STATES FAITH IN CANADA'S FUTURE

Perley Speaks at London Dominion Day Dinner

PRINCE ALEXANDER AMONG SPEAKERS

Cabinet Member Touches on Financial Conditions, Immigration Policy.

(Canadian Associated Press Cable.)

LONDON, July 1.—Dominion day was generally celebrated in the Canadian colony here. Hon. G. H. Perley and Mrs. Perley gave a reception this afternoon and the customary dinner in the evening was attended by about 500 people. Mr. Perley presided. The principal guests were Prince Alexander of Teck, Colonial Secretary Harcourt, Henry Bourassa, Sir Thomas Skinner, Lord Emmott and John Stanfield.

The following cable from Premier Borden said:

"We can all congratulate each other very heartily on this forty-seventh anniversary of confederation and that the progress of less than half a century's existence has been so splendidly and securely founded. Pray assure the gathering also that the Canadian people are fully conscious of their responsibilities as possessors and trustees of a wonderful inheritance and are fully resolved to assume and perform their just part in maintaining the integrity of the Empire."

Sir Charles Tupper wrote:

"You will be able to give the most abundant assurance that the depression which Canada feels for the moment, in common with the rest of the world, will soon pass away and be followed by prosperity as unparalleled as that she has enjoyed for so many years."

Mr. Perley had a magnificent reception on proposing the toast "The Dominion," and opened with a graceful reference to the late Lord Strathcona. Passing on to a review of the general conditions in Canada he claimed the Dominion had passed through a period of depression as well as any other part of the world.

Canadian Businessmen Honest

"I stand up for Canadian business honesty and probity as being as great as anywhere in the world but at the same time the investor should exercise his usual wise care and caution before deciding what he had better invest in. If you buy town lots in outside subdivisions or make purchases of oil shares you are really entering into a speculation rather than an investment and the country should not be blamed if it turns out wrong.

"I am sure the manner in which the Borden government has handled the railway situation must commend itself to investors here. When we came into office we found two great transcontinental railways under construction. Many people say that the Laurier government would have been wiser in encouraging building of only one at a time. However this may be, the present government found that further assistance would be required. It looked carefully into the situation and parliament authorized a guarantee for a further $45,000,000 debenture issue necessary to complete the Canadian Northern railway. It was felt that this road should be finished as soon as possible as it was of practical use to the people of Canada also to protect investors here who had already put money in it.

"After many conferences with the Grand Trunk president, legislation has been passed to provide a further guarantee of $16,000,000. I mention these simply to show that Canada has every confidence in her own future; every intention to carry out in good faith all her undertakings.

Immense Natural Resources

"With regard to the future and the pessimistic suggestions which I understand are put forward by some here that our growth has been too rapid, I only wish every one could travel through Canada and see the country for himself. Our immense natural resources are still there, unaffected by any financial conditions.

"There have been reports lately of lack of employment in Canada, but these reports are a good deal exaggerated. At the same time we feel for the present it is not well that any should emigrate without means.

"We all have temporary difficulties, but I have abiding faith in Canada's future development and investments wisely and carefully made must in the long run bring in good returns. I believe strongly in the future and the destiny of Canada will in time become as great and strong as our powerful neighbor to the south."

The Duke of Argyll and Earl Minto proposing the health of Prince Alexander of Teck, promised him a hearty welcome, declaring the success of his distinguished predecessor had gone beyond the most sanguine expectations.

Prince Alexander, in responding, followed his usual practice of reading his speech, in which he briefly reviewed some noncontroversial aspects of Canadian life and character, assuring his hearers how eagerly the princess and himself looked forward to life in the Dominion.

HUERTA MAKES GRIM THREAT

VERA CRUZ, July 1.—"Before I resign half the people of Mexico City will die with me," is the remark President Huerta is credited with having made to friends on Monday afternoon while sitting in a Mexico City cafe at tea.

The party was discussing the efforts of the mediators at Niagara Falls. General Huerta was more grim and taciturn than usual and showed little of his accustomed jocularity.

WINNIPEG CITY MAKES DONATION

Will Send Thousand Dollars to Dependents of Victims of Hillcrest Disaster.

(By Daily News Leased Wire.)

WINNIPEG, July 1.—Winnipeg will send $1,000 to Hillcrest to the fund in aid of the widows and children of the men who lost their lives in the recent mine catastrophe. The council passed the item last night at the special meeting.

ASSASSIN GLORIES IN FOUL MURDER

Prinzip States He Does Not Regret Killing of Archduke and Duchess.

(By Daily News Leased Wire).

SARAYEVO, July 2.—Martial law has been proclaimed at Tuzla and Maglaj because of the serious rioting in these towns, where much Servian property has been destroyed.

The preliminary examination by a magistrate yesterday into the assassination of the archduke and his wife showed that it had been the intention of Prinzip to commit the deed at the time of the maneuvers at Tarzina, but the plan was abandoned owing to the strict military guard which prevented any outsider from approaching the archduke.

During the preliminary examination Prinzip gloried in his guilt. He described the killing of the couple and declared that it had been his intention for a long time to kill prominent Austrians. He had read much anarchistic literature and had become convinced that there could be nothing on earth finer than to be an assassin.

"I do not regret the deed," he said. "I had nothing to do with the bomb attack. When I heard the explosion I exclaimed: "There are still people who think and feel as I do.' This strengthened my resolve still further."

No evidence has as yet been found against any other prisoners arrested with the exception of Gabrinovich. They were taken into custody because of their personal acquaintance with the assassins.

There was rioting yesterday also at Arevo and Gubello in the Stolace district, where Servian churches were stormed and destroyed by mobs.

LEADING WESTERN FINANCIER DEAD

F. W. Heubach Succumbs at Winnipeg. Was Vice Consul for Mexico in Canada

(By Daily News Leased Wire.)

WINNIPEG, July 1.—The death took place today of F. W. Heubach, one of the best known financial men in Canada. For seven years Mr. Heubach has been a sufferer from kidney trouble and it was this ailment which brought on his fatal illness. He was 45 years of age.

Hon. Robert Rogers, an old friend of Mr. Heubach, was at his bedside with the immediate relatives of the family when the end came.

Mr. Heubach was born in Ottawa in 1869 and when he came to Winnipeg entered the land department of the Hudson's Bay company. He became president of the Winnipeg industrial exhibition on the formation of that body. In 1902 he formed a partnership with W. J. Christie, which continued until 1907, when the present firm of Heubach, Finklestein & Heubach was formed, th elatter Heubach being his son.

At the time of his death Mr. Heubach was a member of the Winnipeg board of trade, the Winnipeg real estate exchange and the Winnipeg stock exchange. He was also a director of Alloway & Champion, bankers, and the Union bank of Canada. He was vice consul of Mexico for Canada.

HEAT WAVE IN FRANCE PROSTRATES MANY

(By Daily News Leased Wire.)

PARIS, July 2.—A heat wave of exceptional intensity is spreading over a large part of France. The highest temperature registered today was 98 degrees Fahrenheit at Rocheford. In Paris the temperature reached 93.

There is a total absence of breeze in this city, with the result that a large number of prostrations have been reported.

TO TELEPHONE FROM WALES TO NEW YORK

LONDON, July 1.—"Mr. Marconi contemplates being able to telephone from Carnarvon, Wales, to New York before the end of this year," was the statement made today by the manager of the company, in testifying before the dominions royal commission on imperial communication.

PEER SCORES SIR THOMAS LIPTON

British Canteen Graft Is Discussed in Lords

LORD SAYE ASSERTS JUDGE WRONGED HIM

Story That He Tempted Convicted Officer Foul Lie, He Declares.

(By Daily News Leased Wire.)

LONDON, July 1.—The canteen scandal which culminated last May in the conviction of nine British army officers and eight civilian employes of Liptons, Limited, on the charge of being implicated in a conspiracy to offer or accept bribes in connection with the allotment of army canteen contracts, had an echo in the house of lords today.

Lord Saye and Sele, formerly lieutenant-colonel of the Royal Scots fusiliers and now controller of the King's household, said the charge that he had tempted Lieut.-Col. Whitaker of the 22nd Yorkshire regiment, who was sentenced to six months' imprisonment, was a foul lie. He declared he had been deeply wronged by Justice Sir Charles Darling, who in his judgment said in reference to a letter from Lord Saye and Sele:

"The letter shows sad decadence from the traditions of a great family. I myself, if I belonged to such a family, would starve rather than get my living by cadging for orders for beer."

Lord Saye and Sele today repudiated the "mischievous idea that the possession of an illustrious ancestry debarred a man from earning an honest living in trade or otherwise."

Raps Lipton.

Baron Newton took up the cudgels in defence of the judge's strictures. Referring to the position of Sir Thomas Lipton the baron remarked:

"If I were chairman of a company which had been engaged in proceedings of that kind I should be inclined to seek temporary seclusion rather than be continually advertising myself in every conceivable way."

Baron Newton asked to be informed if Lipton's, Limited, had been removed from the list of contractors of the war office.

The Marquis of Crewe, Liberal leader, "unhesitatingly accepted" his colleague Lord Saye and Sele's statement and said the government did not purpose taking further action in the matter.

HUERTA ENVOYS WILL MEET CARRANZA'S DELEGATES

Conflict Between Mexico and United States Is Practically Settled, Says Mediator

(By Daily News Leased Wire.)

NIAGARA FALLS, Ont., July 1.—Ambassador Da Gama of Brazil today formally announced the practical settlement of the conflict between the United States and Mexico. He explained that while mediation would take an indefinite recess awaiting the outcome of efforts by representatives of the two Mexican factions to solve the internal problems of Mexico, the task of mediation was not yet concluded, though an essential part of its work had been accomplished.

The ambassador spoke at a luncheon given by the three mediators to the newspaper correspondents.

Mr. Da Gama called attention to the fact that President Wilson had personally informed the mediators before they left Washington that the only way to solve Mexico's problem was to "aid the contending parties in Mexico to reach an agreement among themselves, thus obtaining a Mexican solution on the Mexican question."

In this manner the ambassador revealed that the course which mediation has now taken was in President Wilson's mind from the beginning.

The Huerta delegates today received formal instructions from their government giving them plenary powers to discuss internal questions with the constitutionalist delegates.

SAYS BRITAIN SHOULD OBSERVE PEACE CENTENARY

(By Daily News Leased Wire.)

LONDON, July 1.—The Chronicle this morning expresses the editorial opinion that the action of the United States house of representatives in refusing to make an appropriation for the proposed celebration of 100 years of peace between English-speaking nations will stimulate rather than dampen public sentiment in America and lead to a great unofficial celebration of the centenary. It declares that it ought to have no influence with the British government, whose proper course, it suggests, is to come to parliament with a well considered scheme for an official outlay on a memorial or for some other public purpose.

JEANETTE HAS OPPONENT GROGGY IN FAST BOUT

(By Daily News Leased Wire.)

