Larkin Will Present the Bisley Prizes on Canadian Jubilee

BISLEY CAMP, July 13.—(By Canadian Press Cable).—The scores announced on the range early today on the shooting for the United States Service challenge cup were in error. The result is that the marines are the winners with a score of 922, and the army is second with 919. The earlier announcements were that these teams each scored 918, the army being declared winner by reason of it having the bigger score at the longest range. The marines lodged a protest, claiming that an inner was marked as an outer.

In the shooting today for second place in the Queen Mary prize competition in which six men were tied on Tuesday, Sergeant Major Garman, of the Rifle brigade, was the winner.

Hon. P. C. Larkin, the Canadian high commissioner, will present the Bisley prizes on Saturday, July 22, in view of this being Canada's jubilee year in the Bisley competitions. The invitation to the high commissioner to present the prizes is regarded as a pleasing compliment to Canada.

ARREST HANGMAN ON COMPLAINT OF WIFE

MONTREAL, July 13.—Charging that her husband had struck her repeatedly and strangled her, Mrs. English or Ellis, wife of Alexander Armstrong English, better knownu as Arthur Ellis, who for many years has acted as official hangman in many parts of Canada, swore out a complaint here today, under which Ellis was arrested. He was later released on $800 bail. The charge against Ellis, who denied the accusation, was fixed for preliminary hearing July 20.

NANAIMO IS CIRCLED BY RING OF FIRE

THOUSAND MEN FIGHT TO SAVE CUMBERLAND TOWN

CANADIAN RAILWAYS ORDER WAGE REDUCTION SUNDAY; SHOPMEN WILL ASK BOARD

All Systems in Railway Association of Canada, Including National Railways and Canadian Pacific Will Post Notices to Federted Shopcrafts Today; Cut Is 5 to 9 Cents

MONTREAL, July 13.—(By Canadian Press).—Wage reduction of from five to nine cents an hour to members of the Federated Shopcrafts will be put into effect next Sunday, following notice to that effect giving 30 days' grace.

Railways affected, and on which the above notice will be posted tomorrow, will be included the Canadian Pacific Railway, Grand Trunk Railway, Canadian National railways, Quebec Central railway, Temiskaming & Northern Ontario railway, Sydney and Louisburg railway, Edmonton, Dunvegan & British Columbia railway and Esquimalt & Nanaimo railway. The order will affect about 40,000 men on the Canadian railways.

Proposed Adoption Without Prejudice

The Railway Association of Canada expressly stated in conferences between the representatives of the railways and of the employees early this month that the above revised rates of pay should be adopted without prejudice, pending further consideration, and subject to further negotiations on 30 days' notice from either party to the other.

This proposition was not accepted on behalf of the employees, and in a further communication addressed to the employees' representatives on July 10, it was proposed that any rates of pay finally agreed upon would be effective July 16, 1922, and that adjustments would be made accordingly.

To this, the employees' committee replied on July 11, saying the proposal was not acceptable, and "unless your committee is prepared to postpone the putting into action of the proposed decrease in rates of pay, they will *proceed to call for* a board of conciliation."

This failure to reach an agreement was finally met by the present order making wage revisions effective next Sunday, leaving the question of adjustments open. In the matter of wage reductions, the railways are following the example of the United States railways, and are also meeting the reduced freight rates which have lately been put into effct.

The point of view of the men in regard to the reduction is expressed as follows:

Men Say Railways Will Be Lawbreakers

"The men's committee replied by bringing to the notice of the association, clause 57 of the Industrial Disputes Investigation act, which requires that in the event of proposed wage changes resulting in dispute, until the dispute has been finally dealt with by a board and a copy of its report has been delivered through the registrar to both parties affected, neither of the parties shall alter conditions of employment with respect to wages or hours.

"This means that the companies' bylaw cannot put the changes into effect until a board has dealt with the matter."

R. J. Tallon, president of the fourth division, made the following statement recently:

"We are waiting to see what they will do. We do not think the company will put themselves in the position of lawbreakers, and in that case the wage reduction cannot be put into force on July 16."

Men Intimate Intimation to Minister

OTTAWA, July 13.—It is understood that the shop employees of the Canadian railways have indicated to the minister of labor their intention to apply for a board of conciliation under the Industrial Disputes Investigation act. Officials of the labor department declined to make any comment when informed this evening that wage reductions to members of the federated shopcrafts would go into effect on Sunday next, nor would they discuss section 57 of the act, which, the employees claim, renders the proposed reduction illegal.

The section, which is substantially as stated by the men, was drafted partly for the purpose of preventing the suspension of operations during a wage dispute. Under it, employers are precluded from making alterations in wages or working hours in cases where there is a dispute, until a board of conciliation has investigated the causes of the dispute and reported thereon.

PARIS, July 13.—By fixing the boundaries between Albania and Jugo-Slavia, the ambassador's council today gave official recognition to the disappearance of Montenegro from the map of Europe.

REHABILITATE TURKEY IS AIM MORGANTHAU

Former Ambassador Plans $60,000,000 International Corporation

PARIS, July 13.—Henry Morgenthau, former United States ambassador to Turkey, announced today that he was arranging to form an international corporation, to be capitalized at from $50,000,000 to $60 000,000, for the purpose of reorganizing Austrian industry, and to show the world that it is possible to prevent the bankruptcy of European states.

Mr. Morgenthau, who has just returned to Paris from Vienna, where he was assured of the cooperation of the Austrian government, is now discussing his project with various financiers.

Are Goats Cattle Puzzles Manitoba Court of Justice

WINNIPEG, July 13.—The question of whether goats come under the heading of cattle is a point which has caused considerable local interest, and the Manitoba court of appeals may be called upon to give a ruling.

A. T. McIntosh was fined $15 in the St. James police court today for keeping more goats than two, as allowed by a municipal bylaw. The case hinges upon the definition of the word "cattle," for municipalities may legislate only in the matter of nuisances arising from the keeping of cattle and pigs.

R. A. Bonnar, K. C., counsel for the defense, announced that he would take the case to the appeal court. His lengthy quotations from medical magazines, his touching photos of dying babies revived by goats' milk, his picture of a goat's scrupulous habits of cleanliness, were all unavailing.

Advance Polls Open Today for Travelers in Manitoba Appeal

WINNIPEG, July 13.—(By Canadian Press.)—The first ballots to be cast in the Manitoba general election will be marked tomorrow for the benefit of commercial travelers and others who cannot be at home on Tuesday, polling day. An advance poll is to be opened tomorrow, Saturday and Monday, but the result will not be made public until Tuesday night.

The Winnipeg ballot is a document 22 inches long and nine inches wide, with the names of 43 candidates in alphabetical order. Voting in Winnipeg is under proportional representation, as it was in the last provincial election, and only the totals of first choices will be made known on election night. It is not probable that first choices will elect more than one or two candidates, and it will be two or three days before Winnipeg city's full representation of 10 members is known.

Candidates in Winnipeg particularly, and in a lesser degree throughout the rural constituencies, are devoting considerable attention to the problem of the liquor traffic, although it is conceded quite generally that a referendum on government control will be taken next summer, no matter what party then is in charge of the administration. One of the Winnipeg candidates is J. Kensington Downes, founder and former secretary of the Moderation league, who is running on a "personal liberty" platform.

Tonight the Winnipeg progressives held a mass meeting and tomorrow night Premier Norris is to address the electors here.

CLOTHING MEN DEMAND UNIONIZED CONDITIONS

MONTREAL, July 19.—At a mass meeting of clothing workers held here today, a resolution was adopted authorizing their international and local officers to enter into negotiations with employers to abolish the "social shop" and to bring about unionized conditions within the clothing industry. Failure within the next 10 days to accomplish this will result in stoppage of work in the Montreal district. About 6000 workers would be affected.

