FRANCE PREPARES TO ACT ALONE

ANNOUNCE ASCENDING SCALE OF REPRISALS FOR ATTACKS ON LOYALIST IRISH FARMERS

Three Sinn Fein Farm Houses to Burn for Two Destroyed by Rebels; If Necessary will Burn Three and Then Six; Military Authorities Issue Official Warning of Intentions; Civilians With Hands in Pockets Liable to Be Shot; Murderers Steal on Victims Hiding Weapons in Pockets, Hence Order.

CORK, April 29.—The military authorities today issued the following announcement:

"Owing to the burning of houses of two loyalist farmers at Cross Barry and neighborhood April 27, three farm houses of prominent Sinn Feiners have been burned as reprisals. It is the intention to carry out official reprisals in that proportion, or if that proportion does not have the desired effect, in a greater proportion. That is to say, if they continue to burn two, we will burn three, and if that does not stop the thing, we probably will burn six."

No Hands in Pockets

DUBLIN, April 29.—A warning has been issued by the military authorities in Tipperary that civilians "with hands in their pockets are liable to arrest or run the risk of being fired upon."

The reason for the warning is said to be that murderers not infrequently steal upon their victims with hands in their pockets so as to hide their weapons.

Rough Handle "Ambassador"

RIGA, April 29.—A so-called 'Irish ambassador to Russia," arrived in Murmansh early in April, and being unable to speak Russian was badly beaten on the train by Red guards and robbed of his money and valuables, according to reports from Petrograd today.

He was clapped into jail until his identity was established by a commission which questioned him, after which he was sent to Moscow on a special train in company with a number of doctors whom the commission, after apologizing for the incident, insisted on putting at his disposal to dress his bruise. On arrival of the ambasador in Moscow, the foreign office apologized for the regrettable incident.

Capture Rebels in Raid.

DUBLIN, April 29.—Crown forces tonight surrounded a building in Black Hall Place and captured 40 members of the Dublin battalion of the Irish republican army.

Bombs were thrown at a detachment of auxiliaries in Brunswick street today. Fragments of the bombs wounded two civilians. Later, auxiliaries twice occupied and searched the offices of the Freeman's Journal.

The offices of this newspaper are several blocks distant from the scene of the Brunswick street affray.

The first raid on the offices took place at 9 o'clock this evening. The entire staff of the newspaper were ordered to throw up their hands and were herded into the street and backed against the wall and questioned. The auxiliaries charged that shots had been fired from the upper windows of the newspaper building. The members of the staff vigorously denied this.

During the second raid, a cadet struck Sub-Editor Freeman in the face, knocked out a tooth and closed his left eye. The major in command of the party ordered the cadet placed under arrest.

Launch Ulster Campaign.

BELFAST, April 29.—The Sinn Finn launched its Ulster campaign tonight at a mass meeting in St. Mary's hall. This is the same building in which Winston Spencer Churchill found it impossible to hold his home rule meeting a few days before the commencement of the war. Of five Sinn Fein candidates, only one councillor, Archibald Savage, appeared. The other candidates either are in jail or are keeping out of the hands of the authorities. Mr. Savage said the Sinn Feiners were out "to break a freak parliament." He added that the Nationalist and Sinn Fein candidates had agreed to have nothing to do with the "six county parliament," nor partition of any kind.

UPHOLSTERERS' UNION EMPLOYS SLUGGERS TO BEAT UP NON-UNION WORKERS AND COMMIT OTHER DEEDS OF VIOLENCE DURING STRIKE

CHICAGO, April 29.—How they crippled non-union workers, blew up buildings and even defrauded their union employees, was told by three self-confessed sluggers today at the trial of 14 union members on charges of conspiracy to commit acts of violence during the upholsterers' strike last year.

"It seemed like easy money," testified Al Green, in telling of his introduction into the ranks of the sluggers, "and I wanted to get in on it. I did not do any actual slugging—I simply lied about what I had done and then I collected the dough."

Green said that he had been hired by Sam Fischer, confessed master slugger for the union, and had been promised $25 a head for every man beaten up. In one instance, he said, he was sent out with a man named "Dobe" to attack a non-union worker. "Dobe," he said, had his coat torn during the attack and later the union agreed to pay $35 for the coat.

Ralph Potter, a former sailor, told of being employed by the union as a slugger and said that he was assured by Edwin Graves, international vice-president, and one of the men on trial, that if he was arrested the union would get him out.

Bernard Wilkowski testified that he had taken part in one slugging expedition for which he was paid $10.

COLONIZATION ASSOCIATION BARS SETTLERS FROM CENTRAL EUROPE

WINNIPEG, April 29.—At a full meeting of the Western directors of the Western Canada Colonization association held here today, it was determined that the kind of settlers to be brought into Western Canada should, for the most part, come from the British Isles and the United States. It was also thought that good settlers might be obtained from Scandinavia and from Belgium and France. The board was, however, unanimous that no immigrants *should be allowed into this country* from central or southern Europe under any consideration.

The board agreed that the co-operation of the Manitoba, Saskatchewan and Alberta governments was essential to the success of the association's efforts and that the legislation asked for in the memorials recently presented to the three provincial cabinets was absolutely necessary. In this respect, it was pointed out that everything depended upon immediate action by the Manitoba legislature before it adjourns, as the legislation now under consideration by the government must be put into effect before the association can start work.

Need Legislation

"It is difficult to see how the association can function successfully without the machinery asked for," said Major General McRae, managing director.

"Failure to pass the legislation would mean a most unfortunate and perhaps a disastrous delay. It might mean that the $1,500,000 raised by the association would never be spent for the benefit of the three prairie provinces."

Pending the passage of the proposed measure, the board authorized expenditures covering the next 90 days. On General McRae's advice, the authorization of expenditures for a longer period was held over until effective cooperation is assured by Manitoba and the other western provinces.

The directors concluded a two-day session in one.

Farmers Support Plans

WINNIPEG, April 29.—A deputation representing the executive of the United Farmers of Manitoba waited upon Premier Norris today in support of the memorial presented to the Manitoba government by the Western Canada Colonization association, appealing for legislation requiring the owners of unoccupied land to file a selling price on their lands, the price to be the basis of their assessment.

The delegation also asked that failure to place such a valuation should subject the owners to an extra wild land tax by way of compensation for the community effort carried out by their neighbors.

It is understood Premier Norris gave a favorable answer, virtually undertaking to bring in the legislation requested.

ALLIES AWAIT OUTCOME OF TODAY'S CONFERENCE ON REPARATIONS; UNITED STATES CONFRONTS DELICATE SITUATION

With or Without Allies France Will Occupy Ruhr if Negotiations Fail; Argue Germany Can Make Proposals Just as Easily After as Before Occupation; Expect London Conference to Approve Invasion; German Commissioner Declines to Attend Reparations Meeting; Lloyd George Denies Inviting United States; Washington Not Agent of Germany; Is Acting Primarily as Associate of Former War Comrades.

LONDON, April 29.—In the event of failure by France to receive the support of her allies, the French government will proceed alone to the occupation of the Ruhr region, arguing that Germany can as easily present new proposals after as before occupation.

PARIS, April 29.—A growing certainty that Germany will submit modifications to her reparations proposals in an effort to ward off occupation of the region by France, prevails generally in French official circles.

There is a feeling, however, that the present German government will not go far enough to make its offer acceptable, and diplomatic circles substantiate the views expressed in the newspapers that occupation of the Ruhr doubtless will be approved by the London conference of premiers and that actual movements may be expected some time next week.

German Agent Declines

PARIS, April 29.—Dr. Von Oertzen, head of the German War burdens commission refused to attend a meeting of the reparations commission today for determination of the time and methods of the German payments.

Dr. Von Oertzen declared he did not believe he should attend in view of the present conditions.

United States Not Asked

LONDON, April 29.—Published reports that Mr. Lloyd George, as presiding member of the supreme council, is inviting the United States to send a representative to tomorrow's meeting here, were denied today at the official residence of the prime minister.

"Such invitation has not been issued, nor is it contemplated," it was said. "It is for Washington to take the initiative. The door is open for the United States to participate, and it always has been."

Harding Has Hopes

WASHINGTON, April 29.—The United States government still is hopeful that the reparations *controversy between Germany* and the allies can be settled by discussion. This was learned authoritatively tonight after the whole situation had

(Continued on Page Two.)

