PEIPING SCENE DEADLY FIGHT; TERROR REIGNS

Chinese Troops Fail to Obey Japanese Who Order Evacuation

LOYAL TROOPS WIN IN NIGHT BATTLE

Shells Fall in the City; Americans Risk Their Lives

Copyright, 1935, by the Associated Press

PEIPING, June 28 — Chinese troops, rebellious at Japanese-dictated orders for the evacuation of Hopei province, fought their way to the very gates of this "forbidden city" today only to be beaten back by loyal troops after an all-night battle.

Terror gripped Peiping during the 12 hours the fighting raged but best information available indicated only one civilian was killed. The city's defenders suffered no casualties.

The mutineers, military circles here said, were part of the com-

Grain Recovery to Aid Canada

Canada's Position in Grain World Sound Says Witness

OTTAWA, June 28 (CP)—Recovery in world trade sufficient to enable Canada to satisfactorily market her accumulated grain stocks was stated to be the confident belief of George McIvor of the Canadian Cooperative Wheat Producers, Ltd., in evidence given tonight before the select house of commons committee on the grain board legislation.

Circumstances at the moment, Mr. McIvor said, "indicate prospects are for smaller crops in Italy, France and Spain, and other European countries. I am reasonably confident that, barring unforeseen factors, Canada's position for the next seven months will be sound." He is chief assistant to John I. McFarland.

U.S. Builds Big Inland Vault

Will Hide Gold Far From Reaches of a Sea Attack

WASHINGTON, June 28 (AP). — Preparing for another major transfer of the government's huge gold reserve, secret orders were disclosed today for the rush construction of a new, subterranean vault in the center of an army post 31 miles from Louisville, Ky.

Into it will be transferred a good portion of the billions in gold now held by the government in New York and Philadelphia.

The structure, officials reluctantly disclosed, will be built in continuation of the policy of moving precious monetary reserves away from vulnerable coast cities to more isolated inland territory.

Senate Approves Housing Bill

OTTAWA, June 28 (CP).—With a minor amendment, the bill under which $10,000,000 is provided to assist in the construction of homes in Canada today was tentatively approved at a late sitting of the senate banking and commerce committee.

The measure will be reported out of committee to the upper house next Tuesday afternoon to be advanced through third reading.

Mrs. Waley Goes to a City Jail

TACOMA, June 28 (AP).—With a quietness that makes a striking contrast to the fanfare which greeted her other public appearances, Mrs. Harmon Metz Waley was removed to the Tacoma city jail today from the cell in the Thurston county jail in Olympia, where she has been confined since June 12.

Italians Continue to Mass Men in Somaliland; Five Ships Sail

NATION FAVORS BATTLE; REFUSE BRITISH OFFER

Britain Offers Concede Part of Somaliland to Settle Row

NOT ADEQUATE IS IL DUCE'S REPLY

Mussolini Turned All of Eden's Offers to One Side

ROME, June 28 (AP)—The army Italy is massing in Eritrea and Somaliland for possible action against Ethiopia passed the 100,000 mark tonight.

Five ships sailed from Italian ports today with about 3000 men aboard, pushing the total number of soldiers, officers, technical experts and skilled workmen concentrating in this nation's African colonies nearly half-way to the goal of 225,000 men expected to be reached by the end of September.

Neutral observers here, feeling the pulse of public sentiment concluded the nation strongly favored war with Ethiopia—something not universally true five months ago.

The 100,000 figure does not include thousands dispatched quietly before formal mobilization orders were issued. Neither does it include the thousands that have gone out in small units on regular ships. It rep-

Solve Puzzle U.O.N. Brand

Hold Wound Charge Preliminary at Coast

VICTORIA, June 28 (CP).—The three mysterious letters, "U.O.N.," which had puzzled the brains of Victorians since the arrest of three youths on charges of unlawfully wounding in connection with initiation ceremonies in the order, mean "United Order of Nails."

This evidence was adduced at the preliminary hearing today of Rupert A. V. Walker, Roland Burritt and Donald Wood, alleged to have been implicated in the wounding of Wilbert Lindstrom and Michael Share on June 10. The hearing is continuing.

Disclosure of the meaning of the letters was made to British Columbia Police Sergeant Richard Harvey by Walker, the policeman testified. Walker was also stated to have told officers the organization had but six members.

Officers testified they had found various objects in the barn on Wilkinson road, "temple" of the U.O.N. Among these were black leather leggings, through which thumb tacks were allegedly driven into initiates' legs.

Dr. David M. Maillie, who attended Lindstrom, testified the marks of branding on the latter's chest were superficial and blistering had healed rapidly. Only faint scars remained a week after the initiation, he said. The branded letters, "U.O.N.," were 1½ inches long and covered a total extent of 5 inches, he said.

Senate Debates on Word "Export"

OTTAWA, June 28 (CP). — The senate today revived one of its old snarls and for fully 30 minutes debated whether or not the word "export" should be applied to interprovincial trade. In the fruit, vegetables and honey bill to consolidate the Root Vegetable act with the Fruit and Honey act and to give effect to a recommendation in the price spreads report "export" is defined as "export out of Canada or out of any province to any other province thereof."

The report of the agriculture committee which approved the bill with several minor amendments was adopted and the bill stands for third reading.

International Chamber of Commerence Asks World Currency Stabilization on a Gold Basis

PARIS, June 28 (CP)—The international chamber of commerce tonight disclosed contents of a resolution demanding immediate consultation among governments of the world for currency stabilization on a gold basis and said the resolution would probably be adopted unanimously tomorrow.

The resloution maintains stabilization is indispensbile for world economic recovery and that the present financial situation has halted the flow of commerce and caused a tariff war. It says monetary depreciation and instability are deflationary in effect and that to retard stabilization in the hope o a new price level might would be to risk prospects for economic recovery.

MARTIAL LAW IS DECLARED IN MADRID

MADRID, June 28 (AP)—Premier Lerroux' cabinet, in extraordinary session, tonight declared martial law in the city and province of Barcelona in an effort to halt the increasing terrorism.

Ordinary police methods have been futile against the wave of bombings, shootings, robberies and acts of sabotage, it was stated.

WHEAT JUMPS 5 CENTS, CHICAGO

CHICAGO, June 28 (AP).—Reported appearance of black rust, scourge of wheat fields, electrified American grain markets today and wheat prices jumped five cents a bushel, the maximum gain permitted for one day.

Fears that United States wheat had been attacked unusually early by the rust because of damp weather, and that widespread destruction of the grain might result gripped traders as buying orders deluged the pits.

Chicago wheat futures prices soared to 88 cents a bushel for December and 85¾ cents for September, just before the close.

Add to the B.C. Youth Program

Vocational Training and Apprenticeship System Planned

VICTORIA, June 28 (CP)—Two more sections of the British Columbia government's youth program will be started within the next few weeks, Hon. George S. Pearson, minister of labor, announced today.

With 500 youths now placed in training camps for forestry and placer mining, the minister turned his attention to a state-regulated apprenticeship system and a vocational guidance plan.

Within the next 10 days, an apprenticeship inspector will be chosen and the apprenticeship act proclaimed, the minister said. This will immediately bring into effect an apprentice system in certain of the construction trades designated by the act. After an experimental period the government will consider bringing in other trades.

Following this will be the formation of a provincial vocation bureau, headed by a vocational guidance officer. This bureau will work together with the apprenticeship scheme.

After the act is proclaimed young men starting the work can secure apprenticeship indentures according to regulations which will be laid down.

GEORGE SHAW GOLF WINNER

REVELSTOKE, B.C., June 28—(CP).—George Shaw, formerly of Vancouver, was crowned champion of the Revelstoke Golf and Country club when he won from the 1934 champion, Stewart Marrs, five up and four to play in an exciting 36-hole final.

Harris Leads Navy League

TORONTO, June 28 (CP).—Sam Harris of Toronto today was again president of the Navy League of Canada following his re-election at the 18th annual meeting of the Dominion council.

The Dominion council elected included: Capt. E. Beethem, R.N.A., Vancouver, and Col. F. A. Lindsay, Victoria.

NO HEADWAY IN THE STRIKE NEGOTIATIONS

SAN FRANCISCO, June 28 (AP). —While Pacific Coast International Longshoremen association executives conferred in Portland, a meeting of the joint labor relations committee here to settle a dispute between stevedores and waterfront employers over unloading the steamer Point Clear ended today at naught.

Representatives of both groups admitted at the close of the session that "nothing was accomplished."

ASHTON SUCCEEDS McNAUGHTON

OTTAWA, June 28 (CP).—Succeeding Major General A. G. L. McNaughton as chief of the general staff, Major General E. C. Ashton, C.B., assumed those duties here today. General Ashton was appointed following some years as officer commanding military district No. 11 at Victoria.

Endurance Fliers Still Up

FRED AND AL KEY

MERIDIAN, Miss., June 28 (AP).—A severe rain and thunder storm broke over Fred and Al Key's endurance plane late today and when stabilized trouble developed the brothers circles close over the airfield, prepared for an emergency landing.

The fliers, who yesterday established a new world's endurance flying record, kept in constant touch with an anxious ground crew.

The weather was so bad the Keys at first radioed they did not think it would be possible to make the regular refueling contact, but later instructed the ground plane to go up.

Dr. E. B. Key, and Mrs., parents of the fliers, and the fliers' wives, were visibly worried and expressed the wish the pilots would come down. However, they refrained from appealing to the Keys to make a landing.

Ellis Police Commissioner

Replaces Judge Harper as a Result of a Technicality

VICTORIA, June 28 (CP).—Judge J. N. Ellis will replace Judge A. M. Harper as a member of the Vancouver police commission on July 1 as a result of a technicality in the question of seniority being straightened out, Attorney-general Gordon Sloan annnounced today.

The formal order of appointment for Judge Ellis was approved yesterday by the cabinet.

Mr. Sloan explained that under an amendment to the County Courts act last year, the judge, having priority of appointment, was designated as the senior county court judge in Vancouver. The Vancouver Incorporation act calls for the senior judge to act on the police commission.

Consequent on this change, Vancouver's police commission will be entirely altered in personnel from that of last year. At the beginning of this year the provincial government, at Mayor McGeer's request, dismissed two of the sitting magistrates and made new appointees, one of which went on the police commission.

Relief Workers Study at Camps

CALGARY, (CP). — Educational projects in the relief camps west of here have met with decided success, Dr. W. G. Carpenter, who has supervised the experiments, reports.

During the past year 350 prisoners have been served by the project, and recommendations are being made that classes be started in all Alberta camps.

Most of the students in these frontier colleges enroll in clases for non-English speaking persons. One man 60 years of age learned to read and write in three months. Besides elementary school subjects, motor mechanics, building construction, drafting and various other studies are open to those interested.

Teachers are recruited from unemployed workers. The department of education supplies text-books while equipment for teaching mechanical subjects is secured from the Institute of Technology and Art. High school subjects are recommended for the camps during the next school session.

URGE DEFENCE PROGRAM

TORONTO, June 28 (CP).—Dominion council of the Navy league of Canada, in annual meeting here today urged the Dominion government to undertake a "reasonable defence program."

Property Damage Brings Fine for Four Coast Men

VANCOUVER, June 28 (CP)—Convicted on a joint charge of damage to property which police alleged arose out of the Vancouver waterfront strike, four men were fined $10 each or 10 days in jail today by Magistrate Mackenzie Matheson.

Elsworth Bahr, Jarvey Scobie, Mirl Young and Reginald Pope were arrested June 18 after the rope on a truck carrying paper had been cut, causing the load to fall to the roadway.

Building Program Large, Vancouver

VANCOUVER, June 28 (CP)—A sharp upswing in construction work in Vancouver is shown in preliminary reports issued for this month by the building department.

Total building permits issued to June 27 reached $502,595, greater than in any single month since August, 1932, when permits to the value of $633,820 were granted. Two hundred and seventeen permits were issued.

The new Seaforth Highlanders armory, to cost $165,000, and reconstruction of the Hastings park forum, costing $73,600, are largely responsible for the high figure. Authorization was also given for construction of two theaters, three service stations, a residential hotel, six stores and 31 dwellings.

Government Drops Plan to Organize Communications

OTTAWA, June 28 (CP).—Minister of Justice Hugh Guthrie told the house of commons tonight the government will not proceed with its intention of establishing a department of communications. The new department was forecast in the throne speech at the opening of the session.

SILVER ANNIVERSARY

MONTREAL, June 28 (CP)—Rev. R. G. Burgoyne, formerly of Grace church, Winnipeg and Mrs. Gurgoyne tomorrow will celebrate their silver wedding anniversary here. Both are noted for the leading parts they have played in Montreal welfare movements.

ROYAL ASSENT GIVEN BILLS

OTTAWA, June 28 (CP)—Royal assent today was given in the senate chamber by Sir Lyman P. Duff, deputy of the governor-general, to 14 government measures and 12 private bills.

SENATOR BORAH STARTS 70TH YEAR

WASHINGTON, June 28 (AP). — Senator Borah, militant Idaho Republican, ended his sixty-ninth year today by working at his office and brushing aside reporters who sought to ask him what he planned to do during his seventieth year.

Sen. Borah

Appearing healthier by far than in the past several years, Borah has been right "in his element" this session in telling the senate what the constitution says — a voice strongly heeded since the supreme court lent it additional weight

He led a battle in the past week for immediate action on the president's tax program and prepared to begin next week a fight against Secretary Wallace's AAA amendments.

CELONA APPEAL IS CONTINUING

No Corroboration of Women's Evidence Says Henderson

VICTORIA, June 28 (CP)—Stuart Henderson today in addressing the court of appeal in the Joe Celona cases, argued that there was a fundamental lack of evidence upon which to convict the appellant on the count of living in part on the earnings of prostitution.

The evidence that would convict the accused in the case, said Mr. Henderson, was confined to sour self-confessed inmates of the alleged disorderly house which Celona was found guilty of running.

To establish this charge it became necessary to prove that these women were prostitutes. This could not be done under the code on the evidence alone of the women. There must be corroboration of their evidence and Mr. Henderson argued that there was a complete absence of this corroboration.

Leaky Boat Fatal to Golden Youth

GOLDEN, B.C., June 28 (CP)—A leaky boat caused the death of Douglas Dawe, 16, who drowned yesterday while he and another youth, Dick Milum, were crossing the Columbia river. The boat sank and the rubber boots the boys were wearing made swimming difficult. Milum managed to make shore but Dawe's shouts for help were futile and he sank.

Farmers Are Assisting Strikers Facing Prosecution

MANITOBA MEN READY TO MARCH

1000 Men Quit Work at Lakehead; Tense Situation

WINNIPEG, June 28 (CP). — Police ban against helping any of western Canada's thousands of relief strikers in their plans to March on Ottawa went out today. Almost at the same time the order went forth to Manitoba's 1500 relief camp strikers to be ready to start for Ottawa within three days.

These were the most significant developments in the tense situation which gripped the west from the pulp camps of the head of the lakes to Regina.

While his 500 men held in check a battalion of 2000 relief camp strikers at Regina, Col. S. T. Wood, assistant commissioner of the Royal Canadian Mounted police there, said any farmers offering to assist strikers would be liable to arrest.

CAN'T USE FARMS

He said he had learned the men planned to set up a camp of their own on a farm near Regina. Five of the Regina men are under arrest for defying a special federal

Hilo, Hawaii Is Shaken by Quake

Buildings Are Cracked Famed Kilauea May Start Eruption

HILO, Hawaii, June 28 (AP).—A sharp earthquake struck Hilo today, cracking buildings, inflicting heavy property damage and causing two tremendous slides in nearby Kilauea crater of the famous volcanic mountain, Mauna Loa.

The shock, heaviest experienced here in many years, occurred at 9:02 a.m. (2:32 p.m. E.S.T.).

Officials at Kilauea observatory went immediately to Halemaumau, firepit of Kilauea, to observe the effect of the shocks but declined to express an opinion as to whether they would stir the big volcano into activity.

Numerous cracks appeared in the county building here and engineers said immediate bracing would be necessary to prevent collapse. The advisability of moving county offices to another building was discussed. The county building is of brick.

Men Seized on Truck Charged Being With Unlawful Order

FACE TERMS UP TO TWENTY YEARS

Most of Men in Regina Remain Quiet on Friday

By SAM G. ROSS
Canadian Press Staff Writer

REGINA, June 28 (CP)—Five men arrested when the first truck load of 2000 striking relief camp workers attempted to break through police patrols on highways to resume their trek to Ottawa late today were charged with being members of an unlawful association, the Communist party of Canada. They were remanded until Tuesday morning.

As the five faced Magistrate W. B. Scott in police court of the Royal Canadian Mounted Police, officals disclosed about 150 of the strikers had gone to the department of labor camp at Lumsden, 30 miles north of here, ready to accept federal offers of transportation to their homes in British Columbia, Alberta and Saskatchewan. Police issued a warning no aid must be given the strikers.

MAIN BODY QUIET

For the two previous days the Lumsden camp had been boycotted by the strikers and officials alleged intimidation of men who wanted to quit the strikers' trek to Ottawa and return to their homes. The main body of strikers remained quiet throughout the day, staying chiefly around the stadium in the exhibition grounds where they have been quartered for the past two weeks.

