VOL. 21. NELSON, B. C., TUESDAY MORNING, JUNE 20, 1922. NO. 51.

CONCILIATION BOARD ISSUES WAGE REPORTS

Majority Report Recommends Wage Reduction of 30 Per Cent

EMPLOYERS PROPOSE MUCH GREATER CUT

Part Time Employment Curse of Coal Industry, Is Stated

OTTAWA, June 19.—Majority and minority reports of the board of conciliation in the miners' dispute of southern Alberta, were issued tonight. The disputes laid between the Western Canada Operators' association and their employees, members of District 18, United Mine Workers of America. The majority report is signed by W. E. Knowles, Moose Jaw, chairman of the board, and E. Ostlund, Lethbridge, miners' representative. It recommends a wage rate entailing a reduction of approximately 30 per cent below the rates in effect when the work ceased on March 31.

The minority report is signed by R. G. Drinnan, local coal operator, representing the employers. It proposes a reduction of from 37 to 40 per cent on the wages of the late agreement.

The mines in question are situated in the southeast corner of British Columbia and southern Alberta.

Agreement Expired March 31

The agreement under which work has been carried on during the last two years expired on March 31 and the mines involved have been closed from that date, the miners refusing to accept the severe wage cut of from 40 to 55 per cent which the operators claimed was necessary to permit operation.

The mines when operated fully employed nearly 12,000 men, but for some time before the lapse of the agreement, coal market conditions had been bad and the payroll had dropped to about 7000 men, who, moreover, were employed only part time.

The majority report further observes that part time employment is the "curce of the coal industry."

Miners are the chief sufferers; consumers pay for it. In the Drumheller field, the majority report remarks, "the annual revenue of the miners in many instances is a miserable income."

The majority report saysh in part:

"It may be frankly stated that, while the representatives of the employees did not specifically commit themselves to any reduction, yet none took the ground that there should be no reductions. It seemed rather to be conceded that decreases were unavoidable and the question was how large or small these reductions should be.

Intermittent Employment Aggravates

"The task which the board has in hand is aggravated by the feature of intermtitent employment. The solution of this problem is doubtless one which is not included within the duties of this board, and yet is so inseparably linked up with the problem of wages that the board feels some comment must be made upon this phase of the case."

A statement of days worked by each man during 1921 follows:

"In the nine bituminous mines, the average number of days worked was 97½. In the anthracite mine (there is only one, namely, Bankhead), 256 days."

"In the Lethbridge lignite mines, of which there are three, the average number of days was 209 3-4.

"In the Drumheller field, which is entirely lignite, the average days

(Continued on Page 2)

Cooperation Checks Bootlegging Across Northwest Boundary

MINNEAPOLIS, June 19.—Close cooperation between prohibition enforcement officers of the several northwest border states with provincial authorities adjacent to the United States, has put a lull to the extensive illicit traffic between the two countries, it was brought out at a conference here today of prohibition directors of Minnesota, North and South Dakota, Iowa and Nebraska.

The various directors of border states related the favorable situation along the boundary, in which R. O. Matthews, personal representative of Prohibition Commissioner Roy Haynes, concurred.

Regina Conference Effective

Directors traced the improved conditions in border liquor traffic to results following a conference of state prohibition directors of the northwest with Canadaian officials at Regina last November.

At this meeting, cooperation was promised in giving information which would enable the apprehension of liquor law violators traveling across the border, Mr. Matthews declared.

Information that a smuggler was leaving for the other country, when known to the authorities would be broadcast to his destination with the result that either the liquor commission in the Dominion or federal agents in this country would place the man in custody, depending upon which place his objective was, Mr. Matthews said.

More Like a Jumble of Jargon Than Legislation, Says Opposition Leader

OTTAWA, June 19.—Criticizing the resolution to reinstitute the wheat board, Rt. Hon. Arthur Meighen said that it was unfortunate that the government had not contented itself with adopting the proposal he had made to grant compulsory powers only on approval of the governor in council.

The resolution before the house was vulnerable everywhere. It did not made common sense. It resembled a jumble of jargon more than a piece of legislation.

DELORME IN ATTITUDE OF MOVIE HERO

Relate Interviews With Ex-Priest on Trial for Murder

MONTREAL, June 19.—Hearing in the case against Adelard Delorme, charged with the murder of his half brother, Raoul, on January 6 last, was continued today in the court of king's bench.

Witnessess examined and cross-examined included Dr. J. A. Handfield, Delorme's immediate neighbor, whose testimony was continued from Friday, and two newspaper men, F. Roby of La Patrie, and Narcisse Arcand of La Presse. Arcand will be cross-examined tomorrow morning. The newspaper men gave the gist of interviews they had with Delorme.

According to testimony, the ex-priest apparently regarded himself as resembling the hero in a picture play. Arcand told of a call he made on Delorme on the morning of his arrest, when he had informed him that advices that came through from Quebec predicted his arrest. The ex-priest had said, making a gesture as though he were waving a revolver:

Would Not Believe Arrest Possible

"Let them try to get Bibi. I had a gun in the car and they have taken it, but I still have another in the house." The witness continued that Delorme could never make himself believe that he would be arrested.

"He would always say 'Bibi has his cassock, they won't touch me.'"

Arcand also stated that when interviewing Delorme on one occasion, the ex-priest locked the door of the room they were in and asked if he, Delorme, had the look of an insane person. Arcand said that he did not care to say what he thought.

Delorme on another occasion had asked Roby to put his portrait in La Patrie, observing, "put it big, I am a good looking fellow." Roby had replied, "Yes, Monsieur L'Abbe you are a handsome man."

The court at this point roared with laughter, while Delorme, obviously embarrassed, tilted back his chair, and hid his face in his hands.

Promises an "Oil Ball"

Mr. Roby testified that Delorme had once said to him that he had planned to learn the names and addresses of those who were talking against him, through agents who would accompany milkmen on their rounds throughout the city. In answer to further questions, Roby stated that the prisoner had promised him and "oil" ball when the truth came out.

Asked by the court to explain the meaning of "oil ball," the witness replied: "You amuse yourself like a fool though you are not a fool.'

Roby told of the mysterious telephone calls Delorme is alleged to have received on the night of the murder. The first time the abbe answered, he heard a long groan. The second time nobody answered and the third time, the exasperated priest had said "go to the devil," and had banged down the receiver.

He thought, said the witness, "that his brother had called him and had been too weak to speak."

Questioned as to the funeral, the witness stated that Delorme had seemed happy that the population had manifested such respect for his brother. He is alleged to have said to the witness, "most of the people came for me, I am sure."

Liquor Embargo Affects Part of British Columbia

VICTORIA, June 19.—The recent embargo placed by the United States authorities on the shipment of liquor through United States territory into the Yukon has interested the British Columbia liquor officials. Enforcement of the regulations will affect not alone the Canadian Yukon, but also that section of British Columbia within the Atlin riding, the northern portion of which can be entered only via Skagway and over United States territory. Hence that section now will be unable to secure liquor for the use of the government stores at Atlin.

Attorney-General Manson is communicating with the federal government about the matter.

STEAMER ARRIVALS

Gothland, at New York, from Antwerp.

Oribia, at New York, from Hamburg.

CANADA AT KING'S LEVEE

CANADIAN HIGH COMMISSIONER AND SIR JOSEPH COOK

When Mr. Larkin shed his silk topper for the cocked hat, he took to the latter as a duck takes to water, judging from his photograph showing the Canadian high commissioner and Sir Joseph Cook of Australia leaving the King's levee recently.

National Railway Directors Claim Organization and Working Success During Three Years Administration

OTTAWA, June 19.—"The three-year period during which the present board *has administered the Canadian National* railways has been full of operation difficulties and most disturbed economic conditions. In this period three separate groups of railways have been organized into one smooth working system. The physical property of the railway, which, due to the war, was in an exhausted condition, has been improved, many facilities have been added and proper rolling stock motive power have been provided.

So in their third annual report submitted to parlaiment today the directors of the Canadian National railways review the work done.

Generally speaking, the report covers much already covered by the minister of railways when submitting his railway budget. It shows that total advances to the Canadian Northern railway up to the December 31 were $251,088,248, and to the Grand Trunk Pacific $82,480,303. Advances made by the government to the railways in the National system were, during the last year, $51,785,522. These figures do not include accrued interest.

The report reviews what has been done in coordination, in betterments and construction, and lays stress on *the need for maintaining the property* in first-class condition. "It may be pointed out," the report proceeds, "that if this great investments were permitted to deteriorate to the extent of five per cent, it would involve a shrinkage in value of $63,750,000, or approximately four times the loss in actual operation sustained in 1921.

Look for Improvement.

"Improvement of the system's relative position may be expected when the completion of the coordination program provides short line connections that will expedite the movement of business and reduce operating costs. As the system develops its services and facilities a larger proportion of the better grade commodities will be routed by its lines with a consequent improvement in the average ton mile rate. It may be expected that the government will, at an early date, formulate a plan for the encouragement of proper immigrants to the country in which, no doubt, the Canadian National Railways will be glad to cooperate. From this much benefit may be expected."

Yukon Legislature Prorogues; Votes Finances for Great Overland Trail Scheme to Serve Dawson and Mayo

DAWSON CITY, Y. T., June 19.—(By Canadian Press.)—The Yukon legislature yesterday prorogued its 1922 session, which lasted three weeks. The house adopted an appropriation for the completion of the Keno to Mayo road, over which much valuable ore from the new silver camp will be hauled to the sea. It also voted to finance the scheme under which the great overland trail will be diverted northward from Minton on the Yukon river in such a way that it will serve both Dawson City and Mayo camp, with a junction near the confluence of the Stewart and Crooked rivers.

Longer Distance, Lower Grades.

As a result the winter highway into Dawson City will traverse the upper Klondike valley instead of the old placer areas of Quartz, Bonanza and El Dorado. By this route the distance to Dawson is increased five miles, but the grades are easier.

The legislative council memorialized the federal government to build a dam at the head of the Yukon river in order to overcome the difficulties created by shallow water at the head of Lake Labarge. The council also asked the Ottawa government to install a telegraph service this year between the Yukon main line and Mayo camp, which at present is without telegraph service, but boasts about one-third of the Yukon's population.

Investigates Branch Telegraphs.

J. T. Phelan of Ottawa, superintendent of the Yukon and British Columbia federal telegraph service, is now investigating this proposed branch line. He left for Vancouver today and is prepared to submit estimates of cost of the suggested branch lines.

Will Not Tolerate a Divided Canada Says Premier Drury

VICTORIA, June 19.—(By Canadian Press)—"The Progressive movement is intensely Canadian. It will not tolerate any longer the game that has been played of setting one part of Canada against the other. That has been a dangerous game. We are going to find the things on which we agree and see that the Canadian nation is built up in that way," declared Premier E. C. Drury of Ontario, in speaking before the Canadian club here today on what the Progressive movement stands for.

"There is a growing opinion," Premier Drury said, "that the fiscal policy of Canada has not been formed for the whole of Canada, but for certain parts of Canada." He explained that one of the objects of the movement is to remodel the tariff so as to set free the basic industries of the country.

One of the Original Pioneers of Victoria Dies at the Capital

VICTORIA, June 19.—George Richardson, one of the last of the real pioneers of Victoria, who came here on the Norman Morrison, which brought out the first party of settlers from the old country and made the journey via Cape Horn in 1850, died at his residence here last evening, aged 96 years and three months. He is survived by four daughters and one son.

Special Loan Bill Will Be Introduced Before Prorogation

OTTAWA, June 19.—A special loan bill will be introduced before prorogation, Hon. W. S. Fielding, minister of finance, announced in the house this afternoon. The finance minister made his announcement as supplementing the legislative program announced by the prime minister last week. The bill, he said, would be confined entirely to obligations maturing in the near future.

San Yat Sen Said to Be Preparing Attack on Canton

HONOLULU, June 19.—A cablegram from Hongkong to the Liberty News, a Japanese language weekly paper here, says Dr. Sun Yat Sen is preparing to launch an attack with 30,000 troops against Canton in an effort to regain possession of the city from General Chen Chiung Ming, who drove him out last week.

GOVERNMENT WANTS TIME TO CONSIDER

Wheat Board Debate Halts; Amendment Has Compulsory Features

OTTAWA, June 19.—Progress on *the bill to create a Canadian wheat* board came to a somewhat abrupt halt in the commons this evening, when the government requested time to consider an amendment proposed by R. M. Johnson, Progressive, Moose Jaw.

The 17 clauses contained in the bill had passed the committee, but clause 18, moved as an amendment by Mr. Johnson, introduced a new compulsory feature.

Johnson Moves Amendment.

Mr. Johnson's amendment read:

"The board shall have power by regulation approved by the lieutenant-governor in council of any province which has enacted such legislation as in the last preceding section described, to prohibit or impose such conditions or restrictions as may be deemed advisable upon the export of wheat from that province except by or under the authority and decision of the board."

Discussion on the clauses of the bill had been under way for some time when the amendment was introduced. When it was read Premier King stated that the government required time to consider the legal and other aspects of it and therefore he asked that the committee rise and report progress.

