

## TURKEY DEFINITELY DECLARES FOR WAR WITH TRIPLE ENTENTE POWERS

Ambassadors Ordered to Leave Britain, France, Russia and Servia--Would Not Send German Officers Home. Bulgaria Opposes Moslem Invasion

### BRITISH DESTROY FORT IN ARABIA RUSSIAN TROOPS ENTER ASIA MINOR

Red Sea Port Bombarded--Turkish Fleet Is Concentrated but Appears to Avoid Engagement with Czar's Battleships--Minister of Finance at Constantinople Resigns--Cabinet Split

(By Daily News Leased Wire.)

LONDON, Nov. 4.—Turkey has now definitely broken off diplomatic relations with Great Britain, France, Russia and Servia. Her diplomatic representatives in these countries, acting on orders of the porte, today demanded and received their passports. Some of them already have left their posts, while the others will depart tomorrow. Although no statement to this effect has been given out, it is understood Turkey's apology for the action of her fleet in bombarding Russian Black Sea ports and Russian ships proved unacceptable to the powers of the triple entente, in that Turkey was not prepared to accede to the demand that German officers in her service be deported and the ships purchased dismantled. The powers which the Ottoman government thus defied are already taking warlike action against Turkey. The British has destroyed Fort Atakab in Arabia, the Russians have invaded Asia Minor and an Anglo-French fleet is bombarding the forts of the Dardanelles.

Now that Turkey has aligned herself among the nations at war, support is given to what the other Balkan states will do. Greece is said to be preparing to take sides with the allies, while Bulgaria has given assurances of her neutrality. Bulgaria, however, is mobilizing for, as a Bulgarian diplomat said, "With Turkey in the area of the war Bulgaria must be prepared for any eventuality."

#### British Bombard Arabian Town.

The British cruiser Minerva has bombarded the Arabian town of Niddah (Jiddah) on the Red sea.

Available records show no seaport of Niddah on the Red sea, but Jiddah, a town of some 30,000 inhabitants, is the chief seaport of Arabia, 60 miles west of Mecca. Jiddah is a picturesque town with irregular streets. From the sea the white minarets show plainly within the walls of the town and give it a picturesque appearance. The angles of the walls on the seafloor are surmounted by forts. In the northern part of the town is a tomb said to be that of Eve. Nearly half the population is Arab. Large numbers of pilgrims reach there every year.

"The Turkish fleet is concentrated in the Black sea with a base in the Bosphorus. Apparently they are trying to avoid a fight with our forces," says the official Russian report to night.

#### Turkish Cabinet Split.

Djavid Bey, Turkish minister of finance, resigned today. His place in the cabinet is being filled temporarily by Talaat Bey, minister of the interior. Djavid Bey's resignation was fully expected, as he had always expressed disapproval of war.

A previous despatch reported the resignations from the Turkish cabinet of Osman Nizami Pasha, minister of public works; Süleiman Elbustani, minister of commerce, and Tschurakusla Mahmud, minister of marine. These resignations were undoubtedly due to dissensions that arose over the Black sea raid of the Turkish fleet, which brought Turkey into the European war.

Passenger traffic on the railway between Smyrna and Constantinople has been suspended owing to the military

movements.

#### Bulgaria Asserts Neutrality.

A despatch from Bucharest says that while Bulgaria will resist with armed force any attempt on the part of Turkey or the allies to cross her territory, she will remain neutral in the conflict between Russia and Turkey.

The same despatch declared that 200,000 Turks are mobilized at Tchataldja, 25 miles from Constantinople, at the point where they made their last stand against the Bulgarians in the first Balkan war.

Athens reports that 70 shots were fired at the Turkish forts in the Dardanelles by the British ships.

The Turkish ambassador left Bordeaux tonight.

The United States embassy here has taken over the affairs of the Turkish embassy.

#### To Use Navy Against Russia.

(Special Cable to The Daily News and Montreal Star.)

ROME, Nov. 4.—Turkey has no intention to conduct naval operations against Egypt, says a despatch to Corriere d'Italia from its Constantinople correspondent.

The entire Turkish naval offensive will be against Russia.

In an interview Hussein Russi Pasha, regent of Egypt, denies reports that disorder has occurred there and says that all the population remains loyal to Great Britain, to whom Egypt owes her prosperity.

Numbers of Egyptian officers have volunteered to serve in the British army.

#### Parisian Turks Favor Peace.

(By Daily News Leased Wire.)

PARIS, Nov. 4, 7:15 p.m.—A statement signed by a number of Ottomans and made public here today says the Turkish colony in Paris disavows the policy of the governing party in Turkey which represents neither the sympathy nor the opinion of the country and that the colony here absolutely refuses to take up arms against the triple entente, whose success is most fervently desired.

### GERMAN TROOPS FREEZE TO DEATH

Trenches Filled With Ice on Eastern Battlefield--Austrians Prove Better Fighters

(By Daily News Leased Wire.)

LONDON, Nov. 5, 3:30 a.m.—Reviewing the situation on the eastern battlefield, the Mail's Petrograd correspondent says:

"Difficulty in living in the trenches in the bitter weather already has begun. Cases of men being frozen to death among the German troops have occurred because the trenches were dug in marshy soil and now are filled with ice. With such experience the Germans are far less able to endure the winter than the Russians."

The correspondent adds that the Germans are somewhat discouraged owing to the fact that the Austrians are now fighting better than the Germans. This is due to the wedding out of the Slavic elements in the Austrian ranks.

### RUSSIANS WIN DECISIVE VICTORY, TEUTONS FLEE

(By Daily News Leased Wire.)

PETROGRAD, Nov. 4.—The following official communication from the Russian general staff headquarters was given out tonight:

"A sudden change has been noted since Nov. 3 on the east Prussian front, where the enemy, which recently had been on the offensive, has begun to fall back at certain points. This retreat is precipitated on the left wing of the enemy, which was vigorously thrown back toward Biala and Lyck. Our troops took Bakalajewo, capturing a large quantity of arms and ammunition and making prisoners of a German company."

"On the left bank of the Vistula the Germans continue their precipitate retreat toward the frontier. Their rear guard has been dislodged from Kolo and Przedborz. On the morning of Nov. 3 we drove back the Austrians beyond Klecie, which place our troops occupied, making 600 prisoners and taking many guns."

"On the same day we won a decisive victory over the Austrians along the whole front from Klecie to Sandomir. The enemy fell back with all speed. Our troops took Sandomir,

which is an important strategical point.

"In the region south of Klecie during the past week we have made prisoners of 200 officers and 15,000 soldiers and taken a large number of cannon as well as machine guns. During the night of Nov. 3 the Austrians made a series of attacks which were fierce but futile and they retreated. Our troops took a firm footing in the region of Nisko and Radnik."

"There is nothing to report from the rest of the front."

#### Vienna Claims Captures.

(By Daily News Leased Wire.)

VIENNA, Nov. 4, via Amsterdam and London, 11:47 p.m.—The following report has been received from the Austrian army headquarters:

"The moves of our troops in Russian Poland yesterday were not hindered. One of our corps in battles on Lysagora mountain captured 24 officers and 2,200 men."

"On the Galician front over 200 of the enemy's men surrendered near Podbusse, south of Sambor, and this morning 300 more surrendered near Jarosla."

F. AUGUSTUS HEINZE, COPPER MAGNETE, DIES

(By Daily News Leased Wire.) SARATOGA, N. Y., Nov. 4.—F. A. Heinze, former owner of of immense copper interests in the west, died suddenly here tonight.

### MACHINE GUNS SURPRISED ENEMY

Germans Were Preparing to Spend Night Comfortably at Dixmude When Allies Slaughtered Them

(Special Cable to The Daily News and Montreal Star.)

AMSTERDAM, Nov. 4.—The German troops held Dixmude for a brief period last week and had an unpleasant experience. They entered the town singing, as is their custom, "Die Wacht am Rhein." The allies previously had mounted machine guns in the garrets of some of the houses and left sufficient men to work them.

The Germans were preparing to stay in the town all night when suddenly the allies opened fire from the houses. The garrison fled panic-stricken, leaving 1,000 killed.

### CATCH ALBANIANS IN DEADLY TRAP

Twenty Thousand Invaders Slaughtered in Dark Defile--Austrian Officers Engineered Raid

(Special Cable to The Daily News and Montreal Star.)

ROME, Nov. 4, via London.—The Giornale d'Italia's Cetline correspondent says an army of 20,000 Albanians, commanded by Bulram Sura and numerous Austrian officers, invaded Montenegrin territory near Djakova. A Montenegrin general permitted them to enter the mountain pass and when in a dark defile they were attacked and almost completely massacred. Every one of the officers was killed. Austrian uniforms, guns and hundreds of wagons were taken.

### SAYS HALF MILLION TO RAID CANADA

Germans in States Organizing for Attack, Montreal Mayor Hears From Anonymous Writer.

(By Daily News Leased Wire.)

MONTREAL, Nov. 4.—Half a million Germans in America are secretly organizing for a raid on Canada, according to an anonymous letter this morning received by Mayor Martin from a "naturalized German resident in Montreal."

The mayor declared he has every reason to believe that the letter was written in good faith and instructed that the communication be sent to Chief Carpenter of the detective force for his information.

While the letter itself was not made public, the mayor let it be understood that the writer had just reached Montreal from a visit to the States, where his sympathies regarding the proposed raid on the Dominion were carefully sounded.

The mayor of Westmount a few days ago received a letter of similar purport from a "railroad man of the western States."

#### Toronto Subway Attacked.

(By Daily News Leased Wire.)