PRIVY COUNCIL DEFERS ACTION GRAND TRUNK

Lawyers at Hearing Believe Shareholders' Appeal May Win

JUDGE CASSELS' ACTION IS CRUX

Would Excluded Evidence Have Helped Arbitrator if Admitted

LONDON July 13.—(By Canadian Press.)—Their lordships will take time to consider what advice to tender his majesty. The lord chancellor, Lord Birkenhead, in this way announced this afternoon, upon conclusion of argument, that the privy council had reserved judgment regarding the appeal of the shareholders of the Grand Trunk railway against the award of the board of arbitration concerning the value of the preference and common stock of the railway upon its acquisition by the Canadian government.

The opinion among counsel is that their lordships will probably allow the appeal, on the ground that the judgment of Sir Walter Cassels included matter from the Drayton-Mackworth report, and also because of the rejection of evidence concerning reproduction value.

It was plain, however, during the

TIMBER LEASE RULE INVALID ON ORIENTALS

Privy Council Grants Unopposed Petition Against British Columbia

LONDON, July 13.—In the judicial committee of the privy council today, the petition of Brooks and Bidlake vs. the attorney-general of British Columbia was unopposed, and was granted. The petitioners appealed against a condition imposed by the province in granting timber leases that no Chinese or Japanese labor should be employed, which, they claimed, was not valid, in view of Dominion legislation concerning aliens.

Test Crown's Right.

VANCOUVER, July 13.—In the case of Rex vs. the Attorney-General of British Columbia, which is before the privy council in London today, the rights of the crown as vested in the province to property which reverts to the crown is being tested. The amount involved is comparatively small, the object of the present case being to test the legal principle involved.

The case went from the provincial courts last autumn to the supreme court of Canada, from whose judgment appeal was taken to the privy council.

Reparations Body Postpones Reply Upon Moriatorium

PARIS, July 13.—The reparations commission today notified the German government, in reply to the demand for a moratorium for reparations payments, that it would give a definite answer only when it has in hand the full report of the commission on guarantees, which was sent to Berlin a short time ago to supervise reforms to which the German government gave its assent.

The commission hopes to be able to make a definite decision before July 15.

Lloyd George Favors Respite

LONDON, July 13.—Answering a question in the house of commons this afternoon concerning Germany's internal position and her reported request for a further moratorium, Mr. Lloyd George said a communication had been addressed by the German government to the reparations commision, and that the text would be circulated in the official report.

Lloyd George said it would be necessary for the British and other governments to consider seriously the matter, and to consult each other and the reparations commission concerning it. He was unable to make a statement on the British government's attitude, beyond that it considered it absolutely necessary that such a respite should be given to Germany, as it was necessary to enable her to restore order in her finances, and thus be in a position to make reasonable payments on her obligations at the earliest possible moment.

FANNED BY HIGH WINDS FOREST FIRES UPON THE ISLAND LEAP TO NEW LIFE

Settlements in North Wiped Out by New Fire; Three Thousand People in Cumberland Prepare to Retreat to Nanaimo; Nanaimo Thinks of Its Boats

NANAIMO, July 13.—Forest fires again menaced Nanaimo city and the settlements surrounding it tonight. Strong winds, which fortunately dropped at sundown, fanned smouldering fires which had been lately brought under control, and drew a ring of fire about the town. Great uneasiness prevails and 400 men are working in shifts to protect life and property.

The town of Cumberland, 70 miles away, is practically in a similar position. While its 3000 people are preparing to retreat on Nanaimo if the fires drive them from their homes, the same contingency probably will compel Nanaimo citizens to take to their boats and go to Vancouver.

At Bevan several houses besides the sawmill were destroyed. Practically all the settlers have abandoned the place.

Consume Mill and Settlement.

VICTORIA, July 13.—Fanned by a strong wind which developed suddenly this afternoon and lasted for several hours, a new forest fire started about four miles south of Cumberland, wiped out the Bevan sawmill and most of the settlement surrounding it, and raced in a northwesterly direction toward Cumberland.

One thousand men, including a big fire fighting gang from the Canadian Collieries workings near Cumberland, were engaged in fighting flames yesterday, and had their progress checked by the time the wind abated after sundown.

If the wind starts up again Cumberland is in danger of being wiped out, menaced as it is on two sides.

One and a half miles to the northwest is another fire, the smouldering remnant of the conflagration which laid in ruins the soldier settlement at Merville a few days ago.

Previous Night Calm.

Last night there was practically no wind in the fire area and there were official reports of rain at Alert Bay and a few other points along the coast.

But the people of Cumberland are preparing for the worst. All roads are still open, and plans are completed for the removal of patients from the Cumberland hospital to Nanaimo at the first sign of a renewed outbreak.

REPUBLICANS HAVE UPPER HAND IN CORK, LIMERICK, WATERFORD AND KERRY

In Cork City They Have Complete Control; Claim Successes All Over South; Irregulars Uusually Operate at Distance From Home; Many Fights and Ambushes

CORK, July 13.—Cork is in complete control of the Republicans, who now have their field general headquarters at Clonmel, to which place they were transferred from Limerick.

An official bulletin issued by the *headquarters today says:*

"Heavy firing continues in Limerick city. The Caher-Conlish barracks in County Limerick, occupied by the Free Staters, was captured after a stiff engagement. General Hayes and Connell and five staff officers were taken prisoner. A party of Free Staters was disarmed in Galway city without resistance.

Claim Capture of General.

"A Free State convoy of 16 was attacked by a mid-Clare column, and a Free State brigadier, rifles and ammunition were captured. Heavy fighting is reported from West Clare."

Commandant General Daniel Green of the Republican army has issued an appeal to "my comrades on the Free State side," to join the Republicans, and discontinue fighting on the side of the English against the "republic."

In the interest of the health of 52,000 insured workers, the county insurance committee has passed a resolution appealing for an armistice, with a view to arranging a conference between the leaders of the Free Staters and Republicans.

Control Cork Newspaper.

LONDON, July 13.—Present interest in the Irisih situation here centers upon conditions in the south.

Copies of the Cork Examiner reaching here show that its office is in possession of the irregulars, who censor all its news, but permit the editor to publish a statement that he is not responsible for what they say. The newspaper is filled with accounts of alleged Republican successes in Munster.

From the conflicting claims of the Republican and Free State authorities, it is inferred that in Cork and in Limerick, Waterford and Kerry the irregulars have the upper hand. From many places come reports of the familiar type of ambushing and burning of barracks.

But there is an important difference between this guerilla war and the last one against the crown forces. That time the sympathies of the people almost entirely were on the side of the opponents of British authority. Almost the entire population cooperated more or less with the guerilla fighters. Now, virtually the whole civil population is in sympathy with the efforts of the Irish government.

In many cases the irregulars do not belong to the localities in which they are operating. A typical instance of isolation is Castleroe, County Roscommon, which is reported to have all the appearance of a beleaguered city. The irregulars are entirely in control. The railway has been blown up, wire communications cut, and the roads blockaded. Business there is at a standstill.

Ambush in Sligo.

BELFAST, July 13.—Two hundred irregular troops ambushed a Free State armored car with 18 men near Bellintogher, County Sligo, last night. Three of the Free Staters were killed and five wounded. The remainder were captured.

A Dublin dispatch says the Free State troops, raiding a house in the *vicinity of Mount Joy prison today*, discovered an attempt to start a tunnel into the prison. Thirteen persons were arrested.

Battle at Kilmarnock.

CORK, July 13.—A battle between Republican and Free State troops has been raging at Kilmarnock since morning.

Hundred Londoners Suffer From Eating a Canadian Cheese

LONDON, July 13.—(By Canadian Press Cable.)—Special inquiries with regard to the reported epidemic of food poisoning in the Tower Hamlets district, regarding which it was said that 90 per cent of the 97 suffererers had partaken of Canadian cheese purchased in the district, show that there were 32 families, comprising 97 individuals, affected. The majority of the cases occurred on Sunday, July 2.

The manager of the shop where the cheese was sold states that on the previous Friday new Canadian cheese was cut, and was entirely sold by Monday. Only individuals who ate this particular cheese were affected. A feature of the case was that some who had eaten a mere fragment of the cheese were the most seriously ill, while several who had eaten a considerable quantity suffered no ill effects.