Defeat MacLean's Motion.

Previously the house in committee had defeated an amendment by Hon. A. K. MacLean, which, he said, was for the protection of grain dealers who had contracted for future deliveries in grain.

Mr. Johnson, in moving his amendment, declared it was necessary to make the act workable. Without it, buyers would induce farmers to ship grain outside the province and then sell to them.

Rt. Hon. Arthur Meighen charged the government with submitting an unworkable bill which was not what the agriculture committee's report had requested.

"The government," he charged, "is putting teeth in the mouth of a deformed monstrosity."

In reply, the premier declared he was prepared to carry the details of the report as far as possible.

The bill will be taken up again, probably tomorrow or Wednesday.

Approve Amendments to the Covenant of the League of Nations

OTTAWA, June 19.—Approval was given by the house of commons today to proposed amendments of the covenant of the League of Nations, adopted at the last meeting of the league. One of the amendments proposes that the assembly shall fix the rules for the selection of the four members to act on the council with the representatives of the four powers.

An amendment to article 6, said Premier King, was of particular interest to Canada because it provided for a new allocation of the expenses of the secretariat.

Canada had contributed $200,000 a year to the expenses of the secretariat for the first two years. Under the new allocation, she would contribute $150,000. It was hoped that this amount would be further reduced at the next meeting of the assembly.

An amendment to article 12 merely provides that "nations should be required to submit their difficulties to judicial sentiment," in addition to the other means of adjustment, mentioned in the covenant before resorting to war. This amendment resulted from the formation of a permanent court of international justice.

Legal Battle Over Temperance Act Now in Its Second Phase

REGINA, June 19.—The second phase of the legal battle over the validity of recent amendments to the Saskatchewan Temperance act was reached today when the court of appeal heard arguments and reserved judgment. About a week ago, Mr. Justice Taylor gave judgment in the court of King's bench, declaring the sections of the act attacked were intro vires of the Saskatchewan legislature.

The Canada Drugs, Ltd., is appearling from the decision. Judgment will be given by the court of appeal on June 29.

IRISH ELECTION RETURNS SHOW UNEXPECTEDLY HEAVY VOTING FOR INDEPENDENTS

Predominance of Support for Treaty Candidates as Against Opponents; Republicans Figure on at Least 40 Members in Dail Eireann

Doubtful if Coalition Can Be Formed; Unification of Army Still a Problem

Prospects of Peace Depend on Arrangement With Regular Forces; Noteworthy Defeats Include Mrs. Tom Clark, Republican Dail Eireann Member and Minister of Labor

DUBLIN, June 19.—Only fragmentary election returns are available at a late hour tonight, but the results thus far known show unexpectedly heavy voting for the Independent candidates and as between treatyites and anti-treatyites on the panel a predominance of support is shown for the former.

Generally the results confirm the Cork conclusions that the Laborites "second preference" overwhelmingly favored the treaty. Nevertheless at the headquarters of the Republicans it was said that the Republicans did not count on a diminution in the strength by more than 15 members of parliament. The most pessimistic estimate there was 40 Republican members in the Dail.

De Valera Wants Results

Eamonn de Valera evidently is awaiting full results before venturing a statement on the elections. It is now considered doubtful whether a a coalition can be formed. The difficulties of army unification have not been overcome and all prospects for peace are said to depend on an arrangement with the regular forces.

Noteworthy defeats as at present estimated, include Mrs. Tom Clark, whose husband was executed Easter week, 1916, who was at the bottom of the poll in mid-Dublin, with Alderman Murphy, Republican Dail member, south Dublin, and Joseph McGrath, minister of labor in the provincial government, northwest Dublin.

Notable Successes Scored.

Notable successes on the first count are Lord Mayor O'Neill and Alderman Byrne, Daniel McCarthy, chief election agent for the treatyites, Richard Mulcahy, minister of defense, and Phillip Cosgrove, protreaty member of the Dail and brother of the local government minister. Alderman McGarry, protreaty panel, was also elected in mid-Dublin.

ALL POINTS TO REUNITED CHINA AT EARLY DATE

Complete Route of Sun Yat Sen; Manchurian Provinces Agreeable

PEKING, June 19.—Two significant developments today pointed to a reunited China in the near future. One was found in official advices from Canton that Sun Yat Sen's downfall was complete. The other came in a telegram from the three provinces of Manchuria, where Chang-Tso-Lin has attempted to establish a separate empire, that the three provinces were ready to join the united China movement.

Flashes By Wire

Little Demand for Ship Materials

VICTORIA, June 19.—Tenders submitted to the department of marine for the purchase of the two uncompleted barquentine hulls together with all shipbuilding accessories and materials at the Cholberg shipyard in the possession of the department were forwarded to Ottawa today unopened. There is no very keen competition among bidders and amounts offered are said to be very low.

Contradict Directorate Rumors

LONDON, June 19.—The Russian trade delegation has made public an official telegram dated Moscow, Sunday, declaring that the rumors of the appointment of a directorate, owing to Nikolai Lenine's indisposition, are absolutely groundless.

Completes Preliminaries.

THE HAGUE, June 19.—The conference on Russian affairs held a two-hour session today, completing its preliminary work. It will make an official communication of the result to Russia tomorrow

All Three Leaders Voice Approval of Treaties Passed at Washington

OTTAWA, June 19—The house of commons today unanimously approved of the treaties passed at the Washington disarmament conference. The importance of the treaties was voiced by leaders of all the three parties in the house. They likewise expressed Canada's appreciation of President Harding in calling the conference.

PRAISE BORDEN FOR HIS WORK AT WASHINGTON

Meighen Indorses Tributes; Compliments States for Taking Initiative

OTTAWA, June 19.—Rt. Hon. Arthur Meighen joined heartily in the tributes paid by the premier to the representative of Canada at the Washington conference. No one was so well able to represent Canadian and British interests generally as Sir Robert Borden. The opposition leader joined as well in a tribute to the United States in seizing the opportune moment boldly to take the responsibility for calling together the great powers of the world in order to achieve something around which all could gather to reduce armaments.

Crerar Concurs.

Hon. T. A. Crerar believed the Washington conference had marked a great step forward in the settlement of international disputes. The agreement to limit armaments was one of the most hopeful which had been achieved. Great value attached to the acceptance by the powers of the principle of settling difficulties by negotiations. He hoped to see the international court of justice used for this purpose before very long.

The Weather

The water dropped practically one-quarter of a foot during the 24 hours ending yesterday afternoon at 4 o'clock, when the reading was 15.75 feet above low water mark. As the hot weather of last week failed to produce a rise, it is evident that the high water is definitely past its peak.

BOOKBINDING THAT IS WORTH WHILE

Bookbinding is an art. It demands the highest skill. More than that, it calls for the ability to so bind a book that binding will be suitable as well as durable.

Materials employed must be expressive of the book which is bound as well as strong enough to stand wear and tear.

Let us do your work.

THE DAILY NEWS BINDERY

NELSON, B. C.

CONCILIATION BOARD ISSUES WAGE REPORTS

(Continued From Page One.)

worked was only 126½, and in the Drumheller fields the number of mines is 15.

Cites Drumheller Field.

"With regard to the Drumheller field, it must be admitted that even under normal conditions, it is a seasonable proposition, but even remembering that, the fact remains that during what might be called the operating months, there was in 1921 a very large part of the time when there was no employment.

"The extent to which this intermittent employment exists, means, of course, that the mine owner is receiving earnings only intermittently for the capital which he has invested, and the overhead expense for maintenance, etc., which he is compelled to meet."

"As one of the witnesses, named Frank Wheatley, a well-known miner of Bankhead, expressed it—the employees were the victims of a mismanaged industry—but, he added, the operators are helpless to control partial unemployment, and when asked his solution, said, 'The government must control the industry in this regard.'"

"The present condition ish not economical and results in coal being unreasonably expensive to the consumer.

"There is another matter of importance, namely, the severe competition in the Winnipeg market of eastern American coal of which 2,236,000 tons was unloaded at oFrt William in 1921.

Oppose Too Drastic Revision

"The board is not disposed to recommend a reduction of the employee's wages downward with mathematical sequence; such would be too drastic. We do not consider it either fair to the employee in the interest of the industry generally, that a reduction such as this would involve, which would approximate 45 per cent or 50 per cent, be inflicted at one blow'

In regard to the wages, the board recommended as follows:

1. That the war bonus or high cost of living allowance of $1.17 per day be discontinued.

2. That the agreement signed on behalf of the Western aCnada Coal Operators association and on behalf of the United Mine Workers of America, District No. 18, dated June 10, 1920, be returned to as a basis, and the conditions therein recited (with the exception of the closed shop), be continued and that the rates therein set forth be reduced by 15 per cent.

The board r ecommends that the the above adpjustment of wages prevail for a period of two years from the first day of April, 1922.

Claim Wages Inflated.

The minority report says:

"The high inflation of wages in the coal industry is, to some extent, responsible for the critical condition in which the coal industry of Alberta and southeastern British Columbia has been in for some time back. Our investigation covered more particularly the year 1921. It was found that all the mines experienced a falling off in business and consequently had only worked part time. This was more pronounced in the domestic coal mines and in this connection it may be pointed out that at best only seasonal employment can be expected in the mines producing domestic coal.

Worker Must Sacrifice

"To get the coal industry back to normal, or better still, to place it on a sound economic basis where all connected with the industry can, with due diligence and effort, meet with a fair measure of success, some sacrifices will have to be made. The mine worker, whose interests are identical with those of the industry, must share in bringing about this condition and the greater his help now the quicker will be the return to steady employment and more permanent prosperity.

Takes 1915-1917 Agreement Basis

"As the 1915-1917 agreement is the last one mutually agreed to between the parties to this dispute, all subsequent agreements being made under government direction, and when conditions in cost of living and selling price of coal were generally abnormal, I recommend as a fair basis of settlement the following:

"1. That the day wage and contract mining rates in the 1915-1917 agreement be made the basis of rates.

"2 An increase of 25 per cent on all contract mining rates.

"3. An increase of 40 per cent on all outside day wage rates.

"4. An increase of 40 per cent on all underground wage rates.

"5. That all contract mining rates made subsequent to the 1915-1917 agreement be adjusted to conform to rates in mines in the same districts.

INTERNAL BATHING, NATURE TREATMENT FOR CONSTIPATION

You can help Nature in Nature's most effectual way by Internal Bathing, and, without the use of drugs, keep the lower intestine in the clean condition which Nature demands for good health and vigor. Thousands of Canadians testify to the benefits derived from its use in cases of obstinate constipation, piles, indigestion, appendicitis and hardening of the arteries.

Frank Stanton of Port Stanton, Ont., writes:

"I must say that your 'J. B. L. Cascade' has been a great value to me, and I feel indebted to the inventor of this treatment, since I have made use of your wonderful discovery. I feel twenty years younger and have not taken medicine of any sort."

The J. B. L. Cascade, used with sterilized warm water, is easy and pleasant in its effects. You bathe outside, why not bathe internally, too—it is far more important?

The J. B. L. Cascade is the perfected invention of Dr. Charles A. Tyrrell for Internal Bathing. It is now being shown and explained at Canada Drug & Book Co., druggists, Nelson, and E. W. Hazelwood, ruggist, Trail, B. C.

Ask them for free booklet all about it—or write to Tyrrell's Hygienic Institute, 163 College Street, Toronto.

The Telephone at Your Elbow

seems so simple an instrument, it does its work so quietly and quickly, that it is difficult to realize the vast and complex equipment, the delicate and manifold adjustments, the ceaseless human care in the central office.

It is skill behind the scenes, together with scientific development and construction, efficient maintenance and operation, which make it possible for you to rely upon the telephone day and night.

Last Drink Before Embargo Operates Passes Into Yukon

DAWSON CITY, Y. T., June 19.—(By Canadian Press).—A train load of assorted drinkables steamed into Canadian territory on the White Pass & Yukon railway last Thursday evening, a few hours before the embargo on intoxicants became effective.

Fourteen freight cars packed to the roof brought provision against the probable dry spell which must intervene until, if ever, the United States government can be prevailed upon to permit the Yukon to bring its liquor through the Alaskan approach, the only present route available.

Revise Train Schedules

The embargo, brought about by the decision of the United States supreme court that liquor could not be carried through American territory en route from one country to another, became effective at midnight on June 15. The last carload of liquors left Vancouver, June 10, by steamer and reached Skagway, Alaska, June 14. From there train schedules on the White Pass route had to be revised for a day or so, but the Yukon's last drink got through.

The selling value of the train is more than $70,000. Liquor worth that much was consigned to government vendors in the Yukon and a small consignment also was carried for the British Columbia government stores in the Atlin district of British Columbia.

Bulletin States Lenine Is Better, But Impatient With Forced Inactivity

MOSCOW, June 19.—Premier Lenine's condition is given as greatly improved in a bulletin signed by the German doctor, Felix Klemperer and other phsicians, under date of June 16. "The patient has left his bed and feels well, but is impatient over the orders of the doctors, who have prescribed inactivity," the bulletin says.

