BALFOUR OPPOSES CHANGES

League Covenant Amendments Unlikely; Too Early for Conclusions.

AUSTRALIAN DELEGATE SPEAKS ON MANDATES

Asks That Germany's Protest be Considered by Assembly Before Committee.

GENEVA, Nov. 23.—There will be no amendments to the covenant of the League of Nations at this session of the assembly if the decision of committee No. 1—that on general organization—which has been considering amendments, is approved in full session.

Arthur J. Balfour, chairman of the committee, suggested in committee meeting that it was too early to draw conclusions as to the working of the league, or to form an idea as to how the covenant may be improved. He proposed that the committee recommend the appointment of a special committee to consider proposed amendments and report to the next meeting of the assembly.

The committee adopted the suggestion.

Submit Several Amendments

It is known that the league has had placed before it by the Scandinavian countries several amendment to the covenant, dealing with that chapter of the document which relates to the constitution and organization of the league. Defeated in the committee, the delegates of the powers which were in the minority on the Balfour proposition, have expressed their intention to call the question up before the full membership of the assembly.

In the course of this morning's session, Delegate Miller of Australia asked that Germany's protest against the league's method of apportioning mandates for former German colonies, submitted recently, be laid before the assembly before being referred to a committee. The question went over until tomorrow.

Avoid Polish Debate

Debate on the Polish-Lithuanian conflict, which was threatened for a time on the demand by Lord Robert Cecil for full information, was avoided by an explanation from the chair that negotiations on the subject by the council were still in progress.

Lord Robert also demanded greater publicity for the proceedings, of the council, and a promise was made on behalf of the latter to comply.

A resolution introduced by George Britain, asking the council to explain why it failed to intervene and prevent hostilities between Poland and Soviet Russia last summer, went over to the next session, to be held Thursday.

Lithuanians Defy League

WARSAW, Nov. 23.—Activity continues between the Lithuanian forces and General Zellogouski's troops. Latest acounts say the Lithuanians are defying the League of Nations commission of control, who have arranged an armistice effective Sunday morning.

POPULAR PRESSMAN DIES AT KAMLOOPS

KAMLOOPS, Nov. 23.—F. E. Simpson, one of the oldest and best known newspapermen of the province, died this morning following an operation for appendicitis.

"Dand" Simpson had long been a resident of Kamloops. He was manager of the Sentinel for some years and before that had been owner of a paper in Cranbrook. Years before he was an editor in the United States. He was more than 60 years old.

The late Mr. Simpson was a past president of the British Columbia and Alberta branches of the Canadian Press association. With W. A. Buchanan, M. P., he founded the Lethbridge Herald.

Greek Premier Will Consult Allies Upon Succession Question

ATHENS, Nov. 23—The government has decided, in order to expedite matters, that the plebiscite on the return of former King Constantine shall be held on the electorate list. The government newspaper announces that Premier Rhallis will visit the entente capitals to open direct negotiations with the allied governments.

Anticipates Reversal of Saskatchewan Views

REGINA, Nov. 23.—Rev. W. P. Reekie, general secretary of the Social Service Council of Saskatchewan, in his report to the annual convention which opened here this morning, predicts that within two years the people of the province may be called upon to vote on another liquor referendum and at that time the provincial government may be favorable to a reversal from the present prohibition laws. He calls upon social service workers to assist in stiffening the morale of the democracy in combatting influences which may be at work to bring a reversion to the old liquor conditions.

D'ANNUNZIO IRRITATES JUGO SLAVS

Appeal to Italian Government to Clear Up Situation Created.

LONDON, Nov. 23—An appeal by the Jugo-Slav government to the Italian government to clear up the situation created by the stand of Gabriele d'Annunzio, insurgent commander, is imminent, says the London Times' Milan correspondent, quoting a Belgrade dispatch to the Secolo of Milan. If this appeal fails another will be made to the entente, according to the dispatch.

FIND YALE BITTER PILL TO SWALLOW

Free Traders on Prairie Unhappy at Anti-Free-Fruit Vote.

EDMONTON, Nov. 23.—The Bulletin says: The fruit growers of Yale voted to keep fruit dear on the prairies. That is all there is to the result in that constituency. The issue there was not fought out upon any questions of general policy, nor determined by any impulse to promote the general good. Under the protectionist doctrines, chairty begins at home and stays there. The appeal was made directly to the personal interests of the fruit growers, and the only relevant plank in the government platform was the pledge that the prairie consumers are not to be allowed to eat Washington apples. The voters closed with the bargain and it is up to the government to deliver the goods in the shape of a tariff high enough to keep out the orchard products of the Pacific states. People on the prairies will have to pay the price or do without fruit.

Closing of Steel Works Throws Thousands Out of Regular Employment

HAIFAX, Nov. 23.—Reports from the Sydney area today indicate that between four and five thousand workers are without regular employment following the action of the Dominion Steel Corporation yesterday in closing down of the big Sydney plant in reply to the ultimatum of 125 railroaders demanding increased wages and shorter hours of labor.

GERMANY USES FRENCH MONEY TO PAY BRITISH

Funds Paid Under Spa Coal Agreement Diverted from Agreed Channels.

SENT FOR RELIEF OF MINERS' CONDITIONS

Used for Propaganda Abroad and Payment of British Creditors.

PARIS, Nov. 23.—Most of the 200,000,000 francs in gold paid monthly to Germany by France under the Spa coal agreement since last July, has been diverted to propaganda purposes and to pay British creditors, acording to information received today in French official circles.

These payments, made in return for deliveries of promised coal, it was agreed by Germany, would be used to buy food to relieve the conditions of the local coal miners, so that they would be physically able to maintain the output, and also to buy raw materials. It is asserted, however, that this money has been used for propaganda abroad and a large portion of it paid through the British clearing house in Berlin for delivery to Germany's creditors.

ON TRAIL OF THEATRICAL MILLIONAIRE

Arrest Absconding Secretary of Vanished Magnate at Portland.

PORTLAND, Ore., Nov. 23.—Owing to the sagacity of a constable at Oregon City, a small town near here, John Doughty was in custody here today, after the police of two countries had been searching for him for nearly a year following the disappearance of Ambrose J. Small, millionaire theatrical man of Toronto, together with Canadian Victory bonds amounting to $100,000.

Doughty, who had been private secretary to Small, tonight was in charge of Austin P. Mitchell, chief of the Toronto detective force, who said he would start from here tomorrow morning, stopping en route to Toronto at Chicago, where he said Doughty had confessed he had deposited the missing bonds. Mitchell said Doughty had agreed to accompanied him without extradition proceedings.

Identifies Doughty

According to the story told by Constable Edward Fortune of Oregon City, the arrest was the result of Fortune receiving, ten days ago, a circular describing Doughty and stating $15 000 would be paid for his arrest. Fortune said he received the circular from Ed. Richardson, of Oregon City, who formerly was a detective. Fortune ascertained that a men resembling Doughty worked at the paper mill in Oregon City, and after shadowing the man until he could get a view of him with his hat off, as Doughty was shown on the circular, notified the Toronto police.

Confesses to Having Bonds

When Mitchell arrived he said he was skeptical as to the identity of the suspected, but after Fortune and Mitchell found Doughty at his place of residence last night, Mitchell said he at once recognized Doughty, whom he had known in Toronto Doughty is said to have confessed he had possession of the missing bonds, but would say nothing concerning the disappearance of Small, further than that he had last seen him at a theatre on the night last December when Small disappeared.

Richardson recognized Doughty in Portland from a circular he had seen a month and a half earlier, trailed Doughty to Oregon City and later obtained a copy of the circular which he turned over to Fortune.

TORONTO, Nov. 23.—Detective Sergeant Austin Mitchell, who has been in charge of the Small-Doughty case, left here for Portland last Thursday. Mitchell went to Portland, on information received by the police from that city.

It was on Sunday night, Nov. 1, that a telegraph message was received at police headquarters from the police of Oregon, stating a man answering Doughty's description had been seen in the vicinity of Oregon City, and asked for Doughty's description.

The reward of $5000 offered for the arrest of Doughty was later increased to $15,000, at which figure it now stands.

Doughty had been in the empire

Railway Commissioner Dies

A. S GOODEVE

Whose death occurred on Monday night at Toronto, was a member of the Board of Railway Commissioners for Canada.

Mr. Goodeve, who had been a member of the board of railway commissioners for Canada since 1912, was born at Guelph, Ont., Dec. 15, 1860. Educated at Guelph collegiate institute, he afterwards followed the calling of a druggist. He married Ellen Edith Spence. Coming west, he was elected mayor of the mining town of Rossland, in this province, in 1899, and again in 1900. He was appointed provincial secretary in 1902. He was returned as member of parliament for the Kootenays in 1908 and 1911. Mr. Goodeve had two sons killed overseas. A daughter was a nurse overseas.

QUEBEC WINS ON APPEAL TO PRIVY COUNCIL

Land Tangle Over Abandoned Indian Reserve Decided Against Dominion.

