CURIOUS FOLK PREVENT TRAIL SEARCH

TRAGEDY MARKS GOOD FRIDAY ON WIDE FRONT IN CANADA AND STATES

Two Dead, Two Others Seriously Hurt as Car Crashes Into Girder on Granville Street Bridge at Vancouver

CAR DEMOLISHED IN HARD SMASH

Four Killed in Ont.; Bombs in Mail in Pennsylvania

VANCOUVER, April 10 (CP)—Two persons were dead and four in hospital tonight following an early morning crash on Granville street bridge in which their automobile struck a steel girder. Herbert Delf, Abbotsford, B.C., believed to have been the driver, and Mrs. David Winton, Vancouver, were killed almost instantly.

The injured are Mr. and Mrs. Harold Davies, Vancouver, Miss Socica Johnson, Aldergrove, B.C., and David Winton, husband of the dead woman.

Mrs. Davies suffered two fractured legs, a fractured hand and head injuries and is in a critical condition. Her husband's condition is reported poor, with head injuries.

Miss Johnson suffered head injuries and a fractured shoulder and hospital authorities described her condition also as poor. Mr. Winton has a broken arm and chest injuries and his condition is fair.

The car, a light sedan, was travelling south on the bridge and crashed head on into the girders at the north end of the center swing span. The girders divide the roadway into traffic lanes. It was not known whether the automobile caught in street car tracks and skidded or whether the driver misjudged the width of the roadway as he approached it.

The car was demolished.

FOUR DEAD AT LONDON

LONDON, Ont., April 10 (CP)—Four persons were killed in a head-on collision of two automobiles on Winery hill on a highway near London today. Two others were injured, one seriously.

The dead:

Hugh Lamont, London, plant manager of General Steel Wares.

Mrs. Murdena Lamont, his wife.

Mrs. John McCue, Detroit.

Lyle Pardee, whose business address was given as Schenectady, N.Y., believed to be a resident of Rome, N.Y.

(Continued on Page Two)

Winnipeg Editor Is Honored

WINNIPEG, April 10 (CP)—Tribute was paid tonight to Dr. John W. Dafoe, president and editor-in-chief of the Winnipeg Free Press and vetrean Canadian newspaperman.

Representatives of the press in Canada, leading citizens of Winnipeg and many employees of the Free Press gathered at a banquet honoring Mr. Dafoe on reaching 70 years of age.

Victor Sifton, general manager of the Free Press, presided, and expressions of admiration for Dr. Dafoe were made by Premier John Bracken of Manitoba, Mayor John Queen of Winnipeg and Dr. James T. Shotwell of Columbia university, New York, and representatives of the press.

W. B. Preston, managing director of the Brantford Expositor and president of The Canadian Press sent a message voicing the congratulations of the officers and members of The Canadian Press.

Lord Invernairn Dies; No Heir

LONDON, April 10 (CP cable)—Lord Invernairn, iron and steel magnate, died today at the age of 79.

William Beardmore, created a baronet in 1914, was raised to the peerage as Baron Invernairn of Strathnairn in 1921. He was chairman of the Duncan Stewart & Co., Ltd., Glasgow, and a director of Coltness Iron company, Ltd., and other companies. In 1917 he was president of the Iron and Steel institute. Lord Invernairn died without heir and the title becomes extinct.

DIES IN EAST

SAINT JOHN, N.B., April 10 (CP).—Mrs. Mabel Ripley Logie, wife of Dr. A. E. Logie, died here today. She was born in West Quincy, Mass. Her death following a few hours after that of Dr. Logie's brother, W. J. Logie, K.C., at Wetaskiwin, Alta.

MORE SABOTAGE IN BRITAIN

PLYMOUTH, April 10 (AP)—Detectives were called tonight to investigate suspected sabotage on the submarine L-54 at the Davenport dockyard.

It was the ninth reported case of suspected intentional damage to British naval vesels since last autumn.

A large spanner, or wrench, was found under the casing of the submarine's main motor, half an hour after the electrical equipment had been examined, it was learned.

It was understood the whole underwater machinery of the vessel would have been disabled if the discovery had not been made before the submarine put to sea.

DOUGLAS LETTERS MADE PUBLIC

EDMONTON, April 10 (CP)—Further exchanges of correspondence between Premier Aberhart of Alberta and Major C. H. Douglas, founder of Social Credit and former Reconstruction adviser to the administration, were before the Alberta public today.

The correspondence all bears dates of September, 1936, and in it Major Douglas, two days after Premier Aberhart took office, suggested Alberta citizens be asked to exchange their present securities for short-term one per cent Alberta bonds.

Text of the correspondence between the Premier and the world Social Credit founder during December, January and early February has not yet been made public.

On Sept. 5, just two days after Mr. Aberhart took office Major Douglas first advanced his suggestion that the province ask a chartered bank be established to "create" $5,000,000 for the province's benefit, this money to be non-callable and interest free except for a small service or bookkeeping charge.

AGED INDIAN CHIEF DIES

ASHCROFT, B.C., April 10 (CP).—Indians of the Bonaparte reserve tonight mourned the death of their centenarian chief and one of the most colorful figures of early British Columbia history, Chief David Basel.

The aged chief, 102 years old and one of the last survivors of the tribe that inhabited the Bonaparte district before the white men came, died at his rancherie eight miles north of here last night after a short illness.

EJECTED FROM RELIEF CAMPS

EDMONTON, April 10 (CP).—Twelve men regarded as agitators have been ordered to leave the provincial relief camps at Cadomin, Alta., where a brief strike occurred Thursday, according to word received here tonight by Alberta relief officials.

"The men were told to get out of the camps," said one official. Although threats of a general strike for a flat rate of $15 a month had been made, all camps are in operation, reports stated Friday.

No Royal Courts This Year

LONDON, April 10 (CP cable).—No royal courts will be held this year but the King instead will hold two afternoon garden receptions at Buckingham palace on July 21 and July 22.

At these receptions presentation will take place of ladies who ordinarily would have been presented to His Majesty at the courts.

Mourning will not be worn at these receptions. (Full court mourning ends on July 20, six months after the death of King George.) It is understood that the debutantes will pass before King Edward and make their bows just as they would at a royal court.

COMMITS SUICIDE

EDMONTON, April 10 (CP).—Despondent over loss of employment, Peter Beiers, 50, committed suicide Thursday. He had placed the muzzle end of a shotgun in his mouth and discharged the weapon.

GETTING READY FOR THE JOYOUS EASTER SEASON

Baby Chicks Couldn't Wait for Holidays to Pass

These little chickens seem to have anticipated a joyous Easter by opening the season a little ahead of time. And it all reopens the age-old question, which came first, the chicken or the egg?

BRITAIN AND U. S. MAY ENTER PACT

WASHINGTON, April 10 (AP)—The United States and Great Britain today were engaged in a survey of Anglo-American trade, which may result in negotiation of a reciprocal trade pact with this country's biggest customer.

This word was passed in a highly authoritative quarter, which disclosed also that preliminary discussions, designed to explore the feasibility and possibility of concluding an agreement, actually are under way both in Washington and London. Officials of both nations were reported hopeful.

C.C.F. AGAINST THE REDS

TORONTO, April 10 (CP).—Firm objection to a united front with Communists and other groups for political purposes was registered here tonight by the Ontario section of the Co-operative Commonwealth Federation when a proposal for this was defeated decisively.

The vote followed a heated debate climaxed by a wild 15 minutes as Arthur Williams, C.C.F. reeve of East York township, staged a filibuster and was threatened with President John Mitchell of Hamilton with expulsion from the hall unless he took his seat.

"You just railroaded this thing in the convention," said Williams as he paced up and down the floor between tables. "I take the strongest exception to it," he shouted.

"How many privileges does Comrade Williams want on this?" asked E. B. Jolliffe of Toronto. The East York reeve had been granted an extension of time for debate.

"As many as I can get," Williams returned.

PACONA TO BUY PRICE BONDS

MONTREAL, April 10 (CP). — Bondholders protective committee of Price Bros., newsprint firm operating in bankruptcy, tonight announced they had agreed to sell to Pacona, Ltd., all first mortgage bonds deposited with the company.

Terms were cash equal to the principal amount of the bonds, plus all interest accrued and unpaid from February 1, 1932 to the date the agreement goes into effect and an amount to take care of the committee's expenses and compensation.

Lamb Holes Up in Straw Pile for Six Months in Alta.

WETASKIWIN, Alta., April 10 (CP)—While most citizens were complaining about the record cold of the late, unlamented winter, a lamb, reported stolen last October, was having a thoroughly enjoyable and lazy time, denned up in a 15-foot straw pile, it has been disclosed.

The owners had given up hope for the vanished animal until a sow decided to use the straw pile for a maternity ward, giving birth to 12 piglets. At that time the missing lamb was discovered, now a fleshy sheep. It had eaten a sizeable hole in the straw pile, enlarging its living quarters at the same time.

Another Clash on Soviet Border; China May Appeal to the League

MOSCOW, April 10 (AP). — A new patrol clash on the Soviet-Manchoukuo frontier was reported tonight in Soviet dispatches after the government here charged its embassy in Tokyo was held in a "veritable blockade."

An undisclosed number of trespassers, the dispatches said, were discovered 1000 yards inside Soviet territory by a frontier patrol of six Thursday.

When the Russians ordered the others to halt, the accounts continued, the trespassers opened fire and after 20 minutes of fighting retired to Manchoukuo. The clash took place at a spot known as Sosnovaya Piat.

The dispatches, from Kharbarovsk, did not state whether the trespassers wore uniforms, and did not mention casualties.

Japanese sources here confirmed Russian claims several Japanese employees of the Soviet embassy in Tokyo had been arrested but said they were being "detained" pending legal proceedings.

The Soviet charged the Japanese "attitude toward the embassy of a foreign state is unprecedented in civilized countries."

"It is supplemented not accidentally by unpunished attacks of ruffians on workers," the statement added.

Published in the newspaper Izvestia, official government newspaper, the Soviet assertion said all Japanese employees of the Soviet embassy have been arrested on the grounds that an espionage plot had been uncovered.

NANKING, April 10 (AP).—China may appeal to the League of Nations should Soviet Russia for a second time disallow her protest against the Soviet-Outer Mongolian pact of mutual assistance, it was indicated tonight in authoritative circles.

The national government foreign office was engaged in studying the Soviet reply to China's protest, which asserted Outer Mongolia is an integral part of China.

ITALIANS OCCUPY CITY OF COBBO

ITALIAN GENERAL HEADQUARTERS, Northern Ethiopia, April 10 (CP-Havas). — Marshal Pietro Badoglio's northern forces tonight occupied the strategic city of Cobbo, 85 miles north of Dessye, on the imperial highway leading to Addis Ababa, the Italian high command announced.

Italian and Askari detachments entered Cobbo after marching from Alamada, 40 miles to the north.

An important market center, Cobbo is at a junction of the imperial highway and a caravan route branching eastward.

FOUR ESCAPE IN PLANE CRASH

WINNIPEG, April 10 (CP)—Three prospectors were in hospital here tonight as result of an airplane accident yesterday at Lac du Bonnet, Man., 70 miles northeast of here.

The Wings, Ltd., plane piloted by Roy Brown made a heavy landing after his propellor broke 50 feet in the air just after taking off. Those in the plane were injured in the sudden jolt of the heavy landing but were carried free before the plane burned.

GIANT GERMAN AIRSHIP BACK

FRIEDRICHSHAFEN, Germany, April 10 (AP).—Germany's giant new airship, the Hindenburg, was stowed away safely in its hangar tonight after a return trip across the south Atlantic during which two of the dirigible's four motors went out of commission.

The flight up the French Rhone valley, under special permission from the French air ministry, was accomplished without incident and the huge ship landed at 6:30 p.m. (German time) to complete its round-trip to Rio de Janeiro.

DICKSON ARRIVES AT MONTREAL

MONTREAL, April 10 (CP). — Jeff Dickson, the Jackson, Miss., boy who became France's leading sports promoter, dropped into Montreal today for a personal visit with Leo Dandurand, one of Canada's best-known sportsmen.

It was purely a holiday visit, Dickson said. He returned to New York tonight. Asked if he was lining up hockey players here for the league he controls in Paris, Dickson remarked his hockey manager in Paris took care of all such details and he himself was not immediately concerned.

ARREST IS ORDERED IN QUEBEC CASE FOLLOWING DOUBLE AUTOPSY

MONTREAL, April 10 (CP). — Autopsy was performed late tonight on the bodies of Leon Leclair and Joseph Dudevoir, found dead in Leclair's home at Namur, Que., last Tuesday. Immediately after completion of the autopsy provincial police were sent from headquarters with orders to make an arrest, it was learned.

At first it was believed the autopsy could not be held until next week but Dr. Rosaire Fontaine and Dr. J. M. Roussel were hastily recalled from Easter week-end trips and they examined the bodies.

HOPE ABANDONED

NAMUR, Que., April 10 (CP).—All immediate hope of finding the remains of a third victim of Namur's mysterious Holy Week tragedy was abandoned today as local authorities awaited the result of an autopsy on the bodies of Leon Leclair and Joseph Dudevoir.

The detective who spent two days in the village, emphasized no one was under suspicion in connection with the deaths of Leclair, Dudevoir, and possibly Mrs. Dudevoir, who is missing.

LOCARNO POWERS IN DISCORD AS SESSION ENDS; FRENCH UPSET

Talks Marked by an Extreme Discord, Officials Say

EDEN ASKS FOR MORE DETAILS

Sanctions Against Germany Barely Considered

By WADE WERNER
Copyright, 1936, by the Associated Press

GENEVA, April 10 (AP)—Representatives of the Locarno powers cut short their discussions tonight for a month's recess during which British Foreign Secretary Anthony Eden will attempt to organize a complete security plan for eastern and central Europe.

The discordant session of British, French, Belgian and Italian diplomats devoted itself to the Rhineland problem. An earlier meeting of the League of Nations conciliation committee had canvassed the Italo-Ethiopian question.

The league meeting set two committees in action to revive efforts to bring peace to East Africa. The Locarno session developed new queries on European peace and ended without any definite agreement except the recess.

Italian and French spokesmen who emerged from the Locarno meeting declared the discussion was marked with extreme discord.

One Italian source said the French proposed again that France and Great Britain adopt economic and financial sanctions against Germany if Chancellor Hitler persists in fortifying the reoccupied Rhine zone.

Eden took the position that the period of conciliation with Germany is not closed and that time can be usefully spent in seeking clarification of certain points of der fuehrer's peace plan.

For instance, Great Britain wants to know whether Hitler's suggested non-aggression pacts are to be dovetailed into obligations imposed on all states by the league covenant or whether they would prevent, in their operation, the collective security idea which is the basis of the league covenant.

MORE DETAILS WANTED

Furthermore, Eden desires information on whether Germany considers that by her reoccupation of the Rhineland the last inequality has been removed.

(Continued on Page Two)

Calles Deported From Mexico

MEXICO CITY, April 10 (AP)—Mexico's leftiest government striking suddenly at "subversive activity", forced into exile to the United States today the one-time hero and warrior-president, General Plutarco Elias Calles.

Calles, whose 11-year rule of turbulent Mexican politics once won him the title of "strong man", was placed aboard a Texas-bound airplane with three of his followers.

The unexpected government coup was directed personally by Calles' former follower, President Lazardo Cardenas. Calles had assailed as Communistic the policies of Cardenas, whom he picked for the presidency.

A cordon of federal troops and secret police surrounded the homes of the former president and his three supporters last night, arrested them and deported them this morning.

Canada Interested in Trade Pact

OTTAWA, April 10 (CP)—Negotiations for a trade agreement between Great Britain and United States will be watched with keen interest in Canada. Such an agreement would be almost certain to have some advantages and possibly some disadvantages for this country, tariff experts here state.

The greatest advantage Great Britain obtained from the United States-Canada trade agreement was the reduction of the United States tariff on whiskies from $5 a gallon to $2.50. As Great Britain already has a treaty with United States giving the United Kingdom most favored nation treatment, when the tariff against Canada was cut concurrently it was cut to the same extent against Britain.

Vancouver Dog Unable to Work in Search for Boy; Make Effort Again Today

Ed Cour Barron and Doberman Pinscher Come in Plane; Trials Are Unsuccessful; Child Missing a Week Now

Good Friday Observed in Rome

ROME, April 10 (AP)—Black-garbed priests, banging their prayer books violently on their kneeling benches in St. Peter's climaxed tonight Rome's Good Friday observance.

The din which the clergy created was part of a traditional rite symbolizing the confusion of nature at the death of Christ. It occurred at the conclusion of the mourning services conducted by Eugenio Cardinal Pacelli, papal secretary of state and high priest of St. Peter's.

Pope Pius was in profound retirement in his apartments, commemorating Christ's death.

LAWYER DIES

WETASKIWIN, Alta., April 10 (CP).—W. J. Loggie, K.C., of Wetaskiwin, well-known barrister and a bencher of the Alberta Law Society for 16 years, died here Thursday from a heart attack. He was 69 years old. Survivors include brothers in Vancouver, New York and Chatham, N.B.

RAIN NO BAR, DOG OWNER DECLARES

No Time Announced for Today's Attempt for Scent

TRAIL, B.C., April 10—Satisfaction of the curious today did not bring back any trace of 4-year-old Julian Burtnick who will be missing a week tomorrow.

Tuffy, Ed Cour Barron's Doberman pinscher from Vancouver was this afternoon taken by the master to the south end of Daniel street where the missing child was last seen and although the dog worked hard and was successful in trails tracing children who were spotted in hiding places, the approach of curious onlookers who insisted in closing in on the dog's territory distracted Tuffy's attention, and due to the fact that the scent would be six days old,

(Continued on Page Two)

KIMBERLEY BOYS TO GO ALL OUT TO GRAB OFF ALLAN CUP TONIGHT

Win Tonight Will Bring Canadian Title to the Kootenays; Line-ups Expected to Be Same as Thursday

WINNIPEG, April 10 (CP).—Victors in their first start, Kimberley Dynamiters, senior hockey champions of western Canada, rested here tonight in preparation for the supreme effort. They moved a step nearer a cherished Allan cup goal by defeating Sudbury Falcons, eastern titlists, 2-0 last night in the first of a best-of-three series.

Shooting for a first Dominion title, the British Columbia challengers turned loose strictly aggressive hockey to take a one-game margin into the second contest scheduled for Saturday. In the event Sudbury ties the series, a third game will be played Monday.

ALLAN CUP

The crimson clan of Sammy Rothschild wobbled momentarily in the second and third periods of last night's game. The lapse, however, was sufficient to allow the explosion of two Kimberley blasts to break the flawless goal-tending of veteran Joe Ironstone. By repeating Saturday they can retrieve the historic silverware from east of the Great Lakes where it has rested since 1931.

But the title-race is still open to upsets, the canny Falcon coach believes. His charges battled against weariness from train travel.

Both teams paid a visit to the scene of combat this afternoon for a brief whirl at limbering up exercises. After a few turns around the iced surface they returned to their hotels. Later, automobiles were placed at their disposal for a tour of the city.

No injuries were apparent as the two squads went through their ice paces. Lineups for the second game, it was intimated, would be the same as those sent out for the initial encounter.

Woodsworth Hints Would Like Resign

TORONTO, April 10 (CP).—Hint of a desire to withdraw from the national leadership of the Cooperative Commonwealth Federation was given by J. S. Woodsworth, national chairman, tonight, Speaking before the provincial convention, he reminded it he had been in office since the movement was first organized and said "it would be a very good thing to have a change in this office every few years as in the British Labor party." The delegates immediately thundered "No, no!"

WINNIPEG WINS

SASKATOON, April 10 (CP)—coming from behind, Winnipeg Olympiads eked out a 35-34 victory over Saskatoon Grads here tonight in the first game of a total-point two-game series in the Western Canada Women's championship playdowns. The second game will be played here Saturday night.

Forecasts for Nelson and Vicinity: Southerly winds, cloudy and mild with scattered showers.

TURKISH GOVERNMENT ASKS FOR RIGHT TO FORTIFY DARDANELLES

ANKARA, Turkey, April 10 (AP).—The Turkish government, taking a long expected step, asked signatories of the Lausanne treaty tonight to amend clauses on the straits convention to allow her to refortify the Dardanelles.

Foreign Minister Aras handed the note to diplomatic representatives of the signatory powers stating the Turkish government's decision.

The government recently informed Foreign Secretary Anthony Eden and other foreign officials that Turkey was considering the matter.

There has been much public clamor for rearming of the Dardanelles.

BOARD TO STUDY KOOLAREE IDEA

Members Impressed at Project Outlined by Smillie

After hearing R. Smillie explain the possibility suddenly looming of an annual student encampment from four provinces and three or more states being established at Camp Koolaree, on the West Arm, if the necessary additional buildings are constructed, the board of trade Thursday referred the question of possible cooperation in a district scheme of improvement, to the council, for study and report.

Mr. Smillie outlined the origin of the camp, the establishment of which was suggested by public spirited citizens of Trail and Rossland, and its cost largely defrayed there; its development from year to year; its improvement by various groups of boy campers under expert instruction with material provided from funds volunteered by Trail citizens; and its transfer by the original trustees, at their own request, to the United Church of Canada to be held in trust for the boys and girls of the Kootenay.

Annual improvement would certainly come, and in another five years in the ordinary course of things the camp would certainly have the accommodation required for a great student camp of a fortnight's duration, Mr. Smillie declared.

FIVE-YEAR PROGRAM NOW

But on receiving two weeks ago an inquiry as to whether this district, which was central to the greatly enlarged territory of the Christian Student Movement this year, had a suitable camp, the Kootenay executive of the Religious Education Council considered the possibility of a five-year program being carried out at once.

Mr. Smillie's address came after a long agenda of business, and there was not time to discuss it, but the applause given him signified the enthusiastic reception of the idea.

