VOL. 18 No. 92 NELSON, B. C., TUESDAY MORNING, JULY 29, 1919 50c PER MONTH

TERRIFIC STORM HITS LONG ISLAND

EVERYTHING LAID FLAT IN FACE OF SUDDEN BURST OF WIND

SEVEN-TON BOMBING PLANE IS HURLED HALF A MILE

Electric Storm Broke Out of a Clear Sky; Less Than Five Minutes' Warning

MINEOLA, N. Y., July 28.—Three bombing planes, including the Martin machine in which Capt. Roy W. Francis planned to leave next Friday on a trans-continental flight, were wrecked by a terrific electrical storm which, sweeping over Long Island this afternoon, struck a steel hangar at Hazelhurst field and hurled fragments of steel for a distance of half a mile.

Sweeping along from the northwest and passing over the spot where the British dirigible R-34 was moored while in this country, the storm which broke out of a clear sky with less than five minutes' warning, wrecked everything in its path.

Forty temporary wooden buildings and 300 tents were blown flat, the stable of the Meadowbrook Hunt club and two semi-permanent officers' barracks near there were levelled and general havoc was raised not only at the flying fields, near here, but in Garden City and Jamaica.

The storm, which developed into almost a tornado, as intense as it was brief, struck a 7-ton Handley Page bombing plane, one of the machines which was wrecked while 20 men were trying to hold it down. It was blown half a mile across Hazelhurst field and wrecked. At Mitchell field, a 10,000 gallon gasoline drum was rolled for a distance of a mile.

At Roosevelt field the roofs were blown off the frame hangars. The northern edge of Camp Mills was struck by lightning.

Two men who were in the hangar at Hazelhurst field when it was struck by a bolt of lightning escaped injury. In this hangar was the Martin bomber commanded by Captain Francis, a Caproni plane and two DeHavilands. The Martin and Caproni were demolished, but the smaller planes, stored in the other end of the building, escaped with slight injury.

TRAITORS GIVEN DEATH SENTENCE

Eight "Laon Informers," Including Two Women, to Die—Assisted the Germans.

PARIS, July 28.—Sentences were delivered this evening in the case known as the "Laon informers" after a trial of more than 60 days.

Of the 28 persons accused, eight were condemned to death, two of them being women; three others were condemned to death by default, six were acquitted, and the remainder received sentences of from one to twenty years' imprisonment.

The charge against the accused was denouncing compatriots to the German authorities during the occupation of Laon. In many cases the hiding places of French soldiers, who had escaped the German advance, were pointed out, with the result that a large number of the soldiers were executed.

BOILER EXPLODES; TWO MEN KILLED

Dirty Crown Sheet in Boiler in National Shops at Fort Rouge Believed to Be Cause.

WINNIPEG, July 28.—Two men have died in hospitals and two others are patients of the same institution suffering from scalds as the result of an explosion of a large boiler in the Canadian National Railway shops at Fort Rouge at 8 o'clock this morning. The dead are Alfred Sanski and Joe Cardadone, and the injured George Nys and John Ryznak. The latter was reported from the hospital late tonight as being in the more serious condition.

The accident occurred just after the men had come for work in the boiler room. Without warning the boiler blew out, the explosion blowing the firewall and roof off the building into the street. The men were thrown a number of feet from where they had been working and in addition to injuries from the impact, they were terribly scalded by the escaping steam. An investigation has been ordered by the C. N. R. The cause of the explosion is said to have been a dirty crown sheet. Lack of water in the boiler would be responsible for this, it is said. The inquest will be held August 1.

TENTH PRESIDENT OF BRAZIL INAUGURATED

RIO JANERIO, July 28.—Dr. Epitacio Pessoa was inaugurated tenth president of Brazil in the senate at 1 o'clock this afternoon.

ITALY'S COAL SUPPLY WILL LAST ONLY 11 DAYS

ROME, July 28.—(Associated Press.)—Italy's coal supply, which, it was estimated, will last only 11 days, is causing increasing alarm.

Negotiations for United States coal, which have been in progress here, have been taken up directly with the United States International Relief Association of Paris, of which Herbert Hoover is the head. The efforts to obtain coal through that organization are being made by Italian peace conference delegates.

A long list of restrictions that include the elimination of many passenger trains was announced here today. The regulations are intended to facilitate transportation and to prevent a crisis in the food situation.

GERMAN LABOR MAKES EXCUSES

Accusations Are Made at Opening Session of International Trades Congress at Amsterdam.

AMSTERDAM, Saturday, July 26.—The preliminary gathering of the international trades union congress today developed a series of accusations by Belgian, United States, English and French delegates against the German workers for their conduct during the war. This led to sharp recriminations by both sides. Today's meeting had the purpose of clearing up the affairs of the old trades union internationals and making preparations for a new organization.

Before the discussion opened, the Belgians declared they had a mandate to state the grievances of Belgian workers.

M. Murtons then delivered his indictment, declaring that the German trades unionists had not protested against their military authorities deporting Belgians.

Germans Make Excuses.

Carl Rudolph Legin, president of the German federation of trades unions, in reply, defended the entire policy of the German trades unionists, which, he said, had been absolutely correct, and declared their positions prevented their protesting to the government. Moreover, Legin added that they all the time were under the impression that they were fighting a defensive war.

"We did what we thought was right to help the Belgian workers," Legin continued. "Instead of protesting publicly, we tried to retain the influence of the government and effect ameliorations."

The impression seemed to prevail among the delegates that Legin's statement constituted a halting apology.

Says Apology Due.

Samuel Gompers, president of the American Federation of Labor, followed Legin. He recalled that Legin in the course of a speech had defended the sinking of the Lusitania. Mr. Gompers told the Germans that they owed an apology for their actions during the war, not only to Belgium, but to the whole international organizations of the world.

The United States labor leader brought to light a communication he sent to Legin before the United States entered the war, in which he endeavored to persuade the Germans to protest against the Lusitania incident. This was contained in a letter carried by Count Von Bernstorff, German ambassador to the United States, when Bernstorff was recalled.

Legin denied having received the letter.

At the end of the long sitting, Herr Sassenback, a German socialist, handed in a resolution containing a statement in explanation of the German workers' attitude during and since the war. This was handed over to a committee for a report, which will be heard Monday, when a vote on it will be taken. The gist of the Sassenback resolution follows:

Alleged German Attitude.

The German trades union always recognized that Germany did wrong in Belgium and always condemned atrocities committed. The German occupation of Belgium and the deportation of Belgians was not done with the consent of the German workers, who, as far as possible during the war, fought against it; the attitude of the German workers at the outbreak and during the war was dictated by the position of Germany. It was their conviction that Germany was fighting a defensive war, which was the opinion of all Germans, including the leaders of the independent socialists.

"The German workers always had been opponents of war and armaments and never gave assent to the government's imperialism. If," the resolution continued, "at the beginning of the war all had been known that was now known, if the workers had not been misled and betrayed by the government, the attitude of the workers and their leaders would have been different. If the German labor movement had suspected that Germany was the aggressor, it would, without doubt, have tried by every means to prevent the war. The German workers recognize that the workers of other countries cannot appreciate or understand the several actions of German workers during the war, but these actions were forced on them by the severe struggle waged by the German nation."

Did Not Know the Truth.

Many things were done, the resolution said, under the full conviction that right was on Germany's side, that would never have been done in the light of the truth now being brought home. The German workers at the beginning of the war tried to do their duty without wronging the laboring classes of other countries and without failing in their own national obligations.

MAYOR GRAY OF WINNIPEG TAKES STAND

DECLARES CITY WAS IN POWER STRIKE COMMITTEE FOR TIME

POLICE FORCE WAS BEYOND CONTROL OF CITY OFFICIALS

Declares Alderman John Queen Declared Against Constitutional Authority at City Hall

WINNIPEG, July 28.—That Winnipeg was practically under the control of the strike committee from June 10 to June 20, was the sworn statement of Mayor Charles G. Gray at the preliminary trial today of eight Labor leaders held for seditious conspiracy.

The mayor was in the witness box all day, and his cross-examination by E. J. McMurray, counsel for the defense, had only started when court adjourned at 5 o'clock. It appeared probable that he would be on the stand at least until noon at tomorrow's session. Under cross-examination by Mr. McMurray, he admitted that the strike was caused originally by the iron masters refusing to recognize the metal trades council.

He produced his report of a meeting of the iron masters after the strike had been called, in which they said they had been asked by the committee of 1,000, to which they adhered, to say nothing, and that they therefore had nothing to say.

Salient Points

The salient points of his evidence were that the city was in control of the strike committee at certain times during the strike; that R. B. Russell, representing the metal trades council, had admitted earlier in the strike that the iron masters were willing to bargain on a collective basis; that Alderman John Queen, one of the defendants, had declared against constituted authority in a committee meeting at the city hall. His evidence also gave facts in conditions in Winnipeg under the strike regime.

The mayor first produced agreements from union employees of the city providing against strikes until May 1, 1920. He then produced letters from the trades and labor council announcing the strike, and declared the civic employees had broken their agreements and had walked out at the call of the trades and labor council. The mayor described conditions during the first days of the strike when the city was in serious danger from a fire, without any regular firemen with water at a pressure described as "absurd," causing hardship on thousands of citizens.

He told of a meeting of the city council food committee in which a delegation from the strike committee offered to supply food to citizens by a card ration system, controlled from the labor temple. He said he declared the citizens must be fed, and that he representing constituted authority, would see that this was done at all cost.

"Alderman Queen got up," he said, 'and said, I don't want to hear constituted authority. Sit down.'"

Police Beyond Control

The mayor also stated that during his evidence that R. B. Russell had declared at a meeting of the city council that the police were left on the street by permission of the strike committee and that the committee might call them out at any time.

Mayor Gray: "The control of police was out of the city's hands."

E. J. McMurray, for the defense: "That's an inference."

Mayor Gray: "That's a fact."

Magistrate Noble: "The inference is plain."

Mayor Gray: "The police made the same claim, at a meeting of the police commission which I attended."

In the course of his evidence the mayor told of the first meeting of the food committee. He said R. B. Russell had declared that he "would call out every union man in Canada if the strikers did not get what they wanted; that they would tie up transportation in Canada, east and west."

He also referred to the dangerous situation arising from the fact that garbage was not being collecvted and destroyed and said that Alderman John Queen and W. B. Simpson had induced Dr. A. J. Douglas, city health officer, to write a letter to the strike committee asking for scavengers.. "That was admitting the jurisdiction of the strike committee."

Telling of a conciliation meeting he had called, at which the whole central strike committee and several prominent citizens were present, he said that "R. B. Russell admitted that the metal workers' employers were willing to bargain on a collective basis, but that the metal trades council's method was a better one. Mayor Gray declared that what led him to ask the railway men to appoint a conciliation board was that in an interview with W. B. Best, representing the running trades, Mr. Best had said that the running trades might walk out if a settlement was not reached.

Mayor Was Assaulted

Asked about police protection the mayor said: "I could not guarantee police protection, as I would have liked, after June 10. I had had many complaints of intimidation and had not only been threatened myself, but actually assaulted."

He had spoken of this to representatives of the strike committee, whose

(Continued on Page Three.)

