VOL. 21. NELSON, B. C., TUESDAY MORNING, JULY 18, 1922. NO. 75.

RUSSIA MUST BE EXPLICIT ON PROPERTY

That Is Only Basis on Which Hague Conference Reopens

FRANCE OPPOSES FURTHER TRUCK

Litvinoff Will Have Chance to State Views on Confiscation Today

THE HAGUE, July 17.—Soviet Russia will be given an opportunity tomorrow to outline any new proposals or a settlement of the issues which have been before the conference. In other words, The Hague conference has been resuscitated, though not in a whole-hearted, swinging fashion, indicative of general optimism.

Everything depends upon whether the Russian delegation has concrete propositions concerning confiscated property, showing a distinct change from the previous attitude of the delegation on this problem, which the European delegates deemed utterly unacceptable.

M. Litvinoff's letter to the non-Russian experts today, asking for a renewal of the negotiations, was lengthily discussed this afternoon by the European representatives, and it was agreed that the Russians should be invited to meet the subcommission on property tomorrow, and submit their new suggestions.

Old Goods in New Paper

The French opposed any renewal of the pour parlers, insisting vigorously that Litvinoff's communication was merely a reiteration of the old Bolshevik position, and consisted of old goods wrapped in new paper.

The Russians would not restore property, the French declared, and they would discuss forms of compensation only when they knew how much they owed foreign countries, and the extent to which foreign countries were ready to help Russia financially.

Other delegates voiced the same view.

European experts declined to adopt M. Litvinoff's suggestion for a joint session of the leaders of the non-Russian commissions, and the Russians, to find, if possible, a basis for the continuation of the conference, believing that the Russians should by requested to state immediately their grounds for thinking that the conference can be effectively resumed.

Dominion Will Not Be Liable for the Joint Wheat Board

OTTAWA, July 17.—(By Canadian Press)—The federal legislation under which the Alberta and Saskatchewan governments propose to act in regard to a wheat board, is of an enabling character. The law officers of the Crown held that the Dominion had no authority in time of peace to set up a board with compulsory powers to control the wheat trade, such powers belonging to the provinces under the British North America act. Consequently, parliament passed an act to establish a board with power to handle wheat voluntarily consigned to it, and gave that board power to accept authority for compulsory control which might be given to it by a province.

The federal act, it was provided, should not come into force until two or more provinces had enacted legislation which, in the opinion of the federal government, would provide for a comprehensive executive control of the trade in wheat, such as was possessed by the Canada wheat board under the war orders in council of 1919.

The sessions of the Saskatchewan and Alberta legislatures now summoned are for the purpose of passing legislation necessary for this purpose.

The act of the Dominion parliament provides that no financial responsibility shall rest on the Dominion in regard to the operation of the board. The Dominion expressly repudiates liability for contracts made by the board, or for deficits that may be incurred by it. All salaries are to be paid out of the receipts of the board. The board has power to make advances to the farmer for his wheat. It is provided that any deficits that may accrue are to be divided among the provinces or patrons on a pro rata basis.

Claim National Guards Assaulted Toronto Pair When in New York State

TORONTO, July 17.—This afternoon A. T. Lundy of the firm of Lundy & O'Brien, barristers, held a conference with John Beattie and his sister, Mrs. Stafford, who, it is alleged, were assaulted by members of the 174th regiment, near Lewiston, N. Y., on July 2. Affidavits are being prepared with a view to demanding action on the part of the United States authorities. A letter was received today by Chester W. Martin, the United States consul here, from Col. W. R. Pooley of the 174th infantry, New York national guards, Buffalo, saying that the incident appears to be exaggerated. He says he is satisfied that the soldiers were not the aggressors.

Protecting Belfast

This armed patrol is guarding a fire hydrant.

LIQUOR PRICES PROFITEERING IS REJOINDER

Senator Barnard Comes Back at Premier Oliver; Compares Lists

VICTORIA, July 17.—Insisting that liquor prices charged by the British Columbia government are unreasonably high when compared with those prevailing in Ontario and Quebec, Senator G. H. Barnard has written a letter to the press answering the recent statement of Premier John Oliver, in which he accused Senators Barnard and R. F. Green of blocking the legislation asked for by British Columbia to secure a monopoly of importation.

This, Senator Barnard, resents and reiterates his first statement that in all fairness it would be impossible for the federal authorities to grant this province the exclusive right to import without the people voting on the matter.

Senator Barnard quotes from an advertisement of the Quebec liquor commission, in which ordinary red wines and white wines are offered at $2.25 to $2.75 a gallon. While British Columbia has none for sale under $4 a gallon. Wine is sold in Quebec for from 55 to 75 cents a bottle, while the British Columbia government stores offer none for less than $1.

He also refers to the price list of the Ontario government dispensaries of January last, and gives the comparative prices of the two governments, mentioning brands and labels in a very specific way, and showing that liquor prices in this province are much higher than in Ontario.

Farmers Claim Will Swamp the Manitoba Polls

WINNIPEG, July 17.—Fine weather is predicted for tomorrow, when the electors of 43 provincial constituencies proceed to the polls to choose a new legislative assembly for Manitoba. Harvesting has not commenced and there would seem to be nothing in the way of polling a representative vote. Fifty-two members are to be elected tomorrow out of 149 candidates, of whom 10 will be chosen in Winnipeg from 43 starters, and three elections are deferred.

Most of the results will be known tomorrow night, but Winnipeg, voting under proportional representation for the second time in a provincial election, it will be Friday before the full list of members is available. All other constituencies vote under the old system. Polls open at 8 a. m. and close at 5 p. m. everywhere.

More than 800 ballots have been marked in Winnipeg in the advance poll opening for busines people who cannot be at home tomorrow and it is thought that this indicates a high degree of interest.

The close of the campaign is marked by public declarations of Farmer and Progressive leaders that they will "sweep the province," and control the next legislature by a clear majority, and of Liberal leaders that Hon. Mr. Norris will head the largest group in the next house.

Farmers say that with the aid of the Winnipeg Progressives they will have a minimum of 34 members. Liberals claim they will elect at least 25 candidates. Conservatives expect 16, and the Labor leaders look for about 10. If the Farmers live up to their promises, the leader whom they have to elect will be called upon by the lieutenant-governor to form a government.

The alternative in all probability is an administration based on association or fusion groups.

NOVA SCOTIAN MINERS NOW REVOLUTIONARY

Workers' Party Trying to Obey Orders of the Red Internationale

TRADES CONGRESS JOURNAL EXPOSES

Says This Party of Evil Aims Hopes to Interfere With Trades Congress

OTTAWA, July 17.—(By Canadian Press.)—The Canadian Congress Journal for July—the official organ of the Trades and Labor Congress of Canada—will contain a strong editorial attack on the Workers' party of Canada for alleged revolutionary aims. "The Workers' party of Canada" the editorial says, "evidently does not intend to allow the annual convention of the Trades and Labor Congress of Canada to pass without effort on their part to carry out the instructions of the Red internationale of Moscow, which is to use the established trade union movement for the bringing into effect of their own revolutionary aims."

The editorial charges that J. B. McLachlan, secretary of district 23, United Mine Workers of America, has been acting as henchman for the Workers' party of Canada, and that Joseph Knight, referred to as ambassador of the Red internationale, has been assiduously campaigning in the mining districts of Nova Scotia.

The results, the editorial continues, are to be noted in the boasted success of the self-styled radicals in having district 23, U. M. W. A., committed to affiliate with the Red internationale of Moscow, change its labor day to May 1, defy constituted authority, and appeal over the heads of the governments to soldiers and minor law officers to join in the attempt, peaceful if they may, but forcibly if they must, to completely overthrow the capitalistic system and capitalist state; and further, to demand from the Canadian government a loan of $15,000,000 for Soviet Russia.

The editorial continues that President Baxter of the United Mine Workers in Nova Scotia opposed this policy, and that there is ample evidence it was not accepted unanimously.

Province Sits on Powder Barrel Is the Fire Situation

VANCOUVER, July 17.—"Like sitting on a powder barrel," is how ester, describes the forest fire situation in the British Columbia mainland and Vancouver island today. He has just returned from a flight over the fire areas, which appear to require only a repition of last week's high winds to be again ablaze. With no sign of rain, fires in a score of districts are smouldering, temporarily controlled, but not extinguished. New fires are reported on Gambier island, and the settlement of Long Bay is again threatened.

Patriot Did Not Commit Contempt on Assassination

LONDON, July 17.—(By Canadian Press Cable.)—The King's bench court today discharged the order of attachment granted by the court on July 5 for alleged contempt of court against the Boswell Printing & Publishing company and Brig.-Gen. Cyrill Prescott Decie, on account of election articles published in the weekly newspaper, the Patriot, describing the men accused of the murder of Field Marshal Sir Henry Wilson as "brutal, degenerate assassins." The court decided that the article in question was not calculated to influence the trial of James Connolly and James O'Brien, the pair charged with the Wilson murder.

Mr. Justice Avery said if the article in the Patriot which had been complained of had said "alleged murderers," there would have been no ground for the application of July 5. The omission of the word "alleged" was technical contempt of court, he said.

Canada Will Send Representative to the Pan-Pacific

OTTAWA, July 17.—F. C. T. O'Hara, deputy minister of trade and commerce, has been appointed to represent Canada at the Pan-Pacific commercial conference to be held in Honolulu in October. It is expected that leading commercial, financial and other institutions will also send representatives.

At the conference will be represented all the countries on the Pacific. The United States is sending a large delegation. Delegations are also expected from China, Japan, Australia, New Zealand and Siam.

ALLEGED MURDERER IS SAID TO HAVE CONFESSED

CHATHAM, Ont., July 17.—Clatton Croft awaiting trial on the charge of murdering Gustave Noel, his partner and benefactor, with whom he lived on a farm at Charing Cross, is alleged to have confessed.

DUKE OF CONNAUGT GREETS EARL HAIG

Two of the notable figures at the funeral of Sir Henry Wilson.

COMMISSION WILL ASSIST WITH HONORS

Motion to Investigate Procedure Is Talked Out and Ends in Anti-Climax

LONDON, July 17.—There was a kind of anti-climax tonight to the house of commons debate over the method of distributing honors and decorations. It was believed the government would make the question of accepting a royal commission to advise the prime minister in his recommendations to the King concerning those deserving honors, a matter of confidence, but after the premier had spoken in defense of the present system of awarding honors interest in the debate dwindled considerably, and finally the motion for the commission was talked out, no vote being taken.

Thus, the opposition's demand for a committee of investigation fell to the ground.

It is presumed the government will appoint the royal commission which the premier suggested, as the house of lords tonight, almost without debate, accepted a motion for a royal commission, moved by Lord Chancellor Birkenhead, replacing Lord Salisbury's motion for a commission of both houses of parliament to investigate the honors procedure.

Lloyd George Makes Strong Defense.

On the whole, the speech of Lloyd George was a strong defense of the existing system, although he admitted it was not absolutely perfect. He warned that an attempt to abolish a system that was centuries old might result in replacing it with something infinitely worse.

Germany's present misfortunes, he argued, were largely due to the fact that Germany had lacked trained politicians and political organizations. The most remarkable and inexplicable fact in the war was the sudden collapse of Germany in 1918, which, in the opinion of the premier, would never have happened if Germany had had political organizations trained for the purpose of appealing to national sentiment and rousing national strength.

"Whether in peace or war," he added, "the nation possessing political organization is twice as safe as a nation without it."

Premier Responsible.

Denouncing anything in the shape of a bargain and sale, if it existed, Mr. Lloyd George contended it was impossible to rid the prime minister of the responsibility of recommending honors. Therefore whatever changes were made, the present method ought to be retained whereby no prime minister ever knew which men contributed to party funds, and any attempt to make such knowledge public would be quite unfair to a responsible minister.

