STATESMEN WHO HAGGLE, BETTER HORSE DEALERS

Compliment Balfour on Dis-
tinction and Dexterity at
Washington.

CONFERENCE CANCELS MISUNDERSTANDINGS

Western Sky Clear Predicates
Bright Day Following,
Says Lloyd George.

LONDON, Feb. 16.—Arthur J. Bal-
four was officially welcomed home to-
day from the Washington conference
at a luncheon by the government and
coalition members of both houses of
parliament.

Lloyd George, presiding at the
luncheon, paid a striking tribute to
Mr. Balfour, saying he had taken part
in "one of the most notable contribu-
tions statesmanship has ever made
for humanity."

About 400 persons were present, in-
cluding Austen Chamberlain, govern-
ment leader in the house of commons;
Lord Birkenhead; Earl Curzon the
foreign secretary; Lord Lee of Fare-
ham, who also was a member of the
British delegation at Washington; the
Duke of Devonshire and Lord Derby.
Viscountess Astor was the only woman
present.

At the beginning of his address,
Lloyd George said Mr. Balfour's
friends wished to express admiration
for the way he behaved while away
from home.

"Prouder Than Ever."
"We are prouder of him than ever,"
he continued. "The distinction and
dexterity with which he handled the
affairs of this country at Washington
filled our hearts with real pride."

Lloyd George said that statesmen
who haggle have missed their voca-
tion; they should be horse dealers.

Alluding to the situation in Far
East prior to the Washington confer-
ence, Lloyd George continued:

"I am not exaggerating the dangers.
There were whispers of rumors in the
wind about preparations and projects,
about what might happen here and
what would certainly happen there. Every-
where you had those rumors and suspi-
cions. As a result of the Washing-
ton conference misunderstandings
have been removed and suspicions not
merely allayed, but completely cleared
away. The western sky is clear and
I used to be taught as a boy that when
the skies lifted in the west a bright
day would follow. I believe the same
thing will happen here again. Al-
though the east is thick and dark with
clouds the west is clear and the east
will follow."

"I am delighted," he continued, "to
thank the man who, above all others,
helped to clear those skies. It was a
notable achievement and noble was
the part Mr. Balfour took in it."

MEASURES PASS SECOND READING

Alberta Legislature Has Busy
Session; Consider Making
Act Retroactive.

EDMONTON, Feb. 16.—Bills creat-
ing a bureau of labor, a highways
commission and a minimum wage
board for women were the outstanding
measures which passed the second
reading stage and received indorse-
ment in principle by the legislature
Thursday afternoon. Acts to make
uniform the laws respecting ware-
housemen's liens and the sale of
goods in bulk were reported from
committee and will stand for third
reading later. The bill of Hon. J. E.
Brown, creating an act respecting
fraudulent or preferential transfers by
persons facing insolvency, was held in
committee after a lengthy discussion
and after the government majority
had voted solidly against the Liberals
to make the act retroactive to April
18, 1921. On the protest of Hon. J. R.
Boyle, the attorney-general promised
to look further into the matter of hav-
ing the act apply to cases already in
the courts.

First reading was given a bill for an
act regarding the licensing and regu-
lation of produce commission mer-
chants. Second reading was also
given the united irrigation districts
bill, which provides a bond guarantee
of \$645,000 for the project. This
measure was only introduced by the
regular resolution and first reading
was given Wednesday. It was under-
stood that the second reading was to
be given Friday. Mr. J. S. Stewart,
Lethbridge, said that he was unaware
that the bill was to be presented for
second reading and will likely bring
up the question in the house Friday.

Port Arthur Magistrate
Omits Loyal Expressions
at Daily Court Opening

PORT ARTHUR, Feb. 16.—"This
court is now open; God save the
King," were for many years the
words used by the chief of police in
daily opening of the Port Arthur
police court. Since W. H. O'Brien
has been installed as magistrate, suc-
ceeding W. S. Doble, the opening
words are "This court is now open."
Invocation of the divine blessing on
the King is similarly omitted at the
closing.

APPOINT NEW JUDGES.

OTTAWA, Feb. 16.—R. G. Fisher,
London, has been appointed to the
supreme court of Ontario, in succession
to the late Glenholm Falconbridge,
and James A. Milligan, K. C., Sud-
bury, to the vacancy in the Carleton
county court created by the death of
Judge Gunn. These appointments
were announced tonight.

Portuguese Charges Inflict Injury on British Ships; Retaliation Impracticable

LONDON, Feb. 16.—Questioned
in the house of commons today re-
garding increased charges on British
ships entering Portuguese
ports, Cecil Harmsworth said rep-
resentations had been made to the
Portuguese government calling at-
tention to the injury its legislation
would have on British shipping.
Retaliation in the form of in-
creased charges on Portuguese
ships entering British ports was
impracticable, he said.

FOOT AND MOUTH DISEASE LESSENS

Agriculture Minister Says
Embargo Will Not Be Re-
moved.

LONDON, Feb. 16.—Sir Griffith
Boscawen, minister of agriculture, ad-
dressing a farmers' meeting in Here-
fordshire today, said he was glad to
report that the foot and mouth dis-
ease among English and Scottish
herds was subsiding.
Some interested people, he said,
were endeavoring to make capital of
the outbreak for the purpose of get-
ting the embargo on Canadian store
cattle lifted. It really was a most
ridiculous movement. The arrival of
a few cattle from Canada would not
affect the price of meat in Great Brit-
ain. Canada, added the minister, en-
joyed a clean bill of health, but no-
body seriously suggested that Cana-
dian cattle were immune. The real
authors of the agitation, which was
thoroughly fictitious, to have the em-
bargo lifted, he said, were the meat
traders, but so long as the present
government remained in power the
embargo would not be removed.

SOLDIERS SUFFER FROM 'COLD FEET'

Over Hundred From New
York State Take Own
Lives Overseas.

ALBANY, N. Y., Feb. 16.—One
hundred and sixteen New York state
soldiers took their own lives overseas
during the war, a statement issued to-
day by Adjutant General Kincaid,
said. One hundred of the suicides
were enlisted men and 16 were offi-
cers.
The officers particularly were over-
come with the feeling that winning
the war was an impossible task, and
that the world's culture was to be
swept away by the triumph of German
arms. Impulses of a more personal
character were evidenced in the sui-
cides of the enlisted men, the report
said, in assigning in a general way
the motive for the suicides.

