VOL. 17 No. 54 — NELSON, B. C., SATURDAY MORNING, JUNE 15, 1918 — 50c PER MONTH

GERMAN DEAD COVER FIELDS AFTER VAIN RUSH ON ALLIED LINE

WESTERNERS ARE HONORED

Sir Douglas Haig Submits List

COMMENDS MANY CANADIAN FIGHTERS

Despatch Is Continuation of One Issued On April 7

(By Daily News Leased Wire.)

LONDON, June 14.—The following is a continuation of Sir Douglas Haig's despatch of April 7, submitting names deserving of special mention in the Canadian forces. Westerners mentioned are:

Capt. D. H. Barnett, M. C., British Columbia; Col. H. A. Bruce, Canadian A. M. C.; Major-Gen. H. E. Burstall, C. B., C. M. G., D. S. O., A. D. C., Canadian army; Major L. V. M. Cosgrave, D. S. O., Canadian army; Lieut.-Gen. Sir A. W. Currie, K. C. B., K. C. M. G.; Major (Lieut.-Col.) A. B. Cuteleigh, Canadian A. V. C.; Brig.-Gen. W. O. Dodds, C. M. G., Canadian F. A.; Major F. Duguid, Canadian F. A.; Major (temporary Lieut.-Col.) C. E. Edgett, Canadian A. V. C.; Brig.-Gen. J. L. Embury, C. M. G., Saskatoon; Major J. F. Foulkes, A. S. C.; Major G. H. R. Gibson, A. M. C.; Major L. C. Goodeve, D. S. O., artillery; Major G. G. Greer, A. M. C.; Brig.-Gen. W. A. Griesbach, C. M. G., D. S. O.; Major, the son of E. G. Grosvenor, D. S. O., M. C., British Columbia; Major (temporary Lieut.-Col.) A. L. Hamilton, Capt. F. Hennessy, M. C., A. S. C.; Major (acting Lieut.-Col). H. F. H. Hrestzberg, D. S. O., M. C., engineers; Lieut.-Col. Houlston, engineers; Col. F. M. Jacques, D. S. O., A. M. C.; Lieut.-Col. A. M. Jarvis, C. M. G., general list.

Brig.-Gen. H. D. B. Ketchen, C. M. G.; W. B. M. King, D. S. O., artillery; Brig.-Gen. J. H. Macbrien, C. M. G., D. S. O.; Major A. C. McDonnelly, C. B., C. M. G., D. S. O., cavalry; Major (temporary Lieut.-Col.) D. E. Macintyre, D. S. O., M. C., Saskatchewan; Col. A. G. L. McNaughton, D. S. O., A. M. C.; Lieut. (acting Capt.) A. C. Lewis, engineers; Lieut-Col. H. M. Matthews, Manitoba; Brig.-Gen. J. S. Mitchell, D. C. O., artillery; Major (temporary Lieut.-Col.) F. J. Montague, D. S. O., M. C., Manitoba; Lieut. W. G. More, Saskatchewan; Major W. B. Neilson, British Columbia; Lieut.-Col. (temporary Brig.-Gen.) V. W. Odlum, C. M. G., D. S. O., British Columbia; Lieut. (acting Capt.) E. G. Palmer, Alberta; Lieut.-Col. E. Deb. Panet, C. M. G., D. S. O., artillery; Lieut.-Col. J. L. Parsons, D. S. O., Saskatchewan; Capt. T. H. Phimer, A. S. C.; Capt. R. H Richardson, M. C., Manitoba; Cal. A. E. Ross, C. M. G., A. M. C.; Lieut.-Col. (temporary Brig.-Gen.) J. M. Ross, D. S. O., British Columbia; Major C. G. Saunders, veterinary corps; Capt. D. Skinner, Canadian hubb-staff; Major (temporary Col.) A. E. Snell, D. S. O., A. M. C.; Major F. T. Steele, D. S. O., Manitoba; Lieut.-Col. (temporary Brig.-Gen.) J. W. Stewart, C. M. G.; Lieut. temporary Capt.) C. C. Stiggard, Manitoba; Major T. A. M. Taylor, M. C.; Brig.-Gen. J. S. Thacker, C. M. G., Canadian field artillery; Major D. A. White, artillery; Corp. A. D. Aiken, 106183; Sergt. William Baker, 130300; Pte. (acting Sergt.) J. Fitch; Corp. T. Pickles.

Major D. S. Bowie, D. S. O.; Major C. L. Caldwell, Lieut.-Col. R. R. Patterson, D. S. O.; Major W. J. Charpe, Lieut.-Col. C. T. Vanstrauzenzee,

(Continued on Page Two.)

215 REGISTERED LAST EVENING

Central School Is Busy Place During Registration Hours—8 O'Clock Is Starting Hour Tonight

Starting shortly after 7 o'clock last evening there was a steady stream of men and women to the public school to register under the registration of the man and woman power. The principal's rooms were crowded all evening and the number recorded brought the total for the two nights up to 291. Two hundred and fifteen registered last evening.

E. A. Crease, who is in charge of the registering at the public school, pointed out that the registration was for every resident over 16 years of age. It had been reported that it was not for men or women over 60 years of age. He pointed out that there was no advanced age limit excusing registration. Everyone must be recorded.

There are over 150 registration depots in the West Kootenay district and about 700 officials will be at work on June 22. More workers, especially for Saturday, June 22, were needed, it was pointed out. Many have already communicated with W. E. Wasson, E. A. Crease, Rev. F. H. Graham, J. H. Lawrence, William Irvine and C. W. Busk, who are recording names of those who are willing to act voluntarily.

The registration in the evenings will be carried out at the public school from 8 to 10 o'clock tonight and next week and it is expected that a large proportion of the residents of Nelson will be registered before June 22 and that there will be no great congestion on that day.

36,000 AUSTRIAN WOMEN JOIN ARMY TO GET FOOD

(By Daily News Leased Wire.)

GENEVA, June 14.—Some 36,000 Austrian women and girls of all ages and classes have been forced by hunger to join the women's battalions working close to the front lines, according to reports from the Austrian Tyrole today.

TUNNEL UNDER ENGLISH CHANNEL, AFTER WAR JOB

(By Daily News Leased Wire.)

LONDON, June 14.—One of the enterprises which will be brought up and carried to completion after the war will be a tunnel under the English Channel. Sir Arthur Felt, chairman of the house of commons channel committee, speaking at a meeting in London yesterday, explained the importance of such between England and France. He thought it would be practicable for the line to run from London to Constantinople without break or change of gauge. Eventually, when normal times are restored, the line might be extended from London to Calcutta, to Cape Town and to Pekin, he said.

ALLIES TAKE PRISONERS IN EASTERN THEATRE

(By Daily News Leased Wire.)

PARIS, June 14.—An official report on operations in the east, June 13, reads:

"There has been activity by the artillery on the greater part of this front. To the west of Lake Ochrida we have enlarged our gains to the north and south of Devoli. We captured 71 additional prisoners during this operation."

PETROGRAD DEFENSE

(By Daily News Leased Wire.)

LONDON, June 14.—A despatch to the Exchange Telegraph company from Moscow says there are indications that the Germans are preparing to start operations again in the Psovk district and that the question of the deefnse of Petrograd has been raised anew.

ALLIES HALT FOE IN ITALY

Enemy Attempts to Force Tonale Line

ENTENTE RESISTS FIERCE ASSAULTS

Second Attempt Crushed by Barrage Fire of the Defenders

(By Daily News Leased Wire.)

ROME, June 14.—The statement issued by the Italian war department today follows:

"In the early hours yesterday after an intense and extended artillery preparation the enemy attempted to force the defenses of Tonale pass by launching an infantry attack against Cady summit and the Monticello ridge, immediately north and south of an important road. Owing to the firm resistance of our troops the assault was broken up on our advanced lines. Later, our infantry counterattacked and the deadly concentration of our artillery fire arrested the enemy and definitely drove him back.

"An enemy attack again was attempted north of the road between 9 p.m. and 11 p.m., but was promptly crushed by our barrage fire. The loss to the enemy, particularly in supports, was very heavy. We captured 180 prisoners and several machine guns.

"One enemy airplane was downed. One of our airships, notwithstanding difficult atmospheric conditions, carried out effective work."

LIFTS DUTY ON SOME MACHINES

Government Will Allow Agricultral Implements of Certain Kinds to Be Imported Free.

(By Daily News Leased Wire.)

OTTAWA, June 14.—By order in council it is enacted that 'during the period of the war and until otherwise ordered, machines for agricultural purposes and vehicles and implements moved by mechanical power may be imported free of duty by a settler, if actally owned abroad by the settler for at least six months before his removal to Canada and subject to regulations prescribed by the minister of customs."

It is further provided that machines entered free as settlers' effects may not so be entered unless brought by the settler on his first arrival. Further, they are not to be sold or otherwise disposed of without payment of duty until after 12 months' actual use in Canada.

NO MAN SHOULD STRIKE NOW—CARVELL

(By Daily News Leased Wire.)

HALIFAX, N.S., June 14.—"No man has a right to go on strike at this time, no matter how great the provocation," was Hon. Frank B. Carvell's statement when he arrived at New Glasgow tonight, in company with Hon. J. D. Reid.

The ministers were met at the depot hy representatives of the strikers, who came to present their case. The strike leaders received a very sympathetic reception from the minister of public works, who remarked that "everybody now has either to work or fight."

WINNIPEG STRIKE WILL NOT TAKE PLACE

(By Daily News Leased Wire.)

WINNIPEG, June 14.—During a meeting of the executive of the Metal Trades council tonight a wire was received from the minister of labor asking that the threatened strike in the trades affected be postponed. On his assurance that steps toward negotiation toward settlement would be inaugurated and that R. S. Ward had been appointed to act for the minister of labor, the suggestion was agreed to. The strike, which was scheduled to be effective tomorrow morning will, therefore, not take place.

GEN. GUILLAUMAT TO HAVE DEFENSE OF PARIS

(By Daily News Leased Wire.)

PARIS, June 14.—Gen. Guillaumat has been transferred from the post of commander in chief of allied troops in the Balkans to that of military governor of Paris and intrusted with the defense of the capital. He succeeds Gen. Dubail, who has been assigned to other duties.

Gen. Dubail has been appointed grand chancellor of the Legion of Honor, in succession to Gen. Georges A. Florentine. This appointment is one of the highest honors bestowed by the government.

TORRENTS WASH AWAY ROADBED

At Least Seven Gaps Are Reported on Main Line—Columbia Still Rises.

