VOL. 21. NELSON, B. C., TUESDAY MORNING, SEPTEMBER 5, 1922. NO. 117.

LEAGUE OPENS THIRD SESSION BEFORE CROWD

Little Promise of Dramatic Interest, but Plenty of Animation

PERU STARTS UP MILD SENSATION

South American Delegates Give Death Blow to Czecho-Slovak Boom

GENEVA, Sept. 4.—The third assembly of the League of Nations, which was formally opened at 11 o'clock this morning, outdid both its predecessors in the number of delegates and spectators present, while the animation on the floor before the opening was greater than ever before, even though the session gave little promise of producing dramatic interest.

These things are interpreted by the leaders of the league as most favorable to the success of the session, indicating that interest in the league is growing.

There was for a time the promise of a mild sensation in connection with today's opening, thanks to a movement on the part of Peru which gave birth to a short-lived boom for Dr. Eduard Benes, premier of Czecho-Slovakia, for the presidency of the assembly.

Approve Chilean

The South American delegation, however, gave this movement a death blow at a meeting during the recess, at which they approved unanimously the candidacy of Augustin Edwards of Chile.

Thus the election of Senor Edwards becomes virtually aforegone conclusion, and in the balloting this afternoon he received 42 votes out of the 44 states which had presented credentials to the assembly. The other votes were cast, one for former President Motta of Switzerland and the other for Juan Carlos Blanco, Uruguayan minister to France.

Appoint Six Committees.

In planning the work of the session the assembly decided to distribute the labor among six committees, as it did last year. These committees are: First, on costitutional and juristic questions; second, on technical organisation; third, on reduction of armaments; fourth, on finances; fifth, on social and general questions; sixth, on political questions.

A special committee of five members was appointed to consider whether supplemental questions should be put on the agenda. These questions include Lithuania's protest against the Vilna plebiscite. The Polish delegates object to this question being considered.

Paderewski Watches.

Former Premier Paderewski of Poland, who was one of the most prominent figures at the first assembly of the league, followed today's porceedings with Mrs. Paderewski, from the public gallery.

The report of the credentials committee showed that the following nations were represented at the opening: Argentina, Bolivia, Honduras, Nicaragua, Salvador, Peru and Luxembourg.

Confidence Men Busy in Montreal During Week-End

MONTREAL, Sept. 4.—Confidence men have been very active over the week-end. Fred Dubalt, of St. Paul, Minn., and A. K. Knox of Saskatoon were the victims.

Mr. Dubalt was relieved of $650. He met two strangers yesterday afternoon who informed him that they were two of the official entertainers of the city of Montreal. He being a stranger, they invited him to take a ride in a motor car with them.

On a street unknown to Dubalt, his two new friends got out of the car and began an argument. They finally drew Dubalt into it. He got out of the car. Immediately the two men attacked him, he told the police, and stole from him $650 which he carried in a pocketbook. When he came to the police he bore marks of the encounter.

Mr. Knox of Saskatoon had a similar experience, losing $450, the "entertainers" grabbing his wallet as he was making change.

Surrender of Irish Rebels Only Terms Will Be Accepted

DUBLIN, Sept. 4.—As the time for the meeting of the Irish parliament approaches renewed rumors are in circulation of plans to bring about peace between the government and the Irregulars. It is pointed out that the nucleus of a possible peace party exists in a combination of the Labor party and the Independents, but in government circles there is no talk of any compromise, the essential condition of peace being declared in these circles to be surrender on the part of the Irregulars.

The four parliamentary vacancies caused by the deaths of Arthur Griffith, Michael Collins, Charles Burgess and Harry Boland will afford the electors in widely separated districts the opportunity for a clear pronouncement on the Anglo-Irish treaty and the government's policy. Michael Collins' seat seems likely to be filled by Diarmid O'Hegarty, who probably will be taken into the cabinet.

REVIEW GERMAN TROOPS

President Ebert (front) and Chancellor Wirth of Germany review troops in Berlin on third anniversary of German republic.

DE VALERA AND CHILDERS TAKE HAND IN FIGHT

Rebel Leaders Direct Operations From Farmhouse Closely Guarded

DUBLIN, Sept. 4.—Eamonn de Valera and Erskine Childers are believed to have participated in a battle near Kilworth, county Cork, on Saturday. During a conflict, in which National troops defeated a superior number of Irregulars, a guard of 17 of the latter kept close watch over a farm house, from which the two rebel leaders are believed to have directed the operations.

The Republican campaign of ambushes and destruction continues, but on a smaller scale than in the past.

During the week-end two bridges were blown up near Detterkenny and the hay crops of many farmers in South Tipperary were burned.

Castle Gore Burned

Castle Gore at Ballina, the historic Mayo seat of the earl of Arran, was burned to the ground on Saturday. Sixteen armed men presented themselves at the gate at 2 o'clock in the morning and covered the caretakers with revolvers while they set fire to the castle. The great building was soon in flames and valuable antique furniture and works of art were destroyed.

A few casualties are reported almost daily in the ambushes of small bodies of National troops.

The Nationalists captured a Republican flying column in the mountain passes of Glendoran, Donegal county, without firing a shot and also seized a large ammunition dump on the Irregulars.

Leaves Squaws, War Paint and Feathers to Senator M'Garry

ST. PAUL, Sept. 4.—Fifteen Indian squaws, 10 buckets of war paint, several bales of feathers and other incidentals were willed to State Senator Patrick H. McGarry of Walker, Minn., by Chief Schmoe-Omi-Mom of the Leech lake reservation in northern Minnesota, who died recently.

The chief called Senator McGarry to his death bed and informed him that he was leaving his worldly possessions, including the squaws, to the senator, who had befriended the chief on numerous occasions. The senator is undecided as to what he will do about it.

Delegates Assemble for National Conference on Unemployment Problems

OTTAWA, Sept. 4.—With delegates here from every province of the Dominion except Prince Edward Island, everything is prepared for the opening tomorrow morning of the national conference on unemployment problems. Representatives of the federal government will confer with representatives from the different provinces in an effort to solve this difficulty and to forestall as far as possible the recurrence of unemployment crisis year after year.

RACING IDENTITY KILLED.

COLUMBUS, Ohio, Sept. 4.—William Swearingen of Springfield, a familiar figure at race tracks throughout the country, died Saturday from injuries received when thrown from his sulky while exercising a horse at the Columbus driving park on Thursday. His skull was fractured.

SEA CASUALTIES ARE HEAVY FOR QUARTER

LONDON, Sept. 4.—(By Associated Press.)—Lloyd's Register of Shipping records the loss during the last quarter of 1921 of 99 steamers and 68 sailing vessels, representing 117,929 and 38,138 tons, gross, respectively. The causes are given as wrecked, foundered, collisioned, burnt, missing, abandoned, lost, and condemned.

Of this total seven steamers and 17 sailing vessels were of American register. Holland had no losses during the period under notice.

Vessels under 100 tons are excluded from the return.

Will Commemorate the Bicentenary of Sir Christopher Wren

LONDON, Sept. 4.—(Associated Press)—Sir Christopher Wren's name is indissolubly linked with St. Paul's cathedral, in the crypt of which his body was laid almost 200 years ago, and on Monday, February 26, next, a notable gathering in St. Paul's will commemorate the bicentenary of his death, which occurred on February 25, 1723. The Royal Institute of British Architects has the matter in hand, and a committee has been appointed to arrange the details for the memorial service. This committee consists of representatives of government departments and of the great archaeological, artistic and scientific societies of London, also representatives of the leading universities.

It is proposed to organize a procession from the Mansion House to St. Paul's, which will be followed by a service at the cathedral and a visit to the tomb of Sir Christopher. The president of the Royal Institute for British Architects will lay a wreath on the tomb. On a tablet over a doorway leading thereto is the well-known epitaph in Latin to the effect that the cathedral is Sir Christopher's monument, and under this tablet will pass many of the present notable men of Great Britain.

Prepare for Pageant

The architectural schools in London have been invited to produce a pageant illustrating the period of Sir Christopher Wren, preparations for which are already under way among these being the Royal Exchange and the famous Bow church, with its bells proclaiming all within sound thereof to be Cockneys. It is hoped by this means to draw attention to some beautiful examples of the work of the great architect, and to stimulate still further the increasing interest in architecture displayed by the general public.

Born at East Knoyle, Wiltshire, on October 20, 1632, the son of a clergyman, Sir Christopher Wren achieved renown as an astronomer, as well as an architect. He was professor of astronomy at Gresham college in 1657, and professor of astronomy at Oxford university in 1660. His undying fame, however, is connected with St. Paul's cathedral, which he designed and built.

Was Very Versatile

Sir Christopher's opportunity came with the destruction of a large part of London as a result of the great fire of September, 1666. Almost all the churches in London were swept away, by the flames, and old St. Paul's was left in ruins. Sir Christopher was commissioned to rebuild the cathedral. The first stone of the new cathedral was laid in 1675 and the last stone in 1710. Sir Christopher made designs also for 50 other churches which had been burned.

The many-sided genius of this remarkable man, who was a scientist, as well as an architect and astronomer, included statesmanship. He was a member of the house of commons from 1685 to 1700.

Fire From Screened Auto Into Coach of Big Railroad Four

CINCINNATI, Sept. 4.—A group of men in a closely curtained automobile fired a bullet into a building in the Big Four's railroad railroad coach yards here today and several railroad guards who occupied the building narrowly escaped being struck. The guards returned the fire and are of the opinion that one of the autoists was hit, for as the machine was driven rapidly away a scream of pain was heard. The guards pursued the automobile for some distance but lost the trail.

PROPOSE EMERGENCY COAL CONTROL

WASHINGTON, Sept. 4.—Emergency control of distribution and prices of anthracite coal will be taken soon by Secretary Hoover at a conference in Philadelphia with operators and miners engaged in the industry, it was said today at the commerce department.

LABOR DAY QUIET IN CHICAGO

CHICAGO, Sept. 4.—Labor day passed quietly in Chicago, the one meeting scheduled being called off because no one attended. There were no parades, no demonstrations, virtually no gatherings of any kind.

TWO WARSHIPS REACH SMYRNA FROM BRITAIN

Turk Rapid Advance Alarms; Battleships Protect British Interests

GREEK CASUALTIES RELATIVELY SMALL

Anxiety Felt for Large Christian Element in War Area

SMYRNA, Sept. 4.—Two British battleships, the Iron Duke and the King George V., have arrived for the purpose of protecting British interests.

The Turkish advance continues, the entire line of the Greeks withdrawing without fighting. Towns and villages in the path of the retreat are being burned and thousands of Christian refugees are approaching Smyrna, where the churches and schools are already filled. Many are arriving in a starving condition, the women and children especially showing marked signs of suffering. The continued reverses to the Greek army have caused profound depression among the populace. Kiutayab, which is next in importance to Eski-Shehr and Afiun Karahissar, has been completely invested by the fast moving Turkish Nationalists, whose army is in a high state of enthusiasm and jubilation.

The fall of Ushak and even of Brusa is not unexpected.

Retreat Nearly 200 Miles

Since the Turkish offensive began the Greeks have retreated nearly 200 miles. The Greek casualties are said to have been relatively inconsiderable, but the suddenness and the intensity of the Turkish drive has caused the Greeks to disperse precipitately and the commanding officers are having difficulty in grouping their scattered legions.

Grave fears are expressed for the safety of Smyrna. If the Turks capture Ushak they will be on the main railway line to Smyrna, which is about 150 miles westward.

Anxiety is felt for the large Christian elements in the war area.

Fear Turk Riprisals

It is feared the Turks may take reprisals against them for the action of the Greek army in burning scores of Turkish villages on its advance toward Angora.

The nonresistance and the apparent apathy of the Athens government toward the invasion of the Turks is bringing forth great resentment among the residens of Symrna, a considerable portion of whom are British, American, French and Italian. They say that the folly of King Constantine in diverting 50,000 of the best troops of Greece to Thrace in a vain endeavor to realize his Constantinople enterprise, may cost Greece the whole of Smyrna.

Find Mother Guilty of Killing Children

WOODSTOCK, N. B., Sept. 4.—A coroner's jury, empanelled at Argyle, Carleton county, here yesterday, found that Mrs. Allan Boyd was responsible for the death of her two children, Charles and Myrtle, who were discovered Sunday morning in their bed with their heads crushed to a jelly.

Mrs. Boyd is 32 years of age. About eight years ago she was in the provincial hospital for some time.

She will be given a preliminary hearing on Tuesday.

