PEACE DELEGATES NOW IN LONDON

Will Be Welcomed by Foreign Secretary Today

WAR BETWEEN ALLIES PREDICTED

Greece and Servia Have Common Policy Against Bulgaria

(By Daily News Leased Wire.)

LONDON, May 18.—All the delegates to the Balkan peace conference are now in London, and will be formally welcomed today by Sir Edward Grey, secretary for foreign affairs. The first meeting of the conference will be held on Tuesday. Whether a preliminary peace treaty will be signed this week was considered doubtful. The Servian delegates have not received authority to sign a treaty, and it is supposed that Greece and Servia are pursuing a policy of delay in order to keep the Bulgarian forces before Tchatalja and Bulair, while the territory disputes with Bulgaria are still unsettled. It is believed, however, that the powers will be able to influence Greece and Servia to sign.

Conflict Inevitable.

(By Daily News Leased Wire.)

COLOGNE, May 18.—That a Serbo-Bulgarian conflict is inevitable should Servia persist in her demand for a revision of the ante-bellum treaty existing between these countries with regard to a division of the spoils of war, and if Servia does not submit to Russian arbitration the question of the disposal of districts left open by the same treaty is the belief expressed in a despatch received by the Cologne Gazette today from its Sofia correspondent, who says he reached this conclusion after interviewing Bulgarian ministers and the various party leaders at the Bulgarian capital. Continuing, the correspondent says: Bulgaria will not hesitate to conclude an alliance with Austria-Hungary if she things such a step is necessary to achieve her end. Anti-Servian feeling in Bulgaria is running high, and is increasing hourly, and if war comes it will be most bitter."

Alliance Against Bulgaria.

(By Daily News Leased Wire.)

LONDON, May 18.—The Daily Chronicle says it has reason to believe that Greece and Servia have concluded an agreement constituting a common policy regarding the conquered territory and an alliance against Bulgaria, and that grave danger of another war exists. The Chronicle statement is not confirmed in other quarters. Despatches from Vienna and Sofia report the feeling between Greece and Servia and Bulgaria as improving.

TWO APPLICANTS FOR EVERY BLOCK

Four Hundred Await Distribution of Half That Number of Homesteads at New Westminster.

(Special to The Daily News.)

NEW WESTMINSTER, B. C., May 18.—Tonight nearly 400 men and some women are waiting for the land scramble tomorrow morning, when 200 homesteads in blocks of 40 acres each will be distributed to the first 200 who pay the necessary fee of $1 per acre. Some applicants are from as far east as Ontario.

RAILWAY SUBSIDIES ARE EXPECTED

Dominion Aid for Canadian Northern Railway

BORDEN SPEAKS IN TORONTO TODAY

Quiet Day Expected in Commons--New Companies Incorporated

(By Daily News Leased Wire.)

OTTAWA, May 18.—Monday will, in all probability, be a quiet day in the commons. The attendance will be slim, because practically all of the Ontario Conservatives will be in Toronto to attend the Borden demonstration. Premier Borden left for Toronto tonight in a private car. He was accompanied by Hon. J. D. Hazen, Hon. L. P. Pelletier, a number of members and local representatives.

Railway Appropriations.

The railway subsidies which will be brought down before the close of the week have been under review. The chief interest in regard to these centres around the Canadian Northern railway, it having been rumored at various times during the session that aid to the extent of many millions would be given to the Mackenzie & Mann enterprises before the house rises. The presence in Ottawa of Sir William Mackenzie for several days last week revived the speculation as to the Canadian Northern railway aid, but whether it will be large or small the secret is not likely to be revealed until the annual subsidies are tabled in parliament.

New Companies.

The annual report of the department of state for the last fiscal year shows that there was incorporated in 1912-13 no less than 835 new companies with a total capitalization of $625,272,299. Supplementary letters of patent were issued to 103 existing companies, of which 53 increased their capital by $55,328,500. Five companies decreased their capital by a total of $11,861,381. The other 45 in this list contained various powers under the Companies act.

The total capitalization, including new companies, capital and increases, reaches the grand total of $680,162,199.98, an increase of $139,863,200.98.

SOO LINE IS HEADING WEST

To Connect With Line Southward From Lethbridge—Fourteen Million Dollars for Equipment.

(By Daily News Leased Wire.)

WINNIPEG, May 18.—Prosecuting its intention of invading more of the northern states, the Soo line, more familiarly known as the Minneapolis, St. Paul & Sault Ste. Marie, a subsidiary of the Canadian Pacific, is going to extend its Drake-Makoti, North Dakota, line right through the state and on through to Montana to connect with the line at present building southward across the international border from Lethbridge. With this end in view and to provide equipment for the greatly increasing traffic over the Soo main line, the company announces an intention of spending practically $14,000,000 on new equipment. Most of this new material will be available this year for the movement of the grain crops of Alberta and Saskatchewan.

PREMIER WILL ADDRESS MASS MEETING AT TORONTO

(By Daily News Leased Wire.)

OTTAWA, May 18.—Right Hon. R. L. Borden left for Toronto tonight, where he will address a mass meeting in the Arena there tomorrow night. He was accompanied by Hon. J. D. Hazen and Hon. L. P. Pelletier.

Joys of a City Garden

"THE ONIONS ARE UP."

MERCHANT VESSELS ARMED FOR DEFENCE

New Liner Carries Guns—Not Intended for Offensive Purposes, but for Defence.

(By Daily News Leased Wire.)

LONDON, May 18.—The first merchant vessel to leave England armed in accordance with the proposals of Winston Churchill, first lord of the admiralty, has sailed for South America. She is the Aragon, of the Royal Mail line, and she brings home from the Argentine great quantities of chilled meat. Her sister ship, the Amazon, which is now completing, will be similarly outfitted. The necessary structural arrangements were made while the ships were building, and to each vessel the admiralty has supplied two 4.7 in. guns. The officers and seamen of the steamers include a large number of royal naval reserve men, who in case of an emergency would be capable of manning the guns.

This armament is, of course, not intended for offensive purposes, but the admiralty believes that for defensive purposes it is sufficient to counteract the risk of attack from lightly armed foreign merchant ships. It is the intention that a large number of the steamers, especially those engaged in carrying food supplies, shall be thus armed in the future.

The scheme is entirely separate from that by which larger steamers, such as the Mauretania and Lusitania and the new steamers proposed for the Canadian service, are under contract with the government to be armed in case of war for both offensive and defensive purposes.

The German government has similar arrangements with the German lines, some of the vessels of which are so built that they could be converted into very formidable merchant cruisers.

MEDICINE HAT WON BY CONSERVATIVE

(By Daily News Leased Wire.)

Medicine Hat, Alta., May 18.—At a late hour on Saturday night the judicial recount of the ballots cast in the Medicine Hat constituency in the recent election was completed and Judge Carpenter announced Mayor Spencer elected over Hon. C. R. Mitchell by 20 majority. It is rumored that George Lane will resign in Little Bow in favor of Mr. Mitchell.

BABY FOUND IN PARK WITH THROAT CUT

(By Daily News Leased Wire.)

WINNIPEG, May 18.—The body of a young babe with its tiny throat terribly gashed was found in River park today. There are so far no clues to its slayers.

MINEOWNERS' WIFE AIDS IN FIGHT

Stands Shoulder to Shoulder With Husband—Five Killed; Three Are Wounded.

(By Daily News Leased Wire.)

AGUA CALIENTES, Mexico, May 18.—John Walker, a British mine owner, and his wife, fighting shoulder to shoulder, recently killed five and wounded three men out of a band of 11 employees at the mine, near Villa Garcia, Zacatecas.

Mr. and Mrs. Walker arrived here today under escort of a squad of troops. The attackers used knives and clubs and Mr. Walker had been seriously cut and beaten when he opened fire upon them with an automatic revolver. Mrs. Walker reinforced her husband with a rifle. After the battle Mr. and Mrs. Walker made their escape.

They were hidden by a Spanish priest until they secured aid from the American consular agent. When the latter was informed he secured the services of a squad of troops to escort Mr. and Mrs. Walker here.

AUSTRIAN SETTLERS WILL BRING MILLION DOLLARS

(By Daily News Leased Wire.)

Vancouver, B. C., May 18.—As the forerunner of 40 Austrian families owning and representing wealth to the extent of $1,000,000 or more, George Platzer, himself one of the wealthiest of the group, left Vancouver yesterday for Fort George. His object is to locate sufficient land to supply the 40 families, which are at present successfully operating farms in North Dakota, in the vicinity of Mandan.

KEY WEST TO HAVANA IN AEROPLANE FLIGHT

(By Daily News Leased Wire.)

KEY WEST, Fla., May 18.—Domingo Rosillo, the Cuban aviator, left from the Florida East Coast railroad terminal at 5:35 o'clock yesterday morning in an aeroplane in his attempt to fly from Key West to Havana.

Attempt Successful.

(By Daily News Leased Wire.)

HAVANA, Cuba, May 18.—Rosillo arrived in Havana in his aeroplane from Key West at 8:10 this morning. The Cuban government offered a prize of $10,000 to any aviator accomplishing the flight.

CANADA'S SYMPATHY WITH STATES

London Press Discusses Anti-Alien Problem—War Not Improbable—Dangerous Situation.

(By Daily News Leased Wire.)

LONDON, May 18.—"Should war break out the sympathies of Australia, New Zealand and western Canada would be violently on the side of the United States," says the Pall Mall Gazette in discussing the California anti-alien land ownership controversy.

The paper considers it would be a grave mistake to underestimate the chances of a conflict between the United States and Japan. It says: "The opinion that the Japanese will never go to war to enforce their treaty rights is one of those dangerous generalities which lead nations blindfolded to the brink of the pit."

The Gazette thinks there are several reasons why Japan may be desirous of forcing the issue at the present moment. The most obvious of these is the pending opening of the Panama canal, while a more remote one is connected with the condition of her international policies. The article continues:

"The point at issue—the exclusion of Asiatics from permanent settlement—touches the British empire very nearly."

Situation Dangerous.

(By Daily News Leased Wire.)

LONDON, May 18.—The Times prints a three column article by Sir Valentine Chirol, the foreign editor of the Times, dealing with the dispute between the United States and Japan. The writer analyzes the grounds on which Japan claims equality of treatment with western nations and expresses the belief that the situation thereby is more dangerous than it was on any previous occasion. The Times, commenting editorially on this statement, says: "The ultimate point in the dispute does not affect America alone, but is essentially a world question. There should be plenty of room for the surplus millions of Japan and China in the undeveloped Asiatic territory for many decades to come.

"But California offers a quicker pathway to affluence for the ambitious Asiatics, therefore the fears of the Californians, thought to be exaggerated and premature, are not entirely groundless, and no useful purpose will be served by blind condemnation of the tendencies of public opinion in the western states. Whatever may be the issue of the dispute it is a question of magnitude. When the situation becomes more strained we prefer to believe that some middle course of settlement will be found.

"While Japan is fully warranted in standing on her treaty rights, she will do well to remember that a claim to another's garden is not the kind of a claim that can be pressed with unrestricted indignation, however strong its documentary support may be."

No Developments.

(By Daily News Leased Wire.)

WASHINGTON, May 18.—Tension over the Japanese situation continues to excite anxious attention in diplomatic and official quarters, but there were no developments today at the White House, the state department or the Japanese embassy. Nine of the 30 days Governor Johnson has under the California constitution to sign the land bill have now elapsed, and the impression is beginning to gain ground here that the governor will avail himself of the full measure of time, even though he had declared his purpose to approve the Webb bill. Secretary Bry-

WOULD NOT FIGHT FIRE ON SABBATH

Jews Refuse to Break Religious Laws

GET DISPENSATION THEN SAVE WOMAN

Eighteen Hundred Rendered Homeless by Blaze in Hungarian Ghetto

(By Daily News Leased Wire.)

FRESSBURG, Hungary, May 18.—The extent of a fire in the ghetto here yesterday, where 1,800 persons were rendered homeless, might have been considerably lessened but for the strict religious observance of the orthodox Jews in refusing to perform any labor on the Sabbath.

It was only after the chief rabbi gave dispensation that the men started to save the women and children. The ghetto, which was the most ancient in Europe, was completely destroyed. While the buildings were burning the people stood by and saw their possessions swept by the flames, but refused to render any assistance in extinguishing the fire.

FIFTEEN MINERS' BODIES RECOVERED

Whole Population of Town Gathered Round Mine—Leader of Rescue Party Asphyxiated.

BELLE VALLEY, Ohio, May 18.—Burned and blackened, the bodies of 15 miners who lost their lives early last evening when an explosion of fire-damp partially wrecked the Imperial mines, were brought to the surface today by the rescuers, working under the direction of Deputy State Mine Inspector Ellwood. Several attempts were made by rescue parties to enter the mine last night, but the gas had not vanished sufficiently to allow the rescuers to reach the bodies until morning. As each body was brought out it was identified and taken into the engine room of the mine, where it was prepared for burial.

Nearly all of the 1,000 inhabitants of Belle Valley gathered at the mine entrance soon after the explosion and stood for hours watching the work of rescue. The grief of relatives was pitiable as the bodies of their loved ones were brought out of the pit. The bodies were found a mile and a quarter from the mouth of the mine. They were lying on their faces and were badly burned. An investigation into the cause of the accident will be made tomorrow by state officers. The Imperial mine is owned by the Ogara Mining company, composed principally of Cleveland stockholders.

Henry Fairhurst, a member of the first rescue party to enter the mine last night, was overcome by gas and died soon after being taken to the surface. Norville McCune, a companion, also was overcome, but was revived. Fairhurst and his party found the body of Roy Yaeger soon after entering and placed it in a cart. Fairhurst went ahead to clear a passageway for the cart and was overcome by the gas. The other members of the party fell down on their faces and waited a few minutes until the gas became lighter. Then they placed Fairhurst's body in the cart and took them to the surface. Yaeger was discovered to be alive and was removed to the hospital.

SEAMEN'S STRIKE NEXT MONTH

General Strike to Be Declared Early in June—Tom Mann Busy Organizing Campaign.

LONDON, May 18.—A general strike of British seamen is to be declared early in June as the sequel to the agitation for a national conciliation board to regulate working conditions on board ship and it is possible, unless the demand is acceded to, that the transport workers throughout the country will come out in sympathy.

Tom Mann, who organized the great transport strike of two years ago, has been engaged by the National Sailors' and Firemen's union to carry on a month's campaign, which he commenced on May Day, to enlist the support of the transport workers.

The actual date of the strike will be kept secret, as it was two years ago, the giving of the signal being left to Havelock Wilson, the president of the union; Edmward McHugh, M.P. for Mid-Tyrone, and Father Hopkins, trustees of the union.

