IBERALS COURTING FARMERS

rgeon Finds Nothing in Farmers' Platform Not in Liberal Program.

JTHENIANS MUSTER A TEN-PIECE BAND

ench-Canadian Farmers Disappointed Not to Hear Lapointe.

NORTH BATTLEFORD, Sask., Oct. —There is nothing in the pro- m of the farmers which is not the program of the Liberal par- O. Turgeon, M. P., for Gloucest- this evening told an audience ich was composed very largely farmers, many of them members the Saskatchewan Grower's asso- tion, and some of them cattle isers, as well as grain growers, o are divided as to the question allegiance of the agrarian party the province. The meeting was t of the Hon. W. L. MacKenzie his western tour.

Mr. Turgeon was the only member the party to speak besides Mr. g, who addressed himself chiefly the farmers in the audience. e purpose of our visit to the West, d Mr. King, is not to offer in- fe nce or opposition to any up.

Primary Object is Co-Operation

Ve have come to state our posi- , but our primary object is talk of cooperation in language ch is familiar in this part of Dominion among the different gressive groups, and when the comes, to express our views to- her to fight for the principles which these groups stand. The y is not big enough to come uch an arrangement in an ag- ltural country like Saskatchewan to give to the farming com- ity its quota of representation ot deserving of being called the ral party.

r. King was received on his ar- l here by the mayor, who pre- ed him with an address on be- of the citizens. He was after- ds the guest of a reception or- ized by the ladies of the city, then, after paping a visit of con- nce to the family of Senator ce, whose funeral will be held tomorrow, Mr. King was the st at a dinner tendered by the l Liberals.

Band Plays in Snowstorm

n the trip here he met several ups of the Ruthenian farmers Northern Saskatchewan, who came n to meet the train as it passed ough the small villages and towns its way from Prince Albert. At station the Ruthenians must- l up a band of about ten pieces were blowing away at their ruments, standing in a driving wstorm, as the train pulled into station. This evening the French adian farmers who have settled ely in the section surrounding th Battleford and who had driv- in over reads that had been ren- ed bad by the recent rain, had e to hear Ernest Lapointe, prin- ally, but their disappointment was ened by the address from Mr, geon,

NEW YORK BETS SEVEN TO ONE UPON HARDING

NEW YORK, Oct. 23.—While the politicians are becoming prophets, the betting odds in the New York financial district strongly favor a Republican victory. The prevailing odds today were seven to one in favor of Harding, in spite of the fact that a fund of $1,000,000 was said to have been offered at ten to one.

There is considerable doubt in the public mind as to the existence of this fund.

CANDIDATES ALLEGIANCE ESSENTIAL

Irish Home Rule Passes Committee Stage; Important Modifications Intended.

LONDON, Oct. 29—The Irish home rule bill was passed through committee stage in the house of commons today without important amendments. Some important modifications are intended by the government, including the question of making candidates for parliament take the oathof allegiance. These were proposed during the report stage of the bill.

The discussions in committee throughout have been quiet owing to the fact that the Labor and Liberal members have declined to participate in the committee sessions.

JAPANESE INSIST ON APOLOGIES

Chinese Implicated in Massacre Must Be Punished and Reparation Made.

PEKING, Oct. 29—Acting on the basis of a report of a joint commission of investigation into the alleged participaton of Chinese gunboats in the massacre of Japanese at Nikolaievsk, Asiatic Russia, last spring, *Japan has demanded that* China express regret. She has also demanded that the Chinese naval commander apologize to the Japanese commander at Nikolaievsk, that the officers and men involved be punished and that reparation be paid to the families of the alleged victims of the Chinese guns. The findings of the commission, it is stated are being withheld by mutual agreement.

The Chinese naval vessels are alleged to have loaned guns to Russian partisans *for the attack on* the Japanese garrison at Nikolaievsk, in which seeveral hundrd Japanese were reported to have been killed.

SENTENCES CRIMINAL ANARCHISTS

Five to Ten Years Awarded For Publication of Seditious Literature.

NEW YORK, Oct. 29.—Isaac Ferguson, Chicago lawyer, and Chas. Rutherberg, of Cleveland, were convicted of criminal anarchy by a jury in the supreme court here tonight. Justice Weeks immediately sentenced them to state prison for terms of from five to ten years each.

The men had been on trial since Oct. 6 under an indictment returned last year, alleging that in promoting publication of the Communist manifesto in the Revolutionary Age, they advocated the overthrow of organized government by force. Jas. Larkin, Irish leader, convicted several months ago, was indicted at the same time.

DEEP CREEK BRIDGE LAST GIRDER LAID

Record Span [illegible]tion for Western Canada; Trains Cross Over Monday.

VICTORIA, Oct. 29.—The last girder on the great Deep Creek bridge on the Pacific Great Eastern railway was put in place yesterday and the first trains will be running over it next Monday, according to a telegraphic announcement made to Premier Oliver today by A. Q. Proctor, engineer of the department of railways.

This bridge has been fourteen months undtr construction. It is 11,192 feet long and is 282 feet high. This is the record span elevation for western Canada. The bridge cost nearly $900,000.

This opening of the bridge to traffic enables the P. G. E. to give train service across the creek, which is 294 miles from Squamish, the salt water terminal near Vancouver.

EMERGECY BILL HAS ROYAL ASSENT

Practically Gives Government War-Time Powers If Strike Involves Railways

LONDON, Oct. 29—The government-emergency bill passed the final parliamentary stages today, and received the royal assent.

The emergency powers bill virtually gives to the British government war-time powers. It was introduced in parliament with the advent of the miners strike, and when it seemed probable that the railway and transport workers might become involved.

Italian Murderer Gets Sentence of Twenty-Seven Years

BOLOGNA, Italy, Oct. 29—Alfredo Cochi, on trial here for the murder of Ruth Cruger in New York city in February 1917. was today found guilty.

Cochi was sentenced to 27 years imprisonment.

Car Shortage Suspends Coal Mining Operations

DENVER, Colo., Oct. 29.—Production of coal in Colorado, already curtailed by a strike of miners in the northern part of the state, was still further reduced today when forty mines in the southern part of the state suspended operations because of a shortage of railway cars.

PAYS FINES FOR SELLING LIQUOR

WEYBURN, Sask., Oct. 29.—Fines totalling $1800 were collected from J. D. McMunn, of Tribune, Sask., *on charges of selling liquor illegally.*

PLEBESCITE STIMULATES IMMIGRATION

Barnard Says Liquor Restrictions Kept Out Better Class Settlers.

CONSIDERS REMOVAL WILL BE BENEFICIAL

Will Encourage Imigration From England of People of Means and Standing.

MONTREAL, Oct. 29.—Sir Frank Barnard, ex-lieutenant-governor of British Columbia, arrived in Montreal this morning on his way to England, where he intends to spend most of the winter. Lady Barnard is accompanying him. He stated, when interviewed this morning, that British Columbia had experienced the wettest autumn on record, which was very unfortunate for the farmers as nearly two-thirds of their crop *had been ruined.*

"But," he said, despite this unlucky finish to the season has, on the whole, been productive of good results."

With regard to the recent plebiscite, on the liquor question, Sir Frank said the desire for the change was due to the fact that many old-country families, who had intended to migrate to British Columbia and settle down there permanently, had decided not to do so when prohibition came into force. This was considered a grave loss, for many of those intending settlers were people of means, and of exceptional standing. It was, there felt, and quite rightly, that the removal of the present *liquor restrictions would* operate as a stimulus to encourage migration of the better class from England to British Columbia.

Many Low Category Returned Soldiers Commute Pensions

OTTAWA, Oct. 29.—The monthly pension bill for soldiers is being reduced about four hundred the and a month on account of returned men with disabilities from five to fourteen per cent, commuting their pensions and cashing in instead of drawing a small monthly allowance. *Twenty thousand* are taking advantage of the commutation privilege and 85,000 have done so already and been paid an average of $430. The total amount paid is $3,650,000 and when all are commuted it will be nine million.

TO CIRCUMVENT FRANCHISE ACT

Form Political Association With Charter to Promote Farmers' Principles.

TORONTO, Oct. 29—United Farmers are planning the organization of a political organization distinct *from the present U. F. O.* in order to get around the new Federal Franchise act, which makes it illegal for campaign contributions to be made to any organization other than recognized political parties. A start has been made in East Elgin, where the East Elgin U. F. O. political organization has been formed and given a charter. The association is organized for political purposes alone to promote by political action the principles of the *united farmers of Ontario* and to elect to Parliament and the legislature candidates professing the principles of the United Farmrs of Ontario."

Celtic Birings Gold for Federal Reserve Bank

NEW YORK, Oct. 29.—The steamship Celtic arrived here today from Liverpool and Queenstown with 344 *boxes of gold valued at* between $10,000,000 and $12,000,000, consigned to the federal reserve bank.

VETERAN OF WOLSELEY EXPEDITION IS DEAD

Calgary Auto Club Asks Jail Sentences for Drunken Drivers

CALGARY, Oct. 29—The Calgary Auto club, at the annual meeting held here this evening, passed a resolution calling for jail sentence for those driving automobiles while intoxicated, and asked for a more rigid enforcement of the Motor Vehicles act of the provincee.

MEXICAN AFFAIRS IMPROVE

Peace From Border to Border, Says Washington Minister Pesquiera.

WASHINGTON, Oct. 29.—In a statement issued today, Secretary of State Colby intimated that the United States would shorty recognize the Obregon government in Mexico.

Commenting on a letter which he had received from Robert V. Pesquiera, Mexican high commissioner to Washington, Mr. Colby said the document offered a basis on which "preliminaries to recognition can confidently proceed."

The secretary added that there has been no attempt to prescribe regid and definite terms upon which a recognition of the Mexican government should be expressly conditioned.

Mr. Pesquiera's letter set forth the *position of his government at this* time and declared that the United States "must see it is a new Mexico that faces the world with pride and confidence."

"From border to border, there is peace," says the letter. "Not a *single rebel remains in arms against* the federal government, and a whole nation thinks in terms of law and order and re-construction."

In his statement, Mr. Colby remarked: "I think I am warranted in saying that the Mexican question *will soon cease to be a question at* all, inasmuch as it is about to be answered, not only in the interests of the United States, but indeed the whole world as well.

DROPS DEAD IN POLICE COURT

REGINA, Oct. 29. — William H. Hatch dropped dead in the provincial police court at Radisson yesterday according to meagre details received by the provincial police here.

CLAIMANTS FIGHT OVER ATLIN MINE

Ownership Dispute of Engineer Mine Begins in Supreme Court

VANCOUVER, Oct. 29.—A fight for ownership of the famous Engineer Mine, Atlin, has begun in the supreme court here. W. L. Gaodwin, of Nome, Alaska, and eleven other former Atlin prospectors, have taken out a 'lis penders" to prevent the sale of the mine until they have a chance to lay their case before a judge and jury. Otherwise a sale to Vobalt interests for $3,000,000 is feared. Goodwin and his associates are fighting the estate of the late Captain James Alexander and other parties now in possession of the mine, to prove their claim as owners.

CURRIE ADDRESSES CALGARY MEETINGS

Appeals for Funds for McGill University; Graduates Form Society.

CALGARY, Oct. 29—General Sir Arthur Currie addressed three meetings in this city here today, one being a luncheon by the joint Canadian clubs of the city, another by the Alberta military institute and the other a gathering of McGill graduates. He made appeals for the fund for McGill and emphasized the *growing demand for the university* trained man in business and political life, as well as professional life. Tonight a society of McGill graduates for Southern Alberta was formed with Col. McDonald as president.

RASPBERRY BUSH GIVES THREE CROPS

OWEN SOUND, Ont., Oct. 29.—A *raspberry bush in the garden of G.* A. Mitchell of this city, probably holds the season's record for production. Its first crop of the year was gathered in July, then another crop of berries came along early in September, and this week the third picking is taking place.

