VOL. 21. NELSON, B. C., WEDNESDAY MORNING, JANUARY 17, 1923 No. 231

GERMANY WILL EXPEL FRENCH CIVILIANS

MUENSTER MAY BE SEIZED IF NO DELIVERIES

This City Is Far Outside the Ruhr Zone, but Is Important Railhead

ENTENTE ENGINEERS ARE UNSUCCESSFUL

This Morning Is Last Date for Resuming Deliveries Without New Penalties

ESSEN, Jan. 16.—How far the Franco-Belgian occupation will ultimately extend, and what other punitive steps are contemplated, are questions uppermost in the minds of the Ruhr population, because of the new ultimatum delivered to the mine directors at Dusseldorf today. General De Goutte's latest order, which was declared to be final, provides for the resumption of the reparation coal deliveries to France and Belgium not later than tomorrow morning, otherwise Germany will be subjected to further penalties.

Owners Say Are Not Heard

The German mine owners say they were not given a hearing at the Dusseldorf meeting, and reiterate their intention to abide by the federal commissioner's instructions to withhold the deliveries.

While it was revealed at the conference that the occupation of Dortmund was the price paid for the commissioner's action, French circles in Essen decline to disclose the nature of the additional penalties to be imposed. Reports are widely current that Muenster will be the next large place to fall. Yet, these are skeptically received, because that city is so far outside the socalled Ruhr area.

It is pointed out, however, that Muenster possesses great strategic importance, as it is one of the big control points of the railroad through to Weisel, which runs parallel to the railroad through Hamm, Dortmund, Bochum, Essen and Duisburg. Thus, its occupation would aid greatly in effecting control of the Ruhr traffic.

Control All Trains

Control stations have already been established on the lines about Essen, freight trains being required to stop while their papers are being inspected. It is feared here that one of the steps in the program of occupation will be to place such a tight ring of patrols about the occupied territories that the rest of Germany will be deprived of Ruhr coal. It is stated in German quarters that no more freigh cars are being permitted by the railroad administration of unoccupied Germany, to enter the Ruhr, and hundreds of cars were hurried off during the first stages of the occupation.

Entente engineers today went to six mines in the neighborhood of Essen, and endeavored to determine whether deliveries were being resumed, and to obtain other data. They were unsuccessful in their mission, however.

One of the Labor leaders gave it as his poinion that very probably the mines would continue at work, whether the occupying forces finally obtained deliveries for cash or resorted to confiscations.

Miners Need Work

The miners, he said, would have to keep employed in order to support their families. Thus, economic necessity would force them to overlook whether French or German capital was paying them. He, therefore, believed a strike was not likely, unless the entente tried to extend the working day of the miners.

Other German circles declare that the funds of the miners' unions are so low that a strike could not be supported for more than a fortnight.

The Bochum disorder of yesterday is the sole instance of serious disturbance since the French and Belgian troops came into the district.

Mexico Expels the Papal Delegate and Vatican Wonders

MEXICO CITY, Jan. 16.—The Italian minister has secured a vise for the passport of Mgr. Filippi. The embassy has instructed border authorities to extend every possible courtesy to the departing papal delegate.

Rome Is Mistified

ROME, Jan. 16.—The Vatican is not yet able to understand the real reason for the expulsion of Mgr. Filippi, the apostolic delegate, from Mexico, it was declared in Vatican circles today.

FORT WILLIAM PAPER USES HOME NEWSPRINT

FORT WILLIAM, Ont., Jan. 16.—The issue of the Daily Times Journal for today is printed on the first roll of newsprint manufactured here by the Fort William Paper company. A little souvenir insert gives the history of the company making the paper on which it is printed.

CONSERVATIVES WILL CONTEST ALL OF QUEBEC

Arthur Sauve, Opposition Leader, Will Announce Plans; He Is Opposed

QUEBEC, Jan. 16.—A contest in every electoral division in the province of Quebec is promised, as far as the Conservatives in the province are concerned, the Gazette states.

News from all sections of the province has been pouring in to Arthur Sauve, leader of the Quebec opposition, at his headquarters in Montreal, and is of a cheering kind, the paper says. It is expected that within a few days Mr. Sauve will be able to announce his plans as to meetings.

Winter Patrol of Arctic Wastes by Mounties Begins

DAWSON, Y. T., Jan. 16.—The winter patrol of the Royal Canadian Mounted police, between the Pacific and Arctic oceans, has commenced. Constable J. W. McCormick left here yesterday to join Captain Wood of the same force at Fort Yukon. The two will proceed up the Porcupine river to Rampart house, where McCormick will change guard with Corporal Pasley. Pasley and Wood will complete the arduous journey to the Arctic, over the coast divide to Herschel island.

Yukon Trail Claims Victim in Flooded Area on Lower River

DAWSON, Y. T., Jan. 16.—The Arctic trails have claimed another victim. Mail carriers bring word of the death of a man named Emerson on the lower Yukon river between Circle and Fort Yukon. Apparently he walked into an overflow of water, and suffered frozen feet before he could find his way out of the flooded area, where he died in his tracks.

Shatter Glass in Governor-General's House in Dublin

LONDON, Jan. 16.—The Dublin correspondent of the Evening News says it became known today that the private residence of Timothy Healy, governor-general of the Irish Free State, was attacked at midnight Saturday. Beyond the smashing of glass by bullets, no damage was done.

PARIS, Jan. 16.—An association is being promoted by the younger members of the universities to "combat the indifference of public opinion, which is responsible for the insufficient utilization of the League of Nations."

One object of the organization is to mould the attitude of those who may one day hold influential positions. Lord Robert Cecil has been asked to speak at a special demonstration.

PRODUCTION IN RUHR SLUMPS BY A QUARTER

French Ask Miners to Agree to Work if Mines Are Confiscated; Will Pay Wages

HAUL FRENCH FLAG DOWN AT BADEMS

French Fired On the Crowd at Bochum Because Songs Insulting to French

LONDON, Jan. 16.—Conversations in Essen today with representatives of the mine owners and workers made it very clear that the French will be faced with the gravest difficulty in obtaining coal, says a Reuter dispatch from Essen.

The dispatch adds that the correspondent was informed the workmen would act for themselves, and that the output already had decreased 26 per cent since the French occupation.

President Imbusch, of the Christian Miners' union, on the other hand, said he thought a strike was improbable. But he pointed out that the disturbance of normal conditions always depressed the miners' will to work. He believed the miners would refuse to work for the French while German industries were languishing owing to the coal shortage.

Summons Labor Leaders

DUSSELDORF, Jan. 16.—The labor leaders of Essen, Bochum and Gelsenkirchen were summoned to Dusseldorf by General De Goutte, to meet with the French economic mission, after the latter's conference today with the industrial magnates.

The French desire the workers to continue operations of the mines and industrial plants, should the magnates persist in their decision not to cooperate. The French would guarantee the workmen payment of their wages, provided they would work under French management, in case the various properties are confiscated.

The French official version of the clash between French and German civilans at Bochum last night, in which one German was killed and another severely wounded, was given at the occupational headquarters here this afternoon. A large crowd of Germans had assembled near the Bochum railroad station, says the statement, and were singing songs insulting to France. When ordered to disperse by the French commander they refused, and several shots were fired at the sentries. The French retaliated with their rifles, firing high at first, then shooting to kill. The French declare no machine gun was used against the Germans.

Apologize for Flag Incident

BADEMS, Germany, Jan. 16.—The French flag has been pulled down from the deserted Castle Baderlay, on a cliff outside the city. This is the only recent anti-French demonstration in the Rhineland. The burgomaster has offered a reward of 100,000 marks for the arrest of the culprit, and has apologized to the French, and the incident is considered closed.

Must Increase Output

LONDON, Jan. 16.—A dispatch to the Times from Dusseldorf says that General Devignes' order to resume deliveries on Wednesday contain the provision that the deliveries must be increased by 20 per cent of the quantity produced in the first week of January, to compensate for the loss in production owing to the delay in obeying the French order.

Stinnes Buys Coal in England

LONDON, Jan. 17.—Hugo Stinnes, the German industrialist, has obtained from a group of London banks a credit of £2,000,000 for buying coal, of which he wants 1,500,000 tons, according to the Daily Telegraph.

Creditors of French Prince Ask to Have His Silverware Sold

PARIS, Jan. 16.—Prince Anterne of Bourbon-Orleans has fallen out with some of his creditors, 12 of whom appeared in the hall of justice today seeking an order to have the prince's silverware and furniture sold at auction to pay his debts. The judge, however, decided that the claims were not sufficiently large to justify such action.

LYSOL VICTIM IS WISCONSIN GIRL

MOOSE JAW, Jan. 16.—Emily Murphy, victim of last Saturday's lysol tragedy, who died yesterday at the general hospital, was today identified as Alma Granberg. Her mother resides at Blair, Wisconsin, and the body will be shipped to that city for interment.

BRITAIN SPENDS SPECIAL SUMS TO GIVE WORK

Premier Bonar Law Refuses Request of Trades Unions to Call Parliament

LONDON, Jan. 16.—Premier Bonar Law received a trades union congress deputation today, and declined their request to reassemble parliament at the earliest possible date to discuss the unemployment problem.

"This government is doing all it can to initiate schemes for the benefit of the unemployed," the premier told the deputation.

