RUSS LEADERS OPTIMISTIC OVER GALICIAN SITUATION

Retirement Had Been Well Prepared for

CLAIM VICTORY ON DNIESTER FRONT

Officials Prepared for Fall of Lemberg--Austrians Say Foes Split

(By Daily News Leased Wire.)

LONDON, June 23.—"The Russian leaders continue optimistic over the situation in Galicia, where the German desire to meet and destroy the Russian main forces in a pitched battle has been evaded by steady retirement, not at the bayonet point but quietly at night, with due warning and thorough preparation," says the Morning Post Petrograd correspondent.

"The Russian strategy of the past fortnight," he continues, "was decided on well in advance by Grand Duke Nicholas and his advisers. The only element of surprise in the German onslaught was the artillery attack, which remains astounding and inexplicable.

"How an army could move in a couple of hours 2,000 guns of heavy artillery and carloads of ammunition is beyond all conception."

Win Success on Dniester

A despatch to the Central News from Petrograd gives the following statement issued Tuesday:

"On the Dniester a complete success has been attained after six days of fighting near Gadowiszitia. The Russians captured over 3,000 prisoners.

"On the Zeleszki front during the night of June 20 and after fierce fighting the Russian troops captured 2,000 prisoners."

A Reuter despatch from Petrograd says it is estimated that there are 2,000,000 Austrians and Germans on the 100-mile front from the lower Tanew to Mikolazow and 40,000 along the Dniester front.

The number of Germans and Austrians from the Baltic to Bukowina is placed at 4,000,000.

Fate of Lemberg Doubtful

LONDON, June 22.—French gains in the west and the battle for Lemberg are the only struggles that can be isolated as distinctive during the present stage of the warfare. Many unconfirmed reports have reached London that Lemberg has already fallen to the Austro-Germans, and despatches from Petrograd indicate that the evacuation of the Galician capital by the Russians may be looked for at any time.

Unofficial advices from the Russian capital show that official Russia appreciates the fact that the evacuation of Lemberg may become necessary. A news agency despatch states that a bulletin has been posted in Petrograd urging the people not to credit exaggerated reports that are said to be circulating alleging a serious crisis for Russian arms. The bulletin states that Russia has been bearing the chief burden of the war until now and that the Franco-British-Belgian allies and Italy can ably take care of the Austro-German forces while the Russians are reorganizing and gathering sufficient ammunition.

In Shell Range of Lemberg

AUSTRIAN HEADQUARTERS, June 23, via London, 1:25 a.m.—Despite the Russian resistance the general Austrian advance in Galicia continues at the normal daily pace. The Austro-German troops have swept through the advanced Russian positions before Lemberg and are now within artillery range of the city.

The Russians along the whole line are abandoning as much Galician territory each day before the energetic offensive as their infantry can cover in 24 hours' marching. The normal rate of this advance has been checked only on the lower San river. The Russians here defended the Sienawa positions against the assaults of Archduke Francis Joseph's army until the last possible moment and retired only when the front farther to the south had been broken. Their tenacity enabled the disrupted troops to the southward to make a fairly creditable retreat to their fortified lines some distance in the rear.

Russ Armies Separated?

As a consequence, however, a big hole has been opened between the two Russian armies which are now fighting separately and are unable to effect a junction on this side of the Russian frontier.

Russian prisoners explained that the comparatively small booty in artillery was due to the order from Russian headquarters to the battery commanders to save the guns at all hazards. Battery commanders were informed that they would be held personally responsible for the loss of every gun.

FOE DISCOURAGED— SIR RICHARD M'BRIDE

(By Daily News Leased Wire.)

NEW YORK, June 22.—"I have been close enough to the front to be able to state positively that the Germans are demoralized and discouraged," was the statement made yesterday by Sir Richard McBride, premier of British Columbia who returned from a trip to France.

"There is no question of the outcome of the war," he added, "and the allied troops are supremely confident."

TUPPER'S ESCAPE ALMOST MIRACULOUS

Shot Through Thigh, Both Legs and Heel Blown off—Gets Gangrene But May Live.

(By Daily News Leased Wire.)

OTTAWA, June 22.—Lieut. Reginald Tupper, son of Sir Charles Hibbert Tupper, who was wounded in the battle of St. Julien in April had an almost miraculous scape from death, according to a letter received today. Lieut. Tupper was shot through the thigh, the bullet passing through the lower part of his body. Though badly crippled he managed to crawl back to his gun and was sticking to it when another German bullet found him. He was shot through both legs, one leg being broken and his heel shot off. In this state he succeeded in crawling a distance of 200 yards to a trench where he hoped to be picked up by stretcher bearers. He remained there some hours before help came and he was removed to the base.

Gangrene developed in the wounds and the doctors gave him up. Despite his wounds and the blood poisoning he has now been moved to a hospital in England, where his chances of ultimate recovery are said to be good.

Capt. Merritt, Lieut. Tupper's brother-in-law, who was beside him in the fight, was killed.

ZEPPELIN SAID TO CATCH FIRE

(By Daily News Leased Wire.)

LONDON, June 22.—A Central News despatch from Amsterdam says it is reported that a zeppelin caught fire Monday night near Zeebrugge and fell into the sea.

TEUTONS FORCED BACK IN VOSGES

Are Driven to East Bank of River Fecht

ARRAS BATTLE MAY PROVE DECISIVE

Dunkirk Again Shelled by Big German Cannon. French Reply

(By Daily News Leased Wire.)

LONDON, June 22.—The French have made important gains in the west. In the Vosges the Germans have retired to the east bank of the Fecht, according to their own admission, but they assert that all French attacks have been repulsed.

The fighting around Arras continues to be desperate and sanguinary. The Germans are counter-attacking to offset the recent French gains. A wireless despatch from Berlin says:

"Neutral reports declare that the battle raging near Arras may decide the fate of northern France. The French are strong but the Germans are continually receiving reinforcements. The losses on both sides are fearful."

Dunkirk Again Shelled

PARIS, June 22, 10:42 p.m.—The following official statement was issued tonight:

"In the course of the forenoon about 15 additional shells were fired on Dunkirk. Our heavy batteries engaged the enemy's gun which was responsible for that bombardment.

"In the region to the north of Arras the German counter-attack came to an end toward morning. During the day there has been only an artillery action of extreme violence between Souchez and Ecurie.

"In Champagne near Perthes the enemy exploded several mines without result. On the heights of the Meuse at the Calonne trench the Germans toward the end of the night made a violent attack for the purpose of recovering the positions which they had lost.

Allies' Regain Ground

"They succeeded only in occupying part of their former second line. A counter-attack on our part resulted in almost all of it again falling into our hands.

"The number of prisoners taken in that region since June 20 has reached 220 men and three officers.

"Near Marcheville, in the Woevre, a feeble German attack—half a company—which had as its object the reoccupation of an abandoned trench between the two lines ,was dispersed by our fire.

"In Lorraine a German counter-attack debouching to the east of Leintry was stopped by our artillery. In the Vosges between the two branches of the Fecht river we have continued our advance in the direction of Sondernach."

German Cannon Destroyed

AMSTERDAM, June 22.—A despatch from Dunkirk stated that several of the heavy guns of the Germans near Arras have been destroyed by the artillery fire of the allies, which has continued without cessation for many days.

RUSSIA HAS MUCH TROUBLE IN BALKANS

Teuton Quarters Hear That Bulgaria's Aid Can Only Be Obtained At Expense of Servia.

(By Daily News Leased Wire.)

MUNICH, June 22.—The Ausberger Zeitung publishes an interview with a "well informed Russian diplomat," who describes the great difficulties which Russian diplomacy is experiencing in the negotiations with the Balkan states. The difficulties, the diplomat says, have arisen from Russia's pledges to Servia, to which, he declares, Russia must adhere if it wishes to retain its prestige in the Balkans. According to the diplomat the negotiations with Rumania, the participation of which in the war would be of the greatest military importance, are held up by the question of Banat territory, Hungary, bordering on Servia.

The co-operation of Bulgaria in the war, the interview quotes the diplomat as having said, can be purchased only at the expense of Servia.

