USE BLOODHOUNDS TO TRAIL CRANBROOK TRAIN BANDITS; SEARCH COSSACK COMMUNITY

Third Day's Man Hunt Ends in Blank; Bassoff Gets Food From Farm and Hides in Wood; Complete Disappearance of Areloff Is Mystery; Rain Likely to Spoil Scent for Hounds

LETHBRIDGE, Aug. 9.—The third day of active chase for the bandit Bassoff, murderer of Police Officers Ussher and Bailey, is under way, and though the big squad of police has fairly definitely established that Bassoff is still lying close to the district where Saturday's killings took place, every clue they have run down in the 48 hours has been in vain. They are up against a blank wall. They know Bassoff is there, that he is wounded and weak, and that he comes out each morning in search of food. But they have never been at the right place at the right time.

Mrs. Halloway Telephones Police

On Monday afternoon there was an exciting chase for a time when Mrs. Joe Halloway telephoned from a little farmhouse northwest of Frank, that a badly wounded man had called there during the forenoon and had asked for something to eat. She gave him a loaf of bread and a piece of cheese, which he took and *disappeared into the woods* close by the barn. Mrs. Halloway was alone on the farm at the time. She immediately telephoned to Coleman and police were dispatched to keep the little wood into which the man had gone under guard until reinforcements arrived.

About 2 o'clock the police began to close in on the wood, but after a *thorough search they found that* their man had made his getaway. Whether this was the wounded man Bassoff the police cannot definitely say, but it was the best clue they had today and it came to nothing.

Search Miners' Shacks

Search of the miners' shacks through the valley is being carried on systematically. There are 28 families of Cossacks in one community with whom Bassoff is intimate, and he is expected to lie close to them for aid. Bloodhounds will arrive on the scene tonight. The chances of using them to advantage were reduced considerably today when a drizzling rain fell all day in the pass.

Areloff Completely Disappears

One of the mysteries of the man hunt is the entire disappearance of Areloff, the third bandit of the gang. Not the least trace of his movements since he was seen in Coleman last Friday has been found.

Bloodhounds and Citizens Seek Slayer of Minnesota Sheriff

WORTHINGTON, Minn., Aug. 9.—Bloodhounds and scores of citizens, sworn in as deputy sheriffs tonight were searching the country side for the slayer of Sheriff T. J. McCall of Noble county. McCall was killed late yesterday, and Jack Foster, an employee of a construction crew, was shot and wounded when they attempted to arrest two men accused of stealing Foster's clothes.

When McCall and Foster encountered the men near Brewster and ordered them to surrender, one suspect opened fire and three *bullets entered the shriff's body*, causing instant dath. Foster, who was shot in the jaw, will recover.

A suspect was arrested at Heron Lake late today.

ARCHBISHOP DISEMBARKS AT PENZANCE

Australian Prelate Taken Off Baltic by Destroyer; Is Landed in Cornwall

LONDON, Aug. 9.—Four British destroyers closed in upon the steamer Baltic, carrying Archbishop Mannix of Australia from the United States, off the Irish coast in *the early hours of the morning*, and the commander of the destroyer Wiven, with two Scotland Yard Detectives, went aboard and placed the Archbishop under technical arrest. They escorted the Prelate, with his secretary Reverend Albert *Vaughn, to a destroyer* which steamed toward Fishguard, where orders had been given to land the archbishop.

Wireless Changes Orders

A wireless from the admiralty, however, reached them en route with instructions to proceed to Penzance, at the extreme southwest of England. The archbishop was landed there this afternoon. He was accompanied by a representative of Scotland Yard to the home of Canon Wade and afterward took the night train for London. Thus the question of the landing place of Archbishop Mannix, which for many days has been under discussion by Irishmen *everywhere, as well as the* public in general, was answered.

HOLD UP TRAIN IN CHICAGO SUBURB

Armed Bandits Hold Up Express and Shoot Dining Car Steward

CHICAGO, Aug. 9.—Four armed men tonight held up the New York-Chicago Bay express train on the Pennsylvania railroad near Englewood, in the suburbs of Chicago. A dining car steward who resisted the bandits was shot and wounded in the jaw.

The bandits are believed to have boarded the train at the Englewood station, and to have obtained a large *amount of money and valuables from* the passengers. The train, which is due to arrive in Chicago at 10.30 p.m., was delayed 30 minutes. The wounded steward was taken to a hospital at Englewood. The robbers jumped from the train between the Englewood and down-town stations and escaped.

St. Catharines Jury Indicts David McNeal for Murder of Child

ST. CATHERINES, Aug. 9.—That *Marguerite Boucock, the four* year old child whose decomposed body was found on the route of the Welland Canal late Wednesday, came to her death by strangulation on the afternoon of July 13 was the verdict returned this afternoon by a *coroner's jury after 50 minutes de*liberation. They further expressed the opinion that her death was caused by the hands of David McNeal whose company she was seen in, walking towards the spot where the body was found.

DECIDING STRUGGLE APPROACHES

Polish General Takes Up Strong Strategic Position in Fork of Narew

CAN BLOCK APPROACH OF SUPERIOR NUMBERS

Reds Gain Footing on Left Bank of Bug; Galician Front Unchanged

PARIS, Aug. 9.—The battle which is expected to decide the fate of Warsaw has not yet really begun, according to the latest news reaching Paris but both sides are gathering forces for the final struggle.

Gen. Haller's newly formed army occupies a strongly entrenched position in the fork between the Narew and Bug rivers where an army is able to block the approach upon Warsaw of a numerically superior enemy, as was demonstrated in the Napoleonic *campaign of 1807* and during the Russo-Polish war in 1831.

In the opinion of military observers, the principal danger for the Poles is the advance along the Prussian frontier, because it would force them to extend their front *westward when they need to* keep their armies concentrated as much as possible east of Warsaw. The Poles thus far have been able to ignore this advance which is a demonstration, but it is considered likely that the Red staff will avoid *battle in the fork* until stronger forces can be pushed toward Melawa.

Heavy fighting continues on the 80 mile front along the Middle Bug between Vladimir Volinsky and Droyichyn. North of Brest-Litovsk the Russians have obtained a footing on the left bank of the river. South of Brest-Litovsk the Poles commond both banks of the river. On the sereth River and on the Galician frontier, the situation remains unchanged.

PARIS, Aug. 9.—"Warsaw is doomed" was the remark heard everywhere today in official and political circles of Paris, replacing the belief expressed *within the past few days*, "there will be another battle of the Marne." Circles which, up to the present, had been most optimistic, concede the Bolshevik have reached the Danzig-Warsaw railroad at Ciechanow, severing connections between Warsaw and the sea.

Military circles point out that the Polish circle is now hemmed in from the northeast, east and southwest, and consider its fall a question of days, perhaps hours.

The latest communication, announcing that the Bolshevik had captured Przasnysz and are moving westward toward Melawa and Ciechanow, has created a most painful *impression in Paris, the afternoon* papers announcing that the capture of the latter town is a foregone conclusion. Rumors were circulated in the stock exchange this afternoon of Gen. Pilsudski's suicide. It brought military operations to a complete standstill. The rumors, however, were untrue.

CANADIANS LOSE IN OLYMPIC CYCLING

ANTWERP, Aug. 9.—In the 4000 metre bicycle race for teams of four, the Canadians were beaten by the South Africans and the Americans by the Belgians in the preliminary heats.

Peters the Dutch cycling champion won the 1000 metre race in the slow time of 1 minute, 4 2-5 seconds. Johnson and Ryan, both of England, were second and third respectively.

BISLEY WINNER WILL COMPETE AT QUEBEC

MONTREAL, Aug. 9.—Captain F. *R. Martin of Calgary, the Canadian* Bisley rifleman who arrived in Montreal this morning on the Metagama, will compete in the province of Quebec Rife association meeting this coming week-end.

Captain Martin was the winner of the Commissioners' cup, awarded to the highest aggregate among Canadians attending the Bisley.

