ALLIED MISSION COMPELLED TO LEAVE BREMEN

Officers Were Attacked by Hostile Crowd; Could Not Finish Business

AGAIN ATTACKED WHEN LEAVING

Glass in Windows of Party's Automobile Broken by Angry Mob

PARIS, March 12.—The entente military mission which went recently to Bremen on official business and was attacked by a crowd when leaving the barracks after preliminary negotiations with the German officers there, was ultimately obliged to leave the city without having accomplished the purposes of its visit, according to advices from Berlin.

The entente officers were the object of a fresh demonstration upon their departure, the reports state, a crowd gathering before their hotel, breaking the glass in the windows of the automobile conveying the party and displaying so much hostility that the German authorities were compelled to send a strong escort to accompany the mission to the railway station.

BROADWAY SEES DARING ROBBERIES

Two Bands of Thieves Work in Sight of Pleasure-Bent Crowds

NEW YORK, March 12.—While Broadway tonight was crowded with theatre-goers three armed bandits smashed in the window of a jewelery store at 35th Street, kept the crowds at bay with their revolvers until they had emptied the contents of several trays into their pockets and then escaped, shooting one pedestrian who attempted to stop them.

A few minutes later three men entered another Broadway jewelry store a few blocks up town and, after throwing pepper in a clerk's eyes grabbed some trays of jewelry and ran from the store. Two men, alleged to be members of the trio, were arrested by the police after a chase.

Both robberies, committed in the heart of the whitelight district, were witnessed by thousands of persons. Broadway was thrown into the greatest excitement as police reserves arrived and, working on the theory that the robberies were committed by two different bands, raced up and down side streets and scoured the subway for the four missing bandits. In addition to the pedestrian who was shot but not seriously injured one other member of the crowd succeeded in getting his fingers on a fugitive. He was rewarded by a crack on the wrist from a revolver but which caused his arm to fall helplessly to his side.

SIMS SCORES NAVAL POLICY

WASHINGTON, March 12.—Testifying before the senate investigating committee this morning, Rear Admiral Sims disclosed that the United States naval administration, in its efforts to formulate a plan of naval war policy different from that which had been adopted by Great Britain and France, conceived of one scheme which would have been of "direct assistance to the enemy" and another which had been tried out by the alliesc early in the war without sucecss.

The admiral again scored the delay of the United States naval administration in getting into the war, on effective scale, which he declared was partially due to a misconception of the problem of defending the American coast from submarine raids.

Admiral Sims said that early in 1917 the allies were compelled by submarines to adopt the convoy plan for protecting ships and that in May he "urgently recommended" that the United States give its cooperation ,but it was not until June 20 that Secretary Daniels replied he considered American vessels having armed guards were safer when sailing independently.

TELEPHONE GIRLS ASKING INCREASE

TORONTO, March 12.—Bell Telephone girls here are asking the company for $3 per week increase, every other Saturday off and other concessions. At present there is no expectation of a strike.

LITHUANIANS ARE ON PEACE MISSION

COPENHAGEN, March 12.—The Berlinske Linden says it learns that a Lithuanian delegation has arrived in Moscow ostensibly to negotiate for an exchange of prisoners but in reality to discuss peace terms. The majority of the Lithuanians, says the newspaper, are eager for peace.

It is added that Czecho-Slovak delegation has arrived in Moscow with the same intentions as the Lithuanians.

SIGHT OF FRANCE'S DEVASTATION SHOULD PREVENT ANY SOFTENING OF THE HEART TOWARD GERMANY IS VIEW OF POINCARE

PARIS, March 12.—(Havas)—Former President Poincaire, in his first political article in the review Des Deux Mondes, denounces Germany for her attempt to secure a revision of the treaty of Versailles. He asks the Anglo-Saxon friends of France, before being moved to pity at Germany's fate, to look at France's devastated regions and agree that having paid with our blood and our property for victory and the freedom of nations we have an inalienable and imprescriptable right to record damages.

The former premier sharply criticizes the stand of the supreme council with regard to the eastern situation. In conclusion M. Poincaire expressed the wish that the supreme council will soon "sleep its last sleep."

BILLY SUNDAY FOR PRESIDENT; "MA" STATE SECRETARY

SYRACUSE, N.Y., March 12.—Billy Sunday announced here today that he is ready to run for the office of president and has already picked his cabinet. He has slated "Ma" Sunday for the office of secretary of state.

PRINCE ADMIRES RED COAT FORCE

OTTAWA, March 12.—His Royal Highness, the Prince of Wales, has consented to become honorary commandant of the Royal Canadian Mounted Police, it was announced in the house of commons by Hon. N. W. Rowell, this afternoon. A cable from Sir George Perley, Canadian high commissioner in London, stated that the Prince was highly pleased with the work of the police as his escort and that he, with other distinguished visitors, had become an ardent admirer of the famous force.

BORDEN MAY BE HOME IN EIGHT WEEKS

OTTAWA, March 12.—(Canadian Press)—Sir Robert Borden has telegraphed to inform his followers in the house that he is making steady and encouraging progress toward recovery, and expects to be in the capital within seven or eight weeks.

DEFENSE FUND TO SILENCE SQUEALERS

NEW YORK, March 12.—Assistant District Attorney Smith, conducting the grand jury investigation ,of alleged vice conditions in New York said tonight that a "defense fund" was being raised to silence "squealers," who might be called to testify against police officers found to be protecting undesirable resorts. Letters have been received by Mr. Smith charging that police officials have offered as much as $20,000 to suppress dangerous evidence against themselves.

THIRTY CASES FOR SPRING ASSIZES

WINNIPEG, March 12.—A total of 30 cases are listed to come up before the spring assizes which open here Tuesday, March 17.

Four men will face charges of murder, Geo. Clements, W. H. Elnick, and Harold Burdie will be tried for the murder of William Deforge on Oct. 18, and Alex Thomas, of Hole River for the murder of his wife on March 3.

SENATE ADJOURNS

OTTAWA, March 12.—After dealing in committee with Senators McMeans for the revision of inadequate punishments the senate adjourned this afternoon until April 6. The McMeans bill was before the senate last session but did not pass the commons.

Senator McMean's bill would provide for a court of appeal in criminal cases as in civil court actions. The bill was put through the committee state and stands for a third reading.

CHURCH TO USE MOTION PICTURES

NEW YORK, March 12.—In the belief that "pictures in the pulpit mean more people in the pews," the Methodist Episcopal church has decided to add motion pictures to its religious services, it was announced tonight.

SHIPMENT WAS ALL SOUTH AFRICAN GOLD

LONDON, March 12.—With reference to the gold engagements for shipment to New York this week, the London Times' financial editor says it was made up of South African gold, which was secured in the open market, in which the United States was a most active buyer.

NEGOTIABLE BONDS STOLEN BY BANDITS

PHILADELPHIA, March 12.—Bonds totalling $410,000, a third of them negotiable, were stolen early today by bandits in a raid on the Weightman Building. They entered by a balcony from a building near by and rifled safes in two offices.

HEARST TO TRY FOR PRESIDENT

NEW YORK, March 12.—That William Randolph Hearst hopes to head a third national party as its candidate for president is indicated in reports printed here that such a movement has been launched in Brooklyn.

EXPECT BRITAIN WILL OBJECT TO LENROOT CLAUSE

NEW YORK, March 12.—A special to the Times from Washington today says: "It is not believed here that the British government will assent to the Lenroot reservation as adopted, in the face of protests from Canada and other British dominions against being deprived of their votes in the league of nations.

"Canada is understood to be counting upon the British government to refuse to accept the senate changes in the league covenant and upon British influence to line up the principal powers against acceptance."

BYELECTION MAY BE POSTPONED

Provincial and Federal Authorities at Loggerheads on Law Point

MONTREAL, March 12.—Legal proceedings, which were instituted today, may have the effect of postponing the St. James byelection April 7 unless one of the parties at issue sees fit to give in.

The question is whether the federal parliament can compel the provincial authorities to give them a copy of their electoral lists at a price fixed by the central administration, but which conflicts with that enacted in law by the provincial authorities.

In the present instance the byelection act passed at the session of the Ottawa parliament last year states that provincial electoral lists will be requested from the provincial registrars and paid for at the rate of one cent per two names. The Quebec provincial statut efixes the tariff for the same purpose at six cents for ten names.

The provincial registrars have refused to deliver to the returning officer copies of the provincial electoral lists in St. James devision unless he pays them the price specified in the provincial law. He refused and applied to the court.

Mr. Justice Duclos, who heard the argument, reserved the decision until net Monday.

HAS QUESTION ON MILITARY TRAINING

OTTAWA, March 12.—(Canadian Press)—A question bearing on the adoption of military training in Canada is due for the commons Monday. P. A. Seequin, the French Canadian member from L'Assomption, will ask the number of military instructors sent out by the government to give military instructions in the different educational institutions in the country. Mr. Seeguin also asks what salaries are paid instructors.

Mr. Seeguin asks for the amount of money collected in fines from conscripts, by provinces, and if the government intentions are to remit such fines to those who have paid them. A further question bearing on military instruction asks details of uniforms issued by the government to various colleges and schools.

AUTO KILLS AND THEN DRIVES ON

VANCOUVER, B.C., March 12.—A woman whose identity has not yet been established was run down and killed by an automobile shortly before 11 o'clock tonight as she stepped from a street car on Granville Street. The automobile did not stop, but one of the occupants was later arrested.

PLAN TO CURTAIL TRAFFIC IN DRUGS

OTTAWA, March 12.—Designed to curtail the use of opium in Canada and to place the control of the traffic in the hands of the minister in charge of the department of health, a resolution to repeal chapter 22 of the opium and drug act will be submitted to the house Monday by Hon. N. W. Rowell.

NEARLY TWO THOUSAND WERE NATURALIZED

OTTAWA, March 12.—The report of the secretary of state for the fiscal year 1918-19, tabled in the house, showed 1914 certificates of naturalization issued during the year. There were 121 companies with a total capitalization of $214,326,900, incorporated during the year.

RETAIL SALES' TAX IS NOT FORGOTTEN

OTTAWA, March 12.—The proposition to impose a tax on the sales of retail merchants is an old one, it being first brought up four years ago. No action has been taken by the government although the idea has not been forgotten. Whether the proposal is to be adopted or not, will not be known until the budget is brought down.

TURKS ARE NOT WORRYING OVER ALLIED THREAT

Absolutely Indifferent to Decision of Supreme Council For Drastic Action

NOT SCARED BY NAVAL DISPLAYS

Allied Warships Are Massing and Ready for Defense of Straits

CONSTANTINOPLE, March 12.—(Associated Press)—Dispatches from London and Paris announcing that the supreme council has decided to take drastic action at Constantinople to prevent the killing of Christians and enforce peace terms more radically than was contemplated before the trouble at Marash, have been received with apparent indifference by the Turks, the only effect being the designation of a slightly changed cabinet.

Turkish officials are watching without any evidence of concern the move in London to force them out of Europe and the printing of a despatch reporting that President Wilson would insist that the Sultan must leave Constantinople caused scarcely a ripple.

The allied naval displays in the Bosphorus and the British and French naval parades in the streets of Constantinople are watched indifferently by the public. The Black, Marmora and Aegean seas are alive with allied warships and ready to co-operate with land forces in the defense of the straits and the enforcement of a blockade should such action be taken.