The debate proceeded quietly, except during the speech of Ronald McNeill, Unionist, who adversely criticized two of the recent peerages created, Lord Waring and Lord Williamson.

Lord Waring was present in the visitors' gallery and violated the rules of the house by shouting:

Shouts From Gallery.

"That is a false statement," when Mr. McNeill accused him of doubtful business transactions.

Mr. McNeill charged Williamson, who is a member of Balfour, Williamson & Co., with doing business in South America, especially Buenos Ayres and Valparaiso, with laxity in relation to trading with the enemy, and asserted that the complaints on this score against the firm had been investigated through the foreign office.

Montana to Get Canada's Largest Herd of Cattle

CALGARY, July 17.—McHugh Brothers, owners of the largest herd of cattle in Canada, and who control the ranch by that name at Gleichen, Alta., intend to remove their cattle to Montana, according to reports received here. The reason for the action is given as the coming into effect of the prohibitive duty on cattle and better ranching conditions generally in the United States. The herd consists of 1000 animals.

HARDING TELLS OPERATORS TO GO BACK HOME

Majority Accepted Arbitration, but Minority and the Men Did Not

WASHINGTON, July 17.—President Harding today invited bituminous mine operatorse who notified him at the White House of their acceptance of his offer of arbitration in the coal strike, "to return to your mine properties and resume operations."

The president, in a statement issued after the delegation of bituminous operators left the White House, said that "we have now reached a point, owing to the refusal of mine workers and a minority of your operators to accept the proposed arbitration, where the good offices of the government seeking a voluntary adjustment of the dispute between mine operators and mine workers are without avail."

Arbitration Endorsed

The statement said the coal operators "extended verbal and written reports to the president," all of them subscribing broadly to the proposal for arbitration. A majority of the districts accepted the proposal unconditionally, it was stated, while a minority of the districts represented in the conference joined in subscribing to the general principle of arbitration and collective bargaining.

It was stated at the White House that the president told the delegation he was disappointed in their lack of unanimity.

A large majority of the operators, it was said, "pledged readiness to resume activity under the government's proposal." The president told the operators that "the freedom of action on the part of the workmen and on the part of the employees does not measure in importance with that of public welfare and national security."

Canada Will Face Short Anthracite Supply This Fall

OTTAWA, July 17.—There will porbably be a shortage of anthracite coal for domestic use in Canada this winter, said S. J. Cook, chief of the mining, metallurgical and chemical branch of the Dominion bureau of statistics, in an opinion on the coal situation in Canada.

Reviewing the situation in the United States where anthracite comes from, his opinion was:

"It appears that stocks at the mines accumulated in anticipation of the great strike now in progress have been practically wiped out, and the most recent news from the anthracite fields indicate that only the smaller sizes are now being offered. It is also pointed out that even if mining is immediately resumed, the movement of the grain crop and the increased movement of freight, other than coal, consequent upon the revival in industry as a whole, will make it impossible for the railways to properly handle coal available for shipment, with the probable consequence that a congestion in traffic will tie up the coal supply. The railwaymen's strike will tend to aggravate the situation."

ROBERT DUNN TREKKED PLAINS BY OX TEAM

VANCOUVER, July 17.—Robert Dunn, for 40 years a pioneer of the west, is dead here, aged 80. He came from Stratford, Ont., in 1882, driving from Virden, Man., to Grenfell, Sask., by ox team. He lived for 25 years in Portage La Prairie. He is survived by a widow, one son, and three daughters, one of whom is Mrs. W. W. McLean of Winnipeg. The rest live on the coast.

CUT GERMAN INDEMNITY TO A THIRD IS PROPOSED BY GREAT BRITAIN TO FRANCE

French Debt to Britain Will Also Be Wiped Out, and Britain's Share of Indemnity Given to France; Latter Begins to Look With Favor on Scheme; May Lead United States to Consider Cancelling Debt Owed It by Allies

PARIS, July 17.—The reduction of the German indemnity to fifty billion gold marks from the present total of 132,000,000,000, and the cancellation of the French debt to Great Britain, is the basis of a solution of the reparations question now being seriously discussed by French and British officials.

Although the scheme has not yet officially reached the reparations commission, members of the latter have discussed the details. It is expected the proposed plan will be one of the chief subjects of discussion in the forthcoming meeting of Premiers Poincare and Lloyd George.

British Urge It on French

The suggested solution has the hearty support of British officials, who have been urging its acceptance upon the French officials, it is announced. The latter, it is reliably stated, are looking with more and more favor upon the plan, proved it carries with it a clean-cut pledge of assistance in time of attack, and assures France the allotment wholly or in part, of Great Britain's 22 per cent share of the total indemnity. It is believed that Great Britain is ready to concede virtually all these demands if full acceptance on the part of the French government is obtained.

The British decided to push the plan, when it was definitely determined that the United States was not in a mood to discuss cancellation of the allied debt, it was learned today. Supporters of the scheme hope the United States will follow the lead after she has had the chance to observe the good which will result from even a partial writing off of the war debts.

British officials have informed the French that their plan would bring about a radical change in the present European situation. It is thought that the mark would be stabilized, business restored, and Germany with a collectable indemnity, would be bound to find means of pay

The proposal has strong ad[illegible]ates in the reparations commissio[illegible] it is announced in these circles [illegible]ay. It is expected in that quarte[illegible] hat it would have the unofficia[illegible] support of the United States g[illegible]nment. Advocates further point o[illegible] that its adoption would immediate[illegible] have the effect of calling together [illegible]he committee of international ba[illegible]ers who would probably arrange a loan, in itself large enough to insure reparations payments for several years under the revised figures.

Moratorium Goes With It

The plan would call for a moratorium for the remainder of this year's cash payments, it is learned, experts taking the view that Germany would probably be able to balance her budget by January provided she is relieved of payments until that time. The acceptance of the proposed adjustment by France, advocates explain, would have the effect of placing all the allies in the collection of the reparations account.

It is admitted the proposals, if tentatively approved at the forthcoming Franco-British meeting, could hardly be adopted by the two countries for several months. It is explained, however, that discussion of the plan has gone far enough to make it outstanding, and the most acceptable solution of the German reparations problem.

West Virginia Is Scene of a Bloody Battle Between Deputy Sheriffs and Body of Miners

WELLSBURG, W. V., July 17.—Four known dead, whose bodies lay in the morgue here tonight, were silent witnesses of the gun fight which raged for more than an hour at daybreak around the Clifton mine of the Richland Coal company, at Cliftonville, 10 miles away. Sheriff Duval, who led his little band of deputies against a large crowd of men said to have crossed from the Pennsylvania coal fields, was among the dead.

Watchers at the mine were waiting for the ruins of the tipple, burned in the attack, to cool before searching for the bodies of two men believed to have been buried under debris.

Other Bodies Under Debris.

Rumors persisted that the bodies in the morgue by no means represented the total casualties of the fight, but none of tde deputy sheriffs would confirm reports that numbers of men had been shot down and their bodies dragged through the woods by their companions.

Three wounded men of the attacking force were in hospitals in Wheeling, and 15 others, captured by the deputies in the battle, were in the Ohio county jailnot far away.

Twenty-five prisoners, three of them who had been shot, were confined in the Wellsburg jail. Seven of this number had been taken in the woods around the Clifton mine late this afternoon by state policemen, who, it was reported tonight, were continuing the search.

Three Federal Ministers Pay Visit to Coast

VANCOUVER, July 17.—With a busy week of social and political activity ahead of them, three federal cabinet ministers are due here this week, the principal event during their stay being the Liberal picnic and rally here on Wednesday. Hon. D. D. McKenzie, solicitor-general, arrived today. Hon. W. R. Motherwell, minister of agriculture, is due tomorrow, and Hon. Charles Stewart, minister of the interior, arrives Wednesday.

Great Strike Vote Is Now in Progress in the United States

CINCINNATI, July 17.—Approximately 200,000 railroad clerks, freight handlers and station and expressmen are either taking a strike vote, or are expected to take one, according to information at headquarters of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Station and Expressmen here today.

Officials refused to be qouted directly, or name the roads where a strike vote is now in progress. It was stated, however, by Grand President Fitzgerald that wherever the constitutional majority for a strike on any road or system was secured he would grant sanction to strike.

Free State Forces Envelop Dundalk and Consolidate It; Revolt in South to Be Crushed

BELFAST, July 17.—The Irish army national troops operating at Dundalk under General Hogan, have strengthened their position to such an extent that it is almost impregnable. The regular forces obtained virtual possession of the town late yesterday after carrying out an enveloping movement, seizing several business houses in the center, the country prison and hospital in the southern section, and the Bridge street barracks in the northern, while during the night they took over a hotel commanding Market square, and another hostelry overlooking an important section of the Northern railway.

With the exception of some sniping Sunday afternoon the irregulars manifested no activity.

Breen's Manifesto

A Cork newspaper received here quotes an appeal by Commandant Daniel Breen, addressed to the Irish Republican army, asking if the Free State troops were aware that England was using "the so-called provisional government" to disestablish the Irish Republic. Breen, who was defeated for parliament in the June elections, refers to the National army troops as "the Black and Tans of Today," and says that duty again calls him to defend the republic, which "I will do or die in the attempt."

Breen concludes with an appeal to the Irish Republican army to stand with him again as comrades in arms to continue the fight against England.

Capture Rebels at Ballinasloe

DUBLIN, July 17.—No fresh fighting between Free State troops and irregulars was reported today, and there was no important capture of irregulars, except at Ballinasloe, 91 miles southwest of Dublin, where 34 of the insurgent troops were captured without a shot being fired.

There is no sign of an expected attack on the irregulars' retaining strongholds south, unless the sporadic engagements now taking place between the Nationals and irregulars on the line running from Limerick to Waterford may develop into big scale operations.

Once the revolt in this area is crushed, it is held, the provisional government will have effectively established its authority, although wherever the Free State forces have encountered irregulars lately, the latter have chosen a line of least resistance and capitulated, but it is not expected final repression will be accomplished with such ease, and the government is preparing the people to expect heavy fighting in the south before final victory is attained.

British Stay Out of It

BELFAST, July 17.—In fighting over the week-end for possession of the Ballyshannon and Finnor camps, the Free Staters, finding themselves hard pressed by the Republicans, applied to a company of a British regiment stationed at Balleek for assistance. The officer in command replied that he did not possess power to give such assistance, whereupon the Free State commander sent a request to the military authorities at Enniskillen, who sent them a supply of arms and ammunition.

Later, it developed that the authorities at headquarters considered this action was not justified, and sent a detachment of troops from Enniskillen to Balleek to get the munitions back from the Free Staters.

AVIATOR LOST UP IN ALASKA

Disappears After Leaving City of Eagle; Had Engine Trouble at Start

DAWSON CITY, Y. T., July 17.—Launching his biplane in stormy skies, and stocked with no other food than three apples and a pound of candy, Clarence O. Prest, the Nevada aviator who is attempting to fly from the south to Siberia, disappeared from human ken early Sunday morning and has not been seen since. He left Eagle, Alaska, for Fairbanks, Alaska, anticipating that the trip would take him three hours. He could easily do it in four.

The route is beyond all means of human communication, covering a succession of unexplored hills and valleys, heavily wooded. The only landing places would be occasional hilltops, tiny meadows or creek beds. Prest had a moving picture outfit, a revolver and fishing tackle.

Had Ignition Trouble.

He is known to have had ignition trouble with his engine before he started, and is said to have taken ether from Eagle to liven up his gasoline, which yielded a specific gravity of only 58. He could have had no possible reason for attempting a landing of his own accord and he took the Eagle-Fairbanks route because he considered it impossible to land anywhere but at settlement in the Alaskan country. He aimed to take part in a public celebration at Fairbanks Sunday. All these things considered, it is thought certain here that Prest has met with some mishap.

