HOPE TO FORCE NEW IRISH CRIMES BILL THROUGH ALL STAGES BY CLOSURE FRIDAY

Discussion on Second Stage Limited to Four Hours; Economic War Looms Between North and South; Banking Boycott Threatens for First Time; Rest of Ireland Cannot Dispense With Belfast, Says Irish Times

LONDON, Aug. 3.—The government proposes to allow only four hours to discussion in the second reading stage of the new Irish crimes bill on Thursday, and expects to force by closure, all the remaining stages by 6 p.m. Friday.

Economic War Threatens

DUBLIN, Aug. 3.—Indications of an outbreak of economic war between North and South Ireland are increasing as a result of the expulsion of the Catholic workmen from shipyards and other industrial concerns in the north by their Protestant fellow-workers.

It is thought in some quarters that it will be the next move to add to the already great embarrassments of the country. Some towns are already threatening a boycott against Belfast goods, it is stated, and there is danger of the policy spreading into other trades, including the banking system, which hitherto has been one of the few bonds between the north and south.

Ulster Fears Bankers' Boycott

Ulster especially fears this action, as much of the capital which supports northern industries comes from the south.

The Irish Times points out that such a boycott is quite practicable as southern and western Ireland are better organized now than at any other time in their history.

"The boycott," continues the newspaper," would inflame political strife and would beggar many departments of industry. It would prove that the rest of Ireland cannot dispense with Belfast any more than Belfast, for all its pride and self-dependence, can dispense with the rest of Ireland."

Dail Eireann Would Control Emigration

QUEENSTOWN, Aug. 3.—Emigration from Ireland without written authority from the "home secretary of the Irish republic" is to be prohibited by a decree which will shortly be issued by the Dail Eireann, Irish Republican parliament, according to an announcement by Vice-Chairman Hennessy of the Queenstown urban council."

Would Increase Discontent

CORK, Aug. 3.—The Home Rule bill now before parliament would, if passed only increase discontent in Ireland, and that the only acceptable solution of the difficulty lies in the immediate granting of Dominion status within the empire, is the substance of a resolution passed at a meeting of commercial, industrial and professional men here today. The gathering for the most part was composed of Unionists.

DUBLIN, Aug. 3.—Collisions between Sinn Feiners and troops in armored cars occurred in Cork Monday night, and there were clashes with patrols in the suburbs of Blackpool. There was considerable firing on both sides, but no casualties have been reported. Disorders also were reported to have taken place in Londonderry and other places. More barracks and courthouses were burned. Two mail trains bound for Dublin were held up near Athlone today. All the mails were removed, presumably for the abstraction of official documents.

Suggest Bonfires for Mannix

CORK, Aug. 3.—A resolution that the landing of Archbishop Mannix of Australia, in Ireland, be signalized *by bonfires and general illumination* next Saturday night, and that meetings of protest be held against what is termed as an "act of British tyranny and an insult to a great Catholic prelate," was passed at a joint meeting of the Cork urban district council and the Cork city Sinn Fein executives today.

It was announced at the end of the meeting that the freedom of Cork for Archbishop Mannix would be proposed at a meeting of the Cork corporation Friday.

DUBLIN, Aug. 3.—During the last three weeks of July, 132 magistrates in Ireland resigned their British commissions acording to a story published tonight giving a list of the names of the magistrates *and their reasons for relinquishing* their office.

The reasons generally attributed are to protest against the present methods of British administration On the other hand the authorities assert that the resignations were *due to Sinn Fein terrorism.*

Demand Larkin's Release

CORK, Aug. 3.—The arrest and imprisonment by the United States government of James Larkin, the Irish strike leader, is declared to be a "gross outrage and a violation of the right of freedom of opinion and speech" in a resolution adopted by the Irish trades union congress today. His immediate release is de-

(Continued on page 2.)

Appeal to Meighen on Ontario Date for Referendum

TORONTO, Aug. 3.—Premier Meighen has been requested by telegraph to receive a deputation from the Ontario referendum committee to discuss the possibility of allowing the vote on the question of liquor importation to be taken on the date originally arranged, October 25.

The decision to appeal to the premier of Canada for a reversion of the referendum date was arrived at this afternoon at a meeting of the board of control of the Ontario referendum committee. Numerous protests against the changing of the date for the taking of the referendum in Ontario have been received by the referendum committee, and they are still coming in.

SUSPECT FOUR MEN IN HOLD-UP

Cranbrook Train Robbers Believed to Have Escaped in Ford Car

CALGARY, Aug. 3.—That the three men who held up train No. 63, running from Lethbridge to Cranbrook, near Sentinel, Alta., on Monday afternoon, made their escape from the scene of the robbery in an automobile provided by a fourth accomplice, was the theory advanced by police officers here on Tuesday, following a report received that four men were seen making their way towards *MacLeod in a Ford automobile* at a high rate of speed on Monday night.

All roads leading to and from MacLeod are being watched by mounted and provincial policemen and the description of the robbers is in the hands of every Canadian Pacific railway policeman in the southwest part of the province.

The following men are suspected of being the culprits: John Basoff, 5 feet 9 inches in height, heavy black moustache, cast in one eye, wearing Mexican cowboy hat, Norfolk jacket, riding breeches and cowboy riding boots.

Frank Allen, 6 feet in height, foreigner, dressed in cast-off khaki, usually hangs around pool halls and well known in Calgary.

Alexander Basoff, alias Gadross, 6 feet in height, long thin face, slim build, wearing long black boots laced all the way up, wears mauve colored handkerchief around neck.

*Crym Attin, wearing Mexican cow*boy hat and black suit.

URGES RELEASE OF STRIKE LEADERS

Alderman Brings Up Motion at Winnipeg Council Meeting

WINNIPEG, Aug. 3.—Winnipeg city council held its meeting by candle light tonight. It was very poor candle light at that.

A motion was made by Alderman A. A Heaps to the effect that as Rev. William Ivens and George Armstrong had been elected to the provincial legislature the council should urge the Dominion government to release them from jail as soon as possible, and the other strike leaders convicted of political offenses.

It was pointed out by Mayor C. F. Gray that the motion constituted new business, in which case notice was required. Ald. Heaps said if he had no other alternative he would give notice of motion for the next meeting. He thereupon did so, remarking, however, that he had been under the impression that the matter had been raised in some other form at a council meeting.

"We don't care," remarked Ald. H. Jones. "It will simply come up again."

ANNOUNCES WEST INDIES AGREEMENT

Increased Preferential Rates Arranged and Increased Steamer Service

RECOMMEND BRITISH CONTROLLED CABLES

Should Be Laid Without Waiting for Termination of Existing Agreement

OTTAWA, Aug. 3.—(Canadian Press)—The new trade agreement concluded between Canada and the British West Indies was made public today. It increases in certain instances the present mutual preference of 20 per cent to 50 per cent; it extends the free list; it provides for an increased steamship service with a weekly service between Canadian ports and the eastern groups of the British West Indies, and a fortnightly service between Canadian ports and the western group. The weekly service is to come into operation "as soon as possible and in any case within three years:" the fortnightly service with the western group is to come into effect not later than January 1, 1921. The agreement provides that the various governments of the British West Indies will contribute towards the necessary subsidies.

Steamer Service to Start in January

In the case of the fortnightly service to the western group—the Bahamas, British Honduras, and Jamaica—the vessels are to be provided by the government of Canada. If the service proves unremunerative the three West Indian colonies mentioned will contribute twenty-five per cent of the loss within certain restrictions.

The agreement concludes with a declaration that the representatives of Canada and of the British West Indian colonies will recommend for the consideration of their respective governments that British owned and British controlled cables should be laid as soon as possible, without waiting for the termination of the agreement with the West Indies and *Panama Telegraph company* to connect Bermuda with Barbadoes, Trinidad, British Guiana, the Windward Islands, the Leeward Islands and Turks Island or Jamaica

In regard to trade, Canada affirms the principle of granting a preference on all goods being the product or manufacture of any of the British West Indies imported into Canada, which are now subject to duty or which may be made subject to duty at any future time.

The Canadian customs duties on all goods (other than tobaccos, cigars cigarettes and spiritous liquors), being the product or manufacture of any of the British West Indies are not to be more than 50 per cent of the duties imposed on similar goods when imported from any foreign country.

Special provision is made, however, in the case of the following goods:

Sugar, according to degree of polarization, preference ranging from 46.08 cents per one hundred pounds to 96 cents.

Cocoa beans, not roasted, crushed or ground (per 100 pounds), a preference of $1.50.

Lime juice, raw and concentrated not refined (per gallon), a preference of 10 cents.

Limes, fresh, free, as against general tariff of 15 per cent ad valorem.

Arrowroot, per pound, a preference of one cent.

Cocoanuts, per 100 (imported direct to a Canadian port), free, as against a general tariff of 75 cents.

Cocoanuts, not otherwise provided for, a preference of 50 cents per 100.

Grape fruit, a preference of 50 cents per 100 pounds.

Rum, a preference of 60 cents a gallon of the strength of proof.

Onions, free, as against a tariff of 30 per cent ad valorem.

Says Polish People Cannot Believe Warsaw Is Menaced

LONDON, Aug. 3.—A traveler returning today from Poland portrays a dark picture of conditions, the worst touch of which, he says, is the optimism of the Poles in sections where Bolsheviki have not penetrated.

When the traveller left Warsaw last week a great mass of the population appeared not to believe the capital was menaced, or that the Bolshevik would break through. He predicted that when the people realize the danger they will become panic stricken.

Food conditions are getting worse. American workers who have been devoting attention to the children, he says, have been forced to withdraw their outlying stations towards Warsaw, *as the Bolshevik advance.*

DEMANDS ARREST OF CHURCHILL

Scottish Labor Conference Impeaches War Secretary for Aiding Poland

LONDON, Aug. 3.—A remarkable motion demanding that the government arrest and impeach Winston Churchill secretary of war at the bar of parliament "For violating the constitution by using British resorces to assist reactionary elements in Europe to make war against Soviet Russia without the consent of the British parliament or people." will be submitted by the Independent Labor party at the annual conference of the Scottish labor party in Glasgow, September 25. This announcement was made by officials of the Independent Labor party today.

EIGHTY CENTS GOES IN WAGES

Canadian National President Says Dollar Costs More Than 100 Cents to Earn

WINNIPEG, Aug. 3.—D. B. Hanna, of the Canadain National railways, sought to justify the applications for increases in freight and passenger tariffs today by stating that 80 cents out of every dollar earned by the Canadian National railways is absorbed by wages, and at the present time it cost the company more than a dollar to earn a dollar.

Mr. Hanna arrived in Winnipeg this morning from the west, accompanied by A. J. Mitchell, vice-president in charge of finance and accounts. In company with A. J. Mitchell, vice-president in charge of finance and accounts. In company with Hon. J. D. Reid, minister of railways and canals, he has been touring the western lines of the company, and reports that the road is in excellent condition. One of the purposes of the trip was to look into the coordination of the C.N.R. and G.T.R.

