BRITAIN EXPOSTULATES WITH FRANCE

HIS MAJESTY, KING GEORGE, GIVES DIRECT REBUTTAL TO NORTHCLIFFE PRESS REPORT

Statements Attributed to the King on Irish Policy Are Complete Fabrication; No Such Conversations Occurred.

FOLLOWED INVARIABLE CONSTITUTIONAL RULE

Labor Members Endorse King's Dignified Protest as One in Interests of Constitutional Governement; Liberals Equally Concur.

LONDON, July 29.—Mr. Lloyd George in the commons today read a statement authorized by King George, declaring words attributed to the King concerning the government's Irish policy in a reported interview in the United States by Lord Northcliffe, who controls the London Times, are "a complete fabrication."

Mr. Lloyd George read a statement which he said the King had authorized him to read on his majesty's behalf:

"His majesty, the King, has had his attention directed to certain statements representing an interview with Lord Northcliffe, appearing in the Daily Mail and reproduced in the Daily Express and some other newspapers. The statements contained in the report are a complete fabrication.

"No such conversations as those which are alleged took place, nor were any such remarks as those alleged made by his majesty.

"His majesty also desires it to be made quite clear, as the contrary is suggested in the interview, that in his speech to the parliament of northern Ireland he followed the invariable constitutional practice relating to speeches from the throne in parliament."

J. H. Thomas, Labor member, who followed Mr. Lloyd George, said he believed it was the duty of all members of the house to associate themselves with "the King's dignified protest—a protest that he is entitled to make, not only in the interest of himself, but in the interest of constitutional government."

"I am glad," Mr. Thomas declared, "that this opportunity has been given, not merely in the interest of the government, but that of the house of commons, which represents the country, to place on record the feeling that His Majesty has not taken what otherwise would have been an unconstitutional action."

Sir Donald McLean, Liberal, said the King had acted in accord with what the whole people of this country and his faithful commons expected of him.

The reputed conversation between King George and Mr. Lloyd George, quoted in the foregoing dispatch as having appeared, according to the British prime minister, "in the form of an interview which Lord Northcliffe seems to have given in the United States," appeared in an interview published in New York City July 25 attributed to H. W. Steed, editor of the London Times and companion of Lord Northcliffe, on his United States tour. The interview, the context said, was given by Mr. Steed the day after his arrival from England with Lord Northcliffe. The interview apparently appeared in English newspapers attributed directly to Lord Northcliffe.

Foreign Office Not Surprised

LONDON, July 29.—The foreign office expressed no surprise today when it learned that Ambassador Geddes, in Washington, had cancelled the proposed dinner to Lord Northcliffe, in view of the language that Lord Northcliffe had used toward Lord Curzon, the ambassador's own chief.

It was officially denied, however, that Lord Curzon had coerced the Washington embassy or in any way influenced the decision to cancel the function.

Denies Absolutely

WASHINGTON, July 29.—Northcliffe made public the following cablegram to Lord Stamfordham, private secretary to King George.

"Please convey to his majesty with my humble duty my denial of ever having ascribed to his majesty the word or words as stated by the prime minister yesterday. I gave no such interview."

KILL CONVICT IN PENITENTIARY RIOT

MCALESTAR, Okla., July 29.—One convict was killed, the shirt factory was practically wrecked and several guards were slightly injured in a riot which broke out at the state penitentiary this afternoon.

M. Whitehad, life termer was killed when he attempted to rush the guards.

MEIGHEN SAILS FOR CANADA TODAYS BOAT

Convinced Concentrated Effort Needed to Support Disarmament Conference.

LONDON, July 29—Premier Meighen sails tomorrow on the Carmania for Canada.

No official report of the conference of premiers has been issued, but it is understood that an agreement has been reached over the naval policy within the past few days, reaffirming that each dominion shall be responsible for its own coast defense, there is still much speculation here concerning the probability of the holding of a preliminary meeting in London prior to the Washington disarmament conference, but nothing definite has so far transpired.

On leaving tonight, Premier Meighen said:

Satisfied With Trend.

"Although the conference has not concluded, I am leaving for Canada tomorrow. Decisions have been reached on those questions that concerned the dominions most. I go home satisfied with the trend of events generally and with the progress made. We did not all come to London with the same views and we *may not have the same views yet*, but common objects were sought and common ground was found. What is of overwhelming importance now is that the disarmament conference shall not fail. The concentrated powers of public opinion added to the infinite pains and patience of public men can alone ensure success. The former, powerfully exerted, will reduce the latter. I have been impressed with the fair disposition of British statesmen toward the opinion of dominion ministers and with the spirit of unity and equality that was manifest in all discussions. I acknowledge gratefully the unfailing kindness with which this, as on every occasion, our representatives have been received by the British people."

WOULD ABOLISH DOCK

TORONTO, July 29.—"That the prisoners' dock is a barbarism and should be removed," is one of the recommendations made by the public service commission in its report on the Toronto police court. The commission also demands that the name be changed to the "municipal court" and suggests trial by jury in this court without the necessity of going to higher courts. Need of a woman magistrate and many other reforms is urgently recommended, also many amendments to the criminal code.

COUGAR HUNTERS HAVE BIG CHANCE

Good Pay and Bounty Offered to Rid Vancouver Island of Pests.

VICTORIA, July 29.—One hundred dollars a month salary for cougar hunters and the bounty of $40 and $55 for each animal killed, while if one cougar a day is bagged will bring the hunter in $2000 a month, is the inducement being offered by the British Columbia Game Conservation board to big game hunters on Vancouver Island. In addition the hunter will own the cougar pelts which are worth $10 to $12.

A determined attempt is being made to rid the island of the destructive cougar. In sheep districts the bounty is $55 and in non-sheep districts $40 is paid.

"There is practically no limit to the money a man can make on this job," said an official today.

Whisky Runner Pays in Counterfeit Bills

SPOKANE, Wash., July 29.—Alleged to have given a Canadian liquor handler $550 in counterfeit United States bills in payment for 10 cases of whisky that came across the border on July 24, Mike Foley, alleged liquor runner, was bound over to the federal grand jury after a hearing before the United States commissioner here today.

The charge against Foley is that he had in his possession counterfeit bills which he intended to pass in the United States. The automobile on which the alleged liquor operations of Foley had been conducted is held as evidence.

NORTHCLIFFE HOLDS HANDS

TIMES BOSS SEEMS HAPPY.

Lord Northcliffe "holding hands." The boss of the London Times and other English newspapers seems to have forgotten his fight with Lloyd George, judging by the above photograph, taken on his arrival in New York Saturday on his way to Australia... Northcliffe's companion is Miss Elinor Sears, a Boston society girl.

NORTHCLIFFE LEAVES WASHINGTON WITHOUT OFFICIAL RECOGNITION

WASHINGTON, July 29.—Lord Northcliffe left Washington tonight after a two-day visit without having been entertained at the British embassy or receiving from embassy officials any of the attentions usually accorded to foreign diplomats to distinguished fellow countrymen.

Both embassy officials and Lord Northcliffe maintained silence today with regard to the withdrawal of invitations extended to the publisher to stop at the embassy and to attend a dinner which was to have been given in his honor.

Lord Northcliffe is understood to have met at a dinner given tonight by Mrs. E. B. McLean, wife of a Washington publisher, most of the guests he would have met at the proposed embassy dinner. Sir Auckland Geddes, the British ambassador, was not one of the guests. Lord Northcliffe called on Sir Auckland yesterday to pay his respects. Many members of the cabinet and of congress were also understood to be among tonight's guests.

Leaving here tonight, Northcliffe will arrive early tomorrow in New York and after spending the day there will depart for Vancouver by way of Toronto. He will board ship at Vancouver for his trip to Australia, New Zealand, China, Japan, the Philippines and India.

RESCUED WOMAN TELLS GRAPHIC STORY OF ROCKY MOUNTAIN CLIMB

CALGARY, July 29.—(By V. A. Potter, Canadian Press correspondent, Spray Falls, via Banff, July 29.)—The shrill sound of a woman's voice, caught up by the multitude of peaks and crags, sounding and resounding and re-echoing, saved the life of Mrs. Dr. Stone, after the death of her husband, Dr. Stone, president of Perdue university, eight days before.

The searching party, from information received in camp, had figured out the probable source that Dr. and Mrs. Stone would take in their attempt to ascend Mount Eon, an hitherto unsubdued mountain. From a point of vantage they had scoured every side with their glasses, without a sight of anything. Then, as they had decided to go on, one of the members of the party thought he heard the cry of a woman in the awful distance across and below. Listening intently, they heard it again. A more minute inspection with glasses revealed, far below and across a canyon, the form of a woman. One hour later Mrs. Stone was rescued. She is an experienced mountaineer and she told your correspondent that at different periods of the day she raised her voice with all the force and vigor she had, expecting that some time it might be heard and she would be rescued.

Within Five Minutes of Goal

Dr. Stone was within five minutes' climb of the very top of the hitherto insurmountable mountain, the goal which he and his intrepid companion had set, when the disaster which resulted in his own death occurred.

This is the story told by Mrs. Stone to your correspondent, the only newspaper correspondent with whom she has spoken since the terrible accident. The accident occurred on Saturday, July 16. They had expected to make the climb, rest at the top, and then get back to the food cache that night.

Dr. Stone was climbing above, hopefully, cheerfully and unhesitatingly when, without a word of warning, a farewell of any kind, not even a signal, he plunged over her head to the terrible abyss below.

"Dr. Stone fell fully 5000 feet," is the opinion of his wife. She saw the body strike the rock, bound from cliff to cliff and on down the side of the mountain. The correspondent did not ask the direct question, but Mrs. Stone gave no indication that she has any hope that her husband is alive or that there is any chance of recovery.

Mrs. Stone, shocked, terrified, but undaunted by the terrible disaster, began a hasty climb down the cliff, in the vain effort to get to her unfortunate husband. She fought her way down the side of the mountain, and when found was 3000 feet below the point where Dr. Stone had fallen.

How Mrs. Stone was marooned on this ledge of rock is not very clear. She does not know herself. She could proceed neither way. In first position she spent eight distressing days. She had no food, but during the middle of every day, when the sun was high, a tiny stream of melted snow came trickling down close enough that she could refresh herself.

She never gave up the fight. Every day she cried for help, and it was because of this spirit that she eventually was discovered at all.

"Dr. Stone seemed to have had a presentment that the venture might end in asids t'swheersofrrta end in disaster," was the information given the Albertan. When they left camp at Mount Assiniboine, the Matterhorn of the Canadian Rockies, on Friday, July 15, they left word if they did not return by the following Monday night a search party should be sent out. The mountain is almost inaccessible.

Last year the Wakefield party made an unsuccessful attempt to scale the mountain. They had reached an altitude of 9763 feet when they came to stone wall which was impossible to ascend. They had no time then to make another attempt, but suggested that an ascent could possibly be made from the southeast end of Mount Glory. With this information, Dr. and Mrs. Stone made the effort which ended so tragically.

INSTITUE AERIAL PATROL FOR FIRES

VICTORIA, July 29.—To protect valuable timber on Vancouver Island and along the coast from fires started by campers and motoring parties, the provincial gavernment has instituted an aerial week end fire prevention patrol. A forest protection service seaplane from Vancouver will make a scouting tour of the whole coast every Sunday. The patrol will cover an area on the mainland of the province and Vancouver Island between 600 and 400 miles long. So far this season there have been 463 forest fires in British Columbia, according to reports to P. Z. Caverhill, chief forester for the province.