WANTS TO KEEP MECHANICS AT HOME IN CANADA

(By Daily News Leased Wire.)

WINNIPEG, June 22.—J. C. Watters, president of the trades and labor congress, said here today that the organization does not want "our mechanics to go to England to work in munition factories. We want to bring the work to them. Taking away the mechanics will seriously affect the other trades. We are striving to have those in charge of the making of ammunition see this from our viewpoint."

SIX YEARS, $10,000 FINE FOR DEWET

(By Daily News Leased Wire.)

LONDON, June 22.—Sentence of six years' imprisonment and a fine of $10,000 was imposed today on Gen. Christian DeWet, one of the leaders of the South African rebellion who was yesterday found guilty of treason on eight counts.

$1,000,000 BRIBE OFFERED WILSON

Tried to Induce President to Sell Rifles

EXPECTED TO MAKE MILLIONS ON DEAL

U.S. Government Has 335,000 Old Rifles But Will Not Dispose of Them

(By Daily News Leased Wire.)

WASHINGTON, June 22.—A published account of a $1,000,000 bribe offered President Wilson to induce him to allow the sale of the 355,000 retired Krag-Jorgenson rifles owned by the government stirred official Washington today. According to the story, a well known man offered to contribute $1,200,000 to the Wilson campaign fund if allowed to buy the rifles. He planned to sell them to one of the belligerent nations at a price ranging from $7,000,000 to $17,000,000.

He is alleged to have succeeded in placing his proposition before the president through a third party. The president promptly and indignantly squelched the scheme.

STRONG FORCES OPPOSE ITALIANS

Military Movements Are Hindered by Cloudy Weather and Cold and Snow of Mountains.

(By Daily News Leased Wire.)

LONDON, June 22.—The Italians are meeting with strong opposition in their operations to reattach to the Italian kingdom th· provinces which were taken from it by Austria. Military movements there are somewhat hindered by cloudy weather and in the mountainous terrain by zero temperatures and snowfalls.

The Italian official report says that among other developments an Austrian counter-attack is taking place.

News despatches continue to assert that reinforcements are arriving on this front from Galicia.

ARKANSAS HAS TERRIFIC STORMS

Wind Attains High Velocity and Temperature Drops—Negro Killed—Autos Blown About.

(By Daily News Leased Wire.)

LITTLE ROCK, Ark., June 22.—A terrific storm struck this city today. The wind obtained a velocity of 70 miles an hour at 3:30 o'clock and the temperature dropped 22 degrees in 15 minutes. Heavy rain accompanied the storm. A negro was killed by a live wire torn loose by the wind. Heavy damage was done to store windows.

Automobiles left in the streets were blown about by the gale.

Fort Smith, Hot Springs and Helena were cut off from communication with this city and the extent of damage in those directions was not known.

Malvern was said to have been struck by a tornado but efforts so far have been unavailing to determine the exact accuracy of the report.

Wires to this point are down also. Malvern is a city of about 5000 people and is the county-seat of Hot Springs county.

MALVERN, Ark., June 22.—Wind and rain did serious damage in the forests in the vicinity of Malvern late today but the city was not damaged.

FINDS SHELL ON HOTEL GROUNDS

(By Daily News Leased Wire.)

LONDON, Ont., June 22.—While making his early morning rounds as porter at the Western hotel alph Criet, discovered an 18-pound shrapnel shell, apparently of Canadian make, reposing on the grounds of the hotel, where it had evidently been thrown with considerable force. The head of the shell had buried itself several inches in the ground. No fuse was attached to the missile. An investigation disclosed no clue as to how the shell came there.

FRENCH CARRY TURK TRENCHES

Substantial Success Is Won at Dardanelles

YOUNG RECRUITS FEAR NO DANGER

Moslem Battalion Is Wiped Out--British Troops Make Brilliant Attack

(By Daily News Leased Wire.)

LONDON, June 22.—The following despatch was received from the Mediterranean headquarters:

"After 24 hours of heavy and continuous fighting substantial successes have been achieved.

"As already reported, the battle of June 4-5 resulted in a good advance of the centre to which neither the right nor the left was able to conform, the reason being that the Turkish positions on the frontage of the flanks are naturally strong and exceedingly well fortified.

"At 4:30 o'clock yesterday (date not given) Gen. Gouraud (French commander) began an attack upon the line of the formidable works which run along Kerevesdere. By noon the second French division had stormed and captured all the Turkish first and second line trenches opposite their front, including the famous Harecourtot redoubt with its subsidiary maze of entanglements and communication trenches.

"On their right the first French division, after fierce fighting, also took the Turkish trenches opposite its front, but was counter attacked so heavily that it was forced to fall back. A fresh division again attacked and captured the position and again was driven out.

Hold Captured Positions.

"A bombardment of the Turks' left was resumed, the British guns and howitzers lending their aid to the French artillery, as on the previous attack. At about 6 o'clock p.m. a fine attack was launched. Six hundred yards of the Turkish first line trench was taken and despite heavy counter attacks during the night, especially at 2:30 a.m., all the captured positions are still in our hands.

"The enemy lost heavily. One Turkish battalion, coming up to reinforce, was spotted by an aeroplane and practically wiped out by the 75s before the men could scatter.

"The elation and contempt of danger shown by the young French drafts of the last contingent, averaging perhaps 20 years of age, was much admired by all.

"During the fighting the French battleship Louise did excellent service against the Asiatic batteries."

LONDON, June 22.—"Between 7 and 8 o'clock in the evening of June 19," says an official statement from the headquarters of the Mediterranean expeditionary force, "the Turks expended some 450 high explosive shells on our left and centre trenches and were seen massing for an attack. The enemy's heart failed it and the attack degenerated into a rifle fire action.

"At 7:30 one of our brigades attack-

MUNITION WORK MAKES PROGRESS

High Explosive Shells for 8-Pounders Are Going Out Better, Announces Lord Kitchener.

(By Daily News Leased Wire.)

LONDON, June 23, 2:15 a.m.—The new movement for the supply of munitions is making good progress. The national advisory committee, comprising over 50 trades unions interested in the making of munitions, has submitted a plan which has been accepted by the ministry of munitions, under which all skilled laborers not already engaged in this business will be enrolled for six months for employment wherever they are required in the making of munitions.

David Lloyd George in his new capacity of minister of munitions is expected to make an interesting statement on the situation in parliament today. Earl Kitchener, in a letter to Benjamin Tillets, secretary of the dock, wharf and riverside general workers' union, who has been visiting the front, says:

"I am glad to say that the high explosives for the 18-pounders are now going out better."

DRUNKEN PARTY IN AUTO SHOOTS WOMAN

(By Daily News Leased Wire.)

CHATHAM, Ont., June 22.—Mrs. Charles Smith received a bullet in her shoulder and several others had narrow escapes when two unknown men, thought to have been drunk, raced through the east end of the city in an automobile late this afternoon, discharging revolvers as they went. Mrs. Smith was seated on her veranda at the time. The city and district are being scoured for the men.

FRENCH WON LABYRINTH BY CEASELESS BRAVE ATTACKS

Battle [illegible] 17 Days and [illegible]ds in Victory

GERMANS LOSE FULL REGIMENT

Thousand Prisoners Taken. French Casualties Total 2000 Men

(By Daily News Leased Wire.)

PARIS, June 22.—The fighting from May 30 to June 19, resulting in the conquest by the French of the system of works and trenches which the soldiers call "the labyrinth" is described today in a despatch from an official observer at the front. The labyrinth, lying between Neuville St. Vaast and Ecurie, formed a salient of the German line and its position, a strong one, was greatly reinforced from time to time.

"French attacks May 9 and for days thereafter failed to modify the situation. At the end of May the French decided to finish things and the order was given to take the labyrinth inch by inch. This meant an operation of two principal phases, of difficult nature. It was necessary first by well prepared and vigorous assaults to get a footing in the enemy's organization and then to progress to the interior of the communicating trenches by repulsing the enemy step by step. These two operations lasted more than three weeks and resulted in complet success.

Attack Was Difficult.

