AUSTRALIANS KILL 2,000 AND WOUND 5,000 TURKS

Moslems Completely Beaten In Fierce Attack

ALLIES LAND MORE MEN AT DARDANELLES

Enemy Suffers Heavily Under Cross-fire From Warships

(By Daily News Leased Wire.)

PARIS, May 24.—News received here from the Dardanelles is to the effect that the recent Turkish attack against the British troops near Kaleh Tepe by two Turkish divisions was carefully prepared by Gen. von Sanders, the German commander, and his staff, not only with the object of inflicting a check upon the allies but of raising the spirits of the Turkish troops and reassuring the public, which is said to have been profoundly impressed by the heavy Turkish losses at the beginning of the war.

Gen von Sanders brought up the 1st army corps, a crack organization which had been reserved for the defense of Constantinople. Its landing was greatly hampered by the bombardment from the allies' aeroplanes. Two divisions of this corps which had been put ashore the night before at Maidos immediately marched to Kaleh Tepe and attacked the Australians and New Zealanders, on the night of May 18-19. They were completely beaten, however, losing 2000 men killed and 5000 wounded, the report says.

One Man Halts Attack.

On the southern end of the peninsula the French troops faced strong defensive works. At certain points they advanced to within a few yards of the Turks and fierce bayonet and hand grenade fighting followed. In one of these hand to hand struggles it is asserted that a colonial infantryman named Laborte, spontaneously took the lead as his company was entering a Turkish trench and by throwing grenades succeeded unaided in stopping a Turkish counter-attack and preventing quickfirers being used, until he fell wounded.

Allies Land More Men

LONDON, May 24.—The allies have landed additional troops on the Gallipoli peninsula, and although progress there must for some time continue to be slow, there is every confidence that the resistance of the Turks will before long be broken.

The loss to the allies is heavy, as shown by the casualty lists, but it is asserted that the Turks are suffering much more severely, as they are under cross-fire from the ships.

STRUCK BY LIGHTNING

(By Daily News Leased Wire.)

CALGARY, Alta., May 24.—In the presence of hundreds of visitors who made a holiday visit to see operations in the Calgary oilfields district, George Dunkell, head driller for the Western Pacific, was struck by lightning in the preliminaries to a thunderstorm. He had his foot on the metal baler at the time. Suffering from shock and severe burns he was hurried to the nearest town and lies in a critical condition.

ARMENIANS LEAVE CANADA TO FIGHT THE TURKS

STRATHEARNE, Ont., May 24.—Six Armenians who have been drilling in the armory here for the last several months, left last night to join contingents of Armenians from other points in Canada and proceed to New York at the expense of the Armenian association, to fight against the Turks. They will go to Petrograd where the Russian government will provide free transportation to Persia.

There are still 50 trained Armenians in Strathearne ready to go to the front.

RESPECT SWISS NEUTRALITY

(By Daily News Leased Wire.)

LONDON, May 25.—Germany and Austria-Hungary have formally notified the Swiss government that they will respect Swiss neutrality, according to a Berne despatch to Reuters.

RUMANIA AND ALLIES ARE NEGOTIATING

Great Enthusiasm Prevails in Bucharest—Army Has Its War Clothes —Bulgaria Still Neutral.

(By Daily News Leased Wire.)

LONDON, May 25.—A despatch to the Daily Chronicle from Bucharest says:

"The Rumanian government is negotiating with the allies. King Ferdinand has reviewed the army. Great enthusiasm prevails. The general belief is that Rumania is on the brink of war.

"Celebrations of the anniversary of the coronation of the late King Carlos were held Sunday and were attended with unusual fervor. King Ferdinand and Quen Marie were present at a great military review. The troops wore their new field service uniforms of grey khaki, instead of the usual parade dress uniforms."

No Definite Movement Yet.

LONDON, May 24.—Rumania, Bulgaria and Greece have made no movement yet. The government of Bulgaria has reiterated that it will continue to observe an attitude of neutrality so long as Bulgarian interests are not directly affected and it sees no reason why they should be. The opposition, however, is voicing the opinion that Bulgaria should seive the opportunity to join the allies.

Bulgaria may be drawn in through an incident which has arisen between it and Turkey over the seizure by Turkey of a number of Bulgarian railway cars loaded with freight. Sofia has lodged a protest against this action.

Rumania may be affected by a change of fortune in the battles in middle Galicia.

THREE DROWNED WHEN BOAT OVERTURNS IN ROUND LAKE

(By Daily News Leased Wire.)

MOOSE JAW, Sask., May 24.—Two others were drowned in Round lake, near Broadview, yesterday, along with J. R. Watters, Canadian Pacific railway brakeman, whose death was reported last night from here. They were Miss Emma Salmonson and her niece, Selma, aged 12. Another man in the boat, H. Nicholson, Canadian Pacific railway conductor here, clung to the boat and was rescued. None of the party could swim.

Miss Salmonson's body has been recovered but those of Watters and the young girl are still being dragged for.

PRINCE VON BULOW LEAVES FOR BERLIN

(By Daily News Leased Wire.)

LONDON, May 25, 3:10 a.m.—A despatch to the Stefani agency from Rome says that Prince von Bulow, German ambassador to Italy, accompanied by the Princess von Bulow and all the German representatives to the quirinal and the vatican, departed from Rome by train at 9:30 o'clock last night.

CANADIAN AVIATOR HITS CHICKEN COOP AT TORONTO

(By Daily News Leased Wire.)

TORONTO, May 24.—Capt. E. L. Janney, instructor at the aviation school, in North Toronto, met with an accident this afternoon while making a flight. When 20 feet in the air his engine stopped and in volplaning to eart he hit a chickencoop on the grounds and escaped with a slight shaking up, but his machine was badly damaged.

KAISER SEES RIVER SAN RED WITH BLOOD

Personally Directs Operations—Even Hindenburg Remarks on Stupendous Slaughter of Teutons

(By Daily News Leased Wire.)

LONDON, May 24.—The correspondent of the Daily News at Petrograd reports that the battle on the San rapidly is developing into the fiercest of the war.

Three million men are now attacking and counter-attacking daily across the entire front from Opatow to Kolomea. The kaiser, who is at Jaroslau with a great flock of German aeroplanes, of which the Russians shot down four, is personally directing the operations.

Even Gen. von Hindenburg remarks on the stupendous slaughter due to the solid phalanxes which the kaiser ordered across the river north of Jaroslau, toward Sandomierz.

The Germans hold only 20 miles and are fastened on the right bank owing to the Russian successes above and below them.

Von Emmich is in personal command of the advanced positions with the 1st and 2nd Prussian guard ahead and vast hordes of other troops behind. The kaiser can only watch the San flooded with German blood. The Russian infantry is fighting splendidly. The enemy has lost as many as 10,000 men on a quiet day and that number was multiplied on the hottest day of the battle, May 16 and 19.

Four thousand German guns have thrown 2,000,000 shells against the Russians along this front.

CANADIANS AGAIN HELP TO TURN TIDE

Fight With Splendid Dash—Enemy Concentrates for Attack Against Them—Caught by Shrapnel.

(By Daily News Leased Wire.)

LONDON, May 24.—A mail despatch from Pas de Calais under date of May 23 says that vigorous fighting has taken place on both sides of La Bassee with favorable results.

"On the British side," the correspondent says, "the fighting took a definite turn Friday last near Festubert, when the Canadians, fighting with spledid dash, took a line of German trenches in an orchard which was a critical and important spot.

"The following day the Germans made four strong attacks on our trenches, especially against the Canadians. The first attack was in force and in massed formation, but our shrapnel caught the enemy in the open and inflicted heavy losses. Three attacks which followed were not on the same scale, but resulted in heavy losses to the Germans and were easily repulsed."

THOUSAND ITALIANS HOLD CELEBRATION AT CALGARY

(By Daily News Leased Wire.)

CALGARY, Alta., May 24.—Over 1000 local Italians took part in an enthusiastic demonstration to commemorate the leap of Italy into the war today, when it was announced that the majority of these are packing their traps preparatory to leaving for their native land. The procession, led by a military band and the Italian flag, paraded the central streets of the city and despite a pouring rain speeches were delivered in the presence of thousands of citizens at the city hall.

Acting Mayor Crandell welcomed the advent of Italy into the conflict, while Consul Longhi addressed his compatriots in Italian.

ASQUITH UPHOLDS SIR EDGAR SPEYER

Says Imputations Against Banker's Loyalty Are Baseless and Malignant.

LONDON, May 24.—Premier Asquith has written to Sir Edgar Speyer a letter in which he characterizes as "baseless and malignant the imputation made upon your loyalty to the British crown."

Referring to the desire which Sir Edgar expressed when he resigned from the privy council, that all honors bestowed upon him should be withdrawn, the premier says:

"The King is not prepared to take any step such as you suggest in regard to the marks of distinction which you have received in recognition of public service, philanthropy and munificence."

CELEBRATE CENTENARY OF PEACE AT EXPOSITION

SAN FRANCISCO, Cal., May 24.—A century of peace between America and Great Britain was celebrated today at the Panama-Pacific exposition by a parade in eight divisions representing the eight major possessions. There was a big illumination tonight.

CANADIAN LOSSES ARE LESS HEAVY

(By Daily News Leased Wire.)

OTTAWA, May 24.—A cable despatch to the militia department from northern France indicates that the Canadian losses in the fight Thursday night last when German trenches were captured by the 2nd and 3rd brigades, were not so heavy as at first thought. The killed numbered only 30, instead of 49, while the wounded numbered 152 instead of 432. In addition there are three missing.

FISHER WILL NOT ACT WITH BALFOUR

Resignation Expected to Be Definite One

CHURCHILL WILL REMAIN IN CABINET

Carson Likely to Be Member--Sea Lord Blamed for Dardanelles

(By Daily News Leased Wire.)

LONDON, May 24.—Progress in the formation of the new coalition ministry was made at a conference held today at the residence of Premier Asquith. The details of the new ministry were not sufficiently advanced, however, for an announcement of its personnel to be made this evening.

It is known, however, that Premier Asquith has decided that Winston Churchill shall remain in the cabinet in some other position than that of first lord of the admiralty. It is understood that the premier tried hard to retain Lord Haldane as lord high chancellor but the Unionists were so strongly opposed to this that Lord Haldane will be sacrificed. There is renewed talk of Lloyd George combining the offices of chancellor and munition minister but this point still remains unsettled.

It is believed that John Redmond is determined to adhere to the tradition of the Irish party not to take office until home rule is in actual operation. It is thought by Liberals that the inclusion of Sir Edward Carson in the cabinet would make it eminently desirable that the Nationalists also should have a member in the government.

Fisher Will Not Have Balfour.

Lord Fisher's resignation as first sea lord seems to be a definite one, he having declined to work with Arthur J. Balfour in the admiralty.

Concerning the question of responsibility for the Dardanelles operations, the Mail this morning declares that Lord Fisher signed and sealed all the documents relating to that undertaking and that th ewar council when it was decided to carry the operations out was under the belief that Lord Fisher approved of this decision. The News says it thinks that if Lord Fisher disapproved of the operations he ought to have protested or resigned at the time they were planned and not have waited until now.

Although it is expected that announcement of at least some of the cabinet appointments will be made tomorrow, there are still so many differences in the allotment of offices that it will be next to impossible to give the complete list until later.

REWARDS CREW OF BRITISH PLUNGER

More Detailed Account of Exploits of E-14 in Sea of Marmosa Is Given.

(By Daily News Leased Wire.)

LONDON, May 24.—A more detailed account has been received by the admiralty of the recent operations in the Dardanelles of the British submarine E14, the crew of which was rewarded several days ago.

The report says that on the passage of the ship into the sea of Marmosa the submarine sank a Turkish gunboat of the Berk Sevit class; in the sea of Marmosa it sank a transport April 29, a gunboat May 3 and a large transport full of troops May 10. May 13 the E14 compelled a small steamer to run aground.

The return journey of the submarine was made May 18.

"The admiral of the Dardanelles fleet," adds the admiralty statement, "says it is impossible to do full justice to this great achievement and that the king's appreciation and reward for this service have throughout the allied fleet given universal satisfaction."

Lieut.-Commander Edward Boyle of the E14 was awarded the Victoria Cross; the distinguished service cross was given Lieut. Edward Stanley and Acting Lieut. Reginald Lawrence and the distinguished service medal to every member of the crew of the submarine.

DESTROY ANOTHER NORSE STEAMER

German Submarine Sinks Minerva and Then Fires Torpedo at Rescue Ship.

(By Daily News Leased Wire.)

NEWCASTLE, England, May 24.—The Norwegian steamer Minerva was sunk by a German submarine on Sunday.

The crew of the steamer was landed here this afternoon by the steamer Iris. The captain of the Iris reports that after he had rescued the crew of the Minerva the submarine sent a torpedo at the Iris, narrowly missing it.

The Minerva was a 2413-ton steamer bound from South Shields for Norway.

AUSTRIAN DESTROYERS AND AIR CRAFT ATTACK ITALIAN COAST

Beaten Off by Warships and Cannonade from Forts. Venice Shelled--Advance Guards on Tyrol and Eastern Frontiers Fire First Shots

ITALY REPLACES BRITAIN AS MOST HATED ENEMY OF GERMANY, WHICH DECLARES WAR

Von Hindenburg Will Be Sent to Command Teuton Armies--Rapid and Heavy Blows Expected to be Struck at Italian Centre--Hope to Block Advance from Venice Province

(By Daily News Leased Wire.)