ADDUCES FIGURES PROVING VETERANS' COMPENSATIONS MOST GENEROUS IN WORLD

Meighen Shows Gratuities in Dominion Greatly Exceed Those in Britain or Australia; Seven Times Greater Than in United States; Claims Success for Land Settlement; Percentage of Failures Trivial; Settlement Exceeds Combined Results of Australia, New Zealand, Britain and States.

VANCOUVER, Oct. 29.—Premier Meighen and Hon. J. A. Calder addressed two meetings in Vancouver tonight. While Mr. Meighen was delivering an address in the ball room of the Hotel Vancouver, Mr. Calder spoke at the Allen theatre. Both places were crowd d to the *doors, and a great many persons* were unable to gain admission. Interruptions at both meetings were frequent.

The opening statement of th prime minister was greeted with applause mingled with jeers.

"If some of those present persist in trying to prevent a presentation of the governmen's case," he said, "I must accept that as a compliment to the strength of the case. Those who do not fear the presentation of their opponent's *side will readily* allow it to be given a hearing." (Cheers.'

Dwells on War Achievements.

He dwelt briefly on Canada's achievements in the war and how leading newspapers which formerly opposed the former Union government did not dare now to challenge its record; and declared that more had been done for the returned soldiers in Canada than in any other belligerent country.

Mr. Calder eulogized the land settlement scheme established by the government, which, he said, was the best in the world. There were 27,000 returned men on the land, he asserted. In conclusion, evidently referring to the interruptions, he said:

"Well, we have all had a good time."

The premier's voice showed evidence of the strain to which it had *been subjected during the day* which was the most strenuous experienced so far on the western tour, including three presentations of addresses of welcome and three public meetings.

When he rose to speak, Premier Meighen was roundly cheered. The government, he declared, had zealously endeavored to discharge the tasks which had followed the war. They had not achieved unqualified success, but of the general success he was, indeed proud.

To Avoid Mistakes, Do Nothing

The Canadian land settlement plan was the most generous scheme in the world today. The percentage of failures among the returned men placed o[illegible] the land was only 3.7 of the who[illegible] and Canada had actually settled [illegible]re men than Australia, New Zea[illegible]d, Great Britain and the United [illegible]tes combined. Admittedly s[illegible]e mistakes were made; that wa[illegible]nevitable. The only way to avoid [illegible]em is to do as the United States i[illegible]oing—nothing at all.

It ha[illegible]een urged, said the prime minister [illegible]hat more should be done in the [illegible]ter of gratuities on which $165,00[illegible]0 had been disbursed. In Great Britain a man without dependents receives $82.75; in Australia, $273; in Canada, $420; and in the United States, the richest country in the world, $60.

No Objections Raised to Railway Purchase.

Referring to the Grand Trunk railway, he stated that as far back as 1918 Sir Robert Borden told the house of commons that the railway would have to be acquired, and the then opposition leader had replied that he had no objections. They had gone to parliament with no bargain closed, as the leader of the opposition had asserted at Victoria. No government under the British North America act could possibly ignore parliament, as had been alleged. They could be beaten at any time *by a majority of one, he said.*

Some one shouted: "Resign."

"The government will resign the moment it occurs," retorted the premier. Judging from recent votes, however, that was unlikely.

When he was discussing the tariff a man shouted, "Do away with it."

He said he would be pleased to discuss that if he thought there were many people in the country who believed it should be done away with.

Promptly Settles Sugar Question.

The tariff on sugar was placed by Mr. Fielding, of Mr. Mackenzie King's party. When the board of commerce made its sugar order *there was a government in office* which knew how to act promptly and decisively.

Calder Speaks for Clean Cut Views.

Mention of J. N. Calder's name by Chairman J. H. Senkler, K. C., evoked loud cheers and many boos. Noisy interruptions caused the chairman to appeal for a fair and impartial hearing.

Mr. Calder said: "I judge this

ORDERLINESS OF M'SWINEY FUNERAL IS TRIBUTE TO BRITISH TOLERANCE

TORONTO, Oct. 29—(Special cable to the Star)—The London press today declared that the orderliness of the MacSwiney funeral exposed the hollowness of Sinn Fein claims of ruthless tyranny in the government of Ireland. Here is a man, claiming to be at war with England, whose coffin bore the legend mur*dered by the foreigners, borne a*long London streets with sympathizers carrying flags and declaring their enmity towards those people whose tolerance they enjoy, the Morning Post said.

"In what other country would such tolerance be possible. Would America have tolerated in the streets of New York a demonstration in favor of secessionists? Would relatives of a murdered British soldier have been permitted a procession *with Union Jacks in the streets of* Cork or Dublin?

"It was a most amazing example of English tolerance," the Daily Graphic said. Picture thousands of rebels marching openly, guarded by police, for their own protection. Such a procession would have been impossible in any other capital. The United States would not have tolerated it. If Debs were to die of self-murder, as MacSwiney did, and such a procession were attempted, *it would have been broken up by* the Irish policemen of New York City."

Would Do as Much for Chinaman

MONTREAL, Oct. 29—Mayor Mederic Martin, of this city, definitely announced this afternoon that he would preside at the mass meeting to be held in the Mount Royal arena this evening in memory of the late Terrence MacSwiney, lord mayor, of Cork said.

"I cannot pose as less democratic than the King, and the King himself self, appealed to his government to liberate MacSwiney. I cannot, therefore, do less than preside at a meeting held in memory of the deceased mayor. Besides, we French-Canad-

OTING WILL DECIDE ON TUESDAY NEXT PRESIDENT OF UNITED STATES

EW YORK, Oct. 29.—(By Cana- Press)—Tuesday of next week make history in the United tes, for on that date it will be *ermined whether the administra-* of the republic for the next years is to be Democratic. as , or Republican, as for many rs prior to 1912. It will be de- d on that day whether the first en of the United States for the years from March 1 next is to Senator Warren Gamaliel Hard- of Ohio, or Governor James Mid- on Cox of the same state. The of the League of Nations cov- nt, so far as the United States *ernment is concerned* with that r matters of public policy now g threshed out on the hustings.

Calendar fixes Date

hanks to the terms of a rigid stitution, the people of the United tes always know when their elec- s are coming. The presidential tion comes once in four years, to make the occasion properly lling, many states have their l political tilts for the election state officers on the same day. *of course the federal contest* nds out before everything, more cially at a time when the issues olved are of such tremendous im- tance, and the policies of the l parties so directly opposed to other. There many minor par- in the field, but the struggle between Democrats and Repub- ns, between Cox and Harding.

Red Tape Surrounds Process

he, electors of the republic. join- this year by many millions of *nen voters. do not vote directly* for their presidential candidates. They merely elect members to an electoral college, and the electoral college does the rest, reporting its findings formally to congress. Of *course, when the fianl returns are* in Tuesday night, or Wednesday morning, everybody will know who the next tenant of the White House will be. But strictly speaking, the new president will not be elected until January, and will not take office until March. The Constitution has surrounded the important job of president-making with safeguards and red tape enough to make it a very solemn ritual indeed.

According to the statutes, "the e*lectors of president and vice-president* shall be appointed in each state on the Tuesday next after the first Monday in November, in every fourth year succeeding every election of a president and vice-president." That settles the date. Now for the electors themselves.

"The number of electors shall be equal to the number of Senators and Representatives to which the several states are by law entitled and at the time when the president *and vice-president to be chosen come* into office."

That is to say, whn a United States voter goes to the polls next Tuesday perform his duty (or her duty) as a citizen, he or she will vote for electors, not presidential candidates. In each state a slate of presidential electors will be elected, in this way, by the popular vote. The Republican slate, if elected, will cast its vote in the electoral college for Harding, the De-

COLLISION SINKS CONCRETE VESSEL

Fifteen of Crew Saved by Lifelines; Cause of Accident Not Yet Known.

NEWPORT, R.I. Oct. 29. — The concrete steamship Cape Fear, a United States shipping board vessel, was sunk in the deepest part of Naragansett Bay tonight, in a collision with the Savanah line steamer City of Atlanto. At a late hour 19 of the crew of 34 were unaccounted for. The Cape Fear sunk in three minutes, about half way between Castle Hill, on the Newport shore, and Rose Island, going down bow first in 125 fathoms.

NEWPORT, Oct. 29—The Cape Fear was outward bound from Providence for Norfolk in ballast, and carried only her crew, as did the City of Atlanta, which was bound from Savannah for Providence with a cargo of pig iron. Just how the accident happened was not definitely determined tonight, especially as the weather was clear, with only a slight cloudiness, and a light sea running. The City of Atlanta's bow was badly damaged, the result of hitting the Cape Fear amidships but, although there was a seven foot hole above the main deck, the bulk heads held and she anchored in the bay.

Of the 15 men saved from the Cape Fear, five slid down lines to the City of Atlanta, and the others were picked up from the water by ropes or by boats that were lowered for them.

Captain Garfield of the City of Atlanta, in describing the accident, said that he picked up the lights of the Cape Fear and signalled with one whistle, which was answered. He was allowing plenty of clearance room when suddenly the Cape Fear swung across the bow. He blew two whistles as a signal for the ship to pass on the other side and ordered full speed ahead astern, but could not avoid the collision.

THROWS ACID TO SPOIL HIS LOOKS

Pleads Guilty to Manslaughter; Jealousy the Motive for the Deed.

NEW HAVEN, Conn., Oct. 29.—Mrs. Alexander Sokolowsky, indicted for the murder of her husband, Frank, by throwing acid in his face while he slept, on June 25, today pleaded guilty to manslaughter and was sentenced to the state prison for seven to ten years.

Sokolowsky was a prominent labor leader and a man of many accomplishments. He is said to have had an adventuresome career in Russia. Mrs. Sokolowsky said after her arrest in New York, that she threw the acid to "spoil Frank's good looks" after finding in his pocket a letter from another woman.

LACKS SYMPATHY FOR SMOKE CRANKS

HAMILTON, Oct. 29.—Mayor Booker has no sympathy with the agitation of the people who would stop smoking. Discussing the question today, he said:

"I believe that these people are affected with a form of hydrophobia. They are nearly as bad as the people who wanted to cut off cigarettes from the soldiers. I believe that there is temperance in all things, even reform. The word of the woman who started this, that she is doing the Almighty's work, is blasphemy.

Farmers May Contest Ontario By-Elections

BROCKVILLE, ONT., Oct. 29.—United Farmer organizations of Ontario at a meeting of the executives of Consequent upon the decision reached at Athens this week, it is likely that a farmers' candidate will be placed in the field at the coming bye-election in Leeds and Brockville federal ridings.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

VOTING FOR NEXT PRESIDENT OF U.S.

(Continued from Page One)

mocratic slate, if chosen, will record in favor of Cox. By this method of selection, in which each state influences the choice of president and vice-president, according to its representation in Congress, it is mathematically for a candidate to secure election even when the popular vote favors his opponent.

College May Reverse Popular Verdict

There are several instances on record where a president has been elected by a majority of the electoral college when the popular verdict was against him. In the year 1876 Rutherford B. Hayes, Republican was elected president, receiving 185 votes in the electoral college as against 184 for his opponent, Samuel J. Tilden, Democrat. Tilden had a plurality in the poular vote of 250,935. Similarly in 1888, when Grover Cleveland, democrat, had a popular plurality over Benjamin Harrison, Republican, the latter secured 233 votes on the electoral college to 168 polled for Cleveland, and was declared president. This happens when populous states, entitled to a heavy representation in Congress, and so many members in the electoral college, are carried by the winning party by small majorities, while other states less fortunate in their congressional representation, give majorities to the loser.

In the year 1908, for instance, President Taft won 321 votes in the electoral college as against 162 for his democratic opponent, William Jennings Bryan, and the popular plurality in favor of Taft was 1,269,804. In 1912 Woodrow Wilson secured 435 electoral votes as against 8 for Taft, his republican antagonist and 88 for Theodore Roosevelt, who ran on the Progressive ticket. Wilson's vote plurality in the country generally was 2,173,512. In the election of 1916, which was a close contest, Wilson received 277 votes in the electoral college as against 254 for Charles E. Hughes, who led the Republican ticket. Wilson's plurality in the popular vote was only 581,941.