NEW YORK, July 1.—Joe Jeanette of Hoboken defeated Battling Jim Johnson, the colored heavyweight of Philadelphia, in a slashing 15-round bout here tonight. Johnson fought a hard battle, but Jeanette weakened him with stiff kidney punches and at the end had his opponent pretty well battered.

CHINAMAN KILLS PRAIRIE FARMER

Police Hurry Accused Out of Town When Lynching is Threatened—Committed for Trial

(By Daily News Leased Wire.)

ESTEVAN, Sask., July 1.—George Bidler, a farmer, was shot and killed last night at Bromhead by Lee Han, a Chinese restaurant proprietor. The Chinaman was arrested by the Royal North West Mounted police and appeared on preliminary trial before Magistrate Spera, who committed him for trial.

Bidler had been drinking during the day and late in the afternoon proceeded to the Chinaman's, where he threatened to clean out the place.

Lee Han told him to stand off, it is said, and backed toward the rear door to get out of the way of Bidler, who continued to advance, and as the Chinaman could not, he claims, get out of the way, after warning Bidler he would shoot, fired the shot, killing Bidler instantly.

Threats were made to lynch the Chinaman and the police, to avoid trouble, hurried him out of town to Estevan. Lee Han will be removed to Regina to await trial.

DOMINION ENJOYS NATAL CELEBRATION

West Has Safe, Sane and Healthful Observance of Canada's Forty-Seventh Birthday

(By Daily News Leased Wire)

WINNIPEG, July 1.—The Dominion of Canada today celebrated its forty-seventh birthday with a great nation-wide picnic. In other years the country has given birthday parties but today the splendid weather which prevailed from coast to coast tempted the people outdoors and they invited their relatives, friends and neighbors to a wonderful picnic. It was a safe and sane picnic and not a single fatality was reported. Everything was carefully planned and everything went off smoothly and without a hitch and the only disturbance in the day was the mobbing of an umpire in a ball game at Edmonton. The umpire is probably the only person dissatisfied with the day's program.

In all probability 500,000 people were scattered in the out of doors. Assiniboine park, Winnipeg's great playground, welcomed about 60,000; 6,000 went to Winnipeg beach and the same number to Selkirk, while another 10,000 scattered over the countryside and to Lake Winnipeg and Lake Manitoba beaches.

At Calgary the annual fair was opened by R. B. Bennett, M. P., and 30,000 people visited the fair and the races in connection therewith.

Regina celebrated at the nearby summer resorts.

Medicine Hat went strong on sport, holding the provincial championship meet and at the same time encouraging a ball game between Medicine Hat and Calgary. Moose Jaw went on the water, or watched the progress of a fine regatta.

Nelson, with ideal picnic scenery, naturally went in strong for picnics, while out of door celebrations on land and sea were the order of the day at Vancouver and other coast cities.

The day was duly celebrated in the east, while in the mother land Canada's sons and daughters observed their homeland's natal day in traditional style.

FINE PAPERS FOR PRINTING SPEECH

Figaro Pays Five Hundred Francs for Running Advance Copy of Prosecutor's Address

(By Daily News Leased Wire)

PARIS, July 2.—The authorities denied a rumor which was current here last night that Mme. Caillaux, who killed Gaston Calmette, editor of Figaro, had attempted to commit suicide in her cell in St. Lazare prison.

The correctional court today imposed a fine of 500 francs on the Figaro for printing the speech which the prosecutor will deliver at the trial of Mme. Caillaux.

The Temps and several other papers were fined 50 francs each for printing a copy of the speech taken from the Figaro.

BROADENS SCOPE OF NEW BRUNSWICK PROBE

(By Daily News Leased Wire.)

FREDERICKTON, N. B., July 2.—Judge McKeown made a ruling yesterday which has greatly widened the probe into the cost of the St. John Valley railway and the charges against Premier Fleming. In the course of a discussion on a phase of the evidence being submitted, Chairman McKeown laid down the broad principle that any person who was doing business with the province of New Brunswick should appear and give evidence if he was required to so do.

BURGLARS! HELP!

This season of the year is the harvest time for the burglar and petty thief.

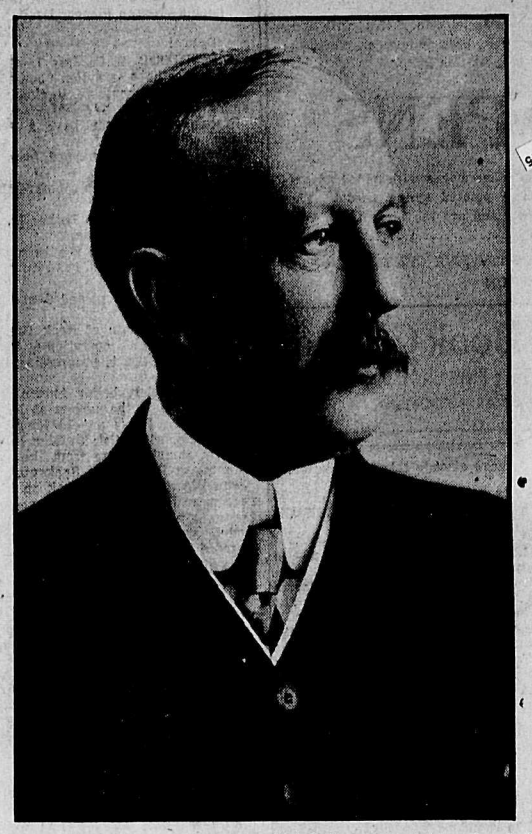
Houses are locked up and people are away.

There are many devices and alarms by which protection can be assured.

They are for sale in the local stores.

Some are quite simple and inexpensive.

Consult the advertising columns of The Daily News for the names of the merchants who carry these things and see that the house is properly safeguarded.



Hon. MARTIN BURRELL, member for Yale-Cariboo and minister of agriculture in the Dominion cabinet, who reached Nelson last night from Ottawa and will leave for his home at Grand Forks today.

BIG FRUIT DISPLAY FOR PANAMA FAIR

That interest in British Columbia and western Canada as a whole is becoming keener and keener each year and that with the opening of the Panama canal and the resultant benefits to this province the eyes of almost the entire eastern section of the continent will be turned toward British Columbia is the opinion of Hon. Martin Burrell, minister of agriculture in the Dominion cabinet and member for Yale-Cariboo riding in British Columbia, who reached the city last evening from Ottawa en route for his home in Grand Forks. Mr. Burrell is at the Strathcona, accompanied by Mrs. Burrell, Miss Price of Ottawa and Miss Kerinan of Grand Forks. He will leave on the Boundary train this morning for Grand Forks.

Work on the Canadian building at the Panama-Pacific exposition in San Francisco, which is being looked after by Mr. Burrell's department, is very well advanced and he feels confident that the Canadian exhibit at the exposition will be one of the finest, if not the finest, that has ever been made by the Dominion.

Special efforts are being made by the agricultural department to provide a particularly attractive and valuable exhibit of fruit and lumber at San Francisco and in the fruit exhibit it is expected that a large quantity of British Columbia fruit will be utilized, states Mr. Burrell, who believes that these displays will be of great value to this province as well as to the Dominion as a whole.

The portion of British Columbia along the line of the Grand Trunk Pacific is receiving considerable attention in the east and as an evidence of the interest that is being taken in that portion of the province he states that quite a number of the members of the federal house at Ottawa intend to tour the district during the summer months, among them H. B. Ames, M.P. for St. Antoine riding in Montreal.

Speaking of the financial depression which the country has undergone recently Mr. Burrell believes that things have already taken a decided turn for the better, and this he partially attributed to the policy of the government in respect to the Canadian Northern and Grand Trunk Pacific railways, bond issues of which companies were guaranteed during the past session. The policy of the government in respect to the railways he believed had strengthened the confidence of the country considerably and he was of the opinion that the people realized that it was the best thing for the country, as a failure of the government to assist in the development of the Dominion by providing for the construction of railways meant a collapse which would have been disastrous.

That the east, realizing the seriousness of the question, is taking a decidedly keener interest in Asiatic immigration, particularly as it affects the west, is the opinion of Mr. Burrell. People of the east are following the present Hindu case at the coast with interest and they realize that some steps must be taken that will settle the question once and for all.

Agricultural activity and interest in the industry is increasing rapidly in the maritime provinces, stated Mr. Burrell, and this interest and activity is being greatly augmented by the policy of the government in assisting the provincial governments in the conduct of educational agricultural work. The loan to the maritime provinces has been quite a help to them and it has enabled New Brunswick to establish agricultural schools in the province in addition to assisting valuable work which they have undertaken themselves.

Agriculturally the province of Ontario is in pretty fair shape, says Mr. Burrell. There will be a slight shortage of the peach crop in the Niagara district, he says, and the Ottawa valley has up to the present this summer suffered somewhat from lack of rainfall, but otherwise the country is looking fine. The portion of the west through which he had travelled en route was looking well.

Mr. Burrell expects to be in British Columbia until the end of August, during which time it is his intention to visit nearly all the agricultural sections of the province. He expects to spend a week in Grand Forks and from that city he will visit the coast, after which he will tour the Okanagan and Similkameen districts.

Mr. Burrell is making his first trip west in two years, as last year he was unable to visit the province after the closing of the legislature on account of his visit to the old country, where he made arrangements for the Canadian exhibit at Brussels.

UNIONISTS WANT BREATHING SPACE

Lansdowne Supports Second Reading of Amending Home Rule Bill—To Add to It In Committee

(By Daily News Leased Wire.)

LONDON, July 1.—When the bill to amend the Irish Home Rule bill came up today for the second reading in the house of lords the Marquis of Lansdowne, the Unionist leader, announced that as Ireland was one vast armed camp and it was necessary to find a way out of the calamity which was threatening, the Unionists would give the amending bill a second reading and introduce amendments during the committee stage in regard to the area to be excluded from the operations of the home rule bill, the duration of the exclusion and the government of the excluded area. The Unionists, he concluded, would not agree to the second reading of the home rule bill itself.

Lord Lansdowne added that their action in passing the second reading of the amending bill would be misunderstood and misrepresented in many quarters, but there was no other way by which breathing space could be obtained with the prospect of averting the terrors of civil war. The amendments to be adopted will be directed solely to making the bill a really adequate exclusion bill.

With a touch of pathos he said:

"The peers are so fast bound by the Parliament act that there is no other course open to them which would be likely to prove effective."

Most of the other speakers were equally conciliatory in tone. A notable exception was Lord Willoughy de Broke, the leader of the "die hards," who moved the rejection of the bill.

The Archbishop of York said that what the country wanted now was not the rejection of the bill, but a settlement in some form, Irish self-government, he declared, was now inevitable.

The Earl of Arran announced that he could not vote for the second reading because it would be in violation of the oath of the Ulster covenanters.

Deprecates Policy of Exclusion

LONDON, July 1.—"I doubt extremely whether the policy of exclusion on its merits has any real friends."

