MUSSOLINI CLEARS HIS DECKS IN ITALY

GOUGH WINDS UP THIRTY-TWO HOURS IN BOX

Says MacHaffie Criticised Only General Mason and Mr. Haney

DOESN'T KNOW YET RETURNS NOT RIGHT

Two Witnesses Testify British Columbia Limits Are Valuable

TORONTO, Jan. 5.—Evidence in the trial of R. P. Gough, vice presient of the Home bank which closed its doors in August 1923, on charges of making false statements to the minister of finance will probably be concluded tomorrow and counsel will start to address Judge Coatsworth.

Two witnesses, Hon. W. A. Charlton, and G. G. Boyd, a former British Columbia lumberman, gave evidence for the defence this afternoon regarding the British Columbia limits held by the Home bank. Examination of Mr. Gough, who took the witness stand in his own behalf, was concluded shortly after noon. He had been in the box for over 32 hours, extending over a period of several days.

Cooper Manson Not Criticised

Mr. Gough answered a few questions at the afternoon session, stating that W. A. MacHaffie, a former Home bank employee, in his complaints about bank policy, had always aimed his criticism at General Mason, the general manager at the time, and at M. J. Haney, the president at the time and that he had never heard him criticise Cooper Mason, who succeeded to the general managership.

Mr. Gough also stated that he knew the Frost, Pellatt and New Orleans accounts had been reviewed by the minister of finance. At that time there was another huge account from the Grain Growers which ran sometimes as high as $3,000,000 or $4,000,000. This account was always well secured said Mr. Gough.

He didn't know yet that monthly returns he had signed were false. He had always understood that a regular running audit of the books was being made.

Port McNeil Limits Double

Hon. Mr. Charlton said he was the member of a syndicate which owned a timber limit next to the Port McNeil limits on Vancouver island owned by the Home bank or companies in which the bank was interested. He gave evidence that the Port McNeil limit was a good limit and valuable. He said there was little fire hazzard, and figured the increase in timber on a limit from one to two per cent a year because of natural growth. There would be a demand for all good timber in the future, he stated.

G. G. Boyd was also interested in a firm which controlled limits on Vancouver island. He thought that from 1910 to 1918 the value of timber had doubled. He also considered the Port McNeil limit as good, stating that being near the water it only needed one logging railway, while other limits which he was interested in had a double haul, increasing the cost of logging $1 to $2 per thousand.

The crown had started cross-examination when the trial was adjourned until tomorrow.

SAYS MUSSOLINI RULE ATROCIOUS

Lloyd George Tells London Italian Liberals Nation's Only Hope

LONDON, Jan. 5.—David Lloyd George told an audience here tonight that Liberalism was the sole hope of Italian democracy, Freedom in that country, he said, has been completely suppressed.

Repression, arson, confiscation and murder, he continued, have become the instruments of government, and "there has been nothing like it in Italy since the atrocious rule of King Bomba."

"If the struggle against this historic despotism were left to the Socialists alone," said Lloyd George, "the Italian people would be confronted by a tragic choice between the violence and tyranny of Fascism, on one hand, and the chaos and ruin of Socialism on the other. But the Liberal party of Italy, broken in the cataracts and the whirlpools of the war, is now recovering its strength, and is giving a hopeful lead to those desiring to see the Italian nation once more a free people," he declared.

"The great Liberal leaders, Giolitti, Orlando, Salandra and Nitti are moving toward a new struggle for Italian freedom."

Fifty-seven Held in Bootleg Drive; All of One Family

VANCOUVER, Jan. 1. — Provincial police continued the drive against the bootleggers over the week-end, with the result that those arrested now total 57.

When Peter Loretto was taken in, he was the last of the Iaci family, being the brother-in-law of Peter, Joseph and Frank Iaci already gathered in. He asked:

"Got warrants for the children, too?"

Edmeston Reelected Fort William Mayor

FORT WILLIAM, Jan. 5.—Mayor Edmeston was reelected for 1925 today by a plurality of 601 over his nearest opponent, J. B. Crawford, who polled 1835 votes. Alderman Chappel was third with 1112 votes.

GERMS NOT 'PLANTED' IN MILLIONAIRE ORPHAN

LATE WILLIAM McCLINTOCK AND MISS ISABELLE POPE

The second chapter in the story of William McClintock, "millionaire orphan," is now being written in Chicago, where an investigation is in progress into the circumstances surrounding the death of the 21-year-old youth on December 4. Shortly before that date he had inherited a fortune valued at $2,000,000, and reputed to have brought ill-luck and early death to its every possessor. His will left this estate to his foster parents, Mr. and Mrs. William D. Shepherd, making provision, however, for a life annuity of $8000 for his fiancee, Miss Isabelle Pope, who is also shown above. He died of typhoid, and his body was exhumed to see if poison was also present, but none was found. Inquest witnesses from the laboratory testified that Shepherd, who is a druggist, called at various times and became an expert in germ cultures. The latest wire from Chicago, however, states that the health officer declares he has traced McClintock's typhoid definitely to oysters.

BOY FALLS IN MANHOLE, AND RIVER CLAIMS

Montreal Kiddie Trips While Grasping Straw From Passing Wagon

MONTREAL, Jan. 5.—Trying to get straw to feed his neighbor's goat from a passing farmer's wagon, five 7-year-old Douglas Dillon his life here this morning, when he tripped as he was grasping the straw, and fell head first down a manhole.

Carried Into the St. Lawrence

Employees of the city's sewerage department working in the icy waters of the gully here failed to find a trace of the body. The sewer runs straight to the river, and it is estimated that in 20 minutes at the most the boy would have been carried into the St. Lawrence.

Delphis Gervais, who was guarding the manhole, which had been opened to receive snow, was within a yard of the sewer at the time. The boy, apparently holding onto the sides of the sewer near the bottom, was screaming for help.

Man Lowered by Rope

Gervais lowered another civic employee at the end of a rope, but Douglas had, meanwhile been swept away by the water, which travels at a speed of about 10 miles an hour.

Cyril Dillon, aged 11, was a witness to his brother's fall. He told of the wagon approaching, and Douglas running after it as it neared the manhole. Just as the wagon passed with Douglas clinging to the rear, the boy lost his hold on the straw, and pitched through the opened grating.

LAWYER USEFUL AS FIFTH WHEEL

Judge Tells Would-Be Citizen to Send Lawyer's Fee to His Mother

VANCOUVER, Jan. 5.—"I want to tell you a lawyer in a naturalization case is about as useful as a fifth wheel to a coach," said Judge Grant today, hearing a number of applications.

The present naturalization policy was scathingly denounced. "Once a German or Russian, always a German or Russian," he said. A Greek could not become a citizen without the consent of his country.

"Are you a bootlegger?" he asked an applicant. Receiving a negative answer, he said:

"I am glad of that, for I want to say no bootlegger, white slaver, or man of bad character will be naturalized here."

To another he said:

"Save the money you are paying a lawyer, and send it home to your mother."

Twenty Magistrates Promise Manson to Enforce Strictly

VANCOUVER, Jan. 5.—Twenty magistrates of the mainland today met Attorney-General Manson in a conference, at which it was agreed the Motor and Liquor acts will be more strictly enforced.

Vancouver Judge Urges Bachelors to Get Married

VANCOUVER, Jan. 5.—A higher and better type of citizen will be demanded by Judge Grant while he presides in naturalization court here during 1925.

"I look upon this subject as one of the most important duties which comes before me," stated his honor, at the opening of court today. "It is the selecting of persons who shall be citizens of what we desire shall be a great country."

Bachelors were invited by Judge Grant to do their duty by their country and get married.

WOMAN ADMITS THREE HUBBIES AT SAME TIME

Young Woman Bigamist Gives Police Particulars; Ready for Punishment

SYRACUSE, Jan. 3. — Mrs. Flossie Fay Buckner Kirkham, aged 22, self-confessed bigamist, who recently gave herself into police custody "to clear her conscience," wrote a letter to Chief of Police Cadin today amplifying an affidavit of yesterday.

In her affidavit she told that she married Fred Kirkham in Oswego, Samuel B. Butler in Cumberland, Md., Milton Johnson in Canada, and J. Fred Arroway in Syracuse. She said she had divorced Kirkham at the time she married Arroway, but had not bothered about any other divorces, and that the Kirkham divorce did not come until after her marriages to Butler and Johnson.

In her letter today she told Chief Cadin she was ready to pay any penalty that might be imposed, and live a good life.

Congress Committee Cuts Out Vote for St. Lawrence Study

WASHINGTON, Jan. 5. — The appropriations committee of the house of representatives today eliminated the appropriation of $275,000 which had been asked for the purpose of providing for the continuation of the work of the engineering commission with relation to the St. Lawrence waterways project.

The committee reported the deficiency appropriation bill minus the waterways item. The members of the committee took the ground that its authority to recommend such an appropriation was doubtful.

Mussolini Bans Association for Italian Liberty

ROME, Jan. 5.—The government has ordered the dissolution of the central committee of the Italia Libera association, (Association for Italian Liberty), also all its sections in the provinces.

The measure, which is one of those announced Saturday by Premier Mussolini for overcoming the opposition to the Fascist government, is being carried out everywhere without incident.

Canadian Letters Slow in Delivery in British Isles

LONDON, Jan. 5.—(Canadian Press Cable)—Canadian letters which were mailed in different parts of the Dominion, December 15 or December 16, were not delivered here until today.

There has been a flood of protests to the postal department of the United Kingdom because of delays in the delivery of inland mails during the Christmas season. These protests might with justice be extended now to the delayed delivery of overseas mails.

Benny Leonard Falls on Stage; Touch of Grippe

NEW YORK, Jan. 5.—Benny Leonard, world's lightweight champion, who collapsed on the stage of a local theater yesterday afternoon after completing his act, is suffering from tonsilitis and grippe, Dr. Mottenberg, his physician, said today.

TWO YEARS FOR LOAD OF WHEAT

EDMONTON, Jan. 5.—Nick Poliuk, aged 23, of Wostock, with a record of two jail sentences for theft, was today sentenced to two years in the penitentiary for the theft of a load of wheat.

CHICAGO MUST STOP DIVERTING MICHIGAN FLOW

States Supreme Court Grants the Injunction Asked by Uncle Sam

CANADA IS JOINED AS A PLAINTIFF

Windy City Will Look to Congress and Secretary of War

WASHINGTON, Jan. 5.—The supreme court today affirmed the decision of the federal district court at Chicago restraining the Chicago sanitary district from withdrawing from Lake Michigan water in excess of the 250,000 cubic feet a minute allowed by the secretary of war.

Effective in Sixty Days

In a sweeping decision the court recognized the full and complete authority of the federal government, and declared that those interested in maintaining the present volume of intake—600,000 cubic feet a minute—must look to congress or the secretary of war for permission. To prevent any arbitrary action, the court announced that its decision would not be given effect for 60 days, and that it was made without prejudice to any permit which the secretary of war might issue according to law.

Referring to the "gravity and importance" of the question presented, to the large expenditures which had been made, and which might be necessary in the future, as well as to its bearing upon "the welfare of millions of men," the decision prepared by Mr. Justice Holmes, and read by Chief Justice Taft, in his absence, stated that such consideration, aside from adding to the solemnity of its duties, did not increase the difficulty of a decision. The law on the subject was clear, and the material facts presented were few, it stated.