On Tuesday, next, then the members of the electoral college will be named, and, so far as the general public is concerned, the result of the struggle will be known. But the law does not deem the election of president and vice-president complete at that stage. The electors have now their duties to perform. The statutes set forth these duties in the following term:

"The electors of each state shall meet and give their votes on the second Monday in January next following their appointment, at such place in each state as the legislature of such state shall direct.

"It shall be the duty of the executive of each state, as soon as practicable after the conclusion of the appointment of electors in such state, to communicate, under the seal of the state, to the secretary of state of the United States, a certificate of such ascertainment of the electors appointed, setting forth the names of such electors and the canvass of the number of votes cast for the appointment.

The electors meet on the day appointed, and go through the formalities set forth in the statute. Their work is then done. The next step is taken by Congress. The act continues:

Congress Meets in February

"Congress shall be in session on the second Wednesday of February succeeding every meeting of the electors. The senate and the House Representatives shall meet in the Hall of the House of Representatives at the hour of one oclock in the afternoon on that day, and the President of the Senate shall be their presiding officer. Two tellers shall be previously appointed on the part of the Senate, and two on the part of the House of Representatives, to whom shall be handed, as they are *opened by the president of the Senate* all the certificates and papers purporting to be certificates of the electoral votes, which certificates and papers shall be opened, presented and acted upon in the alphabetical order of the states beginning with the letter "A."

The tellers must read the certificates in the presence of and hearing of the two houses, and make a list of the votes as they appear from the certificates. The votes, are counted, and the result handed to the president of the Senate, "who shall thereupon announce he state of the vote, which announcement shall be deemed a sufficient declaration of the persons, if any, elected president and vice-president of the United States and shall, together with a list of the votes, be entered in the Journals of the Houses.

Election is Thirty Fourth

There are laborate safeguards provided in case of disputed election returns, and the like, but the general system of choosing the chief executive of the republic has been described in these paragraphs. There is speial procedure in the event that the offices of president and vice-president should fall vacant during a presidential term, but this has no application to the present instance.

The 1920 presidential election will be the 34th in the history of the republic.

NEW YORK, Oct. 29—(Can. Press)—It is the fad of the hour to issue predictions as to the outcome of next Tuesday's election in the United States, several senators connected with the Republican national committee, today gave out a statement congratulating the country upon the "certain election of Warren G. Harding to the presidency."

The statement bespoke for Mr. Harding an overwhelming majority and asked the people to back up the new president by electing republican senators. Senators Poindexter, New, Calder, McCormick, Capper and Elkins signed the proclamation.

Claims Swing Towards League

To offset the Republican optimism, Franklin D. Roosevelt, democratic vice-presidential nominee, came out with a claim that "the great swing toward the league of nations would bring many states heretofore Republican, into the Democratic column. Barnum was wrong," went on Mr. Roosevelts statement. "The public does not want to be fooled. It will register its disapproval of Republican attempts to mislead the voters and becloud the issues by lies and misrepresentations.

Speaking today in Philadelphia, W. H. Taft, former president, also joined the ranks of the election prophets declaring that Harding would be over whelmingly elected.

SECRETS OF LONDON COMPLEXION DOCTORS

Famous London specialists who cater to titled ladies and others of social prominence, employ a remarkable method of complexion rejuvenation. One undergoing this treatment visits the beauty doctor late in the afternoon, has something dabbed over her face, then, heavily veiled, departs in her motor car. This is repeated daily for a week or so, when a complexion of snowy purity and exquisite delicacy is in evidence. The secret of this method is—ordinary mercolized wax. Anyone can apply the wax without assistant of a specialist. An ounce of it (obtainable at drug stores here as well as in England), usually suffices. It is used like cold cream before retiring, and washed off mornings. Its success is due to a peculiar absorbent property which gradually removes wornout particles of cuticle, revealing the younger, healthier skin beneath.

A wonderful wrinkle-chaser, also in vogue among Englishwomen, is prepared by dissolving an ounce of powdered saxolite in a half-pint of witch hazel. Used as a wash lotion, this completely and quickly effaces even the deepest lines.

METHODIST MEN ENJOY BANQUET

New Cooperative Venture Proposed by Pastor Receives Ready Support.

In an atmosphere of cordiality and good fellowship, heightened by humorous solos, a "sing song," in which the 70 odd men present joined with a will, and with brief, bright addresses in response to the toasts characterizing the proceedings, the splendid Methodist men's banquet held at Trinity church last evening was an earnest of the cooperative spirit in which the activities of the church are carried on, and in which a project, having its inception at the banquent, was set in motion

With A. T. Walley presiding, the jovial crowd of men took their seats at 6.30 and quickly demolished the pile of good things to eat provided by the ladies of Mrs. F. J. Boles' circle.

Then followed the toast to "The King," proposed by the chairman; "Our Church," proposed by F. J. Boles and replied to by A. Higginbotham; "The Newcomers," proposed by J. E. Annable, responded to by T. Wilkinson; "Our Young People," proposed by J. Weir, replied to by Fred Emory.

A brief address was given by Rev. J. P. Westman, the pastor, on "Our Program." Mr. Westman stated there were now 200 men connected with the church. Last week 320 people used the church building. With those figures, he stated, it was patent the church was doing something.

The program he desired to see followed at Trinity church was a comprehensive program of cooperative effort and he laid down as an initial proposition that the men should gather after the Sunday evening service, discuss and thrash out problems of social importance, and problems connected with the work of the church. The ladies could similarly hold discussions in the church parlors. The tentative proposal was acceded to by those present, the details of the scheme to be worked out later.

Chairman A. T. Walley also gave a short address and called attention to the church's financial needs for the year being $3000.

During the course of the evening John Adams favored with solos including "Sergeant of the Line," "Dear Little Girl," "The Jolly Barbee," and "My Dreams."

Those present were, A. T. Walley, Rev. J. P. Westman, H. A. Johnston, N. R. Fallis, C. Shaw, A. J. Lambert, R. L. McBride, J. E. Annable, H. Armishaw, D. G. Smith, F. D. Emory, E. L. Buchanan, G. Keatley, G. Millar, J. H. Allen, C. A. Carlson, William Moore, J. G. Smith, A. E. Wilson, G. E. Sparkes, A. J. Clotworthy, J. H. Wilkinson, John Lundie, J. J. Walker, C. A. Pryderman, E. Edgerman, G. O. Nagle, A. C. Emory, J. M. Armstrong, J. A. Irving, W. E. Wasson, P. Rutledge, F. L. Irwin, W. Pool, D. Rees, A. Sevrill, E. T. Yoder, J. C. Grimmett, William Brown, A. H. Wallace, R. D. Hall, F. J. Boles, Harvey Fluery, A. Higginbotham, Chas. F. McHardy, John Adams, George Arthur, F. C. Rowley, W. Allen, W. A. Thurman, George Thurman, F. McFarlane, A. H. Brown, W. Fletcher, W. Brown, J. Scholander, J. F. Waters, H. H. Hewitt, J. W. Holmes, George H. Ashman, R. H. Keefe, H. Amas, H. O. Grizzlee, Thomas Wilkinson, A. D. Emory.

The ladies who assisted in preparing and serving the banquet were Mesdames F. J. Boles, A. T. Walley, W. B. Steed, S. Fawcett, W. E. Keron, J. P. Westman, H. Johnson, E. Elliott, N. R. Fallis, F. Oakley, F. C. Rowley, C. Stanfield and J. Urin.

TEA AND BAKE IS SUCCESSFUL

The tea and cake sale in aid of St. Pauls Churc hheld at the home of Mrs. Alex Leith yesterday afternoon was a decided success. The sunny atmosphere of the rooms was enhanced by the glow of the lovely autumn colors in the decorations. The convenors of the circle, Mrs. R. A. Peebles and Mrs. W. Choate had the work in charge and the sum of $45 was realized.

STEAMER ADRIFT WITHOUT WATER

Cuban Gunboat Goes to the Rescue; Finds No Trace of Vessel.

NEW YORK, Oct. 29.—The steamer Rambler, Plying between Key West and Havana, was reported drifting southwest of Santiago, Cuba, with fifty passengers aboard and no water, in a wireless received here today by the naval commission service. The message said a Cuban gunboat sent to the rescue had returned and reported no trace of the vessel could be found.

WOULD EXPORT FLOUR RATHER THAN GRAIN

TORONTO, Oct. 29—The convention of the Canadian millers at their session this morning, discussed among other things the necessity of educating the public to an appreciation of the manifold benefits which would accrue from a more general milling of wheat in this country and from its export as flour instead of grain. This would not merely bring increased prosperity to the milling and allied industries, but they claimed it would also affect very materially economies in the transportation and marketing of the finished products.

RETAILERS' MOVE PROMISES RESULTS

Federal Ministers Are Shown Cancelling Machines in Action; Wire Ottawa

Representations made to Premier Meighen and Hon. J. A. Calder in Vancouver yesterday by the Retail Merchants' association of Canada respecting the collection of the luxury tax through stamps, may result in revision of the government's decision in this matter, a wire received yesterday by Secretary E. F. Gigot, of the local branch, intimated.

The wire received by Mr. Gigot was from George S. Hougham, secretary of the provincial board and read as follows:

"A deputation waited on cabinet ministers this morning re luxury tax regulations calling for use of stamp. We pressed strongly for cancellation of this regulation. A practical demonstration as to the use of stamp and cancelling machine impressed minister to such an extent that our views are being wired by him to Ottawa. Pending advices from Ottawa we recommend retailers to continue collecting luxury tax by present methods. Vancouver retailers committed to this policy."

A decision along this line was reached by the Nelson branch on Tuesday.

Under the regulations of the finance department, the stamps were to come in use from Nov. 1.

FARMERS PETITION FOR COOPERATIVE CHARTER

Today will probably see the completion of the petition for a charter for the Nelson and District United Farmers' Cooperative association, which is being formed largely from the membership of the Shirley Farmers' Institute.

The provisional directors named in the petition are Wesley Calbick, Thomas Roynon, Angus Shaw, Michael Brennan Scully, Lars Gausdal and William Alexander Robinson.

It is intended that the new organization shall take over the merchandising business of the Shirley Farmers' Institute. Plans are under discussion for the enlargement of the present warehouse.

TOWNSHEND SEEKS POLITICAL HONORS

Hero of Kut to Enter Arena as Independent Candidate for Wreskin

LONDON, Oct. 29.—(Can. Assd Press)—General Townshend, the hero of the Kut siege is becoming Independent candidate in the Wreskin division of parliament made vacant by the death of Charles Palmer, the journalist, who achieved a sensational victory last January as the lieutenant of Horatio Bottomley, editor of John Bull. General Townshend recently resigned from the British army because he was not given employment. It was rumored that he might join General Wrangel's anti-Bilskevik army in Russia.

GROCERS ATTACK SUGAR REFINERY

New England Wholesale Grocers Charge Fraudulent Misrepresentation.

WASHINGTON, Oct. 29.—Attorneys for 21 wholesale grocers of New England announced tonight that they had filed with Attorney-general Palmer a petition in behalf of their clients, charging Earl D. Babst, president, and other officers of the American Sugar Refining company, with having violated the Lever act. He had conspired, the petition said, "to exact an excessive price for a necessity of life, and the petitioners asked the attorney-general to present the charge to a federal grand jury. They also asserted that the company's method of distributing sugar by contract constituted a violation of the federal trade commision act, presenting affidavits to support the charge.

Citing the recent fall in the price of refined sugar in the United States, the petition said that last June, agents of the refiners represented that there would be a sugar shortage in the fall of 1920 and that the price of sugar would be very high during the balance of the year and induced the grocers to sign contracts to purchase sugar at 22 1-2 cents a pound for fall delivery. They were told, the petition said, that otherwise no sugar would be furnished them at all during 1920, which "amounted to a practical threat to injure and perhaps ruin their business as wholesale grocers."

In all the tram will be about 2000 feet in length.

Some representative ore was recently furnished Mr. Thomlinson, the New Denver mineralogist, for the federal research laboratory.