LONDON, May 24.—Little or no time has been allowed to elapse between the declaration of war and actual fighting between Italy and Austria. Early this morning Austrian aeroplanes, destroyers and torpedo boats descended on the Italian coast of the Adriatic and bombarded towns, including Venice; while in the Tyrol and on the eastern frontier Italian and Austrian advance guards are already in touch and have fired the first shots.

Germany has formally declared war on Italy in support of its ally, Austria.

The plan of campaign has not yet been disclosed, but it is generally believed that attempts to inflict a quick, decisive defeat, or at least one that will discourage the Italians, will be undertaken, largely by the Germans under Field Marshal von Hindenburg.

To Strike at Italian Centre.

It is said that German troops, with heavy guns, aeroplanes and zeppelins, have already passed through the valley of the River Adige in the direction of Verona and that rapid and heavy blows will be delivered almost immediately at the Italian centre. This, the Germans doubtles believe, wil iserve to hold off an Italian advance from the province of Venice, where the flat nature of the country would give the Italians greater chance of success.

Throughout Austria and Germany there is bitter denunciation of Italy, which for the moment has replaced England as the most hated enemy. In the allied countries, on the other hand, Italian intervention is hailed with delight and in the Italians quarters of London and Paris there have been enthusiastic demonstrations and cheering farewells to the Italians leaving for home to join the colors.

Warships Attack Italians.

PARIS, May 24.—An attack by Austrian warships on the eastern coast of Italy, along the Adriatic, is announced in an official statement from the Italian war office, transmitted by the correspondent of the Havas agency to Paris. The statement follows:

"It was foreseen that on the declaration of war offensive actions would occur against our Adriatic coast, with the purpose of seeking moral effect rather than attaining a military purpose. But we were able to prepare for these and render their duration short.

"Small naval units of the enemy, especially destroyers and torpedo boats, fired their guns upon our Adriatic coast, May 24, between 4 and 6 o'clock in the morning. At the same time aeroplanes attempted to attack the arsenal at Venice.

Austrians Driven Off.

"The enemy's ships, after a short cannonade, were forced by our torpedo boats to withdraw. The enemy's aeroplanes were fired upon by our anti-aircraft guns and attacked by our aeroplanes and by a dirigible flying over the Adriatic.

"The aeroplanes attacked Porto Corsini, which replied immediately and obliged the enemy to quickly retire. At Ancona, where the attack was directed especially against the railroad lines with the intention of interrupting communication, slight damage was caused which can be repaired easily.

"At Barletta an attack was made by a scout steamer and destroyers, which were put to flight by one of our ships, which was escorted by torpedo boats. Finally, at Gesi, the enemy's aeroplanes attempted to throw bombs upon the hangars, but without reaching the mark.

"All other news of operations last night has no foundation."

Barletta and Gesia were also attacked, as well as Potenza, Picena and the Tremiti islands, on which shells were dropped.

The bombardment of Ancona lasted two hours.

Skirmishes on Isonoz.

GENEVA, May 25.—A number of armored trains and aeroplanes arrived at Trent today from Innesbruck. The Austrians seem to fear an attack from the Valtellina district, and they are therefore making all preparation for that eventuality. Skirmishes occurred today on the banks of the Isonzo river, which flows into the gulf of Trieste.

An Austrian submarine, probably the Pola, was seen off Venice this morning. Two German ships have been taken to Verona.

The Austrian emperor's proclamation to the people, recalling the victories over Italy, have further inflamed the Italian feeling.

Prince von Bulow, German ambassador, is expected to reach Chiasso at 2:30 o'clock tomorrow morning. The Swiss government has informed the Austrians at the canton of Tycino that the Prussian and Bavarian diplomats at the Vatican will reside at the Episcopalian bishopric at Lugano during the war.

It is reported here that more than 50 Italians living in the Trentino were shot yesterday as spies because the railroad bridge at Meran was blown up.

The Italian troops on the frontier, it is said, will begin their forward movement tonight.

Austrians Pour Toward Frontier.

LUGANO, Switzerland, May 25, via Paris.—Austro-German troops continue to pour toward the frontier from Innisbruck and Mera. The Swiss railroads are greatly overcrowded with Italian refugees and reports reach here that the Italians resident in Austria and Germany are being badly treated.

Italy Glad to Be at War.

ROME, May 24.—The news of the aerial attacks on Italian seaports and the aggression of Austrian warships on the eastern coast of Italy was received in Rome with a sense of relief for the reason that it showed hostilities had been opened by Austria-Hungary.

"It is evident that the Italian people are standing firm and there are many indications of thei discipline and high spirits. Even those who for reasons of principle are opposed to war have asked to be permitted to serve their country in the ranks of the Red Cross.

Battle Op-ns on Frontier.

VIENNA, May 24.—The Austrian war office announced today that fighting had begun along the Italian frontier, where a number of small battles are under way. Italian cavalary has

(Continued on Pege Seven)

ITALY WILL NOT MAKE SEPARATE PEACE

(By Daily News Leased Wire.)

LONDON, May 24.—Italy has given its consent to an agreement already signed by the allied powers not to conclude a separate peace. The signature to a formal document to this effect is imminent.

RUSSIANS CELEBRATE ENTRANCE OF ITALY

(By Daily News Leased Wire.)

PETROGRAD, May 24.—Italy's declaration of war against Austria-Hungary was celebrated here by a big demonstration, men and women marching in procession carrying the flags of the allied nations and singing the national anthems of these countries. The marchers visited in turn the embassies of the allies and the ambassadors and staffs of the embassies came out on the balconies and acknowledged the salutes of the demonstrators.

GERMANS TRY TO STIR UP AFRICANS

Officers, Well Supplied With Money and Gifts for Chiefs Leave for Tripoli

(By Daily News Leased Wire.)

ON THE ITALIAN FRONTIER, via Chiasso, May 25.—The Messagero in Rome today prints a story to the effect that it has been assured that German and Turkish officers already have gone to Tripoli, taking with them money and gifts for the chiefs of the tribes in the interior of these countries. It is hoped by these officers to bring about a great insurrection against Italian rule and force the Italian troops and the loyal population to retire to the west, where they will be under the protection of Italian warships. It is also asserted by the Messagero that the Austrian navy has arranged to send submarines to make torpedo attacks against the Italian coast defenses.

"The prudence and energy of the Libyan government," the paper adds, "will be able to meet the unfortunate situation which the Turkish and German emmissaries daily are trying to make worse.

"Late events must have convinced the government of the necessity, while the great war lasts, to adopt a system of resolute defense around coast towns."

DUKE TO UNVEIL CHAMPLAIN MONUMENT AT OTTAWA

(By Daily News Leased Wire.)

OTTAWA, May 24.—The monument erected on Nepean point at Ottawa at a cost of $30,000 to commemorate the discoveries of Samuel de Champlain, will be unveiled Thursday by the Duke of Connaught.

The monument has been erected at the point where Champlain landed on his first voyage of discovery to the region which now constitutes a portion of the province of Ontario.

TROOP MOVEMENTS FREQUENT IN BRITAIN

Brigades Go on Long Marches and Do Not Know If Bound for Camp or Front

(By Daily News Leased Wire.)

LONDON, May 24.—Spring is witnessing a movement of troops all over England, some leaving for the front and others moving from the towns where they have been billeted to encampments in the open country. But when a battalion is expected to move, not even its officers know its destination. On many of the main highways of England troops may be seen on the march, generally in brigades. Kitchener's army looks as well seasoned and fit for active service as the men already at the front.

To conceal the movement of troops, constant practise marches in full equipment are held and the men do not know whether they are returning to camp until they are actually back there.

Every farewell a soldier takes of family and friends he expects to be his last until he returns from the war. But it may be assumed that the volunteer system has not disappointed Lord Kitchener.

GERMANY DELAYS REPLY TO WILSON

BERLIN, May 24.—Germany's reply to the American note will not be ready for several days. Officials of the foreign office are so occupied with the Italian developments that they have had no time to elaborate on the draft of the note.

It is pointed out that the delay in the publication of the German reply will give an opportunity for public opinion to view the situation more dispassionately.

RUSSIAN ATTACKS PLACE TEUTONS ON DEFENSIVE

(By Daily News Leased Wire.)

LONDON, May 24.—Russia is delivering a strong counter-offensive and has regained some ground along the San river north of Jaroslau.

The most important battle, however, is that which is raging to the southeast of Przemsyl, where the Austrians and Germans are making repeated attacks in an endeavor to break the Russian line and thus relieve the pressure which the Russians are bringing to bear on the Germans who crossed the San.

Fighting also is in progress in Courland, along the eastern Russian frontier and in central Poland, where the Germans have attempted an offensive along the Rawka river. None of these actions apparently has been decisive, although heavy losses have been suffered on both sides. Russia expresses satisfaction with the situation along its front.

Foe in Galicia on Defensive.

PETROGRAD, May 24.—The following official statement was issued tonight:

"In the region of Shavli our troops occupy on a wide front the line of the rivers Visdala, Venta, Dubuysza and Siup. Along the lower Dubysza our front has made great progress toward the west of Siup.

"In Galicia by our counter-attack we have forced the enemy gradually to a defensive on almost the whole front, except in the section near Varkhol, Podolin and Cussakovo, where the enemy May 22 unsuccessfully attempted to attack us. The offensive which we opened May 22 is being pursued on the left bank of the Dneister. It was developed May 23 with great success, despite the enemy's counter-attacks. We captured after a fight the new and old villages of Burtchuze, as well as the villages of Ichinikhuff and Holohove, and part of the village of Ostruve.

"In the course of the day we took 2,200 prisoners, together with 40 officers. We also captured several dozen machine guns and a great quantity of war material.

"In the trans-Dneister there is a lull in the fighting, except between Achechva and Lomnitza, where the enemy during the night of May 23 made fruitless attempts to attack us."

TEUTONS APPEAR GLAD OF CHANCE TO FIGHT ITALY

(By Daily News Leased Wire.)

BERLIN, May 24.—No arrangements have as yet been made for the departure of the Italian ambassador from Germany.

Owing to the Whitsuntide holidays no newspapers were published today and therefore there has been no press comment on Italy's declaration of war.

Street demonstrations took place late last night when the news of Italy's action became known and small crowds paraded the streets and at an early hour this morning the demonstration was still in progress. The paraders attempted to make a demonstration before the Italian embassy but since the incident of Thursday night, when a youth knocked off the ambassador's hat as he was leaving the embassy, the police have taken precautions to forestall untoward incidents and all the approaches to the embassy were closed.

What comment is heard on the situation is not flattering to Italy. The average German declines to take the Italian military menace seriously and seems to consider that Italy's onslaught will merely put off the ultimate victory of the Teutonic allies without rendering victory doubtful.

Despatches received here from Vienna report that big street demonstrations in favor of war with Italy have taken place. The observations of a correspondent of the Associated Press, who spent the most part of the last two months traveling in Austria-Hungary, were that a war against Italy would be highly popular.

The feeling against the Russians in comparison seemingly was not especially bitter. The indications were that the average Austro-Hungarian would be almost willing to forego a victory over Russia for the pleasure of punishing their country's former ally for breaking with it.

ANOTHER GERMAN PLANE THROWS BOMBS ON PARIS

(By Daily News Leased Wire.)

PARIS, May 24.—Another German aeroplane flew over the northern suburbs of Paris this morning and dropped several bombs. Several persons were injured by these projectiles.

GIBSON'S OFFER TO WILLARD A RECORD

New York Promoter Makes Bid of $25,000 to New Champion for 10-Round Bout.

NEW YORK.—Billy Gibson's offer of $25,000 to Champion Jess Willard for a 10-round bout in New York during the summer constitutes a record. No such sum has been guaranteed a boxer for a short distance contest, and unless the new champion proves a better attraction in the circus ring or on the vaudeville stage, he may decide to accept the offer. Even with this Gibson is playing safe, as a 10-round bout between Willard and Coffey at an open air show this summer should attract a $75,000 gate. The choice of an opponent for Jim Coffey for the opening show of the Brighton Beach Sporting club at the Brighton Beach race track, on Memorial Day, Monday, May 31, has narrowed down to three men—Gunboat Smith, Young Weinert and Jim Flynn. The man to get the match will be decided tonight at a meeting between Billy Gibson, who steers Coffey's pugilistic work, and the managers of the club by the sea.

TO SHIP BALL OUTFITS TO SOLDIERS SOON

(By Daily News Leased Wire.)

CHICAGO, May 24.—The gifts of baseballs and other paraphernalia from President Johnson and the clubs of the American league to the Canadian soldiers fighting abroad will be sent to Toronto and thence to London. This was the announcement made today by President Johnson, who said the first shipment will be made in 10 days.

NATIONAL LEAGUE.

CHICAGO WINS BY TERRIFIC HITTING

Defeats Boston, 9-1—All Other National League Games Prevented By Rain.

(By Daily News Leased Wire.)

BOSTON, Mass., May 24.—Terrific hitting by Chicago today gave that team a 9 to 1 victory over Boston.

PLAYERS WHO BAT 400 ARE UNCOMMON

Cobb Says His Accomplishment Will Stand for Great Feat in His Career

The batsman who hits .400 must pound the baseball consistently from mid-April until mid-October. He must carry the thoughts of base hits with him day and night, for if he once permits himself to become careless or discouraged, soon he will drop so low that it virtually will be impossible for him to forge to the front again. Luck aids him, but he cannot depend on good fortune every day for more than six months.

