EKING MAKES PROTEST OVER BRITISH FORCE

te Asks 'Immediate Withdrawal' of British Forces From China

ILITARY MOVE MAY LEAD TO SERIOUSNESS

n Other Hand London Hears Proposals Meeting With Approval

PEKING, Jan. 31.—The Peking vernment protested to Great Brit- today against the sending to anghai of British forces expect- to number about 20,000 men of army and navy, with warships d airplanes. Some of this force ready is at Shanghai, and other rtions of it are on the sea.

The note of the government of northern China was addressed by its foreign minister, V. K. Wellington Koo, to the British legation here, with the request that it be transmitted to London in the hope that Great Britain would "give necessary instructions for the immediate withdrawal of troops dispatched to China so that nothing untoward may happen to mar the friendly relations of the two nations."

The military movement, on the rt of the British government, is liable to serious misunderstand-g," declared Dr. Koo's note, saying at the National spirit of the Chi- se people has been developed. oreover, he declared, the dispatch additional naval and military rces was contrary to the spirit of e League of Nations covenant."

Makes Progress

LONDON, Jan. 31.—The Daily ail learns that such satisfactory rogress has been made in the dis- ussions between British Charge Affairs O'Malley and the Cantonese oreign Minister Eugene Chen that here is every likelihood that Chen ill accept the British proposals.

Emissary Arrested

HONGKONG, Jan. 31.—Emergency gulations were invoked today by he British colonial government to revent the spread of anti-foreign gitation within the colony by Chi- ese radicals.

An emissary from Canton was ar- ested after addressing a meeting, in- iting Hongkong laborers and arti- ans to go to Canton, February 3, or a fraternity meeting with the bject of inciting an anti-British ovement and causing a second trike by Chinese against British rade in Hongkong.

Official Dismissed

PEKING, Feb. 1.—The Peking or entral government of China, today ismissed Sir Francis Algen, inspec- er-general of customs.

RUSSIA MAY BE MOBILIZE NOW

Apprehension Felt in Geneva Over Latest Reports; Russia Fears Attack by Britain

GENEVA, Jan. 31.—Reliable information reaching Geneva, indicates that ome German statesmen are appre- hensive over the relations between Russia and Poland, while league ircles see danger to the general dis- rmament plan in speeches attributed o Russian leaders, declaring that all Russia must mobilize because of the ncertainty of the international situa- ion, including the Chinese problem.

The Geneva newspapers give prom- inence to a Riga dispatch quoting the Russian war commissary, M. Voroshil- off, as saying that the danger of war was undeniable and alleging the ex- istence of indications that British imperialism is organizing an attack on Russia with the help of Poland.

ADMIRAL BEATTY IS THROWN FROM HORSE

LONDON, Jan. 31.—Admiral Earl Beatty and Stephen Sanford, New York sportsman, were thrown from their horses today while fox hunting, says a dispatch to the Daily Express from Molton Mowbray. Several other participants also fell. They escaped with a mud bath and a shaking.

DETROIT SCENE OF DIAMOND ROBBERY

DETROIT, Jan. 31. — Diamonds valued at approximately $25,000 were stolen from the jewelry store of Hugh Connelly & Son, in Griswold street, today by a man who hurled a brick through a show window. He leaped from an automobile, pushed through a crowd, and jumped back into the machine, scattering diamonds as he went.

Macdonald Says Great Britain Playing With Fire in Chinese Row

PORT TALBOT, Wales, Jan. 31.—Former Premier Ramsay Macdonald, speaking tonight, repeated his former warnings that the British government was playing with fire in sending large armed forces to China, but heartily approved Foreign Secretary Chamberlain's speech at Birmingham yesterday.

NORTHERN WAR MACHINE WILL INVADE HANKOW

Preparations for War on Large Scale; Forces Are Recemented by Changes

PEKING, Jan. 31.—The latest move of the northern war lords indicate that military operations on a large scale soon will be directed by them against the Cantonese armies with Hankow as the objective.

In preparation for the campaign against the stronghold in Central China, large forces of Manchurians have been moved from Chihli province into Honan province. They are welcomed by Marshal Wu Pei Fu who hitherto had opposed their coming into his territory.

Chang Tso Lin sent his son, General Chang Hsueh Liang to Cheng Chow in Honan province to cooperate with Wu Pei Fu. This action was considered as recementing the alliance of these two leaders. Dispatches from Shantung province indicate extensive recruiting for the forces of the Northern alliance. The preparations in Shantung give evidence of plans for war upon a large scale.

PEACHES' LOVE DIARY THROWN - OUT OF COURT

'Oh!" and "Awk!" Exclaim Spectators as Sensational Stories Sprung at Trial

WHITE PLAINS, N.Y., Jan. 31.—The lavender leather "love diary" of Frances "Peaches" Browning, is out of the separation case between "Peaches" and her husband, the millionaire realtor.

Justice Seeger, hearing testimony in the suit, ruled it out today and included in the exclusion about 20 letters written by "Peaches" to "girl friends" before her marriage.

John E. Mack, chief counsel for the middle-aged husband, pressed for inclusion of these documents, announcing his intention of proving thereby the "16-year" wife was a "woman of the world" before her marriage. But Justice Seeger held such testimony irrelevant.

Today's hearing in a court room jammed with young and old of both sexes was not without its moments.

One came as a "boy friend" of "Peaches" identified her. "Was it this young woman here?" said Mr. Mack. "It was."

"He lies," shouted "Peaches," her lips trembling as she burst into tears.

"He's perjuring himself. I never saw him before in my life."

Altogether 17 witnesses were put on the stand by Browning's counsel. They testified variously as to Browning's courteous attitude toward his young bride, the circumstances surrounding "Peaches'" honeymoon diary, which appeared in a local paper, and Mrs. Browning's exclamatory ability.

Lee Swint testified that once in an automobile accident "Peaches" had said so-and-so, at which deposition the corps of sob sisters poised their pencils in mid-air, and women packed six deep in all the standing space in the court room, emitted "Awks" and "Oh's."

AMERICANS START TREK TO COAST

Fear Movements of Cantonese Forces in China; Some Not Heard From

WASHINGTON, Jan. 31. — Following the advice of United States Minister MacMurray, American citizens in interior Chinese cities whose safety had been menaced by movements of Cantonese forces, have started an evacuation to the sea coast, Admiral C. W. Williams, in command of the Asiatic fleet, today reported to the navy department.

The navy department also was advised by Admiral Williams that 165 British and 104 Americans in the interior of China as yet have not yet been heard from by the United States authorities seeking to evacuate them to the coast.

The admiral said the report of the missing Americans and British had come from the commanding officer of the U. S. S. Monocay at Szechwan, which is standing by during the evacuation of that city by foreigners.

MAN KILLED IN C.N.R. SMASHUP IN NOVA SCOTIA

Seventeen Injured; Speeding Maritime Limited Crashes Into Waiting Express

OPEN SWITCH IS CAUSE; ENGINE MASS WRECKAGE

Car of Fish Saves Passengers From More Injuries; Engine Men Injured

MONTREAL, Jan. 31. — Donald Carruthers of Moncton, N.B., was killed and 17 persons injured as a result of a train collision at Thompson's Siding, on the Spring Hill, N.S., sub-division of the Canadian National railways, at 6:50 o'clock this evening. The trains involved were the eastbound Ocean Limited, which left Montreal at 7 o'clock last evening and the westbound Maritime express, which left Halifax at 3 o'clock this afternoon.

The collision occurred on a "passing track," and that the Maritime express crashed into the Limited, which was standing stationary on the side track waiting on the express train to pass.

The shock of the impact smashed both of the powerful locomotives which were of the new 6000 type, while the leading cars of both trains were also reduced to ruins. One of the engines was turned completely on its side.

Hospital Train, Out

As soon as word of the wreck could be got out a special train with doctors and nurses was rushed from Amherst, and auxiliary trains were dispatched from Stellarton and Moncton.

Several of the injured sustained serious hurts, notably F. B. Jacques of 129 Edward street, Halifax, and Lillian McNeill of 72 Cobourg road, Halifax.

Clarence MacDonald of Moncton, fireman on the express, and Engineer R. E. Linden, both of Moncton, were scalded and bruised, while like injuries were suffered by Engineer Willarad Rushton of Moncton, who was on the Limited.

Four In Hospital

AMHERST, N.S., Jan. 31. — Four victims of the train wreck at Thompson's station tonight were placed in Highlandview hospital, all seriously injured. They were Duncan Strachan, inspector of dining cars; Lillian McNeil and Frank Jacques, all of Halifax, and Harry Gray of Scotland.

Weldon Embree of Oxford, a passenger on the Maritime express, said he was in the smoker when the crash came. He heard the air brakes being applied, and almost at once the two trains met head on. All the passengers in his car were hurled about the car, and the windows were shattered. He escaped injury.

Conductor Ronald MacDonald of Truro was entering the dining car when his train rammed the Limited. He said the chaos in the dining car, where passengers, tables and dishes were thrown together in wild confusion, was beyond description.

W. R. Montgomery of Toronto, a passenger on the Limited, was in the parlor car at the rear end. Even at that distance from the head of the motionless train, he said, the shock was tremendous, and passengers were jarred out of their seats.

Found Switch Open

According to meager details procurable, the Limited had drawn ahead on the through siding, to a point that just gave clearance for the main track, and, as customary, the brakeman went forward to examine the switch to make sure it was set correctly to allow the Maritime to speed past them on the main line.

He saw the danger signal set against the main track, and at the same moment the Maritime came around the curve, running 30 minutes late. Shouting back to the engineer of the Limited "The switch is open—jump!" the brakeman dashed for the switch to close it, but was too late.

The fireman of the Maritime express jumped before the crash, but the driver went over under the ruins, and was taken out from the debris that had been the cab.

Tramp Walks Out

It was said by many on the two trains that the presence of a carload of fish just behind the engine of the Maritime saved the passengers from further fatalities, as that car broke up and cushioned the others from the full shock.

The engine of the Limited was driven back against the baggage car with such force that the latter was partly telescoped, and the top of the car projected several feet over the tender of the engine. Some time after the crash a man crawled out of the splintered remains of the tool box that stands on the rear of the tender and asked somebody what had happened. He said he had been beating his way by hiding in the tool box.

W. R. Fitzmaurice, on the way from Campbellton to take over his new appointment as superintendent of the Halifax division, C.N.R., was a passenger on the Limited. He was not injured.

STATES DESTROYERS LEAVE TO CHINA

WASHINGTON, Jan. 31. — Two United States destroyers have left Ching Waatao in southern China for Shanghai. They are the Noah and the Stewart, formerly based in Manila

Veteran Swimmer Is Eight Miles Out on Second Catalina Swim

LONG BEACH, Cal., Jan. 31.—Henry F. Sullivan, Lowell, Mass., veteran swimmer, who swam the English channel in 1923, but who negotiated less than 10 miles in the recent Santa Catalina channel marathon, was within sight of the mainland at 7:15 o'clock tonight in a second attempt, friends of the swimmer here reported.

WATERMAN DIED A HERO'S DEATH LETTER REVEALS

Was Trapped by Flames While Seeking to Warn Two Others

That Charles A. Waterman, formerly of Nelson, who was burned to death in the fire that destroyed the Claremont Country club, at Piedmont, near Oakland, Cal., at which he was night watchman, as already related in The Daily News, died a hero's death, is revealed in a letter to The Daily News from Ellen R. Sullivan, assistant secretary of the club, asking for discontinuance of the paper to his address. She writes:

"He lost his life in a fire which razed the club house on the morning of January 24. He lost his life fulfilling his duty as he saw it, as he was trapped while on his way to arouse two employees who were sleeping at the rear of the house, and who were subsequently rescued. The funeral was held Thursday afternoon with Masonic rites.

"He was much beloved by the members of this club, and all deplore his tragic death."

CHAMBERLAIN IS BACKED STRONGLY

Adequate Armed Forces to China Keeps Criticism of Government Down

LONDON, Jan. 31.—Sir Austen Chamberlain's Birmingham speech continues to get an excellent press reception despite the fact that the terms offered to China are universally admitted to go even further than was indicated in the Christmas memorandum to the powers, and it is supposed that this may be due to the conversations between British Charge O'Malley and Eugene Chen, the Cantonese foreign minister at Hankow.