University Women to Hold Next Conference in Some Western City

MONTREAL, Aug. 4.—The next triennal conference of the Canadian Federation of University Women will be held in a western city to be decided upon later, it was agreed at a meeting of the organization which concluded its deliberations in the Royal Victoria college on Saturday afternoon. August, 1923, will probably be the month in which representatives of women's colleges from the whole Dominion will meet to consider their problems.

Admits Killing Michael Collins

TOM HALES

Who, it is said, accepts the responsibility for the ambush of Michael Collins and repudiates it, throwing down his arms and offering to join the National forces.

POLITICIAN'S OFF-MOMENTS

W. J. BRYAN FISHING IN FLORIDA

MONTREALERS HEADING WEST UPON A TOUR

Accompanied by British Members of Parliament Reach Port Arthur

PORT ARTHUR, Ont., Sept. 4.—One hundred and fifteen Montrealers, accompanied by 12 prominent British members of the parliament, who are making a tour of Canada in celebration of the centennary of the Montreal board of trade, arrived here today on the Canadian Pacific steamer Assiniboia. Following a reception the party left for Fort William and will continue westward, spending Tuesday at Kenora and Wednesday at Winnipeg. They will go to the Pacific cost.

Take Trip Around Harbor

On arrival here, the party was taken for an automobile tour of the city and later on a boat trip around the harbor, where the visitors inspected the industrial plants.

At a luncheon tendered by the Port Arthur board of trade, addresses were given by Mayor Matthews, T. N. Andrew, president of the board of trade; F. H. Keefer, former undersecretary of state; William Birks, president of the Montreal board of trade; Rt. Hon. the Earl of Strafford; George Perring, M. P. for Paddington, England, and others.

Mr. Keefer dwelt on the west's attitude toward the St. Lawrence-Great Lakes waterways project.

Conference Invitations on European Affairs to Include United States

PARIS, Sept. 4.—Invitation to the proposed conference discussion of interallied debts and the German indemnity, to which Premier Poincare referred in his recent reply to the note of the Earl of Balfour, probably will be issued by the Belgian government instead of the French, it was said today.

Meeting to Be in Brussels

It is now certain that the United States will be asked to attend the meeting which will be held in Brussels. Although the French government fully realizes that there has been no change in the attitude of the United States government regarding the remission of debts and participation in European affairs, the view is expressed that the United Staes will no doubt want to be represented in at least a passive manner at the conference which is to discuss and, if possible, settle the eventual size of the German indemnity and will discuss the cancellation, wholly or partially of the war obligations of the various nations.

The middle of November is now mentioned as the probable date of the meeting and it is hoped that by that time the United States will have decided to participate actively.

Mill and Main Shaft O'Brien Silver Mine Completely Destroyed

COBALT, Ont., Sept. 4.—Cobalt today suffered the most costly mine fire in the town's history, when the mill and main shaft house of the O'Brien silver mine were completely destroyed, the estimated loss being about $250,000, the mill alone contributing about $175,000 of the total. The destruction was practically complete within about one and one-half hours after the discovery of the blaze about 2 p. m., but for hours thereafter smoke continued to pour from the ruins. No lives were imperilled, the mine being closed on account of Labor day.

This will throw out of work about 100 of the 170 men employees, of whom about 35 worked in the mill itself. The O'Brien has another shaft, No. 6, at which work mill be available tomorrow for about 70 men.

LONDON, Sept. 4.—Lord Astor's colt Tamar was today scratched from the list of entries for the St. Leger, which will be run on September 13.

The colt was injured in one leg recently and recovery, it is said, has not been as rapidly as had been hoped.

THREE GREEK ARMY CORPS IN RETREAT

Turks Advance in Ismid Sector; Within 12 Miles of Brusa

ADANA, Asia Minor, Sept. 4.—Three Greek army corps in the Eski-Shehr section of the Greco-Turkish front have been dispersed and almost annihilated by the Turkish Nationalists, according to dispatches received here today from Argora, the seat of the Kemalist government.

The Greeks are retreating in disorder and the Turks have advanced in the Ismid sector to within 12 miles of the Brusa, the dispatches said.

Communists Attack Police in Western Suburbs of Berlin

BERLIN, Sept. 4.—Serious rioting continued in Charlottenburg, a western suburb of Berlin, yesterday, following the arrest of a Communist leader, when bands of young Communists attacked the guard of the police station in an endeavor to liberate him.

Several on each side were injured and a shop near the police station was wrecked.

Regent of Jodhpur State Dies Suddenly

SIMLA, British India, Sept. 4.—General Sir Pertab Singhji, regent of Jodhpur state, died suddenly today of heart disease.

General Singhji was born in 1845. He introduced far-reaching reforms in every department of the state of Jodhpur and suppressed crime and otherwise worked for the benefit of the people. Through the construction of large irrigation works under him the country was protected against the famines to which it had been chronically subject.

Agricultural Bloc Starts Drive to Maintain Tariffs

WASHINGTON, Sept. 4.—A concerted drive has been started by leaders of the farm tariff bloc in house and senate to prevent material reduction in the high agricultural rates fixed by the senate in the tariff bill.

One of their purposes is to continue the 30 per cent wheat duty of the senate measure. Prominent house agricultural leaders predict the senate agricultural rates will be retained with little or no reductions.

PLACE NEARLY 4000 ON FARMS

CALGARY, Sept. 4.—Nearly 4000 farm hands were placed on Alberta farms during the month of August, according to the monthly report issued by the Alberta provincial labor bureau. More than half of these were distributed from Calgary. Edmonton sent out 622 and Lethbridge 848. The authorities say the peak has been passed and will have no large demands to fill.

STRIKE GAS IN BURNWELL WELL

CALGARY, Sept. 4.—Gas in considerable quantity was encountered when the Barnwell well, in the Taber field of the Calgary Gas company, came in at a depth of 2500 feet early Monday morning.

The Barnwell well is the company's third well in this field. It is reported that the flow of gas will approximate 3,000,000 feet, although quantities of mud and water must be bailed out before an accurate estimate can be made.

Pennsylvania Railroad Runs a Year Without Passenger Being Killed

CHICAGO, Sept. 4.—The Pennsylvania railroad operated throughout the year ending May 31 without a passenger being killed in a train accident, according to a statement made by the company here. In that time, the statement said, 152,000,000 passengers were carried by 1,400,000 passenger trains over more than 11,000 miles of road.

EXPLOSIONS MAY BE SIGNAL FROM ENTOMBED MEN

Entertain Hopes Trapped Miners in Argonaut Mine Are Alive

OFFICIALS DECLINE TO DISCUSS MATTER

Insist at Least Three Days Required to Reach Men Trapped for Week

JACKSON, Cal., Sept. 4.—Jackson was still thrilled with the report that explosions had been heard which were apparently answering signals from the 46 miners who have been entombed in the Argonaut mine for a week, although officials in charge of the work declined to discuss the matter and insisted Thursday was the earliest date on which the men could be reached.

The list of missing men was reduced to 46 today by the discovery that one of the men supposedly underground in the Argonaut mine had quit shortly before the explosion and gone to work at the Kennedy mine. As his name had not been taken off the Argonaut payroll it was at first believed he was entombed.

Radio Is the Thing of the Hour; Listen to This Program

Below is tonight's radio program to be broadcasted from The Daily News station, operated by the Canadian Auto & Electric company, from 8:30 to 9:30, Nelson time:

Records loaned by courtesy of Heintzman & Co.

1. "Fiddle and I," soprano, Alma Gluck.
2. "Gavotte," violin, cello and piano, McKee's Trio.
3. "Carnival of Venice," pianoforte, Ferdinand Himmelreich.
4. "Kai Maiaoka Maoli," march, Hawaiian Guitars.
5. "O Sole Mio," baritone, Alan Turner.
6. "Smile Through Your Tears," tenor, Lambert Murphy.
7. News items.
8. "Oh, Helen," one-step, W. Eckstein's Strand Trio.
9. "Marche Francaise," Victor Military Band.
10. "Giannina Mia," soprano, Lucy Isabelle Marsh.
11. "Scherzo in E Flat Minor," harp solo, Albert Salvi.
12. "Head Over Heels," fox trot, Joseph C. Smith's Orchestra.
13. News items.
14. "Stars of the Sea," reverie, Florentine Quartet.
15. "Popular Songs of Yesterday," part one and two.
16. "The Fountain," piano solo, Alfred Cortot.
17. Special requests.

Good night.

Conciliation Board Said to Recommend Reduction of Wages

MONTREAL, Sept. 4.—The Montreal Star today says that the conciliation board which recently heard evidence in the railway shopmen's wage dispute has submitted its report to the minister of labor. The majority report is said to have been signed by Alexander Smith, K. C., chairman, and Isaac Pitblado, K. C., representing the railway companies, and to suggest that the wage reduction made by the companies some time ago be again put into effect until the dispute in the United States has been settled.

James Simpson, representing the unions, is said to have submitted a minority report strongly dissenting.

HUMANITY IS PRIMAL LAW

Montreal Barrister Discusses Economics Before Engineemen's Board

"Is Economic Equality Possible or Desirable?" was the subject discussed by Howard S. Ross, K. C., D. C. L., of Montreal, in a notable addres before the Dominion legislative board of the Brotherhood of Locomotive Firemen and Engineemen, at Montreal a few days ago. The speaker was chairman of the board of arbitration which settled the differences recently between the men's clothing industry and the cloak and suit industry in Montreal:

"While keeping our feet upon the ground," he said, "we must seek out a new basis for our economic structure, which shall give us an equitable scheme of payment for services or medium of exchange. Such a change can be brought about not by noise and shouting, not by complaints and denunciation, not by the formation of parties, not by the making of revolutions; but by the awakening of thought and the progress of ideas.

Must Have Right Thought.

"We cannot have right action until we have right thought. When we have right thought right action will follow; and no permanent worth while change can be brought about quickly—it must be by agreement and by consent as the result of education. People must be convinced that the universal impulse to seek the satisfaction of our desires along the lines of least resistance will as surely lead to harmony and goodwill under equitable conditions as to inharmony and all its evils under inequitable conditions. Once convince people of that fact and they will wish to adopt an equitable plan—one which will give equal freedom and equal opportunity. Every act of every person is an effort to better their condition. If they knew that equity would better their condition they would try to get it. We often seek to take advantage of our fellows, hoping to better our condition. That is ignorance. We are held down by our ignorance and our short-sighted selfishness.

"Education should precede politics. An increasing number are beginning to see that our public men are doing, on the whole, all they can do under the present economic system. They are as anxious as any of us to improve conditions, but anyone who knows what forces play about the places were laws are made must know that; oftener than not such forces are too much for our representatives. As a result, governmental acts are, inevitably, a series of compromises. The sooner we grow up in our political thinking and understand that blaming our public men is not a solution, the more real progress we will make. The age old cry, 'Send more men,' has not and will not help us. We must, by agreement, change our economis system. I repeat; education—thorough and fundamental—must precede politics.

Need Full Acceptance.

"No one can be dogmatic as to a solution and it seems as though most people are not so greatly concerned as to how quickly we may find some plan which would likely be agreed upon as being clearly acceptable to all. The great concern seems to be, is it possible to find an equitable plan which will give us equal opportunity so that all will have plenty and none be out at a disadvantage?

"Many persons everywhere have been studying plans put forward from time to time. Among others, is the equitist plan, the founder of which is a veteran economist, W. E. Brokaw, editor of the Equitist, issued at Watts, Los Angeles county, Cal. The gist of it is that instead of having a commodity as the basis of the dollar, we should have one hour of adult human labor. This, it is claimed, would give us pure money, free from the tribute element and would make the natural resources free from price. This would enable everyone to obtain all the land each could put to its best use without the payment of purchase price, rent or any other consideration. Also anyone would be able to use all the money each needs without the payment of interest or any other consideration. It is also claimed that the fixing of the price of every product in this way would displace the law of supply and demand from its present abnormal function of price fixing and restore its true function; that of determining when, where, how and by whom production will be conducted.

"The claim is also made that with one hour of adult human labor as the basis of the dollar, individual initiative would be preserved—also private property; but the basis of property would be an act of production easily appraised, rather than an act of a legislature.

Claim for Cooperatoin.

"The hope is that cooperation, clearly impossible except to a very limited extent, under our present system, would be the natural thing. It is further claimed that such a system would give us self-government in place of the rule of some over others which, try as we may, gives us such pitiful results.

