VOL. 21. NELSON, B. C., THURSDAY MORNING, NOVEMBER 30, 1922 No. 192

TADANAC NOW MUNICIPALITY AFTER DEBATE

Labor Members Force Division on Committee's Recommendation

GOVERNMENT DEFEATS ESLING'S AMENDMENT

Oliver Asserts Full Power Exists to Investigate P.G.E. Accounts

VICTORIA, Nov. 29.—For over an hour in the legislature this afternoon the fortunes of the proposed municipality of Tadanac, near Trail, were debated by members following the introduction of a motion to adopt the report of the municipal committee, recommending the incorporation of the municipality.

The Consolidated Mining & Smelting company's works are situated within the limits of the proposed municipality.

The report was adopted, 27 to 11, the Labor members forcing a division.

Rallies Government.

Claiming that the public accounts committee had full power to investigate the accounts of the Northern Construction company in respect to the P. G. E. contracts, Premier Oliver today in the legislature rallied the government forces to defeat an amendment introduced by W. K. Esling, Conservative for Grossland, designed to secure from the house authority to secure all the books of the company for production before the committee. The vote was 25 to 16.

Identifies Woman With Piccarillo on the Day of Shooting

CALGARY, Nov. 29.—Mrs. Florence Lassandra was definitely identified as Piccarillo's companion in the car from which the shots were fired which killed Constable S. O. Lawson at Coleman, September 21, by Ernest Hines, a truck driver, who occupied the witness stand Wednesday on the third day of the Piccarillo-Lassandra murder trial before Mr. Justice Walsh here. This is the first of the many witnesses examined who was able to identify the woman by name. Other witnesses had noted that she wore a red tam, and declared that the tam produced in court as an exhibit either was the headgear in question or was "much like it."

Positive of Both

Hines was positive. He was acquainted with both accused and declared he had no trouble in recognizing them as they sped toward the police detachment in the big McLaughlin car.

Other features of the day were stories told by the only other competent witnesses of the actual shooting, beside Pearl Lawson, whose evidence was taken Tuesday, and who continued in cross-examination Wednesday morning. The eye-witnesses were Mrs. James Emerson, who stood upon the veranda of her house close by, and Mrs. Mabel Plante, who, looking in from the window of her home, also nearby, declared that Lawson fell after the third shot. She asserted that another shot was fired immediately after the constable fell.

Flashes By Wire

Montreal Has Heavy Casulty List

MONTREAL, Nov. 29.—During the month of November seven persons were killed by automobiles in this city, five were fatally injured by street cars and railway trains, four died from burns and one succumbed to gas asphyxiation.

Uruguay Has New President

MONTEVIDO, Nov. 29.—Jose Serrato is the new president of Uruguay.

Remove Irish Prisoners

DUBLIN, Nov. 29—About 400 prisoners captured in Southwestern Ireland were landed here today and removed under heavy escort to Curragh.

Agreeable to Settlement

WELLINGTON, N. Z., Nov. 29.—(By Canadian Press Cable, via Reuters)—The prospect of the shipping trouble here, due to the sailors' strike, is for a settlement.

The executive of the Seamen's union has notified the ship owners that the union's representatives are ready to attend a round table conference with a view to settling the strike.

Dies at 110 Years Old.

TORONTO, Nov. 29.—Martin Gaffney, for 40 years a resident of this city, died today at the age of 110. Notwithstanding his age Mr. Gaffney, who was born in Ireland, had retained his faculties to a remarkable degree up until last Friday, when he suffered a stroke.

Land of Promise Fails.

SASKATOON, Nov. 29.—Their land of promise a sandy desert, three farmers from the Punnichy district have returned to Saskatchewan from Mexico, sadder but wiser men. They belonged to a party of 100 persons which left the province for the Durango district on November 12. All the others had sold out their farms and taken their effects with them and are unable to get back.

Poland May Imitate Fascisti Movement to Solve Deadlock

WARSAW, Nov. 29.—A coup d'etate in imitation of the successful movement by the Fascisti in Italy is regarded by many as a growing possibility in Poland unless the apparently hopelessly divided parties solve the deadlock over the presidency.

ATLANTIC COAST NATIVES GATHER IN CELEBRATION

Many Newfoundlands at Calgary Assembly of Maritime Association

CALGARY, Nov. 29.—More than 1000 natives of the maritime provinces of Prince Edward Island, New Brunswick and Nova Scotia gathered in annual reunion in the Palliser hotel Wednesday night to do honor to the land of their birth, the provinces by the sea. Several men prominent in business and public life delivered eulogistic remarks anent the provinces of their birth

Mr. Justice Tweedie, Prince Edward Island; Hon. R. B. Bennett, New Brunswick; Bishop J. T. McNally, Prince Edward Island and W. A. McDonald, barrister, Nova Scotia, were among the speakers of the evening.

For the first time in the history of the Maritime Provinces association the Dominion of Newfoundland was represented at such a gathering, when A. M. Peters, supervisor of the Alberta branches of the Bank of Montreal and a native of Newfoundland, spoke on behalf of that dominion. Many of those present displayed tags indicating they were from Newfoundland and many speakers commented on the fact, saying they were pleased to observe this spirit of amity and good will.

"I wish to congratulate members of this committee of the organiation for doing what the fathers of confederation failed to do in 1867 when they endeavored to bring about a confederation," said Mr. Peters in his address. "I am sure that the spirit of national good will and amity will always prevail."

Have Scheme to Ban Liquor Warehouses in Interior Towns

VANCOUVER, Nov. 29.—The Province today says the government amendments to the Liquor act may include one which will make illegal liquor warehouses at any except coast points, on the ground that the interior towns cannot conveniently export liquor to any countries where the importation of liquor is legal. Interior points in which liquor warehouses are now located include Fernie, Creston, Keremeos, Cranbrook, Yale, Grand Forks and Greenwood.

Compulsory distribution to schools of part of the liquor profits now given municipalities may be also enacted.

Prohibition Causes Increased Trade in Milk, Says Speaker

TORONTO, Nov. 29.—Dr. Margaret Patterson of Toronto, addressing this afternoon's session of the world league against alcoholism, described a certain class of criminal lawyers as "vultures" and also as "scavengers of civilization, who hover over the cities' jail cells."

"If one could only get at the facts," she said, "it would be found that this type of lawyer was much less prosperous than during pre-prohibtion days." There were, however, few lawyers of the type mentioned—"fewer, perhaps, than the prescription writing physicians."

Other figures given by the speaker had reference to the increased sale of milk since enforcement of prohibition, the increased sale of necessary home furnishing and an improvement in general health conditions.

W. H. Anderson, L.L.L., superintendent of the anti-saloon league of the state of New York, said that 250,000 members had been enrolled already in the Allied Citizens' league of New York state and that a membership of half a million was expected in a short time.

SIGN PETITION FOR GOVERNMENT CONTROL

WINNIPEG, Nov. 29.—Since November 10, 43,276 people in Winnipeg, St. Boniface and West Kildonan have signed the petition of the Moderation league of Manitoba in favor of legislation for the establishment of government stores for the sale of liquor for beverage purposes, it was announced at a meeting of the league executive here tonight.

BRITISH TROOPS WITHDRAWING

BELFAST, Nov. 29.—The British troops will shortly be withdrawn from Pettigoe, on the Donegal-Fermanagh border, held by them since the Republicans were expelled last May. They will be replaced by Free State forces.

SUPREMACY OF PEOPLES' WILL IS THE TEST

Dail Home Minister Accuses Labor of Supporting Republicans

MEN MUST DIE FOR THE NATION

Will Leave Nothing Undone to Shock Public Conscience Into Reason

DUBLIN, Nov. 29.—The execution of Erskine Childers caused further acrimonious scenes in the dail eireaan today when it came under discussion. Kevin O'Higgins, minister of home affairs, provoked a bitter scene by accusing the Labor leaders of approving the Republican campaign.

The Laborite, Johnson, angrily repudiated the charge and retorted that the ministry has taken the attitude that the Irregulars had adopted, that men must die for the nation.

Mr. O'Higgins asserted that the test was the supremacy of the people's will over armed minorities. The government, he declared, would leave nothing undone to shock the public conscience into recognizing the enormity of the crimes now occurring in Ireland.

Denounces Execution.

Dr. Patrick McCartan, former Sinn Fein representative in the United States, denounced the execution of Childers. The government had no mandate from the people for civil war, and they and the Irregulars were equally to blame. The execution of Childers, he said, was the murder of a prisoner of war; the Irregulars had the same rights as the Republicans had when the English were in Ireland.

Army Saves Treaty.

Richard Mulcahy, minister of defense, said that 85 per cent of the army uniforms were of Irish manufacture. Field pieces and other supplies were purchased from the British, as the most economic way, and not paid for, but would form part of the financial adjustment between the two countries. The army numbered 30,000 and cost approximately £240 a year per man. He contended that the army had been successful in a difficult situation and had saved the treaty.

Mr. Mulcahy also announced that the government was working at a scheme under which every prisoner at present held would be passed in review and if it was possible to release men from the internment camps they would be released in the near future.

MINISTERS BESTRIDING THE PLANET

Meighen Ridicules Wheat Board Legislation; Expensive Experiment

ALMONTE, Ont., Nov. 29.—(By Canadian Press Staff Correspondent.)—In a Lanark byelection speech here tonight Rt. Hon. Arthur Meighen, leader of the National Liberal and Conservative party, once more assailed the government. The opposition leader blamed the government for increasing living costs, charged the administration with extravagance and incompetence, repeated his statement that the last budget constituted a gross betrayal of the people, who had been promised tariff reductions previous to the general elections, and insisted that the government had adopted a policy of exploiting the Canadian National railways for party purposes.

Did Not Expect Economy.

He criticized members of the government for spending their time and the country's money on expensive trips abroad. "I saw one minister in the orient and two or three bestride the planet somewhere else, so I did not expect close attention to economy," he remarked.

Useless Legislation.

Mr. Meighen ridiculed the wheat board legislation of last session, declaring it was absolutely useless, and attacked the government bitterly for replacing what he regarded as a competent and experienced Canadian National railway board by one lacking in these qualities. He referred to Sir Henry Thornton, the new president of the system, as an "experiment at a high price."

Says Turkey Is Unsafe Country for Investments

NEW YORK, Nov. 29.—All the money that is invested in Turkey in the next 25 years is going to be lost, Henry Morganthau, former ambassador to Turkey, declared in an address at the dinner of the Association of Foreign Press Correspondents.

