UPPER SILESIA SEETHING WITH DISCONTENT; ENTIRE PUBLIC ARMS FOR STRIFE

Entente Military Forces Hesitate to Disarm Population; Would Leave People at Mercy of Lawless Elements; French Make No Attempt to Suppress Terror; Miners in Rybnik and Pless Antagonistic, Were Once French War Prisoners; Murders and Robberies Increase; Expect Serious Clashes During and After Plebiscite.

OPPELN, Silesia, Jan. 24.—The entire population of Upper Silesia is armed with rifles, revolvers and machine guns and is well supplied with ammunition, which the entente military forces and the plebiscite police are hesitating to seize in the fear of a general uprising said a member of the inter-allied commission here today.

Wide-spread terrorizing and fighting between the German and Poles during and after the coming plebiscite cannot be prevented, this member declared without clashes between the troops of occupation, the police and civilians. Whole communities in the mining districts are being terrorized by organized bandits operating in large bodies, which is augmenting the hatred between the Germans and Poles, each side believing the other guilty of outrages.

The French troops are making no attempt to suppress the terror, except in the large cities, because of the hostile attitude of the miners. The French venture into the Rybnik and Pless districts only in double patrols, the minors there having been French war prisoners who are now particularly antagonistic to the French.

Police Cannot Control

"The terrorism and increase of crime are partly due to the fact that the inter-allied commission replaced the German security police with plebiscite police composed equally of Germans and Poles, the member said, "and these men, who are still unaccustomed to the work, are unable to control the situation. They are also numerically insufficient. While the population is armed to the teeth and fighting is regarded as certain, especially during the second day of the plebiscite when the voting indicates its results and rumors begin to work, there is a feeling that it would be inadvisable to disarm the people and leave them at the mercy of the lawless element. Their arming followed naturally on the killings and depredations of last August and the claim that it was done in self-defence cannot be denied."

It is said the situation is becoming worse daily with murders and robbery increasing.

International Miners Declare in Favor of National Ownership

LONDON, Jn. 24.—A motion calling upon the mine workers to redouble their agitation for nationalization of the mines, was unanimously adopted at the International Miners' conference today.

Representatives of the French and Belgian organizations proposed the motion, which was supported by the German organization.

TO SETTLE BOUNDARY DISPUTES

Moslems Plan Solid Pan-Islamic Union at Communist Conference.

LONDON, Jan. 24.—A dispatch to the London Times from Constantinople dated Saturday says arrangements have been completed for a conference in Moscow in February of the representatives of the Middle East state, including, Turkey, Armenia and Persia for a settlement of boundary disputes.

The newspaper adds that the delegates from the Moslem states have just ended a conference at Sivas under Communist auspices, held for the purpose of forming a solid pan-Islamic union.

FLASHES BY WIRE

Locked Doors Keep Bandits Out

LOUISIANA, Mo., Jan. 24.—Four masked bandits who held up a Chicago & Alton passenger train near here early today, obtained $9 for their efforts. Locked vestibule doors kept the robbers out of the sleeping cars and coaches, the fireman contributing the only money secured. The bandits escaped. The train was en route from Kansas City to Chicago.

Steal Clothes from Vestry

WILMINGTON, Del., Jan. 24. — Worshippers at the Grace Methodist Episcopal church departed without their overcoats tonight after three young men, who had listened to a sermon on "What is Real Religion?" entered the vestry and took with them all the clothing in sight.

Tank Car Explodes

MEMPHIS, Tenn., Jan. 24.—Ten negroes were killed, a score were injured, some probably fatally, and property damage estimated at $200,000 was caused today by an explosion of gasoline in a tank car at the plant of the Colyar Reese company. The blast wrecked a part of the oil plant, levelled a block of frame buildings and shook the entire north end of the city.

Appoint World Secretary

TORONTO, Jan. 24.—Miss Margaret Wrong head of the University College Women's Union, and daughter of Professor Wrong, has been appointed world secretary of the Students' Christian Federation. For a part of the time at least, her headquarters will be in Geneva, Switzerland.

To Banquet Meighen

MONTREAL, Jan. 24.—A citizens' banquet tendered to Right Hon. Arthur Meighen, will take place here on Thursday evening, Feb. 3. The gathering will be presided over by Sir Louis Tallon and Dr. George E. Armstrong. The general opinion is that it will provide a good opportunity for Montrealers interested in the premier's tariff program to hear his views in detail.

Should Ply Their Trade

WINNIPEG, Jan. 24.—As a general measure to further the relief of unemployed tailors and shoe makers in Winnipeg, such men should be engaged by the municipality in mending the shoes and clothing of the jobless, according to a resolution passed at the unemployment meeting this afternoon.

Increase Scholars' Stipends

BOSTON, Jan. 24.—Temporary increase of the stipend granted all Rhodes scholars from £300 to £350 a year, was announced today by Frank Aydelotte, United States secretary of the Rhodes Scholarships.

Edmonton Eskimos Win

CALGARY, Jan. 24.—Edmonton Eskimos made quite a gain in the Big Four league race here tonight when they defeated the Canadians 3 to 0. Gagne scored all the goals for visitors. Renaud, the visitor's goal keeper, was particularly brilliant.

SOLDIER LAND RESERVATIONS END MAY ONE

Dominion Lands Close to Rail Will be Open to Settlement.

OTHER AREAS MAY BE PUT UNDER RESERVE

Where New Sections Are Opened Soldiers Will be Given Priority.

OTTAWA, Jan. 24.—(Canadan Press).—By an order-ncouncil, approved on Friday, the reservation for soldier settlement of all Dominion lands in the western provinces within a radius of 15 miles of a railway, will be terminated on May 1, next, excepting in so far as this reservation applies to lands withdrawn in the Porcupine forest reserve, the Riding Mountain reserve, Hudson Bay reserve, Doukhobor reserve, or any individual parcels reserved for the purpose of dealing with cases of soldiers still pending, or reserved for other special reasons.

Power to Reserve Other Areas

Power also is reserved for the minister, at his discretion, to withdraw for soldier settlement any other areas, if deemed desirable.

This means that after May 1, next, civilians may acquire Dominion lands within the 15-mile radius, except in the areas mentioned. In the case of newly opened areas, however, soldier settlers will be given one day's priority.

GERMANY NEEDS GRAIN IMPORTS

Appraisals Submitted at Spa Inadequate Owing to Crop Failure.

BERLIN, Jan. 24.—Germany will be obliged to import 3,000,000 tons of grain to meet the home needs in 1921 according to an official reply today to a question put by the Italian delegation in Brussels, concerning the country's immediate requirements of foodstuffs from abroad. The government admits the appraisals submitted at the Spa conference will prove inadequate owing to the failure of last year's crop.

Fodder amounting to 1,500,000 tons will also be required in addition to the wheat, while 1,000,000 tons of raw products for the manufacture of oleomargarine during the current year constitutes a further item on the government's list of food commodities to be imported. The requirements of meat and bacon are estimated at 150,000 tons.

The gold mark value of the above commodities, based on their present market prices, is estimated at 3,200,000 marks.

Expert Estimates Losses Due to Suspension of Farrow's Bank, London

LONDON, Jan. 24.—The losses of Farrow's Bank, which suspended payment December 20th, last, were estimated today to aggregate £2,800,000 by an expert accountant, who testified in the proceedings against Thomas Farrows, founder of the bank, vice President Croth and Director Harthead.

CAMPBELL'S NOMINATION IRREGULAR

Draws Deposit Check in Wrong Name; Technical Breach of Section Forty.

PETERBORO, Ont., Jan. 24.—A technical irregularity occurred at the nominations in the federal by-election here today, in connection with the nomination of J. C. Campbell, the U.F.O., candidate. Mr. Campbell made out his deposit check in favor of Sheriff J. A. Hall, instead of in favor the receiver-general of Canada, as should have been done, according to section 40 of the Dominion Elections act. Mr. Campbell said he had been advised that it would be all right to make the check in favor of the sheriff. The error was discovered by J. Wearing, who pointed it out to the sheriff, Mr. Wearing stated that in so doing he was acting in the interests of G. N. Gordon, the Liberal candidate.

G. N. Gordon, when informed this afternoon about the matter, said he would not take advantage of the mistake. So far as he was concerned he said, the issue would be decided at the polls. If any citizen wished to protest Mr. Campbell's nomination. Mr. Gordon said, he was at liberty to do so.

PETERBORO, Ont., Jan. 24. — A meeting was held here tonight in the interests of Thomas MacMurray, the Labor candidate in the West Peterboro by-election. A feature of the meeting was the presence on the platform of W. F. O'Connor, K.C., who announced his intention of supporting the Labor candidate and opposing the other four candidates now in the field.

Mr. O'Connor condemned the Liberal policy. During a reference to Hon. Mackenzie King's recent speech in this city, he was invited by F. L. Humber, a prominent Labor man, to speak the truth. Mr. O'Connor proceeded with his speech, despite numerous interruptions, and stated that the Liberal policy was not based on sincerity. He did not approve of the government candidate's policy for similar reasons, he said.

Mr. O'Connor launched into an exposition of his reciprocal tariff policy with the United States. He said the reason why the manufacturers of this country did not endorse his tariff policy was because it contained a penalty clause to be imposed on manufacturers who abused the policy in an effort to make abnormal profits.

AUSTRIAN SITUATION ALARMS ALLIED PREMIERS; SUBJECT TO PRECEDE DISARMAMENT

Supreme Council Meets in Paris; Experts on Disarmament to Meet Today; Lloyd George and Briand to Discuss Reparations Before Consideration by Full Council; Expect Proposition From German Delegate; Premiers Will Endeavor to Find Way Out for Austria; Eastern Questions and Greece to be Considered Next.

