PUBLIC WORKS ITEMS WHOLLY OCCUPY HOUSE

Vote One Million for Parliament Building; Pass Harbor Estimates.

SAYS INTERIOR EXHALES OVERSEAS ATMOSPHERE

Murphy Disapproves Architectural Scheme; Slavish Following Monastic Design

OTTAWA, May 28.—A quiet sitting wholly given over to discussion of the estimates of the department of public works on Saturday evening saw the house make steady progress toward prorogation.

The vote of $1,000,000 towards the construction of the parliament buildings carried after considerable criticism which was led by Hon. Charles Murphy Russell. The member for Russell referred to the "so called joint commission" which was supposed to have supervisory powers over the architects and contractors engaged in putting up the building. Originally there had been three members of the Liberal opposition on this committee, but with the retirement from public life of Hon. W. M. Pougsley and the resignation of Hon. R. Lemieux and himself the Liberals have ceased to be represented. Since 1917 there had not been a Liberal representative on the committee, which continued to be called a joint committee.

Mr. Murphy said that the interior of the buildings exhaled an overseas atmosphere which was entirely un-Canadian.

Deprecates Eulogies

Mr. Murphy also deprecated the fulsome eulogies which one heard apropos of the parliament buildings. He said that the executor was a counterpart of the old building, with one storey added, and inside there had been a slavish following of the designs of old monasteries and abbeys in the British Isles. He believed that jurisdiction over cost, design and additional work should be taken charge of by the department of public works and not left to the architect. A. B. Copp, Westmoreland, declared the building would cost $15,000,000 by the time it was completed, and the architects' and contractors' fees would be enormous. Huge sums of money were being improperly spent. Consolidation of the outside engineering service with a consequent reduction in staff, brought the remark from Hon. D. D. McKenzie, Cape Breton, that the only Liberal engineer in Nova Scotia had been retired.

Lights Up Wellington Street

A light touch was given the discussion when the amount of $90,000 for lighting the government buildings was up. Part of this amount pays for lighting sections of Wellington street, Ottawa. Hon. McKenzie objected, the population of the capital seemed to think they could ask the government for anything and get it, he declared. It was time the government told the wealthy citizens of Ottawa to look after lighting themselves.

From this the debate wandered on to a debate of the charges by charwomen who clean the government buildings. On a vote for fuel for the government buildings J. H. Sinclair asked whether Canadian coal was used in the government buildings in Ottawa. Mr. McCurdy replied that it had been very difficult to get Canadian coal, but that he hoped to be able to get more soon. Mr. Sinclair remarked that in view of the earnestness with which the minister of finance advocated the buying of Canadian made goods he thought the government should be burning Canadian coal in Ottawa.

Esquimalt Dock Passes

A vote of $4,031,000 for rivers and harbors was approved. This included $1,300,000 for the new dry dock at Esquimalt, B. C.; $170,000 for improvements to the harbors of Fort William and Port Arthur; $136,000 to complete the Champlain dock at Quebec; $1,250,000 for St. John harbor improvements; $1,000,000 for Toronto harbor, and $175,000 for breakwater protection at Toronto.

After this the committee plunged steadily ahead until shorty before midnight.

Blames Opposition for Delays.

Sir George Foster announced in the house of commons on Saturday that government legislation yet to be brought down would arise out of the report presented by the committee on pensions. This would be ready tomorrow.

Hon. W. S. Fielding said that in the past parliaments had been too prone to rush matters during the last days before prorogation. The prime minister deprecated the assertion that the government wished to hurry matters unduly. The opposition, he thought, were to blame for having wasted days in unnecessary discussion. It was not reasonable to expect him to leave parliament before prorogation. The country expected him to remain until then, and he would do so.

Hon. W. L. MacKenzie King thought that in view of early prorogation perhaps some legislation should be left over until next session, particularly the Lake of the Woods control bill.

The prime minister felt is necess-

REDUCE WAGES OF MINERS ON RAND

JOHANNESBURG, May 29.—The chamber of mines has announced that it proposes to reduce the wages of miners in the gold fields by 18 shillings weekly, owing to depression in the industry. The miners have requested time in which to consider the matter.

TRIES OFFICER FOR CRUELTIES TO PRISONERS

Prosecution Demands Ordinary Imprisonment for Guilty German Officer.

LEIPZIG, May 29.—A sentence of 15 months' ordinary imprisonment has been demanded by the state prosecutor today for Captain Mueller, the second German officer to be tried on criminal charges arising out of the war. He was charged with cruelties to prisoners at the Flavy-Le-Martel prison camp in the department of the Aisne. The prosecutor told the high court which is conducting the trials, that thec ase of Captain Mueller was not as bad as that against Sergeant Heine, who was sentenced to 10 months imprisonment for having ill-treated British soldiers at the camp at Herne, Westphalia.

Nevertheless, he said, Mueller was to blame for the striking and kicking of prisoners, the binding of one of them to a stake and for compelling sick prisoners to work. He held the case was not one for confinement in a fortress on the ground that the charges against the captain were moral, rather than legal.

Mueller's counsel pleaded that six months' confinement in a fortress would be an ample punishment Sentence will be pronounced tomorrow.

LIQUOR ON SALE JUNE FIFTEENTH

Fix Date for Ending Prohibition Act; Beer Sales in Hotels to Cease.

VICTORIA, May 29.—(Canadian Press)—Sale of liquor in British Columbia under government control will start June 15, it was announced Saturday by Hon. J. W. DeB. Farris.

The order-in-council bringing the *government Control act into effect on* that date to supersede the present Prohibition act, was passed by the executive council Saturday and will be gazetted next week.

Sale of beer and near beer in hotels, cabarets and jitney bars will be prohibited from that date, but there will be much greater liberties for the consumption of hard stuff.

Permits will be placed on sale in a few days. Prices to be charged for liquor under government sale have not yet been announced.

Many of the elaborate plans, as far as retailing is concerned, with which the liquor board set out to do business, have been severely pruned, as it has been realized that the liquor board will only do a fraction of the business predicted by enthusiasts when the measure was brought in. The high prices that will have to be charged for whisey, partly because of the increased Dominion taxation, are said to be partly responsible for this.

AMBULANCE PLANE CRASHES TO EARTH

Encounters Terrific Storm; Five Army Men and Two Civilians Killed.

WASHINGTON, May 29.—Seven men, five of the United States army, and two civilians, were killed in the *wreck of an army Curtis-Eagle* ambulance airplane near Indianhead, Maryland, 40 miles southeast of Washington, yesterday, in a terrific wind and electrical storm. The dead are:

Amos G. Batchelder, Washington, chairman of the executive board of the American Automobile association; Morris Connolly of Dubuque, Iowa, major in the aviation reserve corps; Lieut.-Col. Archie Miller; Pilot Lieut. Stanley Ames; Lieut. McDermitt; Lieut. Penny Will and Sergeant Blumenkranz. The plane was a Curtis-Eagle which had been used as an ambulance. The litres were removed, however, and chairs installed for the trip to Langley field, where a review was held of airplanes which are to take part in the naval bombing tests of the Virginia Capes next month. The accident is described by officials as one of the worst in the annals of the army air service. Officials who viewed the wreck were of the opinion that the fall had been from a great height.

BRITISH WILL SWEEP SILESIA CLEAR OF REBELLIOUS POLES

OPPELN, Silesia, May 29.—Major Von Moltke, commander of the German volunteer forces in Upper Silesia, *has issued instructions that* there be no offensive against the Polish insurgents pending the arrival and disposition of several battalions of the Black Watch and probably additional British troops, who, it is said here, will sweep Silesia clear of rebellious Poles from Rosenburg to Kattowitz.

Present plans contemplate that the British will take the field, assisted by Italian and French troops, which will garrison towns, but will not participate in the fighting in the *event of the Poles offering* resistance. The first detachments of the Black Watch are expected tomorrow. They will be followed by others. Then will come a British officer of rank at least equal to that of the French general now in command.

Control Officers Ask Notice.

The British officer will direct operations. British control officers have suggested that they be informed at least 48 hours before any advance is commenced so that they may have an opportunity to get the Polish civilians out of the towns where they are unpopular. Otherwise, it was said, the Poles probably would be shot as soon as it became known that British troops were about to reestablish allied authority in the district.

German forces centered at Kreuzberg are composed of three distinct organizations:

Volunteers, Einwohnetwehr and refugees. The latter are extremely bitter, insisting on fighting and holding the trenches which encircle Rosenburg. The Poles in Rosenburg are maintaining artillery and machine gun fire on the German positions.

The latter are replying with various weapons, including a dozen machine guns. It is estimated that *there are about 8,000* armed Germans in this district who are opposed by about 10,000 Poles. The Poles are better equipped, but are said to be not so well organized.

Reports received at inter-allied headquarters at Kreuseberg say that the Polish insurgents have been systematically looting Rosenburg and are shipping verything of value over the frontier into Poland. They also are reported to be confiscating goods in other sections.

Insubordination is said to be rampany among the insurgents with Bolshevism making it still more serious. There are also reports of atrocities committeed by the insurgents.

France Sends Note.

PARIS, May 29.—The *French* government in its note to Great Britain on the Silesian question indicated that it considered the first thing necessary was to restore order and the authority of the interallied commission in Upper Silesia, it was officially stated here tday.

The note set forth that while these things remained undone, and the German and Polish bands were face to face with each other, no decision that would be reached by the proposed supreme council meeting at Boulogne would be likely to be accepted. The Poles, however, were now showing a disposition to submit to allied control, the note continued, and it was hoped the Germans also would lay down their arms.

Ask Experts' Report.

The arrival of the British battalions on the way could only have the effect of improving the situation, in the opinion of the French government, and it considered the work of the supreme council ought, in the meantime, to be simplified for it by an examination into the situation by a commission of experts, who would present a report to the council on the problem. The meeting of the council, in the view of the French government, it was added, should be held when order was restored, in accordance with the treaty, and the report of the experts had been handed in.

UNITED STATES TAKES INTEREST IN DOMINIONS' VIEWS ON DISARMAMENT

WASHINGTON ,May 29.—(Canadian Press.)—With the Borah disarmament amendment to the navy bill adopted in the senate and house showing signs of taking a stand for naval, land and air disarmament, there is a growing belief that the course of President Harding will be largely influenced by the conference of the premiers of the British dominions in London, and by what is done there on disarmament and the renewal of the Anglo-Japanese treaty.

If the Dominion premiers stand for disarmament and oppose renewal of the treaty with Japan, the belief here is that the disarmament problems of the United States will be greatly simplified.

The Republican Publicity association, through its president, former Senator Bourne, in a statement Saturday commenting upon the coming conference in London, the renewal of the Anglo-Japanese treaty and the importance o fthe actions of the conference to the United States, stressed the fact that the premiers of Canada, Australia, New Zealand and South Africa have already signified their opposition to renewal of the treaty if it is not acceptable to the United States.

No Reprieve for Jail Breaking Mruderer Condemned to Death

OTTAWA, May 29.—It is understood that there will be no postponement in the date of execution of Norman Garfield, the Woodstock murderer sentenced to die on June 2. A letter was received by the department of justice from the wife of the condemned man, asking that the execution be postponed for two months. It is stated that the request was considered by the cabinet and that it was decided not to grant it.

LIBERAL WINS YAMASKA SEAT

Hatred of Conscription Law Main Element in Securing Boucher's Election.