REGINA, July 17.—Harold Bismyer, aged 3, is dead at the home of his parents at Goodeve, Sask., as the result of a bullet wound in the head. The boy was accidentally shot by August Bidner, 11 years old.

GRAND TRUNK WAGE MATTER IN CONFERENCE

Affects Seven Thousand Men Outside of the Running Trades on System

MONTREAL, July 17.—C. P. Riddle, secretary of the Canadian Railway association, interviewed here this afternoon, stated that the question of wage reduction involving approximately 75,000 shop and maintenance of way men on the Canadian railways, effective last Sunday, is now out of the hands of the association. As to who will represent the railways on the board of conciliation, Mr. Riddle had nothing to say.

Regarding the negotiations for a new wage schedule for 7000 railroad employees outside the running trades, which opened this afternoon between the Grand Trunk Railway company and the wage schedule committee of the Canadian Brotherhood of Railway Employees, it was stated that there were no further developments tonight.

The matter is one entirely outside the sphere of the Canadian Railway association, and is quite apart from the question of the wage reduction proposed in the case of shopmen and maintenance of way men. The men affected in this case are employees of the Grand Trunk, and only represent clerks, freight handlers, station men and oilers.

ONTARIO SOCCER FANS UP IN ARMS

Football Association Orders Playoffs at Montreal; May Play Sudden Death Game

TORONTO, July 17.—Local soccer societies are anxiously awaiting development in the situation caused by the decree of the Dominion Football association ordering the Ontario Connaught cup representatives to meet the Quebec team, the Grenadier Guards, in a two-game elimination series at Montreal. One definite advance was made tonight when Ulster United of Toronto defeated Taylor-Forbes of Guelph, and thus qualified as provincial representatives.

A prominent official of both the O. F. A. and the D. F. A. made a suggestion tonight that may become crystallized into a definite proposal at tomorrow's meeting of the latter body.

Propose Sudden Death Game.

If the D. F. A. do not recede from their stand in ordering both games to be played at Montreal the local officers propose that a sudden death game be played in the eastern metropolis instead of a series. It was pointed out that the object of the home and home series, as is the precedent, has been eradicated, as it is felt that if the provincial moguls are finally forced to accept the D. F. A. ruling it might be modified to the extent that the risk of playing on their opponent's home field would be lessened 50 per cent.

The telegraphic vote being taken by the O. F. A. executive committee to decide their policy in the matter has not been completed. It is reported, however, from the very best sources that the Ontario body's views will coincide with these of the local association and the Ulster club.

Tomorrow will probably see the matter brought to a head and with the Ontario body's vote in hand, and at the meeting of the local government association, some definite stand will be taken which will clarify the situation.

LEGISLATURE TO DISCUSS WHEAT BOARD BILL

EDMONTON, July 17.—Alberta's legislature will meet Monday afternoon, July 24, in a special session to consider the proposed bill authorizing the establishment of a wheat board between this province and Saskatchewan.

This announcement was made Monday afternoon, shortly before 2 o'clock, by Premier Greenfield following a meeting of the executive council, an official statement issued at the same time giving reasons for the calling of the emergency session.

FATHER OF IRISH CONSTITUTION SPEAKS TO DUBLIN ROTARIANS

DUBLIN, July 17.—Darrell Figgis, who was chairman of the committee which made the draft of the new Irish constitution, addressing the Rotary club tonight, attributed the bulk of existing trouble to unemployment. In his opinion more than half the irregulars in the field probably would not be there if they had work.

DEATH CAUSED BY REVOLVER BULLET

WINNIPEG, July 17.—A coroner's jury tonight brought in a verdict that John Collins, farm hand, of Oakbluff Man., who disappeared last January and a skeleton was discovered in the bush near here on Sunday, came to his death from a revolver bullet fired by a person or persons unknown.

George Morse, who was held by the police at the time of Collins' disappearance, but who has since disappeared, had made threats to kill Collins and "put him away where no one would find him," according to evidence. Morse was Collins' partner in a business deal.

Forecasts Walkout Early Next Week

WINNIPEG, July 17.—Harry Kempster secretary of district No. 2 International machinists tonight forecasted that railway shopmen throughout Canada would down tools early next week as the result of the strike ballot now being taken regarding the recent wage reduction.

PATTULLO IS OFF FOR OLD COUNTRY

VICTORIA, July 17.—Off for the old country, where he will resume his investigations begun last year when he visited Europe to study conditions surrounding the lumber market there, Hon. T. D. Pattullo, minister of lands, left on Sunday for New York, whence he will sail for England. He expects to be away three months. In London he will again take up the subject of immigration under the scheme now before the Imperial parliament. Hon. J. D. MacLean, provincial secretary, will be acting minister of lands during Mr. Pattullo's absence.

REJECT MOTION ON AFRICAN TITLES

LONDON, July 17.—(By Canadian Press Cable).—A motion by Senator F. W. Reitz, moved in the senate of the Union of South Africa today, that the union government should not recommend, recognize or consent to recognize titles bestowed from outside the union on citizens of the South African dominion, was rejected by a vote of 20 to nine.

QUEBEC, July 17.—Kid Mitchell knocked out Frank Corrigan of Stoneham here tonight in the 10th round and thus won the Montminy belt, emblematic of the welterweight championship of the district of Quebec.

Be As Plump As You Please

Would you like to have a body deliciously alluring in its attractive curves? With soft, velvety cheecks, curving shoulders free from hollows and a beautifully filled-out well-rounded neck. These are easily secured. Just take two pleasant-tasting tablets of Ironized Yeast three times a day.

Yeast, as you know, puts clear, firm flesh exactly where it is lacking at present, imparting a beautiful, plumpness to limb, bust and neck and bringing rich rosy color to the cheeks. This is because it contains certain vital elements—essential to health yet lacking in the modern diet. These elements have a wonderful effect in building new cells and tissue. The secret "ironization" process used in Ironized Yeast enables the yeast to accomplish its results twice as quickly. Get Ironized Yeast today. The rapid improvement in your figure will astound and delight you. To try Ironized Yeast entirely free, simply mail postal card for Famous 3-Day Test. Address Harold F. Ritchie & Co., Ltd., Dept. 93, Toronto. Ironized Yeast is recommended and guaranteed by all good dealers.

BEECHAM'S PILLS Safest and best family medicine

FREE! $50 In Cash For One Letter

Sit down now and write us a letter telling how you like Pacific Milk since we have succeeded in improving it. Through our better process there is now 43 pounds of cream in every 100 pounds of Pacific Milk. This means it is almost half cream. For the best letter received we will pay

$50.00 IN CASH for the second best letter,

$25.00 IN CASH for the third best letter,

$10.00 IN CASH. and a full case of milk FREE to each of the 12 whose letters are chosen as next in order.

Contest Closes July 31.

PACIFIC MILK Limited Vancouver, B. C.

COUNCIL TAKES UP MILK SCHEME

After Hearing Dr. Thompson Decides to Study Advantages of Dominion Service

That a great part of tuberculosis in children was caused by getting tubercular milk was a statement made by Mrs. Dr. Isabel Arthur in a report to the city council last night, in which she advocated that the council take steps to bring the inspection of cows and dairies under the Dominion government and away from the provincial government, which had not sufficient inspectors to successfully do this work.

Speaking in this connection Dr. W. Thompson of Keremeos, a Dominion inspector, addressed the council, stating that if the council so desired it could get permission from the provincial government to make the change to the Dominion, as this work was gradually being taken over by the Dominion government all over Canada.

Milk, he stated, contained various disease germs, of which the provincial inspector took no cognizance.

Under the Dominion government system, all milk from untested cows, and from outside points, had to be pasteurized before being sold.

The council requested that Dr. Thompson write to the veterinary general at Ottawa, and also to the provincial government for full information regarding the benefits of such a change.

LUMBER PICKS UP SAYS LANE

Lumber Prospects Good; Impressed With Canadian Scenery

Thaddeus Lane, the well known lumberman from Spokane, president of the Benton Pole & Lumber company, passed through Nelson last night on his way to Spokane.

Mr. Lane, accompanied by Mrs. Lane, has been spending a vacation among the Canadian Rockies. They were perfectly delighted with the great Canadian mountain resorts at Banff and Lake Louise.

"The trip down the Arrow lakes," said Mr. Lane, "was wonderful, the scenery among the mountains being exceptional." He also highly praised the commodious steamers and service offered to tourists over the Canadian Pacific lines.

Mr. and Mrs. Lane will leave on this morning's boat for Spokane, via Yahk and the Spokane international.

When questioned regarding the lumber situation, Mr. Lane stated that: "The lumber business is greatly improved, and present prospects point to a good year."

CANCEL FREIGHT HANDLING CONTRACT

CINCINNATI, July 17.—Notices announcing cancellation of all contracts for handling freight in freight houses as soon as it can be legally done, were posted throughout the Big Four railroad system, E. M. Costin, general manager of the Big Four, announced here today.

LEGAL NOTICES

AUCTION SALE.

Gibson Mining Company, Limited (Non-personal Liability) in Liquidation.

NOTICE IS HEREBY GIVEN that pursuant to the order of the Supreme Court of British Columbia, dated June 16th, A. D. 1922, I will sell at public auction at my offices in the Court House at the City of Nelson, B. C., on Friday, the 21st day of July, A. D. 1922, at twelve o'clock noon, the real and personal property and effects of Gibson Mining Company, Limited (non-personal liability) in liquidation, comprising mining machinery, tools, supplies and equipment, camp equipment, power plant, aerial tramway, warehouses, a three-quarters interest in the mining property known as the "Gibson mine," situate on or near Cariboo creek in the Ainsworth mining division, consisting of the "Winthrop," "Butte," "Jennie," "Ida," "Oxide," "Frances" and "Spokane" mineral claims, all recorded in the Mining Recorder's office at Kaslo, Lots 9 and 10, Block 2, City of Kaslo, with blacksmith shop thereon, a lien or charge upon the one-quarter interest of J. M. Wolbert in said mineral claims for the amount of $785.00, and generally all the property of said company. Any creditor or creditors of said company may purchase said assets and may apply against that part of the purchase price over and above the costs of the winding up of the company and a charge of $1910.95 on certain of the assets of the company, the pro rata share of said creditor or creditors in the distribution of the assets of the said company.

Inventories and particulars of said properties may be obtained on application to the undersigned.

Dated this 29th day of June, A. D. 1922. JAMES H. DOYLE,
(3177) Liquidator of Said Company.

CIVIC AUTHORITIES AND HOSPITAL BOARD WILL GO INTO ISOLATION QUESTION

New Building Would Cost Fifteen Thousand of Which Government Might Pay Half; Matthew Claims Damages for Edgewood Diversion; Council Invites Montreal Board of Trade

In reference to a communication received from the Kootenay Lake General hospital board regarding the erection and maintenance of an isolation hospital, it was decided by the city council at the regular meeting held last night, that a committee be appointed to meet the hospital board and take up the matter of an isolation hospital in conjunction with the hospital.

Alderman A. S. Horswill stated that there would be the government liquor grant from the liquor profits which would be approximately $7500, to be used for hospitals and schools, and this could be utilized in this respect.

Mayor C. F. McHardy remarked that it was the policy of the government in the past, to bear 50 per cent of the cost, and if such was the case at present with the liquor grant, then the proposed building, which would cost in the neighborhood of $15,000, would be feasible.

It was decided that the city engineers be instructed to keep detailed and concise reports of costs of every piece of work that was done, compiled in such a way that immediate reference can be made and exact costs determined in detail of every section of the work.