The British have four battleships of the Iron Duke class, four cruisers of the Cardiff class, six destroyers of the Steadfast class, two destroyers of the Tomahawk class, and five super-dreadnoughts of the Revenge class within easy reach of the straits, with several other warships convenient to the Golden Horn or the Bosphorus. The Italians have two battleships, one cruiser, and two destroyers in the vicinity.

The French have two modern battleships, two destroyers and two cruisers, two sloops and one transport. The Greeks have the battleship Kilkie (formerly the United States steamship Idaho) and two destroyers, and the United States six destroyers, the cruiser Galveston and several small craft.

WOMEN ASKED TO FORGO LUXURIES

OTTAWA, Ont., March 12.—The executive committee of the National Council of Women at their meeting last evening, went on record as urging women to refrain from the buying of expensive clothing and luxuries made both in the United States and Canada. A resolution was passed deploring cigarette smoking among women.

MAY COIN NICKEL FIVE-CENT PIECE FOR CANADA USE

OTTAWA, March 12.—Some discussioln took place in the house today on the proposal to reduce the percentage of silver in silver coins. Sir Henry Drayton, when questioned on the point, remarked that the government now had under consideration the coining of a nickel five-cent piece. Sir Henry also observed that any man on a cabinet minister's salary was well acquainted with the one-cent piece.

TROOPS DISPERSE WOMEN RIOTERS

BERLIN, March 11.—Troops were called out to disperse crowds of women and children during an unemployment demonstration at Munich yesterday owing to th eissue of ration cards for a reduced ration of 2½ pounds of bread weekly. There were no casualties.

AVENUE OF STORES NEARLY WIPED OUT

WINNIPEG, March 12.—Three Notre Dame Avenue stores were almost completely wiped out, a building on Pacific Avenue, occupied by a firm of wholesale grocers, was party damaged, and the old Knox Church building at Donald Street and Ellice Avenue, was scorched, in spasmodic fires which kept the fire department busy this morning.

NEW AMBASSADOR TO UNITED STATES

SIR AUCKLAND GEDDES

Who will leave early in April to take up his new post as British ambassador to the United States, succeeding Viscount Grey. The appointment was announced officially March 2. Concerning the general feeling that he is "the man for the job," a recent despatch says: "Sir Auckland Geddes is the first British ambassador to go to the United States with a considerable knowledge of trade affairs and a strong conviction of their underlying importance to the two countries in the post-war era.

THIRTY THOUSAND NON-BOLSHEVIK RUSSIANS CUT WAY THROUGH RED LINES AND MARCHED 2000 MILES

LONDON, March 12.—Thirty thousand none-Bolshevik Russians after cutting their way through the Bolshevik forces in Siberia and marching 2000 miles have arrived at Verkhne-Udinsk, according to a telegram received by John Ward, member of the house, from Gen. Horvath, at Habin. They consist of workmen and peasants from the Volga district ,the Urals and Western Siberia, who formed a division under General Vritce Hovsk and it had been feared that they were destroyed or absorbed by the Bolshevik since the defeat of Admiral Kolchak, former head of the All-Russian government.

Gen. Horvath appeals to Mr. Ward to persuade Britain to send food and clothing, as all are suffering from starvation and the terrible privations during their march through the Siberian winter, and no stores are available in Trans-Baikalia to meet the sudden incoming population.

DAY IN PARLIAMENT

In the Commons

Hon. Arthur Meighen introduced a bill with the object of enabling the dominion government to negotiate with the province of British Columbia in respect to a difference between the two on Indian lands. He also introduced a bill looking to more ready enfranchisement of Indians.

Royal Canadian Mounted Police act was given second reading, put through the committee stages and now stands for third reading. Before it received second reading there was a lengthy discussion about the inadequacy of pensions granted to veterans of the force. Hon. N. W. Rowell promised that this phase of the matter would receive consideration by the cabinet.

A resolution was introduced by Sir Henry Drayton to reduce the fineness of silver currency and was carried.

Another resolution providing for the sale of annuities by the government was introduced by the minister of finance and carried after opposition.

Hon. C. C. Ballantyne's resolution providing for the issuance of certificates to masters and mates who served for a year, and subject to certain conditions was carried.

The house adjourned at 6 o'clock till Monday.

In the Senate

Senator McMeans' bill providing for a court of appeal in criminal cases, similar to that in vogue in civil cases, was reported out of committee and stands for third reading.

PROBLEM IN NEAR EAST IS SERIOUS

Fear That If Turks Are Pressed Arabs Will Join Them

LONDON, March 12.—(Associated Press)—Earl Curzon's speech on the Turkish problem, made in the house of lords yesterday and other official or unofficial statements on the subject are generally regarded as showing that the near east tangle is quite serious and is causing the authorities some anxiety; an anxiety increased by complications threatened in connection with Syria and Mespotamia. The shadow of Indian and Moslem opinion darkens the problem and it is believed influences the council of the allies more than is almost immediately apparent.

The suggestion that the employment of force against the Turks might excite general peril in the Mussalman world is regarded as one that cannot safely be ignored. In some quarters the feeling prevails that there is danger and if the Turks are pressed they may immediately be joined by the Arabs. The Italian view that it would be dangerous to employ against the Turks, British, Moslem or other Moslem troops in the service of the allies is evidently based on these fears. Careful watch is being kept here on the outcome of the Syrian congress at Damascus and it is understood that any decision or proposal at the peace conference regarding Syria would be purely tentative.

The man who can set you an example is a better teacher than 40 men who merely tell you what you ought to do.

PENSIONS ACT READ AGAIN

Given Second Reading in House; Discussion on Mounties Superannuation

OTTAWA, Ont., March 12.—A general discussion in the house of commons on pensions for Northwest Mounted Police raised the question of superannuation of the civil service. In particular, a declaration by Hon. W. S. Fielding aroused interest. He referred to the change made by the Laurier government (of which he was a member) in the superannuation system then in force. By that change superannuation remained with regard to old officials. With regard to subsequent appointments it was abolished and a retirement fund established. The retirement fund, however, had been found to be "entirely insufficient."

"I am free to say," Mr. Fielding added, "that the then government made a mistake and I am willing to help the present government to correct that mistake."

There was a general feeling of the house in favor of fully adequate pensions for men in the Northwest Mounted Police, or the Royal Canadian Mounted Police, as they are now termed.

A plea was also made by Captain Manion on behalf of dependents of men killed at the front. "These helpless people left by the men killed at the front or in some other branch of the country's service," he declared, "should be adequately looked after and given a good living wage."

On the broad question of general superannuation for the civil service, Hon. T. W. Crothers, ex-minister of labor, differed. He agreed that the men of the mounted police were underpaid and that everything should be done for the dependents of returned men, but he thought civil servants generally were better paid than they would be in the same line in private employment, if the government insured civil servants against old age ,the civil servants should pay the premium.

Captain Manion, member for Fort William, said the sooner the government realized that the man who had given the best part of his life in his country's service was entitled to a living wage, the sooner it would get the people of the country solidly behind it. Last year there was nothing done after the committee on soldiers re-establishment had sat.

Dr. Cowan, Regina, said that there were many of the old mounted police were pensioners actually suffering in Regina. These men were willing to get along, he said, on what they had been receiving until they saw that the pension scale had been raised for men going on to the force.

Col. Peck, V.C., Skeena, B.C., heartily supported Mr. Stevens and Mr. Manion. "This government was the only government he knew which did things and when we convince them that this is necessary, they will do it too," he said.

He sincerely hoped the government would take it up seriously and that the members would not have to be ashamed when they met the dependents. The greatest glory the government could have was to give a liberal measure of pensions. "Although the government has done well, I ask them to do still better until we can give all dependents a decent living and educate the orphans," he concluded.

Hon. T. W. Crothers said that the meht of the mounted police had never been adequately paid, but

(Continued on Page Five)

BOWSER CABLED FOR DATA ON SOLDIER VOTE

Farris Uses Message as Basis For Charge of Crooked Practice in Country

OPPOSITION LEADER MAKES A REJOINDER

Asserts Attorney-general Quotes Carefully Selected Message; Ignores Others

VICTORIA, March 12.—Something in the nature of a near sensation was sprung on the legislature this afternoon when in the course of his speech on the motion for the second reading of the new Elections act, Attorney General Farris quoted from a copy of an alleged cable which he said had been sent by W. J. Bowser after the general elections in 1916, but before the Conservative government had resigned the reins of office, to Sir Richard McBride, agent general in London, and which purported to be as follows:

"The soldiers' vote may give us 12 to 15 seats. I want 180. Slump general everywhere. Prohibition carried by over 7000." The attorney general was concluding his speech in a heated manner, and was roundly denouncing the opposition leader for what, he alleged, were the unjustified insinuations of the possibilities of irregularities under the new bill.

He referred to the overseas soldier vote, intimating that there had been a plan to steal it, and he declared that when the opposition leader spoke of the possibilities of irregularities under the new system of absentee voting, through the sealed envelopes containing such ballots being tampered with, he must have had in mind previous irregularities of the late government.

Quotes Cables

"I have here before me a copy of a cable sent by my friend to the late Sir Richard McBride," Mr. Farris said, and he continued to quote: "The soldiers vote may give us 12 to 15 seats. I want 180." There was hearty government cheers. "I will read on," he said. "Slump is general everywhere. Prohibition carried over by over 7000."

"Is it any wonder my friend opposition could speak as he did today of election crookedness? Is it any wonder he speaks of the possibility of a close election and of it being possible to tamper with these sealed envelopes coming down from the upper country? The tragedy of my friend's position is that there is nothing he can talk about, but we can show how he has been guilty of those very things he expects this government to do," said Mr. Farris.

Mr. Bowser Replies

Mr. Bowser was immediately on his feet on a question of privilege, stating he desired to make a statement as to the alleged cable referred to by the attorney general.

"I would have preferred that he should quote from the original cable. Had I known it, I would have got a correct copy. But whether this copy is correct or not I cannot say, at present, but it is quite true I was defeated on the civilian vote in Vancouver. At that time I was importuned by the press and by many people, including my Liberal friends, to resign office, but we felt it would not be right for us to do so until returns of the vote overseas was complete. At the same time my colleague, Mr. Ross, was elected in Fort George by 10 or 12 votes. We were naturally anxious to know how the vote overseas stood. Sir McBride, as you know, was in a bad state of health, though we here were not then aware how serious it was. We cabled to him several times to secure information of the state of the count then going on in London from day to day, for we not always sure he would be able to attend to the matter. When the cable was sent they had been some days counting the vote there, and I said I was 180 behind.

Others Suppressed

"There was another cable which my friends opposite did not apparently get, felling Sir Richard that Mr. Ross was elected. Naturally we were anxious to know how the vote was going, and we thought he might keep us posted as to how it stood, and whether I was elected or Mr. Ross was holding his election. In reality, I was elected by the soldiers' vote in Canada, and there was no necessity for my suggesting that I need further votes there. That is the explanation for that cable. There was no suggestion that Sir Robert was to see that 180 votes were to be counted for me. I knew Sir Richard well enough to know that such a suggestion would be an insult to man of his high standing. I must congratulate my friends on having succeeded in extracting this private cable from the private files of a deceased man," concluded Mr. Bowser.

Charles F. Nelson, Slocan, adjourned the debate.

CONSIDER ROYALTY SCHEDULE ON FURS

WINNIPEG, Man., March 12.—Consideration of a schedule for a royalty on furs was brought before the agricultural committee at the government buildings today. The report recommends that a penalty be stipulated for the smuggling of furs and also that the royalty be payable at the first transaction.