PIERREVILLE, Que., May 29.—With the figures subject to revision the Liberal candidate, Aime Boucher, took the federal seat of Yamaska county ,vacant through the death of Oscar Gladu, by a majority of 1608 over A. A. Mondou, the Liberal-Conservative candidate, while the Farmer candidate, Joseph Lambert, was hopelessly outclassed, polling approximately only 350 votes. The vote polled showed the keen interest of the electors, over 90 per cent of the total ballots, numbering 8300, being cast, women voting with the same intensity as the men. Final figures are not available, but both sides estimate that over 7000 votes were polled.

Hatred of the conscription law of 1917 *and fear that it may again be* invoked by the government carried the Liberal candidate to victory, but the extent of the victory was a surprise even to the most enthusiastic of his supporters. Another strong point made by Mr. Boucher was the statement that the election of Mr. Mondou would be interpreted as the indorsement by Quebec province of the Meighen government. Further arguments used in committee rooms were that war might again break out at any time and this would mean "dragging sons from their mothers' arms to fight overseas in England's battle."

Mikado's Heir Leaves England for France; King Bids Farewell

LONDON, May 29.—Prince Hirohito, heir apparent to the Japanese throne, said farewell to Great Britain after three weeks' visit. He was bidden God speed at the Victoria station by King George, the prince of Wales, the duke of York and various other personages of prominence.

This afternoon the prince embarked at Portsmouth for Havre for his visit to France.

SIXTEEN HURT IN DAREDEVIL STUNT

Was to Transfer From Auto to Plane at High Speed; Ladder Catches.

MILWAUKEE, May 29.—Sixteen persons were injured, one perhaps fatally, when an airplane crashed into the crowded box seats at the State fair today, during a stunt flight which was the feature of an automobile program. Al. Wilson, air dare-devil, was to transfer from a racing automobile driven by Louis Disbrow, to an airplane operated by D. M. Speers. Speers, as the automobile, driven at a high rate of speed rounded *a curve on the race track*, dropped a rope ladder by which Wilson was to effect the transfer from the automobile. One of the ladder rungs caught in an exhaust of the automobile. The car crashed into the fence, causing the airplane to overturn and drop into the box seats. Neither Wilson, Speers nor Disbrow were seriously hurt.

MURDERS WOMAN, SHOOTS HIMSELF

MINNEAPOLIS, May 29.—Mrs. Mattie Wetzel, 48, was murdered this afternoon at the home of her son, Elmer Wetzel, three miles from Champlain, north of here. Walter Biezi, who shot Mrs. Wetzel, then turned the gun on himself and probably fatally injured himself. The motive for the double shooting is unknown.

Carnival Bands Usher in Arctic Brotherhood and International Good Will

WHITE HORSE, Y. T., May 28.—The inter-northern carnival was ushered in here today with the blare of brass bands. The town is in gala attire and excursions from surrounding settlements brought in hundreds of visitors. Baseball teams from Juneau, Fort Seward, Skagway and White Horse will play a series of games. The celebration is proclaimed "a demonstration of international goodwill and Arctic brotherhood."

GERMANY DELIVERS THE GOODS

Courier Leaves Berlin With Notes for Balance of First Billion.

BERLIN, May 29.—If the train carrying the special committee of the German government arrives at Paris on schedule time, the reparations commission about noon Monday will come into possession of equivalent to $840,000,000 gold marks, the balance due from Germany on the first billion payment.

Each of the notes, 20 in number, bears the endorsement of the Deustche bank, the Dresdener bank, the Darmstadter bank and the Disconto company, four leading banks of Greater Berlin, who *volunteered their joint guarantee* for the government's assurance that the note would be redeemed at maturity without holding the banks materially responsible.

The courier, who left Berlin last night, carried the notes in an insignificant looking wallet tucked away in an inside pocket. The one billion marks which *Germany* will have paid as the first installment within the time specified by the allied ultimatum, represents a billion weight of 400,000 kilograms, for which forty ordinary German freight cars would have been needed if Germany had been called upon to pay in gold.

APPONNT FLAVELLE GRAND TRUNK HEAD

All-Canadian Board Replaces English Directorate Pending Consolidation.

MONTREAL, Mar 29.—Sir Joseph Flavelle of Toronto was Saturday elected to the chairmanship of the *reconstituted all-Canadian board of* directors of the Grand Trunk Railway.

Howard G. Kelly was reappointed director and president of the company. *The other directors are J. N.* Dupius, Montreal; E. L. Newcombe, K. C., deputy minister of justice, Ottawa, and A. J. Mitchell, financial vice president of the Canadian National Railways, *Toronto.* It is further understood that when the consolidation of the Grand Trunk and Canadian National railways is finally completed Sir Joseph Flavelle will be appointed chairman of the board which will direct the management of the combined roads.

It is also stated that the new all-Canadian board of the Grand Trunk is only temporary, to hold office until the consolidations have been effected. It is thought in consequence of these changes that the Grand Trunk headquarters will be removed to Toronto with most of the executive positions of the road concentrated at the latter city.

It was officially stated on Saturday that the first business before the board was the acceptance of the resignations of the English board of directors. Howard G. Kelly stated on Saturday also that arrangements for the unification of the Grand Trunk with the Canadian National Railway will be proceeded with as rapidly as possible.

It is stated that the Grand Trunk arbitration proceedings to determine the value to be awarded the shareholders by the Canadian government on the acquisition by the latter of the road will be resumed here next Wednesday with the same arbitrators and counsel as at previous sittings.

TURKS TORTURE AND HANG AGENT OF GREAT BRITAIN SENT ON PEACEFUL MISSION

France and Britain Change Attitude Towards Mustapha Kemal; Moscow Dominates Nationalist Policy; British Indian Subject Endures Star Chamber Horrors, Is Then Executed.

CONSTANTINOPLE, May 29.—With Moscow dominating the Turkish Nationalist policy, as appears from recent developments, the whole Near Eastern political situation has been again thrown into confusion, with the probability that France and Great Britain may stand back, to some extent from their attitude in the Greek campaign against Mustapha Kemal Pasha's forces. The crisis has been *accentuated by the execution in An*gora, the Turkish Nationalist capital, of a British Indian subject, Mustapha Sachir, hanged as a spy.

Mustapha Sachir was sent to Angora by the British with the idea of improving relations between Great Britain and the Turks. It is asserted here that he was tortured into a false confession with the promise that his life would be spared, but that Russian Bolsheviki influences were successfully exerted to secure his being hanged.

*The French have objected decided*ly to the recent Turkish Nationalist proposals for revision of the Franco-Turkish agreement. The army of some 80,000 which the French have in Syria, is causing alarm to the Nationalists in view of the recent developments, and they have istructed Muir Bey, who is now in Beirut, to try to gain time for negotiations, and it is reported in this connection to have made a new offer of Alexandretto to the French.

HANSON WINS BY ABOUT THOUSAND

Government Candidate for York-Sunbury Carries the Day.

FREDERICKSON, N. B., May 29.—Richard B. Hanson, K.C., of Fredericton, candidate for the National Liberal and Conservative party, carried York-Sunbury on Saturday for the Meighen government by a majority of nearly 1000.

Complete returns were not available up to a late hour tonight, as Nortondale, located in the far northeastern corner of the constituency, had not been heard from. There are only 57 elibigle voters in Nortondale and complete returns with that exception showed 7170 votes for Mr. Hanson, and 6207 for Ernest W. Stairs, the United Farmers' candidate.

Without Nortondale returns Mr. Hanson has a majority of 963. But it is expected Nortondale will show about 2 to 1 in favor of Mr. Stacey, as the United Farmers' organization at Milville, the nearest center, has been active. The final majority for Mr. Hanson will probably be between 925 and 950.

OTTAWA, May 29.—The results of the byelection in Yamaska and York-Sunbury *follow lines generally* expected in political circles, although surprise is expected at the majorities in both cases York-Sunbury is an organized Conservative strongly and the victory of the government was regarded as practically certain. But it was thought among members of the Progressive party that their nominee would make a better showing than was the case.

The government party appealed to the people on the tariff and sought endorsation of their policy of moderate protection as well as their general record, and the suggestion that the administration had carried on.

Hon. T. A. Crerar, leader of the Agrarians, on his visit here, announced that the tariff was the issue in the contest, too, but since then everything from religion to radicalism had been introduced into the fight by the combination of the Agrarians and Liberals. One of the principal Socialistic speakers from the west urged farmers and labor to stand together for victory for "the common people."

Mr. Stairs had the endorsation of the Liberal executive for York-Sunbury at the outset of the campaign and he also had the active support of what organization the Liberal party has in York county, especially Fredericton, Devon, Marysville and *McAdam, the urban polling division* where the Liberals manned all the polls.

When electors and workers took a part in the battle of ballots the government party had an especially active organization of women workers in very direction who claim that equally as many women as men voted *in the city, and that at the* up-town polls they got 80 per cent of the women's votes for the government. In the rural districts the women voters were equally as numerous as the men.

BOOTPRINTS GIVE CLEW FOR ARREST

Trace Murderer Through Changes of Footgear; Confesses Crime.

WINNIPEG, May 29.—With the arrest today at Broadview, Sask., of a young German named Kaler, who confessed, the murder of the unknown man found dead beside the Canadian Pacific railway tracks five miles west of Virden, Man., on May 13 is solved. The arrest was brought about by the most dogged persistence on the part of the Manitoba provincial police and the Saskatchewan authorities in following up a clue picked up on the scene, namely, the track of a shoe with a bar across the ball of the toe.

The prisoner was traced to Broadview, but the trail was obscured by the alibi furnished by the man found there wearing the sooes. He told of having got them from a young German in trade. The new shoes were then followed and found, but again there had been a trade, the German having taken a pair of moccasins *and gone to the Indian reserve*, where he was arrested.

Captured Documents Prove Major Smith's Murder by Sinn Fein

DUBLIN, May 29.—It was announced from Dublin Castle today that documents found during a raid of the premises in Mary street, Dublin, used as offices by Michael Collins, head of the Irish Republican army and the Sinn Fein minister of finance, proved that Major Compton-Smith, who disappeared mysteriously from Cork in April, was murdered by the Sinn Fein. In a letter left for his wife the statement added, Major Compton-Smith said he was prepared to die as a brave man should.

AMBUSH ULSTER SPECIAL POLICE

Kill Two, Wound One; Attacking Party Escapes; Murder Brothers.

BELFAST, May 29.—A party of Ulster special policemen was fired on this morning from a hedge five miles outside the town of Tyrone. Constable Coalter was killed instantly, and an old man with whom he was speaking was wounded and died later. Another man was wounnded. The members of the attacking party escaped.

Shot in Cold Blood.

CORK, May 29.—Two brothers named Fitzgerald, one a railway man and the other a former soldier, were taken from their home and shot. *Their bodies* were riddled with bullets.

WEATHER

Standing at 15 feet above low water mark at 4 o'clock yesterday afternoon by the Dominion government gauge, the West Arm at Nelson showed a rise f *six-tenths of a foot* in the preceding 48 hours. The rise has been retarded by the cold nights, which check the melting of the snow in the Rockies.

OVER TWO THOUSAND DOLLARS IN HAND FOR NELSON WAR MEMORIAL

Cash subscriptions a little in excess of $2000 have been realized by the Nelson war memorial drive, which ended Saturday, so far as the active canvass is concerned. Most of this money is now in the bank and the rest will immediately join it.