This sentence toward the close of Lord Lansdowne's speech in the lords debate is regarded by today's papers with significance.

The Unionist leader in the lords was careful even at this late hour to leave open the door to negotiations. It will come as a great surprise to most if the leaders do not confer with one another shortly, after the committee stage of the amending bill is com-

KASLO-NAKUSP LINE IS OPENED

Excursion Train Takes Crowd to Celebration

THOUSAND PEOPLE AT FESTIVITIES

Regular Schedule Will Be Operated Beginning Middle of July.

The regular service over the new Kaslo & Nakusp line will commence on July 15, according to an announcement made yesterday by W. O. Miller, divisional superintendent for the Canadian Pacific Railway company.

(Special to The Daily News.)

NAKUSP, B. C., July 1.—The promise given the Kaslo people by George J. Bury, vice-president of the Canadian Pacific railway, a month ago that the Nakusp-Kaslo railway would be opened on Dominion day was fulfilled today when nearly 400 Kaslolites in gala garments were given a free trip over the new line to participate in Nakusp's annual celebration of the federation of the provinces of Canada.

The weather was beautifully fine, the sun shining kindly on the occasion.

The train, consisting of six passenger coaches, a private car and a van, left Kaslo shortly after 7 o'clock in charge of Conductor J. Turner and Engineers Charles Norris and Alex Innes. With two large locomotives it climbed the heavy grade from Kootenay lake over the old grade of the extinct Kaslo & Slocan railway to the summit at Bear lake, thence down a steep decline along the mountain sides through the rich Slocan mining district past the Lucky Jim, Rambler-Cariboo and other mines, joining the Nakusp line at Three Forks, 1,000 ft. or more above the valley and on over another range of mountains, and downwards to the shores of Arrow lakes until Nakusp was reached shortly after 11 o'clock.

Cuts Day From Trip

The grandeur of the trip will long be remembered from a scenic viewpoint and the kindly action of the Canadian Pacific officials in making such a trip possible filled the Kaslo people with satisfaction and emphasized the fact that their city is now actually on the railway map of the great transcontinental highway, lessening the journey to the Pacific coast by exactly one full day.

Superintendent W. O. Miller, in his private car, accompanied the train and represented the company as the host of the occasion. He was assisted by C. Hood, train master; A. Malinson, master mechanic; F. W. Sterling, district freight agent; R. J. Winter, chief clerk; and F. C. Garde, private secretary. W. Garland Foster, manager and editor of The Nelson Daily News, was a guest from Nelson and among the Kaslolites were D. P. Kane, J. Keen, James Anderson, S. H. Green, A. Goldsmith, J. W. Cockle, J. Allen, Sam Hunter, A. Jardine, W. F. Garland, W. English, J. English, H. W. Power and other prominent citizens with their wives and families.

On entering Nakusp, immediately the train came into sight, a salute by gunpowder explosion was given as a sign of welcome. Half a dozen steamers which had arrived with hundreds of other excursionists, added to the welcome by the deafening sound of their sirens and the Nakusp brass band played a welcoming selection.

Led by members of the board of trade and the celebration committee the large concourse wended its way to the recreation grounds, the local band playing alternately with that of Kaslo which accompanied the train and all joined in the sports in which Kaslolites took away a number of prizes.

Enjoyable Sports Are Held

In a three-cornered baseball series between Nakusp, Comaplix and Kaslo, Nakusp won two games, 4 to 3 against Comaplix and 5 to 2 against Kaslo.

Kaslo won a hard fought struggle in the tug-of-war against Nakusp.

Edgewood carried away the cup in the football game with Nakusp.

Among the excursion steamers with their quota of passengers arriving were the Adam Hall of Pingston, the Beaver of Arrowhead, the Piper of Comaplix and the Bonnington from the south. Numerous launches added to the fleet, making a red letter day in the history of Nakusp, with nearly 1,000 visitors fittingly celebrating the inauguration of the new railway.

The train left for home at 7:30 o'clock, carrying away a happy, cheering crowd with gaily decorated engines and coaches and it was given a hearty send off. Promises of a further exchange of visits on future festive occasions were made.

The excursion was arranged entirely by the Kaslo board of trade and the city council, transportation facilities being supplied free by the Canadian Pacific railway, which took no other part in the arrangements.

MIRROR LAKE SHIPS BERRIES TO PRAIRIES

(Special to The Daily News)

MIRROR LAKE, B. C., July 1.—A. Milton is shipping out a big crop of strawberries, sending from 20 to 40 crates per day to the prairie cities. The other ranchers also add considerably to the express shipments of the Kokanee.

E. Norman's bees are busy these days. They are piling up considerable honey and during the last week have increased from five to 11 colonies of bees.

A number of Mirror Lake residents are joining the excursion from Kaslo to Nakusp today to celebrate the opening of the railway to the Arrow lakes town.

Mrs. K. K. Bjerkness arrived yesterday from Vancouver to spend a few months in her summer home on a ranch here. Mr. Bjerkness and his nephew, Clarence Swanson, will arrive in a few days.

The Kaslo Women's institute came out in full force on the steamer Kokanee a few days ago for a picnic on the grounds and lawn of Mrs. A. T. Davis. A pouring rain spoiled much of the fun, though the visitors seemed to enjoy themselves. They returned in the evening in Dr. Calvert's launch, I Will.

On Saturday W. H. Jekill and family moved to Vancouver after residing on his ranch here for over five years. Mr. Jekill was afflicted with a paralytic stroke a year ago and never fully recovered, being obliged to sell his ranch in consequence. Nearly the whole settlement turned out to say good-bye to them on the wharf. Their ranch was bought by Robert and Ernest Thompson, Mrs. Jekill's nephews, who have already taken possession.

GIVES CHILDREN'S PARTY AT LONGBEACH

(Special to The Daily News)

LONGBEACH, B. C., July 1.—On Saturday Mrs. Bourke gave a children's party to celebrate the fourth birthday of her daughter, Eileen. The children were to have gone for a launch trip and then picnicked, but the weather being too inclement tea was served in the house and everyone spent a very happy afternoon.

A fire occurred in the tent in which Mr. and Mrs. Brumage are camping. In stepping backward Mr. Brumage upset an oil stove and soon burning oil was all over the tent floor. Mr. Brumage, with the assistance of the Stratton brothers, smothered the flames with a rug. Nothing of value was burnt.

The Doukhobors, who are camped on Gordon Hallett's ranch at the head of the lateral road, are picking strawberries. The strawberry crop is not quite as good as last year, but it is hoped that several thousand buckets will be shipped from the settlement. On Saturday 237 pails were shipped on the Moyie to Nelson.

Mr. Young of Balfour, who has been spending several weeks with Mr. and Mrs. Crozier Smith, returned home last week. On Friday Mrs. H. Lumb and Mr. Young rode down from Balfour to spend the day here.

Mrs. McClure John, who has just returned from a visit to the old country, has had Mrs. Gordon Lambert of Granite spending a week with her.

MANY PAY VISITS TO BOSWELL RANCHES

(Special to The Daily News)

BOSWELL, B. C., July 1.—During the last three weeks there have been many visitors to Boswell. Mrs. W. R. Baxendale of Proctor spent a couple of days at York ranch, the guest of Mrs. Holiday-Smith.

Mrs. and Miss Woodland of Cranbrook are spending a holiday at the Boswell boarding house.

Mr. Butcher of Vancouver spent a couple of days here the guest of Mr. and Mrs. G. H. Bartley.

On Wednesday last Mr. and Mrs. James Johnstone and family, accompanied by Mr. Fernie and Mrs. E. Mucklow and her two sons, spent the day here.

Mrs. Ross and son spent two days here looking over land.

Saturday last James Johnstone, Mr. Fernie and Mr. Mucklow paid a further visit.

The steamer Nasookin made a special return trip from Kootenay Landing on Saturday morning in order to discharge a load of lumber for Dr. Kunz's residence, for which he is busy clearing a site.

The Boswell public school closed on Friday for the summer holidays. The government certificates for the past 12 months were awarded as follows: Deportment, Miss Bella Johnson; proficiency, Tom Wilson; regularity and punctuality, Leslie Wilson.

Archdeacon Beer of Kaslo will conduct services here on Sunday, July 12, when Holy Communion will be celebrated. Rev. J. S. Mahood will be at Nelson.

Miss Angela Wilson returned to Boswell on Monday morning, having been a candidate at the entrance examinations in Nelson during the last week.

Miss E. Wilson of the Kootenay Lake General hospital spent Monday at her home in Boswell.

W. L. Ixpler left on a visit to Nelson on Monday.

Strawberry picking is now in full operation and heavy shipments are being made daily to prairie points.

There was a well attended meeting of the Boswell-Kootenay Lake union on Sunday afternoon, Dr. Kunst, who has recently purchased 28 acres of land here, was elected to membership.

Prices on carloads of mixed feed have been obtained by the secretary, but members decided to wait until the new grain comes in before ordering.

Attention was called to the untidy condition of the government land adjoining the wharf and it was decided to hold a "Clean up Bee" on Saturday, July 18, several members promising to attend with the necessary tools and horses, work to commence at 3 p.m.

BALFOUR PUPILS MAKE PRESENTATION TO TEACHER

(Special to The Daily News)

PROCTOR, B. C., July 1.—The closing of the Balfour school took place Friday for the holidays. The pupils made a presentation to the teacher, Miss Jean C. M. Ross. Cecil Rose, who made the presentation on behalf of himself and his fellow pupils, made an excellent little speech and handed to Miss Ross a beautiful gold brooch with a pearl maple leaf and two small gold pins.

Miss Ross returned thanks and the whole party adjourned to Mrs. John McKay's house and partook of strawberries and cream.

The following are the promotions in the Balfour school:

Junior fourth to entrance: Grace McKay, Reginald Manley, Cyril Marshall and Gerald Rose.

Upper third to junior fourth: Arthur Foster, Willie Hoyle, Beatrice Oliver and Eileen Rose.

Lower second to junior third: Verner Hoskin, Willie McKay, Kenneth Marshall and Eleanor Verbeke.

Lower second to upper second: Evelyn Fraser, Isabel Fraser, Barrie Hoskin and Archie McKay.

Cecil Rose won the roll of honor for proficiency, Grace McKay for deportment, and Beatrice Oliver for regularity and punctuality.

Bourke, both starting from the owe 30 mark, by 38 points. In the semi-finals Dr. A. C. Major, owes 50, beat A. B. Francis, receives 30, after a ding-dong game by 32 points, and P. Coles won from Frank Seal, owes 30, by 97 points. The final heat between Dr. A. C. Major and P. Coles will be played on Saturday at 8 p.m.

WILL RUN SPECIAL TRAIN FROM NELSON

Excursion to Irrigation Congress at Penticton Will Be First Train Over New Line

PENTICTON, B. C., July 1.—Many and pleasant will be the memories taken home by those who attend the eighth annual convention of the Western Canada Irrigation association at Penticton this year. This convention will be held at Penticton, the most important centre of the famous Okanagan valley, on August 17, 18 and 19. It will be of more education value to the irrigation farmer than any yet held by the association. The prime object of the Western Canada Irrigation association is education, which is never relegated to the background.