The trouble, therefore, appears to have been entirely a local one. The ministry of health, which sent a special medical investigator to look into the matter, admitted that the case was almost unique. All the victims of the poisoning are improving.

TRAIN HITS AUTO.

HARTFORD CITY, Ind., July 13.—Five persons were instantly killed and three seriously injured this afternoon, when a Pennsylvania railroad train hit an automobile at a crossing near here.

RUSSIANS ANNOUNCE THEY WILL LEAVE THE HAGUE; THE SUBCOMMITTEES QUIT

THE HAGUE, July 14.—At midnight the Russian delegation issued a statement that the conference was definitely over. M. Litvinoff, head of the Soviets, said he planned to leave for Moscow on Sunday.

Two Subcommittees Cease.

THE HAGUE, July 13.—Only a radical retreat by the Soviet delegates from the stand they have taken on confiscated property can prevent the official dissolution of the conference. Following upon the action of the non-*Russian subcommission on private* property in formally deciding that no useful purpose could be served in continuing the meetings with the Russians, the members of the credits commission agreed this afternoon to inform the Russians tomorrow that as the property negotiations had failed there was no reason for continuing the discussion of credits.

A joint meeting on credits has been fixed for tomorrow morning.

Will Russians Resume?

The Hague is thick with rumors tonight that the Russians have received instructions from Moscow admitting of the resumption of the discussions.

The present plan of the European experts is to call a meeting of the full non-Russian commission Monday, and have the meeting adjourned until next Wednesday for the approval of the reports of the three subcommissions, which are being prepared.

M. Payne gave a dinner tonight to the chiefs of the delegations. M. Litvinoff attended. One of the guests remarked subsequently that there was "one chance in a million" that the conference would be resumed.

Churchill Refuses Information Upon Irish Ammunition

LONDON, July 13.—Details with regard to the nature and quantity of munitions supplied by Great Britain to the Irish provisional government were denied to questioners in the house of commons today by Winston Churchill, the colonial secretary. Mr. Churchill said he had watched every issue of arms made. The Irish government thought it would be better to take the needed supplies from the stores here.

Republican Courts Suspended.

DUBLIN, July 13.—The government explains the suspension of the Republican courts was to avoid duplication, as former British courts are now Irish courts, and the jurisdiction for continuing the Republican courts has disappeared.

DR. McCOLL SPEAKS AT OSTEOPATHS' GATHERING

CALGARY, July 13.—Characteristics are inherited but diseases are not, said Dr. McColl, of Great Falls, Mont., president of the Montana Osteopaths' association, speaking at the western Canada Osteopaths' convention meeting here tonight. Most great men were born when their fathers were 40 years of age, he claimed. Numerous papers were read during the afternoon session. The convention will continue tomorrow.

PRIVY COUNCIL DEFERS ACTION GRAND TRUNK

(Continued From Page One.)

closing stages of the proceedings that their lordships were fully impressed with the gravity of rehearing the arbitration. This was especially evident when Sir John Simon, on behalf of the Grand Trunk railway, in his final address, again referred to the Cassels judgment.

Lord Carson asked: "Supposing we come to the conclusion that Sir Walter Cassels was wrong, and we refer the matter back. What will happen then? Will Sir Walter Cassels give another judgmment eliminatinng certain portions of his previous judgment and replying on other facts? It is a very grave matter, you see."

Sir John replied: "I do not at all shut my eyes to the fact that a rehearinng of the arbitration is a very serious undertaking, but if there be a complaint on a point of law having some substance behind it, I am sure the fact of setting it right will entail considerable time, labor and expense, but will not deflect your lordships' judgment.

"This is not like an ordinary case, where you can call further evidence," declared Lord Carson. "According to your case, you have an arbitrator who would have to eliminate from his mind something which has already affected it."

Embarrassment Should Not Count.

"I submit that if it is possible that a rehearing should take place, one cannot refuse it because somebody may be embarrassed," retored counsel for the railway.

Lord Carson suggested that it would be extremely difficult for a judge who had once made up his mind, to be asked to give a second judgment.

Sir John Simon then declared that Sir Walter Cassels, under these circumstances, might consider it desirable if a rehearing was ordered, to refrain from participating.

Lord Carson asked if their lordships gave judgment in a certain fashion, would it involve a rehearing de novo.

Sir John thought it would. Later he declared that Sir Walter Cassels' references to the Drayton-Mackworth report treated as gospel statements describing the Grand Trunk as a bankrupt company.

"If E. T. Chamberlain went crying 'stinking fish,' in an endeavor to borrow money one cannot penalize the shareholders for it," Sir John declared. The lord chancellor said that one reasonable person might take the view that the evidence ought to have been admitted, and another reasonable person might take the view that the evidence, if admitted, would not help him as arbitrator in arriving at a decision.

W. N. Tilley, K. C., representing the Dominion government, in the course of his address earlier in the day, declared that the present position would not have arisen if counsel for the Grand Trunk railway had indicated at the opening of the arbitration the method by which it was proposed to prove the reproduction value.

Cannot Affect Acquisition.

OTTAWA, July 13.—Intimation that the privy council may allow the appeal of the Grand Trunk shareholders against the findings of the board of arbitration has aroused keen interest at the capital, and the judgment of the imperial body will be eagerly awaited. Until there is a definite ruling by the privy council, however, no decision can be reached here as to the next step to be taken.

It is pointed out that the judgment, whatever it may be, will have no effect on the actual acquisition of the Grand Trunk system by the Dominion government. The work of the board of arbitration, which was composed of Sir Walter Cassels, Sir Thomas White, and Hon. William H. Taft, was to determine the value of the first, second and third preference stocks, and of the common stock of the company.

The majority award of the board was signed by Sir Walter Cassels and Sir Thomas White, and declared that these stocks were valueless. Form this view Mr. Taft dissented.

If the privy council should decide that evidence rejected by the board should have been admitted, it seems likely that the arbitrators will sit again for the purpose of hearing this evidence. Whether or not the evidence will have the effect of changing the award is a question which cannot be answered at present.

Wireless Chain Around Europe Is Considered

LONDON, July 13.—In answer to questions in the house of commons today, Rt. Hon. F. G. Kellaway, postmaster-general, stated that the government, in further considering the question of an imperial wireless chain, had decided to erect in England a station of the ultimate power contemplated by the expert commission instead of a station with smaller power, which was first proposed. The government, he said, was advised that this station, with its greater power, would provide especially for direct commercial communication with India and South Africa.

The imperial government, Mr. Kellaway said, would erect a station of similar power in India, with Indian government work. This station would be capable of directly communicating with England, South Africa and Australia.

As a corollary of this decision the proposed second station in Egypt, and a station in East Africa, would be deferred, and the question of erection of a station at Singapore, and another at Hongkong, would be reconsidered.

Mr. Kellaway said the home government was communicating with South Africa regarding a station there. Canadian government experts were expected to reach England soon, he said, in order to discuss the question of Canada's participation in the scheme.

GRANT HALL IS VISITING WEST

Will Return From Coast Via Crow; Railway Head Optimistic

CALGARY, July 13.—Whatever the volume of the coal and grain business was this fall the Canadian Pacific would be in a position to handle it. This was the assurance given by Grant Hall, vice-president of the company, in the course of an interview here yesterday. The vice-president, accompanied by Charles Murphy, general manager of western lines, is on one of his periodical tours.

He is in a most hopeful frame of mind regarding the crop situation in the three western provinces. Present prospects, he stated, were that there would be a fair average crop.

While he was not in a position to commit himself on the Blackmie-Lamond extension, Mr. Hall said that the gap on the Weyburn-Lethbridge line between Bain and Manyberries would be proceeded with at once. It was the intention to do considerable work in maintaining the lines in their usual good shape, and in ballasting. An order had been placed, he said, for 48,000 tons of 100-pound rails with the Soo corporation.