It is understood that Trail and Rossland stand prepared to share with Nelson in the raising of the funds required, estimately at perhaps $3000.

Cause of Bed-Wetting Now Known and Corrected

A noted Bladder Specialist discovered an effective, easy and harmless method of correcting this weakness in both children and adults. Demonstrations in hundreds of more or less aggravated cases have proved it to be quick and positive in results. Free information regarding cause of bedwetting and how to correct it will be sent to all who inquire. Just state age and sex of sufferer and address to Dr. Zottmann's Method, Dept. 113-V, 618 Avenue Bldg., Winnipeg, Man. * * *

Robson Thrills to Ghost Play

ROBSON, B.C.—The Robson Amateur Dramatic society presented its annual spring play on the evening of Friday, April 3, to a large and enthusiastic audience.

The play was a mystery-farce in three acts, by Jay Tobias, and opens with Mrs. L. M. Oborne appearing with her younger sister, played by Miss Helen Quance, and Mrs. Magee as their colored mammy, in the main hall of old, gloomy Mill Tavern. They have come, in spite of a stormy evening, with a view to buying it for the purpose of turning it into a tea room and rechristening it "Spooky Tavern." The consequences were surprising. She is followed by two college mates Frank Foxlee and Ronald Webster who are rivals for her affection. Soon after James Martin appears on the scene as a timorous and stuttering freshman, who has been sent to spend the night as a part of his fraternity initiation. Here the hard-faced master of the tavern, J. T. Webster and his crafty sister, Hrs. L. Hett, do all they can to scare the young people away, by scattering bloody hatchets about the premises and telling them of murderous deeds performed in the place long ago, and finally, by binding and gagging one of the girls and the stuttering freshman.

At this point an apparition appears presumably the spirit of a murderess, which thoroughly convinces the negro mammy that the place is haunted.

The second act reveals that the place is a rendezvous for a narcotic-stealing and dope-peddling gang, and that they are trying to scare the college students away in order that they may carry out their operations unmolested.

In this act W. R. Campbell ably portrays the part of an accomplice, who is followed by Rae Berry as a federal agent masquering as a sinister murderer much feared in the underworld. Excitement is piled upon excitement with a lavish sprinkling of laughs evoked by the superstitutious negress and the ghost-ridden freshman.

Miss Phyllis Oborne played the part of the ghost woman, and provided many gasps for the audience.

The grand climax is reached when the whole thing is found to be a hoax to prevent the thoroughly scared freshman reading detective stories, and the final laugh comes when it is found to have had the opposite effect.

The play was capably directed by Mrs. J. C. Waldie, and the stage management was carried out by J. C. Waldie and assistant, Frank Webster, whose sound effects and ingenious stage properties added much to make it a mystery thriller.

Sacred Drama Well Received

Costumes in Keeping With Spirit of Play

"The Half of My Goods," a sacred drama was staged in St. Paul's church Friday evening before a fairly large audience, and it was given a fine reception. The characters were dressed in costumes in keeping with the time of the drama, the period when Christ gave His life on the cross, and the scenes were extremely well acted.

Zaccheus was a biblical character and was the man who climbed the tree to see Jesus Christ pass. There were motives at work in the life of this Jew which caused him to reverse both his inner attitude toward life and his outward character toward men. The drama presents an effort to show those motives and to move men of this generation, men who are honest and men who are dishonest, to live in keeping with the character of Jesus of Nazareth.

FINDS COMFORT

The story of the drama reveals that Thaddeus, son of Zaccheus, falls in with a band of robbers and is captured. Barrabas, their chief, is also taken and it was he who was given to the mob by Pontius Pilate. Thaddeus was one of the thieves crucified with Christ. Zaccheus, whose better principles eventually came to the fore, found great comfort in the words of Christ, who said to Thaddeus, "This day shalt thou be with Me in Paradise."

The drama was directed by Rev. T. J. S. Ferguson and music was supplied during the evening by Mrs. Ferguson at the organ.

Norman Beattie and Donald Brown were the soloists of the program, the former singing "A Leg-..end," by Tschaiskowsky, and the latter, "How Beautiful Are the Feet of Them That Preach the Gospel of Peace."

The cast included Zaccheus, David Scott; Patricia, his wife, a Greek, Miss Mae McFarlane; Matthew, his friend, a publican, Charles Morris; Thaddeus, his son, Leo Gansner; Miriam, his daughter, Winona Liversidge; Rebecca, his servant, Mrs. Maurice Bright; a Roman Centurian, Maurice Bright.

The event was such a success that it will be repeated in the church on Easter Monday night.

Charming puffed sleeves and collared necklines are seen on the de luxe nightgowns; some have halter arrangements topping them. Printed fabrics are very popular in tiny pink or blue rosebud designs,

DOMINOES OFF TO ALBERTA

VANCOUVER, April 10—Seeking their third Canadian basketball title within the past four years, Victoria Dominoes, former Victoria Blue Ribbons, landed from the British Columbia capital this evening and entrained tonight by Canadian Pacific lines for Raymond, Alta., where they will meet the Raymond Union Jacks, perennial contenders, Monday night, in the first of a best-of-three series, in western semi-finals.

If they hurdle the fast-travelling southern Alberta quintette they will go on to Winnipeg to meet the Winnipeg Toilers in the western final.

MORE ABOUT

Locarno Discord

(Continued From Page One)

The foreign secretary was reported to have declared there may be a nucleus of real security for eastern and central Europe in the Hitler proposal which will compensate France for the movement of German troops into the Rhine zone.

The French appeared dejected when they emerged from the meeting, as their sanction demands apparently received only slight consideration. Eden's suggestions to be formulated during the recess, are to be placed before Locarno representatives when the league council meets again on May 11.

The British demand for strong action, coupled with an implied threat of additional sanctions against Italy, featured the earlier conciliation committee conference.

The league committees and their proposed procedure were:

1. Dr. Augusta Vasconcellos of Portugal, president of the sanctions committee of 18, received a request to convoke his group "when he considers it useful in the interests of peace."

2. The conciliation committee of 13, snubbed by the international Red Cross, decided to open its own investigation of charges and counter-charges that both Italy and Ethiopia have violated the rules of warfare.

BRITAIN GAINS GROUND

GENEVA, April 10 (CP cable)—Britain gained ground notably tonight in Locarno talks which lasted till near midnight.

She obtained from both France and Belgium: (1) Acceptance of her view that conciliation with Germany over the Rhineland has not failed, but that the way lies open for a new effort; (2) a breathing space for negotiations to take place.

The outcome of the day was regarded in British circles with great satisfaction. Both Anthony Eden, foreign secretary, and Viscount Halifax, lord privy seal, left afterward for London where they will remain until Wednesday.

In the background lies an urgent call for the sanctions committee of 18 again to appear on the scene. Sensational rumors fly around that Britain is determined to obtain a final showdown, is ready to impose more and drastic sanctions on Italy, and that if France will not act, Britain will act without her.

The rumors lack anything approaching the remotest official confirmation, yet illustrate the prevailing nervousness. The Italians decline to help in the Rhineland situation unless existing sanctions are lifted. The French will not impose new sanctions against Italy unless Britain stands ready to join France in sanctions against Germany if she attempts to fortify the Rhineland.

In this medley of opposing forces the impression is common that unless the league is able to restore a reasonable peace to shattered Ethiopia, it has entered its twilight as a real force in international affairs.

Bennett Heads Football Club

Sullivan Mine Team Prepares for Season

KIMBERLEY—The Sullivan mine held its annual meeting at McDougall hall on Sunday, April 5.

J. McLay was chairman. The finances were O.K. a small balance on hand in spite of the large amount spent last season for travelling.

The new officers elected: President, C. Bennett; vice-president, C. Gilbert, secretary, C. Greenland; manager, J. McFarlane; executive, H. Stanton, C. Skorhiem, J. Kelly, W. Roskilly and W. Rodgers.

Training will commence at once. The club will compete in the Crows' Nest league again, where they won last year.

A vote of thanks was given to J. Beattie, secretary, for the last four years and to J. McLay retiring president.

Scouts to Have Drive for Funds

The Nelson Boy Scout association at its meeting Thursday night decided to put on another membership campaign drive for funds this year, and will take steps in the immediate future to start activities. About the same committee as last year was appointed.

This summer it is planned to have a number of Scouts go to Pullman, Wash., where they have been invited by officials.

MORE ABOUT

LOST TRAIL LAD

(Continued From Page One)

making the keen-nosed dog's work more difficult, Mr. Cour Barron decided to abandon the search till some time Saturday, no time being announced as he desired to have a clear field.

Of course everyone was anxious to watch the renowned Tuffy doing his stuff, and the owner announced that he would gladly give a demonstration for the public after their work had been completed here, but requested that he and his dog be allowed to work unmolested Saturday.

Chief of Police John Laurie announced appreciation of dog owners keeping their pets locked up, the presence of dogs in the streets of the city being practically negligible, but asked that people refrain from seeking out the location of the dog and congregating wh e he was endeavoring to trace the scent.

Tuffy hopped out of the C. M. & S. company "puss" moth, piloted by Howard Anderson, company pilot at about 10:20 a.m. Friday and appeared full of vim and vigor. Mr. Cour Barron stated after an hour flight from Penticton, he felt fine as he conversed with a party which included Chief Laurie that met the plane at the landing field. Despite the fact he had left a sickbed in Vancouver to come to Trail, travelling part way by plane and part way by train, his appearance was in accordance with his expression "fine."

POWER LINE ON AIR FIELD

Pilot Anderson stated that a power line across the landing field in Penticton prevented him landing there and he was forced to use the golf course. He stated the ground was a bit rough in taking off. Despite this Tuffy fared well during the plane trip, his master stating that he had slept most of the way.

Possible reason for the bumpy takeoff was a flat tire, probably incurred on the comparatively rough golf course, for when the moth taxied up to the hangar the left wheel tire was flat. Nevertheless a perfect three-point landing was engineered by the pilot.

Since Julian Burtnick was first missing rain has fallen in spasmodic drizzles and it was feared that it might have obliviated the child's scent. Mr. Cour Barron raised hopes of Trailites when he announced that his dog had previously been successful after rain and that only torrents made his work impossible.

SOCIAL AND PERSONAL NEWS OF TRAIL

This column is in charge of Mrs. Glenn Quayle of Trail. All events of a social nature of interest in Trail and Tadanac will appear in this column. Mrs. Quayle will be glad to have any such news telephoned to her at her home in Trail.

TRAIL, B.C., April 10. — Sam Dower, whose marriage will be solemnized in the near future at Creston, was honored guest at an unique social event when Mr. and Mrs. James Coupland, Columbia avenue, entertained at a pre-wedding shower last night. A wagon-load of utility gifts, topped by a kewpie doll dressed in red, was drawn into the room by Maxine Burrows and presented to the groom-to-be. A toast to the guest of honor was proposed by Mr. Coupland, Mr. Dower responding. An impromptu entertainment was enjoyed after which refreshments were served. Assisting the hostess in serving was her daughter, Mrs. James Burrows. The guests were Fred Hammond, Jack Townsend, Cliff Hebner, Mike Defoe, Leslie Roberts, Bill Rowe, John Niven, Norman Wells, Romeo Baincheur, Charles Spitari, James Burrows, George Coupland and Jim Coupland.

* * *

Miss Mary Barker has left for Salmo, where during the Easter holidays she will be the guest of Dr. Neil Morrison and Mrs. Morrison.

* * *

Miss Eva Horwell and Miss Marguerite Horwell have left for Agassiz where they will visit for the next ten days with their parents.

* * *

Mrs. J. Nyberg is a patient in the Trail-Tadanac hospital.

* * *

Mrs. J. Tinline, who has been the guest of relatives at Crawford Bay has returned to her home at Annable.

* * *

Fred Cusick left today for Spokane where he will visit during the weekend.

* * *

Miss Therza Rossman and Miss Agnes Rossman of the teaching staff of Trail are spending the Easter vacation with their parents, Mr. and Mrs. Frank Rossman, Nelson.

* * *

Fathers and Sons met Wednesday evening at a social gathering when Enterprise lodge, No. 483 of the I.O.O.F. held their second annual Father and Son banquet in the Oddfellow hall. An excellent program was enjoyed, about 80 guests being in attendance. Supper was catered by the social group of the Adinah Rebekah lodge. A. H. Webb presided. Fred Edmunds proposed the toast to "Our Guests" which was replied to by Reub Nesbitt. The toast to "Our Sons" was proposed by Fred P. Potter, Howard Edmunds responding. Chick Rogers delighted with his versatille entertainment and a vocal quartette, composed of Howard S. Allen, Archie Phillips, and E. H. Rowlands was an enjoyable contribution. Included among the vocal soloists were H. S. Allen, H. W. Hankin and Archie Phillips.

* * *

Mrs. Charles E. Motte and Mrs. Samuel Lennox were hostesses yesterday afternoon to members of the Ladies' Aid of East Trail United church at a meeting in the church hall. Others in attendance were Mrs T. F. Cullen, Mrs. G. Palmer, Mrs. C. Howe, Mrs. F. E. Nichols, Mrs. J. McNeill, Mrs. I. E. Brinson, Mrs. C. J. Stainton, Mrs. Conrad Reik and Mrs. J. S. Shaver.

* * *

Mr. and Mrs. J. Archie Miller are spending a short holiday with relatives at the coast.

* * *

Miss Kay Cairns of Central school teaching staff has left for Fort Steele where she will spend the Easter holidays.

* * *

Plans for an early tea were discussed when members of the Canadian Girls in Training of St. Andrew's Anglican church met this week in the parish hall. Miss Kay Cairns directed the meeting.

* * *

Mrs. William Ferguson of Rossland was a visitor to Trail yesterday.

* * *

Mrs. K. Wilson was hostess yesterday afternoon at her home to members of Circle No. 1 of the Women's association of Knox United church. Her guests were Mrs. Charles Fransen, Mrs. Thomas Temple, Mrs. R. Cooper, Mrs. Frank Wilby, Mrs. William Davies, Mrs. William Spooner, Mrs. William J. Wagstaffe, Mrs. H. L. Smith and Mrs. Charles Morrow. Meeting of Circle No. 2 was held at the home of Mrs. Dave Forrest. Her guests were Mrs. Frank B. Moran, Mrs. Alex R. Buchan, Mrs. William Ray, Mrs. H. O. Hinch, Mrs. W. E. Hinch, Mrs. A. B. Webster, Mrs. John Forrest, Mrs. William H. Barchard, Mrs. Herbert Clark, Mrs. James Deans, Mrs. Lloyd Crowe, Mrs. Walter Douglas and Mrs. Dave Chalmers. Hostess to members of Circle No 3 was Mrs. D. W. Forteath who entertained Mrs. C. G. Coulter, Mrs. R. M. Wellwood, Mrs. William C. Aston, Mrs. M. Michaely, Mrs. E. L. Bice, Mrs. R. B. Dimock, Mrs. Paul Phillips, Mrs. J. B. Dovey, Mrs. Jack Currie, Mrs. A. J. Randell, Mrs. L. M. Vipond and Mrs. William H. Morton.

Charley Coyne Dies

ALBANY, N.Y., April 10 (AP).—Charley Coyne's ambition to make a star trotting horse of Storm King, the race horse trainers said was "through," will never be realized.

The 75-year-old Albany sportsman died last night on his farm near Schodack Center. He had driven harness racers for 60 years.

Velvet ribbons for trimmings have a very soft and appealing quality.

MORE ABOUT

GOOD FRIDAY TRAGEDIES

(Continued From Page One)

Homer Betts of Toledo is in hospital suffering from crushed ribs. His condition is serious.

Five-year-old Isobel Lamont, orphaned in the tragedy, escaped serious injury. She suffered only a bruised shoulder.

BOMBS BY MAIL

WILKES-BARRE, Pa., April 10 (AP)—Dynamite and fire spread terror through the sanctity of Holy week in this Wyoming valley anthracite area today.

At least six bombs were sent through the mails as "Easter gifts," killing one man and injuring five others.

Flames, reported to have started from an incendiary bomb tossed through a window, swept the rectory of St. Mary's church, in the heart of the city, while Good Friday services were being held. Monsignor J. J. Curran, pastor of the church, has been known for 40 years as "friend to the mine workers."

Suspecting a renewal of mine labor dissension, state and local police and every available postal inspector in the east, spread a dragnet over the area, in the fear other bombs may still be in the mails.

Postal inspectors said a bungled address probably resulted in the death of Michael Gallagher, 70-year-old cemetery caretaker. They expressed the belief the bomb was intended for another man of a similar name who figured in a recent mine dispute.

Gallagher met instant death as he smilingly unwrapped the package in his Hanover township home. He thought it was a box of cigars. Clinton Lehman, 35, his son-in-law, was critically hurt.

Mrs. L. Calaruzzo Passes Suddenly

KIMBERLEY, B.C.,—Mrs Liccia Cataruzzo died very suddenly on Monday morning. She was born in Italy, 20 years ago, and came to this country when a small child. She has lived in Kimberley the past eight years and is well known. Was married last fall.

She leaves a husband, her father and mother, Mr. and Mrs. A. Avaledo, well known here, and two sisters.

Urge Restoration of Hatchery Grants

KIMBERLEY, B.C.—The board of trade held its meeting Monday evening. There was a good attendance. Each meeting sees a growth in attendance and applications for membership are read and accepted. Considerable business was transacted at this meeting.

Kimberley decided to support the Cranbrook board in their effort to have the annual grant to the fish hatchery restored.

A letter was read from the C.P.R. stating that the one-cent a mile excursion rate had been extended to Kootenay Landing and east and that Lethbridge and Calgary had been included.

The new truck licences, imposed this year under the Motor Vehicle act, were discussed and a motion to have these amended will be sent to the provincial government.

A summer drinking fountain will be installed between Mark Creek store and the post office. This will be started at once.

Clean-up day was set for Wednesday, April 29, and all citizens aked to cooperate in this annual work.

The secretary will write to Calgary daily newspapers, thanking the citizens of Calgary for their support and treatment of the Dynamiters during the recent games there. They also sent a telegram to Winnipeg after the first game there.

Broadman Death Was Accidental

SLOCAN CITY, B.C.—Dr. Francis, James Draper and Constable Martin of New Denver were here Tuesday and Wednesday in connection with the Broadman inquest. A jury, impaneled by Coroner Francis of New Denver, composed of Thomas McNeish, foreman, W. Clough, A. E. Purney, A. E. Palmquist, W. E. Graham, and Alderman W. Hicks, convened in the Orange hall Tuesday afternoon to inquire into the tragic death of Andrea Broadman who lost his life on the evening of March 27th when fire consumed his ranch home on the west side of Slocan river about three miles south of Slocan City.

After an investigation which lasted throughout the afternoon and continued the following morning a verdict of accidental death was returned. Owing to the isolated location of the ranch, the scene of the tragedy was not visited until the morning after the fire and little evidence could be obtained as to what really did happen, but it is presumed from the position of the remains of the deceased that he had not retired for the night, and was possibly overcome while trying to remove some of his personal effects from the building after the fire had gained considerable headway. The late Mr. Broadman was a native of Switzerland and one of the very early locators in this locality. In the early days he was a partner of Martin Martinson in a bakery business here and spent several years prospecting before settling on the ranch where he met his tragic end.

The Winged Myriads of London

In Nelson it is the Madden Block tower; in Rome it's St. Peter's; in New York it is the public library; but in London, it is Trafalgar Square that is the favorite flying ground of the city's pigeon bevies. Notice how they polychrome the famous monument of Lord Nelson after being startled into flight by the backfire of an automobile.

BOY TENOR AT 14

LONDON (CP)—Sidney Bernstein of Whitechapel, 14-year-old music-hall singer, has such a remarkably well-matured voice that when he begins to sing people gape in astonishment.

All-Out-of-Sorts! Nervous, Irritable, Peevish!

MILBURN'S HEALTH AND NERVE PILLS

This may be due to lack of proper rest, the worry over business, the too free use of tea, coffee or tobacco, the keeping of late hours, the never ending drudgery of housework, but whatever the cause you have been putting too heavy strain on the nervous system.

If you are tired, listless, irritable, distressed, you will find in Milburn's H. & N. Pills a remedy to make the weak nerves strong, the shaky nerves firm, a medicine that will help put you on your feet again.

Yahk Couple Are Congratulated

YAHK, B.C.—An enjoyable evening was spent at the home of Mr. and Mrs. Pete Jensen on Saturday, when a number of their friends gathered to congratulate them on the occasion of their fifteenth wedding anniversary.

Those present included Mr. and Mrs. Albert Anderson, Mr. and Mrs. James Wilcox, Mrs. Jack Trainor and Betty Trainor of Glenlily, A. Lythgoe, Alberta Anderson, Mrs. Howard Parker of Slocan City, Hans, Smedbol, Dave Harvey and the guests of honor.

Lutheran Sunday school and church services were held in the high school Friday evening with Rev. C. Baase of Creston officiating.

The Women's association of the United church held their April meeting Thursday at the home of Mrs. Axel Erickson.

Mrs. L. W. Walthers returned to her home on Friday from the St. Eugene hospital, Cranbrook, where she has been a patient for several weeks.

Charles Lind of Camp 31 was a visitor here at the week-end, having received an injury to his eye.

Mr. and Mrs. Algot Johnson of the "Pines" at camp were business visitors here Saturday.

Victor Johnson returned Monday from Camp 31 where he has been employed for the past two months.

Yahk was well represented at the badminton tournament held in Creston on Wednesday afternoon and evening.

Those making the trip from Yahk were Mr. and Mrs. Harry Dickson, Mr. and Mrs. Joe Brogan, Mrs. F. A. Lazenby, Jack Anderson, Jack Hamilton, Mrs. D. White, Mr. and Mrs. Arthur Lythgoe and Bill Jupp.

Mrs. Dickson and Mrs. Brogan won the cup for ladies' doubles and Mrs. Brogan won the ladies' singles cup.