"Students of this philosophy, and it is merely that at the moment, realize that, even if the proposals in time are thought by many to be sound and worthy of a trial, it can hardly be adopted in our lifetime. We are too prone to prefer what we think to be the short cut; we must hurry regardless as to whether we are going in the right direction. There is only one right direction. There is only one right way and we must find it. The laws of human association are as immutable as other laws of nature. Evidently we are not obeying them or we would not be in such a chaotic state. Instead of continuing that great obsession, the profit incentive, we must have as the basic idea of industry the supplying of the legitimate needs of all and the growing of men and women who shall have every opportunity to make the contribution to the work of the world which it was intended they should make, but which, under our inequitable system, they so seldom do make.

"The laws of production have been pretty well conquered and the great task now seems to be, mastering the laws of distribution and human association.

A Natural Feeling.

"Too often, when a change in our social order is suggested, people who are comfortable and who by special privilege are able to get work of others for permission to use the bounty of the Creator—normally free and undoubtedly intended for the use of those who apply their labor to it—feel that such a change means putting them in a worse position than at present. That feeling is natural under our present system. We are now all of us filled with the fear of want and naturally fearful that any change would be for the worse.

"If we can—and we must if civilization is to be saved—find a plan which will make it as easy for one as for another to share the bounty of nature; we should be able to make enough savings to make us all comfortable in our declining days. If we swap work only and allow the natural resources to pass on to the ultimate consumer, it does seem clear that war and strikes—now inevitable regardless of the good intentions of the employers and employees—would be a thing of the past and the resultant savings would amount to billions of dollars each year. The lack of cooperation and conflicting interests in every direction, mean unaccountable billions of dollars waste and this could be saved under an equitable system.

"If we can agree on the general principles, the details can be worked out. Our methods of doing things are never static; but the fundamental laws of nature are static. Our job is to adjust ourselves properly to the never changing laws of nature. We have a world of plenty, filled with people inherently good. Surely, in time we will find a plan under which the ills from which we now suffer will be overcome."

LADIES' WEAR SPECIALISTS

SHE HAS RAISED A FAMILY OF TEN

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY NEVER FAILED HER

Mrs. Ervin W. Stairs, East Waterville, N.B., writes:—"I have raised a family of ten children and have always used Dr. Fowler's Extract of Wild Strawberry for summer complaint, and it has never failed.

"Four years ago, when the cholera was about, some of my neighbors called in the doctor, but could get no relief. I told them about 'Dr. Fowler's,' and after taking it they were soon well again. I also used it for two of my own children at the same time when they were passing blood, and a few doses soon made them well."

If you want to be on the safe side ask for Dr. Fowler's Extract of Wild Strawberry, and insist on getting what you ask for. There are many imitations on the market, so be sure and get the original "Dr. Fowler's;" price, 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Beecham's Pills Keep you fit

One of the Winners Said

One of the writers in the recent letter-writing contest said: "I always considered the old style Pacific Milk superior to any other brand, especially for cooking purposes etc. I did not think it could be improved. I find that on account of its increased richness it is cheaper than the old style in spite of the slight increase in the price per tin."

This is quite true. Pacific actually costs less to use now that each can contains 43 per cent fresh cream.

Weddings

BLOOMER-FOX.

Miss Margaret E. Fox, daughter of Mr. and Mrs. R. Fox of Rossland, was married to Percy T. Bloomer at the family residence at Rossland yesterday afternoon by the Rev. Mr. Robertson of the Anglican church. The wedding was quiet on account of a recent bereavement in the groom's family. Miss Muriel Ellis was bridesmaid, and G. Gillespie, brother-in-law of the bride, was best man. The couple left on the train for Vancouver and the coast cities. They will take up their residence in Rossland, Mr. Bloomer being on the Consolidated Mining & Smelting company's staff there. A large number of presents certified to the popularity of the young couple, the bride being a resident of Rossland since childhood.

COLVILLE TRIMS TRAIL TEAM

Labor Day Ball Game Results in Shut Out Over Smelter City Squad

TRAIL, Sept. 5.—Trail and Colville ball nines played a good exhibition of ball yesterday at Trails Labor day celebration. The players from over the line were, however, too classy for the smelter city team, who went down to defeat by a 7-0 score. Hydorn of Colville twirled a nifty game and was accorded excellent support.

Umpire Moddrell announced the batteries as follows: Colville, Hydorn and Hattrup; Trail, Patton and McIntyre. Colville took the field.

First Inning.

Trail—Drew fanned. Howard and Butorac out on hard grounders to Raftis, who threw them out at first. No runs.

Colville—Graham fanned. Raftis walked. Hydorn hit sharply to Maze, who let it through his legs, Hydorn taking second and Raftis third. Underwood hit to Drew, who threw Raftis out at the plate, Hydorn taking third. Hattrupp safe on Drew's error, Hydorn and Underwood scoring. Moss fanned. Two runs.

Second Inning.

Trail—Henry fouled out to Hattrup. McIntyre got to first on Rogers' error, went to second on a wild pitch and stole third, where he rested while Morgan and Maze fanned. No runs.

Colville—Exley hit over the right field fence for two bases and scored a moment later on Maze's bad error on Laird's grounder, the latter taking second. Rogers out, Drew to Henry. Graham his Drew, who erred, letting Graham on and scoring Laird. Graham stole second. Raftis out to Butorac. Hydorn hit a liner to left, on which Graham attempted to score, but a fine throw by Butorac to McIntyre cut him off by yards. Two runs.

Third Inning.

Trail—McDonald hit the first ball pitched over the right field fence for two bases, but went out trying to steal third. Patton fanned. Drew safe on Graham's error, but went out stealing, Hattrup to Rogers. No runs.

Colville—Underwood and Hattrup singled and pulled a double steal, putting Underwood on third and Hattrup on second. Underwood scored on a wild pitch, Hattrup taking third. Moss fanned. Exley grounded to Drew, who help Hattrup up on third while he threw out Exley at first. Laird flied out to Howard.

Fourth Inning.

Trail—Howard fanned. Butorac safe on an error by Moss, but was retired a moment later on the hidden ball trick, Moss being the merry joker. Henry singled. McIntyre walked. Morgan hit a slow grounder which Graham could not handle in time and the bases were full. Maze fanned. No runs.

Colville—Rogers out on a line drive to Howard. Graham walked. Raftis grounded to Patton, who threw out Graham at second. Hydorn flew out to Morgan. No runs.

Fifth Inning.

Trail—McDonald fanned. Patton safe on Graham's error. Drew walked, sending Patton to second. Howard struck out. Butorac hit by pitcher, filling the sacks. Henry spoiled the chance by fanning.

Colville—Underwood safe on Patton's error, which was excusable as the rain drops falling in his eyes made accurate handling of a high fly impossible. Hattrup hit for two bases, sending Underwood to third. A passed ball scored Underwood and sent Hattrup to third. Moss hit hard to Henry who was unable to field the ball in time to prevent Hatrup from scoring, but he did get Moss. Exley out, Patton to Henry. Laird singled, but Robers fanned. Two runs.

Sixth Inning.

Trail—McIntyre out, Raftis to Moss. Morgon out on a hot line drive to Graham. Maze continued his fanning bee, striking out for the third time. No runs.

Colville—Graham struck out. Raftis out, Patton to Henry. Hydorn was hit by Patton and went to second on Underwood's single. Hattrup fanned. No runs.

Seventh Inning.

Trail—McDonald laid down a pretty bunt, but was out on a close play, Hydorn to Moss. Patton out, Rogers to Moss. Drew out, Graham to Moss. No runs.

Colville—Moss struck out. Exley safe on Patton's error and went to second on a wild pitch. The prettiest piece of fielding of the game occurred when Drew made a long run to right centered and gathered in Laird's fly. Rogers out, Drew to Henry. No runs.

Eighth Inning.

Trail—Howard out, Hydorn to Moss. Butorac singled. Henry grounded to Graham, who threw to Rogers, retiring Butorac. Rogers' throw was a trifle late to get Henry at first. McIntyre grounded out to Rogers. No runs.

Colville—Howard threw out Graham and Raftis and Patton threw Hydorn out at first. No runs.

Ninth Inning.

Trail—Morgan flew out to Raftis. Maze fouled out to Hattrup. McDonald drove a sharp sinble to center, but Patton ended the game by grounding out to Moss unassisted.

Final score: Coville, 7; Trail, 0. Time of game, one hour and 35 minutes. Umpire, Moddrell.

AQUATIC SPORTS GREAT SUCCESS

Youngsters Give Remarkable Exhibition; Cross - lake Record Goes

With the weather against them, not only did the youthful swimmers of Nelson put up a great show in the aquatic sports at Lakeside park yesterday morning and afternoon, especially the boys and girls who only learned to swim this year, but the Labor day program was made notable by the breaking of the record for the cross-lake swim, Mrs. McIvor leading in the field of ladies in nine minutes flat, through white caps and rain, and at that it was a close finish. In the men's cross-lake swim, swum under easier conditions, the time was nine minutes 10 seconds.

The good work of the beginners' class in the last couple of months showed up particularly, and many of the 84 regular members were in the competitions. The entire forenoon program was devoted to the beginners and in the afternoon competitions, which were open, they also got their share of prizes against much more experienced swimmers.

Beginners Classy.

In the beginners' class Merle Archibald, aged 10, used a beautiful side stroke in her races. Ned Rhodes, aged 12, won his class race with a perfect trudgeon, hands down. Helen McGregor, aged 8, though using only one style in each race, showed great versatility in her races. This little girl was the first of this season's pupils to do the 100 yards. Lillian Cookson, aged 7, won all her events with the breast stroke. She is the little girl who took her first lesson a month ago, and in her first week did 100 yards.

With the seniors Myraid Morrison did great work and in particular showed great endurance in the ladies' cross-lake race, in which she was not far behind Mrs. McIvor, who broke the record. Beatrice French led in a field of 15 swimmers in the class for girls of 14 and under. Instructor J. B. B. Smith yesterday felt particularly proud of his fine bunch of 12-year-olds, girls and boys.

Girls Show Boys How.

It was remarked that the girls rather put it over the boys, and in some of the open classes the boys failed to test their prowess against their sisters.

About 3 o'clock in the afternoon the winds were reenforced by rain and from time to time the program was temporarily suspended to wait for calmer water. Soon after 4 o'clock it was decided to defer the remaining events to next Saturday, as conditions were getting worse.

The events still to come include the finishing of the diving for various ages, the married men's obstacle race, boom walking, candle race, and tub race.

A surprisingly large crowd of spectators was present both morning and afternoon.

A. A. Perrier, who spent the entire day on the job, was clerk of the course, in his fast launch. The judges were C. Martin, C. J. Currier and Alexander Ioanin. Instructor Smith acted as starter and C. F. Hunter officiated as scorer. Horace Vyse, in his boat, escorted the cross-lake swimmers.

When the program was finally suspended the prizes were handed to the winners by Messrs. Perrier and Smith.

The Winners.

The following is a list of the winners in the events brought off:

Morning events:

Wading race, girls 6 and under—Mary Donovan first, Margaret Norman second, Helen Cookson third.

Wading race, boys 6 and under—Art French first, Norman Slader second.

Wading race, girls 8 and under—Lillian Cookson first, Helen Norman second, Lucille Donovan third.

Wading race, boys 8 and under—George Oatham first, Norman Slader second.

Swimming, 25 yards, girls 8 and under—Helen McGregor first, Lillian Cookson second, Lucille Donovan third.

Swimming, 25 yards, girls 10 and under—Merle Archibald first, Beatrice French second, Theodora Rhodes third.

Swimming, 25 yards, girls 12 and under—Shirley Boomer first, Theodora Rhodes second, Beatrice French third.

Swimming race, 25 yards, boys 12 and under—Ned Rhodes first, Walter Piaman second.

Swimming race, 25 yards, girls 16 and under—Merle Archibald first, Beatrice French second, Eva Brown third.

Swimming race, 25 yards, married ladies—Mrs. Poole first, Mrs. A. A. Perrier second.

Swimming race, 50 yards, free-for-all under 15 boys or girls—Ned Rhodes first Walter Pitman second, Phyllis Archibald third.

Obstacle race, 50 yards, free-for-all under 15, boys or girls—Florence Bradford first, Edna Marquis second, Viola McBeth third.

Swimming race, 25 yards on back, free-for-all under 15, boys or girls—Beatrice French first, Phyllis Archibald second, Helen McGregor (aged 8) third.

Obstacle race, 50 yards, free-for-all, over and under boom-sticks—Paul Huddleston first, Sybil Towgood second, Alma Smillie third.

Afternoon events:

Swimming race, 25 yards, girls 12 and under—Kitty Cookson first, Marjory Hawkins second, Florence Bradford third.