PARIS, Jan. 24.—The supreme council, composed of representatives of Great Britain, Italy, Belgium, France and Japan, today heard the military expose, and later conferred together regarding the failure of Germany to disarm as provided in the treaty of Versailles. The experts were asked to make a detailed report on the subject, with recommendations regarding measures to insure execution of the disarmament clauses of the treaty. The experts will meet tomorrow morning, while the council will, contrary to expectations, take up the situation of Austria, instead of reparations.

Premier Lloyd George and the president of the French council, Aristide Briand, it is understood, desire an opportunity to talk over the different phases of the reparations question before the subject comes up for discussion at the full council. Thus the change in the council's program.

British Favor German Discussion

In this connection, the premiers are said to be considering whether it is feasible and advisable to have the German representative sit with the council before the final decision on reparations is taken. The British delegates is believed to favor inviting the Germans to take part in the discussions after the allies come to an understanding among themselves. Pending a decision on this question, Herr Bergmann, the German delegate, is expected, to confer with the French ministers of liberated regions, Louis Loucheur, and it is reported he will make an official offer to pay two million marks in gold within the year, one fourth of that amount in cash.

The eventuality of Germany being invited to sit with the council depends partly upon Herr Bergman's reply to M. Loucheur, who will ask him if Germany has any proposition to make before the allies decide finally on what course they will pursue.

The premiers are understood to be greatly alarmed at the situation of Austria and will endeavor to find some way for the continued existence of that country. The eastern question, Greece and the treaty of Sevres, will be taken up after the council has finished considering the Austrian situation.

ITALIAN BILL WOULD GIVE EMPLOYEES SHARE IN MANAGEMENT OF INDUSTRIES

ROME, Jan. 24.—A bill soon to be presented to parliament by Premier Giolitti, under which workers will be given a share in the management of industrial plants, provides that the employees in each industry shall elect a national council committee composed of nine members. Each political or syndicalist organization of workmen would be represented in the national council by one or more members, in proportion to the membership of the organization, the Tempo says.

Under the bill each national council would appoint two representatives for participation in the management of each factory, their piwer to extend to technical, financial and disciplinary arrangements, instituting the fixing of prices and the purchase of raw materials.

Special commissions would be appointed to provide employment for those out of work, according to their precedence on the list of unemployed.

Employers Oppose

The employers, in declaring their opposition to the bill, assert it would deprive them of technical independence, which, they say, is indispensible to successful operation of the plants. They maintain they must be free to dismiss and engage workmen if discipline is to be guaranteed. The employers also strongly oppose interference by the workers in the financial departments of the industries, especially in the buying of raw materials, which they point to as one of the most delicate details of each business, concerning not the workers, but the business rivals of the various plants.

Signor Terracini opposes both the government and the employers, asserting any participation by the men in the management of industries must be purely destructive; that participation by the men can not assist, but must hinder development of the life of the factories.

Divergent views are expressed by members of the General Confederation of Labor, was added by Signor Daragona, Socialist member of the chamber of deputies, some holding that participation of the men should be especially aimed at, gaining direct control of the factories as a first step towards socialization of the means of production.

CAREFULLY GUARD THE AMBASSADOR

Geddes Arrives at Liverpool; Leaves Today for Paris Conference.

LONDON, Jan. 24.—Sir Auckland Geddes, the British ambassador to the United States, who arrived here today from New York, is expected to leave tomorrow for Paris to confer with Lloyd George and Earl Curzon of Keddleston, the secretary of state for foreign affairs.

The ambassador will not stay abroad more than a month.

The police closely guarded the movements of Sir Auckland from the ship to the train at Liverpool on his arrival, and also at the station in London. Permits to the landing station at Liverpool were denied all persons except officials who went there to greet the ambassador. No one was permitted to interview either the ambassador or his secretary.

STEEL OUTLOOK NONE TOO GOOD

SYDNEY, N. S. Jan. 24.—(Canadian Press)—An official of the Dominion Steel Corporation, interviewed by a local paper today, expressed the view that unless new business was booked the plant would suspend operations next week. Up to the present the plant has been working on the outstanding orders and the outlook is none too good.

MINISTER DENIES RUMORS OF LOAN

No Necessity for Such Operation at Present, Declares French Director-General.

NEW YORK, Jan. 24.—Rumors that a loan of $100,000,000 was about to be negotiated in the United States by the Franch government, were denied today by M. Maurice Casenave, minister plenipotentiary, director-general of the French services in the United States, who in a statement said there was no necessity for such an operation at this time.

M. Casenave said the French government had made arrangements to pay on Feb. 1 of this year, $10,000,000 to the Uited States treasury, being semi-annual interest on the $400,000,000 bonds of the Franch government delivered in payment for United States army materials purchased after the signing of the armistice. He also said France would pay, to Kuhn, Loeb & Co., $25,800,000 of the balance of a loan of $45,000,000 which the cities of Lyons, Marseilles and Bordeaux jointy placed on the United States market.

ELECTRIFICATION IS UNDER CONSIDERATION

TORONTO, Jan. 24.—Premier Drury stated that the electrification of the T. & N. O. railway is under consideration. He has instructed George Lee, chairman of the railway, to look into the matter and gather all the data together.

MAY WEAR HATS AND USE POWDER

DES MOINES, Iowa, Jan. 24. — Special concessions were granted to women jurors in the Polk county district court today by Judge J. D. Wallingford, who announced that they may wear hats in the jury box and that time will be given them to powder their faces during court sessions.

LABOR MINISTER VISITS MONTREAL

Will Look Into Grievances of the Unemployed Returned Men.

OTTAWA, Jan. 24.—(Canadian Press)—Hon. G. D. Robertson, minister of labor, will pay a visit to Montreal tomorrow. It is understood that he will look into some of the complaints which were voiced by a delegation representative of unemployed returned soldiers which interviewed the minister here recently. The delegation stated that the situation in Montreal was bad and that the civil authorities were doing practically nothing to alleviate it.

Opposition Leader Attacks Japanese Government for Keeping Troops in Siberia

TOKIO, Jan. 24.—Viscount Kato, the opposition leader, today in a speech in the diet, attacked the government for keeping troops in Siberia. He declared there was no justification for maintaining Japanese troops there, and that their presence there would never result in a settlement of the Russian problem.

Premier Hara, in reply, said that he would like to withdraw these troops, but that he believed their maintenance in Siberia was necessary in the interest of Japan's national defense.

ALL-METAL PLANE CREATES RECORD

Flies From Brandon to Saskatoon in Ten Minutes Under Three Hours.

SASKATOON, Jan. 24.—Covering 360 miles in two hours and 50 minutes, the second all-metal monoplane, owned by the Imperial Oil company, made a record flight from Brandon, Man., to Saskatoon today. A leak discovered in the radiator may necessitate a delay of one day. If the puncture is not mended by one o'clock tomorrow afternoon, the machine will not attempt the leg of the flight to Edmonton until Wednesday.

Lieutenant Dick Myers, of New York, a special representative of the J. H. L. Aircraft Corporation, piloted the machine from Brandon. With him were Captain George Gorman, Mechanic Pete Derbyshire, of Edmonton, and Mechanic Ernest Buehl, of New York, also an expert in the repairing, rigging and operation of "Junker" airships. A brisk wind sped the machine on its course from Brandon. At no time did the plane rise higher than 2000 feet, and the weather was perfect for the trip.

The landing was made at 2:57 o'clock. The aviators were met by Major L. F. Breadner, of the Canadian Air board, Lieut. McClelland, local aviator, and newspaper men. Later in the afternoon a considerable crowd of spectators flocked to the flying field and gazed in wonderment at the huge, corrugated iron bulk of the ship.

ANGLO-RUSSIAN AGREEMENT BARS ANTI-BRITISH ASIATIC PROPAGANDA

LONDON, Jan. 24.—The terms of the British-Russian preliminary trade agreement, which Leonid Krassin, the Soviet representative, has taken to Moscow for consideration officially, have been made public.

The most important terms follow:

Each party agrees to refrain from hostile action or propaganda outside its border against the other's institutions.

The Soviet particularly agrees to refrain from any encouragement of Asiatic peoples to action against British interests, especially in Persia, Afghanistan and India.

British subjects in Russia and Russians in Great Britain will be permitted to return to their homes if they so desire. Each agrees not to impose any form of blockade against the other or any discriminations against trade not imposed on other foreign countries. Ships to the other's harbors shall receive the treatment usually accorded foreign merchant ships by commercial nations.

Clear Mines From Baltic

The agreement provides for the clearance of mines from the Baltic and the approaches to Russia and the exchange of information regarding mines. It provides for the admission of both countries of persons appointed to carry out the agreement, but with the right to restrict them to specified areas and the exclusion of any who are persona non-grata and also free communication and exemption from taxation. A renewal of telegraphic and postal facilities, including parcels post, will be arranged.

Great Britain agrees to refrain from attaching any gold securities or commodities, not indentifiable as British goernment property, which may be exported from Russia, as payment for imports or securities for payment, and to refrain as well from legislation against the importation of specie or buillion from Russia and from requisitioning such.

The preamble sets forth that the agreement is necessary "pending the conclusion of a formal general treaty between these governments, whereby the economic and political relations shall be regulated in the future."

May Terminate by Notice

The agreement shall continue in force until the treaty is arranged, except that either may, after a year, give six months' notice of its termination.

Infringement by either government frees the other from its obligations, but the aggrieved party shall give the other a reasonable opportunity of explaining or remedying the default.

The Russian government recognizes in principle that it is liable to pay commission to private persons who have supplied goods or services to Russia. All claims of either government or its nationals, against the other in respect of obligations incurred by existing or former governments, shall be equitably dealt with by the treaty.

FIRE WREAKS DAMAGE IN CALENDAR VILLAGE

NORTH BAY, Ont. 24.—A destructive fire this afternoon in the village of Calendar, about seven miles from this city, destroyed Wilsons' grocery store, Dr. Shaw's drug store and the hydro-electric company's power line from Nipissing, besides seriously disturbing the service on the telephone party lines.