The schedule of royalties calls for collection of $15 on a black fox skin valued at $300.00 down to five cents on a weasel skin valued at $1. Representatives of the fur dealers opposed the royalty, suggesting that it be cut in half. One member declared there would be considerable smuggling in furs when the royalty is put on.

ATTRACTIONS FOR THE TEA DANSANT

All sorts of attractions have been provided for the entertainment of visitors to the St. Patrick's Tea Dansant to be given by the Kokanee chapter of the Imperial Order of the Daughters of the Empire on March 20, in an effort to raise the remainder of the money needed by the chapter to reach their quota towards the I.O.D.E. war memorial fund. A special feature of the affair will be the futuristic dance to be given by Miss Grace Brett and Rene J. Bray. Counters for the sale of fancy-work, home-cooking, and novelties will be opened, and there will be a fortune telling booth.

SYRUP OF FIGS CHILD'S LAXATIVE

Look at Tongue! Remove Poisons From Stomach, Liver and Bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

SUBMIT FORMULA TO YOUR DOCTOR

THERE'S NO SUBSTITUTE FOR GRIP-FIX — IT RELIEVES COLDS AND CHECKS INFLUENZA.

Ask your family physician what he recommends for a cold. He will tell you that most doctors use the same standard formula that serves to reduce fever and the inflammation that goes with this disagreeable ailment. He will perhaps tell you that this formula contains all or some of the following drugs: Phenacetin, Quinine, Salol, Caffin, Citrate, Cascara and Camphor Monobromate. Then show him a box of Grip-Fix capsules with the formula plainly printed on the label. Ask him what he thinks of it. He will tell you that Grip-Fix is a reliable, honest remedy and in ordinary cases it should knock a cold in one night. That's what your doctor will tell you. Ask him and see.

Grip-Fix is prepared from the prescription of a seasoned medical practitioner. It has been working wonders in the treatment of colds for years. No one needs to have a cold long. Just walk into a drug store, ask for "Grip-Fix" and you can say good-bye to your cold. Grip-Fix sells at 35 cents a box. On sale at all drug stores.

"SLOAN'S LINIMENT NEVER FAILS ME!"

Any Man or Woman Who Keeps It Handy Will Tell You That Same Thing.

ESPECIALLY those frequently attacked by rheumatic twinges. A counter-irritant, Sloan's Liniment, scatters the congestion and **penetrates without rubbing** to the afflicted part, soon relieveng the ache and pain.

Kept handy and used everywhere for reducing and finally eliminating the pains and aches of lumbago, neuralgia, muscle strain, joint stiffness, sprains, bruises, the result of exposure to weather.

Sloan's Liniment is sold by all druggists, 35c., 70c., $1.40. Made in Canada.

Sloan's Liniment *Keep it handy*

CITY FATHERS INSPECT PLANT

City Mother Remains in Charge of Community; Work Is Nearly Finished

Leaving Ald. Mrs. W. G. Foster in sole charge of the city, the male members of the city council, accompanied by the city electrician, journeyed to South Slocan yesterday morning by the Slocan train, and made a detailed inspection of the work of clearing the gravel from the canal and forebay of the city's power plant. The members of the party were Mayor J. A. McDonald, and Aldermen John Bell, C. H. Bean, A. A. Perrir, C. F. McHardy and J. O. Patenaude, and the city electrician, J. T. McGuire.

Speaking of the trip after the party's return, the mayor said, so far as he could see, the West Kootenay Power & Light company was doing the job in good style, and without any skimping.

For a little over a month the work has been in progress, both the company and the city having large gangs at work, and the work is now all but completed.

Pierce Wingdam

In order to drain the city's canal and forebay, the company built a cofferdam across the canal. The gravel was then removed by a car pushed on a light railway. As soon as this was out of the way, the company's men drilled a hole six feet in diameter through the city's wingdam, at a point about 20 feet past the beginning of the concrete, and put in a piece of steel tubing 13 feet long. From a point just past this outlet, a submerged weir or dam of concrete, has been bult in the canal, diagonal in direction.

When the current brings along gravel in suspension or semi-suspension, it is intended that it should be stopped by the submerged weir, which it will follow along to the hole in the wingdam, through which it will escape into the river. In order that the weir should not cut off the head of water at tims of low water, gates will be bult in the weir, and these are now being constructed by the company's construction crew.

City Cleans Out Forebay

While the company's men have been busy on these parts of the work the city's crew has cleaned out the forebay and racks, and the gates, all of which suffered from the accumulation of gravel. Fresh concrete has been put in in various places where cracks have appeared in the original masonry.

It is expected that the city's crew will be through this week, and the company's work may last another week. When the cofferdam is finally removed the turbines of the city's power plant will turn again and the company's plant will be relieved of the load it is now carrying for the city.

MIDDLE CLASS HARD HIT

Lord Buckmaster, formerly lord chancellor, declared in the house of lords the other day that the people of "middle class" in Great Britain were being "slowly ground to powder under present conditions."

"There is a large body of people whom," he said, "for want of a better definition, I will call the middle classes, the people engaged as civil servants, doctors, lawyers, writers and school masters, all the people who earn relatively small incomes, say from 300 to 1000 pounds, and who are the most thrifty and the most self-sacrificing class in the whole country.

"They are people who stint themselves sometimes of almost the necessities of life in order that they may give their sons a better chance at school and at college; they are the class which has recruited all our finest people all over the globe.

"What is the result? Every time the currency is inflated the hand of the state is put into their pockets, and from their small, hard-won earnings, sums are taken away in order that other people may have more.

"These are the people who are being slowly ground to powder under present conditions, and I say it is the class which represents the life-growing point of the nation. If that class is once destroyed it will be impossible that it should ever be replaced."

The late husband catches the early morning lecture.

LIFT OFF CORNS!

Freezone is magic! Corns lift off with fingers without pain

Hurt? No, not one bit! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift that bothersome corn right off. Yes, magic! Costs only a few cents.

Try Freezone! Your druggist sells a tiny bottle, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the mysterious ether discovery of a Cincinnati genius.

Cascarets

FOR CONSTIPATION

Our Ready-to-wear in Ladies Coats, Suits and Dresses is attracting strong attention these days.

SMILLIE & WEIR

LADIES' WEAR SPECIALISTS

ESKIMOS PREFER SNOW HUTS TO CONCRETE

The movement to modernize the Eskimo by providing him with concrete huts in place of his picturesque snow "igloos" as suggested by an official of the United States Bureau of Fisheries, would be the death of the denizen of the icy north in the opinion of Vilhjalmur Stefansson the Arctic explorer. Not only is the Eskimo devoted to his age-long habitation as the South Sea Islanders are to their traditional grab of flower garlands and fresh smiles, but he is far healthier, warmer and more comfortable in his domed mansion of snow blocks than he could be in any modern house of concrete.

The statement that the natives of the Prybiloff Islands were about to discard their snow huts for modern concrete huts, finding the gales of the Bering Sea too strong for the former, upon which the story of the intended change of Eskimo habits was based, Mr. Stefansson characterized as too silly for discussion. The explorer said that the Prybiloff Islanders had never lived in snow but in wooden huts and that further north, where the natives do live in snow houses, it would be next to impossible to convert them to any other dwelling.

"Their igloo serves as a home for two or three weeks. Then they build a new one. Because it is new it is clean and sanitary. It is as warm and comfortable as your library. A candle gives as much illumination as three electric lights, because of the intense whiteness of the snow. The snow house will stand under any conditions. In all, the igloo is as comfortabe a home as a man could wish.

"The concrete hut, like the wooden hut, must be uncomfortable and unsanitary. Wherever the natives have changed from the snow to the wooden home there has followed pneumonia and typhoid and a tremendous increase in the death rate.

"The Eskimos are a migratory race. Contact with civilization has affected them and they are dying off. They must soon be extinct and the concrete hut hastens that extinction. The Eskimos are like the gypsies. Try to keep a gypsy in a house of concrete and see what happens.

"Still, the Eskimos might be converted to the concrete hut," went on Mr. Stefansson, smiling. "If it becomes the fashion. Should concrete homes become fashionable, all Eskimos would soon be living in them. Human nature is the same the world over. Let some one introduce the wearing of furs, as a fashion, in the Zulu Islands, and the natives there would wear furs. Women wear furs in California and Florida, where the climate is just as hot as on the Zulu Islands. So you see, you never can tell."

ARSENIC TO UNITED STATES

Canada retained its position in 1919 as the most important producer of arsenic for the United States market. Lower prices retarded American production during the year.

The United States production of arsenic in 1919, according to estimates compiled by James H. Hill, of the U. S. Geological Survey, Department of the Interior, was 5,300 short tons, as compared with 6,400 short tons in 1918. The imports of arsenic for the first nine months of 1919, as reported by the Bureau of Foreign and Domestic Commerce, were 1,389 short tons. The imports for the year will probably amount to about 1,550 short tons. Most of the imported arsenic went from Canada and Mexico, though some came from Belgium and Japan. The quantity af arsenic available for consumption in 1919 was about 7,400 short tons, as compared with 7,170 short tons in 1918. There were no exports either of foreign or domestic arsenic during the first nine months of 1919. Two American companies, who produced considerable arsenic in 1918, reported to the Geological Survey that they produced none in 1919 on account of low prices.

WHERE ALL COULD SEE

My most embarrassing mament was experienced at an evening church wedding a short time ago. As we were late, most of the seats had been taken, so it was necessary to go almost to the front pew. I sat down and calmly removed my hat, when to my mortification my escort asked if I thought I was at the movies. The hat was hurriedly adjusted, but I felt selfconscious during the entire ceremony.—Chicago Tribune.

The mosquito isn't the only bore that sings at his work.

An "able financier" is a man who is able to separate the other fellow from his coin without the aid of a sandbag.

FRECKLES

MARCH BRINGS OUT UNSIGHTLY SPOTS. HOW TO REMOVE EASILY.

The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind, Othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength Othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.

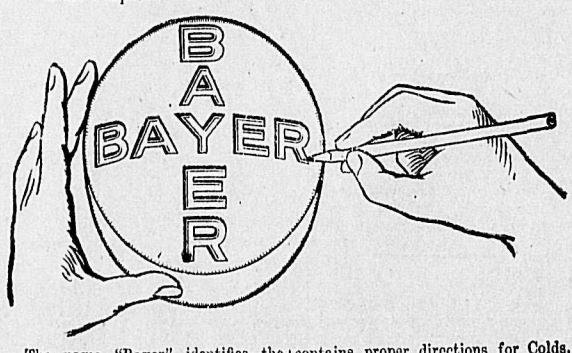
ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"



The name "Bayer" identifies the only genuine Aspirin,—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally.

Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

NR TO-NIGHT— Tomorrow Alright Get a 25¢ Box

Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "logzy," headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test.

Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way.

If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

XCHANGE TAKES FURTHER DROP

NEW YORK, March 12.—International credits and an unexpected hurry in call money were the dominant factors in today's very irregular stock market in which the early trading was enlivened by further operations of bull pools.

Foreign exchange manifested a reactionary trend from the outset, the British rate adding six cents to yesterday's late reversal on specific denial of report that the gold movement from London to this country was already in progress.