(By Daily News Leased Wire.)

REVELSTOKE, B. C., June 14.—Reports of washouts on the eastern division of the main line of the Canadian Pacific railway continue to come in, no less than seven existing at present between Revelstoke and Field, among the worst of which are at Greely, Glacier, Moberley and a point a short distance west of Field. No outgoing traffic has moved out of Revelstoke until this evening, when trains from the west, which arrived during the day, ar being headed westward again via Spence's Bridge. No immediate relief is looked for for several days, as it will take some time to repair the roadbed at so many points. Conditions are unchanged on the south line from Revelstoke to Arrowhead, connecting with Arrow lake steamers, the slide at Greenslide being one of considerable proportion. The Columbia river is a raging torrent, and has reached a height which is almost equal with the known record. The traffic bridge is now closed to all but milk rigs and rigs of light weight.

Recent heavy rain storms in Nelson district caused numerous delays to train service. The bridges between Alamo and Sandon were in such a shaky condition yesterday that the Slocan train did not run over this part of the line. Passengers had to walk from Sandon to Alamo.

There will be no train on the Lardo branch today. The bridges were considered unsafe as they were being undermined by the unusual flow of water in the Lardo river. The bridges are being inspected and it is not thought that the water will rise much more and the service may be resumed next week.

The Nasookin made an extra trip to Kootenay Landing last evening to bring main line passengers through the West Kootenay route to the coast. It is stated that she will arrive today and that there are over a hundred passengers to be taken to the coast by the Kettle Valley route.

BRITISH STEAMER FIGHTS SUB ALL DAY LONG

(By Daily News Leased Wire.)

AN ATLANTIC PORT, June 14.—A story of an all-day fight yesterday with a German submarine off the Virginia coast was brought here by the captain of a British steamship. He said the raider gave up the chase 70 miles from the Virginia capes, apparently fearing to brave the coast patrol vessels.

The captain, whose ship is one of the few armed craft to be attacked by the U-boast since they came to American waters, said the Germans showed no disposition to come within range of the guns of his armed guards of British bluejackets, though he trailed him at long range for several hours. Several shots were fired without effect.

NEUTRAL SEAMEN KILLED.

(By Daily News Leased Wire.)

LONDON, June 14.—Norwegian seamen to the number of 970 thus far have been killed as a result of submarine attacks or by mines, according to a statement made to the annual meeting of the Norwegian Shipowners' association, says a despatch to the Exchange Telegraph company from Copenhagen.

The despatch adds that the chairman of the war insurance commission said that 89 Norwegian ships had been sunk and that 669,000,000 kroner had been paid by the war insurance board.

U. S. MOVEMENT STIFFENS WHOLE ALLIED LINE

(By Daily News Leased Wire.)

WASHINGTON, June 14.—Members of the house committee, at their weekly war department conference today, were told that the stream of American troops steadily moving to the front had resulted in a noticeable stiffening of the whole allied line. The Germans, it was said, apparently had encountered greater numerical strength than they had expected to oppose their third great drive and had suffered heavier losses than they probably had anticipated.

BAVARIANS SEND FOOD TO FAMISHED SOLDIERS

(By Daily News Leased Wire.)

GENEVA, June 13.—The Neueste Nachrichten of Munich, a copy of which has been received here, says the Tyrol has begun to suffer from famine both among the civilians and the troops. The Bavarians, therefore, have sent from their food reserves 3500 tons of potatoes and 80 tons of saurkraut to the sufferers. This fact is considered in Geneva as a possible explanation of the virtual inactivity of the Austrian troops on the Italian front.

PRINCE QUITS PARTY.

(By Daily News Leased Wire.)

WASHINGTON, June 14.—Resignation of Prince Radziwill as president of the Polish party of the German reichstag is reported from Berne, in an official despatch today from Paris.

EXPECT FRUIT TO RUN AVERAGE

Officials Say Frosts Will Bring Big Yield in Okanagan Down to Usual

(By Daily News Leased Wire.)

VERNON, B.C., June 14.—Officials of the Dominion and provincial horticultural departments, after a thorough investigation, are of the opinion that the frosts in the last week of May have damaged the orchards to an extent that will mean a reduction in output throughout the Okanagan of about 20 per cent from what was expected earlier in the year. As numbers of young orchards are coming into bearing this year, the total crop, however, probably will be about equal to that of last season. As prices promise to be exceptionally high, the cash returns probably will exceed largely those of any previous year.

The district is suffering from an unusually long period of dry weather and unless heavy rains come within the next week or so the vegetable and grain crops will be light. Considerable damage has been done by an unprecedented host of cutworms, which have ravaged the crops in many sections.

E. C. Hunt, provincial horticulturist, stated in the city last evening that he considered the prospects in the Nelson district were good for a 25 per cent better crop this year than last; at least so far as strawberries, apples and pears were concerned. Plums did not blossom as well this year as last, he said. There had been no damage from lack of rain. The recent rains had just come at the right time and as far as he knew the rain had been general throughout the district with the exception of Creston. The heavy soil in that district had made rain not as essential as in the remainder of the district. He considered that the general outlook was for a bumper crop this year.

R. J. SMITH GOES TO SPOKANE

Local Railway Official Is Promoted to District Traffic Agent—Still Heads Nelson District.

R. J. Smith, district freight and passenger agent of the Great Northern railway at Nelson, has been promoted to the position of district traffic agent at Spokane. The change will become effective today. Mr. and Mrs. Smith have been residents in Nelson for the past five years. Mr. Smith expects to leave for Spokane on Mnoday morning but in his new capacity will visit Nelson from time to time.

The change is in line with consolidations which are being effected throughout the system. Nelson and Spokane territories are being consolidated, consequently Mr. Smith will continue to have jurisdiction over the Nelson branch.

Mr. Smith entered the service as a telegraph operator. He became agent, then chief clerk to a divisional superintendent. Next he was train despatcher, then general agent at Grand Forks, N.D., from which position he came to Nelson.

Mrs. Smith and son expect to move to Spokane about the first week in July.

SOVIET DEPUTIES TO MEET ON JUNE 28

(By Daily News Leased Wire.)

LONDON, June 14.—A despatch to the Exchange Telegraph company from Moscow says the central executive has summoned a meeting of the soviet deputies for June 28.

The despatch adds that food riots have occurred at Kinessma, in the government of Kostroma, where a crowd of 20,000 persons besieged the soviet officers.

Machine guns were used to disperse the crowd, a number of persons being killed or wounded.

WILSON EXPECTS "YES."

(By Daily News Leased Wire.)

WASHINGTON, June 14—Evidences that President Wilson intends to see that the recommendations of the war labor board are followed out to the letter, was seen today in the text of his communication to the heads of the two great telegraph companies, asking that they accept the board's findings in their controversy with their employees.

COWICHAN MAN IN BRITISH CASUALTIES; MISSING

(By Daily News Leased Wire.)

LONDON, June 14.—Lieut. Reginald Cross of the Yeomanry, killed while carrying a wounded man in No Man's Land, enlisted originally with the Strathcona Horse.

Capt. R. H. Cutze of the Manchesters, posted as missing, belonged to Cowichan, B.C.

AMSTERDAM, June 14.—The public sale of the art collection of 165 pictures owned by the late Gaston von Mallmann of Berlin realized 1,000,000 marks. Murillo's "Immaculata" brought 84,000 marks.

ENTENTE AGAIN SEES ENEMY WEAKEN ON ROAD TO PARIS

Momentum of Offensive Wanes

LITTLE ACTION ON SIXTH DAY

Military Officials Look for Big Main Effort Soon

(By Associated Press.)

The attempted drive by the armies of the German crown prince toward Paris seems definitely to have been checked. With thousands of their men having been fed to the guns on the Montdidier-Noyon and Soissons-Villers-Cotterets sectors in the mad rush to pierce the allied lines in these regions and thus gain a fairway to the French capital, the maneuvers of the German commanders apparently have brought to the German arms nothing more than the obliteration of the Noyon salient and the capture of a few unimportant positions south of Soissons near the outskirts of the Villers-Cotterets forest.

Small Local Actions

Friday, the sixth day of the offensive between Noyon and Montdidier, witnessed only small local actions, the depleted German forces evidently fearing again to test the mettle of the French and allied troops whose guns, machine guns and rifles had worked such havoc among them. Less than three days was required by the allies to bring the enemy to a virtual halt south of the Aisne.

The feeling still prevails in military circles in France that the main effort of the Germans has not yet been launched and speculation is rife as to when it will come and what the objective will be—whether Paris or the channel ports. It is known that the enemy has still large effectives behind the lines, thousands of them from the Russian front.

Armies of Gen. Foch, however, are very watchful and are of such strength and morale as to lead to the belief that, no matter where the enemy chooses to oppose them, they will be able to give a splendid account of themselves.

Artillery Fire Near Arras

Seemingly, it is not improbable that Field Marshal Haig's forces will be asked again to measure their strength against the Germans and that territory near Arras or in the Scarpe sector or before both positions may be chosen by the Germans as the theatre. In both these sectors the German guns are again working with the violence that generally presages an attack. At last accounts, however, the intensity of the infantry had not been unleashed.

In the Marne sector there is almost continuous artillery activity in the region of Chateau-Thierry, where the Americans are fighting beside the French. On the other sectors of the front comparative quiet prevails.

Airmen Are Busy

American, British and French airmen continue to carry out aerial operations above and behind the enemy lines. Fights in the air are numerous and large quantities of explosives are dropped upon military positions far behind the battle area. American airmen have participated in the bombing assaults and returned safely to their stations, although they were heavily shelled by anti-aircraft guns.

Infantry Is Quiet.

PARIS, June 14.—During the course

(Continued on Page Two.)

SLIDES AT GREELY AND GREENSLIDE BLOCK TRAFFIC

(Special to The Daily News.)

REVELSTOKE, B.C., June 14.—A slide at Greely, six miles east of here on the main line of the Canadian Pacific railway, has blocked traffic both ways. Yesterday's south train connecting with the steamer on the Arrow lakes has not arrived owing to a slide at Greenslide, 10 miles from Revelstoke. Passengers arrived here in a caboose last night and southbound travelers were forwarded in the same manner this morning to be transferred at the slide. Every available man has been employed to clear away the debris.

The Columbia river at Revelstoke continues to rise and the traffic bridge is threatened.

CONGRATULATE AMERICA ON CLOSE OF WAR YEAR

(By Daily News Leased Wire.)