UNFRIENDLY FRENCH COMMUNICATION DRAWS STERN PROTEST FROM BRITAIN REMINDING FRANCE OF HER OBLIGATIONS

Change of Attitude Surprises Britain; Loath to Believe Unfriendly Intention; Asks Explanation of Intentions; Impossible to Agree to Acts Undermining Basis of Alliance; Italy Endorses Absolutely British View of Upper Silesian Situation.

LONDON, July 29.—The latest British note over the Silesian problem, which was handed to the French government in Paris this evening and which was described in official circles as a "vigorously worded document," reminds the French government of the firmess with which *Great Britain has always adhered* to the principle of close cooperation and mutual consulations between the Allied governments.

The note expresses surprise at the sudden change in attitude on the part of the French government, especially as early this week the principle of cooperation was emphasized and agreed to between lord Curzon, the foreign secretary and the French ambassador, while following the incident of the occupation of Frankfurt by the French in April 1920, M. Millerand, then the premier, had given definite assurances that France would not in future take isolated action on matters of common concern to the *Allies.*

Unfriendly Tone Surprises

The note likewise expresses surprise at the unusual and apparently unfriendly tone of the French communication of Wednesday last, which Great Britain the note states, is loath to believe was meant to convey an unfriendly intention on the part of the French government.

Great Britain asked that the Alliance, cemented by appalling sacrifices, be continued on the same lines of mutual trust and confidence, for the promotion of which Great Britain will make any concession to the French government and is ready to do so should the latter keep Great Britain fully cognizant of France's wishes.

On the principle of joint allied responsibility for Silesia and other matters under the peace treaty, for Great Britain to agree to such acts as would inevitably undermine the basis of the alliance

Asks Explanation

In view of the perplexity raised by the tone of the last French note, the British government, the note states, feels bound to inquire what explanations of its intention the French government can offer, as until the matter is cleared up, it will be difficult to see on what basis the allied cooperation can continue.

The question of the supreme council meeting is not made the subject of fresh proposals in the note, pending hoped for improvement in the atmosphere, but throughout the document the hope is strongly expressed that nothing will be done by the French government to weaken the solidarity of the alliance to which, for every reason, sentimentally as well as politically, it is pointed out, the British government and people are doubly attached.

PARIS, June 29.—The committee on foreign affairs of the chamber of deputies today discussed the Silesian question and decided to adhere to the British viewpoint of not sending more troops to Upper Silesia prior to the meeting of the allied supreme council.

France Hands Note.

ROME, July 29.—Premier Briand this evening handed to Lord Hardinge, the British ambassador, the reply of France, approved by the cabinet this afternoon, to the latest British note dealing with the sending of reinforcements to the Upper Silesian zone, which was presented to the foreign office this morning.

FIRE VICTIMS CROWD WHARF AS REFUGEES

Steamers Go to Relief; Nova Scotia Forest Fires Due to Prospectors.

ON BOARD S. S. ASPY, NEIL'S HARBOR, N. S., July 29.—Refugees taken out of this district by relief steamers report that the fires which destroyed Newhaven and wrought havoc at Neil's Harbor Thursday were caused by prospectors who lit smudges to keep away mosquitoes. These fires got out of control.

The Gribb was the first vessel to arrive and Captain Coffin says the scene at Neil's Harbor wharf was a pitiable one, women with infants in their arms crowded the wharf, and a large warehouse nearby was also full of refugees and their belongings. These people were taken on board the cutter and were later transferred to the Aspy for transportation to a place of safety if deemed necessary. A man engaged in rescue work said that the village of Newhaven had been completely evacuated before midnight and abandoned to the flames. He declared the heat and smoke was so intense that it was impossible to approach the burning hamlet. The refugees successfully carried out the body of a woman in her casket.

FLASHES BY WIRE

LIMA, Ohio, July 29.—Death won in a cross-continent airplane race, when Timothy Spellacy, 63, Los Angeles oil man, died here at a hospital as his brother, Michael Spellacy, raced eastward from Tulsa, Okla., to his bedside.

Fifteen minutes after receiving a message that the death of his brother was imminent, Spellacy had engaged an airplane and the race began. Death came late yesterday before the Tulsa man reached him.

Conservatives Name Bowen.

ORONO, Ont., July 29.—R. W. Bowen, reeve of Clark township, and warden of the county of Durham, was nominated today on the first ballot at the Conservative convention as the candidate in the byelection for the seat rendered vacant by the resignation of Hon. N. W. Rowell. W. R. Preston of Port Hope is the Leberal standard bearer and Bert Reed has been nominated by the United Farmers.

KINMEN'S CLUB FOOTS THE BILL

Will Send 500 Unemployed to Prairie; Guarantee Work; Assist Families.

MONTREAL, July 29.—Five hundred men will be sent to the western harvest fields next month at the expense of the Kinsmen's club. The club will not only pay the fares of the men, but will provide their needs during the trip, will assure them of work on their arrival on the prairies, and in the case of married men, will see that their families provided for until they are able to send them money. A special train will be provided for the Kinsmen,s guests.

The object of the undertaking is to relieve distress in Montreal caused by unemployment. It is estimated that the cost for each man will be about $20. or a total of $10,000.

The fare to Winnipeg for each man will be $15. and $5. per head is estimated as necessary for food and incidental expenses, including fare from Winnipeg to more western points. A committee of the Kinsmen's club of Montreal met today to formulate plans to raise $10,000.

HOLSTEIN CATTLE WIN DAIRY COMPETITIONS

BRANDON, July 29.—The results on the dairy competition, which has been going on here for the past two days, were announced today. Holstein cattle obtained first and second places. Lily Evergreen Dekol, owned by W. J. Hepburn, Virden, Man., was the highest scoring cow, with a record of 157 pounds of milk in 48 hours. She tested 2.8 butter fat. A Holstein two-year-old heifer, Greenhill Senior Lass, received the highest and registered 4.4.

ROSSLAND MINES ADD TO WEALTH

Gold Production Increases; Largest Additions Come From Kootenays.

VANCOUVER, July 29.—An increase of $203,000 in the value of bullion receipts by the federal assay office here for the first seven months of 1921 is reported by its officials. The total receipts to date for 1921 are $1,275,000, which compares most favorably with receipts of $1,073,000 in the same period of 1920, being an increase in receipts of approximately 20 per cent.

Officials point out that this increase has been registered in the quietest season of the year, and that the heavy shipping season has just begun and gives promise of being a most successful one.

The increased gold production has been general throughout the province, though the largest increase has been in the Kootenays, where the Consolidated Mining & Smelting company has increased its gold production materially, due to the reopening of the Rossland mines, which were closed down, except for development, for an extended period last year. It is understood that the ore being handled by the Consolidated is richer than it has handled for many years.

The Yukon season is expected to be very satisfactory this year. Last year the low water prevented the successful working of many properties, but an ample water supply for the season of 1921 is anticipated. Reports from Atlin, whence considerable gold receipts come, are also encouraging, the Engineer mine is expected to add materially to the gold production.

The Nickle Plate mine at Hedley will be reopened this fall and also will ship large quantities of bullion to the local assay office. The Premier mine bullion will not be handled through Vancouver.

STRUCK BY LIGHTNING

FORT WILLIAM, Ont., July 29.—Edward Godfrey, said to be a native of Nova Scotia, is dead, and Charles Goddart is in the hospital in Fort William, as the result of being struck by lightning this afternoon at Nipigon Falls while asleep in their tent. Godfrey's eyes were burned out and his body was terribly burned. Goddart, who is suffering from severe burns, is expected to recover.

STEAMER ARRIVALS.

Argentina at New York from Trieste.

Vedic at Montreal from Liverpool.

SHIP BULLION FROM PREMIER

First Consignment Expected to Total $100,000 Value; Largest in Years.

VANCOUVER, July 29.—Shipments of bullion from the Premier mine are expected to start within a few days. The new cyanide mill is now running satisfactorily, according to reports from the north.

The first shipment of bullion is expected to be worth more than $100,000 and is the largest single shipment of bullion to leave the north country for *many years.*

RAILWAY BOARD ORDERS TRI-WEEKLY SERVICE UPON THE SLOCAN BRANCH

OTTAWA, July 29.—The Canadian Pacific railway is allowed to reduce its Slocan-to-Nelson service to three times a week by an order of the railway board, issued today.

The present service was daily except Sunday, and the board finds that the actual business inconvenience from the change will be very small.

LIVE WIRE KILLS BOYS AND WOMAN

DOVER, Ohio, July 29.—Two boys and a woman are dead and the father of one of the boys is in a critical condition as the result of coming in contact with a electric wire at Strassburg, near here. The victims of the accident were found early today in an alley.

When Donald Heetzman, 127, and his cousin, Harold Horn 9, of New Philadelphia, did not return home from play last night, Mr. and Mrs. Edward Heetman, parents of Donald, started a search. They found the children dead in an alley.

The boys had touched a live wire. Mr. and Mrs. Heetzman ran to pick up the bodies with the result that Mrs. Heetzman was killed and her husband seriously burned.

CHECK YOUR

BOWEL TROUBLES

BY USING

DR. FOWLER'S
EXTRACT OF
WILD STRAWBERRY

When you are troubled with diarrhoea, dysentery, colic, cramps and pains in the stomach, cholera, cholera morbus, summer complaint, bloody fluxes, or any looseness of the bowels, be sure and obtain a bottle of "Dr. Fowler's" and see how quickly it gives you relief. This wonderful remedy has been on the market for the past 76 years and we wish to warn you against accepting a substitute which may be dangerous to your health.

Mr. Samuel Buckler, Tatamagouche, N. S., writes: "While visiting in western Canada I had a severe attack of diarrhoea. After trying many proprietary medicines I go no relief, but kept getting worse.

I was advised to take Dr. Fowler's Extract of Wild Strawberry and I lost no time in doing so. I cannot hesitate in recommending it most highly, for when I had not yet taken half the bottle I was relieved. I must say that if "Dr. Fowler's" is given a fair trial it will show its good qualities."

The price of the genuine is 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Absorbine and Absorbine, Jr., are made in Canada.

SELLS FAMOUS KLONDIKE SHIP

SAN FRANCISCO, July 29.—Permission to sell for $10 the steamer Humboldt, one of the famous ships of the Klondike gold rush of 1898 was granted by Judge Cabaniss of the superior court here today. The vessel belongs to the estate of the late Adolph Ottinger, and Millard Ottinger, his son, petitioned the court for permission to sell, declaring the Humboldt was entailing a loss to the estate of $1200 a month.

As under court procedure it would be impossible to give the vessel away, Ottinger said, so he asked permission to sell it for a nominal sum.

The Humboldt, a wooden vessel of 1076 tons, in recent years was used in the coastwise lumber trade. She was built in Eureka, Cal., in 1896, and has been tide up here many months because of lack of cargo.

FIRE BREAKS OUT NORTH OF WANETA

A fire adjacent to the Great Northern railway broke out yesterday afternoon this side of Waneta, after the passage of the freight train bound for Nelson. There was considerable wind and it made rapid progress. Adjacent section crews were engaged in fighting it last night.

HAIL DESTROYS CROPS

PORTAGE LA PRAIRIE, Man., July 29.—The Portage district was struck by a storm of cyclonic proportions this afternoon and hail did unknown damage, mowing down crops and uprooting trees. One farmer who arrived here shortly after 3 o'clock, when the storm started, reported that all crops were gone south of the river. Later it was learned that at another large farm the crops were as flat as if gone over with a steam roller. Hail stones as big as hen eggs are reported to have fallen, and one farmer had his head cut open by hail.