In speaking of the application for 30 per cent increase in freight rates at present before the board of railway commissioners, Mr. Hanna said that a further increase was imminent to meet the wage award which will likely be made to Canadian employees, but that he was not aware of the amount of the increase to be asked by the railways.

WARNS CUNARD OFF QUEENSTOWN

Conditions in Ireland Prejudice Ordinary Navigation Safeguards

LIVERPOOL, Aug. 3.—The government has informed the Cunard company that "prevailing conditions in Ireland may prejudice the ordinary safeguards for navigation," and therefore the government considers it advisable, as a temporary precaution, for passenger ships to proceed to English ports without calling at Queenstown. It requests the Cunard line to make arrangements accordingly.

SASKATOON REPORTS EXCELLENT CROPS

SASKATOON, Aug. 3.—Heavy rain is falling in a large district west of Saskatoon this evening. General crop conditions in this district are now reported as excellent. Some cutting will be started next week.

FRENCH ENGINEERS COMMAND FORTIFICATIONS OF WARSAW AGAINST BOLSHEVIK ADVANCE

Réds Press Attacks on Entire Battle Front; Plan to Occupy Warsaw Monday; Defense of Capital Under General Haller; Polish Northern Front Reported Completely Smashed; Armistice Negotiations Broken Off

WARSAW, Aug. 3—(Assd Press)—The breaking off of the negotiations between the Poles and the Bolshevik out of which it had been hoped would come an armistice and the early cessation of hostilities was due to a misunderstanding, according to the contention of the Russian Soviet authorities in a wireless despatch here today. The latest communication from the Soviet suggests that the negotiations both for an armistice and for peace be held in Minsk on Wednesday. It asks that the Poles send a delegation to Minsk invested with all the necessary credentials to negotiate for peace.

Attack on Entire Front

The Poles contend that it will be a physical impossibility for them to comply with this proposal.

While the Polish delegates are from Baranovitchi, where the conference with the Bolshevik ended so abruptly, the Bolshevik troops are reported everywhere to be pressing their attacks on the entire battle line from the east Prussian *front to the region adjacent to* Lemberg in Galicia.

Inside the great battle arc the Poles are hurriedly preparing defences, trenches and barbed wire entanglements in front of Warsaw.

Prepare to Defend Capital

LONDON, Aug. 3.—The occupation of Warsaw by the Bolshevik has been fixed for August 9, says a dispatch to the London Times from Berlin, quoting a wireless dispatch received by the National Zeitung.

The Polish government, the dispatch adds, is taking the necessary measures and has placed the fortifications of the capital under command of French engineer officers.

The defence of Warsaw has been entrusted to Gen. Haller.

"The Polish northern front," says the National Zeitung, "has been completely smashed. Russian troops will reach the southeast corner of the Polish corridor in a few days and endanger every traffic route between Warsaw and Danzig, so that the Poles will not be able to count upon the arms and munitions arriving and being unloaded at Danzig."

Soviet Premier is in London

LONDON, Aug. 3.—The presence in London of Leo Kameneff, president of the Moscow soviet, and acting premier of Soviet Russia, and Leon Krassin, Bolshevik minister of trade and commerce, who are to confer with the allied representatives here, is regarded in Polish circles as having a most important bearing on peace negotiations between Poland and the Soviet government. In this connection the following statement was made by a Polish official to the Associated Press today:

"If economic conditions in Russia are still as bad as we have reason to think, it would be foolhardy for the Soviet government to antagonize the allies by trying to impose unfavorable peace conditions on Poland. I believe that the allies through Kameneff and Krassin can exert sufficient pressure on the Moscow government to secure terms which Poland can accept."

British officials who, expect the Bolshevik to deal leniently with Poland, are terming as absurd reports coming from Russian sources that Moscow's first requirements of Poland would be the establishment of a Soviet form of government.

LONDON, August 3.—M. Kliske is one of the secretaries of the Kameneff-Krassin delegation, according to the Daily Mail, is to be sent back to Russia. It is said his presence in England is regarded as undesirable owing to his activities since he came here with the original delegation.

Will Not Move Government

LONDON, Aug. 3.—Wireless reports from Warsaw state that the Polish government will not be moved from Warsaw. It is said officials fear a radical government would be set up following their departure.

SHIPBUILDING PLANT CLOSES

Dominion Shipbuilding Company Cannot Reopen Till Funds Available

TORONTO, Aug. 3.—A. C. McMaster, solicitor for a number of creditors of the Dominion Shipbuilding company of this city, said tonight the company's plant must remain closed until funds could be had from New York, where the principal shareholders and directors are located.

The money necessary to keep the concern going cannot be raised here.

The failure is attributed largely to strikes and high wages. The company has one of the finest shipbuilding plants in Canada.

Mexico Pronounces Lower California Governorship Vacant

LOS ANGELES, Aug. 3.—A proclamation pronouncing vacant the governorship of Lower California *was received here today from Mexico* City, according to an announcement made by Eduardo Ruiz, representative in Los Angeles of the de facto government.

STATES PRACTICALLY CLEAR EVERYTHING AT OLYMPIC SHOOTING

BEVERLOO, Belgium, Aug. 3.—Canadians shooting in the Olympic events failed to gain any points for the Dominion in the 1920 Olympiad in which the United States won the majority of target events. Out of eight events, including rifle, pistol and revolver contests, the United States won seven firsts and were second in the other.

In the seven individual contests the United States won four firsts, two seconds and four thirds.

The only points gained by the British Empire as the result of the shooting events were two, which were won by South Africa.

STATES FIX DATES FOR NEW RAIL RATES

WASHINGTON, Aug. 3. — New freight rates and passenger rates will be made effective on August 26, instead of on August 20, for passenger fares, and August 25 for freight tariffs, United States railroad officials announced tonight.

At the same time it was announced that the United States railroads would ask the Canadian railway commissioners for permission to make the new rates effective on transportation from the United States to the Dominion.

HAIL DESTROYS MANITOBA CROPS

Lightning Strikes Winnipeg Street Car Plant; City Lit by Oil and Candles

WINNIPEG, Aug. 3.—Two storms which struck the city today extended generally over the province. One storm swept over the north, carrying hail and doing some damage through wind. The one which went over southwest was lighter in its violence, but hail also fell.

Roblin came in between the paths of both and got no rainfall.

Ethelbert and Garland districts had their crop nearly wiped out by hail. Emerson and Glenboro are cut off by telephone and supposed to have suffered some. The city of Winnipeg welcomed the rain as a relief to excessive heat, but lightning struck the street car plant at Pinawa and caused a tie up until an emergency plant was in operation an hour after. The city light and power was out of commission for seven hours and the city was in partial gloom, without street lights and with the houses and stores lit by candles and oil lamps.

The post office was doing business by lamp light and the general effect in the city was that of past days, save that some stores and theatres aided in dispelling the dark by their glares on the main street from another power service.

LITTLE PROSPECT OF GRAIN POOL

REGINA, Aug. 3.—According to the Regina Leader there is very little prospect of any immediate steps being taken by the Saskatchewan Co-operative Elevator company towards the formation of a pool for the marketing of the 1920 wheat crop.

RAINS ASSIST FIRE FIGHTERS

Active Attention Still Necessary Where Heat Has Parched Vegitation

VICTORIA, Aug. 3.—Heavy showers and thunderstorms in many parts of the province have improved conditions in the forest areas and in numerous instances have extinguished fires. In the Vancouver forest district however, hot and dry conditions are causing the officials of the forest branch of the department of lands considerable anxiety, while hot, dry and windy weather in the Vernon area is requiring constant vigilance on the part of the fire fighters.

In the Cariboo and Kamloops districts *too, extreme heat and parched* vegetation demand active attention. All fires at Prince Rupert have died out and showers in the Cranbrook district have aided the officials of the department. Similar remarks apply to conditions *at Nelson and Prince George.* Records now compiled by the forest branch show that 417 fires have been reported to the department to date, the lighting of which has cost taxpayers approximately $16,344.

RAISES RENT WHEN CHILDREN ARRIVE

WINNIPEG, Aug. 3.—One of the oddest cases hereabouts of an excuse for increase of rentals has come to light in St. Boniface, where a landlord has given notice to tenants that their rents will be increased one dollar a month for every child in the family.

He claims that a man with a family ought to live either in a shack or out in the country.

LAUDS PREMIER'S PORTAGE SPEECH

TORONTO, Aug. 3.—In the course of a long editorial on the prime minister's speech at Portage La Prairie the Globe tomorrow will say:

"Mr. Meighen did the right thing, no matter what his motives may have been, in availing himself of the occasion of his first public deliverence as premier in his address to a non-partisan gathering of the people of Portage La Prairie, to sound a new note. It was a happy circumstance that he had before him the recent inaugural deliverance of Premier Taschereau of Quebec, the appeal of an eminent representative of the French-Canadian race for a spirit of cooperation to take the place of the spirit of estrangement. In the appeal, Mr. Meighen joined.

JURY FINDS DEATH DUE TO ACCIDENT

Miss Ruth Woods and Her Fiance Released After Loftis Inquest

CHICAGO, Aug. 3.—Samuel T. A. Loftis, head of the jewelry house bearing his name, who died in his apartment last Friday, came to his death, "from injuries suffered in a violent fall on the floor of his apartment after hiting against a door," a coroner's jury decided today.

Miss Ruth Wood, a 25 year old housekeeper, who was alone at the house when he died, and Roy S. Hayne, her fiance, were released from custody after the inquest.

FLIGHT LEADER INJURES PLANE

Lands Badly at Prince George; Encounters Storm en Route From Jasper

PRINCE GEORGE, Aug. 3.—The United States army aviators on the flight from Mineola, L. I., to Nome Alaska, may remain here two or three days before resuming their flight. Captain Street arrived here *today from Jasper after fighting* his way through a driving rain storm. He made a bad landing, running into some stumps and wrecking the left wing and injuring the tail of his plane .It was thought tonight that repairs would take two or three days.

HOPE TO FORCE IRISH CRIMES BILL

(Continued from Page One.)

manded in the name of the workers of Ireland.

Gaelic League Holds Convention

DUBLIN, Aug. 3.—No attempts were made by the government to interfere with the convention of the Gaelic League today, although the organization last year was proclaimed illegal and attendance at its branches was announced as punishable by imprisonment.

Delegates were present today from all parts of Ireland, among them several for whom warrants have been issued.

While the majority of the Irish people are enjoying summer holidays, and Dublin especially is engrossed in sports, the Sinn Feiners are continuing their campaign against what they describe as the "invaders." Reports show that there has been no diminution in the number of holdups of mail trains and cars.

KNIGHTS OF COLUMBUS CONVENE AT NEW YORK

NEW YORK, Aug. 3.—Delegates representing every section of the Uniter States, Canada, Mexico, Cuba, The Philippines and Porto Rico, are attending the thirty eighth supreme convention of the Knights of Columbus which opened here today. The far-reaching activities of the order in re-construction and patriotic work were described to the convention today by Supreme Knight James A. Flaherty.