STEAMER MOVEMENTS

MONTREAL, Aug. 9.—The Metagama from Liverpool docked today with 552 cabin passengers and 1167 third-class passengers, the latter disembarking at Quebec.

The Megantic, White Star Dominion line, sailed from Liverpool Saturday and is expected to arrive at Quebec next Friday.

Disapproves Press Unity on Matters of Public Policy

LONDON, Aug. 9 (Can. Press).—The Westminster Gazette, discussing the report that Sir George Foster, Canadian minister of trade and commerce, asked the Imperial press conference delegates to put themselves unitedly behind the idea of imperial preference in trade, says it is certainly not in accordance with its own ideas of public policy that the press should do anything of the kind.

When the press allow themselves to be maneuvred into united support of a particular policy which affects the buying and selling of raw materials, the press will have lost its particular policy which gives them their power.

A union that bound all papers to say the same thing would be fatal to the press, in the opinion of the Gazette.

GREECE AND ITALY REACH AGREEMENT

Obstacle to Turkish Peace Treaty Overcome; Expect Signature Today

PARIS, Aug. 9.—An agreement has been reached between Greece and Italy on the question of the disposition of the Dodecanese Islands, which have been holding up the signing of the peace treaty with *Turkey, according to the Temps* today. The treaty, therefore, will be signed tomorrow, says the newspaper.

Postponed Again

PARIS, Aug. 9.—Signature of the Turkish peace treaty, which, after several delays had been fixed for today, has again been postponed. The new delay is said to be because the Turks stipulate that all the allies must be in agreement. This is impossible at present as the governments of the Hedjaz and Serbia have made certain reservations.

LORDS PASS CRIMES BILL

New Irish Act Read Without Division Receives Royal Assent

LONDON, Aug. 9.—(Canadian Associated Press)—The house of lords read the Irish Crimes bill today for the second time without a division and the royal assent was afterwards given.

MASSACRE JAPANESE AND BURN OKHOTSK

LONDON, Aug. 9.—A Reuter dispatch from Vladivostok says the government has received advices that the Japanese residents of Okhotsk, a maritime town of Siberia, on the *Sea of Okhotsk, have been massa*cred and the town burned.

ABANDON BURNING SCHOONER AT SEA

LIVERPOOL, Aug. 9.—The master and crew of the American schooner Netherton abandoned their vessel after it caught fire at sea and were *brought to Liverpool today on the* trawler Margaret Duncan, which picked them up.

GINNELL COMES TO SUPPOT OF DE VALERA

NEW YORK, Aug. 9 (Can. Press).—Lawrence Ginnell, former member of the British parliament, now a *member of the Irish Nationalist* assembly, arrived in New York inostentatiously two weeks ago to assist "President DeValera in obtaining recognition of the "Irish Republic" in the United States. He was in parliament from 1908 to 1917.

Press Visitors Tour Ontario by Auto in Pouring Rain

TORONTO, Aug. 9.—(Canadian Press)—Fair weather has temporarily deserted the touring party of press men, who reached here at 6:30 this evening over the highway from Hamilton. This morning the trains were left at Grimsby, and the visitors motored through pouring rain to the country house of W. J. Southam.

Mayor Booker of Hamilton and Senator Lynch Staunton made *speeches of welcome, and Lord Burn*ham replied. Late in the afternoon the party continued, still by motor and through intermittent showers, *their journey to Toronto.*

The first item of their entertainment in the Queen city was an informal dinner at the King Edward hotel, tendered by the corporation of the city to the delegates and the ladies accompanying them.

SUSPEND RUSSIAN BLOCKADE PENDING RESULT OF MINSK NEGOTIATIONS WITH POLAND

French and British Premiers Agree to Aid Poland With Munitions and Advice; Will Also, If Necessary, Impose Blockade; Consider "Cordon Sanitaire" to Keep Bolshevik From Western Europe; Much Depends on Belligerents' Armistice Meeting

HYTHE, Aug. 9.—The Hythe conference, hurriedly called Sunday to consider means for saving Poland from the Bolshevik menace finished *today with an agreement* between Premier Lloyd George and Premier Millerand on the aid to be given the new Polish state.

After the premiers decided to reimpose the blockade on Russia and to furnish munitions and technical *advice to Poland, Lloyd George* succeeded in getting M. Millerand to consent to withhold application of aid until after the preliminary results of the conference at Minsk, between Bolshevik and Polish representatives are known.

M. Millerand had been firm in urging the French policy which included the blockade and strong defense measures, but was obliged to yield somewhat to the mild-policy of Lloyd George, who was determined that no allied troops should be used in Poland.

Establishment of a defensive line in Poland, which was considered by the conference, if carried, would, according to opinion expressed here, be regarded by the British and French as more than a plan to defend and, it would be in effect a "Cordon sanitaire" to keep the Bolshevik from western Europe. But from what happened at the closing *moments of the conference it* is considered that much will depend upon the Bolshevik meeting at Minsk.

Labor Leaders Warn Government

LONDON, Aug. 9.—War between the allied powers and Soviet Russia over Poland would be "an intolerable crime against humanity," and British labor has warned the British government that organized labor will be *used to defeat such a war.* This decision was reached today at a meeting of the most prominent of the leaders of British labor, who later issued the following statement:

This conference feels certain that war is being engineered between the allied powers and Soviet Russia on the issue of Poland, and declares that such a war would be an intolerable crime against humanity.

"It therefore warns the government that the whole industrial power of the organized workers will be used to defeat the war".

It was resolved at the conference "To take such steps as may be necessary to carry the above decision into effect."

The statement advised all labor *organizations to be* prepared to send their leaders to London to instruct their members to lay down their tools."

A "committee of action," appointed by the meeting, will see Premier Lloyd George at noon tomorrow. The conference which represented the whole field of labor is regarded as having presented an ultimatum to the government threatening direct action.

Protest Against Intervention

LONDON, Aug. 9.—Premier Lloyd George presided over a full cabinet council on his return to the city tonight from the Lympne conference and reported to his colleagues the *result of the conference with Pre*mier Millerand of France, and discussed its bearings in connection with the statement which is to be made to parliament by him tomorrow.

The independent Liberals held a meeting in the house of commons tonight and passed a resolution protesting against and intervention against Russia by way of a blockade, men, money or munitions.

The Independent Liberals in the house of commons number about 30.

COPENHAGEN, Aug. 9.—The Danish, Norwegian and Swedish prime ministers are to meet shortly in Stockholm to discuss the political situation created by the Russo-Polish situation.

MONTREAL, Aug. 9.—The Polish vice-consul stated this morning that during the past week over 1000 Poles had endeavored to obtain immediate passage home, all eager to defend their country from the Bolshevik.

Transportation is very inadequate, and they have been compelled to remain for the present. The consul added that as soon as possible these men would be given passage hom to Poland.

DEMOCRATIC NOMINEE SCATHINGLY DUBS REPUBLICANS STAND-PATTERS

League of Nations Issue Prominent in Governor Cox's Address Accepting Nomination; Says Separate Peace Would Ostracise United States and Class It With Russia

DAYTON, O., Aug. 7.—Peace for America and the world by this nation's entrance into the League of nations with "interpretations" not disturbing its vital principles, was *announced today by Gov. James M.* Cox, presidential standard bearer, as his paramount policy.

In his address here, accepting the democratic nomination, Gov. Cox militantly championed the League as proposed by President Wilson, with interpretations *insuring* good faith and understanding, and denounced what he termed the dishonorable proposal from Senator Harding, his Republican opponent, for "a separate peace with Germany."

League is Supreme Issue

League or no League, the Democratic candidate declared, is the issue between the two parties—"the supreme issue of the cenury," he said.

"The question is," Gov. Cox declared, "whether we shall or shall not join in this practical and humane movement. President Wilson entered the League in our name. Senator Harding, as the Republican candidate for the presidency proposes in plain words that we remain out of it. As the Democratic candidate I favor going in.