Certain of the canvassers will keep their books for a few days, to cover cases where they were asked to call again at a later date. The C. P. R. payday will see quite an amount added to these lists, it is understood. Several societies also have yet to announce their subscriptions. There are also some books out of town, which will not be turned in for a day or two.

When the lists are finally closed Chairman, W. B. Bamford stated last night, the books will be audited, and a public statement issued, covering both the total amount received and the amounts collected by the *individual canvassers.*

An out-of-town veteran, in forwarding his subscription to Mr. Bamford, wrote: "While my bit is small I feel that it will help to swell the *grand total necessary to erect a last*ing memorial to the brave boys of Nelson who fell in the great war, many of whom I was personally acquainted with." This spirit, Mr. Bamford said, was widely prevalent, and to see this evidence of personal feeling in so many cases was one of the compensations to those who did the arduous work of the canvass.

The following additional subscriptions are reported:

C. B. Abbott	1.00
Mrs. James Sinclair	1.00
Mr. and Mrs. W. E. Pickford and family	3.00
Mr. and Mrs. John Fox and family	2.00

TAKE NO CHANCES OF SECOND ESCAPE

Refuse Permission for Methodist Minister to See Garfield Alone.

WOODSTOCK, Ont., May 29.—One to the latest developments in the case of Norman Garfield, the murderer of Ben Johnson, restaurant proprietor of this city, whose execution is set for Thursday of this week, is that he will be hanged in the jail yard instead of inside the jail, as at first intended. The reason given for the change is that there is not room for a 13-foot high scaffold within the building. The execution, it is said, will take place in the northwest corner of the jail yard, practically on the spot where, 30 years ago, Reginald Birchall was hanged for the murder of Fred Benwell.

Rev. Mr. Gaetz, the Methodist minister who has been Garfield's spiritual adviser and through whose visit last Wednesday the opportunity opened for the prisoner to escape, visited the condemned man Saturday afternoon. He was not allowed to enter the death cell and a guard stood nearby throughout. The minister resented this and before leaving the jail he asked the sheriff to permit him to visit the prisoner without a guard being present. This the sheriff refused. He told the minister that anything that was to be said to Garfield must be said in the presence of a guard.

Summer Millinery

Smart, lacey Hats for dress occasions. Outing Hats in wide selection. Trim little shapes for tennis and motoring and the graceful big straw and silk creations with a charm of their own without sacrificing the sports element.

Blouses, Middies, Sports Skirts, dainty Summer Underwear, Hosiery in great variety, silk and lisle; Gloves, in fact, every hot weather need we have anticipated.

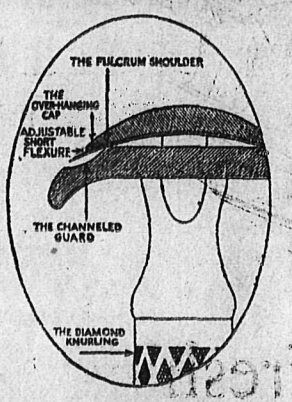
Falls From Phone Pole; Dies.

WINNIPEG, May 27.—Willi[s] *Hughes, aged 40, died tonight fr*om the effects of injuries received in a fall from a telephone pole on wh[ich] he was working.

In their thousands, men are turning to this new razor of precision—

PATENTED: CANADA, AUGUST 31st, 1920



The New Improved **Gillette Safety Razor**

Uses the same fine Gillette Blades as you have known for years—but now your Blades can give you *all* the luxury of the finest shaving edge in the world. Identify the New Improved Gillette by its

Fulcrum Shoulder
Overhanging Cap
Channeled Guard
Micrometric Precision
Automatic Adjustment
Diamond Knurled Handle
Diamond Trademark on Guard

Finer Shave—Longer Service
More Shaves from your Blades

In SILVER *and* GOLD
Shaving Sets and Traveler Outfits

Alexander Graham Bell, the great Canadian inventor, will always be given the credit for the telephone. Bell's work superseded the efforts of Page, whose research was advanced in 1837; Bourseul in 1854; and Reis about 1860. In 1878 Bell's transmitter was itself superseded by Hunning's "granular carbon transmitter"; since perfected by A. C. White, whose "solid back transmitter" has practically displaced all earlier forms.

MOST inventions develop slowly. Here a little detail. There another—and so on, until you can hardly tell when the perfected device finally took shape.

Here in the New Improved Gillette is one of the startling exceptions.

At one stroke—*micrometric precision*, exact to 1/1000 inch, and these three fundamental discoveries, the Fulcrum Shoulder, Overhanging Cap and Channeled Guard.

The result of the unequalled Gillette experience and resources, developed by nearly 20 years' service to the shaving needs of every civilized people on the surface of the globe.

Even measured against your old-type Gillette, the New Improved Gillette Safety Razor represents an advance of 75% in shaving comfort and efficiency.

To the man who has never used an old-type Gillette, we say this:

Compare the new Improved Gillette with any shaving method or device you know now.

It opens up an entirely *new era* in shaving — the era of *precision*, of exact and predictable results.

It is worth any man's money—no matter how attached he may be to his old-fashioned razor or old-type Gillette.

NOTE.—*The Gillette Company assumes responsibility for the service of Gillette Blades when used in any* GENUINE *Gillette Razor—either old-type or New Improved Gillette. But with* IMITATIONS *of the genuine Gillette, it cannot take responsibility for service of Blades.*

M. and seven o'clock P. M. at the City Hall, corner of Front and ward Streets.

W. E. WASSON,
City Clerk.

Nelson, B. C., May 26th, 1921. (3390)

MOTORISTS JUDGE TOWNS BY ROADS

Good Streets Give Good Advertisement; City Should Emphasize the Water.

"A city is judged by its looks, and to a motorist a city looks first class if it has good streets, and, no matter what charms of situation, scenery, climate, and home attractions it may have, it looks bad if its streets are unimproved. In fine weather dirt roads can get by to some extent with the motor tourist, but in wet weather, look out! A town content with dirt roads advertises itself all right, but in the wrong direction."

A summer visitor passing through Nelson and stopping at the Strathcona gave expression to these reflections in connection with the suggestion that motor traffic will be pouring through Nelson all summer, both eastbound and westbound, now that the Sirdar-Kuskanook link is open, permitting cars to be carried by the regular steamer. There will be a large number of tourists this year, he suggested, and the impression these pathfinders receive, as to whether roads are good or are being made good, is bound to be communicated to a host of inquisitive car owners who will be casting around as to their next season's jaunt.

Another suggestion made by the visitor was that the people of Nelson should make more of the water. "You do not know what a paradise this seems to a prairie dweller," he said. "It is a wonder to me that Nelson babies are not born with oars in their hands, as the saying is, when you have this perpetual invitation from Nature, to indulge yourselves in every form of water sport."

ENGINEERS VIEW LARDEAU BRANCH

An examination of the Lardeau branch between Lardo and Gerrard was made Saturday by A. T. Kerr, engineer of the railway commission, and J. H. Soans, C. P. R. resident engineer at Nelson. The two engineers went up on Friday and returned to Nelson yesterday morning by the Kuskanook.

Mr. Kerr, whose headquarters are at Calgary, left for that city yesterday morning via the Crow.

SUNDAY SCHOOLS REGISTER GAIN

Large attendances were scored at all the Sunday schools in the city yesterday, owing to the special appeal made to adults, the day being "Go to Sunday School" Sunday, by proclamation of the lieutenant-governor. The larger attendance was reflected in the collections.

BEST CONFERENCE IN TWENTY YEARS

Rev. Mr. Westman Describes Notable Features of Big Methodist Gathering.

That the Methodist annual conference of British Columbia, at Victoria, which he returned from on Friday night, was the best he has attended in over 20 years in this province, was the statement Saturday of Rev. J. P. Westman, pastor of Trinity Methodist church. The attendance was large, fully 200 delegates being present. Interest was keen and the debates were of a high order.

The statistical report was most encouraging, he stated. Over 1400 had united with the church during the year, making a total of nearly 17,000 members. The missionary offerings reached nearly $100,000. The Women's Missionary society raised $18,000. The Sunday school force reached over the 23,000 mark out of a total of 57,000 in the province from all churches.

The conference pledged itself to increase its missionary givings this year by over 25 per cent.

Among the most vital questions raised was that of the evangelism and social service work, and also of religious education. The present moderation act was condemned as not being what the people expected when they voted. Stress was laid upon the need of a progressive evangelism.

The brotherhood movement was urged upon the various congregations as a vital means for developing the latent talent in many congregations.

In October there will be a gathering of representatives from world wide Methodism held in London, England. Canadian Methodism will send 24 delegates. These meet every 10 years. Rev. W. J. Sipprell, D. D., was the choice of the British Columbia conference.

Nelson was represented at the conference by Miss A. M. Smith, James Weir and A. H. Brean, in addition to the pastor.

RED TRIANGLE GIRLS DISCOVER A PITCHER

"She's some pitcher, all right, all right," was the conclusive expression of a number of male ball fans that witnessed the victory of the Y. M. C. A. girls' club over the High School girls in their return ball match on Saturday, which ended with a score of 24to 3. The expression referred to Miss Eileen Long, who pitched for the "Y" girls with extraordinary effectiveness and added a fair quota to the score when up. L. O'Neill was the umpire of the seven innings game.

The lineup was: "Y" girls—Pitcher, Eileen Long; catcher, L. Martin; first base, Charlotte Notman; second, Jessie Croll; shortstop, Leone Boss; third, Mrs. Guy Wright; outfield, Bernardine Yoder. High School girls—Pitcher, Gladys Jelfs; catcher, Bella McGaulay; first, Jessie McDonald; second, Grace McDonald; shortstop, Hope McGaulay; third, Cathleen Black; outfield, Eileen Dill.

STARKEY WILL GO TO BOARD MEET

Business Bodies of South Eastern District Will Get Together.

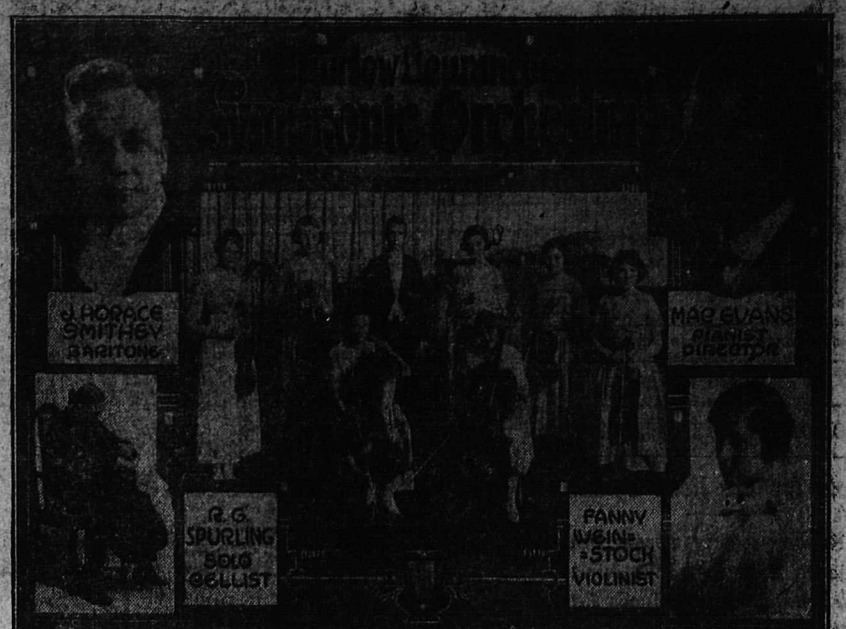
Provisional plans previously announced for the holding of the annual convention of the Associated Boards of Trade of Southeastern British Columbia on the coming Friday and Saturday at Invermere have been confirmed, Commissioner Fred A. Starkey of the Associated Boards of Eastern British Columbia, receiving an invitation to attend as a fraternal delegate at that time and place.