"The debouch must have been difficult as numerous German batteries composed of 77-millimetre guns, the 150, 210, 280 and even 305-millimetre guns, concentrated their fire on us. They were stationed at Vivenchy, Lafoulie, Thelus, Farbus and Beaurains, south of Arras. Nevertheless our men understood and prepared to do their duty. It was May 30 the assaults began, our regiments marching out from different points.

"Everywhere except on the right we captured the first line. Behind this was a great number of barricades. We took some of these while others halted us. One hundred and fifty prisoners, surprised in their holes by the furious charge of our infantry, fell into our hands.

"From this moment the war on the communicating trenche began. There were the trenches of Von Kluck and Eulenberg and of the Salleo de Fotes, without counting innumerable numbered works which presented unheard of difficulties which our troops had to overcome.

Combat Never Ceases.

"Without a stop from May 30 to June 17 they fought on this ground, full of big holes, filled with dead. The combat never ceased either day or night. The attacking elements, constantly renewed, crushed the Germans with hand grenades and demolished their earth barricades. There was not an hour of truce nor an instant of repose. The men were under a sun so hot in the trenches that they fought without hats and in their shirtsleeves.

"On each of these bloody days there were acts of incomparable heroism. From three sides at a time we attained way where the Germans had dug underground formidable shelters. The enemy artillery continued firing without interruption. Our reserves suffered, for in this upturned earth where every blow from a pickaxe would disinter a body, one can prepare but slowly the deep shelters which the situation demands.

"We lost many men but the morale of the others were unshaken.

"The men asked only one thing—to go forward and fight with grenades.

CANADA FINANCES WAR PURCHASES

(By Daily News Leased Wire.)

OTTAWA, June 22—A memorandum from the department of finance says:

Since the outbreak of war the federal government has made advances to the governments of Britain, France, Russia, New Zealand and South Africa for war purchases in Canada, to a total amount of $25,000,000. Such advances are repaid from time to time by the governments concerned in sterling exchange."

PLUNGER ALLOWS VESSEL TO GO FREE

But Submarine Commander Makes Norwegian Captain Destroy Part of His Cargo.

(By Daily News Leased Wire.)

NEWCASTLE, England, June 22.—The Norwegian mail steamer Venus arrived here today minus the larger part of its cargo, which was thrown overboard, the captain asserted, under a threat of a German submarine commander that otherwise the Venus would be sunk.

The captain says that the Venus was hailed by the submarine and given the alternative of jettisoning all foodstuffs on board or being sent to the bottom and that in order to save his boat several hundred casks of butter and many cases of salmon and other tinned fish were consigned to the sea. The remainder of the freight of the Venus, consisting of wood, was permitted to remain on board. This is the first time that a German submarine boat is reported to have permitted a vessel to escape under such terms.

U. S. ARRESTS ALLEGED BRITISH VOLUNTEERS

(By Daily News Leased Wire.)

NEW YORK, June 22.—Acting upon instructions from Washington Assistant United States District Attorney Roger B. Wood today obtained an order for the detention of 11 men alleged to have been enlisted at San Francisco as British veterans by Ralph K. Blair. The men, it was charged, were on their way to England. Seven were located by agents of the department of justice and held as witnesses for the federal grand jury in San Francisco, which is said to be investigating alleged breaches of neutrality.

The order of detention was made in accordance with the federal criminal code, which declares it to be unlawful for anyone in the United States to enlist or induce another to go beyond the jurisdiction of this country for service as a soldier, sailor, marine or a privateer.

The maximum punishment for such an offense is, upon conviction, a fine of $1000 or three years' imprisonment, or both. The men were said to have arrived here from the Pacific coast yesterday and they expected, government officials say, to sail on the Arabic tomorrow.

They were unable to furnish bonds of $500 each. The seven men will be sent back across the country at the expense of the government.

According to Mr. Wood the men were on their way to England as the result of an understanding entered into with the men in San Francisco. Under this agreement, he added, such of the men as were fit for military service were to enlist upon arrival in England, and those rejected were to become artisans with the home forces and forces in colonial possessions. All the men claim to be British subjects. Special agents expect to find the other four men in the party.

Says He Recruited 75 Men.

SAN FRANCISCO, Cal., June 22.—Ralph K. Blair, at whose office alleged recruiting for the allies in the European war is said to have been carried on under instructions from the British consul, told John W. Preston, United States district attorney, it was learned tonight, that he had aided a number of British veterans to return as a patriotic act. He said only men who had served in the British army were "enlisted." He said he examined them for fitness, but received no pay for his work.

He said he sent 75 men, all veterans, to New York on their way to join the British army.

Y. M. C. A. WILL PLAY HUNGRY NINE TODAY

Teams Will Meet for Last Time This Afternoon at Recreation Park, Starting Three O'Clock

The Y. M. C. A. and the Hungry Nine will meet in a City Baseball league game at the recreation park this afternoon at 3 o'clock. This is the last contest scheduled between these teams and on the result will depend much regarding the final standing of the teams.

The Hungry Nine must win all its remaining games to have any show at all in the league race. This team has three more contests yet to be played—two with High School and today's game with the Y. M. C. A. Should the Y. M. C. A. take this afternoon's game and the Hungry Nine defeat High School in one of the following games, the result would be a tie between High School and Y. M. C. A. for the first place in the final standing. On the other hand, should the Hungry Nine win all three games the result would be a three-cornered tie.

The Hungry Nine will play its regular line-up and the following will represent the Y. M. C. A.: E. Murphy, c.; H. H. Pitts, p.; J. B. Sutherland, 1b.; D. Richardson, 2b.; H. Ferguson, 3b.; R. Brown, s.s.; B. Whitehead, r.f.; R. S. Turner, c.f.; R. Corey, l.f.

SPORTING NOTES.

Owners of Western league baseball clubs are planning a movement to reduce the salary of "Tip" O'Neill, president of the league. The president's present salary is $4,500 and the proposed reduction is $2,250.

Back in Montreal they are going to take up a campaign in the public schools and boost lacrosse. Joe Lally and other enthusiasts will start in after the holidays and try to form a league such as is in operation in Toronto at the present time.

Although the impression has gone about that Freddie Welsh and Willie Ritchie will meet in a 10-round match on July 5 there does not seem to be any truth in the report. As a matter of fact the articles for the fight have not yet been signed.

Jack Johnson when asked if he had any intention of returning to France and enlisting for service at the front remarked that he was just recovering from his last fight but would be pleased to loan his automobiles to any army officers. For himself, he was at peace with the world.

FINANCIAL SUPPORT FOR VICTORIA CLUB

Fans Have Already Subscribed $1000 to Keep Franchise—Will Hold Sports Day.

(By Daily News Leased Wire.)

VICTORIA, B.C., June 22.—That $1000 has already been subscribed toward the fund to keep the Victoria baseball franchise in the capital was the encouraging report presented to the fans at tonight's boosters' meeting. President R. L. Blewett, John Barnes, Commissioner Cuthbert and Joshua Kingham were the principal speakers. President Blewett stated that the league wanted to keep the club in this city and that it was willing to do all in its power to keep the team intact. A committee was appointed by the gathering to proceed with plans for the raising of money.

A huge sports day is planned to help the club remain here while another benefit will be a drawing for a valuable prize that has been donated. The question of selling stock will also come before the committee.

SPANISH CABINET RESIGNS OFFICE

Failure of Recent Loan Is Reason—Was Friendly to Quadruple Entente Powers

(By Daily News Leased Wire.)

MADRID, June 22.—The Spanish cabinet resigned today, the government considering the failure of the recent loan to be equivalent to a vote of lack of confidence. Only one-sixteenth of the loan was subscribed.

Eduardo Dato, retiring premier, it is understood, will be directed by the king to form a new cabinet.

Count Alvaro Deromanones, who preceded Senor Dato as premier, declared that the loan was well prepared but badly carried out and it was necessary to stimulate the plan by patriotism. He said that the abstention of capital was regrettable and believed that the government must suspend the constitutional guarantees.

The failure of the loan, which entailed the resignation of the ministry, makes it impossible to carry out the scheme for the reorganization of the army and navy. In addition it obliges the government to cancel a number of contracts, which has naturally affected the national credit.