Marine Workers Decline Wage Cut; Shipping Tieup Imminent in the States

WASHINGTON, April 29.—A general tie-up of all shipping at United States ports except on the great lakes on May 1, appeared immiment today after negotiations between the United States shipping board, steamship owners and marine workers had been abandoned as a result of the refusal of the employees to accept a 15 per cent wage reduction. A last effort to avert a final breach between the employers and marine workers was made late today when Chairman Benson, of the shipping board and representatives of the marine unions called separately at the White House to lay their cases before President Harding.

The marine workers announced tonight that they would try tomorrow to see President Harding in person.

ALL CONCEDE KNOX PEACE RESOLUTION

Opponents Claim Motion Interferes With German Reparation Negotiations.

WASHINGTON, April 29.—In spirited debate the senate today proceeded towards the vote on the Knox peace resolution arranged for late tomorrow with both friends and foes conceding its adoption.

Opponents of the resolution predominated in today's discussion, which also developed a break in the Democratic ranks when Senator Reid of Missouri, made a lengthy address in support of the resolution.

During the debate Senator Pomerene, Democrat, filed a minority report, signed by all present Democrat members of the foreign relations committee, predicting that the resolution would "prove a disappointment" and asserting that it was an attempt to "usurp" the president's treaty making powers.

That the Knox resolution would interfere with present German reparations negotiations were claimed today by its opponents.

Senator Hitchcock, Democratic leader, declared the measure "inopportune." He charged that Republicans, by failing to speak in support of the measure were in a conspiracy of silence and also were attempting to "flout" the president by dictating terms for a settlement with Germany.

DISMISS MAGISTRATE

TORONTO, April 29.—David Hastings, magistrate at Dunville, Ont., must go as the result of an investigation conducted by J. A. Paterson, K. C., who proved that his duties as magistrate were influenced by a group of men who were opposed to the Ontario Temperance act and its enforcement. The result was tabled in the legislature today by Hon. W. E. Raney.

Commissioner Paterson finds that "to a certain extent" it has been proven that Mr. Hastings- administration had ceased to command public respect.

INDIAN TRIBESMEN RIOT AT MALEGAON

BOMBAY, India, April 29.—Unofficial details of rioting at Malegaon about 150 miles northeast of Bombay, which was reported in a recent message to the Times, show that two constables were beaten to death and a substitute inspector of police was nearly killed by the same method. The trouble is said to have followed the arrest of a number of tribesmen for having disobeyed an order not to carry their native weapons at public meetings. Fines were imposed on the men, and this incensed their fellow tribesmen.

Spring Storm at Calgary.

CALGARY, April 29.—A heavy rain and sleet storm has been in progress for several hours here and is general over southern Alberta. It is one of the heaviest spring storms experienced in some years.

STEAMER ARRIVALS

Esthonia at New York from Copenhagen.

France at Havre from New York.

Guiseppe at Genoa from New York.

Verdi at Genoa from New York.

BOSTON, April 29.—James J. Connor, a bar tender, was sentenced to a year in jail for the killing of John B. (Larry) McLean, a former major league baseball player in a bar room row several weeks ago.

ABANDONS HOPE OF SETTLEMENT

Labor Secretary Drops Negotiations for Agreement on Printers' Dispute.

WASHINGTON, April 29.—Hope for a settlement by national agreement of disputes between printing trades unions and employers over wages and hours was abandoned today by Secretary of Labor Davis after a series of separate conferences with both sides.

Union representatives left the city without having been requested to return. Lack of a printing employees' organization pledged to sign any national agreement, was given by Secretary Davis as his reason for abandoning his attempt to replace the local agreements between the man and employers, which expire May 1. Settlement of disputes is now in the hands of the various employers and the local unions. Some of them have been settled by agreement on the part of the employers to recognize a 44-hour week, which is the main point at issue in most cases.

It was explained at the offices of the American Federation of Labor today that other agreements may be reached by the men agreeing to accept proportionate wage reductions upon the change from the 48-hour to the 44-hour week. The principle officials said, had previously been followed in efforts to bring about a reduction from the 10-hour to the eight-hour day.

INCOME TAX EVADERS WILL NOT DODGE LONG

MONTREAL, April 29.—"No person liable to income tax is going to get away without paying. He may dodge income one year or two years or even three years, but eventually he will be caught up with and then he will have his full income tax to pay for the whole period, plus penalties and interest," said R. C. Graham, chief inspector of taxation, Ottawa, who was in the city today.

Former Speaker Lowther of British Parliament Arranges Canadian Visit

LONDON, April 29 (Canadian Associated Press)—Right Hon. J. W. Lowther, who recently resigned the speakership of the house of commons, will sail for Canada on May 11. He will be accompanied by his wife and daughter.

After visiting Ottawa, where he will formally present to the Canadian house the speaker's chair, which the Empire Parliamentary association has donated for the adornment of the new Canadian chamber, Mr. Lowther will spend some time in the Dominion and probably make a trip as far west as the Pacific coast.

PORTUGUESE SHIP AGROUND IN FOG

Runs Ashore Off Block Island; Passengers Rescued; May Refloat Today.

BLOCK ISLAND, R. I., April 29.—Eight hundred passengers tonight were taken off the Portuguese steamer Mormugao, which ran aground on the west side of Block island in a thick fog this morning while bound from Lisbon to New Bedford. Women and children first was the rule.

It is planned to transfer the remaining 148 passengers tomorrow. An effort to float the vessel will be made at high tide early tomorrow afternoon.

URGES CONTINUE RAIL RATE FIGHT

Norris Argues Canadian Pacific Operating Costs Prove Contention.

WINNIPEG, April 29—Declaring that earnings and operating costs of the Canadian Pacific railway bore out the contention of the provincial government that there was discrimination against the west as compared with the east in the matter of freight rates, Premier Norris strongly urged the legislature today to continue the fight for equalization with unabated vigor. He stated that it was only a section of the board of trade, the wholesalers and jobbers, who had withdrawn, and that while they were looking after their own interests, it was incumbent on the government to fight for the interests of the general public. The premier commented significantly on the statement by Hon. F. B. Carvell, chairman of the board of railway commissioners, that he had been so impressed with the case presented by the provincial government's representatives at the Winnipeg hearing that he would take the matter up with the leading railway officials on his return to Ottawa.

VETERANS OPPOSE NEW CIVIL SERVICE SCHEME

OTTAWA, April 29.--While labor and civil service officials here decline to comment on the Spinney bill, whereby certain appointments in the civil service are taken out of the hands of the civil service commission and placed under the old patronage system, the G. W. V. A. will vigorously oppose the measure.

C. G. McNeill, Dominion secretary, stated that the G. W. V. A. was wholly and totally opposed to the new bill. The association had foreseen this some time ago and had consulted the various provincial commands and these without exception, had instructed the Dominion command to vigorously oppose the proposal, he said.

BRITISH ADMIRAL DIES.

LONDON, April 29.—Admiral Sir Nathaniel Bowden-Smith died today.

Admiral Bowden-Smith was born in 1838. He entered the navy in 1852 and saw extensive sea service. He was the British representative at the international conference in Washington in 1889. He was the senior officer in the South Atlantic from 1883 to 1886.

OPPOSES JUDGES AS COMMISSIONERS

Senate Voices Disapproval, Particularly on Subjects With Political Aspect.

OTTAWA, April 29.—(Canadian Press)—Strong criticism of the law which permits judges to act on commissions, particularly on commissions dealing with subjects of a political aspect, was voiced in the senate today.

The discussion arose over an amendment to the Judges' act, exempting the salary of the chief justice from income tax. Senator Ross, when this bill was in committee, moved an amendment to the act the effect of which would be to restrict judges to the acceptance of commissions from the Dominion government only.

Senator Bennett, on the other hand, proposed an amendment whereby a judge could not act as a commissioner without the permission of the minister of justice, this permision not being grated until the minister of justice received a certificate in writing from the chief justice of the court of which the judge nominated for the commission is a member, stating that, in his opinion, the judicial business of such court would not be delayed or affected by the judge in question acting as a commissioner.

Even this, however, did not go far enough to suit Senator Lynch-Staunton, who moved an amendment designed to prevent judges acting as commissioners at all.

The question was debated at considerable length. It was finally decided to let the matter stand over, the committee rising and reporting progress.

The bill ratifying the trade treaty with the West Indies was reported.

AIR MAIL PILOT SACRIFICES LIFE

CLEVELAND, April 29.—Rather than attempt a landing in a street—a course which would have endangered the lives of many persons—Air Mail Pilot T. J. Christensen, 31, of Chicago, sacrificed his life late today when he was forced to seek a landing in downtown Cleveland because of engine trouble.