"No, I do not anticipate any complications arising on this side owing to the strike among United States shopmen," he remarked, in reply to a question. "There is no occasion to think that at the present time," he added.

Business conditions in the east, he said, were now showing some improvement, and this was reflected in the west by additional traffic.

The vice-president left here at 2 o'clock for Vancouver. He will visit Victoria and return via the Crows Nest.

Baltimore Scene of a Hideous Murder; Woman's Throat Cut

BALTIMORE, July 13.—The body of a white woman with her throat cut, shot through the arm and otherwise mutilated, was found today behind a hedge on Valley road, near Rolling Road Golf club at Batonville, a suburb.

The victim was apparently about 35 years of age and a Hebrew. She weighed about 190 pounds. Her hair was brown and bobbed. A Washington newspaper and a blackjack, were found nearby. Scattered along the highway were torn pieces of a woman's blood-stained wearing apparel. Near the body was a man's cap, purchased at a Baltimore store.

The police believe the crime was committed by some one who was riding a motorcycle, with the woman in the sidecar.

Jugo-Slavs Battle With Big Band of Bulgarian Irregulars

UKUSB, Jugo-Slavia, July 13.—A pitched battle lasting several hours occurred Monday between Jugo-Slav gendarmes and a large band of irregulars that had crossed the Bulgarian frontier and attacked the village of Kratovo, 38 miles northeast of this town. The irregulars were repulsed, leaving 10 dead and much arms and ammunition on the field, and carrying off many wounded.

EXPRESS TRAIN CRASHES AUTOS

BRAINTREE, Mass., July 13.—One woman was killed and two other persons were seriously injured when an express train on the New York, New Haven & Hartford railroad struck two automobiles at the Quincy avenue crossing in East Braintree. One of the cars, driven by Albert Cowatt of Weymouth, was smashed to pieces, and Cowatt was thrown to the top of the locomotive. He clung to the smokestack and when the train stopped at a station, 150 yards from the scene of the accident, he climbed down. Except for minor bruises he was uninjured.

FLOWER SHOW MONTH HENCE

August 12 Is Date Fixed; Forty-two Specials in Great Prize List

Bigger and better than ever is the prophesy for the annual Nelson flower show to be staged August 12 by the Nelson and District Horticultural society, the date having been fixed last night.

The prize list is exceptionally large, and in addition to the usual cash prizes that are offered will be special awards donated by local merchants, seed houses and outside firms to the value of over $200, with $100 cash also for specials. Forty-two of these specials have been donated.

At the meeting of the society held last night at the residence of J. V. Ramsden on Kootenay street, the prize lists were completed and are ready for printing.

There will be all the usual classes, for roses, sweet peas, all other cut flowers, pot plants, small fruits and vegetables.

Those present at the meeting were: President, R. V. Ramsden; secretary, George Brant, T. Frost, A. Wood, H. Sterzaker, Fred Jarvis, A. E. Sharp, A. Wigg, W. Leno and C. Ramsden.

FATHERS MAY DELAY TEMPLE REBUILDING

QUEBEC, July 13.—The building of a magnificent temple at Anne de Beaupre to replace that destroyed by fire last March, may be delayed several years owing to the heavy losses sustained by the Redemptorist fathers, whose destroyed property was only insured for $140,000, a sum insufficient to rebuild even the monastery and juvenate.

It has been estimated that the mortality from black death in the whole world exceeds 40 million.

DOWN SLUGS BY SPRAYING

Cherry Pest Is Easy to Fight Pathologist Eastman Says; Many Methods

Appearance in local and district orchards of the pear and cherry slug recalls the statement made last summer by J. W. Eastham, provincial plant pathologist, who was a Nelson visitor when these orchard pests first showed up last August.

Mr. Eastham stated that there was only 10 days or two weeks within which to reduce the census of this naughty pest, for at the end of that period, the little dark grubs filled with the fleshy part of the leaves, will drop to the ground and burrow into the soil. After that stage they are secure from attact and will pass the winter in the chrysalis state, emerging next summer as flies, to further spread their species.

The pear and cherry slug is not a real slug. It is the larvae or grub of a fly, and as its name implies it feeds upon the foligae of the pear and cherry. Other trees are also attacked by this slug. It has a shiny skin, black or near black in color and if it is closely examined on the under side, small legs will be found, which of course, a slug has not got.

At present the grub is just beginning to injure the leaves by biting out small holes here and there. In a week's time if not checked all the soft parts of the leaf will be eaten away and nothing but the skelton will be left. In consequence the vitality of the tree is reduced, the wood may not ripen properly and winter killing may possibly follow.

Easil Controlled

Fortunately this pest is very easily controlled by spraying with arsenate of lead, one pound of powder or two of paste to 40 gallons of water. There is absolutely no objection to the use of this on cherry trees when the crop is off, but it cannot be used if the cherries are still to be picked. In the case of pears, there is no objection to its use at present, as by the time fruit is ready to be picked most of the spray will have disappeared, and any that remains can easily be rubbed off. Though this spray material contains arsenic, the danger of poisoning is practically non-existent.

Although spraying is by far the most satisfactory means of control, a difficulty may arise in the case of small growers who do not happen to own a spraying outfit, a simpler method can then be put to use. Dusting the grubs with almost any kind of dry dust so as to dry up their slimy coloring will kill them. The best dust is white hellebore powder, which may be mixed with five or six times its weight with slaked lime, flour, or even common dry road dust. If hellebore is not available, then any of these substances alone will be of service if dusted plentifully on the trees the result will not, however, be quite as satisfactory as if hellebore had been included.

Principal Vance Back Here From Attending Continental Gathering

Returning from the convention for the heads of all theological colleges and seminaries on the continent, recently held in Toronto, Principal W. H. Vance, M. A. of the Anglican Theological college in Vancouver, arrived in the city on Wednesday night on the Crow boat.

The conference met at the invitation of the Knox, Victoria, Wycliffe and Trinity colleges of Toronto and lasted for three days, which were taken up with discussions on the problems of theological education. This was the third conference of its kind that has been held. About 75 presidents and principals attended.

Principal Vance will remain in the city until Sunday, when he will visit Trail in the morning and Rossland at night, prior to returning to the coast.

Steamer With Four Hundred Passengers Grounds in Dense Fog

SAULT STE. MARIE, Mich., July 13.—Tugs were still working tonight to release the steamer Noronic, flagship of the Northern Navigation company's fleet which is aground on Beech point, in upper St. Mary's river, with 400 passengers aboard. The Noronic went aground early today during a dense fog. She was down bound, en route to Sarnia. The passengers and crew are safe and the ship is in no immediate danger, according to wireless reports received here. The Noronic is on heavy clay and mud bottom and considerable trouble is experienced.

UNKNOWN ASSAILANTS *SLAY MAN WITH AXE*

AUSTIN, Minn., July 13.—John Wagner, 72, a resident of Grand Meadow, Minn., was slain with an axe and his wife, 63, was unconscious tonight as a result of five wounds inflicted in the head with the same instrument in their home. The bodies were found late today by Mrs. Sorom, a daughter. It is believed the aged pair were attacked late Wednesday night by an unidentified assailant. Police are unable to advance any motive for the crime.

CUSTOMS SEARCH FOR LIQUOR LADEN SHIP

BOSTON, July 13.—Customs vessels are searching the waters outside this port for a "mother ship" suspected of supplying contraband liquor to inland craft, federal officials said today. The ship is labeled as "an unknown vessel" which carried liquors to these waters from a foreign port.

HORSTEAD AGAIN ASSUMES HELM

Fair Board and Merchants Request It; Board Organizes; Drop Poultry

That the board was fully determined to cooperate and lend all possible assistance to the manager of this year's fair, was the decision rendered individually last night at the meeting of the fair board, held in the council chamber at the city hall.

Two applications were read from W. E. Warburton and J. E. Bennett in reply to the advertisement for the position of secretary-manager to fill the vacancy caused by the resignation of George Horstead, who has filled that office for many years.

