VOL. 17 No. 281 NELSON, B. C., THURSDAY MORNING, MARCH 6, 1919 50c PER MONTH

STATEMENTS OF SIR SAM ARE DISCREDITED

Toronto Captain Says He's Wrong

DID NOT KNOW OF ARMISTICE

Letter From Currie Explains Mons Attack

(By Daily News Leased Wire.)

VICTORIA, March 5.—The statement of Sir Sam Hughes in the house of commons yesterday, in which he complained of the taking of Mons four hours before the cessation of hostilities and characterized it as a needless sacrifice of Canadian lives is, by a coincidence, answered in a letter received here today from Lieut.-Gen. Sir Arthur Currie. In this Sir Arthur says:

"We regard it as a special privilege that we were able to drive the Boche from the historic city and battlefield of Mons before we knew the armistice was going into effect. I received the news of the taking of Mons before I received the wire from general headquarters telling me that at 11 o'clock hostilities would cease."

TORONTO, March 5.—Splendid opportunity for observing the effect and method of attack employed at Cambrai was enjoyed by Capt. W. J. Clark, R. A. F., during these battles, Captain Clark carrying out contact patrols for the British corps which was operating on the immediate right flank of the Canadian corps.

"At no time," he stated today, in commenting on Gen. Sam Hughes' criticism in the house of commons last night, "was it the intention of the British staff to attack or assault Cambrai frontally. We were obliged, owing to the nature of our work, to read all operation orders very carefully and never read or even was led to believe that such an attempt was even decided. The folly of such an undertaking was too apparent, as Cambrai was surrounded by an outer uneven hedge of stone houses, which made admirable nests for enemy machine guns.

"An offensive attitude was always assumed by the British, immediately in front of Cambrai. One Canadian division was constantly picking and harassing his outer defenses, but only the slightest of casualties were suffered here by this method. This system, the staff considered essential in order that our real intention—to capture Cambrai by a flanking movement from north and south—might not be fully anticipated by the Hun."

Sir Sam Hughes was in Toronto today, but when seen refused to be interviewed.

"I said all I have to say just now," he replied.

Flavelle Makes Denial

TORONTO, March 5.—Sir Joseph Flavelle, chairman of the imperial munitions board, this afternoon issued a statement denying in toto and specifically every charge made against him by Sir Sam Hughes last night, holding that he has received no benefit from business arising from the war of any character "other than the benefit which accrued to him as shareholder of the William Davies company and the Robert Simpson company."

He pointed out that both of these corporations in common with all commercial organizations felt the benefit of the greatly enlarged business increase incidental to war conditions. The profits of these and other industrial corporations in Canada is a matter of public record.

I. O. O. F. CONSIDERS REPORTS AT WINNIPEG

(By Daily News Leased Wire.)

WINNIPEG, March 5.—Consideration of reports occupied the attention of the grand lodge, I. O. O. F. this afternoon. Fraternal greetings were extended by Joseph Oliver, deputy grand sire, Toronto; F. S. Evanson, Kingston, Ont.; A. A. Webster, North Dakota; J. A. Little, grand patriarch, Calgary, and G. F. Reynolds, P. M. M., G. R., Regina.

Tomorrow morning following election of officers, discussio will take place regarding the holding of a centennial celebration in the province.

THIRTY CIVIC EMPLOYEES STRIKE IN GALT

GALT, Ont., March 5.—Because their demands had not been met, 30 employees of the board of works today went on strike. Recently they petitioned the city council for an eight-hour day with the present pay they receive for 9 hours.

War Brought 1,200,000 Women From Homes to the Work Bench

(By Daily News Leased Wire.)

LONDON, March 5.—(British Wireless)—The vast extent to which British women replaced men in the industry and commerce during the war, is disclosed in a white paper issued today. Not only did the number of women ordinarily employed show an increase, but more than a million and a half additional came forward to take the places of the men. Making all necessary deductions and additions, it is estimated that the net increase in female workers, employed outside their own homes, was 1,200,000.

854,000 For Government.

The number of females employed in industrial concerns and government establishments in April, 1918, were

Munitions, 71,000; other government work industry, 774,000.

The number of females employed as permanent workers in agriculture in July, 1914, 80,000; in 1918 the number was 113,000.

13,600 in Hospitals.

The number of women employed in government hospitals had risen from 700 in July, 1914, to 13,600 in January, 1918, and the number in hospitals under the Red Cross society increased from 5,300 to 28,600 in the same period. In July, 1914, there were only about 1,500 women employed in banks. There are now 37,600 engaged in such work.

PUNISH ALL GERMAN OFFICERS WHO PLUNDERED, SAY SENATORS

(By Daily News Leased Wire.)

PARIS, March 5.—(French Wireless)—The French government is asked to make every effort to secure the punishment of all German officers and soldiers found guilty of plundering or causing devastation in the occupied regions of France in the report made by Senator Reynald, on behalf of the senate committee which recently visited the devastated districts. The report asks the government to call the attention of the allied powers to the German methods of destruction and urges the government to obtain restitution of stolen property. The government is urged to hasten material reconstruction and to aid the economic life of the people affected.

OVER 250,000 CASUALTIES IN YPRES SALIENT FROM JULY TO NOVEMBER

(By Daily News Leased Wire.)

LONDON, March 5.—(Reuter's)—In the house of commons today, replying to a question by Mr. Enthwistle, Right Hon. Winston Spencer Churchill stated that the total casualties of the British, Canadian and Australian troops in the Ypres salient from July 31 to Nov. 18, 1917, were as follows:

British—Officers, 10,795; men, 207,838.

Canadians—Officers, 496; men, 11,917.

Australians — Officers, 1289; men, 36,502.

HUGHES DEFENDS THE ROSS RIFLE

Says Canadians With That Rifle at St. Julien Stood Ground While Yorks Threw Away Lee-Enfields.

(By Daily News Leased Wrie.)

WOODSTOCK, Ont., March 5.—Before nearly 1000 persons in the opera house tonight, some of the leaders of the Orange order in Canada gave stirring addresses on the principles of their organization and declared in what direction the activity of Orangeism would be devoted in the confidently expected development of Canadian national life.

The meeting, which was open to the public, was part of the annual convention of the Orange loge of Ontario west, whose sessions commenced this morning. The speakers included H. C. Hocken, M. P., grand master of the superior grand lodge of British America, and Lieut.-Gen. Sir Sam Hughes.

A part of the program was the presentation to Mr. Hocken of a cabinet of silver from the members and officers of the grand lodge of Ontario west.

There was one moment of breathless hush when a voice in the crowd interrupted Sir Sam Hughes in the midst of his speech and there followed a short interchange.

Sir Sam was speaking of the heroic soldiers who stood their ground and won the day at St. Julien.

"But not with the Ross rifle, sir," came a voice form the crowd.

"Yes, my friend," responded Sir Sam.

"No, sir."

"Yes, every Canadian who fought at St. Julien had a Ross rifle, and Canadian ammunition. They stood their ground, while the Yorks and Durhams threw away their Lee-Enfields and ran because they had 'bum ammunition.' On the third day the Canadians got some of this ammunition themselves.

"I did not want to say this publicly, but you have forced me to do it. The Canadians with Ross rifles won the greatest battle in the history of the world, with Canadian ammunition."

The voice was evidently not convinced. It belonged to Company Sergt.-Major O'Cadogan of the first Canadian battalion, and he was heard to state that he would bring the argument into the limelight tomorrow.

CLERGY OF OMSK ATTACKS BOLSHEVIKI

(By Daily News Leased Wire)

OMSK, March 5.—(Havas)—After having remained neutral for two years the clergy in the government of Omsk is now bitterly attacking the Bolsheviki. It has gone completely over to the cause of Admiral Kolchak, supreme governor of the government of Omsk, and is expressing its sentiments in a manner which has deeply impressed the entire country.

Bulletins

THREE TOWNS IN TORNADO.

MOBILE, La., March 5—At least three towns in southern Alabama were swept late tonight by a tornado. Great property damage and some loss of life have been reported. The towns struck were Eufaulu, Pollard and Flomaton.

P. G. E. PARTICULARS.

VICTORIA, March 5.—A resolution introduced by G. S. Hanes of North Vancouver, asking for a return to the house showing the financial status, liabilities and assets of the Pacific Great Eastern Railway company, was passed in the legislature today.

RELEASE IRISH PRISONERS.

(By Daily News Leased Wire.)

LONDON, March 6.—The British government has decided to release all Irish political prisoners, says the Daily Mail today. In order to prevent a great public demonstration, the newspaper adds, the prisoners will return to Ireland in small batches.

WANT BAY LINE FINISHED SOON

Manitoba Legislature Passes Resolution Calling for Completion of Route This Year.

(By Daily News Leased Wire.)

WINNIPEG, Man., March 5.—The legislature this afternoon unanimously adopted a motion of Mr. Norris, seconded by Albert Prefontaine, leader of the opposition, a resolution calling for the completion during the present year of the Hudson's Bay railway as a vital factor in the development of the west.

The premier reminded the house that Manitoba was now a maritime province and said that when the railway was completed freight could be distributed from the old country in the west via Port Nelson as well as grain shipped to Europe.

The house continued discussion of the bill to prohibit trading in margins and futures when there was no intention to deliver the grain. It being pointed out that such legislation would be ultra vires, W. Wood, in withdrawing the bill served notice that the agitation would be carried on by the farmers of Canada until the pernicious system had been destroyed.

GOVERNOR OF MONTANA VETOES GAMBLING BILL

HELENA, Mont., March 5.—Governor Sam V. Stewart today vetoed a house bill permitting the use of parimutuel machines in race track betting. This is the second time in two years that Governor Stewart has vetoed bills sanctioning race track betting.

WAR TIME PLOT TO SINK SHIPS IS DISCLOSED

Capt. Pederson Faces Murder Charge

OTHERS ARE IMPLICATED

Puako Sailed from Victoria Year Ago

(By Daily News Leased Wire.)

NEW YORK, March 5.—Disclosures of a German war time plot to destroy American shipping on the Pacific coast were brought to light today by United States attorneys in their investigation of the charge of the crew of the Barkentine Puako, that their captain, Adolph Pedersen, had been so strict that two of the seamen committed suicide. Pedersen, known as "Hell-fire Pedersen," was arrested last night and is in the Tombs today under $25,000 bail for alleged violation of the seaman's law. His two sons, Leonard, 19, and Adolph, Jr., 18, who were their father's mates, are also under arrest and held in $5000 bail.

Captain Pedersen now charges that his crew took part in a German plot to scuttle his vessel.

One of the chief ringleaders in this plot, the captain said, was Axel Hansen, one of the seamen who leaped overboard and was drowned. He took German money for such work, it is alleged, and was also implicated in other German plots.

Lawrence Miller, assistant United States attorney placed the cruelty charge against Pedersen before the grand jury today.

Face Murder Charge.

NEW YORK, March 5.—Captain Adolph C. Pedersen of the American brigantine Puako, nicknamed "Hell-fire Pedersen" by his crew, and his two sons, A. E., and L. R. Pedersen, mates of the vessel, were brought here yesterday by the U. S. S. Rochester and locked up pending investigation of charges of murder on the high seas. Six members of the crew of the Puako also arrived on the Rochester to be held as material witnesses.

Left Victoria in 1918.

VICTORIA, B. C., March 5.—The American barkentine Puako, commanded by Captain A. C. Pedersen, sailed from Victoria about Feb. 16, 1918, with a full cargo of lumber for Cape Town. The cargo was shipped at Genoa Bay and the vessel came to Victoria to complete her crew and take aboard supplies.

Considerable difficulty was experienced in securing seamen at that time and the Puako was held here several weeks, until her compliment finally was rounded out by sailors brought here from the United States.

Officers were scarce and he took his two sons to sea as mates.

Captain Pedersen is well known at this port as on numerous occasions he has sailed the Puako into the Royal roads.

Prior to securing command of the Puako he served as mate under Captain Freeman, master of the famous ship, Glory of the Seas.

Captain Pedersen made his home in San Francisco. Last summer a United States secret service man was in Victoria making investigations concerning Pedersen.

These investigations eventually led up to his arrest for murder. Murder must have been committed some time ago.

PARIS WELCOMES RUMANIAN QUEEN, NOW A FUGITIVE

(By Daily News Leased Wire)

PARIS, March 5.—(Havas)—Queen Marie of Rumania, accompanied by her daughters, the Princesses Elizabeth, Marie and Ileana, arrived in Paris this morning. They received a warm welcome.

A dispatch from Geneva, Feb. 23, said the queen of Rumania and her daughters had fled from Bucharest for England, fearing a revolution in Rumania.

500 GO ON STRIKE IN VICTORIA YARDS

VICTORIA, March 5.—Five Hundred shipyard workers, employed chiefly by Yarrows limited, the Victoria Machinery Depot and Hutchison Brothers, went on strike at noon because the latest MacDonald award has not been enforced by the employers. The latter claim they cannot accept, in whole, the award of 2¾ cents an hour additional, a part of which the employers contend is outside the terms of the agreement.

MUST SHARE IN 'COLLAR' WORK

London Press Says United States Must Share Sorrows of League as Well —Wilson's Prestige Hurt

(By Daily News Leased Wire)

LONDON, March 5.—President Wilson's speech in New York arrived in London too late for extended editorial comment in the afternoon newspapers, but it occupies a prominent place in the newspaper columns.

The Pall Mall Gazette, referring to the president's expressed conviction that an overwhelming majority of the people of the United States are in favor of a league of nations, says:

"That is undoubtedly the case, but the crucial question is whether they are prepared to pledge the practical resources and action of their country to vindicate the league when it is formed. Unless America is prepared to share in the "collar work" of the league she can have no voice in its policy."

The Westminster Gazette, in expressing the hope that the league will be much more than a debating society, says that even if it is a debating society it probably would have prevented this war had it been in operation in 1914, and it will be a prevention against other wars springing from the same motives.

Referring to the report that Senator Lodge and 36 other Republican senators were determined to oppose the league of nations as now constituted, the Globe says:

"President Wilson returns to Europe with greatly diminished prestige as a result of the action of an independent representative section of his own countrymen and with his boasted league of nations treated precisely as a scrap of paper which we have always held it to be."