COUNT WAR BONUS IN PENSION RIGHT

Angry Protests in British
Commons; Pensions Ex-
ceeded Prewar Salaries.

LONDON, Feb. 16.—(By Canadian
Press.)—Angry protests were made in
the house of commons today against
the government allowing civil serv-
ants to count the war bonus as part
of their pensionable rights. It was
asserted that there was a veritable
stampede of resignations a few
months ago, before the automatic
bonus fell off, and that many civil
servants retired on pensions greater
than their salaries in 1914. A motion
against the government's action, how-
ever, was defeated by a large major-
ity, the Laborites abstaining from
voting.

ADOPTS BRITISH COLUMBIA GIRLS

BENEVOLENT SUFFRAGIST LEADER
Kathleen Mary and Joan, from left to right, in the upper picture, are
three pretty British girls adopted by Mrs. E. Panikshur, who has taken
up her permanent residence in Toronto. The girls are from British Colum-
bia and are between 6 and 8 years of age. They are an inheritance from the
war's terrible bereavements, taken to the kindly heart of the leader of
women. Below is a picture of the famous campaigner in the women's
movements, who has faced prison and death unshrinkingly for the prin-
ciples she believes in.

SENSATIONAL ONTARIO RUMORS POINT GRAVE DANGER OF BITTER SECTARIAN CONFLICT OVERSHADOWING POLITICS

TORONTO, Feb. 16.—The Toronto Telegram in its news
columns today says:

"There is a sensational undercurrent in Ontario parlia-
ment today respecting rumors to the effect that the
question raised by the bishops of the Roman Catholic church,
who were invited by Premier Drury to show their strength,
has been answered already by the government in the affirma-
tive, and that measures will be taken to secure for separate
schools a greater share of the taxes collected from incor-
porated and public companies by municipalities."

"The situation as revealed to the Telegram, is of extremely
grave import, inasmuch as it might overshadow all other po-
litical issues, important as they are, and throw this province
into the agony of a sectarian conflict more bitter than any
preceding."

PREMIER, FOREIGN SECRETARY AND ALLENBY AGREE EGYPTIAN POLICY

LONDON, Feb. 16.—It is authorita-
tively announced that the conversa-
tions held in London between Premier
Lloyd George, Foreign Secretary Curzon
and Field Marshal Allenby have
led to a complete agreement in policy
to be pursued in Egypt and the propo-
sals to be presented to the Egyptian
government. The nature of the agree-
ment has not been specified, but, ac-
cording to reports that have been cur-
rent, Field Marshal Allenby favored
following the line of policy of the
Lord Milner report and threatened to
resign the high commissioner's post
unless the British government decided to
either adopt a purely military policy
or to make the concessions urged by
Lord Milner.

The London Times says it is gen-
erally assumed that Field Marshal Al-
lenby will return to Egypt shortly
with proposals which will enable him
to continue his mission in a manner
satisfactory to himself and the Egyp-
tian government. The newspaper re-
calls that even the moderate Egyp-
tians refused to form a government
unless Great Britain accepted certain
conditions, including a pledge to aboli-
sh the protectorate and consent to the
establishment of a parliamentary gov-
ernment.

ROBERT GOURLAY ILL

VANCOUVER, Feb. 16.—On his ar-
rival here today for a visit Robert S.
Gourlay, prominent Toronto business
man, was removed to a hospital suf-
fering from illness. Mrs. Gourlay,
who is accompanying him on his trip,
stated that the illness was not serious.

OUTSIDE PRINTERS OFFER ASSISTANCE

Taschereau Gives Quebec
Strikers Few More Hours
to Consider.

QUEBEC, Feb. 16.—Outside print-
ers are flooding Premier Taschereau
with offers of assistance to meet the
crisis resulting from the threatened
strike of government work through the
strike of job printers in this city.
Hard on the heels of his denunciation
of interference by foreign unions in
matters affecting Canada, the wires
have been kept hot by open shops in
Montreal and firms in Halifax and
Beauceville, so that there is no longer
any danger of legislative business be-
ing tied up.
It is understood that the premier
will give the strikers a few hours
longer in which to consider the advice
he offered them yesterday and then,
if they persist in their determination
to remain idle, he will take prompt
steps to assign the government work
elsewhere.

Newspaper Printers Compromise
QUEBEC, Feb. 16.—A threatened
strike of the printers of the Interna-
tional Typographical union, employed
in local newspaper plants, is off. A
settlement was reached tonight at a
conference between the employers and
a committee representing the men.
While there will be no strike of the
newspaper printers, the job print-
ers are still out but there is every
indication that their dispute will
be settled at a conference tomorrow
morning.
As regards the newspaper printers,
there is no change in connection with
the working hours. The men employed
in day work will according to the
new scale, be paid \$23 for a 45-hour
week and night men will be paid \$31
for a 45-hour week. The printers
have thus secured an increase of
\$5.00 a week.

BULGARIAN WOMEN ORDERED TO WORK

Partizans of New Law An-
ticipate Peasants' Pleasure
Seeing Town Ladies Rustle

SOFIA, Feb. 16.—Compulsory work
for women is to be imposed by the
Bulgarian peasant government. The
peasant women who do manual la-
bor, say partizans of the law, will
take pleasure in "seeing those ladies
in silk stockings" rustle about a bit.
Premier Stamboulski, justifying the
new law in a recent speech, said:
"A peasant woman works in the
country, ploughing the ground, often
doing more work than the husband.
She spins the wool and weaves the
cloth for the family's clothes. What
does the town lady do? She walks
and chats and does not give birth to
children. We must, at least, compel
her to labor for the state."
The law is to be applied first in
the capital, Sofia, then in the small
cities, and eventually in the villages
and country, where, however, custom
and necessity leave few idle.

BELFAST MOURNS VICTIMS OF RIOTS

Armored Cars and Soldiers
Escort Funeral Proces-
sions.

BELFAST, Feb. 16.—The city of
Belfast today bore a mournful aspect.
There were many funerals during the
day of persons killed in the recent dis-
orders. The processions in all cases
were escorted by armored cars and
lorries containing soldiers, while
strong forces of police and troops oc-
cupied the danger zones through
which the procession passed. Several
of the victims were buried with Oran-
ge honors. There were no untol-
erant incidents.
Sir James Craig, the Ulster premier,
presided over a meeting of his cabinet
today, which afterward issued a state-
ment expressing appreciation for the
restraint shown by the loyalists of
the six northern counties and appeal-
ing for a continuance of such praise-
worthy conduct.