LONDON, Nov. 23.—(Canadian Associated Press)—The privy council today allowed the appeal from Quebec concerning questions between the Dominion and the province over the title of lands formerly used as Indian reserves.

MONTREAL, Nov. 23.—The case arose from small beginnings, said Attorney-General Lanclot, when the Ottawa government sold a piece of land which had been contained in an Indian reserve abandoned by treaty between the Indians and the government. On the other hand, the Quebec government sold the same piece of land to another party. Each government contended it was the sole owner of the land contained in Indian reserves in this province, after they had been abandoned as reserves by the Indians.

This decision will have a very wide effect," continued the attorney-general. "In the past the Dominio ngovernment had obtained, by abandonment several Indian reserves and then proceeded to sell the land. It is obvious that under this decision these sales were made by a person who was not the owner.

START WORK ON THE UNIVERSITY

Roads to be Built and Land Cleared on the Selected Site.

VANCOUVER, Nov. 23.— Construction work on the University of British Columbia will be commenced at once, according to a statement issued this morning by Attorney-General Farris. He said the sum of $100,000 had been set aside by the government at a meeting of the executive council Monday. The necessary roads will be built immediately and land clearing on the site carried out.

Seek Restoration of Differential on Flax

OTTAWA, Nov. 23.—(Canadian Press).—Application was made to the railway board this afternoon by H. J. Symington, K. C., counsel for the Winnipeg grain exchange, for a restoration of the one cent differential on flax of September last. He argued that this was a recognized differential of one cent which should be maintained. On behalf of the railways it was argued that this was not an established differential, but a rate.

REVIEWS THE MODERATION QUESTIONAIRE

Conservative Chief Has Open Mind on Subject of Liquor Administration.

VANCOUVER, Nov. 23.—Speaking before one of the largest political meetings ever held in the Chilliwack riding, W. J. Bowser, Conservative leader, was repeatedly applauded when he made answer to the manifesto issued by officials of the Moderation league in this city on Saturday. He again outlined his policy of government sale of liquor.

After explaining that because he had not answered the questionaire of the Moderationists by promising that he would administer the act through the medium of a commission, the officials issuing the manifesto had not approved of his replies, Mr. Bowser said.

"As I have repeatedly explained on the public platform throughout the province, and as I replied to the Moderation league's questionaire my mind is open on the question as to whether the act can be more efficiently administered and enforced by a commission or by the attorney-general's department. I think that is a fair and square reply. The responsibility for the framing of the legislation and for the enforcement of the act must rest on the government of the day.

Considers Farris' Record

"Who will be responsible for the enforcement of the act, if a commission is appointed? That is a matter that must be considered, for it has not been suggested that a separate police force be placed at the command of such a commission. Mr. Farris has signed the list of questions asked by the Moderationists who framed them. Who is to accept the responsibility for enforcing the act if not the attorney-general? You know Mr. Farris' record in connection with the enforcement of the Prohibition act. It has been a scandal.

"My policy is to see justice done to all classes of the community. I interpret the result of the referendum on Oct. 20 to mean the citizens of British Columbia desire, not a wet British Columbia,

CARSON AND COLLEAGUES DECLARE WILLINGNESS TO ACCEPT HOME RULE BILL

Debate Opens in House of Lords; Birkenhead Suggests Secondary Motive for Dublin Outrages Was to Influence Discussion; Says Irish Tired of Horrible Reign of Terrorism; Prisons full, Use Dublin Castle as Jail.

LONDON, Nov. 23.—The opening of the debate on the Irish home rule bill in the house of lords today afforded a notable contrast to the apathy displayed when the measure was under consideration in the house of commons. The upper house was crowded and many of the members of the commons, including Lloyd-George, Andrew Bonar Law and Sir Edward Carson, listened to Lord Birkenseard's speech introducing the bill. Many peeresses were inside the gallery and the stranger's gallery was crowded. Explaining the provisions of the bill, Lord Birkenhead read a letter from Sir Edward Carson in which the Unionist leader declared his colleagues had made up their minds to accept the bill and work under the measure loyally.

Were Beating Extremists.

Lord Birkenhead suggested that secondary motive of the murder of British officers in Dublin last Sunday was the influence it would have on this debate, and declared there was evidence that the Sinn Fein extremists were being beaten. Pointing out that unless this present bill was passed, the Home Rule act of 1914 would automatically come into operation directly the peace treaty with Turkey is ratified, he formally announced that the government would not make itself responsible for a simple repeal of the 1914 act.

Lord Birkenhead said he was convinced, however, that the danger to the bill lay in a coalition of those thinking the bill did not go far enough, and those thinking it went too far.

"Strange as it might seem," said Lord Birkenhead, "I think that this is a fine opportunity to effect a settlement because the Irish people are sick and tired of the horrible reign of terrorism."

Dunraven Moves Rejection.

The Earl of Dunraven, on the ground that the bill was not supported by the great majority of Irishmen and afforded no prospect of a permanent settlement, moved its rejection, describing the bill as an honest, but ignorantly honest, attempt on the part of the government to settle the Irish question.

Rounding up Suspects.

DUBLIN, Nov. 23.—The vigorous activities of the authorities leave little doubt that determined and concerted efforts are being made to round up every Republican suspected of being active in outrages. The military forces are tightening the cordon about Dublin and gradually working in towards the center, as was done during the Easter rebellion of 1916. It is believed that a number of Republican leaders in the provinces, finding the pursuit too hot, have taken refuge in Dublin.

The total arrests to date are understood to be large, but the government refuses to divulge the figures. Dublin castle authorities, however, admit the prisons are so full that it has become necessary to utilize the castle itself and that it was in a lumber room in the old detective quarters of the castle, that Peter Clancy and two others were shot yesterday.

Raid Archbishop's Residence.

LONDON, Nov. 23.—Soldiers tonight at Drumconda raided the residence of Archbishop Walsh and arrested the archbishop's valet, William Kelly, says a dispatch to the Central News, from Dublin.

Drown Policeman

DUBLIN, Nov. 23.—The bound body of an auxiliary policeman was taken from a river today.

Postponement Fails.

LONDON, Nov. 23.—(Canadian Associated Press)—In the house of commons today the opposition tried to postpone the debate on Ireland allotted for Wednesday on the ground that the atmosphere is just now unsuitable, but Andrew Bonar Law, government leader, held them to their arrangement, remarking that the subject was being discussed at a political meeting at Birmingham, and that what was suitable for a public platform was suitable for discussion in the house.

CORK, Nov. 23.—An explosion occurred in Patrick street this evening. It was evidently a bomb, but it is not known from where it came. Many persons were in the street and six of them were injured. Numerous windows were smashed. people spread in panic when the explosion occurred and the street was quickly deserted. There were neither soldiers or police in the streets at the time.

RAILWAY BOARD CONSIDERS EXCHANGE COMPLICATIONS ON GRAIN MOVEMENTS

OTTAWA, Nov. 23.—(Canadian Press)—Hearing was concluded late this afternoon by the railway board of the complicated case arising out of the payment of railway tolls on international traffic under present adverse exchange conditions. The matter has been before the board in one way or another for several months past and there have been conferences with the railways on the subject without any solution of the problem being arrived at.

The situation from the Canadian standpoint has been accentuated since the commencement of the autumn grain movement because of the fact that the bulk of the western grain is being shipped to the United States. As the railways collect tolls at the point of destination, this means that on a heavy movement of Canadian grain and flour which is hauled longer distances in Canada than in the United States, payment is demanded by the railways in Canadian currency. It was this particular situation which led to the application made today by Mr. H. J. Symington, on behalf of the Winnipeg grain exchange, for the issuance of an order by the board that would in some way correct present conditions.

Involves Legal Difficulties.

During the course of the hearing today, Chief Commissioner Carvell and the other members of the board stated that some action is necessary, but emphasized the legal difficulties involved because of the international character of the problem and the consequent lack of jurisdiction.

Mr. Carvell said that it would be possible for the board to suggest a practical solution if it could do so within legal authority.

One suggestion was that somebody should be given power to periodically fix the rate of exchange on payments covering railway contracts. Another proposal was that arrangements should be made for the collection, at the border of the rates covering haulage in Canadian territory, the payment of the rates covering haulage in United States territory to be made at the point of destination.

Mr. Carvell noted that up to the present time the board had really received more complaints from Canadian importers than from those engaged in shipping products to Canadian points. Importers of coal were particularly hard hit.

Must Be Give and Take.

Mr. J. B. Coyne, on behalf of the

WARNS GREECE OF FRENCH HOSTILITY TO CONSTANTINE'S RETURN TO POWER

PARIS, Nov. 23.—Premier Leygues, when he appeared tonight in the chamber of deputies in the Vatican debate, announced the government's intention to issue a warning to Greece against the return of former King Constantine. The debate was not finished and was adjourned until Thursday, and it is understood that the premier will not go to London until a settlement is reached respecting France's representation at the Vatican.