The charge upon which the five faced Magistrate Scott read:

Tax and Gold Legislation With a Chance of Rumpus Delays Congress

KING, IN BETTER SHAPE, HAS BIG PROGRAM AHEAD

Tax-the-rich Program Cannot Be Ready for Month at the Least

By CLARENCE M. WRIGHT
Associated Press Staff Writer

WASHINGTON, June 28 (AP)—Tax and gold legislation, the consideration of which will shove adjournment into the indefinite future, today drew forecasts from some congressional chiefs that the delay might enable would-be revolters to force through unwarranted and possibly "unwholesome" measures.

The most optimistic predicted that it would be July 29—one day more than a month away—before a bill embodying President Roosevelt's tax-the-rich program could be ready for presentation to the house.

FLARES PROBABLE

Nor were the prospects for a peaceful ending of the session heightened by introduction of a bill by Chairman Steagall (D., Ala.)

FAIRBANKS ON WAY VANCOUVER

HONOLULU, June 28 (AP). — Douglas Fairbanks, of the movies, and Lady Mary Ashley of England, departed today on the steamer Empress of Canada, for Vancouver, B.C.

They arrived from the far east yesterday on the same liner, and at first planned to continue to California today on the President Coolidge.

SIGHTLESS BANJO PLAYER DIES

VANCOUVER, June 28 (CP). — John Waters, sightless banjo player, long a familiar figure on the corner of Georgia and Granville streets, collapsed while playing his instrument today and was picked up dead.

WOODSWORTH AND MacINNIS ATTACK C. P. R. FOR THE USE OF CHINESE SAILORS

OTTAWA, June 28 (CP)—Canada is forced to bonus shipping on the Pacific because of subsidies paid by the United States, British and Japanese governments, Railway Minister R. J. Manion told the house of commons today. He was defending an item of $119,000 for subsidies in the supplementary estimates.

Abraham Heaps (Labor-Winnipeg North) protested the item because he said a combine existed among Pacific shipping firms, rates being set in San Francisco.

Thomas Reid (Lib.-New Westminster) charged the subsidized line used Japanese sailors. "Slave labor," he called it.

He could see no reason why subsidies should be paid to foster that type of labor while Canadian sailors were idle.

J. S. Woodsworth (Labor-Winnipeg North Center) asserted Canadian Pacific boats carried British officers and a Chinese crew. "They are Canadian in name only."

The whole thing is a farce," the C.C.F. leader exclaimed.

Angus McInnis (Labor-South Vancouver) said Canadian engineers on Canadian Pacific boats were replaced by Englishmen. The boats were repaired in China and as far as he was concerned, the letters "C.P.R." meant "Chinese Permanently Retained."

The subsidy item passed.

UNIQUE LAST REQUEST

VICTORIA, (CP).—Fred Landsberg, awarded Victoria's "Best Citizen" medal in 1930, died here leaving a request that no flowers be sent to his funeral. He urged friends to donate the cost of the tribute to the Old Men's Home Fund, providing aged inmates with pocket money.

MORE ABOUT REGINA STRIKERS

(Continued From Page One)

"That during June, 1935, in Regina and elsewhere in the province of Saskatchewan, did become and continue to be a member of an unlawful association, to wit, the Communist party of Canada, a section of the Communist International, contrary to the provisions of the ciriminal code of Canada, section 98."

Maximum penalty under the section is not more than 20 years in penitentiary.

UP TO 20 YEARS

The five men charged were Jack Cosgrove, one of the strike leaders and commander of the strikers when they were on the march from Vancouver into Regina; Ivan Bell, and Ernest Edwards, identified by police as two strikers; and Frank Hallaburd and James Herbert Lennox, allegedly drivers of the truck carrying the strikers and a car accompanying the truck, respectively.

The charge against all but Cosgrave read the same. In the case of Cosgrave, only the time element was different. Instead of reading "during June, 1935," it reading "during 1935."

BAIL IS HEAVY

Bail for Cosgrave was set at $3000; for Lennox, Edwards and Bell, $2000 and for Hallaburd $1500. The men were removed from the court in custody while efforts to raise bail were being made.

F. G. Bagshaw, K.C., appeared for the crown and T. H. Newlove represented the five men. Rev. S. B. East, United church minister with the five men when they were arrested, also was in the court during the hearing.

The five were originally arrested on charges of vagrancy and the charges under section 98 of the criminal code were laid later. At the request of defence counsel, no plea was taken from any of the men.

WARN AGAINST GIVING AID

Earlier in the day Col. S. T. Wood, assistant commissioner of R.C.M.P., warned any person giving aid to the strikers in any shape or form was liable to prosecution. The prosecution was provided in orders from Ottawa under the special emergency act, said Col. Wood.

The commissioner's announcement was made as the citizens' emergency committee supporting the strikers named a committee to make a Dominion-wide appeal for funds and food for the strikers. Police said they learned the strikers were planning to establish camps on farms near Regina. Any farmer or other person, Col. Wood said, giving shelter or food or funds to the strikers was liable to prosecution.

Patrolling of highways to prevent departure of the strikers from the city was still under way. No further attempts by strikers to move out of the city for Brandon, Man., en route to Ottawa were reported.

GARDINER'S OFFER REJECTED

Announcing 150 of the strikers had gone to Lumsden camp and were ready to return to their homes, C. P. Burgess, director of federal relief in Canada, said he believed another 500 were ready to go but were being intimidated by other strikers. Necessity of registration before going to the Lumsden camp has been removed.

Premier J. G. Gardiner of Saskatchewan conferred with a delegation of the strikers. Arthur Evans, one of the strike leaders, said the premier had made a proposal involving the strikers going to the Lumsden camp. He said the offer had been rejected.

BRITAIN WORRIES

LONDON, June 28 (CP cable).—Confronted with determination of Premier Benito Mussolini to carry out aggressive plans in Ethiopia and suspicions of France regarding the Anglo-German naval treaty, British statesmen cast about today for new approaches to the problem of building up a peace and security system in Europe.

Anthony Eden, minister for League of Nations affairs, spent the morning reporting to Sir Samuel Hoare, foreign secretary, on the results of his conversations with Mussolini and Premier Pierre Laval of France.

Sir Samuel told George Lansbury, Labor opposition leader, he would make a statement in the house of commons Monday on the situation.

ALL OFFERS REFUSED

On the twenty-first anniversary of the shot at Sarajevo that set off the Great War, it was obvious Capt. Eden had met a severe check at Rome. Mussolini turned down all offers.

Britain went so far, it is reported, as to offer to cede part of British Somaliland to Ethiopia in compensation for Ethiopian concessions to Italy. This would give Ethiopia a corridor to the sea, something she has long been anxious to get. But Il Duce did not consider the concessions adequate.

of the house banking committee to carry out recommendations made by the president in yesterday's gold message.

His measure would deny to holders of government securities with gold clauses in them the right to sue the government for damages because of dollar revaluation.

Steagall announced hearing on that bill would start Monday and last a "couple of days." He predicted little trouble. Republicans for the most part were silent pending study, but Representative Fish (R., N.Y.) termed the proposal "legislation of robbery." Fish is a member of the banking committee.

EXTEND NUISANCE TAX

One "must" bill went to the statute books today when President Roosevelt signed a resolution extending $301,991,000 in nuisance taxes for two years.

Democratic chiefs hoped to dispose by week after next of all other "must" legislation. That meant that the house and senate either would have to recess or act on legislation not on the program.

Legislators who will handle the tax bill meanwhile worked on other things while their experts tried to draft a tentative measure. Long hearings before the house ways and means committee, lasting two weeks or more, will begin a week from Monday. Then will follow possibly 10 days of executive committee consideration, with all sorts of things proposed as riders to the suggested inheritance, gift, corporation and individual income taxes.

Rumors that action on the tax bill might be put off until next session were emphatically denied today by Speaker Byrns.

There are several species of the caragana plant handy in Western Canada, but the one most commonly found and used very widely is the variety introduced from Siberia. The caragana is so hardy and vigorous, and adapts itself to such varied conditions of soil, that it must be considered a most valuable plant for field or garden shelter purposes.

Examine Candidates for Customs Post

CRESTON, B.C., June 28.—An examination of candidates aspiring to the position of assistant customs officer at Rykerts was held at Cranbrook on Saturday, with Mr. Legg of the district central office at Calgary presiding, and nine local citizens taking the examination, which were both written and oral. Those writing were R. Sinclair Smith, R. M. Chandler, Harry Webster, Harry Miller, Corrie Celli, Syd. Rogers, Arthur Couling, Jack Payne, Bob Crawford and Bus Ross. It is expected the result of the tests will be announced this week, and the man chosen will go to work early in July.

There was a fair turnout at Trinity United church Ladies' aid tea and sale of cooking at the home of Mrs. H. H. Wilks on Saturday afternoon, at which the cash intake was almost $25.

M. Anderson has arrived from Tadanac and has taken up the work of assistant C.P.R. agent, replacing Art Nichols, who has been employed as messenger for the past six months.

The community swimming pool at Exhibition park was filled during the week-end and was available to the swimmers for the first time on Monday evening.

Miss Ruby Palmer of Nelson arrived on Tuesday on a visit with her brother and sister-in-law, Mr. and Mrs. A. L. Palmer.

Mrs. Keith Kettlewell of Trail is a visitor with her parents Mr. and Mrs. Axel Anderson.

government order that they could not leave the city.

The Manitoba revolters apparently had given up hope their compatriots from British Columbia and Alberta would get past the police blockade at Regina. The original intention had been to proceed to the capital together.

At Regina some 150 of the men who came from British Columbia and Alberta and outlying Saskatchewan points via freight cars, have registers to go to the new government relief camp at Lumsden. The rest remained in Regina, awaiting the decision of their leaders as to the next move in their proposed trek to Ottawa.

The Industrial Lumber Workers Union at Port Arthur meanwhile claimed 1000 men in the pulpwood camps of the Lakehead and Nipigon districts had quit work in answer to a general strike call. They demand increased wages.

Timber operators said not nearly that number were on strike and that many of those who quit work had done so after being threatened by agitators.

MORE ABOUT PEIPING FIGHT

mand of General Tsai, one of the subordinates of the ousted Hopei governor, Gen. Hu Hsueh-Chung. At Japan's instance, Tsai had been ordered to leave Hopei by June 25. He failed to go, and the Peiping military council ordered his arrest. He was brought here Thursday.

Last night his men seized an armored train and attacked the defences of the south gate of the 6-mile-long city wall. To the fire of the rebels' three-inch gun, guards replied with machine guns, rifles and trench mortars. The armored train retreated to Fengtai, railway junction near Peiping.

Two thousand loyal troops sallied out just before noon, cut the railway line, surrounded the armored train and captured it. The rebels fled in the direction of the demilitarized zone.

At the height of the fighting two unidentified secretaries of the United States embassy risked their lives to rescue several Americans marooned outside the walls, bringing them into the safety of the city.

Road Conditions: "HEAVY GREASY MUD... EXTREMELY ROUGH"

The above illustration was drawn from an actual photograph supplied by Canadian Coach Ways

Edmonton, Alta.
December, 12/34

General Motors Products, CALGARY, ALTA.

Dear Sirs:—

Four years ago we purchased a Chevrolet utility chassis and began operating a bus line between Athabasca and the city of Edmonton.

The road in wet weather is a heavy greasy mud and in dry weather extremely rough, so that the operating conditions are not by any means ideal.

Our Chevrolet gave us little trouble apart from ordinary service work . . . Since then we have secured three other bus routes in Alberta and in each case Chevrolets were placed in operation.

Our experience with Chevrolet therefore has been more than satisfactory.

Yours very truly,

CANADIAN COACH WAYS
(Sgd.) A. P. COLLINS

Experience with Chevrolet: "MORE THAN SATISFACTORY"

WE HAVE FOUND that when it comes to deciding on new bus or truck equipment, buyers are most influenced by the experience of other operators like themselves. That is why we urge you to read the letter from Mr. A. P. Collins of Canadian Coach Ways, Edmonton—then go out and talk to some of the Chevrolet operators in your own community. You can safely take "the owner's word" for it—when it's a question of the right truck to buy for performance, appearance, freedom from repairs, long life and economy.

Chevrolet and Maple Leaf Trucks offer a complete line of models, ½ to 2 tons . . . General Motors Trailer equipment boosts Maple Leaf hauling ability to the 5-ton range . . . A full line of Chevrolet-built truck bodies . . . Low delivered prices, easy GMAC terms and new Owner Service Policy.

Women Welcome Study Program

CHARLOTTETOWN, June 28—(CP).—Women's institutes of Quebec have led the way in taking advantage of the adult education courses emanating from Canadian universities, according to the report of Mrs. M. E. Noble of Hatzic, B.C., national convenor of the Education committee reporting to the convention of the Federation here. With the cooperation of McGill University 23 of Quebec's 85 branches have formed study groups.

Ontario's new superintendent, Miss Bess McDermand, was developing the idea further in the organization of local leadership, the report stated. British Columbia W. I.'s were taking advantage of the University of British Columbia's extension services, financed by the Carnegie corporation. Nova Scotia and Alberta branches were receiving extension services from Dalhousie and Alberta Universities.

Scholarships and efficiency prizes were given by W.I.'s from coast to coast. Ontario's convenor, Mrs. A. D. McDougall of Maxville suggested a national scholarship plan by which candidates would be selected not only for their school and academic work but also on their promise of leadership. These would be given financial assistance to complete the university course.

The report described the wide range of practical W. I. educational effort including provision of books for school libraries, playground equipment and first aid kits.

To Stage Boxing Card, Kimberley

KIMBERLEY, B.C., June 28.—On Dominion day, D. Hyssop of Kimberley will go 10 rounds with L. Hayden of Vancouver, 70 pounds, on boxing card here.

The amateur preliminaries will include R. McLeish vs. B. Johnston of Kellogg, Idaho, four rounds, 160 pounds; W. Decko vs W. Ferguson of Creston, four rounds; P. McKim vs C. Ferguson of Creston, four rounds.

So far it has not been possible to find a suitable opponent for G. Stuart, though so many wish to see him in action here.

Creston Plans for First July

CRESTON, B.C., June 28. — The different committees of the Knights of Pythias, in charge of Creston's Dominion Day celebration, are putting the finishing touches on the day's program and if the weather is favorable it now seems certain that they will live up to their promise of a bigger and better celebration in every department.

Creston brass band has been secured for the day and in addition to heading the parade to the grounds, have kindly consented to play during the afternoon. The parade is the opening feature and is to move off from the Orchard service station at 12 noon. Prizes are offered for the best boys' and girls' fancy costumes as well as the best girls' and boys comics, and the best decorated bicycles. There are worthwhile cash prizes and should attract much competition. All children in the parade are to get a free ice cream cone on arrival at the grounds, while at 4 p.m. it is proposed to give every youngster at the celebration a free hotdog and bun at 4 p.m.

The big list of children's sports will get under way on the arrival of the parade at Exhibition park. A feature to the sports at the swimming pool is the cash prizes to boys and girls who can negotiate the greasy pole walk.

The softball match between Creston Wildcats and Sirdar is to start at 1:30 p.m. and this will be followed by a baseball game between Bonners Ferry and Creston which should commence about 3 p.m. There will be some new features to the midway, which will be operated as usual. The Pythian Sisters will operate refreshment booths at the grounds all afternoon, and will have charge of the supper at the dance in the evening.

The local orchestra will play for the dance. Those in charge of the dance promise some new features, one of which will be the shower of confetti, along with other novelties throughout the evening.

Oldtimers Form Saskatoon Club

SASKATOON, (CP). — An oldtimers association formed here now numbers 500 members and it is expected many others will be enrolled. To join, a resident must have lived in Saskatoon during or before the year 1905, when it formally became a city.

A list of the present members shows: 190 born in Ontario, 124 in Saskatoon, 50 in England, 30 in United States; and the remainder from other parts of Canada, China, Sweden and even Syria.

Barbara Norris and Gerald Noel Win Scholarships at Junior High

Presentations and Awards Made; Promotions

Marked by a large attendance of adults, graduation exercises at the Nelson junior high school proved even brighter than usual. Seventy-nine pupils were graduated in the senior class and go to grade 10. The class biographies were entertaining and instructive and they brought forward many things about the pupils that they had not been aware of themselves.

To Barbara Winnifred Norris, daughter of F. J. Norris of Nelson, and Gerald Albert Noel, son of W. Noel, go the highest honors for the year, the Macdonald scholarships. These two scholarships were awarded by Mr. Justice W. A. Macdonald of Vancouver, formerly of Nelson, to the boy and girl who were considered the best all around pupils. They are chosen by the teachers.

Other winners of awards were Carmella Del Puppo, perfect attendance for three years; Norma McKerns, citizenship; for losing no credits throughout the entire year, Hazel Stout, Neena McClement, Shirley Graham, Annie Busk and Shirley Beeston; Alvina Arlt, leading in the final examinations.