Nursing Profession Has Wider Interests Than Ever Before

EDMONTON, June 19.—"Pioneer days in Edmonton" was the subject of an address by Colonel Newburn, professor of surgery, University of Alberta, before the Canadian National Association of Trained Nurses, in session here, which featured the evening meeting. Adresses of welcome to the delegates were received from Premier Greenfild, Mayor D. M. Duggan and Dr. T. M. Tory, president of the University of Alberta.

Lieutenant Governor Brett was the chairman.

"The nursing profession of today has wider interests than ever before and it is only by united, intelligent interest and support of the whole that we can expect to advance," said Miss E. M. Dickson, president, in her opening addres at the Monday afernoon opening session.

She stated that the Canadian National Association of Trained Nurses will sponor "The Canadian Home Nurse," written by Mr. Jackson, one of the members of the association.

Urges Gathering Data

Miss Dickson recommended that the incoming president be given very wide powers in representing the association on the international council of nurses, the national council of women and the social service council of Canada. She further impressed the advisability and wisdom of gathering data in regard to the development of nursing in Canada while the pioneer workers are here to give authentic information thereon.

The treasurer, Miss Jean S. Wilson, reported expenditure in 1920-21 as $668.94; 1921-22, $767.26; making a total expenditure of $1436.20. The bank balance on June 1, 1922, was $2387.58.

It was decided that the mission to the Rumanians be discontinued and that the committee disband.

Miss Jean Gunn gave a very concise report of the committee working on the memorial to be erected to the memory of nurses of the association who gave their lives in the war. Nothing definite can be done until the designs are submitted to Premier King and a committee, who will then decide whether the memorial can be placed in the Hall of Fame, parliament buildings, Ottawa.

WARSHOIPS BOMBARD CANTON

LONDON, June 19.—Sun Yat Sen, former head of the south Chinese movement, who fled from Canton upon the occupation of that city by the forces of Chen Chiung-Min, was on one of the warships which shelled Canton Saturday, says a Hongkong dispatch to the Times. The warships continued their bomardment for a half hour at midday, using six-pound and three-pound shells and firing was renewed at 4 o'clock, the gunners being apparently reckless of the lives of civilians.

After the firing ceased Chen's troops robbed the people in the streets on the pretext of searching for arms and ammunition.

A great exodus from Canton was taking place when the dispatch was filed.

Suspend License of United States Pilot

PORTLAND, Ore., June 19.—Three years' suspension of the licence of Captain A. R. Pearson, pilot aboard the American steamer Iowan when she struck and sank the British steamer Welsh Prince, May 28, with the loss of seven lives, was imposed today by United States inspectors following an investigation as to the responsibility in the case. Charges against Captain Edward Sullivan, pilot aboard the Welsh Prince, were held not sustained.

UPTOWN PUPILS FOR THE HUME

School Board Asks City Council to Arrange Free Transportation

A depufation consisting of Chairman F. R. Jelfs and Trustees George Horstead and John Notman, from the school board, appeared before the city council last night with a request that the city arrange free transporttaion on the street cars from children outside the Fairview area that the board expected to require to attend the Hume school with the opening of the fall term.

Mr. Jelfs explained that with the closing of the I. O. O. F. hall the only means the board would have of accommodating the children to be expected with the fall term would be by utilizing the vacant room at the Hume school, Central school being now crowded. When the Hume used to have six rooms, he said, there was less than the number of pupils in each that was the standard at Central school, but now the rooms were holding the required number each. Under these conditions, he said, the Hume's natural territory did not contain enough pupils right ages enable the sixth room to be filled with pupils of the junior fourth, the grade that the board had selected for it. Therefore, the board had decided to take pupils from further afield, including event points well up but on the car line. With this change the Hume school would have only one grade in each room, a standard that made for efficiency.

In view of these circumstances the board felt it ought to consult the city council as to the possibility of the children being carried free, if beyond the natural territory of Hume school.

Mr. Notman pointed out that when Fairview was taken into the city some school moneys to the credit of the Hume school district were taken over, and he asked that these be made available for use by the board in improving the sanitation of that school.

When this subject was discussed by the council late in the session Alderman A. S. Horswill was inclined to wonder if the board was not capable of managing its own affairs.

Alderman Kenneth Campbell however, pointed out that the council had been asking the board to economize and it was now doing so by closing the I. O. O. F. hall, and gaining efficiency in altering the classes so that each teacher had only one grade. In these circumstances, he argued, it was up to the council to assist in any way possible.

Mayor C. F. McHardy, who took much the same view as Alderman Campbell, pointed out that there was lots of time to deal with the question later, as it would be September before the decision would be effective.

The matter was then laid on the table, to be taken up at a less pressing session.

By Wood Cowan

BUY LOTS FOR MEMORIAL PARK

Rest and Beauty Spot in Hume Block Opposite the War Memorial

Purchase of the double lot on the south side of Vernon street adjacent to the Hume hotel lots, for purposes of a little park and beauty spot in connection with the Nelson war memorial project, was announced to the city council last night by Alderman A. S. Horswill, chairman of the war memorial committee. The tract was bought from Thomas Sargeant for $500, yesterday, and Alderman Horswill asked the city to accept the property for the purpose named. This the council did, by resolution, moved and seconded by Aldermen L. H. Choquette and W. M. Cunliffe. The funds for the purchase were derived from the $250 subscription to the war memorial made by the city last year, and one of equal amount made by the city this year.

Sunken Garden Idea

Alderman Horswill explained that it was the intention of the committee, which had been given full power to proceed with and complete the memorial, to clear the lots of brush, and utilize the beautiful shade trees to the best advantage, benches being placed for the accomodation of those desiring to rest, and the general idea of the "sunken garden" proposal being carried out, with the qualification that it was not sunken. It was proposed, he said, to elevate the bandstand, having it in the center, and underneath it would be a civic rest room, equipped in an up-to-date manner, for the use of women and children.

Directly opposite the little park would be the war memorial, upon a large base. The memorial would be a thing of beauty, and he expressed confidence that the funds required to complete it would be found.

Alderman Horswill asked if the council would ask Contractor Fred J. Dawson to construct the concrete base at an early date, if to do so would not interfere with the progress of his paving contract, in order that the work on the memorial could be started in time for the memorial to be ready for unveiling for Armistice Day.

Questioned by Mayor C. F. McHardy on this point, Mr. Dawson said there was nothing to interfere with the base being made at an early date.

Rose Buds Suggested

Mayor McHardy said the plan outlined on behalf of the war memorial committee by Alderman Horswill would no doubt meet public favor. Only that day the Rotary club had learned from a visitor present, of a plan now being carried out by the Rotary club of Vancouver, in Stanley Park, where the club was making a demonstration on roses, every known variety of rose being tested. It was very possible, he suggested, that the Nelson Rotary club would try a similar idea, with the upper portion of the lots in question.

HALIFAX EXPLOSION WRECKED HER NERVES

The reader will, no doubt, remember when a few years ago there was a collision in the Halifax, N. S., harbor and one of the munition ships was blown up, causing great loss of life and laying a portion of the city in ruins, and causing a great deal of suffering and distress among the inhabitants.

Mrs. Winfield Dill, now of Windsor, N. S., was living in Halifax at that time and went through this trying experience and the shock wrecked her nerves. She writes as follows: "I was living in Halifax at the time of the explosion, and it wrecked my nerves so that I could not do my housework. I would take such nervous spells that I would be under the doctor's care.

I saw Milburn's Heart and Nerve Pills advertised, so I took two boxes and they helped me so much I took six more, and now I am completely relieved. I can recommend them to anyone suffering from heart and nerve trouble."

To all those who suffer from nervous shock we would recommend our

MILBURN'S HEART AND NERVE PILLS

as the best remedy to tone up the entire nervous system and strengthen the weakened organs. Milburn's Heart and Nerve Pills are the original heart and nerve food, having been on the market for the past 27 years. Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SHAMROCKS TIE WITH RANGERS

Defeat Cadets in Junior Footer; Within Reach League Leadership

CITY JUNIOR FOOTBALL LEAGUE

	P.	W.	L.	D.	Pts
Rangers	6	3	0	3	9
Shamrocks	6	4	1	1	9
Hotspurs	6	4	2	0	8
Wolves	6	1	4	1	3
Cadets	6	0	5	1	1

Yesterday afternoon's junior football game resulted in a win for the Shamrocks over the Cadets by a 2-0 score.

Both teams put up a good exhibition and dished up some real interesting plays during the afternoon.

In the first half O. StDenis, forward for the Shamrocks, found the goal twice on combination shots; no score being recorded throughout the last half, although the Cadets worked hard to get a point.

Shamrocks, on the whole, played a better game, as they were unselfish and worked for the advantage of their team, while the Cadets relied solely on individual effort.

Among the best performances for the afternoon was the outstanding work of the two goalies, Kinahan for the Cadets and Roynon for the Shamrocks. Both played well, especially the former, who saved his team from a far greater defeat.

The referees were Brown and Caldwell.

The teams lined up in the following order:

Shamrocks	Goal	Cadets
Roynon		Kinahan
	Backs	
Fawcett		McLean
Meredith		Milburn
	Halves	
Jambes		Wilson
Ries		Ramsden
M. StDenis		Malakoff
	Forwards	
O. StDenis		Desbrisay
McKenzie		Renwick
C. StDenis		Burns
Ionian		Brown
Scott		Gustafson

The Canadian sculptor, has left Canada for France to carry out his commission to build a Canadian war memorial which will cost $1,000,000 and take three years to complete.

IVA FERN MINE BONDED AGAIN

Standard Silver-Lead Mining Company Gets Control of Great Showing

Situated on Cultus creek, 45 miles east of Nelson, on the Kootenay lake, the Iva Fern mine, previously bonded by the Consolidated Mining & Smelting Company of Canada, and owned entirely by J. W. Mulholland, the original locater, has again been bonded this time to the standard Silver-Lead Mining company of Spokane for $100,000.

The Standard Silver-Lead Mining company own, and operate the Standard Mine at Silverton, one of the largest producers in the Kootenay district until lately, and owing to that property practically having been mined out, they have been looking for other properties to develop.

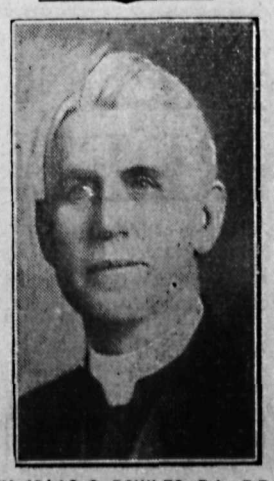
"Should the Iva Fern develop into a big shipper, states Mr. Mulholland, "fulfilling the promises of the surface showing, which is exceptionally good, and considered to be the largest surface showing in British Columbia, the enterprising bonding company will be well repaid."

A contract has already been let to W. Smith of Nelson for a 400-foot crosscut and drift, Mr. Mulholland states.

JUNIOR CHAUTAUQUA INTERESTS CHILDREN

Junior Chautauqua has created a big interest among the little folks at the daily series of games and talks under the supervision of expert attendants during the week of Chautauqua.

Every afternoon from 5 to 6 the boys and girls have spent an enjoyable hour outside the tent, the girls under the tuition of Miss Nellie E. Robertson, and the boys under Messrs. Black and Wilson. Playground games are indulged in with the boys specializing in baseball, using the equipment that is provided by the Chautauqua.



REV. ISAAC G. BOWLES, B.A., B.D.

Pastor of Wesley Methodist church, Toronto, who was elected on Thursday president of the Toronto conference for the coming year.

SPORT CANVASS NOT COMPLETED

Detailed Statement Will Be Issued Earliest Date, Says Choquette

So far $369 has been collected by the canvassers engaged in raising money for sports in Nelson, stated Alderman L. H. Choquette, treasurer of the fund, yesterday.

Alderman Choquette explained that the reason no statement of the result of the canvass had been issued to the public was that the work was not yet completed. Several canvassers had worked particularly hard, in some cases having to close up their offices in order to go out and see subscribers to the fund, said Alderman Choquette, and he thought they should receive a great deal of credit for their public spirit.

The work is being continued, and directly it is completed, said Alderman Choquette, a detailed statement will be made to the public. Of the $369 which has so far been collected, $100 has been paid to each of the clubs in baseball, football and lacrosse. This leaves a balance at the present time of $69.

How the Tennis Games Were Won

As reported in yesterday's issue the Nelson Golf and Country club, tennis branch were victorious over Trail City Tennis club in the first intercity match of the season, played at the golf club courts Saturday. Following are the detailed results:

Men's Doubles

A. W. Idiens and B. G. A. Townshend, Nelson, beat W. S. Beattie and H. E. Wade, Trail, 6-2, 3-6, 6-3.

E. C. Lewis and C. W. Appleyard, Nelson, beat C. McArthur and I. McDonald, Trail, 6-3, 7-5.

Men's Singles

A. W. Idiens, Nelson, beat W. S. Beattie, Trail, 6-3, (only one set played on account of time).

B. G. A. Townshend, Nelson, beat C. McArthur, Trail, 8-6, 7-5.

Rev. F. Yolland, Trail, beat G. D. Norris, Nelson, 6-0, 6-0.