It is thought that Sir Austen would not have secured such strong backing for his generous terms had not the government disarmed criticism in advance by sending adequate armed forces to China.

News from Peking today reports plans for a big offensive at an early date of the northern forces against Hankow, with large Nationalist contingents from Ichang and other points moving on Hankow. The Peking government's protest against the British expeditionary force is not regarded very seriously in official quarters here; it is considered rather as another manifestation of the prestige competition between the northern and Cantonese governments. It is noted that while the protests characteristic the British action as "extraordinary" it does not complain that it is unfriendly.

Found Guilty of Murder in the First Degree by Jury in New York City

NEW YORK, Jan. 31.—Thomas (Red) Moran, charged with the murder of the two Brooklyn policemen last November, today was found guilty by a jury of a murder in the first degree. The jury deliberated only 45 minutes. Moran, who is 20 years old, shot and killed Patrolmen Frank Askiewicz and Edward J. Burns who stopped a car in which Moran and three other companions were riding. Counsel for Moran sought to prove that he was mentally irresponsible.

ACCUSE FATHER OF KIDNAPING CHILDREN

SEATTLE, Jan. 31.—Information was filed here today against Frank H. Brodigan, public accountant of Toronto, accused of kidnapping his two children from the home of a friend where they were staying under order of Judge W. B. Beals of the King county supreme court.

KETCHIKAN, Alaska, Jan. 31.—Herman Smith, for years a mate under Captain Alex. MacLean, who was known as "Wolf Larson," in Jack London's "Sea Wolf," died at the age of 70 here last night.

FERNIE LIQUOR CROSSES LINE BY CAR THERE

Customs Officer Admits Storing Liquor for Drivers; Says Is Powerless

COMMISSION TO DISCUSS LIQUOR FOUND IN COKE

Brewers in Alberta Contribute to Campaign Funds; Editorial Writer Witness

CALGARY, Jan. 31.—Large contributions made by certain Alberta breweries in connection with plebiscite on liquor sales in the province, were revealed to the customs commission during today's sitting. Emil Sick, manager of the Lethbridge Breweries, explained that $22,000, appearing in the advertising accounts of his company in 1923 and 1924, covered propaganda in connection with the plebiscite.

Finally T. H. Cox, manager of the Fernie, Fort Steele Brewing company, told the commissioners that sums, ranging from $1175 on July 2, 1926, to $6169 on June 7, 1924, were for contributions to the general fund of the British Columbia breweries used for propaganda purposes.

Today's sitting was devoted largely to investigation into the movement of liquor from the Fernie export house of the Consolidated Exporters, into the United States. The commission heard one complaint of a commercial nature which was offered by F. S. Sara of F. Sara & Co., manufacturers' agents in Calgary. This witness complained that his company had been refused a permit to import a certain type of .22 caliber rifle, manufactured by a Belgian firm, on the ground that it was a dangerous weapon. Later, said Mr. Sara, he discovered that German rifles of a very similar pattern, but inferior, were being sold by Montreal firms in western Canada. The witness described the correspondence which had passed between him and the department at Ottawa, in regard to this alleged discrimination and declared that the German firearm was still being sold in Calgary.

Asks Police Work

Today's sitting was featured by a statement from R. J. Dinning, commissioner of the Alberta liquor control board, that supervision over, and seizure of illicit stills in this province should be undertaken by the Royal Canadian Mounted police.

"I think that the 120 mounted policemen in the province should be asked to do this work," he said. "We cannot prosecute under the Dominion law," he added. "Unless we find the mash or moonshine, we are helpless."

Mr. Dinning said that under the Alberta liquor law, no individual could purchase more than three cases of liquor at one time.

"Can a man come in three times a day and get a case each time?" queried Chief Commissioner Brown.

Mr. Dinning said no. There was a check up at Edmonton, and if one person was found to be purchasing more liquor than he was entitled to, his permit was cancelled.

Through Roosville

Examination of H. H. Hyde, customs excise enforcement officer at Roosville, shed some light on the movement by motor car of liquor across the line. Roosville is the point through which a large proportion of the Consolidated Exporters, Fernie branch, liquor exports, move to their United States market.

Mr. Hyde described how Amer-

PIRATES KIDNAP AND STEAL, CHINA

Force Crew of Vessel to Take It to Port; Carry Passengers Away

HONGKONG, Jan. 31. — A pirate crew brought the steamship Seang Bee into their notorious rendezvous at Bias bay, near here, today, kidnaped five well-to-do Chinese passengers to be held for ransom, and made off with money and jewelry valued at $40,000.

The Seang Bee, owned by Chinese but flying the British flag, left Singapore in the Straits Settlements, January 24, with more than 700 Chinese passengers aboard the 6000-ton vessel. She was bound for Hongkong.

The Seang Bee was at the mercy of the pirates, and they ransacked the cabins, seizing the ship's armory, and with pointed revolvers forced the officers to steer toward Bias bay.

The Chinese passengers were terrified when the pirates threatened to pour kerosene upon their heads and burn them to death.

When the Seang Bee arrived at Bias bay the pirates compelled the crew to row them ashore in lifeboats, with their five captives and booty. The cargo was not touched by the robbers.

Jail Sentence Upon Road House Keepers Is Upheld by Court

VICTORIA, Jan. 31. — The six months jail sentence and fine imposed by Magistrate Alexander in Vancouver on two keepers of the Second Narrows roadhouse, following the spectacular early morning raid with wholesale arrests, and many escapes in November last, was upheld by the court of appeals this morning by the dismissal of the Rex vs. Ditmar and Sullivan appeal.

CHINESE ORDER BRITISH MAKE TAX COLLECTION

Reminded Is Appointee of Chinese Government and Must Carry Out Orders

PEKING, Jan. 31.—China made another assault tonight on foreign control of Chinese institutions. The finance ministry in a statement in effect, ordered Sir Francis Anglen, British inspector general of the Chinese maritime customs, to place his organization, foreign controlled for a generation, in charge of the collection of the 2 1-2 and 5 per cent surtaxes which the recent mandate of the Peking government ordered to become effective from tomorrow.

Sir Francis was reminded that he was an appointee of the government of China and must carry out its orders.

The ministry published correspondence which showed that Sir Francis asserted that his organization may collect only taxes permitted by treaties. The government replied that the surtaxes were unanimously agreed upon by the powers at the Washington conference and were incorporated in a treaty there. Hence the ministry asserted, Sir Francis was mistaken when he assumed that collection of the surtaxes was not permitted by treaties.

SEVERAL REPORTED DEAD IN FLOODS

But Confirmation Lacking; Red Cross Official Says Report Untrue

LITTLE ROCK, Jan. 31. — Several members of the family of Grover Hale, a tenant on the Pioneer plantation, 10 miles northwest of Cotton Plant, are believed to have been drowned today in crossing a precarious bridge over the swollen Bayou.

At the same time conflicting reports pointed to a total death list of nine, of several missing, and of scores of persons marooned at various points in a flooded area taking in parts of Woodruff, Prairie and Monroe counties.

The sheriff's office at Cotton Plant understood tonight that Mrs. Ruth Smith, 18, Ola Clem, her sister, and Darling Clem, her brother, had been drowned in a tenant house on the Griffith plantation, but newspaper men said the three children were brought in safe late this afternoon.

No witnesses of the tragedy on Grinnell's slough could be located tonight, but the sheriff's office stated that Grover and his wife and four small children were drowned when the bridge went down under their truck.

Denies Drownings

LITTLE ROCK, Ark., Jan. 31.—W. G. Jones, chairman of the Cotton Plant Red Cross chapter, returning from there tonight from a tour of Woodruff county flooded regions, said no persons had been drowned in the region northwest of Cotton Plant. He has received the reports of drownings and has traced them all, proving them to be without foundation, he said.

GERMAN DISARMAMENT PROBLEMS UNSETTLED

PARIS, Jan. 31.—Although the last day of January was the date fixed for settlement of the German disarmament problem between the allies and the Germans, when military control would pass from the allied mission to the league, an agreement had not been reached tonight, and the allied council of ambassadors postponed their meeting, while the clock was turned back.

By special dispensation, which the ambassadors' council assumed authority to accord, however, the time limit was extended until tomorrow noon, when a final meeting of the council will be held to take note whether an agreement has been reached.

The real question at issue was dismantlement of the Konigsburg and other fortifications in eastern Germany.

Calgary Sessions of Customs Commission Will Conclude Today

CALGARY, Jan. 31.—Calgary sittings of the royal commission investigating the customs department will conclude tomorrow and the commission will leave for Regina early in the afternoon. It is now anticipated that sittings in Regina will open on Thursday morning.

CLOSEST CALL IN TEN YEARS OF ITS OFFICE

Vote Is 20 to 21 on Ministerial Amendment to Labor Commission Resolution

MAJOR BURDE REFRAINS FROM CASTING BALLOT

Woodward and Uphill Vote With Opposition; Conservatives Refuse to Act

VICTORIA, Jan. 31.—(Special to The Daily News.)—By the closest margin, a single vote, in its 10 years of office, the government was sustained in the legislature today. It was on the ministerial amendment to the Labor resolution calling for the appointment of a royal commission to probe campaign funds. The government through the attorney-general, offered in amendment, a select committee of the legislature. After a debate that lasted the entire sitting, the amendment carried by a vote of 21 to 20, the amusing feature of the debate which at times waxed acrimonious, was the endeavors of the government to keep the legislature going until the arrival of the train from Alberni with the member for that place, Major R. Burde, Independent. It was expected that he would favor the governmnt stand, but on his raching the house, he refused to vote at all, staying outside of the chamber. Charles Woodward, senior member for Vancouver, voted with the opposition.

R. H. Pooley, Conservative leader, announced that no member of his following would accept a place on the committee, saying that a house committee was but making judges out of the accused.

Something New

Something new was introduced in the argument which has occupied the house for days, when Joshua Hinchliffe asserted that he had information to the effect that the Hotelmen's association levied $2 a barrel on every barrel of beer sold by beer parlors. This sum went to campaign funds.

Premier Oliver intimated that the committee would have the fullest possible powers to go into campaign funds, and make what recommendations it desired. Sittings will, it is expected, commence within a few days.

London Watches With Interest a Political Comedy Being Enacted

LONDON, Jan. 31.—Another political comedy is brewing if Captain Wedgewood Benn, Liberal member of parliament for Leith since 1918, and for another constituency from 1906 to 1918, joins the Labor party, as has been credibly reported, following the recent example of Commander Hon. Montague Kenworthy. Captain Benn's reluctance to announce forthwith his renunciation of Liberalism is stated to be due only to his desire to obtain adoption in his present constituency as a Laborite, which means that he would have to overthrow R. F. Wilson, Labor candidate who increased the Labor poll in the last three general elections.

Captain Benn is noted for his unrelenting criticisms of the present home secretary, Sir William Joynson-Hicks.

THREE NARROWLY ESCAPE WINDSOR FIRE

WINDSOR, Ont., Jan. 31.—Three persons narrowly escaped with their lives and damage estimated to be in excess of $40,000 resulted in a fire today which gutted the Hanson hotel, Leamington.

John Hanson, his wife, and a servant, were almost overcome by smoke fumes, when, roused by neighbors, they escaped.

CONSTABLE ABLE LEAVE HOSPITAL

Victim of Waldo Shooting Still on Sick List, Though; Was Shot in Jaw

CRANBROOK, Jan. 31.—Constable Sharp was discharged from the hospital here today following his recent injury received in endeavoring to apprehend a crazed Chinaman at Waldo about a month ago.

Constable Sharp has not entirely recovered from the shot wounds he received in the jaw. Considerable dental work is now necessary. He has left for Fernie where he will testify at the adjourned inquest on the Chinaman, who was mortally wounded in the exchange of shots. Mr. Sharp will then proceed to Elko where he may resume light police duty.

JACKIE CONWAY IS VICTOR OVER HEADLEY

WINNIPEG, Jan. 31.—Jackie Conway of Minneapolis scored a technical knockout over Eric Headley of Ottawa in the main bout of a boxing show staged here tonight. Headley fought from the second round on with a broken thumb on his right hand and after taking a bad beating, he did not respond to the bell in the ninth round. Headley showed great courage and though Conway battered him badly, the Ottawa fighter was never really in trouble.