Telephone communication with High Bluff, which was hard hit, has been lost.

NEW ALBERTA LEADER CANCELS HIS HOLIDAY

CALGARY, July 29.—Leader Herbert Greenfield of the U. F. A. has had to cancel a contemplated holiday in the east, owing to pressure of business. When asked tonight how long he would be in the east he briefly replied, "I think that pressure of business will prevent me making the trip." He also stated that he had not yet decided on the date for the conference of elected U. F. A. members, at which the cabinet selections will be announced. It is understood the conference will be held within the next 10 days.

say

BAYER

Aspirin

Nothing Else is Aspirin

Warning! Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all.

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 21 years and proved safe by millions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain generally. Made in Canada.

Handy tin boxes of 12 tablets cost but a few cents—Larger packages.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

FISHING RIGHTS CAUSE TROUBLE

United States Cancels Privileges; Canada May Retaliate to Adjust.

OTTAWA, July 29.—The cancellation of war legislation in the United States, including the right granted Canadian fishing vessels to use United States ports equally with American fishing vessels is it is understood, now engaging serious consideration in the federal cabinet. Early in 1918, and to assist in the successful prosecution of the war, the Canadian and United States governments approved legislation granting Canadian and American fishing vessels the right to make equal use of the ports of both countries.

The withdrawal of the United States, which became effective July 15, leaves the fishing vessels of that country still enjoying the privileges of Canadian seaports, while Canadian vessels are refused the courtesies of American ports. Just what decision the federal cabinet will reach is not known, but as nearly as can be ascertained in circles close to the government it is considered probable that inasmuch as the United States government has withdrawn the privileges hitherto accorded Canadian fishing vessels in United States ports the Canadian government will adopt a similar policy.

The history of the fishing industry difficulties between Canada and the United States goes back to the treaty of London in 1888. Under this treaty United States fishing vessels were not allowed to enter Canadian ports, except on the north shore of the Gulf of St. Lawrence and about the Magdalen islands, save only for wood, water and repairs. This situation was changed in 1888, when the Canadian government adopted a system of license under which American fishing vessels, propelled by sails, were allowed to enter any port on the Canadian Atlantic coast for supplies, transhipment of catch and the shipping of crews. These licenses were issued on a basic fee of $1.50 per registered ton.

In 1918 the Canadian American fisheries conference evolved a treaty under which, and subject to customs duties, fishing vessels of both countries were accorded equal privileges in the ports of the other. This treaty was signed on behalf of the Canadian government, but has never been ratified by the United States senate. Early in 1918 the war measures, according equal rights, were promulgated by both governments.

Three Alternatives Open.

Three alternatives remain open to the Canadian government in view of the action of the United States in refusing to further accord Canadian vessels the courtesies of American ports. The first action that could be taken would be a reversion to the conditions of the treaty of 1818, and thus deny fishing vessels of the United States entry to Canadian ports, except for humanitarian purposes. A second possible step to meet the situation would be to restore licenses and generally to adopt the policy prevailing in 1888 and 1917. A third possible method would be to keep in force the war measure of 1918 for the balance of the present year and in the meantime make further inquiry with a view to determining the best policy to pursue in the general interest of Canada.

BYNG JOINS RANKS OF WAR VETERANS

Accepts G. W. V. A. Invitation; Swells List of Distinguished Members.

OTTAWA, July 29. — (Canadian Press).—General Sir Julian Byng of Vimy, governor general of Canada, is now an honorary member of the Great War Veterans' association. C. C. McNeill, Dominion secretary received a personal cable from Baron Byng this morning accepting the membership. The cable follows:

"Warmest appreciation and heartiest good wishes to all members of the G. W. V. A., Delighted to accept honorary membership."

Baron Byng, on his arrival in Ottawa, will be presented with a gold membership badge, as a part of the royal welcome which will be extended to him by the association. It is probable that the presentation will be made by R. B. Maxwell, president of the organization.

In addition to Baron Byng, Empire personalities who are honorary members of the G. W. V. A., include the Prince of Wales, Field Marshal Lord Haig, Admiral Jellicoe and his excellency the Duke of Devonshire.

POLICE CAPTURE ONE BANK BANDIT

WINDSOR, Ont. July 29.—Eight days of a dogged search for the bandits who looted the Merchants Bank of Petite Cote, of nearly $20,000 in cash in a daylight holdup on Wednesday July 20, brought results for Walkerville and provincial police officers have succeeded in placing under arrest a Russian blacksmith, who, police say, has admitted complicity in the crime. The man is Sam Bodnersky aged 27.

A search of his room in a boarding house failed to reward the officers until a picture on the wall was moved. A shower of United States and Merchants Bank bills, said to be a portion of the loot, fell at the officers' feet. There was $3074 in all.

The Cynical Bachelor observes that love at first sight proves second thoughts are best.

First, Doctors — Then a Skin Specialist Then a bottle of D.D.D.

We shall publish every week for the benefit of skin sufferers in this section, a few words written by Canadian people—some of them of prominence—all heartfelt stories of relief from terrible suffering.

A sentence or two from a letter from J. W. Corns, 88 Melbourne Ave., Toronto, a man of fine standing. "I have been a sufferer for two years with eczema on the legs and ankles. I tried three or four different doctors. I went to a skin specialist. All of no use. I used one dollar bottle of D. D. D.—that is all. Today I am perfectly well."

If you wish to try a bottle of this Prescription that Mr. Corns found so remarkable, we will guarantee relief on the first bottle, or your money back. *Stop that itch today.* $1.00 a bottle. Try D. D. D. Soap, too.

ADAMS REPORT IS ADVISORY

Town Planning Expert Says Citizens Should Look for a Great Future.

In forwarding to Mayor C. F. McHardy his report on a town plan for Nelson was published yesterday, Thomas Adams, the town planning adviser to the conservation commission laid emphasis on the point that he was merely submiting suggestions designed to show the need for having a proper town plan. In his letter he said:

"I have pleasure in sending you a report with regard to the question of town planning of Nelson. This report should be read along with A. G. Dalzell's report of June 14 of last year, and should also be considered in connection with the maps which were prepared by A. L. McCulloch. I am returning Mr. McCulloch's maps by seperate mail, together with a smaller scale map of the city and surroundings, illustrating some of the tentative suggestions I have referred to in the report.

"It is necessary for me to emphasize that I am not submiting a plan for the city, but merely suggestions which show the need of having a plan. These suggestions may in some respects be regarded as impracticable because of local conditions with which I am not familiar. If, however, they are considered as tentative proposals, they may have some value in arousing public interest in the matter of the planning of the city. One way in which the question might be brought to the public notice would be to have the report published as a small pamphlet. The fullest discussion of such a question is necessary in order to obtain views from all ides, and get the appreciation of the citizens of the importance of looking ahead in developing your city.

"I also enclose a memorandum on the water power possibilities of the Kootenay district, of which Nelson is the capital. This memorandum is accompanied by a photograph from the plan of the district prepared by Mr. McCulloch, taken from the Contract Record of April 6 last.

"The object of this memorandum and map is to impress upon the city of Nelson the important strategic position which it occupies in relation to one of the greatest mineralized areas in Canada. If the citizens of Nelson do not feel courage enough to plan for the great future which seems to be in store for it, it is not for want of impressive data regarding the potentialities of the region in which it is situated.

"In the planning Nelson, there should be a careful study made of the regional problems of development, as well as those relating to the city itself."

Another appendix accompanying Mr. Adams' report gives the sections of the Municipal act which provide that municipal councils may pass bylaws for establishing restricted districts or zones.

TAX PENALTIES START ON MONDAY

Today is the last day for settling the city's tax bills at par and the final rush of taxpayers to part with their currency promises to keep the staff at the city offices busy this forenoon.

On August 1 a penalty of 10 per cent will be added to all tax bills outstanding. On December 1 a further 5 per cent will be added.

REGATTA AT FERNDALE IS STAGED TODAY

Ferndale will be the scene of an interesting event today, when the members of the Women's Society of St. Andrew's church will stage a regatta. There will be many items, including rowing, paddling and swimming races, tea and ice cream booths and a dance in the evening.

Those in charge are W. Pickson, Captain Edwards, Miss E. Applewaithe, and those in charge of the tea Mesdames B. Townsend and E. Applewaithe, and Mesdames Dickson and Millar will be responsible for the ice cream booth.

MESDAMES ROSE AND PITTS ARE HOSTESSES

Mesdames W. O. Rose and H. H. Pitts were the charming hostesses who entertained the members of the local Women's Institute at a card party yesterday afternoon. The affair was held in the home of Mrs. Rose on Vernon street which had been beautifully decorated for the occasion with masses of pastel colored blooms.

The afternoon was spent in cards, Mr. Jack Long carrying away the first prize and Mrs. J. Williams the consolation. During the course of the event Mrs. J. Milroy gave a variety of musical numbers.

Mrs. W. O. Rose and Mrs. H. H. Pitts received, Mrs. J. W. Holmes poured tea, and Mrs. Robert Thompson was in charge of the card tables. Mesdames Heald and J. Long served, while Misses Irene Pitts, Eulalie Gagnon, Bessie McKenzie, Frances Young and Mary Pickford assisted.

COAST BOARDS COME A-WOOING

Delegation Will Visit Kootenay Last Week in August on Amalgamation.

On a mission of wooing the boards of trade of the Kootenay, which thus far have stayed outside the sphere of influence of the British Columbia Associated boards, leading members of the coast executive will visit eastern British Columbia during the last week in August, according to word received by the Nelson board of trade. The coast delegation will arrive on the night of August 24, will meet the Nelson board of trade on August 25, and will leave for the Crow, presumably for Cranbrook, on the morning of August 26.

Mayor C. F. McHardy, who is third vice-president of the organization, has been advised by Secretary W. E. Payne, of Vancouver, that the party will probably consist of Joshua Kingham, Victoria, and J. P. D. Malkin, W. Blake Wilson and Secretary Payne, Vancouver. Vice-President A. E. Howse of Princeton, has been asked to join the party, and also Mayor McHardy. According to Secretary Payne, the trip is being undertaken on the invitations of the Grand Forks, Trail, Rossland, Nelson, Cranbrook and Fernie boards of trade. The original intention was to make the trip in the latter part of July, but this program was changed.

Up to date, with the exception of the Rossland board, the boards of trade of the Kootenay have been very lukewarm toward the suggested affiliation with the coast.

At the convention of the Associated Boards of Trade of Eastern British Columbia, at Trail in 1920, W. G. Ternan, of Rossland, fought hard for amalgamation and the best he could do was to get a committee appointed to negotiate possible terms of union with the coast executive.

At Penticton this past winter the Associated boards, with all the Okanagan and the Similkameen represented for the first time, again turned down the proposal for affiliation with all but a unanimous vote, Vice-President A. E. Howse of the coast associated boards, who was present from Princeton, being almost the only supporter of it.

The argument that has been chiefly used against affiliation is that commercially the coast and the Kootenay are opposed, and that if the Kootenay boards join the larger organization, the district will lose its identity, and will be outvoted if its interests conflict with the interests of the coast.

STAKE PROMISING CLAIM AT MANKIN

Terzian Brothers Locate Vein of Free Milling Gold; Refuse Bond.

An extremely promising free milling gold claim, the "Gold Tread," has been staked at Mankin Spur by the brothers Edward and Sarkis Terzian, the Hall Siding prospectors, who own several other properties in the district, including the Morning Star.

