GERMANS TO BE TOLD WHAT THE TERMS WILL BE

Peace to Be Dictated to Them

ACCEPT OR FIGHT AGAIN

No Arguments Are to Be Heard by Entente

(By Daily News Leased Wire.)

PARIS, March 16.—The present determination in peace conference circles is that after the allied and associated powers have reached a complete understanding regarding the conditions to be imposed on Germany, the German delegates will be called to Versailles, but they will not be allowed to discuss the conditions, the intention of the allied and associated powers being to dictate peace terms.

Either the German delegates must accept the terms and sign, or a state of war will continue. The general opinion here is that in view of the internal situation in Germany, the delegates of that country will accept rather than expose the country to a graver risk and more drastic measures.

Polish Commission.

PARIS, March 16.—The report of the Polish commission on the eastern boundary, which is on Monday's business before the council, proposes to give German direct land communication across the corridor to the Baltic which has been accorded to Poland and which cuts off part of east Prussia from the rest of Germany. The report suggests that for Poland's security, the German territories to the east of the corridor will be demilitarized.

It is also proposed by the commission that the 600,000 Protestant Poles in the Mazurian Lake region be allowed to determine by plebiscite whether they shall join Catholic Poland or remain German.

LONDON MEETING HEARS REPORT OF COMMITTEE

(By Daily News Leased Wire.)

LONDON, March 16.—At the meeting of the delegates of the national railway union Friday an interim report of the negotiating committee was taken under consideration. This committee has, during the past three weeks, been conferring with the board of trade with a view to reaching a settlement on the demand of the union, styled, "the national program." It reported not only on all the proposals of the railway company's executive committee, but also on the principles on which the proposals were based, and intimated to the government refusal of the union to compromise on the national program.

TROUBLE STILL IN VICTORIA

Metal Trades Council's Demand for Recognition Threatens to Hold Up Settlement.

(By Daily News Leased Wire.)

VICTORIA, B. C., March 16.—Although employers have agreed to conside all the demands of the 370 striking metal workers in respect to wages, the insistence of the metal trades council for recognition may prolong the tie-up that has dislocated activity in Victoria's machine shops for more than a week.

A meeting of the strikers was held last night at the labor hall and proposals for settlement from the employers were submitted by Joshua Kingham, president of the board of trade, acting as intermediary.

The employers are conceding the men's demands for the whole of the 4 cent increase an hour, retroactive to Jan. 1, according to the Macdonald award, previously disputed.

Before taking further action, the strikers will hold a mass meeting at the labor hall Monday afternoon at 3 o'clock, labor leaders expressing confidence tonight that a settlement will be reached before long.

BOLSHEVIKI KILL 600 JAPS; ASSASSIN MENANCES LENINE; RED CROSS WORKER EXECUTED

(Special to The Daily News.)

VLADIVOSTOK, March 16.—(Delayed since Tuesday, March 11)—(By the Associated Press)—Two companies of Japanese troops were virtually wiped out by the Bolsheviki in fighting near Stramskoe, fifty miles northeast of Blagoviestchensk, Feb. 26. Two hundred and fifty men were engaged. Major Tanaka, commanding the Japanese, was killed.

In the second battle, March 3, at Pralovka, 30 miles to the north, the Japanese suffered ninety casualties. In the two engagements, the Bolsheviki left 600 dead on the field.

Japanese Outnumbered.

The campaign against the Bolsheviki has gathered in force. It began early in February with a battle near Pochkaloc. The enemy then moved north through Alexiev and rallied at Skramsko. Though greatly outnumbered two Japanese companies of peace strength engage the Bolsheviki but were defeated.

The enemy afterwards moved southeast to a point ten miles east of where the first engagement occurred.

Here he was again attacked by a reinforced Japanese column. The engagement is continuing with the enemy moving southeast, pursued by the Japanese.

Assassin After Lenine.

COPENHAGEN, March 16.—Another attempt has been made against the life of Lenine, the Russian Bolsheviki premier at Moscow, according to reports received here.

Shots were fired at Lenine, but he was not injured. His chauffeur was wounded.

Kill Red Cross Delegate.

LONDON, March 16.—The Bolsheviki have executed a Swedish Red Cross delegate at Karkov, according to a Stockholm dispatch to the Central News.

Letts Take Frauenburg.

STOCKHOLM, March 16.—Lettish troops captured Frauenburg, northeast of Libau, from the Bolsheviki on Monday and took a great quantity of war material, a large number of machine guns and many prisoners, a dispatch from Libau says. The Bolsheviki retired in the direction of Mitau.

The Letts also advanced west of Frauenburg and drove the Bolsheviki from the region of the Baltic port of Windau.

57 Killed in Attack.

ARCHANGEL, March 16.—Bolsheviki forces made a determined effort Friday to cut the communications by the United States and allied columns of the Dvina and Vaga rivers, but their attack was repulsed with heavy losses. The enemy lost 57 dead and 4 prisoners. The allied casualties were one soldier wounded.

Hard to Suppress.

VLADIVOSTOK, Siberia, March 15.—(By W. E. Playfair, Canadian Press Correspondent) — Bolsheviki activity in the Krasnoyarsk and Amur districts continues. When the enemy is defeated in one village he immediately appears elsewhere and continues the guerilla warfare. The large rivers in Siberia crossing the railway are used as a refuge by enemy bands, which were driven from the line last summer by the Czech forces. The allies aim to defend the railway is a heavy task, requiring large forces.

Colonel J. S. Dennis, chairman of the Canadian economic commission to Siberia, sailed for Japan today, and on April 5 will take the Empress of Asia at Yokohama for Canada.

SCOUTS COUNCIL MEETS IN OTTAWA

At Annual General Gathering Dr. J. W. Robertson Chosen to Succeed Col. Sherwood as Commissioner.

(By Daily News Leased Wire.)

OTTAWA, March 16.—Annual general meeting of the Canadian general council of the Boy Scouts association was held at Ottawa, at the Chateau Laurier, on Saturday, under the chairmanship of His Excellency, the Duke of Devonshire, chief scout of Canada.

The report of the executive committee showed that the movement had made steady progress during the past five years, notwithstanding the drain upon its officers and scouts for overseas service.

The election of officers resulted in Dr. J. W. Robertson, Ottawa, becoming Dominion commissioner, succeeding Col. Sir Percy Sherwood. Gerald H. Brown was reelected honorary Dominion secretary; Lieut.-Col. R. H. Henderson, honorary treasurer, and Francis H. Grisborne, honorary counsel. The following were elected members of the executive committee:

Right. Rev. Dr. J. C. Roper, bishop of Ottawa; Sir Henry Egan, Gilbert E. Faquahier, Major E. C. Woolsey, Lieut.-Col. R. J. Birdwhistle, Major A. A. Pinard, Col. Sir Percy Sherwood of Ottawa, Lieut.-Col. A. W. Gooderham, Lieut-Col. Noel Marshall, W. K. Gorge of Toronto, and Col. G. R. Starke, J. M. McIntyre, Lieut-Col. F. M. Cole, and C. W. Rowler, of Winnipeg; and Lieut-Col. James F. Cunningham, honorary auditor.

The medal board, which reviews all applications for awards in cases of gallantry and saving of life, consists of the following:

F. H. Grisborne, K. C.; Lieut.-Col. R. J. Birdwhistle, Right Rev. Dr. J. C. Roper, Maj. E. C. Wolsey, and Maj. A. A. Pinard.

Much interest was aroused over the announcement of the intention of Lieut.-General Sir Robert Baden-Powell's visit during the month of May.

ONE DESERTER FINED $230 AND COSTS

(By Daily News Leased Wire)

SHERBROOKE, March 16.—Judge Mulvena on Friday handled the first cases of alleged desertion which have come before him since the recent general mixup had take place over the various orders-in-council.

Charged with being absent without leave and failing to report for military service when notified Edgar Paquette of Magog was fined $230 and costs or three months in jail.

Accused of failing to report for medical examination when notified to do so, Odias Gaoulet of Sherbrooke was fined $25 and costs or 30 days.

Judge Mulvena notified the government representative that he had received no documents relating to the late order-in-council which seemed to counteract one another and that he would only deal with cases in which the accused pleaded guilty unless the government saw fit to employ counsel.

COTTIN APPEALS.

(By Daily News Leased Wire.)

PARIS, March 16.—(Havas)—An appeal has been entered against the death sentence passed on Emile Cottin, the assailant of Premier Clemenceau.

RAILWAY CLERKS ASK WAGE RAISE

Freight Handlers and Station Employees Also at Meeting in Montreal to Demand 25 Per Cent Increase in Salary.

(By Daily News Leased Wire.)

MONTREAL, March 16.—Railway clerks, freight handlers and station employees met on Saturday night here to discuss the terms of a new basis of pay and general working conditions, the principal feature of which is that an advance in wages equal to 25 per cent is asked for by the men. A proposed memorandum of agreement between the railway companies and the Dominion transport company as employers and the mebers of the International Brotherhood of Railway Clerks, freight handlers and station employees was approved and adopted, and the officials of the union were authorized to forward the proposed memorandum of agreement to the employing corporations. The agreement is intended to cover the period from April 16 next to December 15, of this year, the navigation season.

It provides for an 8-hour day at a rate of 65 cents per hour as against 43 cents, the old scale, and in the case of salaried employees, a general increase of 25 per cent is proposed. There are corresponding increases asked for in regard to the overtime duty. Men called upon to work meal times on work days are to be paid double time or legal holidays quadruple time. All questions arising as to working conditions or discipline are to be settled through the grievance committee to be appointed by the local unions and it suggested that all employees shall have the right to absent themselves for business in the interest of their union.