Must Fulfil Treaty

In the controversy, the court continued, the United States was asserting its sovereign power to regulate commerce, and to control the navigable waters within its jurisdiction.

In addition to its right to remove obstruction to interstate and foreign commerce, the federal government was also bound to carry out treaty obligations to a foreign power.

Rely on War Secretary

CHICAGO, Jan. 5.—Enjoined by the United States supreme court today from a continuance of a flow of 10,000 cubic feet of water from Lake Michigan per second, for the disposal of Chicago's sewage, through the sanitary canal, the sanitary district of Chicago prepared to rely upon the secretary of war and congress for relief.

The war secretary, sanitary district officials hope, will grant a permit to maintain a sufficient flow to avoid a contaminated water supply obtained from Lake Michigan.

The waters of the lake are kept free of poisonous sewage by its disposal through the sanitary canal, the flow of which is maintained through diversion of water from the lake through the Chicago river, which the sanitary engineers turned backward.

Several Bills Pending

Congress, the sanitary officials also believe, has the power to grant the necessary relief, and several bills now are pending to maintain the canal and the sewage disposal system.

The plaintiff in the suit for an injunction, against Chicago was the United States government, with which was associated the Canadian governments, and numerous states and cities, as well as lake shipping organizations. Chicago has claimed that its water flow was not responsible for the lower lake levels, but that Canadian power developments have taken beyond their allowance.

Stewart Expected It

OTTAWA, Jan. 5.—The verdict of the United States supreme court which enjoins the Chicago sanitary district from a continuance of the 10,000 cubic feet diversion of water per second from Lake Michigan, is received with keen satisfaction in official circles here.

"The verdict of the supreme court bears out the contentions of Canada," observed Hon. Charles Stewart, minister of the interior. "It was a verdict we had expected."

Emergency Meeting Called

CHICAGO, Jan. 5.—Energetic measures will be taken at once to protect the Chicago area from a probable increase in disease which it is expected would result from the reduction of the flow of Lake Michigan water through the Chicago sewage system, as ordered by the supreme court of the United States today.

The steps will be outlined at an emergency meeting called for next Saturday, it was decided by the sanitary district trustees late today.

On learning of the supreme court decision, which upheld the injunction granted the government by the United States court here, sanitary trustees and Major R. W. Pitnam, regional army engineer, took into consideration the suggestion that the district apply to the secretary of war for a permit to continue the present flow until steps had been taken to dispose of Chicago's sewage in another manner than by the present means of diluting it with Lake Michigan water and sending it on its way down the Illinois and Mississppi rivers.

Ask Congress to Legalize

A move to ask congress to enact a law making the present flow of 10,000 cubic feet of water per second legal, was also started.

Engineers have been working several years on plans to handle the sewage by a sludge method. By such a system the waste matter would be chemically treated before being emptied into the drainage canal. The system would cost upwards of $100,000,000, and could not be placed in operation before 1945, the engineers said.

Kennedy Succeeds to Green's Post

INDIANAPOLIS, Jan. 5. — Thomas Kennedy of Hazelton, president of district No. 7, U.M.W.A., today was appointed by President J. L. Lewis as successor to William Green, who resigned as secretary-treasurer of the Mine Workers' International union to accept the presidency of the American Federation of Labor.

The appointment of Mr. Kennedy was ratified unanimously by the international executive board.

Barking of Dog Saves Six Folk in Yorkton Fire

YORKTON, Sask., Jan. 5.—The barking of a small dog awakened Mr. and Mrs. George Spanos when fire broke out in their cafe and living quarters here this morning, and resulted in six persons getting out of the building in safety. Spanos threw his three children out of a window into a snow bank, while Joseph Campbell, a border, fashioned a rope by which the three adults made their escape. Damage to the building and contents is estimated at $25,000.

FINANCE HEADS MAY HAVE SOME LIVELY TIMES

Momentous Session Opening at Paris Tomorrow Will Be Warm

SOME ALLIES WILL HAVE TO PAY BACK

Ruhr Accounting Complicated by British Claim for Share

PARIS, Jan. 5. — The famous clock room in the French foreign office where Woodrow Wilson, Georges Clemenceau and their fellow peace-makers prepared the treaty of Versailles, will assume the aspect of the treaty-making days, Wednesday, when the allied diplomats and the ministers meet there to settle some of the conflicts of the peace, and it is the general opinion that the discussions at issue are likely to furnish a few sessions that may surpass in warmth some of the liveliest meetings of the "big five."

States Claim Due Early

The demand of the United States government for a share in the proceeds of the Dawes plan as a means of paying the United States reparation claims and the cost of the occupation of the Coblenz bridgehead will came up early in the proceedings.

In view of the large attendance of allied finance ministers and experts, together with the representatives of the Washington government, it is expected that the conference will decide to refer most of the questions on its agenda to committees, holding full sessions only when the details of the problems have been threshed out in committee.

A settlement of the accounts of the Ruhr occupation will take up considerable time, as the accounting by France and Belgium is complicated by a controversy with Britain over how much of the proceeds of that occupation should be applied toward paying its expenses.

Revise Rhineland Sums

The question will be taken up in connection with a general revision of the lump sums fixed for the military occupation of the Rhineland. The French will ask that no limit be put upon the number of men maintained in this territory.

The conference will also be called upon to fix the costs of the various commissions' expences, which will be greatly reduced next year.

One of the most delicate tasks of the conference will be to demand that some of the allies refund amounts received on reparation accounts in excess of their share. Italy and Jugo-Slavia, for example, are said to have had in kind products worth considerably more than the amounts due them. France will put in a claim for back payment, as her receipts have fallen somewhat below the percentage allotted her at the Spa conference.

Cabinet Waiting for an Opinion on Coal Steps

OTTAWA, Jan. 5.—(Canadian Press.)—"We are waiting for the opinion of the department of justice, and that is our position," stated Hon. E. M. MacDonald, minister of national defence today, when referring to a dispatch from Winnipeg stating that the solicitor-general, Hon. E. J. McMurray, would conduct a further investigation of a civil nature, probably under the chairmanship of Hon. Mr. MacDonald, into the coal supply situation at Tuxedo Barracks, in that city.

It is stated that David Campbell, K.C., who was appointed some time ago as commissioner to examine into the alleged scandal, filed his report in November, which document is still before the department of justice for an opinion as to what further legal steps, if any, should be taken.

Jobless Continue Their Raids Upon Cafes in Winnipeg

WINNIPEG, Jan. 5. — The "out-of-works" continued their invasion of local restaurants today, and as a result Austin Beers of Pictou, N.S.; Benjamin Edbon of Toronto, and Edward Fortin of Gravelbourg, Sask., tonight are in jail awaiting a hearing on false pretence charges.

A dozen men, declaring they had been sent by the mayor, invaded a restaurant, were given a meal, and attempted to leave without paying.

The police were called, and nine of the invaders paid, while the three arrested refused.

LATEST CHURCH VOTING MIXED IN ITS RESULT

Twenty-six Congregations Vote Union and Fourteen Oppose It

TORONTO, Jan. 5.—Church union headquarters reported that during the day and up to midnight tonight results from 47 congregations had been received. Of these 35 voted for entering the United church, and 14 voted nonconcurrence.

All the returns from Saskatchewan were unanimous for union. The one from Vancouver was for union. Of the 26 reported from Ontario, 11 voted against union. The outstanding votes against union were Erskine church, Ottawa, and St. Elmo, which voted 4, for union and 64 against.

St. David church, Toronto, was the first to complete its vote in this city, and it gave a majority of 310 for union.

Four of the largest churches in London, Ont., voted union by large majorities, one was unanimous, two others voted against union, namely St. George and Nollwood park. Two churches in Owen Sound voted union by majorities.

Mayfair Rejects

SASKATOON, Jan. 5.—Mayfair Presbyterian church at its poll which closed tonight rejected union by 98 to 8. The total members on the voting roll was 145.

Weyburn Presbytery Strong

MOOSE JAW, Jan. 5. — With the exception of Knox church, Weyburn, the Weyburn presbytery has decided unanimously to enter the United church of Canada. Milestone church vote is 90 in favor and two against. McTaggart and Prairie View churches are unanimous for entering union.

HAMILTON CHURCH BALLOT ATTACKED

Unauthorized Clause Said to Favor Antis; Protest Is Entered

HAMILTON, Jan. 5.—Knox church, which has generally been supposed to be the home of the anti-church union movement in this city, is divided upon the question, and members of the congregation are circulating a protest on the legality of the ballot taken there.

It is charged that a fair chance is not given the congregation to vote on church uion. The form of ballot supplied the church members to vote upon, and in particular the parts dealing with "continuing the Presbyterian church," are declared unauthorized, and not contemplated by the act.

The clause which has been inserted in the ballots of Knox church is deemed by those protesting, prejudicial, and in interference with the judgment and understanding of the voters as clouding the issue.

It is charged in the signed protest that the ballot box has been taken to the homes of certain members, who have been allowed to vote there.

Friends Help Him Guard Against Fire; Three Just Escape

ROCKLAND, Ont., Jan. 5.—Fearing a fire during the absence of his wife, Armand Fommier, jeweler, had two friends stay with him overnight Sunday in his home over his store. Early this morning fire broke out in his store, and the three men barely escaped with their lives.

The building and its contents were completely destroyed at a loss of $3000.

Ontario Must See Total Eclipse or Wait a Century

TORONTO, Jan. 5.—The eclipse of the sun which will be visible in southern Ontario January 24, will be just a little less than one minute and a half in totality, Prof. C. A. Cant, of this city, told the Canadian club, in an address today.

The next total eclipse of the sun visible in this province will not occur until the year 2144, the professor said.

CABINET STEPS OUT TO ALLOW HIM FREE HAND

Resignations of Liberals Are Accepted, Leaving Only Fascisti

SALANDRA RESIGNS POST WITH LEAGUE

Police and Militia Reinforcements Ordered to Protect Railways

ROME, Jan. 3. — The expiration of the 48 hours in which Premier Mussolini promised the chamber that the political situation would be cleared up, has produced many important results.

First of all, the members of the cabinet have placed their portfolios at the disposal of Mussolini, in order to leave him free to reconstruct the cabinet unhampered.

Second, the ministers of education and public works, Signor Casati and Signor Sarrocchi, the only two remaining Liberal members of the cabinet, have resigned, and their resignations have been accepted by the king, thus leaving only Fascisti in the Mussolini government.

Ex-Premier Salandra Quits

Third, Signor Salandra has presented his resignation as Italy's representative in the League of Nations.

Fourth, reinforcements of police and militia have been ordered out, to protect the railway lines from threatened sabotage, and police vigilance has been increased generally, thus assuring peace if not tranquility.

Fifth, the authorities are continuing the seizure of copies of the opposition newspapers.

COMMUNIST AGENT GOES TO PRISON

Ruthenberg Flayed by Judge as Vassal of Third Internationale

ST. JOSEPH, Mich., Jan. 5.—Charles D. Ruthenburg, convicted of violation of the Michigan criminal syndicalism law, today was sentenced by Circuit Judge Charles E. White to serve from three to 10 years in prison, and to pay a fine of $5000.