SUTHERLAND TO BE AUDITOR

Succeeds John Fraser, Who Died in Florida—Had Been Long in Service

(By Daily News Leased Wire)

OTTAWA, March 5.—Announcement was made tonight of the appointment of Major E. D. Sutherland, for many years assistant auditor-general, to succeed the late John Fraser, late auditor-general of Canada.

Mr. Fraser, who died in Florida last week, has been absent from the capital for some time, Major Sutherland acting as auditor-general.

The appointment of Major Sutherland is a recognition of the principle of promotion in the public service, he having been connected yith the auditor-general's department for many years.

Major Sutherland has long been regarded as an able official with qualifications which specially fit him for the important post to which he has been appointed.

He has been prominently connected with military affairs in the capital and is an enthusiastic rifleman.

SAYS DENMARK'S TROUBLE NOT OVER SCHLESWIG

(By Daily News Leased Wire)

PARIS, March 5.—The delegation of Danes which arrived in Paris Tuesday to lay before the peace conference the claim of Denmark concerning Schleswig, informs the Temps that the present ministerial crisis in Denmark has nothing to do with the claim for Schleswig. The delegates say that the crisis concerns only the international policy of Denmark. The Danish delegates are B. P. Munch, former Premier Neergaard, Senator Fess and Senator Bramsen.

They are accompanied by four prominent residents of Schleswig.

SAYS ONTARIO ELECTION ACT WILL BE REMANDED

(By Daily News Leased Wrie.)

TORONTO, March 5.—The Ontario election act came under heavy fire from the opposition in the Ontario house during the debate on the speech from the throne this afternoon and promises that the measure would be amended during the present sesison was given by Hon. I. B. Lucas, attorney-general.

An amendment to the reply to the speech from the throne moved by Hartley Dewart and seconded by G. C. Hurdman, of West Ottawa, calling for a return to former conditions with a period of only one week between nominations and elections, was defeated, 58 to 25, on a straight party vote.

NAVIGATION ON LAKE ERIE OPENING EARLIER

(By Daily News Leased Wrie.)

CLEVELAND, O., March 5.—Passenger navigation on Lake Erie will open about two weeks earlier this season, it was announced by steamship agents today. Boats to Detroit will make their first trip about March 10 and between Cleveland and Buffalo about April 1.

PEACE TREATY WILL START TAKING FORM WITH TODAY'S DISCUSSIONS IN COUNCIL

ARRIVAL OF PREMIER LLOYD G EORGE IN PARIS IS PRELUDE TO FINAL ACT IN ESTABLISHMEN T OF WORLD PEACE—FIRST QUESTIONS TO BE DECIDED ARE T HOSE RELATING TO MILITARY AND NAVAL TERMS FRAMED BY FOCH AS PART OF THE ARMISTICE, BUT LATER CHANGE D TO A PLACE ON THE PERMANENT TREATY.

(By Daily News Leased Wrie.)

PARIS, March 5.—(By the Associated Press)—David Lloyd George, the British prime minister, arrived in Paris by special train this evening. He was accompanied by the Duke of Connaught.

The arrival of the British prime minister is the prelude to the discussion of the main questions of the peace treaty by the council of the great powers, which will begin tomorrow.

The question to be determined tomorrow relates to the military and naval terms of the enemy disarmament as framed by Marshal Foch and the joint military and naval advisors. These were originally framed as terms of the armistice, but are now changed so as to be a part of the permanent peace treaty.

House and the Premier.

Premier Lloyd George and Colonel House will have luncheon together prior to tomorrow's meeting, at which the British and United States positions will doubtles be co-ordinated, as President Wilson's views on the subject are understood to have been made known by cable and wireless.

The subjects of reparation for war damages and the western German frontier will follow the military and naval terms. It is understood that an agreement has been virtually reached on the amount of reparation to be inserted in the peace treaty. This is far less than either the French or British estimates as originally submitted, but is still a vast sum, running high into billions of dollars.

The western German frontier is also practically settled, one of the main features being a neutralized or sterilized strip along the west bank of the Rhine, which will insure an adequate butter between France and renewed German aggression.

King Nicholas' Case.

The council of the great powers today heard the case of King Nicholas of Montenegro, which was presented by General Gosdenovitch, Montenegrin minister at Washington. It was a protest by the venerable monarch against losing his throne and having his country absorbed by the new Jugo-Slav state.

Incidentally the protest involves the issue between Italy and Jugo-Slavia. King Nicholas is the father of the king of Italy, so that Montenegro's position has not been clearly defined on the issue between Italy and the new state, which seeks to embrace Montenegro.

The council also considered food relief for Bohemia and other sections of southeastern Europe, where the warring faction still make it difficult to forward supplies. It developed during the session today that the Jugo-Slav frontier, which has been closed against Italy, and threatened to precipitate a crisis with that country, has been reopened.

Tardieu Heads Commission

PARIS, March 5.—(By Associated Press)—The central commission on territorial questions at its first meeting tonight elected Andre Tardieu of the French peace delegation president. The task of the commission is to co-ordinate all decisions of the special territorial commission.

In particular it will have to fix the lines between the different frontiers traced by the various commissions. It also will discuss questions not reserved for special consideration by the council of ten.

Relief for Enemy Countries

PARIS, March 5.—The question of relief for Austria and Hungary was discussed at the meeting of the supreme council today.

General Gvosdenovitch, minister of Montenegro to the United States, in the name of King Nicholas gave the views of the royal government on the situation in Montenegro.

The official statement issued after the meeting reads:

"The allied supreme council met on Wednesday, March 5, at 3 o'clock in the afternoon. The chairman brought to the notice of the council various questions relative to plans for future sessions. The question of the relief of Austria and Hungary was then discussed.

"M. Gvosdenovitch, Montenegrin minister at Washington, set forth in the name of King Nicholas the point of view of the royal government of the situation and future of Montenegro.

"The next meeting will take place tomorrow, Thursday, at 3 p. m."

ROADS MUST FIND MONEY

U. S. Government Decides to Retain Control—Finances Must Come Through Private Loans.

(By Daily News Leased Wire.)

WASHINGTON, March 5.—The government today determined to retain control of the railroad administration and to have the roads finance themselves for the next few months, through private loans in the open market or through advances by the war finance corporation.

Efforts will be made to obtain operations on a normal scale and carry as much of the improvement as possible, in order to avoid throwing employees out of work, or otherwise disturb industrial conditions. No attempt will be made to solve the problem by raising rates.

These assurances were given by Director General Hines, in a public statement and in an address at the conference of governors and mayors meeting here. At the same time, it developed that the war finance corporation has about $337,000,000 resources available, and much of this may go to railroads to supplement the sums they can borrow.

After protracted conferences between Secretary Glass and other officials of the treasury and war finance corporation, it was stated that means probably would be developed to keep the railroads off the money market as much as possible and minimize interference with the forthcoming Victory-Liberty loan.

Although officials appeared optimistic they explained that much manipulating of financial machinery would be necessary and a definite program could not be developed for some time.

332,000 RUMANIANS KILLED OR DIED IN WAR

(By Daily News Leased Wire)

PARIS, March 5.—The Rumanian press bureau announces that 332,000 Rumanian combatants in the war were killed or died from wounds.

TO JAIL GERMAN STRIKE LEADERS

Minister of Defense Gives Order—20,000 Oppose Walkouts—Many Robberies.

(By Daily News Leased Wrie.)

BERLIN, March 5.—(By the Associated Press.)—Gustav Nostek, minister of defense, has ordered the troops to arrest all strikers or leaders of strikers who are guilty of rioting or intimidating workmen.

20,000 Oppose Strike.

BERLIN, March 5.—(By the Associated Press)—The Vorwaerts, the Socialist organ, reports that the result of the secret ballot taken on the strike issue in 80 Berlin plants, showed that more than 20,000 workers were opposed and that 7900 were in favor of a strike.

The workmen in numerous foundries, the newspaper adds, were stampeded into a strike by the radicals Monday before the soviet took official action.

Many Robberies.

LONDON, March 5.—Robberies amounting to may millions of dollars worth of property in Berlin have been carried out in the last two days, accordin gto a Reuter despatch from that city. Jewelry stores were looted and also drapers' establishments where goods were taken valued at hundreds of thousands of marks. In the northeast of the town, dairy produce and meat shops have been plundered.

MRS. FAIRBANKS GETS DIVORCE FROM "DOUG"

(By Daily News Leased Wire.)

WHITE PLAINS, N. Y., March 5.—A final decree of divorce in favor of Mrs. Douglas Fairbanks, wife of the motion picture actor, was signed today by State Supreme Court Justice Young. The papers mentioned a co-respondent as an unknown woman. Under the terms of the decree the custody of a child, Douglas Fairbanks, Jr., is given to the mother.

Admiral Sims said at a dinner in Paris:

"You must act quickly when you fight the submarine. No hesitancy, no delay. If you see delay or hesitancy, quash it as mercilessly as the young lady did.

"A young man proposed to a young lady, but several months went by, and nothing was said about marriage.

"One evening as he folded her a little closer to his breast, the young man murmured:

"'I saw an interesting ad today—an all-wool suit for $14.'

"'A wedding suit?' she asked.

"'No, dear; a business suit.'

"She looked him calmly and coldly in the eye.

"'I mean business,' she said."

Rev. W. F. Carpenter, B.A., has resigned the parish of Hornings Mills, and is to be in charge of the parish of Kingston, Virginia, living at the town of Matthews.

POWDER PRICE GOING DOWN

Third Decline in Last Three Months Is Announced to Mining Men of District.

FRENCH DEPUTIES DISCUSS BILL FOR ADVANCE OF CASH

(By Daily News Leased Wire.)

PARIS, Merch 5.—The chamber of deputies today discussed the bill regarding the ratification of an agreement made by the minister of finance, Klotz, and the Bank of France, putting at the disposal of the state 3,000,000,000 francs and raising the bank's advance to the government from 21,000,000,000 to 24,000,000,000 francs, the issue of paper money having passed from 33,000,000,000 to 36,000,000,000 francs.

Deputy Barthe argued that the increased circulation of paper money was one of the principal causes for the high cost of living.

M. Bon, Socialist, proposed an amendment to the bill, abolishing interest on advances. This was rejected by a vote of 349 to 124.

MERGE REGINA FAIRS

(By Daily News Leased Wrie.)

BRANDON, Man., March 5.—D. T. Elderkin, an enthusiastic visitor to the Manitoba winter fair, announces that the Regina winter fair has been absorbed by the summer fair board under the one board of directors.

REPUTATION COUNTS
with a remedy, as with everything. Zam-Buk enjoys an enviable reputation amongst remedies. Why? Because it justifies the claims made for it. Not only does Zam-Buk cure skin troubles and injuries quickly and permanently, but the quickness with which it ends pain and irritation makes it the most popular remedy wherever it is used.
Then, too, Zam-Buk is the best preventive of blood-poisoning. Applied to an injury as soon as sustained, it destroys all germs and prevents festering. Zam-Buk is best for eczema, piles, rashes, boils, pimples, ulcers, burns, cuts and scalds. All dealers, 50c. box.
Zam-Buk

TELLS DYSPEPTICS WHAT TO EAT
Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antiacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestent. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin pills or artificial digestents.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

LONDON COUNTY ELECTION TODAY

(By Daily News Leased Wire.)

LONDON, March 5.—The general election for the London county council, which is fixed for March 6, will take place in unusual circumstances. London has been accustomed to witness a stand-up fight between the Municipal Reform and Progressive Parties on lines made familiar by parliamentary elections; but the experience of the last few years seems to have made a renewal of the old party conflict impossible, at any rate for the present.

Even in the early days of the war it was felt to be essential to sink all minor differences, and a general agreement to avoid controversal topics has, during the course of the war, developed into something like a fusion of parties For the last two years the chairs of the committee of the council have been occupied by members of both parties, a Municipal Reform chairman often having a Progressive vice chairman, and vice versa; and last year the chair of the council itself was filled by the Lord Crewe on the nomination of the Progressives, although they were in a considerable minority, and with the cordial assent of the Municipal Reform majority. Nor did the "Labour" bench at the Spring gardens form an opposition. Nearly all its occupants stood at the last election as Progressives, and though they have not desired to occupy any committee chairs they have worked cordially and harmoniously with other members.

It follows the policy to be defended at the polls tomorrow is the policy of the council as a whole, and not the policy of a party. It is true that there is to be no Coalition election and that the parties are standing independently, but, if the manifestos of Municipal Reformers and Progressives are compared, it will be found that there is little essential differences between them. Indeed this must necessarily be so, since the council has dealt by common consent with most of the more urgent problems. Thus proposals have been agreed to for the expenditure of large sums of money on housing, and the money is to be devoted primarily to the improvement of slum areas. Schemes for dealing with tuberculosis and venereal diseases and other public health measures have been put in hand and pressed.

The municipal elector has been inclined to complain in the past that the London county council aped parliament too closely with its strict party divisions, and that any rate in municipal affairs it is is men and not party affinities which should count. So far as the old parties are concerned, it would seem that this ideal was now almost obtainable; but a new factor has emerged to spoil this prospect.

The so-called "London Labour Party" has come into the field with a programme of its own and with the intention of contesting a large number of seats. This party is not represented by the Labour members now on the council; indeed, it is probable that some of them will be attacked in their seats by this organization, which represents the more advanced Socialist parties. Its programme, which, however, has still, apparently, to be submitted for approval to a Socialist party conference, includes such items as the conscription of riches; the substitution for rates of a graduated income tax levied by parliament on incomes of over £250; loans to local authorities free of interest; public ownership and control of industry, coupled with industrial self-government by the workers themselves. This party is thus appealing to the electors with a policy of full-blown Socialism, and the choice between candidates adopting this programme and all others is clean cut. For the rest, the old party lines are blurred, and it will be a question of men (and women) rather than parties.

TRAFFIC IN NEW YORK HARBOR STILL TIED UP

(By Daily News Leased Wire.)