Mixed Doubles

Mrs. J. H. D. Benson and E. C. Lewis, Nelson, beat Mrs. Lord and H. E. Wade, Trail, 6-4, 6-1.

Mrs. Gordon Hallett and C. W. Appleyard, Nelson, beat Mrs. H. C. Caldicott and W. S. Beattie, Trail, 6-4, 6-4.

Miss Munro and Rev. F. Yolland, Trail, beat Mrs. R. H. Louis and P. McL Forin, Nelson, 6-4, 6-2.

Ladies' Doubles

Mrs. H. C. Caldicott and Miss Munro, Trail, beat Mrs. H. Rosling and Mrs. B. G. A. Townshend, Nelson, 6-2, 7-9, 7-5.

Summary

Nelson, won six events; Trail, won three events.

ROTARY BOOSTS BIG CONVENTION

Ask Citizens to Decorate for the Visitors; Laundry Talk

Traveling by car from Willow Point in 13 minutes, Denis StDenis yesterday arrived just in time to give the Nelson Rotary club 100 per cent attendance at its weekly luncheon. This was the third successive Monday upon which every member of the club has been present. The club is now going out after a fourth hundred per cent meeting.

"Modern Laundry Methods" was the subject of a speech by Carl A. Larson, who described the up-to-date machinery which enables modern laundry work to be done rapidly and efficiently.

Roy Clark spoke on "Rotary in Business," and mentioned the manner in which Rotary ethics were applied to the conduct of business.

Talk Boulevards

Plans for supporting a movement to improve the appearance of the streets of Nelson by boulevarding were tentatively discussed, and the president, Dr. L. E. Borden, suggested that it would be advisable to inaugurate a campaign to eradicate the dandelion and the cottonwood, with the nuisance of its snow-like bloom.

Determination to support the International Mining convention was voiced by the members, and it was decided that the club should do everything in its power to assist in making the convention a success. It was suggested that residents should use flags to decorate their places of business and homes during the convention.

A number of visitors were present, including Orley A. Degraw, a Rotarian of Peterboro, Ont., J. A. Dawson, a Kiwanian of Vancouver, Mr. Campbell of Perth, Ont., and Messrs. Fraser and Macdonald of Vancouver.

NURSES ADVISE

Zam-Buk, because they have proved that it does what is claimed for it.

Miss E. L. Doxey, graduate nurse, of 3220 Michigan Ave., Chicago, says: "I have a patient who suffered terribly with piles. Zam-Buk is the only remedy that gave her relief.

"I have used Zam-Buk myself for the same ailment, also for sores and burns, and have the greatest confidence in it."

Zam-Buk

ASK GRANT FOR GENERAL SPORT

Deputations Appear Before City Council; City Fathers Favor Grant of $100

Appearing before the city council last night as representatives of the general sports committee, Ven. Archdeacon Graham, George Benwell and George Ferguson asked the city council to make a grant toward sports, to eke out the limited funds raised in the recent canvass. Rev. J. P. Westman associated himself with them as representing the Nelson Baseball association.

Archdeacon Spokesman

Archdeacon Graham was the spokesman of the general sports deputation, mentioning the great accession of interest in clean sport in the city in the last year or two, and explaining the handicap under which the recent and still continuing canvass was made. It was the custom of many cities to make an annual contribution to the maintenance of sport, and he instanced Vernon, whose city council last year granted $300 to the amateur athletic association of that city. He believed the council would have the backing of the business men as well as of the progressive element of the community, if it granted the deputation's request.

Mr. Westman, for the baseballers, pointed out that the sum raised by the general committee was insufficient for the three sports aided. He said the baseball players felt there ought to be a shelter or dugout where men could wait to be called to bat, and that there should be benches for the teams. He also asked that the grounds and fence be put in proper shape. Mr. Westman also suggested that the grandstand was "none to safe."

Regarding the latter matter, Mayor C. F. McHardy, when the matter was reached for discussion, late in the session, ascertained from Engineer W. L. Affleck that the supports of the grandstand were sound and in good shape.

Subscription Favored

The plan of making some contribution seemed to be generally favored by the aldermen, in particular Aldermen A. S. Horswill and George Turner favoring it. Mayor McHardy suggested that the contribution be $100.

The matter of improvements at the recreation grounds was referred to the public works committee, with power to act.

QUAMICS PIONEER DIES

VICTORIA, June 19.—William Kingston, a pioneer farmer of the Quamics district, died Saturday at his home, aged 82. He was a native of Cork, Ireland, and settled at Quamics 46 years ago.

Pure water has the highest surface tension of any liquid except mercury.

A piece of camphor placed on water will dart from place to place.

Mrs. Hopper Likes Its Freshness

Mrs. Hopper, writing from Marpole, says she has never seen it mentioned that Pacific Milk is always fresh. She says: "It is so fresh and pure and has a lovely natural flavor. It adds a creamy richness to everything one has cause to use it for." Occasionally a grocer has sent some other brand by mistake, but she says that from experience she knows the flavor of fresh, sweet cream is not in any milk but Pacific.

The Future Belongs to Radio

Radio is only at the commencement of its development. Its possibilities are now becoming dimly apparent.

The wireless telegraph brough about a revolution in the transmission of messages, but its scope is narrow as compared with the radio or wireless telephone.

Radio sending stations, the stations from which wireless telephone messages are dispatched, are relatively much more expensive to establish than the receiving stations. At present and perhaps for all time they will be out of the reach of the average individual.

But this difficulty will be overcome, from the viewpoint of intercommunication, by the establishment of central sending stations which will operate in much the same way as telephone central does today. Receiving sets are inexpensive and are being so improved that it may not be long before they can be carried in the pocket. Perhaps the central sending station will also be a central receiving station, but that does not seem as certain as that central dispatching stations will be necessary.

In any event the wireless telephone is destined to become the chief means of long distance communication in the future.

Historical Memory as a Malady

Professor Einstein, brilliant expounder of relativity, said at the remarkable Franco-German peace or reconciliation meeting at Berlin the other day that the world, or Europe, was suffering from the grave malady of "historical memory." In other words, too many continue to think of the great war and its issues or causes, and therefore do little or nothing for reconstruction and permanent peace. The war, says Professor Einstein, should be forgotten.

H. G. Wells, in his famous "Outline," affirms that the world suffers from ignorance of history or a short memory for historical events. Mr. Wells urges the universal study of history as a remedy for international disputes and misunderstandings.

Memory cannot pick and choose, forget a war and remember a peace conference. If one reads history, one knows how often nations have fought and how sanguinary and terrible the wars have been. War has causes, and it is better to endeavor to understand the causes of a calamity than to seek to forget it. What the people of all civilized nations should do in connection with the world war is to ponder its lessons and seek to benefit by them. What was wrong with the imperialism and the militarism of the German government by which blindness and arrogance brought about the struggle? What was wrong with the Austro-Hungarian empire and why was its collapse inevitable? What policy conduces to unity despite racial and linguistic divergences and what policy breeds hate and enmity?

Humanity must face its difficulties, not forget them. Mistakes need not be repeated. Injustice need not be perpetuated. Sore spots can be healed. To forget the world war is to run the risk of committing new blunders and provoking another war a decade or two hence. Militarists study wars in order to insure preparedness against future wars. Economists, moralists, financiers, students of national and international institutions or of law should study the late war for the purpose of doing everything possible to render another such conflict impossible.

The world's chess championship was held by one man from 1862 to 1894.

The average capacity of the stomach is five pints.

ANSWERED LETTERS.

Mrs. G. N.—Please publish recipes for dill pickles, mustard pickle, chile sauce and plain cucumber pickles.

Answer—If you will send me a stamped, self-addressed envelope, I will send you my two-page multigraphed set of pickle recipes entitled "Eight Popular Pickles." This set of recipes includes the four pickles you mention as well as mixed pickles, Dixie relish, corn relish and pepper relish. Any reader who sends a stamped and self-addressed envelope may have it.

Mrs. J. B. S.—I wonder how many housekeepers have tried rhubarb short cake? My husband says it is as good as the best, and much cheaper. Prepare the crust as for biscuits, roll in two squares, and bake a light brown. Stew the rhubarb in a little water and plenty of sugar a long time. Spread this thickly between the layers and on top of the crust, sprinkle with sugar, and serve with cream or rich milk. It's fine.

Answer—Thank you, reader friend. I also want to thank you for the hints and other recipes you enclosed in your letter, which I will publish soon. I would like the other cake recipe you mention.

Subscriber—Please publish recipes for cream pie and Washington pie.

Answer—Cream pie: Cream one-third cup of butter, add one cup of granulated sugar, the yolks of two eggs well beaten, one-half cup of sweetmilk, and one and three-fourths cups of flour sifted with two and one-half teaspoons of baking powder and one-half teaspoon of salt. Fold in the two egg-whites stiffly beaten and bake in two round layer-cake pans for 20 minutes in a hot oven. Put together with the following filling between the layers and sprinkle the top with powdered sugar.

Cream filling—Stir together two tablespoons of sugar, one-third cup of flour and a pinch of salt; add two slightly beaten eggs, two cups of scalded milk, and cook 15 minutes in the top of a double boiler, stirring constantly. Cool and flavor with one teaspoon of vanilla.

Washington pie—Mix and bake the same as cream pie, but put raspberry jelly or jam between the layers instead of the cream filling. Sprinkle top with powdered sugar.

A Friend—I have no regular steamer. How can I steam clams at home?

Answer—Buy the clams in the shell, alive. Wash them, scrubbing with a brush and changing the water several times. Put them in a pail which has a tight-fitting cover, adding one-half cup of hot water to four quarts of clams. Now put on the pail-cover, tying it on by winding string around the can from top to bottom, and sink this pail in a large pot in which is enough rapidly-boiling wtaer to rise almost to the top of the pail. The clams must be steamed till their shells partly open (aften an hour, remove cover from pail and look at the clams, putting covered pail back into the boiling water, if the shells are not opened). Serve with melted butter in individual dishes. Many people like a few drops of lemon juice or vinegar added to the butter.

Tomorrow—Light, or Convalescent, Diet for the Invalid.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and state.—The Editor.

CREATOR OF JIGGS AND MAGGIE

GEORGE M'MANUS

Here is the latest photograph of George McManus, who makes millions laugh with his "Briging Up Father."

What the Press Is Saying

Highway Interests Two Peoples.

It is good news, indeed, that the first contract for construction of the Ymir road, connecting Spokane with Nelson, via the Pend Oreille highway on this side of the international line, has been let and that within very short time the dirt will be flying on the picturesque mountains just south of the Kootenay metropolis, made famous by the discovery of the Hall boys of Colville nearly 35 years ago. In due course, the cut-off via Metaline will be completed and two peoples will then enjoy another beautiful scenic automobile route, through a splendid mineral country that has but been scratched and 40 miles shorter than the more circuitous route up the Columbia, via Northport, Rossland, Trail and Castlegar ferry. But for opposition that has been exerted for many years by citizens residing in the vicinity of the old route on the other side of the international boundary, the new road would have been an accomplished fact by now. Since a start has been made by the Oliver government, it is to be hoped that all factions will now get together and insist that the highway be completed without undue delay. We are of the opinion that those who fear loss of traffic over the old route will be agreeably surprised at results. They need have no fear that their route will be abandoned by tourists seeking the best scenery the northwest affords. The trip up the Kootenay river from Brilliant is one of the finest scenic treats to be found anywhere and, properly advertised, we feel sure it will become more and more popular as time goes on and as local improvements are made.—Mining Truth.

The Lighter Side

If the husband is petted, rest assured he was the woman's last chance.

—o—

As a general thing, the most severe critics of good work are those who can't do it.

—o—

The swatter knows that flies, like truth, when crushed to earth will rise again.

—o—

The slender movie star must struggle desperately to keep from becoming a little meteor.

—o—

Many a man who thinks he is addicted to grave deliberation is merely addicted to laziness.

—o—

When a man scorns the common people, it is either pique or a conviction that their brickbats can't reach him.

—o—

It isn't necessary for an attorney-general to know much about law, but he should be accustomed to hot water.

As a matter of fact, there are many words that describe a he-flapper, but one can't print them in a newspaper.

—o—

Mary Garden will summer on a peak in the Alps. It will be a delightful rest from the pique in opera stars.

—o—

An old-timer is one who can remember when the emblem of genuine sport was a bow of ribbon on the buggy whip.

—o—

A radio concert is just as enjoyable as a phonograph record after you grow accustomed to the absence of needle scratching.

—o—

Avoid hell if possible. Think how terrible it would be forever to associate with these chaps who ask if it's hot enough for you.

—o—

Those American newspapers' stories are so incomplete. Here a San Francisco paper says a man gave a bootlegger a bogus check for $1900, but it doesnt' say what become of the quart.