He said, that the Knights of Columbus had placed more than 350,000 men in employment without cost to them. Lectures against Bolshevism was another phase of the oder's work.

A parade, which was to have been a feature of the convention has been abandoned on account of the *two days advanced sailing of the* Pilgrimage to France, where representatives of the order will present a jeweled baton to Marshal Foch in the name of the people of the United States, and unveil a statue of Lafayette in Metz as a memorial to United Stats soldiers who died in the war.

When lighting the gas stove turn the gas on slowly and allow it to ignite gently, as when turned on full ignite slowly.

For every railroad car in the United States there are three motor vehicles.

PAINS SO BAD STAYED IN BED

Young Mrs. Beecroft Had Miserable Time Until She Took Lydia E. Pinkham's Vegetable Compound.

Hamilton, Ont.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Spectator and I took it. Now I have no pain and am quite regular unless I overwork or stay on my feet from early morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Compound to several friends."—Mrs. EMILY BEECROFT, 269 Victoria Ave. N., Hamilton, Ontario.

For forty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It is made from native roots and herbs and contains no narcotics or harmful drugs.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

FAVOR INDEPENDENCE FOR THE PHILIPPINES

MANILA, Aug. 3.—Declarations in favor of independence for the Philippines were made today by three members of the United States congress at a banquet given here by the Philippine chamber of commerce to a party of congressmen touring the far east.

REGINA INCREASES STREET CAR FARES

REGINA, Aug. 3.—By a decision of the city council tonight Regina street car fares will be advanced Wednesday morning to 10 cents cash, two tickets for 15 cents, four for 25 cents and 17 for one dollar.

A motion to establish a working man's ticket was defeated.

DENOUNCES COMPTON COUNTY CONDITIONS

SHERBROKKE, Que., Aug. 3 (Can. Press.—In the course of a court hearing yesterday for a breach of license law by a resident of Lake Megantic, before the local magistrate, J. S. Broderick, K.C., representing the provincial authorities, took occasion to denounce conditions that obtained in Compton county, which he termed disgraceful and a shame to the community.

"The county," said Mr. Broderick, "is infested with bootleggers and booze-runners and the authorities are confronted with serious difficulties in prosecuting offenders." It is Mr. Broderick's intention to attack the application of the order in council passed in September, 1917, bringing the Scott act into force in this country, on the grounds that in five entire townships, and in the town of Megantic, no polls were held and no vote was taken. These townships, all of which are in the federal riding of Compton, should have been represented in the voting even though they may be for provincial purposes in the county of Frontenac.

WINNIPEG BOY DROWNS IN BATHS

WINNIPEG, Aug. 3. — Wilfrid Thompson, 16 years old, Winnipeg, was drowned tonight in the Cornish baths. He jumped from a diving board, and was taken from the water when he was seen to be in difficulties, but all efforts to revive him failed of success.

PROTECT VETERANS FROM LAND SHARKS

WINNIPEG, Aug. 3.—Charging that the returned men had been duped in land transactions by people who were supposed to be practically sympathetic towards them, and announcing that W. J. Black, chairman of the soldiers settlement board and he, had come to reorganize the Winnipeg ofice to make the organization so perfect that it would be impossible for land sharks to exploit the veterans of the great war, B. Eaton Patterson, director of land and loans, declared that the board was determined to take action under the criminal code and enforce the statute to the limit against those it could find engaged in the practices he condemned.

Mr. Patterson pointed out that the result of the double checking that would now take place on all applications would necessitate delay in acting upon requests for loans by ex-soldiers, "But that cannot be avoided," said he, "we perhaps depended too much on the honesty of certain people whom we have found could not be trusted, who violated all principles of human decency, not, I would point out, so far as the board is concerned, but towards the poor returned man.

Currie Confers McGill Degrees on Press Delegates

MONTREAL, Aug. 3.—It was typical of the first occasion on which Sir Arthur Currie presided over a public convocation of McGill University as principal and vice-chancellor, that the function should be one of Empire importance for the conferring of the highest academic honors within the gift of McGill upon four newspapermen, representing Great Britain and other of her far flung Dominions, delegates to the Empire Press union to meet this week at Ottawa.

The ceremony of presenting the degrees of L.L.D. to Viscount Burnham, Sir Henry E. Brittain, British delegates, R. S. Ward Jackson, South Africa, and Thomas Wilson Leys, New Zealand, was carried out with a wealth of academic honors, ceremony and color. The special convocation was presided over, for the first time, by Sir Arthur Currie, with the full representation of the faculty and governors, wearing their scarlet robes of office.

The front three rows of seats were reserved for the Empire Press delegates, who attended in a body, while the hall at the Royal Victoria college was filled with representatives of Montreal's academic and business life. A large number of ladies were present.

Never leave uncooked meat wrapped in paper. The paper will absorb the juice of the meat and waste it.

COMMERCE BOARD SITS AT WINNIPEG

No Profiteering Charges Brought; Sugar Investigation Requested

WINNIPEG, Aug. 3.—Commissioners of the Board of Commerce met in the council chambers of the city hall this afternoon to hear any complaints that might be brought before them regarding high prices or profiteering in the necessities of life. No one appeared with a formal complaint and the only business that came before the board was a local retailer that an enquiry be made into the prices being charged for sugar by local wholesalers.

Captain White, chairman, stated that the board had ruled that refiners were allowed to make two cents profit on each pound sold to consumers. He said the commissioners would make an investigation on their own account although formal complaint had not been received.

WITHDRAW IN WAKE OF JAPANESE ARMY

TOKIO, Aug. 3.—It is officially stated that the Japanese and Korean residents of the Chita region are withdrawing in the wake of the Japanese army, fearing a spread of the anarchistic cofiditions in Siberia and general insecurity.

FIRE CAUSED BY RED HOT RIVETS

WINNIPEG, Aug. 3.—The fire at the Civic Power plant at Point Dubois, Monday afternoon did damage, estimated today at $25,000. The fire originated it is believed by red hot rivets coming in contact with barrels of oil. No insurance was carried.

DEPARTMENT ISSUES REPORTS ON CROPS

OTTAWA, Aug. 3.—The following telegrams on crop conditions at the end of July have been received from the provincial departments of agriculture and the Dominion experimental farms and stations by the Dominion bureau of statistics:

Prince Edward Island—The hay crop is below average; has been practically all saved under very favorable conditions. Occasional showers have been very beneficial to cereals, roots and potatoes, which promise yields above the average.

Nova Scotia—A rain during early and latter part of the month improved the crops greatly. Hay average crop. Potatoes good. Corn making rapid development.

New Brunswick—Frequent showers in July, totalling slightly over two inches, and favorable weather brought hay to average crop, except in dry lands. Weather favorable for hay and grain. Potato prospects are for less than the average crop.

Quebec—Old meadows only fair. New ones very good. All grain, potatoes, corn and roots good. Small fruits very good. Beneficial rain of the last two weeks has improved all crops. Hay crop much below the average. Potatoes are good.

Ontario—Hay crop light; catchy weather. Fall wheat harvest rushing. Fair yield rye. Good barley and oats promise well. Straw long but soft. Spring wheat poorer. Early potatoes yielding well.

Purple sweet peas and blue lupines formed the floral decorations for a recent dinner party for royalty in London.

WAR TELEGRAMS TANGLE MARRIAGES

VIENNA Aug 3.—(Canadian Press)—Variations of the Enoch Arden story continually crop up in this part of the world with the return of prisoners of war from far countries.. About the time of the armistice a Vienna woman received a telegram from Irkutsk saying her missing husband was alive there. She dropped dead at the long deferred word.

A friend telegraphed the husband, but the message was delivered to another man of the same name ill in the hospital.. Later the latter married his nurse and returned home with her a few weeks ago.. He found his wife alive and well and now they are trying to straighten out the situation.

COULDN'T HOLD A PEN IN HIS HAND

Was Disabled by Rheumatism; Gains Twenty Pounds and Gets Rid of Trouble

"For two years I was not able to do a stroke of work, and could only lay around and suffer. I had lost the use of my right arm and hand entirely and could not so much as hold a pen to write my own name. And yet today I can do as good a day's work as any man thirty years younger than myself. I haven't felt finer or better or stronger since I was a boy than I do today, and I give the entire credit for this remarkable change in my condition to five bottles of Tanlac."

Surely a more remarkable tribute was never paid to any medicine than this simple, straightforward statement of the facts made by John Plaxton, a well-known farmer of Treherne, Manitoba, to the Tanlac representative recently. In describing what the medicine did for him, Mr. Plaxton said: :

"For five years I didn't have a well moment. My trouble started with acute indigestion. My food would sour and I would get so full of gas as to be hardly able to breathe. I rarely ate meat and nothing could induce me to eat cheese because I knew it would nearly kill me. Then I had severe cutting pains across my back just over my kidneys that felt as if a knife was being stuck into me. But it was the rheumatism which was the worst of all. The pain was awful. My fingers and elbow joints were so stiff and sore that I could not raise my hands to my head, and my knees would ache and get so stiff that I could scarcely walk or bend over. Occasionally I would have a pain shoot through my entire body that felt like an electric shock. I was told that nothing could be done for me and that I should gradually get worse until I was helpless. I spent over a thousand dollars on medicines and liniments, but they failed to do me any good at all and I had just about given up in despair.

"Then one day I read in the papers the statement of an old schoolmate of mine, telling of the good Tanlac had done him. I made up my mind to try it, and now I think it is the greatest medicine in the world. I have taken five bottles of it altogether, and I want to say that I haven't had a twinge of rheumatism since. All the stiffness and soreness has gone out of my knees and I can walk along at a good gait for any distance as good as anybody. I can use both arms and hands, and the pains in my back have also disappeared. I now enjoy a good meal; my food agrees with me and I have gained twenty pounds in weight. It is fully a year since I took my last dose of Tanlac, but I have been in perfect conditions all that time and able to work with the best. It's no wonder I am enthusiastic about Tanlac and never hesitate to recommend and praise it to everybody."

Tanlac is sold in Nelson by Canada Drug & Book Store, and by the leading druggist in every town. Advt.

FLOWER SHOW IS FORTNIGHT AWAY

Prospects Are for Splendid Competition; Many Features Planned

With the flower specialists declaring that all the materials for a splendid flower show are to hand, despite the deficiency in one or two lines, and with the vegetable growers guaranteeing a bigger entry list than any Nelson flower show has previously had, everything points to a successful exhibition of the gardener's art on Aug. 18, a Wednesday, the date selected last night for this annual community function.

The florist members of the Nelson Improvement association were a unit last night in stating that splendid competition could be secured in nearly all the flower classes, while the lateness of the date makes the vegetable possibilities far beyond those of any previous year. The small fruits also have a good outlook.

Financially the Nelson Improvement association is in good shape, and if the Nelson and District Women's Institute accepts the proposal being made to it, the refreshment feature will be splendidly taken care of.

Steps are being taken to secure a musical program and other features are also in contemplation.