RIONDEL NOTES

RIONDEL, B.C., Jan. 31.—Mrs. John Sutcliffe has been taken to Kaslo hospital last night, suffering with pleurisy.

William Cliffe and George DeMille returned from Kaslo this morning, where they have both been in the hospital with flu.

Quite a number from here made the trip to Kaslo on Wednesday night to see the hockey match between Kaslo and Nelson.

Charles Westing, who had his hand hurt some days ago, is much improved and expects to return to work shortly.

Quite a few from here are holidaying in Nelson, as the Bluebell mine is shut down for a few days due to the cold weather.

Rupert Guthrie spent a short holiday in Kaslo the first of the week.

YOUNG MISSES ARE HONORED

Miss Strongitharm and Miss Yeatman Become of Age; Dance Is Brilliant Affair

SOUTH SLOCAN, B.C., Jan. 31.—The most brilliant event of the party season was the ball given in the hall on Friday evening, January 28, when Lieutenant-Colonel and Mrs. J. Murray and Mr. and Mrs. J. D. Yeatman jointly entertained in honor of the coming of age of Miss Gwendoline Strongitharm, Lieutenant-Colonel and Mrs. Murray's niece, and of Miss Benedicta Yeatman, Mr. Yeatman's and Mrs. Murray's sister, who is returning to Vernon after a six weeks' visit.

The hall was transformed into a veritable palace with streamers of blue and white arrayed as an overhead canopy and softly lighted by shaded lamps, the windows framed in greenery and the stage, from where the orchestra rendered the most popular dance musice, delicately shaded with simulated curtains of blue and white ribbons.

A brilliant moon radiated light, for the dreamy waltzes.

The lower hall was arranged as a cozy lounge and smoke room.

The refreshment tables, from which a buffet supper was served, were daintily set at the back of the stage, when after the supper waltz, the curtains were raised on a very attractive setting. Pouring coffee were Mrs. G. Noel Brown, Mrs. R. C. Passmore and Mrs. Turner Lee. Many of the young bachelors assisted the hostesses in serving.

Mrs. W. J. Oliver and T. Macdonald were the prize winners in a balloon dance, which caused great merriment. The whole arrangements for the enjoyment of the guests were charmingly carrid out. Those who assisted in decorating were Miss Marjorie Russel, Miss Gwen Strongitharm, Miss Yeatman, E. Van Dulken, J. Strongitharm, Wilfred Lee and Chisholm Gray.

The invited guests were: Mr. and Mrs. Hughes, Mr. and Mrs. R. J. M. Power, Mr. and Mrs. R. W. Chalmers, Thrums; Mr. and Mrs. T. Dodd, Mr. and Mrs. F. F. Tarry, Miss T. Galbraith, Miss K. Could Not Sleep Heart and Nerves Were So Bad

Mr. Geo. Meek, Windsor, Ont., writes:—"I suffered with my heart and nerves and could not sleep at night for noises in my head. I managed to keep at my work somehow, until I began to have dizzy spells which got so bad I could not go to my work. I was afraid to go out any place, for very often I would stagger on my feet, and everything in front of me would turn black and fade away. While I was home sick a friend told me to take MILBURN'S HEART AND NERVE PILLS. I got four boxes and by the time I had used them the pains and noises in my head ceased and I was able to get a good night's rest. Although that was six years ago I have never been troubled with that complaint again."

Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

KASLO INSTITUTE AGAIN IN LINE

KASLO, B.C., Jan. 31.—The regular meeting of the Women's institute was held in the city hall, the president, Mrs. John Keen, in the chair. A good program was arranged for the year, and various committees appointed. There was quite an amount of friently discussion, and everything points to a very successful useful year for the Kaslo institute.

CRANBROOK, B.C., Jan. 31. — Durham Encampment, No. 12, I.O.O.F., has installed its new officers for the term as follows: C.H., R. W. Leonard; H.P., D. W. Morrison, Kimberley; S.W., A. E. Bowley; scribe, J. L. Palmer; treasurer, H. Fyles; J.W., W. B. Mansfield guide, W. S. Johnson; first W., E. G. Dingley; second W., R. R. Johnson Kimberley; third W., E. Lythgoe, Kimberley; fourth W., J. H. Cameron; I.S., D. Campbell; O.S., J. Manning.

The installing officer was the district deputy, E. G. Dingley, H.C.P., and the ceremony was followed by a pleasant social time in the lodge room.

MOTHERS AND THEIR CHILDREN

A SAND BOX

One Mother Says:

My children have a sand box in their play room. They were easily taught not to scatter it too much, which is not difficult as the box is about 12 inches deep and about three feet long. We cut various sized pieces of cardboard and they learned how to make a dugout house, a barn and numerous other things. With a supply of the little celluloid animals and fowl which were bought quite cheaply, they have great fun. I gave them a few old spoons and they pass many happy hours playing in the sand. An old rug protects the floor and is easily shaken out.

TRINITY YOUNG PEOPLE DEBATE

Electricity of More Use Than Steam, the Debate Proves

"Resolved that electricity is of greater use to humanity than steam," was the subject of a debate between two teams of the Trinity Young People's society, in the church parlors last night.

The judges, Miss Enid Etter, R. Smillie and F. L. Irwin, awarded the decision to the affirmative, which was supported by L. Cook, R. Johnson and Miss V. Kirby. The negative arguments were advanced by R. German, Miss M. Phillips and T. McIntyre.

Miss Etter gave vocal solos, accompanied at the piano by Miss E. Armstrong, who also gave solos.

He's Not Skinny Bill Now!

Gained Pounds of Weight in Only 3 Weeks with New Yeast and Iron—*or pay nothing*

Thousands are amazed at IRONIZED YEAST. They can't understand the magic by which IRONIZED YEAST transforms thin, run down, pasty-faced men into well-filled-out, clear-skinned, vigorous people. Those who have been benefited could tell you (for their letters tell us) how a one course treatment of IRONIZED YEAST gave 5 to 15 pounds of firm flesh, cleared the skin, improved digestion and bowel action. It has put them on their feet again—given them a new interest and pleasure in life.

Vegetable iron and yeast have always been known as ideal blood and body builders. But it remained for us to combine them in a highly concentrated form. By our new, special formula, IRONIZED YEAST is **9 times more effective than ordinary baker's yeast and iron alone.**

IRONIZED YEAST gives you all the weight-building benefits contained in cod liver oil.

IRONIZED YEAST speeds up assimilation so that you get the full benefit of the food you eat. It clears the blood of impurities that ruin complexion, giving you a nice, clear, healthy skin. It will pick you right up and fill you with the pep and "life" you have always longed for.

If you are below normal weight—take warning! Underweight people have low resistance to disease. Put on good, firm flesh. Take IRONIZED YEAST—60 tasty tablets to a package. See your body build up. Notice how your skin clears, your digestion improves and you feel new strength and pep. Absolutely safe, containing no harmful drugs.

Try It on "Money-Back" Offer

Go **today** to any drug store and get a full size treatment of IRONIZED YEAST. If after this generous trial you are not delighted with effects **ask for your money back.** It will be refunded immediately. In 2 styles—sanitape package, $1.00; bottle, $1.25. For economy's sake get the $1.25 size. If inconvenient to buy from druggist, send $1.25 direct to THE IRONIZED YEAST CO., Fort Erie, Ont., Desk 116C.

LOOSEN UP THAT COLD WITH MUSTEROLE

Have Musterole handy when a cold starts. It has all of the advantages of grandmother's mustard plaster without the burn. You feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief.

Made of pure oil of mustard and other simple ingredients, Musterole is recommended by many nurses and doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, lumbago, croup, asthma, neuralgia, congestion, pains and aches of the back or joints, sore muscles, sprains, bruises, chilblains, frosted feet, colds of the chest. It may prevent pneumonia and "flu."

Varicose Veins Reduced or Money Back, Say All Druggists

SIMPLE HOME TREATMENT THAT IS GIVING AMAZING RESULTS

The world progresses. Today ailments that took weeks to treat can now be ended in a few days. If you have varicose veins or bunches you can start today to bring them back to normal size, and if you are wise you will do so.

Just get an original bottle of Moone's Emerald Oil at any dispensing pharmacist and apply it night and morning to the enlarged veins. It is very powerful and penetrating, and only a little is required.

After a few days' treatment the veins will begin to grow smaller and by regular use will soon reduce to normal.

Moone's Emerald Oil is also a marvellous healing agent. One application for instance stops the itching of eczema, and a few applications cause the eruptions to dry up, scale off and completely disappear. It is equally as effective in barber's itch, salt rheum, redness and inflammatory skin trouble.

People who want to reduce varicose veins, or get rid of eczema, ulcers, or piles in a few days should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time. Any pharmacy can supply you, and sells lots of it.

ODIES' RINK NEEDS A PIPE; FLATTER SITE

quires Too Much Hose Now, Says McKenzie; Fire Chief Kicked

EST END OF LAND IS LOW AT PRESENT

ncil Will Lay Half-Inch Pipe; Also Smooth the Ground

Plans for the building of an open rink on the recreation grounds the use of the Nelson children e been reluctantly abandoned by city council after an unsuccess- attempt by the fire department flood the area marked off for the posed rink, according to Alder- n. J. E. McKenzie, chairman of *public works committee.*

One of the reasons for not com- ting the rink was that 19 lengths hose were required to reach the rest hydrant, which is near Nelson Iron Works, to the Recre- on grounds. Fire Chief M. H. loney said that in the cold weath- the hose when used had to be efully dried before being ready use again which took some time, that if practically all the hose the station was used for flooding rposes, the department would be a bad way should a fire break out the city.

Another fact was that the west- end of the grounds was several t lower than the easterly end, ich made it a difficult matter to od unless an extremely high bank s built at the lower end. For this rpose snow was a necessary requi- *e, and the changeable weather* de this item an uncertain quan- r.

Alderman McKenzie said that the ncil plans to have everything in adiness for a rink for the kiddies the grounds next year. It is nned to have a half inch pipe d from the fair building to the ddle of the grounds, where a short gth of hose may be attached en it is desired to flood an area a rink. The grounds will be elled during the summer so that oding will be a much simpler k than at present.

KNOCKOUT PLAY GETS ON AT TRAIL

Some Rinks in Semi-Finals; Merchants' Playoff Tonight

TRAIL, B.C., Jan. 31. — Rinks skipped by L. F. Tyson and W. Truswell tonight broke into the semi-finals of the Trail Curling club's President knockout competition. Tyson beat Robertson and Truswell knocked out Larama.

Resumption of play in the Patrons' knockout saw Fingland beat Ritchie, J. Balfour beat A. Balfour, Caldicott beat McLennan, and Campbell beat Dodimead in the third round. One match was played in the fourth round, McLeod beating J. Forrest.

Playoff in the semifinals of the Merchants' No. 1 knockout competition is scheduled for tomorrow night. The fixtures are Jackson vs. *Somerville and* Robertson vs. Fingland. The matches are to commence at 5:30 in order to avoid conflict with the hockey match.

At the same hour Brown and Forrest are matched in the Merchants' No. 2, and *Caldicott and Campbell* are matched in the fourth round of the Patrons'.

Who Cares Anyway? Trail and Rossland Curlers Enjoy Selves

TRAIL, B.C., Jan. 31.—Returning *from the annual friendly spiel* with Rossland curling club Saturday, 50 odd Trail curlers are again hazy regarding who won. Everything was favoring Trail from the moment when Rossland undertook to set up a rink for every visiting rink and the rocks began to skid at 3 o'clock, until supper time. But thereafter until play stopped at midnight, the points of each side became more obscure and confused with the aroma of hot coffee, weiners and other delicacies, served up by J. Manis, the Trail club's chef. On the unsupported testimony of one Trail curler, Trail won by a margin of 235 points. But the fact is so controversial, Rossland will probably visit Trail rink to play the spiel all over again on Saturday.