At the expiration of the agreement in December it is proposed that the employees of the companies concerned shall revert to the rates prevailing in the McAdoo award and that the men shall receive all back pay accruing to them under the provisions of that schedule.

UNITED STATES WILL RECEIVE EIGHT GERMAN SHIPS

PARIS, March 15.—Under the agreement which the Germans made at Brussels in connection with the provisioning of their country, the United States will receive eight German ships which will be ready to go to sea within four days. The vessels are the Zeppelin of 15,200 tons, the Prinz Friedrich Wilhelm of 17,000 tons, the Graf Waldersee of 13,000 tons, the Patricia of 14,466 tons, the Cap Finisterre of 14,500 tons, the Pretoria of 13,200 tons, the Cleveland of 16,900 tons, and the Kaiserin Augusta Victoria of 25,000 tons.

EAST CONGRESS MARKS EPOCH IN JUDISM PAST

FIRST CANADIAN JEWISH CONFERENCE AT MONTREAL REPRESENTED BY ALL OF THAT SCHOOL OF THOUGHT.

(By Daily News Leased Wire.)

MONTREAL, March 16.—The first Canadian Jewish congress, which opened in the Monument Nationale under the presidency of Lionel Cohn, marks an epoch in the history of Judism on the North American continent, inasmuch as this was the first congress which, as Dr. Abrahamowitz stated, was representative, not only of the classes, but of the masses and of all schools of Jewish thought and elements that constitute the Jewish population.

Clarence de Sola reported that Palestine would be a separate autonomous state, entirely independent of the neighboring Arab state that had been created south and east of Palestine, and entirely independent of any government that might be established around it.

Practically the whole land of Israel from Dan to Bersheba would be theirs. This state will be officially recognized by all the powers as the homeland of the Hebrew people. (Loud applause.) A provision will be made to promote the settlement of a large number of Jewish colonies so that within the present generation the Hebrew race will form the preponderant population of the land of Israel once more.

AUSTRALIA GIVING MONEY TO MUNICIPALITIES

MELBOURNE, March 16.—(Reuter's)—The commonwealth government is giving half a million sterling to local governing bodies throughout Australia to be expended on work which will provide employment for returned soldiers.

U. S. RAILROADS TO CHANGE TIME ON MARCH 30

WASHINGTON, March 16—To make effective the daylight saving law, Director Hines today instructed railroad to turn their clocks ahead one hour at 2 a. m. on Sunday, March 30. Trains will run on the new schedule thereafter and will be held only at terminals. While on the road they will not stop for an hour to make up the difference in time. Clocks will be moved back an hour at 2 a. m. on the last Sunday in October.

CALGARY VETERANS DISCUSS SETTLEMENT ACT

(By Daily News Leased Wire)

CALGARY, March 16.—One thousand veterans at a meeting of the provincial camp here this afternoon, roared their approval when one of them suggested that the whole land setlement act should be thrown out, no resolution was passed however.

The meeting criticized the appointment of R. J. C. Stead as publicity commissioner of the immigration department when capable soldiers had applied and also the sentiment that soldiers were butting up against a stone wall when they went to seek government jobs. They also memorialized the provincial government regarding the appointment of civilians to government positions.

Dominion-wide Literary Competition of Prose and Poetry to Be Divided Into Three Classes.

(By Daily News Leased Wire.)

OTTAWA, March 16.—The executive of the arts and letters club of Ottawa in a statement to the press, announces a Dominion-wide literary competition, one of the chief prizes for which has been donated by his excellency, the governor-general.

The competition is to be divided into three classes, open, respectively to the general public, the war veterans and school pupils.

His excellency's prize has been designated for the war veterans' division. The scope of the competition is to embrace both prose and poetry.

The governing regulations and complete list of prizes will be announced later. The object of the club is to stimulate and promote intellectual achievement and Canada's part in the war is expected to furnish the theme for many of the manuscripts to be submitted.

EX-KAISER'S SON ASKS FOR DIVORCE

(By Daily News Leased Wire.)

AMSTERDAM, March 16.—Eitel Freiderich, second son of the former German emperor, the Kleine Paper of Berlin, states, has commenced divorce proceedings, charging infidelity before the war. The paper adds that when the former prince attempted to begin proceedings before the war, his father vetoed the plan.

Eitel Freiderich was married in 1908 to Grand Duchess Sophia Charlotte of Oldenburg.

Committee Has Been Appointed—Exhibit of Ores for Vancouver Mining Convention.

(By Daily News Leased Wire.)

DAWSON, Y. T., March 16.—(Canadian Press)—The Yukon is greatly interested in the international mining convention, which convenes in Vancouver on Monday, and a large quartz exhibit has been forwarded from Dawson. Fred T. Congdon, K. C., former member of parliament for the Yukon, has been asked to tell the convention of Yukon's resources and opportunities.

The Yukon Development league, recently organized, has today a membership of 500 and is growing rapidly. A big meeting will be held on Tuesday to pass resolutions covering Yukon's needs in mining and in other ways. News that a 30-foot vein of concentrating silver-lead has been struck in the Lookout mountain group, Mayo district, is considered very encouraging.

The Yukon legislative council has been postponed until May 5 to allow more time for distant members to arrive.

A welcoming committee has been formed here to receive returning Yukon veterans and assist in their reestablishment in civil life. The committee consists of George Mackenzie, chief executive of the territory; Judge Black of the Yukon court; Colonel Knight, commander of the mounted police, and representatives of patriotic and fraternal societies. Some veterans now are arriving over the winter trail, and a good many are expected on the opening of navigation.

City Wage Committee Decides to Offer Increase to Workers to Cover That Amount

(By Daily News Leased Wire)

WINNIPEG, March 16.—Sitting for over eight solid hours Saturday afternoon and evening, the city's wage committee made considerable progress with the schedules of increased pay and better working conditions asked by the employees in several of the principal departments. It was shown that the cost of living had increased in the past 12 months to the extent of 9.56 per cent. The city is ready, it was intimated, to offer a straight increase of 10 per cent and with minor adjustments let the year's schedule go at that so far as actual wages are concerned.

While several of the committee members talked in a strain which indicated the city's willingness to concede the two-platoon system for the rifle department, others were equally form that if such was going to mean a mill and a half or more added to the already heavy tax rate, it must be decreased at least for this year.

The committee banned the idea of a blanket increase of a straight $15 per month increase for all earning less than $200 per month but readily acceded to a suggestion that no married man with dependents get less than $100 a month.

WANT RAIL CONNECTION YUKON AND PROVINCES

(By Daily News Leased Wire)

DAWSON, Y. T., March 16.—"Give the Yukon Canadian transcontinental railway connections and the Yukon will pay Canada's war debt," says the Dawson daily in a special development number, pointing out that the territory has contributed $200,000,000 in gold alone to the world in 20 years.

TWO POWER SCHOONERS ARRIVE AT KODIAK ISLAND

SEATTLE, March 16.—Carrying supplies to needy for western Alaska districts, the power schooners Bender Brothers and Eunice arrived at Kodiak island March 11, according to word received here today. It was believed that the two have already left Kodiak for the westward.

The boats will try to reach some point on the Aleutian islands, where the goods will be transferred to shore and carried overland to the Kuskokwim district, where the inhabitants are reported short of food.

GERMANS AGREE TO DEPOSIT $55,000,000 IN BRUSSELS CITY TO GET 270,000 TONS OF FOOD

BERLIN SAYS GOVERNMENT WILL FURTHER BE ENTITLED TO BUY TONS OF EATABLES EACH MONTH FROM OTHER NATIONS 370,000 IN ADDITION TO FISH AND VEGETABLES FROM EUROPEAN COUNTRIES AS RESULT OF NEGOTIATIONS AT WHICH THERE WERE NO GREETINGS AND REMARKS OF ENEMY DELEGATES WERE MADE IN CURT MANNER—SUB-COMMITTEE ON FOOD HEADED BY HERBERT HOOVER.

COPENHAGEN, March 16.—Germany, in consideration of a deposit of £11,000,000 in gold at Brussels will receive an immediate delivery of 270,000 tons of foodstuffs, according to a Berlin version of the agreement entered into between the German delegates and the representatives of the allied powers at Brussels.

Germany will further be entitled to purchase monthly 370,000 tons of food in enemy and neutral countries besides fish from European waters, and in addition, vegetables.

The restrictions on fishing in the Baltic will be removed, the dispatch says, and it is Germany's most important task in the immediate future to increase to the utmost, her exports of raw materials and industrial products.

370,000 Tons Monthly.

BRUSSELS, March 16.—A monthly ration for Germany of 370,000 tons of foodstuff was fixed today by the allied commission which is in this city conferring with a German delegation as to the turning over of German merchant ships and German-owned securities in payment for food shipments. The Germans observed that this ration was smaller than they had required and were pessimistic as to the arrangement of satisfactory financial terms.

After Vice-Admiral Weymss, of Great Britain, chairman of the allied delegation, had presented the conditions decided upon by the entente, the Germans asked to be allowed to withdraw for consideration. They thn formed three sub-committees to deal with the questions of finance, food supplies and shipping.

This evening at 6 o'clock another plenary session was held. Vice-Admiral Weymss said at the close that satisfactory progress was being made. In the evening the Germans asked to be given the use of a telegraph line to Weimar.