Swimming race, 25 yards, boys 12 and under—Ralph StDenis first, Walter Skinner second, John Dolphin third.

Swimming race, 50 yards, girls 14 and under—Florence Bradford first, Martha Scott second, Beatrice French third.

Swimming race, 50 yards, boys 14 and under—Orrin StDenis first, Rob StDenis second, Harold Chapman third.

Swimming race, 50 yards, girls 15 to 17—Myraid Morrison first, Viola McBeth second, Edith Ryan third.

Swimming race, 50 yards, boys 15 to 17—George Marquis first, Ernest Stromsted second.

Swimming race, 50 yards, ladies 18 or over—Mrs. J. McIvor first, Myraid Morrison second, Edna Marquis third.

Cross-lake swim, ladies—Mrs. J. McIvor first (time, 9 minutes flat, breaking record), Myraid Morrison second, Edna Marquis third.

Cross-lake swim, men—Alexander Ioanin Jr. first (time, 9 minutes 10 seconds), Lloyd McBeth second, Fred Ritchie third.

Diving for style, men—Stanley Carlson first, Tom Sturgess second, Pat McBride third.

High diving, men—Tom Sturgess first, Lloyd McBride second, Ben Martin third.

The prize list, consisting of 126 prizes, were donated by the following firms: Nelson Hardware company, J. A. Gilker, Starland theater, Nelson Drygoods, J. M. Ludwig, J. O. Patenaude, Charles Morris, A. S. Horswill & Co., W. J. Meagher & Co., Hudson's Bay company, R. Andrew, J. Holland, W. W. Shackleton, J. J. Walker, J. H. Allen, A. Gelinas, Canada Drug & Book company, Ross Fleming, Ideal Cash Grocery, C. H. Bean, L. H. Choquette, Poole Drug company, James Weir & Son, A. T. Noxon, T. W. Ledingham, City Drug & Book company, Enfield's limited, J. P. Morgan, Singer Sewing Machine company, C. J. Currier, C. Romano, Star Grocery, Rutherford Drug company, W. A. Thurman, Emory's limited, Wool-Vallance Hardware company, J. W. Holmes, Mrs. McAllister, W. A. Brown & Co., John T. Pierre, J. B. B. Smith.

SCHOOL GRIND BEGINS TODAY

Some Classes Will Be of Record Proportions, It Is Said

All the glorious holidays, in which muscle developed, cheeks tanned, and brains devoted their best efforts to having fun, are over, and today the schools of Nelson open for the fall term. From the wee tots to the budding young men and women in the upper classes of the high school, scholarship is from now on to be the aim.

It is expected that the first year class in the high school will be of record proportions.

All intending pupils are expected to report today, so that there may not have to be alterations in the divisions later.

The schools opening today are the high school, Central school, and Hume school. Convent school will open next Monday.

OVERHAUL GATES AT CITY POWER PLANT

G. T. MacGuire, city electrical engineer, and his men spent Labor day at the city power plant at Upper Bonnington repairing the gates of the penstocks.

One of the gates recently failed to obey orders, having in some way become wedged fast, and Mr. MacGuire took advantage of the two-day shutdown possible through Labor day to attack the seat of the trouble.

CHARACTER has been defined as the sum of all one's experiences. How necessary, then, that in the formative period of boyhood those experiences should be such as to make for a strong, trustworthy and efficient mahnood.

Western Canada College for Boys, Calgary. 20th Year

This College is a place where a lad's daily experiences are of the kind that make for DISCIPLINE in the boy and WORK from the boy. Here he is required to be neat, orderly, "on time" many times a day, courteous in speech and manner. Clean and dependable character is this College's chief aim. Write for particulars.

ENGLISH KNIGHT VISITS NELSON

Sir William Schooling Will Address Geographical Society on Canada

Sir William Schooling of London, England, K.B.E., F.R.C.S., F.R.G.S., has been a Nelson visitor over the week-end.

Sir William is a noted writer, historian, astronomer, and was one of a committee of three that had charge of and did much excellent work on war savings in the old country.

This is Sir William's first visit to western Canada and he is very much impressed with the western ideas.

During his stay at the coast he went to Prince Rupert, and on his return to England intends to lecture to the Royal Geographical society on the places he visited.

Sir William paid a visit to the Bonnington power plant yesterday and was shown over the works of the West Kootenay Power & Light company by Norman Lockyer. The possibilities there are immense, he considers, and some day Bonnington will be distributing power to a very wide area.

Britain Has Paid for War

At Vancouver last week Sir William spoke at a luncheon of the Gyro club, on "Goods and Service," and incidentally remarked that, as far as England was concerned, the war was actually paid for, and explained that all that was necessary was some beekkeeping "within the family." for the purpose of transferring money from one pocket to another.

Before the war, England had only 245,000 bond holders, whereas today holders of government bonds totalled 17,000,000. The man with a stake in the country was a more stable element, he pointed out.

Sir William left last night on the Kettle Valley for the Okanagan and returns to England early in October.

Sons, Maids and Daughters Frolic at Bealby Point

The Maids and Daughters of England and the Sons of England picnic was held at Bealby's point yesterday and was very successful, notwithstanding the weather. The picnickers went up in autos. All had ice cream to their heart's content. After lunch there was a fine program of races.

These races were as follows:

Tots' race, girls—Eva Bardsley and Baby Townsend.

Tots' race, boys—Gordon Stirzaker and Baby Lewis.

Girls under 7—Gerty Wood first, Jean Young second.

Girls under 10—Bumper Bailess first, Hilda Wood second.

Boys under 10—H. Stirzaker first, George Little second.

Girls under 12—Connie Frost first, Ruth Bardsley second.

Boys under 12—Cryil Brant first, Alfred Wood second.

Girls under 15—Betty Lewis first, Edith Wood second.

Boys under 15—Harold Brown first, Alfred Wood second.

Three-legged race—Betty Lewis and Cryil Brant.

Sack race—Cryil Brant first, A. Wood second.

Maids and Daughters' race—Winnie Bailess first, Gladys Bailess second.

Sons' race—Alfred Wood first, E. Woolls second.

Open race, ladies—Jessie Fowles first, Ella Phillips second.

Open race, men—A. Wood first, H. Stirzaker second.

Thread and Needle race—E. Woolls and Gladys Bailess.

Egg and spoon race—Betty Lewis first, Mrs. Woolls second.

Fathers' race—A. Wood first, E. Woolls second.

Affairs were under the direction of E. H. Woolls, George Brant, A. Cuthbert, Mrs. A. Cuthbert and Mrs. J. E. Hamson.

Member Audit Bureau of Circulations

TUESDAY, SEPT. 5, 1922.

The P. G. E.

Up to 1916 something like $20,000,000 had been expended upon the *Pacific Great Eastern* railway. Since that time the expenditure has increased to around $42,000,000, and the line is not yet built to Prince George.

The Sullivan report opposes construction to Prince George, declares that if the line is built to that point it should not under any circumstances be carried through to the Peace river country, proposes construction of a cut-off to connect the line from Clinton to Ashcroft, where it would join the C. P. R. or the C. N. R., and abandonment of the line from Clinton to Squamish.

John G. Sullivan is a railroad engineer of high standing. His view, as an engineer, is entitled to the highest respect. The same may be said of W. P. Hinton and Col. J. S. Dennis, who collaborate in the report, with some minor differences in their recommendations. They are all good men.

Nevertheless, when Mr. Sullivan *virtually recommends abandonment* of the line, because thatis about the effect of his recommendations, the people of this province should give the whole subject a great deal of consideration before agreeing to the putting into effect of his proposals.

Even if we admit that Sir Richard McBride and the people of the province who supported him were over-optimistic when they agreed to the original guarantee of bonds, even if we admit that Hon. John Oliver made a great mistake when he did not leave Foley, Welch & Stewart to carry out their agreement, made in 1916 with the Bowser government, to complete the line to Prince George for $6,000,000, it does not necessarily mean that we should throw practically the whole $42,000,000 to the winds.

Hon. John Oliver contended in 1917 that something like $1,500,000 had been wasted in the $20,000,000 or so expended up to 1916. It is now contended that Mr. Oliver made a great mistake in spending more than another $20,000,000 since that time, and still without getting the road through to Prince George, when Foley, Welch & Stewart were willing to build it through for $6,000,000. But neither of these contentions is the issue at the present time.

The question now is whether the province should throw practically the *whole expenditure* overboard, write it off as a bad debt, or endeavor to carry out the original scheme in its essentials, but at the same time write off as a loss the difference between the actual physical value of the road and its cost.

The Daily News has it on very high authority that the Pacific Great Eastern could be carried through to the Peace river district for an additional expenditure of $15,000,000. This would build the line to Prince George and also through to the vast wheat belt to the north.

This was the original plan. The vision before Sir Richard McBride was of a railroad, developing and serving the great northern central interior of the province, and opening up the Peace river district, which will unquestionably be one of the most prolific and profitable wheat-growing areas in the Dominion of Canada. Sir Richard, looking into the future, foresaw the day when the central interior of the province would be supporting hundreds of thousands of settlers, producing millions of dollars in agricultural, timber and mining wealth—a condition which could not be reached unless a railroad were built to provide transportation facilities. He foresaw the day when hundreds of millions of bushels of wheat, grown in the Peace river district, would be carried over the P. G. E. and shipped overseas via Vancouver and the Panama canal. Undoubtedly most of the grain grown west of, say, Saskatoon, before many years have passed, will be shipped via Vancouver and the canal. It will be cheaper to ship it that way and the Pacific port has the additional advantage of being open all the year around.

Naturally, Mr. Sullivan and his colleagues confine themselves to a very large extent to actual present-day conditions. They could, in making a report of this kind, hardly do otherwise. But could not much the same kind of report have been made concerning the C. P. R. in the soul-testing days, when its far-sighted supporters threw all they had into driving it across Canada? Could it not have then been argued that there was no traffic in sight on the prairies, that in British Columbia its route was through barren territory which could never be anything else, that the cost of construction and maintenance was so great that the line could not possibly pay? Could not all this, if the C. P. R. had been viewed in the same light as the P. E. G., have been said of what is now the greatest and most successful railroad in the world?

We cannot expect settlement to precede a railroad. We cannot expect hundreds of thousands of settlers to go in along the P. G. E. and into the Peace river country prior to the completion of the railroad. But, if the land is there, and surveys and government reports prove that it is available, is there not as good reason to expect a traffic-producing population in central British Columbia and in the Peace river as in southern British Columbia and the prairie provinces?

Not a big railroad would have been built in Canada if those behind it had insisted upon tonnage and passengers being available directly the steel was laid.

In considering the P. G. E. problem *let us endeavor to exercise some* vision. Let us look into the future. Let us, above all things, forget politics. The immediate question before the public is not whether the line has cost too much to date, but what steps should be taken for the future. If it is not worth what it cost, let us reduce it to its actual value and then consider if, with an expenditure of say $15,000,000, it were completed to the Peace river district, it would pay dividends to the people of British Columbia in the development of a larger and richer population along its route and of a greater and richer metropolis on the Pacific coast to the benefit of the province as a whole.

Efficient Housekeeping

BY Laura A. Kirkman

ANSWERED LETTERS

Housewife—"Kindly publish recipes for dill pickles, plain cucumber pickles and apple chutney."

Answer—Next Saturday (September 9th) I will publish the apple chutney recipe. But send me a stamped and self-addressed envelope for my two-page multi-graphed set of pickle recipes ("Eight Popular Pickles" it is called) which contains the long recipes for dill pickles and plain cucumber pickles.

Beginner—"I am learning to knit and would appreciate your publishing simple directions for a 3-year-old child's "Teddy Bear suit.'"

Answer—Directions for a 3-year-old child's knitted suit, consisting of sweater, drawer-leggings and cap, were published in this paper last December 15 and 16 (1921). Buy a back copy of the paper for that date. On this coming Friday, however (September 8), I shall print, in this column, directions for such a Teddy Bear suit for a child from 1 to 2 years old, giving the drawer-leggings directions this Friday, and the sweater and cap directions the following Friday (September 15th). Many women enlarge such directions, so you might be able to also.

Bride Savings Bank Depositors—"I don't believe in using expensive things when reasonable things will answer as well, so I am coming to you for an inexpensive floor stain. Can you publish one?"

Answer—I enjoyed opening your letter. I wish all brides would begin as you have. So many prefer luxuries to bank balances, not being willing to begin where their parents began, but wanting to start where their parents left off. I am glad to give you this cheap floor stain:

Permanganate of Potash Floor Stain—Dissolve two ounces of permanganate of potash in two quarts of boiling water. If too dark, add more water until the desired shade is obtained. Apply with a flat brush and let dry overnight, then rub with linseed oil or use plain varnish. This stain is also excellent for white willow furniture.