M. Leygus is asking for a postponement of further interpellations, so that he might be free to act. He said:

"France does not wish to intervene in Greece's foreign affairs, but, after a war which imperiled civilization, if a power puts at its head a sovereign who showed marked and constant hostility toward the allies and has been the accomplice of our enemies, that power ought to be warned that she cannot longer have our cooperation nor expect the same feeling from us as formerly.

"Further than that, the treaties give us the right as a protecting power, to proffer well founded advice upon the gravity of an act which might give Germany occasion to intervene directly or indirectly in Oriental affairs."

The premier said he wished to consider a definite course in the matter in complete accord with Great Britain.

STORM STRIKES HALIFAX

HALIFAX, Nov. 23.—A heavy northeasterly storm, one of the worst in the season, is in progress here tonight. During the afternoon there was a light fall of snow and sleet, which later turned to rain, and the wind increased. At 10 o'clock tonight it was blowing 31 miles an hour.

Home-made, but Has No Equal for Coughs

Makes a family supply of really dependable cough medicine. Easily prepared, and saves about $2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes 16 ounces of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

No Fear Now of Indigestion

A Host of People Seem to Thrive on What Used to Provoke Indigestion Before They Learned of Stuart's Dyspepsia Tablets.

When the stomach becomes sour, with gassiness and heartburn due to indigestion or dyspepsia relief may be had by one or two Stuart's Dyspepsia Tablets. Simply chew them, no hot water nor any other fillers for a stomach perhaps already too much overcrowded.

These tablest supply to the stomach the alkaline effect which is what relieves the sour acid condition. They also contain pancreatin to help digest the starchy foods such as potatoes, rice, oatmeal, white flour, etc.

Get a 60-cent box of Stuart's Dyspepsia Tablets, have them on hand at all times and thus have no fear of indigestion or dyspepsia.

The fact that these tablets are on sale everywhere in the U. S. and Canada shows how generally recognized they are as an efficient aid when the dyspeptic stomach needs a little help.

NEED MORE ROOM FOR SCHOLARS

Board Discusses Report on Larson Hotel as Prospective Additional School.

Consideration of ways and means to accommodate the ever-growing number of pupils at the central school featured the meeting of the Nelson school board last night, following the receipt of a report on the Larson hotel on Vernon street as a prospective school building, submitted by Alex. Carrie, the architect. The report was finally referred to the property committee. Those present were A. Higginbotham, Mrs. Hugh Ross, George Horstead, Major Gilbert Anderson, A. T. Walley and Secretary Fred L. Irwin. Principal H. McArthur also attended.

Architect's Report

The report of the architect stated the Larson hotel was 30 feet by 84 feet, was well built and in good repair, except for the basement and some plastering. Owing, however, to its construction, new joists would have to be inserted in the upper two stories to permit of them being divided into class rooms, which would also necessitate extra plastering. It was possible to make three classrooms on each floor, of a size 19 feet by 27 feet, besides making provision for a hallway, cloakrooms and other offices. Such rooms would accomodate 30 pupils each, or a total of 270 for the building. The heating apparatus was in good condition but might have to be altered, and added to, dependent on the plan of arrangement made if the board decided to proceed.

Committee to Investigate

Discussing the matter, the school board decided such class rooms would be too small and the probable expenditure needed prohibitive. Suggestions were advanced that hallways could be built outside the building, thus allowing more space for classrooms. Other factors considered were the advisability of securing building ground in the higher part of the town towards the south, where a large number of scholars have their homes; and what effect the proposed amalgamation of Nelson and Fairview would have on the number of children attending the various schools. The property committee were instructed to inquire further regarding interior arrangements and possible alterations to the Larson hotel.

To accomodate the periodically large school attendance during the winter months, the board decided to reopen a class room in the Odd Fellows hall after the Christmas vacation, at which time it was thought probable four new teachers would be required. New scholars will be received at that time. The property committee was empowered to purchase necessary equipment for the proposed new class room.

Hon. William Sloan, provincial minister of mines, arrived in the city from the Crow last night unheralded, having held his meeting in the Fernie riding at Michel Monday night, instead of at Fernie last night as billed. The meeting at Michel was a joint one, and Sherwood Herchmer, the Conservative candidate; Sam Uphill, the Labor candidate, and A. I. Fisher, the Liberal candidate, all had their innings, the minister being an addition to the program.

On arriving in Nelson, Mr. Sloan went to the Liberal committee room and found a rally in progress. He made a brief address.

Before he spoke there were brief speeches by Vice-President J. E. Hunter, who occupied the chair; W. H. Jones, P. Melneruk of South Slocan; Candidate James O'Shea, John Notman, President Kenneth Campbell, W. P. Tierney of Victoria, and E. W. Widdowson. The meeting was not open to the public.

Owing to Mr. Sloan being due to speak in his own riding of Nanaimo on Friday night he will leave for the coast by the Kettle Valley train this evening. Before leaving, however, he will speak at a political meeting in Eagle hall.

WINNIPEG CLOSES CIVIC NOMINATIONS

WINNIPEG, Nov. 23.—There will be about 48 candidates in the field for elective civic positions when the time expires for withdrawals tomorrow afternoon. Official nominations were held this afternoon. Edward Parnell and S. J. Farmer, both new to municipal affairs here, are contesting the mayoralty, Farmer running as an Independent-Labor candidate. There are 30 nominees for the city council, 11 to be elected; and 16 for the school board, eight to be elected. Three women are running—Mrs. Jessie Kirk, for the council, and Rose Reid and Mrs. Maud McCarthy for the school board. Approximately one half of the total list of candidates represent Labor.

There was one acclamation, A. H. Pulford being re-elected to the council for Ward One, without a contest. He is not a Labor nominee.

HAMILTON, Nov. 23.—There was a heavy demand today for two carloads of potatoes which the municipality decided to buy in an effort to keep prices down. They sold for $2.25 a bag and there was a noticeable drop in the price of potatoes today.

Social and Personal

George Egg, the Grand Forks real estate man, is registered at the Hume.

Miss Ivy Ward, who spent a couple of days visiting in Crescent Valley, returned to the city yesterday.

Robert Dunn, secretary of Hon. William Sloan, is accompanying the minister on his present tour.

W. P. Tierney, contractor for the branch railway line getwen Princeton and Copper Mountain, arrived in Nelson from Creston last night.

Dr. E. C. Bice, together with Capt. G. E. Shaw, represented the Balfour sanitarium staff and patients at the funeral of the late Ture Thor on Sunday, returning to Balfour Monday. Among th floral offrings was a wrath from the staff and patients.

WOULD-BE HEROES TO DO PENANCE

After giving the three local boys who confessed to several thefts and robberies in this city, and to hoarding their ill-gotten gains in the basement of a house on Stanley street, a severe lecture on the criminal nature of their recent unlawful practices and advising them of the penalties provided by law to meet such cases, Police Magistrate E. A. Crease exacted solemn promises that they would be regular attendants at church for the next three years, and would be non-smokers until 21, and let them go on suspended sentence, yesterday.

CANADIAN BACON BETTER QUALITY

Price Above Danish Due to Differences in Exchange Rates.

LONDON, Nov. 23 (Canadian Associated Press).—In the house of commons tonight, Alfred Hodges, Labor leader, asked the food controller whether the food ministry has decided to offer a subsidy on the Canadian bacon industry by giving Canadian cures twenty shillings on the hundredweight.

The food controller replied that the prices for Canadian bacon were substantially the same as for that in the United States, but that the Canadian bacon was of a better quality. The higher price of Canadian bacon in comparison with Danish was mainly due to the difference in the rates of exchange as the pound sterling was approximately worth only fifteen shillings in Canada against 28 shillings in Denmark.

THE SHOEMAN

A SMOOTH, WHITE SKIN THAT DEFIES WEATHER

During the coming months of biting winds and intense cold, you who would keep your skins smooth, white and velvety, should turn your attention to mercolized wax. Nothing else will so effectively prevent or remove a chapped, roughened or discolored surface. By gradually absorbing the weather-beaten cuticle, the complexion is kept in perfect condition, and even the beauty of expression appears more pronounced. If your skin be coarse, blotchy, pimply, freckled, sallow or over-red, why not shed it. One ounce of ordinary mercolized wax, to be had at any druggists, will completely transform the most unsightly complexion in less than a fortnight. Use the wax nightly, like cold cream, washing it off mornings.

If weather, age or poor health has marred your face with wrinkles, here's good news. You can quickly remove every line by using a harmless, refreshing face lotion prepared by dissolving one ounce of powdered saxolite in a half pint witch hazel. The firmer, smoother skin, the more youthful appearance, even after one application, will astonish you.

MAKES CENSUS PLANS

OTTAWA, Nov. 23 (Canadian Press) —The cabinet council has approved a series of forms for taking the next Dominion census—the sixth—on June 1, 1921. The forms provide for census of population, manufacturing, trading and business establishments, farms and farm products with schedules for the blind and deaf mute, [illegible]tee, family, cards, enumerators' [illegible], etc.

COOKIES and SMALL CAKES

WHEN the children romp in hungry as young bears, here are some wholesome, economical delights that will not only be received with glee, but will satisfy the most ravenous appetite in a most wholesome manner.