No Greetings.

The German representatives sat on one side of a long table, while on the other side were an equal number of allied representatives. There were no greetings, salutions or amenities of any sort. The whole proceedings were marked by impersonal rigidity. The chairman of the German delegation stared at a spot on the table and addressed his remarks to no one in particular.

Vice-Admiral Sir Rosslyn Weymss of Great Britain, chairman of the allied delegation, began by reading a statement prepared for him by the civilian members, calling on the Germans to say categorically whether they abided by the terms of the armistice. Under-Secretary of State von Braun replied curtly: "Yes."

Reads Allies' Terms.

Admiral Weymss then read one page of a typewritten memorandum giving in crisp sentences the terms of the allies for granting food to Germany—the German merchant fleet to be handed over at once, financial provisions to be made at once, food to be delivered at once and to be continued until next harvest as long as Germany abides by the terms of the agreement.

As the statement was read, it was translated into German and French, the German replies receiving the same treatment. The air of impersonality was preserved throughout. It was then settled that the details of the ration of 370,000 tons of food monthly with the shipping and financial plans should be elaborated in sub-committees and the first plenary session adjourned having lasted only a few minutes.

Hoover Heads Committee.

The sub-committee on food was under the chairmanship of Herbert Hoover, chairman of the inter-allied relief organization. In this matter there were no appeals or references to humanity and civilization or two women and children, the only statement in this connection being that in Germany infant mortality had doubled during the last three months, and that this was simply mentioned as a cold declaration of facts in the request of the Germans for more condensed milk.

The German delegates were anxious to enlarge the proposed monthly import of certain commodities, only to be met with the statement:

"I regret that the world's shipping does not make this possible."

Reference on some points was reserved by the Germans for discussion with the government at Berlin.

REGINA, Sask., March 16.—The provincial department of agriculture has received information from the livestock branch asking that no further certificates for free transportation of hay and straw be issued.

Soldier Farmers to Get Reduced Prices

Those Who Took Advantage of Land Settlement Provisions Will Have to Pay Less for Implements.

(By Daily News Leased Wire.)

OTTAWA, March 16.—Soldiers who participated in the benefits of the land settlement provisions will have the advantage of consideration of reductions in price on the purchase of agricultural implements, livestock and harness.

W. J. Black, chairman of the soldier settlement board, announces that very favorable arrangements have been made with manufacturers of implements and harness which soldiers will be given a wide range of choice of first class implements at prices substantially below those quoted to civilians. The manufacturers also have guaranteed that soldier settlers will receive from any of their agents, the same service and consideration in the setting up of their machinery and in supplying repairs and spare parts, as is given civilians, who pay the regular retail price. In the prairie provinces, arrangements have also been made with the United Grain Growers, limited, whereby soldier settlers will receive special prices on agricultural implements, harness, wagons and any other commodities carried by the company. The company will place at the disposal of the soldiers its 320 elevator points as distributing centres.

The soldier settlement board will not sanction the purchase by soldiers of implements at prices greater than those quoted through these concessions and, while every encouragement will be given to the purchase by settlers of second-hand machinery, this must be carried out under the supervision of the board.

With regard to harness, specifications and suggestions were obtained from a number of agricultural experts, including Prof. Rutherford, dean of the faculty of agricultural university of Saskatoon; G. Hutton, superintendent of the experimental farm, Lacombe, Alberta; M. J. Tinline, superintendent experamental farm, Scott, Sask.; and a number of leading farmers.

Harness Chosen.

The board has secured a standard set of harness that will fill all the requirements of general farm work and save duplication. This standard harness will be sold to settlers throughout Canada at an average price of $32.50. The board has also secured from the leading harness manufacturers in Canada substantial reductions in general lines of harness blankets and accessories.

Arrangements also have been made whereby stock, particularly horses, will be purchased through the board's own agent, a man of outstanding ability and integrity. This stock will be assembled at the following points in the west:

Winnipeg and Regina exhibition grounds; Edmonton and Calgary stockyards and all other convenient points. The livestock branch of the department of agriculture is assisting the board by placing at its disposal its entire personnel in the west to act in an advisory capacity and to assist settlers in the selection of cattle, sheep and swine. Settlers will have the opportunity of selecting their own horses from the large numbers assembled at the points mentioned. The horses will be tagged with their prices. Settlers will be able to procure serviceable teams at an average of about $350. Further, they will have the opportunity of putting their teams in harness and satisfying themselves that they are what they want before concluding purchase.

All stock purchased through the board is absolutely guaranteed. In eastern Canada, where it is not necessary to assemble stock, settlers will be advised and assisted in making their purchase by expert stock men of the locality.

STILL AFTER LOW TARIFF

Grain Growers Continue to Urge Government to Take Off Duties on Implements From U. S.

(By Daily News Leased Wire.)

WINNIPEG, March 16.—At a meeting of the executive of the Manitoba Grand Growers' association here on Friday afternoon last the following resolution with regard to the fiscal and tariff issues in the Dominion at the present time was unanimously adopted and the secretary directed to send copies to the Manitoba members of the house of commons:

"Whereas, the historic policy of the Manitoba Grain Growers' association has been that of a general lowering of the customs tariff looking to our ultimate free trade with Britain and reduction in duties on goods imported from other countries with special emphasis on free importation of all implements used in agriculture and other industries, believing as we do that such a policy would be to the best interest, not of any particular class, but of all the people;

"And, whereas, during the time that Canada has been at war, not only has there been no progress in the direction of giving effect to this policy, but on the other hand, an actual increase in duty on the whole circle of imports, including many articles absolutely essential both in the industries and in the common life of our people;

"And, whereas, the Manitoba Grain Growers' association has loyally and consistently supported the government of Canada in all efforts looking to a successful prosecution of the war, recognizing that for the time the winning of the war was the supreme issue;

"And, whereas, the war having been won, the supreme issue is now the making of adequate provision to meet its cost to the nation;

"And, whereas, agriculture is the base industry of the Dominion, our financial standing at home and abroad can be best maitnained by encouraging the greatest possible increase in the production of the fields;

"And, whereas, it is not to be expected that the high level of prices for agricultural products during the last four years can long be maintained, making it necessary to reduce the cost of production by every possible means and especialy through the lessening of the cost of implements of production;

"And, whereas, it must be futile to attempt to place returned soldiers on the land unless economic conditions are secured which will free agriculture from the unjust burdens it has borne;

"And, whereas, the exorbitant cost of living of the common people must be reduced if actual want is to be avoided;

"Therefore, we submit that any further delay in dealing effectively with the evils resulting from the established tariff systems must not be thought of by the government. The time for relief is long overdue, and western Canada having formulated its views in the national platform of the Canadian council of agriculture, requires that the government at the present session take edfinite action in the direction indicated therein.

"We urge that since its principles are not only corrective, but constructive, there is no reason why substantial progress should not be made at once in putting them into effect.

"And especially we urge that a substantial all round reduction in duties and the freeing of farm implements and household machinery are in the very forefront of the measures needed in the reconstruction of our economic life and urgently demanded by the great body of our people.

"We look to western members of the house of commons for an inflexible stand on the farmers' platform."

I AM STRONG AND HEALTHY

Whenever mother sees that I have a white tongue or a bad breath she gives me a Cascaret so the poisons in my stomach, liver and bowels don't make me sick. Does your mother give you nice candy Cascarets or nasty castor oil, pills, salts or calomel?

Mothers! Each 10 cent box of Cascarets candy cathartic, has directions for children's dosage at all ages. All little folks love Cascarets and mothers can always depend upon them to move the bile, sour fermentation and poisons from the child's tender stomach, liver and bowels without injury, or griping.

SAYS U. S. TROOPS WERE SHIPPED IN CATTLE CARS

WASHINGTON, March 15.—Charges that American soldiers from western state were moved from an Atlantic port of debarkation to their homes in cattle cars were made by Senator Chamberlain of Oregon, chairman of the military committee in the last senate in an address here tonight before the Mississsippi society.

"I will not tell you where those gallant boys debarked," said Senator Chamberlain, "because I propose to investigate the case further with a view to definitely fixing responsibility. But the story told me only today was that these boys, overjoyed at getting back to American shores, were placed in cars used for carrying live stock. They had no lights except that which could ge given by lanterns and nothing to eat except canned goods.

"SLEEPING SICKNESS" GROWS IN NEW YORK CITY

NEW YORK, March 15.—Beflief that at least half of New York's 40 cases of sleeping sickness are sequels of Spanish influenza was expressed tonight by Dr. Royal S. Copeland, city health commissioner.

Investigation by the health department, Dr. Copeland said, indicated that there were two forms of "sleeping sickness" in the city—one a sequel of influenza, and the other the disease known as encephalitis lethargoia, or epidemic coma.

The second death in the city from "sleeping sickness," that of a baby of 10 months, was reported today. The child had not suffered from influenza, Dr. Copeland said, but both its parents had.

VICTIMS OF SHELL SHOCK ESCAPE FROM HOSPITAL

WAUKEGAN, Ill.—Two shell shock patients at Fort Sheridan escaped from the hospital Thursday night, and, clad only in pyjamas and slippers, tramped through the snow to Lake Forest, where they rode the "blind baggage" on a Northwestern train to Lake Bluff. There a brakeman discovered them, benumbed and weak from exposure. The Lake Bluff agent and two sailors from Great Lakes cared for them until attendants from Fort Sheridan arrived.