WASHINGTON, June 14.—Messages of congratulation on the anniversary of the arrival in France addressed to Gen. Pershing by President Poincare, Premier Clemenceau, Gen. Foch and Gen. Petain were made public here today by Gen. Marsh, chief of staff.

Gen. Foch's message reads:

"A year ago brought to us the American sword. Today we have seen it strike. It is the certain pledge of victory. By it our hearts are more closely united than ever."

President Poincare's message warmly praises "the valiant troops which you command, who so admirably conducted themselves in the recent battles."

10 HUN AIRCRAFT ALLIES THURSDAY TOLL

(By Daily News Leased Wire.)

LONDON, June 14.—The report issued by the war office tonight dealing with aerial operations reads:

"On Thursday low clouds impeded work in the air but our machines took advantage of spells of clearer weather to make observations for artillery fire. Nine tons of bombs were dropped by us on the Zeebrugge mole, on the Armentieres and Comines stations and on targets in the French battle area.

"Ten hostile airplanes were destroyed during the day and two were driven down out of control. In addition, a German balloon was brought down in flames. We lost five machines. A heavy mist prevented flying during the night."

CANADA DENIES STORY ABOUT AMERICAN VISITORS

(By Daily News Leased Wire.)

OTTAWA, June 14.—The Canada registration board has issued specific denial of a story published in the Detroit Free Press yesterday, under Toronto date, to the effect that American visitors to Canada after June 22 must register at a postoffice before they could get hotel accommodation or railway transportation.

Secretary De Wolfe of the Canada registration board declares such a statement absolutely incorrect and misleading.

BYELECTION IN VICTORIA WILL BE ON JUNE 28

VICTORIA, June 14.—The byelection in Victoria occasioned by the death of Hon. H. C. Brewster is announced for June 28 next. Nominations will close two days prior. Mrs. Spofford is mentioned as independent candidate and Major W. H. Langley will likely run as the Liberal contestant.

ASQUITH PAYS TRIBUTE TO GALLANT SOLDIERS

Former British Premier Speaks at Luncheon of Advertising Men in London

(By Daily News Leased Wire.)

LONDON, June 14.—Former Premier Asquith, who since his name was drawn into the Pemberton-Billing trial recently, has received many tokens of sympathy from his countrymen of all grades of politics, today was accorded a great reception when he appeared as a guest at the luncheon of the Idlewych club, an organization of advertising men. Viscount Mersey presided and when Mr. Asquith arose to reply to a toast to his health, the large assemblage cheered him again and again.

The former premier said there was no use cloaking the fact, or minimizing its gravity, the allies had reached a most critical point in the fortunes of war. But nothing that had happened on the western front since the last week of March, he said, would in the slightest degree weaken British alliance to the great purpose for which the British people are fighting or their determination to press on to the final accomplishment of their aims.

Mr. Asquith paid a tribute to the Anglo-French armies, who have been fighting since the opening of the summer campaign and whose retirement, he declared, "has been conducted with coolness, gallantry and unfailing readiness to take advantage of every opportunity to counter-attack."

The ex-premier, reiterating that whatever might be the issue of the present phase of the campaign, nothing could weaken British allegiance "to the purpose for which we are fighting," said the entry of America into the fighting, coupled with the other phases of the world, had introduced newer methods. "Whatever else might happen in the future, all must realize that the old diplomatic machine, however honorably and skillfully worked, is a thing of the past," he asserted.

"It is our determination to provide against a recurrence of the horrors which have scourged mankind and devastated the world, not only by repression and punishment, but by bringing into life and into effect action, a corporate judgment conscious of common interest and common duty and subject to the restraining force of the whole civilized world."

U. S. FLIERS GO BEHIND FRONT LINES IN ATTACK

American Squadron Makes Initial Flight into Enemy Country—Admiralty Statement.

(By Daily News Leased Wire.)

WITH THE AMERICAN ARMY IN FRANCE, June 14.—The first American bombing squadron to operate behind the front successfully raided the Baronincourt railway at a point northwest of Briey late Wednesday, dropping many bombs. It is believed that several direct hits were made by the five planes participating.

A large number of German albatross machines attacked the bombers after they had performed their mission and were returning home. Three of the albatrosses attempted to cut off two of the American bombers, but themselves were attacked by other American planes. The fight continued until the machines reached the battle line, when the Germans retired.

All the American aviators returned safely, though they had been heavily shelled by anti-aircraft guns.

Gen. Pershing's Report.

WASHINGTON, June 14.—Details of the American aircraft bombing expedition over the enemy lines June 13, were reported by Gen. Pershing tonight in addition to yesterday's communique. Five planes carrying out the attack, dropped 80 bombs and returned safely after fighting off three German machines. The despatch says:

"Bombing expedition reported in communique June 13, was executed by five of our planes. Eighty bombs were dropped. One was observed to strike a warehouse at the station. Poor visibility prevented effect of others being ascertained, but our aviators believe all bombs were dropped in areas where they are likely to have produced useful effects. Our planes were attacked by three German pursuit machines but all returned safely."

British Admiralty Statement.

LONDON, June 14.—The admiralty today issued the following statement on naval aerial operations:

"During the period of June 10-12 the operations of our air force contingents have been attended by unfavorable weather. In addition to the usual patrols, bombing operations were carried out during the day and the night against Zeebrugge, the Bruges docks and the Ostend docks. In all, 18 tons of bombs were dropped. Two hits were observed on the mole and

U. S. FLIERS GO BEHIND FRONT LINES IN ATTACK

(Continued from Page One.)

bursts on the seaplane sheds at Zeebrugge and Bruges. Fires were caused in several places. Hits also were observed at the Brugeoise works and bursts were observed at the basin Della Marine and the Gare Maritime, Ostend. Clouds at times prevented observation. One enemy aircraft was destroyed. One of our machines is missing.

In our home waters, notwithstanding the handicap of fog, numerous anti-submarine flights were made, hostile aircraft were attacked and the escorting of shipping was carried out by our seaplanes, airplanes and airships. Submarines were sighted and bombed and enemy mines were located on a number of occasions.

"In the Mediterranean waters enemy submarines also have been sighted and attacked and enemy mines located and allied and neutral shipping was convoyed. During the same period aircraft attached to the British Aegean squadron bombed airdromes of the enemy at Drama and other places in the Dardanelles were attacked. Two of the enemy's fighting scouts were downed in flames.

Make Second Trip.

WITH THE AMERICAN ARMY IN FRANCE, June 14.—A second excursion of American bombing planes was made late this afternoon beyond the German lines. All returned safely, notwithstanding anti-aircraft fire and after repulsing attack of two German airplanes. Five Americans dropped 79 bombs, weighing two kilos each, on the railway station and adjoining buildings at Conflans.

TO ARRANGE FOR SOLDIERS WARD

Khaki Boys' Mothers Meet Tonight to Plan for Comfort of Lads at Home.

Some time ago several mothers of boys who went overseas with the 196th battalion met in the Y. M. C. A. and decided to donate for the equipment of a ward in the Vancouver military hospital. This was the outcome of an appeal from the auxiliary of this battalion at Vancouver. The women sent $25 to Vancouver for this purpose and discussed a similar fund for the equipment of a ward in the Kootenay Lake General hospital.

A meeting will be held in the Y. M. C. A. this evening at 7:30 for women relatives of soldiers to discuss the question of raising funds for the installation of beds in the Kootenay Lake hospital for soldiers. It has been pointed out that several soldiers have returned and have been taken ill while in the city. They have been admitted to the hospital and the women believe that it would be a good thing to make a special ward for them while there.

MONTREAL, June 14.—Negotiations between the representatives of the Canadian railway shopmen and car tradesmen and the Canadian railway war board will be reopened in Montreal early next week.

ENTENTE AGAIN SEES THE ENEMY WEAKEN

(Continued from Page One.)

of Friday there was no fighting between the infantry on any sectors of the battle front. There was considerable artillery activity in the Hangard wood, south of the Aisne and in the sector between Villers-Cotterets and Chateau-Thierry. American troops are on the battle line near Chauteau-Thierry. This information is contained in the French official communication issued this evening. The text follows:

"There was no artillery activity during the day. The artillery fighting was rather active in the Hangard wood, to the south of the Aisne and in the region between Villers-Cotterets and Chateau-Thierry.

"The day was calm everywhere else.

"To the material captured from the enemy on June 11 should be added nine guns, including seven heavy ones and 40 machine guns.

"Our chasing air squadrons have brought down five airplanes and two captive balloons. Seven other German machines have been put out of action.

"During the night of June 13-14 our bombing squadrons dropped on establishments, stations and cantonments in the enemy zone 10 tons of explosives, causing important damage.

Foe Plans in Detail.

FRENCH ARMY HEADQUARTERS, June 14.—(Via Reuter's Ottawa Agency)—The German attack on Sunday last had been carefully prepared. An enormous reserve of artillery and gas shells had been accumulated three weeks before and had been carefully concealed in the woods behind the front. The ground had been carefully studied beforehand by storm units, selected to lend the attack, who went into the front line for periods of three days in order to become familiar with the sector.

Minnenwerfers had been dragged up to the front at night by gangs of men. The attacking divisions discarded all baggage and equipment not absolutely indispensable. Before the battle the men began carrying only their arms and ammunition and an iron ration.

The objectives of the first two days, as previously mapped out, were that on Sunday the Germans were to reach Tricot, on the Mondidier-Genlis railway, Mery and Belloy and both sides of the Compiegne road and on the following day were to enter Compiegne, the divisions employed included six, which were entirely fresh. The attack failed because in three days of desperate fighting the enemy was not able to gain the upper hand on the plateau to the west of the Matz.

oyneds tFd. .Prin-AvfgWhmkoed r f

Two factors differentiate the battle from the others—first, it was no surprise, despite the enemy's efforts at concealment; secondly, instead of having our main line of resistance perched on a knife edge 600 feet high with a cliff-like drop in the rear to the river, such as at Chemin-des-Dames, we were fighting on ground which was properly organized. Given these essentials the successful defense of the French infantry will undoubtedly hold the Germans wherever they choose to attack.

British Are Inactive.

LONDON, June 14.—The British official communication issued this evening says:

"In the sector north of Bailleul French patrols brought in a few prisoners during the night.

"There is nothing further to report."

Camouflage with Grass.

LONDON, June 14—Via Reuter's Ottawa Agency.—The Germans yesterday endeavored to push westward near Soissons, where they are trying to envelope the Villers-Cotterets forest and squeeze out the French, who remain north of the Aisne. Trenches are now practically non-existent combatants using natural cover, creeping through bushes and corn fields and even camouflaging their helmets with grass and leaves.