NEW YORK, March 5.—Traffic in New York harbor remained virtually tied up at the end of the second day of the marine workers' strike, but J. L. Hughes, mediator of the department of labor, reported tonight that progress had been made toward effecting a settlement between the railroad administration and its employees who man 40 per cent of the craft here.

FORD FIGURES OUT NEW CHEAPER CAR

(By Daily News Leased Wire)

LOS ANGELES, Cal., March 5.—Henry Ford left for his home in Detroit today, after announcing that on his arrival there he would perfect plans for the manufacture by a new corporation of a cheaper automobile than any now extensively marketed. Mr. Ford said he had designed the car while resting at Altadena, near here.

Just the drink for thoughtful, economical folk—

MANY VOTE FOR LICENSE IN VERMONT ELECTIONS

(By Daily News Leased Wire)

MONTPELIER, Vt., March 5.—Revision today of the votes cast in town and city elections in Vermont yesterday on the license question showed that the number of communities voting for license was more than doubled over that of last year. Twenty-five cities and towns sent in returns showing that they had favored a license policy, as against 11 last year.

Changes from no license to license were made in Burlington, Montpelier, St. Alban's City, Johnsbury, Northfield, Roxbury, Mount Labor, Benson, Hubbardston, Dansbury, Fairfax, High Gate, Swanton, Hartford and Wardsborough.

Places which continued their license policy from last year were Rutland, Barre, Pennington, West Rutland, Castleton, Fairhaven, Colchester, St. George, Shelburne and Vergennes.

No changes from license to no license were reported.

CLAIM $1,450,000 THROUGH LOSS OF FREIGHTNG SHP

(By Daily News Leased Wire)

NEW YORK, March 5.—Three libels were filed here today against the steamer Aquitania and the Cunard Steamship company in connection with the sinking in New York bay, Feb. 28. of the freighter Lord Dufferin, rammed by the Cunarder.

The Aquitania, scheduled to sail from here tomorrow noon, was placed under attachment pending decision in the admiralty division of the federal district court tomorrow of the question of jurisdiction. Two of the libels were filed by Gaston, Williams and Wigmore of Canada, lessees of the Lord Dufferin, claiming 1,000,000 damages through the sinking of the ship, and $400,000 through loss of part of her cargo.

The third bill was entered by the Atlantic Sugar Refining company of Delaware for $50,000 loss on cargo.

Departures.

Royalite from Halifax for Baton Rouge.

Megantic from Halifax for Portland.

War Beetle from Halifax for trans-Atlantic ports.

SAYS AMERICAN TONNAGE A MENACE

(By Daily News Leased Wire)

LONDON, March 5.—American tonnage was described today as undoubtedly a distinct menace to Britsh coal export trade in a statement made by Mr. Lee, chief of the coal price department of the board of trade, before the coal commission investigating this subject. At present England is just beginning to feel the effects of American competition, he said, because until January it had been agreed that American coal should not be transported to Europe.

American competition, added Mr. Lee, was feared in the Mediterranean particularly and the British would have to consider altering the export regulations to meet the situation. The Americans were already underselling the British in South America and the British would have to cut their prices there if they wished to retain the market.

COMPLETE DRAW FOR INTERNATIONAL CUP

(By Daily News Leased Wire.)

SYDNEY, N. S. W., March 5.—Officers of the Australian tennis association completed the draw for the Davis cup international tournament here today. The teams of Great Britain and Belgium will meet first, the winner in turn to play France for the right to challenge the Australians the present holders of the trophy emblematic of the world's tennis championship.

No dates were fixed in the draw it being understood that the nations represented in the preliminary rounds will fix dates suitable for the match, which will be played in Europe.

The challenge round for the Davis cup, if present plans are followed, will probably be played in Melbourne late in November or during the first week of December. At present the Davis cup is in the United States, although held by an Australian team as a result of the victory of Brooks and Wilding in 1914. The declaration of war, which preceded the final matches, made it advisable to hold the trophy in the United States for the period of hostilities.

Sell Your Rags

The Daily News Job Department will pay 5 cents a pound for clean cotton rags.

SEATTLE LABOR REJECTS MOTION TO ADMIT I. W. W.

(By Daily News Leased Wrie.)

SEATTLE, March 5.—Resolutions calling upon the central labor council to refuse to admit to membership union delegates who are members of dual organizations, which would include the Industrial Workers of the World, were rejected by the council at its meeting tonight. A little later the mailers' union, charging that the council was dominated by radicals and I. W. W., severed its relations with the council.

The council passed a recommendation calling upon its members to assist in raising funds for the legal defense of more than 25 men arrested here on charges of criminal anarchy in connection with the recent Seattle general strike.

GENERAL STRIKE IN HAVANA SPREADS THROUGH COUNTRY

(By Daily News Leased Wire.)

HAVANA, March 5—Throughout the day the general strike in Havana gained momentum and also spread rapidly to interior cities. As yet, there is no indication of a settlement of the trouble, but it is believed that President Menocal, as soon as he reaches the capital, will endeavor to act as arbitrator in an effort to bring the tie-up to a quick finish. Today, in Havana, an occasional street car was in operation. Otherwise traffic of every description remained paralyzed. The cooks in several of the large hotels and restaurants struck this afternoon and patrons had difficulty in obtaining their evening meal.

$150,000 LOSS WHEN FIRE ATTACKS CHURCH

(By Daily News Leased Wrie.)

BUFFALO, N. Y., March 5.—Fire tonight destroyed the greater part of the Dorman Roman Catholic orphanage, causing damage estimated at $150,000. Four hundred and fifty children who were in the building, many of whom were asleep, were all taken out.

FREIGHT TRAFFIC WILL BE AFFECTED BY EMBARGO

(By Daily News Leased Wrie.)

SAN FRANCISCO, March 5—Freight traffic between Pacific coast points and New York, Brooklyn, Long Island and Jersey city is to be held up by an embargo declared by the United States railroad administration, according to instructions received here today. The administration's order, according to railway men, will affect the entire country, with the exception of two lines operating in the east.

Congested freight conditions at the New York terminals owing to the strike of the harbor workers, caused the federal board to declare the embargo, local railway men said.

APENEE RESTS ON REEF; NO WATER IN HOLD

(By Daily News Leased Wire.)

ST. JOHNS, Nfld., March 5.—The Furness liner Apenee, driven on a reef by the ice pack in Witless Bay yesterday, was resting easily today with no water in the hold. It was expected that the prevailing northwest wind would rush the ice farther out to sea and it was considered probable that a rescue ship might be able to reach the steamer tomorrow. Part of the crew came ashore over the ice yesterday and others remained on board.

MONTANA TO SPEND $15,000,000 FOR ROADS

HELENA, Mont., March 5.—The Montana house of representatives tonight passed a senate bill providing a bond issue of $15,000,000 for good roads.

MONEY FOR RESTAURANTS

(By Daily News Leased Wire)

PARIS, March 5.—The chamber of deputies today passed without discussion a bill authorizing the government to advance 25,000,000 francs for the organization of popular restaurants.

"They say opposites attract each other, but I don't see how that rule applies in Tom and Mabel's case."

"I do; he toes out and she toes in."

ROYAL YEAST CAKES
The quality of Royal Yeast Cakes is such that it cannot be improved, so we are improving the package. The change from a round to a square package will be made as rapidly as practical. The quality of the round and square cakes is guaranteed to be identical in every respect. Each of the square cakes are wrapped separately by machinery, in wax paper, in such a manner as to make them practically airtight, and scientifically hygienic.

ROYAL YEAST HAS BEEN THE STANDARD YEAST OF CANADA FOR NEARLY HALF A CENTURY

WINNIPEG MONTREAL

BRAZILIAN IS CENTRE OF INTEREST AT TORONTO

(By Daily News Leased Wire)

TORONTO, March 5.—Brazilian was the centre of interest in the trading on the Toronto exchange today. The opening was 53¾, touching 53⅞. There was a reaction to 53½, at which level it closed, showing a net gain of ¼. Cement opened at 69¼ and closed 69⅛, a net decline of ¼. Dominion Canners declined to 37, a net loss of 2½. Steel of Canada lost half at 60⅛.

Winnipeg Railway was off ½ a point at 48, but Barcelona at 10⅛ was slightly firmer.

Strength and activity of the 1937 Victory loan was the feature of the bond market. Today's high, 104⅞, was ⅜ above the former high record and the closing price was 104¾.

CORN PRICES ADVANCE

(By Daily News Leased Wire)

CHICAGO, March 5.—Progressive speculative buying due largely to assertions that commercial values of corn were much below the feeding, led to a decided advance in the corn market today, but most of the gain disappeared under profit taking. The close was unsettled, ⅛ lower to ¼ cent up, with May 1.29¼ to 1.29⅜, and July 1.24¾ to 1.24⅞.

Oats finished ⅜ to ½ cent higher, and provisions down 2 to 20 cents.

Dr. George Meecham, one of the first Methodist missionaries to Japan is dead at Toronto.

Sick Headache and Constipation

Cured by

MILBURN'S LAXA-LIVER PILLS.

When your liver becomes sluggish and inactive the bowels become constipated, the tongue becomes coated, the breath bad and the stomach all out of order.

Then come those terrible sick headaches. They take out every bit of life and ambition, bring on depression and often end in complete mental and physical prostration.

To keep the liver active, and your bowels moving regularly is the only way to get rid of the constipation and the distressing sick headaches. Milburn's Laxa-Liver Pills will do this for you by stimulating the sluggish liver into manufacturing sufficient bile to act properly on the bowels, thus making them active and regular.

Mrs. Winslow McKay, Jordan Branch, N.S., writes: "I have been sick for a number of years with sick headache and constipation. I tried all kinds of doctors' medicines but none did me any good. I tried Milburns Laxa-Liver Pills, and after using four vials I am completely cured. I would heartily recommend them to all sufferers.

Milburns Laxa-Liver Pills are small and easy to take and do not gripe, weaken or sicken as so many pills do. Price 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

LIVESTOCK MARKETS

(By Daily News Leased Wire)

CHICAGO, March 5.—Hogs—Receipts, 25,000; market 25 to 40 cents higher; closed dull 10 to 20 cents better than opening. Estimated tomorrow, 20,000. Butcher steers, 18.25 to 18.50; packing, 17.25 to 18.15; throwouts, 16.55 to 17.25; pigs, good to choice, 16.00 to 17.00.

Cattle—Receipts, 6000; good and choice beef steers, strong to 25 cents higher; others and good she stock, steady; canners, mostly 25 cents lower; calves, steady; feeders and bulls, 15 to 25 cents lower: estimated tomorrow, 10,000; beef cattle, good, choice and prime, 16.50 to 20.00; common and medium, 10.50 to 16.50; butchers' stock, cows and heifers, 7.50 to 11.50; canners and cutters, 7.25 to 7.50; stockers and feeders, good, choice and prime, 11.15 to 14.75; common and medium, 8.00 to 11.15; veal calves, good and choice, 17.25 to 18.00.

Sheep—Receipts, 7000; market mostly 25 cents higher; estimated tomorrow, 11,000; lambs, choice and prime, 19.60 to 19.75; medium and good, 18.25 to 19.60; culls 15.25 to 16.25; ewes, choice and prime, 14.50 to 14.75; medium and good, 11.00 to 13.50; culls, 6.00 to 9.00.

Winnipeg

WINNIPEG, March 5.—Livestock receipts Wednesday, 400 cattle, 11 calves, 1003 hogs and 12 sheep. Cattle receipts were again light and the market was strong and active in all lines of butcher stuff and female butcher stuff were extremely good sellers at strong prices.

Bulls sold steady at firm prices. Stockers and feeders were in good demand at steady to firm prices; veal calves, strong. Hog prices continued steady at Tuesday's prices. Quotations:

Butcher steers, 10.00 to 15.50; heifers, 7.50 to 12.50; cows, 4.50 to 12.00; bulls, 6.00 to 10.00; stockers and feeders, 6.50 to 12.50; veal calves, 10.00 to 12.00; sheep and lambs, 10.00 to 15.00.

Hogs, selects, 17.25; sows and heavies, 12.50 to 14.25; stags, 10.00 to 11.25; light, 13.50 to 14.75.

STRIKE OF 12,000 HAS BEEN ORDERED ON COAST

SAN FRANCISCO, March 5.—A strike of 9000 telephone operators and 3000 linemen in California, Washington, Oregon and Nevada has been ordered by the executive committee of the International Brotherhood of Electrical workers in the event that Postmaster-General Burleson does not speedily grant wage demands of the brotherhood, it was announced here today by T. C. Robbins, personal representative of L. C. Grasser, vice-president of the organization.

EDGWOOD NOTES.

EDGWOOD, B. C., March 5.—G. A. Randell of Greenwood was in Edgwood this week. He left on Friday's boat, taking with him a shipment of ore from the Waterloo mine near Lightning Peak.

C. Fergason and R. Fulmore are engaged in hauling ore from the mines to Edgwood wharf.

John Black and J. E. Dockerell were in town last week to look over the mines at Lightning Peak.

STOCKS ARE LESS ACTIVE ON MART

Protracted Advance Suddenly Comes to Halt on Wall Street—Bonds Irregular

(By Daily News Leased Wire)

NEW YORK, March 5.—The protracted advance in the stock market come to an abrupt halt today, further offerings of the railway shares soon extending to the various speculative issues, causing general irregularity.

Failure of congress to provide funds for maintaining the railroads was viewed as leaving the country's transportation system in an embarrassing position, but the opinion prevailed that emergency requirements for roads with established credit would be met by private banking accommodations. Losses among rails ranged from one to two points, investment issues meeting with support at concessions. In the group comprising motors and their accessories, the setback was more extensive, although Kelly-Springfield Tire was again absorbed, repeating its recent maximum.

Oils, leathers and shippings contributed largely to the advances of the early and mid-sessions, also tobaccos, sugars and fertilizers. Some of these gains were largely forfeited toward the close, where they were not entirely cancelled

Sales, 757,000 shares. Call money was abundantly offered at prevailing rates and easier conditions ruled in the dull market for time funds. Interior banks reported increased buying of commercial paper.

Bonds were irregular. Liberty issues and some domestic industrials shaded slightly, while the foreign division held firm.