Another patient tried to escape on Thursday afternoon, but was captured at Highwood.

(By Daily News Leased Wire)

SYDNEY, Australia, March 15.—(Reuter's)—Premier Holman is a speech today said that the government intended to find employment for 80,000 soldiers in South Wales, first by legislation compelling employers to reinstate returned soldiers; second, by settling many thousands of soldiers on the land; third, by employing the remainder on public works.

TRURO VETERANS OPPOSE DAYLIGHT SAVING

(By Daily News Leased Wire.)

TRURO, N. S., March 16.—Resolutions condemning the soldiers' settlement act as failing to meet the present situation; recording agsolute opposition to the daylight saving scheme; the endorsing of conscription of prize animals for exhibition purposes, were among those adopted at Friday's session of the Nova Scotia Farmers' association here.

WED AT 5, "GRASS WIDOW" AT 9:15, NOW DIVORCEE

CLEVELAND, O.—Mrs. Alice Corley was married at 5 o'clock one afternoon in December, 1909, at Tonawanda, N. Y. Her husband left the house the same evening and she never saw him again. In 1912, however, he called her on the telephone one day and asked her if she was well. Since 1912 she hasn't heard from him. She got a divorce.

ATTORNEY DECLARES FUNERAL PRICES TOO HIGH

Attorney Henry W. Leman has peculiar ideas about funerals. He has embodied these ideas in his will, which was written two years ago. The following excerpt has been given to "The Tribune:"

In the course of my (now forty-five years) practice as an attorney in the courts of this country, it has frequently come to my attention that many needy families, in their mistaken endeavor to show respect for their dead, have incurred ruinous funeral expenses, far in excess of the financial resources of such families, in cases of death in their family circles and not infrequently nearly all the insurance upon the lives of deceased persons in most moderate financial circumstances, provided for the support of the heirs of the deceased person, has been absorbed in payment of extravagant expenses.

I expect, at my decease, to leave an estate which will be sufficient in amount to justify the payment of what might be termed a large funeral expense; yet, as an example to those who cannot afford the present exorbitant expenses attending death, I hereby direct that the total funeral expenses to be incurred by my death and burial shall not exceed $100.

Attorney Lehman has an office in the Chicago Title and Trust building. He declares he will contest undertakers' bills in all estate cases that come into his office in the future, forcing the undertaker to show in court a reasonable service performed.

DUTCHMEN LIKE CLIMATE SO THEY DESERT SHIP

SAN FRANCISCO, Cal.—The lure of California has proved such a temptation to about one-seventh of the crew of the Dutch cruiser De Zeven Provincien that they are said to have decided to take "Dutch" leave by deserting. This was discovered a few hours before the vessel was scheduled to leave port for Amsterdam. Thirty-nine men had been given up as out and out deserters, and the officers of the cruiser feared that the majority of another lot of twenty-four will fail to appear before sailing time.

The officers of the warship refused to become excited about the seeming wholesale desertions. They admitted there is no hope of finding the men and said they did not see how the authorities here could do anything in the matter.

GHOST AND US SOCIETY IS HAVING TROUBLE

SHILOH, Me.—Two of the leading elders at Shiloh, Capt. A. K. Perry and Capt. Lester McKenzie, have broken with "Elijah" Frank W. Sandford, have taken all their personal belongings and left the hilltop. Several other members of the institution have followed their lead, threatening to completely disrupt the Holy Ghost and Us society, which was organized by Sandford nearly a quarter of a century ago.

Since Sandford returned from the federal prison at Atlanta, Ga., last fall, at the completion of his ten years sentence for manslaughter, he has not been the same man, declare his followers. There has been a scarcity of food and clothing and Shilohites declare he has lost the faculty of getting necessary financial support.

Two of his children and several children of the inmates have run away from the institution. It is rumored that his son John, a private at Camp Devens, who recently married the daughter of "Moses" C. E. Holland, another of the elders, has refused to return to Shiloh.

DONE BY WOMEN.

Even as far back as November, 1917, 80 per cent of the manufacture of explosives in England was done by women.

The high school board of Sudbury says the students of that institution have been indulging in too many dances, hockey matches, movie shows, etc., to kepe up with their studies.

In the Kingston military district more than 1000 parcels, sent to soldiers, have arrived back.

MUST CUT COST OF PRODUCING COAL

To Hold the Market Declares Premier Stewart—Present Situation Not Bright

(By Daily News Leased Wire)

EDMONTON, March 16.—Admitting that a serious situation confronts he coal mining industry of the province with a stored-up surplus of about 2,000,000 tons on hand, with the embargo taken off American coal, and with production costs at a high level, Premier Charles Stewart on Thursday in the house virtually confessed that the government is helpless in the face of present conditions.

Must Cut Costs

The premier declared that the only solution was a reduction in the price of coal of at least $2 a ton to meet American competition. This reduction, he said, had to be achieved by cutting the price of production, though some slight decrease might be achieved in freight rates. The only solution he saw was to lengthen the time of production, assuring the miners of steady work for a period of at least eight months in the year, instead of six months as at present. Mr. Stewart said he was against cutting wages, but the only implication that could be obtained from his remarks was that if the miners were assured steady work over a longer period, their wage returns would really be more at a smaller daily wage than if the industry continued under present conditions.

NO FEATURE ON MART IN MONTREAL CITY

(By Daily News Leased Wire)

MONTREAL, March 16.—There was little feature to the market for Canadian securities on Saturday.

Asbestos common closed at 55, a net gain of ⅛. The preferred closed a fraction higher at 71⅛. Maple Leaf showed a decline of ¾ to 140 and St. Lawrence a decline of 1 point to 90.

Steel of Canada sold up a small fraction to 61¾. The cottons were irregular, with Canadian ⅛ up at 76 and Converters up ⅛ at 50⅝. Dominion Textile closed half a point lower at 107, ex-dividend and Wabasso eased a like fraction to 66. Elsewhere in the list a recovery of 4 points in Hill crest and an advance of 2 points in Wood's Manufacturing preferred were the features.

The former closed at 44 and the latter at 88. Cement dropped back a fraction to 66¾ and Smelters lost the same at 21⅝, while MacDonald gained a ¼ at 24¾.

Spanish River preferred gained ¼ at 79¼ and Shawinigan ⅛ at 118.

Bonds irregular, stronger issues, including the 1922 Victory ⅛ at 100⅝. The 1933 Victory showed a net loss of ⅛.

MOVE FORWARD QUITE ACTIVELY

Shippings and Industrials Add Materially to Gains of Recent Days

(By Daily News Leased Wire)

NEW YORK, March 16.—The short session on the stock exchange yesterday opened with another spirited forward movement, shippings and industrials in several important instances adding materially to gains of recent days. Activity was heightened by reports that the government contemplates placing large orders for various commodities in the near future, pursuant to its program of stimulating general industry.

Rails and United States Steel were the only noteworthy issues to lag. The undertone at the close was strong. American International, whose shipping interests are known to be very extensive, led the entire list at an extreme gain of almost 4 points, part of which it relinquished at the end.

An actual loan expansion of $113,000,000, with a corresponding increase of demand deposits reflected the activity of the week in the stock market.

Distilling and metal stocks were erratic.

Bonds were steady, with further buying of Liberty 3½s the most notable feature. Sales, par value, aggregated $5,675,000. Old U. S. registered 2s and coupon and registered 4s gained ¼ per cent on call during the week.

MORE PORK AND BEEF ON HAND

Cost of Living Branch Reports on Quantities of Food Stuffs on Hand

(By Daily News Leased Wire)

OTTAWA, March 16.—A large increase in the amount of pork and beef in store on March 1 as compared with a year ago is a feature of the monthly report of Dr. R. J. McFall of the cost of living branch. He says in part:

"The quantity of creamery butter in storage is 5,790,870 pounds, which is 55.15 per cent less than last month and 47.67 per cent greater than last year. The dairy butter in storage on March 1 was 42,392 pounds. Comparative figures indicate that this is 17 per cent less than last year and 40 per cent less than last month.

"Cheese stocks are 2,410,024 pounds. Comparative figures indicate that this is 60 per cent less than last year and 32 per cent less than last month.

"Eggs in cold storage are only 164,225 dozen, an almost negligible quantity compared with the number of cold storage eggs used in Canada and only 1.48 per cent of the stocks in storage six months ago. Those in store other than in cold storage are only 187,175 dozen, which is 33 per cent less than last month, although it is 73 per cent greater than a year ago.

"The stocks of frozen eggs have declined rapidly this last month to 575,975 pounds.

"Pork in storage amounted in total to 54,356,394 pounds, including stocks in process of cure, which is 48.37 per cent greater than last year and 19 per cent greater than last month.

"Mutton and lamb amounted to 7,112,867 pounds, of this 7,000,889 pounds were frozen, 99.07 per cent more than last year and 13.76 per cent less than last month.

"Poultry amounted to 4,834,110 pounds, 130.97 per cent above last year and 13 per cent less than last month.

"Fish of all kinds amounted to 19,551,303 pounds, 64.68 per cent more than a year ago. The fish for bait amounted to 3,466,192 pounds, 5.32 per cent less than last year and 31 per cent more than last month."

Oats gained ⅜ to 1 cent and provisions 25 cents to $1.

UNITED STATES AIR CIRCUSES TO VISIT SPOKANE

(By Daily News Leased Wire.)