NEW EPOCH IN CHURCH WORK

Itinerancy Rule of Methodist Church Suspended

NEWTON POWELL STAYS AT KITSILANO

Cranbrook Church Anxious for Similar Concession--Mission Work

(Special to The Daily News.)

VANCOUVER, B. C., May 18.—Action was taken at the Methodist conference meeting yesterday which was regarded as marking a new epoch in the development of church work in the west. The conference adopted a motion presented by the stationing committee recommending that the congregation of Kitsilano church be set aside for special mission work, a provision which entailed the relief of the minister of that church, Rev. R. Newton Powell, from the discipline of itinerancy and made it possible for his occupancy of the pulpit for an indefinite term instead of having to move to another church at the end of the usual term of three or four years. This is the first time that such action has been taken in British Columbia, although it is understood several other Vancouver churches have contemplated seeking similar action and that the church at Cranbrook was prepared to ask for the concession at this conference, but preferred to wait until it was seen what would be the fate of the application of the Kitsilano church. Kitsilano intends to spend $100,000 on institution work, erecting a hall, gymnasium, baths and lecture and assembly rooms to reach all classes.

Celebration Commended.

At the final session of the Methodist conference on Saturday a resolution commending the proper celebration of the 100 years of peace between Canada and the United States was passed. Dr. Chown, general superintendent, declared that the history text books in Canada and the United States should be revised so that the rising generation should be brought up on facts instead of fiction. He said that the war which ended in the independence of the United States had not been a popular one in the old country. It had been brought on by what was known as the King's party, and the great statesman Pitt had spoken time and again against the attitude of Britain.

FARMERS PROTECT CROPS ARE BURNED TO DEATH

(By Daily News Leased Wire.)

Shanghai, May 18.—Sixty-seven farmers of Shen-Chow-Ling, in western Honan, who had resisted the attempts of soldiers to destroy their crops of opium, were burned to death today in a building where they were holding a meeting, according to a despatch to the North China Daily News. The despatch adds that the soldiers started the fire.

DUCHESS STILL IMPROVING

LONDON, May 18.—The Duchess of Connaught passed another good day today and the improvement in her condition is maintained.

GEORGE S. MURDOCK

Son of a Hamilton doctor, who has been appointed by the government to accompany Stefannson, in charge of one of the geological parties.

Believe Mill Employe Is Idaho Murderer

Corresponding to the smallest detail with descriptions of John Luoma, wanted at Wallace, Idaho, for the murder at Enaville, Idaho, in October last, of John Lundquist, the shooting of Sylvester Jarvey and the attempted shooting of Ben Jarvey, a man employed at the Edgewood Lumber company's mill at Castlegar was arrested by Provincial Constable H. W. King, acting under instructions from Chief Constable Black, on Saturday and lodged in the provincial jail at Nelson, where he is awaiting the arrival of police officials from Idaho for identification. Sheriff McCabe of Wallace is expected to arrive tonight.

Luoma has been sought for months by the Idaho authorities for what is described as one of the most vicious murders in the history of that state, and if the man now in the Nelson jail proves to be he, as is believed, there will be much gratification among the state officials, as large sums of money have been spent in efforts to apprehend him. A reward of $500 was placed upon his head. Luoma is a Finlander, who formerly conducted a saloon in Spokane and later engaged in the lumber business.

Blazed Away With Rifle.

Luoma waited outside a hall at Enaville while a Socialist meeting was in progress last October, and when the meeting broke up and the audience came out of the hall he stood in the path leading down to the road, and, addressing them in his own language, raised his 30-40 rifle and began shooting. The first shot struck Sylvester Jarvey in the arm, tearing it nearly from his body.

The next shot struck John Lundquist in the head, killing him instantly. By this time those coming from the meeting were terrorized and were scrambling and falling down the side of the hill endeavoring to get under cover or out of range of the deadly rifle.

The next shots, fired in quick succession, were directed at Ben Jarvey, but he managed to escape.

Bloodhounds Pursue.

Luoma then went to his home, a few miles back of Enaville, bade his family goodby and disappeared. Bloodhounds were placed on his tracks, but the rains soon obliterated the scent.

THE TWO KNIGHTS IN THE OSLER FAMILY.

Sir William Osler, the noted surgeon, and his brother, Sir Edmund Osler, who is entertaining Sir William at his home in Toronto. Sir William has just finished a lecture tour of the States, and will soon return to England.

Express Rate Reduction in Force Next Month

(Special to The Daily News.)

VANCOUVER, B. C., May 18.—It is announced here that W. S. Stout of the Dominion Express company has made arrangements with the British Columbia Fruit Growers' association so that the proposed date of the inauguration of the express rates reduction will not have to be formally brought to the attention of the railway commissioners. Under this arrangement, it is understood, the new rates will come into effect on June 10 instead of July 15, as was at first proposed.

What Is Correct Stationery?

A man or woman is known by his or her stationery. You quickly form an opinion of a woman sending out her invitations on business paper almost as unfavorable as you do in regard to a man using scented paper.

THERE IS CHARACTER IN OUR LINE.

For Gents

We have English Kid-finish, American Pressed Vellum and Fabric finish in Club Sizes—75c, $1.25 and $1.50.

For Ladies

We have all the finest fabrics, folding once to fit the envelope, from 25c to $1.00.

For party and invitation work we have the new process hot finished fabric in Cream, Blue, Tan and White, Gold and Silver trimmed, at from $1.25 to $1.75.

For the Kiddies

We have everything that is dainty for both party and correspondence work at 35c, 50c and 75c.

LEMON CREEK WAGON ROAD BEING WIDENED

Lumber Camp Opened Near Slocan City—Logs Being Driven Down Little Slocan

(Special to The Daily News.)

SLOCAN CITY, B. C., May 18.—Mr. Swan, road foreman, is busy with a gang of men widening the Lemon creek wagon road. The men are down a little below the "Y" this week, and will be some weeks finishing their work. A good deal of blasting is being done. The road which has been able to accommodate only a single wagon, is already appreciated by those driving up and down the valley.

W. C. E. Koch has opened up his lumber camp two miles from town He has not a full force of men yet but expects to be in full swing before the summer advances.

Johnson's loggers are busy driving logs down the Little Slocan river from their camp on the river's bank.

There is activity in real estate in the city just now. Considerable property has changed hands during the past week or two ,and optimism in the town is growing.

The city council is considering the enforcing of the pound bylaw. The residents are obliged to fence securely to guard their gardens from the ravages of herds of cows and horses roaming at large.

S. Banks has a gang of men on the road at Perrys. The big road grader is at work.

A Winnipeg man has bought 10 acres of land on the south side of the town and will clear it in the near future.

Mr. Maurer of Winnipeg, who recently subdivided his land adjoining the town into building lots was in town this week looking after his interests and calling on old friends.

The boys are getting in some good base ball practice on their grounds near the mill and hope to be in good trim for matches this summer.

Superintendent Miller of the Canadian Pacific railway was in town this week.

Mr. and Mrs. George Long of the Lilly Bee mine have taken up their abode in the new house recently occupied by A. Sortire.

Mr. McKenzie has moved into the York house.

Mr. Beck and family are moving into Mr. Christie's house.

Law & Conkie have nearly completed *their tie contract.*

John Campbell, who has been more or less ailing all winter, has been quite ill the past two weeks, and has been suffering intense pain.

Mr. Cotterill, who has been home from the hospital at New Denver for two weeks, is convalescing and able to take short, though careful walks out. His leg is still troublesome.

Judging by the number of fruit trees arriving here the town must be in a progressive condition.

Mrs. Garrett of Nelson has been the guest of Mrs. Popoff on her ranch.

The literary club held its regular fortnightly meeting at the home of Mr. and Mrs. Anderson on Wednesday evening. A goodly number were present and Mr. Stevinson announced a Tennyson night, the particular study being "In Memoriam". Nearly the whole poem was read by him and the different members present, and the explanations given from time to time. Much of its thoughtful beauty was dwelt upon and the great love and loss by Tennyson of his friend, Hallam; also the benefit derived by the literary world from the suffering of Tennyson over his loss. The next fortnightly meeting will be in the hands of Miss Winterbotham, who will give a second night on Shakespeare. It was decided *to abandon the getting up of a* Shakespeare play in costume, owing to lack of time by those who were anticipating a public performance.

Mr. Tattersall who has been on the *road at Mirror Lake since April 1 is* expected home shortly.

Mrs. Lee of North Vancouver, accompanied by her three children, are guests of her sister, Mrs. H. Curtis.

Mrs. Aattersall went to Nelson on Wednesday of last week to consult medical advice, as she was suffering from a touch of ptomaine poisoning. She has now quite recovered.

Mr. McNeish has completed a new chicken netting fence around his house and grounds.

Victor Lauderbaum, who returned to Slocan from Creston on Tuesday last, left again on Wednesday morning for Three Valley, where he has accepted a position driving an engine.

Mrs. Raymond, mother of P. Swan, has been ill during the past week.

Water is slowly rising in the Slocan river, but is not expected to reach its height until the latter part of June.

Good work has been made on tearing down the old buildings in town.

Rev. J. C. Mitton held an interesting service in St. Paul's church on Sunday evening last. Next Sunday Mr. Stevinson will hold the fortnightly *service in Knox Presbyterian church.*

Mr. and Mrs. Anderson and Miss Georgina spent Sunday last at the ranch at Lemon creek.

Mr. and Mrs. Stevinson leave the first of the week for Toronto, where they will attend the pre-assembly congress and also the general assembly of the Presbyterian church, held there in June. They will also visit Mrs. Stevinson's old home, being absent about six weeks.

Walter Clough and his force of men have finished their repair work on the Canadian Pacific railway telegraph line from here to Slocan Junction. The line is now in fine shape.

The rifle club held its weekly practice Thursday afternoon of this week. Mr. Johnson made the highest score.

Mr. and Mrs. Lloyd of Silverton were guests on Thursday of Mrs. Garrett.

John Campbell is at the Nelson hospital. Mrs. Campbell accompanied him early in the week, returning to Slocan the following day.

Mr. Cotterill leaves today for the *hospital at New Denver, where he ex*pects to remain a few days to have the plaster cast removed from his leg, also to take a system of massage while beginning to use the injured foot *again.*

Mrs. Binnish has had a wire netting fence put around her garden.

Mr. Garrett went to New Orleans on Thursday evening to attend a special meeting of the Masonic lodge.

Mrs. McNeish and children left on Thursday for a few days in Nelson.

SEVENTY-FIVE CHILDREN CONFIRMED AT FERNIE

(Special to The Daily News.)

FERNIE, B. C., May 18.—His grace Archbishop Timothy Casey of Vancouver arrived here on the evening train last night direct from the Terminal city, accompanied by his secretary, and was met at the depot by a committee, including the clergy and several laymen of the church of the Holy Family. He was driven to the home of Father Michel, adjoining the church. This morning he officiated at the morning mass, when a large number of children took their first communion. Later he conducted high mass and preached to a very large audience. In the afternoon he gave confirmation to about 75 children, and at 6:30 left for Michel, where he will administer the rite of confirmation tomorrow.

Next Sunday he will officiate at the opening of the new industrial school at St. Eugene mission, six miles north of Cranbrook.

FIFTEEN-POUND SALMON CAUGHT AT MIDGE CREEK

(Special to The Daily News.)

PROCTOR, May 18.—E. Merrifield and W. Grace returned from Midge creek on Tuesday, having spent a week at the Outlet Sports club shack fishing. They only enjoyed fair sport, the bag comprising one salmon, 14 3-4 lbs., one char about 5 lbs., one or two rainbow trout and about 60 brook trout.

There is considerable interest among members of the rifle club over the report that members will all have to take out a $2.50 license to shoot at the butts, and the secretary has written *formally to the deputy game warden,* who has forwarded his letter to headquarters.

LUMBER ARRIVES FOR NEW SCHOOL AT PROCTOR

(Special to the Daily News.)

PROCTOR, May 18.—A carload of lumber for the new school arrived *from P. Burns & Co. on Friday and* the building will now be proceeded with under the direction of Grant McKean. A second carload is expected shortly.

The sidewalks on the townsite have now been finished.

Jack Daniell, son of Mr. and Mrs. P. F. Daniell of the postoffice, Proctor, left during the week for the Lucky Jim mine.

Mr. and Mrs. Bastin have rented T. G. Proctor's shack at Balfour.

C. L. Burtch of North Vancouver, the representative of the Remington Firearms company, was here on Thursday and registered at the Outlet hotel.

SAVINGS COMPANY OFFICIALS SENT UP FOR TRIAL

(Special to the Daily News.)

FERNIE, B. C., May 18.—The three financiers who were the members of the Anglo-Canadian Savings & Trust company, which started operations in Fernie about three months ago, have been up for preliminary hearing some five or six times and were on Friday sent up for trial, with the exception of F. V. Peacock, who is admitted to bail and will be held over as a witness for the prosecution. J. Davidson and E. Williams were the members of the firm who will be tried first. They went to Spokane some three weeks ago and were brought back by Constable Gorman of Elko. It is on one count *alone that they have* been sent up for trial. Peacock's bail was fixed at $3,000.

The Orpheum theatre, which was badly gutted by fire last December, is *being repaired and renovated and* will soon be in running order as a moving picture house again.

Frances Turner, the woman who is alleged to have stabbed her husband five times during a drunken squabble, was released, as Turner refused to give *evidence against her. Turner is still* held on the charge of being drunk while interdicted.

For creating a disturbance in the Roma hotel, E. Haggerty was given a sentence of 14 days in jail with hard labor by Magistrate Whimster on Friday.

The local government agent, J. S. T. Alexander, is making arrangements to have the block on which the fine offices of the provincial government are situated properly fenced in. The Duthie company will supply the necessary hardware and the addition will greatly improve the appearance of the grounds.

W. G. Barclay, manager of the Crows Nest Trading company, came in on the Flyer last Thursday from the coast.

Stabbing Affray.

(Special to The Daily News.)

FERNIE, May 18.—The police were called in to settle a disturbance over McLean's Drug store on Thursday night, when Frances Turner is alleged to have assaulted her husband with a knife and stabbed him in five places while both were in a state of intoxication. Turner is an interdict, and it is said that while drunk he got into a dispute with his wife, and that she *got a knife about eight inches* long and, while wounding him, cut herself Her hands were covered with blood, and she went out on the street and gave herself up to Constable Harrison. *Sergeant Amberman went to the house* and the man and his wife were taken in charge and lodged in jail. The woman is held on the charge of wounding with intent, while Turner has to answer for being drunk while interdicted.