Ratification Will be First Duty

"The first duty of the new administration will be ratification of the treaty," Governor Cox said, predicting that friends of the League would rally to elect a senate with the requisite majority for ratification.

Gov. Cox said "interpretations" *should state "our interpretation of* the covenant as a matter of good faith to our associates and as a precaution against any misunderstanding in the future." Assiling the Lodge reservation as emasculating, Gov. Cox suggested two specific "interpretations," as outlined everal months ago in a newspaper article. One declared America's continuance in the League should depend upon the League's use only as agency for world peace; the other stated the understanding that this nation could act only within the constitution, declared unalterable by any treaty.

The door to other "interpretations was left open by Gov. Cox but he *said that the Democratic platform* plank "speaks in a firm resolution against anything that disturbs the vital principle" of the League.

No room for doubt was left as to the governor's position on the League as the preeminent political battleground. As on other subjects, he states his position squarely.

In position, the League question led the candidate's address and to it he devoted three thousand words of the 10,000-odd total.

Cannot Produce Morals by Statute

The prohibition amendment and Volstead law were not specified in the address, but Gov. Cox promised emphatically strict law enforcement.

"The constitution," he said, "is the license and limitation given to and placed upon the law-making body. The legislative branch of the government is subjected to the rule of the majority. The public official who fails to enforce the law is an enemy both to the constitution and to the American principle of majority rule. It would seem unnecessary for any candidate for the presidency to say that he does not intend to violate *his oath of office. Anyone* who is false to that oath is more unworthy than the law violater himself.

"Morals cannot easily be produced by statutes," Gov. Cox continued, in passing to a plea against abuse *of the writ of injunction.*

Supports Women's Suffrage

Regarding woman suffrage, Gov. Cox urged ratification of the proposed constitutional amendment, declaring women "are entitled to the privilege of voting as a matter of right, and because they will be helpful in maintaining wholesome and patriotic policy."

His opposition—Candidate, platform, leaders and congressional record—were flayed by Gov. Cox in scathing terms throughout his long address. A "senatorial oligarchy" led by Senators Lodge, Penrose, and Smoot, Gov. Cox charged, selected Sen. Harding to lead the Republicans and fastened "into the party platform the creed of bitterness and hate, and the vacillating policy that possesses it." The Republican stand, generally, was scored by the governor as reactionary and, on the League question, he said the party's *candidate was bent to the irreconcil*able hostility of Senator Johnson of California.

The Republican congress, the governor asserted, failed to pass a constructive law or to reduce war taxes.

Calls for Campaign Fund Publicity

Millions in *campaign funds* have been gathered for "the reactionary cause," the governor charged, deploring election of a new administration "under corrupt auspices" and demanding publicity for "the plain truth" regarding all contributions and disbursements. The Democrats, he added, would not attempt "to compete by dollars." He warned the country against "cunning devices *backed by unlimited prodigal ex*penditures to confuse and lure."

Gov. Cox said he took up the Democratic standard "a free men, unfettered by promises."

"We want a change" he said "from the old world of yesterday, where international intrigue made people mere pawns on the chessboard of war. We want a change from the old industrial world where the man who toiled was assured of a *"full dinner* pail" as his only lot and portion. We stand at the forks of the road. One leads to higher citizenship, a freer expression of the individual and a fuller life for all. The other leads to reaction, the rule of the few *over the many* and the restriction of the average man's chances to grow upward. But I have abiding faith that the pitfalls will be avoided and the right road chosen.

The leaders opposed to Democracy promise to put the country "back to normal." This can only mean the so-called normal of former reactionary administrations.

"Our view is toward the sunrise of *tomorrow. The opposition stands in* the skyline of the setting sun, looking backward at the old days of reaction."

A graceful tribute to President Wilson was paid by Gov. Cox, when,

ESTEVAN IS TOWN OF MANY THRILLS

Two Cyclones in Month; Now Wholesale Arrests on Kidnapping Case

REGINA, Aug. 9.—Life is just one *damn thing after another* in Estevan. Sensations have been plenty in this southern Saskatchewan town the last month. There have been a couple of cyclones, and today another thrill was added when the provincial police made wholesale arrests following the kidnapping of O. M. Christophers, the O.B.U. organizer, who was "run out" of town on July 3.

The following have been arrested as being connected with the "kidnapping" and are held on $10,000 bail: Captain Sam Dryden, president of the Estevan branch of the G.W.V.A.; Tom Munro, a farmer; Corporal Geo. Hunter, of the Saskatchewan provincial police; Jim Clarke and Ames Gouh.

The arrests followed investigations by the provincial police since a delegation from the O.B.U. at Winnipeg, came to Regina and asked the attorney-general to hold an investigation. Sensational developments are expected to follow the preliminary hearing at Bienfait Thursday.

LABOR WINS SOUTH NORFOLK ELECTION

LONDON, Aug. 9 (Can. Press.—The result of the South Norfolk elections consequent on the succes*sion of Cozens Hardy, the late mem*ber, to the peerage, resulted as follows:

Edwards, Labor, 8594; Batty, Coalition-Liberal, 6476; Roberts, Independent-Liberal, 2118.

Fifty-seven per cent of the electorate voted, Mr. Edwards was largely identified with the agricultural laborers' association, which is very strong in this constituency. He *previously represented Lincoln in* parliament.

HARVESTERS LOOT STORE IN QUEBEC

During Train Halt Westbound Party Clean Up Frechet Store

QUEBEC, Aug. 9.—Last Friday a special I.C.R. train pulled in at Chaudiere curve with 600 harvesters on board going west. When the train stopped the travelers got off to drink *as it was hot. While they were ask*ing for water at a private residence a revolver shot was heard from the Frechet store. This was the signal for sacking the place, and $2000 worth of goods were stolen. A few minutes later the train pulled out again.

SHOT WHILE HAVING PHOTOGRAPH TAKEN

MONTREAL, Aug. 9.—While having his picture taken with some friends at Ahuntsica yesterday John H. Falbant was accidentally shot by a little boy nine years of age named Willie Dennis. Falbant was taken to the hospital, where he died at 6 o'clock this morning. The boy was playing with an automatic rifle which he pointed at the party.

scoring the Republican platform for absence of "a line that breathes emotion of pride" in the nation's war achievements, he said that while soldiers fell in the trenches, Mr. Wilson was broken in the enormous labor of his office."

Scorns Separate Peace With Germany

The Republican proposal for a separate peace, Gov. Cox declared, would be "the most disheartening event in civilization since the Russians made their separate peace with Germany." Citing difficulties in the plan, Gov. Cox said that if accomplished "no nation in good standing would have anything to do with either of us."

"This plan would not only be a piece of bungling diplomacy, but plain, unadulterated dishopesty, as well," he said, inveighing against any schism without associated powers.

"This act would either be regarded as arrant madness of attempted international bossism," he added.

Denounces Profiteering

Discussing domestic questions, Gov. Cox denounced profiteering at length and promised that profiteers should "suffer the penalty of the criminal law."

Fair returns of both capital and labor were advocated, the nominee also approving development of both "into large units . . . without injury to the public interest." Collective bargaining by labor through its own representatives was approved by the governor, who added:

"We should not by law abridge a man's right either to labor or quit his employment. However, neither labor nor capital should . . . take action that would put in jeopardy the public welfare.

"We need a definite and precise statement of policy as to what business men and working men may do by way of combination and collective action. The law is now so nebulous that it almost turns upon the predilections of the judge or jury. The rules of business should be made more certain so that on a stable basis men may move in confidence."

Labor Disputes Are Inevitable

Disputes between capital and labor are inevitable, Gov. Cox said, and public opinion settles prolonged strikes. Declaring that "public opinion should determine in America," he said the government should occupy an impartial position, protect lives and property and, possibly at times, inquire into facts of a tie-up. "But facts and not conclusions," he said, "should be submitted."