Following was the program: Grade 8 boys song group, "Widdicombe Fair" and "Youpe! Youpe! River Along"; Chairman Bill McEwan, address; grade 7c song group, "Under the Greenwood Tree" and "Quintuplets Lullaby"; class biographies for 9c by Margaret Lahaise and Frank Leask, for 9b by Iris Moore and Harry Green, for 9a Violet Wagstaff and Herbert Eliason; grade 7b song group, "Beyond the Spanish Main' and "The Ash Grove"; Jessie Lutes, valedictory; grade 7a song group, "Old King Cole" and "The Dreamseller"; grade 8 song girls, "Summer Is A-Cumen In," "Dawn, Gentle Flower" and "Madrigal of Spring."

Revenge of the People Will Be Terrible if Germany Has to Fight Declares a Priest

Anti-Catholic Move Swells the Ranks of Reds, Socialists

By CORALIE VAN PAASSEN
Central Press Canadian Writer

MUNICH, June 28.—More than 300 Catholic priests are at present in jail or in a concentration camp in Germany. The number of incarcerated Protestant pastors is even higher. Fifty nuns have been arrested in the past few weeks. Here in Munich I witnessed some curious incidents in the battle against Catholic-Christianity. The Reich government had given permission, as each year, for the holding of a collection day in the interest of Catholic charities.

When the collectors appeared on the streets, however, with their boxes and began to solicit gifts, Nazis in uniform placed themselves by their sides and warned prospective donors that the Catholics represented a power hostile to the fatherland.

There was a sensational trial going on in Berlin at the time, in which some nuns residing near the Belgian frontier were accused of having smuggled currency across the border. No proof could be advanced that these women really had transferred valuta contrary to the law and it seemed that the prosecution would have to drop its charges. The nuns were nevertheless sentenced to long terms of imprisonment "on the suspicion of being guilty of unpatriotic activity."

When the verdict of the Nazi court in Berlin became known in Munich the newspapers announced the event in big headlines and Nazi-boys stood next to the Catholic collectors in the streets with those newspapers in their hands shouting: "Be careful with your money. The Catholics are shipping it across the borders to be used to arm our enemies!"

The collection for the Catholic charities was thereupon abandoned all over the Reich.

CATHOLICS PERSECUTED

Next to the Jews and liberal-minded people, to whom no mercy is shown, the Catholics are now heavily persecuted in Germany. Not only have the four leaders of the Catholic lay movement, Klausener, Probst, Gerlich and Beck, been assassinated without any charges of any kind having been formulated against them, but it is becoming more difficult to be a practising Catholic in the Reich.

I heard the story of Catholic persecution from a priest close to the cardinal-archbishop of Munich. He begged me not to disclose his name as the consequences would "certainly be very disagreeable for many people."

"Yet," he added, "it is time the outside world learns something of our plight. We are beginning to despair . . . Just last week hundreds of our young people who had been on a pilgrimage to Rome were arrested and beaten up and then released. The leaders of the pilgrimage were kept in prison. There is a rumor that they will be charged with treasonable activity, intriguing with a foreign power, but nobody has been notified of the charges. The pilgrimage, of course, had nothing to do with politics. The pope received them and spoke to them about matters of faith."

STOP PILGRIMAGES

"We have been obliged to cancel all pilgrimages to Rome," he added, "and we are seriously thinking of stopping pilgrimages to Palestine also, since we do not know what charges may be formulated against Catholics going there."

"Are Protestants also molested for visiting the shrines in Palestine?" I asked.

"No, not as far as I know," he replied. "You see Protestants cannot be so easily accused of belonging to an international organization.'

"So that is really the charge against Catholics, that their church is international and universal?" I asked.

"Yes, therein lies the objection. The Nazis envisage the creation of a national German church, including Catholics and Protestants. . . . We are expected to disavow the tie that binds us to the Holy See and the church universal."

"If you don't what will happen?" I asked.

"Persecution will double and treble, apparently. Thousands of young Catholics have been maltreated by the Nazis. Tens of thousands of Catholic functionaries, teachers, professors and working men have lost their positions because of their convictions. The overgreat majority of these men and women never had anything to do with politics. And even if they had, the Centrum party, of which Dr. Bruening was the head and which has been dissolved, was a legally-constituted party, diametrically opposed to revolution and certainly not Socialistic in any sense."

"Yet men are punished for having belonged to such a party?" I asked.

"Yes, those who played an active role in that party once are singled out for heavy punishment."

"But have not millions of Catholics gone over to the Nazis?"

CATHOLICS JOIN NAZIS

"Quite true, although not millions, that would be saying too much. Hundreds of thousands of Catholics are members of Nazi organizations. They became members under duress, under the threat of persecution. Hundreds of thousands of our people are sinning against their own conscience by uttering lies . . ."

"How about the Catholic labor-unions?" I asked.

"They have been dissolved. Their halls and buildings have been confiscated and their funds have been stolen. They don't exist any more."

"But the Catholic workers do exist?"

"Yes, but they are without leaders. Their leaders are in the concentration camps and in prison. Many have been assassinated. We have some gruesome evidence."

"Don't tell me about it," I said. "I am sick already of what I have heard about these matters. I had not believed it possible that men could sink so low. When you read in Stuermer how a man like Julius Sleicher, a leader, boasts that he goes to visit the jails and enters the cells just to administer a beating with his riding-whip to intellectuals and professors, that are helpless and half-starved prisoners, anybody can figure out how such an example works on lesser officials."

"Your Catholic unions have submitted to the Nazis? Is there any underground activity?"

"I am afraid there is," answered the priest. "Now that we have lost control of the Catholic workers, they come under the influence of the illegal Socialist and Communist organizations."

"In other words Herr Hitler instead of turning them into Nazis is making Socialists out of Catholic workers?"

"I am afraid so. I am afraid he is making revolutionaries out of our people. On the first of May not a single man turned out for the Nazi labor festival in Munich. Not one. The celebrations were called off. A terrible blow to the government!"

"And yet here in Munich the majority of the workers are Catholic?"

"Unquestionably," came the answer.

"You once had a Soviet republic here too, and from what you say it looks as if you will have another one here sometime?"

"I am afraid so," replied the ecclesiatic. "I say it frankly. If war should ever come—and I don't see how it can be avoided—if war comes, God help us all. The revenge of the people will be terrible!"

Racing Record Goal for Youth

VICTORIA, (CP).—When Sir Malcolm Campbell abdicated as monarch of the roaring road, a young and adventurous son of another English knight will be a contender for the crown. Keith Anderson, son of Lady Anderson and Sir John Anderson, said here he hopes to follow Sir Malcolm as an automobile speed racer. The young man and his mother are visiting on the coast in the course of a world tour.

Keith is a graduate of Cambridge and has raced at Brooklyn in England on several occasions. On returning to his homeland he intends to take up motor racing as a career. He also holds a pilot's license for flying.

Mrs. Attree Heads the United Guild

QUEEN'S BAY, B.C., June 28. — A meeting of the Anglican Church guild was held at the home of Mrs. F. M. Hughes to elect a president and secretary of the United Guilds. Mrs. Alec Attree was elected president and the Hon. Mrs. Kenneth Aylmer, secretary. An excellent tea was provided for Guild members and others at 10 cents a head in aid of the Guild.

Matthew Aylmer has returned from school at Nelson to spend the summer holidays with his parents. He was recommended.

Miss Sybil Scott-Lauder has been writing her examinations in Nelson.

Bryan Ryley is staying in Nelson while writing his examinations, the guest of Mrs. Palethorpe.

W. H. Foster of Nelson was a visitor in the Bay recently.

Rev. E. J. and Mrs. McKittrick spent the week-end in Boswell and Crawford Bay, Rev. McKittrick taking the Anglican services there.

CRESTON DYKING JOB COMPLETED

CRESTON, B.C., June 28.—The Creston Dyking company dragline has just completed putting an additional two feet to the top of Creston Reclamation Company, Limited, dyke from the diversion of Goat river into the Kootenay, along to the mainland at the Dow ranch. With this completed and assuming 1935 high water was an average flooding, the company dyke can now be regarded as standing seven feet higher than normal spring flood waters. The machine is being moved to Wynndel for some finish work on the dyke at that point. A favor that has been conferred on the village by the new dykes is the almost total elimination of the mosquito pest. In past seasons the "skeeters" were usually numerous and active during the hot weather and oldtime flooding of the flats.

Mrs. W. Lindhorst has returned to her home at Camp Lister, after a stay in St. Eugene hospital, Cranbrook, where she underwent a serious operation earlier in the month.

W. H. Watcher, who has been in indifferent health for the past couple of weeks, is now taking treatment at Creston hospital.

Mr. and Mrs. George Armstrong and daughter, Betty Ann of Elkwater, Alta., along with his sister, Mrs. J. F. McLaughlin of Irvine, Alta., are here on a visit with their brother, W. Armstrong.

Mrs. Gaspers of Hollondquist, Sask., arrived this week on a visit with her sister, Mrs. Victor Brixa. She made the trip by auto, and negotiated the journey in one day.

V. M. Vasseur has construction well along on a new implement warehouse he is erecting on two lots he recently acquired at the corner of Fourth street and Park road.

Interested parties from Spokane have been in during the past week looking over the Sullivan mine property up Goat river at Kitchener. The property has been idle since the Sullivan syndicate quit operations that lasted six weeks, almost a year ago.

PLAY SAFE AND KNOW HIGHWAY REQUIREMENTS

With the holiday season in full swing and motor traffic through the district nearing the peak, motorists are advised to check up on rules of the road and thereby save expense and embarrassment through prosecution under the motor vehicle act.

Those who are not acquainted with sections of the motor vehicle act might be well advised to study the following excerpts:

Section 53 (1) says in part—

"Every person driving or operating a motor vehicle on any highway shall drive and operate the same in a careful and prudent manner, having regard to all the circumstances, including the rate of speed and the weight and size of the motor vehicle, the nature, condition, and use of the highway, and the traffic which actually is at the time or might reasonably be expected to be on the highway; and no person shall drive or operate a motor vehicle on any highway so as to endanger the life or limb or any person or the safety of any property.

Section 53 (2) (in part)—"Any person driving or operating a motor vehicle upon any highway within any city, town, or village at a greater rate of speed than 20 miles per hour, or upon any highway not within a city, town or village at a greater rate or speed than 30 miles per hour or greater than the maximum rate of speed prescribed under Section 58 in respect of the highway or portion of the highway traversed, shall prime facie be deemed to be driving or operating the motor vehicle in other than a careful and prudent manner.

FINE MINIMUM $10

Section 53 (3)—"Every person who is guilty of the offence of driving to common danger within the meaning of this section shall be liable on summary conviction to a fine of not less than ten dollars and not more than three hundred dollars.

SLOW SIGNS

Section 58.—"Every person driving or operating a motor vehicle on any highway or portion of a highway indicated by signs displaying the word "slow" accompanied by a statement of miles per hour erected thereon by the department of public works upon the request of the commissioner, shall in traversing that highway or portion of a highway drive and operate the motor vehicle at a rate of speed not exceeding the number of miles per hour stated on the signs so erected; but nothing in this section shall prevent any person being prosecuted and punished under any other section of this act under which he would except for this section be liable to be prosecuted and punished.

Section 71 (in part)—"In the prosecution of any person driving or operating or in charge of any motor vehicle, or of the owner of any motor vehicle, for any offence against the provisions of this act occurring, or alleged to have occurred, while the motor vehicle was in motion on the highway, that person or owner shall be deemed to have been driving and operating the motor vehicle at an unlawful late of speed until the contrary is proven.

Section 70 (in part)—"Every officer or constable of the Provincial Police, or of the police force of any municipality, may arrest without warrent:—

(b) Any person whom the officer or constable finds committing any act in violation of Section 53: and may detain the person arrested until he can be brought before a justice to be dealt with according to law.

Section 77 (1) (in part)—"In case any person convicted of an offence against Section 53 of this act, is the holder of a driver's licence under this act, the magistrate or judge, before whom the licensee is convicted shall, in addition to all other penalties, require the licensee to surrender his licence forthwith to the magistrate or judge. The magistrate or judge shall thereupon, in substitution for the licence surrendered, Isue on behalf of the commissioner to the licensee a duplicate licence.

Section 85 (1) (in part)—Where a person who holds a driver's licence is convicted of, a charge against him fore:—

(a) Driving to the common danger within the meaning of Section 53, if as a result thereof any person is injured or any property is damaged to the extent of more than twenty-five dollars, the commissioner shall, upon receipt of a certificate or other satisfactory proof of the conviction, suspend the driver's licence of that person and every owner's licence held by him and every licence issued under this act in respect of any motor vehicle owned by him.

COMMON DANGER

Briefly, driving to the common danger means, driving in such a manner as to endanger the life or limb, of any person, or the safety of any property, and any person convicted of driving to the Common danger is liable to a fine of from $10 to $300. Driving a car at a greater speed than 30 miles an hour in the country and 20 miles an hour in the city or indicated by a slow sign, literally shall be deemed to be driving to the common danger. A constable may arrest any person for driving to the common danger. Any person convicted or driving to the common danger shall have his driver's licence reduced, that is the white licence shall bo reduced to a blue, and the blue licence to a yellow, or his licence may be suspended or cancelled. A person convicted of driving to the common danger, when any person is inqured or property is damaged more than $25, shall have all licences held by him suspended until he furnishes proof of financial responsibility, that is for instance insurance, $5000 for bodily injury or death to any one person and $10,000 to two or more persons, and $1000 for property damage.

F. R. McCALL THINKS ALL MEN SHOULD FLY

By FRED POLAND

(Copyright, 1935, by The Canadian Press).

(Copyright, 1935, by the Canadian Press

CALGARY, June 29, (CP)—Captain Fred R. McCall, D.S.O., M.C. and Bar, D.F.C. and Bar, who pioneered commercial aviation in Southern Alberta, believes every young man should learn to fly whether or not it is his intention to make it his life's work. But he thinks the aviation industry offers many opportunities to the rising generation outside actual flying.

"Too much stress is laid on the flying angle," said Capt. McCall. "We are apt to forget the army of men required to keep planes in the air on any established air service. There have to be radio experts, meteorologists, ground engineers, inspectors of various kinds, airport officials and so forth, and all these offer opportunities of erpployment for the trained man. Certainly, the actual flying may be the most spectacular activity, but the flier without those on the ground will amount to simply nothing."

The pilot learns self-reliance, McCall said, and the ability to make instant decisions. In the enjoyment of a healthful sport he gains a knowledge of engines and their use and of aeronautics in general that will prove invaluable in later life.

The Rockies will present little obstacle to development of Canada's east and west air services, according to Captain McCall, who pioneered the air trails along the mountainous regious between Golden, B.C., Banff, Alta., and Fernie, B.C., flying an old wartime training "Jenny" that more than once came into a landing field with bits of trees sticking to the undercarriage. The Jenny's strong point was not her climbing ability and to get over ridges almost meant dodging through the trees on the heights, he said.

McCall was born at Vernon, B.C., in 1898 and joined the 175th Battalion here in 1916. Transferring to the air force he joined a fighting squadron with fast planes in France. There started his war-time friendship with Capt. W. G. Claxton and of one of the most remarkable flying teams of the war. Both slight of stature, they were almost lost in the cockpits but their skill in the air was deadly. McCall always closed to within point blank range before firing.

On Aug. 17, 1918, came the climax of the war adventures of McCall and Claxton. They became involved in a fight with 40 German aircraft and each shot down three. Claxton was shot down and severely injured but McCall managed to get away unhurt. He was taken sick soon afterwards and was in Canada recuperating when the Armistice was signed.

"Freddy" McCall's stunts at air shows have sent chills down the backs of the people of Alberta for the last 15 years. In 1929 he flew 200 quarts of nitroglycerine from Montana and made a landing in a rough field with the treacherous cargo aboard.

Capt. McCall says now it was not even dangerous for, every possible precaution was taken, though even he admits "every possible precaution" is sometimes insufficient when "soup" is being handled. But that's Freddy all over. Life would not be worth living if there were no chances to be taken.

Crawford Bay Women Plan a Garden Fete

CRAWFORD BAY, B.C., June 28. —A meeting of the Church helpers was held on Tuesday afternoon at the home of Mrs. Fraser. Mrs. Gooch, president, was in the chair. A letter was read from B. Holiday-Smith, peoples' warden, thanking for the sum of $8.80 towards Restoration fund. Arrangements were made for a garden fete to be held in August at the home of Mrs. Gooch.

The committees are, Mrs. Watson and Mrs. Holmes, delicatessan stall; one cent to 25 cents white elephant stall, Mrs. Bourne and Mrs. Burkinshaw; race game, Mrs. Gooch; bran tub, Mrs. Fisher; ball game, Mrs. H. Richardson; ice cream, Mrs. Hogarth; tea, Mrs. McDonald and Miss Lytle. It was decided to give the Sunday school children a picnic at Fraser's landing some time during the summer holidays. Several articles were donated and sold from the hope chest. Mrs. Fraser served tea assisted by Mrs. Fisher, Miss Walker and Mrs. C. Millar.

A government bridge crew is demolishing the old Houghton bridge preparatory to building a new one.