Money opened at seven per cent thereby raising the hopes of those who were apprehensive that current heavy tax payments would create stringent conditions over the week end. These hopes were dashed later, when the rate steadily dropped to 15 per cent, that quotation prevailing at the close. The bulk of today's dealings centered again in motors and their subsidiaries, also rails, equipments and rails. Extreme advances of two to 10 points in these issues were finally reduced or altogether disappeared through heavy selling attending the movements of money. Conspicuous features of the early advance and subsequent decline were General Motors, which a 10 point gain was followed by a 15½ point reaction, involving a net loss of one and a half points and Crucible Steel which forfeited substantial gain and more besides.

Among other industrials and specialties the swing from high to low ranged from two to six points, losses one to three points prevailing the end, when transportations yielded. Sales amounted to 1,050,000 shares.

In the bond market irregularity featured the trading in foreign issues the Liberty group showing comparative changes.

Total sales, par value agregated $1,750,000.

GRAIN MARKETS

CHICAGO, March 12.—Heavy commission house selling said to be partly for Liverpool account had a bullish effect on the corn market today. Prices closed nervous, ⅛ to ¼ cent net lower, with May 148¼ to 148¾ and July 142¾ to 143½. Oats finished a shade down, ⅝ down and provisions varied from 5 cents decline to 12 cents advance.

LIVESTOCK MARKETS

Winnipeg

WINNIPEG, March 12.—(Dominion Livestock Branch)—Arrivals in the yards to the week ending Thursday March 11 were far in excess of the previous week, 1892 cattle, 13 calves, 105 sheep and 4074 hogs made up the offerings while 80 cattle on through billing. During the same period local packers bought 983 cattle, 3635 hogs and 540 sheep. Yesterday's sales totalled 319 cattle, 1232 hogs and 50 sheep.

Receipts up to 9 a.m. today were made up of 147 cattle, 49 hogs and 1 sheep with 122 additional head of cattle on through billing for Chicago. There was only a moderate supply of cattle for today's trading and bidding was a little keener over that of yesterday. Butcher steers were taken up at steady prices, but good quality heifers and cows were somewhat stronger. There was also an improvement in the stocker and feeder trade.

Steers, choice 12.00 to 13.00; fair to good 10.00 to 11.50; medium 8.00 to 9.00.

Butcher heifers, choice, 10.50 to 11.50; fair to good 9.00 to 10.00.

Butcher cows, choice 10.00 to 11.00; fair to good 7.50 to 9.50; medium 6.00 to 7.00; canners and cutters 4.00 to 5.50.

Bulls, good, 7.00 to 9.00; common 5.00 to 6.50.

Feeders, choice, 10.00 to 11.00; fair to good 8.00 to 9.50.

Stockers, steers and heifers, choice, 8.00 to 9.00; fair to good 6.00 to 8.00.

Calves, choice 14.00 to 16.00; good 12.00 to 13.00; common 7.50 to 8.00.

Sheep and lambs; good lambs 18.00; good sheep 10.00.

Hogs, selects 20.00; heavies 18.00; lights 18.00 to 19.25; sows 16.00.

NEW RECORD FOR GRAIN

WINNIPEG, March 12.—A new record price for car of grain was made today when a local company sold a car containing 1921 bushels of Northwest No. 2 for 2.58 per bushel, bringing $1.89.

Solomon in all his glory was not paid—at present day prices.

LEGAL NOTICES

TENDERS WANTED

We are open for bids from contractors covering:

1. Sorting chain.
2. Piling green lumber.
3. Operating lath mill.

Lumber chiefly spruce, some fir. Dry mill capacity 80,000 to 85,000 feet daily, and lath mill 20 to 30 M daily. Successfully tenders will be required to put up a bond of $500.00 to insure faithful performance of contract. U. G. Saw Mills, Limited, Hutton, B.C. 4(6)7

PILES AND CONSTIPATION CURED — SAYS INTERNAL BATHING SAVED HER LIFE

If the thousands of men and women with constipation and the many ills which follow would bathe internally instead of continually dosing themselves with drugs, they would soon realize why every user of the J.B.L. Cascade is so enthusiastic in its praise. There should be one in every home. Keep the colon clean and free from poisonous waste and you will not need the doctor.

Mrs. Robert Gordon, 422 Cadillac St., Montreal, Que., writes: "I cannot speak too highly of the J.B.L. Cascade. It has saved my life. I have been troubled with piles and ulceration of the bowels for years, have only been using the Cascade for three months, and am happy to be doing my own work again after having been laid up for many months. I would not take one hundred dollars for my Cascade if I could not procure another."

The J.B.L. Cascade is the only perfect appliance for Internal Bathing, the invention of Dr. Chas. A. Tyrrell, of New York, and is doing more toward improving the health and efficiency standard of the nation than all other means combined.

This appliance is shown and explained by Canada Drug & Book Co.

Phone or ask them for free booklet "Why Man of Today is only 50 per cent Efficient"—or write Tyrrell's Hygienic Institute, 163 College St., Toronto.

PROSPECTORS GET ALL CONCESSIONS

Free Engineers' Reports, Ore Cabinets, Cheap Powder; Assistant Engineers

Returning yesterday morning from Victoria by the delayed Kettle Valley train, J. W. Mulholland, president of the British Columbia Prospectors' Protective association, was able to announce the complete success of his mission at the legislative session.

Prospectors' ore cabinets, engineers' reports for the owners of prospects, powder at cost where possible, trail work to apply toward crown grants, returned prospectors to be given defaulted interests of partners, and an assistant resident engineer for district No. 5, were all promised by Hon. William Sloan, minister of mines.

The remaining duty laid upon Mr. Mulholland by the association, that of opposing the bill to incorporate the professional engineers, was also discharged, the delegate addressing the private bills committee on several different days on the subject. Mr. Mulholland states that the principal features of the bill that were objected to have been eliminated, but that sentiment in the house is now strongly against its passage in any form.

The sample cabinets, engineers' reports, and the powder at cost, were the three constructive planks of the association's platform. The additional engineer was also a plank, but on this question the minister already stood pledged to action.

In connection with the sample cabinets, Mr. Mulholland stated there will be one at Nelson, and he will take up with the city council the question of giving it a home in the city hall. The lighting in the court house is not considered good enough for the purpose. Surface specimens from all parts of the world, of the rarer ores as well as of the commoner ones, will be included in each collection, which will enable the prospector to compare rock strange to him with the samples.

Policy Changed

An entire change of policy in regard to engineers' reports, hitherto kept in the archives, is the answer of the minister to the associations' representations under that head. A preliminary report will be given to the owner of a prospect at the time the examination is made, and the full report made in detail for the department will be furnished to him later.

Subject to th restrictions on the handling of powder by the railways, the government will furnish powder to the prospectors at cost, under the plan followd with the ranchers.

Work to apply on assessment and toward crown grants will be made to include trail construction and upkeep, and the minister is considering the point of whether cabin construction should also be included.

With the present month the Allied Forces Exemption act expires, one of the provisions having exempted holders of mineral claims who were overseas, from doing assessments. Many civilian partners of men overseas defaulted on assessment work, and, on the suggestion of the association, their defaulted interests are to be handed over to the soldier partners. Returned men will be able to obtain the interests defaulted by the co-partners on applying to the minister.

In the matter of the resident engineer, the minister's choice was between dividing the district, or appointing an assistant, as he outlined the problem before the Nelson board of trade last fall. A. G. Langley, as resident engineer, will still be in charge of the eastern district, or No. 5, but will share the work with an assistant, who will be a returned man if one is available.

WEAKER TONE TO MONTREAL MARKET

MONTREAL, March 12.—No issue in today's local stock market furnished a thousand shares, the most active being National Breweries. Breweries showed more weakness than for several days, the net change being a point down at 51. Brazilian was strong at the opening of 48½ but closed at 47½, a net loss of 1½.

Riordan was weak, losing 3¾ points at 181. North American Pulp lost a small fraction at 6½. The paper stocks were reactionary, losing a full point to a fraction a point each, with the exception of Price Brothers, which made a spectacular rise of 40 points to 310.

Cotton and allied stocks were strong, closing steady, Penmans being up a point at 117. Weaker stocks were Dominion Coal preferred, down five at 85; Glass, down 1½ at 64; Holt Renfrew preferred off three points at 82; Lyall lost one at 86½; Shawinigan lost 1¾ at 113⅛; and St. Lawrence Flour lost two at 93.

Total trading: Listed 6489; bonds, $155,350.

(Additional Markets on Page Seven)

COMPLETELY CRIPPLED

Terrible Experience of Mr. J. Harrop

It is seldom that anyone who has been continually exposed to every weather condition does not contract some form of Kidney or Rheumatic trouble. In many cases, cold, settling in the kidneys, so weakens those important organs that they are unable to filter the waste and poison out of the blood. The latter is carried throughout the body, causing uric acid to accumulate in the joints, with consequent rheumatism, stiff joints, swollen ankles, lumbago, sciatica, neuralgia, constipation, torturing pains in back and side and head. These ills can all be made right. Gin Pills give quick, certain and sure relief. Read what Mr. J. Harrop writes to us:—

"I have been crippled up so completely that I could not stand. Work was out of the question. A few doses of Gin Pills put me right. I cannot praise Gin Pills too much, and every home should have a box."

Gin Pills can help you. If you suffer from backache, or have that dreadful feeling of lassitude, with floating specks before the eyes, highly-colored urine, stone in the bladder and general debility, get Gin Pills at once. At all druggists or dealers, 50c. Money refunded if you are not relieved. A sample large enough to demonstrate its value, free on request.

Movie theatres pay — — —

—You Know that

—You also know that Vancouver has the reputation of being one of the best "movie" cities on the continent.

—So good that the Messrs. Allen, who are today operating forty-nine theatres throughout Canada, decided that the city was worthy of the finest "movie" theatre on the continent.

An investment in this theatre --the Vancouver Allen Theatre is a sound investment

—It is located at Georgia and Seymour streets—admittedly the best theatre site in the city.

—The theatre is not a "future." It is actually in course of construction—is to be the property of the Company—free from all liability.

—It is a strictly Vancouver enterprise—one which promises to be the best money-maker of any "movie" theatre in Canada.

Behind the project are the Messers. Allen--the foremost "movie" Concern in Canada

TODAY they are operating forty-nine Canadian theatres —every one paying good dividends on Common Stock, after meeting all claims on Preferred Stock.

Their statement as to the earning powers of the new Theatre shows a dividend of 12% on Common Stock.

Here's your chance—Become a shareholder in this enterprise—The investment is safe—the dividend earning possibilities are great.

OUR OFFER

We offer the entire issue of 8 per cent. Cumulative Preferred Stock in Allen's Vancouver Theatre Limited (Par Value $100) at Par with a Bonus of 25 per cent. in Common Stock

Look over our Prospectus. See the estimate of the Messrs. Allen on the financial returns of the project.

SATURDA YMORNING, MARCH 13, 1920

The Dominion Franchise Bill

The new Dominion franchise bill is hardly likely to arouse the controversy which was anticipated before the measure was brought down.

It meets, to a reasonable degree, the contention of those who held that the provincial lists should be accepted by adopting the provincial lists unless they are more than one year old, while they will form the basis of the Dominion list if they are out-of-date and a new Dominion list has to be prepared.

The method of preparation of a new Dominion list if there is no provincial list will be individual registration in the cities and by enumeration in the rural districts. The necessity for making up a complete new Dominion list in this way is hardly likely to occur as it would seem almost certain that there will exist in each province some list which can be used as the basis for revision into an up-to-date list for a federal election.