Waters Asks to Build Burner

A communication was read from T. H. Waters & Co., asking for a lease on the foreshore adjoining W. Wilson's ice house, for the erection of a burner for the disposition of shavings from their manufacturing plant, as they could not be taken at the incinerator. This was referred to the committee of public works and fire wardens with power to act.

An application for sewer service was received from A. Mickleson and M. Mickleson, on the corner of Robson and Gore street. In the past the sewer connection had passed through another property and had recently been cut off. The city engineer was requested to look into the matter.

Permission was granted to G. Choquette to build a garage on his property at 411 Latimer street.

G. B. Matthew wrote, without prejudice, an offer to settle damage amounting to $1500, which he claims to be due from the new road being built on Edgewood avenue in front of his residence. This was referred to the city solicitor.

An amendment to garage bylaw No. 366, allowing private garages to be built in connection with dwelling houses, was given its second reading.

The bylaw, in reference to the war memorial committee buying a 40-foot lot adjoining the Hume hotel and deeding it to the city, was given a reading and advanced a stage.

Fix Playgrounds and Ferry

Alderman A. S. Horswill asked the authority from the council to erect suitable signs showing the way to the ferry landing and the park, and also signs on the bathing houses, at the park. He was granted the authority.

Alderman Turner suggested that the playground instructor, J. B. B. Smith, be given full power of a policeman at the park, to which the mayor replied that he would accordingly take it up with the chief of police immediately.

Alderman Kenneth Campbell brought up the matter of the uncleanliness of the street cars, arguing that sufficient attention was not being given to this point.

Mayor McHardy asked the city's electrical engineer, G. T. McGuire, to look into the matter, and correct this condition.

Alderman Horswill reported several complaints from patrons of the street cars, coming from the ferry and park, where they had been close to the car and it had passed without waiting. This was referred to the engineer.

Permission was granted the Rotary club for the use of the Lakeside park on July 26 for a picnic to be given to the kiddies. Similar permission was also granted to the Methodist church on August 2 for the Sunday school picnic.

A letter was received from the secretary of the board of trade for the endorsation by the council of an invitation extended to the Montreal board of trade to visit Nelson. The party will arrive on the night of September 13, via the Arrow lakes, and will be 200 strong. The endorsation was unanimous, and it was decided that the city clerk be instructed to write on behalf of the city of Nelson, and endorse the invitation with a separate letter to the Montreal board of trade.

Those present at the meeting were: Mayor C. F. McHardy, Alderman Kenneth Campbell, Alderman L. H. Choquette, Alderman G. Turner and Alderman A. S. Horswill.

Johnnie Dolphin Makes His Second Rescue of Season

To the Editor of The Daily News:

Sir: Will you kindly print the following in your paper:

Last week Johnnie Dolphin, aged 11, was spending a few days with the Horsteads at their summerd home up the lake, when Bryan Horstead, a 7-year-old boy, while playing on the wharf, fell into the water. Bryan being unable to swim, it caused quite a panic to his mother and sister, who were on the porch of the house. When Johnnie heard the mother's calls for help, he immediately ran down to the wharf and, diving in, rescued the boy, who had gone down for the third time.

This is the second time this year that Johnnie has saved a person from drowning, a similar accident having happened to his little sister.

Johnnie is a valuable member of the St. Saviour's Wolf Club pack of this city. He is being recommended for the life saving badge.

D. CRETNEY,
Acting Cub Master.

CITY WILL BUY HALF OT TREES

If Individual Citizens Will Buy the Other Half; Beautifying Scheme

That the city council take steps to get shade trees, shrubs and other plants, to be supplied to people for the beautification of boulevards in the city, the city standing half the cost, and also supplying rose bushes and shrubs and plants for gardens at cost, was the suggestion of Mayor C. F. McHardy at the council meeting last night.

Mayor McHardy referred to the cup donated by the lieutenant-governor for the best garden in the city, and emphasized the necessity of beautifying the city and that now was the time to start the work.

Information will be got from certified houses about shrubbery and plants, that will be offered to the public for planting.

It was the mayor's idea to get in touch with the Horticultural society, and all other local bodies, and impress upon all to help in this work.

The council unanimously approved the plan, and the ball will immediately be started rolling with the main object in view of a better, healthier and more picturesque city.

SHUGRUE OUTPOINTS FILIPINO CHAMPION

JERSEY CITY, N. J., July 17.—Johnny Shrugrue of Waterbury, Conn., outpointed Elino Flores, the Filipino lightweight champion, in a 12-round bout tonight, in the opinion of a majority of newspaper men present.

FULTON SCORES OVER BEN ROPER

NEWARK, N. J., July 17.—Fred Fulton, Rochester, Minn., heavyweight, scored a decisive victory tonight over Bob Roper of Chicago in a 12-round bout, according to the verdict of a majority of newspaper men at the ringside.

SPORTS IN THE OLD HOME TOWN

By Wood Cowan

WILL AMERICAN EXPERT HANDLE THE RAILWAYS

Many Rumors Are Flying as to Government's Intentions

OTTAWA, July 17.—(By Canadian Press.)—Witth the resumption of cabinet meetings tomorrow, interest is keen in the decisions which are expected from the government this week, and especially in the action to be taken in regard to the National railways.

Rumor has been active in regard to the names of the new directors and the new president.

Graham Possible Head.

Hon. G. P. Graham, now minister of militia, has been mentioned as chairman of the new board, as also has Sir Clifford Sifton, while J. P. Paradise of Quebec has been suggested as a member of the board of directors.

A new development in the conjectures of the last few days is a report that a United States railway expert will be brought in to take over the active management. This rumor was given much currency by the visit of the minister of railways, Hon. W. C. Kennedy, to the United States during the visit of Premier King to Washington.

The railway question is the biggest which the cabinet has before it, but there are also thorny problems around the proposed royal commission on returned soldier problems, while half a dozen judicial vacancies must be filled at an early date.

Mid-Season Selling Events

Here are just some of the many real values we are offering in the sale. REMEMBER OUR ENTIRE STOCK WAS BOUGHT THIS SPRING AT THE LOWEST PRICES. Before our values were desirable, these prices make them irresistible.

TUESDAY, JULY 18, 1922.

Germany's Desperate Play

An interesting situation would be created by an official German declaration of the country's bankruptcy. It would be unparalleled in that the repudiation would be not merely of ordinary indebtedness. The reparation claims of Germany's war victims occupy a preferred position in such degree that nothing more than default on a single payment is needed to justify the seizure of the country. To some extent there will be seizure, but that this will result in satisfaction of the French claims, for instance, is very doubtful.

A confession of bankruptcy by Germany would amount to an admission of ineptiture in management of the nation's affairs. The indicated treatment would be a "receivership," something never before undertaken in the case of a country of any magnitude. The purpose of a receivership would be to organize the German fiscal structure to the end that Germany might pay her debts. It would be for the benefit of creditors primarily. That the creditors' interests might be served it would be essential to put Germany "on its feet." At the end of the receivership Germany would be found more substantial than some of its present creditors desire it to be. And these latter would have contributed to the rehabilitation at no little cost to themselves, probably.

Leaving aside all questions of German defiance of her conquerors, of downright dishonesty in the management of her affairs with purpose to cheat those with just claims against her, it will appear that Germany's state, if as represented in current reports, is a bit more favorable to the late enemy than it would have been had a somewhat different course been followed by her allies from the beginning of the attempt to make her pay as she should.

Attractions of Professions

It may or may not be well that "law and medicine, like the ministry, attract fewer new recruits than formerly," as is declared by an authority. Naturally if these professions have become so overcrowded that they yield smaller average rewards than in years gone by, prudent youths will stay out of them.

Instead of overcrowding of the older professions being responsible for the reported scarcity of recruits, probably, the true reason is to be found in the expansion of opportunity, the greater choice of professions which the young man of today has. A couple of generations back divinity, law, medicine and arms made up the sum of professions that offered attractions to youth. Now, however, with the development of technical science there is a virtually unlimited field of choice, and the rewards of the moderately successful in the newer lines are far greater than those which aforetime came to none but topnotchers in the learned branches of activity.

The engineering professions make an appeal to imagiation that the others, with the possible exception of medicine and surgery, cannot. Most of the technical sciences are in their infancy. There is the lure of adventure in the study and practice of chemistry, electricity and the like. Mechanical engineering draws and sends its capable practitioners to all parts of the world, for one thing. That appeals to youth. In the laboratory the young scientist is ever prying into the unknown with the assurance that if he stumbles on something of real worth his reward may be stupendous and his professional glory transcendent. There really appears no mystery about the falling off of numbers of law and medical students—if there is a falling off.

Efficient Housekeeping

BY Laura A. Kirkman

ANSWERED LETTERS

Mrs. H.—"I want to tell other women about the way I can beets: Cook small red beets in the ordinary way till done, and when cool enough to handle, peel and pack in hot jars, then cover with a thin sirup made of one pint of granualted sugar and one pint of vinegar. This amount of sirup is enough for four quart jars. Seal air-tight and store."

Answer—Thank you, reader friend. We are always glad to know about other women's successful ways.

Mable—"We think of building our own home and would like suggestions from you regarding plans."

Answer—Write to me again, sending a stamped and self-addressed envelope, and I will gladly send you the name and address of a publisher from whom you can by, by mail, a splendid little book (very inexpensive) about building houses. This book contains plans for all kinds of small homes—Colonial type, Dutch type, English type, houses of tile and stucco, semi-bungalow type, seashore bungalows and country homes.

Bride—"I would give anything I have for knitting directions for the new 'Alpha' sweater. Could you please print them?"

Answer—I am so glad to be able to grant your wish. The following directions are for size 36 to 38 (if you are a 40 or a 42 bust, you will have to cast on 72 stitches and enlarge these directions throughout.).

Knitting Directions for the new "Alpha sweater"—3 balls Shetland Floss, 1 pair ten-inch knitting needles No. 3, 1 pair ten-inch knitting needles No. 5, and one pair of very heavy wood needles.

Abbreviations are K for "knit"; P for "pearl," and "Sts" for stitches. (1)—On No. 5 needles cast on 60 sts. (2)—K 2, P 2, for 14 rows. (3)—On No. 3 needles K 2, P 2, for five rows. (4)—On No. 3 needles K plain for six rows. (5)—On No. 3 needles K across and P back for 6 rows. (6)—On No. 5 needles K across and P back for six rows. (7)—On large needles K across and P back for 22 rows. (8)—On No. 5 needles K across and P back for one-half inch. (9)—On No. 3 needles K plain for 30 sts. (One-half way across back). Knit back, then narrow, taking first two sts together at the front each time you start from there, until you have 20 sts left on the needle—which means you have knitted ten ridges. (10)—On No. 5 needles widen to 30 sts, gradually widening as you narrowed (ten ridges), then K across and P back for one-half inch. (11)—On large needles continue down front making opening as deep as desired (about ten rows). K other front to this point, then place all sts on one needle and finish in design and length to match back. (12)—Sleeve—On large needles, pick up 26 sts for armholes, and knit length required (about 29 rows); finish with cuff in design of bottom of sweater, increasing cuffs to 34 sts. (No neck bound off in this sweater). In picking up stitches, use the tiny needles, then put the big ones in and take out the small ones.

Tomorrow—Baking in Your Fireless Cooker.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and province.—The Editor.

The Housewife's Idea Box

To Simplify the Washing of Baby's Caps.

Every mother likes to see her baby look as clean as possible. She therefore has to launder her little caps, as well as other garments, very frequently. If the ribbon bonnet strings are sewed on, as they usually are, they must be ripped off; or if left on they soon take on that washed-out appearance. The solution of the problem is to sew one part of a snap fastener to each side of the cap, and the other part of each snap to one end of each string. The ribbons can then be easily removed before washing, and as easily replaced afterward. THE HOUSEWIFE.