Except the possibility of an appeal to the supreme court of the United States the sentencing of Ruthenberg by Jugde White today disposes of the first test of the Michigan Criminal Syndicalism act.

Destruction of Republic Its Aim

In the decision upholding Ruthenberg's conviction, Ruthenberg was flayed as a "voluntary vassal of the Third Internationale acting under orders from Moscow and pledged to obey orders." His purpose under the order of the Third Internationale was found by the court to be "the furtherance of the underground or illegal party of Communists, whose purpose and ends center upon the destruction of the republican or parliamentary form of government, by direct action and criminal force."

Dejected Workless Girl Takes Poison; Emetic Saves Her

TORONTO Jan. 5.—Out of work and dejected, and not wishing to accept charity, 20-year-old Mildred Bulmer swallowed a quantity of bichloride of mercury, at the home of her brother Saturday night, but when she realized her desperate condition she repented, and through aid which was given her, she is now recovering in hospital.

After she had taken the poison she ran to her sister-in-law, who gave her salt and water, and had her removed to the hospital.

The crown will not lay a charge against her.

Regina Antis Will Form Presbyterian Church Forthwith

REGINA, Jan. 5.—At a meeting of the dissident members of the five city Presbyterian churches which have voted to enter into union, it was decided to proceed with the formation of a Presbyterian church of Regina.

The first services will be held on Sunday in the city hall, and it also was decided that a call would be sent out for a new minister in due course. It was also decided to attempt the formation of a Regina presbytery.

WILL TACKLE MOUNT LOGAN IN THE SPRING

Funds Are Now in Hand; Windermere Man to Lead the Party

OTTAWA, Jan. 5.—An attempt to scale Mount Logan, highest unclimbed mountain on the North American continent, will be made in the coming spring, it was officially made known here tonight. Up to the present, lack of funds has prevented the party from making the attempt. Sufficient funds to provide supplies and equipment have now been secured.

Second Highest on Continent

Mount Logan stands 19,850 feet, and is the second highest peak on the continent. It is located in the southwestern corner of the Yukon territory. The party will leave Ottawa about April 15, proceeding to Seattle, where they will embark on May 2 for the Yukon. It is expected the attempt, if successful, will be completed by the end of July.

The party will be under the leadership of A. H. McCarthy of Wilmer, B.C. Other members of the party are H. F. Lambert, Ottawa; Col. W. W. Foster, Vancouver; Alan Carpe, United States representative, a photographer, his assistant, and two porters.

The famous Yale Bowl contains 23 miles of permanent seats.

COOLIDGE FOR COOPERATIVE MARKET PLAN

National Council Hears Saskatchewan Wheat Pool Discussed

WASHINGTON, Jan. 5.—An address by President Coolidge, indorsing the cooperative marketing system, and a criticism of Henry Ford by R. W. Bingham of Louisville, Ky., for alleged antogonism to farmers' cooperative organizations marked the opening here today of the third annual convention of the national council of Farmers' Cooperative Marketing associations.

Addresses by former Governor Frank Lowden of Illinois, Carl Williams of Oklahoma City, and A. J. McPhail, president of the Canadian Wheat Producers, limited, were other features of the meeting.

Mr. Coolidge in an address to the association's members, at the White House, described cooperative marketing as the best means of stabilizing the country's agricultural organization, but warned that the system possessed no magical attributes, and must start from the soil, and be developed upward.

Henry Ford Criticised

Mr. Bingham, chairman of the meeting, in his criticism of Mr. Ford, referred to a recent issue of the Dearborn Independent containing an article on the Staple Cotton Cooperative association.

Despite attacks, commodity cooperative marketing movements is stronger now in members, volume of business and achievement than ever before, Mr. Bingham asserted, and has the direct support of the president and forward-looking financiers.

Former Governor Lowden advocated cooperative organization among corn growers and dairy farmers, and declared he thought he could foresee when "everything produced upon the farm for the market will be marketed by the farmers themselves, through an organization of their own creation."

Pointing out that cooperative marketing raises the basic prices of a product to all farmers, Mr. Williams said efforts this year should be directed toward bringing every member into an intelligent and loyal contact with the associations' purpose and methods.

Saskatchewan Plan

Mr. McPhail described the wheat pooling methods practiced in western Canada. Over half the wheat acreage in Saskatchewan has been placed in a five-year contract pool, directed by the farmers, he said.

You will be comfortable and able to enjoy the food you like and want. Even after taking off many pounds, there will be no flabbiness or wrinkles remaining. You will fell 100 per cent better. All drug stores the world over sell Marmola Prescription Tablets at one dollar for a box, or the Marmola Company, General Motors Building, Detroit, Mich., will gladly send them to you on receipt of the price.

AGRICULTURE BODY STARTS UPON WORK

Discusses Cattle Finances with Farm Loan Bank Heads in Session

WASHINGTON, Jan. 5.—The president's agricultural commission went to work today on its program for immediate relief measures for the live stock industry.

After spending the greater part of the day arranging procedure and exchanging views, the commission sought from the presidents of the 12 federal farm loan banks, who are in session here, their advice regarding financing of the cattle industry.

The commission, which sent its six weeks' recess in study of information supplied by government agencies, is considering aid for the cattlemen through four channels—finance, tariff, transportation and marketing. It is the plan of the members to recommend a relief program within two weeks.

Leaders of the national council of farmers' cooperative marketing associations probably will be invited to appear before the commission when it takes up the marketing phase of the problem.

AUSTRALIA BANS THE IMPECUNIOUS

Forty Pounds Necessary for Immigrant After End of March

MELBOURNE, Australia, Jan. 5. — In order to prevent an influx of impecunious immigrants next spring, the federal government has issued a regulation which states that no person shall be allowed to land in the commonwealth after March 31 unless in possession of at least £40.

For some time past there has been strong agitation in Australia against certain immigration, particularly of southern Europeans. It was charged that these people were permitted to enter the country at will, and that many of them had no money or prospects and therefore became a burden on the commonwealth.

On December 28 the police of Adelaide were compelled to adopt strong measures in order to quell a riot which followed a demonstration of navvies against the immigration of southern Europeans. Several persons were injured in the riot, and a number of arrests were made.

GERMANY STATES CANADA TREATING

Ottawa Denies Statement but Says Treaty Is Under Consideration

OTTAWA, Jan. 5.—Canada has not among the British dominions, Canada has opened negotiations with the German government for a customs agreement from Saturday next, when Germany's obligations under the peace treaty to give the allies the most favored national treatment expires.

Britain's position was secured under the recent commercial treaty which contained a clause giving the dominions the option of adhering to it.

No Formal Negotiations

OTTAWA, Jan. 5.—Canada has not opened formal negotiations with Germany for a renewal of the "most favored nation" treaty which has been in effect since the treaty of peace was signed five years ago.

Dispatches from Berlin which state that definite steps have been taken by the dominion to adhere to the commercial treaty recently signed between Great Britain and Germany, are not strictly correct, it is stated in official circles here.

There have been discussions in cabinet council on the advisability of renewing the commercial treaty with Germany, and the whole subject will be threshed out, in all probability, when council meetings are resumed the latter half of this week.

Meanwhile the most definite information available is that the matter is under consideration.

WOULD RETAIN GOLD EMBARGO

Coast Mining Men Also Wish Ban on the Export of Placer Gold

VANCOUVER, Jan. 5.—A resolution asking that the embargo on the export of Canadian gold be not lifted in July, but extended for another year, that no permit for the export of placer gold be granted in British Columbia, and that the present Mining act as it affects gold exports be renewed when it comes up for revision a year from next July, was passed at a meeting of representative mining men and wholesale merchants here tonight.

English Town to Keep Shield From Old Quebec Gates

LONDON, Jan. 5.—(Canadian Press Cable)—The question of whether the town of Hastings should retain a shield taken from the gates of old Quebec which has been discussed a number of times in the past 20 years, has been settled by the Hastings town council deciding to keep the shield.

The shieled was brought to England by General Wolfe Murray, a descendant of General Kolfe, who won Canada for the British crown and, as he belonged to Hastings he presented o to that municipality.

Interesting Understanding

One most interesting letter came to the office on Wednesday. It is from a Kitsilanio home, written by a mother of four children. After telling us that Pacific Milk is consumed at the rate of two cans per day in her house, she goes on to say that she thoroughly appreciates what it means to use Made-in-B.C. products. Her husband is employed in a local industry. His work depends entirely upon the orders his company receives.

MAN WANTED IN WINNIPEG TAKEN HERE

Wilfred Godin Faces Serious Charge; Arrested at Bonnington Falls

Wanted in Le Pas, Manitoba, on a charge of seduction, Wilfred Godin of Le Pas, was on December 31 arrested at Bonnington by Provincial Constable Hugh W. King of the Nelson detachment.

Godin has been confined in the provincial jail since then, and will this morning be taken back to Winnipeg to aswer to his charge. Provincial Constable Mitchell of Winnipeg arrived in the city yesterday, and will take Godin back with him.

Godin was traced from Le Pas to Cranbrook, but had left that city before he could be located. He was traced to Nelson, and through mail addressed to him in the local post office Constable King was able to locate him at Bonnington.

SAGE TEA KEEPS YOUR HAIR DARK

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

NORA LEE

Elenore Meherin's Greatest Story

Revealing the Heart and Soul of the 1924 Flapper

CHAPTER X.

REVELATION

She waited with her eyes shut for him to speak, his hands to touch on hers.

But he stooped with a sudden change of purpose and stirred the crimson coals. A chill and a silence crept between them.

She moved to the door . . . "I must go."

"Won't you rest a moment? You seem cold. Your feet are wet."

"No. I only wanted to tell you this."

He knelt before the stove, its flame putting an amber glow on his brown skin and thick, brushed-back hair. A puzzled, unhappy look about his straightened mouth and his chin, shaking a little, unnerved her. He said, adding a short, stumpy log to the blaze, 'I wonder why you wanted to tell it? You sent me away, Nora Lee. You grabbed the very first chance to be rid of me, to break things between us."

She smiled, for this seemed such a pathetic thing he said as though he asked her not to blame him that h's love was dead, since she herself had killed it.

"And then the first thing I knew you were engaged."

"Ah — yes —" Her hand now fumbled at the knob in its eagerness to open it—to escape. He wondered why she came to tell him this!

He watched her—a drawn, white line deeping from his nose to the corners of his lips. "Are you in such a hurry to be gone? The lock turns the other way—wait . . ." He rose mechanically, came over and leaned against the door.

A gusty wind blew down the chimney, sending puffs of smoke into the room. The rain rattled against the windows, scampered on a tin roof.

Nora Lee listened with her head *lowered: "Open the door, Dane."*

"No—you can't go out in this. You'll have to wait till it stops." He pushed her gently to the chair near the fire, waited till she took off her coat. Then he stooped down and felt her shoes. "They're dripping, Nora Lee. Kick them off. You're frozen. I have coffee outside."

He stood before her, holding the cup. They were suddenly and pitifully like two children, staring into each other's moist, trembling eyes.