Judging by the report of the bill as given in despatches, it follows in principle the old pre-war Dominion franchise laws, and it is not therefore likely to arouse the controversy which vital changes in statutes governing the franchise usually create.

* * * *

Why Not Produce It In Canada?

The Canadian dollar is worth 100 cents in Canada. It is worth only 84 cents in the United States. With Canadian money at a discount of from 10 to 15 per cent., exchange with the United States is costing Canadian consumers between $75,000,000 and $100,000,000 a year.

"We are buying $740,000,000 of goods a year from the United States," said Hon. Arthur Meighen, minister of the interior, addressing Winnipeg business men recently. "Of than $740,000,000, $71,000,000 is cotton, which we have to buy from there; $154,000,000 is iron and steel, and we surely have enough iron and steel in this country to supply the needs of Canada; $46,000,000 is for wool, and I know of no reason why we cannot grow enough to supply our own demands; $51,000,000 is for coal, and we have as much coal as the heart of man can desire in this western country, and there should be some way found whereby the largest production of coal used in this country comes from the mines of our own country; $20,000,000 is for imports of meat, and surely this is a meat-producing country; $18,000,000 is for hides; $15,000,000 is for chemicals, and $9,000,000 for breadstuffs. There is not the slightest reason in the world why the chemicals we need should not be obtained in our country; this is the greatest country in the world for the production of chemicals.

"In all these lines, making up more than half of our imports from the United States, it only requires the essentials of a sound policy and courageous effort on the part of our country to reduce the purchases in the United States to only a percentage of what they are today, and to increase our sales."

FOSTER'S WEEKLY WEATHER BULLETIN

WASHINGTON, D. C., Mar. 13—Warm waves will reach Vancouver about 13, 18, 24, 30 and temperatures will rise on all the Pacific slope. They will cross crest of Rockies by close of March 14, 19, 25, 31; plains sections 15, 20, 26 and April 1; meridan 90, great lakes, lower Mississippi valleys, Ohio-Tennessee valleys March 16, 21, 27, April 2; eastern sections 17, 22, 28, April3, reaching vicinity of Newfoundland about March 18, 23, 29 April 4. Storm waves will follow about one day behind warm waves and cool waves about one day behind storm waves.

These disturbances will dominate the weather of Canada and the States from near March 14 to near April 4. Temperatures will be low on meridan 90 near Marcs 13 and the coldest weather of the month will be during the week centering on that date. That condition has been expected to drift across continent from near March 10 to near 15. Most of the month will have fallen before March 16.

Except spots in the cotton States precipitation is expected to be above normal in the great valleys of the great valleys of the Mississippi, including the Missouri valleys below St. Paul, then eastward to the Atlantic, including the vicinity of the great lakes. To northwsetward of that line, east of Rockies, not so much precipitation is expected. In the cotton States precipitation will run from excessive to dry. A deficiency of rain has already appeared toward the northwest corner of the cotton belt.

Temperatures will begin to rise on meridan 90 near March 16 and will go to the high point near 27. Greatest storms of the month will be in eastern sections near March 13 and less severe storms will cross meridan 90 near 21. Most precipitation will come from first mentioned storms. From these statements the reader can readily estimate the dates these weather events are expected to reach any point on the continent.

For all parts of the continent east of Rockies crest a very great change is expected in cropweather conditions soon after June 1 and the new quality of cropweather will then prevail till end of the cropseason.

I do not try to forecast the weather for Maryland District of Columbia and the Atlantic States south of them. They are largely under the control of the tropical storms that come , usually, from east of Cuba and Portico Rico. These storms move westward through the Caribbean Sea, turning northward, then eastward while on the Gulf of Mexico, then northward along the Atlantic coast. In order to forecast the weather of southeastern parts of The States one must base calculations on those tropical storms. I have not had time to do so. Where these tropical storms do not interfere I can make fair forecasts for these southern sections. My forecasts cover all sections west of the Alleghanies, except Pacific slope south of San Francisco. The tropiral storms can be worked out for the southeastern sections as there are good records for Baltimore, Washington, Fortress Monroe and Charleston, South Carolina and good forecasts could be made from these records.

TEN YEARS AGO TODAY

(From the Daily News, Mar. 13, 1910)

The first shoot of the season was held yesterday afternoon at the traps, by the Nelson Gun Club.

* * *

H. L. Lindsay ,proprietor of the Lindsay Launch & Boat Company, who left Christmas for California, returned to the city yesterday.

* * *

On Friday afternoon R. S. Joy, member of the school board, showed a lot of fine views of England to the students of the high school.

Some peolpe haven't any influence—even with themselves.

"FLU," GRIP, COLDS,

Pneumonia, Fevers, Hard Coughs, Tonsilitis.

Read this plain statement.

First, This whole brood of wicked enemies of health may be kept at bay, the medical authorities say, by keeping up a high quality of the blood, and observing the ordinary laws relating to sanitation and health.

That is why Hood's Sarsaparilla is recommended as a preventive of "flu" and other diseases—it is the standard blood-purifier and vitalizer.

Second, for a definite case of any of the prevailing complaints, it is wise immediately to call a physician.

Third, for that weakness and prostration following the "flu," grip and other diseases, Hood's Sarsaparilla by renewing the red blood corpuscles wonderfully restores health, builds up the whole system, creates an appetite and "makes food taste good." If a cathartic is needed Hoods Pills are recommended.

FEEDING AT THE PROVINCIAL CRIB

Relations of Cabinet Members Looked After; Pleasant Side Trips

VICTORIA, March 10. — Opposition curiosity concerning the doings of the present Liberal administration continues unabated, and some interesting information is being secured in answer to questions asked. The fact that a man is a relative of a member of the cabinet is no bar to his being given a nice position in the public service these days. There was a time when such a thing was severely frowned down upon by the Liberals—when they were in opposition. But times have changed and, other times, other methods."

J. L. Watson, brother-in-law of Hon. J. D. MacLean, minister of education, has been safely ensconced in the position of head of the free-text book branch of the department at a salary of $175 per month as a starter. In answer to questions by Mr. Pooley, Conservative, Esquimault, why some one in the service was not promoted, Dr. MacLean admitted that his relative was "the best man available for the position."

Samuel Weaver, a relative of the premier, has again broken into the limelight. Last year he made application for a grant to certain tide flats in Mud Bay, where he is living. His and other similar applications were not favorably considered, the minister of lands stated. Weaver is the same individual who, in 1917, was hired at a substantial daily wage to watch Pacific Great Eastern auditors engaged upon an audit of that company's books, then held in the custody of the government. It was what might be called a soft job, permitting Weaver to add to his intellectual equipment through the medium of the provincial library, the while he sat and guarded the P.G.E. documents. It was Weaver in respect of whom Hon. John Hart, replying to questions put by the opposition, suggesting that a returned soldier, preferably a disabled one, might well have been given the work, made the maladroit reply: "It was necessary to employ some one who was trustworthy"; a reply which created a bitter feeling among the returned men.

Pattullo's Friends

It has remained for Hon. T. D. Pattullo to add to the gaiety of the house by pulling a new one in the way of a camouflage answer. "Civilian duty," is his answer to opposition questions in regard to the war service, if any, of C. B. Peterson, assistant to the minister of lands, and William Turnbull, recently appointed lumber commissioner. Both these individuals have made rapid progress in the public service. Both come from Prince Rupert, the minister's constituency, and both were ardent political supporters of Hon. Mr. Pattullo, who has a faculty of looking after his friends. In two years they have jumped from $150 to $250 per month, the while old-time, and competent civil servants, of much longer service in the public employment, have received little or no consideration.

While the public accounts committee has not yet really got down to business, having so far held but two meetings, the first of which was for purely organization purposes, some interesting details of financial disbursements by officials of the government have been obtained. For instance, Civil Service Commissioner McInnes, on a $4000 per year salary, has been charging up $7.25 on week-end trips to Vancouver, ostensibly on 'inspection work." Until recently his family continued to reside in Vancouver, where he went to take a leading part in Liberal party affairs. To Mr. Bowser, the comptroller-general admitted he did not consider these vouchers put in by McInnes for these week-end trips should properly be chargeable to the public treasury, but the provincial secretary, it appears, considered they should be paid. It is significant that when the commissioner recently brought his family to Victoria to reside, these week-end trips ceased. The vouchers he was accustomed to put in were supposed to be based on a special rate secured for accommodation at the Vancouver hotel. Mr. Bowser suggested that the commissioner stayed with his family when in that city.

The public purse has also been drawn upon by Walter Hepburn, chief censor of moving pictures, to pay the expenses of his recent trip to sunny California, in the course of which he made a side visit to Universal City, a home of the movie industry. Ostensibly Hepburn's trip was in connection with his work as movie censor in British Columbia. He was after new ideas. The side-trip to Universal City was not a very expensive one; it cost some $60 odd. At that point are housed the bathing beauties so frequently screened before British Columbia audiences, in fetching apparel-consisting principlly of sun-burn and smiles. Mr. Hepburn, at the public expense, was enabled to "look 'em over."

COLD STORAGE

A rich old fellow refused a friend the loan of $50.

"I did not expect that of you," said the friend bitterly, "and I will never forgive you for your refusal."

"Of course you won't, my dear fellow,' said the other; "but iff lent you the $50 you wouldn't have repaid me, and we should have quarelled about that—so it's as well to get the row over at once. Good morning!"—Boston Tranecript.

Husband: Have you brought your opera glass?

She: Yes, but I cannot use it.

Husband: Why not?

She: I left my bracelets at home.—London Opinion.

"Do you know that it is more blessed to give than to receive?"

"Yes, many a girl forgives a man's past because of his present!"

—Cartoons.

Country Boarder—I suppose we'll be getting some of the nice fresh eggs for breakfast.

Farmer—Yep: these very eggs, but not till ye come down here next year. Ye see, I've got to sell them to the local commission man, and he sells them to the jobber in the city, who in turn sells them back here to the fellow who runs the country grocery, and I buy them from him. —Life.

The Master of Man

By SIR HALL CAINE, K. B. E.

For four years Hall Caine's pen has been laid aside, while he has devoted himself to the service of his country. For four years hundreds of thousands of readers have waited impatiently for a new novel from the author of "The Manxman," "The Deemster," "The Eternal City," and "The Woman Thou Gavest Me."

Now comes this great story. "The Master of Man"—Hall Caine at his best—the one great literary landmark of 1920—begins in Hearst's for March.

Also in Hearst's for March

Two other great novels by Arthur Stringer and Edwin Balmer, eight splendid short stories by Robert W. Chambers, Arthur Somers Roche, Maurice Level, Bruno Lessing and other popular authors, six brilliant articles by Maurice Maeterlinck, Bernard Shaw, Conan Doyle and other famous writers, humorous articles by Walt Mason, K. C. B., B. L. T., and five great departments besides scores of beautiful illustrations—all in the new March

ROSSLAND COUNCIL READS LETTERS

ROSSLAND, March 12.—The regular meeting of the city council was held on March 8. Mayor Pitt and Alderman Dunn, Fox, Garbutt and Robertson were in attendance.

A communication was received from Hon. J. D. MacLean, minister of education, wherein he advised the council that their petition to the departmnt for the increasing of the government grants to municipal schools would receive his consideration.