"I am amused that concessions are wanted in Turkey," he said. "It is an unsafe country to put money into. You might as well throw it in the river. All the money that it put into Turkey in the next 25 or 30 years is going to be lost and we don't want an open door in Turkey."

THORNTON WILL CENTRALIZE THE CHIEF OFFICES

New Railroad Head Will Choose City Most Suitable for Headquarters

NEW YORK, Nov. 29.—The headquarters of the Canadian National railways will be in the place from which the National lines can be most economically and most effectively operated.

Sir Henry Thornton, recently appointed head of the Canadian National railways, in an interview with a representative of the Canadian Press tonight, declared that this was the only statement it was possible for him to make at the present time regarding the much discussed question of the probable location of the head office of the Dominion's big transportation system.

Thorough Knowledge First.

"My first duty will be to get a thorough knowledge of the lines I am to administer," said Sir Henry. "During the next six months I shall probably have to spend 75 per cent of my time on the road. I shall have to familiarize myself with the various parts of the system and the problems which are to be faced in each. I also want to get acquainted with the officials of the system and with the people of the country. I am going to operate these lines in the interests of the people of Canada. I must, first of all, get to know them and learn their requirements."

Must Be in Same City.

Questioned regarding a suggestion that the executive office might be in Montreal and the chief operating office in Toronto, Sir Henry said that he was opposed to such a plan. Separation of departments of the organization was not feasible, he said. The chief executive offices and the chief operating offices must be in the same city, he declared, though there would be, of course, a number of divisional headquarters for operating (under control of the head offices) of the various sections of the system.

"There will be no politics in connection with the administration of the National railways," he said.

Direct government operation of railroads had never proved a success, Sir Henry declared, and he emphasied the point that this would not be the system employed in Canada.

Only One Shareholder.

"The plan of operation will be similar to that of a privately owned transportation system," he said, "except that we will be responsible to only one shareholder—the government of Canada, representing the people of the country."

Sir Henry said that competition of the Canadian National railways with the Canadian Pacific railway was to be expected. "A certain amount of competition is good for a railway," he said, "and I have no doubt we will have some of it in Canada."

Sir Henry plans to leave for Ottawa tomorrow night.

Turk Decree Says Non-Moslems Must Not Be Expelled

ANGORA, Nov. 29.—The Turkish Nationalist government has issued the following communication regarding Christians in Anatolia:

"It has been brought to our notice that, contrary to the decision of the cabinet, forcible expulsions of the non-Moslems beyond the frontiers of Turkey are occurring at certain points. The government's decision refers only to those who desire to leave the country voluntarily. Officials of all villages are informed that action contrary to this decision or employing force, must not be taken.

Wickham Steed Quits Editorship of Times Dawson Takes Reins

LONDON, Nov. 29.—The Evening Standard says it understands that Wickham Steed has definitely arranged to retire from the editorship of the Times, being succeeded by Geoffrey Dawson, who will return immediately to the post he formerly occupied.

It is recalled that Mr. Dawson, upon his resignation, stated that Lord Northcliffe had complained that he was not conducting the editorial policy of the Times in accordance with Northcliffe's political policy.

BOWSER MEANS TO FOLLOW UP ORIENTAL CASE

Asks for Documents Relating to Disallowance of Legislation.

VICTORIA, Nov. 29.—Another angle of the oriental question was raised in the legislature this afternoon, when W. J. Bowser, K. C., opposition leader, gave notice of his intention to introduce a resolution that all documents and papers dealing with the disallowance of any statutes passed by the legislature, by the governor-general-in-council, be laid on the table of the house during the first week of the next ensuing session of the legislature. Mr. Bowser points out that the legislature in 1921 enacted legislation validating and confirming orders-in-council passed some years previously, providing no Chinese or Japanese should be employed in connection with any government contracts, leases or concessions. The legislation was assented to by the lieutenant-governor on April 2, 1921.

Ottawa Disallows

Mr. Bowser affirms that this legislation was disallowed by the governor-general in Ottawa on March 31, last, although prior to this disallowance the supreme court of Canada had declared the legislation to be ultra vires of the executive assembly of British Columbia.

No formal notice of the disallowance has been placed before the legislature.

Mr. Bowser states that he is determined to find out why Ottawa disallowed the legislation affecting orientals, especially because of the widespread opposition shown all over Canada to further oriental immigration.

No Intention of Bringing in Any Clause for Beer

VICTORIA, Nov. 29.—"The government has not the slightest intention of bringing in a beer clause," stated Premier Oliver today.

"How about a plebiscite?" he was asked.

"My answer to that is the same as I gave several weeks ago. I cannot see where the government is willing to spend $100,000 of the people's money to hold a referendum on the sale of beer."

Several weeks ago advocates of the open sale of beer and wine under government supervision were most active in placing their views before the government.

Since that time little activity has been in evidence.

It is understood the new government amendments include reduced prices for permits.

MORE WOMEN LEAVE FARMS

WASHINGTON, Nov. 29.—Larger numbers of women than of men are leaving the farms of the United States in search of more lucrative fields of endeavor, the census says, basing its statement on an analysis of the 1920 census statistics.

Irish Bills Pass Through Commons Without Change

LONDON, Nov. 29.—The Irish bills which unanimously passed their third reading in the house of commons today have been sent without amendment to the house of lords, where no difficulties are expected. The remaining stages will be concluded this week and the bills will become law well before December 6, the last day allowed.

REVOLT BREAKS OUT IN THRACE AMONGST TURKS

Dramatic and Chaotic Situation; Insurgents Have Upper Hand

LONDON, Nov. 29.—It is reported here that a Turkish revolt, accompanied by violent fighting at some places, has broken out in western Thrace. The correspondent of the Times at Constantinople telegraphs that he heard the insurgents are masters of the situation and that an armed band of 5000 with machine guns is marching toward Dedeagatch and demanding the holding of a plebiscite.

Bulgarians Cross Border.

A dispatch to the Daily Express from Constantinople describes the situation as dramatic and chaotic. It adds that not only are the Turks reported to have revolted, but that bands of Bulgarians and Macedonians have crossed the frontier.

Xanthi, Gumuldjina and Dedeagatch are said to be three of the centers of revolt. The revolutionaries are declared to have seized Xanthi and established their own government there.

There has been fighting at Gumuldjina between revolutionaries and Greeks. The attack aimed at Dedeagatch failed, although, according to Turkish newspapers, the inhabitants supported the attacking party and tried to exterminate the troops of occupation.

Reports Confusion.

The reports received in Constantinople, according to dispatches, admittedly are confused. The British intelligence officials at Dedeagatch, telegraphing Tuesday, did not mention a revolt.

It is reported that the Orient Express has been derailed between Adrianople and Luleburgas, either by the blowing up of bridges or the cutting of the line.

FRIENDS WORRY ABOUT FATE OF PRINCE ANDREW

Greek Scion Is Closely Guarded Prisoner of Revolutionary Forces.

LAUSANNE, Nov. 29.—Friends here of Prince Andrew of Greece, brother of former King Constantine, today voiced anxiety as to his fate, in view of the revolutionary government's execution of the six former cabinet officials and army officers yesterday.

Prince Andrew is charged with disobeying the order of the general staff, while at the head of a division in Asia Minor during the conflict with the Turks.

Andrew was interned at Athens under heavy guard and is not even allowed to receive food sent by his European friends because of the suspicion that he might in this manner receive secret messages.

Trial Due Soon

LONDON, Nov. 29.—A Reuter dispatch from Athens says the trial of Prince Andrew of Greece, who is now in the Greek capital, will be begun shortly. The wife of Prince Andrew is also in Athens.

Allies Iimit Russia to Participation in Straits Discussion

LAUSANNE, Nov. 29.—The Russian delegation tonight received a communication from the near east conference rejecting the Russian request to be allowed participation in the discussion of all questions before that body, without being limited to the straits problem.

France, Great Britain and Italy were all unanimous in standing by the Poincare note inviting the Russians to participate only in the discussion of the straits.

Belgian Premier Says Laws Cannot Prevent the Fall in Exchange

BRUSSELS, Nov. 29.—Laws cannot stop fall in exchange nor can exchange be artificially fixed, Premier Theunis told the senate today during an interpellation on the slump of the franc.

He declared that the only remedy was to inspire confidence and he condemned the various forms of capital levies.

TURKEY SCORES ADVANTAGE ON GREEK ISLANDS

Committee Recommends Reducing Military Works to Important Extent

TENEDOS AND EMBROS NOT CEDED TO TURKS

Curzon Agrees Disposition of Islands Essential Part of Straits Question

LAUSANNE, Nov. 29.—Turkey's ambition to have a demilitarized zone marked along her frontiers was partially realized today, as far as it concerns the string of Greek islands, stretching along the coast of Asia Minor in the Aegean sea. The territorial committee of the near east conference adopted the report of its subcommittee, which recommended that important measures of demilitarization be carried out in these islands in the interest of general peace in the near east.

Ismet Pasha, the chief Turkish delegate, was not quite satisfied with the report. He claimed that all the military works on the islands should be removed and entered reservations in the minutes of the meeting.

Russians to Participate.

The second outstanding decision of the day was that the status of certain other Greek islands should be studied as part of the general problem of the straits and that the Russian delegates should be invited to participate in this discussion.

Negotiations touching on the Dardanelles problem may be started on Friday, M. Tchitcherin, the Soviet foreign minister, cannot reach Lausanne by that time, and M. Rakovsky will represent Russia as well as the Ukraine and Georgia.

Although present at the subcommittee meeting this morning, former Premier Venizelos of Greece did not attend the session in the afternoon and there was apparently no official reference during the meeting to the executions in Athens or the withdrawal of the British minister from Greece.

The Greek islands which the committee decided should be partly demilitarized includes Samos, Mitylene, Chiose and Nikaria. Lemnos originally was in this group as defined by the Turks, but the committee put it in the group of islands nearer the straits, the status of which will be fixed later.

Greeks Protest.

This second group of islands now includes Embros, Tenedos, Samathrace and Lemnos, which are not far from the entrance of the Dardanelles. Ismet Pasha contended that these islands should pass from Greek to Turk sovereignty, but the Greek delegates protested on the ground that their populations were overwhelmingly Greek.

Lord Curzon supported Ismet's argument that disposition of these islands should be discussed as essentially a part of the straits question, but repudiated the Turkish contention that the islands of Tenedos and Embros were ceded to Turkey by the treaty of London in 1913.