BERLIN SAYS GERMANS HAVE RAISED BIG LOAN

LONDON, July 28.—An American loan of $100,000,000 has been obtained by Martin Nordegg, representing the Deutsche Bank of Berlin, according to an Exchange despatch from Berlin.. It was said 10 per cent of the loan would be deposited in foreign bonds to the German bank's credit.

KNOWS NOTHING OF LOAN

NEW YORK, July 28.—International bankers here who handled German business before the war, including that of the Deutsche bank, state that they know nothing of Martin Nordegg or the $100,000,000 loan which is reported to have been negotiated by him in this country. There has been talk of placing a German credit here, they said, but the negotiations never have passed the initial stage.

'BIG FIVE' NAME CATTLE PRICES

Control Principal Market Yards of United States; Ownership Hid Under "Bearer Warrants"

WASHINGTON, July 28.—Ability of the "Big Five" packers, Swift, Armour, Norris, Cudahy and Wilson, to determine from day to day the general level of livestock prices was declared to be incontrovertible in the third section of the federal trade commission's report on the industry, made public tonight.

Information obtained in the commission's investigation was cited to show that the "big five" have an interest in 28 of the 50 principal market yards of the country and a majority of voting stock in 22 others. It was said they buy most of the livestock sold at these markets.

"They discriminate against and put at great disadvantage independent buyers, who are their competitors," the report says.

Price Manipulation

"They manipula te, on occasions, the livestock market in such a way as to cause extreme and unwarranted fluctuations in the daily prices paid for livestock. They have eliminated many competitors and prevented new ones from coming in. They have restricted the meat supply of the nation by manipulating the daily livestock prices and thus discouraging the producers of livestock.

"Of the meat trade in the hands of interstate slaughterers in the United States, the five big packing companies have more than 73 per cent. of the total. They have the prices of dressed meat and packing house products so well in hand that with certain limitations, meat prices are made to respond to their wishes.

"Notwithstanding special advantages said to be enjoyed by the five big packers, the commission declares it was not demonstratable that they are more efficient than the independents."

Bearer Warrants

In tracing the ownership of the various stockyards, the commission in its report devoted much attention to the "remarkable financial devices" known as the bearer warrant, which it was said might be used only to hide completely the ownership, but also was equally effective in making possible the evasion of income corporation and surtaxes if it came into more general use. Such a warrant is a receipt for a stock certificate, the latter being made out to the treasurer of the corporation, who delivers the warrant to the person who actually owns the stock. In this way it would be possible for a stockholder to receive dividends and vote without his identity being known. J. Ogden Armour was said by the commission to own 10.4 per cent. of the Chicago Stock Yards company, but the use of bearer warrants was asserted to have prevented the commission from discovering who owned the other stock.

ARGUE RIGHT OF BAIL FOR ALIENS

Test Case Is Taken at Winnipeg on Behalf of Foreigners Held for Deportation

WINNIPEG, July 28.—Application for a writ of habeas corpus quashing the recent order for the deportation of Oscar Schoppelerei, one of four foreigners held under the immigration act as a result of arrests ordered June 17 by the federal government, will be made before Chief Justice Mathers tomorrow.

Today the chief justice granted a writ of habeas corpus in the case of S. Almazoff, and argument on a petition for release on bail brought under the writ will he heard tomorrow.

According to Marcus Hyman, counsel for the defendants, this is a test case to see whether bail can be extended to the other three being held at immigration hall. Of these Samuel Blumenberg and M. Charitinoff are still awaiting a hearing before special board of inquiry.

LEWIS ORDERED CHARTER OF DISTRICT 18 REVOKED

INDIANAPOLIS, July 28.—At the office of the United Mine Workers tonight here it was said that the revocation of charter of district 18, Alberta, Canada, was ordered by John L. Lewis, acting president of the international union, after a report from the Canadian investigators that the president and secretary of the Canadian district had joined the One Big Union.

CHICAGO STREETS SCENE OF BATTLE, TEN KNOWN DEAD

BLACKS AND WHITES FIGHT IN VARIOUS SECTIONS OF STATE STREET DISTRICT; POLICE D ECLARE THAT ACTUAL NUMBER OF KILLED MAY REACH 25; WOMAN IS PULLED FROM CAR BY BLACK; HE IS KNOCKED UNCONSCIOUS AND LEFT FOR DEAD BY WHITES; STREET C ARS ARE SCENE OF NUMEROUS FIGHTS FROM EARLY EVENI NG UNTIL LATE HOUR; TELE-PHONE WIRES ARE CUT

CHICAGO, July 29.—Four more victims in the race riots in the negro quarter of Chicago were found early today, making the number of known dead 10. Estimates of persons who passed through the streets and alleys fighting did not cease until well after midnight, placed the dead as high as 25 and the injured at 500, but the police could find no authority for these figures.

Major Fred Baynes, of the first Illinois infantry, was found with a broken back in the centre of the riot area this morning. He was not on duty, but a corporal and sergeant who were members of the Illinois reserves, were wounded during a clash with negroes. Reports from hospitals indicated a dozen wounded would die.

CHICAGO, July 28.—After a hasty survey of conflicting police reports early today, the police said that while there were only seven known dead, it is not unlikely that the number will be changed to 10 or 15. It is simply impossible to determine the exact number, for the casualties were taken broadcast before the records were made, Chief of Police Garrity's office announced.

CHICAGO, July 28.—Seven persons were killed and more than two score injured, many of them seriously, in a renewal of race riots in Chicago tonight. For more than five hours the five-mile area on the south side was a battleground of scattered battles between policemen and negroes who fired from house tops and from dark alleys, and other points of vantage.

The call for troops to quell the outbreaks resulted in four regiments of National Guardsmen being mobilized, but at a late hour tonight they had not been dispatched to the disturbed district and Chief of Police Garrity expressed the belief that the worst of the disorder had passed.

Five of the dead are negros and two are whites.

"Flying squadron" of blacks mounted a touring car and riding at full speed through the section sent a volley of shots at a group of whites. One white woman was injured, but not fatally. The negroes were overtaken after a long chase and placed under arrest.

Police Kill Four

Shortly after which a mob of several hundred blacks formed at 35th street and began stoning a policeman. Fire was opened and four of the negroes fell, all mortally wounded. A white man in the same neighborhood was dragged from a truck and stabbed to death.

Negroes began looting stores of whites in one district shortly after the firing of revolvers by a squad of policemen in an effort to break up a fight over a small purchase of groceries. The police soon emptied their guns. The looting continued until a special squad of police armed with rifles arrived. They fired low, felling half a dozen blacks.

Woman Is Avenged

A white woman was pulled from a street car by a negro. He was soon lying unconscious against the curb. The angry whites left him for dead.

Groups of blacks formed in football fashion and charged against whites with razors and clubs. On the corner the scene was like a minature battleground. Unconscious negroes and whites dotted the street and as they regained consciousness they were arrested or permitted to leave the neighborhood.

While the main battles were in progress, women, blacks and whites, battled away in front yards with brooms and missiles. One of these fights resulted in a white woman being knocked unconscious.

In one fracas 34th street negroes knocked two policemen unconscious and were drawing pistols when a group of discharged negro soldiers came to the rescue of the whites. In another battle soon after, two policemen were shot. One may die. In an effort to prevent quick dispatch of rifle bearing policemen from one section to another the negroes began cutting telephone and telegraph wires.

Street Cars Tied Up

After a motorman had been dragged from his car and killed by a group of maddened blacks shortly before midnight and a dozen street cars were wrecked, the street car company ordered that no more cars be taken into the troubled areas. The elevated trains also stopped running in dangerous territory.

Troops continued to move to a centralized point on the south side throughout the night, but up to midnight they had not been ordered to begin patrolling the streets, nor had they helped in quelling outbreaks. This was explained by the statement that the outbreaks had slackened to such an extent that the police could afford protection. Wherever negroes congregated after 11 p. m. they were scattered by the police.

At a late hour desultory firing between whites and blacks continued. It had been in progress intermittently for several hours. It was the result of a long standing duel—the issue being encroachment on what the whites characterize as white territory. Police finally effected a truce and the principals were arrested.

Troops Mobilized

CHICAGO, July 28.—Mayor Thompson tonight appealed to Governor Lowden to mobilize a regiment of National Guardsmen for immediate service in Chicago's "black belt," where riots have been in progress since yesterday afternoon and which have resulted, it is said, in two deaths, serious injuries to a number of niggers and whites and injuries to scores of others.

Action was taken quickly and four regiments of state troops were ordered mobilized. Adjutant-General Dickson announced that whether the troops were sent into the district would depend on developments of the night.

The action of Mayor Thompson, it was stated, was taken only after it had become evident that the city police force was inadequate to maintain order the five-mile area, where as many as ten clashes between whites and blacks had developed in an hour.

Several hundred negroes, many of them flashing knives and guns, congregated early tonight near South State street and 35th street. After numerous minor fights most of them were dispersed. In one of these outbreaks a white man was reported stabbed to death. In the meantime special police and detectives had cleared other districts where the outbreaks had become frequent through the day. The police said the negroes were terror stricken and appeared on the streets only in groups, which gathered in alleys and then ran at full speed to their destinations.

The police are making a special effort to break up secret meetings of the negroes in halls and flat buildings.

Numerous riot calls were turned in early tonight, but in a majority of cases the clashes involved only a score or more of blacks and whites. When the negroes began leaving the big industrial plants at the stockyards crowds of white men gathered, and it was only with difficulty that the police prevented further bloodshed. Negroes were dragged from street cars and thrown to the ground. Then they retaliated by treating white men likewise.

Patrol wagons threaded their way through crowds and leaders in many of the clashes were arrested. When negroes were brought to the stations there were cries of "lynch them." No attempt was made, however, to take the negroes from the police.

Chief of Police Garrity said every effort would be made by police reserves to maintain order, but he was not optimistic over the outlook.

NEW PATENTS BILL TO PROTECT THE INVENTOR

LONDON, July 28.—(Reuter.)—Sir Auckland Geddes moved the second reading of the patents bill in the house of commons today. The measure provides for many amendments to the present law, including provisions for preventing abuse and monopoly of rights and extending the term of patents from 14 to 16 years. Sir Auckland said the bill was intended to improve the position of the inventor and ensure that the man without capital got the fruits of his invention and to prevent foreign inventors from getting protection in Great Britain without maintaining their invention in Great Britain on a commercial scale. The bill was given second reading.

PRICES TO STAY HIGH IN BRITAIN

Food Controller Holds Out No Hopes of Reduction in Living Costs This Winter

LONDON, July 28 (The Canadian Associated Press.—George H. Robertson, food controller ,speaking in Yorkshire, held out no hope of prices this coming winter being lower than last winter. The government was determined to stop profiteering, he said, but if every profiteer was guillotined tomorrow it would not bring prices down to the level everybody desired.

Ilford, the enormous industrial centre, has established a street market where small producers sell fruit, poultry and vegetables. The market is an enormous success. This weekend prices ruled from 50 to 60 per cent. lower than shop prices. While the Ilford example in thus attempting to stop profiteering is generally commended, it is not forgotten that the shopkeepers have high rents while the man with a street stall has few such liabilities.

Curiously enough, Ilford has a strike on hand of all the municipal employees. The place is in darkness, is unswept and no trams are running. The dispute arose over the small payment of scavengers.