In addition there will be features in connection with this meeting of an epoch-making nature. On Sunday, August 16, a special train will run over the Kettle Valley railway from Nelson to Penticton, via Midway and Kelowna in order to bring in delegates and visitors from the Crows Nest and Boundary points. This will be the first train to enter Penticton over the rails of the Kettle Valley railway, or for that matter, the first train to enter Penticton over any road.

Even if there were no benefits to be gained from attending the convention, this trip in itself would be well worth while. It marks the beginning of a closer relationship between the Crows Nest, Boundary and Okanagan districts, and when the western section of the railway is completed it will mean that the fruit-growers of the above districts will be in closer communication with Vancouver and the coast than ever before. It will make it possible for the resident of Penticton to reach Vancouver in nine hours—at the present time it takes 29—and the time between the other cities of the southern interior and Vancouver will correspondingly shorten.

The outstanding feature of the convention will be the discussion of the private irrigation corporation bill, drawn up by the government of British Columbia. Among many other things it provides that the government take over and operate all the irrigation systems in the province.

EDGEWOOD HOLDS BERRY FESTIVAL

Funds of St. Agnes' Church Benefit by Successful Function—Roads Are Under Improvement.

(Special to The Daily News)

EDGEWOOD, B. C., July 1.—The sale of work and strawberry festival on June 26 by the Women's auxiliary in connection with St. Agnes' church was a great success. The affair was held on the lake front and was favored with delightful weather. The grounds wore a festive appearance, the stalls dotted here and there among the shrubbery being gay with flags and bunting. The stall holders were: Needlework, Mrs. Murton, Mrs. Nash and Mrs. Ford; men's stall, Miss M. Murton, Miss Church and Miss Creighton; refreshment stand, Mrs. Ellis, Mrs. Davis, Mrs. Doyle, Miss Montgomery, Miss Davis; ice cream and strawberries, Mrs. Kelso and Miss Leighton; candies, soft drinks, etc., Mrs. W. Jowett, Miss Florence Jordan, Miss Redhead. Rankin Ellis had charge of the quoits.

Flowers artistically arranged as bouquets were sold by little girls.

The school children, trained by Miss Hanson, gave two humorous sketches, one by girls entitled "Mrs. Brown's Visitors," and one by little boys, "The Jolly Farmers." Both of these were exceedingly well rendered and enthusiastically received. The dance in the evening was very successful, the music being arranged by Miss M. Murton. Alfred Williams officiated as master of ceremonies. Ice cream and strawberries were sold and the children again went through their performance by request. A pleasing addition to the program was the songs rendered by several women and men.

The gross receipts were $143.90. The net receipts were $106. One hundred dollars was handed over to the church building fund and the balance was kept to carry on the work of the Women's auxiliary.

The government road crew is grading Valley avenue, adjacent to the wharf, in preparation for the erection of sidewalks and the planting of shade trees.

On Monday the launch owners of Edgewood held a log bee to bring in logs for a floating walk to the boathouse moorings, for which piles are to be driven.

On Tuesday Miss Grace Jordan, accompanied by her brothers, George and Fritz, left for Nakusp to attend the Dominion day celebration.

Miss Corrie De Gans left Tuesday for Nakusp to visit friends.

Henry York was in town this week from Grand Forks.

Col. Harrington's wife and daughter, accompanied by Mrs. Kelso's mother, Mrs. Hamilton, expect to sail from England July 4 for Edgewood.

Walter Jowett is building a two-story house, 22 by 28 ft., on his place at Sherwood.

On Saturday Mrs. Timaeus left for Taghum on a visit to her daughter, Miss S. G. Timaeus.

Mrs. R. E. Lanyon and infant son are progressing favorably under the care of Dr. J. E. H. Kelso.

The closing exercises of the public school were held Monday afternoon. Refreshments were served at the close. A large number of relatives and friends were present.

POLICY OF MINISTER BRINGS TIMBER ORDER

VICTORIA, B. C., June 30.—Hon. William R. Ross, minister of lands, has received a letter from the Dominion Creosoting Company, Limited, of Vancouver, which has received an order for 160,000 creosoted railway sleepers from the Bengal & Northwestern railway company of India, expressing thanks to the forest branch of the department of lands for its efforts in interesting the Indian railway company in British Columbia lumber.

The Indian railways use annually very large quantities of railway sleepers, and the habit of the past has been to secure a large portion of this timber from Australia, but as the timber there is becoming scarcer the price is slowly advancing.

As a direct result of the efforts of the Hon. W. R. Ross, who is directing the forest branch in a campaign for trade extension in foreign markets, this order for 160,000 creosoted ties has been placed with a British Columbia firm.

Arrangements have been made to have the forest branch inspect the ties both before and after treatment, so as to ensure the specifications being strictly adhered to.

BLOW OFF GAS WELL

MEDICINE HAT, Alta., July 1.—The Dominion Day celebration here was the greatest success in years. Outdoor sports, including the provincial championship meet, formed one of the day's attractions. There was the usual long procession and evening fireworks, the day being concluded with a blow-off of the Old Glory gas well.

Drumming Up Business

When the hot weather comes, wise business men will add to their selling efforts rather than reduce them.

They will do extraordinary things to stimulate trade, and will make their offerings exceptionally attractive as to both kind and price.

The merchants of this community whose business will keep up this summer will solicit business by the most expeditious and least expensive of all known methods—newspaper advertising. Advertising is a drum, an instrument of attention and incitement; a resonant thing that calls to action.

Buyers wait on the call of advertising to spend their money. They look for the summons to them in the columns of their newspaper. The newspaper is the instructor and director of the public. For a merchant to shut his eyes to this fact is costly blindness.

Tell the public of this community about your offerings and service for the summer months. Tempt them in various ways. They have as much money to spend in summer as at other times, and are willing to spend, but they must be shown what to spend on and for.

The supreme medium of appeal is the daily newspaper.

You can obtain helpful advice on advertising free of cost and without obligation by consulting the Business Department of The Daily News.

NELSON WINS FROM TRAIL

Game Marked by Free Hitting—Locals Get Early Lead, But Loosen in Seventh

Gaining a lead of three runs in the third inning and another five runs in the fourth, Nelson ball team yesterday defeated Trail 12 to 7. Both teams hit freely, the locals getting 14 *bingles*, while the visitors touched up Whitehead and Pitts for 10.

Nelson took the lead from the first and was never headed, although things looked well for the visitors in the seventh and eighth. In the seventh Bert Whitehead, who had held the Trail boys to two lonely runs, loosened up and five runs came across. Pitts was put into the breach in the eighth and immediately got into a hole. The bases were all occupied with two men out and McDonald, the heaviest hitter of the day, to bat. Pitts pulled himself together and forced McDonald to pop up a little fly, making an easy out. Although always in the game, the visitors were only dangerous once before in the game—in the fifth, when, with men on first and second, Snyder drove a bullet-like liner at Wilkinson, who leaped into the air, speared it and doubled Vannetter at second.

Nelson's runs came in the third when three runs were scored and in the fourth when five runs came across. Sturgeon walked, Pitts hit, both making an extra base; Wilkinson walked; Crump singled and brought in Sturgeon and Wilkinson, and Pitts came across on a bad throw. Potter walked and followed Crump home on a bad throw by McDonald and a hit by Gibbs. J. Wilmes relieved Foran and got the next three men in order.

Whitehead struck out seven in seven innings; Pitts two in two innings; Foran five in four innings; J. Wilmes four in four innings. Walter Shackleton umpired the game.

FRENCHY VAISE LOSES TO O'LEARY

Decision Is Unpopular—Should Have Been Draw, Is Claim of Fans.

(By Daily News Leased Wire.)

VANCOUVER, B. C., July 1.—The Canadian lightweight championship changed hands today when Referee Johnny Coulon, former world's bantam champion, passed the title to Johnny O'Leary of Seattle after a fast 15-round contest with "Frenchy" Vaise of Renton, Wash., who acquired the title just a year ago to the day in the same ring. It was an unpopular verdict. The worst that the Renton boy should have received was a draw and the O'Leary contingent was as much surprised at winning as Vaise was in having the title taken away from him.

Throughout the whole 15 rounds the boys battled fiercely with little advantage to either. O'Leary, clever boxer and fast on his feet, gave the most scientific display of the pair, but his opponent, rugged and possessing a heavy punch, landed the most telling blows and if anything was the aggressor in the majority of rounds. Toward the close both boys tired out and lost many fine opportunities by wild swinging.

A whirlwind finish by O'Leary in the fifteenth round evidently made an impression with the referee, for he promptly held the Seattle boy's glove aloft in token of victory when the final gong sounded.

VANCOUVER MINTO CUP TEAM BEATS WESTMINSTER

NEW WESTMINSTER, B. C., July 1.—The Victoria lacrosse team again went down to defeat before New Westminster today in a Mann cup series fixture, this time by the overwhelming score of 14 to 2.

REVELSTOKE TO SEE WRESTLING MATCH

(Special to The Daily News)

REVELSTOKE, B. C., July 1.—A wrestling match between Pat Connolly of Vancouver, who claims the heavyweight championship of the world, and Bob Sutherland of Kelowna will take place in Revelstoke on Friday, July 10.

Sutherland two years ago at Vancouver wrestled with Connolly for three hours and 15 minutes, only securing one fall. Sutherland has no doubt as to the outcome of this match, claiming that he will win. He is training at Salmon Arm, while Connolly will be in the city in a day or two.

The match will be two falls out of three, catch-as-catch-can, and will be held in the opera house. W. A. Smythe of the Empress theatre is promoting the match, which will be a novelty in Revelstoke. As the wrestlers are both in the front rank of the game the fans will see the best kind of a match.

WEEKS BEATS UVANNI

(Secial to The Daily News.)

FERNIE, B. C., July 1.—In the scheduled 15-round boxing contest between Billy Weeks of Vancouver and Joe Uvanni of Rome, N. Y., which took place in the Fernie arena tonight, Uvanni was no match for Weeks and was knocked out in the second round.

THROW ROTTEN EGGS AT UMPIRE

Wheeler Gives Burlesque Performance at Edmonton—Is Given Strong Guard of Police

(By Daily News Leased Wire.)

EDMONTON, July 1.—The aftermath of this morning's game was perhaps the most sensational ever seen here. Umpire Wheeler, who gave a burlesque performance yesterday and was chased by irate fans, escaping in an automobile, was again in the limelight today. During the game he was the object of continued jeers and the target of bottles, lemons and rotten eggs. After the game was over a mob of more than 2,000 pursued him to the clubhouse, where he was locked up for half an hour. As Wheeler was escorted up the street he was jeered by the crowd which thronged the way and pelted him with eggs, mud and lemons.