A letter was read from William Young, consulting engineer of Vancouver, regarding the water record held by the city on Blueberry creek. It was referred to the fire, water and light committee for investigation and for a report at the next meeting of the council.

A copy of a resolution recently passed by the city council of Kamloops urging upon the provincial government to immediately undertake the construction of a provincial highway, was read The matter was left over for future consideration.

The city market committee submitted to the council for their approval, rules and regulations adopted by the committee governing the market. The council approved of the regulations and authorized that the same be posted in the market.

John Boehlmer addressed the council regarding drainage of his land situate immediately north of the city reservoir. The matter was referred to the fire, water and light committee for attention.

Bylaws for the levying of rates and taxs for the current year were advanced a stage and will be finally passed at a special meeting of the council to held on March 12.

HARROP NOTES

HARROP, March 11.—The monthly meeting of the Women's Institute was held yesterday, the president, Mrs. Ogilvie, in the chair. Mrs. R. W. Chalmers of Thrums, was present and explained the situation regarding the advisory board at it is at present. A resolution from South Saanich Women's Institute that the Women's Institut of British Columbia be administered under a central or provincial executive, and that the advisory board have control over our government grant and power to elect their secretary-treasury was endorsed.

A girl baby arrived at the home of Mr. and Mrs. J. B. Gallaher on Friday.

A number of frinds of J. A. Knauf surprised him Monday evening. Cards and dancing was enjoyed and dainty refreshments served.

France expects to produce 200,000 automobiles this year, compared with 30,000 in 1914.

WINLAW HAS SCHOOL SITE

WINLAW, March 11.—A school meeting was held Saturday night to decide on a site for the new school. A site had been offered by G. A. Hird, clear title to two acres. As this land is also central, the majority of the ratepayers voted in favor of this site. A vote of thanks was extended to Mr. Hird for his offer.

The Winlaw Social and Progressive society held their monthly meting at the close of the school meeting. Four new members were enrolled. About forty-five were present.

G. A. Hird, who has built a house on his ranch here, has moved in.

Master Raymond Wood was a Nelson visitor last week.

Mr. Stinson left this week-end to hold service at Silverton and New Denver. In his absence Mr. Willett conducted service here.

ROSSLAND NOTES

T. H. Peck returned last night from a trip to Portland.

Mrs. H. L. Bowers left this morning for Spokane where she will spend a few days visiting friends.

Mrs. H. Davidson who has been visiting friends in Tacoma for the past month is expected home this evening.

Mrs. W. Wadds who has been at the coast visiting relatives for the past month is expected home this evening.

Mrs. R. Macaulay and son Lorne leave Thursday evening for Winnipeg where they will visit Mrs. Macaulay's sister for a month.

Mr. Macaulay leaves this evening for Kimberley.

Mr. and Mrs. Bearsto who have been in the city for the past fortnight leave Thursday evening for their home in Winnipeg.

A large number attended the novelty dance at the skating rink Tuesday evening.

A good number came up from Trail this evening to attend the "Dumbells" concert which is being held this evening in the Armoury.

Born to Mr. and Mrs. W .Reid at the hospital, a daughter.

G. Cruickshank of Trail is a visitor to the city to-day

ROSSLAND WOMAN DIES

ROSSLAND, March 10—Mrs. J. McDougal who underwent an operation at the hospital yesterday died this afternoon.

PENSIONS ACT READ AGAIN

(Continued From Page One)

speaking generally men employed in the civil service were higher paid than men employed in other lines elsewhere, Mr .Crothers said he could not see why the man in private employment should be forced to contribute to the support of a man in the civil service.

Hon. W. S. Fielding said the question was not so much one of justice to the individual as one of justice to the public service. One could not expect to get proper services unless adequate salaries were paid. The banks for instance had found it necessary to adopt pension schemes; and Mr. Fielding admitted that, in his view, the Liberal government of 1896 had made a mistake in abolishing superannuation.

Major W. D. Cowan (Regina) wanted to know how a mounted policeman could be expected to save or pay insurance on a salary that ranged from 50 cents to $1 a day.

Hon. Mr. Crothers said he was willing to admit that mounted policemen had not been sufficiently paid.

Rev. R. B. Stacey (Westminster) supported the resolution urging special consideration of the fact that the mounted police had stood between Canada and chaos throughout its history.

Remuneration paid to mounted policemen was hopelessly inadequate today.

Mr. Stevens pressed the point that in providing pensions a minimum pension should be defintely fixed to insure mounted policemen getting a reasonable provision for their old age.

W. A. Buchanan (Lethbridge) supported the resolution and asked that in recognizing the splendid service of the mounted police the government would show that such service will be adequately recognized.

J. A. Maharg (Maple Creek) supported the resolution and the suggestion that a minimum pension should be specified.

The mounted police bill was then given second reading.

In committee upon the mounted police bill, A. R. MacMaster said that since last session two disturbing factors in connection with the mounted police had been brought to his attention.

The first was the statement that the mounted police had entered a library in western Canada and removed books relative to socialism. They had even taken "Plato's Republic" and he was not sure that the New Testament was not included. He expressed the hope that, if the report was true, those responsible would be brought to a speedy reckoning.

The second matter had to do with a women's organization called "The Daughters of Canada." This was a patriotic society which was going about its own business. He was informed that a functionary of the Dominion police had gone and conducted an investigation into the society on the ground that he had heard disturbing rumors about it.

Mr. MacMaster thought that an action of this kind might be all right in Russia but not in Canada. He emphasized the importance of preserving freedom of thought and speech.

Mr. Rowell expressed the belief that he was just as strong a supporter of free thought and speech as Mr. MacMaster. He explained that members of the mounted police had gone to the library in Regina and, after interviewing the librarian, had obtained some books to be sent to the chief censor in Ottawa. The reason for this was that a Chicago firm was shipping books into Canada which were forbidden, under the war-time censorship regulations. Some books from this firm had been sent to hte Regina library. The story of a raid was absolutely un-

With reference to the second matfounded.

tre brought up by Mr. MacMaster, Mr. Rowell stated it was all due to a visit which a Dominion police officer made with the object of finding out the address of the Daughters of Canada in order that some mail might be forwarded.

A more general, equitable and uniform system of experimental farm and substation to be established throughout Canada is the plea contained in a resolution to be submitte dto the house today by Donald Sutherland, of Oxford south.

The amount of butter held in cold storage in Canada on the first of this month by companies engaged in the manufacture of oleomargarine and the amounts held by these companies on Sept. 30, 1918, July 1st, 1919 and Nov. 1, 1919, is a question to be asked in the house next Monday by Donald Sutherland, member for Oxford South.

Want Benches Moved

Rev. F. B. Stacey, Westminster, today suggested in the house that the government benches be moved to the centre of the chamber instead of the speakers' end of the chamber where they are at present. Members at the opposition end of the speaker were unable to hear half of what went on at the other end. H. H. Stevens, Vancouver, made a similar complaint.

A GOOD DECOY

An officer of the medical department was paying his first visit to the front line trenches. A corporal from Missouri was standing on the fire step engaged in the pleasant pastime of sniping at whatever there was to snipe at. The doctor wandered by an open lophole in the parapet.

"Crack!" came from a German suiper across No Man's Land.

"Whang—plooey!" The bullet came whizzing through the loophole and with a naughty thud splashed mud right on the doctor's new trench coat

"Bang!" replied the corporal's rifle.

Deep silence reigned for ten seconds Then the doctor picked himself up from his hands and knees and asked.

"Did you get him, corporal?"

"No, sir," replied the corporal, "but if you'll just walk by that loophole again I'll sure get him next time"

NEW WORK FOR DISABLED SOLDIERS

A British diamond corporation has established a diamond-cuting factory at Brighton, England, and has arranged for instruction centers in various parts of the country where disabled soldiers can learn how to transform rough diamonds into finished gems. Before the war practically all of the British diamond output, which means practially all of the world's output, was shipped to the continent of Europe to be polished. Proprietory of the new fastory already employ several hundred exfighters and claim to have proved that they can do ac good work as the men on the continent who have devoted their lives to the diamond-cutting trade.

MOTHERS!

Never Neglect Whooping Cough

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but unfortunately this mistake often leads to the neglect of this dangerous child's disease.

Never neglect whooping cough, for it may be followed by some serious lung trouble.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble. It will clear the clogged-up air passage of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief.

Mrs. Francis Burlingham, New Gate, B.C., writes:—"This spring three of my children took the whooping cough, and they had it so bad I thought they would choke. I was getting pretty worried when my sister wrote me, telling me to try Dr. Wood's Norway Pine Syrup. I sent for some right away, and, believe me, I will never forget how it worked. I will always have it in my house."

There are many imitations of Dr. Wood's on the market. Get the genuine when you ask for it. It will pay in the end. Put up in a yellow wrapper; 3 pine trees the trade mark; price 25c and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

The Original and Only Genuine

Beware of imitations Sold on the Merits of Minard's Liniment

Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about $2.

You know that pine is used in nearly all prescriptions and remedies for coughs The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex (50 cents worth) in a 16-oz bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make 16 ounces—more than you can buy ready-made for $2.50. It is pure, good and very pleasant—children take it eagerly

You can feel this take hold of a cough or cold in a way that means business The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

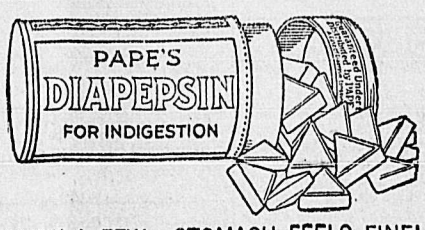
Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

SCIENTIFIC WRINKLE REMOVER EASILY MADE

A few dermatologists long have held the secret that a certain product known to the drug trade as saxolite, had the property when used in solution, of almost instantly reducing wrinkles and furrows. Anyone can *readily make this same solution* by dissolving an ounce of powdered saxolite in a half pint of witch hazel. Bathe the face in this—and note the quick transformation! The skin tightens, becomes firmer, deepest wrinkles and crowsfeet at once begin to smooth out. This action will of course also reduce hanging cheeks or double chin.

When the hands show signs of aging, the skin becoming coarse, creased or flabby, bathe them in the solution. Since the first publication of this formula, men and women all over the country have taken advantage of the information, according to reports, with most satisfactory results.



CHEW A FEW—STOMACH FEELS FINE!

At once! Relieves Indigestion, Heartburn, Gases, Dyspepsia, caused by Acidity. Hurry! Buy a box at any drug store. Read "Common Sense Rules Regarding Stomach" in every package.

THIS RECIPE WON THE MILK

Make one pint of jelly from a packet of Jelly Powder.

Whip 1 cup of cold Pacific Milk for 5 minutes with an egg beater. When jelly is almost set, add the whipped milk and whip together another 5 minutes. Turn into glass dish or mould to set, which generally requires a few minutes. "I have tried this recipe with other milk but did not get such satisfactory results. Any kind of fruit jelly may be used."

Mrs. H. Messam.

APPLEWHAITE AND STANLEY WINNERS

Two Months Oratorical Contest Now Over; Students Present Sketch

After a couple of months of oratory, at the weekly sessions of the High School Literary society, in the course of which some 20 original orations on a variety of subjects were given, the winners in the junior and senior sections were announced at the meeting of the society yesterday afternoon.

Arthur Stanley headed the junior section, with Roy Bradshaw second, and Miss Queenie Annable third.