Traces of Oil Show Where the "Genoa Conference" Went Down

—Brooklyn Eagle.

Styles BY LENORE

Ways of trimming the simple summer frock and giving it character and individuality are often more important than the cut of the model. Many women like little or no trimming, others enjoy touches of color, laces, or embroidery. One of the most attractive,

and at the same time most simple means of embellishing a tub frock is the use of plain cross stitch, especially on gingham.

Another decorative treatment for cotton frocks is the use of white or gayly colored tapes and strings for binding of edges, and for embroidery. Many of the French frocks use this means of ornamentation.

This trimming is effectively carried out in a Dutch blue linen dress a sketch of which is shown above. The string and thread embroidery is executed in a darker shade of blue, with touches of white. Note the simple motif of the design, also the novel cut of the collar.

Daily Recipe

QUINCE AND RAISIN MARMALADE

6 cups quinces
4 cups water
3 cups sugar
1½ cups seeded raisins

Wash, remove seeds and cut up enough quinces to make 6 cups. Cover with water and cook slowly until soft—about 1 hour. Rub through a strainer. Add sugar and raisins and cook slowly until thick—about 15 minutes. Stir occasionally to prevent burning. Pour into sterilized glasses and seal with paraffine. This makes about 6 glasses.

The largest sunfish on record was six feet long.

The United States stands at the head of all countries in the use of soap.

LIBERALS AND GRAIN GROWERS NOMINATE

PRELATE, Sask., June 19.—F. R. Shortbred, Sceptre, was nominated as the Liberal candidate and A. E. Duffy, of Abbey, representatives of the Grain Growers at the nominations here today. These two will contest the byelection Monday, June 26, in Happyland constituency, when a successor to the late Stephen Morey will be elected to the provincial legislature.

Tests of Time

Forty years hence what will the tableware you buy today be worth?

Generously heavy and correctly designed, Birks' sterling silver may gain intrinsic as well as sentimental value through the passage of years.

When plate and lightweigh sterling have passed away, your Birks Sterling will be as lovely, useful and valuable as when you bought it.

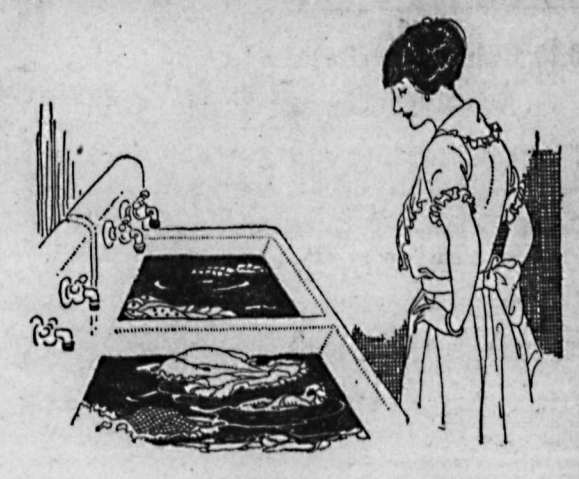
THE TEA



A few Minutes at Night Saves Hours on Wash Day

A few minutes at night—just the little time you need to put the clothes to soak in rich, soapy cleansing Rinso suds—

Saves you hours of rubbing, and wearing out the clothes and yourself on a metal washboard next day, because you just rinse the dirt away—the clothes are already washed by Rinso.

Do not pour the Rinso straight into the tub. Make the Rinso liquid first—this is very important—Then it guarantees wonderful results.

IF YOU USE A WASHING MACHINE

Soak your clothes in the Rinso suds as usual—for one hour, two hours, overnight, or as long as convenient, then add more Rinso solution and work the machine. Rinse thoroughly and dry—you will have a clean, sweet, snow white wash.

A Tribute to the Willis Piano

Willis Piano Stores, Ltd.

June 16th, 1922.

Dear Sirs:—It gives me a great deal of pleasure to give you a few lines of commendation regarding the Willis Piano. At our engagements in Trail, Nelson and Creston, a Willis piano was placed at our disposal. The tone and the action are all that can be desired and I can assure you that I would indeed consider it a great stroke of fortune to see a Willis at all our Chautauqua engagements.

With all best wishes for Willis success and incidentally yours, I am,

Sincerely,
MARLEY SHERRIS,
Baritone and Accompanist with the Adanac Quartet of Toronto.

Factory Branch, 304 Baker Street.

Go to Meeting By Autos and Boats

BURTON, June 18.—The regular meeting of the Women's institute was held at the home of Mrs. C. Hiltz, at Graham's Landing, on Wednesday afternoon, the members going by cars to Canola Landing, then crossing in boats, and all present reported a good time.

GRAND FORKS NOTES

GRAND FORKS, June 16.—Joe Galipeau went to Trail on business on Monday.

Mr. Newell, manager of the Spokane Concrete company, is in the city again.

Andrew Borland of Vancouver arrived on Monday to visit his brother, D. G. Borland and Mrs. Borland.

Mr. and Mrs. Cook, foreman of the concrete plant, returned from a business trip to Spokane on Monday.

H. L. Mackenzie left Tuesday for Nelson to attend the meeting of the Kootenay institute.

HEADS THAT ACHE AND PAIN

It is hard to drag along with a head that aches and pains all the time.

In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

BURDOCK BLOOD BITTERS

which has been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

Miss Clara Murphy, Centre Dummer, Ont., writes: "My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."

BAGS BIG BEAR AT GRAY CREEK

School Teacher Can't Bear Bears; Bowls Bruin Over With Bullet

GRAY CREEK, June 17.—"I can't bear bears," said Miss Constance Martin, as she stroked the glossy hide of her recent big game trophy. By day Miss Martin is fully employed teaching the Gray Creek young idea how to shoot. By dusk, however, she hunts bear and shoots herself.

The bear in question is a fine, big one, with a splendid hide, and Miss Martin has lain in wait for him many nights. He has been very shy about coming out from the brush and has fed only at the extreme edge of the clearing. The other night he felt bolder and came out a way on to the clover meadow belonging to Val Smith. Miss Martin fired carefully and knocked him down.

She then gave him another shot, but he lurched off into the bush, where he fell growling. When followed he rose again, blundering and crashing about in the almost complete darkness of the thick woods.

Almost Falls Into Dying Hug.

It was impossible to see him and Miss Martin had decided to give up the search until daylight, when on her way through the thicket she almost fell into his dying hug. The bear was left until the next day, when he was duly skinned and stretched.

BURTON NOTES

BURTON, June 18.—J. Evans of Winnipeg is visiting his brother-in-law, Robert Len, for a few days on his way home from California.

H. E. Parker of Calgary, W. Hayes of Olds, Alt., and J. Murphy of Saskatoon are visitors here, with a view of settling.

Mr. and Mrs. George Yerex and J. C. Daniels motored to Nakusp Tuesday.

Capt. F. P. Armstrong, who is superintending the repair work being done on the wharf, left on Friday to spend the week-end in Nelson.

Mr. and Mrs. F. W. Smith and Master Garnet Smith, who have been the guests of Mrs. R. Stevens, left for their home in Malakwa on Thursday.

J. Levy, road superintendent, was a visitor in town this week, and it is understood repair work will be started on the road at once.

Miss Kathryn Kantz left Wednesday for Spokane, Wash., to attend the funeral of her father, William Kantz who died in St. Luke's hospital on June 12.

BULL RIVER NOTES

BULL RIVER June 17—The Canadian Pacific railway mills received a carload of small pigs yesterday. These will be distributed around the camps to consume the refuse.

During the past few warm days the water in the Bull river has risen two inches. In all probability the water has reached its highest peak for this season.

G. Hacking, who has been employed at the mill for the past few months, left for Wardner Monday to take a position as fisherman.

The Tourist hotel dining room will open Thursday. This branch of the hotel has been closed down for the past few weeks undergoing repairs. There is also a garage being built on the north end of the main building.

Mrs. A. C. Neily left for Yahk Wednesday to spend a few days with friends there. She will return Sunday.

E. Horne, resident manager of the C. P. R. mills, was in town today on a trip of inspection. He left for Cranbrook Thursday.

B. E. Markle received a carload of flour and feed Monday.

A. C. Neily trapped a flying bat Sunday, measuring about nine inches in length.

J. N. Murphy, the newly appointed roadmaster of the K. C., is very anxious to locate his family here instead of Windermere and will, providing he can secure suitable accommodation.

L. S. Murdoch, superintendent of the C. P. R., spent Thursday in Fort Steele.

Nimrods Have Good Sport With Bears

GRAY CREEK, June 17.—Gray Creek is at present surrounded by thriving settlements of black and brown bears, which are getting bolder and bolder. It is untrue, however, that a large black one took a ham from Lewis' smokehouse and called at the kitchen door for a pot of mustard.

The following people have bagged their bear this season: Miss Constance Martin, J. Binge, George Oliver, Douglas Birkbeck and Leonard Clark. J. J. Peter of Crawford Bay also came in for a day's visit and went out that night with two cubs.

Popular Rancher Leaving District

BURTON, June 18.—Stewart Smillie has sold his fine fruit ranch to Messrs. Gettie & Sutherland. Mr. Smillie will be missed very much in the district, although for the past year he has not enjoyed good health. He was always ready to help in any way for the good of the district.

Mr. Gettie has lived for several years at Avon Park, but his partner, Mr. Sutherland, has just arrived recently with his family from Scotland.

FERNIE WINS OVER MILLMEN

Defeats White Spruce in East Kootenay League Affair; Ault Still Undefeated

East Kootenay (Eastern) League.

	Won.	Lost.	Pct.
Fernie	5	0	1.000
White Spruce	2	2	.500
Michel	2	3	.400
Waldo	0	4	.000

FERNIE, June 18.—Holding the White Spruce batsmen scoreless for eight out of the nine innings in the East Kootenay league game here last night, Ault of Fernie maintains his undefeated record and Fernie won easily by a score of 7 to 1.

Fernie opened the scoring in the first inning, when B. Wilson, first man up, got a single, was sacrificed to second, went to third on a passed ball and scored when Barger missed a pitched ball and threw wild to the plate. Fernie added another run in the second. In the third the Spruce made things a little exciting. After having two men down they filled the sacks, but Ault pulled himself out of the hole by striking out O'Dell for the third out.

Fernie got their first really earned run in the sixth, when Shand got a single and scored when McTeer doubled to center. R. Colton, following McTeer, connected for what seemed a sure hit. O'Dell took a flying leap at the ball, grabbed it and then touched second for an unassisted double play.

Ault was again in a tight corner in the seventh, when the Spruce filled the bases, but airtight fielding retired two batters and C. Colton retired Bishon for the third out when he made a running one-handed catch of Bishop's long fly to center.

In the eighth the Spruce broke their goose egg when Barger singled and scored on O'Dell's double. O'Dell went to third when Zeith singled. Crumley popped out. R. Colton relieved the pressure when he caught Ruschal's Texas leaguer and tossed to first, catching Zeith off the sack.

Fernie put the game on ice in their half of the eighth when an error, three singles and a double gave them four runs. In the ninth Peters attempted to start a batting rally for the Spruce by hitting out a two-bager but was held at second till the end. Score: R. H. E.

White Spruce	1	9	7
Fernie	7	8	1

Lineup.

White Spruce—Bishop, ss; Barger, c; O'Dell, 2b; Zeith 3b; Crumley, 1b; Ruschal, lf; Schroeder, rf; Horsman, cf; Peters, p.

Fernie—B Wilson, ss; Dunlap, 2b; Shand, 3b; McTeer, c; R. Colton, rf; C. Colton, cf; Ashton, 1b; T. Wilson, lf; Ault, p.

Summary.

Sacrifice hit—Dunlap. Two-base hit—O'Dell, Peters. McTeer 2. Ashton. Double plays—O'Dell (unassisted), R. Colton to Ashton. Base on balls—Off Peters 1, off Ault 1. Hit by pitcher—By Ault 1. Struck out—By Peters 11, by Ault 6. Dropped third strike—Barger. Wild throw—Zeith. Passed ball—Barger. Earned runs—White Spruce 1. Fernie 4. Time of game—1 hour 55 minutes. Umpire—McLeod.

WARDNER, June 18.—Sunday, June 11, was an excellent day for baseball, warm and sunny, and the crowds were very impartial in their rooting. Credit was freely given to both sides and it was most deserving, as the brand of baseball put up by both teams was well worth going a long distance to see.

The result of the game was: Wardner 3, Cranbrook 1.

Lineup: Wardner—N. Dickens, ss; D. Mouat, 1b; H. Thompson cf; R. Mitchell, p; W. Mickens, c; Charles Hamrin, rf; L. Chase, 3b; B. Embree, 2b; E. Thompson, lf. Cranbrook—Argue, c; Bamford, ss; Crowe, 1b; Sang, 2b; Green, p; Sother, cf; Spence, 3b; Armstrong, lf; Drummond, rf.

Umpires—Brown and Simpson.

