TRAIL, B.C., December 14. That testing of Trail triple osphate carried out by the airie departments of agricul- re, and experimental farms ring 1928 should be repeated ring 1929 on a large scale, d should include also testing ammonium phosphate from e Trail experimental plant, as the unanimous decision of e big phosphate conference ld here today, participated in a score of key men repre- nting the prairie governments, the experimental farms, anadian Pacific railway, Mas- y-Harris company, and Con- lidated Mining & Smelting ompany of Canada. This ca- es a step further a movement at it is hoped will lead to a eat fertilizer manufacture by e Consolidated, based on pro- uction of sulphuric acid from s smelter gases and mining its huge phosphate deposits ar Fernie, if its products ove as valuable to the prairie some of the results to date ggest.

Reports submitted showed a great riety of results, varying with the ds and with other factors, and it s agreed no general conclusion could t be drawn. Some of the best plots owed both increased yield and in- ased earliness.

GGER TESTS TO FOLLOW

Each of three prairie provinces will eive for the 1929 tests 50 tons of le phosphate and five tons of am- nium phosphate. It was intimated Consolidated might farther assist governments by placing in the during the summer and until the crop is threshed, trained men, nks connected with the prairie cultural colleges, to work under the ction of the governments in keep- check on the test plots, both dur- growth and at the threshing. Some duct will also be reserved for test- by the British Columbia depart- t of agriculture.

n connection with the 1928 tests, was made known that Manny-Harris to Australia to get fertilizer drills nade for that market, and that the P. R., rushed to Canada free, West- Canada and Russia being the only ntries for which the company does rn out fertilizer drills. A drill ed to prairie conditions may be de- ped, it was intimated.

Company Thanked.

the conclusion of the conference, ch lasted the entire afternoon, Hon. Prifontaine, minister of agriculture Manitoba, proposed a vote of thanks eneral Manager S. G. Blaylock and Consolidated for the hospitality nded, and particularly for the s directed to improving prairie fer- y, which would result in the ad- cement of agriculture. PENSIONS PLAN FOR TEACHERS IS WORKED OUT

Likely Before Legislature at Next Session; Would Assess Teachers Each Month

VICTORIA, Dec. 14.—British Columbia school teachers are assured of legislation next year under which they will have a permanent system of retiring allowances, it is learned at parliament buildings.

Under the contemplated plan all members of the teaching profession employed in the province, totaling approximately 3600 teachers, will contribute to the scheme at the rate of 4 per cent of their salaries monthly. A definite retirement age will be fixed. The government's only expense will be to make up any shortage that occurs between the amounts available and the needs of the profession, an amount which is not expected to be large.

The big difficulty in the way of the project was removed when the teachers decided recently to establish a fund of $100,000 to pay the retiring allowances of members of their profession who will retire shortly before they contribute substantially to the fund.

The retiring allowances, of course, will be based on the teacher's length of service and salary during this period. Allowances will be made up to the limit of the money accumulated through the teachers' monthly contributions.

While the scheme has been virtually indorsed the cabinet has not ruled on it, pending advices from the finance department showing exactly how it will affect provincial revenues.

Gets Fifteen Years for Crime Against His 15-Year-Old

MORRISTOWN, N.J., Dec. 14.—A man guilty of a crime against his daughter was sentenced to 15 years in the state prison and another, one of the first of nine Morris county men charged with offences against young school girls, was given 10 years by Judge Albert H. Hollard, in special sessions court today.

Dr. August H. Werner, physician who pleaded not guilty to a charge of performing an illegal operation, was sentenced to serve one year.

Carl Bismark-Jessen, 53, of Washington valley received a 15-year sentence.

Frank E. Shocklin, 53, a janitor, was sentenced to 10 years on four counts named in an indictment against him.

Dominion Refuses to Cut Sales Price on Kitsilano Reserve

OTTAWA, Dec. 14.—The Dominion government could not consider any reduction in the suggested price of $720,000 approximately for the sale of the Kitsilano Indian reserve. This was the reply given by Hon. Charles Stewart, minister of the interior and Indian affairs, to a deputation from the Vancouver city council which waited upon Mr. Stewart today. The city of Vancouver, the delegation stated, was desirous of purchasing the reserve, which is adjacent to that city, but desired to know if there was any prospect of any reduction in the suggested sale price.

John Ross Tolmie Is Chosen Next Rhodes Scholar

VANCOUVER, Dec. 14.—John Ross Tolmie of South Vancouver, president of the Alma Mater Society of the University of British Columbia, is chosen as next year's Rhodes scholar from this province.

AVIATOR POLICE

LUGANO, Dec. 14.—A proposal to prevent wars with an international police of aviators was submitted to the League of Nations tonight by Clifford H. Armson of New York, president of the league.

NEW YORK, Dec. 14.—Mrs. Francis wood, a veterinary, was acquitted in death of her husband Dr. Glen Kirkwood, charged with first degree manslaughter in connection with the Queens county Court tonight by a jury which deliberated a little less than five hours.

TOLMIE MEETS PREMIER FOR SHORT PERIOD

Will Go Into Return of Natural Resources Question With Minister Today

PRELIMINARY MEETING IS ONLY STATEMENT

Brownlee Concludes Case for Alberta, but No News Is Forthcoming

OTTAWA, Dec. 14.—Hon. S. F. Tolmie, premier of British Columbia, conferred briefly this afternoon with Premier Mackenzie King and members of the Dominion cabinet in respect to carrying out the recommendations of Chief Justice Martin of Saskatchewan for the return of railway lands to the province. The report was tabled in the house of commons.

Today's conference will be followed by further conversations with Hon. Charles Stewart, minister of interior and the ministers of other departments interested in the matter.

Chief Justice Martin, as royal commissioner appointed by the Dominion government, found that while there was no legal claim residing in British Columbia to the railway belt lands amounting to 15,000,000 acres approximately, there was a moral right in favor of the province.

BUSY TOMORROW

Premier Tolmie will interview Hon. Charles Stewart and othed ministers concerned tomorrow.

Premier Tolmie was closeted with the *prime minister and members of the* government for only half an hour this afternoon. The meeting was characterized as "only a preliminary conference."

The conferences of Premier Brownlee of Alberta with the government concerning the naturaly resources of that province concluded today. With regard to their character or to any decisions that might have been reached, the Alberta premier was reticent. It is understood, however, that settlement was not reached on all points and that the decision was arrived at to continue by an interchange of correspondence efforts to reach a definite understanding. Premier Browlee said he did not know the origin of the report that an agreement had been reached to drop the Alberta natural resources quqestion which had been before the supreme court.

BERENGARIA IS RUSHING YOUNG PRINCE HOME

Prince George Spent 10 Busy Hours in New York; Crowds See Departure

NEW YORK, Dec. 14.—Prince George, youngest son of the King, sailed for home and his father's bedside tonight aboard the liner Berengaria.

He had been in New York 10 hours, arriving about noon on the British cruiser Durban from his station at Hamilton, Bermuda, and spending the day seeing the city sights like an ordinary tourist.

Sir Esme Howard, the British ambassador, and representatives of the United States government were with him on a tour of the city and luncheon at the home of Cornelia Vanderbilt, and at dinner in the home of Mrs. Whitelaw Reid, widow of the former United States ambassador at the court of St. James.

Sir Esme brought the prince to the Berengaria's pier where several thousand persons had gathered to see him. The liner is due to reach Southampton on December 30.

Premier Baldwin Calls for Help to Aid the Many Distressed in England

LONDON, Dec. 14.—Premier Stanley Baldwin has written to the lord lieutenants of all the counties appealing for assistance in raising additional help in the work of relieving distress in the coal mining areas. He states the government has appointed an organizing secretary to coordinate the various relief agencies working in the cause.

The special fund opened by the lord mayors of the country was practically exhausted at the end of November.

DISARMAMENT BODY TO MEET IN MARCH

LUGANO, Dec. 14.—Agreement on March 4, 1929 as the tentative date for the next session of the preparatory disarmament committee and an accord between Great Britain and Italy as to proceedure for carrying out the agreement for the six months of the reparations problem and evacuation of the Rhineland, were outstanding decisions in connection with today's meeting of the council of the League of Nations.

CALCUTTA, India, Dec. 14.—A resolution of full support in the council's communication to the Simon statutory commission on Indian reform, was passed at a conference today of the council and delegates of the European association of India. The council had expressed concurrence in the aims of the commission which is investigating the possibilities of government reform.

Barber of Quarter Century Must Show Court How 'Tis Done

VANCOUVER, Dec. 14.—"Next" will be the signal for a demonstration by Allen Arnold, barber, of his tonsorial prowness in county court.

Proprietor of a local barber shop, and a barber for 25 years, Arnold recently appeared before an examining board of the provincial barbers' college. He failed to pass the test.

From this decision his counsel launched an appeal to a county court judge.

Equipped with razor and scissors, with hot water and soap capable of producing the creamiest of lathers, with all necessary ointments, and a "subject" or patient who is in need of a hair cut and shave, Allen Arnold must prove to the judge that he is a master of his art. Interspersed throughout the exhibition, the appellant will probably proffer the usual comments and gossip with which barbers entertain their customers.

The appeal will come on for demonstration in January.