TRAIL SCOUTS PLAN AN ICE CARNIVAL

TRAIL, B.C., Jan. 31.—Trail boy scouts are thus early working to achieve funds for their midsummer scout camp. In cooperation with the curling club they are putting on a masked ice carnival at the rink this week.

TRAIL MAN FACES SERIOUS CHARGE

Sent Up for Trial on Charge Issuing Worthless Check on Restaurant

TRAIL, B.C., Jan. 31.—George Raymond Lindberg, local young man, arrested this morning on a charge of issuing a worthless check, was committed to stand trial before a court of competent jurisdiction when ht was given a preliminary hearing this afternoon by Magistrate Noble Binns.

Lindberg, it was alleged, secured $15 from the Crown Point Cafe company of Trail by issuing a check for $30 covering his bill at the cafe on January 29. A. G. Johnson, ledger keeper of the local branch of the Bank of Montreal, testified that Lindberg had no account in this bank on which the check was drawn. Lindberg will be taken to Nelson for *detention pending* his trial, tomorrow.

TRAIL VETERANS ACCEPT RITUAL

Former Rossland Vets' Ritual Will Be Used Till Legion Secures Dominion One

TRAIL, B.C., Jan. 31. — Trail legionaires tonight reviewed and accepted for use the ritual formerly used by the Rossland branch of the G.W.V.A., as it has been amended by E. W. Hall to suit the temporary needs of the legion here. Recently it was felt that a certain degree of ritual would enhance the dignity of the branch's proceedings. This adopted ritual will be used until the correct ritual formulated by the Dominion executive of the Canadian Legion is received. F. L. T. Friend, president, presided. There were about 60 members present.

Granted Pension

The branch tonight heard that after four months' steady effort, it has been successful in getting a pension awarded to a former member, who is now residing in Vancouver.

A smoker and a dance were decided on, the cost to be defrayed equally by all those attending.

The dance will be the annual Ypres day dance. To insure its success a large committee was appointed in addition to the full executive of the branch. The whole committee consisted of F. L. T. Friend, E. W. Hall, Ray Jones, H. P. Klingwell, C. D. Leslie, E. M. Stiles, R. Storey, A. Smith, R. Duffy, L. Shuttleworth, R. Ellis, M. Butorac, J. Melvin, W. Ellis, A. Downie, J. Stuart, W. Truswell, R. Elliott and J. P. Schofield.

TRAIL BATTLES ROSSLAND TEAM

West Kootenay League Match is Scheduled for Trail Ice Tonight

TRAIL, B.C., Jan. 31.—Trail hockey fans are expecting the battle of the series tomorrow night when Rossland, leaders of the West Kootenay Hockey league, come down to play Trail in the thirteenth game of the series.

The teams have met four times and each has won the two games on its own ice. Trail is down two points because of its one game lost to Nelson. If it should lose tomorrow night Rossland will nearly have a *strangle* hold on the championship. In view of the fact that each has but three more matches in the scheduled series, which may easily conclude the season.

Although Hanson, the big Trail right winger, *is back on the lineup*, and did fine service against Nelson on Saturday, the team will probably be without Brown, the relay right winger, whose thumb was smashed in Saturday's battle. It is believed, however, that the team will have the moral support of a record crowd of fans and of its manager, Dick Dimock, who tonight supervised the team's final workout.

The team will be—Jackson, goal; Anderson and Reddick, defence; Hanson, F. Lauriente, Kendell, Moynes, Gustason and Wheatley, forwards.

French Will Not Insist Retention of China Concessions

SHANGHAI, Jan. 31.—A Japanese dispatch from Peking reports that the French minister has intimated to the Peking authorities that his government will not insist upon retention of the Freinch concessions in China.

START WORK ON THE ESTIMATES FOR CIVIC YEAR

A City Warehouse One of the Needs That May Be Satisfied

Preparation of the estimates for 1927 is beginning at city hall, and it has been arranged that the various standing committees will meet in turn to go into the needs of their several departments in the next *couple of weeks.*

One of the civic projects likely to be realized this year is that of a city warehouse or barn for storing city machinery, tools, supplies and trucks.

The wheel press purchased from the Canadian Pacific railway by the city, for use in connection with the street cars, has never been set up, for want of accommodation, and it is said that H. E. Stevenson, the blacksmith, is willing to install the machine in his smithy in return for the use of it, giving the city free service.

There is also a boring machine to be accommodated. Disposition of these matters is in the hands of a committee consisting of Mayor J. A. McDonald and Alderman R. A. Peebles.

Excelsior Club of Trail Enjoys Fine Drive in Sleighs

TRAIL, B.C., Jan. 31.—Thirty members of the Excelsior club of Knox United church tonight hired or commandeered two horse drawn sleighs and went joy riding beyond St. Mary's flats. Unmindful of coal dust and fodder litter in the sleighs and of falling snow, they carolled their way up hill and down dale. Returning to the church they spent other social hours in group games and in plying themselves with refreshments.

CRANBROOK GYROS WILL PRESENT ANOTHER SHOW

CRANBROOK, Jan. 31.—The Cranbrook Gyro club is making arrangements for the presentation of another musical show, "The Red Window," on March 3, 4 and 5. The proceeds are held in a trust fund for community work purposes. C. Lewis will again conduct the production.

Gas Made Woman's Stomach Feel Hollow

"I had gas on the stomach and would wake up with a hollow feeling as if I had not eaten for days. Since taking Adlerika, my appetite is good and *nothing disagrees with me.*"—Mrs. Mary Noble.

Adlerika is a compound of the best saline intestinal cleanser with glycerine, buckthorn, cascara and other gas-expelling and detergent elements. It is excellent for Intestinal Stasis, a disease due to modern ways of living and which is often the true cause of sour stomach, gas bloating, nervous dyspepsia and restless sleep.

Unlike most medicines, Adlerika acts upon BOTH upper and lower bowel, giving the intestines a REAL cleansing and bringing out old poisonous matter you never thought was in your system. Even if bowels move daily, you will be surprised how much more old matter Adlerika brings out which may have been causing all your trouble. In slight disorders, like occasional constipation, GAS bloating, indigestion or sick headache, ONE spoonful always brings relief.

Doctors Praise Adlerika

Dr. H. L. Shoub, New York: "Adlerika, in addition to its intestinal cleaning, checks the growth of intestinal bacteria."

Dr. A. C. Curl: "I prescribe Adlerika with highly satisfactory results."

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to excel Adlerika."

J. E. Puckett: "After using Adlerika, I feel better than for 20 years. Awful impurities were eliminated from my system."

Dr. F. M. P. (name withheld by request): "I use Adlerika in all bowel cases. Some require only one dose."

No matter what you have tried for your stomach and bowels, Adlerika will surprise you. At leading druggists.

'JUDY'S MAN'

Washington's Social Whirl and Official Life Are the Background of This Fascinating Love Story

By HELEN BERGER

Copyright, 1926, by the Penn Publishing Co.

Cecily drew a long breath. "I'm id you take it like that!" she said a relieved tone. "I've dreaded tell- you that most of all. Of course, didn't love me. That was the uble. I knew it. In fact, I knew from the very beginning and uldn't admit it to myself. But by d by I found I couldn't get along th just that sort of feeling. Not all life, at least! So—I broke the en- *gement!* You see, I'm not sparing u a bit in the telling of this. But and by you'll see why I have be so truthful with you. I re- rned his letters and his ring. And very instant he knew he was free must have found you. And any- e who knows Jack will know that must have really loved you, since —won you."

"Why?"

"Because he would have to work to n you. I can tell that about you. ere's a sort of fine dignity about u. You're real. He must have seen at at once. And he went to work win you. And Jack only worked r the things he wanted—desperate- ."

Through set lips Judy forced her- lf to reply to Cecily. "It is—very nd of you to come and tell me is," she said.

"I don't mean to be kind. In fact, rt of me hates you! I told you I as going to be dreadfully frank."

"I don't blame you for hating me!" ddenly Judy leaned forward. Her ce lighted vividly. "But you needn't ve hated me. Jack never loved e!" She was leaping forward to nfession, leaping gladly, madly! ow she would be free of this ugly, this hideous, impossible burden! She must tell this girl! She couldn't go *on letting* Cecily be hurt, Cecily who had truly loved Jack.

But Cecily's wide eyes stopped her. "Jack?" she laughed a little. "But I don't hate you because of Jack! I told you I broke the engagement. I did love him at first, but I am proud and when I found he didn't care enough to try to hold me I stopped loving him. I'm not talking about him."

"Well, what are you talking about, then?" Judy was honestly puzzled. "Why should you hate me?"

Cecily leaned forward. Her eyes were very cold and straight. "I've some news for you!" she said.

It seemed to Judy that the room grew very still. Even the ticking of the clock between the windows made a great noise in the deathly stillness. She had a presentiment of grave danger, of utmost change.

"What is it?"

"Tommy Carter is not dead!"

It came to Judy that this was exactly what she had been expecting! Tommy Carter was not dead! She had *a surge of happiness* at the thought of his young gayety, a thrust of clear, unselfish joy that the darkness and coldness of the grave had not dimmed that youth and gayety! Why, Tommy was alive! Alive! Tommy could come back to his beloved Washington, to the smoky blue and tarnished silver of his Washington! Come back and laugh and live! How glorious! He would come back! Back —to her! And at that she went dizzy, sick! Why, he couldn't come back to her. She didn't love him! She couldn't marry him! She wouldn't! And with this thought came memory of her position! Tommy would find her as the heroine of a romantic story! And he would know it was a lie.

She stood up quickly. "Alive?" she said, in a voice quick with trouble.

"Sit down!" said Cecily, in a hard tone. "I haven't finished with you!"

Judy sat down, dumbly, obediently.

"I've always wanted to be real! And being real is caring enough for things to fight to get them!" Cecily's tone was low, but a sort of triumph rang through *its velvet softness.* "I'm fighting for something I want. And the only way I know how to fight is to make you answer some questions. What are you going to say to Tommy Carter about your engagement to Jack Darien?"

Judy did not answer.

"How can you tell him? You think I don't see exactly what happened, but I do. You were engaged to Tommy. Then Jack Darien came along and swept you off your feet. And Tommy went to war and you *put off telling him the truth.* Well, now what are you going to do about it?"

Who are the pretty girls who blossom out of obscurity into the luxurious life of New York's night club life in Summer?

Read SUMMER BACHELORS

by WARNER FABIAN

One of the most remarkable stories you have ever read.

An outspoken story of New York's gay summer life—of Broadway night clubs and the new type of couple who make it possible—men who become "temporary widowers" every summer—and worldy-wise, excitement-loving girls who share their amusements and present a modern social danger.

The gaiety, the ever-threatening tragedy, that hover over the girls of this sophisticated set, are vividly pictured. The amazing climax of this frank story will startle you.

Brandon Handpicks Its Administration

One of Brandon's present titles to fame is that it has had one mayor continuously in the chair for the last dozen years. It is now deciding whether he is to have one more term.

It should not be assumed that Mayor H. Cater has achieved that long "reign" entirely by accident.

Brandon can have as bitter civic election fights as any city in the west, and it has had plenty of them. It is known as a "fighting" town.

It has always fought for its interprovincial fair, on occasion giving Winnipeg a handsome trimming when Winnipeg chose to hold its fair on Brandon's dates. It fought for the Baptist college, and all but won the right for it to be a degree-conferring body. It will fight at any time, and with every man and woman in the lineup, for anything that is Brandon's.

If Mayor Cater has held his position, it has been because he satisfied Brandon.

An example of the care Brandon gives to its civic personnel is well illustrated in the matter of the school board. If a vacancy is in sight, the field is carefully looked over, and an outstanding man is induced to come out. Then he is retained.

One of its trustees, a life-long court officer, served 20 years. Archbishop de Pencier, metropolitan of British Columbia, who was in Nelson at the recent quarter-century celebration of Ven. Archdeacon Graham, was formerly a rector at Brandon. When he came to this province he had sat on the Brandon school board for some seven or eight years.

Hon. G. R. Coldwell, K.C., distinguished lawyer, and minister of education in the last Roblin cabinet in Manitoba, stepped into political office from the Brandon city council, in which he had sat continuously as alderman for 20 years.

Few of Brandon's choices are made by accident.