Total sales, $10,650,000. Old U. S. bonds unchanged on call.

Closing Quotations

	High	Low	Close
U. S. Steel, com'n	93¾	91⅞	92

Canadian Pacific . 160		159⅜	159⅜

TONE IS GOOD, BUT LESS ACTIVITY AT MONTREAL

MONTREAL, March 5.—Although there was less activity in the Canadian security market today, the tone of the trading continued good.

Montreal Power closed at its record high price of 91, a net gain of a small fraction.

Laurentide Power did not make as good a showing, the close at 68¼ showing a net decline of ⅝, with the closing bid off further to 68. Converters continued its upward movement with a further gain of 1 point to 51, a new high for the year.

Dominion extile made a new high at 108, closing at 107½, a net gain of half a point.

Canadian Cotton preferred sold down a small fraction to 77.

Spanish River was off ½ a point to 20, and the preferred off one point to 77.

North American Pulp, in the most active trading of the day, rose a small fraction to 41⅛. Steel of Canada eased half a point to 60½.

The bond list again showed its strength, the 1937 Victory issue selling up ¾ point to 105. The 1933 issue up ⅛ to 103⅛, and the 1933 issue holding firm at 100⅛.

Sales—Shares, 6857; bonds, $137,300.

MONTREAL PRODUCE

(By Daily News Leased Wire)

MONTREAL, March 5.—Steady demand for potatoes; cheese quiet. Quotations:

Cheese—Finest easterns, 24 to 25.

Butter—Choicest creamery, 52½ to 53.

Eggs—Selected, 43½, No. 1 stock, 38.

Potatoes—Car lots, per bag, $1.75.

There is a surplus of fish throughout the Dominion.

PROPOSED FISH RATES TOO HIGH

Object to Increase to Eastern Points From Head of the Lakes.

(By Daily News Leased Wire.)

FORT WILLIAM, Ont., March 5.—At the sitting of the board of railway commissioners held today with Sir Henry Drayton presiding, the only case dealing with the express rates was presented by John Bowman and Thomas Craigie, fishermen, who objected to the increase from $2.75 to $6.00 per week on the express rates on fish to eastern points from the head of the lakes. They stated that they shipped from Port Arthur, Rossport and Port Caldwell, and also from inland lakes along the lines of the Canadian Pacific and Canadian National west of Fort William. All their shipments were less than car lots. The express companies gave no special service or refrigerating and they believed that the fish trade was just picking up money for the company on cars that would otherwise travel empty.

The ports on Lake Superior might not suffer, as it was possible to divert the Canadian fish trade to the United States by the Booth boats, Canada thus losing the fish, but the trade of the inland lakes was at the mercy of the express companies.

The fish business is now under a depression owing to the campaign for fish consumption during the war which has resulted in an oversupply. They sent a cheap grade of lake trout to New York, there being no sale for it in Canada, and on this class of fish the express companies got 4 cents a pound and the fishermen three and a half cents. This trade would be killed completely by the new rate.

F. H. Phippen, representing the express companies, asked Mr. Craigie what increase he had made in the price of fish since 1914. Mr. Craigie said that he had sold in 1914 for 12 cents and was now selling for 14, the increase being all taken up by the increase in the cost of twine, nets and other appliances.

Mr. Craige claimed the increase of the express companies had amounted to 255 per cent. Mr. Phippen tried to pin down Mr. Craigie to the admission that if he had increased the price of fish sufficiently to cover the whole extra cost of production, the express company was justified in increasing its rates sufficiently to cover the whole extra cost of doing business.

Mr. Craigie, however, was not disposed to admit that an increase of 255 per cent was not exorbitant.. He said that he would have to be shown that the cost of doing fish business had risen to that extent.

UNITED COPPER'S NEW FIND PROVES TO BE GOOD ONE

SPOKANE, March 3.—United Copper Mining Co., operating at Chewelah, Wash., is finding phenomenal silver values on and below the 1300-foot level, recent assays running as high as 600 ounces. The high grade streak on the 1300 is fourteen inches wide and 110 feet long, clearly defined from the balance of the vein, which is several feet wide, carrying an average of 5 per cent copper and around 20 ounces silver per ton. Two carloads of crude high grade were forwarded in February with net smelter returns of about $3500 a carload, with settlement for copper at 12 cents per pound. When the winze, now run down 30 feet from the 1300, reaches the 1400, it will be possible to increase high grade shipments to five or six carloads monthly. Total receipts for February will be around $32,000, with expenses of $16,000. Company has just ordered an electric hoist capable of lifting 1000 feet and will instal auxiliary power plant near the station of Chewelah. This will obviate interruption from lack of power, which has been a serious drawback in previous years.

NORTHPORT SMELTER CLOSED INDEFINITELY

SPOKANE, March 4.—Confirming advance information carried in News Bulletin service, Northport smelter of Hercules Mining company and Tamarack and Custer Mining company, operated since early in 1915, has been closed down with no intimation as to when operations will be resumed. It is believed here that the suspension indicates conclusion of negotiations between the smelting trust and the Days; either for blanket purchase of all the latters' mining possessions, or an agreement under which all product of the mines, now closed down, will be treated by the trust when operations are resumed.

WANT LARGER SALARIES FOR TECHNICAL WORKERS

MONTREAL, March 5.—The Canadian mining institute will urge upon the federal and provincial governments of Canada the necessity of giving a better scale of wages to the technical workers in government works. This was decided at a meeting held this morning in the Windsor hotel.

President D. B. Dowling suggested that Canada's vast natural resources would be developed to a greater extent than before and here the mining man might come in to his own.

Nelson Assessment District

Notice is hereby given that a Court of Revision and Appeal, under the provisions of the "Taxation Act," and amendments thereto, and the "Public Schools Act" respecting the Assessment Rolls of the Nelson Assessment District for the year 1919 will be held in the Court House at Nelson, B. C., on Tuesday, the eighteenth day of March, 1919, at 10 o'clock in the forenoon.

A Court of Revision and Appeal will also be held in the Court Room at the Town of Creston, on Saturday, the 22nd day of March, at the hour of one o'clock in the afternoon.

EDWARD A. CREASE,
Judge of the Court of Revision and Appeal.

Dated at Nelson, B. C., this fifth day of March, 1919.

The Doukhobors Reply to War Veterans Resolution of the 12th February, 1919

OUR AIM IS TOIL AND PEACEFUL LIFE

The directors of the Christian Community of Universal Brotherhood have learned with deep regret through The Nelson Daily News that the war veterans passed a resolution requesting the government to take our lands away from us in Nelson district and elsewhere in Canada and make it available for settlement by returned soldiers.

The directors of the Christian Society of Universal Brotherhood considered it necessary to call a meeting at Brilliant of our society to discuss this resolution. At this meeting over two thousand members of our society were present and the women were in the majority. and it was there resolved to announce through the medium of your good paper, The Daily News, that we solemnly offer all lands which are occupied by Doukhobors in Canada to soldiers who have suffered so much from the recent war which lasted over four years. The women especially were unanimous in expressing their wishes to give up the lands to soldiers. And they, with their children, can easily support themselves in Canada without having land, as Doukhobor women, even since twelve years of age girls, are able to support themselves by their own toil, irrespective whether on land or some other means of support, as all Doukhobor women are able to spin on their domestic spinning machines a yarn of every description of wool, flax, fibre, cotton staples and other grown fibres. Of these yarns they also, on domestic weaving machines, are making good clothes for their own use. And so in order to do various work and help our community as above mentioned, also assisting in clearing and cultivating our lands in British Columbia from heavy stumps and stones and meanwhile to bear and bring up children, they voluntarily, several years ago, cut their hair short to avoid the waste of time which would be necessary to care for it if left long. Besides the Doukhobor women developed themselves in neatness and cleanliness. For instance, they often wash in steam baths and use soap freely. There was another reason for cutting hair short, in cooking it avoided any falling hair from getting in the dough or any vegetables which were being prepared. Besides, as is known by everyone, hair cut short often keeps healthy and does not fall out. In order not to increase expenses of family life, the Doukhobor women wear no jewelery such as bracelets, rings, etc.

Many of the men with surprise asked the women why do the demand that land be given to the soldiers. The women unanimously and loudly replied that returned soldiers from the front are deserving it. In general the war veterans, the women said, should be satisfied at once and that they must be well provided for in every way, although the Veterans will readily admit that they fought for the King and British Empire and not for the Dukhobors.

And as Christian Society of Universal Brotherhood, Ltd., has no specially valuable holdings free and clear of encumbrances, women are urging lands to be given to war veterans.

And it will be necessary for the Canadian public and returned soldiers to know that Doukhobors lands are quite heavily encumbered, amounting to approximately one million dollars. All this can be proven by the records. The Doukhobor community do not own a single acre of free homestead land, but all lands now held by them were purchased in fee simple with deferred payments still due.

Many have left Christian Community of Universal Brotherhood, Ltd., who took homesteads and therefore the Doukhobors Communists who does not own any government lands in a way of homesteads, earnestly ask the public not to mix us with the Dukohobors who held the homesteads and took an oath of allegiance to the King and Government but did not go to war to defend the British Empire.

By the principal of Christian Community of Universal Brotherhood, Ltd., the killing of men is impossible under any circumstances and therefore those who fulfil the principles of Doukhobor religion have no enemies on the earth.

The term used in the aforesaid resolution classing us with enemy aliens, which means that the Doukhobors to be considered as hostile toward the British nation is very wrong and all members of Christian Community of Universal Brotherhood categorically object to this term. As a matter of fact, the Doukhobors are earnestly thankful to the British nation and government for their safe live in Canada for last twenty years, and notwithstanding that the Doukhobors are not well off after twenty years' life, nevertheless they were able to support themselves all this duration. It is true also that Doukhobors do not live as extravagantly as other people, both in food and clothing, as we live plain and for the most part enjoy good health. On account of the fact that when Doukhobors left Russia and came to this country they were settled in the province of Saskatchewan and government granted them land over three thousand homesteads or 480,000 acres, then, when Doukhobors, by their religious principles and belief, refused to take the oath of allegiance for said lands, the government has immediately cancelled all homestead entries and took land from us. This occurred in the year 1907.

A very large area of this land was improved by us, cultivated from oush, swamps and marshes drained, roads were built. The hands of Doukhobor women and children were bleeding from roots and stones in clearing the lands, as all men were compelled to find work outside the first few years of our occupying this land in order to support the balance of our colony while they were clearing and cultivating the land. Besides that we had buildings to erect and 40 villages were built and equipped to value over a million dollars on this land and it was all taken away from us without any compensation. Because we could not kill and be true Doukhobors. The war veterans, if not already aware of these facts, can easily substantiate them, as they are a matter of record and they should understand this thing when they are discussing the Doukhobor question at their meetings.

If Doukhobors did not go to war, it was solely on account that they have solid fundamental and profound principle, "Toil and Peaceful Life."

All wars are regarded by Doukhobors as relics of barbarism and prehistoric times, as we learn from history. And later followed by Tamerlane, Goliath and others. About David, who killed men by the thousands as the Bible tells us. In the later times we had famous warriors like Alexander Makedorsky, the French Napoleon, and the last and most brutal of all, the German Kaiser.

Doukhobors, with trembling hearts, are speaking about such horrible despots and beasts and therefore murder in any form of any man Doukhobors consider impossible. This is the fundamental principle of our religion. Doukhobors, before coming to Canada, sent a delegation, which explicitly explained to the Canadian government that Doukhobors are under persecution in Russia on account of their religious belief, which forbids them bearing arms and already they had suffered for 300 years, being exiled by Russian government for anti-militarism, Canadian government admitted Doukhobors, pledging by word of honor that the Doukhobors will never be called to bear arms in any war.

And Doukhobors up to present moment, from eldest to the smallest child are impressed with deepest feelings of gratitude to British nation and government for the fact that British nation admitted Doukhobors into their country and thus saving the Doukhobors from the despotism of Russia.

The reason that Doukhobors, during the period of twenty years' time were unable to accumulate and provide themselves and even lived very plainly, is that when our lands were cancelled in Saskatchewan, the Doukhobor communities were compelled to purchase land in mountainous and heavily timbered British Columbia.

Here, again, Doukhobor women and children had their hands torn and bleeding from clearing the roots and stones from the land, in order to have some land to produce potatoes and other vegetables and grains, as in the meanwhile the men had to cut the heavy timber and do the heaviest of the work and building dwellings, besides taking heavy stumps from the land, as this is too heavy work for our women.

Should any of the leaders of War Veterans' association wish to see what we have done to prepare this land so it would produce something for our maintenance, he should visit our lands in British Columbia and see the huge piles of stones which had to be removed in many instances before anything could be produced from the soil, as the Doukhobors are vegetarians and eat no meat nor fish.

Besides the incumbrances that we have, as before described, on Doukhobor lands, there are in all districts, full equipment of machinery for land cultivation, irrigation system and improvement. For example, at Brilliant there is a plant situated on Columbia river which has a capacity of pumping in 5 or 6 hours' time over ten million gallons into reservoirs which are built three miles from the river on elevated ground, the water being piped to them, which will irrigate over two thousand acres of land. The factory to make wooden pipes already is built, but to fulfil the requirements of the irrigation system it will take an additional one hundred thousand dollars.

The men at the meeting questioned the women where soldiers will get such huge amount of money to finish the plan of irrigation system. The women said, that most probably the government will loan them money at small interest to complete the system in order that the soil may produce good crops. It is generally known that lands in British Columbia must be irrigated, otherwise they are worthless.

In the districts of Nelson and Grand Forks Doukhobor community has about four thousand acres of land set out to new orchards, over half of these orchards are bearing fruit; apples, plums, cherries, pears, peaches, apricots; also small fruits such as gooseberries, currants of all varieties, raspberries and strawberries in large quantities. For the preserving of our fruits the Dukhobors have at Brilliant a complete modern jam factory and evaporating plant, which already produces over 50 carloads of preserved and canned goods of best qualities annually. Several cars of this jam have been given by us to the soldiers in hospitals during this war and aside from this we have given several thousand dollars to the Red Cross and patriotic fund. We have given all we could afford to help the wounded and suffering which this brutal war has caused.