Commissioner Starkey will leave Nelson Thursday morning, and joining R. S. Bevan, president of the Creston board of trade, at Creston, will motor with him to Cranbrook.

Secretary B. G. Hamilton, of Invermere, in writing Mr. Starkey, said in part:

"It has been decided to hold our second annual get-together meeting on Friday, the third day of June, at Invermere, situated on the beautiful Windermere lake. We have promises of attendance from members of all the boards of trade of Southeast Kootenay—Creston, Cranbrook, Fernie, Golden and this district. But we desire to make the influence more widely spread. Our executive would like to have you with us in order to bring about a closer union."

The second day of the gathering will be devoted to entertainment, which will include motoring through the famous Kootenay-Columbia valley, and visiting the Hot Springs.



"All musical," with the exception of Princess Oyapela's "Indian Histry and Folk Lore," describes the program for the third day of the coming Chautauqua. Lieurance's Symphonic Orchestra will give two concerts, the evening one being featured also by the appearance of J. Horace Smithey, the baritone.

FROST GLISTENS

Frost glistened on plank sidewalks in Nelson Saturday morning, fulfilling various predictions that the week would end with a touch of frost. Yesterday, however, apparently inaugurated another warm wave.

British distillers' agents are removing their stocks from Quebec to St. Johns to avoid confiscation.

Fire destroyed an entire business block at Benito, Man., and the loss is estimated at $100,000.

Every Merchant His Own Editor

A merchant talking with the writer said: "I consider my Daily Newspaper Advertising to be the most important thing I do each day. It is the only thing I do that *the entire community are* simultaneously informed about.

"I look upon my advertising space in a somewhat similar fashion, I imagine, to the way the editor looks upon the whole paper. He has so much space and so much copy to use. His job is to make his paper as interesting as he can, to as many people as possible.

"I haven't as much space as he has; therefore it is doubly important to me to make my space more interesting that his space—IF I CAN.

"Hundreds of people come into my store whom I can never hope to meet personally. So I figure that the next best I can do is to give them a definite impression of my personality through my daily newspaper advertising."

The basis of successful advertising for any local merchant is disclosed in that conversation.

Reason it out.

Member Audit Bureau of Circulations

MONDAY, MAY 30, 1921.

Vote for the Road Bylaw.

Nelson property owners will vote on Thursday, June 9, on the bylaw to provide funds for street improvements.

Fifty thousand dollars is to be spent this year, and $40,000 in 1922 and 1923, respectively. The idea of the three-year program is that it will provide for a definite scheme of road construction which can be carried through without delay and expense attendant upon passing a separate bylaw each year.

Good streets in Nelson will represent a real economy. Maintenance of existing roads which are in most cases without permanent bottom, has proved much more expensive than is generally realized. Enough has been spent each year upon futile patching of poor roads to more than pay interest upon the capital expenditure necessary for the construction of good roads. The few blocks of permanent streets which Nelson possesses have been constructed out of revenue, but they have proved the value and economy of good roads.

Patching of roads which are little more than trails, which lack proper grading and surfacing, has cost Nelson many thousands of dollars without bringing about any permanent improvement. The same work has had to be done over and over year after year.

During the war and the immediate post-war years it was not considered desirable to attempt to float a bond issue on account of the financial stringency, but the money market is now easier and the indications are that the city will be able to sell its bonds on favorable terms and thus secure the funds required for permanent road construction and consequent reduction in annual maintenance costs.

Public opinion has been demanding better streets in Nelson for many years. It is necessary, however, that a large vote should be recorded as the law calls for a three-fifths majority for the bylaw.

What the Press Is Saying

Party Poltics of the Future.

There will always be parties while there are differences of opinion and all parties have a right to be represented not only in any parliament that claims to be democratic, but in every government that is deemed to be established on democratic foundations. The trouble about the party system as we see it in operation is that it has become crystallized; that it has not adapted itself to a radically changed environment. There

There was a time when the mother of parliaments and the several colonial parliaments could be rightly divided into two parties. For three, four and more parties setting in the one chamber and governed by groups, the logical sequel of which is proportional representation and electric ministries, but up to the present no parliament in the British Empire has been logical. If parliament is to be rehabilitated these reforms must be effected.—Perth (Australia) Western mail.

The U. S. and the Allies.

So far as it can, the United States government is disposed to use moral suasion in favor of moderate and tranquilizing policies. Beyond this it has no mandate to go. If it could not take the position of umpire between Germany and the allies, no more can it take the position of umpire between entente countries. If they desire friendly advice Washington can give it, and there is no question as to its general nature; the administration, while not presuming to interfere in European affairs, wants a settlement which will permit the people of Europe to get o work. Each of the entente governments is perfectly able to judge for itself how its policies, open or still secret, square with this principle, in the application of which the United States may be expected to be quite impartial. With the utmost friendliness for all the entente countries America shows no disposition to take sides with one of them against another and declines to discuss the remote contingency of having to choose between them.—Springfield Republican.

Efficient Housekeeping

BY Laura A. Kirkman

PLANNING THE JUNE WEDDING BREAKFAST.

That great question, the wedding breakfast menu, is uppermost now in the minds of many June brides-elect. The following menu is both dainty and seasonable:

Jellied Tomato Bouillon
with Cheesed Crackers
Chicken a la Francois with
Tiny Rice Croquettes
Luncheon Rolls
Fruit Salad, Garnished
Vanilla Ice Cream, Marshmallow Sauce
Coffee Fruit Punch

Jellied Tomato Bouillon: Make one quart of bouillon in the ordinary way; add to this quart two cups of the soft interiors of ripe, uncooked tomatoes, and a two-ounce package of granulated gelatine which has been soaked in one cup of cold water. Season to taste with salt, onion salt, and pepper and heat, all together, to boiling point (stir till the gelatine is dissolved). Then srain into bouillon cups and set away to stiffen. Chill before serving.

Cheesed Crackers: Take any kind of small, unsweetened crackers and sprinkle grated cheese over them lightly; bake in a medium oven for a few minutes until the cheese is melted, then cool. (Need not be sryd warm.)

Chicken a la Francois: Melt four tablespoons of butter in a saucepan, add two tablespoons of cornstarch. Stir until smooth, then add one and a half cups of chicken stock and one and a half cups of rich milk. Heat to boiling point and season with salt to taste, a dash of pepper and grated nutmeg, and add one-fourth cup of butter which has been broken into small pieces, beat constantly and when smooth add two cups of cold boiled chicken cut in small cubes, one cup broiled mushrooms (canned) thinly sliced, and one-half cup chopped pimiento (also canned). Heat to boiling point again, remove from range and stir in the yolks of two eggs which have been slightly beaten. Serve hot in warm individual ramekins.

Luncheon Rolls: Scald one cup milk and turn it into a mixing bowl with four tablespoons of sugar and one-half teaspoon salt. Let cool slightly, and when lukewarm add one-half cake of compressed yeast which has been dissolved in four tablespoons of lukewarm water, then add one and a half cups of flour. Beat until ingredients are well blended and set to rise in a warm place. When high and light (about one hour) add four tablespoons of melted butter, two well beaten eggs, one-half teaspoon of grated lemon rind, and enough flour to handle; knead until smooth and elastic. Set to rise again, then when high once more (about one and a half hours) roll to one-half inch in thickness and shape into "finger" rolls three inches long and only a little larger around than a lead pencil, tapering at the ends. Let rise a third time, and when light once more (about an hour longer) bake 15 minutes in a hot oven. (After 10 minutes of baking open the oven door, slip the pan out a little, and brush the rolls over the top with the slightly beate nwhite of an egg which has been mixed with two tablespoons of milk; this will give them a glazed look.)

Marshmallow Sauce for Ice Cream: Boil together one cup sugar and one-third cup milk, without stirring, until it "spins a thread." Then set it aside to col slightly; when luekwarm beat until thick and turn into a double boiler to heat until of a consistency to pour. Melt 24 marshmallows in another double boiler (or in any pan over hot water) and pour these into the sirup, beating well. Keep it warm in this way, in the double boiler, until needed.

Tomorrow—Answered Letters.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

Daily Recipe

(Paste this in your Cook Book.)

PEPPERMINTS

For "Young Housekeeper"—Put one and a half cups sugar and half a cup of boiling water into a granite saucepan and stil until sugar is dissolved. Boil ten minutes remove from fire, add six drops oil of peppermint, and beat until of right consistency. Drop from tip of spoon on slightly buttered paper.

The Lighter Side

Another eternal triangle: Garden, chickens, profanity.

—o—

Some of the plays indicate that the bat isn't the only thing on the field made of wood.

—o—

The mosquito is the good sport among creditors. He always sings out a shrill warning before presenting his bill.

—o—

They usually feel cultured about the time they learn to call it a sweet of furniture.

—o—

Angling would be a more thrilling sport if the fish would bite as well as the chiggers.

—o—

As a rule the uplifter who is determined to elevate his fellows succeeds only in raising a row.

—o—

A henpecked husband thinks they call a ship "she" because it is capable of so many not an hour.

—o—

A manufacturer boasts of the number of calories in his breakfast food. We had seen the darned things crawling, but didn't know what they were.

—o—

If the lounge lizard had the courage of his convictions, he would wear one of those V-neck affairs.

—o—

The Dempsey-Carpentier purse looks like easy money to those who are not required to stop the punches.

—o—

The blue law advocate would probably raise cain if his wife didn't prepare an extra big dinner on Sunday.

—o—

Every normal boy passes through an age in which he wonders how a sire so humble produced such noble offspring.

—o—

James J. Davis says this is no time for monkey wrenches in the industrial machine. Can he suggest some other way to handle the nuts?

YUKON PIONEER DIES

DAWSON, Y. T., May 28.—William Middleton, pioneer Yukon miner, a native of Scotland, died here today after a long illness.

English Price of Canadian Beef.

LONDON, May 29.—(Canadian Associated Press.)—Canadian beef cattle killed at Birkenhead are selling for 8 shillings 8 pence per stone.

Styles

BY LENORE

For the summer resort or dining out occasions at home the very young matron will find a serviceable frock in the cream colored Georgette model shown in the sketch. And if she is at all experienced in making her own clothes it is the kind of model she would hesitate to buy—for the design is so simple that she could copy it for almost one-third the cost.

Pin tucks and cobwebby thread lace are the only trimming, with a nosegay of rosebuds for a touch of color, and picoted ribbon ends to catch the breeze. The same design looked charming and summer-like in pale yellow and a delicate coral. And why can't a fine French voile be used instead of Georgette?

An effeective hat to wear with a simple restaurant frock is made of black crepe, with glicerine ostrich to trim the slightly drooping wide brim. Hats of this type, particularly with flat squarish crowns, are one of the outstanding features of Paris millinery. The brims, however, are larger than the American woman usually prefers.

PATTERN NO. 174.

A pattern for the above model (No. 174) can be obtained in sizes 34, 36, 38 or 40 by sending to The Daily News your name and address, number of this pattern and the size required, and 25 cents in postage stamps. Be sure to keep this newspaper clipping of the sketch and description of the garment to use as a working model when the pattern reaches you—which will be within two weeks.—The Editor.