The vein, on which the brothers have drifted a distance of roughly 20 feet, is two feet thick and is enclosed by walls of porphory and Roseland volcanic rock. The walls are closely shot with iron pyrites to a depth of six inches. Assays of a number of samples show a free milling gold content of about $10.40 per ton.

While unable to continue development immediately, it is the intention of the owners to extract a considerable tonnage this fall and winter and later to have a mill installed. The property is close to rail transportation and handily situated to water power which can be developed for running a mill.

An offer last week to bond the property for $50,000 was repected by the owners.

GUEST IS BADLY INJURED IN FALL

Drops From Second Floor at Hume Hotel; Hip Is Dislocated.

Taken suddenly sick while on the way to his room in the Hume hotel shortly after midnight on Thursday, F. L. Churchill, the Makin Spur lumberman, fell over the banisters on the second floor of the hotel and crashed to the hallway beneath, a distance of about 20 feet, which rendered him unconscious for about 10 hours, dislocated one hip and badly bruised his face.

The noise alarmed the hotel night clerk, S. G. Bleakley, who notified the city police and summoned medical attention. The injured man was taken to Kootenay Lake General hospital, where last night it was reported that beyond having regained consciousness there was little change in his condition.

FATAL ACCIDENT AT FERNDALE

Jessie Kollmar of Trail Is Victim of Drowning Late Yesterday Afternoon.

Jessie Barbara Kollmar, 14-year-old daughter of Mr. and Mrs. Julius G. Kollmar of Trail, was drowned in the West Arm at Ferndale Park late yesterday afternoon, where she was the guest of Mayor F. E. Dockerill and his sister, Miss M. I. Dockerill, at their summer home there.

She, with a younger sister and several other younger children, were bathing at the Ferndale beach when Jessie said to the other children, "I am going to wade up to my neck," which she did, then a series of waves caused probably by a launch caused the child to lose her footing and she disappeared from view.

The other children immediately rushed to the nearby residence of J. Shannon and warned Mrs. Shannon, who was alone, but she immediately ran out to get Mr. Shannon, who was at work in a nearby hay field, and he rushed to the scene of the accident, diving in without taking time to remove his clothes. But, owing to the strong current, he was unable to come in contact with the body, though he could clearly see it.

After several unsuccessful attempts he hailed a passing launch and, fastening a rope about his body, which was supported by men in the boat, he succeeded in bringing the little girl out of the water. By this time the child had been in the water well over 15 minutes.

Dr. Gilbert Hartin was immediately phoned for from Nelson, and after some delay owing to the ferry being on the far side of the lake, he arrived at Ferndale at about 4:45 o'clock and found that the residents of that place had done everything in their power to resuscitate the victime, but to no avail. After a close examination Dr. Hartin stated that she was doubtless dead before she was taken from the water.

Mayor Dockerill was in Trail at the time of the accident, but was advised of it last night.

Mr. Kollmar, who is a veteran of the Spanish-American war, was an electrician in the employ of the Consolidated Mining and Smelting company, at Trail, until two years ago, when he was completely paralyzed. Mr. and Mrs. Kollmar have been in Nelson for the past month, with their children. At one time they lived in Greenwood, where Jessie was born.

The Odd Fellows have charge of the funeral arrangements, and the body of the young girl will be taken to Trail for burial.

MRS. BRITTON LIKES THE CUSTARD

The custard recipe we printed some time ago has been received unusually well. We had a letter from Mrs. Britton up in the Okanagan. She says she had an old recipe which is almost the same thing but she never cared much for it. When she read ours she happened to think perhaps the milk would make a difference. Now she is thanking us for printing it.

Pacific Milk does make lovely custards.

An Insurance Policy will not Prevent a fire— but A good Paint does Prevent Deterioration

THERE is a certainty about the permanent protection from decay that goes on with every can of B-H "English" Paint.

There is also the romantic value of a well preserved home which goes on accumulating to an even greater degree than does its real estate value.

Therefore, for economy's sake, it pays to specify a paint of proven permanence and quality.

B-H "ENGLISH" PAINT
70% Pure White Lead (Brandram's Genuine B.B.)
30% Pure White Zinc
100% Pure Paint

All the year through your property will be protected by the use of B-H "English" Paint. Heat, wind, rain, frost or snow cannot harm the house, the surface of which is protected by B-H "English" Paint.

The guaranteed formula on every can is your protection, for the base of this famous paint contains 70% pure white lead (Brandram's Genuine B.B., the world's standard) and 30% pure white zinc, to which is added linseed oil made in our own mills.

Before you paint be sure that you are using B-H "English" Paint, so that you can give your surface the correct protection.

Quality maintains economy. No matter how much you pay "per gallon" for other lubricating oils, you get more lubrication "per dollar" when you buy Imperial Polarine Motor Oils.

QUALITY considered, the prices on Imperial Polarine Motor Oils are very, very low. Thousands of Canadian motorists are ready to testify that Imperial Polarine Motor Oils go farther. You get more miles of efficient lubrication for every dollar invested in them than you can get in any other way.

Imperial Polarine Motor Oils are always of uniform high quality. Their use reduces repair bills, frees you from excessive carbon troubles, slows up depreciation and cuts fuel costs to the lowest possible figure. *Quality maintains economy.* If we could find a more forceful way of proclaiming the merits of Imperial Polarine Motor Oils, we would use it.

Make our Chart of Recommendations your guide to correct lubrication. Consult this Chart at your dealer's, or write to 56 Church Street, Toronto, for a copy of our booklet, "Automotive Lubrication," which contains the Chart.

Are Regattas Extinct?

Early white adventurers into the wilderness of this lake region found swans on the West Arm, as well as on Kootenay lake. Ten years ago very occasional specimens were still seen on the Kootenay Flats. But for practical purposes the swan has vanished from this district.

Twenty years ago Nelson summer celebrations included a sailing regatta. The West Arm was covered with white wings, careening to the breezes. Now the myth obtains that this sheet of water is windless.

Ten years ago the Kootenay Launch club held weekly regattas, including an annual run to Kaslo, and a run every year or so to Bonners Ferry.

Ten years ago, also, the Nelson Boat club was a leading institution, and its annual regatta featured every form of water sport. A governor-general was escorted to the park by scores of motor craft in orderly procession, and it was possible, for a special occasion, to cover the water in front of Nelson with barges, launches, shells, boats and canoes.

It is some time since this form of community recreation has been indulged in.

There was a time when Nelson's emblem could well have been a small trident, and when Nelson babies were supposed to be born with an oar in their tiny hands. This now seems to have been in a past age.

As the community grows, instead of growing away from the water, it should lay more emphasis upon it, for it is a natural asset that is of untold value. It is this beautiful sheet of water that gives residence in this locality its greatest charm. Thousands of Canadian communities will always envy Nelson its possession.

The Launch club and the Rowing club should revive the regatta cult. Any enterprise they show in this direction will certainly receive public appreciation.

Ten Years Ago Today

From The Daily News, July 30, 1911.

By one minute, over a course approximately 18 miles, L. B. DeVeber's launch, Laugh-A-Lot, beat A. A. Perrier's flyer, Reno, in a breathlessly exciting race for the Patenaude shield.

* * *

Over 500 went down to Luna park by launches, boats and canoes for the annual picnic of the Nelson Bartenders' union, which took place at that delightful camping ground yesterday and proved a great success.

* * *

Col. and Mrs. Kemball and the Misses Kemball of Kaslo reached the city yesterday and are registered at the Strathcona.

* * *

George E. Farish, engineer in charge of the Summit mine, who is developing the property on he lines planned by former owners, is registered at the Strathcona.

What the Press Is Saying

One Thing or Another.

Once it was the cost of the sugar in the lemonade and now it is the cost of the lemon. A consumer is one who is used to taking the bitter with the sweet.—Detroit News.

The Surprising Thing in Alberta.

The most surprising thing about the elections in Alberta is that the farmers have gone on record as favoring the entering of the lists against a government that was sympathetic to them and which in their own words was a good government. It is not at all certain that they were right. It is rather sure, on the contrary, that they were wrong, and the future will pehaps go far to prove before long that experience is far from being a useless factor in the exercise of power.—Quebec Le Soleil.

DISPENSE WITH COATS

ROME, July 28—(Associated Press)—A take-off-your-coat experiment for the hot summer months has succeeded in very high aristocratic circles in Rome. The "coatless" campaign was carried so far that in one of the smartest balls given by the select society, the men appeared in white flannel trousers and shirts.

Efficient Housekeeping

BY Laura A. Kirkman

PEACH DISHES FOR THE DINNER TABLE.

It is time for good housekeepers to get their peach recipes together, and I offer the following to add to their collection:

Peach Salad: Remove the skins from ripe peaches by putting the fruit in a cheesecloth bag and lowering it into boiling water for about two minutes, then taking it out and plunging the bag into cold water for a second; the skins can then be removed easily with the fingers. Halve the peaches and place them round-side-down on tender lettuce leaves; fill the cavity in each halve-peach with cream cheese and pour cream salad dressing over all. Serve very cold.

Peach Shortcake: Mix together 4 cups of bread flour, 1 teaspoon salt and 3 teaspoons baking powder; sift these dry ingredients into a bowl and rubt into them, with the fingertips, 6 tablespoons of butter. Now beat two eggs light without separating them and add to them ¾ of a cup of sweet milk; turn this liquid mixture into the flour mixture and stir well, then pour the batter into 2 buttered layer-cake pans and bake for about 30 minutes in a hot oven. Split open while still hot and place on a large platter alternately with pared and sliced peaches which have been allowed to stand ten minutes sprinkled with enough sugar to sweeten them well. Put the sliced peaches on top of the upper layers, and pour sweetened cream over all, serve at once.

Peach Dessert: Remove the skins from ripe peaches as described above, then quarter them, removing stones. Place thm in a bowl with an equal quantity of quartered marshmallows and add enough whipped cream to moisten them well. The whipped cream be sweetened to suit the taste and should also have a drop of two of vanilla extract added to it. Turn this dessert into glass cups lined with thin slices of any kind of cake, and serve very cold. This is as delicious as ice cream and is frequently served in place of frozen dessert.

Every-Day Spiced Peach Salad: This is a delicious salad and easy to prepare. Make a spiced vinegar by combining one cup of cold water and two cups of strong vinegar and put this on the range to boil with 2 tablespoons of sugar, a piece of stick cinnamon and 3 whole cloves; let boil ten minutes, then pour at once over halved pared peaches in a bowl. Let the peaches stand in the vinegar in this way until the liquid is cold, then drain and place the fruit in a bed of lettuce leaves. Cover with ordinary French dressing before serving.

Baked Peach Pudding: Scald 1 pint of milk in the upper part of a double boiler. Mix together 2½ tablespoons of cornstarch and 4 tablespoons of sugar and stir these into the scalded milk; let cook over hot water until thick, stirring occasionally, then add 2 egg-yolks and, when blended, 1 teaspoon lemon extract. Pour this hot mixture at once over 1 pint of fresh, ripe peaches which have been quartered and stoned and placed in a medium-size baking dish, add to them ¼ cup of sugar, and turn this meringue over the top of the pudding. Then slip the dish into a moderate over for 12 minutes. Let cool, and serve.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

The Lighter Side

The most remarkable rate of exchange occurs when two women exchange words.

—o—

There seems to be little in common between the Silesian fields and the Elysian fields.

—o—

The reformers might rent that arena from Richard and have a good time burning a few right fans.