Agricultural subjects formed another extensive feature of the candidate's speech, many expedients for agricultural development being advocated, including reduction of tenantry, increased production, cooperative selling as well as purchasing by farmers, establishment of municipal markets and "modern state rural school codes," and increased acreage by irrigation development. He also declared for government regulation of cold storage and a time limit on storage products.

Advocating more home owners, Governor Cox said that under Democratic rule "the prosperity of the country had been widely diffused."

War Service Praised

Praising American youth for its war service, Governor Cox declared that the nation owes a debt to those who died and their dependents and to the wounded, who should be trained and rehabilitated. Also, he said, "we must realize that considerable compensation is due those . . . who lost much by the break in their material hopes and aspirations."

The Mexican situation, the governor stated, has been "trying our patience for years," but now begins to show signs of improvement."

"Not the least of the things that have contributed to it," he continued, "is a realization by the people of that country that we have neither lust for their domain, nor disposition to disturb their severeign rights."

On the railroad question, Governor Cox advocated giving "a thorough test to private ownership" under government regulation, the latter now being accepted, he said. Financial credit for the roads, he stated, should be provided. Discrediting of government operation of the carriers was deplored as "unfair" and "insincere."

Advocates Taxation Reduction

A pledge for "heavy" and immediate reduction of federal taxation was made by the nominee, who said that, with economy, $2,000,000,000 could be lopped off. He advocated repeal of "annoying consumption taxes" and said incomes of wage earners, agricultural producers, and salaried, professional and small business men should be "sharply modified." He suggested, in lieu of excess profits taxes, "a small tax, probably of one or one and a half per cent on the total business of every going concern." He also urged "making the holders of hidden wealth pay their share (of taxes) with those whose property is in sight."

Advocating reform of federal agencies and activities, including establishment of a budget system, the governor said the government could be run on $4,000,000,000 annually, including sinking fund and national debt interest. Disarmament provisions of the league of nations, he added, constitute "an appealing fundamental" and tis loss a surety of armament burdens.

Claims Federal Reserve Act as Democratic Achievement

The Federal Reserve act was commended at length as the greatest factor in America's war efforts next to personal sacrifices of the people. The law is a Democratic achievement, he said, enacted "against the protests of the bitter Republican standpatters." In its development he recommended establishing foreign banks in trade centers and urged Americans to guard the law, declaring it should be "kept from the hands of those who have never been its friends."

Repeal of war laws restricting freedom of speech and assembly and liberty of the press was advocated, together with Americanization of alien residents and extension of education work "without encroachment by the federal government on local control."

Conservation of children by prevention of child labor, adequate pay for government employees, short shrift for anarchistic agitators and development of waterway transportation were other affirmative policies the governor enunciated.

"I accept the nomination of our party," he said in conclusion, "obedient to the Divine Sovereign of all peoples, and hopeful that by trust in Him the way will be shown for helpful service."

Forestry Branch States One Fire Is Out; Several Are Under Control

With the exception of one or two instances the reports on the numerous forest fires in this district indicated that the situation was much improved last night, according to the local office of the provincial forestry branch. No new fires had been reported at the office, but an additional party of fighters, numbering about 25 men, had been sent out from the city to various localities.

On the West Arm, at Seven-Mile, the fire that has been burning since a week last Friday is now stated to be extinguished. At Kokanee, the efforts of the fighters have met with such success that the local office believes the fire will be extinguished some time today.

In the Lardeau district, while the reports did not state that the fires were actually extinguished, they are believed to be well under control and not looked upon as likely to prove dangerous.

No reports have been received from Ainsworth or from Crawford Bay, but the situation is believed to be about the same as it was yesterday. At Kuskanook, where the fire was stated to be under control although making its way toward the snowline, the fire fighting crew is being reduced.

In the Slocan, reports from New Denver indicate that the fire on Mill creek has got out of hand, and that a crew of fire fighters has been sent to fight a serious fire on Wilson creek across Slocan lake from New Denver. No reports have been received from the crew fighting the fire on Falls creek.

The big blaze on the Salmon river near Erie, was reported at noon yesterday to be making it way westward, but that part of the fire that is located on the east side of the river was under the control of the fire fighters. Two cars, a motor truck belonging to O. Haglund, of Erie, and a Ford car belonging to G. H. Green, of Trail, which were trapped for some days by the fire burning out a bridge, after they had been driven to the vicinity of the fire, were able to be removed yesterday uninjured, a temporary bridge having been installed.

At Christina lake, near Grand Forks, where two fires had resisted the efforts of the crew, the situation was stated to be much the same as yesterday.

DOMIINON FINANCE SHOWS REDUCTION OF WAR EXPENDITURE

OTTAWA, Aug. 9.—(Canadian Press).—An apparent decrease of no less than $65,622,114. in the debt of the Dominion which at the end of July stood at $2,300,119,030, is shown in the financial statement of the month of July issued today by the department of finance. The figures are, however, more apparent than real, this exceptionally good showing being due in a large measure to transference from the consolidated funds to "investments" of 40,000,000 dollars covering loans to soldier settlers by the land settlement board.

Deduction of the $40,000,000 still leaves the debt smaller than it was at the end of July by $25,000,000, but this again is in a measure due to a change in the government's interest paying period which was largely responsible for a drop in expenditures for July to $22,789,304, as compared with $40,084,840 during July 1919.

Expenditures for the four months period to July 31 were $104,909,936, on consolidated fund as against $76,515,862. in 1919. Expenditures on the capital account side of the ledger make a splendid showing, and this is almost entirely due to the practical disappearance of the item of "war expenditure" which has contributed more than anything else to the growth of the public debt. The figures demonstrated months of the fiscal year 1919 had been made of $117,276,284, as against only $2,078,074. for the same period this year.

YAWL MAKES RECORD ATLANTIC PASSAGE

COWES, Isle of Wight, Aug. 9.—What is believed to be a record passage across the Atlantic for a 35-foot yawl, was made by the Typhoon, which arrived this morning after making a non-stop run, it is said, from Cape Race, Newfoundland, to Bishop's Rock, a distance of 2100 miles, in 15 days and nine hours.

Passengers on the boat were Frederick Baldwin, of Toronto; James Dorsett, of Washington, and William Dutting, of New York. They said they encountered heavy seas and came through well, claiming a record passage in their effort to reach Cowes in time for the motor boat races which begin here tomorrow.

NAB TWO HOLD-UP MEN AT CRANBROOK

VICTORIA, Aug. 9. — Chief McMynn, of the provincial police received word today that two of the men wanted for the holdup of a lumber camp in the Crows Nest pass, have been apprehended by the provincial police of Cranbrook.

One is Daniel Henrick, and the other Peter Lazuk, while the third man who has not yet been garnered in, is reported to be a Russian. He is described as five feet four inches in height, weighs 135 pounds and was wearing dark clothes. He is said to be carrying a suitcase and to be in possession of two fully loaded revolvers. In the lumber camp robbery the thieves secured some $125 in currency and another $200 in checks.

FISHING AND DANCING ADD TO YMIR'S GAIETY

YMIR, Aug. 9.—Messrs. Shaw, Newton, Watson and Woodley, of the staff of the Mining Corporation of Canada, at the Yankee Girl mine, spent the weekend at Salmon rapids on a fishing trip, and returned filled with enjoyment and their panniers with fish.

The Ymir Terpsichorean society held one of their periodical dances on Saturday evening in the public hall. Some sixty or seventy couples from Boulder Mills, Salmo and other points availed themselves of the opportunity for an evening's enjoyment, which was kept up till a late hour. The music was provided by an orchestra from Nelson conducted by Warner-Smith.

ROSSLAND NOTES

ROSSLAND, Aug. 8.—E. S. Shannon, who has been accountant at the Bank of Montreal, here for the past three years, has been promoted to manager of the bank at Kimberley. Mr. Shannon will succeed Mr. Shaw and leaves this evening for his new post.