Cookies

¾ cup shortening
2 cups sugar
¼ cup milk
2 eggs
¼ teaspoon grated nutmeg
1 teaspoon vanilla extract or grated rind of 1 lemon
4 cups flour
3 teaspoons Dr. Price's Baking Powder

Cream shortening and sugar together; add milk to beaten eggs and beat again; add slowly to creamed shortening and sugar; add nutmeg and flavoring; add 2 cups flour sifted with baking powder; add enough additional flour to make stiff dough. Roll out very thin on floured board; cut with cookie cutter, sprinkle with sugar, or put a raisin or a piece of English walnut in the center of each. Bake about 12 minutes in hot oven.

Cocoa Drop Cakes

4 tablespoons shortening
1 cup sugar
1 egg
½ cup milk
1¾ cups flour
3 teaspoons Dr. Price's Baking Powder
½ cup cocoa
¼ teaspoon salt
1 teaspoon vanilla extract

Cream shortening; add sugar and well beaten egg; beat well and add milk slowly; sift flour, baking powder, salt and cocoa into mixture; stir until smooth, add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

Orange Cakes

4 tablespoons shortening
1 cup sugar
⅔ cup milk
1 egg
2 cups flour
3 teaspoons Dr. Price's Baking Powder
½ teaspoon salt
1 teaspoon orange extract
grated rind of 1 orange

Cream shortening; add sugar slowly, beating well; add milk a little at a time; then add well-beaten egg; sift flour, baking powder and salt together and add to mixture; add flavoring and grated orange rind; mix well. Bake in greased shallow tin, or individual cake tins, in hot oven 15 to 20 minutes. When cool cover with orange icing.

DR. PRICE'S CREAM Baking Powder

Made from Cream of Tartar, derived from grapes.

CLOSE OFFICE AT END OF MONTH

Capt. Rennie Will Spend All His Time in the Field; Decision Final.

Capt. B. G. E. Rennie, district supervisor of the soldier settlement board, has been instructed from the head office at Vernon to close the Nelson office on Nov. 30, and from that date spend all his time in the field.

This field, which was recently the West Kootenay, has lately been extended to include the East Kootenay as well, and Capt. Rennie now has in all 136 established soldier settlers under his care, in addition to a large number who expect to go on the land in the spring, and those who are taking agricultural vocational training in this district under the soldiers' civil re-establishment department.

Last June the department proposed to close this office, but in answer to representations made by the G.W.V.A. branches, the Nelson board of trade and other parties, the office was retained, but reduced in size.

Recently an order was received to close it, but as a result of a wire sent to the department at Ottawa, the order was held up pending the arrival at Ottawa of detailed representations on the subject. Both the wire and the detailed letter were signed by Mayor J. A. McDonald, Commissioner Fred A. Starkey of the Associated Boards, and President J. R. Hunter of the Nelson board of trade.

Just before Capt. Rennie received his final instruction from Vernon to definitely close the office, Mayor McDonald received from Ottawa a reply to the joint representations made, the department advising him that, after going into all the facts, it was the final decision of the department that the retention of the office was not justified.

Throughout the Dominion the department has been closing down the local offices and making the work of the district representatives purely supervisory, all the soldier settlement work for the province of Ontario, for instance, being handled from a single office, situated in Toronto.

In the case of the Nelson office, however, it is intended that the peculiar conditions surrounding the wor kof supervising the soldier settlers in the many different sections of the Kootenay, with Nelson as the hub of the wheel, constitute a special argument for the retention of the office here, as an important aid in the work.

BATTLE OF BOYNE ON JULY 1st

In celebrating old historial anniversaries allowance should always be made for discrepancy between the actual day of happening and the day of celebration. The reason for this is in the fact that our calendar was altered by Act of British Parliament in 1752, when eleven days were left out. Many historical anniversaries have been affected by the alteration of the calendar, including that of the battle of Boyne, which is celebrated by the Orangemen of Ulster on July 12th although history books tells us that it was fought on July 1st.

TORONTO BOARD

TORONTO, Nov. 23.—A rousing opening at Wall street today cast its influence over the Canadian exchanges and made another day of firmness, with a good percentage of advances. When, later in the day, the opening was found to have been over enthusiastic at New York there was some easing off, and not all of the day's gains were held.

Paper stocks showed further irregularity in the local list. Spanish River preferred, after a few days' inactivity here, registered a gain of almost two points. Abitibi was ¼ higher, while Brompton's gain of 1¾ was the change from Saturday on the local market. Western Canada Pulp was two points higher at 30. It was reported that the production of this company at its mill in British Columbia is being increased steadily.

Canadian Pacifc had a two-point advance to 135.

Total sales: 1578 listed, $25 unlisted, and $8600 war bonds.

BOARD OF TRADE PARTY OFF TODAY

Commissioner Fred A. Starkey and Honorary Treasurer J. R. Hunter of the Associated Boards of Trade of Eastern British Columbia will leave by the Great Northern train this morning for Grand Forks, as the advance party of the Associated Boards party which is to proceed to Penticton.

The balance of the party, comprising, among others, J. S. Carter, W. B. Bamford and probably Capt. Douglas Brown of the C.P.R., and W. M. Cunliffe and L. R. Poole of Nelson, President Noble Binns and T. W. Bingay of Trail, Lorne A. Campbell and probably W. G. Ternan of Rossland, and members from points east, will take the Kettle Valley train tonight at Nelson and Castlegar. At Grand Forks the main party will be joined by the advance envoys and the Grand Forks representatives.

The proceedings at Penticton will probably occur tomorrow night, and the home trip will be made Friday.

BOOSTS KOOTENAY TO SPOKANE AUTOISTS

Speaking on the "Beauties of Kootenay," J. H. Haslam, known here as a prospective pulp mill company promoter, addressed a large gathering of the Spokane Automobile club members in Spokane, on Friday night, giving personal glimpses of the scenic wonders to be seen in Kootenay.

Writing to Fred A. Starkey, commissioner of the Associated Boards of Trade of Eastern British Columbia, he stated autoists on the other side of the line are keenly interested in the attractions of Kootenay from a tourist point of view, and expressed the belief that 1000 cars would cross the boundary line to explore Kootenay next summer if an adequate road system were available. Mr. Haslam was last week the guest of the Spokane Chamber of Commerce at a luncheon.

COMMITTEE WINDS UP SALVATION ARMY DRIVE

A total of $1620.69 was subscribed and collected above the actual expenses of the recent Salvation Army financial campaign in Nelson, Kaslo, and Sandon, it was learned at a meeting of the campaign executive committee at the Salvation Army barracks on Monday, which met to wind up all business in connection with the drive. Those present were: J. R. Hunter, chairman; Alex. Leith, treasurer; Thomas Connor, secretary, and Capt. G. C. Black.

In all 1721.49 was realized as a result of the drive, the expenses of which amounted to $100.80. A part of the total has been granted by Salvation Army headquarters to the local branch, to be used in Army work in this district.

A vote of thanks was passed at the meeting for the support given by the public in the drive.

AN EXTINCT MONSTER

The curators of the Launeston and Tasmanian museums have presented to the Royal Society of Tasmania the preliminary acout of a early completne skeleton of a gigantic, extinct monster, recently discovered in the pleistocene beds of Tasmania. The animal was as large as the largest existing rhinoceros. The new discoevry shows clearly that it was a rhinozeros like animal, with a skull built for warfare, and at least one powerful horn on the snout. Evidence of the gigantic battles in which this animal engaged is to be found in the complete smashing and partial mending of the collarbone, and in the crushing and subsequent repair of the bones of the nose and snout.

BOWSER WOULD EXTEND FINANCIAL HELPING HAND TO MUNICIPALITIES

Premier Oliver Says, "Gentlemen, I Promise You Nothing"; Poll Tax and Special Amusement Tax Have Not Been Availed of; Conservative Leader Is on Record in All His Recent Kootenay Speeches as to Nature of His Proposed Assistance; Will Relieve Local Taxpayer.

Kootenay municipalities which last year asked Premier Oliver's tax commission for new sources of revenue necessitated by increased costs of administration, and received at the last session the grant of the poll tax and the privilege of putting a tax on places of amusement over and above the provincial tax, which have thus far been not availed of, will be interested in Ald. C. F. McHardy's report to the Nelson city council that Premier Oliver's reply to the latest deputation from the Union of British Columbia Municipalities was:

"Gentlement, I promise . . you nothing."

That being the premier's policy, Ald. McHardy stated it was proposed to next ask W. J. Bowser, opposition leader, as to the Conservative policy.

So far as the Kootenay at least is concerned it will not be necessary to wait for Mr. Bowser's answer, for he dealt in detail with the question of giving relief to the municipalities, at his four meetings in this immediate district a fortnight ago, his policy being to add to the consolidated fund various other specified revenues, and make annual grants therefrom to all the municipalities, the grants being graded on a per capita system.

The following extracts from Mr. Bowser's Kootenay speeches show exactly what the Conservatives propose to do, to assist the municipalities to carry on:

At Cranbrook.