—o—

Gross materialism. The creed of any hateful competitor who appears to be getting along better than you are.

—o—

When a man wastes his substance in riotuous living, much of his substance goes to waist.

—o—

There are now fewer deaths in the United States caused by outlaw beverages. Evidently American stomachs are developing callouses.

—o—

Admiral Sims' love for England is peculiarly annoying to those "typical Americans" who love Germany better.

—o—

Hard times were relieved in China by giving the idle employment on national roads. How primitive and—er—effective.

—o—

In the row between Turkey and Greece, the neutrality of other nations has some of the characteristics of indifference.

—o—

Our observation has been that marriage is a success when both parties are committed to love, and obesity.

Daily Recipe

(Paste this in your Cook Book)

COFFEE WITH WHIPPED CREAM

Ingredients: One and a half cups coffee, three pints boiling water, half a pint cream, one-third cup sugar, a teaspoon vanilla. Method: Put coffee in cheese cloth bag, add water, boil three minutes, let stand ten minutes, remove bag and keep coffee hot until serving time. Beat cream until stiff, add sugar and vanilla and serve a spoonful on each cup of coffee.

TRESSPASSERS.

Gauntly outlined, while and still,
Three haystacks peer above the hill;
Fantastic tendons to the sky.

In the void and dismal yard,
Farmer's dog keeps rasping guard
Challenging night's trespassers,
The solemn legion of the stars;
Growling ignominious scorn
At Cancer and at Capricorn.

The yellow stars, serene and prim,
Tolerantly stare at him.
—F. W. Bateson in The Spectator.

FOSTER'S WEEKLY WEATHER BULLETIN

WASHINGTON, D. C., July 30.—A high temperature wave will cover the northern plains northern Rockies and northern Pacific slope near August 1 and a moderate storm will be pushing from behind it. These conditions will cross meridian 90, moving easternward Aug. 4 to 5. Not much rain from this disturbance; storms will be weak and of little importance; good corn weather where the soil is wet and bad where it has been dry; lazy, sluggish weather. The rain that comes from that storm will be located much the same as for the past three or four weeks.

This storm will end the monthly moisture locations and better rains are expected for August in the middle southwest, including western Texas, New Mexico, Arizona and Texas. July and August rains are always important to that large section. But severe storms are not expected in August and they are necessary to good rains.

A considerable number of subscribers have written private letters asking me to answer weather questions relative to their immediate vicinities and some editors have requestd that I answer such questions. I always reply to such letters when a stamp accompanies them, but I am not able to answer all questions; sometimes I do not know; sometimes it would require too much work. I am very busy, but I desire to be accommodating.

I gave remarkably correct forecasts, a year in advance, of the present great drouth in Great Britain and the northwestern part of central Europe Six months ago I foretold another great drouth that will be of great importance ot man in all civilized countries. Australia, the East Indies, including the Philippines, southern China and India will be afflicted with a general drouth, beginning with October, 1922, and continuing four or five months. Australia will suffer most. Greatest damages to crops will be in southeastern and northwestern Australia. The time of that great drouth covers all their crop season, October to February, and will include their wheat crop, which is a very important matter to America and Canada. In about two-thirds of the winter grain sections of this continent winter grain crops will be good next year. Failure of crops next year in Australia and a shortage in India, southern China, the Philippines and New Zealand means a big demand for our 1922 winter grain.

I know the causes of these great drouths and have not missed them for years and I have complete faith in these forecasts and advices. I miss the local temperature forecasts sometimes, but I do not miss the great drouths The farmers of this continent can increase their income by billions by sowing more winter grain than usual. Of course this will not apply to all sections.

Clara F. Porter is one of the officers of a large trust company of New York, and shares the responsibilities of less than a dozen men who hold positions akin to hers.

Styles

BY LENORE

A prominent designer of exclusive clothes whose shop in New York is known throughout the country, stated in an interview the other day that he intends to feature skirts that are a little longer than American women have been wearing them, and that for the early fall for wear on the street, twill and tricotine dresses will be the most fashionable.

Three-quarter length sleeves, he believes, will be the most favored by his patrons. They will be made with a slight flare, and sometimes

with a slight openink at the top of the shoulder. He allowed me to sketch the frock in the sketch as the type he favors for a stout woman. This is made of navy twill, with turkey red trimming and steel nailheads, the elongated side panels adding to the height, and making the skirt appear longer than it is.

PATTERN NO. 221

A pattern for the above model (No. 221) can be obtained in sizes 34, 36, or 38 by sending to The Daily News, Nelson, B. C., your name, address, the number of this pattern and the size required, and 50 cents in postage stamps. Be sure to keep this newspaper clipping of the sketch and description of the garment to use as a working model when the pattern reaches you—which will be within two weeks' time.—The Editor.

China's famous Grand canal, built in 406 B. C., is to be rebuilt by American engineers.

Twenty Years Ago Today

From the Tribune, July 30, 1901.

J. A. Gilker is confined to his residence by an attack of rheumatism.

* * *

Dr. Doherty, resident physician at the Kootenay Lake General hospital, and A. H. Gracey leave for the east this morning.

* * *

R. W. Drew will start on his holidays on Thursday. During his absence his duties as local freight agent for the Canadian Pacific will be attended to by Jack Fox, and W. McMillan will succeed Mr. Fox as cashier.

What You Get in McClary's Electric Range

TWO exclusive features vital to the efficiency, durability and comfort of an electric range—

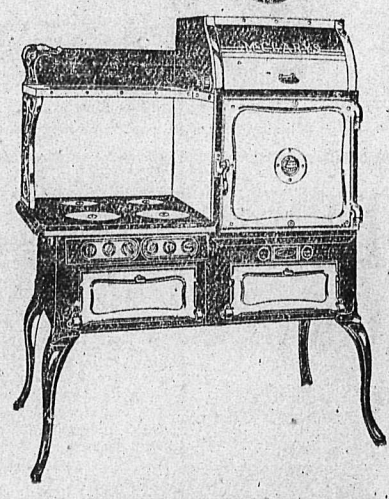
1. McClary's Protected Element,
2. McClary's Seamless, Jointless Oven.

McClary's Protected Element—made of tough, wear-resisting porcelain, completely and absolutely protects the delicate, high resistance wire coils from dirt, grease or water—prolongs the life of the Element—found in no other electric range.

McClary's Seamless, Jointless Oven — cooks like a fireless cooker.

The vapors cannot escape into the lining to decay and then to taint food. The heat is securely held inside the oven, under complete control of plainly marked switch buttons.

Interior of oven coated with nickel, — round corners, removable racks and hinged elements for easy cleaning.



Independent warming oven, with its own heating Element, because not enough heat escapes from the main oven to warm it.

Signal lights to show when the current is on.

Extra plug for small appliances.

Fuses easily accessible in the cupboard under the main cooking top.

Electric cooking is the latest contribution of science to the housewife's comfort, and McClary's Electric Range is the highest development of that contribution.

FISHERIES INSPECTOR VISITS WINDERMERE

INVERMERE, July 28.—C. H. Robinson, Dominion fisheries inspector, from Nelson, was in this week on one of his official visits. He is again reporting to his department in re placing spawn of various kinds throughout Lake Windermere district.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the *money if it fails.*

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

REMANDS PROSECUTION PENDING COAST CASES

FERNIE, July 29.—This morning a further remand of eight days was granted in the Liquor act prosecution against George Bowen, steward of Fernie G. W. V. A. club.

A. I. Fisher, counsel for the crown, intimated the adjournment was necessary, as much as there were other cases before the higher courts of the province at the coast in which points of law are being raised by the defense and until these have ben finally disposed of it would be somewhat futile to proceed in a matter wherein identical points would come up.

The defense renewed its undertaking not to sell, handle or deal in any way with liquor pending hearing of the trial. It was made very clear by the crown, however, that with respect to the local case some points of evidence might differ from the other cases being tried elsewhere and that after decisions on those are known each party will be at liberty to contest the case as may be deemed advisable, but the court, of course, would have the benefit of any decisions that might be applicable. Mr. Mitchell, for the defense, expressed full agreement as to this, adding that each party would reserve the entire freedom to act as counsel might advise upon the decisions being given.

CASTLEGAR NOTES

CASTLEGAR, July 28.—Miss Rosie Hartwig, who has been visiting friends here, returned to her home in Nelson yesterday morning.

Misses Irene and Rosie Hebert left this morning for Crescent Valley, where they will visit friends for a time.

Ross Young of Trail is relieving Monty Thompson as C. P. R. operator here for a time. Mr. Thompson has been appointed operator at Tadanac for a couple of weeks.

Henry David was a Nelson visitor over the week-end.

W. J. Farmer was a business visitor to Nelson yesterday. He motored in with John Waldie and returned the same day.

Mrs. Webb, who has been the guest of Mrs. S. Drain, returned to Trail for a few days. She will be back here soon.

Mr. Malich has brought his family from Trail, to occupy their new home here.

Tennis games have been arranged between Bonnington and Castlegar teams. A great deal of practicing has been going on on the tennis court lately and local players feel confident that they will give Bonnington a run for its money.

Misses Myra Henderson and Hope McCauley are spending the day in Nelson.

Much rejoicing is felt here over the entrance exam result, three out of four emerging victoriously from the test. The fourth pupil was not a resident of Castlegar.

George Henderson, who has been unavoidably delayed in his trips to Nelson on account of repairs, resumed his regular trips this morning.

August Lommell went to Nelson on the train to get his car, which had been there for a few days. He motored home the next morning.

TO BUILD AGRICULTURAL HALL.

INVERMERE, July 28.—At a meeting of the directors of the District Agricultural association the report of the building committee was read with interest. Particulars were given in it of a proposed hall to be erected for agricultural purposes and the improvement of the grounds. It was decided to go on with the work and a finance committee appointed to get the wherewithal.

POTATO GROWERS MEET.

INVERMERE, July 28.—The Potato Growers' association of the district was the host for a public meeting held this week to hear an address from Mr. Macleod of the department of botany of the Dominion department of agriculture, who is making his first visit here at the suggestion of Gladwyn Newton, superintendent of the Dominion experimental station at this point. Mr. Macleod gave a most interesting address on the growing of potatoes for seed, pointing out and describing the more common diseases which attack the tubers and their plants. The association this year made its start and imported a quantity of Netted Gem potatoes, which were distributed among the members at cost. The results are more or less encouraging, but the general consensus of opinion is for next trial the Cambridge Russet will be the choice.

Bullet Ends Life of an Orphan Boy

INVERMERE, July 29.—An orphan lad named Victor Allen was today found dead on a farm where he worked a little north of here. When found he had a .22 rifle in his hands, and apparently death was instantaneous.

SINN FEINERS EXECUTE WIDOW

Dail Eireann Reveals Fate of Kidnaped Cork Woman; Killed as Spy.

LONDON, July 29.—Mrs. J. W. Lindsay, widow of a Cork landowner, who was kidnaped from her home in Coachford in February last by three armed men, was executed as a spy, according to information revealed this evening by the Dail Eirean authorities.

The announcement of the kidnaping of Mrs. Lindsay was contained in a London dispatch of February 18, last. Her house, a large country estate, was burned. The supposition was advanced that Sinn Feiners were responsible for the kidnaping and the burning, having been suspicious that Mrs. Lindsay had given information to the police concerning an ambuscade that was being laid.

