ROYALISTS ARE WORRIED ABOUT DUTCH DECISION

Fear Extradition of Ex-Kaiser Would Bring About Their Own Trial

EX-KING LUDWIG SHOWS TEMPER

Angrily Declares Demand of Supreme Council is "Impertinent and Impudent"

GENEVA, Jan. 19.—A state of profound anxiety and astonishment reigns in Pan-German circles in Germany over the official demand of the allies for the extradition from Holland of the former kaiser, according to a despatch from Basle which is confirmed by Munich advices. The Pan-Germans had hoped to the end that such a final step, which affects the whole caste, would not be taken, the despatch says. They argue that if their former chief is extradited nobody will be safe, because the government's hand will be forced.

It is reported from Lucerne that former King Ludwig of Bavaria, on learning of the demand for William Hohenzollern's extradition, broke out in a furious temper, condemning the act of the allies as impertinent and impudent. Former Emperor Charles of Austria, who is at Prangins, has refused to express any opinion.

Meantime the federal authorities and Swiss jurists are watching the negotiations carefully and several former royal foreigners, ministers and politicians in Switzerland are anxiously awaiting the Dutch decision.

BELIEVES SOVIET FAVORS TRADING

Litvinoff Ready to Negotiate With Council Over Raising of Blockade

COPENHAGEN, Jan. 19.—M. Litvinoff, the soviet representative here said today he had not yet been approached concerning the supreme council decision to raise the blockade, but that he was ready to negotiate if approached. Should his government agree to the suggested exchange he added, it must be through new representatives of the co-operative societies and not through a few of the former representatives in London and Paris, who, he declared, were counter-revolutionaries. M. Litvinoff had no knowledge of the soviet government's intentions, but believed that it would be favorable to the proposition.

NOTED YUKON PIONEER DIES

Sold First Loaf of Bakers' Bread in the Klondike Camp

DAWSON, Y.T., Jan. 19.—Sinai Pelland, a noted Yukon pioneer, died here in hospital this morning after an illness of two weeks. He was a native of Bertherville, Que., and was 65 years old. He was proprietor of the Broadway Hotel, and engaged extensively in mining other enterprises here. He had the first bakery in Dawson and sold the first loaf of baker's bread in the Klondike camp. He was formerly a mining and business man in Butte, Montana. He leaves three sons in Quebec, two of whom went to the front from the Yukon.

MEUSE FLOOD SENDS PEOPLE TO HOUSETOPS

THEHAGUE, Jan. 19.—The rising waters of the River Maas, (Meuse) have broken a hole in the dyke near Nijemgen, two and a half miles from the German frontier, floding a large tract of country. The railway has been swept away and traffic dislocated. The occupants of houses in the flooded area fled to the roofs to await rescue and a large number of boats have been sent by rail to assist them. Many cattle have been drowned.

WINNIPEG, Jan. 19.—By the casting vote of Mayor Gray, the city council defeated a labor motion to give the civic franchise to all persons of the age of 21 who had resided in the city six months prior to date of registration.

UNDESIRABLES WELCOMED BY SOVIET RUSSIA

TERIJOKI, Finish Russian Border, Jan. 19.—(A.P.).—The undesirable aliens headed by Berkman and Emma Goldman, deported from the United States entered Soviet Russia at 2 o'clock this afternoon. They received an enthusiastic welcome.

BREACH OCCURS OVER TREATY

Democrats and Republicans in Senate Dispute Over Voting Power Question

WASHINGTON, Jan. 19.—Senate leaders working on compromise reservations to the peace treaty today reported reaching their first major dispute, the question of voting power in the league of nations in the British colonies and dominions. In this reservation, the fourteenth of the Lodge program, the Democratic and Republican members of the bi-partisan committee were said to be far apart with no On minor details of less important immediate prospect of adjustment. reservations, today's meetings, it was said, resulted in some progress toward agreement.

Most of today's session of the bi-partisan committee was spent in discussing the colonial voting reservation and adjournment was taken until tomorrow when its consideration will be resumed. Leaders of both groups tonight agreed that the conferences probably would continue for some time, but with the final outcome still in doubt.

Chairman Lodge today called a meeting of the foreign relations committee for Wednesday to consider the resolution of Senator King, Utah, proposing a declaration by the senate favoring award of Thrace, except Constantinople, to Greece.

NEW COMET HAS BEEN OBSERVED

Discovered Jan. 13 by Director of Observatory at Barcelona

CAMBRIDGE, Mass., Jan. 19.—Discovery of a new comet by a Spanish observer was announced by the Harvard observatory tonight. A cablegram to the observatory from Pro. Leocinte at Brussels gave the information that the comet had been discovered on Jan. 13 by Comas Sola, director of the observatory at Barcelona.

The comet at present is visible only in a large telescope. Its position when discovered was right ascension 8 hours 6 minutes 44 seconds, declination minus 22 degrees, 23 minutes, no seconds. It is situated in the constellation Puppis, somewhat east of Sirius. Its daily motion was given as one minute, 12 seconds west; five minute of arc south.

WHITEHORSE CUT OFF BY STORM

Heavy Snowslides Have Blocked White Pass Railway for Last Two Weeks

DAWSON, Jan. 19.—Heavy storms and snowslides have blocked the White Pass Railway for the last two weeks. The Whitehorse special say there have been no trains through since Jan. 6. The last mails recevied there were dispatched from Vancouver Dec. 19 and Seattle Dec. 2, arriving at Whitehorse Dec. 26 and arriving at Skagway Jan. 7. 9 and 14 are still held there by the blockade.

For miles deep drifts and snowslides filled the road. A rotary is unable to operate part of the time but it was hoped to get through by Wednesday. The train from Carcross on Saturday failed to reach Whitehorse and had to turn back. Wires from Tagish southward also were out of business most of the time for the lat 10 days but came up today. Immense sleet storms were the chief trouble. Linemen between Tagish and Atlin were out in 50 below zero weather. The temperature reached 60 below in several places in Yukon Valley last week. It is now 40 below in Dawson with a gale blowing.

TORONTO, Jan. 18.—An ocean-going cargo steamer, the Torontonian, 3350 gross tons, was launched in a blizzard on Saturday from the Dominion Shipbuilding company's yards here.

SENSATIONAL NAVY CHARGES TO BE PROBED

Report Admiral Sims Said Navy Did Not Co-operate With Allies

EDITOR IS ALSO PUT ON STAND

Major-General Wood to Explain Statement Vessels Were Death Traps

WASHINGTON, Jan. 19. — The charges of Rear Admiral Sims that the navy department failed to co-operate fully with the allies during the great war, will be investigated by the senate sub-committee, before which they were made.

This was decided today by the full naval committee, which also authorized appointment of another sub-committee to determine whether there should be an enquiry into charges made by J. R. Rathom, editor of the Providence Journal, that, with the knowledge of Secretary Daniels, "Many seamen in the navy have been used for most vile and nameless practices in order to entrap innocent men."

While the senate committee was in session Secretary Daniels announced that Admiral Sims would be called on to make good his charges either before the senate or naval board. Simultaneously Chairman Butler of the house naval committee, announced that Major-General Leonard Wood would be called before that committee to explain statements attributed to him that United States naval vessels were floating death traps. General Wood explained at Portland, Maine ,today, that what he said was that naval ships manned by untrained crews, would be death traps in battle.

Entering a general denial of the Sims' charges against the navy department, Secretary of the Navy Daniels declared that "The matter has gone so far that, unless at the senate investigation the charges are proved to the entire satisfaction of the American people an inquiry will be made by a naval board."

TRAINS ON MAIN LINE HELD UP BY SNOW SLIDES

REVELSTOKE, Jan. 19.—The Canadian Pacific railway is still experiencing considerable difficulty with snow slides in the mountains east of this city. The snow plows and rotaries are working constantly to open the road. No trains have been through since Saturday.

At Ross Peak, Conductor J. C. Treat met with an accident that will lay him up for some time. He was standing on the running board of a rotary when some snow from above knocked him off to the ground, squeezing him between the locomotive and the wall of snow. He was brought to his home here this morning.

SAYS FARMERS BACK LIBERALS

No Danger Political Movement in Maritime Provinces Says King

MONTREAL, Jan. 19.—(C.P.)—Hon. William L. Mackenzie King paid his first visit to Montreal as Liberal leader today when he addressed members of the Montreal Reform club at a luncheon. Mr. King devoted much of his address to an account of his recent tour of the maritime provinces and to a consideration of the farmers' movement throughout the Dominion, which he regarded as a specie of Liberalism.

He declared there was no danger of a farmers' political movement in the maritime provinces, giving as his view that the farmers there were quite content with the political program of the Liberal party.

As to Ontario and the west, it was his opinion that the movement there would in the end harmonize with the Liberal doctrines of lower tariff and reciprocity with the United States. He stated that, owing to pressure of work and the approach of another parliamentary session he had been compelled to postpone his original plans of making a tour of the west until after the conclusion of the next session.

CHATHAN BISHOP DIES.

ST. JOHN, N.B., Jan. 19.—Bishop Barry of Chatham, Roman Catholic, died here today.

Bulletins

ROSS DISPUTE SETTLED

Quebec, Jan. 19.—News reach here from Ottawa tonight that the claim made by President Charles Ross, relative to the exportation of the Ross Rifle factory by the government, has been settled out of court.

The government has agreed to pay Sir Charles the sum of $2,000,000 in cash over and above all sums which he had already received. The report further states that an order in council will be passed tomorrow confirming the settlement.

APPEAL TO PRINCE

MONTREAL, Jan. 19.—The Prince of Wales was appealed to by Miss Allan and Mr. Lacoste, sister and brother respectively of two of the trio of condemned whose execution is fixed for next Friday at the Bordeaux Jail. The prince acknowledged the request through his secretary, the answer being that he had referred the letter for clemency to the governor general of Canada.

SINN FEIN TRY BOMBING

THURLES, Tipperary, Jan.19.—Sinn Feiners on Sunday night attacked Drombane City Hall which occupied as police barracks. After an unsuccessful attempt to blow it up with dynamite, they beseiged it for several hours. Finally they were driven off by the police, who returned their fire. So far as is known there were no casualties.

CANDY GOES UP

HAMILTON, Jan. 19.—Confectioners here today advanced the price of candies 10 per cent owing to the increased cost of sugar.

OTTAWA SETS VANCOUVER RIGHT

Revenue at Canadian Capital Less Owing to Franked Mail

OTTAWA, Jan. 19.—"The postmaster at Vancouver is mistaken when he says that Vancouver is in the same category as Regina," said an official of the civil service commission today.

"Mr. McPherson is also mistaken when he says that Vancouver does twice as much postal business as either Regina or Ottawa. He is basing his assertion on the revenue of the three offices, whereas Ottawa handles an immense amount of franked mail, which if stamped, would add approximately $1,500,000 revenue to the credit of the Ottawa postoffice.

"Ottawa has very few wholesale houses whose mail can be handled as economically as the wholesalers of Vancouver and Toronto, and the revenue from this source is all out of proportion with the work involved. The Vancouver postoffice has 147 clerks on the staff, 163 letter carriers and 11 porters, while Ottawa has 200 clerks, 940 letter carriers and 41 porters. Vancouver's revenue for the year ending March 31, 1919, was $31,000, while Ottawa's postoffice revenue for the same period was only $463,000, the discrepancy being almost wholly due to the franked mail which is handled at Ottawa."

WORK HARDER, FOSTER'S REMEDY

Calling Down Government Will Not Help Says Acting Premier

MONTREAL, Jan. 19.—Sir George Foster, acting premier, stirred the members of the Canadian club at Montreal, at the Windsor hotel today, by repeating swear words.

"D—— the government" or "D—— the capitalists," were the ejaculations of many people, he said, in regard to the prevailing unrest and the high cost of living. But to throw the government out and put in another or to abolish the capitalists and try another economic system would not mend matters. The laws evolved down through the ages for the ordering of society and of national economics must prevail. Neither strikes, acts of parliaments or the overthrow of the present economic system could effect reconstruction. Sir George contended. The only remedy was to work harder and produce more, for the world was short of every kind of necessary and prices could only come down when there were more commodities to go round.