Postmaster-General Neville Chamberlain, speaking for Major Gee, V.C., the Conservative candidate in the East Newcastle byelection, said the government was undertaking the expenditure of millions of pounds for new work which ordinarily would not have been undertaken until next year.

Credits were being advanced to big firms to finance new works, and railway developments alone soon to be undertaken would cost between £5,000,000 and £10,000,000.

The future and hope of the country, said Mr. Chamberlain, lay in developing trade with the dominions and colonies.

Produce for Dominions

"If we could supply half of what the dominions and colonies now buy from foreign countries we would go far toward solving the unemployment problem in Great Britain," said Mr. Chamberlain.

The number of unemployed in Great Britain was reduced last week by 13,000. This is attributed to an improvement in the coal mining, pig iron, and the tin plate trades, and some other branches of the metal trades. There has been a further decline in the cotton industry, however, and building trades also.

The tin plate makers at Swansea are booked up throughout the current quarter, and the steel makers also are now well provided with orders. The market is more buoyant than it has been for many months past. A big firm of steel makers at Swansea today raised the price of steel bars eight shillings a ton.

Arkansas House Asks Government to Call Out Militia

LITTLE ROCK, Ark., Jan. 16.—The house of representatives this afternoon adopted a resolution authorizing Governor McRae to call out the Arkansas National guard and declare martial law at Harrison. The senate is expected to concur.

Schooner Takes Two Days to Bend Spare Sail During Tempest

HALIFAX, N. S., Jan. 16.—The schooner Frances J. Elkins, coal-laden, reached here today after a terrible passage from Vineyard, having been a week en route. Captain S. Z. Rafuse, skipper, reported the worst trip in his career.

Last Thursday night the storm carried away the lower foresail, which was blown clear from the rigging. There was a spare sail aboard, but they were two days bending it. Their next disaster was the loss of trussle and cross-tree from the mainmast, after which the mainmast was put out of commission. There were no casualties among the crew.

White House Frowns On All-United States West Indies Project

WASHINGTON, Jan. 16. — The United States administration does not look with favor on the proposal, made in the senate, that the United States undertake to acquire the British and French possesions in the West Indies, it was stated today at the White House.

WEISSMAN HAS NOT RESIGNED ZION POST

BERLIN, Jan. 16.—Dr. Chaim Weissman declared here today that the report from Paris last week that he had resigned as president of the world Zionist organization was untrue.

FARMER PARTY ASKS EXCLUDE ALL ORIENTALS

Put New Settlers Only in Populated Districts Is One of Convention's Requests

VERNON, Jan. 16.—The United Farmers of British Columbia favor a vigorous immigration policy, but not until an improvement in social, economic and marketing conditions has been effected, according to a resolution passed by the annual convention here today. Meantime, it advocated that "boosting" literature be discouraged; that all settlers be located in populated districts, and that orientals be excluded, and those now in the country be replaced by whites.

Other resolutions urged the government to broaden its farm loan system, and bring about reduction in railway freight rates.

India Has to Buy Gold Bars in the New York Market

NEW YORK, Jan. 16.—Withdrawal of gold bars for shipment to British Indian continued today. The federal reserve bank announced withdrawal of $600,000, in addition to $500,000 withdrawn yesterday.

Competition of United States financial interests in the London gold auction is said to have prevented India from obtaining sufficient gold for her mint requirements, and necessitated her coming to the United States for precious metal.

Hamilton & Dundas Railway Bankrupt and Ceases Service

HAMILTON, Ont., Jan. 16.—The Dominion Power & Transportation company has notified the town of Dundas that the service on the Hamilton & Dundas railway will be discontinued at midnight, January 31. The company gives as the reason that the line is bankrupt, and has been carrying on at a loss for several years.

'United States' Plan for Reparations Is an Individual's Idea

WASHINGTON, Jan. 16.—The suggestion placed before the reparations commission by R. W. Boyden, and which apparently has been regarded abroad as a proposal of the United States government for settlement for the reparations problem, was said by Secretary Hughes tonight to be nothing more than "a purely personal" memorandum, prepared by Mr. Boyden at the request of commission members, and in no sense embodying a plan for the settlement of reparations.

Italy Offers Warship for Constantine's Body if Greece Will Concur

NAPLES, Jan. 16.—Prince Paul of Greece, third son of the late King Constantine, arrived here today, and immediately went to view his father's coffin, accompanied by ex-Queen Sophie and other members of the royal family.

The Italian government has offered to transport the body to Greece on a destroyer if permission for interment there is finally received from the Greek government.

HUGHES NEEDS ASSISTANCE OF COUNTRY PARTY

Has Only Twenty-seven Members in House of Seventy-five; Will Hold Conference

MELBOURNE, Jan. 16.—A meeting of the federal Country party today re-elected Dr. Earl E. Page as leader. The meeting adopted a resolution declaring that the result of the recent federal election was tantamount to a vote of censure on the Hughes government. As a result of the elections, the Hughes or National party now has a following of only 27 in a house of 75 members.

The Nationalist party, meeting today, adopted a resolution expressing confidence in Premier Hughes as leader. A delegation, including Mr. Hughes, was appointed to confer with the Country party for the purpose of arranging a modus vivendi whereby the present Hughes government may be carried on. The Country party controls about a dozen seats.

The chief opposition to the Hughes government will come from the Labor party, which has now 28 members.

Messrs. Crawford and Foll, Nationalists representing Queensland districts, were elected to the senate today.

Give Preference to the Disabled Urges Farmers' Convention

CALGARY, Jan. 16.—The claims of the 4000 disabled soldiers in Canada who are represented by the Amputatio club, were supported in a resolution which declared that the federal and provincial governments and municipalities should give the preference in employment to disabled men, and asked that the Amputation club be represented on the federal civil service commission.

J. O'Sullivan, representing the Workers' party of Canada, appealed for support of that organization's objective, "produce for use and not for profit." He talked of the Edmonton miners strike. Miners and policemen were at each others' throats, he said. Antagonism, bloodshed and bitterness were in evidence, and women had been victims of "thuggery and brutality." There was no discussion of his address, and no resolution on the subject.

Whitechapel Has a Prohibitionist for Stepney Seat

LONDON, Jan. 16.—(By Canadian Press Cable).—J. Holden has been selected as a prohibition candidate for the Whitechapel division of Stepney in the byelection due to the death of C. J. Mathew, K.C., the Labor member for that constituency.

J. S. Riley, the former Liberal member of Whitechapel, who was defeated in the last general election, is the Asquith-Grey Liberal candidate for the vacant seat, and it is said Harry Coving, president of the Transport Workers' union, will probably be the Labor candidate.

Manslaughter Is the Verdict on Mrs. Dean; Three Years' Sentence

CALGARY, Jan. 16.—Elizabeth Rae Dean, who slew her husband last October at Drumheller, tonight was sentenced to three years' penal servitude in the Prince Albert penitentiary by Mr. Justice Tweedie. Although Mrs. Dean was tried for the murder of William Dean, the jury returned a verdict finding her guilty of manslaughter, with a strong recommendation to the court for leniency.

STATE OF WAR AS TO FRANCE NEARLY EXISTS

Temper of Both Sides Is Rising, Say Correspondents; Bad State of Affairs

WILL RAISE NO COAL FOR FOREIGN TROOPS

Industrial Population of Ruhr Is Angry; Food Prices Up Fifty Per Cent

LONDON, Jan. 16.—The Berlin government has decided to expel all French civilians from Germany and establish practically a state of war against France, aside from fighting, according to a dispatch to the Daily Express from the German capital.

German Resolve Hardens

The Times' Dusseldorf correspondent says that, from an economic viewpoint, the situation in the Ruhr is distinctly worse. German determination is hardening and the irritation of the population is increasing. Officials state that food prices have risen 50 per cent since the occupation, and the requisitioning of hay, straw and gasoline is causing great hardship.

The correspondent interviewed some of the industrial leaders who attended Tuesday's meeting with the French and they were emphatic in declaring that nothing would induce them to change their attitude or consider resumption of reparation deliveries while the Franco-Belgian troops were in the Ruhr.

Union Leaders Angry

Two trade union leaders, whom the correspondent interviewed, said they were in close communication with English trade union leaders, and would refuse to work overtime for the French while there were so many unemployed in England. They expressed indignation at being summoned to Dusseldorf to hear "a trifling statement read by a French general," and declared they would not obey any further summons.

On the other hand, the French are equally determined to enforce their will.

The correspondent quotes a French general as saying there is nothing they are not prepared to do to compel the industrialists to abandon their obstinate attitude.

Go to Berlin if Necessary

"Do you mean that you would go to Berlin?" the correspondent asked.

"Most certainly we will go to Berlin if necessary," the official replied seriously.

The writer concludes:

"France and Germany have met in a stern contest of wills, and the temper of both sides is rising. Short of an open conflict, the situation could hardly be worse."

DUKE OF YORK POPS QUESTION THREE TIMES

Tearooms Talk of Nothing but the Betrothal, According to London Papers

FIRST TIME QUEEN APPROVES REBUFF

Has No Engagement Ring Along When Finally His Only Only Accepts Him

LONDON, Jan. 16.—Everybody in London was 100 per cent agog today over the announcement of the duke of York's engagement. People talked of it everywhere, in the underground, in the street buses, in their homes, and in the most gossipy of all places, the ubiquitous tea room.

Every conversation, of course, soon got to the point where the remarks were prefaced with "I see by the papers," and then plunged bodily into details.