William Irvine put in the form of a motion that it was the opinion of the board that Mr. Horstead should be requested to take the position of secretary-manager, as that was desired by all the members of the board and by the business people generally. He said the president and vice-president had visited almost all the local merchants in the city, and the consensus of opinion was that Mr. Horstead was the man for the position.

Mr. Horstead stated several of his reasons for not wishing the office for this year, the principal one being the lack of cooperation and assistance of the board, but on the members present pledging themselves of their utmost support in this respect, and earnestly requesting him to reconsider, stated, "Well, I would be a piker if I did not," and allowed his name to go down as secretary-manager for the 1922 fair.

Cut Out Poultry

It was decided that the poultry and live stock sections should be omitted for this year. The matter of revolting the poultry house to adopt it for amusements to bring in revenue, was laid on the table for future consideration.

MAY FORM EGG EXCHANGE HERE

Poultry Experts Now Busy in This District; Boosting Cooperation

C. W. Traves, district poultry inspector, and W. H. Fairley, Dominion poultry official for British Columbia, passed through Nelson yesterday from the Slocan country, on their way to points up the lake.

These two poultry experts, are travelling through the interior of the province with a view of establishing a cooperative egg exchange for the poultry people in the Kootenay and Slocan districts.

Mr. Traves stated last night that in order to make an egg exchange successful in this district, it will be necessary to line up over 20,000 birds. That number will easily be secured in this district, declared Mr. Traves, but the whole trouble is to get the poultry men to line up.

Nelson Ideally Situated

Nelson at present is ideally situated for an exchange with several cold storage plants, which could easily handle the eggs if a 24-hour shift was run, in order to keep the eggs in good shape for shipment. Should the exchange be successful, said Mr. Traves, the business alone would warrant the employment of an extra engineer on any local storage house.

Inability to place eggs in storage here would necessitate them being shipped to Vernon, where accomodation can be got.

Pledges Slocan Valley

On Wednesday the poultry men delivered addresses at Passmore and Appledale, and are very optimistic in their reports from these two Slocan centers, which they declared were quite willing to link up with Nelson in the exchange, and promise at least 4000 birds from that territory.

Success of the exchange idea, stated Mr. Traves, would in all probability lead to a fattening and killing center for fowl, being established here.

A successful venture in the interior would mean lining up with its cooperative exchange at the coast, and thus the two would pull ahead as one, gaining a strong and progressive market.

Messrs. Traves and Fairley spoke in Crawford Bay last night, and are scheduled for Willow Point tonight, Sunshine Bay, tomorrow night, Nelson, Monday night and Robson, Tuesday.

Conquer Everest With Oxygen

Capt. George Finch of the Mount Everest expedition says in his narrative of the record ascent to 27,300 feet: "Next day with Noel and the Gurkha Tejbir we went up the North Col all oxygenated." That means breathing in oxygen to keep up vitality, as not enough can be taken in with the air at high Himalayan altitudes. Captain Finch did not coin a new word, but it is natural to wonder how the white men and the yellow Tibetans behaved when oxygenated. There is no doubt that the gas was a great aid. It made exertion possible at heights previously never reached, but the effect does not seem to have been like that of yerba mate, which stimulates unwonted energy and takes the place of nourishment as the hours pass. There is a feeling of exhilaration with the intake of oxygen, but it may be more imaginary than real—the climber is surprised that he can make any progress at all above 25,000 feet. Of the return down the mountain to the base camp, Captain Finch says:

"Tired, deplorably tired, not moving with our accustomed vigor, our knees did not seem under proper control, sometimes bending against our will and causing us to reel and stagger, and sometimes to sit down."

He adds that "an almost insatiable craving for food and drink was almost all that animated us." That is noteworthy, because extreme fatigue usually dulls the edge of appetite, and sometimes renders men indifferent to food. However, as to the leg weariness and the sense of "goneness," it must be remembered that Finch and Bruce had each carried for five and a half hours a pack of oxygen cylinders weighing 36 pounds. It cannot, then, be held that the gas had no stimulating quality.

The oxygen has one use not expected. "At the high camp," says Finch, "when thoroughly chilled by the intense cold, a few minutes' liberal breathing of the oxygen brought about a pleastant tingling sensation in the skin and a return of warmth." Sleep above 25,000 feet is probably impossible "unoxygenated;" "inhaling gas at the rate of only half a liter (somewhat less than a pint) a minute was sufficient not only to insure sound and comfortable sleep, but also enormously increased appetites."

The Tibetan porters, oxygenated and burdened, "sang encouraging snatches of native hill songs on the way up." How necessary the oxygen is below the top of Everest appears from Finch's statement that when he cut the supply off he was "soon noticing vaguely, instead of showing decision," and "in the choice of hand and foot holds he was hesitating." Turning on the gas again, he became "normal." From this account the conclusion is that as Finch and Bruce, the latter almost a novice in mountain climbing, were not stopped by natural obstacles—in fact, the upward progress was sure if slow—familiarity with oxygen as a sustainer may yet make the conquest of Everest practicable.

Germany's Gray Dawn

Dr. Rathenau's own remark about Germany, quoted at his funeral ceremony in the reichstag, is apposite to the republic on the morrow of his murder. It stands in the cold gray dawn of the morning after. Responsibilities taken too lightly, newly won liberties guarded too carelessly, have been imperiled. For more than two years, since the failure of the Kapp rising in March, 1920, the republic has been carried along on a wave of false confidence, which has subsided now that it is evident that its enemies are as ready to attack it by individual assassinations as by mass risings.

The immediate recation has admittedly been encouraging. The shock has compelled those classes in Germany which sincerely believe in the new government, or at any rate are sincerely convinced of the hopelessness of the old ideas, to stand up and be counted. There is an epidemic of sudden vigilance for the defense of liberty threatened by reactionary terrorism. Republicanism this week has been active, not passive, and in action it has shown itself much more alive than might have been supposed. This means that the aristocratic-reactionary classes from which the impulse for the assassination presumably came will find themselves thwarted. They are not strong enough to seize the government.

They are, however, strong enough to harass and weaken the government. The German republic has always been open to bureaucratic, military and plotocratic influences. It should feel stronger now that danger has manifested a wide popular support; it may dare things soon that it did not dare six months ago. But it must do more than dare; it must achieve. It has been weak not only because it was timid, but because it lacked commanding intellects; and the chief of them placed at its service has now been removed. The form of republicanism seems safer today in Germany than it has ever been, but the loss of Rathenau lays the republic open to a boring from within by capitalist forces which may conceivably turn the new government into a sort of veiled empire worshipping Plutus rather than Mars. German republicanism never needed men of brains more than now.

Efficient Housekeeping

BY Laura A. Kirkman

TWO GOOD SUPPERS

A few days ago I advocated serving stewed fruit and cookies or small cakes for dessert at dinner. Today I am going to suggest two supper menus which also contain these healthful sweets:

Corned Beef Ramekins with Eggs
Potato Salad
Cocoa Stewed Berries
Drop Molasses Cookies

Corned Beef Ramekins—Chop separately two cups of boiled or canned corned beef and three cups of cold boiled potatoes. Combine this meat and potato, add one tablespoon melted butter, salt and pepper to suit taste, two tablespoons sweet milk and turn the mixture into buttered ramekins, or individual baking dishes. (The dishes should be only half full of the mixture). Now drop one raw egg into each dish, dust with salt and pepper, dot with bits of butter and put the ramekins into a hot oven until the egg is set and the mixture hot. Serve at once.

Drop Molasses Cookies—Cream together two cups of sugar and one cup of lard. Add one cup each of molasses and hot coffee (water may be used instead of the coffee if desired), and two beaten eggs. Mix together two teaspoons each of soda and ground cinnamon and one teaspoon of ground cloves, and add this powder-mixture. Stir in one cup of raisins and sufficient flour to make a batter that is stiff enough to drop from a spoon. Drop by teaspoonfuls onto a greased pan and bake about eight minutes in a hot oven." (Contributed by Mrs. M. C. K.)