The prizelist is practically completed, but will not be placed in the printer's hands until tomorrow night, when a general meeting of the association will hear final reports from all the various committees working on various phases of the coming show.

Vice-president W. S. King and Treasurer W. H. Jones alternated in the chair.

The average motorist consumes 300 gallons of gasoline a year.

Eyeglasses for which a British patent has been issued, can be folded when idle to resemble a locket worn on a chain as an ornament.

TRAIL RECEIPTS MAKE A RECORD

Nearly Thirteen Thousand Tons for Last Ten Days of July at Smelter

By a big margin the largest ore total received at the Trail smelter for a 10-day period this year, the receipts for the closing 10 days of July topched the record mark with 12,862 tons of smelter feed, of which 194 tons was concentrates.

This brings the total receipts for the year to date at Trail up to 181,157 tons of smelter feed, 3934 tons of this total being concentrates and 177,223 tons crude ore.

The Caledonia mine, at Adamant, joins the shipping list with a small trial shipment.

Receipts for the 10-day period were as follows:

NELSON, B.C.

PROSPECTOR CULT SPREADS AFIELD

Grand Forks and Smithers Would Form Branches of Provincial Association

Overtures in regard to affiliation with the British Columbia Prospectors Protective association were contained in communications from Grand Forks, and from Smithers, that were read at a general meeting of the local branch of the association in the board of trade roms last night. President J. W. Mulholland occupied the chair.

H. W. Young, secretary of the Grand Forks organization wrote for information as to the constitution of the association. The communication from Smithers also asked for information on that subject, a number of miners and prospectors wishing to cooperate with the larger association. A request was also received from Hope, that some officer of the parent body be sent to address prospectors there.

J. Fred Hume was appointed to the vacant position of treasurer, and the finance committee was instructed to audit the books and accounts, and present a report at the next general meeting.

An offer from Mr. Hume, that the association make their headquarters in his old office at the rear of Secretary Fred A. Starkey's office, was accepted, and P. J. Sheran and J. Miller were appointed a committee to prepare the building for ocupation. It was decided to hold regular monthly meetings at the new headquarters at 8 o'clock on the last Saturday in each month.

The secretary was instructed to communicate with the bhanch associations requesting that outstanding dues be forwarded to headquarters as soon as possible, and that in future dues should be forwarded quarterly. He was also instructed to write to the attorney-general Hon. J. W. deB. Farris, to ascertain what protection could be given prospectors against the rifling of caches and cabins. Numerous complaints of thefts were reported.

The matter of the resolution on the labor situation in the Slocan country, emanating from the prospectors session of the late International mining convention, was brought up, but was closed after the secretary called attention to the fact that the resolution had never been formally passed as a resolution.

Those present were: J. W. Mulholland, Fred A. Starkey, J. Fred Hume. A. S. Horswill. P. J. Sheran, J. Fisher. C. E. Crossley. R. J. Elliot, James Miller, W. H. Rhomberg, J. Munro. and E. Terzian.

The name Caledonian is sometimes applied to Scotchmen because in Roman times the northernmost part of Britain was called Caledonia.

PERRIER COMPANY IS INCORPORATED

Nelson Gold Property Will Be Vigorously Worked; Directorate Local

With a capitalization of $250,000, the Perrier Gold Mines, Ltd., of Nelson, has been incorporated, for the purpose of developing and exploiting the well known Perrier gold mine, adjacent to this city. The officers and directors named in the papers of incorporation are: President, C. E. Crossley; vice-president, R. W. Hinton; secretary-treasurer, W. M. Cunliffe; directors, A. H. W. Crossley, George Leece, T. H. Turner and Ralph Young. All the members of the directorate belong to Nelson except Mr. Turner, who is a resident of Trail. J. H. Schofield & Co will be the company's selling agent in Trail.

The Perrier, which is on Cottonwood creek, three miles from Mountain station, was located 12 years ago, and is now, and always has been, owned locally, and the parties originally interested are still in it. The workings consist of two shafts, the principal one being 120 feet deep, with a northerly drift 200 feet in length from the bottom. Two feet of good milling ore is in the shaft, and a similar width in the face of the drift. The smaller shaft, which is 40 feet deep, is 1500 feet in a northerly direction, and contains four feet of good milling ore. The ore is very similar to that of the Athabasca and of the Granite-Poorman, and 60 to 70 per cent of the gold is free. Although considerable ore is blocked out, no stoping has been done, and what ore has been taken out has been purely in the way of development. The returns from this have been about $5000. The drift from the principal shaft passes under the Great Northern railway track.

Equipment on the property includes a 15-ton milling plant, a compressor, a friction hoist, and a hydraulic pump, operated by water power, provided through a 2500-foot eight-inch wooden pipe, from above Gold creek falls, this creek heading near the Kootenay Boundary on Toad mountain.

An interesting feature in connection with the equipment is that President Crossley designed and made the automatic jet pump that keeps the main shaft pumped out. From May of last year till October the pump received no attention, but operated automatically and kept the shaft dry. It is performing the same duty now.

It is the intention of the newly organized company to proceed vigorously with development. The 120-foot shaft will be sunk 200 feet deeper, and a drift will be carried south from that new level, as well as another north.

SLIDING LUMBER KILLS DOUKHOBOR

Youth Is Adjusting Log Under Wheels When Horses Dump Load

His neck dislocated, and the base of his skull fractured, when a load of lumber waste was prematurely dumped and the corner of the wagon caught his head, Peter Larion, a young colony Doukhobor, was killed at Castlegar yesterday afternoon at 3:30 o'clock. His death was practically instantaneous:

Young Larion, who was 18 years old, was in the act of unloading one of the dump carts of the Edgewood Lumber company, for which he was working, when the accident occurred. While the teamster, Jim Tostniakoff, held the lines, Larion stooped under the back wheels to adjust the 12-foot brake-log. He asked the teamster to pull up a little, so he could put the log or pole in place. Jim, the teamster, replied, "All right," but at that moment the horses began biting each other, and pulled around instead of going forward. The result was that the log fulfilled its appointed function, and clamped the wheels so that the load was dumped off the back. The corner of the wagon caught Larion's head, and the entire load slipped onto him.

Life was extinct when the body was extricated.

Provincial Constable H. W. King and Dr. Gilbert Hartin, coroner, drove down to Castlegar to investigate the circumstances of the death. It was decided by the latter that no inquest was necessary.

The young Doukhobor belonged to the colony at Brilliant, his father being J. J. Larion of the Christian Community of Universal Brotherhood.

Slocan Mines Declared Fair

NOTICE

The undersigned Mining Companies propose resuming work on their respective properties on May 16th under a wage scale agreed upon between themselves and the Slocan branches of the International Union of Mine, Mill & Smelter Workers, which wage scale provides for an increase of 75 cents per day in wages and an increased deduction of 25 cents per day for board at the boarding houses of the companies.

For particulars respecting schedule of wages and conditions of employment, apply to representatives of the International Union of Mine, Mill & Smelter Workers, or to the representatives of the said Mining Companies.

BORN IN YEAR OF INDEPENDENCE

One Hundred and Forty-Four Years Is Age Claimed for Indian Chief

LAGUNA MOUNTAINS, Calif., Aug. 29.—(Associated Press). — Said to have been born 144 years ago, the year of the Declaration of Independence was signed, on a spot which is now a government reservation, and which he still calls home, Domingo Jacinto, chief of a tribe of Digger Indians, was one of the spectators at the Independence Day celebration here. Accompanied by his daughter, a granddaughter and a great grandson, he evinced great interest in the program.

He is said to be older than the pines and other trees which make Lagune Mountains resort a playground for the residents of Imperial and San Diego counties. Although feeble, he can walk, see and hear without difficulty.

The early inhabitants of Portugal were the Lusitanians.

The world may be a fleeting show but it doesn't distract the small boy's attention from the circus posters.

Belgium has 12,000 motor vehicles.

More Rural Mail Delivery Routes Should Be Established

Kootenay and Boundary should have more rural mail delivery routes.

There are many districts where there is sufficient population and where other conditions are favorable to the establishment of rural mail delivery, similar to that along the west arm of Kootenay lake, and to those in the Boundary district.

Regulations under which delivery routes may be established can be obtained from the postoffice department at Ottawa.

It is of great advantage, perhaps more than always realized, for a farmer or other resident of a rural district to obtain delivery of his mail, and the facilities which the Dominion postoffice department offers in this direction should be generally taken advantage of.

Keep Up the Supply of Game Fish

The game fish of the interior waters are one of the valuable natural resources of Kootenay and Boundary.

By means of fish hatcheries and restrictive laws efforts are being made to keep the lakes and rivers well stocked, but even more could be accomplished in the way of restocking depleted waters.

Fish hatcheries, whose function is to replenish and keep stocked the fishing streams of the country are a good investment and the scope of their work should be increased as rapidly as possible.

Fishing is an attractive feature of the conditions which make life in the interior of British Columbia enjoyable and it is a strong factor in pulling tourists this way.

A Sensible Way to Deal With Eastern Problems

A lot of interest is naturally being taken in the question of the renewal or otherwise of the Anglo-Japanese treaty, and, as the Montreal Star remarks, it is a new departure and an eminently praiseworthy one for the American secretary of state and the British ambassador at Washington to meet in conference with one United States and one British man of expert knowledge from the Far East for the discussion of problems that might affect the amity of the two nations. Such a meeting is now taking place in Washington, when many phases of the Eastern question, varying from the exclusion of Asiatic immigration to the not less delicate topic of the infringement of Chinese rights, are being amicably discussed with a free exchange of opinion that would not be possible in documentary exchanges.

Whatever attitude Washington may take over the renewal of the Anglo-Japanese alliance for another year, there is no doubt that China looks far from favorably upon it. There is a feeling in China that Japanese policy has a tendency to close the door of commerce to other nations rather than to keep it open. The Anglo-Japanese alliance has had its advantages to both countries, but since it was negotiated the entire diplomatic aspect of the world has changed. Germany is no longer a menace to be feared for her designs of expansion in Eastern ports. So far as Russia is concerned, Japan has today little to be anxious about, as is proved by her somewhat autocratic action in attempting to set up a buffer state in eastern Siberia.

The Anglo-Japanese alliance was regarded as necessary for the protection of India, but the naval menace that the framers of the treaty had in mind has now passed away. The Forward party of Japan has seemed to be desirous of getting concessions from China which would amount to securing a position of economic preponderance to which neither Britain nor the United States could be expected to consent. In November a plebiscite is to be held in California with regard to the repeal of certain legislation passed during the governorship of Mr. Hiram Johnson. Japan resents this legislation very bitterly and if it is not removed from the statute book it might conceivably become a casus belli between Japan and America.

The best hope of preventing so great a world calamity lies in such a conference as is now taking place.

EDITORIAL NOTES

De Valera says that he will spend $15,000,000 educating the American public about Ireland. If he collected this sum from the American people it will be agreed that they need educating.