Here are some things regarding Prince Albert's engagement to Lady Elizabeth Bowes-Lyon, daughter of the earl of Strathmore, one saw in the papers today:

The duke of York popped the question three times before he succeeded in getting "yes" for an answer—the first time he proposed at a dance after Princess Mary's wedding; the second while golfing last September, and the third time last Sunday, when he was week-ending at the Hertfordshire home of the earl.

Turns Trick on a Sunday

It is said that after turning down the proffer, Lady Elizabeth received a letter from the Queen saying she was perfectly right not to marry the duke unless she loved him. Perhaps the young duke was surprised by being accepted on Sunday, as he had not brought the engagement ring.

"So far as I know," said Lady Elizabeth's father today, "the ring has not been purchased. The prince did not bring one."

Asked whether the young prince betrayed the nevrousness common to those seeking a daughter's hand of a parent, Lord Strathmore said:

"Oh, no, the prince was not in the least nervous, only in his usual good spirits."

On Monday Prince Albert hurried to Sandringham to get his parents' approval and his successful accomplishment was thus announced an hour later in the court circular. Today he and Lady Elizabeth and her mother lunched together at the Strathmore town house.

Earl Learns It From Wife

"I had the first news from my wife, who had been told by my daughter," said the earl. "I think the Queen wents them to be married fairly soon, maybe in the next six months, but I em not certain."

The common belief is that the date of the wedding will be announced in a few days, and will likely be set for May or June in Westminster abbey.

Prince Albert first met Lady Elizabeth at a children's party, given by Lady Leicester when Lady Elizabeth was five or six years of age, and the prince was a schoolboy. Recently they have danced, hunted and played golf and tennis together often. Lady Elizabeth's sister, Lady Rose Leveson-Gower, said today that Lady Elizabeth was not a bit bothered by the recent report that she was engaged to the prince of Wales. "I do not think she paid the slightest bit of attention to it," said Lady Rose.

"Here's Lookin' tae Us"

The quickened interest all the King's subjects are taking in the duke of York because of his engagement is sure to be manifested at his future public appearances, the first of which is next Thursday night, when he will preside at a festival dinner of the Industrial Welfare society. Scotland, where the engagement of a Scottish girl to royalty undoubtedly was the excuse tonight for thousands of "here's looking to us," will be visited by the duke next week, when he goes to Glasgow to receive the freedom of the city, and attend a football game. Lady Elizabeth Bowes-Lyon's marriage to an English prince will be a far cry from the days of her forefathers, three of whom fell in battle at Flodden, in the historic encounter between the Scotth and English in which thousands of Scotch nobility perished.

ALBERTA FARM BODY ALSO FOR WHEAT BOARD

Only One or Two Delegates Dissent From Resolution Adopted

VOLUNTARY POOL LATER, SAYS WOOD

For Present Only System Is Government Compulsion; Fight "Plutocracy"

CALGARY, Jan. 16.—Alberta Farmers tonight joined with their fellow-producers in Manitoba in petitioning for a compulsory wheat board to handle this year's crop. Saskatchewan Farmers will be invited to take the same position when they meet in convention at Saskatoon next week. If the federal board is not secured, a provincial board for Alberta is suggested.

The resolution as drafted by the central board and adopted without change, and with one or two dissenters, reads as follows:

"Whereas, the present grain marketing system does not secure to the producer the full value of his wheat; and,

Whereas, there is a persistent demand by the farmers of the three prairie provinces for the establishment of a wheat board to handle the 1923 crop;

"Be it, therefore, resolved, that we renew our demand for a wheat board, with as nearly as possible the powers vested in the 1919 board, and ask our provincial government to make every endeavor to cooperate with the provincial governments of Saskatchewan and Manitoba to that end, and we request our federal members to put forth every effort to secure such legislation as may be necessary from the Dominion government."

"We Are Beginning," Says Wood

"We don't believe our present system is adequate and efficient for the marketing of grain," said President H. W. Wood. "We want another. There is no pretense that in a year or so, we are going back to today's system. We are going to have all the fight that organized plutocracy in the grain trade can put up against unorganized democracy. The ideal system is a cooperative voluntary pool. I think nobody doubts that. But that's a finished product. We are beginning. What is the first step toward our ideal? The most practical way I see now, is a wheat board with government authority. I don't know if we can get a practical board, but we can try. If we can't get it, we can undertake some slower method."

Mr. Wood said if the federal board were not secured in Alberta, a provincial board might be possible. There was a change taking place, he went on, in the flow of wheat from east to west, and the flow westward was increasing rapidly. Alberta was right at the threshold of the outlet, and there might be some advantage in that.

Failed Through Legislation

Mr. Wood said that if there were a fundamental cause for the failure of last year's proposed board, it was found in alleged defects in the legislation of the Dominion parliament.

E. J. Garland, M.P. for Bow River, said in answer to a suggestion he thought chances for securing satisfactory legislation at Ottawa were greater than a year ago.

"We are chasing shadows in demanding such a board," declared R. Sheppard, of Edmonton, but he found no supporters.

The convention adopted without discussion the following resolution on the proposed provincial board:

"That in the event of failure to secure a federal wheat board, the Alberta provincial government be asked to grant such legislation as will give to the farmers of the province a provincial wheat board.

Obscure Veteran May Succeed to an English Title

HALIFAX, N. S., Jan. 16.—Herbert Victor Horton, veteran of several campaigns, who has lived here for many years in humble obscurity, may, according to his claim, in a short time, find himself in possession of a British title.

He has received a letter from an English firm of solicitors, advising him that he is likely to inherit the title and estate of the late Sir Samuel Woodweiss, of the house of Gravesley, Great Waltham, near Chelmsford, Essex, England.

An ancient law demands that the youngest son of the next in line succeed. If Horton proves his title, he will become Sir Robert Horton, and come into possession of valuable estates.

FARMERS HAVE REPORTS FROM THEIR CABINET

Premier Greenfield and His Ministers Submit Reports to Convention

SOME SUGGESTIONS OF COSTLY NATURE

Constitution Is Revised to Bar Other Farmer Bodies From Affiliation

CALGARY, Jan. 16.—(By Canadian Press)—A first-day, which was devoted largely to the reception of addresses and reports, launched the annual convention here of the United Farmers of Alberta. Delegates to the United Farm Women's convention today sat with the men, but tomorrow they hold separate meetings. The mass of resolutions was not touched until evening, but rapid progress is expected tomorrow.

Members Report

A feature in the reports, an innovation in this convention, were reports from the Alberta federal members and from the members of the provincial government, dealing with the action taken, if any, on resolutions adopted by the farmers at last year's convention, which sought governmental inquiry or legislation. The federal members announced considerable success in their efforts to meet the farmers' wishes. Each member of the Greenfield government reported in writing on matters which referred to his department, reporting progress or reasons for inactivity.

Premier Greenfield wrote, in reply to a suggestion that locals should be consulted about appointments to government positions, saying the government "must always have the final word," but he was prepared to give fullest consideration to recommendations from the locals.

Changes in the rural school inspection plan, which were sought, would have cost $600,000 per year, the convention was told, and the suggested payment of $10 and mileage toward medical attendance at each maternity case would have meant $500,000 more.

Finances Not Yet Sound

There was some discussion of the financial report, which showed that while the association had spent $20,000 less than last year, there was still a considerable deficit over revenues, and some delegates made the claim that the central office was too expensive.

The opinion was general that the organization must be put on a sound financial basis, and ways and means will be discussed. Eventually the report was adopted, and a vote of appreciation of the services of the central executive and staff was carried unanimously.

A report on the official organ of the association, whose publication was indorsed at the last convention, showed that it had reached a circulation of 21,000, and on its account there was a net surplus in 11 months of $900. Of the membership fee of $3, there is paid to the newspaper fund 50 cents as the member's subscription.

In a revision of the constitution the convention decided to remove the clause which permitted affiliation with the association of United Grain Growers' locals, cooperative associations and farmers' companies.

Birmingham Journal Records Mr. Jarvis' Success With Fruit

Under the caption, "Warwickshire Man's Success in Canada," the Birmingham Weekly Post has the following in its news columns respecting E. F. Jarvis, who lives on the north shore, opposite Nelson:

"The Dominian Express company's trophy, a silver cup, valued at $600, was captured this year at the twentieth annual fruit show held at Nelson, B. C., on September 20, by Mr. E. F. Jarvis, the youngest son of Mr. Emanuel Jarivs, of Kemps Green, Hockley Heath, Warwickshire. The cup was for the best eight boxes of apples (commercial pack).

"In addition Mr. E. F. Jarvis took the following prizes: First for box of apples (Wagener), first for plate of apples (any other winter variety), second for box of apples (Northern Spy), second for plate of apples (King of Tomkins), second for plate of apples (Blenheim Orange).

"Mr. E. F. Jarvis was employed on the Great Western railway as a stoker in 1910, when he decided to try his luck in the colonies. His success, is most marked, as he has only been on his fruit farm at Nelson for nine years, doing the planting and pruning work, etc., himself. His early training was received under his father, and for a short time he was in the gardens at Umberslade Hall, Warwickshire.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a 16-oz. bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

Few Folks Have Gray Hair Now

Hair that loses its color and lustre, or when it fades, turns gray, dull and feless, is caused by a lack of sulhur in the hair. Our grandmother ade up a mixture of Sage Tea and ulphur to keep her locks dark and eautiful, and thousands of women nd men who value that even color, hat beautiful dark shade of hair hich is so attractive, use only this ld-time recipe.