Since 1871, thousands of men have played baseball in the big leagues. And yet, in that stretch of 44 years, we have had only 31 .400 batsmen, less than one a season. Today there are some wonderful batsmen in baseball—Tris Speaker, Eddie Collins, Jake Daubert, Sherman Magee, Frank Baker and others. Not one of these has become a member of "baseball's 400." Even Honus Wagner, the most wonderful player of the age in many respects, has never been nearer to the charmed figures than his .380 mark in 1900.

The man who followed baseball for two or more decades will say that the changes in rules and paraphernalia may have had something to do with the batting prowess of certain men. For instance, in the early days, the pitching distance was 50 feet, and it would appear that it was harder to hit the ball. Then, along about 1911, the cork-cored sphere was placed in the league and that increased the batting—or, at least, the pitchers say it did. But taking the game from every possible angle, it is probably true that it is just as hard to bat .400 today as it was in 1871, and it was just as big a feat in 1871 as it is today. Think not so, fans?

Surely, fans all must agree that the ultra-select set in the American national pastime are the players who have batted .400. Cobb was right when he said his .400 hitting accomplishment was the one that was sure to stand for all time as the great feat in his career on the diamond.—Vancouver World.

WELSH DENIES HE IS DODGING BOUTS

INDIANAPOLIS.—Freddie Welsh, lightweight champion of the world, will fight any boy in the world for the championship if a proper purse is offered. Welsh denies emphatically that he is running away from challengers while picking up 'easy money' around the country in six, eight and ten round bouts.

"They have been throwing it up to me ever since I won the championship," said Welsh, "that I am stalling around over the country picking up easy money, while at the same time afraid to meet other lightweights in title bouts. Willie Ritchie, is especially active in making these accusations. He has been saying in the papers that I am afraid to fight him.

"My answer to this is this: If Ritchie can assure me of a purse of $15,000 I will box him for the championship. That is the purse that I want, and the purse to which I think I am entitled. Ritchie always insisted on that amount when discussing a proposed match with me and now that I have won the championship I think it is only fair that I shall receive the same amount.

"The trouble is none of the boxing promoters at this time are willing to guarantee any such purse. Therefore, why should I take the chance of losing the championship for a small purse when I can make a great deal more money giving six and eight round boxing exhibitions over the country?

GRAND FORKS TAKES HONORS IN SPORTS

At Celebration Wins Baseball and Basketball and Ties Nelson in Football.

GRAND FORKS, B. C., May 24—The Victoria Day celebration at Grand Forks was one of the best attractions ever put on in Kootenay-Boundary. The majority of the sports between Nelson and Grand Forks teams were won by the Grand Forks clubs, who won the baseball and basketball games and drew with the Nelson team in the football game.

In the baseball game Grand Forks was victorious by a score of six to four. Sloan pitched good ball for the winners and retired many of the opposing batters by the strike-out route. Whitehead pitched steady ball for Nelson, but was poorly supported in the field by the rest of the team. Harry Pitts made two sensational catches and was easily the star of the game.

The football game was fast throughout and both teams played good ball, but were unable to penetrate their opponents' defense. The Nelson club played a little better game than the Grand Forks team.

After a fast basketball game Grand Forks emerged victor by 2 points, the final score being 27 to 25. The Grand Forks team took the lead early in the game and led by 14 points at the end of the first half. In the second period Nelson played the locals off their feet, but were unable to overcome the lead gained by the Forks team in the first period.

All those taking in the trip from Nelson expressed themselves well satisfied with the day's outing.

FIRST RULES FOR BASEBALL

American Game Has Now Been in Operation for Period of Seventy Years.

NEW YORK.—An enthusiastic baseball bug arises to suggest that on September 23 of this year the baseball magnates commemorate in some fashion the seventieth anniversary of the adoption of the playing rules which form the basis of the present code of the game. These rules adopted by the Knickerbocker association of New York in 1845, are as follows:

"The bases shall be from home to second base, 45 paces; from first to third base, 42 paces, equidistant.

"The game to consist of 21 counts, or aces (runs), but at the conclusion an equal number of hands (innings for each side) must be played.

"The ball must be pitched, not thrown, for the bat.

"A ball knocked out of the field or outside the range of first or third base is foul.

"Three balls being struck at and missed, and the last one caught is a hand out; if not caught is considered fair and the striker bound to run.

"If a ball be struck or tipped and caught either flying or on the first bounce it is a hand out.

"A player running the bases shall be out if the ball is in the hands of an adversary on the base or if the runner is touch with it before he makes his base; it being understood, however, that in no instance is a ball to be thrown at him.

"A player running who shall prevent an adversary from catching or getting the ball before making his base, is a hand out.

"Three hands out, all out.

"Players must take their strikes in regular turn.

"All disputes and differences relative to the game to be decided by the umpire, from which there is no appeal.

"No ace (score) on base can be made on a foul strike.

"A runner cannot be put out in making one base when a balk is made by the pitcher.

"But one base allowed when a ball bounds out of the field when struck."

Taylor-Cutler Mill Draw.

(By Daily News Leased Wire.)

TORONTO, May 24.—After wrestling for over two hours without a fall, the match between Jack Taylor of Saskatoon and Charlie Cutler was declared a draw tonight.

King Cole who was the mainstay of the Chicago Cubs when they won the pennant in 1910, will never play ball again on account of injuries received in the early part of the season.

O'LEARY-BAYLEY BOUT IS DRAW

(By Daily News Leased Wire.)

NANAIMO, B.C., May 24.—The boxing match here tonight between Johnny O'Leary of Seattle and Joe Bayley of Victoria was declared a draw at the end of the fifteenth round. The decision was unpopular, as O'Leary had the best of nine rounds, four being even.

CANADIAN DRAWS WITH FREDDIE WELSH

Frank C. Fleming Makes Good Showing at Montreal — Goes After Englishman in Later Rounds.

(By Daily News Leased Wire.)

MONTREAL, May 24.—Frank C. Fleming of La Prairie, Que., Canadian lightweight champion, conceded 14 pounds to Freddie Welsh, world's lightweight champion, in a 10-round bout at Sohmer park tonight and made such a good showing that the bout was declared a draw by a majority of the spectators. Roche of New York refereed at Welsh's request. No decisions are given in such exhibitions here.

In the first round the boxers fought carefully, sizing each other up. In the next three the Canadian went after the Englishman aggressively, taking some chances himself. Welsh was busy on the defensive in these three rounds, using his left hand and frequently clinching. From the fourth to the ninth the bout was fast, both showing clever work in defense and at infighting. In footwork there was not much choice between them. The infighting began to tell on Fleming in the eighth and ninth, but in the tenth he came back and outfought the champion. Welsh weighed in at 138 pounds and Fleming weighed 124.

SALMON BELLIES WIN OPENING GAME

Defeat Vancouver 13 to 6—Westminster Veterans Feel Advance of Time Little.

VANCOUVER, B.C., May 24.—The opening game of the British Columbia Lacrosse association season took place today at Queens park, New Westminster and as usual in all games played in the opening of the season the Vancouvers were defeated, the final score being 13 to 6 in favor of New Westminster.

The performance demonstrated how little the Westminster veterans are feeling the advance of time. They were opposed by a team made up of members of the old Vancouver Minto cup squad and of the famous Mann cup team but after the first quarter they forged ahead and only a strong rally by Vancouver in the last quarter saved the defeat from being much heavier.

HOSTILE FEELING KEEPS SCHORR IN THE STATES

LOUISVILLE, Ky.—Because of hostile feeling, he alleges, existing in Canada against Germans due to the European war, John W. Schorr of Memphis, Tenn., has decided not to campaign his string of thoroughbreds on the Canadian tracks this summer, it was learned the other day.

Mr. Schorr won $30,000 in stakes and purses in Canada last year, his David Craig capturing the rich Dorval Derby. The Schorr stable includes, among others, David Craig, Luke McLuke and Leo Charles, said to be three of the best horses in training.

GERMANS SAY BELGIAN CIVILIANS ATTACKED THEM

BERLIN, May 24.—Wireless to Sayville.—Included in the information given today by the overseas news agency is the following:

"The German government has published a white book concerning the warfare of the civilian population of Belgium, hostilities which included the shooting of troops, the throwing of boiling water, mangling of wounded, and the assassination of officers in their quarters at night. The time of these occurrences and the names of witnesses are given. All classes of the population, including clergymen, women and children, participated in this aggression. The signal for the beginning of these attacks was given by church bells.

"The white book declares that the Belgian official report on the so-called German atrocities is untrustworthy because the government of Belgium was unable to examine the evidence."

COOK IN A COOL KITCHEN

DON'T swelter over a hot range this summer. The NEW PERFECTION Oil Cookstove keeps your kitchen cool and clean and does away with all the ash-pan, coal-hod drudgery of the coal range.

IA

GREATEST WIRELESS STATIONS AT PANAMA

It is expected that the United States radio station in the Panama canal zone will soon be in operation. Its three great towers, each 600 feet in height, and its machinery, capable of producing 100-kilowatt power, are receiving finishing touches. Exactly what the radius of this plant may be cannot be determined until it is regularly placed in commission, but an idea of its capacity may be obtained from a few comparisons. For example: it is four times as powerful as the Arlington, Va., government plant, which is equal in capacity to the German installation at Hanover from which messages are constantly received at Sayville, L. I. The Arlington radio station has been able to send messages a distance of 3,400 miles. It is not now claimed that the Panama station will have a range four times as great as the Arlington but, on the other hand, its range, when fully tested, may prove to be even greater than this.

There are, in the chain of United States government radio sations, five great plants through which the navy department in Washington will, it is expected, be able to keep in touch with every warship afloat on the Atlantic and Pacific oceans. Vessels in the South Pacific, in the straits of Magellan, in the South Atlantic, in Asiatic and European waters, along the shores of Alaska, in the ports of China and Japan, in the harbors of Manilla and San Juan, will, it is believed, always be within a few minutes' communication with the capital, always within reach of the secretary of the navy.

The Panama station is much the largest of the five, but the last congress appropriated $1,500,000 for the extension and improvement of the stations at Arlington, San Diego, Honolulu and Manilla, and it is quite probable that all of these will soon be brought up in size and equipment to the Panama standard. It is possible that the station at Guam may be dispensed with, as there is reason to believe that constant communication with Manilla can be maintained directly through the station at Honolulu. Many smaller stations are planned and some are under construction. These will be located at convenient points along the coasts of the country at distances about 200 miles apart. The Alaska system is already well developed. What is intended, of course, is the perfection of a system that will cover every point of military and naval importance, so that, in a sense, the government at Washington will have an immediate grasp on its interests not only within its own borders but over the entire globe.

It is to be hoped that the United States will find this wonderful system of communication more useful through all the future in promoting peace on earth than in carrying out plans of the movement of its army and navy in time of war.

BIG LUMBER ORDER FROM GOVERNMENT

Department of Railways and Canals Places Contract in British Columbia for 1,500,000 Feet

What is considered to be the initial shipment of a big order for British Columbia lumber to be utilized for government work in connection with the construction of the Hudson's Bay railway terminals at Port Nelson, has just been placed by the Dominion department of railways and canals. According to a despatch from Halifax, the British steamer Durley Chine, 1,157 net tons, Capt. Davies, left the Nova Scotian port early this month, bound for the Fraser River to load a cargo of 1,500,000 feet of lumber for the Hudson's bay port. The Durley Chine is coming out to this coast via the Panama canal and is scheduled to arrive early in June.

It cannot be ascertained whether the freighter is making her way to this coast in ballast, or is bringing cargo, says the Victoria Colonist. There is a possibility that she may have aboard a cargo of steel, as she was recently reported at Cape Breton ports, from where large shipments of steel rails have been sent to British Columbia in the past.

The big lumber shipment to be loaded by the Durley Chine out here will consist almost wholly of fir and will be made up of bridge material, railway ties and heavy timbers. The Dominion government is expending large appropriations on the new railway and steamer terminals to be built at Port Nelson, which is the terminus of the Hudson's bay line. Many thousand feet of timber will be required for this great undertaking and the fact that the first large order has been given to a British Columbia concern, indicates that further orders of a similar character will be placed on this side of the continent in the near future.

As the Hudson's bay is open for deep-sea traffic during the summer months, it is probable that the cargo to be taken to the Atlantic side by the Durley Chine will be delivered direct to its ultimate destination, instead of being trans-shipped at Montreal.

WATER NOTICE.

Diversion and Use.

Take notice that T. A. Bean, whose address is Proctor, B.C., will apply for a license to take and use 4-acre feet irrigation, 50 gallons domestic of water out of Spring, also known as Unknown which flows westerly and drains into Gulch and sinks, about 360 feet from S.W. corner post of parcel "C" of Sublot 1 of Lot 309. The water will be diverted from the spring at a point about 360 feet from Southwest corner post of parcel "C" of sublot 1 of lot 309 and will be used for irrigation and domestic purpos upon the land described as Part (4 83-100 acres) of Part 16 53-100 acres) of Lot 309, Group I. This notice was posted on the ground on the 27th day of April, 1915. A copy of this notice and an application pursuant thereto and to the Water Act, 1914," will be field in the office of the Water Recorder at Nelson, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C. within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is May 3, 1915.

T. A. BEAN, Applicant.

TUESDAY, MAY 25, 1915

GERMAN RESERVES WILL SOON BE WIPED OUT.