In some quarters the view is held that the failure of the loan, which was offered to the public under advantageous conditions, was due to the concerted efforts of those who believed that the Dato administration was coming into too close relations with the quadruple entente to the detriment of the proper observation of neutrality.

CALIFORNIA VALLEY FEELS EARTHQUAKE

(By Daily News Leased Wire.)

LOS ANGELES, Cal., June 22.—Reports from El Centro, Imperial valley, state that a severe earthquake was felt there about 8 o'clock tonight. Buildings were severely shaken. The shock was reported as being felt in Yuma, Ariz., and at other points near the Mexican border.

ed a Turkish trench, but was unsuccessful and the Turks in counter attacks effected a lodgement in their lines at an awkward salient captured by us June 4. As the brigade was unable to recover the lost trench the 5th Royal Scots, assisted by a company of the Worcester regiment, came to their help. This attack was brilliantly carried out to a successful issue.

"Prisoners state that the Turks expected that their bombardment with high explosives would have cleared us out altogether, and were much disappointed at so little impression being made, though the trenches were much damaged.

"The Turkish dead are estimated at 300 in front of one brigade alone, and 1,000 in all parts is a low estimate."

PANET FAMILY HAS PATRIOTIC RECORD

Seven Sons in Active Service—Five Hold Rank of Major or Lieutenant-Colonel

(By Daily News Leased Wire.)

OTTAWA, June 22.—One of the most remarkable Canadian family records in the active militia service is held by the Panet family of seven sons, five of whom hold commissions of major or lieutenant-colonel in either the British or Canadian armies.

The oldest son of the family, whose home was formerly in Ottawa, is in charge of the ordnance store for the second contingent at the Toronto exhibition military camp. He was formerly assistant superintendent of the federal arsenal in Quebec and he has seen 23 years of service.

Another son is Col. Panet, who is a commander of the Royal Canadian artillery.

Another son is Col. R .C. H. Panet, commander of the R. C. H. A. brigade with the first contingent at the front.

Another son is Lieut.-Col. Panet of the ordnance corps at Halifax, where he has the important duty of looking after the receiving and shipping of supplies at the winter port of embarkation.

Another is Major E. DeB. Panet, who is a quartermaster-general in the first expeditionary force now in France.

Major F. F. Panet, a fifth, has seen 20 years' service in Canada, India and Great Britain and he is now with the Royal Engineers in the 34th division of Kitchener's army.

Charles A. Panet, another son, is secretary of the department of militia.

The father of these fighting sons has now offered himself and has served in many important capacities in the Canadian militia.

INTERNED AUSTRIAN ESCAPES; KILLED

Young Man Stopped by Enemy Alien and Shoots in Self-Protection—Others Captured.

(By Daily News Leased Wire.)

MONTREAL, June 22.—Mail in from Spirit Lake, the camp in northern Quebec where alien enemies are interned, brings news that an Austrian, who had escaped from the camp, was shot dead Sunday by a young man named Germani. Three others who had escaped were captured by a posse organized at Amos, on the Transcontinental line.

Among them is said to be a druggist from Montreal.

Germani, it is said, was carrying provisions on a handcar from Lazarre to Amos when he was stopped by an Austrian, who put his hand to his pocket as if to draw a weapon. Germani, who was carrying a rifle, fired twice and the man dropped dead. According to Germani's story he then restarted the car and on seeing three other Austrians break toward him from the bush, made all speed to Amos. There a posse was organized and the three were recaptured.

The body of the dead man was taken to the camp and identified but his name has not been revealed.

Germani had been given the rifle by his father as the inhabitants of the district have been for some time past afraid of traveling unarmed.

WON LABYRINTH BY CEASELESS ATTACKS

(Continued from Page One)

instead of waiting, gun in hand the unceasing fall of shells.

Germans Lose Whole Regiment.

"They were hard days and it was necessary constantly to carry to the fighting men munitions and food and especially water. Everybody did his best and we continued our success. Little by little our progress, indicated by a cloud of dust resulting from the combat of the grenades, brought us to an extremity north of the labyrinth.

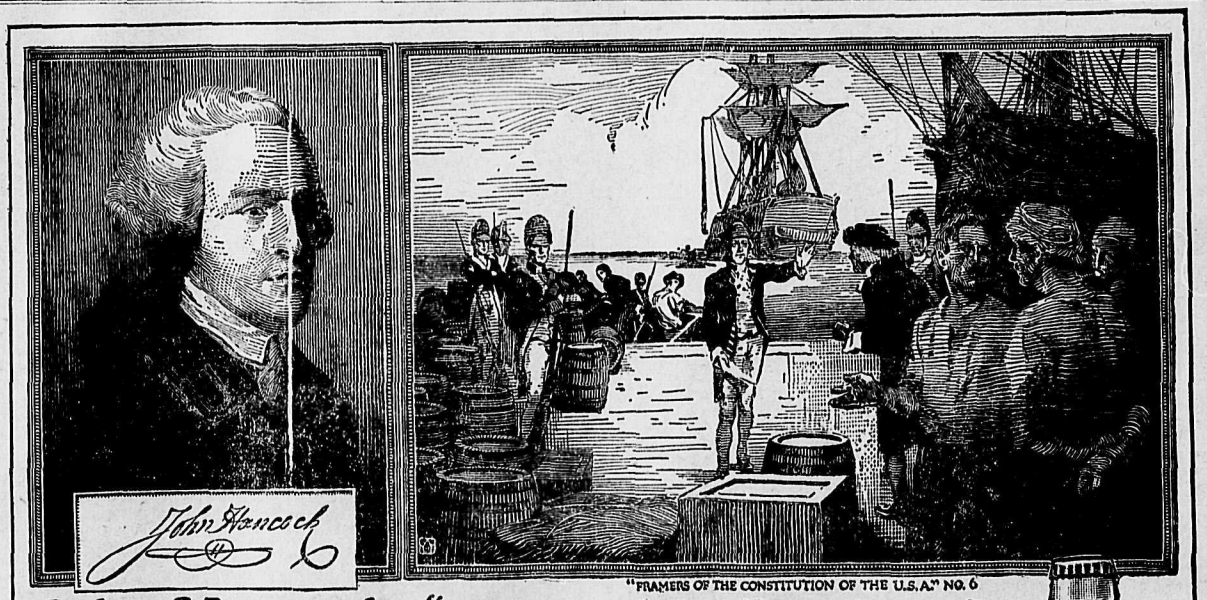
"The fighting continued and other trenches fell to us until finally the whole labyrinth belonged to us.

"The Germans lost an entire regiment. We took 1000 prisoners. The rest were killed. A Bavarian regiment also was decimated. Our losses were 2000 men, among whom many were but slightly wounded.

"The resistance was as fierce as the attack. Despite the nature of the ground and the organized defenses which had been in preparation for seven months and despite the artillery, the bomb-throwers and the quick-firers, we remained the victors."

GERMANS CAPTURE FIVE SWEDISH LUMBER SHIPS

LONDON, June 22.—Five Swedish steamers, lumber laden, bound for England, were captured by German warships in the Baltic sea yesterday, according to a Copenhagen despatch to the Exchange.



"FRAMERS OF THE CONSTITUTION OF THE U.S.A." NO. 6

John Hancock—"Father of the Revolution"

UPON the Declaration of Independence his name may be read without spectacles. His signature was the first subscribed to the world's most famous State document. In the most realistic sense John Hancock pledged his life and his fortune to the cause of the Revolution. He was one of the richest men in the colonies, holding investments in banks, breweries, stores, hotels, and also owning a fleet of vessels. The seizure of one of these precipitated the Boston massacre. In Revolutionary days and until his death he was a popular idol. When it was proposed to bombard Boston, though it would have resulted in greater personal loss to him than to any other property owner, he begged that no regard be paid to him because of his financial interests. While Hancock did not sign the Constitution of the United States, he used his great influence in its behalf, which awakened the gratitude of Washington. "He was prepossessing in manner, and passionately fond of the elegant pleasures of life, of dancing, music, concerts, routs, assemblies, card parties, rich wines, social dinners and festivities." Until the end of his life the people of Massachusetts delighted to honor him. In the stirring events preceding the Revolution he was one of the most active and influential members of the Sons of Liberty. To this tireless worker for American Independence Liberty was the very breath of life. He would have frowned upon any legislation which would restrict the natural rights of man, and would have voted NO to prohibition enactments. It was upon the tenets of our National Spoken Word that Anheuser-Busch 58 years ago founded their great institution. To-day throughout the length and breadth of the Free Republic their honest brews are famed for quality, purity, mildness and exquisite flavor. Their brand BUDWEISER has daily grown in popularity until 7500 people are daily required to meet the public demand. Its sales exceed any other beer by millions of bottles.