"This is awfully nice in you, Dane," she said unevenly, a warmth and a lulled peace stealing through her veins. She thought, with a twinge of pain: "Oh, this is like coming—home—to rest and rest—"

She closed her eyes. The black curls fell across her forehead and the violet shadows gave a wistful touch to the sweet, ardent youngness of her face. She closed her eyes for she longed to cry—to go up to him and say: "Love me as you did! Can't you?"

"You think it odd that I've come, Dane?"

"Isn't it? It seems to me."

"But I wondered why you sent back all the letters now and not before. I wondered why that last letter enraged you." She spoke without opening her eyes and in a soft, wavering voice. "Won't you tell me why you did it?"

He had been sitting forward, his *hands clasped at his knees.* He now stiffened, a grim, angry light striking in his eyes. He accosted her with an outraged, moody silence.

She winced and grew faintly sick before the scorn in his look.

"Is it so hard to understand, Nora Lee?"

"Yes—it is for me. You sent for the letter. You must have guessed what it would say. Why did it make you so ruthless? Why did it wish to crush me with such curtness? You even sent back the snapshot—the first one you ever took of me."

He smiled, the white, flashing teeth snapped together. "I ruthless! I sent for the letter—yes. It *belonged to me. I wondered what* you'd say. That letter was here last night when I arrived. But in the afternoon I saw your house."

"My house? What do you mean?"

"I saw your house in San Mateo. It's about ready now. They were moving in the furniture. When I got home I found and read your letter. Rather a fine joke on me, wasn't it?"

He got up as though he could no longer endure her presence and walked to the opposite end of the *room, scrutinizing a minute picture* on the wall.

She pressed her fingers lightly against her lips. In her inmost pulse there rose a faint, ecstatic thrill. *She sped after him,* touched his sleeve, forcing him to look at her. When their eyes met, she laughed: "You love me! You love me still!"

He grew pale—desperately pale. Her hands dropped from his arms. "I am not asking you for love, Dane. I don't expect it. I don't deserve it. But it's not odd that I wish you to *think* a little better of me—not odd that I want to undo some of the bitterness. That house isn't mine. No house is mine."

"Are you not to marry him?"

"You mean Richard? No. I'm not going to marry him or anyone. I couldn't."

"Does he know that you won't marry him?"

She gave a sharp, stricken sound like a moan and bit her lips quickly. "Why yes—he knows it. He's gone away for awhile now. He settled *with the old man we injured—and* he went—"

"He isn't coming back?"

"I told him it would never do to hope—" The curls crept from under her hat and were dark against the curve of her neck. He saw them and trembled.

He said absently. "It's a beautiful house."

Her shoulders drew down as though a lash struck her. She made a hurried staggering move to the door. He caught her outstretched hand and clenched it.

"Nora Lee!"

"Ah—let me go now—I've said all—all I had to say—"

"Nora Lee—you think you don't care about those things any more?"

"Let me go, please—"

But he took her other hand and pressed the two gently together. She felt rather than saw his agitation in his face; felt his eyes delving into hers. He remained silent a long while. Suddenly his hands trembled on her shoulders. "Nora Lee—did you come *to take me back?"*

She tried to free her hands to hide her face in them. "Do you want me, now, Dane?"

"Yes."

"But you don't love me as you did?"

"You just told me that I did. You know that I do."

"Then why do you sound sad about it?"

"I'm not sure that you want me, Nora Lee. Perhaps this is just another impulse. Tomorrow you may change."

"Don't" she raised her head quietly and glanced in his eyes. Seeing the the sweet, stubborn mouth twitch, the brown, cleancut head so near to hers, a new sweet thrill fell like a fragrance about her. "There was never an impulse but one, Dane—*never! I've never cared for anyone* else. It's true that I never can."

An odd, flickering light crossed his face—a shadow of the old merry twinkle . . . "Do you think you could be happy in a dingy, hideous room like this . . ."

A sob rose to his lips—he crossed his arms about her, pressing his face down against her neck . . . holding her so. She wasn't sure whether *he was laughing or crying.* "Want to help keep the glow here, Nora Lee . . . want to stay . . ."

"Like I want nothing else on the earth."

NEW MOTOR LICENCES ARE NOW IN USE

Marcus Martin Purchases First Licence in New Year

DRIVER'S LICENCE FOR ALL OPERATORS

Three-Card System in Use; Speed Limits Are Changed

A total of 33 motor vehicle licences and 12 chauffeurs' licences have been issued at the local government offices since January 1. Almost all motor vehicles in use at present in the city are now displaying the new licence plates.

Local police officers have been busy in the past few days checking up on drivers of vehicles who had not changed their plates to this year's licences. As a result all motors in use are now decked out in new plates.

Marcus Martin, local transfer man, *was the first man to get his licence* numbers, and Adam Crickshank of Willow Point was a good second. The plates this year bear the same style of numbers as those of last year. The numbers, however, are white on a black background. Nelson district this year bears the district number 19 in place of 18 of last year. The first chauffeur's licence number is 4601.

All Drivers Licenced

Under the Motor Vehicle act some new chapters have been inserted by the government. Chief among these new clauses is the one which states that every person driving an auto shall have a driver's licence, which can be obtained for the sum of $1. This licence is good only to the person to whom it is issued, and must be carried by him at all times, and must be produced at *any time when* requested to do so by officials. In the case of the loss or destruction of a driver's licence a duplicate licence may be obtained for the sum of 25 cents. *A driver from a neighboring province* who has complied with the laws of his place of residence, may operate a motor vehicle in British Columbia on that licence issued in his home town, provided it is presentable for inspection at any time.

Driving to common danger is strictly prohibited under new amendments to the act. Every person, according to the act, shall operate his car in a careful and *prudent manner having re*gard to all circumstances, including speed, nature and condition of the highway; slowing down to 10 miles per hour when passing schools or playgrounds; and shall drive the car so as not to endanger the life and limb of any person.

In describing any offence under this section it shall be sufficient to charge the accused person with driving to the common danger, and the conviction of the court or magistrate shall be sufficient if it sets forth that the accused person did drive to the common danger.

Speed Limits Changed

Except in the case of a fire depart*ment, any person or persons operating* a motor vehicle faster than 20 miles per hour in a city and 30 miles per hour in the country is deemed to be driving this motor vehicle in other than a careful and prudent manner.

When a driver makes application for a driver's licence this year he is given a white card. When a person is convicted of an offence against the Motor Vehicle act he must, in addition to any penalty imposed by the magistrate, surrender his white licence card. The magistrate then, in substitution for the licence surrendered, shall issue on behalf of the superintendent, a *duplicate licence bearing the same* serial number, but this time on a blue card.

If a person convicted of an infraction of the act is the holder of a blue licence he shall be forced to surrender the same, in addition to any penalty provided. In its place is substituted a yellow licence bearing the same serial number, etc. In case the person convicted is the holder of a yellow licence, the magistrate shall, in addition to any penalty provided, take up the yellow licence and shall suspend it. The licence is then forwarded to the superintendent, who shall have the *power to discontinue the suspension at* any time he sees fit, or he may cancel the licence for good. In case the licence is cancelled the superintendent shall not issue another licence to that licencee until a period of one year from the date of cancellation.

Three Months' Term

Every person who operates a motor vehicle while his driver's licence is under suspension or after the cancellation of the same, is liable upon summary conviction to imprisonment for a term not exceeding three months without option of a fine.

Chauffeurs or persons employed as *a motor vehicle driver or driving a* car for hire must purchase a chauffeur's licence, costing $5.

Under the Highways act several new amendments have been made in regard to bicycles and their operation. Every bicycle must be equipped with a lamp on front with a beam light of 200 feet. This lamp must be burned between sunset and sunrise. Every *bicycle must have a red reflector* on the rear. Under the Motor Vehicle act it is unlawful for a person to ride as a passenger on the handlebars or frame of a bicycle or motorcycle, on any highway. Full particulars of every conviction under the acts noted above are forwarded to the superintendent by the magistrate hearing the case. Local police officials have given notice that the act will be enforced to the letter in the city.

HEART TROUBLE SHORTNESS OF BREATH

Mrs. Geo. E. Bowman, Morrisburg, Ont., writes:—"I am writing you a few lines to let you know of my experience with Milburn's Heart and Nerve Pills. Two years ago I became very poorly with my heart and nerves, and whenever I took the least little bit of exercise my heart would start to jump and flutter. I could not walk upstairs without having to sit down and rest before I was halfway up, on account of my breath becoming so short.

"I commenced taking

PRESBYTERIANS IN BRITISH COLUMBIA, BE WARNED IN TIME!

Do not be deceived by the statement that the Presbyterian Church will go into the United Church and yet remain UNCHANGED.

The Act of Parliament specifically says that the three churches will be united in ONE BODY "CORPORATE AND POLITIC."

These churches CANNOT BE SEPARATE and at the same time be in one corporation.

If you wish to remain PRESBYTERIAN, VOTE "NO" on the ballot.

The Act provides that Presbyterians who do not enter this corporation may constitute their own church, and so continue its work in Canada and abroad. Canada, to which THOUSANDS OF PRESBYTERIANS WILL COME from all over the globe, must not be without a Presbyterian Church in which these newcomers will find a Church home.

Once you have voted to enter the Union Church, and *to hand over your property to the Union Church,* it does not matter what hapens—you may be ever so much dissatisfied; you may leave that church; BUT YOUR PROPERTY IS GONE FOREVER. YOU CANNOT TOUCH IT. THE UNITED CHURCH HAS A BIG APPETITE FOR CHURCH PROPERTY.

Leap Year No Longer in Honor

Quick, Quick! Where are the official all-Canadian figures on this? A Toronto New Year's Eve dispatch admitted that the 1924 marriages in the "Queen City" were some hundreds below those of 1923—something like 6500 against 6000.

And 1924 was Leap Year!

Now, here is a similar experience for a whole state—California. The Los Angeles Times reports:

"Marriage statistics in California prove that the supposed privilege of women to propose to the men in Leap Year is a custom that exists in name only. The number of weddings in 1924 on an increased population basis is actually less than the figures for 1923."

These tendencies may in fact be typical. Some one should look into this. Kootenay figures, unfortunately, are not yet available.

An old cynic evidently penned the item in the Los Angeles Times. His explanation of the California phenomenon is:

"For modern girls, every year is Leap Year, but they are learning to live up to the old proverb, 'Look before you leap.'

Sam Weller Saved 'Pickwick'

A first edition of the Picwick Papers" has brought £700 at Sotheby's in London. If Dickens had not invented Sam Weller in the fourth number of Chapman & Hall's publication, which was to come out in monthly parts at a shilling apiece, there would probably be no bidding for first editions. The first three numbers were a drug on the market. An average of only 50 copies was sold. The author's friends had predicted failure. "A low, cheap form of publication," which could ruin his reputation, they said. Chapman & Hall were seriously thinking of abandoning the venture when rollicking, slangy Sam Weller appeared upon the scene. He soon became the rage. Circulation jumped to 40,000 copies a month.

Dickens had no expectation of receiving more than so much a sheet for his work. But when the twelfth number was out the publishers sent him a check for £500 in addition to the monthly payment. By the time the last appeared they had given the young author an extra £3000.