The French government, basing its figures on published casualty lists, places the average German losses up to January 1 at 260,000 men per month, exclusive of those who are able to return to the ranks.

On January 1 German reserves available for service during 1915 totaled 2,100,000. If the losses from the beginning of the year to the end of this month average 260,000 per month, and there is no reason to suppose that they are any lower than during the first five months of the war, about 1,300,000 of the available reserves have already been sent to the firing line. The number of men available on June 1 to replace the wastage in the German armies will therefore be about 800,000. In less than four months this reserve will be wiped out and Germany will be unable to maintain its armies at full strength.

Assuming that relatively small German forces will be sent against Italy the allies, if they continue a war of attrition, may therefore expect to find the enemy at the end of this summer compelled to concentrate his steadily diminishing armies in a shorter line in order to maintain them as an effective defending power. That would involve an entirely new disposition of the German troops or an exposure of one or more flanks to attack by the allies.

Most of the signs point to such a condition arising considerably earlier than the end of the summer.

ITALY REALIZES SIGNIFICA ICE OF THE STRUGGLE.

The announcement that Italy will sign an agreement with the triple entente binding itself not to conclude a separate peace will set at rest any apprehensions which may have been felt that the government at Rome might cease military activity directly it had attained its primary object of occupying certain of the Austrian provinces on the Adriatic.

Such an agreement should serve the purpose of preventing Austria, when the Russian invasion commences in earnest, from giving up the territory which Italy demands in consideration of an Italian promise to cease military activity. If such an offer were made from Vienna at the conclusion of several months of fighting Italy might, if bound by no agreement with the triple entente, be tempted to relinquish possibilities of broader national influence in other spheres in order to make sure of the Adriatic provinces and to end hostilities.

The cabinet at Rome has shown a statesmanlike grasp of the real significance of the struggle in which it has joined the allies and of probable future developments by definitely binding itself to fight until the Germanic allies have been finally crushed.

CONVOYED MERCHANT SHIP IS OPEN TO ATTACK.

The British admiralty has been blamed for having failed to provide a convoy for the Lusitania. Critics who take this view seem to lose sight of two important considerations. Certain protection against submarines can only be given by a strong convoy of warships and a convoyed ship under naval law is open to attack.

Obviously it is impossible for the British admiralty to provide a flotilla of destroyers or a squadron of cruisers as convoy for every passenger vessel in the submarine zone. To employ weak convoys would simply make passenger ships legitimate prey of the sea and at the same time give wholly inadequate protection against a well manœuvered submarine attack.

HIGH PRICE OF ZINC ADDS TO IMPORTANCE OF CHANGE.

Although the unstable condition of the spelter market prevents mine-owners from realizing the maximum quotations, zinc ore and concentrate shippers are obtaining unusually high returns, which makes the permission to export to the United States, a modification in the embargo order which was brought about by representations made to the Dominion government through R. F. Green, M.P., of more than ordinary importance.

The London Mining Journal, in an article on the zinc situation speaks of the record prices which are being paid for the metal. Data for the past century shows that the price in London of £66 was practically 50 per cent above the previous high record. The London paper declares that the high price is due not to insufficient ore to meet the consumption, but to inadequate capacity for treatment. It attributes the heavier demand to a realization in the United States that consumption was higher than had been anticipated, to the large consumption for war purposes and to the shutting off of supplies from Belgium.

Germany's new prayer: "God punish Italy."

Germany by sending Von Hindenburg, the most successful of its generals, against Italy pays a compliment to King Emmanuel's army.

If every recruit in the 54th battalion made it his business to get one other man to enlist the Kootenay and Boundary regiment would soon be brought to full strength.

The young man who waits until the last minute to join the Kootenay and Boundary battalion may find the ranks filled when he offers to take the oath. Don't procrastinate.

Chalked on the sides of one railway car which transported Canadian troops through France to the battle-front were the words, "From Berlin, Ont., to Berlin, Germany."

An increase of 41 in the number of recruits for the 54th battalion since Saturday is good, considering that two holidays have intervened. But a greater daily average is required to bring the battalion to strength by June 6.

By expressing strong opposition to a suggestion that the government may assist in the establishment of a copper and zinc refinery in British Columbia Hon. Frank Oliver's paper, the Edmonton Bulletin, remains true to the ex-minister's well-known antagonism to the interests and prosperity of this province.

The president of the tiny republic of Andorra, in the Pyrannees, who receives a salary of $15 a year, has asked for a 10 per cent increase. It really is terrible the way the cost of living is rising in Europe since the war broke out.

American papers are asking if United States citizens are justified in governing their conduct on the warning of the German admiralty that neutral lives will not be safe in the "war zone" or the warning of President Wilson that American citizens and American property must not be attacked.

WHAT THE PRESS IS SAYING.

One Important Phase.

It is fortunate that one neutral nation, powerful and influential as the United States, can remain in contact with the German government and force it to observe several, at least, of the international conventions concerning prisoners of war and the civil subjects of the allies who are forced to remain in German territory.—Le Canada.

Doing Good Work.

Sir Richard McBride's visit to England has already proved highly profitable to the province. The premier has been able to secure for the province the great advantage to be derived from the placing of all future admiralty contracts for western lumber with British Columbia saw mills, a change from the old order of things which will be the means of giving employment to many people and materially assist in bringing about an improvement in business conditions.—Revelstoke Mail-Herald.

French-Canadians True Patriots.

While the French-Canadians are very appreciative of the compliments that are being addressed to them, they know their duty and will do it without occupying themselves very much with the opinion of others. By the side of their English-speaking fellow citizens, our compatriots will fight bravely for the sacred cause of liberty, right and justice. They voluntarily bear their share in the defense of the British empire. They will do what they ought to do, and each time the authorities demand more recruits our people will reply "Present!"—La Patrie.

COLD STORAGE.

Music Teacher—What is your impression of harmony?

Smart Student—A freckle-faced girl in a polka-dot dress leading a coach dog.

Hostess—I sometimes wonder, Mr. Highbrow if there is anything vainer than authors about the things you write?

Highbrow—There is, madam; our efforts to sell them.

"I understand his marriage was a failure."

"Yes, he tried to run it the way he ran his business."

"How do you mean?"

"He was never in his office."

"Here's a painting full of spirit."

"Can't take it. I want something for a temperance home. Give me something in water colors."

A woman who had engaged a new servant felt that she had at last secured the proverbial treasure, for the girl seemed to have a due appreciation of her beautiful home.

"So you prefer to work in fine houses?" she remarked.

"Shure, mum," replied the girl. "It's a pleasure to hev nuthin' but ixpinsive dishes to break."

STEAMER ARRIVALS.

At New York—United States, Copenhagen.

At Liverpool—St. Louis, New York; Cymric, New York.

At Genoa—Regina d'Italia, New York.

At Leghorn—Italia, New York.

RED CROSS NOTES.

The Canadian Red Cross society is urgently in need of funds. An appeal has been sent out by Noel Marshall, chairman of the general executive committee, asking that small monthly payments should be paid in to the local branches. If every householder in the Dominion were to pay five cents a month regularly it is estimated that sufficient funds would be raised to meet all requirements.

The society acknowledges the following donations: Seven and a half dozen surgical dressings, Mrs. Sutherland and Miss May; four pairs of socks, Mrs. Morey; two pairs socks, Mrs. Bradley; two pairs socks and old linen, Mrs. Wasson; two pairs socks, two pillow clips, one cushion pad and pieces of sheeting, Mrs. Budd, Queen's Bay, two pairs socks and sheeting, Mrs. Foster, Queen's Bay; three pairs socks, two grey bandages and old linen, Mrs. Fowler, Riondel; $5 Capt. Anderson; one pair socks, Mrs. G. Anderson; one pair socks, Mrs. Rust; one pair socks, Mrs. Seely; 30 pairs socks and $2.40, Willow Point Women's institute; one pair socks and old linen, Mrs. J. Benson; four pairs socks, Mrs. William Goodwin; two pairs socks, Mrs. Gigot; old linen, Miss Stock; two pairs socks, Mrs. J. P. Forde; two pairs socks, the Misses Armstrong; seven pairs socks and $3, Miss Smith; one pair socks and $1, Mrs. R. Allen; two pairs socks, Mrs. Donaldson; six pairs socks, Miss M. Donaldson; two pairs socks, Mrs. Toye; three pairs socks, Mrs. Oliver; two pairs socks, Miss Blackie; six pairs socks, Miss Sheppard; six pairs socks, 500 mouth-wipes and old linen, Mrs. P. Williams; two pairs socks, Mrs. J. Fraser; old linen, Mrs. Gibbs.

AERIAL TORPEDOES

New Weapon Employed by the Germans

The Germans outside Ossowiecz are trying air torpedoes as a means of destroying the reinforced concrete forts. The torpedoes are a substitute for the "thick Bertha" shells and for the shells from the Austrian 12-inch mortars which have done no damage worth mentioning.

The air torpedoes are small dirigible balloons. They carry no crew and are propelled by a compressed air motor. They can travel several miles. The charge consists of about 50 lbs. of gun cotton in a thin cylinder, which is released automatically after the torpedo has travelled a certain distance. The lower end of the cylinder is cone-shaped. Further details of construction are not known.

Two aerial torpedoes have been fired. Both covered the full range to the fortress but neither did any harm to forts or buildings. The first fell 200 yards outside a fort into marshy ground, made a violent explosion and sent up a funnel-shaped spout of mud.

The second torpedo was deflected by a gust of wind. It fell on the Lyck road and stunned a road repairer, who was 50 yards away. The small airships which carried the bombs rose into the air and disappeared.

Professor Wiser—Does that mysterious reptile, the joint snake, really exist?

Van Bibbler—Yea. Its habitat is any prohibition state.

VANCOUVER, B.C.

THE PRO-GERMAN GENERAL PEARSON

A certain General Pearson has brought suit in the state of Wisconsin, the end and aim of which is to enjoin the Allis-Chalmers company, under a Wisconsin law from manufacturing shells for the British government, says Frank Foster in the Vancouver World. He claims to be an American citizen, holding securities and valuable property in Germany and declares that the object of his suit is to shorten the war. Selling munitions to belligerents on the part of a neutral power appears to General Pearson as an act of the immoral type and character "of the ghouls, grave diggers and camp-followers familiar to the Civil War of the United States."

The general, however little of a general he may be in the field (of which more anon) is too general in his statements. He means, of course, the selling of munitions to enemies of Germany. For Germany herself sold shells to the Balkan powers during the late war, to armed bandits in Mexico and even, it is said to Great Britain during the war in South Africa. As a matter of fact, she has made a specialty of selling war materials for the last 30 or 40 years and, without doubt, would be buying shrapnel herself in the United States if she could obtain delivery of the goods. She is buying and is smuggling into Germany, as far as she is able, raw material in the shape of copper and cotton.

Really these German sympathizers should get together and formulate some plan of action whereby they would avoid contradicting each other. For Dr. Dernburg has explained that "the German government has never protested against the shipment of arms and munitions of war by the United States" merely pointing out the unfairness of permitting foodstuffs to Germany to be held by Britain while arms to the allies went unmolested; as if the United States had a contract to guarantee war risks. Dr. Dernburg is, however, new to the business and blunders perhaps no more clumsily than any other German diplomat would.

General Samuel Pearson, it will be remembered is somewhat experenced in dirty work of this class. During the South African war he played the part of a sort of self-constituted delegate of the Boer republic, his headquarters being in New Orleans and his mission to interfere with the shipment of mules to the British in South Africa. Matters became lively when a bomb was exploded against one of the Leyland liners, loading mules; the British consul with more promptitude than prudence, instantly accused General Pearson of having engineered the feat. The latter brought suit for libel, but abandoned it, and the city, rather suddenly, being unable to give anything more than a very hazy account of what he had done with some funds entrusted to him. Since then he has not been in the public eye until utilized by the German agents for the purpose above referred to. It would really seem, though, that they could have raised some less notorious, out-at-elbows, hyphenated American for the purpose than such a disreputable chevalier d'industrie as General Pearson, whose military title is rather a laughing stock. At the time of the escapade mentioned it was questioned whether he had ever even seen active service. Still, from the German point of view, this may not matter.

NOTICE OF ASSIGNMENT.

Under "Creditors' Trust Deeds Act" and Amending Acts.

Notice is hereby given that by assignment dated May 13th, 1915 in pursuance of the "Creditors' Trust Deeds Act" and amending acts, Nelson Murphy of the City of Nelson, British Columbia, Merchant, granted and assigned to Edward Herbert Smith of the city of Nelson, British Columbia, agent, all the real and personal property, credits and effects of him the said Nelson Murphy which may be seized or sold or attached under execution or the Execution Act, or attachment upon the Trusts therein described for the benefit of the creditors of the said Nelson Murphy.

And notice is further given that a meeting of the creditors will be held at the office of the Assignee at 411 Josephine street, Nelson, British Columbia on Wednesday, the 26th day of May, A.D., 1915 at three o'clock the afternoon for the giving of directions with reference to the disposal of the estate.

E. H. SMITH, Assignee.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sug-agent of the district of which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of sections and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applies for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent of Sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.— Unauthorized publication of this advertisement will not be paid for.

POUND DISTRICT ACT, 1912, CHAP. 1 AND AMENDMENTS.

Pursuant to the provisions of Sections 11 and 12 of the above act, notice is hereby given of the resignation of Mr. G. B. Hollington, Poundkeeper and of the appointment of Mr. Stephen Pelling of Nelson, as Poundkeeper of the pound established in the Rosemont addition to the City of Nelson.