The conference tomorrow will devote itself to the study of economic matters.

THORNY PATH IN FRONT OF IMMIGRATION

Settlers With Capital Take Some Catching; Times Comments on Scheme

LONDON, Nov. 29.—(By Canadian Press Cable)—The London newspapers printed the recent immigration pronouncement by Hon. Charles Stewart, minister of the interior for Canada, giving the details in a fairly full manner, but so far there has been little editorial or public comment thereon.

The Times remarks that apparently the Canadian government is going to concentrate on obtaining settlers who have money with which to conduct small farms, but among the thousands of men looking from these shores *toward Canada as the land of promise*, the man with training and capital to equip himself as a tenant farmer is not particularly common.

The recognition of this fact is found in Canada's determination to conduct a propaganda campaign here and also in Holland, Belgium and France.

Orphans Strong Pillar

The strongest pillar of Mr. Stewart and his colleagues of the Canadian *government, the Times says*, is the proposal that the overseas settlement board should cooperate in securing the migration of five or six thousand orphans.

The Times adds that Mr. Stewart has not minimized the size of the problem confronting him, and says Canada is embarassed by not having *for disposal broad acres of unoccupied* crown lands available, as other still newer dominions have, where the difficulties in the way of assisted settlement are not so great as where free lands are available.

Sure of Cooperation

Canada may find, however, that its responsibilities to the new farmer do not begin and end with helping him to find a farm, the Times says, *and adds that whatever problems* arise Canada is assured of the sympathy and cooperation of the British people.

The Times notes that this is a memorable year for Canada, its record crop, the prospective removal of the cattle embargo and the return of prewar prosperity, all making an auspicous season.

Chancellor Goes Upon Debt Funding Mission Without Restrictions

LONDON, Nov. 29.—The chancellor of the exchequer, Stanley Baldwin, will go to the United States on his debt funding mission unhampered by instructions from the government, Premier Bonar Law stated today in the house of commons. Replying to a question as to whether such instructions had been framed, the premier replied:

"I think it would be inadvisable in negotiations of this kind that the hands of the responsible minister be tied with instructions."

Everything is in shape to insure a huge success, *and a carnival spirit is evidenced* throughout. Balloons of many hues are already afloat and the various booths are a gorgeous mass of color. Candies, fancy work and other things useful and ornamental for gifts or home use are in abundance and a host of willing helpers from the ladies of the Church of Mary Immaculate are determined to make the function a brilliant success.

While afternoon tea is a particular feature, the chicken supper to be on deck later promises to be a dream of delight.

Masquerade Dance Is a Huge Success

Dainty fairies and rough cowboys, hobos and duchesses, niggers and Mary Janes all intermingled last night at the Eagles' masquerade and an excellent evening was enjoyed.

Old Satan, with his red suit and wicked mustache, was present, as were pirates, numerous rollicking clowns, noblemen and many other representations too numerous to mention.

Well over 200 people thronged the floor and enjoyed themselves to the tune of the latest music played by the Marimbas. So varied were the numerous costumes that it was with some difficulty that the judges picked the following prize winners:

Best couple, Mr. and Mrs. J. Calbick; best men's comic, A. P. Degirlamo; best lady, fancy, Miss Blakeman; men's original, W. R. Smythe; best ladies' comic Miss V. Boyce; consolation, Mrs. J. S. Poole; ladies' original, Miss G. Fletcher; men's best fancy, J. E. Kelderman; men's consolatioo, J. P. Wallace.

The following acted as judges: Mrs. W. Walker, Mrs. H. Dunk, Mrs. W. Langlands, Glen Huxtable of Vancouver and E. P. McDermid of Vancouver. Edgar Mason made an able and efficient floor manager. Last night's affair was the first of a series to be given throughout the winter.

Declines to Ram Prohibition Down People's Throats

TULSA, Okla., Nov. 29.—Prohibition is not wanted in Tulsa, declared Prosecuting Attorney W. F. Seaver, in explaining why he had ordered a wholesale dismissal of liquor cases in the county court.

"People don't want prohibition and I am not going to force anything down their throats that they don't want," Seaver emphatically stated. "I have lived 74 years and I have just concluded after two years in the county attorney's office that there is no use trying to force prohibition on them."

Wheat Yield Is Best on Record

OTTAWA, Nov. 29.—(By Canadian Press)—The highest total wheat yield in Canada since 1915 is the estimate of the 1922 crop issued tonight by the Dominion bureau of statistics.

The provisional estimate of the yield of field crops places the total wheat harvest at 391,425,000 bushels, which is an average yield of 17½ bushels from 22,422,693 acres. The 1915 crop totalled 393,542,000 bushels from 15,109,415 acres, or an average of 26 bushels an acre.

The yield an acre this year is higher than any year since 1915 which was the famous "bumper crop" year. Last year's final estimate of total yield was 300,858,100 bushels from 23,261,224 acres, an average of 13 bushels an acre.

Big Guns Gather to Welcome New Railroad Chief

MONTREAL, Nov. 29.—The banquet to be tendered Sir Henry Thornton, recently appointed executive head of the Canadian government railways, by members of the local board of trade, is to be held on the evening of December 5, under the chairmanship of W. M. Birks, president. The speakers, in addition to Sir Henry, will be Sir Joseph Flavelle, former *chairman of the Canadian Northern* railway; E. W. Beatty, president of the Canadian Pacific railway, and others.

A large number of distinguished Montrealers will be in attendance at the head table, among them being *Lord Shaughnessy, Sir Arthur Currie*, principal of McGill university; Sir Frederick Williams-Taylor, president of the Canadian Bankers' association; W. D. Robb and J. E. Dalrymple, representing the Grand Trunk railway.

WINTER FAIR CLOSES

TORONTO, Nov. 29.—The judging of prize winning Clydesdale mares brought the live stock show at the *royal winter fair to a close today*. Among the prize winners was Hector Black, Belle Plains, Sask., third, for mare foaled in 1922.

SWAN RIVER, Man., Nov. 29.—In a eulogy of Hon. T. A. Crerar, who recently resigned as leader of the Progressive party, F. W. Bird, M. P., Nelson, at a convention of the Swan Valley local, United Farmers of Manitoba, here today said he thought it inadvisable for Mr. Crerar to antagonize the Alberta units of the Progressive party, as a parting shot. He said he considered the Alberta Progressives a strong unit in the party.

LIBERAL UNITY FAVORABLE FOR CONSERVATIVES

Those Who Went Into Wilderness With Lloyd George May Reenter Tory Fold

LONDON, Nov. 29.—The possibility *of reuniting the two wings of the* Liberal party is developing in a practical direction more quickly than had been expected.

The only real difficulty seems to be the question of leadership and this may turn out to be a stumbling block. *Both Lloyd George and Mr.* Asquith, through indirect channels, have sent out statements intimating their willingness to sink personal questions. One such statement credits Lloyd George with willingness to serve under Mr. Asquith, but adds the *qualifying proviso "If the united* parties desire it."

Peers to Meet

Lloyd George's own view is said *to be that it would be advisable to* leave the question of the leadership in abeyance for a time. He met a large group of Liberal peers today and discussed the subject in all its aspects and as an outcome a meeting of all the Liberal peers will be held *in the house of lords tomorrow to* consider the subject further.

Should unity become accomplished it will probably have the important result of men like Lord Birkenhead, Austen Chamberlain and Sir Robert Horne, who accompanied Lloyd George into the wilderness, returning to the Conservative fold, to the great ad*vantage of Bonar Law's administra*tion, which is notably lacking in debating power.

Claims to Have Been Eye-Witness of Garneau Murder

QUEBEC Nov. 29.—While the evidence produced at the royal commission which is investigating the circumstances surrounding the murder of Blanche Barneau did not reveal *any real sensation today, some of it* was of a particularly important nature.

Joseph Valade, a special agent, told the detailed story of the crime, as it had been revealed to him by a man who claimed to have been an eyewitness of the murder.

The commissioners, however, expressed the opinion that it is advisable for the government to extend the scope of the commission to allow an inquiry for the purpose of discovering the actual murderers. The attorney-general's department had already stated through counsel for the *department that the government* would amend the order-in-council along these lines.

His Master Sleeps Under the Poppies

SARNIA Ont., Nov. 29.—Press reports from Quebec that a dog which had for four years expectantly watched the arrival of the transatlantic liners had recognized Maj. Walter Lawson of Minto, N. B., have been the means of restoring the faithful canine to the family which he left in 1916 when Private *George Hambleton, his master, left for* overseas.

James Hambleton of Point Edward, seeing the reports, communicated with Major Lawson and is now overjoyed to learn that the dog is the wiry fox terrier named Don, who accompanied his son overseas. At Point Edward a cosy and comfortable haven awaits Don after years of eventful travel, but the one reunion for which the dog longed will not materialize, for his master lost his life *at Passchendaele in 1917.*

Poincare Accepts British Invitation to Go to London

PARIS, Nov. 29.—Premier Poincare has accepted the British prime minister's invitation to go to London on December 9 for a preliminary discussion of the Brussels conference on reparations, according to the *Matin.*

The Italian premier's reply has not yet been received.

TORONTO, Nov. 29.—The post*ponement of the electrification pro*ject and the decision to push construction work continuously until a port upon James bay shall be reached, were the principal decisions reached at today's conference between the Temiskaming & Northern Ontario *railway directors and Premier Drury.*

Wide Gulf Between City and Railway on Value of Line

TORONTO, Nov. 29.—With the Toronto Railway company's experts valuing the system at $23,000,000 and those of the city at $5,000,000, the board of arbitration, which has been in progress for *158 days, concluded today when Hugh* Cronyn, chairman, suggested that an amicable settlement be made between the parties. It is thought the gulf is too wide to admit of any agreement. Both parties will probably wait for the other to make the first move. The cost *of the arbitration is about $2,000,000.*

The award fixing the price which the city of Toronto will pay for the railway, which the city took over on August 31, 1921, will be delivered by March 1, if Chairman Cronyn's suggestion that the parties get together and effect a settlement is not carried out.

Specialist Said ECZEMA Was Incurable

—but he reckoned without Zam-Buk

Writing from Sweetwater, Tenn., U.S. Capt. Oscar V. Petty, says:—"For four years I had an obstinate dry eczema.