As a result, the town of North Bay was without electric lights tonight.

CIVILIANS ATTACK MILITARY FORCES

Several Clashes, With Small Casualties, Occur in Ireland Sunday.

DUBLIN, Jan. 24. — Civilian attacks on the police and military in various sections of the country continued Sunday.

Early today there was a simultaneous attack by 100 civilians on the police and military barracks, which adjoin each other in the center of the town of Bandon, County Clare. There was severe fighting for nearly an hour which resulted in the attacking party being beaten off. The crown forces suffered no casualties, but one civilian is known to have been killed.

There was fierce fighting Sunday when a large body of armed men attacked the Glenbower police barracks near Clonnel. The civilians were beaten off. No casualties were reported. One civilian was killed and one wounded when an attack was made upon a small body of police. The attacking party finally withdrew after having captured a motor and arms.

Intern Non-Catholic Minister

BELFAST, Jan. 24.—The military authorities refuse to give any information concerning the arrest of Rev. J. A. Irwin, a physician minister, who delivered addresses in the United States when Eamonn De Valera was touring that country. The minister has been sent to the Ballykinlar internment camp, where he is probably the sole non-Catholic prisoner.

Interest in the case of the minister has been heightened by an interview with "Gypsy" Smith, the evangelist, published in the Belfast Telegraph. Smith ridiculed the reception given De Valera and the Rev. Irwin in Georgia, to which the Rev. Irwin wrote a long reply testifying to the enthusiastic nature of the reception accorded Le Valera.

Ambush Patrol

DUBLIN, Jan. 24.—A police and military patrol was ambushed today near New Birmingham, Tipperary. A sergeant and private of the Lincoln regiment were shot dead and three constables were wounded.

INNKEEPER'S WIDOW GETS LARGE ESTATE

WINDSOR, Ont., Jan. 24.—Papers of administration giving complete charge of the Beverley (Babe) Trumble estate to Mrs. Trumble, were issued Saturday by the county clerk of Sandwich.

Trumble was shot and killed two months ago by J. O. L. Spracklin, license inspector, while the latter was inspecting the Chappell house, Trumble's roadhouse.

Mrs. Trumble will have charge of an estate which amounts to $80,000.

BEAUTY SPECIALIST TELLS SECRET

A Beauty Specialist Gives Home Made Recipe to Darken Gray Hair

Mrs. M. D. Gillespie, a well-known beauty specialist of Kansas City, recently gave out the following statement regarding gray hair:

"Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Orlex Compound and ¼ ounces of glycerine.

"These ingredients can be purchased at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off."

Many Women Are Taking Bitro-Phosphate Now

Women lacking in nerve force and whose minds are not as keen as in days gone by are fast finding that organic phosphate is the one element that their impoverished nerve and blood cells need.

Bitro-Phosphate, for which the Canada Drug and Book Co. has such a large demand, is ordered by physicians because with its use comes the spirited buoyancy and energy of youth. It feeds the nerve, brain and blood cells just the food nature intends strong healthy people to have, and is a safe inexpensive upbuilder.

CAPTAIN STREETER DIES IN CHICAGO

Widow May Carry on Litigation in "Billion Dollar Triangle" Dispute.

CHICAGO, Jan. 24. — Captain George Wallingford Streeter, chief figure in one of the most picturesque legal struggles ever staged in Chicago, concerning the ownership of a parcel of land on the lake front known as the Billion-dollar triangle, died Sunday night on a house boat moored at a dock in the East Indiana harbor canal.

The houseboat had been his headquarters for campaigns against the city of Chicago which he staked in his repeated efforts to gain the lake lake shore property he claimed was his by right of first possession. It was reported that his widow would continue the fight for possession of Streeterville, or "The district of Lake Michigan," as it was termed by Captain Streeter.

Captain Streeter has been fighting since 1886 to establish his claim to one of the most valuable sections of Chicago's lake front. In that year, his schooner, the Routan, stranded on the beach during a storm. Captain Streeter built a breakwater about the steamer about 50 feet off shore and made it his home. The rapidly shifting sands filled in the space between the boat and the shore, and in time 193 acres was added to the city's area. It was this land which Captain Streeter has fought for.

In 1915 the court ruled that Streeer had no title to the property and his brick dwelling which had succeeded the steamer domicile was wrecked by deputy sheriffs.

The site of Captain Streeter's district is part of Chicago's famous "Gold Cost," and is now covered by more than a dozen skyscraper apartment buildings and hotels.

Streeterville was at one time fortified by Streeter, and withstood many assaults by the police, but was finally captured.

Streeter was sentenced to life imprisonment in 1900 as the result of a man being killed during an attack on his castle, but he was later released.

Veteran of Many Wars and Klondyke Pioneer Dies at Dawson City

DAWSON, Y. T., Jan. 24.—Veteran of the Nile expedition of '82, the South African war of '98, the East African campaign and the great war, Andrew Hart, noted pioneer Yukon miner and Dawson fire chief, died suddenly this morning from heart failure at the age of 60. He was a native of Cupar, Fifeshire, Scotland. He came to the Yukon 27 years ago, and he was the first man to take the news over the ice of the great Klondyke gold strike in 1896 from Dawson to Circle City, then the metropolis of the Yukon.

INSTITUTE PROGRAM TO BE UNTECHNICAL

The annual meeting of the British Columbia division of the Canadian Institute of Mining and Metallurgy will be held in Vancouver, on Feb. 9 to 12.

The program that has been arranged possesses some novel features. Instead of the customary presentation of highly technical papers, there will be a series of informal discussions on matters of timely interest. The subjects selected for discussion include: "Metallurgical Problems of British Columbia," "Fuel Supplies and Substitutes in British Columbia," "Geology in Relation to Mining in British Columbia," and "The Relation of the C.M.M. to Government." In addition there will be two popular lectures on the theme of "Town Planning with Special Reference to Mining Camps," by T. B. Adams, of the conservation commission, and the other by Col. Leckie, C.B., D.S.O., on the campaign in Northern Russia."

The social side of the meeting is also receiving due attention. The Vancouver branch of the division will give a luncheon to visiting members and guests on Feb. 9. On the following day the members will be the guests of the Vancouver board of trade at luncheon. On the evening of Feb. 10 there will be a smoker at which a playlet will be presented by the dramatic club of the University of British Columbia, and on the evening of the 11th, the annual Dinner will be held at which the chief speaker will be the minister of Mines. The fourth day of the meeting will be occupied by excursions to engineering works in the vicinity of Vancouver. The meetings of the institute, it may be mentioned, are open to the public, and it is hoped that all interested in our great basic industry, whether members or not, will avail themselves of the opportunity of being present.

CHARGES YOUTH ON STRENGTH OF VISION

PHILADELPHIA, Jan. 24.—Charles Edwin King, 21 years old, was arrested today charged with the killing of Arlino May Stout, 17 year old high school girl, who was found dead in her home on Oct. 10, with a bullet wound in her shoulder.

King declared that he was innocent.

A vision at the side of his daughter's grave, F. M. Stout, the girl's father, said, led him to have the warrant issued for King's arrest.

"I went to my daughter's grave on Saturday," he said, "and while I stood there, a vision appeared over the grave and Arlino stood there. 'Father,' she told me, 'go and see Edwin. He can tell you all.'

"She told me she had spoken to Edwin several times and tried to induce him to tell the truth."

At the time of Miss Stout's death, the police expressed the belief that she had either committed suicide or killed herself accidentally.

SEES KILLING, AND BURNING OF SHACK

STE. SCHOLASTIQUE, Que., Jan. 24 (Canadian Press).—Paul Hecko, the 16-year-old boy who was arrested in Hamilton in connection with the accidental shooting and death of a boy, Camille Sodin, here last year, was the principal witness this afternoon in the trial of Armand Beauregard, who is charged with the murder of James Brooks at Montfort, in December, 1919.

Hecko, who occasionally glanced at the accused with a look of fear in his eyes, told the story of the incidents leading up to his meeting with Beauregard and explained how he had seen the latter shoot and kill Brooks and later burn the shack in which the three had stayed the night.

The case was adjourned until tomorrow.

MOUNTAIN LUMBERMEN CHOOSE EXECUTIVE

CALGARY, Jan. 24.—A. Leitch, of the East Kootenay Lumber Company, Ltd., Jaffray, was elected president of the Mountain Lumbermen's Manufacturers' association, at a meeting in the Palliser hotel this afternoon. H. B. Cornell, of olden, was elected vice-president, and I. R. Poole, of Nelson, was re-elected secretary of the association. Directors will be elected today. The retiring president is E. L. Staples, of the Otis-Staples Lumber Company, Ltd., Wycliffe.

A strong deputation from the Mountain Lumbermen's Manufacturers association will attend the meeting of the Western Retail Lumber Dealers' association, to be held in Winnipeg on Jan. 26 and 27, when price adjustment will be discussed.

HOT DOSE FOR A HEN

A woman who was just learning how to take care of a few chickens had one sick hen. Something seemed to be wrong with the bird's throat. Without consulting books or more experienced neighbors, she dosed the poor suffering hen with three teaspoonfuls of straight kerosene, a tablespoonful of castor oil, and fed only bread soaked in water and sprinkled with red pepper. What must her poor little insides be like!

It would be well to remember in treating hens that they are living, suffering creatures, and some regard must be had for their comfort.

Kerosene and turpentine are both used for medicinal purposes, but either should be mixed with an equal quantity of sweet oil or melted lard. A diet of bread, water and red pepper is likely to cause inflammation of the crop. Stimulants for the reproductive organs will in time cause serious disturbances.

Good luck in curing hens of disease is likely to bring more sick hens to be cured.