TORONTO, Nov. 4.—Owing to rumors of a raid on Canada by Germans living in the United States the local police, acting in conjunction with the military authorities, are taking all possible precautions to prevent aid being given to such an invasion by aliens living in Toronto.

It was reported tonight that five men were acting suspiciously on top of the Grand Trunk railway subway at the second entrance to High park from the Lake Shore road. Mounted Officer Hanson succeeded in stopping what is believed to have been an attempt by foreigners to blow up the subway.

High park and the country for miles around was scoured for hours without finding any of the men.

Just what damage was done to the railway tracks the police would not say, but it is understood they had been tampered with.

#### FEARS EPIDEMIC IN BELGIUM

(By Daily News Leased Wire.)

LONDON, Nov. 4, 11:40 a.m.—A despatch to the Exchange Telegraph from Rotterdam says:

"Antwerp doctors predict an early epidemic owing to the fact that the only available water supply comes from the river Nethe, which is contaminated by the bodies of many slain soldiers. The rebuilding of the reservoirs which were destroyed by the bombardment has not been permitted."

### THROWS DOUBT ON GERMAN VICTORY

Admiralty Not Yet Able to Confirm Seafight News

### MEASURES TAKEN CHURCHILL SAYS

Ottawa Man Thinks Teutons Wanted Otranto--Japanese Steam South

(By Daily News Leased Wire.)

LONDON, Nov. 5, 1:20 a.m.—The admiralty has issued a statement in which it says it has received from German sources details of a naval engagement off the Chilean coast in which the British cruiser Monmouth was sunk and the cruiser Good Hope severely damaged. The admiralty says it has no confirmation of the report.

The statement was issued through the official press bureau in the name of the secretary of the admiralty, and says:

"Rumors and reports have been received at the admiralty from various sources of a naval battle having occurred off the Chilean coast. The admiralty has no official confirmation of this and such accounts as it has received are admittedly on German evidence."

"It is reported that the Scharnhorst, Gneisenau, Leipzig, Dresden and Nürnberg concentrated near Valparaiso and that an engagement was fought with a portion of Rear Admiral Sir Christopher Cradock's squadron on Sunday last. The German report asserts that the Monmouth was sunk and the Good Hope seriously damaged. The Glasgow and the auxiliary cruiser Otranto escaped."

#### Canopus Was Sent

"The admiralty cannot accept these facts as accurate at present for the battleship Canopus specially was sent to strengthen Rear Admiral Cradock's squadron and would have given him a decided superiority not mentioned in them. Further, although five German ships concentrated in Chilean waters, only three entered Valparaiso harbor. It is possible, therefore, that when the account of the action is received it may considerably modify the German version."

"Effective measures have been taken to deal with the situation in any event."

#### Wanted to Take Otranto

(By Daily News Leased Wire.)

OTTAWA, Nov. 4.—That the German cruisers which figured in the battle in the south Pacific were after the Otranto is the opinion of Capt. Yates, Ottawa, who sailed four years in the Pacific and saw active service in the British navy in several quarters of the world.

The Otranto is one of the finest vessels in the fleet of the Pacific & Oriental Steamship company. She was built in 1909 and has a displacement of 12,000 tons with a length of 535 feet and a speed of 17 knots an hour. She has been in the passenger and cargo service between Valparaiso and Liverpool and often carried valuable cargoes of silver and gold bullion and copper. She had evidently just sailed at Otranto when she was going in to coal at the

(Continued on Page Three.)

### DREADNOUGHTS GOT NEAR BRITISH COAST

Object Was to Draw Jellicoe's Ships Into Mine Zone Is Believed--Submarines Pursued

(By Daily News Leased Wire.)

LONDON, Nov. 4.—That four German dreadnoughts and four German cruisers took part in yesterday's engagement off the east coast of England is confirmed by the crew of the steam drifter Garrigall. According to the skipper of the drifter the German ships appeared through the mist about 16 miles east northeast of Lowestoft at 7 o'clock in the morning. The firing on the British cruiser Halcyon lasted 15 minutes. The skipper also says that two British submarines, in addition to the D5, which was sunk by striking a mine, pursued the Germans.

#### Hope to Trap Dreadnoughts.

The appearance of German warships off the coast of England is causing much discussion in this country today. There is a disposition among naval men to believe that no serious raid was intended but that the Germans hoped to induce British warships to follow them and by laying mines as they retired to catch some of the bigger ships as they did the submarine D5.

The fact that the Germans did lay mines seems to indicate to the naval experts here that the ships engaged in this work were old ones. These experts argue that Germany would not take such risks with new vessels. To prove their contention the experts say that the firing at the British cruiser Halcyon, which resulted in slight damage to that vessel, showed that the Germans were not armed with modern guns.

The admiralty announces that one officer and 20 men were lost in the sinking of the D5.

### FORTUNE OF WAR SWAYS ALONG FRANCO-BELGIUM BATTLE FRONT

AFRICAN REBEL AGAIN WHIPPED

(Special Cable to The Daily News and Montreal Star.) LONDON, Nov. 4.—The colonial office has been notified of further captures and surrenders of the Boer rebels commanded by Col. Maritz.

### ALLEGED RED CROSS SHIP NOT RELEASED

Britain Caught German Boat Behaving Suspiciously and Prize Court Will Settle Matter

(By Daily News Leased Wire.)

LONDON, Nov. 4, 10:25 p.m.—The admiralty announces that the German steamer Ophelia, which was seized while she was flying the Red Cross flag and against which action Germany protested is being detained because her name had not been noted to England as that of a hospital ship, according to The Hague convention. The admiralty declares that at the time of seizure the Ophelia "was not behaving in a manner consistent with the duties of a hospital ship and the vessel will be brought before a prize court."

### CRUISER KONIGSBERG PUT OUT OF ACTION

London Times Prints Report--Is Warship Which Damaged Pegasus--Karlruhe Wants to Coal.

(By Daily News Leased Wire.)

LONDON, Nov. 5.—The Times prints a report today that the German cruiser Konigsberg has been put out of action in the Indian ocean.

The Konigsberg is a protected cruiser and was laid down in 1905. She is of 3,308 tons, is 354 feet long and has a speed of 23 knots. Her main battery consists of 10 4.1-inch guns.

So far as is known the sole success

(Continued on Page Three.)

### WILSON MAJORITY MUCH REDUCED

Democrats Likely to Have Superiority of Nineteen Votes in House of Representatives.

(By Daily News Leased Wire.)

NEW YORK, Nov. 4.—Latest returns from yesterday's elections indicate that the Democratic majority in the house of representatives for the 64th congress will be reduced to 19. The probable Democratic majority in the senate will be 14.

Democrats have elected 226 members, Republicans 192, Progressives 10 and Socialists one. Of the six missing districts it was estimated tonight that the Republicans and Democrats might elect three each. Heaviest Republican gains in the almost overwhelming of the Democratic majority were 13, in Illinois, 12 in New York, 10 in Pennsylvania and nine in Ohio.

Progressive representation in the house was cut from 19 to nine or 10. This resulted from the general collapse of the Progressive party throughout the country except in California.

Several contests were so close that they could not be determined at a late hour tonight.

Wesley L. Jones, Republican, has been re-elected United States senator in Washington. The Republicans were also successful in four out of five congressional contests in that state, W. E. Humphrey, L. H. Hadley, A. Johnson and W. L. LaFollette being elected. The other seat was captured by C. C. Dill, Democrat.

Congressman W. S. Hammond, Democrat, was elected governor of Minnesota by a majority of from 25,000 to 50,000 over his Republican opponent, William E. Lee, of Long Prairie, according to incomplete returns today.

#### Progressive Vote Generally Lower.

(By Daily News Leased Wire.)

WASHINGTON, Nov. 4.—Returns show that the Progressive vote dropped in practically every state. This was pointed out today as being shown in a number of states by the election

#### J. S. C. FRASER DEAD

(By Daily News Leased Wire.)

VICTORIA, B. C., Nov. 4.—A despatch from Toronto tells of the death there from pneumonia poisoning of J. S. C. Fraser, who was manager of the Bank of Montreal branch in Victoria. Prior to coming here he had been for 16 years manager of the bank. He was aged 52.

He has been with the Bank of Montreal in Ontario and western Canada since 1878. The late Mr. Fraser was a descendant of Col. Fraser, who raised the Fraser regiment and fought at the capture of Quebec.

Franco-British Gain Near Dixmude, Lys and Messines and Germans Move Forward Slightly in Vailly and] Chavonne Districts--Artillery Active

### PRUSSIANS SLAUGHTERED WHEN THEY TUMBLE INTO PITS DUG BY BRITISH

Dangerous Charge Across Exposed Ground Brings About Surrender of Teuton Detachment--French Spare Brave Aviator--Sir John French Blocks Way of Kaiser's Effort to Advance via Ypres

(By Daily News Leased Wire.)

PARIS, Nov. 5, 12:25 a.m.—Alternate gains and losses by each side marked the great struggle between the allies and the Germans along the extended battle front in France and Belgium Wednesday, according to officers who have returned from the fighting zone. The French and British troops, these officers say, made considerable progress in the neighborhood of Dixmude and Lys.

On the other hand, the Germans are reported to have gained a small amount of territory in the region of Vailly and Chavonne.

The heaviest fighting of the day was in this region, where the Germans, heartened by Tuesday's appreciable advance, endeavored to continue their success. The allies, aided by reinforcements, are said to have repulsed to a large extent the furious attacks of the Germans and a small detachment of Frenchmen, although they met with heavy resistance at a bridge on the Aisne, succeeded in pushing on and gaining high ground commanding the enemy's position.