A man named James Altamare was brought up to Fernie from Hosmer, having been sent up for trial by Magistrate Brown on a charge of shooting with malicious intent. His antagonist came at him with a knife, it is alleged, and he fired in self defence, striking his man in the groin. Although the wound is serious it will probably not be fatal. He was before His Honor Judge Thompson and admitted to bail.

Two men, C. Carlson and William Clark, were arrested by Constable Harrison at the Canadian Pacific railway depot under the Railway act for stealing a ride on the evening train. They were before the city magistrate, and sentenced to 15 days hard labor. The sentence was suspended so as to give them a chance to leave the town.

Mrs. R. W. Wood has returned from a visit of two months in the Panama canal district.

*At a meeting of the executive com*mittee of the Fernie branch of the Veterans' association, held last night, it was unanimously resolved: That in view of the fact that another society *is holding a concert two days prior to* the date arranged by the veterans for their memorial concert, the veterans will be postponed indefinitely.

MARKETING OF FRUIT DISCUSSED AT THIRTEEN MILE

(Special to the Daily News.)

THIRTEEN MILE, B. C., May 18.—*On Friday evening there was a fruit* meeting at the residence of Mr. Hallet, at which Mr. Hickes, manager of the Kootenay Fruit Growers union, was present. There was a large attendance, only a few of the local ranchers being absent. The chief business on hand was the reading of a circular letter by Mr. Hickes from Mr. Lee, detailing a scheme for the selling of the Kootenay fruit on the prairies. Mr. Lee is ready to handle all the fruit that cannot be sold in the surrounding district, provided that it is in good condition, on a 4 per cent commission. In apples, he states, he can only deal in car load lots, either straight or mixed, but in the smaller fruits, such as cherries, he will handle individual shipments. This scheme was approved of by all present.

Mr. Hickes stated that the small fruit, such as strawberries and raspberries that were not contracted to *the Doukhobors, could easily be dis*posed of in the Nelson district and that the handling of such fruits was to be given to J. A. Macdonald of Nelson. As Mr. Macdonald is charging *10 per cent commission* the union has decided to charge no commission on these fruits, and though they are losing something in this it is made up by the fact that with Mr. Macdonald handling the fruit there will be no need for the union to rent a warehouse which they have been doing for the past year at $5 per month.

In the case of plums Mr. Macdonald said that he would be able to buy all for sale, though at present he was not able to quote a price.

Mr. Hickes spoke of the express rates. The new rates do not come into force till July 15, but a letter had been sent asking that the new rates should come into force on June 10. Mr. Hickes said that he thought the express company would be willing to meet the fruit ranchers in this respect.

As to the inspection of fruit Mr. Hickes said that it would have to be done on the boat as it was not found *satisfactory to wait till the fruit* reached Nelson before being inspected. The subject of selling fruit outside the union came up for discussion and Mr. Hickes said that he wanted to point *out that any one might make their* own market provided they could get a better price than the union was offering, but if the price was the same or smaller, it was expected that the ranchers would use the union. No commission will be charged on fruit sold outside of the union, but members are asked to let the union know what they are selling.

The financial question then came up and Mr. Hickes said that $2000 was needed for running expenses this year. After this year if all goes well it is hoped that no more subscriptions will be asked for. Before the close of the meeting $100 was promised in subscriptions. Those who promised were Messrs. Hallett, Kerr, Bourke, Kachzow, Hill and Jenam.

The road making operations are progressing rapidly here, the gang having now got to Rocky bluff, and there has been some heavy charges of dy*namite.* Two boxes were fired under one large piece of rock. J. H. Schofield, M.P.P., and Mr. Benny, road superintendent, paid a visit to the road to see how the work was progressing.

Mr. Reynolds, brother of Mr. Crozier Smith, who has been spending the past six weks at Balcarras ranch, has returned to Rossland to take up his work in the Bank of Montreal.

Mr. Harrop has lost both his cows. It is thought they had been overeating themselves with the fresh, green clover.

The wharf gang are camped at Harrop repairing the wharf and there is also a road gang who are doing some improvements to the road between Harrop and Proctor.

McClure John of the rock pile has gone to the coast on a business trip and expects to be away a fortnight. Mrs. Webster of Nelson is *spending a week with Mrs. McClure* John.

Investments

WILL YOU ACCEPT 25 PER CENT. PROFIT?

"There is no doubt that real estate is the best investment for small savings. It is bound to grow and grow into money. More fortunes are accumulated from the rise in real estate values than all other causes combined. To speculate in stocks is risky and even dangerous, but when you buy real estate you are buying an inheritance. The wise young man or wage-earner of today invests his money in real estate. Buy land, put your savings into land, that's my advice. Land is not only real wealth; land will not burn, it cannot be stolen and carried away. Wise is the man who makes his investment in real estate."

ANDREW CARNEGIE.

VICTORIA TEAM WALKS OFF FIELD

Players Watching Fight—Scrappy Lacrosse Game, With Much Slashing and Fighting.

(By Daily News Leased Wire.)

VANCOUVER, B. C., May 18.—Lacrosse of the real old-fashioned variety was the spectacle at Athletic park on Saturday, when V.A.A.C. and Victoria clashed in the first game of the season in the amateur league. The match ended in a very sorry manner when there was every prospect of the tightest finish. The Mann cup holders evened up the score to five goals all, but because some of the Victoria players were watching a fight between Dakers and McLaren, the visitors protested the goal and when the referee confirmed it marched off the field in a body. They claimed that Referee Tuck had blown his whistle when Dakers and McCuaig met in an embrace at the fence and would take no explanation to the contrary. The referee then ordered the game to proceed and V.A.A.C. scored two more goals or fill in the remaining minute, the final score being 7-5. It was a scrappy game from the beginning, the husky aggregation from the provincial capital leading the pace in the slashing and fisticuff exhibitions, which were at times not even supplementary to the main show. Victoria, as far at least as yesterday's showing is concerned, have a fine team, which should make the V.A.A.C. hustle to retain their stranglehold on the Mann silverware, but the tactics employed by the visitors yesterday were anything but in accord with the understood principles which should govern all good sport.

HIGH SCHOOL TEAM BEATS YMIR NINE

Nelson Intermediates Finish Contests Five Points Ahead To Play at Salmo.

On Saturday the High School intermediate baseball team journeyed to Ymir, where it met the team of the latter city and succeeded in annexing its fourth victory of the season by the score of 13 runs to 8.

The game proved a very good exhibition of the United States national game, and the first four innings it looked like anybody's.

After the fourth the High School boys started to find the Ymir twirler, and before the contest ended no less than three pitchers had been on the mound for the Ymir boys.

Both sides were considerably handicapped by the ground rules, which kept the long hits down by two bases.

There was a large gathering of ball fans out for the game, and much good natured rooting took place between the supporters of both teams, the local boys having been accompanied by several experts at this branch of the game.

The score by innings was as follows:

	1	2	3	4	5	6	7	8	9	Tl.
Ymir	0	1	0	1	1	0	0	2	3	— 8
Nelson	0	0	1	3	4	0	1	4	0	—13

The High School boys were right royally treated by the Ymir team, they say, and contemplate further conflicts with the Ymir nine.

After the game the locals were entertained by the Ymir boys until train time.

During the day arrangements were just about completed for a trip for the High School team to Salmo on Saturday, May 31.

The teams were made up as follows:

Ymir: O'Neil, Clark, Stevens, Kayton, Kyle, Steward, Paterson, McLeod, Watson.

High School: W. Ferguson, H. Pitts, Curran, Gibbs, Graham, Kilker, J. Ferguson, E. Brasch, R. Brown, L. Johnstone.

OTTAWA HORSE SHOW.

(By Daily News Leased Wire.)

OTTAWA, May 18.—Ottawa's fourth annual horse show closed on Saturday night after a most successful week. Championship classes brought a great crowd for the performances. Jack Hambleton, Hon. C. Sifton's jockey, had a narrow escape when putting Confidence over the high jump, the animal falling and rolling on the rider, Hambleton, although badly shaken up and bruised, was able to continue and rode another of Mr. Sifton's string, Hercules, to victory in the class.

BILLY WEEKS WINS

(By Daily News Leased Wire.)

VANCOUVER, B. C., May 18.—Billy Weeks, former amateur middleweight champion of the northwest, easily outpointed Romeo Hagen over the 15-round route at Steveston arena on Saturday. Weeks had a long lead in every round.

OLIVER AND HINTON MAKE GOOD SCORES

Average of Eighty at Weekly Rifle Shoot Is Highest of Season Twelve Men Turn Out.

W. Oliver and R. W. Hinton tied for first place in the shoot of the Legion of Frontiersmen Civilian Rifle association held yesterday, each registering a score of 92 points. J. Keith was second with 89 and D. O. Thomas third with 88.

Though the scores were not exceptionally high, the team average was very good, being 80 for the 12 men who shot in the first batch, as compared with 75 at the previous shoot and 70 two weeks ago.

The scores of those shooting in the first batch were:

W. Oliver	29	33	30—92
R. W. Hinton	30	33	29—92
J. Keith	30	31	28—89
D. O. Thomas	32	29	27—88
J. R. McDougall	29	29	28—86
H. L. Birkbeck	28	29	28—85
W. Will	26	30	28—84
W. J. Devitt	27	31	25—83
L. Craufurd	25	27	29—81
F. J. Jarvis	26	31	16—73
Will Cunliffe	25	20	14—59
W. J. Sheppard	22	17	13—52

CITY AND Y.M.C.A. SOCCER TEAMS WILL PLAY TONIGHT

Tonight the City and Y.M.C.A. football teams will fight it out for first place in the City league. The game is called for 6 o'clock sharp, and the players are asked to be ready to commence play at that hour.

Both the City and Y.M.C.A. have gathered together strong teams, and from the result of tonight's game a fairly good idea of how the teams will stand at the end of the season may be obtainable.

The Y.M.C.A. will be without the services of Denham and H. Brett, but have secured capable men to fill the vacancies, and expect to provide a hard tussle for the City eleven.

The City will have their regular line-up out, the only change being Percy Halliwell, who will be a strengening to the forward line.

The teams will line up as follows:

City: Goal, Critch; backs, W. J. Rhead and Zelazney; halves, G. Wilkinson, E. Guille and D. Smeaton; right wing, S. Bennett, P. Halliwell; centre, Morey; left wing, J. Ramsden and Cunliffe.

Y.M.C.A.: Goal, Curran; backs, Brown and Haynes, halves, Page, Williamson and Bealby; right wing, Francis and C. Brett; centre, Armbrister; left wing, Martin and Morris.

Opening of baseball season in Toronto. A conference of the powers—Manager Kelley, Toronto; Umpire Mullen; Manager Smith, Newark; Umpire Bierb after.

YANKEES LOSE FOUR STRAIGHT TO WHITE SOX

(By Daily News Leased Wire.)

CHICAGO, May 18.—Chicago made it four straight from New York today, winning the final game of the series 5-3. The game was lost by New York in the third inning, when Fisher's wildness and daring base running netted the locals four runs. Fisher argued with Umpire O'Loughlin about a decision on balls and strikes, and was ordered out of the game.

Score:	R.	H.	E.
New York	3	6	0
Chicago	5	8	2

Batteries—Fisher, Clark and Sweeney; Walsh and Schalk.

TIGERS DEFEATED IN FAST GAME WITH SENATORS

(By Daily News Leased Wire.)

DETROIT, May 18.—Walter Johnson won his ninth straight game of the season today, when Washington defeated Detroit 2-1 in a thrilling struggle. Johnson allowed but five hits. He grew wild and unsteady at times, but pulled himself together and pitched a wonderful game. Zamlock, a recruit from Missoula, Montana, started his first major league game and deserved a shut-out.

Score:	R.	H.	E.
Washington	2	6	3
Detroit	1	5	5

Batteries—Johnson and Smith; Zamlock, Lake and McKee.

ATHLETICS BREAK EVEN WITH CLEVELAND IN FIRST SERIES

(By Daily News Leased Wire.)

CLEVELAND, May 18.—Philadelphia and Cleveland broke even on the first series, the visitors winning today's game 4-2. Wyckoff, who started the game for Philadelphia, was driven from the mound in the second, but Bender went in and saved the game.

Score:	R.	H.	E.
Cleveland	2	8	2
Philadelphia	4	10	2

REVELSTOKE GUN CLUB RESULTS

Macdonnell Receives Medal for Long Run Made Last Year—Sicamous to Have Shoot.

(Special to The Daily News.)

REVELSTOKE, B. C., May 18.—In the weekly shoot of the Revelstoke Gun club on Thursday the scores were:

	Shot at	Broke
W. A. Sturdy	50	44
W. Foote	50	45
C. E. Jones	50	42
Frank Smith	50	42

Foote won the Dupont medal for the week.

A. J. Macdonnell was out, but could not shoot on account of a sprained wrist.

Mr. Macdonnell has received of the Dominion Cartridge company, Montreal and Vancouver, a beautiful gold medal in recognition of his long run at Armstrong, B. C., with their ammunition.

Sicamous is giving a shoot on the morning of June 3, when it will hold a regatta. Shooters will be there from Armstrong, Vernon, Kamloops, Enderby and Revelstoke.

WOODSTOCK CUP WINNER

(By Daily News Leased Wire.)

WOODSTOCK, Ont., May 18.—In the first game home and home soccer match, in the final of the Hough cup, Woodstock college yesterday afternoon defeated Wingham collegiate institute, 2-1.

GALT WINS FOOTBALL MATCH

(By Daily News Leased Wire.)

GALT, Ont., May 17.—The Galt Caledonians easily defeated the St. George team, 4-1, in an intermediate western football game here today.

CATCHER RELEASED.

BOSTON, May 17.—Rex De Vogt, a catcher, was released today to the Buffalo club of the International league by the Boston Nationals. De Vogt came to Boston from Spokane.

CANADIAN WRESTLER WINS IN ALL CLASSES

SEATTLE, Wash., May 18.—Al Hatch, Canadian amateur welterweight wrestler, furnished a big surprise at the Pacific Northwest association championships, which were concluded on Saturday night. He entered three classes, welter, middle and light heavyweight, and won all three titles. He threw nine men, and not one stopped over four minutes.

BURTON HAS TENNIS CLUB

(Special to The Daily News.)

BURTON, B. C., May 18.—A tennis club has been organized, with Arthur A. Burton as president, Rev. J. Hamil, vice-president, and Mrs. R. Stevens, secretary-treasurer. A committee composed of Mrs. Herbert, Mrs. Eades and Mrs. McLennan was appointed to draw up rules, etc. With the permission of Mrs. R. Stevens, the club will hold its meetings on her lawn, and as soon as the special club set arrives play will commence. It is hoped to arrange matches with other lake points in the near future.