COUNCIL MAY HELP AGAINST RED INVADERS

Consider Assisting Neighboring States Defend in Event of Attack

SAY REPORT WAS NOT JUSTIFIED

Offensive Military Action Against Bolsheviki Not Contemplated

PARIS, Jan. 19.—The supreme council, with M. Clemenceau presiding, this morning heard representatives of the Georgian and Azerbaijan governments in regard to the integrity of their territory and its eventual defense against attacks by the bolsheviki. It is understood the council considered motions for those states' defence of their frontiers in case of need. M. Clemenceau will preside at the meeting of the council tomorrow, and, according to latest information, will continue to represent France until all the business in hand in which he has had a personal part is finished.

Continuation of the present conference beyond tomorrow depends upon whether the French government is too absorbed with internal affairs to go on with the important international question still before the council. Unless M. Millerand, the new premier, decides he wants to go on uninterruptedly with the deliberations, Premier Lloyd George of Great Britain will go home Wednesday. It is said in council circles that the communication on the Russian situation issued by the British war office recently does not justify the inference that offensive military action against the bolsheviki is under consideration. The only eventuality that has been described is the defense of neighboring states in case the bolsheviki attack them, it is declared.

ONE MISSING IN CALGARY FIRE

Man Believed to Have Been Buried Beneath Building Which Collapsed

CALGARY, Jan. 19.—One man, Felix Els, of Morrin, Alta., is still missing from the list of guests registered at the Empire Hotel, which was destroyed by fire Sunday morning. Only a portion of the register was rescued and while the police and firemen made three trips through the building clearing out the guests and are confident none were were caught save the two men suffocated, there still remains the possibility that Els may be buried beneath the building which collapsed.

The jury enquiring into the hotel fires returned a verdict tonight that the two men who lost their lives Thomas Huckvale and Chris McBride, met death by suffocation. It came out that they had been warned several time of fire.

Fred Caron ,one of the men engaged in the poker game, when the fire broke out, has been arrested on a charge of living on avails of crime. Wm. Galbraith the night clerk at the hotel, admitted that he was playing poker in the basement when the fire broke out. The Jury added a rider to their verdict that all hotel employees be instructed in the use of fire fighting appliances.

BERNE, Jan. 18.—The sentence of death pronounced Friday upon Count Arco-Valley, for the assassination of Kurt Eisner, the Bavarian premier at Munich in February 1919, has been commuted to life imprisonment, acocrdin gto advices received here. The commutation of the sentence of the young student was ordered by unanimous vote of the Bavarian cabinet.

AIRPLANE FLIGHT FROM ROME TO TOKIO IS BEGUN

ROME, Jan. 18.—The Rome-Tokio airplane flight arranged for by the Italian government was started at noon today.

ROWELL PRAISES WORK OF WOMEN

Are Entitled to Equal Rights With Men; Should Enter Parliament

OTTAWA, Jan. 19.—Addressing the members of the National Council of Women at their meeting here this afternoon, Hon. N. W. Rowell, president of the privy council, dealt with the Washington conference and its relation to women's work. He said: "As a result of the manner in which women had stepped out to fill the places of men called out to battle it would not be possible to go back to pre-war conditions.'

The movement for the extension of the franchise also had made such progress that all democratic countries must extend to women the right to vote and occupy seats in parliaments on the same basis as men. Mr. Rowell called attention to the fact that in Canada legislation of 1918 and 1919 gave women these equal rights with men.

INFLUENZA IN NEW YORK CITY

Many Victims; Renewal of Epidemic is Foreshadowed in Toronto

NEW YORK, Jan. 19.—Seven death from influenza were reported today to the city health department. The number of cases now prevalent was estimated at 400.

Thirty-six deaths from pneumonia were also reported today.

TORONTO, Jan. 19.—A renewal of the epidemic of influenza in Toronto is predicted by the medical health authorities, if reports that Chicago is now nursing 1200 cases are correct. Dr. C. J. Hastings, medical health officer, said this morning that since it is not a reportable disease ,an increase in the number of cases will not be known until deaths had occurred.

He repeats his advice given last year "Not to attempt to fight the disease with drugs or otherwise, but at the first symptoms to take a hot bath, laxatives and go to bed."

DESCHANEL TO RETAIN OFFICE

Will Be Head of Chamber of Deputies for the Time Being

PARIS, Jan. 19.—M. Deschanel intends to retain the presidency of the chamber of deputies until he takes up the office of president according to reports from those close to him. M. Deschanel is noted for two peculiarities. First he has never consented to accept the portfolio of any minister or form a ministry with himself as premier. This abstention, remarkable in French political life has always been explained as due to his ambition to become president, which he believed might more easily be fulfilled if he never identified himself with any political office.

Secondly he has never accepted the decoration of the Legion of Honor. Now, when he enters office as President of the Republic, he becomes automatically grand master of that order.

NEW FRENCH PREMIER CONFERS WITH CABINET

PARIS, Jan. 19.—Premier Millerand conferred this afternoon with the members of his newly appointed cabinet and then went to the Elysse Palace to visit President Poincare. It was announced that M. Millerand would present the ministers to M. Poincare at 11 o'clock Tuesday morning and later to President-elect Deschanel.

Some senator, it is understood will be appointed to head the ministry of pensions, this post having not yet been filled.

PORT ARTHUR, Jan. 19.—Ray Clarke was sentenced to three months in jail for giving false information to the police, causing Provincial Inspector Symons to make a 45 mile trip in search of a body which Clarke told him was lying near a lumber camp. It developed that Clarke told the story to "get even" with the boss who discharged him.

PROSPECTORS APPLYING FOR INCORPORATION

Provincial Executive Will Take Reins After First Annual Convention

ADOPT TWELVE RESOLUTIONS

President Mulholland Will Go to Victoria as a Delegate

At a large and enthusiastic session that lasted nearly four hours, the headquarters branch of the British Columbia Prospectors Protective Association completed its organization by the adoption of constitution and bylaws, and adopted a large number of resolutions which will be submitted to the provincial and dominion governments, and railway and smelting corporations.

To Form Delegate Body

Under the constitution adopted, the headquarters branch will continue to act in a general capacity until the first annual convention, which will be made up of delegates from the various districts and local branches. It is provided that a central executive elected by the annual convention will then take the reins, although Nelson will remain the executive headquarters. Incorporation is sought under the Benevolent Societies act, the officers named in the charter application being J. W. Mulholland, president; Cecil E. Crossley, vice-president; Fred A. Starkey, secretary; Dr. F. E. Morrison ,treasurer; James Miller and M. C. Monaghan, directors.

Many Resolutions Outlined

The following subjects were remitted to a resolution committee consisting of W. G. Joy, M. H. Barkin and James Miller, to be embodied in resolutions:

A special transportation rate on small shipments of prospectors' ore.

A special smelting rate on such small shipments.

Ore testing and sampling plants and free assays.

Powder at cost to prospectors.

A winter school of mines at Nelson under the University of British Columbia.

Opposition to the section of the engineers incorporation bill that would compel foreign mining corporations to retain local mining engineers.

Application of work expended in trail building and cabin building on assessment work and toward crown grants.

Accessible district engineers' reports on properties.

Division of the eastern district or

(Continued on Page Two)

FORT FRANCIS PAPER MOVES

Four Cars of Newsprint Are Shipped to Newspapers in West

FORT FRANCIS, Jan. 19.—Four cars of newsprint were shipped in bond through the United States this afternoon from the paper mill labelled for the west, two for Winnipeg and one each for Regina and Moose Jaw. These are the first shipments from here since Jan. 8. If all goes well with them they will be in Winnipeg on Tuesday but the outlook is still uncertain. So far as developments at Ottawa are concerned there is no change here.

NEW YORK HAS CANADIAN BUREAU

Industrial Headquarters Established to Assist Canadian and U. S. Manufacturers

OTTAWA, Jan. 19.—(C.P.)—A Canadian industrial bureau has been established at 298 Broadway, New York, and the Ottawa board of trade has been asked to co-operate. The New York Sun newspaper has been the prime mover in the establishment of this important headquarters for Canadians in New York.

It is stated that every effort will be made to make the bureau of value to Canadian cities reaching out for new industries and also to American manufacturers who are thinking of invading the field with branches of their industries. The opinion of the bureau and the services rendered will be entirely free.

SETS DATE FOR HEARING CANCELLATION PETITION

The following applications were heard in chambers at the court house yesterday by his honor, Judge J. A. Forin:

Under the Plans and Cancellations act, James O'Shea obtained an order for the hearing of a petition to cancel plan No. 1333. The hearing was set for Feb. 23, 1920.

Under the Companies' act, James O'Shea obtained an order for the Western Box & Shingle Mills, Ltd., extending the time two weeks for the return to the registrar of joint stock companies, Victoria.

In Harrison et al vs McRae, A. Donaghy, for the plaintiffs, applied to sell lands under the Execution act. Fred C. Moffatt, contra. The matter was stood over for two weeks.

The silver fir tree of Europe furnishes a resin which is the common frankincense sold in the drug stores.

SICK HEADACHES CONSTIPATION

If you have suffered from constipation for years, tried doctors and all the remedies you ever heard or read of, without getting relief, if you have been subject to all the miseries associated with constipation, such as sick and bilious headaches, biliousness, specks floating before the eyes, water brash, heartburn, jaundice and the painful, troublesome, internal bleeding or protruding piles, etc., wouldn't you consider it a blessing to be able to keep the bowels in a good healthy condition and prevent disease getting a foothold on your system.

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation.

Mrs. Malcolm McDermid, Cranton Station, N.S., writes:—"I have been sick for a number of years with sick headaches and constipation. I tried all kinds of doctor's medicine, but none did me any good. I tried Milburn's Laxa-Liver Pills, and after using four vials I am completely cured and would heartily recommend them to all sufferers."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MRS. W. WANTS A CAKE

Mrs. W. asks for a gingerbread recipe that calls for no eggs.

Please write it as briefly as possible to give the rule for mixing and baking.

Mrs. Hall has a good one, but we have not heard from her. Please send recipe to box 882, Vancouver.

For the best one we will exchange some Pacific Milk.

HERE'S HOW TO WRITE SUCCESSFUL SCENARIOS

This is the second article of a series by Monte M. Katterjohn, the famous scenario expert, in which he tells how to write plays for the motion picture screen.

(By Monte M. Katterjohn)

Scenario Writer, Author of Carmen" of the Klondike," "The Flame of the Yukon" and Other Famous Photoplays

In this installment it is my intention to give the amateur scenario writer my best advice on how to prepare his goods in order to obtain a market and get the best prices that such a market offers.

The amateur writer should not attempt to include technique in his play.

It should be of sufficient length to tell the plot, clearly and completely; use simple language and endeavor to make it read as interesteringly as possible.

Have it typewritten, as no manuscript written with pen or pencil is ever read by the studio editor.

Use only one side of the paper in preparing the play.

Always enclose a self addressed envelope when mailing to the scenario editor.

Place your name and address on the upper left hand corner of the manuscript.

Don't Write Letters

Do not write a letter saying it is your first attempt. Do not try to joke with the editor or manager of production, and above all don't try to play on the editor's sympathy.

Some persons write in that they hope that their stories will be purchased as they are frightfully hard up and in need of food and clothes. A writer who does these things never submits anything worth reading.

Give your story a title, as a majority of studios register all manuscripts under the title name.

It is not advisable for an outside writer to attempt to tell his story in continuity form. They should devote all their time to plot development. A great writer years ago said: "The play is the thing." With the screen writer, "The story is the thing." The outside writer should let the studio take care of the continuity.

In almost all studios the custom now is for the staff writer to submit to the production manager his story in detailed synopsis form. A consultation is then held in which he director, several of the players, the production manager, and perhaps the cameraman participate.

Picked to Pieces

The synopsis is picked to pieces, dramatic siuations are lifted out bodily, others added, characters are developed, and the play completely changed. Sometimes it is changed as much as seventy-five per cent.

It is then given back to the continuity writer to be placed in scene sequence. The continuity writer usually keeps in constant touch with the director at all times.