"My skin peeled off, and disfiguring splotches of the eruption appeared on my face and head. A well-known skin specialist said the eruption could not be cured, but friends out in Maine got me to try some Zam-Buk. To my great delight, I soon saw an improvement. The peeling skin stopped within a week. At the time I started with Zam-Buk the eczema had spread all over my body, so that it took reasonable perseverance for the balm to be thoroughly effective. However I am delighted to inform you, that now, by the use of Zam-Buk, my skin has been restored to normal healthy condition."

"I have a friend who also suffered from a similar distressing skin affection. In his case too, within a few days Zam-Buk was acting splendidly. He tells me that Zam-Buk beats anything he has ever known."

Zam-Buk cannot be equalled for ulcers, boils, abscesses, piles, ringworm, poisoned wounds, and all sores, wounds and injuries. Purely herbal. All dealers 50c. box, 3 for $1.25.

SHU TONG MAR AVERS LEAGUE DID NOT DO IT

His Plans to Evade Parents and Future Bride Made at Coast With Friends' Help

Shu Tong Mar, the Chinese youth from Nelson who evaded the parental intention to take him to China and wed him to a fair Chinese unknown, through the instrumentality of a former Nelson high school girl has written another letter to The Daily News for publication, expressly exonerating the Chinese Nationalist league of responsibility for his act.

In this further letter, which is dated from the office of the Canada Morning News, 288 Pender street, east, Vancouver, November 25, he says:

"The conditions of the old China are unfit for the rising generation of the young China. My plan of staying on this side of the ocean was completed through the aid and sympathy of my intimate girl friend, whom I met at high school, and now a student in a coast town. Just a few days before sailing I left my parents reluctantly to join her at home. There I stayed for a week, and it was the first real holiday I ever enjoyed.

"I have now won the friendship of many here, so I don't feel so lonely as before. I learned that most of the Chinese in Nelson spoke ill of me, but I regret that they did not have any opportunity to learn the truth of the whole situation. I hereby expostulate them not to blame the members of the Chinese Nationalist league, for they were not in the least responsible for my action, though my decision is right.

"I am working in the office of the Canada Morning News Publishing company. About the middle of next month I leave for Berkeley, where I attend the University of California, beginning in January.

"Wishing you all are happy and prosperous, I will close. Yours respectfully,

"SHU TONG REGINALD MAR."

GOOD JUDGES TO PLACE RIBBONS

William Walker for Exhibition, Traves for Utility, at District Show

Canada's oldest poultry judge, William Walker, of New Westminster, whose fame now, according to the poultry journals, is still on the flood, has accepted the job of judging the exhibition classes at the coming district poultry show at Nelson, and C. W. Traves of Grand Forks, provincial poultry inspector, who is a specialist on utility, will judge the utility classes and the eggs. Announcement to this effect was made yesterday by A. Wallach, secretary of the West Kootenay Poultry & Pet Stock association.

The prize lists for the big show, which is to be held in the poultry building in connection with the fair pavilion, and which is to be held December 19-22, are now being distributed.

Apart altogether from the support expected from Grand Forks and Trail, the other two principal poultry centers in the district, there will be a very heavy entry list from the outside portions of the Nelson district, and Salmon valley points and West Arm points promise to be very strong.

GLASGOW UNEMPLOYED INTERRUPT CEREMONY

LONDON, Nov. 29.—(By Canadian Press Cable)—The unemployed were in evidence at a meeting of 3000 representative citizens of Glasgow yesterday on the occasion of the presentation of the freedom of the city to Lord MacLay and Rt. Hon. George Nicoll Barnes.

The ceremony was continuously interrupted by men and women in the balcony shouting and making loud remarks about the unemployed.

TRUE FISSURE IS STARTING NEW CROSSCUT

Isaac Lougheed Recalls Days When Nelson Was Still All Standing Timber

First seeing the site of Nelson when it was all standing timber, with not even an Indian tepee to hint at man's occupation, Isaac Lougheed, the veteran mining man, and gold seeker of the days of 37 years ago, who is in Nelson for a day or two, still has the lure of gold in his blood, and on the 10th of this month he started a new crosscut tunnel on the True Fissure group at Ferguson for the True Fissure Mining & Milling company.

"In those days all prospectors were after placers, and I was like the rest," said Mr. Lougheed yesterday. "Nobody would look at rock. I was knocking about, up and down the river, looking for locations."

While in those days there was no Nelson, white men had come and gone, seeking placers, the first of which is believed to have been worked on Forty-nine creek, on Kootenay river below Nelson, in '61.

The famous old True Fissure property is now to be tapped at a point to give 500 to 800 feet additional depth on the vein. No time will be lost on the job, for three shifts are working. It is figured that the vein will be cut in 600 feet of driving, and that this should occur about next June. The True Fissure ore is a high-grade silver-lead ore.

Excellent Boxing Card Proposed for the Fans

Several good preliminary bouts have been arranged and will be staged in conjunction with the Wells-Fox fight, which takes place at the "Y" on Tuesday next.

Those participating in the preliminaries are all local mit artists, and range from chicken weights to welter weights. Among those who will don the gloves are Alibone, Ward, Cherry, Parker, Ionian, Penguelly, McVicar and Ross Young. As the majority of these boxers have appeared before local fans before, it is a well known fact that they will deliver the goods.

Fox and Wells, the participants in the main bout of the evening, yesterday lightened up some on their heavy training of the past week, and contented themselves with sparring and punchbag work. Both are in first-class shape, Wells in particular showing great improvement over his earlier form.

EAST KOOTENAY VETERANS WANT ZONE COMMANDS

Delegates Pass Through for Penticton With Zone Conference Decisions

Armed with the decisions of a zone conference of East Kootenay branches of the G. W. V. A., held at Cranbrook Monday night, H. A. Bryant and G. Townsend of Fernie and W. B. Kay of Cranbrook passed through Nelson Tuesday night, bound for Penticton, where the provincial G. W. V. A. convention will open this morning.

At the conference there were, beside these three delegates, G. H. Ashworth of Cranbrook and J. W. Bell of Camp Lister, Mr. Bell being zone representative.

On the matter of reorganizing the provincial command the conference decided to take no positive stand, but, on the other hand, it was decided to recommend the setting up of zone commands.

They also took with them a resolution from the Camp Lister branch, asking the provincial government not to start eviction proceedings for nonpayment of rent without giving the men more time to secure the necessary funds. The delegates stated the institution of rent was the latest feature of the Camp Lister administration.

Fernie Has New Officers.

On Sunday the Fernie branch had its annual meeting and placed in office J. F. Mitchell as president, George Bowen as first vice-president, T. Uphill, M. P. P., as second vice-president, and D. F. Markland as secretary-treasurer, the latter being reelected. The executive is composed of George Towsend, Robert Smith, W. Phillips, J. Rigg, F. Yearby and Charles Hesketh.

Owing to the Slocan train not having arrived when the Kettle Valley train pulled out last night it is not known how large the West Kootenay delegation en route to Penticton this morning is, but it was expected that there would be delegaes from New Denver, Slocan City, Trail and Nakusp. H. H. Currie, delegate of the Nelson branch, left last night. It is probable that L. W. Humphrey, M. P., who is invited to sit in the convention, will leave tonight.

Fiery, Itchy Skin Quickly Soothed With Sulphur

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Rowles Mentho-Sulphur may be had at any good drug store.

Burdock Blood Bitters

RELIEVED HER OF HEADACHES

Headache seems to be habitual with many people, and some, if any, are seldom free from it, suffering continually, and wondering why they can get no relief.

In all cases of headache the treatment should be directed to the removal of the cause, and with the cause removed the headaches will vanish.

It is impossible to find a better remedy for headaches of every description that can equal B. B. B., acting as it does on every organ of the system.

Mrs. Douglas Riseborough, 280 McKenzie St., Sarnia, Ont., writes:—"Having suffered from severe headaches for a considerable length of time I decided to try Burdock Blood Bitters, and found that it helped me wonderfully. It relieved the headaches, and I noticed a decided improvement in my health."

Burdock Blood Bitters is a remedy that has been on the market for the past forty-four years, so you don't experiment with some new and untried medicine. It is put up only by The T. Milburn Co., Limited, Toronto, Ont.

THURSDAY, NOV. 30, 1922

Welcome, Winter!

When winter comes bears crawl into their holes, poets buy oil stoves, and farmers begin to do odd jobs of repairing which were neglected during the outdoor season. Jack Frost, the chilly stranger of early fall, becomes a daily visitor and sometimes prolongs his calls for several days.

Screens disappear, porches are stripped of furniture, and automobiles are draped with black curtains. Flowers and shimmery frocks are gone. Reds and blacks predominate on the streets and in store windows. Humanity skips about in storm collar, heavy clothes and high shoes, laughing still.

Winter, like summer, is what the individual makes it. Most frequently it is pictured as decay, old age, or death; but it is much prettier in a snow-white coat, decorated with a bobsled full of healthy, happy youngsters, crowned with bright colored caps. The biting wind means little to children. So long as the body is warm, the cold air is healthful, invigorating, like a plunge in an icy bath on the hottest day in the year.

Some folks follow the birds to the south to escape the chill and bask in tropic suns until the north is warm again. They miss the delightful sensation of burning ears and warm red cheeks, the quickened blood shot from the human furnace through every tingling fiber of the body.

Welcome, winter! But don't stay too long!

Science Marches Onward

At Columbia university, New York, the staff of scientists are experimenting with an X-ray machine which is capable to making transparent a man's hand a block away, though a thick brick wall intervene.

The machine fills two rooms, the walls of which are insulated with lead. No human being thus far has come under its rays, but extensive experiments have been made with animals. The machine is the first of its kind to register and control the intensity of its rays. It is expected that treatments of human patients, when full control of the mechanism is perfected, will consume virtually the same amount of time, varying only in the degree of intensity. At present the time element enters in important measure into X-ray treatments.

Such inventions as this great machine more than ever emphasizes the fact that men are increasingly learning to put into halter and harness the great forces of the universe. The use of the telescope, with which to view distant objects, was unknown 400 years ago. This great X-ray apparatus has no difficulty in revealing the most intricate details of objects near at hand, even though other opaque matter intervene.

Who shall say that it will not be given to man to explore some day into the recesses on the other side of the moon.

Something Ought to Be Done About This

The modistes and fashion makers of the world are never happy unless they can be doing something to shock the sensibilities of those with a trace of modesty in their makeup. Once it was peekaboo waists. Then it was ankles, and when ankles palled it was legs, and finally knees. Knees have gone out, and for a while it looked as if we were for once to have a costume to which the squeamish could not object.