Chapman & Hall's profit before publication of the book was £14,000. Their receipts from many editions of the book must have been tremendous. While Sam Weller saved the day and kept (as it was said) Charles Dickens in literature, It was Mr. Pickwick whose name sold canes, hats, coats, gaiters, cigars, biscuits, and was given to inns and clubs.

The edition sold at Sotherby's was apparently the book published late in 1837, or early in 1838. In the end of 1837 the success of the completed "Picwick" was celebrated at a dinner, "Boz" presiding and Serjeant Talfoured in the 'vice chair." It was not a dry dinner, and the guests did not go home early. The London auctioneer knew his business when he put up this first edition in the Christmas season. One wonders what the 20 numbers in the green paper wrappers with Seymour's design would bring, today.

Mrs. K. C.—"I have a cousin who works in a steel foundry. Live sparks are apt to fall on him continually and this burns small holes in all his shirts. Can the shirts be made fire-proof in any way?

Answer—The shirts can be made fire-proof by soaking in a solution of one pound of ammonium phosphate to one gallon of cold water. Or add one ounce of alum or sal ammoniac to the last rinsing water when washing the shirts or to the starch water.

Bride—"I would appreciate a recipe for cream puffs."

Answer—Cream Puffs: Boil together one cup of water and one-half cup of butter; add one cup of flour all at once and heat. When mixture "balls up" and recedes from the sides of the pan, remove from fire, cool slightly, and break in four eggs, one at a time, beating two minutes after each egg is added. Drop this mixture while still warm by small spoonfuls into buttered pans and bake 30 minutes in a moderate oven. When cold, split and fill with whipped cream sweetened and flavored with one-half teaspoon of vanilla (one cup of chopped walnut meats are also delicious in the whipped cream). Just before serving pour hot maple syrup (boiled till thick) over the tops of the cream puffs. This makes an especially dainty dessert for a guest meal.

E. S.—"Have you a recipe for baked chocolate rice pudding?"

Answer—Baked chocolate rice pudding: Scald one cup of sweet milk, add to it one-third cup of washed rice and a pinch of salt, and cook these together until the rice is soft. Then remove from range, add one tablespoon of butter, one-half cup of sugar, one finely shaved square of chocolate, one-half teaspoon of vanilla and stir several minutes. Fold in the stiffly whipped white of one egg and pour this mixture (which is still warm) into a baking dish. Set the dish in a moderate oven and bake till firm — about 20 minutes.

Young Housewife—"What do you recommend for ordinary stains on the hands caused by rough housework?"

Answer — Salt dissolved in lemon juice does wonders in removing ordinary stains from the hands.

Mother—"Can you suggest an appropriate color for my high school daughter's dance dress? She does not want it like all the other girls'."

Answer—Periwinkle (that cross between lavendar and blue, with just a pinkish suggestion) is youthful, dainty and "different."

Tomorrow—Six good pudding recipes.

Platinum Bracelet Untouched on Toronto Main Thoroughfare

TORONTO, Jan. 5. — Though Yongs street, near Queen, was crowned with pedestrian and vehicular traffic between the hours of 9 and 12, on a certain morning recently, not a single person picked up the diamond-studded platinum bracelet, lost by a local young lady, during that period. The young lady in question, later returning to the spot where her motor car had stood, picked up the jewelry.

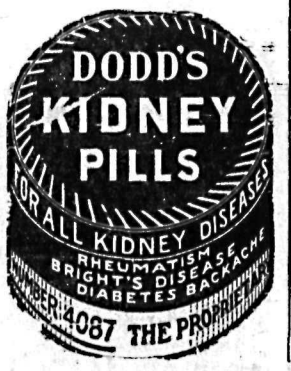
PROLONGED FASTING AIDS MENTAL POWER

WINNIPEG, Man., Jan. 5.—Following a fast lasting 360 hours, Dr. J. R. Goldstone, of the Thomas sanitarium, Winnipeg, has expressed the opinion that the human has a much larger stock of reserve energy than is ordinarily believed, and further that greater mental and physicial activities results from prolonged fasting.

During the 360 hours, Dr. Goldstone took nothing but water, yet lost only 14 pounds in keight. He found however, that his strength was not greatly impaired and declared that he coul easily have extended the fast another week. Throughout the entire fast period, Dr. Goldstone continued his daily activities and immediately after breaking the fast he ran five miles to prove his contention.



Styles

BY LENORE

Are you beginning to wonder what fashion has in prospect for the coming spring? Are you beginning to ask yourself whether lines are to continue straight, and whether you will have to stick to dieting to keep the umbrella silhouette which has been in vogue?

These questions are somewhat of a problem if it is necessary to fill in with new clothes at this in-between season before the new mode is launched. It as a recognized fact, however, that spring fashions cast their shadows before them in the styles designed for wear at the smart winter resorts, and so these may be looked to for reliable hints as to tendencies for the spring. Up-to-date, two of the outstanding features are the continued popularity of straight, slender lines, and the concentration of interest in ensemble suits, both for afternoon and sports attire. Simplicity of cut is also an almost invariable rule.

This character is reflected in the model shown in the present sketch, a sport coat designed for the Riviera and duplicated for Palm Beach. It is made of silver gray wool in a cashmere weave and the slimness is accentuated by the rows of buttons and buttonholes.

That Body of Yours

By James W. Barton, M.D.

A Daily Need

(Registered in accordance with the Copyright act.)

There isn't any sensible person these days that will try to tell you that exercise is not only beneficial but actually necessary to the body.

But just what exercise you should take, and how much is something that you confess you don't know, and perhaps have reached the point where you don't care.

Now, the ideal exercise would be something that exercised all parts of the body, and also something that you liked.

And if you can play a game that calls into action the bending of your body and the use of the legs, then you are getting the ideal exercise for that body of yours.

The bending of the body to reach a baseball, a tennis ball, a lacrosse ball, a football, a golf ball, or a bowl, will bring into play those abdominal muscles on the front and sides of the body, which will play directly across the intestines, and stimulate digestion and intestinal movement.

The muscles on the back, which bring you up from the bending position, as strengthened, and with front and back muscles receiving this development the proper "carriage" of your body is assured.

And then the use of the legs, as I've said before, by lifting your body off the ground, calls into play all the muscles of the legs—much more, in fact, than you have anywhere else. This requires stronger action of the heart to get the blood down there, and stronger action of the lungs to purify this extra quantity of blood that is required to replace the used or impure blood in this big bulk of muscle.

But you say, "I can't get a chance at any of these games." Perhaps you feel that you are too old for these games.

But you can still bend your body, and you can still walk or run slowly.

Three to four minutes twice a day will keep you pliable, and your heart and lungs strong.

MISSIONARY'S WIFE HAS DANGEROUS TRIP

Travels Over Forty-two Miles of Frozen Wasteland for Sick Indian

WINNIPEG, Man., Jan. 5.—Over ice-bound wastes, through partly frozen muskeg, skirting dense bush and tracking over unsafe ice, Mrs. Gaudin, wife of Rev. S. D. Gaudin, Methodist missionary of Norway house, recently made a 42-mile journey to help a sick Indian of the Manitoba northland. Although Mrs. Gaudin is 60 years old, she made the trip in a day and one half.

Unable to secure the services of another nurse to take her place, Mrs. Gaudin decided to make the long journey into the wilderness, herself.

Accompanied by two Indians hauling a jumper containing the camp equipment and supplies, she set out from Norway house on foot. The party was unable to use dogs as the rivers and lakes were only thinly coated with ice, and travel over these trails was yet unsafe.

Word was sent back to Norway house that Mrs. Gaudin had suffered no ill effects from her difficult trek. She remained in the distant north until her work among the Cree Indians was finished.

During the flu epidemic a few years ago, Mrs. Gaudin traveled many miles by dog sleigh, visiting the Indian camps along the trail and ministering to the needs of her charges.

Eleven years at Nelson house, some 600 miles north of Winnipeg; 16 years at Cross lake, 60 miles north of Norway house; and two years at Norway house, is Mrs. Gaudin's proud record in the Canadian northland. Her husband as missionary in that part of Manitoba, has completed his 34th year among the Indians.

HOTELKEEPER IN ROSSLAND IS CONVICTED

John Kushyn Given Fine or Two Months; Purchaser Also Fined

ROSSLAND, Jan. 5. — In police court this afternoon before Magistrate R. E. Plewman, two charges under the Liquor act were heard, in both cases convictions being secured.

John Kushyn, proprietor of the Miners' Home hotel, was charged with permitting drunkenness upon his premises. A Swede, O. Carlson, swore he had bought liquor at the Miners' Home while intoxicated. His evidence was corroborated by the local police.

Takes Severe View

The magistrate stated he took a very severe view of this case, as Carlson was evidently in a very weak condition from over-indulgence in alcohol when Kushkyn served him.

Kushyn was fined $100, with an alternative of two months in jail. The fine so far has not been paid.

Carlson pleaded guilty to a charge of drunkenness in a public place, and was fined $50, which he paid.

R. J. Clegg prosecuted in both cases. The accused was unrepresented.

BOSWELL DANCE AIDS PIANO FUND

Women's Institute Holds a Pleasing Masquerade on New Year's Eve

BOSWELL, Jan. 5. — The Boswell-Sanca Women's institute held an enjoyable fancy dress dance New Year's eve in the Memorial hall.

Ladies' first prize for costume was awarded to Mrs. C. R. Higgens, as France, and the gentlemen's to Robert Scott of Bonnington, Spaniard; ladies' second prize to Miss Allen as an Indian tea girl, and the gentlemen's second to Stanley Hepher as "Uncle Rastus." The costume judges were Mrs. G. H. Bartley, C. Allen and J. R. Higgens. The master of ceremonies was James Coupland.

G. Puton of Nelson delighted with several musical monologues, Mrs. W. L. Hepher being accompanist.

The choral society, under the direction of J. R. Higgens, rendered several pleasing items, solos being given by P. T. Hyatt and Stanley Hepher. C. S. Bourne also gave comic selections. W. L. Hepher gave a violin solo and S. R. Sherman a song.

Mrs. W. L. Hepher, Mrs. S. R. Sherman and Miss E. R. Higgens assisted at the piano, and C. H. Bebbington and Stanley Hepher at the drums. At midnight the assembly joined hands in "Auld Lang Syne," and dancing was continued into the early morning. The proceeds will be devoted to the piano fund.

CUMMINGS HEADS BOSWELL FARMERS

Institute Turnover in Past Year Is Six Hundred Dollars

BOSWELL, Jan. 5. — At the annual general meeting of the Boswell Farmers' institute, held in the Memorial hall Saturday afternoon, the president, James Coupland, gave a brief outline of the year's work.

The financial statement submitted showed a nice balance in hand, and it was pointed out that during the last four years the turnover of the institute had increased from $50 to nearly $600, the membership last year being 24.

New Directors

President Coupland, who has had two years in office, declined to accept renomination. A ballot taken on 11 names returned as directors K. Wallace, W. Ginol, S. J. Cummings, W. L. Hepher and R. H. Smith. The two auditors appointed were C. R. Higgens and A. Hepher.