The staff writer, although knowing his continuity technique, and aware of the peculiar needs of his respective studio and what parts are best suited to the players, must even submit his story in synopsis form before it is mapped out in continuity. Occasionally, instead of submitting a synopsis in writing it is analyzed and discussed verbally before being placed in continuity form, but nevertheless, the principle is the same.

Can't Change Form

It can readily be seen that where a staff writer in a studio submits a synopsis before a continuity is started, there is no use whatever of the outside author taking time and labor in the attempt to hand in his play in this manner.

Some writers excell in taking another person's synopsis and making a continuity sheet from it. Others are better equipped to write an original synopsis. Some few have the rare combination of both attributes. It is the ability to put your story into words that counts.

And so we come to the plot itself, and its development.

While it is now understood that the imagination is the basic principle of plot construction, yet the imagination must work along constructive workmanship lines, or it is liable to be erratic.

Know Literature

A great many persons have vivid imaginations which at times seem to be nothing more or less than flights of fancy. The art of concentration must be utilized. Insane asylums are filled with untrained and undeveloped imaginations. To have a vivid imagination and then not be able to use it because of lack of training is a tragedy.

To write plays for the screen the author should have knowledge of literature, a knowledge of drama, and also be more or less a student of the screen drama. The more knowledge the writer has along these lines, the better chance he has of becoming a successful creator of picture stories.

PROSPECTORS APPLYING FOR INCORPORATION

(Continued From Page One)

the appointment of an additional district engineer for it.

Where partners of overseas soldiers allowed their halves to become delinquent, while the government kept up the soldiers' halves, these delinquent halves to be given to the said soldiers, now returned.

Misuse of prospector's cabins to be punished.

President is Delegate

President Mulholland, who was in the chair, was appointed delegate to present the resolutions affecting the provincial government, to the minister of mines and to the legislature.

He will also attend the convention of the Associated Boards of Trade of Eastern British Columbia as the representative of the association.

The association passed a resolution congratulating the prospectors of the East Kootenay on effecting an organization, and instructing the secretary to forward that branch a list of the resolutions adopted.

It was decided to tender the good offices of the association as arbitrator in despute between prospectors.

President Mulholland reported that over $200 had been subscribed or promised in Nelson to forward the objects of the association, and various corporatins interested in the Kootenay were considering the matter of making subscriptions.

The matter was raised of transportation conditions in relation to the Mountain Chief mine at Renata, and it was decided to call the attention of the Nelson board of trade to this question.

As stated in the constitution the purposes of the association are:

"For making provision by means of provisions, subscriptions, donations or otherwise against sickness, unavoidable misfortune, or death, and for relieving the widows and orphan children of members deceased.

"For the purpose of social intercourse, mutual helpfulness, mental and moral improvements and rational recreation.

"For promoting the interests and welfare of the province of British Columbia in respect of the mining industry.

"And for the purposes aforesaid from time to time to establish and maintain any number of branches thereof to promote one or more of the objects herein set forth."

LITTLE HOPE OF SAVING STEAMER

LONDON, Jan. 19.—Prospects of saving the British tank steamer Aureole, which stranded Thursday at Lister, Norway, while bound from New York to Copenhagen, and Helsingfors are poor, according to a despatch received here.

Reports received Friday of the stranding of the Aureole, a vessel of 2230 tons, net, said she was in a dangerou position with her engine room full of water, but that the crew had been saved.

GERMAN TROOPS HAVE CLASH WITH POLES

BERLIN, Jan. 19.—An official telegram received from Danzig reports a collision between German troops and Poles near Argenau, province of Posen, in which the greater part of the German occupation force fell into the hands of the Poles.

The despatch places the entire blame for the affair on the Poles, saying that they advanced several hours before the time for the evacuation of the district.

The oil shales of Scotland have been profitably worked for 70 years.

An all-steel building, 90 by 80 feet, was sent by motor truck from Youngstown, O., Milwaukee, Wis.

HIGH HEELED SHOES PUT CORNS ON TOES

Tells Women How to Dry Up a Corn so it Lifts Out Without Pain

Modern high-heeled footwear buckles the toes and produces corns, and many of the thousands of hospital cases of infection and lockjaw are the result of woman's suicidal habit of trying to cut away these painful pests.

For little cost there can be obtained at any pharmacy a quarter of an ounce of a drug called freezone, which is sufficient to rid one's feet of every hard or soft corn or callus without the slightest danger or inconvenience.

A few drops applied directly upon the tender, aching corn stops the soreness and shortly the entire corn, root and all, lifts right out. It is a sticky substance, which dries the moment it is applied, and thousand of men and women use it because the corn shrivels up and comes out without inflaming or even irritating the surrounding tissue or skin. Cut this out and try it if your corns bother you.

RED PIMPLES ITCHED TERRIBLY

On Chest, Face, Arms. Burned Badly. Cuticura Heals.

"Ever since I can remember, my chest, face, and arms were filled with dry, red pimples. They were scattered all over me, and itched terribly at times, and I scratched them, causing them to fester and get sore. Sometimes they would dry away and form scales which burned badly.

"Then I used Cuticura Soap and Ointment. I had used them two or three times when I felt better and I was healed with one box of Cuticura Ointment together with the Cuticura Soap." (Signed) Miss Bertha Kass, Russell, Manitoba, February 19, 1919.

Use Cuticura Soap and Ointment for all toilet purposes. Soap to cleanse, Ointment to heal.

Soap 25c, Ointment 25 and 50c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., Montreal.

Cuticura Soap shaves without mug.

STRIKE REPORTED ON SILVER BELL

Raise From Lower Tunnel Comes Into Shoot of Mixed Ore.

A new strike on the Silver Bell roperty at Zwicky, in the Slocan, s reported by Manager W. E. Newon. The new find, which was made raise from the lower tunnel, consts of about 12 inches of mixed e, more or less clean ore being attered through this width. Where e ore came into the raise, a drift s been started, and so far has gone s been sarted, and so far has gone e feet. The general indications are at this in the same ore body from hich stoping is going on in the per tunnel, the width above, though ing considerably larger.

The Silver Bell has altogeher about 00 feet of work in its two tunnels d raise, the latter opening into ore out midway between the tunnels. e property, which is owned by the een brothers—R. F. Green, M. P., id S. H. Green, of Kaslo—has been erated continuously since August, 18, last year shipping 135 tons of e. New cabins were built last ll, with accommodaions for 20 en. A crew of 14 is now engaged taking out ore, and since sleighing arted, four cars have been shipped. is expected that a car of ore will shipped every other week throughut the winter.

(The bond on the Silver Bell which r a short time was operated in nnection with the Silver Bell, has en relinquished.)

SHORT INTEREST CONTROLS MARKET

NEW YORK, Jan. 19.—The professional short interest was again in control during the greater part of today's very uncertain stock market, mainly because of the continued lack of public interest or support. Much of the day's news was of a hopeful tenor, the only adverse development being further delay on the part of United States supreme court, in the much discussed MacComber stock dividend tax case.

As a result of last Saturday's excellent clearing house statement, which left a liberal margin of actual excess reserves in place of the previous week's deficit cal money, relaxed visibly. The rate fell from eight per cent, the opening, to six per cent at mid-way. No marked change was manifested in the time money market, however, where the maximum bids of the past fortnight *continued to prevail, without loosening* the sources of supply to more than a minor extent.

Stocks were strong at the opening and steady at the close, but between these periods the trend was mostly reactionary. A few leaders of the class represented by General Motors, Crucible Steel, Baldwin Locomotive, United States Rubber and shippings, registered losses of from two to eight points. These were largely recovered at the end, high priced oil and affiliated issues making substantial rallies. Sales amounted to 775,000 shares.

Bonds were dull and featureless in the main, nominal changes occuring in most domestic issues except the liberty group which denoted further pressure.

Total sales, par value $13,350,000.

Old United States bonds unchanged on call.

GRAIN MARKETS

CHICAGO, Jan 19.—Cold wave predictions, together with a rather general snowstorm ,did a great deal today to make the corn market average higher. Closing prices were unsettled, varying from ⅛ cent net decline to 1¼ cent advance with May 133⅛ to 133¼ and July 131½ to 131⅝.

Oats finished ⅛ to ¼ cent to ¾ cent down, while in provisions the outcome ranged from 20 cents decline to an advance of 10 cents.

QUEBEC RAILWAY IS LEADER AT MONTREAL

MONTREAL, Jan. 9.—Quebec Railway in which trading recently has been quite active, took the leadership of the market today, dealings in this issue amounting to 4000 shares. Dominion Iron came second with 3900 shares, while Atlantic Sugar for a long time the big feature of the market was neglected to third place, dealings amounting to only 2000 shares.

At the close the price showed a net enhancement of a faction at 31¾ while at one time during the day, the stock sold as high as 32⅛ a new high price since 1918.

On the other hand, the selling of both Iron and Sugar was too much for the buying power and both issues finished the day at lower prices, iron closing a fraction and sugar 1¾ points.

Early sales of Spanish River were made at a fractional gain over Saturday at 88, but the price later yielded to 87½, unchanged from the week end with 87½ bid. The preferred held steady at 127. Other stronger stocks included Laurentide which gained three points at 273, Abitibi added one point at 276 with 275 bid, Ames Holden added one point at 135 with 134¾ bid.

The bond list was broad and irregular without any particular activity.

Total sales—Listed stocks 16,937 shares.

LIVESTOCK MARKETS

Toronto

TORONTO, Jan. 19.—(Dominion Livestock Branch)—Cattle, receipts 3326. The cattle trade was very active and prices on all grades were firm, and in some cases 20 to 25 cents higher. Seven heavy steers, averaging 1320 pounds, sold at $15.25 and a load averaging 1200 pounds, sold at 15.00. Handy weight butcher sold generally from 13.00 to 14.25 and one load at $14.50. Cows and bulls were moving up to $12.00. Heavy beef steers 14.50 to 15.25; butcher steers choice 13.90 to 14.50 butcher heifers, choice 13.00 to 14.25; butcher cows, choice 11.00 to 12.50. Butcher bull, good 10.50 to 12.00; feeding steers, good 12.00 to 12.50

Calf receipts 296. Calf trade firm and a few calves sold at 22.00 per hundredweight. Choice 19.00 to 22.00. Milch cows, choice 125 to 175; springers, choice 100 to 150.

Sheep, receipts 905. Lamb and sheep trade unchanged. Few choice lambs sold at 19.50 and ewes up to 13.00.

Ewes 10.00 to 14.00, lambs 17.50 to 20.50.

Hogs, receipts 1063. The hog market steady to firm at last weeks prices. Fed and watered, selects $17.75, light 15.25 to 16.75; heavy 16.75; sows 12.25 to 14.75.

Winnipeg

WINNIPEG, Jan. 19. (Dominion Livestock Branch)—There were 1567 cattle, 1853 hogs and 112 sheep constituting the sales in the yard over the week end. During the same period local packers absorebd 565 cattle, seven calves and 1700 hogs. Local butcher accounted for 19 calves, three cattle, 115 hogs and 47 sheep; 167 feeders and 142 hogs were shipped to points in Manitoba, while southern shipments consisted of 40 *butcher cattle and 281 feeders; 94* cattle left the yards for Toronto. Receipts in the yards up to 9 a.m. today were 770 cattle and 944 hogs. Arrivals in the yards over the week end have shown a decided decrease, there being only a very light supply of hogs, while sheep and lamb receipts were nil. There was little activity to the market today, most classes and grades selling slow at steady prices. Feeder steers were about the only class of cattle to sell freely.

Steers, fair to good 9.50 to 11.50.

Butcher heifers, choice 10.00 to 11.00; fair to good 8 .00to 9.50.

Butcher cows, choice 10.00 to 10.50, fair to good 9.00 to 9.50; medium 6.50 to 7.50; canners and cutters 5.00 to 6.00.

Bulls, good 7.00 to 8.50.

Oxen, 9.00 to 10.00; medium 8.00.

Feeders, choice 10.25 to 11.25; *fair to good 8.50 to 10.00.*

Stockers (steers and heifers) choice 7.50 to 8.50; fair to good 7.00 to 8.00; calves ,good 8.50 to 9.50.