Unable to see because of a heavy fog the pilot fell 200 feet to the Erie tracks of the Scranton and University roads and, buried beneath the wreckage of his machine, was burned to death when the gasoline tank exploded, setting fire to the debris.

Quebec Liquor Merchants to Test Constitutionality of Provincial Liquor Law

MONTREAL, April 29.—The constitutionality of the new Quebec liquor law will be challenged before the local courts early next week as soon as it has been put in force according to reports today which stated that a fund of $500,000 is already subscribed by the who'esale liquor merchants for the purpose. It is claimed the new act conflicts with the common law of the Dominion and would not stand the test of the courts.

ARREST THREE ON CHARGE OF MURDER

VANCOUVER, April 29.—(By Canadian Press)—Three persons were arrested today in connection with the death on April 5, 1920, of Mrs. Isabelle Couture, aged 21, of South Vancouver. A coroner's jury at that time found that death was caused by ergotine poison administered by some persons unknown.

Today the dead woman's husband, Bernard Couture, aged 25, his father Ameari Couture and his mother, Phoebe Couture, were taken into custody, and it is understood they will be formally charged with murder.

JAMMING OF ROSS RIFLE DAMAGED MORALE AT YPRES, SAYS GRIESBACH

OTTAWA, April 29.—(Canadian Associated Press)—Brigadier General W. A. Griesbach, Edmonton West, made an interesting statement in the house today during the discussion of the militia estimates, on the use of the Ross rifle in the war. He thought it had been a mistake for Canada to introduce a rifle different from that used in Great Britain. He said that the jamming of the Ross rifle at the battle of Ypres damaged the morale of the troops of the first contingent. The troops of the second and third contingent had their morale affected by what they heard from the first division about the rifle.

In order to restore confidence among his own men in the rifle, General Griesbach said that he had conducted a test with 100 men from each company, a total of 400 men. Some rifles jammed at the third round. The highest reached, generally speaking, was sixty rounds, although one man got something like ninety. The result of this test, which had been held to restore confidence, was that confidence was lessened.

OTTAWA, April 29.—After the house had sat until daylight this morning, the government this evening decided that on and after Monday it would save daylight by moving the hands of the parliamentary clock an hour forward, in com-

(Continued on Page Two.)

DAY IN PARLIAMENT

HOUSE OF COMMONS

Hon. Hugh Guthrie, solicitor-general, introduced a bill to amend the Dominion Elections act, it was given second reading.

A special committee was appointed to consider the bill to amend the Civil Service act.

The prime minister gave notice of a motion to provide for Saturday sittings, commencing May 7.

Senate amendments to the Grand Trunk arbitration bill will be considered on Monday.

Debate on the request to give second reading to the bill to amend the Civil Service act was adjourned.

House in supply on the estimates of militia and defense department. Considerable discussion on the Ross rifle and on the maintenance of a permanent force in Canada.

Parliament will conform to Ottawa daylight saving time, commencing Monday.

House in supply on estimates of public works.

The house adjourned at 11 o'clock.

SENATE

Discussion on the bill amending the Judges' act exempting the salary of the chief justice of Canada from income tax adjourned.

The bill ratifying the trade treaty with the West Indies was reported.

The senate adjourned until Tuesday at three o'clock.

MANITOBA FARMERS FRAME PRINCIPLES

WINNIPEG, April 29,—Cooperative good will, the common good, as opposed to the seeking of class advantage and the forward attitude are among the principles embodied in the tentative platform of the United Farmers of Manitoba, issued today by W. R. Wood, secretary.

Direct legislation, proportional representation for grouped constituencies and the preferential ballot in single member constituencies are among the principles endorsed by the farmers, as well as the equality of sexes before law, the simplification of legal and court procedure, a more rigid enforcement of the act compelling school attendance up to the age of 16, continued encouragement of the development of the municipal school board system; the development of university faculties to increase the opportunity for practical service to the people of the province, the practical application through all the educational system of the ideal of preparing for social relationships, cooperative service and civil duties, public care of the health of the people and other principles.

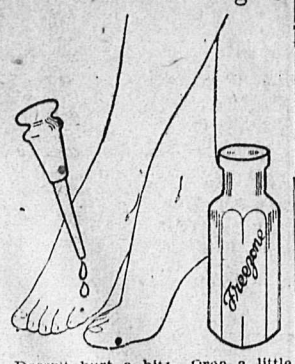
CRITICISES CEMENT PROJECT

MONTREAL, April 29.—The Ontario government's project to build its own cement works is strongly criticised by F. P. Jones, managing director of the Canada Cement company, Ltd, in an announcement today. He declares that it would be impossible for any concern with building and other costs at present prices, to put up a plant to compete successfully with cement prices a year hence. Canada can already produce more than double its requirements of cement, said Mr. Jones.

CORNS

Lift Off with Fingers



Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

ALLIES AWAIT OUTCOME OF CONFERENCE

(Continued from Page 1)

been discussed by President Harding and his cabinet, and Secretary of State Hughes had conferred with Jules Jusserand, the French ambassador, and Signor Ricci, the Italian ambassador.

Upon what administration officials based their hopefulness was not disclosed as they continued to maintain absolute silence as to the character of the informal exchanges with the allied governments and also as to the views of the United States on the proposals. It became known, however, that neither Great Britain nor Italy had finally rejected them as a basis for possible discussion of the German offer.

France and Belgium Dissatisfied

France and Belgium were understood to hold that the proposals as such were unacceptable, but apparently their informal replies to Mr. Hughes were of such a character *as to cause officials* here to believe that the door had not closed to further consideration of a settlement by discussion. The impression gained ground here tonight that the next formal move in the controversy would await the outcome of the meeting at London tomorrow of the allied supreme council.

It was made known officially that the United States government had not communicated to Germany any request for a modification of the proposals and that Germany had not approached the *United States government* with any offer of modification. The situation with which the United States is faced in the role in which it finds itself is recognized as a delicate one. It is emphasized again that the United States is in no sense acting as an agent of Germany, and that it is acting primarily as an associate and friend of the allied governments, its former associates in the war against the common enemy.

Briand Resolute.

LONDON, April 29.—In the delegation which arrived in London tonight were Premier Briand, Marshal Foch and M. Berthlot, the latter of the French foreign office. The Italian delegates are expected to reach London at 11 o'clock tomorrow morning. Mr. Briand was resolute and confident as he sat on a pile of baggage on the channel steamer today.

During the trip the statement was made unreservedly that the French government counted on allied support in the occupation of the Ruhr, but if the allies could not see their way clear to give such support, France would advance alone.

Military Preparations Complete.

The statement was also made that, although military preparations were complete, it would require some days to arrange for adequate food supplies for the population in the occupied district. The French intended to it was said, see that the people were well fed. The occupation of the coal fields, it was asserted, would really be in the interests of other countries because, by placing a tax on coal exports, German industries would be placed on the same footing with other *manufacturing countries* which were now competing with high coal costs against Germany with her low fuel cost in depreciated marks.

may truly be termed the drink of economy. All tea is cheap, but the best tea is cheapest. Three hundred cups of piping hot delicious beverage can be made from a single pound of Chase & Sanborn's Seal Brand Tea.

For refreshment, for mild stimulus and sheer enjoyment of the delightful fragrance and flavor, drink Chase & Sanborn's Seal Brand Tea.

In pound and half-pound cartons.

TO GET TRUE ASPIRIN

Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Nothing else is Aspirin.

You must say BAYER

SAFETY FIRST! Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains directions worked out by physicians during 21 years and proved safe by millions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain. Made in Canada.

Handy tin boxes of 12 tablets cost but a few cents—Larger packages.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

JAMMING RIFLES DAMAGED MORALE

(Continued From Page One).

mon with the rest of the clocks in Ottawa. Daylight saving time will be in vogue on and after Monday, the prime minister annouced.

Military Estimates Cause Flurry

Militia estimates were before the house durig most of the day and at times they caused a flurry. Various items came in for opposition by either Liberals or Farmers, and an amendment to reduce an item of $6,500,000 for Canada's permanent force by $2,000,000 was moved by C. J. Power, Quebec South, and defeated by sixty to 37. The item carried after the house had resumed in the evening.

The relation of the permanent force and the Royal Canadian Mounted Police was brought up by F. S. Cahill, Pontiac, who asked whether it had been decided whether the two forces should be consolidated. Hon. Hugh Guthrie, minister of militia, stated that a police force *had been found necessary for the* maintenance of law and order, particularly in the west, and it had been decided to continue the two forces, both at reduced strength.