PAN-AMERICAN CONFERENCE MAY BE A MEDIATOR

Offer Made to Attempt Settlement of South American Border Dispute

WASHINGTON, Dec. 14.—Determined to avert war between Bolivia and Paraguay, if possible, the Pan-American conference on arbitration today offered its services to the two countries to act as a mediator in the frontier dispute.

The conference reached this decision during the day's deliberation by voting to maintain the committee which is already set up to devise the most practical way of effecting a reconciliation between the two South American countries.

The action of the conference to act as a mediator, however, was taken in the face of some indications from Bolivia that such a step did not meet with that countries full approval. The Paraguaian delegate at the conference was present but withheld his vote.

The Bolivian minister refrained from attending today's session since its agenda consisted almost exclusively of Paraguaian-Bolivian system and he declined on the grounds that his government still insisted that reparation from Paraguay was due.

The Paraguaian charge d'affairs here said after this morning's meeting that he felt sure that any disinterested move looking toward the maintenance of peace would receive the indorsement of his government.

Until replies from both Bolivia and Paraguay have been received the special committee will take no action.

Tarchuk Ordered Back to Vancouver by Next Tuesday

VANCOUVER, Dec. 14.—Mr. Justice Morrison today made an order compelling the provincial government to return William Tarchuk, serving 21 months in Nelson jail on a charge of robbery, back to Vancouver. He will arrive here on Tuesday and argument will be heard on application to free Tarchuk on the ground that he was automatically set free by an order issued by the Hon. R. H. Pooley transferring him from Nelson to Oakalla jail.

Several Cases of Machine Guns Are Seized on Vessel

VIENNA, Austria, Dec. 14.—Seven huge cases of machine guns and munitions were seized by Vienna police today. They were found on a Danube river steamer in Vienna harbor and the police said the craft was en route to Hungary.

A retired Austrian general, whose identity was not revealed, and a Hungarian dealer in munitions of the name of Kemeny, were accused by the police.

THREE WILL DIE IN ELECTRIC CHAIR TODAY

JOLIET, Dec. 14.—With the state board of pardons and paroles and the governor remaining passive to their pleas of clemency Dominic Brasti, Indian, and Jim Brown and Claude Clark, negroes, today were taken to death cells in state prison to await the gruesome distinction of being the first men to die in an electric chair in Illinois.

At sunrise tomorrow the three will pay the supreme penalty for taking the life of William Beck, a Lake county farmer, last May.

SENATE PASSES THE FOOD CONTROL BILL

WASHINGTON, Dec. 14.—The Swing-Johnson bill for a huge flood control, irrigation and power project on the Colorado river to cost $165,000,000 was passed by the senate late today after a controversy that has extended throughout the best part of both administrations. The measure, known as the Boulder Canyon Dam bill, also was approved by a vote of 64 to 11. It now must go to congress to compose differences between the bill passed by the house last session and the one acted upon today by the senate.

THEO. ROBERTS, STAGE AND SCREEN STAR, DIES

LOS ANGELES, Cal., Dec. 14.—Theo. Roberts, stage and screen star, died at his home here late today.

Roberts had been ill for two weeks but his demise was unexpected. He was 68 years old.

PRESBYTERIANS, COAST SUSTAIN REV. MR. ORR

New Church Deprecates "Persecutions"; Stipend Fixed at $5000

VANCOUVER, Dec. 14.—Deprecating what they termed "persecutions persistently carried on" against Rev. J. Robertson Orr, members of the congregation of the New Presbyterian church at Vancouver at a *general meeting* expressed their loyalty to their minister and adopted a resolution thanking the immigration board of inquiry which freed Mr. Orr yesterday after it heard charges against him in connection with the legality of his entry into Canada from New Zealand in 1926. The charges were not sustained.

The meeting also decided to finalize the covenant between the church and Mr. Orr at a maximum stipend of $5000 a year. The New Presbyterian church of Vancouver was formed when Mr. Orr was suspended from the ministry of Central Presbyterian church here. It was largely made up of adherents of the Central church who supported Mr. Orr.

VESTRIS TRAGEDY DUE DISCIPLINE

Crew to Blame for Disaster, Says Commission; Cause of Sinking Not Known

WASHINGTON, Dec. 14.—Absence of discipline on the part of the crew was the chief cause attributed for heavy loss of life in the Vestris sinking last month, by D. N. Hoover, inspector-general of the United States steamboat inspection service, who reported today to Secretary of Commerce Whiting the findings of a special inquiry into the disaster.

The inspector-general absolved the steamboat inspection service from charges of failing to make complete and thorough examinations of the vessel before it left New York but recommended that a number of new regulations and additional legislation was necessary in the light of the Vestris experience to increase safety of life at sea.

Reviewing the testimony of survivors and of the ship's officers and crew, as given at the several inquiries conducted in New York, Inspector-General Hoover said that the Vestris "had come into violent contact, probably with the sea, possibly with a derilict" on the evening of the day before she sank.

"It must be apparent to any one with an open mind and approaching this disaster in a detached manner, that the officers of this ship did not measure up to the standards that we would expect to be present in a British ship," the inspector-general concludes.

League of Nations Asks Information on Influenza Epidemic

WASHINGTON, Dec. 14.—The United States health authorities today received a radiogram from the League of Nations seeking information about the spread of influenza in this country. The communications said European newspaper were printing reports of a widespread epidemic.

Senator Moses Offers Anti-War Resolution

WASHINGTON, Dec. 14.—A resolution declaring United States rights in respect to the Kellogg-Briand anti-war treaty and proposed to be adopted with ratification of that pact, was offered late today by Senator Moses, Republican of New Hampshire.

The resolution goes to the foreign relations committee which meets on Monday to vote on the peace pact.

Senator Moses, who believes he has majority support in committee of his resolution, will ask its adoption at the same time the vote is taken by the senate on ratification of the treaty.

The resolution setting forth the United States declaration under the senator's plan, then would be transmitted to all signatory nation along with the formal announcement of the final action by the government on the pact.

Chairman Borah of the committee tonight announced his opposition to the Moses proposal.

ANXIETY AS TO RECOVERY OF HIS MAJESTY GROWS; POISON SPREADING THROUGH SYSTEM

Can His Strength Continue Enough to Banish Poison Is the Question Being Asked in London; No Alarm but More Anxiety

MEDICAL MEN NOT DEALING WITH CASE AGREE THAT STRENGTH OF KING IS BEING SAPPED

Prince of Wales Buckles Down to Duties Formerly Looked After by Father; Late Bulletin Says Monarch's Condition Unchanged

LONDON, Dec. 15.—It was unofficially reported at Buckingham Palace this morning that there was little change in the condition of the King.

DISTURBED DAY

LONDON, Dec. 14.—The evening bulletin on the King's condition, issued at 8:15 o'clock, said:

"The King had a somewhat disturbed day and the general condition is not quite so satisfactory. The pulse, however, remains steady." It was signed, "Hewett, Riby, Dawson."

LONDON, Dec. 15.—Anxiety over the King increased today. There was concern as to whether his strength would be sufficient to banish the poison that had gone into the blood stream from his infected right lung.

The vigil that has been kept for 25 days over the King's sick bed, it was felt, must at best continue for several weeks before he could be regarded as being out of danger. The information that the King had suffered a slight relapse was generally accepted calmly and with hopes still high. There was as yet no alarm, but there was a greater anxiety.

The increased disquieting was due to the general condition of the King and not the local infection itself. The local infection was apparently being sufficiently taken care of by a rubber tube inserted in the King's chest to drain the pus from the lung.

That the King had not been able to maintain the progress which he had made immediately after the operation was a great disappointment to the country. It was no surprise, however, for his doctors gave warning several days ago that from the nature of the case ups and downs would have to be expected for a long period.

INFLUENZA BAD NOW IN TORONTO

Hospitals Crowded and More Patients Being Admitted Every Day

TORONTO, Ont., Dec. 14.—More than 40 influenza cases were admitted today to the already crowded hospitals. In the general hospital alone there is nearly 75 cases of the malady while there are also 50 more serious cases, as pneumonia.

All municipal offices and public works are working under the difficulty of small staffs, a large percentage of the employees being confined to homes and hospitals with colds and the "flu." Chief of police Drapper stated today that 37 of his men were absent because of the "flu."

BULLETINS

NO CAUSE FOR ALARM

OTTAWA, Dec. 14.—There is no cause for alarm in regard to influenza, Dr. J. A. Amyott, deputy minister of health, declared today.

SAILORS DECORATED

BERLIN, Dec. 14.—Captain Eric Von Thulen, master of S. S. Berlin, and two of his officers were decorated with silver medals today by the German secretary for rescuing shipwrecked persons. The Berlin picked up 23 survivors of the Vestris disaster.

Alienist Has Breakdown Following Execution of Man He Tried to Save

NEW YORK, Dec. 14.—Dr. John L. McCumber, New York alienist, was unconscious in a hospital here today from a cerebral hemorrghage believed to have been caused by worry over Thomas Moren, executed at Sing Sing prison early today for the murder of two policemen.

Dr. McCumber had taken a keen interest in the case and at both of the man's trials had testified that he was in an epileptic fury when he killed the patrolmen. The alienist urged that Moren be sent to an insane institution.

NEW GAS IS MOST DEADLY INVENTED

CHICAGO, Dec. 14.—A new gas so deadly that it would make war an international suicide has been discovered, Dr. Hilton Ira Jones, widely known research chemist, told the chief executive club today, in a talk on chemistry and its future in the business world.