Mrs. Jackson Is Again President Legion Auxiliary

Creston Body Reviews Year's Work at Annual Meet

CRESTON, June 28.—The annual meeting of the Women's Auxiliary to Creston Valley Post Canadian Legion, was held on Tuesday evening. The president, Mrs. W. V. Jackson, presided, and 21 members were present.

The correspondence included the minutes of the provincial executive meeting at Vancouver, which will be taken up at the next meeting. The treasurer's report showed a bank account of $23, and was adopted as submitted. Secretary presented the yearly report reviewing the 12 months' activities in brief. It was decided to hold meetings in July and August, and thus keep interest alive.

C. Moore addressed the meeting, asking for cooperation from the ladies at the informal opening of the new Legion hall. The auxiliary wa sunanimous in helping in every way possible to make the evening a success.

Mrs. K. Knott turned in a donation from the tea held at Bide-a-Wee cabins on June 5th. The proceeds of the affair were divided between the auxiliary and Erickson Ladies' Hospital auxiliary. A vote of thanks was tendered Mrs. Knott.

In the election of officers, most of those of last year were returned for another year as follows:

W. V. Jackson, president; Mrs. G. Vigne, vice-president; Mrs. John Bird, vice president; Mrs. J. E. Johnston, secretary; Mrs. R. Watson, treasurer; Mrs. D. Ross, Mrs. C. Lowther, Mrs. W. Ferguson, Mrs. W. Cartwright and Mrs. E. Gardiner, executive.

The review of 1934-35 showed twelve regular meetings and one session of the executive, with better than average attendance. Four new members joined during the year, bringing the membership up to 24. The ladies assisted the Legion at the armistice dance, taking over the supper arrangements. The auxiliary also handled the Armistice sale of poppies and wreaths.

Cooperation was extended at the Legion picnic in July. The auxiliary had a visit from Mrs. McDonald, provincial president of B.C. auxiliaries, who spoke on the objects of the auxiliary. There was a committee working on the King's Silver Jubilee celebration, and were successful in backing the winner of the jubilee queen popularity contest, Miss Kate Payne.

A card party and dance was held at Canyon in the winter, and a tea at Mrs. K. Knott's in early June. The president thanked the members for their support and expressed the pleasure it gave her to work for the auxiliary the past year.

She hoped the interest would be maintained throughout the year just opening. Hostesses for the evening were Mrs. F. Putnam, Mrs. H. A. Powell, Mrs. Lowther and Mrs. M. Young.

Kimberley Choir Has Social Event

KIMBERLEY, B.C., June 28.—The Orpheus choir held a strawberry and ice cream social for a final get-together of the members on Saturday evening at the home of Harold Abbott. Solos and choruses made up the program. George McIntyre, the leader, reviewed some of the old festival songs. Mrs. Abbott had planned to have it on the lawn but a cold wind drove the crowd indoors. It was a very pleasant event. The choir disbands until the third week in August.

The Aces held a very successful novelty dance on Friday night, with a big crowd present. Tables were placed around the sides of the I.O.O.F. hall, roped off from the dancers. Dancing and dining went forward together. The orchestra was assisted by Mrs. Fraser with her guitar. Herbert Potter played several selections on the marimba and Eddy McNicholas sang popular songs.

Yankee Boy a Good Shipper

GRAND FORKS, B.C., June 28.—Shipments from the Yankee Boy mine, two miles from Grand Forks, have been going forward regularly to Trail smelter, ten cars having gone forward in the past two months.

While the ore has perhaps not run as high in gold as some may have expected, it is nevertheless greater in the average than had originally been estimated by engineers, running something like $4000 to the car. It is planned to ship about 1500 tons which it is expected will liquidate cost of development work to date, after which operations will probably be on a new basis and an extensive exploratory campaign undertaken.

Recent development continues of a most satisfactory nature and those directing the work have been highly encouraged. While there have been times in the past that there were misgivings in the property as a producer, there is a growing feeling that an extensive ore body will yet be demonstrated on the property.

SHORT HOLIDAY

Owing to a slight break in the compressor plant, operations have been closed down for a few days. It will give the miners an opportunity of attending the Dominion day festivities. Operations have been constant since last fall.

Mrs. Chandler Goes to 19th Hole With Champion

KASLO, B.C., June 28.—The local golf tournament, scheduled to be played over the links during the week-end of June 15, was held up owing to heavy rains and was not completed until early in the week. The trophies were the Bowker rose bowl for ladies and the Kootenian cup for mn. Play was on handicap and as all handicaps had been considerably lowered, the contests of these matches was when Mrs. J. H. Stubbs took Mrs. F. S. Chandler to the nineteenth hole to win.

Results were:

Mens, first round—O. E. Desmond beat R. H. Graves; Charles Webster won from H. Giegerish, by default; Page Robinson beat Dalton Murphy; V. C. Field beat Archie Reuter; E. H. Latham beat F. S. Chandler and Rex Matthews beat Tommie Beck.

Second round — Desmond beat Webster; Fraser beat White; Robinson beat Field and Latham beat Matthews.

Third or semi-final round—Fraser beat Desmond and Robinson beat Latham.

Final—Fraser defeated Robinson, to win the Kootenaian cup.

LADIES EVENTS

Ladies, first round—Mrs. J. H. Stubbs won from Mrs. E. M. Sandilands; Miss Elise Cody won from Miss Margaret McQueen; Mrs. F. S. Chandler won from Miss Ruth Alm; Mrs. J. J. Skillicorn won from Mrs. W. V. Papworth; Mrs. J. A. Fraser won from Miss Gladys Underwood, by default; Mrs. E. H. Latham won from Mrs. V. C. Field.

Second round—Mrs. Stubbs defeated Miss Cody and Mrs. Latham won from Mrs. Fraser, by default; Mrs. Chandler winning from Mrs. Skillicorn. In the third round Mrs. Stubbs won from Mrs. Chandler.

Final — Mrs. Stubbs beat Mrs. Chandler and will hold the Bowker rose bowl for the year.

Tea was served at the club house by a committee of ladies, while some of the bachelor members "Pearl" Robinson, "Rose" H. Graves, "Clara" Webster, "Rene" Matthews and "Olive" E. Desmond acted as "hostesses" for the week-end teas.

The Graves cup mixed foursome tournament is scheduled to take place in the near future. This is also on handicap.

Members of the Kaslo Liberal association held a special general meeting in the committee rooms, Monday evening, for the purpose of electing delegates to attend the forthcoming meeting of the Federal District association in Nelson June 27, and also to further discuss the proposed new constitution of the Federal association. There was a very good attendance, President W. P. Rudkin presided. The following were elected as delegates W. P. Rudkin, Mrs. E. H. Latham, J. A. Riddell, James Speirs and C. W. Webster.

Social Happenings in Nelson City

This column is conducted by Mrs. M. J. Vigneux. All news of a social nature, including receptions, private entertainments, personal items, marriages, etc., will appear in this column. Telephone Mrs. Vigneux at her home, 519 Silica street.

Of interest to numerous friends in the Kootenays and coast cities was the wedding solemnized yesterday afternoon at 5 o'clock in Trinity United church, when Rev. W. C. Mawhinney united in marriage Marjorie Rosanna, eldest daughter of Mr. and Mrs. Thomas Brown of Nelson, and Maurice S. Preece, youngest son of Mrs. N. Preece and the late F. Preece, North Circular road, London, England. The bride was attended by her sister, Miss Georgina Brown, and the groom by W. K. Gunn. The bride, who was given in marriage by her father, looked charming in her wedding gown of regia simplicity, which white satin alone can portray. It was a Paris model, entirely dependent for its charm on its beautiful lines. The form-fitting bodice featured sleeves of suede lace continued with flare cuffs, which extended over the wrist. The belted waist line was ornamented with a pearl buckle at the front. The graceful skirt, falling from a fitted bodice ended in an extreme train. From a close-fitting cap of tulle, caught at the sides and across the nape of the neck with cornet of orange blossoms, the veil fell softly to the floor. In her arms the bride carried a sheaf of Butterfly roses in blush shades. Miss Brown, the bridesmaid, was attired in a becoming gown of French chiffon of pale blue and blush pink. She wore a leghorn picture hat and carried a sheaf of Los Angeles roses and Spanish yellow and blue iris. Mrs. Brown, the bride's mother, chose a gown of blue-figured chiffon with cocktail jacket and navy accessories. She wore a corsage of blush pink roses. The church, which was beautifully decorated by the bride's friends, with delphiniums, iris and acquilegia, while an arch of syringa and buttercups made a picturesque setting for the ceremony. At the signing of the register, Mrs. Norman Brown sang, "At Dawning." She was accompanied by Miss Gwen Lowery, who also played the wedding march. The ushers were Norman Brown and Fred Brunton. The bridal party received under an arch of red roses and house decorations included peonies and summer blooms. At the reception a three-tiered wedding cake, flanked by illuminated ivory tapers and tea roses, centered the bride's table. Assisting were Mrs. Norman Brown, Miss Marjorie Coffey, Miss Dawn Sharpe, Fred Brunton and Norman Brown. The bride's going away costume was a three-piece knit suit of velvamarina blue, with grey sport coat and matching accessories. After a honeymoon to the coast, Mr. and Mrs. Preece will make their home in Vancouver.

Spread Thrift in Home Realm

Economics Committee Women's Institutes Reports Progress

CHARLOTTETOWN, June 27.—(CP).— Helping in the economic crisis by providing a clearing house for thrifty ideas on the provision of food, clothing and shelter has been one of the major activities of the Home Economics committee of Women's institutes, Mrs. L. MacGregor Smith of Edmonton, the national convenor reported to the federation in convention here.

Other activities included surveys of employment of graduate in home economics with a nation-wide collection of clippings pertaining to the subject, for use in debates, talks and plays, and the observance of the first week in April as national home economics week.

Ontario's short courses of one to three months in 46 counties, with 5,000 women and girls taking part, was referred to as an outstanding accomplishment.

Quebec and Alberta W.I.'s had awarded $50 scholarships, the former province to rural girls at Macdonald college and the latter to girls taking home economics at Olds and Vermilion schools of Agriculture. New Brunswick reported making enough quilts to stretch from Saint John to Fredericton. Quebec recorded a new service of government weaving demonstrations for institutes.

Mrs. MacGregor Smith organized a home economics correspondence course which was taken by 300 members.

Legion Program Plans Complete

Sport officials named by the Canadian Legion Bugle band for the July 1 kiddies' program, announce arrangements complete for the big Monday eclebration. It now remains only for the children to appear to find themselves the center ice cream, candy, peanuts and other things that will delight them.

There will be plenty of races in the morning and in the afternoon there will be softball and baseball to watch.

Marking the opening there will be a comic parade, while another parade will be held in the evening.

Doubleheader for Girls on Sunday

Two snappy intercity ladies' softball games appear on tap for Sunday, with the Toronto Stars stacking up against the Trail Maple Leafs at 10:45 Sunday morning. The Trail club will also play the Hume Hotel Aces immediately following the afternoon baseball game.

Trail Maple Leafs organized a couple of weeks ago and have added a number of first-class players to their ranks. They should make things hot both for the Toronto Stars and the Hume Aces.

The Stars are the only Nelson team to win against an outside team this season, having defeated the Trail Red Sox and Rossland club and have also lost one game to the former.

The local teams will be chosen from:

Toronto Stars—Hazel Spiers, Alice Dunn, Gladys Jarrett, Jean Spiers, Barbara Kingzett, Jean Paterson, Jeanne Hopkins, Janie Wigg, Eileen Fletcher, Mary Homersham, Hilda Talberg, Lena Limacher, and Bobby Cady.

Hume Aces—Arla Saare, Clara Talberg, Elvera Matheson, Wilma Milne, Peggy McGovern, Peggy Donaldson, Peggy Gibbon, Edna McKenzie, Lillian Wardell, Almeda Graves and Babs McDonald.

My nerves were terrible!

"Couldn't do a tap of work . . . sick, nervous headaches, restless nights, made life miserable for me. After taking Milburn's Health and Nerve Pills I feel fine again." That's the daily experience of thousands of people—young and old—all over Canada. This old, reliable remedy tones up the nerves, enriches blood, rebuilds health and strength. Try it.

Columbia Drops Six Inches in 24 Hours

TRAIL, B.C., June 28—Columbia river has dropped a little over six inches or .54 feet during the 24-hour period prior to time of reading at the international guage, Trail bridge, Friday morning when the height of the river was 1346.11 feet above sea level.

On June 28, 1934, the height of the river was 1342.25 feet above sea level.

INTERIOR PAYS FOR STRIKE TOO

Board of Trade Is Notified as to Surcharges

A reflection on the longshoremen's strike in Vancouver, in the shape of surcharges on the ordinary handling costs, will be felt by interior importers of foreign goods, and interior exporters, the charges, according to notification received by the Nelson board of trade, having been raised by the Shipping Federation of British Columbia, Limited, to cover the enhanced expense of handling by the special means employed.

Vessel and cargo are expected to share the increased cost equally, the cargo's share being charged to the importer or exporter.

A schedule furnished shows the importing or shifting house charged 25 cents on a ton of general cargo; 15 cents on a ton of paper, machinery, canned goods, milk powder, oil in drums or barrels, sugar, fruits and vegetables, alfalfa meal, frozen fish, chemicals, and malt; 12½ cents a ton on various timber products, including lumber and shingles; and 10 cents on wood-pulp, brick, rice, iron and steel, concentrates, leade spelter, salt and flour. Grain enjoys the lowest charge, 5 cents a ton, and cattle are charged at 25 cents a head.

The Shipping federation advised the Vancouver board of the new rates, and the Vancouver board passed them on to the Nelson board, asking the latter to advise the Nelson business houses.

Camp Koolaree Takes Life Today

Camp Koolaree becomes a hive of activity when the boys from Rossland, Trail, Robson, Cranbrook, Creston and Nelson go into camp there today under the supervision of the Religious Education council of British Columbia. An advance party went up to the camp about the middle of the week to put it into shape and things are in readiness now. Last year about 65 were in the boys' camp and another good year is expected.

The boat "Broadcaster" arrives at the city wharf at 10:30 a.m. today to take the Nelson boys. Those arriving from Trail and Rossland will come by car and will go to McDonald's Landing, to be taken from there over to the camp. Camp members coming from the east will use the train.

Trail Baseballers Vs. Savoy Sunday

Sunday afternoon the first baseball team to travel to Nelson from Trail will meet the Savoy hotel nine at 2:30. The team goes under the name of Saskatchewan Life. They stay in at bat as long as their first name suggests, and are as fast in fielding as their second one would imply.

Savoys have won their games against outside points and are hoping to continue their winning ways on Sunday. Kraft and Stewart will do the mound work, the former likely getting the call to start. Moore will probably be catching with Richardson on first.

MRS. HARTIN IS LAID AT REST

Many Attend Funeral Nelson Old Timer; Kasloites in

Mrs. Hanna Bella Hartin, widow of the late Dr. Gilbert Hartin and district old-timer who died Wednesday, was laid to rest in the Masonic plot at the Nelson cemetery Friday afternoon. Burial took place following services conducted at the family home by Rev. W. C. Mawhinney of Trinity United church, and attended by a large number of Nelson and Kaslo friends. Many beautiful floral tributes were received. Among those attending from Kaslo, where the Hartins resided when they came to the district in 1986, were Mayor W. V. Papworth, Mr. and Mrs. D. P. Kane, C. W. Wabster, James Speirs and J. A. Riddell. One hymn, "Abide With Me," was sung.

Pallbearers were W. G. Lanskail, C. E. Mansfield, Donald McLeod, L. W. Humphrey, S. H. Smythe and H. C. Pitts.

MINISTER ASKS FURTHER REPORT

Not Aiming to Avoid Responsibilities on Dredging

That a further report on the proposal to dismantle the Kootenay lake dredge was being asked as a consequence of the representations of the Nelson board of trade, and that the Dominion public works department would not shirk any of its responsibilities as to navigation, was intimated in a letter just received by the board from Hon. H. A. Stewart, minister of public works.

In his letter, written at Ottawa June 20, the minister says:

"Permit me to acknowledge receipt of your letter of 14 June in respect to the proposal of the department to dismantle dredge no. 302, Bittern, which has been in the past operated by the department on Kootenay lake, but which there has been no occasion to operate in the interest of navigation for the last four years.

"It is not the intention of the department to avoid any of its responsibilities as to the maintenance of navigation conditions on Kootenay lake, but in view of the fears expressed in your letter, I am referring the matter back to the engineering branch for a further report, before deciding more definitely on the matter."

William Cunning Buried, Nelson

District Resident for 35 Years; Private Funeral

William Cunning, a resident of the district for 35 years, died at Nelson Wednesday and laid to rest in the city cemetery Friday. A quiet private service was conducted from the Somers Funeral home by Rev. T. J. S. Ferguson of St. Paul's United church.

Pallbearers were Thomas Moran, Horace Kay, James Madden, James Strachan, Robert Chrishop and Ronald Somers.

Liberals Draw Up, Pass Constitution

At a large meeting of the Kootenay West Liberal association in Nelson Thursday night a new constitution was drawn up and passed. It was purely a business meeting but representatives were present from each part of the riding.