BIG PROGRAM PLANNED IN CRESTON FOR VICTORIA DAY

(Special to the Daily News.)

CRESTON, B. C., May 18.—The prize list for the Empire day sports is being distributed and besides the usual athletics there are liberal prizes for horse racing, buck races, squaw races, baseball, Creston vs Bonners Ferry, and a bucking contest. There are some good broncho busters among the Kootenay Indians and the bucking contest should prove interesting. The Bonners Ferry brass band will be in attendance and furnish music throughout the day.

FERNIE FOOTBALLERS PAY VISIT TO MICHEL

(Special to The Daily News.)

FERNIE, B. C., May 18.—The Fernie football team went to Michel on the local train yesterday morning to play a game last evening with the team of that place.

KELOWNA TAKES FIRST GAME FROM REVELSTOKE NINE

(Special to the Daily News.)

REVELSTOKE, B. C., May 18.—The Revelstoke baseball team travelled to Kelowna on Thursday last and met the Kelowna team in the initial game of the British Columbia Interior league. The game resulted in a win for Kelowna by the score of three runs to two.

ENGLISH CRICKET MATCHES

(By Daily News Leased Wire.)

LONDON, May 17.—Derbyshire beat Hampshire at Southampton at eight wickets. The scores were:

Hampshire—First innings, 228; second innings, 159; totals, 387.

Derbyshire—First innings, 262; second innings, 129 (for two wickets); total, 391.

Surrey beat Northamptonshire by five wickets, the former making 270 in their second innings for five wickets, Hobbs playing a splendid innings for 136. The scores:

Northampton—First innings, 146; second innings, 202; total, 342.

Surrey—First innings, 123; second innings, 270 (for five wickets); total, 393.

In the Warwickshire-Leicestershire match the former compiled 333 for seven wickets in their second innings, at which stage they declared, allowing Leicestershire to bat. They, however, did not fare as well as Warwickshire and lost three wickets for 56 runs.

Yorkshire in their second innings against Gloucestershire also did well. Their total, which they declared, was 369 for five wickets. Gloucestershire on going to bat for their second innings had made 30 for one wicket at noon.

Sussex made 152 for two wickets in their second innings against Cambridge and still require 162 to win.

LONDON, May 17.—At the close of today's cricket Warwickshire, who declared at 333 for seven wickets, gained an easy victory over Leicestershire, who only scored 183 (all out) in the second innings, Monteney scoring 81 and Wood 35.

Yorkshire had the better of Gloucestershire by 230 runs, the latter team being discussed for 200 in the second innings, Dipper scoring 38 and Green 33.

Sussex beat Cambridge by five wickets, declaring in the second innings at 314 for five wickets.

Sporting Comment

The senior baseball team will practice on Tuesday, Wednesday and Friday of this week for the Kaslo game on May 24, if the grounds are obtainable.

The football fans should be out in force tonight for the first crucial game of the city league.

There will probably be another double-header of baseball on Wednesday afternoon.

The high school ball players say they are delighted with the way the Ymir boys treated them.

Why should not the Nelson cricketers invite the Australian eleven to Nelson?

Hughie Gifford will not be seen on the New Westminster lineup in the first game of the coast lacrosse league.

The first Mann cup games of the season on Saturday at Vancouver was somewhat of a slashing affair.

Con Jones now has 18 players signed up, but will probably release a couple of these before the season opens. Several of his veterans are due for the blue envelope.

Bruce Ridpath, who is visiting Winnipeg, is trying to sign up Del Irvine, the Monarch coverpoint, for next winter for Toronto.

COMPETITION KEEN FOR DIAMOND SCULLS

(By Daily News Leased Wire.)

LONDON, May 18.—The competition for the Diamond sculls at Henley this year promises to be an exciting one, judging from the number of first class continental scullers who are expected to compete. In addition to E. B. Butler the Canadian, and McVilley of Australia, German, Belgium, Holland and Sweden will be represented. Butler's chances are particularly good, since it is announced that neither Powell, the present holder, nor Kinnear, the British Olympic winner, will do battle for Great Britain. Butler, who has been granted permission to try out on the Thames, has worked out in his new boat and is perfectly pleased with her. For the moment, however, he is somewhat at a disadvantage, having lost eight pounds in weight owing to illness on the journey to England.

POLITICIANS ADDRESS MEETING AT SASKATOON

(By Daily News Leased Wire.)

SASKATOON, Sask., May 18.—Hon. J. A. Calder and Hon. W. R. Motherwell spoke to an audience that completely packed the opera house at Hanley on Saturday. Both the ministers outlined the policy of the Scott government and defended the administration as regards expenditures in various departments.

RESIGNS PASTORATE

(By Daily News Leased Wire.)

VANCOUVER, B. C., May 18.—Rev. J. M. Welch, provincial of the Oblate Fathers in British Columbia, has resigned the pastorate of Holy Rosary cathedral in Vancouver on account of ill health. He will be succeeded by Rev. Father O'Boyle, now of New Westminster.

JUMPS FROM CAR WHEN FUSE BLOWS OUT

(By Daily News Leased Wire.)

TORONTO, May 17.—Becoming frightened when a fuse blew out on a westbound car at Salton, Gerrard and Simmit streets on Saturday, Mrs. Glover jumped from the car and sustained injuries which proved fatal within a few minutes.

FATHER OF TROLLEY CAR INVENTED MANY DEVICES

(By Daily News Leased Wire.)

STOCKBRIDGE, Mass., May 18.—Stephen Dudley Field, sometimes called the father of the trolley car, and known as an inventor of international repute, died at his home on Saturday at the age of 68 years. Among the inventions patented by Mr. Field are the quadruplex telegraph, electric stock ticker, the hotel annunciator and the police patrol telegraph. Altogether, Mr. Field had more than 200 patents in his name.

PROFESSIONAL SOCCER MATCHES

(Canadian Associated Press.)

MONTREAL, May 18.—In the interprovincial professional soccer league games were played in Hamilton, Toronto and Montreal. In Hamilton 1,500 saw the Montreal city team defeat the Hamilton Westinghouse team by a score of 4-1. The game was a fast one and a scientific one throughout. In Toronto the two local teams played their first game, Toronto winning from Queen City by 1-0. The exhibition grounds were well filled and as the score indicates the play was fast and even. In Montreal the game was between the Montreal Rangers and Ottawa and the Rangers had little trouble winning by 4-0.

WOMAN'S BODY FOUND HUSBAND IS ARRESTED

(By Daily News Leased Wire.)

SOO, Ont., May 18.—Joseph Larue was taken in charge by the police tonight and lodged in jail following the discovery of the body of his wife in the river near here. The woman disappeared about three weeks ago, the husband saying he had left her on the street near a local hotel and intended to meet her later.

ROCKY MOUNTAIN FORESTS

What is the best way of managing the spruce and pine forests of the eastern slope of the Rocky mountains, with a view to having them renew themselves and so furnish a permanent supply of timber?

Some attempt to answer this question is made in a recent pamphlet published by the forestry branch of the department of the interior. It is entitled "Forest Conditions in the Rocky Mountains," being bulletin No. 33 of the branch, and in it T. W. Dwight, M.P., treates particularly of the southern part of the reserve.

The entire eastern slope of the Rocky mountains, it will be remembered, from the international boundary up to a point beyond the latitude of Edmonton is comprised in the Rocky mountains forest reserve, and this pamphlet gives the result of a summer's investigation by the writer. Further investigations along the same line are being made under the direction of the forestry branch.

Mr. Dwight, in the pamphlet above referred to, describes the trees of the region and discusses the effect on these of different conditions, such as the altitude (height above sea level), also the effect of fires, lumbering and other conditions on the second growth of the forest or, in other words, the subsequent crop of timber. Methods of lumbering which will tend to keep the forest producing timber are also discussed, such as the marking of the trees to be cut, the destruction of the brush caused by the lumbering, etc., are taken up, and a description given of the methods followed on the United States "National Forests" in Montana. Some technical forestry tables regarding the growth of the different species and the yield to be obtained conclude the bulletin, which is well illustrated by over a dozen half-tone cuts.

Copies may be obtained gratis from the director of forestry, Ottawa.

Half Shot, one of the candidates of the King's plate, owned by Adam Beck, London, Ont. He is a full brother to P hotographer, and is expected to run a good race.

LEGAL AND OFFICIAL ADVERTISING

Effective on and After Jan. 1, 1912.

Legal Advertising (includes municipal and government notices)—12 cents per line for the first insertion, and eight cents per line for all subsequent insertions.
In certain cases, however, for the convenience of the public, flat rates have been set, as follows:—

Applications for Liquor Licenses:—Once per week for four weeks, $5; daily for month, $30.

Applications for Transfer of Liquor Licenses:—Once per week for four weeks, $7.50; daily for month, $45.

Land Purchase Notices:—Once per week for 60 days, $7.

Land Lease Notices:—Once per week for 60 days, $7.

Certificate of Improvement Notices:—Once per week for 60 days, $12.50

Delinquent Co-ownership Notices:—Once per week for 90 days, $25

Duplicate Certificate of Title Notices: Four insertions, $8; eight insertions, $14.

Water Application Notices:—Four insertions up to 100 words, $6; over 100 words in proportion.

Where any of the above applications contain more than one application or notice, each application or notice will be charged for as a separate advertisement.

MONDAY, MAY 19.

THE SENATE AND THE NAVAL BILL.

The naval bill has at last emerged from the Commons and is now ready for consideration by the Senate, and the attitude of the upper chamber toward the chief government measure of the present session will be watched with general interest, and with considerable anxiety on the part of those who are convinced that it is the duty of the Dominion without further delay to undertake a share of the burden of empire defence.

If the Liberal senators are undivided on the question, and are determined in their hostility, they will have the power to delay, at least, the fruition of the government's policy. The Liberals are at present in control of the upper chamber by a majority of two to one. They have already shown, by their rejection of important legislation last session, their inclination to hamper the government and their course toward the Highways bill and the bill for the fostering of agriculture may possibly be repeated this session in relation to the navy bill. But there are circumstances that may induce the Senate to display in dealing with the bill a less exuberant partizanship.

In a recent interview Sir Charles Tupper declared that he anticipated that the Senate would assent to the navy bill, basing his expectation upon the patriotism of Hon. George W. Ross and other Liberal senators who share his well known imperialism. Sir George is the Liberal leader in the Senate, but he showed independence of thought in his refusal to support the reciprocity policy of his party, and although he has not yet declared himself toward the government's naval policy he is known to be an imperialist, and Sir Charles Tupper does not believe that he will oppose a policy with which he is probably personally much in sympathy, with the mere partizan object of embarrassing the government. Should Sir George Ross decline to follow the Chauvinist example of the Liberal obstructionists of the Commons, his lead will probably be followed by a considerable section of the Liberal senators.

There are other circumstances that may tend to make the progress of the naval bill through the Senate comparatively easy. The senators are old parliamentary hands, and they probably realize far better than the obstructionists of the Commons that on the naval question the sentiment of the country is with the government. During the long, wearisome debates in the Commons there has been an entire absence of indication that the country was stirred by the Liberal fulminations. There have been no indications of popular dissatisfaction with the government's policy, no public meetings of protest, no popular support to the partizan course of the obstructionist members. Premier Borden, in his speech on the third reading of the bill, pointed out that the speeches of Sir Wilfrid Laurier during the election campaign, no less than his own addresses, prove that before the last election—the Conservative policy on the naval question was well understood, and that on this policy he was given a clear mandate from the people. The senate must realize that that mandate has not been revoked, and is not likely to be revoked, and that factionist opposition will recoil upon those who seek to obstruct the demand of the people.

For still other reasons the Senate may decide to proceed cautiously in dealing with the naval bill. Many Liberal senators can hardly fail to recognize that the Liberal party has damaged its prospects by the course adopted toward the government's policy, and they may welcome an opportunity to terminate a difficult situation by ending the controversy, which can be accomplished only by passing the bill. It needs, also, no high degree of political prescience to realize that the defeat of the naval bill by the Senate would throw into the political arena, as a matter calling urgently for final disposal, the question of the reform or abolition of the Senate. So long as the Senate is comparatively quiescent this question may remain to a considerable degree academic. Let the Senate throw out the naval bill and prove its power and its determination to nullify the declared demand of the people on matters of vital importance, and the days of the Senate will be numbered. A regard for their own interests and for the interests of the legislative body which they constitute will undoubtedly be in the minds of the Liberal senators when their course on the naval policy is finally determined.

THE TIME IS NOW.

The question of marketing of fruit is being given much attention, not only in British Columbia, but wherever fruit is grown in any considerable quantity. There is one thing that may be fairly considered just as important as knowing how to raise fruit, and that is knowing how to sell it, says the Joplin Daily Globe. A bumper harvest of apples and peaches, such as is promised in Missouri this year, does not necessarily mean a prosperous season for the fruit growers, for the reason that careless marketing methods may glut the markets and result in prices that will not reimburse the grower for his time and trouble, let alone bring him a fair season's profit.

In emphasizing this important point the St. Louis Republic recently said: "The fruit growers of Missouri ought to begin at once to study the probable demand for apples and peaches in the various markets of the United States next fall. They should form marketing associations and be ready to act together, so as to furnish, at particular shipping points on particular days, tonnage sufficient to command the very lowest rates. They should not depend on a mere unloading of their products upon the nearest large market; they should be prepared to put Missouri fruit where the demand is greatest and the supply from other sources least."

It is to be recalled that the Orange Growers association in California has contributed greatly to the prosperous condition of that industry on the Pacific coast, and by helping to get the fruit distributed to every part of the country, has been a good thing for the consumer. There is, as has been intimated, a great difference between scientific selling and unloading. On account of the perishable nature of fruit, the markets are all the more liable to become gorged, therefore the need of forethought and prearranged methods of selling are all the more necessary. And the time for forethought is now and not a few days before the fruit is ready for marketing.

What the Press Is Saying

Civic Cleanliness.

The cleaner the city the healthier it is sure to be. Its appearance is greatly improved, it attracts more favorable attention from visitors, the self-respect of its inhabitants is increased, civic pride stimulated. Let everybody in the Hallwick get busy and have Buffalo by the end of the week as clean as a perfectly easy conscience—Buffalo Courier.

Hated Rivals.

Windsor, and not Toronto, is ultimately to become the capital of the British empire.—Windsor Record.

Obsolete.

Can anybody answer this from the Chicago News: "What has become of the old-fashioned woman who used to put fresh straw under the parlor carpet every spring?"—Vancouver Province.