Ten Years Ago Today

From The Daily News, May 30, 1911.

On Thursday morning the 37 enumerators who have been appointed to take the census in the West Kootenay and Boundary districts, for which A. B. Docksteader is commissioner, will commence their work of collecting data regarding every man, woman and child, and concerning mines, timber limits, farms and all other property in the district.

* * *

M. J. Morgan, who has been at Victoria in connection with the Sheep Creek townsite, is expected to return to Nelson this evening.

* * *

D. P. Kane of Kaslo was a visitor in the city yesterday.

Twenty Years Ago Today

From the Tribune, Map 30, 1901.

Jesse Coulter of Spokane, who was formerly connected with te local hydraulic company operating on Forty-Nine creek, registered at the Hume.

* * *

Yesterday afternoon P. J. Russell and John Houston, the sub-committee appointed to secure Dominion Day celebration subscriptions from the retail traders and professional men, made a partial canvass of the city.

Mayor Fletcher returned from a trip to Boundary yesterday. He says the Kettle river is very high, and that the people in the lower portion of Grand Forks were preparing to move out.

YUKON NAVIGATION OPENS IN FEW DAYS

DAWSON, May 28.—(Canadian Press) — Navigation from White Horse through to Dawson and the mouth of the Yukon and tributary points will be open within a few days. The first steamer is expected to leave White Horse for Dawson June 6. Reserfations for the boat are all taken. Several other boats will follow her daily until all are strung out on the summer schedule. Navigation is already under way on the Yukon northward from Lake Labarge. Two steamers, the Nasutlin and the Thistle, have ascended Stewart river with full cargoes and numerous passengers.

ARE CANDIDATES FOR HOUSE OF COMMONS

LONDON, May 29.—Sir Hildred Carlyle, former member of parliament for St. Albans, will be Unionist candidate in the by-election in Hereford, made necessary by retirement of Pemberton Billing. Colonel Jessel is the coalition candidate and Malcolm Erskine, anti-war candidate in the division of Georges-Westminster, vacant through the elevation of Right Hon. Walter Long to the peerage.

Enroll in the
RED CROSS

THE
Red Cross
IS
Calling You

THIRTY-ONE nations of the civilized world have Red Cross Societies signatory to the Red Cross League of Nations. They are about to conduct a campaign for increased membership enrollment. The Membership Drive of the British Columbia Division will open on Monday, May 6th. In this situation it is felt that as the public is being invited to enlist in the Red Cross, the fullest possible publicity should be given to the Red Cross movement in this Province—the present work and the future objectives of the Society.

The Red Cross accomplished a stupendous work during the war, but it is now called upon to perform an even more stupendous work. In connection with its post war work, the Red Cross is completing its work among disabled soldiers still in hospitals and sanitariums. It is endeavoring to increase the number of workshops for these men, so that they may become self-supporting—an achievement which the majority of them cannot accomplish in pursuit of their former lines of work.

The Red Cross has four salient missions to fulfil in its peace time work: 1st—To provide and maintain public health nurses in the rural districts, especially in the sparsely settled pioneer sections. 2nd. To provide emregency service outfits in all sections of the Province, to render first aid and alleviate suffering in case of great disasters. 3rd—To improve the living conditions and general health of the sick and needy throughout the Province, and teach them the fundamental rules og good health. 4th—And by no means least in importance, to enlist the sympathies and help of the youth of British Columbia and to instil in their minds the great value of Red Cross principles and practices.

In order to carry on this great work for the uplift of mankind which the Red Cross has pledged itself to accomplish, it is necessary for YOU—every man, woman and child in British Columbia—to give your fullest sympathy—lend your greatest aid to this world-wide organization.

The Red Cross does not expect you to give lavishly of your funds, but it does expect you to contribute $1.00 as an enrolment fee, thereby showing your desire to better the health and general living conditions of those less fortunate than yourself.

This enrollment is not an appeal for funds—it is a plea to secure the whole-hearted support and endorsement of every red-blooded British Columbian in the Post War Work and Peace Time Policy of the Red Cross. Can you, as a good, true citizen, refuse such a plea?

Officers of the British Columbia Division of the Canadian Red Cross Society:
Patron—His Hon. the Lieutenant-Governor.
President—Sir Frank S. Barnard.
Vice-Presidents—F. W. Jones, Victoria; A. P. Black, Vancouver; His Hon. Judge F. McB. Young, Prince Rupert; Mrs. F. Somes.
Hon. Secretary-Treasurer—A. J. Forsyth.

Wanted $1.00
From every man and woman in British Columbia as an enrollment fee in the B. C. Division of the Canadian Red Cross Society.
JUNIOR MEMBERSHIP, 25c (For children up to 18 years of age.)

Membership Drive Opens June 6th
Mail Your Enrollment Fee to Your Local Branch or to the
CANADIAN RED CROSS SOCIETY
626 Pender Street West, Vancouver, B. C.

MEMBERSHIP DRIVE OPENS JUNE 6

For Men, Women and Children

R. ANDREW & CO

Leaders in Foot Fashion

Less tobacco will be grown in Essex county this pear on account of the poor market.

Coldstream public school, near Ilerton, is closed owing to an outbreak of scarlet fever.

—Backache?
—Rheumatism?
—Run-down?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription, "An-uric," usually gives immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store. Ask for Dr. Pierce's "Anuric" (anti-uric acid) for kidneys or backache, or send 10c to Dr. Pierce's Laboratory in Buffalo, N. Y., for trial package

Thin People

Thin, nervous, underweight people take on healthy flesh and grow sturdy and ambitious when Bitro-Phosphate as guaranteed by the Canada Drug & Book Co. is taken for a few weeks.

Snow-white fleecy blankets

Its easy to keep them that way. It's the best way, too, because pure, clean blankets wear longer. It just means using that purest, surest, and gentlest of all cleansers—

Sunlight Soap

It washes without rubbing, twisting, or wrenching the clothes. It's a wonderful work saver as well as a clothes saver.

Insist on getting the soap you ask for--SUNLIGHT SOAP

SPRING ASSIZES OPEN AT FERNIE

Logging Dispute Unfinished; Illicit Still Possessor Is Fined.

FERNIE, May 28.—Spring assizes covering civil cases only opened here on Wednesday morning before the Hon. Mr. Justice Murphy.

The first case to be heard was that of W. J. Morrison vs. Rock Creek Lumber company, the matter arising out of a contract for the sale of timber on limits of the plaintiff to the defendant company on a stumpage basis. The plaintiff brought action, alleging that the contract for the sale bound the defendant company to log the limits clean, whereas further allegation is made that they removed their sawmill and ceased operations while there still remained a substantial quantity of merchantable timber. This case has not been concluded, as further evidence is required as to the actual quantity of timber supposed to be available on the limits, the plaintiff claiming this amounts to over 600,000 feet, while the defendant company takes the stand that less than 200,000 feet remain and this is not marchantable, in view of inaccessibility to economically log it.

The case of Farquharson vs. Canadian Pacific railway began on Thursday morning and is still in progress. This is a damage action wherein the plaintiff claims he suffered material losses through failure of the defendant company to furnish proper cars when required to transport logs, the sale of which he had contracted with the Baker Lumber company at Waldo. Shipments were to have been made from Cokato to Morrissey. A. J. Fisher, assisted by F. C. Lawe, is conducting the case for the plaintiff, and J. E. McMullen, solicitor for the company for the province, assisted by Sherwood Herchmer of this city, are handling the case for the company.

His honor, Judge Thompson, this morning handed down judgment in re Rex vs. Drevenuk, a prosecution under the inland revenue act. The accused was found guilty of having in his possession the manufacture of liquor and was sesion a still or parts thereof suitable fined $200 or six months in Nelson jail with hard labor. The fine was paid. This makes the fourth conviction in this vicinity under the inland revenue act, aggregating fines collected of $800, through the activities of the Royal Canadian mounted police.

LISTER NOTES

LISTER, May 26.—Ivor Christensen is in charge of a crew of five men who are at work at present erecting a new house on the farm of his brother, Henry Christensen. John Johnston is another who is putting up a new house, the work on it being in charge of James Turnley.

Charles Faulkner who got back on Friday from a holiday trip west, has resigned his position on the office staff and left again early in the week for Victoria, where he will reside in future.

Mrs. F. A. Butler is home from a visit with Nelson friends, but Mr. Butler is still absent down the lakes on a business trip.

The G. W. V. A. met in regular session on Saturday night with President Bell in the chair. Much routine business was disposed of and the policy of the government in connection with supplying stumping powder at a 25 per cent rebate was thoroughly explained.

Superintendent Bowbury was a business visitor at Golden a couple of days last week.

Rob Watson, who has been on the carpenter staff here for the past two months, returned to Calgary a few days ago.

Mr. McBrady, the L. S. B. accountant here, was at Cranbrook for the Victoria day doings this week.

Rev. H. Varley had a fair turnout at the Church of England service at the school house on Sunday morning.

The children's picnic under G. W. V. A. auspices, on Tuesday was a complete success. The weather was ideal, the ground very dry and there was an exceptionally complete line of races, sports and amusements for both the youngsters and grownups. The doings were at the old Frank May ranch, and in addition to the bountiful spread of good eats there was an equally generous distribution of ice cream and gasoonable soft drinks. The affair was under G. W. V. A. auspices and about $100 was distributed in prizes.

W. J. Sheppard of Nelson, provincial bee instructor, arrived on Tuesday and has taken charge of exterminating the outbreak of foul brood which was discovered at the apiary of J. W. Head last week. Mr. Sheppard is the guest of A. P. Webb, who along with Messrs. Hall and Head, comprise the beekeeping fraternity of the camp, with a total of 21 hives.

Milk is now being sold for 10 cents a quart in Kingston, the lowest in five years.

HAVE GALA DAY AT CRANBROOK

Veterans Run Celebrations Victoria Day; Sports and Dance.

CRANBROOK, May 27.—Victoria day went off under the auspices of the G. W. V. A. At 11 o'clock they started off with a children's parade, with floats. At 12 o'clock a baseball game began, Wardner against Cranbrook. The visiting team carried off the honors. The races began at 2 o'clock at the fair grounds, also a baseball game between the Fernie boy scouts and the Y. M. C. A. boys. The latter worn, 9—6. The game in the evening began at 6:30, between Wycliffe and Wardner, Wardner again carrying off the honors. After the game there was a tug of war between the Italians and Canadians. The Canadians won.

The day ended with a dance at the Auditorium. The whole day was well supported by outside districts and the arrangement shows very great credit to the G. W. V. A.

ROSSLAND NOTES

ROSSLAND, May 27.—W. H. Falding, accountant, was at Birchbank on Thursday.

Henry Fry of Birchbank was a visitor in the city on Victoria day.

P. R. MacDonald, at one time in the custom offices here, now of Trail, was a Victoria day visitor to the city.

Mr. and Mrs. Fred Morris of Trail spent Tuesday in the city.

Mrs. Jewell and daughter, Miss Alice, of Trail were the guests of Mr. and Mrs. Eldred Jewell on Victoria day.

Miss Louise Merry of Annable was the guest over Tuesday and Wednesday of Miss Muriel Ellis.

Rev. E. A. Chester of the United church, who has been attending the Methodist conference at the Coast, returned home last evening.