But the fashion makers, who must be in league with the unmoral forces of the world, did not stay moral long. They have found a new way to shock the world, and they propose to put it into effect at once. It isn't legs, and it isn't shoulders which are to be exposed to the gaze of a breathless world, but—horror of horrors—ears!

This is the ultimate, box-score limit. Or at least we thought it was until we read the next line. The next line says that the lobe of the naked ear will be colored a delicate pink! What is the rouging of the knee compared to this brazen suggestion?

If the forces of righteousness have the vigor they ought to have, they will nip this outrageous suggestion in the bud. We stood for knees, but surely we shall not have to stand for ears.

A DAY WITH THE BIRDS — A DRAMA OF THE NORTH

Efficient Housekeeping

SUPPER FROM A CAN OF CORN

Corn is a versatile vegetable. A can of corn will make many delicious luncheon or supper dishes. Try the following supper menus:

Corn Mash on Toast
Wholewheat Gems Preserves
Gingerbread
Cocoa

Corn Mash—Drain liquor from one can of corn, then put the corn through your food chopper. Put into a saucepan, over a hot fire, three green peppers with water to cover; boil the peppers (seeds and stems removed) till soft, then drain them from the water and put them through the food chopper, also. Put one small, peeled onion through the chopper, then cook the chopped onion in a little butter till soft. Now put all three vegetables—the corn, the green peppers and the onion—into a medium-sized saucepan together; season them with one teaspoon of salt, a pinch of cayenne, add one-half cup of cream, and heat thoroughly, then add one well beaten egg and let cook almost to the boiling point. Serve at once on slices of buttered toast. This is delicious on a cold night.

Corn Fritters
Cocoa Quick Biscuits
Preserves
Iced Cup Cakes

Corn Fritters—Sift together one cup of bread flour, one and one-half teaspoons of salt, one-fourth teaspoon of paprika and one heaping teaspoon of baking powder. Stir this mixture into one can of corn (which has been turned out into a mixing bowl). Mix to a stiff batter. A little more flour may have to be added if the canned corn is too liquid. Stir in two well beaten eggs and fry, by tablespoonfuls, in a frying pan till a light brown. Bacon fat is especially good to use in frying them.

Creamed Corn au Gratin
Muffins
Cocoa Preserves
Spice Cakes

Creamed Corn au Gratin—Rub one cup of bread flour into one-fourth cup of butter which you have melted, then add one and one-half cups of sweet milk, gradually, and stir till smooth. Let boil up once or twice and season with one teaspoon of salt and a dash of black pepper. Now add to this sauce one pint of canned corn. Let boil up for a few minutes, then turn all into a medium-sized baking dish. Cover with three-fourths cup of fine cracker crumbs mixed with one-third cup of melted butter. Bake fifteen minutes in a hot oven, and serve very hot.

Notice—The following readers have written me personal letters, but failed to put their full addresses on their returned, self-addressed and stamped envelope (they merely wrote "City" on these return envelopes—and of course I receive readers' letters from many cities): C. B., Mrs. L. S., M. K., Mrs. C. Q., P. E., Mrs. B. H., Mrs. B. T., Mrs. M. W., Mrs. J. C. and M. S. Drop me a postal, giving full address and mentioning what the subject was about which you wrote, and I will forward my answers to your letters.

Tomorrow—The Care of China.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and province.—The Editor.

A distinguished looking evening gown achieves in one long graceful curve of a drapery that sweeps from waistline to hem, such an effect of easy, supple dignity as few other devices can give. This effect is further accentuated by the trailing panel at one side, and the jet trimmings,

with one long band suspended loosely from the shoulder in the back, as shown in the sketch.

A beautifully balanced gown this, and in black velvet is just the medium to express the dignified charm of middle age.

BED sheets and counterpanes—bath towels and bath mats that you dread to clean on wash day.

Just let them soak themselves perfectly clean with Rinso—the new scientific form of Soap in granules.

Do not put the Rinso direct from the package into the tub. Make the Rinso liquid first.

Mix half a package of Rinso in a little cool water until it is like cream. Then add two quarts of boiling water and when the froth subsides put it in a tub of cool or lukewarm water and you will have enough for a batch of clothes.

If the clothes are extra soiled, use more Rinso.

Opportunities Lost Through Ignorance of French Language

MONTREAL, Nov. 29.—How the great portion of the French Canadian market is being missed by industries controlled by English-speaking Canadians, through their ignorance of the French language and French Canadian customs, was a point made by Arthur A. St. Marie of La Presse, in an address delivered at the Montreal Publicity association luncheon here today.

M. St. Marie maintained that in this province, along the St. Lawrence river route, was concentrated the cream of business possibilities of the whole of Canada; that it was not necessary for the Canadian business house to go to the United States, the West Indies or other foreign places for business; but that all that was required was a common sense appeal to the French Canadians.

WASHINGTON, Nov. 29.—It was reported today that the senate Republican leaders plan to pass the bill of Senator Norris of Nebraska for a $100,000,000 government corporation for the purchase and sale of farm products. The farmers of the United States are reported discontented because of low prices for farm products.

Nelson President Addresses Women's Institute, Robson

ROBSON, Nov. 28.—A special meeting of the Women's Institute was held on Saturday afternoon in the packing house. Mrs. H. H. Pitts, president of the Nelson institute, and Mrs. Dunk, also of Nelson, were present. Mrs. Pitts gave a very interesting address, in which she told of the origin of the Women's institutes of Canada and gave a brief outline of the work done by the Nelson institute.

Mrs. Dunk gave a demonstration of the cutting and fitting of an apron and house dress, and exhibited some very beautiful pieces of embroidery, crochet and knitting.

At the close of the meeting a delightful tea was served, Mesdames Oborne, Ballard, Harvey, Clyde and Peacock acting as hostesses.

GASSED OVERSEAS SHELL SHOCKED AND RHEUMATISM

Mr. F. M. Blaquiere, Morinville, Alta., writes:—"After three years service overseas I returned to Canada almost a complete wreck. I had been gassed, and was suffering from shell shock and rheumatism, and was so nervous I could not sleep at night. I tried many medicines and doctors, but none of them did me any good for any length of time. I got so bad, in the Fall of 1919, my hands were so shaky I could scarcely hold anything, and it seemed as if I had a steel band pressing on my head. The least excitement would almost drive me into fits, and my whole system seemed to be in disorder. I had cramps in my legs nearly every night, and hot and cold chills running up and down my back nearly all the time. One day I decided to try Milburn's Heart and Nerve Pills, and after I had taken six boxes I began to feel better. I kept on using them and after a while I was completely relieved."

Only Candy Quells Juvenile Welcome to the Newly-Weds

NEW DENVER, Nov. 28.—Mr. and Mrs. "Billy" Gunn (formerly Miss Pearl Strickland), who were married in Seattle two weeks ago, arrived on the down boat on Wednesday afternoon. As the news had been spread broadcast in advance the whole juvenile population of the town turned out with welcoming pots and pans, ancient teakettles, coal oil cans and rusty pails, and long before the boat docked treated the more sedate grownups on the wharf to a Chinese pandemonium, which continued until the bride and groom neared the first candy store, when the expected spondulix were forthcoming and the pandemonium stilled. Mr. and Mrs. Gunn will reside in Mr. Strickland's house across the bridge, which was recently vacated by Mr. and Mrs. George and family.

Pythian Sisters Tea and Sale of Work Successful

NEW DENVER, Nov. 28.—The Pythian Sisters held their tea and sale of work in the K. of P. hall Friday afternoon, the useful articles offered for sale being snapped up very quickly by the early buyers. Small tables dotted the spacious hall and those wishing it were served efficiently with tea, sandwiches and cake. Those in charge of the sale of work were Mrs. Jewett, Mrs. Clever and Mrs. Pendry, while Mrs. Cory, the Misses Clever and others assisted at the tea tables.

NEW DENVER, Nov. 28.—A delightful tea was given at the home of Mrs. Hebron Saturday afternoon, the guest of honor being Mrs. Levy, who leaves shortly for a visit of some months to the old country. Mrs. Hebron was assisted by Mrs. Hawkins and Mrs. Gomm. During the afternoon an interesting program was given and Mrs. Levy surprised by a handkerchief shower. Refreshments were then served and the guest of honor given many a wish for bon voyage and a safe return.

Hopes for Large December Meeting to Arrange Tree

ROSWELL, Nov. 27.—The president of the Women's institute, Mrs. A. Kennedy, is hoping for a large attendance of members at the December monthly meeting, when arrangements are to be made regarding the children's community Christmas tree.

NEW DENVER NOTES

NEW DENVER, Nov. 28.—Mr. and Mrs. Graham Trickett and little daughter have removed back to their cottage at Denver as Mr. Trickett, who has been employed all summer and fall at the planing mill at Slocan City, is accepting a position at Sandon. Their friends welcomed them back to town.

The tennis club has announced a dance for New Year's night.

Rev. Mr. Ramsay of South Slocan arrived in town Wednesday last with his two little sons and will take charge of the Anglican parish for the coming six months. He conducted service Sunday morning. He and his sons, who are comfortably settled in the vicarage, are a welcome addition to the town.

Mrs. Charles McLanders of Sandon, with her little daughter, spent Friday in town.

Obituary

SWAN.

NEW DENVER, Nov. 28.—The death occurred at the Sandon hospital on November 22 of John Swan, 75 years of age, who was an old-timer of the district. The body was brought to Denver Monday morning and taken to the Presbyterian church, where service was conducted by Mr. Stevinson. The cortege then proceeded to the cemetery for interment. A number of friends from Sandon attended.

CRANBROOK NOTES

CRANBROOK, Nov. 28.—Messrs. T. Stewart and F. Burgess arrived home on Sunday from Vancouver, Mr. Stewart bringing with him a 1923 sport model car, said to be the first car of this model in British Columbia. A. C. Bowness met them in Yahk and came home with them in the car.

Rev. W. T. Tapscott held services in the church at Fort Steele on Sunday afternoon, a number of his congregation accompanying him. A quartet, composed of Messrs. Palmer, Hinton, Clark and Williams provided special music for the occasion.

Rev. B. C. Freeman, pastor of the Methodist church, spent Sunday in Kimberley, taking charge of both morning and evening services in the new Methodist church, which was opened Sunday. Several carloads of people went out from Cranbrook to be present at the opening. Rev. Evan Baker is the pastor of the new church. Services were held in the Methodist church as usual in town, Mr. Clark taking the morning service and Rev. L. A. Hellekley, a traveling Lutheran pastor, occupied the pulpit in the evening.