South Vancouver Municipal Council Cans Entire Staff

SOUTH VANCOUVER, Feb. 16.—
Expressing the belief that "the
ratepayers were not getting their
money's worth" out of its employ-
ees, the municipal council voted
tonight to oust the whole staff of
the municipality, numbering about
1200, and employ an entirely new
set of employees. The population
of South Vancouver is about 40,
000.

TREATIES TAKE EIGHT BILLIONS FRENCH FRANCS

Expenses Laid on Germany
Retard Restoration Finan-
cial Equilibrium.

PARIS, Feb. 16.—Appropriations of
over 8,000,000,000 francs having been
voted under the special 1922 budget
for expenses recoverable under the
various peace treaties, the chamber
of deputies began discussion of how
the necessary funds could be raised.
Deputy Eymond, who drew up a re-
port on the question, said France
could have reestablished her own
financial equilibrium if she had not
been compelled to meet expenses
which the treaty of Versailles had
laid upon Germany. Up to January
1 of this year, said his report, France
had advanced on Germany's account
30,000,000,000 francs in payments by Ger-
many for reparations to property, 25,
000,000,000 francs for reparations to
persons and 10,000,000,000 francs as interest
on sums borrowed. According to gov-
ernment's provisions in the budget,
the expenses recoverable from the
treaties sought to be balanced by 4,000,
000,000 francs in payments by Ger-
many and 2,600,000,000 francs by dis-
counting German bonds. But Deputy
Eymond said he feared the treasury
and loans would be the only source of
funds.

LANIGAN ARGUES RAILWAYS' CASE

Declares Freight Rates Not-
ing to Do With Grain Via
Pacific Ports.

OTTAWA, Feb. 16.—Examination
of W. E. Lanigan, the first witness
called on behalf of the Canadian Rail-
ways' association in the hearing of
the freight rates equalization applica-
tions, was completed this afternoon
and cross-examination of the Cana-
dian Pacific railway freight traffic
head will begin tomorrow. In regard
to the British Columbia equalization
claim Mr. Lanigan submitted that
high freight rates had nothing to do
with a movement or nonmovement of
wheat through Pacific coast ports.
Last year, when the rates were higher
than ever before, was the first time
there had been any substantial grain
movement from Vancouver.

The prairie grain rates were dealt
with by Mr. Lanigan, who claimed
that the returns to the company were
not disproportionate to the amount
of work required of it in handling the
shipments. In reference to the mari-
time provinces' claim for lower rates
based on an assertion that favored
treatment in the matter of railway
rates was a preconfederation promise,
the witness declared that confeder-
ation promises had nothing to do with
the fixing of rates by his company,
and that manufacturers in the mari-
time provinces already enjoying
substantial benefits in the matter of
freight rates which were not being ex-
tended to manufacturers in Montreal
and Toronto.

SALOON KEEPERS ANNEX POSITIONS

Buffalo Mayor Claims Lincoln
and Washington as Liquor
Sellers.

BUFFALO, N. Y., Feb. 18.—The
appointment of Joseph F. Suttener, a
former saloonkeeper, as director of
recreation in the park department, to-
day caused a lively debate in the city
council. Sixteen former saloonkeep-
ers and bartenders have been appoint-
ed to positions in the parks depart-
ment.
"Abraham Lincoln, my patron saint,
was a saloonkeeper," said Mayor
Schwab, elected on a "wet" ticket.
"He had a store and sold liquor."
George Washington was a saloon-
keeper. Why discriminate against a
saloonkeeper?" he asked. The ap-
pointment was confirmed.

IRISH FREE STATE BILL IN COMMONS

Churchill Stresses Necessity
Giving Provisional Gov-
ernment Lawful Powers.

DE VALERA SUCCESS AN UGLY HYPOTHESIS

Early Election Desirable; Re-
pudiation Treaty Would
Alienate

LONDON, Feb. 16.—In moving the
second reading of the Irish Free
State bill in the house of commons to-
day, Winston Churchill, secre-
tary for the colonies, laid stress
on the necessity of giving effect to
the treaty by giving the provisional
government, the treaty provided,
with lawful powers and enabling it
to hold an election at the earliest mo-
ment.

"It is the view of the Irish signa-
tories of the treaty," he said, "that
an Irish republic had been set up by
the Irish people at the elections and
that the republic could only be con-
verted into a free state by the deci-
sion of the people. We do not rec-
ognize the Irish republic and never
will."

Object to Secure Sensible House.
The objects of the proposed elec-
tion, added the secretary, were to
secure an adequate constituent assem-
bly and a fresh, normal, "and, if I
may say so, sensible parliament in
Ireland."

Of the present Irish parliament, Mr.
Churchill declared that it was not
chosen because of the fitness of its
members to govern, but because they
were thought to be most obnoxious to
Great Britain and men who hated
England most. The Irish minister
must know where he stood. Some
people felt they had waited too long
already, but in any case the sooner
an election was held the better. The
success of De Valera at the election
he characterized as an ugly hypothe-
sis.

"It is perfectly clear that the re-
pudiation of the treaty by Ireland
would free all parties from their en-
gagements," the secretary continued,
"and the position of Britain, standing
on the treaty and ready to carry it
out if others were doing so, on behalf
of the Irish nation to do their part
would be in a position of great moral
as well as undisputed material
strength."

"The position of southern Ireland,
on the other hand, would be one of
the greatest weakness and difficulty,
absolutely isolated from the sympathy
of the world and bitterly divided in
itself. The position of northern
Ireland would be quite unaffected."

All the government's information
led it to feel that such an assump-
tion as to the success of De Valera
was incorrect.

"In any case," added the secretary,
"it would be a pity for us to go
threatening and blustering at this
stage and give the impression that
the Irish people were being made to
vote under duress or at the point of
a bayonet. If this were indulged in
it could afterward be stated that
the vote had been given under duress,
tending to impair the authority of the
decision."

ADVOCATE VETERANS' VIEWS ON PENSIONS

TORONTO, Feb. 16.—Among the
many notices of motions which have
been submitted to the provincial leg-
islature is one by Sergeant Major Mc-
Namara, M. P. P., for Riverdale, ask-
ing the house to go on record as af-
firming its belief in the righteousness
of the requested revision of the Pen-
sion act as advocated by all Dominion
veteran organizations.