In the resolution there is a statement made that the Doukhobors should return to their native country, Russia, since it is now free from despotism. Doukhobors have no objection against this, but this question should have very serious consideration and attention of British nation and government, as at the present time Russia has no stable government.

In order that the British nation may understand our feelings, the women of our community especially wish to render their earnest gatitude to the King of the British Empire and his family for the peaceful life they have enjoyed while living in Canada.

The fundamental principles of Doukhobors are "Toil and the Peaceful Life."

This is the record of the Dukhobor meeting at Brilliant, B. C., held on the 17th day of February, 1919, as kept and translated by me.

S. F. REIBIN,
Member of Christian Community of Universal Brotherhood.

THURSDAY, MARCH 6, 1919.

SIR SAM TELLS HOW HE WON THE WAR

Now we know who won the war.

Some have said it was the United States, some have said it was gallant little Belgium, others have given credit to France, while it has been generally assumed that the British Empire had something to do with it.

But not at all. These guesses were all a mile out, in fact, several thousand miles out. It was that master strategist, the same military genius who on a famous occasion told Kitchener where he was wrong, who stepped out at the critical moment and showed Generalissimo Foch and Field Marshal Sir Douglas Haig how to defeat Germany. It was, of course, Sir Sam Hughes.

Sir Sam has told us all about it. He wrote—surely he should have cabled—to Foch and Haig and urged them to quit frontal attacks and assault the enemy's flanks. Then, acting under Sir Sam's advice, they changed their whole scheme of operations, and went out and won the war. "I, myself, did it," says the redoubtable Sir Sam.

And to think that all this time we were ignorant of the truth as to how the war was won.

SIR SAM NOT AT HIS BEST AS A WHINER.

Sir Sam Hughes is funny when he tells how he won the war, he is rather boresome when he wastes time twisting figures and distorting facts in order to make up a case, he is rather likable when he stands out and smites his foe of the moment hip and thigh, but does not inspire much but contempt when he whines about Sir George Perley's and Sir Thomas White's attempts to get him fired out of the Dominion cabinet.

Everyone knows that, while Sir Sam's energy and driving power were of almost incalculable value in getting Canada's men into the field quickly in the early days of the war, he was forced later to resign from the Dominion cabinet because he was making a most horrible mess of things.

Sir Robert Borden secured his resignation, not because Sir George Perley didn't like the color of Sir Sam's hair, or because Sir Thomas White's brother had a row with him, but purely and simply because Sir Sam fell down on his job.

It was unfortunate, but Sir Sam makes a mistake when he tries to explain away his failure by whining like a youth, who, dismissed for incompetency, blames his boss, his fellow employees and everything else except his own incapacity.

The public would think more of Sir Sam if he would forget it and get down to work.

NOTHING TO CAUSE A SCARE THIS TIME.

It was natual after the Spanish flu epidemic of last fall, that the grippe, which is now rapidly dying out, should have caused some fear, but it is happily apparent that there is no danger of a serious situation arising and there is little resemblance between the mild epidemic of the past week and the virulent flu epidemic of last fall. Fatalities were frequent from the flu, but fortunately there have been little signs of virulent features to the present grippe.

And the cases in the district are, as in the usual winter grippe epidemics, quickly being reduced in number.

Of course, precautions are necessary by every individual affected, but there is not the slightest reason for creating a scare.

Join the Y. M. C. A.

Warm colors and seed catalogs augur spring.

Spring is near. Don't let a few chilly nights fool you.

After two years of neutrality the clergy of Omsk is attacking the Bolshevism. Truly, the folly of Bolshevism is something that cannot be tolerated by neutrality.

The Hudson's Bay company is to build a $35,000 addition, the Nelson Jam company is to increase largely the size of its plant, two new garages are to be built. That isn't too bad for the beginning of the year of reconstruction and readjustment.

Today the Y. M. C. A. will start out in a campaign to increase its membership. May it succeed in securing the number desired. The Y. M. C. A. has a great work before it during the reconstruction period and after. It is an institution which Nelson could not afford to be without.

Sir Sam Hughes' charge against the Canadian army officers of allowing an attack on Mons after the armistice was signed was not credible. The unsolicited explanation is found in the letter of the gallant Canadian corps commander, Gen. Sir Arthur Currie, who said the news of the signing of the document did not reach headquarters until after the attack was made. Sir Sam's attack does not leave a sting. *It is only regrettable that a* charge of that nature should be made by a Britisher against British officers.

COLD STORAGE.

Maud—I haven't heard you practicing on the piano since you got engaged.

Edith—No, I'm practicing on the gas range now.

"The world is full of poetry," sighed the poet, as he handed an effusion to the editor.

"I don't know anything about the world," growled the editor. "But I know that the wastepaper basket is."

"Did you see Trajan's Column when you were in Rome?"

"Read it every morning."

TOLD IN RHYME.

BRITAIN'S GLORIOUS PART.

(Hudson Maxim in American Exchange.)

Since God broke chaos into light,
And flung the stars upon the night,
And set the wonder of the day
Upon its high, celestial way,
Illuming into life and time
The unconditional sublime,
And vast insentience, touched with plan,
Felt that first throb whose end was man,
An all-pervading, rightening sense
Has led on toward Divine intents,
In darkest hours of sore travail,
Doth still that leading sense prevail.

When eviling airs from Hell were spun
And woke the blood-lure of the Hun,
Who every savagry combined
To conquer and enslave mankind;
Fair Belgium, greatest in her wrath,
Stood sword and soul across the path;
All France arose in battle cry—
"They shall not pass, for here we die!"
Still, the unuttered Scourge of God
Rolled on, and slew and over-trod.

Great Britain, queen of every sea
And righteous champion of the free,
Led by that rightening sense Divine,
Was quick on every battle-line.
Into the fight her all she hurled—
Bled unto death to save the world.
In all of time since centered man
Upon the macrocosmic plan,
In all the heaven-drift and flight
Of stars that correlate the night
And join the world-reel with our sun,
Old England's sort is numbered one.

Though we were slow in getting right,
We were not slow when in the fight;
And though we served a lesser part,
We helped to pierce the tyrant's heart,
And in the great summation-time,
We, too, shall walk with the sublime.

TWENTY YEARS AGO TODAY

Taking the average for the past 10 or 12 years the snow has been gone from the lower slopes of the mountain surrounding Nelson by today.

REPATRIATION PROBLEMS

Canada's scheme for re-establishing her fighting men in civil life, while varying in application, amount of compensation, and time, makes provision for every disability incurred by them while on active service.

Pensions are the provision for amputation cases and those disabled by wounds, but there are sometimes cases of a man apparently physically unfit who is not in receipt of a pension, where the general public are apt to jump to the conclusion that he has been neglected.

In the first place it is well to remember that neglect is possible if the man in question, or his relatives, fail to report the case to the right quarters, and second that if due inquiry is made it will be found that some form of provision has been made to meet every disability.

Every returned man not up to the standard is eligible for some form of government care, though not always in the shape of a pension.

For instance, there is no pension award for functional disability, such as shell shock. The explanation for this is that the condition arising from shell shock is one likely to clear up at any moment under proper treatment and environment.

It is a sad condition where the patient needs every encouragement and help to gain his normal outlook and grip of life.

Those skilled in every science and art of healing have discussed the question from all angles and present regulations are the result based upon experience in individual cases.

The object of all provisions should be to return the soldier to intelligent self-supporting citizenship. To give a pension for purely functional disorders was considered to work away from this end.

Give a man who has lost his nerve and spirit through shell shock sufficient to live upon and what more natural than that he should sink into a chronic state of invalidism. There would be no incentive to pull himself together. On the other hand if a desire is kindled to begin life anew a goal is set for the patient.

It must be remembered that in these cases there is no disease present. Often the shell shocked patient is physically most robust and fit and his cure is merely a matter of patience, time, and the right treatment.

The provision that has been made, therefore, for these cases, is that administered through the Department of Soldiers' Civil Reestablishment. Here the patient is given the best consideration. Each case must be handled differently. Some recover more rapidly than others, but during the time the patient is receiving treatment he will be given the same pay as that received while in the army. Though now an ex-soldier he is still considered on the strength of the army until he is sufficiently cured to be able to take his place again in the civilian ranks.

In time the functional disability entirely disappears. Through his reeducational course the man is often in a better and stronger position than that held before the war.

He is not faced with a future of long dependence upon a certain payment every month but may go out and compete for the best position that is going, physically fit and strong as any of his fellows.

Other functional cases are treated along the same lines.

Canada's ideal is not to make a nation of dependence but to build up a stronger citizenship, of men who will be fit in every way.

CANADIAN PRODUCERS AFTER EUROPEAN TRADE

OTTAWA—Canadian manufacturers and producers are not a whit behind their competitors in the larger industrial nations of the world in their efforts to secure a share of the vast after war trade in Europe. This is shown by a cablegram to the Canadian Trade Commission in Ottawa stating that there are known to be at present in the Capital of the Empire representatives of Canadian manufacturers in the following industries: Woollens, hand agricultural implements, ready-cut houses, steel rails, pulp and paper, and of beef and pork packers.

In addition, group organizations of the following Dominion trades have decided to send a direct representative immediately: Manufacturers of garments, paints, hardware, stoves, and candy and confectionery, while it is within the knowledge of the Canadian Trade Commissioners and furniture manufacturers have the matter of a representative in Great Britain under discussion.

SOLDIERS QUESTION WAS FOREMOST IN THE HOUSE

VICTORIA.—Just what degree of preference should be shown to returned soldiers was a subject which engaged the attention of the legislature for several sessions this week. When the members finally emerged from their debates it was found that the government majority had declined to accept the principle of a guarantee of their old jobs to returning civil servants, but was willing to promise preference in the service "insofar as the efficiency of the department would permit." There were several acrimonious discussions on the resolution of Pte. Grolma of Victoria, asking that returning civil servants be given a guarantee that their old positions or others as good would be here for them. The opposition and the soldier party stood together against the government, but on the final division the government forces carried the day on a vote of 30 to 13. The opposition and soldiers charged that the government should be under a sacred agreement to keep every man's position for him. Premier Oliver replied that the administration was always ready to show preference to returned soldiers, but had to consider the efficiency of the service as well. He contended that the old government had not done right when it promised to make up the difference in pay for all men in the civil service who went to war. This rule should apply to every volunteer if it applied to any, he considered, and pointed out that it looked like an attempt to bribe the civil servants into volunteering. Opposition Leader Bowser retorted that the payment by the government of differences in pay had been merely to set a good example to other employers of labor. The crown had naturally felt, he said, that its own employees should be cared for. With the defeat of the soldier resolution in favor of an amendment by Hon. D. McLean that the existing orders in council on the subject be followed there also fell by the wayside and an amendment of the premier himself containing the qualification about "insofar as efficiency will permit." The premier withdrew this in favor the amendment of the minister of education which was introduced, according to its opponents, to make the most of the bad hole into which the premier's amendment had apparently dropped the government. Later in the week the premier gave notice of a lenghty resolution proposing in general terms that the house express the opinion that all returned soldiers are entitled to every preference, not only in the public service but with private employers. This hardly meets the views of the soldier party, however, as it demands that the government give an absolute guarantee insofar as returning civil servants and the civil positions are concerned.

The house arguments on this subject have from the standpoint of strategy driven the government into rather a bad corner. It is not doubted that the government members, of course, have the interests of the returned soldiers at heart, but the premier has, in the minds of many of the members, assumed too dogmatic an attitude and instead of gracefully accepting such resolutions of this character as are brought up by the soldiers, has repeatedly refused them and replaced them by motions of his own. The consequence has been that the soldier party is becoming more and more estranged from the administration. It is a common thing now to find the members of the soldiers and the opposition lining up together as one man.

Opposition Leader Bowser's attempt to have a committee of the house formed to investigate the prohibition administration in the province was ruled out of order by the speaker dna the appeal to the house against the ruling was lost by a vote of 27 to 11, the soldiers supporting the opposition. Speaker Keen's ruling was that the Findlay matter was before the courts and in any event such a resolution meant the expenditure of public moneys, therefore it could only come from the government. Mr. Bowser argued in reply that there was plenty of precedent for such a resolution, such as in the P. G. E. inquiry, the plugging probe and other house investigations, going as far back as 20 years ago, and many of them initiated from opposition resolutions. Insofar as the court phase of the matter was concerned he pointed out that the legislature was above the courts and should not be restricted in any way in whatever inquiries it might wish to undertake into the administration of one of the government's departments. However, despite the arguments of the opposition, the resolution died a natural death when the houes majority upheld the speaker's ruling.

Lieut. Hanes of North Vancouver came forward again during the week with two more P. G. E. resolutions. One of them asked for a commission to enquire into the P. G. E. campaign contributions, but was ruled out of order on the ground that its substance had been contained in a motion defeated a few days before. The other, asking for the production of copies of records in connection with the deal between the government and the railway company, by which the line became provincially owned, was defeated by 22 to 16. This is the closest vote which the house has yet seen since the government came into power. The opposition and soldiers voted together and Mrs. Ralph Smith, with two or three other government members, came to their assistance. The point of the motion is that there should be an inquiry into the allegations that the government has allowed the P. G. E. interests to get away with about three-quarters of a million of equipment, which, under the terms of the agreement, was to pass into the hands of the administration.

Information with respect to the cost of the special assessors appointed last summer has been tabled in the house. It shows that the cost of the special assessments has been almost $51,000, as compared with the estimate made in the appropriations last session of $30,000.

The new initiative and referendum bill has come down. It follows up the Liberal platform promise of direct legislation, but is so framed that it is doubtful if the measure can be utilized except by some highly organized interest. For instance, to get a vote on any bill suggested from a section of the public, a petition of 25 per cent of the electors of the province is required. This must have not less than 10 per cent of the electors in any one riding out of at least three-fourths of the constituencies of the province. When the referendum is taken it must obtain three-fourths of the votes polled unless it is held at the time of a general election, when a straight majority will be sufficient. The legislature will have power to submit bills to the people of its own volition without any petition and these bills will automatically become law unless within 90 days after the session a petition of 15 per cent of the electors asks for a vote on them. The new bill will provide a vehicle for a vote on the prohibition question, probably following a petition from the moderation interests. If the moderationists can get up a sufficiently strong petition and can get the vote taken at the next provincial election a bare majority will be sufficient to retain the present system or defeat it.