Dr. Jones said this new gas caused instant death to any persons who inhaled it.

MEXICO CITY, Mexico., Dec. 14. — The fate of 22 of the prettiest young women of Jocotepec, who were said to have been kidnapped by bandits a week ago, was still unknown tonight.

Less Hopeful.

Medical contributors to the newspapers who have interpreted these bulletins daily today were considerably less hopeful in their statements than yesterday.

Medical opinion seemed to be agreed that the general toxaemia was sapping the powers of the king.

To conserve the patient's strength for the long and difficult struggle which he must make if he is to get well everything to which the king ordinarily gives his attention is now being kept from him. He has not been told accordingly, of the progress of the international cricket matches in Australia. Ordinarily the king keeps tab on such matches with interest. The two cricket teams sent messages of sympathy to Queen Mary from Australia.

Buckles Down.

The Prince of Wales has buckled down with steady seriousness to the task of carrying out much of his father's work. Foreign diplomats now make their calls upon him and the premier and other members of the cabinet go to him with *the reports and advice* that they ordinarily present to the king.

In his own offices at York House the prince was doing today much of the work that would ordinarily occupy the king. He wrote a letter to the Lord Chancellor Lord Hailsman, in Lord Hailsham's capacity as president of the hospital fund, saying that he could not undertake any public engagements just at present.

Shifts Duties.

Public duties which the prince customarily carries out will for the most part and for a long time to come fall upon the shoulders of the Duke of York and his younger brother. In the meantime he will do his increased daily work at his own home.

The prince, since his return home,

Ferry Capable of Serving Ten Years Is Underway Here

A ferry, capable of serving 10 years on the West Arm at Nelson, according to J. R. Cookson, managing foreman for McCharles & McDougall, who are building the ferry, is soon to be launched at Fairview. The ferry will have a capacity to carry 12 cars.

It is estimated that the cost of building the craft will be about $10,000. Its dimensions are 45 feet long by 33 feet wide with a depth of 4 feet 9 inches.

Few nails have been used in the construction of this craft as the steel bulkheads and keelsons are bolted on.

The passenger cabin will be 12 feet by 16 feet long. A Diesel engine is to be installed. The new ferry will be operated on the same system as is the present craft, but new cable machinery has been purchased by the department.

Glazed iron air ventilators, one by the bow the other at the stern, will cool the whole of the hull and Mr. Cookson stated this is the chief reason why the ferry will last for about ten years. Six men are working on the craft. Work was started during the second week in November and the craft will be ready to replace the present ferry at the first of the year.

The craft which is underway here will be one of the best operating on the inland water of the province, declared Mr. Cookson.

NEW SHERIFF OF SOUTH KOOTENAY ARRIVES NELSON

Harper of Trail Will Probably Be Sworn in as Sheriff This Morning

M. E. Harper, recently appointed sheriff of South Kootenay, arrived in Nelson last night from Trail and interviewed John Cartmel, provincial government agent here. Mr. Harper will in all likelihood be sworn in as sheriff this morning.

The new appointee did not lose any time in reporting for duty for it was only yesterday morning that he received his official appointment from Victoria as sheriff. He received official notification of his appointment as official administrator some days ago.

While sheriff duties in South Kootenay will be new to Mr. Harper, he is not new at the game, as he served for some years at Prince George as deputy sheriff. Mr. Harper has a family of four boys, two of whom are employed at Trail. His other two sons are high school students and they will take up studies at the local institution following the Christmas holidays.

SANDON RESIDENT SUBSCRIBES CHEER

E. O. White Gives $5 to Nelson Fund; Trinity C.G.I.T. Group Donates

That the Christmas cheer movement is worthy of support, and that it is receiving their indorsation of district residents was indicated in receipt of a check for $5 from E. O. White of Sandon yesterday. The check was made out to the News Publishing company, and the accompanying letter directed that it should be added to the Nelson Christmas cheer fund.

The only other subscription reported yesterday was that of $3, donated by the Ca-G-In-Tra group of Trinity United church C. G. I. T. organization.

Other subscriptions were not reported to The Daily News.

George Steele Is President Progressive Association, Appledale

APPLEDALE, B.C., Dec. 14.—The annual meeting of the Appledale Progressive association was held in the hall on Thursday evening.

Directors appointed for the coming year were Mrs. J. V. Meyer, Mrs. W. T. Wynne, George Steele, D. F. Peters, W. Dickey. Auditors were Mrs. Bowen and D. F. Peters.

The officers, president, G. Steele, vice-president, Mrs. W. T. Wynne and secretary-treasurer Mrs. J. V. Meyers, were reelected.

Final arrangements for the children's Christmas tree and the New Year masquerade were made.

It was decided to buy lumber to finish off the dressing rooms.

COLD INCREASES TO JOY OF HOCKEYISTS

To the delight of the Nelson senior hockey club and to Nelson puck chasers in general, the mercury showed 17 degrees to be the minimum for the 24-hour period which ended at 5 p. m. yesterday. The previous day's minimum was 25, eight degrees higher than yesterday's.

There was also eight degrees difference in the maximum of the two periods. They were 30 for the last 24-hour period and 38 for the preceeding one.

Travellers Are Hosts 200 Last Dance of Year

Making merry at the Associated Canadian Travellers' last dance of the year, a crowd of 100 gay coupled thronged the Eagle hall last night. The affair boasted all the gayety of the Christmas season, and with the peppy music proved probably the most successful Travellers' dance to date.

The Christmas note was intensified in the decorations. Against a background of streamers were evergreens striking a sharp contrast. Poinsettas made by the ladies' auxiliary, under W. R. Gibbon, were a feature. A similar decoration scheme prevailed in the supper room, where poinsettas were backed by red and green ribbons on the long tables.

P. H. Sheffield, as master of ceremonies, showed the merrymakers something new in the way of circle dances. The M. C. kept the pendulum of fun swinging throughout.

eDcorations were in charge of W. C. Kettlewel, chairman of the dance committee. He was assisted by active volunteers.

The ladies' auxiliary prepared the refreshments.

Prize winners in the novelty dances were: lucky number waltz, Mrs. B. C. Hamann; rose and bag, Miss Sylvia Price and Noel Harrop; elimination, Miss G. Proudfoot.

R. E. Horton was chairman of the introduction committee.

Slocan-Silverton Road Blocked by Fall Rock at North End Tunnel

SLOCAN CITY, B.C., Dec. 14.—The Slocan-Silverton highway was blocked Wednesday and Thursday by a fall of rock at the north end of the tunnel, about half a mile from Slocan City.

A portion of the roadbed was carried into the lake by the tons of rock which came down. Temporary repairs have been effected by the government road gang and the road is again open for traffic.

Kimberley Ladies Name Skips for Curling Play

Kimberley, B. C., Dec. 14.—The Kimberley Ladies Curling club met Tuesday evening and elected the following as skips for the approaching season: Mrs. McKay, Mrs. McKinnon, Mrs. C. D. Pearson, Mrs. Ed. Blundell, Mrs. Joe Rochon and Mrs. G. Cornell.

The ladies are looking forward to a good season, there being an increased membership. Some 30 of the feminine sex have signified their intention of playing. It is expected that curling will get under way in Kimberley by the end of the week.

Len Hopkins' Car Over Bank Twice On Granite Road

To skid on the icy road near the Taghum mill and go over the bank, escaping injury, and to be pulled out by a passing motorist only to go over again, himself jumping clear, was the experience of Len Hopkins of Nelson last night. The first time the car went over it contained five besides the driver. The second time, just after it had been hauled out, Mr. Hopkins was alone at the wheel, jumping clear when he felt the car going over.

George Hancock, returning to Nelson with a carload of Nelson girl hoopsters who played at Robson last night, pulled the car out both times it went over. The car was not damaged.

The returning basketballers also reported a truck off the road near Nelson. The road was like a "sheet of ice" they reported.

Vice-Presidents Win Trail Ladies' Curling

TRAIL, B. C., Dec. 14.—Vice President's rinks in the Trail ladies' curling 'spiel emerged victorious over the President's rinks tonight when they held two presidents rinks to 13 points while collecting 12 points themselves. Before the matches the Vice-Presidents led 32-43. The final score in the spiel was 54-45.

Tonight's games, with the president's rinks mentioned first, resulted as follows: Miss Wilson, 7, beat Mrs. Forrest, 3; Miss McCallum, 6, lost to Mrs. E. M. Stiles, 9.

VICE-PRESIDENTS LEAD TRAIL LADIES' CURLING

TRAIL, B.C., Dec. 14.—The Vice-president's rinks in the ladies' curling competition under way at the local rink took a decided lead yesterday afternoon when they doubled their lead of five points. Their score for the two days' play is now 42, 10 more than that of the President's.

Fernie Woman Breaks Her Wrist When She Slips on Icy Pavement

FERNIE, B. C., Dec. 14.—Mrs. J. R. Wallace slipped on the icy pavement and broke her wrist Thursday evening as she was leaving her home to attend a party given by the Rotary club, of which her husband is president. She was taken to Fernie hospital, where the bones were X-rayed.

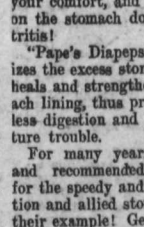
Simple Way to Be Rid of Gas



PEOPLE who belch after eating may not realize that the cause is excessive gastric acid. Or may not have been told how easily this may be remedied. Quick and complete relief can be obtained by taking a little "Pape's Diapepsin" after eating or when pain is felt. Remember this for your comfort, and lest that constant gas on the stomach does not drift into gastritis!