Friday evening the friends of Mr. and Mrs. F. Stout met at the United church and tendered them a surprise. The evening was spent in music and games, and Rev. Mr. Chester gave a short address in appreciation of the help they had both been to the church and regretted very much losing them. Mrs. F. Armstrong, on behalf of the ladies of the church, presented Mrs. Stout with a ruby brooch. Mr. and Mrs. Stout and son leave shortly for Scotland, where they will visit for some time.

The Misses Florence and Margaret Fraser left Tuesday for the coast.

Mrs. Margaret Leet and son who spent a few days in the city the guests of Mr. and Mrs. A. T. Collis, have returned to their home in Davenport, Wash.

Mr. and Mrs. Trembath have returned from a fortnight's visit to Bonnington and other points.

Mrs. W. Reid and two children leave Tuesday for Toronto, being called on account of the illness of Mrs. Reid's mother.

Miss Ethyl McKenzie, of Trail, is spending the weekend in the city, the guest of Miss Maude Michaely.

Mrs. J. Binns, who spent a week in the city the guest of Mr. and Mrs. H. W. Atkinson, left Sunday morning for her home in Kaslo.

Mrs. W. B. Hayden has returned to the city after an absence of a year.

Mrs. Jennie Anderson returned Friday evening from an extended trip to New York.

Harold Brown and George Clarke, of Trail, are spending Sunday in the city.

James J. Roode, Fred Brown and R. H. Edgell, of Trail, were in the city Saturday.

Ernest Levy, former manager of the LeRoi No. 2 mine, who has been in Cuba for some time, is expected in the city shortly on a visit.

Earnest Morrison, who spent a fortnight at the coast, has returned.

Miss Minnie Coleman, who has been visiting her mother for the past week has returned to Spokane.

Mrs. H. W. Atkinson and daughter Adelaide leave shortly for a four-months' visit to friends in Toronto and other cities east.

Mrs. F. A. Malcolm entertained the members of the local lodge of the Maccabees at a lawn party Saturday evening in honor of Mrs. Hdgson, district supreme deputy of the Maccabees, who has been in the city for the past fortnight on official business. An invitation was extended to the Pythian Sisters and the Deborah Rebekahs lodges.

CARELESS SHAMPOOING SPOILS THE HAIR

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonsful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified cocoanut oil at any pharmacy, its very cheap, and a few ounces will supply every member of the family for months.

TAKE PHOSPHATE WITH MEALS IN SUMMER-TIME

Your Nerves Demand It, Your Blood Needs It, Say Physicians.

There's not enough Phosphorous in modern foods to benefit nearly one-half of the men and women of America, scientists declare.

To overcome this lack of an element of your body that is necessary to your health, your happiness and even your success in life, weak, anaemic, nervous, run-down people are advised to take Bitro-Phosphate as dispensed in leading drug stores in the original package.

Speaking of people who are easily fatigued, who lack ambition, nerve, and are oftimes thin, weak and sadly lacking in firm, healthy flesh, Joseph D. Harrigan, formerly Visiting Specialist, North Eastern Dispensary, N.Y., says: "Patients who were apparently physical wrecks, who foolishly thought they needed only a blood tonic to enrich the blood, have come for treatment trembling and shaking, their nerve force almost exhausted and in many such cases the administering of Bitro-Phosphate has produced seemingly magical results."

People who feel the heat of Summer, tire easily, and often become irritable and depressed, will find Bitro-Phosphate an inexpensive and helpful friend.

Druggists report a wonderful increase in the demand from men and women who are anxious to renew old-time ambition and who are making an honest effort to become vigorous and keen-minded with a power of endurance that denotes almost perfect health.

They ask for Bitro-Phosphate because they know they need an inexpensive organic phosphate.

LINK WITH PAST SEVERS WHEN CIVIL WAR VETERAN DIES

INVERMERE, Aug. 8.—In the passing away of Joseph Young, of Fairmount Hot Springs, who was killed this week by reason of his team running away, there has left us one more of the real old-timers who have pioneered in the interior of British Columbia. Born in 1838 at Stomont West, in the county of Glengarry, Ont., he was typical of the rugged class of men for which that county is famous. Filled with the spirit of adventure and restlessness he ran away from home while but 12 years of age, and from 1860 to 1864 lived under the Stars and Stripes. He joined in the Civil War, 1860-1864, and enlisted with the North in H company of the 176th regiment, New York volunteers. While engaged in this warfare he was taken prisoner by the Confederates.

Advised on Columbia River Flats

In 1884 he came into the valley of the Columbia-Kootenay rivers and engaged for work with Lieut.-Col. Jas. Baker on what was then St. Joseph's prairie, and later became Cranbrook. While here his work took him into the country surrounding the headwaters of the Columbia river. In consequence of this, when a proposal was brought forward to turn the Kootenay river into the Columbia river at what is now Canal Flats, he was able to advise Colonel Baker that the work would have a tendency to damage the Columbia river valley flats. This information was made use of by Colonel Baker when Mr. Baillie-Grohman with capitalists from outside held a meeting in 1885 to discuss the project with Hon. William Smithe, and resulted in the defeat of the undertaking but finally ended with the consent being given for the construction of a canal across the flat.

Followed Mining and Ranching

Later Mr. Young retired to a small ranch near Fairmount Hot Springs, between which and the pursuit of mining he has spent his days for many years.

His death was brought about Wednesday, Aug. 4, when his team bolted and threw him out of the conveyance. He was buried in Windermere on Friday. But little is known of his relatives save that he had two brothers, Dennis and Frank, who up to a late date were residing at the old home in Ontario.

Mrs. M. P. Reid and daughter Bernice, came home from New Denver on Friday.

Mrs. J. H. Pinchbeck entertained a few of her friends recently in honor of her sister-in-law, Mrs. W. H. Pinchbeck.

T. McNeish left on Wednesday for a couple of weeks at Halcyon Hot Springs.

Legal Talent Will Represent Railways at Rate Increase Hearing

OTTAWA, Aug. 9 (Can. Press).—Hearing of the application of the Canadian railways for a general increase of 40 per cent in railway rates is expected to go full speed ahead before the railway board on Tuesday.

Hon. Frank Carvell, the chief commissioner, has announced that only absolutely necessary adjournments, such as may be necessary for the inspection of documents and other exhibits, will be permitted. He also states that it is still the intention of the board to hold sittings at Ottawa only, the question involved being one of principle and not involving the question of local rates.

There will be a great array of legal talent when the hearing commences on Tuesday morning. F. H. Phippen, K.C., will appear for the railway association of Canada, from which the application for increased rates came. It is likely however, that the individual railways will also be represented, and in this case, E. P. Flintoff will probably appear for the Canadian Pacific railway; W. C. Chisholm, K.C., for the Grand Trunk; W. P. Torrance, for the Michigan Central, and Alastair Fraser for Canadian National.

Premier Norris Attends

WINNIPEG, Aug. 9.—Premier T. C. Norris left Saturday for Ottawa to attend the freight rate hearing opening there before the board of raiway commissioners for Canada.

Western men who will attend include H. G. Symington, K.C., representing Manitoba and Saskatchewan; J. B. Coyne, K.C., and P. G. Denison, the Winnipeg board of trade; D. A. Clarke and A. J. Sutton. The Calgary board of trade is officially represented by this group, according to W. H. Milner, secretary of the local board of trade, who stated that Calgary was sending no separate delegates.

"There's a Reason"

ARCHBISHOP DISEMBARKS AT PENZANCE

(Continued from Page One.)

Post, are unanimous in describing the affair as a "blunder." All the provincial papers take the same view.

The officers boarded the Baltic and presented orders to Archbishop Mannix from Gen. Sir Melville McCready the military commander in Ireland and from Field Marshall Sir Henry Hughes Wilson, chief of the Imperial staff, it is stated.

Gen. McCready's orders forbade the Archbishop to land in Ireland. Gen. Wilson's communication informed the Archbishop that he could not land at Manchester, Liverpool or Glasgow.