NEW SETTLERS COME FROM EAST BY ROAD

Alberta People Travel All Way on Foot to Trail—Take Stock With Them

TRAIL, B. C., June 22.—On Saturday a new settler and his family arrived in Trail on a rather unusual trip. They had come all the way from Alberta by road, bringing a cow and two horses with them besides their household goods. They made the long journey through the mountains without mishap and, having acquired land in this vicinity, intend to reside here. Their stock was in fine condition, being none the worse for its lengthy travels.

A Message to Thin, Weak, Scrawny Folks

An Easy Way to Gain 10 to 30 lbs. of Solid, Healthy, Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say: "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin persons body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point. Your druggist has Sargol, or can get it from his wholesaler and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient.

Caution—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder.

YOUNG ROSSLAND COUPLE MARRIED

Miss Minnie Morrish Becomes Bride of J. Sherman—News Notes of the City.

(Special to The Daily News.)

ROSSLAND, B.C., June 22.—A very pretty wedding was solemnized this afternoon when Miss Minnie Morrish, second daughter of Mr. and Mrs. R. Morrish, was married to J. Sherman. The ceremony was performed at the home of the bride's parents by Rev. T. G. Barlow, pastor of the Methodist church, in the presence of about 30 relatives and friends. The drawing room where the ceremony was performed was artistically decorated, the color scheme being pink and white. Entering first was the best man, William Couch, and the groom, followed by the ring bearer, Miss Irene Morrish, who carried the ring in a pink rose, and Miss Beth Morrison, flower girl, nieces of the bride, dressed in white with pale blue sashes and carrying pink and white roses. Then came the bridesmaid, Miss Laura Jewell, dressed in apricot messeline silk with lace over dress and dresden ribbon an the matron of honor, Mrs. Acton, sister of the bride, who was wearing a white voile dress over white silk and carrying roses. The bride entered the drawing room on the arm of her father to the strains of the wedding march played by her sister, Miss Stella Morrish, who wore a dainty frock of white net over white silk. The bride looked charming in a gown of white silk with a white silk-striped voile over dress and satin trimmings. Her filmy veil was held in place with orange blossoms and lilies of the valley. She carried a shower bouquet of bride's roses, maiden hair fern and lilies of the valley. The bride's mother, Mrs. R. Morrish, was becomingly attired in a dress of white voile with silver stripes.

The groom's gift to the bride was a gun metal mesh bag, to the bridesmaid a brooch, set with pearls and to the best man a tie pin. Following the ceremony a delicious luncheon was served from a prettily decorated table, having for its centre a three-story bride's cake. The young couple left for a short honeymoon to Nelson and Spokane.

The bride's going away suit was of blue gabardine cloth, with satin pipings and a white hat with blue trimmings. The young couple received numerous beautiful gifts.

On last Monday an enjoyable evening was spent by the members and friends of the Epworth league. The literary department of the league had charge of the meeting and the following literary program was given: Address, "Early Methodist in Canada," by Mrs. Nute; solo, Miss Florence Daily; recitation, Norman Nute; reading, Edward Job; recitation, Rev. T. G. Barlow. Refreshments were served by the social committee.

The executive of the Epworth league will meet in the league room of the Methodist church on Thursday night at 8 o'clock to consider the annual league picnic. Since the city band has postponed its excursion up the lakes on July 1 it has been thought advisable by some members of the league to hold the social on that date.

Samuel Wilson was appointed district deputy grand master of district No. 7 at the recent Masonic grand lodge at Victoria. The district comprises Rossland, Trail, Ymir, Grand Forks, Greenwood and Phoenix.

Dr. Coughlan and Mr. Warren of Trail motored to the city today.

At the missionary meeting of St. Andrew's Young People's society last evening the resignation of H. B. Crowe was read and accepted with regret. The vice-president, Charles W. Steele, was elected president and Miss Nettie Lingle, vice-president. The society intends giving an ice cream social soon.

A. Sullivan, inspector of high schools, is in the city and has charge of the high school examinations.

A PARTIZAN, UNTRUTHFUL AND MISLEADING PAMPHLET

Rev. A. E. Cooke, secretary of the Ministerial Union of the Lower Mainland of British Columbia, spoke in Nelson last night upon the pamphlet entitled "The Crisis in British Columbia." In the foreword to this pamphlet, which the association states is prepared upon "facts" which have been "brought to light" by Moses Cotsworth, it is declared that it is not published "in any partizan spirit." It is further asserted that a strict investigation into the "facts" has been made by the ministers, who describe themselves as the "moral leaders of the people of this province."

An examination of the pamphlet, imposing as may seem its array of figures and quotations when dealt with by a clever speaker on the platform, reveals its partizan and misleading character. An analysis of the charges which are made, the phraseology which is employed and the false allegations which are contained in its pages lead irresistibly to one of two conclusions —either Rev. A. E. Cooke and his fellow members of the coast ministerial association have been completely hoodwinked by Moses Cotsworth or they are actuated by bitter partizanship in carrying on a campaign to mislead the public.

ALLEGATIONS REGARDING LAND IN THIS DISTRICT

"The Crisis" is chiefly concerned in an effort to show that vast quantities of land have been grabbed, looted and stolen with the connivance of the government. Upon page 6 of this publication, which has been prepared by the ministers upon the "facts" supplied by Moses Cotsworth and which they say they have "verified" from original documents, etc., appear some statements concerning conditions in the Nelson district.

The assertion is made that the report of the agricultural commission has been "cleverly manipulated" to "cover up the most glaring instances of land-grabbing in certain districts." The pamphlet then refers to a statement that 5,332 persons hold 463,264 acres and 638 corporations hold 36,961 acres and says that H. L. Simons and J. A. Nowell of Glencoe, Minn., hold respectively 358,055 acres and 54,919 acres, while E. R. C. Clarkson of Vancouver has 21,624 acres. After making an attack upon Alex. Lucas, M.P.P., which has resulted in a libel suit against Mr. Cooke and the sworn admission by Mr. Cooke that he has no knowledge of the "facts" stated therein, the pamphlet goes on:

"But a shameful feature of the whole situation in these very districts is that this land so largely held by foreign speculators is assessed at only 10 cents per acre."

That statement is as false and misleading as is the allegation that the figures quoted have been manipulated "to cover up the most glaring instances of land-grabbing."

NELSON LAND NOT "GRABBED"; BOUGHT FROM RAILWAY

In the first place, Messrs. Nowell, Simons and Clarkson cannot by any stretch of the imagination be described as "land-grabbers." The land for which they are assessed is a portion of the Nelson & Fort Sheppard railway subsidy grant, which was made in 1892 in order to induce the company to build a railway into Nelson, a railway which incidentally was one of the most important factors in the upbuilding of the city of Nelson and the surrounding district in the pioneer days before any other railway communication was available. This land grant was made to the company before Sir Richard McBride entered politics.

It is also untrue that this land, bought by Messrs. Clarkson, Simons and Nowell from the railway company, is assessed at only 10 cents per acre. The assessment roll for 1914 shows that the general assessment is 20 cents and that a large portion of it is assessed at as much as 60 times the figure quoted by the Moses Cotsworth statement. It is a fact that the assessment on some of the land was at one time 10 cents per acre but it has never been true that all of it was rated at that figure. The land is of varying quality and is assessed accordingly.

So much for these statements which have been "verified," etc., by "investigation" and study of "original" documents.

OTHER EXAMPLES OF THESE "VERIFIED FACTS"

The section of the Moses Cotsworth pamphlet which refers to the Nelson district further complains that under the "Railway Subsidy Lands Repurchase Act of 1912" 40 cents an acre was agreed to be paid "to certain railway schemers, including F. August Heinze, for whom the firm of Bowser, Reid & Wallbridge were acting as solicitors." That is another "verified" statement which is almost wholly untrue and wholly misleading.