How Human!

A great many people are delighted to see a good ditch in front of their neighbor's property, as it encourages the water to run off their own property, but as soon as the superintendent starts to dig a ditch or grade a road in front of their own little kingdom, then they are ready to raise a howl and fight the superintendent to the bitter end.—Grimsby Independent.

This Day in Canadian History

The Breton seaport of St. Malo is particularly interesting to Canadians because of its connection with Jacques Cartier. In April, 1534, he had set out from the old, grey town to seek a western way to Asia; and thither, in less than five months, he had returned, bringing with him, as proof positive that he had reached one of the strange countries, two young savages. He had brought also a good report of the land, which, he said, was "hotter than the country of Spain," and "the fairest that can possibly be found." The next year he prepared to sail again, and, despite opposition from some rival traders of St. Malo, three vessels, the largest of not more than 120 tons, were equipped and laden; and several gentlemen of good family joined the hardy sailor's little company. Three days before their departure, Cartier and his crew attended a solemn service in the cathedral, confessing their sins and receiving a parting benediction from the bishop; and at last, on this date, May 19, 1535, the little fleet set sail—to penetrate, by the mighty St. Lawrence, deep into the heart of North America, where never European had been before.

GREATEST HEADACHE CURE IN THE WORLD

Tortures of Chronic Dyspepsia Cured By "Fruit-a-tives"

SHANLEY, ONT., SEPT. 23 rd. 1910

"You certainly have the greatest Headache Cure in the world. Before "Fruit-a-tives" came before the public, I suffered tortures from Headaches caused by Stomach Disorders.

One of your travellers called on me when I had one of my raging Headaches and had my head almost raw from external applications. He insisted on my trying "Fruit-a-tives".

I did so with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health."

WM. PITT.

Dealers everywhere have "Fruit-a-tives" at 50c a box, 6 for $2.50—trial size, 25c or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

The Weather

(By Daily News Leased Wire.)

TORONTO, May 18.—Pressure is highest tonight over Manitoba and the Dakotas, while pressure exists in the lower St. Lawrence valley and the southwest states. Rain has been general today in the Ottawa and St. Lawrence valleys and showers have occurred in the Lake Superior region and locally in the peninsula of Ontario. Elsewhere the weather has been fine.

CASES TO BE HEARD BY RAILWAY BOARD

Sittings to Be Held at Calgary, Edmonton, Regina and Winnipeg This Month.

(By Daily News Leased Wire.)

OTTAWA, May 18.—The board of railway commissioners has issued complete lists of cases to be heard by the board at the sittings to be held at Winnipeg on May 30, Regina May 29, Calgary May 26 and Edmonton May 27. They are as follows:

Application of the Canadian Manufacturers' association and the Hamilton board of trade for extension of the Canadian car service rates so as to include a rule known as the "average demurrage plan."

Consideration of the question of reciprocal demurrage and its suggested application in Canada.

The application of the Canadian Freight association for a ruling of the board as to the proper allowance to be made from track scale weights on various commodities.

Several applications regarding local spur tracks, etc.

At Regina—Petition of residents and council of the town of Yorkton, Sask., for a subway under the tracks of the Canadian Pacific railway on line on Third avenue, Yorkton.

Complaint of James Carr, Lakeview farm, Viceroy, Sask., against the alleged action of the Canadian Pacific railway employes in setting fire in the vicinity of southeast quarter sec. 16, tp. 6, rg. w. 3, Saskatchewan.

Application of the Dominion Express company for approval of free delivery limits proposed for Swift Current, Sask.

Application of the Canadian Manufacturers' association and the Hamilton board of trade for an extension of the Canadian car service rules so as to include what is known as the "average demurrage plan."

Consideration of the reciprocal demurrage and its suggested application in Canada.

Application of the Canadian Freight association for a ruling of the board as to the proper allowance to be made on track scale weights on the various commodities.

At Calgary—Application of the city of Lethbridge for authority to construct a highway across the right-of-way of the Canadian Pacific railway by extending Twenty-first street south across said railway to First avenue, Lethbridge, Alta.

Complaint of the United Farmers of Alberta and J. J. Mogridge, Hanna, Alta., relative to alleged damaged pastures, etc., on account of lack of proper fire guards on the line of the Canadian Northern railway, near Strathmore, Alta., and Hanna, Alta.

Application of the Grand Trunk Pacific company under sec. 237 for authority to construct the Tofield-Calgary branch across certain streets in sec. 12, 13 and 14, tp. 24, rg. 1, w. 5th M., in the city of Calgary, miles 199.1 to 200.5.

Application of the Canadian Pacific railway, under sec. 29, from an order rescinding varying orders of the board numbered 18,771, so as to provide that the recommendations of the board under said order shall be reasonable and non-discriminatory as between localities and shippers (rehearing).

Application of the Canadian Manufacturers' association and the Hamilton board of trade for an extension of the Canadian service rules so as to include what is known as the "average demurrage plan."

Consideration of the question of reciprocal demurrage and its suggested application in Canada.

Application of the Canadian Freight association for a ruling of the board as to the proper allowance to be made from track weights on various commodities.

At Edmonton—At the hour of 10 o'clock in the forenoon, application of the board of trade of Morinville, Alta., for a transfer track connecting the Edmonton, Dunvegan & British Columbia railway with the Canadian Northern railway at Morinville, Alta.

Application of Massey-Harris company, limited; Edmonton City Dairy, Limited; McKnight & Frost, the Standard Plumbing & Heating company, limited, and Andrew Lee of Edmonton, Alta., under sec. 226, for an order directing either the Canadian Northern railway or the Grand Trunk Pacific to construct a suitable spur track from their main lines in the city of Edmonton, Alta., down and along the lane in block 6, Hudsons Bay reserve, Edmonton, as far as Athabasca avenue.

Application of the Canadian Northern railway for authority to construct a spur line of railway along the lane in block 6, Hudsons Bay reserve, between Sixth and Seventh streets, in the city of Edmonton, and to cross Columbia avenue, Vermilion avenue and the Edmonton street railway with said spur.

Application of the Edmonton board of trade, Edmonton, under sec. 314 and 339, for an order directing the Canadian Pacific railway, the Canadian Northern railway and the Grand Trunk Pacific to immediately issue and put into effect new freight tariffs on classes 1 to 10 on goods shipped from Port Arthur and Fort William, Ont., to Edmonton, Alta.

This matter is set down to allow the Edmonton board of trade to submit such new evidence as is desired.

Application of the Canadian Manufacturers' association and the Hamilton board of trade for an extension of the Canadian car service rules so as to include what is known as the "average demurrage plan."

Consideration of the question of reciprocal demurrage and its suggested application in Canada.

GOVERNOR COX REFUSES TO SEND TROOPS

(By Daily News Leased Wire.)

CINCINNATI, May 18.—The refusal of Governor Cox to send troops to this city in an effort to control the strike of the employes of the Cincinnati Traction company after spectacular riots had influenced Mayor Hunt to ask for the militia, was followed late today by the filing of a petition by the city of Cincinnati for a receiver for the company.

FEAR DISORDERS IN PATERSON STRIKE

(By Daily News Leased Wire.)

PATERSON, N. J., May 18.—Although the day was quiet here and free from disorders in connection with the silk mill strike, the authorities busied themselves with preparations for possible trouble tomorrow in connection with the reported intention of some of the strikers to return to work in two of the mills, and the announcement of the Industrial Workers of the World leaders that pickets would be on guard in force at these mills.

WATERS OF PACIFIC IN PANAMA CANAL

(By Daily News Leased Wire.)

PANAMA, May 18.—The waters of the Pacific ocean were today let into the Panama canal. A giant blast, composed of 32,750 pounds of dynamite, was shot, demolishing the dyke to the south of the Miraflores locks and allowing the water to flow into an extensive section in which excavations have practically been completed. The blast was successful and the vibration was felt in Panama City as though there had been an earthquake.

HALIFAX STREET CAR SERVICE AT STANDSTILL

(By Daily News Leased Wire.)

HALIFAX, N. S., May 18.—The tramway service was at a standstill today, as it was yesterday, except that the two cars which were left on the street were taken to the car barns. At 1 o'clock on Saturday the men, through the city clerk, sent an offer to the company to return to work on a written agreement that there would be no discrimination against any of them and the understanding that the whole question should be submitted to arbitration.

TO HOLD EXAMINATIONS.

(Special to The Daily News.)

REVELSTOKE, May 18.—The practical examinations in music of McGill university will be held in St. Peter's rectory on Wednesday, commencing at 10 o'clock in the morning.

SECTION HAND ATTACKS FOREMAN WITH RAZOR

(By Daily News Leased Wire.)

LETHBRIDGE, Alta., May 18.—Angered at losing his job as a section hand, James Bee, a laborer, walked out of his way four miles on Saturday and savagely attacked B. A. Connell, the section foreman at Milk River, with a razor. The latter is under the care of Dr. Scott and in bad shape although it is not though that the injuries will prove fatal. Bee made his escape, and is still at large.

THIRTEEN ORDINATIONS.

(By Daily News Leased Wire.)

PRINCE ALBERT, Sask., May 18.—Thirteen graduates of Emmanuel college, Saskatoon, were ordained at St. Albans cathedral as deacons of the Anglican church by the Bishop of Saskatchewan at the morning service here today.

Daily News Want Ads. get results.

PRINCE ALBERT WANTS TO USE SINKING FUND

(By Daily News Leased Wire.)

PRINCE ALBERT, Sask., May 18.—The suggestion has been made to the board of trade by J. E. Bradshaw, M.P.P., that the city's sinking fund of $30,000 should be utilized for building purposes. The circulation of such an amount would be welcome when money is tight as at present. It would also provide work for incoming artisans from the old country as well as ease the house shortage problem.

Rossland News

(Special to The Daily News.)

ROSSLAND, B. C., May 18.—F. E. Griffith, engineer in the compressor plant of the Centre Star, left last night for a three weeks visit to the coast.

Mrs. H. W. Atkinson and children have returned from the coast, where they have been visiting for the past month.

Born, to Mr. and Mrs. John Blythe, on Friday afternoon, a daughter.

Mr. Anderson and Mr. Wade of Trail motored into town yesterday.

Mr. Laper of Trail is a visitor in the city.

All the merchants have signed for a half-holiday every Wednesday afternoon during June, July and August.

The home of Mr. and Mrs. Glen Marshall was the scene of an interesting party on Friday evening, when they entertained a number of their friends at cards in honor of Mr. and Mrs. Borthwick, who are leaving shortly for Oregon. Late in the evening refreshments were served and a most enjoyable evening was spent.

The dance given in the Miners Union hall on Friday night for the benefit of the Athletic association was largely attended, and was one of the most delightful dances of the season. The music by the orchestra was excellent, and all plans for everybody's entertainment were most successfully carried out. During the evening light refreshments were served. A number drove up from Tail to attend the dance on Friday night.

At the Centre Star mine on Friday afternoon, just as the men were coming off shift, the heavy cable which raises the cage broke, allowing the cage to drop, but it had only gone two feet when it was caught by the safety clutch and held. There were four men in the cage at the time.

The fire brigade was called out to a small blaze south of the Cook avenue school at 4:30 this afternoon.

A. B. Mackenzie, who has been in Vancouver for the past year, is in town for a few weeks looking after his business.

J. O. Mackelvie of Vernon is in the city.

Several rigs of young people drove to Patterson to attend a dance.

L. Harris of Vernon, bee inspector of Yale and Kootenay district, is here on business.

Mining News

LARDEAU MINING SHOWS ACTIVITY

Two Properties Shipped Last Week From Trout Lake District—Nickle Plate Produces.

That there is a prospect of increased mining activity this year in the Lardeau district is shown by the number of ore shipments made by the Ajax and Ferguson properties, both in the Trout Lake division. Last week the Ajax shipped 37 tons, bringing its total for the year to 143 tons, and the Ferguson sent 27 tons to Trail smelter, increasing its total for the year to 56 tons.

In the Ainsworth district the heavy producer was the No. 1, which is being operated with a large force of men by the Consolidated Mining & Smelting company, the mine shipping 240 tons to Trail smelter.

Probably the Sullivan mine at Kimberly will be the premier producer of lead during the year, the shipments of ore from that property for the year to date amounting to 14,851 tons.

Shipments from the Nickle Plate mine at Rossland were resumed last week, that property sending 20 tons to Trail smelter.

For the week the total production in the Kootenay and Boundary districts amounted to 47,809 tons, making a total for the year to date of 981,659 tons. Smelter receipts for the week were 42,184 tons and for the year to date 805,537 tons. Shipments in detail:

DOMINION WILL MAKE TESTS FREE

Modern Laboratory for Experimental Concentration and Metallurgical Tests Ready by July

The mines branch of the department of mines has installed at Ottawa a modern well equipped laboratory for purposes of experimental concentration and metallurgical tests with Canadian ores and minerals.

The following lists of full scale and laboratory size apparatus will convey some idea of the magnitude and latitude of the plant:

Standard Size Machinery

Crushing and screening.—

One Hadfield & Jenks 12 by 18 in. Baker crusher; one Allis-Chalmers 24 by 14 in. "Style C" rolls; one Hardinge 4 ft. by 6 in. conical ball mill; one Ferraris 6 ft. screen for coarse sizing; one Keedy ore sizer, No. 3, for fine sizing; one Duplex Callow screen.

Sampling, recording, etc.

Sampling is provided for by two standard Vezin machines, placed in favorable position to cut out preliminary samples of coarse materials. The fine material will be sampled by an eight unit system of the Flood automatic samplers. Provision has also been made for hand sampling by means of the Jones riffled samplers. All water lines serving standard apparatus will be equipped with Keystone water meters, to enable the keeping of accurate records of water consumption.

Amalgamation and concentration.

One Allis-Chalmers five-stamp battery, with 1250 lb. stamps, equipped with a 10 ft. tilting amalgamating table, followed by a Pierce amalgamator. The mortar of this mill may be, if so desired, arranged for inside amalgamation; six Callow tanks, 8 ft. diameter, for de-sliming and setting; two Richards pulsator classifiers, launder type; one Overstrom sand table; one Deister slime table; one Richards pulsator two-compartment jig; one tandem unit Grondal magnetic separator, for wet separation of strongly magnetic minerals; one Grondal magnetic cobber, with dust collector for dry separation of strongly magnetic minerals; one Ulrich four pole magnetic separator, for either dry or wet separation of weakly magnetic minerals; one Huff electrostatic unit, comprising a standard generator and two laboratory size separators.

Small scale apparatus.