This evening a bodyguard of 25 uniformed and plain clothes men looked after his safety during the game and afterward formed an escort to his hotel. Deacon White last night wired a strong protest to President Fleming against his being allowed to officiate here. Scores:

HARROP, B. C., July 1.—The non-arrival of the football teams caused much disappointment as a number of people from outside points intended coming to the match and Mr. Kennedy had done all in his power to make a *successful gala day, having engaged a* band for the occasion, which, however, was cancelled.

TORONTO MAN WINS IN HENLEY RACE

Beats Scrutton in Preliminary Event for Diamond Sculls at Royal Regatta

(By Daily News Leased Wire.)

HENLEY-ON-THAMES, England, July 1.—The opening day of the royal Henley regatta was taken up principally with the eliminatory heats of the Diamond Sculls among the visitors in which was Robert Dibble of the Don Rowing club, Toronto, the American champion. Dibble was drawn against F. F. St. Scrutton of the Vikings club, a strong oarsman. Dibble, however, had the race well in hand from the start and at the quarter mile he was a length and a half ahead and steering beautifully, while Scrutton, who has only lately been specializing in sculling, was all over the place. The Canadian was right away at the half mile, reaching the half-way mark in 4:27. Then, without exerting himself he increased his lead, and won by three lengths in 9:40.

The river near the shores was crowded with houseboats and launches occupied by officers of the "crack" regiments and prominent society people and also in many places by Canadians and Americans who had come to watch the performances of the transatlantic entrants for the various events.

Never in its history has the course looked prettier than it did today with its crowd of brightly dressed people walking along the banks and the neatly arranged craft.

The day's principal feature was the *eliminatory heats of the Diamond* Sculls, in which there were a number of scullers from across the Atlantic. These were Dibble, American champion from the Don Rowing club, Toronto, Withington, J. B. Ayre and W Tudor Gardiner, of the Union Boat club of Boston. For the grand challenge cup the overseas entries included the Winnipeg Rowing club *Harvard second crew and the Union* Boat club of Boston.

The other heats in the Diamond Sculls in which Canadians and Americans participated resulted as follows:

James B. Ayer of the Boston Union Boat club beat R. Gould of New Zealand and Jesus college, Cambridge, by two lengths, in 8:44.

Giuseppi Sinnigaglia, the Italian giant, beat E. D. P. Pinks of the London Rowing club.

G. C. Frippe, Manchester, beat William Tudor Gardiner of Boston.

J. L. Tann of the Thames Rowing club beat Paul Withington of the Union Boat club, Boston, by a length and a quarter.

Dibble won his heat by three lengths in the slow time of 9:40, while Fripp won by two lengths in 9:17.

In the next series Dibble will meet Tann and Ayer will meet Sinnigaglia.

The regatta tomorrow will enter upon a more serious stage, when four heats for the grand challenge cup will be rowed. The Union Boat club of Boston is expected to dispose of the London eight and Winnipeg should have no difficulty in defeating the Thames Rowing club.

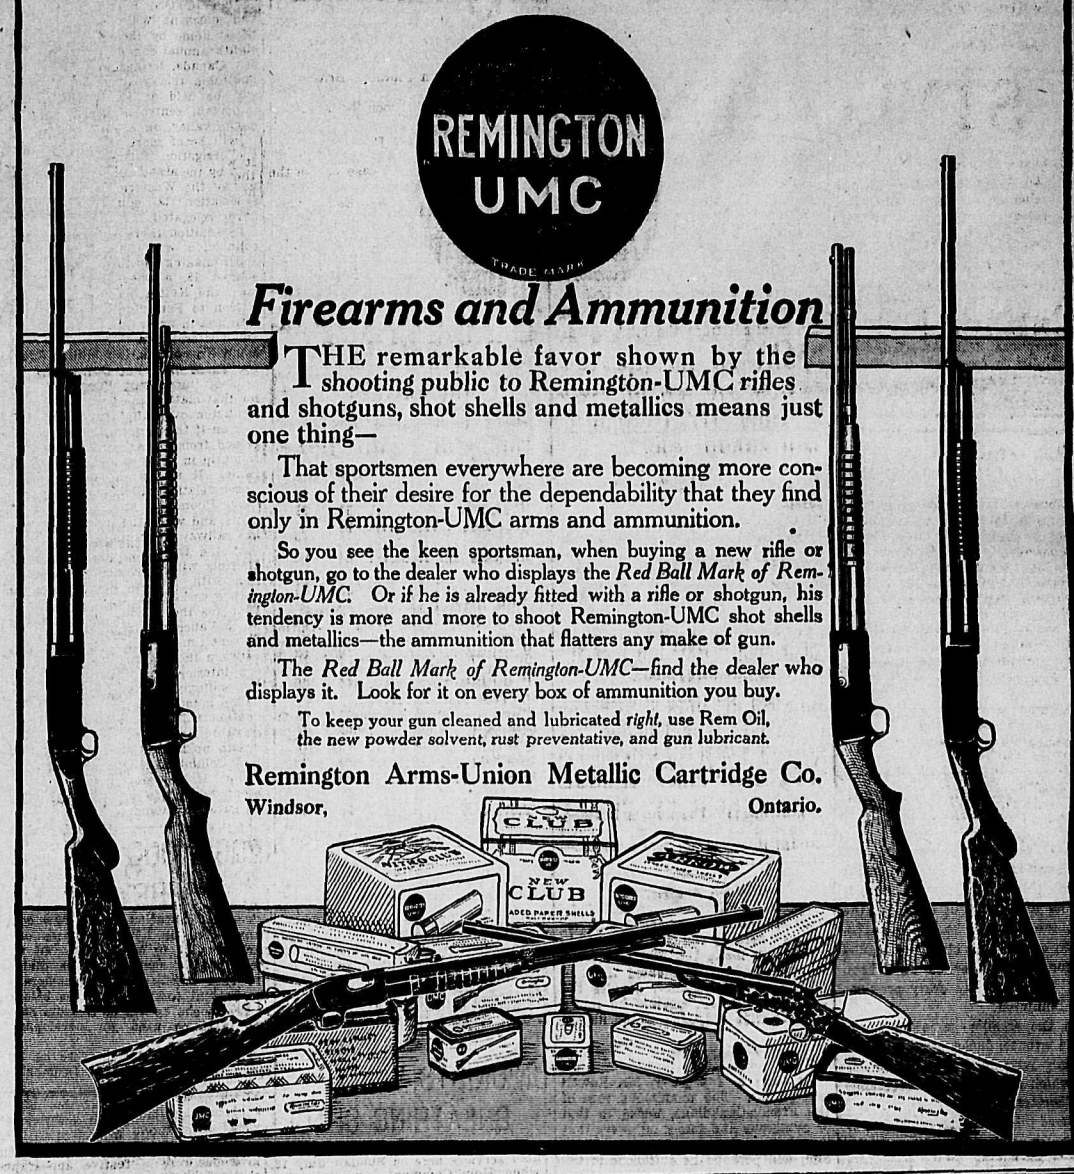
Remington-UMC



Firearms and Ammunition

THE remarkable favor shown by the shooting public to Remington-UMC rifles and shotguns, shot shells and metallics means just one thing—

That sportsmen everywhere are becoming more conscious of their desire for the dependability that they find only in Remington-UMC arms and ammunition.

So you see the keen sportsman, when buying a new rifle or shotgun, go to the dealer who displays the *Red Ball Mark of Remington-UMC.* Or if he is already fitted with a rifle or shotgun, his tendency is more and more to shoot Remington-UMC shot shells and metallics—the ammunition that flatters any make of gun.

The *Red Ball Mark of Remington-UMC*—find the dealer who displays it. Look for it on every box of ammunition you buy.

To keep your gun cleaned and lubricated *right*, use Rem Oil, *the new powder solvent, rust preventative, and gun lubricant.*

CONSERVE VALUABLE NATURAL RESOURCE.

As civilization advances wild animals disappear before it; in Canada the buffalo in its purely wild state is becoming a memory of the past, the moose, the elk, the beaver have become so scarce that stringent regulations for their protection have been passed in practically every province in the Dominion.

Even the smaller game birds and animals, grouse, ducks, geese and deer are every year being driven into sections which are less easily accessible to the hunter.

To meet this condition of affairs, to conserve a valuable part of the country's resources, game preserves have been established in many places in the Dominion by both provincial and federal governments and laws for the protection of wild animals are annually amended to meet the increase or decrease in the various species which have resulted from past legislation, or the lack of it.

The movement for the conservation of game birds and animals is becoming world-wide.

For decades Africa has been popularly regarded as a hunter's paradise, as a country where game was to be found in such numbers and variety as in few other places known to the hunter. And its game resources for years have been attacked by hundreds of sportsmen who, incidentally, have spent large sums of money in carrying out their expeditions, and until comparatively recently no thought has been given to the question of preservation of this valuable resource.

Within the past two or three years, however, big game hunters have returned from Africa with smaller bags and with stories of poor sport, of a growing dearth of many varieties of the big game for which the country was formerly famed.

So serious has the situation become, so scarce have grown many varieties of big game, that the British government has under consideration the establishment of a number of large game preserves in its African territory.

Such game preserves, it is believed, will, as in the case of the British Columbia reserve in East Kootenay, result in proving a haven of refuge for the much prized wild animals and birds from which they will gradually scatter into the surrounding country, where they may be hunted. Under this plan the reserve acts as a constant source of supply, conserving a natural resource whose value is becoming more widely recognized than in the past.

UNEMPLOYED JOIN GRAFTERS.

Edmonton is gaining for itself the reputation of being a city in which graft and the grafter flourish.

Not only are gamblers and others telling a commission of enquiry of having paid for "protection" from the police, but now comes the news that the rooming house keepers and the unemployed have got into the game.

The scheme, as exposed by correspondence in the hands of the city commissioners, is that the keepers of rooming houses pay the unemployed to lodge at their resorts and then secure payment, for the board and lodging supplied, from the city's special relief fund.

Apparently the game worked excellently, the city paid the rooming house proprietors, who in turn handed over a "rake-off" to the indigents living on municipal charity.

The city commissioners discovered the graft when overcharges were exposed.

WHAT THE PRESS IS SAYING

The Home View

At that, some of the out-of-town scribes seem a great deal more disturbed about the situation in Butte than is Butte.—Butte Miner.

The Grand Old Name of Gentleman.

"Well, you two young gentlemen are a great credit to the service you are in." How studied that compliment of Lord Mersey to the wireless operators on the ill-fated Empress of Ireland. "Young gentlemen." What constitutes a "gentleman?" The word is habitually applied so thoughtlessly that we are apt to forget its real meaning.—Ottawa Free Press.

Of Such Are Heroes.

Patience, calmness and cool judgment are the marks of useful, superior people wherever you find them. Willingness to make the best of circumstances, to bear undaunted the buffetings of circumstance, denotes the hero of every day, whether he digs a ditch or clips coupons.—Grand Rapids Press.