Prohibitionists Shy at Blind Alley

Overwhelming defeat in the recent convention representing Prohibition bodies of the province, of the proposal to form a Prohibition party and seek the suffrages of the electors for its candidates, shows that the rank and file of Prohibitionists in the province have correctly appraised the chances there would be for success, along that line.

They see no reason to believe that history would reverse itself, and that a success withheld from all similar efforts of the past would be vouchsafed in their particular case.

Irrespective of the merits or demerits of Prohibition, it is a good thing for the province that another minority party is not going to take the field in the next general election. Multiplicity of parties is responsible for the kind of government the province is saddled with now.

Trapper Suffers Intensely Following an Accident

BELLA COOLA, B.C., Jan. 31.—M. Hickman, a trapper, was recovering in hospital here tonight from a harrowing experience when he fell and dislocated his shoulder and wrenched his arm when alone in the woods last week, three miles from his cabin at Atrjarko, which is 70 miles inland from Bella Coola. Suffering intense pain from his injuries, it took him five hours to make his way to his cabin from the scene of the accident, as he lost consciousness several times. He traveled most of the 70 miles to the hospital on horseback.

Body of Boy Who Coasted Into Ice Hole Recovered by Diver

OMAK, Wash., Jan. 31.—The body of 6-year-old Eugene Sargent has been recovered from the Okanogan river by a diver. The rescue party had been working continuously since Saturday afternoon, when the boy and his 3-year-old brother Billie coasted into a hole in the ice, cut by men putting up ice. The younger boy was helped to safety by a companion who held a stick to him.

CANADIAN WHISKERS ANSWER MUSSOLINI

What does Mussolini know about whiskers?

He hasn't any!

He declares they are a sign of decadency. Are they?

Look at this layout of whisker wearers and answer.

1. Rev. Dr. A. MacGillivray, intellectual and eloquent; 2, Rev. Dr. Salem Bland, writer and thinker; 3, Mussolini himself, belittler of the beard; 4, Charles N. Candee, captain of industry; 5, Prof. St. Elme De Champ, with Toronto's champion whiskers; 6, Sir William Mulock, eminent octogenarian jurist; 7, George Bernard Shaw, belligerent and brilliant author; 8, Sir Rabindranath Tagore, poet and philosopher; 9, Sir Joseph Flavelle, baron of big business.

What an array of wisdom and whiskers!

Mussolini must be mistaken.

JUDGE URGES AN INDUSTRIAL SCHOOL HERE

Tells Rotarians Kootenay Boys Should Be Fitted for Mining

HIGH SCHOOL HELPS ONLY SMALL NUMBER

Trafalgar School Could Be Easily Adapted at Small Cost

Speaking on boy welfare at the weekly luncheon of the Rotary club at the Hume yesterday, Judge J. A. Forin urged operation of an industrial school here, and training of the youth of the city in mining matters, so that they might find work in mining fields in the district.

He urged also that the Trafalgar school, partially erected at the cost of Nelson ratepayers and now standing idle, should be fitted up as such a school.

"There is no reason why Kootenay boys should not become the best mining men in the world," said his honor. With a few thousand dollars, the school could be fitted up so that boys, at the end of their high school training, could learn how to handle and sort ore, how to handle explosives, and how to operate air drills and mining machinery.

There never was a time, he said, when the problems of the youth were quite so complex.

Industrial Training Necessary

It was necessary to train boys to a high state of efficiency that they might go out in the great competitive world fully equipped, and it was just as necessary to provide training for work in industrial fields.

"Where does the high school lead to?" he asked. It led to the university. It was a pleasant outlook for those who could afford to go on through university, but there were numberless boys who could not afford it.

Create Industrial Life

"Don't wait until they become cripples," urged the judge. "Gentlemen, my suggestion is that as a body of influential men, you should get busy and try to create something that will add to the industrial life of the province and of Canada."

J. S. Carter, president, presided. A. A. Perrier, chairman of the boy's work committee, was in charge of the program.

Joe Vingo gave piano solos and Teddy Romano entertained with his cornet.

Rev. W. C. Mawhinney of Trinity United church left yesterday afternoon for Kaslo, where he will attend the funeral of Dr. Calvert.

Col. J. M. Mitchell, secretary of the Carnegie United Kingdom Trust, says there is a larger demand in the countryside for literature of every kind than there is in the cities.

Miss P. H. — Could you tell me of a good game to be played by a crowd of boys and girls who have known each other all their lives?

Answer — Yes, a game based on the recognition of one another's voice. The girls sit in one room, each with an empty chair beside her, while the boys all remain in an adjoining room. Each girl, in turn, calls out some particular boy's name; if he recognizes the voice who called his name, he must go into the girls' room and sit down in the seat beside the one who called him—otherwise he must stay out until someone else calls his name. When all the boys are seated beside the girls, the game is reversed—that is, it is the girls' turn to go into the outer room while the boys are seated and call their names.

Mrs. M. D. — Some time ago a "Mrs. R." asked, through the column, how to cleanse the soiled border of her satin quilt. I know of no cure, but I have an excellent preventive for the next quilt she buys: Keep it from becoming soiled, while it is still new, by making a slip cover to go on over the border—a washable one; this can be basted or merely pinned on with tiny safety pins. Or it can button or tie on.

Answer — Thank you, reader friend, for this excellent suggestion.

Bride Who Keeps Things Clean — People use tapestries so much today in decorating the home that I am sure other women may like to have my question answered, as well as myself: How shall I cleanse my wall tapestries when they become dusty and soiled?

Answer — You can send the tapestry to a cleansing establishment, or you can cleanse it yourself as follows: Shake it well to remove dust. Then make a suds of warm water and mild white soap (or white soap flakes) and go over the surface of the tapestry with this suds and a soft-bristled small scrub brush. Rinse by brushing with clean warm water, taking care to use as little water as possible. (The tapestry should not be actually soaked.) Rub over with a clean cloth to remove excess moisture, and dry out in the sun.

Home-Builder — Shall I include a breakfast alcove in the small home I am planning to build?

Answer — Yes, by all means. Breakfast and lunch can always be eaten in such a cosy spot. People are now turning their old-fashioned "butler's pantries" into breakfast alcoves.

MEXICAN REBELS FLEE IN DISORDER

MEXICO CITY, Jan. 31.—After the sharpest and most sanguinary combat in the state of Jalisco, says a report to the war department, the Jalisco rebellion has received its death blow. The rebels fled, divided into small groups, pursued by the federal forces. The number of casualties is not mentioned.

That Body of Yours

By JAMES W. BARTON, M.D.

What Is Your Category?

You will remember that during the war soldiers were placed in certain categories according to their physical fitness.

An A man was fit for service anywhere. A B man was fit for overseas service, but not in front line trenches. A C man was fit for home service. A D man was temporarily unfit, and so might be advanced to A, B or C.

An E man was totally unfit.

The president of the British Medical association tells us that "physical inefficiency is at once the most permanent and fruitful cause of individual unhappiness and discontent."

He says that a B or a C man will be oftener on the sick list; he will make other mistakes; he will produce less; he will lose his job sooner; and at any moment of emergency he will be less trustworthy and reliable.

His physical deficiencies will increase with the passing years; he will be unable to protect himself and family.

This is certainly a gloomy picture, but the individual with poor health cannot be at his best mentally, physically and even morally.

What is his suggestion?

That the state should take an inventory of the health of all its citizens just as it does of its other possessions.

This would mean that an effort be made to raise individuals of a low category up to a high one, "thus rendering them more efficient citizens, more valuable producers of wealth, parents of healthier stock, and themselves more contented with their lot."

This looks like a big proposition, and will not presently come to pass, but if every individual were to take stock of himself, his health equipment, and see his doctor and dentist every year, remembering that not by medicine, but by fresh air, good food, and exercise, is the body built up to its possible best, then the efficiency and the happiness spoken of above, will be his portion. In other words, for the present at least, it is up to you and not to the state to put yourself into your best possible physical condition.

Prevent and Relieve Eczema

Mrs. Albert Bishop, 38 Laplanche St., Amherst, N.S. writes:—"In one week my baby was entirely relieved of eczema by the use of two boxes of Dr. Chase's Ointment. He had sores all over his back."

EVERYWHERE Dr. Chase's Ointment is known and appreciated by mothers who have with gratitude witnessed the benefit it has brought to their suffering children.

Chafing and cracking of the skin is often the beginning of eczema. The trouble develops where two surfaces of skin rub together—as in the neck, armpits or between the legs of fleshy infants.

Dr. Chase's Ointment applied after the bath brings relief from this condition and prevents eczema.

CRESTON IS FOR EGG INSPECTOR

Poultrymen Back Up Nelson's Request; Ask That Poultry Congress Train Come There

CRESTON, B.C., Jan. 31.—A meeting of the poultry producers of Creston district was held in the cooperative packing plant hall on Thursday. The meeting was addressed by G. H. Landon, district poultry instructor, on brooding and rearing baby chicks.

A resolution was passed requesting the Dominion department of agriculture to place an egg inspector in the interior to enforce the egg grading regulations. This resolution is similar to one passed recently by the Nelson Poultry association.

A resolution was also passed asking the World Poultry Congress committee to send the congress special train through the Kootenays on its trip through British Columbia. This was done to support the action of the Nelson board of trade in its efforts to get this train here.

The meeting was well-attended and many questions asked evidencing interest in the poultry business in Creston valley.

MRS. LEE HEADS FALLS AUXILIARY

Excellent Year Reported Upon by Body; Donations Were Large

BONNINGTON FALLS, B.C., Jan. 31.—*The annual meeting of the St.* Mary's branch of the Woman's auxiliary was held at the home of Mrs. W. G. Elsdon on Tuesday. Mrs. Turner Lee presiding. Mrs. Collingwood Gray, secretary-treasurer, gave a splendid report of the year's work. The financial statement showed that the sum of $25 was given to the General Pledge fund, $10 to the Parish fund. $20 to Miss E. Hassel for the Sunday school missionary van, $4 to the oriental mission, $4 to the Mary Beer fund, as well as contributing to many other funds. Dorcas work was done for the Lytton hospital.

The officers were reelected by acclamation as follows, Mrs. Lee, president; Mrs. Wilson Whiteley, vice-president; Mrs. Gray, secretary-treasurer; Miss R. G. Long, Dorcas secretary; Mrs. W. Whtiteley, prayer partner secretary.

Mrs. Long, superintendent of the juniors, gave an excellent report of their work.

Mrs. Elsdon entertained at the tea, after the session. The February meeting is arranged to be held at Mrs. Grays.

ANGLICANS CLOSE EXCELLENT YEAR

St. Andrews-by-the-Lake Hears Reports; Col. Taylor Again Warden

WILLOW POINT, B.C., Jan. 31.—The annual vestry meeting of St. Andrew's by the Lake, Willow Point, was held in the church on January 25, Ven. Archdeacon Graham celebrating Holy Communion, and later calling the business meeting.

In the rector's report of the year's work he stated that there had been 27 services during the year, 15 of which had been celebrations of Holy Communion, with 234 individual communicants: that there had been three baptisms, and though there had been no burial service from the church, the congregation had lost one member by death during the year. The congregation stood for a moment in memory of the late Ian C. Campbell. Ven Archdeacon Graham referred to the touching expression of friendship and affection by the whole parish, of which St. Andrew's was a part, on the occasion of the twenty-fifth anniversary of his incumbency; and took this, his first opportunity, of thanking the congregation for their share of the beautiful presents received by him and Mrs. Graham.

The people's warden, Kenneth Metcalfe, presented the financial statement, showing that all parochial liabilities had been met, including the *insurance on the church, that $180* had been paid to the stipend fund, $60 to the block assessment, and there was a balance in hand of $66.14. On behalf of the congregation, he congratulated the archdeacon on the completion of 25 years' work among them, and assured him of their appreciation of his ready and unfailing sympathy both in joy and sorrow.

The report of the senior branch of the Women's auxiliary was read by the president, Mrs. B. Townshend. During the year the members had cleaned and prepared the church for all services, and held two very successful sales of work, and two public meetings, one for Canon Simpson, field secretary of the general board of religious education, which resulted in the formation of a Sunday school in the parish, and the other for Miss Hasell, driver of the Anglican Sunday school mission van.