"Pape's Diapepsin" instantly neutralizes the excess stomach acid and soothes, heals and strengthens the inflamed stomach lining, thus promoting normal, painless digestion and helping to prevent future trouble.

For many years millions have used and recommended "Pape's Diapepsin" for the speedy and sure relief of indigestion and allied stomach troubles. Follow their example! Get a 60-cent package of "Pape's Diapepsin" from any druggist and no matter how severe your stomach troubles you will get relief.

Wood Butchers To Oppose The Nelson Intermediate Team

TRAIL, B.C., Dec. 14.—Tomorrow evening will see the third of a series of inter-city basketball matches between Trail and Nelson teams. Replacing Trail's popular ladies' rep team will be the Wood Butchers, leaders in the intermediate division, who will tagle with a boys' intermediate team from the Queen City.

It is understood Nelson will be sending a real strong senior aggregation over and will make every attempt to break the winning streak of the Trailites.

Following the games, the local executive have arranged an evening of dancing and refreshments.

The Trail lineups will be:

Wood Butchers—Green, Webb, Perkins and Williamson, forwards; Barnes and Robb, center; Thorndale and Lauriente, guards.

Seniors—J. Carter, A. Evans and D. Hartley, forwards; J. Curtis and A. Bailie, center; I. Hastings and W. Westwood and K. Chandler, guards.

Trail Curlers at Home to Rossland Rinks in Intercity Games Today

TRAIL, B.C., Dec. 14.—Trail ice sweepers will be hosts to about 24 Rossland curlers tomorrow afternoon when the first of the season's intercity matches will be held. It is expected the six rinks will arrive by motor early in the afternoon and games with various local rinks will be arranged.

The activities of the day will be brought to a close with a beanf supper for the players.

THESSALONIANS LEAD NEW TRAIL CURLING

TRAIL, B.C. Dec. 14.—Entering their first battle with six captains, the Thesalonians tallied 57 points aganist the Babylonians in the first round of the Armageddon at the rink last night. Beside the six games between these two armies, the Romans and Carthaginians had a mild skirmish, with only one team out.

The evening's play resulted as follows:

H. Palmer, 6, lost to Dr. C. S. Williams, 9; George Murray, 12, beat E. W. Hazelwood, 10; F. Willis, 3, lost to L. F. Tyson, 9; G. Shaw, 7, lost to S. McDonnell, 12; A. B. Ritchie, 12, beat, G. Cruichshank, 4; B. J. Walsh, 13, beat J. W. Forrest, 5; G. Kinnis, 11, beat W. Truswell, 5.

Developing the HinterLand of Canada

The monthly statements of homestead entries compiled by the Dominion land administration, department of the interior show that in October there was registered the greatest gain for any month so far in the current year. In every month of 1928 much larger numbers of settlers have taken up homesteads than in the corresponding months of 1927, the gains ranging from 33 per cent in January to 38 per cent in October. After some slacking off in homesteading activity in September during the harvest season, the rush of settlers took a fresh spurt in October and homestead entries leaped to the high for the year to date with 1988 homesteads entered for in that month in the provinces of Manitoba, Saskatchewan, Alberta and British Columbia. This figure compares with 487 in October of 1927. For the first 10 months of the current year the total number of homesteads filed on its well over double that of the previous year the summary showing 11,521 free homesteads taken up compared with 5172 in the corresponding period of last year. This is a gain of 123 per cent.

While the figures for the southern agencies at Moose Jaw, Lethbridge and Calgary show that homesteading is not over on the southern prairies and that in fact considerable cases are recorded at these points this year, it is in the north that the most remarkable progress has been made. At Prince Albert, representing the northern half of Saskatchewan, 2355 homesteads were filed on in 10 months this year compared with 1501 in the corresponding period of 1927, a gain of 90 per cent. At Edmonton, representing central Alberta, 2240 homesteads were taken up to October 31 compared with 1143 to the same date in 1927, an increase of 96 per cent. But it is in the Peace River country of northern Alberta and British Columbia that the spot-light shines with greatest intensity on the activities in taking up the federal government's free homestead lands. At the Grand Prairie and Peace River agencies, the total number of homesteads entered for in the first 10 months of the current year was 4178 compared with 894 in the corresponding months of last year, a gain of 367 percent. These figures represent the totals for the Peace River section of Both Alberta and British Columbia. That the prospective settlers are not stopping at the Alberta boundary in their search for desirable lands, but are pushing across into what is known as the Peace River Block in British Columbia is evident from a consideration of the separate filings at the Grand Prairie and Peace River agencies on lands in British Columbia. The entries for homesteads in the Peace River Block of British Columbia in the first 10 months of 1928 total 515 as compared with 36 in the corresponding period of 1927, a 13-fold increase.

In writing on this subject, "one-room housekeeping", I do not refer to the beautifully equipped little one-room apartments with convenient wall bed which drops down at night but is concealed during the day, and with cleverly hidden "kitchenette" cupboard and all the other devices for concealing unsightly apparatus. I refer to the rented room in which so many young people are forced to live because their salary is low. It is often so difficult to fix up this single room which must perform the duties of bedroom, dining room and living, all rolled into one. How can the business girl living alone in this way, make the most of her one-room "home?"

Perphaps the most necessary piece of furniture in such a room, is a screen, behind which can be hidden a small two burner gas, kerosene or electric stove, on a zinc topped table. A tin portable oven which can be placed over one of the burners, may be stood under the table when not in use. The few necessary cooking pots hang on the back of the screen.

Antique furniture seems to lend itself best to this sort of housekeeping, for instance, and old "high boy" or chest of drawers will look decorative, yet can be used in place of a chiffonier or bureau. A wall mirror may be hung above it or nearby.

An old fashioned bookcase desk which has doors with leaded glass panes over its shelves, will answer nicely for a place in which to keep china, glass and silver, if a piece of plain silk is hung behind the glass so that people cannot see what the shelves contain!

The divan-couch solves the bed problem—unless one can afford an overstuffed devenport which opens out into a bed at night. Many a business girl sleeps on a simple inexpensive "hospital cot," covered in the daytime by a length of tapestry or some other sort of couch cover, its two white bed pillows stuffed during the day into an old fashioned "sausage pillow" (which consists of a long roll of velvet, gathered at either end, with an opening in the back into which the two pillows are slipped).

Ontario Lady Suffered from a Severe Backache

"I am very glad to be able to recommend Dodd's Kidney Pills," says Mrs. Linton Robbins, Monk Road, Ont. "I have taken two boxes and I have great faith in them. I suffered with a severe Backache and Urinary Troubles. At times I was not able to do my housework, but thanks to Dodd's Kidney Pills I am much better and able to do my own work. I cannot recommend them too highly."

When you have Backache it is often a timely warning that the Kidneys are not working as they should. Do not delay, but make and keep the body healthy by using Dodd's Kidney Pills. For over a third of a century they have been the favorite for treating ailing Kidneys.

That Body of Yours

By James W. Barton, M.D

The Oldest Ailment

If you were asked what was the oldest ailment known, you might have to think for a time, and then simply make a guess.

What you have always known as rheumatism, now called arthritis, is the oldest ailment of which we have historical record; joint disorders *affected men in the stone age and even* the animals previous to that, says Dr. D. L. Tabern.

It is pretty definitely believed now that the majority of cases of arthritis are due to an infection of some kind.

In Great Britain, where rheumatism is so prevalent and causes so much distress and loss of time from employment, most intensive study of the cause of rheumatism is being made.

It is agreed that about 80 per cent. is due to infected teeth and tonsils, 15 per cent. to the intestine including gall bladder, and the other 5 per cent. from other points in the body.

However, after the infected teeth and tonsils are removed there are often further attacks of rheumatism, much to the distress of patient and physician.

This simply means that although the factory that is manufacturing the poison has been destroyed, the product of the factory, the poisons, are still in the body, and set up trouble in the joints and in the heart itself.

The natural treatment therefore would be, after the infectious part has been removed, to use any and every means to hurry the circulation and so remove these poisons from the system.

Accordingly heat in various forms, electricity, and drugs which increase the circulation (especially of the lymphatic system from which the joints receive their nourishment and give up *their wastes) are being used.*

Another point, and it is most important, is that once the infected teeth tonsils, or gall bladder have been removed, that in addition to the heat or drugs used, every effort should be used to move the affected parts and thus prevent stiffness; that is in cases where the Xray shows that it would be safe to do so.

The idea then is that although rheumatism is the oldest ailment known, it is only in the last thirty years that we have learned something of its cause and how to treat it intelligently.

Edgewood Music and Dramatic Society's Comedy Makes Hit

EDGEWOOD, B.C., Dec. 14.—A sketch entitled "The Man in the Bowler Hat," staged by the Edgewood Musical and Dramatic society at the Edgewood hall recently, made a great hit and whetted the large audience's appetite for more. The comedy was a feature of a dramatic and musical program.

Whether hero, villian, or heroine in the cast, to the onlooker they were all comedians. The bad man while performing one of his many unlawful and wicked deeds, caused a fair number of the audience to involuntarily, "Oh, don't."