When an item for $350,000 expenses in connection with th Royal militia college came up, W. D. Euler, North Waterloo, asked to what extent the institute was self-sustained. Hon. Hugh Guthrie explained that the fees for the first year were $400; for the second $250; for the third $250, making a total of $900. Total expenditures last year were $296,160; revenue $53,539; net expenditure chargeable to the public $165,561.

Protest Civil Service Bill

A strong protest was voiced by Liberal members when Hon. E. K. Spinney, minister without portfolio, introduced a bill to amend the Civil Service act in regard to appointments, promotions and transfers, and recommended that the bill be given second reading and sent to a special committee for decision. The committee was named, consisting of Messrs. Spinney, Scott, Charters, Currie, Griesbach, Thompson, (Yukon), Calder, Euler, Cruise, Gauthier, Denis, Chisholm, Kennedy, (Glengarry), and Johnston. Liberal members protested against the bill being sent to committee without proper discussion in the house.

The premier replied that it was only a skeleton bill and would be filled out by the committee. Members of the opposition charged the government with seeking to get back a patronage basis in moving to take appointments and promotions out of the hands of the civil service commission. The bill was subsequently allowed to stand over until Monday for second reading.

In the evening the house took up public works department estimates.

T. Leger, Kent, U. B., protested that of an item of $88,500 for public buildings in the province of New Brunswick. $88,500 was being spent in St. John. He wished to know why St. John was so favored. *Hon. F. B. McCurdy* replied that it was found this year that most of the essential work was in large centers. No work was being undertaken which was not essential this year.

Practically no debate occurred in connection with the passing of estimates for public buildings in the remainder of the provinces. These covered $25,000 for the Maritime provinces generally; $317,000 for Quebec; $372,200 for Ontario; $41,000 for Manitoba; $20,000 for Saskatchewan, $46,900 for Alberta and $59,400 for British Columbia.

Will Shortly Start Work on Southern Branch From the Kettle Valley Railway

VICTORIA, April 29.—Before leaving for Alaska, D. C. Coleman, vice-president of the Canadian Pacific railway, said today it was the intention of the Kettle Valley railway company to start work shortly on the construction of a railway line in a southerly direction from the south end of Dog Lake, with a view to serving the new irrigation block at Osoyoos, which is being put on the market by the provincial government.

Statements appearing in the press to the effect that this work would not be undertaken this year were incorrect, Mr. Coleman said.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parmint (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.

Frocks

Whether you are traveling or staying at home this Summer, you will find one of these Frocks will be a source of great pleasure. Here are the late Spring models in cloth and silk, in styles that vary from the slim chemise Frock to the bouffant Spanish silhouette. Prices are exceptionally low, fabric, style and workmanship excellent in every detail.

SPORT SKIRTS OF GREAT BEAUTY

The styles are new and interesting. Some are ornamented with contrasting bands, with embroidery and smart stitching. New plaids in light weight woolens and gay colors are found in models of a more practical turn. Skirts for the Sports Coat and lacy blouse may be had at exceedingly reasonable prices.

Every Can of B-H Adds Value to Your Home!

A Tempting Offer to Sell the Old Home

IF well preserved, an old family residence always possesses an extra valuation over and above its property value. It has something which a new house can never claim, and the man who is fortunate enough to inherit the home of his forefathers, knows that proper surface protection means, ultimately, a much larger selling price.

A comparatively small outlay for paint is repaid many times over in the added value of your home as an investment.

B-H "ENGLISH" PAINT

70% Pure White Lead (Brandram's Genuine B.B.)
30% Pure White Zinc
100% Pure Paint

The outstanding record of B-H "English" Paint's enviable reputation as a surface saver is its guaranteed formula right on the face of every can we manufacture.

These important basic ingredients (70% Brandram's Genuine B.B. White Lead and 30% Pure White Zinc) give to B-H "English" Paint its remarkable covering capacity and durability—it ensures that your house will be covered with a smaller quantity of paint than you would have to use if you bought a paint of lower quality.

Do not be extravagant, therefore buy B-H "English" Paint, for then you will be sure of real economy and real surface protection.

Pimples Have Now All Disappeared

WHY MANITOBA MAN PRAISES DODD'S KIDNEY PILLS

His Pain in the Back Is Also Gone After Taking One Box of Dodd's Kidney Pills.

SIFTON, Man., April 29.—(Special)—Mr. John Yallowega, a well known resident here, is a new addition to the army of Canadians who sing the praises of Dodd's Kidney Pills. Like all the others, he has tried Dodd's Kidney Pills for kidney trouble, and found them good.

"I took half a box of Dodd's Kidney Pills," Mr. Yallowega states, "and they made me feel much better. When I had finished the box the pain in my back had disappeared. I was also much troubled with pimples on my face. It was as rough as poplar bark. Now the pimples are gone and my face is smooth."

Dodd's Kidney Pills strengthen the kidneys and put them in shape to do their full work of straining the impurities out of the blood. With pure blood there is good health all over the body. Ask your neighbors about Dodd's Kidney Pills.

TROUT WILL BE ON THEIR GUARD

Anglers Plan Early Morning Forays Tomorrow to Favorite Waters.

Tomorrow is the day of the trout, and all species of that family will be earnestly sought, with every lawful wile, throughout the eastern part of this province. So eager are many of the Nelson anglers to be at the game that they are preparing to start out for their favorite waters soon after midnight tonight. If the weather man does not take down his present sign, "cold and stormy," and substitute for it "bright sunshine," he had better not come around seeking subscriptions from the anglers.

All the well known haunts along the Kootenay river below Nelson, from Grohman rapids to the Pool at South Slocan, will be visited tomorrow if the weather conditions are not absolutely prohibitive, and the various creeks that are old favorites of the younger element will also be resorted to. Grubs from rotten stumps, and locust flies, if they are out, will be in great demand, for at this stage bait seems to take precedence of the most tempting artificial flies. With a grub or locust for tail fly and the usual early artificial flies to back them up, the average angler will be out on the job, irrespective of direct encouragement from the weather man, filled with a determination to at least not be "skunked" on the opening day.

The Dominion government has framed a number of rules for the guidance of those who need such things. In particular, beginners should be careful not to bring home more than 25 fish of all species. Each fish of the trout family must be at least eight inches long. This applies as much to mountain brook trout as to rainbow or cutthroat trout. A trout must weigh three pounds before it is eligible for sale. Netting, snaring, spearing or catching by night light is prohibited. Six and a half months of glorious sport is open to all followers of Izaak Walton who obey the laws and retain their liberty.

That he has been advised by the department that the regulations must be strictly adhered to in every detail and that offenses will be prosecued was stated yesterday by C. H. Robinson, fisheries overseer.

Creates Talbot Viscount

LONDON, April 29.—Viscount French took his formal farewell of Dublin as viceroy today. The King has created Lord Edmund Talbot a viscount which honor he will assume tomorroy on the occasion of his taking office as viceroy in succession to Viscount French.

Are you too tired to be effective?

ALL day long demands are being made upon every woman's strength, whether it is the wearing routine of household duties — the exacting pressure of business affairs—or a long round of social engagements—modern life is placing a constantly increasing tax on her energy.

Those who have made a study of fatigue say that when a woman is tired all her faculties are affected,—the heart weakens, the nerves become upset, and the danger of breakdown is threatened unless prompt action to prevent it is taken.

MILBURN'S HEART AND NERVE PILLS have proved to be, in hundreds of similar cases, a most reliable remedy for restoring strength and vitality to weakening hearts and relieving all the distressing symptoms brought on by fatigue, excitement or over-exertion.

If you wish to maintain your poise, charm, effectiveness, Milburn's Heart and Nerve Pills will be found to be a very valuable assistant.

Mrs. Fred. B. Hayes, St. Stephen, N.B., writes:—"For almost two years I suffered from a weak and nervous condition, and could not sleep at night. I got wonderful results from using your Milburn's Heart and Nerve Pills, as I am now strong and well again."

Milburn's Heart and Nerve pills are 50c. a box at all dealers, or mailed direct on receipt of price by

"CROSS" TREAD (NON SKID)

"Tests of Tire Quality"

The Grind of the Long Steep Streets

Up Hill Work! Ever notice how the up hill pull strains a horse's hoofs and ankles? Almost breaks them, and often tears the horse-shoes off—pulls the nails right out. When a car that weighs tons pulls itself up a long steep grade "on its own toes," as it were, you cannot conceive what a strain it is on the tires. This oft repeated test will break down most tires rapidly and, just under such terrific strain is where the Cord and Fabric construction of the "Gutta Percha" Tires shows extraordinary strength. The strain that tears off horse-shoes does not visibly affect "Gutta Percha" Tires. Like a welded, integral unit, a "Gutta Percha" Tire pulls all together and endures to the limit. Motorists are delighted with the almost unbelievable strength of "Gutta Percha" Tires.