Worried About Strazeel.

BRITISH HEADQUARTERS IN FRANCE, June 14.—Via Reuter's Ottawa Agency.—The Germans are apparently much concerned over our progress in the Strazeel sector and have shelled our front line positions and places in the Hazebrouck area considerably. Early this morning the enemy launched an infantry attack with the object of restoring the situation. A party of about 100 succeeded in driving out the garrison of a new post but our vigorous counterattacks regained and secured about 10 prisoners. Our casualties were light. The French in their attack of yesterday on the enemy position in Ridgewood took prisoner one officer and 40 men, but later had to relinquish the captured garrison. Hostile airplanes were most active in the Scarpe valley. Vampoux was heavily shelled with gas shells and high explosives. Flying was restricted today by adverse weather.

Foe Fears American Inflow.

WITH THE FRENCH ARMY IN FRANCE, June 14—Noon.—Only small local actions have occurred along the battlefront since last night, and it appears scarcely possible that the Germans will recommence serious work for the present on the line of the Montdidier-Noyon road. Their offensive for the capture of Compiegne, with the eventuality of making further progress toward Paris from the base that they hoped to attain there, may be regarded as having met a bloody check.

There appears no doubt that the Germans desired to make an imposing advance toward the capital and at the same time inflict losses on the French and the British before the American troops were ready to take the field.

They assuredly are anxious in regard to the rapidly growing forces from across the Atlantic and are trying their utmost to cut up the old armies in front of them before fresh across the Atlantic troops arrive in sufficient force to turn the balance.

The heroism of the veteran troops, who in these last days have inflicted such terrific losses on the flower of the German army, has given the foe a rude shock. The Germans probably will try to break through some place else but the allies, with their armies under the command of Gen. Foch, are confident that they will check the Germans anyway.

BERLIN, June 14.—Heavy attacks by the French against the Germans between Voormezeele and Vierstraet, southwest of Ypres, have been sanguinarily repulsed, according to the German official communication issued today. The communication reports only light fighting on the western front. The text of the communication says:

"Southwest of Ypres the French delivered violent attacks against our lines between Voormezeele and Vierstraet. They were repulsed with great slaughter and 150 prisoners remained in our hands.

"There have been successful engagements in Kemmel sector.

"On the remainder of the front the fighting activity revived only intermittently. The increased artillery activity has been kept up on the battlefield southwest of Noyon. In the neighborhood of Courcelles and Mery, as well as in the Matz region, immediately west of the Oise, the enemy renewed his counterattacks, but was repulsed with heavy losses.

"On both sides of the road between Soissons and Villers-Cotterets, we penetrated into the forest of Villers-Cotterets.

"Since May 27 the army of Gen. von Boehm has captured more than 730 guns. This increased the number of guns brought in by the army group of the German crown prince since May 27 to 1050. Twenty-eight airplanes were shot down yesterday. The losses of the enemy's air force on the German front for the month of May amount to 23 captive balloons and 641 airplanes. Of the airplanes, 223 fell behind our lines and the rest on the other side of the enemy's positions. We have lost in air fighting, 180 airplanes and 28 captive balloons."

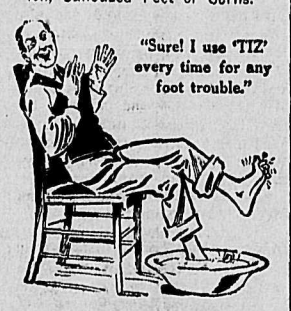
"Nothing New" at Night.

(By Daily News Leased Wire.)

BERLIN, June 14.—"There is nothing new to eport from any of the fronts," says the war office communication issued this evening.

USE "TIZ" IF FEET ACHE, BURN, PUFF UP

Can't Beat "Tiz" for Sore, Tired, Swollen, Calloused Feet or Corns.



"Sure! I use 'TIZ' every time for any foot trouble."

You can be happy footed in a moment. Use "Tiz" and never suffer with tender, raw, burning, blistered, swollen, tired, aching feet. "Tiz" and only "Tiz" takes the pain and soreness out of corns, callouses and bunions.

As soon as you put your feet in a "Tiz" bath you just feel the happiness soaking in. How good your poor, old feet feel. They want to dance for joy. "Tiz" is grand. "Tiz" instantly draws out all the poisonous exudations which puff up your feet and cause sore, inflamed, aching, sweaty feet.

Get a 25-cent box of "Tiz" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.

HARRY HOWARD, MINING MAN, HAS DISARPEARED

(By Daily News Leased Wire)

REVELSTOKE, B. C., June 14. —The disappearance of Harry Howard, a mining man of Camborne, was reported here today. He was last seen alive on Tesday morning. Howard was engaged in repairing the trail at Poole creek, a mile above Camborne, and was using a two-wheeled cart for carrying his tools. The cart was found overhanging a perpendicular embankment, below which was a rapidly running stream. The drop was 30 feet. His daughter, at Portland, Ore., has been notified.

MAY EXTEND LIST OF RESTRICTED LUXURIES

(By Daily News Leased Wire.)

OTTAWA, June 14.—The government, it is understood, has under consideration the extension of the list of restricted luxuries imported. Further fixing of prices is understood also to be receiving close attention. Decision is expected to be reached within a few days.

In regard to prices, numerous complications have been received, since the passing of the order in council, that certain dealers have taken advantage of the situation improperly to advance prices. In such cases, it is intimated, there is likelihood of action to force prices down to a reasonable level.

Mining and Markets

STOCKS WEAKEN AS MART CLOSES

Market Opens With Buoyant Trend But Activity Decreases Toward End of Session.

(By Daily News Leased Wire.)

NEW YORK, June 14.—Reversing its course of the previous session today's stock market was strong in the early and intermediate periods, but yielded very generally toward the end.

United States Steel was the conspicuous feature, supplementing yesterday's 3-point gain with an additional 2¼ points, holding little more than half at the end. Sloss Sheffield, Midvale and Bethlehem Steel and Republic Iron registered gross advances of 1 to 5 points, these also undergoing irregular impairment in the final dealings.

Fertilizers, leathers and papers were 1 to 3 points higher at their best, but were among the first to react. Gains in other utilities were offset by the heaviness of American Telephone on reports of new financing. Sales totaled 615,000 shares.

Italian exchange was further improved as a result of the adoption of remedial measures.

Liberty issues and international bonds were irregular, within narrow limits. Total sales, par value, aggregated $5,275,000. United States bonds, old issues, were unchanged on call.

Closing Quotations.

THIRD NEW MINE OPENS NEAR NANAIMO CITY

(By Daily News Leased Wire.)

VICTORIA, B.C., June 14.—The Canadian Western Fuel company at Nanaimo has commenced operations on the sinking of a pair of shafts for the opening of a new mine on the company's farm near that city. This will make the third new mine opened in the vicinity of Nanaimo during the past year. The cost of opening and equipping will run upwards of $300,000.

CORN PRICES FALL AT CHICAGO

(By Daily News Leased Wire.)

CHICAGO, Ill., June 14.—Persistent selling, due largely to auspicious crop conditions, forced material declines today in the corn market. The close was unsettled, 1⅛ to 1⅝ cents net lower with July at $1.42¼ and August at $1.44 to $1.44½. Oats finished unchanged to ⅝ cent off and provisions down 5 to 15 cents.

WINNIPEG GRAIN.

(By Daily News Leased Wire.)

WINNIPEG, June 14.—Oats: July, 84⅛; October, 69⅛.

Flax: July, $3.72; October, 3.39½.

TORONTO STOCK TRADING IS OF A FIRM NATURE

TORONTO, June 14.—Resumption of the upward movement in Maple Leaf Milling, after the resting period of yesterday, caused this issue to hold chief interest again today, the stock selling as high as 108 and closing only ⅛ below the best for a net gain of 1½ points.

The general tone of the market was firm and transactions which approached 900 shares were the largest of the week. Steel of Canada was up 1¾ at 64½ and the preferred ⅝ higher at 91, while other firm spots were Cement at 60¼; Canadian General Electric, ex-dividend, 2 per cent. at 102; Steamships preferred, ex-dividend 1¾ per cent, at 75½; Russell Motor preferred at 78, and Toronto railway at 60. Twin City at 40 was off ½.

The only tradings in the war loans were in the third issue, which remained steady at 93⅛.

The annual growth of timber in British Columbia is equal to six billion feet board measure.

REPORT FEW GAINS ON MONTREAL MART

(By Daily News Leased Wire.)

MONTREAL, June 14.—Some further gains for Canadian securities accompanied the continued improvement in the New York market today, but trading on the Montreal stock exchange was of smaller volume than on Thursday and general conditions remained unchanged.

Dominion Iron was marked ¾ up at 61, and Steel of Canada ¾ higher at 65, but these proved the best prices of the day. Iron fell back ⅛ later and just recovered the loss, finishing at 61, while Steel of Canada eased off to 64¾.

Ames and St. Lawrence, strong issues on Thursday, were mildly reactionary under profit taking, the former yielding ¼ to 63 and the latter 1⅛ to 72. Cement at 60¼ and Quebec at 20¾ to 21 were small fractions higher for the day. Ames Holden common at 21¾ was marked 2¼ higher and Brompton at 54 was ½ higher, but the volume of business was small in each case.

In the balance of the list the only feature of note was the continued strength in Maple Leaf Milling with stock again scarce. A further advance of 1¼ in the bid quotation, which rose to 107½, was accompanied by transactions in only two broken lots at 107. The war loans remained strong with offerings small. Shares, 2065; bonds, $11,600.

LABOR SHORTAGE IN THE INTERIOR

Joseph Deschamps of Rossland, one of the best known lumbermen of the mountain district, was a recent visitor to Vancouver, says the Pacific Coast Lumberman. He reports that mills in the interior of the province are all at work, but that operations are handicapped by the labor situation. The operators are, however, doing the best that can be done with the force of skilled men available and are also using a large number of untrained men. Mr. Deschamps is an operator who, at the outset of the war, put his duty to his country before that of his personal interests, and advised the members of his woods and mill force who were eligible for service, to enlist. As a result, while the forestry corps and other branches of military service have been greatly aided, the operations of Mr. Deschamps interests have suffered.