The secretary, Mrs. K. Metcalfe, read the financial statement, showing that the branch had fully met all its missionary pledges and obligations and had sent a substantial donation to the van mission and given $10 to the Sunday school and $75 to the stipend fund.

Mrs. E. Applewhaite reported for the junior branch.

Mrs. I. C. Campbell, superintendent, presented the Sunday school report. The school was reorganized in May with a membership of 20; sessions being held on alternate Sundays. Mrs. Campbell had as assistant during the summer months, Mrs. W. J. Moir, and in the winter, Mrs. E. Applewhaite; Mrs. D. Heddle and Mrs. N. Denny had also helped at times. The rector expressed his great pleasure at the reestablishment of a Sunday school *in the parish.*

Officers Named

The rector reappointed Col. A. N. Taylor as his warden, K. Metcalfe was reelected people's warden and E. H. H. Applewhaite auditor. K. Metcalfe was nominated lay delegate to synod, the nomination to be brought before the vestry meeting in Nelson.

The thanks of the congregation were tendered to Miss M. Balmer and to Mrs. F. Niven for their services at the organ, and of the wardens to the members of the Women's auxiliary for their financial help.

Mrs. DeGans Is Named Institute Treasurer at Edgewood Meeting

EDGEWOOD, B.C., Jan. 31.—The Edgewood and Fire Valley Women's institute held their monthly meeting at the home of Mrs. L. J. DeGans, Fire Valley.

Mrs. Jordan Williams, the president, was in the chair and 12 members were present.

The secretary's, Mrs. J. E. H. Kelso, report and Christmas tree account, was discussed, and passed. It was decided, owing to distances and weather conditions, not to start the baby's clinic *until spring.*

Mrs. J. W. Ford's resignation as treasurer, was reluctantly accepted, and the president, on behalf of the members, thanked her for her work since the institute started.

Mrs. L. J. DeGans was elected treasurer and Mrs. Cowell, a director.

At the adjournment of the meeting, tea was served by Mrs. L. J. DeGans, assisted by Mrs. W. J. Longbery.

in charge of the Ready-to-Wear Department of Ramsden Bros.

Miss Little says it is a shame to sell Silk Dresses and Coats, some of which are fur-trimmed, at such a low price as $11.75, as advertised on the back page of this paper. However, Mr. Ramsden said to let them go, and Miss Little's comment was: "I advise any person wishing a real good buy to come right along and I'll help them select real value."

Ends disposal problem—Discards like tissue

By ELLEN J. BUCKLAND
Registered Nurse

THE old-time sanitary pad has been supplanted by a new and better way called KOTEX.

✓ It ends the embarrassment of laundry and disposal. You discard Kotex as easily as tissue.

It's five times as absorbent as ordinary cotton pads, and thus protects amazingly. You wear sheer gowns and gay frocks under the most trying conditions.

Also *deodorizes,* and thus ends all fear of offending. 8 in 10 better class women now use it. Great hospitals employ it. Doctors widely urge it.

Most stores have Kotex on counters wrapped in plain paper, ready to be picked up without even asking.

Costs only a few cents for a package of 12. Be sure you get the genuine KOTEX, for only Kotex itself is "like" Kotex.

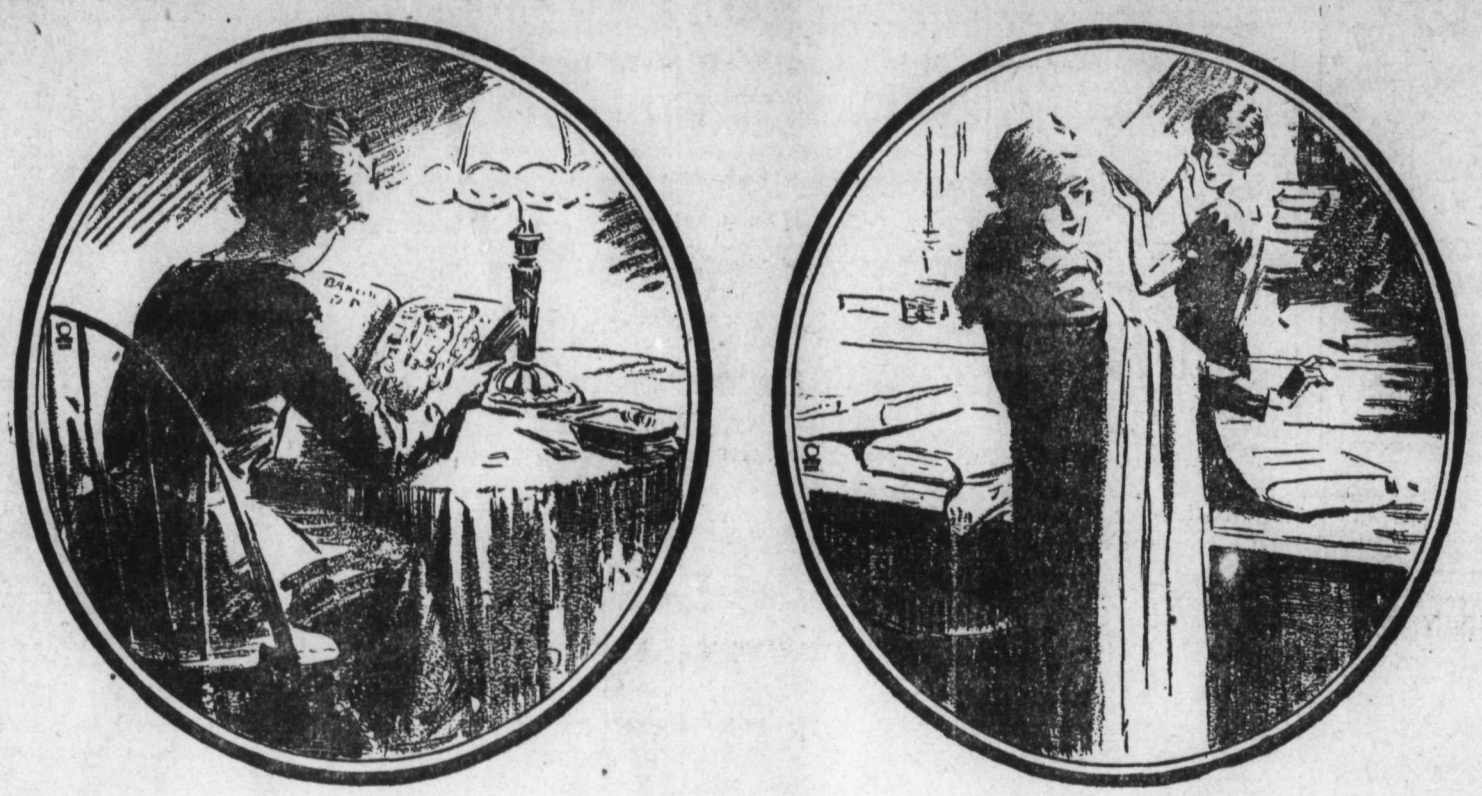
THE SPIRIT OF NEIGHBORLINESS



THE PERSONAL and MAIL ORDER ELEMENT the CATALOGUE

'T CAN'T be described in the printed word or illustrated in a catalogue——'

In our initial little message on the spirit of neighborliness as exemplified in the borrowing of a cup of sugar, we emphasized, if you'll remember, the personal element in prompt, efficient, honest service. You know that it's good sugar that is immediately handed over the fence because it comes directly from your neighbor's table.

Now, where or how you buy is your affair. And to our mind, a would-be neighbor who interferes in your affairs ceases to be a good neighbor. He's a busy-body.

But may we offer this suggestion? After you've looked through the mail order catalogue, would it be worth while to compare the pictured articles with those right at hand—that you can see and touch and instinctively determine the quality because a neighborly sales person offers you a choice across our counters? Then compare the neighbor's prices with the catalogue quotations plus postage and postal delays? You may be surprised.

It's just a suggestion, from neighbor to neighbor.

THANK YOU!

If Baseball Commissioner K. M. ndis pays attention to every story ld by old baseball players in hun-eds of villages and hamlets through-t the country, his seven-year term office will be just one long in-stigation.

Some of his summons and trans-rtation would have to be sent to e "Old People's Home," to round the boys who used to freeze and ake the life out of baseballs and en use them when the visiting ball ub was at bat.

And he should, by all means, round all the bat boys, who take the oss off the new balls and discolor em with dirst, before throwing them t for the visiting team to hit Some harge, like "contributing to the de-nquency of minors" could be brought gainst the managers who countenance is nefarious practice. If these investi-tions continue, the commissioner's of-ce will be cluttered up with wheel airs and Landis will be tripping ver the beards of some of the old-me players he will have to summon.

Tris Speaker Will Play With Washington Senators This Season

WASHINGTON, Jan. 31. — Tris peaker has agreed to sign with the Washington Senators, according to word eceived tonight from Clark Griffith, resident of the Washington club, who now in Tampa, Fla.

The terms of the contract offered peaker, who was cleared recently on harges of attempting to fix a baseball ame, were not disclosed.

It is the intentions of Griffith and Manager Harris to use Speaker regu-rly in center field. He would be lanked in right field by Sam Rice and left by "Goose" Goslin.

This lineup would give the Senators n outfield made up of .300 hitters.

Hornsby Refuses to Sell Card Shares; His Trade May Fall Through

ST. LOUIS, Jan. 31.—Rogers Hornsby's ownership of 1167 shares of St. Louis stock, and President Breadon's refusal to buy the stock at Hornsby's price of $105 a share, may force the cancellation of the trade which sent the former Cardinal manager to the New York Giants in exchange for Frankie Frisch and Jimmie Ring, Breadon said today.

Lewis Hotfoots It Back to Duluth; Was Not Signed to Maroons

MONTREAL, Jan. 31.—Herbie Lewis, star center player of the Duluth Hornets in the American association, is on his way back to Duluth to rejoin the minor league club, with which he has a three-year contract and for the time being at least will not be a member of the Montreal Maroons in the National Hockey league.

Lewis came to Montreal Saturday to talk business with the Maroon management. He was not signed, but, fearing the worst, the Duluth club took injunction proceedings to prevent Lewis playing Saturday with the National Hockey league champions. An interim injunction was granted by Chief Justice Martin. The Montreal management got into long distance telephone communication with the Duluth club regarding the Lewis case and apparently, for the time being, the one-day sensation in pro hockey, was wiped out by the two-club managements reaching an amicable understanding regarding the affair.

Lela Brooks-Potter Regains Skating Crown at Toronto

TORONTO, Jan. 31.—Skating—Spectacular racing and several spills featured the 25 events contested here tonight on the program of the Canadian National speed skating championships. No time records were broken during the final session of racing. Lela Brooks-Potter of old Orchard club, Toronto, retained her crown as Canadian woman speed skating champion, finishing far in advance of her nearest rival with a total of 120 points.

Ross Robinson of Toronto club, captured the senior men's title with comparative ease.

Chester Cole of Sackville, N.B., won the championship for boys under 16.

Lucien Bourwue, another Moncton performer, skated prominently throughout the meet.

Francois Desbiens of Ottawa, was easily outstanding of the girls under 16.

Moncton finished fourth in points for club standings, with Ottawa fifth. Old Orchard of Toronto, captured first place, Toronto was second, and Blue Streak club was third.

QUEBEC SKATING DRAWS STARS

QUEBEC, Jan. 31.—The Canadian Indoor Speed Skating championships which will be held at the Arena on Friday and Saturday next, are attracting celebrities in the skating world from all parts of Canada and the United States.

The following new entries have been received: Charles Gorman, Saint John, N.B., international speed skating champion; Valentine Blalis, international indoor champion, and Duke Donovan, New York, holder of world records for one mile and three miles.

CATARACTS BEAT LONDON PANTHERS

LONDON, Ont., Jan. 31.—The lowly Niagara Falls Cataracts handed the London Panthers' hopes of getting into the Canadian Hockey league playoffs a terrific jolt when they crashed their way to a 4 to 1 victory in a rough game here tonight.