Sheep and lambs, good lambs 1475.

Hogs, selects, 1700; heavies 15.00; lights 15.00; sows 13.00.

Montreal

MONTREAL, Jan. 19. (Dominion Livestock Branch)—Cattle receipts 1237. Prices were firmer on most grades of cattle today. The increase was most noticeable in prices paid for premium quality butcher cattle. *Twenty-five cattle averaging 1275* pounds made up of good steers and a pair of good oxen sold for 14.25. Common light steers frm 8.50 up. Tp cows and bulls 11.00 to 11.50; common bulls 7.50 to 9.00; butcher steers, good 12.00 to 14.25; butcher heifers 10.75 to 12.50; butcher cows, good 10.00 to 11.50; butcher bulls good 10.00 to 11.50. Calf receipts 201. Quotations on calves remained about even with last weeks. Good veal 15.00 to 17.00.

Sheep receipts 6.00. Firm, ewes 8.00 to 10.00; lambs, good 16.50.

Hog receipts 650 Selects and light mixed sold for 18.75 to 19.00, weighed off cars. Off car weights, selects 18.75 to 19.00; light 16.75; heavies 19.00; sows 14.75 to 15.00.

MONTREAL PRODUCE

MONTREAL, Jan. 19.—Eggs and butter weaker, showing declines. Cheese unchanged.

Cheese, finest easterns 30 to 31.

Butter, choicest creamery 65½ to 63; seconds 62 to 63.

Eggs, fresh 90; selected 62; No. 1 stock 54; No. 2 stock 51 to 52.

Potatoes per bag, car loats, $4.25 to $4.50.

METAL MARKETS

Copper steady. Electrolytic, spot and first quarter 19¼ to 19¾; second quarter 19½ to 19¾. Iron steady, No. 1 Northern 45.00; No. 2 Northern 43.25; No. 2 Southern 40.00 to 41.00. Metal exchange quotes lead firm, spot and February 875 bid, 900 asked. Zinc steady, East St. Louis delivery, spot 920 bid, 930 asked.

Vancouver—Metropolis of the Pacific.

The development which in the past twenty-five years has been the share of the vast territories stretching *west of Lake Superior*, was especially marked by the birth of new cities, which practically came out of the ground during the period of prosperity preceding the upheaval of the great war, but it was also indicated by the expansion of the towns already in existence. The prairie cities like Winnipeg, Regina, Calgary and Edmonton saw their populations increase tenfold, as a result of the considerable influx of immigrants coming from all parts of the world to seek fortune in the modern Canada. It was often made difficult for the municipal services to keep pace with the tremendous increase manifested in all directions during the boom-period.

British Columbian towns progressed almost to the same extent as those of the prairies. Vancouver, the commercial capital of the province has become one of the most important cities on the Pacific Coast. Advantageously situated on a well protected harbor and at the terminal point of the C.P.R. transcontinental line, this city on account of the extent of its trade soon became the Canadian Liverpool of the Pacific. Vancouver was not as hard hit by the war as other centres, thanks to the activities of the harbor through which, during the uncertain years of the conflict, passed enormous quantities of war material, and thousands of soldiers, either on their way to the various fronts, or coming back from the battlefields.

Vancouver was also the Mecca of the American tourists before our neighbors from the South took sides themselves with the Allied countries. Interesting on account of its cosmopolitan character, and picturesque for its situation, Vancouver has inside its limits and its surroundings a large number of natural attractions which delight the visitors. Stanley Park ,with its luxuriant vegetation, its beautiful paths and roads, and its giant trees is probably one of the most beautiful in America. Capilano Canyon that may be crossed on a suspension bridge hanging more than 200 feet over the bottom of a precipice, the magnificent beach of English Bay where thousands of bathers are seen every day in the summer months and Shaughnessy Heights are places which remain long in the memory of those who have spent some time in Vancouver.

The city is justly proud of its buildings, its comfortable hotels, its clean streets and its C.P.R. station, which is adequate to the needs of traffic. Vancouver at the present day is in a very flourishing and prosperous condition, with busy industries attracted by its strategic position on the Pacific Coast.

GERMANS LEAVE TOWNS GIVEN OVER TO POLES

BERLIN, Jan. 19.—The town of Thorne, West Prussia, given to Poland by the treaty of Verailles as part of her territory in the gateway of the Baltic, was evacuated by the Germans yesterday and taken *possession of* by the Poles. Bromberg, in the province of Posen, will become Polish on Jan. 23. Danzig is to be evacuated by the Germans on Feb. 4.

VERNON TO HAVE SOLDIER SETTLEMENT BOARD OFFICE

OTTAWA, Jan. 19.—The soldier settlement board has decided to open a district office at Vernon, B.C., providing suitable accommodation is available. The new office will handle the business of the upper country, relieving the present strain at Victoria and Vancouver and affording better facilities to those veterans of the interior who are desirous of going on the land early in the spring.

THREE MEN DIE IN ARSENAL FIRE

BALTIMORE, Md., Jan. 19. — Three men lost their lives and four others were seriously injured one probably fatally, in a fire which destroyed barracks, housing 100 employees at Edgewood Arsenal, near Aberdeen, Md., early yesterday morning. All the victims were civilians.

BRITISH TEA EXPORT MARKET ALMOST FREE

LONDON, Jan. 19 (C.P.). — The ministry of food regulations regarding the exportation of tea from the United Kingdom, have been relaxed. *They operated hitherto prejudicially* against exporters, but now tend to a practically free market.

LIVESTOCK COMMISSION MAN DROPS DEAD

TORONTO, Jan. 19. — Samuel Mooney, a member of the local livestock commission firm of Tucker and Mooney, dropped dead this afternoon while selling stock at the Union stockyards. He was 60 years of age.

THE CASE OF THE EX-KAISER.

The desirability of the allies pressing their demand to Holland for the extradition of William Hohenzollern is emphasized by the fear which is expressed by the German pan-Germanic and sabre-rattling caste that if the ex-kaiser is punished it will mean that none of them is safe.

The ex-kaiser not only bears a direct and personal responsibility for many of Germany's crimes in the war, but he stands before the world and before the German people as a symbol, as an emblem, of the party in Germany which planned the war and carried it out with such fiendish disregard for the laws of humanity and common decency.

Punishment of the ex-kaiser is essential if history is to drive home to future generations and to the Germans of today the fact that civilization will not permit great international crimes to go unpunished.

Holland's position is not without difficulty. She has a large population which is inclined to be Germanic in sympathy and in addition her whole national trade brings the closest commercial and economic relations with Germany.

If she desires to take an extreme technical position in order to save the kaiser she can take the stand that Dutch laws do not permit extradition to another country except for a crime which is held to be a crime under the laws of Holland; in other words that there can be no extradition except for an act which if committed in Holland would be a violation of Dutch law.

But as a member of the league of nations and as a solemn subscriber to the new international law of justice and right as set forth in the covenant of the league of nations, Holland can, and should, give up the kaiser for trial on the charge of which he has been indicted, by implication by the league of nations and directly by the public opinion of the world.

CLEMENCEAU SHOWED GOOD JUDGMENT.

Premier Clemenceau of France showed good judgment when he decided to refuse nomination for election as president of the French republic.

In the first place his political career does not fit him for the position. In the second place he would almost certainly have been defeated if he had entered the contest.

The Old Tiger is perhaps France's greatest man. He is one of the great world figures brought to the fore by the war. More than any other French civilian he was responsible for the victory of the allies.

Clemenceau has shown himself to be a giant as a war statesman, a mighty leader of men. No other man in France could have accomplished what Clemenceau accomplished in the dark days through which he carried his country and countrymen.

But Clemenceau has always been strongly identified with his political party. He fought opposing parties with the same tigerish ferocity with which he fought Germany. He asked no quarter. He gave none. As a minister in the French cabinet, from time to time, as a journalist, as a debater, he won the appelation "Old Tiger."

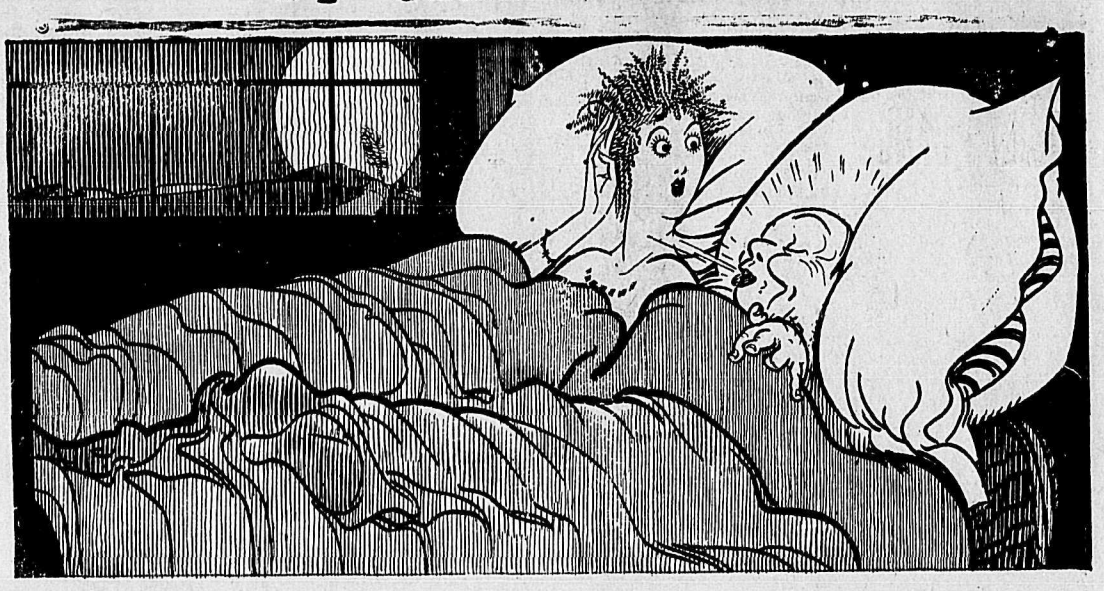
That is the kind of man to win a war. But it is not the kind of man to select as a non-partisan president, a president whose function is much the same as that of a king in a democratic country, a president, whose business is to act as the very important constitutional head of the country, but who must not participate in politics or interfere between parties.

Clemenceau as a president would have found it almost humanly impossible to "keep his fingers out of the butter." He is not built that way. Even if he did succeed in treading the neutral path of the presidency, his past record would have made the French public suspicious. He would constantly have been accused of saying this, and doing that ,interfering here, using his influence there.

No, Clemenceau is better out of it.

A horse collar of steel instead of leather has come into use in France.

Twentieth-Century-Proverbs
by · Claire · Lane · Ⓐ



Cultivate the habit of calling thy wife 'Dearie,' 'Honey,' 'Sweet heart,' and 'Peach,' for then if thou shouldst, in thy sleep or absentmindedness, address her in one of these endearing terms, it causeth not distrust.

DEFERRED NUPTIALS DEPLETE NURSERIES

1. Verily I say unto you, my Son, consider my words, whuch beareth much wisdom, and knoweth thou that a young dog more easily learneth new tricks and that a young colt more easily breaketh to harness, Therefore I say, shouldst thou desire Matrimony for a steady diet, I adjure thee to commit it whilst thou art young, lest thou develop nocturnal habits, which driveth not in double harness, and a mental attitude toward the world and women, which getteth thee above pitch, out of tune and off the hinges, and rendereth thee threafter incapable of doing anything except a bass solo.

2. Therefore, my Son,, be wise, and when thou art batted a perfectly good fly, by some designing mama, don't muff the catch, for knoweth thou that deferred matrimony maketh thee skeptical, analytical and cautious, and thou shalt become like unto a man who waketh too late for the Resurrection, with no generation to follow. .For knoweth thou that woman is made to be loved, not suspected, vivisected not analyzed, and thou shouldst be thankful that she demandeth not of thee as much as thou demandeth of her, for like unto a life sentence ,thou couldst never live to do it.