MARINE STRIKE COMES TO END

Orders Have Been Issued by the Unions to Move All Vessels Without Delay

NEW YORK, N. Y., July 28.—The strike which for about three weeks has tied up shipping along the Atlantic and Gulf seaboard was finally settled tonight, when an agreement on wages was reached with the marine engineers. William S. Brown, national president of the engineers' union, immediately issued orders to move ships without delay.

The agreement was reached after a six-hour meeting here today of officials of the United States shipping board, the American Steamship association and the engineers' union. The engineers presented their demands Saturday night, following settlement of the strike of seamen, stewards, oilers and water tenders, issuing orders that no vessel be taken out pending settlement of their issues.

The only other class of ship workers whose demands have not been settled are wireless operators. They have not gone on strike and a conference between the men and ship owners for wage increase asked for is stated for this week.

ROYAL MARINE L. I. BAND TO ACCOMPANY THE PRINCE

LONDON, July 28.—(Canadian Associated Press.)—The Royal Marine Light infantry band, Plymouth division, has been selected to accompany the Prince of Wales to Canada.

SHOW DOWN ON ONE BIG UNION

Internationals and Radicals Expected to Settle Fate of Winnipeg Labor Council.

WINNIPEG, July 28.—International unions and O. B. U. interests are expected to reach a show-down at the meeting of the local trades and labor council Tuesday evening. A large attendance of members, representing both factions, is expected and it is believed that discussion will develop which side is most firmly established. William Varley, general organizer of the American Federation of Labor, stated that 11 unions have been reorganized or reaffirmed in international affiliation. This gives the international 40 delegates to the trades and labor council. He said that many unions had not reached a decision and may remain neutral at the meeting.

ST. REGIS AGAIN MENACED BY FIRE

Cold Creek Blaze, Fanned by High Wind, Breaks Bounds—Quarter Mile From Town.

MISSOULA, Mont., July 28.—The town of St. Regis, twice in imminent danger from the forest fires of western Montana, again is in a critical position, according to word to the forest service headquarters today. Fanned by a wind the Colk creek blaze near the town broke its bounds this afternoon and is now a quarter mile from the place, the report said. The fire fighting camp on Dry creek, near the town, and in the north of the flames, was destroyed, but the men all escaped. In other sections of the Lolo forest conditions are exceedingly bad.

56 MACHINE SHOPS TO RESUME WORK AT TORONTO

TORONTO, July 28. — Fifty-six shops will resume work tomorrow morning, when the machinists, on strike for 12 weeks, return. After today's conference between the employers and metal workers the latter accepted the terms offered and wre instructed to report for work Tuesday morning. About 1200 men will be on hand ready to resume work.

While the strike is generally admitted to have been a failure in so far as the strikers did not receive the 44-hour week and the 50-hour pay demanded it is pointed out by union officials that these conditions, as well as the extra wages, have been conceded by 23 shops in the city at which the men have been working for some time past. The question of wages with 56 shops will be settled at another conference Thursday between the union officials of the strike committee and manufacturers. Union officials stated tonight that the loss in wages might be figured at something over $1,000,000, while the international laid out $56,000 in strike pay.

TO INVESTIGATE COTTONWOOD PIPE

Engineer to Make Careful Report on Present and Future Possibilities of System

After a lengthy discussion of the condition of the city pipe line to the Cottonwood intake and its effect on the present paucity of water and future possibilities of lack of water, the city council last evening referred the matter to the fire, water and light committee with instructions to take the matter up with an engineer for careful report as to the conditions of the pipe; whether it is more advisable to make repairs rather than replace a large part of the line, and as to the advisability of changing the pipe line over to run parallel with the proposed Ymir road or Great Northern railway track. A report was asked for by the council within a month.

It was pointed out by W. E. Wasson, city clerk, that the pipe line was 10,279 feet in length, which was laid at an initial cost to the city of $24,600. Estimates received on the pipe by the city clerk and estimates roughly calculated by the council showed that to replace the entire line at the present time would mean an outlay if approximately $38,000.

It was also decided to have the city solicitor make an investigation of the city's water rights on Anderson, Cottonwood, Clearwater and Whitewater creeks, in order that its interests be protected. A letter from the provincial water rights department pointed out that the city's rights on Cottonwood creek were for power purposes only. It was also pointed out that the city had rights of Whitewater and Clearwater creeks for more water than would ever be required.

TO BUY M'NAUGHT ORES COLLECTION

City Will Provide Housing For It if Mining Men Will Buy It—Subscriptions Opened

With the object of retaining for Nelson the unique collection of choice samples of ores from all parts of the world, including a good representation from the Kootenay, loaned by Mrs. N. F. McNaught, of Slocan City, as a part of the mining exhibit shown during the recent sessions here of the International Mining convention, E. W. Widdowson, the Nelson assayer, is making a public appeal to the mining men of the district for subscriptions toward a fund of $150, the price placed on it by Mrs. McNaught if sold to Nelson. The city of Edmonton has made an offer for the collection, which was assembled by Mr. McNaught during an active life as a mining engineer, but if it secures it, it will only be by paying a higher price than is fixed for Nelson, and one based on the appraised value of the collection, which comprises from 40 to 50 specimens.

Mr. Widdowson appeared before the city council last night, on behalf of the proposition, and it was unanimously agreed that the city would engage to provide proper housing for the collection, if purchased, it being left to Mayor J. A. McDonald to arrange the proper quarters.

The proposal is to have the entire exhibit as shown at the mining convention, including the McNaught collection, placed on view, properly classified and arranged and made available for the use of mining men and prospectors, for the comparison of samples from their own properties, and for general study.

Subscriptions toward the purchase price of the collection should be in the form of checks, and should be sent to Mr. Widdowson, or to Fred A. Starkey.

LIVERPOOL, July 29 (Associated Press).—The strike of dock workers has been settled. Work will be resumed today (Tuesday), the strikers regarding the settlement as being greatly in their favor.

INCREASES GIVEN TO GAS EMPLOYEES

Cribbing on North Side of Recreation Grounds Defective; Account Presented for Gravel

At the meeting of the city council last night the three men employed at the gas plant charging retors were granted an increase of $10, making their monthly stipend now $100 per month. John Shanks was granted an increase of $5 to $105 per month, while the pay of J. Stringer was increased from $115.75 to $120.75 per month. The increases in salary will be effective commencing August 1st.

The condition of the cribbing on the city's property on the north side of the recreation park was called to the attention of the council last night in a letter from the Nelson Iron Works. There is about 250 feet of cribbing around this property and th ematter of having it repaired was left to the recommendation of the public works committee.

A letter signed by Mrs. W. Garland Foster, Mrs. M. E. Weir, Mrs. S. J. Keatley and A. Smith called the attention of the city council last nigt to the condition of the sidewalk on Stanley street between Observatory and Hoover streets. The matter was referred to the board of works for report.

An account against the city for the sum of $225 for gravel, stated to have been removed from lots 18, 19 and 20, in block 6, was presented to the council last night by William Gosnell. The matter was left in the hands of the board of works in order to ascertain if the gravel had been used by the city.

The city council last night granted the use of the city park to the Methodist Sunday school for a picnic to be held there on Wednesday, Aug. 13th.

Mr. Hampton, who has been operating the city incinerator, has accepted a position as caretaker at the Nelson high school. Allen McInnes will in future be in charge of the incinerator.

Those attending last night's meeting were Mayor J. A. McDonald, in the chair, and Aldermen I. Austin, R. Andrew C. F. McHardy and L. H. Choquette.

BONNINGTON WILL USE IRRIGATION

Approximately 300 to 350 acres of fruit lands will be affected by an irrigation plant which is to be installed by a number of well-known growers at Bonnington, and in addition the entire community will be supplied by a domestic water service.

This decision was arrived at yesterday at a meeting held at Bonnington, which was attended by J. J. Campbell, Major Goode, Chisholm Gray, Mr. Brown, Mr. Botting and Major Turner Lee, all of whom are well known fruit growers of that locality. Those present formed themselves into a water users community, and were advised from a technical and engineering point of view by W. J. E. Bilker, provincial water rights engineer for this district.

The water to be used will be diverted from Falls creek, which is situated just above Bonnington Falls and it is expected during the irrigation season to use the entire flow from that stream.

A pipe system will be installed in addition to the present small system which will greatly assist the community in the event of fire.

FALL ON SHIP FATAL.

PORT ARTHUR, July 28.—John Tilbury, aged 15, was killed by falling into the hold of the steamer Canadian Sailor, under construction at the shipyards. He was employed as a rivet packer. His home was in Fort William.

REOPEN IRON MINES

PORT ARTHUR, July 28.—The Goudreau and Creighton iron mines east of here are being reopened and a gang of 200 men has left to operate them.

POSTUM
instead of tea or coffee?
Every reason worth while.
Price! Health! Satisfaction!
Think it over.
"There's a Reason."

MANY TICKETS ARE SOLD FOR BANQUET

Judging from the number of tickets already taken, the board of trade dinner to R.F. Green, M.P. for Kootenay, at the Hume hotel at 12.45 o'clock today, will have a large attendance.

Mr. Green will arrive from Kaslo this morning. After filling his Nelson appointments he will visit Trail tomorrow and Rossland Thursday, before proceeding to the coast.

FAWN CREEK-HIDDEN CREEK TRAIL NEARS COMPLETION

Another section of the Fawn creek-Hidden creek mining trail will eventually connect the Sheep creek wagon road with the Nugget, Golden Fawn, and Reno-Donnybrook properties, has been completed, according to W. B. Pool, of the Reno, who arrived in the city last night. Starting from the wagon road at a point opposite Hanson's store, the trail goes up Fawn creek basin, crosses the divide toward Hidden creek and drops part way into Hidden creek basin.

The final section remains to be built and the trail, when completed, will include about five miles in the Fawn creek basin and about four miles in the Hidden creek basin. Work on the final section will be begun in the fall.

Thus far the cost has been borne by the mining men, but it is expected that the provincial government will make a grant to cover a proportion of the cost.

RANCHING AGREES WITH MACKENZIE

Former Secretary of Associated Boards Visits Rossland and Nelson; Talks Old Times

Declaring that Vancouver Island has not shared the aridity that has characterized the mainland and the interior this summer, A. B. McKenzie, formerly Great Northern agent at Rossland and for many years secretary of the Associated Boards of Trade of Eastern British Columbia, predicted great prosperity in the immediate future for his adopted city, Victoria, when meeting old friends yesterday.

Mr. Mackenzie, with whom ranch life on the island seems to agree, has spent the past three weeks in Rossland, and came over to Nelson yesterday for a visit of three or four days before returning to the zone of precipitation. He lost no time in looking up Fred A. Starkey, T .M. Bowman and other old friends. "Them was the happy days," was the theme of one conversation, when "Archie," as he is to old-timers, told of the dash he cut in Toronto on 60 bucks a month, when he contrived to belong to the Argonaut Rowing club, the Toronto Snowshoe club and a toboggan club at one and the same time.

The Foundation Shipbuilding company, which is turning out ships for the French government, is employing 5000 men at Victoria at the present time, Mr. Mackenzie states, and the island has a bumper hay crop.

VETERAN OF TWO WARS ON LOOKOUT FOR LAND

With the intention of looking over land in the district in a search for a desirable location to settle, Capt. Sparks, of the Strathcona Horse, arrived in the city last night from Calgary. He will leave this morning for the Slocan valley.