Bilingual Hopes.

As chief of the party, Mr. Rowell will go far. The unanimous vote of the French-Canadians, added to that of numerous and many followers that his program will gather round about him, will perhaps be sufficient to triumph at the next election against the solid Conservative army of Ontario, who so often, unfortunately, sound cries of fanaticism and bow to prejudices. But the day will come, and it is not far off, when we will salute in this young and brilliant leader, Mr. Rowell, the prime minister of that province, and in that day French-Canadians, after having done everything to contribute to his victory, will applaud with both hands for the new era that he has opened for them.—Le Temps, Ottawa.

JEB SAYS

A BIRD IN THE HAND

"A bird in the hand's wuth two in the bush" is a good old motto ter foller. Old Coon Williams, who was the blackest colored man in the province and the most adept chicken lifter in the Dominion, uster foller thet motto to the letter, and the only time he ever got jailed was when he sidestepped his daily text a trifle.

It was Williams' custom to make off with the fust chicken that came handy, and light er heavy, be right well satisfied with it. One night he made the mistake of droppin' the fowl he carried in order to secure a fatter one

in the hedge, and a farmer with a musket offered objection by way of a charge of rock-salt. Williams got a month in jail and when he got out he said, "Look you all, I'se had enough of dis heyr sort of thing and hereafter I'se gwine to stick right to my motto: 'A bird in de han' is worf two in de bush.'"

Funny how we all get inter trouble by droppin' a good thing fer somethin' that looks better and I reckon, arter all, what we have is jest twice as good as what we haven't got, eh?"

COLD STORAGE

"A boy scout must do one kind act every day."

"What makes that kid of ours so grouchy?"

"I suppose he has done his."

"Among the tenements that lay within my jurisdiction when I first took up mission work on the East Side," says a New York young woman, "was one to clean out which would have called forth the best efforts of the renovator of the Augean stables. And the families in this tenement were almost as hopeless as the tenement itself.

"On one occasion I felt distinctly encouraged, however, since I observed that the face of one youngster was actually clean.

"'William,' said I, 'your face is fairly clean; but how did you get such dirty hands'

"'Washin' me face,' said William."

At breakfast restless little Tommy began to play with the cruet stand. His father told him not to do so. Tommy persisted, and at last upset it and spilled the pepper on the tablecloth.

"Now, Tommy," said his father, "you were disobedient and upset the pepper caster, and I really ought to make the punishment fit the crime by putting some of the pepper on your tongue."

Tommy looked up in a flash and said:

"Should I be punished the same way, dad, if I upset the sugar bowl?"

AT THE THEATRES

There is a character in "The Shepherd of the Hills," the dramatization of Harold Bell Wright's novel, which returns to the opera house on Saturday, called "Preachin' Bill." Despite the roughness of his character, he has a brand of philosophy that in its way is quite equal to that of "David Harum."

Says Asquith Conciliatory

(By Daily News Leased Wire.)

LONDON, July 1.—The precise effect of the house of lords' proposed amendments to the government's amending bill will not be known until the home rule bill reaches the committee stage next week.

The Mail asserts that Premier Asquith's attitude has undergone a change and that he is now ready to grant exclusion to Ulster by statute instead of by ballot.

NEW TIMES

New times demand new measures and new men;
The world advances and in time outgrows
The laws that in our father's days were best;
And, doubtless, after us some purer scheme
Will be shaped out by wiser men than we.
Made wiser by the steady growth of truth,
The time is ripe, and rotten-ripe, for change;
Then let it come; I have no dread of what
Is called for by the instinct of mankind,
Nor think I that God's world would fall apart
Because we tear a parchment more or less;
Truth is eternal, but her effluence,
With endless change, is fitted to the hour;
Her mirror is turned forward to reflect
The promise of the future, not the past.

AGRICULTURE PUBLICATIONS LIST IS PREPARED

Mayor of Edmonton Tells New York of Progress—Is Strong Supporter of Single Tax.

(By Daily News Leased Wire.)

NEW YORK, July 1.—A stout advocate of the single tax and municipal ownership ideas addressed followers of the plan this afternoon when Mayor William J. McNamara of Edmonton spoke at a luncheon tendered him by the Society of Lower Rents and Reduced Taxation on Homes.

Mayor McNamara declared at length the successful operation of street railways, electric lighting, water supply and telephones at a cost that with one or two exceptions outstrips any that can be shown by another city on this hemisphere.

Coming to the idea of single tax, the mayor said that in 1910 Edmonton had a population of 24,000 and now has 72,000. Buildings have never been assessed, but up to 1912 business licenses and a tax on floor areas were issued. Even these are now abolished and the increase in the tax rate on land was imperceptible.

ALBANIAN REBELS DEFEAT PILLAGING ROYALISTS

Government Blames Foreign Influences for Loss in Battle With Musselmans.

(By Daily News Leased Wire.)

DURAZZO, Albania, July 1.—A force of Albanian government troops which had remained loyal to Prince William was defeated by the insurgent Albanian musselman tribesmen at Malkuch, a little to the north of Durazzo, on Monday, but the news was suppressed until today. The government troops, under the command of Preenk Bib Doda, were compelled to retire to Ishmi, near the coast between Durazzo and Alessio. The defeat and flight of the loyal troops are attributed in government circles here to foreign influences and also to the fact that Preenk Bib Doda's men had dispersed into small bodies and gone on pillaging expeditions on their own account.

It is feared by the authorities here that the rebels are now concentrating their forces preparatory to making another attack on the capital.

The cable companies today issued notification that telegraphic communication in Albania had been interrupted by the cutting of the wires by the insurgents at many points in that country, such as Tirana, Elbassan, Kavaya and Shiak.

A HOUSE FOR LAYING HENS

A plan of a permanent laying house for poultry, with brief description and an estimate of material for the house as planned is contained in Pamphlet No. 5 of the poultry division of the live stock branch of the Dominion department of agriculture. This plan has been specially prepared for use in Prince Edward Island by W. A. Brown and T. A. Benson. It includes a number of features which in the opinion of the writers could be advantageously adopted throughout the greater part of the Dominion of Canada. Copies of this pamphlet may be obtained free upon application to the publications branch, department of agriculture, Ottawa.

LONG AGO

I once knew all the birds that came
And nestled in our orchard trees;
For every flower I had a name—
My friends were woodchucks, toads and bees;
I knew where thrived in yonder glen
What plants would soothe a stone-bruised toe—
Oh, I was very learned then—
But that was very long ago.

I knew the spot upon the hill
Where checkerberries could be found;
I knew the wood—the very tree—
Where lived the poaching, saucy crow
And all the woods and crows knew me
But that was very long ago.

And, pining for the joys of youth,
I tread the old, familiar spot,
Only to learn this solemn truth;
I have forgotten; am forgot,
Yet here's this youngster at my knee
Knows all the things I used to know
To think that I once was wise as he—
But that was very long ago.

I know it's folly to complain
Of whatso'er the fates decree;
Yet, were not wishes all in vain,
I tell you what my wish would be;
I'd wish to be a boy again,
Back with the friends I used to know;
For O, I was so happy then,
But that was very long ago!
—Eugene Field.

"You're terribly severe in your religion, Donald. I suppose you think we're going to perdition, and nobody will be saved but you and your minister!"

"I'm not so sure o' that," said Donald, thoughtfully. "Ye ken, whiles I hae me doots about the minister."

ROYAL BODIES REACH TRIESTE

(By Daily News Leased Wire.)

TRIESTE, July 2.—The bodies of the murdered Archduke Francis Ferdinand and the Duchess of Hohenburg reached here last evening and were placed aboard the Austrian battleship Virbus Anita.

The doctor was bandaging the small boy's arm after vaccination, when the little chap interrupted him.

"Put it on the other arm, doctor," he said.

"Why, no," said the physician; "I want to put the bandage on your sore arm, so that the boys at school won't hit you on it."

"Put it on the other arm, doc," reiterated the small boy. "You don't know the fellows at our school."

How to Spend Your Dollar Where to Spend Your Dollar

This is, as I remarked in my article yesterday, one of the very important questions.

It matters not whether it is for a $40 suit for the father, wife, mother or the children, or for a pound of beefsteak or a pound of nails, or to build a house or to paint the house, or to give the child a music lesson, or the plumber a job, or to buy new harness for the horses, or any of the hundred and one things heedful for necessities and use.

The dollar always figures in the transaction. Now, people who have need for all these various items are the ones who must look out closely for these dollars; therefore as purchasers all want the business and professional people to tell where they are, who they are and what they can and will do for the purchasers in the matter of helping them to get the biggest and best values possible for the dollars spent with them.

The trading and trafficking of this country is becoming a science. All careful people are making it one of the vital studies of today. All must be careful how and where they spend their dollars if they expect to get a few of these dollars ahead for the "rainy day."

And again let me say that regarding the rainy day and advertising in the daily newspaper that the day is never too rainy, never too hot, never too cold, but what the daily paper gets around all right to the home, upon the street, into the offices, stores, hotels, etc., and Mr. Advertiser and Mr. Businessman who may not now advertise, that your advertisement in this paper does a very important work in any and all kinds of weather, for it talks to Mrs. Housewife or to Mr. Consumer whether they go down town or not.

Many good live merchants are recognizing this and depend quite largely upon their advertising to make sales when the store window by reason of adverse weather does not get a chance to talk because the buyer does not care to come down to the store.

I will venture to say that if it were left to the housewife (and she is the mighty factor in the purchasing) that she will say that her information is very largely gained as to what she will buy, where she will buy and where she will spend her dollar from the announcements of various products that are advertised in the daily newspapers.

It makes no difference whether a person is going to spend 50 cents for a purchase or whether it is $50, that person wants to save upon that dollar and see to it that it brings in full value.

Tomorrow I will tell you about "Changed Standards in Advertising."

LANDS FOR PRE-EMPTION ON KUMEOLON INLET

A tract of logged-off timber land on Kumeolon inlet, fronting on the tidal lake at its head, about three miles from Grenville channel, has been subdivided into lots of 40 acres, and will be open to entry by pre-emption at the office of the government agent, Prince Rupert, B. C., at 9 o'clock in the forenoon on August 11, 1914.

The subdivisions, with one or two exceptions, are along the lake shore. They are well situated, being for the most part on or near the big flat around the mouth of the larger of two creeks which drain to the lake, a tidal sheet of water sheltered from every wind by the mountains on nearly every side. Climatic conditions are similar to those at Prince Rupert and Port Essington, from which place the land lies about 25 miles to the southward. The land is 13 miles from the Standard cannery and 16 miles from Claxton. The temperature, even in winter, is mild and the rainfall heavy, especially in the winter months.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

N.B.—Unauthorized publication of this advertisement will not be paid for.

NOTICE

The strike at the Queen mine, Sheep Creek, B. C., is still on. All working men are warned to stay away until the strike is settled.