The opposition continues to flood the order paper with questions about dismissals, appointments, purchases of government stores through private individuals and all other conceivable questions where it believes that it can score the administration for partizanship or negligence.

The opposition is also now on the trail of what it believes to be a spruce scandal in the north, in which it is claimed that a firm close to the government members there was permitted to take advantage of an order in council and usury the spruce holdings of a private individual without any payment to him. A select committee of inquiry is now being asked.

Little progress is yet made in legislation. The budget will not be in for another week. The house should run till the end of March.

"A Joy Forever"

Few personal possessions are the source of as much pride and pleasure as a flawless diamond, perfectly cut, of good color and brilliance. Such a diamond is in truth "a joy forever," besides being an excellent investment of constantly increasing value. The most careful attention is given to mail orders.

M'DERMOT GOES TO THE COAST

Secretary of Cranbrook Agricultural Association Tenders Resignation at Special Meeting

CRANBROOK, B. C., March 5.—On Tuesday evening a special meeting of the directors of the Agricultural association was held in the secretary's office. Dr. J. W. Rutledge occupied the chair. A. B. Smith, the secretary of the Farmers' institute, had just returned from the coast and spoke of the work being done by the department of agriculture. A vote of thanks was tendered to Mr. Smith.

Mr. McDermot took the opportunity of tendering with regret his resignation as secretary of the association. Mr. McDermot leaves at an early date to take a position at Vancouver with the Coast Mercantile brokers. The chairman referred to the efficient manner in which Mr. McDermot had conducted the business of the institute and that the success of the annual fairs was very largely due to Mr. McDermot's energy and executive ability.

FORT STEELE DANCE

FORT STEELE, B. C., March 5.—An informal dance was given at the Imperial hotel by the women of Fort Steele on Monday evening.

Arthur Nicols came to town today from Sheep Creek, where he has been trapping for several months. Mr. Nicols states that he had a very good catch for this time of the year.

ROSSLAND NOTES

(Special to The Daily News)

ROSSLAND, B. C., March 5.—W. Bonner, who has been working at the Sunlock mine for some time, has returned to the city.

The Ladies' aid of the United Church met at the home of Mrs. C. B. Smith this afternoon. Tea was served by the hostess.

N. Michaely of Sandon is spending a few days at his home here.

A. Newett of Butte spent a few days in the city.

A. Keating of Phoenix is visiting in the city.

Mrs. T. Costella, who has been seriously ill at the Sisters' hospital for some time, is reported much better today.

Mrs. A. Cox has returned from visiting Mrs. Eccles at Ainsworth.

Miss Alice Malcom, teacher at the McLean school, is at home, suffering from a cold. Mrs. McAllister supplied for her today.

The All Comers Competition left over from the bonspiel has been completed. W. G. Ternan's rink, composed of H. Valentine, E. Morrison, M. McKenzie and W. G. Ternan, were the winners. S. Patterson's rink, composed of R. Eddy, A. W. Rolland, C. F. R. Pincott and S. Patterson, won second prize.

TRAIL WOMEN ELECET OFFICERS

Mrs. Lester B. Kimble Is Elected President—Mrs. H. Ferguson Heads the Mission Circle.

(Special to The Daily News.)

TRAIL, B. C., March 5.—The Ladies aid of the Baptist church met at the home of Mrs. S. Gullege on Tuesday afternoon. Despite the storm there was a large attendance. The following officers were elected. President, Mrs. Lester B. Kimble; vice-president, Mrs. James Black; secretary, Mrs. Howard Ferguson; treasurer, Mrs. George Duncanson.

The following officers were elected for the Misison circle: President, Mrs. Howard Ferguson; vice-president, Mrs. James Black; secretary, Mrs. A. Passmore; treasurer, Mrs. George Duncanson.

MAY BUILD RETAINING WALL ON TRAIL STREET

(Special to The Daily News.)

TRAIL, B. C., March 5.—At Monday evening's meeting of the city council it was voted that the board of works request C. A. Broderick to supply estimate of the cost of a concrete retaining wall on the Spokane street side of the Arlington hotel in connection with the proposed concrete sidewalk.

Sixteen dollars was paid to the Trail East Improvement association to be used for park maintainence.

The city clerk was instructed to purchase a check writer.

Mayor Morin occupied the chair, Aldermen Dockerill, Perrin, Williamson, Kerr and Daloise being also present.

KITCHENER NOTES.

E. McGonigal of Creston is moving his household goods to Kitchener and has accepted a position as foreman for C. R. Paulson.

The past week almost three feet of snow has fallen. It has kept the snow plow busy up and down the line.

Mr. Spring arrived in Kitchener on Monday from Spokane. He is looking after E. T. Chapin's interests here.

Kitchener is quite an industrious place these days. The Sash and Door mill is loading on ties and lumber; G. A. Hunt, posts; C. R. Paulson, ties; E. T. Chappin company, posts.

Mrs. William Voos expects to leave for her home in Gleichen, Alta., on Wednesday.

Omer Gereoux is in Kitchener with his parents again.

William Butts and family departed for their home at Gateway, Mont., on Tuesday.

ANNUAL MEETING PHOENIX ST. ANDREWS CHURCH

(Special to The Daily News.)

PHOENIX, March 5.—The annual meeting of St. Andrews congregation was held in the church Tuesday, January 21, Mr. W. Lindsay in the chair. Notwithstanding the long prevalence of "Flu" and the consequent ban, as well as the changes brought about by the departure to other towns of many members and friends, owing to changes in industrial arrangements, a fine spirit of good cheer and devotion to the work of the church pervaded the meeting.

Mr. L. Brown presented the financial statement. To the regret of all, Mr. Brown resigned his office of treasurer and a most hearty vote of thanks in recognition of his services was carried unanimously. Mr. R. Morris was elected his successor.

The pastor, Rev. J. R. Munro, spoke on the work of the congregation in general and called attention to the good work done by the various officials and societies of the church. Mrs. Robert Morris reported a good year's service by the Ladies' aid. Mr. Lindsay spoke for the Sunday school, which continues on its good way with much devotion and earnestness. The school contributed well to the badges and the Bible class provided a scholarship for the Pte. Aux Trembles school amounting to $50. Miss Doris Hannom reported for the Christian Endeavor society. This society made an offering to the Armenian cause. Miss Frances McRea represented the Mission band. It is doing a good work, meeting in the church twice a month. The following are on the managing board: William Lindsay, B. K. McCammon, W. L. Prendergast, T. Lloyd, R. Morris, Mrs. Goddard, and Mrs. Boynton. The trustees are Mrs. Prendergast, Mrs. Boynton and Mrs. R. K. McCannon. The business being finished the ladies served refreshments and a pleasant evening was spent.

HOLD FUNERAL SERVICE FOR MRS. ANNA VAN VARSEVELD

(Special to The Daily News.)

FRUITVALE, B. C., March 5.—The funeral of the late Mrs. Anna Van Varseveld, who died on Feb. 28, was held on Monday. The service was held at St. John's church, Rev. H. R. Ragg officiating.

PROCTOR FARMERS HOLD MEETING

Some Officers Resign—Balfour Society Gets Good Reception—Presentation Made to Francis.

(Special to The Daily News.)

PROCTOR, B. C., March 5.—A general meeting of the Proctor District Farmers' Institute was held in Gallup's hall on Tuesday. The resignations of S. S. Fraser as vice-president, and J. A. McKay as a director, were accepted with regret, and A. G. Gallup was elected vice-president. It was decided not to fill the vacancy on the directorate until the next meeting. O. B. Appleton reported on the meeting of the West Kootenay Central Farmers' Institute in Nelson and after considerable discussion it was decided to support the central association. The report of the committee appointed to get out estimates for the building of a warehouse was read before the meeting and it was decided that it was better to keep the small balance in hand for emergencies rather than spend it putting up a warehouse.

Gallup's hall was filled on Saturday evening to hear the concert and play given by the Bolfour Returned Soldiers' Dramatic society, in aid of parish funds. There was not a dull moment during the whole performance and everybody left the hall delighted with the good show.

Rev. F. A. Corbett made a short speech and precented R. S. Francis with a handsome pipe and case on behalf of the patients at the sanatarium, as a small token of their gratitude to him for the services he voluntarily rendered on night duty when the influenza held so many of the night staff in its "grip." Mr. Francis expressed his thanks in a short speech. After the performance the artists were entertained by Mr. and Mrs. W. A. Ward to a tasty lunch, to whom a hearty vote of thanks was passed.

Capt. Fred Coyle placed his tug "Oudol" at the disposal of any one wishing to cross from Balfour and took them back after the play and a vote of thanks and musical honors were accorded to him for his kindness. About $55 was taken in at the door.

PTE. RONALD GREYSON RETURNS FROM FRANCE

(Special to The Daily News.)

SOUTH SLOCAN, B.C., March 5.—Pte. Ronald Grayson has returned from France. He came over on the "Canada," arriving at Halifax on Feb. 23. The trip across the prairie was punctuated by delays caused by snow storms but, apart from that, Pte. Grayson says the journey was one without mishap.

He enlisted in Nelson with the 225th battalion three years ago. In October, 1918, he was wounded and did not recover to return to the trenches before the armistice was signed. He was a member of the staff of the city power plant.

Every woman is a born coquette, but the clever ones manage to conceal it at the proper time.

Landlady—I believe in letting coffee boil for thirty minutes. That's the only way to get goodness out of it.

New Boarder (tasting his and leaving it)—You have succeeded admirably, ma'am.—Edinburgh Scotsman.

EDGEWOOD RESIDENTS HONOR MISS F. JORDAN

(Special to The Daily News.)

EDGEWOOD, B. C., March 5.—On Thursday evening all the Fire Valley people gathered at the home of Mrs. Jordan to say farewell to Miss F. Jordan, who left next day for Nelson to go into training at the Kootenay Lake General hospital as a nurse. As a token of regard, Miss Jordan was presented with a handsome gold wrist watch.

Miss E. Murton left on Friday for Greenwood on a visit to her sister, Mrs. C. Hartland.

C. Maynard was a visiter at Mrs. Colgrave's ranch last week.

On Tuesday Mr. and Mrs. Littlewood entertained a number of friends. Twenty-one sat down to supper. At whist, Miss McChurch won the ladies' prize, a pair of silver sugar tongs, and H. Clay won the gentleman's prize, a pocket knife. The booby, a carborundum whetstone, went to W. D. Jowett.

Mr. and Mrs. Littlewood have recently given to St. Agnes church new hand-carved altar rails in token of thankfulness for the safety of their son during the war.

Constable Pearman was here this week in connection with a case of dog poisoning. The dog, belonging to C. Williamson of Deer Park, got some poisoned meat laid out for coyotes. P. Knabe, a tapper, who used the meat without taking full precautions to prevent accident, was fined $10 and costs by E. J. Gangs, J. P. of Fire Valley.

W. W. Ross of the Dominion Telephone company leaves today for points south.

Rev. C. P. B. Montgomery, vicar of Edgewood, at a church council meeting held last week, tendered his resignation. Mr. Montgomery, who came for three years, has stayed six and made many friends who will be sorry to see him leave. He will be accompanied by his sister, Miss Montgomery, who has been very active in all church work. They will go to England, where their parents reside.

The Fire Valley and Lake Shore Farmers institute held a supplementary meeting in the Edgewood hall for the purpose of allotting the season's farm record and accounts papers. E. J. Bangs, presided and the meeting was well attended. Business in connection with seed grain, binder twine and stumping powder was also discussed.

Canada's fire loss last year was $33,850,000 in 17,000 fires.

Advance Styles in

Spring Suits

Frills and furbelows have no place in the new Spring Suits. Cnservative models promise to be most popular. Jackets are straight and slim; Skirts are rather narrow.

There is considerable variety to choose from in fabrics and shades most popular. Your early inspection is invited.

Prices from $33.50 to $95.00 Each

Suits of All-Wool Tweeds, Serges and Gabardines

Are shown in plain tailored and novelty styles.

The better models are in Navy Serges and Gabardines and nearly all have fancy light light and are made with or without belts. Skirts are longer than last season, reaching to the ankle. Altogether they are very beautiful and are moderately priced at

$33.50 to $95.00 the Suit

WANT WAR GRATUITY EXTENDED TO DEPENDENTS

(By Daily News Leased Wire.)

GUELPH, Ont., March 5.—The local G. W. V. A. has decided to circulate a petition through the Dominion asking the government to pay the war gratuity to deceased soldiers' next of kin on the same basis as it is paid to men who have served at the front and that the pension of deceased soldiers be not affected by this payment.

Hamilton anglers are protesting against the use of nets in Burlington Bay.

Printed Butter Wrappers

Either With Your Name or With the Words

Dairy Butter

According to the Dominion government regulations all farmers who sell butter either to stores or privately are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words

"DAIRY BUTTER"

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces and in default of same a fine of from $10 to $30 for each offense is imposed. Whey butter must be so labelled even when mixed with dairy butter and dairy butter retains its label even though it be mixed with the creamery product.

If you have your own name or brand on your wrappers you gain valuable advertising for your butter. It causes people to ask for the same brand again.

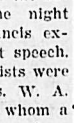
Wall of Resistance

Emphasis should be placed upon the conservation of strength and the building up of a strong wall of resistance against weakness.

SCOTT'S EMULSION

is used regularly by many, right through the winter, as a dependable means of conserving strength. For the delicate child or adult, *Scott's* offers rich nourishment with tonic-qualities that are great in their ability to strengthen the body and increase resistance.



Scott & Bowne, Toronto, Ont. 18-21

Boston Brown Bread--100 Years Old

1-2 cup white flour.
1 cup corn meal.
2 cups Rye flour.
2-3 cup dark molasses.
2 teaspoons salt.
1 teaspoon soda.
1-2 cup Pacific Milk.