Helen's Stuffed Veal Rolls
Corn Muffins
Nut Bar's
Tea Stewed Prunes

Helen's Stuffed Veal Rolls—Cut uncooked, thinly-sliced veal cutlet into small squares and lay on each square, from one corner to the other, short match-like sticks of boiled celery and thinly-sliced cooked carrots. Dust with salt and pepper, roll each square up and fasten with a wooden toothpick, and fry these rolls in butter in a hot spider till brown. Then serve hot with a brown sauce to which you have added a little tomato sauce or a tablespoon of chili sauce.

Nut Bars—Melt together six tablespoons of butter and two squares of bitter chocolate. Mix together one cup of granulated sugar and two well-beaten eggs. Now combine these two mixtures, stirring well, and add one cup of flour and one-half teaspoon of baking powder (sifted together); and also add one cup of nut-meats chopped (almonds preferred). Turn the batter onto a greased tin, in a thin sheet, and bake for about ten minutes in a hot oven. Then turn out and let cool, after which cut in long bars.

Tomorrow—The Housekeeper's Rest Period.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and province.—The Editor.

Collingwood Gray Sees Hungarian Partridge Chicks at Bonnington

Bonnington Falls, July 11, 1922.
To the Editor of The Daily News:

Sir—It may be of interest to many of your readers, especially members of the Nelson Rod and Gun club, that I have had since early spring on my ranch a pair of Hungarian partridges. At one time it seemed to me that they were a pair of barren birds, but to my great satisfaction my son reported to me some time ago that he had come across the nest, with a fine clutch of eggs. A few days ago I walked into as fine a covey of partridges as one could wish to see, between 15 to 18 young chicks and the parent birds doing their usual stunt, of feigning a broken wing and circling along the ground to distract your attention from their young.

It is to be hoped that a goodly proportion of these chicks may grow up to look after themselves, and that in the near future the partridges may be added to the list of British Columbia game birds. COLLINGWOOD GRAY.

Styles

BY LENORE

Many women who spend their summer in some quiet country place look forward to this period particularly for its freedom from bothering with dress, and they like the opportunity to wear just anything they please—old clothes or some of the attractive cottage dresses that are designed for this part of the year.

A fanciful model is the one worn by

the standing lady in the sketch. It is of black sateen with a vividly colored chintz top with plain patch pockets of the chintz.

On the other hand, the lady who is drinking tea is more conservative in her tastes, though equally comfortable, for her dress of striped gingham is also cut on straight, loose lines, tied around the waist with a string belt of self-material and trimmed with eyelet embroidery at the neck and sleeves, the same being used for the vest.

Atlas Petroleum Field Manager Says Experts Selected Halls Site

Revelstoke, July 13, 1922.
To the Editor of The Dailys News:

Sir—While visiting your city as a delegate to the mining convention I was very much surprised to learn that there has been considerable comment about our company in letters in your paper, and the same has come from people that have condemned before investigating.

The Atlas Petroleum company was organized and financed by Seattle and Vancouver people for the purpose of prospecting for oil and gas. It is a young company with long experienced men handling it. The company is large enough to prospect several fields and is determined to get oil.

After making a thorough examination of the Halls Landing district near Arrowhead, and having same examined by men that had made a life study of oil fields—not mining engineers, but successful oil geologists—and carefully surveying the field from a gas producing standpoint, of which unquestionably there is an abundance there, also the possibilities of getting oil, the accessibility of the field, and the marketing facilities, we decided to prospect there first.

We are thoroughly satisfied that we can make the Halls Landing gas fields a commercial proposition and we believe we have an oil field.

There are very few people here who realize what it would mean to this country, including Nelson, to get oil in the district we are now drilling; also what could be done with the gas our company now controls.

It would be wise for anyone making detrimental remarks, as has been made before, to thoroughly investigate the principles of our company and learn for themselves and for the benefit of others that we are making an honest endeavor to get oil, and to prove a field that has long been a queston, and that we are out to develop the resources of the country. W. E. MARRION,
Field Manager.

It is usually very difficult to remove ink from the hands with water and soap. If tomatoes are in season the next time you get ink on your hands, rub a piece of ripe tomato on the ink spot. The ink will come off without irritating the skin.

Daily Recipe

CHEESE STRAWS

One cup flour, 4 tablespoons lard, 2 tablespoons butter, salt, cold water, grated cheese.

Add the salt to the flour and into this cut the fat evenly. Add enough cold water to make a stiff dough. Chill and roll out one-quarter of an inch. Sprinkle one-half with grated cheese. Fold, pressing the edges of the dough firmly together. Fold again and roll out one-quarter of an inch thick. Sprinkle with cheese and repeat. Cut in strips about 5 inches long and one-third of an inch wide. Bake about 8 minutes in a hot oven. Serve with soup or salad. This is a good way of using up left over pie paste.

BOSWELL INSTITUTE PICNIC ENJOYABLE

BOSWELL, July 13.—The picnic arranged for Dominion day by the Women's institute was a most enjoyable event and was attended by practically every one. The ice cream stall was a general favorite, closely followed by the home made candy and lemonade booth. At this latter there were some splendid Wagener apples for sale, in perfect condition, and which were donated by S. S. Frank, the grower, of Bon Accord ranch.

Mrs. Charles Allen ran an Aunt Sally, which proved very popular and made quite a sum of money.

Sports for the children were in charge of S. S. Frank and J. H. Smith and most of the little ones secured prizes.

After supper a baseball match between the South End Mosquitoes and the North End Black Flies proved most amusing, the Mosquitoes proving the victors.

Following the picnic a dance was held in the memorial hall, which was well attended.

BOSWELL NOTES

BOSWELL, July 13.—Mr. Holden of Cranbrook and Miss McMaster of Sirdar were the guests of Mr. and Mrs. I Lewis over the week-end.

Mrs. O. Grey and Miss M. Kennedy arrived from Cranbrook Saturday evening.

Capt. R. Lindsay spent a few days in Nelson last week and took in the trip to the Trail smelter.

Miss H. Kennedy and Mrs. O. Grey and daughter Agnes returned to Cranbrook on Saturday morning.

Miss MacMaster and Miss Hazel McLellan left on Saturday evening for Kokanee creek to join a camping party for a week.

Mr. McCurdy of Three Forks who has been the guest of Mr. and Mrs. J R. Higgens during the past week, left for home on Sunday evening.

A. Morris, who has been the guest of Capt. G. A. West for the last three months, left for Vancouver Sunday evening.

Friday evening Mrs. H. Johnstone, Mrs. A. Hepher and Mrs. C. J. McCallum were joint hostesses at a most enjoyable dance in the memorial hall. Upward of 50 guests were present and enjoyed the evening. Exhibition dances, a hornpipe by Mrs. C. S. Bourne and a Scotch dance by Miss A. Parnaby were greeted with hearty applause. Dainty refreshments, including strawberries and ice cream, were served during the evening, the guests finally leaving shortly after 2 o'clock.

W. H. Symonds and son of Queens Bay spent July 1 in Boswell.

Saturday afternoon Mrs. V. S. MacLachlan addressed the members of the Women's institute in the Memorial hall on child hygiene work, a good attendance being in evidence. Following the meeting afternoon tea was served.

BOSWELL GRANTS ITS TEACHER MORE SALARY

BOSWELL, July 13.—The annual school meeting at Boswell was held in the school house on Saturday evening, a representative number attending.

The financial statement showed a balance in hand of $67. The trustees' estimates for the coming year were adopted.

The retiring trustee, James Coupland, was renominated, as also was A. Mackie, the latter being appointed upon a ballot being taken.

J. H. Smith was appointed as auditor for the ensuing year.

The application of the schoolmaster, C. J. McCallum, for an increase of salary was considered by the meeting and a total advance of $50 was finally voted to him.

A vote of thanks was accorded the retiring trustee for his services during the last three years.