Enemy Took Some Cannon. From this point the French opened a raking fire on the Germans, but they were not sufficient in number to withstand the furious German onslaught that followed and were compelled to retire to avoid being cut to pieces. The few cannon taken by the Germans, it is said, were put out of commission before the retreat.

The armies are finding it difficult to construct trenches in the valley of the Yser owing to the low ground. This fact is necessitating a considerable change in their operations. Holes two feet deep immediately fill with water. The allies are forced to fire while lying prone and are using all manner of ruses to secure cover.

#### Capture Detachment of Foe

The close unification of the allied armies is marked, according to the report of the officers arriving here from the front. In giving an instance of this they related a story of the routing of a detachment of Germans by a volunteer band of allies. A small detachment of 50 or 60 Germans, the officers said, still occupied the heights of the Yser and kept up an intermittent fire. A corporal of the 6th corps (nationally not mentioned) requested permission to capture this position. He called for volunteers to make the dangerous charge across the open and unprotected marshy ground, and was overwhelmed with offers to serve. Choosing 10 of these men they, with the corporal at their head, began crawling on hands and knees across the open.

Although the little party was under a heavy fire, it succeeded in reaching the German position 50 yards from the Germans. There, at the command of the corporal they rose and shouting, charged the German position. The Germans believed the move was some ruse and laid down their arms and surrendered.

#### Spare Brave Teuton Aviator

An example of good sportsmanship among the French was shown in a letter written by a German aviator to his parents. Flying high over the French trenches, the German pilot was killed and the aviator badly wounded. The aviator, however, succeeded in bringing his machine safely to earth within the French lines. He was immediately attacked on all sides, but throwing himself under the wing of his machine for concealment, he succeeded in killing three of his assailants before his revolver was empty. When he stopped firing the soldiers rushed up to bayonet him, but their

colony stopped them saying: "Don't kill him; he's a brave man and a worthy enemy."

A sergeant in relating stories of the large number of spies told of an old woman near Soissons with her cart filled with provisions and unplucked fowls who started to cross a bridge. She was stopped by the sergeant. Thereupon the peasant became angry and started to abuse the officer. The sergeant became suspicious of her intentions and ordered her arrest. The load in the cart was then examined. On the neck of each fowl was a tag containing the address of the consigner in the next town and under each wing a message was found giving minute details of the French movements.

#### Lures Prussians Into Deadly Pits

The correspondent of the Chronicle in northern France states that the "Bannockburn ruse" has been repeated successfully by the British in the battle of the Yser. He says:

"About 25 yards in front of our trenches deep pits were dug. These were covered with branches and loose turf, as at Bannockburn, and into these the Germans fell in heaps, calling out pitifully when, too late, they discovered the stratagem."

"Our troops watched their destruction with grim satisfaction and tried to bring down as many as possible before they reached the pits, so that they would not be too quickly checked. Although the Germans more than filled the pits, others came on in great numbers and the pits soon became a scene of appalling horror. The Germans struggled, cried and fought one another in their vain attempts to extricate themselves. Many were accidentally transfixed by the bayonets of those who had first fallen, while others were shot by their comrades. A shell fell into one pit and the huddled mass within was blown out of existence."

#### The War Office This Evening Made Public the following statement:

"There is no important modification in the situation to report."

"In the north we have made slight progress toward Messines."

"To the east artillery duels at several points of the front have taken place without any great results, notably at the west of Lens, between the Somme and the Ancre, in the Argonne and in the forest of Apremont."

#### No Great Change.

The official reports of the fighting on land as issued this afternoon recorded only advances at four points and repulses of attacks at others. There was, in fact, no great change in the situation, according to the reports. It is definitely announced that the Germans have given up their positions along the Yser, having been driven out by the floods and the gun fire of the allied troops and warships.

The Germans, however, have kept up their attack on the allies' line around Ypres, where the British troops are fighting. Although there is evidence that the new main effort of Emperor William's forces to break through at this point has not yet really commenced, the Germans continue to bring up reinforcements and under the eyes of the emperor are preparing to make another big attempt to get through to the coast.

Military men here say that the allies have just as good means of bringing reinforcements to their lines as have the Germans and express confidence that a new attack will prove as fruitless as previous.

The allies claim progress between

(Continued on Page Four.)

### BIG GERMAN CRUISER IS SUNK BY PRUSSIAN MINE

LONDON, Nov. 5, 4:09 a.m.—The German cruiser York has struck a mine in Jod bay and sunk.

The German armored cruiser York was built in 1905, a vessel of 9,350 tons carrying a crew of 683 men and thus the largest warship lost so far by the German navy. In fact, she is the most modern of the armored ships yet lost since war was declared, being superior to the Monmouth, the most valuable British casualty both in point of modernity and armament, though smaller than the Good Hope, which may yet be saved.

She was armed with four 8.2-inch guns, 10 5.5-inch, 16 3.4 and 10 1.4-inch.

Jade bay is a deep bay and estuary of the North sea belonging to Germany. It is 70 square miles in extent with a fair way to the open sea and one and a half miles wide. On the west side of the entrance to the bay is the Prussian naval port of Wilhelmshaven, so that without a doubt the York was sunk by one of Germany's own mines.

#### German Trawler Blown Up

(By Daily News Leased Wire.)

COPENHAGEN, Nov. 4, via London, 5:47 p.m.—A large German trawler has

been destroyed by a mine south of the Danish island of Langeland. The fate of her crew is not known.

#### CELL MATE PROVED TO BE PRIVATE DETECTIVE

(By Daily News Leased Wire.)

MEDICINE HAT, Alta, Nov. 4.—An interesting insight into the life of and methods employed by a private detective was given in the trial of the Dunmore hotel arson case before the supreme court here this afternoon.

John Mason of Calgary, engaged by the Lilly Adjustment agency to investigate the fire, got himself put into jail at the mounted police barracks at Regina on a trumped up charge in order that he might get in touch with one of the men accused of setting fire to the hotel, who was held there waiting for trial. How he succeeded in worming the facts of the case out of the accused while in a dark cell with him was related at great length in the court today. The evidence completely reading almost like a 10-cent detective story.

## RESULT PLEASING TO WALL STREET

Under Normal Conditions Republican Gains Would Have Brought About Upward Response From Market

(By Daily News Leased Wire.)

NEW YORK, Nov. 4.—Wall Street temporarily abandoned its interest in international affairs today to give some consideration to the outcome of the elections. With the stock market still under closure there was no way of measuring the significance of the overturn in terms of security values, but conservative opinion inclined to the belief that under normal conditions the market would have responded with a vigorous upturn of prices. On the other hand it was regarded as a debatable question whether these price changes would not have been largely neutralized by the latest victories of the German navy. These were accompanied by another sharp rise in transatlantic rates, while war risks on ships plying between North and South American ports were virtually prohibitive, according to reports. Expiration of the British moratorium was without appreciable effect, either in London, or here, albeit the London stock exchange has formulated with government aid an elaborate plan to be placed in operation when normal conditions are restored.

Foreign exchange was firm with a minimum of operations, cables being quiet at 4.91, sight drafts at 4.90 1/2. More cotton bills were in the market at rates unchanged from the early week. There was a revival of German loan rumors, but these, if consummated, would be in the nature of private transactions for the upbuilding of credits by that country. Latest developments in the steel industry pointed to a general wage reduction and this is being regarded as a necessary consequence of suspended stock dividend. Evidence of the continued improvement in the investment market was furnished by an advance in the prices of short term notes. Railway returns for September offered infallible proof of backward conditions, the transportation companies in the northwest and south showing net losses.

## SAYS RESOLUTIONS WILL DO NO GOOD

Chief Justice Hunter Declares There Will Be No Behind the Door Dominion Trust Order.

(By Daily News Leased Wire.)

VANCOUVER, B. C., Nov. 4.—Though Chief Justice Hunter did not lay down a definite ruling today, he showed which way the wind was blowing in relation to the winding up of the Dominion Trust company. There are three rival interests seeking liquidation along as many different lines. The shareholders, headed by the directors, want a voluntary liquidation with a court order for a private winding up; the depositors ask to have temporary liquidator, C. R. Drayton, confirmed in his appointment, while Charles Maxton or California, and a creditor for \$130,000, would like to have some one else named. The depositors and creditors are not seeking a private winding up.

Last Monday when counsel appeared before the chief justice asking for permission to liquidate privately an order was made adjourning the whole matter for a week. The chief justice directed that the whole matter should remain in abeyance until that date, in court as well as out. Later in the day the shareholders held a meeting and passed a resolution in voluntary liquidation. Difficulty arose between opposing counsel as to the terms of this order and it came up again today to have the chief justice settle the order. When the matter was mentioned the chief justice emphatically declared:

"There is going to be no 'behind the door' order made in this matter; the shareholders may resolve all they like if it pleases them, but it won't do any good. I won't stop them, but anything they do will have no effect on the court. I may just as well state for the benefit of everyone that no winding up order will be made for the Dominion Trust company until Monday at the earliest."

The court added that all lawyers in the case must be ready to proceed Monday when he would be ready to dispose of the matter.

## BISHOP TAKES UP DEAN STARR CASE

Ontario Cleric Serves as Chaplain of Irish Brigade—Parishioners Think He Should Resign.

(Canadian Associated Press Cable.)  
LONDON, Nov. 4.—The Bishop of London, it is understood, has written the Bishop of Ontario regarding the case of Dean Starr of Ontario, who is serving as chaplain of the Irish brigade in the British forces. Dean Starr was accepted for service by the war office while visiting in England, but his Canadian flock has expressed the opinion that his first duty is to them, or at any rate, if he holds his chaplaincy, he should relinquish his Canadian charge.