Mr. and Mrs. C. B. Smith, accompanied by Dr. and Mrs. R. E. McDonald, spent Monday and Tuesday at Bonnington Falls.

Mrs. Lorne A. Campbell and Mrs. (Dr.) C. S. Williams were hostesses at ten hour last Saturday at the tennis courts.

Scoutmaster Ernest Malcolm left Tuesday evening for Vancouver on a six weeks' trip. Mr. Malcolm has gone to the Coast to receive treatment for his sprained leg, which he sprained while on a hike with the boy scouts some weeks ago.

W. R. Eddy, formerly conductor on the Great Northern between here and Northport, spent last Sunday in the city visiting his family from Marcus, where he is now located.

Mr. and Mrs. Samuel E. Wilson entertained at three tables of cards Saturday night last.

Mr. and Mrs. Lockhardt of Marcus motored to the city last week-end and were the guests of Mrs. J. McLean, sister of Mrs. Lockhardt.

Mr. and Mrs. Z. A. Pfile of Spokane have been enjoying the last week camping in the vicinity of this city, having made the trip from the United States city by motor.

Mr. and Mrs. Robert Inches arrived here last week-end, accompanied by their son, and have been the guests of Mr. and Mrs. Ernest Morison. Mr. Inches returned to Spokane Tuesday. Mrs. Inches and child will return tomorrow morning.

Mr. and Mrs. B. A. Stimmell of Tadanac passed through this city last Sunday, accompanied by their family, for Spokane by motor.

Mr. and Mrs. E. J. Vanderwater were the guests over Victoria day at Nelson of Mr. and Mrs. C. W. Appleyard.

Harry Gamble, mining man, was here on Wednesday from Cranbrook.

Thomas Lamb, accountant in the offices of Davis & Selvus, road contractors, yleft this week for a short holiday in the Crows Nest district.

Mr. and Mrs. Robert Crearer and child of Kimberley arrived in the city on Tuesday afternoon for a short visit. Mr. Crearer is with the Sullivan mine at that place.

A. D. Woods, accompanied by his children, left Thursday morning via Great Northern for White Rock, B. C., where they will spend the summer. Mrs. Woods leaves on Tuesday for that place.

John Albo is once again able to be out after sustaining injuries to his feet while at work at the smelter at Tadanac.

E. J. Walters, who has been a patient at the hospital, is able to be around again.

Herbert W. Jordan of Nelson spent last week-end here.

W. J. Adkins and wife of Vancouver spent a few days in the city this week.

A. G. Langley, district mining engineer, of Revelstoke, was in the city on Tuesday night.

H. W. Stevens, government road engineer, who was in charge of the portion of the Rossland-Cascade road of the transprovincial highway, and now in charge of the portion being built from Cascade, was in the city this week moving his household effects to that city.

W. J. Gallipeau, contractor, of Grand Forks, was here on Tuesday.

Mr. and Mrs. E. M. Stiles og Tadanac spent last Tuesday here the guests of Mr. and Mrs. E. C. Dobbie.

Miss Josephine Murray is again able to be out and at her duties as stenographer at the smelter at Tadanac, after receiving injuries when trying to alight from the C. P. R. train recently while the train was in motion.

Samuel Irvin has been absent at the Coast the past week.

George Hunter has returned home after a trip to United States points.

T. H. McCurrach of Greenwood has arrived here to relieve on the court house staff, while E. Malcolm is at Coast points. Mr. McCurrach is from the Greenwood offices.

Mrs. J. W. Gregory is visiting with her daughter, Mrs. Mulch, of Lillyard, Wash., for a few days.

An American Tournament Furnishes Excitement at Edgewood Tennis Courts

EDGEWOOD, May 27.—The 24th day of May, 1921, must be looked upon as a red letter day in the annals of the Edgewood Lawn Tennis club. There were ten couples entered for the American tournament and play commenced at 10 o'clock in the morning and continued all day, except for an hour at luncheon time, until 6:30 in the evening.

If there was not brilliant tennis all the time it proved most enjoyable tennis both for the players and onlookers. During the initial stages it looked as if C. P. Coates (the major) and his partner, Miss Church, would be easy winners, but after some excitement as to the final result it was found that they were beaten by one point by F. W. Sayer and Mrs. McPhee.

Scores were: F. W. Sayer and Miss Church, 34 points; C. P. Coates and Miss Church, 33; J. Burns and Miss Ford, 25; W. R. Colegrave and Mrs Colegrave, 24; C. Talbot and Miss Murton, 23; K. P. Coates and Mrs. Hughes, 20; Dr. Teld and Miss McLeod, 20; I. McPhee and Mrs. Wright, 19; K. McLeod and Mrs. Ford, 16; A. L. Williams and Miss T. Church, 11.

HARROP NOTES

HARROP, May 28.—About 30 people met in the Methodist church in a farewell party to Mr. Bunt, the student pastor, who is leaving here shortly. Games were played and music was enjoyed and refreshments were served later. Mr. Bunt was very much surprised when he was enticed into the building and saw the gathering.

Miss Grace Stevenson leaves tonight fora stay in Victoria.

EDGEWOOD NOTES

EDGEWOOD, May 27.—The recent high water in Eagle creek has done considerable damage to the property of Messrs. Colcutt & Harris, some valuable land having been swept away.

Mrs. Hamilton is at Creston on a visit to Rev. H. and Mrs. Varley.

Mrs. Cutting of Fauquier was a visitor at Edgewood yesterday.

Empire day was celebrated at Edgewood with games anda dance took place in the Edgewood hall in the evening. At the tennis courts a tournament was held, American style. Mrs. McPhee and T. W. Sawyer were the winning couple.

Dr. Kelso is making a tour of the lower lakes on a medical inspection of the schools.

The New York baritone, has been called "The New Bisphan."

HOUSEHOLDER, THIS FORM IS FOR YOU

Have you a cherry tree, a currant bush, or a potato patch? Have you a cow, or hens? Do you "keep a bee?" If your answer is "Yes" on any of these counts, and several similar ones, the census commissioner's men will have a special form for you, entitled "Animals, Animal Products, Fruits, etc., Not on Farms." Few families in the Kootenay will be able to plead "not guilty" to having some of these types of wealth, so every head of a household will confer a favor on Commissioner C. D. Blackwood for the West Kootenay, or on his fellow commissioners for the East Kootenay and the Boundary, if they prepare in advance information for the enumerator, which they can best do by clipping and filling out the following form, which is as of date June 1, 1921:

Location of place.....
Name of occupier, owner, or person in charge.....
Colts under a year—number .....
Colts and fillies one to two years—number .....
Mares two years and over—number .....
All other horses—number.....
Mules all ages—number.....
Calves under a year—number.....
Heifers one to two years—number .....
Cows and heifers two years and over—number.....
Cows in milk or in calf—number....
All other cattle—number.....
Hogs and pigs—number.....
Hens,old stock four months and over—number .....
Chicks 1921 on hand June 1—number .....
Other fowl, giving name—number....
Hives of bees—number.....
Gallons of milk produced 1920....
Pounds home made butter 1920...
Eggs in dozens 1920 .....
Pounds honey 1920.....
Pounds wax 1920.....
Purebred mares, number and breed .....
Purebred stallions, number and breed.....
Purebred cattle, number and breed .....
Purebred poultry, number and breed .....
Square feet under glass June 1, 1921.....
Value vegetables produced in 1920 .....
Value flowers and flower plants sold 1920.....
Apple trees 1920.....
Bushels apples produced 1920.....
Peach trees 1920.....
Pear trees 1920.....
Bushels peaches produced 1920....
Bushels pears produced 1920.....
Plum trees 1920.....
Bushels plums produced 1920.....
Cherry trees 1920.....
Bushels cherries produced 1920...
Other fruit trees 1920.....
Bushels fruit produced 1920.....
Pounds grapes produced 1920.....
Boxes strawberries produced 1920...
Boxes raspberries produced 1920..
Quarts currants and gooseberries produced 1920.....
Quarts other small fruits (with name) produced 1920.....

sary that this bill go through before the session closed.

To Amend Dominion Land Act.

OTTAWA, May 29.—(Canadian Press.)—A senate bill to amend the Dominion land act passed committee stage in the house Saturday afternoon and was reported. It comes up for third reading tomorrow.

Hon. J. A. Calder explained that the bill was for the purpose of legalizing a number of appointments which had been made in the interior department by the minister in charge. These appointments covered several years, beginning with 1908, and had been made under both Liberal and Conservative administrations.

NOT UNANIMOUS ON WHEAT POOL

Majority of Border Farmers Favor Means for Self-Finance.

WEYBURN, May 29.—(Canadian Press)—The Royal grain inquiry commission will open a two-day session here tomorrow, when a noted North Dakota grain man is expected to be present an ddiscuss the question of options and marketing generally. The Weyburn grain growers local executive held a meeting Saturday evening and decided to be represented.

A session will be held in Assiniboia Wednesday afternoon, and if necessary Thursday morning. From Assiniboia the commission goes to Shaunavon Friday morning, and thence to Maple Creek for a session Saturday morning. A request to sit at Phomiax, between Assiniboia and Shaunavon, is under consideration.

No acute grievances regarding the weighing and grading of grain were aired during last week's meetings at Gretna, Carnduff and Northportal. Farmers along the border have had the advantage of being able to sell in a market where competition with Minneapolis fixed the prices, rather than daily quotations sent out from Winnipeg.

It had been the policy of the buyers to keep grain on this side rather than follow any ironclad set of Winnipeg prices, according to witnesses. There was no unanimity shown by witnesses for a national wheat pool, which many farmers spoke of favorably, and "government ownership" in any form was opposed by two or three agrarians. The majority advocated improvements so as to enable them to finance themselves in the fall if the crop cannot be moved, and assurance that street grain brings a fair price.

PRINTING TRADES READY TO STRIKE

TORONTO, May 29.—Negotiations between a committee of the Toronto Typothetae and a committee of the local typographical union looking to a possible settlement of the dispute between the employers and the men on the question of higher wages and a 44-hour week have been going on some time and will be resumed on Tuesday. Secretary F. M. Kimbark of the Toronto Typothetae said today that it had been mutually agreed that nothing should be made public yet as to the progress of the negotiations.

In the meantime, it is said, the unions of the printing trades industry in this city are preparing for a strike on June 1 if a settlement is not arrived at on Tuesday.

STEAMER RUNS AGROUND.

BOSTON, May 30.—The United States Mail Steamship company's steamer Susquehanna went aground on the northeastern part of the Graves, off Boston harbor, early today. Wireless messages said she was tatking water and asked for aid. A navy tug and a coastguard cutter have been sent from here to her assistance. The Susquehanna, with 700 passengers aboard, is bound for *Bremen from Boston.*

NOTED PLATFORM SPEAKER COMING

President Harding Commends Judge Alden, Who Will Speak at Chautauqua.

Judge George D. Alden of Massachusetts, the "Ambassador of Happiness," has been called from the Chautaquas in the United tSates to the Chautauqua in Canada. He representation in Canada will be as happy as it was in New Zealand because as a direct descendant of the historic Mayflower Pilgrims, John and Priscilla Alden, a grand-nephew of the poet Longfellow and a grandson of a former president of Harvard university, he is of the most refreshing and attractive types of Americans.

President Harding says: "I have heard Judge Alden twice. I have heard his 'Needs of the Hour' and his 'Powder and the Match.' Already the public has passed upon the former and pronounced it one of the best lectures being given today, but his new offering I consider superior in every way.