WASHINGON, March 16.—(By Associated Press)—Three flying circuses of American, British and French aviators in American and captured German Fokker planes will tour the United States in connection with the Victory Liberty loan campaign, giving aerial sham battles and acrobatics over 50 leading American cities.

The demonstrations will be under the management of the Victory loan publicity bureau of which Frank R. Wilson is director, and the actual flights will be under the supervision of the military aeronautics branch of the war department with Captain Leon Richards in charge.

Fourteen captured German Fokker planes were landed today at Newport News and will be shipped at once to Washington. The best types of American planes developed during the war will be demonstrated.

The tours will start April 10, although the loan selling campaign does not open until April 21. Each squadron will be carried in a special train of eleven cars. Nine end-door baggage cars will be required to carry the 17 aeroplanes in each squadron. Each train will be preceded by an officer who will select landing fields and make arrangements with local Liberty loan committees.

Six of the best British flyers will participate. Eight French flyers, one of whom has a record of 43 victories, have left France for the United States to take part.

THOUGHT IT WAS A BOIL

DOCTOR SAID ABSCESS.

Mr. Gleason R. Young, Kingscroft, N.B., under date of Feb. 9th, 1918, writes us as follows: "About five months ago a lump came on my jawbone. I thought it was a boil and after it had been there quite a while it began to get larger. I went to a doctor and he said it was an abscess and lanced it. He gave me a wash for it, so I went by his directions until it healed up, but it commenced coming again and in about three weeks it broke itself. I thought it would get better but it didn't. A neighbor advised me to get a bottle of Burdock Blood Bitters. I sent and got a bottle and by the time it was all gone the abscess had disappeared, and now it is all better."

Burdock Blood Bitters will heal and dry up sores, ulcers and abscesses, no matter how large or of how long standing. If you have never applied it to a cut, wound, sore or ulcer, just try it and see what soothing, healing, cleansing power it possesses. It takes out itching, stinging and burning and promotes the growth of healthy flesh. So, too, when taken internally by its power of eliminating all impurities from the blood and making that vital fluid rich, red and pure, it cuts off the origin and source of the foul matter that goes to make boils, pimples, sores, ulcers, abscesses and the like, and at the same time the purified and enriched blood creates healthy tissue where there was formerly, perhaps, a sore full of pus.

Burdock Blood Bitters has been on the market for 40 years. Manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

Help Him to Help Himself

We owe the returned soldier every effort we can make towards securing steady employment for him.

Do not try to throw the burden entirely on employers. They have a grave responsibility, but only insofar as every man, woman and child gives willing help can Canada ensure a fair day's pay for a good day's work for all her men.

How can YOU help? By investing in War-Savings Stamps.

How will THAT help? Canada must secure foreign purchasers for the products of her forests, farms, and factories. Many nations are anxious to buy our goods, but can only do so if Canada grants credit to them.

Lend your money to Canada, so that Canada may re-lend to those who must buy on credit. The money is being raised by the sale of War-Savings Stamps, so that when you invest in a War-Savings Stamp you provide a day's pay for some returned soldier.

A War-Savings Certificate with 10 W.S.S. affixed will be redeemed by the Dominion of Canada on January 1st, 1924, for $50.00, for at that date the W.S.S. are worth $5.00 each.

War-Savings Stamps cost $4.02 in March; $4.03 in April; $4.04 in May, and they may be purchased at any place displaying the Beaver-Triangle sign.

BOLSHEVISM'S APPEAL TO THE IGNORANT, VICIOUS AND LAZY.

Bolshevists in Russia promised the Russian people that if they were placed in power the poor would be well fed, richly clothed and have money to burn. All this, of course, without working for it. That is the Bolshevist's most glittering appeal to the ignorant, the vicious, the rapacious and the lazy—the offer of all the material comforts of life without working for them.

Bolshevism got into power. Industry was thrown into the hands of ignorant mobs and screaming orators. No work worthy of the name was done. Why should a Bolshevist work when he could confiscate food and clothing and money and women from the hated "bourgeoise."

Production ceased. Farms no longer produced food. Factories became idle. Mines and lumber mills and fisheries were not worked.

For a time Bolshevism lived, and is still living, on a series of sporadic debauches, fed on what it can steal from anyone who by industry, thrift and foresight has in the past been able to save. But these stores are limited. Every day conditions become worse. With production largely at an end, food is becoming harder to get. The only crop that is profitable is the crop of anarchy and murders and outrages and speeches—and ntieher anarchy, nor outrages, nor murders, nor speeches are a good substitute for food.

The Russian terror, like the French reign of terror, will ultimately consume itself. The day is drawing near when the ignorant, the bestial and the crazed will no longer rule in Russia. The people will come to their senses and learn that it is by industry, by energy, by brains and by thrift that a people gains comfort and happiness, and not by robbery and outrage.

CANADA HAS A GREAT CHANCE IN EXPORT FIELD.

Cablegrams to the Canadian trade commission, Ottawa, state the all important fact that the British board of trade regulations insist that only goods of British Empire origin shall be exempted from the rigid general restrictions which were imposed in continuation of wartime trade regulations.

"Canadian manufacturers and producers," the message adds, "should comprehend the importance of the fact that foreign goods cannot, therefore, reach England by way of Canada." "The market here is now being opened," the cablegram continues, "and Canadian manufacturers have a big opportunity, as stocks in everything are very low. As this is business which does not involve government credit, it is up to Canadian business men to make the necessary effort to get orders. Our business is to find the markets."

The shipping situation is also easier, so that prompt and good business may be looked for. A previous communication to the Canadian trade commission from London stated that there are now over 200 representatives of Canadian exporters in Great Britain.

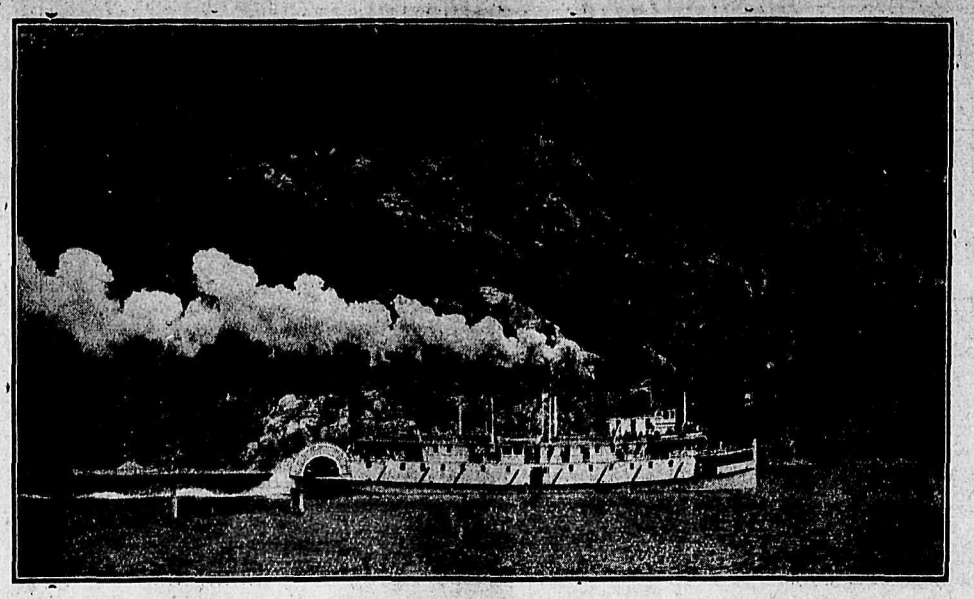
They evidently realize that it is up to them to get after the business.

SIR WALTER RALEIGH.

A fine tribute to Sir Walter Raleigh, the tri-centennial of whose death has just been commemorated in England and this country, is paid by E. A. Benians, of Cambridge university, in the Geographical Journal for November. It would be difficult to find one with a larger range of vision than this statesman, explorer, historian and poet, whose active life began when a boy of 15 "he volunteered for service with the Huguenots." Except Bacon, "none of his contemporaries had a wider range of knowledge or wrote on so many subjects with equal force and originality." To him more than any one else was the colonization of America due, which, he maintained, was England's road to greatness. His idea of the government of the natives was broad and tolerant, and he knew how to deal with them so as to win their confidence and affection. In one of his essays he insists on the importance of gentle and just treatment of savage peoples and a knowledge of their language. He also recommended that Indians be sent to England to be "civilized and converted here." To us, looking back on the share that he had in all that was great and moving in life—politics, war, literature—he seems the most versatile figure of that versatile age."

ONE OF THE BOATS ON AN INTERIOR LAKE ROUTE

WHERE THERE ARE NO WHARVES THESE STEAMERS RUN UP ON THE SANDY BEACHES.



Scenes like this one are typical of the interior lakes districts. A point of interest to the interior is that these boats, which literally "sit" on the water, can run right up on the sandy beach and take on or allow passengers to get off simply by throwing out a gang plank.

They'll get Len'ne yet.

It was spring and then the snow ame and the wind blew and it was winter again.

The Bolsheviki have executed a wedish Red Cross delegate. Bolshevism certainly lives up to its "made-n-Germany" origin.

Perhaps the peace league will make Brussels its capital to help matters out when nations are called on the carpet, suggests the Trail News.

COLD STORAGE.

"That young fellow looks furtive. Isn't he apt to try to pinch something?"

"Naw," said the experienced jeweler; "he wants to buy an engagement ring."—Louisville Courier-Journal.