In March, Major-General Sir Edward Peter Strickland, commander of the troops in Munster, received a letter from Mrs. Lindsay saying:

"Dear Sir:—I am told that two more men of the Dripsey ambush, Dennis Murphy and James Barrett, are to be tried tomorrow. Will you please, for my sake, spare these men. I beg you to do so, as if the men are spared I shall be allowed to go home and if not cannot say what will be my fate."

Nothing has been heard of Mrs. Lindsay since this letter was written. Only last week her sister issued an appeal through the Irish newspapers on her behalf. Mrs. Lindsay was 60 years of age. In addition to being a land owner, her husband was a justice of the peace.

BANDITS ROB BANK.

HAMILTON, Ont., July 29.—Masked bandits shortly before closing time today entered the west end branch of the Bank of Hamilton, covered the staff with revolvers and escaped with $3000 in cash. The holdup men drove up to the bank in a car.

The Women's club of Jana, Ill., is offering ten cents a hundred for dead flies killed within the city limits.

John Brown and 22 of his followers seized Harper's Ferry arsenal on October 16, 1859.

APPRECIATE HELP GOVERNMENT GIVES

Irrigation Convention Selects Maple Creek Next Year; Nelson Makes a Bid.

VERNON, July 29.—Maple Creek, Sask., and Brooks, Alta., were jointly selected today by the delegates to the Western Canada Irrigation convention as the place of next year's meeting. Nelson put in a bid for the convention for 1923.

Officers will be elected tomorrow. It is expected that J. H. Maharg, minister of agriculture in Saskatchewan, will be elected president.

Hon. E. D. Barrow, British Columbia minister of agriculture, spoke briefly of the Sumas lake reclamation scheme.

Resolutions were adopted by the convention expressing appreciation of the work of Dominion and provincial governments in survey and stream measurement as essential foundations for irrigation work; of the Canadian Forestry association's tree planting on the prairie, and of the work of the agricultural colleges in soil research.

A resolution praising the service of F. H. Peters, formerly Dominion commissioner of irrigation, and regretting his absence from the present convention, also was passed.

The Dominion government was urged in another resolution to hasten the surveys relating to the taking of water from the St. Mary and Lake rivers in Alberta, Saskatchewan and Montana.

Ask States' Cooperation.

Another resolution asks the Dominion government to cooperate with the United States government in making satisfactory arrangements for the use of water in Canada from the St. Mark and Waterton lakes in Montana. It was pointed out that these lakes could supply a large acreage in Canada with water, if a joint arrangement would be made between the two governments. The government is also asked to find out how much water Canada is entitled to under any present treaty to take from these lakes.

The federal minister is urged to make a survey of thousands of acres of land in the Maple Creek valley and to determine the amount of water available for their irrigation. This resolution expressed appreciation of the research work of the different departments of agriculture.

A demonstration farm south of the watershed of Cypress Hills, near Maple Creek, is asked in another resolution.

Biker Reads Paper

E. Biker district water engineer in Nelson, read a paper written by Lionel Stevenson, B. A., formerly superintendent of the Dominion experimental farm at Sydney, Vancouver Island, but now on the Ontario department of agriculture on "overhead irrigation" Mr. Stevenson dealt with the productiveness of the soil under such a method and in his opinion said that an expenditure of $300 an acre on an overhead irrigation system was justified On 35 acres near Victoria, which was supplied by water under this method, he had gathered 9000 pounds of everbearing strawberries. On non-irrigated land the raspberry crop amounted to but 2339 pounds for the same acreage.

Yields of potatoes, corn anr mangolds were also referred to in this connection.

Neither Hindus nor Japanese will ever willingly sleep with their heads to the north.

GIRLS! BLEACH SKIN WHITE WITH LEMON

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White which any drug store will supply for a few cents, shake well, and you have a quarter *pint of harmless* and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of *your skin.*

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan *bleach because it doesn't irritate.*

BEARS AGGRESSIVE ON WALL STREET

Shipping and Motors Adversely Affected; Rails Resist Pressure.

NEW YORK, July 29.—Further unsettlement was manifested by the stock market today on renewal of liquidation and short selling of speculative issues. Rails and the more seasoned industrials were immune from pressure, but eased in the last hour.

New elements of weakness were uncovered by the aggressive bears. Shippings, notably United Fruit and Mercantile Marine preferred, were freely offered on adverse rate conditions, and the chaper motors proved susceptible to reports of slackening demand.

Chemical and paper specialties were sold to the accompaniment of lower prices, together with labor disturbances. Various miscellaneous issues fell 1 to 2 points. The more stable equipments made partial recoveries from midweek reactions and further advances in prices of raw and refined rubbers infused firmness to the tire group, but a heavy tone ruled at the close.

Sales were 435,000 shares. Call money held at 4½ per cent, upsetting the calculations of borrowers who had hoped for renewals at yesterday's minimum rate of 3½ per cent. More time funds were available at 5¾ per cent. All leading foreign exchanges were lower, demand sterling falling a fraction under $3.60, with weakness in French and Belgian francs. Italian and Spanish rates hardened, but a sagging tendency marked the moderate dealings in bills to Czecho-Slovakia and Poland.

The bond market made further upward progress on enlarged operations, with foreign issues the chief feature. The new French 7½s were especially strong, also Swiss and Japanese flotations.

Liberty issues closed mostly at substantial gains.

Total gains $14,450,000.

DOMINION TRADE.

WINNIPEG, July 29.—While there appears to be little change in the business situation, there is a decidedly better sentiment than at the beginning of the month, states the weekly trade report of the Canadian Creditmen's Trust association.

Montreal and the province of Quebec advices state that in manufacturing circles there is little, if any, activity and that wholesalers report very little change, with dealers marking time while the holiday season is on, and until a break occurs in the hot weather. Discouraging reports are being received with the continued drought, and collections throughout Quebec are slow.

Ontario advices are generally inspiring. While little change has taken place during the last two weeks, wholesalers see orders in sight for the fall. Retailers are reporting business normal for the time of the year.

Winnipeg wholesalers as a whole report business satisfactory and, almost without exception, forecast a good fall. Crops throughout Manitoba, excepting in the southwest, are excellent and already this is making its effect seen in orders from country points.

Dry goods, ladies' wear and non-essentials, such as musical instruments, etc., rest for better business in the near future. Saskatchewan wholesalers are holding down until reports of good crop are substantiated. Retail traders report trade not quite so good this July, perhaps owing to the holiday season.

EGG MARKET.

OTTAWA, July 29.—The egg market is showing considerable firmness. At Ontario country points shippers are paying 28c to 30c.

Toronto specials, 47c; extras, 44c.

Montreal firm and unchanged for higher grades; lower grades dull.

Winnipeg dealers quoting 30c, loss off, delivered.

Saskatchewan dealers paying 25c to 28c, loss off.

Edmonton dealers offering $8.50 per case, straight receipts.

Calgary weak; trade paying $9.50 per case.

British Columbia, fresh laid steady, 38c country points.

Chicago, current firsts, 28½c to 29c. New York unchanged.

TORONTO BOARD.

TORONTO, July 29.—A holiday air prevailed on the stock market today. Prices were firm, however.

Victory bonds were firm.

Brazilian stayed close to 22 all day and closed with a gain of ¼. The vice president of Brazilian offered the opinion that too many untrue stories about Brazilian were in circulation. As to a dividend, he was quoted as saying that he would be surprised if Brazilian were able to declare a dividend within a year.

Riordon was weak. Old Riordon common and new preferred declined a fraction. The other papers on the local list were firm.

SILVER EASES OFF

NEW YORK, July 29.—Silver, domestic, 98¼c; foreign, 61¼c.

LONDON, July 29.—Silver, 38⅞d.

FOREIGN EXCHANGE.

NEW YORK, July 29.—Canadian dollars, $9.00.

Francs—Demand, 7.78; cables, 7.79.

Lire—Demand, 4.17; cables, 4.18.

STERLING EXCHANGE

NEW YORK, July 29.—Sterling exchange weak at $3.51⅝ for 60-day bills and $3.55⅝ for demand.

NELSON, July 29.—Current counter exchange for sterling, $4.00.

CANADA BONDS.

WINNIPEG, July 29.—Bid prices for Dominion war issues:

War loans: 1925, $94.50; 1937, $97.00.

Victory loans: 1922, $99.10; 1923, $98.10; 1927, $97.55; 1933, $87.65; 1937, $99.15; 1924, $97.25; 1934, $94.50.

METAL MARKET.

NEW YORK, July 29.—Copper—Unsettled; electrolytic, spot and nearby, 12c to 12¾c; last quarter, 12¼c to 12½c.

Tin—Steady; spot, $26.75; futures, $26.50 to $26.62.

Iron—Unchanged.

Lead—Steady; spot, $4.40.

Antimony—Spot, $4.65.

Zinc—Quiet; spot, $4.20 to $4.25.

At London:

Standard copper, spot, £75; futures, £77.

Tin—Spot, £159 17s 6d; futures, £161 17s 6d.

Lead—Spot, £23 7s 6d; futures, £23.

Zinc—Spot, £25 10s; futures, £26 5s.

MINNEAPOLIS GRAIN.

MINNEAPOLIS, July 29.—Flour—Unchanged; shipments, 52,407 barrels.

Bran—$15.00.

Wheat—No. 1 northern, $1.38⅛ to $1.53⅛.

Corn—No. 3 yellow, 55c to 56c.

Oats—No. 3 white, 32⅝c to 33⅝c.

Flax—No. 1, $2.02 to $2.04.

ADVERSE FACTORS DEPRESS WHEAT

CHICAGO, July 29.—Accumulating stocks and diminishing outlet counted as depressing factors in the wheat market today. Prices closed unsettled, 1c to 5c net lower, with September $1.23⅜ to $1.24 and December $1.26¼ to $1.26½.

Corn lost ¼c to ⅞c and oats ⅜c to ¾c.

Provisions closed unchanged to 35c lower.

MONTREAL LIST.

MONTREAL, July 29.—The general tone of the trading on the stock market was steady to firm today. The largest gain of the trading was in Ames Holden preferred, which sold up to 24, while the nearest to this was the gain of 3¼ in Canada Steamships preferred at 49.

Most of the business continued in the papers, with Riordon the leader. This issue closed unchanged at 4. Laurentide was fractionally up at 69; Spanish common unchanged; Abitibi up fractionally to 28, and Howard Smith preferred advanced 1½ to 68½.

Bonds held up fairly well.

JULY HALIBUT CATCH.

PRINCE RUPERT, July 29.—The local halibut catch for July totals 2,500,000 pounds.

MONTREAL PRODUCE.

MONTREAL, July 29.—Eggs firm; potatoes, cheese and butter firm.

Cheese—Finest easterns, 23½c.

Butter—Choicest creamery, 39c to 39½c.

Eggs—Selects, 43c to 44c.

Potatoes—Per bag, car lots, 45c.

EXPERIMENT WITH PEAT

TORONTO — Government experimental work on the peat bogs at Alfred, in Eastern Ontario, will be concluded at the end of the year, it is announced by Premier Drury. By that time the premier expects sufficient data will be available to decide whether the manufacture of peat can be made commercially practicable or not.

PREPARE FOR PLAY AT OBERAMMERGAU

Passion Play to Be Revived; Whole Village Busy in Anticipation.

OBERAMMERGAU, July 28.—(Associated Press)—Since the decision was made to give the delayed Passion Play in 1922 Oberammergau has taken on new life. Carpenters, painters and masons, many of them wearing long hair and beards which mark them as participants in previous dramatizations of the passion of Jesus Christ, are restoring the open-air theater and villas which had no attention during the war period.