Water to make it a thick batter (about 2 cups). Put in well greased coffee of baking powder tin and steam 3 hours. Dry off in the oven.

Mrs. Howard sends this recipe, saying it is one which has been in their family over 100 years. She uses Pacific Milk in it because she likes it better.

We will give some others later.

General News of the City

300 MEMBERS CAMPAIGN OBJECT

Y. M. C. A. Canvass Starts Off Today —Special Rates Are Being Offered for the Occasion.

Today sees the start of a whirlwind campaign by the Nelson Y. M. C. A. to secure 300 new members. The canvassing will be largely undertaken by boy members of the local organization, comprising intermediates, High school boys, Public and Hume school boys.

The work of the intermediates will be chiefly among the employed boys of the city, and the High, Public and Hume school boys will work in their own schools respectively. The High school members have taken for their slogan, "Every Hi Boy a Y Boy," and as there are only 31 boys in High school who are not members of the Y. M. C. A., the canvassers do not anticipate any difficulty in carrying out their slogan to the letter.

Following are the teams which will work for the obtaining of new members: Intermediates, four teams—J. Notman, D. Barton and C. Cryderman; F. Steele, C. Scanlon and W. Wallach; Carl Johnson, H. J. Murphy and W. Blanchard; Percy Young, W. Brodie and F. Shuttleworth.

High School—Ronald Smyth, Fred Waldie, James Curran and Chester Bradshaw.

Public school—William Waldie, Ted McVicar, Alex Joanin and Ted Black.

Hume school—Vernon Young and Hungh Horswill.

All the teams are composed of boys of 12 years and over.

As a special inducement to join the Y. M. C. A. special rates are being offered until October. Returned soldiers are being given six months membership free.

AUSTRIAN FINED $50 FOR FAILING TO REPORT

For the second time since January, Peter Kolson, an Austria, has landed in the city jail for infringement of the Enemy Alien act. He was brought up before Magistrate E. A. Crease yesterday morning on a charge of traveling without a permit. He was found guilty and a fine of $50 was imposed, in default of which he would be given two months in jail. He could not pay the cash, with the result that he is now confined in jail for 60 days.

MOST OF THIRD DIVISION ON WAY HOME NOW

(By Daily News Leased Wire.)

VICTORIA, March 5.—In a letter received here yesterday from Lieut.-General Sir Arthur Currie, the Canadian corps commander, says in writing on Feb. 7, that most of the third division was then in England en route for home. The first, second and fourth divisions, he writes, will follow in the order named. The policy has been decided upon of returning the men by units. All the Canadian troops will have reached England by May 1 and all will be back in Canada before the end of June.

The corps' headquarters, General Currie says, is now at Bonn, Germany.

FIRST READING OF THE CONSTITUTION CONCLUDED

(By Daily News Leased Wire.)

WEIMAR, March 4.—(Associated Press)—The first reading of the constitution was concluded today and the bill was referred to a committee of 28.

Dr. Edouard of the German cabinet, replying to criticisms of the bill, made a spirited defense. He declared the assailants of the bill forgot an important thing—that a republican form of government was in existence, a fact which few would have thought possible a year ago, when the old regime fought so tenaciously against the people's will. He claimed that this constitution would tend toward a stronger welding of the empire.

VIENNA ASSEMBLY APPROVES UNION PLAN

(By Daily News Leased Wire.)

VIENNA, March 5.—The national constituent society opened yesterday. All the deputies expressed general approval of the projected union with Germany. The president, addressing the assembly in favor of such union, said: "The entente cannot limit our rights of free disposition which undoubtedly is ours."

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmint (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

MANY ATTEND WHIST DRIVE

J. O. Patenaude and A. T. Noxon Donate Prizes for Affair Held at Catholic Parish Hall

There was a large attendance at the Catholic Ladies' whist drive held Tuesday night in the Catholic parish hall. The affair was the last to be held until Lent is ever.

Those winning prizes were Mrs. E. Blanchard and V. McEachern, Mrs. Devitio and Miss Florence Dunbar. A box of candies, donated by Thomas Dunbar and raffled was won by Mrs. Marquis.

The prizes were donated by A. T. Noxon and J. O. Patenaude.

WANTS SEPARATE SCHOOLS ABOLISHED IN SASKATCHEWAN

(By Daily News Leased Wrie.)

PRINCE ALBERT, Sask., March 5.—Before the Orange grad lodge of Saskatchewan today the grand master, W. J. Morrison, appealed for the support of all Orangemen and Protestants in the movement to secure the abolition of separate schools and the wiping out of the compromise extended to the French language by the government of Saskatchewan.

VANCOUVER CITIZEN ENDORSES WAR SAVINGS PLAN

W. H. Malkin, president of the W. H. Malkin company, Ltd., and chairman of the "1918" Victory Loan committee, Vancouver, in a recent statement regarding the National War Savings and Thrift Stamp campaign, says:

"I am in hearty sympathy with the objects of this campaign, which I regard as three-fold. First, there is the provision of funds by means of which the Canadian government can develop our resources and industries through extending credits for purchases made by the war-devastated countries of Europe, and which must be large purchasers for a considerable time to come.

"Second, it includes the valuable habit of saving among young and old. Third, it teaches the duty of patriotic citizenship, and causes the people to take an intelligent interest in the government of the country, as they are partners in the national debt.

"The people of Canada responded well during the Victory Loan campaigns, and I commend the W.S.S. plan to their hearty support; for I believe that the industrial and financial problems facing Canada can be silved by a policy of thrift and economy."

A Sure Way To End Dandruff

There is one sure way that never fails to remove dandruff at once and that is to dissolve it, this destroys it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find an itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

J. H. SEWELL DIES IN ST. PAUL MINN

Widow, Who Was Called Here by Illness of Mother, Receives Word.

J. H. Sewell, formerly of Nelson, died suddenly March 4 in the city hospital at St. Paul, Minn., according to word received in the city by his widow. Mrs. Sewell was called to Nelson last fall by the illness of her mother, Mrs. W. E. McCandlish, and has been staying here since. No further particulars with regard to his death have been received by Mrs. Sewell.

Before leaving Nelson Mr. Sewell was employed at the Strathcona hotel for about a year, and had lived in the city for several years. With Mrs. Sewell he left Nelson for Butte, Mont., two years ago. He worked in the mines there until two months ago, when he went to St. Paul, where he died.

He was about 50 years of age and was married in Nelson eight years ago. Besides his widow, five sisters survive. Burial will take place in St. Paul.

The first instalment of the histories of Canadian overseas battalions has been received at Ottawa.

Ten heads of Trenton families were in court for not sending their children to school.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious, Give Fruit Laxative at Once.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative" and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of 'California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

"TIGER" WOULD LIKE TO SEE THINGS SETTLED

(By Daily News Leased Wire.)

PARIS, March 5.—Premier Clemenceau told delegations from the Paris city council and the general council of the department of the Siene, who called on him today to congratulate him on his recovery, that he would like to see the present political situation in France adjusted and "then retire as I have a right to do after 50 years of parliamentary life."

The premier said that although there were many difficulties to overcome he was optimistic.

WANT SOME LAND HELD FOR BOYS STILL THERE

(By Daily News Leased Wire)

OTTAWA, March 5.—Represent ations have been made by many of the soldiers who are still overseas and who are anxious to participate in the benefits of the Soldiers' Settlement act that specially available crown lands be held in abeyance, until the army is completely demobilized. These men are petitioning the government to delay settlement on these lands until they have an opportunity of making claims. The lands in question include those in reserve or under lease.

One great trouble with the average man is that when he gets started he doesn't know when to stop.

MARTIN RETURNS FROM OTTAWA

Saskatchewan Premier Says Government Assures Him Railways Will Be Built This Year.

(By Daily News Leased Wire.)

REGINA, March 5.—Expressing the hope that the natural resources will be returned to the western provinces, Premier W. M. Martin returned from the east yesterday morning.

He was unable to state exactly upon what terms, but was inclined to the belief that the return of the resources would be conditional on the western provinces accepting a smaller annual subsidy from the Dominion, but he was hopeful the decrease might not be very great.

Mr. Martin was also inclined to think that the claims of Ontario and Quebec for increased subsidies in the event of the natural resources being returned to western provinces would not be considered but the maritime provinces were in a different position and he thought the Dominion government would require to make some re-arrangement of the financial terms with these provinces.

"I am not in a position to say anything really definite on these matters, however," said Mr. Martin. "I was in Ottawa for only a brief visit, but the impression I formed is as I have explained. There will be some railway construction, however, in the west, both by the Canadian National and the Canadian Pacific. I received assurances to this effect."

Asked regarding the Grand Trunk Pacific Mr. Martin said that at the time he had met the officials, they had been unable to announce their intentions. Events which had transpired since he had met the company officials inclined him to the opinion that the Grand Trunk Pacific might be able to undertake some work in the west.

In regard to the tariff, Mr. Martin said that he had no conversation with the Dominion government on the subject, but the impression among the members and others he had talked with in the east was that practically nothing would be done toward lightening the heavy tariff burden save the removal of the super war tax of 7½ per cent.

"Will not the duties on agricultural implements be removed?" he was asked.

"Not according to what the eastern members, who claim to be posted on the government's plans, had to say," Mr. Martin replied.

Mr. Martin had no idea of how the government proposed to raise the very large sums mentioned in press despatches in connection with capital and current expenditures planned by the Dominion government.

"I did not meet anyone who ventured a suggestion," he said, "no one seems to have the least idea where the money is to come from or by what means the government will attempt to secure the funds they will require. It was said in some quarters that the government will not attempt to carry out the whole of the program which it has been stated they were committed to, regarding a fixed price for wheat."

Mr. Martin did not think the government would meet the wishes of the western farmers, "if it should happen that a price is fixed for wheat," said Mr. Martin, "which I do not expect, it will not be fixed at nearly the price which the American farmers have already been guaranteed by the United States government for the 1919 crop."

Had Hacking Cough Couldn't Sleep Nights

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest and keeps the lungs and bronchial tubes in an irritated and inflamed condition.

Don't neglect the hacking cough. You can get rid of it with a few doses of Dr. Wood's Norway Pine Syrup; the most prompt, pleasant and perfect cough remedy known.

Miss Catherine M. McLean, Craik, Sask., writes: "Last winter I caught a heavy cold and was laid up for some time. I had such a hacking cough I couldn't sleep at night. I didn't think I would get over it. One day a friend dropped in to see me and was surprised to see how bad my cough was. She advised me to try Dr. Wood's Norway Pine Syrup. The next day I sent for a bottle, and I soon got relief and by the time I had taken two bottles my cough was all gone and now I am able to do my own work again. I don't think there is anything to equal it."

There are plenty of "pine preparations" on the market trying to live on the reputation of "Dr. Wood's" The genuine is put up in a yellow wrapper, three pine trees the trade mark, price 25c and 50c a bottle. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

FREE TO IMPORT BACON TO BRITAIN NOW

(By Daily News Leased Wire.)

LONDON, March 5.—Private traders will be free to import bacon to Great Britain from March 2. This announcement was made in the house of commons today.

George H. Roberts, the food controller, according to a despatch from London under date of Feb. 25, announced the suspension of government control in Great Britain of prices and distribution of imported bacon, hams and lard after March 31. He said that the board of trade at the request of the food controller was issuing a general license permitting the importation of bacon, hams and lard arriving on or after March 10.

REGINA AND ROULEAU BOYS PLAY TONIGHT

(By Daily News Leased Wire)

MOOSE JAW, March 5.—Excitement in this city is intense over the struggle tomorrow night between the Regina Patricias and Rouleau Roughriders for the junior championship of Saskatchewan and the Corbeau cup. In addition the winners will play Winnipeg on Saturday and Monday.

"STRANGLER" LEWIS DOWNS FREEBERG

(By Daily News Leased Wire.)

SPRINGFIELD, Mass., March 5.—In throwing John Freeberg with a head lock in 1 hour, 33 minutes and 30 seconds, Ed "Strangler" Lewis won tonight's wrestling bout here. Freeberg was knocked unconscious and, although he came back for the second bout, declined to continue the match.

Four ships have been chartered for the voyage from China to Europe for the repatriation of all Germans in China excepting a few missionaries.

SEATTLE BEATS CAPITAL TEAM

Aristocrats Are Eliminated From the Race for the Pennant by This Defeat—Score 3-1.

(By Daily News Leased Wire.)

SEATTLE, Wash., Feb. 5.—Seattle breezed into the finals of the Pacific coast hockey championship, tonight when they wound up the 1918-19 season with a close victory over Victoria. Uncorking a burst of speed in the final period of a highly interesting struggle, Pete Muldoon's Stanley cup pursuers buzzed a pair of markers past the visiting goal tender and eliminated the Aristocrats from the race. The score was 3 to 1.

By tonight's win, Seattle completed the first leg of their jaunt toward the world's hockey championship. Assured of a place in the home-and-home series the local skaters will hook up with Vancouver Wednesday in the first of the two-game final.

For two periods Victoria played Seattle to a standstill. With Johnson and Genge back on the ice, Victoria played great hockey and the efforts of the locals to forge into the lead were unavailing.

And right here Walker, Seattle's rover, decided that it was now time to snag the lead, and the hook-check artist stick-handled his way through Victoria's defense, duped Murray, and passed a fast one into the twine for the point which gave the Mets the edge. A few minutes later Morris hung up another point and removed all doubt as to the outcome.

In the final period both teams played great hockey. Play was fast and thrills plentiful. Both squads fought for every advantage. The superior speed of the Mets told and the two goals were enough to win.

Line-up.

Seattle	Position	Victoria
Holmes	Goal	Murray
Rowe	L. Defence	W. Loughlin
Rickey	R. Defence	Genge
Walker	Rover	Johnson
Morris	Centre	Oatman
Foyston	L. Wing	Marples
Wilson	R. Wing	Tobin
Murray	Utility	Patrick
McDonald	Utility	Dunderdale

Referee—Mickey Ion.

Summary.

First Period—Seattle, Walker, 9:54; Victoria, Dunderline from W. Loughlin, 6:30.

Second Period—No scores.