A ganger on one of our large lines of railway had a keen Irish wit. One warm afternoon, while walking along the line, he found one of his men asleep on the embankment. The boss looked disgustedly at the delinquent for a full minute and then remarked:

"Slape on, ye lazy spalpeen, slape on, fur as long as you slape you've got a job, when you wake up you ain't got any."

"HANDS UP"

REPATRIATION PROBLEMS...

Far from objecting to criticism or queries the Board of Pension Commissioners will welcome inquiries and statements from groups of returned men who are interested in any particular case.

All the board requests is that such inquiries should be submitted in proper form and that they come from a qualified committee of investigation rather than from miscellaneous individuals.

The reason for this is that frequently as many as seven or eight people will write to us with reference to one case. Obviously it is impossible for the time of officials of the board to be taken up in replying individually to every one relative to the same case.

A suggestion has been made, however, and in many instances it is already working with success, that members of the G. W. V. A. should form themselves in different localities into "committees of investigation" or "pension committees," so that any member or person having a grievance, misunderstanding or complaint with regard to pensions, shall bring it up at such committee and the head thereof may submit such complaint or misunderstanding on a special form to the board of pension commissioners at Ottawa.

This done, the board will undertake to send back a complete description of the case as, to how it stands, why the award was made, and the disabilities discovered by the medical investigation.

In cases where this has already been done members of such committees have expressed entire satisfaction with the findings of the medical board.

TRANSMIGRATION.

(Special to The Daily News.)

In some existence previous
A savage man was I,
I roved the primal forest
Beneath an open sky.
My food I sought with cunning,
With ease I slew my foe,
With nimble gait, I chased my mate,
Long, long ago.

But now I simply sit at home
And toy with ink and pen,
I take a walk each afternoon
Like other urban men.
I often wish convention far
And cry, with notes of woe:—
What would I give if I could live
Long, long ago!

KELOWNA PUPILS BUY THRIFT SAVING STAMPS

KELOWNA, B. C.—The Kamloops Standard-Sentinel says:

Illustrating what one school principal has done to encourage the habit of thrift among his pupils and incidentally showing what others can do to further the success of the war savings campaign, Mr. James Gordon, the principal of the Kelowna public school, has organized a scheme for the benefit of his own pupils. Every Thursday the children bring their quarters to the school and purchase thrift stamps, Mr. Gordon buying sufficient from the local bank to satisfy requirements. When the pupil has acquired 16 thrift stamps these are exchangeable for a war savings stamp. The total sales are published in the local newspapers each week and thus the children and their parents are kept in touch with the progress of the war savings plan. Mr. Gordon commenced with a very satisfactory week, and confidently predicts increased returns as the interest has grown considerably.

SAYS HE KILLED MAN AND GOT $55 FOR JOB

LOUISVILLE, Ky.—Aubrey Denniston, 19 years old, surrendered to the police tonight, claiming he was wanted in Chicago for the murder of Dave Lewis, a mechanic on August 19, 1918.

"I threw his body into the Calumet river," Denniston said. "Lewis, who was nearly blind and unable to support his family, bribed me to kill him. He gave me $55 and got me drunk to do a good job. I struck him in the head with a steel bar. At that time I was going with his daughter, Mabel Lewis."

Denniston said his conscience drove him to confess. He appears to be rational.

KELLOWNA NURSING SISTER RETURNS FROM FRANCE

KELOWNA, B. Miss Phillips has had a long and varied experience in France and for some months past has been nursing on the ships running from Liverpool to Halifax, bringing returned soldiers. Mr. Phillips came in from Long Lake this morning to take his daughter out to the farm.

HAD WEAK and FAINTING SPELLS

Those feelings of faintness, those weak, "all gone," sinking sensations, which come over some people from time to time, are warnings that must not go unheeded.

They mean an extremely weakened condition of the heart and a disordered nervous system.

When the system is in this condition there is no time for delay. One fainting spell may be recovered from—will the next? One dizzy spell may pass off but the next may be more serious.

Those who are wise will start taking Milburns Heart and Nerve Pills before their case becomes deep rooted and perhaps hopeless.

They will act directly on the disordered heart and weakened nervous system and restore them to full strength and vigor.

Miss Mary McCoy, Algoma Mills, Ont., writes: "I was awfully troubled with fainting and weak spells and I could never get any doctor's medicines to help me. One day a friend of mine was at the house when I took one of those spells and she got me a box of Milburns Heart and Nerve Pills. That was six years ago and from that day to this I have never had any of those spells. I would not be without your pills for any money and can highly recommend them to any one."

Milburns Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

HARROP WOMAN'S INSTITUTE HOLDS REGULAR MEETING

(Special to The Daily News.)

HARROP, B. C., March 16.—The Harrop and District Women's institute held their regular meeting Wednesday afternoon. The secretary was instructed to advise the department that the members here desire the lectures and demonstrations of Miss Olive E. Hayes, who is in charge of the Household Science branch.

At the close of the meeting a musical program was given as follows: Duet, Mrs. Ogilvie and Miss Ava Ogilvie; violin selection, H. Fairbank of Queen's Bay; song, Mrs. Hughes of Balfour; violin selection, B. Cose; piano selection, Miss Hill. Mrs. Liversidge, recitations, and Mrs. Hill and Miss Hill, a play entitled, "Two Invitations." Proceeds from the tea amounted to $11.

MRS. F. W. M'DONNELL BURIED IN NEW DENVER

(Special to The Daily News.)

NEW DENVER, B. C., March 16.—The funeral of Mrs. F. W. McDonnell took place at New Denver. The body was brought from Sandon and many old-time residents were in attendance.

There were many friends from Silverton and New Denver at the wharf to meet the boat on arrival, and all followed the cortege to the Anglican church.

The Rev. Bathurst Hall met the cortege at the church door, leading the procession into the church and conducted the funeral service.

The hymns sung were "Lead Kindly Light," and "Peace, Perfect Peace." The dead march was played as the body was removed from the church. Mrs. S. Towgood of Sandon presided at the organ. There was a large gathering at the grave side.

Among the floral tributes were two boquets of hyacinths and lilies from Mr. and Mrs. J. Johnson and a wreath from Mr. and Mrs. C. R. McLanders of Alama. The pallbearers were Messrs. A. McGillivery, Dan Morgan, R. Turner, J. Harding, A. Jacobson, and H. McDonald.

Mrs. McDonnell will be greatly missed in Sandon, for she was a worker in connection with the miners' union. During the recent epidemic of influenza, Mrs. McDonnell was one of the first to volunteer and help at the hospital at Sandon.

CRANBROOK LADIES' AID HOLDS COOKING SALE

(Special to The Daily News.)

CRANBROOK, B. C., March 16.—The Ladies Aid of the Methodist church held a sale of home-cooking in the old gymnasium on Saturday afternoon. There was a brisk demand for the dainties.

Altogether the affair was attended with success, for which the ladies of the church may heartily congratulate themselves.

NERVOUS PROSTRATION

May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my housework and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headaches, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

PROCTOR RED CROSS SENDS BOX TO COAST

(Special to The Daily News.)

PROCTOR, B. C., March 16.—On Thursday the local Red Cross society sent off a box to headquarters at Vancouver, containing 17 suits pajamas, 45 personel property bags, 10 pairs of socks, four trench caps and 39 face cloths. Another 12 pairs of socks has since been received from Mrs. Baker of Kootenay Bay.

A check for $75 was also sent to headquarters last week and a donation of $5 to Miss Margaret Mills' fund in Vancouver for soldiers' comforts.

Mr. and Mrs. Sidney Blackmore and two children have returned from Victoria to take up their residence in Proctor again. Mr. Blackmore, who returned from overseas last November, has recently got his discharge from the army, in which he has been serving for over three years.

WILLOW POINT INSTITUTE WANTS DAILY MAIL

(Special to The Daily News.)

WILLOW POINT, B. C., March 16.—The forty-seventh regular meeting of the Willow Point Women's institute was held in the institute room on March 13. After the minutes had been read and confirmed, the Red Cross secretary reported for the month. Cash on hand, $18.25; six pairs pyjamas, three day shirts, 10 stretcher caps, 10 pairs socks, three arm slings, 10 towels. It was decided that $15 be sent to headquarters.

The secretary then read her report as delegate to the conference, this being the first regular business meeting held since that date, on account of the epidemic.

It was decided to give prizes for the competitions at the annual flower show.

The members passed a resolution that the institute hold a shower of canned goods for all brides of returned soldiers from this district, the first to take place next month.

A resolution was also passed asking the postal authorities to grant this district a daily mail service, and the secretary was instructed to send a copy to the post office inspector at Vancouver.

After the adjournment of the meeting, tea was served by Mrs. Dickson.

(By Daily News Leased Wire.)

VICTORIA, B. C., March 16.—The first game in the series to decide the world's professional hockey championship will be played at Seattle Wednesday evening between the Seattle team, champions of the Pacific Coast league, and the Canadiens, champions of the east. Negotiations are in progress having as their object the shortening of this series to a two-out-of-three basis instead of three-out-of-five, and the staging of a short fourteam series for a new international trophy.

The Canadiens arrived here this morning. The Ottawa team is due today or tomorrow, and if the proposed series is not arranged, they will play exhibition games in the coast cities.

BOWLING TOURNEY ENDS AT REGINA

(By Daily News Leased Wire.)

REGINA, Sask., March 16.—The last day of the fifth annual tournament Saturday, was devoted to Winnipeg bowlers in the five-man event and to Weyburn, Moose Jaw and a few local men in the singles and doubles.