The newly elected board of directors afterward met, electing officers as follows: President, S. J. Cummings; vice-president, W. Ginol; secretary-treasurer, K. Wallace. R. H. Smith, who has been secretary-treasurer for the last three years, resigned from that office.

BURLESQUE AT WILLOW POINT ROCKS HOUSE

Babes in Wood and Robin Hood Receive an Up-to-Date Portrayal

WILLOW POINT, Jan. 5. — Monday evening at Crystal hall the Willow Point Amateur Dramatic club presented its first pantomime, a burlesque entitled "Babes in the Wood; or, Robin Hood and His Merrie Men," an old story brought up-to-date by Col. A. W. Taylor, C.S.I. A full and appreciative house with continuous laughter and encores testified to the success of the whole performance.

A new stage and special lighting effects were used, adding to the beauty of the costumes and scenes, H. Rosling being responsible for the stage, and Mr. and Mrs. West for the children's costumes.

Mrs. Taylor, in her role as "Baroness Rougun," was a distinct success. Mrs. D. Bayley as "Maid Marian," made a charming picture, and was assisted in one particularly pretty song by John Applewhaite as "Robin Hood," who made a very gallant lover and hero. Mrs. Buxton, a new member of the club, as "the wicked witch," was perfect in her acting. "Sing Hi," the Chinaman, was played by Miss Evelyn Applewhaite, who deserved great credit for her disguise.

Miss Gale Taylor and R. W. Dawson as the poor, harshly treated babes, caused unending amusement. Cyprian Taylor and Howard Bayley were the two bold, bad robbers, and were fierce-looking humans. D. Bayley as "Mr. Hotstuph," as a comedian surpassed his previous records.

"Baron Rougun of Point Willow Castle," acted by Colonel Taylor, was certainly the biggest and hardest part in the whole cast, being played with his usual ability and skill.

Mrs. C. Shannon was responsible for the little fairy dances by her pupils, Miss Eleanor West, as fairy queen speaking her words clearly and distinctly.

The music for the entire play was arranged and orchestrated by Mrs. F. Niven, L. Bartindale of Nelson with his violin assisting. A special vote of thanks was tendered Mrs. Niven by the audience at the finish of the performance.

The Cast

The cast was as follows: "Angelica Kauffdrop," Mrs. Buxton; gnomes in attendance — Harold Willett, Russell Valentine, Edmund Airey, Dick Airey; fairy queen, Eleanor West; fairies in attendance — "Peas Blossom," Jean Valentine; "Cobweb," Betty Masters; "Moth," Pat Campbell; "Will-o-the-Wisp," Annie Valentine; "Cowslip," Mary Metcalfe; royal bodyguard — "Dewdrop" and Meadowsweet"—Pamela Taylor, Dodo Greenwood; "Sing Hi," Baron's servant, Mrs. Applewhaite; "Baron Rougun," a wicked uncle, Col. A. W. Taylor; "Baroness Rougun," his better half, Mrs. A. W. Taylor; "Mr. Hotstuph," a lawyer shy, D. Bayley; "Maid Marian," the baron's daughter, Mrs. D. Bayley; "Gertie," "Bertie," two poor orphan babes, Gale Taylor, R. W. Dawson; "Robin Hood," a bold outlaw, John Applewaite; "Bogie Bill" and "'Orrid 'Arry," C. Taylor and H. Bayley; "Allan-a-Dale," lieutenant, Rex Taylor; "Phyllis" and "Amaryllis," two fair foresters, Miss West and Margaret Valentine; "Will Minstrel," an itinerant singer, J. L. Bartindale; "Friar Tuck," a jovial monk, T. West; "Wamba," jester, Ann Metcalfe.

Kimberley Wallops Cranbrook by Tally of Ten Goals to Five

CRANBROOK, Jan. 5. — Cranbrook's senior hockey team played its first league game on home ice on the afternoon of New Year's day, when they met a strong lineup from Kimberley. Incidentally, it was the first hockey game in many years at which a full sized sheet of indoor ice has been available, and the progressiveness of the Amateur Athletic association in securing the Arena for the season is more than justified by the impetus all ice sports under their direction have received this season. Cranbrook lost the New Year's game by 5 to 2, but it was a good game, singularly free from any roughness in the play, and Kimberley were the victors on their merits, only the goal tending of Hogarth probably saving the score from being a little higher, though this does not mean that the game was at all one-sided.

WEDDING BELLS RING AT PERRY'S

PERRY SIDING, Jan. 5. — A pretty wedding took place, December 31, in the Perry's hall between Miss Mary Flossie Cummings, eldest daughter of Mr. and Mrs. C. L. Cummings, and William Nixon, youngest son of Mr. and Mrs. H. Nixon. A large number of guests and friends assembled at the hall to witness the ceremony, which was performed by the Rev. F. R. G. Dredge of Nelson.

The bride, who was looking charming in a gown of ivory satin, was attended by her sister, Gladys, while the bridegroom was attended by Gustave Carlson as best man. The hall was tastefully decorated with evergreen, and a very pretty bridal arch of evergreen and artificial flowers had been erected by the young folks for the occasion. The wedding breakfast was partaken of at the residence of the bride's parents, and in the evening the young folks treated the newly married couple to charivari, after which an adjournment was made to the hall, and a small dance was held until midnight.

Slocan Valley Farmers Elect; a Good Balance

PASSMORE, Jan. 5. — The annual meeting of the Slocan Valley Farmers' institute was held at Passmore when officers were elected for the year as follows: C. S. Brockington, president; William White, vice-president; W. Wilton and J. Latto, directors; and W. H. Saunders, secretary-treasurer. P. A. Smith and E. Jamieson were elected auditors.

The financial statement showed a credit balance at the end of the year and a fair amount of business done.

CLOSED SHOP TOWN MAY HAVE A CLASH

Edmonton in England May Need State Help, and Yield Some

LONDON, Jan. 5.—(Canadian Press Cable.)—Edmonton, in the suburbs of London, has a trades union question on its hands which seems likely to cause a clash between the Edmonton town council and the British ministry of health, in which case the matter will be of considerable public interest. Trouble is anticipated in connection with a sewerage extension scheme on a large scale which Edmonton is now considering. Like all public works undertaken by local authorities, it must receive the sanction of the health department of the government before the work can be proceeded with.

The trades union question comes into the case in this way:

Edmonton town council recently decided that every civic employee must belong to a trades union, but the ministry of health takes a different view of the matter. The ministry has intimated that there is no justification for the Edmonton council's action with respect to compulsion of membership in the union, and the exclusion of any suitable man from employment on state-assisted works merely because he is not a trade unionist.

Protocol Conference Will Not Assemble

MELBOURNE, Australia, Jan. 5. — In circles close to the Bruce government, today, it was stated emphatically that the proposed conference of dominion representatives with members of the Baldwin administration at London on the attitude of the British Empire to the Geneva protocol will not be held.

REICHSTAG HOLDS OPENING SESSION

Defeats Motion to Adjourn Till Cabinet Formed; Resumes Tomorrow

BERLIN, Jan. 5. — Except for a few shouts of "Amnesty" from the Communist benches, the first meeting of the recently elected reichstag passed off quietly today.

After the roll-call, the People's party offered a motion to adjourn till the formation of a cabinet, but only the members of that group, and the German Nationalists, favored it, so that a motion to reconvene Wednesday for the choice of a president and the organization of the house, prevailed.

The strength of the many parties in the new reichstag as established by the official call follows: Socialists, 131; German Nationalists, 111; Clericals, 69; German People's party, 51; Communists, 45; Democrats, 32; Economic Union, 21; Bavarian People's party, 19; National Socialists (Fascisti), 14. Total, 493.

STERLING HIGHEST SINCE WAR PERIOD

Money Rates Relax; Stocks Crumble Under Weight of Heavy Selling

NEW YORK, Jan. 5.—Stock prices crumbled today under the weight of heavy selling for both accounts. The sharpest breaks took place in the industrial and specialties. Rails offered better resistance to pressure, several of the high-grade investment issues moving up to the highest levels in years.

The principal financial developments of the day were the establishment of the highest rate by sterling since the war and the marked relaxation in money rates, being constructive in character.

American Car and Foundry broke 15 points, to 192. Net losses of 4 to 9 points took place in American Can, Dupont, General Electric, Radio Corporation, Universal Pipe, Worthington Pump, Commercial Solvents, General Asphalt preferred, General Baking, Nash Motors, Stromberg Carburetor and U. S. Cast Iron Pipe.

United States Steel common opened ¾ higher, at 123¼, reacted 3 points from the top and then rallied to 170.

Independent strength was shown, however, by the American Tobacco issues, Iron Products, Manhattan Electrical Supply, Superior Steel and a few others.

Strength of the high-grade rails indicated that the January reinvestment demand was making itself felt in those issues. "Big Four" soared over 14 points to a record high of 158. New York Central touched 122¾ and Illinois Central 118⅜, the highest since 1910 and 1913, respectively. International Railways of Central America touched a record top for all time, 19⅜. Good buying also was noted in the Ann Arbor issues, Atlantic Coast Line, Omaha, Reading, Louisville and Nashville, Soo and New York and Harlem, all up from 1 to 4 points.

Call money opened at 4½ per cent, eased to 4, and thence to 3½, where it closed. Time money and commercial paper held steady.

WHEAT FALLS ON ARGENTINE LEVEL

South American Competition in Europe Deciding Market Factor

CHICAGO, Jan. 5. — Assertions that Argentine wheat was again available to Europe at prices lower than wheat from the United States had more or less to do with a sharp setback today in wheat values here. Chicago closing quotations on wheat today were unsettled at 1c to 3⅜c net decline, May $1.74 to $1.74½ and July $1.52 to $1.52⅛, with corn 1⅜c to 2c down, oats ⅜c to ⅞c to 1¼c off, and provisions showing 10c to 75c drop.

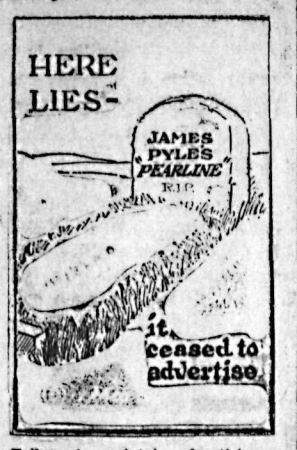
Financial and Business Facts

EVERYONE SHOULD KNOW

A Brief but Important Lesson Covering the Investment of Money in Advertising.



Failure to maintain advertising appropriations is one of the poorest pieces of finance an established business can indulge in.

* * *

A generation ago "St. Jacob's Oil" was one of the most widely advertised products in America. It was a patent medicine enjoying enormous sales. When Charles Vogeler, the head of this business, died, an "expert" went over the balance sheets and saw the enormous advertising appropriation.

This "expert" trimmed the advertising expenditure to little or nothing, reasoning that St. Jacob's Oil was so well known that it was unnecessary to spend money any longer to advertise it. Orders dwindled as advertising contracts ran out; business departed, never to return, and it is safe to speculate that hardly one in 50 who reads this article remembers or ever heard of St. Jacob's Oil—one of the best known products on the continent 35 years ago.