Nowadays we get this famous mixure improved by the addition of other ngredients by asking at any drug tore for a bottle of "Wyeth's Sage nd Sulphur Compound," which darkns the hair so naturally, so evenly, hat nobody can possibly tell it has een applied. You just dampen a ponge or soft brush with it and raw this through your hair, taking ne strand at a time. By morning he gray hair disappears; but what elights the ladies with Wyeth's Sage nd Sulphur Compound is that, beides beautifully darkening the hair fter a few applications, it also brings ack the gloss and lustre and gives an appearance of abundance.

PORTUGAL HAS FRICTION WITH SOUTH AFRICA

Lisbon Newspapers Have Alarmist Rumors of Intention to Seize Mozambique

BRITISH GOVERNMENT OFFICIALLY DENIES IT

Convention Between the Two Countries Is Sought, Bearing On Their Relations

LONDON, Jan. 16.—Dispatches from Lisbon state that reports are current in that city to the effect that there is friction between the Union of South Africa and Portuguese colonial officials over Mozambique, the Portuguese colony in South Africa.

There appears to be an impression in the Portuguese capital that the British South African dominion is laying covetous eyes on Mozambique.

One sensational report is to the effect that the union is prepared to employ force in order to obtain possession of Portugal's colony. The rumors persist in spite of definite denial by the government.

Secretary Says No Grounds

On December 16, last, the Portuguese colonial secretary, responding to an interpellation in the chamber of deputies regarding the South African question, declared that the independence of Mozambique was not threatened.

He read a statement issued by the British government, which said that the Union of South Africa had no intention of offending Portugal by contesting the rights of the Portuguese in Mozambique.

Dr. Brito Comacho, high commissioner of Mozambique, who arrived in Lisbon recently, favored the opening of negotiations with Premier Smuts of South Africa, for conclusion of a new convention regulating the relations between the Transvaal and Mozambique. He described the campaign which the Portuguese newspapers had been waging against the union as ill-advised and unreasonable. He denied sensational reports that the union was training troops for use against the Portuguese colony, but said the union occasionally had acted toward Mozambique in a manner he considered hostile. The colony would welcome a convention based on reciprocal interests and mutual respect.

Mozambique is separated from British central and British South African by an agreement between Great Britain and Portugal entered into in June, 1891. The province of Mozambique comprises 295,000 square miles. The seat of government is Lourenco Marquese.

Mould Character of Canada Today Urges Sir Henry

EDMONTON, Jan. 16.—Nearly 500 guests crowded the MacDonald hotel Tuesday evening to listen to Sir Henry Thornton, president of the Canadian National railways, in one of the most satisfying addresses that has ever been delivered in this city.

"Our responsibility is greater than any of us realize," declared Sir Henry. "It is in the infancy of any country, as it is in the infancy of a child, that character is moulded and the future is determined. I would impress upon you the greatness of this responsibility, but great as it is, I have an abiding faith in the reasonable character of the people of Canada, in their energy, their courage, their refusal to accept defeat, and that we all together will be able to solve the problems in such a manner that posterity will look back upon us and say it is well that we lived in these days."

Meets Board of Trade

Increased elevator facilities at tidewater and grain rates were touched on briefly by Sir Henry, who gave his opinion at greater length on these matters to a delegation from the board of trade during the morning, to the effect that in his opinion the former should be provided by private capital, so that the railway may use the funds at its disposal in the building of branch lines to assist farmers in marketing their products. In regard to grain rates, he does not consider that the existing freight rates are an insurmountable barrier to Alberta using Vancouver as an outlet for its grain.

The special party left for the west tonight.

Negotiations for Refunding British Debt Come to Halt

WASHINGTON, Jan. 16.—The British and United States debt commission failed today to reach an agreement for the funding of Britain's war debt to the United States. Further conversations were postponed until Thursday, the British meantime cabling their government for further instructions.

It was indicated that the terms contained in instructions received by the British after the London cabinet meetings yesterday were unsatisfactory to the United States commission, but details as to the terms under discussion at today's session were withheld.

Sons of England Are Considering New Lodge Room

Installation of the newly-elected officers of Nelson's Queen lodge, Sons of England Benefit society, took place Monday evening, as follows: Past president, A. Cuthbert; president, George Brant; vice-president, John Wood; secretary, W. H. Ramsden; treasurer, W. R. Campion; chaplain, W. C. Leno; guides, E. Woolls, E. Frost, J. Hamson, H. H. Townsend; guards, E. Sharpe and William Fowles; auditors, A. Wood and H. Stirzaker.

After installation by the district deputy, a social evening and refreshments followed.

The society is considering the possibility of a new lodge room replete with all modern appurtenances, so that better facilities may be had for the many out-of-town members.

Two Tall Blocks in Wholesale Drygoods District Go With Loss of Half Million

BALTIMORE, Md., Jan. 16.—Six alarms, calling out all available apparatus in this city, were sounded early today for a fire which, at 2 a. m. Wednesday, had destroyed two five-story buildings in the heart of the wholesale drygoods district. Preliminary estimates placed the loss at more than $500,000.

The blaze originated close to the scene of the Baltimore fire of 1904, which destroyed that section of the city.

Wheat and Oats Championships Go to Saskatchewan

SASKATOON, Jan. 16.—Judging from the record-breaking number of exhibits in the Saskatchewan seed fair here, which was completed today, reveals a higher average standard of excellence in the entries than ever before. While the prize winners are of about the standard of previous years, the exhibits as a whole show a marked improvement, according to the judges.

The farm crops trophy for wheat championships was carried off by A. J. Mason, Luceland, Sask., with Marquis wheat, while A. R. Moore, Qu'Appelle, took the oats championship with a splendid sample of victory strain. The challenge shield for the agricultural society winning highest aggregate in the show was won by Moose Jaw.

Explorer MacMillan Will Study Magnetism in Northern Labrador

BOSTON, Jan. 16.—Donald B. MacMillan, Arctic explorer, expects to sail about July 1 to establish permanent scientific station in the northern part of Labrador, for the purpose of studying terrestrial magnetism and atmospheric electricity, he said tonight, at the annual dinner of Boston members of the Bowdoin College Alumni association.

The first expedition, consisting of seven scientists, would sail on the steamer Bowdoin, and be away a year. The Carnegie institue, he said, and other scientific bodies, have indorsed the project.

LIVER TROUBLE

Pains in Stomach

Most of the misery and ill-health that humanity is burdened with arise from disorders of the liver, stomach or bowels.

If you are feeling out of sorts, have pains in the stomach, especially after eating, sour stomach, bilious spells, sick or bilious headaches, heartburn, water brash, etc., you should take a few doses of Milburn's Laxa-Liver Pills. They will liven up the liver, regulate the bowels, and tone up the stomach.

Mr. T. C. Hallman, Highgate, Ont., writes:—"I have had liver trouble and pains in the stomach for a long time. I started to use your Milburn's Laxa-Liver Pills, and in a short time I noticed they were helping me. Now I would not be without them and cannot recommend them too highly."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BRITISH AGREE TURKISH DRAFT CAN WAIT OVER

France and Italy Do Not Want to Risk Break With Moslems While Door Open

LAUSANNE, Jan. 16.—In the face of French and Italian objection, Great Britain apparently has renounced her idea of presenting the Turks with a draft of the near eastern peace treaty this week. Great Britain believes that so much time has been spent in discussion that little more can be gained; but the French and Italians hesitate to risk a break with Turkey before all avenues of compromise have been closed.

Italy Wants Foreign Courts

The Italians are described as vitally interested in the attempt to maintain foreign judicial privileges in Turkey, because, now that the United States door to unrestricted immigration is shut, Italy desires to send part of her overflow population to Asia Minor and have them subject there, as far as possible, to Italian law.

Four articles of agreement concerning the exchange of Turkish population in Greece and the Grecian population in Turkey, which affects a million people, were accepted today; but the Turks insisted that all Greeks in Turkey, except those in Constantinople, shall be deported.

Under the articles agreed upon, the populations to be exchanged lose their nationality as soon as repatriated.

Criminals must serve out their sentences in the country to which they are repatriated, or stand new trials.

Captain and Men Are Given Up for Lost by Families

ST. JOHN, N. B., Jan. 16.—Captain Thomas Anderson, of this city, master of the steamer Bretonia, which is supposed to have sailed from New York on December 10, has been given up as lost by his wife and family. He assumed command of the small steamer here on November 29, and went to St. Pierre, sailing from there for Boston or New York. Other local men on the steamer were Leslie Patterson, David Fitzerman, manager of the Sydney Mines company; and Edward McNulty.

Owing to the terrible storms at sea recently, there is little hope entertained for their safety.

Shoe Trade Body Condemns Man Who Fails Dishonestly

MONTREAL, Jan. 16.—Business failures were divided into two classes—honest and dishonest—by speakers at the joint open session of the Shoe Trade association here today. More difficulty for the securing of compromises by bankrupts was urged.

C. W. Rannard of Winnieg, spokesman for the retailers, condemned "skalawags in the retail trade, that class of merchant who is creeping into the business and is largely responsible for demoralizing."

J. E. Warrington, Quebec, said manufacturers were using a service, in operation for the past year, which reports on all firms guilty of unfair practices.

J. D. Aoust, president of the association, thought that too many trustees were soliciting merchants to effect compromises with their creditors, and considered that the practice was unfair and should be stopped.