A MOUSE-EATING TOAD

The voracity of the toad in devouring earthworms, beetles, earwigs and other creeping things, is well known, but it is an extremely rare occurrence for the animal to take a living mouse. Still, a circumstantial account is given of a toad at Portsmouth, England, that followed a mouse, not quite full grown, and suddenly drew it into its mouth. The mouth showed the dazed and fascinated signs that it exhibits in the presence of snakes and larger lizards. Dr. J. A. Boulanger has stated that he offered a tame toad very small mice, and they were eaten with avidity, and he believed that a toad will take any sort of live prey that it is able to swallow.

The branches of the tamarack tree droop and sometimes take root, forming a natural arch.

IS CRUSHED TO DEATH BY LOGS

James Frame Accidentally Killed at Kitchener While Jammed Log Skid.

James Frame, superintendent of the Cranbrook Sask and Door company, was crushed to death by a fall of logs on a skid on which he was working at Kitchener yesterday morning. He was, it is believed, loosening the *logs jammed in the skid preparatory* to their being loaded on sleighs for hauling, when the higher logs broke away and overwhelmed him. It was held that death was instantaneous, as life was found to be extinct when he was freed a few minutes afterwards by other skid workers. His body was brought to the city on the Crow boat last night and is now at the undertaking parlors of the Standard Furniture company.

Mr. Frame was well known in this district, where for nine years he was in the employ of the A. G. Lambert company, being their bush foreman for a number of years. He left their employ to enter the service of the Cranbrook Sash & Door company. His wife, formerly a Miss Patterson, daughter of Mr. and Mrs. Lawrence Patterson, previously of Nelson, and now of Trail died in Spokane hospital two years ago. He leaves one child, a boy, between four and five years of age.

Saskatoon Crescents Run Banned Men in Their Line-up

MOOSE JAW, Jan. 24.—With Slim Henderson and Bobbie Benson, two of Saskatoon's players, declared ineligible to play in the Saskatchewan hockey league, the Saskatoon Crescents defeated Moose Jaw here tonight 3 to 2. The game was played under protest and Halderson and Benson were in the line-up for Saskatoon. Secretary Shave was notified before the game that the Manitoba Hockey association had refused to grant cards to the two former Falcon players. It was stated that if the two banned players performed, the winners of the S. A. H. A. *would not be allowed to play for the* Allan cup.

Officials have not decided what they will do in the matter, but if the two star Saskatoon players are refused permission to play, it means the probable break-up of the league.

WEYBURN AGAIN DEFEATED

REGINA, Jan. 24.—Weyburn maintained its record in the S. A. H. A., by failing to win a single senior league fixture when they were defeated here tonight by the Vics of Regina six to two.

ANGLICAN CHURCH HAS ANNUAL MEET

Preceded by Dinner; Pass Financial Statements and Elect Wardens.

Fully two hundred and fifty members of St. Saviour's church congregation sat down to dinner yesterday, previous to the annual vestry meeting in Eagle Hall last evening.

Dinner over, the first business of the meeting was the passing of financial statements relating to balance sheet, building fund, women's auxiliary, (senior and girls') altar guild, parish guild, association of church helpers, Churchmen's club, Daughters of the King, Mothers' club, Young Mens' club and Boys Bible class.

These several statements were spoken to by the respective administrators and covered in agneral address by the rector, Rev. Fred H. Graham. The whole were passed with mutual congratulations on the satisfactory financial showing and the wide social scope of the church's activities.

Leslie Craufurd was re-elected the peoples' warden, and Fred Irvine was re-appointed rector's warden. The church committee as elected consists of J. H. D. Benson, C. W. Busk, L. B. DeVeber, R. G. Joy, T. L. Bloomer, W. R. C. Campion, H. W. Robertson, W. B. Bamford and D. A. McFarland.

Fred Irvine, Leslie Craufurd and C. W. Busk were elected lay delegates to the synod and A. S. Horswill, T. L. Bloomer, T. Metcalfe and L. B. DeVeber substitute delegates.

P. G. Morey was elected auditor. Votes of thanks were generously accorded to all church workers, with special reference to the Sunday school helpers.

Following the business of the meeting an impromptu dance was held and thoroughly enjoyed by all.

Much Money Raised.

In the portion of the evening devoted to finances, it was brought out that the past year was a notable one in the history of the parish, from the point of view of funds raised.

Total collections and donations amounted to $4,045.48 and in addition, $375 was received from the Sunday school, $687.80 from the Association of Church Helpers, $25 from St. Andrew's, Willow Point, $54 from the Churchman's club, and $5 each from the Women's auxiliary and the Young Men's club. Total disbursements were $7,288, of which amount $2,845.07 was for salaries. Payments on various loans totalled $1,005, and $202.24 was applied to outstanding accounts of the previous year. The assets of the parish are figured at $13,612.16. The liabilities shown against these assets amount only to $1,363.33.

The building fund was shown to have assets amounting to $7,526.31, including sums added during the year, to the aggregate of $1,600.31.

The Mothers' club reported assets of $3,146.52.

Of the other organizations, the association of Church Helpers applied $687.80 out of its total revenue of $829.99, on account of the purchase of lots, and the Sunday school reported its aggregate raised at $617.50 All the other organizations did proportionately well.

MILLIONAIRES WIN FROM ARISTOCRATS

"Cyclone" Taylor Strikes Form; Scores for Vancouver; Fast Game.

VANCOUVER, Jan. 24.—Before a record attendance of well over 8,000 fans, Vancouver tonight administered a 5 to 2 defeat to Victoria in what probably was the fastest game played here *this season.* It was a remarkably clean game, too. "Cyclone" Taylor made his initial appearance, and experienced little difficulty in getting into form. He scored one of the goals in the first period, and assisted in another in the second. Fowler, the Aristocrats' goalie, was showered with shots, and some of his saves were loudly applauded.

KEEP ITS FLAG FLOATING HIGH

Young Men's Christian Association Discusses Year's Work at Banquet.

Determination to keep the Y. M. C. A. flag floating high characterized the annual meeting and banquet of the local institution last night, at which some 25 citizens were present. President R. Smillie was in the chair.

The speakers included A. McAllister, general secretary of the Vancouver Y. M. C. A., President Smillie, Mayor C. F. McHardy, Judge J. O. Forin, Capt. W. F. Tait and Walter Kettlewell.

Mr. Smillie, gave a broad accounting of the activites of the institution during the past year, and also spoke of the outlook for the future. He expressed the view that the Y. M. C. A., was not getting the support that it should fro mthe citizens of Nelson.

Capt. Tait, general secretary, reported that the present membership included 105 boys, 40 girls, and 75 men and that the institution was being used by 58 members of the C. S. E. T. and C. G. I. T., as well as by 30 boys of the Cadet corps forming a total regular membership of 308.

Capt. Tait commended on the good work done by Griffith Morris, physical instructor and the members of the Womens Auxiliary, and on the support given by some of the directors.

J. R. Hunter reported that the floating debt was $2660. There is also a $7000 mortgage.

Mrs. H. E. Dill, president of the Women's Auxiliary in her statement of the work done by the members of that organization, said that $263 had been raised. Of this $167 had been expended for linen, and $48 was in the bank.

The physical report for the year read by W. Kettlewell, chairman of the physical board, proved the work to have been done in thoroughly satisfactory manner. It was pointed out, however, that more backing and help was required.

Mr. McAllister delivered an interesting talk on the absolute necessity of an institution like the Y. M. C. A. to Nelson stating that the Y. M. C. A. did a certain work towards the building of character in the boys and girls of the city that no other organization or church could replace, and that it would be a blot on the honor of the citizens of the town if through their lack of interest the institution was forced to close.

A vote of thanks to Mr. McAllister was moved by Mayor C. F. McHardy seconded by Judge Forin and duly extended to the visitors.

The nominees for the board of directors not being in excess of the number required for directors, all the nominess were declared elected. The new board thus consists of A. S. Horswill, Dr. A. H. Wallace, W. H. Jones, E. P. Brake, Dr. E. G. Smyth, Gerald S. Rees, and W. B. Bamford.

ESCORTS CONVICTS TO OAKALLA PRISON FARM

Six prisoners of the provincial jail in this city left on the Kettle Valley train last night under the escort of provincial constable Hugh S. King to serve their sentences in other institutions. George Simpson and William Ellison, under sentence of two years' hard labor for burglary at Creston, were being taken to the provincial penetentiary, at New Westminster. O. Johnson, J. Bush and E. Robbins, under sentence of one year each, and C. Powell, under sentence of 28 months, were being taken to Okalla prison farm.

WANDERERS WIN OVER VICS IN JUNIOR GAME

The Wanderers slipped another victory over the Vics at the skating rink last night in the city junior hockey league series, coming out at the long end of a 7-6 goal score. It was fast junior play with lots of fair combination. Both sides were evenly matched and the victory might easily have rested with either side. Two goals fell to the Wanderers in the first period. In the second scoring was even, the Wanderers advancing their score to five while the Vics put three across. The Vics looked as though they would get away with the victory in the third when they evened up the score and then led with a score of six. The Wanderers came back in the last four minutes however and put in two more tallies.