Jack Taylor, government road foreman, was a visitor here Wednesday en route to his home in Cranbrook.

Visitors from Glenlily on Wednesday included Mrs. B. Obert, Sid Rogers and Naida and Phyllis Bamhardt.

Mr. and Mrs. Elmore Staples of Skookumchuck-in-the-Rockies were visitors here en route to Havre, Montana, where they will spend the Easter vacation.

A. J. Balment of Cranbrook was a visitor on Wednesday at the home of Mr. and Mrs. Jack Walker.

James McDonald of the forestry department was a visitor here Friday from Creston.

Ragner Stein of Camp 31 left on Sunday for Canal Flat.

Ivor Erickson of Kimberley was a visitor here recently.

Mrs. Jack Walker is confined to her home through illness.

Mae Bostrum of Kimberley has returned to the new hotel where she is employed.

Jack Sinclair of the Goatfell camp has been transferred to Aldridge.

Isobel Tanner who spent the past month here has returned to her home in Cranbrook.

Wilfred Lee of Bonnington Falls was a visitor on Saturday at the home of his brother-in-law and sister, Mr. and Mrs. F. A. Lazenby.

Mrs. S. J. McCartney returned on Sunday from the St. Eugene hospital where she has been a patient.

L. Whiteford of Cranbrook was a business visitor here Friday and Saturday.

Axel Lomberg has left for Englishman Creek where he will be employed.

Open Season for Campus Beauties

MISS LOUISE CARROLL

The season for campus beauties is open, and here we are treated to the exquisite blonde charm of Miss Louise Carroll, University of Missouri arts and science student, who won the title of most beautiful co-ed on the campus. Miss Carroll is from Louisiana, Mo.

Happy! Oh Yes

—Photo by McGregor.

Things seem particularly bright for Josephine Marie, 11-months-old daughter of Mr. and Mrs. A. J. Choquette of Josephine street.

Precious stones of different colors are worn by the various ranks of Chinese mandarins. The highest rank wears a red ruby or pink tourmaline; the next rank wears coral or garnet; the third beryl or lapis lazuli; and the bottom rank white rock, crystal or other stones.

TESTED RECIPES

CHEESE IN THE MENU

At this season of the year busy housewives are checking over their recipes for meat substitutes. The primary purpose of any food which is to be used as an alternative of meat is to supply the necessary protein for the meal. Cheese dishes adequately meet this requirement. In salads, as dessert, cheese may be incorporated into the meal, but its chief use is in the making of delicious and attractive main course dishes, a few of which are suggested here by the Milk Utilization Service, Dominion Department of Agriculture.

CHEESE SOUFFLE

1¼ cups milk
¼ cup granulated tapioca
1 teaspoon salt
1½ cups grated cheese
½ teaspoon mustard
4 eggs

Heat milk in double boiler. Add tapioca and salt, and cook until clear stirring occasionally. Add cheese and mustard and stir until blended. Remove from fire. Beat in egg yolks, one at a time. Fold in stifly beaten egg whites. Pour into buttererd baking dish three-quarters full. Place dish in pan of hot water. Bake in moderate oven (350 to 375 degrees F.) until firm and lightly browned—about 40 minutes. Serve hot.

VEGETABLES AU GRATIN

Butter a casserole and line with cooked spinach. Add a layer of cooked rice, then a layer of string beans or peas, and cover with slices of tomato or onion. Pour a generous amount of thin cheese sauce over vegetables, and bake in a moderate oven about 20 minutes. To make cheese sauce use:

2 tablespoons butter
2 tablespoons flour
½ to ¾ cup grated cheese
salt and pepper
pinch of mustard
1½ cups milk

Melt butter, blend in flour and add milk gradually. Stir until mixture thickens. Add seasonings and grated cheese. Beat well.

TOMATO AND CHEESE RAREBIT

3 tablespoons butter
3 tablespoons flour
2 tablespoons chopped onion
2 cups grated cheese
2 cups canned tomatoes
1 teaspoon meat sauce
dash of cayenne
salt and pepper

Cook chopped onion slowly in the butter. Stir in flour. Gradually add tomatoes and seasonings, and cook until mixture thickens. Add grated cheese. When cheese is melted serve on toast or crackers. If desired, the tomatoes may be strained or 1½ cups tomato juice may be used.

CELERY AND CHEESE CASSEROLE

3 tablespoons butter
3 tablespoons flour
1½ cups milk
salt and pepper
1 cup grated cheese
1 tablespoon grated onion
1 cup cooked spaghetti
2 cups diced celery
½ cup buttered crumbs

Melt butter, blend in flour and add milk gradually, stirring constantly. Cook until thick. Add salt, pepper and grated cheese. Beat until cheese is melted. Combine spaghetti, celery onion with sauce. Place in buttered casserole, and cover with crumbs. Bake in a moderately hot oven (375 degrees F.) until crumbs are browned—about 20 minutes.

The line ever is widening this season between sports and evening gowns. Colorful tweeds, heavy and tailored, are the smartest thing for sports and business wear, while formal fashions grow more and more feminine and alluring.

A very stunning afternoon dress for southern wear is a chalk white crepe printed in large designs in royal blue. The neckline is trimmed with a lei of white pique daisies with royal blue centers.

Sacred Concert Is Given, Cranbrook

CRANBROOK, B.C.—One of the most enjoyable sacred concerts to be heard in the city for some time was staged on Thursday evening by the choir of the United church under David Morgan, when the cantata "The Good Shepherd" was presented to an appreciative audience. The charm of the melodies of this cantata, together with the perfection of timing and blending of voices testified to weeks of work on the part of conductor and choir. Solos during the evening by Miss Jean Glendenning, J. Sims Jr., Mrs. Gibbons, E. Godfrey and Miss Sybil Norgrove added greatly to the enjoyment of the evening's program, as did a duet by Misses Erma Taylor and Margaret Leonard and quartettes of mixed voices, Mrs. Ward, Mrs. Norgrove, E. Godfrey and E. Davies singing "There Is a Green Hill Far Away," and Mrs. Williams, Mrs. McPhee, Mr. Hanna and Mr. Brewer singing "He Is Gone."

Proceeds of an offertory will go toward the purchase of new music for the choir.

Following was the program: "I Am the Good Shepherd," by the choir; "The King of Love My Shepherd Is," by choir; "Ho Everyone That Thirsteth," solo by Miss Jean Glendenning; "O Jesus Ever Present," I. Hanna and choir; "And They Brought Young Children," a male voices, b, ladies' voices; "Hosanna to the Son of David," by choir; "O Lord Our Governor," solo by J. Sims Jr.; "Come Ye Children," solo by Mrs. Gibbons; "Love Divine," by choir; organ offertory, "I Know That My Redeemer Liveth," Mrs. D. Morgan; "Come Unto Me," by male chorus; "As the Hart Pants," Miss Sybil Norgrove and soprano chorus; "Why Art Thou Cast Down," male section and the choir; "God So Loved the World," E. Godfrey and the choir; "We Cannot Tell the Bitter Woe," by choir.

A baby problem every mother faces

THERE are times when even the healthiest baby's system becomes sluggish . . . clogged.

The problem is what laxative is best to start the little tot functioning normally again. Is a grown-up's laxative safe enough for him? Doctors advise against it. They say a laxative made for a grown-up can be too harsh for a child's delicate system. It can cause griping, cramping pain.

That's why doctors recommend the laxative made especially AND ONLY for children—CASTORIA.

CASTORIA will not act in a strong, "adult" way. There isn't a single irritating ingredient in it. No harsh, purging drugs. No narcotics.

Even the taste of CASTORIA is made especially for children. They are not afraid to take it. And you should be glad that they aren't.

For the revulsion a child feels when forced to take a nasty-tasting laxative can throw his entire system out of order—and do more harm than good.

So stay on the safe side and get CASTORIA today. Every drug store sells it. If you're thrifty you'll ask for the Family-Size. It lasts longer—saves you money.

CASTORIA
The Children's Laxative from babyhood to 11 years

MENUS RECIPES and HINTS

Good Housekeeping

By Mrs. Mary Morton

Menu Hint

Peerozhkee (Meet Rolls) Gravy
Pickles Stuffed Celery Salad
Canned Peaches Cookies
Coffee or Tea

The main dish today is Russian. It is economical and very good, so try it and give the family something entirely new. These butterscotch cookies are great favorites at our house and keep excellently. The recipe makes about three dozen cookies.

Peerozhkee (Meet Rolls) — Two pounds soup meat, cooked; one egg, two tablespons butter; two onions, one teaspoon pepper, one-half teaspoon allspice, salt, rich biscuit dough. Chop meat, fry onions in butter, combine everything and mix well. Roll dough half an inch thick, cut into four-inch squares, put meat mixture by tablespoons on each, shape into oblong rolls and bake in hot oven until golden brown.

Stuffed Celery Salad—Select tender stalks and hearts of celery and clean thoroughly. Arrange in a bed of lettuce leaves. Prepare a mixture of cream cheese and chopped olives. Season to taste and fill the mixture into the hollow portions of the celery stalks. Cut the stalks in short lengths for convenience in eating with the fingers.

Butterscotch Cookies—Two cups brown sugar, three-fourths cup butter, three eggs, one teaspoon vanilla, one-half teaspoon salt, one teaspoon each baking soda and cream of tartar, one cup broken nut meats, four cups pastry flour. Mix and mold into a cylinder. Put into the refrigerator or a cold place until morning, slice and bake in a moderate oven.

FACTS AND FANCIES

Washing Rag Rugs

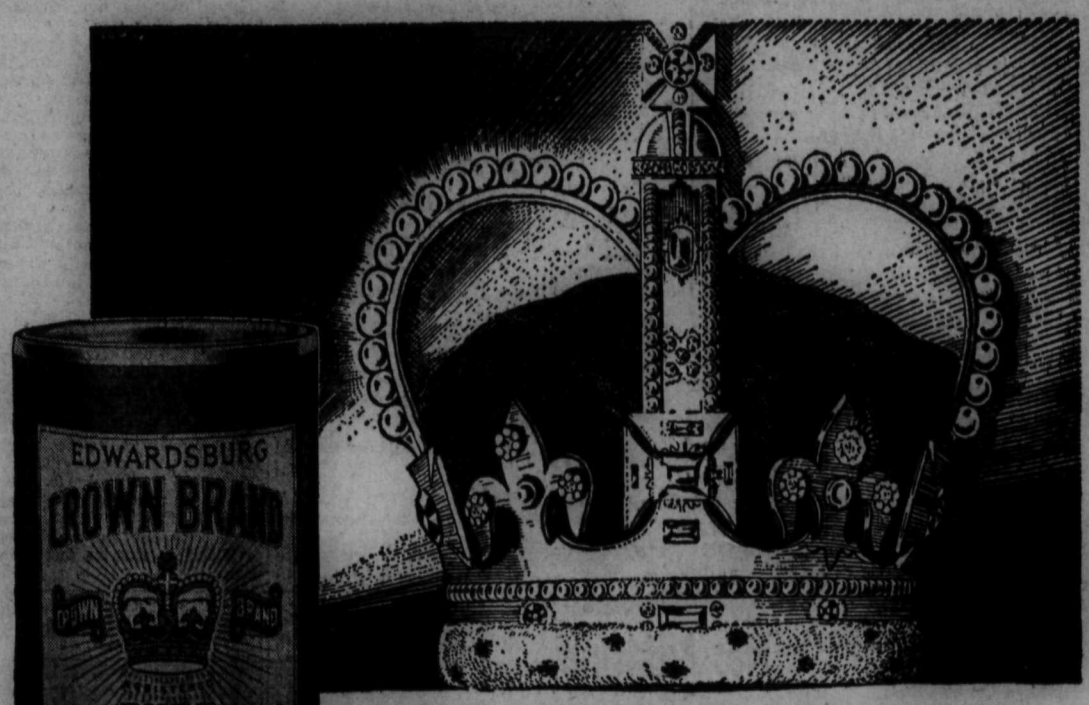
Rag rugs can be washed much more easily and thoroughly in the electric washing machine, if you have one. Put the rugs in one at a time. The washer should be filled with lukewarm water to which has been added two tablespoons ammonia and about a cup of good washing powder or soap flakes.

The length of time to wash them depends, of course, upon the condition of the rugs as well as on their size and weight. After they are clean they should be rinsed twice, once in lukewarm water and then in cold.

Do not pin them on the line by the edges to dry. Double them over the line or spread out flat on the ground.

Washing all your silver once a week in warm water and soapsuds will keep it reasonably free from tarnish. An occasional scouring with silver cream will do the rest.

PURITY FLOUR
MAKES BETTER BREAD



FREE OFFER
to young Athletes

Send for the book "How to become an Athlete"—by Frank J. "Shag" Shaughnessy, famous athletic coach. It will be most interesting and instructive for you. Here's how to get it.

Remove the label from a tin of "Crown Brand" or "Lily White" Corn Syrup—write on the back your name and address plainly with the title "Athletes Book" (one book for each label). Mail the label to The Canada Starch Co. Limited, Montreal. Your book will be sent at once.

WOMEN ALLOWED TO DOFF VEILS

The emperor of Iran, Reza Shah Pahlevi, has consented to the women in his realm unveiling if they wish. They are not compelled to discard the veil, but those who wish to discard this age-old custom may do so without hindrance. A new era for the women of Iran is hailed, as this innovation marks the end of their seclusion.

Consolidated Net Profit After Depletion and Depreciation Is $4,306,259, Gain of $2,000,000

Base Metal Market Likely to Hold Warren Thinks; Big Missouri Being Tested for Large Mill; Box Lake Plant Possible

COMPANY INVESTIGATING COPPER ORE POSSIBILITIES ANYOX AREA

Control of Pacific Coast Terminals Secured; Power Bonds Converted; $116,000,000 Is Spent for Supplies in 10 Years

"After providing for current development, adding $18,823.44 to employees' pension fund (the year's disbursements on this account being charged to the year's revenue) and setting aside $1,150,000 for taxes, there was a surplus of $7,154,267.90." President J. J. Warren of the Consolidated Mining & Smelting Company of Canada, said in the directors' report submitted to the 30th annual meeting of shareholders in Montreal Thursday, covering the company's operations for 1935.

"Deducting the write-offs for depletion and depreciation, $751,471.75 and $2,096,256.86, respectively, there remained $4,306,559.29, compared with $2,211,559.29 in 1934," his report continued.

"Fire losses, small in amount, were charged to current revenue. The fire insurance reserve remains unchanged at $786,104.75.

Dividends No. 60 and No. 61, and a bonus of $4 a share, aggregating $4,232,452, were declared, and paid to shareholders during the year, the remainder, $74,107.29, being carried to earned surplus account, which amounted to $1,831,108.33 at the end of the year.

"Taxes—In 1934, $450,187.05; in 1935, $1,150,000.

TAX BASIS CHANGED

"These ever increasing imposts are most discouraging to enterprise and detrimental to national progress. No increases have been made in the percentages of the levies, but the same result has been reached by arbitrary changes in allowances for depreciation, exploration, et cetera—which may or may not be a commendable method of attaining an objective. Losses are entirely for the account of industry, while provincial and federal governments dip deeper and deeper into earnings. Were it not for depreciation in currency, commonly looked on as appreciation in gold, stagnation would be inevitable. Appearances—the result of this highly artificial condition—may be deceptive, and the future cannot be viewed with equanimity. The national and provincial unbalanced budgets, causing large annual additions to obligations, are a real menace. The National railways' unnecessary drain on the nation's resources is inexcusable, and calls for a major operation to relieve the sufffering patient, while, if something be not done to bring about substantial production in one form or another by the recipients of public relief, the financial resources of the nation will be strained to breaking point. There is no disposition on the part of industries to evade or escape reasonable taxation, but, when their contributions are not reducing either national or provincial debts—which, on the contrary, are increasing year after year—expansion of operations, if undertaken at all, must be with many misgivings.

BASE METAL PROSPECTS HOLD

"Lead and zinc stocks are carried at cost, which is below the market price of these metals. Gold and copper are carried below market. Silver is carried at market.

"Base metal prices improved. Silver appreciated until the latter part of the year, when it dropped rather precipitately. It remains, however, at a fair price for a commodity.

"Base metals are not likely to decline in the near future. The building program of Great Britain will continue to call for large supplies of these metals, while an armed peace (if nothing worse) in Europe will require and consume substantial quantities.

"Unbalanced budgets and more or less currency inflation almost everywhere will probably continue the present relationship between currency and gold, notwithstanding the large increase in the world's production of that metal.

"The demand for cadmium will likely continue, and at a good price.

"There is a narrow market for bismuth at a fair prcie.

ACCORD WITH LONDON

"During the early part of the year an accord was reached by the Empire producers of lead and zinc with the British fabricators of these metals, resulting in the substitution of small but specific duties for the ad valorem ones provided in the Ottawa agreements, and in the elimination of the obligation to supply British fabricators at world prices, and resulting too, in what was much more important, the establishment of friendly and mutually helpful relations between Empire producers and British fabricators.

"Particulars of the year's output are set out in the Comptroller's report.

"There were substantial increases over the previous year in ore treated, and in gold, silver, zinc and cadmium, which are your main products.

"There was a falling off in copper and bismuth, and a slight drop in fertilizer.

"Mining and smelting operations are fully reviewed by the vice-president and general manager, and the vice-president in charge of mines.

"Production costs were satisfactory.

"The metallurgical department reports that the production of elemental sulphur and an increase in the output of sulphate of ammonia will begin in June.

"The four gold prospects referred to in last year's report are developing encouragingly.

BIG MISSOURI MILL POLICY

"Big Missouri, near Stewart, British Columbia—With gold at its present value in currency, development has proved sufficient ore to warrant the construction of a 500 ton mill, but, as a much larger mill would reduce costs, and, as there are indications that the property carries sufficient ore to justify this larger installation, development is proceeding to prove these indications.

"The Big Missouri property is owned by the Buena Vista Mining Company, Limited. Of the 500,000 shares issued by that company you own 300,000 shares, the remaining 200,000 shares being in the treasury of the original owners—the Big Missouri Mines corporation. Besides, you own $388,000 of a bond issue of the Buena Vista company, and the Big Missouri company owns $83,000 of the bonds of the same issue. At the end of the year the Buena Vista company owed you in addition, $384,435.62 for advances to pay for recent development work, and it owed the Big Missouri Mining company $122,726.94 for similar advances.

"When a decision is reached as to the size of the mill to be installed, a change will be made in the financial structure of the Buena Vista company. A tentative basis has been agreed on with the minority interest.

"Box Property—Athabaska Lake, Saskatchewan—Development of the gold property described in the report of the vice-president in charge of mines, indicates the probability of a major operation in due course. Consideration is being given to the installation of a crushing and sampling mill—and possibly a small unit to treat the ore taken out during development.

"You own 98 per cent of this property, and have an option to acquire the remaining interest on reasonable terms.

Afton Mine, Temagami Reserve, Northern Ontario—This gold property is developing satisfactorily. It is owned by the New Golden Rose Mining company, Limited, an Ontario corporation, with a capital of three million shares, par value $1 each. You own 2,000,000 of these shares, the remaining 1,000,000 being in the treasury of Afton Mines, Limited, the original owners. You have the option of providing funds for the further development and the equipment of the property, any sums so advanced to be paid with interest out of the first profits from operations.

"Chibougamau, Quebec—So far, the property has not opened up as satisfactorily as the diamond drilling seemed to indicate, but results are good enough to jusitfy further development, which is being pushed vigorously. It may be a year, or longer, before a definite conclusion can be reached.

"At the end of the year you owned 780,000 shares of Consolidated Chibougamau Goldfields, Ltd., and you had an option on sufficient of the remaining shares to give you control. The company is capitalized at 3,000,000 shares, par value of $1 each.

"In addition to these four, you own other promising properties in various stages of development.

"Sullivan mine—The results of the year's operations are satisfactory, both as to ore extracted and further ore put in sight.

"Placer working—You look forward to substantial production of gold from these properties in 1936.

"In general—All buildings, plant and machinery have been well kept up from current revenue.

"Development in your shipping mines is well ahead of production shipments, insuring an adequate supply of ore for many years.

ROSSLAND LEASES

"Rossland mines—These properties were worked out some years ago, as far as a large sized operation was concerned.

"Some time ago, owing to the increased value of gold in currency, certain small sections, which could not be worked with gold at the normal currency price, were leased to old employees—many of whom were out of work. The ore is highly siliceous and only a small percentage of it could be used in the operations of the smelter. However, shipments were taken until more than two years' needs of the smelter were accumulated, when some restriction was applied, owing to the risk of serious loss being sustained on spot gold settlements for realizations two years distant.

"Fertilizer operations—The plants worked satisfactorily, costs being reduced and the grade maintained.

"Sales continue satisfactory in volume, and at somewhat improved prices.

"Dr. Neidig's interesting report shows that the farmers are well pleased with your product. Many of them suffered severely from drought, rust and other harmful visitations during 1935.

COAL INTERESTS

"Coal—The McGillivray Creek Coal & Coke Co., Ltd., and the International Coal & Coke Co., Ltd., in which you have substantial interests, by reason of your large shareholdings, operated profitably under the direction of your director, Mr. Lorne A. Campbell.

"Large tonnages of coal were mined and shipped. A considerable tonnage of coke was produced and shipped to your smelter.

"Power—The power plants operated continuously, with the largest output of electrical energy in their history. Mr. Campbell, whose report is herewith, is to be congratulated on the excellent showing made.

"Since the beginning of the year, your subsidiary, the West Kootenay Power & Light company, called its 5 per cent bond issue maturing in 1936, paying it off with the proceeds of an issue of 4 per cent bonds payable in 1956. Not only will there be a large saving because of the reduced interest rate, but the new bonds are payable only in lawful money of Canada, while the former issue was payable in sterling, United States funds, or Canadian currency, at the option of the holder, a privilege which might prove both embarrassing and expensive. You will be asked to confirm the action of the board in attaching a guarantee to the new issue, similar to the one you authorized in respect of the former issue.