Only one novice game was rolled during the day, that being in the singles.

While no records were made on the last day of the meet, there were several changes in positions and in this department Winnipeg carried off the lion's share of the honors.

Harry Fogg and Jack Forgie shot 1132 in the doubles and rolled in first place in this event. Spiros and Dickson with 1079 in this same competition, went into sixth place.

In the singles, Jack Forgie rolled into top position with 581, just one pine more than Heinie Brown's mark. Jack McDonald rolled into a tie for third place with Stark of Barons. Worby of Winnipeg shot 560 in the singles and went into sixth place, while Fred Miltonberger with 548 went into seventh position. Bert Loveridge of Winnipeg rolled 538, which put him in tenth place, while Stonewall Jackson with 537 went into a tie for eleventh position.

The association expressed itself as being under a deep debt of gratitude to Charley Gibson of Winnipeg, who reached here Wednesday and worked unceasingly from that time to the end of the tournament for its success. Mr. Gibson is one of the best informed men in Canada on bowling and whenever he says anything local bowlers know that it is correct.

Mr. Gibson has been a regular attendant at Saskatchewan tournaments and promised to keep on attending them.

The score of 2662 shot down by the Stags of Regina on Tuesday night remained supreme all during the meet and thus the antelered horde carried off high honors in this event. Molisky and Thauberger's mark in the doubles seemed destined to stay high until the Winnipeg pair started shooting; then they only beat it by four pins. Heinie Brown's mark of 580 looked like a certainty until Jack Forgie got going and Jack only made it one pin better.

Jack Farquhar's 1685 in the grand aggregate was never challenged.

The Baron Royal Flush team rolled 2429 on the second night and thereafter no team could touch this mark. Gottzleig made a high record in the singles toward the end of the meet and no pair of doubles could touch the high score made by Gunn and Howard.

After Kulpus seemed to have the grand aggregate cinched an error had been made which did not give Hoffart full credit for his performance. As a result these men are tied and must split the prize money.

Order your Milk Supply with your Groceries

Get your milk supply in the logical worry-free way—from your grocer. He will sell you a week's—a month's—supply of Carnation Milk *with your groceries.*

That's the modern way to get milk. You have fresh, rich milk—or cream—for any unexpected need. You are never "caught without" milk.

You can use Carnation Milk in every way you use ordinary milk—and for cream uses, too.

For it is just pure, fresh whole milk "from Contented Cows" with part of the water evaporated. Nothing else but water is taken away. Nothing is added to sweeten or preserve it.

Use it from the can or pour into pitcher—as cream for tea, coffee, fruit or cereals.

Dilute with an equal quantity of water and you get milk consistency the same as ordinary milk.

Use Carnation Milk for cooking—in all your recipes, for soups, sauces, puddings, etc. Where thin milk is called for, add more water.

Surely Carnation Milk is the solution to *your* milk problem. Begin to-day to enjoy its quality, convenience and economy. Phone your grocer now—have him send three or four handy cans (16 oz. tall size). Directions on every can.

We have a splendid booklet of 100 tested recipes for everyday and special uses. The booklet also tells the "Story of Carnation Milk." You can get a copy—free—by return mail if you address us at Aylmer, Ont.

HIGGINBOTHAM HOME AGAIN

Local Soldier, After 2½ Years Overseas, Returns to Nelson—Friends at Wharf

Cadet Ross Higginbotham arrived home from overseas Saturday night. A number of his friends were at the city wharf to meet him when the Crow boat docked and he was given a warm reception.

He has been overseas for two and a half years, serving in both the Canadian army medical corps and the Royal air force. He enlisted in Nelson, Sept. 20, 1916, in the C. A. M. C., going overseas with that branch of the service. For three months he was dispenser in No. 4 advance medical stores with headquarters in Brighton, England. His work in this connection consisted of supplying drugs to the hospitals and battalions and the different areas of Brighton and Eastbourne.

He was then sent to London, where he was dispenser with the central medical stores. In September, 1917, he went to France and worked as dispenser with rank of sergeant, in the 3d Canadian general at Boulogne. He was there until September, 1918, when he returned to England and transferred into the Royal Air force.

He had only been in training a short time when hostilities ceased and he was unable to finish his course.

GIRL WITHOUT A COUNTRY, PLIGHT OF U. S. ARTIST

NEW YORK,—In Berne, Switzerland, a New York girl, just released from a German prison camp after two years' imprisonment, is living the role of "the girl without a country." She is waiting for the state department to unravel its red tape and permit her to return to the home of her birth, never again—as she says—to get near enough to the ocean even to think of Europe.

About six years ago May Gentz, then known as a promising art student in New York, went to Europe to finish her education. After studying in Paris and Rome, she went to Berlin, where she opened a studio. Later she married Hugo Fuhrmann, a German artist. Then she divorced him.

Her plight was made known in a delayed cablegram received by her brother, William Gentz.

"What I went through in prison will have to wait until I get home. Too horrible to write," she said.

Mr. Gentz at once forwarded to Washington proof of his sister's citizenship.

"The cablegram is the first word I have had in four years," he said.

"HANDS UP"

YANKS ARE NOT IN DANGER, SAY MEN FROM SIBERIA

SAN FRANCISCO, Cal.—The American forces on the Siberian front are not in a dangerous position, and suffer mostly from a lack of entertainment and the extreme cold, according to members of a small contingent of soldiers who arrived here from Siberia.

Casualties among the Americans have been light, the men said, as they have been used mainly as forces of occupation in cooperation with French and British contingents.

"The Japanese have large forces in Siberia, and with the Czechs and so-called loyal Russians are doing all the fight," said Willis H. Lusher, an infantryman from Butte, Mont. "As fast as territory is won from the Bolsheviki the American, French and Brotish troops move up and hold it. Our troops have not been used in any engagement worthy of the name in Siberia, although the Americans in Russia proper have done considerable fighting."

Various forms of advertising for trade purposes were discussed at the annual convention of the Ontario Retail Clothing section of the Retail Merchants' association of Canada in Toronto recently, it being unanimously declared that the best medium for the sale of goods was the newspaper.

A long face is a poor advertisement.

WALKER ON WAY TO THE COAST

Former Nelson High School Student Expects to Reach Vancouver Home Tomorrow.

Pte. E. L. Walker, formerly of Nelson, is in Canada from overseas and expects to arrive in Vancouver tomorrow, according to word received by his parents, Mr. and Mrs. W. H. Walker, 1973 First avenue west, Vancouver.

Pte. Walker enlisted with the Imperial Royal engineers, inland water transport service, in January, 1917. He went to France the same year and in 1918 was transferred to the Royal Fusilliers.

He was an ex-pupil of the Nelson high and central schools and previous to enlisting was employed in the ward office of the Canadian Pacific railway in the city.

MISSION BAND RAISES $15 at ST. PATRICK'S TEA

Over $15 was realized by the junior members of the Methodist Mission band at a St. Patrick's tea given Saturday afternoon in the Methodist church parlors. A number of the children dressed in quaint Irish costumes served tea and the hall was decorated with shamrocks and other emblems significant of the "17th of Ireland."

A varied musical program was contributed by several of the members. Among those who took part were: Miss Annabelle Bishop, Miss Lorna Rees, Charlie Driscoll, Miss Wilma Stevenson, Leith Nipou, Miss Jean Lambert, Paul Huddleston, Jack Huddleston, Georgie McKeown, Miss Myrtle McKeown, Miss Mary Abbott and Miss Edna Buchanan.

Miss Viola McCoy was in charge of the arrangements.

Always ready and willing to entertain You

A HOME to-day without music is just as incomplete and out of date as one without running water. For the presence of music is just as essential to our comfort and happiness as other modern conveniences.

The one ideal way of bringing every kind of music into your home is to buy a

Pathephone

This most versatile of musical instruments is always ready with just the right kind of music to suit your mood—a snappy jazz—a dreamy Hawaiian serenade—the latest Broadway hit or one of the old but ever beautiful songs of Grandma's day—all reproduced perfectly and with a new charm by means of the smooth Pathe' sapphire ball which never requires changing and never damages the record.

The Pathephone is built in a variety of styles to suit every taste and every purse. Compare any Pathephone with any other talking machine in the same price class—note the superior quality of material—construction—finish and above all—TONE. Do not allow a smooth sales talk to influence you when making your purchase. Use your eyes, ears and brains and buy the instrument which your own judgment tells you, not only produces all of the music better than any other, but also represents the greatest value for your dollars.

Here are the principal advantages of the Pathephone—weigh them in comparison with any other make:—

1st—It will play any record—(do not deliberately buy any machine which will only play a part of the available store of music.)
2nd—Pathe' records are all played with a sapphire ball which never injures the records and never has to be changed—(steel needles rip and tear the record and are a constant expense and bother.)
3rd—Pathephones are copies of beautiful old furniture and yet they cost no more than ordinary phonographs.
4th—You can regulate the volume of sound.
5th—The sound chamber is all wood—this results in a richer fuller tone—(most phonographs have a part metal horn.)

The Pathe' dealer will show you how easy it is to own a Pathephone, how a small cash payment—probably less than you expected to pay—will bring to your home the greatest entertainer ever invented.