MEETINGS GALORE, PREDICTS SLOAN

Holds Midnight Session With Nelson Liberal Executive; Leaves Tonight.

"Sure we will have campaign meetings—slathers of them," said Hon. William Sloan, provincial minister of mines, at 1 o'clock this morning, as he partook of some light refreshment at a local restaurant, after a two-hour session with the Nelson Liberal executive. The executive was assembled at the board of trade rooms at 8.30 o'clock, but the boat was late, and it was 11 o'clock when the minister hove in sight. The long heart-to-heart talk followed.

"Of course I made some predictions as to the outcome of the present provincial contest," said the minister, in describing the meeting with the executive. "That was easy."

"I plan to leave tonight for the coast, but will be back soon for a speaking tour through the Slocan, this section generally, and the East Kootenay. Premier Oliver will be here next week, with Dr. King.

"The amount of time I spend on speaking tours will depend to some extent on the kind of a fight I have in Nanaimo."

"Then you will run for your old seat?" Mr. Sloan was asked.

"Yes."

"Will you run for more than one seat?"

"No chance!"

The minister stated that while at Fernie he was in conference with the representatives of the coal miners who are about to hold the first ballot in the East Kootenay for the miners' representative on the coal miners' minimum wage board now being constituted under legislation of 1918.

Partaking of coffee with the minister were J. Fred Hume, past president of the Liberal association; J. R. Hunter, newly elected vice-president; and Fred A. Starkey.

Lieut.-Col. W. H. Belson, senior officer commanding of the British Columbia cadets, arrived in the city last night from Victoria.

TEMPLE CHOIR CAPTIVATES

Songs, Solos and Humorous Readings Charm Audience at Opera House.

Two hours of wonderful vocal music ranging from deeply religious chants anr sacred songs reminiscent of the solemn, impressive beauty of old world cathedral music and ceremonial as exemplified in the "Te Deum," to such quaintly humorous standard songs as "The Courtship of Young Rory O'Moore," with all its charm, and to delightful recitative, some of which was more modern, was the splendid offering of the Temple Choir, rendered in a manner to captivate the audience at the Opera house last night. The choir, which appeared under the auspices of the local Y. M. C. A., is a quartet of mixed voices, and an accompanist. The members were: J. C. Shenk, bass; Lee Borroughs, tenor; Miss Sue Johnson, soprano; Miss Genievieve Lyon, contralto; and Miss Annable Koell, pianist.

With the program divided into two parts, the first of which consisted of all sacred music, the choir gowns, singing in an inspiring manner. Then followed the "Tener, "Onward Christian Soldiers." Deum," the bass, tenor and soprano, variously taking up aries in certain passages, and in others the quartet of voices mingling and blending in perfect harmony. In the "Hallelujah Chorus," from Handel's Messiah, and the "Rock of Ages," both of which were sung with an intensity of religious fervor, the singers showed a surprising command of other and entirely different styles of sacred music. Among other offerings in the first half of the program were "Come Unto Him"; 'Crossing the Bar," Hienrick; and Lest We Forget.

After the interval, Miss Koell, in a delightful recitative, "The March Wind," broke the spell of the earlier numbers and drew many smiles with he humorous rendering. The quartet followed with "The Courship of Rory O'Moore," "Believed Me if Those Endearing Young Charms,' and other numbers of equally humorous and pleasing themes their renditions exciting much admiration and pleasure. Numerous solos, duets and readings followed, among the last named being a "Lecture on Modern Hygiene," a lugubrious monologue, in which the assimilation of ambrosia was even declared to be fraught with dire consequences. Struck with the absurdities and incongruities of the piece as recited by Mr. Shenk, supported by the other members, equally dolorous, the audience let itself go with an infinity of enjoyment, a frame of mind that was provoked and sustained to the finish of the program by the versatile artists whose admirable performance won them deserved applause.

MR. GRAHAM BACK FROM CENTENARY

Rev. Fred H. Graham has returned from the exercises in Winnipeg attendant on the celebration of the centenary of the Church of England in the west. The special services were preceded by the triennial sessions of the synod of the province of Ruperts Land, and were followed by sessions of the council for social service. The general board of religious education, the missionary society of the Canadian church, and the executive council of the general synod.

Mr. Graham states that while he was receiving daily advices of wet weather here, he was enjoying the finest of bone dry weather on the prairie.

When we find a young couple trying to keep secret the issuance of a marriage license we wonder which one of them is ashamed of the match, remarks a Kansas City editor.

The League Issue in the United States

To an outsider the ferocity of the political battle which is raging in the United States over the league of nations and particularly Article X. is not easy to comprehend.

The Republicans contend that the covenant of the league would tie the United States hand and foot to accept European policies with which it might not agree. The Democrats and their candidate, Governor Cox, on the other hand are staying with the covenant as signed by their leader, President Wilson.

It is a somewhat striking fact that if President Wilson had secured at Versailles the covenant which he went across to get, it would have bound the United States in a number of respects. He at first favored a distinctly hard and fast agreement.

European statesmen felt that such a covenant to enforce peace would not be practicable. They therefore brought Mr. Wilson over to their view that the most effective agreement would be one in which general principles were laid down, rather than definite, binding rules of conduct.

As a matter of fact there is nothing in the covenant which binds any member to go to war or take any similar measures unless it so desires. Every vote of the league on issues of this sort has to be unanimous. One vote can make a motion ineffective. Article X. is as innocuous as the rest of the pact.

That has been shown pretty clearly in the Polish affair and other cases in recent months in which efforts to prevent war have been made. Nothing can be done without the consent of the peoples of the covenanting nations.

That the covenant should have been forced to the front as the main issue of the American presidential campaign suggests the paucity of other issues from which the election debates are suffering. On the whole the outsider is led to doubt whether the league of nations issue will change many votes in the United States. Other factors, the main one of which is the general discontent which has grown up against the Democratic domestic policy in regard to methods of taxation, reductions in tariff and so on, are likely to prove the chief influence upon voters.

MORTGAGE A CAT

There was filed in the office of the recorder of deeds in Stockton, Mo., the most unusual chattel mortgage ever presented at the office. The articles mentioned to secure a debt of $46 were as follows: One shotgun, one Winchester rifle, two violins, one black tomcat, with white feet, named Tom. It was not specified that the guns had hammers nor the fiddle with bow, but the identification of the tomcat was considered by the mortgagee the most valuable part of the security.—St. Louis Republic.

Efficient Housekeeping

THE BAKED CHEESE DISH IN THE SUPPER MENU.

THE SUPPER MENU

As the cooler days come, the housekeeper who serves dinner at the noon hour, feels that the evening meal must be heavier than it was in Summer. A salad may do for supper on a Summer evening, but not for a crisp Fall night. The following supper menus both contain hot baked dishes suitably substantial for this time of year.

Cheese Custard
Coffee Cake

Cheese Custard: Butter a baking dish. Put in a layer of bread cut in thin slices and then into cubes 1 inch square (do not use the crust) Sprinkle cheese, sliced wafer-thin, over the bread and dust with salt and paprika. Add another layer of bread with the cheese on top, repeating the process until the dish is full. Then beat 2 eggs slightly, add 1 pint of milk to them, and pour this liquid over the cheese and bread. Bake 1-2 hour in a moderate oven. I should look delicate and wavy between soft and spongy bread.

Corn and Cheese Souffle.
Coffe Cake

Corn and Cheese Souffle: Cook 1 tablespoon of chopped green pepper in 1 tablespoon of melted butter. Add ¼ cup flour and 2 cups milk. Stir and cook until smooth. Then add 1 cup grated cheese. Remove from the fire, add 1 cup corn, ½ teaspoon salt, the yolks of 2 eggs, and fold in the eggwhites stiffly beaten. Bake in a buttered casserole for about 30 minutes in a moderate oven.

Bride: Answer: If you will follow these direction you can patch your fur set with the odd fur pieces your mother-in-law has given you: Rip the lining and padding from your set; rip out enough seams to let the fur lie flat; now chalk-mark the smallest space that will remove the moth patch (doing this on the wrong side of the fur, of course). Cut along these chalk marks with a sharp-pointed knife, then lay the fur over the odd pieces of fur with the right side uppermost. Let the odd pieces show through the holes you have cut in your fur set and shift the set over these odd pieces until you find a portion of the odd pieces which exactly matches the fur around the hole—that is, matches it in color and growth. Now make chalk marks on the wrong side of the patching fur, to show which parts of it you have chosen to fill in the holes in your fur set. Cut out these portions, fit them into the holes in the fur set, tack lightly in three or four places with basting thread, then begin to sew the cut edges together (working on the wrong side) with strong thread, taking stitches close and barely deep enough to hold. Turn every little while to look for puckers, and if there are any you must rip out the stitches and try again. Shake well after sewing and brush until the patched portions look like a part of the originally solid piece.

WHAT THE PRESS IS SAYING

Why Breathe Through the Nose?

Reasons for breathing through the nose instead of the mouth are: (1) to warm the air; (2) to moisten the air; (3 to remove the dust and germs; (4) to produce more suction in the chest, which helps draw blood into the lungs as well as air thus helping the heart and more easily attaining second wind.

Cause of Breathlessness

Breathlessness is caused by insufficiency of the heart either from lack of proper exercise or from disease. The heart fails to pump the blood to he lungs fast enough and acordingly the CO_2 accumulates and overstimulates the breathing center. This causes the sensation of inability to breathe fast enough.

Keep Up Your Confidence

The majority of failures began to deteriorate by doubting or depreciating themselves or by losing confidence in their own ability. The moment you harbor doubt and begin to lose faith in yourself you capitulate to the enemy. Every time you acknowledge weakness, inefficiency or lack of ability you weaken your self-confidence and that is to undermine the very foundation of all achievement.—Orison Swett Marden in Chicago Daily News.

Why I Love America.

Now ask me why I love Ameerica? Such homes as mine are to be found all the country over and they are what make it a great country. Every boy scout has these loved ones that he prizes above all others. For these we would gladly give our lives for all boy scouts are brave and unselfish. Being unselfish we are not only interested in the happiness of our loveed ones, but we ar determined to see that every other family is just as happy as our own.—Lieut. Belvin W. Maynard in Boys' Life.

If eggs you are about to boil be creacked, add a little vinegar to the water, and they can be boiled as satisfactorily as undamaged ones.

Black duvetyn frocks, it is whispered, are to be popular in New York. A trim-looking example is the frock sketched above.

Rather long waist it is—an effect attained by the crushed girdle of the same material, caught by a shiny black buckle at the side. Heavy white wool stitching trims the deep shawl collar—a collar, by the way, to be seen on many expensive cloth dresses. The skirt opens down the side front and is slightly full about the hips, tapering gently to the ankles with the merest suggestion of a rounded or barrel silhouette.

Peachbloom and desiree cloth are certain to give more durable service.

FOSTER'S WEEKLY WEATHER BULLETIN

WASHINGTON, D.C., Oct. 30, 1920.—About October 30 an important storm center is expected to occupy the Northern Rockies; a day or two later the Great Lakes; about November 3 the eastern sections. It will be a large and severe storm, reaching to the Gulf of Mexico, pushing before it high temperatures all over the country, and as the cool wave come in frequent showers and some heavy rains may be expected. This storm will introduce to your forced notice the best efforts of November at making disagreeable weather.

I gave you warning about November and urged you to get your outdoor affairs arranged for a bad weather month and it is coming. Worst part of it will be during the weeks centering on November 3, 13 and 27. The eclipse of the sun November 10 will have nothing to do with the bad November weather, but eclipses are related to weather events and therefore I watch and study them closely.

Following storm described in first paragraph above it appears from the weather records of 175, 67, 66, 58, 96; 1911, .9.2, that a cold wave will come down through Alberta near November 2, and hit St. Louis near November 3. Those northers are usually very large and if it strikes St. Louis not much of the country will be missed by it. Seems that it will also strike Cincinnati, Pittsburg, Pa., and Ottawa, Canada, a few days later. I made the calculations from the old weather records and the positions of Jupiter, Saturn, Mars and Uranus. These planets seem to have centered into a conspiracy against their little sister, the earth, which is so small and insignificant that it is not permissible to begin its name with a capital E.