Flashes From the Wires

WOODSWORTH OPPOSES CURRIE GRANT

OTTAWA—Vote of $50,000 to the family of Sir Arthur Currie, former commander of the Canadian corps, passed through the house of commons amid praise from Minister of Justice Hugh Guthrie, Liberal Leader Mackenzie King and protests from J. S. Woodsworth, C. C. F. leader.

Mr. Woodsworth said there were hundred of men who did as great service in their spheres overseas as General Currie who had done well during and after the war. "I think of the large numbers of the rank and file who have had no such tribute paid to them although they are greatly in need," he added.

GERMANY HAS TANKS

LONDON, (Saturday). — The Daily Express said that Germany now possesses a fleet of war tanks, despite the fact they are specifically forbidden under the treaty of Versailles.

B.C. LACROSSE TEAM WINS

NEW WESTMINSTER — The Lally trophy, symbolic of international lacrosse supremacy, appeared destined to return to Canada as a picked team of British Columbians drove through for six fast goals in a last quarter splurge to defeat the All-American intercollegiate squad, 14-9 here in the second of the best of five series. The Canadians won the opening game at Vancouver Wednesday night 15-7.

VOTERS LISTS READY JULY 15

OTTAWA—Voters lists for the coming general election should be printed and ready for distribution about July 15, Hon. C. H. Cahan, secretary of state, told the house of commons.

MORE BALLOTS CAST

SAINT JOHN—Nearly 100,000 more ballots were cast in N. B.'s provincial election than in the 1930 contest. With three polls still to be completed, unofficial returns totalled 500,159, of which 320,659 were for Liberals, 228,024 for Conservatives and 1476 for Independents.

WALLACE WINS

VANCOUVER—Gordon Wallace, Canadian welterweight champion, swept another obstacle from his path when he won an unanimous 10-round decision from Jimmy Best, negro welterweight of Oakland, Calif.

STORMS TAKE TOLL, JAPAN

TOKYO, (Saturday). — Rainstorms, floods and wind spread death and destruction over a wide area of central and western Japan, including the cities of Osaka, Kyoto and southeastern Korea.

URGE BRITAIN-U. S. KEEP PEACE

LONDON — A strong plea that Great Britain and the United States should cooperate diplomatically with Japan to maintain peace in the far east, but should not assume an attitude which might force the Nipponese into a militaristic regime, was expressed here by E. H. Pickering, Liberal member of parliament.

WITHDRAW MURDER CHARGE

SASKATOON — The charge against John Welch, Cardiff, Sask., of murdering Anna May Benson, 10-year-old Dalton, Sask., girl, was withdrawn in magistrate's court in Prince Albert, Sask., after a coroner's jury investigating the girl's brutal murder in a lonely shack near her home May 16 returned an open verdict.

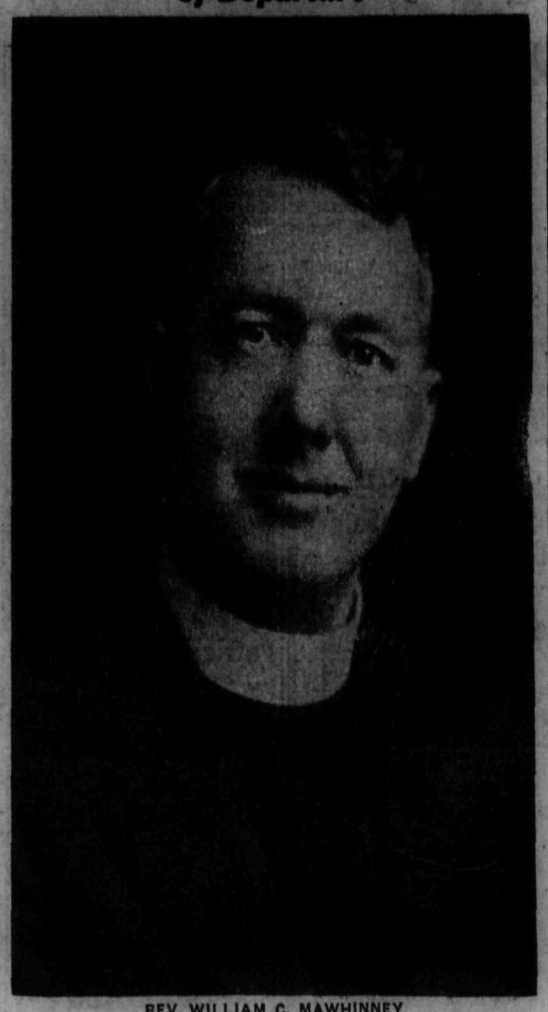
Trinity Pastor Honored on Eve of Departure



REV. WILLIAM C. MAWHINNEY

who, after nine years as pastor of Trinity United Church of Nelson, has accepted a call to a larger field at Saskatoon, was presented with a well-filled purse at a farewell from his congregation Friday night, while Mrs. Mawhinney was presented with a silver tea service from the ladies, an address being presented to them jointly, the service also celebrating the burning of the mortgage on the church.

Coming from England in his teens, Mr. Mawhinney grew up in Nanaimo, and in 1911 began a ministerial service of 24 years in British Columbia, as a Methodist pastor in the Similkameen. He went overseas with the Canadian Y.M.C.A., as a lieutenant, later transferring to the Imperial Chaplains Service, in which he was a padre, with the rank of captain, serving with the Army of Occupation. After the war he took post-graduate work in England.

On returning to British Columbia, he had pastorates in Vancouver and Victoria, then served up north in the Skeena, and 11 years ago came to Nakusp, his marriage occurring in the first year of his pastorate there. Nine years ago he accepted the call to Trinity.

While in the Kootenay he served for a long period as convener of the home mission committee of the presbytery, and one year as chairman of the presbytery. He has also been a commissioner to the general council of the United church.

He is chairman at present of the Nelson Ministerial fraternity.

Special Kiddies Treat at Picnic

TRAIL, B.C., June 28. — The fourth annual C. M. & S. Employees picnic to be held at Nelson on Saturday, July 27, will contain an innovation of special interest to the kiddies, it was revealed at a meeting at the Memorial hall Monday night. W. P. Westhaver was instructed to instruct Chris Kenney of Vancouver, that the committee would accept his terms for such a show.

With the purpose in view of having added attractions the committee investigated the cost of bringing an Indian camp from St. Mary's reserve at Cranbrook, but found that the expense in this regard would be too great. George Wood, chairman of transportation committee informed the meeting that arrangements had been made to have the first three coaches on the first train out and the same number on the last train in for Rossland picnickers, and that the first train out of Tadanac would comprise six coaches instead of five as last year.

He stated that arrangements had been made to provide boat excursions on the lake and that people could embark and disembark from anchored scows at the park instead of having to go to the wharf as was the practice last year.

The question of providing special trains for Fruitvale people was dropped as the guarantee required by the Great Northern was considered too great for the number of persons expected from that point.

The written résignation of Tudor Davis, chairman of transportation, was accepted with regret and George Woods, acting chairman, was appointed to the office. J. J. Sargent, was added to the transportation committee.

GET SOME CONCESSIONS

William Allardice, who had been deputized to wait on the Trail city council and who had informed them that relief men would be given the same concessions as Smelter men, reported the council had favored the idea and had stated they would have a representative at the meeting. None was in attendance, however.

J. A. McLeod, Rossland city clerk, told the meeting that he would be glad to forward a list of unemployed men, widows and dependents at Rossland, as requested. Chairman Paddy Reid pointed out that no tickets are provided for relief men but that liberal concessions are made to their wives and children and company employee's widows.

A letter from Mrs. A. A. Perrier of Nelson proposing arrangements to provide a cold dinner at the park was referred to T. Boscomb, chairman of refreshment committee. The chairman and financial secretary were empowered to sign checks.

A new tent to house the refreshments was ordered purchased. Last, but not least, a representative of each sub-committee of the picnic, will travel to Nelson sometime during the first week of July.

Schools Resume September 3

All Nelson schools closed Friday for the summer holidays and the children left with jubilant faces "as if it were the one day of all the year." They will go back to school the day after Labor day, September 3.

Fined for Passing Street Car

S. Nordlund, who appeared in city police court Friday morning on a charge of passing a street car stopped or about to stop for the purpose of discharging or taking on passengers, pleaded guilty and was fined $12.50 by Magistrate William Brown. He paid the fine.

Hume Swamps Fairview A.C.

Take Softball Game 16-2 at Junior High

Fairview's softball team just was not there in the game Friday night at the junior high against the Hume boys, and went down to the tune of 2-16 in a seven-inning game. Hume boys hit freely and Fairview found difficulty in handling the ball on the rough ground.

In their deliberations at bat they found Latham a tough customer in the box for the Hume and he held them to four hits. Fierro went in in the seventh and struck out one batter and allowed two hits.

DesBrisay with four hits, one being a homer, was the big batter for the evening, with McLean and Renwick of the Hume each getting two hits. Culley's lone hit was a three-bagger. George Fawcett got two of Fairview's hits.

Fairview committed eight errors and did not have the snap that the Hume team had.

Nick Lutkiwitch and Tom Bate umpired.

Scores by innins:

Hume Hotel	304	450	x	—16	13	3
Fairview A.C.	001	000	1	— 2	6	6

Teams were:

Hume Hotel—H. Renwick, Tanny Romano, Frank Kraft, Max DesBrisay, Teddy Romano, Art Latham, Tommy Bird, Allan McLean, Ty Culley and Joe Fierro.

Fairview A.C.—Jack Bishop, Les Skinner, George Fawcett, W. Chrishop, Russell French, A. Farenholtz, B. Jardine, B. Walton, Bill Kirby.

Big Crowd Hears Boys Band

The Nelson boys' band under the direction of their conductor, Spence Newell, gave a fine concert at the Vernon street band stand Friday night, a large crowd attending to hear the boys in their first open air entertainment. A number of people had never heard the boys before and they were delighted with the way they performed.

The following program was given: march, "Bester", by J. J. Richards; overture, "Rustling Leaves", by H. O. Wheeler; Indian intermezzo, "Chief Clear Sky", by J. J. Richards; waltz, "Carol Lou", by Schreeb; march, "We Want a Touchdown", by J. J. Richards; march, "Monmouth", by Taylor Innies; two songs, "Old Folks at Home" and "Marching Through Georgia", arranged by H. O. Wheeler; two hymns, "Pleyel's Hymn" and Nearer My God to Thee"; march, "Side by Side,' by Taylor Innes; serenade, 'At Dusk" by Taylor Innes.

Trinity Farewells Pastor and Wife While Burning Mortgage

Purse and Silver Tea Service Is Presented to Them With Address on Eve of Departure; Double Function Largely Attended

Signally honoring a well loved pastor, Rev. William C. Mawhinney, and his helpmeet, with presentations and best wishes on the eve of their departure for a larger field of service at Saskatoon after nine years of successful work here, Trinity United congregation combined this function Friday night with one celebrating extinguishing of the debt on the church property by public burning of the mortgage.

The pastor was presented with a well filled purse, while Mrs. Mawhinney was the recipient from the ladies of a beautiful silver tea service, an address to them jointly bearing signatures representing 275 members and friends.

Program of the evening fell into five parts, the first, which was presided over by Mrs. Walter C. Kettlewell, being virtually a roll-call of those present, who identified themselves individually and told of their birthplace and of the first church they had known. This was followed by the mortgage burning, A. D. Emory being the evening's chairman from that point on. Then came the presentations to Mr. and Mrs. Mawhinney, and their replies. After that the program was thrown open for volunteer speakers, who referred both to the achievement of becoming debt-free, and to the affectionate regard in which pastor and wife were held in a unique degree. The final phase was the serving of refreshments by the ladies, and the singing of "Auld Lang Syne." Accommodation of the Sunday school room was taxed to hold those in attendance.

It was practically 9 o'clock when the spectacular mortgage burning was reached, W. E. Wasson producing the document, which Mr. Mawinney and Mrs. Kettlewell folded up on a tin platter on a chair on the platform. After the pastor had mentioned the feelings animating all at such a movement, Mrs. Kettlewell thanked all those who had helped to make this moment possible by their contributions. In March, 1928, the Ladies aid started a campaign to wipe out the remaining $3000 of debt, and contributed $1500 toward this objective in the next three years. When the cent-a-day movement was inaugurated, and the second $1500 was raised in coppers in the ensuing four years.

At Mr. Wasson's suggestion, the names of the 10 or 12 trustees signed to the mortgage were read, before Mrs. Kettlewell touched the match to the document.

As smoke and flame arose, the company stood and sang the Doxology, resuming their seats after the document was a mass of char.

Little Aleck Allen presented Mrs. Kettlewell with a beautiful bouquet, the signal for applause.

PASTOR LAUDS EDIFICE

In a brief address Mr. Mawhinney paid a tribute to the women of the congregation, who had accomplished this, under the leadership of Mrs. Kettlewell, and declared he did not know in his own experience a finer church. The beautiful structure always gave him a little of the feeling that it was a cathedral, and it had become a little bit of him. He thanked all who had given toward this objective, and told Mrs. Kettlewell he admired her for her zeal.

Mrs. Kettlewell said she didn't deserve the flowers, for the people gave what she had asked.

She then surrendered the chair to "Father" Emory.

Making a brief historical reference, Mr. Emory said he was chairman of the building fund when the permanent church was first built, and he was also chairman of the rebuilding fund after the fire. He still had all the checks and vouchers in connection with the project in a box, which would have made a good bonfire if it had been burned with the mortgage. He also had the original subscription list, which was a historical document.

The chairman then called Mr. and Mrs. Mawhinney to the platform, where Mrs. John Lundie and Mr. Wasson were asked to join them.

WASSON READS ADDRESS

Mr. Wasson then read the following address:

"Mr. and Mrs. Mawhinney—You are about to close behind you the gate upon the fields of your present ministry. And you are about to unlatch the gate opening upon new and unexplored fields of endeavor.

"We know that you have found the soil here at times poor and stony, the weeds lush and rank, and the pruning and weeding overwearisome. Yet as the gardener sees his rocky hillside blossom with mats of gorgeous colors, the pruning and the weeding bring forth flowers of rare beauty and fragrance, and fruits to grace the table, so we know that you have been rewarded for your unfailing and unstinted efforts while living among us here in Nelson as our minister and friend.

"We hope, in the bottoms of our hearts, you may suffer at least some feeling of sadness and poignancy at leaving behind you the friends and the good works you have made here, while at the same time experiencing that thrill which comes to the explorer as he sets off on his new trail into worlds unknown.

'We will follow your career in your new field with interest, knowing that the greater the demand made upon you, mentally and physically, the greater and finer your response will be.

"So that you may not soon forget us, we wish you to accept these concrete tokens of our appreciation of your works here, our good will, and our God-speed.

"From the members of Trinity United church and your many Nelson friends."

GIFTS PRESENTED

Mr. Wasson then handed to Mr. Mawhinney a new purse containing bank-notes, the purse bearing in golden script the words, "Wm. C. Mawhinney, Nelson, B.C., June 28, 1935."

Little Aleck Allen then presented Mrs. Mawhinney with a charming bouquet, as the prelude to her presentation.

Mrs. Lundie, addressing her, said she had much pleasure in presenting her with the tea service on behalf of the ladies, adding that "We all may be up to have tea with you some day."

The inscription on the tea service was: "Presented to Rev. W. C. and Mrs. Mawhinney from Trinity United church, Nelson, B.C., June, 1935."

In expressing her appreciation, Mrs. Mawhinney declared she wouldn't thing of the "stony ground" alluded to, but only of the blossoms found in Trinity church and Nelson.

PASTOR RESPONDS

Mr. Mawhinney replied at greater length, saying he had been swept off his feet by surprise, and that the words used in the address made him love Trinity church that much more. He could not recall when he had had a pastorate where he had become so attached and his roots had gone so deeply. To himself and Mrs. Mawhinney it was a great church. They found here consolation for sorrow, and a challenge to do their best. It was a church they would always know.

Thanking the members for their support and loyalty, and also for the tokens of esteem just presented, he pointed out that nine years was a substantial part of an active lifetime, yet advanced to the company the suggestion that Trinity's greatest era was to be the one just about to open. He asked that the congregation be equally sympathetic and loyal to his successor, Rev. J. A. Donnell, coming from Saskatoon, and his wife.

"For They Are Jolly Good Fellows," was the appropriate response to this speech.

MANY SPEAKERS

Mrs. H. Saare, "Mother" Saare, as Mr. Mawhinney called her, spoke on behalf of the foreign-born members of the congregation; and J. B. Gray paid Mr. Mawhinney a tribute on behalf of the First Presbyterian congregation; A. G. Lambert and William Rutherford wished the departing pastor and his wife success and happiness; and J. A. Irving recalled the early decision to build a frame church, then changing the scheme to marble on General Odlum's suggestion. C. F. McHardy and Dr. W. B. Steed also take old-time material, and Mr. Emory added more. E. W. Somers added something about Mr. Mawhinney's Nakusp pastorate, from which he came here, predicting for him a great career in Saskatoon for the United Church of Canada.