3. But heed ye also, my Son, and aspire not to marry an angel, for they dwelleth not on the Earth in female form—Therefore, I say, verily my Son, squander neither thy time nor energy in the futile seeking of that which is not, but contenteth thyself with a mere woman for better or for worse and let thy love veneer her faults, And then if she proveth for worst, spilleth not thy tears all over the bar of regret, but consider that the lady may have some shedding to do herself.

4. Give ears, my Son, and heed these words: Early in thy married life, and even before, cultivate the habit of calling thy wife 'Dearie,' 'Honey,' 'Sweetheart,' and 'Peach,' for then if thou shouldst in thy sleep or absentmindedness, address her in one of these endearing terms, it causeth not distrust. For take heed that prudence preventeth distrust, and knoweth thou that one endearing misnomer is harder to explain satisfactorily to a suspicious wife than it is to persuade her that her last year's hat is more becoming than a new one.

5. Therefore, verily I say, my Son, be wise, and knoweth thou that marriage is like unto the measles—the older one gets, the harder it takes. And unless thou beginneth young and getteth used to it in thy youth, thou art liable in thy old age to get exposed and have it both ways, for be it known that science hath not yet devised a vaccination which maketh a man immune against the desire to love and be loved by the ladies.

DYING ON YOUR ENEMY'S DOORSTEP.

Germany threatens to smash the remnants or Teutonic civilization into chaos just to show the allies that they drove an unduly hard bargain with the conquered Huns.

The Toronto Telegram thinks that Germans pattern their procedure against the allies on the Chinese model. The aggrieved Chinaman takes vengeance upon an enemy by killing himself on that enemy's doorstep. The enemy will get over being sorry before the self-slaughtered Chinaman will get over being dead.

So with the Germans. The Huns who smash the semblance of German civilization will hit themselves harder than they will hit anybody else.

ARCHDEACON BEER FARES AFIELD

LETTER NO. 10

TRINIDAD, Dec 16, 1919.

To the Editor of the Daily News:

Dear Mr. Editor:

I take up the story of my wanderings at the point where I left off.

After leaving Dominica late in the night, we reached St. Lucia about 7 o'clock in the morning. St. Lucia is situated on a deep bay, and there is a dock alongside of which the Chignecto tied. There was no difficulty going ashore, therefore, and as the weather was fine, the passengers were soon overrunning the town. As soon as I got off the dock, a boy, about 15 froze to me and I could not shake him off. I told him I did not need any assistance but that made no difference to him; he followed into stores, snatching my parcels to carry for me, and I did not get rid of him until I again reached the steamer. I was foolish enough to reward him for his pertinacity by giving him two copper pennies I happened to have. It is wonderful how a certain class of these colored people force themselves upon one.

Breadfruit and Sugarcane

In walking around the town I saw many strange sights, and I would have liked to have tasted some of the cakes and candies I saw in the baskets of old women, but everyhing around them seemed so dirty that I was afraid to venture. The breadfruit tree was growing near the police station, and bananas were growing everywhere. In the market I noticed many kinds of fish, some so repulsively like snakes that I should hesitate to eat of them if I knew it. When I was a child in Gibraltar, I was as fond of sugarcane as other children, so I thought I would renew my acquaintance with it, but I found it too hard and harsh for my teeth, and threw it overboard. The boys of St. Lucia came alongside to dive for pennies, and they were quite as clever divers as at Dominica. I made a few purchases in the stores, and found prices more reasonable than in Bermuda.

Mule Driving in Barbadoes

After dark we left for Barbadoes, where we arrived at 6 o'clock next morning. We had to lie off quite a distance at Barbadoes, but the day was fine, so there was no special difficulty. I was told that the island is one of the most densely populated places on the earth, and it is, in some respects at any rate, far from being progressive. They have, for instance, street care hauled by a pair of wretched mules. It takes three colored men to run the car, one to hold the lines and manage the brake, another to take up the fares and the third to wield the whip. When they come to certain points all the passengers get off that car and climb on another. I only remained on shore for a short time, during which I was busy looking up a friend and transacting other small business, and since I am going back to Barbadoes to remain a short time, I shall say nothing more about it just now. Our passenger list was gfreatly increased by a number of school girls going home to St. Vincent, Grenada and Trinidad, for the Christmas holidays.

We reached St. Vincent early on the morning of the 12th, bnt as we did not remain long I did not go ashore, but from the ship I noticed that some of the land cultivated was much steeper than that worked by the Chinamen on the hills near Rossland.

The Sights of Trinidad

After running all day we reached Grenada after dark and left during the night for Trinidad which we reached early Saturady morning, and before noon I had secured a room in an hotel called the "Ice House." I pay $2.50 a day, and if I call for fried eggs or anything not on the menu I pay extra. The accommodation I should say is about as good as a $2 house in Nelson. We have the open bar here and a flourishing business is carried on.

We have a very mixed population here, quite a section of it is from India, but these East Indians are not at all like our Hindoos. The Sihk, as you know, is a fine looking man, but these are small and puny and not at all robust. They seem to be peddlars of sweet cakes and small stuff of that kind, but I do not think they work very hard, and many of them not at all. They have their women with them, and most of them have golden bangles in their noses. It looks very funny to see a large gold stud on each side of the nose and the bangle hanging from the septum in the centre, but I suppose that though it looks so strange to me, it is not really more so than for some other women we

(Continued on Page Seven.)

NASAL CATARRH

Though Very Common It Is a Serious Disease—Worse at This Season

It is an inflammation of the mucous membrane, causing a discharge, and is aggravated by colds and sudden changes of weather, but depends on an impure condition of the blood. When chronic it may develop into consumption by breaking down the delicate lung tissues and impairing the general health.

Begin treatment with Hood's Sarsaparilla at once. This medicine purifies the blood, removes the cause of the disease, and gives permanent relief. It has been entirely satisfactory to three generations.

If a cathartic is needed take Hoods Pills,—they enliven the liver, regulate the bowels.

AT YOUR·BEST

Keep your body well nourished, it means blood red and pure and efficient, buoyant health. It's logical to protect your strength with

SCOTT'S EMULSION

Its tonic-nourishing virtues impart vigor to every part. You may depend upon the abundant nourishing properties of *Scott's* to protect strength.

Scott & Bowne, Toronto, Ont. 19-14

THIS IS ONE WAY!

How can I begin the New Year right?

Here is one way: Possess yourself of a good watch—a Birks'. End the annoyance of finding yourself behind time through a faulty timepiece. Prevent further possibility of loss of time and money by having a watch you can fully rely on—a Birks'.

Men's Watches from $20. Ladies' Bracelet Watches from $18. Send for particulars.

Birks "DIAMONDS OF QUALITY"

VANCOUVER, B. C.

COURTESY TO THE CALLER

When you answer the telephone, you are courteous in your answer. If you are answering a business telephone, however, it would be more courteous if instead of saying "Hello," you announced the name of the firm or department. One greets another on the street with "Hello," but then one sees the other and there is no need to announce the person speaking. On the telephone it is different. You anticipate what a person wants to know when you reply to a call, "This is Hoe & Company, Mr. Blank speaking."

Abbey's EFFERVESCENT SALT

Acts Like Fresh Fruit

Keeps You Healthy

Recommended by Physicians for

Indigestion
Biliousness
Constipation
Nervousness
Sleeplessness
No Appetite
Seasickness
Headaches
Neuralgia
Poor Complexion
Kidney Trouble
Impure Blood

For over a quarter of a century, Abbey's Salt has been keeping people well who are well, and helping those, who are in poor health, to be better.

Abbey's Salt is a blood purifier—a tonic—a laxative—a kidney regulator. Its beneficial effects are felt on every organ of the body. It cleanses and purifies the whole system. It invigorates mind and body. It quickly relieves such distressing troubles as attacks of Biliousness, Indigestion, Headaches and Pain in the Back; and effectively prevents more serious ailments.

Try this pleasant way of keeping well. Get a bottle of Abbey's Salt and take a glass every morning before breakfast.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about $2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex (50 cents worth) in a 16-oz bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

Men's Shoes

All the best known makes, including Regal, Invictus and J. & T. Bell. Black or brown, priced from $6.50 to $13.00.

R. Andrew & Co.
Leaders in Foot Fashions

TORONTO, Jan. 19.—The immensely valuable library of the late Sir William Osler, bart, has been bequeather to his Alma Mater, McGill, according to the terms of the late physician's will, it is said here today. The collection of books is said to include practically everything useful in modern medicine and numerous works pertaining to ancient healing arts.

DON'T SPOIL YOUR HAIR BY WASHING IT

When you wash your hair be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified cocoanut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it *loosens and takes out every particle* of dust, dirt and dandruff.

Kootenay and Boundary

TENNIS CLUB HOLDS DANCE

CRANBROOK, Jan. 19. — The Cranbrook tennis club held its annual dance at the parish hall Thursday evening. An orchestra supplied the music, the ladies of the club furnished the refreshments, and Messrs. Wallinger and MacDonald acted as floor managers. During the evening the prizes won in the summer tournament were distributed by Mrs. G. Erickson.

A lively reception awaited the homecoming of Harry Doris on Thursday afternoon. His marriage took place in the morning to Miss Florence Baker of Fernie, and the staff of the Hudson Garage, where the groom is employed, met the party with a gaily decorated auto truck and serenaded the pair to their home.

Mrs. J. R. Rumsey is suffering with neuritis.

Warren Bowness and Crossley Taylor have returned to the Western Canada college at Calgary.

E. Doner is back from Los Angeles and other Californian points after a month's vacation.

On account of the soft weather the curling rinks that went to Lethbridge had to return as the bonspiel was postponed.

The annual meeting of the Rod and Gun club on Tuesday evening at the city hall was well attended. Lester Clapp presided, and spoke of the increase in membership and the bright prospects for the club. Secrtary Cooper submitted his report, and after all expenses were paid there was a balance of $146.51. It is the intention of the association to bring in motion pictures dealing with wild life in British Columbia. Frank Dunn of the Game Conservation board will procure all the necessary information as to films, etc., during his visit to Victoria.

The following were elected to office for 1920: President, E. T. Cooper; vice-president, J. P. Fink; secretary-treasurer, J. F. Guimont; directors, Lester Clapp, Harvey Brown, D. A. Sutherland, P. Adams, J. W. Spence, A. R. Webster and F. H. Dezall; district vice-presidents — Yahk, G Milroy; Moyie, Sandy Cameron; Kimberley, Arthur Ward; St. Mary's Lake, Chas. Evans.

J. F. Hutchcroft, speaking for the newly formed Prospectors' association, dwelt at some length with the abuse of privilege on the part of fishermen in destroying cabins of miners, and even the pilfering of tools. He urged the spirit of fair play among fishermen. A resolution was passed authorizing Mr. Dunn to take up with the head of the provincial police the question of issuing game licenses by other than provincial constables. It was felt that men appointed by responsible clubs situated at convenient fishing and hunting resorts would be in a better position to effect this work inasmuch as tourists from Alberta and American points are under the impression that this scheme is actually in operation.

Hon. J. H. King met the executives of the board of trade and the district automobile association on Wednesday last.

Joe Barret has returned to the city after a month's holiday.

WANETA ITEMS

WANETA, Jan. 19.—A. D. Fredricks returned from Nelson the beginning of the week.

Mrs. Wick and Miss Lola Wick drove in to Trail on Tuesday.

Mrs. Symonds was up from Seattle visiting friends this week.

Mrs. Barchard has resigned her position as teacher of the local school and is now teaching at Columbia Gardens.

I. W. Falls is in from Spokane.

John Heintz is taking hay up to the ranch in his new truck.

Owing to the unusually poor crops resulting from drought conditions in summer, several carloads of hay have been purchased by the ranchers this winter.

BENTON SIDING

BENTON SIDING, Jan. 19. — Mrs. A. McLaughlin, Maple Leaf ranch, returned today from a week's visit to friends in Nelson.

Miss Mary Barkley arrived home today. During the last few weeks Miss Barkley has been visiting her sister, Mrs. H. P. Graham of Cranbrook.

Mrs. Richards of Stafford, Eng., arrived here last week to fill the place left vacant by Mrs. Pargee, now at Nelson.