Besides our interest in the weather generally, it will be interesting to watch the first week in November for a cold wave that will affect all the country east of the Rockies. I believe the planets indicate such an event. The planets never lie, but I sometimes err. It is a difficult problem to calculate, nightly, that a cold wave, probably a blizzard, will hit Alberta, St. Louis, Pittsburg and Ottawa the first week in November. It would be a big success if I am correct and no crime if I am mistaken.

SEA FEVER

I must go down to the seas again,
to the lonely sea and the sky,
And all I ask is a tall ship and a star
to steer her by,
And the wheel's kick and the wind's
song, and the white sail's shaking,
And a grey mist on the sea's face,
and a grey dawn breaking.

I must go down to the sea again,
for the call of the running tide
Is a wild call and a clear call that
may not be denied.
And all I ask is a windy day with
the white clouds flying,
And the flung spray and the blown
spume, and the seagulls crying.

I must go down to the seas again to
the vagrant gipsy life,
To the gull's way, and the whale's
way, where the wind's like a
whetted knife;
And all I ask is a merry yarn from a
laughing fellow-rover,
And quiet sleep and a sweet dream
when the long trick's over.

—John Masefield.

Creamed Celery with Poached Eggs On Toast

2 upsc celery
2 cups milk
3 tablespoons butter
2 tablespoons flour
Salt and pepper
4 poached eggs
Toast

The celery should be cut in inch pieces.Cook in boiling water, at little as possible till tender. The water should be all cooked away and the little necessary should be added to the milk. Melt butter, stir in flour and slowly add milk, stirring constantly. Add celery and seasoning. Pour this mixture over slightly buttered pieces of toast. Drop a poached egg on each piece and serve very hot.

Gillette
Safety Razor

Quality Shaving Service for Everyman—Everywhere

The Most Satisfactory Shaving Equipment Ever Produced

THERE has never been a time when the trend towards *quality* and *economy* has been so universal. The demand is sweeping over the country for better—more serviceable—more economical merchandise.

It is these very ideals which have created a world market for the Gillette Safety Razor. The personal shaving service idea has gone around the globe and changed the shaving habits of thinking men everywhere.

Today, Gillette shaving is vouched for and acknowledged by 20,000,000 men as one of the cleanest, safest, most economical, and most valuable habits they ever formed.

Men are enthusiastic about the NO STROPPING—NO HONING feature of the Gillette, and the easy adjustability of the razor to suit their particular type of skin and beard. They appreciate the super-keen edge for every shave, with its incentive to daily shaving and smarter appearance.

You will find Gillette dealers everywhere anxious to put you in touch with this vital, personal service.

Don't Prod Your Liver to Action

NR Overcomes Biliousness, Constipation, Sick Headache, Quickly. No Griping or Pain. Guaranteed.

The organs of digestion, assimilation and elimination—the stomach, liver and bowels—are closely allied, and the proper action of any of these organs is largely dependent upon the correct functioning of all the others.

"Whipping" your liver into action with calomel or forcing your bowels with irritating laxatives or strong cathartics is a great mistake. A better, safer plan is strengthening and toning the whole digestive and eliminative system with Nature's Remedy (NR Tablets), which not only brings immediate relief, but genuine and lasting benefit. It acts on the stomach, liver, bowels and kidneys, improves digestion and assimilation, overcomes biliousness, corrects constipation and quickly relieves sick headache.

Get your system thoroughly cleansed and purified for once; stomach, liver and bowels working together in vigorous harmony, and you will not have to take medicine every day—just take one NR Tablet occasionally to keep your system in good condition and always feel your best. Remember it is easier and cheaper to keep well than it is to get well.

Get a 25c box and try it with the understanding that it must give you greater relief and benefit than any bowel or liver medicine you ever used or no pay. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

SIRDAR RAILWAY CLUB GIVES DANCE

SIRDAR, Oct. 29.—A most enjoyable dance was given last Saturday night by the members of the C. P. R. social club, having engaged Mrs. Edmondson of Cranbrook to furnish music during the coming winter rendered a number of new and popular selections. It is understood the club will give a dance and entertainment every fortnight, the date falling on Saturday night starting Oct. 23. The lady members of the club had charge of the luncheon and a most pleasing lunch was served at the usual hour. Floor managers Messrs Proctor and Tuohey assisted every minute in doing honors and keeping the crowd well entertained. Every one present voted the dance a rousing success.

JUSTICE OF PEACE RENDERS SERVICE

No Padre Available Miss Turner Has Civil Wedding to Harry Saunders

INVERMERE, Oct. 28.—On Monday there was solemnized at the home residence, "The Beavers," the marriage of Dorothy, daughter of Mr. and Mrs. L. W. Turner, and Harry Saunders of Vernon. Miss Mary Turner, the bride's sister, acted as bridesmaid, and Gilbert H. Cartwright was groomsman. Owing to it not being possible to obtain the services of an ordained clergyman, the marriage was a civil contract, Frank Richardson, J. P., tying the knot.

The popularity of the bride was testified by the usual array of presents and by a handsome cheque which was the result of a popular subscription.

A reception to the young couple in the form of a dance was held last week at Athalmer.

The newly wedded pair have gone to Vernon, where they will reside. Miss Turner was central operator for five and a half years prior to her marriage.

ROSSLAND NOTES

ROSSLAND, Oct. 28.—J. P. Ford and daughter, Evelyn, will be the guests over this week end of Mr. and Mrs. W. M. Wadds from Nelson.

Mrs. W. N. Scott and little daughter were guests of Trail friends Thursday evening.

Mrs. Ezra Campbell who has been at Coast points visiting with friends, has arrived back in the city.

NOTES FROM YAHK

YAHK, Oct. 28.—Mr. and Mrs. William Smith, nee Miss Tiny McLeod, whose marriage took place at Nelson on Oct. 18, returned on Saturday to reside here.

A dance very much enjoyed by nearly sixty guests took place in the dining room on Saturday evening at the Yahk hotel.

Mr. Larsen was a visitor to Cranbrook Monday.

YAHK, Oct. 28.—After an illness extending for nearly two years, William Harrison died on Oct. 22 at the age of 32, at his sister's, Mrs. A. Brogan's home at Cranbrook, where interment took place in the Catholic cemetrey. The funeral service conducted by Father Murphy, was largely attended. Among those from Yahk included Mrs. C. McCartney, Miss Ray Harrison, Mrs. J. Harrison, Mr. and Mrs. John Harrison and A. Brogan.

MATRIMONY BINDS GRAND FORKS FOLK

Dr. Teporten Weds Miss Walker and Miss Bohn Is Oscar Johnson's Bride

GRAND FORKS, Oct. 28.—Oscar Johnson, C. P. R. section foreman at Fisheman and Miss Helen Bohn of Fife were married Wednesday evening, Rev. P. C. Hayman of the Anglican church officiating. The guests were entertained by dancing and a banquet at Davis hall.

Teporten-Walker.

A pretty wedding took place at the Catholic church Wednesday morning, when Miss Elevera Dolorosa Walker, daughter of Mr. and Mrs. O. S. Walker, was married to Dr. Leonard F. Teporten. The church was beautifully decorated for the occasion. After a luncheon served at the home of the bride's parents the happy couple left on the Great Northern train for Spokane, and from there they will go to Vancouver, where the honeymoon will be spent with the Doctor's parents.

On their return they will reside in Grand Forks, where the Doctor has a large dental practice.

ROSSLAN DMEMBER TO RUN AS INDEPENDENT

ROSSLAND, Oct. 28.—At the meeting of the liberals held here last night, J. W. Coffin was elected president; Hon. John Oliver, honorary president; J. H. Honey, secretary, and the following were named vice-presidents: first, Rolland Gosse; second, Samuel Stephens; third, A. D. Christie; fourth, George Urquhart.

Following is the executive committee: Mrs. M. Yorke, J. S. Deschamps, George Mara, Alfred McMillan, H. Schorlemer, Harry Robertson, Alex Pitt, Mrs. J. W. Coffin, James Petrie, W. H. Wainman and Hector Mackenzie.

The names of J. S. Deschamps, J. W. Coffin, and W. D. Willson, liberal M. P. P. and J. A. McLeod, city clerk, were placed before the convention, the first two withdrawing in favor of Mr. McLeod, who won the nomination over Mr. Willson, who announced to the convention he would run as an independent.

Mr. McLeod has been city clerk for over sixteen years. He was the government's choice for the nomination.

GETTING SIRDAR PLACED ON MAP

SIRDAR, Oct. 29.—The new government road now being constructed through Sirdar is progressing well under the foremanship of Harrid and McPhail and will probably be completed this winter, linking up the transcontinental highway and rendering much-needed service to the ranchers and fruit men, also putting Sirdar strictly on the map.

Fruit and vegetable shipments this year from Sirdar exceed all other years by at least 30 per cent and are keeping the C. P. R. station staff busily engaged.

It is rumored among shippers from Sirdar that the C. P. R. will be asked shortly to build a more substantial station building on the opposite side of the track from the present location in order to gain access to the station with their products.

Foreman Beasby and crew, Cameron and Procter are exceedingly busy these days in handlying the very heavy traffic that has prevailed during the past six months in both directions through Sirdar. More than three thousand cars per month is the average handled. This also keeps Engineer Ben Whiteside and Fireman Lee Gammon strictly on the job.

We understand a day operator is to be added to the C. P. R. station staff, and this will no doubt be very much welcomed by the very busy agent.

Car and locomotive foreman Tuohey and assistant R. Dennes are very busy engaged in taking care of the bad orders and getting the steam heating plant lined up for the winter.

After washing lamp chimneys, polish them with dry salt. This gives the glass a brilliant shine, and prevents it from cracking.

I. T. U. REPORTS SHOW EVIDENCE OF SPLENDID PROGRESS

(Inland Printer, September issue)

A considerable amount of extremely interesting and enlightening reading is to be found in the reports of the oficers of the International Typographical union, submitted at at the annual convention and published in full as a supplement to the August issue of the Typographical Journal, we cannot too strongly urge a careful study of these reports. In these days, when no little feeling is being stirred up against unionism, caused by the actions of some unscrupulous so-called leaders in labor organizations or othr industries, it is encouraging and gratifying indeed to have such strong evidence of the upright principles which govern in the conduct of the body which has gained recognition as the leader among trade unions. It may be said that those responsible for the management of the affairs of the grand old International Typographical union have set a standard which other similar organizations might well copy. Conservative in their actions, demanding justice and fair treatment for their members, but equally insistent that their members grant justice and fair play in all their dealings the officers have strongly upheld the traditions of the organization and maintained the principles which have gained for it the enviable reputation it has enjoyed for these many years. We in the printing industry can rightly point with pride to our International Typographical union as an example of general constructive trade unionism.

The reports of the various officers collectively represents a rather voluminous document, and an extended reveiw can not be given in the limited space available here. Retiring President Scott summing up the progress made in the last six years calls attention to the following increases. In gross earnings for the members, $53,543,926; in membership, 12,408; in average earnings, $573.25; in pension assessments, $267,450.93; in mortuary assessments, $267,988.33; in pension fund, $374,-214.86; in mortuary fund, $520,673.31; in the reserve funds, $867,751.29. For beneficial purposes the union has expended in the past six yecars a total $4,793,876.54, divided as follows: Old age pensions,$2,048,355; mortuary benefits, $1,824,257.43; Union Printers Homee $871,264.11. As Mr. Scott well states: "In the years to come, when the wreckage of the world's great war shal have been cleared away and when normal conditions shall have been restored in industry this splendid record will be more fully appreciated.

In referring to the cost of conducting the affairs of the union, Secretary Treasurer Hays states that "The International Typographical Union is engaged in selling the labor of its members, and its sales of labor for the past year were $114,-594,258—$32,130,091 in excess of those of the preceding year." He then shows that the grand total expended last year for all expenses was $4,192,880.86. Of that sum, $877,-161.75 was paid in benefits to members of local unions and in support of the home.