The Bishop of London, who has no jurisdiction, of course, but merely writes from personal good will toward the bishop, points out that Dean Starr's present service is most valuable, particularly as he already possesses practical military experience. Apart from that which spiritual functions would confer upon this distinction, it is quite unique among British chaplains.

"It is a man who can do anything he likes with the men" is Dr. Ingram's opinion. The Irish guards have just presented the dean with a pocket communion service. It is understood that Dean Starr has asked for leave after next Christmas.

## Expert Piano Tuning AND BETTER TERMS

C., professional piano and organ tuner, with highest possible recommendations from Heintzman & Co., Goulay Piano Co., Morris & Kira Co., Dominion Piano Co., Newcombe & Co., Gerhard Heintzman Piano House, Vancouver; with 28 years' experience; this guarantees the finest workmanship.

### SHERIFF'S SALE

Under and by virtue of an Order of the Supreme Court of British Columbia, dated the 2nd day of October, 1914, in an action whereof Donald F. Kizer is plaintiff, and Miller Creek Mining Company is defendant, I shall, on the 12th day of November, 1914, at my office in the Court-house, in the City of Nelson, British Columbia, at the hour of 12 o'clock noon, offer for sale at public auction, all the right, title and interest of the above-named defendant in all the minerals, precious and base (save coal and petroleum) under Lots 5363, 5364 and 5365, known as the "New Springfield," "Wonderful Fraction" and "Sampson" Mineral Claims respectively, and all minerals, precious and base (save coal) under lot 5366, known as the "L.X.L. Fraction" Mineral Claim, all in Group One (1), Kootenay District, British Columbia. The nature and particulars of the interest of the defendant, Miller Creek Mining Company, in the said lands are that it is registered owner thereof, clear of encumbrance, save only as to the judgment of the said plaintiff, in this action for \$19,625.15.

The only judgment which forms a lien or charge against the said lands is the judgment of the plaintiff in this action for the said sum of \$19,625.15, together with subsequent costs incurred herein, and interest.  
Dated at Nelson, B. C., this 13th day of October, 1914.  
S. P. TUCK,  
Sheriff of South Kootenay.

### TENDERS FOR MINERAL CLAIMS FORFEITED TO THE CROWN

Tenders for the undermentioned mineral claim will be received by the undersigned up to twelve o'clock noon on Saturday, the 28th day of November, 1914, which claim was forfeited to the Crown at the Tax Sale held at the Court House, Rossland, B. C., on November 7th, 1914.

To be considered all tenders must be at least equal to the upset price which is given below, which is equivalent to the amount at which said claim could have been purchased by the owner or owners on the above date, together with the taxes and interest, which have accrued since the tax sale, inclusive of the cost of advertising for tenders and the Crown Grant fee. Name of Claim Upset Price Lot No. "Annie E." \$125.92 1457

Each tender must be accompanied by a certified cheque for the full amount thereof, payable at par at Nelson, B. C., in favour of the undersigned.

The cheques of all unsuccessful tenders will be immediately returned. Dated at Nelson, B. C., this 27th day of October, 1914.  
J. CARTMEL,  
Government agent

### SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district of which the rights applied for are situated. In surveyed territory the land must be described by sections or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself. Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and paid the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre. For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,  
Deputy Minister of the Interior.  
N. B.—Unauthorized publication of this advertisement will not be paid for.

## THROWS DOUBT ON GERMAN VICTORY

(Continued from Page One.)

time of the encounter. All vessels in the southern Pacific take coal at this port before they shape their course for the straits of Magellan to round the horn.

Thinks British Unprepared.

"There is a British naval base right on the Chilean coast only 455 miles from Corral. Not many people know that. The British certainly ought to have known that the Germans had come to Corral for coal. They knew all the other available coaling stations in the Pacific had been visited and that only Corral remained. Corral is the only coal depot in the south Pacific ocean with the exception of Newcastle, Australia.

"Samoa and King Wilhelmshafen, their own stations, were closed to them, as well as the coaling station of British Columbia. They had already called at Mexican ports. Where, then, could they go but to Corral?"

"It was a bold stroke, but the British ought to have been prepared. The German ships had been scattered all over the Pacific in their search for coal. What use was it, less or anything else to the British if it could not tell of this move?"

"The British naval base in Chile is Quilombo. It has been used for stores and repair shops for the past 40 years. I have seen British men-of-war there many times."

Capt. Yates was in the British navy transport service during the Egyptian and South African wars. He saw the bombardment of Alexandria in 1882 and witnessed several of the engagements in the Chile-Peruvian war of 1880 and 1881.

**Supports German Story**  
(By Daily News Leased Wire.)

NEW YORK, Nov. 4.—The American minister at Santiago, Henry P. Fletcher, confirms the German official press reports of a German victory in which five German vessels sank or put out of action three British warships. It is reported that a Japanese-British fleet that has been operating along the islands of the Pacific is rushing south to attack the victorious Germans.

**Vancouver Not Worried**  
(By Daily News Leased Wire.)

VANCOUVER, B. C., Nov. 4.—Whatever the naval experts at Ottawa think of the chances of a raid against the British Columbia coast cities by the squadron of five German ships now off the south American coast, the people of Vancouver have no fears. Even supposing the enemy's ships ever get past the forts at Esquimalt, of which there is not one chance in 10,000, it is hardly conceivable that they would proceed 80 miles through inland waters to reach Vancouver when they could not tell what was happening behind them or how soon they might be bottled up. From a commercial standpoint the menace in the north Pacific is now removed, for the presence of the German ships off Chile, accounts for all German vessels this side of the Suez except the Emden.

The finest vessel of the Japanese fleet now between San Francisco and Honolulu is the Kongo, a battle cruiser of 21,000 tons equipped with eight 14-inch guns and much faster than any of the German boats. She would be completely outclassed, just as they apparently outranged the Gog Hope and the Monmouth in Sunday's battle.

## VETERANS WELL REPRESENTED

Fourteen Members With the Canadian Forces—Absentees to be Kept in Good Standing

Out of an active membership of 40 14 members of the Nelson and District Veterans' association have volunteered and left with the first two Canadian contingents for active service, according to a report made last night by the secretary, Charles J. Archer. At the annual meeting of the association, all men who are qualified to become members of the association who left with the first contingents from this district will be enrolled as members following the passing of a resolution to that effect last night, and any who have left to volunteer for active service will be kept in good standing.

It is the intention of the association to hold benefit concerts, etc., during the coming winter in order that they may be able to send articles to members at the front and to assist in swelling the treasury of the Canadian Patriotic fund. Officers elected were: Captain and president—Major Gen. Lord Aylmer.

Senior lieutenant and vice president—Capt. G. Anderson.

Junior lieutenant and second vice president—A. E. Bennett.

Lieutenant and secretary—Charles J. Archer.

Executive committee—Capt. R. J. Steel and J. Kelly.

Lieut. Col. Joseph Mackay of Fernie and Capt. S. G. Kirk of Grand Forks were last night elected as honorary members and C. Sutcliffe was given the honorary rank of lieutenant in the association. Three new members were admitted.

## LARGE NUMBER ATTEND CONCERT

Many Hear Address by Justice Macdonald—Enjoyable Concert by Knights of Columbus

Over 200 were present last evening at the concert given by the Knights of Columbus in aid of the Nelson branch of the Canadian Patriotic fund and the Belgian relief fund. The feature of the evening was an address by Mr. Justice Macdonald, whose subject was "The Duty of the Hour." The other items on the program consisted of an address by Rev. Father Althoff, a solo by J. Hughes, the singing of "It's a Long, Long Way to Tipperary" by a company of small boys, an amusing farce, and music by an orchestra.

Rev. Father Althoff, in introducing Mr. Justice Macdonald, spoke of the object of the concert and of reasons why everyone should be willing to give all the help possible in trying to relieve the distress occasioned by the war. Many people were of the opinion that too much was being asked of them by various organizations. In answer he told of the terrible suffering and misery among the poor people of Belgium, pictured them, homeless, often without a bite to eat and penniless, and then asked how any one living here in peace and plenty could complain of being asked for too much.

In closing he said that everyone possible should do all in their power to aid the cause, even though they should be required to give up some luxury.

Mr. Justice Macdonald, in opening, spoke of his former connections with Nelson and said that in accepting the invitation to speak at the concert he did so because of a resolution he had made to do all in his power to aid the cause so dear to his heart and he felt that if his participation helped that cause in any way he would feel repaid.

He traced the causes of the war and the reasons why Great Britain and Belgium were involved. If France and Russia had called upon Britain to fight, the position today would be far different from what it really is. The Belgian people had dreaded war, but when it came to a question of honor they risked the very life of the country that that honor might remain untarnished. Britain was compelled by honor to aid Belgium, he said, and though both countries were strongly tempted by Germany to remain out of the fight they considered themselves in duty bound to obtain the neutrality of Belgium. For all time the name of Belgium would stand for honor and integrity.

In speaking of Canada's duty at this time, he said that this country had stood nobly by, and that at no time in the history of the world was so large an army and so well equipped gathered together and despatched across the ocean as Canada's first contingent, and they landed ready and anxious to get to the firing line to show that Canadians were ready to do their duty with the rest. Canada will continue to do its duty and more men, more money will continue to be sent until Great Britain had accomplished her end. The people of British Columbia had more than upheld their end, he said, and would continue to do so.