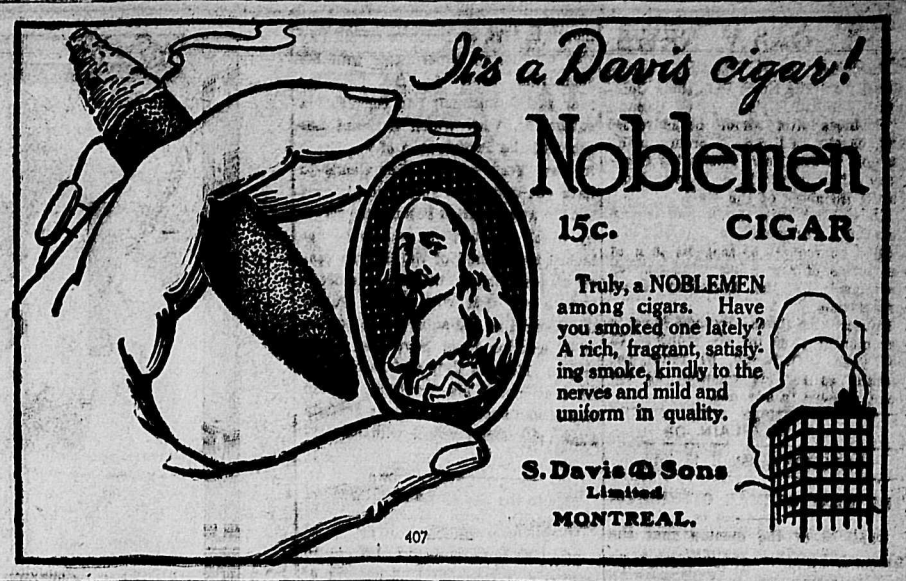
NAME LIBERAL CANDIDATE FOR ONTARIO SEAT

(By Daily News Leased Wire.)

TORONTO, June 14.—Hartley Dewart, K.C., now member of the legislature for South Toronto, is to be the Liberal candidate in the North Ontario federal byelection to fill the vacancy caused by the death of Col. Samuel Sharp. It is said he has been promised the farmers' united support. He was called upon by a number of them at the recent convention here.

Pte. Sam Hage, a returned soldier, was drowned in Wascana Lake, Regina.

Lumber prices are shortly to be fixed by the United States government.



Another advance in the price of paper has been made.

In France last year, 1900 miles of railway were built behind the British lines.

Register Ahead of Time Where You Can

THERE is good sound advice in the old saying—"Come early and avoid the rush." Come early to the registration booth on Registration Day—but better still—register *before* Registration Day, if you can.

It is going to tax the powers of deputy registrars to the utmost to handle the crowds on June 22nd. Realizing that to be so, many of these deputies are arranging to take beforehand the registration of any persons who care to present themselves.

The Board urges you to read the papers carefully for news items in regard to prior registration in your locality, and to take advantage of any facilities offered in that connection. Enquire of your employer as to the arrangements in effect for advance registration at the place where you work. He can readily make such arrangements, if he has not already done so.

REMEMBER

That registration ahead of time is valid registration—it is complying fully with the law.

That by so registering you will almost certainly be saving yourself great inconvenience on Registration Day.

That every registration taken beforehand is so much of the job done—so much of the load lifted from the overburdened registrar—so much congestion avoided.

Study your own convenience, aid the Volunteer Deputy, obey the law, and serve Canada, by registering early in the week if you can, or, in any event, early on The Day.

Issued by authority of

Canada Registration Board

Subscription Rates—By mail 50 cents per month; $2.50 for six months; $5 per year. Delivered, 60 cents per month; $3 for six months; $6 per year, payable in advance.

SATURDAY, JUNE 15 1918.

THE NEXT GERMAN OFFENSIVE.

Paris is of the opinion that the fourth and greatest of the German offensive movements in 1918 may be launched at any moment.

It may be that the next assault of the enemy will prove the most powerful that has yet been attempted, but there is reason to doubt it. Germany prepared for six months for the first phase of the struggle, when it attempted to break through toward Paris. It failed. It next attempted to drive through to the channel ports. Again it failed. The next offensive lacked the force of either of the two former.

It would be a mistake to underestimate the dangers of the next drive, but it would be surprising if after the checks they have suffered the Germans were able to prepare in a few weeks a stroke that was more powerful than the first great movement of this year.

Further than that, the allied forces in France are gaining strength every day, as the shiploads of American troops reach French soil.

WILL THE GERMAN FLEET COME OUT?

If the German fleet had any intention of coming out into the open sea to try conclusions with the navies of the entente allies, it is hardly reasonable to suppose that the Berlin government would advertise that fact ahead of time.

The kaiser kept his ships in home ports when the only enemy he had to contend with was the British fleet, so that it hardly seems possible that he would contemplate sending his vessels forth at this late date, when they would have to come in contact with a strongly reinforced British navy, which now has cooperating with it a large squadron of United States dreadnaughts.

In recent months German cruisers have even stopped trying to make sudden raids upon unprotected towns along the British coast, presumably because their last efforts along these lines proved most unfortunate for the ships employed in these sorties.

The German fleet has already learned what happens to Hun warships which try conclusions in open battle with the British navy.

It may be that the frequent rumors of an approaching naval battle may before the war is over prove well founded, but it would seem obvious that the kaiser is not going to risk another sea battle unless German naval engineers have devised some new engine of war which they believe would give the Prussians some chance of defeating the allies at sea.

HISTORY OF THE SUBMARINE.

Probably the average person's conception of the submarine has been more or less influenced by the fascinating pages of Jules Verne, who launched the famous Nautilus upon the sea of his brilliant fiction in charge of the inventor, Captain Nemo. The Nautilus was a vessel of peace and not of war.

But the historical development of the submarine, the Christian Science Monitor points out, has not usually been along peaceful lines. The aggressiveness of the U-boat and not the peaceful adventuring of the romantic Nautilus and her crew, has proved to be the animus moving the inventor from the earliest times. The submarine is an ancient and not a modern conception and the thought of destruction usually seems to have actuated those olden-time inventors, in spite of their limitations concerning weapons of offense. It is thus an anachronism to think of the submarine in terms of a Fulton or a Holland, or as the invention of any one nation. Submarine origins are actually lost in obscurity. It is even said that Alexander the Great, who contemplated developing a great sea-borne trade and a huge mercantile marine, was interested in submarine invention. Men worked out plans for subaqueous attack upon vessels in medieval times, and M. Delpeuch records that some English ships were actually destroyed in 1372, by fire carried under water. In the early part of the Seventeenth Century Cornelius Drebbel exhibited to King James 1, on the river Thames, a submarine boat of his own design which, one may fairly presume, was intended for the purpose of naval destruction. Less than 100 years later at least 14 types of submarines had been patented in England, and at Plymouth in 1774, an inventor named Day was conducting experiments with his submarine boat. In the following year David Bushnell had completed a submarine, with which Sergeant Lee attacked the British man of war Eagle in New York harbor. Lee claims to have got under the ship with his boat but the attack failed because the screw by which the torpedo was to be attached to the hull of the English vessel was not sharp enough. It is needless to say that with Robert Fulton the thought of the submarine's powers of destruction must have been paramount. He was living in Paris when he constructed his Nautilus. Fulton was so far successful that he actually blew up a small vessel with his torpedo.

Give to the Red Cross until the heart says "stop."

Short as it is of meats, there is no danger that Germany will run out of hogs.

The boys over there look to us to keep the Red Cross supplied with funds.

Bavaria is to have "meatless weeks." The sooner they have "meatless years" the better.

The Red Cross wants monthly subscriptions. The work has to be continued day in and day out.

Berlin announces that it does not believe General Foch has any reserves. Berlin, as usual, is a pretty poor guesser.

If the Red Cross had to cease work through lack of funds the suffering of the soldiers overseas would be enormously increased. But the people of Canada will see that the Red Cross is always supplied with the money it requires to continue its work of mercy.

WHAT THE PRESS IS SAYING

A Hint From Baby

"We must stop eating candy, and buying new clothes. We must save every cent we can for Uncle Sam, till this awful war is over."

This wasn't a thrift stamp campaign speech at all. It was what greeted the ears of a prominent Wall Street broker on reaching home a few days ago. The speaker was his daughter, aged three—her audience, two rigidly attentive dolls, propped up on the floor of the nursery.

The broker says that with such a patriotic daughter there is nothing for him to do but to keep in line.—Wall Street Journal.

Germany's I. O. U.

The brief tale of the biggest I.O.U. in history.

At the outset of the war Germany had 71 cents in gold for every dollar of paper money. Today she has only 18 cents in gold for every dollar of paper money.

What one might call financing a war with a printing press.—Philadelphia Telegraph.

COLD STORAGE

Canvasser — What party, Mrs. O'Grady, does your husband belong to?

Mrs. O'Grady—I'm the party. What about it?

"Sir, you are the only gentleman in the room," exclaimed an inexperienced dancer.

"Thanks," replied the other, drily, "May I inquire what motive has led you to seek me out for this complimentary outburst?"

"Why," exclaimed the amateur, "when I tripped just now and fell, incidentally tearing my partner's gown, you were the only one in the place that did not laugh."

The other smiled grimly.

"The explanation lies in the fact that the lady is my wife, and that I have paid for the gown," he said.

War Garden Bulletin

Practical Daily Guide for Vacant Lot and Backyard Gardeners Enlisted in Greater Production Campaign.

Issued by the Canada Food Board in Collaboration with experts on the Staff of the Dominion Experimental Farm.

KEEP PLANTING

Don't forget about your successional planting as the season advances. Every war gardener should make a point of having a continuous supply of fresh vegetables for the table. There should be several successive plantings, one or two weeks apart, of string beans, lettuce, radishes, spinach, sweet corn, peas, beets and carrots.

Onions to be used green may be followed by late tomato plants in the same row. A few of the unions may be removed to make way for the tomatoes. Radishes mature early and as they are harvested the space they occupy may be used for cabbage, lettuce, cauliflower and Brussels sprouts.

Successional plantings must necessarily be left largely to the good judgment of the individual gardener. Weather conditions and the success he meets with in his various crops will largely decide the question for him. The main point to remember is that full use must be made of the ground at his disposal.

FRANK SHERMAN, CHAMPION BILLIARD PLAYER, IS DEAD

WASHINGTON, June 14.—Frank Sherman, former world champion pocket billiard player, died at his home here today. Sherman defeated Clearwater and De Oro at Boston for the world's championship.