W. J. BOWSER,
Minister of Finance and Agriculture.

HONORS DIVIDED IN TRAIL SPORTS

Rossland Wins Football Match But Loses to Trail in Baseball—Children's Sports

TRAIL, B. C., May 24.—Wet weather did not bring disaster to arrangements for the celebration here today and sports of various sorts were held during the day. On Bay avenue in the morning a series of children's sporting events were held. Many competed.

Baseball and football games were played in the afternoon. Rossland won from the home team in football by 3 to 2 goals but in baseball was defeated 9 to 5.

Taken throughout the event was quite a success. Visitors from Nelson, Rossland and other places were present.

Kootenay and Boundary

TRAIL RECRUITING MEETING TONIGHT

Large Crowd Expected at Fair Meeting—Twenty-Nine Have Enlisted —Mining Students Visit City

(Special to The Daily News.)

TRAIL, B. C., May 24.—Up to the end of last week 29 Trail men had been successful in passing the medical examination and accepted for service with the 54th battalion.

The Trail Rifle association is making great efforts to ensure Tuesday evening's recruiting meeting being a success. It was thought that the Star theatre would hardly be large enough to hold all those who would wish to be present, so the committee is arranging to hold the meeting in the fair building, which has ample accommodation. The citizens here are preparing to give the recruits now at Rossland and who will be present at this meeting a cordial welcome.

Professors Francis A. Thompson and F. M. Hardy, with four students, T. C. Peckett, G. H. Forrest, Edgar H. Schunerman and V. Monoglin, from the state college, Pullman, Wash., are on a tour of British Columbia, visiting the various mining centres and are now in this city, having come down from Rossland.

Arthur Ryde, who enlisted from here recently and is now in training at Rossland, was a visitor in the city today.

J. Humphreys, Charles W. Finch and A. W. L. R. Stewart of Rossland were visitors to Trail today.

PERRY SIDING SCHOOL OBSERVES EMPIRE DAY

PERRY SIDING, B. C., May 24.—On Friday afternoon the pupils of Perry Siding school held their Empire day celebration and school sports. Fine weather favored the meeting and there was a large attendance of pupils, parents and friends.

The proceedings opened with the singing of "The Red, White and Blue," which was very well rendered by the senior girls, while Anna Turnbull played the accompaniment. The small boys recited John Oxenham's poem, "What can a little chap do for his country and for you?"

E. W. Dawney gave an address on "Some Lessons from the Great War." Miss Lavinia Dawney's singing of "Tipperary" was greatly appreciated and after the singing of the National Anthem an adjournment was made to the school grounds, where a varied and attractive program of sports was carried out, the sack races and egg-and-spoon races being productive of great merriment. Following were the prize winners:

50 yards flat race for primary girls—1, Flossie Cummings; 2, Katie Zuccolo.

50 yards flat race for primery boys—1, David Ewing; 2, John Zuccolo.

50 yards flat race for intermediate girls—1, Bessie Millar; 2, Olga Jacobson.

100 yards race for senior girls—1, Freda Dawney; 2, Clara Graham.

100 yards flat race for senior boys—1, Alec Ewing; 2, Gust Carlson.

Three-legged race—1, A. Ewing and G. Carlson; 2, B. Millar and E. Graham.

Thread and needle race for boys—1, A. Ewing; 2, R. Kennedy.

Egg-and-spoon race — 1, Freda Dawney, B. Millar; 2, C. Graham, R. Dawney.

Sack race for seniors—1, F. Dawney, A. Ewing; 2, Mary Zuccolo, G. Carlson.

Sack race for juniors—1, Dan Ewing, B. Millar; 2, B. Dawney, R. Dawney.

High jump, seniors—1, A. Ewing; 2, G. Carlson.

High jump, juniors—H. Avis and D. Ewing, equal.

Skipping—1, F. Dawney; 2, B. Millar; 3, D. Ewing.

Tug-of-war—R. Kennedy's team.

After the sports refreshments were served and the prizes were distributed by Mrs. E. W. Dawney.

Comedian—While Ravenyelp was traveling in Italy, he thought it would be a great press agent stunt to get himself captured by bandits and held for ransom.

Soubret—How did the scheme work?

Comedian—Robberts captured him all right, but when they found he was an actor, they made him work for his board.

ANOTHER FERNIE MAN AMONG KILLED

R. F. Herring Dead at Front—Kenneth C. Corsan Enlists in 54th—Jury Finds Crossing Dangerous

(Special to The Daily News.)

FERNIE, B. C., May 24.—Another casualty in Fernie's first contingent was reported on Saturday when word was received that Reginald Frank Herring had been killed in action while serving with the 13th battalion. Frank Herring was one of the youngest of those who enlisted and left here last August. He was 20 years of age. At the time he enlisted he was employed by the Great Northern railway company as cashier in its local office.

Kenneth C. Corsan, son of Dr. and Mrs. Corsan, who is collector of inland revenue for this district, has been granted leave of absence in order that he may join the 54th Kootenay and Boundary battalion. Kenneth is the second son of Dr. and Mrs. Corsan who has enlisted. Thomas, the eldest son, having been attached to the 88th regiment of Victoria, is now in active service at the front. Harvey Brown of this city has been appointed collector of inland revenue during Mr. Corsan's absence.

The coroner's jury empaneled to inquire into the death of Mike Brinco, a Russian section-hand who died from injuries received in an accident on Friday afternoon, investigated the matter Saturday afternoon and examined the scene of the accident. Ten witnesses were examined and from the evidence adduced it was not clearly brought out just how deceased fell under the gasoline speeder upon which he was riding home from work accompanied by eight other section men, but this is accounted for by their attention being drawn elsewhere at the time It appears that when the speeder was within a few feet of Hand avenue in West Fernie, a little girl stepped out on the track and although every effort was made to stop the car this could not be done before she was struck, but she was hurled to the outside of the rail and escaped with a few minor bruises. All the occupants of the speeder at this time were interested in what had happened to the child and the brakes were being applied continually from the time she was seen to step on the track, but as the speed originally was estimated ot 15 miles an hour, the momentum was still great at the point where Brinco fell off, this being approximately 60 feet from where the child was struck. As soon as it came in contact with Brinco's body a derailment occurred and the other occupants were hurled down the steep embankment on either side of the track. All escaped without serious injury.

The girl when she stepped upon the track had been playing with other small children upon a newly constructed level pedestrian crossing and it was on this type of crossing that the jury centered its attention. After having viewed the scene and obtained measurements from witnesses it embodied alternative recommendations in the verdict and condemned the newly constructed crossing as being unsafe for pedestrian traffic.

The following is the complete verdict returned by the jury:

"Mike Brinco met his death at 5:40 on the afternoon of the 21st day of May, 1915, by falling off a gasoline speeder and being run over by same on the Great Northern railway crossing at Hand avenue, West Fernie.

"We believe that death was due to internal injuries, a broken arm and broken ribs. Deceased came to his death accidentally.

"We do not hold the railway company responsible for this accident, but we believe from the evidence produced the present crossing is dangerous and would recommend that either a subway be constructed or the sidewalk be carried under the trestle beside the present roadway."

The verdict is signed by: J. L. Gates, foreman; James Woods, Thomas Slater, Joseph Goupill, Matthew McMahon and J. Rewers.

Weary Wiggins—I see by de paper here dat dere is $260,000,000 railroad bonds in default.

Flowery Fields—Sure! Dat's where dey keep 'em.—In de vault.

KASLO CELEBRATES VICTORIA DAY

Sports of Several Kinds, Dancing and Some Good Fishing Enjoyed—Many Visitors.

(Special to The Daily News.)

KASLO, B. C., May 24.—Nelson visitors and others from points on the Slocan came to this place today in numbers to watch and participate in the celebration of Victoria Day. Beside the excellent sporting events people took advantage of the fishing. Two Nelson fishermen took seven salmon trout weighing between 10 and 14 pounds.

Harry Bishop refereed the baseball game. The uptown team won from the downtown team. In the footraces Harry Abey won the 220 yards and Gladstone Wood came second; George Cose won the three-mile marathon and Alden Peters finished second.

In the evening a patriotic dance was held in the armory in aid of the Red Cross fund. The Slocan train left at 1 o'clock at night.

YMIR PEOPLE ENJOY EMPIRE DAY SPORTS

(Special to The Daily News.)

YMIR, B. C., May 24.—The Dominion day sports that were arranged by the citizens for the children were very much enjoyed by all, including outsiders. The morning gave little promise of a good day, but later it cleared up and until 11:30 was ideal weather. Rains interfered somewhat in the afternoon and although frequent showers were in evidence, the program was carried to a finish without a hitch. A list of the various sports with the winners follows:

Relay race, boys vs. girls—Won by girls.

Children under six—Leslie Turner, 1; Mabel Bamford, 2.

Girls' race, under 10—Jessie Grobe, 1; Helen Washburn, 2.

Boys' race, under 10—Jimmy Gille, 1; L. Turner, 2; A. Burgess, 3.

Girls' hurdle race, 75 yards—Isabel McLeod, 1; Anna McLeod, 2; Edith Grobe, 3.

Boys' hurdle race—E. Gille, 1; G. Washburn, 2; C. McIsaac, 3.

Girls' race, under 12—Edith Grobe, 1; Gladys Gille, 2; Jasamine O'Neill, 3.

Boys' race, under 12—G. McEachern, 1; A. McIsaac, 2; J. Turner, 3.

Girls' race, under 14—Anna McEachern, 1; Edith Grobe, 2; Gladys Gille, 3.

Boys' race, under 14—Everett Gille, 1; J. Bamford, 2; A. McIsaac, 3.

Boys' race, under 16—E. Gills, 1; J. Bamford, 2; J. Turner, 3.

Girls' race, under 16—Isabel McLeod, 1; Annie McLeod, 2; E. Grobe, 3.

Girls under 16, running broad jump—Isabel McLeod, 1; Annie McLeod, 2.

Girls under 14, running broad jump—Annie McLeod, 1; Maud Stewart, 2.

Sack race, open to all girls—Isabel McLeod.

Girls under 12, three-legged race—Edith Grobe and A. McLeod.

Girls under 16, three-legged race—Isabel McLeod and Maud Stewart.

Boys under 16, three-legged race—Gordon McEachern and Pete O'Neill.

In a baseball game, boys vs. girls, both sides put up a good game. The girls worked especially hard but the boys were too strong for them and the game resulted 5 to 2 in their favor. Miss Isabel McLeod, the star player of the girls, hurt her knee early in the first inning or the result might have been different. She pluckily held her place throughout the game but was badly handicapped.

A fancy dress ball was held tonight.

Dainty Muslin Underwear

For the Woman Who Is Particular

A Splendid Showing at Low Prices

There's a difference in Muslin Underwear. There are the cheap "skimped" unsatisfactory sorts, and the kind WE CARRY. Pick up any garment from our tables, note its fresh, crisp, inviting appearance, full generous lengths and proper widths; the staunch muslins, cambrics, nainsooks, etc., and the dainty embroidery and careful making, etc. We are even more careful in OUR BUYING than you are in YOUR BUYING.

Recent shipments have swelled our assortments to unusually large proportions. Our stock of correct covers, gowns, drawers, princess slips and combinations offers better selection right now than it will later on. Why not choose your season's supply today?

Items below show how small prices are for such Muslin Underwear as we've described above:

Ladies' Drawers
Fine Crepe or Cotton, Lace or Embroidery Trimmed, from 45c to $5.00 per pair.

Ladies' Corset Covers
Fine Nainsook, Lace or Embroidery Trimmed, 35c to $1.75 each.

Ladies' Gowns
Fine Nainsook, some Lace Trimmed, other Hand Embroidered, from 75c to $5.00 each.

Muslin Underskirts and Combinations
Good Cotton or Crepe, Lace or Embroidery Trimmed, at $1.00 to $5.00 each.

Mutz **Fernie**

The Artist's Name

When an artist signs his pictures he does so becaus e he is proud of his work.

The fact that it is to hand his name down to posterity is an incentive for him to do his best.

It is with this same feeling of pride that a merchant advertises his name or a manufacturer makes known his trade mark.

The very advertisement testifies not only to faith but to the fact that the advertisers are not afraid to put that faith to the test.

Their only reward can come through their ability to make good.

The man or business that advertises is the safe business to trade with.

THEY SAID SO ONCE

Canadian Soldier: "Ask your bunch, Sir Wilfrid, if they still think me a drunken loafer."

WAR SPECIALTIES FAIL TO HOLD GAIN

Wall Street Opinion of Effect of Italy's Action Appears to be Divided.

(By Daily News Leased Wire.)

NEW YORK, May 24.—War developments and war specialties were almost the sole factor of today's stock market, the industrial issues and Canadians being largely ignored. Italy's entry into the war and Germany's prompt espousal of its ally's cause, while exciting news gave rise to diverse opinions regarding the duration of the struggle and its further effect on the material interests of this country.

Trading at the outset gave promise of a continuance of the enthusiasm which characterized last week's dealings. War specialties came to the front with gains of 1 to 3 points and less known stocks joined in the rise. Profit taking and more steady reflection of the foreign situation caused the speculative element to abstain from fresh commitments and provoked a selling movement before midday, war stocks falling 3 to 9 points, with Bethlehem Steel as the chief element of weakness.