In closing he said that although Nelson was in a very bright condition and everything was in good shape he had noticed during his stay in the city a little pessimism and that he would like to leave one thought with the people, to forget the talk of hard times as much as possible, to cheer up and in the end everything would look better, and in the endeavor to make things look more cheerful they would become so.

At the conclusion of his address a very laughable farce entitled "Uncle Pete's Evening With the College Boys" was given and brought forth many hearty laughs from the large audience.

## WOMEN SUFFRAGE GENERALLY BEATEN

Of Seven States Only Two Vote Favorably, in One of These Recount Is Necessary.

(By Daily News Leased Wire.)

CHICAGO, Nov. 4.—Woman suffrage leaders rejoiced tonight when belated returns indicated that votes for women had been apparently granted in two of the seven states voting on the question on Tuesday. The first returns had indicated the refusal of the franchise to women in all seven states concerned. Montana and Nevada, according to the latest returns, granted votes to women, while Nebraska showed such a small vote against the proposal that the women claimed the state. Missouri, Ohio and North and South Dakota refused to grant equal suffrage, the majority against, granting the franchise increasing with the size of the population concerned.

In Montana, where workers of the American Women Suffrage association made heroic efforts to win the ballot, the vote was so close that an official count will be held.

**CRUISER KONIGSBERG PUT OUT OF ACTION**  
(Continued from Page One.)

the sinking of the Ellerman liner City of Winchester, near the entrance to the Gulf of Aden, on Aug. 6, and the sinking of the Pegasus in Zanzibar harbor in September. The Pegasus at the time, according to the official report, was caught at a disadvantage as she was undergoing repairs.

**Karlruhe Wants Coal.**  
(By Daily News Leased Wire.)

WILLEMSTADT, Nov. 4.—It is reported that the German cruiser Karlruhe has sent a wireless despatch asking permission to take on coal here, but that the colonial government has refused to grant permission.

An order prohibits the coaling of belligerent warships here and coal exportation is forbidden.

Merchant steamers are only allowed enough coal to fill their bunkers.

Willemstadt is the principal port of the Dutch island of Curacao, West Indies.

## CANADIANS CHEER KING AND QUEEN

King George, Queen Mary, Kitchener and Roberts Pay Visit to Salisbury Plains

(Canadian Associated Press Cable.) LONDON, Nov. 4.—Dull weather greeted King George and Queen Mary when they journeyed from London to Salisbury Plains today to visit the Canadian camp. Their majesties motored from Salisbury. Among those accompanying them were Lord Kitchener, Lord Roberts, Hon. G. H. Perley and several of the war office staff.

The royal visitors first went to Bustard camp, where the divisional headquarters are situated. The King and Queen shook hands with the members of the staff as they were presented. They then motored to Pond farm, accompanied by Gen. Alderson and the Canadian staff. All along the route troops with bayonets fixed cheered the royal motorists vociferously.

On the King's express direction the journey was made at slow speed. The King saluted every few yards along the route. In his majesty's car was Lord Roberts, then followed Lord Kitchener and the third car was occupied by the acting high commissioner. Their majesties spent a couple of hours together in camp and afterward proceeded by train to London.

The King expressed pleasure at having the opportunity to welcome to the mother country this body of soldiers. "Their prompt rally to the Empire's call," said King George, "is of inestimable value, both to the fighting strength of the army and in the evidence it gives of the solidarity of the Empire. The general appearance and the physical standard of the different units are highly creditable and I am glad to hear of the serious and earnest spirit which pervades all ranks."

**Sir Richard Had Royal Command**  
(Special to The Daily News.)

VICTORIA, B. C., Nov. 4.—Among those on the staff of his majesty when he reviewed the Canadian contingent at Salisbury Plains today was Sir Richard McBride who after the event sent the following telegram to Hon. W. J. Bowser, acting premier: "Today, with High Commissioner Perley, I had the honor of a command to accompany the king to Salisbury Plains on the occasion of his majesty's inspection of the Canadian troops. His majesty expressed himself as most favorably impressed. The officers and men from our province, in common with their comrades from the rest of Canada, presented a splendid appearance and acquitted themselves well. We have every reason to be proud of the Canadian regiments."

**WILSON MAJORITY MUCH REDUCED**  
(Continued from Page One.)

of former Republican members of congress who were defeated previously because of the large Progressive vote. Such men include Cannon and McKinley in Illinois, Longworth in Ohio and Hill in Connecticut.

**Chamberlain Re-elected.**  
(By Daily News Leased Wire.)

PORTLAND, Ore., Nov. 4.—The re-election of United States Senator George Chamberlain, Democrat, was assured late tonight when returns gave Chamberlain 32,754; E. A. Booth, Republican, 25,716; and William Hanley, Progressive, 6,154. James Whitcomb, Republican, is elected governor. The Republican candidates for congress were successful. W. L. Hawley, S. J. Winnott and C. N. MacArthur all have safe leads.

## PRaises WORK OF INDIAN TROOPS

Official Press Bureau and French Pay Tribute to Their Bravery and Adaptability.

(By Daily News Leased Wire.) LONDON, Nov. 4.—The official press bureau in a statement issued today pays tribute to the bravery and adaptability of the Indian troops serving in France and Belgium, saying that they are performing great work, notwithstanding the fact that the nature of the country in which they are fighting is entirely different from that to which they are accustomed.

Gen. French of the British forces has expressed himself as greatly pleased with the showings of these troops and has sent the following to the Indian corps commander: "Please congratulate your Indian troops on their gallant conduct and express my gratitude to them."

## PROHIBITION VOTE CLOSE IN SOUTH

Washington Result Doubtful, With Wetts Claiming Victory—Ohio and California Retain Saloons.

(By Daily News Leased Wire.) SEATTLE, Wash., Nov. 4.—Out of 2,493 precincts in the state 1,016 give for prohibition 76,961 against 76,607. Incomplete returns indicate that Pierce county (Tacoma) is wet by nearly 3,000 and King county (Seattle) by 10,000 to 12,000. Several small counties are wet by small majorities. These wet majorities are expected to overcome the dry vote of Spokane and other counties.

In the prohibition fight in Colorado it is conceded that the city of Denver will give a considerable majority for the wets, but anti-saloon headquarters declare this will be overcome outside the city and that prohibition will carry by 2,000.

Ohio and California voted to retain saloons and in Oregon and Arizona the prohibitionists claim victories.

**SWISS WILLING TO ADOPT BELGIAN ORPHANS**  
(By Daily News Leased Wire.)

BERNE, Nov. 4, via Radio 6:50 p.m.—Over 2,000 Swiss families have announced their readiness to adopt Belgian orphans. Some 500 Belgian widows and orphans already have arrived in Switzerland.

## ART ROSS QUILTS WANDERER TEAM

Resigns Vice-Presidency Following Row With Management—Is Dickering With New York

(By Daily News Leased Wire.) MONTREAL, Nov. 4.—The resignation of Art Ross as vice-president of the Wanderers Hockey club was accepted today at a meeting of the directors. Ross resigned from the club following a breach with the management, it being alleged that he was influencing certain of the players from signing.

Ross is not in the city and it is reported that he is in New York in the interests of the new professional league which the National club is organizing.

The breach between Ross and Lichtenstein occurred early in the season, when it was reported that the famous player intended going to the new professional league which the National club is endeavoring to form.

Ross was not tendered a contract with the Wanderers this season and is now a free agent.

## PEACE OR WAR WILL BE ISSUE

American League Club Owners to Decide Question as to Federals at Meeting Today.

(By Daily News Leased Wire.) CHICAGO, Nov. 4.—Club owners of the American league at a special meeting here tomorrow probably will cast their votes for war or peace in the baseball world. Negotiations between organized baseball and the Federal league recently have been carried to an extent, it has been admitted, which requires only sanction of the rulers of the game to bring peace.

The question of peace is only one of the things to be discussed, it is said. The possible transfer of the ownership of the American club in New York is likely to come up.

**LESS EXPENSIVE HOCKEY IS DESIRED IN EAST**  
(By Daily News Leased Wire.)

HALIFAX, N. S., Nov. 4.—The maritime provinces hockey association has not by any means gone out of existence, as has been reported. President Lithgow is conferring with the various managers as to the holding of an annual meeting. Some of the members are corresponding with players. There is talk of having less expensive teams.

**STALLINGS SUCCUMBS TO CALL OF STAGE**

George T. Stallings, manager of the world's champion Boston Braves, finally has succumbed to the call of the stage. The big chief signed a contract recently to appear in vaudeville and will make his debut at the Palace theatre next week.

Stallings is preparing a monologue dealing with the comics, tragedies and melodramas of the diamond. It is said that the big chief has broken the record for fat salary given an athlete for stage work.

**INMAN EASILY OUTPOINTS HOPPE AT WINNIPEG**

WINNIPEG, Nov. 4.—Melbourne Inman easily outpointed Willie Hoppe, world's title holder at the American game, at today's play of English billiards, Inman assuming the short lead of 1155 to 1127 over the two days' play here. Inman took some time to settle to his game but toward the finish of both sessions he managed to get the balls in his favorite position at the top of the table.

Hoppe in the afternoon gave an excellent display, contributing a brilliant 104 break, his highest in the series. Inman has been seen to better advantage at his own game, being somewhat erratic at times today. His best effort was 177, unfinished, in the afternoon, and this he carried to 200 in the evening. He finished strong in the latter match also, 77, 126 and 25 unfinished. In the afternoon Inman scored 625 to Hoppe's 338, but the latter could only manage 189 to Inman's 665 in the evening, these figures representing an average on the day's play of 35.7 and 15.5.