Concert and Dance Proves Delightful

HARROP, June 18.—A most successful concert and dance was given by Miss Ina Truscott in the Sunshine Bay hall last night. All the numbers were very pleasingly rendered and Miss Truscott spared no efforts to make the evening the success it was. Following is the program:

Piano solo, Miss Truscott; instrumental trio, Mrs. Ashby, H. Fairbank and Miss Truscott; recitation, Miss Grace Keefe; piano solo, Miss Katherine Ferguson; vocal solo, J. Taylor; violin solo, H. Fairbank; instrumental trio, Mrs. Ashby, H. Fairbank and Miss Truscott; vocal solo, Miss Elsie Truscott; tableau, "In Flanders Fields" Misses Elsie Truscott and Laurie Anderson, Masters Bertie Fitchett and Bobby Keefe; piano duet, Misses Mary McKenzie and Margaret Smellie; comic songs, with banjo, George Truscott; cello solo, Mrs. W. S. Ashby; piano solo, Miss Margaret Smellie; fancy dance, Miss Betty Edgecombe; instrumental trio, Mrs. Ashby, H. Fairbank and Miss Truscott; jazz medley, the Harrop talent.

The floor was cleared and dancing was kept up until 1 o'clock. Refreshments were served by Harrop Women's institute.

Strawberries Are Early At Invermere

INVERMERE, June 17.—R. Randolph Bruce, R. Sec., F. R. G. S., of this place, returned from Nelson on yesterday's train from the south. He is the president of the British Columbia Mining association of the interior of the province and had just been in that city attending a meeting of the members.

He was delightfully surprised when he found that for his evening dinner he had the pleasure of strawberries in abundance plucked from his garden, grown this year in the open air. They were of the Everbearing variety and, according to the best information to hand, their production on this date beats all records of the province for this year, not excepting the "more favored parts."

Sir William Beach, the special representative of the London (Eng.) Times returned from his expedition into the surrounding mountains yesterday and left this morning via Golden to continue his tour of inspection to the various British possessions around the world.

HARROP NOTES

HARROP, June 18.—W. S. Ashby arrived from Calgary today with a car of settlers' effects.

H. E. Mahood of Queens Bay visited with H. Fairbank and family on Thursday.

Mrs. A. T. Davis and daughters, Misses Lillian and Elva Davis arrived on the Crow boat this evening from Seattle, Wash., and will visit with Mrs. Davis' father, J. W. Britton.

Swordfish attain a length of 15 feet, of which the sword occupies three.

Social Happenings In Nelson

Mrs. M. J. VIGNEUX is Social Editor of The Daily News and conducts this department. All news of a social nature, including receptions, private entertainments, personal items, marriages, etc., will appear in this column. Telephone Mrs. Vigneux.

Miss Ethel Morrison, Silica street, was a delightful hostess on Saturday afternoon at the tea hour to a number of her girl friends. Among them were Miss Creina Horstead, Miss Marion Tait, Miss Audrey Blanchard, Miss Olla Blanchard, Miss Esther Scott, Miss Eileen Dill, Miss Florence Hoare, Miss Eulalie Gagnon, Miss Janet Carrie, Miss Jean McKenzie Turner, Miss Erma Brown, Miss Charlotte Douglass, Miss Grace McDonald, Miss Gertrude McDonald, Miss Florette Choquette, Miss C. N. Burridge, Miss Hezel Laurie, Miss Frances McHardy, Miss Gladys Jelfs and Miss Kathleen Black.

• • •

On Saturday, at the home of Mr. and Mrs. J. P. Morgan, Fairview, a delightful evening was spent, the guest of the evening being Miss Esther Scott, daughter of Mr. and Mrs. George Scott, also of Fairview, who leaves on July 4 for Spokane, where she intends entering the Deaconess hospital to take the three-year course in nursing.

During the course of the evening a presentation to Miss Scott was made by Fred Hartwig, in the shape of a beautiful gold pencil. Dancing was indulged in and later dainty refreshments were served by the hostess, who was assisted by Mrs. George Scott, and Mrs. Dronsfield cutting the ices.

• • •

A very pretty handkerchief shower was given last evening by members of the Excelsior club at the home of Mr. and Mrs. J. A. McDonald, Mill street, in honor of Miss Lillian McDonald and Miss Therma Ross, who are leaving shortly for Spokane, Wash., to enter a three-year training course in St. Luke's hospital. The guests were Miss Maud Simons, Miss Charlotte Notman, Miss Madge Godfrey, Miss Nellie McKenzie, Miss Tena McKenzie, Miss Katie Wallach, Miss Jean Forin, Mrs. A. Oliver, Mrs. E. Keatley, Miss Iva Choate, Miss Georgia Stewart, Miss Lillian McDonald, Miss Gertie McDonald, Miss Jessie McDonald, Miss Therma Ross and Miss Edith Ross, Miss Annie McDonald and Miss Till.

• • •

A delightful miscellaneous shower was given in honor of Miss Pearl Dowswell of Regina, sister of Mrs. Frank Hawthorne of this city, yesterday afternoon at the residence of Mrs. James O'Shea, Silica street, whose spacious living rooms were beautifully adorned with pink and white peonies. The daintily arranged tea table was artistically decorated with a centerpiece of yellow columbine and California poppies, which was most effective. Mrs. J. H. D. Benson did the honors by presiding at the tea table, Mrs. Alexander Leith cut the ices, and assisting the hostess in serving the dainty refreshments were Mrs. John Cartmel and Mrs. C. W. Appleyard. Miss Dowswell, whose marriage is to take place on Wednesday, received many beautiful and serviceable gifts.

• • •

At the lower tennis court on Saturday afternoon a splendid crowd gathered to enjoy the games which kept the courts busy until the early part of the evening. Miss Beryl Graham and Miss Violet Hamilton were the hostesses of the afternoon, and the guests were Mrs. C. Brawn, Mrs. S. J. Towgood, Mrs. E. C. Wragge, Miss Tinks Irvine, Miss Mildred Irvine, Miss Beers, Miss Greta Steeves, Miss Erma Ferguson, Miss Helen Hodgson, Miss Genevieve McMahon, Miss Violet Towgood, Miss Cornish, Miss Kathdleen Irving, Miss Freda Hume, Miss Jeanette Higginbotham, Miss Vera Walley, Miss Margaret Wilson, Harry Robinson, C. Brawn, A. E. Allan, H. Acomb, Tom Gibson, Guy Smith, Gordon Keatley, Eugene Poulin, Mr. Meston, Mr. Whaley, Mr. Keyt, T. A. Jones, R. Towgood, James Benson, Charlie Driscol and J. Brawn.

• • •

St. Joseph's school annual entrance class picnic took place yesterday at Ross' ranch, at Grohman creek, where the pupils enjoyed the day's outing, being escorted by Jim and Jack Madden in their motor boat Shamrock to and from the picnic grounds. Among those present were Miss Annie O'Neill, Miss Joyce Dean, Miss Isobel Shaw, Miss Clare Madden, Miss Mary Snow, Miss Edna Marquis, Miss Nettie Nicoletti, Miss Millie Nicoletti, Miss Evelyn Bilton, Miss Helen Scanlan and Ada Buckley, and Wilfred Devitt, Jack Madden, Jim Madden, Edward de Kinder, George Marquis, Robert Riesterer and David Graham.

• • •

Mrs. Andrew Balcombe of Fairview was admitted to the Kootenay Lake General hospital Saturday and is doing nicely.

• • •

Miss R. Craig of Edinburgh, Scotland, who has been visiting Mr. and Mrs. J. D. Fogco of Josephine street, for the last month, left for New Denver and Nakusp yesterday morning for short visits, prior to sailing for the homeland on July 5.

• • •

Ian Gilroy of Willow Point was a week-end visitor in the city, the guest of James Gagnon, Silica street.

• • •

Mr. Hendrie returned to his home in Burton City after being a patient for two weeks in the Kootenay Lake General hospital.

• • •

Commander and Mrs. M. J. Harrison returned to their home at Crawford Bay on yesterday afternoon's boat.

• • •

Mr. and Mrs. R. J. Johnson of Slocan City were week-end visitors in town and registered at the Strathcona.

• • •

Mrs. H. P. Paldicutt of Trail was a visitor in town on Saturday.

• • •

William F. Reid, accountant of the Ymir road staff, was a week-end visitor.

• • •

Arthur Lakes, who has been up at Sheep Creek for some time, came to town on Saturday.

• • •

Crozier Bourke leaves tomorrow from Crescent Bay for Windsor, Ont., where he will join Mrs. Bourke and daughter Eileen and sail from Montreal on July 1 for England.

• • •

Miss Beatrice Harkness of Meagher & Co's staff is enjoying a couple of weeks' holiday.

• • •

P. Cram of the Consolidated Mining & Smelting company at Trail, returned home yesterday after spending a couple of days in otwn.

• • •

Dr. J. W. Frank, the Vancouver veterinarian is registered at the Hume. He lived in Nelson for many years.

• • •

Clarence M. Lightbody of the Canadian Bank of Commerce staff left Saturday night for the coast, where he will spend the holidays with his parents.

• • •

Robert Pickering leaves this morning for Napato, Wash.

• • •

G. F. Pritchard of Trail and party motored to town on Saturday.

• • •

• • •

H. E. Wade of Trail spent Saturday in town.

• • •

Rev. F. Yolland of Trail came in on Saturday to take part in the city tennis tournament.

• • •

Miss Bella Lamont of Calgary, formerly of this city, is visiting with her sister, Mrs. Thomas Osterburn of Fairview.

Tea and Shower For Bride-to-Be

WILLOW POINT, June 18.—On Thursday afternoon a very enjoyable out-of-doors tea was given by Mrs. Stackpool in honor of Miss Winnifreth, cousin of Mrs. J. F. Thompson of Willow Point.

Miss Winnfreth is shortly to be married to Norman Denny, and after a trip to Spokane they will settle at the Point.

Mr. Denny has just completed a very pretty bungalow on the property lately purchased by him.

After a delicious tea had been served the guests were invited indoors, where a shower of miscellaneous articles awaited Miss Winnifreth. The table was heaped with interesting looking parcels, which, on being opened, were found to contain many beautiful and useful presents.

The room was beautifully decorated with flowers, a large bell of spirea hanging over the table on which gifts were placed. Miss Winnifreth made a graceful acknowledgment on behalf of Mr. Denny and herself.

At the close of the shower tea was served by Mrs. Stackpool, assisted by Mrs. Boyer, Miss Denny, Miss Thompson and Miss West.

Some of the guests present were Mrs. J. F. Thompson, Miss Thompson, Miss Denny, Mrs. Boyer, Mrs. West, Miss West, Mrs. Applewhaite, Miss Applewhaite, Mrs. J. Campbell, Mrs. Dickson, Mrs. Masters, Mrs. Greenwood, Mrs. H. G. Greenwood, Mrs. I. C. Campbell, Mrs. Gilroy, Mrs. Emory, Mrs. Townshend, Mrs. MacGuire, Miss Mayhe, Mrs. C. Shannon, Mrs. Edwards, Mrs. Poupore, Mrs. Ross and Mrs. Scott.

GRAND FORKS NOTES

GRAND FORKS, June 18.—Reggie Hull returned to Kitchener on Tuesday after spending a month with his parents, Mr. and Mrs. George Hull.

Malcolm Henderson returned from Victoria on Friday, where he was called suddenly when his parents were injured in an auto accident.

Mrs. and Miss Pennoyer returned on Friday night from an extended visit in the east.

Microbes 2000 years old have been found in papyrus of Ptolemies time.

Markets and Finance

Mexicans Soaring Rest of Market Is Rather Unsettled

NEW YORK, June 19.—Trading in today's stock market showed no material alteration from recent unsettled movements. Dealings scarcely totalled 735,000 shares.

Further spectacular movements in Mexican Oils were the outstanding features. Mexican Petroleum scored an extreme advance of 17½ points to the year's record price of 163¼, closing at a net gain of 14¼ points. Steels, equipments, motors and shipping followed the same uncertain course, gross advances of 1 to 3½ points in these issues suffering general impairment at the last half of the session.

Studebaker, one of the day's foremost features, retained only a small part of its 3 point rise.

Steady reaction marked the day's trading in foreign exchange, the British rate falling almost five cents from last Saturday's final price. French, Italian and Belgian bills dropped 15, 10 and 8 points, respectively.

Montreal List

MONTREAL, June 19.—A better tone was again apparent in today's trading on the local stock exchange.

Brazilian led in activity and was up ¾c on the closing price of 47¾. Second in activity was British Empire Steel second preferred, which closed up 3¼ at 33.

Montreal Power was third and closed unchanged at 92½. The greatest loss of the day was in Hochelaga Bank, which was off 2½, at 148.

Toronto Board

TORONTO, June 19.—There was a fairly heavy accumulation of British Empire Steel second preferred on the local stock market today and the price advanced 3½ to 33¼. The common was unchanged at 11½. Twin City eased off ⅛ to 52.

In the unlisted section, Imperial Oil suffered a relapse of four points to 111. British American Oil was down one.