* * *

The Columbus Dispatch remarks that times have changed. In 1896 Bryan was running for president and Cox was a reporter. In 1920 Cox is running for president and Bryan is a reporter.

* * *

A lot of people in the United States still do not seem to understand that the Irish issue is no longer a home rule issue, but a question of remaining within the British Empire or seceding. Americans who are inclined to sympathize with this demand might do well to read some of Lincoln's speeches which were delivered at the time the South attempted to destroy the United States by splitting it in half.

* * *

The fall fair season is near and indications are that the district, in spite of the light apple crop, will have the best showings of agricultural produce in its history.

STYLES

By LENORE

One may yawn one's prettiest in a boudoir gown of flesh Georgette over crepe de chine, knotted at the waistline with a luscious rose ribbon. There are trimmings of fluted ribbon and filet lace, self-color silk tassels to weight the fluttering sleeves—and then, just for piquancy, a seductive rose is added at the neck. Buttercup yellow, rose, faintest maize and white trimmed with silver are other colors shown in the same model.

A negligee which is apparently gaining in appreciation is the pajama type. These were rarely seen in the shops a few seasons ago. Now almost every negligee department features several styles—a reported favorite being flowered Japanese silk with plain borders on coat and trousers.

FRANCE REPAIRS DAMAGED MINES

PARIS, Aug. 2 (Associated Press).—Gradual improvement in France's coal production, shown in figures brought out in the chamber of deputies, is giving comfort to economists but is not counted upon to relieve the chilliness of homes or markedly affect factories for some time. The mines damaged by the German invasion are slowly being put in shape and it is expected that they will produce 250,000 tons monthly by the end of the year, if all goes well. This would be half of pre-war production. It was admitted the normal rate would not be reached for some years.

Difficulties in the pumping out of flooded mines and repairing dynamited shafts have proved the chief obstacles. Orders for machinery are accepted only for delivery in from four months to four years.

Belgian firms finally have been engaged to aid in the reconstruction work after negotiations with Germans failed.

MAKES RECORD OCEAN TRIP OF THE SEASON

MONTREAL, Aug. 3.—The steamship Melitia of the Canadian Pacific Ocean Services, which docked at Liverpool at 5 a. m. Sunday, has just made a record trip of the season. She left this port Saturday, July 24, at 11 a. m., city time, and counting off four hours difference in time, performed the crossing in seven days and 14 hours.

TWENTY YEARS AGO TODAY

(From the Tribune, Aug. 4, 1900.)

Capt. J. J. Chambers returned last night from Ymir, where he went with 600 feet of hose from the Nelson firehall to assist fighting the serious bush fires there.

G. H. Hughes, night manager of the C.P.R. telegraphs here, left last night for Vancouver, en route to San Francisco and Seattle, where he will spend his holidays.

* * *

A telephone call last night took the brigade to Fairview, where a small fire had started from a pile of ashes at Mr. Wright's place.

WHAT THE PRESS IS SAYING

The U. S. President's Salary

The president of the United States is an honorary member of all the clubs around Washington. He has to pay no taxes at all, the supreme court having decided that his salary is exempt. Also the White House is maintained by the public treasury. Then what does a president spend his money on? Chiefly on his clothing and his food, and the food of his private attendants, the four or five servants whose wages he si responsible for. As the former secretary observes, "The President's personal clothing bill is not large. A man of sufficient intelligence to be a president is not a fop. Furthermore, he has passed the fop age." A few good suits of clothes are all he requires, and even these are pressed and kept in good condition by a valet paid by the government. Therefore, it is not unreasonable to suppose that the president can save out of his $75,000 salary and $25,000 travelling expenses at least half. Only a riotous entertainer or a man of incurable extravagance could fill the office of president of the United States and at the same time spend his salary. Mr. McAdoo must have had some other reason in the back of his mind when he pleaded poverty as a disqualification for becoming president.—Toronto Mail.

Radical Workers Take Possession of German Town

BERLIN, Aug. 2—Zittau, Saxony, a city of between 25,000 and 30,000 people where labor troubles recently occured, has been since yesterday in the hands of radical workers according to advices to the Zwoel Fuhrblatt.

PROPORTIONAL REPRESENTATION

Proportional voting as exemplified in Manitoba elections cannot be regarded as a decided improvement over the older methods of electing candidates.

Candidates unable to secure the popular vote seem to be in the position of mendicants accepting the crumbs that fall from the baskets of the more successful aspirants.

It opens the way for cliques and political groups of varied hues.

So far as can be learned from the results in Manitoba, the system will be popular with freak parties and candidates who could not get a sufficient following to save their deposits in a straight fight.

If the system is generally adopted, there will be a big increase in the number of "groups" in parliament. Ontario's experience with the present government is not such as to make the general electorate enthusiastic over hybrid combinations.

A political party must take a stand on big issues. If right, it will eventually triumph. If wrong, it will fall to pieces.—Toronto Telegram.

SHOT PARTNER IN MISTAKE FOR BEAR

EDMONTON, Aug. 3.—Mistaking him for a bear, O. C. Baillie was shot dead by his partner, W. W. Gregory, 11 miles east of Mountain Park, on Sunday night, according to information received by the provincial police here.

MONTREAL TRAIN LEAVES THE TRACK

PLATTSBURG, N.Y., Aug. 3.—A Delaware and Hudson train of five sleeping and one baggage car, bound from New York to Montreal, was derailed at Port Henry early yesterday. Three sleepers and the baggage car left the rails and turned partly over. Only one passenger, whose name could not be learned, was slightly injured. The tracks were blocked for eight hours.

TYPHUS DETAINS FRENCH STEAMER

NEW YORK, Aug. 3.—A case of typhus, which developed during the voyage of the French liner La Savoie, which arrived last night from Havre, caused the ship to be detained in quarantine until noon today.

PUT NEW RAILWAY RATES INTO EFFECT

WASHINGTON, Aug. 3.—The new passenger fares probably will become effective August 20, and the advanced freight rates August 25, according to a program outlined tonight by A. H. Thom, general counsel for the association of railway executives. Simultaneously with the changes of passenger fares, the increased charges for pullman travel and the new rates on excess baggage and milk will be put into effect.

Railroad rate experts in the United States have begun the preparation of blanket rate schedules, increasing the transportation costs on a percentage basis. These will be presented to the interstate commerce commission five days prior to the proposed effective dates.

The rate sheets will be supplemented by printed tariffs containing rates for all territories and on all commodities as soon as the physical task for working out the numerous details can be accomplished. Until this work is done local rail officials will compute the new rates and charges for their respective territories on the basis of the existing rates plus the percentage increase authorized by the commission.

Brings Divorce Suit Against Charlie Chaplin

LOS ANGELES, Aug. 3.—Mildred Harris Chaplin yesterday filed suit here for divorce from Charlie Chaplin. She alleged cruelty.

Printed Butter Wrappers

Either With Your Name or With the Words

Dairy Butter

According to the Dominion government regulations all farmers who sell butter either to stores or privately are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words

"DAIRY BUTTER"

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces and in default of same a fine of from $10 to $30 for each offense is imposed. Whey butter must be so labelled even when mixed with dairy butter and dairy butter retains its label even though it be mixed with the creamery product.

If you have your own name or brand on your wrappers you gain valuable advertising for your butter. It causes people to ask for the same brand again.

MAKE MERRY AT APPLEDALE

Song and Dance Mark the Ladies' Progressives Anniversary

APPLEDALE, Aug. 2.—The concert and dance given by the Ladies' Progressive association on Friday to celebrate their anniversary was a big success both socially and financially. The hall was crowded, people coming from Slocan City, Lemon Creek, Perrys, Winlaw and Vallican.

The program was as follows: Violin duet, Messrs. Clark and Miss Clark, accompanied by Mr. Kopecki; duet, Mr. Kopecki and Mrs. Good; solo, "Mignonne, Miss H. Addor; recitation, "Envy," Lorne Campbell; humorous reading of the minutes of the last meeting of the Ladies' Progressive, Mrs. Harding; "Bachelor's Reverie," with P. S. Cork as the bachelor and H. Meyers and M. Meyers, "little sweethearts, M. Trozzo, E. and M. Green, "playmates", A. Brooks, basketball girl; E. Graham, tennis-girl; J. Cant, Spanish dancing-girl; Miss Brooks, cowgirl rider; Mrs. Dell, baseball fan; Mrs. Lelen, Red Cross nurse; Mrs. Kopecki, college chum; F. Dawney, butterfly girl; Miss Wynne, Geisha girl; Miss H. Addor, bridesmaid; H. Meyers, flower-girl; A. Wynne, bride. The birthday cake, which was auctioned off, was bought by H. Russell, of Slocan City.

After supper Mr. Cowie, of Lemon Creek, favored with song and recitation.

Dancing continued until 4 a.m.

ATTEND APPLEDALE LADIES' CONCERT

SLOCAN CITY, Aug. 2.—The following from here attended the concert given by the Ladies Progressive association at Appledale on July 30: Mr. and Mrs. R. J. Johnson, the Misses Grace and Bertha Armstrong, William Hicks, Miss Willetta Hicks, Miss Annie Campbell, Miss Lora Greenwood; H. C. Avison, E. Graham, Harold Russell, Ralph Bruin, A. Miller.

NEWS OF SLOCAN CITY

SLOCAN CITY, Aug. 1.—Miss Phylis Avison, of New Denver, is in town the guest of Miss E. A. Rogers.

Mr. and Mrs. W. E. Elsdon and little son returned to their home in Nelson Friday. Mr. Elsdon was relieving steward on the steamer Slocan for a month.

Mrs. H. Parker, the Misses Dorothy and Mabel Parker, William Greenwood, Joseph Greenwood, R. E. MacMillan and others spent Sunday and Monday in New Denver.

Mrs. A. E. Gage and children, who have been enjoying a holiday at the coast, arrived home Friday evening.

CAPTURED GUNS ARE DISTRIBUTED

LONDON, Aug. 1.—(Can. Press).—Two captured German 77m. field-pieces were recently placed in the grounds of Buckingham palace, and two 105mm. guns on the terrace at Windsor castle, by the command of H.M. King George V.

All the captured enemy guns suitable for issue have now been collected, and no further applications for such trophies are being considered.

Some 100,000 articles of enemy equipment have been distributed in Great Britain, the Dominions and India, it was announced.

REMOVES HAIRY GROWTHS WITHOUT PAIN OR BOTHER

(Modes of Today)

It is not necessary to use a painful process to remove hairy growths, for with a little delatone handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone. Mix fresh as wanted.

FINE FOR SKIN EXPOSED TO SUN OR FLYING DIRT

These days the face needs special care and attention. Flying dust and dirt, the beating sun, are severe on any skin. Their despoiling effects are best overcome by the application of pure mercolized wax. This keeps skin and pores in a cleanly condition, the complexion beautifully white and spotless. Reddened, tanned, freckled or roughened cuticle is actually absorbed by it. One ounce of mercolized wax, obtainable at any drug store, is sufficient to completely renovate a soiled complexion. It is used like cold cream, allowed to remain on over night, and washed off in the morning.