CAMPBELL WINS IN ELIMINATION

Is Chosen Liberal Candidate After Several Ballots; Many Names Proposed.

Kenneth Campbell, president of the Liberal association, was chosen as the Liberal candidate for the approaching byelection in the Nelson riding at a convention last night, held in the Maglio blocks. It took a number of ballots to determine the convention's choice.

The first call for nominations elicited the names of Kenneth Campbell, Dr. N. Wolverton, L. H. Choquette, J. A. McDonald, James O'Shea, E. W. Widdowson, W. H. Jones, Alderman C. D. Shaw, A. N. Winlaw and W. J. Mcagher.

It was decided to cancel these and start over again, and Messrs. Campbell, Wolverton, Choquette, McDonald and O'Shea were nominated and went to a ballot. Messrs. McDonald and O'Shea were eliminated on the first ballot, and Mr. Choquette on the next. The final ballot showed 23 votes for Mr. Campbell against 25 for Dr. Wolverton, and the former became the convention's choice.

The Liberal candidate is a native of the Island of Skye, Scotland. He

emigrated to the antipodes, but after five years in Australia and New Zealand, returned to Scotland, and then came to Canada, coming direct to Nelson 12 years ago. He went to Sandon and engaged in the hotel business for three years. He then returned to this city and bought out the Kootenay Monumental company, its name being changed last year to the Campbell & Ritchie Monumental company.

Mr. Campbell has been an active member of the board of trade, has been president of the Nelson Liberal association for two years, served as a trustee of the Hume school district and at the late civic elections became an alderman.

DEATH BLOW TO ONE BIG UNION

Last Stronghold Falls; Drumheller Miners Switch to U. M. W. A.

CALGARY, Feb. 16.—Monarch mine, Drumheller, belonging to the North American Collieries, the last stronghold of the One Big Union, passed under the jurisdiction of the U. M. W. A. District No. 18, tonight, when officers for the newly formed local were elected. This mine employs about 250 men and until recently they have strongly supported the One Big Union. Wm. Ryan, vice-president and Robert Peacock, secretary of District 40, 18, were invited to organize the mine last week and as a result, all the miners have agreed to the check-off and are now members of the International.

This entirely removes the One Big Union from Drumheller.

Honor Would Be Readily Conferred; Initiative Rests With Canada.

LONDON, Feb. 16.—(By Canadian Press Cable.)—Regarding the speculation on the possibility of Peter C. Larkin, the new Canadian high commissioner, receiving a title, the Canadian Press learns from an authoritative source that there is no doubt such an honor would be readily extended if the Canadian government decided to recommend Mr. Larkin. The initiative would rest with Canada, it is pointed out.

If the Canadian government does not amend its stand on the question of titles Mr. Larkin will be the only high commissioner in London without a title.

CORNER CASES ARE APPEALED

Part of Revision May Recommend Reassessment in Full.

Service was made upon W. E. Watson, city assessor, yesterday afternoon of notice of appeals from the assessment, before a judge of the city court, in the case of the A. V. Cune corner and the William Mackie corner on Baker street. St. Denis street. Mr. Cune's representative is E. G. Matthews being Mr. Mackie's counsel. Prior to this event the court of revision convened at 4 o'clock, for the purpose of meeting Mr. St. Denis, but did not appear. Adjournment was for one week. The court of revision decides to assess the city as a whole without a general reduction. There is a strong sentiment among members for a reassessment within original city next fall. Fairview has already been assessed. It is probable that this may be recommended to the city council. Those composing the court were Mayor C. F. McHardy and Aldermen Kenneth Campbell, W. M. Cunliffe, D. Shaw and A. S. Horswill.

DEEP URIC ACID OUT OF JOINTS

Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat meat, but drink plenty of good water.

Rheumatism is a direct result of using too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the action of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin also act as a means of freeing the blood of this impurity. In damp and chilly weather the skin pores are closed, thus forcing the kidneys to double work, they become weak and sluggish and fail to eliminate the uric acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism. At the first twinge of rheumatism from any pharmacy about four doses of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning a week. This is said to eliminate acid by stimulating the kidneys to normal action, thus ridding the body of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. It is used with excellent results by thousands of folks who are subject to rheumatism.

NELSON PIONEER DIES IN ONTARIO

Late Arthur Ferland Was Merchant Here; Became Cobalt Mining King.

One week ago yesterday Arthur Ferland, one of the pioneer merchants of Nelson, who later became one of the mining kings of the New Ontario silver country, died at his home at Hallsbury. He was one of three brothers, all known to Nelson old-timers, Rev. Father Ferland, now in Bellingham, Wash., predecessor of Rev. J. A. Althoff, V. G., being one of them, and Severin Ferland, a prospector, now residing at Cobalt, being the third.

The future discoverer of the great Nipissing mine at Cobalt, opened a store in Nelson in 1897, where W. A. Brown is now located, and sold dry goods and gent's furnishings. A. A. Perrier coming to Nelson to work for him. He closed out in 1901 and left for the Cobalt country.

An eastern account of him says: "Born in Perth, Ont., nearly 67 years ago, the late Mr. Ferland had an adventurous career. In his early days he clerked in his father's store at Pembroke, and he served for five years with O'Meara & Co. for \$200 a year. Later he went west with the C. P. R., followed construction on the main line of that railway, and for a time conducted a general store business in Alberta and British Columbia, at times selling goods from a prairie schooner.

"He was a member of the firm which was the first water power canal at Sault Ste. Marie; was for a time in Everett, Wash., and then returned to Mattawa. In With Cobalt Rush. "After another trip west he came to Cobalt with the first rush, and he had the distinction of being the first man to bring Cobalt silver to the attention of the mines department of the provincial government. Mr. Ferland took a deep interest in municipal work. He was a member of the first council of the township of Coleman, from which municipality Cobalt afterwards separated itself, and he was elected reeve of the township for 11 successive terms without opposition. He had served on the town council here and on the high school board, and he was a member of the mines' hospital board in Cobalt.

"His widow, formerly Miss Louisa Timmins, sister of the chief owners of the Hollinger, three sons and six daughters survive."