Young Bride—"I am only 17, but am enjoying my housekeeping. My husband is young, too, and we have good times together. My cooking is fairly good, as I took a course in cooking. But what I want to know is this: Is there any special way to clean a room? What should I do first, and what next?

Answer—I will publish tomorrow, for your help and for the help of other young housekeepers, an article on Cleaning Your Rooms the Right Way. Don't miss it. I am glad you are a good cook for that is so important.

Tomorrow—Cleaning Your Rooms the Right Way.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired a stamped and self-addressed envelope must be enclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and province.—The Editor.

MILLIONAIRE'S SON EARNS HIS SALT

FRANK COUZENS

The 20-year-old son of Detroit's multi-millionaire mayor, is soon to wed Miss Margaret Lang of Kitchener, Ont. But before he does Frank must "earn his salt" and save enough money to start married life. He is working as an assistant inspector of a Detroit factory building, and carries his lunch in a tin dinner pail, said lunch comprising sandwiches and a bottle of milk. Frank's father is said to be worth $30,000,000.

What the Press Is Saying

The National Trait

Several Scottish swimmers are to attempt the channel this year. If they succeed, the point arises as to who is responsible for their fare back. —The Passing Show, London.

A High Price Philanthropist

A wood dealer who has jumped the price of wood says his motive was not to increase his profits, but to deter the public *from buying more than* they need. He will probably get his wish—Lawrence Telegram.

There is a moral in Europe's monetary tragedies. England rejected the economic heresies rife elsewhere. Compare England with the continent now! We are distressingly taxed; we have endured burdens that our fathers would have thought impossible. But we have won through.—London Daily Express.

The Lighter Side

The farmer arrested for counterfeiting is a rogue, no doubt; but we are glad to see some farmer making money.

—o—

Money talks, but there is nothing *loquacious about the ruble.*

—o—

One of the saddest things the summer tourist sees is the bottom of his purse.

—o—

A country club is a place where you lose golf balls; a Vancouver club is where you find high balls.

—o—

The two most folorn creatures in existence are a small puppy that is lost and a man whose wife is away on a visit.

—o—

We trust, however, that skirts will not become long enough to interfere with the work of the regular street cleaners.

—o—

People can get accustomed to anything, and the next generation, inheriting conditions like these, will think them normal.

—o—

The funny part is that both capitol and labor think that by making the public suffer a little more they can win its sympathy.

—o—

Married men can't attend petting parties with impunity. These modern complexions retain finger prints.

—o—

You may bear the heat with the greater tranquility if you will reflect that the world's most vicious mosquitos are found in the frozen north.

Styles

BY LENORE

It is at this time of the year when possessors of fur wraps or coats hie themselves to the furrier to take what advantage there is of reduced prices *for remodeling before the fall season* advances.

For those who like novelties the interesting broadtail cape trimmed with

Kolinsky shown in the sketch, is a suggestion from one smart furrier.

Another furrier is making a feature of bloused coats, showing 30 and 32-inch length models in caracul, broadtail and ermine, with surplice and double-breasted fronts, following the same idea which was so popular at the Paris races.

There is also a new cape coat being shown which has a very low waistline that blouses over a new type of belt. This latter is twisted or fitted like a yoke. The model is designed with narrow shoulders and hips and has the slimness of a tailored cloth model.

Outlaws Deposed Khedive of Egypt

CAIRO, Sept. 4.—(By Associated Press.)—Abbas Hilmi Pasha, deposed ex-khedive of Egypt, who has been in exile ever since the beginning of the Great War, is destined to spend the rest of his days outside the boundaries of his native land, if the decree depriving him of all rights in his native land is carried out.

A law signed by King Fuad I. and countersigned by every member of the Egyptian ministry has been promulgated, restricting in various respects the ex-khedive's political, as well as social *rights.*

The preamble of the law sets forth the necessity that the measures taken by the British military authorities under *martial law be sanctioned.* These measures included the deposition of the ex-khedive and the sale of part of his property.

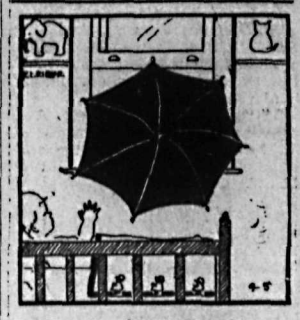
Some of the provisions of the law are:

1. Abbas Hilmi is not either personally or by intermediary to exercise in Egypt any political rights, to possess or acquire any title to any property, real or personal, to be designated as the beneficiary of any wakf or to collect any sum of money for same.

2. All the remaining property of the ex-khedive is to be sold by the public custodian and the net balance of the liquidation which would be balanced *after payment of, or provisions for* outstanding liabilities, is to be placed at his disposal.

3. Egyptian territory is forbidden to the ex-khedive. Should he contravene this law he will be conducted immediately to the frontier under the direction of the executives.

The Housewife's Idea Box



For Protection Against Draughts

It is very bad to have a draught playing upon baby in her crib. If you have no screen or other means of protecting her against it, an umbrella will serve very nicely. Open the umbrella and place it in front of the window. She will be protected from the direct draught, yet will receive plenty of fresh air. THE HOUSEWIFE.

Maple Nut Cake and Chocolate Layer

THIS unusual, economical Maple Nut Cake will keep fresh for several days, and the Chocolate Layer Cake, made in a little different way with Dr. Price's Cream Baking Powder, is a family favorite too. Try one or both of them today!

(*All measurements for all materials are level.*)

MAPLE NUT CAKE

½ cup shortening
1 cup light brown sugar
2 eggs
½ cup milk
1½ cups flour
¼ teaspoon salt
2 teaspoons Dr. Price's Baking Powder
1 cup chopped nuts—preferably pecans
1 teaspoon vanilla extract

Cream shortening, add sugar slowly and yolks of eggs and milk and beat well; sift flour, salt and baking powder together and add chopped nuts; fold in beaten whites of eggs; add flavoring. Bake in well greased loaf pan in moderate oven 35 to 45 minutes. Cover top with maple icing and sprinkle with chopped nuts while still soft.

MAPLE ICING

½ teaspoon butter
2 tablespoons hot milk
1½ cups confectioner's sugar
½ teaspoon Dr. Price's Baking Powder.
½ teaspoon maple flavoring

Add butter to hot milk; add sugar slowly to make paste of the right consistency to spread; add flavoring, and baking powder and spread on top and sides of cake.

DR. PRICE'S CREAM Baking Powder

Made from Cream of Tartar, derived from grapes. Raises the dough perfectly, giving the food fine texture and rich flavor.

MADE IN CANADA

CHOCOLATE LAYER CAKE

½ cup shortening
1 cup sugar
1 egg
1 cup milk
1¾ cups flour
4 teaspoons Dr. Price's Baking Powder
¼ teaspoon salt
1 teaspoon vanilla extract

Cream shortening; add sugar gradually, beating well; add beaten egg, one-half the milk and mix well; add one-half the flour which has been sifted with salt and baking powder; add remainder of milk, then remainder of flour and flavoring; beat after each addition. Bake in greased layer cake tins in moderate oven 15 to 20 minutes. Put together with

CHOCOLATE FILLING AND ICING

3 cups confectioner's sugar
boiling water
1 teaspoon vanilla extract
2 ounces unsweetened chocolate (2 squares)
½ teaspoon grated orange peel

To sugar add boiling water very slowly to make a smooth paste; add vanilla, melted chocolate and orange peel. Spread between layers and on top of cake.

Leaders in Footfashion

Says Diagnosis of Consumption Is Often Wrong

GLASGOW, Sept. 4.—(By Associated Press.)—Doctors often fail to diagnose correctly lung consumption as distinct from other respiratory diseases, according to Professor Erist of Paris, in a recent address before the British Medical association.

The speaker said that in 1916 at Compiegne 192 men were sent into hospital with a diagnosis of tuberculosis. Observations showed the diagnosis to be justified in only 53 cases. The 139 other cases, he declared, were undoubtedly nonconsumptive.

In 1918 Dr. Erist examined 342 men in Paris said to have consumption. Of these only 37 had lung consumption, 22 were not definitely diagnosed, and 283 were certainly nontubercular.

Cigarette Maker Has Ribs of Gold

BERLIN, Sept. 4.—A young man with ribs of gold and platinum is working in a cigarette factory at Breslau.

When he was a locksmith's apprentice, several years ago, he fell from the roof of a house and was badly injured. He was taken to a hospital, where the doctors found that his skull was fractured and all his ribs but one were broken. The youth was in the hospital for no less than four and a half years, and finally the surgeons undertook to repair or replace his shattered ribs.

A metal plate was inserted in his skull and the fractured bones were replaced by ribs of gold and platinum. Two and a half years later the man was able to leave the hospital, and since then he has been working in a cigarette factory. In view of the present value of gold and platinum it is evident that he is carrying about in his body quite a considerable amount of wealth, and it is stated that special measures are being taken to protect him against criminals.

VANCOUVER, Sept. 4.—In a Minto cup lacrosse game here today Vancouver defeated New Westminster, 14 to 4.

THOROUGHB R E D HORSES ABOUND IN OLD ENGLAND

This Season's Racing Brings Out Colts and Fillies of High Quality

LONDON, Sept. 4.—(By Canadian Press.)—There would be no need for worry over the future of the English thoroughbred if each season of flat racing developed as many high class 2-year-old colts and fillies as have made their appearance that, although the season is now well over the halfway mark, there by no means any unanimity as to which one of a half dozen colts and fillies should rank as the best of their year.

Training conditions this year have been much better than those prevailing twelve months ago when the prolonged spell of dry weather made the ground so hard that many owners and trainers of promising youngsters refused to take the risk of injuring their charges. This year rains have been quite frequent and in consequence the ground generally has been soft. Trainers, therefore, have had ample opportunity to give the colts and fillies good workouts, and as a result 2-year-old form has been much more consistent than a year ago.

History Repeats Itself.

Turf history has repeated itself once more. Those colts and fillies that made their appearance early in the season have had to make way for the more valuable animals that made their debut in the Newmarket First and Second Spring, Epsom, Ascot, and Goodwood. The winner of the first important 2-year-old race of the season—the Brocklesby Stakes at Lincoln during opening week—has met with little success since then, but the First Spring 2-Year-Old Stakes at Newmarket at the end of April was won by a colt that has since proved himself to be one of the best of the year, and at the conclusion of Goodwood last month had never been beaten. This colt, Sir James Robinson's Duncan Gray, by Pommern out of Sibyl Gray, a month later won the Woodcote plate at Epsom, beating on this occasion, W. H. Dixon's Wild Hag-Honey Bee colt The Wasp, the winner of the Newmarket 2-year-old stakes.

The Woodcote Plate is the first six-furlong race of each season for Juveniles and is of more than ordinary importance. Many famous horses have commenced their career in this race and the field this year was up to a fairly high standard. The Acorn Plate, also run at Epsom, restricted to fillies, was won by E. Moore's Clare Queen by Diadumenos-Clare House, with Coloney W. F. Storey's Silver Grass in second place.

In the Queen Mary Stakes, run at Royal Ascot, Cos, a brown filly by Flying Orb, out of Renaissance, and owned by H. H. Aga Khan, won in a canter, beating Silver Grass and F. Straker's Shri—who deadheated for second—by five lengths. Royal Ascot also produced another very promising 2-year-old, in Town Guard, Lord Woolavingtons bay colt by Hurry On, out of Williams Pride. In the New Stakes, with a value of over two thousand sovereigns, Lord Woolavingtons colt won from a very high-class field, beating Lord Furness' colt Legality and H. R. King's colt Paprus by one and four lengths, respectively. Papyrus had previously won the Somerville Stakes at Newmarket, and at Goodwood last months won the Rouse Memorial Stakes, in the easiest manner, winning by eight lengths. Legality, defeated in the New Stakes, won the July Stakes at Newmarket, with Meabite, Lord Derby's brown colt by Phalaris-Whitewash second and Clare Queen third. The Chesterfield Stakes, run at Newmarket at the second July meeting, was also won by Legality, so that Town Guard's victory over Lord Furness' colt appears all the more impressive.