"Go as far as you like on 'Gutta Percha' Tires"

SATURDAY, APRIL 30, 1921

Climbing Upward Again.

The pains of readjustment have been severe in the financial, social and industrial life of the country, but the worst is over. We have touched bottom and are now upward bound.

This fact has recently been voiced by the great financial authorities of the continent.

To realize prosperity we must produce more than we consume.

We must get back to the pre-war basis of efficiency and give a real day's work for a day's pay. We have been trying to see how little we could do and how much we could get. If the country is to prosper we must see how much we can do as well as how much we can get.

To live me must consume. To consume we must produce. To prosper we must produce more than we consume.

The measure of our prosperity is the difference between what we produce and what we consume.

The Lighter Side

Some men bathe frequently, and some compromise by using perfume.

—o—

It may be remarked in passing, however, that reparations won't raise babies.

—o—

There might have been no objection to the shimmy if the originators hadn't called it a dance.

—o—

Somehow that book of Wilhelm's seems a little jerky and disconnected for a work of fiction.

—o—

France paid her indemnity in two and one-half years. She knew she couldn't bluff Bismarck.

—o—

They have dug up the mummy of an Egyptian lady who was buried with two jars of face cream. She was remarkably preserved.

—o—

One marriage was the culmination of a romance; now it is merely the beginning of an experience.

—o—

Russia is not without surplus for export. She has a lot of surplus illusions in used models.

—o—

About the most hazardous occupation is that of interfering with altruism in its quest of a profit.

—o—

The remarkable thing is that Lloyd George has been able to compromise so much without compromising himself.

A special committee of the Senate of Canada was enquiring into the charge made by Herman H. Cook, ex-M. P. and a wealthy lumberman of Western Ontario. The charge was to the effect that a member of the Liberal government had offered him a seat in the Senate for $10,000.

Narrow Valenciennes lace is featured as trimming on newest serge and crepe frocks.

Efficient Housekeeping

BY Laura A. Kirkman

ARE YOU EATING ENOUGH FRUITS AND GREENS?

Today I received a letter from a business girl who is a reader of this column. "Do you suppose I select the right foods for my noon lunch?" she writes, "I buy my lunch at an inexpensive restaurant. I always get something hearty like baked beans or meat dishes that will 'last' through the afternoon, but lately I have been feeling unfit for work every afternoon, beginning right after the noon hour. What should I eat for lunch? I can afford to spend only 35 cents for it."

This girl has been making the mistake that I suppose dozens of other business people are making—continuing a winter diet in the spring. It would be better for her to spend 25 or 30 cents for a dish of spinach and the remaining five or ten cents for a cup of coffee or a glass of milk—even though she might feel hungry toward five o'clock—than to eat a hearty dish such as she has been buying when her digestive organs are already overtaxed by adjusting themselves to the wram weather and the general "let down" feeling of the entire system which comes with early summer.

Spinach, lettuce and water cress—these three greens contain iron, calcium, potassium and phosphorous, minerals necessary to health. They sweep the system like a broom, stimulating the secretions of gastric juices and carrying away all waste matter which has adhered to the walls of the passages. They give us a fresh start if eaten for several days in succession, even though by making one's lunch on them alone we may be a bit hungry before six o'clock. The business person who feels inactive and run-down should try several successive noon lunches on these greens alone (in conjunction with a beverage) to prove this fact. Just as our grandparents turned to sulphur and mosalles in the spring, the wise man or woman of today turns to fruits and greens for a period, at this season.

Fruit salads are equally as beneficial as an all-green noon diet, especially salads containing the citrus fruits (grapefruit, orange and lemon) or pineapple and strawberries. Rhubarb is also excellent in the early summer and should be classed with this "tonic" group of edibles.

The following luncheon menus for the home table is suitable for this season of the year and will give a new elasticity to the system:

Cheesed Spinach
Strawberry Cottage Pudding
Coffee

Cheesed Spinach: Cook ½ peck spinach until tender in as little water as possible, drain, and chop finely. Now melt 1 tablespoon butter, add to it 1 tablespoon flour, season with 1 easpoon salt, then add ¾ cup of milk; heat this mixture to boiling point, then add the spinach to it and 1 cup of American cheese finely chopped. Stir till cheese is melted and serve.

Strawberry Cottage Pudding: Make an ordinary one-egg loaf cake, slice it into individual portions to serve while still hot, and over each portion pour the following sauce: Cream 1 heaping tablespoon butter, add ½ cup powdered sugar and the stiffly-beaten white of 1 egg; beat all together until very light, then add 1 cup of mashed strawberries with their juice.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

Styles

BY LENORE

A favorite wa ythis season of giving charm to a dress which prefers its own material to any trimming is to finish the seams with hand-fagoting or ladder the stitch. This idea will be seen often in th esummer, as it is an effective way of combining contrasting colors in linen, voile or organdie frocks, and may be used decoratively in rows on skirt and dodice, or to emphasize the cut of a frock, as in the chic dress in the sketch. Here indeed a refreshingly simple frock is saved from almost too severe plainess by the fagotting, which emphasizes the unusual plan of the bodice, gives character to the sleeve, and trims the skirt, both front and back, about hip depth, between the two side panels which make the skirt graceful. The material used is crepe de chene, and the frock has been featured in the lighter shades, biege, gray and French blue. This is also a serviceable model for a linen frock.

PATTERN NO. 151

A pattern for the above model (No. 151) can be obtained in sizes 34, 36, 38 or 40, by sending to The Daily News your name, address, the number of this pattern and size required and 25 cents in postage stamps. Be sure to keep this newspaper clipping of the sketch and description of the garment to use as a working model when the pattern reaches you—which will be within two weeks.—The Editor.

FOSTER'S WEEKLY WEATHER BULLETIN

WASHINGTON, April 30.—High barometers bring low temperatures and low temperatures bring high temperatures. It is the rule to leave out the word barometer, but always use the word temperature with the words high and low. The high is also the cool or cold wave and the low is the storm center. To say high temperature is equal to saying low barometer, but the last cumbersome word is usually left out. My published charts for April indicated that the most severe storms of the month would begin in the northwest near 16th. Close hit.

Calculations indicate that the lows, or centers of the storms, for May, as they move southeastward, will cross meridian 90 near, or not far north of, St. Louis. This suggests that May temperatures will generally average near normal. First warm wave center, coming from the extreme nortwest and moving southeastward, will cross meridian 90 near May 1, move to a pont half way between Chicago and New Orleans and then by way of Ottawa to Newfoundland, reaching latter near May 4, storm wave and cool wave following as usual.

No very high temperatures. Storms will be more severe than the average near May 3. Rains will be about normal; probably a little excessive southeastward of ridges, high walls, mountain ranges and in valleys extending and whose rivers flow southeastward. Probably less than normal rains in localities occupying reverse localities.

The crop weather conditions only apply to May. Important changes are expected for every month on account of the changing positions of sun, moon and planets. Official science admits that the tides change every moon and that sun, moon and planets are the causes. Our atmosphere has many of the qualities of water, and why not tides in the atmosphere? Official science denied for many years, htat the moon has anything to do in causing the tides. By official science I mean those who receive salaries from universities, or other institutions, for weather work. June crop weather is nit expected to be same as that of May.

All through the ages large numbers of intelligent shepherds, cowboys, sailors, hunters and farmers have believed that the moon, at its new, first quarter, full and last quarter affects weather conditions. That belief has been persistent throughout the misty past, but when scientists attacked the problem and found some evidence sustaining these claims they failed to work out a system by which they could make valuable forecasts. DeVoe, of Hackensack, Conn., made the greatest advancement in that line and has made some good forecasts but, too often, he fails. I was up against that problem forty years before I solved it, and my discovery, made late in 1920, will be used in my new system of forecasting now nearing completion. The moon phases do have effects on our weather and sometimes will make good forecasts, but the moon alone will fail at least three-fourths of the time.

THE BIGGEST TREES

The largest trees in the world are the mammoth trees of California. One of a grove in Tulare cohnty is 276 feet in height, 480 feet in circumference at the base and 76 feet at a point twelve feet from the ground. Some of the largest that have been felled indicate an age of about 2000 to 2500 years.

Daily Recipe

Raspberry Foam

One and one-rourth cup raspberries one cup powdered sugar, white of one egg. Put ingredients in large dish, whisk until stiff enough to hold in shape. Pile lightly in dish, chill, surround with lady fingers, and serve with boiled custard. Substitute strawberries of fresh peaches.