In the final hour there were gradual recoveries which lifted the list to a slight advance of last week's final prices.

Domestic news was favorable in the main, including more equipment orders and better business prospects in the west and southwest. Crop reports, however, were again conflicting.

Bonds showed some irregularity, due to selling of certain speculative issues. Total sales, par value, $1,465,000. United States bonds unchanged on call.

METALS.

Lead at New York.

NEW YORK, May 24.—Lead, quiet, 4.17 at 4.22; spelter, not quoted. At London: Holiday.

CORK PROVINCE AND UNITED METALS INCORPORATED

In its current issue the British Columbia Gazette publishes the incorporation notice of the Cork-Province Mines, Limited (non-personal liability), as a limited company with a capital of $1,000,000 divided into 10,000,000 shares. Its head office is at Kaslo.

The objects of concern are "to carry on the business of a mining, smelting and refining company in all or any of its branches."

In the same issue a similar notice for United Metals, Limited (non-personal liability), is published. The head office is at Anyox and the company is incorporated with a capital of $10,000, divided into the same number of shares.

BLOWN TO PIECES IN ACTION, FATE OF SUBMARINE U-29

Mystery of Disappearance of German Famous Undersea Boat Explained for First Time

PARIS.—The German submarine U-29, commanded by Commander Otto Weddingen, was the most famous of the German submarines. In fact, so famous that since its disappearance the German government has ordered that torpedoes hereafter shall be called "Weddingens," in honor of the commander of this submarine.

The U-29 was the submarine which torpedoed six steamers within two days. It was the submarine which torpedoed the British cruisers Aboukr, Cressy and Hogue, all on the same day, with a loss of nearly 1500 lives.

Considered It Lost.

In the latter part of March the British admiralty announced that it had good reason to believe that the German submarine U-29 had been lost with all hands. Later the German government announced that as this submarine had not returned to its home port, and as the British admiralty announced that it had good reason to believe it had been sunk with all hands, the German government considered it as lost.

Since then there has been considerable speculation as to what has become of this famous boat and its crew.

One tale was that it had gotten into Portsmouth harbor and had been destroyed there. Various other tales have been told.

Fleet Sees It.

What happened was that a short while ago the British battle fleet was cruising in two parallel columns, the Iron Duke, the flagship of Admiral *Jellicoe, leading one, and the original* Dreadnought leading the other. There was a line of destroyers well to the front.

The U-29 suddenly appeared on the flank of the column nearest the Iron Duke. It had evidently seen the fleet from a distance and dived before the destroyers could see it, coming up again near the fleet proper. It fired a torpedo apparently at the Iron Duke. This torpedo passed just in front of the Iron Duke and just in rear of the *Dreadnought in the second column.*

Fires Second Torpedo.

It then fired a second torpedo which passed just in the rear of the Iron Duke and just in the rear of the second ship of the other column.

One of the most difficults things with a submarine is to keep it under water. In other words, their buoyancy is such that unless overcome by additional weight they obey their natural tendency to come to the surface and float there.

As a consequence when submerged if there is any sudden loss of weight and it is not compensated for, the vessel immediately rises to the surface. For this reason every time a torpedo is fired the loss of weight has to be compensated for by pumping water into tanks provided for this purpose.

Shattered by Shell.

When the U-29 fired its second torpedo something apparently went wrong and sufficient water was not taken in to compensate for the loss of weight caused by the discharge of the torpedo, with the result that it bobbed up to the surface. As it did so a 12-inch shell fired from the Dreadnought *across the bows of the Iron Duke* struck it with the inevitable result that it was practically blown to pieces

Thus Capt. Weddingen and his crew died in action in the face of their enemy.

"Our community thinks your railroad oughter to furnish a couple more trains per day. We're going to take the matter to the legislature, too."

"But very few people in your community ever travel."

"Maybe not. But we all like to see the cars go by."

"Count Your Blessings"

WOULD you be willing to go back to the standards of living that prevailed in 1812?

In spite of all the praise of "the good old days," would you be content to give up the many conveniences we have gained in the past century?

Former generations knew nothing of the luxuries of modern travel with its observation cars, individual lights in Pullman berths, phonograph recitals, rich appointments, home-like comforts, and special safety devices with which the modern railway system surrounds its passengers.

The rural telephone now places the farmer in instant communication with the source of the latest market reports, and saves him many hours of precious time in the event of sickness or accident.

The introduction of the typewriter and adding machine has lightened the load and lengthened the day of the business office.

It was Advertising that first proclaimed the usefulness of these devices, that created an immediate and universal demand for them, that established a world-wide distribution which made them readily accessible to us all.

McCormick invented the reaper and thereby made himself an everlasting benefactor of the farmer. But it was Advertising that carried the wonderful news with its far-reaching significance to the "man with the hoe."

You know what housework used to be. Realize what it is now, since the advent of sanitary plumbing fixtures, hot-water heating, vacuum cleaners, and electric household appliances. Advertising has brought these things into your home. It has eliminated drudgery.

Advertising is service. Science, invention, commerce, are all indebted to its aid. It has raised the standard of living, elevated business ethics, and put us within reach of more real comforts, more real blessings, than we ever enjoyed before.

Advice regarding your advertising is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Bldg., Toronto. Enquiry involves no obligation on your part—so write if interested.

There is no habit more easily formed than the habit of saving. If you have not already acquired the habit do so now by opening a savings account.

SHERIFF'S SALE.

Under and by virtue of an order of the Supreme Court of British Columbia dated the 4th day of March, A.D. 1915, in an action wherein Gertrude Munro is Plaintiff and George Alexander Macdonald Young and Arthur O'Kell are Defendants, I shall on Friday, the 4th day of June, at my office at the Court House, in the City of Nelson, British Columbia, at the hour of 12 o'clock noon offer for sale at Public Auction all the right, title and interests of the above Defendants in that certain parcel or tract of land and premises, situate, lying and being Sublot 140 of Lot 4595, in Group One (1) of the District of Kootenay in the Province of British Columbia, containing 619.38 acres, more or less, and being more particularly shewn and described on the plan attached to Certificate of Title numbered 18907 A.

The nature and particulars of the interest of the defendants in the said lands are that they are the registered owners thereof clear of encumbrances save only as to the following charges appearing on the register against the said lands:

(a) Mortgage dated February 1st, 1914, from George Alexander Macdonald Young and Arthur O'Kell to Gertrude Munro for the sum of $1180.0 with interest at 9 per cent per annum registered in the Land Registry Office at Nelson, British Columbia on an application dated March 14, 1914.

(b) The judgment registered by Gertrude Munro in this action for the sum of $1280.95 and registered on October 14th, 1914.

(c) The judgment registered by V. Winch & Company, Limited against Arthur O'Kell for the sum of $347.1 and registered December 24th, 1914.

The amount of the judgment recovered by the above named Plaintiff against the above named defendants $1280.95 together with the subsequent costs of the above named Plaintiff and interest.

Dated at Nelson, B.C., this 20th day of May, A.D. 1915.
S. P. TUCK,
Sheriff of South Kootenay

Making Them Walk Into Your Store

"All I ask of my advertising," said a well-known storekeeper, "is that it will make a certain number of people walk through my store."

"The rest is up to me."

When the national manufacturer advertises his product in this newspaper he is starting people toward many stores.

If your store carries these goods and shows them properly customers will come your way.

If you neglect your opportunity your neighbor will get the business.

The live merchant nowadays keeps in close touch with the national advertising in the newspaper, writes his own advertisements and trims his windows and counters in line with the news.

"There's a Reason"

JACK THOMSON OF NELSON AMONG DEAD

Was at Hotels Here and Formerly Lived at Cranbrook—D. G. Blayney of Cranbrook Dies of Wounds

Corp. John Thomson, Nelson, is reported as dead of wounds. He enlisted with the second contingent and went into action with the 30th battalion of the second. So anxious to enlist was he that he underwent an operation in the Nelson hospital to make him physically fit. He was night clerk at the Hume for two years and at the Strathcona for one year. He was formerly at Cranbrook.

Among 16th battalion casualties this morning David G. Blayney, Cranbrook, *is given as dead of wounds. He was* formerly with the 12th battalon.

Sergt. Donald McGregor Watkins of Kamloops is among the Princess Patricias as dead of wounds. He was of the Bank of Montreal staff at Kamloops.

5th Battalion.

Severely wounded—C. H. Goodman, Monitor, Alta.

7th Battalion.

Killed in action—Lance-Sergt. C. A. Moodie, Vancouver.

Dangerously ill—Wilfred E. Norman, Vancouver.

A. L. Eddy, Duck Lake, Sask.

8th Battalion.

Killed in action—Lieut. J. M. Scott, Winnipeg.

10th Battalion.

Killed in action—Sergt. J. Giles, Calgary.

Cecil W. C. Williams, Miami, Man.

Lieut. G. Todhunter, Estevan.

Wounded—W. Auger, Sherbrooke.

G. Fitzgibbons, Toronto.

H. H. Berdall, McNally, Alta.

A. Fairweather, Edinburgh.

Missing—J. D. Brown, New London, P.E.I.

Harry Gordon, Roselyn, Alta.

A. Williams, Grand Vita, Man.

A. G. Sinclair, Vancouver.

Died of womds—John T. Webb, Pittsburg, Pa.

13th Battalion.

Wounded—William Owens, Montreal.

14th Battalion.

Killed in action—Capt. J. N. Warmington, Westmount, Que.

Dangerously ill—Elijah Page, Woodstock, N.B.

James Finn, England.

Died of wounds—E. B. Cosgrave, England.

15th Battalion.

Wounded—Frank Lockhart, Truro, N.S.

Died of wounds—C. R. Adams, Prince Albert.

16th Battalion.

Dangerously wounded—William McBride Smith, Vancouver.

Died of wounds—David G. Blayney (formerly 12th) Cranbrook.

Princess Patricias.

Killed in action—W. O'Connell, Shanty Bay, Ont.

Frank Rupert Rock, British West Indies.

M. T. Rett, British West Indies.

Lance-Corp W. J. Causton, Chamberlain, Sask.

G. M. Kehoe, North Sydney, N.S.

Wounded—Charles H. Simpson, Cleveland.

Died of wounds—Sergt. Donald McGregor Watkins, Kamloops.

1st Field Artillery Brigade.

Killed in action—Gunner John Ward, Victoria.

3rd Field Co., Canadian Engineers.

Killed in action—Major Gordon B. Wright, Ottawa.

MANURE AND FERTILIZERS.

OTTAWA.—The division of chemistry of the Dominion department of agriculture has issued another of that useful series of circulars by Dr. Frank T. Shutt, Domiaion chamist. This one, circular No. 8, deals with "Manures and Fertilizers" and, like all the work of the doctor, is at once explicit and practical. The first section is devoted to a description of experiences at the central and other experimental farms, and the second is devoted to a summary and to advice that if followed cannot help but benefit the farm and profit the follower. Here are a few sentences that illustrate the conclusions arrived at and the counsel given by Dr. Shutt:

Rational farming is "mixed" farming.

Barnyard manure is the most effective of all fertilizers.

The liquid portion of the manure is the most valuable.

Use sufficient litter in the stables to absorb the liquid.

The amount of manure on a farm being insufficient, frequent light dressings are advisable instead of larger ones at longer intervals.

The manure is most advantageously applied for the root or corn crop in the rotation.

It is not wist to "bury" the manure, shallow plowing under is more advisable.

Manure is worth more when first voided.

Rational farming involves a rotation of crops.

Investigation has proven the high manurial value of clover, alfalfa and other legumes.

The lesson is: Grow a leguminous crop in the rotation, as all other crops, save the legumes leave the soil poorer for their growth.

Commercial fertilizers cannot be depended upon profitably to maintain the soil; hence their exclusive use is discountenanced.

By home mixing fertilizers a saving of 25 to 35 per cent can be effected.

Such in brief are a few of the conclusions arrived at by Dr. Shutt, but to get real benefit from the circular application should be made for it to the publication branch, department of agriculture, Ottawa.

INLAND REVENUE STAMPS NOT VALID FOR LETTERS

OTTAWA, May 24.—In no circumstances will war stamps issued by the inland revenue department be accepted in payment of the war tax or other charges on letters, postcards, postal notes, or postoffice money orders.

Postage stamps may be affixed to checks, bills of exchange, express orders, patent medicines, perfumery, wines and champagnes to pay the war tax.

FUMES FORCE BRITISH BACK

But Most of Ground Lost Is Soon Retaken—Artilelry Smashes German Batteries.

LONDON, May 24.—Field Marshal French sends the following report from the war zone, dated May 24:

"In the fighting May 16 and 17 to the northeast of Ypres seven machine guns were captured and it is possible that more may be buried in the destroyed trenches. Today three German batteries were silenced by four guns, one battery being destroyed by direct hits and its ammunition blown up.

"East of Ypres the Germans developed an infantry attack this morning under cover of poisonous gas, hostile artillery at the same time firing asphyxiating gas shells. Our troops were forced to evacuate some of their trenches and the enemy penetrated our line in two or three places. Fighting is still in progress and portions of our original line have already been retaken."

Bayonet Battle Bloody

PARIS, May 24.—The following official communication was issued tonight:

"Between Nieuport and Ypres a spirited artillery engagement has taken place, caused by the heavy fire of our artillery on the shipyards of Paverzyde, southwest of Ostend.

"To the north of La Bassee the British attacks have resulted in some progress.