TO REDRAFT ATHLETIC UNION

(By Daily News Leased Wire)

VANCOUVER, B. C. March 16.—The constitution of the British Columbia amateur athletic union will be re-drafted. This was the chief and practically the only thing done at the meeting of the union Saturday night. Such a course has been considered necessary for some time and after a lengthy discussion it was decided on. The meeting then adjourned to meet after a new set of laws had been written. This will be done when a committee of island men meet a mainland committee here, and both will report to the adjourned meeting of the B. C. A. A. U. to be held at Victoria in about five weeks. President Manson tendered his resignation Saturday, but it was not acted upon, as both David Leith and E. E. Hand, nominated for the position, declined to take it at the present time. Mr. Hand was nominated as delegate from British Columbia to the A. A. U. of C. meeting in Toronto.

The Carmania's passenger list provides for seven trains. The fourth train contains one-half of the 49th battalion (Edmonton), 12 officers, 200 other ranks, 43 details for Calgary, details for Montreal, five officers, 155 other ranks. The fifth train one-half 49th battalion (Edmonton) 13 officers, 229 other ranks; details for Montreal, seven officers and 155 other ranks.

PRINCE ALBERT CITY IS HARD UP FOR CASH

(By Daily News Leased Wire.)

WINNIPEG, March 17.—At a meeting to be held in Regina today will be discussed the financial affairs of the city of Prince Albert, a subject of interest to every municipality and every bond house in Canada.

Prince Albert owes about $3,000,000 and is unable to pay the interest on this sum. The members of the committee representing the bondholders were in Winnipeg yesterday on their way to Regina. There were in the party, J. H. Gundy, of the firm of Wood Gundy, Toronto; Charles Ruby, general manager of the Mutual Life of Canada; D. G. Saunders, treasurer of the Canada Life; T. T. Smythe, of the Montreal City and District Saving bank; R. W. Steele, of the Dominion Securities corporations, Toronto and E. G. Long, barrister, of Toronto. The delegation from Prince Albert will consist of six members. The conference will commence this morning, Hon. W. M. Martin, premier of Saskatchewan, presiding.

FORMER CASHIER INDICTED AT PORTLAND, OREGON

(By Daily News Leased Wire.)

PORTLAND, Ore., March 16.—Two indictments were returned today by the federal grand jury against Jerome S. Mann, former cashier of the First National bank of Linnton, a Portland suburb, on charges respectively of misappropriation of the bank's funds and making a false report to the controller of the currency as to the bank's condition.

Mann's indictment grows out of the case of J. Al Pattison, head of the Pattison Lumber company, who was formerly a director in the bank, and who had been indicted previously on charges of defrauding the bank by the use of forged bills of lading for lumber. Mann is accused of having connived at these alleged illegal operations on the part of Pattison. The sum involved is said to approximate $120,000.

AT THE THEATRES

Dramatic Scenes in Ray's Photoplay.

Vibrant with patriotism and love of country, "The Claws of the Hun," the latest Paramount photoplay starring Charles Ray, the popular young screen artist, is in many respects one of the finest pictures of the Ray repertoire to date. The picture will be the attraction at the Starland theatre today and tomorrow.

In this picture Mr. Ray appears as the son of a wealthy manufacturer of munitions who has been prevented from enlisting in the army because of the pleas of his mother, who is ill and who, he believes, will die if her son goes "over there." His reasons for not enlisting are misunderstood by his friends who scornfully term him a slacker. Even his sweetheart, who is a patriotic young woman, ubraids him for his apparent cowardice and gives him up. But that is not all. He finds a way.

An Unusual Serial.

"Hands Up," the latest Pate serial, is out of the ordinary. While it carries the atmosphere of the West, yet the plot is unusual and thrilling. Lovers of serials have been longing for something new and novel. "Hands Up" featuring Ruth Roland, the winsome beauty of Flimland, fills the bill. Manager Pitman of the Gem theatre announces that he has booked "Hands "Hands Up," the latest Pathe serial, March 24 and 25.

NO FRESH MEAT IN BRIEY DURING HUN OCCUPATION

SAN RAFAEL, Cal—In August, 1914, the Germans swept into Audun-le-Roman, twelve miles north of Briey in Lorraine, burned the village, and drove the inhabitants from their homes. Eulalie Valance, 82 years of age, was forced at the point of a bayonet to walk six kilometers. Jean Escault of San Rafael, a nephew of the aged woman, received from her the story of her experiences.

"We have not tasted fresh meat for four years," the old woman writes, "and but for the Americans we should have starved. We were allowed to remain in Briey during the occupation, and the German officers quartered on us used all but one room in our house. They left the rooms in terrible condition. It was a great victory for France and she can never repay America."

CAN'T EXPECT MUCH, TRADING WITH PAWNBROKER

TORONTO.—Lewis Huycke's troubles with a second hand watch, which he said would not go, were ended in the division court when Judge Morson effected the sale of the watch to Harry Hornoblas, the original owner, for $20. The plaintiff alleged that the watch had been represented as in good condition before he paid $30 for it.

"What is wrong with it, now that you have had it a while, asked the court. "Is the man who sold it a watchmaker?"

"No, he is a second hand dealer. He said if the watch was not in good condition he would make it so. It would only go a day or two at a time."

"What more do you want," asked his honor, with the watch to his ear. "It may not go for you, but it is going for me."

The watch, it was explained, had been changed from keywind to stemwind, and care had to be exercised in handling it. The plaintiff denied breaking the timepece.

"We have a right to expect when we buy a watch that it will go and keep reasonable time," said D. M. Markham, who appeared for Huycke.

"Not when you buy from a pawnbroker," said the judge.

"Would you pay $30 for it?" asked the lawyer.

"No," replied the bench, "but the defendant offers $20. There is a chance for you." Huycke took it.

CAN'T MAKE THIS COUPLE BELIEVE ALL LOVE LOVERS

PHILADELPHIA, Pa.—It may be true, as the copy books say, that "the whole world loves a lover," and "love laughs at locksmiths" and all that, but Peter Conti, 19 years old, and Margaret G. Dolan, 19 years old, his sweetheart, both of Ardmore, have their doubts.

When Peter asked Margaret to name the day and Margaret said right away, they hurried to Magistrate Stillwagon at Ardmore to apply for a license. As they were both under 21 years old the magistrate said he would have to have their parents' consent.

"My parents are in Ireland," said Margaret.

"Mine are dead," said Peter.

"Nothing to do but wait, then," said the magistrate.

But the lovers were not satisfied. They went to magistrate Lewis at Bryn Mawr and Peter took with him a friend, whom he introduced as his guardian. The application was signed and sent to Norristown.

Court officers looked up the records and could not find where Peter had an authorized guardian. So they sent the application back to Bryn Mawr.

Now Peter and Margaret to be married must either have a guardian legally appointed for each or wait until they are 21.

OPEN ROAD CALLED TEDDY, BUT HE'S BACK

CHICAGO, Ill.—In spring a young man's fancy lightly turns to——

In the case of Ten Sheldon, just 11, it turned toward the murky Mississippi. Ted had been reading "Tom Sawyer" and "Huckleberry Finn." And besides last Thursday a teacher at the Nettlehorst school had given him a note to sis mother because he was late for school.

So Ted turned his footsteps to the bank, where he had $5 on deposit, and bought $5 worth of transportation toward the river of romance. He got as far as De Kalb when the conductor who never read either of the books, put him off. Meanwhile his mother, Mrs. Ella Sheldon of 3228 North Halsted street, notified the police.

He met a kind farmer, who kept him overnight and put him back on the train for home yesterday.

So Ted, all fancies to the contrary notwithstanding, will be in school on Monday.

GOVERNMENT IS HELPING ENGLISH BRIDES OF YANKS

LONDON.—One of the results of America's participation in the war has been the marrying of some hundreds of English girls to American soldiers. The first contingent of a hundred wives already has left for the United States.

A special officer at the headquarters of the American army has been detailed to arrange the transportation of the wives. Few of the girls possess the means to pay the railway fare in England, the steamer passage, and the sometimes heavy cost of the train journey to their new homes in the United States.

In these cases the United States government is bearing the entire cost with one exception; the girls must pay $1 a day for their food on the ship. First class accommodation is provided.

SIX FAMILIES FLEE BEFORE FLAMING WOMAN

CHICAGO—Mrs. Angelina Gergaino was probably fatally burned when her clothing caught fire yesterday while she was polishing a gas stove, which was burning, with an oiled cloth.

Six families living in the same building were thrown into excitement when Mrs. Gargaino, crazed by the pain of her burns and with her clothing half burned off, rushed from one room to another.

At the county hospital it was said that the woman is in a dying condition.

She was alone in her home when the accident occurred, her two children having gone to work.

Representatives of private employment agencies in Vancouver were informed by the provincial government that they would have to close.

William Carney sheriff of Sault Ste. Marie, Ont., has resigned owing to ill health.

"How Advertised?"

When a salesman tries to sell you a line of advertised goods, Mr. Storekeeper, ask him: "How advertised."

Ask him if they are advertised to the people of this city in the newspapers which your customers read.

If they are advertised in the newspapers, you can be sure they will be easy to sell.

Newspaper advertised goods are seldom "shelf-clingers."

Notice to Red Cross Subscribers

The local branch of the Canadian Red Cross Society having ascertained that for the present the need of sending further supplies to headquarters has ceased, it has been decided to discontinue the collection of monthly subscriptions from this date.

The Finance Committee of the Nelson Branch takes this opportunity of thanking those patriotic citizens who have so generously supported the great work of the Red Cross in its world wide efforts to alleviate the suffering during the war now happily and victoriously concluded.

At an early date a financial statement of the local branch since the outbreak of the war will be published.