**CHUCK SKENE TO FORM HOME GUARD OF ATHLETES**  
(Special to The Daily News and Montreal Star.)

TORONTO, Nov. 4.—Capt. J. C. Skene of a detachment of the home guards is to the front with a suggestion that Toronto form a company of home guards and to this end will cooperate with other well known athletes and call a meeting at the Central Y.M.C.A. some night this week.

Capt. Skene is better known to athletes as "Chuck" Skene, who was for several years Canada's champion walker and was also a good half-miler.

"Britain has her football and other athletic regiments at the front and why should not Toronto have at least a company of athletes in the home guard?" remarked Skene in this morning. "Anyhow, I intend to try and start the ball rolling by getting together a company of athletes."

## Clean-Up of High Priced Suits

You can save from \$15.00 to \$30.00 on your Fall Suit here Today. We have only about twenty-five of this lot left, but they represent some of the best styles shown this season. Materials are all the very best Broadcloths, Serges and Fancy Weaves. Coats are all satin lined and made in the new Redingote and Cut-Away Styles. ## BIG FOUR LEAGUE MEETS SECRETLY

Meeting Purely of Routine Nature, but It Was Enthusiastic, States Fleming.

TORONTO, Nov. 4.—The big four lacrosse league held a secret meeting here at the offices of the Toronto street railway. The meeting was not even announced. President Fleming, interviewed, smiled and said: "We have had an enthusiastic meeting, clearing up the routine business of the big four for 1914. It was purely of a routine nature."

**BOYES' TEAM VICTORS BY NARROW MARGIN**

By 32 pins T. Boyes' team of pin-smashers last night handed a beating to the team captained by W. Ebbs. Ebbs was high man during the evening with the nice total of 456 pins to his credit and an average of 152 per game. The scores were: Boyes' team—G. Couch, 435; W. S. Stanley, 372; Dodd, 358; T. Boyes, 374; total, 1,539.

Ebbs' team—A. B. Godfrey, 339; H. Svoboda, 343; R. Whitehead, 369; W. Ebbs, 456; total, 1,507.

The teams which meet tonight are: D. Guthrie, captain; R. J. Bishop, A. Jeffs, W. Rutledge, D. Proudfoot, captain; A. T. Walley, D. C. McMorris, C. F. McHardy.

**BALL MONOPOLIES ARE BAD FOR THE GAME**

Nearly every 10 years there comes a baseball war.

The first war on organized baseball was in 1884, when the Union association came into the field.

The second war was in 1890, when the Brotherhood movement was launched.

Ten years later—in 1901, to be exact—came the next war, when the American league took the field against the National.

Now comes the war between the Federal league and the clubs of organized baseball.

These wars are always due to the fact that every 10 years the game outgrows the suit of clothes it put on the 10 years previous, and increases its patronage and playing area.

When these conditions arise baseball enthusiasts here, there and elsewhere are called on to meet the demand for a new bench room in the parks and new fields for the players to play on. And when these conditions are met there naturally comes a war between the newcomers and those who have been going about and profiting by their monopoly of their particular field.

But after each of these wars, which

## THE LATE J. S. C. FRASER.

Sincere as will be the regret in British Columbia generally at the death yesterday of J. S. C. Fraser, manager at Victoria for the Bank of Montreal, it will be especially keen in Kootenay and Boundary.

During his long residence in Rossland Mr. Fraser, by the deep interest he took in the welfare of the community, by the readiness with which he was ever willing to assist as far as it lay within his power undertakings for the development, and progress of the district and by his personal qualities, won for himself a warm place in the hearts of the people.

## THE REPUBLICAN SUCCESS.

The reduction of the Democratic majority over all other parties in the United States house of representatives from 141 to 19 is most significant when it is considered that the Democratic party has been in power for only two years.

In the present congress there are 285 Democrats, the election Tuesday of probably 229 making a loss of 56 seats while the Republican representation of 122 is increased, it is estimated, to 195, a gain of 73 members.

Except in California, a state which claims, through the organization and state success some five years ago of the Lincoln-Roosevelt party, to have given the Progressive party as an organization in the United States political field its initial impetus, the Bull Moosers were crushed. Such a result was not unexpected by impartial observers, among whom there appears to be a growing conviction that the Progressive party's life will be short.

The landslide for the Republicans indicates not only a measure of dissatisfaction with the Democratic administration but also that the battered and bruised political organization which two years ago went down to defeat, with William H. Taft has to some extent been patched up.

In many states during the campaign which ended Tuesday Democratic tariff reductions were made the chief issue, but there were, of course, other factors in the success of the minority.

## IT IS EFFICIENCY THAT COUNTS.

You are going to be a printer and you might as well be a good one as a poor one. There's a heap more satisfaction in working when you know what you are doing. There are also better jobs and more money in being a good workman.

The above extract from a letter of advice to printing apprentices from the International Typographical union commission on supplemental trade education contains a truth which might with advantage be applied not only to the printing business but to every walk of life. The skilled, efficient men, the good workmen, as a general rule get the best jobs and manage to hold them.

Seven years ago at the annual convention of the International Typographical union the commission was appointed to formulate some system for the technical education of journeyman members and apprentices in the organization and six months later a correspondence course in printing was offered to those who might desire to improve their efficiency by taking advantage of it. Six years later more than 5,000 students were enrolled and a booklet which has recently been published by the commission records the advantages which have resulted from the undertaking. The students who testify to the benefits they have received from the course range in age

from the youngest of apprentices to men of middle age and older, some of the journeymen being the most enthusiastic advocates of the extension of the plan.

The typographical union during the past 60 years has done much to advance the interest and increase the efficiency of the business in which its members are engaged and by its successful inauguration of its own system of technical education it points the way to further progress. No worker, whether he be railway laborer, doctor, railway conductor, railway president, carpenter, lawyer or merchant, can find a better road to success than along that of increased efficiency.

There are many Republicans who will doubt if the return to congress of Senator Penrose in Pennsylvania will strengthen the party among the people in the United States generally. The fight against what was described as Penroseism was bitter and many Republicans took a leading part in it.

Probably Dr. Hamman, head of the Berlin misinformation bureau, will say that the mutilation of little girls, of which many people in Great Britain have received visual proof, is a military necessity.

Will the triple entente have Turkey for Christmas dinner?

The announcement that in three months 17 new postoffices have been opened in British Columbia indicates the steady development of the province which is taking place.

The increased grain acreage in the prairies next year and the consequent enlarged production will mean a greater demand for lumber, fruit, vegetables and other products of British Columbia.

WHAT THE PRESS IS SAYING

The Dove of Destruction  
"Kultur" now finds exemplification in the Taube, the dove-not dove of peace but of destruction; a dove that seeks out praying women and innocent children for its victims and pours down upon them from the heavens its death-dealing missiles. Perhaps after Louvain and Termonde, Antwerp and the assassination at Paris, we will hear less in this country of this much vaunted "kultur." It will be well for "kultur" and its admirers, hyphenated or unhyphenated.—New York Herald.

German People Befooled  
Every nation gets the press it deserves. Germany, has long been content with a spoonfed press and the result is that in the hour of her bitter humiliation, when her dreams of world-conquest are shattered forever, the German government, through the obsequious newspapers, have befooled the people. They cannot do so forever, and when Germany awakens to realize that Paris and France alike are beyond her grasp, the hour of retribution will have struck. The awakening should come very soon now.—London Times.

Vigilance the Price of Safety  
While, as we rejoice to know, the great mass of the American people are in warm sympathy with the British cause in the present war, it is to be remembered that there is a considerable anti-British element in the country, to whom the British flag flying in sight across the line offers a great temptation to attack. It will be well, therefore, for the Canadian authorities to keep a watchful eye along the border line against any hostile action from these sources.—Journal of Commerce.

COLD STORAGE.  
"Is your husband very deaf, Mrs. Grady?"  
"Well, he can't hear the alarm clock mornings, but he can always hear the 5 o'clock whistle afterwards."

Bachelors—Is Miss Brown clever?  
Howard—Yes; nothing escapes her.  
Bachelors—Heavens, man! Don't ever introduce me!

"She's fond of acting, isn't she?"  
"Yes, indeed. She plays the mischief with a fellow."

COMMUNICATION.  
WAR AND PEACE

To the Editor of The Daily News:  
Sir,—I have read with surprise the letter of Miss Ross in reference to "War and Peace."

Miss Ross speaks of our having worked for war for the past three months because we have done what we can to give aid to the Belgians, who

have low their an through the invasion of their country, to the Red Cross society for the aid of the sick and wounded, and to the Patriotic fund which has been formed for the purpose of looking after the dependents of the men who have gone to the front. I certainly do not agree with Miss Ross that this is in any way working for war. Even the Quakers, who are the most peace-loving people in the world and believe in peace at any price, are among the foremost in working for these objects.

Miss Ross, who is, I know, a lady of high attainments and holds a most important position—the training of the young—has evidently some ideas as to how peace can be attained, although it was beyond the powers of the greatest men in the Empire to prevent the outbreak of hostilities. All of us would hail with delight an honorable peace, and if Miss Ross has any suggestions to offer to the nation as to how this may be attained, it would be interesting to know what course of action she would pursue.