To all these, Mr. Mawhinney made a final collective response.

About 10 p.m. the refreshments were reached, and the pastor and his wife were shaken by the hand by the members individually in large numbers during this informal period, the function concluding with "Auld Lang Syne."

HAUPTMANN'S FATE

The appeal of Hauptmann from his conviction and his sentence to death for the murder of the Lindbergh baby now rests for decision with fourteen judges of the New Jersey Court of Errors and Appeals. The judges will announce their findings "probably in October." If the conviction is sustained, and defence funds permit, the case can be taken to the Court of Pardons, and as a last recourse to the Supreme Court of the United States. It is clear that a couple of years easily may be occupied in these elaborate and expensive processes.

There is a Court of Criminal Appeal for England and Wales that it is a delightful contrast in its speed of operation. "The average time," says the Encyclopaedia Britannica, "that elapses from the receipt of the notice of appeal or application for leave to appeal till the same is finally determined by the court is from four to five weeks."

Many criminologists are convinced that swift and certain punishment for crime is even more important than the form this punishment takes. The English practice saves the interminable delays of which advantage can be taken in the United States by those with ingenious counsel and abundant funds. The Canadian practice, like a great many Canadian practices, is a compromise. We are neither so expeditious as the British in disposing of criminal cases, nor so dilatory as our neighbors, but strike a reasonably happy average.

BELT-TIGHTENING IN ITALY

As an administrator, Benito Mussolini probably stands second to none in the world today. But just how secondary a matter efficient administration is when the question of economic policy arises is aptly demonstrated by Mussolini's recent decree in Italy with respect to wages and salaries.

Believing with many others that exports are the key to prosperity, the Italian premier ordered "sweeping reduction in salaries and the cost of living in order to place Italy in a position to compete with other nations in the foreign market."

The Duce is apparently attempting to follow the example of Japan, which, of all the great industrial nations has succeeded in increasing its trade in recent years. But Japan adopted a method of subsidizing exports. Low wages alone could not have accounted for the export feats of Japan in the last few years.

Without a similar policy of subsidies Italy cannot hope to save itself by exports. There are two major obstacles in the way. One is the reluctance of other countries to accept goods which compete with their own industries. The other is that drastic cuts in Italian wages and salaries will deprive Italians of the means to consume the goods they would have to import in exchange for the exports.

Summed up, it comes to this—that the belt-tightening cure is no cure at all, because it proceeds on the assumption that, in some mysterious way other nations, just as acutely lacking in purchasing power as Italy, can buy Italy's goods if they are cheap enough. But they cannot be cheap enough unless the Italian workers are reduced to the level of peons—or the Italian people through subsidies pay other nations to take Italian goods.

A rancher from Balfour sends me the following. I remember running a similar story on the two Scotsmen some months, or maybe years, ago. Anyway, it will bear repetition.

Two Scotchmen were seen one day a number of years ago on a Montreal street, and all the money they had was 25 cents.

So they tossed the coin to see if they would have a bath or a meal.

However, the bath won. Going to the bath they found out that only one could have a bath for the money. So the other one stayed outside and minded the other fellow's clothes. While he was bathing the one outside took his clothes to a pawn shop and raised $2. Coming along the street he saw a clock for sale for $40. Terms were $1 down and $1 a month. So he went in and purchased the clock. He went around the corner and pawned it for $20. Then he went to the first pawn shop and got his pal's clothes. Then they both went and had a good meal. However, while they were in the restaurant the man they bought the clock from went for a walk and saw the clock he sold in a shop window. He had the two arrested. Law was speedy in those days so they told the judge they bought the clock according to agreement and were willing to pay the dollar a month.

So they won the case and sued the man they bought the clock from for defamation of character for $1000. They won the case, and today they are well-to-do merchants in Montreal.

CONCERNING STEAMBOAT MEN

The other day I noticed T. F. McKechnie and Capt. James Fitzsimmons in conversation. They talked for some time and, ha, says I to myself, here's something for the column. You see Mr. McKechnie is a retired C.P.R. steamboat engineer and Captain Fitzsimmons is a retired steamboat captain with the same old firm. Seeing them together reminds me of a yarn I had heard that fits their case well.

The skipper and engineer were arguing. The latter said that steering a ship was much easier than looking after the engines, and the captain said looking after the engines was child's play compared with steering. They decided to settle the argument by changing places.

After 10 minutes the captain had to admit he was beaten.

"Mac," he shouted, "I can't get the engines to start!"

"That's all right," replied the engineer, "you needn't bother—we're aground."

EDITORIAL CHIROGRAPHY

Newspaper men are notorious for their poor writing. I don't know why it is but it takes a newspaper man to read another newswriter's writing. But not so with the boys who set the type. I have now and then pondered over my own longhand after it had been down an hour or so and now and then a lino operator hits the roof when he cannot make out my ciphers. But I am not the only offender and I'll tell you a story about Greely the prominent New York editorial writer.

Horace Greeley's handwriting was notoriously bad. His editorials were set by a compositor who had, by long practice, become accustomed to its eccentricities.

One day Greeley wrote an editorial on the milk situation in New York City, in which he advocated an early milk train from West Chester. The compositor who usually handled his writings was absent. When the editorial appeared in print Mr. Greeley had advocated "an early swill train."

A great many people were disgusted at this editorial, and none more so than Mr. Greeley, who wrote to the foreman and told him to discharge the man.

As the compositor was leaving, he asked the foreman to let him have the letter which bore Mr. Greeley's well-known signature. He took it to the Times office, where it was readily accepted as a letter of recommendation, and where he promptly was given a job.

It takes 4 minutes to cook a 3-minute egg, on the crest of the Rocky mountains in a dining car.

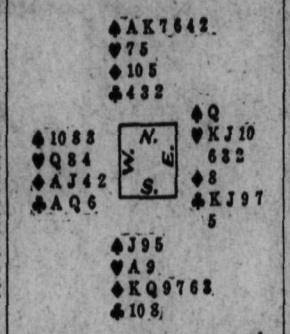
POOR SUBSTITUTE FOR GAME

The new scoring gives even less satisfaction than the old scoring for defeating an opposing bid a few tricks, when the doubler's side can go game. That is a point which all of us must watch closely, as illustrated below, with only North and South vulnerable.

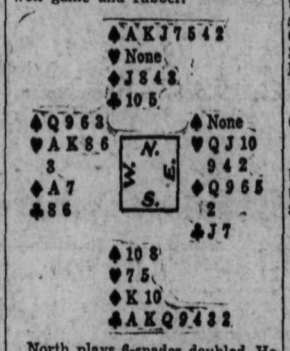


Bidding went: West, 1-no trump; North passed, hoping to defeat the contract with his long suit of spades; East, 2-hearts; South, 3-diamonds; West passed, to se what partner would do; North, 3-spades; East, 4-clubs, showing a real two-suiter and considerable strength; South, 4-spades, which West doubled, ending bidding, although East should have bid 5-hearts and either gone game or allowed partner to double further spade bidding for a more adequate penalty.

When partner has bid no trump as an opener to the action, lead your longest and strongest suit, do not try for a ruff. East's opening lead was the J of hearts, as partner's no trump had announced strength in at least three suits. Dummy's Ace won the first trick and declarer's K of trumps took the second trick, leaving spades established. A low diamond was led. West's Ace took dummy's Q. West's Q of hearts won the next trick. The Ace and Q of clubs took two added tricks, setting the contract a single trick and scoring defenders' 200 points.

West led a trump to cut down dummy's chances to ruff. Dummy won the trick and took its good K of diamonds, then led the 9, which West had to cover or allow declarer a discard. North ruffed, leaving diamonds established in dummy with the J of spades for entry. Also dummy could ruff declarer's last club. North spread the hand, claiming the balance of tricks.

East and West could have won the rubber had they chosen to go game, in lieu of collecting 200 penalty points from opponents on this hand, as West went game on the next hand, but the hand after South won game and rubber.



North plays 6-spades doubled. He ruffs a heart lead, leads the K of spades, enters dummy with its Q of clubs and leads the 10 of spades. Before Monday see if the small slam can be made against West's best defence.

Fine pleatings, and plenty of them are decidedly "in," and are being used in unusual ways. Dinner pajamas, for instance, for summer resort wear, have wide black silk jersey trousers of which the whole back is laid in fine knife pleats, the front being plain. This ensemble is completed by a pink silk jacket blouse, with the back correspondingly pleated.

The return of the trench coat to favor is heralded by the appearance of one young girl wearing a model of garbardine as a casual topcoat.

SCIENTIFIC EXPERIMENTS OF ALCOHOL

By LOGAN CLENDENING, M.D.

It is no longer possible for anyone to say that he drives an automobile just as well when he has had a drink as without one.

The question has been put to the test of scientific experiment.

It is possible to determine whether a person is under the influence of alcohol. After an automoble accident has occured, this can be definitely established by the police, so that no excuse the driver gives is valid. In Milwaukee Dr. H. A. Heise has been conducting experments for some time. He found that if there was 0.02 per cent of alcohol in the blood (or urine) of the driver of the automobile he could safely say he was under the influence of alcohol. An ounce of whiskey will usually provide this.

In studying 119 consecutive automobile accidents, nearly twice as many (74 to 75) invloved drivers who were intoxicated. In the same series there were over three times as many people injured (155 to 44) in the cases where intoxicated drivers were involved.

In nine cases of hit and run drivers, in all seven cases in which the drivers were caught, the percentage of alcohol was always as much as ten times the minimum of 0.02 per cent.

It is not the obvious drunk who is driving a car who is the worst menace, but the one who can be called the drinking driver. Most accidents occur from the hours of 5 and 7 p.m. (the coctail hour) and again from 11 p.m. to 1 a.m.

The experimenters have set aside for their use a certain district of the city in which to try out the efficiency of a driver after he has had a few drinks. The drivers were given 150 c. c. of whiskey (five ounces). Under the influence of this they did not appear drunk; given the ordinary tests to determine drunkeness they passed them satisfactorily. That is, if brought into a police station they could not have been proved to be intoxicated.

Under test conditions they performed satisfactorily the routine actions involved in driving.

There was, however, a definite variation from normal in actions that had not become a habit, such as avoidance of obstacles placed in the road, backing, which was poorly and inaccurately accomplished and the substution of an unusual action for one that was normally used such as using the hand brake for the foot pedal.

The time which elapsed between the giving of a signal and the application of brakes was longer, or more uncertain, in the intoxicated than in the sober driver.

The drinking pedestrian is definitely shown to be a menace in the cases of accidents of this kind; in cases where children were hit, the driver in most cases was sober.

Dr. Heise prefers to say intoxicated rather than drunken drivers, as the latter term is resented. "Intoxicated" simply means under the influence of alcohol.

Since the chemical test of body fluids for alcohol is simple, it should be used to confirm evidence otherwise deducted.

SETTING FOR GARDEN POOL

By DEAN HALLIDAY
Central Press Garden Expert

To obtain a natural effect about your garden pool this summer, include such plants as arrowhead, cattails, water iris and the ornamental grasses, all of which are as desirable for their foliage as for their flowers.

These plants can be planted in boxes at the edge of the pool, or in large size flower pots, raised by means of flat stones or bricks, or better still, on a shallow ledge at one side of the pool for just such plantings.

The arrowhead is a shallow water plant, growing from one to three feet out of the water. It can be had with white spikes in either single or double flowers. The foliage is attractive in or about the pool.

The cat-tails are quite effective where tall plants are required. They seem best at the margin of the pool, and need to be kept in check, for they spread very rapidly and might crowd other plants. They should be planted at a depth of six inches in the water.

Water iris, yellow flag and blue flag, should be included in almost every pool. They are lovely when in bloom, and their upstanding foliage is attractive all summer. They are especially at home planted at the edges of ponds or on the banks just above. They can also be planted right in the water in large flower pots, raised almost to the surface, as they also are shallow water plants.

There are various grasses which can be used, the variegated ribbon grass being perhaps the better known. It is very effective when grown in clumps at the corners of the pool. It has long leaves, striped with white, and it is very ornamental and hardy.

THE NORMANDIE

The design of the French liner Normandie, as explained by experts on her arrival at New York, is such that even in heavy seas she will be able to move at high speed. Below the waterline the bow is slightly bulbous to create the least disturbance as she slips through the water.

Above, the clipper stem flares out to a wide deck which prevents spray from coming aboard. The forecastle deck forward is turtle-backed to help prevent heavy seas from smashing the lower superstructure. Streamlining in stacks and superstructure has been adopted to a greater extent than ever before. The almost innumerable features designed for safety in navigation, which time and experience on countless ships have developed, are embodied in the great liner. Her hull is subdivided and protected by an elaborate system of watertight bulkheads. Her protection against fire is ingenious. On the eleven passenger decks, 36 fire safety zones are formed by fireproof bulkheads.

STAMP CORNER

By M. A. BESSEY

The following Silver Jubilee issues have recently been definitely announced:

India—½, ¾, 1, 1¼, 2½, 3½ and 8 annas.

New Zealand—½, 1 and 6 penny.

Australia—2 and 3 penny and 2 shilling.

Union of South Africa—½, 1, 3 and 6 penny; each value of this issue appears in both English and Dutch.

Southwest Africa—1, 2, 3 and 6 penny.

Morocco agencies, appearing as overprints on the Great Britain Silver Jubilee issue:

English currency—½, 1, 1½ and 2½ penny.

French currency—5, 10, 15 and 25 centimes.

Spanish currency—5, 10, 15 and 25 centimos.

Overprinted, "Tangier"—½, 1 and 1½ penny.

We illustrate a rather nice cover in part, which was dispatched from British Guiana, via air mail. As may be seen, it contains a pair of the recent four-cent value combined with a nice pair of 24-cent Silver Jubilee stamps.

AERIAL TRAIN STAMPS

What next? We learn from "Stamp Collecting" that Cuba has just recently issued a specially overprinted air mail stamp for use on the first train-air mail service.

The 10c carmine air mail stamp of Cuba is overprinted, as follows: "Primer tren Aaero-Internacional, 1935-O'Meara du Pont (plus) 10c." The overprint being in four lines of black type.

The aerial-train consisted of an airplane with two gliders attached, the gliders being used to carry the mail. The route was from Havana, Cuba, to Miami, Fla.

Referring again to the colonial Silver Jubilee stamps, we find the following interesting information in Stamp Collecting.

The stamps for the crown colonies were produced by three firms of printers, viz., Waterlo & Sons, Ltd., holders of the contracts in conjunction with De La Rue and Bradbury Wilkinson & Co., as sub-contractors.

It is difficult to tell which stamps were printed by which firm, as no marginal imprints appear on any of them. In one case only plate numbers were used, these being on De La Rue printings. Also in this case the perforations are 13½ x 14, as against 11 x 12 of the other two firms.

STORMY LOVE
A YOUNG NAVY MAN'S ROMANCE — by BELLE BURNS GROMER

CHAPTER 34

Val laughed when he spoke of Maurice Cordray's sudden interest in his rudder. It appeared Cordray had got wind of his experiments when Val had first started to work on the old gig, but it was only recently the plane builder's curiosity had turned into a persistent questioning. "Cordray's cruiser is plenty speedy, you know," he told Jan, "and when I overhauled him last Sunday and passed him up as if he were standing still, he was right on my trail to find out how come. Since he owns a shipyard I suppose it is only natural he should be on the lookout for a new idea that appears a winner."

Jan's slim body had stiffened, he saw her eyes veil themselves, but she made no comment. "The chap pestered me until I took him for a trial run," he went on, "and since he has seen what that old gig can do with her new type rudder, it's got him on tenterhooks. He's been trying to pry out details but it hasn't got him far." He looked searchingly across at the girl to demand, "Look here, Jan, why don't you like Cordray? Any definite reason?"

Her cheeks flushed faintly and she glanced away. "Why I scarcely know him." She stood up abruptly. "Come along," she called, "our turn to tee off."

Playing the second round he was conscious of a feeling of glorious well-being. Perhaps it was the day. He reveled in the sunny breeze against his face; it was fine to breathe the salt tange of the forest-ringed inlet, to feast one's eyes on the snowy Olympics that flaunted their magnificence against the bluest of skies. Jan spoke his thoughts when she said, "Isn't it a perfect day? I'm so glad I'm alive it has me all excited. My heart is singing."

Sweet kid! She had worn a ribbon around her hair like that when she was five. As they strode along side by side, he glanced down to find her smiling joyously up at him; and as he done hundreds of times before, he slipped his arm through hers. But even as he touched her he saw the radiance fade from her smile; before they were veiled, a strange frihtened look leaped in her eyes.

Somehow the magic spell was broken. Unable to understand his own abrupt shifting of mood, he felt suddenly unhappy and nervous. He glanced at his watch and saw to his amazement that it was almost four o'clock. He heard himself murmur politely, "Sorry, Jan, but I'm afraid I shall have to dash. Just time to dress and catch the five o'clock ferry.

Her bright color was all gone now. She smiled and urged him to hurry. In silence the walked quickly back to the clubhouse where Jan had a date for tea. When he left her on the terrace he said stiffly, as if to a stranger, "Thanks very much for playing with me, Jan. Nice of you."