Capt. Sparks is a veteran of two wars, the South African war and the European war recently brought to a conclusion. In the South African war he won five bars, signifying the number of engagements which he went through. This was the largest number awarded to any of the Canadian troops.

When the recent war broke out in 1914, Capt. Sparks immediately rejoined his old regiment, the Strathcona Horse. He was sent over to France within a short time. In May, 1915, during the battle of Festubert, he was wounded and sent back to England. After a month in hospital in Bristol he was put on light duty until entirely recovered from the woud. He was then sent back to France and remained in action there until 1916, when he was brought back to Canada for the purpose of training men. His work lay chiefly in Winnipeg and Calgary.

While in Nelson Capt. Sparks is staying at the Hume.

Casualties

OTTAWA, July 28.—The following casualty list was issued today:

INFANTRY
Deaths in Canada

Private R. S. Lenihan, drowned, St. John, N. B.

MOUNTED RIFLES

Sergeant A. V. Smith, died, Leamington, England.

SASKATCHEWAN UNIVERSITY ASKS PROFESSORS TO QUIT

SASKATOON, July 28.—Four professors of the University of Saskatchewan have been asked by the board to retire from their positions.

In letters addressed to Professors R. D. MacLarin, J. L. Hogg, Ira MacKay and S. E. Greenway, they have been informed that a resolution was passed by the governors giving the professors leave of absence with full pay from September 1, 1919, until October 31, for MacLaurin and Greenway, and to March 1, 1920, in the case of Hogg and MacKay, on condition they resign from their positions. No reason for this action is given.

All four of the professors have refused to accede to the request and have written asking for reasons for the dismissals.

Both sides are quiet on the situation and absolutely refuse to make any statement.

IF THIN AND NERVOUS, TRY PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

When one stops to consider the host of thin people who are searching continually for some method by which they may increase their flesh to normal proportions by the filling out of ugly hollows, the rounding off of protruding angles with the attendant bloom of health and attractiveness, it is no wonder that many and varied suggestions along this line appear from time to time in public print.

While excessive thinness might be attributed to various and subtle causes in different individuals it is a well-known fact that the lack of sufficient phosphorus in the human system is very largely responsible for this condition. Experiments on humans and animals by many scientists have demonstrated beyond question of doubt that a body deficient in phosphorus becomes nervous, sickly and thin. A noted author and professor in his book, "Chemistry and Food Nutrition," published in 1918, says: "* * * that the amount of phosphorus required for the normal nutrition of man is seriously underestimated in many of our standard text books."

It seems to be well established that this deficiency in phosphorus may now be met by the use of an organic phosphate known throughout English speaking countries as Bitro-Phosphate. Through the assimilation of this phosphate by the nerve tissues the phosphoric content when absorbed in the amount normally required by nature soon produces a welcome change in our body and mind. Nerve tension disappears, vigor and strength replace weakness and lack of energy, and the whole body soon loses its ugly hollows and abrupt angles, becoming enveloped in a glow of perfect health and beauty and the will and strength to be up and doing.

It is sold by the Canada Drug & Book Co. in Nelson and all good druggists.

CAUTION:—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

SHIP CONSTRUCTION

PORT ARTHUR, July 28.—Five steamers are now under construction in the Port Arthur ship yards, three of 3400 tons each and two of 4300 tons.

LIFT OFF CORNS!
Doesn't hurt a bit and costs only a few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!
Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

Kootenay and Boundary

FIRE BURNING ON 16-MILE CREEK

WANETA, July 28.—A fire has been burning for some time in the timber at the head of 16-Mile creek. It has apparently come over the divide from Cariboo creek.

Some of the ranchers' families have been out picking huckleberries and report a fair crop.

There is a plentiful supply of small fruits in the gardens. Vegetables, owing to the continued dry weather, are not as good a crop as usual.

The second cut of alfalfa in the valley has been harvested.

Walter Carr, foreman, with a gang of men, is improving the roads between Waneta and Trail.

R. A. Aldersmith and Mrs. Aldersmith motored up the valley last week.

W. A. Duncan is teaming for Walter Carr.

Butter is being shipped in to Trail from the Heintz ranch.

Capt. Flover and A. G. Lang motored to Trail on Thursday.

J. W. Falls is up from Spokane.

LIEUT. LAWSON HEPHER RETURNS TO BOSWELL

BOSWELL, July 27.—A. Reynolds, of Strathmore, Alta., spent Saturday and Sunday last in Boswell and left for Sunshine Bay, accompanied by A. Kennedy, on Sunday evening.

Miss Violet Ross and Ernest Keatley, of Nelson, were week-end visitors of Mrs. W. O. Rylett.

W. O. Rylett went into Nelson on Monday evening, returning Wednesday.

J. Wilson paid a visit to the rose show in Nelson on Tuesday, his exhibits of carnations taking various prizes.

Miss Dalton and Miss Smiley, of Trail, were guests at York ranch on Wednesday and Thursday, en route for Montreal and New York. Miss Dalton sailing for her home in London, England, from the latter point.

Mr. and Mrs. J. P. J. Jephson spent a couple of days in Nelson.

Lieut. W. Lawson Hepher, M.C., and his bride arrived in Boswell on the Crow boat on Friday evening, having sailed from Liverpool, England, on July 11. His friends were all present at the Boswell landing to extend a hearty welcome and congratulations to both. Mr. Hepher has been away for four and a half years and has seen considerable service in the field, first with the Canadians and later with the Imperial artillery, in which he obtained his commission. He came through all his engagements without a scratch.

Mrs. Chas. Allan, of Strathmore, Alta., is staying with Mrs. A. Kennedy prior to taking up her residence on the Allen property here.

James Coupland, J.P., and James Coupland, jr., spent a day in Creston Creston last week.

ROSSLAND ITEMS

W. H. Fielding returned this afternoon from spending a few weeks up the Kootenay lake.

R. B. Shelledy returned this afternoon from a business trip to the Molly Gibson mine.

Mrs. C. H. Wallace arrived home on the afternoon train from a visit to Nelson.

Miss Edith Peters and sister, Miss Esther, leave Tuesday morning for Colville, where they will visit friends. Their cousin, Miss Jean Acorn, who has been visiting her aunt, Mrs. Peters, will return to her home at Colville with them.

Mrs. A. W. Rolland and two children leave the first of the month for a trip to the east. Her mother and father, Mr. and Mrs. Cox, who have been visiting here for a month, will return to her home at London, Ont., and leaves here on the first.

Mrs. A. Inches and the Misses Agnes Blossom and Jennie are leaving this week for Victoria.

C. B. Smith has returned from a fortnight's visit to Fairview and other points.

G. Redpath and Carl Lewis spent Sunday in the city.

The Misses Hazel and Evelyn Wallace expect to leave in a few days on a trip to Vancouver and other points.

HUMBERT UP FOR FINAL HEARING

Former New York State Attorney-General Defends French Senator in Letter

PARIS, July 28.—Senator Charles Humbert, who was acquitted in May by court-martial on a charge of having had dealings with the enemy, came up for final examination today on the allegation charging him with corrupting officials in the matter of contracts in the United States. During the examination a letter was read from former Attorney-General Baker of the state of New York, who investigated the charges in New York for the French government. Mr. Baker's letter said no trace had been found in banks or factories of any negotiations or collusion with which Senator Humbert could be reproached.

WINNIFREDIAN DOCKS WITH NEARLY 2000 VETERANS

HALIFAX, July 28.—The transport Winnifredian docked at Pier 2 at 12:15 today. She brought to Canada 105 officers and 1893 other ranks. This was the first visit of the Winnifredian to Halifax as a troop ship. The trip occupied 11 days and was very favorable save the last day, when fog was encountered off the Nova Scotia coast, delaying the steamer's arrival. The Winnifredian carried no cabin passengers. Lieut. J. W. Rielly, Celista, B.C., was on board.

CRAWFORD BAY ITEMS.

CRAWFORD BAY, July 28.—A most enjoyable dance was held here last week on Mrs. Richardson's lawn. The joint hostesses were Mrs. Richardson and Mrs. Bourne. Sixteen dollars were collected for the new public hall fund.

Lots of big char are being caught in Crawford creek. Some catches amount to 48 pounds in weight.

Peace service was held here last Sunday. A large congregation listened to Rev. Mahood's sermon.

Commander Harrison and Major Gooch are spending a few days fishing up at the Slocan Pool.

Huckleberries are plentiful this year.

UPPER BONNINGTON NEWS

UPPER BONNINGTON, July 28.—Mr. and Mrs. Ian Campbell, of Willow Point, are the guests of Mr. and Mrs. G. N. Brown for the week-end. Mr. J. J. Campbell is their guest today.

Mr. and Mrs. Hoyle and Mr. William Hoyle, of Queens Bay, are staying at their ranch for a few weeks.

Miss Helen Gigot, of Nelson, is the guest of Mrs. Bennett for the week.

Shoreacres News

Arthur D. Oliver, the youngest son of Mr. and Mrs. Robt. Oliver, returned from overseas a week ago. He received his discharge in Vancouver.

Mrs. G. R. Charlton and baby son, of Portage la Prairie, and Mrs. J. E. Allison with her daughters Jean and Ruth, are spending the summer months with their parents, Mr. and Mrs. Robert Oliver.

Mrs. Allan, of Stavely, Alta., with her two little sons were the guests of Mrs. J. M. Shepley last week.

Mrs. R. C. Passmore was a Nelson visitor on Saturday. Little Miss Elsie Egg returned with her for a visit.

WOMAN GLOBE TROTTER VISITS ARROW LAKES

NAKUSP, July 28.—Nakusp has an interesting visitor for a few days in the person of Miss Moir, of Dundee, Scotland, who is traveling over most of the world on a sightseeing tour. During the past five years the lady has been through the United States, Africa, India and in Canada, and is now wending her way back to Scotland slowly. She has visited the Yukon and Alaska, has visited mines and lumber camps, and while at a camp on the Arrow lakes near Halcyon last week, decided to beat the ex-German emperor in felling trees. Wherever she may be, she takes long walks and was delighted with the canyon and Nakusp and the various orchards. She leaves Monday for Sandon, Burton, Edgewood, Nelson, Bonnington and Kaslo before going east. Miss Moir is an exceedingly interesting conversationalist.

The Nakusp Hot Springs are being visited by a large number of people this summer. About 25 are constantly at the springs and parties are leaving here daily with horse packs.

Thomas Abriel returned from a meeting of the B.C. fruit growers' association at Vancouver on Friday.

Purser H. H. Davies has resumed duty on the Bonnington after a couple of weeks fishing at St. Leon.

OPPORTUNITIES ACROSS PACIFIC

Sir Edmund Walker Returns From Making Survey of Conditions in the Orient

VICTORIA, July 28.—Sir Edmund Walker, president of the Canadian Bank of Commerce, reached here tonight from the Orient on the Empress of Russia, after a survey of conditions in China and Korea. With him were Mr. Loga head of the bank's foreign trade department, and Mr. Holt, manager of the Vancouver branch. The party left this coast last March.

Sir Edmund and his party were met at the dock by Hon. John Hart, minister of finance, and Sir John Aird, Canadian general manager of the Bank of Commerce, who came west to meet his chief.