"He handles the intimate subjects of life with a boldness which might *offend were it not given* with the evident purpose to uplift and enlighten. He does not 'hint'; he speaks with utter freedom of language, bold but beautiful; caustic but chaste; the truths which he seeks to impart are driven home with a force which thorough conviction alone can give. I was charmed with his subtle humor and admired the beauty of his diction. Above all, I would commend him to every Chautauqua assembly."

For ten years now Judge Alden has bee ndevoting himself to the platform. In that time he has been heard in practically every large city on the continent and in all English speaking countries. He has had varied experiences in politics, in the practice law in Boston and New York, and ten years' service on the Massachusetts bench.

"I have known Hon. George D. Alden intimately for many years," writes former Governor W. L. Douglas of Massachusetts. "He acted as my solicitor when he was engaged in the practice of law. I served with him on a number of committees. Knowing the bent of his mind, I do not wonder that he forsook the law for the wider field of the platform. Knowing his ability I am not at all surprised at the great success he is meeting in his new calling."

Australian Delegate Suggests Organization of British Communities

VANCOUVER, May 28.—A concrete plan for the organization of British communities in foreign countries is to be launched in connection with the imperial conference. Mr. F. L. Lowther of Sydney, Australia, will present a proposal in London for increased activities fr the promotion of British clubs and associations wherever there are British subjects under another flag, similar to the Canadian clubs in the United States.

The scheme has the indorsation of such statesmen as Viscounts Bryce and Milner, Sir Edward Carson, Sir George Foster and Premier Hughes of Australia, Mr. Lowther says. He arrived in Vancouver on the steamer Makura last night and will proceed at once to London.

One definite aim of the scheme is to promote good fellowship between the British empire and foreign countries where groups of Britishers happen to live, and to combat the propaganda there of Britain's enemies.

Mr. and Mrs. Gordon of Florence recently celebrated their diamond wedding.

NERVES ALL GONE TO PIECES

"Fruit-a-tives" Conquered Nervous Prostration

R. R. No. 4, GILBERT PLAINS, MAN.

"In the year 1910, I had *Nervous Prostration* in its worst form; dropping from 170 to 115 pounds.

The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced *me to take "Fruit-a-tives"*.

I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. *I am never without "Fruit-a-tives" in the house*". JAS. S. DELGATY.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

house, which was barricaded. Through the timely arrival of police reinforcements the mob was dispersed, but not before a serious engagement was fought, in which bludgeons, stones and other missiles were employed. Several policemen were wounded and numerous rioters, including the ringleaders, were arrested. All the newspapers have suspended, except the Socialist organs, and they announce that the situation everywhere is in conformity with their views.

The rioting at Christiania is the outcome of a strike inaugurated two weeks ago by the steamship engineers and sailors to protest against a cut in their wages. Later they were joined by thousands of union laborers and the army and navy were mobilized for the maintenance of order, it having been declared that the Bolsheviki were urging a general *strike for revolutionary purposes.*

NORWEGIAN RIOTS BECOME GENERAL

Outcome of Engineers' and Sailors' Strikes; Bolsheviki Influence.

LONDON, May 29.—Serious riots occurred last night in Christiania and throughout Norway during the day, according to the correspondent of the London Times. A mob tried to force the entrance of a public meeting

FIFTEEN acres beautifully improved, *Fruitvale, close to station*; irrigation water; six-room residence furnished; fruit, berries, cow, chickens, tools. Rent or sale. Best bargain in B. C. Address Fitle, Fruitvale, B. C. (3290)

FOR SALE.

The Rossland government demonstration orchard of M. A. Henderson's, situated 5 minutes walk from Rossland postoffice, on Government road. All land except 2 acres in the city limits. A 2-inch water pipe running from city hydrant along wagon road and upper end of land that is used for irrigation and domestic use.

The land consists of 13½ acres, all fenced and cross fenced; 12½ under cultivation, including 5½ acres of bearing fruit trees; the rest is in timothy and clover. All trees were planted out by the government expert. One acre, suitable for the building site of house and outbuildings, has not been cleared, as it was the intention of the present owner to leave as many evergreen trees around the house as he could. The whole of the land has a nice gentle slope to the south and is the best ranch in *the Rossland district, both* from a scenic and paying point of view.

Price $5500.

Terms, one-half cash, balance in payments of 3, 6, 9 and 12 months at 8 per cent.

For further particulars apply to owner.

MACHINIST WAS FORCED TO QUIT

Was So Run Down He Had to Give Up, But Is Back on Job Now; Praises Tanlac.

"I have not only gained thirteen pounds since I started taking Tanlac, but I know what it is to enjoy a good meal for the first time in years," said John Gallie, machinist, in the employ of the Canadian government railway, and living at 99 Berlin avenue, Winnipeg, Man.

"For several years I was in bad health," he said, "but ever since I had an attack of the 'flu' I had been very much worse. I just felt tired all the time and became so weak that it was all I could do to stick to my work. My appetite failed and even the little I did force down caused my stomach to be upset and the gas formed and bloated me up as tight as a drum. I was losing weight at the rate of three or four pounds a week and I go so weak at that that I often had to lay off from work.

"Then a neighbor who had suffered in much the same way as myself was so greatly helped by Tanlac that I decided to try it. I soon noticed a big improvement in my appetite, and now, when I come home from work, I sit down and eat a supper that would surprise you. I'm never troubled with indigestion, pains in the stomach or gas, and my food is doing me so much good that I have gained thirteen pounds and feel like a different man."

SCOTS OUTSHINE TORONTO ELEVEN

Canadians Get One Goal Home: Visitors' Combination Too Strong.

TORONTO, May 29.—The Scottish football team now touring Canada added to their list of successes yesterday when they defeated a selected Toronto eleven by four goals to 1.

Fully 15,000 spectators attended the game which was played under ideal weather conditions on the grounds of the Toronto baseball club.

In every department of the club the Scottish professionals outshone their plucky opponents, their forwards and half backs at times appearing to toy with the Toronto defense. The local eleven lacked cohesion and because of this many goal opportunities were lost. In summing up the game, however it is only fair to state that the two goals scored by the Scotsmen in the first half came at a time when the Toronto team were playing with only 10 men.

Three-quarters of the first half was played without James, the star Toronto center half, and the local team was under a tremendous handicap. The Scotsmen, as in previous games, excelled in combination and head work. At times their forwards literally made rings around the Toronto defense and but for Campbell's doggedness and Halliwell's superior goal tending the score would have been much heavier.

The manner in which the tourists' front line played the ball for one another throughout was the outstanding feature of the game and evoked rounds of applause from the huge crowd. McHemy, the veteran Partick thistle player, was the brains of the attack, and initiated many movements, two of which resulted in Wilson finding the net with swift shots which gave the Toronto goalie no chance. Browlee, the Scottish international goal keeper, had little to do and the shot that beat him was a hot drive that he could not reach. Halliwell in goal, and Campbell at left back, were the stars of the Toronto team, the former playing a superb game.

BERNE, May 29.—The international horse racing committee meeting at Lausanne Saturday revised the Olympic program and decided to maintain polo as an Olympic sport.

To Be Troubled With Constipation
THE CAUSE OF MANY ILLS

If you do not feel well and go to your family physician one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick.

Dr Milburn's Laxa-Liver Pills you will find just the remedy you require for this purpose. They are purely vegetable and do not gripe, weaken or sicken.

Mr. Jas. S. Harris, Box 934, Halifax, N.S., writes:—"For two years I suffered with constipation. I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Laxa-Liver Pills, and even brought me a vial. I tried them without much faith, but I soon found they were doing me good, and after using the second vial I was relieved of my trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

"Chick" Evans, the American golf champion, now competing in England, is one of the few who have held that title for more than one year. He was both amateur and open United States champion of 1916.

"Chick" is, perhaps, the most graceful golfer in the United States, barring Alexa Stirling. He carries a combination of ease and grace that is unapproachable. He is perfect harmony and rhythm from start to follow through of every stroke. His foot action, the dip of his shoulder, the excellent team play of both arms and body seems perfect. After watching him in action, you wonder how he could ever miss a stroke of any kind.

There is no golfer anywhere the is in the rough or digging himself out of the sand less than "Chick." His play is exceptionally consistent. The green is his weak spot, if you can call it such. This has been overcome to a great exent, however, by changing his type of putter. Knowlton Ames, the old Princeton football star, who is one of the finest putters in the game, recommended a center shaft putter, and since using this Evans has brought his game on the green up to par.

"Chick" could not stay with the British bunch, however, and early dropped out of the running. One by one Uncle Sam's best met their Waterloo on Hoylake links (England). The last to go was Frederick J. Wright of Boston. So the coveted title remains in the little island over the water.

Sunday

BROOKLYN, May 29.—Ring Burpitched Smith today and Philadelphia defeated Brooklyn 2 to 1. Meusel made a home run.

	R.	H.	E.
Philadelphia	2	6	1
Brooklyn	1	5	2

Batteries — Ring and Bruggy, Wheat; Smith and Taylor.

CINCINNATI, May 29.—Pittsburg was defeated 4 to 3 by Cincinnati in a hard fought 13-inning game here today. The ninth inning was featured by a freak home run when Barnhardt's hit went into right field and went under a roll of canvas. The ball was recovered by a small boy, who fled with it and the hit went for a home run.

	R.	H.	E.
Pittsburg	3	14	1
Cincinnati	4	13	2

Batteries—Ponder, Carlson and Schmidt; Combe, Rixey and Hargrave.

CHICAGO, May 29.—St. Louis hit Martin opportunely today and easily defeated Chicago 6 to 1 in the final game of the series.

	R.	H.	E.
St. Louis	6	14	2
Chicago	1	7	0

Batteries—Goodwin and Clemons; Martin, Jones and Killifer.

TWILIGHT LEAGUE.

REGINA, May 29.—Regina and Edmonton broke even in Saturday's double header, the home team winning the first game, 4 to 2, and the visitors the second, 5 to 3.

First game:	R.	H.	E.
Edmonton	2	5	1
Regina	4	5	1

Batteries—Douglas and Leake; Henion and King.

Second game:	R.	H.	E.
Edmonton	5	12	2
Regina	3	11	0

Batteries—Jones aand Leake; Nofziger, Zinke and King.

WINNIPEG, May 29.—Winnipeg and Calgary broke even in the double bill Saturday, the locals taking the afternoon game, 5 to 3, and the visitors winning the evening game, 6 to 1.

First game:	R.	H.	E.
Calgary	3	10	2
Winnipeg	5	7	1

Batteries—Thollander and Sullivan; Benton and Nelson.

Second game:	R.	H.	E.
Calgary	6	5	1
Winnipeg	1	4	7

Batteries—Gillespie and Sullivan; Albrecht, Lane and Milligan.

PLAY BASEBALL BY MIDNIGHT SUNLIGHT

DAWSON, Y. T., May 28.—The Midnight Sun Baseball league opened this year's series at midnight last night, the Arcades winning from the Bonanzas by a score of 2 to 1. The huge crowd and players strolled home in broad daylight at 1 a. m.

WOODBINE TRACK.

TORONTO, May 29.—Saturday's Woodbine results:

First race, three-year-olds, six furlongs—Tennet won, Enrico Caruso second, Paul Connolly third. Time, 1:14.

Second race, four-year-olds, about two and a half miles—Bencher won, Eysian second, Minata third. Time, 4:58 2-5.