The National Breeders' Produce Stakes, run at Sandown Park, attracted unusual attention this year, as it brought together H. H. Aga Khan's Cos, considered by many to be the best 2-year-old filly of the year, and Lord Woolavington's Town Guard, claimed as the best colt. The race was a disappointing affair, the start being a poor one, with Lord Woolavington's colt getting much the best of the break. Town Guard won by five lengths and inflicted the first defeat that Cos had suffered during the year. Through his victories at Ascot and Newmarket, Town Guard was called upon to concede Aga Khan's filly five pounds, in addition to the sex allowance.

Five Invincibles.

There are no less than five colts and fillies that went through the season—up to Goodwood—without suffering defeat and of these Duncan Gray is regarded as the best of the colts, while Suryakumari by Sunstar out of Betty S. is considered the best of the fillies. Neither of these two, however, have competed against the half dozen that have lost by one race. In the latter group are found the two fillies, Cos and Shri, and the colts Papyrus, Drake, Pharos and Tarpon. Shri owes her only defeat to Cos, while the latter was beaten by Town Guard, who also administered the only defeat that Papyrus has sustained out of his five starts. Pharos' only losing race was in the Chesterfield Stakes when Legality won out by half a length, and Drake was beaten for the first time, in the Levant Stakes at Goodwood, when he finished second to Marshal Fields' colt, Friar's Melody.

Su Su Is Northern Champion

Su Su, a filly by Kwang Su out of Sublime, and owned by Sir George Renwick, but winning her five starts over the northern tracks was acclaimed champion of the north, but at Pontefract early in July was beaten by Silver Grass and Rosemead, the latter a chestnut filly owned by Sir H. Randall.

In addition to the above youngsters of known quality there is still a number of 2-year-olds that have not as yet sported silk and no doubt there will be others to take into consideration by the time such races at the Middle Park Plate, the Champagne Stakes and the Dewhurst Plate have passed into history.

PRETTIEST STENOGRAPHER

MLLE. AUGUSTINE DUPONT

Voted the prettiest stenographer in Paris, has received 10,000 francs, a trousseau, a small car, 324 offers of marriage and many theatrical and movie engagements.

Social Happenings In Nelson

During the absence of Mrs. M. J. Vigneux this column is being conducted by Miss Helen Gigot. All news of a social nature, including receptions, private entertainments, personal items, marriages, etc., will appear in this column. Telephone Miss Gigot.

Mrs. E. Keatley and Miss Edith Ross were joint hostesses at a kitchen shower given in honor of Miss Kathleen Wallach, whose marriage to Sidney McDonald takes place shortly. The decorations in the drawing room were charmingly carried out in pink and mauve sweet peas. The gifts, which were numerous and useful, were presented in a prettily decorated basket surmounted by a most artistically fashioned umbrella of crepe paper, the same color scheme being used throughout. At the tea hour dainty refreshments were served from an attractively arranged tea table, the centerpiece consisting of pink and white sweet peas, smilax and tulle.

The invited guests were Mrs. T. McDonald, Miss Annie McDonald, Mrs. H McKenzie, Mrs. George Steele, Mrs. T. E. Morris Lethbridge; Mrs. William McIntosh, Miss Audrey Blanchard, Miss L. McEachern, Mrs. T. J. Price, Mrs. M. Gibbs, Mrs. A. Carrie, Mrs. McEachern, Miss Enid Etter, Mrs. G. S. Godfrey, Mrs. T. Middleton, Mrs. H. McArthur, Mrs. Barnes and Mrs. H. Ross.

• • •

Rev. J. P. Westman left last night for Vancouver to attend the meeting of the Methodist missionary board of the province. He expects to return to the city on Friday night.

• • •

Inspector E. B. Leddy arrived in the city from Vancouver on Sunday night He left Monday morning for the Slocan on business, returning the same evening.

• • •

H. B. Gilmour of Calgary arrived in the city on Sunday and will remain for a few days.

• • •

Mrs. I. Bourke is spending some time in the city, the guest of her daughter Mrs. Reginald H. Louis, Stanley street.

• • •

Mr. and Mrs. D. McEachern left yesterday for Spokane. Mr. McEachern, who has been suffering from rheumatism for some time, intends to enter the Soap Lake sanatorium for treatment.

• • •

Miss Eileen McKenzie, 1123 Water street, returned on Saturday night via Kettle Valley from a holiday spent at the coast.

• • •

Miss Nora Keatley left on yesterday afternoon's boat for Willow Point where she will teach during the coming term.

• • •

Mrs. E. L. Buchanan and children, 711 Mill street, returned on Saturday night from Kentucky and Ohio, where they have spent the past two months visiting relatives.

• • •

Miss Frances Sloan of Grand Forks is visiting in the city for a few days prior to taking up her duties at the Belford school.

• • •

Mrs. Thomas Lawson, 711 Latimer street, returned on Sunday night from an extended visit to Vancouver.

• • •

On Friday evening 17 members of the junior guild of the Fairview mission were entertained in Lakeside park pavilion at a high tea and social evening by Mrs. McAllister. The girls assembled at 7 o'clock, in fancy costumes, and were chaperoned by the senior supervisors. The tables were tastefully decorated with flowers and festoons of the club colors. At the close of the evening's enjoyment a hearty vote of thanks was tendered and a huge bouquet of flowers was presented by the girls to their kind hostess. The guests were Miss Lily Smith, Miss Dot Smith, Miss Winnie Dunsday, Miss May Bradford, Miss Florence Bradford, Miss Marjorie Hawkins, Miss Ivy Brant, Miss Marjorie Brant, Mrs. Cretney, Mickey Cretney, Mrs. England, Miss Maggie Morgan, Miss May Morgan, Miss Ruby Morgan, Mrs. J. P. Morgan, Mrs. Gallcano, Miss Maizie Peake, Miss Betty Lewis, Miss Edna Chapman and Miss Olga Melneczuc.

• • •

Mr. and Mrs. T. G. Carter and family, Ward street, have returned to the city after a two months' holiday spent at Kootenay Bay.

• • •

Miss Ruby Glaser, daughter of Mr and Mrs. G. Glaser, left Saturday night for Cascade, where she will teach school.

Feeds Butterflies on Strained Honey

LONDON, Aug. 28.—(By Associated Press.)—Not the gross eating of the carnivorous animals, but the dainty feeding of the butterflies today attracts many people to the zoological gardens, at least those people who appreciate what has been pronounced the prettiest sight in the zoo. There could be no greater contrast than that afforded by a lion or a tiger snarling over a mess of flesh and bones and a flight of beautiful butterflies sipping honey.

Every hour when the sun shines Miss Cheesman, curatrix of insects, enters the spacious butterfly cage at the zoo and regales her charges, hundreds of peacocks, tortoise-shells, brimstones, green-veined whites, and other butterflies galore, on diluted honey.

There are plenty of flowers in the enclosure, but artificial feeding is necessary for the blossoms do not provide sufficient nectar for the thirsty insects and they are so quickly fertilized by the frequent visitors of the butterflies that they soon turn to seed.

On entering the cage with the mixture Miss Cheesman is mobbed by the hovering throng—like a donor of cakes and sweets at a picnic of school children—the gaily-hued insects settling all over her and assembling in a group upon the honey can.

The scene at such a time suggests an animated kaleidoscope or some fairy spectacle.

ARNOTT AND WILSON REACH GOLF FINALS

WINNIPEG, Sept. 4.—D. K. Arnott and F. G. Wilson, both of Winnipeg, reached the finals of the Manitoba golf championship here today by defeating F. Hale and W. MacVey, both of Winnipeg, 2 and 1.

COAL COMES TO SURFACE

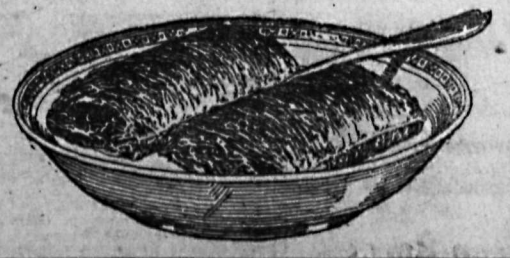
Hot Weather Foods for Children

Mothers have many problems in Summer, but none so full of peril as the problem of feeding the little ones. Happy the mother who knows

Shredded Wheat

Children like the tasty crispness of the baked whole wheat. It gives them all the nourishment they need in Summer, is so easily digested and fortifies them against those distressing ailments that are peculiar to Summer. It is salt-free and unsweetened—you season it to suit your taste.

Two Biscuits with milk or cream make a complete, nourishing meal. Eat it for breakfast with sliced bananas or prunes; for lunch with berries; for dinner with sliced peaches, apricots, stewed raisins, or fresh fruits. Ready-cooked, ready-to-eat.



Some staggering constipation facts; Know how Kellogg's Bran can help you!

Ninety out of every one hundred people suffer with constipation! Constipation is the direct cause of breakdowns in old age, lowered vitality and ninety per cent of illness!

Do you realize that nearly every case of constipation is traceable to neglect in answering nature's call? In a few years the sufferer has "latent constipation"—the most dangerous form of all! Toxic poisons penetrate the intestine walls, polluting the blood, which in turn poisons and affects every organ in the body. Nearly every case of diabetes and Bright's disease can be traced to constipation or intestinal poisoning, as can most rheumatism, headache, brain fag, hardening of arteries and other organic diseases.

Pills and cathartics can never afford you permanent relief. What you need is nature's most wonderful roughage—BRAN—Kellogg's Bran, cooked and krumbled—and delicious in flavor and edibility! Bran will permanently relieve constipation when taken regularly—at least two tablespoonfuls daily; in severe cases, with every meal! Your doctor will indorse Kellogg's Bran for constipation!

Kellogg's Bran sweeps, cleans and purifies the eliminative tract as nothing else can—and, being a nature food, it creates no habit. Bran's work is a revelation!

Serve Kellogg's Bran to the entire family as a cereal, with other cereals or in countless appetizing ways such as in muffins, pancakes, raisin bread, etc. Recipes on every package.

All grocers sell Kellogg's Bran, cooked and krumbled, in the "WAXTITE" package.

P. S.—Kellogg's Bran, eaten regularly, will clear up a pimply complexion.

BILLY WELLS BEATS O'KEEFE

Australian Middleweight Wins on Points; Dempsey Tires Sparring Partners

MICHIGAN CITY, Ind., Sept. 4.—Billy Wells, welterweight champion of Great Britain, outpointed Dennis O'Keefe of Chicago in 10 rounds.

The 10-round contest between Jimmy Clabby of Hammond, Ind., Australian middleweight champion, and Jimmy Darcy of Portland, Ore., went the limit, with Clabby having the edge in boxing. Darcy was 12 pounds overweight, while Clabby scaled but 156 pounds.

Dempsey, who was scheduled to meet Bill Brennan here today, boxed two sparring partners two two-minute rounds, and had both of them weary, although big pillowy gloves were used.

Yankee Schooners Prepare to Wrest Fishermen's Trophy

GLOUCESTER, Mass., Sept. 4.—(By Associated Press.)—Five fishing schooners are seeking the honor of representing Yankee fishermen in the race for the internationadl fishermen's trophy late in October. The elimination races will be sailed October 12, 13 and 14 off Eastern point.

The vessels which will fight it out for the responsibility or trying to regain the trophy won last year by the Halifax fisherman Blue Nose are expected to be Mayflower, Elizabeth Howard, Yankee, Henry Ford and L. A. Dunton.

Puritan, the pride of Gloucester, on which many a deep sea fisherman pinned his faith in the great race this fall, lies piled up on the treacherous shore of Sable island. Along the water front the old sea dogs say that the reason for Puritan's wreck last winter was that she developed a speed far greater than these on board realized and fetched up on Sable island long before she was supposed to be near it.

Pin Hopes on Henry Ford.

Now Gloucester folk are turning to Henry Ford, which ran aground on Essex beach when she was being launched in April and was seriously damaged. She was in port recently with a large cargo of salt cod and showed no structural defect as a result of her early mishap. But the fisherfolk wish that Henry Ford were a little longer and openly admit thta the other Gloucester entrant, Elizabeth Howard, is too heavy.

From a Gloucester point of view the most profitable fisherman is one measuring between 90 and 105 feet at the waterline. For this reason they frowned upon Mayflower and Blue Nose, which measures 111 feet at the water line.

The principal criticism of Mayflower, barred from the race last year, was that those who built and owned her were not interested in the fishing industry and that her cost was almost $60,000—twice as much as the average cost of a Gloucester fisherman. Her carrying capactiy also is less than the average fisherman. It is expected, however, that the international committee will approve Mayflower's entry, as she has made a number of fishing trips. Although her profits have not been as large as in the case of some of the other vessels owing to her high first cost, she has been fairly profitable to her owners.