The Recreation club held a very interesting lantern lecture on the life of Joan D'Arc on Saturday evening in their club rooms, Miss S. White reading the lecture, which was compiled by the extension department of the University of Alberta at Edmonton. Although there was a rather small attendance, other lectures may follow.

PHONE COMPANY HOLDS MEETING

Propose Dominion Government Should Take Over Lines and Instruments

NAKUSP, Nov. 27.—A special general meeting of the shareholders of the Edgewood Rural Telephone company was held at the Arrow Lakes hotel, Edgewood, on Monday evening last, when there was a good attendance, 36 shares out of a possible 43 being represented. The meeting was called to consider the advisability of disposing of the system to the Dominion government telegraph service, it being felt by a large number of shareholders that a much improved service could be obtained by consolidating the two systems should the government approve of the purchase.

Agent Explains.

The shareholders had invited L. J. Edwards, the district agent of the government system its rates, etc. Mr. Edwards, when called upon, stated he wished it distinctly understood that he was there at the invitation of the company, and that it was not to be considered that the government service was in any way desirous to take over the local system; that any suggestion in that respect had to come directly from the company, and that he would report the result of the meeting to the superintendent, and the matter would rest with the department. He explained that if the government saw fit to take over the line, in conjunction with its established long distance between Nakusp and Nelson, and its projected line from Edgewood to Okanagan, of which over 50 miles had already been constructed, the government rates to present users of the local line would be $1.50 per month, provided they were on party lines; that the present switching charge of 10 cents at Edgewood office would be eliminated, that the government would purchase the individual phones of the shareholders, and that it would also furnish the batteries thus giving equal strength to all instruments.

Rate Would Be Same.

This rate when worked out would be similar to that now paid by the present users, and the shareholders would be relieved of the present cost of maintenance. The meeting then passed a resolution by a vote of 24 to 10 asking the government to take over the local system by paying therefor at par value of shares, and purchasing the instruments from the individual holders at fair valuation.

The company has about 11 miles of metallic lines, serving 23 settlers through the Fire valley. The government has already its line on the company's poles a distance of six and a half miles and extending on its own poles a distance of 15 miles toward Vernon, alongside the new road.

NAKUSP NOTES

NAKUSP, Nov. 27.—P. G. Shallcross of Vancouver, adjuster for various fire insurance companies, left for the coast on Tuesday.

J. S. Rankin arrived in town on Tuesday on an official visit, leaving for Grand Forks on Wednesday's boat.

W. H. Snell, general passenger agent of the British Columbia division of the C. P. R., accompanied by J. S. Carter, district passenger agent of the same company, for the Kootenay district, paid an official visit to Nakusp on Wednesday and formally called on their agents, C. A. Jestley of the station, and L. J. Edwards, their steamship agent here. This was Mr. Snell's first official visit since his recent appointment to the Pacific division, in succession to H. W. Brodie. They left the same day for Nelson via Kaslo. New supplies have been furnished Mr. Edwards since the recent destructive fire. The tickets, however, had been saved.

Mrs. Williams of Grahame Landing visited Nakusp on business on Tuesday, returning home on Wednesday.

Mr. and Mrs. Ernest Gillot have just arrived in town to settle down from Piney, Man., where they have been farming. They have purchased the dairy property of Saran Singh on Broadway, but will not conduct the dairy business. Mr. Gillot is from Paris and Mrs. Gillot until her marirage lived at Bethune, France. Saran Singh has repurchased the dairy herd and will continue in the business.

The stock of Jordan Brothers is rapidly being conveyed to their new premises on the corner of Broadway and Slocan avenue.

Rev. M. E. West, vicar of St. Mark's church, is at Arrowhead this week and on Saturday left for Salmon Arm, accompanied by Mrs. West. They will be absent a week at their old home.

The scarcity of cars to haul lumber from the local mills is playing havoc with the industries, but a little hope has been infused in the shippers the last few days that cars will soon be forthcoming.

Mrs. Stitt of Spencerville, Ont., mother of Mrs. E. H. S. McLean, will arrive on Monday next to spend the winter with her daughter.

The fortnightly meeting of the Kill-Kare-Klub was held in the K. of P. hall on Thursday evening, when two new members were duly initiated into the membership. They were J. Stephens of the Canadian Bank of Commerce staff and B. Hoogerwerf. A merry time was had and refreshments were served.

Mr. and Mrs. G. P. Horsley of the electric light works returned on Thursday from a visit to Grand Forks. Mr. Horsley has been inspecting some of the plant of that city, with a view of purchasing and moving to Nakusp, thus enlarging his present outfit. Mr. Horsley intends introducing a few street lights along Broadway soon, in addition to the present porch lights.

W. F. H. Waterfield of Crescent Bay left for Vancouver and other coast cities on Saturday and will be absent a few weeks.

J. Howell spent a few days in town this week replenishing the local drug store with stock after the recent fire losses.

Born, to Mr. and Mrs. Robert Mills, at their residence, corner of Broadway and Nelson avenue, on Thursday night, a son.

Born, to Mr. and Mrs. Jan Coops of Glenbank, at the Nakusp General hospital on November 17, a daughter, stillborn.

O. Anderson has arrived from the prairies with a carload of settlers' effects, including live stock. He will settle in Nakusp.

Mrs. G. Thurgood and Miss Mae Garton returned from Edgewood on Tuesday after a couple of months' visit there.

NAKUSP, Nov. 28.—There is a marked dearth of houses in town, notwithstanding the number that have been erected during the past two years. Three families are living in hotels waiting for vacant property.

Saran Singh has rebought the dairy business which he has been conducting for some years, and which he sold last week to Mrs. Gillot. Mrs. Gillot will, however, hold the real estate.

Mrs. E. H. S. McLean and Mrs. Ralph Islip left for Revelstoke on Saturday's steamer to meet Mrs. McLean's mother, Mrs. Stitt, who was to arrive at Revelstoke on Sunday from Spencerville, Ont.

Arthur Burton of Burton motored to Nakusp on Saturday and returned with Messrs. Carlson and Hanson, who were to inspect some horses which Mr. Burton has just imported from the prairies.

G. E. Lodge left on Saturday for Edmonton to attend to the interment of his friend, Miss Doris Rothwell, who died suddenly there last week.

C. P. R. Lineman W. Clough's headquarters are about to be moved from Slocan City to Nakusp, if he can procure a dwelling to live in.

Mrs. and Miss Durkin of East Demars were visitors to Nakusp on Saturday.

William Murray of Lethbridge has bought a 10-acre tract at East Demars and will occupy it next spring. He has given a contract to Peter Durkin to clear two acres in readiness.

Social Happenings In Nelson

This column is conducted by Mrs. M. J. Vigneux. All news of a social nature, including receptions, private entertainments, personal items, marriages, etc., will appear in this column. Telephone Mrs. Vigneux.

On Tuesday night Thomas Wilkinson entertained at a venison dinner the members of the Camp Fergie hunting party. Those present were Messrs. George Ferguson, A. T. Walley, W. Wassen, William Brody, Carlton Currier, Joseph Armstrong and Dr. Gansner. The toastmaster of the occasion was Mr. Walley, who performed the function very wittily and with great success. William Wassen, in a pleasing address, presented Mr. Ferguson, the captain of the party, with a pipe and tobacco pouch, the gift of those present, as a mark of appreciation of for the splendid manner in which he contributed to the success of the shooting trip up Kettle valley. George is a good sport and made a very witty and pleasing reply, during which Mr. Brody pinned a bow of purple ribbon on his coat out of respect for George's favorite song, "On Her Hair She Wore a Purple Ribbon." After toasting "Our Host" and exchanges of good wishes the party broke up to catch the 11 p. m. ferry and concluded the end of a perfect day.

DEER BECOMING MORE PLENTIFUL

SALMO, Nov. 27.—C. Lindo, W. Miller, F. Payant and V. McArthur returned from a successful trip in the valley of the South Fork. They returned with two deer, both being bagged on the same day. More deer are being brought out of this district this year than for several season. A large number of does are in evidence this year and with another year's protection this district will once again become a good game country.

Old-Timer Suffers Broken Leg While Cutting Up Wood

SALMO, Nov. 27.—Bob Thompson, an old-timer in the Salmon valley, suffered a very painful injury to his leg Sunday morning while cutting wood up at the Emerald mine. A tree fell on one of his legs, fracturing the bone below the knee. He was conveyed to the Trail hospital by C. Donaldson, after Smith Curwen had administered first aid to the injured man.

CASTLEGAR NOTES

CASTLEGAR, Nov. 28.—Miss Orpha McGauley of Trail spent the week-end at home, the guest of her parents.

Miss Barbara MacBeth of Crescent Valley is spending the week-end as the guest of Misses Pearl Pratt and Maizie Kiel.

Mr. and Mrs. W. J. Farmer have returned from a two weeks' vacation spent at Spokane, Victoria and the coast cities.

Wilburt Casler of Trail motored to Castlegar for dinner on Sunday evening, returning the same night.

AUTOS COLLIDE BUT NO ONE IS INJURED

CRANBROOK, Nov. 28.—An automobile accident occurred on Sunday afternoon on the Wycliffe road, when Mr. Attridge's big car skidded on the frozen ground and could not get out of the way of another car coming from Wycliffe. Fortunately, no one was seriously hurt although Murray McFarlane was cut with glass from the broken windshield.

Land Owners Call Tenders for Ditching

NAKUSP, Nov. 27.—Rapid progress is being made with the digging of ditches in the Glenbank district for the new water system. This part of the work is completed from the dam to Thew's corner and tenders are being called for another section of a mile from Thew's corner to the reservoir along the C. P. R. track in front of Miss Philpot's farm. From that point to the town limit on Nelson avenue only about half a mile remains, and the ditching may be brought to that street if the prevailing fine weather continues.

However, the reservoir will doubtless be constructed and this will be a great help toward the completion of the system throughout the town in the early spring.

Tenders are also being called for the hauling of pipes, their laying and the covering of ditches as far as dug, this winter. Many land owners have been very helpful to the commissioners, showing a public spirit regardless of the almighty dollar, by giving access and granting easements through their lands, free of all charge. Among these are Mrs. A. Moffatt, J. White, Mrs. Decker and L. J. Edwards, through whose lands the pipeline will partially run, thus avoiding unfavorable locations along the public highways.