Spring Medicine

Now Needed by Nearly Every One to Purify the Blood and Build Up Strength.

Few come to these trying spring days without weariness, debility, that "tired feeling," caused in large part by impure, de-vitalized blood.

Change of season often "takes all the strength out of me," as many people say.

The tonic and blood purifier needed is Hood's Sarsaparilla. It quickly dispels that exhausted feeling, enriches the blood and benefits the mental, muscular and nervous systems. In a word, says a druggist, "Hood's Sarsaparilla is our most dependable restorative."

Only the best tonic and purifying ingredients used,—roots, herbs, barks and berries, such as physicians often prescribe. A record of 46 years successful use. It will do you good. Try it this spring.

A mild laxative, Hood's Pills.

Hood's Sarsaparilla

Music's Perfect Mirror

The NEW EDISON

"The Phonograph with a Soul"

The New Edison is like the perfect mirror that reflects form and feature, true to every line and subtlety of coloring. It gives you an exact RE-CREATION of the singing or playing of the living artist or artists.

Mr. Edison spent 7 years of his time and 3 millions of his dollars to develop the perfect realism of the New Edison. He has proved this perfect realism by comparing the New Edison with living artists 5,000 times before more than 5 million people. The New Edison is positively the only phonograph which can sustain this test.

We have, for you, a proof on offset paper of the famous Franklin Booth Etching of Mr. Edison, as he looks today. Size 12 x 19 inches. Bears no advertising matter; suitable for framing. Just fill out the ballot,—and bring or mail it to us.

BALLOT
(Bring or mail this ballot)

Mr. Edison has just made a list of his 25 favorite tunes. What other well-known person's favorite tunes would you like to know?

WILL USE MONEY FOR A MONUMENT

Sympathetic With Hall Project, But Duty Is to Build Memorial.

GRAND FORKS, April 28.—A meeting was held on Tuesday evening in the new Presbyterian church, to decide whether the memorial money on hand be merged with that now being raised to establish a recreation building for young people or whether the *monument, for which plans and specifications* have been obtained, should be proceeded with. Rev. A. E. St. George Smyth, chairman, asked the Rev. Hillis Wright to outline the proposed recreation hall. Mr. Wright said the building would be placed on the north side of Winnipeg avenue, opposite the old Presbyterian church, it would be 40 feet by 80 feet upon a stone foundation which would give a basement 12 feet high, there would be dressing rooms, shower baths and other conveniences, the cost would be approximately $7500, or the old Presbyterian church could be used, placed on the proposed spot, with the same foundation and basement at a cost of about $3000, of which amount about $1600 had been subscribed.

W. J. Cook expressed his entire sympathy with the proposal of Mr. Wright in his wish to give the young people some place to meet in social recreation, but thought that as the wish of those who had subscribed toward the memorial fund was that a monument be erected those wishes should be carried out. T. A. Love, Dr. Acres, P. T. McCallum and F. R. S. Barleet also spoke to teh same effect. Mr. Wright said that it was evidently the duty of the committee o erect he monument and he moved, seconded by W. J. Cook, that the committee go ahead and have *the monument erected.* Carried unanimously.

All present assured Mr. Wright of their hearty support and cooperation in his efforts on behalf of the young people of the city.

Old Church for Recreation.

On the conclusion of the meeting to decide about the memorial monument a meeting of Recreation guild committee was held, at which were present Rev. Hillis Wright, chairman; Rev. W. P. Bunt, secretary; James Rooke, J. P. Griffith and F. R. S. Barlee. After considerable discussion it was resolved that the old Presbyterian church be moved about 60 feet south of where it now stands onto a lot belonging to the church and placed upon a stone foundation two feet above the ground, that dressing rooms and other conveniences be provided and the necessary committees were appointed to carry these resolutions into effect.

BID FAREWELL TO OLD TIMER

NEW DENVER, April 29.—There was quite a gathering of the clans and old-timers at the C. P. R. wharf this morning to bid Godspeed and goodbye to John McPhee, who is leaving New Denver and the Slocan to return to his old home town, Lochaber, in Nova Scotia. John is one of New Denver's old time residents and his cheery form and cheery ways and racy stories will be missed. John has been ailing somewhat of late and desires to spend his few remaining years with relatives and boyhood friends in the old home town.

SLOCAN CITY NOTES

SLOCAN CITY, April 28.—High School Inspector Delong of Vancouver *paid an official visit* to the high school here on Tuesday.

Mrs. W. H. Graham, who has been cooking at the New Market hotel for the past year, has returned to her home here.

Harold Russell was a recent visitor to Nelson.

The Misses Myra and Muriel Henderson, daughters of R. G. Henderson, have returned from Oregon after spending the winter months with relatives to make their home with their father and will resume their studies at the public and high school.

George S. Henderson has purchased a half ton Dodge truck and intends freighting between Nelson and Trail.

POLL NECESSARY FOR IRRIGATION TRUSTEES

GRAND FORKS, April 28.—Nominations were made on Thursday for trustees for the Grand Forks irrigation district. Alan R. Mudie, returning officer, received the following names: H. A. Glaspell, C. F. N. Morgan, Oscar Prennoyers, Robert Mann, E. F. Laws, J. A. McCallum and J. B. Markell.

As five trustees are required and seven have been nominated a poll will *be held on Saturday.*

GRAND FORKS NOTES

GRAND FORKS, April 28.—P. C. Petersen and family left on Saturday for Seattle, where they will reside in the future. *Mr. Petersen has lived for* some 15 years in the Grand Forks district.

1870 STANFIELD'S *Unshrinkable* UNDERWEAR 1921

A Canadian Industry Built on an Ideal

1921 is the Jubilee of Stanfield's Unshrinkable Underwear. It is a far cry to the magnificent mills at Truro—models of modern equipment and efficiency—from the tiny building in Prince Edward Island where the late Mr. C. E. Stanfield began the evolution of an ideal in 1856.

The late Mr. C. E. Stanfield learned the woollen trade in his uncle's mill in Bradford, England, then as now a center of the woollen industry. But the pride he took in his work developed ambition. He wanted to start out for himself. Canada was much talked about in the Old Country and he decided to come to the new world across the Atlantic.

He built his first mill at Tryon, P.E.I., in 1856. So successful was he that a wider field was sought and he chose Truro, Nova Scotia, locating there in 1870, moving from the original mill to a larger one, and finally in 1882, constructing a new plant on the bank of the Salmon River, the site of Stanfield's Limited, and beginning the nucleus of the present Stanfield mills.

In 1896, the late Mr. C. E. Stanfield decided to retire and sold out the growing business to his two sons, John and Frank, who are now President and Vice-President of Stanfield's Limited, a corporate company.

Stanfield and woollens are synonymous. A hundred years ago, Charles Stanfield was a woollen manufacturer in Bradford, England, He taught the business to a nephew, the late C. E. Stanfield, who made the first Cardigan jackets and Bannockburn tweeds in Canada. He, in turn handed down his knowledge to his sons, John and Frank, the active heads of the business to-day. Thus, Stanfields are carrying out the best of the old British traditions of trade—one generation following another in the same line of endeavour—adding knowledge and experience, building on the old foundations, broadening and strengthening, making the family name synonymous with all that is best in the trade.

That this vocational tradition is a good thing for business and for the world at large, is proven in the case of the Stanfield family, for it was due to the efforts of John and Frank Stanfield that Unshrinkable Underwear was made possible. These two experts, born in the business and absorbing the best traditions of the trade, evolved a process that took the shrink out of wool before the garments were woven, giving Stanfield's Unshrinkable Underwear to the world and making it the outstanding feature of the Stanfield products.

Stanfield's Unshrinkable Underwear was manufactured first for men who work outdoors—farmers, fishermen, trainmen. As towns developed into cities and the cities into worlds within themselves, Stanfields began to make finer underwear, in weights suited to men who worked indoors and were not so much exposed to the rigors of winter. Then came the addition of silk-and-wool and extra fine woollen underwear for women; and finally, Stanfield's Adjustable Underwear for children. To-day Stanfield's Underwear is a family affair both from the standpoint of wearers as well as makers.

Stanfields have steadily held to the original idea behind the business—to avoid fads and to make underwear of a quality demanded by the majority of the Canadian people, with quality kept up to a standard and prices kept down to a minimum consistent with quality.

It is this unswerving adherence to an ideal of quality that has built up a market for Stanfield's Unshrinkable Underwear that more than equals the supply, and has given a reputation to the name "Stanfield" that is an asset which cannot be valued in mere dollars and cents.