VETERANS' PIVOT IS DUE TONIGHT

Secretary-Treasurer MacNeil Here for Zone Conference, Supper and Mass Meeting.

After addressing three zone conferences and three mass meetings of returned men and dependents and being the guest of the Vancouver Rotary club, in his tour of the province, which included Victoria, Vancouver and Penticton, C. G. MacNeil, Dominion secretary-treasurer of the G. W. V. A., will leave Penticton this morning for the Kootenay, where two more zone conferences are to be held, respectively at Nelson and Cranbrook. Walter Drinnan, secretary-treasurer of the British Columbia command, is touring the province with Mr. MacNeil, and when the visitors arrive in Nelson tonight representatives of western branches of this zone will come with them.

Twelve branches have been instructed to participate in the West Kootenay zone conference, which opens tomorrow morning at 10 o'clock at the Dugout.

The Nelson G. W. V. A. is giving a supper in honor of the distinguished visitors and the outside delegates, and this will be followed by a public meeting at the Dugout, at which Mr. MacNeil and Mr. Drinnan will be the speakers.

Mr. MacNeil's position as the driving force of the principal ex-soldiers' organization in Canada, and the inspirer of three-fourths of the legislation for the returned men and dependents, is so well recognized that he is universally regarded as the outstanding man in the ranks of the organized ex-servicemen. In the newly organized Dominion Veterans' alliance, the federation of Canadian soldier organizations, he is secretary-treasurer, and chairman of the parliamentary committee.

At the Dominion G. W. V. A. convention at Port Arthur in October, the Alberta and British Columbia delegations were behind a movement to make Mr. MacNeil president, but he refused to consent to the movement.

Messrs. MacNeil and Drinnan will leave Sunday for Cranbrook, for the East Kootenay zone conference, and on Monday will leave for Calgary.

EASTERN STAR LADIES HOSTS

The ladies of the Eastern Star entertained their husbands at a banquet and whist party on the evening of St. Valentine's, this being the first attempt at giving an evening complimentary to the men who are not members. The affair proved to be a most delightful function. The decorations were unique, the colors and emblems of the chapter being used together with hearts and stars, and cupid's lurking here and there shooting his arrows in the most unexpected places.

Most of the evening was spent at cards, first prizes being captured by Mrs. W. A. Thurman and Mr. Price, second prizes being won by Mrs. Wallace and A. W. Nagle, while consolation prizes were awarded to Mrs. A. D. Emory and P. Hunter.

The hall was then cleared and more than 100 sat down to a superb banquet.

URGES ENGLAND 'DELIVER GOODS'

Michael Collins Wires Manifesto; Asks Fair Play in Ulster Troubles.

DUBLIN, Feb. 16.—Michael Collins, head of the provisional government, tonight sent a long telegram to Winston Spencer Churchill, British secretary for the colonies. It was in the nature of a manifesto to the British people, asking fair play for the treaty in respect to the recent happenings in Ulster and for the apportionment of the blame for them in the proper places.

Alluding to the suspension of the evacuation of Ireland by the British troops, the message said: "The best way the English government can help us is not by suspending, but by carrying out the treaty, thereby convincing Ireland that England is really 'delivering the goods' this time."

The message added: "Irish Fear Trickery. "Many of the people of Ireland believe that even at this late hour England will again trick us and this belief is used as much as possible to our disadvantage by those who oppose us. The people and government of England should understand that Ireland has just emerged from a Black and Tan era and it is inevitable that the feeling should continue for a time to be suspicious, not only of England's good faith, but of the good sense of any Irishman who would turn back, but we must insist that the other side show absolute good will also, and in this regard it is high time that the English people should view the so-called Ulster question in its true perspective."

Reverts Slander Campaign. "I protest strongly against the campaign of slander in progress in connection with the trouble between east and west Ulster. No matter what our wishes may be, it was inevitable that the arrest and detention by the Belfast authorities of prominent Irish Republican army officers who were proceeding to a football match, and failure to notify in time the revolvers of the Derry prisoners should have been met locally by the seizure of prominent Unionists. You know yourself, however, how I have worked to secure their release."

"Equally it is unavoidable that the Nationalists, who are in the minority in Belfast, should take steps to defend themselves and their families against attacks by the followers of Sir James Craig when the British authorities take no effective steps for their protection."

Says Dice Are Loaded. Mr. Collins then refers to the description by the Daily Mail of how a bomb fell among a number of Catholic children in Belfast, killing two and wounding 20, and proceeds: "A good word 'fell' which indicates how the dice are loaded against our people."

"Did the readers realize that the bomb was thrown deliberately among the children by some persons purporting to uphold the side which Craig upholds and that it was when a Catholic bishop appealed direct to

Lloyd George that military protection was afforded?"

"The Cloness affair, also, in which one Irish Republican army officer and four Orange specials lost their lives, has been similarly misrepresented, as is proved by the verdict brought in by the coroner's jury consisting of six Protestants and six Catholics. I and those who work with me in the teeth of many difficulties are ready to settle all these matters in the spirit of peace and good will. In fact, we have already given proof of our sincerity by (some say premature), withdrawal of the Belfast boycott. There can, however, be no final peace until the other side meets us in the same spirit and until the British government ceases to support the aggression of the dissenting population in east Ulster."

"Today, there are further unwarranted arrests of Irish army officers at Newry. Continuance of such action will inevitably lead to further strife and conflict."

"I am sending this so that you may in fairness express our view and that you all may have a clear realization of the entire situation."

TWO SALMON SUPPERS

The following supper menus would be equally appropriate for luncheons:

Fried Salmon Croquettes

Grandma's "Cream Cakes"

Fried Salmon Croquettes—Pick over a one-pound can of salmon and add to it 1 beaten egg and 2 crushed crackers. Make this mixture into small cakes then beat an extra egg (for dipping) and roll an extra cracker. Dip the little salmon cakes first in the raw egg, then in the rolled cracker, and fry in half butter and half lard.

Grandma's Cream Cakes—Roll together 1 cup of hot water and 1 cup of butter and while boiling stir in 1 cup of dry flour; stir rapidly until the ingredients are a smooth paste. Take from the range and let cool; when milk warm stir into it 3 unbeaten eggs and beat until once more a smooth paste. Now butter a large pan, heat it, drop the mixture on it, allowing 1 tablespoon of batter to a cake. This batter makes on cakes. Bake 25 minutes in a hot oven—as rapidly as possible without burning the cakes. When done, make a small crack in the side of each cake and put in the following filling:

Cream for filling—Beat together 1 egg, ½ cup of sugar and 1 tablespoon of flour. Stir this mixture into 1 pint of hot milk, and flavor to taste.