VETS ENTERTAIN AT WHIST DRIVE

EDGEWOOD, Nov. 27.—The local branch of the G. W. V. A. at Edgewood had a very successful whist drive on Saturday evening. The headquarters, which were used for the occasion, were well lighted and comfortable and a pleasant evening, terminating at midnight, was spent. The ladies, assisted by F. D. Ellis and W. Boothby, dispensed refreshments.

Prizes were offered, the winners being F. Stevenson, a silver eversharp pencil, and Mrs. Jordan, a silver flower vase, first prizes, and A. Genelle and Mrs. Williams, with zambuk and yeast cakes for their booby prizes.

ROBSON NOTES

ROBSON, Nov. 28.—Mr. and Mrs. O. B. Ballard were Nelson visitors on Tuesday last.

School Inspector de Long made his official visit to Robson on Tuesday. He congratulated the pupils on their splendid showing last June and hoped that they would do equally well next year.

Mayor and Mrs. C. F. McHardy of Nelson motored to Robson Tuesday, returning to Nelson by way of Pass Creek and Crescent Valley. They report the road to be in very bad condition.

J. M. Horn has returned to Robson after several months spent in visiting his daughter in the east.

LOCAL ODD FELLOWS CHOOSE OFFICERS

CRANBROOK, Nov. 28.—The local Odd Fellows' lodge on Monday held its election of officers for the first half of next year. The new officers are: Noble grand, E. G. Dingley; vice grand, R. Burtch; recording secretary, W. C. Adlard; financial secretary, W. D. Gilroy; treasurer, F. G. Morris. The installation will take place in January.

"Would Wake Up Screaming"

"The Least Sudden Noise or Loud Talking Would Startle Him."

"Up to the age of eight, my boy was a strong, healthy lad, full of life and energy. While playing leap frog one day with some boys of his own age, and, while in a stooped position, a big boy jumped on his back and in falling my boy caught his foot in an iron grating and dislocated his hip. The pain was so great that he fainted and the other boys were so frightened they ran away. For hours he suffered terrible pain and when found and brought home was very weak, with his thigh and leg swollen twice its size. The doctor set the bone but the pain and exposure were too much for the poor boy and he became unconscious. A high fever set in and for weeks he lay between life and death raving for hours at a stretch. One day he opened his eyes and murmurred 'Mother,' but this is the only word he could utter he was so weak, but I knew the worst was over. He got stronger but for months was in a nervous condition. The least sudden noise or loud talking would startle him and he would begin trembling. He was quite lame and the swelling still remained. The doctor gave him a tonic and told me to rub the leg with olive oil. This reduced the swelling and took away the lameness, but the nervousness remained. The poor child would waken in the night screaming at the top of his voice. The doctor gave him several different tonics but they were no use. I found a circular about Carnol and it seemed so different from other tonics I had heard of, that I thought I would get a bottle. Three bottles were all that was needed to make my boy like his own self again. It is hard to convince my friends that the change in him now is entirely due to Carnol. Of course I still have to watch him and give him Carnol occasionally but I know that he will soon be as strong again as ever he was."

Mrs. P., Montreal.

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 2-622

Markets and Finance

Speculators Find It Best to Smooth Bulls on Market

NEW YORK, Nov. 29.—Speculative interests continued to find operations on the long side profitable in today's stock market, with the result that further substantial improvement was noted throughout the list, the gains in active shares running from 1 to 3 points.

Buying of motor accessories was influenced by an increase of from $4.00 to $5.00 in the annual dividend rate for Stromberg Carburetor.

Oil shares again stood out in the industrial list, California Petroleum closing 3⅝ points over yesterday's close; General Asphalt common improved 4 points and the preferred 3⅞, and Standard Oil of New Jersey 3½.

Baldwin, American Locomotive, Sears-Roebuck and U. S. Steel all closed 1⅜ to 2½ higher.

Call money opened at 4½, but advanced to 5 shortly after noon, closing at that figure.

Increased buying of export grain was held responsible for the response in foreign exchange. Demand sterling was quoted around $4.51⅝ and French francs 6.89c. German marks were quoted around 1¼c a hundred.

Sales were 896,000 shares.

MARKET SUSPENDS FOR THANKSGIVING

NEW YORK, Nov. 29.—Tomorrow, Thursday, being Thanksgiving day and a public holiday in the United States, practically all markets will be closed.

Wheat Market Closes Higher

CHICAGO, Nov. 29.—Unfavorable crop reports from Argentina led to a new advance in the price of wheat today. Despite considerable selling to even accounts before the holiday tomorrow, the market closed from ⅝c to 1⅜c net higher, with May $1.17⅛ to $1.17⅝ and July $1.08½.

Corn gained ½c to ⅞c; oats were unchanged to ½c up, and provisions varied from 30c off to a rise of 5c.

Montreal List

MONTREAL, Nov. 29.—Trading in listed stocks today was marked by a considerable falling off in activity and by a broader list. Montreal Power was again leader and after advancing to a new high at 101½, closed at par.

National Breweries was again in evidence, closing at the new low for the year at 47¾, down 1⅝ points. Brazilian was third in activity, off ⅛ at 43⅞.

In the papers Abitibi was up ½ to 63½ and Brompton advanced ½ to 33.

Toronto Board

TORONTO, Nov. 29.—Trading was dull on the stock exchange today and while the general tone of the market was firm a number of stocks yielded ground. Telephone rights were active and firmer. Brazilian and Barcelona both reacted ⅛. MacKay common was off ½; Winnipeg Railway sold at 34; Abitibi closed at 63¼; cement issues were firm. Canadian General Electric common closed at 79¾. Canadian Pacific firmed ½ to 141½.

Minneapolis Grain

MINNEAPOLIS, Nov. 29.—Flour unchanged at $6.65 to $6.70.

Bran—$22.50 to $23.00.

Wheat—No. 1 northern, $1.14⅝ to $1.25.

LOSS CHANGES TO PROFITS.

TORONTO, Nov. 29.—The report of the William Davies company, Inc., and subsidiary companies for the fiscal year ending September 30, reveals profits of $358,720, compared with a loss for the previous year of $829,427. Net profits of $5,651,000, compared with a net loss for the previous year of $1,235,673, are reported.

Blue Sky Laws Give Committee Some Problem

TORONTO, Nov. 29.—The committee of the Ontario legislature appointed to consider the proposed "blue sky" legislation, met today. The bill applies to all companies selling stock, whether operating under a provincial, Dominion or foreign charter.

If a stock selling concern does not meet with the approval of the commissioner of securties, an official to be appointed in connection with the proposed legislation, he can take steps to prevent any newspaper publishing advertisements from the company in question. He also will have power to stop sales of issues which he considers contrary to law.

If claims set forth in a prospectus are found to be incorrect the purchasers of the stock must be compensated.

Severe penalties are provided for violations of the proposed law.

Women of Thirties Most Beautiful, Say Critics

Full Bloom of Loveliness May Be Preserved Far Beyond Middle Life by Care of Health—Tanlac Has Helped Thousands Regain Lost Vitality

Many famous men have said that no woman is really beautiful until after she is thirty. Her beauty has been flushed and refined by the fires of experience into a fulsomeness with which even the freshness of youth cannot compare.

But thirty is a dangerous and deceptive age. A woman may grow even more beautiful and attractive than ever, or may enter into a rapid decline that robs her of the glowing skin, the clear eyes, the charming smile and the gracefully curving figure that are so essential to the comely and attractive.

Nature has provided the danger signals and they should be heeded with scrupulous care if one is to preserve indefinitely the full bloom of loveliness.

DANGER SIGNS.

Digestive troubles are the chief danger and Tanlac, the celebrated system purifier and body builder, is the chief remedy. If you feel tired out all the time, or your skin is sallow and your lips pale, if your cheeks are thin and colorless, and you suffer from headaches and backache, do not sleep well and wake up with a bad taste in your mouth; if you are nervous and out of sorts, have dizzy spells and black spots before your eyes; if you suffer from acid stomach, indigestion and are afraid to eat certain things, it is a sure sign that your digestive organs are not performing their full duty and the system is becoming clogged with impurities.

Tanlac was designed to overcome just such a condition and thousands of women throughout the United States and Canada have taken this wonderful medicine with such remarkable results that they have expressed gratitude in the public press.

Mrs. Robert O. Reynolds, 127 N. Denver St., Kansas City, Mo., says: "For ten long years I suffered from a very bad form of rheumatism, stomach trouble and nervousness. Three bottles of Tanlac built me up twenty-five-pounds and I haven't a trace of my old troubles left. I believe Tanlac will help anybody."

Mrs. W. W. Benson, 3828 Warsaw St., Seattle, Wash., says: "Tanlac built me up fifteen pounds in weight, rid me of dyspepsia that had kept me miserable for years and brought the color of health back to my face. I feel splendid all the time and words cannot express my gratitude to this grand medicine."

OTHERS TALK.

Mrs. Gertrude Gartee, highly esteemed resident of Toledo, Ohio, pays a remarkable tribute to Tanlac:

"To see me now no one would think I have ben through all the suffering I have during the last twelve years. I was a mere shadow as the result of stomach trouble and rheumatism, but Tanlac built me up 24 pounds and made me as healthy and well as any one could wish to be. I look like a different person."

Mrs. Ida Hamburgh, 316 S. Main St., Brattleboro, Vt., is still another well-known woman who has experienced wonderful benefits from the Master Medicine, she says:

"Before taking Tanlac I was in wretched health and weighed only 117 pounds. Now I weigh 144 pounds, my health is splendid and have never felt better. My friends all remark on how well I am looking."

Do not become old before your time. Restore and preserve the full bloom of beauty by building up your health, which is the only source of lasting attractiveness. Get a bottle of Tanlac today from any good druggist.

NOTE: You cannot hope to get the most satisfactory results from Tanlac without first establishing a free and regular movement of the bowels. Tanlac Vegetable Pills are absolutely free from calomel and are sold on a positive guarantee to give satisfaction.

Postal Entente Is Potent Factor in Friendly Relations

OTTAWA, Nov. 29.—An outstanding international event and a potent factor in increasing the friendly relations that have for so long existed between Canada and the United States, the first international postal conference ever held between the United States and Canada will be convened here on Monday, December 4.

Hon. Hubert Work, postmaster-general, will head a strong delegation from the United Staes, while Hon. Charles Murphy, postmaster-general for Canada, and his various officials, will represent Canada. It is expected that the sessions will occupy the greater part of the week and the business meetings will be interspersed with many social events.