The railway land repurchase act to which reference is made did not provide for the purchase of one single acre of land from the late Mr. Heinze. The act provided only for the purchase of lands from the Canadian Pacific railway.

Not only did the government buy no lands from Mr. Heinze, but in 1913 it passed an amendment to the Taxation act with the specific purpose of making it possible for the province to assess and collect taxes on the Heinze property. Mr. Bowser, as attorney-general, not only introduced the Taxation act amendment but devoted his efforts to the prosecution through the courts of a legal fight which culminated in the decision of the supreme court of Canada that Heinze must pay the taxes. C. R. Hamilton, K.C., was solicitor for the Heinze interests and Mr. Bowser through counsel directed the case for the province.

That is the truth regarding these further examples of the "facts" which have been "verified" by Mr. Cooke and his friends.

CANNOT BASE MORAL ISSUE ON MISREPRESENTATION

The Daily News has dealt specifically with Moses Cotsworth's allegations with regard to the Nelson district. They are typical of the character of the pamphlet which has been unloaded upon Mr. Cooke and his ministerial association. Statements concerning other parts of the province have, on analysis, been proved equally partizan, untruthful or misleading.

The claim of Mr. Cooke and his associates that as "moral leaders of the people of this province" they are in duty bound to circulate and support the pamphlet falls to the ground. A "moral issue" cannot enduringly be founded upon untruths, half-truths and misrepresentation of facts.

To attempt to escape from the hands of the law seems to be a dangerous amusement. One day's despatches tell of the deaths of two men who tried it.

The offer of a million dollar bribe to President Wilson is "going some" even for a representative of Germany, which has been known to desire to secure rifles which have been discarded by the American army.

The news that a German submarine allowed a Norwegian ship to go after compelling its captain to destroy a part of the cargo indicates that Germany is paying some heed to neutral protests—unless it proposes to use this case as an example of righteousness in "explaining" outrages later.

WHAT THE PRESS IS SAYING.

Grumpy Bachelor's Talk.

It is remarked that the heads of the two fighting departments of the British government—Kitchener, of the war office, and Balfour, of the admiralty—both are bachelors. Having no fighting to do at home, they can devote their attention to fighting the enemy.—Goderich Signal.

Canada's War Order.

According to official reports, the export of manufactures by the United States is less now than before the war, despite the war orders. Canada's exports of manufactures, in March and April were almost double what they were a year ago. Proportionately we are benefiting from war orders for munitions much more than the United States.—Toronto Mail and Empire.

BRITISH STEAMER SUNK BY SUBMARINE FIRE

(By Daily News Leased Wire.)

LONDON, June 22.—The British steamer Carlsbrook of Glasgow from Montreal for Leith, Scotland, was sunk by gunfire from a submarine June 21 at a point 40 miles north of Kinnairds Head.

FRASERBURG, Scotland, June 22.—All the crew of the steamer Carisbrook, sunk yesterday by a German submarine, have been landed here.

He—I always pay as I go.

She (yawning)—I don't think you'll ever become bankrupt.

PRICE OF FOODSTUFFS FALLS IN BRITAIN

LONDON, June 23, 3:06 a.m.—The fact that the prices of cereals and other foodstuffs recently have fallen heavily in Great Britain has brought about a sharp fall in freight rates, since merchants, seeing that there is no profit in imports, have refrained from chartering tonnage. Yesterday the official price for Indian government wheat was reduced by 36 cents per quarter, to $12.50, which compares with $15.75, the price at the end of April.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district of which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa or to any Agent or Sub-agent of Dominion lands.

W. W. CORY,
Deputy Minister of the Interior.

FRENCH LOAN GIVES STIMULUS TO STOCKS

Recovery Follows Early Fall—Sterling and Continental Exchange Has Better Tone.

(By Daily News Leased Wire.)

NEW YORK, June 22.—The most important development of the day was the announcement made toward the close of the stock market that arrangements had been completed for the placing of a French loan in this country, backed by the Rothschilds. Although definite details were lacking the news was of enough interest to bring about recovery of general values from the early irregular trend, leaving a number of net gains.

Foreign war conditions were responsible for the initial heaviness and contrary movements. The success of the Austro-German campaign against Russia caused considerable selling of American stocks for London and other European interests, with Canadian Pacific the weakest feature. That stock at one time showed a loss of 4 points, its decline being again accompanied by rumors of a downward revision of its dividend.

Coppers were also under pressure, some disappointment being expressed at the moderate increase of Anaconda's dividend. Instead of 50 per cent quarterly rate it was hoped that the 75 per cent disbursement of 1913 would be restored.

United States Steel was again the active feature but its range was narrow and without material change.

There was a better tone to Sterling and continental exchange, the improvement being mainly due to the prospect for additional financing here.

Firmness ruled in bonds, regardless of recurrent foreign orders. Total sales, par value, $2,378,000. United States registered 4s declined ¼ per cent on call.

MORGAN TO FLOAT LOAN FOR FRANCE

Deal is Made Through Rothschilds—Amount Probably Will Not Exceed $50,000,000.

NEW YORK, June 22.—J. P. Morgan and company announced late today that arrangements had been made by them and the Rothschilds of Paris for the flotation in this country of a new French loan, the amount of which it was impossible to state at present, secured by high grade railway bonds lodged with the Morgan firm. The statement follows:

"J. P. Morgan and company with the Rothschilds of Paris have arranged to borrow in this market for a period of one year a considerable amount of money, the proceeds of which the Rothschilds will make available to the French government here for the payment of its commercial obligations in this country.

"The loan will be secured by high grade American bonds to be lodged with Morgan and company in New York. It is impossible to state at this time the amount of the loan."

From an unofficial source it was learned that the amount of the loan probably will be under $50,000,000 and that the interest rate will be about 5 per cent.

BUSINESS BETTER BUT MONTREAL PRICES NARROW

(By Daily News Leased Wire.)

MONTREAL, June 22—Business was on a slightly better basis today but price movements were again narrow and failed to indicate any definite trend. Renewed selling of Canadian Pacific in New York depressed the stock to the low quotation of two weeks ago.

That stock was inactive here and quoted at 2½ lower at the close; 150 bid.

The feature of the morning was a fair demand for Iron and Power, upward of 500 shares of the former being taken at 31½, while 150 shares of the latter found a market around 217½.

Scotia weakened to 65 under light selling, a drop of about 1 point.

Tram Power was a firm stock in the Unlisted list, selling one time at 43¼ and closing at 42¾.

TO WIDEN SCOPE OF MANITOBA INQUIRY

New Commission May Be Appointed to Probe Charges Involving New Liberal Cabinet.

WINNIPEG, June 22.—Announcement was made this morning that the government had recommended that the powers of the royal commission be extended to take in the charges brought by C. P. Fullerton, K.C., as representing 14 private Conservative members, of trafficking between the late and present cabinet ministers. Before the commission opened this afternoon, however, Attorney General Hudson received a letter from Mr. Fullerton asking that another commission be appointed as he might wish to put one or more of the present commissioners on the stand in connection with his charges.

The present commissioners have been notified of this and the government, it is understood, will leave it to them whether they proceed to investigate these new charges. If they do not it is believed the government will at once appoint another commission. It appears to be the opinion of the cabinet that no delay should be permitted in opening up the charges laid by Mr. Fullerton.

Hon. G. R. Coldwell was on the stand again this afternoon and J. B. Coyne, the crown counsel, continued his line of questions in regard to the caissons and steel contracts. But nothing sensational developed, the witness reiterating his statement that the change from piles to caissons was not decided upon after the contract was let.

Superintendent Padington of the Great Northwestern telegraphs handed in another lot of messages which will be decoded and he also filed the receipt he had received from Mr. McLeod, general manager of the Canadian Northern railway for messages taken off the files at Mr. McLeod's request. The latter is away and the subpoena has not yet been served but it is understood he will take the stand next week.