Fine lines and even the deeper wrinkles often appear at this season. In such cases nothing is better than a face bath made by dissolving an ounce of pure powdered saxolite in a half pint witch hazel. This is remarkably effective.

WEDDING BELLS RING AT WILMER

Miss Florence Couldrey Changes Name; Now Mrs. Thrasher

WILMER, Aug. 1.—A very pretty wedding took place today at the home of Mr. Richard Couldrey, when their eldest daughter, Florence, was united in marriage to George Thrasher, a well known business man of Bull River, B.C.

Rev. E. G. Thatcher officiated. The bride looked charming in a travelling suit with crepe blouse and hat of Maline. She was attended by her sister, Miss Winnie Couldrey, who wore a flesh pink silk gown.

The groom was supported by his old friend Charles R. Walker, of Nelson.

After the ceremony luncheon was served at the home of the bride.

The happy couple left in their car for an extended trip in the Windermere valley.

On their return Mr. and Mrs. Thrasher will reside in Bull River.

LADIES' ASSOCIATION AT APPLEDALE PROGRESSES

APPLEDALE, Aug. 2.—The meeting of the Ladies' Progressive association was held on Saturday at the home of Mrs. Wayne, there was a full attendance. Mrs. Wynne was elected president in place of Mrs. Cork, who is leaving for Spokane, and who was made honorary president. Mrs. Lawson was made secretary-treasurer in place of Mrs. Wynne; and Mrs. Kopecki was reelected vice-president. At the close of the meeting the ladies presented Mrs. Cork with an address and a gold handled umbrella as a parting gift and a token of their appreciation of her good help and work in the district. She was a good leader and the ladies got on well together under her leadership; she will be missed by all.

Afterwards, Mrs. Good, assisted by Mrs. Wynne and Mrs. Lawson served tea, with cake and raspberries and cream.

Misses C. and S. Chubb, of Slocan City, were the guests of Mrs. Wynne on Friday.

APPLEDALE NOTES

APPLEDALE, Aug. 2.—Mr. Harding came home on Wednesday for a few days.

S. Green and family of Calgary are visiting.

Mr. and Mrs. H. Green, Miss Clark and H. Clark of Winlaw were visitors between trains on Wednesday.

Mr. and Mrs. Mitchell of Winnipeg are visiting Mr. and Mrs. Wayne.

Most of the men on the west side of the river are away fighting the fire up Lemon Creek.

ROSSLAND NOTES

ROSSLAND, Aug. 2.—R. T. Evans, who has been in the city for the past week leaves Tuesday for Kintla, Mont.

H. H. Hoffman, who spent a few days in the city, has returned to Portland.

E. S. H. Winn, of Vancouver, who arrived in the city Saturday, left this afternoon for Trail.

O. I. Youell, of Victoria spent a cuple of days in the city.

F. Gibbs has returned to the coast after spending a few days here.

F. Lean, of Burton City, arrived in Rossland Saturday night to visit his wife, who is ill at the hospital. He returned to his home last evening.

Miss J. O. Johnson, of Trail, was a visitor to the city Saturday.

J. C. Knuzman, of Philadelphia, was in the city Saturday.

Mrs. R. Moorish, who has been visiting in the city for the past two months, leaves Tuesday for her home in Seattle.

Mrs. T. Reilly left Saturday morning on a trip to Spokane.

Mr. and Mrs. Vanderwater leave this week on a holiday trip to Nelson and Penticton.

GIRL WHO CAUSED A WAR

The discovery that Mary Winchester, who when only six years of age was the cause of the Lushais war, is still alive, has aroused the greatest interest.

She was abducted by the natives of Northern Assam, and when the fighting was over it was found that the chiefs of the Lushais had almost deified her, and they pleaded with the British officers to be allowed to keep her to become the head of the tribe. Mary's father was a native of Elgin, and belonged to one of the leading county families in Morayshire. When the story of the Lushai outrage reached Elgin it caused great consternation, and the M.P. for Moray and Nairn raised the matter in the house of commons and took it further—even to Queen Victoria herself. So it came about that the punitive force was sent against the Lushais. On receipt of the news that Mary Winchester had been rescued and was alive and well, Elgin gave itself up to a riot of rejoicing, and later still, on her arrival at her grandparents' home, the whole town made holiday to welcome her.

Prior to travelling north Mary had the honor of being received by Queen Victoria. The little maid, despite the fact that she had changed her native dress for European attire, was then, and for some considerable time afterwards of a dark almond color, wherever her skin had been exposed to the tropical sun of Assam.

TRAIL COUNCIL DISCUSSES FIRE

Fire Wardens and Chief to Inspect Premises and Enforce Regulations

TRAIL, Aug. 3.—The regular meeting of the city council was held on Monday evening, there being present Mayor Dockerill and Aldermen Kerr, Daloise and Williamson, and Mr. Tregonning, acting as city clerk.

The resignation of Alderman Perrin was read and was on motion accepted, he being no longer a resident of the city.

Receive Offer for Debentures

Two offers to purchase municipal debentures were read, one of which was slightly below par and the other one above par, both applications being laid on the table pending termination or release of an option given on July 26 for two weeks.

Present Fire Report

The city fire chief presented a report on the dangerous condition of some of the alleys and premises in the business district owing to the accumulations of inflammable material and rubbish at the rear of the buildings, and requested that the council take steps to have the fire regulations enforced. The fire on Ray avenue on Saturday afternoon had clearly demonstrated the great peril that portion of the city is in, and he thought that the careless person should not be permitted to endanger the whole community as has been done in the past.

It was shown during the discussion, which followed that on Saturday the fire brigade had done very efficient and valorous work, that the apparatus was in good condition, and the water supply ample and the pressure very good, the pressure recording instrument showing a constant pressure of 160 pounds per square inch during the whole day, including the period of the fire.

Inspection Ordered

It was arranged that an inspection of the business premises of the city should be made by Fire Wardens Williamson and Kerr, Fire Chief Murray and Bluilding Inspector Thompson, with the view of compelling the cleaning up of premises and reducing the risk of fire.

Three applications were made for water connections for fire protection and street sprinkling purposes, and were referred to the city superintendent to report upon at next meeting.

Accounts Passed

Bills and accounts totalling $9676.71 were certified by the finance committee and ordered paid.

On motion of Aldermen Daloise and Williamson it was decided to instruct the city engineer to report on sewer extensions required and to prepare estimates for same.

It was also urged that construction of the new concrete sidewalks be commenced immediately, and the mayor was requested to see what financial arrangements could be made to that end.

War Veterans Want Trophy

A communication from the War Veterans was received concerning procuring for the city of Trail one of the war trophies now being distributed throughout the Dominion, and in which this city has apparently been overlooked.

It was moved by Ald. Williamson, seconded by Ald. Kerr that the city clerk wire the director of war trophies asking that one of the trophies be allotted to this city, the motion being carried.

Mr. Tregonning was appointed to act as city clerk during the absence of Mr. Monypenny and Ald. Williamson was appointed a fire warden to take the place of Ald. Perrin, resigned.

Adopt Poll Tax Bylaw

The municipal poll tax bylaw received its final reading and was adopted.

SOCIAL NOTES FROM TRAIL

TRAIL, Aug. 3.—Dr. Thom left for California on Monday evening, where he will join Mrs. Thom and Miss Thom and spend a few weeks in recreation and rest.

A. Huebner and sons left on Monday for Needles to spend a week's outing.

Mrs. J. E. Kania with her son and her daughter Margaret, left for Needles on Monday, and will spend several weeks visiting friends.

WANT TO CHANGE QUALIFICATION

Western Commands of Army and Navy Veterans Resist Present Terms

VANCOUVER, Aug. 3.—(Canadian Press).—There are indications that there will be at least one strenuous struggle when, on October 11, the annual convention of the Army and Navy Veteran's association of Canada opens here.

Western commands are determinedly preparing to wage a big fight to bring about a change in the qualifications which entitle a man to membership in the association. It is maintained locally that if the desired change was made thousands of eligible men, hitherto barred from joining any such organization, would be immediately available, and would not hesitate to cast in their lot with the association.

At present, to be entitled to membership, a man must have served six years with the Imperial forces or have had nine years with the active militia, or must have won a war decoration.

The proposed change calls only for three years service with the active militia or in the regular army or six months with the Canadian expeditionary force.

Three Years Ample to Make Soldier

M. J. Crehen, one of the active heads of the western commands, whose opinion is shared with scores of others, deeply interested in the association, asserts that three years' service is ample for if a man is going to make a soldier he should be one in that time. In existing circumstances a man may serve three years and then, as there is no organization which he may join, he is lost sight of and his experience is lost to the country.

It is time to give the association the chance to keep in contact with such men as these, of whom there are thousands, that the west will put forth all its strength at the forthcoming convention.

611 Baker Street - - - - - Phone 200

Locally nothing is yet definitely known of the proposed $5,000,000 scheme for housing disabled soldiers, of which at least thirty days' notice must be given in order that it may be brought properly before the convention.

The committee will soon be at work on initial preparations for the gathering which is expected to draw at least fifty units to the Pacific coast.

SAYS JAZZING IS GOOD FOR HEALTH

WINNIPEG, Aug. 3.—(Can. Press).—Jazz dancing is as proper as the minuet and every boy and girl should learn how to dance from the viewpoint of good health, Major-General G. L. Foster, acting director of medical services for the Dominion, said. The minuet was severely criticised in its day, as severely as jazz, said General Foster.

General Foster arrived here recently to inspect the Tuxedo military hospital. He stated that there are at present less than 1000 patients in the military hospitals of Canada.

Wash dried fruits, dry in oven and place in glass jars ready for use.

Flesh pink vies with silver grey in latest French evening frocks.

The Leading Drugless Health Science

Chiropractic for Women

The human back is the same in all people. CHIROPRACTIC is uniformly applicable to individuals of all ages and both sexes. The most sickness is perhaps experienced by women. CHIROPRACTIC is a boon to womankind. Troubles commonly known as peculiar to women respond readily to adjustments. Headaches in the most instances are quickly and often permanently relieved by Chiropractic Adjustments. When we understand that in women in particular headache is merely an effect of one or of several disorders that may be present in bodily regions remote from the head, the value of CHIROPRACTIC SPINAL ADJUSTMENTS as a rejuvenator of depleted functional derangement, is shown. If you are suffering from any ailment consult me.

Chiropractic has Proven to be the Master of Disease.

The Chiropractor locates and adjusts the cause of Disease instead of treating the effect and NATURE does the healing, curing and repairing after such adjustments have been made.

Markets and Finance

FAVORITES SLUMP FRIGHTENS BULLS

Prices, Particularly in Rails, Rally When Call Money Drops to Six

NEW YORK, Aug. 3.—Today's session on the stock exchange ended with a vigorous upward whirl of prices, led by investment railroads after an interval of weakness in which new low figures for the current movement were established. Early strength on seeming evidence of an oversold condition was most pronounced in the railroads, steels, shippings, motors and oils, but many of these issues slumped badly later.