Mr. Bowser took up the question of taxation and referred to the Oliver government's tax commission which held sittings all over the province but never even filed a report. His own policy would be to **put automobile taxes, moving picture licenses, the game licenses and certain other revenues into a special fund from which the municipalities, both large and small would receive the grants necessary to supplement their present revenues.** He pledged his party to do justice to the municipalities if returned to power. (Applause.).—Daily News, Nov. 10.

At Nelson.

Mr. Bowser also outlined his policy toward the municipalities, which were unable to operate on their present revenues, the government's solution of granting them a poll tax not especially meeting the bill. He would **take the motor licenses, game licenses, amusement taxes and a large variety of such special revenues, including a share of the revenues from the sale of liquor—which would be moderate, for the government would fix fair prices—and would put them all into the consolidated fund, from which disbursements would be made to the municipalities on a per capita basis.** This would put all the municipalities on their feet and would ensure that the smaller municipalities, which might not enjoy as many sources of revenue as the larger ones, would be fairly treated.—Daily News, Nov. 11.

At Rossland.

The Conservative convention, said Mr. Bowser, had agreed that the municipalities ought to have the automobile licenses and moving picture taxes. Later he had come to the conclusion this solution of the question of financing the municipalities was inadequate, and with the consent of his advisors he had redrawn this plank. He now proposed to **take a part of the liquor revenue and put with it the automobile licenses, the moving picture tax, the game licenses, the poll tax, the income tax, the personal property tax, the real estate tax and all the license fees received by the government, and place all these in a consolidated fund, from which all the municipalities would be aided on a basis of population.**

The municipalities were created by the province and the province should take care of them.—Daily News, Nov. 12.

At Trail.

Referring to the financial troubles of the municipalities, Mr. Bowser said that Mr. Oliver had told the deputation from Oak Bay to take off their broad cloth and go to work, as the way to derive more revenue. That heartless answer ill became the premier of the province, whose children the municipalities were.

He outlined the Conservative policy of giving them assistance from a re-catered consolidated Fund.—Daily News, Nov. 12.

PRESIDENT'S BROTHER IN LISBON POORHOUSE

LISBON, Nov. 23. — (Canadian Press).—The newspaper, Seculo, says that Dr. Jose de Arriaga, a university man, historian, critic and savant and brother of the late President Manuel de Arriaga, is an inmate of the Lisbon poor house, in ill health and penniless.

Dr. Jose de Arriaga resided for a long time in Brazil where he collected notes on Brazilian lige and literature. It was after his return to Portugal when he was arranging with an editor for the publication of a book on Brazil that he was taken ill and, after a struggle against adversity, was obliged from utter lack of resources to take refuge in the poorhouse.

He is a direct descendant of King Alfonso II of Portugal in the 17th generation and of King Ramiro II of Leon and Sastella and the 25th grandson of Hugh Capet, Duke of France and Count of Paris and Orleans.

His brother, the late President, died a poor man partly because of his inflexible Republican opinions which led him to refuse, at one time, to serve as tutor to the sons of the then King of Portugal. For his ardent efforts to establish a Republic the Portugese feel that they owe a debt of gratitude to President de Arriaga.

MOLLY CODDLES HAD UMBRELLAS

He was a brave man who would carry an umbrella a hundred and fifty years ago. When Jonas Hanway appeared i nthe streets during a shower with an umbrella over his head, he was laughed at as a molly coddle. That was in 1750. Jonas Hanway being the first man to carry an umbrella in London. It is said that he carried an umbrella for thirty years before its adoption by men beame at all common, although women had carried umbrellas in London many years before.

ENORMOUS YIELDS OF BUSH FRUITS

At the central experimental farm the average yield of the Herbert raspberry for two years on one row 99 feet in length was at the rate of more than 205 bushels per acre. Under field conditions, cultivated raspberries produce from 50 to 100 bushels of crop per acre, according to the season. Gooseberries at 40 pounds per bushel, yielded at the rate of 90 bushels to the acre. Red Currants gave 202 bushels to the acre in one instance and 409 in another. These figures are taken from a new bulletin issued by the experimental farms at Ottawa on the subject of "Bush Fruits." In this pamphlet the currant, gooseberry, raspberry, blackberry, dewberry and loganberry are treated in such a way as to make clear the best practice in their cultivation, and to understand the merits of the different worthy varieties. It is pointed out that the currant, gooseberry and raspberry grow wild almost if not quite to the Arctic Circle. The treatise is the result of experiments carried on at the central experimental farm, and the widely separated branch farms and stations.

This publication, which is designated bulletin No. 94, and is available at the publications branch of the department of agriculture, at Ottawa, contains also a treatise on the common diseases of bush fruits, and the insects attacting them, with methods of control.

Vote for the Conservative Candidates

Those who desire a change of government at Victoria, and the general trend of opinion in this province appears to be strongly in favor of a change, should vote for the Conservative candidates.

The Conservative party is for an efficient and economical administration, for reduction of overhead expenses, the development of natural resources and the restoration of the credit of the province in the money markets of the world.

The Conservative candidates are pledged to encourage prospecting by all who desire to prospect for minerals, to assist the municipalities by a definite per capita grant, to encourage irrigation by practical government assistance, and to introduce legislation and carry into effect the declared wishes of the people as expressed in the recent referendum on liquor; at the same time this act must be a fair and reasonable one so that the government will have absolute control of the traffic and that there will be no abuse in the uses of liquor but same to be used only in moderation. Heavy penalties will be included in the act for all infractions and the act will be strictly enforced. They will also use every effort with the Dominion government, under whose jurisdiction the matter lies, to see that legislation is passed at Ottawa which will stop the importation of liquor into this province by private parties so that all liquor purchased and sold in British Columbia will be absolutely under government control.

Why Pick on the Movies?

As long as the spirit of adventure finds a home in the breasts of youth, so long will boys fare forth as Indians or pirates, sometimes innocently, sometimes with more serious results. Sometimes the intent is harmless, at other times it unfortunately closely approaches the criminal. Much depends upon whether the boy has the proper home environment.

It seems to have become fashionable to blame the "movies" for youthful escapades, whether of a criminal or merely mischievous nature. Yet such escapades occurred long before movies were heard of. They occur in isolated communities where there are no pictures.

As a matter of fact, in the "movie" right is always triumphant. Wrong deeds are sometimes pictured, but the villain of the play is not attractive and he never fails to get his just desserts. Wrong never triumphs in the movies. For right to triumph is as inevitable, in a movie, as is the happy ending.

Efficient Housekeeping

By Laura A. Kirkman

USE MORE NUTS IN YOUR COOKING.

Considering the amount of nutrition tht a handful of nuts will provide and also the deliciousness of nuts, it is strange that the average housewife seldom is found buying a pound of nuts from her grocer.

"Nuts are a luxury," I once heard a woman say. "It's all I can do to pay for the necessary foods, without indulging in any fancy groceries."

Yet if this housekeeper had stopped to think, she would have seen that by adding nuts to a dish and thereby making that dish more nourishing, she would not have to provide as many other dishes in the same meal as she ordinarily would. Take for instance this supper menu:

Stuffed Baked Potatoes, Peanut Filling
Bread and Butter
Cocoa Preserves

Without the Peanut Filling (recipe given below) in the Baked Potatoes, one would feel the necessity of serving something else—something that would give the meal a protein element, such as eggs or perhaps cheese or sliced meat-loaf. But with the Peanut Filling (peanuts are very rich in protein) it is not necessary to serve a second main dish. Two large stuffed potatoes per person are entirely satisfying, combined with cocoa, bread and butter and preserves.

Hazel nuts, pecan nuts, walnuts, butternuts and hickory nuts are all about two-thirds fat and should therefore be regarded as savers of salad oil and butter.

The following luncheon menu is appropriate to place even before a guest:

Macaroni-Cheese Ramekins.
Club Sandwich without butter, oil or bacon
Coffee Cake

Club Sandwich (one portion): Toast two slices of bread; take 1 tomato thinly sliced, 2 ounces of nut-meats very finely chopped (so that the oil is running from them, 1 stalk of celery cut into small pieces and salt and pepper to season. Spread the toasted bread slices with some of the minced nut; add a layer of the tomato to one of these pieces, followed by a layer of the celery mixed with the remainder of the nuts; add a few more slices of tomato and top off with the other piece of toast.

Stuffed Baked Potatoes, Peanut Filling: Bake large white potatoes and when soft cut them in half crosswise and scoop out the inside. Mix this scooped-out potato with an equal proportion of finely-chopped peanuts, add 1 teaspoon of melted butter and a little salt to each potato, and re-fill the potato skins with this mixture. There will of course be some of the stuffing left over and this should be formed into balls to rolled in flour the next day and fried like ordinary potato cakes (they are delicious). The re-filled potato skins should be pressed together as to form whole potatoes and placed on a pain in the oven for a few minutes just before serving, so that they will be piping hot when put on the table.

Styles

BY LENORE

If the problem of suitable clothes is often a burden to the woman who is short and stocky, the lot of the tall, thin woman is not so happy either. She feels she towers above all humanity, partcularly when she is taller than most of the men she knows. So she stoops down to people till her head is droopy and her shoulders bent.