The cast included J. H. Naylor, "John"; Mrs. K. Coates, "Mary"; Wilfred Jowett, "The Hero"; Miss E. Partridge, "The Heroine"; F. Job, "Chief Villian"; Walter Jowett, "The Bad Man," and W. Colgrave, "The Man in the Bowler Hat."

A supporting program included part songs by the society, songs by Walter Jowett, F. Job, J. H. Naylor and W. E. Lewtas; monologues by Mrs. Daly and Mr. Lewtas; dialogues by Mrs. Daly and Mr. Roy, and dances by Mrs. F. Littlewood and Mrs. K. Coates.

Those in charge were Wilfred Jowett, musical director; Mrs. W. L. Lewtas, accompanist; Mrs. Daly, stage manager; F. Littlewood, properties.

Playing With Fire

The Story of a Social Climber

By LUCILLE VAN SLYKE

Concerning the joys and sorrows of—

ROSALIE BLANCHARD, a pretty little country school ma'am with many ambitions who jilts

CHARLES FERGUSON, her small town fiance because his only ambition seems to be to marry her. Through his middle aged cousin,

EUNICE FERGUSON, a teacher in a fashionable boarding school for girls, Rosalie obtains a position that brings her in contact with children from many families who are important socially. Miss Ferguson much disapproves of Rosalie's acquaintance with

R. STUYVESANT CONVERSE, a bachelor cousin of Mrs. Stuyvesant Perry, whom he has accompanied to the school when she goes there to enter her granddaughter, the 11-year-old Nannette Quimby. Converse is not a bad sort when sober but prone to rather silly love-making when he has had anything to drink. Rosalie has an unpleasant experience with him from which she is rescued by

HARRISON QUIMBY, Nannette's widower father, who is much attracted to Rosalie because he fancies she resembles his long-dead wife. When Rosalie is disharged from Pendleton, without references because of her affair wth Converse Quimby through pity for her, to her—and his own!—great surprise finds himself proposing to Rosalie. They are hastily married. The marriage incures the enmity of Mrs. Perry. Converse, outwardly polite, begins to make her new life difficult by giving the newspapers a sensational account of the marriage.

GILDED CAGE STUFF
CHAPTER XLI.

For the two or three days pending Harrison Quimby's return from his enforced trip to Chicago, his household literally seethed, both above stairs and below, with wonder over what he would say when he did return. For all that his rather silly mother-in-law had sometimes seemed to exert an erratic and inefficient management of his domestic affairs, she had held the key that wound the household machinery. And her abrupt departure had left matters in a more or less chaotic state so far as the servants were concerned. The inexperienced Rosalie had a vague idea that so large an establishment ran itself! Or that if the hired hands wanted orders they would come to her for them!

Instead of which they were giggling and gossiping and wrangling among themselves.

Nor did the arrival of Quimby's secretary, Hendrickson, help matters to any great extent. He wasn't especially tactful in his first interview with his employer's very pretty wife. In fact he was rather disgusted with her and let her see he was. His announcement that his orders were to stay until Mr. Quimby's return didn't make her at all happy. She literally didn't know what to do with him. Whether to treat him as a guest or servant. And she bitterly resented his curt,

"—he instructed me to see anybody who may call—"

She had nodded briefly at his halting speech, flounced out of the room and gone sulking to the billiard room where her little stepdaughter was shrieking: "Rosy Lee! Let's play ping pong!"

Across the hallway she saw that the secretary had seated himself at a desk and was pulling papers out of a portfolio and had evidently settled down to routine tasks.

Nannette was perfectly happy.

"Oh, Rosy Lee," she exulted after that rather distracted young person had let her win two or three games through sheer lack of attention. "this is much nicer than Pendleton and 'rithmatic and jog'phy and—"

Her conscience stricken step-mother stared at her.

"Nannie," she said sternly. "I think we'd better do your lessons just the same. When Daddy gets home he may want you to go back to school."

"But I shan't," Nannette giggled. "I jus' teased and teased for him to let you be my governess and that was what started Grandma right off! She said he shouldn't and—"

Let's surprise him and do them anyway." Rosalie's arm crept around Nannie's shoulder. "We'll do spelling and reading mornings, and then have some ping pong before luncheon—and do the other lessons afterward and then go for a walk."

"All right," Nannette was quite agreeable

Rosalie felt very noble and pious while she presided over her self-appointed task. They settled themselves on the wide sofa in the living room in which Nannette had first entertained her adored Rosy Lee, Nannette cuddling against her.

"It's cold," the child shivered. "Let's get some wood and build a fire."

She pranced across the room, rang a bell and rather pertly demanded wood from the man who appeared.

Rosalie stared at him in awe. He was in his shirt sleeves with a huge apron tied about him.

"I'm doing my silver, Miss Nannie," he said doggedly, "and it's not my task to lug wood in here."

"Wood! Wood! We want wood!" Nannie was bubbling with mischief. "Somebody has to bring us wood."

Across the hall, the supercilious secretary was watching. Rosalie flushed hotly and she realized that he was waiting to see what she would do Her voice trembled when she spoke.

"Whose task is it?" she asked.

"I think the yard man's boy ought to bring it in," the butler informed her pompously.

"All right, tell him to bring some," Rosalie said.

She sat down thoughtfully. Her brows contracted in a rather becoming frown.

"I don't even know how many persons work here or what they're paid or what they're supposed to do," she thought.

She waited what seemed to her a reasonable time but no wood was forthcoming. She sprung up angrily, hurried out through a long door that lead to the terrace, meaning to speak to a boy whom she saw raking leaves on the lawn. She meant to give him a perfectly good calling down. But half way across the terrace with the autumnal breeze blowing her skirts about she collided with a personable young man who sang out a cheerful:

"Good morning! Could I see Mrs. Quimby?"

She blushed becomingly.

"I'm she!"

"What luck!" he twirled his cap in his hand. "My name is Dodson, I'm from Evening Star. Got a regular real picture of yourself for us to use instead of that libellous smudge our esteemed contempts were using last night?"

"Wasn't that awful?" her girlish disgust made him grin.

"Terrible. You ought to sue them. But how about a good one?"

There was a step behind her—Hendrickson's!"

"Morning," he said gruffly. "I'm Mr. Quimby's secretary. If you'd let me know what you wanted," he turned to Rosalie. "I'll tend to this chap," he said rather tactlessly.

She flamed with sudden temper.

"I was talking to the gentleman," she began rather wildly.

"Exactly," said Hendrickson. He opened the door through which he had stepped, gesturing for her to go in, "I'll tend to the matter."

She went in because she didn't want to make a scene but she was furious. The reporter tried to wing after her, murmuring.

"Just one question I wanted to—"

The door banged behind her.

Three minutes later Hendrickson came back in scowling.

She was standing near the stairway, looking like a deliciously sullen school girl. He marched up to her with a stiff little nod of apology and began: "Mrs. Quimby, I've been with the boss a long time, he's about the finest I ever knew. His personal business and yours are none of my affairs in a way, but he wired me and phoned me to come here to protect you from—"

"Did Mr. Quimby ask you to tag around like a—a nursegirl?" she interrupted him childishly.

He flushed hotly.

"His exact instructions were to see anybody who might call."

She walked up the stairs without a word, into her room and closed the door. She was trembling with indignation.

"I might just as well be in jail, the way they treat me around here," she thought angrily. "It's as bad as Pendleton was! Just because I'm young and pretty is no reason why I should be told to shut up! I shall tell nannette's father that. I shall —when he gets home!"

The absurdity of her thinking of her new husband only as Nannette's father didn't occur to her!

PORTLAND BEATS SEATTLE SECOND TIME IN TWO DAYS

Teal, Recently Released by Vancouver, Is Hero in Bronck Victory

SEATTLE, Wash., Dec. 14.—Portland's reinvenated hockey team after defeating Seattle at Portland Thursday went right after the Eskimos again tonight to make it two victories in a row by winning a Pacific Coast league game 2 to 1. The Eskimos put up a great battle against the Buckeroos, but two goals scored by the visitors in the middle session put them in the lead and they were able to hold it for the balance of the struggle. The first and third periods were scoreless. In the second the Rovers ran in two counters and the Eskimos also broke into the scoring, but they were unable to repeat, although they held Portland for the balance of the game.

Apparently the game in Portland the night before took its toll on both teams for they were slow and stiff throughout, the casualties on both sides mounting high before the evening was over.

The Seattle team was all but wrecked, with Jack Walker already out of the fray with influenza, Lindsay and Oliver joined him on the injured list in the first period.

Lindsay collided with Morrison head-on and was knocked cold. It was more than 15 minutes before he was brought to. He was able to come back in the last period but was a sorry sight.

Oliver was spilled on his face by Moose Johnson and McGoldrick also was knocked out. He has a slight concussion and will play no more for several days.

Brown and Johanneson of the Eskimos also suffered minor injuries while Pratt was hurt late in the third period.

Gordon Teal, the youngster recently released by Vancouver, was the Portland hero. It was his two goals in the second period that put the contest in the Portland win colmn.

GENARO GAINS WIN ON FOUL

Rocco Unintentionally Fouled Champ in Flyweight Title Battle

DEROIT, Mich., Dec. 14.—A low blow unintentionally delivered, brought a dead halt to the Frankie Genaro-Steve Rocco bout for the flyweight championship of the world here tonight.

Genaro the champion was declared the winner after being struck during a mix-up in a neutral corner early in the second round.