The other outstanding event of the day was the receipt of a cable from Dr. Simpson to the effect that he is leaving shortly for France for important surgical work under military orders and thus would not be allowed to return. The charges, whatever they are, are false and Dr. Simpson is content to leave his case in the hands of his attorney, George Elliott, he says.

The Free Press (Liberal) commenting on the new charges and especially on the demand made by the Telegram for a commission appointed at Ottawa will say editorially tomorrow that help from Ottawa is not needed and that Manitoba is capable of doing its own housecleaning without turning over the job to a new commission in whose appointment Hon. Robert Rogers would have a hand.

As to the part of Mr. Fullerton, the Free Press says:

"When Mr. Fullerton bobbed up before the royal commission with his little speech as representative and spokesman of these incorruptible patriots, the 14 private members, it was not his first appearance before this body. When he appeared before the commission at an early date whom do you suppose he represented? Why he represented Tom Kelly. Mr. Fullerton may not appear for Mr. Kelly this time but he represents him and his interests just the same."

PRINCESS PATRICIAS ABSORBED IN BRITISH REGIMENT

(By Daily News Leased Wire.)

MONTREAL, June 22.—The Princess Patricias which from the start has been in the thick of the fight, losing heavily, is now no more—at least not as a unit—according to a letter received from Lieut. F. Walton, by a brother living here. The Princess Patricias have joined the King's Royal rifles, forming a complete battalion, he says. Lieut. Walton has been wounded twice. He says:

"We have some Canadians with us in action. They are men. I admire them, every one. The remnants of the Princess Pats joined us, forming a complete battalion."

For Sore Muscles, Strains, Sprains, Bruises

Rub in a few drops of Absorbine, Jr., and you will be agreeably surprised at the prompt relief. It reduces inflammation and swelling—allays pain and soreness.

Used as a rub-down after violent exercise or physical exertion it puts vim and energy into jaded muscles, limbers the joints and gives the body the glow of health. Rub-down made by adding one ounce Absorbine, Jr., to a quart of water or witch hazel.

Absorbine, Jr., is more than a liniment—it is a positive germicide and therefore its uses and efficiency are doubled. Applied to cuts, wounds, sores, it kills the germs, makes the part aseptically clean, and promotes rapid healing. Economical as only a few drops are required at an application.

Made of herbs and safe to use anywhere.

At all druggists, $1.00 per bottle or postpaid. Manufactured only by W. F. Young, P.D.F., 445 Lymans building, Montreal, Canada.

Proper Thing Now Is to Peel Off Soiled Skin

Those who abhor sticky, greasy, shiny, streaked complexions should religiously avoid creams, powders and rouges during the heated days. There's no need for them anyway, since the virtues of mercolized wax have become known. No amount of perspiration will produce any evidence that you've been using wax. As it is applied at bedtime and washed off in the morning, the complexion never looks like a make-up. Mercolized wax gradually takes off a bad complexion, instead of adding anything to make it worse. It has none of the disadvantages of cosmetics and accomplishes much more in keeping the complexion beautifully white, satiny and youthful. Just get an ounce of it at your druggist's and see what a few days' treatment will do. Use like cold cream.

Another effective summer treatment—heat tending to cause wrinkles and flabbiness—is a skin-tightener made by dissolving 1 oz. powdered saxolite in ½ pt. witch hazel. Its use (as a face bath) leaves no trace.

WOUNDED OFFICERS TO GET PROMOTIONS

General Hughes Will Appoint Veterans Who Have Been Invalided Home to New Commands.

(By Daily News Leased Wire.)

OTTAWA, June 22.—Major-General Hughes announced tonight his intention of immediately appointing to the command of new regiments which will be organized in various parts of the Dominion several officers who have borne the brunt of the fighting with the first division at the front. All of these men bear honorable wounds, but all are anxious to go back as soon as their wounds have healed.

Major Kirkcaldy of the 8th battalion, who was shot in the chest at St. Julien, will command a Manitoba regiment. Lieut.-Col. McKinery of the Princess Patricias, now convalescent after sickness, will command an Edmonton regiment. Capt. Lowery and Major Nasmith, formerly of the 10th, will receive appointment and promotion in a Calgary regiment. Both are wounded, the first in two places in the side ard leg, the latter in the right lung. Major Ross, formerly of the 16th battalion, wounded in the arm, will command a Victoria regiment.

Capt. J. A. Dansereau of the 15th battalion, Toronto Highlanders, will be given command of a French-Canadian regiment.

The latter is loath to leave his former battalion. He stated tonight that all who served under Col. G. A. Curtis desired to continue in his command.

Mrs. T. S. Richardson is paying a visit to Nelson and is staying at the Hume.

The members of the Imperial Order Daughters of the Empire will meet today in the McCulloch block, upstairs to work on the old linen, cotton and blankets collected for conversion into military hospital supplies. The rooms will be open from 9 o'clock until 4 o'clock and it is hoped that there will be a large turnout to help with the work.

POLITICS OF THE KINGDOM OF GOD

Rev. A. E. Cooke Attacks Government —Platform Is Justice, Truth, Righteousness

"My politics are the politics of the Kingdom of God and my platform is justice, truth and righteousness in every department of human life," said Rev. A. E. Cooke, secretary of the Ministerial Union of the Lower Mainland, in addressing a meeting in the Nelson opera house last night on "The Crisis in British Columbia," a pamphlet of that name at present being circulated.

Mr. Cooke followed closely the contents of the pamphlet, producing documents which in some cases he claimed were the originals of those reported in its pages. These, he said, included reports and letters written to and from government officials and others who were concerned in certain land deals referred to in the pamphlet.

In his opening remarks, Mr. Cooke said: "One point I wish to enforce is that this is not in an ordinary sense a political meeting. We are here to discuss a political situation but not from a political standpoint. Speaking for myself and the other members of the ministerial union, I want to say that we would not speak on behalf of any political party. The questions which we have taken up are ones which, in the power they exercise on the public, are ones which all honest men must face."

"We have been faced by the old cry that a minister has no right to interfere in public matters, the cry of 'stick to the pulpit and leave political questions alone.' But," he affirmed, "if there had been more political pulpits in the past there would have been less corruption in Canadian politics."

Work God-Given, He Says

The speaker declared that his work for the good of the state was just as God-given in his estimation as his work for his church or his family. He drew an analogy between the position of the ministers in this question and that of a citizen seeing a neighbor's house broken into and robbed and said: "When we have proved our position that the house of the people is being despoiled and looted, let no man think that we are going to keep silence or be dragged away from the main issue. The point is, are the statements in the 'Crisis' true or false? If they are false, let the men responsible come forward and prove it, and stop throwing dust in the people's eyes with misleading statements. We do not claim to be infallible, but we have done our best to make sure of the facts which we put before you."

Mr. Cooke dwelt at great length on the character and achievements of Moses Cotsworth, who, he stated, contrary to the suggestion of a coast newspaper, is not a Jew, but an Englishman and a Quaker.

"Some public men as well as some of the press," he said, "seem on the point of shedding tears because the union has been 'had' by this Cotsworth creature, but in view of the high esteem in which he was held in the past by some of the provincial governments, if the ministers have been hoaxed by Mr. Cotsworth they have had a good precedent."

It was stated by the speaker that never has there been a really business-like endeavor on the part of the government to put the people on the land when they wanted to go, and followed this up by a statement of figures which he claimed showed that government officials had issued misleading reports calculated to show that there was more land surveyed and ready for pre-emption than was really available. The speaker quoted from the pamphlet and displayed a folder issued by the government which he claimed is at variance with maps which had been issued by the department of lands.

During his address Mr. Cooke made an appeal to his hearers in connection with the taking over of the Ocean Falls company by a syndicate in San Francisco, known as Fleishhaker Bros., in the early part of 1914. He said the syndicate was German. He said it was claimed that this company had dictated terms to the government and that it had made laws which would allow the company to engineer a vast and fraudulent scheme to obtain certain concessions which the government alone had power to confer. He said: "It has been said that these Germans are naturalized United States citizens, but we know how much naturalization papers mean these days, and I tell you that the government is bartering away our heritage to this German syndicate. It is not Germans that we should be interning but the property of the people. Let us take the men who have betrayed our country and face them with the law."