Pressure of stocks was traceable in part to the closing out of weekly margined accounts. The activities of the bear faction were assited by rumors of new financing, decreased earnings, uncertain business outlook for various companies because of traffic congestion, fuel shortage and the unfavorable Polish situation.

Establishment of new low quotations for the current movement by such favorites as steel, equipments and oils intimidated the bulls and there was little concerted effort to stem the downward tide until the late afternoon when call money rates eased off to six per cent.

This circumstance was taken advantage of to bid up prices. Rallies from the day's lowest were of striking proportions in many instances. Investment railroad shares, such as the Canadian Pacific, Great Northern preferred, Northern Pacific, Southern Pacific and Union Pacific, were purchased confidently.

Total sales approximately 1,000,000 shares.

Sterling exchange dropped nearly nine cents as the result of the unfavorable foreign news and enormous offerings of bills. Railroads mortagages particularly convertibles, and re-organization issues, moved up strongly, but foreign securities were lower, and liberty bonds little changed.

Old U. S. Bonds unchanged on call.

Sales par value, $11,650,000.

MONTREAL LIST

MONTREAL, Aug 3.—Recent favorites were prominent today on the local stock exchange, and all showed a downward tendency, with substantial rallies towards the close in one or two issues. Breweries sold between 83¾ and 64¾, with the close at the latter showing a net loss of a small fraction. Spanish River preferred sold down to 123¾ and rallied to 126 which represented a loss of only ¾ points. Spanish river common opened at 118 and dropped 4½ points to 113½ but rallied at the close to 116½, being a net decline of 2½ points at the end of the day.

Brompton was most active, 2750 shares being sold. The net change for the day was a loss of 2½ points, the stock closing at 67. Abitibi lost two points at 77 and Laurentide 2½ points at 118. Wayagamack was not active and declined 3½ points to 118. Riordan dropped three points to 207.

The only net gains for the day were Detroit, which advanced a small fraction to 103⅛. Montreal *Cottons, up 1½ points to 81.* Ogilvie preferred gained 1½ points at 102½ Hillcrest added a point at 57, and Union Bank which firmed a fraction at 154.

Dominion Steel fell three points to 62 and Steel of Canada fell 2¾ points to 67½ a low record for the year.

Total transactions. Listed 15,368; bonds $35,460.

DOMINION LIVESTOCK

TORONTO, Aug. 3.—Cattle receipts 1056. No choice beef sold today. Stocker and feeder trade was slow with strong prices for quality stuff.

Heavy beef steers, $14.25 to $15.25.

Butcher steers—Choice, $14.00 to $15.00.

Butcher heifers—Choice, $12.50 to $14.50.

Butcher cows—Choice, $10.25 to $12.50.

Calf receipts 342. Choice $17.00 to $18.15; milch cows $125.00 to $185.00; springers $70.00 to $135.00.

Sheep receipts, 1100, ewes $7.00 to $9.00; lambs, $15.50 to $17.50.

Hog receipts, 725. Fed and watered basis, selects $21.25; lights $19.25; heavies $20.25; sows $14.25 to $18.25.

In the Indian tongue, Oshawa means means "a carrying place."

SKYROCKETS ON ALARMS

Wheat Soars on European News of War Emergency Situation

CHICAGO, Aug. 3.—Wheat went skyward scoring 17½ cents a bushel. The extraordinary scene was ascribed mainly to likelihood that war emergency might bring about enlarged demand from Europe for food supplies. The close was nervous 15½ cent net higher with December 2.29 and March 2.32½. Corn gained 2⅞ cents to 4⅝ cents; Oats 1¼ cents and provisions 30 to 50 cents.

CANADA BONDS

MONTREAL, Aug. 3. — Today's bond quotations.

War loan—1925, 94½; 1923, 91⅝; 1937, 96⅛.

Victory—1922, 98; 1927, 98½; 1937, 100; 1923, 98; 1933, 98½; 1924, 97; 1924, 95.

FOREIGN EXCHANGE

NEW YORK, Aug. 3.—Bar Silver, domestic, 99½; foreign 93¾.

Canadian dollars 88.75.

Francs, demand 7.38; cables 7.40.

Marks, demand 2.22; cables 2.23.

PARIS, Aug. 3.—Prices were steady on the Bourse today, three per cent rentes 58 francs, five centimes. Exchange on London 48 francs, 10 centimes. Five per cent loan 87 francs, 50 centimes.

The dollar was quoted at 13 francs, 32½ centimes.

EGG MARKET

OTTAWA, Aug. 3.—The egg market is firm at unchanged prices. The demand for export is likely to continue as British prices yesterday were from three to four shillings per 10 dozen higher than a week ago.

A British buyer operating on the Toronto and Montreal markets has made purchases at 69 and 70 f.o.b. Seaboard. Export inspections last week totalled 5100 cases.

Ontario track shippers report sales of firsts at 66 f.o.b. shipping point, and current receipts 56 to 58, f.o.b.

Toronto firm but quieter, large stocks of States' eggs on hand. Local specials jobbing 68 to 70; extras 64.

Montreal firm, specials 68 to 70; extras 66; firsts 57 to 58; seconds 52 to 53.

Winnipeg firm, unchanged at 48 to country shippers.

Saskatchewan, market is firm, country shippers receiving 46 to 48; jobbing unchanged.

Calgary dealers are paying 48 to 50 delivered. Supply of current is receipts not sufficient to meet demand.

Edmonton firm unchanged.

British Columbia firm, local fresh in heavy demand. 62 to 63, delivered Vancouver.

Maritime province firm, country points 48 to 53; St. John jobbing 58 retailing 60 to 65.

SILVER PRICES MOVE SLIGHTLY

NEW YORK, Aug. 3.—Silver, domestic 99½; foreign, 93¾.

LONDON, Aug. 3.—Silver 57d.

FOREIGN EXCHANGE BREAKS DOWN ON NEWS FROM POLAND

NEW YORK, Aug. 3.—The news from Poland caused the sharpest break of many months today in the foreign exchange market. Demand sterling broke 8½ cents to 3.62½. French Italian and other continental exchanges also were depressed Grain and cotton bills contributed the weakness of the market.

STERLING EXCHANGE

NEW YORK, Aug. 3.—$3.61¼ for 60 day bills; $3.65¼ for demand.

NELSON.—$4.12½.

MINNEAPOLIS GRAIN

MINNEAPOLIS, Aug. 3.—Flour 25 cents lower; in car load lots, family patents quoted at 12.10 to 12.50 a barrel in 98 pound cotton sacks. Shipments 46,117 barrels. Bran 45.00. Wheat cash No. 1 Northern 2.35 to 2.40 Corn No. 3 Yellow 1.35 to 1.36. Oats No. 3 White 69⅜ to 71⅜.

METAL MARKET

NEW YORK, Aug. 3.—Copper steady, electrrolytic spot and last quarter 19. Iron, steady, prices unchanged. Tin, steady spot 48.50; August and September 48.25; Antimony 7.50.

Lead quiet, spot 8.50; Zinc, steady East St. Louis, spot 7.62½ to 7.75.

LONDON—Copper, spot, £92 12s. 2d; futures, £94 17s. 2d. Electrolytic, spot £111; futures, £116. Tin, spot, £273 5s; futures, £278 5s. Lead, spot, £37 15s; futures £48. Zinc, spot, £41 10s; futures, £43.

MONTREAL PRODUCE

MONTREAL, Aug. 3.—There is no change in the butter and cheese market. Eggs firm with a good demand.

Cheese—Finest easterns 24½.

Butter—Choicest creamery 58¾ to 59

Eggs—Fresh 68.

Additional Markets on Page 7.

The foreign commerce of the twenty Latin American republics last year aggregated about $5,000,000,000, against slightly less than $3,000,000,00 in 1913.

HELPLESS WITH RHEUMATISM

Until He Took "Fruit-a-tives" The Fruit Medicine

R. R. No. 1. LORNE, ONT.

"For over three years, I was confined to bed with *Rheumatism*. I treated with doctors, and tried nearly everything without benefit. Finally, I tried "Fruit-a-tives". *Before I had used half a box I saw improvement;* the pain was easier and the swelling started to go down. I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place".

ALEXANDER MUNRO.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

Knitted wool capes are having great vogue at fashionable summer resorts across the border.

DIBBLE DECLINES OLYMPIC CHANCE

TORONTO, Aug. 3.—"Bob Dibble, the Canadian senior sculling champion will not represent Canada at Antwerp, despite the offer of the Canadian association of Amateur Oarsmen. He feels he cannot afford to be away from Canada the length of time it would necessitate to compete at Antwerp. He also feels he has been unfairly dealt with by the Canadian association of amateur Oarsmen.

TORONTO BOARD

TORONTO, Aug. 3.—Irregularity marked the trading on the Toronto stock exchange today, but losses predominated, there being two declines for every gain. The decline in *Atlantic Sugar* was undoubtedly the feature of the market, the common dropping seven points to 142, and the preferred four points to 166, with very little liquidation in either stock.

Conditions which affected the market last week are still to the fore, money, the continued weakness of the *New York*, and the sentiment which followed the suspension of a Montreal brokerage house.

There was considerable liquidation at times, with the papers coming in for a fairly good share. There was heavy liquidation in Brazilian, 499 shares changing hands at a decline of one point to 40½.

The paper stocks were generally weak, while Spanish River preferred declined 2¾ points to 124½, the common gained ½ to 117. Riordan was two points down at 210. Abitibi broke 3¾ points to 76½; *Brompton* 3⅛ to 66⅛ Whalen preferred one to 75, and Laurentide 2½ to 113½. Mattagami gained two points to 65, while North American Pulp was unchanged.

Total trading—1,861 listed; $23,800 war bonds.

CHAMPIONS ENTER FOR STATES GOLF

Toledo Tournament Attracts Cream of the Golfing World

NEW YORK, Aug. 3.—(Canadian Press).—Two Canadian golfers are entered for the United States championship tournmanent to be held at the Inverness Club, Toledo, Ohio, August 10 to 13, it was announced tonight. The entry is probably the largest in the history of the association. It contains more than 200 names and includes the cream of both amateur and professional talent.

Frank Adams, the Winnipeg star, is matched with F. H. Morrison, Laporte, Ind., in the first round, George Ayton, Regina, is paired off with Rueben Bush Jr., an amateur, of the *Audubon* Club. Douglas Edgar, holder of the Canadian open championship is paired with George Turnbull, Middlethian.

The British holders, Harry Vardon and Ted Ray, will compete. Vardon is matched with Bobby Jones, and *Ray* with *Jack Burgess*, North Carolina. Neither Chick Evans nor Francis Ouimet, Boston, both former open champions, are entered.

Walter Hagen, National open champion, will play with Thomas Armour, British Amateur, and Jim Barnes, the western title holder, with *Jack Dowling*, New York.

The first pair will drive off at 8:30 a. m. and thereafter players will leave the first tee at five minute intervals, the last going at 4:40 p. m. Most of the contestants are professionals.