"To the north the Germans attempted to attack with important forces. Under the fire of our artillery they were at once checked and suffered large losses.

"Supplementary reports received today confirm the importance of the success attained by us yesterday to the northeast of the chapel of Notre Dame de Lorette. In a sanguinary engagement with the bayonet we annihilated those forces which had opposed us and captured several machine guns. On the rest of the front there is nothing new."

A MESSAGE TO THIN, WEAK, SCRAWNY FOLKS

An Easy way to Gain 10 to 30 lbs. of Solid, Healthy, Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh-building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point. All good druggists have Sargol, or can get it from their wholesaler and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient.

Caution—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more for it is a wonderful flesh-builder.

Why Modern Women's Hair Is Getting Thin

(By Mdm. Beaupre.)

Wigs, switches, curling tongs, artificial waving, singeing, etc., have combined to ruin the hair of many women, so there is decidedly an increase in baldness. But proper care will develop heavy, beautiful hair upon any head. In washing the hair do not use a makeshift which may remove more than the excess oil, leaving the hair dangerously dry, but use something which is made for shampooing only. A perfectly safe, economical, invigorating shampoo, that makes the hair so fluffy it seems much heavier than it is, can be had by dissolving a teaspoonful of canthrox, which every good druggist sells, in a cup of hot water. This mixture cleanses gently, yet thoroughly, removing all dandruff, excess oil and dirt, giving to the scalp and hair the vigor that insures scalp-health and hair-beauty.

Canthrox shampoos make the head feel good, make the hair look good, are very beneficial where hair is faded, dull or brittle and the regular use of canthrox will greatly enrich the color of the hair and give a beautiful gloss and softness.

DESTROYERS AND AIR CRAFT ATTACK

(Continued from Page One.)

appeared on the coast near the frontier.

Caused Damage, Say Austrians

VIENNA, May 25, 1 a.m.—The war office issued the following statement last night:

"Our fleet on the night following the declaration of war undertook action against the Italian east coast between Venice and Berletta and successfully bombarded at several points objects of military importance.

"At the same time our aeroplanes threw bombs on a balloon shed at Thiarvalla, military buildings at Ancona and the arsenal at Venice, causing visible damage and fires."

Avarna Leaves Vienna.

VIENNA, May 25, via Amsterdam to London, 3:35 a.m.—The Italian ambassador to Austria-Hungary, the Duke of Avarna, and the members of the embassy staff left here this evening on board a special train by way of Switzerland for Italy. Their departure was without incident.

"Do you think you can support my daughter in the style to which she has been accustomed?"

"I think so replied the earnest young man. "But maybe we'd better live with you a few years so that I can find out exactly what it's like."

NELSON NEWS OF THE DAY

L. K. Larson, Carbonate street, picked what is believed to be the first rose of the season in his garden yesterday. It was in full bloom.

DRESSMAKING — Reasonable prices. Miss Cassidy, Room 29, K. W. C. Block. (685)

Nelson Brand Jam is made from the best Kootenay fruits and B.C. Sugar by British Columbia labor. At all grocers. (699)

C. W. Appleyard can write your fire insurance in the second oldest company in the world; 505 Baker street; telephone 444. (825)

Love of one's country commences in the home; it then grows to love for the home town; from thence is made up the patriotism that gets to make great nations. A good cigar begets contentment. Smoke a Kootenay Standard made in Nelson by J. Thelin. (801)

An informal dance will be held in Eagle hall on Tuesday evening, May 25, the proceeds to be devoted to purchasing tobacoc and cigarettes for members of the 54th battalion. Tickets are 50 cents each. Refreshments. Everybody welcome. Johnson's five-piece orhcestra. (837)

SUBSCRIBERS PLEASE NOTICE.

In asking for a change in your address, please give old address as well as the new. This is important, as if the old address is not given much valuable time is wasted in searching through the lists to find it.

A tea in aid of the Association of Church Helpers of St. Saviour's church will be given by Mrs. T. Blaylock and Mrs. J. L. Hirsch on Thursday, May 27, at the home of the latter. (807)

The Ladies aid of St. Paul's Presbyterian church will give an At Home on Thursday afternoon from 3 to 5 o'clock in the church parlors. A cordial invitation is extended to ladies of the congregation. (845)

D. O. K. K.

Special train to Rossland leaves C. P. R. depot at 2:20 p.m. Wednesday, connecting at Castlegar with special train leaving Grand Forks at 12:30 p.m., arriving at Rossland at 4:50 p.m. Wear your fez. (846)

REMNANT DAY

TUESDAY, MAY 25

A large accumulation of remnants made during our BIRTHDAY SALE which we were then too busy to measure up

Owing to the Unusual Quantity Collected the Prices Are Marked Way Down

Silks, Etc.

The Hudson's Bay Company.

WESTERN MAYORS TO SEE BORDEN THIS WEEK

(By Daily News Leased Wire.)

OTTAWA, May 24.—It is stated tonight that the delegation of western mayors which is to interview the government in regard to matters affecting the west, including unemployment, will not arrive in the capital until Thursday. It will see Sir Robert Borden, who has returned to the capital, and several of his colleagues probably on Thursday.

N. Barnes, labor leader in the imperial house, and secretary of the Amalgamated Society of Engineers, W. Wyndham, permanent official of the labor exchange department of the British board of trade, are also expected in Ottawa this week to confer with the government. The object of their visit to Canada is to obtain skilled workmen for war munition factories in Great Britain.

Lassen Again Erupts.

REDDING, Cal., May 24.—Another eruption of Lassen peak began today at 11 o'clock. Many trees in the Lassen national park are reported to have been destroyed.

A mission worker tells how shocked she was to encounter this bit of cynicism in the slums. The conversation was between two women whose martial life had not been particularly felicitous.

"Well," said one of them, "of course we has our trouble with all of 'em. But I'll say this for my second husband—he's better than my first. He's in jail so much that practically all I earn I has for myself."

PATRIOTISM and PRODUCTION

Pin your Faith to Live Stock

The one outstanding feature of the world's farming is that there will soon be a great shortage of meat supplies. Save your breeding stock. They are today Canada's most valuable asset. If you sacrifice your breeding stock now, you will regret it in the near future.

Plan to increase your live stock. Europe and the United States, as well as Canada, will pay higher prices for beef, mutton, and bacon in the very near future. Remember that live stock is the only true basis of economic and profitable farming. The more grain you grow, the more stock you can carry. The more stock you keep, the more fertilizer for your fields. Mixed farming is real farming, not speculating.

BEEF. In ten years the population of Canada increased 34 per cent. while the number of cattle increased only 17. Moreover, the city and town population, which may be looked upon as essentially the consuming element, increased by 62.2 per cent. while the rural population, or the producing element, increased by only 17 per cent.

Study carefully the adjoining table which was prepared before the war. What does it mean?

Country	Population Increase Since 1900	Cattle Increase Since 1900	Cattle Decrease Since 1900
France	2%	2%	....
Germany	16%	4%	....
United Kingdom	10%	4%	....
Austria-Hungary	10%	2%	....
European Russia	14%	....	12%
Canada	34%	17%	....
Argentine	40%	....	6%
Australia	18%	40%	....
New Zealand	30%	16%	....
United States	24%	....	30%

Only one of these countries increased its cattle more than its people in the past ten years. And, in it (Australia) in 1914 there was a tremendous loss of live stock through an unprecedented drought—a fact which the table does not show. Do you need any stronger argument than this table that there is bound to be an increasing demand for beef? Add to this condition, the destruction of live stock of all kinds, breeding stock and young stock included, in the several war zones.

Beef is the most important item in the British soldier's rations. He is allowed 1¼ lbs. of this every day. The daily demand for meat by the British, French and German soldiers is enormous.

The war has merely hastened the meat shortage of the world. When it is over, the farmer with live stock will continue to profit in the world's markets, and, in addition to having helped feed our soldiers at the front, will be in a position to reap a further reward for having stayed with the live stock industry.

Sheep, Swine, Horses, Dairy Produce

SHEEP. Canadian farmers have been losing great opportunities in sheep raising and sheep feeding. The demand for wool is increasing. Hundreds of thousands of sheep have been slaughtered to provide winter clothing for the soldiers of the different armies. Australia's losses, through drought, in 1914, were very heavy. Canada has been importing frozen mutton from New Zealand. In view of these conditions, wool and mutton should prove very profitable for Canadian sheep raisers during the next few years.

SWINE. Through the indiscriminate sale of swine in the Canadian West in the past three months, the supply in 1915 promises to be little more than half of 1914. Add to this the fact, that the British soldier is allowed ¼ lb. of bacon per day, and that sausage is the principal meat food of the German soldier, and you will understand the outlook for the future. Those who stay steadily with swine, year in and year out, make money. Those who rush in and rush out generally lose money. "Buy when others are selling, sell when others are buying," applies to live stock as well as to Wall Street stocks.

HORSES. The wastage of horses during the war has been enormous. The estimated life, at the front, of the cavalry horse is seven days, of the artillery horse thirty days. It is true the loss has been among light horses for which there has been a declining demand in recent years. But with thousands of such animals sent from this country, the tendency will be to liven up the whole horse industry. The demand of the future will be for high-grade animals and farmers should be more careful than ever in breeding. Use only stallions enrolled and inspected under your Provincial Enrolment Act.

DAIRY. Milch cows increased in Canada from 2,408,677 in 1901 to 2,594,179 in 1911. This increase did not amount to 8% and was less than one-quarter of the population increase of Canada. At the same time, the per capita consumption of milk by Canadians increased 30%. Is there any wonder we had to import 7,000,000 lbs. of butter from New Zealand?

The exports of Canadian cheese have been steadily declining for ten years. Look at the market prices today. Do they not suggest the advantage of increased production?

Through cow-testing, selection, and better feeding, the average annual production per cow in Canada did increase from 2,850 lbs. per cow in 1901 to 3,805 lbs. in 1911, but this is only a beginning. Last year one cow in Canada produced 26,000 lbs.

The dairymen of Denmark who supply Great Britain with butter and bacon are not satisfied unless their herds average 10,000 lbs. per cow. Let Canadian dairymen work to increase the productiveness of the milch cow. Breed for milk. Test your cows. Save your calves. Select your milkers. Feed for yield. Read the Agricultural articles in the daily and weekly press and in the Agricultural papers, and the Government bulletins on dairying.

PEACHLANDER INVENTS NEW FRUIT PACKAGE

Clement Aikens Has Plan for Using Partitioned Barrel for Apples.

It is felt that the apple and pear packages at present in use for shipping fruit do not meet the market requirements. The box not only adds to the expense of packing but greatly increases the cost of handling in transportation, says the Penticton Herald. The ordinary barrel is also unsuitable as the fruit does not arrive at its destination in good condition owing largely to the slackening and bruising of the fruit.

It is to obviate these difficulties, and at the same time to supply the above mentioned want that Clement Aikens of Peachland, B.C., has brought *out a new apple barrel, a patent for* which has been applied for both in Canada and the United States. It consists of an ordinary barrel divided into two equal parts by two partitions dividing the centre.

These partitions are so adjusted as to admit of the barrels being readily sawn in two by the retailer, thus making two half barrels; in this way cheapness and facility in handling can be preserved. The chief advantages claimed for this patent barrel are as follows:

1. This barrel can be made of pine and put together at any packing house as the material can be shipped in the knock-down state and the method of putting together is simple.

2. The fruit can travel unwrapped owing to the firmness imparted by the central partition, thus saving the cost per box in wrapping and paper.

3. The fruit arrives in sound condition and with the convenience afforded by the sawing of the barrels in *two should fetch better prices. Many* consumers would prefer to buy half a barrel to a whole one.

4. Enabling a buyer to purchase half a barrel of culinary apples and half a barrel of dessert.

5. This barrel is much easier to load in cars than boxes and with the firmness imparted by the central partitions rides well in transit.

6. Arriving on the market in a satisfactory condition would ensure better prices.

7. The auction markets and brokers of Great Britain don't take to the boxes and no doubt in Australia and Africa it is the same. In the case of No. 2 and 3 grades a larger quantity than the boxes is preferred for the prairies.

G. B. Hollington, poundkeeper at Rosemont, has resigned and Stephen Pelling has been appointed his successor by the minister of finance and agriculture at Victoria.

DON'T USE SOAP ON YOUR HAIR

When you wash your hair don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified cocoanut oil, for this is pure and entirely greaseless. It's very cheap and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes a rich creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides it loosens and takes out every particle of dust, dirt and dandruff.

Nelson News of the Day

KNIGHTS OF KORASSAN PARADE IN ROSSLAND

Much-Planned for Event Takes Place on Wednesday Evening—Special Trains Go.

The Dramatic Order Knights of Korassan will hold its ceremonial in Rossland Wednesday evening. Special trains will take people from Grand Forks and Nelson to attend the event.

At Rossland a parade will be held at 6:45 p.m. and the Nelson members have been preparing their share of it for some weeks.

The grand lodge Knights of Pythias is in session at Rossland on Wednesday. The majority of the visiting members belong and will attend the ceremonial.

41 NEW RECRUITS SINCE SATURDAY

But Number in District Must Be Increased to Secure Battalion by June 6

The increase in the number of men enlisted with the 54th battalion made between Saturday and Monday night is 41. This brings the strength to 470 of the 1,100 men needed before June 6. No returns have yet come in from the Similkameen valley, where several score of men were reported to be ready *to enroll.*

The present rate must be increased to supply the number needed by June 6. No great amount of recruiting campaigning has been done yet.