The lineup was:

KAISER BRONCHITIS IN EXILE

Thousands Liberated

What! have you not heard the joyful tidings? Bronchitis has been exiled—kicked right out of society—and 100,000 Canadians liberated from the bondage of this disease. Every trace of bronchial trouble is blown to atoms by the world's most effective disease-destroyer, Buckley's Bronchitis Mixture. No wonder people are rejoicing! No longer do they dread the effects of coughs, colds, asthma, etc., and so anxious are they that others should benefit also, hundreds of letters have been written proclaiming the merits of this wonderful miraculous remedy. Here is one letter:—To Whom it may Concern: "This is to certify that I had been suffering for over three weeks with bronchitis and was advised to try Buckley's Bronchitis Mixture. I purchased a bottle and after the third dose I received relief, and before the bottle was finished, I was perfectly well. In making the above assertion I have no hesitation in saying it is the best remedy I ever came in contact with for heavy colds and bronchitis."—(Signed), Mrs. M. Harding, c/o Dustless Brush Co., Toronto. The original of this testimonial may be seen at W. K. Buckley, Limited, 142 Mutual St., Toronto. This mixture, proven in thousands of Canadian households, will give you sure relief. It cannot fail. Seventy-five cents is the price that stands between you and the road to health. Take no substitute—insist on the bottle with the "Satisfaction guaranteed, or money refunded." Ask your druggist. 19

National Chorus CONDUCTOR

Dr. Albert Ham, *of Toronto*, conductor of the famous National Chorus, says, —"PEPs are excellent, and you are at liberty to publish this expression of my opinion."

Madam Clara Butt, writing on behalf of herself and husband, Mr. Kennerley Rumford, says,—"We have formed the very highest opinion of PEPs after using them regularly for some considerable time. They are quite unique in their invigorating effect upon the throat and chest."

PEPs strike directly at the seat of lung and throat troubles. As they dissolve, they release rich, healing pine fumes, which are breathed down right to the lungs. Cough mixtures, syrups, etc., only go to the stomach.

For hoarseness, sore throat, coughs, colds, bronchitis, asthma and all ailments of the throat, chest, and lungs, PEPs are best. Sold in tin boxes. 50c. box, all druggists and stores, or postpaid from PEPs Co., Toronto, Winnipeg, or Montreal.

INDIAN RIOTERS THREAT TO ANNIHILATE POLICE

LONDON, Jan. 24.—A Reuter dispatch from Allahabad, India, dated today, says fresh rioting has broken out in the Fyzabad district, and troops are proceeding there from Lucknow.

The rioters are estimated to number 10,000, and the dispatch says thousands of others are pouring into Fyzabad with the intention of annihilating the police. The situation is regarded as serious, according to the correspondent.

COMMON DISEASES OFTEN DANGEROUS

Chiefly Does the Ordinary Cold Require Prompt Treatment.

A cold in the head will sow the seeds of acute disease unless it is treated promptly. Even when the cold does work itself off it leaves the patient weakened and liable to an attack from disease. When a cold in the head appears, check the fever, relax the soreness of muscles and tone up the system to fight the after-weakness.

Grip-Fix, a preparation which has been used for colds in the head for years, will do this work, and with wonderful results. It is prompt, relieving a bad cold in a night and a case of grippe in forty-eight hours. In its capsule form the ingredients of Grip-Fix are noted on every box and would be approved by any physician. Sold by all druggists at 35c a box. (Advt.)

Competition in Armament and the Cost of War

While Lord Grey is warning Great Britain and the world that continued competition in armaments will certainly result in another war, even more destructive than the last, Archibald Hurd, a well-known and well-informed British writer on naval affairs, is warning his countrymen of the dangers of a naval holiday. He declares that should Great Britain enter into an intrnational compact for a naval holiday, extending over a period of five years, it would mean the death-knell of the British fleet, unless provision were made for the maintenance of armor and munition plants. At the end of the five years Great Britain, Mr. Hurd says, might awaken to find that she needed a navy but had not the means of creating one, because the special plants required for the manufacture of armor and munitions would have been scrapped. This would not matter so much if all the other parties to the agreement found themselves in a similar position; but, according to Mr. Hurd, both the United States and Japan would be in a better position, because they have already in hand sufficient work to keep their plants going.

The problem of disarmament is not so simple as it may appear on the surface. International fears, suspicions and prejudices are always to be reckoned with. And no doubt some of the difficulties foreseen are real enough; yet when the peoples of the great nations realize that competition in armaments must lead to another war, even more terrible than the last, they will choose the lesser danger rather than the grater.

The essential point, of course, is that an agreement should be reached. No nation wants to leave itself at the mercy of another.

In this connection it is interesting to note the following from the records of the British house of commons:

Mr. Lloyd George, replying to Sir A. Shirley Benn (Plymouth, Drake, C.U.), said the government were considering whether a return, showing the cost of the Great War to each nation which had been engaged in it, could be compiled without labor or expense disproportionate to its value.

Sir A. Shirley Benn—Is the right hon. gentleman aware that it is reported that there were 30,000,000 casualties, including 9,000,000 deaths, and that the cost amounted to £50,000,000,000 direct and £67,000,000,000 indirect, and would it not be advisable to have an authoritative statement to hand down to future generations, so that they might know what war meant? (Hear, hear).

Mr. Lloyd George—These figures are substantially accurate. I agree it would be very desirable, if possible, to get full returns, but it does not depend entirely upon this country. It involves investigations abroad, and in some countries where the losses were very heavy the return would be at the best, conjecture. In Russia, Austria and Turkey we could not get anything like accurate estimates.

REQUESTED RECIPES

Mother-Housekeeper. Answer: Your six sons will not find this recipe "too stingy": Pop-Overs for a Large Family: 3 cups milk, 3 eggs, 3 cups flour, 1 tablespoon butter. Beat the egg yolks, add the milk and stir well, add the flour and mix, then the stiffly-beaten egg whites. The very last thing add the melted butter. Put into buttered gem pans; allowing two tablespoons of the batter to one puff.

C. G. B. Answer: These cookies will keep well: ½ cup butter, 1 cup sugar, ½ cup milk, 2 eggs, 2 cups flour, ½ teaspoon soda. Cream the butter and sugar together, add the egg yolks well beaten, then the milk and stir well; sift the soda with the flour and add this next, then the egg whites beaten stiff. Mix well, turn out onto a board and roll thin, cut in rounds and bake in a quick oven.

High School Girl. Answer: I think it is nice for young girls to learn chafing dish cookery for, as you say, it is a good way to offer hospitality to the boys who have entertained you. Here is the recipe you request: Cheese Rabbit with Tomatoes: Cut enough American cheese into small cubes to fill two cups. Now melt 1 tablespoon of butter in the chafing dish, add ¾ cup of tomato pulp (drain the juice from one can and use the pulp) ½ teaspoon salt and a pinch of red pepper. Let this mixture boil up in the chafing dish once or twice, then add the cubed cheese and stir steadily until the cheese is melted and smooth. Now add 1-3 teaspoon of soda dissolved in a very little warm water to the mixture (this will keep the tomato and cream from separating) and then add ¾ of a cup of cream or top milk which has been beaten with 1 egg; mix as quickly as possible and pour over toasted bread or saltines, and serve.

On Thursday next—January 27—I shall publish an article on "Correct Equipment for Chafing Dish Cookery," *in answer to another inquirer*, and you may be interested in this also.

Bride-Reader. Answer: From the description you gave of the dish, I should say your hostess had served the following: Cheese-and-Potato Puffs: 1 cup mashed potato, ¾ cup milk, 1 egg, salt, ½ cup grated cheese. Beat the potatoes and milk together until creamy, then add the egg and the salt. Add cheese next, mixing well, and bake in muffin-tins in a slow oven for about 12 minutes.

Mrs. W. A. Answer: Your idea is a splendid one, of using the egg-yolks left over after making cake frosting with the whites, for soups. The following Onion Soup calls for two yolks and is delicious: 2 pints water, 1¼ pint milk, 3 Spanish onions, ½ turnip, 2 strips celery, 1 ounce butter, 1 ounce flour, yolks of 2 eggs, salt, pepper, a bay leaf and a blade of mace. Cut turnip and celery into small pieces, peel and slice the onions, and put these vegetables with 2 pints of boiling water into a saucepan together with the bay leaf, the mace, salt and pepper; let simmer until all ingredients are tender (this will be about 1 hour). Rub through a sieve, return to fire, add the milk and when boiling stir in the flour and butter which you have previously rubbed well together. Let simmer a few minutes longer, then let the soup cool slightly; beat the egg-yolks with a little milk, pour them into the soup, and stir until thick. Serve at once.

THE CASE AGAINST P.R.

Recommendation will be made to the Ontario legislature at the forthcoming session that a trial of proportional representation be made in two parts of the provinces. It is proposed that two electoral districts for the trial be set up in the east and the west, the one in the east to include Ottawa and comprise the counties of Lanark, Grenville, Carleton and Leeds, and the one in the west to include the city of Hamilton and comprise the counties of Brant, Oxford and Waterloo. Members of the legislature would be elected in these districts by preference voting.

Advocates of proportional representation in Canada have mostly had the floor to themselves. The general public has not manifested much interest in it, and so those who are opposed to it have not bothered to combat its protagonists. But with the definite move for its adoption in this province, its opponents are becoming active. Opposition to the recommendation of the proportional represetation committee of the legislature for the application of the scheme to the two districts mentioned is being organized by a society with headquarters in Toronto which was formed to combat proportional representation. This society is the "British Representation League," and it has in its membership many prominent business and professional men of Toronto.

The British Representation League is fighting proportional representation on the ground that it is a departure from the traditional and world-admired British representation system — that it would substitute for the British system of responsible government a system of group government foreign to British ideas and ideals. With particular reference to its applications to Canada, it asserts that group representation would stand in the way of the welding of the races and the conversion of immigrants from foreign lands into Canadians, tending to de-Canadianize them, keeping them divided in classes on lines of race and creed; that by making for log-rolling, dickering and bargaining, such classes and other groups of faddists and sectionalists would secure a control over legislation without themselves being directly under control of the people.

Under the British system, there is generally stability of government. The party returned to office usually has a sufficient majority to conduct the administration. The government is answerable to the people for its conduct and its policies. Under the system of group government, it is contended, one party or group seldom has a majority in a legislature. It must make some kind of a bargain with one or more of the other groups. In the countries which have group representation, the government changes frequently but without the people having a hand in the change. The alliance among groups upon which the administration is founded may dissolve; another alliance is formed and the bargain involves giving effect to the particular aims of the new groups taken into the government. Nearly always the administration rests on some sort of compromise.