The Jubilee of Stanfield's Limited crowns with success the achievement of a Canadian institution which occupies its present proud position because of a rigid adherence to the fundamentals of sound business—making an essential article, making it better and keeping the price right.

Easy Washing

You'll hardly believe it—until you try it. Just soak the clothes in the rich, pure, cleansing Rinso suds overnight (or for three hours) and then rinse them thoroughly either in warm or cold water. They will be as clean as though they had been boiled and rubbed.

RINSO—
Not a cake soap, or a chip soap, but new and better—fine granules so rich in soap that they loosen the dirt as the clothes soak.

If you have a washing machine—
Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

MAYOR CALLS A ROAD MEETING

Will Explain Bylaw to Property Owners; Local Money Can Do It.

Nelson's civic road policy will be the subject of discussion at a public meeting which Mayor C. F. McHardy is calling for Monday, for the purpose of securing the opinion of property owners on the bylaw which is to be submitted shortly for a three years' road building program.

"When the property owners go into this question," said the mayor yesterday, "I have not much doubt both that they will authorize the necessary debenture issue for our road improvements, but that it will be found that practically all the debentures can be disposed of locally to the citizens themselves.

"It is almost a certainty that the *legislature at its special session the* coming fall will give the municipalities important new sources of revenue, *and while this will give the Coast mu*nicipalities the help without which they can not navigate, in our own case it will *materially lessen the burden* on the property owner. Thus, it is fairly certain that next year we will be able to reduce our real estate taxes, while at the same time spending a larger amount than usual on our roads, for a large share of the support of the schools will almost certainly be met from revenues secured from other sources than taxation of property.

"Under these circumstances we are in a good position to go ahead with a program of road building, and it should not be forgotten that this is the year of all years when we should proceed with construction work and provide employment if we are going to do it at all."

"Unless there is greater feeling for morality, this nation will drift toward free love"—*R. G. Jones, Cleveland* school superintendent.

BECAUSE IT'S BETTER

People in the East buy Pacific Milk because they like it better than any other. There's a reason for its superiority.

The finest herds are right here in the Fraser Valley, and here, also, are the ideal conditions for feeding—the best climate for dairy cattle, hence the best milk.

We in British Columbia have a double reason for buying only PACIFIC. It's a home product and helps to keep money in circulation here. And it is the only canned milk put up in our province.

Provides for Sending Liquor by Parcels Post

OTTAWA, April 29.—(Canadian Press)—Provisions for the transmission of intoxicating liquor by parcel post between points in a province, under prescribed circumstances, is made in a notice gazetted this week.

The notice states that the parcel post regulation hereby prohibiting transmission of intoxicating liquor by post, is modified so that in any province in which an act has been passed providing that delivery of intoxivants shall be made by a government commission by parcel post, parcels containing intoxicating liquors handed in at any post office in the said province by the said commission, may be accepted for transmission to any place within the same province with the provision that a parcel of liquor so posted cannot be re-directed to any place outside the province. Parcels are required to conform to the parcel post regulations as to size and dimensions.

Bright rose shade veritably a cerise and emerald green are coming much to the fore for newest Paris hats.

I am friend of the friendless.

I am mother to the motherless.

I am champion of the weak and humble.

The poor and unfortunate of many countries know me well.

I serve on the fields of battle in time of war.

I build my trenches in the streets of poverty in time of peace.

I believe that a man may be down, but never out.

Markets and Finance

ADVANCES, BUT RECEDES LATER

Oils, Especially Mexicans, Suffer Reverse; Railway Bond Issue Succeeds.

NEW YORK, April 29.—The stock market made further forward strides in the first half of today's active dealings, but hte movement became very unsettled later, many of the leaders cancelling the greater part of their gains.

This reversal was especially applicable to oils, notably the Mexicans.

Announcement that the books would close tomorrow for the Northern Pacific-Great Northern bond offering wan an influence of sentimental value in the day's development, denoting the success of that important underwriting.

Sales amounted toi 1,135,000 shares. Call money ruled at 7 per cent all day.

Foreign exchange was firm, French and Belgian bills sold at the same level.

Dealings in bonds were more extensive than at any recent period, the liberty division sharing in the movement, all at material gains.

Total sales, par value $13,750,000.

CANADA BONDS

WINNIPEG, April 29.—Bid prices for Dominion war issues:

War loans—1925, 95; 1937, 96 1-2.

Victory bonds—1922, 98 5-8; 1923, 98; 1927, 97 1-4; 1933, 96 7-8; 1937, 98 1-4; 1924, 96 3-8; 1934, 94.

MINTO CARRIES BRIDE HOME

LONDON.—Lord Minto, who has just returned to his ancestral home, Minto House, near Hawick, conformed to a custom many centuries old, by carrying his bride, formerly Miss Marion Cook, of Montreal, across the threshold in his arms. This picturesque act is reminiscent of the borderers' runaway marriages, but in the early days it was usually carried out on horseback.

The earl and countess received a warm welcome on entering their estate. Their car, preceded by pipers, was drawn by a number of the estate workers from Hawick station to Minto House, where a choir of school children sang the "Maple Leaf," out of honor to the Canadian birth of the countess.

Cameron Douglas, the factor, offered the bride and bridegroom a hearty welcome home, and the estate workers were afterwards entertained to a feast in celebratioon of the occasion.

"Through ill-semlling jazz we have been making children hot-blooded animals. This is the fault of the gospel hymn today."—Dr. H. Augustus Smith, Boston university.

METAL MARKET

NEW YORK, April 29.—Copper steady; electrolytic, spot and nearby 12¾; May and June 13. Iron nominally unchanged. Tin, firm, spot and nearby 32.00. Lead firm, spot 4.50. Zic, steady, spot 4.90 to 5.00. Antimony, spot 5.25.

LONDON, April 29.—Standard copper, spot £70, 10s; futures £70. Electrolytic, spot £72; futures £73, 10s. Tin, spot £171, 12s, 6d; futures £174, 2s, 6d. Lead, spot £21, 7s, 6d; futures £21 15s. Zinc, spot £26; futures £27.

FOREIGN EXCHANGE

NEW YORK, April 29.—Bar silver domestic 99¼; foreign 66⅝.

Canadian dollars 89.20.

Francs, demand 7.74; cables 7.76; lire, demand, 4.81; cables 4.83.

STERLING EXCHANGE

NEW YORK, April 29.—Sterling exchange iregular at $3.90⅛ for 60-day bills and at $3.95 for demand.

NELSON, April 29.—Current counter exchange for sterling $4.40⅜.

MONTREAL LIST

MONTREAL, April 29.—Strength of the paper stocks was the feature today. Riordan and the Spanish river issues were particularly prominent. Two issues in the group sold at lower levels. Riordan preferred not recently traded in, being down 28½ points at 40, and Howard-Smith was a point lower at 80.

Total sales, listed 4556; bonds $221,800.

TORONTO BOARD

TORONTO, April 29.—After some weeks of downward inclinations, victory bonds turned upwards today. Most of the issues made but small changes, but the gain of ⅝ by the 1934 taxable victory was considered of importance, because this bond is more comparable to the average bond than the victories which are tax-exempt.

Wasps kill other insects with their jaws and not with their sting.

TO BE DYSPEPTIC

IS TO BE MISERABLE

The poor dyspeptic suffers untold agony after every meal, and any one who has dyspepsia knows what joy it would give to eat three square meals a day and not be punished for it after. Nearly everything that enters the weak stomach acts as an irritant, and even the little that is eaten causes such torture and is digested so imperfectly that it does little good.

Before you can eat heartily, and not pick and choose your food, you must put your stomach into such a condition that it will manufacture its own digestive ferments.

For over forty years Burdock Blood Bitters has been toning up and restoring weak stomachs to a normal healthy condition so that the food no longer causes distress, but is thoroughly digested and assimilated, and enables one to partake of all the wholesome food required without fear of any unpleasant after effects.

Mrs. Alice Becknorth, Fesserton, Ont., writes:—"I have been a great sufferer from indigestion and dyspensia for several years. I could not eat anything without almost dying from the pain in the pit of my stomach. Seeing Burdock Blood Bitters highly recommended I tried a bottle, and can gladly say it relieved me. I can eat anything now, and am in perfect health."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

BECAME SO THIN SHE WAS AFRAID

"FRUIT-A-TIVES" Made Her Well, Strong and Vigorous.

MADAME ARTHUR BEAUCHER

805 Cartier St., Montreal.

"I suffered terribly from *Constipation and Dyspepsia* for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me.