Copyright, 1922, by Public Ledger Company

What the Press Is Saying

The Need for Leadership.

Backed by the great majority of the Irish people and impelled by the ultimate welfare of Ireland, the provisional government at Dublin must not hesitate to impose its authority by force if the extremists invite such a course. So at Berlin the government is recognizing that it must deal energetically to save the republic from its enemies. *Resolute leadership must not be left* to the wild minorities.—New York Evening Post.

World and College.

I wish reformers, instead of trying to make the college more useful and professional, would try to make the world more like the colleges. The things that the world might find worth doing for their own sake would perhaps be nobler than those that appeal to the undergraduate though I am far from confident of that, but in any case means would no longer be pursued as ends. The world would then shine with what is called honor, which is allegiance to what one knows one loves.—George Santayana in the Dial

The Only Road to Settlement

The Irish situation is still too clouded and obscure for confidence. The difficulties presented by the proved power of the extremists and by the weakness of Irish public opinion are *immense and still most menacing.* We have, nevertheless, refused even in the darkest hour to despair. The road that the government has followed since the truce has indeed been long and arduous. Even now the greatest difficulties and perplexities may be ahead. Of this, however, we are confident—that through the policy of the treaty alone can an Irish settlement ultimately be attained.—London Times.

A Commercial Socialist

A part of Rathenau's success is attributable, no doubt, to the fact that he was a sort of business radical. He believed that the world's industry needed reorganization under government supervision. He inveighed against waste in business through unnecessary duplication of effort and through the launching of ill-considered projects. He would have stopped such things through strong government control. He was not exactly a Socialist, but his views *brought him near to Socialism* while it alienated him from the conservative classes to which a man of his great position in financial affairs would naturally have belonged.—Detroit Free Press.

The Price of Liberty

Liberty, like every other precious gift, can be obtained only at the price of eternal vigilance. That is why in season and out of season we have fought for a complete understanding and alliance with France. We believe that Great Britain and France are the guardians and sentinels of the freedom of Europe, and that, despite the passing differences and difficulties of everyday politics, the two countries which have maintained for so many centuries the bright traditions of intellectual freedom and which only yesterday joined hands in *fighting against the greatest* menace which ever threatened them, are peculiarly fitted to keep watch and ward together in the dark days which are to come—London Morning Post.

Purple dye in Augustus' time sold for the equivalent of $180 a pound.

Ten Years Ago

(The Daily News, July 18, 1912.)

Yesterday *afternoon* the Nelson Boat & Launch company launched the new launch they have been building for W. A. Thurman. It is 20 feet long, Peterboro canoe model, 2½ horse power and runs nine miles per hour.

* * *

Out of several applications, the one of Robert Thompson of Cobourg, Ont., has been chosen by the Central *school board* for principal of the school for the coming term.

* * *

Rossland, July 17.—A disastrous fire completely gutted the St. Charles hotel here last night. Several guests had to escape by jumping through windows *resulting with one person* being badly injured.

* * *

Louis Johnstone leaves tomorrow for Lardo, where he will be employed during the summer months.

The Lighter Side

Impossible happenings No. 2. "Look, John. That woman has on a hat just like mine. I wish all women would wear them."

—o—

Why should we think much about posterity? It probably won't think much of us.

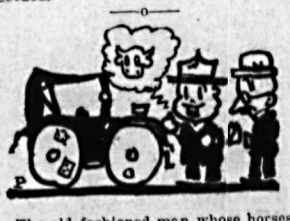
—o—

Another little fault of our civilization is the popular opinion that the roll of honor is a bank roll.

—o—

Some men have a chance to succed, and some are content to sit and cuss the people who have succeeded.

—o—



The old-fashioned man whose horses were never more than eight years old in the spring is now offering a used car that has run only three thousand miles.

—o—

Nearly all reformers are sincere, but you can say that *about people* who won't let little children play on Sunday.

—o—

Even if the picture isn't nasty, the movie patrons are not wholly disappointed. The air in the place usually is.

—o—

Men are not interested in window displays of feminine wear. They are merely admiring themselves in the mirrors at the back.

—o—

We might make war less terrible by means of an international agreement to let the *privates* stay back with the generals.

—o—

As a means of reconciling one's self to the times, it is pleasant to read history and discover that men always have acted this way.

—o—

Edison may ask poker questions, but he hasn't yet required applicants to make a three-ball combination for the side pocket.

—o—

The scars of war are healing. Almost any former buck private can now say "second lieutenant" without prefixing explosives adjectives.

Styles BY LENORE

With the advent of midsummer the organdie dress appears as not a new but definitely smart possibility. Of course, its delicacy and crispness make it primarily a material to be used for younger people, and it is shown at its best when made up in fluffy, bouffant effects.

This summer, however, there were

brought out a number of exceedingly charming organdie dresses on a straight silhouette. The dress shown at the right of the sketch is an example of one of these. It is designed by Premet, and combines plain and embroidered organdie in a most engaging manner. The bodice is laid in soft pleats, and the sleeves and hem are finished with bands of pleating. This model was shown in white.

The other model in the sketch is also a most attractive one and particularly suitable for a young matron. It is a design of Patou's, developed in white linon, with sleeves of rose organdie, and a clever garniture of rose organdie flowers at the waist.

Daily Recipe

CHEESE CRACKERS

Butter crackers sparingly and spread evenly with grated cheese, allowing about two teaspoons of cheese to each cracker. Sprinkle with salt. Place in a hot oven until the cheese is melted. Serve with soup or salad.

Invalid Wife Wonders Why Husband Is Absent

MRS. ARTHUR PARMITER

Who lies at death's door in a Toronto hospital, suffering from cancer, and wondering why her husband has not come to see her. Friends have withheld from her the news that her husband has been arrested, charged with being one of the *motor* bandits who unsuccessfully attempted to hold up the cashier of a Toronto firm.

Told in Rime

TO KOOTENAY'S UNRETURNING BRAVE

Halt—As you pass those monuments,
To the unreturning brave.
Who bled, and died, in far-off-land
Where the poppy, clothe their graves

Read o'er those names lest we forget
For what those heroes gave their life,
Soldiers, remember, those you left
On those hard fought fields of strife.

When war's dread alarm sounded
O'er the British Empire vast
Calling forth her sons to arms
Echoed far the warning blast.

Fast the Kootenay boys they answered,
Loyal Britons, *stanch and true,*
Leaving homes and kith, and kindred,
Mustering, as war's signal flew.

To the shot-swept fields of Europe,
Many a troopship sailed away
Bearing, Maple Leaf contingents
Each lad eager for the fray.

Standing there in trenches' gory,
While the star shells lit the sky
Thinking long of home and loved ones,
That had given their last good-bye.

No—Not the last, they are waiting,
For us on that further shore,
Only the shell that held their soul,
Rests under those fields of gore.

As the fatal moments nearing,
Comrade, press on a comrade's hand,
And their last fond message whisper,
Waiting on their chief's command.

O'er the top from trenches leaping,
Facing death's hell driven rain,
With the fevered blood of battle, brain.
Pulsing through their throbbing veins.

Far amid the smoke and carnage
And the screaming shells o'er head,
Chargining on with bayonets gleaming
O'er the dying and the dead.

There they fell in battle harness,
'Mid the cannons bursting shell,
Showers of steel, and deadly gases,
Belched—like from the bowels of hell.

Hand the story ever onward,
That your children's children know,
Of their glorious deeds in battle
Standing, twixt us and the foe.

Honor the brave, those gallant boys,
For they paid the price supreme,
They fought and fell in freedom's cause
For their country, home, and King.

Kootenay and Boundary

CRESTON HAS BASS FISHING

Small Mouth Species Come Down Kootenay; Indians Make Crow Record

CRESTON, July 17.—Anglers are enjoying excellent bass fishing in the Kootenay river these days, what is known as the back bend of the stream yielding some excellent catches of small-mouth black bass. It is only about a year ago these bass were first caught, and they appear to have come up the river from near Bonners Ferry, Idaho, which point the Idaho authorities stocked the stream some years ago.

All records for crow killing were surpassed during the month of June, for which month Provincial Constable McLaren paid out almost $170 in bounty, practically the whole amount going to local Indians. Since the payment of bounty on these birds and owls was established a little over a year ago, it is safe to say the valley Indians have killed in the neighborhood of at least $900 in bounties paid.

Old timers are agreed that June and so far this month is the driest early summer season the valley has ever experienced. It is now almost seven weeks since anything worthy of a rainstorm has been experienced, while the total rainfall for all last month was little more than half an inch. However, to considerable irrigation, the strawberry crop will be almost twothirds of last year, as compared with 1921 per cent showing in the moist west districts, and raspberries, while badly in need of rain, are still coming on. Old-timers are agreed that June and July Chairman C. F. Haves of the fall fair prize list committee is having meetings this week to revise the list of awards for the 1922 exhibition, and from present appearances the prizes offered will, on the whole, be even more generous than in 1921 Secretary Walmsley having been exceptionally fortunate in his rigorous hustle for special prizes.

HER TWO CHILDREN HAD DIARRHOEA TERRIBLY BAD

Anyone suffering from bowel complaints such as diarrhoea, dysentery, colic, cholera, cholera morbus, cholera infantum, or any other looseness of the bowels, will find that Dr. Fowler's Extract of Wild Strawberry will give quicker and more permanent relief than any other remedy on the market today.

Mrs. Roy Keith, Charlton, Ont., writes:—"I am writing to tell you what Dr. Fowler's Extract of Wild Strawberry did for me. Last summer my children had diarrhoea, terribly bad, and they would vomit and pass a great deal of blood. I tried every remedy we could think of, but finally bought a bottle of Dr. Fowler's Extract of Wild Strawberry, and about one half of it stopped the diarrhoea altogether. I have told several others about it, and I would not be without it in the house, as I can truthfully say it saved the lives of my two children."

Price, 50c a bottle; put up only by the T. Milburn Co., Limited, Toronto, Ont.

INVERMERE IN MEMORIAL FETE

Historical Pageant on Opening of Thompson Memorial Fort Will Be Notable

INVERMERE, July 17.—Lake Windermere district will be en fete for a whole week commencing with Wednesday, August 30. The occasion for the celebration will be the formal opening of the memorial fort, now being erected here as a memorial to David Thompson, the intrepid fur trader, astronomer and explorer of the Hudson's Bay company, and later of the Northwest Trading company. Coupled with this will be the annual fall fair of the Windermere district and a week's entertainment, including a stampede and horse racing.

Ten Thousand-Dollar Gift.

The Thompson memorial is being erected through the generosity of the Canadian Pacific railway and the Hudson's Bay company, who have jointly contributed $10,000 toward this purpose. Chiefly it will consist of the reproduction of an old-time trading post, there being the reproduction of the great hall of a large post and the palisade surrounding it, the main difference being that the interior of the main building, instead of being a trading post, will be given over to the holding of a museum illustrating the days which have gone before. The "post" will be built on Invereмere point, stretching out into Lake Windermere, and marks the place where on July 18, 1807, after an arduous journey from Rocky Mountain house, David Thompson saw the accomplishment of his desires by opening up a new trade country west of the mountains.

Invitations to be present at the carnival are being sent out by the secretary of the local board of trade, under whose auspices the fete will be held, and historians, writers of note, and people of eminence are being asked from different parts of the United States and all parts of Canada. The special celebration will be in the form of a water pageant, with Indians couriers *de bois, voyageurs and traders*, all skillfully impersonated and mixed up together. A flotilla of large canoes laden to the gunwales will sweep up the Columbia river and rounding out into Windermere lake, will make a happy picture as they paddle gleefully to the point where the memorial stands.