A similar thing happened to James Pyle's "Pearline"—a company which used a $500,000 advertising fund as far back as 1904, and was one of the best known products in the entire world. The ad fund was "lopped off;" the business went dead. It tried unsuccessfully to make a come-back in 1914, and sold its plant for junk to a large soap manufacturer. Killing off the ad appropriation wrecked both of these prosperous businesses, and it would do the same thing to almost any great advertising concern today.

BUKER TO DO MISSION WORK

Famous Runner Races for the Last Time This Present Month

BOSTON, Jan. 5.—One of the most unusual chapters in athletic history surrounds the career of Ray Buker, national mile running champion, and hailed by Paavo Nurmi, the great Finn, as his most dangerous rival at 1500 meters in America.

Buker, who represented Uncle Sam in the Paris olympics and returned to dethrone Joie Ray as American mile title holder, will make his farewell of the track during the coming indoor season. With his twin brother, Richard, he is preparing for South America missionary service, but before he leaves to take up this task, Ray hopes to match strides at least once more with Nurmi, and his other rivals. He may get his first opportunity in the "mile special" at the Finnish-American games here January 6, when he is entered with a crack field, including Nurmi and Joie Ray.

Stars and Rivals

Missionaires of a new type, the Buker boys, both athletic stars and rivals in their days at Bates college, Me., are sons of a clergyman, Rev. Fred M. Buker of Anthony, R. I., whose work in Bolivia they are now qualifying to carry on. They have a similarity in ministerial aims as close as their personal resemblances to each other.

Ray is engaged in duties as assistant to the rector at Ruggles street Baptist church, and taking advanced studies in Boston university theological school, while he practices running daily for his final season on the track. Richard bible school teacher in the church where his brother is occasionally preacher, is studying at the same time at Harvard Medical school. They will go to Bolivia together, Ray as pastoral missionary; Richard as a medical missionary.

Ray Buker first gained national athletic prominence in 1921 when he won a special two-mile race at the Pennsylvania relay carnival from a field that included several English stars. After leaving Bates he ran for the Illinois Athletic club and helped that organization to capture many championship honors. He was one of the famous "Ray trio" at I.A.C. the others beginning Joie Ray and Ray Watson.

Led Americans

Buker finished fifth, leading all his teammates in the olympic 1500-meter run, which Nurmi won in record time.

Richard Buker has not continued his competition, but in college he ran stride for stride with Ray, and frequently the brothers finished in dead heats as winners.

White Whale Swims Up Mackenzie River Toward Edmonton

EDMONTON, Alta., Jan. 5.—Apparently intent upon sampling the delights of city life, a white whale was observed this fall, swimming up against the current of the Mackenzie river, in the general direction of Edmonton. The mammal in question succeeded in reaching the upper ramparts near Fort Hope, this being more than three hundred miles from his natural habitat in the Arctic ocean.

At the ramparts, a rock ridge crosses the Mackenzie and in the fall when the water is dropping, this forms a bar to all but the smaller units of the northern river fleets, and here the inquiring whale had to cease his tour, due to the fact that there was not sufficient water to permit him to cross the shallows.

It is estimated that the Arctic tourist weighed nearly a ton, and he was observed for some time by the crew of the Mackenzie and Arctic Transportation company's vessel "Laird River."

Bandits, believed to have trailed them from a Chicago cabaret, forced an automobile occupied by Mrs. Katherine Armstrong and Harry Ziv, to the curb, robbed them of jewelry valued at $35,000, and escaped.

APITALS GET A SECOND WIN

eat Eskimos Six to Two in Listless Game at Alberta Capital

EDMONTON, Jan. 5. — Regina apitals scored their second win of e season over the Eskimos when ey emerged on the long end of a to-2 count in a listless game played re tonight.

Regina clearly earned the victory, d were worthy winners on the ght's play. The game as a whole as a very poor exhibition for high-ass teams like the Caps and the sks to put forth. Play was ragged roughout, and neither team showed uch organization to their attack.

The outstanding feature of the game as the stonewall defence used by egina. Using three men spread cross the ice in front of McCusker, e Caps played like demons, and the cals had great difficulty gettng rough.

Summary

First period—1, Regina, Irwin from raub, 10:04; 2, Regina, Shore, 9:50.

Second period — 3, Regina, Newell rom Hay, 3:54; 4, Regina, Hay, 5:46; Edmonton, Sheppard from Trapp, :38; 6, Regina, Gagne, from Traub, :55.

Third period—7, Regina, Dutkowski, 1:24; 8, Edmonton, Sheppard from riden, :50.

BRUINS FAIL BY ONE GOAL

St. Patricks Beat Luckless Boston Team Which Is Much Improved

BOSTON, Jan. 5—St. Patricks won fast game from the luckless Boston Bruins tonight by the narrow score of 3 to 2. On their last visit to Boston the Irishmen routed the locals 10 to 1. The difference fairly represents the improvement in Art Ross' proteges in the interval.

Babe Dye of St. Pats, an ornament on any hockey team, who scored five goals when his team was here before, could not get going tonight. He was the most closely checked player on the ice. He scored one goal in the second period, by a brilliant burst of speed.

Bruins Work Hard

The Bruins, in vastly better form than they showed in the early season, worked hard, but fell just short of the winning class. Their passing was bad, and their shooting worse, but they held St. Patricks scoreless in the first period, and notched the only tally of the third period.

At the last the crowd of 2500 was calling for a goal to tie the score, and it looked like a likely bet.

The game was less rough than previous engagements here, with the Irishmen drawing the bulk of the penalties.

Summary

First period—No score.

Second period—1, St. Pats, Adams, 4:17; 2, Boston, Herberts, 1:21; 3, St. Pats, Dye, 3:41; 4, St. Pat's, Holway, 4:12.

Third period—5, Boston, Redding, 17:38.

ENGLISH CRICKETERS BEAT SOUTH AFRICA

Three-Day Match at Durban Ends in Favor of Tourists

DURBAN, South Africa, Jan. 5.—(Canadian Press Cable, via Reuters)—S. B. Joel's touring team of English cricketers won by 48 runs in the three-day cricket match against South Africa, which was concluded here this afternoon. In their opening innings the visitors secured 285 runs, South Africa declaring in their first innings with 211 runs for seven wickets. Stumps were drawn early Saturday, owing to bad light.

The English eleven were all out for 174 in their second innings Saturday, and the South Africans, continuing their innings today, were retired when the score had reached the even 200, of which Nesor contributed 52.

Following were the scores:

S. B. Joel's eleven: First innings, 285; second innings, 174. Total 459.

South Africa, first innings, 211; second innings, 200. Total 411.

BJORKMAN ENTERS FOR PAS DERBY

Has Seven Wolf Hound Huskies and a Twenty-five Pound Sleigh

THE PAS, Man., Jan. 5. — With The Pas dog derby but one month away, the chief topic of discussion throughout the northern district centers upon the prospective entries and, with some of the fastest racing teams of the north again entered, competition for the 200-mile non-stop race will be keen.

The latest entry is that of Steve Bjorkman, former owner of a Winnipeg kennel, and now a resident of Dodsland, Sask. He arrived here today with his team of seven wolf hound huskies, and is confident of winning top honors this year.

Bjorkman has a newly constructed sleigh, which weighs only 25 pounds, and similar in build to the one used by Walter Goyne, famous Alaskan "musher," who, after winning the derby, met a tragic death in the north country a few years ago.

TIGER FLOWERS BEATS BRITTEN

BOSTON, Mass., Jan. 5.—Tiger Flowers, negro middleweight of Atlanta, tonight scored a technical knockout over Billy Britten of Kansas City, when the referee stopped the bout in the middle of the fourth round.

BANNED PLAYER BRINGS TROUBLE ON TEAMMATE

George Kelly Played Basketball With O'Connell; May Be Disciplined

SAN FRANCISCO, Jan. 5.—Rather than embarrass George Kelly, first baseman of the New York National league team, Dan Maher, president of a professional basketball league today, dismissed Jimmy O'Connell, a suspended member of the Giants, from the basketball league. Kelly and O'Connell were members of the same basketball team.

Heydler for Suspension

NEW YORK, Jan. 5.—President Heydler, of the National league, declared today he would "favor the suspension from baseball of George Kelly, first baseman of the New York Giants, if it is true he is playing on the same basketball team as Jimmy O'Connell," former Giant outfielder, banished for bribery.

President Heydler declined to comment further when informed that O'Connell has been dismissed from the basketball team to relieve Kelly of any embarrassment, but indicated his opinion that this step would not remove the harmful effects of Kelly's action in signing with the team.

DEMPSEY TO FIGHT IN THE NEW CRATER

Eastern Manager Announces It; No Bouts Are Yet Signed for

NEW YORK, Jan. 5.—Jack Dempsey, heavyweight champion, will fight in New York this summer, Dan McKettrick, matchmaker of the New Henderson Crater, in Long Island City, who is regarded as eastern manager for the champion, announced today.

This information, made public at a dinner in connection with breaking ground for the massive stadium, was received over the telephone from Jack Kearns, in San Francisco, this morning.

Reports that the champion had been *signed for bouts with Harry Wills* and Tommy Gibbons are without foundation, Kearns is reported to have said.

MARTIN TO DEFEND TITLE NEXT MONTH

BOSTON, Mass., Jan. 5. — Eddie Martin, newly crowned bantamweight champion, will defend his title here, February 2, against Johnny Sheppard of New York, it was announced today.

TIGERS TROUNCE MAROONS CREW

Jump Into Lead in League by Winning Game at Vancouver

VANCOUVER, Jan. 5. — Calgary Tigers jumped into the leadership of the Western Canada Hockey league tonight when they trounced the Vancouver Maroons at the arena here 6 to 2, while the Edmonton Eskimos were losing to the Regina Caps.

Calgary deserved to win on the night's play, and at no time was the game in doubt. They opened with two tallies in the first period, got another pair in the second frame, with the Maroons getting one, and then got two more after Vancouver had scored in the opening of the last stanza.

The Maroon defeat cannot be charged to Charlie Reid in goal. That individual turned in a fine performance, but the defence did not give him anything like the support he should have had. Calgary rained shots on him with deadly precision mostly at close range. The home team passed up many opportunities to score, and one time missed three chances in a row through lack of speed.

Penalties

First period—Duncan.
Second period—Gardiner and Matte.
Third period—Dutton, Oliver, Dutton.

Summary

First period — 1, Calgary, Anderson from Wilson, 15:50; 2, Calgary, Anderson, 2:35.

Second period — 3, Vancouver, Duncan from Arbour, 4:30; 4, Calgary, McFarlane, 6:24; 5, Calgary, McFarlane from Anderson, 7:23.

Third period—6, Vancouver, Arbour from Duncan, 1:21; 7, Calgary, Crawford, 1:29.

Foley Signs for a Return Battle With Ex-Champion

SEATTLE, Jan. 5.—Vic Foley of Vancouver, B.C., bantamweight champion of Canada and the Pacific coast, who is to meet Dixie Lahood of Butte, Mont., here tomorrow night, has been signed for a return match with Howard Mayberry, former champion, at Winnipeg, January 23, for coast boxer, Jack Allen, Foley's manager, said here today.