Other strong arguments are advanced by the British Representation league against the system. Its complicated character and the size of the electoral districts, it is urged, would lessen the interest of the people in elections and make more difficult the selection of the best men. Under proportional representation in Winnipeg the ballots were counted thirty times or more and almost a week elapsed before the result was definitely known. In a Tasmanian election it was necessary to count the ballots more than one hundred times. In the electoral district it is proposed to set up in Eastern Ontario to include Ottawa there would be perhaps from thirty to fifty candidates from various parts of the several counties. Ottawa voters would know little about them. As it is, only a small part of the electors take the trouble to mark ballots. How many, it is asked, would go to the trouble of picking candidates from such an assortment and marking five preferences on their ballots? It is also urged that while the expenses of conducting an election campaign under the present system with small constituencies keeps many good men out of politics, the cost in a large district of several counties would be many times greater.

It is claimed that in the Winnipeg experiment when proportional representation was the method used in the election for the legislature even the objects of the advocates of the system were not attained. Mr. John MacNichol, president of the British Representation league, says of this matter:

"The Winnipeg parliamentary election, which was carried on under "P. R." regulations, appears to have been a pronounced failure, at least as far as the claims of "P. R." are concerned. Thirteen per cent. of the electors voted for the Independents, but none were elected; 13.7 per cent. voted Conservative and two were elected; 30.4 per cent. voted Liberal and four were elected; 42.5 per cent. voted Labor-Socialist and four were elected. Three of the latter group had previously been tried for sedition and were or are now serving terms in the penitentiary. They were elected as a result of "ticket" plumping. The groups were not returned in accordance with their apparent strength. The electoral machinery was costly, and the citizens were exasperated through a week of counting ballots to learn the victors. It is still a puzzle to figure how the Labor-Socialists only returned four members, considering that they secured such a large percentage of the first preferences as well as their share of transfers.

The demands of creeds, and classes have not been ignored in our Legislatures under the present system. They have had their champions among the two parties. But under our system, members of the Legislatures feel that they are elected to represent the country's interests as a whole, nt merely the interests of their particular race or class. The present system is a system of majority rule. The British Representation league opposes the substitution for it of a system of minority and class rule.—Ottawa Journal.

ANCIENT ART OF CANDY MAKING

Ancient Egypt never heard of cane sugar or any kind of sugar, but the Royal Pharoahs enjoyed pure candy made from honey, flour and nut meats. Today we call it Turkish paste.

The Romans were highly skilled sweet-makers and used almonds and honey.

Sugar was introduced into America by the Spaniards in 1520.

In the sixteenth century a "sugar baker" was a man who boiled raw sugar and refined it sufficiently well to make it fit for consumption.

Candy-makers and candy stores began to make their appearance in Europe in the latter part of the sixteenth century.

The first candy-makers' guilds or fraternities were formed in Bordeaux and Caen, France, in 1650.

The first candy pedlars appeared on the streets of London in 1680.

In the olden days the pharmacists or druggists were the only men who sold candy or sugar, and they used it only in medicine.

Shakespeare knew much about candy, for he wrote in "A Midsummer Night's Dream" as follows: "Sweetmeats, messengers of strong prevailment in unhardened youth." He knew that even in those far-off days many a maid was wooed and won with candy.

London-drops were first made in England in 1723.

The first candy factories began to make their appearance in Europe in the seventeenth and eighteenth centuries, and were established outside of the towns and beyond the control of the guild.—From International Confectioner.

Styles

BY LENORE

At this time of the year when the fashions are changing and one wonders, perhaps, whether last Spring's clothes will serve the new season, it is encouraging that Renee of Paris sends, as one of her newest creations, a dress built on such conservative, wearable lines as the model shown above.

Yet it is far from commonplace. It is made of light brown cheviot with black braid trimmings, and many will welcome the revival of a white vest, which to most women is vastly more becoming than the hard lines of the prevailing styles.

Accompanying the costume is a black satin sailor with rolled brim of feathers. These are closely intertwined so that the ends of the quills resemble bugle beads.

Daily Recipe

Fried Bread

1 egg
1½ coups milk
Salt and a very little peper

Cut bread in slices about half an inch thick and trim off the crusts. Beat egg slightly with milk and season with salt and pepper. Dip bread in egg mixture and fry in butter and lard mixed. Serve very hot.

HOUSEHOLD HINTS

Let water run a few minutes before filling the kettle in the morning, as the water in the pipes is unwholesome.

Dish towels too worn to mend folded in a square stitched around, then from corner to corner, make good holders.

When a knife has been used to cut onions, wipe it with a damp cloth and rub it briskly with coarse salt. The objectionable odor will then entirely disappear.

Lake Windermere District Hospital Association Meets

INVERMERE, Jan. 24.—The annual meeting of the members of the Lake Windermere District Hospital association was held last week at Athalmer when the reports of the retiring officers were read and passed upon. These reports showed that the association had been well and capably run during the period of the last 11 months, being the time since the last annual meeting was held. There was a deficit of $180.91, brought about largely through having had to make extensive repairs to the heating and sewerage system of the building. During the period under review there had been an attendance of 68 natients, making a total of 923 hospital days. The statement of the auditors showed the present net worth to be $9,084.58.

The following persons who were members of he retiring board were unanimously re-elected to office: President, A. G. Cuthbert; vice president, Mrs Joseph Lake of Athalmer; secretary-treasurer, A. E. Fisher of Invermere; directors, Mrs. Basil G. Hamilton, William Norman, M. Marples, R. Randolph Bruce, W. A. Patterson, Dr. P. W. Turner, E. F. W. Seltmann and Evelyn M. Sandilands, the district government agent taking office by reason of his official position.

SHOREACRES HAS GAY CARD PARTY

SHOREACRES, Jan. 24—Mr. and Mrs. R. C. Passmore entertained at a delightful five hundred party on Saturday evening at their home, Pax et Copia Ranch. The prize winners were Mrs. Anderson and J. D. Yeatman, the consolations being awarded to Mrs. Yeatman and W. Oliver. A dainty supper was served followed by lively games, including a parlor football match and charades. E. Watts drove a sleigh load of guests through from South Slocan. Mrs. E. Watts, Miss Watts, Miss Brown, Miss D. Brown, Mr. and Mrs. Yeatman, Mr. and Mrs R. J. Anderson, Mrs. Humphreys, Mr. and Mrs. G. Parker, W. Davis, D. Davis, J. Power, W. Oliver and J. Power.

TRAIL, Jan. 24.—While skating in the rink Saturday evening, in trying to avoid collision with a youngster who had fallen, Bilson Merry fell and severely wrenched his knee. He was taken to the hospital where he will remain for a few days.

He expects to be around again in a couple of weeks.

WOMEN'S INSTITUTE REPORTS PROGRESS

SOUTH SLOCAN, Jan. 24.—The annual meeting of the Bonnington and South Slocan Women's Institute was held in the hall on Jan. 11, with a good attendance of members.

The reports for the year showed $348 raised for various objects, including Navy League, $34.25, Empire Relief fund $60 25 and $28.75 for the starving children of Europe, this being the proceeds of the pantomime given by the school children under the auspices of the Women's institute. The balance in hand for the year is $39.43.

Four large bales of clothing were dispatched to the Alberta drought sufferers and some local needs have also been met. The Women's institute was also instrumental in the installation of the electric light and contributed $50 o the public hall for this purpose.

The retiring president, Mrs. Ashby, expressed her thanks to the members for their kindly support during the year, speaking especially of the good work done by Mrs. F. Martin, the secretary, and regretted that Mrs. Martin was unable to accept a nomination for secretary this year.

The election of officers was then proceeded with, resulting as follows: Mrs. R. Oliver, honorary president; Mrs. O. W. Humphry, president; Mrs J. Murray, vice president; Mrs. G. F. Ashby, secretary-treasurer; Mrs. R. Passmore, Mrs. F. Martin and Mrs R. Geggres, directors.

As some members had to leave to catch the train it was decided to postpone the election of auditors and delegates to the conference.

Afternoon tea was served by Mrs W. Melneruck and Mrs. Humphry.

FUR RENOVATING

Most furs can be improved in appearance after wear of some time, by some simple home attention. Use a thoroughly clean hair brush, one with firm bristles. Cover the bristles with absorbent cotton. Brush the fur gently and firmly always going the way the fur lies. When the cotton is soiled, change it. Shake the fur well to make it stand out again.

WHEN CUTTING FUR.

A good treatment to give accordeon plaits occasionally is to take a long pin and run through the outer ridge of plaits, pushing the plaits as close together as possible. Place the pins about two inches apart lengthwise of the plaits, and leave overnight. If the area is too wide for ordinary pins, use hat pins or plain invisible hairpins.

Surely, you want to keep well right through the winter.

YOU don't want to suffer with an ulcerated throat or inflamed tonsils. You don't want to be bothered with a racking cough that is disagreeable all day and that keeps you awake at night. You don't want to be in bed for months with pleurisy or pneumonia.

If you wish to keep well, realize at once that a cough is a dangerous, insidious disease, which should be stopped at its very outset, and not allowed to develop into anything more serious.

An ounce of prevention is indeed worth many pounds of cure, in the case of a cold.

DOMINION C. B. Q. TABLETS are the ounce of prevention that prevents a cold from developing into tonsilitis, bronchitis, or pneumonia.

These tablets contain Cascara, Bromide and Quinine in a pleasant form; are mildly laxative; relieve headache and neuralgia; and break up a cold in a few hours.

All druggists sell DOMINION C.B.Q.

Insist on having them.