RAILWAYS REPORT LOWER EARNINGS

Heads of Lines, However, Appear Optimistic of Improved Business Conditions in States

(By Daily News Leased Wire)

NEW YORK, July 1.—Special influences were again effective in keeping the market within a narrow and irregular groove today. Foreign and domestic news was the usual mixture of favorable and unfavorable happenings, the former converging largely around crop conditions.

Several prominent railway executives were quoted as expressing confidence in the future, but their utterances were out of tune with May earnings reported by several of the larger roads. New York Central reported a net decrease of $2,267,000, the Pennsylvania lines lost over $600,000 and Rock Island's operating income fell off over $600,000. New York Central was the weakest of the stocks in its class and New Haven declined two points to within a fraction of its low record. Default of interest on various bond issues of the Cincinnati, Hamilton & Dayton, St. Louis & San Francisco and Rock Island was announced.

The Ulster situation contributed to the heavy undertone here. London sold Americans at home and later here, disposing of several thousand shares, mainly United States Steel, Amalgamated Copper and Union Pacific.

HOLIDAY TRADING IS LIGHT IN WINNIPEG

(By Daily News Leased Wire.)

WINNIPEG, July 1.—Trading on the curb was light today, a few transactions being made at ¼c advance. Liverpool cables opened ⅛ to ¼c up and closed ⅜ to 1⅜c advance. Lighter Russian shipment cargoes firmly held and Manitoba offers higher, were the influences there.

American markets opened higher, but weakened later in sympathy with corn markets.

The Liverpool wheat market opened with moderate covering induced by the late steadiness in America and prices were ⅛ to ¼c higher. Following the opening there was an advance of ⅛ to ⅜c with outside support owing to Manitoba firmer offers and expectations of lighter Russian shipments this week. At 1.30 p.m. quotations were steady at ¼ to ⅜c higher.

DECIDES DISASTER NOT CAUSED BY POOR WORK

(By Daily News Leased Wire.)

PARIS, July 2.—The committee appointed by the ministry of public works to investigate the causes of the caving in of several of the streets of Paris recently made an inspection today of the scenes of the disaster. M. Pichon, former minister of foreign affairs, had made accusations of skimped work, which in most cases were held to be unfounded.

All the members freely admitted that the sewer under the place de St. Phillipine du Roule was not as solidly constructed as it should have been. It was in this section that the most serious damage was done by the recent flooding.

CANADIAN PACIFIC HIGHER IN LONDON

New York and Berlin Cable Buying Orders—Market Dull but Undertone is Firm.

(Western Associated Press Special Cable.)

LONDON, July 1.—The day on the stock exchange was one of continued dullness, with a strong underlying feeling, and although inactive, most of the list showed steadiness. Consols declined 1-16 in early trading and at the close had not made up that loss, being quoted 74 7-8 for cash and 75 for the settlement.

Canadian Pacific railway was in demand and an improvement in the prices was noted in consequence. Both New York and Berlin were bidders for this stock and a small home demand supplemented the buying from those centres. The stock closed at the higher price of 198 1-4.

Grand Trunk railway showed considerably more strength than in the past two days. A slight advance was registered in the premier issues.

HER HEAD ACHES, TOO.

Her head aches, too, perhaps, like yours;
Her hands are weary and her feet;
She longs, perhaps, like you, for rest,
For something of life's glad and sweet.

Her shadows have been falling, too,
Her troubles have been great today—
Kiss the soft lips till cross clouds roll away!

Her limbs are trembling, too, like thine,
Her temples beat with fevered blood;
She, too, hath seen the grave cares come
Sweeping the hard day like a flood.

Her efforts have been made in vain,
Like thine are often made, for sooth—
Take her frail hand, and smooth again
The temples that were smooth in youth.

Her head aches, too, her hands are sore,
Her limbs are weary—just like thine,
Think not forever; "No one feels
Such aching and such pain as mine!"

She had her shadow and her strife,
She has her daily trial, too true!
Lift up her lips, and fill her life
With sunshine as you used to do!

STATES FAITH IN CANADA'S FUTURE

(Continued from page one.)

toast, said that there were many ways of serving the crown. There were many who thought the glory and strength of the British Empire rested upon the unity of parties but he ventured to point out that he belonged to another school which considered the greatest glory and most enduring strength of the British Empire lay in the fact that it was the first nation in history to find the secret of allowing individual liberty and national aspirations to grow unfettered and to consider confederation to mean something far more than an agreement between scattered colonies. It meant that France and England, two great nations, which had disputed power all over the world, had at last found an agreement. There was no part of the world where the entente cordiale was received with greater pleasure than in Canada. When the Duke of Connaught was appointed there were a few polite and friendly criticisms that such an appointment might lead to social and eventually political changes which might result in Canada seeing a replica of an European court. That feeling was not expressed in French Canada, however, and the whole French press agreed in expressing its pleasure that Canada had arrived at such a position as being worthy to receive such an honor.

Work Commences—Pythian Sisters Elect Officers—Many Attend Dominion Day Picnic.

(Special to The Daily News)

ROSSLAND, B. C., July 1.—Work has been started on the new grand stand at the recreation park, Mr. Stewart of the Le Roi is in charge of the work.

A large crowd left on the early train this morning to attend the second annual excursion of the city band to Edgewood.

The semiannual election of officers of the Pythian Sisters took place at the last meeting. Those elected: Mrs. A. Inches, M. E. C.; Miss Maude Michaely, E.S.; Mrs. Lily Hooper, E.J.; Mrs. Elizabeth Trembath, manager; Miss Eva Doell, M. of F.; Miss Jennie Inches, M. of R. and C.; Mrs. J. W. Haynes, protector; Mrs. H. Whitford, guard; Mrs. K. G. King, trustee for three years.

Mrs. H. Kelly and baby daughter arrived in the city from Tacoma, joining Mr. Kelly here.

Mr. and Mrs. R. Bridgeman will leave at the end of the week for a fortnight's visit to Grant's Pass, Ore.

Mr. and Mrs. C. H. Wallace, the Misses Hazel and Evelyn Wallace, Miss Velma Smith, Irving Trembath and Alfred Gilbert motored to Sheep Creek falls today.

Miss Acorn of Colville is spending the holiday with her sister, Mrs. F. Peters.

Miss O. Watson will leave this week for her home at Summerland. Mrs. H. C. A. Cornish will accompany her and will spend several weeks at Miss Watson's home.

DO NOT FAVOR SPLIT IN TWILIGHT SCHEDULE

(By Daily News Leased Wire.)

REGINA, Sask., July 1.—The Regina baseball club is not in favor of the proposed split in the Western Canada league schedule. To the local directors it savors too much of a "bush" arrangement. So far as the Red Sox are concerned the fans figure they still have a good chance to overhaul the Quakers, but even if not it is considered that the scrap for second place will be keen enough to maintain interest right to the end. The local men believe the objects of the league are not being attained if clubs are ready to cry quit simply because their chances of ultimately winning the flag do not appear bright.

FRUIT LANDS

APPLEDALE ORCHARDS

are the kind you want to buy. The very best lands; Title perfect—absolutely clear, a large growing settlement with two schools, town hall, store, postoffice, Fruitgrowers' association, Ladies' Social club, best all year round railroad facilities, railway right through the lands. Fine broad smooth river, excellent boating and fishing with good hunting not far away. One of the widest valleys of the district with the lowest surrounding mountains. Largest amount of sunshine and best air circulation of any valley in the district. A sub-division of over three thousand acres, lying in a valley where there is a contiguous area of probably ten thousand acres of land. It will undoubtedly make one of the largest fruit districts of the Kootenay. Make no mistake—when you buy you want to buy in a large growing settlement which has many advantages superior to lonely, isolated spots. Our prices and terms for first class land are unequalled by anyone. Investigate this statement WEST KOOTENAY FRUIT LANDS COMPANY, J. L. Hirsch, President. Green Block, 516 Ward street, Nelson, B. Youthful Lady Decies To The Fore In London

HER WIT AND SMARTNESS CAPTIVATE SOCIETY—LADY MAIDSTONE, FORMERLY MARGARETTA DREXEL, ALSO SHINES IN A DIFFERENT SPHERE—SHY PRINCE OF WALES MAKES NEW EFFORTS TO GAIN SELF-CONFIDENCE—WHEN LORD NORTHCLIFFE WROTE PARS FOR WOMEN AS "MIRANDA" AND "GERALDINE"—NEWS OF CANADIANS ABROAD

LONDON, June 20.—Young Lady Decies is the most discussed hostess in society at the present moment. She and Lord Decies have had several river parties this summer and were over taken on a recent Sunday by a terrific thunderstorm. Among their guests was one of the Battenberg princes who, when they left one of the boats, spread his coat on the damp bank after the way of Raleigh for his Queen Elizabeth to cross the muddy way. Lady Decies is quite as popular, perhaps a little more so, than Viscountess Curzon who retains her reputation of being the prettiest young married woman in society. But Lady Decies depends very little on her looks, though, of course, she is very nice looking; it is her smartness and wit that carry the day.

Lady Maidstone, formerly Margaretta Drexel, is more in the picture this year than for some time, but, of course, she moves in quite a different set fr m Lady Decies, whose friends are all social celebrities. It is the intellectual crowd that attracts her. If a man is a poet he need not possess a dress suit to be admitted to the presence of the lovely lady. Indeed, the story goes that she has anonymously and in the nicest way possible bestowed on budding geniuses of both sexes the necessary smart garments to enable them to take up their places in the great world. "Maisie," which is Lord Maidstone's nickname, is one of the best-looking of the prospective peers, and serious-minded, too, even more so since his wedding. He was educated at Magdalen, the house where the Prince of Wales is, and now busies himself with affairs in the city. When somebody recently asked him when was Kirby, the famous seat of the Winchelseas, to be rebuilt, he replied, "Ask Lloyd George." Like all the stockbrokers, he says he does not make the cost of the petrol for the car these times.

Prince Too Self-Conscious

The King and Queen are much worried about the Prince of Wales' nervousness and frightful self-consciousness. As he grows older, and he is in his twenty-first year, he does not gain confidence though he struggles hard to do so. Queen Mary is always anxious to give a trial to any new notion and when, recently, Lord Stamfordham brought to her notice a form of mental training, which is being expounded by some Americans here, she jumped at the idea and forthwith asked for the circulars in connection with it. It appears its votaries declare they can promptly train you to have all the brazen, brassy cheek that is desirable and will, after brief initiation, make you fancy yourself the greatest man in Christendom. "It's the very thing for David," said the Queen. "The man must be engaged at once to train him," and her majesty was happier than she had been for months, at the anticipation of making the heir to the throne see his importance. His royal highness started the course some weeks ago and seems to be a trifle more daring in public but it is really too soon yet to predict a sucess for the scheme. Everyone who is loyal hopes it will, for really the shyness of the prince is quite worrying.