The preceding references are wholly to financial matters, but read between the lines and see the great good done from a humanitarian standpoint through the expenditure for old age pensions, mortuary benefits, and the maintenance of the Home at Colorado Springs.

The committee on apprentices and supplemental education, a vitally important part of the organization, calls attention to the fact that "the vital question of producing skilled journeymen in the compositors' trade will not take care of itself." and places emphasis upon the need of selecting boys who possess the necessary educational qualifications, and who are mentally and physically fitted. Then comes another extremely important feature: "The boy must be guaranteed every opportunity to acquire full knowledge of every essential of the trade." That the committee is doing its part is apparent from the facts presented in the report. It is also shown that 1292 students from local unions are now enrolled in the course of instruction offered by the parent body, and increasing interest is being taken i the work.

Hearties congratulations are due the officers for the manner in which they have conducted the affairs of the organization and to the members upon the high character and integrity of the men they have as representatives.

HOUSEWORK FOR MEN

At the recent convention of the Association for the Advancement of Progressive Education, held in Washington, Angelo Patri strongly urged that boys should be taught to sew and cook.

In view of the difficulties of the servant problem and the growing inclination of women to occupy themselves with interests outside of the household, it is of obvious importance that the men-folks should be trained to proficiency in the domestic arts.

Hitherto the question, What is a woman's job? might have been answered by saying that it was anything too bothersome or too unpleasant for a man to undertake willingly. The man being stronger, and therefore able to compel obedience, has since prehistoric times required her to do all the housework and other drudgery.

But a sex revolution is in progress, and the prospect is that family arrangements will be different. The men may find themselves obliged to sew on the buttons, do the cooking and perhaps mind the children. With this likelihood in view it is of obvious importance that they should learn how to perform such tasks efficiently.

The notion that women are naturally clever than men where the domestic arts are concerned is without basis in fact. Men are more expert cooks. Whoever heard of a woman chef? Their needlework is better. In Oriental countries the skilled workers of embroideries and drawnwork are men. The housekeeping on board a warship far surpasses that of any woman-kept house on land.

Experience has shown that men make admirable chambermaids, and nowadays male nurses do much of the work in hospitals. To suppose that men could not be taught how to take care of their own children is absurd, and considering the rapid and overwhelmingly successful advance of the feminist movement, it is high time they learned.

Don't buy cheap bulbs and then look for good returns; you are likely to be disappointed.

No one is useless in this world who lightens the burden of it for another.

REGISTER TODAY OR BE VOTELESS

Householders and Licensees Have Last Chance to Get on Civic Voters' List

Registration of the civic voters' list, on the part of housholders, and licensees, Closes today, City Clerk W. E. Wasson arranging to keep his office open this afternoon, till 5 oclock to accomodate those unable to come in the regular office hours.

Yesterday afternoon 267 had registered, and the list, so far as the householders and licensees are concerned, promises to be the smallest for years.

Every British subject who is of age and has been a resident of Nelson since Jan. 1 of the present year is entitled to be registered on the list, but it is necessary for the applicant to make a statutory declaration as to residence. and as to payment of taxes to the amount of $2, this latter being the annual civic road tax collected from persons who do not pay other civic taxes.

Registered property owners, or registered holders of agreements of sale do not need to take these steps to register, as their names will be taken directly from the assessment roll, as prescribed by the statute.

When the situation in the civic elections becomes interesting, there are certain to be plenty of could-have been voters to regret their gistration.

AN OBELISK ON HOSPITAL BLUFF

(Contributed))

Of the many strange and beautiful sights to be seen by the observer of Nature's ever changing cloud effects in the October skies, one that the writer saw a few days ago when on the way to Rossland, was most remarkable. What appeared to be a series of smoke rings rose in a narrow column in the western sky, rising from the horizon to a point halfway to the zenith. This remained apparently stationary for about half an hour, while all the time smoke from the Trail smelter was being blown down the Columbia river at a fair rate of speed and my companion, a returned soldier, said it looked like the smoke rings given out by signalshells in France, and intimated in a jocular manner that something was going to happen—(something had happened)— for on arrival at Rossland one of the first sights to greet one's eyes was a beautifully-finished impressive obelisk, simple in design, set up on the main street, at its junction with a cross street in the same manner, but one block away, as the Father Pat memorial.

It is Rossland's memorial to her sons who fell in the great war—the names of the heroes are engraved deep in the granite and lined with gold.

Seeing this, it gives a Nelson citizen reason to wonder when Nelson is to erect her memorial to her dead "in the war." Why has it not been undertaken? Letters and articles have been written, read and forgotten apparently. But is it not time to remember? It is the writer's wish that this screed may quicken the pen of such men as Gerald Reis and others who have written on this subject before—so that something will be done. (The writer would suggest that an obelisk be erected on the Hospital bluff, where it can be seen from the lake, town and Fairview. Winding trails could be cut and made from different sides. In fact. it appears to the writer that the bluff could be made in a small measure to resemble Parliament Hill, at Ottawa, a place for memorials, where the people could go and see them in the best surroundings. Street corners, in a busy city, do not appear to be the proper places for monuments, as people cannot stand long enough to appreciate the beauty nor to muse on the meaning of the memorials.

O yes, all very well, but where is the money coming from? Listen. Next month many of our people will receive from the Dominion cheques for interest on Victory Loan and payment of this interest is made possble by the men whose names we ought to perpetuate. Why not let every one who receives such a check or clips a coupon from a bond, give at least one half year's interest, even if it is only from a that should soon grow to a proper $50 bond. This would start a fund proportion to undertake the project.

Whatever it is that should be started should combine the business motto of "Do it now" with the sentimental one of "Lest we Forget."

"SWANK" HAS MANY MEANINGS

Although "Swank"—as a writer in one of our contemporaries remarks, when apolizing for the use of the word—is of German origin, it has been employed by the English speaking folk long enough to acquire a number of widely varying meanings.

In the north of Ireland a skinny, hungry-looking person is described as a swank, whereas in Yorkshire the word is applied to a man who drinks to excess.

In Yorkshire, too, "Swanker" is used in a flattering sense to describe a strapping youth, or anything large of its kind, such as a house, a tree, or an apple.

Weak. inferior beer is called swank in many parts of England. and in Sussex it is a pet name for a child—the equivalent of the cockney "nipper."

Swanking, in the sense of putting on side" was commonly used in the west of England long before it was adopted by Londoners.— London Chronicle.

LOCATING ROUTE AT COFFEE CREEK

Queens Bay-Aainsworth Link to Be Laid Out; Ymir Road International Now

William Ramsay, district engineer for the provincial public works department, and A. H. Green, surveyor, tramped from Queens Bay to Coffee creek Wednesday, for a preliminary view of the route aabout to be located by Mr. Green between those two points. The whole link between six or seven miles in length.

This link is in the list of proposed works submitted by the provincial department of public works to the federal department of public works for approval, for construction with the aid of the federal road grant of 40 per cent of the cost of trunk highways. This section of trunk highway, as submitted by the provincial engineer, is projected to extend from Nelson to Queens Bay as at present, thence around the bluffs to Ainsworth, then to Kaslo bythe recently constructed road, then up from Kaslo over the divide and down to New Denver.

The Ymir road, as plotted by the provincial engineer and submitted in the same list, is a section of the trunk highway between Nelson and the international boundary. At the southern end is a five and a half miles link from Rosebud lake to Boundary lake. The Ymir road is no longer rated as a local road, but now has the status of a link in the international highway.

One other section of the trunk road in the West Kootenay is also on this list, the Rossland-Cascade link in the trans-provincial highway.

CATS PUT TO FLIGHT BY ARMY OF RATS

NEW YORK— Swarms of rats made savage by starvation, a means instituted by quarantine officers to eradicate them, have attacked and put to flight a large cat family and otherwise played havoc on board the steamship Leviathan, formerly the German liner Vaterland it was learned today.

Since the Leviathan has been tied up at Hoboken pier her rodent population has multiplied into legions and infest her eleven decks and intricately divided interior. Fumigation was found impracticable by officers who sought to remove them, and starvation tactics were employed several weeks ago, no particle of food being permitted aboard.

After the feline army was gone the rats attacked the ships furnishings, luxurious leather cushions, panels and other fittings being gnawed beyond repair.

Quarantine officers say however, that the end is in sight. In their battle for life, they declared, the rodents would destroy one another.

meeting is in good humor. If I correctly interpret the temper of the meeting, th's crowd is here to hear questions of the day discussed."

The strongest governments you could have in Canada, he said, is a government that stands for clear-cut politics.

The speaker reviewed the work of the government during the past three years. When the armistice came there was in France no stronger or more efficient force than the Canadians. This was due to the mandate given to the government by the people, he said, and to the efficiency of the men themselves.

Canada had 'dealt with the question of soldiers' gratuities better than any other belligerent nation in the world. (Cheers).

One man in the audience called out: "You can say that to your own bunch."

Compares Belligerents' Gratuities.

Mr. Calder then read a comparative statement of facts showing what each of the belligerent nations are doing in regard to gratuities and pensions.

The government during the last three years had spent probably a billion and a half dollars, and there has not been a single charge of a misspent dollar. In answer to a question from a member of the audience, Mr. Calder said that if Canon Scott had made a criminal charge against the government, it would certainly be taken upon the proper way.

Advise Middle Course for Tarif Basis.

NEW WESTMINSTER, Oct. 29.—(Canadian Press)—Before an audience which packed the opera house here late this afternoon, Premier Meighen and Hon. J. A. Calder delivered brief addresses, describing their party's attitude on various questions of public interest.

En route to New Westminster the party stopped at Burnaby where Reeve Thomas Sanderson presented an address of welcome to the prime minister, ad a similar presentation was made at New Westminster by J. Johnson on behalf of New Westminster and surrounding municipalities.

Discussing the tariff, Premier Meighen said he thought the best plan would be to pursue a course of moderation; find a common middle ground between the two extremes of high protection and free trade. The leader of the opposition had not stated how he would frame a tariff party, he asserted.

The cry frequently raised that the administration favored the big interests was without foundation, he said. Had the nationalization of 20,000 miles of railway been in the interests of big business?

"Mr. Mackenzie King knows," he stated, "that we took action in defence of the wishes of big business interests."

Hon. J. A. Calder said that Canada had a bigger job after the armistice than during the war, and were the government to have gone to pieces, as some persons had suggested, it would have been a criminal act. There were grave problems to be solved. While mistakes were made, no belligerent country in the world had done the work Canada has done.

Party patronage, he said, was practically a thing of the past in Canada.

No other meetings for the immediate future have been arranged.

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and saves about $2. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily $2. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

ORDERLINESS OF M'SWINEY FUNERAL

MADRID, Oct. 29—Three arrests of Catalonian Nationalists have been made in connection with the demonstration carried out at Barcelona yesterday by students in front of the British consulate, where they cheered for Ireland and shouted "down with England," and smashed the windows of the consulate when their demands for an interview with the consul were denied.

Boston Holds Requiem Mass

BOSTON, Oct. 29—A solemn high mass of requiem for the repose of the soul of the late Lord Mayor MacSwiney of Cork, was sung in the cathedral of the Holy Cross today, with Cardinal O'Connell officiating.

Military Display Barred

CORK, Oct. 29—The government authorities in Cork notified Deputy Lord Mayor O'Callaghan and the bishop of Cork that no militarp display would be permitted at the funeral of MacSwiney, and neither *drilling, uniforms nor republican* army badges would be allowed.

The funeral party which refused to board the Rathmore at Holyhead, arrived in Cork shortly before 7 o'clock this evening. The mourners were accompanied by Arthur Griffith leader of the Sinn Fein, and Count Plunkett a well know Sinn Feiner and member of parliament. A delegation from the city council met the mourners at the station.

Later the council men went into consultation with MacSwineys relatives and Mr. Griffith and Count Plunkett at the city hall. The belief was expressed that the relatives were inclined to leave the disposal of the body of the late Lord mayor to the government to do with it as it might see fit. During the conference, the coffin was transferred from the tug to the dock and the tug departed for Queestown. For several hours doubt prevailed as to whether the body would be claimed or be left to the military. After a prolonged conference in the city hall, however, it was decided to claim it and shortly after nine oclock this evening a company of Irish volunteers and relatives of the dead lord mayor went to the dock and took possession of the coffin. A huge crowd were present at the dock.