Presbyterian Churches of Winnipeg Progress; St. Giles Has a Gift

WINNIPEG, Jan. 16.—Presbyterian churches in the city held their annual meetings tonight. In general, the reports were encouraging, showing progress made by the churches and their various organizations, and that congregations had generously looked after the matter of finance.

There was an unusual circumstance in connection with the St. Giles church meeting, a donation of a check for $1000 by Rev. Dr. J. Hogg of Vancouver, a former minister of St. Giles, who is now 95 years of age, being announced.

Australia Wants Protection From British Tariff

SYDNEY, N. S. W., Jan. 16.—(By Canadian Press Cable, via Reuter's)—Sir George Fuller, prime minister of New South Wales, was given a most enthusiastic farewell prior to his departure today on a visit to London.

Commenting on the importance of the premier's visit to the capital of the empire, the Sydney Morning Herald emphasized the need of securing a better market for the empire's products by a revision of tariffs.

"If the premier succeeds in his representations in this direction," says the Herald, "he will make a most important contribution toward the upbuilding of imperial strength."

The French Case

Premier Poincare of France has stated the French case against Germany clearly. Speaking before the French senate he reviewed the whole course of the negotiations with the German government. He recited the successive schedules of reparation payments agreed upon, to each one of which Germany had failed to live up. The same fate had befallen the arrangements, like that at Wiesbaden, to make payment in materials. Although German was forbidden by the treaty of Versailles to send gold abroad without the previous consent of the allies, she had done it. Large amounts of foreign credits were kept beyond the reach of the German government by "the magnates of Germany's great industries who had more and more enriched themselves at the expense of the German people." The consequence has been that Germany comes forward in the form of poverty and declares with her hand on her heart that she has absolutely nothing wherewith to pay. Her currency is ruined, her credit is destroyed, what can she do?

This is M. Poincare's answer: "Granting that your marks are worthless and that you cannot command dollars, pounds or francs, you have at least some real property. You have coal and coke, and forests and custom houses and transportation. All this is not paper but real values. We are quite ready to leave you all you need to live and to recover, but we desire that these goods, these products, these revenues, should serve as a guarantee to us and at the same time as a means of pressure upon your great industrial leaders."

That, in effect, is the French protest and the French program.

Palestine Elections

An election to the first Palestine legislative council is to be held in a very short time, as the council must be constituted before the end of next month. The council is to consist, the Victoria Colonist points out, in addition to the high commissioner, of 10 official and 12 unofficial members. The voting arrangements are that each male Palestinian citizen over 25 years of age who has not lost his civil rights or been otherwise disqualified will be entitled to vote at the primary elections held for the choice of secondary electors. Those deemed to be Palestine citizens are, Turkish subjects habitually resident in the territory of Palestine at September 1 last, and all persons of other than Turkish nationality habitually resident in the territory at the said date and who, within two calendar months of that date, made application for Palestinian citizenship. Under the latter some 40,000 citizens have been registered on application, and these are principally Jews. The Turkish subjects will, of course, be in the majority at the polls supposing they exercise the franchise to the extent expected. It will be possible from the election results to estimate their attitude toward the British government of the country.

Left to right: Pat Hogan, prospector; Jacques Richter, the "mystery" boy, native of the Athabasca district; and Johnny Jones, noted explorer, showman and owner of prize-winning huskie dogs. The two prospectors met Jacques Richter when he came to Toronto from the northern Ontario lumber camp, where he had been employed. The boy told his story, how he had been held up on a 740-mile trail between his home on the Great Slave lake and a trading post, how he had his furs and dogs stolen, and how he had traveled "blind baggage" to Toronto in search of the thieves. The prospectors questioned him and were satisfied that he was a native of the Athabasca. Jones is to give him an opportunity of making a trip with him into the Hudson Bay district.

New Reader—"Can you give me a recipe for a luncheon dish made of baked grapenuts?"

Answer—Welcome to the column! I am glad to give you this recipe: Economy grapenuts dish—Put one quart of sweet milk into a medium-size baking dish and stir into it one-half cup of sugar, two cups of uncooked grapenuts and one well-beaten egg. Bake 20 minutes in a hot oven and serve either hot or cold. This dish is semi-sweet. If, however, you wish to use it a a dessert, add more sugar and serve it with a hot lemon sauce.

Mrs. P. C.—"Can I dye brown flannel a navy blue?"

Answer—I am afraid not. I would not try it if I were you.

Two Reader Friends—"Will you please publish recipes for sour dough bread and sour dough biscuits?"

Answer—As I do not happen to have these recipes, I am going to ask some of our readers who have them, to send them to me so that I can publish them here for you.

Mrs. B.—"How can I clean velvet flowers?"

Answer—With either gasoline, benzine or naphtha applied with a small brush. Do not use these fluids near heat or flame.

Daily Reader—"Not long ago one of your readers mentioned having fish stains on her baby's white dress. I have had good results in removing fish stains from linen by putting the cloth immediately in table salt and cold water."

Answer—Thank you, Reader Friend. There is always somebody ready to "lend a hand."

Club Member—"When we invite the public to one of our open meetings I often see strangers standing alone, with nobody talking to them. This is not a right state of affairs. Can you suggest a means by which everybody present would enter into conversation with somebody else?

Answer—Why couldn't you have bits of different colored ribbon in a basket, each ribbon with a pin through it, and ask everyone present to step up to the basket and select a ribbon to pin on herself; then announce that every woman is to chat only with the people who wear her own color? In this way, all those wearing blue will gather together, all wearing white will chat together, all wearing red will be friendly, and so on, and this will insure the enjoyment of all.

Tomorrow—Two Knitted Silk Neck Scarfs.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired a stamped and self-addressed envelope must be enclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and province.—The Editor.

An interesting cloth frock with which to meet the first needs of spring is illustrated in the dark blue model sketched. The bodice is individual, with its long graceful "V" line, and the embroidered motif, done in red and dull gold, with the same idea carried into the girdle.

And if you like a lot of red about you, you will retain the original design, as sketched, with its inner foundation of red crede de chene showing at every step through the divided skirt. However, perhaps French blue, or beige, might be considered more discreet. Or the colored foundation may be omitted altogether, and the skirt closed.

Have You a Red Nose?

(Registered in accordance with the Copyright Act.)

In the distant past when people drank liquor, red noses were not uncommon. In fact we expected to see them. Why, then, do we still see red noses?

Simply because people carrying such appendages have got a poor circulation.

Our extremities, nose, hands and feet all receive their blood supply from the heart which keeps pumping away unceasingly 24 hours in the day. If the muscle in the heart is weak and flabby as any of our muscles may be (whether under control of the will or not) then the power it exerts is weak and the return flow of blood from our extremities is sluggish.

We usually find these hearts beating rapidly, and with the first or pumping beat weak in power.

This is so well known to insurance examiners that they would really almost sooner take a chance on a heart with an organic lesion or murmur if the heart muscle is strong, than with a sound heart that was weak muscularly.

And yet the wonderful thing about it all is that although the heart is not under the control of the will, nevertheless it can be strengthened up in a few months, by the simplest form of regular rhythmical exercise taken for about three minutes twice a day.

I have had patients refused by insurance companies because of rapid weak muscular hearts, secure their insurance three to six months later without difficulty. These hearts would run 102 to 110 upon the first examination, and would be down to 84 to 86 after the course of exercise.

The said exercise consisting of jogging in the one spot 150 to 200 steps twice a day.

Dr. Arthur Won't Be Called Outsider by Johnny-Come-Lately

To the Editor, Daily News.

Sir—Your remarks in your issue of 12th Inst., about the defeated mayoralty candidate might have been considered flattering had you not referred to him as an "outsider."

Ordinarily he is not sensitive about what people call him, but to be referred to as an "outsider" in Nelson aroused his bitter resentment, especially when he reflected upon the fact that by comparison the one who used the objectionable designation might much more appropriately be termed a mere "Johnny-come-lately."

E. C. ARTHUR.

(Note.— The term "outsider" had reference to Dr. Arthur's not having been in the council in recent years. It is a term in ordinary use in connection with municipal elections, and carries a specific meaning. Seeing that Dr. Arthur was present at the birth of the city, and was in fact a candidate at the first two civic elections, having either topped or next thing to topped the opposition ticket in each case at the polls, and has had his home here ever since, the word could not possibly apply in the meaning of a newcomer to Nelson.—Ed.)

O'Farrell Enthusiastic on Arrow Lakes and the Slocan District

NAKUSP, Jan. 15.—P. A. O'Farrell, the well-known writer on industrial and financial matters, was in Nakusp recently on his way to visit some of the silver mines in the Slocan district. He is connected by Clarence Cunningham in many of his mining ventures, and has great hopes of the revival of the mining industry in the Slocan. In fact, Mr. O'Farrell is an enthusiast and an optimist in all matters concerning the future of British Columbia. He is also an ardent admirer of the posibilities of the Arrow lakes from an agricultural and fruitgrowing point of view. He, with his wife and daughter, manage to visit Halcyon for a period every year. He has often written in various newspapers and magazines, that nowhere has he viewed any scenery equalling that of the snow-capped mountains along the shores of these lakes. His description of the country has been taken advantage of by the C.P.R. in its various advertising publications.