One Sturtevant 2 by 6 in. laboratory crusher; one Sturtevant 8 by 5 in. laboratory rolls; one Sturtevant 12 by 24 in. laboratory screen; one Braun planitary pulverizer; one Abbe six jar pebble mill; one gyratory screen (Hoover type), for making dry screen analyses with nested screens; one Richards combined laboratory pulsator jig and classifier, with glass side; one Grondal laboratory magnetic separator, for either dry or wet separation of strongly magnetic minerals; one Wilfley table, 2 in., laboratory size; one laboratory cyanide plant of 200 lbs. capacity, consisting of a Parrel agitator and air pump, with the necessary solution, zinc and sump tanks; two laboratory filter presses; one complete set of I. M. C. standard screens; one complete set of Tyler standard screens, after the Rittinger scale.

To Test One Free

The installation of an experimental roasting and sintering plant will be undertaken some time during the year.

The plant will be operated free of all charges, including assays necessary for test purposes, on Canadian ores, under the following conditions:

(a). Samples must be bagged and delivered to the plant free of all transportation and unloading charges.

(b). For small scale tests, not less than 200 lbs. will be accepted. For large scale tests, not less than five tons will be accepted.

c). All testing products are to become the property of the mines branch, unless otherwise arranged before commencement of tests.

(d). Reports of tests will be incorporated in the publications of the mines branch, but single copies will be given to owners of samples when their tests are completed.

Under ordinary conditions tests will be made by the mines branch officials, but arrangements may be made whereby engineers or other competent persons may supervise their own experiments.

It is expected that the plant will be ready for operation by the first week in July, 1913.

All communications regarding arrangements of tests should be addressed to Eugene Haanel, Ph. D., director mines branch, department of mines, Ottawa.

NANAIMO MINERS ARE COMING TO FERNIE

(By Daily News Leased Wire.)

VANCOUVER, B. C., May 18.—Many Nanaimo miners are leaving there for Fernie and other coalfields, where they expect to get work. The Nanaimo strike which was called by the United Mine Workers of America has been on for three weeks, and the outlook is not reassuring, and all Vancouver Island collieries are now closed and may remain so for many months.

SCURVY WAS FATAL TO HEROIC EXPLORERS

(By Daily News Leased Wire.)

WINNIPEG, May 18.—Capt. Raoul Amundsen, the discoverer of the south pole, passed through today on his way to Regina, where he will deliver a lecture on his polar experiences Capt. Amundsen reiterated his belief that scurvy, caused by improper preparation or preservation of their food caused the deaths of Scott's band of heroes.

UNIONIST WINS NEWMARKET

(By Daily News Leased Wire.)

LONDON, May 17.—The result of the polling in the by-election in Newmarket, caused by the death of Sir C. H. Rose, was: J. K. C. Dennison-Pender, Unionist, 5,251; George Nichols, Liberal, 4,400; Unionist majority, 851.

CANADIAN CADETS HAVE GLORIOUS TIME IN ENGLAND

LONDON, May 18.—The Canadian cadets now visiting here are having a glorious time. Yesterday they easily won a shooting match with the postoffice cadets. Lord Roberts will entertain them at Ascot and offers of hospitality are also coming from other notable quarters.

Attractive Summer Dress Designed by Paris Modiste.

New Spring Suits and Coats of Quality and Style

At "Good Value" Prices

Our present showing of Spring and Summer Suits and Coats include many distinctly novel style ideas—new adaptations from Fashion's centre.

The quality that we give you is far superior to any that you will secure elsewhere for the same money, and in every instance it is a quality that will give you the greatest amount of satisfaction and wear. Here is a strong combination of the lowest price, the highest quality and the latest and best styles.

The workmanship on all of the garments to be found in this assortment reaches the perfection found in garments at a higher price because of the careful, expert fashion in which they are tailored. At these attractively low prices they should find ready favor with even the thriftiest shopper.

Regular $25 Suits Now $18.95

Made of Mannish Serge, in Navy, Black, Brown and Tweed Mixtures, Coats in cutaway effect; Skirts in plain tailored style; some with knee pleats.

Ladies' and Misses' Spring Coats Worth up to $18 for $11.95

LADIES' AND MISSES' SPRING COATS—Made of lightweight Tweeds, Whipcords and Serges. Sizes 16 to 40. A Bargain that should not be missed.

Meagher & Co.

The Store for Style — Baker Street

CANADA'S SYMPATHY WITH STATES

(Continued from page one.)

an has not communicated with the governor since the receipt of his telegraphic message setting out his reasons for upholding the bill, but is simply waiting for the final act of signature before making reply to the Japanese note protesting against the legislation.

Steamers Chartered.
(By Daily News Leased Wire.)

LONDON, May 18.—It is stated here that a number of steamers have been chartered in England during the last 10 days by the American government with a view to replenishing the stock of coal for the use of American warships on the Pacific coast.

This sudden activity on the part of the navy department is regarded in shipping circles as an indication of the possibility that a demonstration in the Pacific is contemplated.

PORT ARTHUR CARS RUNNING.

(By Daily News Leased Wire.)

PORT ARTHUR, Ont., May 18.—So far as appearance go, the street railway strike is broken. Regular service has been given for some days on the main line, and today service on branch lines was started. The management announces that a night service will be commenced tomorrow.

SHIP SPRINGS LEAK SAILORS TAKE TO BOATS

(By Daily News Leased Wire.)

ST. PIERRE, Miquelon, May 18.—Twenty-six men of the French fishing brig Anemone arrived here today on the brigantine Surcouf, reporting the loss of their ship on the Banks last Friday. The crew had to take to the boats before the vessel, which had sprung a lead, sank. They were picked up by the Surcouf.

CONSERVATIVE CONVENTION TO NOMINATE CANDIDATE

(By Daily News Leased Wire.)

SASKATOON, Sask., May 18.—A convention of Conservatives will be held at Young, Sask., on May 22, to nominate a candidate to contest the Hanly by-election. C. C. McLellan of Young will likely be the choice.

Liberal Candidate.
(By Daily News Leased Wire.)

SASKATOON, Sask., May 18.—At a convention of Liberals at Hanly on Saturday, Macbeth Malcolm was chosen as the candidate to contest that constituency in the coming provincial by-election. The election was made necessary by Dr. J. W. McNeil vacating the seat.

SUFFRAGETTES ARE GAME

(By Daily News Leased Wire.)

LONDON, May 18.—While scenes of rowdyism in Hyde park were not so marked today as on recent Sundays when the suffragettes tried to hold meetings, many minor riotous scenes were witnessed. While they had to accept the protection of the police the women in many instances were always game.

Militants More Dangerous.
(By Daily News Leased Wire.)

LONDON, May 18.—The militant suffragettes yesterday made a slight change in their arson campaign. Instead of setting fire to unoccupied houses, they attempted to destroy a tenanted residence at Cambridge. The interior woodwork was greatly damaged and one of the university laboratories adjoining also suffered.

THOSE LOST CHANCES

If many young men knew just how many opportunities they lose in a single year of establishing themselves in a position from which they certainly could derive at least a comfortable income for the rest of their lives, if not of making their fortunes, they would wonder why they had been so stupid for so long.

Yet every day each young man holds in his hand the index or guide to success. The trouble is he doesn't know where to find it, and even if you tell him he will often say "Oh, what's the use? I don't believe that would do any good any way," and dismisses the matter with not another thought.

Yet The Daily News Want Columns are really an index to success if he will only use them. Young men with their futures before them should read the Want Ads daily. It only takes a few moments at the most, and in those few moments a bright and happy future may be placed within their reach through a tiny Want Ad. Its worth a try anyway.

WINNIPEGGERS MUST PAY MORE FOR WATER

(By Daily News Leased Wire.)

WINNIPEG, May 17.—A 10 per cent increase in all water rates in Winnipeg will be ordered by the city council within the next week or two and will take effect at the beginning of the next quarter. Increased cost in operation makes necessary providing for more money for the sinking fund in connection with the water department. This increase would add about $50,000 to the revenue of the department yearly.

EXPLOSION IN STOVE WAITRESS IS KILLED

(By Daily News Leased Wire.)

SOO, Ont., May 18.—An explosion of the waterfront in the cookstove of the International hotel this morning wrecked the kitchen and caused the death of Jane Junior, a dining room girl, and the injury of Frank Foy and another waitress. The cause of the explosion is not known.

Lustrous Hair For Women

Parisian Sage Starts Hair Growing and Increases Its Abundance

No Poisonous Sugar of Lead or Sulphur in Delightful, Refreshing Parisian Sage

If you haven't enjoyed the marvelous benefit derived from using refreshing PARISIAN Sage, the modern hair grower, beautifier and dandruff remedy, you have missed a real treat.

Every woman should use PARISIAN Sage not only to banish dandruff and other head troubles, but to prevent falling hair, baldness, grayness, and faded hair. PARISIAN Sage puts life and luster into any person's hair. It keeps the scalp and hair immaculately clean, and causes the hair to come in thick and abundant.

PARISIAN Sage is not a dye. It does not contain a particle of poisonous lead to discolor the hair or any injurious ingredient.

Get a bottle today. It only costs half a dollar and is sold at drug stores and toilet counters everywhere.

The Red Cross Drug Store guarantees it.

Summer Home Site

CANADIAN PACIFIC ONLY FEATURE OF MARKET

(By Daily News Leased Wire.)

MONTREAL, May 17.—Canadian Pacific railway was the one trading feature of the local stock market today, and as the rally was succeeded by another sharp break its influence was not conducive to further trading. Early in the day C.P.R. showed strength in London, selling at one time at the equivalent of better than 249, but a reaction set in before the local market opened and initial transactions here were at 237¾, or a point down from Friday's close. A brief rally to 238 was followed by a further decline under the leadership of New York and the price worked steadily lower through the rest of the morning, closing at the low 236¼, with a net loss of 2¼ points. Only about 600 shares were traded in locally but the stock was again a mysteriously active feature of the New York market. Power as usual took the cue from C.P.R. but little stock came out and at the low and closing price of the day, 220¾. Power showed a decline of only ¾. A 1- point decline in Iron to 48¾, a new high record of 43 for Dillcrest and a new low record for the year of 22¾ for Steel of Canada, common, were the principal price changes elsewhere. Brazilian was dull at 95¼ and closed unchanged at 95¾ bid. *Richelieu* was also unchanged at 113; Toronto Rails at 144 and Cement, common, at 29¼. Closing quotations in each case showed only minor variations. Textile fell back ¼ to 85¾.

In the unlisted department the chief change was a loss of ¼ in Brick, which sold at 8¾. Wayagamack at 31, Mexican Northern Power at 14¼ and Tramway Power at 34¾ were unchanged.

Total business, 11,993 shares, 283 mining shares, $4,300 bonds and debentures and 296 unlisted shares.

LONDON MARKET QUIET

(By Daily News Leased Wire.)

LONDON, May 17.—The stock market was quiet and hesitating today. The opening was higher, but the improvement disappeared under local buying and light continental selling, presumably owing to the strained Balkan situation. Mexican rails and rubber shares were the only exceptions. The closing was uncertain with American securities slightly easier. An upward movement followed but continental selling depressed most of the list in the last hour. The closing was dull with values ranging from ¼ above to ¾ below Friday's closing. The demand for money slackened and discount rates were easy.

SPECULATIVE INTEREST ABSENT FROM NEW YORK MARKET

(By Daily News Leased Wire.)

NEW YORK, May 17.—The effect of today's trading on quoted values of the stocks was slight. Speculative interest seems to have gone from the market and the business was only enough to preserve the semblance of life in the dealings. The narrow movements of the leading stocks were irregular with a lower tendency. After opening at a decline prices moved above yesterday but eased off again on the appearance of some selling orders. Not a few of the issues which frequently are active did not appear on the tape today. It was the second day in which there were no transactions in Lehigh Valley. Canadian Pacific was again under pressure and broke nearly 3 points. There was further pronounced weakness in the Rock Island and St. Louis and San Francisco issues, selling of which was a conspicuous feature of the trading. No authoritative explanation was offered of the weakness of the issues, declines among which ran from 1¼ to nearly 3 points. St. Louis and San Francisco, common, and second preferred, D. & R. G., preferred, Baltimore & Ohio, preferred, and Seaboard, preferred, made new low records for the year. Predictions of a substantial gain in cash by the banks as a result of the week's operations were fully borne out by the bank statement. The actual cash gain amounted to about $6,400,000. Changes in loans and deposits were small and $5,776,000 was added to the surplus reserve. Mercantile agencies in their weekly reviews reported the continuance of a fairly good volume of general business with some conservatism in buying for the future, influenced by prospective tariff changes. The general bond market held well in the face of weakness of some speculative issues.

Total sales, par value, $780,000. United States 2s and Panama 3s advanced ½ and United States 2s registered declined ¼ on call for the week.

WHEAT MARKET QUIET WITH PRICES WEAKER

(By Daily News Leased Wire.)

WINNIPEG, May 17.—The wheat market was quiet, with light trading and prices weaker, on lower Liverpool cables and general rains over the spring wheat belt where deficiency of moisture was causing some uneasiness. Opening prices were ¼c lower and following changes were narrow, closing ¼@⅝c lower.

American markets opened ⅛@⅜c lower, following which there was further fractional declines. Minneapolis opened ⅛c lower for all months and closed ⅛@⅜c higher. Chicago opened ¼@⅜c lower and closed ⅛@⅝c higher. Liverpool closed ⅛@½d lower; Paris, ⅛@⅜c up, Berlin, ⅜c up, while Budapest and Antwerp were unchanged.

The cash demand for all grades of wheat was practically nil and offerings fairly heavy, while export inquiry was slow. Cash prices were ⅝@¾c higher on contract and ⅛@⅜c on most lower grades.

Oats were in demand and prices firmer while flax was sold ⅜@⅝c higher. Cash oats closed ⅝@⅞c higher; flax 1⅛@1⅜ higher.

Inspections on Friday were 428 cars.

Winnipeg wheat, close—May, 92¾c; July, 93¼c; October, 80¼c.

Minneapolis, close—May, 87⅝c; July, 89½c; September, 90c.

Chicago, close—May, 90c; July, 88¾c; September, 88¼c.

Winnipeg oats close—May, 34⅝c; July, 35½c; October, 36½c.

MARCONI SHAREHOLDERS WANT MONEY BACK

(By Daily News Leased Wire.)

LONDON, May 18.—A suit is about to be brought in the English courts to test the legality of the pool which operated in American Marconis a year ago—that is to say at the time Sir Rufus Isaacs, David Lloyd-George and the Master of Elibank bought the shares which led to the famous Marconi "scandal". Another object of the suit is to attempt to recover for the innocent investors their losses in the stock which dropped from the high price of $20 a share, at which many of them bought, to $5.