Immediately afterward the ocffin was removed to the city hall, where it will lie in state until the funeral is held on Sunday.

PARIS HOOLDS REQUIEM

PARIS, Oct. 29.—A largely attended requiem high mass was celebrated in honor of the late lord mayor of Cork, Terence MacSwiney, in St. Joseph's church, in the Avenue Hoche, today. Half of those attending were French and the other half Irish-Americans and Irish Argentinians. Sean O'Cealleagh, envoy of the Irish republic, was present with his staff.

PRICE CUTTING HITS MONTREAL

Whirlwind Reduction Campaign Lowers Charges 30 to 50 Per Cent

MONTREAL, Oct. 29.—A cut-price campaign has hit Montreal. All over the city there is a whirlwind of price reductions. It is not confined to any particular commodity, but every article is marked down from 30 to 50 per cent. Shop windows to contain display advertising announcing the fact and some of the merchants, are advertising in the papers giving details of their drop in prices.

An examination of the goods thus advertised shows that the "cut-price campaign" is on in earnest. Suits of clothes, boots and shoes and stoves and furniture are all down in price. The cut price campaign has also extended to sugar, butteer, eggs soap and general groceries. In some stores sugar is now being offered at 15-¾ cents per pound, brown sugar at 15 cents, good butter at 54 cents a pound. Some brands of soaps have dropped three cents and four cents a bar, and more reductions are contemplated.

Opportunities are very sensitive things; if you clight them on their first visit, you seldom see them again.

PUBLIC IS NOT BUYING FREELY

Imports From States Fall Off and Prices Drop to Lower Levels

TORONTO, Oct. 29.—Unmistakable signs, according to the Toronto Star that the general public is not buying as freely as in the past months, that American imports have fallen off, and that the prices are dropping to generally lower levels, are indicated in the customs duty returns for Toronto for the month of October.

For the first 23 days in the 25 working days of the present month, returns aggregated only $2,228,552. This is an average of approximately $40,000 a day, $3,500,000 for the full month.

The October returns show a decrease of approxiamtely $235 000 as compared with October, 1919, and are the lowest since April of 1919, when the month returns aggregated $2,-938,933.

ASK FOR RESIGNATION; REASON INEFFICIENCY

TORONTO, Oct. 29.—Thomas Doherty, an inspector of the Ontario board of license commissioners, who has held the post at Kenora, for several years, will be asked for his resignation by the provincial secretary on the recommendation of the board.

"Inefficiency," is the reason given by Chairman Flavelle.

SAYS "MASTER MIND" ENJOYS PROTECTION

MONTREAL, Oct. 29—That he was not responsible for the arrangement made to take the world's series between Chicago and Cincinnati because he was incapable of carrying out such an undertaking owing to the lack of funds, and also because one of the "master minds" was, and is, protected on account of his financial position, are features of a statement made today by Abe Attell, who has beeen staying in the city for some time, eluding reporters and refusing to talk. Attell's statement added further that the world's series of 1919 was not the first occasion upon which big ball players were persuaded to "lay down" to their opponents.

Attell contends Rothstein made $60,000 or $70,000 out of the series, besides expenses.

ORDERS RECOUNT ST. JOHN BALLOT

Supreme Court Overrules Judgment of County Court; Reverses Order

ST. JOHN, N. B., Oct. 29—This afternoon, Hon. J. H. Barry, judge of the supreme court, overruled Judge J. R. Armstrong of the county court and ordered that the latter proceed with a recount of the ballots cast in St. John county in the recent general election.

Hon. J. B. M. Baxter, opposition leader, was declared elected there by eight votes over S. A. Bentley, government. A recount was applied for to Judge Armstrong, of the county court and granted, but on protest by Mr. Baxter, Judge Armstrong reversed the order. An appeal was taken to Judge Barry. The latter today reversed the decision of Judge Armstrong that the act was not complied with by those asking for the recount. Judge Barry over-ruled the objection taken by Mr. Baxter, that he (Judge Barry) had not jurisdiction to hear the case.

Women of Middle Age

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change in her life without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, smothering spells, fainting spells, nervous troubles and irregularities are symptoms that should have prompt attention. These two letters prove what a successful remedy Lydia E. Pinkham's Vegetable Compound is for women at this time of life.

These Two Women Helped During Change of Life.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude for it."—Mrs. Susan C. Staples, 157 B School St., Taunton, Mass.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. I will tell any one who writes to me the good it has done me."—Mrs. Margaret Danz, 743 N. 25th St., Philadelphia, Pa.

HERE are four riddles for boys and girls with wise heads. We told the artist to draw the pictures to represent the riddles, but he guessed the right answers—and put them in too! So we barred him from the contest and told him to keep it a secret. Luckily, he got the answers all jumbled up, so *you* won't be any the wiser.

If you can unscramble the jumbled letters beneath each riddle picture and put them in their right order to spell the right words, you will have the right answers. It isn't an easy task. Good thinking, patience and perseverance may find you the answers. Try it.

If you think you have found the answers, write them carefully on a sheet of white paper. Put on nothing but your four answers and your name and address in the upper right-hand corner of the page. Handwriting, spelling, punctuation and general neatness will count if more than one answer is correct.

We will write and tell you immediately if you are correct, and send you a handsome illustrated list of all the prizes that you can win.

What Others Have Done YOU Can Do

Here are the names of only a few of the boys and girls to whom we have already awarded big prizes:

Earl J. Beattie, Surf Inlet, B.C., Chummy Culver Racer, Value $250.00
Harry Dwyre, Elgin, Ont. ..... Typewriter
Earnest Fisher, Montreal ..... Seven-Jewelled Watch
Helen Smith, Edmonton, Alta. ..... Shetland Pony and Cart
Beatrice Hughes, Hazenmore, Sask. ..... Shetland Pony
Lyle Benson, Hamilton, Ont. ..... $100.00 Cash
Helen Benesch, Junkins, Alta. ..... $50.00 Cash
Florence Nesbitt, Arnprior, Ont. ..... $25.00 Cash
Bryden Foster, Leamington, Alta. ..... $150.00 Cash
Frankie Kirby, Three Hills, Alta. ..... $25.00 Eastman Kodak
Mary Proctor, Vancouver, B.C. ..... $15.00 Bracelet Watch
Eva Casson, North Bay, Ont. ..... $10.00 Doll and Carriage

The contest will close on June 20, 1921, at 5.30 p.m.

We will send you the names of many others too. Only boys and girls 17 years of age and under may send answers, and each boy and girl will be required to perform a small service for us.

Send your answers this very evening to

MARKET EBBS AND FLOWS HESITANTLY

Fears of More Stringent Money Rates Do Not Materialize

NEW YORK, Oct. 29—Business on the stock exchange today differed in no more important essentials from the irregular and hesitant movements of the preceding sessions of the week.

The ebb and flow of prices continued to be governed by financial and industrial conditions, the former indicating further depletion of available funds and the latter presenting renewed signs of curtailed production and reduced payrolls.

Inasmuch as loans made today, carried into next week and incidentally into the next month, it was apprehended that more stringent rates might prevail. These fears were groundless, however, most of the day's call money being offered at nine per cent, with the usual advance to 10 per cent at the finish.

The major portion of todays funds again came from interior banks. loal institutions confining their offeerings principally to time accomodations, notably the shorter dates, at an average rate of eight to eight and a quarter per cent, Aside from occasional pool activity in some of the local utilities and miscellaneous specialties, dealings centered in oils, steels, equipments and transportations, the latter mainly of the higher grades.

Sales amounted to 500,000 shares. Trading in bonds showed further irregularity, mostly by domestic issues. Total sales, par value, agregated $10,450,000.

Old United States bonds were unchanged on call.

DOMINION TRADE

WINNIPEG, Oct. 29—(an. Press)—With the exception of men's clothing, there appears to be a little more movement in business, at least as far as wholesale and manufacturing lines are concerned. Retail trade, however, still seems to be hanging fire, despite the approach of the holiday season, and this seems difficult ot account for, says the weekly trade report of the Canadian Creedit Men's Trust association.

Toronto and Ontario advices generally report an improvement in business excepting men's lothing. Dry goods are fairly good, hardware and kindred lines also fairly good; ladies wear of different characters fair; boots and shoes, both ladies and men's, appear to have brightened up and men's furnishings fair to slow. Retail conditions throughout Ontario are not very good. In fact, retailers have much difficulty in inducing the public to purchase anything like normally, and there is much complaining. Collections appear to be fairly good, wholesalers say, or at least, they are improving, though this is not general. Labor conditions, while not improving do not seem any worse.

Montreal and Quebec provinces report volume of placing orders small and purchases by retailers confind to immeediat requirements and small quantities. Retail trade quiet, the continuance of summer-like weather hindering the movement of fall and winter goods.Collections fair.

Winnipeg and the west find wholesale conditions fairly normal. Most lines are brightening up with orders from country towns. Wholesale grocery, which has been very quiet on the whole since last April, is now showing distinct signs of better orders. Hardware is fairly active. Drygoods and general lines normal excepting mens and ladies wear and boots and shoes all three of which are still hanging.

CANADIAN BONDS

MONTREAL, Oct. 29—The following were the bid prices for Dominion bonds at the close of the market today:

War loan—1925, 92½; 1932, 90¼; 1937, 93¼.

Victory loan—1922, 97; 1927, 96; 1937, 97; 1923, 97; 1933, 95½; 1924. 96; 1934, 92.

TORONTO BOARD

TORONTO, Oct. 29—Some recovery came to Canadian stocks this afternoon and the tide of selling appeared to be partially stemmed for the time being. It was a much quieter day on the local exchange the fact that Atlantic Sugar rallied five points in the afternoon from the days low, had a tendency to steady the market. At todays low of 74, the stocks had droppd 90 point from the high of 164 in July last, and therefore constitutes a remarkable course for a stock to pursue.

There was a falling off in thee trading in paper stocks. The losses and gains were about equally divided. Spanish River preferred, North American Pulp and Wayagamack made small gains, while Spanish River common, Abitibi and Brompton sold lower. Dominion Steel, and Steel of Canada gained, and Dominion Froundries lost a small fraction. Several industrials in the miscellaneous class moved upwards, including General Electric. Canada Cement and Maple Leaf preferred, while Steamships, General Electric preferred, Canada Bread and Rogeers prferred made losses.

In the oils, Elk Basin scored an advance, while North Star and International Petroleum registered the first change since August when it was last active on this exchange. Brazilian again withstood the market tendency prevailing, and gained a small fraction.

BULLS SCORE ON WHEAT REPORTS

CHICAGO, Oct. 29—Bulls had the advantage today in the wheat market,, owing largely to frost reports from Argentina and to views expressed by a widely known trade authority that the farm strike in the United States was serious. The market closed unsettled, 1½ to 2½ cents net higher, with December 2.09½ to 2.09¾ and March 2.03.

Corn finished 1⅛ to 1⅝ cents up and oats gained ⅛ to ¼ cents and ⅜ cent.

In provisions the outcome varied from 25 cents decline to 35 cents advance.

DOMINION LIVESTOCK

WINNIPEG, Oct. 29—Up to the week ending Thursday, October 28th, 16,551 catle, 1,353 calves, 4,412 sheep and 2,298 hogs were offered for sale in the yards while 866 additional cattle were received on through billing. MONTREAL LIST

MONTREAL, Oct. 29— Further covering and less urgent selling in the late trading was responsible for a better tone on the local stock exchange and at the end of the day net gains exceeded net losses, all the paper stocks, except Abitibi and Howard-Smith, being on the higher side of the market.

Sugar was the most prominently weak stock, selling to a new low of 73½. At the close, the stock had recovered nearly five points, finishing at 78, down three points.

Abitibi ranged from 67½ to 68½ with close at the low, down 1¼ points on the day. A small lot of Howard Smith sold down five points at 150.