Foley won the Canadian championship when he knocked out Mayberry in the third round at Vancouver, B.C., December 8.

Gorman to Buy Ahearn's Stock in Ottawa Club

OTTAWA, Jan. 5. — Settlement of the controversy over the ownership of the Ottawa Hockey association club is expected tomorrow as a result of an announcement tonight of an offer made by T. P. Gorman, manager of the club, to Frank Ahearn, president, for Mr. Ahearn's stock. The amount offered is $50,000, to be paid in cash tomorrow morning.

Mr. Ahearn has signified his intention of turning over his stock to Mr. Gorman if the money is available tomorrow. Mr. Ahearn and Mr. Gorman each hold 50 per cent of the stock in the association.

NEWELL SUSPENDED FOR TWO CONTESTS

Regina "Bad Man" Punished for Dirty Work in Saskatoon Game

CALGARY, Jan. 5. — Abbie Newell, Regina defence player and reputed "bad man" of the Western Canada Hockey league this year, has been suspended for two games by E. L. Richardson, president of the league, for uncalled-for dirty work in the game with Saskatoon last Wednesday.

Wes Champ, manager of the Regina Caps, was notified of this decision today by telegraph. As a result of the suspension, Newell will not play against Saskatoon at Saskatoon, Wednesday, nor against Edmonton at Regina on Friday.

Newell hooked Laurie Scott with his stick in the game played at Saskatoon last week, and started the fight which almost led to a riot in the rink. In the fracas which ensued, three players were knocked out, and W. Cook was taken to the hospital suffering from a badly lacerated face.

P. C. Crenshaw, of the Edgewater Golf club, Chicago, has started on a golf tour which will take him around the world. He will spend a year playing at least one round on links in every country.

Weinert Knocks Out Italian Jack Herman

BUFFALO, Jan. 5.—Charlie Weinert of Brooklyn, 182 pounds, knocked out "Italian" Jack Herman, new York, 187 pounds, in the second round of heir bout here onight.

Young Bob Fitzsimmons, 182 pounds, knocked out Karl Johnson, Brooklyn, 174 pounds, in the fifth round. Both bouts were scheduled to go 10 rounds.

Six thousand out of the 8000 male students enrolled at the University of Michigan take part in some form of athletic exercise under university supervision.

MYERS AGAIN PRESIDENT OF LOCAL GYROS

Curran and Morris Also Reelected to Former Offices; Christmas Cheer

After a period of one year as president of the Nelson Gyro club, W. M. Myers was last night at the annual meeting of the organization returned as president for the year 1925. W. A. Curran, secretary in the past year, was also re-elected, as was R. B. Morris, treasurer of the club for the past year. Last night was the first annual meeting of the club.

Officers and members of the board of directors were chosen last night by ballot.

Officers of the club elected for the year are as follows:

President—W. M. Myers.
First vice-president—R. D. Barnes.
Second vice-president—W. J. Gerbracht.
Secretary—W. A. Curran.
Treasurer—R. B. Morris.
Sergeant-at-arms—J. B. Gray.
Board of directors—Dr. H. H. MacKenzie, W. M. Walker, G. H. Ferguson and James Wilson.

The new officers will be installed at the regular meeting next week. All offices were keenly contested for. E. G. Matthew and J. A. Ferguson acted as scrutineers.

Cheer to Needy

James Wilson, chairman of the Christmas Cheer fund of the Gyro club, reported that the sum of $36 had been subscribed for local relief at Christmas by the club members. This money had been used for the purchase of groceries, meat and toys for needy families in the city. Several acknowledgments have been received from those receiving aid.

An interesting feature of the meeting was the report from the treasurer, R. B. Morris. The club is in excellent financial condition, and during the year handled the sum of more than $8000.

ST. JOHN'S Nfld., Jan. 5. — General improvement, absence of unemployment and evidence that throughout the island there had been a return of prosperity featured the financial statement issued last night by the minister of finance and customs, Hon. J. G. Crosbie.

Official returns for the six months ending December 31, 1924, show revenue collected as $4,722,222, as compared with $4,081,457 for the corresponding period last year.

SCHOOL BOARD

Having been selected by a number of the ratepayers to be a candidate at the coming election for School Trustee, I have decided to let my name go on the ballot; and, if elected, will work for the interests and welfare of our school section, and will endeavor, if possible, to lessen the ever-increasing cost of education.

Yours for progress,

WM. EBBS.

NELSON GOES TO HEAD OF HOCKEY RACE

Rossland All-Stars Lose Game by Five to One Score

HUFFMAN, NOTMAN HOME TEAM STARS

Locals, Minus Desireau, Put Up Great Battle; Rossland Scores in Last

WEST KOOTENAY LEAGUE

	Won	Lost	Pts.
Nelson	2	0	1.000
Rossland	2	1	.666
Trail	0	3	.000

Buster Huffman and his trusty stick ably assisted by his Nelson teammates sent the Nelson senior aggregation to the lead in the West Kootenay hockey race last night, when they took the Rossland, last year's British Columbia champions, into camp to the tune of 5 goals to 1. It came near being ashutout, but Molisky, the visitor's diminutive centerman, outskated the whole Nelson team for Rossland's only counter early in the last period.

It was a great night for the Nelson players and fans alike. Close to 1000 fans, young and old, crowded the skating rink, and cheered themselves hoarse as the boys wearing the green and white sailed past the Rossland defence. Buster Huffman, last year's Rossland star, showed his former teammates how to handle the stick, as well as a few tricks he knew with the steel blades, much to their dislike. As a consequence, he was all through the game the target of many Rossland player's sticks. Buster showed himself game and skated through the last period with his body encased in swathes of bandages. However, he played a wonderful game, and his stick handling at times was something which has seldom been seen on local ice. He scored the prettiest goal of the evening in the second period, when starting behind the Nelson nets, he stickhandled his way hrough the Rossland forwards and defence, drew Johnson from his goal, and banged the rubber home. He was given a great hand by the fans.

Desireau Out of Game

What pleased local fans so much was the fact that the Nelson team went right out and snatched a victory without the services of Leo Desireau, probably the steadiest man on the Nelson lineup.

Leo, who was rendered hors de combat in the first league game in Trail, has been a patient in the Kootenay Lake General hospital for a fortnight, and as a consequence was an ordinary spectator last night. However, he occupied a prominent place in the Nelson box, directed play from there. He is well on the road to recovery and should be in action in the next game at Rossland on January 9.

The game, although devoid of what could be termed real rough work, was kept well in hand by Ed. Murphy, the referee.

Rossland players, and especially the defence applied the hickory pretty hard, and time after time, sent the local forwards sprawling with timely trips when goals looked sure. Thus, many of the Rossland team decorated the fence. Nelson on the other hand, put up a clean and steady game, and none of the players were shooed from the ice by Ed. Murphy.

Notman Stars in Goal

For two periods the fans were kept on their feet as each team sallied forth for a try at the goal. Notman, the local custodian, was as last season, a tower of strength, his "old eagle eye" was at it time and again, and he robbed the visitors of some shots which were certainly bound netward. "Scotty" played a wonderful game, and the one goal which Molisky parked behind him would have fooled the best of 'em.

Nelson scored in the first period when Miller beat Johnson, all the way on a neat pass from Frank O'Ginski. It was a neat goal. In the second period, Buster Huffman was going his best and several times he made some hair raising rushes through the entire Rossland team, only to be fooled by Johnson. However, after 10 minutes of play, he wiggled his way through the entire visiting team for a beautiful counter. Nelson's heavy back checking featured the game throughout.

In the third period Molisky repeated Huffman's feat. He grabbed a puck in center ice zig zagged through the Nelson team and beat Notman from close in. That ended Rossland's scoring, however. Five minutes later Frank O'Ginski took a poke at Johnson with a hot one. It rebounded and Wilfred Marquis picking it up beat Johnson.

At his point Jewell of Rossland, took the ice loudly protesting the goal, which Rossland claimed as an offsidee. It looked to the fans as if there would be doings, and for four minutes the dispute continued. The gaol was, however, awarded to Nelson.

Solo Rushes Get Goals

Rossland's team at this juncture seemed to wilt away. The Nelson boys playing a defencive game depended wholly on solo rushes. Frank O'Ginski, who playeed a strong game throughout, started Nelson toward another goal when he stickhandled through Rossland's defence and shot. Miller picked up the rebound and scored Nelson's fourth counter. Frank O'Ginski then went in alone one minutes later, and scored Nelson's fifth, the last goal of the game.

Rossland players throughout the game were inclined to rough it, and much wood was chopped by the visitors, and as a result, many warnings were handed out by the referee.

The Rossland boys used the body to good advantage when stopping local players' rushes.

Rossland Starts Well

In the first period Rossland started off with a rush. The opposing forwards pelted Notman with shots for the first few minues. The local net keeper was, however, equal to every occasion, and the shots coming from well out past the defence were easy handling for him. Marsters and Fuller both got in some speady pokes at him. Rossland had the better of the play for the first few minutes. Wowever, Miller's goal from O'Ginski, seemed to stop them somewhat, and towards the end of the period Johnson had a busy few minutes. Play was like lightning and the fans were wild with excitement. "Dutchie" Richardson, who played a good game throughout, did not go to the Rossland defence much during the game, but was content to pelt Johnson from well out. Both teams in this period played fast and snappy combination. Huffman was Nelson's bright shining star, and he took a lot of punishment every time he went into the Rossland defence.

Huffman's Goal Pretty

Huffman came out stronger than ever in the second period, and seemed to defy the visiting team to take the rubber away from him. Play throughout was mainly in the Rossland territory and the visiting defence were kept hard at work. Severel Rossland combination rushes were broken up by the Nelson defence which worked at top notch throughout the game. Nelson was minus Leo Desireau, star defence player. Buster Huffman filled his shoes ably, and he and Richardson proved a stonewall. Towards the end of the second period with the score two to nothing against them, the Rossland team checked like fiends but were unable to stem Nelson's combined clean and steady play. Singer, Jewell and Nelson were hard workers for the visitors and the latter had several shots at the local goal which were close. Marquis, Armstrong and F. O'Ginski were stepping good for Nelson in this period. There were no penalties handed out in this period.

In the last period Nelson lined up six men strong on the defence. Rossland threw its entire lineup into the attack. Molisky scored Rossland's only goal on a solo rush. Nelson's next counter proved Rossland's undoing, and try as they might they could not budge the local defence. The game was good and fast and interesting to watch, and the fans went home well pleased.

Rossland's Mascot Out

Rossland took the ice in a nifty uniform and the players were accompanied by their mascot, Master Jewell, who is rated as the youngest hockey player in Canada. He did his stuff nobly in the warmup before the game started. Attired in a regulation Rossland uniform he made a great hit. No doubt in a few years he will be filling his father's shoes on the Rossland lineup.

Quality—Service—Satisfaction

To the Electors of the City of Nelson

I wish to thank the many electors who have voluntarily offered me their support in the forthcoming Mayoralty election.

I shall not attempt to make a canvass of the city, but shall do my utmost to let the electors know what my policy shall be through the columns of the press.

Having at all times taken a keen interest in Nelson's water supply problem, I shall give this matter prime consideration during 1925, if elected.