TAMPA RACING IS SUDDENLY ENDED

TAMPA, Fla., Jan. 31.—The second winter racing meet at Tampa Downs, was ended abruptly today by officials of the Tampa Jockey club. Decision to stop the meeting was reached by the club, after R. G. Tittsworth, assistant county solicitor, had ordered Sheriff L. M. Hiers of Hillsboro to arrest all persons connected with the track if an attempt was made to carry out today's program.

JACKIE JOHNSTON AWARDED BOUT

TORONTO, Jan. 31. — Jackie Johnston of Toronto, bantamweight champion of Canada, was awarded the decision over Don Sandarilla of Montreal, after six rounds here tonight at a local theater. Johnston weighed 126 and Sandarilla 125 1-2.

Bobby Booth, Toronto, 130, obtained the decision over Curly Wilshur of Toronto, 130, after six rounds.

Jackie Phillips of Toronto, 135 1-2, gained the decision over "Whitey" Stevens of Erie, 136¾, after six rounds.

In the curtain raiser, Joe Byrne, Erie, obtained the decision over Al Sandford of London, Eng., after six rounds. They are lightweights.

SPEAKER WILL PLAY IN CENTER FIELD

TAMPA, Fla., Jan. 31.—Tris Speaker, former manager of the Cleveland American league baseball club, agreed to play center field for the Washington Senators this coming season, in a long distance telephone conversation with Clark Griffith, president of the Washington club, tonight.

Griffith said he "outbid New York, Philadelphia, Chicago, and Detroit for 'Spoke's' services."

Tris promised to report to the Senator's spring camp here about March 1.

REGINA CAPS WIN FROM ESKS

Sensational Contest at Edmonton; Demonstration Against Referee

EDMONTON, Jan. 31.—Regina Capitals chalked up their first victory of the season on Edmonton ice here tonight when they triumphed over the Eskimos, 3 to 2, in a game that was teemed with sensational features, including hostile demonstration against Referee Billy Keane. A chair was thrown on the ice.

A spectacular third period rally, by Regina, which accounted for two goals, was responsible for the visitors' victory. The Eskimos entered the final period leading 2 to 1, but the Caps, with a long strng of reverses back of them, were desperate and were not to be dened. They threw almost their entire team up on the attacking division and about half-way through the period, Prowse scored the equalizer on a pass from Rose. Pretty stick handling by Acaster, who pulled the Edmonton defence out of position and then slipped a pass over to Ingram to score, was responsible for the winning tally.

The first period was an even break with each team scoring once. Edmonton scored a lone goal in the middle canto.

The game bristled with rough, stiff body checking and tripping and was a tough affair for Referee Keane to handle. He drew down the ire of the crowd by handing out penalties freely to the home team in the first two periods.

SHEIKS SCORE OVER MAROONS

Pile Up 9-2 Victory on Home Ice; Maroons in Cellar

SASKATOON, Jan. 31.—Saskatoon Sheiks went into a scoring bee at the expense of the Moose Jaw Maroons here tonight in a Prairie Hockey league fixture. The locals won by 9 to 2, scoring six of their goals in the third period. The result lifted the Sheiks definitely out of the cellar, sending the Maroons back to the place they occupied before winning their last game. The teams meet in Moose Jaw tomorrow night.

For two periods and part of the third, the game was very even and although the Sheiks were two up at the end of the second, there was little to chose between the teams. Starting the third period, Mitchell speared one for Moose Jaw and then the teams battled for the next eight minutes on practically even terms. Connor started the Saskatoon parade with a goal on an individual rush, and in two minutes followed with another on a pass from Hoffinger. Four more times did the Sheiks dent the hemp before the period ended.

The Moose Jaw defence flopped in the third period and the Sheiks went through at will. Paquet was rather weak in the goal, some of the shots that got by him appearing to be easy saves. The game was clean throughout.

Deal for St. Pats Hockey Team Is Not Concluded

TORONTO, Jan. 31. — The deal for the sale of the St. Pats club of the National Hockey league may be going through, but it was not consummated today, as had been expected in some quarters. Manager Charlie Querrie said that the deal had not gone through to his knowledge, but that the option on the offer did not expire until February 15. The "other people," he said, "can take the club and franchise when they lay their money on the table. So far they have not put up the money. It is possible that things may remain as they are until the end of the year."

GORMAN FAILS IN DETROIT RACE

Is Third in 220 Yards; Henry Nelson Is the Leader

DETROIT, Jan. 31.—Henry Nelson of Chicago, a newcomer in championship circles and Elsie Muller of New York shared honors in the opening events of the National skating meet here tonight.

Nelson gained a 30-point margin over the remainder of the field in the men's competition by winning the three-quarter mile event and placing in the two-mile and 220-yard events. Miss Muller won the quarter mile and half mile events for women.

Charles Gorman of Saint John, world's amateur champion, and an overwhelming favorite in the meet, could do no better than third place in the 220-yard, which was won by Paul Forsman of New York. In the half mile he trailed Valentine Belias of Lake Placid and Eddie Searle of New York.

And Now The Most Beautiful CHEVROLET in Chevrolet History

With Scores of Improvements

It's Better Because It's Canadian

AS a climax to the most outstanding automobile success of recent years, Chevrolet announces the greatest triumph in its history—

—a complete line of cars, mechanically finer, entirely new in line, contour and color, and offering elements of style, distinction and elegance hitherto undreamed of in the low-priced field:

Here are new bodies of beautiful lines—brilliant in their modish new Duco colors—irresistible in their distinguished smartness—and outstanding in that individuality and perfection of silhouette regularly associated with costly custom-built creations.

Here are score upon score of advancements in design—a new and massive radiator shell—full-crown fenders—bullet-type head lamps and cowl lamps—new, heavier running board—new gasoline gauge—new A.C. Oil Filter—new A.C. Air Cleaner—Co-incidental ignition and steering lock—new, luxurious upholsteries—new sliding seat in the Coach model—new large steering wheel—and many others too numerous to mention.

But, however complete—however enthusiastic—no mere description of the Most Beautiful Chevrolet in Chevrolet History can adequately portray the new measure of individuality and style it brings into the field of the low-priced car. This can only be gained by inspection of the cars themselves.

So, we urge you to visit our show-rooms. And we ask you to come in anticipation of the revelation you would expect when the World's largest builder of gear-shift automobiles announces the Most Beautiful Chevrolet in Chevrolet History, at the Lowest Price for which Chevrolet has ever been sold in Canada.

OLD WING WILL BE BROUGHT UP WITH NEW ONE

To Refloor and Paint Old Part of Isolation Hospital

WILL ENGAGE HELP FOR SEWER RECORDS

Police Uniforms Authorized; Water Staff Get Raises

While on the job of providing the city with an up-to-date isolation hospital, the city council last night decided to bring the old portion up to the standard of the new wing, by reflooring and painting it.

Outfitting firms are sending catalogues of hospital equipment, particularly beds, of which there will be 30, and the council will soon be in the throes of dealing with the equipment problem.

No Engineer to Keep Up Work

Owing to the city having been without the services of a city engineer since the resignation of J. A. Ferguson last summer, the sewer records are behind, and authority was given by the council last night to obtain expert assistance for the purpose of bringing these records up-to-date.

A recommendation from the police commission, for a new outfit, consisting of uniform and boots, for each member of the police force, was acted on favorably.

Salaries of the water staff were raised, Superintendent James Harris being placed on $150 and John T. Brown on $135 a month.

The city clerk was instructed to order a car of coal, to be delivered between the fire department and the city hall.

Mayor J. A. McDonald, and Aldermen A. S. Horswill, Ross Fleming, A. A. Perrier, J. E. McKenzie, R. A. Peebles and Samuel Barton all were present.

DAN MORRISON, THRUMS PIONEER DIES, WINNIPEG

Served Overseas With Forestry Battalion; Moved to Prairie

H. C. Irving has received word of the death in a Winnipeg hospital of Donald (Dan) Morrison, late of Thrums, on January 27.

Mr. Morrison was an old-timer in this district, having come to Thrums some 10 or 15 years before the beginning of the late war, and operated a ranch there.

During the war he joined a forestry battalion, being by trade a bridge builder, and served in England. When he returned, he again took up ranching at Thrums, this time with his wife, whom he married overseas, two children being born since.

A year ago the family moved to the prairies. Mrs. Morrison and the two boys are now residents of Tantallon, Sask.

Mr. Morrison was born in Glengarry, Ont., 54 years ago, and came to the Kootenays while a young man.

HAIR RAISING, HIDE PEELING, GYRO PROGRAM

'Business Questions' Asked and Answered; Reason for Retail Costs

QUESTIONS ALSO UPON DISCIPLINE

Ethics of Merchandising Are Expounded at Weekly Luncheon

Questions relating to business in Nelson, asked and answered by Gyro merchants at the weekly luncheon of the club in the Canadian Legion building last night, made a novel and interesting program.

P. H. Sheffield, school inspector, was asked whether the school act prohibited male teachers from administering corporal punishmentto female pupils. In reply he stated there was nothing to prevent it. A teacher was supposed to administer punishement in the same manner as a "kind, firm and judicious parent" would.

Charles Morris—Why do raw hides fetch only about four cents a pound here, while leather sells at about 72 cents?

Joe Holland—A hide taken off by a farmer is just a raw hide, and by the time it reaches the tanner, is hardly fit for leather. The fat is left on and the hide is cut and slashed in pieces. It makes only cheap leather. Hides taken off by packers are in better shape and fetch better prices. They are worth 16 cents a pound. Cost of labor, freight, and tanning make the prices high here.

Business Outrook

H. Ferguson—What is the business outlook here?

A. D. McLeod—Mining is picking up, the pole business, it is said, will be better, and we have hopes of a veneer factory. I look for a little improvement in business conditions.

E. G. Matthew—Can the ordinary purchaser in a dry goods store tell what he is buying?

Clyde Emory—I don't think the ordinary purchaser knows very much about what he is buying. He has not had the experience to enable him to tell the various differences in cloth.

Charles Morris—In any reputable business, a purchaser gets pretty well what he asks for.

Suit Costs

E. G. Matthew—Why is it that you could buy a made-to-order suit for $25 before the war that costs $65 now?

Clyde Emory—The greater part of the cost is in the tailoring. You can buy just as cheaply now as you ever could.

Charles Morris—Tweeds are made of short wool. Worsteds are made of long wool and cost more.

P. H. Sheffield—Would a merchant advise a purchaser to buy a better brand of goods when by advising him to take a cheaper brand he would make a larger profit?

J. B. Gray—You have to do it to protect yourself.

Charles Morris—The only worthwhile salesan is one who will deal with the man on the other side of the counter as he would treat himself.

Hair Raising Questions

P. H. Sheffield—Why do hair cuts cost 65 cents in Nelson?

T. Crannage—It's labor cost.

A. D. McLeod—Can you cut a lady's hair as fast as a man's?

T. Crannage—I can do a lady's hair just as quick as a man's if she doesn't talk too much or want to see the back too often, because I don't have to wash a lady's neck as I do a man's.

Charles Morris—Why do the people across the lake pay $6 a year for The Daily News while in town we have to pay $13.50?

W. A. Curran—The Daily News is really a Nelson paper, and the people across the lake can't get the value out of The Daily News that the people in town do. The further a paper gets away from its home town, its value becomes less in ratio to the distance. It is the most perishable comodity in existence.

E. L. Buchanan asked about the legal process of transferring one's legal possessions at death to one's heirs.

C. H. Hamilton replied that it was usually done by a will, which must be signed by the testator and by two witnesses, each one of the three seeing the other sign.

E. G. Matthew described the court procedure.

Council Authorizes Mayor to Make Deal; a Play Center

Authority was given Mayor J. A. McDonald, by the city council last night, to obtain the use of the armory for civic purposes, from the department of defence. Terms are under discussion, and the mayor will close with the best proposition.

The armory, when obtained, will be put to use as a civic play center, there being no gymnasium generally available to the young folks of Nelson at the present time.

TEN THOUSAND SPENT NELSON-SPOKANE ROAD

Col. Lister Secures From Minister Admission of Amounts

Answering the questions asked in the house by Lieutenant-Colonel Fred Lister, M.P.P., for Creston, Hon. W. H. Sutherland, minister of public works, gave figures which totalled $13,984.05, which amount was spent on the Canadian portion of the Nelson-Spokane highway and on roads leading from it, during the spring and summer of 1926.