As he strode off toward his quarters his conscience nagged him. A fine husband, he was! Poor little loney kid at home with a beastly headache and he had spent the whole afternoon away from her. He entered the bungalow through the rear entrance. Opal stood by the table arranging a tea-tray and he asked, "Mrs. Preston awake?"

The woman smiled in the sly, pale-eyed way he loathed. "I'll say", she twinkled maliciously. "Wide awake."

He was aware now that voices were coming from the front of the house and he went quickly along the small back passage and came to the living room door. There he saw that Cordray and Sue Norris lounged in the black satin chairs, while Lia, who looked nohe the worse for her indisposition, was perched among the cushions of the divan.

When Sue waved an airy hand and the bearded man rose to answer Val's greeting, Lia sprang to her feet and ran to kiss her husband. She was, he saw with a frown, wearing a Chinese roke of apricot satin, her hair pressed with straight bang and chignon in the style he detested. "Did you have a go'geous time with Jan?" she demanded. She held the lapels of his coat and turned to call laughingly to the others, "Admit I am sweet natured not to mind that Val spends a Saturday afternoon with so charming a—friend as Jan Edding?"

Why, he thought furiously, must she put a false construction on something she herself had arranged. With difficulty he stifled his exasperation and loosed her clinging fingers. As he went forward to take Cordray's outstretched hand, Lia cried, "But Val, you haven't noticed the ado'able birthday presents Mr. Cordray has brought me. Look, darling! I am too thrilled!"

Turning, he was suddenly aware of the kitten tucked beneath her elbow; and the wrist she held toward him was circled with a gay rainbow of bracelets. "The kitten is named Silver Lion of Iran and he is purest Persian," Lia told him, her eyes black with excitement. "And don't you simply adoah the Venetian bracelets? Can you imagine lovelier presents?"

"Very nice," Val murmured politely. But how, he wondered, had Cordray known it was Lia's birthday?

At her graceful gesture the bracelets tinkled musically and Cordray reached out to take the small, fluttering hand in his. "I chose these," he said, his voice mellifluent, "because Messer Marco Polo might have carried just such gifts to a little princess in distant Cathay."

Sue's annoyed brown eyes sought the ceiling. "My sainted Aunt!" she murmured throatily. "Will the marines never come!"

The big man's cold glance flicked to where Sue was lounging among the cushions, her beautiful legs frankly displayed. She looked very pretty, Val thought, in a green linen suit and little mesh cap pulled on over the bronze waves of her hair, but her heavy-lidded eyes rested sullenly on Cordray as he leaned above Lia.

"Each of these bracelets," the man was saying, "represents an ancient design of the Venetian glass guilds. This one," still holding her wrist he indicated the pattern, "simulates madrepore coral. The starry mosaic on the blue ground is called millefiore—a thousand flowers. This one imitates the pulp of an orange. That is vitro de trina. The finest of all is this latticelli——"

As the mellow voice flowed on, Val put out a gingerly finger to tickle the kitten's ear. Blank yellow eyes stared back at him. He was fond of animals but it was difficult to warm to this one which was certain to put a quietus on the Irish terrier pup he had set his heart on owning. With a sigh he relinquished this treasured hope, then crossed to make polite conversation with Sue behind whose somnolent maner he sensed a brewing storm.

She conversed calmly enough but Val followed her smoldering gaze and himself studied the bearded man. The chap certainly had a swell tailor, he thought. He eyed the plane-builder's well-cut oxford gray flannels and reflected wistfully that it had been a long time since he, Val, had been able to indulge his own good taste in clothes.

As always, when he came right down to it, he found it difficult to be critical with this man who seemed so good an egg. Cordray had a firm handclasp, he looked straight in the eye, and certainly he had exerted himself to be friendly. Today, for instance, it had been thoughtful of him to bring these things to Lia. The youngster was awfully pleased. She smiled up into Cordray's face and he heard her say:

"You are just the sweetest person to make this such a beautiful birthday." Then she turned suddenly to call to Val, "Mr. Cordray wants us to dine with him tonight, deah. Brad and Sue are invited, and the Brownes and Fields are coming from Seattle with their crowd. It's to be a lovely party in my honor, Val. Aren't you pleased? I've vegetated for so long, I'm teh'bly thrilled."

Pend Oreille Will Resume Operations

The annual statement of the Pend Oreille Mines & Metals Co., showed deficit of approximtaely $39,000 for the year, and cash on hand of $11,000 a coast report states. Deficit was due to development which increased ore reserve. No mining or milling were done in 1934 or 1935 to date, but plans are being made for resumption. Plans for alteration in mill were stated to be prepared designed to reduce costs by 20 per cent.

PERRY TIES RECORD AGGREGATE OF 283 HELD JOINTLY BY GENE SARAZEN AND DEFEATED CHAMP

ENDEAVOR COMES SECOND IN RACE OFF FALMOUTH

FALMOUTH, Eng., June 28 (CP).—In the Cornwall Yacht club's class J race Hugh Paul's speedy Astra led the fleet of six home in four hours, 34 minutes, 21 seconds.

T. O. M. Sopwith's Endeavour, unsuccessful challenger for the America's cup, was second in four hours, 57 minutes, 51 seconds, and the sloop Yankee third.

Henry Cotton Ends in 7th Place; Padgham Is Close Second

By GAYLE TALBOT
Associated Press Sports Writer

MUIRFIELD, Scotland, June 28 (CP)—*Alfred Perry, the darkest horse that ever galloped down a Scottish fairway, not only captured the British open championship today but firmly established himself as a golfing great by tying the record aggregate of 283 held jointly by Gene Sarazen and Henry Cotton.*

Shooting final rounds of 67 and 71 in the teeth of a gale that sent scores soaring, the 30-year-old, stocky, taciturn professional from the small Leatherhead course near London, won with a margin of four strokes over his closest competitor, the rugged Alf Padgham, who had finishing rounds of 74-71 for a 72-hole aggregate of 287.

WHITCOMBE IS THIRD

The 40-year-old Charley Whitcombe, member of the last four British International Ryder cup team, shot a steady and useful 73 this morning and then wound up with a 76 for a total of 288 to land third place.

An enthusiastic gallery of 15,000 gave Perry a vociferous greeting.

Henry Cotton, defending champion, finished in seventh place with 294, tied with Bill Branch.

LITTLE MAKES RECORD

The crowd saved some of its enthusiasm for William Lawson Little, Jr., of San Francisco, who set a new amateur course record of 69 and finished fourth, tied with Bert Gadd, British professional. Sixth place went to tall Henry Picard of Hershey, Pa., with rounds of 72 and 75 for an aggregate of 292.

Sixteen strokes off the pace and bracketed with three British professionals at 299 was the veteran Scot, MacDonald Smith. Smith lost ground with a third round 75 and then blew up in the afternoon. He went out in 35 but came back in 43 for a 78.

PERRY UNPERTURBED

Perry, who never won anything more important than the Surrey open tournament, appeared totally unperturbed by his sudden bolt to fame.

"You can say this for publication," he said quietly, "I now have played in international matches and have won the open championship. That's all I want out of golf."

His victory made it the first time in 14 years Britons have won their championship two years in a row and gave England a fresh and firm grip on the title.

British Amateurs Are in the U. S. A.

NEW YORK, June 28 (AP)—Almost a ton of best amateur fighting flesh in the British Empire steamed up the bay on the Majestic today to try to do something about the sour reputation Phil Scott and others have given British boxing here in recent years.

The invaders were Britain's amateur champions. They are here for an international battle with the New York golden glove champions in the Yankee stadium, July 2.

There wasn't a spat or a monocle in the entire squad of 14. They're tough and admit it. Moreover, they're burned up because Americans think the English don't know how to handle their fists.

The battlers, ranging from Jimmy Pottinger, the tiny Welsh bantam, to the 200-pound heavies, received a big welcome.

Kimberley Plans for Boxing Card

Hyssop and Hayden to Provide Main Bout

KIMBERLEY, B.C., June 28—A snappy boxing card scheduled for Monday night, will be one of the features of Kimberley's Dominion day celebration. The main event between Duke Hyssop and Al Hayden is causing a lot of interest among the local fight fans. Both boys are hard punchers and of the aggressive type, and will provide plenty of action for the evening's entertainment. Both are light heavyweights and have had around 50 fights each. The go is slated for 10 rounds or less.

One of the best fights on the card among the amateurs will be Roy McLeish and Tibby Bert of Kellogg, Idaho, who is rated one of the best amateur middleweights in the northwest. McLeish will get the acid test this time. He has shown great promise so far in his previous starts, being a good puncher and fairly clever for a fighter so young. He is only 17 years old, and the best boy turned out so far at McDougall hall. With careful handling he should go far.

Bill Decko, local welterweight, meets Ferguson of Creston. This should also be a good fight. Altogether 25 rounds will complete the card, which will commence at the Arena at 7 p.m. promptly. All the fighters will work out at the Arena Saturday night at 8 p.m. This will give the fans an opportunity to look them over.

With children's sports in the morning, football and a softball tournament in the afternoon, the fight carnival, and two dances in the evening, Kimberley and district is being well taken care of on Dominion day. A pet parade will open the program at 9:30 a.m.

Stars and the Red Sox to Play Monday

Will Play Two Games on Sunday

The Toronto Stars and Red Sox, ladies' softball teams, will play a regular league game as part of the Canadian Legion Bugle band's big Dominion Day celebration Monday afternoon. In addition to being an important game, the two clubs will be playing for a special purse put up for the event.

The balance of the league schedule has been drawn up. While efforts are being made to get the use of the Recreation grounds next Thursday evening from the junior baseball league in an effort to speed up the schedule, it may be necessary to play Thursday's games at the junior high grounds. The balance of the schedule is as follows:

July 4 — Hume Aces vs. Toronto Stars.

July 8 — Red Sox vs. Toronto Stars.

July 11 — Red Sox vs. Hume Aces.

VETERANS LEAD CANADA'S TEAM AT OLD BISLEY

Records Promise Good Shooting by Yound and Old

BISLEY CAMP, Eng., June 26 (CP). — No strangers to Bisley's wide-reaching rifle ranges are 10 of the Canadian team of 18 men, just arrived here for the 72nd annual meeting of the National Rifle association opening July 8 and running two weeks.

As usual, the Canadian team here to carry on the 60-year tradition of Canadian competition in the Empire's classic for marksmen combine experienced shots with brilliant youngsters who have already made their name in the Canadian provincial meets and the "D.R.A." at Connaught Ranges.

One of these Canadian "newcomers" startled the whole camp last year. He is back again this month—Lieut. P. J. Martinson of La Tuque, Quebec, who a year ago won the bronze medal in the King's Prize; won the Stock Exchange Cup, won the All-comers Aggregate and tied in the Grand aggregate.

Martinson might well be classed among the 10 Bisley "veterans" despite his youth. The others are Lieut. James Boa of Montreal, who was in the final stage of the King's Prize in 1920; Lieut. Neal Dow of Saint John, Lt.-Col. O. W. Gibson of Hamilton, who has a long and enviable Bisley record; Alex Parnell of Verdun, Que., and "old-timer" who has been in the King's final five times since 1924; Sergt. C. E. Iddiols of Calgary; Sergt. F. Wallace of Mount Dennis, Ont.; Lieut. Roger Sweet of Hamilton, a Bisley shot since his cadet days and a finalist in 1932; Sgt.-Major J. Trainor of Toronto, a finalist before the war; and Lt.-Col. F. W. Utton of Toronto, three times a finalist since the meetings were resumed in 1919.

It is to these 10 that the newer element of the team will turn for solid support when they are on the firing line, whether essaying individual prizes in competition against perhaps more than a thousand fine shots from all over the Empire, or firing shoulder-to-shoulder in the big team shots if they are good enough to earn a place.

The newcomers of course are not all youngsters. Some are marksmen who have earned a place on the Bisley team in previous years and been unable to make the trip. The names of Capt. A. B. Coulter and Lieut. H. D. Proctor of Ottawa and Sergt. W. H. Edsell of Ottawa have long been familiar at Canadian gatherings. The others are Major J. A. Burry of Toronto, Capt. A. W. Hunt of Winnipeg, Sergt. M. Penman of Montreal, Lieut. A. P. Williams of Ottawa, and Corporal E. E. Wright of Montreal.

Leading Women Golfers Ousted

Amateur Pair Take Out Miss Didrickson and Helen Hicks

CHICAGO, June 28 (AP)—A pair of seasoned amateurs, in a startling upset, abruptly ended the championship aspirations of America's two leading women golf professionals, Miss Helen Hicks and Mildred (Babe) Didrikson, in the women's western open golf championship today.

Mrs. S. R. Reinhardt, Winnetka, Ill., the former Elaine Rosenthal, conquered the cocky 21-year-old Miss Didrikson, famous all-around athlete of Beaumont, Texas, 5 and 4.

Tumbling out of the semi-finals with her was Miss Hicks, Hewlett, L.I., national champion in 1931, who fell before Mrs. Opal S. Hill, Kansas City, 2 and 1.

Mrs. Reinhardt meets Mrs. Hill in the 36-hole championship match tomorrow.

Batting Leaders

Pepper Martin returned to the big six yesterday as a result of Roy Henshaw's pitching feats against Pittsburgh although his batting average was a point lower than the day before. While Martin was hitting once in four attempts for a .346 mark, Pep Young of Pittsburgh was "horse collared" by Henshaw in four times up and his average dropped nine points to .342, putting him outside the limits of the sextet. Joe Vosmik, the only American leaguer in action, registered the only gain, picking up two points with a pair of hits. Joe Medwick went hitless and dropped four points.

The standing:

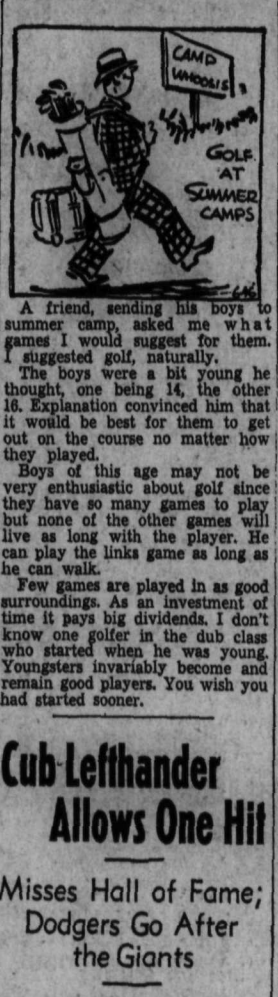
GOLF BY ALEX MORRISON



A friend, sending his boys to summer camp, asked me what games I would suggest for them. I suggested golf, naturally.

The boys were a bit young he thought, one being 14, the other 16. Explanation convinced him that it would be best for them to get out on the course no matter how they played.

Boys of this age may not be very enthusiastic about golf since they have so many games to play but none of the other games will live as long with the player. He can play the links game as long as he can walk.

Few games are played in as good surroundings. As an investment of time it pays big dividends. I don't know one golfer in the dub class who started when he was young. Youngsters invariably become and remain good players. You wish you had started sooner.

GIANTS GIVE GIANTS SCARE

BROOKLYN, June 28 (AP)—The Dodgers started after the league leading Giants today in a way that aroused memories of last season's finish, when they proved they were still in the league by knocking the New York club out of the pennant. But after a prolonged 10 inning struggle the leaders finally came out ahead 11 to 7.

New York	11	14	1
Brooklyn	7	10	3

CHICAGO, June 28 (AP)—Wee Roy Henshaw, the Cubs diminutive lefthander, came within a hair's breadth of pitching himself into baseball's hall of fame today as he set down the Pittsburgh Pirates with one disputed hit and shut them out, 8 to 0.

Relief Pitcher Mace Brown lined a drive to deep right center in the sixth inning that just grazed Center Fielder Freddie Lindstrom's glove as he came within reach of the ball after a hard run. Brown pulled up at second and the official scorer, after consulting several of his press box associates who agreed with him, ruled the drive a double.

That was the only semblance of a hit in the game, the only other batters to reach a base off Henshaw being four who walked, each in different innings, none of whom reached second safely.

The victory was the 23-year-old lefthander's fifth of the year and his third victory over the Pirates, two of which have been by shutouts.

CINCINNATI, June 28 (AP)—With Paul Derringer effective when effectiveness was needed, the Cincinnati Reds triumphed over the St. Louis Cardinals 4 to 2 today.

CAMILLI GIVES PHILLIES THE GAME

BOSTON, June 28 (AP)—Dolph Camilli drove out his 15th homer of the season with Johnny Moore on base today to break up a 10-inning game and give the Phillies a 4-2 victory over the Boston Braves.

The Philadelphia first sacker's circuit drive, into the right-center field bleachers, came after Rupert Thompson, pinch-hitting for Fred Frankhouse in Boston's side of the ninth, blasted into the right field pavilion with a mate on to tie the score at 2-all.

INDIANS BEAT WHITE SOX

CLEVELAND, June 28 (AP).—The Indians took advantage of the "jinx" that has pursued silent John Whitehead, Chicago rookie flinger, ever since his string of eight straight victories was snapped and batted out a 6 to 5 victory over the White Sox in the opener of their series today.