Mr. and Mrs. O'Farrell have just returned from a long trip through England and Ireland, having left Canada in May and returned this month. Mrs. O'Farrell is a close relative of Mr. Cosgrave, the president of the Irish free state. Mr. O'Farrell says that Ireland will soon settle down to business. He claims that only 2 per cent of the people are the real trouble-makers there, of which about one-half of one per cent are fanatics and the balance Bolsheviks.

Arrow Lakes Loses Its District Nurse for Want of Support

NAKUSP, Jan. 13.—The withdrawing of the Red Cross nurse, Miss Benvie, from the Arrow lakes district is a matter of deep regret to those who have been enthusiastic in connection with the local committee. Miss Benvie has been instructed to proceed to Trail immediately, and the reason given for the abandonment of the district is the lack of the necessary financial support among the settlers between West Demars and Burton. The provincial executive has met the citizens in every way but feels that unless the settlers meet their portion of expenses, a nurse cannot longer be maintained by the executive. Miss Benvie and her predecessor, Miss Whitaker, have done splendid work among the sick and in cases of accidents and the withdrawal will be keenly felt by those who have done their part and supported the institution. Instructions have been given to return all the outfit to headquarters at Vancouver.

Friends of Missing Nakusp Logger Have Not Much Hope Now

NAKUSP, Jan. 15.—No trace has yet been had of Duncan Johnson, the logger, who mysteriously disappeared a few weeks ago from the Grand hotel. His friends fear that the worst has happened that he has fallen into the lake and been drowned. Every inquiry has been made by members of the Nakusp K. P. lodge, of which Mr. Josnson was a member. The fact that a rowboat, the property of E. E. Lamerton, and which was overturned and lying on the beach, had been taken out on the lake, and found by Claude Rollins of the tug Nonpariel, a mile out on the lake and unoccupied, leads the citizens to believe that he must have met with an untimely end. There were no oars in the boat and indications are that a common board, which was found in the boat bottom, was used for paddling. Constable Jupp of the provincial police, spent considerable time in the neighborhood where the boat was found, and has used grappling hooks in vain. The lake is very deep at the spot, and if he has been drowned it is possible that the body will never be found. Mr. Johnson hailed from Nova Scotia, had been around Nakusp for many years, was a steady single man, did not drink, and was generally held in high respect by all those who knew him. It is even now hoped that he may return but his friends are very doubtful.

Harrop Growers Indorse Appleton for Reelecton

HARROP, Jan. 15.—The fruit growers of the district met in Harrop school house on Saturday, January 6, when representatives from Longbeach, Balfour, Sunshine Bay and Harrop were present. O. B. Appleton read his report as director of District 22 of the British Columbia Fruit Growers' association, and was recommended for reelection as director. J. D. Kerr was appointed as delegate to the British Columbia Fruit Growers association convention at Kelowna on January 17-19, along with the district director, O. B. Appleton.

At the close of the B. C. Fruit Growers' meeting, the local growers were asked to appoint a delegate to the growers' convention also at Kelowna, which is expected to follow shortly after the British Columbia Fruit Growers' convention, and the same delegate, W. J. McConnell, was appointed to attend this meeting. W. J. McConnel was chairman, and A. G. R. Strickland acted as secretary for the first meeting and J. D. Kerr, chairman, and H. Fairbank as secretary for the second meeting.

COAL COMPANY HEAD HOST TO THE VETERANS

Three Hundred Ex-Service Men of Fernie Guests of President Wilson

FERNIE, Jan. 13.—W. R. Wilson, president of the Crow's Nest Pass Coal company, on Tuesday evening, entertained at dinner nearly 300 ex-soldiers, veterans of the great war, and other campaigns. The dinner was served in the United Church hall, which had been especially decorated for the occasion with red, white and blue bunting and the flags of the British Empire.

Platters of Turkeys.

The Rev. W. F. Burns occupied the chair for the evening and opened the program with a two-minute silence period following by the blessing. A sumptuous spread was then provided and vast platters of turkey and other good things were slowly but surely demolished. After everybody had been well satisfied, Mrs. Burns proposed the toast to "The King," which the assemblage honored by singing the national anthem.

In his opening remarks as chairman, Mr. Burns welcomed the returned men to the hall, and stated that all felt deeply grateful to Mr. Wilson for providing the dinner, and also in giving the returned men full opportunity to meet one another again.

The program for the evening was featured by splendid singing and music. The speakers, although covering many different subjects, were all in accord in expressing heartfelt thanks to the host of the evening in bringing so many returned soldiers together, and in providing such a banquet. Dr. S. Bonnell, in reminiscing, said he had often heard "Come to the Cook-house Door," but never answered that call to find such a repast before him, and believed every returned soldier in the hall could vouch for that statement.

Bryant Asks Members.

H. A. Bryant, ex-president of the G. W. V. A., and D. F. Markland, secretary of that organization, both thanked Mr. Wilson for his kindness and also the ladies of Fernie, who had assisted them throughout the year in carrying out the work of looking after the dependents of their disabled and fallen comrades. They also appealed to all ex-service men to join the organization and assist in this work.

Thomas Uphill, M.P.P., in a a short address stated that Fernie had a war record to be proud of, and it was to her credit to have such a citizen as Mr. Wilson to come forward in such a manner and remember her obligations to the returned soldier. He stated that Mr. Wilson in his personal experiences was always ready to give what aid he could to the veterans.

The detailed program for the evening was as follows: Song, Miss Dicken; address, Major G. G. Moffatt; address, H. A. Bryant; address, Bernard Caufield; song, Wesley Owen; address, Thomas Uphill, M.P.P.; violin solo, Alex Watson; address, D. Markland; song, Mrs. A. Watson; address C. Stubbs; song, Mrs. T. R.Laws'addres; A. I. Fisher, K. C.; address, L. K. S. Herchmer.

At the close of the program a hearty vote of thanks was proposed and given with real good will to Mr. Wilson the host of the evening.

Host Makes Reply.

In reply, Mr. Wilson assured the veterans that it afforded him the greatest of pleasure to be present, and that as had been listening to the various speakers his memory went back to when the war was on, and he was bidding young men goodbye. Some of the faces were not now present, but those came vividly back to him, and the songs and speeches of the program could not shake off this feeling. He stated that the banquet was, he considered, a part of his duty toward the returned soldiers, who had obligated every member of the community by their service ovrseas.

He reviewed the coal mining industry of this country, and of the world, giving the history of the introduction of coal int America. He regretted that time was so short but hoped for many such meetings as he had been able to provide this evening, as he believed that the best means of learning was through social contact of the right kind.

In concluding, he thanked the ladies for their magnificent share in the work of providing the banquet, and stated that he only had to mention that it was to be for the returned soldiers and he was assured of hearty cooperation. The reason for this response to the call, he stated, was that the ladies never forget the farewells of the boys going to the front.

The evening was successfully brought to a close when the large gathering stood at attention and sang "God Save the King."

Three cheers were rousingly given for Mr. Wilson and the ladies.

Miss Helen Murphy was a dinner hostess last evening, when she entertained 10 of her girl friends at her home in the Kerr apartments. The artistic dining table was centered with a graceful bowl of white daisies, red cyclamen and fern, this being surrounded by white tulle. Beside the place-cards were elaborate crackers, which inclosed favors for each of the guests. After dinner the hostess escorted her guests to the movies, where they again enjoyed themselves thoroughly. They were Miss Sybill Archibald, Miss Dorothea Graham, Miss Jean Gilker, Miss Violet Towgood, Miss Jane Boles, Miss Louise Peebles, Miss Edna Shore, Miss Gladys Fotheringham and Miss Margaret McLeod.

Meteor Has Fourteen Inches of Ore Says Slocan City Report

SLOCAN CITY, Jan. 15.—George Long was down from the Meteor mine and reported the property looking well, with 16 inches of high grade ore in the stake.

Hugh Nelson of New Denver, the fire ranger, was in town on Thursday and Friday.

C. Carlson of Rossland, foreman for the Lingle-Johnson lumber firm, arrived in town on Wednesday to oversee the loading of several cars of telegraph poles.

Walter Clough, the C.P.R. lineman of Rosebery, was in town on Thursday to cast his vote at the municipal election.

Charles E. Barber and R. C. Henderson, who are cutting white pine on Slocan lake, came to town on Thursday for the municipal election.

South Slocan Has Joyous Masquerade to Help Hall Fund

SOUTH SLOCAN, Jan. 16.—The annual New Year's masquerade dance given under the auspices of the Public Hall association was held on January 5, the hall being gaily decorated and the floor in splendid condition, and about 70 persons in attendance. Prizes were given for the best and most comic costumes, which were varied, showing originality, and the judges were Mr. and Mrs. J. Irvine of Nelson, and Mrs. Learmonth of Willow Point.

Miss Olive Bealby of Nelson was awarded the ladies' first prize for her stiking Turkish costume. W. D. Ridge, as a "Western Cowboy," took the man's first prize. R. Greyson, attired as a lady in a most dainty confection of pink tulle and gold cobwebs, as the "Spider and the Fly" won the man's second prize. W. Baddeley carried out the part of a gypsy so well that he won the ladies' second prize. Best comic went to Mrs. H. Kingwell for her amusing impersonation of a "Slavey," and to Eric Campbell, as "A Great Big Baby" in long clothes. Other prize winners were Mrs. O. W. Humphrey, who masqueraded as a "Dutch Man" and G. L. Thompson, as a very up-to-date flapper.