With the seniors, Miss Evelyn Applewhaite was first, Percy Bloomer was second, and Miss Janet Carrie was third.

It is thought that the six orators may take part in a debate in the near future.

The afternoon's program was greatly shortened through the unavoidable absence of Dr. A. H. Wallace, who was to have given an address, and consisted of recitations by Arthur Stanley and Miss Evelyn Applewhaite, and a skit entitled "Getting Into the Game," in which those taking part were Miss Janet Carrie, A. Lambert and Percy Bloomer.

Life is a grind if your grist isn't worth grinding.

BRANCH ADVISED ON WAR MEDALS

British Decoration May Be Provisionally Worn Now; Victory Medal Regulations

According to information received by the Nelson branch of the G.W.V.A., the British war medal ribbon may be worn provisionally by all ranks who were on active service with the Canadian expeditionary force between the outbreak of the war and the date of the armistice, pending the final definition of eligibility.

The British war medal ribbon will have a center of orange, watered with stripes of white and black on each side and with a border of royal blue.

Conditions relating to eligibility for the medal have not yet been decided but in the meantime the ribbon may be worn by all ranks who joined the Canadian Expeditionary force in Canada between Aug. 5, 1914, and Nov. 11, 1918, and who, betwen those dates, rendered approved service with the Canadian Expeditionary force.

The victory medal ribbon is 1½ inches in width; colors, double rainbow, watered, and the wearing of it is now authorized. This medal will be issued to all officers, nursing sisters, non-commissioned officers and men of the allied force who actually entered the theatre of operations on the strength of any military unit on any front.

The 1914-15 star ribbon—red, white and blue, shaded and watered—may be worn by all officers, warrant officers, N.C.O.'s and men of the British, Dominion, colonial and Indian forces, including civilian and medical practitioners, nursing sisters, nurses and others employed with the military hospitals, who actually served on the establishment of a unit in the theatre of war, prior to Dec. 31, 1915, with the exception of individuals in possession of the 1914 star, who are not eligible for decoration. In the case of deceased soldiers, issue will be made to the legatees or next-of-kin. This star is a war medal, to be worn as such with th red edge of the ribbon to the right.

Applications for the 1914-15 star are unnecessary, as nominal rolls are being prepared for submission to the war office.

In the case of the British war medal claims must be submitted. Instructions regarding the issue of the victory medal will be issued later. None of these decorations have reached the stage where it is necessary for claimants to take action, and the militia department will issue full particulars later.

BAR PROPRIETORS TO APPEAR TODAY

Summons Issued Under the Liquor Act; Magistrate Crease Is Out of City

Two proprietors of bars, John Johnson, proprietor of the Klondyke hotel, and Dan McDonald, proprietor of the Madden bar, have been summoned to appear before the magistrate this morning on charges of "having liquor in their possession in a place other than a dwelling house."

Magistrate E. A. Crease is out of the city, and other magistrates will have to try the case. In recent cases, Mayor J. McDonald and W. E. Wasson have occupied the bench.

MAJOR ANDERSON BACK FROM CONFAB

Major Anderson, of the local office of the dominion-provincial employment bureau, returned to the city last night from a conference of general superintendents of the employment service, held at Calgary.

In addition to the superintendents of the four western provinces, Bryce Stewart, dominion director of the employment service with headquarters at Ottawa, and Manager Rigg of the western clearing house at Winnipeg, were present at the gathering, at which views on labor and employment were exchanged by the different representatives.

CONSUL PLANS VACATION

Consul Norton F. Brand of Fernie, will leave Fernie for the east on April for a vacation of six or eight weeks. During his absence he will attend conferences at Chicago and elsewhere, and will perhaps speak [illegible] Arthur Vice-consul Harry Huntingdon will be in charge of the consulate during the absence of the consul.

A CURE

No better presentation of the relation of doctor to patient has been offered tha nwe find in Dr. Osler's addresses collected under the title "Aequinimitas." He had small patience with mere hypochondriacs. For one such he kept a secretary busy half a day noting minutely her pessimistic details of her symptoms. Afterwards he read the note-book in tently and then he dismissed the patient without a prescription. "But aren't you going to tell me what to do?" she said, astonished. "Madam" his answer is said to have been, "If you don't know enough to come in out of the rain when it's raining I can do nothing for you." The fe for this bit of common sense was more than $1,000. The shock probably went part way toward haeling a delusion play malade imaginaire.

Stomach and Liver Trouble

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health.

Carelessness and neglect, and oftentimes wilful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxa-Liver Pills. They liven up the liver, get the bowels back to their proper condition and tone up the stomach.

Mrs. G. L. Cackett, Enchant, Alta., writes:—"I have used Milburn's Laxa Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results.

"They are also good for headache."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn, Co., Limited, Toronto., Ont.

GUARD AGAINST THE 'FLU

Serious Outbreaks of Influenza all over Canada

GOOD HEALTH IS THE SUREST SAFEGUARD

"FRUIT-A-TIVES" Brings Vigor and Vitality and Thus Protects Against Disease

There can be no doubt that the situation regarding the spread of Influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, *three thousand, one hundred and twenty-two cases* of Influenza and 139 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'Flu, is, GOOD HEALTH.

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a Blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives", *the wonderful fruit* medicine.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of Influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 boxes for $2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

VANCOUVER HAS LEAD ON SEATTLE

SEATTLE, March 12.—Vancouver defeated Seattle here tonight 3 to 1, in the first match of the two game play off series to decide the championship of the Pacific coast hockey association and the right ot travel to Ottawa to play the champions of the National Hockey league for the Stanley cup. As the greatest number of goals scored in the two games will decide the issue, Vancouver by virtue of their win tonight will enter the final game Monday in Vancouver with a two-goal lead. Period score:

First period—Seattle 0, Vancouver 2.
Second period—Seattle 1, Vancouver 1.
Third period—Seattle 0, Voncauver 0.

Lineup

Seattle: Holmes, Rowe, Rickey, Walker, Riley, Foyston, Tobin.
Subs.: Murray Nichols.
Vancouver: Lehman, Cook, Duncan, J. Adams, Harris, Roberts, Skinner.
Subs.: Taylor and W. Adams.
Referee, Mickey Ion.

REVELSTOKE WINS TELEGRAPHIC GAME

Bowling scores in the telegraphic contest between Revelstoke, Cranbrook and Nelson, coming to hand last evening showed Revelstoke to head the list with a surplus of 36 pins over Nelson and of 230 over Cranbrook. The game was played by ten men aside.

Cranbrook scores came as a surprise to the local boys who had had no response from them to their invitation to join in the game.

The scores were: Revelstoke, 4768; Nelson, 4732; Cranbrook, 4538.

AMERICAN SWIMMER MAKES WORLD RECORD

AUCKLAND, N.Z., March 12.—Norman Ross, the American swimmer, today established a world's record for 500 metres swimming the distance in six minutes 4 2-5 seconds. He also swam 100 yards in 60 seconds, equalling the New Zealand record.

Much of the charity that begins abroad never reaches home.

EDWARD THE CONFESSOR'S PALACE

The Anglo-Saxon remains now in the process of being unearthed in Windsor Great Park promise to be one of great interest. The exact site of the palace—or was it hunting box?—of King Edward the confessor, our last great Saxon King, had become more or less a matter of conjecture, althoug it was stated that the remains of this "palace" were demolished on this site sixty years ago. What was demolished may have been the remains of the villa erected here in the seventeenth century, the only object recorded on any maps of the spot.

Visiting the "Bears' Rails" as this corner of the fark is designated, owing to the fact that royal bears were once penned there, I found Captain Vaughan Williams, who is directing the excavation work, busily engaged with his assistants, tracing the course of the ancient chalk and flint walls. In this fascinating work it was quite exciting to watch the development of a wall of some important chamber, marking where inner walls made smaller compartments, to be traced out later. Already a plan of important buildings had unfolded itsself.

Viewed from the high ground on the northwestern side, the undulating grass slopes of the two moats were well defined. That of the inner, deeper and clear cut, with tufts of brush grass suggestive of water, the outer flatter and merging into the surrounding pasture as a result of bygone ploughing. Round the edges of the moats are some fine old elm and beech trees, while on the side itself are some smaller trees of more recent planting. It was some rabbits burrowing among these disclosing some broken tiles, that directly led to this investigation. Some of the walls are laid with blocks of sandstone, rough hewn to rectangular shape, which may be due to alterations in the latter occupation.

Whether this is King Edward the Confessor's palace or not is a matter that will need careful investigation, so all the evidence obtainable should be got by further excavation. Unfortunately in these days of retrenchment there is no public money for excavating Royal palaces. The Berkshire Archaeological Society has made itself responsible for the cost of the work, and is appealing for contributions, as its funds are not unlimited. Here then, is an opportunity for all those who revere the memory of our most saintly King to rescue his country seat from oblivion. Subscriptions should be addressed to Mr. J. H. Cope, Finchampstead Place, near Wokingham.

LORD LEVERHULME IS REFORMER AND WIT

One of the most courageous reformers in the world is Lord Leverhulme, the famous British advanced thinker, who since the beginning of his business career in 1867, has displayed a remarkable imagination, has shown that he is a dreamer and a seer of visions and withal has given proof that back of his fancies there is sound logic an dthe courage of convictions. Entering his father's store in Bolton when he was 16 years old, at once his talents as a creative genius began developing. From a remarkably small beginning grew what has become one of the greatest soa pmanufactures in the world, and the place where it is located—Port Sunlight, near Liverpool—is famed as the most beautiful garden city in England, and it represents the culmination of a dream William Hesketh Lever had as a boy.

A good story, illustrating the uselessness of merely negative criticism was *told recently by Leverhulme.*

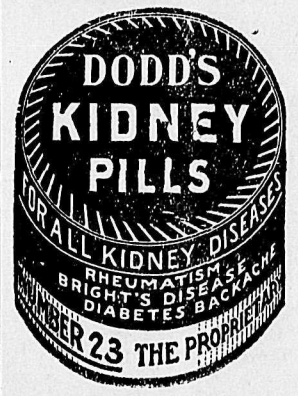
A friend, he said, who was interested in cheap food for the people opened a palatial fish shop and invited various persons to look over his marble-slabbed depot. Over the front were painted in white letters on a black background, "Fresh Fish Sold Here."

The friend first criticized the sign, saying: "Of course, your fish is tresh." So the proprietor painted out the word "Fresh"

The next critic found fault with the word "Here,' because obviously the fish was not sold elsewhere, so off came the unnecessary word.

A third visitor objected to "Sold." saying:," Did anyone suppose he would give the fish away?"

Now only the word "Fish" was left on the sign-board: but, alas! the fourth critic said this was needless, and on the proprietor asking why, the later replied, "Why, man alive, I smelt your blooming fish before I turned the corner!"



Doctors Give Up His Case of Eczema

Wonderful recovery of a very sick man

This is one of the many striking stories we are publishing of what the D. D. D. prescription is accomplishing among Canadian sufferers. Cases from your own neighborhood will be sent on application.

"I was laid up all winter with weeping eczema. I tried every doctor in reach. Both hands, arms and legs to my knees were a sight. I have used several bottles of D. D. D. and am well of the terrible disease. D. D. D. is certainly cheap after the doctors."—Peter Mercer, Ft. Burwell, Ont.

The first drop of D. D. D. and the itch is gone. Your money back if the first bottle does not relieve you. $1.00 a bottle. Try D. D. D Soap, too.