It was Whitehead's sixth consecutive defeat since the end of his long winning streak and the fourth Cleveland victory in five encounters with the pale hose this season. As a result the league-leading Yankees, idle today, again say their lead reduced to three games. Chicago was plunged into fourth place behind the Detroit Tigers.

GREENBERG BAGS THREE HOMERS

ST. LOUIS, June 28 (AP). — Paced by handy Hank Greenberg who lammed out three home runs to send his mark for the season to 23, atop both major league circuits, the Detroit Tigers, filled the outskirts of Sportsmans park with hits of every variety today to take both halves of a double header from the St. Louis Browns, the first game 10 to 1 and the second 7 to 2.

Perry Moves Step Nearer Men's Singles Final at Wimbledon as Second Canadian Team Ousted

Montreal Team Out; Allison and Ryan Advance

WIMBLEDON, Eng., June 28 (CP)—Britain's dashing Fred Perry today moved a step nearer the men's singles final of the Wimbledon tennis tournament as the second Canadian men's doubles team faded from the picture and the last Frenchman fell by the wayside.

Perry, defending champion, had an easy time with Josip Pallada of Yugoslavia, winning 6-2, 6-2, 0-6, and 6-2.

Bobby Murray and Laird Watt of Montreal fell before Nigel Sharpe and J. G. Ritchie of Great Britain. The scores were 6-2, 6-4, 3-6, 6-4.

Joining Perry in the last eight were Baron Gottfried von Cramm of Germany and Donald Budge of California. The other 10 survivors of the men's singles will battle tomorrow for the remaining five places in the quarter final.

Von Cramm easily disposed of Gene Mako of the United States, 6-0, 6-1, 3-6, 6-1, while Budge eliminated Christian Boussus of France, 6-3, 6-2, 3-6, 6-0.

Eileen Bennett Whittingstall of Great Britain provided the sensation of the day in the women's division, eliminating her countrywoman, Margaret Scriven, seeded No. 7, 6-3, 6-2. Dorothy Round, defending champion, Kay Stammers and Joan Hartigan of Australia, also reached the fourth round of the women's singles.

Wilmer Allison and John van Ryn of the United States, top-seeded in men's doubles, defeated H. G. N. Lee and E. R. Avory of England, 3-6, 6-1, 7-5, 6-2. Budge and Mako teamed up to win a first round match from G. E. Bean and B. R. Lawrence, England, 6-2, 6-3, 6-4. Sidney Wood, United States and his Spanish partner, Maier, advanced into the second round with a 6-3, 6-2, 6-1 victory over Baron Humbert L. de Morpurgo of Italy and Hans Timmer of Holland.

In mixed doubles, Allison and Helen Jacobs eliminated the British combination of H. Billington and Betty Hobson, 7-9, 6-1, 6-2 in the first round.

Derbyshire Edges Out Lancashire

LONDON, June 28 (CP).—In the closest battle of the year Derbyshire edged out a seven-run victory over Lancashire, the champions, today to increase its lead in the cricket championship table. The game produced a sparkling uphill battle by the Lancashire eleven but the margin was too big to overcome.

Derbyshire now has a commanding lead, Kent, which vaulted Warwickshire and Yorkshire to take second place earlier in the week was idle and lost its place to Yorkshire, who defeated Glamorgan by an innings and 100 runs.

In other games concluded today Middlesex won by 104 runs from Worcestershire and Sussex defeated Oxford university by 39 runs.

The scores:

Derbyshire 227 and 260 for nine wickets, declared; Lancashire 168 and 312 (Iddon 131); at Manchester.

Yorkshire 423 for seven wickets, declared; Glamorgan 178 and 145; at Bradford.

Middlesex 312 and 290 (Hendren 62, Muncer 58); Worcestershire 287 and 211; at Worcester.

Sussex 369 and 323 for five wickets, declared; Oxford university 125 and 171; at Worthing.

It takes 15 to 20 generations usually to produce varieties of vegetables resistant to disease, but government scientists are speeding up the process by growing three or four generations in one year.

Demand Is Better for Strawberries

There is a better demand for strawberries on the prairie markets during the past week, according to the market newsletter issued by the department of agriculture from Victoria. The berries are arriving there in much better condition and have improved the general buying tone.

EDMONTON

Business is active. Apples are moving quietly at $2.50 to $2.60 per box, but the movement of strawberries has been heavy. The quality and condition has been much better than last week resulting in less job stuff. Demand has been very active toward the end of the week and the market will be well cleaned up. Prices range from $2.40 to $2.50 per crate. Tomato supplies have been heavy and are accumulating in the wholesales with condition deteriorating rapidly; selling at $2.70 to $3. Shipments run heavy to No. 2. The Desserts that are retailing at 10c to 12½c per pound are a big detriment to stability in the market. A few odd crates of raspberries and early cherries arrived, quotations will be noted next week. Business is quite active with new vegetables practically replacing old stocks which have been well cleaned up. New cabbage is becoming more plentiful. B.C. bunch carrots and beets are very small, both carrots and beets, and are selling slowly. Lettuce (B.C.) is selling at $3 to $3.50 per crate and is of good size but showing very poor keeping qualities. Local spinach, asparagus, bunch radishes and onions are plentiful. B.C. and Alberta cucumbers are accumulating with slow movement. The potato market has weakened.

CALGARY

The run of poor quality strawberries is apparently over for the time being as the last few cars have shown a decided improvement. Berries from the Surrey district, although full ripe, elicited approval from jobbers and retailers on their bright appearance and excellent pack. To meet the price quoted by one chain store system with wholesale connection, jobbers lowered the price yesterday to $2.50 crate. The chain mentioned above are quoting $2.65 crate while chain system of retailers with wholesale connection. This makes it possible for two profits to go into same pocket and facilitates price cutting, rendering stability impossible. Car arrivals, June 15th to June 21st, inclusive: Alberta, 1 potatoes; B.C., 7 vegetables, 6 strawberries; Imported, 3 Australian onions, 2 citrus, 1 canteloupe, 3 bananas.

WINNIPEG

Weather warm. Good demand for B.C. strawberries which are now arriving in good condition. Market was cleaned over the week-end. B. C. new potatoes here in mixed cars. Hothouse tomatoes, draggy, Mississippi field in competition; selling better mixed. Vegetables arriving from B.C. in good condition and are moving steadily. First car of Ontario new cabbage in today, fair quality. Car receipts: B.C. 11 strawberries, 3 vegetables, 1 cauliflower, 1 hothouse tomatoes; imported, 1 onions, 1 carrots, 2 cherries, 2 potatoes. 1 car New Zealand Delicious meeting fair sale; 3 vegetables, 1 celery, 2 tomatoes.

C.P.R. Earnings Show a Decline

MONTREAL, June 28 (CP)—Officials of the Canadian Pacific Railway company today issued their monthly statement reporting gross earnings of $540,081 from the corresponding month's figures last year of $10,454,019.

At $8,770,024, working expenses were $117,932 higher than the figures for May 1934 which were $8,652,091. Net profits totalled $1,143,913 against $1,801,927 yast year, off $862,663. Working expenses were up $777,963 at $41,680,546 against $40,902,583 last year.

Net profits totalled $4,658,206 compared with $6,296,823 last year, representing a decrease of $1,650,626.

Wheat Rockets, Chicago Market

CHICAGO, June 28 (AP)—Widespread speculative buying of wheat suddenly broke out today to shoot prices skyward five cents a bushel, the limit allowed in one day.

Black rust was reported attacking the United States spring crop long in advance of the usual date. The domestic winter wheat crop was reported also as likely to suffer black rust injury. Nebraska losses alone were estimated at 5,000,000 to 10,000,000 bushels.

Wheat closed at the day's top 4½ to 5 cents higher, September 83¾ to 83⅞, corn ½ to 2⅜ up. September 76⅛ to 77⅛, oats 1¾ to 2⅛ advanced.

Industrials Turn Strong at Toronto

TORONTO, June 28 (CP)—Industrial section of Toronto exchange turned strong at the finish today to give the list a 39 to 19 ratio on the up side.

Distillers-Seagrams traded nearly 7000 shares. The price closed at 19, a net gain of ⅜. Walkers common had ¾ to the good.

Trade in Nickel dwindled with the price holding firm to strong and Consolidated Smelters declined 2 to 162. Brazilian recorded a small gain, C.P.R. dropped a fraction.

Oil shares displayed firmness.

PLAN DEVELOP STEM-WINDER

GRAND FORKS, B.C., June 28,— Plans are now going forward to start development work at the Brooklyn-Stemwinder mining property at Phoenix and it is intended to get work initiated some time in August.

A representative of the underwriting syndicate returned last week from England and it is understood that sufficient capital is now available to get operations at the property started in a substantial way.

PIG CROW DOWN 20 PER CENT

WASHINGTON, June 28 (AP)—A decrease of 20 per cent in the 1935 spring pig crop as compared with the small 1934 spring crop, was reported today by the agriculture department.

Officials said "this means very definitely that the pork shortage will continue until the spring and summer of 1936."

Blaming the short 1934 corn crop for the decrease in the 1935 pig crop, officials declined to comment upon the possible effect of the pork situation upon the price of meat.

Crop News Hoists Canadian Grain

WINNIPEG, June 28 (CP)—Fear United States' spring wheat crop would be seriously damaged by rust led to sharply higher prices for Canadian grain on the Winnipeg grain exchange today.

Wheat prices boarded gains of 1⅜ to 1½ cents, after being 2¼ cents higher. The July future closed at 82½ and August 83½.

A pinch of export business in Canadian wheat further heightened bullish fervor. It was estimated 200,000 bushels had been sold for foreign shipment.

Bright Spots of the Week

By the Canadian Press

BRANTFORD, Ont.—Sixteen local manufacturing concerns connected with the iron and steel trade are currently employing more than 2000 persons, highest since 1930.

ARVIDA, Que.—Aluminum Company of Canada has started construction of a $1,000,000 plant here for treatment of bauxite ore.

VANCOUVER — Ground broken this week at Burnaby for the $400,000 refinery which Standard Oil Co. of B. C. will erect.

QUEBEC—Five thousand men are now employed in Quebec woods peeling pulp logs.

U. S. DOLLAR UP

MONTREAL, June 28 (CP)—On Montreal foreign exchanges today the U. S. dollar was up 1-32 of one per cent at 1.00 3-32 and the franc rose .01 of a cent to 6.65.

Canadian Business Barely Steady

WINNIPEG, June 28 (CP)—The pulse of Canadian business held barely steady during the past week says the report of the Canadian Credit Men's Trust association issued here today. Some contraction of business was due to unseasonable weather.

Market Gains in Moderate Trading New York Board

Diversified Causes for the Upturn Are Given

By FRANK MACMILLEN

NEW YORK, June 28 (AP)—Share prices edged ahead a pace or two in moderate trading on the New York stock exchange today.

Brokers said demand originated in widely scattered quarters and from diverse causes. Some cited the plea of Representative Middleton of Alabama before the house for "regulation and not destruction" as a stimulus to the utilities.

Others declared the spectacular rise in wheat on fears of crop damage lent a bullish tinge to trading in equities which otherwise might have been lacking.

In the background of these specific developments it was reported there was continued quiet shopping for equities by those who feel the worst phase of the depression is gradually receding into the distance.

Measured by the Associated Press average of 60 stocks the market rose .5 of a point to 44.2. Sales totalled 755,630 shares compared with 736,538 Thursday.

Freight car loadings took a sharp dip for the week ended June 22, a level 13 per cent below the preceding week, but this had been anticipated in most circles owing to previous estimates of lower coal shipments following settlement of the strike on June 15.

Dun & Bradstreet's report that retail sales for the week had averaged 5 to 20 per cent ahead of the like week a year ago was seen as additional evidence of more public willingness to buy.

Gains of a point or more were recorded by Case at 56, and International Harvester at 45½. Auburn Automobile was up 2⅜ at 24 and Spiegel-May-Stern ran ahead 3¼ to 61¾.

American Telephone gained 1¼.

United States Steel and Bethlehem Steel preferred were up 1 and 1⅛ points, respectively.

London Close

LONDON, June 28 (CP)—Closing: Brazilian Traction $9; C.P.R. $10⅝; Nickel $27⅞; British Am Tob £6⅛; Hudson Bay 18s 3d; Imperial Tob 140s; Mining Trust Ltd 5s; Rand Mines £17⅞; Rhodesian Anglo Am 10s 3d; Springs 41s 10½d; East Geduld £10½; Rio Tintos £16; Vickers 14s 1½d.

Bonds—British 2½ per cent Consols £85 3-16; British 3½ per cent war loan £106¼; British Funding 4s 1960-90 £118.

GAIN OF TWO PER CENT IS SHOWN IN ECONOMIC INDEX FOR WEEK, JUNE 22

OTTAWA, June 28 (CP).—A gain of 2 per cent was shown in the economic index maintained by the Dominion bureau of statistics for the week ended June 22, which stood at 99.7, against 97.8 the preceding week as compared with the corresponding week last year, when the index stood at 92.7, an increase of 7.6 per cent is shown.

Each of the six factors, except wholesale prices, were at a higher point, and the level of commodity prices has not changed materially since the early weeks of last year.

Weekly economic index with the six components, for the weeks ending June 23, 1934, June 15, 1935, and June 22, 1935, respectively, are:

Car loadings	71.0	70.4	72.9
Wholesale prices	71.9	71.6	71.5
Bond yields	121.4	136.1	135.3
Clearings	86.2	82.4	95.5
Common stocks	91.2	97.9	97.2
Shares traded	90.2	112.0	112.3
Economic index	92.7	97.8	99.7

Find High Grade in the Superior

GRAND FORKS, B.C., June 28.—Best of recent ore strikes is that on the North Star property of Superior Gold Mines near Greenwood. First work was a 450-foot crosscut was started 120 feet lower down the hill. This crosscut struck the vein a few days ago, disclosing the highest grade gold ore found in that mineral area.

A. G. Anderson, in charge at the mine, wires Wm. J. Plotke: "Sample across 3 feet vein assays 1.26 ozs. gold, 8.56 ozs. silver, value $50.16 per ton. Sample across 20 inches of the vein assays 4.14 ozs. gold, 20.56 ozs. silver, value $167.73 per ton." No gold is visible in the ore. The vein has been drifted on 24 feet since.

Superior Gold mines has a 60-ton mill which was built a year ago. It is now proposed to resume operation of the mill which is expected to be going by the end of July.

Berry Movement Slow at Creston

Two Cars Roll From the Fruitvale Area

CRESTON, June 28.—From all four shiping houses in the valley comes the quite unanimous report that strawberries are not coming in quite as rapidly as might be expected. The fruit is on the vine and is sizing satisfactorily, but for some reason the ripening process is slower than normal. From present appearances the season will be longer than ordinarily, with raspberries coming in before the strawberries are through. Wynndel shipped its first carload on Monday, and rolled another the following day, with a third carload out on Thursday.

Creston Products, Limited, are now squared away for the season's activities. At a shareholders meeting on Monday night at which F. H. Jackson presided, officers were elected for 1935, as follows: president, F. H. Jackson with W. Keirn, P. R. Truscott, Frank Celli and W. J. Avery completing the board. R. H. Stewart was named manager and secretary-treasurer of the company. A start on the new warehouse has been slightly delayed but it is expected construction will be underway next week. Manager Stewart is handling shipping at present from Erickson. He reports a considerable movement in strawberries, which are in good demand at a satisfactory price.

Creston Co-Operative Fruit Exchange report short supplies in strawberries all week. The precooler will be put in operation tomorrow to take care of storage of berries at the week-end, due Monday being a holiday. Work commenced at the middle of the week on the excavation for the foundation of their new 50x50 foot two story addition, the contract for which has been taken by George Hendren.

Long, Allan & Long, Limited, have been short all week on berries. From all their growers supplies have uniform but on the light side considering the season is in its second week. They report a fair demand for gooseberries, and look for berry prices to at least hold their own, if not strengthen slightly as coast berries are now well past their peak.

British Sovereign is just coming in. Tuesday was the big day with movement of 1087 crates in a carload to prairie centers. Wynndel growers say it is difficult to say when the peak will be reached as climatic conditions are too variable at present. A neat compliment was paid Wynndel berries on Tuesday evening. A prairie wholesaler telephoned the Co-Op. Fruit Growers at that point asking for 190 crates of strawberries.

Gulls have found a way to rob cherry orchards in Utah; unable to alight on the trees with their webbed feet, the birds beat the fruit down with their wings and then fly to the ground to feast.

Especially is it so, that after forty your eyes will not stand strain and abuse without some injury to their structure. Later years might show the results of neglect, or false economy by having very little sight left, or diseased eyes.
Help your eyes by having them examined at least every two years.
Positively do not wear glasses belonging to others. They cannot be right for your eyes. All eyes are different—your glasses must be made just for your eyes, to avoid eyestrain.
Likewise—wearing of cheap glasses made of window glass—or mail order glasses are out of the question—you are asking for trouble by wearing them. You are getting just what you pay for.