The recent races of the New York Yacht club off Marblehead attracted great interest among Gloucester fishermen, who attended in large numbers to get pointers for their races two months hence.

Amateurs More Spry.

While the deep sea fishermen are unsurpassed in the art of getting the most out of their vessels under lower sails or in making runs in from the banks, they are not quite so versatile as the amateurs in the game of hitting the line a few seconds after the start.

In the races of the last two years they have had the benefit of the starting and light sail handling of a number of Marblehead amateurs. This year the rules permit only actual fishermen on the after deck, although there is provision for one observer.

BREAKS TWO MORE AUTO TRACK RECORDS

LINCOLN, Neb., Sept. 4.—Sig Haugdahl broke two world's records for automobile racing on a half mile track at the Nebraska state fair this afternoon. He lowered the mile track record to 58 3-5 seconds. The previous record of 1:00 2-5 was established last week at Des Moines by the same driver. Haugdahl then made the two-mile race in 1:58, breaking the record of 2:02 2-5 set four years ago.

Markets and Finance

CALGARY MARKETS

The following is the weekly bulletin on the Calgary market, issued by J. A. Grant, prairie markets commissioner:

Weather continues fine. The supply of fruit and vegetables is in excess of the demand, especially in vegetables. Ripe tomatoes from B. C. are being sold in Calgary at same price as they are being quoted at shipping point. Over 4000 boxes are being offered today at 75c per box.

Importation from the south is lighter this week. Peaches and Italian prunes will arrive from the United States in heavier volume next week. The railway strike in the states has greatly demoralized the western market. Fruit sold at a price, is protected against a falling price, all shipments are being adjusted on arrival practically to the satisfaction of the consignee. B. C. Italian prunes, plums and peaches are now rolling in mixed cars to the prairies. Very little pickling is being done, even at the low prices which green tomatoes, cucumbers and green peppers are being sold at.

The following are Calgary wholesale prices:

Apples, Duchess, wrapped, per box, $1.75; do Yellow Transparent, No. 1, $2.25; do Yellow Transparent, No. 2, $1.25 to $1.50; pears, Washington Bartlett, No. 1, per box, $2.65; do B. C. Bartlett, No. 1, per box, $2.65; do B. C. Bartlett, unwrapped, per box, $2.25; plums, B. C. Bradshaw, per crate, $1.50; do B. C. Abundance, per crate, $1.35; peaches, Washington Slappy, per box, $1.50; do Washington Crawford, per box, $2.00; do B. C. Triumph, per box, $1.15; crabapples, B. C. Transparent, per box, $1.50 to $1.75; tomatoes, green, per pea" box, 60c to 90c; do ripe (market overstocked), per four basket, 75c to 90c; tomatoes, lugs, 50c to 75c; peaches, B. C. Yellow St. John, $1.25 to $1.50; do B. C. Carmen, $1.15 to $1.25; do B. C. Hale's Early, $1.25; prunes, Italian, per suit case, $1.35; blackberries, B. C., per crate, $1.50 to $1.75; cantaloupes, standards, $3.50; grapes, Malaga per case, $4.25; sweet potatoes, per barrel, $8.50; peppers, per peach crate, 90c to $1.00; corn, green, per dozen, 30c to 40c; celery, B. C., per pound, 6c; cucumbers, B. C., per peach box, 50c to 75c; onions, pickling, per peach box, $1.25; local cauliflower, cabbage, carrots, beets and turnips, per pound, 2c; onions, per pound, 3c; lettuce, onions and radish, per dozen, 15c; pottatoes, per pound, 2c.

METAL MARKETS.

LONDON, Sept. 4.—Standard copper, spot, £63 5s; futures, £63 10s; electrolytic, spot, £70; futures, £70 15s.

BRINGING UP FATHER

By George McManus

Relief is Found From Stomach Trouble

Hope for the millions of unfortunate men and women who are victims of stomach trouble is sounded by Mrs. M. Draper, who with her husband lives on their motor launch, the "She," and whose address is "General Delivery," Vancouver, B. C., Mrs. Draper was a victim of stomach trouble in its worst form, but was completely restored to health by taking Tanlac. She says:

"I couldn't eat a thing but what would sour in my stomach and bloat me up. My nerves were in a frightful state, and I was getting weaker all the time.

"Thanks to Tanlac, however, I am now feeling as well as I ever did in my life."

Undigested food ferments in the stomach and soon the entire system is filled with poisons. Tanlac was designed to restore the stomach to a healthy condition and build up the whole body. Millions everywhere have acclaimed its wonderful power. Get a bottle today.

Tanlac is sold by all good druggists.

BROWNS WITHIN GAME OF LEAD

Twice Decisively Defeat Indians; Tigers Suffer Double Defeat

Indians Grovel.

ST. LOUIS, Sept. 4.—The St. Louis Browns took the twin Labor day bill from Cleveland, winning the first game 10 to 3 and the afternoon contest 12 to 1. It was the first time this season that the locals took two games in one day. The pennant chasers now are only one game out of first place. In the two games Siver got seven hits out of nine visits to the plate, making 34 straight games in which he has hit safely. In the first game Williams hit his 33rd circuit drive of the season, tieing the league mark set by Walker of Philadelphia on Saturday.

First game:	R.	H.	E.
Cleveland	3	8	0
St. Louis	10	15	2

Batteries—Lindsay, Edwards and O'Neill; Shocker and Severeid.

Second game:	R.	H.	E.
Cleveland	1	12	2
St. Louis	12	15	2

Batteries—Winn, Mails, Edwards and O'Neill; Van Gilder and Severeid.

Whits Sox Collect Twice.

CHICAGO, Sept. 4.—Chicago took both games of the holiday bill from Detroit by winning the morning game, 3 to 2, in 10 innings, and the afternoon game 6 to 3.

First game:	R.	H.	E.
Detroit	2	6	0
Chicago	3	9	0

Batteries—Pillette and Woodall; Faber and Schalk.

Second game:	R.	H.	E.
Detroit	3	9	1
Chicago	6	11	0

Batteries—Oldham and Bassler; Robertson and Schalk.

Senators and Philadelphia Divide.

WASHINGTON Sept. 4.—Washington and Philadelphia divided a double-header here today, the visitors winning the first game, 5 to 4, while the second went to the locals, 2 to 0.

First game:	R.	H.	E.
Philadelphia	5	14	0
Washington	4	10	2

Batteries—B. Harris, Rommel and Perkins; Francis, Johnson and Gharrity.

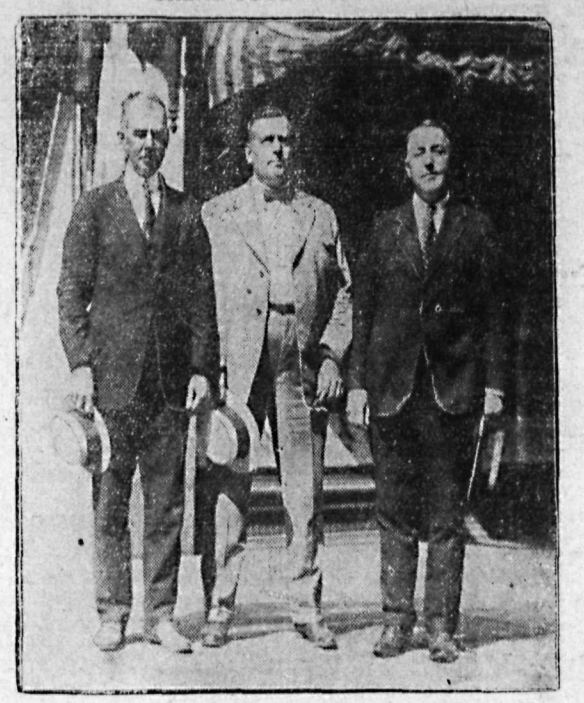
Second game:	R.	H.	E.
Philadelphia	0	8	0
Washington	2	7	1

Batteries—Ogden and Bruggy; Mogridge and Picinich.

Postpone Singles in Davis Cup Tennis Account of Rain

FOREST HILLS, N. Y., Sept. 4.—The two singles matches scheduled for today in the Davis cup competition have been postponed on account of rain. They will be played tomorrow.

GREAT SCULLERS MEET



SNAPPED AT TORONTO

On the right is Ten Eyck, who in 1897 captured the Diamond Sculls at the English Henley. Next in order is Lou Scholes, the only Canadian to win the Diamonds, in 1904, and on the left is Eddie Durnan, the American professional sculler. Ten Eyck, a New York business man, rowed in Canada in 1897. The Diamond Sculls have only been brought to America three times in its history, namely by Scholes, Ten Eyck and this year by Walter Hoover. Jim Ten Eyck, coach of Duluth, is the father of Eddie Ten Eyck.

Joe Lynch Retains Title; Three Times Floors Pal Moore

MICHIGAN CITY, Ind., Sept. 4.—Joe Lynch, world's bantam-weight champion, successfully defended his title against Pal Moore, Memphis, in a 10-round, no-decision contest here today. Moore was all but knocked out in the seventh when he was floored twice for the count of nine. He also was dropped in the third round, but did not take the count.

FLAMINGO FOUR LOSE AT POLO

RUMSON, N. J., Sept. 4.—The Shelburne team eliminated the Flamingo four from the tournament for the national open polo championship today, 10 to 4.

Johnny Dundee Has to Cancel Match on Account Operation

NEW YORK, Sept. 4.—Due to an operation today for a carbuncle on his arm, Johnny Dundee, junior lightweight boxing champion, and recognized in this state as featherweight title holder, has cancelled his match with Willie Jackson, New York lightweight, scheduled for Ebbets field, Brooklyn, Wednesday.

Fifteen-Year-Old Girl Breaks Six Swimming Records

NEW YORK, Sept. 4.—Gertrude Ederle, 15-year-old aquatic sensation of the New York Women's Swimming association, shattered six world's records for women in a 500-meter invitation race today in the 75-foot pool at Brighton beach. She defeated Helen Wainwright, New York, by 20 yards, and Hilda James of England, European swimming champion, by 40 yards.

CHAMPIONSHIP GOLF TOURNEY IS THRILLING

Miss C. E. Thomson Plays Par Golf and Wins Cup for Second Time

FORIN BEATS WILSON FOR THE LEITH CUP

Games Run to 19th, 20th and 21st Holes; Gopher Is Slain

Today saw the close of the most successful open tournament, during which there were many very close and keenly contested games. In spite of the inclement weather in the afternoon the golfers played out all events and at the close of the afternoon Mrs. S. G. Blaylock presented the prizes to the winners.

Miss C. E. Thomson of Balfour again won the ladies' championship for Nelson and district, playing par golf in the final round. The men's championship changed hands, T. R. Wilson, the holder, going down to defeat at the hands of P. McL. Forin, who eventually won the finals and holds the Leith cup for the ensuing year.

Bad for the Gopher.

Mr. Patterson, who with his wife and family is staying with D. McFarland, when playing an approach shot up the hill on No. 1 hole, noticed that his ball took a sudden kick off direction and surmised he had struck a rock, but on reaching the spot was surprised to find that his shot had killed a gopher. Apparently the animal raised its head above the ridge just as the ball reached the spot, as its head was smashed.

Ladies' Championship.

First round—Miss R. Armstrong beat Miss H. Gigot; Miss C. E. Thomson beat Mrs James O'Shea; Mrs. H. A. Lowe beat Miss C. Armstrong; Mrs. J. Cartmel beat Mrs. F. C. Whitehouse.

Semi-finals—Miss C. E. Thomson beat Miss R. Armstrong; Mrs. H. A. Lowe beat Mrs. J. Cartmel.

Finals—Miss C. E. Thomson beat Mrs. H. A. Lowe.

Ladies' Second Flight.

First round—Mrs L. V. Rogers beat Mrs. L. Craufurd; Miss Cameron beat Mrs. A. L. McCulloch; Miss Cummins beat Miss Hume; Mrs. Leith beat Miss M. Smyth; Mrs. Appleyard beat Miss Higginbotham.

Second round—Mrs. Smyth beat Mrs. Robertson; Miss Cameron beat Mrs. Rogers on the 19th hole; Miss Cummins beat Mrs. Leith on the 20th hole; Mrs. Appleyard beat Mrs. Blackwood.

Semi-finals—Mrs. Smyth beat Miss Cameron; Mrs. Appleyard beat Miss Cummins.

Finals—Mrs. Smyth beat Mrs. Appleyard.

Men's Championship Flight.