Mannix Talks to Pressmen

PLYMOUTH, ENG., Aug. 9.—"I think the government is making it worse for themselves than for me. They are putting me to a little inconvenience but are making themselves very silly."

Thus spoke Archbishop Mannix of Australia, to six priests and newspapermen who greeted him on his arrival by train in Plymouth at 10:30 tonight. "I think the people of Ireland," the archbishop added, "know their business as well as the people of England. I was not going there to tell the people my views at all, because they have made up their own minds without any reference to me. Archbishop Mannix chatted for several minutes at the station during which he referred without comment to his removal from the Baltic and the restrictions placed on his movements. He proceeded on the train for London.

Has No Mission in England

PENZANCE, Eng., Aug. 9.—When asked by the correspondent of the Associated Press if he cared to say anything about his mission in England, Archbishop Mannix replied:

"I have no mission in England, my landing in England is involuntary. I had no desire to go to England, but wanted to go to Ireland. Ireland is my home. I am a native of Ireland and it is seven years since I left. It is about time I returned. I have lived in Australia the whole time since."

Few people witnessed the arrival of the archbishop. He remained at the home of Canon Wade until his departure on the night train for London. While Archbishop Mannix had been informed by wireless that he would not be permitted to land in Ireland he was surprised when the commander of the destroyer broke the news that he would not even be permitted to go to Liverpool.

Archbishop Mannix told the correspondent that the commander of the Wivern had shown great courtesy and "left nothing undone to make my involuntary cruise as comfortable as possible."

CITES EFFECT OF INCREASED RATES

Microscopal on Ordinary Commodities, Says Hanna, National Railways

TORONTO, Aug. 9 (Can. Press).—President D. B. Hanna, of the Canadian National railway, in discussing the increase of freight rates, gave a number of concrete examples of a 40 per cent increase in freight rates as follows:

Six cents on a $60 suit of clothes if shipped from Toronto to Regina, 1613 miles.

Eighty cents on 1,000 feet of dressed lumber from Rockland to Montreal, 129 miles.

Thirty-two cents on 100 pounds of live beef from Winnipeg to Toronto, 1257 miles.

Forty cents on 100 pounds of soap from Hamilton, Ont., to Brandon, Man., 1286 miles.

One and four-fifths cents on five cans of corn from St. Catharines to Winnipeg, 1331 miles.

Two and a quarter cents on a pair of shoes from Fredericton, N.B., to Winnipeg, 1887 miles.

Ten cents on a winter overcoat from Montreal to Winnipeg, 1442 miles.

Nine and one-quarter cents on 25 pounds of sugar, Montreal to Winnipeg, 1424 miles.

Six and a half cents on 256 pounds of coffee from Montreal to Toronto, 334 miles.

Two and a half cents on 25 pounds of butter from Guelph, Ont., to Toronto, 49 miles.

"These are a few items, selected at random to illustrate practically the effect of the 40 per cent increase in freight rates should have on the prices of articles in every day use in Canada," said Mr. Hanna.

"You would, in fact, almost have to use a miscroscope to see the new rate in the prices of ordinary commodities. The trouble is they will have such a small effect upon prices in these days of high prices, that it is possible there will be a great temptation, and a temptation is hard to resist, especially when rates are being increased, to magnify their importance."

SURREY TAKES TUMBLE IN ENGLISH CRICKET

LONDON, Aug. 9 (Associated Press). — In championship cricket Middlesex, with 377 runs, including Hearne, 178, beat Surrey, by an innings and 33 runs. The result is disastrous to Surrey's championship chances.

Yorkshire much improved her position by defeating Worcestershire by an innings and 210 runs. Yorkshire declared their innings closed at 377 for eight wickets.

Liquor Smuggling Incites Other Illegal Traffic in States

WASHINGTON, Aug. 9.—Liquor smuggling into the United States from Canada and elsewhere has reached such proportions that it has brought in its wake a large illegal traffic in other commodities, it was learned today at the treasury departments. The customs service, charged with protecting the United States from smuggling, has found its force "wholly inadequate to meet the situation," according to Assistant Secretary S. House of the treasury, who is head of the government branch.

He declared the customs of officials were handicapped "both in men and money" because of a refusal of the last congress to appropriate additional funds with which the service could be expanded.

It would require a small army of men to patrol the coast and border territories, he said, but he believed such a plan was the only solution.

The larger supplies, which officials believe have been smuggled in, have come not through ports but landing of launches and small boats in secluded spots along the Atlantic coast.

It is only a few years since in Korea they thought it hardly worth while to give a girl baby name.

Cucumbers are a species of small gourd, growing upon a trailing vine.

Europe Leads in Commercial Aviation

Europe is taking a distinct lead in development of commercial aviation. During the war the Germans probably excelled in the gasbag type of air machine, although it proved far less useful in practical warfare than the heavier than air machines which the British and French developed to a point of efficiency, both in construction and operation, which left the Germans far behind in the race for air supremacy. In commercial aviation much the same thing is happening. Great Britain has taken the lead and has a number of lines for carrying mail and passengers in operation between London and the continent. Germany, on the other hand, is turning its attention to establishment of a line of huge Zeppelins which will carry 600 persons at a time across the Atlantic and make the trip in 50 hours. Significantly enough, however, Germany has departed from the original Zeppelin type in this venture and is constructing ships which are copies of British R-34 which made the cross-Atlantic trip successfully.

The Male Sex Says "Pass"

An interesting crusade has been begun by the Women's Christian Temperance union of Brooklyn, New York, against the use of paint and powder, lipstick and eyebrow pencil and other well known or secret methods of feminine facial camouflage.

In order to gain success, the union is endeavoring to enlist the aid of the sterner sex, conscious, no doubt, that it has undertaken a big task.

The organization is quite right in its assumption that the sterner sex does not take kindly to the abstract proposition of facial adornment by the fair sex. Why gild the rose or paint the lily? But for men to translate an abstract theory into the concrete action the union suggests of boycotting all those who paint and powder is quite a different thing. The male in matters of this sort has, through ages of experience, learned to be wary. He fears to jump in where angels fear to tread. He knows that the female of the species is far more deadly than the male, especially if the male dares to attempt to dictate feminine fashions in clothes or complexions. If it were a mere matter of solving the problem of the fourth dimension or the transmutation of metals he might take a chance.

EDITORIAL NOTES

New Westminster has established a public camping ground for automobile campers from afar and is gaining good results. The grounds are being used by many auto tourists and one of them has been so impressed with New Westminster that he has bought a business and settled there. If Nelson had the Ymir road a public camping ground would be needed here to accomodate automobile tourists who prefer to camp under their own canvass.

DAILY NEWS RECIPE

AFTERNOON TEA DAINTIES

(By Mrs. Hector McKenzie)

4 Ozs. flour.
1 oz. butter.
2 heaping teaspoons baking soda.
A pinch of salt.
1 egg and milk enough to make a soft dough.

Roll out about ¼-inch thick and cut with small cutter. Bake in quick oven.

Filling

4 ozs. pulverized sugar.
2 ozs. butter.
Vanilla flavor.

Beat butter and rub in sugar until all is used up, then grain very fine and add flavor.

Break (do not cut) biscuits and fill.

CANADA BONDS

MONTREAL, Aug 9—.The following were the asked prices for bonds at the close of the market today.

War loans—1925, 94; 1932, 91¼; 1937, 96⅛.

Victory—1922, 98; 1927, 98½; 1937, 100; 1923, 98; 1933, 98½; 1924, 97; 1934, 95.

TORONTO BOARD

TORONTO, Aug. 9.—Prices again fell on the Toronto stock exchange in the early trading today, but the break was by no means of the same extent as that in Montreal. The numerous bargains which were in evidence after the slump brought about a rally, and when the market closed the tone generally was an improved one. The stocks which suffered most on the Montreal market, such as Laurentide, Wayagamack, Spanish River, Riordan and Atlantic Sugar were not dealt in locally, and generally prices here held firmer.