The charge is made that the American members of the pool threw the *150,000 shares they held on the London* market after the English members had rushed the price to $20 and that this action broke the market, which thereafter, never recovered, having fallen steadily since the American members of the pool unloaded. An advertisement is inserted in the Morning Post by Raymond Radcliffe, editor of the Stock Broker, with the object of forming an association of stockholders for concerted action. Mr. Radcliffe says:

"A large number of the people who lost money in the gamble will have a fair chance of getting their money back. I propose to put the case before counsel at my own expense and if the opinion given is satisfactory I will call a meeting of Marconi shareholders with a view of taking concerted action. Numbers of people had written me whether or not something can not be done toward restitution of money lost and in the opinion of a well-known firm of city lawyers there is a prima facie case for questioning the legality of the pool. Here is the position as we know it:

"Godfrey Isaacs, William Marconi and others went to America and made a deal with the defunct United Wireless company which then combined with the hitherto unsuccessful American Marconi company whose capital was increased to $10,000,000. The English Marconi company guaranteed $7,000,000, of which Godfrey Isaacs made himself personally responsible for 500,000 shares. Of these 250,000 was sold to Heyburn & Groft at ½ per cent premium, 50,000 at 18 per cent premium and 50,000 at 17 per cent premium.

"Henry Isaacs took 46,000 shares; Sir Rufus Isaacs, 10,000; William Marconi, 10,000, and the Marconi directors and employes 31,500, while the American group took 150,000, so that about 600,000 shares were tied up among those responsible for the coup. When the market opened the quotation was $16. The price was rushed up to $20, but by the time the quotation arrived at this figure it was 4 o'clock and the Americans were able to come in and sell. This broke the market and the price steadily declined until it is now $5.

"Two questions are to be decided First, does the commission set forth constitute a legal pool, and secondly as many brokers obtained the shares much under the coming out price, can not those who purchased shares through these brokers secure a return of their money?"

AMERICAN BEEF TRUST FIGHTING FOR MARKETS

LONDON, May 18.—It is estimated by importers that 70,000 quarters of beef were sold here last week at a loss of *15 shillings a quarter.* In other words the meat was sold here at the same price as it cost in Argentina.

"Do the Americans do this for fun?" asked one dealer.

"It is reasonable to suppose they have an object in view. It must be remembered that this is the season when the importers make their profits.

"The Washington government is removing the tax on meats mostly because it failed to break up the power of the trust and it is natural therefore to suppose that the trusts' intention is to retaliate with the object of preserving its own field and monopoly by crushing or greatly weakening competition in other parts of the world and gaining control of the trade in all parts of the world.

"The hopes of the independent shipowners rest in the Argentine government doing something to preserve fair competition in the interest of its own estancieros and the consumers."

COMPANY INCORPORATED.

OTTAWA, May 18.—The Spencer Grain Company, Limited, of Winnipeg has been incorporated with a capital stock of $149,000. The provisional directors are: L. B. Spencer, E. S. Farewell, A. E. Rowles and H. L. Jackson.

GERMAN EXPEDITION MET DISASTER

Relief Parties Confirm Fears of Big Disaster—Another Tragedy of Far North

(By Daily News Leased Wire.)

LONDON, May 18.—Details of one of the worst tragedies of modern Arctic exploration are filtering through from Widge Bay, the northernmost point of Spitzbergen, when the German expedition under Deuschroder-Stranz was lost during the winter.

The exploring party which was composed of 11 Germans and five Norwegians, set out in June last in the ship Herzog Ernst, under command of Captain Ritscher. In August the ship ran short of provisions and was resupplied by the Hamburg-American liner, Victoria Louise, which was cruising in the Arctic with passengers. Nothing further was heard of the party until Ritscher arrived alone at Venlan Bay, after a long overland journey, and reported that disaster had overtaken the expedition at Widge Bay.

Ritscher held out little hope of the members of the expedition being rescued, but two of the party set out, one Norwegian, the other an employe of the Northern Exploration company.

The latest news from these relief parties confirms the worst fears of a big disaster.

SAYS WEALTHY MEN OF ENGLAND INTERESTED

"The moneyed classes of the Midlands look very kindly upon Canadian investments.

"The writer has had two interesting *tours through every province of your* Dominion and it is entirely due to his impressions that so much space in the columns of the Birmingham Gazette has been devoted to Canada," writes Charles W. Scarmer, managing director of that newspaper, in a communication referring to an excellently prepared Canadian supplement which has been issued at Birmingham, England.

"This is not intended as a puff for emigration or as an advertisement sheet, but as an appeal to thoughtful men to take more interest in your great country," he declares.

BOOM IN ENGLAND

(By Daily News Leased Wire.)

NEW YORK, May 18.—A. Barton Hepburn, chairman of the executive board of the Chase National bank, who has been hunting big game in the Nlaeobi district and who arrived home yesterday, was strongly impressed on his return to Europe with the great prosperity and business activity of Great Britain.

"The wave of prosperity in England today," he said, "surpasses any previous boom. The textile industries are working under high tension and all other industries have about all the business they can handle. The British shipyards are full and recently an English company was forced to make a contract with a French company to *build four 14,000 ton ships in France.*

COMPANY REINSTATED.

The Albion Mining company of Ainsworth was reinstated on the list of companies in this province by Mr. Justice Murphy on Saturday morning, following an application by E. C. Wragge.

LIQUIFIED GAS NEW CURE FOR LEPROSY

(By Daily News Leased Wire.)

PARIS, May 18.—Prof. Raous Pictet of Geneva, inventor of liquified air, announces that he has discovered "a cold cure" for leprosy. Recent experiments carried on by American doctors in Hawaii have been entirely successful. Lepers have been subjected to local application to the diseased parts of liquified carbon dioxide at a very low temperature. The intense cold has gradually destroyed the microbes of leprosy and the diseased flesh has regained its original health and color.

ARIZONA'S ANTI-ALIEN LAND ACT PASSED

(By Daily News Leased Wire.)

PHOENIX, Ariz., May 18.—Governor Hunt has signed Arizonas new alien land bill. It prohibits any alien, whether of Caucasian or Mongolian descent, from owning land in Arizona, who has not declared his intention of becoming a citizen.

The law bars not only Asiatics, who can not become citizens, but also many wealthy Mexicans, who live on the American side of the line, but who have maintained their allegiance to Mexico.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district of which *the rights applied for are situated.*

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

Poultry Keeping in the Kootenays

The Broody Hen---Does She Pay?

(W. N. Scott, Nelson, B. C.)

In starting a poultry business or choosing a breed, every breeder faces a dilemma. To get maximum results shall he choose a non-setting breed, or one that is known to make good mothers. It looks more profitable at a glance to have a flock that goes on laying straight through April, May and June, the worst "broody" months, and not have them fussing around wanting to set. One does not have to be in the business very long, however, before realizing the handicap of having a non-setting breed. In the *early part of the winter when eggs* are scare and fertility uncertain and cold nights make incubators and brooders unreliable, the broody hen is a valuable asset when one wants a few extra early birds from a choice breeding pen. It seems a loss to take her off the job in February with eggs at 50c a dozen, but eggs are generally as high or higher in September and October, and a few early pullets laying then will soon make up for all the mother missed earlier in the season.

Several breeders endeavor to compromise by keeping two breeds, a non-setting and a broody variety. This works out very well when one has the facilities to handle an active and a heavyweight breed successfully. Per*sonally we prefer not to mix them, as* even a few leghorn chicks in a brooder or flock of Rocks, Wyandottes, Orpingtons or Reds, will make them all as wild as themselves.

The purpose of this article, however, is not to discuss the relative merits of setting and non-setting breeds, but granted that we have a bunch of brooders on our hands does it pay to break them up or let them set?

To intelligently get at the matter let us consider for a moment what is "broodiness". Primarily it is the expression of the maternal instinct. The demand of nature for the perpetuation of the species. The body temperature rises and the hen is really in a febrile condition. Its a shame how some *poultry men treat their hens* when in this condition. "Cross," "cranky," "full of fight,"—sure they are, and so would you be if your temperature were 103 and your wife took you by the neck and fired you out of bed a few times a day. "Persistent," they certainly are, but remember the persistency we cuss when we don't want them to set, is the very quality we desire when we do. When we consider that broodiness is but the outward manifestation of a natural maternal instinct and is accentuated by a fertile physical condition it is self-evident that if we must "cure" it in a particular case, that the remedy should be administered as kindly as possible.

Broodiness in a hen, however, is more than the demand of nature for the perpetuation of the species. It is also the demand of nature for the rest and recuperation of the bodily functions of the individual. Reproduction makes a heavy drain upon the vitality *and the heavier the hen has been lay*ing the more urgent is the demand for rest and repair. If a hen is properly fed and looked after during the brooding period, instead of absorbing into her system all the immature eggs in the oriduct and then burning up all the surplus fat and flesh she carries, and coming off with her brood with pale, bloodless head and wattles, she will be rested and in better condition not only to mother her brood, but to again take up the onerous strain of reproducing her kind.

By being "properly fed and looked after" I do not mean simply to have feed and water set constantly before them. While self-preservation is the first law of nature, there are times in the life of every species when self-preservation becomes subservient to the instinct of reproduction and the protection of the offspring present or yet to be. Every observer has noted how closely a hen will hug the nest as the *animal heat in the eggs* rises with the development of the chick and how closely they sit from the time the first peep of the chick in the shell reaches the mother ear. While a hen has enough natural reserve force to keep her alive with very little food during the 21 days incubating period, to allow her to do so is to burn out of her system what it will take weeks to replace and leave her exhausted and week to assume the responsibilities of motherhood and properly care for her brood. The hens should be lifted carefully from the nest once a day if they do not come off themselves and not permitted to return to the nest until they have eaten. We have had hens sit for nine weeks, bring out three broods and then come off red in head and in good plump condition.

As to whether it pays in the end to let a hen set and hatch out a brood the editor of the Iowa Homestead gives his experience as follows: "A dozen of our best layers became broody at the *same time.* Half of them we penned in separate coops to break up and the other half we set and by the third week they had all started again. Of course those hens setting were not laying. All the time *they were busy hatching the eggs were* beinning to count up for the six we would not allow to set.

"In order that we could make no mistake in our experiment we kept the six hens in a separate flock. At the end of three weeks we had six broods of chicks, and in two weeks after that, the hens with young began to drop eggs. Hardly had the latter begun laying when two of the hens we broke up again became broody. It was nothing but fighting those first six.

At the end of the year we found that the six hens not allowed to set had given us several more eggs than the six hens we set, while the latter raised for us 42 fine chickens. Now which beat."

Our experience is exactly along the same lines. We find that hens that are not allowed to set may lay a few more eggs but very few. Theoretically a hen should start right in laying the moment she is ordered off her broody nest, but she won't. She will loaf about a week or two and keep growling and fussing and fighting with everything that comes in contact with her and if you pen her alone, she will keep from laying all the longer. After a broody rest they usually start in strong, laying daily for a time, evidencing the increased strength and vigor gained by the rest.

Even when it is too late in the season to profitably let them set it will *save the trouble and worry of re*peated broody spells to let them set quietly on China egs or door knobs for a couple of weeks. Of course it is not always advisable to let a hen set when she takes the notion. She may be in a select breeding pen and it may suit your convenience to let her take a holiday later. If so, remove her from the nest the first night she stays on. It is much easier then, than if allowed to go a few days.

Numerous are the expedients adopted to break up a broody, some mild, some severe, varying with the different breeds and the persistency with which the fever stays with them.

One of the simplest and most effective is a light slatted coop, working *on a pivot and suspended from the* ceiling. Every movement of the bird caused the coop to rock and sway, producing a dizziness akin to seasickness, which very quickly dispells the broodiness. Give plenty of feed and water to allay the feverish condition rather than starve them as our grandmothers did.

ANOTHER ARCTIC EXPEDITION

(By Daily News Leased Wire.)

NEW YORK, May 18.—The George Boreup expedition to Crokerland, under the auspices of the American museum of natural history and the American Geographical society, will leave New York on July 2 for two years *exploration in the Arctic region.* Donald Macmillan, one of Peary's lieutenants in the 1908-09 polar expedition, will lead the party. The expedition was originally planned to start last July, but the death of George Boreup, who was to have been a co-leader with Mr. Macmillan, necessitated the postponement.

The scientific investigation of Crokerland will be attempted. This land was seen by Peary from the summit of Cape Thomas Hubbard on June 30, 1906, and named Crokerland in honor of the late George Croker of the Peary Arctic club.

IMMEDIATE DISARMAMENT NOT PRACTICABLE

(By Daily News Leased Wire.)

CHICAGO, May 18.—Immediate disarmaments is not the plan of Sir Arthur Lawley and British delegates here in the interests of the 100 years of peace among English speaking peoples.

"General disarmament must be preceded by the elimination of the world's system of all causes for war," he said. "The political situation in Europe is such today that we in Great Britain *whose environment is far* different from yours, may do more to preserve the peace of the world by strengthening our forces than by any other means, so that England may be strong in the councils of nations that her mandate for peace shall not be disregarded."

SIXTEEN THOUSAND DOLLARS WAS EXPLORER'S FORTUNE

(By Daily News Leased Wire.)

LONDON, May 18.—The estate left by Capt. Robert F. Scott, the British explorer, who perished on his way back from the south pole, amounts to $16,500, according to his will, which was offered for probate yesterday. *King George gave an audience yester*day to Commander Evans who was second in command of the Scott expedition and heard from him a narrative of their travels and the tragedy. The King conferred on Commander Evans the order of Commander of the Bath.

ANXIOUS TO TRADE BUT UNWILLING TO WORK

(By Daily News Leased Wire.)

LONDON, May 18.—An adventurous journey among the pigmies of northwest Guinea was described at the Royal institute last night by Capt. C. G. Rawling. Of the 400 men on the expedition which was organized by the Ornothologists union, assisted by the Royal Geographical society, only 11 lasted to the end of the journey. The party landed on the southwest coast of Dutch West Guinea. They found the natives anxious to trade, but unwilling to work. They flew to arms on the slightest provocation, men and women alike. After many vicissitudes the expedition reached the highlands occupied by the hitherto unknown pigmy tribe of tapiro. The average height of the men was 4 ft. 3 3-4 in. Taken as a whole they were well developed and wiry. Many wore beards, the older men dyeing their hair bright red.

NELSON NEWS OF THE DAY

Born, on May 17, at Westley, B.C., to Mr. and Mrs. E. Lahale, a daughter.