Styles BY LENORE

Gray charmeuse and a suggestion of citron yellow is a pleasant combination of colors that will fit into the picture of any smart afternoon occasion—tea perhaps at a swaggy restaurant, a matinee or a formal call. And when it is carried out in the simple manner

of the good-looking dress in the sketch, Madame may be sure—as the elegantly marcelled saleswoman says—of a chic and smartness which will endure for more than its first season. This dress illustrates extremely agreeable lines for the tall woman, particularly if she is of the type that cannot be called slender. The waistline is quite low, the skirt is of sensible length (as are most of the new things that will be worn this season), and the graceful collar is folded back rather high at the back and makes a soft frame for the face.

Ten Years Ago Today

From The Daily News, Feb. 17, 1912.

Lady Mann, wife of Sir Donald Mann of the Canadian Northern railway, spent yesterday visiting Nelson. She leaves this morning for Winnipeg and will be joined at Medicine Hat by Sir Donald Mann.

Mr. and Mrs. J. R. Hunter are expected to return to Nelson in a few days from southern California, where they have been enjoying a visit.

Edgar Ellis, who has worked in the post office here for the past seven years, leaves today for Toronto to go into business with his father.

The first gold discovered in Montana was in 1852 on Gold creek.

Twenty Years Ago

From the Daily Miner, Feb. 17, 1902.

At the record office yesterday a certificate of improvements was granted to Frank Disjardin and E. S. Larsen on the Portepin mineral claim.

On Saturday when the Boundary passenger train reached West Robson it was discovered that one of the brakemen was missing. A party of men who went back to search for him met him walking in. He had stepped on a loose piece of ice while walking along the roof and was pitched off into an enormous bank of snow.

PAYS VISIT TO FORBIDDEN CITY

Dalai Lama of Tibet Entertains British Political Officer.

LONDON, Feb. 16.—Sir Charles A. Bell, the British political officer in Sikkim, has arrived in London from the romantic city of Lhasa, known in Tibet for so long as "The Forbidden City." With him was Colonel Kennedy.

Far away from civilization and other white men and women for a whole year these two lived among strange folk as the guest of their king, who is also a god. Sir Charles Bell is one of the few living white men who have mastered the Tibetan language, and this helped him to become a friend of the great and powerful Dalai Lama, the ruler of Tibet. "Lhasa from the distance," he says, "looks like a provincial town. It is situated on the slope of a mountain. The houses are of stone with flat roofs. Although it is known as the forbidden city, we found the people most hospitable. A house was placed at our disposal and all sorts of entertainment arranged for us. "There is no furniture as we know it. The Tibetans sit and feed on the floor at tables with very short legs. "The climate was intensely cold when we arrived and for days the temperature in our rooms never rose above the freezing point. There were no glass windows. The people of Lhasa use in the place of glass a sort of wax cloth. It lets the wind in, but they are a hardy race, and do not appear to feel the discomfort of the cold. "Mutton, yak beef and pork were the staple diet. The Tibetans do not like either chickens or eggs. They do not sleep on beds, but on the floor, on which are placed large downy cushions. You lie on top of these

and fold them over you. They are very comfortable and warm.

Palace Wonderland.

"The Dalai Lama received me frequently at the palace. He is a wonderful personality. He is not only the religious head but the secular head of the people. He used to get up at 4 o'clock in the morning and work until midnight. He paid me the great honor of inviting me into the forbidden enclosure of his country palace. This was a little wonderland of flowers, birds and wild animals—a hidden retreat where he gave deep thought both to his religious and state affairs. Hundreds of canaries were singing here, and there were stags, pheasants and a great tiger from Bengal.

"The Dalai Lama is a very wise ruler, and is also a man of very simple tastes.

"I had to return the hospitality, and arranged to give a theatrical performance. This was timed to last three days and three different companies were engaged. Judge of my dismay when I was told by the man who was in charge of one of the companies that the play he intended to produce was written for a five-day performance.

"I told him that I could not arrange for more than a day's show of his company, and after a time he agreed to cut four days out of it. Eventually the play was performed from 10 a. m. until sunset. All the plays were a combination of religious sentiment and buffoonery, at which the audience rocked with laughter for hours.

Tooth-Drawing Comedy.

"There are, practically speaking, no police, no firemen and no wheeled traffic in Lhasa. The dental service, too, is rather crude. If a man suffers from toothache he goes with a few friends on to the flat roof of his house. His friends bring a big stone, around which they fasten a string. The string is then tied to the had tooth and the stone dropped over the roof-top. Two or three friends hold on to the patient to prevent him from going over, too."

HOLD FARMER RESPONSIBLE.

WATERLOO, Feb. 16.—Raoul Broder, a well-to-do young bachelor farmer of this district, is held criminally responsible by a coroner's jury for the death of Henry Royer, whose badly mutilated body was discovered lying in his sleigh Friday morning.

CHRYSLER EXTOLLS CANADIAN ROAD

Declares Railway Service Cheapest in World; Costal Per Mile Lowest.

OTTAWA, Feb. 16.—(By Can Press.)—"Tumbled wheat prices war-shattered markets may any work terrific hardships on Canadian producers as on the producers of whole world," said F. H. Chrysler, K. C., counsel for the Railway Commission of Canada, today in summing up the evidence of the carriers before the railway commission.

"The argument that these producers should be expected to comfort themselves by recollecting the period of the railways lies in helping to back prosperity rather than in hoarding the past," Mr. Chrysler continued. "But insofar as producers blame their present difficulties on the railways of Canada, there can be one reply. The Canadian railway serving the Canadian public cheater than any other railway in the world serves their public. Their competition is lower per mile of line than of any other country. Operation least as efficient and their net earnings, taking the case of even the prosperous lines—are lower than net earnings of a first mortgage, a tory bond or money invested in successful retail shops."

WILL NOT PROTEST KENNEDY'S ELECT

PORT ARTHUR, Feb. 16.—Following a meeting of the executive of local Liberal association today an announcement was made that it was decided to be not in the best interests of the party to protest, as had suggested, the election of D. Kennedy, Progressive-Labor candidate in recent federal elections.