Busy housewives are preparing their homes for the reception of visitors who will fill the little village next summer. Scene painters are rebuilding and restoring the representations of parts of the Holy Land where Jesus lived and died and rose again from the tomb.

Needlewomen are fashioning robes for the apostles and scores of other Biblical figures who participate in the play. Although the cast will not be elected by the directors of the play until October, young women who have distinguished themselves in other religious plays given by the Oberammergau folk are fashioning simple robes suitable for the role of Mary in the hope that they will be chosen to enact the part of Jesus' mother, the highest honor which can come to an Oberammergau woman.

Auditorium Holds 4000

The great auditorium which shelters spectators of the Passion Play is a wooden structure supported by steel trusses. It has seats for 4000 persons, arranged much after the plan of a modern opera house. When the play is offered one end of the auditorium is removed entirely, and the stage stands at some distance from the end of the building, in such a position that the mountains furnish a background for the setting. The audience is entirely sheltered in case of rain and the main part of the stage has a glass roof.

Even among the children of Oberammergau the reverence for the Passion Play is very marked and in imitation of their elders they are constantly acting in the hope of being chosen for important roles in the production given every ten years.

As good character is insisted upon as the basic requirement for participation in the play, the danger of being debarred from a part in the historic spectacle is held constantly over the village children and is a far better corrective influence than the bogeys invented for most children.

CONSTIPATION AND HEADACHES

Completely Relieved by this Grand Fruit Medicine, "FRUIT-A-TIVES"

MR. ALFRED DUBOISSEAU

482 St. Catherine St. E., Montreal.

"For three years, I was *a terrible sufferer from Indigestion, constant Headaches and Constipation.* I took various medicines for the trouble but nothing seemed to do me any good.

Then, a friend advised me to try *'Fruit-a-tives'.* Now I am free of Indigestion and Headaches, the Constipation is cured, and I have gained considerable weight; and my general health is fine.

'Fruit-a-tives' is a grand medicine and I cannot say enough in its favor."

ALFRED DUBOISSEAU.

'Fruit-a-tives' are made from fruit juices and valuable tonics—and are pleasant to take, their action being gentle and mild, yet always most effective.

50c. a box; 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

49 Farms For Sale

MIXED FARMING IN WESTERN CANADA—In Central Alberta and Saskatchewan are rich park lands, open prairie, ready for the plow, interspersed with trees which afford excellent shelter for stock. Here grain growing, dairying and livestock raising are being carried on successfully. The country is ideal for mixed farming. The Canadian Pacific railway is offering a large area of these fertile lands in the neighborhood of Lloydminster and Battleford. These rich districts will become the home of thousands of prosperous farmers. On similar land Seager Wheeler grows the world's prize wheat. Near Lloydminster the world's prize oats have been grown and butter of the highest quality is made. A man can soon become independent on a farm here. These lands can be bought now at prices averaging about $18 an acre. You pay down 10 per cent. If land is purchased under settlement conditions no further payment of principal until end of fourth year, then sixteen annual payments. Interest is six per cent. Write to H. B. Loughran, C. P. R. Land Agent, C. P. R. Station, Vancouver, or Allan Cameron, General Superintendent of Lands, 985 First St. East, Calgary. (3913)

CROOKED JOCKEY WARNED OFF TURF

VANCOUVER, July 29.—Jockey E. Turk, who was set down at the Tia Juana race meet for questionable tactics as a race rider, this afternoon was ruled off the turf for keeps when he broke faith with the officials and patronage of the Hastings Park meet here.

The finding of the judges was: "For a deliberately criminal ride of "McLane," Jockey E. Turk is here ruled off the turf. Besides pulling his horse, he repeatedly looked around to see his nearest competitor."

Turk was handed over to the police by the judges, with the request that he be invited to leave Canada immediately. A horse called Stanley H had been backed heavily, but it was late in getting away. Turk was accused of trying to hold his mount until Stanley H. caught up The latter horse was ridden by a fifteen-year-old apprentice.

New York	10	13	3
Cincinnati	7	15	6

Batteries — Ryan, Sallee and Smith; Snyder, Donohoe, Markle, Geary, Coumbe and Wingo, Hargraves.

JUNIORS OPEN BALL SERIES HERE TODAY

The Nelson Junior Baseball league opens its series with a double header at the recreation grounds today. The first game, Fairview vs. the Pirates, is called fo 1:30 o'clock. The Reds and the Mets are due to clash at 3 o'clock.

The lineup for the first game is:

Fairview—H. Horswill, c; C. Young, p; G. Marquis, 1b; E. Chapman, 2b; G. Roynon, ss; G. Fawcett, 3b; C. St. Denis, lf; J. Houston, cf; A. Ionian, rf. Spares, T. St. Denis and T. Mason.

Pirates—E. Welsh, c; W. Bradshaw, p; D. Burgess, 1b; B. Waldie, 2b; G. Pasecreto, 3b; H. Annable, ss; J. Longfield, lf; B. Pengelly, rf; G. Carlson, cf.

The Reds' lineup will be: E. Stansfield, c; G. Schofield, p; A. Noxon, 1b; J. Kinahan, 2b; A. Gustafson, ss; C. Stromstead, 3b; T. Black, lf; J. Young, cf; D. Renwick, rf.

It is an almost unfailing rule that the better the class of the child the more simple she is dressed; for silks and satins, taffetas and chiffons are usually for the children of families of distinction, says a New York fashion authority.

WYCLIFFE WINS CHAMPIONSHIP

East Kootenay Ball League Leaders Want Interior Championship Series.

EAST KOOTENAY LEAGUE.

	Won.	Lost.	P. C.
Wycliffe	8	2	.800
Waldo	7	3	.700
Fernie	6	4	.600
Cranbrook	5	5	.500
White Spruce	3	7	.300
Wardner	1	9	.100

WYCLIFFE, July 24.—Though defeated by Cranbrook in the final game of the East Kootenay Baseball league series here today, the Wycliffe nine retains the leadership and now claims the championship of East Kootenay. They are ready to play off for the championship of the interior of British Columbia with the winners of the West Kootenay and the Crows Nest leagues. Although the East Kootenay league series is now completed, the several teams will be kept together and will be open for games with any visiting ball tossers. A winding up session will be hel by the leagde executive shortly.

Waldo retained second place in the league by defeating Wardner, 11—0, while Fernie won from White Spruce, 7—2, in the winding up games.

Today's game at Wycliffe was won by Cranbrook, with a score of 9 to 7. It was decidedly interesting ball, the lead shifting several times during the progress of the match. Cranbrook led in the hitting. Wycliffe's errors were costly.

Batteries—Wycliffe: Musser and McTeer; Cranbrook: Bamford, Spence and Adams.

The Staples Lumber company team plans to make its annual tour shortly, although to date the route has not been decided on. Negotiations are being carried on in respect to the tour, the route of which will depend on the inducements offered by different districts.

DAVE BLACK AGAIN IS GOLF CHAMPION

TORONTO, July 29.—Dave L. Black, of Vancouver, won the professional golf championship of Canada for the fourth successive year at the Lambton club, Toronto, today. He turned in a remarkable score of 148 for the 36 holes. In the morning round he went out in 38 and home in 36, making 74 holes for the 18 holes. An unlucky seven on the fifteenth hole, spoiled an otherwise perfect score. In the afternoon he went out in 34 and came home in 40, making the same total as his morning round.

Willie Freeman, of Lambton, was second with a score of 151. His morning round was made in 76, while his afternoon score was 75.

George Cumming, of Toronto, and A. H. Murray of Montreal tied for third place with 152.

One of the remarkable plays of the tournament was furnished by A. H. Bannister of Winnipeg, when he made an "eagle" on the 14th hole. Bannister made a good drive and took his mashie for the second shot, which was 140 yards from the hole, and his ball hit the upright on the flag and rolled into the cup.

The scores and positions of the westerners who competed in today's golf tournament are as follows:

1st, D. L. Black, Vancouver, morning, 74; afternoon, 74; total, 148.

18th, J. Huish, Vancouver, morning, 80; afternoon, 83; total, 163.

24th, J. Pringle, Brandon, morning, 80; afternoon, 86; total, 166.

29th, A. Marling, Regina, morning, 89; afternoon, 80; total, 169.

A leading New York House buyer points out that the effort has been made for the coming fall season to design primarily the blouse to be worn with a suit, and for this reason the brilliant novelty colors have been eschewed, or, when used, veiled still persisting as a trimming.

SALMONBELLIES AGAIN VICTORS

Now Have Practically Strangle Hold on Minto Lacrosse Cup.

VANCOUVER, July 29.—New Westminster got what local fans regarded as a strangle hold on the Minto cup tonight when the Royal City stickhandlers defeated the Terminals, world's champions, for the fourth consecutive time. The score was 5 to 3. It was an exciting match throughout, culminating in a gory battle between Watson and Marshall, the latter being badly mussed up in the scrap which came one minute before the finish. It was the only serious outbreak in the game.

The teams were tied with one each at the end of tre first period, two at the end of the second, and the Salmonbellies stepped out and rattled the Vancouver net for three goarls in a row. Brassard scored one for Vancouver shortly before the finish. "Bun" Clarke played a sensational game in goal for the winners. He saved the game for the league leaders half a dozen times.

The scorers were DeGray, Lalonde ad Brassard for Vancouver and G. Feeney, J. Gifford (2), Stoddart and Nelson for New Westminster. Penalties were handed out to Marshall (2), Watson, Patchell, Clarke, Langiven and G. Spring, all of them for minor offenses.

Line-up.

Vancouver—Gibbons, Howard, Gillanders, McLaren, Carter, DeGray, Watson, Lalonde, Crookall.

Subs—Brassard, Langiven, Painter.

New Westminster—Clarke, Marshall, Patchell, H. Gifford, Stoddart, C. Spring, G. Feeney, L. Turnbell, P. Feeney, G. Spring.

Subs—Nelson, Storme.

Referee—Mickey Ion.

HASTINGS PARK TRACK

VANCOUVER, July 29.—Racing at Hastings Park track resulted as follows:

First race; R. Bidlake purse $400 for two-year-olds, about four and a half furlongs—Little Florence first, Captain Clover second, Mrs. Pat third. Time, :57 1-4.

Second race, Royal Transfer company claiming purse $350 for four-year-olds and up, about five furlongs—Choirmaster won, Sadsame second, Rag third. Time, 1:00 1-5.

Third race, Tucket claiming purse four year olds, five furlongs—Car Roberts won, Thrills second, Pittsburg third. Time, :59 1-4.

Fourth race, P. Burns & Co. claiming purse $550, for four-year-olds and up, about five furlongs—Mistake won, Little One second, Mineral Jim third. Time, 1:00 1-2.

Fifth race, Johnson claiming purse $400, for three-year-olds and up, about six furlongs—Evalyn Harrigan won, McLane second, Ermitana third. Time, 1:17 1-2.

Sixth race, Kelly Douglas claiming purse $400, three-year-olds and up, about five furlongs—Hugh Angleton won, Ispham second, Hugo K. third. Time, 1:00 3-4.

Seventh race, the Eldoro claiming purse $400, for three-year-olds and up, mile and 70 yards—Mighty Lever won, Bill Sparks second, Miss Sovereign third. Time, 1:50 1-2.

CREATES NEW RECORD AT BRANDON TRACK

BRANDON, Man. July 29.—A new Canadian record was established today in the 2:09 pace or 2:04 trot (free for all at the Brandon fair. Pat Pointer, owned by the California stock farm, Bohleford, Alta., winning the first heat in 2:08½, with Main Direct, the winner, capturing the next three heats in 2:07¼, 2:06¼ and 2:09 respectfully.