"Pacific Coast Terminals Co., Ltd., New Westminster, B.C.—At the close of the year you acquired from the trustee for the bondholders a 55 per cent interest in the assets of this corporation, which owns and controls large storage warehouses in New Westminster, as well as important dockage rights there. You are now assured of ample storage and shipping facilities for both your present and future metal, fertilizer and other exports.

ANYOX POSSIBILITIES

"Plant and property purchase—At the close of the year you also acquired the derelict property and plant of the Granby Mining & Smelting company at Anyox, B.C. Parts of the machinery are being transferred to some of your properties.

"An investigation is being carried on to see if there is sufficient copper ore tributary to the plant to warrant the operation of a copper smelter. If so, and it can be purchased on reasonable terms, the copper smelting plant may be restored and put in commission. A copper smelter on Pacific tide water has always been an objective of your management.

"Finances—Your financial position was strengthened during the year. Your reserves must be large enough to enable you to keep your workmen in steady employment during any temporary depression. You were able to do this during the recent reduced demand for your products.

"Over 6000 men and their families are dependent on your operations for their livelihood.

"Capital expenditure amounted to $2,923,473.49, of which $1,426,216.05 was spent on property account and $1,497,257.44 on plant account.

"The following particulars of some of your activities are interesting:

10-YEAR TABLE

"For 10 years (1926 to 1935, inclusive):

"Production:

Gold	324,830 ounces
Silver	68,887,000 ounces
Lead	2,904,965,000 pounds
Zinc	1,788,946,000 pounds
Copper	84,795,000 pounds

"Expenditures:

Railway freights	$ 38,775,000
Wages and salaries	75,833,000
Supplies	116,000,000

SMOKE SETTLEMENT

"Smoke claims—During the year the United States government accepted payment of the unanimous award of the international joint commission, settling all damages to the 31st December, 1931.

"A new commission is being established to ascertain and fix what, if any, damages have occurred subsequent thereto. Investigations carried on by your staff indicate that these are negligible.

"Sales—The report of the vice-president in charge of sales is very informative as to world production and consumption of your products. Sales under his control were well handled, including those made by your European representatives, Messrs. Henry Gardner & Co., Ltd., and your Asiatic representatives, Messrs. A. Cameron & Co., Ltd., of Kobe, Japan, and Shanghai, China.

"Employees and staff performed their duties loyally and efficiently.

"Since the beginning of the current year, Mr. W. A. Black, who has been a painstaking director for many years, tendered his resignation for personal reasons, which your directors accepted regretfully.

"Mr. W. N. Tilley, K.C., was elected his successor.

"You will be asked for authority to change the par value of your shares from $25 a share to $5 a share, and to exchange each of your shares now held for five of the shares of the new par value. Your directors feel that this action will make for a wider distribution of your shares, and an increased number of shareholders, which is very desirable in connection with your relations with both federal and provincial governments.

"You will also be asked for authority to create an executive committee of the board."

'Tis Easter and the Dionnettes Are Told the Story

The quintuplets will be two years old next month, and no doubt there will be elaborate birthday celebrations. But at the moment they are more interested in Easter eggs and bunnies. Dr. Dafoe is not too professional to get down on the floor to play with his little charges and we see here Yvonne, Annette, Cecile, Emelie (at BACK) and Marie being told the story of Easter.—(Photo copyright, Central Press Canadian.)

Visitors Do Well During Late Play

Visiting badminton players, participating in the fifth annual badminton tournament of the Nelson Badminton association in the Nelson civic centre hall, added more games to their list during late play Friday night, when spectators witnessed a number of three-set affairs.

Late results were as follows:

Mixed doubles, handicaps:

W. Hearn and Miss O. Fair beat H. D. Dawson and Mrs. G. Lawrence, 15-9, 15-9; H. Grutchfield and Miss K. Nisbet beat C. Ramsden and Miss E. Ogden, 15-8, 15-7.

Men's doubles, open:

H. D. Dawson and D. Male beat P. G. Morey and Dr. W. Laishley, 15-4, 8-15, 15-7.

Ladies' doubles, handicap:

Miss C. Hickman and Miss A. Allan lost to Mrs. A. C. Emory and Mrs. G. C. Arneson, 15-11, 15-9.

Mixed doubles, open:

E. Nadeau and Mrs. E. McGregor lost to L. McBride and Miss R. Craufurd, 17-14, 17-18, 15-11.

Men's doubles, handicap:

A. Pagdin and R. R. Brown beat Grant Hall and N. Ashley, 15-11, 15-8.

Lutherans Plan Easter Services

Two special Easter services are to be conducted at St. John's Luthern church Sunday by Pastor Rev. V. L. Meyer and in the evening the topic will be "The Radiance of Our Easter Joy." Appropriate music will be given by mixed choirs at both services.

Easter Monday Pastor Meyer and F. W. Hamann, St. John's Luthern school teacher, will leave for Kelowna to attend the sessions of the British Columbia Luthern conference April 14 to 16.

WHAT DO YOU THINK?

All letters to the editor must be signed with the name of the writer. A nom de plume may be used for publication if desired. Lines in typewritten copy should be double spaced.

Fleming on Behalf of Musical Group Regrets Criticisms

Editor, Nelson Daily News:

Sir—In this morning's issue a letter by 'Musiens" appears which is decidedly unfair to the members of the city council serving on the Auditorium committee. A letter that may not assist in securing a much cherished objective a concert grand piano for the stage of our new civic auditorium.

Those of us who have been in close touch with the auditorium committee have repeatedly been assured that it is the intention to provide the auditorium stage with a concert grand piano and that when the time comes for purchase that advice would be sought. An upright piano for the orchestra pit is a readily conceded provision.

Of late it has been the opinion of the auditorium committee that due to the usual slump in auditorium activities during the summer months and as at this time of the year finances are none too plentiful, the purchase of the grand piano might reasonably be left till the beginning of the fall season. When this decision became noised abroad representatives of all local musical associations and those likely to be interested in musical activities on the auditorium stage were called together and it was decided to present a letter to the auditorium committee accompanied by the endorsement of these representatives together with a delegation. We are pleased to report that this delegation was received very graciously on Thursday afternoon and we believe real progress was made.

It was not the intention of the delegation to cause any embarrassment or make any criticism, but simply to emphasize in a most friendly manner the importance and essential necessity of providing the auditorium with a concert grand piano of unquestioned reputation, and to ask that the purchase be made immediately in order to be on hand for the inaugural concert and for the Kootenay Musical festival, as well as for the activities that will likely be presented while the auditorium is new and attracting public attention. It was also pointed out that no doubt the city could make the purchase now and defer the major portion of the price till the latter part of the year.

In our argument that a concert grand piano should be provided for the full life of the auditorium, it was pointed out that a hall of this size required the volume of a concert grand piano; that only in a concert grand piano is found the string length and mechanism necessary to produce certain effects, in piano recitals.

Distinguished artists insist on a concert grand piano of high repute, or one must be procured suitable to them. To procure a piano for such special occasions would involve rental, transportation, insurance and the possibility of litigation, very likely making the proposition prohibitive. The purchase then of this essential piece of equipment would provide that this source of income could be reasonably explored. Chairs, orchestras and soloists have been handicapped here for years by the inconvenience of upright pianos, but now with a grand piano, the accompanist may face the conductor or soloist, thereby greatly adding to the excellence of the performance.

We have every sympathy and respect for the members of the auditorium committee consisting of Chairman Alderman T. H. Waters, Alderman Roy Sharp, Alderman Alex Ritchie, and his worship, Mayor J. P. Morgan. We know these gentlemen are giving lavishly of their time and energy entirely in the interests of the ratepayers. The many bewildering provisions to be made with a limited capital call for extreme care and concentrated thought. Theirs is no bed of roses.

We wish to thank the auditorium committee again for their kindly consideration of our wishes. Our representations and cooperation is offered in the hope that our new civic auditorium of which we are all justly proud, shall be a success artistically, as well as financially.

ROSS FLEMING,
Chairman for the Signatories.

Nelson, B.C., April 10, 1936.

William Reyden Passes at Nakusp

NAKUSP, B.C.—William Vender Reyden, 76, an old timer of the district, died Monday afternoon in the Arrow Lakes hospital.

Mr. Reyden was born in Leyden, Holland, March 14, 1860. He has resided in British Columbia 28 years, 22 years being spent in Nakusp.

He is survived by his wife and two sons, William Reyden of Nelson and Jack Reyden of Nakusp.

SLIDE DELAYS WEST TRAIN

The Friday night passenger train from the west did not reach Nelson until about 1 o'clock Saturday morning, a slide at Coryell delaying it about five hours. A local train was made up at Trail and made the run to Nelson, then returned.

Institute Gets Carding Machine

PASSMORE, B.C.—N. Samordin and family of Perry Siding moved on to the Horrie ranch last Saturday. They hope to make their home here.

Mr. and Mrs. J. Shepkie were Nelson visitors last Thursday.

F. Chicinile arrived from Slocan City last Sunday to work on the C.P.R. section.

Those attending the final game of the whist tournament held at Vallican last Saturday were Mr. and Mrs. White, Miss E. Forbes, Miss B. Perry, A. Hopland and W. R. Perry.

Alf Hopland motored from Trail last Saturday, returning Sunday.

Miss E. Forbes won the ladies' first prize of the whist tournament at Vallican last Saturday.

Mrs. A. P. Whiteman was a Nelson visitor Thursday.

The new wool carding machine for the Slocan Valley Women's institute has arrived. The members are busy finishing their quilts.

An explosive said to be more powerful than nitro-glycerine is produced by a process developed at the University of Iowa. Inositol is manufactured from water in which corn is soaked in corn starch making, and this is processed with nitric acid.

Shuttle Players Provide Fine Games for Opening of Nelson Hall; Favorites All Advance

Cherrington, Morley, Morey and Godfrey Do Well

Replete with fine play, although lacking any outstanding upsets, the Nelson Badminton association's fifth annual tournament got underway at the Nelson civic centre badminton hall Friday night when some 45 games were witnesses by close to 300 spectators.

The opening of the new civic centre hall was one of simplicity, players on the 7 p.m. draws taking to the court without advance ceremony.

Players dished up a number of three-set thrillers.

John Morey, Monty Morley, Arthur Godfrey and Jim Cherrington won their first games in the men's open singles. Morley was also a winner in the open doubles event, pairing with L. McEarchern. Morey, Cherrington and Godfrey were also successful partners in the open mixed doubles events.

CHERRINGTON DOES WELL

Cherrington provided a mild upset in defeating R. K. McFadden of Bonnington in a sizzling game 17-15, 15-5.

Visitors fared well in the opening play. G. Wilson of Rossland and R. Webb of Trail advanced in the men's singles handicap event; Miss P. Shannon of Willow Point won her ladies' singles handicap match; G. Hall and N. Ashley advanced in the men's doubles, handicap; Miss O. Fair and her sister Miss D. Fair of Salmo; Miss J. Green of Willow Point won in the ladies' doubles handicap, while R. K. McFadden of Bonnington won in the open mixed doubles.

The tournament continues today with games at 9:30 a.m.

FAMILY CIRCLE

This year the family circle is again much in evidence on the badminton courts, with a growing number of husband-wife, and brother-sister combinations in the mixed doubles. A number of family teams in the ladies' doubles and men's doubles, however, have been split up this year.

Miss O. Fair and Miss D. Fair are again participating as teammates in the ladies' doubles this year. Miss C. Shannon and Miss P. Shannon of Willow Point are also lined up together in the same events. There are no such teams in the men's events. Roy McKenzie and his sister, Edna McKenzie, who made a fine showing last year; G. D. G. Barwis and Mrs. Barwis of Harrop, always contenders in the Nelson tournament; Harold Chapman and his sister, Miss Edna Chapman, of Nelson; N. R. German and sister, Miss Q. German of Nelson; Mr. and Mrs. A. Godfrey, who last year carried off a big share of the tournament honors; A. M. Major and Mrs. A. C. Major of Harrop; Mr. and Mrs. George Lee-Warner; George Simpson and Mrs. Simpson of Nelson; Fred Weir and Mrs. Weir, and D. Dodding and Mrs. Dodding, are among the many family teams in the mixed events.

TOURNAMENT MANAGEMENT

Each year badminton executives have benefitted from previous tournaments in play management, and this year the operation of the monster in-door court classic has been placed on a highly organized basis. Time cards have been issued to expedite play and keep contestants informed of the time they are to appear at all times, and the centralization of office work in one hall has greatly simplified scheduling of games.

BURN MIDNIGHT OIL

Despite all these short-cuts to easy management of play, J. Ross Fleming, Nelson Badminton association president; T. D. Rosling, treasurer, J. Cherrington and other members of the executive, have burned the midnight oil for almost a week with tournament details, and will continue to burn the midnight oil until the competitions are over and accounts are settled.

Last year the tournament ran well on schedule and from present indications the play this year will run as smoothly if not more so.

Results of games played Friday night are as follows:

Men's open singles—J. Morey, Nelson, beat J. E. Parker, Nelson, 15-11, 15-10.

M. Morley, Nelson, beat L. McBride, Nelson, 15-4, 15-13.

A. Godfrey, Nelson, beat E. Haley, Trail, 15-3, 15-11.

J. Cherrington, Nelson, beat R. K. McFadden, Bonnington, 17-15, 15-5.

Men's singles, handicap—G. Wilson, Rossland, beat H. Parker, Nelson, 15-5, 7-15, 15-9.

E. S. Robertson, Nelson, beat E. Blunt, Willow Point, 15-1, 15-7.

R. Webb, Trail, beat R. McKenzie, Nelson, 15-7, 12-15, 15-8.

Ladies' Singles, open—No games played Friday night up to 10 p.m.

Ladies' singles, handicap—Miss P. Shannon, Willow Point, beat Miss K. Nisbet, Nelson, 11-4, 11-2.

Men's Doubles, open—M. Morley and L. McEachern, Nelson, beat N. German and F. Phillips 15-4, 15-17, 15-6.

Men's doubles, handicap—G. Hall and N. Ashley, South Slocan, beat B. B. Stallwood and C. Ward, Nelson, 15-6, 12-15, 17-14.

G. Nadeau and H. Chapman, Nelson, beat D. Crowther and C. Ramsden, Nelson, 15-9, 15-10.

H. Parker and R. Maurer, Nelson, beat P. G. Morey and D. Male, Nelson, 15-4, 15-5.

Ladies' doubles, open—Miss A. Johnstone and Mrs. D. Male, Nelson, beat Miss E. Chapman and Miss B. Beattie, Nelson, 15-4, 15-10.

Ladies' doubles, handicap—Miss O. Fair and Miss D. Fair, Salmo, beat Mrs. George Lee-Warner and Miss E. Ogden 15-13, 15-8.

Miss P. Campbell, Nelson, and Miss J. Green, Willow Point, beat Mrs. C. Ward and Miss M. Peake, Nelson, 15-9, 15-8.

Miss A. McDonald and Miss J. Bush, Nelson, beat Mrs. D. Dodding and Mrs. R. W. Dawson, Nelson 15-4, 15-4.

Mixed doubles, open—R. McKenzie and Miss E. McKenzie, Nelson, beat F. Phillips and Miss B. Beattie, Nelson, 18-17, 2-15, 15-8.

J. Morey and Mrs. E. C. Wragge, Nelson, beat H. Grutchfield and P. Motley, Bonnington 16-11, 15-4.

J. Cherrington and Miss A. Allan, Nelson, beat H. Brutchfield and Mrs. R. W. Dawson, Nelson, 15-7, 15-3.

A. Godfrey and Mrs. Godfrey, Nelson, beat P. G. Morey and Mrs. A. W. Idiens, 15-8, 15-14.

R. K. McFadden, Bonnington, and Mrs. D. Male, Nelson, won from H. MacKenzie of Nelson and partner by default.

Mixed doubles, handicap—George Lee-Warner and Mrs. Lee-Warner, Nelson, beat R. R. Brown and Mrs. G. C. Arneson, Nelson, 15-7, 7-15, 15-9.

E. Nadeau, Nelson, and Mrs. E. McGregor, South Slocan, beat Mrs. C. Ward, and Miss M. Peake, Nelson, 15-6, 12-15, 9-15.

G. P. Simpson and Mrs. Simpson, Nelson, beat K. Campbell and Miss P. Shannon, Willow Point, 15-7, 15-9.

H. Hunt and Mrs. H. M. Whimster, Nelson, beat D. Crowther and Mrs. C. H. Hamilton, Nelson, 15-6, 15-6.

W. Brown and Mrs. A. C. Emory, Nelson, beat R. C. Bishop and Mrs. C. Ward, Nelson, 15-6, 15-9.

N. German and Miss E. Chapman, Nelson, beat Fred Weir and Mrs. Weir, Nelson, 14-18, 15-10, 15-11.

MRS. ANNABLE HIGH SCORER

Mrs. J. H. Chapman's lady bowlers nosed out Mrs. J. Annable's team by two points, 938-936 on the legion alleys this week. Mrs. Annable rolled high single of 170 and high aggregate of 350 for two games.

Scores were:

MRS. ANNABLE VS. MRS. J. H. CHAPMAN

	1st	2nd	Tot
Mrs. Harlow	65	50	115
Mrs. H. Pitts	154	111	265
Mrs. H. Ross	81	125	206
Mrs. J. Annable	177	173	350
Totals	477	459	936
Mrs. R. Kirkland	106	110	216
Mrs. S. Langill	117	112	229
Mrs. R. Riley	125	117	242
Mrs. J. H. Chapman	117	134	251
Totals	465	473	938

ELEVEN MEMBERS ADDED TO BOARD

Eleven more applications for membership were accepted by the board of trade Thursday and in welcoming the neophytes, President W. B. Bamford revealed that the Nelson board now had 175 members and was one of the largest boards in the province. He announced the board would now set 200 members as its objective.

Those newly elected were A. B. Campbell and Joe Gallo of Salmo; the Ymir Yankee Girl Gold Mines of Ymir; P. W. Green of Willow Point; and the Fink Mercantile company, Joseph P. Herron, Nicholos R. Sardich, Dr. J. A. C. Laughton, E. S. McCracken, J. E. Sowerby, and Alderman T. W. Slader, all of Nelson.

Mr. McCracken was appointed on the publicity committee to fill the vacancy caused by the removal of F. C. Sharpe.

Social News of Rossland

ROSSLAND, B.C., April 10—Mrs. Thomas Wood was elected second vice-president at the regular meeting of the Women's auxiliary to the Rossland branch, Canadian Legion, and Mrs. Percy E. Taylor was named press correspondent, these appointments being made to fill the vacancies left by the resignation from both positions of Mrs. Alice Powell. Mrs. R. Symmons invited the members to hold a social evening in her home on April 22. Refreshments were served by Mrs. Thomas Wood. Those present were Mrs. Percy E. Taylor, Mrs. William Gresly-Jones, Mrs. William Buick, Mrs. Thomas Wood, Mrs. Ernest E. Turner, Mrs. William Butorac, Mrs. Howard Ferguson, and Miss Betty Wood.

* * *

Mr. and Mrs. A. T. Rowe have taken up residence in Trail.

* * *

Mr. and Mrs. H. F. McDougall and sons have returned to their home in South Slocan, after visiting friends here.

* * *

Eric Albreckson of Trail has taken up residence here.

* * *

Little Joyce Harper, who is a patient at the Mater Misercordiae hospital, is reported as much improved.

PORCUPINE CLUB AT GRAY CREEK

To Raise Funds for a Hall Addition; Aid School Sports

GRAY CREEK, B.C.,—The first spring meeting of the Porcupine club was held at the home of Mrs. E. Oliver, when Mrs. Benthien, secretary-president, gave the financial statement of the club. It was decided to hold a whist drive and dance in May, in aid of funds for the hall addition; to entertain the Crawford Bay Women's institute in May; and to sponsor the school sports during the summer. Mrs. Benthien directed the exchange of magazines.

Mrs. Oliver gave a lively talk on the canning and processing of small fruits, with special regard to exhibition. Mrs. Collins spoke of the new flannel-pack method. It was decided to write to Ottawa for the pamphlet in question.

The topic of barter-cooperation was introduced by Mrs. Norman Anderson, a lively discussion following with possibilities canvassed from the angle "What can women do for the Canadian economic situation"? Mrs. Oliver spoke on the part played by pioneer women.

The Junior Red Cross entertained parents and adult visitors at a tea held in the community hall. It is planned to hold a whist drive shortly and a sale of handwork next month for Red Cross funds.

A dainty tea followed, served by Mrs. Oliver and Mrs. Sargent.

Mrs. Sargent of Washington is the guest of her mother, after a serious illness.

Miss Peters and Miss G. Burge have returned from a winter course at Macdonald college, Guelph.

A cherry surprise party was given Miss G. Burge on the occasion of her birthday.

Miss Peters and T. Peters entertained at a dinner party. The invited guests were Mrs. Simpson, the Misses Stoddard, Burge, G. Burge and Messrs. Drew, Meggie, Bacon and Burge.

Frederic Smith was a Boswell visitor Saturday.

J. Howell of Boswell was a visitor at the Gray Creek auto camp.

The government camp on Weasel creek is now in operation, working on the highway near the ferry.

J. Bacon was a Nelson visitor this week.

Safe Speedy Relief from SCIATICA

Poisons along sciatic nerve cause stabbing pains in thigh. For quick relief use T-R-C's IRRITATING RHEUMATIC CAPSULES 50c and $1 at all druggists

Now Science Explains Why So Many People Past 40

Feel That They're Slipping Losing Their "Grip" on Things

Many people 'round 40 think they're "growing old." They feel tired a lot . . . "weak." Have headaches, dizziness, stomach upsets.