They are prepared by the National Drug and Chemical Company of Canada, Limited. 19

The Perils of Neglect

Digestive ailments are frequently neglected. People say "It's only a touch of indigestion—it will go away." What begins as simple discomfort is allowed to become a serious—chronic ailment. Never neglect the treatment of digestive derangement. To relieve disorders of stomach, liver, kidneys and bowels, Beecham's Pills act promptly and usually overcome the difficulty. Take

Praises of a Well Satisfied People

ARE WHAT GIVES DODD'S KIDNEY PILLS POPULARITY

W. A. Shannon voices the sentiment that has given Dodd's Kidney Pills their standing in all parts of Canada.

STYAL, Alta., Jan. 24.—(Special) "I am well satisfied with the results I have got from the use of Dodd's Kidney Pills. They were perfectly satisfactory as I have had no trouble since using them. I want other sufferers to know what they did for me."

This is the statement of W. A. Shannon, a well-known and highly respected resident here. And in these few words W. A. Shannon gives the reason why Dodd's Kidney Pills are so popular in all parts of Canada. They do what is claimed for them.

Dodd's Kidney Pills are purely a Kidney remedy. They tone up and strengthen weak Kidneys and put them in condition to do their full work of straining the impurities out of the blood. Strong healthy kidneys are absolutely necessary if the blood is to be kept pure and the body healthy. Pure blood coursing through the body carries to the different organs the nourishment they need, keeps them sound and enable them to throw off disease of different kinds.

Ask your neighbors if Dodd's Kidney Pills do not make strong healthy Kidneys.

KEEP PLAITS IN PLACE

A practical furrier says not to use scissors in cutting fur. The correct way is to dampen the skin side and stretch it on a board with the fur down. Fasten with small wire nails as fine as a pin. When the skin is thoroughly dry, measure the pieces wanted and mark with chalk. To cut use a paring knife or any knife sufficiently sharp to cut the skin.

THE NEW KNITTED PETTICOAT

Knitted wool petticoats have become a fancy with some of the women of London, England. They are not at all like the heavy, clumsy garment of a generation or so ago, but are made in the palest shades of Shetland wool, and light and airy as a cobweb. Around the waist, it is finished with silk crochet, and soft ribbon shoulder straps of the same shade hold it in place.

BELGIAN LOAN HELPS STOCKS

Quick Placing of Thirty Million Offering Has Good Effct on Market.

NEW YORK, Jan. 24—Developments over the week-end recess were far from stimulating, especially in their exposition of industrial conditions, but today's stock market denoted a more cheerful tone, although operations were light.

The most encouraging and significant incident of the session, from the bankers standpoint, was the success of the Belgian $30,000,000 loan, the subscription books closed almost immediately after the public offering.

Steels and equipments, which were expected to yield to adverse advices, received from Pennsylvania and Ohio centers, were comparatively strong, and motors, shippings and rails were also disposed to improve with leathers, tobaccos and food issues.

Gross gains of one to seven points were retained until the final hour, when selling, induced by the stiffer trend of call money, provoked general profit-taking. Mexico Petroleum, Crucible Steel, General Asphalt and American International were more susceptible, declining one to 4½ points with a general cancellation of gains elsewhere.

Sales amounted to 500,000 shares.

In the American exchange market, the featuring the flotation of the municipal loan, while Paris, bills responded to heavy buying in anticipation of a favorable outcome of the approaching reparations conference. British exchange repeated its recent maximum, and even German and Austrian rates recorded substantial improvement. Aside from its moderate irregularity on a slight accession of business, the bond market, including Liberty issues and foreign war offerings, was featureless. Total sales $11,650,000.

Old United States bonds were unchanged on call.

BANK STOCKS ARE STRONG AT TORONTO

TORONTO, Jan. 24.—Prices eased on the Canadian exchanges today, the change affecting a goodly portion of the active stocks, but leaving some of the Victory bonds stronger than on the previous day. It was a day of reaction generally, in which Wall Street seemed to set the pace. Investment demand continued on the Canadian exchanges, which helped to preserve a more steady appearance, weakness being more evident ni some of the non-dividend common stocks.

Illustrating the investment buying was the strength in bank stocks, as well as the demand for Victory bonds. Four of the bank stocks advanced, viz: Nova Scotia, Imperial, Hamilton and Royal. The Victory bond trading ran up next to the half million mark.

Twin City had a sudden rise, advancing 1½ to 46. Other tractions failed to follow Twin City. Canadian Pacific Railway lost one point to 132. Mackay common was half a point down and the preferred half point higher.

Total sales—1950; listed, 590; unlisted, $485,650.

VICTORY LOAN IS PAR IN MONTREAL

MONTREAL, Jan. 24.—Today's trading on the local stock market was quiet and the bulk of the issues traded in showed little change, here and there, in usually inactive stocks, large gains or fair sized losses being scored.

The largest advance was made by Dominion Coal preferred, up 7¼ to 78. Other large gains were made by Illinois Traction preferred, up five points at 70, although the common lost two at 15, and Riordan, which moved up five points to 139. A small lot of Ames-Holden preferred moved up 1½ to 41½.

The most prominent losses were 1¾ points for Dominion Canners at 40¼; two for Lyall at 72½, one for St. Lawrence River at 71½, and one for Spanish River common at 82.

Commerce showed the only gain among the banks, moving up a point to 169. The balance were more or less steady.

The bond list showed considerable strength and activity with the 1937 Victory selling at par for the first time in a year, and declining a fraction at the close.

Total sales—Listed, 5858; bonds, $505,400.

WHEAT MARKET TAKES UPTURN

CHICAGO, Jan. 24.—Material upturns in the price of wheat took place today, largely as a result of continued foreign inquiry and of bullish estimates regarding European requirements. The close was unsettled at 3¼ to 4¼ cents net higher, with March $1.70¾ to $1.71, and May $1.61⅛ to $1.61½.

Corn gained ⅞ to 1⅛ cents and oats ⅛ to ½ cent.

In provisions the outcome varied from seven cents decline to a like advance.

AUSTRALIA HAS LARGE SURPLUS OF APPLES

OTTAWA, Jan. 24.—(Canadian Press)—Canadian Trade Commissioner D. H. Ross, writing to the weekly department of trade and commerce bulletin, states that the exportable surplus of apples from Australia this season is estimated at 2,250,000 cases. He adds that transportation facilities are doubtful. The apple season in Australia commences in February and continues to the end of April.

CALL OFF MARINE STRIKE

MELBOURNE, Jan. 24.—The marine stewards here and at Sydney, at a mass meeting held today, called off their strike, which has been in progress for some time. The strike was due to a dispute concerning working hours.

BOILS SO BAD HAD TO GIVE UP WORK

From the days of Job, up to the present time, boils have been one of the afflictions of the human race.

All the poulticing and lancing you may do will not prevent them from breaking out again.

Boils are simply caused by the bad blood bursting out; and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters, which has been on the market for over forty years, is well known as the greatest blood medicine procurable.

It purifies the blood by removing every particle of foul matter from the system, and when this is done the boils vanish, and you should never be troubled again.

Mr. James Fahey, Newport Island, Que., writes:—"I was troubled with boils on my back and neck, so bad that I was obliged to give up work. I tried several remedies, but got no relief. Finally I went to a doctor, and he treated me for several weeks, and all without benefit. At last a friend told me of Burdock Blood Bitters, so I decided to give it a trial. I got three bottles, but before I had taken two the boils were all gone. It is eight months now, and I have had no return of the old trouble, and have never felt so well."

DEFEAT CALGARY TIGERS

EDMONTON, Jan. 24.—The Edmonton Dominion, *tail-enders* in the Big Four Hockey league, for a second time this season, tonight defeated the leaders, the Calgary Tigers, the score being six to four. The winners showed big improvement over previous gomes by the addition of the defense of Mummery, a Brandon importation.

WINNIPEGS DOWN FALCONS

WINNIPEG, Jan. 24.—The Winnipegs, by defeating the *champions* and leading Falcons 8 to 5 here tonight, created a tie in the Manitoba senior hockey league, with three wins and three losses each. The game was scrappy throughout and outside the first ten minutes not productive of a very high brand of hockey. Too much depended on the result for either sextette to show to best davantage.

ANNOUNCING
RETURN OF

Van Loo

Cigars

To Pre-War Prices

Fellows, this reads like good news—doesn't it? .A "real smoke" at old-time prices.

The Van Loo War Pack

10c Straight — Now 3 for 25c

The Van Loo and Van Dyck

15c Straight Sizes
Now 2 for 25c

This is a radical step. As a matter of fact, the present price of Leaf Tobacco does not warrant these reductions in price. But we believe a return to pre-war prices is sound business.

The Public—that means you—is demanding lower prices. Your demands are reasonable. We value your goodwill more than immediate profits.

Then, there is another, even bigger reason, why we are lowering these prices. The unemployment situation throughout Canada is acute. And, through this readjustment period our factories must be kept running.

We are obligated to our country and by our loyalty to our men, as well as our own selfish reasons, to keep our Factory going at this time. Of course, we expect our men to meet us in a fair and open-minded way in helping to lessen the cost of production. Because, at these prices, we will be operating at a loss.

We are glad to state frankly that we believe by the time our present stock of Leaf Tobacco is consumed, that we will be able to purchase at a lower price.

VAN LOO and VAN DYCK CIGARS have won the confidence of thousands of Smokers. They have earned this confidence by real worth. Because of this confidence, we have grown from a one-man, one-bench establishment, to be one of the largest Cigar Factories in Canada. Under no conditions will we betray that hard-won confidence. And, we make this radical step in price reductions as concrete evidence of our desire to retain your permanent confidence and goodwill.

STRANGLER WINS IN SAVAGE BOUT

Caddock Gives Lewis Terrible Gruelling; Crowd Calls Champion Murderer.