Right here she errs. What is wrong is not that she is too tall but that most people are too short. And instead of marring her dignity and ease of carriage, is is better to attack the problem with carefully planned clothes.

Horizontal lines frequently help. A clever model is made out of nut brown Canton crepe, with three tiers of duvetyn, picoted, and just eased on without gathers. A novel squirrel collar, and moire ribbon girdle with rosette, complete the effect.

TWENTY YEARS AGO TODAY

(From The Tribune, Nov. 26, 1900.)

According to Thomas Taylor, M. L. A., of Trout Lake City, the conditions existing in the Trout Lake district have lately been more active than for several years, and while only two poroperties are on a shipping basis this winter there are various factors which point to an active season next year.

FAMOUS ISLAND

The Chilean government is said to be contemplating the making of a national park and tourists resort on Robinson Crusoe's island of Juan Fernandez. The islands of Juan Fernandez were as is well known, the scene of Alexander Selkirk's five year exile, but Robinson Crusoe never saw or heard of them. They are in the Pacific ocean, some hundreds of miles west of Chili, whereas Robinson Crusoe was said by Defoe to have been wrecked in the Atlantic ocean, off the North coast of South America not far from the mouth of the Orinoco River. In the face of these indisputable statements what reason is there to associate Juan Fernandez, many thousands of miles away, on the opposite coast of the South American continent, with Robinson Crusoe.

McLagan

Italian
M-53—
American Black Walnut

A Masterpiece

BUILT in faultless period styles of our own exclusive adaptation, beautifully finished in rich, flawless woods, and possessed of a power to reproduce with unsurpassed faithfulness, the McLagan Phonograph is unquestionably a masterpiece. This harmonious combination of artistic appearance and faithful tonal reproduction makes it an instrument to be coveted by everyone of refined taste. The

McLagan Phonograph

Queen Anne
M 25—Mahogany or Black Walnut

is richly endowed with exclusive and valuable features, one of the most important of which is the famous McLagan-Fletcher Tone Arm. Co-ordinating with the McLagan-Fletcher Reproducer and the scientifically fashioned sound chamber of wood, this Tone Arm contributes largely to the McLagan's extraordinary beauty of tonal reproduction. The construction of this Tone Arm—made in hexagonal form, of different thicknesses of metal—does away entirely with all the extraneous vibrations that are so unpleasantly noticeable with the ordinary thin tone arms. It amplifies and clarifies every note transmitted from the reproducer. The McLagan-Fletcher Tone Arm is set in a ball-bearing base, and when the instrument is playing it allows the needle to ride smoothly and noiselessly over the record.

Perfect in appearance, perfect in tonal reproduction, this and other features serve to make the McLagan supreme—the new ruler in the phonograph kingdom. The McLagan range covers a variety of twenty-two models—from those of moderate expense to instruments that would grace the most luxuriously furnished homes. Accept this as your nearest McLagan dealer's invitation to call and see the McLagan and hear it play.

NAKUSP PEOPLE ARE UP IN ARMS

Oppose Application of Non-resident for Water Rights of Hot Springs.

NAKUSP, Nov. 22.—Considerable public consternation is felt among the residents of Nakusp at an application for water rights made by a non-resident on the Nakusp hot springs. The board of trade is calling a special meeting tonight to protest against any such rights being granted and to petition the government to place the ownership absolutely in the people generally.

Public money has been spent on the springs, which are of great value medicinally and a large number of visitors make a pilgrimage to them annually—at times a hundred people are present.

At the request of the local people a good trail is being constructed from the town to the springs by the provincial government along the survey line, the grade of which does not exceed seven per cent. The protest being made will be a strong one. The old government had given its word to the board of trade some years ago that no title would be given to any private party, and this will be followed up in the present protest.

FRUITVALE HEARS SCHOFIELD'S VIEWS

FRUITVALE, Nov. 22.—At the schoolhouse on Wednesday last a very enthusiastic Conservative meeting was held. Chairman S. Brewster introduced J. H. Schofield, M. L. A., of Trail, who addressed a large audience, pointing out what the Conservative party intend doing if returned to power, and in particular his reference to the cut-off road from Trail to Fruitvale keenly interested his audience.

NAKUSP NOTES

NAKUSP, Nov. 22.—The little son of Mr. and Mrs. T. H. White, of Glenbank, aged four, died very suddenly on Saturday after just one day's illness. The interment took place at the Nakusp cemetery on Sunday afternoon.

The C. P. R. barge slip at Nakusp is being dismantled, thus doing away entirely with the car barge service which has been in operation since 1892.

Mr. Struthers, principal of the public school here, has been licensed as a lay reader by the Bishop of Kootenay and held his first service in St. Mark's church on Sunday evening.

The electric light plant is progressing favorably—all the poles are erected and the wires are being strung.

ROSSLAND NOTES

ROSSLAND, Nov. 22.—B. Hodge, representative of the Columbia Paper Co., from Vancouver was here today on business.

A. Innes, of Nelson, arrived here Sunday.

D. E. Beck, of the Great Northern Railway at Marcus was a week-end visitor to the city.

PILES

ARE GENERALLY CAUSED BY CONSTIPATION

There are few, if any complaints more common than hemorrhoids, or piles, as they are commonly called, and scarcely any which cause more trouble, annoyance and misery.

Ninety per cent. are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.

Piles are classed under three headings, i. e., itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description.

Ointments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels, at least once or twice a day, and by doing this the cause will be quickly removed.

Milburn's Laxa-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus removing the constipation and all its allied troubles.

They contain no calomel or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not gripe, weaken or sicken.

Milburn's Laxa-Liver Pills are 25c. a vial at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Hunter Makes Good Impression Throughout Whole Slocan Riding

WEST ROBSON, Nov. 22.—William Hunter, candidate for the Slocan riding, passed through here on Friday evening en route for his home in Silverton. He had been touring the Arrow Lakes district and consulting the various bodies at each point. He reports an enthusiastic reception all along the line, and citizens who voted against him in the political landslide in 1916 are now receiving him as their future member with open arms and many expressions of regret as to their misjudgment at that time.

They have seen since that time the inactivity of the Liberal government, especially in its public works department, and in Mr. Hunter they feel that all this will be remedied from now on by reversing that landslide of years ago. Needles, Fauquier, Renata and Deer Park, as well as Burton City, are with Mr. Hunter almost to a man, while at Edgewood, through a misunderstanding the notices for meeting were late in being posted, but a goodly number of voters had the pleasure of hearing both Mr. Hunter and Thos. Abriel, who accompanied him. His election on the first proximo is assured.

Sash and Door Mill Closes at Kitchener for Lack of Good Roads

KITCHENER, Nov. 22.—The sash and door mill has closed down for a short period. The usual amount of rain has put the road in such shape that lumber hauling is out of the question. The firm is directing all their attention to bush operations for the present.

KITCHENER NOTES

KITCHENER, Nov. 22.—Contractor George Hendren, of Creston, is building a cottage on Bennet avenue, near the Kitchener hotel, for Barnard Johnson.

Mr. and Mrs. S. Gauthier, Mrs. E. McGonegal, Miss Schmidt, Miss Geroux, J. A. Crowe, Victor and Omar Geroux were among the Kitchener representatives at the Conservative whist drive and dance held at Creston on Friday evening.

Mrs. Stanley Hendren and Miss Blanche Hendren, of Creton, were calling on friends here last week.

George Ayott, who has been confined to the Cranbrook hospital for some time with a broken arm, returned to twn the latter part of the week.

Bert Beattie, of Cranbrook, was in town on Friday.

APPLEDALE NOTES

APPLEDALE, Nov. 22.—Mrs. Cross, of Calgary, is the guest of Mr. and Mrs. H. O. Green.

J. Brown has moved into his new house.

Mr. Gord went into Trail on Thursday.

F. Peters went into Nelson to attend the banquet of the 54th last week.

Mrs. Kopecki, assisted by Mrs. W. B. Anderson and Mrs. Troyrzo, entertained the Ladies' Progressive association on Wednesday afternoon. A very pleasant time was spent. The prize for the competition, "The Bill of Fare," was won by Mrs. Harding.

Mr. and Mrs. Kopecki, Mrs. Good and F. Brooks attended the whist drive at Perry's on Friday.

Mr. and Mrs. Brandon went to Nelson on Friday for a few days.

Miss Wynne went to Trail on Friday on a visit to her sister.

WILL NOT EMBARK UPON LITIGATION

Matter for Imperial Government, Says Saskatchewan Attorney-General.

REGINA, Nov. 23.—Saskatchewan as a government does not intend to embark on a lawsuit at the present time to obtain control of its natural resources according to a statement made by Hon. W. F. A. Turgeon, attorney-general, who seconded a motion in the provincial legislature today. Mr. Turgeon seconded a government motion "that the government of Saskatchewan should continue to urge upon the government of Canada the necessity of arranging for the transfer to the province of the public domain within its limits without further delay."