The holiday Saturday was in a sense partly to blame for the break. The loss of ten points in Dominion was the largest of the day.

Abitibi was two points off to 68½.

Considerable weakness was evident in the banks, where trading was broader than it has been for some time. There were no less than six declines, Union losing 3½ to 153½; Royal one to 210, Commerce one to 182, Montreal 3½ to 194½, Merchants four to 177, and Hamilton four to 180.

Total 20,305 listed, $14,800 war bonds.

Latest Solutions of the Clothes Problem

Leisure hours and outworn dresses, or remnants of crepe de chines so plentiful in every shop at this time of the year, may solve easily the problem of acquiring good-looking underclothes at accessible prices.

An otherwise useless old white crepe de chine dress, for example, may be ripped apart and refreshed by being dipped in a blushing pink. Then what is to prevent its transformation into a box-pleated chemise like the one on the figure in the sketch? A band of filet or other lace, and some pink ribbon are all else that are needed.

Two rows of net banding in a V-neck, and a remnant of crepe de chine will make the "nightie" which is illustrated, priced at $10.75 at the shop were it was sketched. Pink and blue double faced ribbon drawn through the net.

And if you need a petticoat, see if you can't contrive the one in the sketch, made of gray crepe de chine with picot-edged rows of old blue Georgette, for considerably less than the $15 it is priced.

RUSSIAN CRISIS LOWERS PRICES

Reds' Refusal Shoots Sterling Downward, but Call Money Eases

NEW YORK, Aug. 9.—Developments over the week end in the foreign situation were responsible for another outpouring of stocks in todays market that carried down prices one to ten points.

Short selling was in great volume and there was actual liquidation. The presure of stocks was so great that many of the leaders touched the lowest figure of the year. Recoveries of one to four points were made before the session ended.

Rejection by the Russian Soviet government of the allied terms and a break of seven cents in Sterling were the dominent feature. Bear operators were successful in covering stop loss orders and there appeared to be also a great deal of selling of weekly margined holdings. Creation of new low records for many prominent issues discouraged the bulls and there little concerted effort to check these declines until late in the day.

Rumors were circulated that loans being called on pools and individuals whose collateral had been depreciated by the falling of puotations. Large inroad were made in the price of steels, equipments, shippings, oils, coppers, motors and dividend paying railroad stocks. Sterling exchange fell to 3.60¼ and continental bills were shaded to five points. Total sales approximately 105,000 shares.

The extensive covering movement was accelerated by the rally in terling and the easier conditions in the call money market. Bonds moved irregularly with some of the concertible issues falling sharply. Domestic and foreign government bonds were slightly lower.

Total sales, par value $8,075,000. Old U. S. Bonds unchanged.

WHEAT AND WAR TENSION SLACKENS

All Grains Show Slight Decline on Better War News and Welcome Rains

CHICAGO, Aug. 9.—Lessening of war tension today eased the wheat market and with welcome rains led to material set backs in the value of corn and oats. Wheat closed steady unchanged to one cent lower corn off ⅜ to 2⅝, oats down ⅝ to 2 cents and provisions at a decline of 10 to 60 cents.

MONTREAL LIST

MONTREAL, Aug. 9. — Today's market in listed securities on the local stock exchange opened strong, the opening prices being generally the high for the day but then there was a sudden decline carrying prices well below the final prices at the week end.

Recovery at the close failed to make up the loss, so that at the end of the day there were substantial net declines distributed throughout the list.

Breweries lost three points at 58¾ and showed no tendency to recover, and cement had a net loss of 1¾ points at 55¼.

Most of the paper stocks, although closing substantially under Friday's prices, showed a strong recovery at the close. Spanish common sold down to 101 and rallied to 103, which reduced the net loss to five points the preferred sold down to 103 and rallied seven points to 1103 reducing the net loss to 3¼ points. Laurentide showed a net loss of 2¼ points, and Brompton a net loss of 1¼ points Abitibi was down 2¼ to 68 and Wayagamack had a net loss of three points.

The sugar stocks were weak, the common losing 4¾ at 131, and the preferred lost five points at 160.

The steel stocks were quiet and easier, Dominion losing a point at 59½; which represented a closing rally of 1½ points from the days low.

Total transactions—Listed 28,384 bonds $46,400.

The Friendly Smoke

THERE is something mighty comforting and satisfying about "OLD CHUM" Tobacco; a sort of soothing restfulness that pipe smokers have come to associate with this friendly smoke.

"OLD CHUM" is an old, old chum with all pipe smokers.

It has the perfect tobacco taste—the mellow richness—and men know that they can be chummy with "OLD CHUM" all day long and that the "good night pipeful" will be as sweet and cool as the one enjoyed just after breakfast.

For years and years "OLD CHUM" has been Canada's favourite pipe tobacco and today is more popular than ever.

WASHINGTON, Aug. 9. — Chicago moved up into second place today by winning both games of a double header with Washington, 3 to 2 and 5 to 4. Passes issued by Shaw coupled with an error by O'Neill and opportune hitting gave Chicago the first game behind Cicotte's pitching. Chicago was held to six hits in the second game but five of them were for extra bases.

CALGARY, Aug. 9.—The banishment of Manager Williams and Pitcher Webb and the imposing of a $25 fine on Catcher Walters, all of the Moose Jaw team, by Umpire Daley, were included in the thrills when the Millers defeated the Bronks 8 to 4 tonight. Opportune heavy hitting including two timely hits by Pitcher Morrison, who was in rare form, decided the game. Moose Jaw will play six games more here, having transferred to play postponed games, one of which will be played Friday for the benefit of the G.W.V.A.

	R.	H.	E.
Moose Jaw	8	11	3
Calgary	4	11	4

Batteries—Morrison and Marshall; Sweney and Wirts.

REGINA, Aug. 9.—Harry Benton pitched the best game of baseball seen in Regina this year and the Maroons defeated the Senators 2 to 0 in the first game of the series. Benton allowed but one hit and was never in danger. Miller, too, pitcher well, but it would have required superhuman ability to defeat Winnipeg.

LOWERS RECORD FOR QUARTER MILE

EDMONTON, Aug. 9.—Running at the Dominion Labor party sports, held here today, R. L. Haliburton, of Edmonton, made a new Alberta record for the 440 yards, covering the distance in 52 seconds flat, clipping off four-fifths of a second from the record set by Logan Blades, in this city, on Saturday last.

GOLFERS GATHER FOR STATES CHAMPIONSHIP

TOLEDO, Aug. 9.—The crack of the driver and the swish of the iron were heard from sunrise to sundown today on the Inverness golf links in practice rounds for the United States open championship of 268 starters, included in which are two Canadians, as well as the Canadian open title holder, J. Douglas Edgar. Most of them played over the links at least once today.

George Aylon, Regina, Sask., signified his intentions to carry the cup across the border by scoring 76. The other Canadian contestant is Frank Adams, Winnipeg.

Much interest was shown by spectators in the play of Harry Vardon and Edward Ray, British professionals, who are again attempting victory over the cream of golfers in the United States. Vardon shot 75 and Ray 72 today.

OTTAWA, Aug. 8 (Can. Press).—John Ross Higgins, of Kemptville, Ont., has been appointed by the civil service commission, promoter of egg production, department of agriculture, for the province of Alberta.

FOREST FIRES SWEEP PELLY RIVER BANKS

DAWSON, Y.T., Aug. 9.—Millions of feet of timber have been destroyed by a forest fire which swept along both banks of the Pelly river for a distance of 160 miles, according to reports reaching here.

Two hundred men concentrated at Ross river post and managed to save the post buildings, but otherwise were unable to stop the progress of the flames.

The season has been unusually dry and the river is so low that the steamer Thistle is stalled near Ross river.

FORECASTS INCREASED CANADIAN WHEAT CROP

WINNIPEG, Aug. 9. — Canada's wheat fields will yield from 226,000,000 to 250,000,000 bushels this year.