Cranbrook Orders Enjoy Outings of Different Kinds

CRANBROOK, July 17.—The Knights of Pythias held their annual picnic at Green Bay on Sunday week, about 50 people going out. There was no sports program, but boating and bathing were indulged in. The Knights recently installed their new officers, who are as follows: C. C., E. A. Hill; V. C., A. Hurry; prelate, H. G. Collier; M. F., J. L. Walker; M. C., J. J. Delahay; K. R. S., Roy Harrison; M. A., H. Kummer; I. G., P. Briggs; O. G., W. Christopherson.

The Rotary club members went down to Fernie on Wednesday evening to assist in organizing a club there.

PERRY SIDING NOTES

PERRY SIDING, July 17.—Mr. and Mrs. Highfield of Lethbridge were visiting Mr. and Mrs. Powell at Ridgewood ranch last week.

Alexander Ewing arrived from Trail on a visit to his mother.

Mrs. D. Main and daughter Isa went to Nelson on Monday.

Mr. and Mrs. Emerson of Lethbridge, who have been visiting here on their way back from the coast, left for their home on Monday.

Thomas Ewing of the Trail smelter, who has been visiting his folks for the past week, returned to Trail on Monday.

Two farmers from Regina, who are visiting S. Bentley are looking over various locations with a view to purchasing a ranch and settling here.

BULL RIVER IS A BUSY PLACE

Planer Runs Night and Day; Logging Train Is Put on Daily Service

BULL RIVER, July 17.—Mrs. Tom Cassidy and family have left for the east for a two months' vacation. They will visit several towns in New Brunswick before returning.

Mrs. T. Davidson, who has been convalescing here for the past year, left for New Westminster on Monday to bring the family to Bull River.

The Markles, Neilys, Hills and the Burgesses held a picnic at Beckham's lake Wednesday and they report a very enjoyable day was spent.

J. N. Murphy, the newly appointed roadmaster of the C. P. R., has arrived with his household goods and will make this place his headquarters.

Ray Burlingham, who has been filer at the sawmill for the past few years has been promoted to yard foreman at the Yahk mill. His family moved there Wednesday. Mr. Burlingham has been succeeded by Mr. Stewart from Yahk.

The Kootenay Central logging train has been put into daily service, which will continue until fall.

Owing to the urgent demand for grain doors the planer mill is now operating day and night, making employment for an additional 10 men.

H. Trueman, the C. P. R. grain door inspector, returned from Winnipeg Monday after seeing Mrs. Trueman safely away to England, where she will remain till the middle of October.

The small fruits and field crops in this locality are looking exceedingly well, compared with former years. The former has started to move in small quantities.

Mrs. Dean and family, from Macleod, are visiting Mr. and Mrs. McCarthy at the Tourist hotel.

The Bannister brothers while driving to Warcner Tuesday had the misfortune to turn turtle at a sharp curve. Luckily the occupants escaped without injury. The car is being repaired at the Jostad Nelson garage.

L. Decker, one of the drivers at the Schad garage, left for Cranbrook Monday.

The British Columbia & Alberta Power plant has almost finished the installation and have commenced shipping some surplus equipment to Bonnington Falls and Greenwood.

Arthur Mahon spent last week in Cranbrook on business.

J. Gray of Plunkett and Savage Lethbridge was a business visitor to town Wednesday.

LONGBEACH NOTES

LONGBEACH, July 17.—Mr. and Mrs. Leslie Craufurd and Miss Ruth and Master Clifford Craufurd have been the guests of Commander and Mrs. Gordon Hallett for a few days.

Miss Margaret Hill has arrived home for the holidays from Deanshaven.

Miss Frances McHardy of Nelson was the guest of Miss Nancy Trail on Saturday.

Fruit picking is in full swing here. There is a truly magnificent crop of cherries, the picking of which affords an excellen opportunity for some of the students of Nelson to enjoy a holiday combined with a remunerative and healthy occupation.

Mr. Plunkett is the guest of Commander and Mrs. Hallett.

NEW YORK, July 17.—Tut Jackson of Washington Court House, Ohio, and Harry Wills, challenger for Jack Dempsey's heavyweight title, both negroes, have been matched for a 15-round contest at Ebbet's field on August 8, it was announced tonight.

Social Happenings In Nelson

Mrs. M. J. VIGNEUX is Social Editor of The Daily News and conducts this department. All news of a social nature, including receptions, private entertainments, personal items, marriages, etc., will appear in this column. Telephone Mrs. Vigneux.

Miss Frances Marjory Ingram, second daughter of F. C. Ingram, 1319 Stanley street, was united in marriage last evening at 8:30 to Walter Thomas Ward of Vancouver, at the home of her father in this city, Rev. James Barr Stirling officiating. The bride, who was married under an arch of sweet peas and syringa and was given away by her father, was dressed in a navy blue Canton crepe, trimmed with flame colored silk and wore a hat to match. Her traveling costume was of navy blue tricotine, with a small hat. Little Miss Gladys Teague acted as flower girl. During the signing of the register Miss Erma Brown sang "I Love You Truly." The groom was supported by the bride's brother, Frank Ingram. The groom's gift to the flower girl was a gold bracelet and to the best man a pair of cuff links. A buffet supper was served to a few immediate friends of the family, who were present at the ceremony, and the happy couple left on the coast train for Vancouver.

• • •

Miss Draga Butorac of Trail was in Nelson yesterday with Mrs. E. D Morel, to whom she is paying a visit at Marblehead.

• • •

At the last regular meeting of Court Ellen of the Ancient Order of Foresters, Court Ellen and Court Royal held a joint installation in the Knights of Pythias hall. A. McInnis, past chief ranger, being the guest of honor, was presented with a jewel after which refreshments were served. Officers of Court Ellen installed were: Chief ranger, Mrs. R. Kyse; subchief ranger, Mrs. W. J. Miles; treasurer, Mrs. T. Jerome; secretary, Mrs. J. Tait; senior woodward, Mrs. W. Young; junior woodward, Mrs. A. McInnis; senior beatle, Mrs. A. Wallach; junior beatle, Mrs. J. Little. Officers of Court Royal were: Chief ranger T. de Ferro; subchief ranger, F. S. Stringer; treasurer, G. B. Abbott; secretary, S. J. McDonald; senior woodward, F. G. Stringer; junior woodward, J. J. O'Genski; senior beatle, George Reegale; junior beatle, F. W. Durham. Installing officers were Mrs. S. Brown and Mrs. Cuthbert.

• • •

P. E. Doncaster left for the coast last night.

• • •

T. S. Lang, president of the Spokane Golf and Country club, arrived on the coast train last night and leaves for his home this morning via the Crow boat.

• • •

On Sunday morning, surrounded by the boys and girls of St. Paul's Sunday school, whom she had served for five years at the secretary-treasurer's table, Miss Iva Choate was made the recipient of a pretty metal book slide and library clock to match, the reason for the honor being her approaching wedding. The addresse was read by Hugh Armstrong, while the presentation was made by Marion Wallace and Donalda McCharles. Miss Choate made a characteristic "Choate" reply, which was heartily applauded.

Work Is Rushing on Creston's New Fruit Warehouse

CRESTON, July 17.—Work is rushing on the big new warehouse of the Creston Fruit Growers' union, by day labor, with Contractor George Hendren in charge of operations. Every effort will be made to have the basement done by the end of the month, in which case there is every reason to expect that the necessary parts of the structure will be complete in good time to permit of the setting up of the graders and proceeding with central pack as soon as the apples start to come in.

Mr. Hale, post office inspector of Calgary, was here at the end of the week on an official visit and reports finding the local office about the best kept in his whole territory. During the past year both the sales of stamps and money orders and postal notes shows a steady increase, while there is still a considerable waiting list of persons who are desirous of renting lock boxes.

There is still some demand for town property, and within the past week R. Walmsley has disposed of five lots in the Barton addition to a Mr. Berg, a recent arrival from Laird, Sask., who is already busy at clearing, getting ready to erect a house. In the same area Mr. Ebbutt has also purchased a block of five lots adjoining his present home on Hillside road.

CRANBROOK NOTES

CRANBROOK, July 17.—Mr. and Mrs. H. Bridges will spend the next six weeks in Kimberly.

L. R. Williams and family arrived in Cranbrook Thursday evening and will make their home here. Mr. Williams is taking over the mechanical end of the Herald.

The Orange lodge of this city celebrated Orange day, July 12, with a whist drive and dance, held in the Maple hall. They had their usual morning meeting on the same day.

Lincoln Baker, who was assistant principal at the high school last term and who resigned his position at the end of the year, asked the board to reconsider his resignation, as he desired to come back. His application was accepted and the high school staff will remain the same as last year's now, the first time for some years that it has not been changed.

Mrs. J. Henderson, mother of Mrs. L. Lundy of this city leaves for Moose Jaw, where she will visit with her youngest son before proceeding on to Wisconsin to stay for some time with her eldest son.

New residents in Cranbrook are Mr. and Mrs. J. E. Webster, formerly of Saskatoon, Sask. Mr. Webster is the representative for the Swift Canadian company for this part of the East Kootenay.

Mr. and Mrs. H. Hinton and little sons are visiting Mr. Hinton's parents in Pincher Creek.

SLOCAN CITY NOTES

SLOCAN CITY, July 17.—Earl Johnson of Spokane, nephew of Mrs. C. E. Severns, arrived here a few days ago to spend the holidays with his aunt and uncle.

Mrs. W. E. Gomm of New Denver, and daughter, Georgie Gomm, were visitors here on Wednesday.

Dr. W. E. Gomm of New Denver made a call here Wednesday.

Mr. and Mrs. Lincoln of Sandon were visitors in town on Wednesday.

Samuel Thorpe is running a jitney, making a daily trip between here and Nelson.

SOUTH SLOCAN NOTES

SOUTH SLOCAN, July 14.—Mr. and Mrs. W. W. Powell of Nelson have been spending a week at Creel lodge and entertained Dr. and Mrs. Sproule, Mrs. Brewster and Mr. and Mrs. Howe of Spokane. They enjoyed excellent fishing, Dr. Sproule landing a three-pound trout.

Mr. and Mrs. G. C. Walker and family of Montreal arrived last week to spend a few days at Creel lodge.

J. Killey landed a large trout over three-pound weight, 19¾ inches long.

Mrs. W. Whitely, school teacher at Blondel, is at home for the vacation.

Miss Myra Humphry has returned from Nelson, where she was the guest of Mrs. W. Melneruk for the week.

ONTARIO'S CONNAUGHT SERIES

TORONTO, July 17.—In the Ontario Conaught cup series tonight, Ulster United defeated the Taylor-Forbes team of Guelph, Ont., three goals to one.

Markets and Finance

Stocks Move Up Irrespective of Strike Prospect

NEW YORK, July 17.—*Stock market* prices moved irregularly upward for the most part of the day on a very moderate but fairly broad turnover, regardless of the coal and railway strikes and renewed signs of "saturation" in the oil industry.

Equipments were the most stable features, further gross gains of 1 to 2½ points being scored by the locomotive group, American Can, Pressed Steel Car, Railway Steel Spring and General Electric.

Oils furnished the basis of a series of drives against the short interest. Mexican Petroleum replaced its early heaviness with a brisk recovery at midday and a net gain of 1½ points, but secondary domestic oils were sold in the final hour with Studebaker and Baldwin and American Locomotives.

Foremost features among rails included Canadian Pacific, Union Pacific, Rock Island and Atchison, where advances of large fractions to almost 2 points were made, but not retained.

Sales were 485,000 shares.

All of the day's call money was placed at 3 per cent. with no change in short or long loans, for which the inquiry was reported to be unusually light.