Well, scientists say the cause of all this, in a great many cases, is simply an *acid condition* of the stomach. Nothing more.

All you have to do is to neutralize the excess stomach acidity.

When you have one of these acid stomach upsets, take Phillips' Milk of Magnesia after meals and before going to bed. That's all!

Try this. Soon you'll feel like another person! Take either the familiar liquid "PHILLIPS'" or the convenient new Phillips' Milk of Magnesia *Tablets*. Made in Canada.

ALSO IN TABLET FORM: Phillips' Milk of Magnesia Tablets are now on sale at all drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of Genuine Phillips' Milk of Magnesia.

PHILLIPS' *Milk of Magnesia*

Boswell School Children Busy

Completing Work, Hold Concert

BOSWELL, B.C.—As Easter approaches the boys and girls of Boswell are working steadily with a view to completing most of their prescribed studies before the holidays. They hope to have May and June for "project months", in which they will be more free to pursue the special subjects they are so fond of.

Joyce Hall was the winner of the extra mark prize, followed by Evelyn Van Koughnett.

The oral composition teams, captained by Jack Smith of Grade I and Ralph Shell of Grade IV are still competing for the hundred-point total. Both teams are evenly matched and enthusiasm runs high each Friday afternoon as the captains send forth their players to gather honors for their teams. Trafford Ascott and Arnold Cummings have been acclaimed the best story-tellers for the month of March—Arnold showing a tendency towards drama and Trafford towards pathos.

Both little boys are in Grade 3.

Evelyn Van Koughnett secured the highest place honors in spelling, and Kenneth Schaub in arithmetic. For practice work in quick addition, the school, with the exception of the lowest grades, is completing each day a nine by nine accuracy test within specified time limits in each grade. Scores are kept regularly and comparisons made.

Grade 8 is commencing the story of the "Clocks of Rondaine", for dictation.

The girls of the Little Kitchen club are continuing their Tuesday and Friday cooking lessons. They report the following new dishes: apple fritters with foamy sauce, Swiss potatoes, rice au gratin and creamed carrots.

During the latter part of the month, the children rehearsed for the jitney concert.

Art and literature appreciation lessons were correlated this month with drawing and crayon sketches were made by all the pupils to illustrate favorite stories and poems. These formed an art gallery for a few days in the classroom, and a few "academy selections" were later made. The artists who so proudly saw their work "hung" were Evelyn Van Koughnett with her "Four Ducks-a-Sailing," Roy Van Koughnett with "Sam's Three Wishes", Kenneth Schaub with "The Rainbow," and Dan Johnstone with "Alone, Alone, All, All Alone."

The Current Events club has received letters from the Hon. J. L. Elliott, postmaster-general; Hon. Charles Dunning, minister of finance, and Hon. Ernest Lapointe, minister of justice.

To raise funds for the hall piano, the pupils of the Boswell school gave a jitney concert on Saturday evening. Miss Davies, who was responsible for the concert, performed the duties of chairman, and kept the atmosphere pleasantly informal. The children delighted their audience with a most entertaining program of dialogues, songs and recitations.

Four tiny tots, Patsy Bainbridge, Beatrice Van Koughnett, Pat Holden and Albert Van Koughnett made their platform debut in an amusing little sketch entitled "Brave Boys."

The conjuring act of Jack Smith and Kenneth Schaub drew much laughter and applause, and the closing item, an Irish jig, danced in costume by the four big girls of the school, Evelyn Van Koughnett, Joyce Hall, Margaret Holden and Marguerite Van Koughnett called forth great praise.

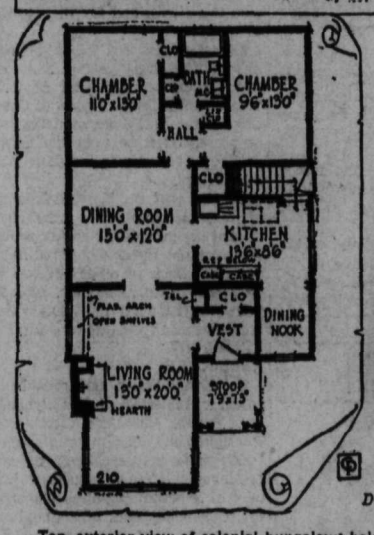
The program was as follows: recitation, "Casey's Revenge," Dan Johnstone; sketch, "Brave Boys," by Patsy Bainbridge, Beatrice Van Koughnett, Pat Holden, Albert Van Koughnett; recitation, "The Young Man Waited," Evelyn Van Koughnett; sketch, "Making a Cake," Trafford Ascott, Arnold Cummings, Ralph Shell; recitation, "Benjamin Bear," Marguerite Van Koughnett, recitation, "Mrs. Brown," (in costume), Mable Holden; story, "The Big Grant," Jack Smith; recitation, "A Tragic Tale," (in costume), Kenneth Schaub; recitation (in Dutch costume), "Going Too Far," Ralph Shell; recitation, "The Smack in School," Margaret Holden; magic tricks, magician, Jack Smith; Wun Long Chu, K. Schaub; recitation, "Sister's Best Feller," Arnold Cummings; song, "Clementine," Beatrice Van Koughnett and Pat Holden; dance, Irish jig, Evelyn Van Koughnet, Joyce Hall, Margaret Holden, Marguerite Van Koughnett; Mrs. Frank Cummings was accompanist.

Following the concert an exhibition badminton game was played by Ray Cummings and Lloyd Cummings, Percy Mackie and Jim Johnstone, four of the stars of the Boswell Badminton club.

After the refreshment interval, many stayed to play "Bunco" at which Mrs. Van Koughnett and J. Hall made the highest score.

Mrs. S. J. Cummings was Master of ceremonies.

PLAN COLONIAL OR FRENCH



ALTERNATE—EXTERIOR OF FRENCH DESIGN - PLAN B

Design 210-A, National Plan Service, Inc., Chicago.

Top, exterior view of colonial bungalow; below, left, interior plan; right, alternate French design.

The popularity of the colonial bungalow design in America is well deserved. The style is attractive and has a certain simplicity that appeals.

The one pictured here contains living room, kitchen with dining nook; dining room, and two bedrooms, as well as ample closet room and a vestibule at the entrance.

This same plan may be used for the colonial bungalow exterior or for Plan B, inset, which is a French design. In either case the house contains 26,000 cubic feet of space, exclusive of the porch, which adds 400 feet to the cubage, totaling 26,400.

The size of the main building is 47 feet by 30. Size over all, 48 feet by 31. Ceiling height of room is eight feet six inches, basement height, seven feet.

GUARDS BAND GO CLASSICAL

LONDON (CP). — Light opera music is no longer played by the band during the daily changing-of-the-guard ceremony at Buckingham palace. Owing to court mourning programs are restricted to more classical airs.

SEMI-URBAN FOLK HEALTHY

LONDON (CP). — Government statistics, which state that seven years have been added to the expectation of life since 1911, say London's suburban residents are healthier than the rest of England's people.

HOBO "KING" VISITS CAMP

ALDRIDGE, B.C.—Dr. Green of the medical staff, Cranbrook, made a professional call here Thursday.

Pat Kennedy and Bob Robertson, truck drivers, here for some time past have changed their location to Marysville in like capacity.

Ed Robson, who has been here during the past winter left here a few days ago to accept a position as engineer on rock crusher at Ryan for the public works department.

Jim Kennedy spent the week-end in Cranbrook.

John Erickson who for the past two months was at Roosville as truck-driver returned here again to rejoin the crew.

"Scotty" the "King of Canadian Hobos," was the guest of the camp here Sunday en route for Montreal.

Jim Hutchcroft left for his home in Cranbrook on Friday upon the breakdown of the shovel.

Weather conditions permitting in the near future, it is reported that men will be sent out on railway work from the relief camp crews, as a means to utilize men at gainful employment for the summer months and thereby provide financial remuneration for the men.

F. A. Loazenby, superintendent-engineer, was a business caller here Saturday.

Roy Weitzel, truck-driver of Cranbrook, has transferred to Goatfell East camp.

Several of the camp members motored to Cranbrook to spend the week-end on Saturday.

STUDY GOVERNMENT

Three Ohio sisters, the Misses Mary, Agnes and Elizabeth Eberst, now living in Ohio, have organized a round table forum, in New York for the purpose of making its members "charter conscious."

After discovering the moons of Jupiter and naming in honor of his friends, Galileo was offered fame and wealth for life if he would name his next great discovery for Henry IV, King of France.

Thrums Institute Indifferent to Bill

THRUMS, B. C.—A meeting of the Thrums-Tarrys Women's institue was held at the home of Mrs. C. W. Johnson on March 25, having been postponed for one week owing to the inability of some of the members to attend. Mrs. T. Dodd, vice-president took the chair, in the absence of Mrs. R. W. Chalmers, owing to illness. Business was discussed and a letter read from Vancouver asking for the support of the Women's institute on the insurance bill. The scheme was fully discussed but as it does not include the farmers, it was decided to neither vote for nor against, as this institute is a farm women's institute. The meeting was then adjourned after roll call, Mrs. T. Dodd, Mrs. M. B. T. Irving, Mrs. W. Pratt, Mrs. C. W. Johnson and Miss C. Barclay answering. Mrs. W. Pratt then served a dainty tea and a social time finished the afternoon.

Miss C. Barclay has returned to Thrums after spending a week in Fruitvale, the guest of her parents.

KASLO LADY ILL

KASLO, B. C.—Mrs. John Paterson has been confined to her home by illness during the past few days.

Eric Bacchus of Birchdale was a visitor in the city Wednesday.

Mrs. R. A. Chester was a Nelson visitor Tuesday.

Mrs. C. Hanson of Ainsworth was a visitor in town during the week-end.

Mrs. A. C. Raper, her son Jack, and daughter, Miss Dorothy of Johnsons Landing, were city visitors Monday. Miss Raper is en route to the Peace River district, where she will visit with friends, and she may possibly settle there. Mrs. Raper accompanied her daughter as far as Nelson, while Jack returned to the Landing.

Mrs. "Bud" Thompson has returned to her home in Gerrard after spending some time as a patient in the Victorian hospital here.

John Marsden left Tuesday for his home in Meadow Creek after visiting his brother, Chris Marsden, who is a patient in the Victorian hospital.

H. Giegerich has left on a combined business and pleasure trip to Spokane.

Malcolm Greenlaw of Lardo was a visitor in town Sunday.

Stanley Lakes of Johnsons Landing was a Tuesday visitor in the city.

Mrs. W. V. Papworth and Mr. and Mrs. V. G. Fields visited Ainsworth Monday evening.

Mrs. Ronald is confined to her home by illness.

The Ladies' Bridge club met Monday evening at the home of Miss Elizabeth Giegerich, the players being Mrs. C. J. White, Mrs. William English, Mrs. S. A. Hunter, Mrs. Fred Aydon, Mrs. Frank Wilson, Mrs. Brunel Murphy, Mrs. R. St. Denis, Mrs. J. R. Tinkess, Miss Giegerich, Miss Katherine Streit, Miss Margery Speirs and Miss Giegerich, the latter serving refreshments at the conclusion of cards. The next meeting will probably be the closing one of the season.

KILL KARE KLUB HAS RADIO HOUR

WYNNDEL, B.C.,—Mrs. F. Martello and Kathleen left last Saturday morning for Trail and Rossland.

The Ladies' Aid meeting was held at the home of Mrs. Eakin Jr. last Thursday

Mrs. M. Wigen and Mrs. Birch were joint hostesses at a bridge and tea last Wednesday afternoon. Mrs. Ogilvie took first prize, Mrs. Packman consolation and Mrs. E. Url held the lucky number.

Mr. and Mrs. Birch and Mrs. Baxter motored to Cranbrook Sunday, Mr. and Mrs. Birch returning later in the day.

The Wynndel girls' basketball team also the boys' 'scrub" team motored to Canyon Friday evening. The girls lost their game with a score of 33-22. The "scrubs" won from Canyon players the score being 15-14. The players returned home after the dance.

Mrs. J. Grady, Mrs. M. Hagen, Mrs. D. Butterfield, Mrs. L. Davis and F. Pigott were visitors to Creston by bus on Monday.

Mrs. E. Foxall, Mrs. W. Cooper and Miss D. Butterfield were visitors to Creston Tuesday.

Mrs. G. Huscroft has been on the sick list.

The Kill Kare Klub was held in the hall Wednesday evening. The main feature of the evening was a program, "A Radio Hour". The remainder of the evening was spent in dancing.

The play, "Antics of Andrew" was well received last Friday evening with quite a large crowd in attendance.

Mrs. A. Martell, entertained a number of her friends at a bridge and tea last Friday afternoon. Mrs. P. LaChat took first prize and Mrs. Hulme consolation.

Rusting of steel vessels can be overcome by adding small amounts of certain organic compounds to liquid contents of the vessels.

Why You Should Own a Mutual Life of Canada Policy

The excellent returns made to policyholders of The Mutual Life of Canada are illustrated by the 1936 Cash Value of Life Policy No. 14,203, taken out in 1886 at age 20, Annual Premium $16.20.

Cash Available to Policyholder in 1936		**$1,581.60**
Consisting of . . Policy Value		**$643.00**
Dividends to 1935		**926.00**
Dividends payable in 1936		**12.60**
TOTAL		**$1,581.60**
Premiums Paid by Policyholder		**$806.73**

[If the policyholder had died at any time after taking out the policy $1,000 would have been paid immediately.]

Verification of the above result and explanation of the results under other Life, Limited Life and Endowment policies can be obtained from our representatives or from our Head Office.

The Mutual Life of Canada was established in 1869 on a "mutual" basis. Those insured own the Company and every new policyholder becomes a part-owner and shares in the surplus earnings or "dividends".

Rates will be quoted gladly for a policy on your own life for family protection, retirement, savings, business insurance or for children's policies. Mail the coupon today.

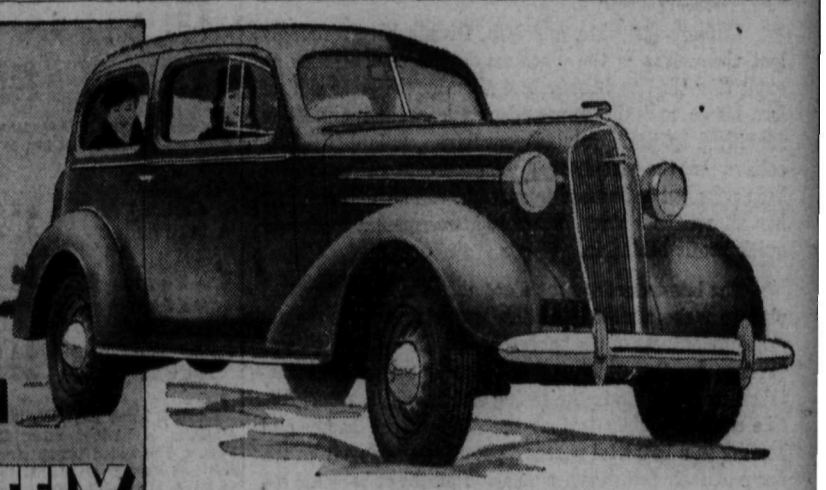
Enjoy Performance and Economy COMPLETELY BALANCED



CHEVROLET uses the famous Valve-in-Head engine design because every engineering test shows that the Valve-in-Head principle results in greater *power*—more flashing *pick-up*—finer *hill-climbing* ability.

But that's only half the story. For this same Valve-in-Head engine is the secret of the big savings on gasoline and oil that Chevrolet owners boast about. The fact is, this principle results in more than a 10% fuel saving as compared to the conventional design.

Chevrolet goes right on from performance and economy to give you ALL the good things—features *not combined on any other low-priced car!* Check the list below—compare the new 7% GMAC time payments.

PRICED FROM $772
(Standard Series 2-pass. Coupe)

CALGARY HERALD ON ABERHART

The Calgary Herald believes that "by rejecting the reasonable stipulation of the federal government that any debtor province should agree to submit its financial operations to supervision by the proposed National Loan Council, Premier Aberhart and his colleagues have prejudiced critically the position and prospects of that province for many years to come.

"It is to be hope they have given thorough consideration to the new conditions that will be created," says the Herald. "The credit of the province will be gravely impaired, if not totally destroyed. The present government will not be able to borrow any more money from any source.

"The sole recourse in the raising of provincial funds in Alberta will be through taxation, and the limit of possibilities in that direction is fast being approached if it is not indeed already reached.

"The government's defence is that it is not responsible for the maturity that fell due on April 1 nor for the burden of debt that the province has incurred. But that is an entirely fallacious defence. When Mr. Aberhart sought and won the premiership he made himself responsible not only for the future but for the past debt situation. He knew the obligations that would devolve upon him, which included past commitments. Otherwise he should never have accepted his present office. Moreover this does not alter the fact that Premier Aberhart and his ministers are the present custodians of the province's honor, nor does it accord with the many declarations of the head of the government that repudiation or default would never be countenanced during his regime."

THE DIONNES

Stories of the sufferings and injustices of the Dionne parents because their quintuplet daughters are "separated" from them by a staff of expert nurses and the width of a country roadway can only have the opposite effect to that intended by the promoters of the ballyhoo.

The public are becoming fed up with the alleged woes of the elder Dionnes. The quintuplets are being given the best care that money can buy and science can give, and are thriving accordingly. The parents are not denied access to or association with them. Nor are opportunities of providing for the future of the sisters being neglected. A fortune of something like $200,000 has already been accumulated for them.

Unfortunately Mr. and Mrs. Dionne have seemingly lent themselves to the machinations of persons bent on exploiting the five babies, kept alive by the great skill of Dr. Dafoe and the unprecedented care and protection furnished by the appointed guardians. It is difficult to believe that the parents really consider themselves to have been wronged or imposed upon. The clamor to that effect has an artificial ring. There is a transparent motive of quick profit behind it.

The latest development along this line is the reported plan to make a moving picture revolving around the so-called grievances of the parents under the question title of "Where Are Our Children?" Obviously this is not undertaken to demonstrate the acting ability of the principals. The answer plainly is that the children are happy and healthy in a beautiful nursery a few yards away from the home of their father and mother. Had it not been for the very course which has been pursued and against which insincere protest is now made the almost certain answer to the same question "Where are our children?" would have been "In their graves."

ADVANCE WEATHER BULLETIN

WEEK OF APRIL 13 TO 19, 1936.

For Western and Central Canada, embracing British Columbia, Alberta, Saskatchewan, Manitoba and Ontario.

MON., April 13, 1936.—Clear and cold weather in nearly all sections, especially about great lakes regions of Manitoba and the east Saskatchewan district; unsettled in northwest.

TUES., April 14.—A disturbance with some rain, drifts into central sections as temperatures rise in east, but no great change in west.

WED., April 15.—Unsettled about west and southwest, but some clearing and eastern sections, with temperatures rising in east, though not much change in west.

THURS., April 16.—Stormy, rainy conditions spread throughout central provinces and toward southeast; temperatures variable, but slightly warmer in east; cool in west.

FRI., April 17.—Disturbance with some rain drifts to southeast of the Saskatchewan regions, being somewhat colder in west but slightly moderating in east.

SAT., April 18.—In far west and northwest unsettled, rainy and temperatures rising, but much of east and northeast clear and cold.

SUN., April 19.—Unsettled condition now shifts to east of central provinces but carrying only very light, showery rains as most of the country clears up and the weather turns colder.

Week of April 13 to 19, 1936, in central provinces begins with declining temperatures and in the southeast sections a severe cold snap. Then a disturbance, probably carrying fairly heavy rains in some places, though light in others owing to showery character of rainfall. About end of week temperatures rise in east, but west quite variable, though slowly rising. Rains should be fairly general and somewhat more than normal, and also the usual seasonal increase begins about this time of the year in all the central provinces.

While April is supposed to be a spring month, with the sun declining fully 12 degrees north of the equator, in the central provinces of Canada some very chilly weather is frequently experienced, with night frosts often occuring throughout the month, and this is particularly so this year, as there seem to be two unusually severe cold spells in the temperature curve. Near 12th or 13th a cold period is expected, followed by some variable weather, and then around 22nd or 23rd a final severely cold wave of short duration. However, excepting a cold period coming on near 4th or 4th of May there ought not to be very much frost danger except in a few sections where the normal is unusually low, such as about some of the plateau regions and in far northeast.

CONTRACT BRIDGE

By E. V. SHEPARD
"Teacher of Teachers"

MASTERING BRIDGE (57)

A large proportion of even good players have hazy ideas of when to prefer an opening call of a 4-card major suit, also when to rebid a 4-card major suit after partner has assisted. Recently I have had partners ask if the "Four Aces" and Sims had not abandoned opening bids of 4-card major suits, in favor of an opening minor suit call, regardless of whether strength worth an opening bid was held in the minor suit. Recently that question was asked of me when we happened to be opposed in a trophy match by Oswald Jacoby and Sir Derrick Wernher, the former one of the Four Aces, the latter one of Sims' strongest followers. Both of these players promptly informed the inquirer that they always made opening bids of biddable 4-card major suits, unless a longer biddable minor suit was also held, or unless the hand called for an opening bid of no trump on evenly divided suits and distributed strength. I hope the answer cured my partner of that evening of his annoying habit of preferring opening minor suit bids, regardless of whether the minor suit was properly biddable, or preferable to the 4-card major suit.

Six tricks average to be won by trumps, of course, including ruffing. Declarer should be able to win at least half of those 6 tricks in his own hand to do well. A sound opening bid, major or minor, includes at least possibility of winning 3 trump tricks in declarer's hand, provided dummy holds not fewer than 3 small trumps, and provided opposing honors lie favorably in defender's hands. Such weak opening bids have no rebid, unless partner jumps his assist.

To a great extent procedure depends upon your partner and your opponents. Ordinarily I would bid the hands shown below as indicated.