ROSSLAND PERSONALS

ROSSLAND, Jan. 19.—Mrs. R. G. Gordon and grandson Gordan Lyall, who has been in the city for the past fortnight, left Saturday evening for Vancouver.

Mrs. L. A. Campbell and daughter Louise left this evening for Vancouver

Miss Beatrice Bloomfield, who has been visiting at her home in Penticton for the last month returned Friday evening.

T. H. Stout returned Friday night from a visit to the coast.

Mrs. A. W. Rossland entertained a number of friends Friday afternoon to tea.

G. H. Kilburn, mining engineer who has been in the city for a few days, left this evening for Vancouver.

E. Leo of Trail spent Sunday in the city.

Miss Vera Muddell, principal of the high school, entertained her class to a theatre party Saturday afternoon.

Miss Grace Lougheed of Trail was *a visitor to the city yesterday.*

Mrs. C. F. McNaughton of Trail spent the day in the city visiting friends

Mrs. J. Maclaughlin of Trail spent Friday in the city.

Mrs. J. G. Denison was a weekend guest of Mr. and Mrs. H. W. Atkinson.

Mrs. H. H. Johnstone gave a bridge party Saturday evening.

Mrs. H. C. A. Cornish is able to be out again after being in the house for a time suffering from a fall on the ice.

Howard Wilson who was operated on a few weeks ago was able to leave the hospital yesterday.

INDIGESTION CAN'T STAY

Stomach Pain, Sourness, Gases, and Acidity ended with "Pape's Diapepsin"

Out-of-order stomachs feel fine at once! When meals don't fit and you belch gas, acids and undigested food. When you feel indigestion pain, lumps of distress in stomach, heartburn or headache. Here is *instant relief.*

Just as soon as you eat a tablet or two of Pape's Diapepsin all the dyspepsia, indigestion and stomach distress caused by acidity will end. These pleasant, harmless tablets of Pape's Diapepsin always put sick, upset, acid stomachs in order at once and they cost so little at drug stores.

TEN MILLION DOLLARS FOR MACHINERY EXPORT

WASHINGTON, Jan. 19.—A further grant of $10,000,000 for machinery to be exported to England, France, Italy and Belgium, was announced today by the war finance corporation.

STRIKES, NOT POLITICS, URGES O.B.U. MEMBER

HAMILTON, Jan. 19.—Isaac Bainbridge, a One Big Union man and organizer for the Amalgamated Garment Workers' union, declared here that he has no hope for the emancipation of the working classes of the world by political action. He considers the industrial problems will have to be settled on the industrial field through the application of the strike weapon.

CAMBRIDGE TO ELECT NEW PUBLIC ORATOR

LONDON, Jan. 19.—(C.A.P.)—Cambridge University will elect a public orator in succession to Sir John Sandyson, Wednesday. The favorite candidate is Prof. T. R. Glover, some time Latin professor at Queen's University.

YALE MAY HAVE TRACK MEET IN ENGLAND

NEWHAVEN, Conn., Jan. 19.—Yale University will probably accept the invitation for a track meet in England this spring, Professor C. W. Mendell, chairman of the athletic board of control stated today.

It is understood at Yale that Harvard will be unable to accompany the Blue on this trip as has been the case heretofore.

WOULD GIVE PREFERENCE TO ENGLISH GOODS

KINGSTON, Jamaica, Jan. 19.—The government is considering a proposal to grant preference to English goods imported here. The rate of exchange having a prejudicial effect on American goods and large orders usually placed at this time of year are being withheld.

EDITH CAVELL BETRAYER TRIED

Appeal Court Waived Conviction in October and Order New Trial

PARIS, Jan. 19.—Georges Gaston Quien, convicted and condemned to death in September last on charges of having had treasonable dealings with the Germans and having betrayed to them Edith Cavell, the English nurse, appeared before a court martial for trial for the second time today.

The court of appeals set aside Quien's conviction last October and a new trial was ordered. The ground taken by counsel for Quien in appealing against the verdict was that the vote of the court martial *was four to three, whereas, it should* have been five to two.

FRENCH CABINET IS TAKING FORM

New Premier Begins Task Early; Lefevre Slated for War Minister

PARIS, Jan. 19.—M. Millerand began his task of cabinet making at an early hour today and reached a point where he could make known the result to President-elect Deschanel and President Poincaire.

When Raoul Peret declined the war portfolio, preferring to reserve himself for the presidency of the chamber, M. Millerand offered the ministry of war to Andre Lefevre, who yesterday said he preferred that office to that of minister of public works. The minister of finance, Frederick Marsal, who is not a member of parliament, was appointed on the mechanical and financial skill he showed at at the war ministry. He is 46 years of age and was graduated from St. Cyr Military college with a number of records. He began the war as a captain of unmounted chasseurs. Shortly afterwards he was attached to the staff of Gen. Rouques, minister of war, and then joined Geh. Castelnau's staff.

M. Clemenceau recalled M. Marsal to the ministry of war in 1917 and he remained there, occupied with economic and financial questions until demobilization, then became director of the various banking and business concerns.

WINNIPEG STILL WITHOUT PAPERS

Government Stands Firm on Embargo in Spite of Strong Protest

OTTAWA, Jan. 19 (C.P.). — No newsprint supplies reached Winnipeg today and the suspension of thre city newspapers continues. It is reported that two cars were shipped to Winnipeg tonight over the United States lines from the Fort Francis mill. The supplies contained in these two cars would only suffice to meet the requirements of the Winnipeg papers for from two to three days, and no assurance has been received of further shipments promising permanent relief.

Every effort is being brought to bear to force the Canadian government to lift the embargo lodged against the export of paper shipments from the mill of the Fort Francis Pulp & Paper company. Individual United States dailies that receive newsprint supplies from this Canadian mill, United States press associations and the government of the United States have all made strong representations to the Canadian government. Even the British government has communicated with the Canadian government on the subject of the action taken against the Fort Francis mill. The Canadian government, however, is standing firmly by its embargo orders and sternly refusing to consider its removal or permit any paper to be exported until the Fort Francis Pulp Paper company yields obedience to the order of the dominion paper controller of Jan. 10.

KENORA, Jan. 19.—Ernest Butt, aged 23, son of William Butt, was accidentally killed on Saturday while shooting in the township of Jaffray in company with his brother and another young man. He had been hauling the shotgun on a toboggan and when lifting it off, the trigger caught on something, causing the explosion. The shot entered the abdomen and he only survived about an hour. He was a returned soldier.

PARIS, Jan. 19.—According to the Paris edition of the New York Herald President Wilson has asked for a delay by the league of nations in the matter concerning the Saar Valley until the United States has appointed delegates to the league, but that nevertheless the Saar commission was appointed without reference to the United States.

FARMERS WILL DISCUSS ACTION

Alberta Organization Opens Convention Today; Open Door Policy Is Favored

CALGARY, Jan. 19.—(C.P.)—With political action and the national marketing of wheat on the tapis, and with opinion on both these subjects pretty well divided, there is every prospect of an interesting time when the United Farmers of Alberta get under way with their annual convention, opening here tomorrow.

The political situation is somewhat complicated. On the one hand, the political executive, grown into full being since last year's annual gathering, is advocating entry into the provincial as well as the federal field. This executive urges, further that the open door principle shall be followed so as to give all adherents to the farmers platform the right to participate in the nomination of farmers candidates. On the other hand many old time members of the organization, including President H. W. Wood, believe that while the support of every man, woman and child believing in the farmers platform, should be carefully engendered, the actual nominating power should remain in the hands of members of the farmers' organization. There is talk of a compromise being affected. The gist of which is to allow the farmers to stay with their organization as much, but for political purposes, to invite the support of every person in sympathy with the principles of the farmers platform now known as the new national policy.

National marketing of wheat promises to create lots of discussion since H. W. Wood is a member of the wheat board. Many delegates are anxious to question Mr. Wood on the activities of the board. One resolution from the Wetaskiwin district asks Mr. Wood "To make a lucid statement of how the wheat board has cared for the interests of the farmers, and why their wheat is not now being marketed in the United Statese where it would influence the adverse exchange rate.

AMENDMENT FOR SCHOOLS PASSES

Alberta Rural Sections Will be Given Secondary Education Facilities

REGINA, Jan. 19.—Today saw the conclusion in the Saskatchewan assembly of the debate on the question of providing additional facilities for secondary education for children in the rural sections, by the passage o the amendment submitted by J. C. Gardiner, north Qu'Appelle. The amendment which was passed without a dissenting voice requests the government to provide to rural public schools, undertaking high school work, similar assistance to that now being given schools in the smaller towns and villages doing this class of work.

The most important measure before the assembly was the bill providing the necessary machinery to enable municipalities in the drought stricken areas to provide relief in the form of coal, flour, and odder by means of loans. The bill provides or the payment of a maximum interest rate of eight per cent for these loans.

BELIEVE SMALL WAS KIDNAPPED

Was in Possession of Million Dollar Check When He Disappeared

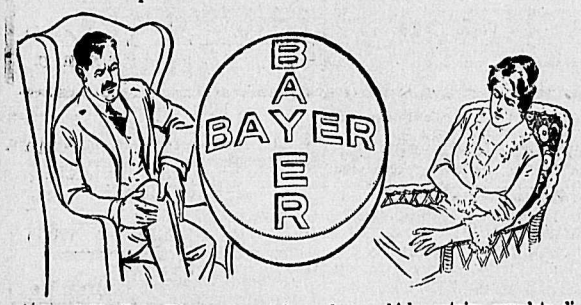
TORONTO, Jan. 19.—The mysterious disappearance of Ambrose J. Small, former owner of the Grand opera house here, who sold his theatrical interests to the Trans-Canada Theatres, limited, and received a check for a million dollars when the deal was completed, Dec. 2 last, and has not been seen or heard from since that date, is now attributed to kidnapping. A Toronto detective, accompanied by a local lawyer, has gone to New York to try to obtain some clue to the missing man. It is said the Gotham visit is the result of a communication by the police here.

The five great rivers of Central Europe are all born in the Alpine glaciers.

Natives of the South Seas make copra by splitting cocoanuts in two and drying them on the ground.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"



For Colds, Pain, Rheumatism, Aching Joints, Lumbago, Sciatica, Neuritis, and for Headache, Neuralgia, Toothache, Earache, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the *genuine Aspirin* prescribed by physicians for over nineteen years. Now made in Canada.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Why are Peps best for children? Because they contain absolutely no harmful drugs. Because, when dissolved in the mouth, they are breathed down to the air passages and lungs—not swallowed to the child's delicate stomach, which is so easily upset; and because they are so pleasant to take that children never refuse them. Peps provide health-giving pine-forest fumes in pastille form. When these pastilles are dissolved in the mouth they throw off pine vapor, such as is breathed by dwellers in pine forests, and which is so highly recommended by the medical profession as being without equal for all ailments of the throat, breathing passages and lungs. These pine vapors released when Peps are taken, penetrate to all parts of the breathing organs, bringing relief and healing to the sore and inflamed membranes, ending that tight feeling in the chest, making breathing easy and stopping any cough. Keep Peps handy this winter and use them freely. Give them to the children when the first symptom of a cough or a cold appears. Just as suitable for adults. All dealers 50c. box.

General News of the City

NEW COUNCIL GETS DOWN TO BUSINESS

Committees Appointed and Reports Dealt With; Recommendations Made

Reports of the heads of the various departments, a statement by Mayor McDonald on the policy he would like to see carried out by the council during 1920, and the announcement of the standing committees, mainly occupied the time of the newly elected city council at its first meeting last night. In the majority of instances discussion ensued on reports as the citizens' new representatives endeavored to obtain the data that would give them first hand knowledge of matters of great civic import but in the end they were referred back to the respective committees for consideration and real business will commence at the next council meeting on Feb. 2.

One of the features of the meeting, outside of the fact that it was the first city council meeting in Nelson at which a woman alderman sat, was the presence of a considerable delegation of women citizens who took a keen interest in the business.