Boswell Will Enter Institute Contest at the Nelson Fair

BOSWELL, July 12.—The Women's Institute held its monthly meeting in the Memorial hall on Wednesday evening. The president, Mrs. A. Kennedy, gave a report of the recent conference in Nelson, which she attended as the Boswell delegate.

The treasurer reported that the profits from the Dominion day picnic amounted to $31.

It was decided to enter the Women's Institute exhibit at the Nelson fall fair.

Mrs. H. Johnstone and Mrs. A. Hepher will have charge of the children's day on the first Saturday in August.

Social Happenings In Nelson

Mrs. M. J. VIGNEUX is Social Editor of The Daily News and conducts this department. All news of a social nature, including receptions, private entertainments, personal items, marriages, etc., will appear in this column. Telephone Mrs. Vigneux.

Miss Jean Gilker, 217 Victoria street made a delightful hostess yesterday afternoon, when she entertained a number of the younger set at the tea hour. The tea table was very prettily arranged, being centered with a huge bouquet of red rambler roses, under a transparent glass globe, which was very effective. The hostess was assisted in serving the dainty refreshments by Miss Queenie Annable, who poured tea, and Miss Frances McHardy cutting the ices. Others assisting were Miss Helen Murphy, Miss Nancy Gracey and Miss Marion Blackwood. The guests were Miss Eileen Dill, Miss Frances McHardy, Miss Margaret Jarvis, Miss Helen Murphy, Miss Margaret Douglas, Miss Kathleen Brodie, Miss Nancy Gracey, Miss Kathleen Black, Miss Mary Pickford, Miss Jessie McDonald, Miss Sybil Archibald, Miss Jane Boles, Miss Gladys Lambert, Miss Vera Waldie, Miss Tootsie Hay of Trail, Miss Queenie Annable, Miss Crena Horstead, Miss Marion Blackwood and Miss Clarice Blackwood.

Salmo's Exhibition Is Great Success; the Prize Winners

SALMO, July 13.—One of the most effective and interesting of the many unique features of Salmo's two-day celebration in connection with Dominion day was the exhibition of home products. Though it was Salmo's first exhibition, it was one of the best events of its kind ever staged in the Salmon valley.

The products were displayed very attractively, and the task of the judges E. McArthur and Mesdames Turner and Mathews, in placing the awards was a pleasant though arduous one.

List of Awards.

Special honors were awarded the mercantile exhibits of the Salmo Trading company, Jack Sapples and C. A. Cawley.

A list of the individual awards is as follows:

Rhubarb—Noe Payant, "Jack Sapples" special; Mrs. F. McCaslin, second.
Currants—Mrs. F. McCaslin, first.

Printed Butter Wrappers

Either With Your Name or with the words

Dairy Butter

According to the Dominion government regulations all farmers who sell butter either to stores or privately are required to have it properly covered in a wrapper on which MUST appear in prominent letters the words

"DAIRY BUTTER"

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces and in default of same a fine of from $10 to $30 for each offense is imposed. Whey butter must be so labelled, even when mixed with dairy butter and dairy butter retains its label even though it be mixed with the creamery product.

Prices

PRINTED WITH NAME OF FARMER OR BRAND NAME

If you have your own name or brand on your wrappers you gain valuable advertising for your butter. It causes people to ask for the same brand again.

500, Paper and Printing $4.25
1000, Paper and Printing $7.00

PRINTED WITH WORDS "DAIRY BUTTER"

100 for $1.00

Bank of England Rediscount Rate Down to Pre-War

NEW YORK, July 13.—The stock market was irregular and unsettled in spots today, despite new factors of an encouraging character, chief among which was the lowest quotation on call loans since the latter part of June. Cumulative evidence of world-wide monetary ease was found in another reduction of the Bank of England rediscount rate to 3 per cent. This is the lowest figure for this form of accommodation at the British metropolis since January, 1914.

Oils were the vulnerable features of the day's moderate operations, shorts evidently taking a hand in the depreciation of these issues. Mexican Petroleum suffered an extreme reaction of 8 points to a level of 60 points under its high of June and closed at a net loss of 6¼ points.

Pan-American, Mexican Seaboard, newly listed on the exchange, and most other foreign and domestic oils, were lower by one to three points, but made up part of their reversals in the final dealings.

Abou the only stocks to show consistent strength were Consolidated Gas, at a net gain of 3¾ points to the year's high, and Western Union, which added 3½ points to yesterday's substantial gain.

The open rate for call money was 3¼ per cent until the final hour, when plenty of money was offered at 3 per cent.

Montreal List

MONTREAL, July 13.—Trading in listed shares on the local stock exchange today continued dull and without feature. The greatest loss was in Canada Woolens, which was off 1½ to 22½. On the other hand, Asbestos common was 2 points up at 64 and Canadian Converters was also up 2 at 68½.

The papers were for the most part firm.

British Empire Steel second preferred was off ½ to 31, but the common was up ⅛ to 11¼. Steel of Canada was actiyeyl traded in and gained ½ to 74. Dominion Textile was off a point to 159. Trading in bonds showed some slight improvement.

Total sales, listed, 3706; bonds, $100,650.

Toronto Board

TORONTO, July 13.—Today's session on the Toronto stock exchange was a listless affair.

MacKay receded further from the high level attained in the recent advance, selling down to 102¼, off ¾ from the previous close.

Brazilian was slightly firmer at 47¼, up ¼. Twin City and Winnipeg Railway were both weaker, the former down ⅛ and the latter ½.

Victory bonds were easier, on the whole, while bank stocks generally ranged higher.

The first blast furnace on the Pacific coast was near Port Townsend, Wash.

Black Rust Threat Sends Grain Market to Higher Levels

CHICAGO, July 13.—Black rust threatening and the untoward aspect of railway strike developments had a decidedly bullish influence today on the wheat market.

Prices closed unsettled, 1⅝c to 2⅜c net higher, with September $1.15¼ to $1.15⅜ and December $1.17¼ to $1.17⅜.

Corn gained ⅝c to ⅞c and oats ¼c to ½c.

Provisions finished at 5c decline to a like advance.

SCORE HURT AS PHILADELPIA WALL TUMBLES

Upper Portion of Eleven-Story Building Falls; Two Killed

PHILADELPHIA, July 13.—Two workers were killed and nearly a score injured today when the roof and part of the south wall of the 11-story City Center building at Broad and Cherry streets, in the center of the business section, collapsed, hurling tons of bricks and mortar into the street and on to the roofs of nearby buildings.

It is believed that the wall of the upper story did not have proper girder supports. The building was being remodelled.

Debris crushed through the tenth, ninth and eighth floors, where it piled up. Tons of wreckage, in a curtain of bricks and dust, enveloped Broad street like a smoke screen, and were hurled on to the roof of the three-story building of the Sweeten Automobile company, demolishing it. Roofs of other buildings were also damaged.

TIRED AND RUN DOWN

Lydia E. Pinkham's Vegetable Compound Helped Where Other Medicines Failed

Vancouver, B. C.—"I took Lydia E. Pinkham's Vegetable Compound because I was tired and run down. I had headaches and no appetite and was troubled for two years with sleeplessness. I tried many medicines but nothing did me any real good. While I was living in Washington I was recommended by a friend to take the Vegetable Compound. I am stronger and feel fine since then and am able to do my housework. I am willing for you to use these facts as a testimonial."—Mrs. J. C. Greaves, 771 Hornby St., Vancouver, British Columbia.

Many women keep about their work when it is a great effort because the work must be done. Lydia E. Pinkham's Vegetable Compound has brought relief to thousands of tired housewives by removing the troubles which cause annoying symptoms.

If you are suffering from nervousness, headache and backache, pains in right or left side, tired and run-down feelings, take Lydia E. Pinkham's Vegetable Compound.

Just bear in mind this medicine has been used by women for nearly fifty years. That is a long record of service, and stands upon the foundation of merit.

