborate program of vocal and instrumental music has been prepared for the Trinity choir concert, which is to be given tonight in the Methodist church.

The cantata "Ruth," by Gaul, contains some very beautiful numbers, both in solos and part song work.

The full strength of the choir, under the direction of Miss Madelon F. Thomson, will render the cantata, the soloists being Mrs. Tyler, Miss Phillips and E. Lupton. Miscellaneous numbers will form the first part of the program and the following artists will assist: J. Allen, elocutionist, "The Habitant"; Leon McCandlish, Clarionet, soloist; E. Lupton, baritone; Miss M. F. Thomson, soprano, and a male quartet consisting of Messrs. Rylett, Livingstone, Meechum and Lupton.

No pains have been spared to make the concert successful and it is expected to be one of the musical treats of the season. The proceeds are to be devoted to the choir fund.

CRABB THINKS STATE OWNED CABLE NOT NECESSARY

LONDON, Nov. 12.—The Atlantic telegraph cable service is so good that installation by Great Britain of a state owned cable is not at present justified, according to testimony given today by Edward Crabb, second secretary of the British postoffice, before the Dominion royal commission.

MOVE CAREFULLY IN ELECTRIFICATION

Canadian Pacific Anxious to Secure Best Possible Designs for Rossland-Castlegar Change

When the designs for the electrical machinery and for other equipment have been completed the electrification of the Castlegar-Rossland line can be carried into effect in about four months, stated J. G. Sullivan, chief engineer of western lines of the Canadian Pacific railway, who passed through Nelson yesterday. It will be the first Canadian Pacific electric line.

Five or six powerful electric motors will be constructed for use on this line in the first place and others may be required later.

The company is taking its time in making the change, as electricity may in future become an important factor in railroad operations and it is desired to secure the best possible designs before the Rossland line is electrified.

Electrification does not involve doing away with the switchbacks on the line, said Mr. Sullivan.

Owing to the fact that it will be late in the season before the rails are laid on the Kaslo-Slocan line it is likely that the company will not operate trains over that track during the present winter, except possibly in a special way for freight service. It is not likely that a regular schedule will be operated until the spring, said Mr. Sullivan, on account of the difficulty of running trains over an unballasted track under heavy snow conditions.

VICE-PRESIDENT MAKES SHORT STAY

George J. Bury Makes Flying Inspection Trip—Touches on Mixed Farming Question

"I am looking forward to the day when British Columbia will produce all the mixed farming products which it requires."

So remarked George J. Bury, vice-president of the Canadian Pacific railway, who paid Nelson a flying visit yesterday. Arriving just before 5 o'clock and leaving at 8 o'clock, the vice-president was able to spend only three hours in the city, but during that short time he rapidly but thoroughly looked into many matters connected with the operation of the system in this division. From point to point in the yards and around the depot, Mr. Bury made his way, displaying the knowledge of details and at the same time general grasp of affairs for which he is noted in railroad circles.

Mixed farming was one of the first subjects he touched upon when interviewed. He spoke appreciatively of the efforts which are being made by the provincial government to encourage general farming by bringing in cattle and selling them to ranchers and expressed the opinion that the plan would aid toward building up mixed farming.

The present trip was made primarily for the purpose of inspecting the work on the Rogers Pass tunnel, explained Mr. Bury.

With Mr. Bury were Hon. D. C. Cameron, lieutenant-governor of Manitoba; George V. Hastings, managing director of the Lake of the Woods Milling company, and J. G. Sullivan, chief engineer of western lines.

The party left in Mr. Bury's special car for Proctor last night and will be taken to Kootenay landing by tug and barge.

Charles E. Hammond of Walla Walla, Wash., is at the Strathcona.

NELSON NEWS OF THE DAY

Judge Forin will hold chambers on Monday.

Nelson Lodge No. 815 L.O.O.M. will meet in Eagle hall this evening at 8 o'clock.

Mrs. H. E. Dill has returned from a visit to Winnipeg, Moosomin and other points on the prairies.

The annual meeting of the fair association will be held at the city hall at 8 o'clock tomorrow evening.

The monthly meeting of the Nelson board of trade will be held at 8 o'clock this evening at the board of trade rooms.

Nelson Encampment No. 7 will meet tonight at 8 o'clock in Oddfellows' hall, when nomination of officers for the ensuing term will take place.

The funeral of the late James Williamson will take place at 2.30 o'clock this afternoon from the undertaking parlors of the Standard Furniture company. It will be conducted by Clan Johnstone. Rev. E. S. Logie will preach the burial service.

Classes today at the Y.M.C.A. are: junior school, 4 to 5 o'clock; senior school, 5 to 5.45 o'clock; employed boys, 7 to 8 o'clock; business men, 8.30 to 9.30 o'clock.

Clan Johnstone No. 212 will meet in L.O.O.F. hall at 2 o'clock this afternoon to attend the funeral of the late James Williamson, which will take place at 2.30 o'clock.

The physical culture class of the Y.W.C.A. met last night and about 15 were present. It is expected by those in charge that the attendance next Wednesday will be double this number.

All fruit growers, whether members of the Kootenay Fruit Growers or not are invited to attend the general meeting of that association which will be held at the city hall, Nelson, on Tuesday morning, Nov. 18, at 11 o'clock, according to the official call to the meeting which has been issued.

The Belted Overcoat

The big feature of this Season's Overcoat Styles is the Belted Back Coat

It comes in several variations, for variety is the thing in Overcoats at this writing!

The Belt may be sewed on plain—embellished with a button or two or divided in the centre—but Belted it must be—an abbreviated Belt which gathers the Coat in a folded effect at the waist!

There are blues, tans, browns, greys, and the new Cambridge cloths. Also a wonderful collection of rough novelty mixtures, all in varying weaves and weights.
$15.00, $20.00, $25.00 to $40.00

Smart is not the word for this Coat, nor shapely, nor swagger, for it is all of these and much more besides. It is the most "classy" Overcoat that ever came from the Tailor's bench.