Bean Heads Finance

The standing committees announced by the mayor last night were:

Finance—Ald. C. H. Bean, chairman; Ald. J. O. Patenaude and Ald. C. F. McHardy

Fire, water and light—Ald. J. O. Patenaude, chairman; Ald. C. H. Bean, Ald. C. F. McHardy

Board of works—Ald. John Bell, chairman; Ald. A. A. Perrier and Ald. J. O. Patenaude.

Street railway—Ald. Mrs. Garland Foster, chairman; Ald. A. A. Perrier and Ald. John Bell.

Gas—Ald. A. A. Perrier, chairman; Ald. C. H. Bean and Ald. C. F McHardy.

Parks, cemetery and health committee—Ald. C. F. McHardy, chairman, Ald. Mrs. W. Garland Foster and Ald. John Bell.

Fire wardens—Ald C. F. McHardy and Ald. A. A. Perrier.

City representative on the board of the Kootenay Lake General Hospital—Ald. Mrs. W. Garland Foster.

Wants Cooperation

Mayor McDonald in his address to the council, stated:

"I am sure that we all appreciate the honor that has been conferred upon us by our fellow citizens, and in return for that honor it is our duty to give the best that is in us to see that the affairs of the city are carried on in a business-like manner.

"I would like to impress upon the council the necessity of cooperation at all of our meetings. Let us not forget that we are not representing any one body of our people, but were elected to look after the interests of all in Nelson.

"I would like to ask you to air your grievances here in the council, and not in the streets. I have appointed the chairmen for the different committees. I expect them to do their duty to the city, and if they will not do that, not to complain if the mayor goes over their heads in order to protect the citizens.

"I have instructed the head of the electrical department that we will expect efficiency in all departments under his charge, and to run all departments so that if there is a possibility of showing a profit, they will do so.

Want Street Foreman

"Streets—I consider, after one year in office, that the present city foreman is not competent for the job. We require a man that will get results for our money—a man who can give us figures on whatever street work we undertake—who will keep supplies on hand for city work—keep his eyes open that the streets are in good condition.

"Our scavenger department is a heavy loser and the work is not being done to the satisfaction of our citizens. I want the council to figure out a way to remedy this department.

"I would like the street railway committee to go ahead and try to arrange for one-man-cars as soon as possible.

"Gas department—I am going to take the petition from the gas consumers to Ottawa this week, and do my utmost to get permission to manufacure this gas here.

"Finance—I believe it is the duty of the finance committee to see that the city office gets the money. Our revenue is not large enough to make any extensive improvements, and it is poor policy to be paying out in bank interest, which can be overcome by the people paying their bills promptly.

Water Works Question

"The water works question should be taken up as soon as possible and the data secured as to cost of work. In conclusion I wish to say to all the citizens of Nelson—I am mayor for the next twelve months, and if there is any discourtesy or unfair treatment from any employee, kindly report same to me personally.

"The estimates should be made in advance for all expenditures."

The street railway and gas plant reports of H. P. Thomas, city electrician for 1919, were referred back to their respective committees for consideration while a lengthy report was received from D. Guthrie, chief of the fire brigade which was referred back to the ire, water and light committee.

The Fire Menace

The fire chief reported there had been no deaths, casualties or accidents through fires during the year. Up to the last month of 1919 the fire loss had been light but in the last two months of the year a number of large fires took place which raised the fire loss to above the total for last year. The chief dealt at length with the preventibility of fires and the necessity of co-operation among the citizens in combatting the fire menace. He recommended that all citizens take an interest and become members of the Fire Prevention league which had recently been formed.

He referred to the fact that fire caused by neglect was a crime and stated that the law would be carried out in future in this connection. He pointed out many precautionary measures and recommendations which would lower the fire loss greatly.

Fire Loss in 1919

During 1919 there had been 27 alarms. The loss to buildings where fires occurred was $12,159 and to contents $11,540, making a total of $23,699, or an inirease of $19,189 over the loss in 1918.

The insurance on buildings where fires occured was $118,250, on contents, $79,900 or a total of $198,-100 while the insurance paid was, on buildings $8,775, on contents $5,590 or a total of $14,365. This shows the total fire loss to have been $9,334 over the insurance paid.

These figures, pointed out the chief, were all exclusive of the fire on the water front when damage to launches and boat houses lost amounted to $11,000.

The value of buildings at risk where fires occurred was $105,000 and the value of contents under similar circumstances was $116,000.

Department Expenses

The fire department expenses were: Salaries, $7873.50; horses, feed, etc., $782; auto upkeep, $130; six new tires, $645; fuel, $562; supplies $285.75; insurance and telephone, $358; fire alarm system maintenance, $2.05; Total $10,658.30.

The mileage run by the auto fire truck during the year was 74 miles and the total cost was $775 which included six new tires which were guaranteed for five years service.

The average water pressure for the year had been 147 pounds and the chief outlined the manner in which the firemen and fire wardens had inspected the city especially in the dry season. Alterations had been recommended to the foundations of the opera house. He concluded his report with the following recommendations.

Wants Garage Bylaw

1. The passage of a bylaw with respect to garage construction, location and regulation; 2, the purchase of 300 feet of new hose; 3, the installation of another fire alarm box; 4, an increase of 10 per cent in the pay of all firemen; 5, the purchase of an auto license for the city fire truck.

The thanks of the department were extended to the retiring city council, the various city officials, the police and citizens and The Daily News and the chief personally mentioned the members of the fire brigade for their loyalty during the year.

To Appoint Library Board

The library bylaw passed by the ratepayers was finally passed and adopted and at the next meeting of the council a library board for the administration of the new civic institution will be appointed.

The matter of taking up the provincial loan under the better housing scheme was referred to the finance committee for report.

The following members of the council will constitute the court of revision to sit on Feb. 9 in connection with the civic assessment: Mayor J. A. McDonald, Ald. John Bell, Ald. Mrs. W. Garland Foster, Ald. A. A. Perrier, Ald. C. H. Bean and Ald. C.F. McHardy.

Mayor McDonald spoke on the necessity of 6 new city weigh scales and the matter was referred to the board of works for report

Mayor McDonald who expects to leave tomorrow for the east was authorized to take with him the petition of the gas users for the alteration of the plant to permit of the manufacture of "Producer" gas. He will take the matter up with the department at Ottawa and endeavor to have the bylaw assented to there. He had, he said, approached R. F. Green M.P. for West Kootenay on the subject and would have every assistance from the member.

New Isolation Hospital

Dr. Isabel Arthur, city medical health officer, and Ald. Mrs. W. Garland Foster were authorized to go into the matter of a new site for an isolation hospital. They will report at the next meeting of the council.

The medical health officer also urged that the matter of further accommodation in the district for tubercular patients be taken up with the provincial government in an effort to obtain some necessary action.

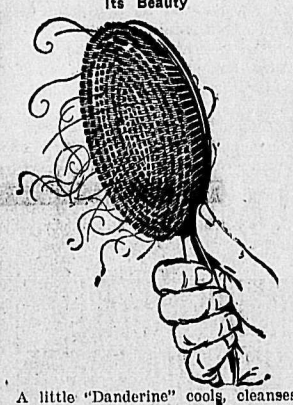
The council will meet until further notice on alternate Mondays.

WANTED

Lumber, Lath, Shingles, Posts, Cordwood. If you have any to sell, write us, stating what you have, and your price. Revelstoke Sawmill Co., Ltd., Calgary, Alberta.

LET 'DANDERINE' SAVE YOUR HAIR

Check Ugly Dandruff! Stop Hair Coming Out and Double Its Beauty



A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the famished hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, or getting thin, dry or fading.

After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows new life, vigor brightness, more color and thickness

A few cents buys a bottle of delightful "Danderine" at any drug of toilet counter.

SQUEEZED TO DEATH

Look for the name Gold Medal on every box and accept no imitation

Got Rid of The Cough That Sticks

Some coughs seem hard to shake off—stick right to you in spite of all you do to get rid of them.

Those are the kind of coughs that are dangerous—that weaken the lungs so that the germs of consumption find a ready foothold.

We know of no remedy that will cure stubborn coughs—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It allays the inflammation, soothes the irritation and heals the diseased mucous lining of the lungs and bronchial tubes.

Mrs. Geo. Allen, Petite de Grat Bridge, N.S., writes:—"Last winter I had an awful cough that kept me in the house for over two months. I tried several cough remedies, but got no relief. I was almost discouraged when a grocer here offered me a bottle of Dr. Wood's Norway Pine Syrup. After taking that one my coughing began to cease. I took two more and they cured me completely."

Get the genuine Dr. Wood's Norway Pine Syrup; put up in a yellow wrapper; 3 pine trees the trade mark; price 25c. and 50c.; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

AM-BUK

This illustrates but one of the many uses to which Zam-Buk, the great herbal balm, is daily put. Accidents will happen, especially where there are children. Mothers should never be without Zam-Buk. Zam-Buk is the best "First Aid." Its strong antiseptic properties kill all germs, preventing blood-poisoning and inflammation. Its rich, herbal essences quickly ease pain and build up new healthy tissue. Zam-Buk is entirely different from all other ointments. It is purely herbal and contains no poisonous coloring matter. Take no substitute. See the name on every box before paying.

ZAM-BUK HEALED SEVERE CUT

Mrs. J. E. Bierwirth of Carnduff, Sask., writes: "My little son cut the end off his finger. As it was such a severe cut, I was going to take him to a doctor, but in the meantime to ease the pain, I applied some Zam-Buk. This stopped the bleeding and gave him such relief that he ceased crying and seemed quite at ease. I therefore decided to see if Zam-Buk would heal the wound. Next day I replaced the dressing, and continued to do so each day, using nothing but Zam-Buk. Complete cure resulted."

Zam-Buk sold by all druggists and stores, or Zam-Buk Co., Toronto, 50c box.

FREE Send this coupon (name of paper) and 1c stamp for sample box. Address Zam-Buk Co., Toronto.

CHDEACON BEER FARES AFIELD

(Continued from Page Four)

y of to have their ears decorated golden bangles and rings. ese Hindoo women also have a number of silver bracelets on arms; sometimes they reach the wrist to the elbow, and I ght if they would sell one or of these bracelets and buy a nt dress it would be an exge for the better. Some of men also wear neither shirt nor ts, but a piece of cotton wrapped ehow around their middle, and mall jacket or blouse on their ies.

nother strange thing I saw to—a number of colored women e unloading coal. They carried their heads a box which I should ss contained 30 or 40 pounds of . It was lifted on to the head the help of another, then the han carried it ashore for a dise of 100 feet or so. She then ped it on the pile, and returned more. It seemed to me to be a pretty strenuous job to keep up hour after hour in a temperature of 70 degrees above or more. Not many of our men would do it day in and day out for any length of time.

I shall be in Trinidad for more than another week, so shall have another letter to write before going to Demerara.

H. BEER.

TOBACCO SERIES No. IV

Drawing made from an actual photograph of a Tobacco Auction in Virginia. The finest grade of leaf intended for export purposes is keenly contested for among bidders.

The "Tobacco with a Heart" is just as keenly sought after by men who know a good smoke or chew.

MACDONALD'S TOBACCO

Smoking and Chewing

"The Tobacco with a heart"

Madame Delysia, the famous French actress, with Carpentier, the idol of the boxing world. Great public interest was taken in the recent boxing match between Georges Carpentier and Joe Beckett, the latter being knocked out in the first round. Carpentier is looking for a match with Dempsey, the world's champion.

Women of the Bayanzi tribe of Central Africa shave the tops of their heads while the men wear lonk hair.

News of Sport

ST. PATRICKS DEFEAT QUEBEC PUCK CHASERS

TORONTO, Jan. 19.—One of the largest crowds of the season turned out here Saturday night to see the St. Patricks hand Quebec an 8 to 3 defeat. Matte, the former Hamilton Tiger star, was every bit as effective as he was in the O.H.A. and he made himself solid with the fans by his fearless efforts.

During the intermission between the second and third periods Matte was given some timely advice by Manager Heffernan and he responded by scoring two goals in the first three minutes of this period. Goldie Prodgers, although not in condition, showed flashes of his old time form and delighted the fans with some brilliant rushes.

The lineup was as follows:

Quebec — Brophie, Mummery, carpenter, Carey, MacDonald, Malone.