Among other costumes were Miss Ivy Brown as "A Mermaid"; Miss Grace Wallis, "Period of 1860"; Miss Myra Humphrey, "Winter Sports"; Mrs. W. D. Ridge, "Gypsy"; Mrs. G. N. Brown, "Carmen"; Mrs. W. C. Baddeley, "Turkish Lady"; Mrs. E. C. Johnston, "Turkish Lady"; Miss M. Potosky, "Superstitious"; Miss Julia Potosky, "Night"; W. Oliver, "Nigger Minstrel"; and G. N. Speculators Drive Stocks Down Again on Foreign Fears

NEW YORK, Jan. 16.—Speculators for the decline, taing advantage of the more threatening complications in the German reparations situation, and the liquidation on the part of frightened investors, forced another material reaction in prices in today's stock market. The declines ran from small fractions to 2 and 3 points in standard shares, but the strength of the resistance at the lower levels indicated substantial support by insiders.

While the reaction spread over most of the list and was particularly effective in the motors, equipments, oils and a few of the rails, there was a number of stocks that managed to move against the prevailing current. These included California Petroleum, which closed 2 points above Monday's final figure; Beechnut Packing, up 2⅜ and Montana Power, up 1⅜.

Low money rates and constructive domestic developments, such as the announcement of more price advances in the mid-west and Pennsylvania oil fields, helped to keep the decline within reasonable bounds.

Baldwin again fluctuated within a range of nearly four points, closing at a net loss of 2⅜; U. S. Steel touched 104¾ but rallied to 105¼ for a net loss of only ⅝.

Rail shares held firm for a time but a number of active issues gave ground during the afternoon reaction, which was accelerated by the circulation of wild rumors of war between France and Germany. Canadian Pacific dropped 2¼ points.

Total sales, 1,000,200 shares.

GRAND TRUNK BONDS RISE FIVE POINTS

LONDON, Jan. 16. — (By Canadian Press Cable).—Grand Trunk Pacific debentures rose 5 points yesterday to 47, and this price was maintained today. This advance is due to a recurrence of rumors of developments favorable to the holders, but there is no confirmation from authentic sources. There has been spasmodic speculation in this stock for some time, the price rising as high as 52 some months ago, but fell back when action failed to support the rumors.

Montreal List

MONTREAL, Jan. 16.—With an expansion in volume, trading on the stock exchange today was marked in general by a weaker tone. Bank of Montreal proved the strong feature, advancing to a new high level of 237, up 4 points. Spanish preferred was the soft spot, closing at 102½, down 2½ points.

Brazilian closed at 43¾, down the fraction and was the market leader. Bell Telephone was off ¾ at 115½.

In the papers, Abitibi was off 1⅞ to 66; Brompton declined 1½ to 37½; Howard Smith was off 1½ to 77 and Spanish common lost 1¾ at 93¾.

Other price changes included Canada Car, off 2 points; Canada Steamships preferred, down 2¼; MacKay, off ½ and the preferred up ½. Sherwin Williams preferred was up 2½ to the new high of 98½; Steel of Canada was off 1½; Winnipeg Railway was off 1¼ and the prefered off a point.

Total sales, listed, 5905; bonds, $91,700

MONTREAL, Jan. 16.—Consolidated Mining & Smelting, $26 bid.

Toronto Board

TORONTO, Jan. 16.—The stock market displayed some hesitancy today which was indirectly attributable to the complexities arising in Europe. The tractions were more active than any other group but no important price change was reported. Barcelona was up ¼ at 15, while Brazilian softened ¼ to 44. Winnipeg Railway preferred changed hands at 80. Canadian Pacific Railway reacted from 145 to 143. Pronounced weakness was again displayed by steamships preferred, which changed hands at 50¼, down 1¾.

The industrial group fared little better than the utilities, British Empire Steel first preferred reacting to 69¼, while the preferred was unchanged at 26. Brompton sold off to 37⅝.

Canada Cement preferred advanced to 101.

Says Prohibition Can't Be Enforced in Certain States

WASHINGTON, Jan. 16.—Declaring that prohibition "had utterly failed to prohibit," Representative Cochran, Democrat, New York, told the house today that if the president should call into the enforcement service all the forces used after the civil war to enforce the fourteenth and fifteenth amendments, "the result would be the same—a dead letter in many states."

The New York representative, who was speaking in reply to the charges of liquor drinking by high officials, recently made on the floor of the house by Representative Upshaw, Democrat, Georgia, added that "fanaticism and regulation gone mad" already had resulted in disorders in some sections of the country, and had demonstrated that there are localities where the eighteenth amendment "cannot be enforced."

TIMBERMAN SHRINER DIES AT MONTREAL

MONTREAL, Jan. 16.—Phillip D. Gordon, prominent in the timber business and in Masonic circles, died at a local hospital here today, aged 63. He was born at Brantford, Ont. He was one of the seven men selected who looked after the erection of the Shrine hospitals for crippled children on this continent.

Senate Is Hangover Dominion Ruthless Says Premier Drury

HAMILTON, Ont., Jan. 16.—Discussing the Lake of the Woods power development and its vast importance to Ontario, in an address before the Kiwanis club here today, Premier E. C. Drury of Ontario referred to the senate of Canada as a "political hangover."

Canada could get along without the senate, the premier thought. There must be no more "ruthless overriding of provincial rights," and he hoped that the senate would pause before it reached its "overdue coffin."

Mr. Drury criticized the Dominion government for taking control of the Lake of the Woods water power under what he called "a pretense that it was for the benefit of Canada."

The situation was so serious to Ontario that it could not be allowed to pass unnoticed. If the Lake of the Woods could thus be taken, there was nothing to prevent the taking of the Niagara, St. Lawrence and other power rivers.

Joseph Martin Says Insulin Is Quite the Pure Quill With Him

VANCOUVER, Jan. 16.—Joseph Martin, K.C., well-known lawyer, it was announced today, was one of the two patients selected by the General hospital here for treatment with insulin. Mr. Martin was the first to submit to the treatment, and today he said as far as his health was concerned, he felt better. He could not speak in sufficiently high terms of the effect of the treatment upon him.

Experience here has shown that insulin is subject to alteration by climatic conditions. This is the situation confronting those who are administering it in Vancouver, but it is hoped this condition will in time be overcome.

TRAIL HOCKEY TEAM DEFEATS NELSON BOYS

Smelter City Stickhandlers Win by 5 to 2 Score; Richardson Stars

TRAIL, Jan. 16.—By a score of 6 to 2 the Trail aggregation of puckchasers last night went into the lead in the West Kootenay league senior race, over the Nelson seniors. A large crowd of spectators were present at the game, which was the first senior match played there this winter. The ice, considering the soft weather of the past few weeks, was fair and some classy hockey was dished up to the fans.

Nelson started things in the first period when Frank O'Ginski, the hustling Nelson center man, landed the puck behind Garland on a pass from "Dutch" Richardson. Patton and Lauriente of the Trail team came back and put Trail in the lead, which was never overcome by the Nelson team. F. S. Willis handled the bell and R. Walker of Trail and S. Desireau of Nelson acted as timekepers.

The teams took the ice as follows:

Trail	Position	Nelson
R. T. Garland		J. Notman

P. McIntyre		N. Richardson

O. Kavic		L. Desireau

Lady Bowlers Are Showing Lots of Class on Alleys

Last night was ladies' night on the Y. M. C. A. bowling alleys, and a large number of the feminine pinmashers were busy improving their averages. Scores rolled last night ranged from 135 to 155, and some excellent bowling was done.

A ladies' bowling tournament is now being drawn up, and five teams will compete for prizes, all games to be played on Tuesday nights, which is ladies' night. Since the start of the ladies' night, several new faces have appeared, and the men of the city will have to keep hustling if they expect to get ahead of the women in future games.

Allen Still Heads Bowlers on the New Semaphore Alleys

Bowling continues with much enthusiasm on the Semaphore alleys, and some excellent scores are being rolled up by frequenters of the alleys. J. H. Allen still leads the pinmashers with a high score of 257. Scores of over 200 made in the past week are J. H. Johnson 237, and J. Wallace 204.

Arrangements are going ahead for the start of a tournament, and some lively games are expected. The game of five pins has also taken a great hold on the bowlers, and some exciting games have been pulled off, Charles Ryley, with a score of 68, still heading the bowlers in this game.

CLEVELAND GETS OWN BACK

EVELETH, Minn., Jan. 16.—Cleveland made it an even break for the two-game series by defeating Eveleth here tonight, 3 to 2.

GRANITES BOW TO STUDENTS

TORONTO, Jan. 16.—After winning four straight games in the O. H. A. senior campaign, Granites were forced to bow before University of Toronto here tonight, 4 to 3.

BOXING BODY WON'T AWARD RING TITLES

International Organization Sets Strict Limits for Itself; Burke Is President

NEW YORK, Jan. 16—Tentative indorsement of a national registration bureau, refusal to intervene in selection of championship contenders or arbitrary award of ring titles and recommendation that the minimum age limit for boxing participants be fixed at 18, with no maximum age barrier, were the outstanding developments today at the closing session of the two-day convention of the National Boxing association.

The question of intervening to prevent the proposed return heavyweight championship bout between Jack Dempsey and Jess Willard again came up, but the association decided the matter was outside its jurisdiction.

Discussion of the pending championship encounter, which Promoter Tex Rickard proposes to hold at Boyle's 30 acres, Jersey City, on June 30 or July 4, developed a concensus of opinion that Willard should first engage in one or two trial bouts to show his fitness.