Third Period—Seattle, Walker from Foyston, 9:03; Seattle, Morris from Wilson, 4:15.

Substitutions.

First Period—Patrick for Genge; Dunderdale for Oatman; Oatman for Marples; Marples for Dunderdale.

Second Period—McDonald for Wilson; Genge for Tobin; C. Laughlin for Genge; Tobin for Oatman; Dunderdale for Marples; Oatman for Dunderdale.

Third Period—Marples for Patrick; Patrick for Tobin; Wilson for McDonald; Murray for Wilson.

REGINA RETAINS THE HENDERSON CUP

(By Daily News Leased Wire)

REGINA, March 5.—Regina retained the Henderson cup, emblematic of the intermediate championship of Saskatchewan, when they defeated the University of Saskatchewan team here tonight by a score of 8 to 10.

For the first two periods the match was exceedingly close, and interesting, the score at the end of the middle session being 2 to 0.

In the final twenty minutes Regina ran wild and there was nothing to it thereafter.

BELIEVE TIGERS WILL WIN AT O. H. A. CHAMPIONSHIP

(By Daily News Leased Wire)

HAMILTON, Ont., March 5.—Although the final game for the O. H. A. senior championship is scheduled to be played in Toronto Saturday night, it looks as if the race was decided at the local arena tonight, when the Tigers defeated St. Patricks of Toronto by a score of 10 to 3 in the semi-final contest. As goals count on the round, the Bengals will carry a seven-goal lead with them to Toronto and on the playoff of the teams tonight it looks as though they would not only be able to maintain it, but probably increase it.

BILLIARD GAME

(By Daily News Leased Wire)

CHICAGO, March 5.—Robert M. Lord, Chicago, won tonight's game from Percy Collins, Chicago, 300 to 80 in 24 innings. Lord's high run was 33, Collins' 36.

ROSS AND CARSON TO FIGHT AT EDMONTON

PACIFIC COAST HOCKEY LEAGUE

	Won	Lost	Pct.
Vancouver	10	8	556
Seattle	11	9	550
Victoria	7	11	389

CALGARY ALL-STARS WIN SECOND GAME

(By Daily News Leased Wire.)

CALGARY, March 5.—Calgary All-Stars made it two straight and incidentally assumed a four-goal lead in the three-game series by again defeating Coughlins, of Vancouver, in the second game at the ice palace tonight, by a score of 4 to 1. The visitors saved themselves from a shut-out by scoring their only goal a minute before full time.

Superior team play in which the Calgary forwards provided a brand of combination the like of which was never before witnessed on local ice, proved too much for the visitors' three or four man defence.

Palmer, Grant and Scott were the pick of the Calgarians, while Kelly, Box and Reid starred for the Vancouverites.

Line-up.

Calgary	Position	Vancouver
Carvell	Goal	Reid
Cook	Point	Atkins
Gardiner	Cover	McDonough
Palmer	Rover	Cook
Dea	Centre	Kelly
Grant	R. Wing	Grant
Scott	L. Wing	Box

Summary.

First Period—None.

Second Period—Calgary, Palmer, 4:00; Calgary, Grant from Scott, 13:00; Calgary, Dea from Dessault, 2:30.

Third Period—Calgary, Palmer, 16:00; Vancouver, Kelly, 9:00.

TIGERS WIN GAME

HAMILTON, Ont., March 5.—Hamilton Tigers of the senior O. H. A. tonight got a good lead for the John Ross Robertson cup, emblematic of the Ontario senior hockey championship and the right to defend the Allan cup when they defeated St. Patrick's, 10 to 3, in the first games of the two-game playoff.

The players and supporters had to admit that the Irishmen were completely outclassed, but they had a legitimate excuse for the showing of the team, in the fact that Moose Hefferman was not on the defence. There is no denying that the St. Patricks team is built around Heffernan, and when it was announced that the sturdy defence player was still in the hospital and would not be able to play in the semi-final and possibly not in the final game, there was consternation in the camp of the St. Patricks. The result of Heffernan's absence was a disheartened sextette that went to the ice, as Toronto's last hope in the race, but while it was thought that his absence would make a big difference in the teams it was not thought for a minute that it would result in the team being completely outclassed.

CHICAGO, March 5.—J. E. C. Morton of Philadelphia defeated Percy Trump of Pittsburg, 300 to 262, in 58 innings in today's play in the National amateur billiard tournament. Morton's high run was 29; Trump's 18.

LAND REGISTRY ACT

(Section 24)

In the matter of Lot 5, Block A Addition A, Nelson City, Map 349B and of Lot 18, Block 2, Nelson City Map 349.

Proof having been filed in my office of the loss of Certificate of Title No 4123A to the above-mentioned lots, in the name of the Nelson Electric Tramway Company, Limited, and bearing date the 6th January, 1905. I hereby give notice of my intention at the expiration of one calendar month from the first publication hereof to issue to the said Nelson Electric Tramway Company, Limited, a fresh Certificate of Title in lieu of such lost certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

Dated at the Land Registry Office Nelson, B.C., this 12th day of February, 1919.

E. S. STOKES,
District Registrar of Titles.
Date of first publication, Feb. 18, 1919.

WATER NOTICE

Diversion and Use

Take notice that Messrs. Baskin & Stedman, whose address is P.O. Box 611, Nelson, B.C., will apply for a license to take and use five cubic feet per second of water out of Eagle creek, which flows northerly and drains into Kootenay river, about six miles below Nelson. The water will be diverted from the stream at a point about four chains south from where the stream crosses the north line of Lot 4791 and will be used for fluming purposes appurtainant to the undertaking of the firm. This notice was posted on the ground on the 19th day of February, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Nelson, B.C. Objections to the application may be filed with said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is Feb. 20, 1919.

BASKIN & STEDMAN,
Applicant.

TO TRAVE LIN PLANES

(By Daily News Leased Wire)

NEW YORK, March 5.—Invitations to the New York National baseball club to travel by airplane from New York to Philadelphia for the opening game of the season on April 23, was received today at club headquarters.

Manager McGraw, who said he would grant his approval, said that the players would make the trip by air of their own volition, however.

MILLAR RETURNING

(By Daily News Leased Wire)

ST. LOUIS, Mo., March 5.—Jack Millar, infielder and captain of the St. Louis Nationals until he enlisted in the marines in the spring of 1917, has cabled from France that he expects to return in time for the opening of the season, President Branch Rickey announced tonight

DREW FIGHTS TO DRAW WITH PETER MICHIE

(By Daily News Leased Wire)

PORTLAND, Ore., March 5.—George Drew of San Francisco tonight fought six rounds to a draw with Peter Mitchie of Portland. Buddy Ridley of Seattle lost the decision to Billy Mascott of Portland; George Ingle of Seattle fought a draw with Alex. Trambitas of Portland, as did Sid Mitchell of Seattle with Kid Herman of San Diego

EHMKE SIGNS UP

(By Daily News Leased Wire)

NEW YORK, March 5.—Howard Ehmke, pitcher for the Detroit American league club, was discharged today from the navy at San Pedro and immediately signed a contract to play the 1919 season with Detroit.

REGINA VICS TO PLAY AT CALGARY NEXT WEEK

CALGARY, March 5.—Regina Vics have been invited to play hockey here next Wednesday and Friday to close the season. Then the ice will be removed for the Alberta horse show.

Printing and Readjustment

One of the absolutely necessary elements that will enter into the readjustment or reconstruction period is printing. Practically nothing can be even started without the use of printing. This being so, why not make it a point to see that you secure good printing, the kind that gives satisfaction and proves profitable—the kind we supply.

J. JOY TO ARRIVE THIS EVENING

Several Others Were With Him When He Reached Halifax on the Scotian

Mrs. J. Joy received a wire yesterday stating that her husband will arrive in the city on the Crow boat tonight from overseas.

Several other soldiers arrived in Canada with him on the Scotian, and left St. John, N. B., March 1, according to information which has been received by R. G. Joy, honorary secretary of the local branch of the Returned Soldiers' Aid commission. Among them are . F. Burns, Victoria street; W. Langlands, Sherbrooke hotel, Nelson; T. F. Chatterton, Nelson. In another party which arrived on the Belgis and left for this district March 1 are M. McIntyre, Fairview; L. O. Walton, R. R. No. 1, Nelson; M. Z. Bean, Erickson, and R. Bouyer, Williams Siding. F. Hamblin arrived at Halifax on the Lapland and left for Nelson March 1. In his party are J. A. Holden, C. W. Leamy and P. C. Pease, all of Creston, and S. A. Wodlgar of Crawford Bay.

Henry G. Greenwood, R. R. No. 1, Nelson, arrived on the Melita and left for his home March 2.

CRANBROOK AFFAIR SCORES BIG SUCCESS

(Special to The Daily News.)

CRANBROOK, B.C., March 5.—On Monday evening the Anglican church gave a parochial supper, concert and dance in the parish hall, which was attended by a large crowd. The guests sat down to supper, after which the musical entertainment started. The talent was entirely local, including songs from Mrs. E. Patterson, Mr. Richardson, Mrs. Miroy, Mr. F. H. Worthington and Mrs. MacPherson. A piano duet was rendered by Mrs. Whitehouse and Mrs. Pym. Mrs. Wallinger contributed violin selections. Pleasing events of the evening were butterfly dance by Miss Margaret Caven and a ballet dance by Miss Patricia McDermot.

TIES GROWING CLOSER BETWEEN THE PEOPLES

NEW YORK—The development of a better understanding between the people of America and England was characterized as "one of the greatest results of the war," by Henry Babington Smith, acting high commissioner for Great Britain, in an address at a luncheon of the Pilgrims' society held there today in connection with the Lowell Centenary celebration.

"No one," Commissioner Smith said, "was more impressed with the profound importance of closer bonds between England and America and working more devotedly to this end that Lowell. It is unfortunate that in recent days poisonous-minded people have grasped at superficial differences between the two nations in order to provoke ill-feeling, but the spirit of the Pilgrims is the same as that of Lowell, and I believe the same spirit inspires the best elements on both sides of the Atlantic."

Rev. Joseph Janes, M.A., for three and a half years Baptist preacher at Ingersoll, has been unanimously invited to become pastor at Wookstock (First) in succession to Rev. Thomas Wearing, Ph. D., now principal of the Woodstock college.

BAND CONCERT AT GEM TONIGHT

Great War Veterans' Orchestra to Play at Picture Show— Proceeds for Fund.

Special music rendered by the new 10-piece orchestra recently organized by the Great War Veterans association will be one of the attractions of the Gem Theatre program to be given tonight. The entire proceeds will go toward the veterans' band fund.

In addition to the band selections, songs will be contributed by city talent.

The war film "Over the Top," featuring Guy Empey, author of the book and star of the play, will complete the military tone of the evening's proceedings.

AVERAGE PRICE OF ANIMALS SOLD IS $275

(By Daily News Leased Wrie.)

BRANDON, Man., March 5.—In all there 62 bulls sold today, the average price being $275. The highest priced female brought $600, being Duchess of Oak Bluff, bought by R. Rowlings of Cupar, Sask.

A total of 199 bulls were offered during the sale and of these 121 were disposed of, viz.: 85 Shorthorns, 13 Herefords and 23 Angus.

Following the association sale, W. H. English of Harding, Manitoba, offered 40 head of very choice Shorthorns, mainly of his own breeding. For these fancy prices were obtained, some of the most expensive going to his brother, S. R. English, of Launka, Alta. He purchased the famous herd bull, Escana Perfection, for $2600, and Roan Queen, a four-year-old cow, for $800.

G. Wilkinson of Tuxford, Sask., paid $400 for Harding Queen, with bull calf at foot, and H. M. Vezy of Elbow, Sask., paid $400 for Poplar Park Bess.

BRITAIN IS PLANNING WAR BRIDES' SCHOOL

LONDON— Schools for war brides and soldiers' fiancees are being planned by the demobinization deparument.

Domestic science, food chemistry, marketing, and care of children will be taught.

The government will pay all expenses of the pupils.

The schools will be open only to wives of soldiers and women engaged to marry soldiers. More than 400,000 young women are eligible, it is estimated .

Depatment officials explain the schools are expected to pay for themselves as social experiments by training women to be helpful wives. The schools are needed, it is believed, because thousands of young girls left their homes to work in mnnition factories at a time when they ordinarily would have begun to learn household duties.

Of 1,500,000 women who entered industry during the war, thousands now are jobless through the closing of munition factories. Hundreds are unable to find other employment because peace industries have not yet got into full swing. The schools are expected to give occupation to hundreds of women who otherwise would have nothing to do.

The wives' and fiancees' schools will be established in scores of cities which became munition centres during the war.

MISS MERMAID, PLEASE CALL THE UNDERSEAS COP

LONDON.—Does the starfish wink? Professor D'Arcy Thompson says it does. At a Royal institute lecture he said that at the tip of each arm of the starfish there is a tiny eye with a lid and even eye lashes of fine hair.

Starfish, he said, were fond of oysters, and are able to satisfy this appetite with a mout hthat each arm also is equipped with. It is the custom of the hungry starfish, said the professor, to thrust his arm in an oyster shell, give the bivalve the once over and then eat him right off the half shell.

FEAT OF BRITISH AIRSHIP REFERRED TO IN PARLIAMENT

LONDON—During a discussion of the Aerial Navigation bill in the house of commons today, Major-General E. B. Seeley, parliamentary under-secretary of the minister of munitions, announced that the government intended to make flying safer by providing a large number of airdromes, some of them military establishments and some civil. The government, Gen. Seeley said, would pay the entire cost of the exclusively military airdromes, and would start the movement by providing civil airdromes, but that it was hoped before long the last-named would become entirely self-supporting.

A British airship, according to Gen. Seeley, recently remained in the air for more than 100 hours. At an average speed of 50 miles an hour, the undersecretary added, the airship must have covered more than 5,000 miles. It was possible that the airship could have continued longer in the air, the speaker declared, notwithstanding the fact that it encountered considerable wind.

"You say you are in love with Miss Baggs?"

"I'm sure of it."

"But I can't see anything attractive about her."

"Neither can I see it. But it's in the bank, all right."