The first round had hardly opened when Genaro launched a right at Rocco's head. He missed and as the Canadian boxer stepped aside, Genaro dove head first through the roves. He was unhurt and mixed it willingly with Rocco. The blow which ended the bout came after one minute and five seconds of the second round. Genaro was carried to his corner where he was examined by a physician who declared that he had been fouled. Referee Elmer McClelland announced that Genaro was the winner on an unintentional foul. Neither had an advantage before the abrupt conclusion of the bout.

A crowd of about 12,000 persons had gathered to witness Detroit's first championship amateur bout.

NELSON HOOPERS BATTLE AT TRAIL

Senior and Intermediate Teams Clash Tonight in Intercity Games

Representative Nelson senior and intermediate boys' hoop teams are to travel to Trail today to clash with Trail teams in Intercity games. It will be the first intercity game this season for the intermediates, and they will stack up against the Wood Butchers, leaders of the intermediate division of the Trail Basketball league.

The result of the senior game will be awaited in Nelson with even more interest than the ordinary intercity game, for the two teams battled in one of the best games probably ever seen in Nelson a week ago. Trail winning by a margin of two baskets, both scored in the final 30 seconds of the game. The Nelson team has been strengthened since the last game and is confident of turning the tables on the Trail squad.

The intermediates are almost honor bound to win their match, as they are making the trip instead of the representative girls' team, which dropped the first two games of the intercity series by good margins.

JIM MALONEY WINS OVER MITCHELL, SIXTH

BOSTON, Mass., Dec. 14.—Jim Maloney, Boston heavyweight, outslugged Andy Mitchell of Long Beach, Cal., here tonight to such an extent that Mitchell's seconds tossed in a towell in the sixth round of the scheduled 10-round bout. Both fighters slugged furiously all the way but Maloney had the better of the going in all rounds but one.

Judge Renders Decisions From Players Bench

By AL DEMAREE
(Former Pitcher New York Giants)

Judge Fuchs, the genial president of the Boston Braves, threatens to manage his own ball club from the bench next year. From the judicial bench to the players' bench as it were. Just how much practical baseball the judge knows and how he figures on directing a ball club from the dugout, is still a mystery, but in a pinch he can adopt Larry LaJoie's system and save himself a lot of embarrassment.

When the big Frenchman was piloting the Cleveland Indians and any of the regulars asked him what he wanted them to do in a pinch he usually replied:

"What are you asking me for? You've been in the league for five years and ought to know what to do. Use your own judgment. Do you want me to think for you?"

Hugo Bezdek, the Penn State football coach who managed the Pirates for several years, could give the judge some valuable pointers from personal observation on an "outsider" managing a professional baseball club.

But he should caution him about advising hitters to hit nothing but line drives to a certain outfielder who was supposed to be weak on that type of ball, and also about ordering left-handed hits and other details.

THIRTY-SIX RINKS ARE DRAWN FOR CURLER'S SEASON

Four Vances on One Rink; C. D. Blackwood Welcomes New Members

Thirty-six rinks were drawn up for the season and 15 players left unattached at a meeting of the Nelson Curling club at the curling ring Rosemont, last night. The list showed many new members and C. D. Blackwood extended a welcome to them, giving a few pointers on the rules and regulations of the club. There was a large attendance.

A peculiarity of the draw was the grouping of W. M. Vance and his three sons as on one rink and the grouping of R. L. McBride and the Murphy's, all unrelated, in another rink. The Vance rink will consist of W. M Vance, skip; J. A. Vance, third; E. L Vance second, and W. Vance, lead. R. L. McBride's rink, with himself as skip, will consist of E. Murphy, third; F. Murphy, second, and A. G. Murphy, lead.

At the suggestion of W. M. Meyers Mr. Blackwood asked skips to choose unattached players whenever possible to complete their rinks in the case their regular men not turning out for matches. The unattached players were not classified, he said, and could be used in any position.

THE RINKS

The rinks drawn, named in order of skip, third, second and lead, were:

SINGER GAINS DARW WITH TONY CANZONERI

NEW YORK, Dec. 14.—Al Singer, sensational young New York featherweight, was awarded a draw with Tony Canzoneri, former 126-pound champion in a slashing 10-round bout at the Garden tonight.

A record crowd of 20,804 paid $63,421 to see one of the fastest, cleanest and most thrilling featherweight battles ever staged in the Garden.

Both weighed 128.

The Associated Press chart gave Canzoneri eight rounds with only two for Singer. Singer won the second and eighth rounds but Canzoneri's margin in several others was slight.

NEW YORK, N. Y., Dec. 14.—Bruce Flowers, negro lightweight of New Rochelle, N. Y., won a 10-round decision over Jimmy Goodrich, Buffalo, N. Y., veteran, in their bout of an all-star card at Madison Square Gardens tonight.

ALLAN CUPPERS LEAVE FOR THIS CITY SHORTLY

Champion Hockey Squad Entrains for Nelson on Christmas Day; Play Here 27th

THEN PLAY IN TRAIL ; SEVERAL GAMES IN LINE

Will Be Seen in Action Against Prairie Teams; Return in Time for League Opening

WINNIPEG, Man., Dec. 14.—University of Manitoba Hockey team, holders of the Allan cup, leave Monday, Dec. 24, for the west, where they will play six exhibition games during the Christmas recess, starting at Nelson, B. C., on Dec. 27, they will play also at Trail, B. C., western finalists last spring on Dec. 28. They will be seen in action at Calgary, Edmonton, Saskatoon, and Regina. They expect to return Jan. 5 in time for their opening league game in the inter-provincial circuit here Jan. 7.

With the exception of Andy Ballr and Leo Collins, the line-up will be the same as that which climbed to the world's amateur championship last March. Art Puttee will guard the nets and "Weary" Williams and McVey, will constitute a formidable rear guard. If McVey is unable to make the trip, Williams on the forward line will be Stewart Mustgrove, will team up with Ward Turvey at centre, Blake Watson, left wing; George McKenzie, right wing. With Jack St. John and Jack Pidcock as alternatives.

TRINITY GIRLS ARE BEATEN AT ROBSON

Lose Out 13-4 on Small Floor; Have Good Time and Some Excitement

Trinity girls' basketball team was downed 13-4 by the Robson quintette when they travelled to Robson to battle in an exhibition game last night.

The girls reported "a wonderful time." After the game they were guests at a dance during which refreshments were served. On the way home they ran into plenty of excitement, seeing one car burn up and another go over the girls to Robson and return, and the bank twice, as well as skidding on the slippery road and nearly going over the bank themselves.

George Hancock and M. French drove Miss Enid Etter accompanied the team as chaperone.

The visiting players were handicapped by the small floor. There was no out of bounds rule. The floor extended to the walls and when the ball hit a wall and rebounded play continued.

The Nelson team was: Isabel Burnett, Rdg Graves, Helen Mills, Florence Tregillus, Shirley Boomer and Jean Coles.

Australians Make Desperate Attempt Against British

SYDNEY, Australia, Dec. 14.—Harried by misfortune which has camped on their trail this season, the Australian team continued today in their first innings in the second cricket test match against England with eight wickets down, and one man retired and only 251 runs on the score board.

Australia has lost through injury J. M. Gregory, their fast bowler, while a likely substitute J. D. Scott, South Australia, who was wanted for the second test match, broke down in a state game. C. E. Kellway, a veteran who dropped out of the first test match half way through illness, is now apparently considered too old. Yesterday ill luck delivered its worst blow at the team, when they were deprived of the service of W. H. Ponsford, their virile batsman, who suffered a fractured finger when hit on the hand by a fast ball from Harold Larwood, the English bowler.

The Australians never looked like a match-winning team yesterday. They were strictly on the defensive in the face of brilliant bowling by George Feary, who A. P. C. Chapman, the English captain, decided to try in this game and who so thoroughly bore out the trust placed in him.

The Antipodeans after a dismal day got some consolation near the end when W. A. Oldfield, the wicket keeper, was able the resist the bowling and was unbeaten after scoring 40.

Will Investigate Charges Canadian Horses Are Doped

TORONTO, Dec. 14.—The Canadian Racing association or the Ontario Jockel club will thoroughly investigate charges from Cleveland, Ohio, that doping of horses with morphine is common on Canadian race tracks, W. P. Fraser, secretary of the Ontario Jockey club stated today.

The investigations are the result of certain admissions by Dr. J. G. Bathune, a Cleveland veterinary surgeon, who pleaded guilty to illegal possession of a large quantity of morphine tablets which he said he supplied to more than 200 well known racing stables in Canada and the United States.

"If any Canadian stables or owners racing here are included on the list they will be ruled off," Mr. Fraser stated.

EX-KING GEORGE TEAM DEFEATED THE TOWERS

VANCOUVER, Dec. 14.—In a senior Amateur Hockey league game here tonight Ex-King George strengthened their lead in the city championship race by defeating Towers 2-1. Play was ragged at times.

OLD COUNTRY FOOTBALL

LONDON, Dec. 14.—In the draw for third round English football cup competition announced earlier in the week there were some errors. The following games are substituted for the first two:

Lincoln vs. Leicester City.

Walsall vs. Middlesborough.

One dollar invested in a year's subscription to the improved Family Herald and Weekly Star of Montreal will bring the farmer better dividends than one hundred dollars in the bank. The farmers' wives, daughters, and sons, get free, the best magazine extant.