Fitness, Not Age

Discussion of the age limit drew criticism of the New York state boxing commission's regulation permitting only men between 21 and 38 to participate in main bouts. It was the feeling of the convention that fitness of the individual, and not age, should be the determining factor.

The association's refusal to pick champions or title holders was the result of a request that it help determine the proper holder of a belt donated for competition in the 140-pound class.

The fate of the proposed national boxing registration bureau, designed as a clearing house for all pugilistic information, rests with a committee appointed to examine the plan, and take a mail vote among boxing commissions in the states and countries affiliated with the national boxing association. Its operation, it was said, will depend upon the cooperation of boxing commissions in New York and Massachusetts, neither of which is a member of the National Boxing association.

Richard T. Burke, of New Orleans, was unanimously elected president of the association, to succeed W. H. Liginger of Milwaukee.

Prevalent Bad Weather Puts a Stop to Hockey

While the curlers of the city have been trying everything possible to make a change in the weather, the hockey fans have also been busy studying the weather charts quite closely. Last night the Nelson seniors were beaten in Trail on rather soft ice, and while the seniors were working hard in the smelter city, the Cubs were going through a stiff workout on local ice. The ice was in fair shape at first, but proved quite soft and slushy at the end of the practice.

A large number of skaters also took advantage of the band at the rink last night and a good night's enjoyment was had. Unless the weather man suddenly changes his mind, hockey will be all off again until old Jack Frost again appears with lots of peppy weather.

Scottish Curlers Fail to Win in a Whole Day's Play

MONTREAL, Jan. 16.—The visiting curlers failed to register a match victory during the whole day here today. This evening the home rinks defeated Scotland 35 to 31. In the afternoon the Scottish rinks were defeated 62 to 40.

Nelson Bowlers Again Victorious Over Revelstoke

Nelson was again victorious in the telegraphic bowling game with the Revelstoke pinmashers last week, according to word received in the city yesterday. Nelson's score was 4934, while Revelstoke's was 4565, which gives the local men a margin of 369 pins. The local maple wallopers bowled on the Y. M. C. A. alleys.

EDMONTON ICE MEET TAKES PLACE NEXT WEEK

EDMONTON, Jan. 16.—In connection with the Edmonton ice carnival next week there will be a big program of amateur skating races. The events will include 220 yards, 440 yards, half-mile, mile, three and five miles. The Blatchford trophy will be given to the winner of the most aggregate points.

LOCAL CURLERS ARE DEFEATED IN ALL-COMERS

Visitors Win Victory in the Opening Match After Interesting Competition

BONSPIEL GETS AWAY TO SUCCESSFUL START

Grand Challenge and Rossland Events Postponed; Annual Meeting Tonight

Though the weather left the ice not nearly as keen as was desirable, the twenty-seventh annual bonspiel of the British Columbia Curling association got away to a good start at 8 o'clock yesterday morning and the matches throughout the day and last evening were keenly contested.

In the opening—the all comers—the visitors carried off the laurels from Nelson with a score of 83 to 50.

In this event the Rossland rink, skipped by N. Michaely, Rossland's new mayor, was prominent, winning from A. T. Walley's Nelson rink by 10 to 3. The Trail rink of A. J. Whitehorn also showed up well, defeating the local J. Cartmel rink by 13 to 7. Only one of the Nelson rinks was winner, Skip D. StDenis piloting his curlers to an 8 to 5 victory.

Despite the fact that the ice was soft and displayed water on the surface during the afternoon, the curlers, all of them, took everything in good spirit and the vagaries of the weather furnished the theme for many jokes.

The spirits of all were raised somewhat by the report that eastern centers reported a cold wave on the way.

Cable From Greenwich

But the climax came when President C. D. Blackwood received a cable from Greenwich—it must have come from Greenwich because it said so—which read as follows:

"Greenwich, C. D. Blackwood, president British olumbia Curling association, Nelson, B.C.—Moon changes 2:41 a.m. January 17, Greenwich time. Better weather conditions all parts of British Empire following five days. Official Observer."

After that all the curlers felt better.

"Ice too keen" was the "alibi" of not a few jokers who failed to play the rocks just where they were needed.

"Scotty" in the refreshment kitchen did a large business and made the visitors think it really was cold by pushing forward the hottest of dishes.

Word was received with much enthusiasm last night that the veteran curler, R. W. Grigor of Rossland, who was unable to take part in the bonspiel for the first time in his curling career, would be on hand for the annual meeting and banquet tonight. In his message the veteran stated that, though he could not take part in the bonspiel, he could not possibly stay away altogether from the gathering.

Banquet Tonight

The annual meeting of the association will be held at 5:30 sharp this evening in the Hume and will be followed by a banquet at 7 p.m., also in the Hume.

The draws for today, so far made up are:

8 a.m. draw—Bush vs. McHardy; StDenis vs. Mackay; Smyth vs. Peters; Myers vs. Michaely; Cartmel vs. Walley; and Archibald vs. Timms.

10 a.m. draw—Blackwood vs. Dill; Jeffs vs. Hunden; Martin vs. Smyth; Holmes vs. Tyson; McHardy vs. Whitehorn and Kinnis vs. Waley.

1 p.m. draw—Peters vs. Martin; Bush vs. Bunyan; StDenis vs. McHardy.

OUR POLICY FOR 1923

The huge success in the past year of our "STANDARDIZED" LINES, which are sold in all H. B. Co.'s stores at the same price, has given us encouragement to make greater efforts in this direction for the coming year.

Other lines have been added and when our New Goods for Spring are received the public will get other price concessions, obtainable only by concentrating and consolidating all our purchases, buying at the Factory and shipping direct to each store.

Putnam and Rheuaume Will Move and Second Reply to the Throne

OTTAWA, Jan. 16.—Harold Putnam, member for Colchester, N. S., and J. T. Rheaume, member of Jacques Cartier, Quebec, have been chosen by the government as mover and seconder, respectively, of the address in reply to the speech from the throne when parliament opens.

Mr. Putnam was one of the new Liberal members from Nova Scotia, at the opening of the last session. His victory in Colchester was regarded as one of the surprises of the 1921 election contest.

The seconder of the address this year, Mr. Rheaume, was returned by acclamation for Jacques Cartier in the byelection caused by the death of D. A. Lafortune.

Salvage Biplane From Wilds for Prest's Next Try

DAWSON, Y. T., Jan. 16.—The biplane in which Clarence O. Prest, the Idaho aviator, attempted to fly from the effete east to Siberia, may yet take wing again, or at least will not be a total loss. United States Marshal Clarence Budeney heads the party which has salvaged the plane and brought it to within 70 miles of Eagle, Alaska. The trail is being cleared of bordering brush sufficiently to bring the plane to Eagle for repairs.

Prest was compelled to land while flying from Eagle to Nome last summer. The plane was not injured, and Prest, after days of wandering, was rescued from the trackless bush. He is now in Kenmore, N. Y., and writes to his northern friends that he will fly in the Yukon and Alaska again next summer.

A rumor has it that he will attempt an "around the world" flight via Alaska in 1923.

MAIL SACK ON WAY THROUGH NELSON RIFLED

Bag Sent From Rossland to Kootenay Landing Is Slit Open; Money Extracted

DOMINION INSPECTOR PROBES DARING THEFT

Loss Is at Least Four Hundred Dollars, and May Prove Larger

The disappearance of a package of registered mail between Rossland and Kootenay Landing on Saturday is under investigation by Inspector Stewart of the post office department, and indications are that the money fell into the hands of a daring thief.

While as yet it has been impossible to ascertain definitely just how much registered mail is missing, it is known that the loss includes checks totalling $400, and about $24 in currency. This amount inquiry may prove to be considerably larger.

The money, it is learned, left Rossland safely. But when the bag was turned over to a mail clerk at Kootenay Landing it was found that it had been slit open, the parcels of checks and money extracted, and a number of letters opened, the money contained taken and the envelopes thrown back into the sack.

Bag O.K. in Nelson

Investigation locally has indicated that when the mail bag reached here it was in good condition, and that it left this city intact.

Immediately on notification of the occurrence, Dominion Inspector Stewart of Calgary opened an investigation. Yesterday he spent in Rossland in company with the Rossland postmaster and he arrived in Nelson last night.

Today, it is expected, will bring interesting developments. The inquiry is being conducted by the Dominion inspector, aided by W. D. Thompson of the Dominion Express company, Sergt. J. T. Browning of the Royal Canadian Mounted police, and Chief Provincial Constable E. Gammon.

It is hard to say which is the more flustering to a man—his first tete-a-tete with a girl he is just begining to love, or his last tete-a-tete with one he has just got over loving.

NASOOKIN TO ASSUME RUN

Will Go Back on Kootenay Landing Service; Kuskanook to Kaslo

After a lay-up of nearly eight months, the commodious lake steamer the "Nasookin," will on Thursday go back again on the Nelson-Kootenay Landing run. In the past few months the boat has been painted both inside and out, as well as having the woodwork touched up with varnish, and is in first-class condition.

Her boilers have been practically rebuilt, all new flues having been put in. In the past two days the boilers have been warmed up, and several tests have been made. It is expected that a trial run will be made today, after which she will go back to her old run.

With the Nasookin back on her run between this city and Kootenay Landing, the Kuskanook will revert back to the Kaslo run and the Kokanee will tie up at the local shipyards.