WYCLIFFE July 13.—Wycliffe continued its winning streak on Sunday, when its ball team handed the league leading Wardnerites a 7-4 walloping on the local diamond. The game was close, with the score 5-3 until the eighth inning, when N. Mickens banged out a three-bagger and was scored on Mouat's sacrifice, making the score 5-4. Wycliffe staged a comeback and E. Staples poled out a long one that was good for two sacks, and scored on Greenway's two-bagger, and Greenway scored on Ferko's hit. Both teams played fairly good ball, although the day was a poor one, being cold and rainy. *The box score was as follows:*

WANDERERS AND DRIVERS DRAW

Football Contest Goes to Overtime; Neither Gain on One-All Score

Last night's soccer match between the Drivers and the Wanderers was a nip-and-tuck affair all the way through each team securing one goal, neither being able to break the tie in two short periods of overtime.

The Drivers, who were supposed to leave all piledrivers at home made up for their absence by hard work, checking, kicking, tackling, in fact, their whole hearts were out to win the game, and if any, they had an edge on the play throughout.

Good work was, however, dished up by the Wanderers, who in the first half forced matters during the entire half. No score resulted in this half, although Welch had a whale of a chance when Boyd, at outside left, centered perfectly, Welch however, *shooting wide.*

In the second half the Drivers started to press matters, Bossely, missing an excellent opportunity to score on a high shot. Spiers almost did the same trick shortly after, his shot hit the post and glanced out. Atkinson, inside left for the Drivers opened the scoring, when he drove in a hot one on Willson, who saved, but lost his balance, and on trying *to clear a rush he threw the ball* through the goal.

Play now ranged toward the other territory and Elliott, in goal, had a busy few minutes saving shot after shot from Ward, Welch, Bradley and Metcalfe, the latter having moved to the forward line, his shots in particular being true and very forceful.

Ward Ties Score

Welch, for the Wanderers, made it *possible for a tie when he shot from* close in, Elliott was equal to the occasion but the rebound was too tempting to Clary Ward, who sent the pigskin whizzing through the posts for a draw. The whistle blew shortly after this and the game ended in an even break.

Five minutes' overtime each way was played, but neither team advanced any, the Drivers, though, had *the most of the play and Elliott was* called upon to work hard and fast. The Drivers' team as a whole played an excellent game, I. Spiers and Rothery, however, were outstanding. Welch was a tireless worker for the Wanderers, as was Metclafe, Boyd and C. Ward. Robert Campbell handled the whistle.

Following is the lineup:

Drivers		Wanderers
Carey		Willson

RUNNING RACES END EDMONTON

Last Day of Meet Is the Best; Results Upset Most of the Dope

EDMONTON, July 13.—Edmonton exhibition races were brought to a close today with a program exclusively of running events. They proved productive of the best racing of the meeting and there were many upset. In the second race, Black Star paid $46.35 and in the last race of the day, Charles C., paid $48.90. Phil Martin paid $25.0 for place and Sharp Squirrel, $36.00 to show. One of the features of the day was that Jockey Turk rode three winners and his mounts placed twice.

Summary

First race, four furlongs—Effie Randall, first, Landon, Vermillion; Dora Star, second, Archer, Edmonton; Welga, third, Jim Ross. Time, :50 3-5.

Second race, five furlongs—Black Star, first, Hamer and Hunter; Mulligan, second, Halpenny, Winnipeg; Chateau, third, Wilson, Toronto. Time, 1:01.

Third race, five furlongs—Dick Fountain, first, Lloyd & Barnes, Waltsburg; Celebrate, second, McFarlane, Calgary; Mazie Barber, third, Gleason, St. Paul. Time, 1:01¼.

Fourth race—Olds Eight, first, Lloyd & Barnes; Colonel Boyle, second, Addison, Calgary; Camouflage, third, Emmert. Time, 1:17 1-5.

Fifth race, six furlongs—Humma, first; Prudence, second, Reynolds, New York; China Jane, third, Tarn, Winnipeg. Time, 1:08¼.

Sixth race, six and one-half furlongs—Charles C., first, Owen, Wetaskiwin; Phil Martin, second, Archer, Edmonton; Sharp Squirrel, third, Lewis, Waltsburg. Time, 1:24 4-5.

Quebec Woodsman Will Try it With Dempsey

MONTREAL, July 13.—Elzear Rioux, *backwoodsman and policeman*, giant in strength and stature, is going to have a try at Jack Dempsey in Quebec city next Monday, according to Dr. Dabois, Rioux's athletic entor of this city.

It is understood that Dempsey will offer a certain sum to any man in the district during his tour who can stand up against him for four rounds, and Rioux will take advantage of this.

TORONTO SEES FINE TENNIS

Vancouver Players Still Forging Ahead in Ontario Tournament

TORONTO, July 13.—No finer exhibition of tennis has been seen here than that in which Leroy Rennie of Toronto, won out from W. Crocker of McGill university, Montreal, after a game in which both players played at top form. There was a very large gallery present and the match was *a series of exciting rallies intermixed* with bursts of applause from the gallery.

Bud Thomas of Ottawa showed that he is a very gritty player when he pulled his match with E. V. Richnitzer, of London, Ont., out of the fire with the score of 5-3 and 4-0 against him.

Frank Anderson of New York carried too many guns for J. B. Cumming *of Windsor, although the latter put* up a good game and won four games in each set.

One of the most remarkable games ever played on these courts was the single between F. G. Anderson senior of New York and George D. Holmes of Winnipeg. Holmes played fine tennis in the first set which he won 7-5. In the second set, he started out at top speed, making *many lovely passing shots and fine* net plays. With the score 5-1 in Holmes' favor, the match looked all over. At this point Anderson staged a remarkable comeback. He commenced to hit the ball with added speed and brought the score 5-all, amidst tremendous applause from the gallery. As Anderson put speed on his shots, Holmes seemed to weaken and set his returns back short to the veteran who played with unerring precision and won the set 7-5.

The double match between Rennie and Crocker, who lost to the Pacific coast pair, Verley and Richards, was as good an exhibition of the doubles game as has ever been seen here.

Western results men's open singles:

F. G. Anderson senior, New York, defeated G. D. Holmes, Winnipeg, 5-7, 7-5, 6-1.

Men's open doubles:

Richards and Verley, Vancouver, defeated Clemens and Hisey, 6-0, 6-2.

Milne and Peters, Vancouver, defeated Grey and Lewis, 6-4, 6-3.

Holmes and Baird defeated Duthi and Purkis, 6-4, 6-1.

Richards and Verley defeated Crocler and Rennie, 6-2, 8-6.

Mixed doubles:

Miss MacDonald and Richards defeated Mrs. Suckling and Lawson, 6-2, 7-5.

Miss Hutchings and Verley defeated Miss Rykert and Cumming, 6-1, 6-1.

Today's Draws

Friday's western draw is as follows:

Men's open doubles—Milne and Peers, Vancouver, vs. Taylor and Bradley, New York.

Holmes and Baird vs. Richards and Verley.

Mixed doubles—Miss Baillie and Taylor vs. Miss Hutchings and Verley.

Ball Game Called for This Evening

A city league ball contest is called for this evening at 6 o'clock, when the Cubs and Tigers will indulge in a romp over the local diamond.

Following is the teams:

Tigers—Buchanan, Gibbs, Curran, *Murphy*, Maurer, Hunt, Anderson, Walley Steeves, Mills, Danuel.

Cubs—Brennan, McDaniels, Curran, Desireau, Gibson, StDenis, Hartwig, Grant, Anderson.

Junior Double-Header

This morning a junior double-header is scheduled, when Fairview and Giants will clash, and the Priates and Reds will meet.

Famous Hawaiian Swimmer Retires

LOS ANGELES, July 13.—"I am through with competitive swimming forever," announced Duke Kahanamoku, Hawaiian swimmer here today. "For that matter," he continued, "I have been through with it for a year. All talk about a meeting between Johnny Weismueller and myself to settle the matter of supermacy is foolish. He is the greatest swimmer the world has ever seen."

ROEHAMPTON, England, July 13.—The Argentine polo team, playing in the first round of the Roehampton polo cup tournament today, defeated the Arcadians 6 to 4.