Says People Want Facts

In conclusion, Mr. Cooke said that he believed that all the people needed was the facts, and therefore the association had come out into the open to make an appeal for the strictest and fullest investigation possible. He stated that the campaign was not supported by any party, but that if they wanted support there was a party which would contribute all that was needed. The ministers, he said, had gone deep into their own pockets to finance Mr. Cotsworth's investigations and to make investigations of their own; these moneys they were proud to be able to give; but to defray the cost of the campaign of putting these facts before the public they were making a public appeal. He also called upon those present to come forward at the close of the meeting and sign a petition which is to be forwarded to the Dominion government at Ottawa, asking for an investigation.

Rev. R. Van Munster was in the chair, and in introducing the speaker said that those present were the guests of the ministerial union of the mainland, as represented by Rev. A. E. Cooke, and not a political party. The members of the association, he said, were as interested in public life as any citizen and that they feel that they had discovered certain facts that it was their duty to place them before the public. "Mr. Cooke stands on the results of the investigations of the union."

BLAKE ALLAN MAY STILL BE ALIVE

Was Alive at Time When It Is Thought Death Message Was Sent—Letter From Chaplain.

A letter from his mother at Stavely, Alta., has been received by Wilfred Allan, brother of R. Blake Allan of Nelson, who was reported dead from wounds some days ago, in which she has copied a letter sent to her by Capt. A. H. McGreer, chaplain with the 32nd Canadian field ambulance in France, dated May 30, which says:

"At the request of your son, Pte. R. B. Allan, 16th battalion, I am writing to let you know he was wounded yesterday and has been sent on to hospital, either at the base or in England, where he will be well cared for, and I hope nursed back to his former health. I am sorry to say that the wound is rather serious. One injury being in the stomach and the others in the legs. The latter are only flesh wounds and should heal quickly. The doctors gave him every attention at our ambulance and are hoping that the more serious wound will heal without further complications, as many of that kind have been known to do."

It is hoped by his friends that, since only 12 days elapsed between the time he left the station alive, and the date on which his mother was notified of his death and in view of the fact that it usually takes 12 to 14 days for reports to be sent out in the cases of privates, some mistake has been made and young Allan may be still living. He received his wounds on May 29, which was his 20th birthday.

GERMANY DENIES RUMORS OF PEACE

Story That Russian Envoy Visited Berlin Is Called Untrue in Inspired Statement.

(By Daily News Leased Wire.)

FRANKFORT, Germany, June 22.—The Frankfurter Zeitung publishes an inspired article from Berlin denying positively rumors which are being circulated in certain quarters of Berlin that negotiations are under way looking to the conclusion of peace with Russia.

According to these rumors Russian emissaries of high birth visited Berlin and the headquarters at the front. These reports even mentioned the conditions under which it was said Russia wished to make peace.

The Berlin corresppondent of the Zeitung says he is in a position to state there is not a word of truth in these reports; that no Russian emissaries of any sort have visited Berlin, and that no attempts have been made to get in touch with German official circles for the initiation of such negotiations.

The same positive denial is given to rumors of peace proceedings which were circulated following the recent peace conference of the international congress of women at The Hague.

CANAL SENTRY IS ATTACKED BY THUGS

Private Martell Knocked Unconscious by Man With Heavy Instrument —Guard Arrives too Late.

(By Daily News Leased Wire.)

MONTREAL, June 22.—Pte. Martell, a resident of St. Henry, was assaulted and beaten unconscious last night while on sentry duty at the Cote St. Paul locks of the Lachine canal. He was attacked by thugs. There is no reason to believe, it is said, that German sympathizers were responsible.

Late last night two men approached Martell and demanded that they be allowed to cross the canal. This was refused. They became threatening and Martell called for the guard. He was suddenly struck a blow on the head with some heavy instrument and fell unconscious. The guard arrived just in time to see Martell fall and chased the thugs, the officer in charge, Sergt. Fallis, firing at them with his rifle. The two men escaped by running through dark alleys.

Martell is in a hospital but will recover.

TWO DROWN.

(By Daily News Leased Wire.)

TORONTO, June 22.—A double drowning occurred tonight off the mouth of the Etobicolle river, when two brothers named Barton, aged 18 and 20, whose addresses are unknown, were upset from a canoe. They had been sailing on the river and were blown out into the lake by the high wind. All search for the bodies has proved unavailing.

A GOOD THING.

When It Comes Along Don't Let It Get Away from You.

"I really feel that it is hardly possible to say too much in favor of Grape-Nuts as a health food," writes a Chicago lady.

"For 9 or 10 years I had suffered from indigestion and chronic constipation, caused by the continued use of coffee and rich, heavy foods. My ailments made my life so wretched that I was eager to try anything that held out a promise of help. And that is how I happened to buy a package of Grape-Nuts food last spring.

"That ended my experiments. For in Grape-Nuts I found exactly what I wanted and need d. From the day I began to use it I noticed an improvement and in a very few weeks I found my health was being restored.

"My digestive apparatus now works perfectly and chronic constipation has been entirely relieved. I have gained in weight materially and life is a very pleasant thing to me so long as I use Grape-Nuts once or twice a day. I have found by experiment that if I leave it off for a few days m health suffers.

"A physician in our town has great sucess in treating stomach troubles and the secret of it is that he puts his patient on Grape-Nuts food—it always brings back the power of digestion."

THIS LEAVES THE SKIN FREE OF HAIRY GROWTHS

(Toilet Talks.)

A simple method for completely removing very trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered delatone and water, spread on hairy surface and after about 2 minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get delatone.

BRITAIN EXPLAINS BLOCKADE PLANS

Foreign Secretary Sets Forth Orders Whereby Neutrals May Trade Without Difficulty.

(By Daily News Leased Wire.)

LONDON, June 22.—The foreign office today delivered to Ambassador Page for transmission to Washington a memorandum explanatory of efforts being made to mitigate the hardships of neutral traders on account of the orders in council and other war measures affecting their interests. The memo, although not a reply to the American contraband notes gives a summary of the measures adopted by Great Britain with the purpose of enforcing, with as little friction as possible, its policy of shutting off Germany from the rest of the world. The foreign office sets forth orders whereby neutrals may trade without coming ing into conflict with these regulations.

The text of the note will not be published here until it is given out in Washington.

BRITISH WARSHIP RAMS SUBMARINE

Letter from Scotland Tells of Exciting Maneuvers Which Gave Victory to Patrol Boat.

(By Daily News Leased Wire.)

PORT ARTHUR, Ont., June 22.—W. Dougall of Port Arthur has received a letter from his mother at Aberdeen, Scotland in which she describes the sinking of a submarine by a British patrol ship. She witnessed the landing of the German sailors who were made prisoners. The fight took place near the Bullers of Buchan, a few miles off Peterhead, between a British warship and one of the latest type of German submarines about two weeks ago. Persons on shore saw the submarine maneuvering and a few minutes later a British warship came around the cape. The warship sighted the submarine and charged full speed, but the submarine deftly evaded the first charge. The warship out-maneuvered the submarine and, placing the latter between the shore and itself, it charged again. The crew of the submarine was on deck manning a gun, but before it had time to use it the warship ran the plunger down and sank it.

Several Germans were lost but the majority were saved, including the captain, who, however when being taken aboard the British warship, shot himself. The other members of the crew were landed at Peterhead The Germans were almost mobbed by the citizens of Peterhead, who had prepared a heap of eggs and old potatoes for their reception. The police, however, found a place of safety for the Huns who were later taken to Edinburgh castle to be placed in the compound.

They were guarded by members of the famous Black Watch regiment.

SENDS $100,000 CHECK FOR MACHINE GUNS

(By Daily News Leased Wire.)

OTTAWA, June 22.—The minister of finance has received from Sir John Eaton a check for $100,000 contributed by him toward the equipment of a machine gun section. The prime minister has written Sir John, expressing the appreciation of the government for his generous and patriotic contribution.

This is the story of the man who introduced a friend to Mr. Joseph H. Choate, just after he had been appointed ambassador to England:

"Let me introduce you," said the man, "to Mr. Joseph Choate."

"Wait a moment," said Choate. "As I am going to England, I've dropped the H."