CORNELL MAY OPPOSE HON. HENRY IN BYELECTION

TORONTO, June 14—It is altogether probable that J. G. Cornell, reeve of Scarborough township, will oppose Hon. H. G. Henry, new minister of agriculture, in the Ontario government, who is appealing to the farmers of East York for reelection.

ALADDIN'S MAGIC HAS NOTHING ON THIS OHIO WIZARD

Discovers drug which loosens sore, touchy corns so they lift out

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

This new ether drug is the recent discovery of a noted Cincinnati chemist. It is a sticky substance which dries the moment it is applied and is said to simply shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots —How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

A Meeting of the Women Relatives of Soldiers

From Nelson and district will be held Saturday at 7:30 p. m. in the Y. M. C. A. to discuss the question of helping with hospital equipment for soldiers in the Kootenay Lake hospital. All interested are urged to attend.

ELKO NOTES

(By Fred Roo.)

If you like these notes, show them to your friends. If you don't, keep your thoughts to yourself for something must be the matter with you; but remember it always pays to advertise in the local paper, if you know how, if you don't, see the editor.

Jim Thistlebeak says that living and loving is becoming so expensive that it will soon be placed on the nonessential list of luxuries by the Canada food board.

Tourists are arriving in the old historic burg from north, east, south and west, and the vacant houses are being picked up like soiled goods at a bargain sale.

Tiemakers are making big money in Elko right now.

M. Gorman, the human ferret, and Alf. Dryden, the Hawkshaw of Waldo, made a big haul of Bohunks bringing in whiskey from the state of Montana into Canada last week. They are a hard team to get past; better stay with the maple nut sundaes and sheep herders delight and cut out the Scotch highballs while visiting the district these lynx-eyed devils reside in; they can see in the dark.

The Elk Canyon chapter of the I. O. D. E. sent 10 parcels to the boys overseas last month.

The bazaar held last week for the Belgian children relief fund was a social and financial success; $77 was the correct amount taken in.

A diploma from a theological college is no proof of honesty.

While we don't claim to be getting the mammoth fish they tell about in Cranbrook being caught at Premier lake, three char were caught last week by local men weighing 10, 12 and 16 pounds each. Two men who were looking over some tie timber on the south fork of the Elk brought in 30 pounds of rainbow trout. Young Chris Foisy, machinist at the auto garage, got a dozen beauties weighing 15 pounds just above the town, and the amount of local catches is making it possible for the residents of the old historic burg to camouflage the ancient beef that is shipped into British Columbia by the Alberta meat trust, that we were acquainted with on the old Fort Benton trail in the 80s by the brands on the T-bone steaks, and the rope marks on the pot roasts. A country worth fighting for is a country worth saving for. At Elko they fish and save the meat bill.

If you don't want to drill when the weather is hot,
Why just throw a fit in a suitable spot,
A limp in the right foot will help quite a lot,
It's camouflage.
—Fuller Prunes.

Mrs. Dave Mitchell of Fernie passed through Elko on her way to Vancouver to visit her husband who is with the big game hunters battalion at Hastings park.

Mr. and Mrs. Jack McTavish, with Mr. and Mrs. Ed. Klingensmith of Bull River motored to Elko Sunday and visited with the Mayor and Mrs. C. A. Klingensmith, Mining Exchange block. Both gentlemen were greatly impressed with the activity in the old historic burg, the number of visitors and the big catches of fish they saw being brought into town from the surrounding streams. It is quite possible that Mr. McTavish might move here and build a large tourist hotel.

Dr. Beland is in Holland, endeavoring to secure the release of his daughter, now detained in that part of Belgium occupied by the Germans.

Table d'hote meals may be abandoned in United States hotels.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It's harmless.

"Give Until Your Heart Says Stop"

The Soldiers Know What the Red Cross Is Worth to Them

Suffering the agonies of shell, or bullet, or bayonet wounds, stricken by poison gas or disease, the soldier at the front finds the Red Cross always at his service. The Red Cross is the symbol of mercy in the field of suffering. It is there with the tender hand, with surgical and medical supplies to soften the pain and dress the wounds. It is there with garments for wear in hospitals. It is there with the socks without which an army cannot march efficiently and the lack of which would cause untold suffering.

The Red Cross is always at the service of our men overseas. It is at their side when they need help most.

From the people of Canada must come the money with which to buy the wool for the socks, the supplies for the wounded on the field, in the ambulances, in the hospitals.

In Nelson $500 a month is the sum required to keep up the work. The amount is not large. It can easily be made up by monthly donations.

Nelson and District Red Cross Week June 16-22

has been arranged for the purpose of securing the monthly subscriptions needed. Canvassers will endeavor to see as many people as possible and secure their subscriptions, but don't wait to be asked. Send in your pledge to the committee.

The Red Cross Stands Behind the Boys; We Must Stand Behind the Red Cross

Kootenay and Boundary

WILD HORSE RIVER OVERFLOWS AT FORT STEELE

(By Daily News Leased Wire)
FORT STEELE, B. C., June 14.—Early Thursday morning the Wild Horse river broke through its banks at Fort Steele and washed out three rail lengths of embankment on the south end of the platform at Fort Steele and two rail lengths at the north end. The Kootenay and St. Marys rivers have decreased their flow of water, but the Wild Horse, which has been very steady for some time is rising with great rapidity.

WATER IN RIVERS RISE RAPIDLY AT FORT STEELE

(Special to The Daily News.)
FORT STEELE, B.C., June 13.—The Kootenay Central railway was blocked to all traffic on June 11 owing to the bridge at Bull River being in danger of being washed out by the flood. The local Cranbrook to Golden passenger train did not make its usual trip on Monday afternoon.

The St. Marys, the Wild Horse and the Kootenay rivers at Fort Steele are rising rapidly and it is thought by old timers that the water will reach the high water mark of 1916.

Billy Stork is in from White river where he shot some fine specimens of grizzly and brown bear, otter and lynx.

Warren Woodland has just launched his launch on Premier lake, north of Fort Steele and has already caught a 9¾ pound salmon.

NAKUSP WOMEN HEAR DEMONSTRATION LECTURES

(Special to The Daily News.)
NAKUSP, B. C., June 14.—Lecture demonstrations under the auspices of the Nakusp Women's institute were given during the week ending June 8 by Miss Olive Hayes, provincial demonstrator for the Canada food board and were well attended by the women of the town. At the first of the series given at the regular monthly meeting of the institute, Miss Hayes spoke on the balanced ration and substitute foods, while on subsequent dates she demonstrated war breads and meat substitute dishes.

BOARD WILL DEAL WITH DISPUTES

Federal Government Appoints Committee to Smooth Over C.P.R. and Coast Trouble.

(By Daily News Leased Wire.)
OTTAWA, June 14.—The minsiter of labor has established a board of conciliation to deal with the dispute between the British Columbia Electric railway company and its street railwaymen. Justice Macdonald of the British Columbia supreme court will act as chairman of the board, Thomas J. Coughlin of Vancouver will represent the men and Frederick Buscombe of the same city the company. The dispute has to do with the wage schedule of the employees and the conditions under which they work.

Another board established by the minister will deal with the dispute between the Canadian Pacific railway dining car employees and the company. Justice Macdonald is also the chairman of this board, the other two members being E. A. James of Vancouver, who represents the railway, and Victor R. Midgely, appointed for the employees. The question at issue is the alleged displacement by the Canadian Pacific railway of white labor, for colored. The company decided not to nominate a man to represent it on the board, so the minister of labor appointed Mr. James as its representative.

NEW YORK ERECTS SIREN SIGNAL ALARMS

(By Daily News Leased Wire.)
NEW YORK, June 14.—Siren horns with sounds which can be heard for several miles were being set up at intervals of 30 blocks here today for sounding an alarm in the event of air-raids by airplanes from the German submarines cruising off the Atlantic coast. They will be electrically controlled.

REPORTER MAKES GOOD AS AIRPLANE DRIVER

(By Daily News Leased Wire.)
TORONTO, June 14.—Capt. A. T. Atky, M. C., Royal air force, formerly a local journalist, who, since leaving Canada in October, 1916, to train as an aviator, won his captaincy in the service and in April won the Military Cross has, for work done in May been given a bar to his cross. During an attack of two British airplanes on 20 Germans, he succeeded in downing five planes.

IN FIGHT TO FINISH WILSON TELLS POINCARE

(By Daily News Leased Wire.)
WASHINGTON, June 14.—The purpose of the United States to send men and munitions to France until "any temporary inequality of force is entirely overcome," was reiterated by President Wilson today in replying to a message from President Poincare, on the anniversary of the landing of the first American troops in France.

BAVARIA REACHES TIME FOR MEATLESS WEEKS

(By Daily News Leased Wire.)
LONDON, June 14.—It will be necessary to introduce meatless weeks in Bavaria, owing to a serious shortage of food, the home secretary has announced, according to a Copenhagen despatch to the Exchange Telegraph company.

News of the Churches

SETS AN EXAMPLE IN OBEYING PROHIBITION

SAN JUAN, P. R.—Porto Rico has set an example in its obedience to the prohibition law that should impress the states on the mainland where "personal liberty" has been clipped by sumptuary laws. It was anticipated that here, where for generations dating back almost to the maiden cruise of the Santa Maria in these waters, a modicum of rum has been considered an essential to a Christian life there would be a passive resistance to the law, but in the first month of its operation only seven arrests were made for its violation, and these were spread over five municipalities, including San Juan. In four cases fines of $25 were imposed, in two of which the alternatives were jail sentences. In the other three cases sentences were held under advisement.

The daylight saving law does not seem to go here. It was expected when it was enacted it would apply here, as well as in the states, but Gov. Yaker has been informed by Washington that it is not necessary. At the army training camp the law was put in effect synchronously with New York and the United States in general, but now the clock will have to be moved back an hour to keep in touch with the rest of the island.

There are 15,724 communicant members of the Presbyterian church in British Columbia.

Many land seekers from the States are buying ranches in the Similkameen.

In Woman's Realm

INSOMNIA WON'T WORRY FARM LASS

Hard Work Sure Cure for Trouble, Says Farmerette—Homes Welcome After War.

Has any girl or woman too much to think about? Are the thoughts unwelcome and, withal, persistent? There's a sure cure! Go to the land! The verdict is the same wherever women have worked on the land and the cure is a safe one for the length of time it will be available. The English girls say it, Canadian girls say it, poets and dreamers have said it for ages—there's no soothing syrup nor sleeping powder equal to that given by dear old Mother Nature. "No matter what your troubles are, they are all packed in your old kit bag," says one lassie. "You can't think about your troubles," says another. "You dig and ache and think of the way the boys in France are working. You work and ache and eat and sleep—and are happy." That's the way another worker puts it.