♠A 10 6 4	♠K J 10 8
♥K Q 7	♣7 3
2—1-Spade:	
♠A 10 6 4	♠K Q J 6
♥K Q 10 7	♣7
3—1-Spade:	
♠A J 9 7	♠K Q J
♥K 8 4 2	♣7 3
4—1-Spade:	
♠A J 9 7	♠K 9 5
♥A K Q J	♣K 3

Hand 1 may support partner's shift to either major suit, or bid 2-No Trumps in case partner bids 2-Clubs. Most partners I would let alone if they bid 1-No Trump. Hand 2 may bid 3-Hearts if partner bids 2-Spades. In case partner then bids 2-No Trumps, shift to 3-Diamonds, to complete the picture. Bid 2-No Trumps with Hand 3, if partner bids 2-Spades. Hand 4 bid 3-Hearts, if partner gives minimum support for 1-Spade.

5—1-Spade:	
♠A K 9 7	♠K 9 5
♥K J 4 2	♣7 3
6—1-Spade:	
♠A Q J 7	♠A 9 5
♥10 8 4 2	♣K 3
7—1-Spade:	
♠K Q J 7	♠K J 5
♥A 8 4 2	♣7 3

Hands 5, 6 and 7 bid 3-Spades over partner's 2-Spades. Let him do the rest.

8—1-Spade:	
♠A K Q 7	♠K Q 5
♥K J 4 2	♣7 3
9—1-Spade:	
♠K Q J 10	♠A J 5
♥K J 4 2	♣7 3
10—1-Spade:	
♠A Q J 10	♠A 9 5
♥J 8 4 2	♣K 3

Hands 8, 9 and 10 justify bidding 4-Spades, if partner raises to 2-Spades. The added trump strength and side strength over that shown in Hands 5, 6 and 7 make it unsafe to bid only 3-Spades, when partner gives a minimum assist.

THE CHARACTER OF A HAPPY LIFE

How happy is he born and taught
That serveth not another's will;
Whose armor is his honest thought,
And simple truth his utmost skill!

Whose passions not his masters are;
Whose soul is still prepared for death,
Not tied unto the world by care
Of public fame or private breath;

Who envies none that chance doth raise,
No vice; who never understood
How deepest wounds are given by praise;
Nor rules of state, but rules of good;

Who hath his life from rumors freed;
Whose conscience is his strong retreat;
Whose state can neither flatterers feed,
Nor ruin make oppressors great;

Who God doth late and early pray
More of his grace than gifts to lend;
And entertains the harmless day
With a well-chosen book or friend.

—This man is freed from servile bands
Of hope to rise, or fear to fall
Lord of himself, though not of lands,
And having nothing, yet hath all.

—Sir Henry Wotton.

BEAUTY CULTURE FOR SEEDLINGS

There are simple "beauty culture" rules for the care of seedlings which will help to transform them from ugly ducklings into Cinderellas. As a "tonic" massage the soil around them by keeping it cultivated; they must also be given room to grow, and they must be kept away from those bad companions of all seedlings—weeds.

Fig. 1. As soon as the seedlings come up, keep down the weeds. Weeds in flats are easy to recognize and remove if you have planted the seeds in marked rows. Weeds deprive the young seedlings of light, water and food.

Fig. 2. After the seedlings are up, and you have removed the weeds, keep the soil in the flats cultivated. The plantings will thrive in the loosened soil. At this stage also "thin out" the rows of seedlings, thus leaving each plant with room enough for vigorous and free development.

THE DOCTOR SAYS

LOGAN CLENDENING, M.D.

HEMOPHILIA DOOMS BABY TO PERISH

My newspaper for Feb. 14 carried me the story of the birth of a daughter to the former Intanta Beatriz, daughter of the King and Queen of Spain.

My newspaper for Feb. 15 carried an account of the illness of the Count of Covadonga, who is dying of the hereditary disease of hemophilia. He is the brother of the crown princess who has just become a mother.

It is impossible for any civilized man to regard these events with complacency. There is no speculation about it, no doubt, no place where science is possibly incomplete in its knowledge. We know perfectly well that the disease, hemophilia, is hereditary; transmitted by mothers to sons. It seems little less than criminal that people who are as intelligent and well informed as the Infanta Beatriz and her husband should allow themselves to marry and bring into the world another tragedy to their children and grandchildren. For just as sure as fate, if the little baby girl who has just been born, grows up, is married, and has a son, that son will die the tragic death that the Count of Covadonga is dying in Havana.

Everybody is sympathetic and sweet tempered toward the new mother. Who is going to comfort her when she sees her grandson dying an inevitable and terrible death, which can be laid directly at her door? How is the world ever to become civilized if such things are allowed to be carried on?

* * *

NOTES BY NOTABLES

". . . the causes of overeating are many and various. They include:
The generous father
The fond mother
The genial host
The good cook
The persuasive grocer
The attentive waiter
The business luncheon
The public banquet
The idle life."
—Clarence W. Lieb.

"When food is to be taken, it is never proper to overload; but too great abstinence is often hurtful."—Celsus.

For wear with the new spring suit, a blouse cut on tailored lines with softening detail in dressmaker touches at the collar, cuffs and down the front, is the newest style.

A Thought for Today

"Come unto me, all ye that labour and are heavy laden, and I will give you rest."
—St. Matthew, 11:28.

By ROBERT QUILLEN

"It ain't the preacher's fault. It's just human nature. The Bible says a man went to sleep and fell out of a window when St. Paul was preachin'."

VERSE

EASTER TIME

Easter time has come again
And pleasures it doth bring;
The birds are flitting through the trees
To welcome in the spring.
The crocuses are peeping out
The buds are on the trees;
And oh, it makes the heart feel glad
For seasons such as these.

Easter time has come again
With greetings and good cheer;
And may the flowers of friendship
Bring joy throughout the year
May peace and happy golden days
With pleasure all be thine
And good luck knock at every door
This joyous Easter time.

Easter time has come again
To tell us winter's past;
And that the long bright sunny days
Will soon be here at last
When flowers will all be blooming
And birds are on the wing
Chanting their merry song to say
That Easter brought the spring.

"THERE IS NO UNBELIEF"

There is no unbelief;
Whoever plants a seed beneath the sod
And waits to see it push away the clod,
He trusts in God.

There is no unbelief;
Whoever says, when clouds are in the sky,
"Be patient, heart; light breaketh by and by,"
Trusts the Most High.

There is no unbelief;
Whoever sees, 'neath winter's field of snow,
The silent harvest of the future grow—
God's power must know.

There is no unbelief;
Whoever lies down on his couch to sleep,
Content to lock each sense in slumber deep,
Knows God will keep.

There is unbelief;
Whoever says "tomorrow", "the unknown",
"The Future", trusts that power alone
He dares disown.

There is no unbelief;
The heart that look's on when dear eyelids close,
And dares to live when life has only woes,
God's comfort knows.

There is no unbelief;
For thus by day and night unconsciously
The heart lives by the faith the lips deny.
God knoweth why.
—Lizzie York Case.

WITH THE PSYCHOLOGIST

GARRY C. MYERS, PH.D.

Head of the Department of Parent Education, Cleveland College, Western Reserve University.

I want to tell you about some things I learned at the fourteenth convention of the International Council for Exceptional Children, in Chicago, in which I participated.

We visited special schools in that city—for the blind and dull of vision, for the deaf and hard of hearing, crippled, mentally retarded, and those socially maladjusted. Groups of children from these special schools also came to the convention and gave us demonstrations of their work.

Now you and I cannot witness such efforts by and for handicapped children without being inspired with what is being done to help them make the most of themselves, of helping them feel that they are not really different from other children; inspired also by the patient, sympathetic and kind-hearted souls who work with and for these children.

I must confess that I feel spiritually uplifted every year as I attend this convention. The kind of folk who assemble from all parts of Canada and the United States strike me as possessing more than the usual portion of love for their fellow human beings.

The eminent Dr. Kimball Young, of Wisconsin university, reminded us that the exceptional child's problems are not fundamentally different from those of other children—just more intense, perhaps. And if you ever have an opportunity to hear that man speak, do hear him.

PRESIDENT REELECTED

Dr. Harry Baker, our president, whom we reelected, clinical psychologist for the school of Detroit, and internationally known for his contribution to the psychology of exceptional children, emphasized the need of some training of all teachers in recognizing and understanding the problems of exceptional children. He pointed out, moreover, that with 10,000,000 handicapped children in the United States, only 1,000,000 of whom were given reasonably adequate education, we need to think of our exceptional children as social obligations.

Dr. Samuel Leycock, of the University of Saskatchewan, urged that all regular teachers visit, for their own education, the special classes in their respective school systems.

Now I wish I had space to tell you of Marion McLeod, who, from the state department of education of Wyoming, drives all over that big state to remotest places in the interest of the individual child who needs special education; of May Bryne, supervisor of special education in Minneapolis; of Prof. Charles M. Elliott, who has pioneered at the Teachers' college of Ypsilanti, Mich., in training teachers for all sorts of handicapped children; of Dr. Charles Scott Berry, director of special education at Ohio State university; of Dr. Elmore Reaman, eminent psychologist of Toronto, author of the personality rating chart just published, only to mention a few of the representatiyes in this worthy cause. But I would be happy to give more information to anyone who will write me in care of this paper, enclosing a self-addressed stamped envelope.

Matrimonial Vine

PERENNIAL

For porch, trellis or arbor. Has a small purple flower and blooms from June to November.

The beauty of the vine is that no bugs, grubs or insects will stay on it. Another good feature of the vine is, it does not spread from the root, does all its spreading from the top.

When the ground freezes hard in November the leaves and the bloom go off. In the Spring it leaves out again and blooms in June.

$1 Each **3 for $2**

Mailed Postpaid Anywhere in Canada

If for any reason the vine does not grow in six weeks, the same will be replaced free of charge by

THORNHILL ONTARIO

STAMP CORNER

By JAMES MONTAGNES

Shown above are controversial map stamps from Bolivia, Paraguay Dominican Republic, Irish Free State and Venezuela, all of which have caused diplomatic tension between nations at various times.—Stamps courtesy Marks Stamps Co., Ltd., Toronto.

The recently issued map stamp of Argentina showing the Falkland Islands in the south Atlantic off the Argentine coast as belonging to the republic, is not the first map stamp to cause friction between governments. The Falkland Islands issued a map-stamp in 1933 as part of a centenial issue. At that time the Argentine republic refused to recognize the stamps, despite the fact that British sovereigns have appeared on Falkland Island stamps since 1879. The reason for the new Argentina map stamp is still under diplomatic discussion between Great Britain and the South American republic where so much British capital is invested.

Great Britain and Venezuela in 1896 had an argument over the boundary between Venezuela and British Guiana as shown on the commemorative Miranda stamps of the republic. The quarrel between the two countries became so intense that President Cleveland of the United States stated that should Great Britain enforce the boundaries upon Venezuela without resort to arbitration, it would be considered a cause of war. The question was settled a few years later, the stamps being withdrawn meanwhile.

The Dominican republic and Haiti, situated together on one of the West Indian islands nearly came to a war over a set of nine stamps issued in 1900 by Dominican republic, showing the boundary of the two countries in accordance with Dominican hopes, rather than fact. While the set was withdrawn, its remainders destroyed, it was not till 1929 that the boundary matter was settled and commemorated by a new issue in each country without maps.

During the recent Chaco war between Bolivia and Paraguay, both countries issued stamps of the war area, with Paraguay's inscribed in Spanish, "The Chaco has been, is, and will be Paraguay's."

No war has been declared and no diplomatic discussion has been held between the Irish Free State and Great Britain because the stamps of the Free State show a map of all Ireland, the northern part of which is not part of the Irish Free State.

Part of the pleasures of philately comes from knowing the background of the stamps in the collection.

* * *

A new stamp issue for the United States is in the offing, though no decision has been reached as yet as to its form . . . There are two sets of illustrations favored . . . The first is a new presidential set, showing the past presidents of the United States . . . Only 17 presidents have been shown on the present issue. Friends, relatives and descendants of former presidents who have not appeared on stamps as yet are applying pressure for this set . . . The other suggestion has been for an army and navy issue . . . The present issue is gradually being destroyed and depleted by postal officials to make way for a new issue, but this is not expected for some time, on the best Washington information, probably not this year.

The ELEPHANT HUNT

This Belgian Congo stamp shows an elephant hunt. What makes the scene notable is the contrast of the native hunter, who, armed only with a spear, pursues such an enormous and perhaps angry animal as the wild elephant. The African specie attains a height of about eight or ten feet and weighs about five tons. The principal object of the hunt is the huge ivory tusk of over one hundred and fifty pounds, from which the world receives its ivory supply.

Illustrated is an animal stamp from the Belgian Congo.

May Allow Puck Chasers Accept Jobs for Playing

Expect Move to Permit of "Lost Time Pay" Will Also Be Approved by C.A.H.A.

Would Mean Break Away From A. A. U.; May Also Allow Pros in One Sport to Play as Amateurs in Hockey

DROP "AMATEUR" FROM "C.A.H.A."?

Hope Permit Pros to Play Against the Amateurs

By ELMER DULMAGE
Canadian Press Staff Writer

TORONTO, April 10 (CP)—Severance of relations between the Amateur Athletic Union of Canada and its strongest ally, the Canadian Amateur Hockey association, loomed tonight over the definition of an amateur athletic. The C.A.H.A. will take a historic stand Monday.

It will decide then whether Canadian hockey has reached a stage where 'Shamateurism" will be abolished, where players are entitled to obtain employment because of their playing ability, should be paid for time lost from work and where professionals in another sport are not professionals in hockey.

At the opening meeting of the annual C.A.H.A. convention here today, a new definition of the amateur athlete was presented. There seemed a good chance that the definition would be adopted, despite the opinion of the A.A.U. of C., and that therefore the two organizations would cease to be allied.

While pending discussion of the Olympic team's troubles and management in Europe was kept in the background following the report of President E. A. Gilroy of Portage La Prairie, Man., the straight question of the new and modern amateur was presented in the report of a special committee.

The committee, headed by Cecil Duncan of Ottawa and including Prof. W. G. Hardy of University of Alberta, Clarence Campbell of Edmonton and George Dudley of Midland, Ont., laid down four clauses, via the resolutions committee, that would make the amateur look an entirely different fellow:

FOUR CLAUSES

The four, some of which may be acceptable to the A.A.U. of C., follow:

1. Payment to hockey players by clubs or employers for time lost from work while playing games will be permitted.

2. Players will be allowed to capitalize on their ability as hockey players to obtain legitimate employment. They won't, however, be allowed to hold "shadow" jobs under this clause.

3. Professionals and amateurs will be allowed to play each other in exhibition games, at the discretion of the C.A.H.A. branches.

4. Professionals in another sport will be allowed to play under the C.A.H.A. jurisdiction as amateurs.

Later on the convention will discuss a resolution by Duncan that the word 'amateur" be dropped from the title of the National Hockey organizaion, and that it be known as the Canadian Hockey association.

Whether the committee's recommendations will be adopted Monday by the convention was in doubt, but there appeared to be no doubt that strong support will be forthcoming. One veteran official, opposed to the change, predicted the "Old Guard" would lose.

Tomorrow, the definition will be discussed at a conference between special committees of the C.A.H.A. and the A.A.U. of C. President W. A. Fry of the A.A.U., who favors "making haste slowly" on the proposition, will attend. Then the C.A.H.A. meeting will make its stand Monday.

WOULD END AFFILIATION

It appeared certain the A.A.U. committee would refuse to endorse all the clauses and that the convention, when it reached a vote, would ballot with full knowledge that an affirmative vote meant severance of relations.

"It is time," asserted Prof. Hardy in presenting the committee report, "That we face present-day realities as they exist in hockey across the country." He urged the new definition be adopted. Strong support came from Dudley, president of the Ontario Hockey association.

"We have shown lack of common sense at these meetings in the past", Dudley said, declaring he personally believed the resolution did not go far enough. He had urged unsucessfully, he said, that the C.A.H.A. operate a series for players who would share gate receipts.

"We have players, particularly in the senior series, who are in amateur hockey for a great deal more than love of the sport," he said. "If we don't see that, we haven't common sense, and I suspect we all see it. Gate receipts are going to players in some cases and I think we are a big enough organization to accept that and try to correct it."

Dudley said he supported C.A.H.A. heads who dismissed four Halifax players from the Olympic team, allegedly for demanding funds for the maintenance of their families while they were abroad. Under amateur rules, the officials could have taken no other action.

"But let me say," he added, "That the public attitude is against that action. The public believes the players shouldn't have been expected to go overseas and leave their families unprovided for."

"If we adopt this definition of an amateur," President Gilroy told the meeting, "we won't have to sever relations with the Amateur Athletic Union of Canada. They will be already severed."

The A.A.U. head, W. A. Fry, warned delegates they were dealing with "the most important matter ever to come before an amateur body in Canada."

"It would be a sorry day for the A.A.U. of C. should it split with its strongest supporter, the C.A.H.A.," he said. "I can go a long way in sympathy with the resolution, but I hesitate to support some of the clauses."

Fry thought the committee that wrestled with the amateur problem a year before turning in its report should first obtain the support of the C.A.H.A. and then permit A.A.U. branches across the country to study the subject. The A.A.U. would deal with the resolution at its next annual meeting in Regina.

But his suggestion to defer action was turned down. Delegates decided they would vote Monday, prolonging the convention which was to have ended Saturday, on whether hockey's definition of an amateur would be changed.

NEW YORK (CP)—Matched for a 15-round title bout in New York April 3, with John Henry Lewis, the Arizona negro, Jock McAvoy, successful lately in light and middle heavyweight contests is being hailed here as England's new fistic hope.

HOCKEY C-H-A-T-T-E-R

by W.W.W.

It was a proud night for the west Thursday when the Kimberley Dynamiters dashed around the Winnipeg arena with sufficient abandon to get themselves a 2-0 shutout over the Sudbury Falcons in the first game of the Allan finals. The press account gives Kimberley the edge and so did the radio broadcast. Old Baldy Ironstone needed both syllables of his name functioning to stop the Dynamiters in the last period, Brown, Keiver and Forsey had great chances but Harry didn't bother looking at his, he just slapped. Result nil.

Kimberley will now enter the second game of the series heavy favorites to take the cup in two straight, and if they can continue to step like they did Thursday night, they shouldn't have much trouble. They outshot Sudbury by a fairly large margin and their thrusts on goal were keener.

The series, however, is not over yet. Sudbury is a comeback team, for they went over the great divide and were resurrected again. But, neglecting that for a moment look at their zig-zag path:

Sudbury	1	9
Noranda	3	0
Sudbury	9	4
Oshawa	2	2
*Sudbury	1	2
Hamilton	8	3
Sudbury	2	2
Royals	1	1
Sudbury	4	5 6
Brockville	5	0 2

The asterick above marks the spot where Sudbury went to sleep, later to be revived by the withdrawal of Hamilton Tigers. So, Sudbury has lost games to Noranda, Hamilton, Brockville, and now Kimberley. That 8-1 shellacking by Tigers stands out like a sore thumb, despite Falcons' comeback in the second game. Kimberley on the other hand has been beaten by Trail, Prince Albert and Fort William.

• • •

Gleanings—When Swede Hornquist didn't know what the puck was going to do he dropped on it and smothered it—Another second and Burnett would have been late for a penalty. He returned to the ice just in time to take down a bird a few feet from the goal, and back he went to the penalty box—Keiver was played in place of Botterill and figured in well with Burnett on the second goal—Kozak got into a lot of plays—Hugo Mackie made the first goal on a great play with Redding. Both men are turning in wonderful hockey—Where in the world did Winnipeg get its pull for the final series. It couldn't have been for the number of fans that would attend. Nelson could have done much better than that, and Calgary would have produced more than twice that number.

• • •

With 10 minutes to go in the Toronto Leaf-Detroit Red Wing game Thursday night we heard someone say that the Wings had the game cinched unless Eddie Shore went off. He was joking, but as news travels so quickly, the Leafs must have heard the crack and decided to put the party straight on it. They didn't need anyone off to win the game and they came back to pull off another of the wildest finishes ever seen in an N. H. L. playoff and put the game into overtime. It took Buzz Boll just 30 and a fraction seconds to put the game on ice after play resumed. In those wild 7:20 minutes of third period and overtime play the Leafs scored four times as many goals as the Montreal Maroons were able to score in three games, including one that went 176 minutes overtime. Until then Normie Smith in Detroit's net appeared well on his way to his third shutout in six games, and the Wings were all set to take the Stanley cup in six straight games. The next match is Saturday night at Toronto.

Buzz Boll

The Leafs were in such a hurry during the overtime period they wouldn't have stopped for station announcements. Headed by the Busy Buzz Boll and strongly supported by Art Jackson and Horner, the Toronto club swept in on Detroit and did the trick. Connie Smythe, who had been biting his fingernails furiously all night, took a chubby fist out of his mouth long enough to bray a yell.

Pep Kelly got two for the Leafs. You remember little Pep Kelly, the guy what done things to Boston last year. It was the same fellow. If you will dip for a moment into the luscious chapters of the past, you will recall that about March 31, 1935 A.D., the Leafs and Boston were engaged in a catch-as-catch-can match and Boston was leading 1-0 on Red Beattie's counter. Connie Smythe had left fingerprints in the iron rail in front of him and his digestive system had practically ceased to work. Then Pep Kelly noticed that Seibert was in the penalty box so he waltzed in to beat Thompson. There was less than two minutes to go when he did that, but it was quite sufficient to make the game 1-1 and cause overtime play. In the extra session he scored in one minute and 30 seconds with the help of Primeau and Conacher. Last year Pep was a rookie and his play should have earned him the Baby Leroy medal on those goals. This year he ought to be entitled to the Shirley Temple award.