In 1900 Asia had 30,000 mile railways.

HARD-TIMERS VERY JOVIAL

Merriment Reigns Supreme at South Slocan Dance; Flour Sacks in Demand.

SOUTH SLOCAN, Feb. 16.—For real merriment and joviality the "hard times" social held on Friday, under the auspices of the Woman's auxiliary, easily took the lead.

The hall presented an animated appearance with the variety of costumes worn, comprising ladies and gents dressed in the very latest New York cut made out of the despised flour and corn sacks down to hobos and shabby genteel characters galore.

One of the sterner sex, who was harder up than most, had to resort to a barrel to cover his person, with a carpet around for a skirt.

After the grand march prizes were presented by Mrs. A. E. Watts, Mrs. J. D. Yeatman and Mrs. E. Watts were awarded prizes for the prettiest. They were stylish walking costumes, perfect in every detail from their hats, muffs, handbags to gaiters, all made out of corn sacks. For a comic, Miss Daisy Brown was easily first. The men prize winners were W. J. Oliver for the best and Y. Kosiak for "a tough". The evening's entertainment was interspersed with competitions, songs and piano selections. The program being arranged by Mrs. Yeatman and Mrs. F. Watts. Those taking part were Mrs. Parker, Mrs. Moore, Mrs. Kingwell and Miss Brown. A peanut race was won by H. Kingwell, a competition, where an article to wear, was made out of newspapers which was won by Mrs. J. Murray, who very quickly had a cork cap and apron on. Mrs. Dedrick and H. Kingwell won a prize for waltzing. The local orchestra who played for the evening, comprised E. Watts, violin; Miss H. Nelson, violin; E. McGregor, saxophone, and Mrs. Parker, piano.

Mrs. M. Downie and Mrs. O. W. Humphrey were mistresses of ceremony. The supper, which was served under the able direction of Mrs. E. Anderson, Mrs. C. Casser, Mrs. G. Parker and Miss Watts, was a direct contradiction to "hard times".

The prizes were kindly donated by Mrs. E. Watts, Mrs. G. Parker, Mrs. J. D. Yeatman, Mrs. O. W. Humphrey and M. Downie.

NAKUSP NOTES

NAKUSP, Feb. 16.—A splendidly attended meeting of the St. Mark's Ladies' Guild held their monthly meeting at the residence of Mrs. A. E. Fowler on Tuesday afternoon, Mrs. Howell presiding. It was decided to have another whist drive and dance at the opera house on Friday, February 24, in aid of the stipend fund preparatory to the appointment of a resident clergyman. Rev. and Mrs. Wiseman, pastor in charge of the combined Presbyterian and Methodist churches here, will leave for Scotland at the end of March on account of the illness of Mrs. Wiseman's mother. Mr. Wiseman has been granted six months' leave of absence. They leave New York by the Cunard liner Cameronia on April 6. Thomas Abriel, director of the B. C. Fruit Growers' association, leaves for Ottawa on Thursday, being joined at the main line points by other members of the provincial delegates in the interest of the association.

SKI CLUB PROVES GREAT ATTRACTION

Hope to Build Regular Ski Run; Revelstoke Experts Promise Exhibition.

NAKUSP, Feb. 15.—A new club has been enthusiastically started at Nakusp. With the several suitable hills and a sufficiency of snow, it has been deemed advisable by the athletically inclined to form a ski club and organization has had a very good start. At a meeting called for the purpose a large number of citizens met at the K. of P. hall the other night and elected officers, who are: President, A. B. Giraud, an old time active sportsman; vice-president, W. Ferguson, an expert ski-man; Oscar Salstrom, a veteran at the sport, is Captain, and Howell Jordan is secretary-treasurer.

Several ladies were present and on Sunday the first general tramp and jump took place at Crescent Bay, fully 25 members participating. Regular tramps will take place, starting at the monument—the adults on Thursdays, and the boys and girls on Saturdays. The children especially are very quick at learning how to manage the skis and are accompanied by one of the adults in their trial jumps.

It is hoped to build a regular ski run and it has been promised by the Revelstoke experts that they will give an exhibition at Nakusp whenever they pass this way to or from Nelson.

This institute, though the membership is small, is very active in institute work. A dance under the auspices of the Burton Women's Institute was held in the town hall on Friday evening. There was a large and merry crowd present. Music was supplied by the town hall orchestra, assisted by Mr. A. Pratt with various local talent, at intervals. DEFEAT MOTION TO EXCLUDE MEMBERS

Saskatchewan Farmers Reject Political Measure Adopted Other Provinces.

REGINA, Feb. 16.—After many hours of discussion the convention of the Saskatchewan Grain Growers early this evening decided on the procedure by which they aim to give effect to their decision to go into provincial politics as an association. The subject was ended by adoption almost unanimously of a resolution which declared that the central board of the association should create a committee to assist those provincial constituencies which wished to take action in support of the association's principles by organizing themselves for political action. The resolution was moved by R. M. Johnson, M. P. for Moose Jaw, after many avenues of compromise had been explored without success during several sessions. The convention was insistent that ultimate authority in the matter of political action be left with the local units, it being held that only in that way could it be assured that the political organization would spring democratically from the rank and file rather than from the top of the association. Mr. Johnson said that the plan outlined in his resolution was almost identical with the plans under which the United Farmers of Alberta and the United Farmers of Manitoba are operating.

Ready for Unexpected Campaign.

The association had no provincial platform and no arrangement had been made for setting out formally its political principles. Many delegates expressed the opinion that no provincial election was probable during the coming year, but it was felt that having reached a decision to contest the next election, and possessing the foundation of a complete political organization, the grain growers would be in a position quickly to jump into an unexpected campaign.

There was a lengthy argument on a resolution which would have prevented members of parliament and of the legislature from employment or appointment from holding office in the central board and executive of the association. As the proposal involved an amendment to the constitution it could be adopted only on a three-fifths vote of the convention, which divided almost evenly on the subject, and the resolution therefore was thrown out.

Hon. J. A. Maharg, president of the association, as an M. P. P., A. G. Hawkes, vice-president, and five others, would have been affected by the passing of the resolution.

Views Divided.