Sir Edmund Walker said that as trade leadership rested on trade knowledge he had taken this trip to acquaint himself with conditions in the Far East. It was an acknowledge fact that the commercial field of the future lay across the Pacific. Korea, with its vast possibilities as an export country, particularly in the matter of beans, held excellent possibilities in banking lines. He had found that the same banking system as used on this continent sufficed in the Orient.

It was learned on the arrival of the Empress of Russia that the vessel is likely to go to Vladivostok next trip to bring back American troops from Siberia. It is said that only this one of the C.P.O.S. boats would be used in this service.

The Russia had a calm trip across, arriving on the scheduled date, although leaving a day late from the other side. She encountered fog for several days.

The passenger accommodations were all filled. The vessel left for Vancouver at 9 o'clock.

A feature of the voyage was a baby show held on board in aid of the sailors' orphan fund.

TWO DEAD; 13 INJURED IN MINNESOTA COLLISION

MINNEAPOLIS, July 28. — Alex Johnson, motorman of the street car which collided head-on at noon today with an express baggage car near Excelsior, 21 miles west of Minneapolis, died tonight at the local hospital.

Both his legs were severed at the knee.

Motorman Rudolph Binger of the express car was instantly killed and 13 others seriously injured.

Johnson, it is said, admitted while on the way to the hospital that he forgot the dispatcher's orders to wait at Excelsior for the express car.

THE STORE FOR STYLE THE STORE FOR QUALITY

MAYOR GRAY OF WINNIPEG TAKES STAND

(Continued from Page One.)

answer was a threat to withdraw the police force altogether.

Aldermen A. A. Heaps and John Queen, two of the defendants, were opposed to all attempts at carrying on the utilities during the strike. They actually called the members of the city council strikebreakers, he said.

"Alderman Queen was opposed to constituted authority and it was very plain that his sympathies were not with the citizens." Mayor Gray swore.

At the opening of the afternoon session, Mayor Gray told of the riots on June 20, and of his connection with them. He said he met Farnell, Dunn and Martin, leaders of the soldier strikers, in Senator Gideon Robertson's rooms and that they declared they intended holding a parade that day, whether they had permission to do so or not. The mayor told them it would be stopped by force, if necessary. They said they would not be responsible for the consequences, and Mayor Gray told them they certainly would be.

He then described his part in the riots. Five shots were fired by others than the R.N.W.M.P. before he read the riot act, he swore. It was not until some time after that that the R.N.W.M.P began to shoot, he said. He told of meeting Farnell, Dunn and Martin following the riot.

"I told them in no uncertain tones that they were the men responsible for the riots," he said.

Industrial Control

Then followed evidence to show that the strikers controlled industries. Mayor Gray produced a letter addressed to the oil companies, dated May 18. It read:

"Your communication of the 17th instant, to hand, has received attention by the strike committee. I am instructed to forward you the decision of the committee on the matter of coal, oil and gasoline.

"1. That all farmers be supplied with necessary coal oil to meet their requirements.

"2. That the military, police, doctors, health officers and hospital cars must be supplied with the necessary gasoline for professional services.

"3. The chauffeurs in the industries which have permission to operate must have special permits from the central strike committee."

The letter was signed with the official stamp of the Trades and Labor council.

"To Tie City Up"

Mayor Gray said he had asked R. B. Russell and others of the strike committee what the purpose of the letter was. "I was told that it was sent out to tie the city up," he said.

Mr. McMurray here took the witness.

He asked about the strike of 1918, and Senator Robertson's part in it. Mayor Gray said Senator Robertson had said the men's demands were right.

Court adjourned at 5 o'clock until 10.30 tomorrow morning.

ONTARIO LABOR MEMBER DIES FOLLOWING STROKE

HAMILTON, Ont., July 28.—Allan Studholme, labor member of the provincial legislature for the riding of East Hamilton, died at his home here this morning. Mr. Studholme suffered a stroke last week while attending a soccer football game. Little hope was held out for his recovery from the first.

Mr. Studholme, who was one of the outstanding figures in the provincial house for many years, largely owing to the fact that he was the first man elected as a straight labor representative, was a native of Birmingham, England, where he was born on December 8, 1846. It was a familiar saying there at election time, "They can never beat the old stove mounter."

Mr. Studholme was always a champion of the eight-hour day and many other measures in the interests of labor. He was a member of the general executive of the Single Tax League of Ontario and vice-president of the social and moral reform council of Canada. In religion he was a Methodist.

LIEUT. HALL LITTLE FARTHER ON THE WAY

VANCOUVER, July 28.—Lieut. Ernest O. Hall, the Vancouver pilot, who left here last week in the plane of the Vancouver Aerial Transportation company, in which he will endeavor to make the first flight across the Rocky mountains to Calgary, arrived in Merritt from Chilliwack yesterday afternoon after a flight of one hour and twenty-five minutes.

WHEAT PROBLEMS ARE DISCUSSED AT OTTAWA

OTTAWA, July 28.—The problem of the wheat crop closely occupied the cabinet during the day and well into the evening. Beginning at an early hour in the morning representatives of grain interests were in conference with members of the government, Sir Robert Borden presiding. The conference was continued in the afternoon. In the evening a committee of grain men, with Sir George Foster and Hon. Arthur Meighen representing the government again discussed the problem until a late hour. Subsequently, Sir George Foster stated that good progress had been made at the conferences, which would be continued tomorrow.

THE NAME

Alvin E. Perkins

with the 30 years' valuable factory and other experience, stands for positively the best in the profession of

TUNING and REPAIRING OF PIANOS

Honesty of purpose and conscientious workmanship, and strongly endorsed by the best authority in Canada, piano manufacturers who are positively particular where they put their signature, is proof of superior ability.

As follows: Heintzman & Co., Morris & Karn Co., Gourlay Piano Co., Dominion Piano Co., Newcombe Piano Co., Fletcher Bros., Gerhard Heintzman House, Prof. J. D. A. Tripp, Vancouver, Mason & Risch Co., and soliciting business on superior workmanship only.

ATTENTION—Mr. Perkins will be in Nelson and district soon, making his usual calls.

CHEAP TRANSPORTATION FOR PRAIRIE FARMERS

REGINA, July 28.—As the result of the conference between T. M. Molly, commissioner of labor for Saskatchewan, and the heads of the three big railways in Winnipeg, the latter end of the week, the railway companies have agreed to put cheap harvest rates into effect for the transfer of farmers from the dried out districts of Saskatchewan who wish to go our harvesting this season.

It was decided to provide transportation for these farmers at the special rate of one cent per mile, the rates to be in operation from August 1 to 20, inclusive. The tickets will be good to any destination in Manitoba or Saskatchewan from the following points: Swift Current, Maple Creek, Kincaid, Eastend, Cabri, Leader, Elrose, Riverhurst and North Battle Creek.

REFUSED TO RUN TRAINS; CREWS FINED Or DISRATED

MELBOURNE, July 28.—Twenty-four railwaymen were fined or disrated for refusing to work on a train conveying police reinforcements to the strike area at Melbourne. Mr. Considine, a member of the house of representatives, was sentenced to three weeks' imprisonment for alleged disloyalty. A stay of proceedings was, however, granted.

TUESDAY, JULY 29, 1919

NELSON WAS NEVER IN ANY DANGER.

There have been a lot of wild stories outside of Nelson with regard to danger to this city from forest fires. As a matter of fact, everyone who knows the city knows that there are few places in the forest areas of the Dominion which are safer from forest fires than Nelson.

Its topographical location and the position of the creeks and lake, together with the fact that it would be almost impossible for a forest fire to spread to the city across the cleared and cultivated areas which surround it make Nelson practically immune from danger from forest fires.

It would be a mistake to endeavor to give the impression that there was need for anything but the most extreme care when in the woods to avoid starting a blaze. The danger of fire is ever present. Everyone should take scrupulous care to avoid setting a blaze with a cigar or cigarette butt, a lighted match or a camp fire. But as far as danger to Nelson goes there is virtually none and has been none.

MORE PATROLMEN NEEDED.

There has been some unjustified criticism of the forestry department officials in connection with recent fires.

The essence of the matter is that any blame which may exist rests upon the provincial government for its policy of reducing forestry department expenditures to such an extent that it has been impossible properly to carry out patrol work.

The time to attack a forest fire is when it first starts. One man, when a fire breaks out, can accomplish a task which would be impossible of accomplishment by a hundred men after it has got well under way.

If the forestry department were provided with sufficient funds to carry out an adequate patrol 90 per cent of the forest fires would never get sufficiently under way to cause any serious damage.

It is the penurious policy of running the department "on the cheap" which is in the main responsible for letting the fires get away, with the result that large sums have to be expended in fighting fires and larger sums are represented by the damage which is done.

"Spend more money on patrols" should be the slogan of the minister in charge of the forestry department. If that were done we would have few serious forest fires.

Officials of the department are not to blame. They are doing the best that can be done under the circumstances.

BUILD THE YMIR ROAD.

Every visitor who reaches Nelson by automobile from the south or the coast provides fresh arguments for the early completion of the Ymir road.

Automobile tourists who travel through the state of Washington tell of the thousands of tourists who are to be seen on the roads of that state. Many of them camp out for weeks along the roads of Washington.

Many scores of them express a desire to come to British Columbia, but there is no great likelihood of them visiting this province until the Ymir road gives direct connection with the south.

Valuable as are other roads which are being constructed, none takes the place of the Ymir road. None is as valuable as would be the Ymir road if it were built.

Austria with its army reduced to 30,000 men, which is too many for internal police purposes and too few for war, may naturally be expected to become an advocate of universal disarmament.

The Seattle Post-Intelligencer puts the pertinent question: If Bolshevism is as good as it is cracked up to be, why should the Bolshevist in America make such a fuss about being deported to his home?

Save up for the next Dominion war loan. You will want to take as big a slice as possible, not only because it will be a good investment, but also because it will help Canada to make good in the readjustment period which is now well under way.

Rice boiled in milk makes a good breakfast cereal.

COMMUNICATIONS

TAXATION OF CROWN-GRANTED LANDS

The Editor of The News:

Sir,—A mining deal of considerable importance has lately been made in the Slocan, whereby two fractional claims were sold to a well-known and active mining company for the sum of $65,000. We will hope and believe that the purchasers get good value for their money, and that they may be as successful in their new venture as their pluck and energy deserve.

The point of interest to myself, and no doubt to many of your readers, is the fact that this large amount of valuable property has for many years only contributed about $20 per annum to the provincial treasury, i.e., 25c per acre. The property was crown granted and only enough improvement had been done to obtain the crown grants; probably a scant $1,000 worth of improvements.

Now to hold a similar value of agricultural land idle and unimproved would have cost $26 per annum in times past when the rate was four per cent., or $3,250, since the present government raised the rate to five per cent. Agricultural land, if in a school district, has to pay a heavy school tax as well, whereas mining property is exempt. The fortunate owners of these claims have been blissfully, selfishly or intentionally idle for a decade or two, whilst their energetic neighbors have done the development work on the adjoining claims that has given these claims such a large value.

In the Slocan district it is said that there are over 100 crown-granted claims lying idle for every one that is being worked. Many of these claims are quite worthless apparently, most of them have not been half prospected, and a number are being deliberately held by designing speculators awaiting the results of other men's toil. Value is generally conceded to be the basis of equitable taxation, therefore an act which allows the speculative holding of valuable mineral lands on an acreage basis, whilst other property is taxed on its value, is as clearly unfair to the holders of other forms of property and so crude from a business point of view that it is high time that it was overhauled.