Of this the greater part, $10,793.04, was spent on the main highway, being apportioned thus: between Nelson and Ymir, $8049.30; between Ymir and Salmo, $1853.12, and between Salmo and the international boundary, $930.62.

On the Porcupine road, between Ymir and Salmo, the department spent $1203.41. Between Salmo and Fruitvale, $484.40 was expended, and on the Yellowstone road, leading from Salmo to the Queen mine, $653.20 was spent.

SECESSION TALK IS BUNK HE SAYS

Hon. Mr. Veniot Says Maritimes Right With Dominion and Great Britain

OTTAWA, Jan. 31.—"Do not pay any heed to rumore of secession. There is no such word in the vocabulary of the maritime provinces. While it is true we have been long suffering, not from the direct results of confederation, but rather from neglect in carrying out the terms of the union, yet the little provinces by the Atlantic will be found secon dto none in their fealty to Canada and their loyalty to Great Britain." In these words, Hon. P. J. Veniot, postmaster-general, and former premier of New Brunswick, summed up the situation in the maritime provinces today in an address before the 70th annual meeting of the Ottawa board of trade.

The postmaster-general stated that attempts were being made to mislead the public in central Canada and the western provinces into believing that, "in 1867, Canada (then Ontario and Quebec), permitted Nova Scotia and New Brunswick to join her, and that ever since Canada had found these maritime provinces a heavy burden. Also that the fathers of confederation, especially McDonald and Cartier, committed a grave blunder in permitting the maritime to be represented at the Quebec conference in 1864."

Hon. Mr. Veniot appealed to the public to "honestly study the history of confederation," and that they would see that the three maritime provinces were "strongly opposed to joining with Ontario and Quebec, from both a political and economic standpoint."

DULUTH COMES BACK IN FINAL TO VICTORY

MINNEAPOLIS, Jan. 31.—Opening with a barrage of shots on the Minneapolis goal after being tamed all through the first period, and the greater part of the second, the Duluth hockey club scored three times in short order in the third to defeat the Millers, 3 to 0, here tonight.

merican Smelting Picks Up; General Motors Leads in Automobile Issues

NEW YORK, Jan. 31. — The stock rket gave an impressive demonstran of strength today as large buying ers appeared in several of the soled "pivotal industrials." Rails aldisplayed a stronger undertone dete the generally unfavorable nature the December earnings reports, but e gains were held to a point or so.

Despite the unusually heavy monthd demand for funds and the sharp ficit in reserve shown in last Satury's clearing house statement, money is plentiful all day, the call money te holding steady at 4 per cent as ainst a run up to 5½ on the same y a year ago. The weekly federal serve report of brokers' loans loans owed a decrease of $38,232,000, bringg the total down to $2,731,940,000 as ainst a lo wof $2,408,695,000 last May d a high of $3,141,125,000 last Janu-y.

Smelting Up

American Smelting, which has been ther heavy lately as a result of reacionary tendency of non-ferrous metal ices, suddenly shot up over 4 points, 141¾. Pan-American B advanced ½ points.

The Pullman company voted to form new holding company to take over the ock of both parlor car operation and anufacturing companies. Pullman, lling (xd) today, closed a point high-, at 137⅝.

General Motors led the advance in at group in which active short coverg was reported on the strength of satfactory January sales of several modls. The average of 20 leading railroad ares duplicated the postwar high recrd established last year. Canadian cific sold at its best price in a deade. Chesapeake & Ohio was heavy on mors of new financing, but the other gh-grade rails were firm.

Time money and commercial paper tes, unchanged.

Sales—1,328,600 shares.

NET EARNINGS OF C N. R. SHOW BIG INCREASE

Better Last Year's Figures by Over Fourteen Millions of Dollars

MONTREAL, Jan. 31. — A preliminary statement of the earnings of the Canadian National railways for the 12 months of 1926 issued here today shows that the net earnings of the system, excluding the Central Vermont railway system, amount to approximately $46,400,000. This figure compares with a net of $32,264,414 for the year 1925, an increase in favor of the year recently ended of $14,135,585, equivalent to an improvement of 43.81 per cent for the operating results of 1926.

During 1926 the railway operating revenues amounted to $266,270,000, while in the previous year the total was $244,971,202.

In the 12 months of 1926, the railway operating expenses reached a total of $219,870,000, which total compares with $212,706,787.

Increase in Revenues

The increase in revenue during 1926 over the previous year amounted to $21,298,797, or 8.69 per cent in the 12-month period of 1926, the increase in operating expenses amounted to $7,163,212, or 3.37 per cent.

The condition by which the revenues increased at a greater percentage than did the operating expenses is reflected in a continued improvement in the operating ratio. This ratio for the 12 months of 1926 is 82.57, which is a reduction from the operating ratio of 1925, which was 86.83 per cent.

These figures may be slightly altered when the final results for the year are in, but the variation will be negligible.

The progress made by the Canadian National railways under its present administration is shown by the following comparative figures:

Year—	Operating revenue	Net earnings	Operating ratio
1922..	$234,659,025	$ 2,886,711	98.77
1923..	253,135,487	20,430,649	91.92

Ceylon Export of Rubber for Quarter Will Be 70 Per Cent

LONDON, Jan. 31. — The British colonial office today announced that the percentage of rubber which may be exported from Ceylon and Malaya for the quarter beginning February 1, will be 70 per cent of the standard production.

The colonial office, acting under the Stevenson plan of rubber restriction, reduced the percentage of rubber exportable from Ceylon and Malaya at a minimum rate of duty, from 100 to 80, on October 31. This action was taken because the average prices of rubber for the quarter ending October 31 was below 21d.

TRETHEWAY STRONG ON MINES LIST

Nipissing Firms Up; Noranda Stages Come-Back; Area Is Up

TORONTO, Jan. 31. — Substantial strength was shown by a number of the issues on the Standard mining exchange in today's session, which also saw an increase in point of activity.

Castle Trethewey opened strong at 121 and sold up sharply on insistent demand to 145, but later reacted to $1.25. Nipissing was another strong silver issue, selling up from $9.80 to $9.90. The close was at $9.90, an advance of 15 above the final level on Saturday. Teck Hughes climbed 30c, to $6.10.

Noranda staged a strong comeback, and sold up 80, to $20.90. Towagamac gained 15c, to $4.40. Area sold up 2c, to 57, and Duprat 1½, to 24.

STEAMSHIPS AND POWER IN HIGH

Smelters Score Widest Gain, That of Eight Points, on Montreal Market

MONTREAL, Jan. 31. — Led by Brazilian, Smelters and Quebec Power, the Montreal stock exchange launched into a vigorous forward movement in today's trading with new peak prices established by Canada Steamship preferred and Quebec Power.

Brazilian scored a gain of 1½, at 114½ (xd). Industrial Alcohol closed at 24, an advance of 2¼. Shawinigan finished at 69¾ for a loss of ⅛.

Smelters scored the widest gain. This issue climbed 8 points, to 251. The greatest loss was suffered by B. C. Fishing, which closed at 85, a decline of ¾. Total sales—25,180 shares; bonds —$60,050.

Hearing of Interim Injunction Restraining Meeting Is Postponed

MONTREAL, Jan. 31. — The hearing into the interim injunction issued by Mr. Justice Bruneau restraining the British Control Oil Field, limited, from holding an annual meeting in Montreal, was adjourned until February 24, when the petitioners and defendants appeared in practice court here today. Civil action involving the sum of $45,000,000 and the filing of a permanent injunction are the features of the case.

The petitioner is Ernest Tom Simons of Holmwood Lodge, Surrey, Eng., while the respondents include a number of well-known British financiers.

SLOCAN LEASERS ARE KEPT BUSY

KASLO, B.C., Jan. 31. — Leasers of various properties in the Slocan district are shipping considerable quantities of ore and are reported to be doing well.

Singel, Selton and Laferniere, leasers of the Colonial mine on Cody creek, near Sandon, are shipping another car of ore which, it is thought, is up to former values, and will net about $4000. They have also a large quantity of rich milling ore to ship.

Ray Hughes and others have secured a lease of the Silver Hoard, Ainsworth, and will ship their first car shortly.

Larson Brothers are shipping a car of high-grade zinc ore from the Sunset, Carpenter creek.

Matt Ulvilla has got in supplies in preparation for a start on driving a 3000-foot tunnel on the Florence.

The Whitewater is shipping steadily, and the erection of a mill is talked of, while the Cork-Province company, following its reorganization, plans an extensive development program.

Leasers are working several claims near the Cork on the south fork, owned by H. Giegerich, and shipments will be made shortly.

FERNIE LIQUOR CROSSES LINE BY CAR THERE

(Continued From Page One.)

ican cars came to the line and took the liquor across.

"Is there any patrol of the border by the United States customs?" asked Chief Commissioner Brown.

"Have the American authorities made any effort to deal with it?"

The witness replied that there was a patrol, but they came up to the point across from Roosville, only two or three times a day.

Stored Liquor

Officer Hyde admitted that he had stored liquor for Paul Bedner, a driver for the Consolidated Exporters. He explained, however, that he could not interfere with the export of liquor and that he had already made out the export papers for this consignment. Bedner failed to make connection with the American purchaser of the liquor, so Hyde had stored it overnight. While there was a great movement of liquor across from Canada at Roosville, the witness said that he had no authority under the treaty to transmit information to the American customs.

Pressed by Mr. Calder, the witness admitted that transfer of liquor from Canada sometimes took place at Bedner's house which was not far from the border.

Liquor in Car of Coke

The strange story of how a car loaded with coke from some mines five miles out of Fernie arrived in the United States with a supplementary cargo of liquor, was touched on by S. J. Douglas, railway agent at Fernie. This car was loaded on October 19, 1926, and stood in the Fernie yards overnight. Its location was about one-half mile from the Consolidated Exporters' warehouse. The car was seized in the United States and a quantity of liquor was found among the coke.

Mr. Calder said that he would have further evidence to bring before the commission about this car tomorrow.

Editor as Witness

R. M. Dickinson, subcollector at Coutts, Alta., another border point, expressed the opinion that liquor seizure might have been made by United States customs office at this point. Coutts is right across the line from Sweet Grass, Mont.

The commission examined R. S. Somerville, editor of the Calgary Albertan, in regard to an editorial, appearing in that paper criticizing certain features of the investigation. Copies of the paper containing the editorial had been sent to the chief commissioner. It suggested that the commission should devote more time to detecting commercial smuggling and less to protecting the United States from Canadian liquor.

Mr. Somerville stated that he knew commercial smuggling was rife in certain parts of Canada and that the editorial had been written with this in mind. He did not know of commercial smuggling in Alberta.

The commission adjourned until tomorrow.

MISS CAMERON ANSWERS CALL

Dies After Long Illness; She Lived Here 17 Years

Miss Jean Cameron died yesterday morning at her home on High street after an illness of nearly three years.

She was born in Scotland. She came to Nelson with her sister, Miss Mary Cameron, in 1910, and made her home with her brother, John Cameron, at present chief engineer of the Kuskanook.

Funeral services will be held tomorrow from St. Saviour's church.

PYTHIANS WILL MOVE QUARTERS TO MAGLIO BLOCK

Lodge Will Rent Entire Story; Move Within the Month

Nelson Knights of Pythias last night decided to move their quarters from the Eagle block to the upper story of the Maglio block. Installation in the new quarters will commence at once and the members expect to hold their first meeting in their new home by the first of next month.

The new home will include the entire upper story of the Maglio block and will have in it a kitchen situated at the rear of the floor and a reading room at the front. The kitchen will contain a gas range and utensils for cooking, while the reading room will have a library as well as writing facilities.

Nelson Ice Packer Falls From Chute and Breaks an Arm

While packing ice yesterday morning, Alex. Herd, an employee of the Kootenay Ice company, slipped on the chute on which he and W. F. Wilson, foreman of the company's packers, were working, and fell to the ground, a distance of five feet, breaking his left forearm. Dr. H. H. MacKenzie was summoned and the injured man was taken to the Kootenay Lake General hospital, where his arm was dressed.