There are many good tales told of Lord Northcliffe, the czar of the English newspaper world, and his entrance into journalism, and one of the best was related the other night at the journalists' dinner at the Lyceum club by Mrs. Fenick Miller, the prominent woman journalist, whose reminiscences are shortly to be published. She recorded how, some twenty odd years ago, as she entered the editorial sanctum of the "Lady's Pictorial" office she came upon a very fair young man she had not met before and found him grappling with the proof, which he did not know how to correct, of the Paris letter about gowns and millinery. She promptly came to his assistance and showed him the way. But if the future peer and millionaire newspaper proprietor did not know how to correct a proof he was without an equal at writing pars of feminine interest under the titles of "Miranda" and "Geraldine." Here he felt himself capable of giving advice on not only the dernier cri in frocks but also in connection with the nursery and schoolroom as well as the cuisine.

Grahame White has by no means got over the loss of his friend and brother airman, poor Gustav Hamel. At the Carlton the other night, where White and his pretty wife were entertaining a party, all his friends were saying how the shock of Hamel's death was affecting him. I thought Mrs. White looked a bit solemn, too.

The arrival of the Hon. G. H. Perley, accompanied by Mrs. and Miss Perley, has set at rest the anxiety of those who feared that Dominion day would pass without an official Canadian reception. Canadians residing here as well as those visiting look forward with a great deal of pleasure to this affair, which under the late Lord Strathcona was such an enjoyable entertainment. There was consequently universal satisfaction at the announcement made by Mr. Perley almost immediately on his arrival, that with Mrs. Perley he would give a Dominion day reception at Prince's.

Boyd-Carpenters Receive

We are in the midst of the season and the number of Canadian and Anglo-Canadian functions is unusually large although many were cancelled because of the catastrophe to the Empress of Ireland. Among the interesting events to take place in the near future is a dinner and reception given by Capt. John P. and Mrs. Boyd-Carpenter. This has always been one of the most pleasurable gatherings participated in by Canadians and one always meets there interesting people from Canada, as well as from Australia, New Zealand and South Africa. By the way, the Victoria College Glee Singers will make the evening brighter coming on after a concert at the London university.

Another affair which has deservedly become very popular among Canadians is the Royal Colonial Institute conversazione, which is given in the natural history museum in Kensington. This year the event will take on new attractions and I am anticipating a very pleasant time.

Interesting reminiscences were exchanged at the annual dinner of the London branch of the Upper Canada College Old Boys' association, held at the Cafe Royal, with Major-General C. W. Robinson in the chair. He was the oldest "scholar" at the essembly; it is just 70 years since he entered Upper Canada college. The toast "The Old School" was in very worthy hands and was replied to by Dr. Parkin and Claude Cayley. The old boys present were: Major-Gen. C. W. Robinson, Capt. Charles Forlong, Claude Cayley, Sir F. W. Benson, B. F. Ridout, F. A. C. Redden, Edgar Pelham, Hugh S. Smith, Donald Armour, George W. Badgerow, H. P. Biggar, George R. Freeman, Albert W. Webb, J. H. L. Patterson, C. C. Hayne, Major Gilbert R. Frith, E. R. Peacock, H. G. Wallace, Tom Moss, Angus Sinclair, Felix Bolte, and August Bolte. The guests were: J. R. Boose, W. Rutherford, Claude G. Bryan, W. L. Griffith, A. J. Glazebrook and E. E. A. Duvernet.

Congratulations to Dr. Agatha Doherty of Toronto, one of the most popular Canadian women in London, on her appointment as senior house surgeon to the New Hospital for Women. Miss Doherty has been studying in London hospitals for the past two years and has obtained the degrees of M. R. C. S. and L. R. C. P. She is a sister of Dr. Charles Doherty of New Westminster.

Edmond Burke, the Canadian singer, moves on to fresh triumphs and will create the leading role in the new Russian opera "Dulan," by Holbrooke, with libretto by Lord Howard de Walden, at Drury lane on July 4.

Mr. and Mrs. W. G. Trethewey of Toronto, who have been staying at their Sussex home for the past few weeks, are leaving at the end of this week on their yacht Vergemere for two weeks' cruise on the west coast of Scotland. They expect to sail in the yacht for New York next month to be present at the yacht races for America's cup.

Canadians at King's Levee

Canadians presented at the King's levee last week were: Capt. H. T. Goodland of Edmonton by the adjutant-general to the forces, and W. Grant Morden of Vancouver, by Sir A. Trevor Dawson.

The marriage of Charles Seymour Wright of Toronto to Miss Edith Mary Priestley of Tewkesbury was celebrated on Monday at Tewkesbury Abbey. Mrs. Wright is a sister of Raymond Priestley, the geologist on Capt. Scott's expedition, of which Mr. Wright was also a member. Mr. and Mrs. Wright will live at Cambridge.

THIRTY THOUSAND ATTEND CALGARY EXHIBITION

CALGARY, Alta., July 1.—Over 30,000 people passed the turnstiles at the Calgary exhibition today. The fair was formally opened yesterday by R. B. Bennett, K. C., M. P., who congratulated the management on the number of exhibits, which make a record for western Canada fairs.

For the first time in the history of the fair the dairy cattle exhibits exceed the best cattle entries, showing that the farmers of southern Alberta are taking up mixed farming on a large scale.

EXCELLENT PRICE FOR EARLY CHERRIES

Two and a Quarter a Crate Net Is Received by Growers Shipping Through Union

For the early soft cherries of the Governor Wood variety the growers in this district shipping through the Kootenay Fruit Growers' association will receive a net price of $2.25 per 24 lb. crate after all expenses and the commission of the union are deducted, according to Raymond T. Hickes, manager of the union. This figure is given by Mr. Hickes on returns on recent shipments made by the union and the price is considered to be highly satisfactory as the early cherries are not in any way to be compared to the later varieties such as the Bing, Lambert and Royal Ann.

CHURCH PICNIC PROVES SUCCESS

Large Number Spend Enjoyable Day at Proctor—List of Sports—Lad Breaks Arm.

The annual picnic of St. Saviour's Sunday school at Proctor yesterday was attended by about 400 adults and children. The finest picnic weather prevailed and, with the exception of one accident, the program went off without a hitch. While competing in the high jump Ingold Schermerhorn slipped on the grass, falling on his arm, which was fractured below the elbow. Mr. Brown of the Kootenay Lake General hospital rendered first aid and the injured lad was sent home on the first steamer, accompanied by Walter Kettlewell. Credit is given to the women of the various organizations, who managed the lunch and tea tables in an excellent manner. The sports were in charge of Fred Irvine, William Irvine, F. L. Paddon, T. Bloomer, Charles Bradshaw, F. Moore and A. S. Horswill. The list of events with the winners:

TWO HUNDRED AND FIFTY AT PICNIC

Clan Johnstone Provides Successful Outing on McHardy Ranch at Shoreacres.

Lured by the call of the weather man, who provided the most ideal weather, and by the call of Chief McCleary's bagpipes, fully 250 members of Clan Johnstone No. 212 and their friends gathered at the depot yesterday morning and boarded the special train, which had been provided, for Shoreacres, where on the ranch of Charles F. McHardy the clan held its second annual picnic, which proved a most decided success. There were old Scotchmen, young Scotchmen, little Scotchmen and big Scotchmen at the picnic and nearly every clan from the land of the heather was represented. It was the most pretentious affair that the clan has yet undertaken and throughout the day everything passed off without a hitch.

On arrival at the picnic grounds it was found that preparations had been made for the guests of the clan by Charles F. McHardy, with the assistance of a number of the clansmen, and the children's sports were immediately commenced.

After lunch the adults enjoyed their program of sports, which provided many interesting events, and it was well on toward evening before the lengthy program had been completed with the football game between the married and single men of the clan, which resulted in a victory for the younger men by the score of three goals to one. During the day some of the picnickers enjoyed fishing in Kootenay river, while others made a pedestrian tour of the surrounding district with its acres and acres of beautiful orchards. A quoit tournament resulted in a win for Mr. McHardy, while Mr. Ritchie was second and W. Richardson third.

At the conclusion of the sports the prizes were presented to the winners and three lusty cheers were given by the picnickers for Mr. McHardy for the use of his ranch and the preparations he had made for the entertainment of the gathering. The party returned to the city by the Boundary train. The following is a list of the prize winners in the sports:

Children's Sports.

Boys' race, under six—1, F. Welsh; 2, J. McInnes.

Girls' race, under six—1, M. McLeod and J. Lundie; 2, E. Hay.

HOW PARIS DISPOSES OF HOUSEHOLD WASTE

Quite an elaborate system is soon to be put in operation for disposing of the great amount of household waste of the city of Paris. At present there are used 730 large wagons of 180 cubic foot capacity, 1,500 horses and 3,000 men, and the annual amount is estimated at 900,000 tons or 2,600 tons per day. On the old system, Seine flats took the material either to the sea or river points, or it was transported to the surrounding country. But a modern method is to be organized which involves the use of electric trucks and a system of five large consuming plants in the suburbs at different points around the city. Two of the plants are now in operation and the electric trucks are being introduced by degrees. At the St. Ouen consuming works all is laid out on approved ideas, and the electric trucks discharge automatically into a pit 300 feet wide, at the bottom of which is a set of belt conveyors for taking the material either direct to the grinding mills or to the consuming furnaces. Other conveyors take the material and discharge it into silos above the furnaces. After combustion at about 1,000 degrees Centrifugal there is left a residue resembling slag or clinker. Suitable means are provided for taking the clinker to a mill, where it is ground and mixed with lime so as to make up bricks. Hot gases from the furnaces serve to heat the boilers and supply steam turbines for producing not only all the power needed on the premises, but a considerable amount sent outside. As much as 900 tons of waste is handled per day.—Scientific American.

PRISONERS PLANT FORESTS CONVICTS REFORESTERS

According to a recent report of the forestry department of New South Wales, good conduct convicts at the state prison, instead of breaking stones, are now engaged in the more useful and healthful work of replanting with trees the waste lands of the state. At one prison alone 25,000 trees, mostly American ash and pines, were planted in 1913, and so successful have these plantations been that this work will be considerably extended in the present year.

A similar idea has been worked out successfully by the city of San Diego in California, which possesses 7,000 acres of bare rolling sand land at a distance of 10 miles from the city. A trained forester was engaged to make this land profit-yielding and under his direction the city's unemployed have been given work planting this area with trees suitable to the nature of the country. Other cities in the United States that have found it necessary to purchase and reforest large areas on the watersheds governing their water supply have advantageously used the same kind of labor. The primary purpose of such reforestation is not, however, to furnish work to the unemployed, but to develop a profitable source of revenue from land which would otherwise remain unproductive.

City forests of this kind are not as yet in vogue in this country. Perhaps the only city forest in Canada is that at Guelph, Ont., where a small area has been planted surrounding the springs which furnish the city's water supply. Quebec and the Dominion government have also legislation to encourage tree planting, and the Dominion forestry branch in the last fiscal year distributed nearly 4,000,000 trees from the nurseries at Indian Head for woodlot planting in western Canada.