KRAO SHIPS CAR RICH IN SILVER

Ore Taken From Old Workings by Leasers; Zwickey May Operate Property

A car of ore running from 600 to 700 ounces of silver to the ton left the famous old Krao mine at Ainsworth this week, for the Consolidated smelter at Trail.

The ore was taken out of the old workings by leasers who have subleases from W. E. Zwickey, who has the property under lease.

A. W. McCune ran a long tunnel under the old workings of the Krao year or more ago, but failed to complete connection with the ore body.

It is understood that Mr. Zwickey may operate the property on a larger scale shortly.

ASBESTOS MAKES NEW HIGH AT TORONTO

TORONTO, March 12.—Heavy trading in Black Lake Asbestos common and that stock's attainment of a new high record stood out as the leading feature of dealings on the Toronto exchange today. The stock sold up to 13¾ in the morning, but in the afternoon eased slightly to 13½, leaving the net gain ¾ closing bid being at 13¼. Trading in this issue reached a total of 2457 shares. The preferred was relatively inactive. Black Lake bonds reacted 1¼ points to 44 and the final bid was a point below this.

Brazilian sagged ¾ to 47½. Canada Bread rose to 30. Canadian General Electric exdividend two per cent and bonus of a like amouat was in demand at 105¼, a gain of ½ over the dividend figure of 108¾.

MacKay remained firm at 78 and the preferred sold up ¼ to 69¾ cent , at 68¾. Riordan weakened from 183¾ to 182¾ and final bid lowered sharply to 180. The 1925 loan , lower at 94½.

MONTREAL PRODUCE

MONTREAL, March 12.—Eggs, quiet, potatoes steady, butter steady, cheese quiet.

Cheese, finest easterns 26½ to 27.

Butter, choicest creamery 62 to 64; seconds 58¾.

Eggs, fresh 65; selected 57.

Potatoes, per bag, car lots 3.50 to 3.55.

It Wasn't

Fresh Skater—Er—aren't we acquainted? (Suddenly comes a cropper on the hard ice).

Young Lady (gliding gracefully away)—Well, it's not a long-standing acquaintance, anyway.

ALWAYS HAS

The former crown prince of Germany, it is announced, has decided to 'take things as they come." An old habit of his.

COMPANY MINERS HAD NO MEETING

One Big Union Called Off Kimberley Strike Says Mines Manager

Asserting that the recent dispatch from Kimberley to The Daily News reporting the calling off of the strike, was misleading to the extent that it represented that a meeting had been held at the Consolidated Mining & Smelting company's works, W. M. Archibald, the mines manager of the Consolidated, states that no meeting was held at the company's works when the strike was declared off.

"So far as we know, it was declared off by the One Big Union on its own initiative, and at its own meeting, held without reference, to us or our employees," states Mr. Archibald.

NEW OIL BOOMS MUCH OVERDONE

In a recent issue of the "The Lamp," issued by the Standard Oil, occurs the following, respecting the new oil field of the United States, against which so many additional oil concerns have been floated:

"Six months ago four new oil fields in Texas—Burkburnett, Caddo, Ranger and Desdemonia — were threatening a veritable flood of production. Many large wells were daily being completed at these places and production figures amounted day after day, 'potential' faster than 'actual' The highest point reached for the entire country was almost 1,000,000 barrels.

"Consumption of crude kept an almost even pace with the actual amount produced and less than 3,000,000 barrels were put into storage.

"There was considerably more crude at hand, however, than the demand called for especially at Burkburnet, where the few completed pipe lines, the limited amount of empty tankage and the little congested condition of the railroads made no other course possible than to wholly or partly shut in the wells after completion. This practice gave rise to a multitude of false impressions, most popular of which was that if all the wells, including those shut down on top of the sand were drilled in and allowed to produce to capacity, production would jump 50,000 to 100,000 barrels a day above the usual average of 90,000 barrels for this field.

"As each well at Burkburnett was completed and began flowing, its enthusiastic owners believed it good for from one to 3000 barrels a day. Thereupon they shut it in or took only a part of its production and moved a few feet away to start another hole. A test of any kind was very often impossible, yet the drilling of new wells went merrily on.

"To-day, after completion of cufficient lines to transport all production, the sad realization has dawned on many that when all the wells in the field are dividing the pressure of the pool in flowing their oil to the lines, the average production per well is not in the thousands, but in the small hundreds, and the further fact is becoming more and more evident that with an average of one well to a little over twe acres even the 'hundreds' cannot be long maintained. The excessive prices paid for acerage by small stockselling concerns and others will never be recovered, yet alone the money expended in drilling four wells to get the production one well eventually would yield.

FERTILE SOIL FOR ALFALFA

Alfalfa will not thrive on poor land, or that which is deficient in lime. Even soils that are moderately fertile and produce good average grain crops will not produce profitable *crops of alfalfa unless* first limed and then planted in sweet clover, which should be turned over while it is green in the fall or late summer.

We've often wondered if people who go south for the winter get as much fun out of it as people who are compelled to stay up north imagine they do.

ALUMNI SOCIETY HOLDS BANQUET

First Dinner of Ex-students of Nelson High School is Great Success

Last evening the Alumni society of the Nelson high school held their inaugural banquet at the Eagle hall, at which ex-students to the number of about 150 were prsent.

After the banquet an extended toast list interspersed with vocal and instrumental selections was given under the direction of Fred Emory as toastmaster, the remainder of the evening being devoted to dancing.

The following was the program and toast list:

Selections, ex-high school orchestra; toast, "to the King and Country," the toastmaster; vocal solo, Mrs. F. S. Haigh; toast, "To Our Fallen Heroes," Miss Helen Gigot; violin and piano duet, Miss H. Hodgson and Miss P. Whitebread; toast, "To Our Soldier Students," H. Clifford Irving, A. Clyde Emory; recitation, Miss Freda Hume; toast, "To the Society," Ross Fleming, Harry Ferguson; vocal solo, Miss Francis Wolverton; toast, "To the City of Nelson and Its Schools," Isobel Foote, B. P. Steeves, A. Higginbotham; instrumental trio, Mr. and Mrs. Ross Fleming, Miss M. Simons; toast, "To Our Future Members," Teddy Applewhaite, *R. Smillie, Percy Bloomer*; violin solo, Jack Laughton; toast, "To the Ladies," A. B. Gilker, Lillian A. Hunter; selections, ex-high school orchestra."

SAYS THEY HELPED HER ACHING BACK

MRS. ROBERT BAIRD TELLS OF DODD'S KIDNEY PILLS

Belmore Lady states that she was weak and run down till she found *relief in Dodd's Kidney Pills.*

Belmore, Ont., March 12. (Special.)—"I can assure you that Dodd's Kidney Pills helped by aching back as none others ever did or ever will do."

It is Mrs. Robert Baird a well known and highly respected resident here who makes this statement. She is an enthusiastic believer in Dodd's Kidney Pills as a remedy for weak and run down women.

"I was both weak and run down all last summer," she states further. "And before my baby was born I used Dodd's Kidney Pills. They *helped me in every way. I also had* my little boy take them and they benefitted him greatly."

Women who are weak and run down should look first to their kidneys. No woman can be strong and healthy if her kidneys are not doing their full work of straining the impurities out of the blood. Weak kidneys are the cause of nine-tenths of women's ills. Ask your neighbors if Dodd's Kidney Pills do not make strong healthy kidneys.

"See here," said a fault-finding husband, "we must have things arranged in this house so that we shall know where things are kept."

"With all my heart," sweetly answered his wife. "Let us begin with your late hours, my love, I should dearly like to know where they are kept."

He let things run as usual.

KING REPORTS EAST HUSTLING

Factories Congested With Orders But Machines Only Operate Part Time

Returning from an extended business trip to large industrial centres in eastern Canada and the eastern States, W. S. King, manager of the Hudson's Bay company store in this city, in an interview yesterday, told of the extraordinary business conditions he encountered in factory, wholesale house and retail store throughout his trip.

He was struck at the outset with the volume of travellers and business men generally who were taxing the accommodation of the railways and hotels enroute to the absolute limit, all of whom reported the same experiences in the matter of the extreme pressure of business.

His remarks on business conditions indicated that with orders piling up in the factories, production of all kinds of dry goods was totally inadequate to meet the demand, dspite the constantly advancing prices of goods. In some factories he visited, he saw machines standing idle, except for a few hours a day, and in answer to his queries as to the reason he was told that the workers were receiving such good wages for the time they worked that they refused to work more than a few hours a day.

In the wholesale houses he visited he was advised of the same conditions, and found it almost impossible to obtain the goods he sought at any price. Some houses would not undertake to fill any more orders until 1921. He also asserted prices were lower in this city than in many he visited and goods being almost unobtainable he found that all classes of workers were enjoying almost unprecedented prosperity.

While in Toronto, Mr. King took occasion to visit Capt. C. E. Richardson, a one-time Nelson man, who is now in Christie street hospital, where he has been undergoing electrical massage treatment for paralysis of the legs for the last 18 months. Mr. Richardson was employed in the provincial civil service in this city at the outbreak of the war and enlisted in the 25th battalion. He saw service in France and received injuries to his spine. Mr. King also met Mrs. Richardson. Should his hopes for improvement come about, Capt. Richardson expressed his intention of returning to this city, if only for a brief visit.

POWER OF THE TIDES

We are accustomed to look upon the tides as representing enormous unutilized power. If we could only put them to work, they would run all the machinery in the world.

But is this true?

Undoubtedly—if we could put them to work on a scale sufficiently great. But that this will ever be practicable, economically, is declared doubtful.

Engineers who have made a study of the subject say that one acre of water rising and falling ten feet would yield only four horsepower. Taking into view cost of plant, that could never pay.

They say that tidal power would be worth developing only in a few localities—perhaps in the Bay of Fundy, where tides rise and fall seventy feet; in Cook's Inlet, fifty feet; at Eastport, Me., eighteen feet. But these places are too far away from industrial centres.

THE ORIGIN OF MACARONI

The name of macaroni originated from a Greek phrase meaning "the blessed dead," an allusion to the ancient custom of eating it in feasts for departed souls.

Guy Constable, who was in Creston on board of trade business for Creston, returned yesterday for that fruit community.

Mrs. J. Howell, who has been on an extended visit to her daughter, Mrs. W. L. Graves, left yesterday for her home in Boise, Idaho.

L. A. Campbell of Rossland, manager of the West Kootenay Power and Light company, is registered at the Hume.

G. G. Fair, of Salmo, registered at the Strathcona yesterday.

Mr. and Mrs. Stanley Tyrrell of Escanaba, Mich., who have been spending a month's vacation in Los Angeles, Seattle, Tacoma and Spokane, are now paying a visit to Mr. and Mrs. W. S. M. Stubbs of Fairview.

NEW CITIZENS

During the last nine months of 1919 a grand total of 91,420 immigrants entered Canada, and a considerably larger influx is looked for in the spring. Of the newcomers who arrived in the eight-month period ended November 30, 36,513 came from England, 523 from Wales, 8412 from Scotland, and 2137 from Ireland British immigrants thus numbered 47 585. From the United States came 38,721, and from other countries 5,114. The entry of Germans, Austrians, Turks and Bulgarians is still prohibited. Ther has been, however, a modification in the regulation, inasmuch as persons who were enemy nationals, but who are now citizens of new European states, established by the treaties with Germany and Austria, are now admitted to the Dominion.