The attorney-general said there was something premature and exaggerated about the reports that Alberta and Manitoba intended taking the matter into court. Premier Martin had recently consulted with Premier Morris of Manitoba, with the result that "the report in so far as Manitoba is concerned, is not true."

Mr. Turgeon said that the matter was one for the Imperial parliament.

"There is our real remedy and the day will come sooner or later when we hope to get our resources through this source."

Hon. C. A. Dunning, provincial treasurer, outlined what resources the province expected from the Dominion.

SAYS POLICY IS REVOLUTIONARY

Canadian Protests at Policy of International Trades Union Congress.

LONDON, Nov. 23.—(Canadian Associated Press)—During the discussion of the resolution on international policy moved by a German delegate at the international trades union congress, H. J. Halford, Canadian representative, protested against the revolutionary policy of the congress, and said he could not continue working with a body holding such doctrines.

The secretary retorted that the congress had never done anything so revolutionary as the Canadian labor congress, which voted for the nationalization of mines and for an independent Ireland.

Norway and Italy joined Canada in opposition, but the resolution carried.

Every Woman

Be she working in factory, shop, office or at home, is often a sufferer from pains here or there, from worry, despondency, and frequently suffers from backache. Very often the trouble is in the organs essentially feminine. Worry, sleepless nights, headaches, pains, disorders, irregularities and weaknesses of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the haggard look, drooping shoulders and the faltering step. To retain the appearance of youth, a woman must retain health. Instead of lotions, powders and paints ask your druggist for Dr. Pierce's Favorite Prescription. This is the woman's temperance tonic and nervine which has had the approval of thousands of women for nearly fifty years. It comes in liquid or tablet form, or send ten one-cent stamps to the Invalids' Hotel, Buffalo, N. Y., for trial package of the tablets. The "Favorite Prescription" is made without alcohol, and will dispel the pains and the weaknesses common to most women in different periods of life. It is prepared in Dr. Pierce's branch Laboratory in Bridgeburg, Ont., and sold by almost every druggist in Canada.

PETERBORO, ONT.—"I am glad indeed to recommend Dr. Pierce's Favorite Prescription for the great benefit I have received from taking it. I had suffered for a long time. I would have backache and it just seemed that I had no strength in my back. I also had pains in my side. I became weak and nervous, could not sleep or eat, and was most miserable when I began taking 'Favorite Prescription.' It soon took away all my pains and aches and cured me of this trouble, and my health was better afterward than it had been for a long time. I feel that I can safely recommend 'Favorite Prescription' to other women who all likewise."—MRS. CHAS. BROOKS, 228 Perry Street.

Markets and Finance

STARTS BUOYANT BUT SAGS SOME

Junior Rails Suffer Concerted Attack; Weak Stocks Change to Strong Hands.

NEW YORK, Nov. 23.—Buoyancy marked the opening of today's trading on the stock exchange, but the market failed to retain its early promise of further improvement, and a sharp reversal sat in before noon. In the morning, leaders augmented recent recoveries by one to four points on extensive operations in which the long accounts seemed to be well represented.

General Motors was the most conspicuous feature, its activity and strength being directly traceable to overnight reports that control of the company had passed to the Morgan-Dupont interests.

According to reports current in the financial district the holdings of speculative interests in other prominent industrial companies have been transferred by private settlement from weak to strong hands as a result of the severe collapse of prices and shrinkage of war profits.

With the reversal Junior Rails became the center of a concerted drive at reductions at one to five points, with New Haven as the chief sufferer.

Weakness of this group was attributed to the frank statements made before the Interstate Commerce commission yesterday in which it was declared that receiverships are inevitable unless these roads are permitted to make freight readjustments.

Shippings, steels and equipments cancelled their advances in large part while the market was e periencing its secondary reaction, losses exceeding gains at the close.

Sales amounted to 1,100,000 shares.

Money and foreign exchange were stabilizing influences, call loans being made at the low rta oesxi ing mdae at the low rate of six per cent, while remittances to London were steady when not irm. Bonds tended higher, although the Liberty and Victory issues, with one exception, closed at gains.

Total sales, par value, $15,300,000.

Old United States twos and fours were half per cent lower on call.

MONTREAL LIST

MONTREAL, Nov. 23.—The slight activity today in trading on the local stock exchange was more or less accounted for in the increased trading in Laurentide and Steel of Canada, the advance in the latter being one of the most interesting features in the market. On trading in 600 shares the price advanced four points to 64, but later receded to 62. The rise may be due in part to short coverings.

Outside the papers today's list was the best of the past three or four days, most of the issues traded in showing a net gain at the close. On the other hand, Riordan, which was the largest gainer in yesterday's market, was the largest loser today, finishing down ½ point at 160. Steamships common lose the two points gained yesterday and closed at 49.

The papers were shaded except Spanish River preferred, which held yesterday's close at 80. Dominion Steel did not move in sympathy with Steel of Canada, finishing the day at the loss of a fraction.

BRINGING UP FATHER By George McManus

VANCOUVER WOMAN GAINED FIFTEEN POUNDS

Says She Feels Like Different Person Since Tanlac Restored Her Health.

"Tanlac has not only relieved me of all my troubles, but has also *built me up fifteen pounds* in weight,' declared Mrs. George Farrell of Lynn Valley, North Vancouver, B.C.

"For the past ten years I suffered from a badly disordered stomach and was in a weak condition all that time. My appetite left me entirely, and I wasn't able to eat any breakfast at all. Everything I ate just seemed to lie in my stomach and sour, causing a terrible depressed feeling, and I had dreadful headaches. My nerves were worn to a frazzle, and the least little noise would upset me. I could scarcely sleep at night and would get up in the morning feeling worse than when I retired. I was constantly losing weight and strength and even my little housework would tire me out completely.

"The statements I read about Tanlac impressed me so that I decided to try it, and after taking six bottles I'm feeling as fine as I ever did in my life. I'm always glad to see mealtime come, for I can eat just anything I want. My stomach is in splendid order again, and I never have a sign of a headache. My nerves are perfectly calm, and at night I sleep like a child. I'm always full of strength and energy and feel like an entirely different person. My husband is getting splendid results from Tanlac, also, and I just can't praise it enough for what it has done for us."

Tanlac is sold in Nelson by Canada Drug & Book Store, and by the leading druggists in every town. Adv.

CARSON ACCEPTS HOME RULE BILL

thews, who was seriously wounded at Skerris, yesterday, is in a critical condition. He was wounded in the shoulder, thigh and knee. It was learned today that two lorries of armed men arrived at Matthews' house and knocked on the door. When Matthews opened it, he was asked if he was a Sinn Feiner. He replied that he was a Laborite. The men then opened fire.

Shot Head Constable.

DUBLIN, Nov. 23.—Head Constable Kearny was shot Sunday night by unknown persons and died of his wounds last evening. He was discussing Sunday morning's events in Dublin with a friend when the assassins opened fire.

Attacks Leslie Crawford.

CHARLOTTETON, P. E. I., Nov. 23.—Speaking to a large audience here last night on the "truth about Ireland," Rev. Edward Morris, referred to Lindsay Crawford as an expelled Orangeman, a "Protestant tool" in the hands of the hierarchy. Mr. Morris claimed that the Irish question was a religious question and charged Mr. Crawford with uttering sedition when he charged the British government with ill-treatment of the Irish. The principle of self-determination, he said, meant the disruption of the empire.

Rev. George Taylor, an overseas chaplain, spoke strongly against Irish self-determination, stating.

"We cannot have a free Canada, or a great empire if it is broken up sectionally by race or creed."

RAILWAY BOARD CONSIDERS EXCHANGE

(Continued from Page One)

Winnipeg and other western boards of trade, admitted that while there were serious difficulties in the way of arrivng at a soluton of the problem, they were not insuperable. An equitable agreement was all that was wanted. He agreed with Commissioner MacLean when he remarked that owing to the many legal difficulties in the way, there must be some give-and-take in arriving at a settlement. Mr. Coyne joined with Mr. Symington in arguing that contracts made in Canada should be paid for in Canadian currency. They agreed that it logically followed that contracts made in the United States should be paid in the money of that country.

Counsel for the railways, including W. N. Tilley, K. C., for the C. P. R., Hon. F. P. Pilppen, K. C., for the Grand Trunk, and Mr. Frazer for the Canadian National, emphasied *the difficulties in the way of a so*lution of the problem and argued tht pyment should be mde by the shippers in money worth 100 cents on the dollar in both countries affected. They maintained that the board could not dictate the terms on which joint international traffic must move, and stated that United States railways could refuse to accept the traffic if rates were imposed which are unsatisfactory to them.

LEAD INCREASES ON FINAL COUNT

ST. THOMAS, Ont., Nov. 23.—According to figures given out today by H. H. Huntley, chief returning officer, in the East Elgin by-election, Mr. McDermand's plurality over J. A. Stansell, the government candidate, has been increased to 256. Mr. McDermand's total vote is given as 3094, Stansell's 2838 and Charlton's 2000.