There's another side to the story, too. It is the same side that one encounters when returning home from some place that is not a bit like home. It is the other version of the old saying that blessings brighten as they take their flight. When the digging and hoeing and back-achey work has been done in A1 fashion and one knows to a certainty that the "magic gun" in Canada has reached Berlin—then what a delight to sell the gaiters and smocks and riding breeches to the "ol-clothes man" and slip into the gauzy pretty trifles that were taken as a mere matter of course in the old selfish days! "After the war"—well home and its blessings will be appreciated by the members of the Woman's Land Army.

Why Blame the Good for the Bad?

BECAUSE thin, skim milk will not nourish a baby; has nothing to do with milk fresh from a registered cow.

BECAUSE some coffee develops a bitter tang—and is not satisfactory—has nothing to do with

SEAL BRAND COFFEE

"Seal Brand" is coffee that has been selected from the world's best plantations by coffee experts, roasted and blended by those who have given a lifetime to the study of coffee.

If you like a cup of GOOD Coffee, try "Seal Brand".

In ½, 1 and 2 pound tins—in the bean, ground, or fine ground for percolators.

If you want to know the true secret of a delicious cup of coffee, write for our booklet, "PERFECT COFFEE—PERFECTLY MADE". 193

"LOVE AND SERVICE"

United Prayer Service Thursday evening at 8:00 at the Presbyterian Church, Rev. W. W. Abbott will speak.

You Are Welcome at Any of Our Services.

Contractors are reminded to have tenders in before six o'clock this evening.

DISCOLORED PIANO KEYS

A woman, one of those splendid housekeepers quick to detect any traces of dust or discolorations about her home, noticed recently that some of the keys on her piano were, as she thought ,turning pink. She knew that with age came a yellowish tinge to the keys but could not understand their becoming a pink color. This woman took steps to locate the cause of the trouble and found it to be an aniline coloring matter transferred to the keyboard by means of the fingers of her daughter, who was taking piano lessons.

This little girl in adjusting the stool to the right height touched the under side of the stool, which had had an application of mahogany stain but not varnished or shellaced over. A little of the coloring matter was thus transferred to the keys at practise hours and in time made them pink or reddish. Some years ago, when upholstered stools were in vogue, there was a regular epidemic of pink keys, which was traced to the braid used for trimmings not being a fast color.

There is absolutely nothing in any of the materials used in key manufacture that could produce any of these discolorations of pink or blue or green or any other color, but ivory will absorb foreign coloring matter with which it will come in direct contact. Such discolorations can easily be remedied, though if they are allowed to go too long the stain may go so deep that it would be necessary to remove the ivory and put on a new set. The hands should always be clean when playing the piano, and if this is watched the keys will not become discolored in any way.

WIND BALLS SO THAT WOOL COMES FROM CENTRE

There is a best way of winding wool for knitting and that is the way that causes the wool to unwind from the centre. To do this roll a piece of stiff paper two and a half inches long by two inches wide into a tube. Measure off about eight inches of wool at the end and begin winding the rest about the tube. When enough has been wound to hold the tube securely tuck the eight inch loose end completely into the end of the tube. Do not cover this end in further winding, but the other end may be covered. It is best to wind six or eight times in one direction before turning to wind in another direction. When the skein is completely wound, tuck the last end well into the ball. Pull out the tube bringing with it the long loose end for knitting. If many balls are wound at once or if a ball is not to be used immediately it is a good idea to allow the tube to remain in the ball till ready for use.

POTATO BREAD.

The British ministry of food has proved that excellent bread can be made by the addition of 15, 20 and even 50 cent cent of potatoes. It has proved that a loaf made of equal parts of flour and potatoes adds five and a half pounds of bread for every seven pounds to potatoes used.

The potato bread made in England is better than the regulation war bread. Why should not every Canadian woman who bakes her own bread get into the habit of using a certain percentage of potatoes? Those who have tried it out are enthusiastic about the results.

It is a fact that we scarcely know the value of potatoes in this country yet. Germany's wise use of potatoes helps her to hold out against the allies. Our wise use of potatoes would further strengthen our arm in bringing victory nearer. Germany eats three times as many potatoes as we do in Canada. Now is the time for us to show some practical patriotism—to push, offer, talk, advertise, think, order, eat and sell potatoes.

JAFFRAY RED CROSS GIVES MAY STATEMENT

(Special to The Daily News.)

JAFFRAY, B. C., June 14.—Donations to the Red Cross for the month of May amounted to $5. The amount received from teas was $2.30, making a total of $7.60. This, with cash on hand May 1, of $60.03, brings the receipts to $67.63. Disbursements were as follows. $6.10 to the Y.M.C.A. fund, $47.39 for supplies and 35 cents for freight.

Articles made and donated during the month were: 14 pairs of pyjamas, 3 day shirts, 23 stretcher caps, 19 manytail bandages, 10 pairs hand knit socks and 3 pairs machine knit socks.

TRY THESE IRISH POTATO CAKES

Serve Them "All Hot" for Breakfast —Board Urges Greater Use of Vegetables

Everyone talks about potatoes as having hailed from Ireland. They didn't originally but it was in the Emerald Isle that they first took root after traveling across the Atlantic with Sir Walter Raleigh.

Anyway, we always associate the potato with Ireland and the following recipe for Irish potato cakes is a timely one, when there is an abundance of vegetables on hand which we should now make use of if we are to increase our shipments of wheat to the other side of the Atlantic:

1 lb. cold boiled floury potatoes.
2 ozs. flour.
1 oz. oleomargarine.
1 teaspoonful baking powder.
Milk, or milk and water, to mix.

Pass potatoes through wire sieve and mix with flour and baking powder. Rub in oleomargarine and make into a soft dough with the milk. Roll out to an inch thick, cut into rounds or triangles and bake about 20 minutes in a quick oven to a pale golden color.

Here is a recipe for savoury potato drop-cakes:

1½ lbs. cold cooked potatoes.
¼ pint milk.
2 ozs. oleomargarine.
3 ozs. grated cheese.
Salt and pepper.

Mash the potatoes and mix in the cheese. Put oleomargarine and milk into a saucepan and heat. Then mix thoroughly with the potatoes. Season with salt and pepper and place large spoonsful of the mixture in separate piles like drop-cakes on a greased tin. Bake in a quick oven 10 to 15 minutes, or till a golden color.

Clean to handle. Sold by all Druggists, Grocers and General Stores.

VERNON PREPARATORY SCHOOL, Coldstream, B.C.

New building, dining hall, dormitories, studies, class room, gymnasium, etc., are being erected to accommodate 20 more boarders. Numbers sextupled since war. Boys 7-14. Trained nurse. Prospectus.

ACUTE NERVOUS EXHAUSTION

All Treatments Proved Useless Until He Tried "FRUIT-A-TIVES".

MR. JAS. S. DELGATY.

R.R. No. 4. Gilbert Plains, Man. "In the year 1910, I had Nervous Prostration in its worst form; was reduced in weight from 170 pounds to 115 pounds.

The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-tives".

I began to mend almost at once; and after using this fruit medicine for 3 or 4 months, I was back to my normal state of health.

I never had such good health for twenty years as I have enjoyed the past six years. We are never without a box of 'Fruit-a-tives' in the house".

JAS. S. DELGATY.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Home comfort in all weathers

A poor furnace well installed might give satisfaction for a time.
But a good furnace poorly installed can never be successful,
—while a good furnace properly installed will give best results from the day it is fired up.

The Sunshine Furnace, installed the McClary way, is guaranteed by McClarys to warm every room in your house—to warm it with the right quality, as well as quantity, of heat,
—to make your home healthy, pleasant and enjoyable in all weathers.

And it is to do these things a furnace is for—those are the results which mark the successful furnace. The furnace that fails to do them all the time is only a nuisance.

The Sunshine Furnace is a never failing source of pleasure, satisfaction and home comfort.

Engineering Service Free. McClary's own heating engineers are at your service when you buy a Sunshine Furnace, to give you free expert advice on your home-heating requirements. Write to the nearest McClary Branch and ask for particulars about this service. A booklet, "Comfort in the Home," makes clear all the things you want to know about furnaces, and it is sent free on request.

Rochester-Jersey City, postponed.

NATIONAL LEAGUE

New York Whips Chicago.

(By Daily News Leased Wire.)

NEW YORK, June 14.—New York raised its National league championship pennant here today and celebrated the occasion with a 7 to 0 victory over Chicago., Demaree gave Chicago only four hits. Vaughn was easy for New York in the first inning. A barehanded catch by Paskert on Holke featured.

	R	H.	E.
Chicago	0	4	2
New. York	7	8	0

Batteries: Vaughn and Killifer; Demaree and Rariden.

Brooklyn Wins Rough One.

BROOKLYN, N.Y., June 14.—Eddie Rousch, centre fielder of Cincinnati, and champion batsman of the National league in 1917, *sprained his right ankle* in the ninth inning of the game with Brooklyn today and had to be carried off the field. Brooklyn won the contest 2 to 1.

	R	H.	E.
Cincinnati	1	6	0
Brooklyn	2	6	1

Batteries: Bressler and Wingo; Grimes and Miller.

Boston Defeats Pittsburg.

BOSTON, Mass., June 14.—Despite a ninth inning rally, which yielded Pittsburg four runs, Boston won, 7 to 6 today, taking the series three out of four and going into third place tie with Cincinnati.

	R	H.	E.
Pittsburg	6	12	0
Boston	7	15	0

Batteries: Cooper and Schmidt; Rudolph and Wilson.

Break Even in Double.

PHILADELPHIA, Pa., June 14.—St. Louis and Philadelphia split even in a doubleheader today, the locals taking the first game 2 to 1, and St. Louis the second, 6 to 3. Vravath's home run in the 10th won the opening game, after the visitors tied the score in the eighth inning. In the second game St. Louis knocked Davis out of the box in the fourth and won, 6 to 3.

First game—	R.	H.	E.
St. Louis	1	8	0
Philadelphia	2	7	1

Batteries: Doak and Gonzales; Prendergast and Adams.

Second game—	R.	H.	E.
St. Louis	6	13	0
Philadelphia	3	13	0

Batteries: May and Snyder; Davis, Watson, Main and Adams.

WILLARD HAS S. R. O. SIGN OUT FOR ENGAGEMENTS

(By Daily News Leased Wire.)