With silver at its present high price we see the great silver mining camp of the Slocan stagnant and depressed and the miners flocking out of Silverton. There are several good men looking eagerly for leases and they find properties that would suit them—unfortunately in nearly every case one or others of the co-owners of these properties is holding out for an absurd price so that the deals are blocked and our stupid and unjust mineral taxation encourages and assists them in their dog-in-the-manger attitude.

Oh, my brethren, the British Columbia electors, immovable in your majestic stupidity, how long will you blindly worship that antiquated piece of assinity, the great and only B.C. mineral act?

J. C. HARRIS.

New Denver, B.C.,
July 28, 1919.

To the Editor of The Daily News:

Sir:—I have just got hold of the Nelson News for last Monday, and there I saw a paragraph stating that Capt. G. Patterson was the first man in Nelson to enlist. This is not quite the case, but what happened is this: On the evening of the last Thursday of July, 1914, a few of the old Veterans' Society of Nelson had a business meeting in "Dick" Bennett's house on Silver street, and after discussing the political situation in Europe we agreed to offer our services and also endeavor to enroll recruits. They were "Dick" Bennett, Alf. Floyd, Charles Archer, Jack Kelly and myself. We started right then by sending a night lettergram to the minister of militia, Col. Hughes, offering our services, which were accepted. We then rustled parchment sheets for a roll of volunteers. On getting these sheets and meeting again on Sunday afternoon I saw that Mr. Patterson's name had already been put on. How, I don't know. We certainly volunteered first. Of these men G. Patterson and myself went away with the first draft for the 7th battalion. Although, unfortunately, I was sent back and re-enlisted with the 30th, so I was certainly amongst the first few to offer to fight for the Empire, the date of actually being attested cuts no ice if you are soldiering, just the same. Sorry to trouble you with this, but feel it is only just to myself. I remain,

Yours sincerely,
CORP. C. H. SWANNELL.
11th Canadian Garrison Regt. Vernon, B. C. No. 63833.

TOLD IN RHYME.

THE VEIL.

"There is no death, only a veil."—Sir A. Conan Doyle.

When darkness gathers all of sleep's largesse,
And from gold day steals the reluctant light,
When e'en the little, playing wind is still;
And only music of great silence
Makes straight the way for this slow-pacing night,

Then do they come, our dear, our living dead,
Walking beside us in familiar ways;
Not as elusive shadows, vague and chill,
But warm with life that is as perfume shed,
Gay with the laughter that made fair their days.

And still we say, with ever blinded eyes,
"How keen the aching thrust of mem'ry's spears,
Almost I felt the touch, the presence thrill,"
While they who are beyond life's wisdom wise
At our dull grief, smile, as at children's tears!

—I. May in the Sunday Observer.

E. H. Crumbley and H. Rees, two Kingston boys, are to receive the Royal Humane society medal for saving Mrs. Crothers from drowning.

Mining and Markets

FOUR SHIFTS ON THE QUEEN TUNNEL

Big Crosscut Is Lengthening Rapidly—Within Three Hundred Feet of Final Objective.

Working a crew of 30 men in four shifts, the long tunnel in the Queen mine on Sheep creek is rapidly lengthening, and is now in over 1200 feet. At a distance in of 700 feet the tunnel crosscut the Yellowstone vein, and it is expected to catch the the Queen vein, which is its objective, at about 1500 feet. The tunnel runs in a north and south direction, its mouth being located on Sheep creek about 600 feet above the fork of the Sheep and Wolf. From the intersection of the crosscut with the Yellowstone vein, a drift has been carried in an easterly direction for 200 feet, proving the ore on this veing to be variable in grade.

These facts were stated last night by A. W. McCune, who has the entire Queen property under bond from the Queen Mine, Incorporated, this including the Queen group of crown-granted claims, the Kootenay Belle group and the Vancouver. The object of the present development is to gain depth on the Queen vein, which produced so much good milling ore in times past. The recent workings, which have been stoped out, extended to the 700-foot level, which was 450 feet below the bed of Sheep creek.

The Queen has a 20-stamp mill and a compressor, both operated by water-power.

MAKE VISIT OF INSPECTION TO THE STANDARD MINE

G. H. Aylard of Victoria, vice-president and manager of the Standard Silver-Lead Mining company, and Charles Hussey of Spokane, secretary-treasurer, arrived in Nelson yesterday and will leave this morning for Silverton, to pay a visit of inspection to the Standard mine.

The Standard is at present working one shift of 20 men, the concentrator cleaning up on the old ore New work is being directed toward looking for a new ore body, the huge ore body that made the mine famous having been entirely stoped out.

SENATOR WRITES UPON COAL STRIKE

Indications That Men Propose Returning to Work—Letter Received by Commissioner Starkey

Stating that "there are indications that the miners propose returning to work i the near future," Senator D. Robertson, minister of labor, deals with the coal strike at Fernie and in District 18, in a letter to Fred A. Starkey, commissioner of the Associated Boards of Trade of Eastern British Columbia, who had written to him emphasizing the importance to industry generally of an early settlement.

Mr. Starkey, in his letter to the minister of labor, pointed out that the Granby company had closed down its copper smelter at Grand Forks in consequence of the coal strike, and that in other ways the continuance of the strike would have a disastrous effect upon industry in Eastern British Columbia, and pressed the point that something must be done.

Senator Robertson, in his letter, acknowledged receipt of Mr. Starkey's letter, with the resolution passed by the convention of the Associated Boards of Trade of Easter British Columbia, and continued:

Movement Doomed to Failure

"The details of the miners' strike in District 18 would be too lengthy to commit to paper, but are undoubtedly due to the One Big Union movement, which had for its purpose the general dislocation of all industry in Western Canada. However, it is already doomed to failure, and there are indications that the miners propose returning to work in the near future. They twice made agreements with the director of coal operations, Mr. W. H. Armstrong, and almost immediately repudiated their obligations under those agreements. Therefore the fuel director had no alternative but to permit the strike to occur."

CORN CROP REPORTED DAMAGED 25 PER CENT

CHICAGO, July 28.—Estimates that the corn crop had already been damaged 25 per cent by drought and heat and that the loss would be doubled by another week of such weather led to an excited advance today in the corn market. Prices closed strong, 1⅞c to 6⅛c net higher, with September $1.97⅝ to $1.97½ and December $1.72 to $1.72¼.

Oats finished ⅛c to 1⅜c up and provisions at gains of 2½c to 50c.

Eggs—Fresh, 62c to 64c; selected, 58c; No. 1 stock, 52c; No. 2 stock, 45c.

Potatoes—Per bag, car lots, $2.50 to $3.00.

SHIPPINGS BRISK ON WALL STREET

Rise in Values Follows Announcement of Settlement of the Marine Strike.

NEW YORK, July 28.—Stocks drifted aimlessly and with many irregularities and price changes after the strong opening of today's session, but hardened again toward the close on renewed absorption of equipments and steels.

The market was noteworthy for the prominence and strength of numerous special stocks hitherto inactive or almost unknown, while many recent speculative favorites were relegated to comparative obscurity.

Shippings were the sustaining features of the day, rising briskly on settlement of the marine strike. Motors, oils and food shares reflected the further confidence of pools, but tobaccos proved a partial offset. New York Dock common and preferred led the specialties and North American and Montana Power, the utilities.

Sales amounted to 850,000 shares.

Liberty bonds held steady and interests were firm, but the trend otherwise was irregular. Total sales, $14,650,000. Old U. S. bonds unchanged on call.

Closing Quotations.

MONTREAL EXCHANGE.

MONTREAL, July 28.—A further contraction in interest in Montreal stocks developed today. There was an irregular movement in the way of prices, with very little of outstanding interest. Iron rose to 69¼, finishing at 69, a gain of ¾. Steel of Canada firmed fractionally to 71¾.

Consolidated Smelters ranged between 30½ and 30¾ and closed at the former figure.

Canada Cement yielded to 71, while Converters, after reaching its record level at 67, sold down to 66½.

Total sales: Shares, 5508; bonds, $271,550.

WINNIPEG LIVESTOCK.

WINNIPEG, July 28.—Cattle trading at the Union stock yards today opened slow at easier prices on all lines. Butcher steers sold at $9 to $12; quite a few light common, thin steers sold for canners from $5.50 to $6.50; best quality female butcher cattle sold at $9 to $10.50; bulls ranged in price from $5.25 to $7.50; oxen, $5.50 to $8.50; stockers and feeders were in fair demand, but prices were easier on most kinds.

American buyers were on the market and took considerable cattle. Stockers sold at $5.50 to $7.75; feeders, $6 to $10.50. Veal calves sold slow; prices weak; very few calves sold over $9.50.

Sheep and lambs market dull. Best sheep sold at $19, while the top quality lambs only brought $12.50.

Hog prices held steady at last week's close.

Receipts today totalled 3000 cattle, 324 calves, 1178 hogs and 174 sheep.

TORONTO EXCHANGE.

TORONTO, July 28.—Transactions on the stock exchange were again on a narrow scale today and there was not much pep to the price movements.

Atlantic Sugar led the board, with trading in 295 shares and an advance from 53½ to 55⅛, closing at 55. Canada Steamships closed at 52. The preferred closed a half lower at 85. Canada Locomotive lost a point, closing at 82. Brazilian gained half and closed ⅝ up. Tucketts gained ½. Dominion Canners improved ⅛. In the curb list Hollinger sold off 10 to 6.50 and Brampton 1¼ to 63½.

U. S. GRAIN STOCKS.

NEW YORK, July 28.—A total of 33,793,000 bushels of wheat was received from farmers during the week ending July 18, according to figures issued today by the United States Grain corporation, covering the wheat and flour movement throughout the country. This compares with 17,493,000 bushels for the previous week and 32,518,000 for the same week in 1918.

Total stocks of wheat in all mills and elevators on July 18 amounted to 53,824,000 bushels, as against 43,698,000 on that date last year.

Production of flour for the week totalled 1,753,000 barrels, compared with 1,396,000 for the previous week and 1,590,000 for the same week in 1918.

Prunes are more wholesome if stewed without sugar.

PROVINCE WILL NOT SEND TEAM TO EAST

Mainland Football Association Decides Against Entering Connaught Cup Competition

VANCOUVER, July 28.—No football team from British Columbia will go east this summer to play for the Connaught cup. This decision was reached at a meeting tonight of the Mainland Football association. It was decided that the guarantee of $1500 for expenses offered by the Dominion Football association was not sufficient for the trip, and that the local champions will not play off with Calgary to decide which team should visit Eastern Canada.

The Hillhursts of Calgary, champions of the Alberta league, will be invited to Vancouver for an exhibition series, the first game to be played on Labor day.

Calgary Wants $3000.

CALGARY, July 28.—Officials of the Hillhurst Football club claim that before they think of going to Montreal to compete in the Connaught cup series the Dominion Football association will have to guarantee $3000 to cover transportation expenses. Hillhurst figures that the trip will cost $4000 and they are prepared to put up the extra $1000. In the event they do not go east, they will favorably consider Vancouver for an exhibition series.

DAVIS CUP TENNIS.

EAST BOURNE, England, July 28.—The tennis team representing the British Isles today won from the South African team in the Davis cup play, by four matches to one. The defeat of the South Africans entitles the British Isles team to play the winners of the match between the French and Belgian contestants.