Trading in bank stocks was light and Victory bonds were quiet.

FIX SURCHARGE ON FREIGHT.

OTTAWA, June 19.—The surcharge on international freight for the remainder of the month of June is fixed at one-half of 1 per cent.

Zero was the founder of stoicism, 340 B. C.

Surinam toads attain a length of about a foot.

Suggests Clause to Protect Those Marketing Wheat

OTTAWA, June 19.—The house went into committee on the resolution providing for the establishment of a wheat board.

Hon. A. K. MacLean, Liberal, Halifax, said that there should be a clause in the resolution providing protection for those who were at present engaged in marketing wheat. Mr. MacLean said that when the Wheat Board bill came before the house, he would move the inclusion of such a clause. He vigorously protested against the legislation. He did not believe in it and did not think that it should be imposed upon the people unless an opportunity, such as a plebiscite, was given for an expression of opinion.

Progressive Criticizes.

R. M. Johnson, Progressive, Moose Jaw, criticized the suggestion of the amendment of Mr. MacLean, which proposed to provide that those who lost through contracts made prior to the legislation coming into force, be recompensed therefor.

Mr. Johnson did not see why special industries should be protected, but at any rate conditions had changed since the wheat board had been in operation previously.

Mr. MacLean explained that in that case, too, wheat could be obtained from the board. He denied that this board was being forced on the people without their consent. The provinces had to ask for it before it would come into operation.

M. McDonald, Liberal, Pictou, put on record his opinion that the proposed legislation would not be sustained by the courts.

Wheat Declines as Weather Improves

CHICAGO, June 19.—With harvesting widespread and weather auspicious, the selling side had the advantage today in the wheat market.

Prices closed heavy, 1⅜c to 1¾c net lower, with July $1.10 to $1.10⅛ and September $1.10¾ to $1.10⅞. Corn finished ¼c to ½c down. Oats unchanged to ½c higher and provisions unchanged to 12c up.

BRINGING UP FATHER By George McManus

COULD EAT BUT FEW BITES OF FOOD EACH DAY

Victoria Woman Says She Suffered So From Stomach Trouble She Would Nearly Scream—Gives Tanlac Full Credit for Her Complete Recovery.

"I was on the verge of nervous prostration, but now, thanks to Tanlac, I feel so well it seems almost too good to be true," said Mrs. F. Shaper, 1436 Quadra street, a lifelong resident of Victoria, B. C.

"I was taken down with influenza and afterwards was all run down with my stomach badly upset. My appetite left me and a few bites once a day was about all I could eat. My back ached so bad that I had to lie down two or three times a day. I was so nervous it was all I could do to keep from screaming and headaches nearly drove me to hysterics.

"Three bottles of Tanlac gave me such a fine appetite that I can hardly get enough to eat. I am free from pains and my nerves are calm and steady once more. I am only too glad to give a word of praise to this grand medicine."

Tanlac is sold by all good druggists.

Expects Record Crowd of Balltossers Tonight

Manager Jack Ryan of the Nelson senior baseball club, who now has his mind set for a real live baseball nine to represent Nelson in future games, expects to start the ball rolling tonight, when he will put the locals through a workout.

Mr. Ryan stated last night that all the players in the city have not been would like to see the following on the fould like to see tne following on the grounds this evening: Grant, Bruce, Brennan, Langill, McDaniels, Moddrell, Anderson, Bush, Desireau, Notman, Hoskins, Richardson, O'Neil, Richardson, W. Curran, J. Curran, StDenis, Scanlan, Hartwig, Bradshaw.

"We have the material in this town for a first class nine, and if this material will only turn out we will be able to put Nelson on the baseball map," stated Ryan yesterday.

In the spawn of a codfish no fewer than 3,500,000 eggs have been found.

DODGERS STAGE RALLY IN NINTH

Nose Out Pirates in Thrilling Play; Cubs Lose; Cardinals Beat Giants

NATIONAL LEAGUE

	Won	Lost	Pc.t
New York	37	21	.638
St. Louis	33	26	.559
Pittsburgh	28	26	.518
Brooklyn	31	29	.516
Chicago	27	29	.482
Cincinnati	28	29	.467
Boston	24	30	.444
Philadelphia	19	34	.359

BROOKLYN, June 19.—Johnston's single, followed by Decatur's sacrifice and Wheat's single, scored the winning run in the 14th inning and enabled Brooklyn to defeat Pittsburgh 6 to 5 today. The Dodgers staged a thrilling rally to tie the score in the ninth, scoring four runs on three doubles and two singles.

	R.	H.	E.
Pittsburgh	5	11	0
Brooklyn	6	13	4

Batteries—Glazner, Hamilton and Gooch; Vance, Decatur and Deberry.

PHILADELPHIA, June 19.—A home run drive by Pinch Hitter Peters scored two men ahead of him in the ninth and gave Philadelphia an 8 to 6 victory today over Chicago. In the Cubs' half of the same inning with the score tied, Pitcher Kaufman, formerly of the Winnipeg Maroons, smashed out a home run with Wirtz on base.

	R.	H.	E.
Chicago	6	8	3
Philadelphia	8	9	1

Batteries—Stueland, Kaufman and Wirtz; Weinert, Winters and Henline.

NEW YORK, June 19.—St. Louis hit Douglas hard in the early innings today and made it two straight from New York, 5 to 4. Hornsby failed to hit safely, but scored his fiftieth run, the first National leaguer to reach that mark.

	R.	H.	E.
St. Louis	5	9	0
New York	4	10	2

Batteries—Pfeiffer and Ainsmith; Douglas, Causey, V. Barnes and E. Smith.

Chinese, six centuries before Christ, performed surgical operations.

From 1881, 1834 strikes threw 3,714,400 persons out of work.

The stone age existed among the Eskimos until the 20th century.

HUTCHISON HAS BEST GOLF CARD

British Open Champion Leads Field in Qualifying Round

SANDWICH, England, June 19.—Jock Hutchison, the British open golf champion, today led the field in the qualifying round of the tournament in which he is defending his title. Playing over the Prince's course, Hutchison turned in a card of 71 strokes for the 18 holes, 33 out and 38 home.

Walter Hagen and Joe Kirkwood went around in 75, while Jim Barnes required an 82 and Edward Van Vleek, of Garden City, made a 90.

Wethered Turns in 73

Aubrey Boomer, of the St. Cloud club, Paris, played a brilliant round in 72, as likewise did Harry Vardon, while Roger Wethered, one of the English amateur stars, scored a 73, being tied with seven others at this figure.

Cyril Tolley and Captain Carter, two amateurs, had 77 and lay in seventh position. Willie Hunter made a 79 and George Duncan 81. Jack White scored 77 and James Braid, 79. W. R. Bourne of Stockport, made a 73 and T. Walton, of Lytham-Stannes, 74. C. Mayon, on the Royal St. George's course, turned in a card of 78, while Abe Mitchell, on the Prince's links made a 75. A Havers went around in 76 and Tom Walters in 74. Edward Ray had an unlucky day, his score being 81. J. H. Taylor could do no better than 80.

All But Nine Start

Two hundred and twenty players had entered the tournament and all except nine statred. The 80 men having the lowest aggregate scores in the qualifying rounds of today and tomorrow will be eligible to compete for the open championship.

Indian Tennis Players Defeat Rumanians in Elimination Matches

BECKENGHAM, England, June 19.—In the elimination Davis cup play between India and Rumania here today, A. A. Fyzee, of the Indian team defeated Nicholas Mishu, Rumania, 3-6, 5-7, 6-4, 6-4, 6-0.

India also won the second game, Fyzee defeating M. Stern, Rumania, 6-0, 6-1.

WESTERNERS QUALIFY FOR CHAMPIONSHIP

Calgary and Winnipeg Golfers Among the First Thirty-two

HAMILTON, June 19.—Two contestants from western Canada, J. T. Cuthbert of Winnipeg and Jackson Walton of Calgary, today qualified among the 32 to enter the first round of the Canadaian amateur golf tournament at the links of the Hamilton Golf club. The qualifying round was at Medal play over 36 holes, 18 in the morning and 18 in the afternon. The qualifying scores ran from 153 to 169. Cuthbert took 164 and Walton 166.

In the draw tomorrow, Cuthbert will play with C. B. Grier of Montreal, and Walton will meet William Hodgson, Montreal.

Seven entrants, who tied at 169, will play off tomorrow for three places, after which the first round will commence.

Toronto Man wins Gold Medal

Chief honors of the day go to W. J. Thompson, of Toronto, who, by his aggregate of 153, wins the gold medal for the lowest score in the qualifying round. Thompson played sterling golf. His two rounds include a majority of the holes done in par, with a couple of birdie twos.

Thompson turned in his wrong score a little while after S. Lyon had completed the double trips in 154. Lyon also played consistent golf, doing both the eighteens in 77.

Champion Not in Form

The champion, Frank Thompson, began the day brilliantly, registering a par 73 for the morning. Nothing he did seemed to be right in the afternoon, as his total for nine holes—45— showed. He steadied down a little after that and finished the round in another 40, but his lapse lost him the gold medal, which the other players, after his morning round, thought nobody stood a chance of winning from him. Westerners who played today with their cards follow:

	A.M.	P.M.
Arthur Macaw, Winnipeg	102	90-192
J. Walton, Calgary	78	88-166
J. T. Cuthbert, Winnipeg	80	84-164

YANKEES' LUCK OUT OF JOINT

Babe Ruth Ejected; Browns Still Climbing; Tigers Strong; White Sox Win

AMERICAN LEAGUE

	Won.	Lost.	Pct.
St. Louis	37	23	.616
New York	35	26	.573
Detroit	32	28	.533
Cleveland	30	30	.500
Chicago	29	30	.491
Washington	29	32	.475
Philadelphia	22	31	.415
Boston	22	34	.393

CHICAGO, June 19.—An eighth inning rally today enabled Chicago to shut out Washington 2 to 0 in a pitching duel between Schupp and Mogridge. The fielding of Ernie Johnson was a feature.

	R.	H.	E.
Washington	0	4	0
Chicago	2	6	0

Batteries—Mogridge and Gharrity; Schupp and and Schalk.

DETROIT, June 19.—Detroit won its seventh straight game today by defeating Boston 11 to 9 in a slugging match. Heilmann was stopped in the fourth by Fullerton after making 10 consecutive safe hits. Pratt hit a homer over the score board in the eighth with two on bases.

	R.	H.	E.
Boston	9	12	1
Detroit	11	15	1

Batteries—Quinn, Fullerton, Percy and Ruel; Stoner, Oldham, Johnson, Dauss and Bassler.

ST. LOUIS, June 19.—The Browns strengthened their hold on first place by one game today by defeating Philadelphia 3 to 2. This puts the locals two and a half games ahead of New York.

	R.	H.	E.
Philadelphia	2	6	4
St. Louis	3	6	1

Batteries—Heimach, Naylor and Perkins; Kolp and Severeid.

CLEVELAND, June 19.—Cleveland defeated New York today 4 to 2, making it eight straight defeats for New York. Mails pitched brilliantly until taken out for a pinch hitter in he eighth. He struck out nine batsmen, including Babe Ruth, twice. Ruth, however, hit a homer with none on in the first inning. Ruth was ejected from the game by Umpire Dineen for disputing on Nunamaker at second in the eighth.

	R.	H.	E.
New York	2	7	0
Cleveland	4	10	1

Batteries—Mays, Jones and Hoffman; Mails, Uhle and O'Neill.

ESKIMOS TRIM BRONKS IN EXHIBITION AFFAIR

EDMONTON, June 19.—Donnelly pitched shut out ball for Edmonton and won the first of the exhibition series between the Eskimos and Calgary Bronks, survivors of the Western International league, here tonight.

	R.	H.	E.
Calgary	0	3	0
Edmonton	2	7	2

Batteries—Connell and Battilina; Donnelly and Kenna.

GAME RESULTS IN WALKAWAY

McLearies Clean Up on Bankers in Rather Slow Footer Contest

CITY LEAGUE SENIOR FOOTBALL.

	P.	W.	L.	D.	Pts.
McLearies	6	5	1	0	10
St. Saviours	5	2	1	2	6
Bankers	6	1	3	2	4
Corinthians	5	0	3	2	2

In a rather slow and uninteresting football game last evening the McLearies ran away with the Bankers, and beat them up to a tune of five to nothing. The Macs are now safely anchored at the top of the city senior league for the first half.

The first half was not bad from the spectators' point of view, some good work being done by both teams. Play was more even and the Macs were forced to extend themselves to gain what counters they could.

Combination play was more in evidence with the Macs, and the majority of their tallies were from combination rushes. Boyd, McLaughlin and Bowkett worked nicely together, Boyd in particular doing some fine work as right forward, his passes to center being well placed, resulting in a couple of tallies. Wilson, Keatley, Oliver and Fraser were outstanding as the harder workers for the Bankers. Bolton missing several good chances to score.