At last a friend advised me to take 'Fruit-a-tives'. I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time, the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. *Now I am well, strong and vigorous.*"

Madame ARTHUR BEAUCHER.

First, Doctors — Then a Skin Specialist Then a bottle of D.D.D.

We shall publish every week for the benefit of skin sufferers in this section, a few words written by Canadian people—some of them of prominence—all heartfelt stories of relief from terrible suffering.

A sentence or two from a letter from J. W. Corns, 88 Melbourne Ave., Toronto, a man of fine standing. "I have been a sufferer for two years with eczema on the legs and ankles. I tried three or four different doctors. I went to a skin specialist. All of no use. I used one dollar bottle of D. D. D.—that is all. Today I am perfectly well."

If you wish to try a bottle of this Prescription that Mr. Corns found so remarkable, we will guarantee relief on the first bottle, or your money back. *Stop that itch today.* $1.00 a bottle. Try D. D. D. Soap, too.

NELSON, B. C.

FIRST LEAGUE MATCH A DRAW

McLearies Tie Pretty Soccer Game With Corinthians in Last Twenty Minutes.

Generally acceded to be the prettiest soccer game so far in the season, the match between the Corinthians and the McLearies yesterday, which was the initial game of the city league series, ended in a draw of 3—3, a decision that on account of the splendid comeback of the McLearies in the last 20 minutes proved thoroughly satisfactory to the large crowd of fans that bordered the touch lines at the recreation grounds. Play throughout was of the most determined nature. There were many well executed concerted movements, many bits of brilliant individual play, and for the larger part shooting and placing was of the order to delight all the onlookers. In particular the brilliant position play, shooting and aggressive tactics of Mulligan, of the McLearies, drew wild cheers from the crowd.

Wallach won the toss, but there was no wind or sun to be taken advantage of. The ball was soon near the McLearies' goal area. Rowley made a good try, which Notman saved nicely to wing, where Ball secured it and sent a beauty along under the bar for the first goal. The McLearies countered when Middleton, who had saved from Talbot at wing, was rushed by Mulligan, who forced the ball into the net. A pass from Ball headed toward the McLearies' goal by Morris was turned into a goal for the Corinthians by Palmer, who headed to corner it, but drove the ball under the bar. The score stood at 2—1 in favor of the Corinthians at half time.

The Corinthians made their third early. It came when G. Morris headed to the net as Notman rushed out to save from Rowley's wing shot. The McLearies then came back with strong rushes and nice placing by the halves and backs. After one such clearing to forward Talbot centered far in advance of Mulligan, who raced for the ball and shot a wee bit wide in the face of the back. He recovered quickly, however, and before the ball could be cleared from the over-shot and scored last supporters of the McLearies. Mulland won golden opinions from the jubilligan was responsible for the tying goal also, which came within five minutes of time. A pass from Talbot to McDonald to Mulligan worked the trick.

The teams were: Corinthians—T. Middleton, R. Ramshaw, J. Metcalf, A. Lane, N. B. Bradley, J. Adams, J. Ball, G. Morris, J. Morris, C. Ward, A. E. Rowley.

McLearies—J. Notman, I. Spiers, J. Brown, A. Bladworth, W. Corrigan, A. Wallach, G. Talbot, P. Mulligan, N. McDonald, C. Bernard, W. Martin.

Referee—J. Draper.

Nominates Australians For Davis Tennis Cup

NEW YORK, April 29.—(Canadian Press.)—A Reuter's dispatch from Sydney reports that the Australian Lawn Tennis association has informed Canada that the Australians are prepared to play off their draw for the first round of the Davis' cup contest in the last week of July.

N. E. Brooks has nominated the four players—Mr. Hawkes, Mr. Anderson, Mr. Peech and Mr. Todd. The team will sail early in June.

SPORTING BRIEFS

Bell Saves Knockout.

TERRE HAUTE, Ind., April 29.—After the bell saved him from an apparent knockout in the first round Hugh Walker of Kansas City failed to respond to the call in the second round of his scheduled 10-round bout here tonight with Tommy Gibbons of St. Paul. The referee awarded the match to Gibbons.

Potts Wins Easily on Points.

WINNIPEG, April 29.—Jimmy Potts of Minneapolis easily outpointed Billy McKenzie of Winnipeg in a 12-round bout here tonight. The men are welterweights.

DRURY WITHDRAWS HIS AMENDMENT

TORONTO, April 29.—In the legislature today Premier Drury withdrew his amendments to the election act. The premier said protests had been made against the bill and he thought it well to hold it over for another session.

BAKER STREET NELSON, B. C.

GRACE PERIOD IS OVER TODAY

Heavy Penalties Begin Monday for Delinquents on Income Tax Returns.

Today is the last day for filing of income returns and for initial payments of Dominion income tax, if the calendar is to be believed. The tax is 4 per cent on all income earned or received last year in excess of $1000, in the case of single persons, widows and widowers, without dependents, and in excess of $2000 in the case of married persons, and one-quarter of the amount of the tax must be paid not later than today if the penalty is to be avoided.

The taxes of those who have failed to file returns automatically increase by 25 per cent on Monday. Delinquency in meeting the payments involves a penalty of $5 for each payment that becomes overdue. Those who understate their income face penalties that range from 100 per cent of the deficiency, downward.

WANTS SCHOOLS TO HELP IN CLEAN UP

It is the intention of Mayor C. F. McHardy to ask the school authorities to dismiss the schools on next Wednesday, Arbor day, if that can be done under the education act, so that the young folks may participate to the full in the toil and the pleasure of the annual civic cleanup.

"The idea has got around," said the mayor last night, "that the public holiday that is to be proclaimed is to be celebrated by picnics and pleasure seeking. The whole idea of the holiday, so far as the city authorities are concerned, is to complete the spring cleanup. One day devoted exclusively to that work will easily accomplish its object. We all profess to want a bright, attractive city. Now let us all go to it and show we mean what we say tot the extent of a few hours of physical labor in our celebrated ozone."

William Holmgren of Johnson Landing is spending a few days visiting *friends in the city.*

Miss Ethel Carlson, who finished her training at the *Nelson Business college* yesterday, leaves for her home on the Coast train tonight.

Miss Ida Pearson of Moyie and Miss Ranka Lundeen of Marysville, who have just completed their studies at the Nelson Business college, leave for their homes on the Crow boat this morning.

Edward Terzian, one of the owners of the Morning Star mine at Hall Siding, *came in yesterday from Apex,* bringing with him some splendid samples from the Well Known, on which he spent the winter months in opening up a promising vein.

S. S. Fowler, manager of the New Canadian Metal company, was in yesterday from Riondel. Mr. Fowler, who is chairman of the executive committee of the international mining convention to be held here in 1922, states that it will be some time before any discussions *will take place regarding the* plans for next year.

J. P. Forde, Dominion public works engineer, left last night with his family for Victoria to take charge of the Vancouver Island, Skeena and Yukon districts. He will be succeeded in Nelson by P. E. Doncaster, at present senior assistant engineer at New Westminster, who will take charge of the Kootenay and Yale-Cariboo districts on his arrival early next week.

SALVATION ARMY WILL NOT SOLICIT

Today opens "self-denial" week for the Salvation Army throughout Canada and the world, the object of instituting *this special period being to supple*ment the funds of the army for its many activities, including rescue work and various similar departments.

In Nelson Captain K. McPhedran stated yesterday self-denial week will be confined strictly to the ranks of the Army and no appeal will be made to the business community for contributions, the promise having been given during the drive last fall that there would be no further appeals for a year. Persons desiring to contribute may of course do so, but solicitation will not be employed.

LECTURES TO BUSINESS STUDENTS

An interesting lecture was given by Ed. Ferguson, provincial assessor, to the students of the Nelson Business college yesterday afternoon on the subject of "What a Business Man Desires in His Stenographer." For half an hour he spoke on his topic emphasizing the points of carefulness and neatness in work and courtesy in dealing with inquiries. He advised the students that in general they would receive consid*eration of their lack of experience* by employers when they finally entered on an active business career.

An optimist is a person who not only hopes for the best, but actually expects to get it.

Bisque is rivaling grey in New York and Paris prophesies a vogue for beige or royal blue this fall.

THE NEW HATS FOR SPRING

We rather think that you are going to be surprised when you see these new Spring Hats. You will be glad, anyway. They are so modestly priced that you will want to hurry to get a new one. We have a full variety of soft hats to meet all tastes in style, shape and color. You will probably want yours with the bow in the back—many of them come that way.