HOLMES WINNER IN THREE TENNIS EVENTS AT PEG

WINNIPEG, July 28.—G. D. Holmes, recently returned from eastern tournaments, at which he made a fine showing, won the singles championship of Manitoba here today from W. D. Love in straight sets. With Love as partner he managed to win the doubles event also in straight sets, and to complete his consistent work, in partnership with Mrs. Bourque he captured the mixed doubles.

Mixed Farming and Dairying Ranch
A Going Concern

We consider this an opportunity to get started right. This property consists of 150 acres—23 acres in hay, 2 acres in orchard and garden, balance splendid grazing land in best cattle raising valley in the district. The orchard consists of about 120 fruit trees, mostly apple and in full bearing, and an abundance of small fruits, raspberries, currants, grapes, etc. Plenty of water from well and creek for irrigation and domestic use. Buildings consist of 5-room house, modern barn 40x40, log barn 20x30, chicken houses, implement shed, root house, etc.

We can offer the Ranch as a going concern, including all necessary farm machinery, wagon, sleighs, mower, horse rake, cream separator, cream cans, sprayer, etc., etc. Also house furniture, stoves, chairs, tables, beds, cooking utensils, etc. The live stock at present on the property is also included—18 head cattle, 5 horses and colt, pigs, chickens, etc.; also 20 tons of hay in barn and 2nd crop coming fine. In fact, just as it stands today with the exception of the owner's personal effects, including his piano and sewing machine. We have had nothing more complete to offer in our business experience. The price is **$9000.** which we consider very low. Figure it out for yourself—Total acreage, cleared land, buildings, implements, stock, furniture, hay in barn, etc., and remember it is a going concern and a money maker.

If interested call and get full particulars.

Hugh W. Robertson

Successor to McQuarrie & Robertson

CANOE FOR SALE—Splendid condition, looks like new; going cheap. Apply G. C. Boyer. Phone 401L3. (3638)

FOR SALE—One MacLaughlan-Buick Model 25 5-passenger car; first-class condition. One Harley-Davidson motorcycle. Nelson Motor Supply Co., 301 Baker St. (3603)

BOAT FOR SALE—Mahogany hull, 26 feet long, auto steering wheel, and top, wind shield and ventilators; splendid condition; going cheap for $350. Apply to H. A. Masters, Nelson. (3580)

BRITTON HAS EASY VICTORY OVER LEWIS

JERSEY CITY, July 28.—Jack Britton of Chicago, welterweight champion, easily defeated Ted "Kid" Lewis of England, former title holder, in an eight-round bout at the Armory Athletic association tonight. Britton earned the honors in every round except the first.

Each man weighed 145 pounds. Britton gave an extremely clever exhibition, walking about his opponent as he landed tantalizing jabs and left hooks. Lewi got the jump in the opening round, rushing to close quarters and landing hard body blows, but in the remaining rounds his efforts were wild and ineffective and Britton outfought and outgeneraled him.

JACK BRITTON TO MEET GRIFFITHS AT DENVER

DENVER, Colo., July 28.—Final arrangements for a boxing bout between Jack Britton, welter weight champion of the world, and Johnny Griffiths, of Akron, Ohio, at the Stock Yards stadium here August 7th, were completed today. The contest will be for 12 rounds and there will be no decision.

NEW ENGLAND TENNIS.

NEWTON, Mass., July 28.—R. Norris Williams second and M. Watson M. Washburn won the New England sectional tennis doubles championship today, defeating the Pennsylvania team of Craig Biddle and Charles S. Garland in straight sets, the scores being 6-1, 6-3, 6-2. Winners will qualify for play in the national doubles championship tournament.

KILBANE HAS SHADE THE ADVANTAGE OVER FOX

PHILADELPHIA, Pa., July 28.—Johnny Kilbane, featherweight champion, had a shade the better of "Joey" Fox, featherweight champion of England, in a fast six-round bout at Shibe park tonight.

In the second round Fox was staggered by left hooks and a right cross, but he held his feet. The fight was fast and rough from the start. Kilbane did most of the leading and was the aggressor until the sixth round, when Fox forced the fighting. The Englishman covered well and proved himself a clever boxer.

"Kid" Norfolk of Baltimore outpointed "Jamaica Kid" of New York in six rounds. Both are colored heavyweights.

B. C. TENNIS TOURNEY

VICTORIA, July 28.—In the first day of the British Columbia lawn tennis championships play which started here today only local competitors were drawn. Visiting players are on hand for tomorrow's draws.

REGINA RACES.

REGINA, July 28.—Calgary Earl won the 2:09 pace here today in straight heats. Becky Onward won the 2:24 pace after finishing sixth in the first heat. Top Boots copped the Regina Derby, getting away in the lead and never being headed. Weiga won the short running race. An immense crowd witnessed the races.

INTERNATIONAL LEAGUE

	R.
Rochester	4

NATIONAL LEAGUE

PHILADELPHIA, July 28.—Rixey weakened in the seventh and eighth today and Boston overcame Philadelphia's lead, winning 5 to 3.

Score:	R.	H.	E.
Boston	5	7	1
Philadelphia	3	11	2

Batteries — Demaree, Rudolph and Gowdy; Hogge, Rixey and Adams.

CINCINNATI, July 28.—In a contest full of hard hitting and poor fielding the Cincinnati team won their sixth straight game from Pittsburg today 8 to 7.

Score:	R.	H.	E.
Pittsburg	7	12	1
Cincinnati	8	15	4

Batteries—Hamilton, Carlson and Lee; Garner, Eller and Raridan.

BROOKLYN, July 28.—Phil Douglas pitched his first game in a New York uniform today and beat Brooklyn 7 to 4.

Score:	R.	H.	E.
New York	7	13	5
Brooklyn	4	8	3

Batteries—Douglas and Gonzales; Mammaux, Mitchell and Miller.

Chicago-St. Louis, postponed; wet grounds.

AMERICAN LEAGUE

BOSTON, July 28.—Pennock pitched his second win of the series over the New York club today, winning 5 to 1, thus giving Boston three out of four.

Score:	R.	H.	E.
New York	1	8	0
Boston	5	9	0

Batteries—Schneider, Russell, McGraw and Hannah; Pennock and Schang.

Only one game scheduled.

Windsor's fuel committee has been authorized to buy 5000 tons of anthracite coal.

The Hudson's Bay Company

REGINA EXHIBITION

REGINA, July 28.—The livestock show at the annual provincial exhibition will this year excel in many respects previous shows in Regina and is, without question, the finest attraction at the big fair. The horse classes are all well filled and there will be an interesting contest when the grand championship in the Clydesdale stallions is awarded. In the cattle show the Herefords are supreme, with over 125 entries, and in this breed John Vanatta, of Infayette, Indiana, will have a hard task to place the female grand champion. The Holsteins are a specially fine lot this year, with four large herds of the best dairy type on exhibition. Shorthorns and Aberdeen Angus are large classes. Veteran exhibitors are showing in the Belgian and Percheron horse classes, and all contests in the judges' rings will be very interesting. Stock men here today consider the show best ever in Regina.

NO TRACE OF HULK

VICTORIA, July 28.—The steamship Princess Charlotte on arrival here this afternoon from Vancouver, reported that there was no trace of the burning steamer Admiral Knight. The vessel's boilers blew up about 3 o'clock this morning and it is presumed the derelict sank.

RETURNING TO ROME

VICTORIA, July 28.—Commandatore Garbasso, Italian minister in Pekin, was on the Empress of Russia when she arrived here tonight from the Orient. He is on his way to Rome, where he will assume the post of secretary of foreign affairs.

PRINCE TO DECORATE ROYAL AIR FORCE MEN

TORONTO, July 28.—In connection with the coming visit to Canada of his royal highness, the Prince of Wales, the air ministry, London, England, has made arrangements for the investure of personnel of the royal air force now residing in Canada with decorations won in the theatre of war.

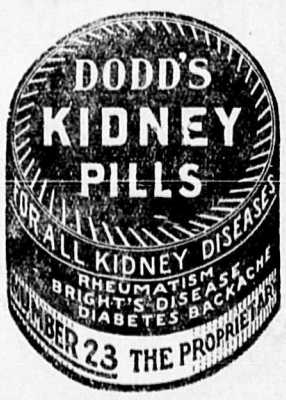
Application for investure should be made to R. A. F. headquarters, Toronto.

PAPER WORKERS STRIKE.

QUEBEC, July 28.—Eleven hundred hands employed at the Montmorency mills of the Dominion Textile company went on strike this morning out of sympathy for the strikers of the firm in Montreal, also to impose their demand of a raise of 40 per cent in their wages.

GERMANS TO PUBLISH ALLEGED BRITISH NOTE

PARIS, July 28.—The German government will publish immediately, according to the Frankfort Gazette, the British telegram mentioned in the note of Monsignor Pachelli, papal nuncio at Munich, which Herr Erzberger on Friday told the German national assembly contained peace proposals.



TIMBER SALE X1508.

Sealed tenders will be received by the Minister of Lands not later than noon on the 11th day of August, 1919, for the purchase of Licence X1508, to cut 1,363,000 feet of White Pine, Hemlock, Cedar, Spruce and Fir, 240,000 lineal ft. of Cedar Poles and Piling, and 750 Cords Cedar Posts on an area adjoining S.T.L. 7317P, Gwillim Creek, near Slocan, Kootenay District.

Three (3) years will be allowed for removal of timber.

DOMESTIC SCIENCE EXPERT COMING HERE

Miss Olive Hayes, government expert in domestic science, will give a four days' demonstration in Nelson some time this fall. She is coming to the city under the auspices of the Nelson and district Women's institute, and the subjects she will lecture on were decided upon by the institute at a meeting held at the city park last evening. The four subjects chosen were, vegetables, food for the growing child, invalid cookery and dry cleaning.

Good bread pudding is made with apples and brown bread.

MOONSHINE STILL LOCATED BY POLICE ON ANDERSON CREEK

BIG TENT CONTAINING "DISH PAN" STILL IS FOUND HIGH ABOVE SVOBODA RANCH—ELABORATE OUTFIT WOULD HAVE AROUSED ENVY OF A KENTUCKY OPERATOR—PROVINCIAL AND CITY POLICE AND REVENUE OFFICER IN AT THE FINISH—ONE MAN IS ARRESTED—ANOTHER SUSPECT KNOWN—MEN HAVE BEEN WATCHED FOR MONTHS.

An elaborate still which would have aroused the envy of any Kentucky moonshiner, situated in what was probably one of the most inaccessible and wonderfully protected spots in the mountains in the vicinity of Nelson, was the find made yesterday by Chief Provincial Constable Gammon, Chief of Police T. H. Long of the city force, Constable Pearman of the provincial police, and Thomas J. Scanlan, inland revenue collector for Nelson district. The find was made after two months spent in diligent search by the local police authorities, who had had considerable suspicion aroused through arrests made about four months ago for illegal possession.

One Man Arrested.

As a result of the find and the subsequent chase Rudolf Moar, a naturalized Austrian, was arrested about 11 o'clock last night by Sergt. Alex Stewart of the city police force, and the police are now on the tracks of Frank Minozzi, better known as Big Frank, and his apprehension is hourly expected.