REVIEWS THE MODERATION QUESTIONAIRE

(Continued from Page One)

but a decent British Columbia. We will purchase liquor direct from the loosely enforced, as was the Prohibition act, then public opinion will swing back like a pendulum, and demand another referendum, and as a result the province may go dry.

Attorney-General Farris failed to enforce the Prohibtion act. Is it to to be expected that he will enforce the Government Sale act any better, if he is elected? You have my record of law enforcement during the nine years that I was attorney-general. When you mark your ballot you who voted for government sale, remember that if you vote for the government candidate you are voting distillers and sell it at a fair margin of profit, and the treatment will be the same to all persons, whether they reside in the far-off sections of the province or the more congested centers of population.

"We will have a limitation on the quantity that can be purchased and there will probably be a license system. The amount to be paid for these licenses is a detail to be settled.

Will Take Public Opinion

"I have been discussing and will discuss with men and women of all classes of the community their ideas of what they consider to be the best possible act desired by the residents *of British Columbia when they voted* for government vending. This is a fair way I consider.

"There is one thing on which all agree, that the act must be properly and rigidly enforced. I want to warn those who voted for government sale that if the act is for the administration of the laws by Mr. Farris. You must choose whether you want him to administer the liquor laws or want me to do so."

Would Not Pledge Themselves

In concluding his remarks on the subject, Mr. Bowser said that it was a peculiar and significant fact that only they four Conservative candidates had been reported as not agreeing to pledge themselves to a commission form of administration. Liberal candidates had apparently readily agreed to answer the questionaire in the way it was desired that they should do.

Mr. Bowser went on to deal with the manner in which the Liberals had broken their 1916 re-election pledges in respect to patronage.

NO BUYERS FOR TOBACCO CROP

Ontario Growers Anxious Regarding Disposal of Record Yield.

BLENHEIM, ONT., No. 23.—Tobacco growers all through the district are decidedly anxious regarding the disposal of this year's crop, which is one of the largest they have ever had. Up to the present no buyers have put in an appearance. Usually by this time the growers have turned over a large percentage of their crop.

ON TRAIL OF MILLIONAIRE

(Continued From Page One)

of Small for years, having worked himself up to a salary of $45 a week as Small's confidential secretary. The day Small sold his theatrical holdings, Doughty went on to the payroll of the Trans-Canada interests at a salary of $75 a week.

He went to Montreal, returned to Toronto for Christmas, and himself disappeared the following Sunday, Dec. 28.

Doughty is in his 44th year and a man of powerful physique. He used to pull stroke oar for a local rowing crew, and in his youth was no mean athlete. He was, however, not known as a quarrelsome man, nor was he ever known to have been involved in any act of violence, *has two children by his first wife.* He and his second wife parted and he took his children to live at the home of his sister.

Conspire to Kidnap

The charge of conspiracy to kidnap arises out of the statements made to the police by two local men, who are alleged to have received propositions to kidnap the missing theatrical magnate.

According to the men, who claim that he suggested the kidnaping of his theater employer, he is alleged to have remarked:

"There is a lot of money in making away with Small."

At the time neither regarded this seriously.

The charge of theft of the missing Victory bonds grows out of the disappearance of securities from safety deposit box of the missing millionaire. Doughty, the records show, opened the box the day that Small disappeared, though he has told Mrs. Small that it was done at Mr. Small's request. Asked for the key, he said he had given it back to Mr. Small.

Detective Fakes Charge

PORTLAND, Ore., Nov. 23.—Detective Mitchell of Toronto this afternoon purchased railway tickets for Doughty and himself over the Northern Pacific and will leave in the morning for Toronto, via Spokane and Chicago. After checking their baggage Mitchell took Doughty to a hotel, where they are registered under assumed names. Mitchell at first expected to leave late today, but stated later that he would not leave with Doughty until tomorrow morning.

POLICE ROUND UP CHICAGO CROOKS

Eleven Hundred More Suspects Arrested in Continued Raids.

CHICAGO, Nov. 23.—The round-up of alleged criminals started Sunday by Chief of Police Fitzmaurice, for *the announced purpose of ridding* Chicago of crooks, continued today when special details raided dozens of gambling places, saloons, billiard halls, bowling alleys and cigar stores, making more than 1100 arrests.

Queen Christiana of Sweden, 1626-1689-, was what in today's popular slang would be called a "wild woman."

RUMOR OF PACT IN MANITOBA

Farmers Group Said to Have Agreed to a Year's Coalition with Government.

WINNIPEG, Nov. 23.—W. W. Robinson, the new leader of the Manitoba Farmers' parliamentary group, is quoted by the Winnipeg Tribune as having stated in a telephone interview that he and Premier Norris had "agreed to work together for at least one year." The Farmers' group of 16 members and the 21 outright supporters of Mr. Norris give the administration of the working majority in the house, and the arrangement, said Mr. Robinson, removed any necessity for the resignation of the government or the dissolution of the legislature at an early date.

Propose an Outside Lawyer to Prosecute in Spracklin Charge

WINDSOR, Nov. 23.—Acting on behalf of Mrs. Trumble, widow of Beverley Trumble, who was shot and instantly killed by Rev. J. O. L. Spracklin, provincial license officer, during a raid on the Chappell house on Nov. 6. W. H. Furlong has written the attorney-general suggesting that an outside lawyer be brought to Windsor to prosecute the charge in court against Mr. Spracklin. This is the latest development in the move to have both the prosecution and defense taken from the crown.

WILL HAVE CASE TESTED AT LAW

Alberta Will Leave Nothing Undone to Secure Restoration of Natural Resources.

EDMONTON, Nov. 23.—Whether or not the western provinces immediately join in another special mission to Ottawa to urge the federal government to give a decision on the long pending application for restoration of the natural resources, this much is certain, that the Alberta government is determined to leave nothing undone to secure prompt recognition of Alberta's *claims*, and if the Dominion government declines to attempt a satisfactory solution within a reasonable time the claim of Alberta will be tested in the courts.

This much was promised by Attorney-General J. R. Boyle, in an interview Tuesday afternoon. Mr. Boyle stated what he termed the "crown colony" viewpoint in regard to western treatment, evidently held by the eastern provinces. Premier Stewart is still absent in the north and has not yet received the invitation from the Manitoba government to join in another trip to Ottawa.

After the "Flu"

FOUR CHILDREN HAD

Whooping Cough

Whooping Cough, although specially a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy and yearly causes more deaths than scarlet fever, typhoid or diptheria, and is more common in female than male children.

Whooping Cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief and heals and soothes the lungs.

Mrs. J. M. Rouse, Imperial, Sask., writes:—"After the 'flu,' last fall, my four children took whooping cough and one of them developed bronchitis. After using two or three bottles of Dr. Wood's Norway Pine Syrup they were greatly relieved of their nasty coughs. It is an especially good remedy for children, and is so nice they take it readily, and ask for more."

Dr. Wood's Norway Pine Syrup is 35c and 60c a bottle at all dealers. Put up only by The T. Milburn Co. Limited. Toronto, Ont.

Women of British Columbia

Despite All Claims to the Contrary

Despite all endeavors of the opposition to obtain credit for having originated the social and domestic legislation which the women of British Columbia now enjoy—

THE FACT REMAINS

that until 1917, one year after the Oliver Government came into power, no material changes were made looking to better conditions for the women and children of our Province. Since then, the women in all other Provinces of Canada have lifted their eyes with hope to British Columbia, as they see their ideas of just laws for their sex crystalizing and taking shape in the legislation of the Oliver Goverment as being of the highest and noblest type.

PENSIONS PAID EARLY IN JULY

Supt. Brankin Refutes Conservative Statement at Welfare Convention.

Mr. David Brankin, superintendent of neglected children, in a short address at the evening session of the Child Welfare convention said that the present Mothers' Pensions legislation in British Columbia was the finest in existence. It was not true that no pensions had been paid out until October 1 on the eve of the election, Mr. Brankin stated.

"I have a letter in my pocket dated Sept 11, thanking me for a cheque, and I have acknowledgements of pensions dating back to July," said the superintendent, "and tonight I have signed a voucher for 637 pnsions for Novmbr. If people knew of the relief the pensions have given to mothers they would regret that the act had not been passed long ago."

MOTHERS' PENSION ACT:

Starting with July, 1920, to date, 637 mothers and over 1000 children have already received assistance under this Act.

MINIMUM WAGE:

Thousands of young girls and women, who under the aegis of previous administrations, were not paid enough to keep body and soul together, are now receiving a decent weekly wage.

WORKMEN'S COMPENSATION ACT:

Under the present Liberal Administration 750 widows and other dependents of working men are now being cared for. A sum of $22,000 is being expended monthly in this connection.

YOU have all heard of "Teddy" Roosevelt and his childhood episodes. When a child "Teddy" was a poor scholar, with a profound dislike for books. His parents wisely investigated and found his eyes were at fault. Once provided with suitable glasses "Teddy" fairly raced ahead. You know the rest. Whenever you have seen "Teddy" or his photos there also you have seen those most valuable assistants—his glasses.