London sent over a higher range for leading exchanges and extensions to quotations there than were made in this market.

Closing Quotations.

Toronto Board

TORONTO, July 17.—*Toronto* Railway was prominent in today's dealings on the exchange and worked upward on a turnover of 447 shares, closing at *86¾ for a net gain of ⅝.*

Brazilian, after opening at 46¼, off ¼ from the previous close, eased further to 46 for a net loss of ⅜. Mac-Kay was off ½ to 101¼, while the preferred was up ½ to 67. C. P. R. was slightly firmer at 141, up ½, while Quebec Railway was up 1⅝ to 28½ at the close.

Among the banks, Commerce was strong, advancing 2½ to 185½, and Nova Scotia gained 1½ to 258. Royal was off ½ to 198½.

The bond market was fairly active, 1934 being up 10 to $100.15. The 1922 was 5 points higher at $100, while the 1927 receded 10 points to $100.65.

Sheep receipts, 1841; lambs closed weak at $11.00 to $12.00.

Hog receipts, 1747; market for fed and watered hogs, washed, $15.00.

Strike Settlement Prospects Depress the Wheat Market

CHICAGO, July 17.—Renewed talk of possible speedy settlement of the railroad strike and increased chances of escape from serious damage by blackrust had much to do today with bringing about lower prices for wheat.

The market closed heavy at ½ to 2¾ net lower, with September $1.11⅞ to $1.12 and July $1.14 to $1.14¼. Corn lost ¾c to 1⅛c and oats ⅝c to 1c. Provisions finished unchanged to 12c higher.

Silver Prices Drop Slightly

NEW YORK, July 17.—*Silver, Saturday,* 70⅝c; today, 70c.

Montreal List

MONTREAL, July 17.—Tractions were prominent in today's trading with Quebec Railway and Toronto Railway taking first and second place in activity. *Illinois Traction on light trading* touched a new high, up 1 point at 55. Detroit was also strong, up a point at 63. Quebec and Toronto Railway were *each up ¾.*

The greatest advance was in Molsons Bank, which rose 5½ points to 165½. Bank of Montreal suffered the *greatest loss, being off ⅝ to 216¼.*

Total sales, listed, 4674; bonds, $198,500.

Edmonton Turns Out to Find Wee Tot Who Wanders to His Death

EDMONTON, July 17.—Four hundred Edmonton business men, including judges, lawyers, doctors and others in the higher professions, left their work today and motored 55 miles to Dunstable to search for a lost boy, Robert Lapp. They found him dead, nearly a mile and a half from his home.

Mounted police, with 150 men and women of the district, made a systematic search Saturday, and failing to find the 3-year-old tot—incidentally his birthday was today—returned to the city, and through a local morning paper issued an appeal for more help.

The answer was instantaneous and better than 400 men in automobiles, guided by the police, went to the homestead and searched every inch of the rough and heavily wooded country.

H. M. E. Evans, former Edmonton mayor, found the body. There will be no inquest.

BRINGING UP FATHER By George McMan

709

Do You Get Up in the Morning Feeling Fit as a Fiddle?

Success in Life Often Times Depends Upon Starting the Day Right

TO BOUNCE out of bed feeling fresh as a daisy; to greet the little one prancing before you with a happy laugh, toss him up high with a firm, steady hand, and actually dance with the very joy of living!

Then plunge into your morning tub, if that's your method, dress with a smile on your lips and a song in your heart. Come with firm step to the breakfast table, eager for its wholesome fare—

And you spread joy in your household and go forth into the world "fit to fight" equipped with that *most powerful of all weapons*, great good health. For health is surely yours, and YOU do not need Tanlac.

But how different if you arise unrefreshed, aching in every fiber, unmoved by the healthy laughter of the household. The long day ahead will seem to you an eternity, promising nothing but misery, and you just have to summon all your will power and what little energy remains to you, to drag yourself up, dress and take your place falteringly, *discouraged, without appetite*, at your breakfast table. Gloom enshrouds you and casts its depressing pall about your whole family circle, and you go out to the battle of life already hopelessly beaten. YOU need Tanlac!

And, oh! how many thousands experience this wretched state! Far and wide the wail is heard from those who crawl out of bed with the greatest effort and wonder if there is nothing that can bring the health that will *make them feel* "fit as a fiddle" in the morning. They need Tanlac!

What *is the matter*? Why are they all tired out in the morning? The answer is simply that their systems are clogged and their blood poisoned from the waste substances that have been stored up because the digestive and eliminative organs have not performed their proper functions. And the reason for all this is that too much hastily eaten food has been piled into the stomach.

When you feel yourself getting up in the morning unrefreshed and exhausted, look for the symptoms of stomach trouble, such as dizziness, nervousness, bad taste in the mouth and biliousness. You may be constipated, too, and your liver sluggish or torpid. Unusual skin pallor, loss of weight, loss of eppetite and inability to sleep restfully, are Nature's warnings, and you must look to your digestive system or be in danger of drifting into some serious *disease*.

The natural action of Tanlac on the digestive, secretive, assimilative and eliminative organs is the certain safeguard to your health, and the never failing foe of that awful tired feeling when you get out of bed in the morning. Tanlac has proved to be the best and safest tonic and system purifier, stimulating the digestive system to its proper functioning, so the blood is able to take up fresh building material and *is so vitalized as to be able to more* thoroughly eliminate the waste products which make you feel all tired out.

The cells of all parts of the body then receive real healthy nourishment, the skrunken tissues are filled out, the skin regains its glowing texture and the bloom of health. The eye clears, and with the strong and *normal digestion the whole system* is built up to the point where your hours of sleep are truly refreshing, and you get up in the morning feeling "fit as a fiddle."

It seems the sheerest folly for anyone to feel all tired out in the morning when Tanlac affords the best and most natural means of keeping in good trim or bringing the system back to its teh and normal powers.

Tanlac is sold by all good druggists.

Double-Header This Morning for Juniors

A double-header in the junior division of the city baseball league is scheduled for this morning, Fairview and the Pirates will clash in the first contest at 9 a. m. This will be a lively game as the suburb boys must win to retain first place in the league.

The Giants and Reds will meet in the second battle. The Giants are at present a game behind the league leaders and a win for them with Fairview losing will mean a tieup in the league race.

A. Oliver will handle the indicator in these games.

Philadelphia	34	45	.430
Boston	35	59	.417

BOSTON, July 17.—Cobb's batting was the feature of Detroit's victory over Boston today. He made five hits in *five times* at bat, including a home run, the latter off Fullerton in the ninth with two on bases.

	R.	H.	E.
Detroit	16	16	2
Boston	7	10	4

Batteries—Dauss, Ehmke, Johnson and Manien; Quinn, Piercey, Fullerton and Ruel, Lynch.

White Sox Three Straight

NEW YORK, July 17.—Chicago won its third straight from New York, taking an 11-inning battle in which *both clubs* used four pitchers, 8 to 7. Ruth rapped out his 15th homer in the seventh and in the eighth Hooper and Mostil *drove out* circuit blows.

	R.	H.	E.
Chicago	8	13	1
New York	7	19	5

Batteries — Robertson, Schupp, Blankenship, Leverett and Yaryan, Schalk; Hoyt, Jones, Murray, Mays and Schang.

Indians Shut Out Athletics

PHILADELPHIA, July 17.—Cleveland today defeated Philadelphia in the second game of the series 5 to 0. Uhle held the *home team to four* scattered hits.

	R.	H.	E.
Cleveland	5	14	0
Philadelphia	0	4	0

Batteries—Uhle and O'Neill; Harris and Perkins.

SOCCER GAME ENDS IN DRAW

City Team and Sidekickers Play Two Periods to a Scoreless Draw

A scoreless draw was the result of *last night's football contest*, when the Nelson representative team and Bossley's Sidekickers clashed. The game throughout was rather slow with the Nelson squad forcing matters in the entire two periods of play.

Carey, in the goal for Bossley's crew, was a stonewall in himself as *he saved time after time* almost sure goals. He was ably assisted by Bob Campbell on the back line, who relieved quite frequently with some well placed kicks at the pipskin.

In the first frame, Mills, in goal for the Nelson-Trail boys, was called upon only once, in the entire period to save a soft shot from Bolton. Carey in *the opposing net in the same space* of time was called upon to save eight well placed shots, from Fereno. Wilson, Houston and Simpson.

In the second frame the Sidekickers' crew got down to business, near scoring on several occasions, Bill Fereno, who, however, had moved to goal, was quite equal to all occasions, and at times spelled the opposing forwards pretty hard in front of the net. Metcalfe, who in the second half moved from back to the forward line for the Nelson squad, worked hard and on one occasion missed a very good chance when Welsh, on *outside right, centered, the ball* landing about eight feet in front of the goal, Metcalfe shot hard but the ball went high.

The play ranged from end to end for the rest of the contest and neither squad was able to gain an advantage. The genuine city team did not turn out in full strength and was consequently filled up with volunteer players.

Draper and Todd handled the whistle and Rothery and Bamber acted as linesmen.

The teams lined up as follows:

Bossley's Sidekickers	Nelson-Trail
Carey	Mills
Goal	
Bossley	Metcalfe
Campbell	Cochrane
Backs	
Horswill	Barwood
Bradley	Graves
Morris	Simpson
H. Backs	
Bolton	Wilson
Center	
Ward	Fereno
McKenzie	Houston
Miller	Welsh
Boyd	Atkinson
Forwards	

Dempsey Cannot Fight for Title in Massachusetts

BOSTON, July 17.—The state boxing commission today announced that Jack Dempsey, heavyweight champion of the world, would *not be permitted* to fight in Massachuetts until a challenger for the title appears who measures up better than any mentioned to date. The commission will, however, allow Dempsey to engage in exhibition bouts with a sparring partner.

CANUCKS WILL BEND THE ASH

Canadian Amateur Oarsmen Will Compete in Golden Anniversary on Schuykill

NEW YORK, July 17.—There will be several Canadian entries for the golden anniversary regatta of the National Association of Amateur Oarsmen, to be held on the Schuylkill river course, August 3, 4 and 5, according to statements made today by John J. Mulcahy, secretary of the association.

Milton Belyea, the Canadian champion, is expected to compete in the single sculls event, in which he will again meet Walter Hoover, winner of *the Henley, diamond sculls*, Mr. Mulcahy said.

Mr. Mulcahy said he had received a *letter from J. J. Ferguson, secretary* of the Canadian Association of Amateur Oarsmen, stating that the winners of the senior events at the St. Catherines regatta in the last of July, would be starters on the Schuylkill. In the senior doubles, he said, among the Canadian rowing organizations expected to be represented were the University of Toronto and the Lachine Boat club.

British Default to Spanish Team in the Davis Cup

LONDON, July 17.—It was officially announced *today that Great Britain* had defaulted to Spain in the Davis cup tennis championship.

Great Britain's withdrawal was decided upon because it was thought fair that the Spanish team should have an opportunity to go to the United States, since, had Great Britain beaten Spain, the British would have been unable to raise a representative team to play in the United States.

VANCOUVER, July 17.—In a Minto cup lacrosse game here tonight Vancouver Terminals defeated the New Westminster Salmonbellies, 3 to 2.

Demand for Sport on Sunday Grows

LONDON, July 17.—(By Associated Press.)—Many people are demanding that the London county council allow the playing of cricket, tennis and other games in the parks on Sundays. The movement has the support of most of the newspapers, and not a few of the clergy. They say that if people go to church in the morning they ought to be allowed to play games in the afternoon.