NEW YORK, Jan. 24.— Ed. "Strangler" Lewis of San Jose, Cal., successfully defended his world's heavyweight wrestling catch-as-catch-can title here tonight by throwing Earl Caddock, a former champion, in one hour and 34 minutes. Lewis won with a combined head and hip lock.

The winning fall came as a dramatic climax to one of the most terrific wrestling matches ever seen in the east. Caddock appeared to be the winner to within one minute of the finish. After an hour and a half of wrestling, Caddock gained a *terrible punishing toe hold and for* one minute and 10 seconds he struggled to force Lewis' shoulders to the mat. The champion, in his agony, beat the floor with his fists and cried out loud, but his voice was drowned in the terrific uproad for Caddock. The former soldier was a tremendous favorite with the 10,000 spectators who saw the contest.

Twice Referee George Botsner asked Lewis if he would quit, but twice he refused, although his face was disorted entirely out of human resemblance and streams of perspiration were pouring from his face. With a last desperate effort he kicked himself free and staggered to his feet, leaped upon Caddock and clamped his famous deadly headlock around the Iowan's face. Three times Caddock broke the punishing hold and staggered to his feet, only to have Lewis regrain his grip.

Crashes Opponent to Floor.

On the second and third lock, Lewis picked up Caddock bodily and threw him to the floor, plunging his weight on top of the fast weakening challenger. The second crash, combined with the gruelling punishment which Caddock had received, left him helpless and he collapsed on his back as the referee slapped Lewis the winner.

When Lewis rolled off Caddock, the latter lay like a dead man on the floor and when his manager and others scrambled through the ropes to his assistance, it was all they could do to lift him to his feet. A chair was placed beneath him in the center of the ring, but he rolled to the floor again and a call was made for a doctor.

This drove the crowd to a frenzy, for Caddock had been cheered lustily through the evening, while Lewis was steadily booed and derided.

Cries of "kill the murderer," went up and there was a concerted rush for the ring. Caddock's manager waved the excited fans back and when Caddock was *seen* to walk to his corner, danger of a riot quickly passed.

The weights were announced as Lewis 228 pounds and Caddock 188.

SOLDIER MEMBER MEETS VETERANS

Ian Mackenzie Passes Through From Visit to the Lister Settlement.

Ian Mackenzie, the Liberal soldier member for Vancouver in the local house, and Lieut.-Col. R. D. Davies, D.S.O., passed through Nelson last night for Revelstoke, en route from Creston and Camp Lister, where they were for the purpose of examining the grievances of returned men settlers.

During his half-hour in Nelson, Mr. Mackenzie, who was president of the Vancouver G.W.V.A. up to his nomination for the house, had a conference with officers and members of the Nelson G.W.V.A., the party including President W. Holmes, Major Gilbert Anderson, C. H. Robinson, H. M. Cobbett and others. He stated he had great hopes of being able to act in close association with other soldier-members in the house of different political affiliations, in cases where legislation affecting the returned soldier was concerned.

Mr. Mackenzie stated that he and Col. Davies held a conference with the Lister settlers Saturday night, and that a satisfactory form of agreement of sale was arrived at to govern land transactions between the government and the settlers.

While at the settlement Mr. Mackenzie had a friendly talk with Lieut.-Col. Fred Lister, D.S.O., soldier member for Kaslo on the Conservative side.

A. Pemberton, who has been with the Willis Piano company for the past 18 months, has joined the staff of the Mason & Risch Piano company, and will be located in the Vancouver district. Mr. Pemberton left for Revelstoke last night.

WEDDINGS

HOLDEN-SCOTT.

Samuel Holden and Mrs. Bertha Scott, both of Nelson, were the principals in a quiet wedding at the Methodist parsonage early last evening, Rev. J. P. Westman tying the knot. Mr. and Mrs. C. A. Deusenberry were the witnesses. Mr. and Mrs. Holden will live on Victoria street.

ALL-COMERS WIN FROM TRAIL IN OPENING BONSPIEL EVENT

Twenty-two Out of 27 Rinks Engage in It; Preliminary Rounds Are Curled in Grand Challenge and Nelson Competitions; Trail Trophy Event Starts This Morning.

TRAIL, Jan. 24.—In the opening tussle of the twenty-fifth annual bonspiel of the British Columbia Curling association, which opened here this morning, 11 of the visiting rinks defeated an equal number of Trail rinks in the All-Comers event, by a score of 116 points to Trail's 71. The visitors had six wins, Trail had four and one game was even.

For the open events the "Chisholm draw" has been adopted, each pair of events being braketed, the winners in the first event of a pair being ineligible for the second event.

The preliminary round of the Grand Challenge has been finished and the preliminary round of the Nelson and Boundary competition is almost completed, in this latter case, those winning in the preliminary round are excluded from the Boundary competition.

Play in the Trail-Rossland competitions starts at 10 o'clock in the morning.

TRAIL AGAIN IS VICTORIOUS

Won by Narrow Margin Over Locals Here in Brilliant Second League Game.

"That's playing hockey! She's a bird! That's the stuff to give 'em!" Those and a flood of similar expressions of enthusiastic delight, vociferously voiced, testified to the unbounded pleasure with which over 600 hockey fans witnessed the league match between Trail and Nelson seniors at the skating rink last night, night. It was as pretty an exhibition of hockey as could be seen anywhere.

The fortunes of war and the ring of the bell, only, it was that permitted the visitors to walk off with the victory of 9-8 goals in their favor and the second West Kootenay league match safely stowed away.

Play was carried on at lightening speed, every player straining himself to the last ounce of his endurance to land the victory for his side. Such was the pace in fact that few players could stand up to it for more than 10 minutes without substituting. As is usual under those circumstances the fans were quick to percieve it was real hockey and came through with roar after roar of intense applause as they were given thrills and surprises galore.

As the puck dropped from the referee's hand, a royal battle started that showed no let up until the clang of the bell at the end of the third period. Within one minute the Nelson fans were up in the air wild with excitement as the Nelson line traveled up to the ice for the second time with Ferguson glued to the puck. A threatened clash with the Trail defence, a slight baffling pass, and Grant, the local center, tallied for the home team. The crowd let loose with a deafening roar of cheering.

A second tally within a few minutes found the visting goalie with a broken strap and the counter was disallowed. A few minutes later and F. O'Genski of the visitors, evened up the score. The next two goals fell to Trail, Tobin and O'Genski being the stick handlers.

McDonlad, coming on fresh for the visitors in the second proved a fast man. He took advantage of a loose puck and scored the fourth for Trail. At it hammer and tongs again, the game swayed, until Murphy checking a rushr grabbed the puck and running along with Grant, passed from center when Grant put in the second tally for Nelson. F. Lauriente of the visitors immediately came back with the fifth for Trail. Ferguson accounted for the third for the locals with a clean run up and a shot from wing. Art Simons and Grant worked an unbeatable bit of combination and Grant again got home with the fourth for the home team.

The Lauriente brothers came across with some more of their classy combination work early in the third and bulged the local net for the sixth for Trail. F. O'Genski, the Trail flier, who had been assidiously checked right along, cut loose and in his third attempt, got past Walton with the seventh for the visitors.

McKinnon showed up well, and working his way steadily but persistently up the ice, scored the fifth for Nelson. Simons and Grant worked the combination game again and Grant landed the sixth for the locals.

Things Happening All the Time

From then on things happened all the time. Grant tallied for the Nelson's seventh in a melee around the visitor's net and followed shortly after with the eighth on a pass from Ferguson when the latter showed the visitors some stick handling. The Lauriente boys again distinguished themselves, working combination and landing the eighth and ninth for Trail, the honor of shooting falling once to each. The bell rang with the score at Trail 9, Nelson 8.

The line-up was: Trail—goal, J. Vannetor; defence, T. Atkins, F. Kavic; center, F. O'Genski; left wing, F. Lauriente; right wing, H. Lauriente; substitutes, M. Thompson, G. Tobin, A. McDonald; Nelson—goal, L. Walton; defence, E. Murphy, A. Simons, L. McKinnon; center, J. O'Genski, E. G. Matthew and J. Grant; right wing, C. Miller, N. Richardson; left wing, T. Madden and W. W. Ferguson. D. Cummine refereed the match.

TILL ROBBER GIVEN THREE MONTHS TERM

William White, who was arrested by the city police on Sunday on a charge of robbing the till of the Kootenay hotel bar, pleaded guilty, and was sentenced to three months in the provincial jail by Police Magistrate E. A. Crease yesterday morning. All the money, amounting to $42 was recovered. No witnesses were called.

SENTENCES DOUKHOBOR YOUTHS FOR BURGLARY

Sentences of three months each in the provincial jail were awarded by Judge J. A. Forin on the three Doukhobor youths, Nick Lactin, Harry Stuchnoff, and Nick Teresnoff yesterday morning who pleaded guilty to breaking into the store of Peter Veregin at Glade, and stealing a quantity of merchandise, on Thursday night. Ernest Gammon, provincial chief constable, prosecuted. E. O. Matthews defended.

The defence advanced was that the three youths were, according to the practise of the Doukhobor community, to have paid $300 into the community funds, but had failed to pay in full. For that reason they had been ejected from the community. They were hungry and were not allowed to get food from their parents in the community, so they broke into the store. His honor held that they were bad boys and must be made an example of.

DR. KLINCK SPEAKS TO BROTHERHOOD CLUB

Altering his program to be in Nelson Sunday night, Dr. L. S. Klinck, dean of the University of British Columbia, was the principal speaker at the weekly meeting of the Brotherhood club at the Methodist church. Dr. Klinck emphasized the need for the men of the churches to have a program outside their own exclusive interests, and to have a high spiritual aim. The dean also spoke of the work of the university.

Other speakers were Judge J. A. Forin, Rev. Fred H. Graham and A. McAllister, general secretary of the Vancouver Y. M. C. A. About 250 men, of all denominations were present at the gathering, over which F. J. Boles presided.