This estimate was made today by W. A. Black, vice-president and managing director of the Ogilvie Milling company, and is based upon crop reports received by the company from its agents. Compared with last year's yield, this is an increase of 50,000,000 to 75,000,000 bushels.

BOLES TO PILOT FLOWER FESTIVAL

Splendid Prize List; Over Hundred Dollars in Specials Besides Regular Ones

With a strengthened organization the Nelson Improvement association, with the splendid aid of the Nelson and District Women's institute, and with the full cooperation of the growers, is squared away for a successful flower festival.

Declaring the office of president vacant, the association has tendered the office to F. J. Boles. Mr. Boles Friday gave his acceptance, and proceeded to don the harness, beginning with heading a deputation that waited on the Women's institute.

Dr. W. O. Rose, M.P.P., will formally open the show, having accepted the invitation of the association to perform that duty.

In order to have abundance of blooms, and to have them in prime condition for Aug. 18, the flower fanciers are trimming laterels, removing surplus buds, pinching back tips, and in other mystic ways assuring themselves creditable entries. In almost all the sections but that of roses, the competition will be fully as keen as usual.

A. Wigg, chairman of the prize list committee, reports the work of that committee completed, with provision made for practically every kind of flower, fruit or vegetable. In addition to the prizes donated out of the association's own fund, made up of membership fees, approximately $130 has been donated, principally in goods, by Nelson merchants and professional men, as special prizes for the flower show or the garden contests.

One of these specials is a $10 prize from the Canada Drug & Book company, for the best collection of flowers arranged in a space four feet square. The collection that takes the prize will become the property of the Canada Drug & Book company, and will be photographed in a window of the store, and sent east to boost Nelson.

A special given by the Daily News Publishing company, consisting of a year's subscription to The Daily News, has been allotted to the best collection of vegetables, not to contain more than eight distinct kinds, grown and arranged by the exhibitor and cared for in his spare time. This is worded to rule out the professional gardener from this particular competition.

Dr. W. O. Rose, M.P.P., again gives his name to a competition to encourage new sweet pea fanciers, in which the winners will be exhibitors who have never won a first prize for sweet peas.

Drs. Rose, Hartin & Hartin once more associate their name with the garden competition.

In view of the splendid prize list, and its all-embracing character, every flower or vegetable grower has a chance, and the committee in charge of the flower show particularly urges that everyone who can possibly do so, makes it a point to be represented with an exhibit of some kind.

OLD-TIMER VISITS HIS TILLIKUMS

Recalls the Days of Long Ago and Revels in Happy Reminiscenses

Seventy years old, but as sprightly as a mere boy of 50, Harry Bentley, customs appraiser at Lethbridge, is a visitor in Nelson—"To see my old tillikums," as he phrases it.

Mr. Bentley is one of the real old-timers, a pioneer of the good old days. Thirty-five years ago he came to Lethbridge, and for a long time carried on a large commercial business there. At times he filled the mayoral chair.

Yesterday Mr. Bentley told of his early struggles; how he came down the Red river before any railways were laid—in 1879; how he took up his first homestead on Brandon Plains. He walked from Winnipeg to Medicine Hat in 1882.

Recalls the Days of Auld Lang Syne

Mr. Bentley is thoroughly enjoying the renewal of old acquaintances. "I remember E. F. Gigot," he said "in 1879 he was at Portage la Prairie in charge of the Hudson's Bay company. At that time Fred Hume was landing goods on the Columbia river at Donald, the first crossing. Bob Green was there, too. I helped them both to put up tents.

First Meets Fred Starkey

"I don't know how many years ago it is since I first met Fred Starkey—somewhere about 1880, I think, in Winnipeg. My goodness! The days we had together! And to come along here and meet the old bunch again, well, it's good! When I met Fred then, he was a green boy from the old country and was just getting over (as one gets over measles), his first investment in homestead pre-emptions, his first experience with land sharks.

Tillikums Shell Beans

This interview closed in Fred Starkey's flat. Mr. Starkey was cooking a meal. He would have been in his shirt sleeves but for the absence of a shirt; however, a very beautiful butcher's pinafore decorously did duty for all deficient garments, and he and Mr. Bentley were busy shelling broad beans and swapping reminiscences.

Many a chuckle testified that there was quality as well as quantity in the adventurous recollections of these two old-timers.

"Say," said Mr. Bentley, "Fred is some cook; if I were premier I should make him minister for the interior."

REFORMS FIRE UNDERWRITERS

Province Is Now Represented by a Single Board, Says Ald. McHardy

Returning from his attendance at the reorganization meeting of the Council of the British Columbia Fire Underwriter's association, held in Vancouver last week, C. F. McHardy reports that R. S. Day, of Victoria, was elected president of the council; L. Foster, of Vancouver, prior to the reorganization, was secretary for the Mainland, was elected secretary. P. S. McGregor, previously secretary of the Vancouver Island board, was elected assistant secretary, in charge of the Victoria office.

Mr. McHardy stated the reorganization effected was resigned to cut down expenses of the board by instituting one board for the whole province, instead of having the Mainland and Vancouver Island represented by two different boards.

REPORTS GOOD WHEAT OUTLOOK

Southern Alberta Cereal and Hay Crops Are Promising Large Yields

A good outlook in regard to the cereal and hay crops of Southern Alberta, is reported by R. D. Barnes, of this city who has returned from a business visit to Lethbridge.

From observation and from current opinion, Mr. Barnes estimated the wheat crop, which is of comparatively large acreage in that section, would run to around 20 bushels to the acre. To the north, east, and west, larger returns were expected. Wheat harvesting operations had begun at Burdette, where the crop is reported to be light, but in the vicinity of Lethbridge itself, harvesting would not commence for two or three weeks.

The oat crop gave evidence of high yields. The acreage planted to barley and flax had been small, and though the yield per acre is expected to be an average one, the total crop will be small.

Conditions had been very favorable in regard to the alfalfa crop, the first cutting of which took place about three weeks ago, heavy yields being experienced. It is expected that two more cuttings will be made.

The crop of timothy was stated by Mr. Barnes to be small, as most farmers in that section were planting to alfalfa.

TWO CASES HEARD IN POLICE COURT

Two cases came up before Police Magistrate E. A. Crease at the city police court yesterday morning.

George Smith, of this city, appeared on a charge of non support for his wife, who is now an invalid patient of Kootenay Lake General Hospital. Following the laying of the charge, the case was adjourned until 10 o'clock this morning. E. G. Matthews prosecuted. William Brown, of Donaghy, Brown & Dawson, appeared for the defendant.

James Hanson, found guilty of being drunk and disorderly, was sentenced to a fine of $25, or in default, one month's imprisonment. He elected to go to prison.

LITTLE TOOTSIE HAY SWIMS THE WEST ARM

Eddies and cross currents of the West Arm have no terrors for one young Nelson Miss, 12-year-old Tootsie Hay.

In full view of pleasure-seekers in Connaught Park on Sunday afternoon she swam from the park pier to the ferry landing across the lake.

In testimony of her own statement that it was easy, is the fact that her course in breasting the current took her almost straight across.

Meantime her safety was assured by the present in a boat of her father, whose place of business on Stanley street is well known to Nelson people.

Like our own leap year, every third year in China is longer than its predeccessors, but the chinese add a whole month instead of an extra day.

EXCHANGE NO BAR TO IMMIGRATIO

MONTREAL, Aug. 9.—The foreign exchange department of the Roy Bank stated today that while ma individual European emigrants a prevented from crossing to Cana by the adverse rate of exchang steamers are all loaded to capacit and Canada is not losing immigratio on account of the exchange. Ev if exchange were normal, Cana could not get more immigrants th are coming, as there would not shipping facilities to handle them

An example of the effect of t exchange situation was given regard to Italians, who if they wan ed in normal times to bring ov 1000 lire would receive $190.00 Ca adian currency. Now, however, 10 will give an Italian only $60.00, that he loses two-thirds of his cap tal.