St. Patricks — Mitchell, Matte, Heffernan, Randall, Noble, Deneny.

Referee—Cooper Smeaton.

WEATHER COLDER, CURLERS HAPPY

Opening of Postponed Annual B. C. Bonspiel Is Imminent

Members of Nelson's curling fraternity were all smiles yesterday when the weather broke once more and old demon frost began to get in his work again. The smiles grew broader as the day grew older and thermometers and barometers were the popular instruments of the day. As a result of the turn in the weather it seemed likely last night that the big bonspiel of the British Columbia Curling association would be in full swing in a matter of a day or so. The 'spiel was to have started yesterday, but this was impossible owing to the mildness of the weather.

The officials of the bonpiel will meet this morning and if conditions remain favorable the date will be set for the first draw in the big event.

So far twelve out of town rinks have placed their entries with George Horstead, 'spiel secretary. These include four from Rossland, four from Trail, two from Grand Forks and two from Penticton, and it is anticipated there will be more outside entries before the affair gets started.

Ten events are lined up for the bonspiel besides the points competition. They are:

British Columbia championship grand aggregate, first prize, value $50; second prize, value $30.

Grand Challenge, 54th battalion competition, first prize, value $50; second prize, value $30.

Fit Reform cup, all comers, first prize, value $50; second prize, value $40.

Nelson Cup, first prize, value $80; second prize, value $50.

Boundary Cup, first and second prizes, donated by Grand Forks and Phoenix Curling clubs.

Rossland cup and second prizes, donated by Rossland Curling club.

Trail Cup, first and second prizes, donated by Trail curling club.

Cammel-Laird cup, first prize, donated by Cammel-Laird company, and second prize by W. J. Meagher and company.

Consolidated trophy, first and second prizes are donated by the staff of the Consolidated Mining & Smelting Company.

P. Burns and company's cup, first prize, value $50; second prize, value $30.

Points competition, first prize, value $10; second prize, value $7; third prize, value $6.50; fourth prize value $6; fifth prize, value $3.75; sixth prize, value $2.50.

LIQUOR COMMISSION UNDER SASKATCHEWAN ACT

REGINA, Jan. 18.—While a complete draft of the bill to regulate the sale of liquor which is to be introduced in the Saskatchewan assembly on Thursday has not yet been made it is known that the measure will embody the proposals made to the government by the social service council. The essential features of the bill will be a provision requiring druggists to purchase liquor supplies from one wholesale concern to be designated by the government, or a commission, the latter being most likely. The commission will consist of three and have the administration of the act.

EGYPTIAN BANDITS MAKE BIG GETAWAY

CAIRO, Jan. 19.—A band of armed men Saturday tore up the rails and derailed the Luxor-Cairo express 70 miles south of Cairo. They then attacked the postal car, seized about £2000 and wounded a postal clerk. The escort of a band of prioners on the train fired upon and dispersed the marauders, whose object is believed to have been solely to rob the train.

FOUR-YEAR-OLD GIRL BURNED TO DEATH

PORT HOPE, Jan. 19.—Gladys Marshall, four years of age, was burned to death at her home at Canton, four miles from this town, yesterday, while her mother was absent.

SIR ADAM BECK IS NOW ABLE TO TRAVEL

LONDON, Jan. 19.—(C.A.P.)—Sir Adam and Lady Beck have left Bournemouth, where Sir Adam was in a nursing home with pneumonia, and will sail for Canada if the doctor permits, on Feb. 18.

LISTER SOLDIER SETTLEMENT IS MAKING STEADY STRIDES

Over Six Hundred Acres Wholly or Partly Re-Claimed from Wilderness; Forty-five Men of Family on Strength; of School of Thirty-five Pupils; Will Have Portable Sawmill.

That the soldier settlement at Lister can now boast 90 acres ready for the plow, 120 acres sleshed, burned and stumped, and 400 acres slashed, was the statement made by Lieut.-Col. Fred. Lister, superintendent of the settlement, a day or two ago, when in Nelson. The permanent camp has grown till it is now capable of housing 250 men and there is a general store, and a school, the latter being the center of all social and religious activity in the settlement. Altogether 7000 acres of land is embraced in the settlement scheme, and that has been accomplished since the middle of last August.

About 120 men of whom 40 are married and have families, are living in the settlement, the present plan being to allot unmarried man a shack or small house measuring 12 by 18 feet, temporarily, and, in the case of a married man with a family, to allot two such buildings temporarily, in the neighborhood of the camp for a residence.

Settlers Are Employed

Work is found for the men at the rate of $4 pay a day for eight hours work, and should a man prove adaptable to conditions likely to prevail on a farm, he is taken on the strength of the settlement permanently.

The whole 7000 acres is to be cut up into 20-acres blocks and lots will be drawn for them by the men in the order of their registry on the strength of the settlement each man taking the block of land falling to him in the draw. So far 40 blocks have been allotted, and 75 more will be drawn for before March.

Each 20 acre block allotted has five acres already cleared of stumps, plowed, disced and harrowed ready for the crop, and another five acres will at the option of the settler, be slashed over and burned, and so prepared for seeding to pasture. A house will be erected worth from $500 to $900, accordingly as the settler is married or single.

How Loan is Applied

However, officials of the board emphasize the fact that all this is not to be regarded as a gift, as the policy of the board is not to give anything away, but to assist men in getting a good start on the land. The purchase price of the land is charged up to a man as well as the cost of all improvements made at the expense of the board, the maximum allowance being $2000, to be expended in land or improvements to it; $1000 for building and $500 for fencing. The total used must be paid back again to the dominion government in annual instalments within a period of 20 years.

Although the settlement plan is open to any soldier of the allied forces, special provision an added inducement is offered to ex-service men that enlisted in British Columbia for whom $500 is taken off the purchase price of the land. This grant does not apply to any one that enlisted outside the province.

Already three men are installed in their homes on their own lots, and seven houses are under construction that will permit seven more men to move to their land as soon as weather permits. Fourteen carpenters are at work building such structures and by spring a number of other houses will be ready for occupation.

For the social side of life much has ben done. The school accommodates the 35 children of school age resident there, and is used for social gatherings of all descriptions. In this connection the Y.M.C.A. and the Knight of Columbus have done much to assist the settlers by providing books, magazines, games and gramophones.

Tractors for Heavy Work

Four Cleveland tractors are at the settlement ready for land operations in the spring, with a complete line of farm implements, and to enable the settlers to cut their own lumber for all purposes Lieut.-Col. F. Lister visited Nakusp last week in connection with the purchase of a portable saw mill.

YMIR AND NELSON OLD-TIMER PASSES

Percy Jaynes Dies at Victoria—Left Four Years Ago.

Percy Franklin Jaynes, an old-timer of the Nelson and Ymir districts, who removed a few years ago to Cowichan, died in Victoria Royal Jubilee hospital recently. The Cowichan Leader, published at Duncan, has the following appreciation of the late Mr. Jaynes:

With the death of Percy Franklin Jaynes there passes another of the dwindling band of those who took part in shaping the early history of Duncan and Cowichan lake. He was the third son of the late Edwin Jaynes, Hucclecote Court, Glouchestershire, England, and was born there 69 years ago.

He came out to Canada in early life and, after a time spent at Barry, Ont., journeyed here some 30 years ago. He was associated with his brother, W. P. Jaynes, for two years, and then entered into partnership with F. H. Price. They erected the old Quamichan hotel, and after disposing of their interest, went to Cowichan lake, where they built the Lakeside hotel in 1893.

Mr. Jaynes finally sold out to his partner, and went to Ymir, where he was connected with gold mining until the mines closed some four years ago. He then came o reside with his sister, Mrs. C. E. Scholey,, at Cowichan lake. He will be greatly missed by residents there. He was one of those who helped to put Duncan "on the map," by inducing the powers to locate a railway station at this point. He was also one of the company which erected the old agricultural hall at Duncan.

Mr. Jaynes died at the Royal Jubilee hospital, Victoria, last Thursday, evening (Jan. 1). The funeral was in Monday afternoon at St. Peters, Quamichan. Rev F. L. Stephenson conducted the service in the church. At the graveside the impressive ritual of the Masonic order was carried out by officers and members of Temple lodge, A. F. and A. M. Besides his brother and sister and relatives in this district, Mr. Jaynes leaves two brothers in England, Dr. V. A. Jaynes, Kent; and Frank Jaynes, Cheltenham.

MAYOR INSTRUCTS POLICE RE POLICY

Games for Money Must Not Take Place; Police Commission to Meet

After having been sworn in as mayor of the city for the ensuing year one of Mayor J. A. McDonald's first official acts was to issue instructions to the police force as to the policy to be pursued during his term of police office. Dealing with these instructions the mayor said:

"In instructed the chief of police to clean up everything in the city that needed cleaning up; that there were to be no card games of any kind for money nor pea pool nor games of pool of any kind for money. I further instructed the chief that I intended to enforce this law if it was necessary for me to put on a dozen special police.

"Last year when I was elected I gave instructions there was to be no gambling and during my administration I never changed that order though rumors were circulated that there was some gambling. If such took place it certainly was not through any sanction of mine. I am now going to put an end to it all if I have to put a special policeman in every corner of the city."

The mayor, as chairman of the board of police commissioners, states there will be a meeting of the commissioners upon the return from the coast of Commissioner T. L. Bloomer. At this meeting the instructions already issued to the police will be confirmed.

CORN

is cheaper than wheat, and can be freely fed during the colder weather. Scratch Food is also more economical than wheat at the present costs.

We have both.

BUSY BASKETBALL SEASON IS AHEAD

Nelson Teams Play in Chewelah and Colville Next Week-end

On Friday morning Nelson's senior Y.M.C.A. basketball team will leave on a visit to Colville and Chewelah, Wash., to meet the senior basketball representatives of each of those American cities. An effort is also being made to arrange a game in Chewelah for the senior Y.M.C.A. ladies' team.

The team will play in Chewelah on Friday night, returning to Colville on Saturday and playing in that city on Saturday night. Hard games are expected in both cities and the boys will be hard at practice at the "Y" on each of the three remaining evenings.

A regular schedule of games is being outlined by the basketball committee of the "Y" and when the plans are matured the city will have all kinds of real good sport in line which is expected to boom the great indoor game. Games are being arranged with as many as possible of the neighboring towns and cities both on the Canadian and American side of the line and devotees of the game will be given a splendid opportunity to see just what real basketball is.

The tentative schedule arranged to date is as follows:

Jan. 23—Nelson teams at Chewelah, Wash.

Jan. 24—Nelson team at Colville, Wash.

Jan. 31—Plans under way to have Northport High school boys' and senior ladies' teams in Nelson.

Feb. 7—Colville High school boys' and girls' teams in Nelson.

Feb. 14—Date open. Efforts being made to arrange games with Cranbrook.

Feb. 21—Colville senior ladies' and men's teams in Nelson.

Feb. 28—Nelson senior ladies' and high school boys' teams at Kaslo.

March 6—Cranbrook senior teams in Nelson. Nelson High school boys' and girls' team in Colville.

Further games are also being arranged with these and other points in the district.

SUCCESSFUL DANCE IN AID OF COMFORT FUND

A good attendance was registered at the dance in aid of the comfort fund for the soldier patients of the Kootenay Lake General hospital and of Balfour sanatorium, which was held last evening in the Eagle hall.

D. Wade and G. Langill organized the affair and their efforts met with decided success, as considerably over 50 couples, mainly of the younger element in the city, turned out to swell the receipts for the fund while helping themselves to an evening's pleasure.

PLYMOUTH, Jan. 19.—Baron Van Swinderen, Dutch minister to Great Britain, sailed today on board the Rotterdam for New York. He is going to Washington, where his son is critically ill.

NELSON NEWS OF THE DAY

Eno's Fruit Salt—New lot just arrived. $1.00 bottle. Rutherford Drug Co. (5984)

Irene Walker appeared in the city police court yesterday morning before Police Magistrate E. A. Crease and was fined $25 on the charge of of failing to keep a proper register at a boarding house. She was also fined $50 on a charge of vagrancy.