"London spent yesterday out of doors," says the Daily Chronicle. "It was a perfect Sunday for games. Every private cricket ground, bowling green and tennis ground was occupied. The only grounds where tennis was forbid*den were those controlled by the Lon*don county council. While members of the county council themselves play tennis on Sunday they prohibit others from doing so in the public parks. Thousands of young men and women who would have played but for the county council kill-joy ban, dawdled about doing nothing.

"It is the same with cricket. The thousands of pitches controlled by the county council are not allowed to be used on Sunday, and boys were standing about smoking cigarettes who would have been playing games but for the Sabbatarian fetish. 'No games on Sundays.' There is a growing storm of public anger at this prohibition of Sun*day games.*"

"I shall certainly see the triumph of this movement for Sunday games," said a reformer who is behind the movement. "In England every Briton has the right to get drunk, if he wants to, between certain hours on Sunday. It *is absurd to permit a man to get drunk* on Sunday but prohibit him from playing games in the public parks on Sunday. A man cannot get drunk while playing games. Therefore I am for games on Sunday if only in the interest of temperance."

Wills Knocks Out Negro Opponent in Third Round in 'Peg

WINNIPEG, July 17.—Harry Wills, negro heavyweight and challenger for Jack Dempsey's heavyweight crown, knocked out Jeff Clarke, negro, of Joplin, Mo., in the third round of a scheduled 10-round bout here tonight.

Outweighing his opponent by fully 40 pounds, and having advantage of length and reach, Wills made a punching bag out of Clarke, who only laid a glove on the contender for heavyweight honors once during the three rounds.

Wills impressed with his speed, science and hitting powers. He knocked Clarke down once in the first round, and three times in the third before the referee made the count of 10.

Over 5000 gave Wills a big reception, but the bout was not much better than *an exhibition, Clarke being ready for* the haymaker in the third round.

ROTARIANS OF SPOKANE BID

Invite Nelson Fraternity to District Meeting Soon; Tyros Speak

The Nelson Rotary club yesterday heard addresses from two new members, Thomas Wilkinson and J. J. Currier and from Arthur B. Gilker. Will Harper and George Horstead.

Messrs. Wilkinson and Currier thanked the members of the club for the reception which had been given them.

Mr. Harper explained the mechanism of a telephone transmitter and receiver.

Education was the subject of Mr. Gilker's address, which outlined some points of improvement in the present system which the speaker considered necessary, and upon which he is preparing a more elaborate address.

Mr. Horstead urged the club to get behind the Nelson fair.

Committees for the children's picnic were instructed to get together and perfect their arrangements.

William Laydon of Vancouver was a guest of the club and made a brief speech.

The president, Dr. L. E. Borden, read a letter he had received from the Spoakne Rotary club suggesting that a district meeting of Rotarians should be held at Spoakne early in Septebmer. Invitations are being sent also to Cranbrook and Fernie Rotary clubs.

FALLING TREE CAUSES DEATH

Japanese Employee of Kootenay Shingle Company at Salmo Fatally Injured

J. Futuik, a Japanese workman employed by the Kootenay Shingle company at Salmo, died in the Kootenay Lake General hospital on Saturday from injuries received when a large tree fell on him.

The tree, which the Jap was in the act of felling, in some unknown manner jerked back on him pinning him upon a large stump. Dr. Bennett of the Firm of Rose & Hartin was called to the scene of the accident, and the unfortunate man, in a dying condition, was removed to the hospital. Examination at the hospital revealed an internal rupture, which caused his death at a late hour. He was 35 years of age.

City League Ball Contest Tonight

Tonight at 6:15 o'clock two city league ball nines will line up in a league game. The opposing teams will be the Pirates of C. R. R. fame and the Giants, the present senior team, with a switched battery.

This meet will be a real good contest as the teams are about evenly matched. E. C. Hunt will do the guessing.

Here are the lineups:

Pirates		Giants
Bruce	Catcher	Brennan
Leonard	Pitcher	W. Bradshaw
R. Bradshaw	1st Base	C. Bradshaw
Philbert	2nd Base	E. Anderson
Passecreta	Shortstop	Scanlan
Dill	3rd Base	Notman
Horswill	Left Field	Hoskins
Fawcett	Center Field	Richardson
Welsh	Right Field	O'Neill
Young	Reserve	B. Anderson

Final Lacrosse Workout Tonight

Senior lacrosse players will hold their final practice tonight before journeying to Trail, where they will meet the smelter city stickhandlers in a game tomorrow.

Two well attended workouts have been held in the past few days, and a full turnout is looked forward to tonight. Nelson to remain in the senior race must make a decided effort to win on Wednesday.

CLASSIFIED ADVTS, BRING RESULTS EVERY TIME.

Pictures of Auto Camp Are Sent to Strategic Points

For the purpose of attracting tourists and boosting and advertising the free auto camp, to the outside world, the Nelson District Automobile club has gotten out large photos taken at the camp, which bring out the natural beauties of the site, showing six cars parked and tents of campers pitched under the trees. These attractive photos have been framed, and will be sent to different cities where they will be displayed in prominent places where they can be seen to the best advantage.

The picture, which is 12 by 14 inches, features the wealth of beauty that the camp is noted for, and shows a happy gathering of youngsters and grownups on the grass in front of the tents and autos.

Among the points where they will be placed are Calgary, Lethbridge, Spoakne, Vancouver, Cranbrook and Yahk.

Among those instrumental in getting the photo out were: President C. D. Blackwood, Vice-President J. A. Irving, Secretary E. H. Widdowson, R. Brown and R. Burgess.

Canadians in the Money in the Daily Graphic's Contest

BISLEY CAMP, July 17—Three Canadians figured in the money in the Daily Graphic competition of the National Rifle association meeting here today. The shooting took place under very changeable weather conditions, and 141 prizes were awarded. In the list of winners Captain Letsen of Vancouver obtained 82nd position, Private J. Lonsdale of Toronto 94th and Lieutenant A. M. Blackburn of Winnipeg, 114th.

Private Cameron of Liverpool and Captain Perry of the artillery tied for first place in the Daily Graphic match, and will shoot off. The first prize consists of a cup worth £52 10s. and framed sketches worth £10 presented by the Daily Graphic.

Private A. Whitehead of Ottawa had the best score of the Canadians in the Duke of Cambridge match at 900 yards. He scored five fulls, four inners and one magpie, a total of 44. Other scores included Lieut. A. M. Blackburn, Winnipeg, 41; Lieut. Alexander Martin, Calgary, whose face, owing to an abcess, was swathed in bandages, causing him to adopt the back position, scored 38; Private P. W. Selwood, Vancouver, scored 34; Captain Letson, Vancouver, 39.

REMANDS M'GOWAN FOR EIGHT DAYS

Eric P. Dawson, of Brown & Dawson, acting for F. J. J. A. McGowan, yesterday afternoon secured a remand from Stipendiary Magistrate J. Cartmel for eight days of the preliminary hearing of McGowan, who is charged with a statutory crime against a 6-year-old girl.

EAST AND WEST CROPS EXCEL

Over Nearly All Canada Outlook Is First Class—This Province Very Dry

Rains have been of material benefit in the prairie provinces and on the whole the crops are in a favorable condition. All the crops in Ontario are unusually promising. Hay is all cut and is a heavy crop. Good yields of hay are practically assured in Quebec and the maritime provinces, roots and fruit in good condition. In British Columbia most crops are suffering from drought, says the telegraphic crop summary issued by the Bank of Montreal. By districts the report is as follows:

Edmonton district—Wheat heading out some sections; should be fair average crop. Oats good condition, prospects more encouraging; early sown wheat northern and northeastern section heading out too soon. Yield probably light. Oats and barley later sown should yield well. Pasture improving, hay crop light. Crop in southern section in healthy condition. Average yield practically assured.

Lethbridge district—Conditions materially improved by splendid rains. Alfalfa cutting commenced, yield favorable. Pasturage excellent, conditions best since 1918. Some hail damage.

Saskatoon district—Local showers only during the past week and heavy rains now needed as grain showing effects of drought. Crops on stubble land will be short and yield light. Wheat heading out or in head. Favorable weather conditions required to produce fair average yield.

Regina district—Prospects generally promising. Good rains have fallen and moisture is ample. Late sown wheat in a number of districts not headed out. Scattered damage from hail. Grasshoppers held in check and danger is now practically over. Rye filling out well, and cutting general in a few days.

Winnipeg district—Recent heavy rain has provided sufficient moisture; crops have made rapid progress under ideal conditions and prospects are good. Rye cutting should be general about 20th, no damage from rust or grasshoppers.

Quebec—The warm weather has been beneficial to all crops. Haying is proceeding in many districts and a good yield is assured. Root crops are doing well. Grass pasture is everywhere in very good condition.

Ontario—Weather conditions generally favorable and crops, on whole, well advanced. Fall wheat ripening fast. Cutting has commenced in some districts. Indications are for crop above the average. Spring wheat, oats and barley promise well above the average. Hay unusually large corp, practically all cut. Corn crop in good condition and making rapid growth. Fruit, large crop indicated; pasture in splendid condition.

Maritime provinces—Hay promises heaviest crop in years. Pasture excellent. Oats, potatoes, apples and small fruits are all good. In fact, all reports optimistic of results above average.

British Columbia—This drought is general except for light showers around Penticton. Hay, grain and roots all below average. Ashcroft, potatoes above average, but bean crop failure. Okanagan, water situation causing anxiety. Apples fair crop, stone fruits good. Tomatoes ripening well. Fraser valley, tree fruits above average; small fruits drying on stem. Vancouver island, berries fair crop. Up country range conditions poor, due to drought and grasshoppers.

Semi-Annual

SALE OF SUITS

$22.00, $32.00, $42.00

If you appreciate good clothes—and that means the best in style, fabric and workmanship—if you appreciate real values—this is the sale for you.

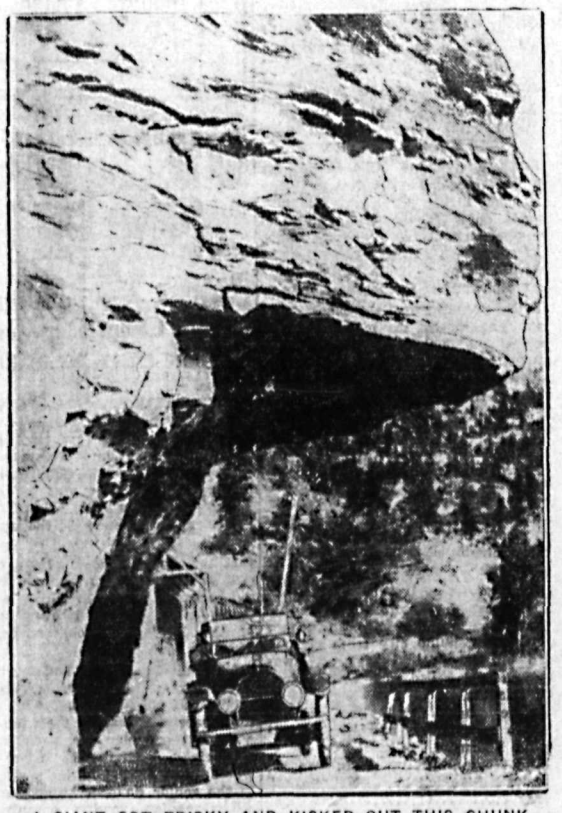
ROAD UNDER QUEER ROCK FORMATION



A GIANT GOT FRISKY AND KICKED OUT THIS CHUNK

This is the myth of the nations about this extraordinary rock formation at Lake Okanagan in British Columbia, but the government didn't fear the giant's wrath and laid an automobile road right under this stupendous rock formation, rounding this beautiful northern lake. Electric wires driven deep into the rock are connected with a seismograph which tells scientists what is happening within the rocky mass and will give warning the first moment the road becomes unsafe.