Greater Cooperation

Many subjects which, if adopted, will mean greater cooperation between the United States and Canadian postal departments, will be brought up for discussion.

The following are included among the subjects to be considered:

Cooperation between railway post offices of Canada and the United States; special delivery service; reciprocal exchange of postal equipment; distribution of post cards mailed in Canada for the United States prepaid with United States postage stamps; compulsory payment of the full rate on letters and post cards passing between Canada and the United States; extending United States railway mail clerks' runs to poins in Canada; facilitating cooperation between post office inspectors of the two countries in cases of theft, depredations, etc.; certified invoices and marking goods with names of country of origin; closer cooperation in the handling of fraud work, and increase in maximum indemnity for loss of registered articles.

SEATTLE HAS HARD BATTLE WITH COUGARS

All Square After Third Period; Overtime Settles the Match

SEATTLE, Nov. 29.—In the hardest fought game played on local ice this season Seattle defeated Victoria in their Pacific Coast Hockey association fixture tonight, 5 to 4. It took more than 16 minutes' extra time for the locals to score the winning goal, after three strenuous sessions. Victoria led after the first period until the third session was well advanced, when Rowe evened the count for the Metropolitans, making it 4 all. Sixteen minutes and 47 seconds elapsed in the overtime period before Morris scored the winning goal. Foyston scored Victoria's third goal when he kicked the puck into his own team's goal net.

Summary.

First period—1, Seattle, Foyston, :15; 2, Victoria, Frederickson, 7:45.

Second period—3, Victoria, Halderson, 3:45; 4, Seattle, Riley, 4:17; 5, Victoria, Foyston, 8:45 (kicked into Seattle goal); 6, Victoria, Dunderdale, :52; 7, Seattle, Foyston, 2:03.

Third period—8, Seattle, Rowe, 14:47, playing overtime.

Overtime period—9, Seattle, Morris, 16:47.

Cubs' Picture to Be Placed on Records of Amateur Hockey Body

The Cubs, intermediate hockey champions of British Columbia and holders of the Coy cup, which is emblematic of the championship, and who are again out for the honors this year, will be fully organized for the year when the general meeting for hockey is called in the city hall next week.

This year the team is a little late in organizing, owing to a number of the members being out of town. As the senior squad is now a member of the B. C. A. H. A., the sport followers are out this winter to see two championships residing in the city.

A communication has been received in the city by the Cubs from L. C. Macken, secretary of the B. C. A. H. A., asking for a club photograph. This will be placed among the records at the coast city. Two vacancies on the executive of the B. C. A. H. A. have been left open to be filled by two hockey followers from the interior. Trail will pick one member and Nelson a second. No doubt a recommendation for the appointment of the Nelson man will be made at the Cubs' annual meeting tonight. The interior by all indications is in for a boom in hockey under amateur ruling this winter.

ENCOURAGE CORNELL TO FIGHT PENNSYLVANIA

PHILADELPHIA, Nov. 29.—Words of encouragement greeted unbeaten Cornell football squad as it gathered today at Franklin field to get a line on the changes in the air currents in the big stadium in preparation for tomorrow's annual Thanksgiving day battle with Pennsylvania.

Meanwhile, Pennsylvania, eager to revenge its crushing defeat of last year, was putting on the finishing touches at the Seavey County club near Atlantic City.

BOWLERS ALL AWAY AGAIN

Largest Tournament Ever Held in City to Commence Tonight

One of the largest bowling tournaments ever held on Nelson alleys opens tonight in which 10 teams, comprising the best bowlers in the interior, will compete for handsome prizes. There are several dark horses among the bowlers entered, and it is rumored that some surprises are in store for the local fans. With the opening of a new alley shortly, bowling will become one of the most popular winter sports in the city.

The teams meet each other once only and prizes will be awarded the winning team, also the bowler with highest aggregate. The bowler who makes the largest score in any single game will also be awarded a prize. Any bowler absenting himself from his team for three successive games looses his place on the team.

The Teams

E. J. Buchanan, captain; Grove, H. Thurman.

E. C. Hunt, captain; Kelderman Sr., J. Blundell.

H. Hinitt, captain; John Sindell, Dr. J. Gansner.

A. Higginbotham, captain; F. A. MacDonald, W. Kemmerling.

STILL HOPES TO GET CONACHER

MONTREAL, Nov. 29.—Leo Dandurand has not yet given up hope of landing Lionel Conacher, the Toronto Argonaut star. The Canadiens' manager had a long consultation with Conacher in Toronto yesterday, but no decision was definitely reached, so Mr. Dandurand stated on his return here today, and he still has hope of landing the big defence star.

"I did not offer Conacher $5000, however, as stated in Toronto dispatches," Dandurand said. "You might have thought I was going to steal the exposition building, the way people acted in Toronto when they heard I was after Conacher. He's a great hero there and I got black looks and cutting remarks everywhere when the news got abroad.

QUEENS INDULGE IN SECRET PRACTICE

KINGSTON, Ont., Nov. 29.—The present indications are that, despite the lateness of the season, there will be a very large crowd at the Queens-Eskimo game her on Saturday. The extra seating put up for the Queens-Varsity game has not been distributed and an attendance of over 7000 can be seated.

One of the biggest contingents from any outside city will come from Ottawa.

Absolute secrecy prevails at the Harty area, where Queens are quartered, but it is expected that the team is rapidly developing into shape and will be in top form Saturday. They had a practice today and will have another tomorrow with a light workout on Friday.

NEW YORK, Nov. 29.—Gene Tunney, former lightweight champion, knocked out Charles Weinert of Newark, N. J., in the fourth round of a scheduled 15-round bout here tonight.

Arctic Explorer Discovers Lakes of Oil in North

SEATTLE, Nov. 29.—Discovery of two huge lakes of oil near Point Barrow, the most northerly point on the American continent, and the mapping out of an oil belt extending from the Mackenzie river in Canada to Siberia, are reported by Alexander Malcom Smith, arctic explorer and traveler. He returned from his season's work in the Arctic a few days ago by way of Japan.

Short Season Main Handicap

"Oil, of a better grade than that obtained in California, can be shipped from Point Barrow to Japan 25 cents a barrel cheaper than it can be shipped from San Francisco," Smith said. "The main handicap, of course, is the short season for navigation in the Arctic." Smith says he made his first discovery of oil in the Arctic five years ago. Since then, he says, he has been mapping and tracing the probable oil belt lying in the shadow of the pole.

Smith, when a boy of 18, came to Canada from Scotland and took up work in the northern woods as an assistant factor for the Hudson's Bay company. He has been mushing around in the far north for the last 37 years.

Blazed Trail to Dawson

He blazed the trail from Edmonton to Dawson for the Royal Mounted police when the Klondike was discovered. He has contributed to the nomenclature of the north, Smith bay, Smith river and Smith cove, all on the arctic coast, east of Point Barrow, being named for him.

Proud to Belong to Great Group of Free Nations

TORONTO, Nov. 29.—Sir Robert Bayard of the Belfast Telegraph and allied newspapers, and Sir Menus O'Keefe of Belfast addressed the Empire club here today on the conditions in Ireland.

Sir Menus O'Keefe declared:

"We worship God as we like and there is none to interfere with us. We are proud to belong to a great group of free nations and we pride ourselves on our freedom."

He said the trouble in southern Ireland was at first a religious war, but it had developed into Bolshevism and anarchy.

Sir Robert Bayard said peace was wanted all over Ireland and prosperity would rapidly return.

Embargo Bill Due Present Session

LONDON, Nov. 29.—The duke of Devonshire, secretary of state for the colonies, announced today that the government will introduce a bill for the lifting of the Canadian cattle embargo at the present session of the house of commons, and will do its utmost to pass it. It is hoped that the question, which has long been before the public, will be finally, definitely and honorably settled before parliament is prorogued.

The terms of the proposed legislation to give effect to the resolutions passed some months ago by the house of commons and the house of lords, calling for the removal of the embargo, were agreed upon at a conference here recently, in which Hon. W. S. Fielding, Canadian minister of finance; Hon. Ernest Lapointe, Canadian minister of marine and fisheries; Dr. J. H. Grisdale, deputy minister of agriculture, and Duncan Marshall, commissioner of agriculture, represented Canada's interests.

The duke of Devonshire's statement was made before the house in reply to the marquis of Lincolnshire, who said there was considerable disappointment in Canada and England that the King's speech did not mention this important question, which was really a question of life or death to agriculturists in Canada.

Thought Difficulty Over.

Lord Long, supporting the marquis, said he had asked the Canadian high commissioner whether the Canadian delegates were thoroughly satisfied with the agreement, and had been assured that they had arrived at a satisfactory conclusion. In fact, the high commissioner thought the whole difficulty had been removed.

Lord Long pointed out the very grave feeling of anxiety aroused in the Dominion by the delays.

The bill would take no time to pass either house, whereas if it was postponed until the next session the country might be faced with a serious shortage difficulty. He was sure Canada would resent this postponement and regard it as a failure to meet her half way.

Canadian Stockmen After Laurels at Chicago Exhibition

CHICAGO, Nov. 29.—(By Canadian Press)—Canadian stockmen and grain growers will be prominently identified at the 23rd annual live stock exhibition which opens at the Chicago stock yards on Saturday for a week's run. An army of leaders from the Dominion, seeking to wrest the laurels from the United States experts, already has descended upon the city and scores of others are due here tomorrow and Friday.

Two Canadian universities will be represented at the students' judging contest which will open the show. Entries have been filed by McDonald college of Quebec and the Ontario agricultural college of Geulph.

Enters Thoroughbreds

Leading Canadian horsemen also will seek trophies, Albert Lawson of Darlingford, Man., and J. T. McCallum of Forrest, Man., have entered thoroughbreds in the six-horse team trials in which there will be a field of five contenders, while Irving N. Winslow of Winnipeg has named a big string of horses in other classes. The Canadian horses reached the city today.

Among the nominations to reach here today were those for Aberdeen Angus cattle consigned by G. C. Shannon of Oakwood, Ont.; James McGregor, Brandon; James Turner, Carroll, Man., and the University of Alberta.

NEW YORK, Nov. 29.—Sir Henry Thornton, president of the Canadian National railways arrived in New York last night, a passenger on the Olympic, en route to assume his duties in Canada. Sir Henry was met by Hon. G. P. Graham, acting minister of railways, and Major Graham A. Bell, deputy minister of railways.