The still, which was located high up on Anderson creek, had full steam up and presented a wonderful spectacle of activity to the police when they located it yesterday afternoon. It was found in a tent 14 feet by 18 feet, and consisted of a large furnace, on top of which was found a boiler of mash. Over the boiler of mash was an elaborate series of pans, over which was flowing a continuous stream of cold water conducted from Anderson creek, by hose connections. It was estimated by the police last night that the still would hold 10 gallons.

In Ideal Location.

The site chosen for the illicit business could hardly have shown more careful selection and the police found it to be almost impossible to locate until they were right on top of it. In addition, those operating it were able to scan the countryside for miles in all directions and approach without detection would be impossible.

The excursion which resulted so profitably to the police commenced yesterday afternoon at 2 o'clock, when the party left for the Svoboda ranch, where it was suspected Minozzi and Moar were residing. A search of these premises was fruitless, there being no one on the place and nothing of importance to be found. A search of Anderson creek followed, and here the first clue was found when Constable Pearman located an empty barrel on a log, beautifully camouflaged with bark of trees. Pursuing their clue 500 yards further up the creek the police were rewarded for their efforts and the still was found in full operation, the owners having evidently left the vicinity just a few minutes previous.

Fifty Gallons of Mash.

In addition to the still, here the police found 50 gallons of mash or wash of dried grapes fermenting in barrels, two empty barrels, a barrel of empty bottles soaked ready for washing, a sack of corks, spices, burnt and brown sugar.

The owner of the still must have heard the approach of the police, who state that investigation showed fresh marks in the vicinity, evidently made by someone beating a hasty retreat.

There were three pints of spirit ready prepared in the vicinity.

The police description of Minozzi states that he is a man of from 40 to 45 years of age, height about 6 ft. 2 in., weight 240 lbs., ruddy complexion, big shaggy moustache and beard, wearing brown hat and overalls.

Went About Armed.

Moar had been arrested twice previously by the city police for illegal possession of spirits, on the first occasion being fined $50 and on the second $200.

The pair are stated to have been residing on the Svoboda ranch, from which, it is stated by the police, they never went forth without Minozzi's 45-70 rifle. Neither of them had been seen in the vicinity of the city for the past four months.

WOULD ENCOURAGE TOURIST TRAVEL IN THE KOOTENAY

A tourist club that would have for its sole object the placing before the traveling public of the attractions of Kootenay and the Boundary and the encouragement of greater travel in the district such as is well merited is advocated by H. E. Dill of Nelson, who believes such an institution would soon justify its existence.

Mr. Dill is quite confident that such a club would not clash with any of the present organizations in the city and would perform many valuable duties that are not at present covered in the activities of local clubs and organizations. The objects of the club should be essentially, he states, to get to the heart of the tourist trade in such a way as to keep the district always to the fore, in which respect he believes it is now more than necessarily neglected.

Although during Sunday no smoke was rising from the site of the late fire on Evening mountain, last evening a thin column of smoke betrayed the presence of fire again. District Forester E. B. Prowd went up to the scene last night with men to re?enforce the men patrolling the fire-line. So far as could be seen at midnight, the fire, if any, was then of small dimensions.

The choir of Trinity Methodist church will hold a basket picnic Wednesday afternoon, leaving the city wharf at 1:30 for a point on the West Arm. All members and friends take notice. (3700)

Social and Personal

J. E. Annable left last night on a trip to Deer Park.

G. McPherson will leave for Vancouver this morning.

Joe Ferarro, the Silverton miner, is a visitor in the city.

W. R. Salisbury, the Salmo miner and livery man, is registered at the Hume.

Dr. W. K. Feare, of Silverton, is a visitor in Nelson on professional duties.

Among the guests at the Strathcona last night was F. L. Churchill, of Mankin Spur.

B. L. Eastman, of Riondel, was a visitor in the city yesterday and stayed at the Hume.

Miss Edith Ross has returned from the coast, where she has been spending two weeks' vacation.

Harry Robinson, of the Bank of Montreal staff, has returned from his vacation spent at the coast.

Mr. and Mrs. Ray French arrived last evening from Okanagan to visit Mr. and Mrs. Russell McEwen.

Lieut. Arthur Gilker arrived back in the city last night after an absence of about two years in England.

Roy Maurer has returned from Seattle, after taking a short post graduate course in special dental subjects.

Pte. J. Chauney of the 54th battalion arrived in Nelson last night on his way to Vancouver for medical treatment.

The Dominion government barge has been taken to the Canadian Pacific shipyards in Fairview, where it is to undergo repairs.

The annual picnic of the Sunday school of St. Paul's Presbyterian church will be held tomorrow afternoon at the city park.

Word has been received by R. G. Joy that Sergt. W. McInnes, brother of the late Sergt. Charles McInnes, is en route home from overseas.

Gordon Irving, Bob Thompson and Ronald Smith are leaving this morning for Six Mile lakes, for a camping trip of three or four days.

F. W. Sterling, district freight agent for the Canadian Pacific railway, left for the Slocan yesterday. He is expected to return this evening.

George Boyer of Willow Point, accompanied by his mother and sister, will leave on the Kettle Valley train this evening on a visit to the coast.

A basket picnic will be held tomorrow afternoon at Ferndale, on the West Arm, by the choir of Trinity Methodist church, launches leaving the city wharf at 1.30 o'clock.

Miss McConnon, who has been in the Kootenay Lake General hospital suffering from injuries to her head sustained in a recent fall, has recovered sufficiently to leave the hospital.

Mrs. John T. Brown and Mrs. Eli Sutcliffe have received the sad news from Lancashire, England, of the death of their father, James Isherwood. He had been a member of the order of Oddfellows for over 50 years.

E. Buxton, Grand Forks returned soldier, was in Nelson last night on his way to Lardo to visit friends. After two weeks in Lardo he will go on to Vancouver, where he will take up vocational training at the University of British Columbia.

Miss Freda Hume, of the staff of the Royal Bank, swam the West Arm at Nelson on Sunday afternoon, twice, crossing from her father's ranch to the city wharf and returning to the starting point. She was escorted by a rowboat.

R. G. Joy, secretary of the Returned Soldiers' Welcome committee, has been informed that Pte. H. C. Laviolette, son of Mrs. A. J. Laviolette of the Granite road, is en route home from overseas, having left Halifax on July 24th. Pte. Laviolette has been overseas since 1917.

George Clerihew was last night re-elected to the board of school trustees of the Hume school, Fairview, without ballot, and G. N. Gilchrist was re-elected auditor at the annual meeting of the board held in the school building. Mr. Clerihew's term of office will be for the ensuing three years.

Miss Jean Creighton, of Giscome, Prince Rupert, and formerly of Nelson, has been visiting in the city for the last few days as the guest of Miss Hazel Nelson. She left yesterday afternoon for Molly Gibson to visit Mr. and Mrs. George Creighton. Miss Creighton spent last term teaching a school at Giscome and she expects to return next term.

Mr. and Mrs. Fred T. Kelly, of Spokane, arrived in Nelson Sunday and left yesterday for Sandon, where Mr. Kelly has real estate interests in conjunction with J. M. Harris of Sandon. Mr. Kelly was associated with the Reco mine, which was recently taken over by the Dunsmuir interests, in connection with the Noble Five property, which it adjoins.

Ernie J. Walsh, who won a medal for Scotch dances during the International Mining convention held in Nelson in 1917, was yesterday presented with it by Fred A. Starkey, on behalf of the management, the presentation taking place at the C. P.R. Telegraphs, where young Walsh is employed. At the recent International Mining convention here, Walsh played in the pipe band which welcomed the American delegates on their arrival from Spokane.

J. N. Ellis, K.C., of Vancouver, and Mrs. Ellis, who have been making a two weeks' tour of the Kootenay, coming to Nelson from the Windermere valley, left last night for Vancouver, after spending three days in Nelson as guests at the Hume. They paid a motor visit yesterday to Bonnington Falls, and declared that the twin cataracts in scenic qualities really rivalled Niagara. They expressed wonder that these falls were not better advertised.

R. H. Stewart, of Vancouver, formerly manager of the Consolidated Mining & Smelting company of Canada, and G. A. Lafferty, manager of the Bank of Montreal at Rossland, with Mrs. Stewart and family, motored over from Rossland yesterday. Mr. Lafferty returned last night to Rossland. Mr. Stewart leaves this morning for Salmo, en route to the Nugget mine, while Mrs. Stewart and children are making a visit at the home of Mr. and Mrs. E. A. Crease, on the West Arm.

W. H. Turner has returned to the city from Nevada, where he has been on mining business.

After the departure of Mr. and Mrs. Carl Larson for an automobile trip to Tacoma, the following wedding presents were received: From Mr. and Mrs. G. A. King, Spokane, jardiniere; Mr. and Mrs. A. Gellon, linen; Mr. and Mrs. Tattrie, Silverton, jardiniere; Mr. and Mrs. J. W. Tenpleman, Calgary, $100 check; Mr. and Mrs. R. Sharp and Herb Sharp, coffee percolator; Dr. and Mrs. W. B. Steed, tea tray; Mr. and Mrs. J. W. Holmes, Subdury, Ont., silver cream pitcher and sugar bowl; Mr. and Mrs. E. A. Crease, mantle cloth; Mr. and Mrs. Fraser, Winnipeg, cut glass bowl; Mr. and Mrs. R. W. Eddy, Rossland, cut glass tray; Dr. R. Maurer and Miss L. Oatts, cut glass cream pitcher and spgar bowl; Kootenay Steam Laundry staff, tea table; Otis Hawkins, cut glass bowl; Mr. and Mrs. C. Murray, silver bread knife; Robert Laughton, silver knife rests; Mr. and Mrs. A. C. O'Neill, aluminum kitchen set.

"The Light of Western Stars"
A red-blooded, gripping story. An out-of-the-ordinary special with real action. The grandeur of scenery is a positive delight. An unusual Western story filled with the spirit of Zane Grey's romance of the Border. A picture that should meet with the heartiest commendation of all patrons.
TWO-PART FOX COMEDY
"The Cloud Punchers"
Here's a rattling good comedy. Guaranteed to make laughter.
Tomorrow:—
Doug. Fairbanks in one of his latest plays, "ARIZONA"

Third Dose Relief! Fifth Dose! Diarrhoea Stopped
Diarrhoea does not need to persist for any length of time until the whole system is weakened and debilitated. No other disease so quickly undermines the strength and brings about a condition of prostration and very often total collapse.
Dr. Fowler's Extract of Wild Strawberry is not only prompt and effectual in checking the diarrhoea, but at the same time acts as a stimulant, strengthens the heart and braces up the whole system, and one of its principal points is that it does not leave the bowels in a constipated condition.
Mr. W. H. Arnold, Fort Qu'Appelle, Sask., writes:—"A few years ago while out threshing, I had a severe attack of diarrhoea. Nothing I took seemed to do me any good. I was getting worse all the time. Hearing that Dr. Fowler's Extract of Wild Strawberry was good for diarrhoea, I want into town and procured a bottle. After the third dose I felt relief, and after I had taken the fifth dose the diarrhoea had stopped. I always keep it in the house, and would not be without it."
See that you get the original "Dr. Fowler's." It has been on the market for the past 74 years. Substitutes may endanger your health. Price 35c. Put up only by The T. Milburn Co., Limited, Toronto, Ont.