McLearies Press From Start

Play opened with the Macs well on the ball, a shot from Bolton, a combination play from Pitts and Welch almost resulted in a score. Notman, however, was equal to the occasion, but almost lost again when McDonald shot in a quick return which Oliver intersepted. Desireau ,too, had his little troubles, and was called upon to save two shots in rapid succession from Wilson and Fraser.

McDonald collected the first tally for the Macs when he received a pass from Boyd, and drove the ball into the net. Notman being unable to save. The second score came when Boyd shot. The ball passing between Simpson's arms to Notman, who handled it perfectly, but carried it behind the bars on clearing. The last point in the first half came when Boyd passed to center to Bowkett, who headed the ball into the goal for number three.

Second Half Very Slow.

The second half was far slower than the previous one, the Macs seeming to have things their own way, scoring almost at will. Bowkett added another point when Whaley misjudged McDonald's pass. A long shot from well out by Pitts resulted in a goal when Whaley tried to head the ball, which glanced into the net.

The Bankers at this point seemed to lose heart, Desireau handling out any shots they did send in with ease. One setback experienced by the Bankers was the absence of Lane as back, he being kept out of the game by an injured shoulder.

J. Kirk handled the whistle, and A. Woods and R. Campbell acted in the capacity of linesmen.

The teams lined up as follows:

Bankers.	Position	McLearies.
Notman		Desireau
	Goal	
Whaley		Brown
Oliver		Metcalfe
	Backs	
StDenis		Pitts
Simpson		Spiers
Fraser		McKenzie
	Half Backs	
Poole		Boyd
Bolton		Welch
Wilson		McDonald
McLaughlin		Bowkett
Keatley		Anderson
	Forwards.	

Pari Mutuel at Winnipeg Pays Good Dividend

WINNIPEG, June 19.—Western horses again figured prominently in the second day's racing of the Winnipeg Driving club today when a mixed program of running and harness events was carried out. Probably the feature of another good afternoon's sport was the victory of Alma De Forest, in the third heat of the 2:25 pace, when the mutuels paid out $89.25 for two loddar tickets.

Orange Bars, from Saskatoon, won an unexpected victory in the 2:25 pace after an extra heat. Paddy Patchen, an Edmonton horse, captured the other harness feature, but dropped the last heat on the wire. In the running events, Lady Edmonton, ridden by Gross, was set back after winning the five furlong dash, for foul riding. He bumped Humma, ridden by Martin. The track was fast and some good time was made.

Summary

2:25 pace or 2:30 trot, one mile heat—Orange Bars, J. F. Kennedy, Saskatoon, won; Lou Axtell, E. A. McKellar, Edmonton, second; Alma De Forest, McMillan, Winnipeg, third. Time, 2:17¼.

2:17 pace, one mile heats—Paddy Patchen, W. Gillespie, Edmonton, won; Our King, Cooney, Connors Creek, Alta., second; Matilda Lou, Cartar, Fort Frances, Ont., third. Time, 2:18¾.

Four furlongs dash—Luckey Hayes, Lloyd and Barn, Dayton, Wash., won; Yorkie, Pioneer stables, Calgary, second; Moorwood II., Vogt, Emmerville, Cal., third. Time, :50½.

Five furlongs dash—Humma, C. C. Emmert, Calgary, won; Volima, Mrs. J. McFarlane, Calgary, second; Sharp Squirrel, J. Lewis, Dayton, Wash., third. Time, :59½.

Six furlongs—Colonel Boyle, Mrs. George Addison, Calgary, won; Prairie, Emmert, Calgary, second; Charles C., Owen, Edmonton, third. Time, 1:16½.

Ted Lewis Kayoes Australian Champ in Eleventh Round

LONDON, June 19.—Ted (Kid) Lewis, English middleweight champion, knocked out Frankie Burns, Australian middleweight champion, in the eleventh round of their bout here today. Empire.

The contest was for the middleweight championship of the British

At the sound of the gong, both men began fighting in earnest. Burns had the worst of the infighting. Lewis was the better man at close quarters but Burns was superior in long range work.

In the fifth, Lewis landed some terrific body blows. Burns vainly tried to hold off his opponent, but the English fighter would not be denied.

The referee in the seventh and eighth rounds repeatedly ordered Lewis to break away in the clinches. In the ninth, Lewis landed a hard left to Burn's jaw, flooring the Australian. Burns took a long count, but was groggy when he rose. Just as the bell rang he received a hard uppercut which shook him up badly.

In the 11th, the Australian was showing considerable speed in his footwork when Lewis landed a right hand punch to the jaw which sent him down and out.

The mortality of sunstroke is about 50 per cent of those affected.

The Pennsylvania anthracite coal strike of 1902 cost $147,000,000.

Ford built his first farm tractor in 1887 from an old wagon body.

Senior Lacrosse Team to Be Chosen Tonight

Nelson's senior lacrosse enthusiasts are confident they will breeze through with another victory on Wednesday, when they meet the Trail gutted stick squad in the Smelter City in a third West Kootenay league fixture.

Manager Benwell is looking for a repetition of the game of June 7, when the locals romped home victors. A final practice is called for tonight at 6:30 o'clock, when the official Nelson lineup will be chosen.

Warning To Drivers!

It is an established fact that most automobile accidents are the result of fatigued eyes, caused by continuous strain on the eyes. Especially so, when they are handicapped by defects.

Just think of the tremendous amount of work the eyes are subjected to when driving. There are times when the eyes will close against the will of the driver. It is then the accidents happen.

Come in and let us tell you more on this subject.

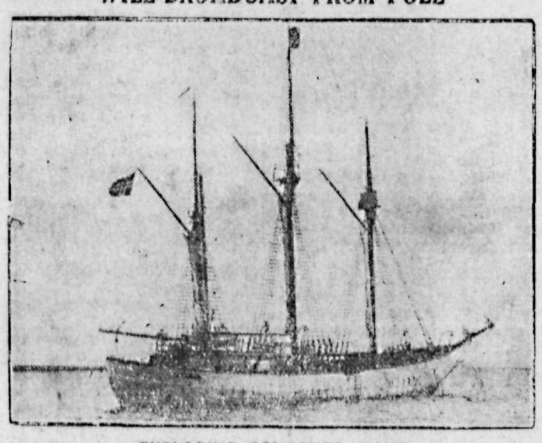
MORNING DIVORCE; AFTERNOON WEDDING!

SIR GEORGE BURY AND HIS NEW WIFE

This photograph of the former vice-president of the C. P. R. and the former Mrs. Doris Blumenthal of Sao Paulo, Brazil, was taken just before their marriage a few days ago in Reno, Nevada. Mrs. Blumenthal secured a divorce in the morning and married Sir George in the afternoon. It is her third matrimonial venture.

WILL BROADCAST FROM POLE



EXPLORING SCHOONER MAUD

Here is Captain Roald Amundsen's schooner Maud, which set out from Seattle last Saturday on the first lap of her six-years' drift over the Arctic circle. Maud will wireless reports to civilization every day, beginning next October. Her call sign is LWZ, wave-length 600 meters for spark and 2000 metres for continous wave. Under exceptionally good atmospheric conditions next winter it is possible some local amateurs will hear messages from the exploration party.

Minstrel Troupe At Willow Point Pleases Audience

WILLOW POINT, June 18.—On Friday evening St. Saviour's minstrel troupe gave an entertainment at Crystal hall, the proceeds from which are to be donated to the church at Willow Point. The performance went off without a hitch, without a dull moment from beginning to end.

Edgar Mason was received with great enthusiasm, having been heard here on former occasions. The end men were exceedingly good and kept the audience in roars of laughter with their jokes and antics. The tembourine artist at the right end was much admired on account of his noble mouth.

Leslie Craufurd was heartily received, as usual. He was very cleverly imitated by his son, Clifford, who gave a most amusing rendering of several of his father's Scotch songs.

Master Arthur Joy and George Cherry sang very sweetly in their clear treble voices. A few of the songs and choruses given were:

"Down the Trail," Mr. Metcalf; "I Know Where the Flies Go," H. Eperson; "O'er the Billowy Sea" Nelson Ball; "Georgia," Frank Striuger; "Roses of Picardy," Victor Graves; "Pliny," Edgar Mason; "Songs My Mother Used to Sing," Arthur Joy and George Cherry; "Do I, Yes I Do," Mr. Choyce; "Old Fashioned Mother of Mine," bones and tambourine.

A male quartet, consisting of Messrs. Eperson, Ball, Graves and Metcalfe gave "Comrades of Hope" and responded to a well merited encore with "Old Kentucky Home." The Rev. Norman Larmenth played most of the accompaniments.

The performance ended with an amusing negro sketch, "Waxination Gratis," by the members of the company.

FARCE AT CHAUTAUQUA PLEASES GOOD HOUSE

Playing to the largest audience of the Chautauqua season in Nelson, the Metropolitan Players, under the direction of Joseph D. Reedy, staged the fascinating farce, "Mrs. Temple's Telegram," which was received with genuine pleasure, judging by the heartiness of the applause that rang continually throughout the play.

Fun and hilarity reigned supreme, and clean cut humor, punctuated with anxious moments that developed into a laugh, kept the audience in a state of uproar, due to the comical situations and complications that arose.

The fun centerd in the Temple home the day after Mr. Temple had unavoidably stayed out all the night previous, and owing to the disbelief his wife put in his story, she sends a telegram to the ficticious friend he mentioned in his excuse.

Complications followed in rapid succession, and it was not long before three happy homes were set in chaos due to the telegram of Mrs. Temple, which was misinterpreted, but in the end everything, with a simple explanation, was set right.

The players were all artists of undoubted ability, and presented the farce in so worthy a manner that it produced a 100 per cent evening's enjoyment.

The cast of characters were:

Mrs. Temple ... Madeleion Armistead
Mrs. Fuller ..... Lucille Johnson
Mrs. Brown ..... Lola Davis
Jack Temple ..... Arthur Verner
Wiggson ..... Frank Iveson
Mr. Brown ..... Reymer Reid
Frank Fuller ..... Howard Walsh

ASK VARIATION IN VERNON PLAN

Deputation Wants Only Single Roadway; Council Hears Many Delegations

A variation of the plan of the Vernon street improvement in the block between Hendryx and Cedar streets was adopted before the city council last night by one of the numerous deputations that, in the aggregate, took up the first hour and a half of the council's session J. W. Holmes and W. B. Bamford, the deputation in question advocated abandonment of the plan for having a central boulevard with roadways on either side of it, in favor of a single roadway up the center, flanked by granolithic pavements to be built on the local improvement principle, while wide boulevards, to be maintained by the property-owners, would stretch from the granolithic walks to the street line.

Mr. Bamford pointed out that the existing water, sewer and gas mains were right in the path of the street surveyed for the south side, and that a central roadway would avoid this handicap.

Messrs. Holmes and Bamford wanted an immediate answer, or at least an assurance that the original plan would not be rushed through.

MacLean Partly Dissents

When the matter was later reached in its turn, W. R. MacLean, who had come in after the exit of the "pro" deputation, gave the "con" of it, asking that the council do nothing radical until all the property owners in the two blocks from Hendryx street east had been consulted. Mr. MacLean made it plain he did not object to a central roadway, but that the portion of the Holmes-Bamford suggestion that involved considerable expense to the property owners in the two blocks was in his estimation in the doubtful category.

It was ascertained from Contractor Fred J. Dawson that $12 had been spent yesterday under the original plan, and that it was intended to put 20 men at work this morning in that section.

Mr. Dawson agreed to put the men elsewhere for this morning, to permit the council to reach a definite decision on the matter.

Alderman A. S. Horswill expressed the view that the central roadway would be sufficient for all purposes.

Adjourn to This Morning

The council will hold an adjourned session this morning at 10 o'clock, to see what success the petition being circulated by Messrs. Holmes and Bamford is having.

A bylaw fathered by Alderman Kenneth Campbell, to purchase from W. R. MacLean the portion of his property required for the diversion of Edgewood avenue for $2500, and the adjoining corner from the lot next east for $250, was put through its various stages.

John R. Newell, manager of the Spokane Concrete Pipe company, which, for the past year has had an active factory at Grand Forks, addressed the council on the merits of this pipe, for the Fairview sewer system.

Many Petitions

There were numerous other petitions or matters with reference to the public services requiring the use of the streets.

A petition from F. Pezeril and four others, for gas on the upper portion of Falls street, was referred to the gas committee.

J. W. Fox and three others wrote asking the council to take up the matter of giving a better water supply up he hill in and beyond the city limits.

After a discussion of the principle involved, in which Mayor McHardy held that domestic service came first, and Aldermen Cunliffe and Horswill argued that the consumers inside the city came first whether their requirements were for domestic supply or lawn service, the question was referred to the fire, water and light committee, with power to act.

I. R. Poole was present to ask from the council permission to erect a frame garage close to his house.

P. Hunden was also before the council to ask for an extension of the water service to his house.

Both these requests were referred to the appropriate committees.

Those present were Mayor C. F. McHardy and Aldermen L. H. Choquette W. M. Cunliffe, George Turner, A. S. Horswill and Kenneth Campbell.