In the third heat Main Direct established a new track record for Western Canada in 2:06¼. Phil Patch, owned by Dan McDonald, Winnipeg, which established a new Canadian three heat record at Winnipeg in the free for all last week did not win a heat today, being placed second three times and third one.

Summary

2:17 pace and 2:12 trot purse $800. Bilston, won; Lady Penn, second; Nellie J., third. Time, 2:13¼.

2:09 pace and 2.04 trot, (free for all) purse $800. Main Direct, won; Pat Pointer, second; Phil Patch third. Time, 2:06¼.

Five furlongs selling purse $200 Sir Robert, won; Bill Deitchman second, Jingo third. Time, 1:05.

Seven furlong purse $200. Yakamine, won; Joe S., second; Humma, third. Time 1:32½.

GOLFERS OPEN WEEK OF PLAY

A men's single handicap tournament against "bogey" will be played at the links of the Nelson Golf and Country club today and tomorrow.

Starting Tuesday ladies' single handicap medal play, postponed from earlier in the season, will be in progress all the week.

All sorts of devices are being used to hold up the hips of a frock built with a full skirt. One is to place the material in deep fluted folds on the hips. Another is to cord it, and so by means of several rows of cording to give the desired form to the hips.

To make a caramel custard put a tablespoonful of caramel into the bottom of each cup. Pour the custard in over a teaspoon so that will will fall gently and not mix. Then bake.

CANADIAN OARSMEN ACHIEVE PROMINENCE

ST. CATHARINES, Ont., July 29.—Canadian oarsmen, notably Torontonians, loomed up prominently as winners in today's card of events at the thirty-eighth meeting of the Royal Canadian Henley.

The American entrants were strong contenders all the way and the first day of the regatta closed with two races to their credit.

The weather was ideal for the opening day. The course was on the old Welland canal, and for all events, the distance was one mile and a half with the exception of the ight-oared races, which were rowed the Henley distance of one mile and 550 yards.

Argonauts of Toronto are in the lead at he end of the first day's racing with a total of 12 points. Dons, of Toronto, are second, with eight points and Detroit Rowing club, third with six.

Summary

Junior eights—University of Toronto, won; Argonauts, Toronto, second; Lachines, Montreal, third. Time, 7:11 2-5.

140-pound fours—Detroit, won; University of Toronto, second; Lachines, Montreal, third. Time, 7:13 2-5.

Junior fours—Argonauts, Toronto, won; Buffalo, second; Ottawa, third. Time, 9:39 2-5.

Junior doubles—Don R. C., Toronto, won; Argonauts, Toronto, second. Time, 9:53½.

140-pound singles—Clark, Detroit, won; Stevenson, Toronto, second. Time, 1:42 2-5.

Navy League gigs, one mile—Hamilton, won; Welland, second. Time 8:30 1-5.

Junior singles—McGuire, Boffalo, won; Hayes, Hamilton, second; Saain, Brockville, third. Time, 10:18 2-5.

140-pound fours—Don R. C., Toronto, won; Argonauts, Toronto, second; Lachines, Montreal, third. No time given.

Single sculls—R. R. Glench, St. Catharines, won. Time, 10:12.

LACROSSE MATCH HERE IS SLATED FOR TUESDAY

Word was received yesterday from the Rossland-Trail lacrosse team that they will be in Nelson on Tuesday for the clash with the local boys, which will take place at 5 o'clock in the afternoon, according to members of the local club last night. Capt. A. Williamson intends to have his men out for a couple of practices before the match is played.

HOLD MACS TO SCORELESS DRAW

Corinthians Amaze With Wonderful Defense in Most Interesting Match of Series

City League Standing.

Teams.	P.	W	D	L	Pts
McLearies	9	6	2	1	14
St. Saviours	8	4	0	3	8
Corinthians	8	3	2	3	8
High School	5	0	0	5	0

Largely owing to the superb work of the backs and the goalie, the Corinthians were able to check the victorious progress of the redoubtable McLearies and play them right down to a draw in the city league soccer clash yesterday afternoon. By long odds the game, though scoreless, was the most intensely exciting and strenuously fought of the whole series and had the good crowd of supporters furiously shouting encouragement and advice from start to finishd. It was real football and a fight from the kickoff.

Play opened at a furious pace with the Macs apparently determined to clinch one of their two needed victories. Their whole front line played excellent combination and made repeated attacks right up to the Corinthians' goal area. There they stuck. There was no getting past the brilliant defense put up by Metcalf and Tyler, on whom the furious onslaughts crumbled and broke time after time. The harmony in which these two men played to each other, covering the goalie, and recovering one another's occasional slips was a perpetual delight.

At the other end Wolverton was not up to form, fluked the ball several times and permitted several attacks to develop dangerous close to the Macs' goal. In one such in the second half Ward came within an ace of scoring with a long shot from wing that grazed the post while Desireau was quite unprepared.

Once the Corinthians should have scored. Ball got clear away with the ball on a pass from, J. Morris and negotiated the backs successfull, but lost the ball to the goalie, who saved on his knees. Ball and Boyd, withing six feet of him, hesitated, and Wolverton received the ball to clear.

Late in the second half the Corinthians showed the effect of the struggle and three long shots at goal were taken. Bowkett sent a long, sailing shot over the backs, but it found Middleton waiting for it. Talbot shot and hit the bar. Wallach after dribbling from below the half way line, also shot and grazed the bar.

The teams were:

Corinthians—Goal, T. Middleton; backs, E. Metcalf and C. W. Tyler; halves, J. Morris, J. Adams and A. Lane; forwards, G. Morris, H. Barwood, J. Ball, J. Boyd and C. Ward.

McLearies—Goal, L. Deseireau; backs, J. Wolverton and C. Campbell; halves, J. Rothery, I. Spiers and A. Wallach; forwards, J. McDoald, G. Talbot, E. Bowkett, C. Bernard and G. Keatley.

Referee—J. Draper.

ISSUE NEW LOAN.

VICTORIA, July 29.—A further loan of $2,000,000 British Columbia five-year 6 per cent bonds, due July 15, 1926, has been negotiated on the New York market, underwritten by Miller & Co. and Brandon, Gordon & Wadell, New York. The principal and interest is payable in United States funds. The price secured is said to be 93, at which rate the issue will yield investors 7 3-4 per cent. The last flotation of $3,000,000 offered in Canada only brought 93.11. Additional $2,000,000 flotation brings the aggregate bond issues disposed of by the provincial government this year to $10,000,000.

The whole financial condition of this province is now being closely studied by the government and conferences have been recently held between Premier Oliver and Hon. John Hart, minister of finance, with officials of the Canadian Bank of Commerce. The latter have urged the necessity of the curtailment of outlays in view of the worldwide financial position.

Nothing is cheap unless it is good and is badly needed. This is so good a thing to remember when reduction sales are numerous. It is easy to buy something just because "it is such a bargain."

WEEK-END SAVINGS

Every Boy and Girl in Nelson should get in on these INVENTORY SPECIALS

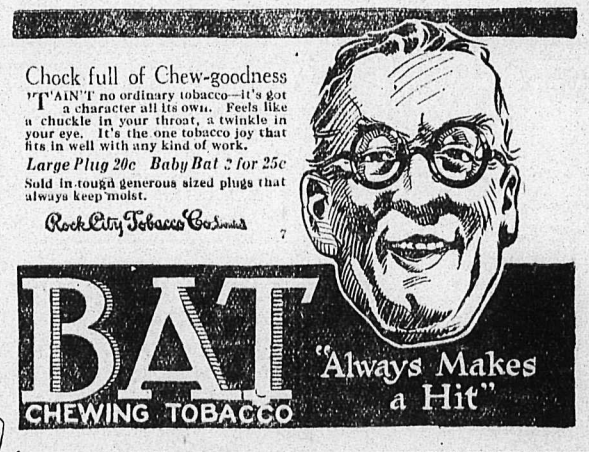
COMMIT WINNIPEG MIDWIFE TO TRIAL

WINNIPEG, July 29.—Mrs. J. Radek, a Winnipeg midwife, was committed for trial on a charge of manslaughter today in connection with the death of Mrs. Rosie Nezropa, of Edmonton, who died in the St. Boniface hospital, June 23, allegedly as the result of an illegal operation performed by Mrs. Radek.

Mrs. Nezropa made a declaration before dying that Mrs. Radek was responsible for her death, according to evidence which was adduced at the coroners inquest. The coroner's jury found that the deceased came to death as the result of blood poisoning produced by provoked abortion."

A good deal of sulphur, citron and lemon is worn on New York roof gardens these sultry nights.



Plant B. C. Grown Trees Only

THE BRITISH COLUMBIA NURSERIES CO., LIMITED, have by careful and efficient management built up a large business during the past ten years, and are now the largest growers of nursery stock in Western Canada.

A large assortment of very fine fruit trees and small fruit plants are now growing in our nurseries at Sardis, which are being offered to planters at very reasonable prices.

The quality of these trees and plants are of high order, being propagated from specially selected trees of known productiveness.

We are growing a very fine lot of roses of leading varieties which have bloomed this season in the nurseries and will give good results when transplanted into your garden or lawn.

We invite correspondence from intending planters and urge the placing of orders early in the season.

SLOCAN SERVICE VERDICT AMAZES

MacAuley Says District Board Will Act; Starkey and Hunter Comment.

The Slocan District board of trade would probably make fresh representation immediately to the railway commission, was the statement made last night by A. S. MacAuley of Silverton, president of that board, when advised by long distance telephone of the decision of the commission that the service between Nelson and Slocan City should be reduced to tri-weekly. He intimated that the board would not submit to the reduced service without a further fight for the interests of the district.

Commissioner Fred A. Starkey of the Associated Board of Trade of Eastern British Columbia expressed the opinion that the board had erred in accepting the statement of earnings submitted by the C. P. R. officials, the receipts and the expenses not being figured for the same portion of the line. "The line has not been given credit for the through traffic, and the district suffers in consequence," he said. "The railway commission as at present composed, does not seem to desire to do justice to British Columbia."

J. R. Hunter, ex-president of the board of trade, expressed great surprise at the decision of the commission to cut the service in half, especially in view of the representations made to it at the two Nelson sittings. The verdict, he said, was just opposite to what he had expected. He suggested immediate discussion of the situation thus created.

President F. J. Boles of the board of trade was not available last night for an interview.

W. O. Miller, C. P. R. division superintendent, when informed of the dispatch last night, stated that he had not yet been advised of the commission's decision.

Miss Walker of Trail arrived in Nelson yesterday from a three weeks' holiday at New Denver, leaving last night for Trail to resume her duties with the Trail Mercantile company.

How Well Do You See?

If you find yourself frowning or squinting at your work, it is an indication that you are straining your eyes. Such a strain, if not corrected, will seriously impair your sight. Wouldn't it be wise and sensible to correct this error NOW. An appointment with me will save your eyes and give you proper vision and comfort.

An Extra Belt Comes in Handy

When you come home from the office and slip on other clothes for a game of tennis or such, it's very convenient to have a belt all set without going to the trouble of changing.

Here is a chance to get a very fine one. It's made of durable pliable leather; comfortable to have on and lasts a long time.

All Leather Belts **$1.00**
Initial Buckles and a Solid Leather Belt, any initial, **$1.50, $2.00, $2.50**