The statement showing the quota, number secured and still needed follows:

	Quota.	Sec.	Need.
Nelson and Kaslo ..	250	173	77
Grand Forks	100	68	32
Rossland and Trail .	150	50	100
Cranbrook, Golden, and Field	200	58	142
Fernie	100	61	39
Revelstoke	50	19	31
Kamloops and North Country	200	41	159
Similkameen Valley.	50	..	50
Total 1100		470	630

GERMAN RESERVISTS ARE IN NELSON JAIL

Attempted to Cross Border As Swiss—Say They Are Against Fatherland—Case Investigated

Pending a reply from the military authorities two German citizens, Alfonse and Louis Hoeninger, Revelstoke, are confined in the provincial jail. They are both reservists of the German army and were arrested at Waneta and brought to Nelson by Immigration Officer O'Neill. When attempting to cross the boundary line the men gave their nationality as Swiss.

The pair say, however, that their sympathies are with the allies and that their reason for leaving Revelstoke was a warning by the police there that it would be wise. Therefore they closed the barber shop they had and stored their goods, intending to return. They hoped for work at Spokane and this was their sole reason for leaving Canada, they assert.

Louis, the elder, was in business as a barber at Revelstoke for three years. He served in the German 7th field artillery from 1903 to 1905. He has been in Canada since 1909. He brought his brother from Germany in June last year. The younger reservist served from 1910 until 1912 in the 1st field artillery. The elder Hoeninger says he brought his brother from Germany last year because he feared war.

Their case will be more fully dealt with when the authorities at Victoria investigate it.

The Occidental Fruit company has been formally granted certificate of incorporation with headquarters at Kelowna.

The Trusts & Guarantee company, with head offices at Toronto, has formally registered in British Columbia with head offices at Vernon.

The Canadian Pacific railway company has formally given notice of an auction sale of unclaimed baggage it will hold in Vancouver on June 18. All baggage not claimed by that date will be sold.

Pte. Bert Thomas of the Nelson detachment 54th battalion is reported at the Kootenay Lake General hospital to be steadily improving. He was operated on for appendicitis on Friday last.

Andrew Harder, alies Hoffer, German born but a naturalized Canadian with alleged pro-German views, was brought to the provincial jail, Nelson, yesterday by Constable Collins, Cranbrook. He was sentenced by M. A. Beal and E. H. Hill, justices of the peace, for giving an automatic pistol to another man. When the police were *after him to search* for the gun he is stated to have given it away.

CAST OFF GERMAN SOUNDING SURNAME

Four Men at Coast Discard Mittelstadt for Middleton—Change by Law

Four British subjects, two of them natural born and two citizens of Canada by naturalization since 1892, have cast off their German sounding name of Mittelstadt and are now to be known as Middleton. The men live at the coast.

The current issue of the British Columbia Gazette makes formal the change, part of the notice reading:

"We, Gustav Adolph Mittelstadt, a citizen of Canada by naturalization since 1892, Gustav Frederick Mittelstadt, Henry William Mittelstadt and William Louis Carl Mittelstadt, natural-born British subjects, do hereby declare that, on the 18th day of May, 1915, we formally and absolutely renounced, relinquished and abandoned the use of our said surname of Mittelstadt, and then assumed and adopted and determined thenceforth on all occasions whatsoever to use and subscribe the name of Middleton instead of the said name of Mittelstadt."

WOUNDED AND KILLED LETTER SAID ALL WELL

R. H. Griffiths Was Well, As Was His Chum, Sam Waters, on April 21—Both in Casualties Later.

George Massey, Nelson, has received from Pte. R. A. Griffiths a letter dated April 21, in which he stated he and his chum, Lance-Corp. Sam Waters, were both well. Since then the writer has been wounded and Sam Waters killed. The letter mentions Walter Williams of the artillery. He, too, has been reported wounded.

Attempts of the German gunners to locate the Canadian batteries are described. The men mourned their loss in the death of Major Rigby, Griffiths says.

George Massey, a guard at the provincial jail, and Griffiths served in South Africa together.

NELSON DOCTOR ENTERS ARMY MEDICAL WORK

Dr. M. J. Vigneux, Nelson, has received from Col. Hart, Vancouver, of the Army Medical corps, notice of his appointment to a branch of the army medical work. It is expected Dr. Vigneux will leave shortly. He is a graduate in medicine of McGill university, and has lived in Nelson for about 15 years.

W. G. Benson, Kelowna, has been officially appointed a notary public.

Judge Forin will hold chambers at the Nelson court house this morning.

Dr. R. J. Gordon, Field, has been appointed a coroner in British Columbia.

Toby Adrian, an Indian, was brought from Cranbrook to the provincial jail, Nelson, by Constable Collins to serve four months for stealing his mother's horse.

A quiet wedding was celebrated at the manse on Saturday last when Miss Charlotte J. Merrifield of Proctor became the wife of James R. Bichan of Balfour. Miss Mary Merrifield and Ernest H. Merrifield of this city acted as witnesses to the ceremony. Mr. and Mrs. Bichan left on yesterday morning's boat for Balfour where they will make their home.

PLAYERS ENLIST.

CORNWALL.—In the next contingent that sails from Canada to join the imperial forces, Cornwall will send one of her well known hockey and lacrosse players to help fight the battles of the empire. Guy Smith, who has played both lacrosse and hockey in all the leading centres of Canada and who is particularly well known in Montreal, Ottawa and Toronto, has volunteered and been accepted for over seas service by the officers of the 59th regiment. Smith is sturdy and healthy and should make as good a soldier as he has a hockey and lacrosse player.

PROBABLY FATALLY INJURED BY DIVE IN TANK

(By Daily News Leased Wire.)

EDMONTON, Alta., May 24.—Stanley Darrach, a private of the 51st battalion, which has been undergoing training here, lies at a hospital with a broken neck and although he is conscious and able to talk intelligently no hope is entertained for his recovery. Physicians are of the opinion that he may live a week or more. His body is paralyzed from the neck down.

This afternoon he was at the Y. M. C. A. swimming bath and in diving by mistake selected a shallow part, with the result that he struck the bottom. He is 25 years of age, single and his mother is next of kin, residing at Montreal.

ITALIAN NAVY IS PLEASED AT WAR

Has Waited Years for Opportunity to Avenge Defeat in Battle of Lissa.

(By Daily News Leased Wire.)

ROME, May 24, via Paris, May 25, 12:50 a.m.—Complete calm prevails in Rome. Satisfaction is expressed everywhere at the action of the government in declaring war on Austria.

Naval Commander Bravatte, in a statement in the Giornale d'Italia today, says the declaration of war against Austria was the real aspiration of the navy.

Commander Bravatte recalls in his article that some years ago Admiral Paul Humbo, who latter became minister of the navy, stopped his squadron off the Dalmatian islands of Lissa, where the Austrian navy under Tegetthoff defeated the Italians under Perzano, July 20, 1866, and hoisted the signal "Remember the dead of Lissa."

All the Italian sailors, the commander says, took a solemn oath to win or to die if good luck once again put them before the Austrians.

Realize Magnitude of Task.

ON THE ITALIAN FRONTIER, May 24, via Chiasso to Paris, May 25.—The newspapers of Italy in their articles on the war give expression to the seriousness of the great task that Italy has undertaken.

The Corriere de la Siro of Milan, after comparing the strength of the Italian and Austrian fleets, warns the nation that a victory for Italy can be obtained only after grave sacrifices and hard trials. The newspaper says that submarines and mines have radically altered naval warfare, giving advantage to the defensive navy over an attacking force of ships. It cites as an example of this that Great Britain and France(although maintaining domination of the seas have suffered great losses in both ships and men through mines and submarines.

Italy, according to the Corriere de la Sero, must expect the same treatment. The close proximity of the two shores of the Adriatic, it says, render Italy more exposed than the northern allies. The newspaper exhorts Italy to meet all tests with *patriotic discipline* and a spirit of sacrifice for the fatherland.

ULSTER DIVISION TO GO TO FRONT SOON

Twenty Thousand Troops Will Be Moved from Ireland to England This Week

(By Daily News Leased Wire.)

NEW YORK, May 24.—The Sun today says: "The transportation of the Ulster division of Lord Kitchener's new army (now amounting to over 20,000 men) to England will begin this week, according to a private despatch received in New York from Belfast yesterday. The troops will go from a British concentration camp to France shortly. Already one contingent of the force has left its camp, consisting of some special light troops and a cycle corps for outpost duty.

"Major-Gen. C. H. Powell is in charge of the division.

"Although the greatest secrecy is being observed by the military authorities it is known that enlistment in Ulster had been most active of late. Following the destruction of the Lusitania there was a rush which increased the force beyond the expectation of many.

"Special precautions have been taken by the military authorities not only to guard against possible attack by German submarines but also in order that the departure of these Ulstermen may not be seized upon as an occasion for trouble between the two factions in Ireland.

"The Ulster division has been in camp in four places in Ireland: The Donard lodge, Demster; Clanderry, the seat of the Dowager Duchess of Dufferin; Bally Kildair, in county Down; and Finner, near Bunderan.

"The last two are military camps. In order to facilitate transportation and also as an added precaution against submarine attacks, it was decided to embark the troops from different ports. For several days a large part of the infantry has been moving to these various ports."

ITALIAN COURT MAY MOVE TO FLORENCE

(By Daily News Leased Wire.)

FLORENCE, Italy, May 24.—A report is current here that the Italian court is to be moved from Rome and installed in the Pitti palace in Florence. From here the king will make frequent trips to the front and the queen will direct the operations of the Italian Red Cross society of which she is president.

GOVERNMENT MEMBERS ON HOSPITAL BOARDS

Trustees for Province and Hospital Boards of Kootenay-Boundary Are Gazetted.

Representatives of the provincial government on hospital boards have been appointed and among them are M. R. McQuarrie, John Toye and John Cartmel, Nelson for the Kootenay Lake General hospital. Others are:

Leonard Norris, Armstrong Nursing Home and Vernon Jubilee hospital; N. A. Wallinger, St. Eugene hospital, Cranbrook; G. F. Stalker, Fernie and Michel hospitals; S. R. Almond, Cottage hospital, Greenwood; Ronald Hewat, Windermere district hospital, Invermere; E. T. W. Pearse, Royal Inland hospital, Kamloops; Robert S. Stenson, Victorian hospital, Kaslo; Walter Scott, Nakusp hospital; Angus McInnes, Slocan General hospital, New Denver; H. R. Townsend, Mater Misericordiae hospital, Rossland; F. E. Dockerill, Trail and Ymir general hospitals; Robert Gordon, Queen Victoria hospital, Revelstoke.

GAINING POSSESSION OF HUNS' STRONGHOLD

A letter from an officer to his father in Liverpool, in which he gives a graphic account of how Hill 60 was won, is published in the Liverpool Daily Post and Mercury. The officer says:

"I daresay you will have seen something before you get this about our battle at Hill 60, which started on Saturday evening. I have come through it all right, I am glad to say, and we hold the hill now, which is a very important position, but it cost a lot of life. I knew it was coming off but did not see the use of scaring you days before if I was going to be alive and kicking at the end. I'll try and give you a short account of the affair.

Singing on Hill Top.

"This hill, quite a small mound, was about 100 yards in front of our trench. Engineers had mined the hill. At 7 p.m. on Saturday the mines were to be *exploded. When the first explosion* took place you really can't imagine the awfulness of it. Well as soon as the last explosion of the mines had taken place the other battalion was to rush up and hold the top of the hill and as soon as they were up we, who were waiting in a trench alongside them had to rush up with sandbags and spades to put the position in a state of defense. I was the leading man of our two companies as my platoon was in the front, and as soon as the captain gave the word for us to go forward we went over the parapet of our trench like deer and right up the hill, the men following up splendidly and as soon as we were up started filling the sand bags and building a parapet. We had to work till midnight when we were relieved by our other two companies. The men worked like heroes and some of our chaps were singing as they filled the sand bags.

The Guns Begin.

"It was a fine show altogether and we took over 100 prisoners. I got one but he was naturally too dazed to give any resistance. I got some souvenirs, a German rifle and helmet, both of which I lost afterwards, also a bayonet and belt, which I have kept, and a pipe from a German I found, and a few other things.

"Of course the German guns soon began. What with theirs and ours the noise was tremendous. The sky lit up with bursting snrapnel, etc. Most of our casualties occurred during the counter-attack, which, of course, did not commence until after my company had been relieved.

Won with Bayonet.

"When we were relieved at midnight we went back to some dugouts behind, but we were called out at 6 o'clock to some close support dug-outs and I had to take my platoon into one of our old trenches, where we remained all day. The rest of the battalion got back to the huts during the afternoon and two other battalions relieved us.

"Well at 6 p.m. these two battalions had to make another bayonet charge, so I came in for a second bombardment. The charge was quite successful, and we hold the hill now.

"Gen. Smith-Dorrien who has been down already to congratulate us, and who is next to Frinch, read a telegram to us from French, letting us know of the importance of this position."

FACTS

The clothes we sell have a splen did reputation—a reputation tha has built up and sustained a larg trade for us for years!

It does not follow, of course, tha our Clothing is Best simply because WE say it is, but because Me who wear it, for the reason that i IS the Best, say so!

In a word, the enviable reputa tion of our Clothes is made by the wearers of them; and we do our best to maintain that reputation.

Suits $15.00, $18.00 $20.00 to $35.00