## AT THE THEATRES

The special two-reel picture at the Gem tonight is a beautiful production of the celebrated Selig company entitled "When the West Was Young." Ned Halton and his young bride, Nellie, depart from the east in a prairie schooner to seek a home in the western wilds. They arrive at a spot which seems to them suitable for the making of a permanent home. Ned builds a comfortable cabin and in due time a baby enlivens the monotony of their existence. Then one day a spirit fades away. Ned comforts his young wife as best he can. Ned receives a summons to go to the settlement and complete the formalities in connection with his title to their home. In the absence of Ned, Nellie becomes disconsolate. She sits by the empty cradle and dreams of the little one gone beyond. In her spirit of desolation she again visits the grave where she has a vision of the Saviour holding in his little arms the baby and comforting her with the words, "Suffer little children to come unto me, for of such is the kingdom of heaven." On his return from the settlement Ned Halton becomes a participant in a frightful tragedy. An itinerant bootlegger has supplied a band of Indians with whisky, which they drink with the usual consequence. A young immigrant and his wife and tiny baby are attacked by the Indians. They are killed, while the little baby lies quietly sleeping and unhurt beneath the overturned wagon. Ned Halton discovers the orphaned baby and carries it home. On the way his horse, which has been wounded in the fight with the Indians, falls, and when Ned reaches his cabin door he falls exhausted on the threshold.

The Starland theatre tonight is presenting a six-reel program which, on accounts of its variety and the excellence of the films, will provide splendid entertainment. A manufacturing company's huge plant at London, Ont., is being shown in a film of two reels, produced at a cost of over \$100,000 by the big manufacturing company. This is a splendid picture and especially interesting at this time when Canada's industries are coming to the front as a result of the standstill of trade in Europe. This picture will also be shown at the Starland on Saturday afternoon, when souvenirs will be given away to each child. "The Universal Boy," a new series, featuring little Matty Roubert's adventures in the moving picture world and which is a genuine pleasure from start to finish, will be shown; also a splendid Universal like comedy entitled "Bearly Won Her" featuring Ike with three trained bears, which do some wonderful stunts. A splendid Eclair drama, "The Snow Drift," in two parts, completes the program for the evening. This is certainly a delectable production and contains a heap of heart interest. A human derelict is faithfully sweeping snow from the pavement in front of a prominent clubhouse; the members, for the purpose of enlightenment, invite him into the parlor to tell the story of his life. This he does. His story is of the great northwest, where the snow is on the ground and in the air. His story proves to be one of gripping interest. A tragic ending comes when he recognizes one of the leading clubmen as the man who wronged him so cruelly and left him to die in the drifts of snow.

CHARITY SEALS MAY BE USED ON MAIL

(By Daily News Leased Wire.)  
OTTAWA, Nov. 4.—The postoffice department has again consented to issued Christmas seals in aid of charitable institutions, etc., but these will not be allowed to be affixed to the address side. There is no objection to their being on the other side.

Letters bearing seals on the address side will be returned to the sender.

J. A. Paul of Rossland was a visitor to the city yesterday. He will leave this morning for Silvertown.

FORTUNE OF  
WAR SWAYS

(Continued from Page One.)

Dixmude and the Lys, and to the east of Lequesnoy on Santerre, also between Arras and the Oise.

Belgians Look for Retreat.  
The official reports from Belgian headquarters are becoming more positive in their assertions that the enemy is preparing to withdraw from its hard won position in the southeast of Belgium. Nieuport has been evacuated, but not before the city had become an untenable ruin.

The battle of the dunes may now be said to be history, as in London it is considered as hardly likely that the Germans again will attempt to move in that direction as the flooding of the country has made it worthless as a battle ground.

Force Foe From Yzer.

(By Daily News Leased Wire.)

LONDON, Nov. 4.—A Reuter despatch from Amsterdam says:

"According to the correspondent of the Telegraf at Sluis the fighting on the Yzer was severe yesterday. It is reported that the allies forced the Germans back to the village of Jabbeke between Ostend and Bruges.

"Several trains filled with fresh troops from Ostend passed through Bruges without stopping.

"The Germans at Bruges are expecting an attack from the allies and all bridges have been blown up."

## Records Disaster to Enemy.

(By Daily News Leased Wire.)

HAVRE, Nov. 4, via Paris, 7:55 p.m.—It is confirmed that the heroic resistance of the Belgian troops on the Yzer and the successful intervention of detachments of the allies caused considerable losses to the 3rd and 22nd reserve corps of the enemy and moved them down to the extent that their check amounts to a real disaster.

To the south of the Yzer the 43rd German reserve corps was obliged to give ground before the offensive of the allies. To the east of the Yzer and at Ypres between Bixchoote and Zonnebeker the situation has not been changed.

Between Zonnebeker, Wytschate and Messines the allies, despite the furious attacks of the enemy, maintained all their positions.

In the region of Armentieres and south of the Lys the action is confined to intermittent cannonading.

## Sounds Indicate Battle

A despatch to the Amsterdam Telegraf says:

"Heavy gun firing is heard in the triangle of Dixmude, Roulers and Ypres, indicating that a severe battle is raging in that neighborhood.

"It is believed that the Germans will now attempt to break through the allies' lines there and force their way by way of Ypres to Dunkirk, but that they will find it difficult to cross the morasses in the vicinity of the upper Yzer caused by the inundations."

Telegraphing from Dunkirk the Mail's correspondent says:

"A Brussels official who succeeded, in passing the German lines has reached here. He reports that the Germans have virtually evacuated Brussels on Oct. 28, leaving there only a few military posts."

OUTBREAK IS WORST  
IN STATES' HISTORY

Temporary Reduction in American Food Supply Threatened by Foot and Mouth Epidemic

(By Daily News Leased Wire.)

WASHINGTON, Nov. 4.—The worst outbreak of foot and mouth disease ever known in the United States before the agricultural department and threatens a temporary reduction of the nation's food supply. An emergency appropriation by congress may be asked to finance the operations to suppress the epidemic.

New York and Maryland were added to the list of quarantine states today. A department of agriculture statement announcing this said:

The list of states now in quarantine by federal authorities includes New York, Maryland, Indiana, Michigan, Illinois and Pennsylvania.

In addition to these restrictions have been placed upon interstate shipments from Ohio, although no cases have yet been found in this state. This outbreak, which is the first in the United States since 1908, is regarded as the most serious of any that the United States has yet experienced.

Vigorous measures will be necessary to stamp it out. The cost of suppression of the last outbreak, in 1908, was estimated at \$299,122. In addition the loss to dairy and stock raisers was heavy.

## To Stop Spread of Disease

(By Daily News Leased Wire.)

CHICAGO, Nov. 4.—Dr. R. A. Ramsey, of the bureau of animal industry, this afternoon notified the railroads to advise cattle raisers not to ship livestock into this market, where the stock might have to stand around in infected yards before a buyer appeared. The order is in connection with the movement to stop the spread of foot and mouth disease. The packers who have facilities for immediate slaughter may go into the country, however, and buy such stock as they want for immediate needs. The warning, Dr. Ramsey said, was for the protection of shippers.

OTTER INVESTIGATES  
ALIEN ENEMY QUESTION

MONTREAL, Nov. 4.—Major-Gen. Sir William D. Otter, C. B., C. V. O., former inspector-general of Canadian militia, who has been appointed by the federal government to direct the work of carrying out the order-in-council respecting "alien enemies" with headquarters in Toronto, was in Montreal today and with Silas H. Carpenter, registrar of alien enemies in Montreal, visited militia headquarters.

Gen. Otter said he was going to make a trip of inspection throughout the Dominion and was commencing at Montreal. Until he had looked into matters he could give no outline of the plans that would be made to carry into effect the intention of the government to guard the country from danger from the possible presence of Austrians and Germans.

LORD WELLESLEY  
IS AMONG SLAIN

Was Second Son of Fourth Duke of Wellington—Son of Earl Bessborough Wounded.

(Canadian Associated Press Cable.)  
LONDON, Nov. 4, 8:55 p.m.—A casualty list which was issued tonight under date of Oct. 30 contains the names of 20 officers killed and 45 wounded.

Those who met death include Capt. Lord Richard Wellesley, second son of the fourth Duke of Wellington, of the Grenadier guards; Lieut.-Col. H. L. Anderson of the 9th Bhopal Infantry, and two native Indian officers.

Among the wounded are Lieut.-Col. Maxwell Earle of the Grenadier guards, a member of the general staff of the war office; Lieut.-Col. F. W. B. Gray of the 57th Wiltshire rifles; Capt. Hon. C. M. B. Ponsonby of the Grenadier guards, second son of the eighth Earl of Bessborough; Lieut.-Col. L. I. Wood of the Border regiment; Second Lieut. Hon. R. G. Winn of the Coldstream guards, eldest son and heir of the second Baron St. Oswald.

## Killed.

Barrealey, Capt., Northumberland fusiliers.

Campion, Major W. E., East Yorkshire regiment.

Cossens, Lieut. H. S. F., East Yorkshire regiment.

Dunsterville, Lieut. G. E., Devonshire regiment.

Hancock, Lieut. H. E., Yorkshire regiment.

Nine Indian officers also were included in the list of wounded and two among the killed.

WATCH FOR RESERVISTS  
SMUGGLED FROM CANADA

(By Daily News Leased Wire.)

SARNIA, Ont., Nov. 4.—Two government boats patrolling the river St. Clair are on the lookout for launches in which it is believed a number of Austrian and German reservists, resident in Canada, have been smuggled across the river to Port Huron.

GERMANY BROKE  
AMERICAN TREATY

Former Secretary of State at Washington Would Have United States Enter Protest.

(By Daily News Leased Wire.)  
NEW YORK, Nov. 4.—Robert Bacon, former secretary of state, issued a statement today before sailing for England, in which he said that in violation of the neutrality of Belgium Germany broke a treaty which she had made with the United States when she signed articles 1 and 2 of the second Hague conference.