In the balance of the list, Detroit gained a further point at 103; Asbestos common gained a point at 91; while the preferred lost two points at 98. Dominion Steel was a large fraction up and Steamships and Steel of Canada held steady. In the banking groups, Merhants gained 1 ¾ points at 170¾ and Royal gained 2½ points at 203.

Total sales, listed 11,612; bonds $22,700.

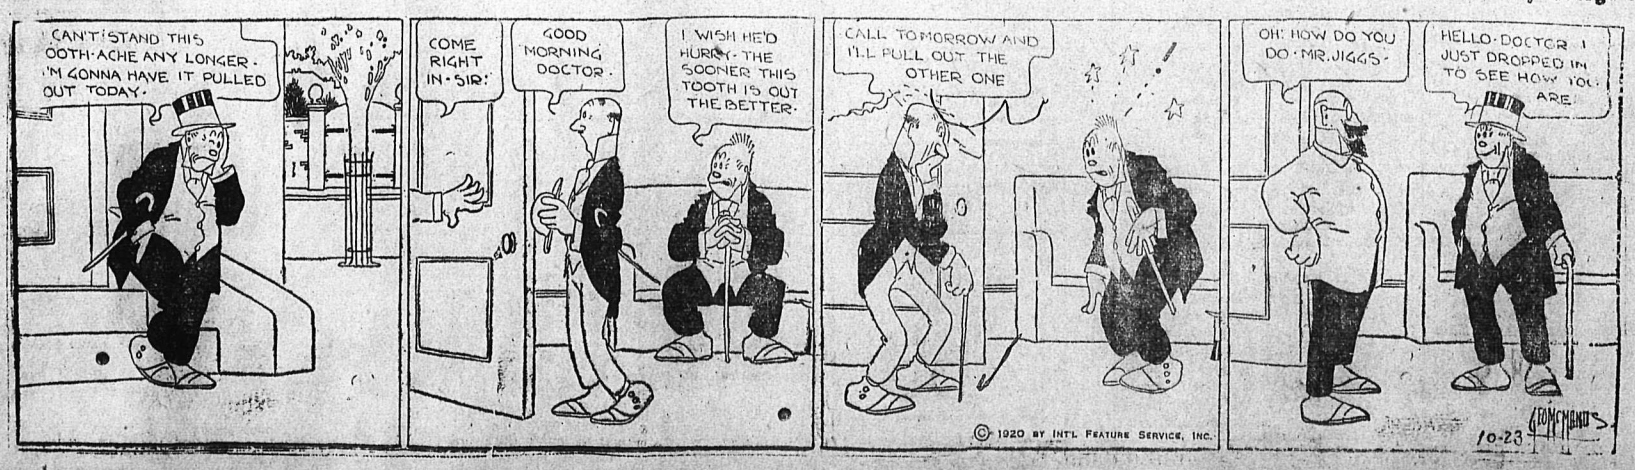
BRINGING UP FATHER

By George McManus



1172

Here's joyful news for every fleshy person who loves good things to eat, especially those who are denying themselves the things they like most because of their desire to keep down their weight or to reduce the fat with which they are already burdened.

There is no further necessity to diet in order to keep your weight down or reduce the fat you have already acquired.

The famous Marmola Prescription has been put up in tablet form, and is now sold by all druggists at one dollar for a good size box. To get rid of fat at the rate of two, three or four pounds a week, just take one of these little tablets after each meal and at bedtime until you have reduced your weight to where you want it. No wrinkles or flabbiness will remain. Use Marmola Prescription Tablets according to directions a few weeks and get results without going through long, tiresome exercise and starvation diet. Get them at any drug store or send the price to the Marmola Co., 93 Garfield Building, Detroit, Mich., and receive them by mail, prepaid, in plain, sealed cover.

SAVED FROM LIFELONG MISERY

And a Dangerous Operation, by Taking "FRUIT-A-TIVES"

MRS. M. J. GORSE

3928 Union St., Vancouver, B.C.

"I suffered with all the symptoms of Female Trouble, with chronic Constipation and constant Headaches. *I had pains low down in the back and sides of the body.* I tried various remedies without relief, and then put myself under a doctor's care and he advised me to have an operation. I refused.

Then, I started taking 'Fruit-a-tives'; and from the outset, I felt better, and *this medicine has completely relieved* me of all my misery and suffering. My weight was only 143 pounds and now it is 168 pounds. *I am free of pain* and headaches and the terrible Constipation; and what saved me from misery is the splendid fruit medicine, 'Fruit-a-tives'."

MRS. M. J. GORSE.

BOATS TRY OUT SAILING COURSE

International Series Begins at Halifax Today; Skippers Confident.

HALIFAX, Oct. 29—Captain Tommy Himmelman and his crew are here, along with the Delawanna, Lunnenburg's boat in the International series, which commences off Halifax harbor tomorrow. Captain Welch and his Gloucester men are ready too. They had a run out today, sailing around one of the courses laid down for selecting by the sailing committee. Esperanto showed great speed, water front watchers said.

Neither skipper is talking. Both are calm, confident, and cheerful.

BASEBALL MANAGER PLEADS NOT GUILTY

NEW YORK, Oct. 29.—John J. McGraw, manager of the New York Giants, pleaded not guilty today to the federal indictment charging him with violation of the Volstead act, by illegally possessing a bottle of whiskey. He was released on $700 bail. The indictment was returned yesterday following investigation of an affray at the Lamb's club last August in which McGraw was involved.

"It seems like a sort of joke to me," McGraw said on leaving the court room.

Jennings Signs Contract With American League

NEW YORK, Oct. 29.—Hugh Jennings, who for some time was manager of the Detroit American league team, signed a contract today as assistant manager of the New York National league club. This was announced officially tonight by Vice-President and Manager John T. McGraw.

No details as to the terms of the contract were given out.

COLLEGE SPORTS BREAK RECORDS

Hurdle and Three Mile Records Are Substantially Lowered.

TORONTO, Oct. 29—Two records went by the board at the meeting of the Canadian inter-collegiate union at Varsity stadium this afternoon. The reduction of, the old record of 17 seconds for the 120 yard hurdles to 16 2-5 seconds, which was accomplished by Farthing, of McGill, in the final heat of the event, and the clipping of 3 4-5 seconds from the old figure for the three mile run, by Leigh, of Toronto University, constitute the other new inter-collegiate records.

McGill Wins Team Contest

McGill won the dual team contest for total points, scoring 62 to Varsity's 55. Foster of Varsity won the individual championship with 16 points. This contest was confined to McGill and Toronto because neither Queens nor R. M. C. entered the minimum team of eight, while Manitoba, for whom nine men actually competed, was debarred as not being a member of the association. Each first place counted the successful team five points, each second, three points, and each third one point, and as only McGill and Varsity counted these points, if an athlete of another university happened to be second or third, a McGill or Tronto competitor who ran forth or fifth, or even one who was third in qualifying heat was given the points scored by the Manitoba, Queens, or R. M. C. man immediately ahead of him.

FORSAKES STAGE FOR POLITICS

Seymour Hick is about to shed the sock and buskin after wearing them for thirty strenuous years. To the surprise of playgoers, this popular star, whose name is writ large in the history of the London stage, is retiring from the profession in order to join a London banking firm. Later he meditates "standing" for parliament.

Should he be elected we shall have to bracket him with Lady Astor, for just as she is the first woman to sit in the house of commons, so will Hicks be the first actor to adorn the green benches of that assembly—in modern times anyway.

Hicks and George M. Cohan, who is frequently described in London as "the Seymour Hicks of America," suggest each other to a degree that is striking. Both are comedians, both playwrights and song writers, both actor managers. Both too are "pep" personified. They went to the stage in the same year, 1887. Both were then mere boys. Hicks being sixteen, Cohan only nine.

Hicks is 40; his American counterpart 42. To instance one more link between the two, Hicks' invariable stand-by, when other pieces fail or pall, is Cohan's "Broadway Jones". He has revived ia so many times that he must have played the title role oftener than even Cohan himself.

In the course of the variegated career, Hicks has written and produced forty-two plays. He twice has built a theatre in London, and twice has gone broke through so doing. He has written two books, one an autobiography; the other entitled, "If I was your Father."

Hicks says that if he stands for parliament it will be as an independent candidate. In his campaign he will have the assistance of his pretty and clever wife, Ellaine Terriss, also a former star of the Caiety and a daughter of William Terriss, the famous actor who was murdered under sensational circumstances.

SOUTH AMERICA WANTS BRITISHERS

LONDON—Recent offers of transportation by the Peruvian Government for British emigrants are resulting in official consideration by the Foreign Office of the general question of emigration to South America. The officials admit frankly that they look with disfavor upon the British emigration to South and Central America. Previous experiments, as in Argentina before the war, proved unsuccessful and numbers of British subjects were left stranded or were repatriated, the Britons bing unable to cope with the problems of life in their new homes.

The overseas office is advising intending emigrants that under no circumstances should Britishers emigrate to South America, where the language, laws and standards of living, wages and labor conditions are entirely different from those in the United Kingdom. It is pointed out that the warning does not apply to *persons of means who obtain a guarantee* of employment. The official viw of these cases, however, is that emigration should be toward the Dominions, there being plenty of room for opportunity where life is similar to that in Great Britain and where there is the possibility of the emigrants retaining their citizenship.

Applications

Applications for passage to Peru continue to be received according to the consular officials. The first party of Britishers should arrive in Peru some time in October and 200 more are ready to depart on the steamer Huallaga, which now is at Newcastle unable to sail because the coal strike is cutting off the vessel's cargo and coal. It is stated hundreds of other applicants are waiting. They have been informed of the difficulties of pioneering in the new country, the consular officials say.

Don't Use Drugs for Constipation

Bathe Internally—the One Natural Way.

Did you ever know of any person who was permanently cured of constipation by taking drugs of any kind? Drugs simply force Nature, and larger doses are required from time to time until the trouble becomes chronic.

Internal bathing with the J. B. L. Cascade is the only permanent relief from Constipation. It keeps the Colon, or large lower intestine, free from all accumulation. Soon the system performs its regular functions, and there is no further trouble.

Mr. F. Babin, Proprietor Alexandria Hotel, Ottawa, writes: "The J. B. L. Cascade has made a new man of me. I would not sell it for all the money in this world if I could not get another. Through my recommendation I know of a number of my friends who have been using it with the same satisfaction. For people troubled with Constipation, I say it is a godsend, and can heartily recommend it."

The J. B. L. Cascade is the only perfect appliance for Internal Bathing ever devised. It is endorsed by over half a million enthusiastic users. Ask to have it explained to you at Canada Drug & Book Co., druggists, Nelson, B. C., or write for booklet to Tyrrell's Hygenic Institute, 163 College St., Toronto.

PARIS PAYS TRIBUTE TO KING ALEXANDER

PARIS, Oct. 29.—The French government, the diplomatic corps, and the Greek colony in Paris paid final tribute to the late King Alexander of Greece, in impressive memorial services conducted at the Greek church this afternoon, simultaneously with the funeral services for the monarch in Athens.

AUTHOR ADVISES SPANKING MOTHERS

CHICAGO—Irving Batcheller, author of a half dozen best sellers, and considered an expert on youth and its propensities, unburdened himself of a few trite thoughts while in the city today and incidentally put out some "old-fashioned advice."

"The modern girl runs the world, yes, but don't blame the willful, impudent, reckless girls," says Mr. Batcheller.

"Spank the mothers. It is they who are responsible for the almost total lack of moral restraint which is breaking down society today. The new dances, the new lack of parental control have brought the girls of today to a dangerous pass. The mothers of today are so conceited that they say nothing can happn to their daughters and that they are above question."

"It is time the fathers called them to account and got the manners of both young and old on a basis of modesty and respect for thee old idals of conduct."

Get Enough of These Shirts

YOU won't have to hurry up the laundry if you have enough of these shirts, and they're so good you ought to get enough.

They are shirts that "feel good." Special attention has been given to their fitting qualities and the selection of the material.