Pep Kelly

Detroit Olympics Take Second Straight in the International

WINDSOR, Ont., April 10 (CP).—Detroit Olympics fought gallantly from behind and scored a 4-3 victory over Windsor Bulldogs here tonight for their second straight triumph in the International Hockey league championship series.

The victory came after five minutes of overtime and sent Olympics back to Detroit for the third game with a commanding hold on the league title. They play again Sunday night with Bulldogs given little chance to stop the rampaging Detroiters. Olympics won the first game in Detroit 8-1.

Art Giroux shot the winning goal just five minutes after the start of overtime. The Bulldogs had taken the lead twice and had a two-goal margin in the second period but the Detroit offensive came back brillianlty each time. They wiped out that two-goal deficit less than two minutes after Windsor built it up.

It was Giroux' second goal, the other Detroit markers going to Wilf Starr. Ron Moffatt, Clarence Drouillard and Jim Arnott scored for Bulldogs.

PACIFIC COAST LEAGUE

U. S. DAVIS CUP PLAYERS WIN

HOUSTON, Texas, April 10.—The United States Davis cup team swept both opening singles matches here today in the North American interzone play with Mexico.

Donald Budge, California redhead, easily stopped Esteban Reyes, Mexico's No. 1 netman, 6-3, 6-1, but Bryan (Bitsy) Grant was forced to exhibit all his cunning to defeat Daniel Hernandez, 3-6, 6-2, 6-3, 6-3.

125 Dozen Daffodils Sent to Ottawa for Easter by Victoria

OTTAWA, April 10 (CP)—Mayor Stanley Lewis today received 125 dozen daffodils from Victoria and personally delivered them to local hospitals.

The flowers were a "good will Easter offering from Vancouver Island, the isle of flowers, to those unfortunate people who must spend Easter in wards of hospitals," wrote T. H. Eslick, general secretary of the Tourist Trade Development association of Victoria and Vancouver Island, in a letter to Mayor Lewis.

SUNDERLAND WINS BY 2 TO 1

LONDON, April 10 (CP cable)—Humbling Birmingham 2-1 at Roker Park, Sunderland gained further ground in the race for the English Football league championship today. The famous northern club, with 52 points, now has a lead of nine points over Derby County, its nearest rival.

Derby was held to a 1-1 draw by Chelsea at Stamford Bridge while Stoke City, defeated 3-0 at Grimsby was replaced in third position by Huddersfield Town who played a scoreless draw with Portsmouth.

Large crowds witnessed the opening games with the heavy Easter schedule in which most teams will play three games in four days. Of the 88 clubs which make up the four divisions of the league, only 12 were idle.

Aston Villa improved its chances of escaping relegation to the second division by triumphing 4-2 over Wolverhampton Wanderers at Villa Park. The Villans with 33 points are now bracketed with Bromwich Albion and Blackburn Rovers. West Bromwich suffered a 4-0 setback against the Arsenal at Highbury and Blackburn Rovers, at home, drew 2-2 with Liverpool.

HOCKEY PLAYERS ARE SUSPENDED

MONTREAL, April 10 (CP).—Several senior group hockey players, including one member of Canada's Olympic team, were suspended today by the Quebec Amateur Hockey association for leaving for Atlantic City, without official permission, to play exhibitions this week-end.

The party left here Thursday under Coach Frank Carlin who has been suspended with players Herman Murray, Victorias and Olympic player, Gerard Martel, Verdun, Babe Tapin, Canadiens, Ken Murray, Victorias, H. Neville, F. Ranger, Henry Hayes, and Pete Morin.

It was said the cases of Morin, already suspended once for an unsanctioned trip to New Jersey resorts, and Carlin, as leader of the party, were regarded as much more serious than the others.

OLD COUNTRY SOCCER

LONDON, April 10 (CP Cable)—Results of games played in the English football league today, follow:

ENGLISH LEAGUE—First Division

WEST TORONTO WINS 5-1 IN FIRST GAME, CANADIAN JUNIOR FINALS

By ALLAN J. NICKELSON
Canadian Press Staff Writer

TORONTO, April 10 (CP)—West Toronto Nationals, a smooth-working, powerful band of youngsters, pierced the heavy defensive armor of Saskatoon Wesleys tonight and carved out a 5-1 win over the western Canada champions in the first game of their Canadian junior final hockey series.

Wesleys, not as polished as the eastern Canada titlists, lacked finish around the net. Many times especially in a thrilling last period the speedy Saskatchewan youngsters had no one to beat but Red Hall in the Nationals' nets. Their shots were either inches wide or blocked by the sorrel-top.

The next battle of the two-of-three games series for the Memorial cup will be played here Monday night, and a third, if necessary, Wednesday.

The courageous fight the westerners staged won them the support of the crowd of 4500 plainly prowestern after the Saskatoon youngsters came from behind in the second minute to tie a West Toronto goal scored in 41 seconds. They cheered Wesleys' every attack and were upon their feet through most of the third when Saskatoon made their determined bid for goals.

It was one of the greatest junior battles here in several years. Both clubs backchecked fiercely but the eastern titists' plays showed more finish when they barged past the heavy Wesley rearguards. The Saskatchewan huskies seemed to find difficulty in controlling the puck.

The game was cleanly played throughout with West Toronto drawing three penalties for minor offences and Saskatoon two.

Beranek played a sensational game for the losers and his bellowing tactics in urging his team on met with approval of the crowd. They cheered his every save.

Jack Koyl, bruising rearguard, Kowel, who played for North Battleford last season, and Earl Newbold, another North Battleford product, looked the best in a losing game.

At least two of the players are on professional reserve lists. Leswick tried out with New York Americans last fall while Kowel is highly thought of by New York Rangers.

Lineups:

Saskatoon	Position	West Toronto
	Goal	
Beranek		Hall
	Defence	
Koyl		Laurent
Ettinger		Crawford
	Center	
Leswick		Heron
	Wing	
Vogt		O'Flaherty

5. West Toronto, Gamble (Crawford, Conacher) 17:38.

Penalties—Vogt, Gamble.

Third period:

6. West Toronto, Gamble, 16:11.

Penalties—Shill, Crawford.

MAD MAPLE LEAFS MAKE LAST STAND ON TORONTO ICE TONIGHT

A Toronto Win Will Send Stanley Cup Series to a Fifth Game at Detroit

TORONTO, April 10 (CP).—The Mad Maple Leafs, Toronto's unpredictables, the team that doesn't recognize defeat, will draw perhaps $20,000 worth of customers to Maple Leaf Gardens tomorrow night when they meet Detroit Red Wings in the fourth game of the Stanley cup series. It will be the last home game of the season for the Leafs.

The town will turn out, it was indicated today, to say farewell to the game hockey men of Dick Irvin, who are still underdogs in the classic best-of-five series for professional hockey's richest prize. Should the Leafs win, squaring the series at two victories each, the fifth and deciding game would be played at Detroit next Tuesday.

"They say we're playing on borrowed time," said Manager Conny Smythe, "but we're still going, aren't we? The Bruins thought they had us down and what did we do to them? Sure, we plastered them down with an 8-3 licking.

"I don't blame the Red Wings for thinking they had us down, either. But you saw us come back last night and win. Well, we're right in there. Don't be surprised if we win again tomorrow night. We are awfully hard to beat."

Judging by advance sales, it appeared likely a crowd of 14,500 or more would come out to see the fourth game between the powerful Wings and the grim and relentless Leafs. The Thursday-night crowd was 13,802.

Regarded as one of the best teams ever to play for the Stanley cup, the Wings were 42 seconds away from victory last night. By that margin they missed becoming the second team to win both National league and cup series without defeat.

"It was the hardest game in the world to lose," said Adams, Detroit manager, today: "Here we had them 3-0 with seven minutes to go. The boys were too confident at the end, but I hand it to the Leafs for a wonderful comeback. They certainly beat us when we shouldn't have been beaten."

Dynamiters Get Nice New White Sweaters for Allan Cup Finals

Both Teams Had Same Colors; New Outfit Doesn't Affect Blasting Power

WINNIPEG, April 10 (CP).—Kimberley Dynamiters, seeking their first Allan cup, are sporting new uniforms in the Canadian senior final with Sudbury Falcons, eastern contenders.

The two teams arrived here with uniforms of the same color. Canadian amateur hockey officials went into a huddle and as a result the Kimberley boys were bedecked with a whole new outfit. The outfit consists of white sweaters and white stockings, with the word Kimberley emblazoned diagonally across the front of the jerseys.

This didn't affect their play. They stepped out Thursday night in the first of a best-of-three game series and handed Falcons a 2-0 defeat. Dynamiters held the upper hand throughout most of the first game and are confident of taking the title in two straight.

The teams play again Saturday night, with a third game, if necessary, Monday.

Players in City Talking Cricket

Chicket is another game which is coming in for its share of attention, and enthusiasts of the game expect to hold a meeting next week to line up activities for the coming spring and summer. Several games were held with outside points during 1935 and an even greater number will be arranged this year if grounds are available. The club is in the market for new material this season.

Rugby League

LONDON, April 10 (CP Cable)—English rugby league games played today resulted as follows:

Acton and Willesden 12, Streatham and Mitcham 21.
Barrow 10, Salford 5.
Bradford Northern 15, Keighley 0.

With All My Heart

BY SARA CHRISTY

COPYRIGHT, 1936, BY JOHN H. SOPKINS & SON—RELEASED BY CENTRAL PRESS ASSOCIATION

CHAPTER 48

George Pryor was the first to leave Mrs. Steele's in his car, with instructions to return with the doctor as quickly as possible. Failing in that, he would leave word for the physician to follow as soon as might be and return at once to the scene of the holdup.

The Gordon car rolled away soon after, with Gordon Senior, at the wheel and Alec Babbas sitting beside him. For reasons of his own, Sherman elected to sit alone in the rear seat. When the little party arrived at Fair Acres, Pat Donahue was summoned and told to bring Marsh's car to the front door, preparatory to a run into the city.

Babbas retained his air of calm indifference when his two escorts accompanied him to his room and watched him pack his bags. As each was fastened, the mystified Pat carried the piece down and loaded it in the waiting car.

Few words were spoken by the four men as the packing went on. While Babbas was making a last casual survey of his former quarters, Sherman addressed him bluntly.

"Have you any money?"

Alec raised an inquiring eyebrow. "Another neighborhood holdup?"

"No. This is a kidnapping, if you care to prefer charges. I was about to offer you enough for a night's lodging, if you were broke."

"Don't be silly. And let's get on. I find your melodrama a bit boring." He led the way from the room.

When they reached the car, Gordon gave final instructions to Donahue.

"Mr. Babbas will sit with you, Pat. You are to drive him to the city . . . or any other place that suits my father. I'll make it right with Mr. Marsh and see to it that he and the ladies get home. Until you have a chance to talk with Mr. Marsh . . . keep your mouth closed about this. Father will tell you what it's all about on your way home."

"Okay, Mr. Sherm."

As soon as the three were in their places, Gordon passed the gun through the rear door to his father.

"You take this," he suggested significantly. "You know how to work it, if you have to. I'm going back to Mrs. Dorothy's."

"All right, son. Hope you find Selwyn getting along."

When Sherman completed a quick dash back to Mrs. Steele's, he found that Doctor Evans had preceded him and had made a hasty examination of his patient.

"That was about as narrow an escape as it could have been, but it isn't serious," he assured the frightened Wilma. "The bullet plowed under the scalp and was deflected. The result is not unlike a serious blow on the head. He'll be coming out of it shortly . . . pulse and respiration very fair. How did it all happen?" He looked around the little group for an answer. "George said something about a holdup, but he was too busy driving to give me the details. Are the rest of you all right?"

"I feel dreadfully weak, doctor," Mrs. Steele volunteered from an easy chair, where Miss Pryor was chafing her forehead. "I was so sure that dear Selwyn had been murdered in cold blood by that dreadful man! The sight of blood nauseates me, too. . . . It always has . . ." She closed her eyes with a gusty sigh.

Evans stepped to her side and laid his fingers on her wrist.

"Nothing's the matter with you Dorothy," he decided callously. "Get her some smelling salts, Miss Pryor. That's all she needs."

"I'll tell you about it, doctor," Gordon intervened. "I wish the rest of you would listen, too. Mrs. Steele was giving a dinner for Wilma, you see. We were held up at the table. The man must have scouted around and figured he could tackle it alone . . . he cut the phone wire first. He was after jewelry . . . one piece in particular. It was Miss Dahl who upset his plans. She opened a door just behind him and grabbed him . . . pinioned his arms. I went to help her and, during the scuffle, the fellow's gun went off. Selwyn was hit. Oh, yes . . . the man broke away. That's the story for the police when they get here. Is that understood?"

"You've sent for the police?" Evans questioned.

"Sure. I called them before I left Fair Acres . . . explained the wires here were cut. They'll be barging in any minute now."

"I see."

Gordon glanced around the circle and hurried on, in a guarded voice.

"All of us are good friends . . . and we're all friends of Wilma. You heard what that fellow had to say to Babbas, and you know why I did what I did. We can't keep the cops out of this, but we can try to make that story stick . . . if we all of us tell it. Of course, all of you will be questioned."

"That's good of you, Sherm," Wilma said in a flat little voice. "I appreciate what you want to do. But it's no good . . . it's too late now."

"It isn't too late," Gordon insisted impatiently. "After all, we haven't anything on Alec but that fellow's word. He's out of the picture now and getting farther every minute. We can explain it . . . as I said."

"But we can't." Wilma's voice still was steady, but a spot of color showed in either cheek. "It's all go-

New German Zeppelin—Latest in Luxury Liners

Germany's new Zeppelin, the LZ-129, which will inaugurate trans-Atlantic service between the United States and Germany in May, is the "last word" in luxury liners and in aerial design. The Zeppelin is much larger than the famous Graf, but not as huge as the ill-fated British dirigible, R-101. It is 817 feet long, has a maximum diameter of 130 feet and a hull capacity of 190,000 cubic metres. The LZ-129 is considered to be the most desirable size by the veteran of German dirigible construction, Dr. Hugo Eckener, who is expected to pilot the big ship on its inaugural flight.

Market and Mining News

Grand Forks Honors W. J. Cook Customs Official for 32 Years

Community Banquet Tendered Him on Retirement

GRAND FORKS, B.C., April 10—Citizens of Grand Forks and guests to the number of 60 paid a striking tribute to W. J. Cook Wednesday evening, when a complimentary banquet was tendered him at the Grand Forks hotel on the occasion of his retiring as customs collector at this port after being in the service here for 32 years.

Arranged by friends generally it was presided over by President J. Grisdale of the board of trade, and a brief toast list gave opportunity for many eulogies of Mr. Cook.

MANY MESSAGES

Secretary D. C. Manly of the board of trade read many letters and telegrams, expressing regret in not being able to attend the dinner and taking occasion to express many striking compliments to the personality of Mr. Cook. They included messages from Frank M. Burns and J. C. Barton, inspectors of national revenue; F. W. Taylor, inspector of immigration; J. F. Pewters of Seattle; F. J. Burd, vice-president of the Daily Province; W. C. Ditmars, Harry Walton. Specially interesting was a wire from George D. Clark and a letter from Dr. Paxton, now in Vancouver, and a letter from Jake Myers, United States customs official at Blaine.

Following the drinking of the health of the King, Mr. Grisdale referred to the pleasure which it gave him to associate himself in this happy recognition of one who had so ably served the government and the community. The presence of so many at the dinner, he said, spoke more eloquently than he could express the high regard held for the guest of the evening.

Proposing the toast to the "Honored Guest," Dr. C. M. Wingston said Mr. Cook's long association with the customs office coincided closely with the development of Grand Forks in which he had always taken a keen personal interest and himself had set a high standard of citizenship. Mr. Cook had a happy faculty of greeting people pleasantly in his official capacity and had won an affectionate regard among the many citizens who knew him so well. He recalled the active participation of himself and Mrs. Cook in patriotic efforts during the war and of two of their sons having been on active service. He regretted the time should come for Mr. Cook leaving his official position but hoped that he and Mrs. Cook might be spared many years to continue to mix among friends. The toast was roundly applauded with the singing "For He's a Jolly Good Fellow" and cheers.

Mr. Cook said he was deeply touched by the wonderful testimonial he was being accorded and was at a loss to adequately express his real appreciation; he was greatly honored at such warm-hearted expression of friends which were thus placing the seal of approval on his work in the community where he had spent so many years. He recalled the fact that the customs office here had been opened in 1889 and that during that lengthy period only himself and Mr. Gilpin had been officials. Mr. Cook paid tribute to the consistently happy people of Grand Forks with whom it had been a pleasure to live. His address was given with characteristic wit and humor appropriate to the occasion bristling throughout.

HONORED BY KING GEORGE

Speaking to the toast "City of Grand Forks," his honor Judge J. R. Brown paid many fine tributes to the guest of the evening, stressing the occasion last summer at the time of the King's jubilee, when Mr. Cook was honored with being singled out by the late King George for decoration with the insignia as a member of the Order of the British Empire. This honor had been conferred on but very few in Canada and it had been accompanied by a fine congratulatory letter from Premier Bennett. He felt that it had been an honor to Grand Forks as well as to Mr. Cook. In closing he expressed the hope Mr. and Mrs. Cook might long remain to enjoy the warm friendships they had made.

Replying to the toast to City of Grand Forks, Mayor T. A. Love took occasion to refer to the city's many fine assets, noting its financial achievements, its favored location in the midst of natural beauty, the picturesque valley and its gladsome sunshine, but declared that the city had had no finer asset than Bill Cook, who in office and on the street and far beyond the confines of the city was noted for his radiating cheer and sunshine; his office had been famed for the entertaining of notables of the city, and he was a master in solving problems which aimed at the welfare and happiness of our citizens; his greeting on the street had a warmth and charm that stirred the happy reaction. He had taken an active interest in patriotic effort, and had a wealth of ideas to help in all civic demonstrations. He had been a diplomat extraordinary as a federal official and those who went to fight remained to chat, having the art of extracting duty and sending the contributor away happy.

P. T. McCallum, retired after long service as immigration officer, paid eloquent tribute to Mr. Cook for constant readiness to be of assistance in problems that would arise in local federal matters.

Forbes Kerby proposed a toast to the visitors in sparkling fashion, which was replied to with happy references to Mr. Cook by Gordon McMynn of Midway and Pat Doyle, United States customs official at Laurier.

The genial Uncle Sam official verily stole the show of the evening when following some witty references to the versatile personality of the honored guest, he told of his first hearing, and believing, in the story of the twins being United States and Canadian officials at Laurier. It appears that in the dim and misty past, according to Pat, the Canadian official at the line sometimes went prospecting and the United States official in an office a few feet away, was an ardent angler. On occasions the one and only Bill Cook would go to Laurier to substitute for the Canadian official, who went prospecting, while the United States pard went fishing. Bill was then monarch of all he surveyed. When a traveller reached the Canadian customs Bill greeted with the flare of Canadian brass buttons and sent him on his way rejoicing. By the time he got to the United States office he found a gentleman with the same happy graces and smile beaming from a Yankee uniform. The traveller peered closely and remarked on the similarity. "That's the twin brother" was Bill's reply with happy finality.

Born in Newfoundland, 65 years ago Thursday, Mr. Cook came to British Columbia in 1898, locating near Vancouver, where he resided for several years. With Mrs. Cook he came to Grand Forks a few years later and in 1904 was appointed assistant to Mr. Gilpin in the customs office. Mr. Gilpin retired in 1930 and Mr. Cook carried on as collector of national revenue and immigration inspector. His retirement started from Wednesday.

Federal officials, past and present, of the city and district invaded Mr. Cook's home Wednesday afternoon and after wishing him godspeed, presented him with a handsome club bag and a case of pipes as a memento of their long association together.

Forks Honors Old Official

W. J. COOK, O.B.E.

Who was banquetted at Grand Forks Wednesday night on retirement from 32 years' service in the department of national revenue.

Alberta's Troubles Soon at End?

CALGARY, April 10 (CP)—That Alberta's debt problem would be forgotten in a comparatively short time and the province would stand "ace-high in the markets of the world," was the prediction Attorney-General J. W. Hugill, K.C., left with bondholders and citizens tonight.

"We are going to try to live within our income," Mr. Hugill declared when he spoke at a banquet of the Oil and Gas Shareholders association here Thursday night. Premier Aberhart of Alberta, expected to be chief speaker, was unable to attend.

There was no room for party politics in Alberta, the attorney-general told the gathering after paying tribute to "constructive criticism" given by J. J. Bowlen, leader of the Liberal opposition in the legislature, during the last session.

CHICAGO LIVESTOCK

CHICAGO, April 10 (AP)—Hogs 6000, including 2500 direct; steady to strong. Sows steady; top 11.00

Cattle 2500, calves 500; bulk selling downward from 9.15 largely on packer accounts.

Sheep 4000; old crop lambs mostly 15-25 higher. Bulk choice wooled offerings 10.75-11.15; spring lambs unevenly higher mostly 13.00-16.00; few 17.00-18.00.

$250 FOR BULL

EDMONTON, April 10 (CP)—Viking Blanchard 23rd, winner of the reserve championship in Hereford classes, brought the top price of $250 among the 101 bulls sold at the auction following judging of the bull section of the Edmonton spring live stock show. The animal was owned by W. C. Bissell, Viking.

Canada is the leading barley exporting country in the British Empire and Roumania the chief exporter in foreign countries. The exports from both countries in the world trade have declined in recent years, Argentina being the only one country showing consistent increased exports during the period under review (1931-34).

The amount of creamery butter produced in Canada during January and February, 1936, was 17,389,110 pounds, an increase of 15.1 per cent compared with 15,065,919 pounds produced in January and February, 1935.

Farmers who supply the milk and cream to Canada's dairy factories are known as "patrons." These patrons numbered 342,175 in 1934, supplying all Canadian creameries, cheese factories, combined factories, and concentrated milk plants.