The view was taken by those favoring the measure that a member of a legislative body had a good deal of a job and that he could not give proper attention as well to an executive post in the grain growers. The opposite view was that the proposed amendment would destroy a fundamental democratic principle of the organization; that any member in good standing was entitled to seek election to any position. Action similar to that defeated today was adopted recently at the Manitoba and Alberta farmers' conventions.

The convention endorsed the attitude of President Maharg in resigning from the provincial government as the result of what was termed Premier Martin's attack on the Progressive movement in the recent federal campaign. The vote was almost unanimous.

The other resolution expressed approval of Mr. Maharg's refusal "to comply with the request" of Premier Martin to meet him on a Sunday "for the discussion of political business." Mr. Maharg stated, when asked about the matter, that he had refused to meet Mr. Martin on Sunday to discuss his resignation from the government.

Langley Not Gushing Over.

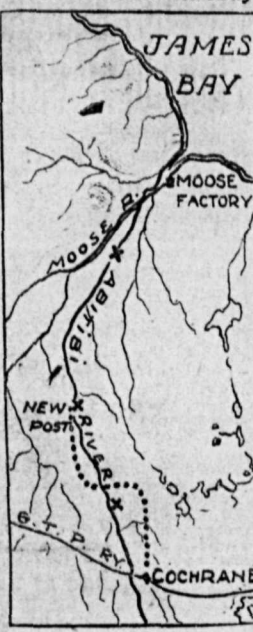

Hon. George Langley, who was in the chair at the time, told the convention that he "was not gushing over with love for Premier Martin," but in fairness it should be said that no member of the government could avoid doing business on the Sabbath.

Tonight the delegates heard an address by Dr. Helen McMurphy of the federal department of health on child welfare. Officers are to be elected tomorrow morning and delegates were heard to predict that Mr. Maharg would be the choice for another year as the head of the organization. The convention will conclude tomorrow night.

TURGEON CRITICIZES LIEUTENANT-GOVERNOR

VANCOUVER, Feb. 16.—Strong criticism of Lieutenant Governor Newlands of Saskatchewan for "interfering in political issues" was voiced by J. G. Turgeon, former member of the Alberta legislature, in an address to the Ward 2 Liberal association meeting here tonight. Mr. Turgeon referred to the remarks of his honor delivered at the opening of the Saskatchewan Grain Growers' association convention, in which the Saskatchewan governor, he said, advocated reciprocity with the United States, an issue which Mr. Turgeon said was purely political and one on which a lieutenant-governor should not take sides.

Mr. Newlands' remark that the grain growers' association was the most important parliament in Saskatchewan, Mr. Turgeon said, was "unseemly."

Markets and Finance

MONEY MARKET PRIMARY FACTOR

Bank of England Rate Falls;
Prices Advance Irregularly.

NEW YORK, Feb. 16.—The money market again was the primary factor in the further irregular advance of stock market prices today. Reductions of the Bank of England rate from 5 to 4½ per cent brought that rate to the level prevailing here and at other important federal reserve centers. A 4 per cent rate ruled throughout the session in the open market and this was shaded at 4½ in private loans.

Time funds were unaltered at 4½ to 5 per cent. Oils, notably Mexican Petroleum, United States Steel, General Electric and several of the rails, including Lehigh Valley, were among the strongest stocks. Independent steels came with motors, rubbers and some of the shippings, chemical and sundry specialties.

Sales were 785,000 shares. Exchange on London failed to reflect the lower bank rates, easing 1½ per cent from its recent high. Continental rates were mixed, aside from Dutch, Swedish and Norwegian bills, these showing further strength. The Canadian discount at this center was at its lowest in over two years. The final quotation was 96 1/4 cents.

DEFENDS MEIGHEN IN LEGISLATURE

Manitoba Provincial Treasurer Calls Down Labor Member for Remarks.

WINNIPEG, Feb. 16.—Defense of ex-Premier Arthur Meighen by Provincial Treasurer Edward Brown from an alleged attack made in the legislature in the house this afternoon. Mr. Brown stated that in spite of the result of the elections, Mr. Meighen enjoyed, in a large measure, the respect of the people of the country and it was regrettable that remarks reflecting upon him should be made in the legislature.

Whatever they said out of the house members should refrain while on the floor from making derogatory remarks about anyone not in the legislature and therefore unable to reply, said Mr. Brown. George Palmer, Labor member for Dauphin, whose remarks evoked the provincial treasurer's rebuke, denied having said anything of a personal character about Mr. Meighen and claimed that he had merely criticized the ex-premier's political policy.

The house voted down a report by the special committee on unemployment, recommending extensions to the Brandon, Selkirk and Portage La Prairie hospitals for mental diseases at a cost of \$600,000.

Rejects P. R. System. The legislature tonight rejected the Smith resolution for proportional representation electoral systems with grouped constituencies in rural parts of the province. The house negatived a resolution by John McQueen that something should be done in aid of famine-stricken Russia and carried an amendment proposed by Duncan Cameron that while no public money should be voted the house should commend the work of the Canadian committee which has the approval of the federal government to all who want to assist.

TEACHERS' WAGES BEAT MERCHANTS'

Ex-President Hunter Gives Corrected Form of Remark; Mayor's Hope.

J. T. Hunter, ex-president of the board of trade, C. W. Appleby and Mayor G. F. McHardy all made express reference to Nelson's school expenditure when discussing the taxation question at the session of the civic court of revision Wednesday.

Mr. Hunter's comparison of the salaries of teachers and merchants was the most pungent reference to the subject, and by a slip was reported in an exaggerated form. His actual statement, Mr. Hunter says, was: "The teachers of Nelson are drawing bigger salaries than 60 per cent of the merchants of Baker street."

Mr. Appleby suggested that if the assessment was reduced to a basis of market value, with a consequent raising of the tax rate, those responsible for the conduct of affairs, with the facts before them uncamouflaged, might endeavor to effect economies. Asked if his reference was to the schools, he said it was.

This same contention was raised by various other speakers.

At one point, when this subject was

up, Mayor McHardy expressed a fervent hope that the school board would contrive to lessen its expenditure.

"AVENGING ARROW"

20 YEARS FROM NOW—WHAT?

Will your mind and body be as keen and active as they should be—to keep your head above water? Statistics prove that at the age of 45—65 per cent are barely self-supporting, and at 60 only 5 per cent are self-supporting. Startling isn't it? And more—much more than we realize—our mental and physical fitness depends on our eyes. Fact: Unknowningly—most of us have defective eyesight.