Trail Hockey Boosters Are Hosts at a Dance

TRAIL, B. C., Dec. 14.—Trail Hockey Boosters' club was host tonight to a good sized crowd at a dance in K. P. hall. The crowd at a dance in K. P. prize dances aroused plenty of interest. Ernie Arthur was floor manager.

BOWLING ALLEY IS PLAN OF FERNIE HOTEL OWNER

Receives Permission Council to Build Temporary Alleys; Must Rebuild

FERNIE, B. C. Dec. 14.—At a council meeting in the council chambers Thursday evening the council pased the following motion: "That the application of Joseph Perry for permission to erect a corrugated iron and frame construction extension on the rear of his dining room at the Central hotel, about 35 by 14 feet, for the purpose of a bowling alley, should be granted, provided that before commencing work Mr. Perry would enter into a bond, for the sum of $600, that as soon as weather permitted in the spring of 1929, he would erect brick work and in general make the proposed extension conform to the requirements of the building bylaw, the work to be completed not later than June 30." Mr. Perry appeared to petition for the permission.

A motion was passed to the effect that the application received from the Union of British Columbia municipalities for a grant of 25 per cent. of the annual subscription, or $6.25, should be granted. The tender of Elder Harper for lot 2, block 64, map 734A, which was $150.50, was accepted.

Accounts amounting to $19,581.14, as recommended by the finance committee, were ordered paid.

Nominations for mayor, aldermen, police commissioners and school trustees for the forthcoming year will be received in the council chambers city hall Fernie on January 14. In case a pool is required polling will be on January 17. Arthur J. Moffatt was appointed returning officer to receive the nominations, and to conduct the polling, if any.

City Clerk Moffatt was instructed to order six rubber firemen's coats, two of them to be of white rubber.

A lot on Victoria avenue was leased to a Vancouver firm for storing machinery.

In the future women barbers in Fernie must observe the same hours as men barbers, it was decided.

Norway Celebrates Amundsend's Day; Two Minutes of Silence

OSLO, Norway, Dec. 14.—This was Amundsen Day throughout Norway which is commemorating his feat of unfurling the Norwegian flag over the South Pole, December 14, 1911, as well as his recent death in the North Pole regions while en route to bring aid to the stricken Italia crew.

Two minutes of silence was observed at noon; flags were placed at half-mast until 2 p. m. and church bells tolled.

Information received from Oslo through official channels states that the University of Oslo, the Norwegian Press association, the Norwegian Geographical society, the Norwegian Academy of Science, and the Norwegian Aero club have taken the initiative to establish a memorial fund in Amundsen's name.

The object of the fund is to promote geographical explorations.

Anti-Japanese Have Demonstration in the City of Nanking, China

NANKING, Dec. 14.—A demonstration under the auspices of the anti-Japanese association yesterday got out of hand and the residence of the foreign minister was raided and his furniture smashed. Chinese authorities called out troops and gendarmes to maintain order and a special guard was posted around the ministries of finance and foreign affairs and the Japanese consulate.

FARMERS FAVOR CONTINUANCE OF MARKETING ACT

Take Steps to Insure Continuance of Act or an Alternative

RESOLUTION SETS OUT THE STAND CLEARLY

Ask Enforcement of Act Requiring Compensation for Loss of Stock

VICTORIA, Dec. 14.—Farmers of British Columbia in session here as delegates to the farmers' institutes advisory board, took steps today to insure the continuance of the Produce Marketing act, or to substitute some alternative, should the statute be thrown out by the courts.

The views of the advisory board representing farmers all over the province, were set out clearly in the following resolution which will be forwarded to the government for its guidance at the forthcoming session of the legislature.

"Whereas, in view of the fact that the assistance given to the fruit growers of the Okanagan and Kootenay horticultural districts by committee of direction, operating under the Produce Marketing act, has resulted in a system of orderly marketing, that has been of material benefit to all growers.

"Therefore, be it resolved, that we urge upon the present government the advisibility of taking such steps as may be deemed necessary to either strengthen the present Produce Marketing act so as to maintain the present system, or if this is rendered impossible, to undertake at once to make effectual a system of marketing for the above mentioned districts that will insure the orderly marketing of all tree fruits."

BEFORE COURT NOW

The reference to the possibility of the present system becoming impossible was made in view of the case now pending before the British Columbia court of appeal which will either sustain the legality of the marketing act or declare it invalid.

The government will be asked to force municipalities to pay compensation to farmers for sheep, goats and poultry destroyed by dogs in agricultural areas. Some municipalities are evading these payments under the present law, it was stated.

On the big problem of agricultural lands within municipalities the board indorsed the idea of a maximum tax for such holdings, to protect them from excessive levies necessary to pay for improvements in urban areas. This is the proposal recently made by the government in connection with the affairs of Saanich municipality.

BRITISH BANK WOULD OPEN BRANCH, CANADA

OTTAWA, Dec. 14.—Barclay's bank (England) will make application at the next session of parliament here for an act to incorporate a branch in the Dominion. The bank would be capitalized at $500,000, with its head office in Montreal.

TORONTO, Dec. 14.—The Canadian Bankers' association will take no stand, either for or against, when the application for a charter for a Canadian branch of Barslay's bank, an English institution, comes before the Canadian parliament, according to the president of the bankers' association.

CANADA'S TRADE SHOWS A GAIN

Domestic Exports Up; Wheat Largest Factor in Advance, According to Figures

OTTAWA, Dec. 14.—For the eight months of the fiscal year ending November 30, Canada's trade advanced $229,871,515. Figures were published today at the department of national revenue.

Domestic exports amounted to $940,799,741, an increase of $120,972,541 over the total of $819,826,210 for the corresponding period in 1927.

Wheat was the largest factor in the advance. The total for the eight months was $316,555,303, which was $87,263,655 greater than the total for the same period last year. Sharp advances were also noted in newsprint, wheat, flour, cheese and automobiles and parts.

Imports entering Canada for consumption were valued at $814,693,756. This was greater by $101,807,994 than the comparative total of $739,725,772 in 1927.

The grand total of Canada's trade for the eight months was $1,780,493,497.

For the month of November alone domestic exports amounted to $167,013,618, a considerable increase over the total of $153,118,718 for November 1927. Imports entered for consumption in the month were valued at $169,861,474, also an advance as compared with the figures of $64,811,883 for the same month last year.

TRADE REPORTS

WINNIPEG, Dec. 14.—The weekly trade report of the Canadian Credit Men's Trust association, Ltd., for week ending Dec. 15, 1928, reads:

Halifax—Wholesale trade normal. Retail stores report average sales. Collections normal.

St. John—Wholesale trade is rather slack. Retail fairly good. Collections slow.

Quebec—A good volume is reported by dealers in the wholesale trade. Retail trade generally is satisfactory.

Montreal—Wholesale trade is good in most lines. Retail busy. Collections fair.

Toronto—Due to the cold weather a considerable improvement has taken place from the retailers' standpoint in seasonable lines of merchandise. Collections have also improved.

Winnipeg—Wholesale trade generally is normal. Retailers are busy and Christmas merchandise is reported to be moving satisfactorily.

Regina—Wholesale dry goods reported good; boots and shoes fair, groceries rather quiet; hardware good. Retail trade, both city and country is improving. Collections fair.

Saskatoon—A fair volume is reported in the wholesale line. Retail trade is improving generally due to the coming Christmas season.

Calgary—As a result of continued open weather, business is not quite up to the expectations; Christmas shopping appearing to be somewhat behind the same period last year, otherwise business normal.

Edmonton—Continued mild weather seriously affecting business in winter lines. Other lines very good. Collections just fair.

Vancouver—Wholesale hardware, groceries, dry goods and gents furnishings good. Ladies wear and boots and shoes fair. Retail trade is fairly brisk; Christmas trade made a start at this point last week, and indications are that this year the trade will be on a par with previous years. Collections fair.

Big Comfab of Experts Agrees Larger Tests

(Continued from Page One)

vnces, the Canadian Pacific Railway company, the Massey-Harris company and the Consolidated Mining & Smelting company of Canada, met for the purpose of considering reports on experiments which were carried on with the use of super-phosphat during the crop year of 1928.

"The following were present at the conference: Hon. A. Prefontaine, minister of agriculture, Manitoba, J. H. Evans, deputy minister of agriculture, Manitoba; M. J. Tinline, superintendent Dominion Experimental Farm, Brandon; Prof. A. H. Joel, professor of soils, University of Saskatchewan; J. Cameron, department of agriculture, Saskatchewan; J. C. Taggart, superintendent dominion experimental farm Swift Currant; H. A. Craig, deputy minister of agriculture, Alberta; W. H. Fairfield, superintendent, Dominion Experimental Farm, Lethbridge; C. E. Stockdill, vice-president, Canadian Pacific Railway, Winipeg; C. A. Cotterell, general superintendent, Canadian Pacific Railway, Vancouver; Thos. S. Acheson, general agricultural agent, C. P. R. Winnipeg; S. G. Porter, manager, Dept. of natural resources, Calgary; E. Ward Jones, development department, C. P. R.; Frank Lee, Canadian Pacific Railway, Vancouver; W. Magladery, Canadian sales manager, Massey-Harris company, Toronto; S. G. Blaylock, vice-president and general manager, Consolidated company; T. W. Bingay, comptroller, Consolidated; Dr. R. E. Neidig, Consolidated; H. Moore, Consolidated; A. L. McCallium, research department, Consolidated.