First round—C. I. Archibald beat G. T. Quincey; J. H. D. Benson beat Dr. W. C. Speidel; E. C. Lewis beat C. D. Blackwood by default; A. Higginbotham beat J. Kennedy; A. B. Ritchie beat F. J. Sammons; P. McL. Forin beat J. Cartmel; R. L. McBride beat L. H. Biggar; T. R. Wilson beat C. Gray.

Second round—J. H. D. Benson beat C. I. Archibald; E. C. Lewis beat A. Higginbotham; P. McL. Forin beat A. B. Ritchie; T. R. Wilson beat R. L. McBride.

Semi-finals—E. C. Lewis beat J. H. D. Benson; P. McL. Forin beat T. R. Wilson.

Finals—P. McL. Forin beat E. C. Lewis.

Men's First Flight.

First round—G. T. Quincey beat Dr. W. C. Speidel; J. Kennedy beat C. D. Blackwood by default; J. Cartmel beat F. J. Sammons; C. Gray beat L. H. Biggar.

Second round—G. T. Quincey beat J. Kennedy; J. Cartmel beat C. Gray.

Final—G. T. Quincey beat J. Cartmel.

Men's Second Flight.

First round—J. Bunyan beat J. O'Shea; A. L. McCulloch beat E. C. Wragge; L. Craufurd beat H. M. Whimster on the 19th hole.

Second round—H. A. Lowe beat A. Leith; J. Bunyan beat A. L. McCulloch; L. Craufurd beat F. C. Whitehouse; Dr. E. G. Smyth beat H. W. Robertson.

Semi-final—J. Bunyan beat H. A. Lowe; Dr. Smyth beat L. Craufurd.

Final—Dr. E. G. Smyth beat J. Bunyan.

Men's Third Flight.

First round—Judge Forin beat L. B. de Veber on the 21st hole; A. T. Walley beat F. A. McDonald on the 20th hole; Dr. McKenzie beat F. Archibald on the 19th hole.

Second round—G. W. Rawson beat Col. S. Goode on the 19th hole; Judge Forin beat A. T. Walley; Dr. McKenzie beat H. Robinson by default; L. V. Rogers beat A. D. McLeod.

Semi-finals—Judge Forin beat G. W. Rawson; L. V. Rogers beat Dr. McKenzie.

Final—Judge Forin beat L. V. Rogers.

Mixed Foursome Handicap.

There was a large entry in this event and a great deal of interest centered on all the matches. In the semi-finals Miss C. Armstrong and J. H. D. Benson beat Mr. and Mrs. OShea, and Miss R. Armstrong and T. R. Wilson beat Miss C. E. Thomson and J. Kennedy.

Owing to the weather this event was left with the finals still to be played.

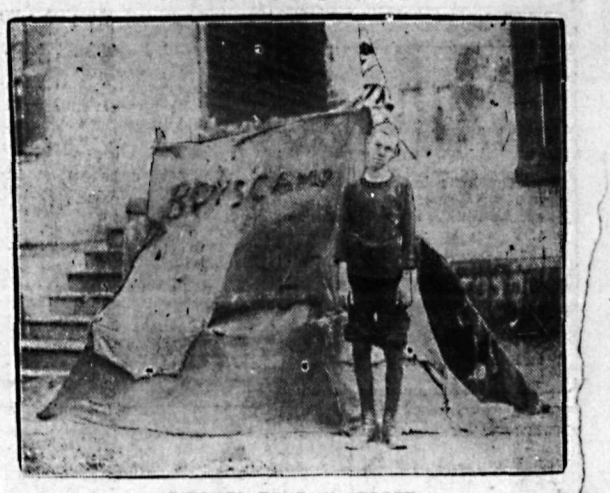
OUT-OF-DOORS CALLS



PITCHES TENT IN STREET

The recent hot weather spell and the lure of the "out-of-doors" has driven this Canadian lad to pitch his tent right in the street in the heart of the city.

REDS TWICE DEFEAT CUBS

Pirates and Cardinals Divide Double-header; Cincinnati Advances

Move Into First Division

CINCINNATI, Sept. 4.—The Reds moved up into first division by winning both games from the Cubs today, 4 to 3 and 5 to 0.

First game—	R.	H.	E.
Chicago	3	5	5
Cincinnati	4	5	1

Batteries—Cheeves, Kaufmann and Wirts; Couch and Wingo.

Second game—	R.	H.	E.
Chicago	0	6	1
Cincinnati	5	12	0

Batteries—Aldridge, Jones and Hartnett, Wirts; Keck and Hargrave.

Split Double-Header

PITTSBURGH, Sept. 4.—Pittsburgh divided a double-header with St. Louis today, the Cardinals winning the first game 5 to 3, while the Pirates took the afternoon game 6 to 5.

First game—	R.	H.	E.
St. Louis	5	9	1
Pittsburgh	3	5	1

Batteries—Pfeiffer and Ainsmith; Adams and Gooch.

Second game—	R.	H.	E.
St. Louis	5	10	2
Pittsburgh	6	11	0

Batteries—Pertica, Barfoot and Ainsmith; Glazner and Schacht.

Runs to 16 Innings.

PHILADELPHIA, Sept. 4.—The Philadelphia Nationals took both games of a double-header from Brooklyn, 5 to 4, and 7 to 6. The second game, which went 16 innings, was the longest played here this season.

First game:	R.	H.	E.
Brooklyn	4	10	1
Philadelphia	5	10	2

Batteries—Schriver and Deberry; Meadows and Henline.

Second game:	R.	H.	E.
Brooklyn	6	14	3
Philadelphia	7	21	1

Batteries—Mamaux S. Smith, Decatur and Miller; G. Smith, Behand and Peters.

BREAKS RECORD POLE VAULTING

COPENHAGEN, Sept. 4.—The world's record for pole vaulting was broken here yesterday by Hoff, the Norwegian athlete, who cleared the bar for four meters 12 centimeters, or approximately 13 feet, 6 inches.

The previous record in this event wase made in 1920 at Antwerp by F. K. Foss, United States, who vaulted four meters, nine centimeters, or 13 feet 5 inches.

RAIN INTERFERES WITH BIG LEAGUE FIXTURES

NEW YORK, Sept. 4.—Very general and heavy rains interfered today with big league baseball. In the International league rain forced the postponement of both the first and second games at Newark with Jersey City and at Reading with Baltimore.

In the National league both games between the Giants and the Boston Braves at Boston had to be called off and in the American league both games at New York between the Yanks and the Red Sox.

Suggests Wimbledon Abandons Claim to Hold Championship

LONDON, Sept. 4.—Donald McLeod, a member of the Olympic council interested in lawn tennis, writes to the Times pointing out that now that Gerald L. Patterson has been defeated by William T. Tilden, Patterson's title of world's champion is not justified.

Mr. McLeod advocates Wimbledon resigning the claim granted by the international federation to hold the championship in perpetuity and declares that an arrangement should be made with the American Lawn Tennis association to hold world's grass court championships alternately in America and England, in which case he thinks the Davis competitions could be dropped or held every four years like the Olympic games.

Sporting Briefs

Morvich Badly Beaten

NEW YORK, Sept. 4.—Benjamin Block's noted colt, Morvich, was beaten badly again today, finishing last in the fall high weight handicap at Belmont park, a four-horse race at six furlongs, won by W. J. Salmon's Careful. Morvich tired in the last quarter and was more than nine lengths behind the winner.

WRESTLERS ATTRACT ONLY SMALL CROWD

SASKATOON, Sept. 4.—Jack Taylor defeated Nels Moe of Yorkton in two straight falls here this afternoon in a wrestling bout that was advertised as being for the heavyweight championship of Canada. There was only a small crowd present.

SPECTACULAR PLAY IN THE MEN'S DOUBLES

Blaylock and Murray Turn Almost Certain Defeat Into Thrilling Victory

RAIN CHECKS FINALS FOR CHAMPIONSHIPS

Westwood and Mahood Play One Set in Rain; Play Off on Lower Courts

Heavy rain yesterday afternoon spoiled the men's singles tennis championship and after one set in the finals between Westwood and Mahood, which the former won 6-2, until this afternoon

The coast champion had little difficulty in disposing of McIlwaine in the semi-finals, and Mahood eliminated Dewdney 6-3, 6-1.

By far the most spectacular game ever witnessed in the Kootenays was the men's doubles semi-finals, won by Murray and Blaylock from McIlwaine and Mahood, 4-6, 6-4, 11-9. In the third set the latter pair stood 8-7 and 40 love, holding five match points, but the steadiness of Murray and Blaylock wore them down. Mahood's great covering ability, Blaylock's steadiness and Murray's and McIlwaine's smashing were the features of a thrilling contest.

In this event Dewdney and Townshend defeated Appleyard and Idiens 4-6, 6-4, 6-4, and meet Murray and Blaylock in the finals today.

Play begins at 9 o'clock this morning to work off the unfinished games up to the finals. At 1:30 this afternoon the remaining sets of the Kootenay singles championship begins, after which all finals will follow.

Results of yesterday's play follow:

Men's Open Singles: Championship

V. Westwood, Vancouver, defeated H. McIlwaine, Powell River, 6-2, 6-4.

D. S. Mahood, Victoria, defeated E. E. L. Dewdney, Trail, 6-3, 6-1.

Mixed Open Doubles

Daily News cup.

C. W. Appleyard and Mrs. Gordon Hallett defeated Atwood and Miss G. Barlee, Grand Forks, 6-3, 6-3.

Mr. and Mrs. B. Townshend defeated Fotheringham and Miss Gregory, Cranbrook, 6-0, 6-0.

Mr. and Mrs. Caldwell, Kimberley, defeated K. D. McBean and Mrs. L. V. Lord, Trail, 2-6, 6-4, 6-3.

Ladies' Open Singles

Mrs. Caldicott, Trail, defeated Mrs. Caldwell, Kimberley, 6-3, 6-3, and meets Mrs. H. Rosling in the finals.

Ladies' Singles Handicap

Finals: Mrs. L. V. Lord, Trail, defeated Mrs. R. H. Louis, Nelson, 6-4, 6-2, and was awarded the cup by Mrs. S. G. Blaylock.

Men's Open Doubles—Semi-Finals

Dewdney and Townshend defeated Appleyard and Idiens 4-6, 6-4, 6-4.

Blaylock and Murray defeated McIlwaine and Mahood 4-6, 6-4, 11-9.

You Cannot Be Efficient Unless Your Eyes Are Normal.

You cannot tell that yourself, only the optometrist, after his delicate, scientific examination, can do so.

There must be perfect harmony any balance between the muscles inside and outside the eyes and nerve supply, else strain and lesser efficiency results.

HIGHER ETHICS ROTARIAN AIM

Says Frank Lamb, District Governor, at Rotary Club Dinner

"To summarize the objects of Rotary, I would say that it is the development of closer, more efficient and higher ethical relationship between individuals," said Frank H. Lamb of Hoquiam, Wash., district governor for Rotary for the states of Washington and Oregon and the province of British Columbia, in an address last night at a Rotary dinner at the Hume.

Governor Lamb is making a tour of his district and reached Nelson after visits to Cranbrook and Fernie. He spent the afternoon in conference with the executive and committee chairmen of the local club, which now has a membership of 26.

The dinner was attended by all the members of the club, excepting two, and many members were accompanied by their wives.

Object Is Service.

He gave the objects of Rotary in more detail, setting it out under six headings:

1. Acquaintanceship.
2. The cultivation of higher ethical standards.
3. Recognition of the worthiness of all legitimate business.
4. The increased efficiency of Rotarians.
5. Development of service, which he explained meant recognition of the fact that any legitimate transaction must be beneficial to both buyer and seller.
6. Fostering the interest of Rotarians in the social, moral and industrial welfare of the community.

He mentioned that Rotary had grown from 1500 members in 1910, to 90,000 in 1922, the baby club of this district being Fernie, which is No. 1253.

Governor Lamb was introduced to the club by the president, Dr. L. E. Borden, who presided at the dinner, and who paid a compliment to Mr. Lamb's work for Rotary and his qualities as a citizen.

The program included songs by the diners and a recitation by F. Barberis. P. G. Morey one of the members of the club, was accompanist.

CRANBROOK, Sept. 4.—Two fires have been reported to the provincial police here within the last few days. On Thursday last the Campbell & Myers sawmill plant, some miles out of Fort Steele was burned, breaking out after the night watchman went off duty. There is insurance carried on the mill and stock of lumber in the yard, but full particulars of the fire and loss entailed have not yet been ascertained.

On Sunday evening the home of Mr. and Mrs. W. H. Stender, in the Kootenay Orchard subdivision adjoining this city, was burned to the ground through an unknown cause. The family were all away at the time, but the house and contents were a total loss.