VANCOUVER, June 14.—Replying to Tommy Burns' invitation to come to Vancouver and box him four rounds at a big patriotic tournament next month, Jess Willard today informed the former champion that he was too busy with war relief work in the *United States to accept.* Willard wired from Lawrence, Kas., that he would be unable to offer anything at the pesent time, having too many engagements to fill during July. Burns will now endeavor to bring Fred Fulton and Jack Dempsey.

SERGT.-MAJOR WILSON RETURNS FROM FRONT

(By Daily News Leased Wire.)

VERNON, June 14.—Among veterans who have returned this week is Sergt.-Maj. J. Wilson, who went overseas with the 47th battalion and was decorated with the D.C.M. for conspicuous bravery. He was twice wounded severely and is spending a few days here before reporting for his discharge at military headquarters.

COSTS MONEY TO TALK HUN ON U. S. PHONES

DAVENPORT, Ia., June 14.—Four women were summoned before Chairman White of Scott county court council of defense today charged with talking German over the telephone in violation of the governor's proclamation. The defendants were ordered to pay fines ranging from $50 to $100.

SUB SINKINGS DECREASE IN WESTERN-CENTRAL ZONES

PARIS, June 14.—"A notable decrease" in the number of submarine sinkings in the western and central regions and the English channel has been evident since the blockading of Zeebrugge and Ostend harbors, it was semi-officially announced today.

TROUBLED WITH CONSTIPATION
From 16 to 20.

Constipation is one of the commonest ills of mankind and one too often allowed to go unlooked after until some serious complication sets in.

If the bowels are properly looked after there will be no constipation, jaundice, sick or bilious headaches, heartburn, coated tongue, sour stomach, floating specks before the eyes, etc.

Milburn's Laxa-Liver Pills will keep your bowels so regulated that in no time the constipation will disappear entirely.

Miss Emma E. Melanson, Halifax, N.S., writes: "I am now 20 years of age and since I was 16 I have been greatly troubled with constipation, so much so that at times I would be in bed 3 or 4 days a month. I tried all the old fashioned remedies, castor oil cascara, etc., with only temporary relief until my sister-in-law gave me some of Milburn's Laxa-Liver Pills. From the first they seemed beneficial and I gave them a fair trial. This was two years ago and with an occasional dose I have kept entirely free from constipation for the period mentioned."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

NELSON SURVEYOR RESIGNS FROM OFFICE

A. E. Thompson, surveyor in the Nelson land registry office, has accepted the position of assistant to the Dominion inter-provincial boundary commissioner for British Columbia.

Mr. Thompson has resigned from the employ of the provincial government and expects to leave Nelson about the end of this month for Banff, Alta. He intends joining a party which will make a photo-topographical survey on the boundary line between Alberta and British Columbia. He expects to return to Victoria after the season's work is completed.

Mrs. Thompson's health is the reason for making the change, Mr. Thompson says. Mrs. Thompson will reside at the coast on the advice of her doctor.

ALL IN READINESS FOR BIG RED CROSS FUND CAMPAIGN

"GIVE UNTIL YOUR HEART SAYS STOP," SLOGAN OF THE COMING WEEK—DR. F. B. CROSS TO ADDRESS PUBLIC MEETING MONDAY EVENING FOLLOWING PARADE—CANVASS STARTS ON TUESDAY MORNING—AUTOS DISPLAY RED CROSS SIGNS.

Dr. F. B. Cross of Spokane will address the public meeting in the opera house on Monday evening at 8 o'clock in the interests of the coming big Red Cross drive. Dr. Cross is stated to be a rousing speaker. The canvassing of the city will start on Tuesday morning. The committee of the men's auxiliary of the Red Cross which is putting on the campaign, met last evening and made preparations for the canvass.

The city was divided into 10 districts and a team appointed to cover each district. A house to house campaign will be carried on during the week and the committee hopes to have a subscription from every resident and business man. Subscriptions may be paid monthly and can be pledged for the duration of the war. Every subscriber will receive a paper disc with a red cross on it to show that they have helped in the campaign. Each recipient is requested to wear his tag, one of the committee said last evening.

Further arrangements were made for the parade which will precede Monday night's meeting. It was decided that the parade would be automobiles only. Included in the occupants of the cars will be Dr. Cross, the bugle band, the committee and workers, red cross nurses and others.

The parade will assemble in front of The Daily News building at 7:30 and after touring the city will dismiss at the opera house. Automobiles will be decorated with Red Crosses emblematic of the drive. Many of the machines in the city have already been decorated. Cardboard Red Crosses are on the wheels of several of the cars and many of them have the crosses on the body of the auto.

Nearly every business window in the city shows a Red Cross. The committee reports hearty cooperation from the citizens and they expect that the drive will be one of the most successful affairs of its nature ever held in the city.

Following are the districts and the teams which will canvass:

Team No. 1: Alex Leith, Mayor McQuarrie and Fred Irwin, district east of Ward street and north side of Baker and Vernon east. Team No. 2: F. J. Boles, George Stevenson and W. Matthews, east of Ward street, south side of Baker and both sides of Victoria east as far as Park. Team No. 3: N. Mallette and H. Bush, west of Ward street, north side of Baker to Falls and north to the waterfront. Team No. 4: H. S. Bagnall, J. R. Hunter, C. W. Appleyard and John Burns, west of Ward street, south side of Baker and both sides of Victoria west to Falls. Team No. 5: J. A. McDonald, R. B. Jackson and Mike Scully, Canadian Pacific railway and flats and all west of Falls street. Team No. 6: Donald Guthrie and T. D. Stark, north side of Vernon to waterfront and east of Ward to Park street. Team No. 7: A. Tregillus, W. Douche, H. P. Thomas and R. W. Hinton, Fairview district. Team No. 9: J. P. Ford, W. Irvine, A. T. Walley and C. W. Tyler, north shore of the lake from Bealby's ranch to the Taghum bridge. Team No. 10: C. F. McHardy and H. W. Rust, from Park street east to city limits.

Fire and explosion in an ammunition train in the Volga region of Russia have killed 40 persons and destroyed a great amount of property.

J. A. Hageman of Unity was elected grand master of the Saskatchewan Oddfellows.

JUSTICE ALLOWS BEVAN APPEAL

Quashes Conviction at Trial—Information Was Not Laid Within Thirty Days

Mr. Justice Morrison has given his judgment in the case of Rex vs. Bevan and has allowed the appeal. Bevan was convicted at Creston on April 20 on a charge of dealing in motors without a trade license and was fined $300. The conviction was quashed on the following among other grounds:

That there was no jurisdiction, that no specific offense was charged and there was more than one offense charged.

As to the first reason, Mr. Morrison stated:

"Section 40 of the Motor Traffic act of 1911 enacted that any information for or in respect of any offense against the provisions of the act shall be laid before the expiration of 30 days from the time of the happening of such offense. In the conviction the words 'one month' are used. He said that by a month, according to his interpretation of the act, is meant a calendar month, which may or may not always contain 30 days. The section says 'within the space of 30 days.' The offense was alleged to have been committed on March 25 and the information was not laid until April 24."

C. R. Hamilton contended that the 30 days ended on April 23. Mr. Morrison said that there was therefore no jurisdiction.

He said that the second reason involved a consideration of section 41 of the act, which provided that the description of any offense under the act in the words of the act or in any words of like effect shall be sufficient in law. This provision was similar to section 39 of the English Jurisdiction act. He explained that it was not that there was insufficiency in the description of the offense itself. The description followed the words of the statute but there was insufficiency in respect to the ingredients of the offense which the defendant had committed and for which he had been found guilty.

On the third point, Mr. Morrison said that the defendant appeared to be charged with dealing with two different persons.

"In my opinion," he said, "the conviction is bad on all three grounds. In the information the charge must be set out in such distinct terms that the accused may know exactly what he has to answer. He cannot be convicted of a different offense from that contained in the information. An omission of an essential allegation being a matter of substance cannot be added by the court."

MORE MEN DESERT WIVES IN MONTREAL

(By Daily News Leased Wire.)

MONTREAL, June 14.—That wife desertion is on the increase in this city appears to be established by the report of the charity organization societies of this city, which has just been issued and which gives the number of desertions for May at 186, as against 78 last year.

C. F. Caldwell of Kaslo was a visitor to the city yesterday.

Miss A. B. Cockle of Kaslo came to the city yesterday afternoon and registered at the Hume.

Mrs. John McDonald of Mountain Park, Alta., is visiting her sister, Mrs. D. Ritchie, Vernon street.

R. B. Morris has returned to the city having been granted furlough from the military camp at Victoria.

Sweet peas are in bloom in E. F. Gigot's garden. He says that this is about two weeks earlier than usual.

The water in the lake rose over six inches during the 24 hours ending yesterday noon. It stood 13.4 feet above low water level.

P. Hunden who underwent an operation at the Kootenay Lake General hospital by Dr. Rose and Dr. G. Martin was reported last evening to be doing nicely.

RECORD WIND STORMS CITY

Small Hurricane Visits Near District—Blows Boathouses Away From Moorings

What is believed to have been one of the strongest wind storms that ever visited the district occurred yesterday morning shortly after 4 o'clock. Several boathouses were carried from their moorings. A large log broke loose from the boom at the sawmill and was carried up the lake and washed up on the ferry landing.

Many trails and roads throughout the district were reported to be blocked by fallen trees. Telephone lines were affected.

Eyewitnesses said that some of the trees in the city were bent over until the tops nearly touched nearby houses.

SCOUTS HOLD YEAR END MEET

Beaver Patrol Wins Claridge Shield—Scoutmaster Thompson Bids Farewell.

Nelson troop of Boy Scouts held their final meeting of the season in the club rooms, Stanley street, last evening. Five new recruits were received. They were Wilfred Ashton, Elmer Black, Joseph Ink, Lloyd Reid and Elmer Reiley. The new members were welcomed with scout honors and sworn in by Scoutmaster A. E. Thompson.

C. W. Busk, president of the organization, presented the Claridge Challenge shield, on behalf of Lieut. W. J. Claridge of Fernie, to the Beaver patrol. It was received by Patrol Leader Jack Weir, his patrol having scored the highest number of marks for the scout year just ended.

Lieut. Claridge wired his congratulations to the winning patrol and expressed his regret at not being able to attend to present the shield.

Acting Scoutmaster A. E. Thompson bid the troop an official farewell, as he remarked he was leaving Nelson shortly. He expressed his hope that some one would come forward to offer his services as scoutmaster and continue the work he had taken such an interest in.