Dr. M. J. Vigneux made a professional visit to Westley on Saturday.

Mrs. S. D. Brooks of Vancouver is *visiting her sister, Mrs. A. D. Netherby* of Nelson.

The Woman's Hospital aid will hold a special meeting this afternoon at 3 o'clock at the Y.M.C.A. parlors.

Water in the west arm is continuing to rise slowly, coming up only 2½ in. during the past 48 hours, according to the guage of the Nelson Boat & Launch company.

Ernest Levy, manager of the Le Roi No. 2 mine at Rossland and the Van-Roi at Silverton, arrived from Rossland *last night and registered at the Hume.* He will leave for Silverton this morning.

AT THE THEATRES

Messrs. Adams and Hough wrote the book and lyrics for the spectacular musical production, "The Prince of To-night," coming to the opera house on May 26. The music is in Joseph L. Howard's best vein and the score abounds in numbers that are whistled, the surest test of popularity. Among them are: "Her Eyes Are *Blue for* Yale," "Tonight Will Never Come Again," "I Wonder Who's Kissing Her Now," "I Don't Want to Marry Your Family," "Can it Be Love," "The Girls That Can Never Be Mine," "The Best Thing That a Waiter Does is Wait," and "Follow the Rainbow Trail." T. Arnold assumes the title role and will be surrounded by a company of some 50 people.

MUST USE PHONE FOR FIRE ALARM

New System to Be Installed at Fire Hall Today—Bell Likely to Ring Frequently.

If a fire breaks out in Nelson today use the telephone and not an alarm box to send in a call for the brigade, and do not expect an outbreak every time the bell rings.

The reason is that today the new electric automatic alarm and striker will be installed at the new fire hall and consequently the alarm boxes will be out of commission. The installation of the system will make it necessary for the bell to be tested, probably *frequently.*

Just Arrived—Another Shipment of Pretty New York Styles in

OFFICES CLOSED DURING FUNERAL

Representative Railway Men Honor Memory of W. E. Davis—Was Popular Railway Official.

(By Daily News Leased Wire.)

MONTREAL, May 18.—A remarkable tribute to the memory of a much-esteemed and widely known railway official was shown by the attendance of railway men and prominent citizens at the funeral on Saturday of the late W. E. Davis, passenger traffic manager of the Grand Trunk Pacific railway system. Probably never before in the history of Montreal, excepting at the funeral of Mr. Davis' late chief, President C. M. Hays, has there been such a gathering of representatives of Canadian and United States railways and the funeral was one of the largest and most impressive ever seen in this city.

At 7:30 a.m. a special train left Bonaventure station with a large party of railway men and other friends of Mr. Davis on board. On arrival at Ste. Anne de Bellevue motors and carriages were in waiting to convey the members of the party to Ashleigh, the beautiful residence which Mr. Davis had erected with a view to spending in it the evening of his life, as he was looking forward to his early retirement from active service.

Here the impressive service of the Anglican church was conducted by Rev. C. F. Lancaster, rector of the parish of Ste. Anne, while near him stood Rev. Father McShan of St. Patricks church, Montreal, and Rev. Dr. Robert Johnson of the American Presbyterian church, Montreal, the association of these three at the service being an evidence of the wide range of Mr. Davis' personal friendship with leading clergymen of different creeds.

After the service the funeral procession was formed and proceeded to the depot of Ste. Anne, where the funeral train was in waiting. The casket was placed in the official car Muskoka, the exterior and interior of which was heavily draped in black. Three passenger coaches carried the mourners.

Meanwhile, an even larger party had gathered at the Bonaventure station here. There were no official pallbearers, the casket being carried by members of the undertaker's staff. All heads were bared as the casket was carried through the station to the hearse on Chabeilles square, where the procession was re-formed for the final journey to Mount Royal cemetery.

While the funeral was in progress all flags on the Grand Trunk system, from the Atlantic to the Pacific, were flown at half mast, and the city ticket offices in Montreal, Ottawa, Quebec and other cities were closed for half an hour.

Harms Students More Than Most Anyone Else

The Chief of the Presbyterian Hospital in N. Y., Dr. Fisher, tells one very easy way to avoid some physical ills.

His comments on

TEA and COFFEE

are most interesting (see letter in southeast corner).

If the subject appeals to you, try leaving off tea and coffee entirely, use Instant Postum and carefully note, day by day, the return to health and strength.

A level teaspoonful of Instant Postum in an ordinary cup of hot water dissolves instantly and makes it right for most persons.

A big cup requires more, and some people who like strong things put in a heaping spoonful and temper it with a large supply of cream.

Experiment until you know the amount that pleases your palate and have it served that way in the future.

Postum comes in two forms.

Regular (must be boiled).

Instant Postum doesn't require boiling, but is prepared instantly by stirring a level teaspoonful in cup of hot water.

"There's a Reason" for POSTUM

Canadian Postum Cereal Co., Ltd., Windsor, Ont.

SPEAKS OUT

Dr. C. Irving Fisher, for a quarter century at the head of New York's great Presbyterian Hospital, says in the New York Times of March 23, 1913:

"Coffee poisoning is becoming constantly more common in this country, especially among students, whom it harms more than it would harm almost anybody else.

"Coffee intoxication does not lead to wife beating, but its physiological effects upon some of its victims are almost as bad as those of alcoholic poisoning.

"We continually find at the various clinics signs of the harm done by the excessive use of tea and coffee among children.

"Surely this is quite preventable.

"Children not infrequently appear whose nervous and digestive systems have been wrecked by these two beverages."

NELSON NEWS OF THE DAY

Mrs. Ernest Norman of Mirrow Lake is at the Strathcona.

James Thompson of Victoria is a guest at the Strathcona.

H. E. Dill returned on Saturday via Spokane from Victoria.

Mr. and Mrs. C. M. Campbell of Phoenix are at the Strathcona.

William Noon of New Michel has been appointed a notary public.

H. Broadwood of Bonnington Falls was in Nelson on Saturday.

There will be a session of the county court this morning at 10:30 o'clock.

J. Billings will leave on the Crow boat this morning for Metapedia, Que.

C. E. Clayton of Kokanee was a visitor to Nelson on Saturday, registering at the Hume.

A. C. Yoder, *the Nakusp lumberman*, reached Nelson last night and registered at the Hume.

S. G. Brewster of Fruitvale and William R. Salisbury have been appointed justices of the peace.

The semi-annual court of revision of the provincial voters list will be held at the courthouse this morning.

J. A. Irving of this city has been elected to the executive of the British Columbia Methodist Laymen's association.

E. G. Matthew arrived home on the Crow boat last evening from Toronto, where he has been attending classes at Toronto university.

J. J. Martin, barrister, of Fernie, has been appointed a commissioner for taking affidavits, according to last week's issue of the British Columbia Gazette.

Guy Lowenberg and W. S. Watson of Creston, justices of the peace, have been given furisdiction under the Small Debts Court act for a radius of 15 miles of Creston.

Claims to water rights in the Cranbrook and Fernie districts and objections to such claims will be heard by the provincial water commissioners at Cranbrook on June 16 and 17, at Fernie on June 18, at Elko on June 19 and at Fort Steele on June 20.

A. B. Trites of Fernie and George B. Stedman and T. E. Murphy of Michel have been appointed as government directors of the hospitals in their respective cities.

The third degree will be conferred at the regular meeting of Kootenay lodge No. 16, I.O.O.F., tonight. It will also be the second night for nominations for officers for the ensuing term.

Arrivals on the Crow boat last night were greatly impressed by the new tungsten standard lights between the wharf and Baker streets, the new system being now in operation along Baker street and between *that thoroughfare* and the waterfront.

A Sacrifice
15 acres of bearing orchard, beautifully situated, overlooking Bonnington Falls. Must be sold this week.
The orchard yielded between six and seven hundred boxes of apples last season. There is a large modern house on the ranch. The land is level and free from stone.
We are instructed to offer this property at at least 25 per cent below its market value. The owner must have $3,000 cash; the balance can be made in payments to suit the purchaser. Full particulars on application.

Hundred Year Clubs
Believe Life May Be Prolonged.
Men who are devoting their lives to the study of longevity believe that in days to come a man of ninety will be in his prime, and old age will begin long past a hundred years.
Scientists have proved that the simple life, temperate habits, exercise, and an active mind are essential to a long and happy life.
When the blood gets thin and sluggish and creeps lazily through the veins, and the arteries begin to harden, there is nothing that will enrich the blood, improve the circulation and restore strength to every back-sliding organ in the body so quickly as our delicious cod liver and iron tonic, Vinol. Here is proof.
Mrs. Michael Bloom of Lewiston, Pa., at 83 years of age, was so weak she had to be wheeled around in an invalid's chair—she writes that after taking a few bottles of Vinol she could take long walks and do her house work. That shows how Vinol strengthens old people.
Try Vinol on our guarantee that it will do you good or cost you nothing. Rutherford Drug Co.

MOTHER OF WESTLEY MAN CROSSES DIVIDE

After being confined to her bed for the past 10 days, suffering from heart disease, Mrs. Louis Lahaie passed away at 2:45 o'clock yesterday afternoon at her home, 321 South Sarah street, at the age of 61 years, says the Escanaba Morning Press. Although Mrs. Lahaie had been a constant sufferer from heart disease for the past 10 years, she had been confined to her bed only during the past 10 days.

Mrs. Lahaie was born at Buckingham, Quebec, on October 2, 1851, and on April 20, 1873, she was married to *Louis Lahaie, after which they removed* to Marinette, Wis., where they made their home for a number of years. On May 28, 1889, Mr. and Mrs. Lahaie came to Escanaba and have since made this city their home. Five children, three boys and two girls, were born to them. The boys are Joseph H. Lahaie, 1108 South Sarah street; Lewis Victor Lahaie, 321 South Sarah street, and Edward Lahaie of Wesley, B. C. The girls are: Mrs. Norah Carr, 321 South Sarah street, and Miss Anna Lahaie of 321 South Sarah street.

With the husband, seven grandchildren and three brothers survive. All relatives of Mrs. Lahaie have been notified of her death and a greater share of them will probably arrive in the city tonight.

Mrs. Lahaie was a member of St. Patricks court of the Catholic Order of Foresters and also a member of the Cora hive of the Lady Maccabees, both of which are making arrangements to *attend the funeral in a body.*

The funeral over the body will be conducted from St. Patricks church tomorrow morning at 9 o'clock, Rev. Father Barth will officiate. Burial will be made in St. Anne cemetery.

Mrs. Lahaie was widely known and highly respected in Escanaba and to all the announcement of her death is received with deep sorrow.

HEARNE GETS ONE YEAR FOR BIGAMY

Sentence to Date From Time of Arrest—Assizes Are Closed Sine Die on Saturday Morning.

One year in jail from the date of arrest, about one month ago, was the sentence inflicted by Mr. Justice Murphy *at the closing session of the Nel*son spring assizes on Saturday morning on Michael J. Hearne of Rossland, who pleaded guilty to a charge of bigamy.

Hearne married Miss M. Evans of Rossland while his wife was still living at Butte, Mont., but claimed that he did so as a result of letters from ex-Mayor Tanner of the Golden City.

When sentence had been passed the registrar declared the assizes closed sine die.

SLEPT ON TRACK KILLED BY TRAIN

Robert Burns Met Death on Rossland Line on Saturday—Was Lumberjack.

Going to sleep on the Canadian Pacific railway track between Castlegar and Trail, Robert Burns, a lumberjack, was killed on Saturday by a special ore train, three cars passing over his body and practically separating the head from the trunk.

He was about 45 years of age, unmarried and worked until recently at the Edgewood Lumber company's mill at Castlegar. He lived for some time at the Occidental hotel at Nelson and until a few days ago was in the hospital at Trail.

Little is known of his relatives, but his mother is believed to be living, although her place of residence has not been ascertained. The body was brought in to Nelson on Saturday.

The accident occurred soon after noon at a point 15 miles from Castlegar.

PAVING NEEDED REMARKS VISITOR

Forestry Department Inspector Remarks on Improvements in Nelson Since Last Time Here.

While admiring the new tungsten lighting system on the main streets and impressed by the new buildings and the growth of Nelson since he was last here in the fall of 1910, W. C. Gladwin of Vancouver, inspector for *the provincial forestry fire department*, is emphatic regarding the need for a permanent paving on the business thoroughfares.

At the Hume last night Mr. Gladwin, who will be in this district for about two weeks, spoke emphatically of the advantage to property owners and the public which would follow the laying of a permanent form of paving, and remarked that a start should be made at the earliest possible date, even if only two or three blocks could be completed this year.

Speaking of the fire prevention work of the forestry department, Mr. Gladwin stated that the railroads in the province were making great improvements to their right-of-way and that the department would extend its efforts to prevent loss of timber from forest fires this year by still further augmenting its large staff of wardens and inspectors.

RETURN FROM WAR WILL BRING NEW SETTLERS

(By Daily News Leased Wire.)
MOOSE JAW, Sask., May 18.—Men who had been fighting in the Balkan war passed through the city today en route to work in the railroad camps further west. They state that nearly all those who responded to the call to arms will return and will bring others with them when they have heard of the possibilities of western Canada. So far, only a few have arrived, but several hundred more are expected next week.

FIREBUG BUSY AT MOOSE JAW

(By Daily News Leased Wire.)
MOOSE JAW, Sask., May 18.—Last week a livery stable at Spenz was burned to the ground and today another was burned. A week ago an attempt was made to burn the Carleton hotel, but the fire was discovered before it had made much headway. Rod McIntyre, well known locally, has been arrested and this week will receive his preliminary hearing on two charges of arson and one of attempted arson.

ARRESTED FOR COMPLICITY IN WESTMINSTER ROBBERY

(By Daily News Leased Wire.)
CHICAGO, May 18.—Charles O'Leary and William J. Lawler, said by the police to have passed some of the money stolen from the Bank of Montreal at New Westminster, B. C., were arrested here.

AUTUMN SITTTINGS OF EXCHEQUER COURT

OTTAWA, May 18.—The autumn sittings of the exchequer court in western Canada have been fixed as follows: Prince Rupert, schedule; Vancouver, October 4; Victoria, October 8; Calgary, October, 14; Regina, October 20; and Winnipeg, October 23.

EMIGRANTS LEAVING GREAT BRITAIN IN THOUSANDS

LONDON, May 18.—A Glasgow despatch says another 2,000 Scottish emigrants left that port for Canada and the United States yesterday. The Pretorian carried 450 for Quebec and Montreal; the Athenian 650 for Montreal, while the Cameronia embarked 900 for Canada and the United States.