Cranbrook Society Talks Health Nurse

CRANBROOK, B.C.—Miss Esther Paulsen, R.N., social welfare worker for this district, gave a very interesting address to the evening circle of the United church Ladies aid at their meeting this week, on her social welfare work in the district. She gave a full description as to the departments the welfare association is instrumental in looking after in the different towns and districts throughout the province.

Following the address an open discussion regarding the need of a school nurse, and the procedure required in obtaining same, took place.

The meeting was held at the home of Mrs. F. Nelson and there were 23 ladies present. Mrs. W. J. Wilson was elected secretary to fill out the unexpired term of Mrs. Lew, who has moved to Nelson. Mrs. Nelson was assisted by Mrs. A. G. Hill and Mrs. R. H. Moore in serving the delicious supper, at the close.

At the meeting of the Cranbrook Rotary club Constable John Henry was the speaker, giving an interesting talk on traffic regulations. Constable Henry dealt with the various type and makes of machines, speed velocity and the proper distance required to bring them to a full stop at a given speed. He mentioned that one of the greatest road menaces was the improper focusing of lights, a matter which should receive the most careful consideration of every driver.

Plans were made for the Rotary amateur show which is to be given in May F. Scott is in charge of the committee, and reported that a large entry list was expected.

Andrew Irwin of Grand Bois, Man., arrived in Cranbrook Thursday to take over the position of Indian agent for East Kootenay. This vacancy was caused by the death of F. S. Ryckman about four months ago, and since that time has been filled by R. Howe of the Indian department from Kamloops.

Mr. and Mrs. J. P. Fink left Thursday for an extended trip in the east.

Miss Rose Alexander of Creston is a city visitor.

Mayor T. M. Roberts, who has been in Ottawa on city business, has returned to Cranbrook.

Bert Diffen of the staff of the Bank of Commerce is spending three weeks in Vancouver.

Malcolm McPhee left Thursday afternoon by motor for Vancouver. He was accompanied by G. C Barclay, Miss A. Woodland, Miss Claribel Lugsdin and Miss Mary Grant. They will attend the British Columbia teachers' convention held next week in Vancouver.

Bright Spots of the Week

By The Canadian Press

HAMILTON, Ont. — Hundred thousand dollar plant will be erected here by the Gerald T. Shipman company, paper manufacturers.

SHERBROOKE, Que.—Sheer Hosiery Mills Limited will open a plant in Sherbrooke and will employ about 60 persons in the industry.

OTTAWA—Car loadings on Canadian railways showed a gain of about 2½ per cent in March over the same month of last year.

MONTREAL—Operations will be started next week at the Murray Bay newsprint mill, recently leased by Donahue Bros. Hearst, the United States publisher.

HULL, Que—Federal Match Limited are preparing to erect a plant in Hull and, according to the forecast, about 50 persons will be employed from the start.

SAINT JOHN — About $300 000 will be expended by Gatineau Power Company on construction of a 10,000 h.p. turbo-generator steam unit at Dalhousie.

OTTAWA—Flour production by Canadian mills showed a gain in February over that of the corresponding month of the previous year for the first time since last October.

CANADIAN DOLLAR UP

NEW YORK, April 10 (CP)—The Canadian dollar advanced ⅛ cent in terms of United States funds on the foreign exchange market today, closing at 99 21-32 cents.

The pound sterling was up ⅛ cent at $4.94¼, while the French gold franc dropped .00½ cent at 6.58⅞.

ROSSLAND BANK 40 YEARS OLD

ROSSLAND, B.C., April 9—Time flies, even in financial circles. Forty years ago Wednesday, in J. Fred Ritchies' hardware store on Columbia avenue, the Rossland branch of the Bank of Montreal opened for business. Rumor has it that for the first few days the funds were kept in cigar boxes. Soon afterward the bank moved to the premises now occupied by the Rossland Miner, where it remained until the early part of 1900, when its present quarters, the three-story brick building on the corner of Columbia avenue and Washington street were ready for occupancy.

One of the things of interest to visitors to the bank is the photostatic copy of the largest check ever passed through the Rossland branch, the million dollar check representing the first payment on the famous LeRoi mine by the British American Corporation of London, England.

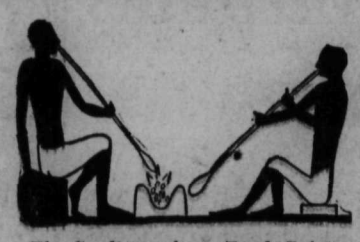
The first manager of the bank was the late J. S. C. Fraser, who remained in charge until 1912. He was succeeded by the late G. A. Lafferty, who took such an active part in the work of the Canadian Patriotic society during war years. In 1920 Mr. Lafferty was succeeded by E. E. L. Dewdney, now of Nelson, and he in turn by John Galt, now manager of the branch at St. Catherines, Ont. His successor was J. N. Cran, the present manager who took charge in 1930. Mr. Cran was no stranger to the city, having been with the local branch of the Bank of British America prior to that bank being taken over by the Bank of Montreal.

21½ CENT WHEAT PAYMENT

WASHINGTON, April 10 (AP)—The Agricultural adjustment administration announced today it will pay 21½ cents a bushel in benefit payments on allotments to be made to United States wheat planting before Jan. 6, 1936, date of the AAA's invalidation.

Total payments are expected to be $40,500,000, less local administrative expenses. They will be full settlement of the AAA's obligation to farmers who complied with the 1936 wheat adjustment contracts before the old program was outlawed by the United States supreme court

EXPLOSIVES AND INDUSTRY



The Smelters—from Tomb Painting, Beni Hasan 2000 to 1788 B.C. Illustration—courtesy of Copper and Brass Research Association.

From the STONE AGE comes **COPPER**

First metal used by man—a metal of countless uses. Canada stands in fourth place of world's producing areas.

Time unfolds uses for copper undreamed of in the stone-hammer days. Many centuries before the Christian era the accidental finding of a dark brown nugget, which yielded to shape and forms made by the stone-hammers of the time caused much curiosity. This new metal gave the tribe an edge over their neighbors in hunting, warfare and commerce. Once the secret was out, copper yielded to much larger fields of usefulness.

Over 8000 years ago the Prehistoric Egyptians knew how to hammer copper into sheets from which they formed knives and harpoons. At a later period chisels and adzes were made. By 2750 B.C. experts had developed the means of using copper in many and varied shapes. Copper was used to form rain-water pipes in the temple of King Sa-hu-Re at Abusir. When in 1907 the German archaeologist, Ludwig Borchard, uncovered these particular ruins, he found part of the original pipe under a door-sill.

During the past fifty-six years approximately ten times as much copper was used by mankind than from the time of the stone-age days. Man depends upon the use of copper in his everyday life—copper conductors stretch across the country conveying electrical current; copper makes possible long distance telephone messages; copper conveys water for our everyday use; copper protects us against the elements and copper finds itself in many fields that are too numerous to mention here.

Seventy years ago saw the opening of the first copper mine in the Province of Quebec. This mine—the Eustis—has been operated continuously since that time.

Canada's production of copper for the last year amounted to a total of 418,753,148 pounds—a record. All Provinces, except one, showed an increase in production.

The Use of C-I-L Explosives helped to make this great production figure possible. C-I-L Explosives are suitable for all types of mining work.

Magazines are maintained across the Dominion to render the fastest possible service to mining operators.

Our Technical Department is ready at all times to assist you in the solution of your particular blasting problem.

ing to come out and it won't make any difference."

"Why do you say that" Gordon came closer. "Do you mean that you know . . . something?"

"Yes. There was a wire for dad today. He was dressing, so I receipted for it and didn't tell him about it. That was because I read it and . . ."

"Yes . . . Go on."

"I couldn't understand the message exactly, but I could tell that dad must have been making some inquiries about . . . you know. Well, whoever sent the wire said they had received a cable from England . . . that there was reason to think . . . that Alec might be somebody who was wanted there . . . Don't you understand?"

"Yes . . ." Gordon admitted hesitatingly. "Your father was making some inquiries. Just as a matter of . . . of course. And you didn't tell him?"

"No. I didn't know what to do. At first, I was so sure that it all was a mistake. I thought it would be more sporting to . . . to tell Alec first. Give him a break. I was going to as soon as we got home tonight."

Gordon gave a low whistle and looked helplessly at the others.

"That makes it different," he acknowledged.

"Wait a minute," Doctor Evans broke in. "Do you mean the holdup man recognized someone who was here tonight? An accomplice, perhaps?"

"That was it," Wilma told him bravely. "He accused my . . . the man I was planning to marry. Mr Babbas."

"And he's gone, too?"

"Gone," Gordon answered shortly.

(To Be Continued)

AN EXTRAORDINARY ANNOUNCEMENT

No shares of Tuscarora Gold Mines Ltd. (N.P.L.) have been offered or sold to the public prior to this week for less than 25c per share. This company was incorporated about eighteen months ago and since then it has done a great deal of work on its property which improves as work advances.

A short time ago the company commenced the driving of a 700-foot tunnel to tap the ore shown in No. 1 tunnel at a depth 600 feet below. Indications already found in this tunnel lead us to believe that long before its objective is reached we will open up a new body of gold ore that was unsuspected until recently.

Response to the offer of shares at 25c enabled the company to do considerable work, but the directors are anxious to obtain funds quickly in order to rush work on the new tunnel and to bring about this result, and with the cooperation of present shareholders, it has been decided to offer a limited number of shares at 10c, fully paid and non-assessable!

APPLICATION WILL BE MADE TO LIST THE SHARES ON THE VANCOUVER STOCK EXCHANGE AND YOU ARE ADVISED TO APPLY FOR SHARES IMMEDIATELY.

C. J. Curtin, B.A., B.Sc., Consulting Mining Engineer, made a thorough examination of Tuscarora and in his report wrote as follows:

"Considering the favorable indications and the efficient manner in which the operations are beng handled, there is justification in feeling optimistic that **THIS UNDERTAKING WILL BE A SUCCESS.**"

T. B. Lewis, C.I.M.M., who was formerly in charge of properties for the great American mining company, the Federal Mining & Smelting Co., wrote:

"I believe that before the present programme of work is completed it will be found that **TUSCARORA OWNS AN OUTSTANDINGLY PRODUCTIVE MINE.**"

W. A. Davidson, managing-director of Minto Gold Mines; C. R. Hewer of Bridge River; J. Edward Sears, barrister of Vancouver; Harold J. Bailey, manufacturer's agent of Vancouver; Major Horace Tremayne Guest of Agassiz, and A. D. Grant, manager of Imperial Oil Refineries at Ioco, are the directors of Tuscarora Gold Mines Ltd. (N.P.L.).

The company owns outright its claims which are situated about midway between Minto and Bralorne, at the foot of Cadwallader Canyon, on which are located the famous Pioneer and Bralorne mines.

The main Bridge River road touches the boundary of the company's property. The company has built a permanent camp for its workmen. It has opened up large bodies of gold-bearing ore. Only about one-third of its treasury shares have been issued. The company has no debts.

WE BELIEVE THAT RESULTS OF WORK ON THE NEW TUNNEL WILL WARRANT THE STOCK RAPIDLY MOVING TO HIGHER LEVELS.

It is seldom, if ever, that the public gets an opportunity and notice to subscribe for shares at such a low price as 10c in a company as far advanced as Tuscarora. Advantage of the opportunity should be taken before it is too late. You are advised to mail in your application today as it is possible that the issue may be oversubscribed.

Announcement . . .

Last January we engaged Mr. John Erb, brewing expert of Victoria. He is a graduate of the Wahl Henius Brewing School of Chicago, was one of the outstanding students of his year, has held his Master Brewer Certificate for four years, is fully versed in the modern methods of Brewing and is a native son of B. C.

He has made material changes in our brews, COLUMBIA LAGER and KOOTENAY RAINBOW, which have been thoroughly matured and will be on the market the week of April 20th.

During the past month we have installed at considerable expense new equipment which collects and compresses the gas created in the fermenting process of the Beer, the use of which instead of artificial gas for carbonating purposes gives increased flavor and a better foam holding quality in the finished product.

The Week of April 20th Holds a Great Treat for You

WIND UP CARDS AT FORT STEELE

FORT STEELE, B.C.—The last of the series of card parties was held in the community hall April 3, the prizes of the month for whist being awarded to Mrs. L. Miller and Frank Moore, and for bridge to Mrs. Nina Dickenson and Robert Johnson. Supper was served and a dance followed.

Mrs. A. MacDonald, accompanied by her daughter, Mrs. George Mills, arrived home from Hedley, B.C., where she has spent the last three months.

Mrs. G. Cobb is spending a few days' vacation in Cranbrook.

Albert Albinson and Amos McKew were business visitors to Cranbrook.

Those attending the Farmer's institute dance at Wasa Saturday evening, were Mr. and Mrs. Jolliffe, Misses M. Cooper, Veronica Werden, Ken Jolliffe and Robert Pighin.

Mr. and Mrs. Foster and daughter were visitors in town from Marysville.

J. S. Coulter of Kimberley was a week-end visitor to his ranch in Fort Steele.

Arthur McMahon was visiting in Wasa recently.

Mrs. Cecil Smith visited in town from the "Happy Valley" ranch.

Mrs. E. C. Cretney arrived home from Sheep Creek after having spent the past month there.

Mr. Bevis was a guest of his daughter and son-in-law, Mr. and Mrs. E. Anderson.

Colin Cameron was a business visitor to the "Sunny Valley" ranch.

Invermere Talks of Indoor Rink

INVERMERE, B.C.—At a well-attended meeting last night in the consolidated school, the need for an up-to-date skating rink was discussed. Glen York, Ralph Johnston and Joe Pietroszko, of the different sections of the hockey club, all spoke as to the present unsatisfactory rink.

The result of the discussion was that plans should be made to have an indoor rink with proper dressing rooms, and so on, and that steps be taken to find out how this could be financed so that the expense could be covered in three years.

The meeting was in favor of this and a small committee asked to go ahead with ways and means.

Major T. C. Bell, D.S.O., motored to Golden today to meet Mrs. Bell who has spent the winter with her sister, Mrs. Fish, in San Francisco. On her way home Mrs. Bell visited friends in Seattle and Victoria.

The Misses Kathleen McGuiness and Dorothy Tegart returned from the convent in Calgary, where they are attending St. Mary's high school, to spend the Easter holidays with their parents, Mr. and Mrs. McGuiness of Invermere Heights and Mr. and Mrs. Tegart of Windermere.

Last week the C.G.I.T. group in Wilmer held a mother-and-daughter banquet, at which there was a good attendance. Games and a playlet proved to be the outstanding feature of the evening, and were greatly enjoyed. The Beaver group of the Tuxis in Invermere, invited the C.G.I.T. to be their guests at the manse last Thursday evening. A drawing contest, games and a shadow operation were the principal entertainments. The latter feature put on by Filmore Coy, James Ashworth and Stanley Frater provoked gales of laughter and the actors received great applause.

Refreshments were served by Mrs. Clerihue. Pancakes disappearing rapidly followed by ice cream, and hosts and guests declared the evening's entertainment the "best ever."

Mrs. Kimpton with Miss Shearer have returned to the White House, Windermere after spending the winter in Calgary.

Vaughan Kimpton with his wife and young son, expect to take up residence at the White House, in the near future, having rented the Kimpton farm at Keoma, Alta.

The sympathy of the community goes out to Mr. and Mrs. Oswald F. Young of Invermere Heights in the death of their infant daughter.

The interment took place at the cemetery, Windermere, on Wednesday afternoon.

for EASTER

A new shipment of framed mottoes arrived yesterday, many of these suitable for Easter Gifts.

See that your Kodak is loaded for the Holidays. A line of fresh films always on hand.

Let us do your photo finishing. You will be pleased with the results.

Chapman Camp Curlers Fete

KIMBERLEY, B.C. — The final contract bridge for the season in Chapman Camp was held at the home of Miss Netta Henderson on April 3. The first prize for the evening went to Mrs. A. Southwell while Mrs. O'Connor won the consolation.

The prize for the highest average for the season was won by Miss Netta Henderson. Mrs. Jack Patterson won the second prize and Miss M. Stone the consolation.

Stanley Gray was able to be back at the concentrator on Wednesday.

Mrs. F. M. Brady of Vancouver is the guest of Dr. and Mrs. J. F. Hazard this week.

Miss Ines Pocco, on her way back to her home in Salt Lake City, Utah, has been visiting Mr. and Mrs. C. Garossino. She has been spending the last two months visiting relatives in Calgary, Bellevue and Kimberley.

Chapman Camp Curling club held their annual meeting and prize giving on Friday night.

The 40 members sat down to a sumptuous spread prepared by J. Pittao and members of the entertainment committee, Redford, Jones and Evans.

After supper president Lorne Thompson called on C. Oughtred to present the prizes, as follows:

Chapman cup, supported by past president Leaman four radio lamps, to McLellan, Curran, G. James and G. Jewell.

Oughtred competition, supported by C. T. Oughtred, four miniature curling stones to H. Stone, Barrett, Bullen and Moll.

Gordon Russell competition, supported by Gordon Russell of Vancouver, four chromium alarm clocks to Thunaes, Jones, E. Benson and B. Brown.

Sash & Door competition, supported by H. McKowan of Cranbrook, four blankets to McGowan, H. Stone, H. Pearson and R. Cameron.

W. Derbyshire and Dave Honeyman sang "How McGowan Stole the blanket."

An electric sandwich toaster was presented to J. Pittao as a mark of appreciation for his good "spreads".

W. Leaman, chairman of the entertainment committee then gave a program of songs by the members. Charles Openshaw was accompanist at the piano.

A. D. Marriott from Denver on business was guest and at the end he was invited to take part in a six end game on ice, not the best. However he enjoyed the game.

Salmo Institute Busy With Sick

SALMO, B.C.—Salmo and District Women's institute met at the home of Mrs. William Grutchfield, in monthly session, when the sick committee reported March a very busy month owing to the epidemic of measles and flu, 34 visits were made and fruit and other delicacies left for the patients.

The dance which was to have taken place the first of April, was postponed on account of the bad road conditions.

Committees were appointed and arrangements made for a spring time tea and sale of home cooking for this month, with Miss W. L. Bush as general convener. A couple of dances have been planned for May.

Tea was served by the hostess assisted by her daughter, Mrs. William Milburn.

Mrs. James Hearn, president, was in the chair.

Crescent Valley Boy Loses Thumb

CRESCENT VALLEY, B. C. — Leonard Harmston, the youngest son of Mr. and Mrs. A. Harmston of Crescent Valley, cut his left thumb right off at the first joint while cutting up fire wood and was taken to Kootenay Lake General hospital in Nelson and was treated by Dr. F. M. Auld.

Mrs. W. Lister of Winlaw and two children are staying with their parents, Mr. and Mrs. Harmston, at Crescent Valley, while their new home is being built at Winlaw.

Flu Epidemic Hits Kimberley

KIMBERLEY, B.C.,—The flu epidemic is still sweeping the town and district. There are upwards of 1100 ill from it in town. On Tuesday so many pupils and teachers were out that the Public school was closed until after the Easter vacation. In the afternoon of the same day the high school closed also. Hardly a family but has one or more ill and in most cases it goes through the family, missing none.

Eastern Hoop Title at Stake

OTTAWA, April 10 (CP).—Windsor Fords and Ottawa Rangers will meet in a best-of-three series here next week for the eastern Canada basketball championship, it was decided tonight at a meeting of Rangers officials. The first game will be played Thursday, April 16, and the second Friday. A third game, if necessary, will be played Saturday.

Winners of the series enters the Dominion finals against the western Canada representatives.

CANADA OPPOSED PUCK SUSPENSION

TORONTO, April 10 (CP)—When the international ice hockey federation suspended two Canadian members of the British team on the eve of the Olympic hockey tournament at Garmisch-Partenkirchen last February, it did so against the expressed wishes of Canada, President E. A. Gilroy of the Canadian Amateur Hockey association told the annual meeting of the C.A.H.A. today.

Statements that Canada inspired the suspensions were incorrect, he said, declaring that he and other Canadians who attended the meeting at which the players were suspended strongly opposed the action being taken at that late date.

MRS. R. B. WHITE IS LAID AT REST

KIMBERLEY, B.C.,—The funeral services of Mrs. R. B. White were held in the Full Gospel Tabernacle on Wednesday. The Rev. James Purse officiated. In his sermon he spoke very highly of the Christian life of the departed.

The hymns sung were favorites of the deceased: "Jesus, Lover of my Soul," "What a Friend We Have in Jesus", and "I am Redeemed" A solo, "Shadows" was sung by Tom Young.

The pall bearers were: E. B. Taylor, J. B. Jordan, D. McPhail, J. Fridell, N. Parkinson and A. Harvey.

A. L. McCULLOCH GOLF CLUB HEAD

Replaces Appleyard; R. E. Horton Named Vice-President

A. L. McCulloch, veteran Nelson golfer, was named president of the Nelson Golf & Country Club Ltd. at a meeting of the directors Thursday night, replacing C. W. Appleyard who has been intimately connected with the club activities since its inception. A resolution expressing the appreciation of the "long and valued" services of Mr. Appleyard, retiring director, was placed in the books.

Other officers elected by the board of directors were as follows: R. E. Horton, vice-president; and John Fraser, secretary-treasurer.

Committees are as follows:

Match committees—L. A. McPhail, captain; C. H. Hamilton, vice-captain; John Cartmel and W. R. Grubbe.

Grounds committee—A. L. McCulloch, chairman; A. Baird, Harold Lakes and W. Blane.

Tennis committee—E. E. L. Dewdney, chairman with power to add.

Membership committee—Dr. T. H. Bourque, P. I. Cameron, L. S. Bradley and John Fraser.

After the Badminton Tournament

TASTY FOOD

That's one reason so many people say, "Let's dine at the L.D." And there are other reasons too. Prompt Service, Moderate Prices, but above all, it's the food that makes the crowds come back again and again!