Third race, Lorne plate, $1500, three-year-olds foaled in Canada, five furlongs—Captain Scott won, Royal Gift second, El Jesmar third. Time, 1:01 2-5.

Fourth race, three-year-olds and up, mile and a sixteenth—Boniface won, Baby Grand second, Irish Kiss third. Time, 1:46 3-5.

Fifth race, two-year-olds, five furlongs—Devonite won, Dark Ages second, Ashlin third. Time, 1:01 3-5.

Sixth race, William Hendrie Memorial handicap, three-year-olds foaled in Canada, one mile—Uncle John won, Algonquin second, Sir Clarence third. Time, 1:41.

Seventh race—Three-year-olds and up, mile and sixteenth—Water Willow won, Mountain Rose second, Roisterer third. Time, 1:48 3-5.

SATURDAY TENNIS GREAT ATTRACTION

Mrs. G. S. Godfrey and Miss Madge Godfrey were hostesses at tea on Saturday to a party of about 20 at the Nelson Tennis club. Among interested spectators were Commander Gordon Hallett, R. N., and Mrs. and Mrs. A. E. Allen. Mrs. Gordon Hallett was conspicuous at the nets for some beautiful drives and is sure of a place near the top when the ladder competition closes. Mrs. J. H. Soans has been climbing the ladder steadily and is now on the to prung but one.

Among the men players C. Brawn has come along well to the front. He is ambidexterous in wielding the racquet and in addition combines some amazing two-handed strokes.

Thieves entered the home of Mrs. I. Stephenson, London, and stole $12.

There are 32 cases of measles in London.

FIND AUSTRALIAN BOWLING DEADLY

Five English Wickets Fall for Seventy-seven in First Test Match.

LONDON, May 29.—(Canadian Associated Press.)—The first test match between the visiting Australian cricket team and all-England began Saturday at Nottingham. The English team was without the services of Hobbs, who did such good work last winter. Hobbs was recently injured in a match and a long rest has been prescribed. The English team was the first at bat and they fared rather badly, losing five wickets for 77 runs. Tyldesly and Hendron, of whom much was expected, were both bowled by Gregory before they had scored. Knight was another victim of the fast Australian bowling. J. W. H Douglas, the English captain, and Holmes, the Yorkshire bat, saved a rot and tried a stonewalling game. Douglas departed at 11 and Woolley and Holmes were together for a while. Woolley was caught by Hendry on the last ball bowled by MacDonald fr the day. He had scored 20. Holmes was not out at 30.

England was retired for a total of 112 runs at the close of play in the hundredth test match against Australia, which started Saturday at Nottingham, before a large crowd of spectators. The Australian lost six wickets for 167 runs with Andrews, Hendry and Macdonald still to bat. The day's play was entirely interesting. The Australians certainly hold an advantage but the game is still open. The chief feature was undoubtedly the Australians' bowling. Armstrong bowling three overs for no runs and one wicket. Gregory took six wickets for 58 and Macdonald three for 42. Gregory took three English wickets in five balls after an hour's play with 48 scored.

Holmes played faultlessly until lunch, when he was clean bowled after a performance showing true test match form. Gregory bowled throughout the innings, making with Macdonald, perfect form.

Faced with so small a total, the Australians took no risks. The English fielding was excellent, Jupp, Holmes and Rhodes being especially noticeable. McCartney's score of 20 was an excellent display of batting.

The scores were:

England first innings—

D. J. Knight c. Carter b, Gregory	8
E. Tyldesley b, Gregory	0
Hendron b, Gregory	0
J. W. Douglas (captain) c., Gregory b, Armstronge	11
Wooley c, Heardy b, MacDonald	20
Holmes b, McDonald	30
Jupp c, Armstrong b, MacDonald	8
Rhodes c, Carter b, Gregory	8
Strudwick c, Collings b, Gregory	19
Powell, not out	0
Richmond c and b, Collings	4
Extras	12
Total score	112

Australians, first innings—

Collins l. b. w., b., Richmond	17
Bardsley l. b. w., b., Woolley	66
MacArtney l. b. w., b., Douglas	20
Taylor c, Jupp b, Douglas	4
Armstrong b, Jupp	11
Gregory l. b. w., b., Richmond	14
Pellow, not out	21
Carter, not out	3
Extras	11
Total for six wickets	167

PLAN LACROSEE NELSON VS. GREATER NELSON

Lacrosse players here are taking time by the forelock and without waiting for any public celebration of the amalgamation of Fairview and Nelson, will extend the glad hand of sportsmanship at the recreation grounds on Wednesday afternoon at 5:30 o'clock in a lacrosse match, Nelson vs. Greater Nelson. The decision was an aftermath of a lively workout staged at the grounds yesterday morning by a full turnout of the club. Teams will be lined up today for the battle. The club has fallen heir to two extra lacrosse sticks donated by Charles Ray, the lumberman.

A communication from A. McKinnon of Trail, who is busy organizing lacrosse in the smelter city, advised the Nelson club that the work is going along merrily with plenty of kid players and young enthusiasts arming themselves for coming intercity matches.

Alfalfa crops in Embro district have been badly damaged by frost.

The new radio-telegraph station at Port Burwell has been opened.

Fire did $30,000 damage to the Auditorium building at Windsor.

SPORTING BRIEFS

Rough on Sparring Partner

ATLANTIC CITY, N. P, May 29.—Boxing in the burning heat of a mid-afternoon sun, Jack Dempsey cut loose today for the first time since he has been training, and Larry Williams, an 180-pounder from Bridgeport, Conn., was dangerously near a knockout after having boxed two rounds with the champion.

Carpentier Spins Yarns

MANHASSET, N. Y., May 29.—This was a day of real rest for Georges Carpentier and was spent on the front porch swapping yarns with a group of friends.

CADETS CAMP AT KOKANEE

Youths Get Taste of Military Discipline; Church Parade; Sight Deer.

A group of 28 youths of the Nelson Cadet corps enjoyed a week-end camp maintained under strict military discipline at Kokanee creek, returning to the city late yesterday afternoon.

The main force of boys left Nelson at 6:30 Saturday morning and formed up in marching order on leaving the ferry at the other side of the lake, marching alternate half miles at attention to the beat of the drum and marching every other half mile at ease.

Arriving at the camping grounds headquarters company was located, with Acting Adjutant Carl Johnson in charge and Corporals Lewis Nelson and Alex. Stewart acting as runners; a cookhouse was arranged, with Alex. Ionian and Orrin St. Denis in charge, and A company and B company found headquarters, each in opposite direction of about 100 yards from general headquarters, with Company Leaders Cameron St. Denis and Kenneth Campbell in charge, respectively. Guards were set up and maintained throughout the night.

Leaving town at about 9 o'clock Saturday night a second party, of working boys, under Corporal Palmer Rutledge, left town, joining the main party at the camp at about 1 o'clock, and bringing along with them bottles of soft drinks, the gift of W. R. Maclean to the Cadet corps, which almost caused a mutiny on account of the officers at general headquarters refusing to rise in the middle of the night to divide and issue the liquid refreshments.

Sunday morning a brief church service parade was held and from then until noon the boys spent as they desired, some fishing, some roaming about and others lounging. A number of the youths, including Ted McVicar, Frank Risdon, Kenneth Rees and Charlie Gallagher, were fortunate in seeing a number of deer ranging along the hills.

At 1:30 o'clock things were packed, a final meal served and the corps set on their return trip. Just on reaching Willow Point the youths were fortunately overtaken by R. Smillie, J. Annable and other motorists, who invited the lads to climb in, and with packed cars proceeded into town.

Rene J. Bray was in full charge of the corps.

J. M. Doyle of Spokane, divisional superintendent of the Great Northern railway, came in yesterday on his first official trip since being appointed to his new territory. He is now in charge of the division between Leavenworth and Troy, Washington, and all of the company's lines entering British Columbia. He is well known in Nelson, which he first saw 23 years ago, when he was a brakeman on the old Nelson & Fort Sheppard railway. Several local men approached him last night on the subject of better freight service, and a through connection with Spokane.

BULLOCK COMPANY BUYS COMPRESSOR

Will Use Machine Drill in Development; May Build Mill.

In order to pursue development work to greater advantage on the company's three properties, the Marquis, Gilbert and Telluride, the Bullock Gold Mining company is now purchasing a compressor and drill for installation on Poplar creek. Announcement to this effect was made last night by President W. J. Graves, who, with his brother, Secretary-Treasurer R. H. Graves, and two prominent business men of Bellingham, Dr. E. L. Twick and L. C. Sprot, shareholders in the company, arrived yesterday morning from the Lardeau by the Kuskanook on her special run. President Graves and Messrs. Twick and Sprot left last night for the coast.

The three properties named adjoin the famous Swede and Lucky Jack mines, of the once noted Poplar camp and comprise in all 11 claims. The company has drifted 350 feet on the main lead, and has a depth of 300 feet. At present 10 men are employed on development work, and this force will be increased shortly.

If the company's expectations as to ore are realized from the development program now being carried out it is intended to put up a mill, to treat the ore, which is free milling gold, at its point of origin. It is stated that the company has all the funds required for such an enterprise if the results of the present work seem to warrant it.

Work was commenced on the new St. Joseph Separate school in London.

About 3000 people attended the opening of Springfield park, London.

Social and Personal

Principal Williams of Trail was in Nelson Saturday for the day.

Mrs. T. Cornall of Willow Point was a week-end visitor to the city.

Ross Riley was fishing on the main lake yesterday and secured a fine salmon.

J. T. Sindell was at the Outlet yesterday and reported the capture of an eight-pound salmon.

W. T. McDowell, manager of the Texas-Yankee Girl Mining company, came in from Ymir yesterday.

Howard Bush was at Proctor yesterday, but found the water rolly and the fish evidently hugging the bottom.

W. H. Whimster, police magistrate of Fernie, is the guest of his son, H. M. Whimster, in the city fora few days.

Sttanley Brent of Vancouver, territorial secretary for the Y. M. C. A., arrived in the city last night for a conference with local Y. M. C. A. officials.

Joseph W. Bell, president of the Camp Lister G. W. V. A. and a member of the provincial executive, was in Nelson Saturday leaving that night for the Coast to attend an executive meeting Wednesday, in anticipation of the G. W. V. A. provincial convention, which opens at Chilliwack on Friday.

Stanley Bostock, Howard Murphy and Jack Ink were up at Six Mile lake yesterday and brought home some good fish.

W. S. King picked up a couple of nice fish off Bealby's Point in an hour's trolling last evening. One weighed a pound and a quarter.

Miss Ada Spencer is progressing favorably after an operation for appendicitis at the Kootenay Lake General hospital.

C. H. Robinson, fisheries overseer for this district, and G. N. Gartrell of Summerland arrived yesterday morning from Gerrard by the Kuskanook, having completed their short course in spawning.

Captain William Seaman and the crew of the Nasookin have their four-day layoff this week. Captain L. McKinnon with the Kuskanook taking over the Nelson-Kootenay Landing run this morning.

'Lessons in Love'

LAUGH WHILE YOU LEARN

From Douglas Murray's Comedy, "The Man From Toronto"

He needed those lessons in love, did the simple cowboy, who found he had to marry a freak or be cut off with the usual dime. But we'll say he had a good tutor—the world's prettiest housemaid. And he was a fast learner. But when Frend Cupid swung the lasso at last—well, you ought to see what was dragged in.