"Are we to suffer a nation to break a treaty with us, on whichever pretext, without entering at least a formal protest?" read the statement. "Will anyone contend that our neutrality imposes silence upon us under such conditions? Are the Hague conventions to become 'scraps of paper' without a single word of protest from this government? If the treaties of The Hague are to be so lightly regarded then why not all our treaties? As a matter of fact, it is our solemn duty to protest against the violation of pledges formally entered into between this government and any other government, as we assume a heavy moral responsibility when we remain silent."

"To justify a policy of silence to the assertion that 'we are fortunate in being safely removed from this danger that threatens the European powers' and to urge that as a reason for us to sit still with hands folded is as weak as it is unwise."

Government Action to Prevent Hardships During Coming Winter Among Aborigines

(By Daily News Leased Wire.)

WINNIPEG, Nov. 4.—The northern Indians are not going to suffer by the slump in the fur trade owing to the war but will earn enough to enable them to live by hunting game and fishing, to which pursuits they have been urged to devote their energies for a time, Mr. Campbell, Indian inspector, intimated in an interview.

"From time to time," he said, "articles are published in the press regarding the probable hardships that the northern Indians will be liable to suffer during the coming winter. Well meaning persons who make a short trip through the north see a few loafers hanging around trading posts and formulate the opinions they have on to publish from these, the poorest specimens of the race. Owing to the fact that the fur trade has been affected by the war, the Indian hunters will not reap their usual harvest from this source and, realizing this, Duncan Scott, the deputy superintendent-general of Indian affairs, has made full arrangements with the Hudson's Bay company and other trading companies to prevent any great hardships occurring."

The northlands are teeming with big game and rabbits and the lakes are full of fish, and Mr. Scott has sent advice to all the Indians to confine their energies this winter to hunting food, not fur, and is endeavoring to have them move their winter quarters to the big fishing lakes.

"The Indians are being supplied with ammunition and other articles required and the Indians in the north, if not rich in the spring, will certainly winter fat," said Mr. Campbell.

ONTARIO GERMAN STATES  
LOYALTY TO BRITAIN

TORONTO, Nov. 4.—At a patriotic meeting in Delaware township a German born farmer named Kistner said he was ready to give his last cent or shed the last drop of his blood for the British flag, although a number of his relatives had already fallen in the present war while fighting in the German ranks.

## The Difference

Tennyson or Longfellow could take a worthless sheet of paper and write a poem and make it worth \$65,000—that's genius. There are some men who can write a few words on a piece of paper and make it worth \$5,000,000—that's capital. The Dominion of Canada can take half an ounce of silver and stamp upon it a "crowned head" and make it worth 50c—that's money.

We have 10 boxes of Wealthy Apples to sell at 75c; 200 lbs. of Ginger Snaps, 3 lbs. for 25c; also cooking butter, 3 lbs. for \$1—that's business. There are some people who will tell you they can give as good service as Joy Bros.—that's nerve. Everybody who is posted and wants the best deals with Joy Bros.—That's common sense.

# JOY BROS.

## NELSON NEWS OF THE DAY

Bruce White of Sandon is visiting the city. He is at the Hume.

J. H. Bastedo of Toronto came in on the coast train last night and registered at the Hume.

The annual congregational dinner of St. Saviour's church will be held in the parish hall on Wednesday evening Nov. 11.

A Macneil, the Fernie lawyer, paid a visit to Trail yesterday, returning to Nelson last night. He expects to spend a few days in the city.

There will be a meeting of the executive of the Cindrella club this evening at 7:15 o'clock in the parlors of the Imperial Bank of Canada.

C. F. Olson of Alhambra, accompanied by his daughter, Miss A. E. Olson, is visiting the city. They are at the Hume and will spend today in the city.

A large attendance of members is expected at the meeting this afternoon of the Local Relief society, formerly the Charity organization. The meeting will be held in the city council chamber at 2:30 o'clock.

H. White of Cranbrook, provincial grand master of the Oddfellows' lodge, accompanied by Mrs. White, reached the city last night and registered at the Strathcona. Last night he paid an official visit to Kootenay lodge No. 16.

## PUDDINGS FOR FRONT OFFERED

Immediate Action Necessary if to Send Christmas Gifts to Soldiers, Says Local Man.

Regarding the suggestion made recently that a committee be organized to collect and send Christmas puddings, cakes and other dainties to the soldiers at the front J. R. Ramsden, at whose suggestion the announcement was made, states that he is willing to donate six Christmas puddings. He suggests that immediate steps be taken for the organization of a committee to handle donations and collect data concerning such a shipment and offers to help in any way the forwarding of the movement.

## WILL ORGANIZE PACKING SCHOOLS

Applications to Be Made to Secretary of Farmers' Institute or Fruit Growers' Organization

The provincial department of agriculture, in accordance with its policy of the past five years, will again offer fruit packing schools during the coming winter. Packing schools have always proved popular in the fruit growing districts of the province, it is stated, and the department is preparing for an even greater number of pupils this winter than in previous years. The local administration of the fruit packing schools is in the hands of Raymond T. Hickes, secretary of the West Kootenay Farmers' Institute and manager of the Kootenay Fruit Growers' union.

A minimum number of 12 pupils is required for the organization of a packing school, while the maximum number is 15, all of whom must have the necessary qualifications. Twelve two-and-a-half hour lessons will be given, extending over a period of one week. In a limited number of districts a double packing school may be arranged, for which the minimum guarantee will be 24 pupils and the maximum 30 for the same number of lessons.

Those desirous of organizing a packing school are asked to notify Mr. Hickes or in their respective districts the secretary of the farmers' institute or fruit growers' union.

Division X.—Perfect attendance: Anton Anderson, Edith Arcure, Mary Barker, Walter Bishop, Gertrude Brown, Elmore Callick, Alex Cassidy,

## PREDICTS FAILURE OF TEUTON EFFORT

Troops Weary and Include Many Youthful and Aged Recruits, Belgian Senator Declares.

(By Daily News Leased Wire.)

LONDON, Nov. 4, 3:20 p.m.—A Belgian Socialist senator, who returned today from an official visit to King Albert, said that the allies were now within 10 miles of Ostend, but he did not believe that the Germans are preparing for a general retreat through Belgium but rather for a final supreme assault which would be made at a point southeast of Ypres.

The senator estimates that the Germans have 500,000 men in the vicinity mentioned, but he said that it was the general impression of the allied staff that the German effort would be a failure because their troops not only were weary but to a great extent were made up of youthful and aged recruits.

When the German march down the coast began, the senator declared, scarcely anyone expected that they would be kept out of Calais. Now opinion is completely changed and freely expressed that the Germans would never reach their objective.

Harry Johns returned last night from a visit to Portland. He is at the Strathcona.

Division X.—Perfect attendance: Anton Anderson, Edith Arcure, Mary Barker, Walter Bishop, Gertrude Brown, Elmore Callick, Alex Cassidy,

## PREDICTS FAILURE OF TEUTON EFFORT

Troops Weary and Include Many Youthful and Aged Recruits, Belgian Senator Declares.

(By Daily News Leased Wire.)

LONDON, Nov. 4, 3:20 p.m.—A Belgian Socialist senator, who returned today from an official visit to King Albert, said that the allies were now within 10 miles of Ostend, but he did not believe that the Germans are preparing for a general retreat through Belgium but rather for a final supreme assault which would be made at a point southeast of Ypres.

The senator estimates that the Germans have 500,000 men in the vicinity mentioned, but he said that it was the general impression of the allied staff that the German effort would be a failure because their troops not only were weary but to a great extent were made up of youthful and aged recruits.

When the German march down the coast began, the senator declared, scarcely anyone expected that they would be kept out of Calais. Now opinion is completely changed and freely expressed that the Germans would never reach their objective.

Harry Johns returned last night from a visit to Portland. He is at the Strathcona.

SIX REELS TONIGHT

McClary Manufacturing Co.'s big plant at London, Ont. A tremendous Canadian industry, produced in two reels at tremendous cost. See Wood-Vallance ad.

"MATTY" No. 1

Imp. comedy-drama, beginning the new Universal "Boy" series, complete in each instalment.

Universal Ike Comedy "KE BEARLY"

Featuring Ike and three trained bears. A most amusing comedy.

Eclair Two-Reel Drama "SNOW DRIFT"

No words can describe the fascination of this beautiful picture. A truly splendid subject.

Six Big Reels. No advance in prices.

## HEALTHY, WRINKLE-FREE SKIN EASY TO HAVE

A dull, drab, muddy complexion, or as over-red, blotchy, pimply or freckled skin can be by a quite simple, harmless and inexpensive method, be changed to one of flower-like radiance and purity. One ounce of common mercurized wax, sold by druggists generally, will remove the most unsightly complexion in from one to two weeks. By its remarkable absorptive power, the withered, faded or discolored layer of this film-skin, which hides the healthier skin underneath, is gradually flaked off in tiny, almost invisible particles. This is done so gently there is no inconvenience, and no trace is left on the skin except that of enhanced beauty. The wax is smeared on like cold cream before retiring and removed in the morning with warm water.

If the skin be wrinkled or saggy a face bath made by dissolving 1 oz. powdered salicylic acid in 1/4 pt. witch hazel will be found most effective. Combining both astringent and tonic properties, this tightens the skin and braces up its supporting muscles.

When we say "Better Clothes" we mean it!

We have a habit of saying it—but it's true every time!

The fabrics are new colorings and patterns of Fall Suitings!

Two button—three button—the Conservative styles or as English and smart as you wish.

Take a look at our \$15.00, \$18.00 or \$25.00 suits.

Turn your steps this way for the limit of Fall Suit Satisfaction.