LABOR EXCHANGE COSTS MULTIPLY

LONDON, Aug. 3.—(Can. Press)—Some remarkable figures showing the growth of the work of the labor exchanges, and their cost, have just been made public before the committee of inquiry appointed by the ministry of labor.

In 1911, it was stated, the number of vacancies filled was 621,410, compared with 1,289,963 in 1919. The cost of the exchanges in 1910-11 was £157,654 ($709,443), but in 1920 it stood at £3,613,140 ($16,259,130). Thus, while vacancies filled have only doubled, the cost has been multiplied about 23 times.

It was stated that in the first half of 1919 the average number of vacancies filled daily was 1000. In the last six months of 1918 it reached a daily average of 5048.

Sir Charles Sykes expressed the opinion that for every girl willing to enter domestic service there were six vacancies open for her. He thought the girls were not "playing the game."

BORN AT SEA IS STEPNEY NATIVE

LONDON, August 3.—(Canadian Press)—The Royal Mail steamer Darro, which arrived at Liverpool recently, reported that a baby girl had been born at sea. The child was given the Christian names of Marina Darra, the latter being the feminine of Darro.

The child was of *Spanish parents*, and although born under the Union Jack, which carried with it British nationality, the question was discussed among the passengers whether the new-comer was a native of the Argentine, being born when the ship was in Argentina territorial waters. The *parents disembarked with the* baby in Spain.

Children born at sea under the British flag are entered in the registers as natives of Stepney, London.

The art of refining sugar and making what is called loaf sugar was invented by a Venetian citizen towards the end of the fifteenth century.

HERBERT E. BURRIDGE, STORES COMMISSIONER

MOVING WHEAT IS KANSAS PROBLEM

Proper Stacking on Farms Advised; Much of Last Year's Crop Not Shipped

TOPEKA, Kansas, Aug. 3.—(Canadian Press).—An increase in the number of cars made available for the shipment of wheat to market is affording some relief to Kansas farmers in the problem of marketing their grain according to state officials and bankers interested in the wheat movement.

Not Enough Cars Available

Although there are not yet enough cars to move all the wheat, and many cars promised by the interstate commerce commission have not arrived, and railroad officials are unable to give any definite assurance as to when they will arrive, the car shortage is not so desperate as it has been in past years.

Officials of the state board of agriculture estimate that there are still stored on Kansas farms 22,000,000 bushels of last year's wheat crop, and an additional 8,000,000 bushels of last year's wheat in Kansas elevators. A perceptible movement of this "hold-over crop" is now reported by the State Board of Agriculture.

There remains, however, the vastly greater problem of moving this year's crop, variously estimated at 110,000,000 to 135,000,000 bushels, to the great milling and export centers.

Bankers are vitally concerned in the wheat movement problem. According to J. R. Anspaugh, secretary of the Kansas State Bankers' association, bankers have $65,000,000 tied up in loans on crops which await marketing. Many of these loans are long over-due, and the prospects are that the amount involved in crop loans will easily reach $100,000,000 with the ripening of the present wheat crop.

Favor Crop Loan Extensions

Some relief has been obtained, Mr. Anspaugh said, from the recent announcement of the Federal Reserve board that it favored extension of crop loans, and the fact that Federal Reserve banks had been authorized to accept paper from member banks or from other banks correspondents.

Railroad officials have warned farmers of their inability to move the new wheat crop promptly and urged them to make arrangements to hold it on farms properly stacked or in bins.

RED CROSS RELIEVES CYCLONE SUFFERERS IN SASKATCHEWAN

REGINA, Aug. 3.—At an emergency meeting of the Saskatchewan provincial Red Cross executive, this afternoon, Sir Richard Lake presided. An offer was received from the Saskatchewan government to donate $20,000 to the society if it would assume responsibility and adopt the administration of reestablishment work as far as possible to the farmers who suffered loss of homes and equipment, and in some cases all their earthly possessions in the cyclone in Alameda, Frobisher and other districts in the southeastern part of the province on July 22.

The Red Cross, whose peace time program includes provision for the mitigation of suffering, unanimously accepted the responsibility and the government's offer, and voted a second $20,000 from Red Cross funds to supplement the government grant, should such additional sum, or any portion of it be required.

W. F. Kerr, the recently appointed Red Cross commissioner for Saskatchewan, will leave for the stricken districts to make a closer and more detailed survey of the losses sustained, and the present condition of the sufferers. He will exercise full executive powers for the Red Cross right on the ground, and will take immediate steps to replace farm machinery destroyed in order that there may be no further loss in harvesting this season's crop, and also to obviate any unnecessary delay in beginning the work of rebuilding homes destroyed, with a view to having them ready for occupation before the cold weather sets in.

PONZIE CONFIDENT OF FEDERAL AUDIT

BOSTON, Aug. 3.—The hundreds of investors who besieged the offices of Charles Ponzie, foreign exchange financier today, had dwindled to less than a dozen when closing time marked the end of the largest day's run since he discontinued receiving deposits. In the seven days' run Ponzie claimed to have returned to depositors between $3,000,000 and $4,000,000.

Ponzie, smiling and seemingly confident of the outcome of the federal audit now being made of his books, declared that he had $7,500,000 in banks in the United States which would more than cover all liabilities.

CITIZENS SETTLE IN FOR PERIOD

Last Day's Tax Payments Twenty Thousand; Consolidated Arrears Next

A total of $20,000 in real estate taxes, rung up on the city hall cash register Monday, the last day for settling city tax bills at par, is one more evidence of the prosperity of the community. Tax payments during July and the first working day of August exceeded $80,000. As there was a certain amount paid before July, a comparatively insignificant total in relation to the whole, passes over into the delinquent period, *which is now in effect.*

All delinquent tax bills are now automatically increased by 10 per cent, and the statute ordains that a further 5 per cent penalty is to be added on Dec. 1 to those still outstanding.

The penalty period now in force applies only to the current year's taxes. Consolidated arrears may still be settled at par up to Sept. 1.

MERCHANTS ADJOURN

Owing to the small attendance at the meeting of the Nelson branch of the Retail Merchants' association of Canada at the board of trade rooms last night, no official business was transacted.

FERNIE RESIDENT TALKS ON HOLDUP

Another Posse of Police Leaves for Robbery Scene; Sensations of Victims

That Royal Canadian Mounted Police reinforcements, in addition to the posse leaving Fernie Monday night, left Fernie yesterday morning by motor cars to join in the man-hunt having for its object the capture of the train robbers who held up the Lethbridge-Cranbrook local, was the information brought to Nelson last night by E. W. George, of Fernie.

At the time Mr. George's train left Fernie yesterday morning no reports as to the success or failure of the man-hunt had come in.

Two Calgary men who were on the held up train stopped off at Fernie, and they described to Mr. George their sensations during the sticking up. When the desperadoes came through the car, the Calgarians, with the other male passengers, stuck their hands up, and held them up till they felt it was safe to take them down, which was after the bandits had left the train. They expressed themselves as not caring to repeat the experience.

They described the bandits as speaking broken English, and one of them as particularly swarthy.

Social and Personal

F. H. Fox, of Greenwood, was among arrivals last night.

Frank MacDonnell of Cranbrook is registered at the Strathcona.

W. J. Farmer, the Castlegar merchant, arrived in the city last night.

WAR CHANGES GERMAN DIET

Well-to-Do Prussian Now Has to Live on Laborer's Fare

BERLIN, Aug. 3.—(Amer. Press)—How the erstwhile well-to-do live in present day Germany is described in the Allgemeine Zeitung by an elderly high state functionary, a married man with a family, who says that although he belongs to the upper 30,000 in Prussia, according to the income tax schedule, his style of living is reduced to that of a plain laborer.

"I own a fine mansion in a fashionable Berlin suburb," he writes, "but we have been obliged to rent four rooms furnished, and will have to restrict our own apartments still further."

"Before the war, we breakfasted on eggs and bacon, white bread and butter, and tea with cream and sugar; now we have to content ourselves with thin gruel, black bread, no butter or sugar, and the nondescript 'official' jam.

"Only once or twice a week does meat appear on the dinner table; never a joint. Wine has been abolished. Supper consists of porridge, herrings or cheese. Before the war the family used seven pints of milk daily; now a quarter of a pint is the allowance.

"Clothes are worn threadbare; my son mends my shoes and my daughter cuts my hair.

"Letter writing has become too expensive. I tear off unused half sheets of letters received and use old envelopes, inside out. Baths are cut down to one-half.

"We can no longer afford to entertain company to meals; we meet our friends after supper."

The present lean times, the writer confesses, have not impaired his health very much, although he says he has become somewhat spare in body.

MILLION ACRE MEXICO ESTATE

Calgary General Settles Three Battalions British Troops on Land

CALGARY, Aug. 3.—(Canadian Press)—That General Critchley, well known in Canadian military circles, has recruited and taken into Mexico thre battalions of British troops and settled them on a 1,000,000-acre estate, and that he has four fully equipped air squadrons under his command, is the news that has reached here from an authoritative source.

These troops, who are primarily British settlers, were recruited by the general and his staff in different parts of the British Isles and Canada, and are under the command of the general and his brother, Major H. C. Critchley, both of Calgary. To cover the recruiting and transportation expenses of these troops the British government provided £300,000. Several local officers were asked to accompany the expedition as officers.

GOVERNMENT GRANT TO LETHBRIDGE VETERANS

LETHBRIDGE, Alta., July 28.—Ten thousand dollars was received by the Lethbridge branch of the Great War Veterans' association recently from the provincial government. This money was given to the local veterans to pay for their present club house and was promised by the government some time ago.

MANITOBA REDUCES ROYALTIES ON FURS

WINNIPEG, July 28.—Weakness of the American fur market, with its reflex action upon the sale of furs in Manitoba, has resulted in the provincial government readjusting the scale of royalties taken on furs originating in Manitoba. A new schedule of royalties, reduced to approximately 50 per cent of the tax as imposed at inception of the act last spring, has been made effective by an order-in-council.

RUMANIAN QUEEN WON'T PAY PRICE

Must Think We Are Americans, Says Princess Elizabeth

PARIS, Aug. 3.—The queen of Rumania taught luxury buying folk a good lesson when she entered an antique shop. She picked up an amber statuette and asked the price. "One hundred and twenty pounds," was the reply. "That's too much for me," said the queen, and her daughter, Princess Elizabeth, who was with the queen, added: "They must think we are Americans."

VIENNA, Aug. 3. — (Associated Press).—The government has requisitioned the famous old palace of the Archduke Frederick, standing just behind the opera, and one of the largest in Vienna. It is to be used for hospital purposes.

Let's Go Swimming
You hear someone say that almost every day. You will get a lot more fun and a lot more comfort out of Summer if you get the beach habit.
It's an easy habit to get if you have one of these bathing suits handy. Then again it's mighty fine to have an extra one to enable a friend to come along.
$1.25, $1.50, $2.50, $9.00