"Reports of experiments conducted in the various provinces were submitted to the conference. These reports covered the results of approximately 100 experiments.

Reports Encourage.

"The results in some districts were especially encouraging, while in others they were negative, but there is no question that the results, taken as a whole, are sufficiently encouraging to warrant further investigation.

"It has been decided that the provincial governments will again undertake to carry on experiments during the coming year; that the Consolidated company, will supply them free of charge with triple super-phosphate and ammonium phosphate for the purposes of these tests; and that the Canadian Pacific Railway company will assist by transporting these fertilizers free of charge. The Massey-Harris people have kindly offered to supply each province with another combination fertilizer drill.

"The organization for the tests in the future will be more complete, to take advantage of the experience obtained during the last year. As soon as definite results in any district can be obtained, such results will be published by the departments so that the farmers of that district can take advantage of it.

Not Yet For Sale.

"In the meantime, it is suggested that anybody considering the use of chemical fertilizers should confer with their agricultural departments.

"At the present time the Consolidated company has only an experimental plant running, and the total output of this plant will be needed for the official government tests.

"The use of commercial fertilizers in the prairie farms is as yet in its infancy, and for that reason it is difficult at the moment to give any very specific advice in connection with its use."

The entire forenoon and part of the noon hour was taken up in an inspection of the smelter and refineries, and of the Consolidated stock farm.

Cars took the visitors up to Warfield to see the prize Ayrshires and Holstein herd of several hundred head that Superintendent W. Forrest rules.

INSPECT PLANTS

On the return from Warfield the party was conducted on the standard tour of the Tadanac plants by General Manager Blalock and members of the staff, including Comptroller T. W. Bingay, J. Buchanan, R. W. Diamon, B. A. Stimmel and Solicitor R. C. Crow.

In addition to the regular features, the tour included the new sulphuric acid plant, now under construction which will produce from the smelter gases 35 tons per day of 100 per cent sulphuric acid, which will be one of the two main ingredients of the fertilizer to be produced. The plant in which the triple phosphate is actually to be turned out, as a result of the application of the acid to the phosphor rock from the Fernie deposits, is not yet at an advanced stage.

The visitors were entertained at luncheon in the board room, the conference convening at 2.30.

MR. MURPHY PRESENT

In addition to those mentioned as being at the conference, C. Murphy general manager of Canadian Pacific western lines, was of the party.

The visiting Canadian Pacific officials were accompanied here from Nelson by Robert Armstrong, division superintendent; W. B. Bamford, district frieght agent, and James Gordon, who will succeed Mr. Bamford in office. Captain Douglas Brown, superintendent of lake and river service, arrived this afternoon.

Anxiety As To Recovery of The King Is Growing

(Continued from Page One)

has taken most of his meals with the Queen at Buckingham Palace which is only a few hundred yards away, So far as was known, he has not once left the neighborhood since he arrived from Africa. His only visits have been to his father's palace, the Duke of York's home in nearby Piccadilly and to the squash courts in a club not five minutes from his desk in order to exercise.

Despite the encouraging happenings of the past two days, the physicians will watch anxiously over His Majesty during the week-end.

Their warnings to the public that any approach to convalescence must of necessity be slow and gradual, coincided with the outside expressions of medical men that for some time the element of danger will exist and that there will be no decisive crisis when it can be assumed that all danger is past.

The life of the royal household today reflected no undue anxiety. The birthday of the Duke of York was quietly celebrated at a family gathering for luncheon at Buckingham Palace. Later Princess Mary sat with disabled veterans of the war at the Hyde Park hotel where an informal concert was given to raise Christmas funds. She laughed heartily at the entertainers' comic skits.

PRINCE ACTIVE

The Prince of Wales, a member of the crown commission, received ministers of the government at St. James' Palace. Prime Minister Stanley Baldwin was one who called today. The prince also had a long talk with Lord Dawson of Penn, one of the regular physicians to His Majesty. The heir to the throne is now called upon to deal with many state matters usually handled by the King although he has left public engagements thus far to his younger brother, the Duke of York.

Lord Dawson and Sir Hugh Rigby left the palace tonight immediately after the medical bulletin had been issued, having visited their patient less than one hour. Sir Stanley Hewett as usual remained for the night.

Since the illness of the King the Queen has dined at 9:30 p. m., about an hour later than customary, in order to await the visit of the physicians and the issuance of their bulletin. Tonight she had with her at the table the Prince of Wales and the Duke and Duchess of York.

Kimberley Lad Breaks Leg In Coasting Crash

KIMBERLEY, B.C., Dec. 14.—Little Frank Clemens was rushed to the hospital here with a broken leg and a fractured jaw, and his chum, David Leith, suffered bad cuts on the face and was hurt bodily, but was able to return home after having his wounds dressed in a sleighing accident here Tuesday.

The accident occurred on the hill near the Catholic church. Rev. Father Hartman was at the foot of the hill in his car and going toward the church when he noticed the boys coming down the hill. He immediately blew the horn and stopped the car. But the boys had attained such momentum that they were unable to stop and traveling at a great speed crashed into the standing car and passed right underneath it. Help was immediately summoned and the boys were removed to the hospital.

The hill was an extremely dangerous one, and the provincial police had posted notices at the effect that no coasting was allowed, but the order was disobeyed with the above serious results.

The body is now resting easily at the hospital.

WHEAT PRICES ARE LIFTED IN CHICAGO

CHICAGO, Dec. 14.—Suggestions that Dominion winter wheat is now in danger of widespread damage such as witnessed last year did considerable to lift wheat prices today.

Trade readjustments anticipate any surprise in the government crop report tended likewise to make all grain values average higher.

Last quotations on wheat today were firm at a rise of ⅛ to ½c net. Corn finished a shade to ½c up, oats at ½c decline to ⅛c advance, and provisions varying from 7c setback to an equal gain.

In Memoriam

IN MEMORIAM

In loving memory of our Dear Mary who passed away December 15, 1926, daughter of Mr. and Mrs. J. Davis.

Two years have passed since that sad day
When one we loved was called away
God took her home; it was His will
But in our hearts she liveth still.
In our lonely hours of thinking,
Thoughts of you are always near.
We who loved you sadly miss you
As it dawns another year.

Sadly missed by Father and Mother, Brother and sister.

NICKEL OLD STOCK UP TWENTY-THREE

Much Activity and Strength at Toronto; Oils Active and Firm

TORONTO, Dec. 14.—The activity and comparative strength which made its advent on the stock exchange today was due in large measure to the better feeling existing in the New York market and to the short covering which carried new International Nickel to a new high level. Nickel old stock closed at 253, with a net gain of 23 points.

Nickel certificates finished with a gain of 20 points at 250. New Nickel was extremely active, the close at 42⅝ showing a gain of 2⅞.

Massey Harris was again prominent and closed with a net gain of 5½ points at 90. Dominion Textile sold up 2⅛ to 120⅛; Northern Bakeries finished with a net gain of 3 points at 42½.

The oils were active and firm; International Petrolum was unchanged at 46. B. A. Oil at 84¼, Imperial at 89¼ and Supertest at 32, were all up ⅛.

UPSWINGS MAKE MARKET LIVELIER

Total Sales at New York Dwindle; Radio Fluctuates; Nickel Soars Again

NEW YORK, Dec. 14.—A few violent upswings in the high priced issues enlivened a dull day on the stock market today, total sales dwindling to 3,003,500 shares.

Call money again dropped to six per cent. during the session and was available in the outside market at 5½.

Radio again fluctuated wildly, leaping to 352½, up about 44 points and closing at 350. It was accompanied by an extreme gain of nearly 27 points in Victor Talking Machine.

International Nickel again soared, touching a new peak at 255, up 22½ points, and A. M. Beyers shot ahead nearly 25 points to 190.

Rails generally made good headway, Chicago Great Western touching another new peak at 25. Erie, Canadian Pacific and New York Central made extreme gains of 4 to 5 points.

Western Union made an extreme gain of about nine points, and Greene Cananea mounted nearly 8.

General Motors touched 182¾, off more than 3 points and a new low for the current movement.

TRADING DULL ON MINES LIST

Total Sales at New Low Mark; Nickel Soars to New Peak; Teck Steady

TORONTO, Dec. 14.—With interest centered on several of the higher-priced issues trading in the general list on the Standard mining exchange today was very dull and the total volume of sales dropped to 676,664 shares, a new low mark since early in September.

International Nickel was the most spectacular performer, breaking through its previous mark of 40 and soaring to a new peak of $42.85. Final transactions were at $42.75, a net advance of $3. Mond Nickel was also very strong jumping $2.50 to $41. Noranda climbed to $60, up $4.50.

Abana broke sharply from $2.85 to an extreme low of $2.40 under a flood of liquidating orders but rallied to $2.65, a net loss of 25c. Amulet and Towagamac each moved up 5c to $2.78 and $3.40 respectively. Teck Hughes held steady at $8. Lake Shore improved 25c to $17. McIntyre was weaker at $19.75. Sudbury Basin ranged from $6.80 to $7, closing at the latter quotation, 10c better.

Hudson Bay Mining reached the peak of $19.50 and last sales were at $19, a gain of 60c. Mandy Mines hit a new low of $1.20 but recovered to $1.26, a cent above the previous day's final mark.
